

**Covid-19 exploratory analysis, data fetched from CSSE
Github data repository, John Hopkins University,
United States**

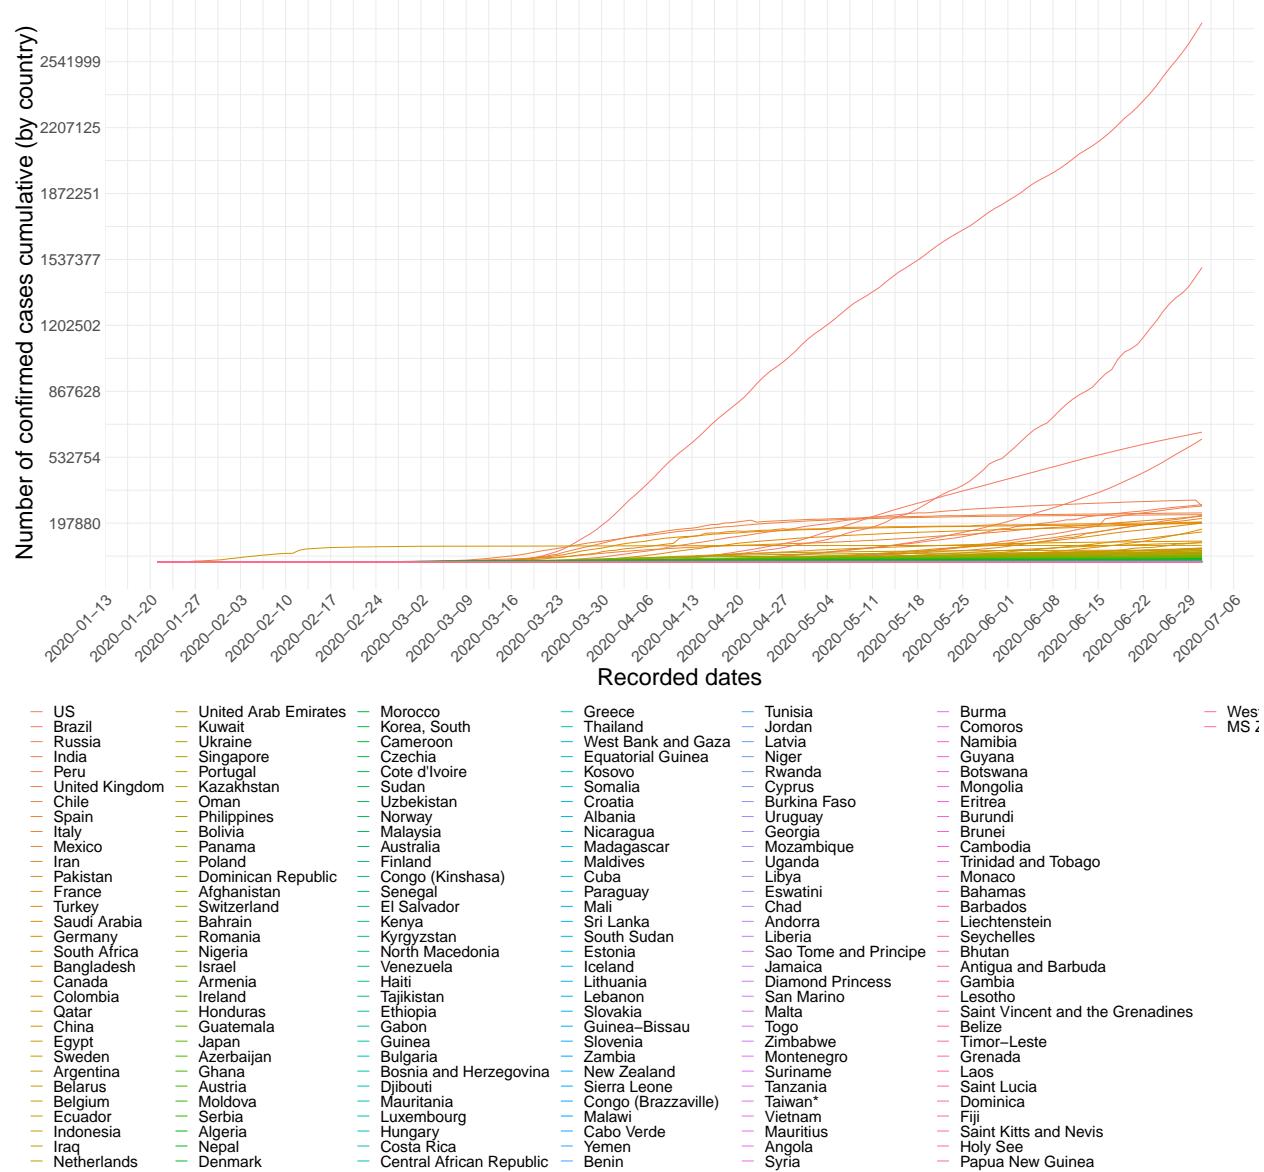

Saurajyoti Kar, Philadelphia, United States

Date Created: 2020-07-03

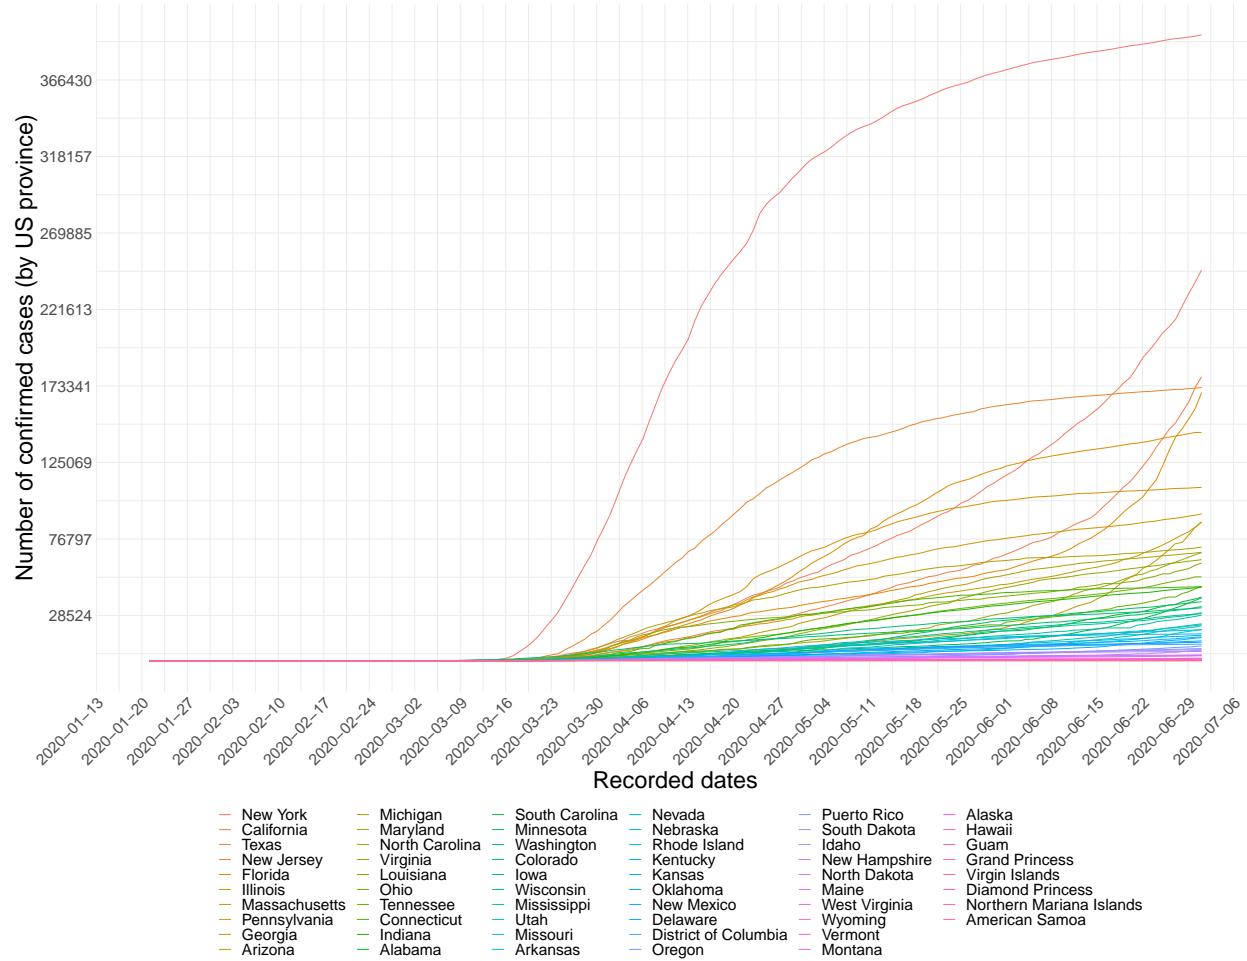

Confirmed cases across the world, cumulative counting

Confirmed cases by country. Total global cases 10,899,466.
 Countries in legend ranked by highest to lowest number of cases.

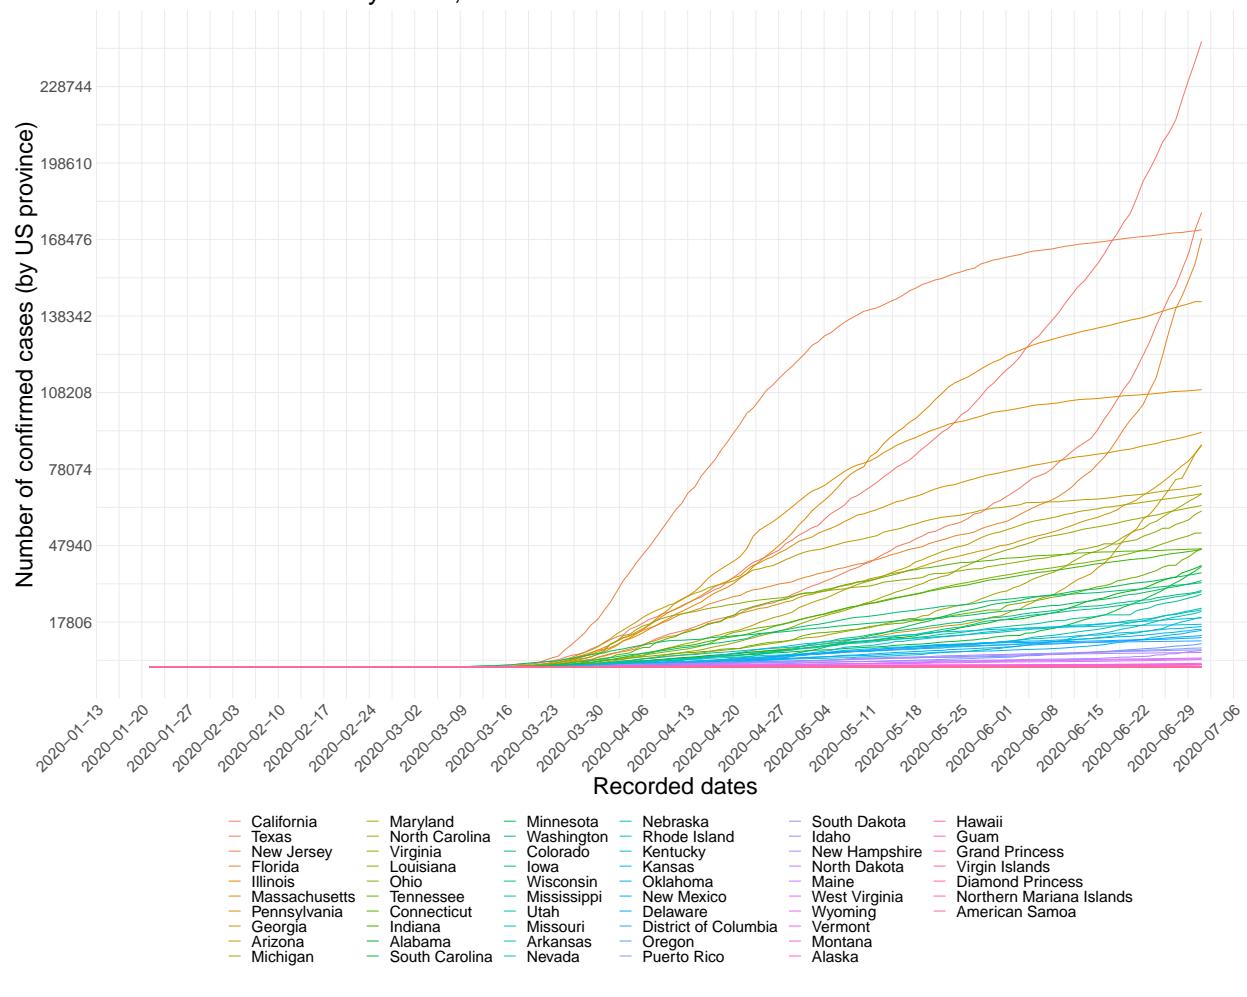

Confirmed cases in US states, cumulative counting

US confirmed cases by State. Total confirmed cases in US: 2,739,879

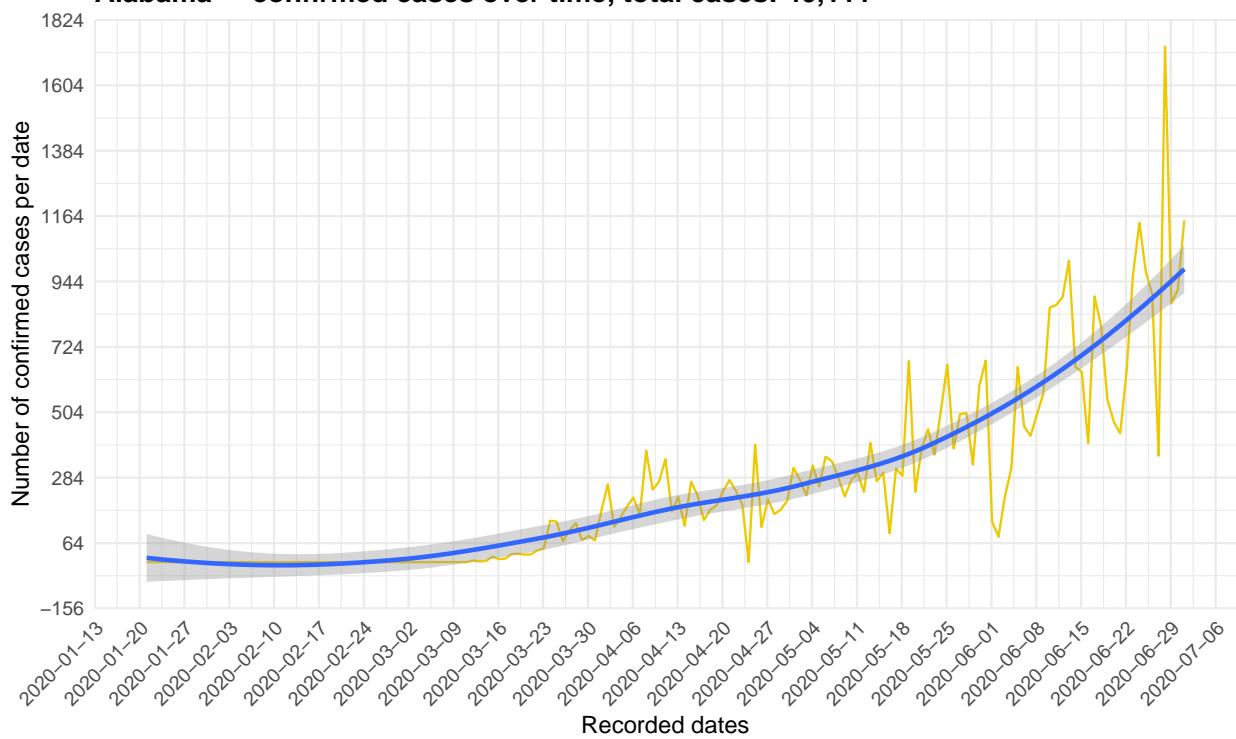

Confirmed cases in US states except New York, cumulative counting

US confirmed cases by State, without New York

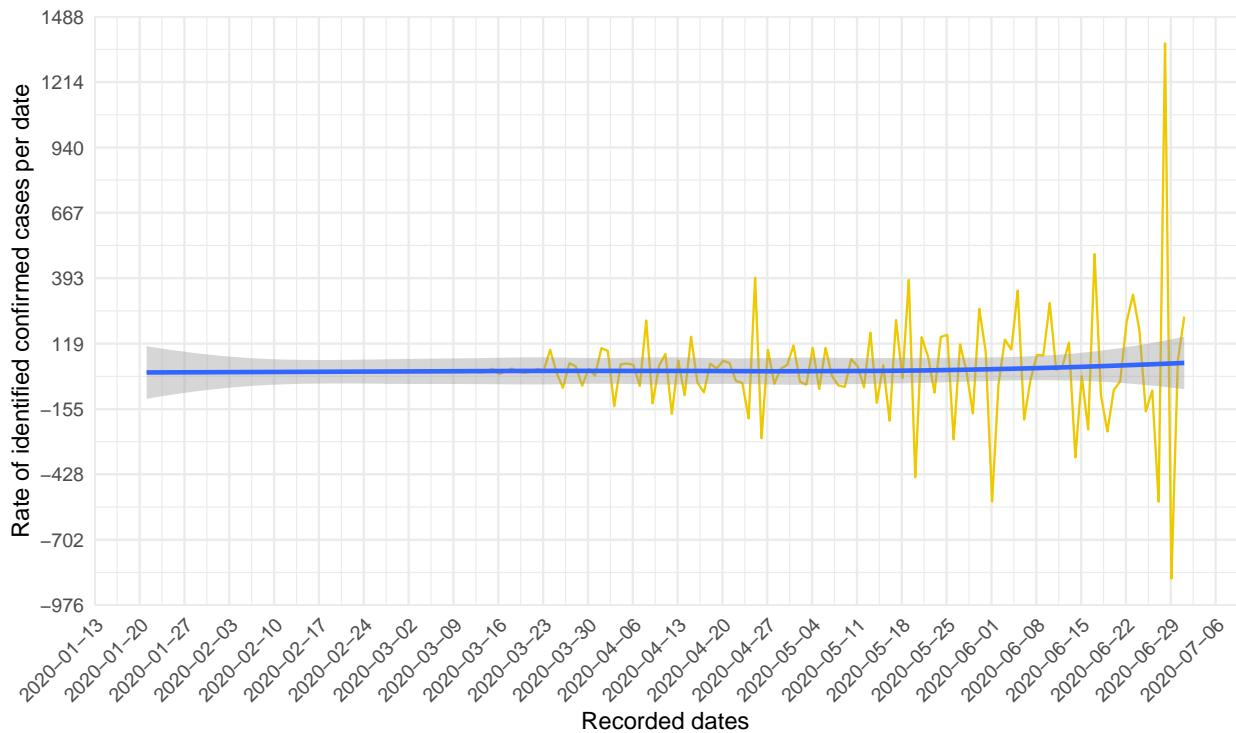

Confirmed cases by State or Province, per day counting and rate of increase per day

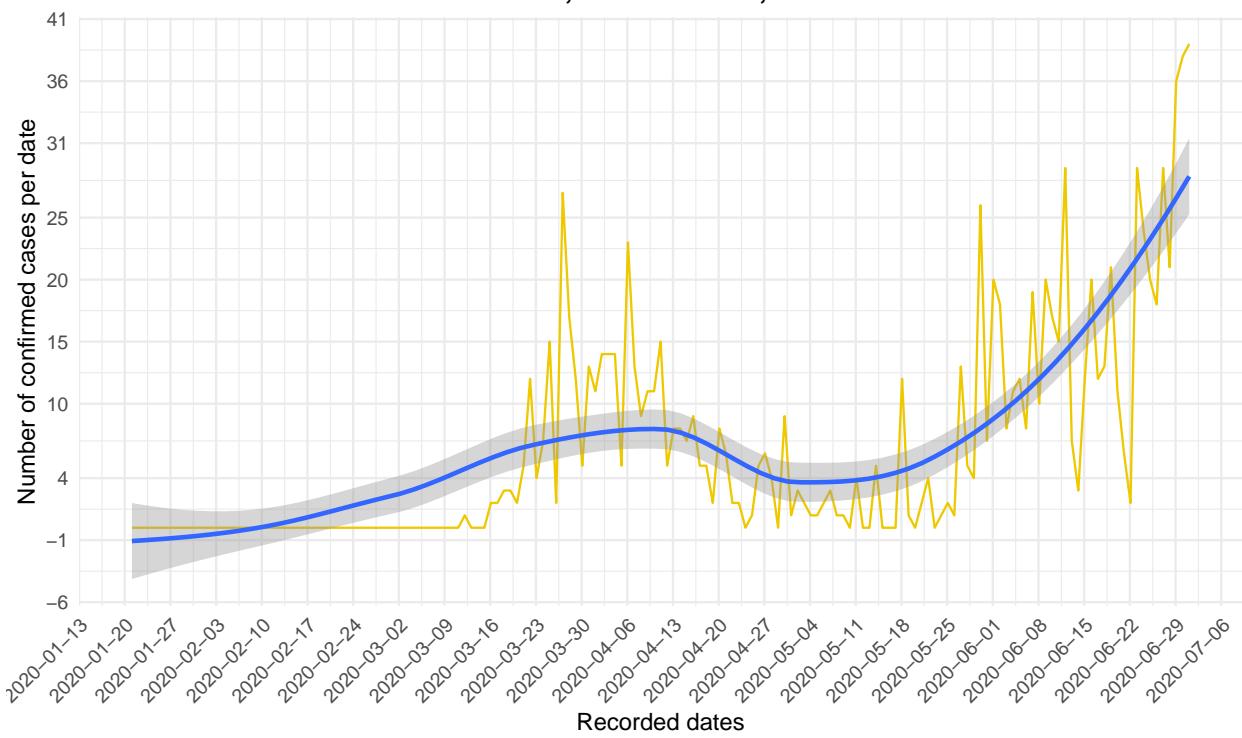

Alabama – confirmed cases over time, total cases: 40,111

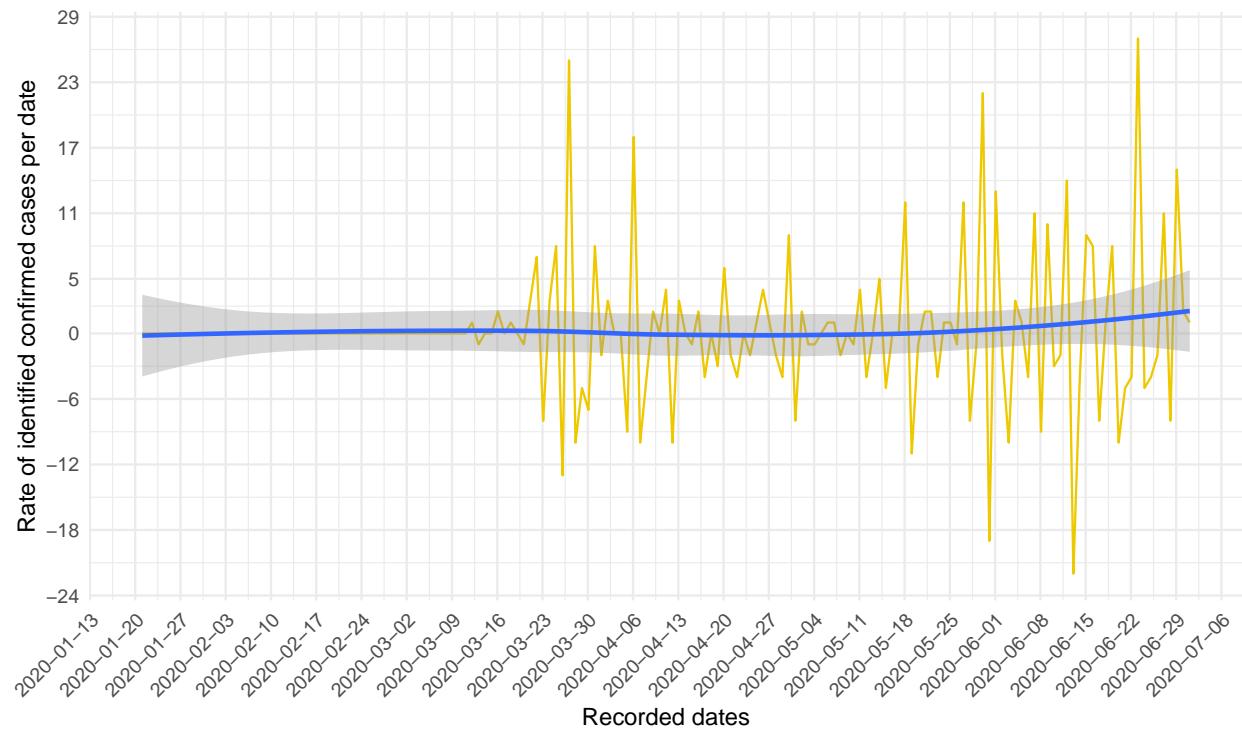

Alabama – rate of increase of confirmed cases over time

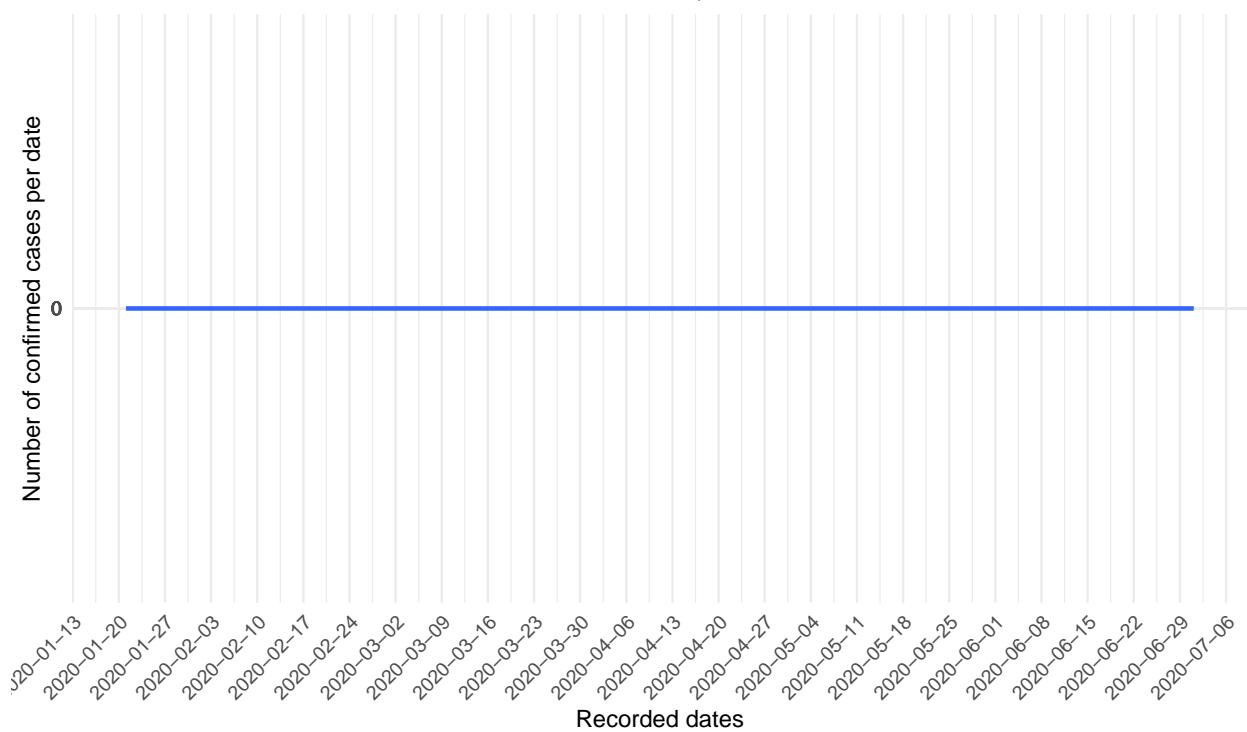

Alaska – confirmed cases over time, total cases: 1,014

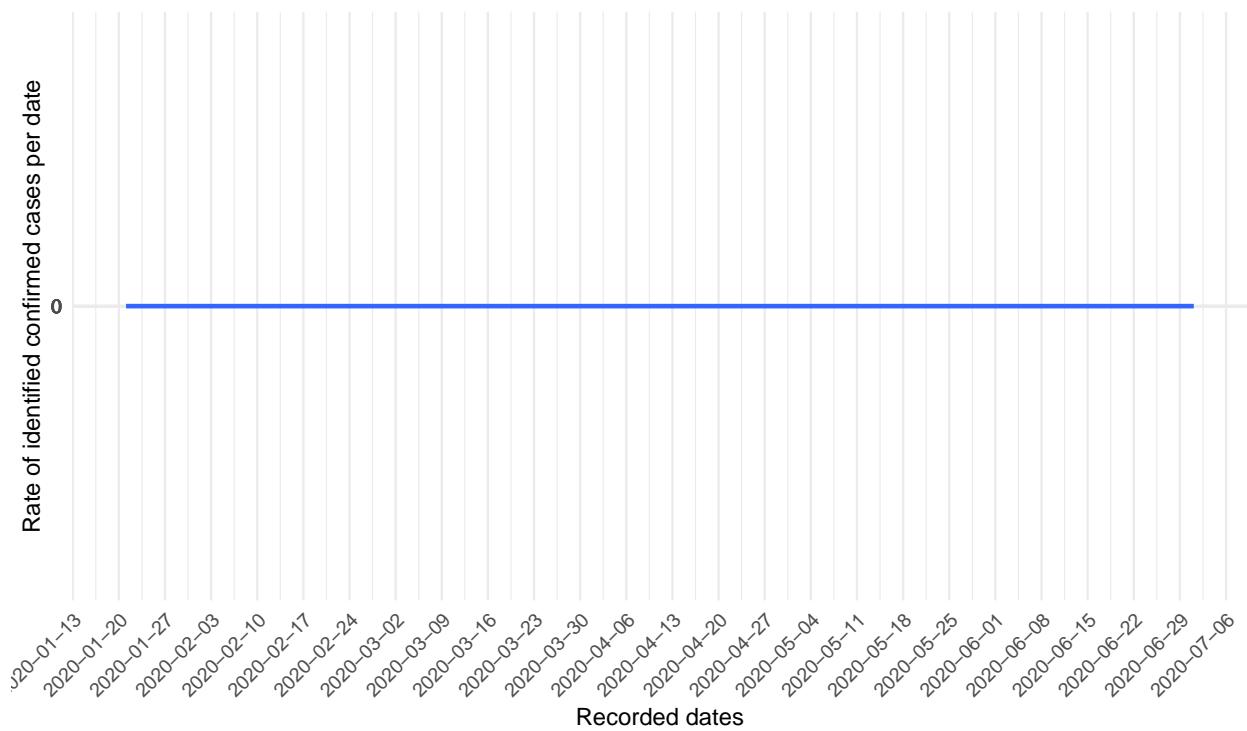

Alaska – rate of increase of confirmed cases over time

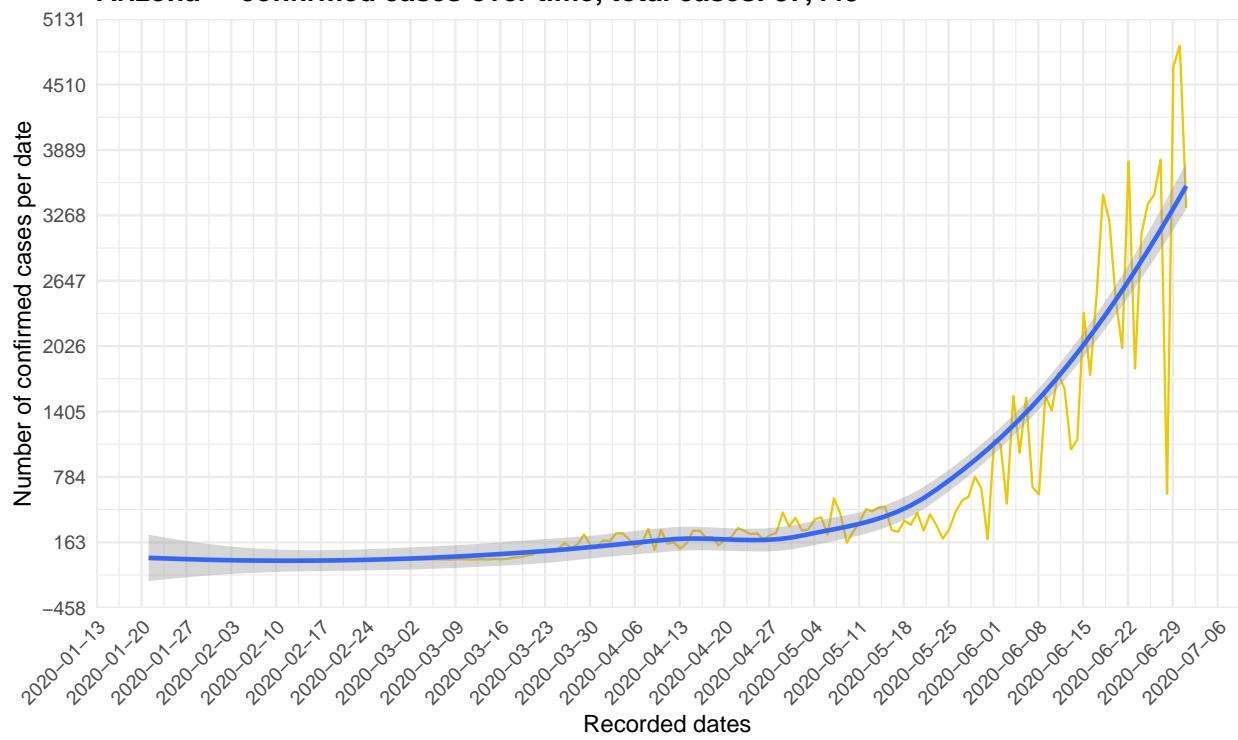

American Samoa – confirmed cases over time, total cases: 0

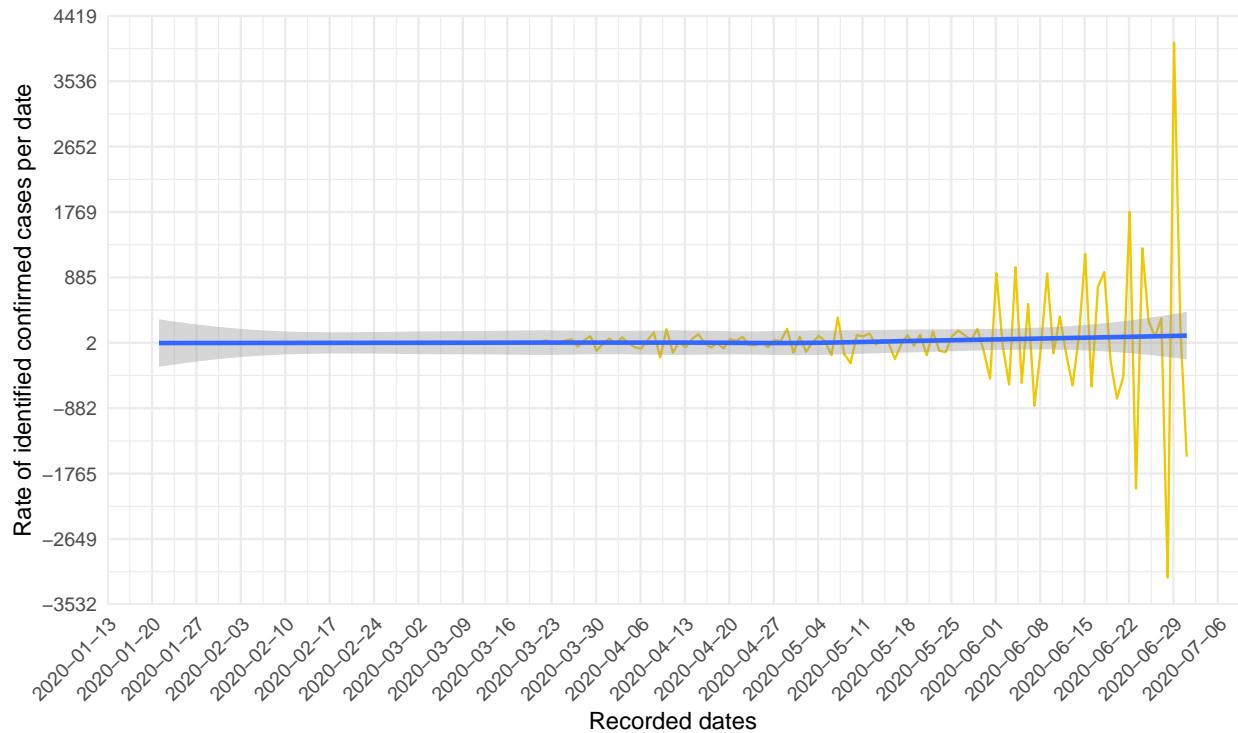

American Samoa – rate of increase of confirmed cases over time

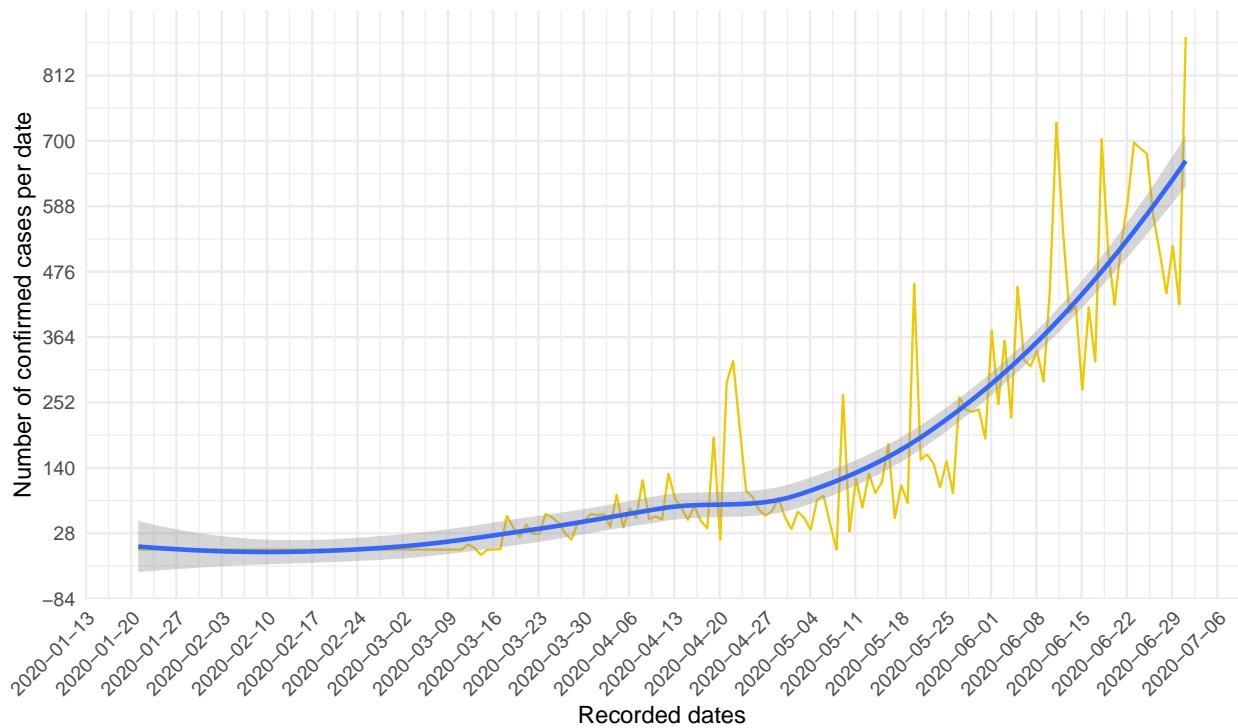

Arizona – confirmed cases over time, total cases: 87,445

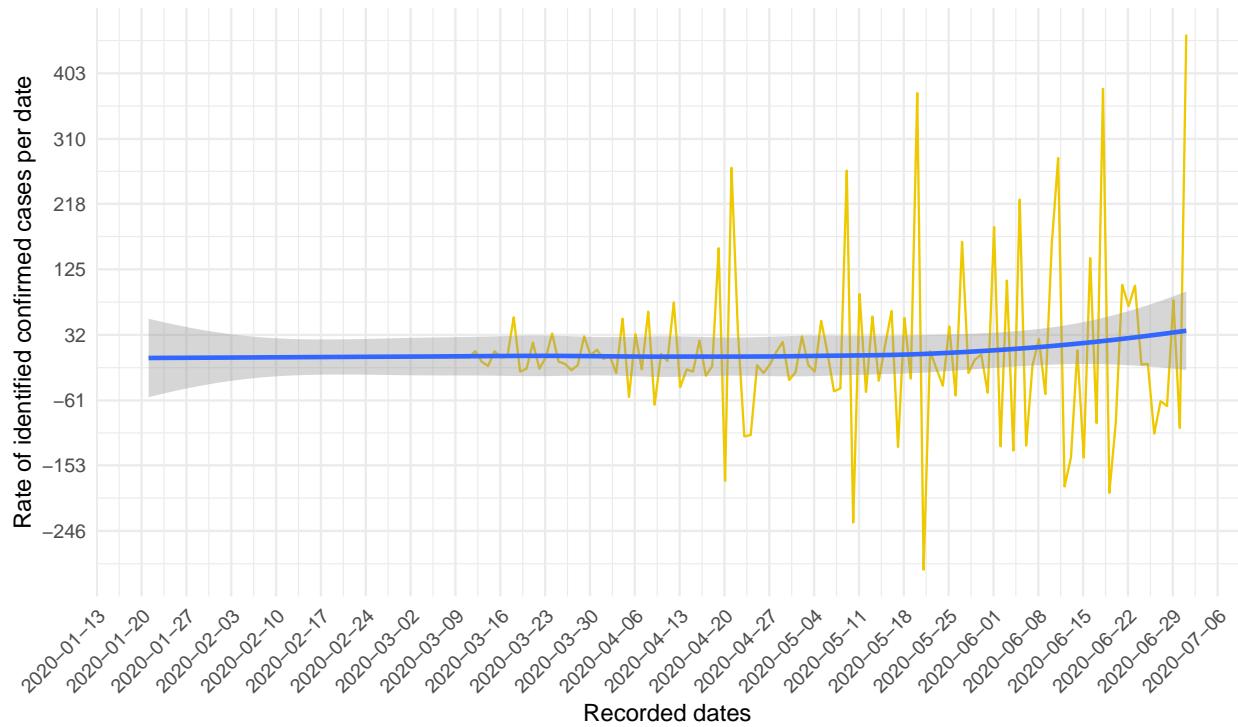

Arizona – rate of increase of confirmed cases over time

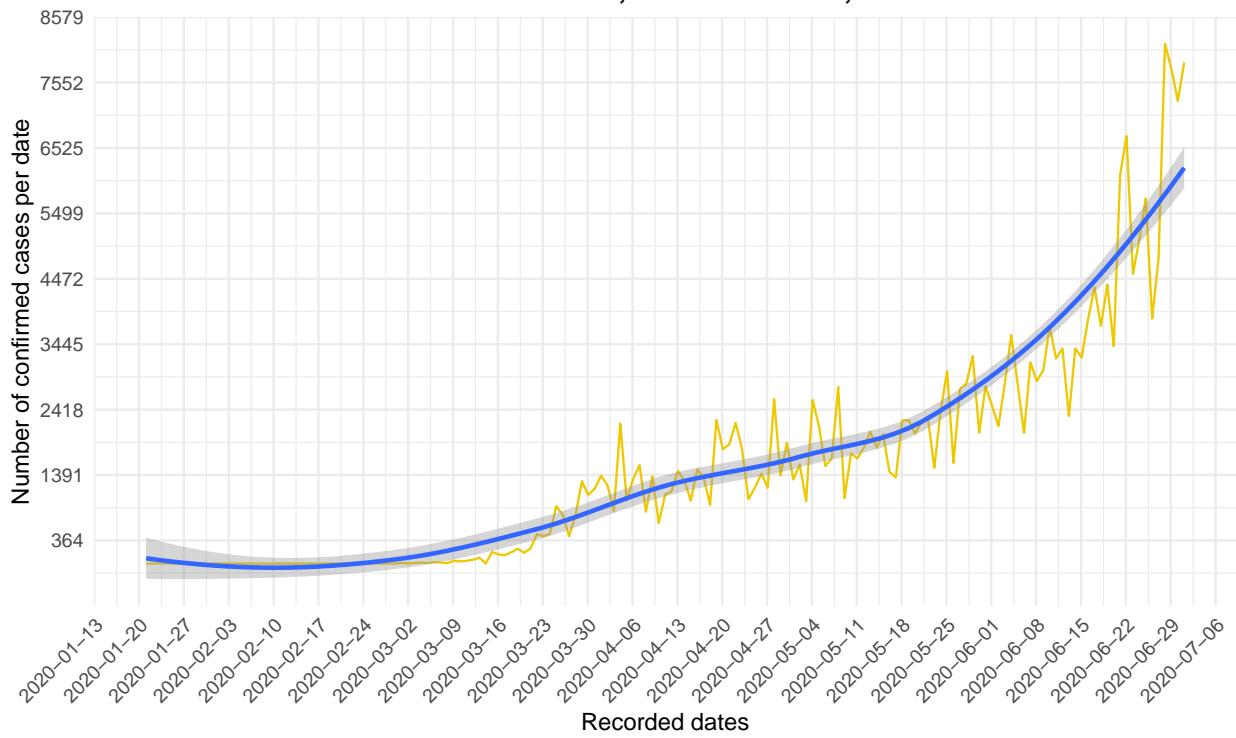

Arkansas – confirmed cases over time, total cases: 22,075

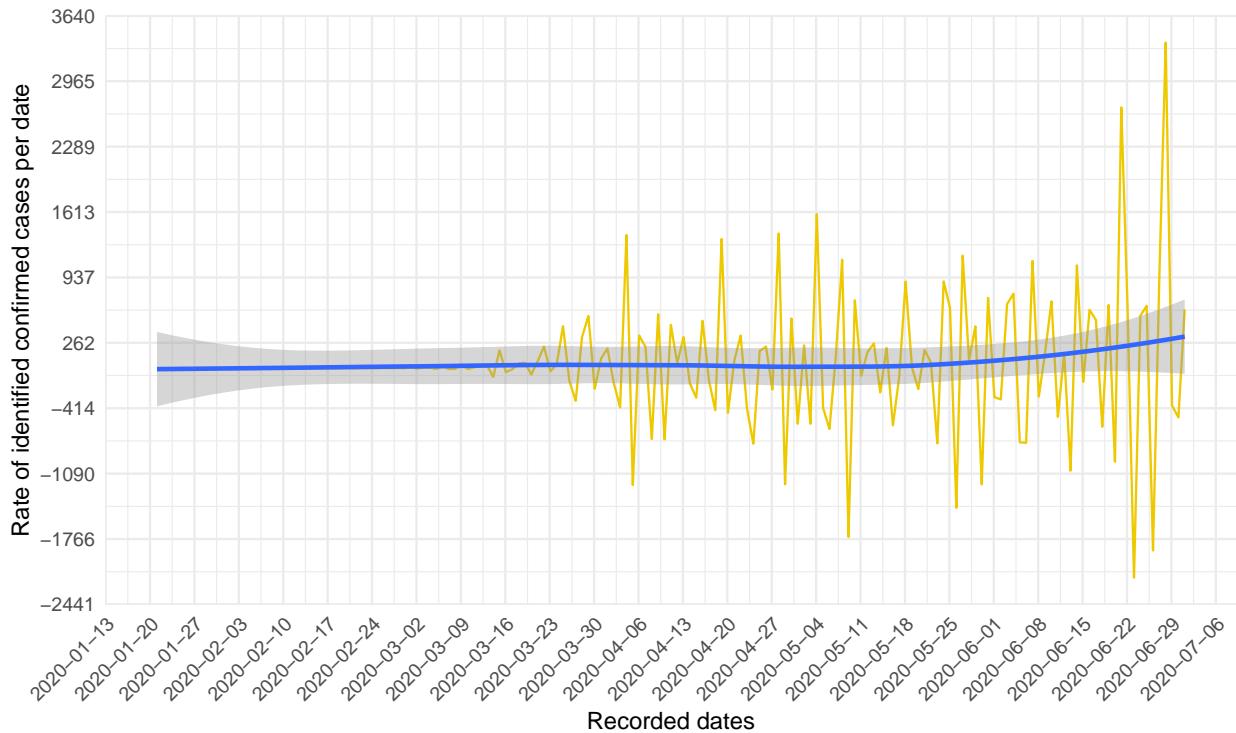

Arkansas – rate of increase of confirmed cases over time

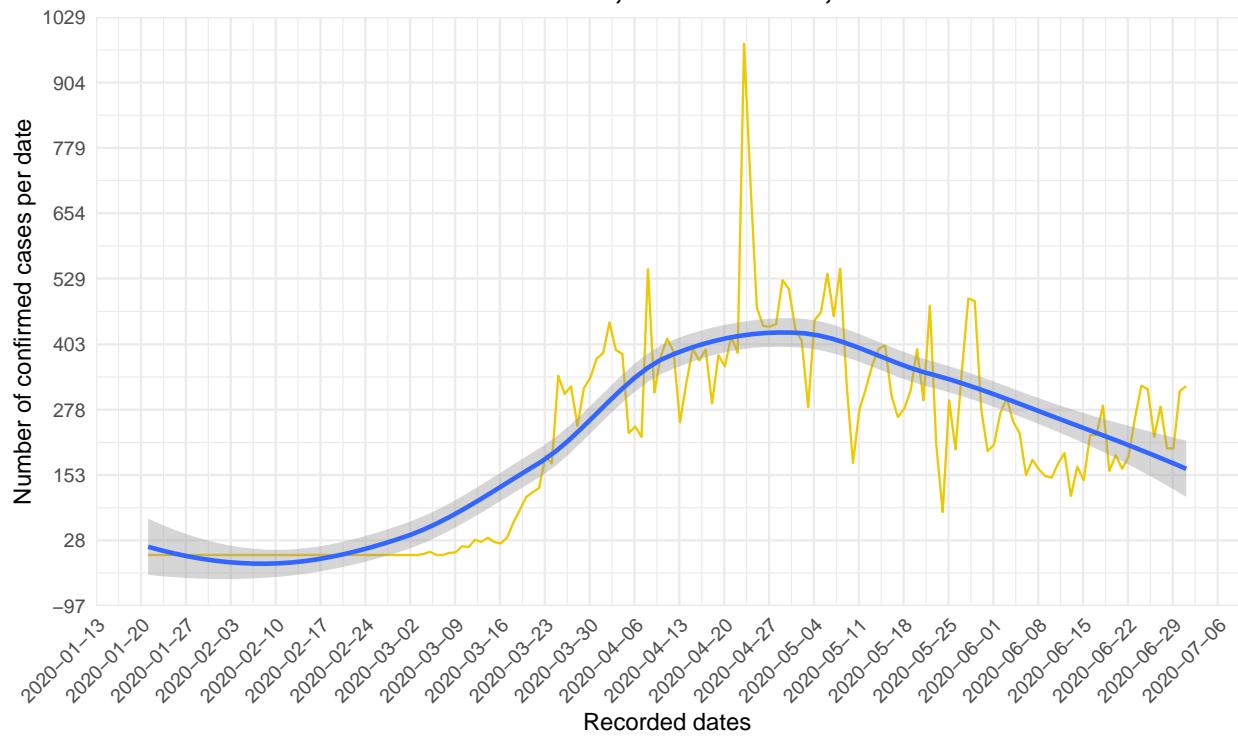

California – confirmed cases over time, total cases: 246,550

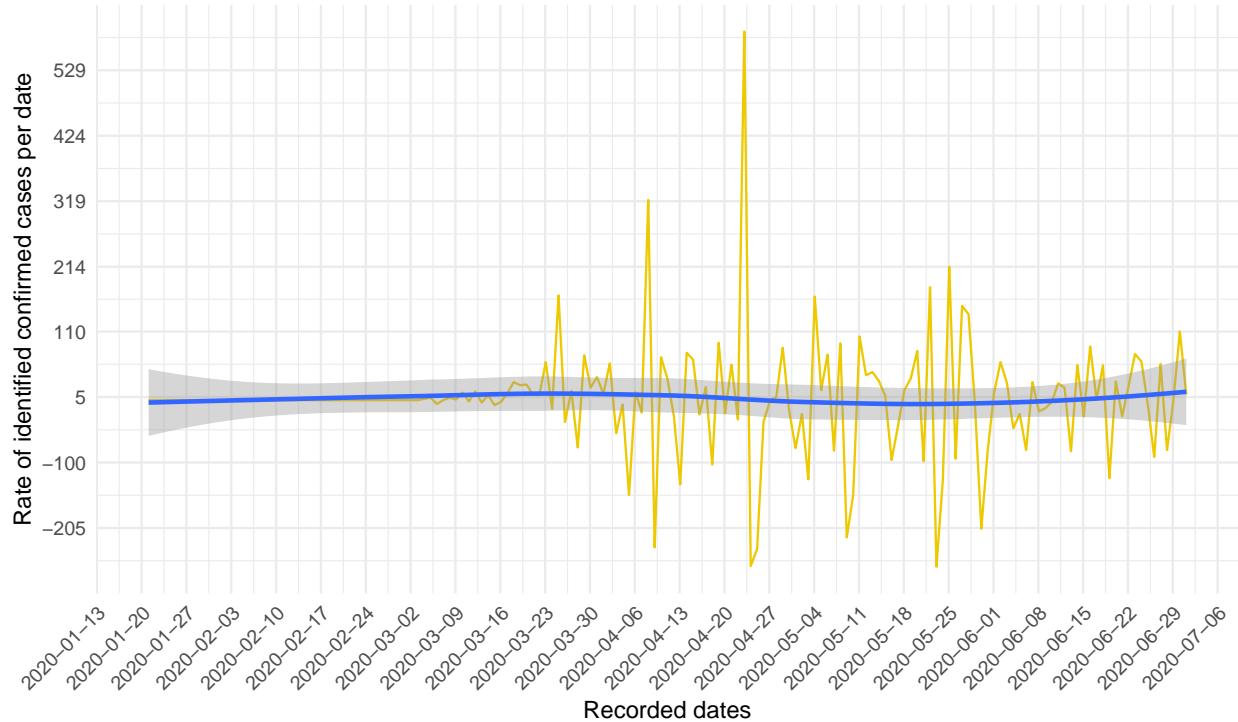

California – rate of increase of confirmed cases over time

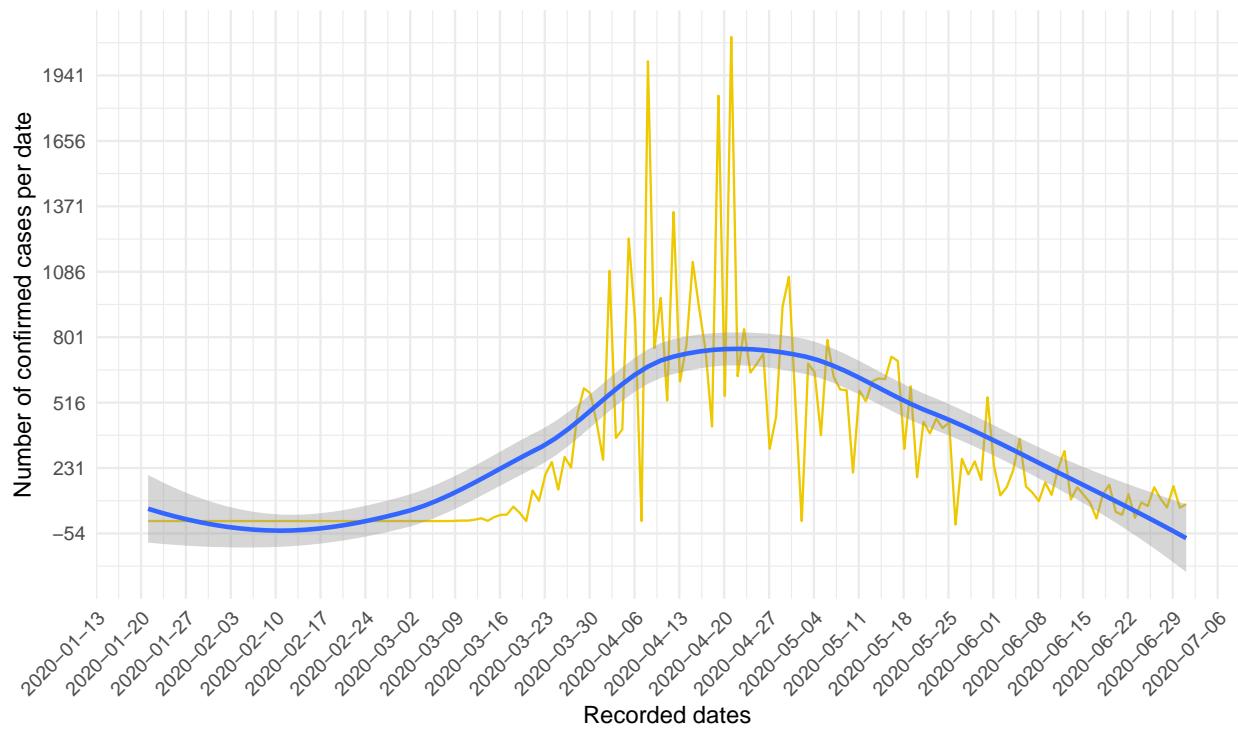

Colorado – confirmed cases over time, total cases: 33,335

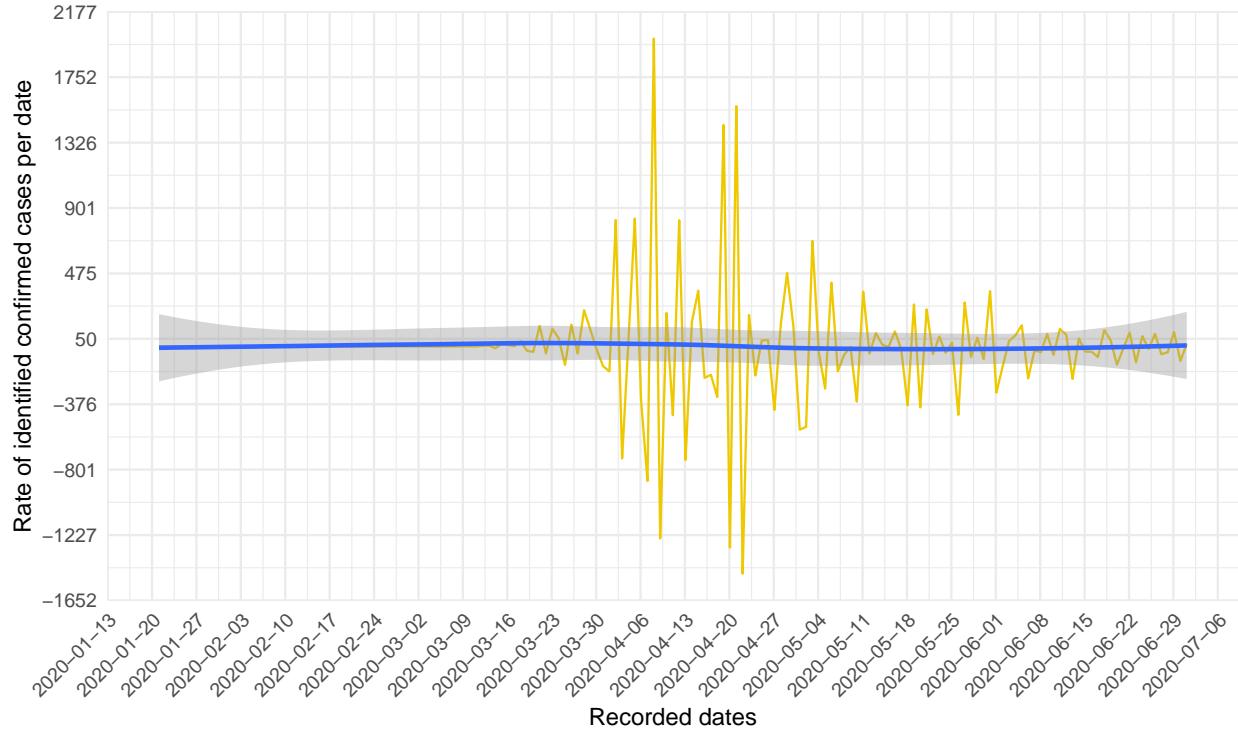

Colorado – rate of increase of confirmed cases over time

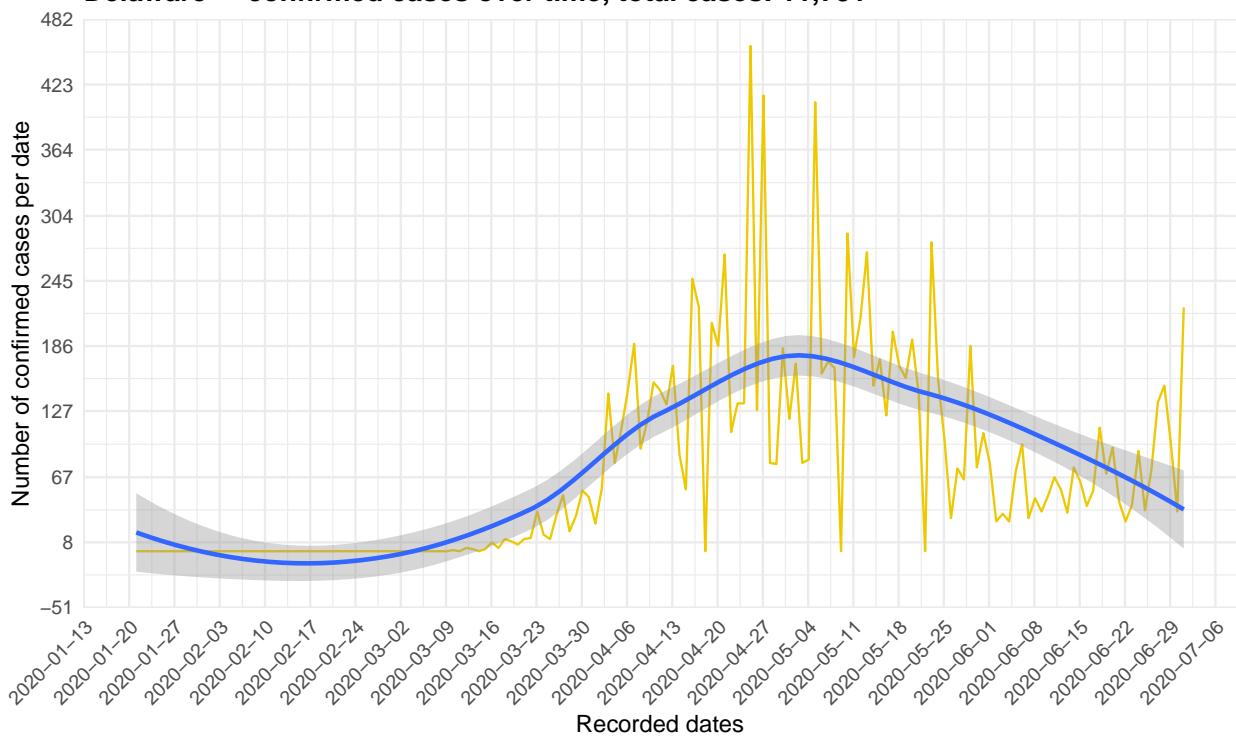

Connecticut – confirmed cases over time, total cases: 46,646

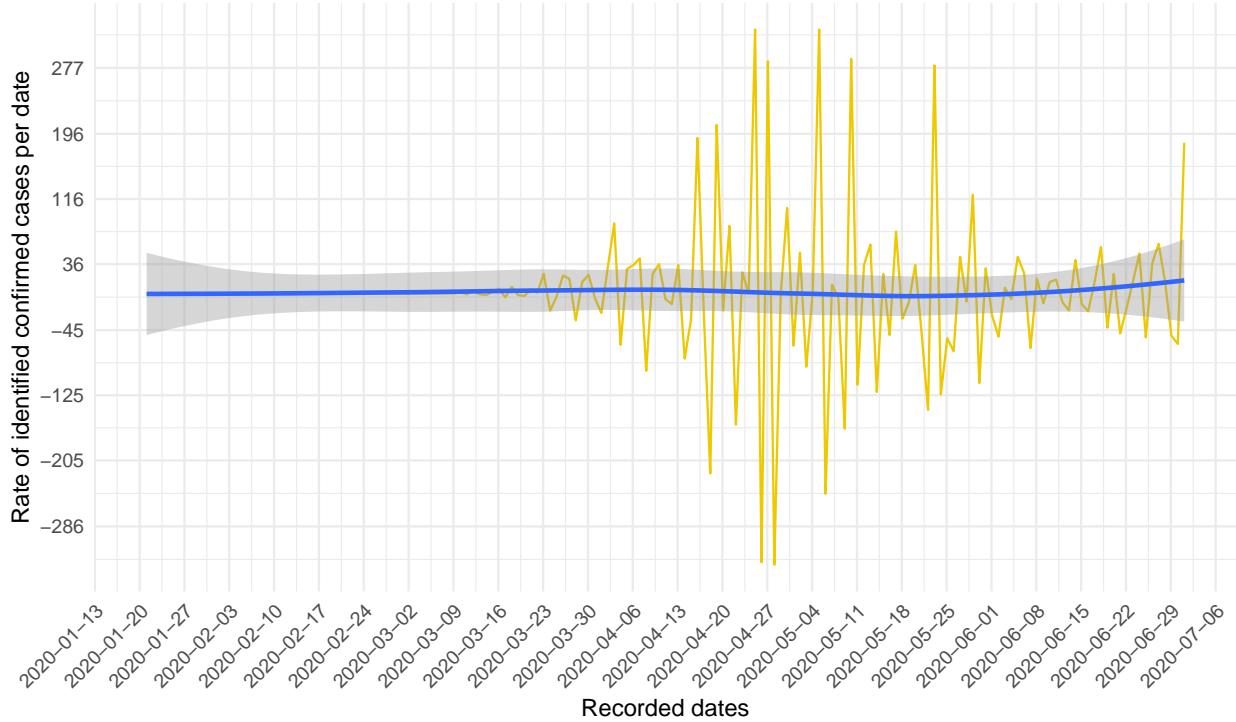

Connecticut – rate of increase of confirmed cases over time

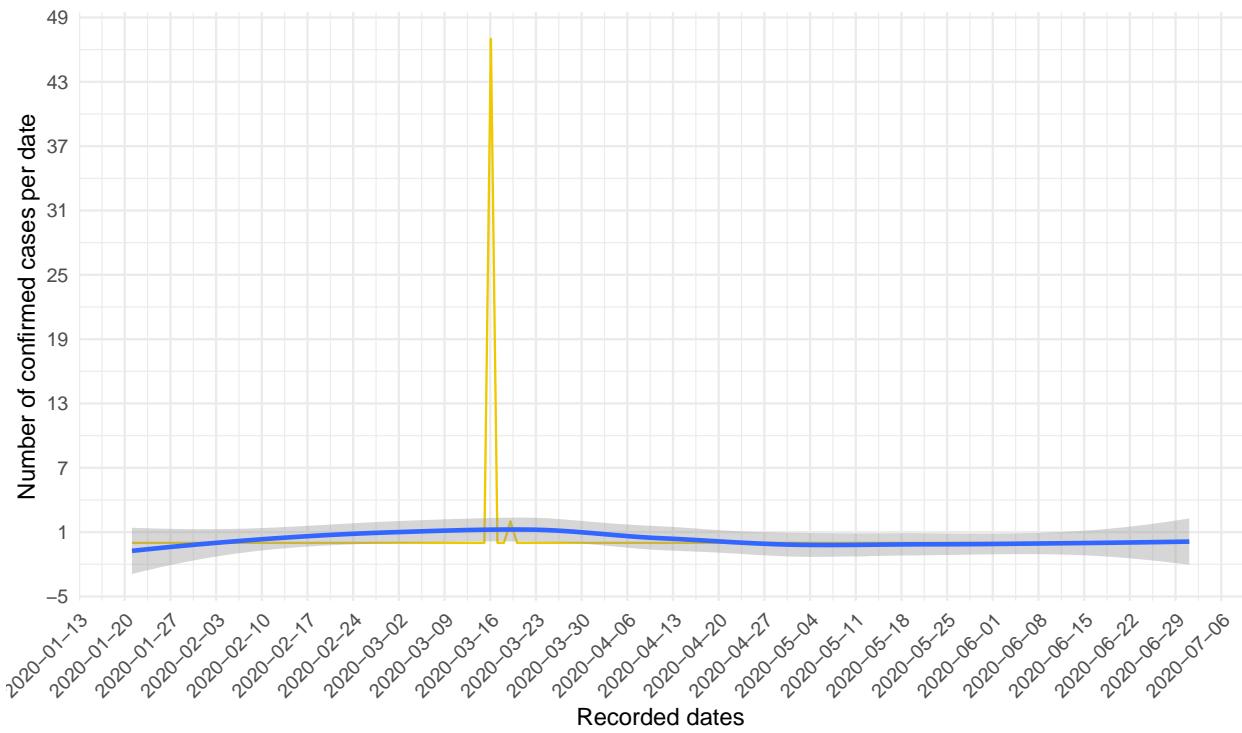

Delaware – confirmed cases over time, total cases: 11,731

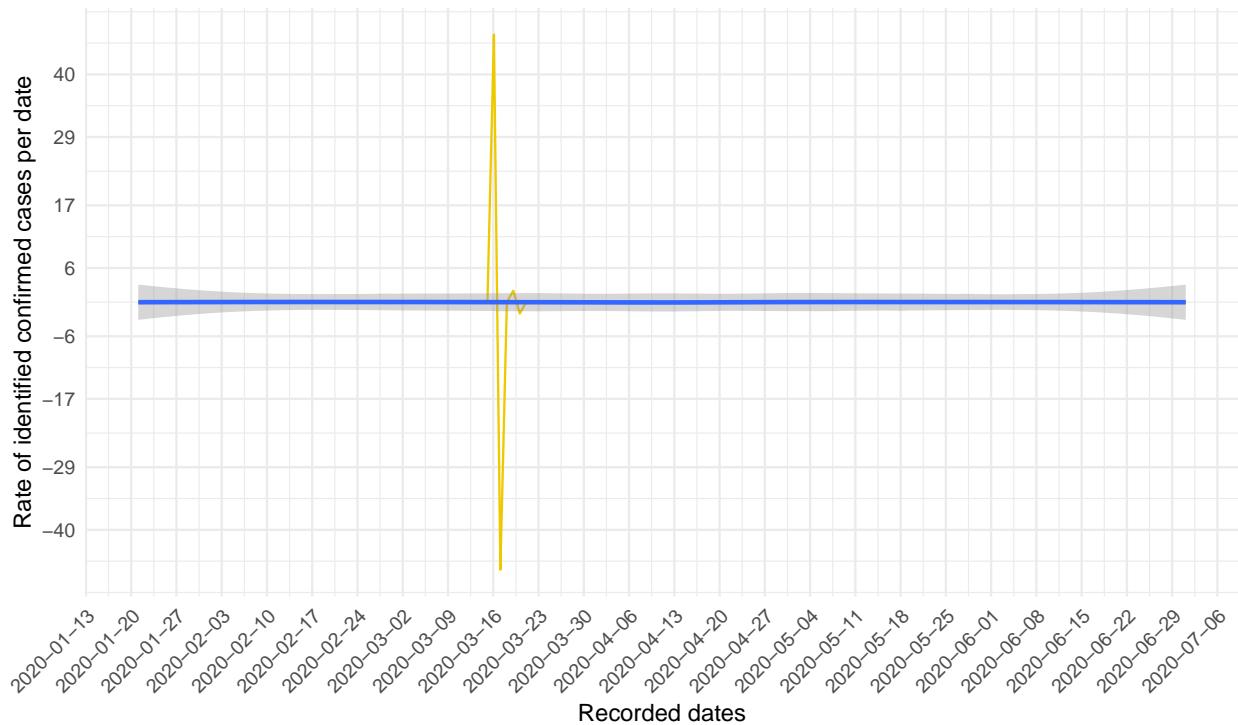

Delaware – rate of increase of confirmed cases over time

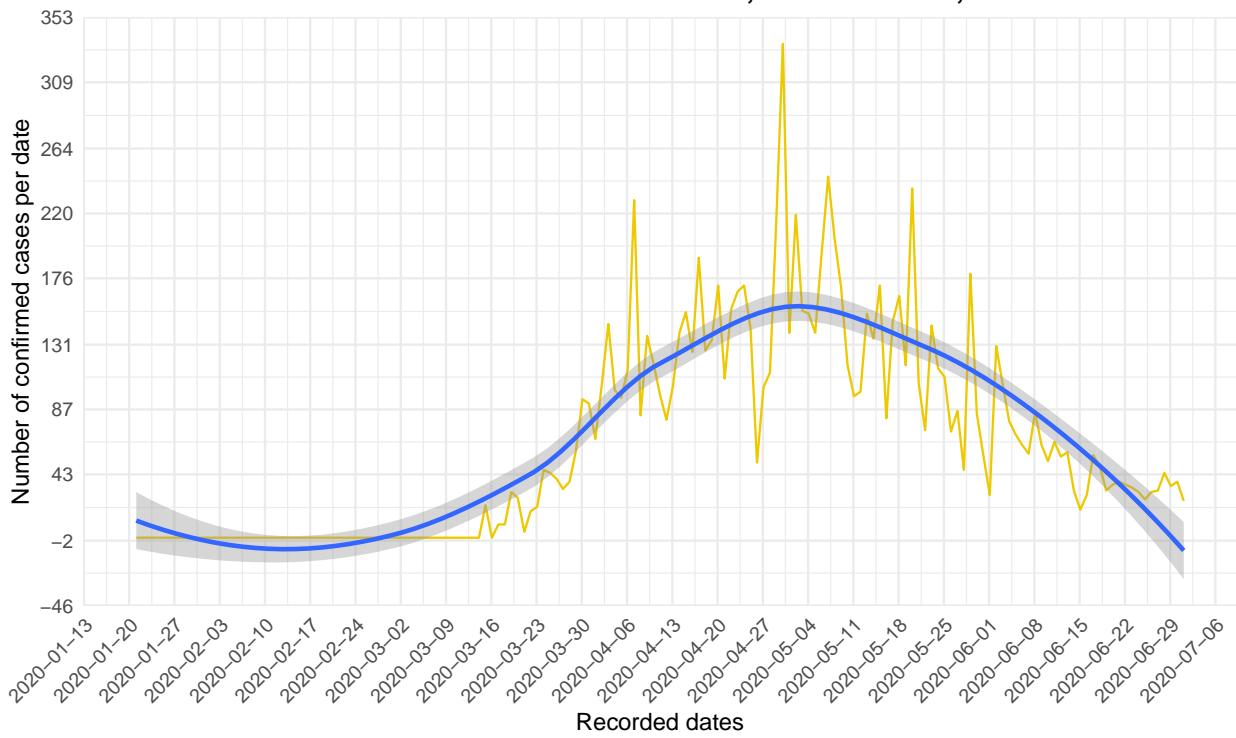

Diamond Princess – confirmed cases over time, total cases: 49

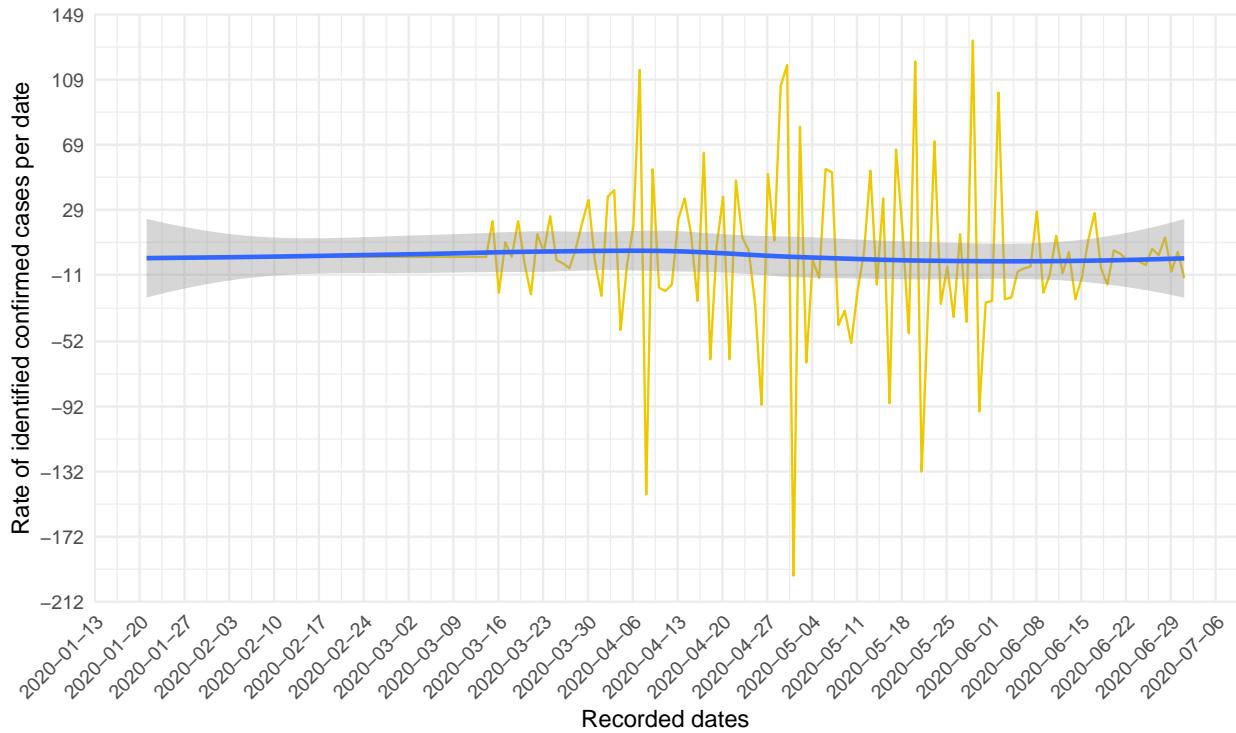

Diamond Princess – rate of increase of confirmed cases over time

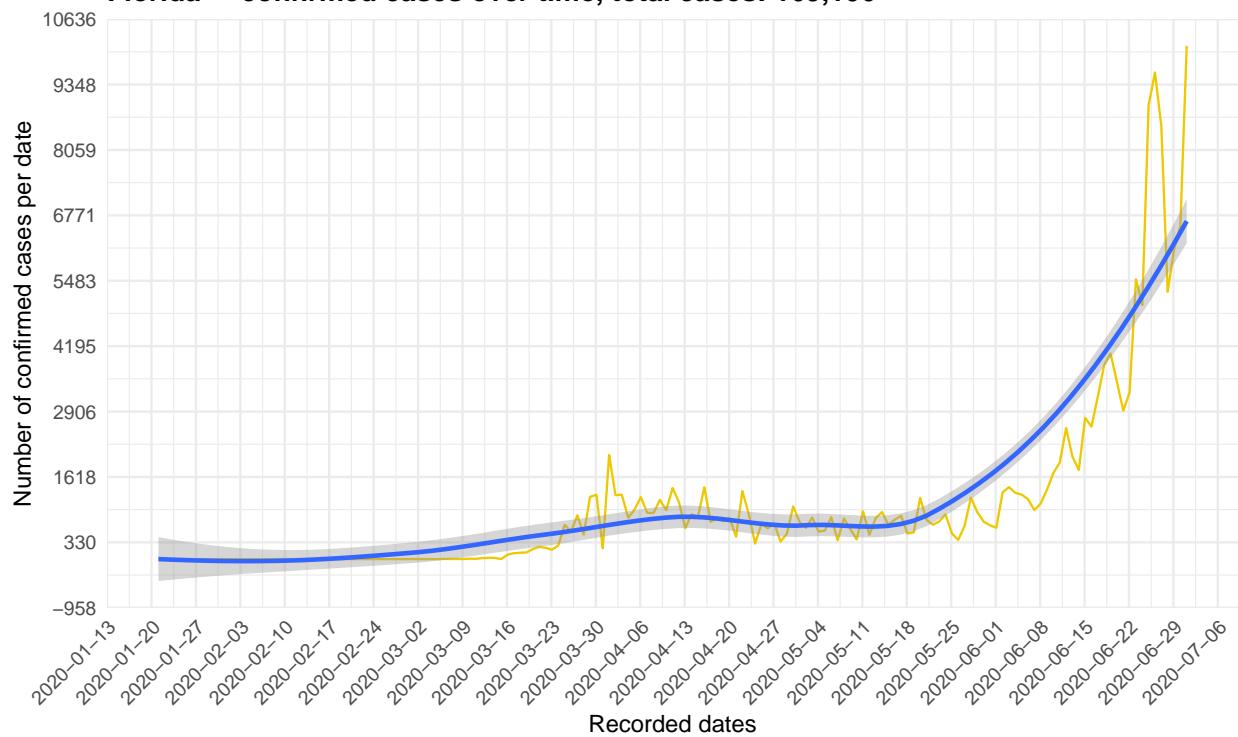

District of Columbia – confirmed cases over time, total cases: 10,390

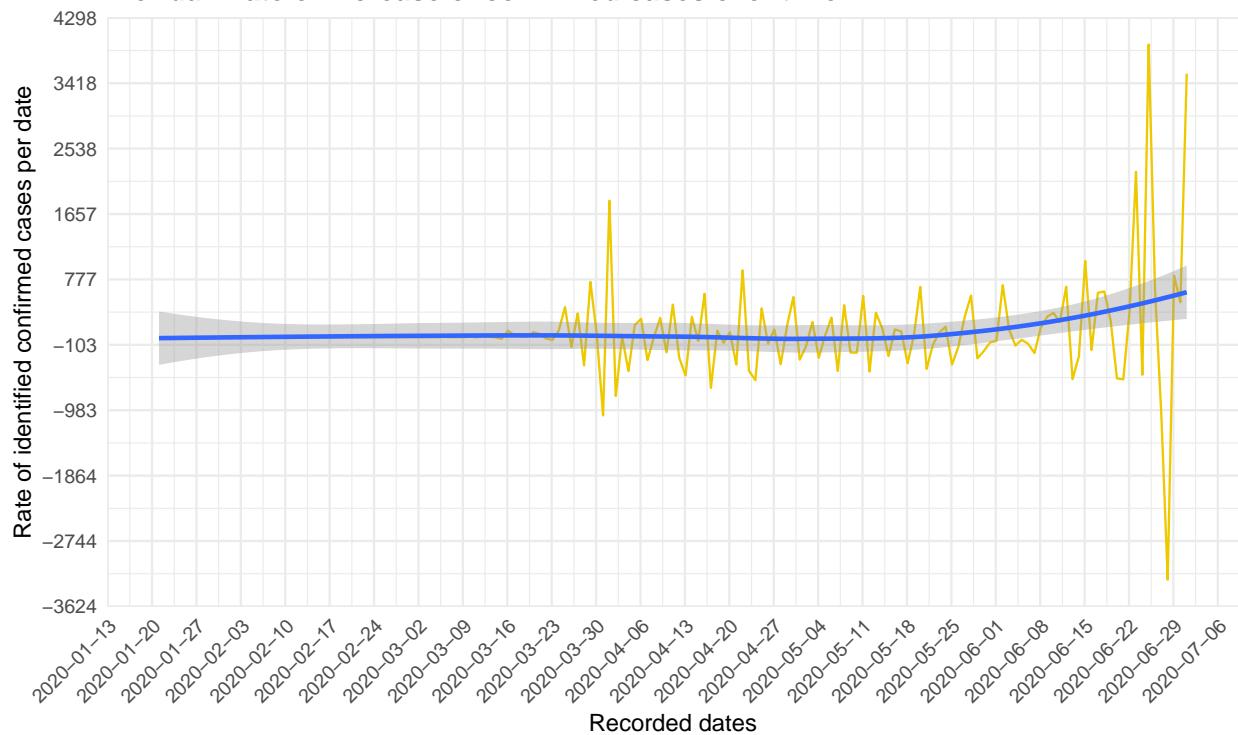

District of Columbia – rate of increase of confirmed cases over time

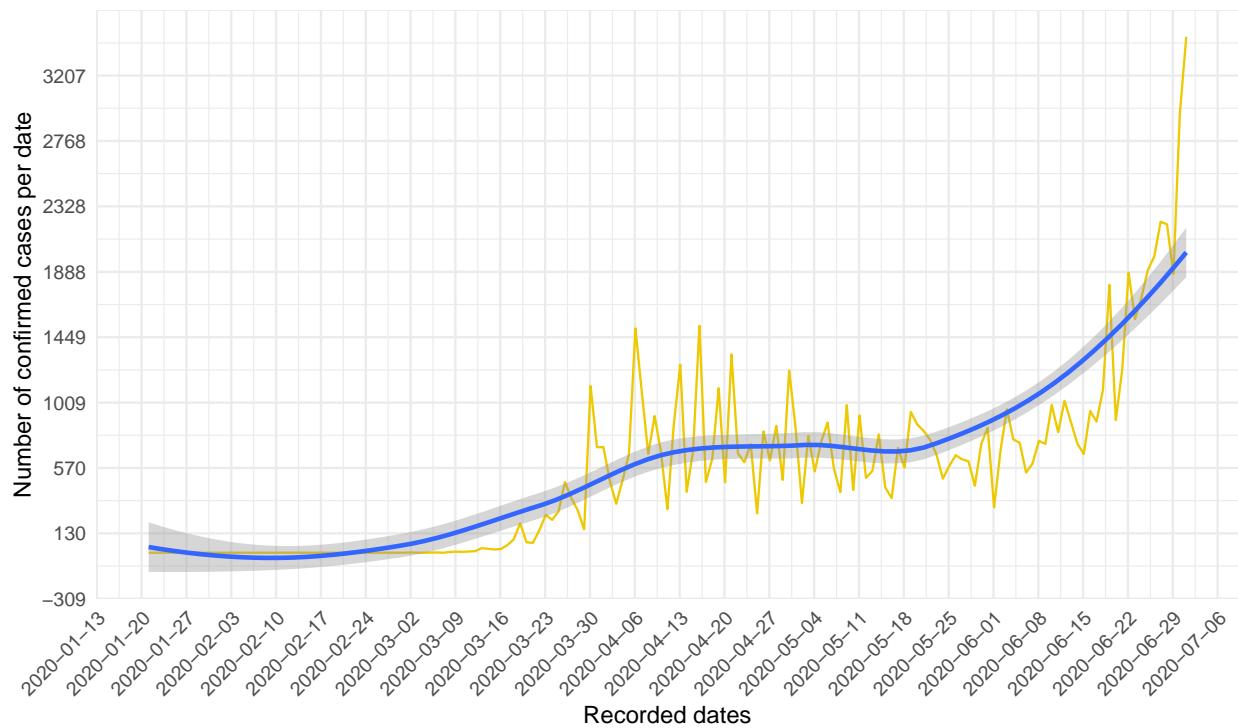

Florida – confirmed cases over time, total cases: 169,106

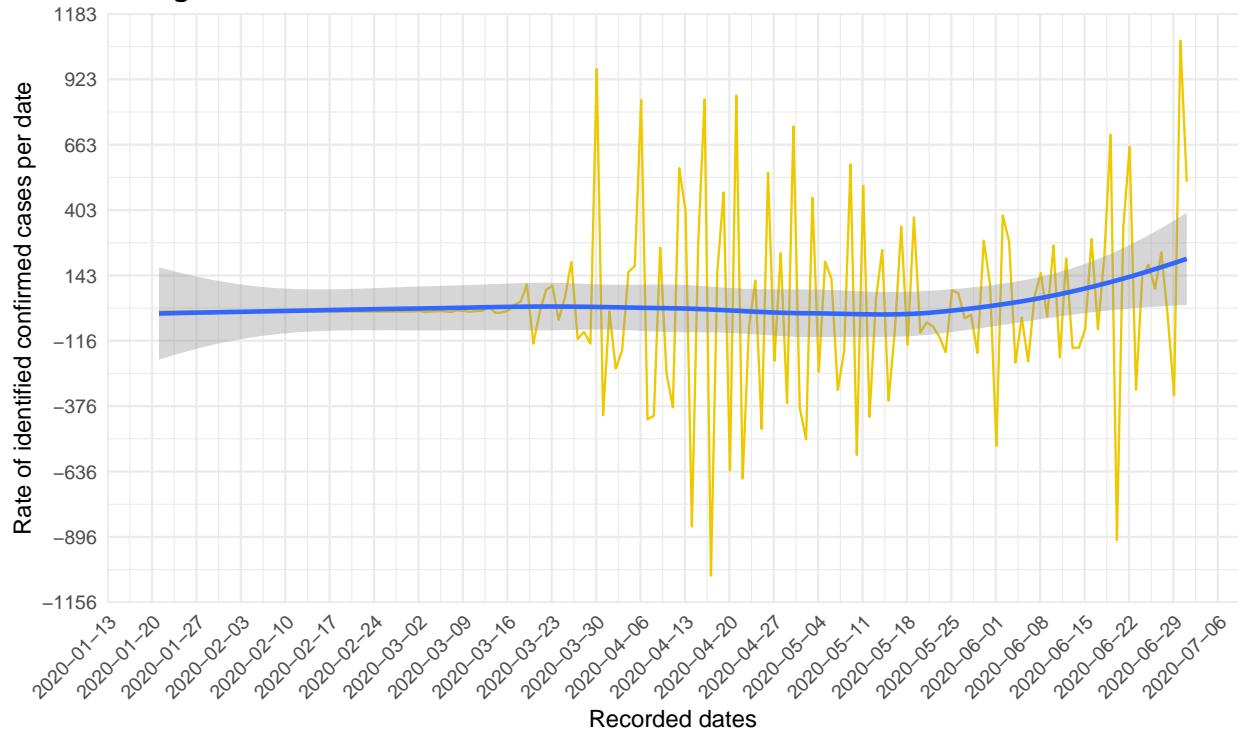

Florida – rate of increase of confirmed cases over time

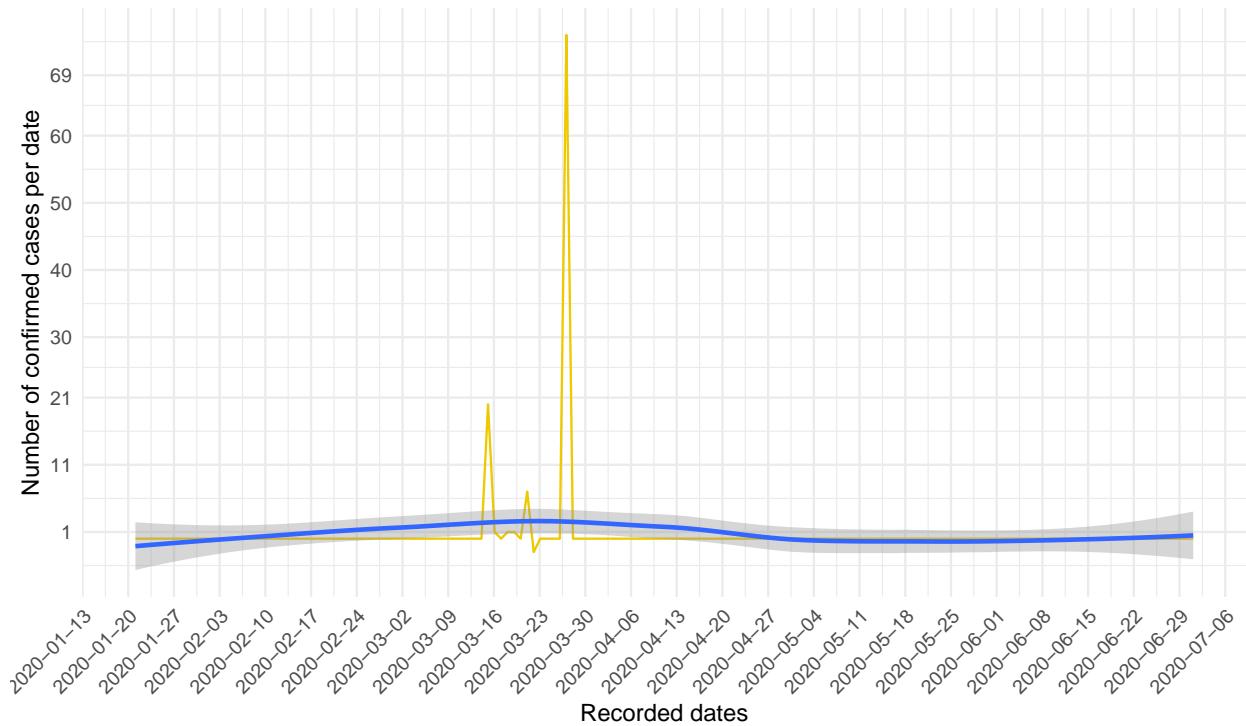

Georgia – confirmed cases over time, total cases: 87,709

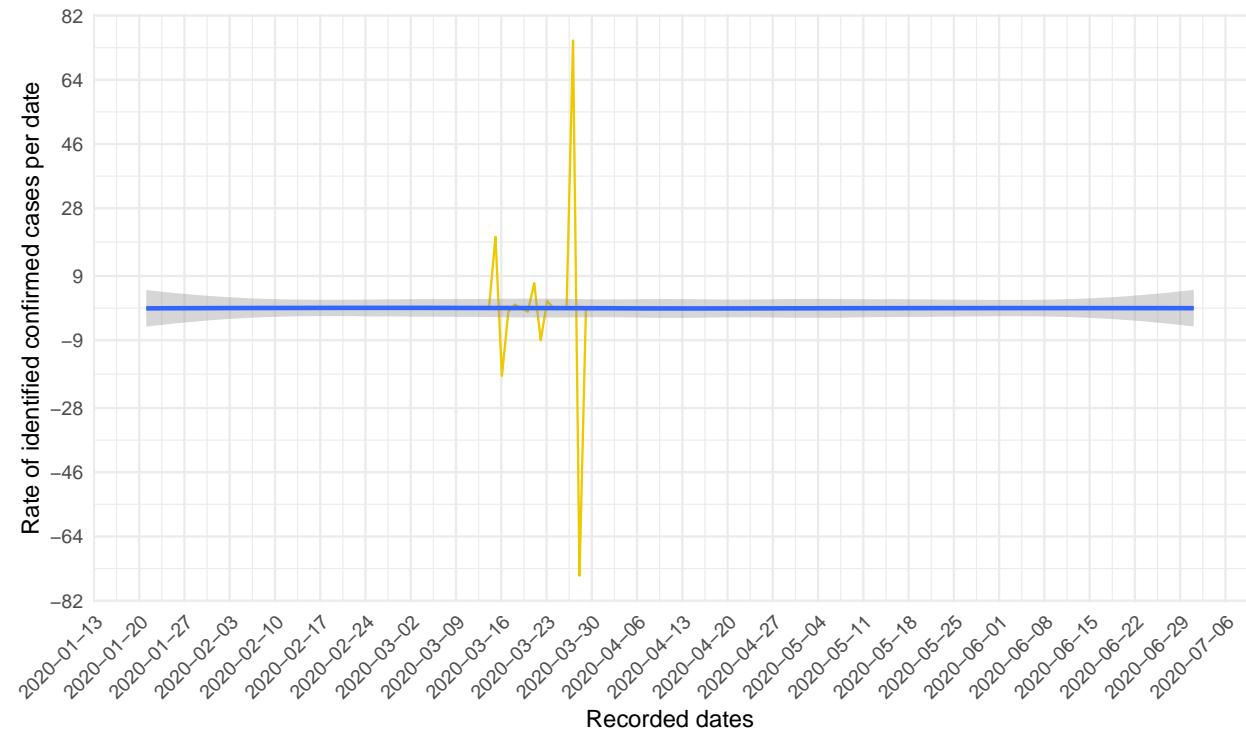

Georgia – rate of increase of confirmed cases over time

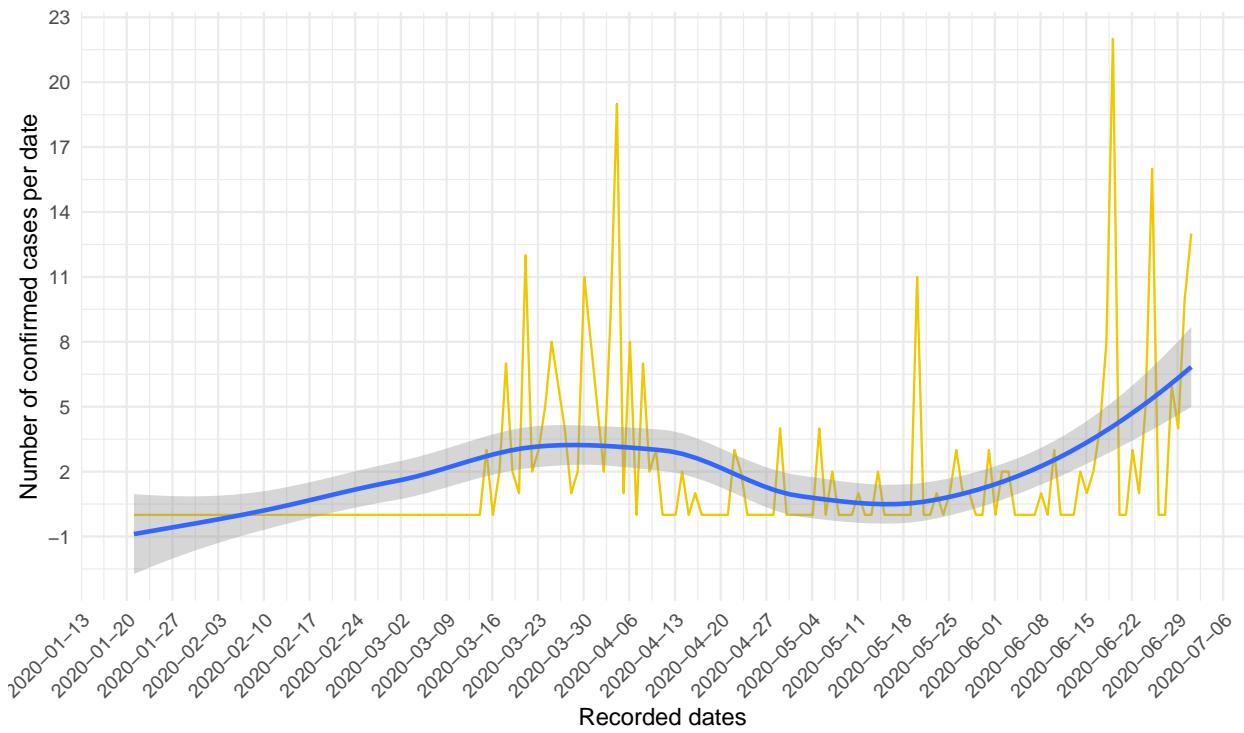

Grand Princess – confirmed cases over time, total cases: 103

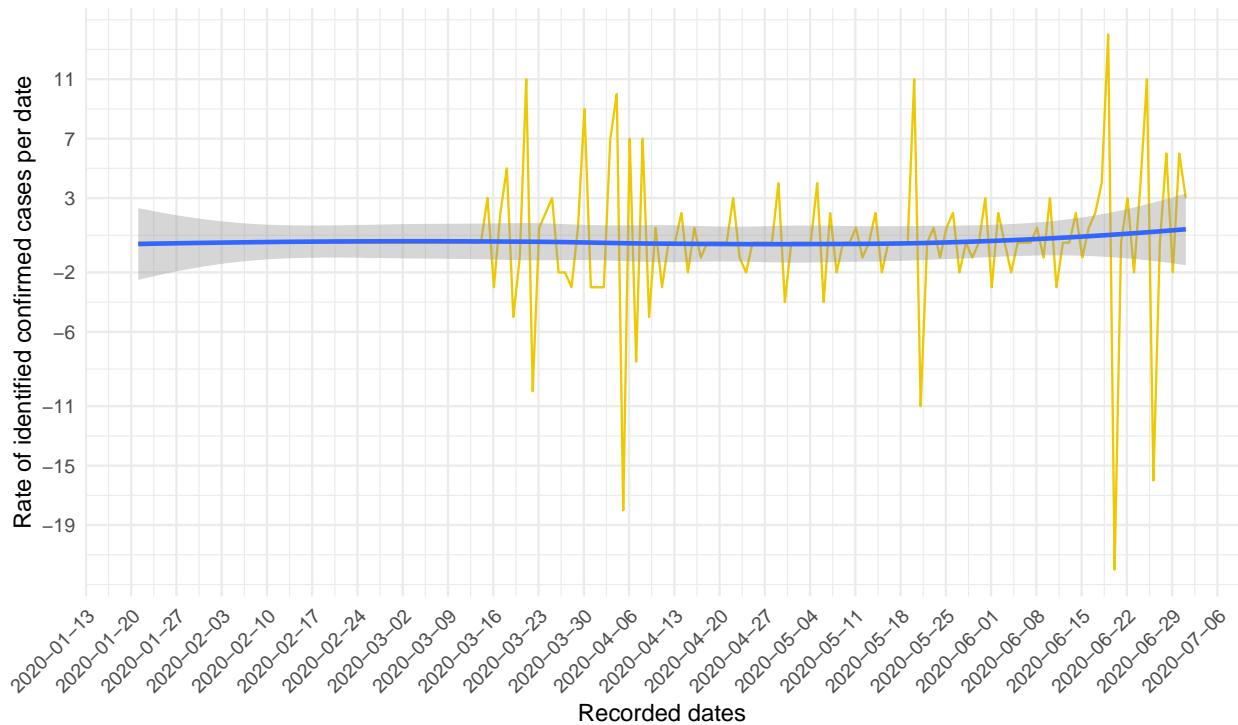

Grand Princess – rate of increase of confirmed cases over time

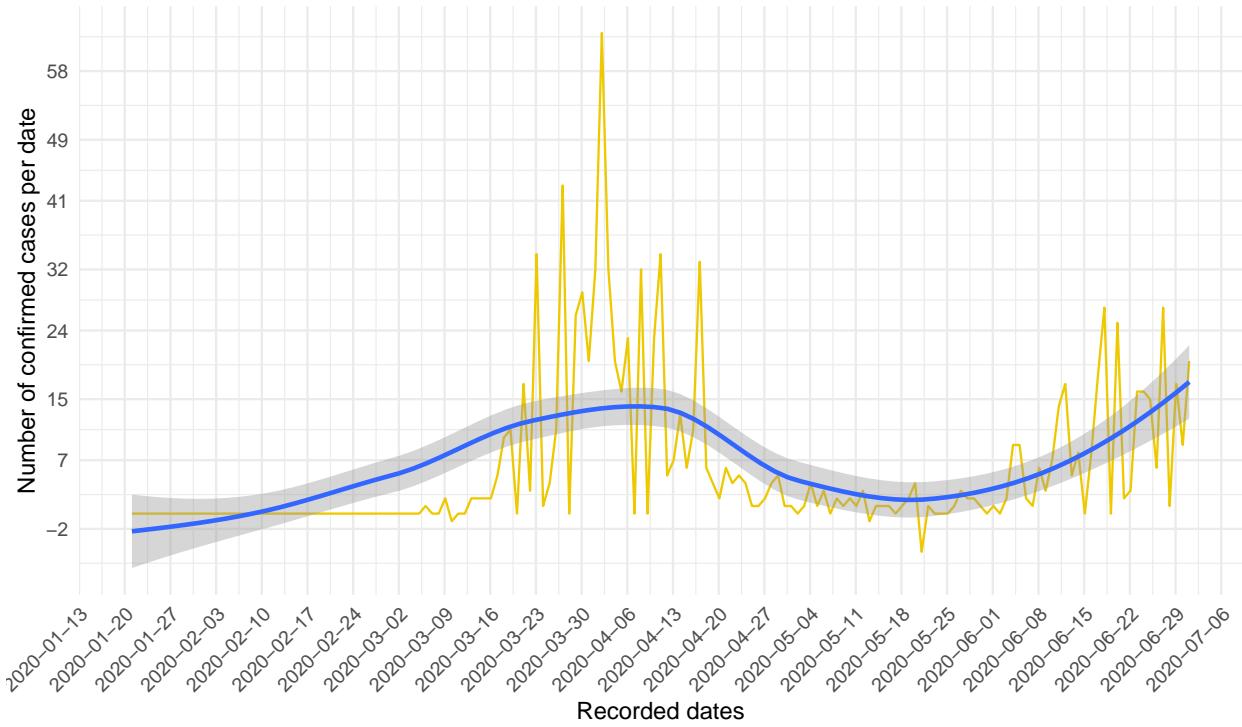

Guam – confirmed cases over time, total cases: 280

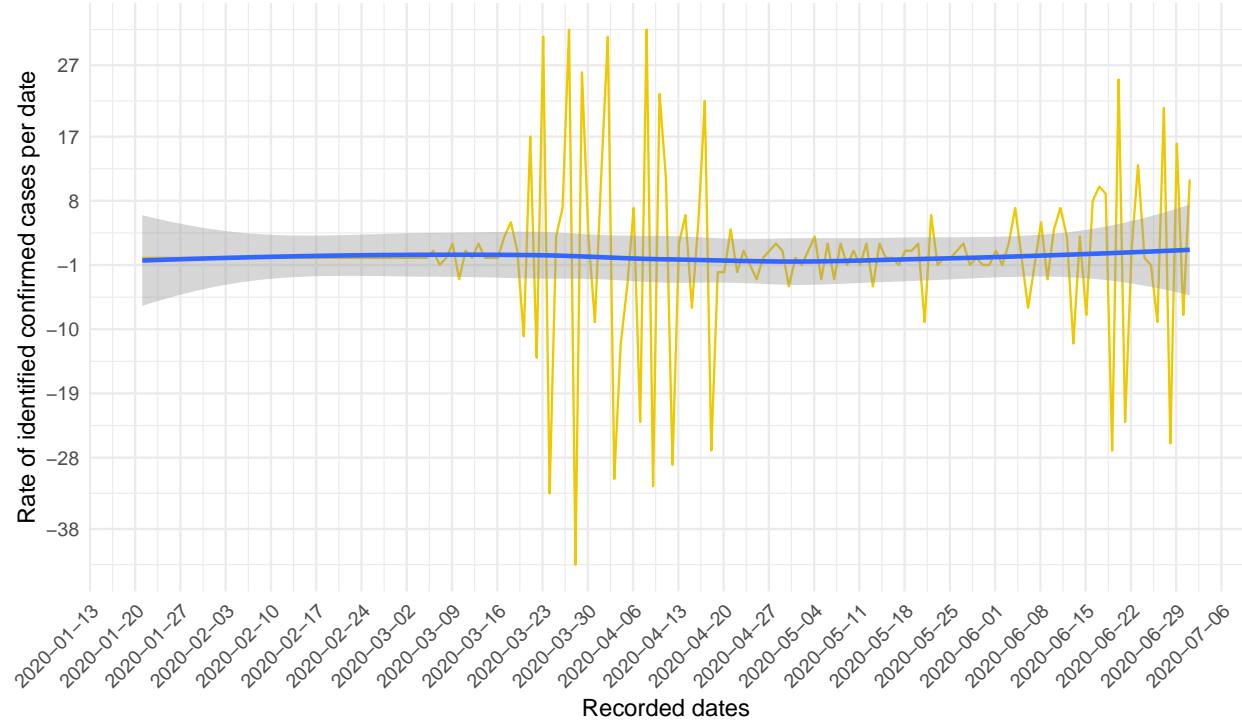

Guam – rate of increase of confirmed cases over time

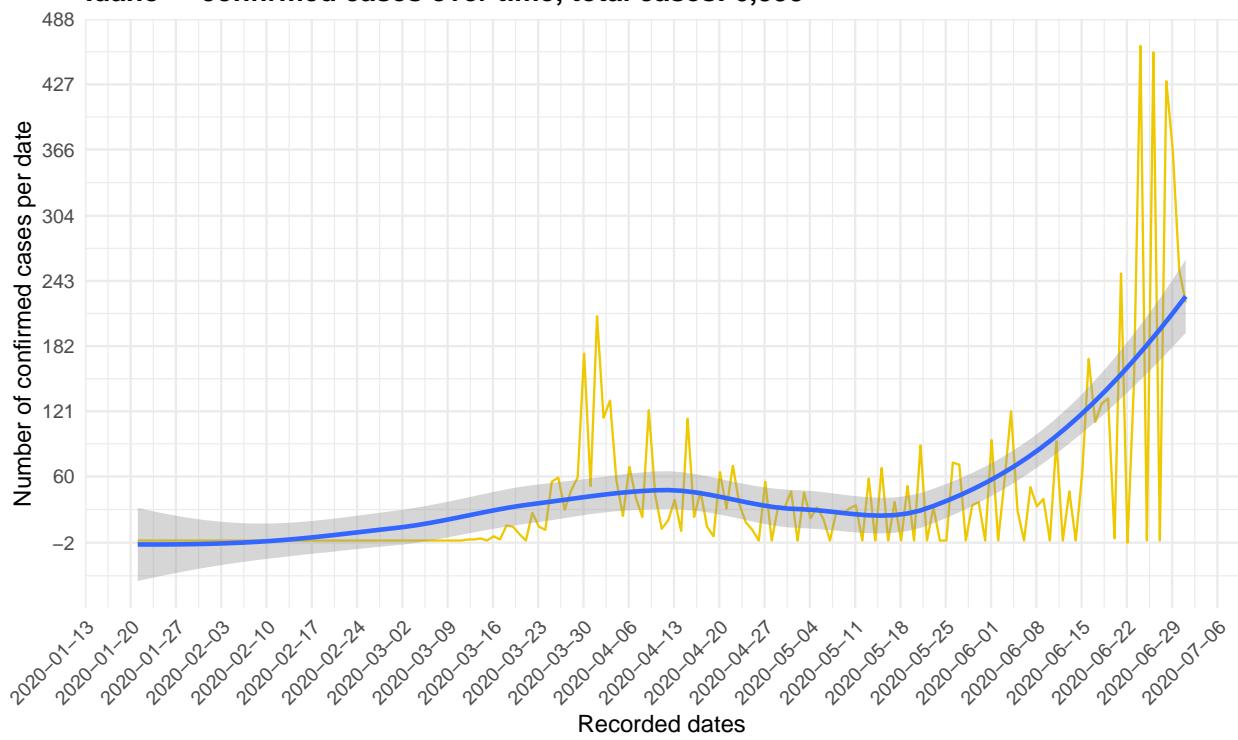

Hawaii – confirmed cases over time, total cases: 946

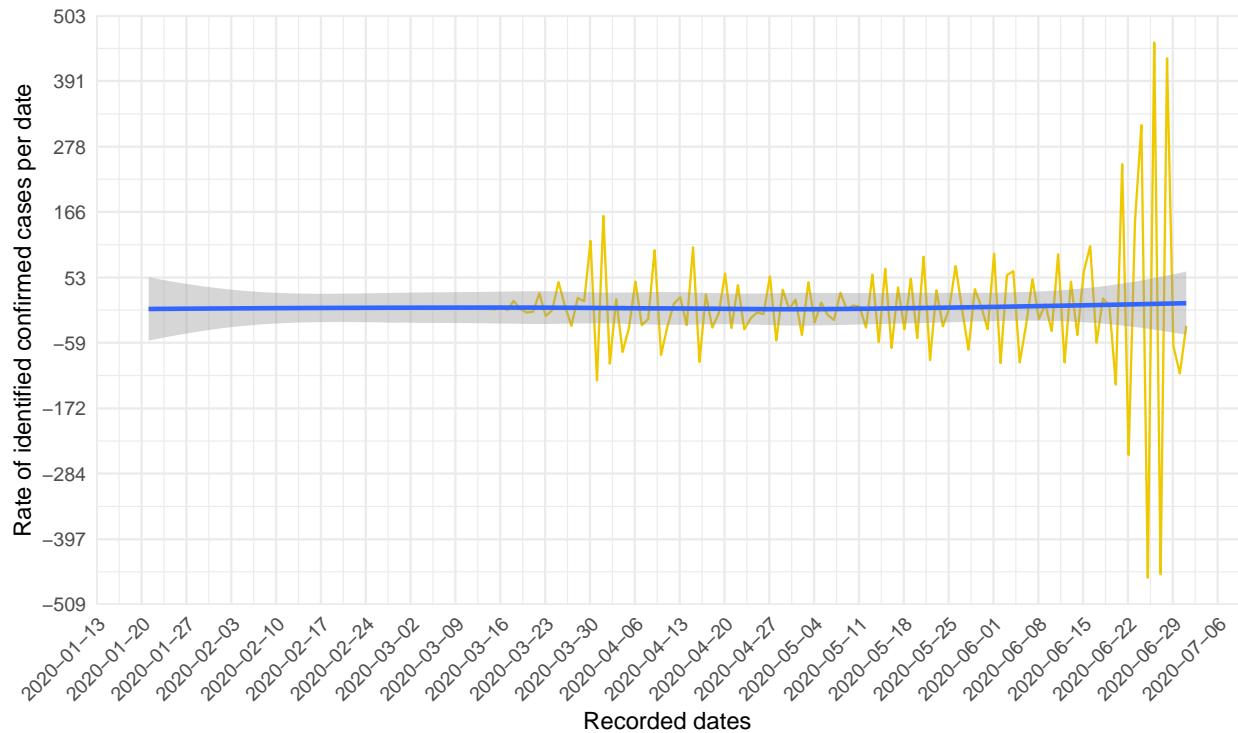

Hawaii – rate of increase of confirmed cases over time

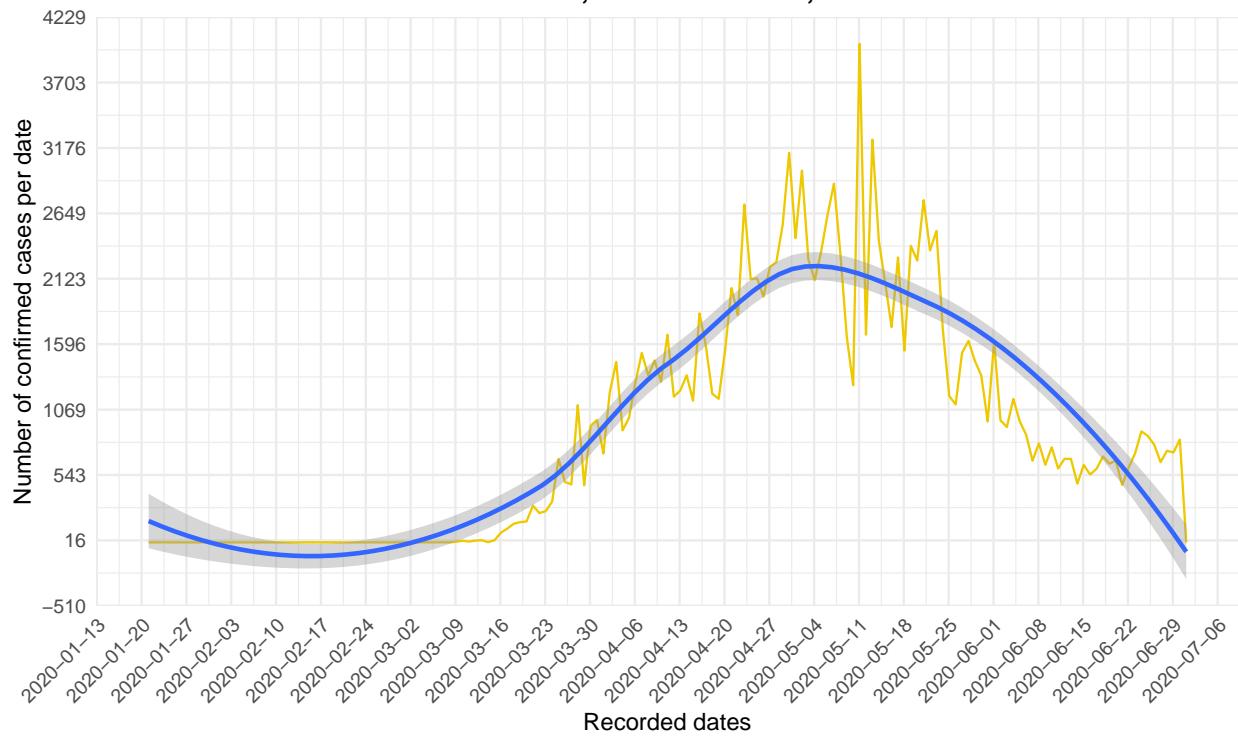

Idaho – confirmed cases over time, total cases: 6,593

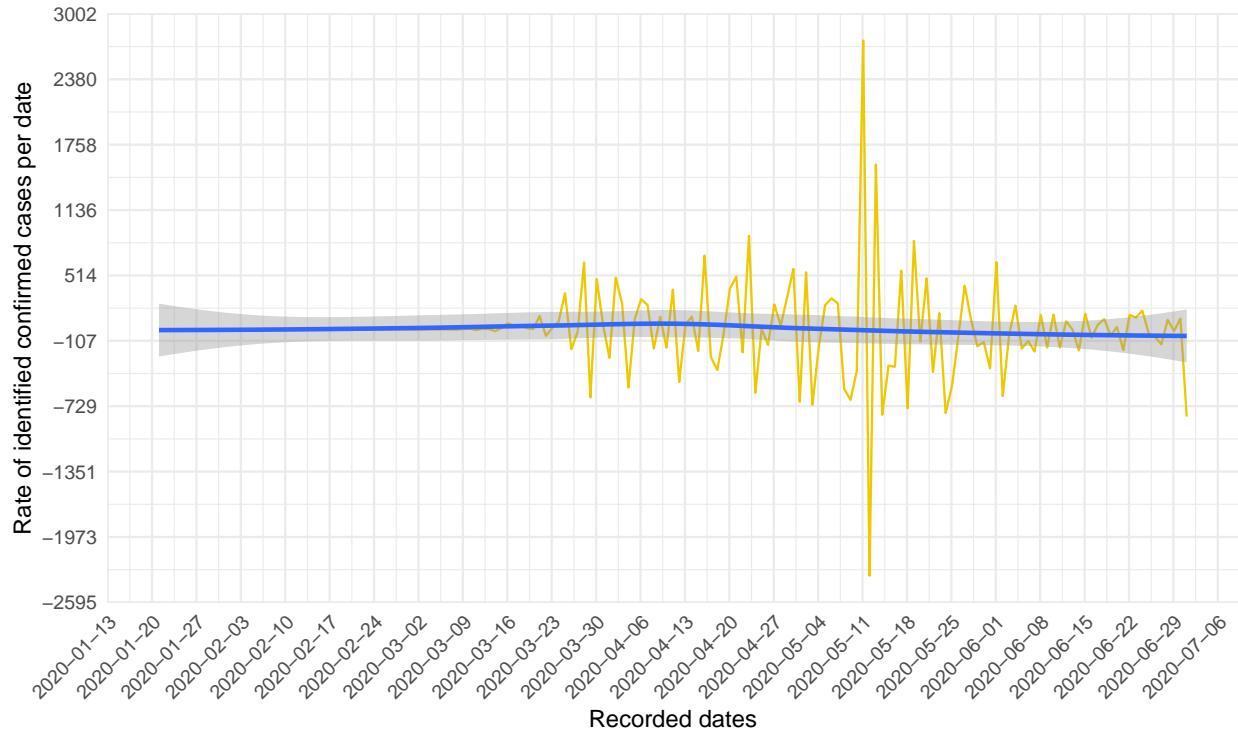

Idaho – rate of increase of confirmed cases over time

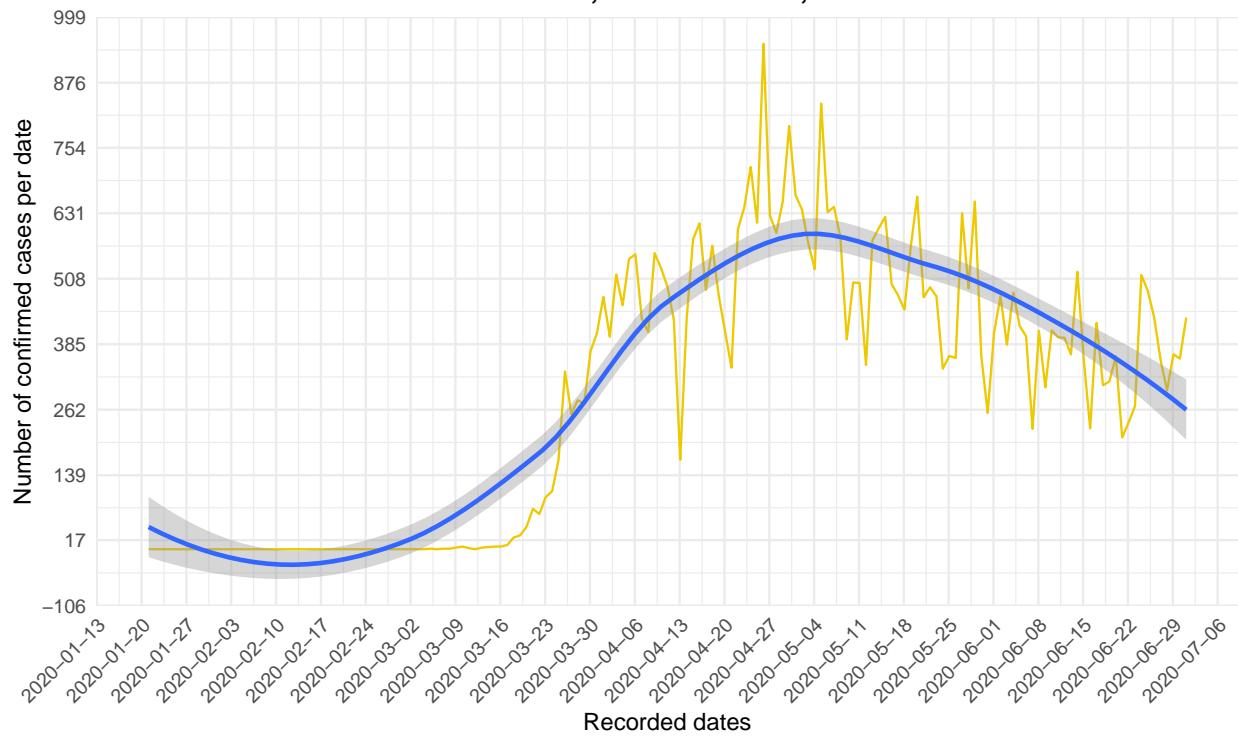

Illinois – confirmed cases over time, total cases: 144,013

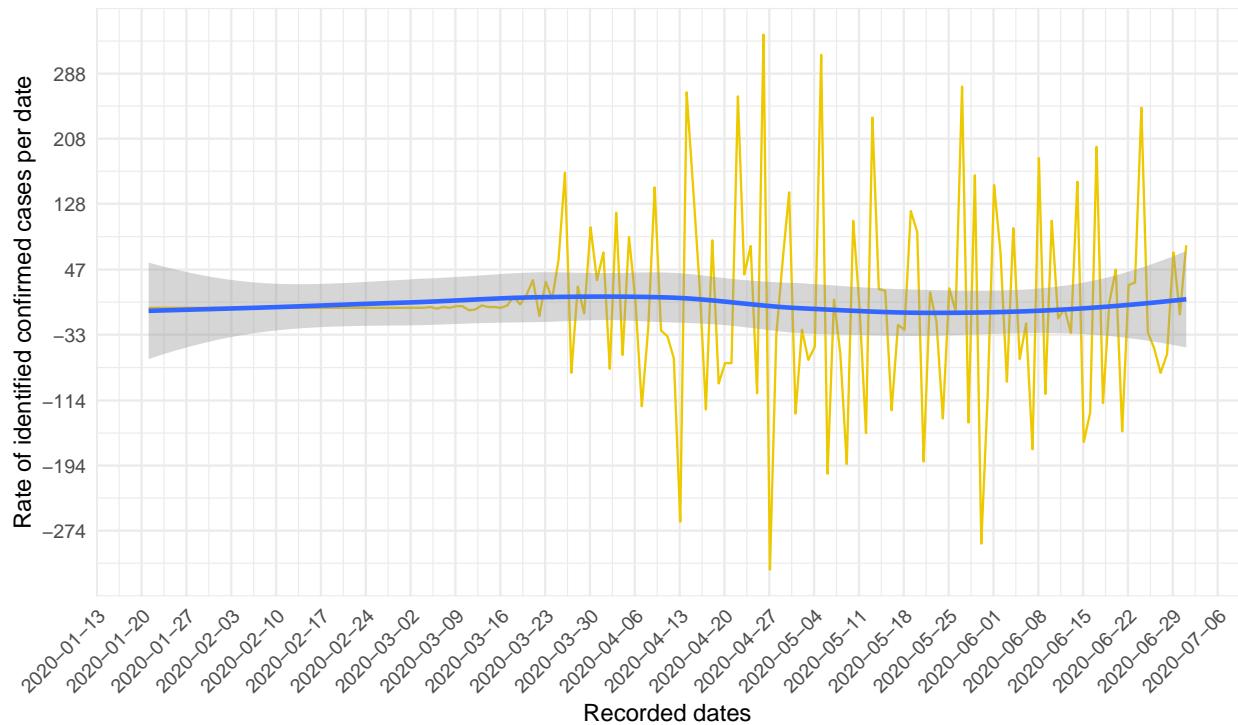

Illinois – rate of increase of confirmed cases over time

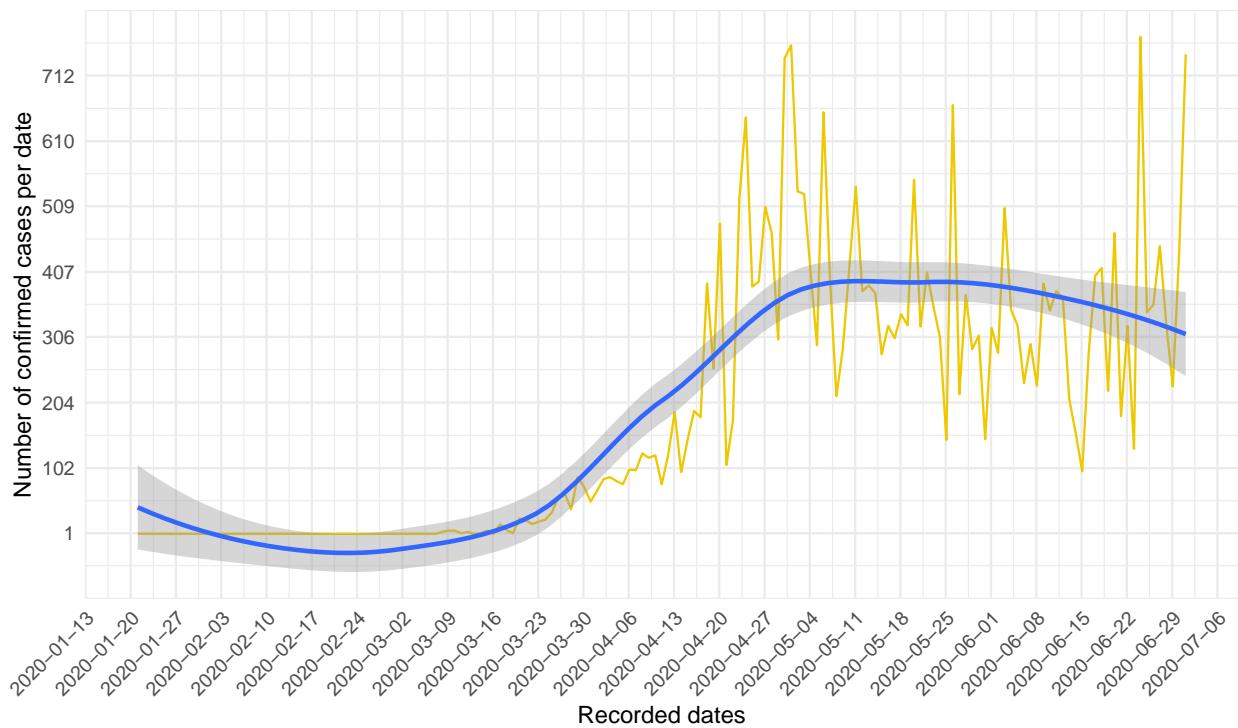

Indiana – confirmed cases over time, total cases: 46,387

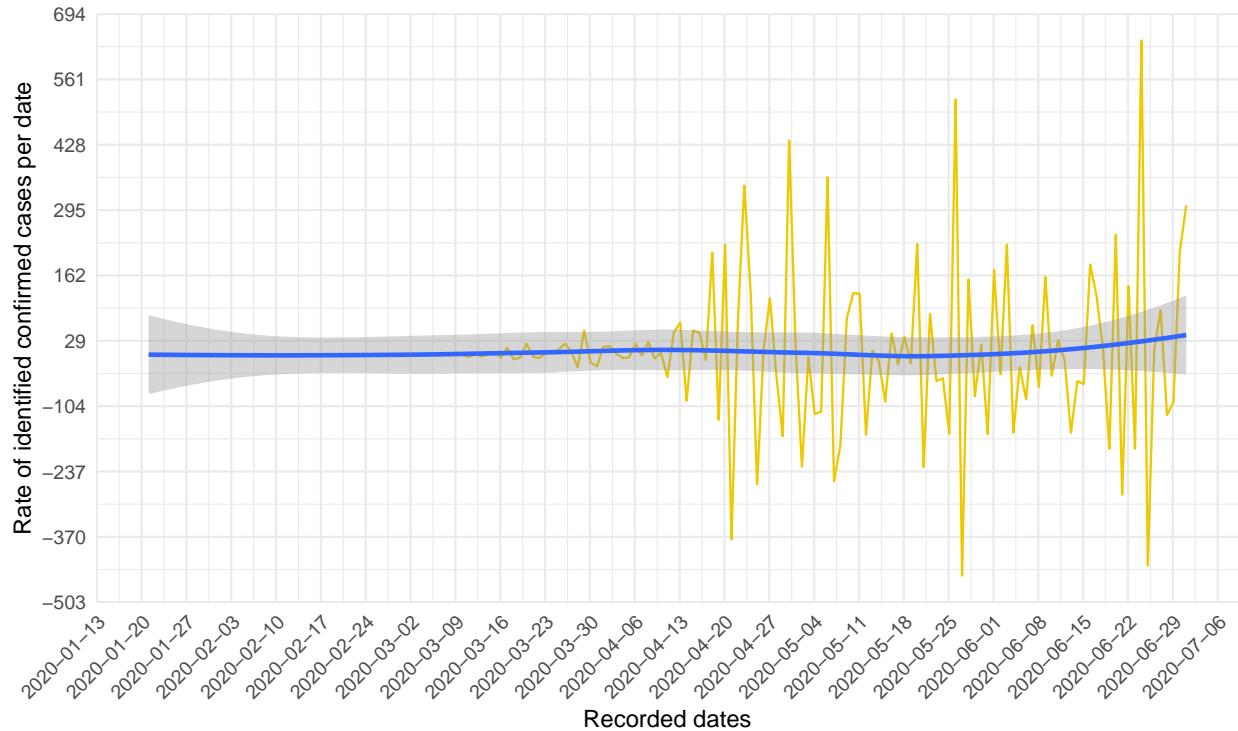

Indiana – rate of increase of confirmed cases over time

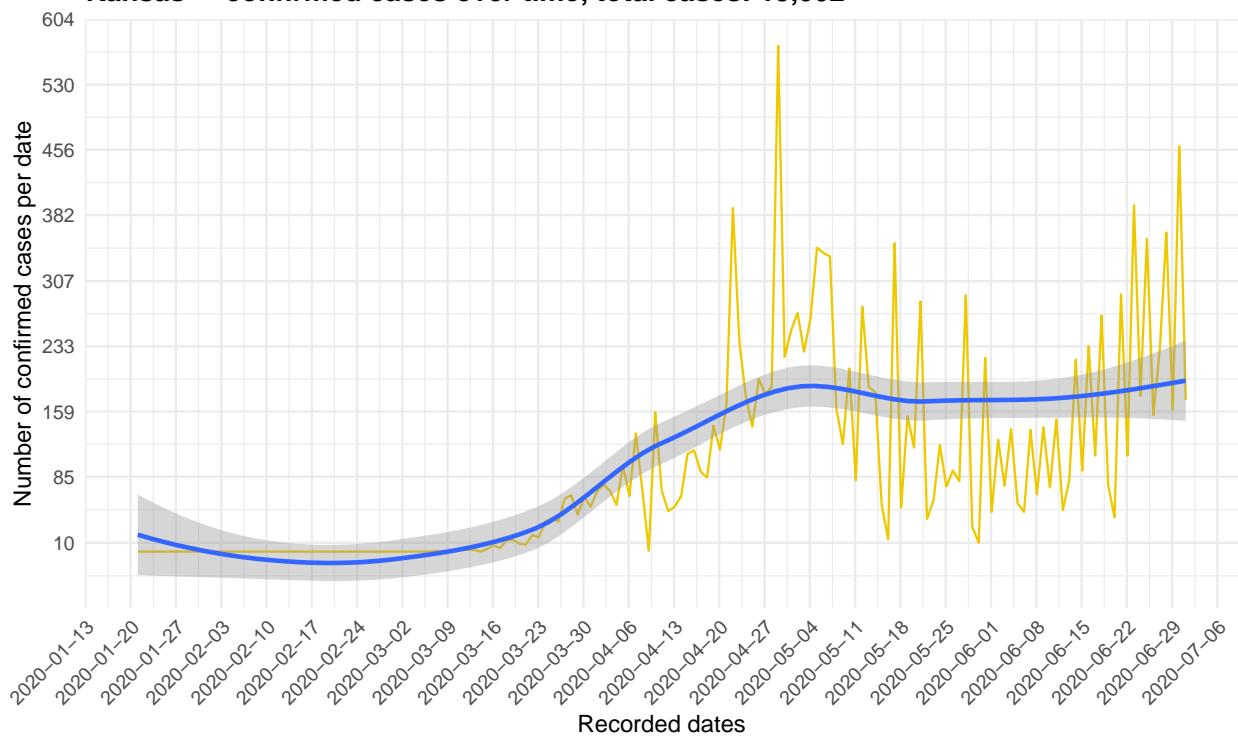

Iowa – confirmed cases over time, total cases: 30,259

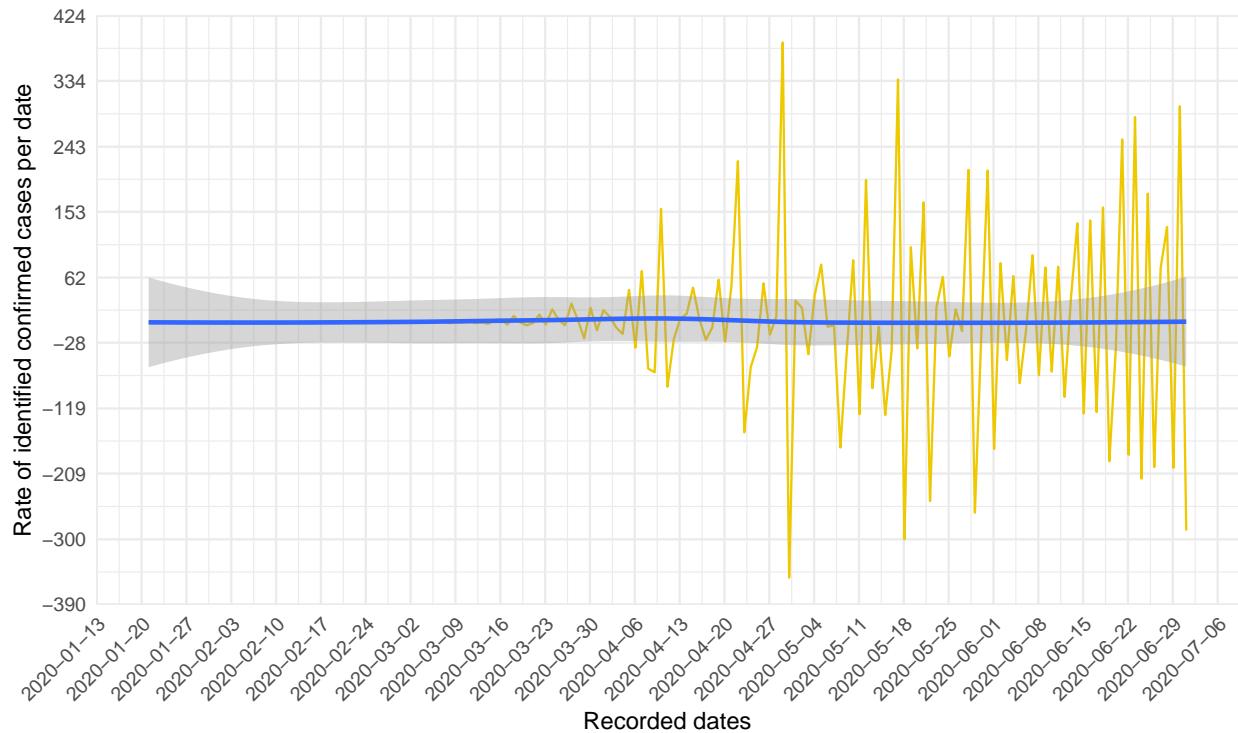

Iowa – rate of increase of confirmed cases over time

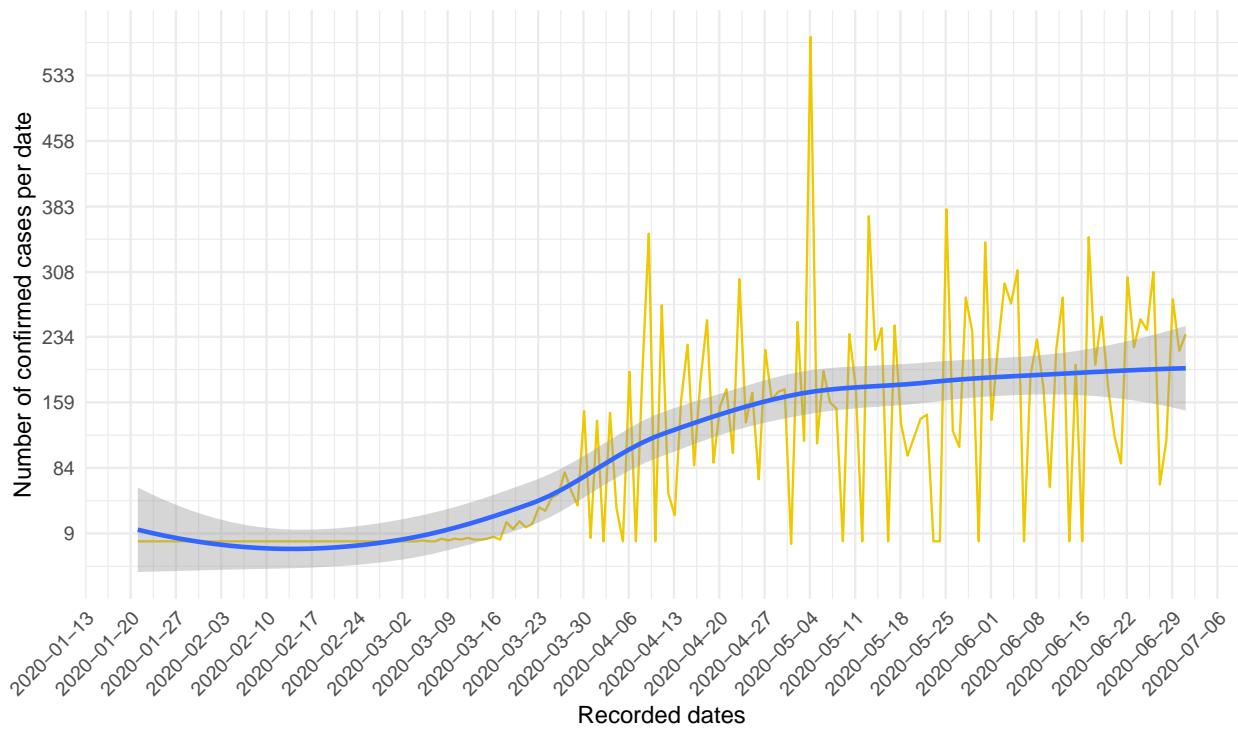

Kansas – confirmed cases over time, total cases: 15,002

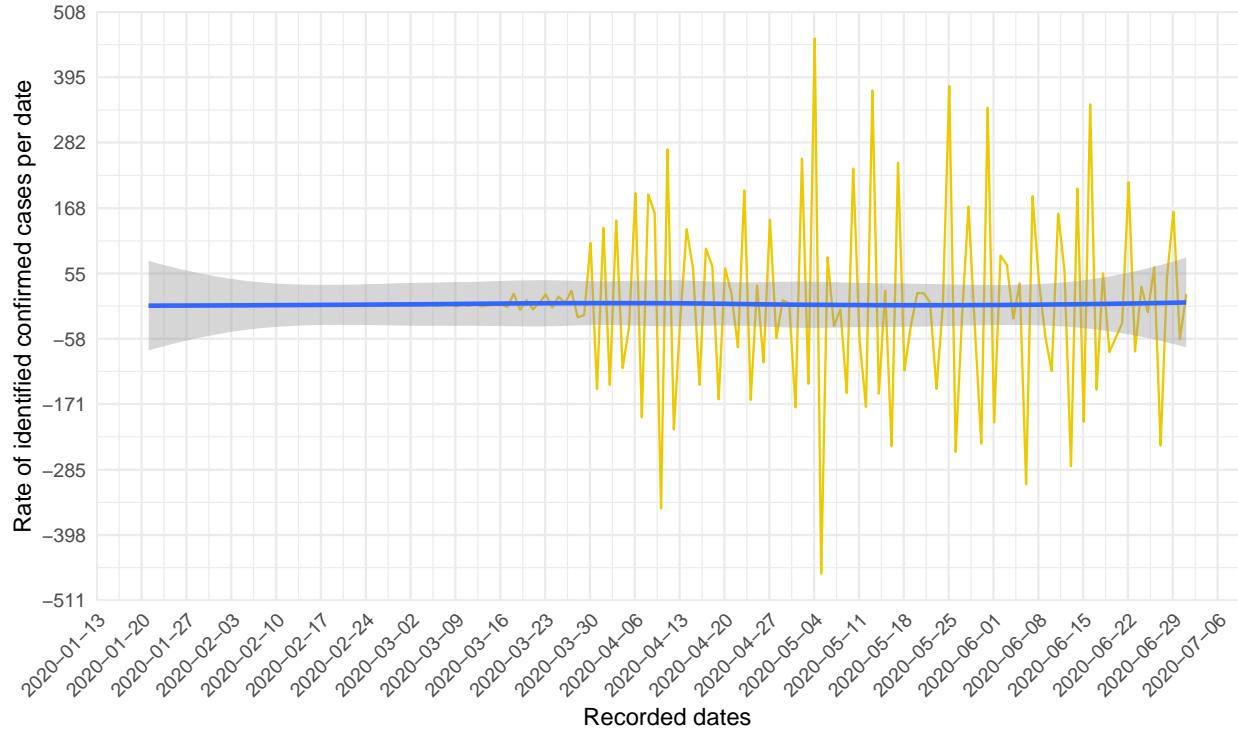

Kansas – rate of increase of confirmed cases over time

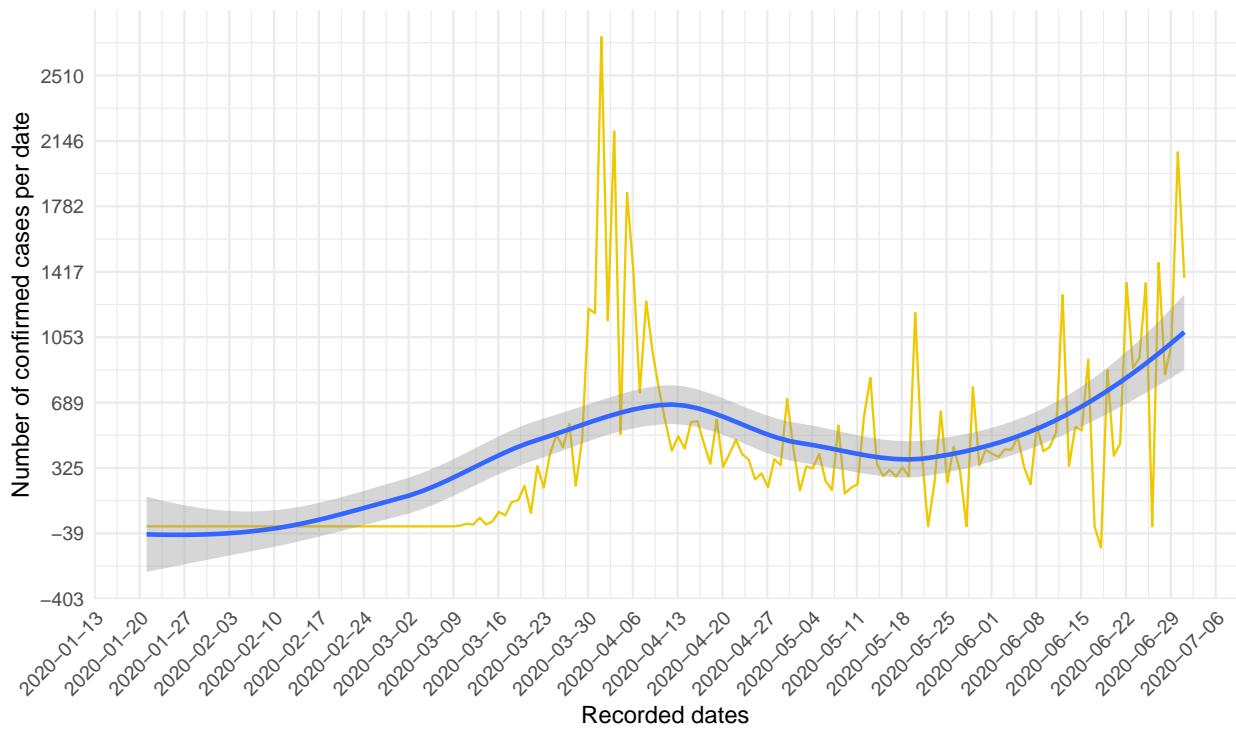

Kentucky – confirmed cases over time, total cases: 16,079

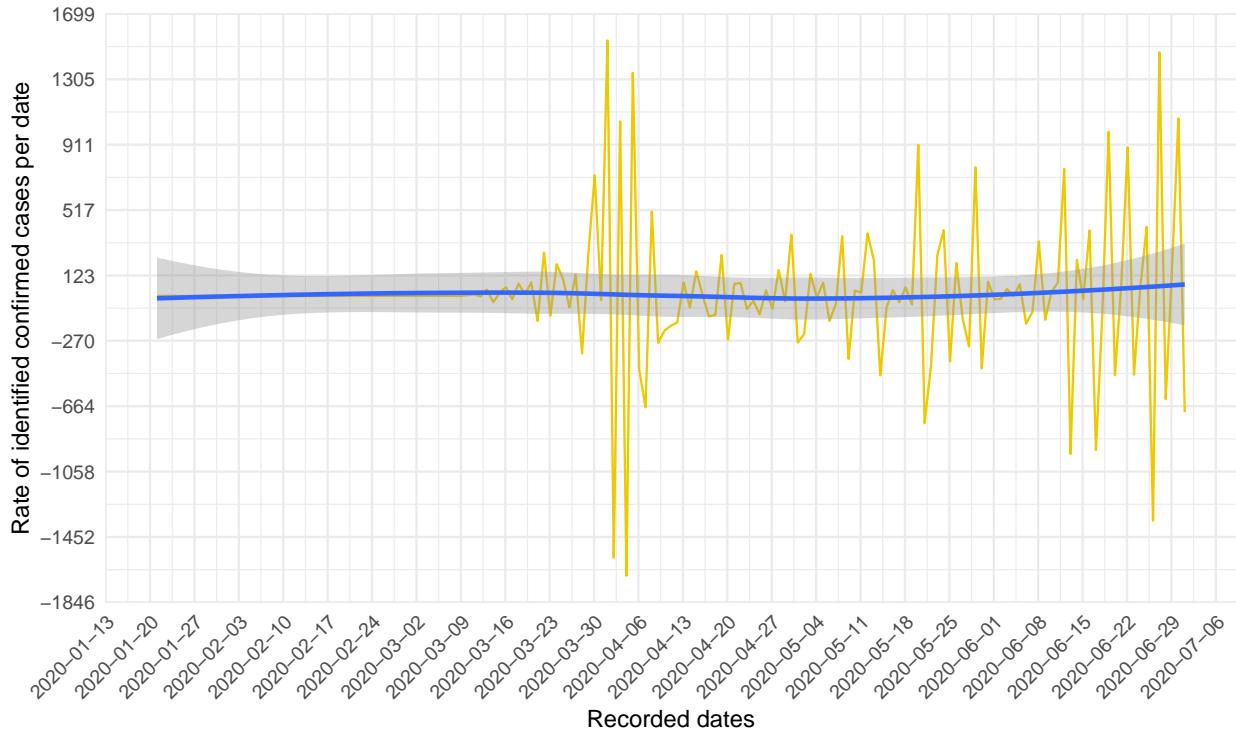

Kentucky – rate of increase of confirmed cases over time

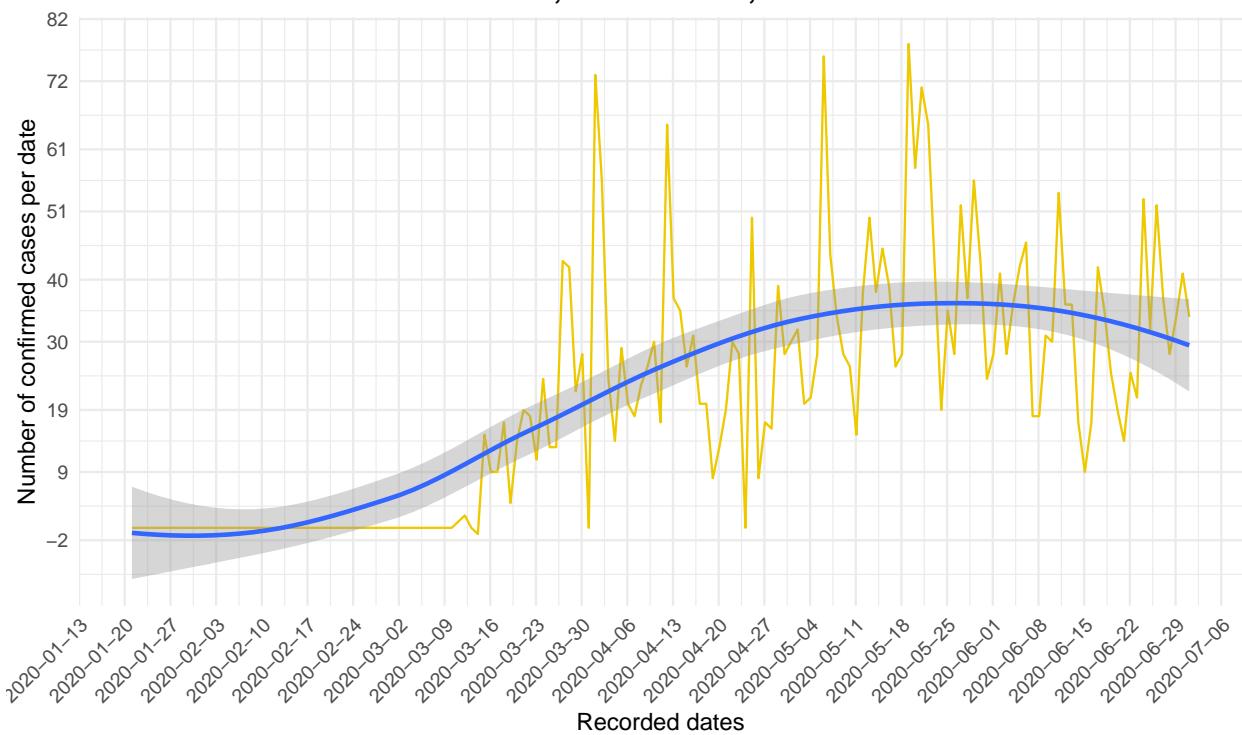

Louisiana – confirmed cases over time, total cases: 61,561

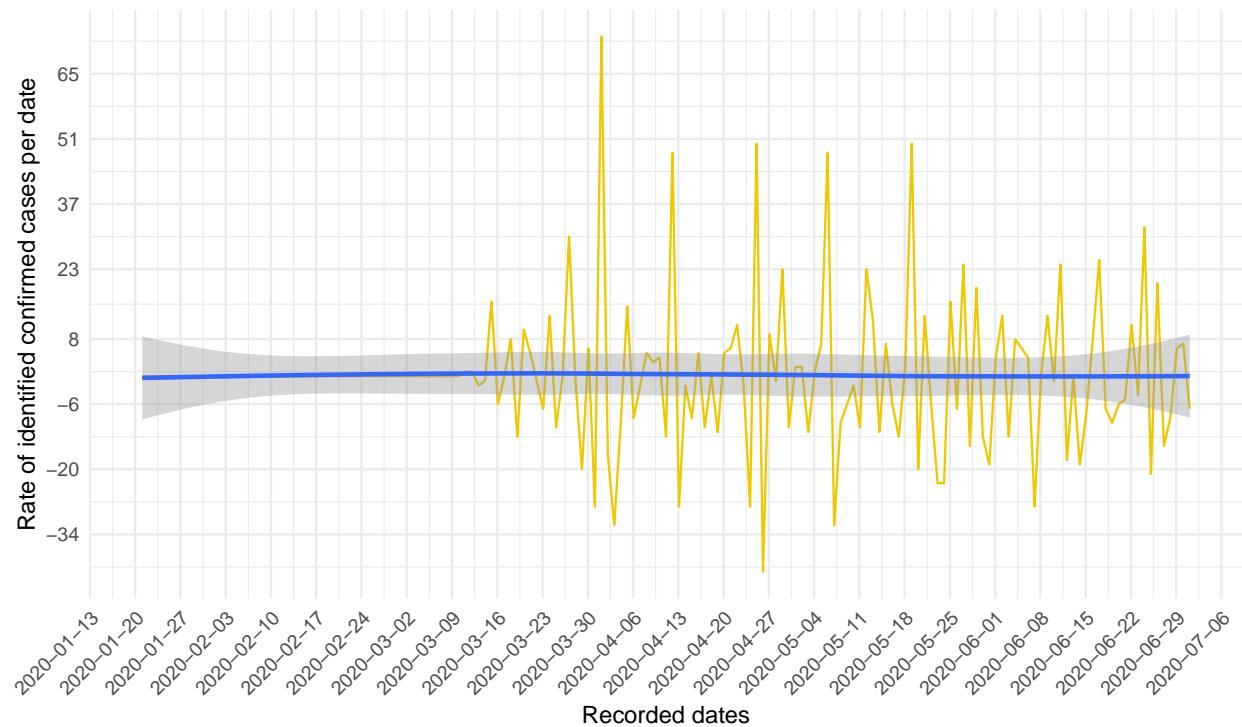

Louisiana – rate of increase of confirmed cases over time

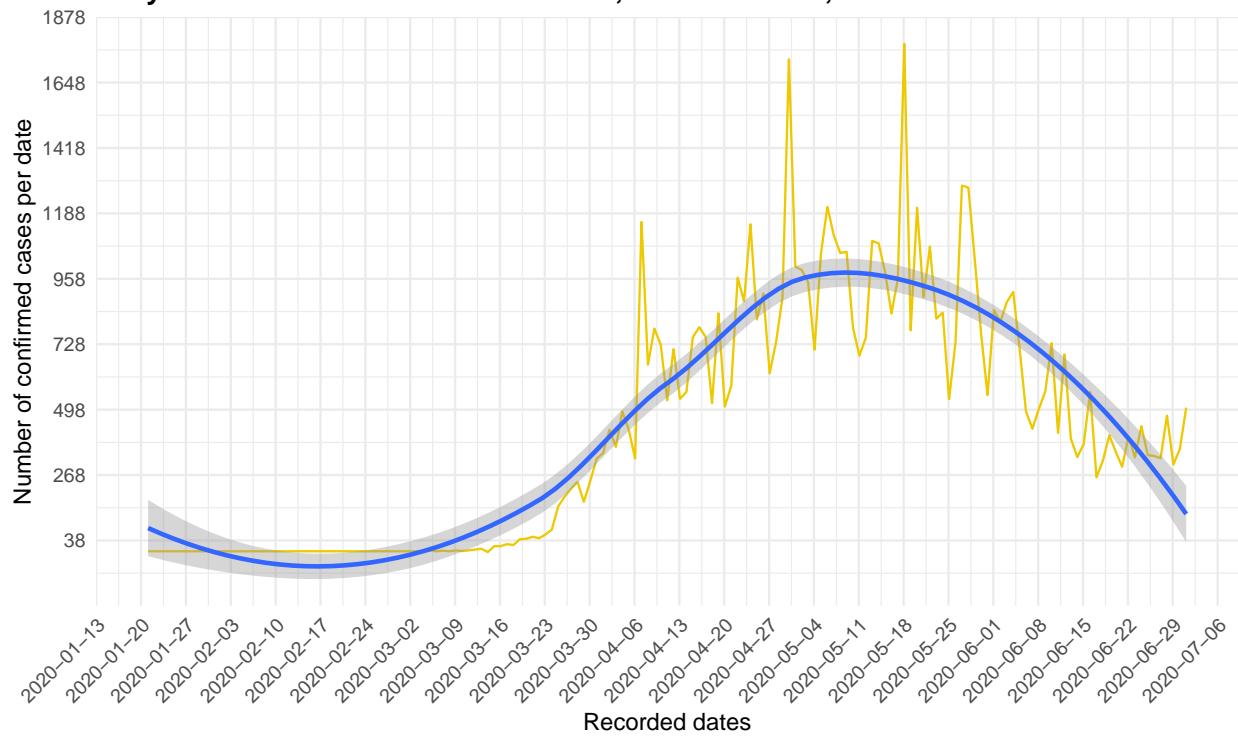

Maine – confirmed cases over time, total cases: 3,328

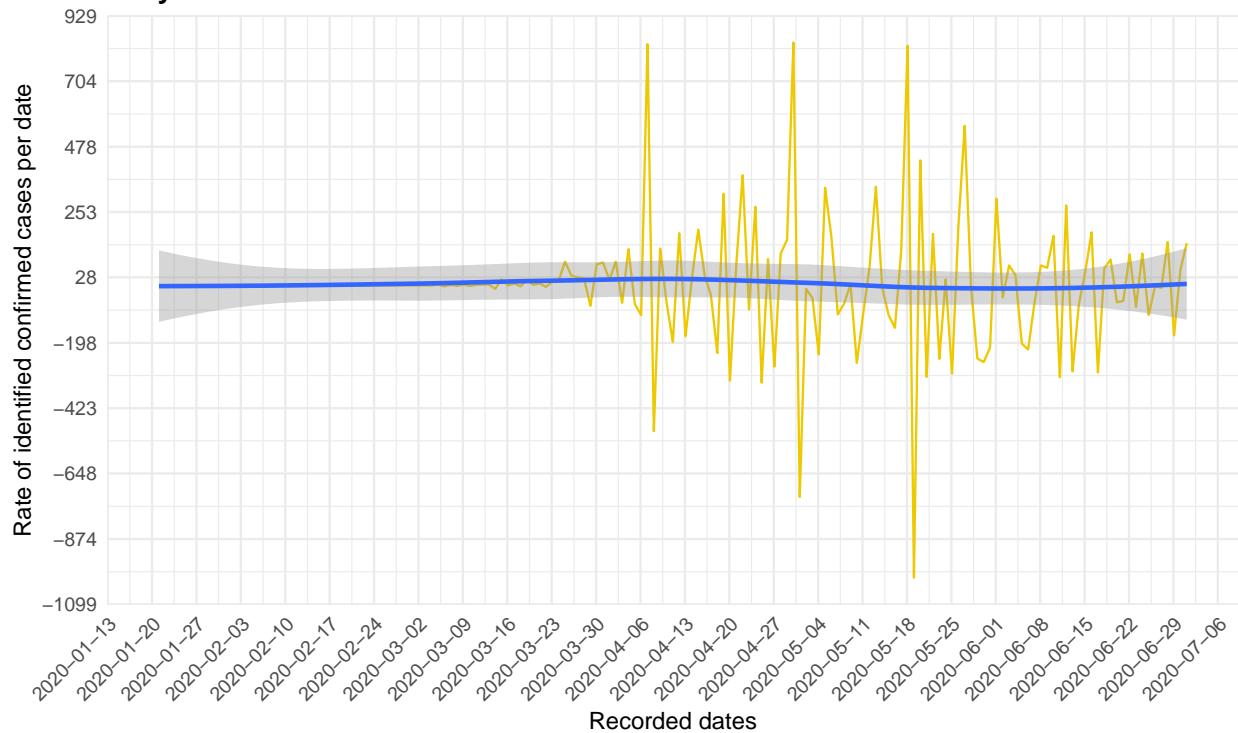

Maine – rate of increase of confirmed cases over time

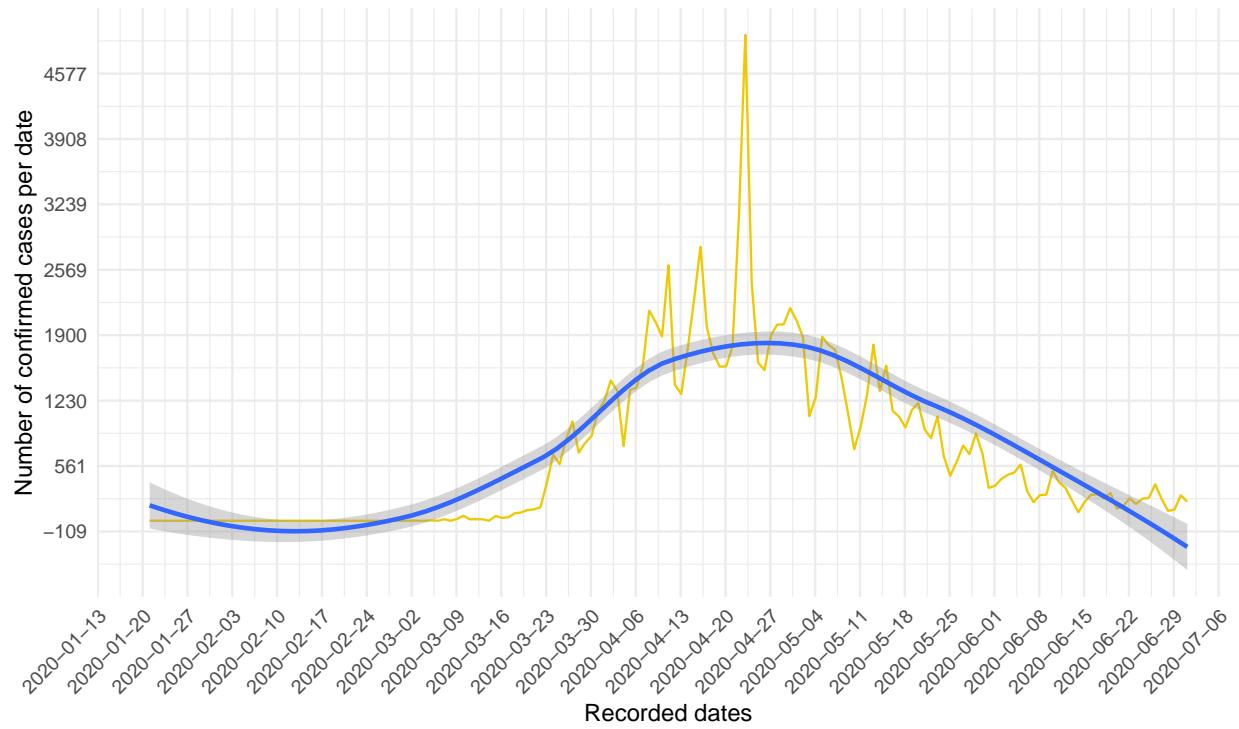

Maryland – confirmed cases over time, total cases: 68,423

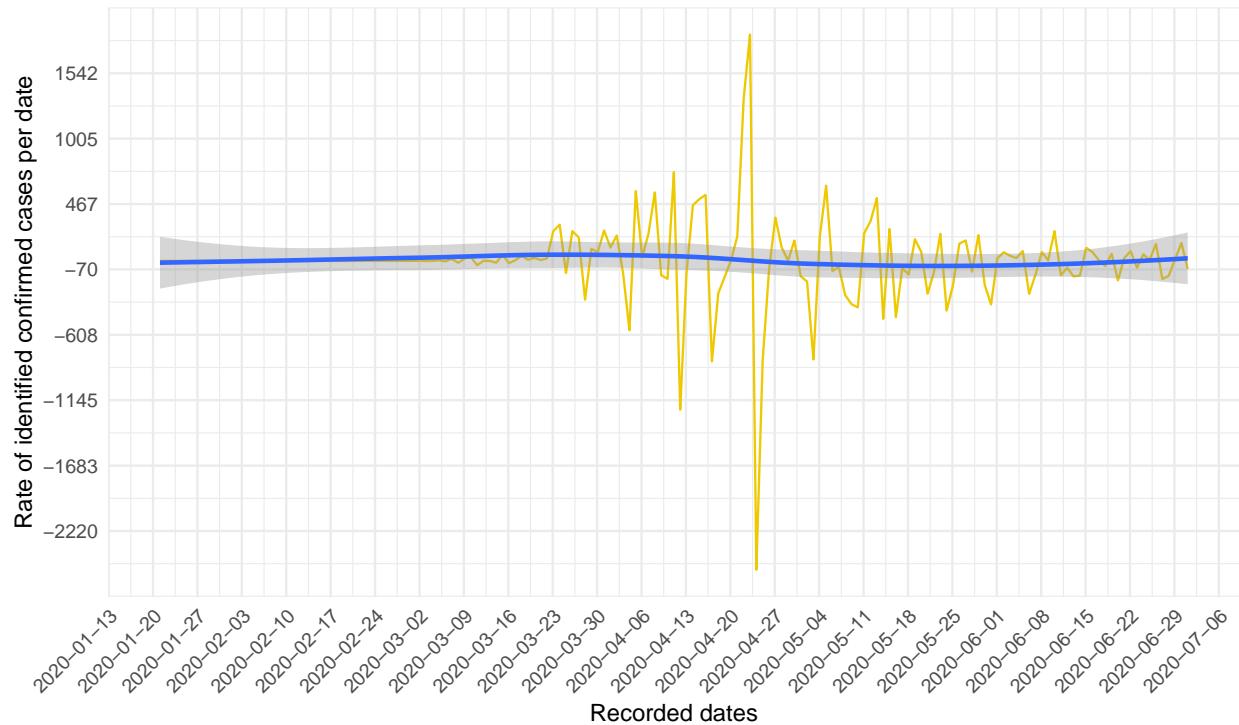

Maryland – rate of increase of confirmed cases over time

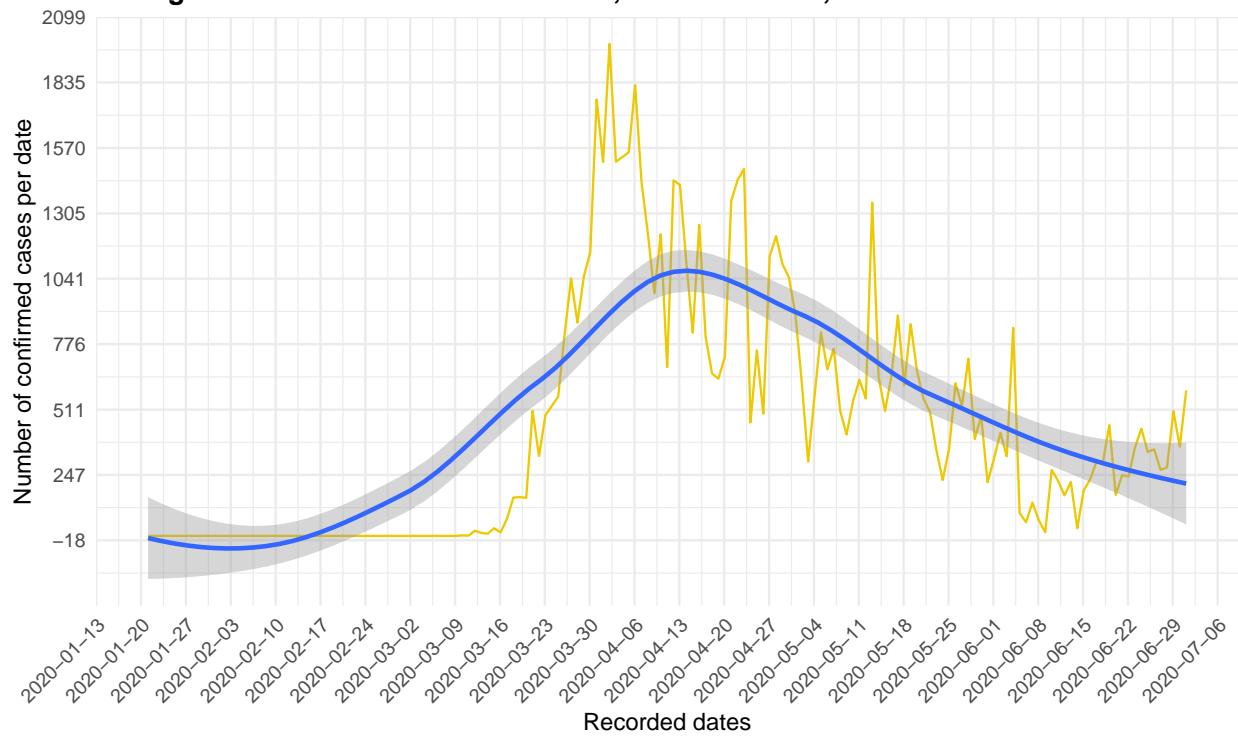

Massachusetts – confirmed cases over time, total cases: 109,338

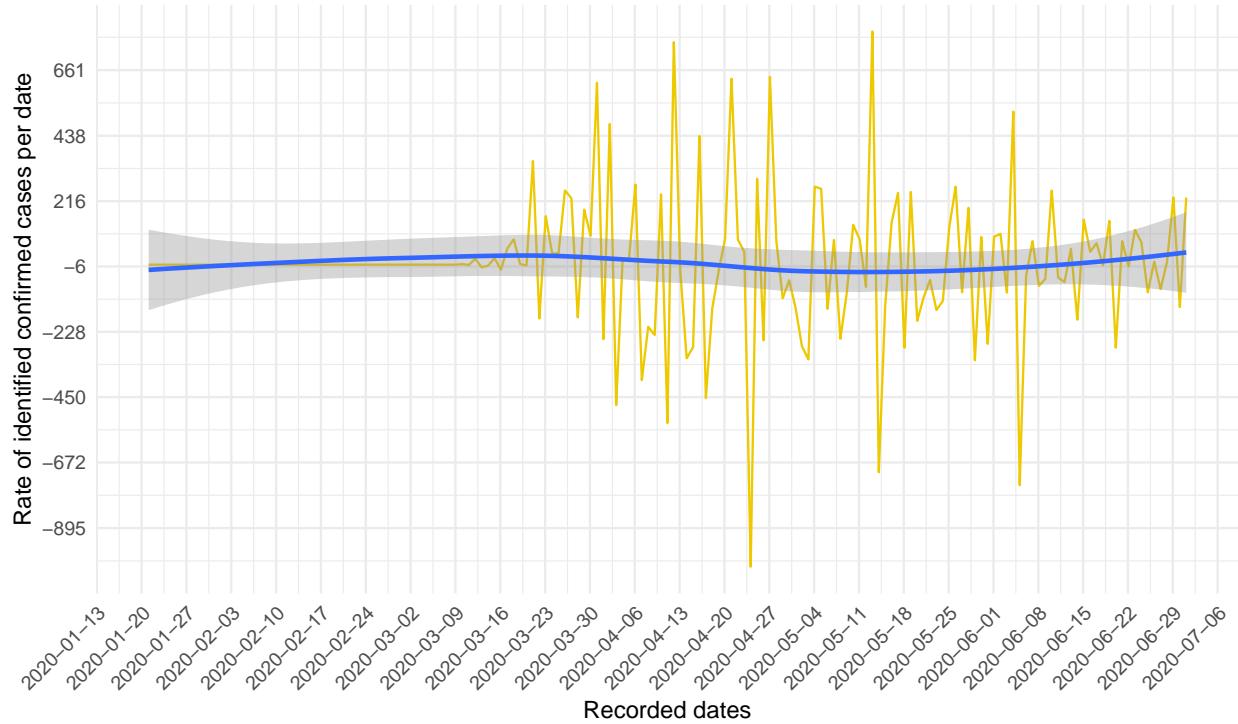

Massachusetts – rate of increase of confirmed cases over time

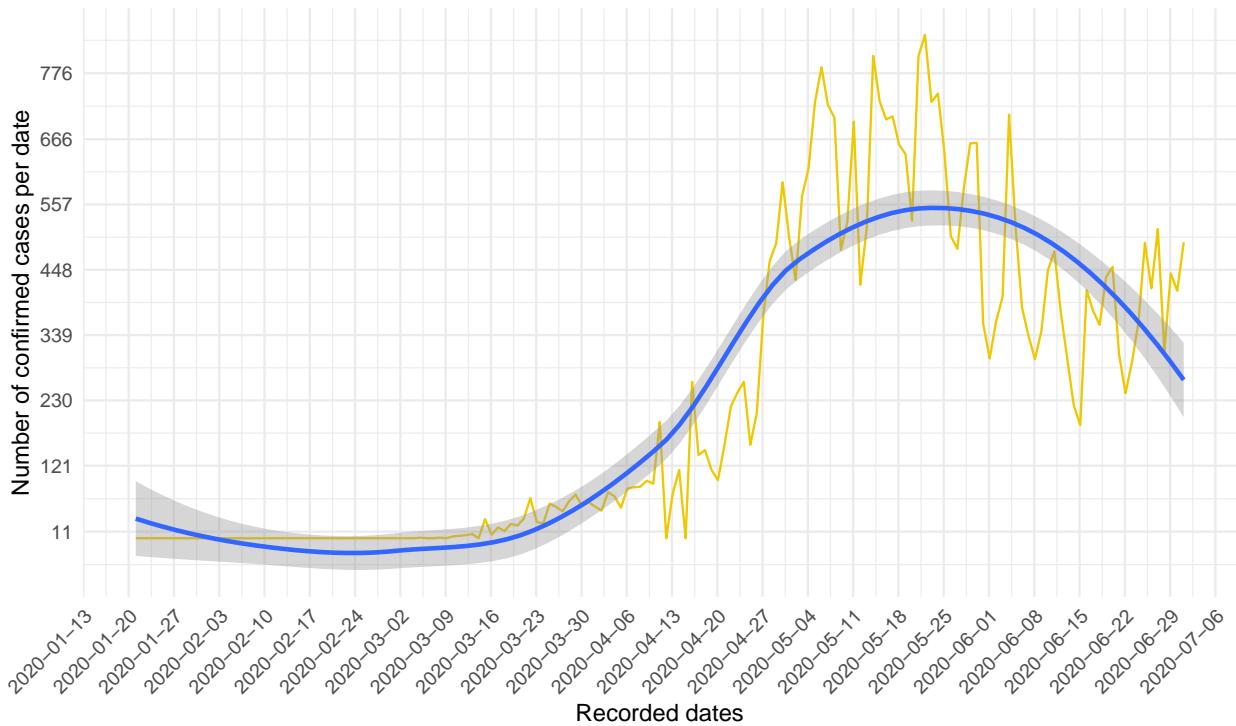

Michigan – confirmed cases over time, total cases: 71,678

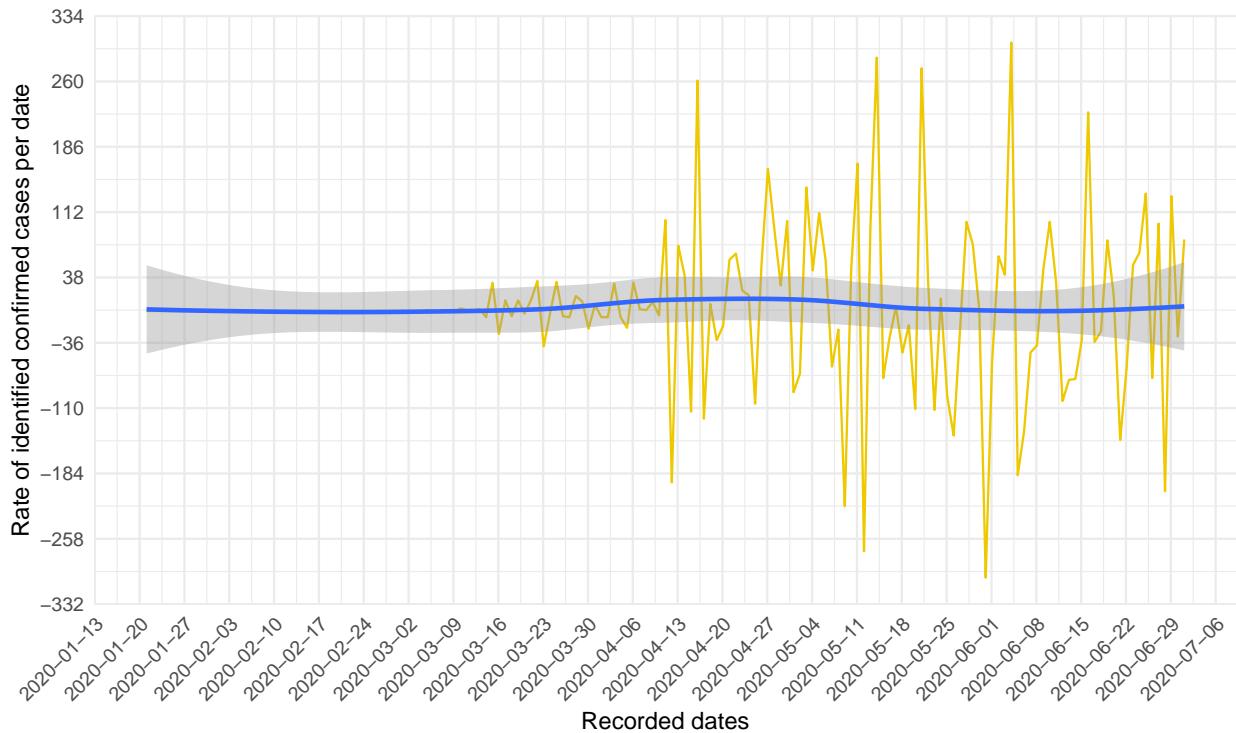

Michigan – rate of increase of confirmed cases over time

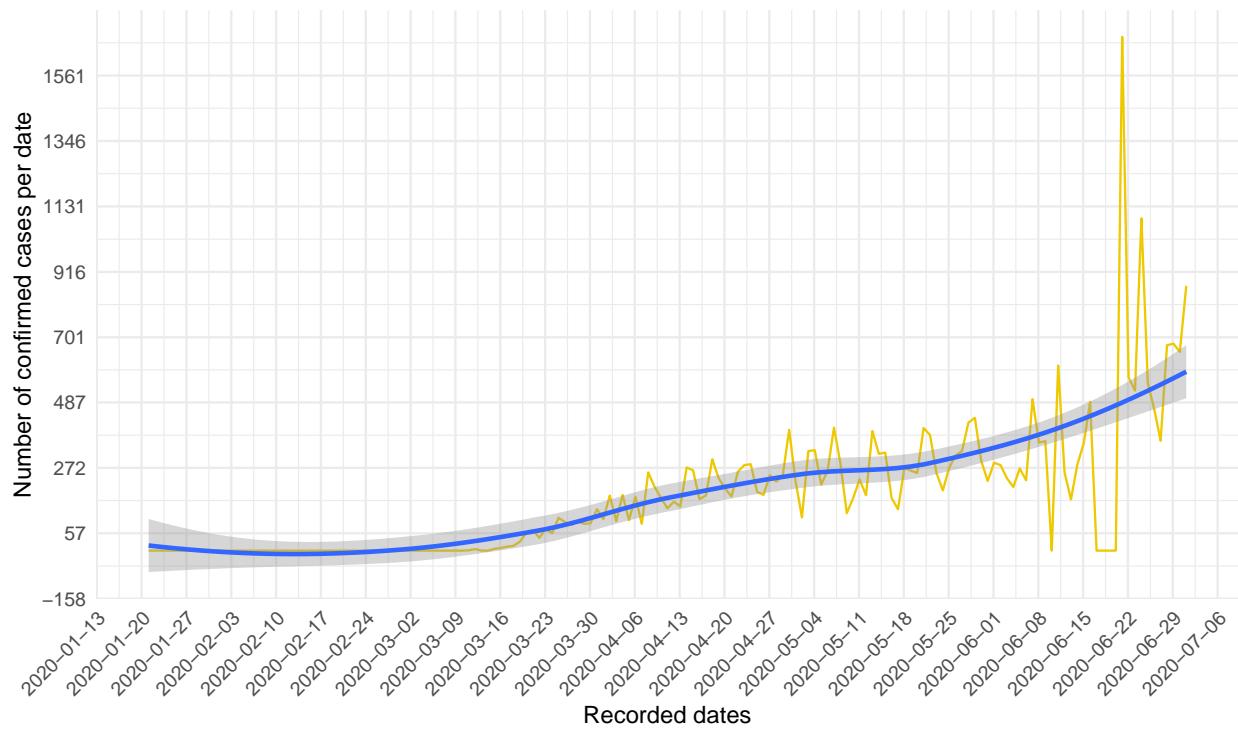

Minnesota – confirmed cases over time, total cases: 37,210

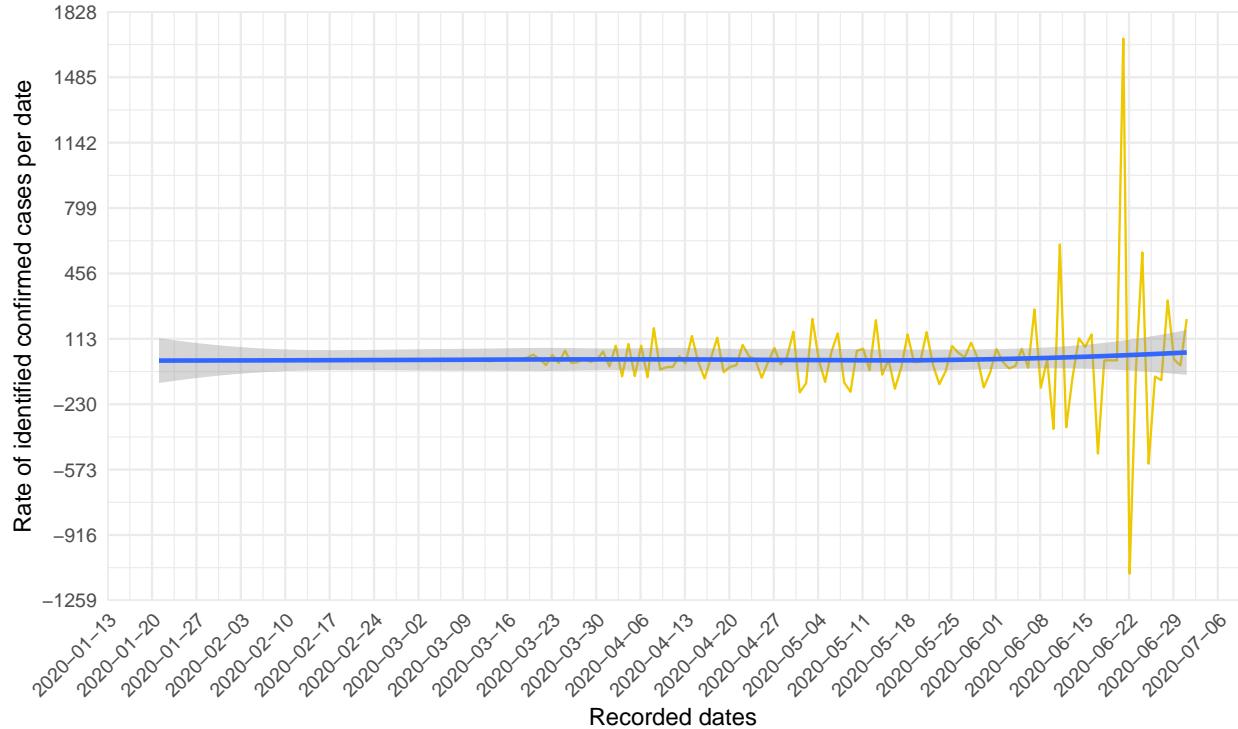

Minnesota – rate of increase of confirmed cases over time

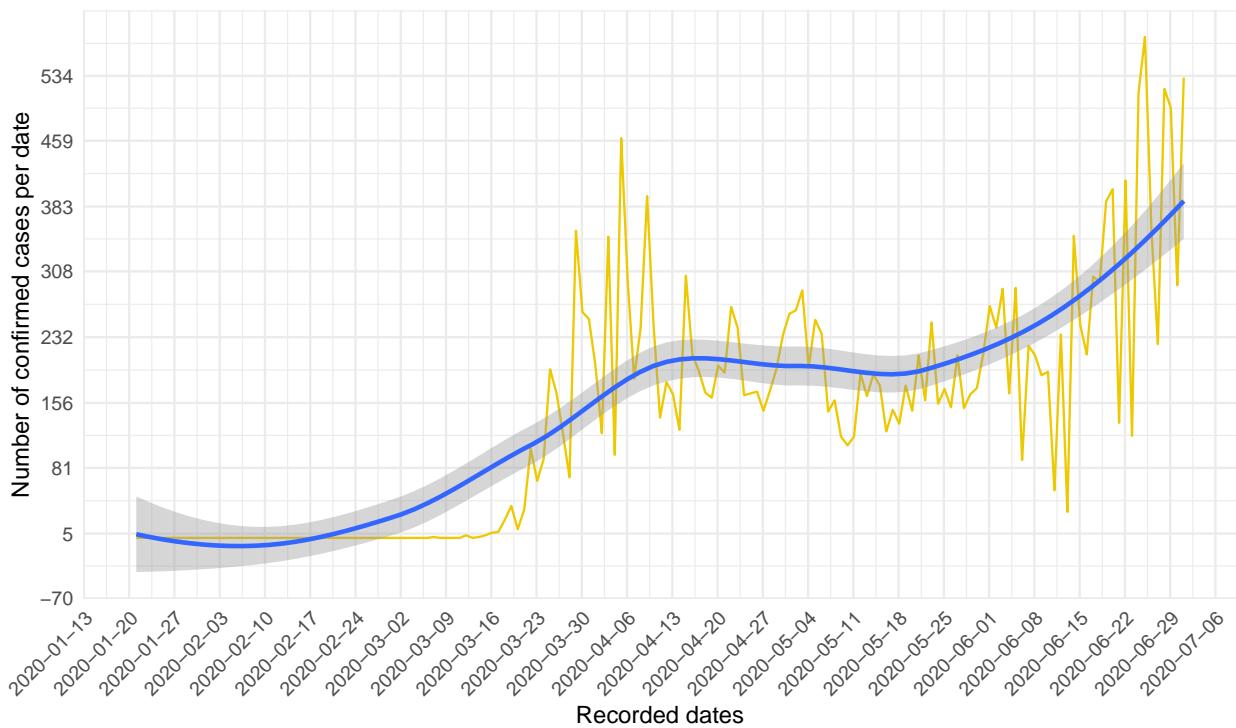

Mississippi – confirmed cases over time, total cases: 28,770

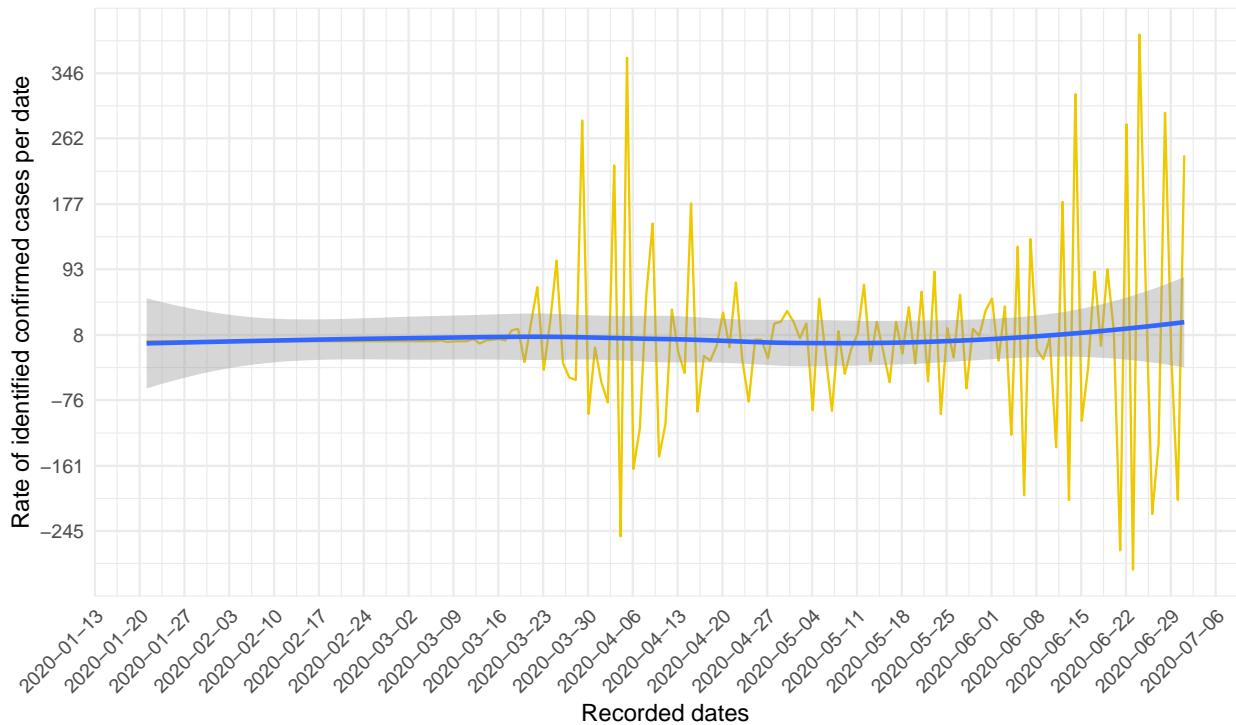

Mississippi – rate of increase of confirmed cases over time

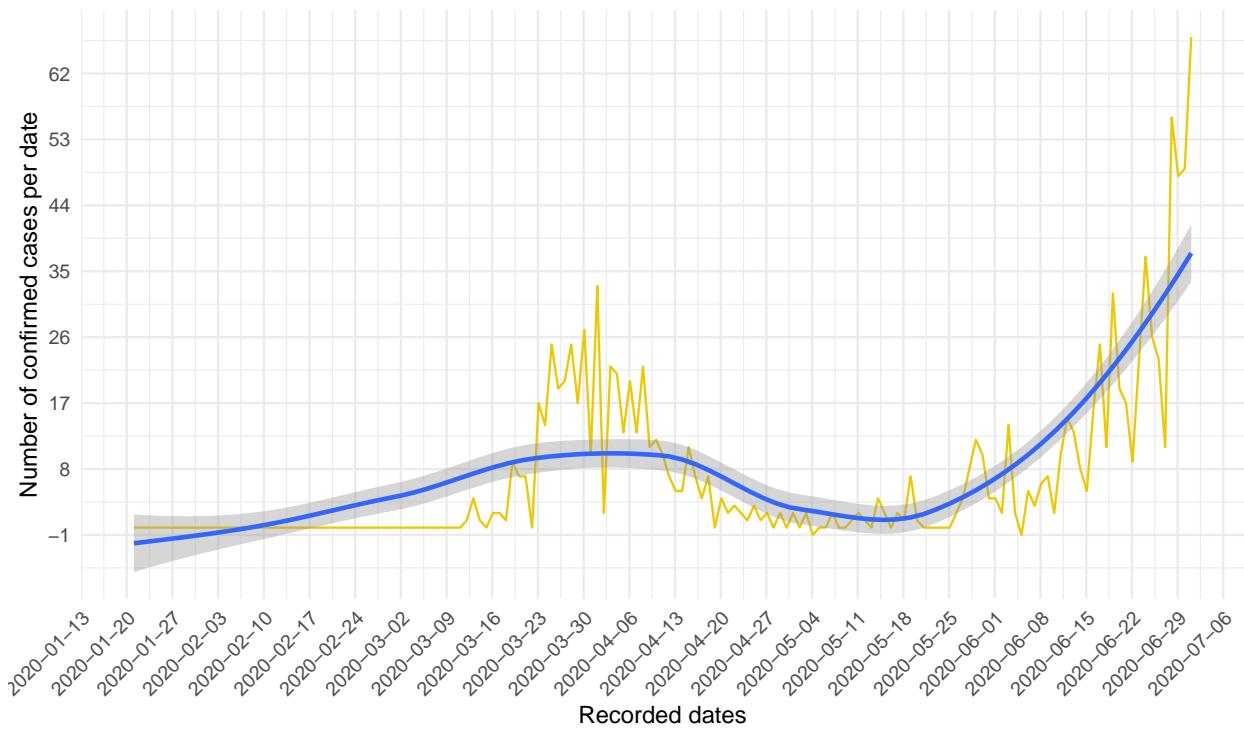

Missouri – confirmed cases over time, total cases: 22,636

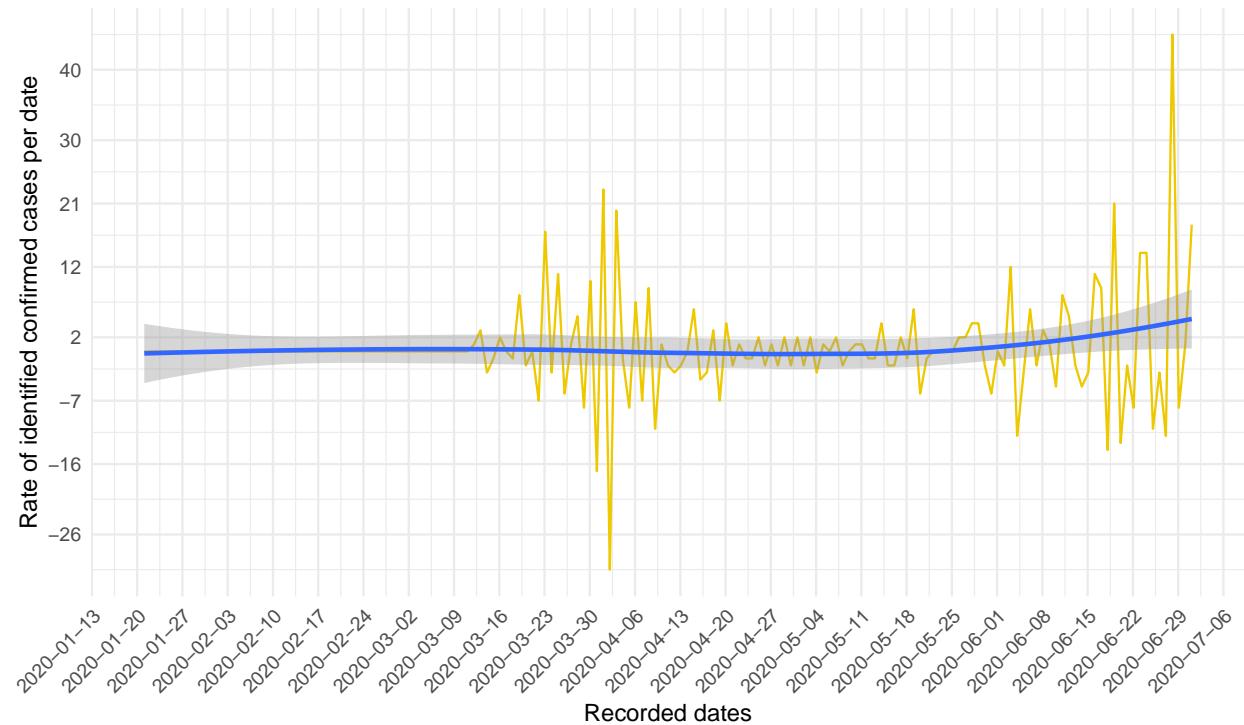

Missouri – rate of increase of confirmed cases over time

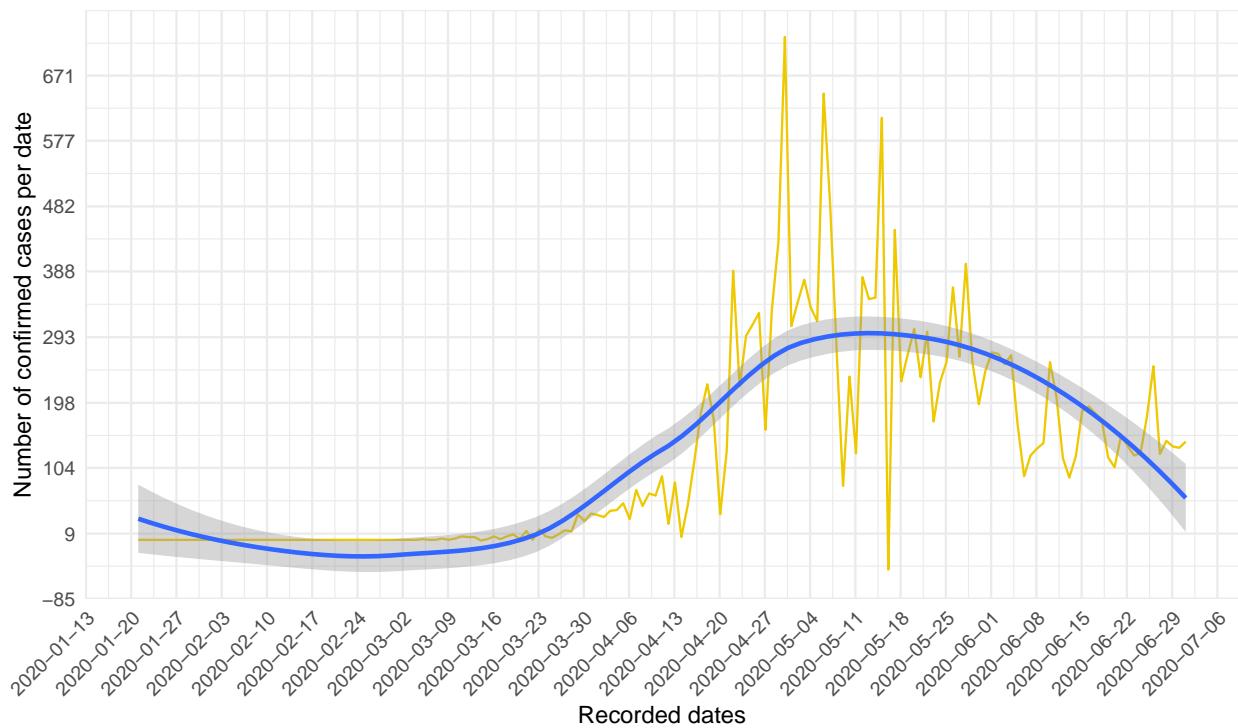

Montana – confirmed cases over time, total cases: 1,083

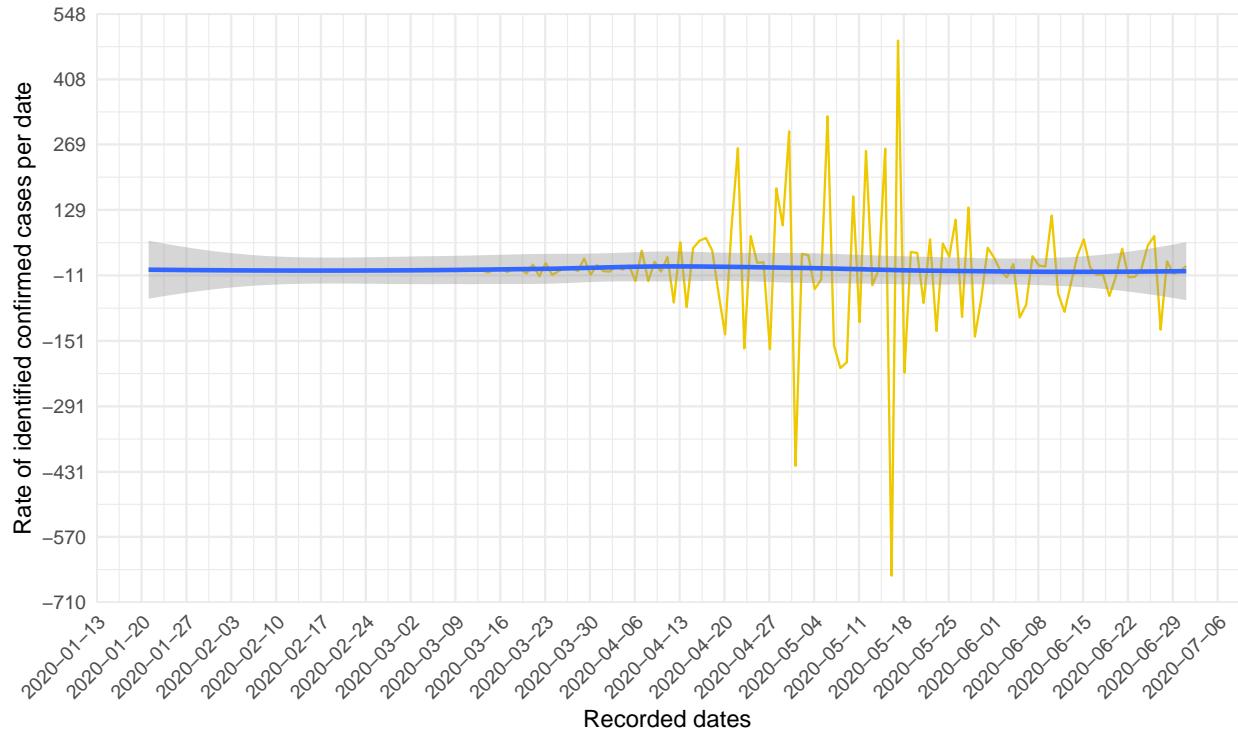

Montana – rate of increase of confirmed cases over time

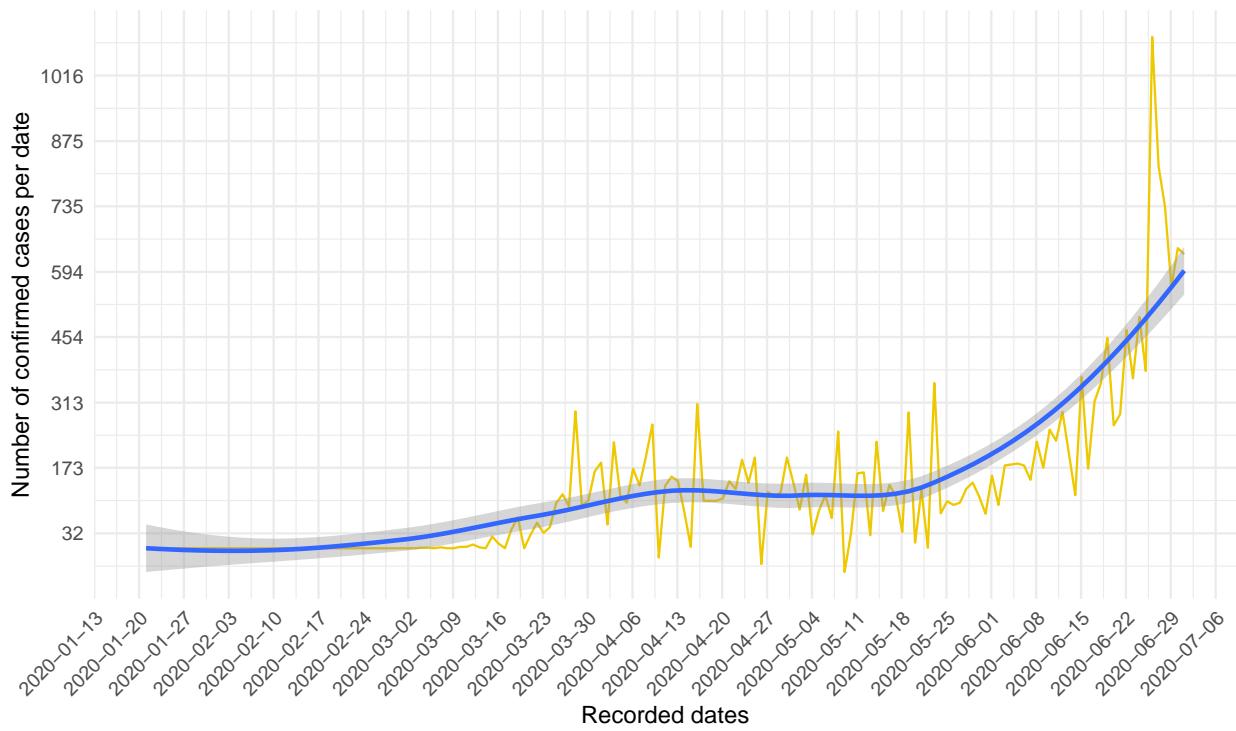

Nebraska – confirmed cases over time, total cases: 19,452

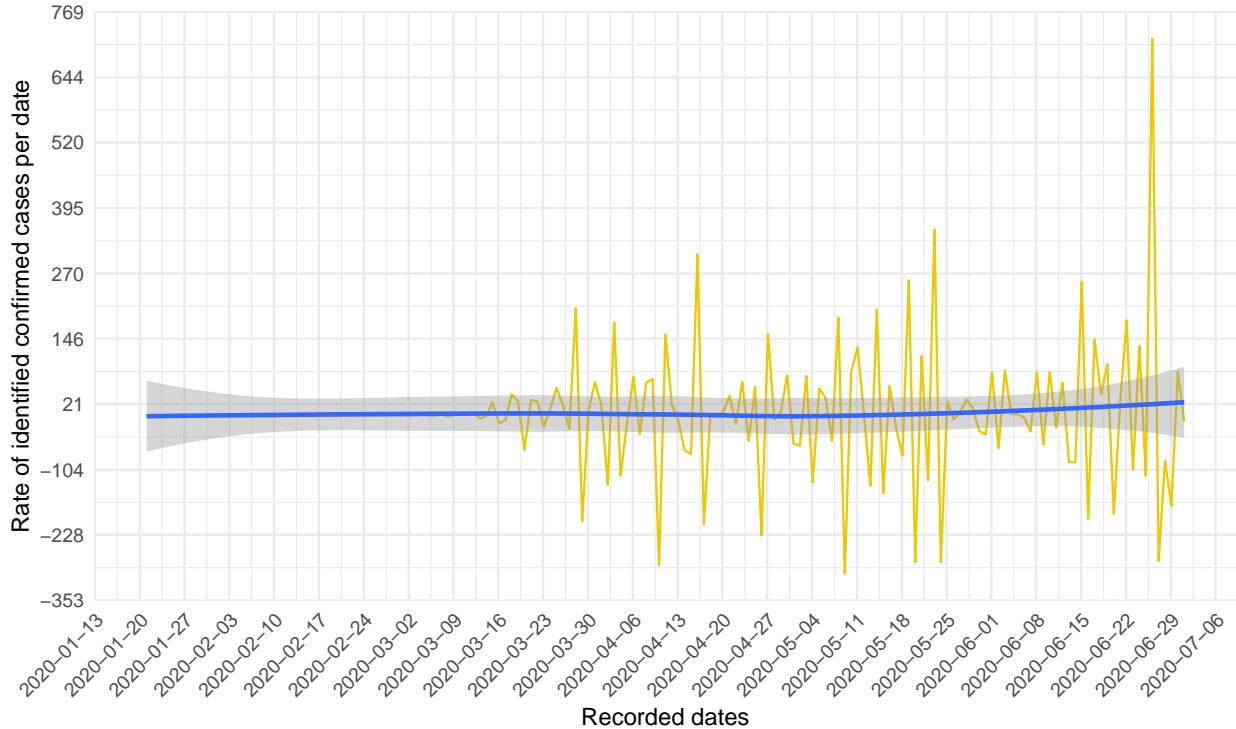

Nebraska – rate of increase of confirmed cases over time

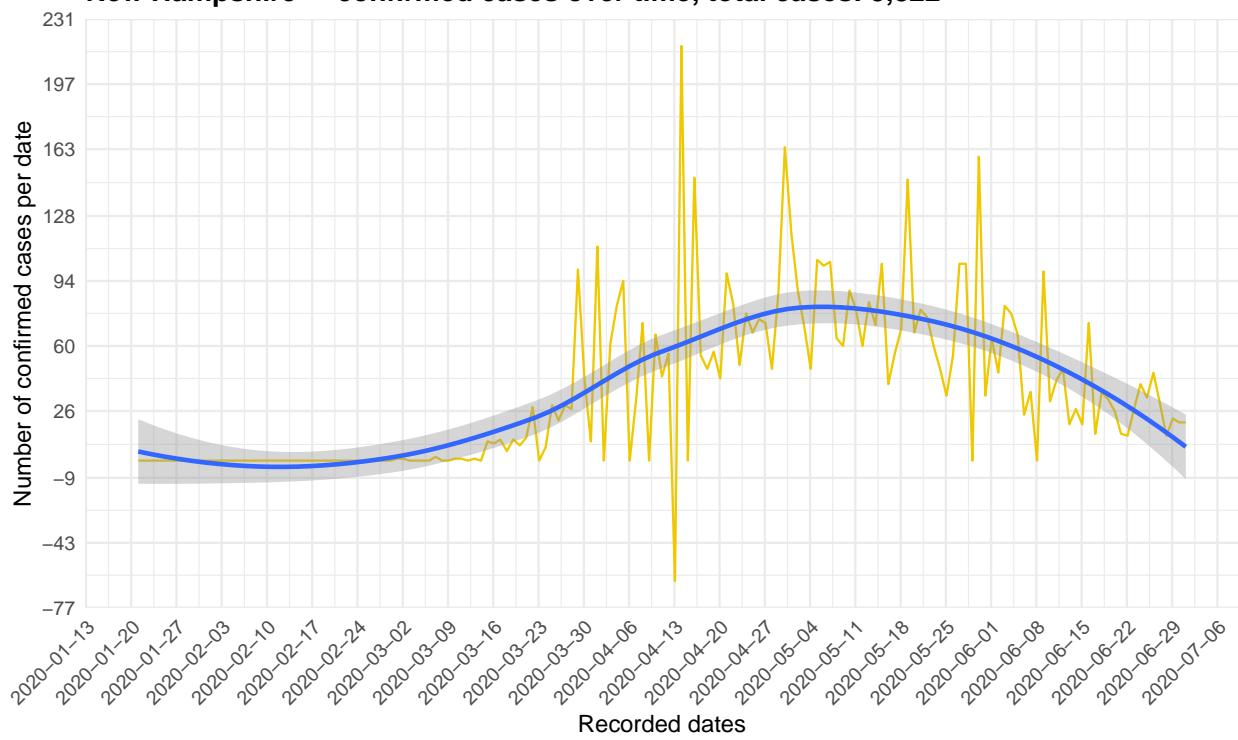

Nevada – confirmed cases over time, total cases: 19,733

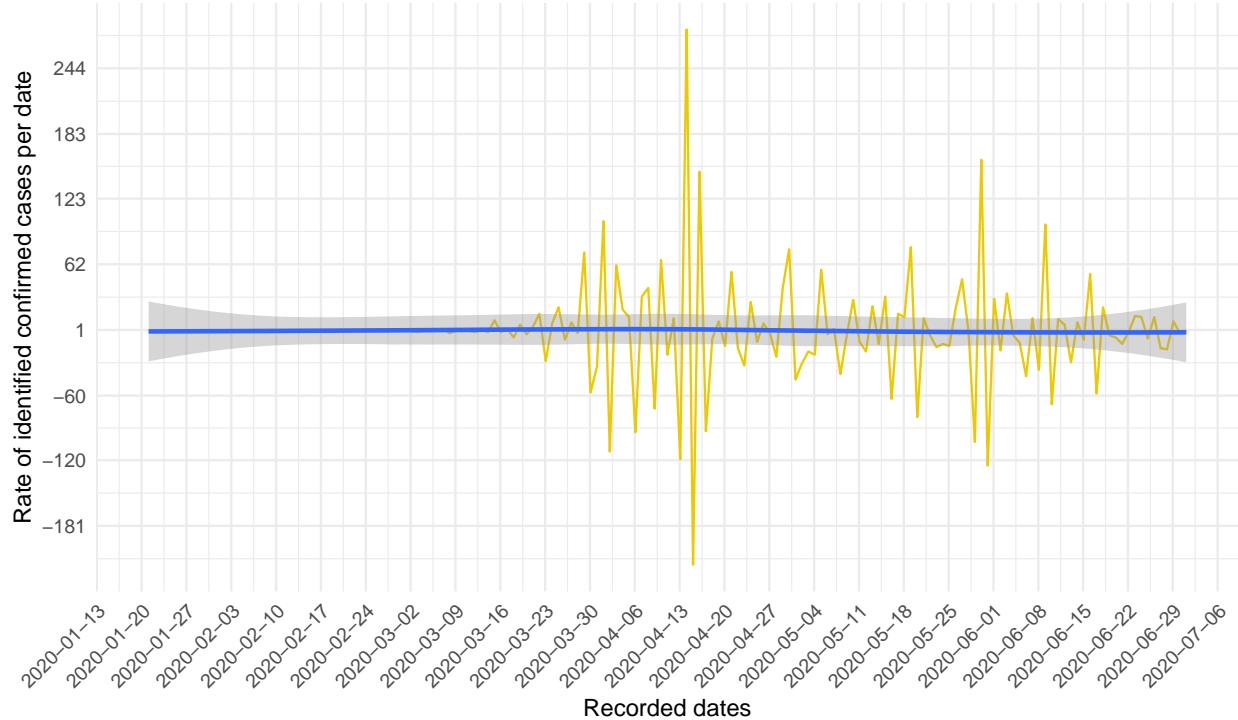

Nevada – rate of increase of confirmed cases over time

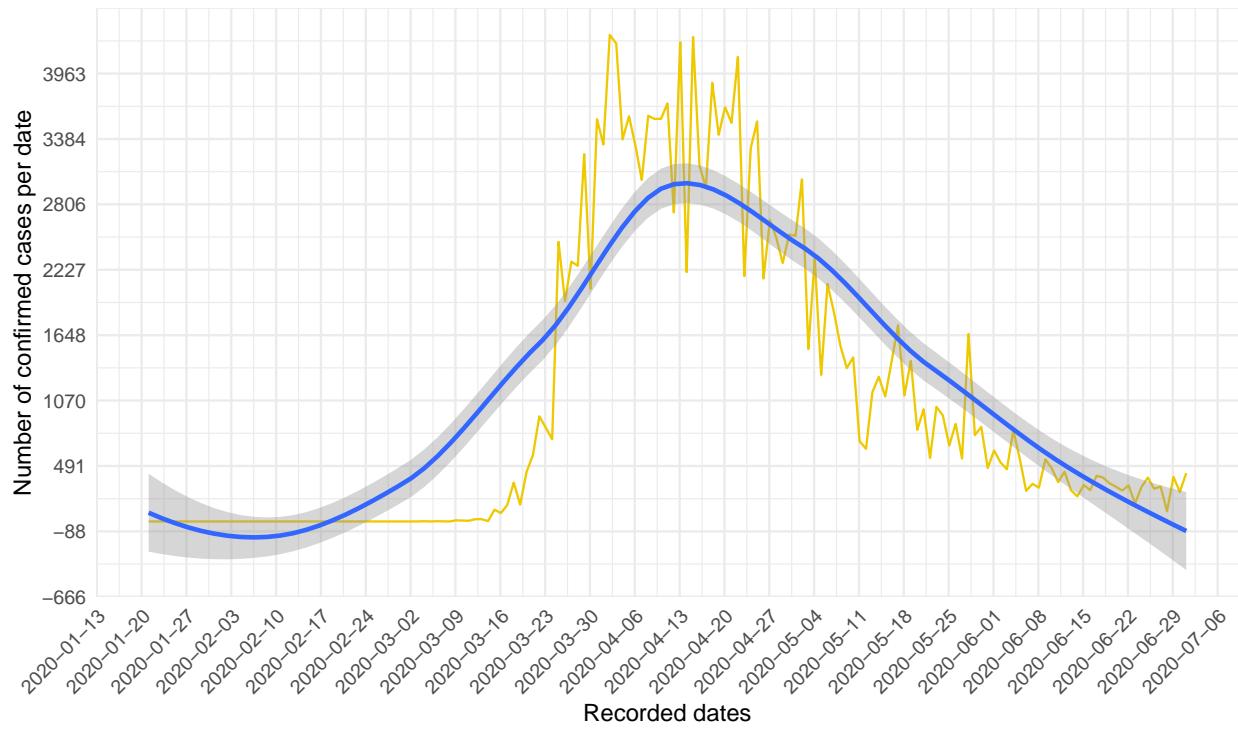

New Hampshire – confirmed cases over time, total cases: 5,822

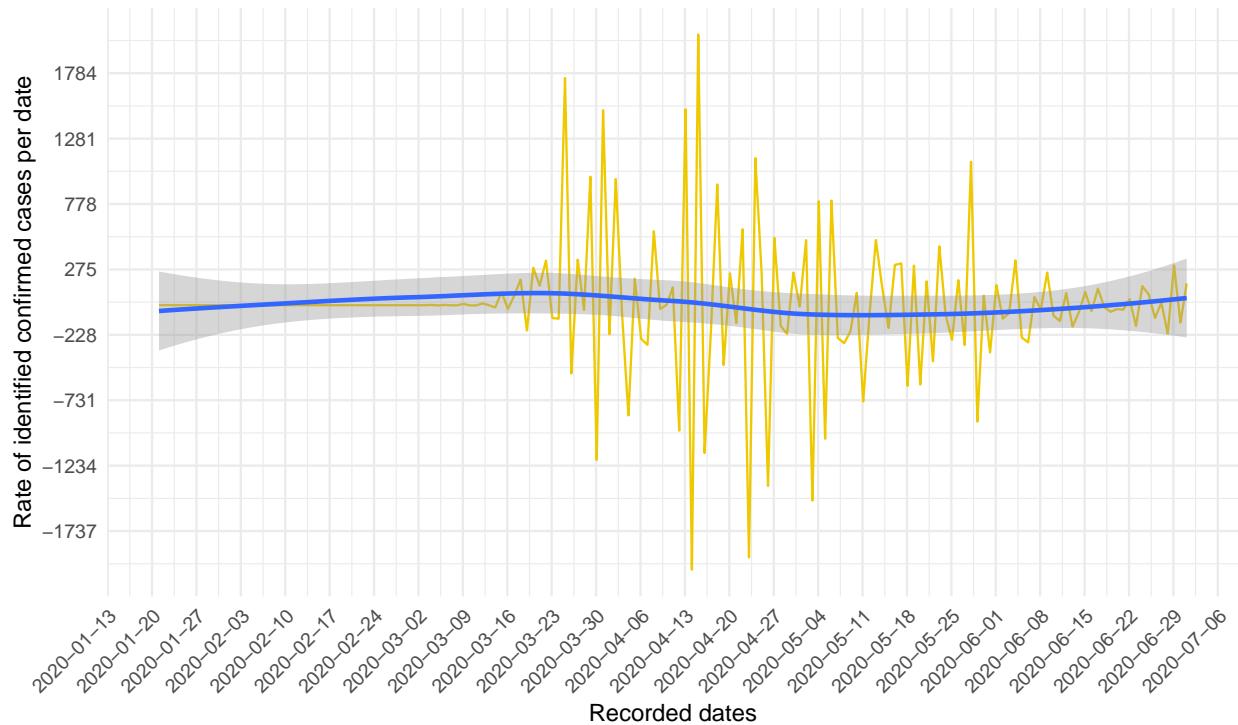

New Hampshire – rate of increase of confirmed cases over time

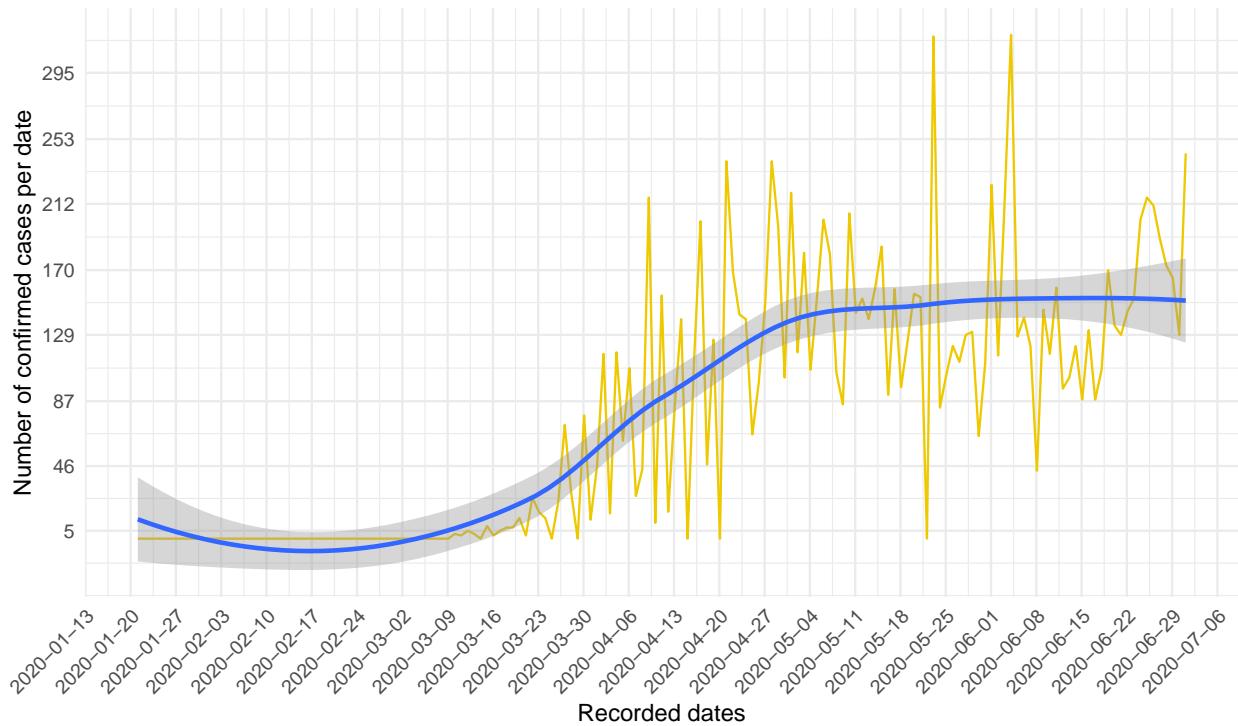

New Jersey – confirmed cases over time, total cases: 172,356

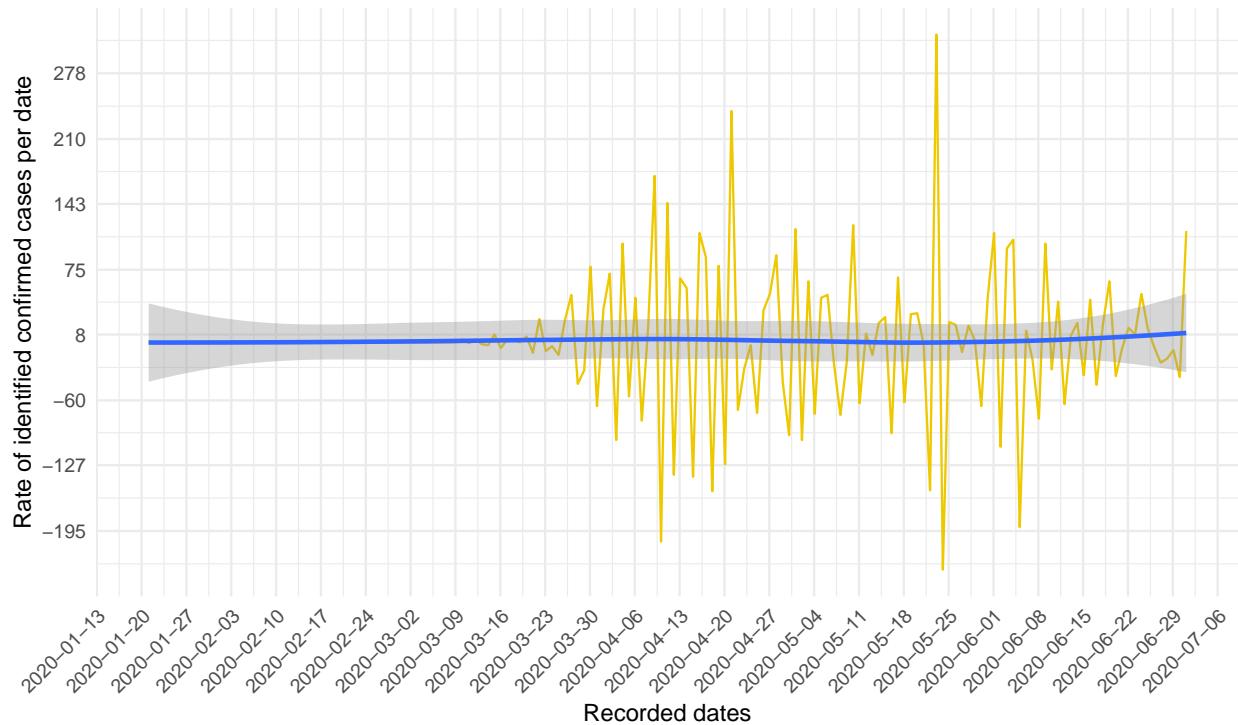

New Jersey – rate of increase of confirmed cases over time

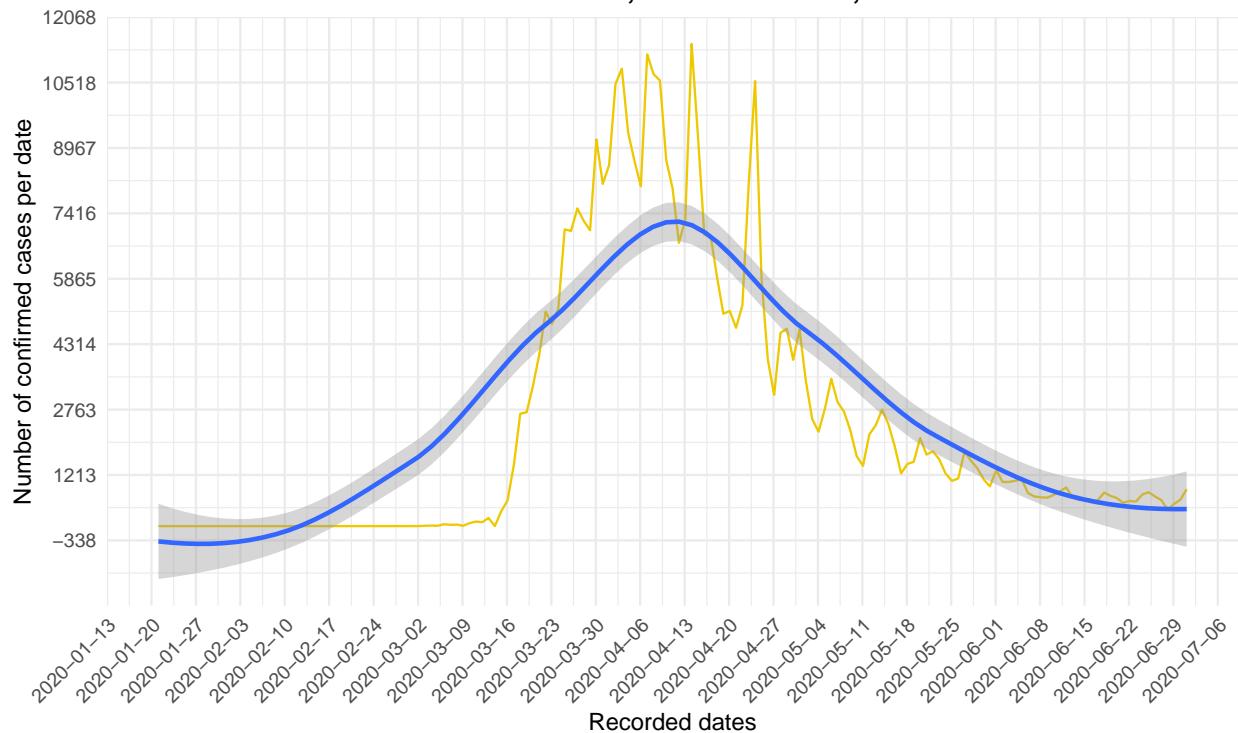

New Mexico – confirmed cases over time, total cases: 12,520

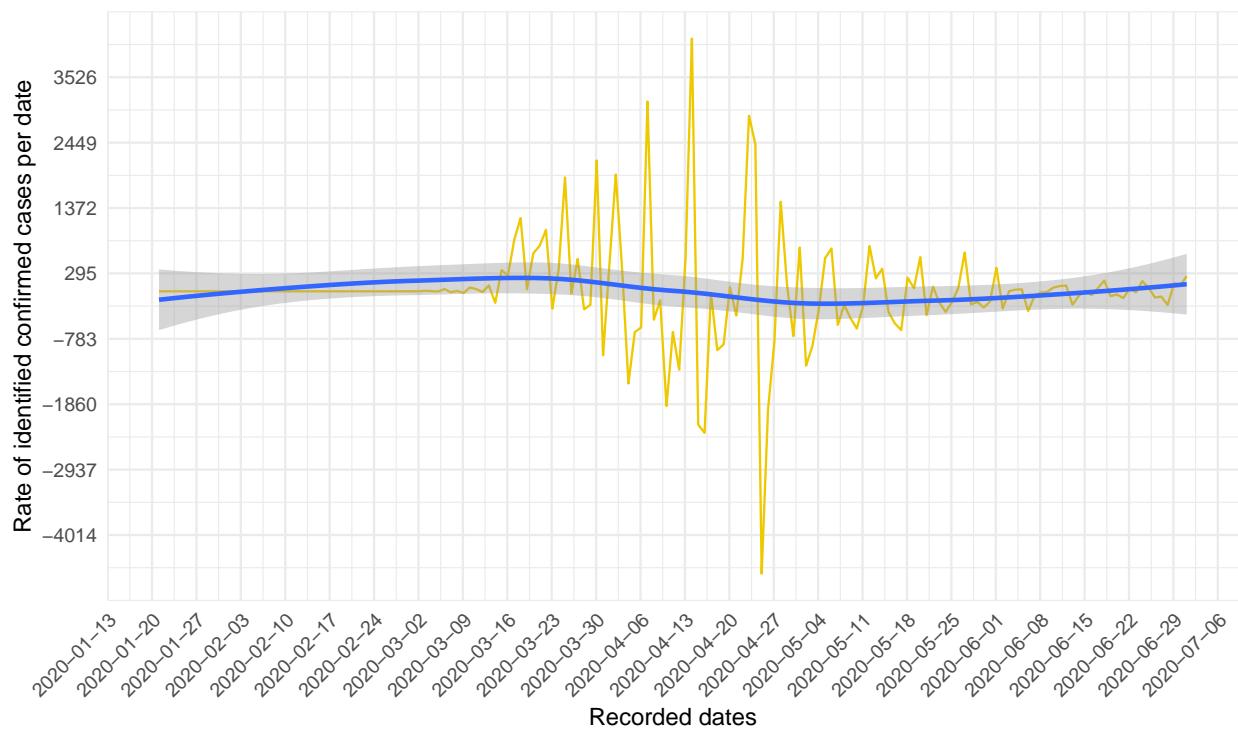

New Mexico – rate of increase of confirmed cases over time

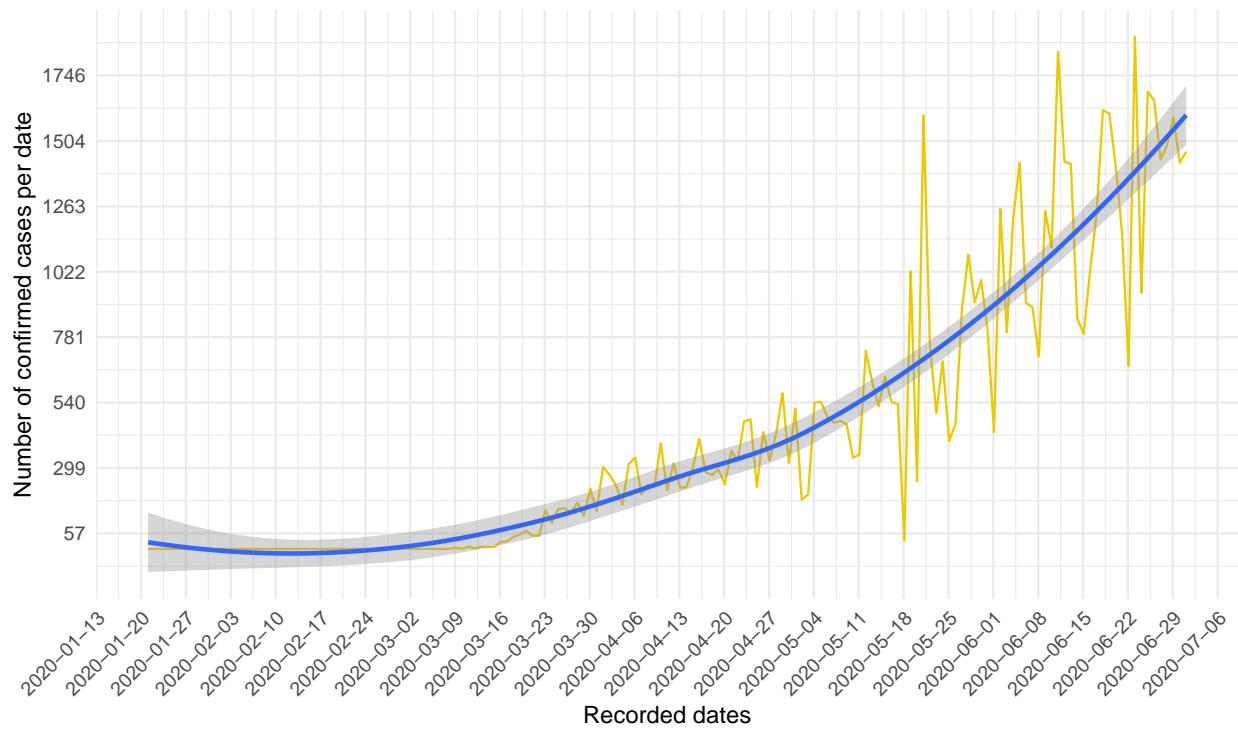

New York – confirmed cases over time, total cases: 394,954

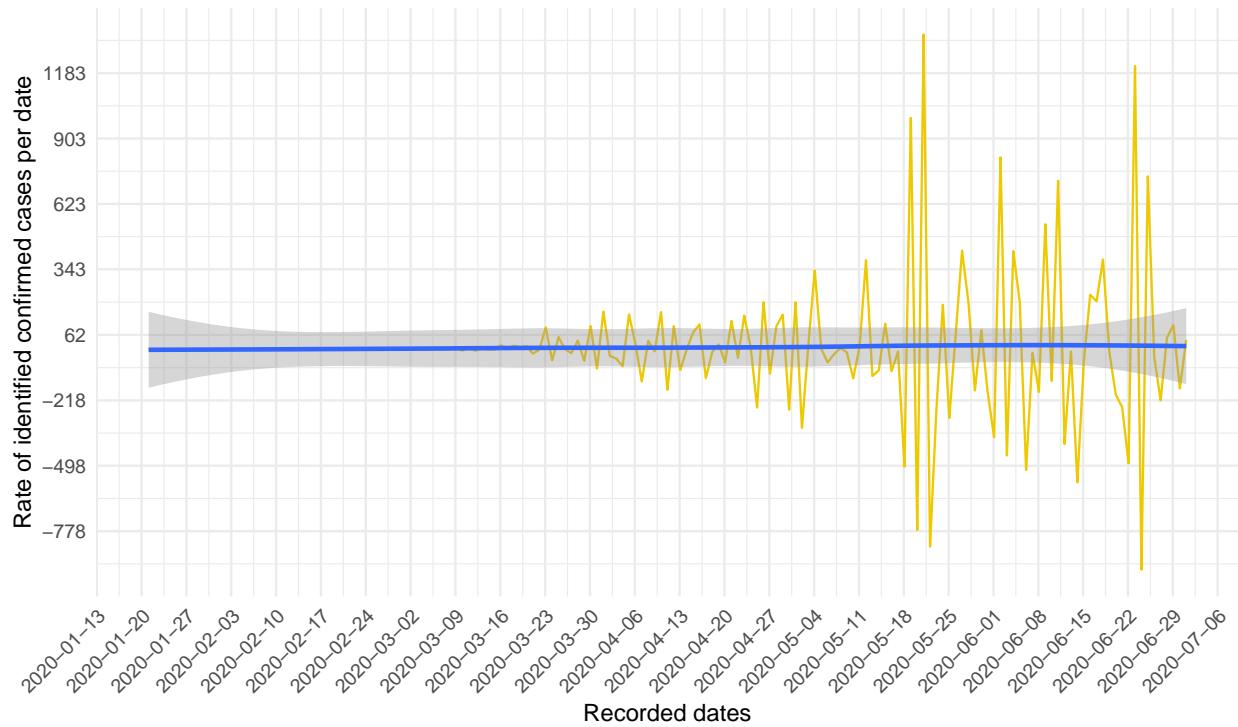

New York – rate of increase of confirmed cases over time

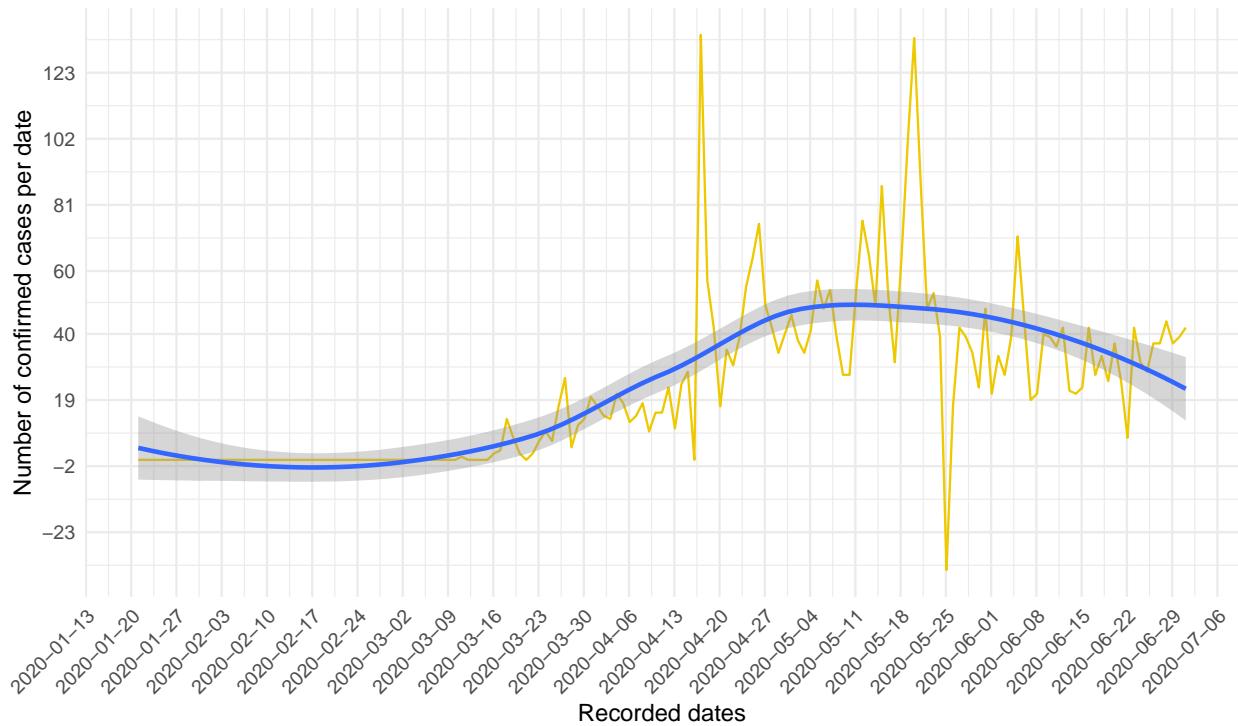

North Carolina – confirmed cases over time, total cases: 68,216

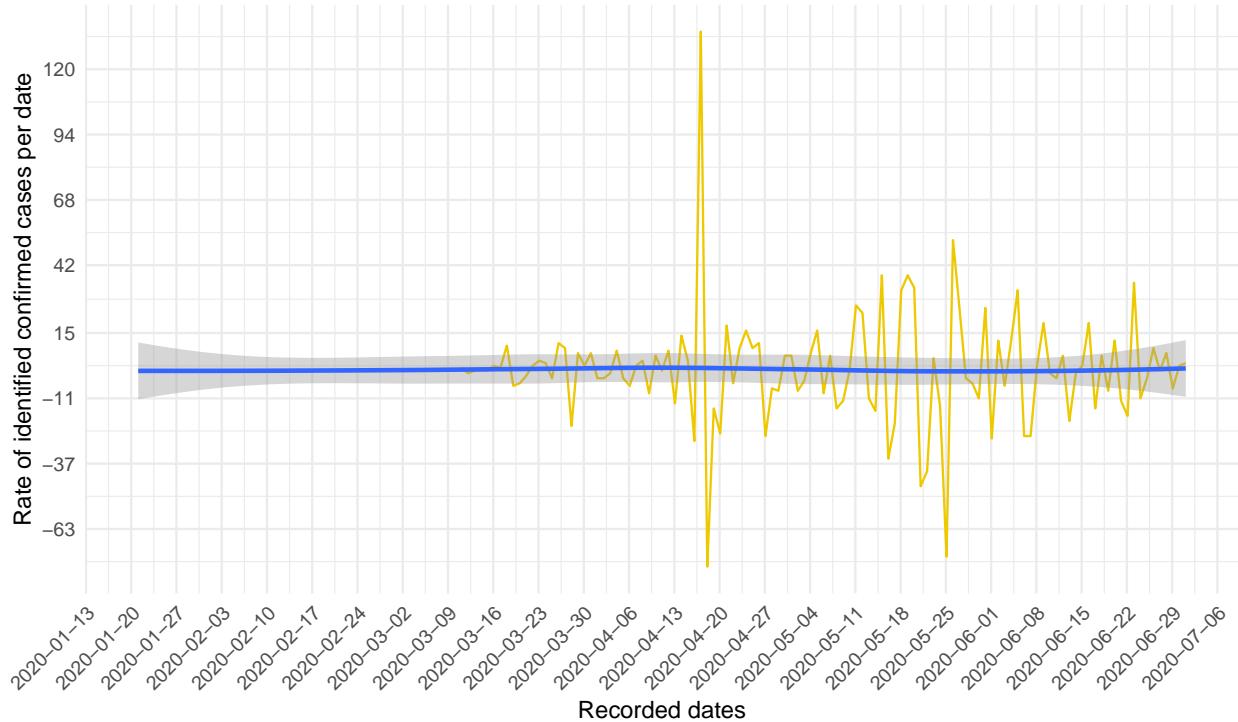

North Carolina – rate of increase of confirmed cases over time

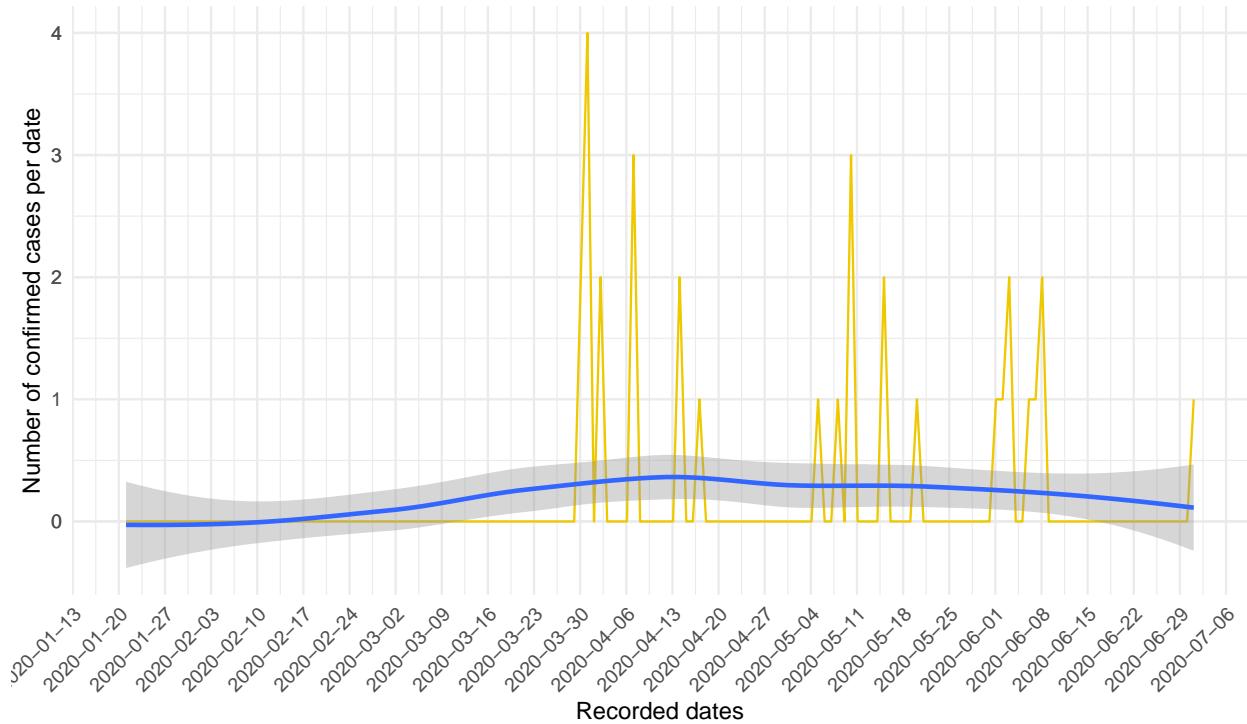

North Dakota – confirmed cases over time, total cases: 3,657

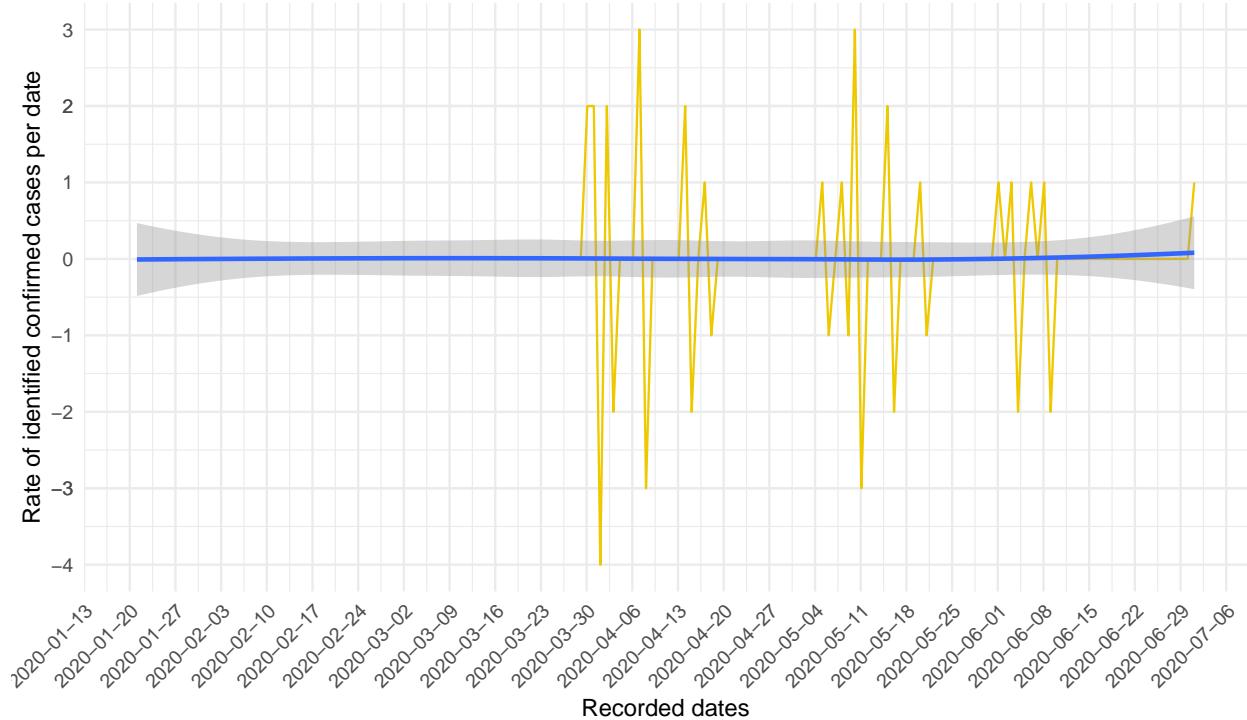

North Dakota – rate of increase of confirmed cases over time

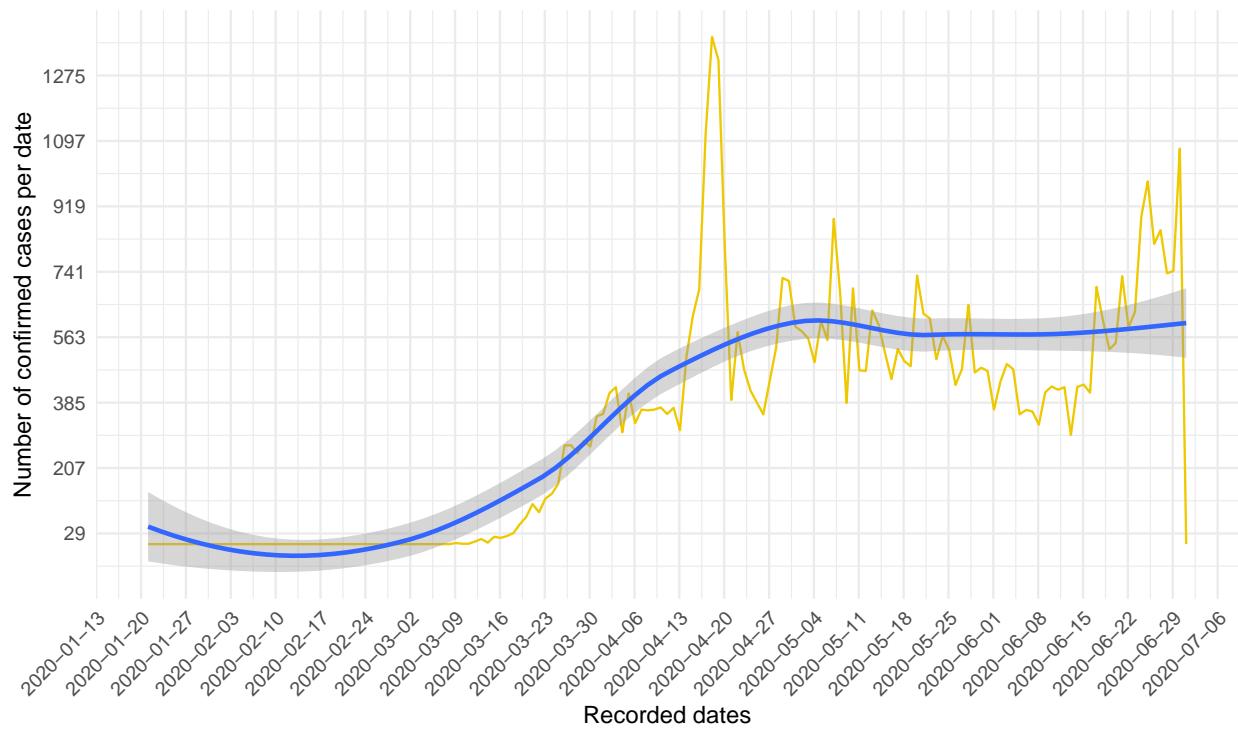

Northern Mariana Islands – confirmed cases over time, total cases: 31

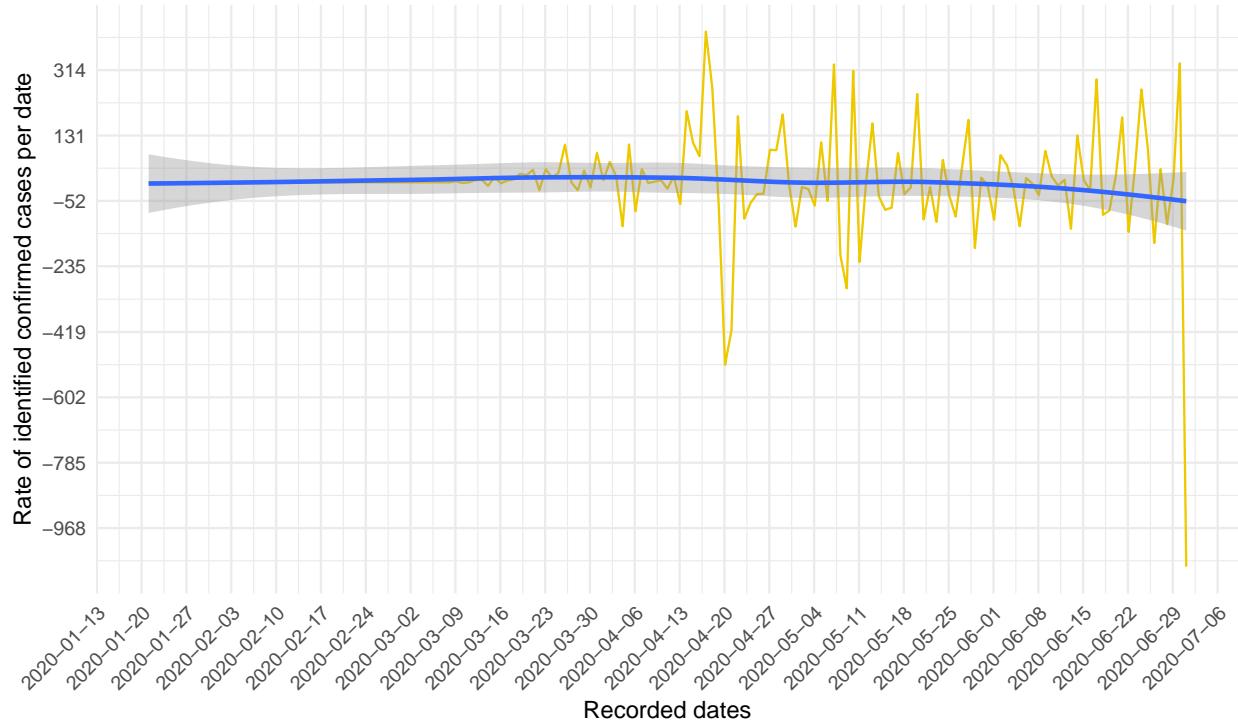

Northern Mariana Islands – rate of increase of confirmed cases over time

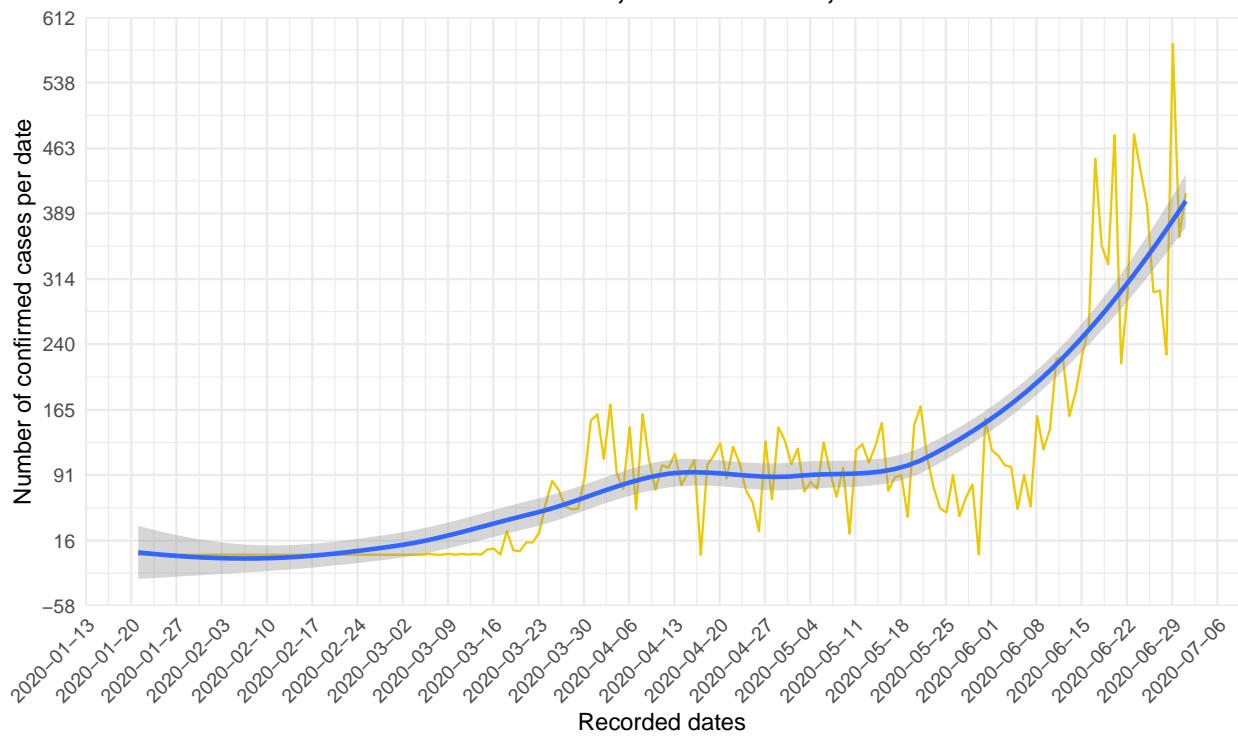

Ohio – confirmed cases over time, total cases: 52,865

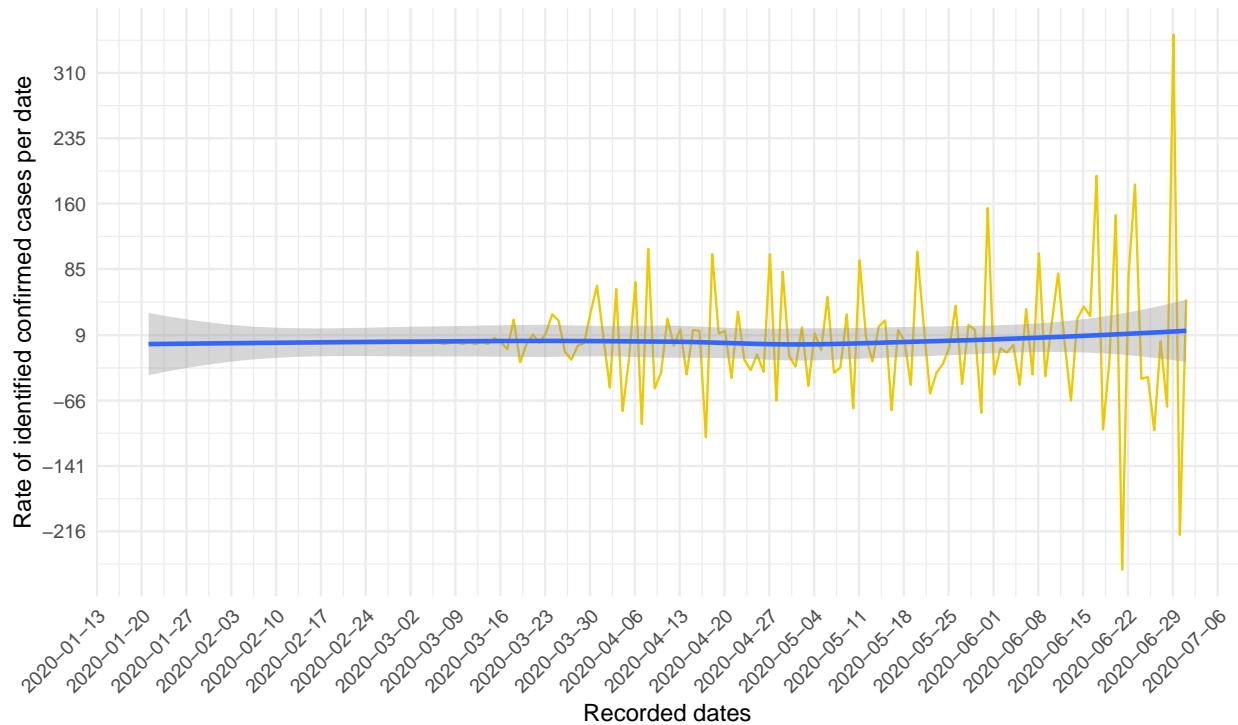

Ohio – rate of increase of confirmed cases over time

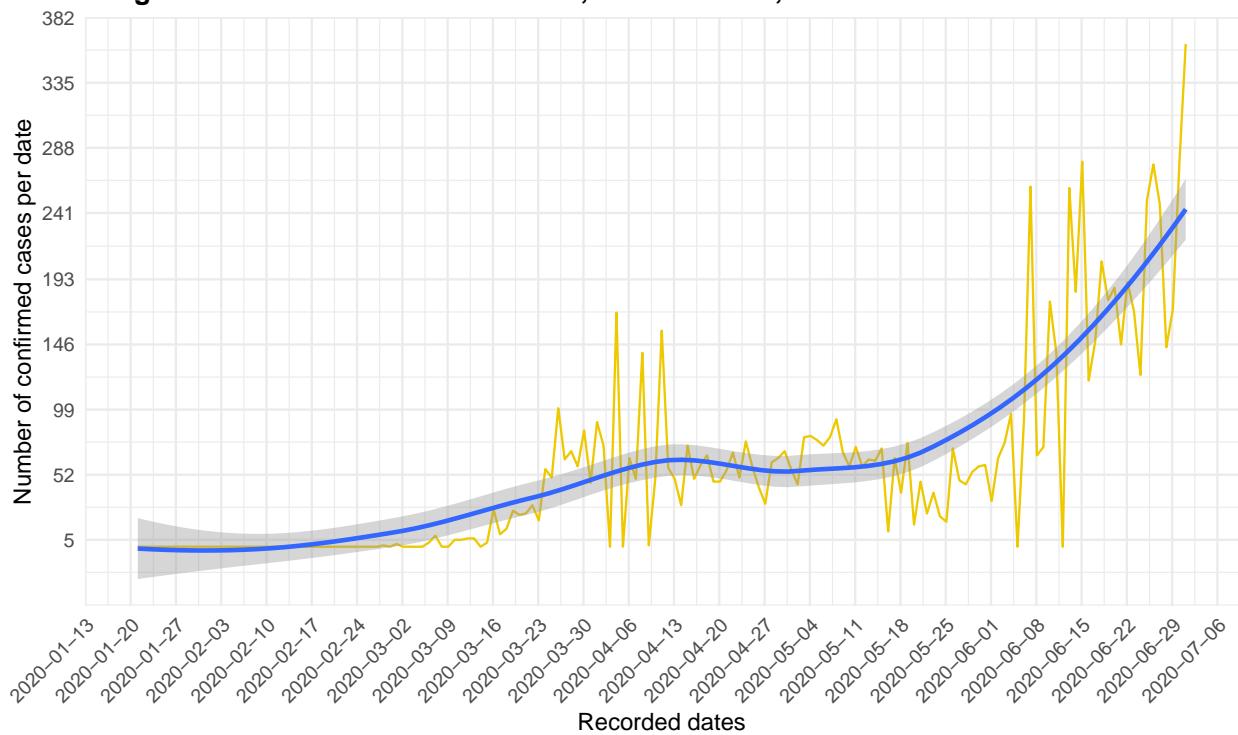

Oklahoma – confirmed cases over time, total cases: 14,531

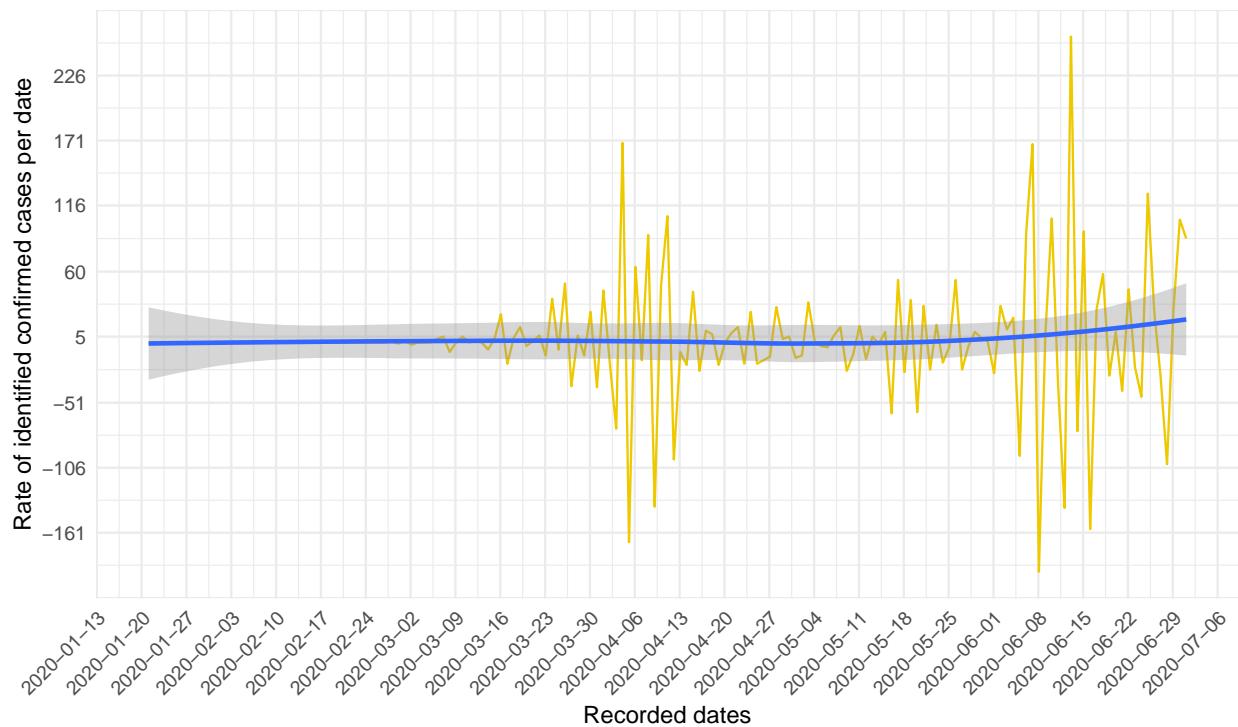

Oklahoma – rate of increase of confirmed cases over time

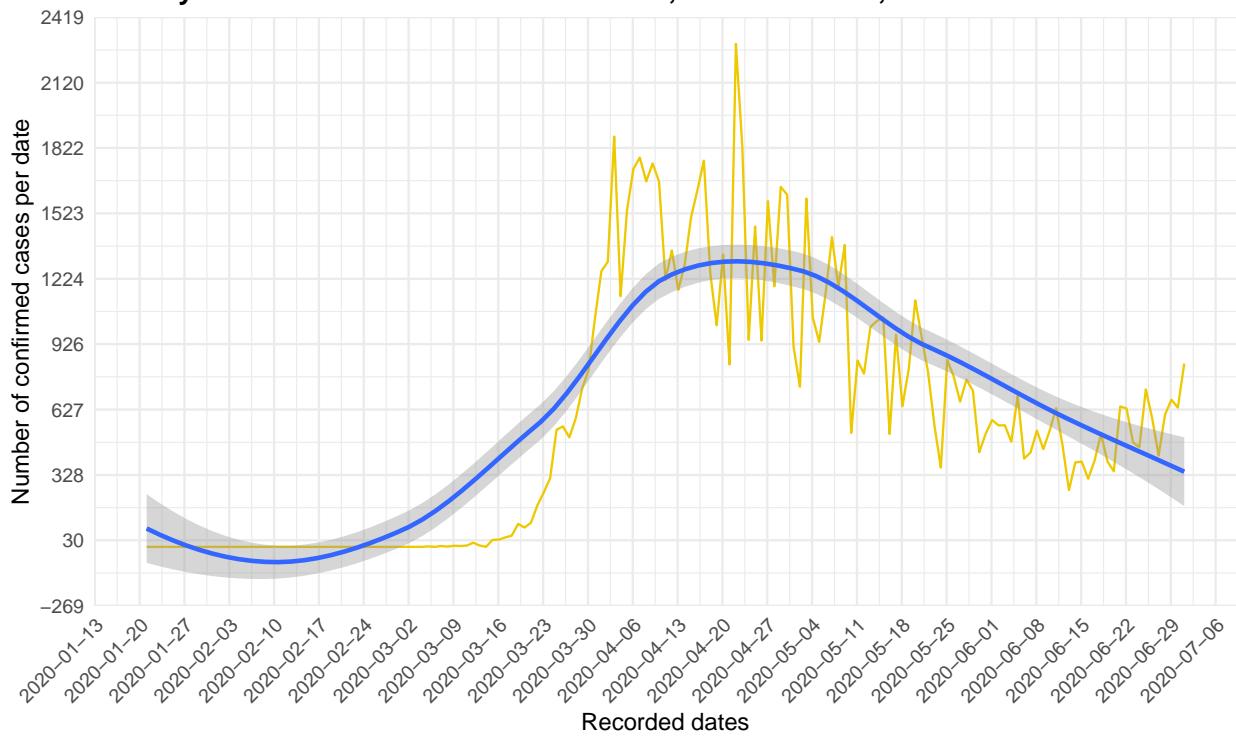

Oregon – confirmed cases over time, total cases: 9,294

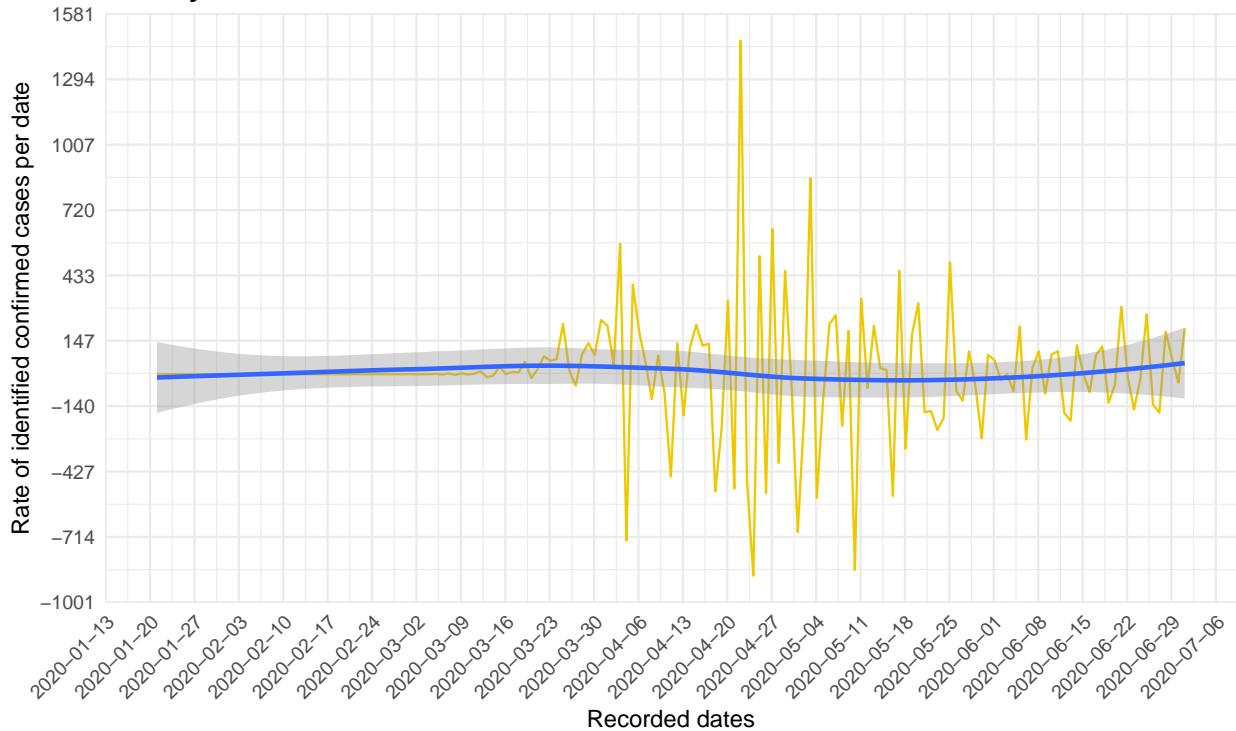

Oregon – rate of increase of confirmed cases over time

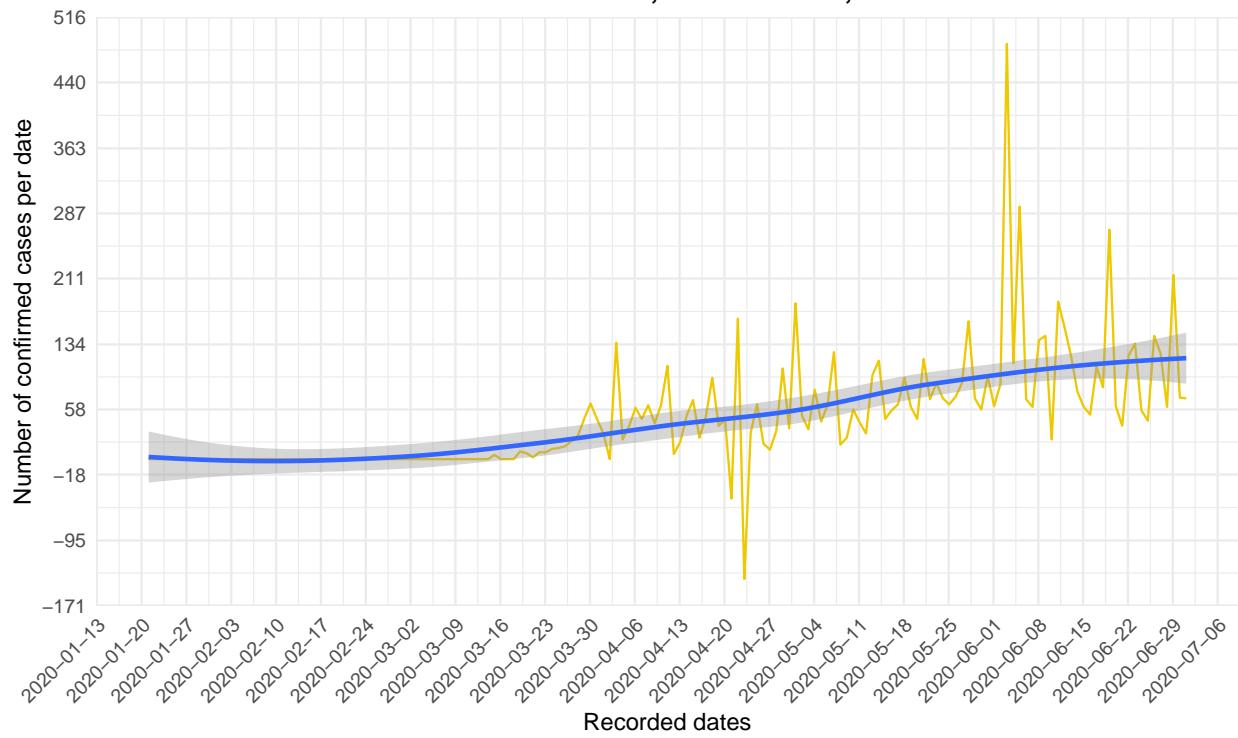

Pennsylvania – confirmed cases over time, total cases: 92,612

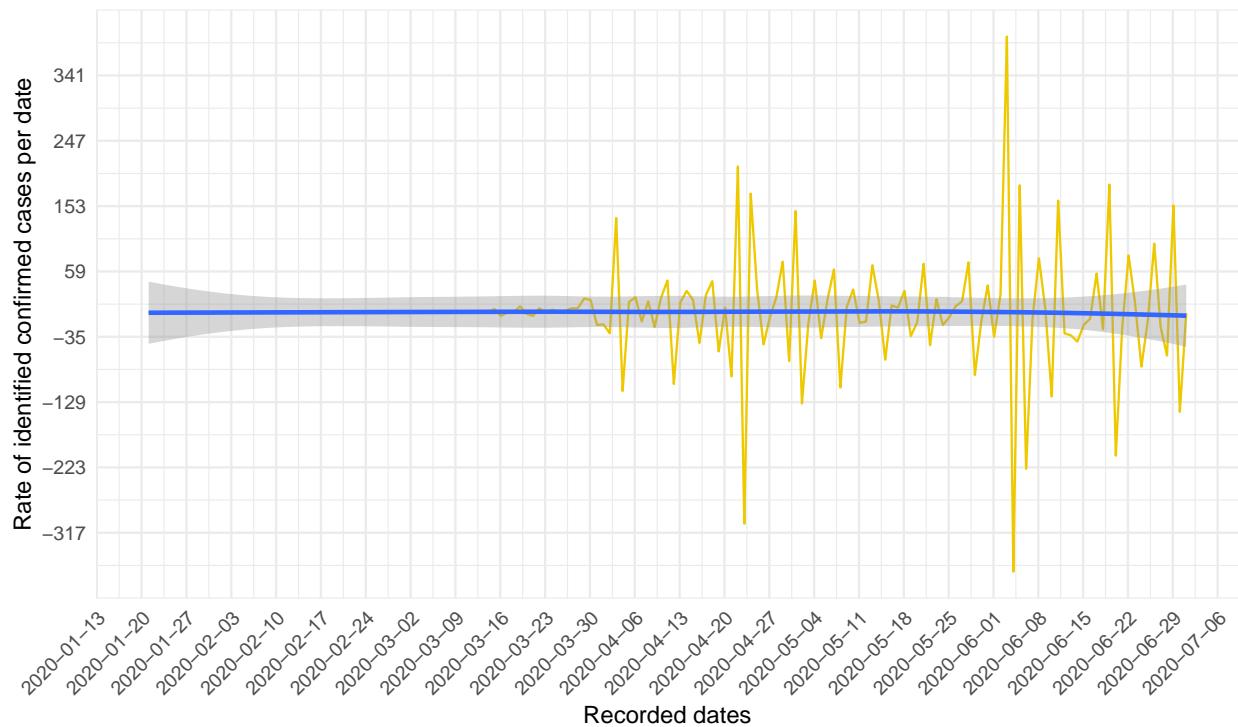

Pennsylvania – rate of increase of confirmed cases over time

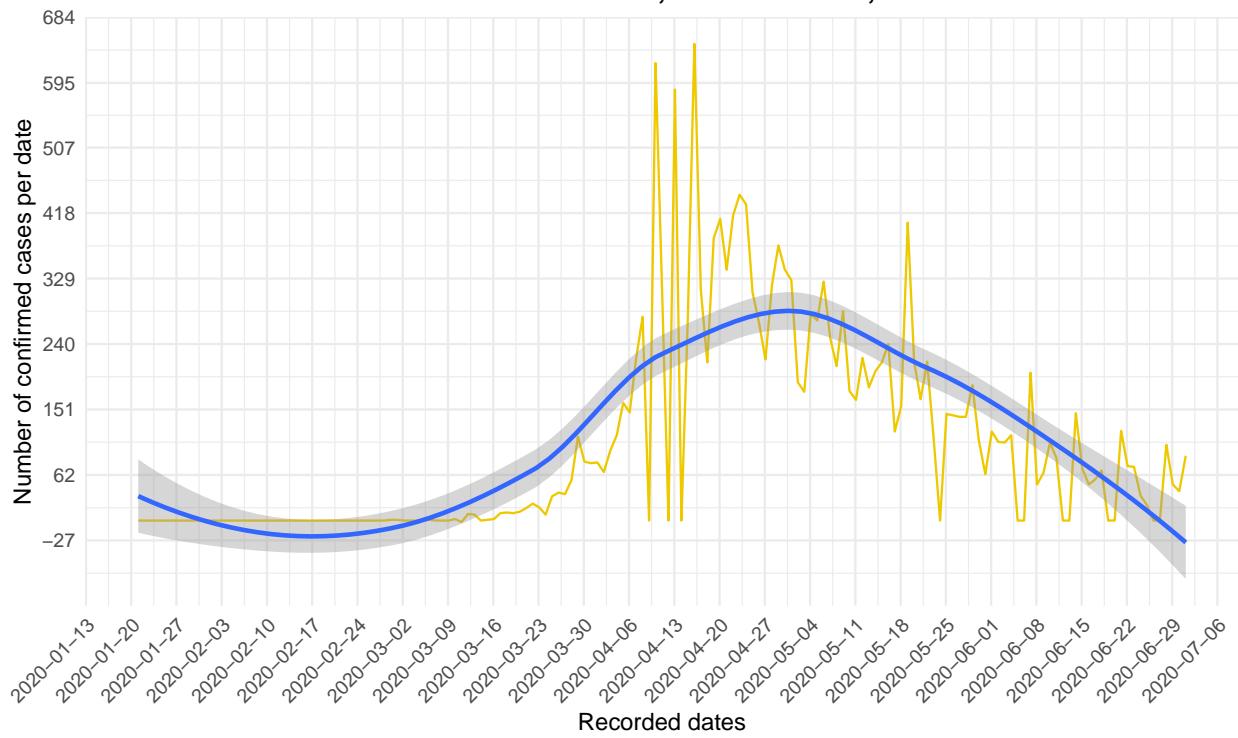

Puerto Rico – confirmed cases over time, total cases: 7,608

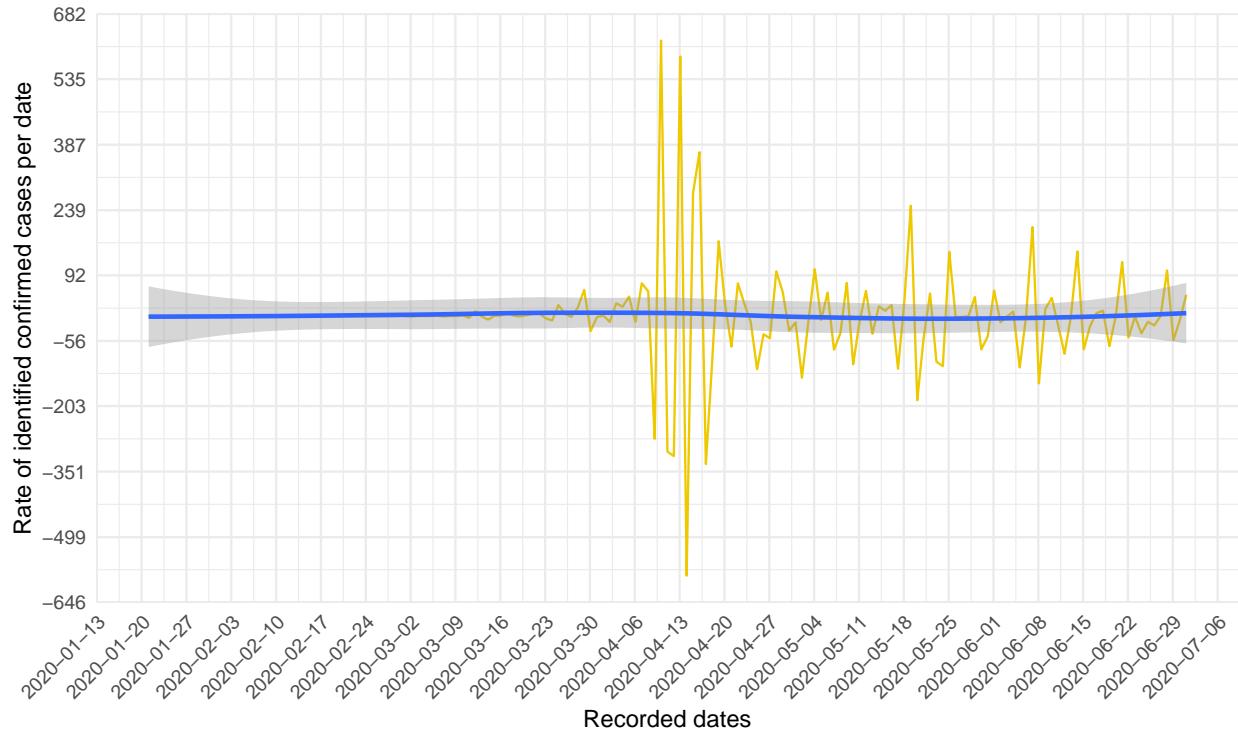

Puerto Rico – rate of increase of confirmed cases over time

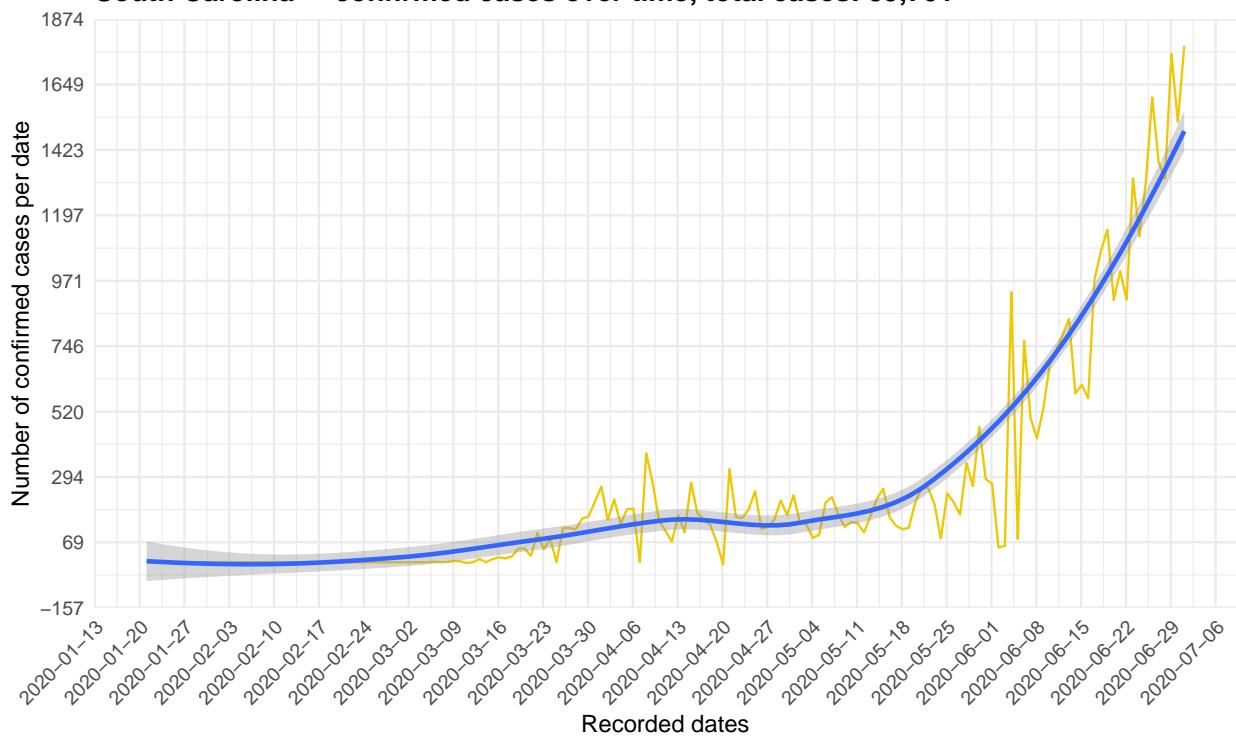

Rhode Island – confirmed cases over time, total cases: 16,941

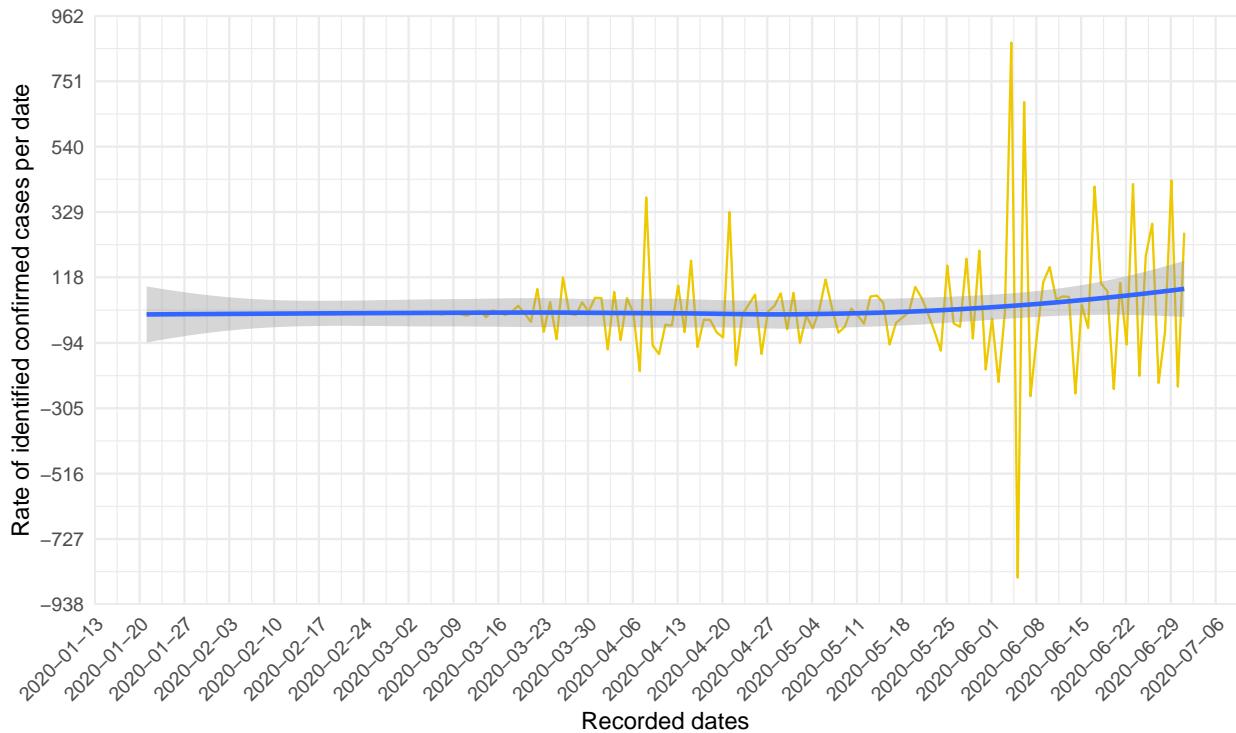

Rhode Island – rate of increase of confirmed cases over time

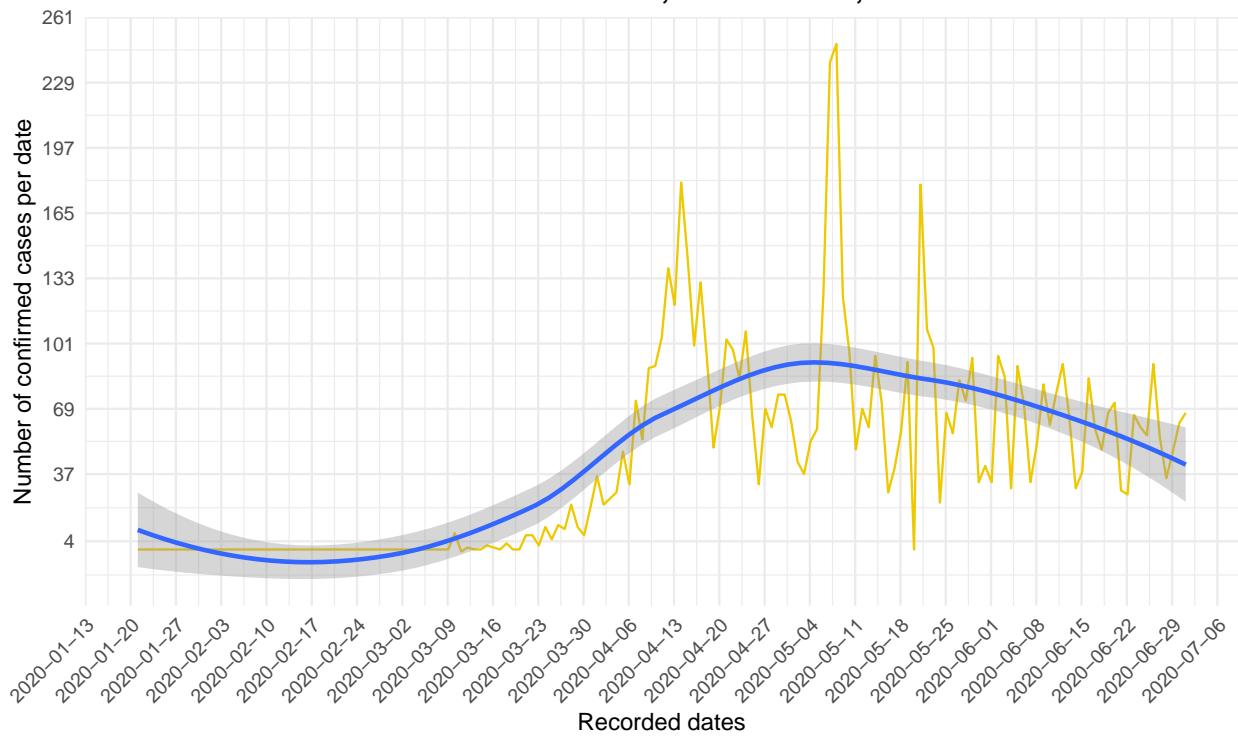

South Carolina – confirmed cases over time, total cases: 39,701

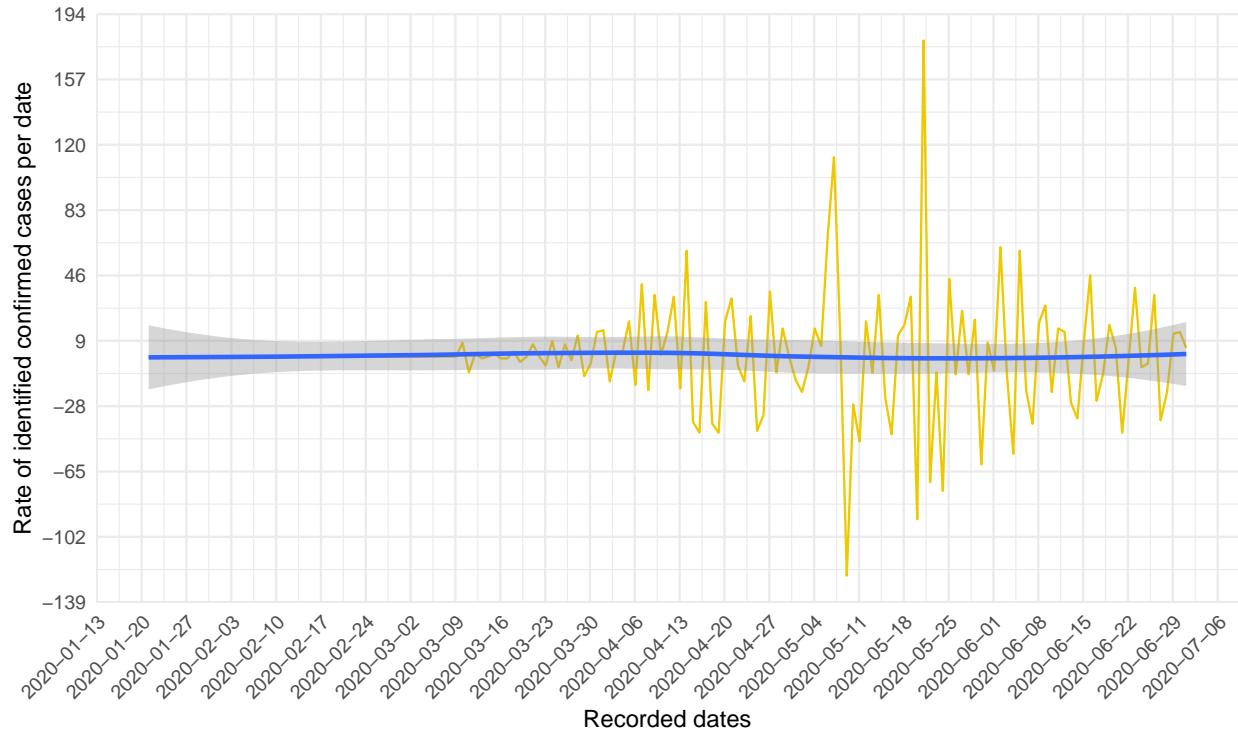

South Carolina – rate of increase of confirmed cases over time

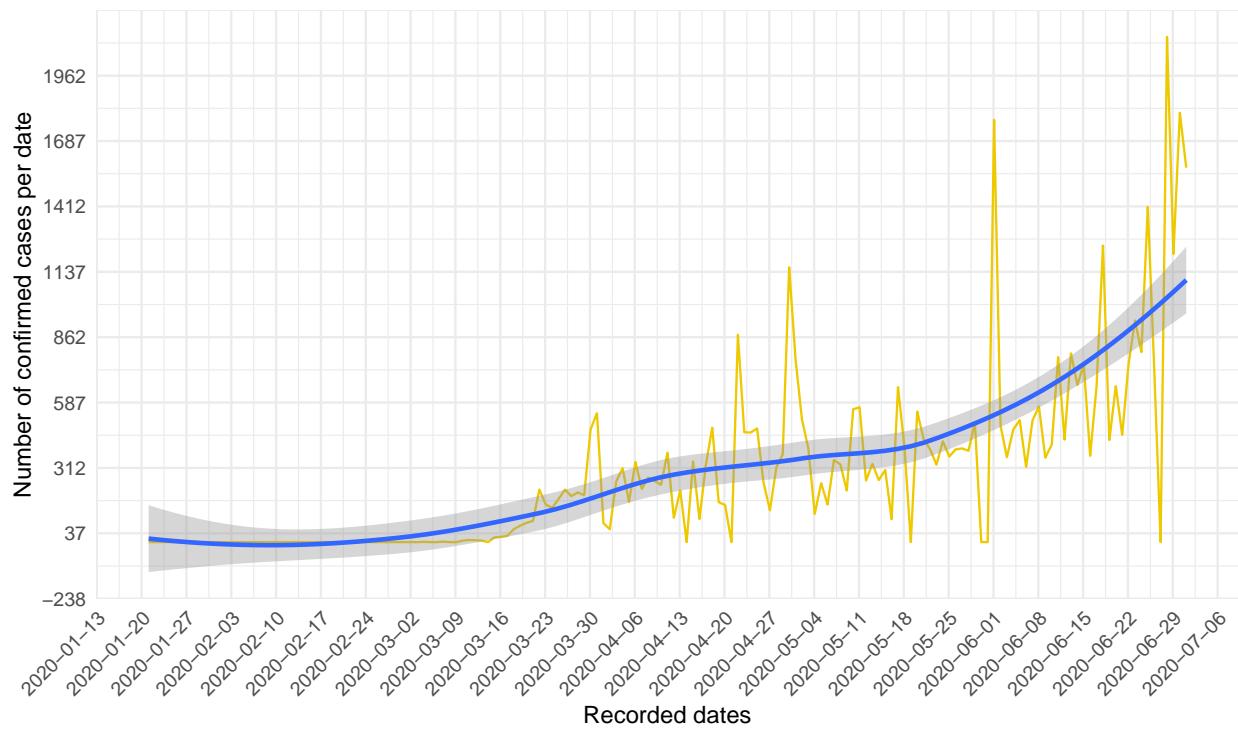

South Dakota – confirmed cases over time, total cases: 6,893

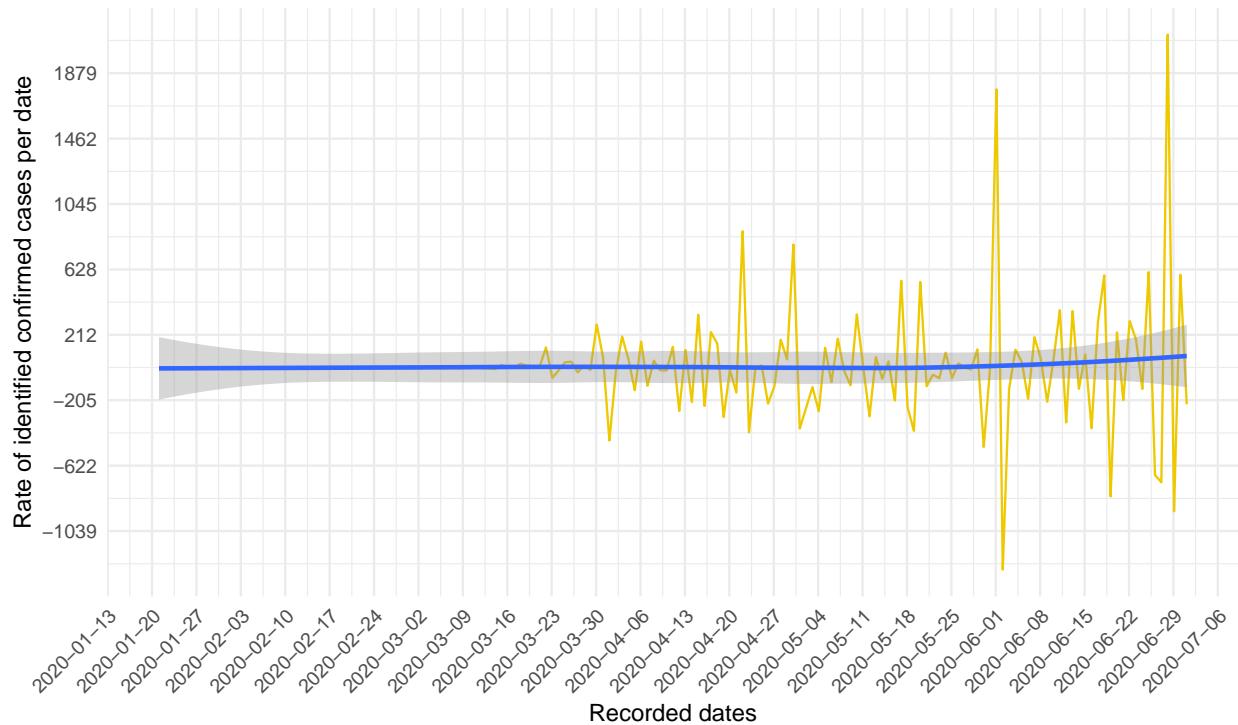

South Dakota – rate of increase of confirmed cases over time

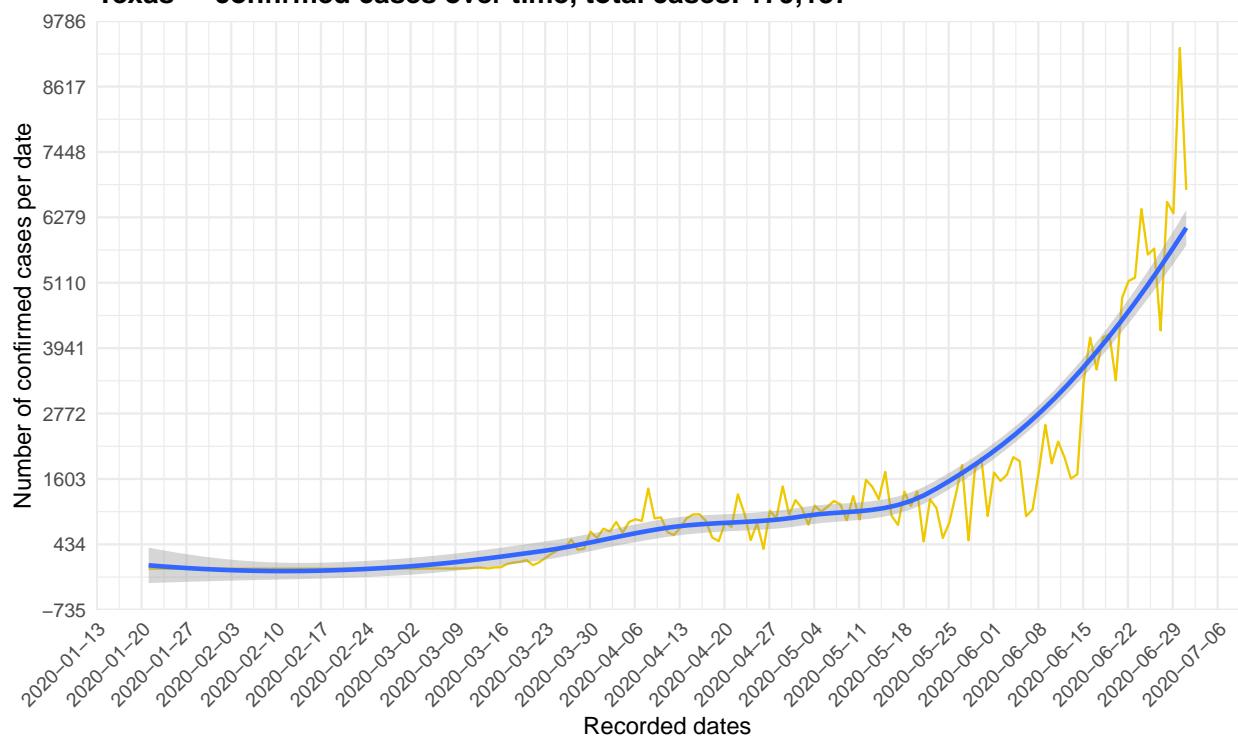

Tennessee – confirmed cases over time, total cases: 46,890

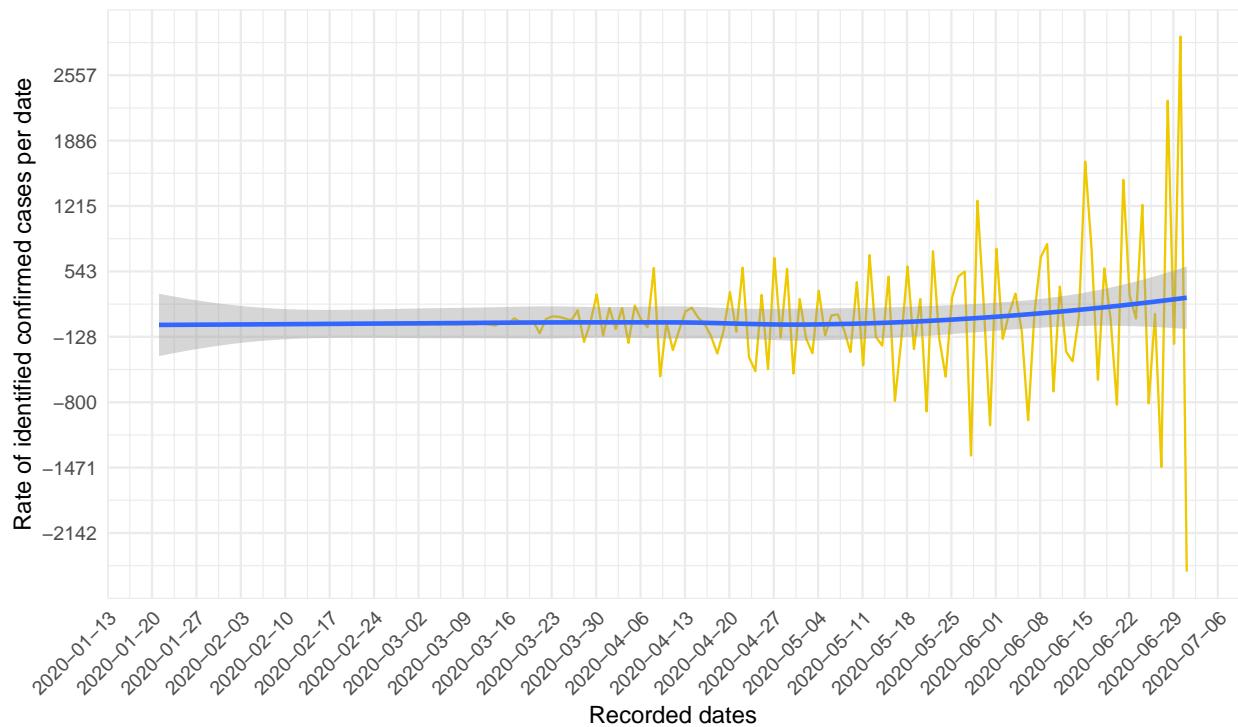

Tennessee – rate of increase of confirmed cases over time

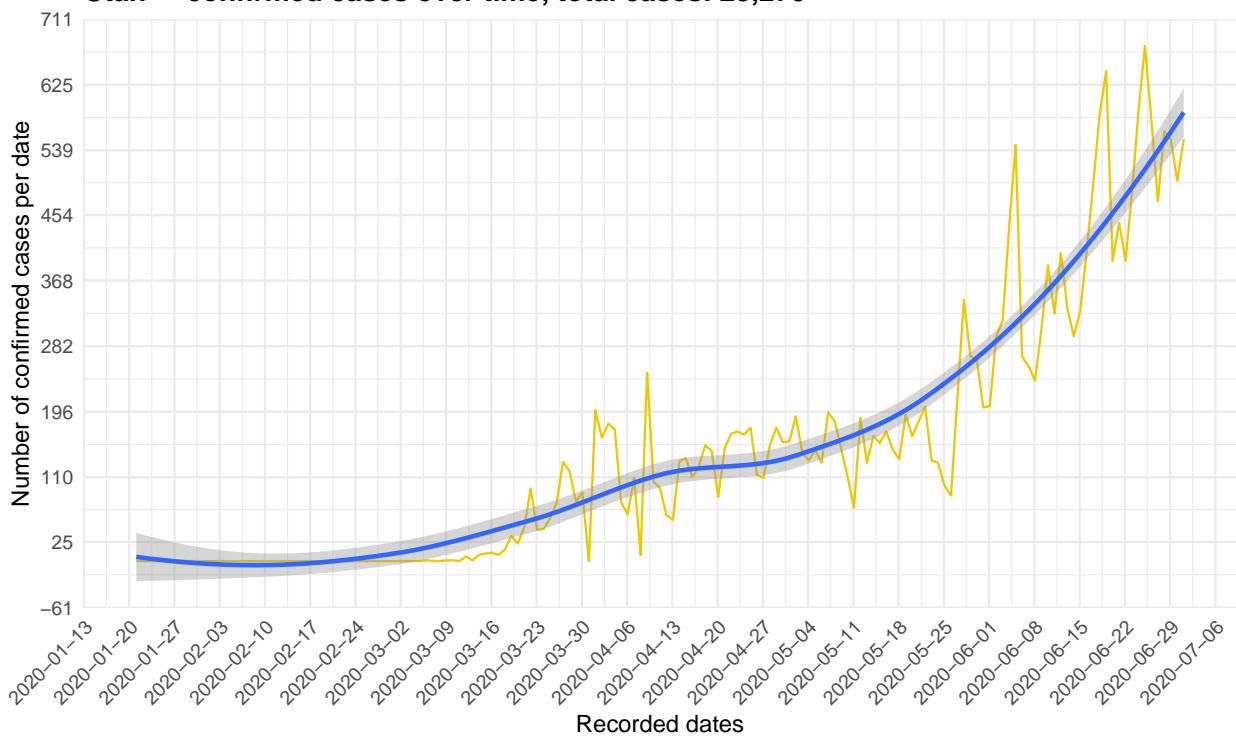

Texas – confirmed cases over time, total cases: 179,137

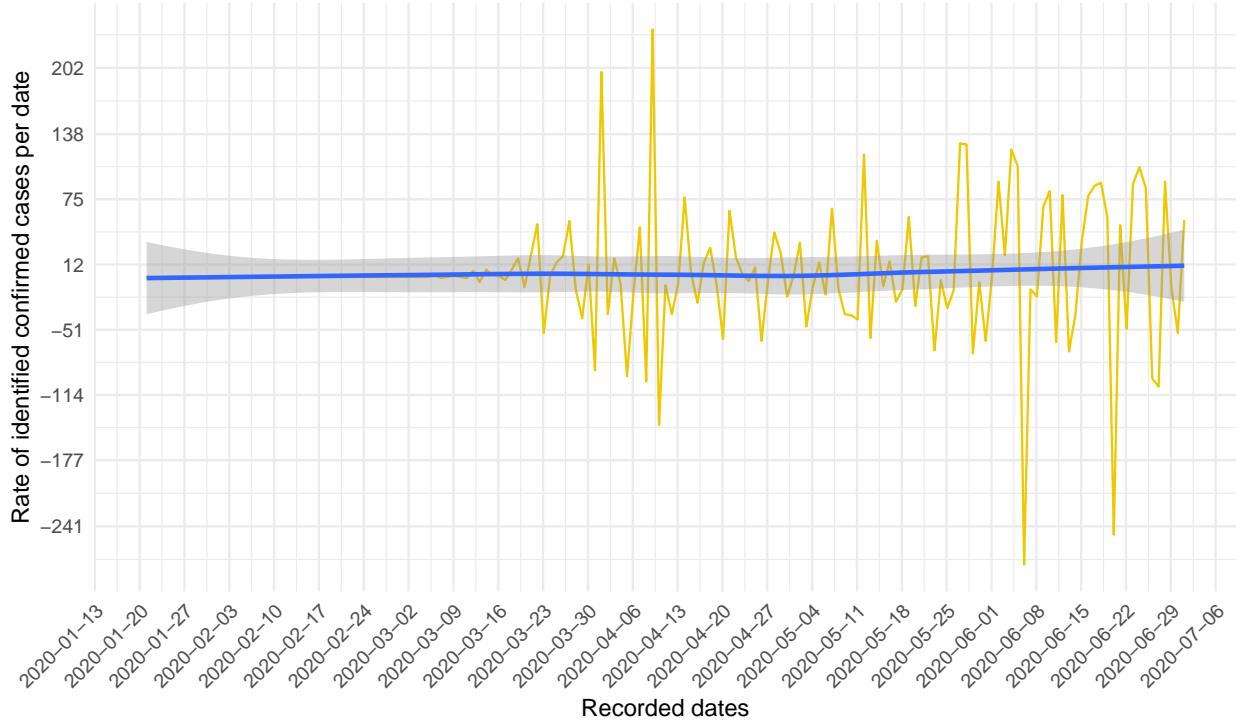

Texas – rate of increase of confirmed cases over time

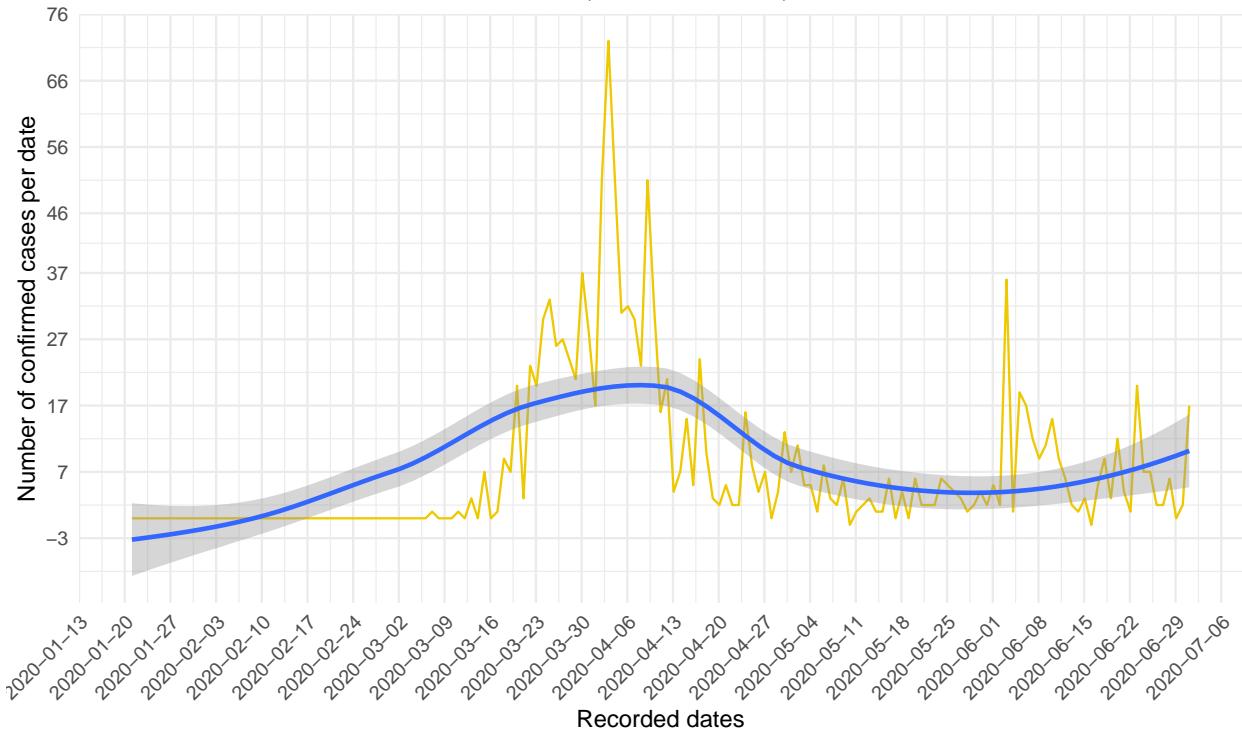

Utah – confirmed cases over time, total cases: 23,270

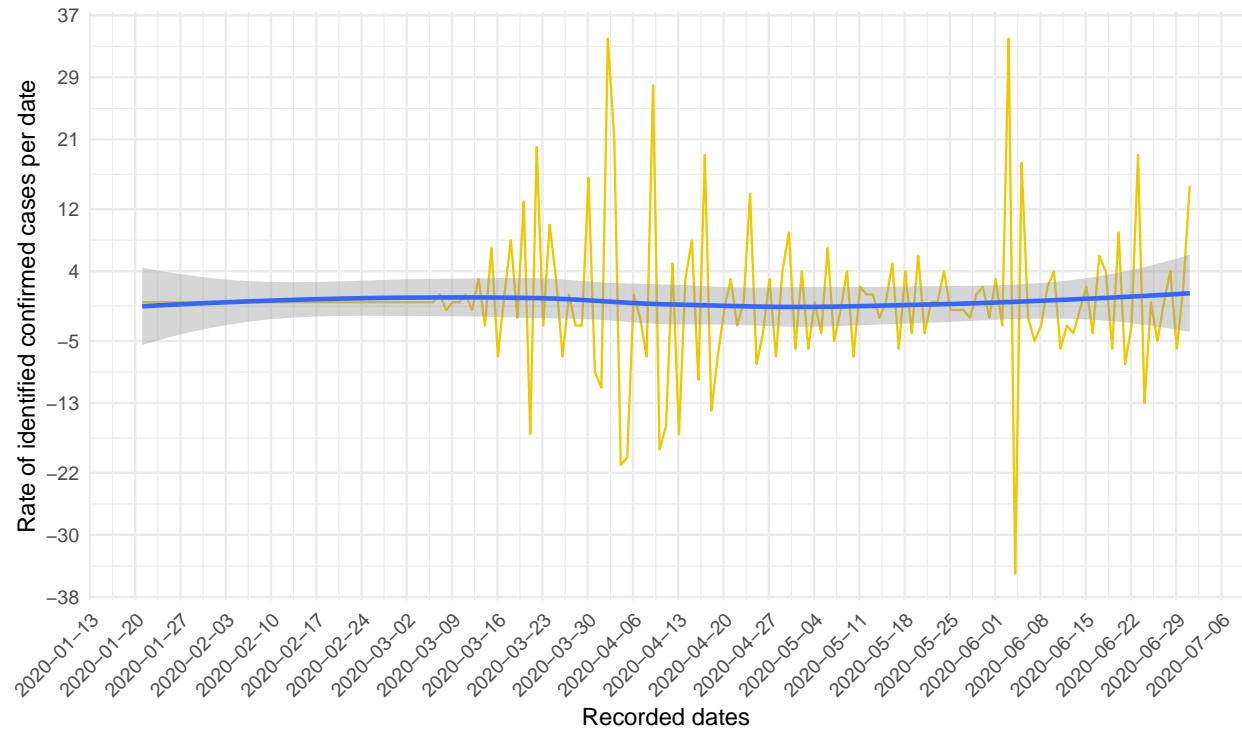

Utah – rate of increase of confirmed cases over time

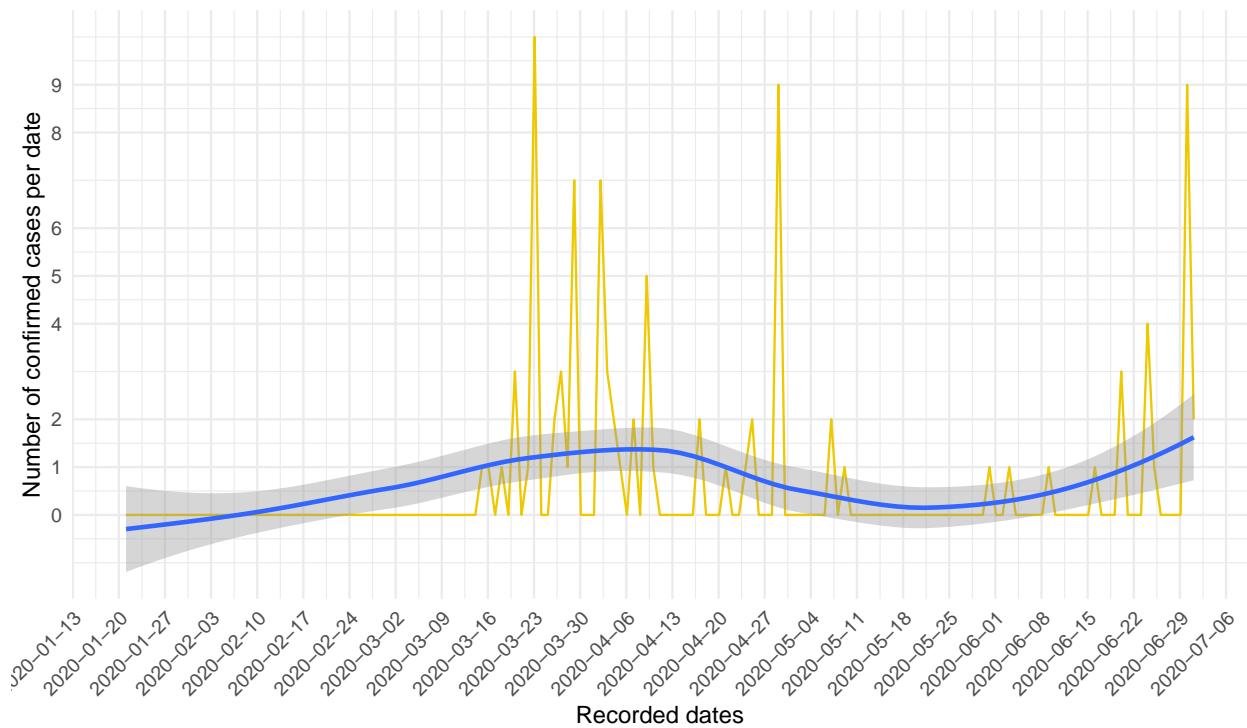

Vermont – confirmed cases over time, total cases: 1,227

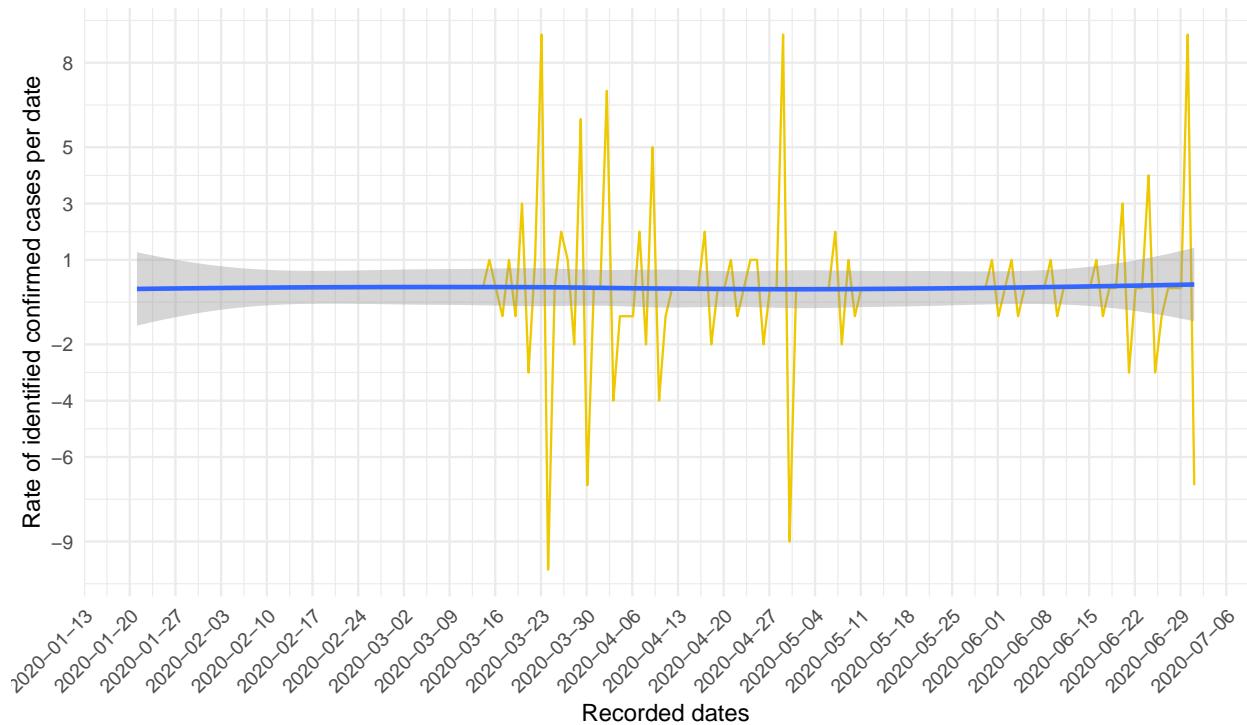

Vermont – rate of increase of confirmed cases over time

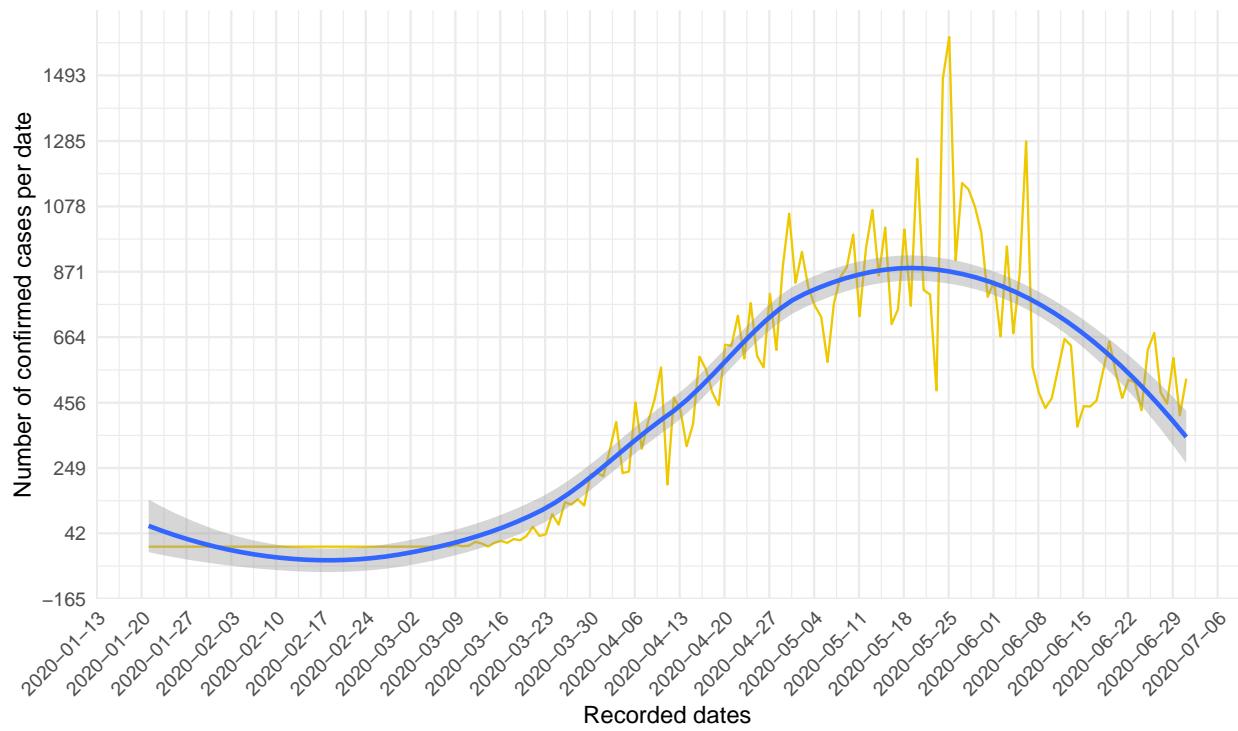

Virgin Islands – confirmed cases over time, total cases: 92

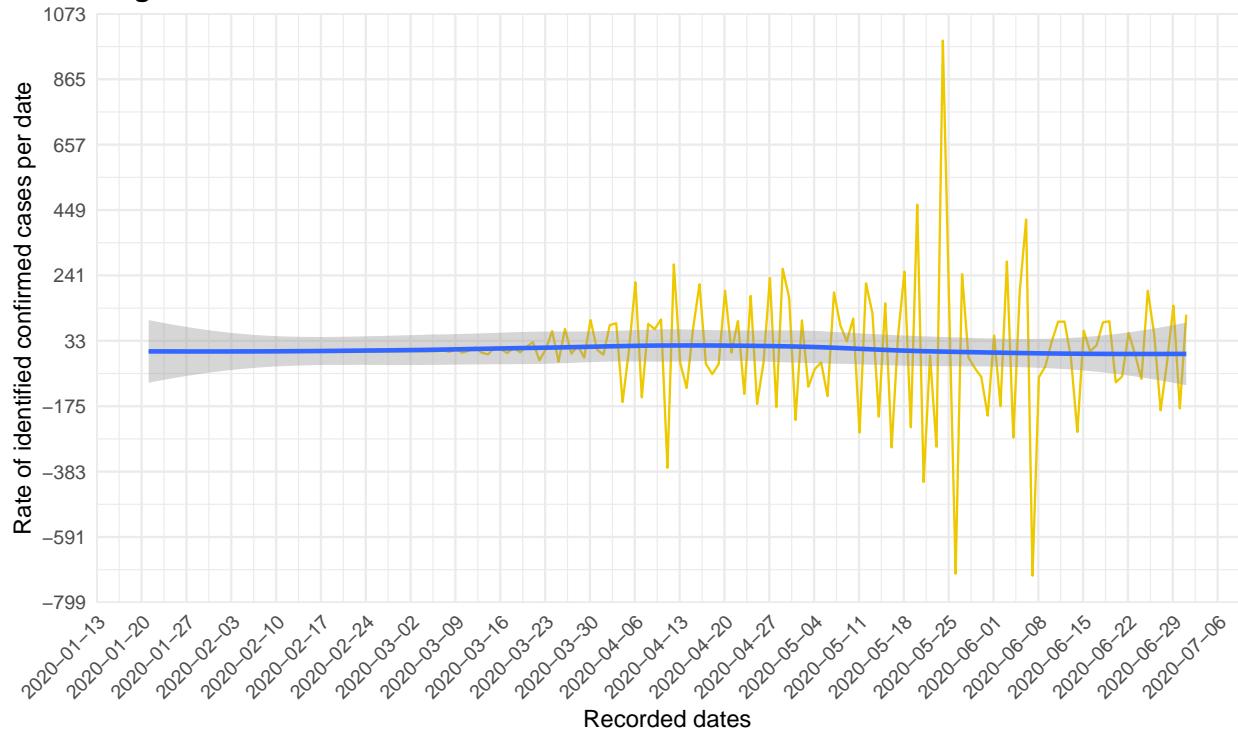

Virgin Islands – rate of increase of confirmed cases over time

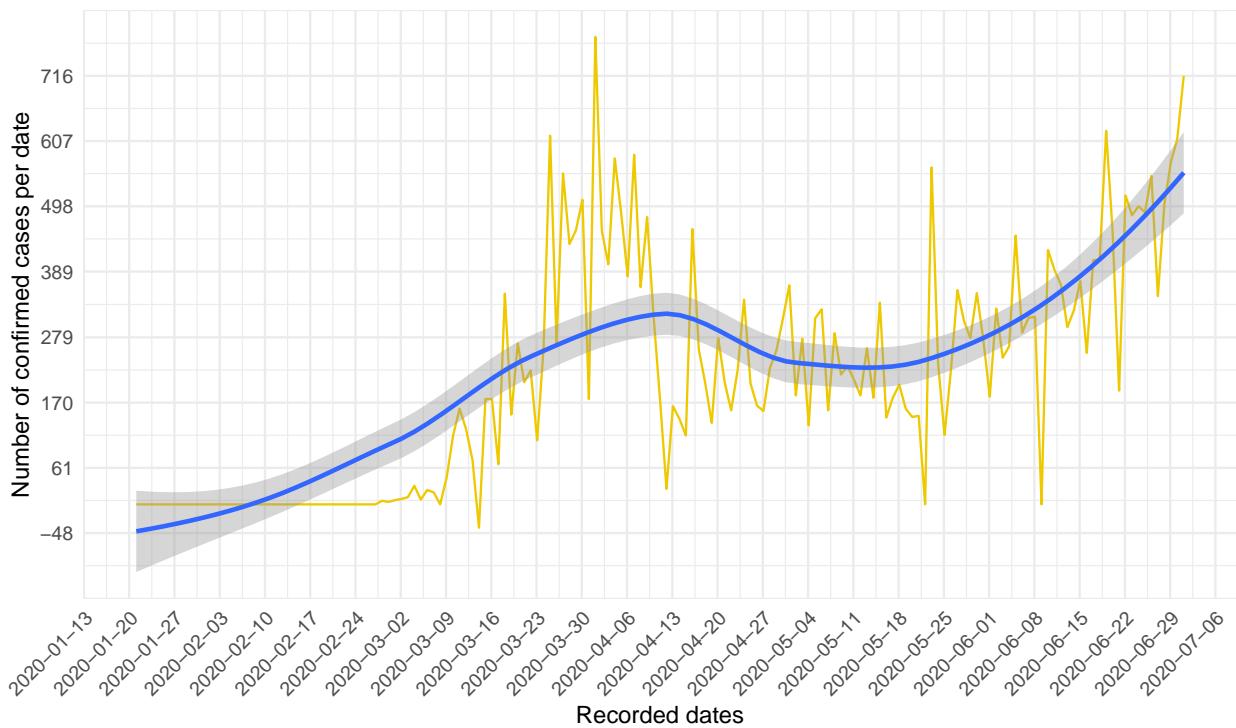

Virginia – confirmed cases over time, total cases: 63,735

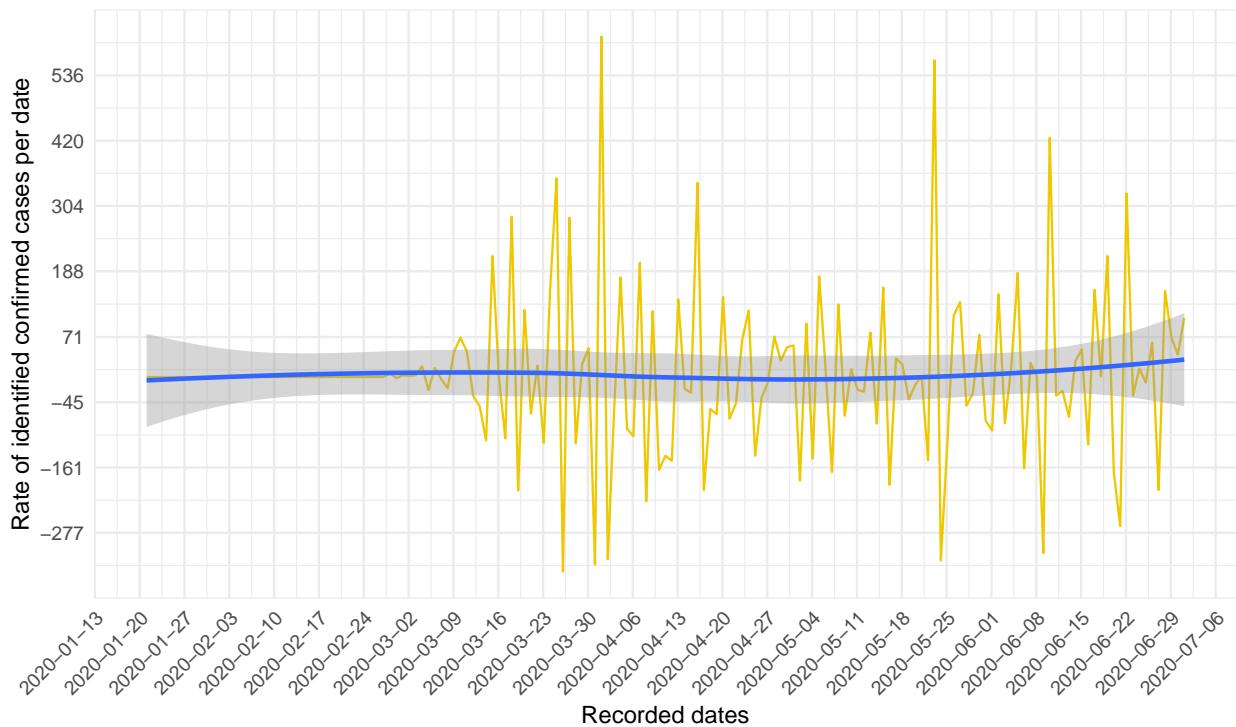

Virginia – rate of increase of confirmed cases over time

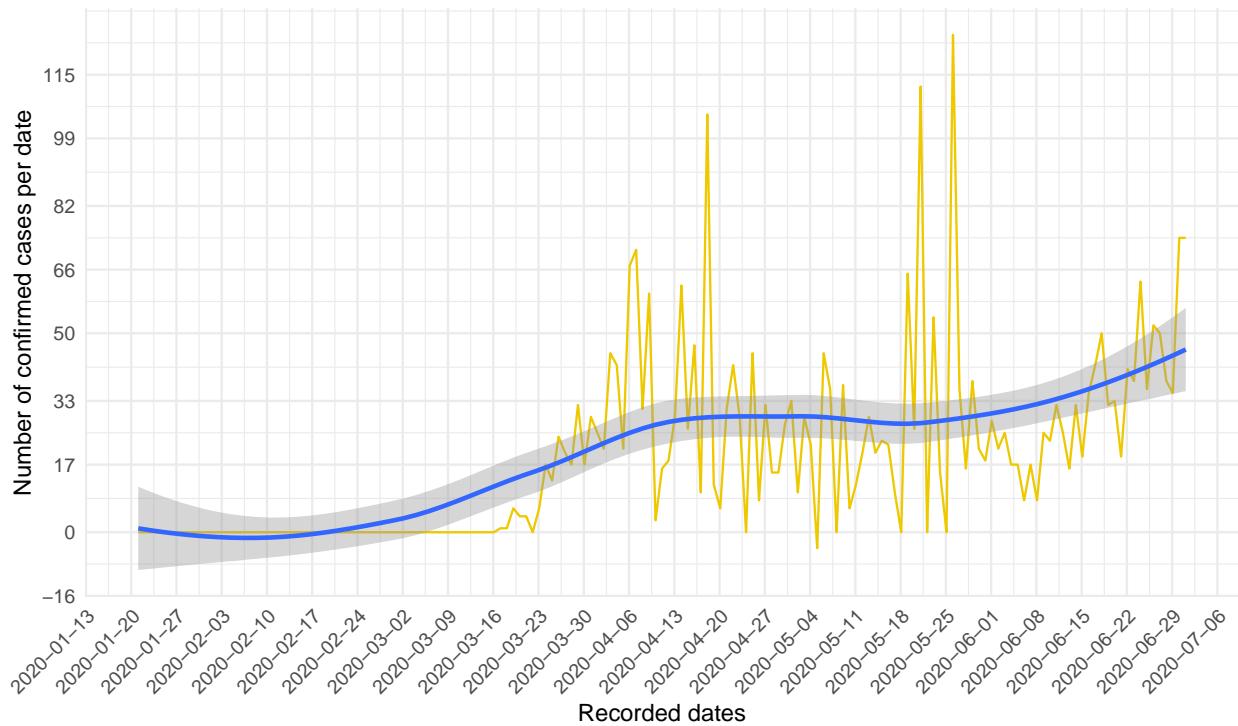

Washington – confirmed cases over time, total cases: 34,151

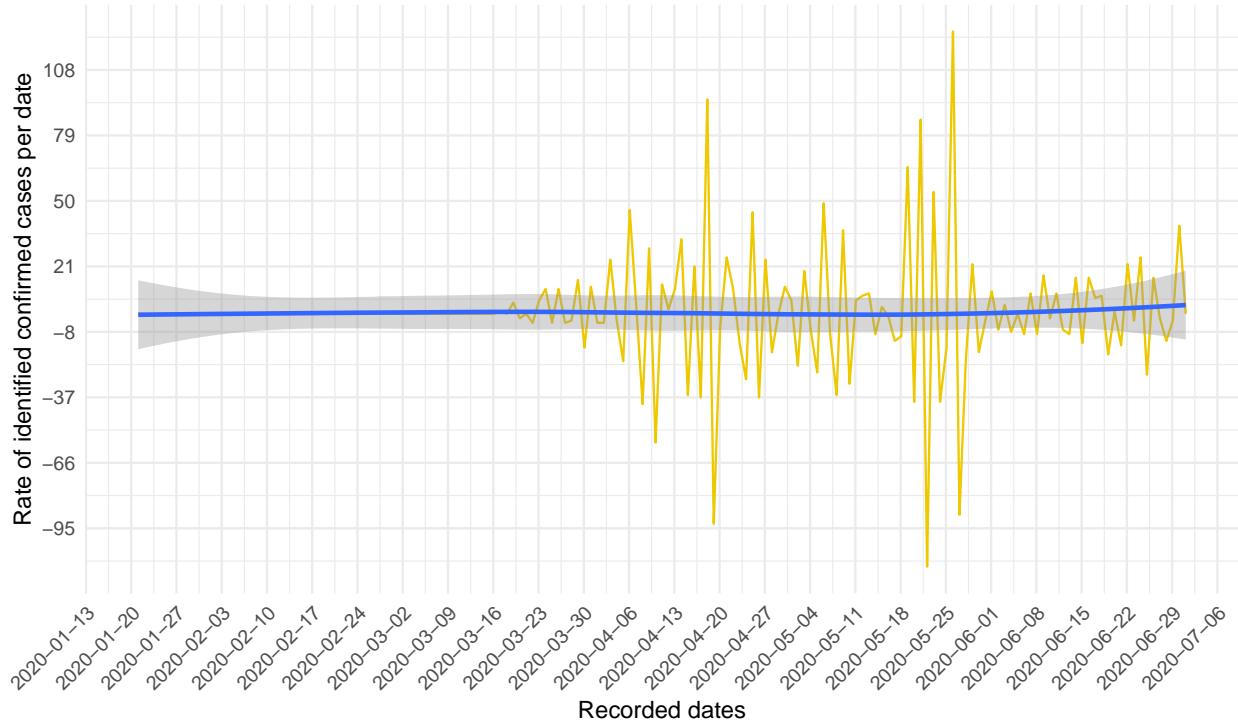

Washington – rate of increase of confirmed cases over time

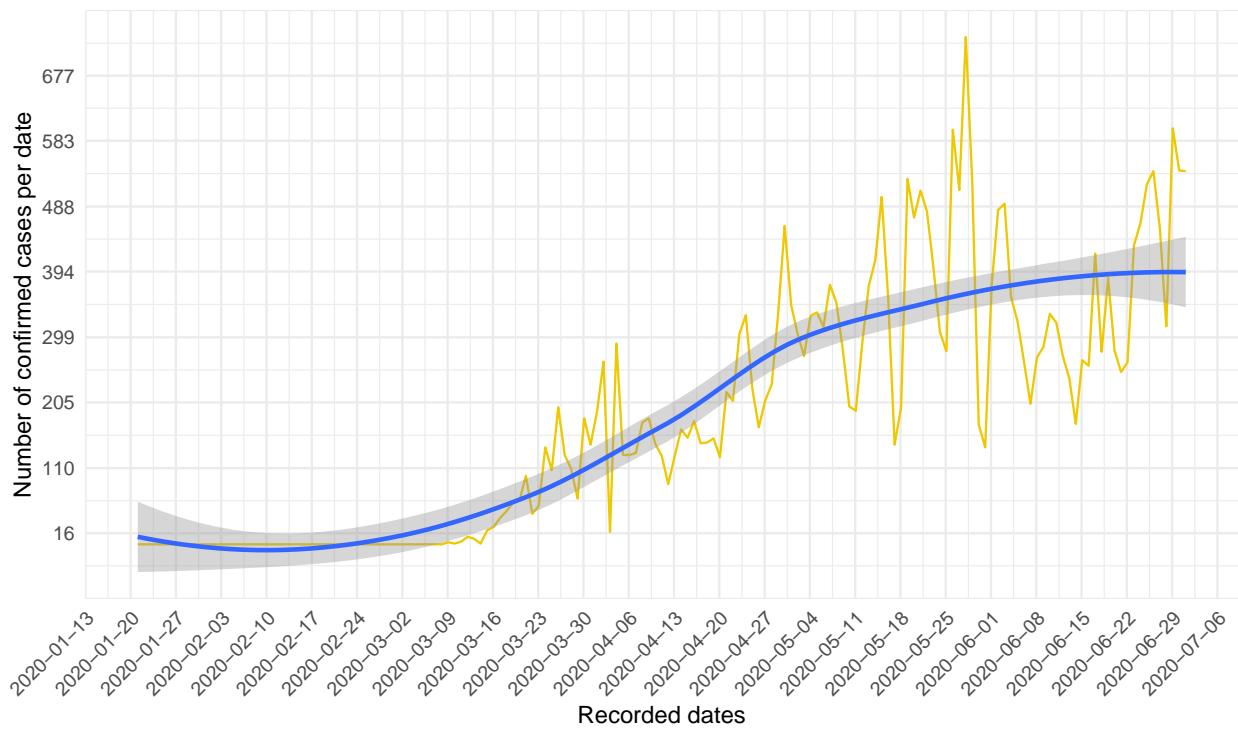

West Virginia – confirmed cases over time, total cases: 3,053

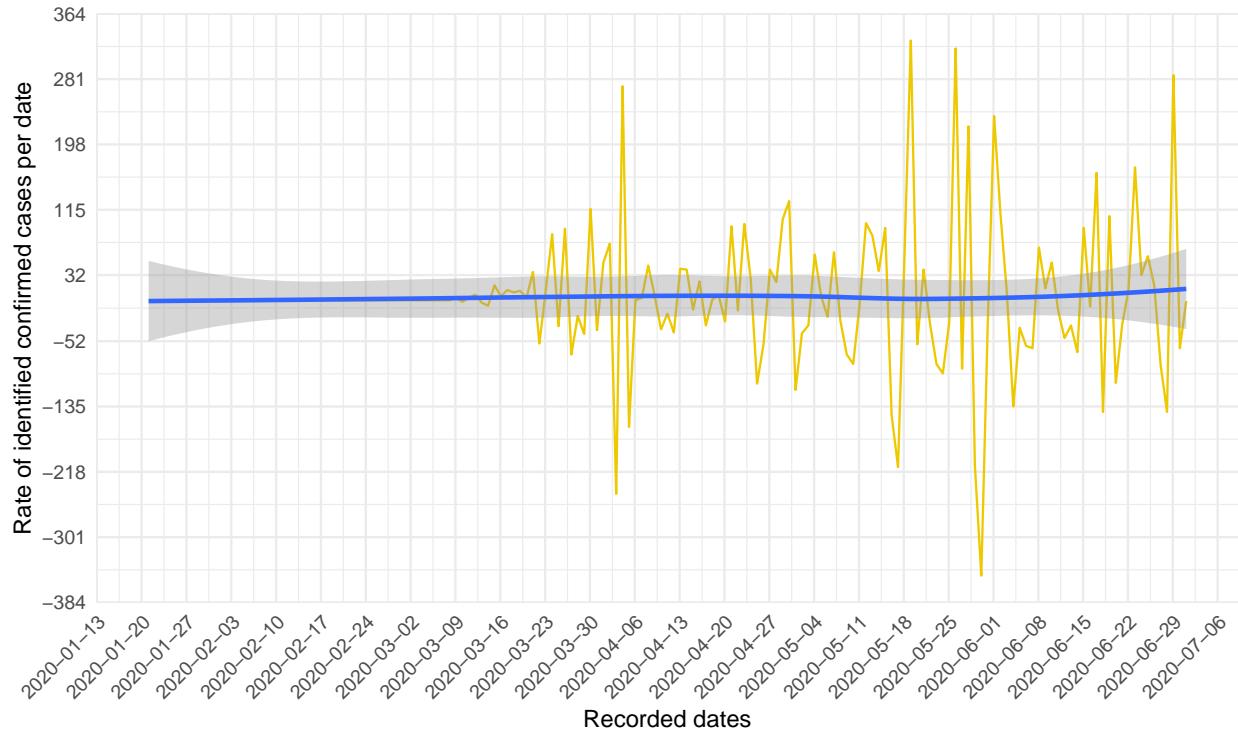

West Virginia – rate of increase of confirmed cases over time

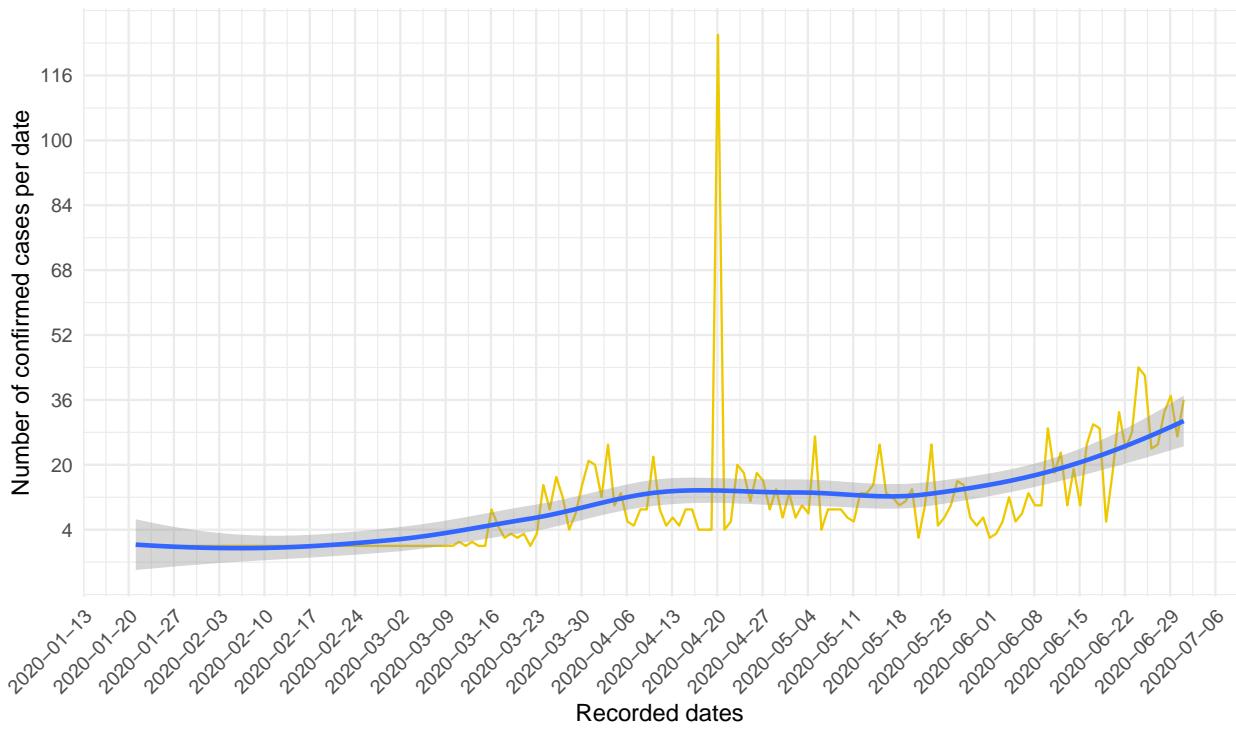

Wisconsin – confirmed cases over time, total cases: 29,738

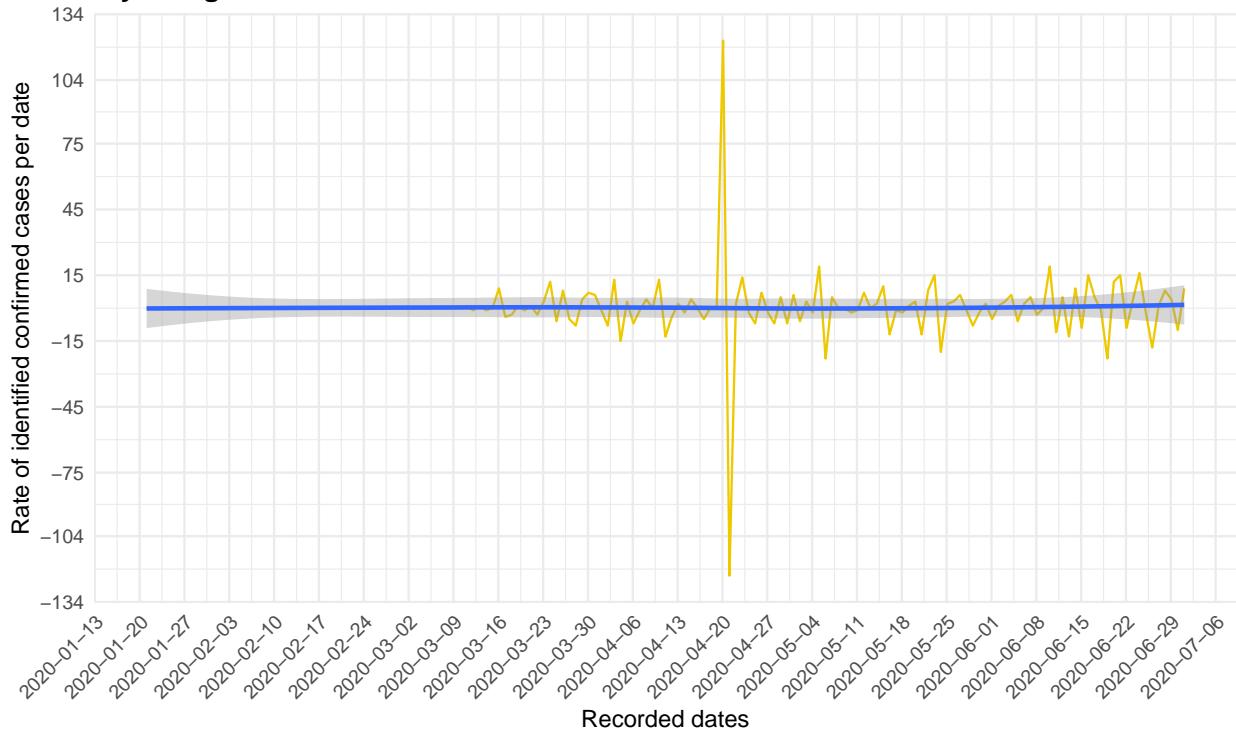

Wisconsin – rate of increase of confirmed cases over time

Wyoming – confirmed cases over time, total cases: 1,550

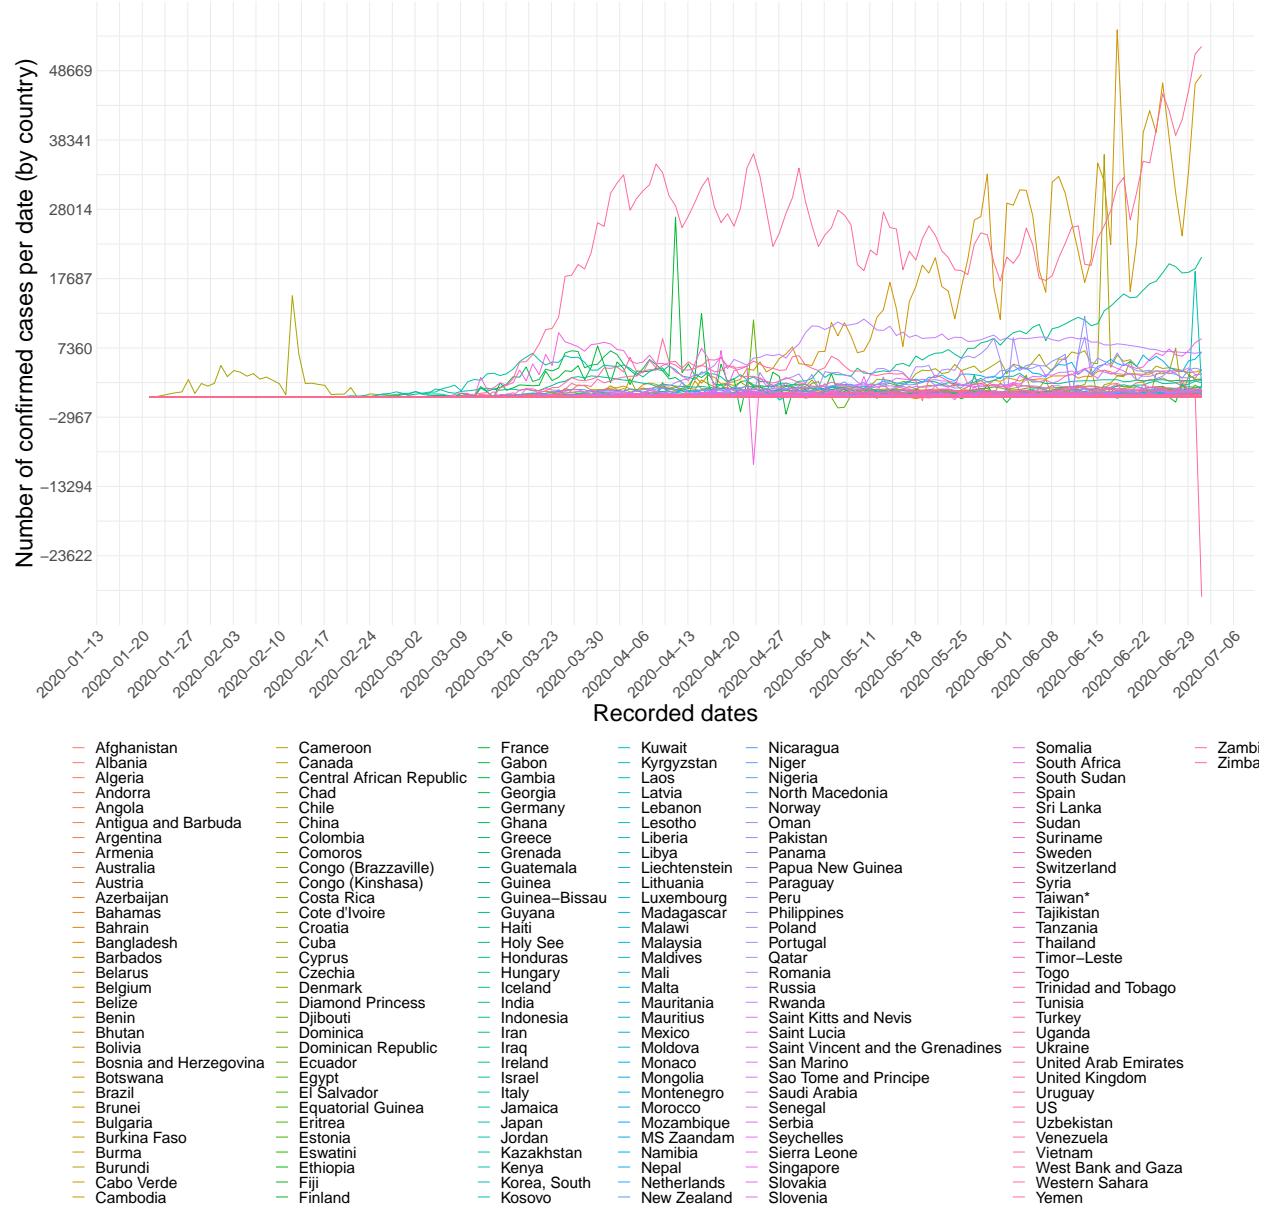

Wyoming – rate of increase of confirmed cases over time

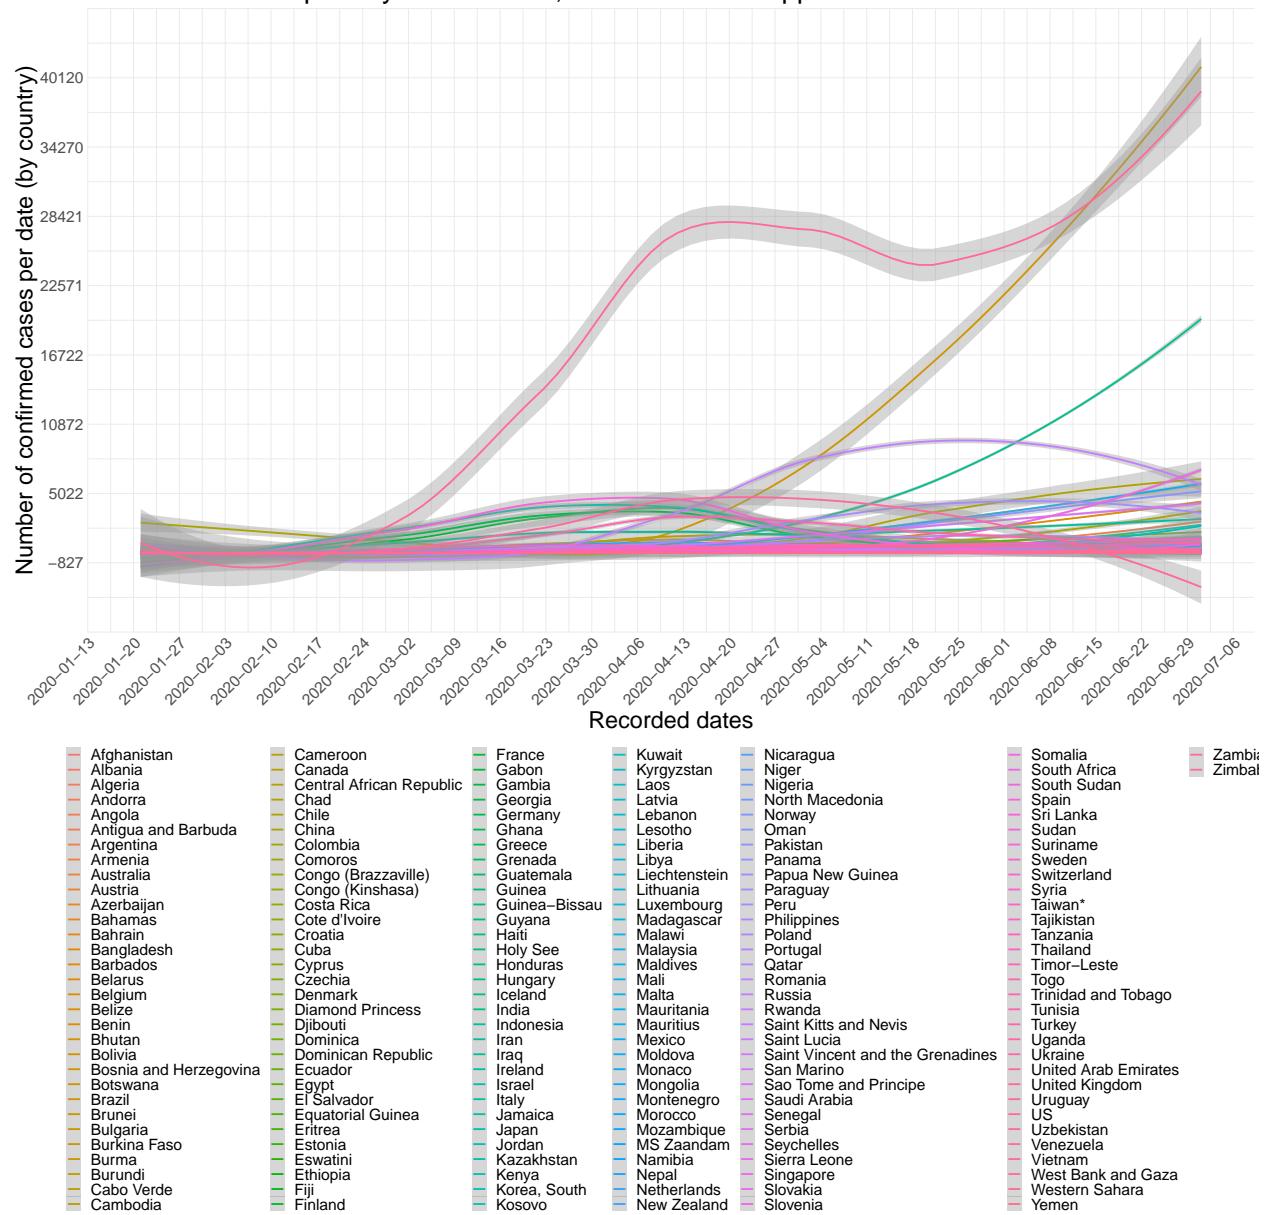

Confirmed cases across countries, count per day

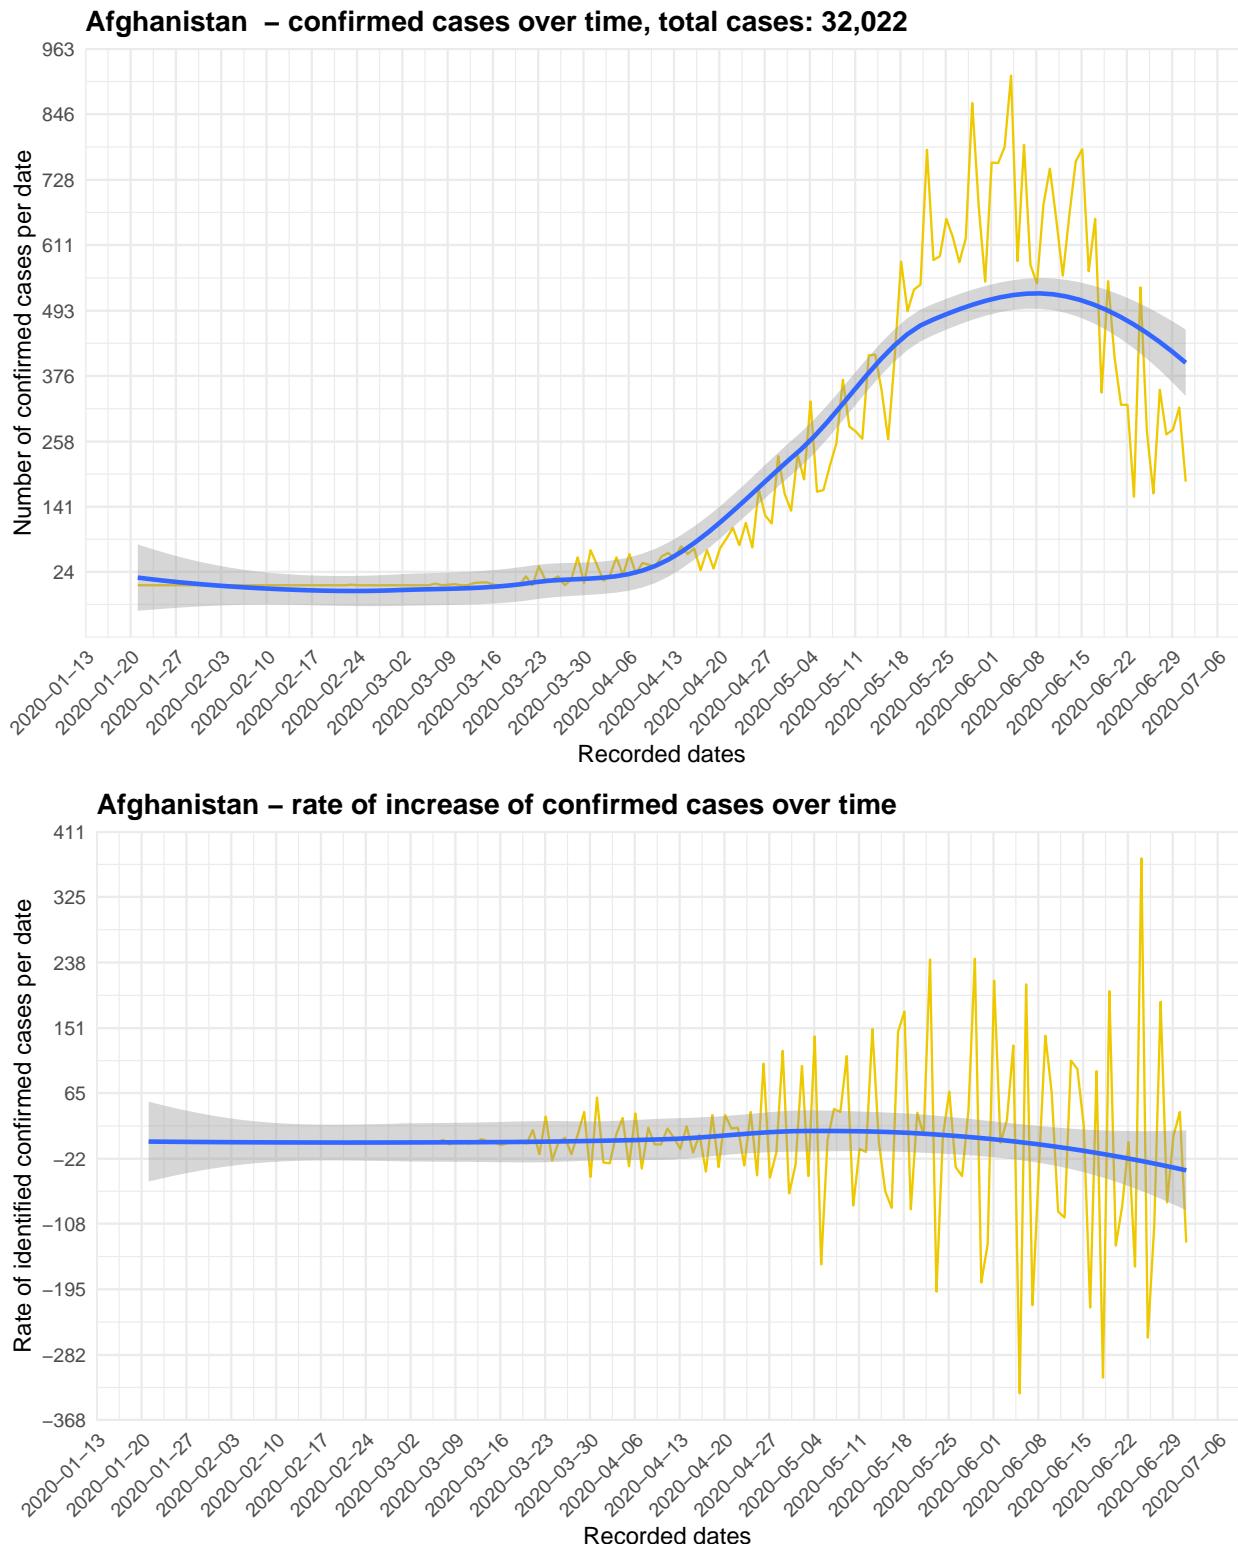

Confirmed cases per day for countries

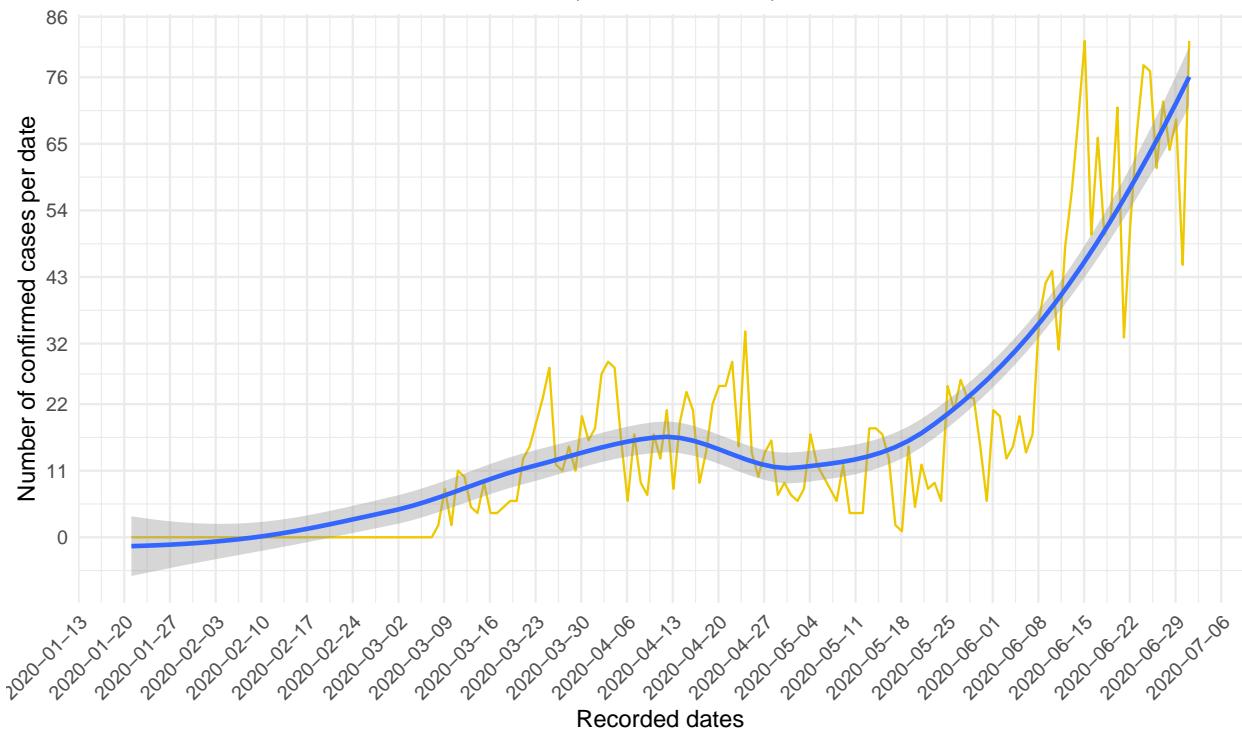

Confirmed cases per day for countries, loess smoother applied

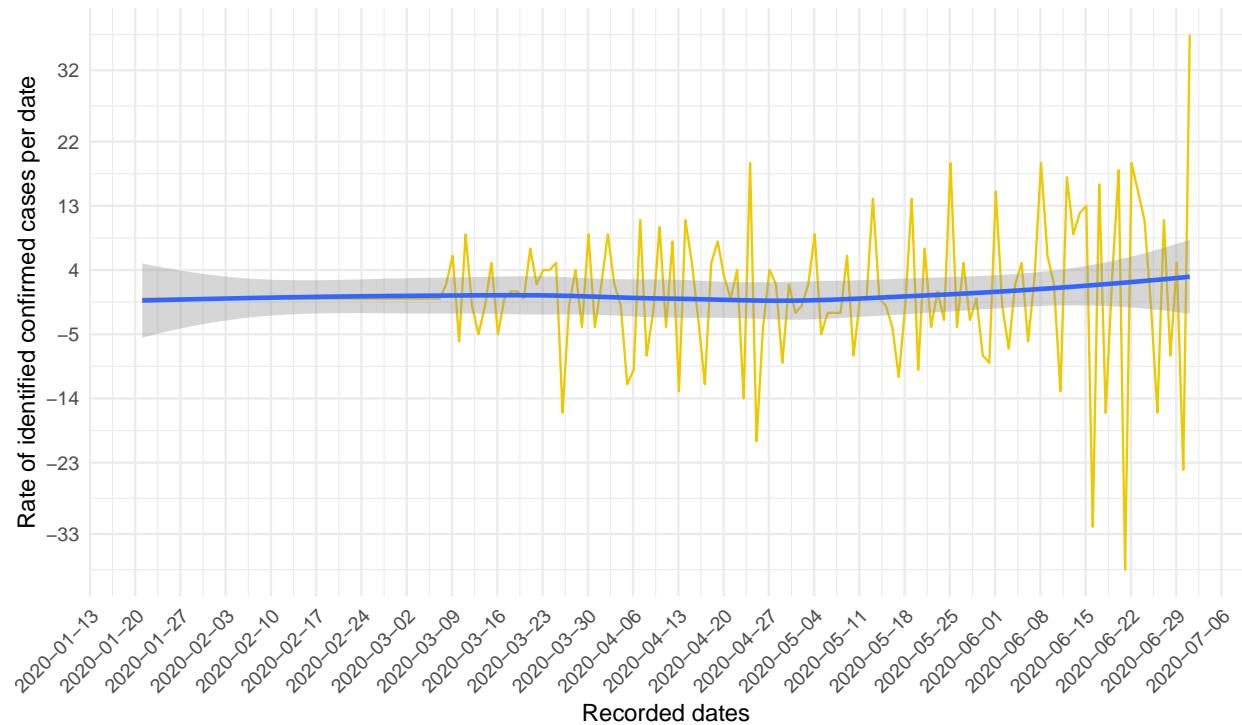

Confirmed cases by country, per day counting and rate of increase per day

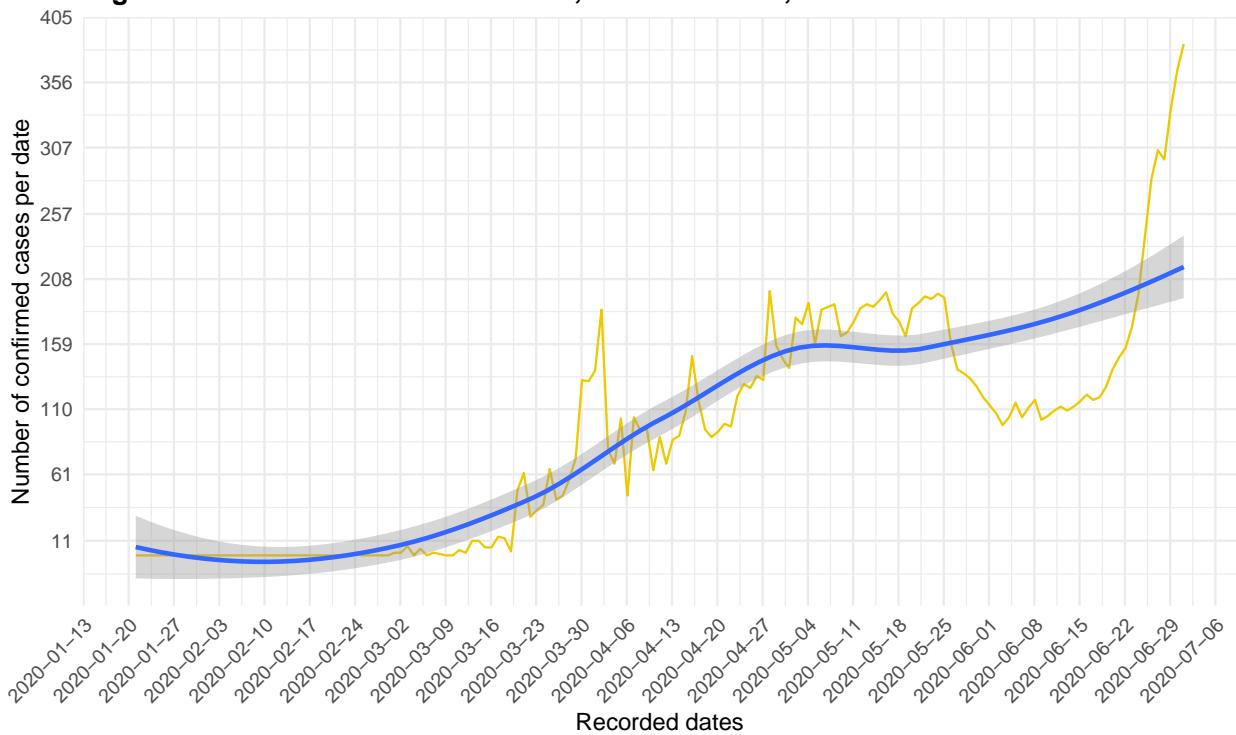

Albania – confirmed cases over time, total cases: 2,662

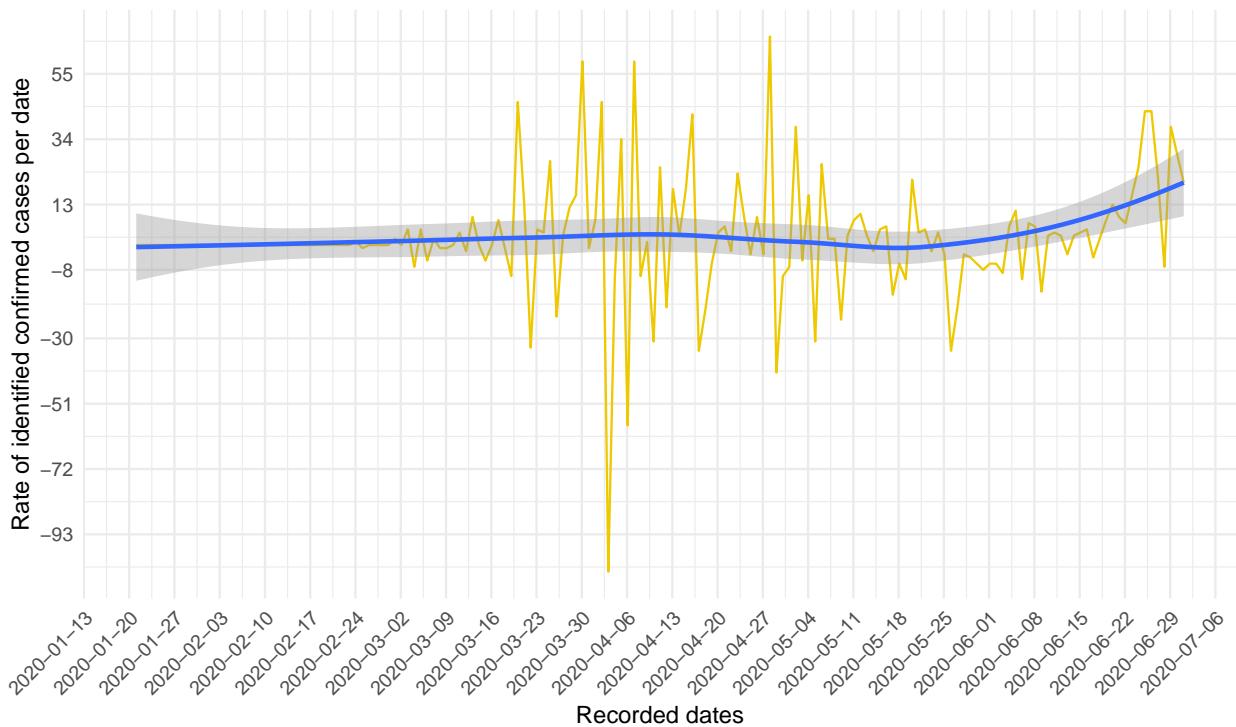

Albania – rate of increase of confirmed cases over time

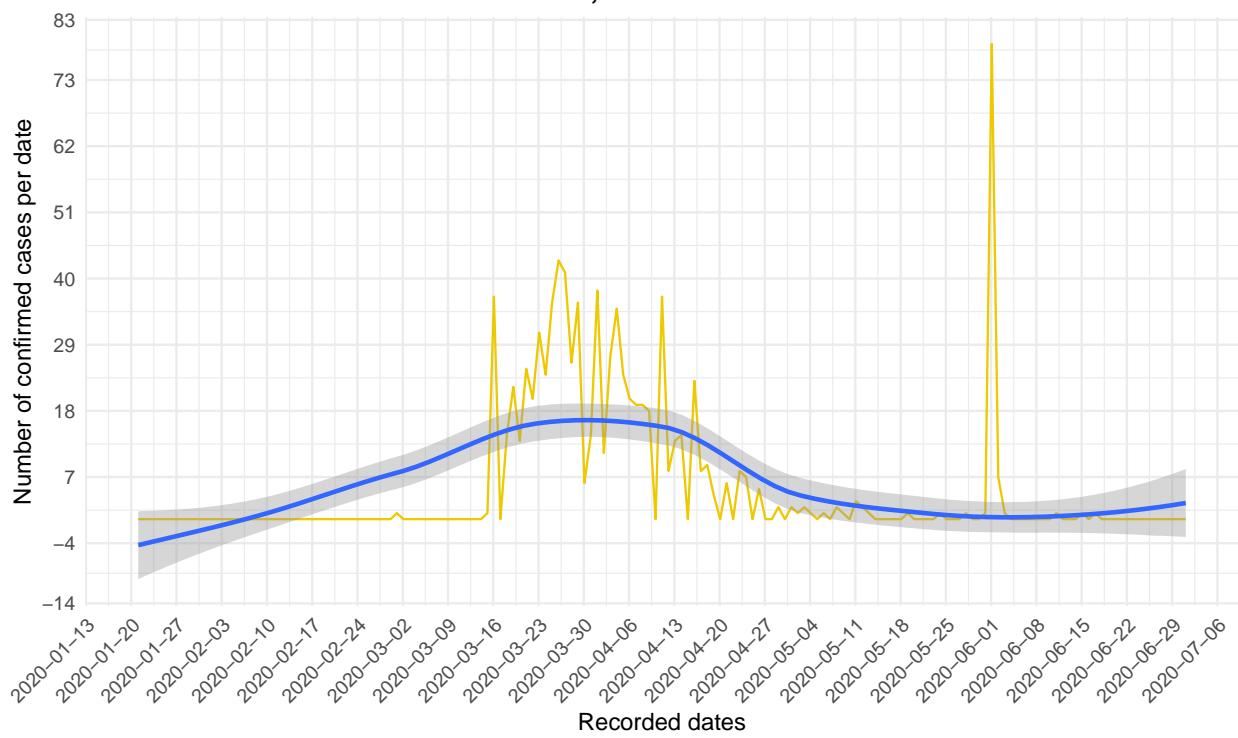

Algeria – confirmed cases over time, total cases: 14,657

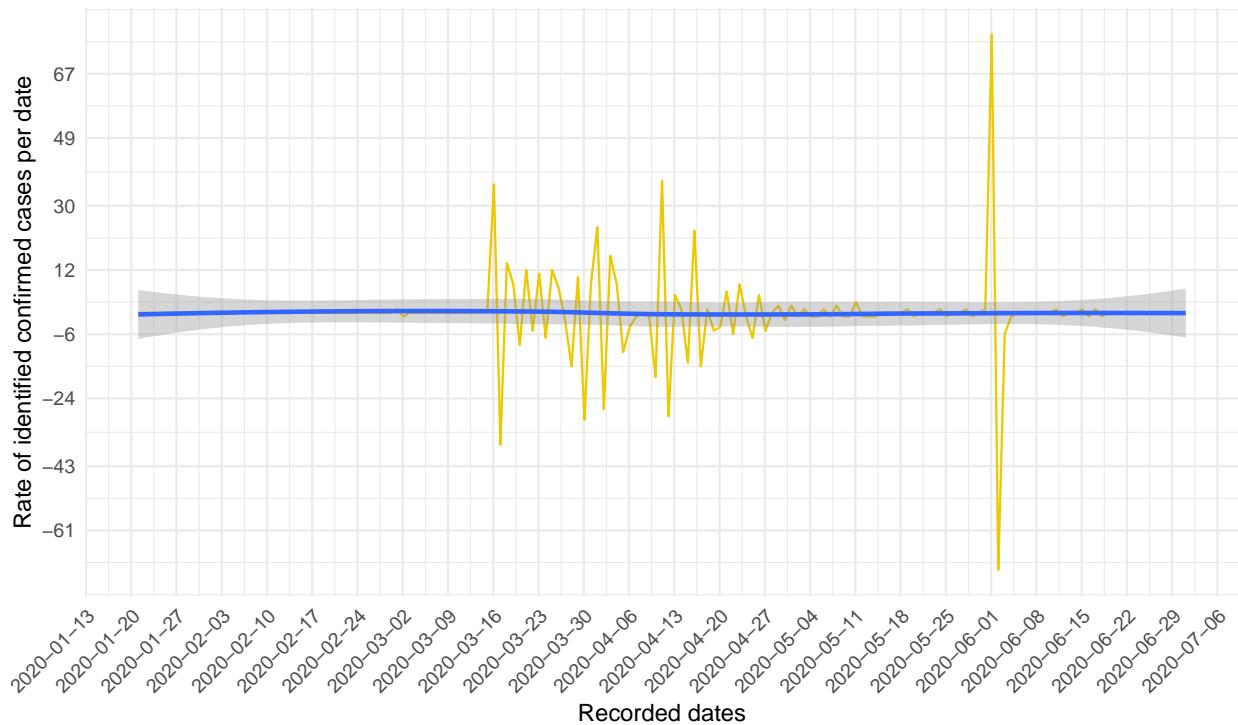

Algeria – rate of increase of confirmed cases over time

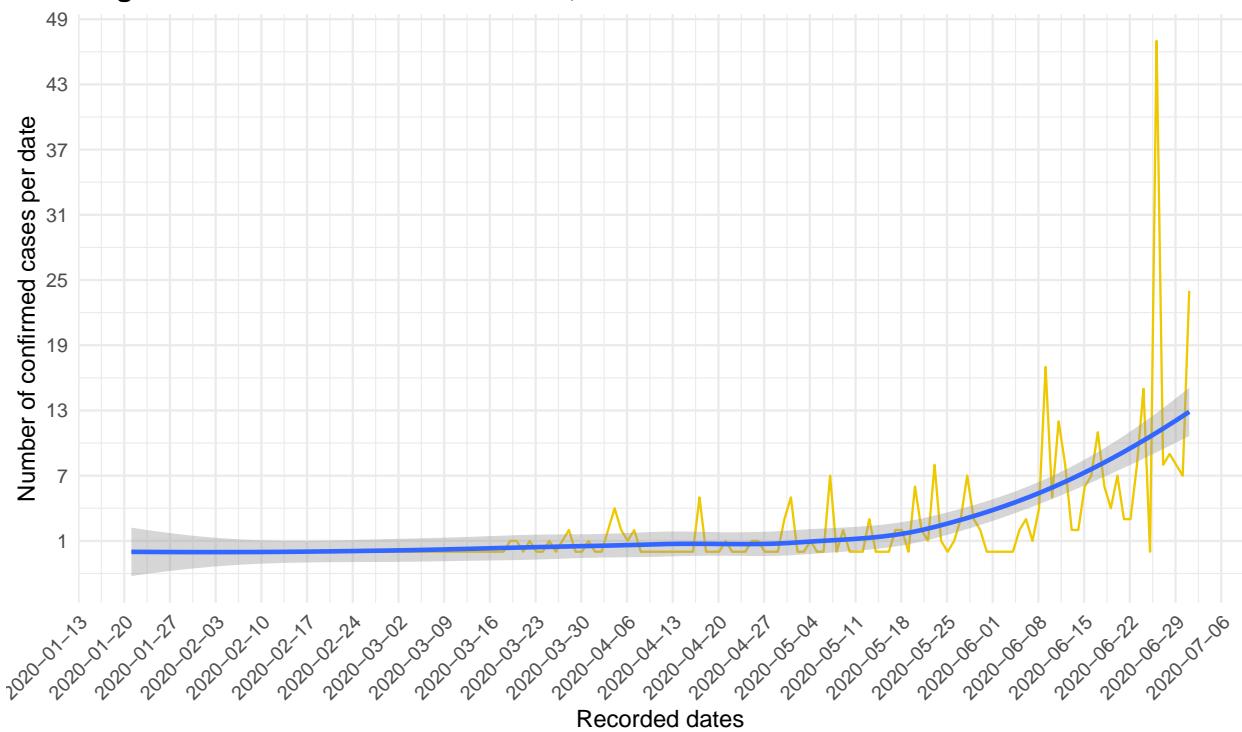

Andorra – confirmed cases over time, total cases: 855

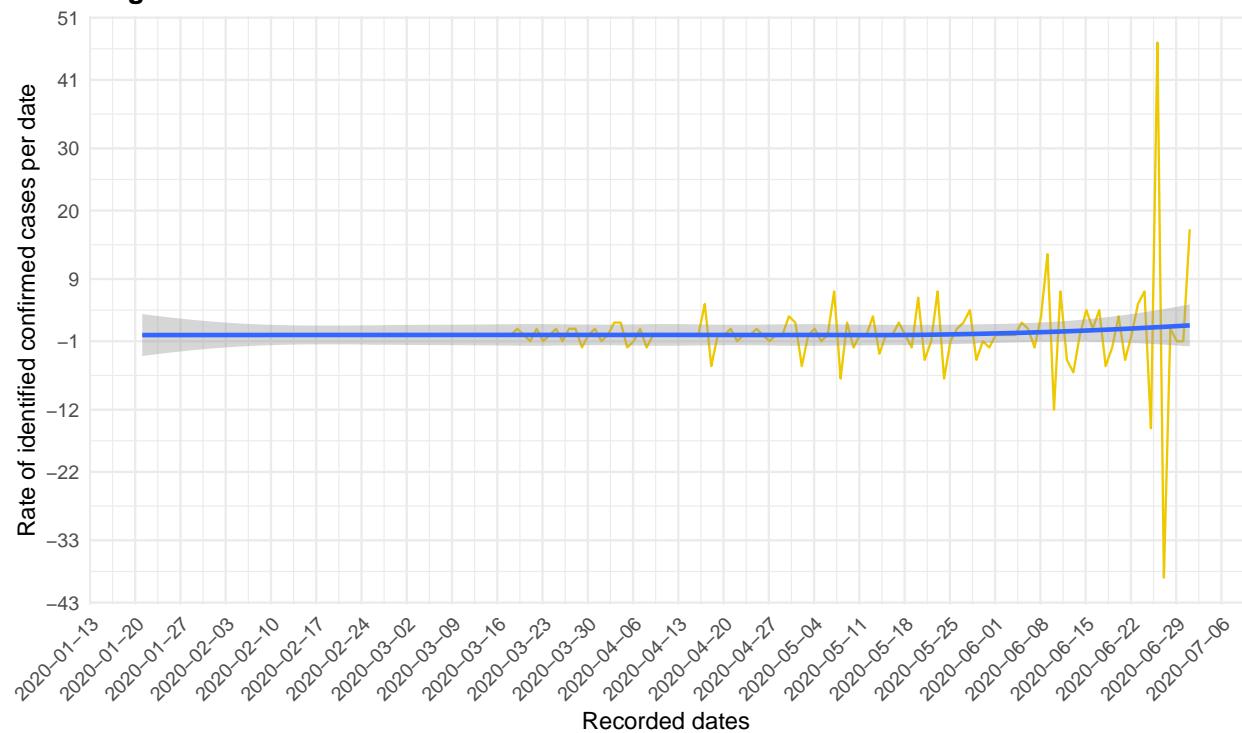

Andorra – rate of increase of confirmed cases over time

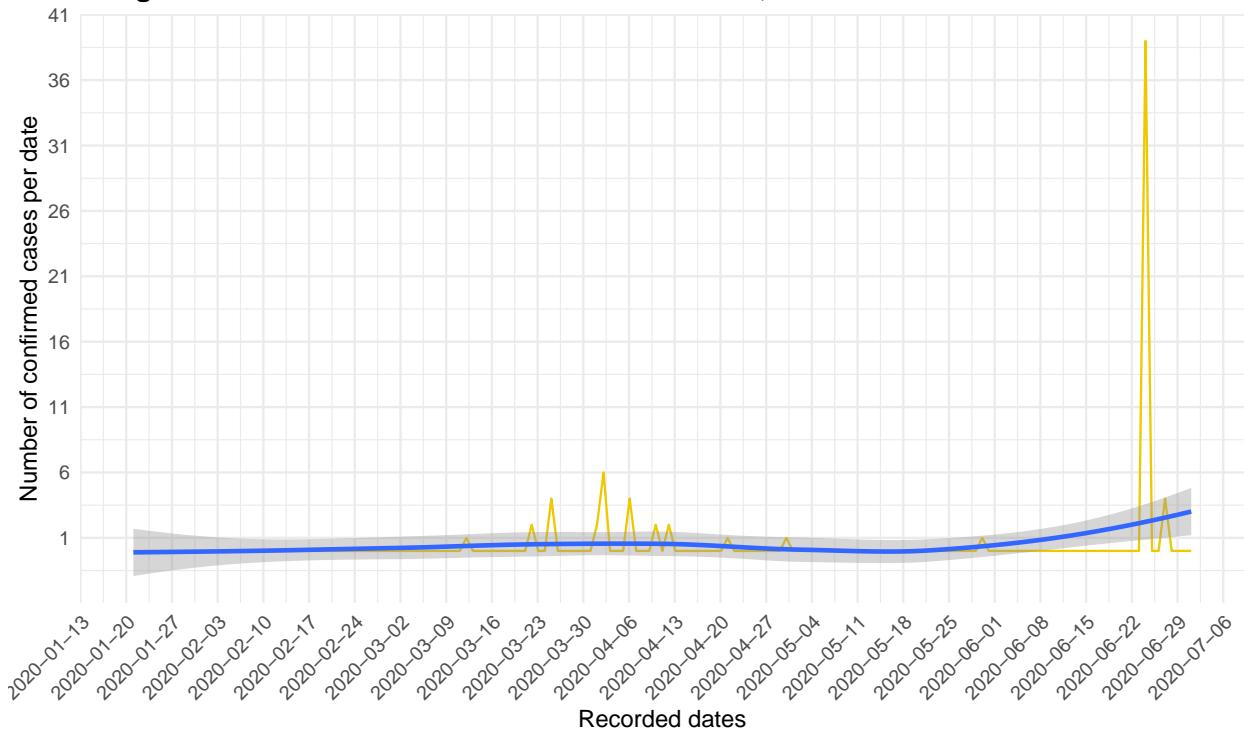

Angola – confirmed cases over time, total cases: 315

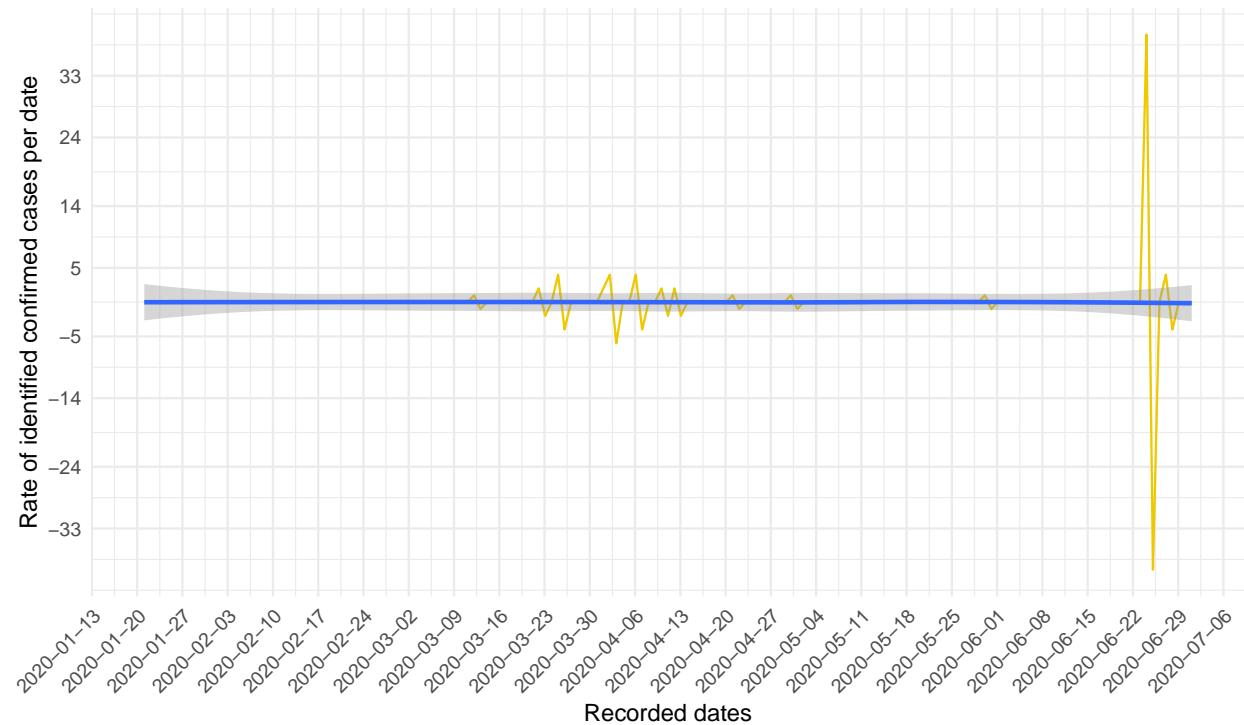

Angola – rate of increase of confirmed cases over time

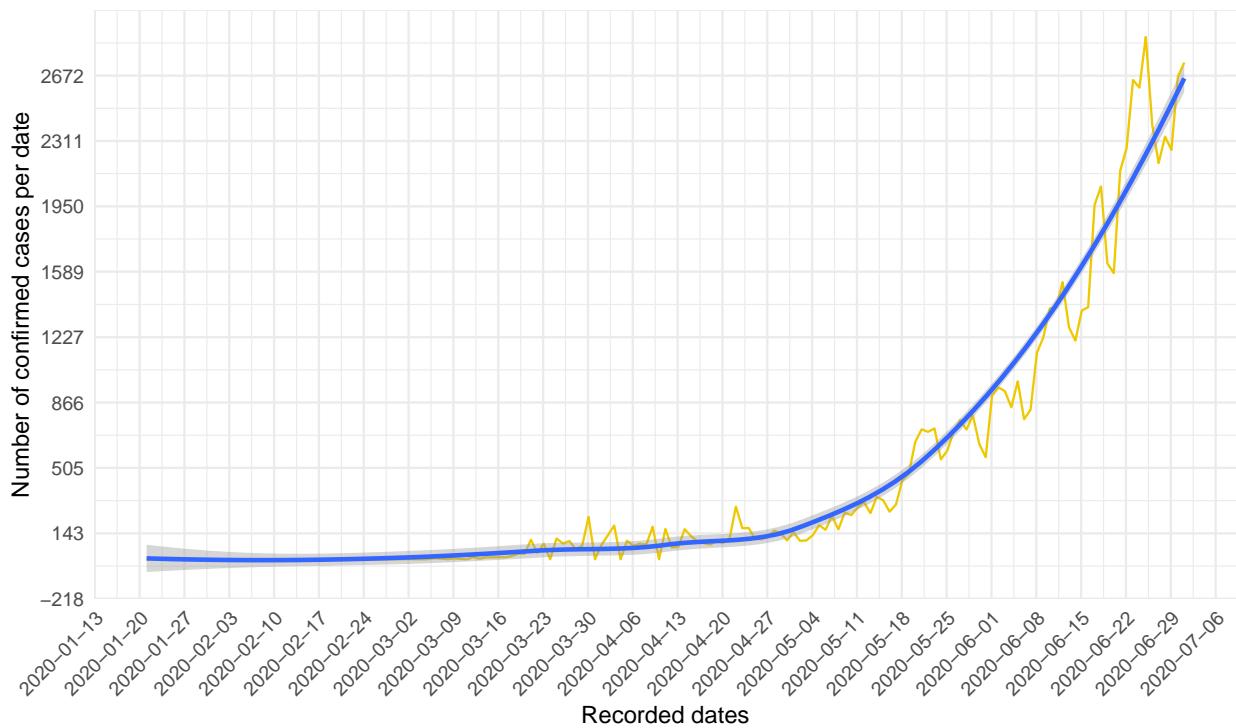

Antigua and Barbuda – confirmed cases over time, total cases: 69

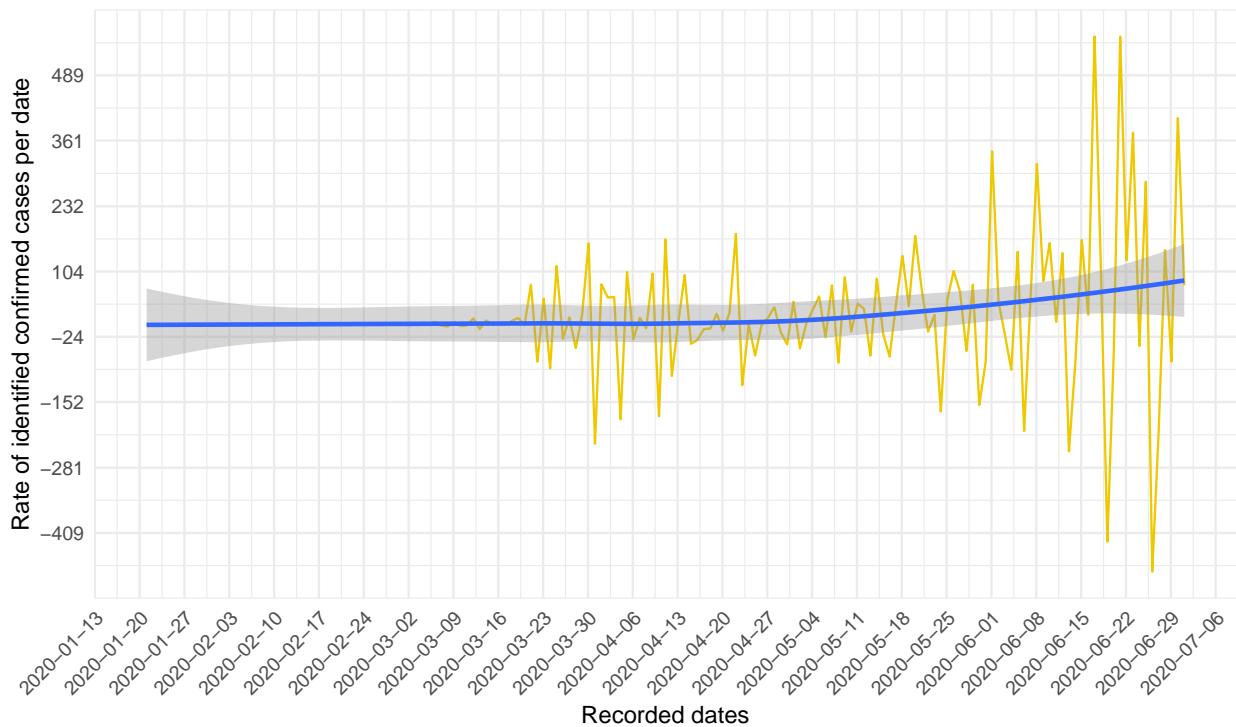

Antigua and Barbuda – rate of increase of confirmed cases over time

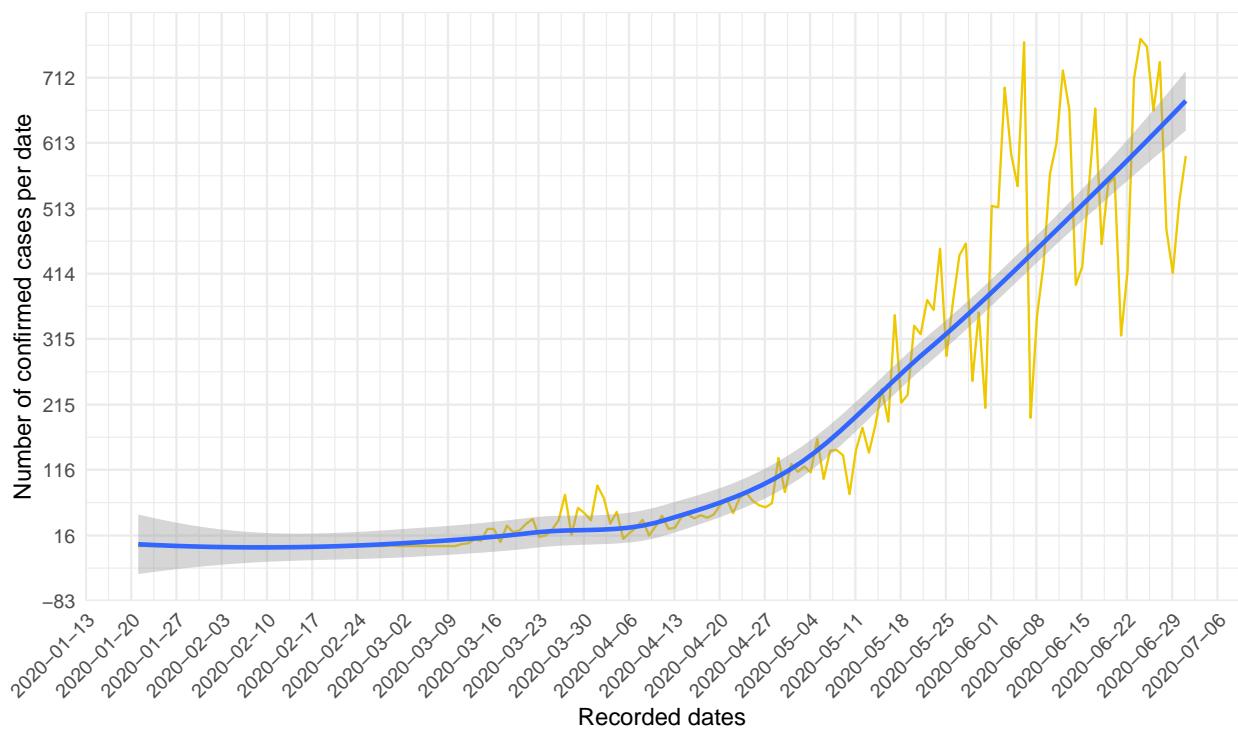

Argentina – confirmed cases over time, total cases: 69,941

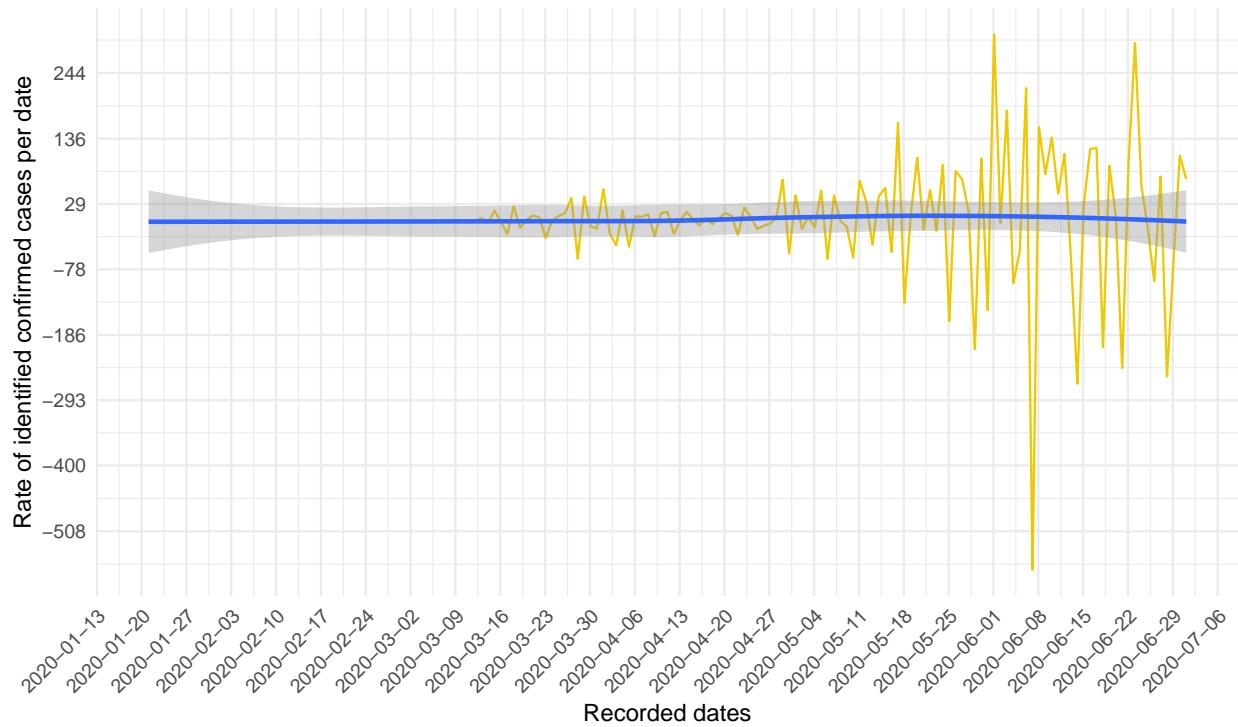

Argentina – rate of increase of confirmed cases over time

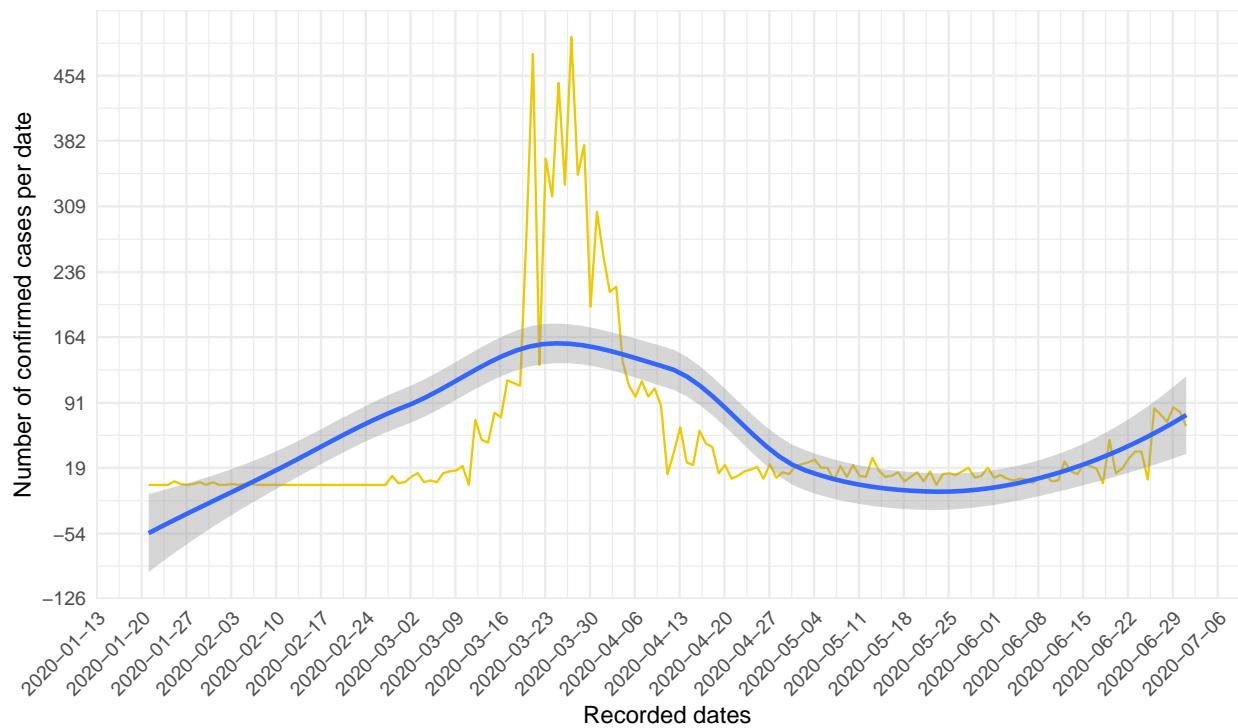

Armenia – confirmed cases over time, total cases: 26,658

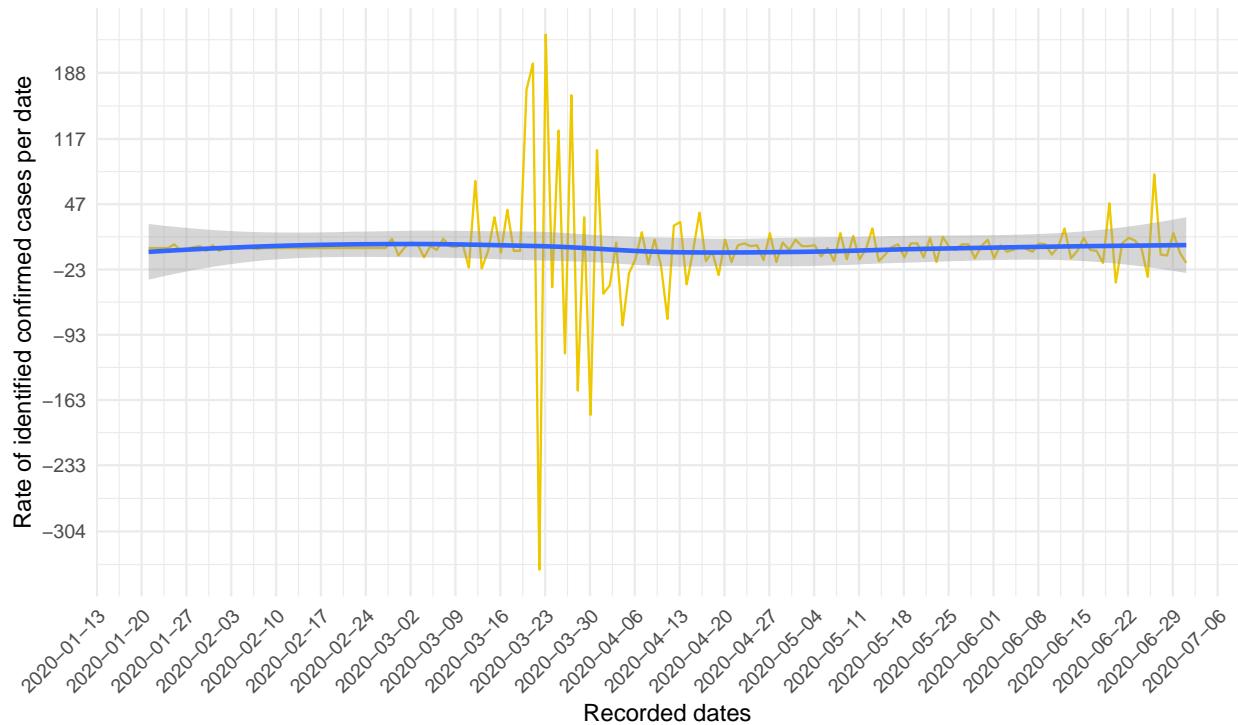

Armenia – rate of increase of confirmed cases over time

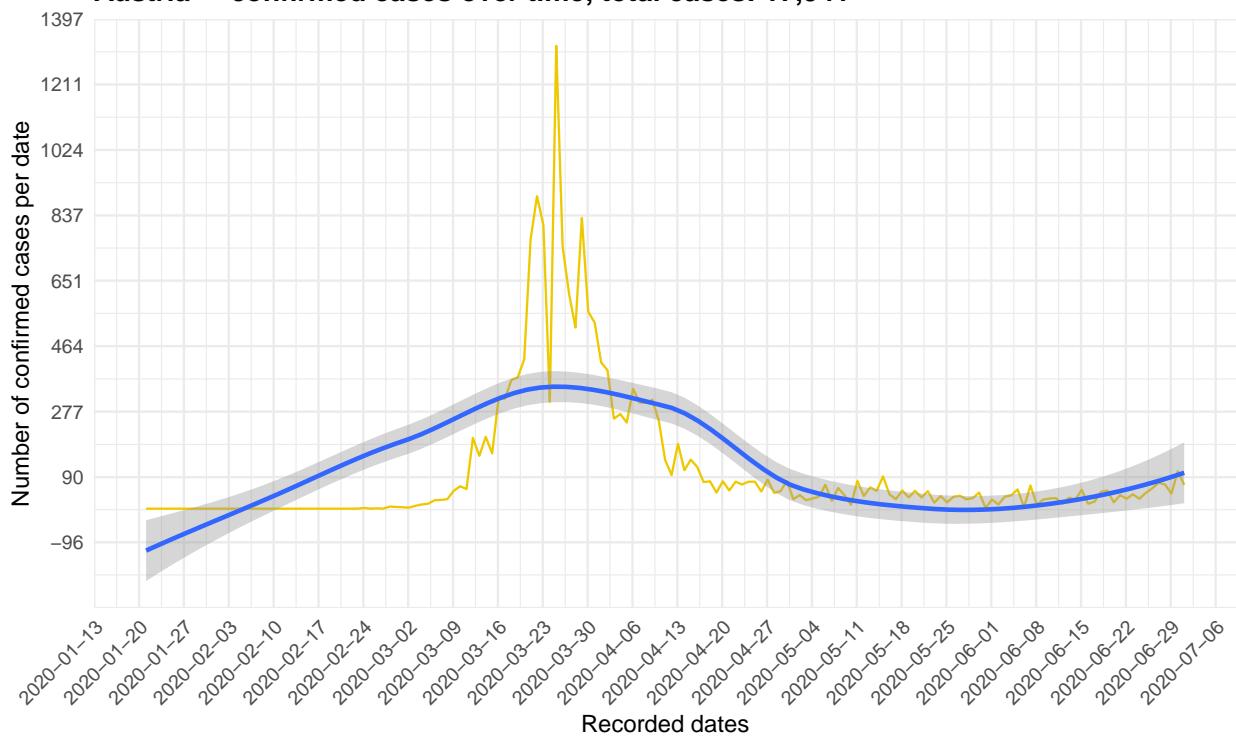

Australia – confirmed cases over time, total cases: 8,066

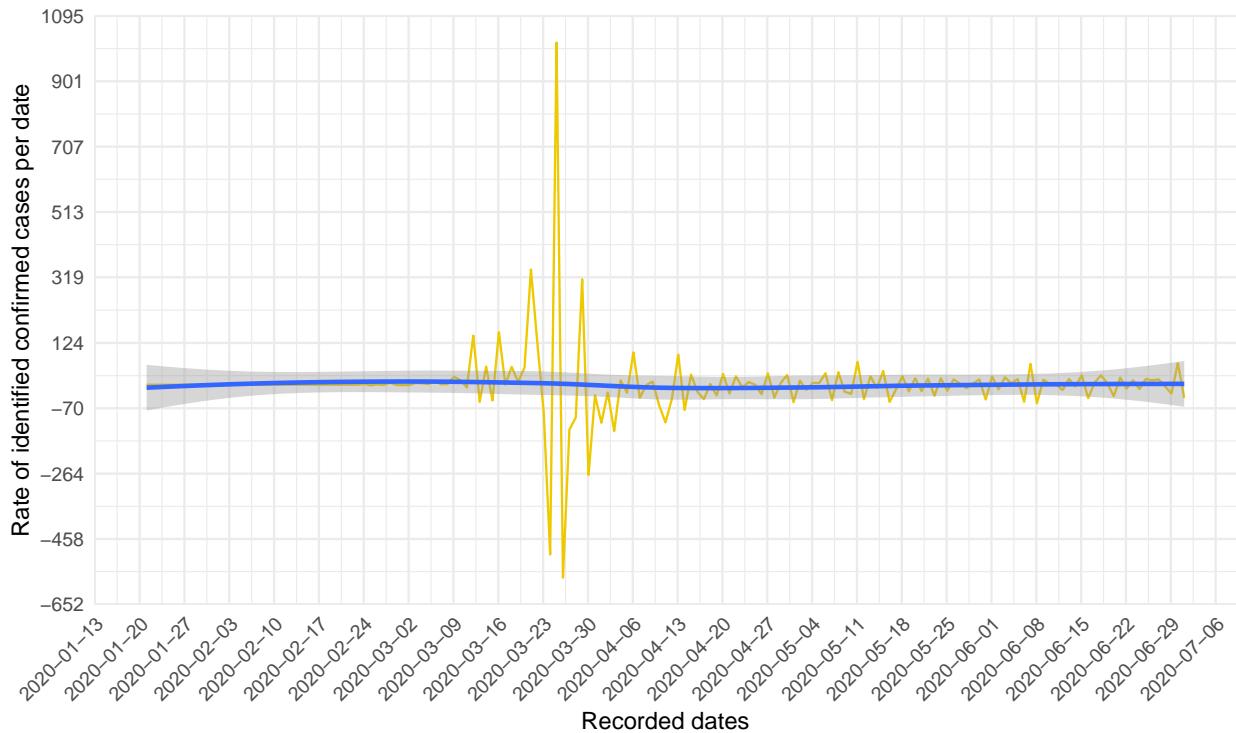

Australia – rate of increase of confirmed cases over time

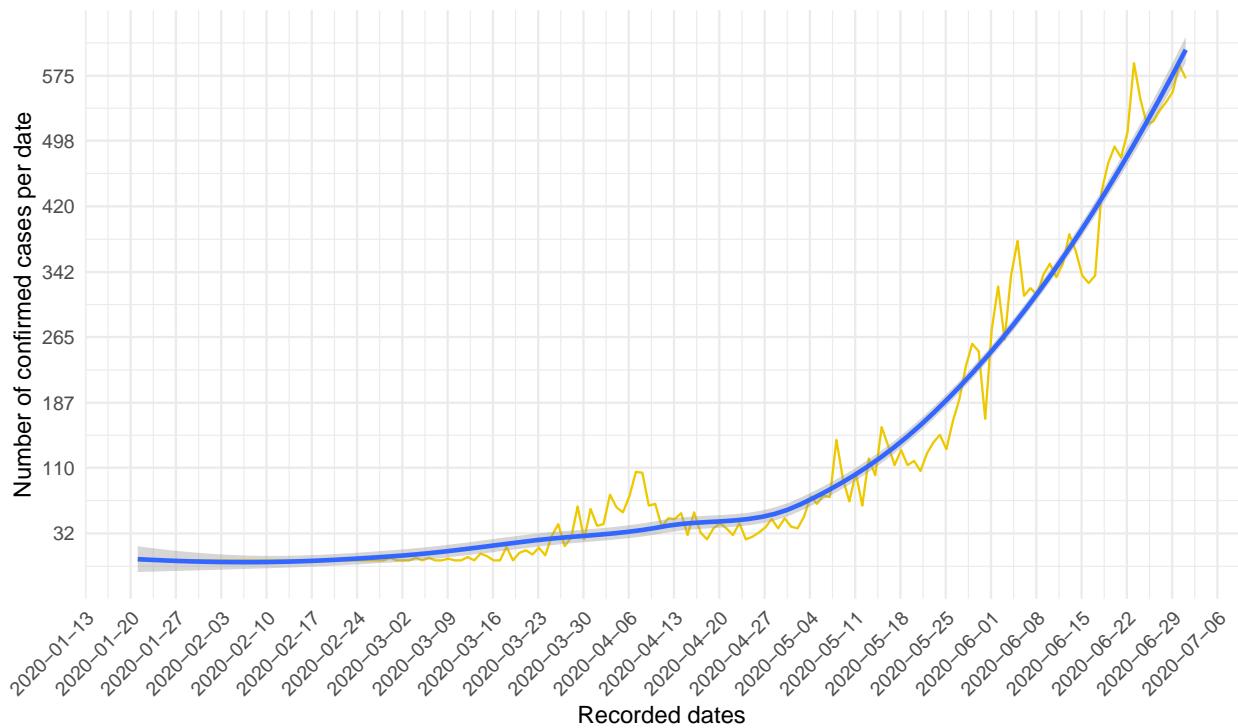

Austria – confirmed cases over time, total cases: 17,941

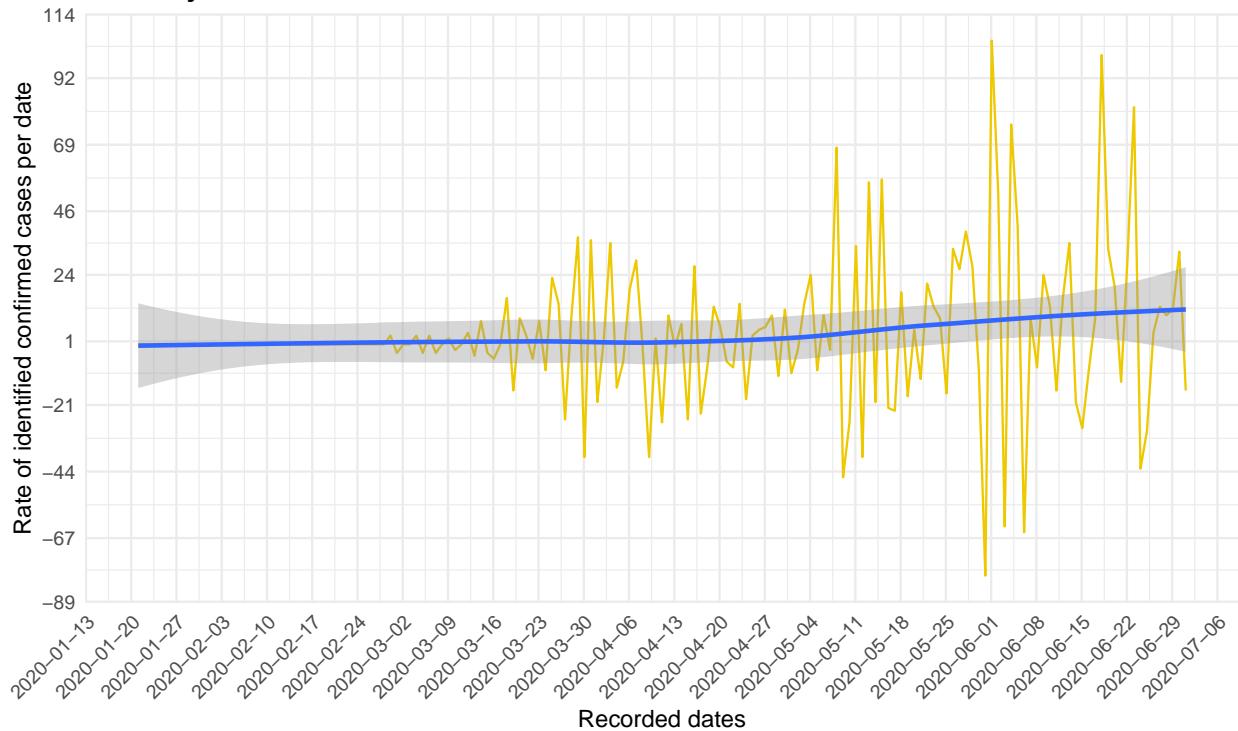

Austria – rate of increase of confirmed cases over time

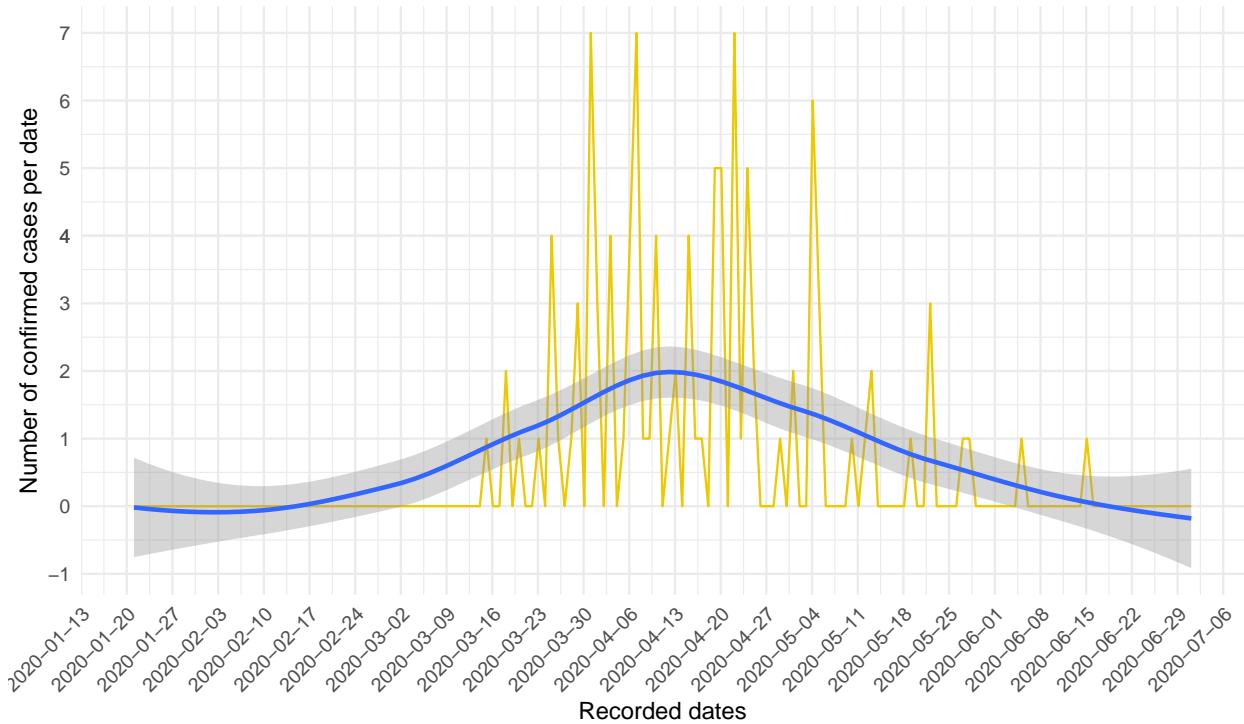

Azerbaijan – confirmed cases over time, total cases: 18,684

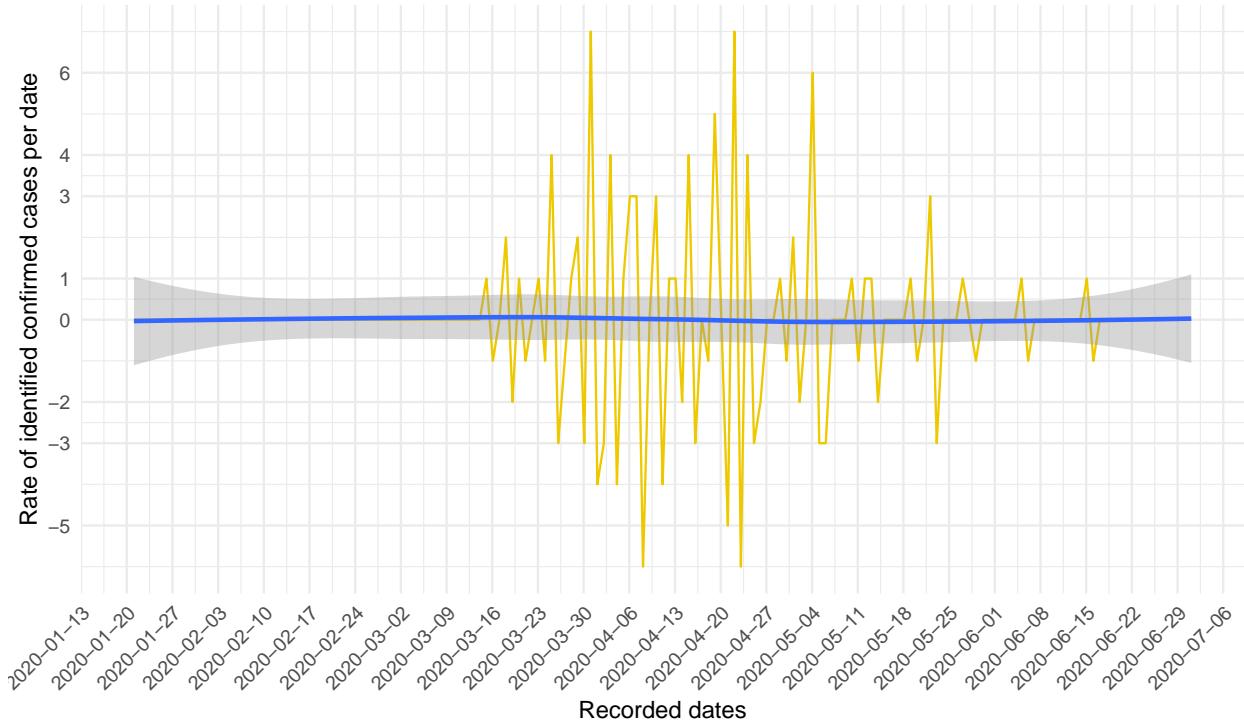

Azerbaijan – rate of increase of confirmed cases over time

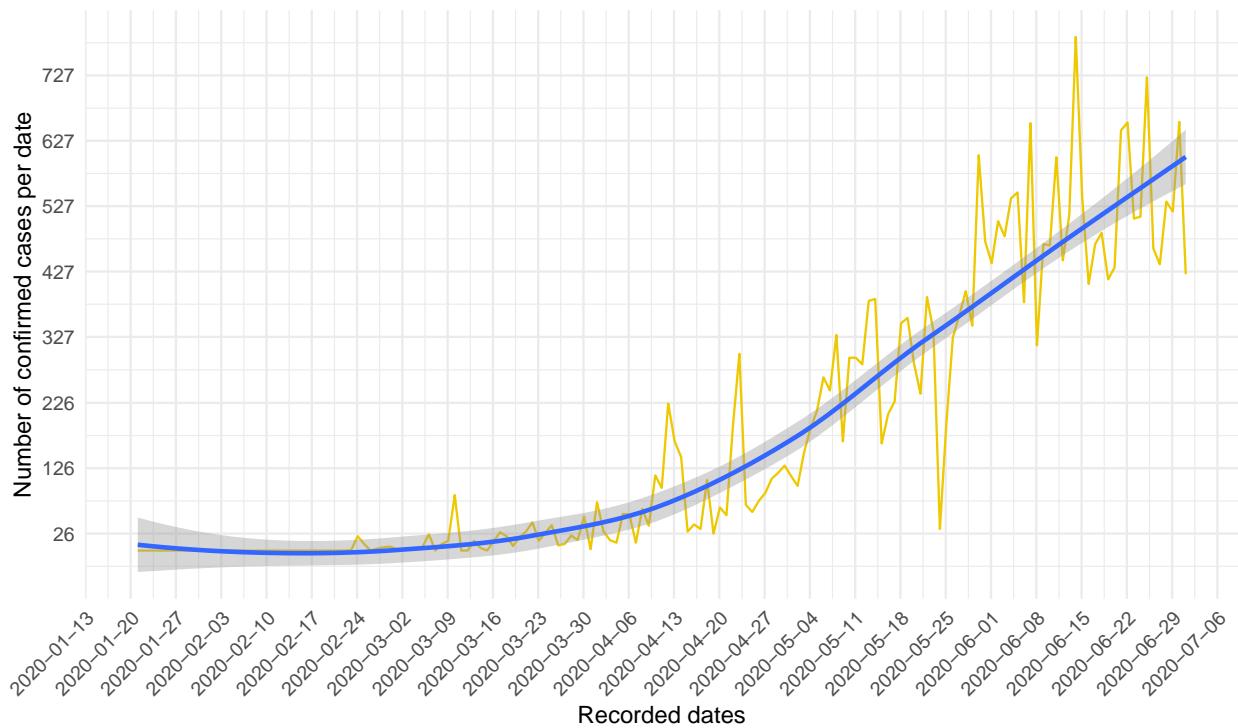

Bahamas – confirmed cases over time, total cases: 104

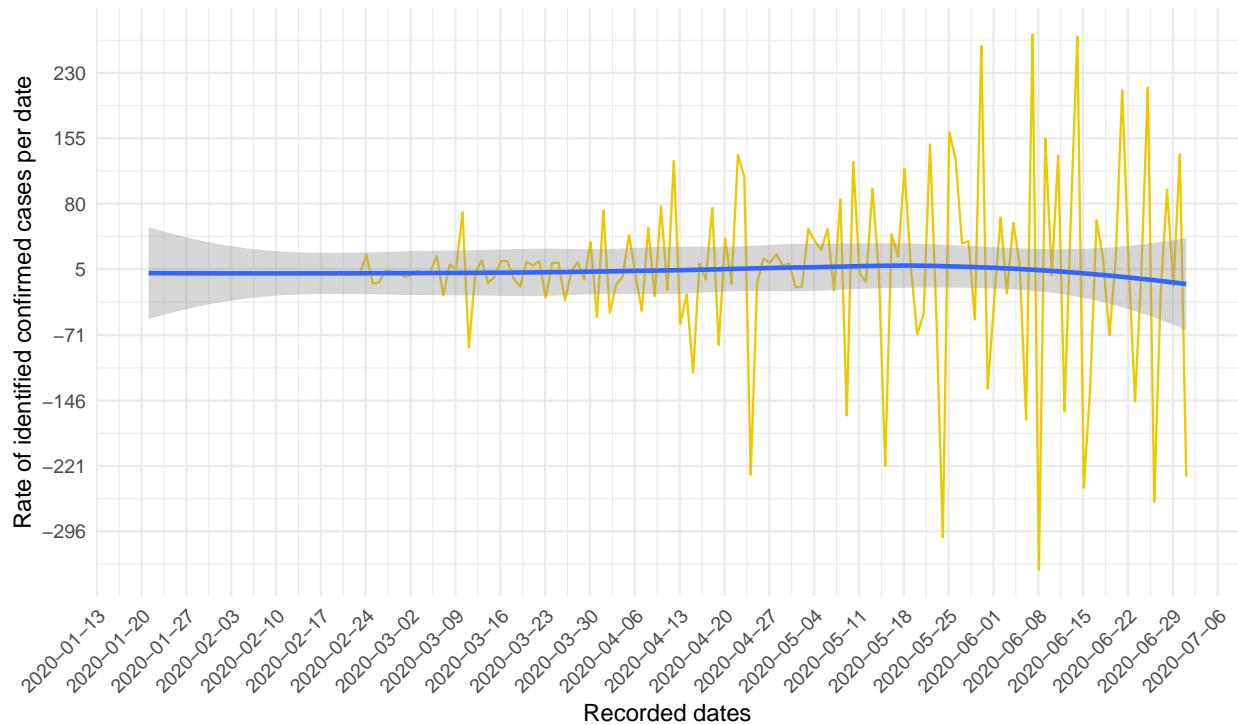

Bahamas – rate of increase of confirmed cases over time

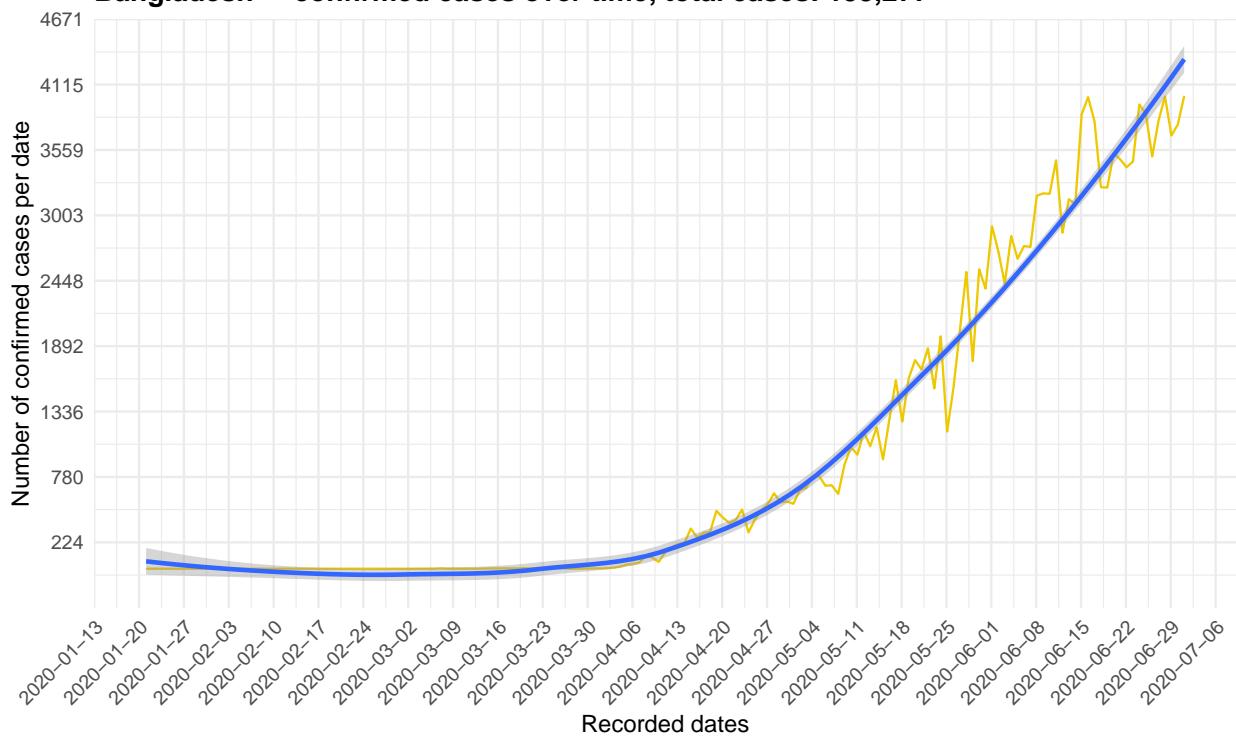

Bahrain – confirmed cases over time, total cases: 27,837

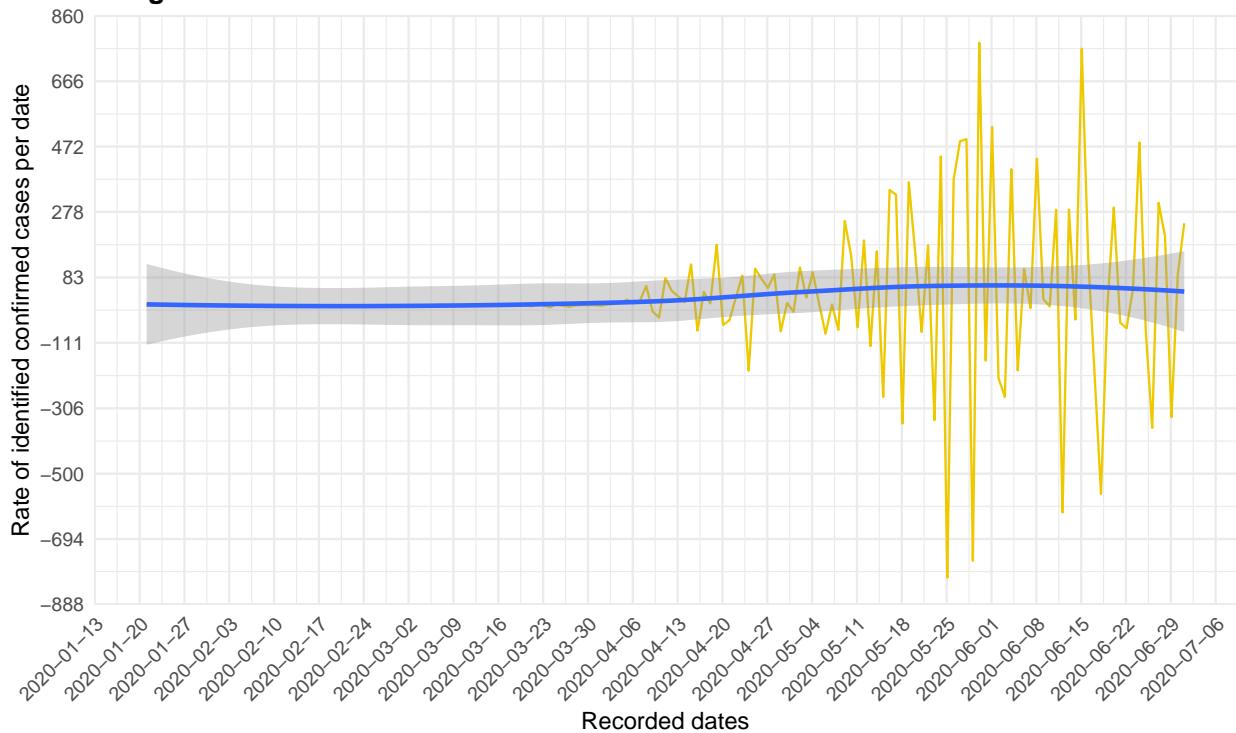

Bahrain – rate of increase of confirmed cases over time

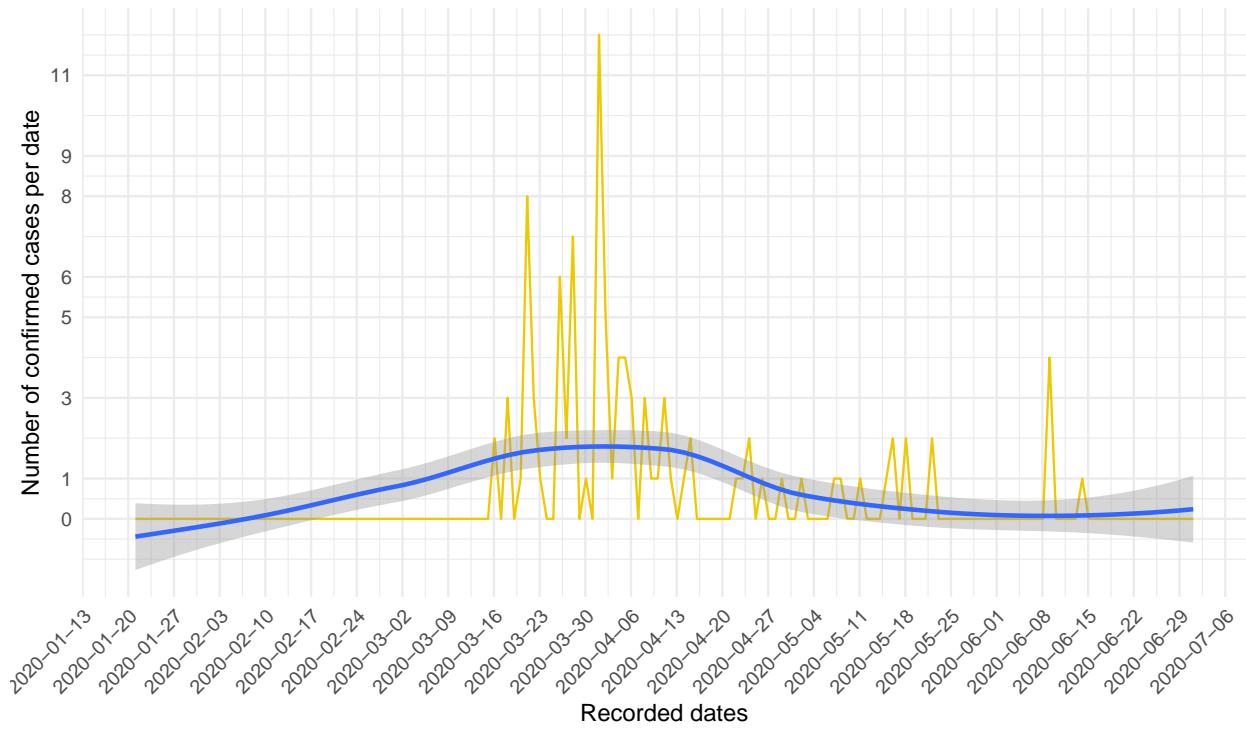

Bangladesh – confirmed cases over time, total cases: 153,277

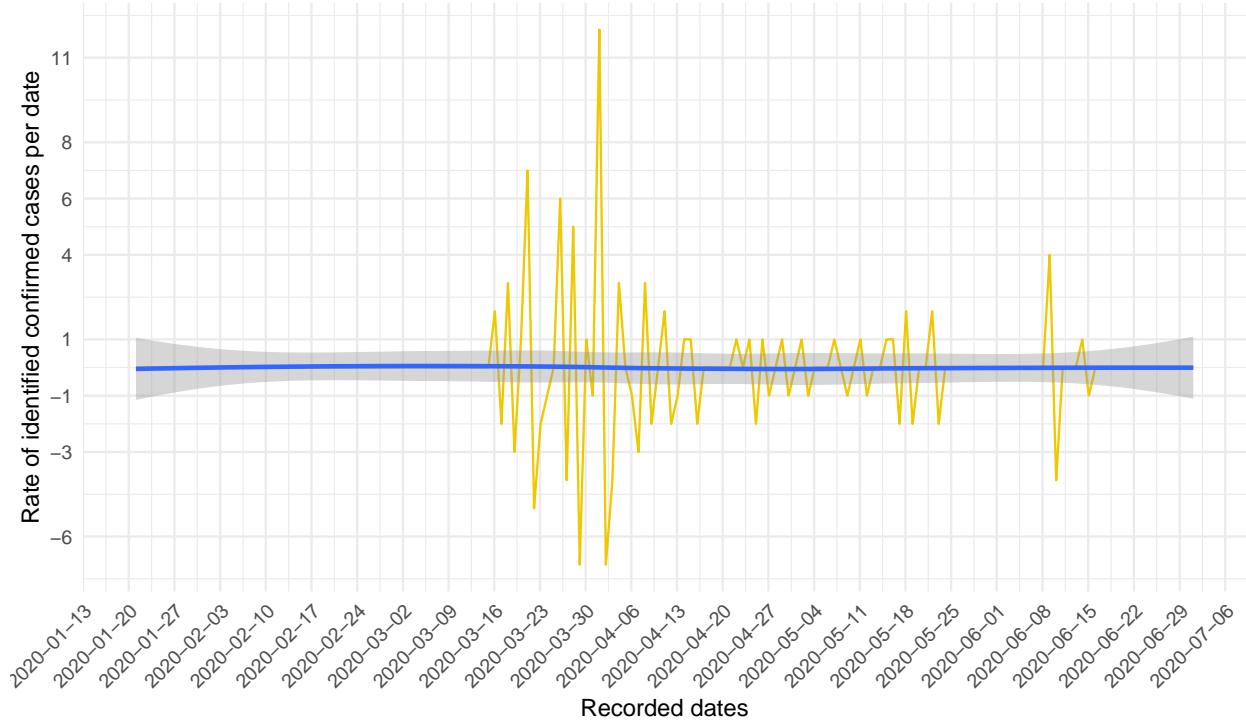

Bangladesh – rate of increase of confirmed cases over time

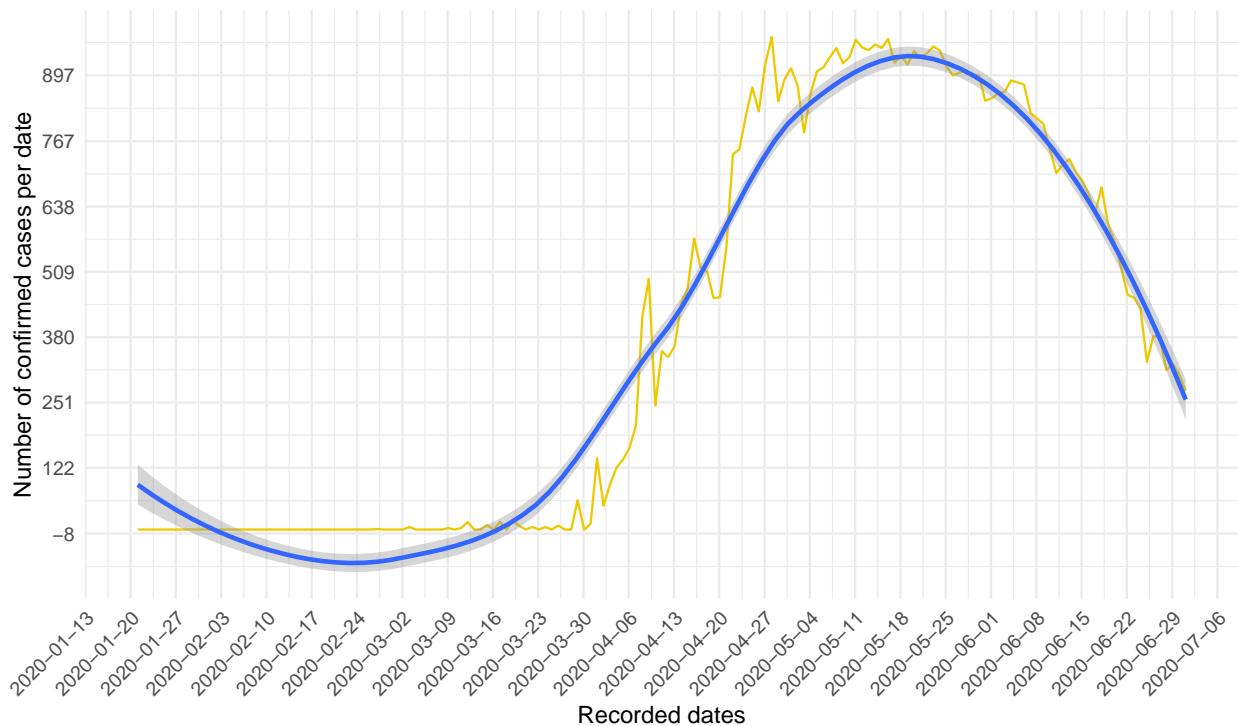

Barbados – confirmed cases over time, total cases: 97

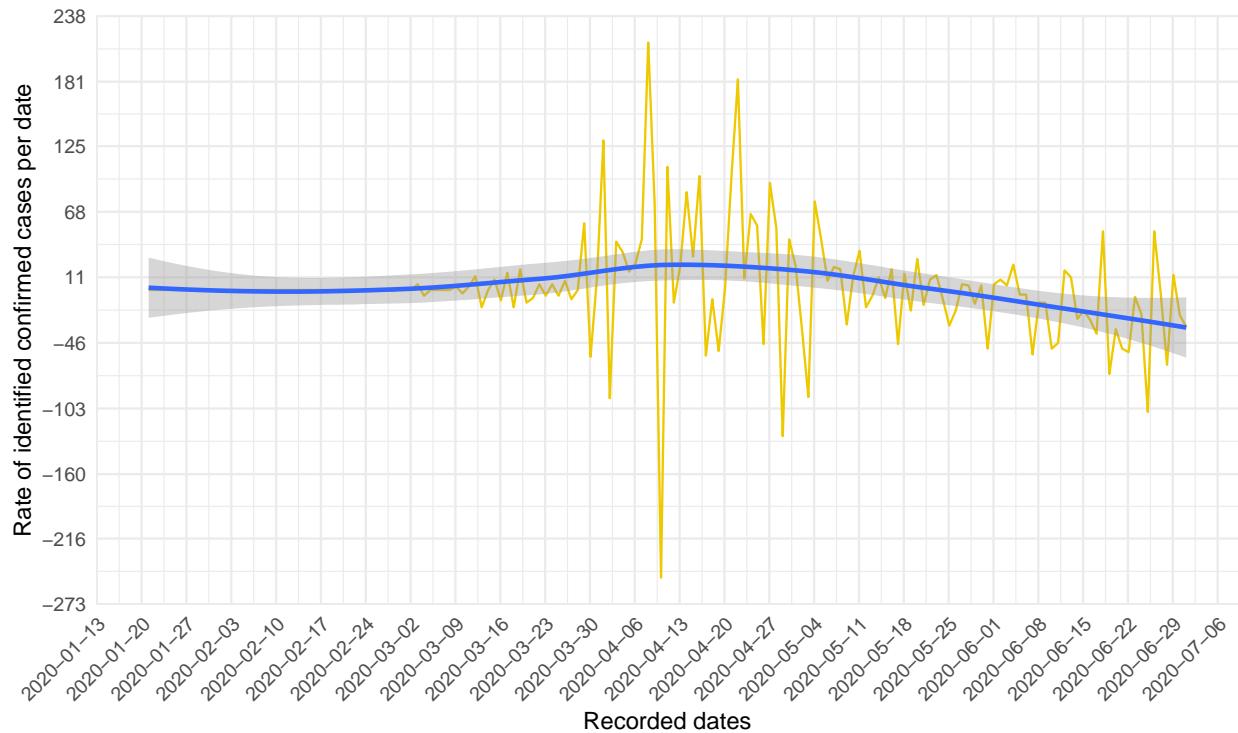

Barbados – rate of increase of confirmed cases over time

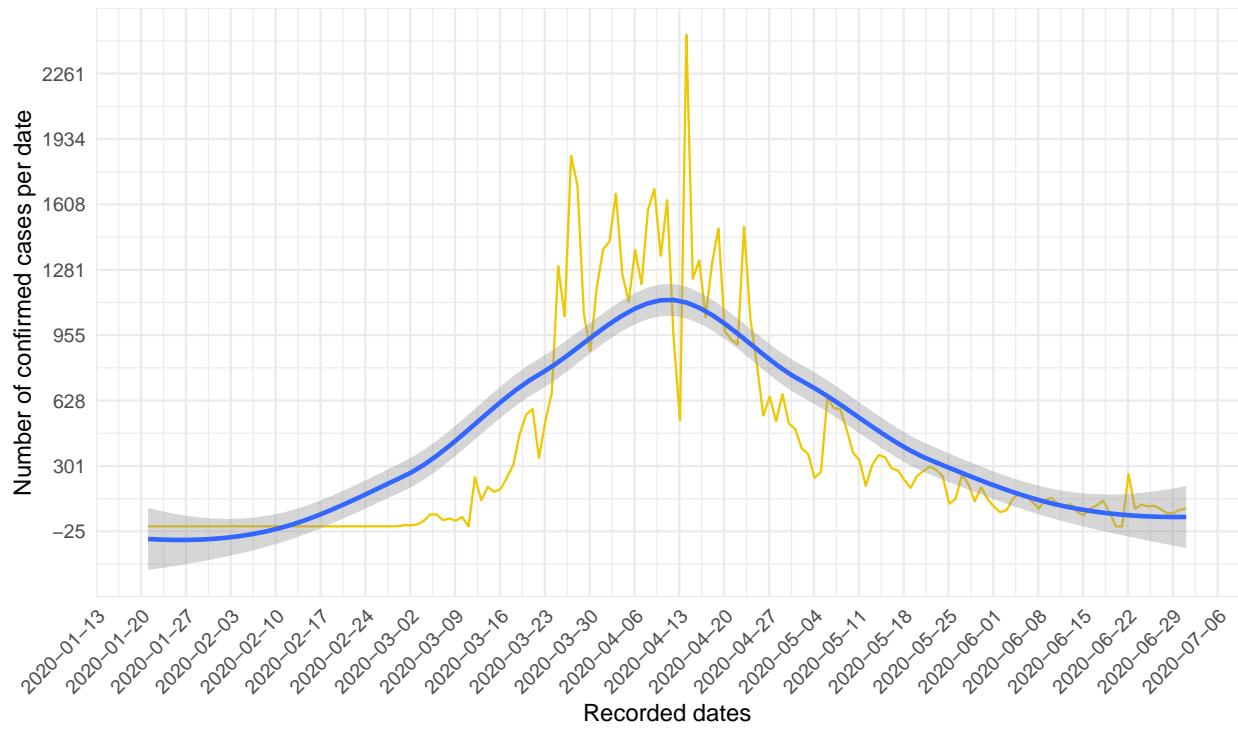

Belarus – confirmed cases over time, total cases: 62,698

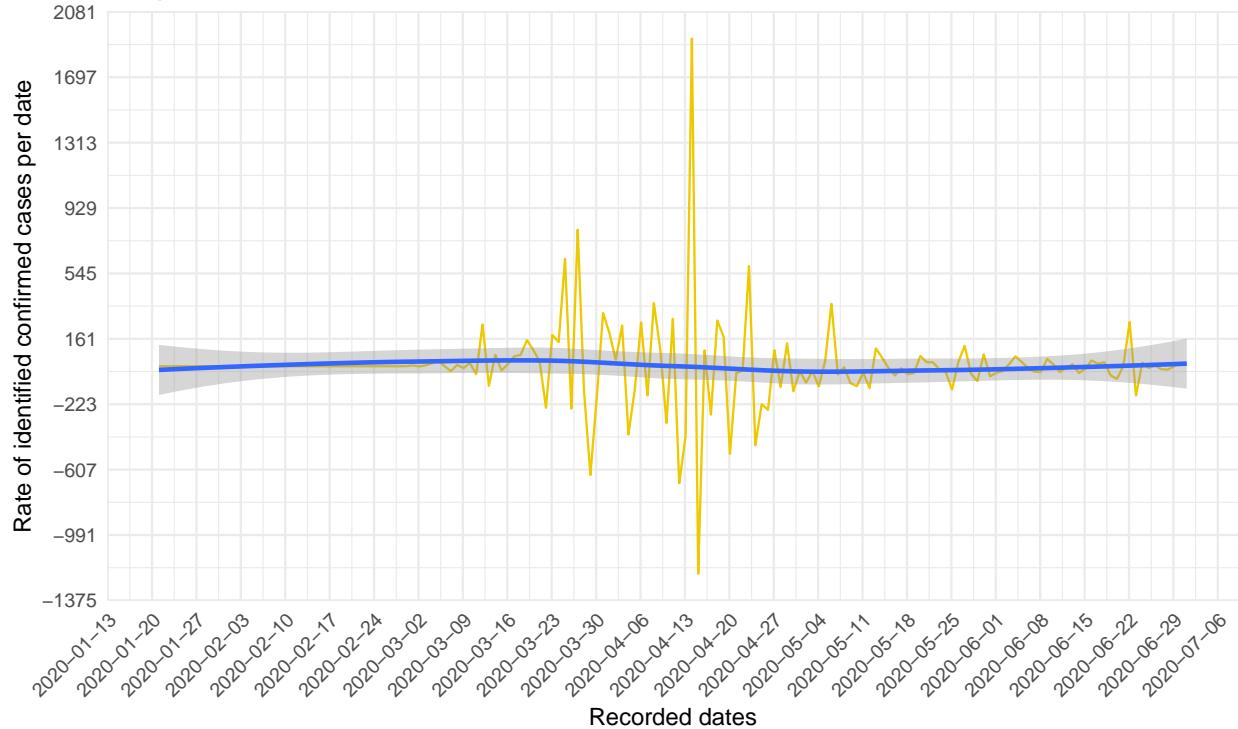

Belarus – rate of increase of confirmed cases over time

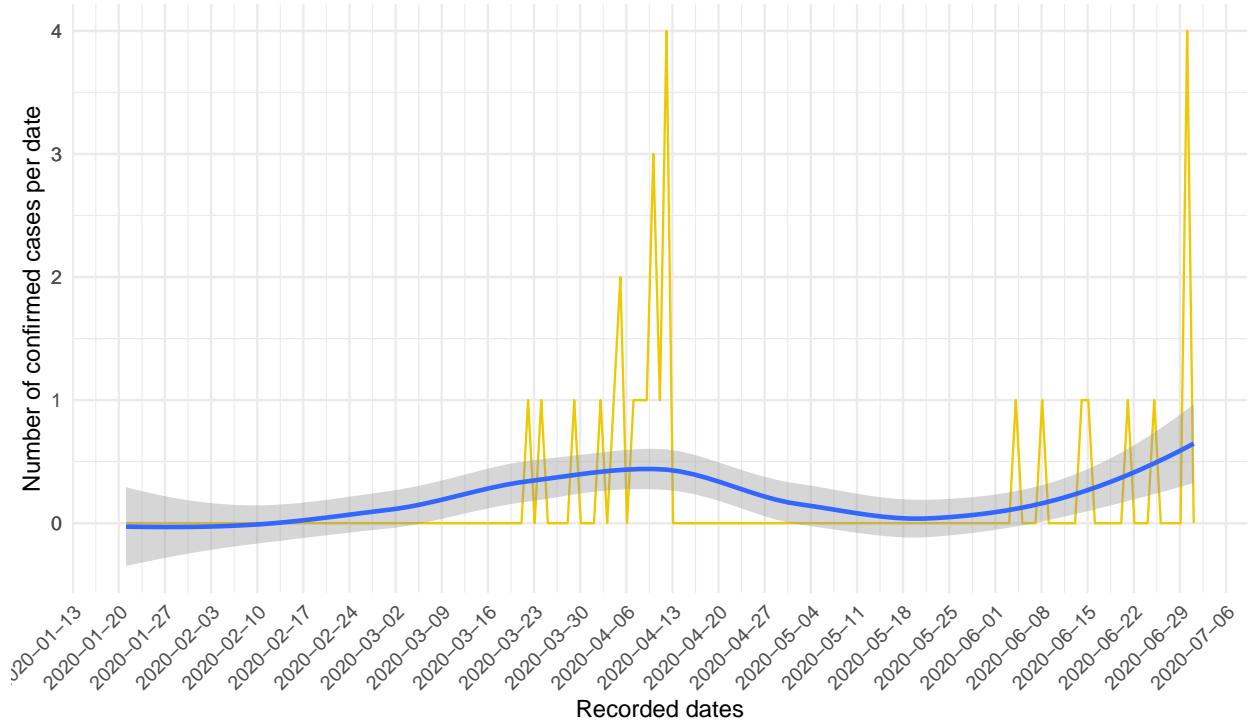

Belgium – confirmed cases over time, total cases: 61,598

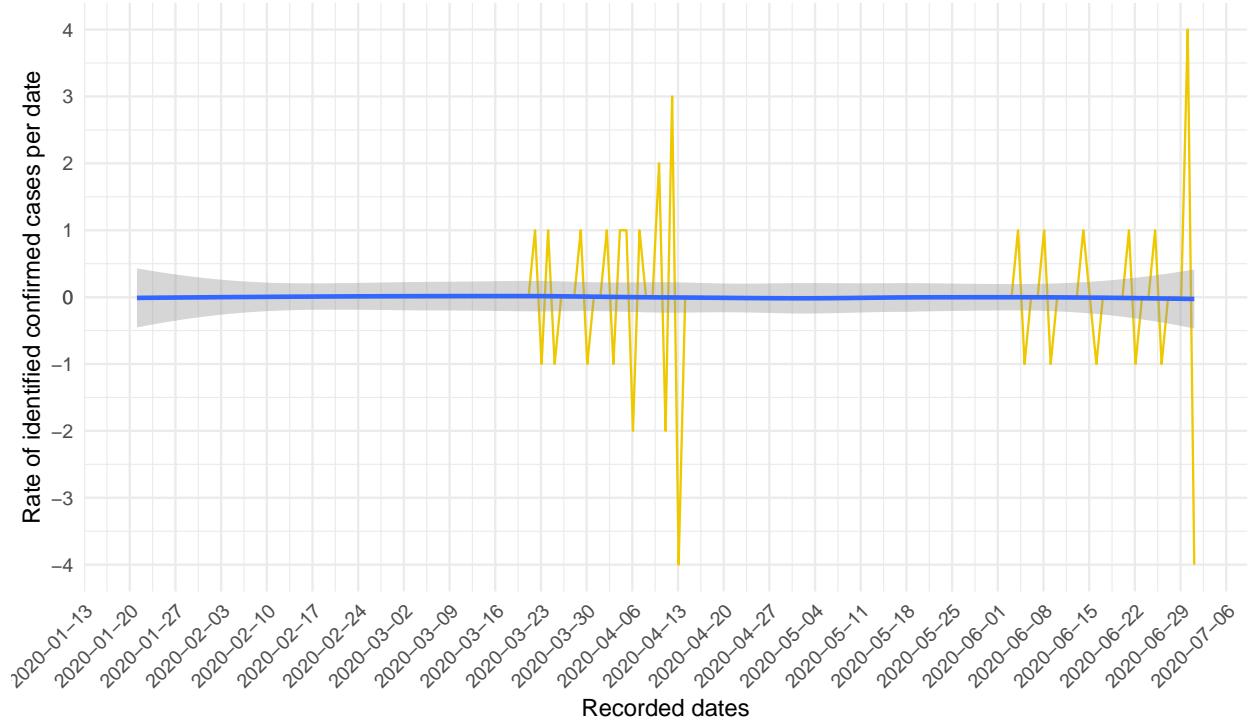

Belgium – rate of increase of confirmed cases over time

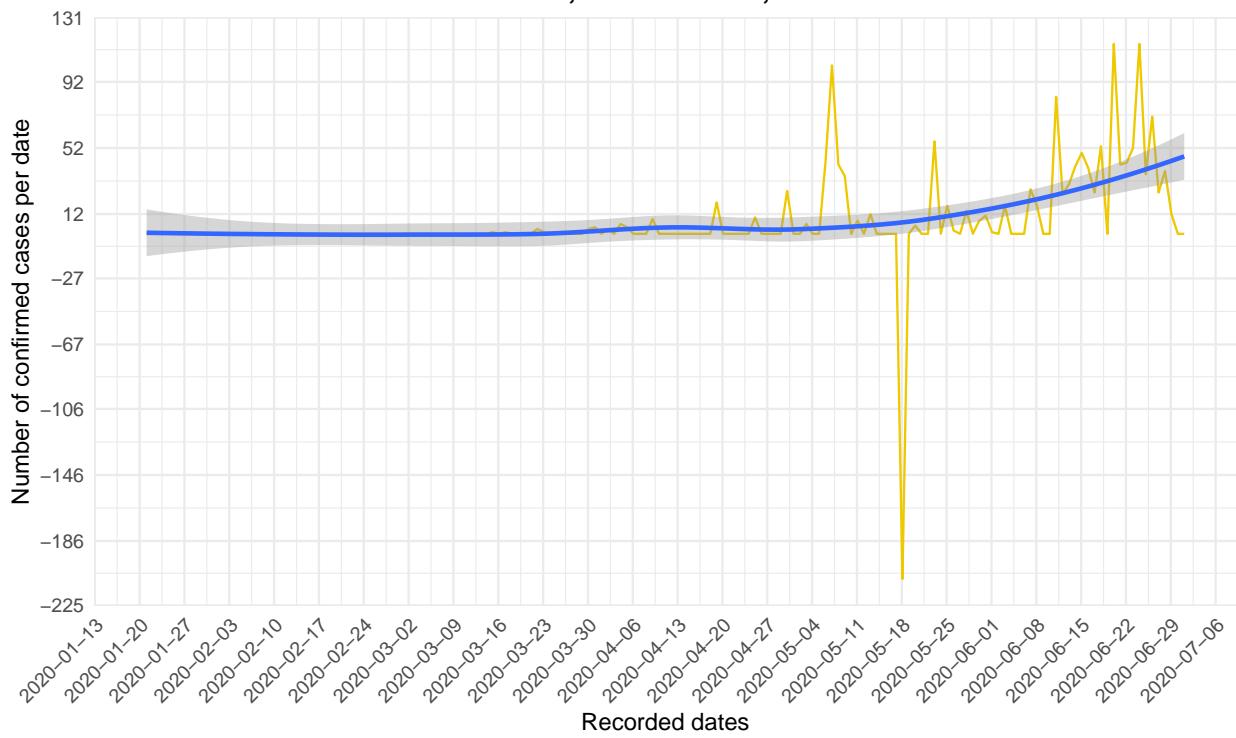

Belize – confirmed cases over time, total cases: 28

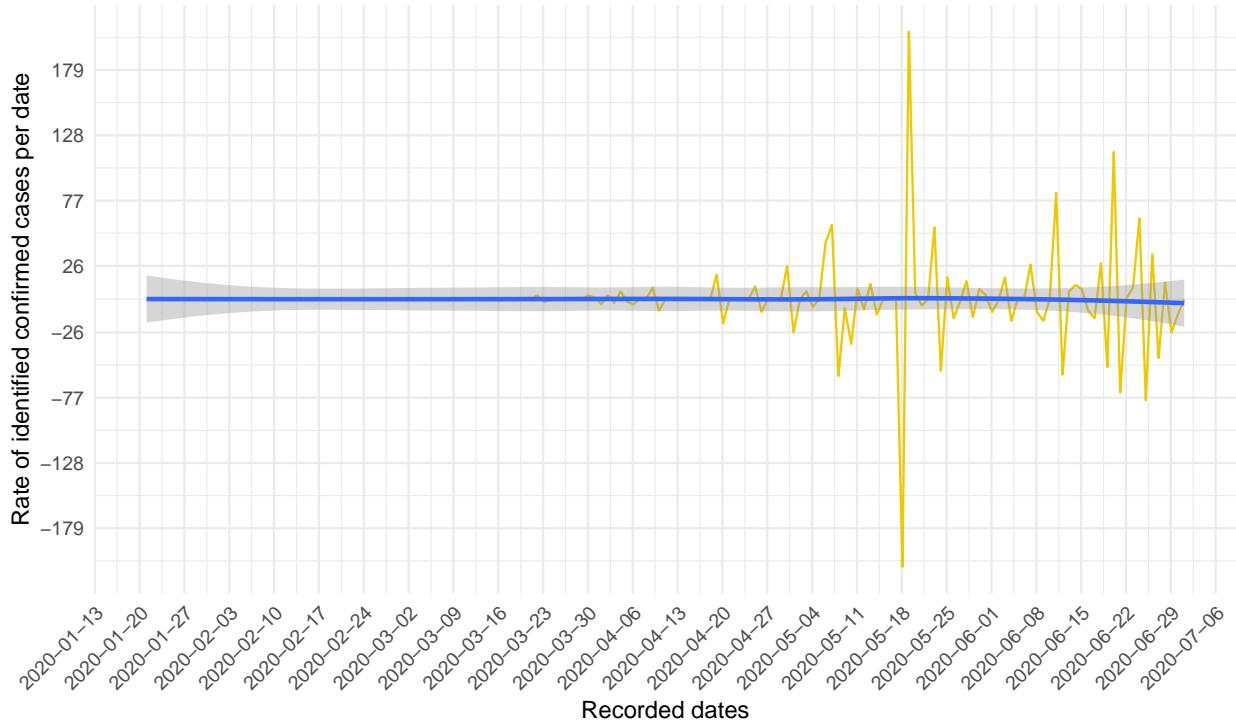

Belize – rate of increase of confirmed cases over time

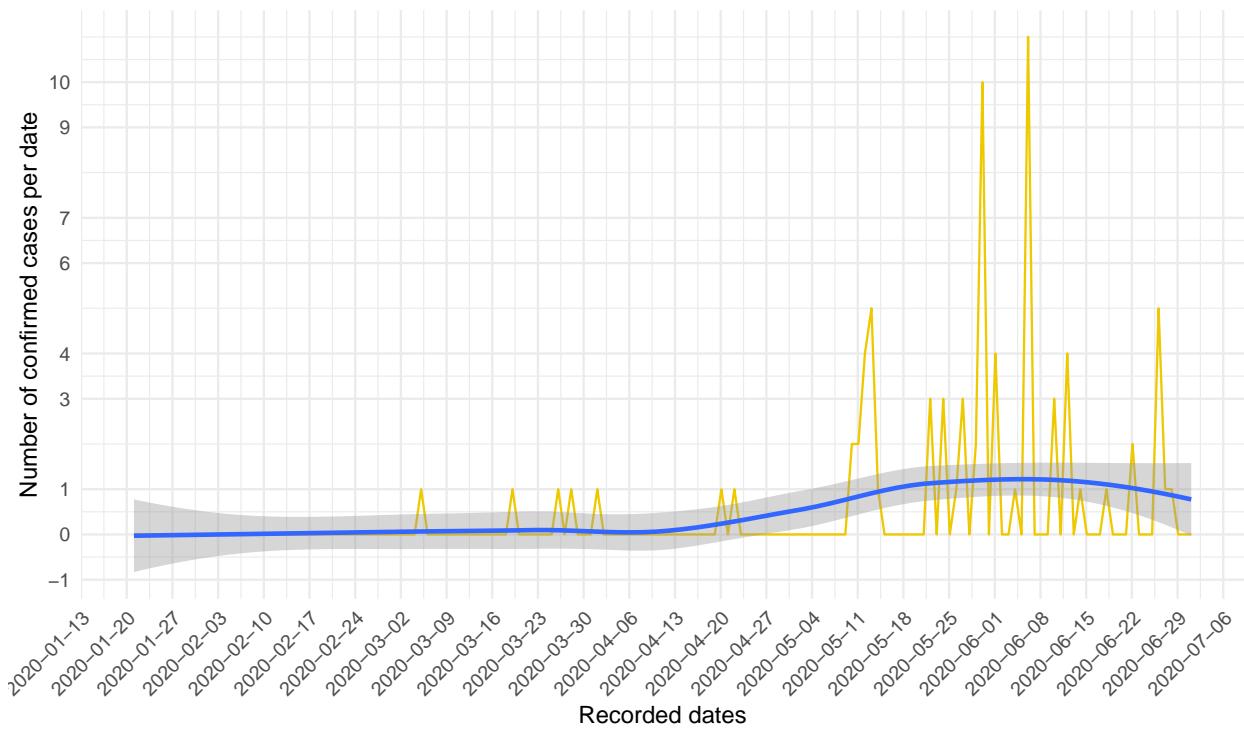

Benin – confirmed cases over time, total cases: 1,199

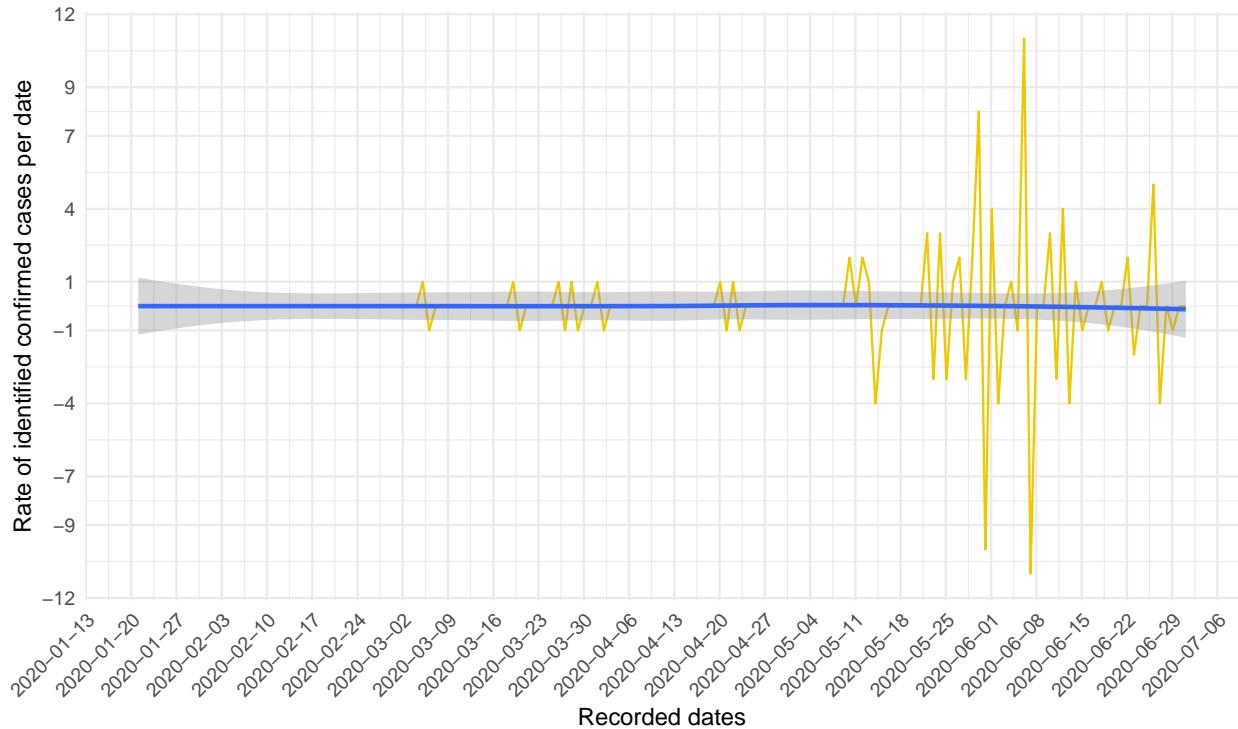

Benin – rate of increase of confirmed cases over time

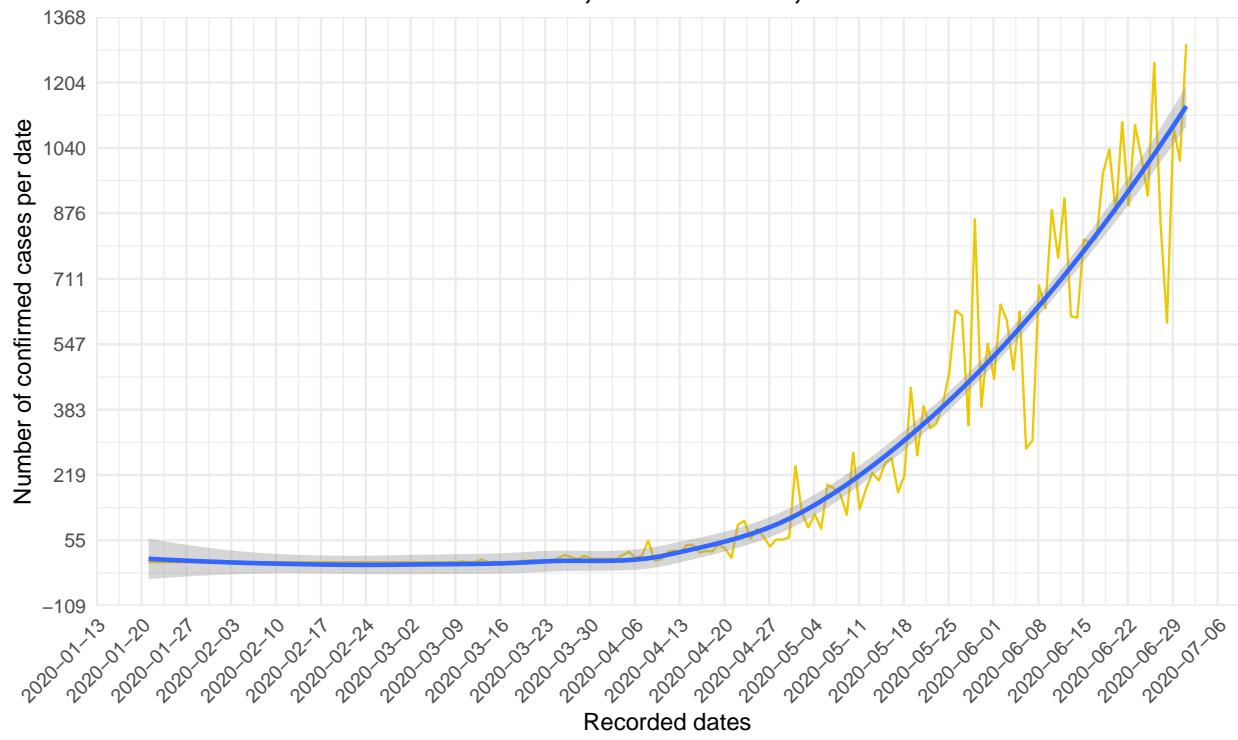

Bhutan – confirmed cases over time, total cases: 77

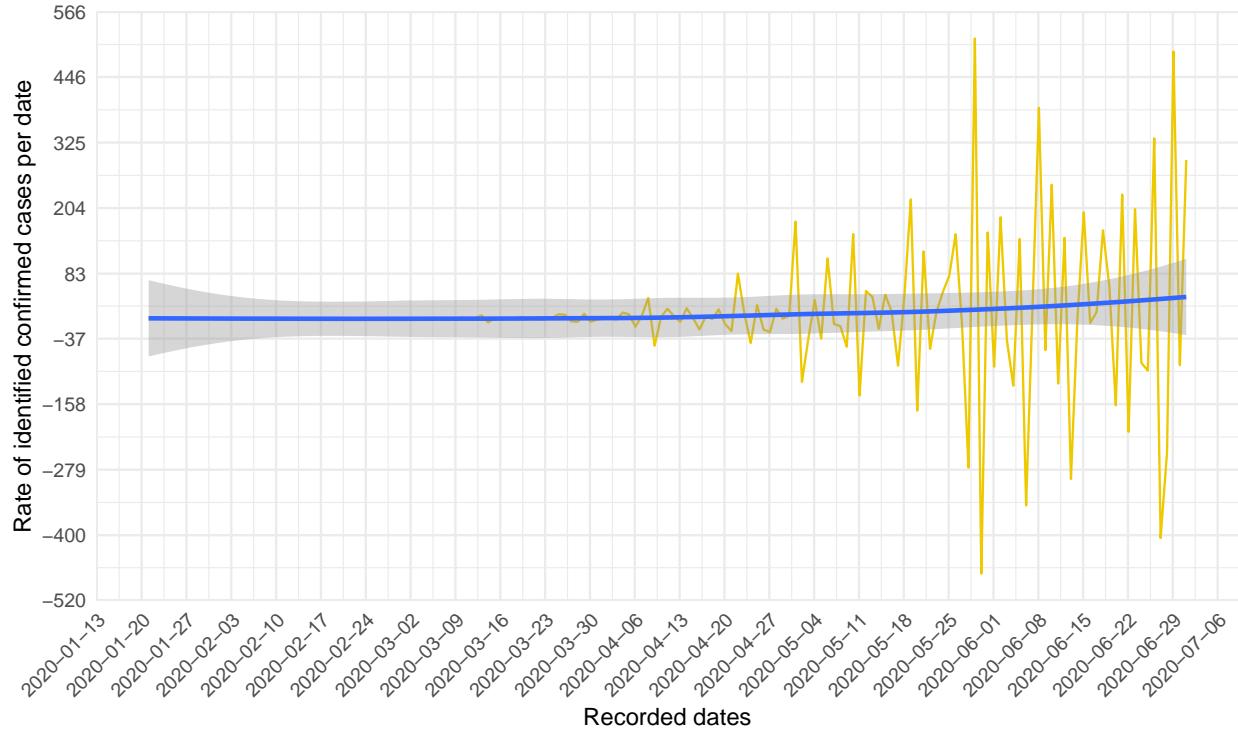

Bhutan – rate of increase of confirmed cases over time

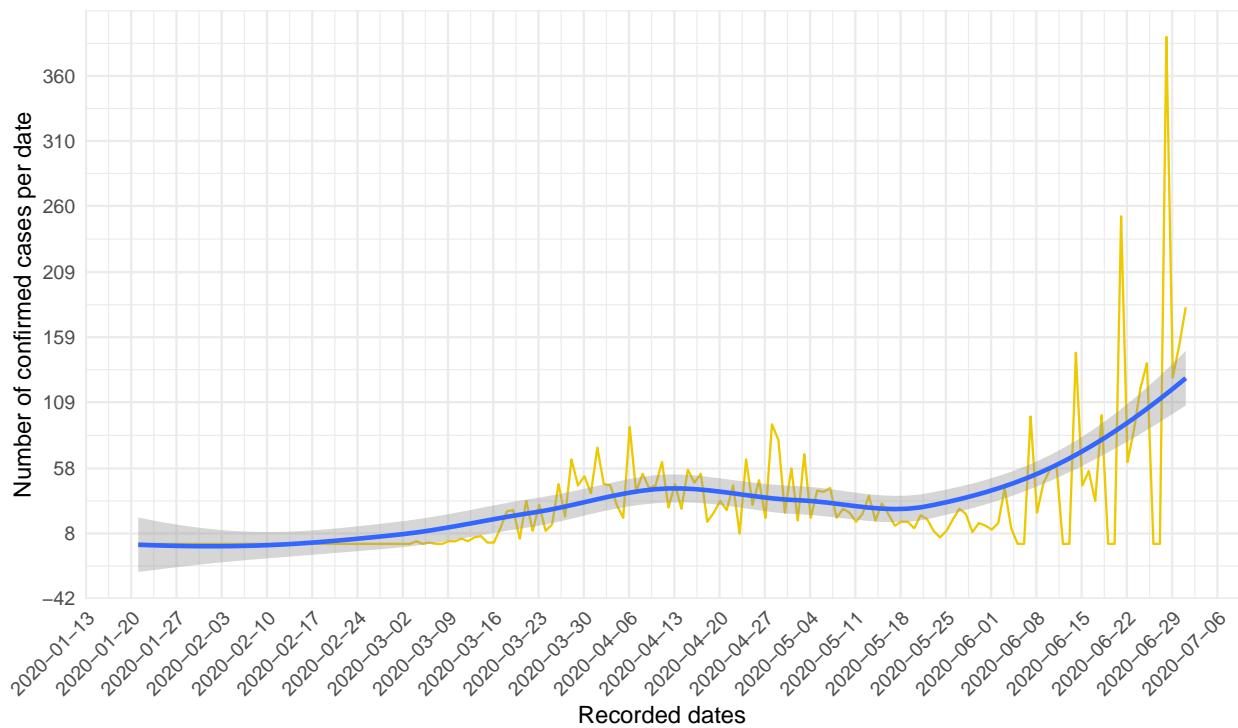

Bolivia – confirmed cases over time, total cases: 35,528

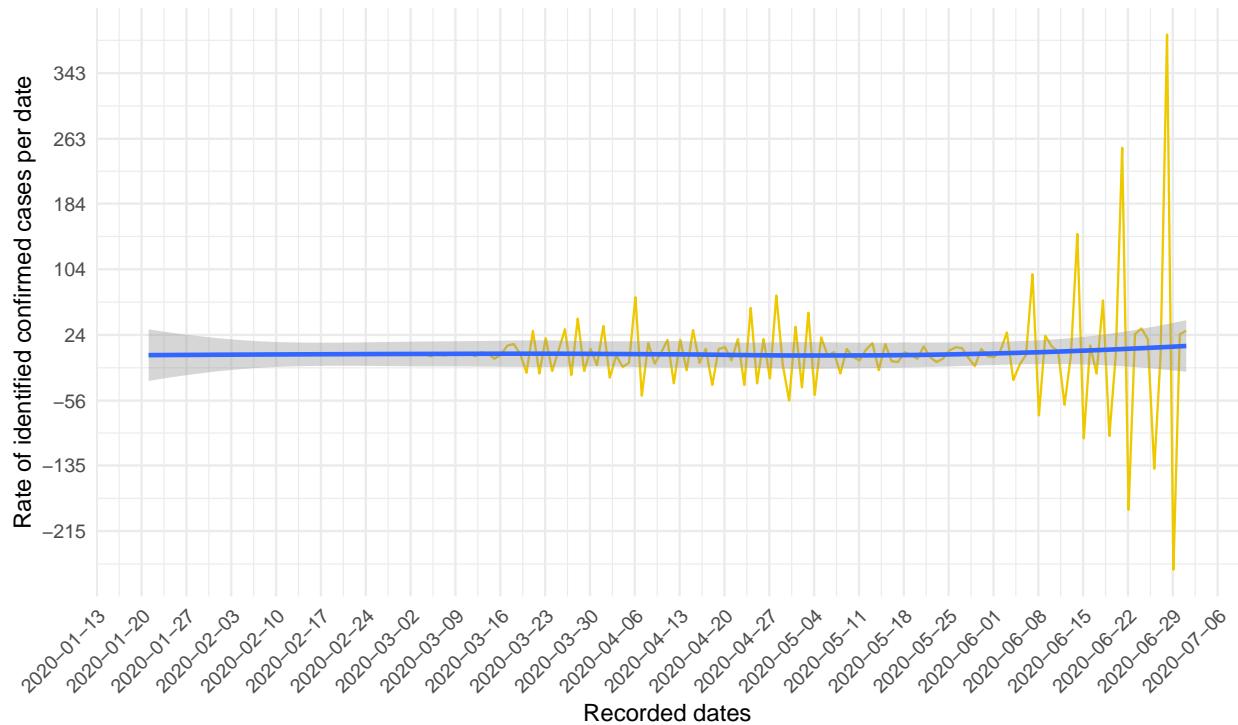

Bolivia – rate of increase of confirmed cases over time

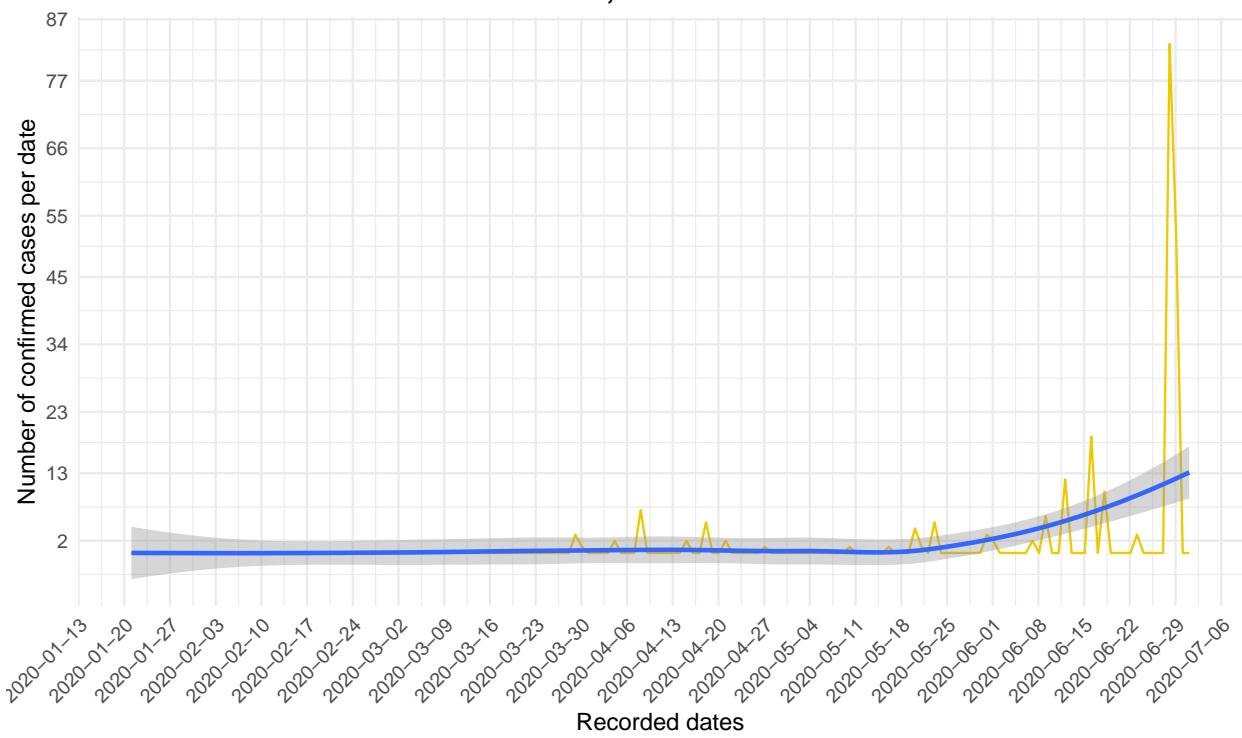

Bosnia and Herzegovina – confirmed cases over time, total cases: 4,788

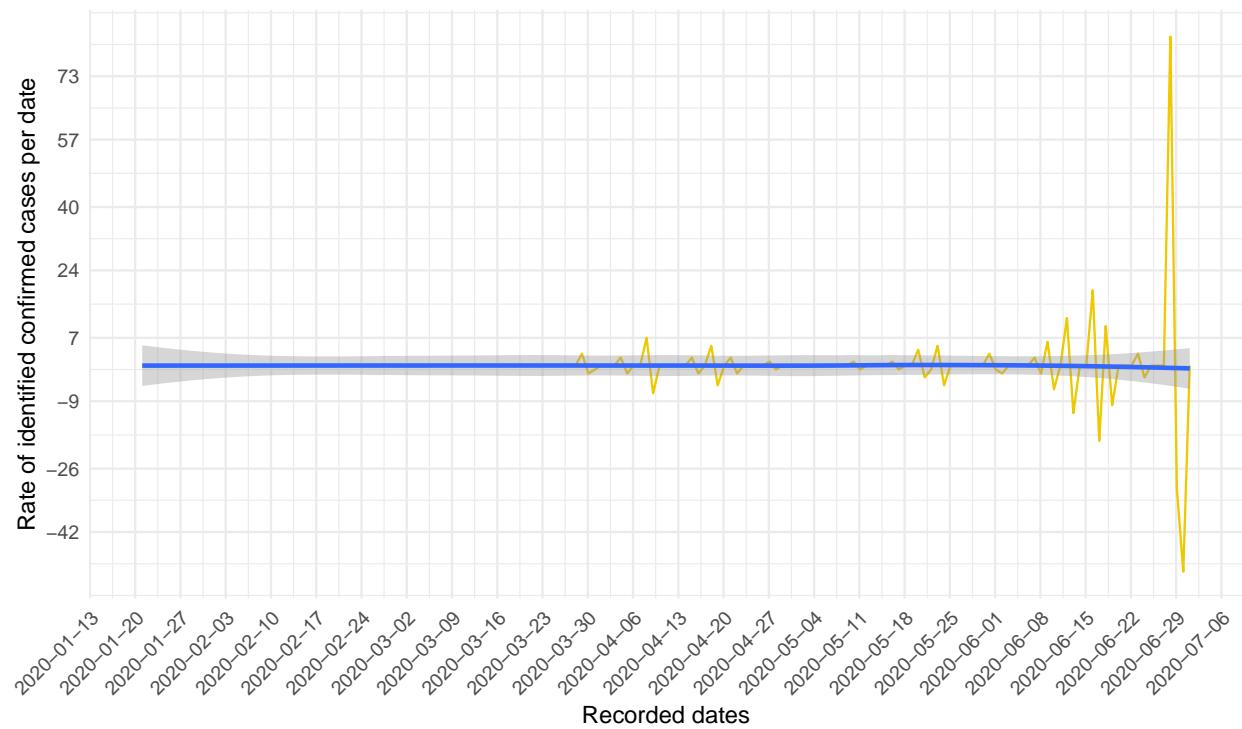

Bosnia and Herzegovina – rate of increase of confirmed cases over time

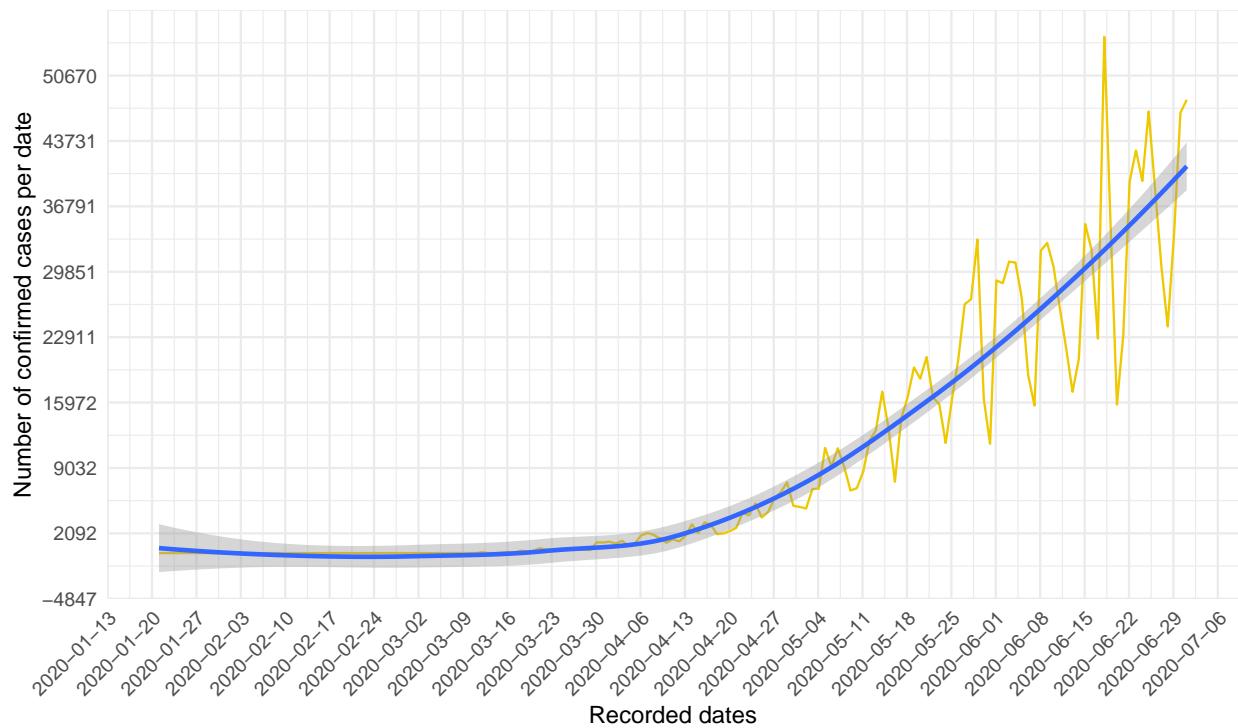

Botswana – confirmed cases over time, total cases: 227

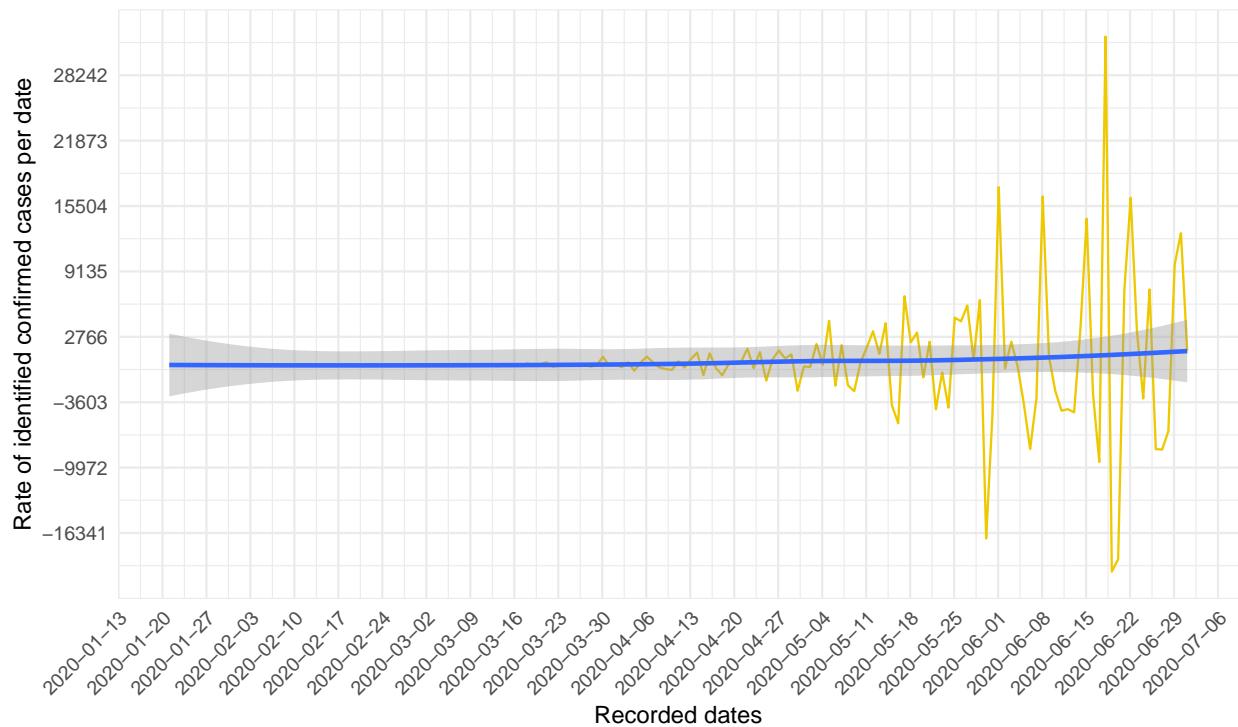

Botswana – rate of increase of confirmed cases over time

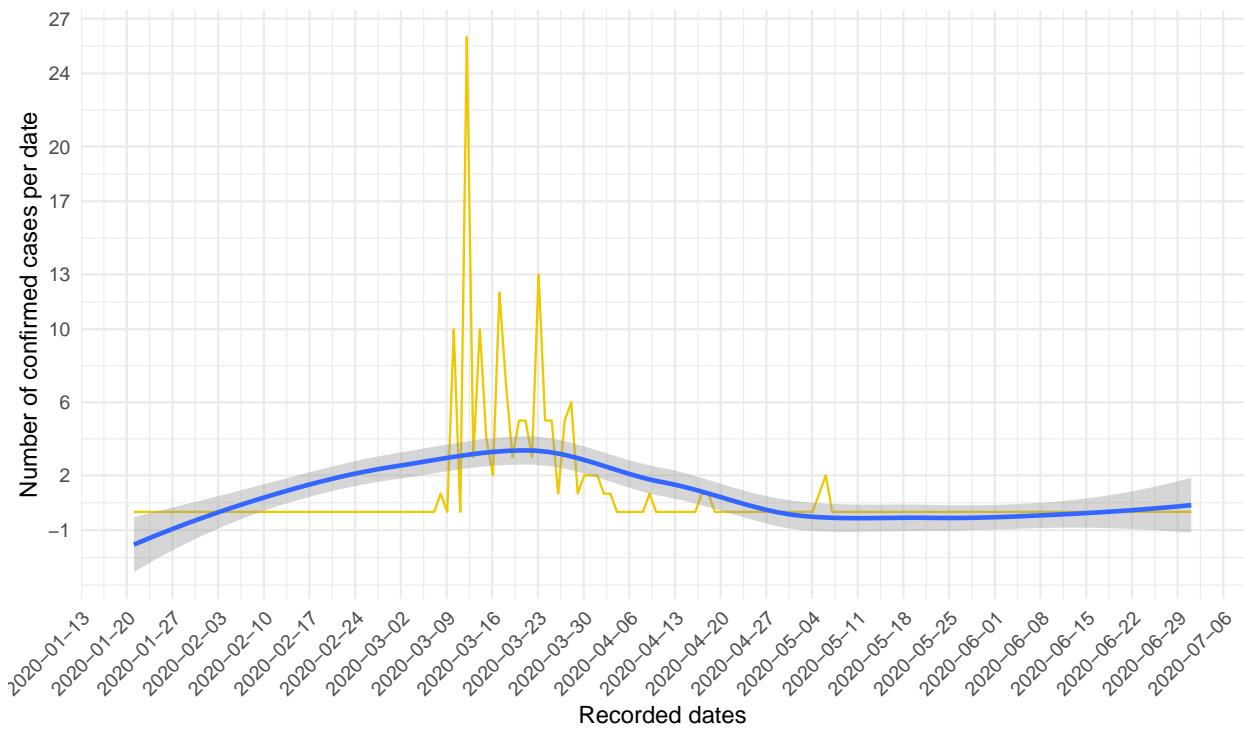

Brazil – confirmed cases over time, total cases: 1,496,858

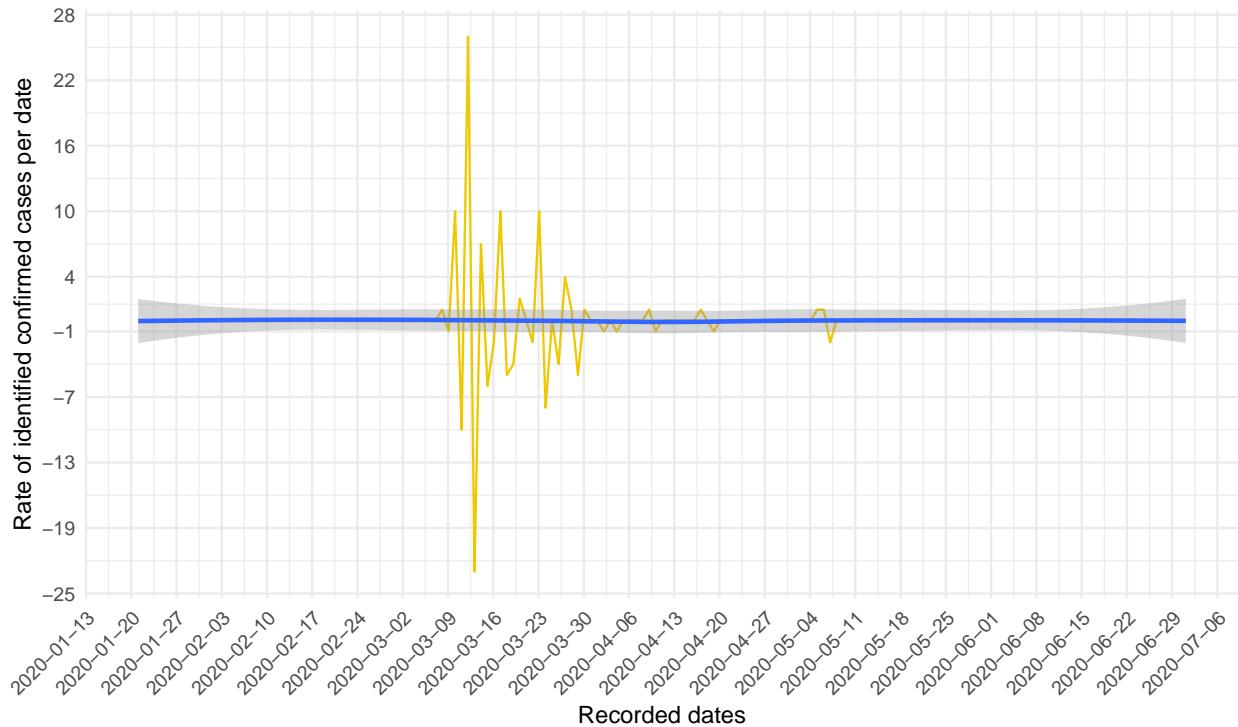

Brazil – rate of increase of confirmed cases over time

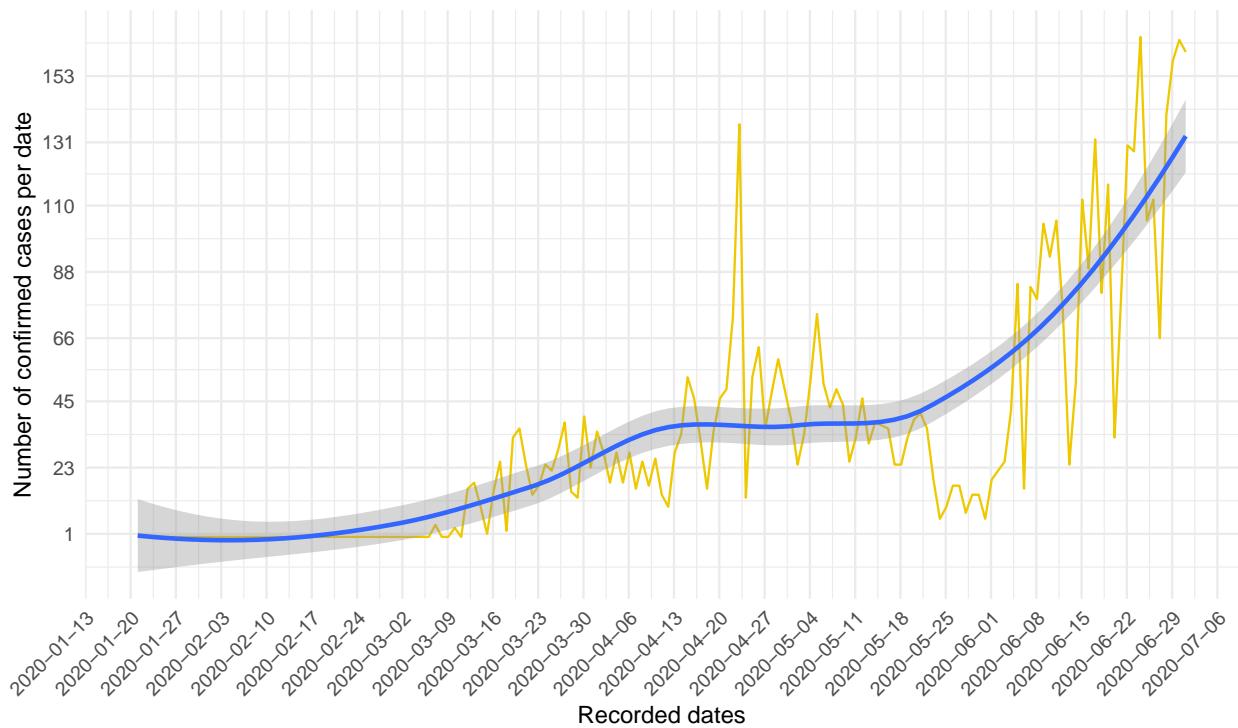

Brunei – confirmed cases over time, total cases: 141

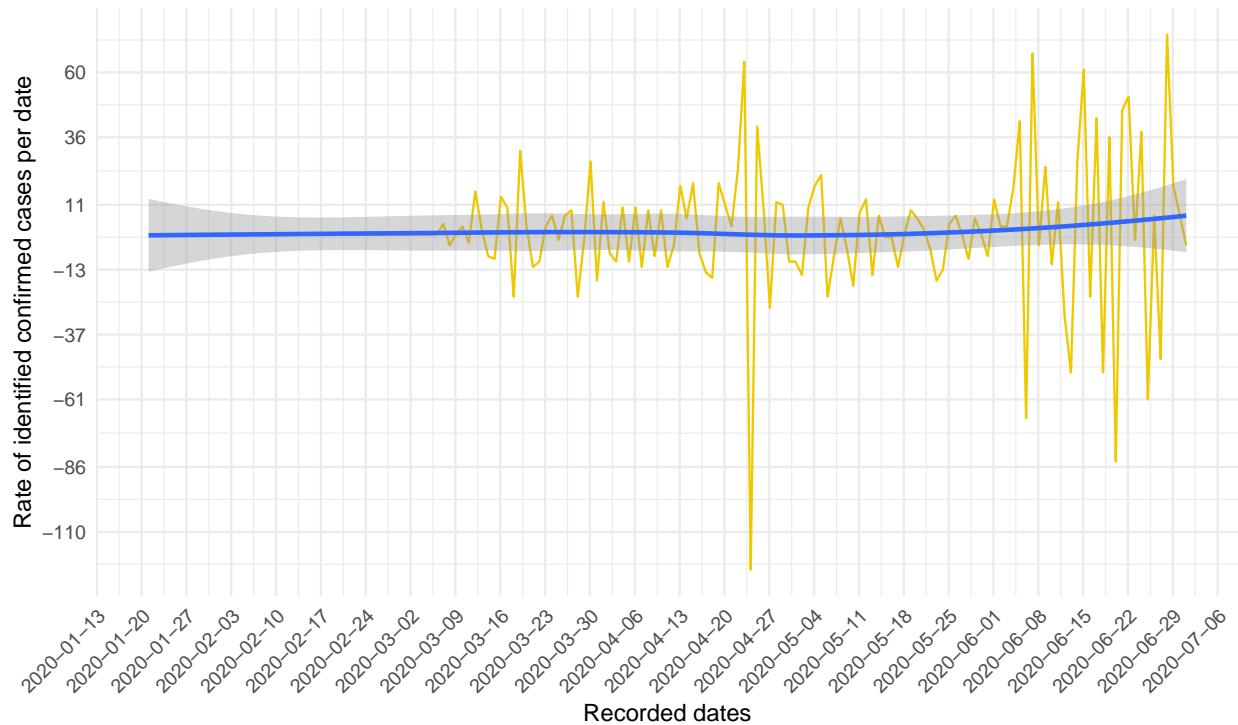

Brunei – rate of increase of confirmed cases over time

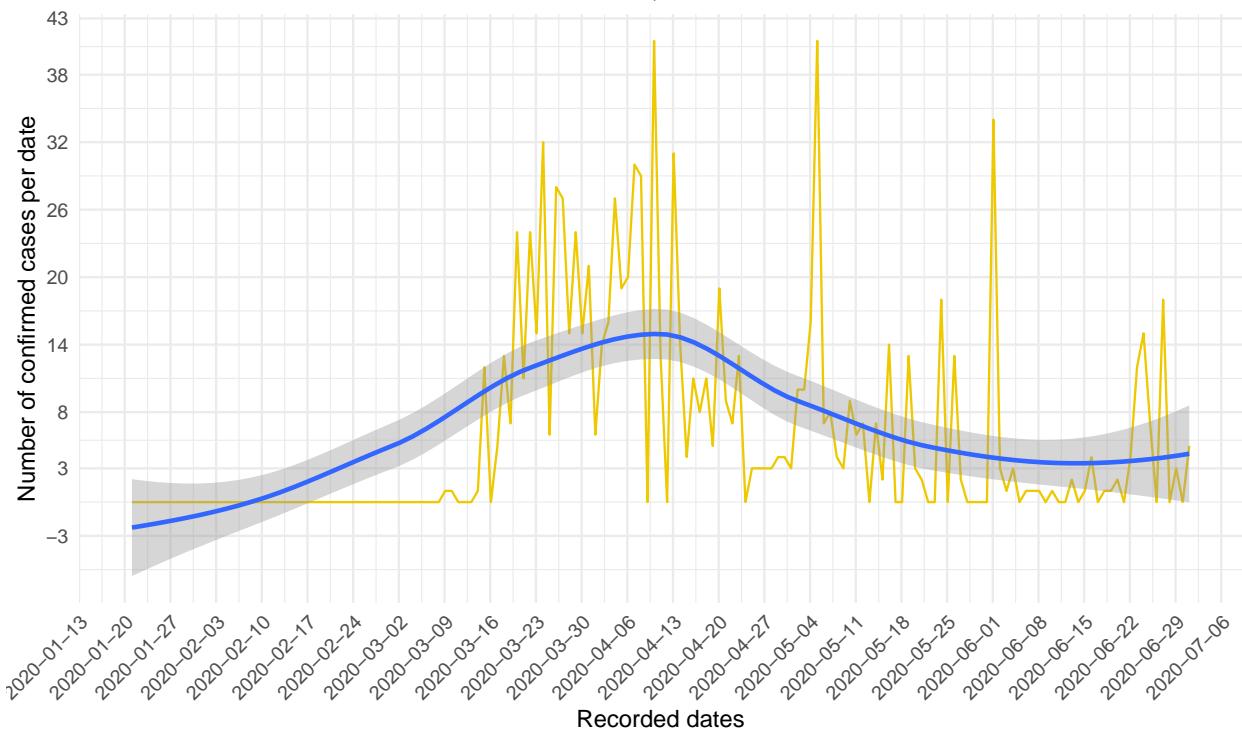

Bulgaria – confirmed cases over time, total cases: 5,315

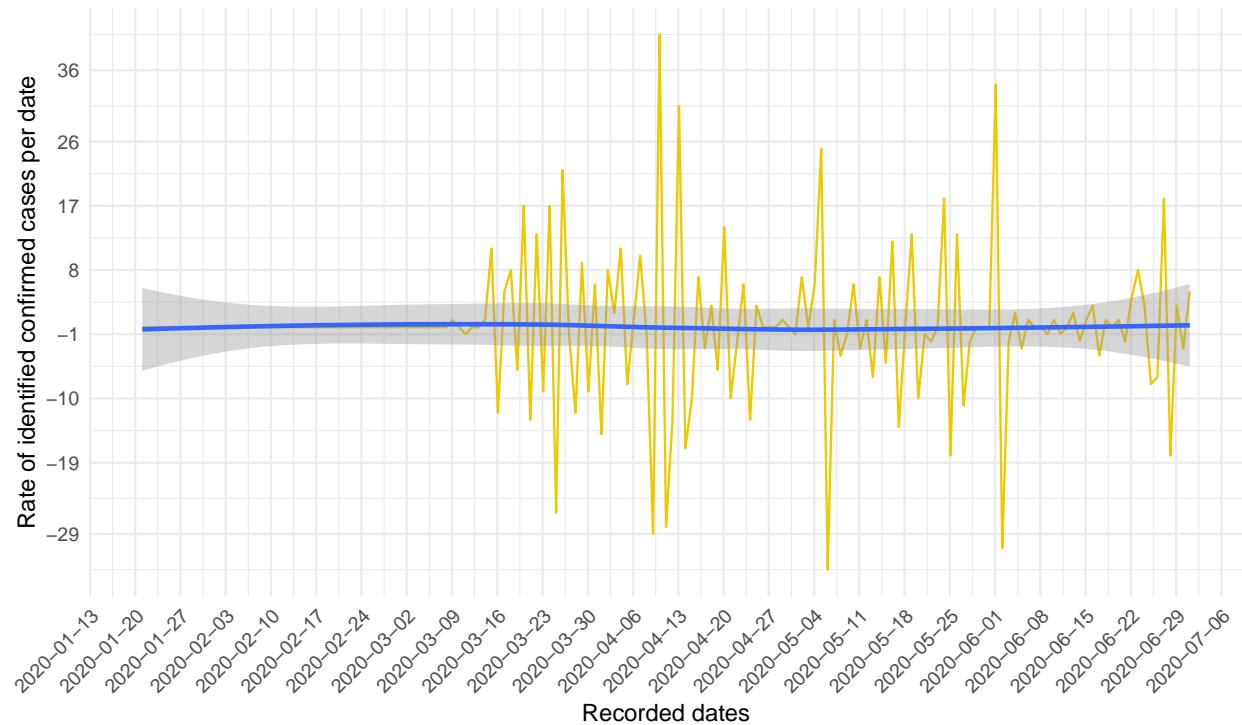

Bulgaria – rate of increase of confirmed cases over time

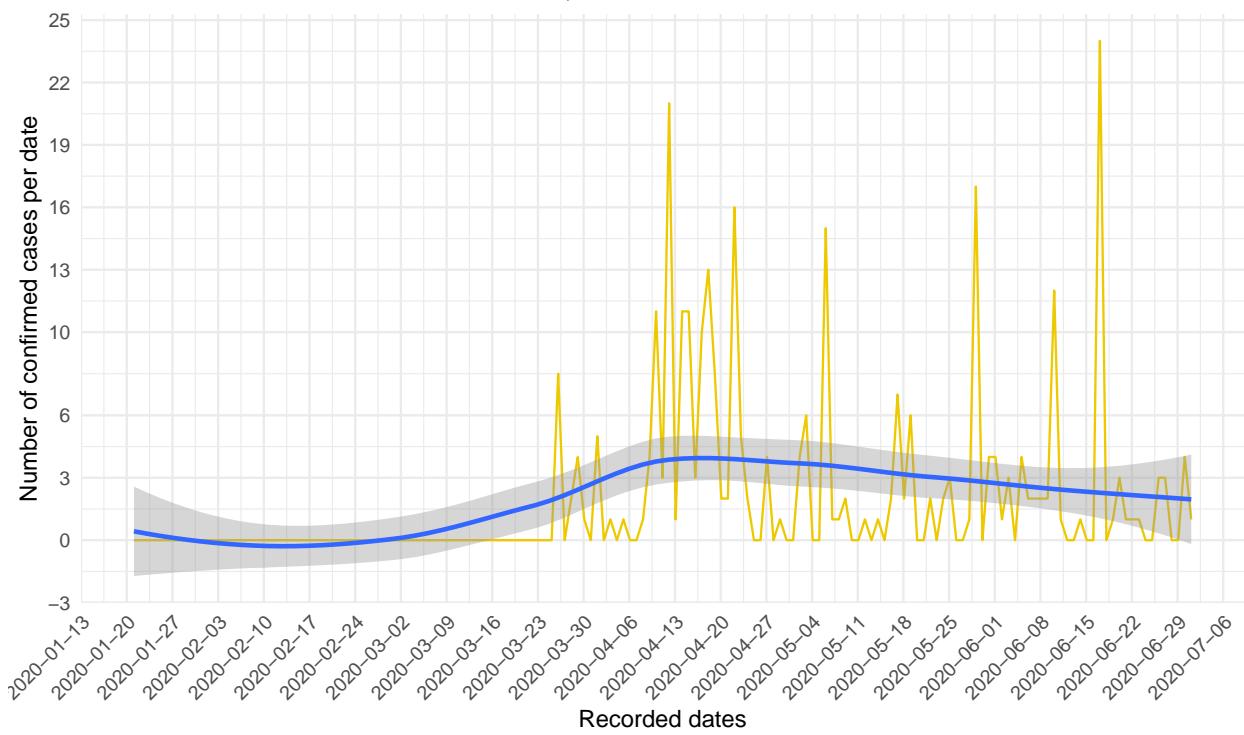

Burkina Faso – confirmed cases over time, total cases: 967

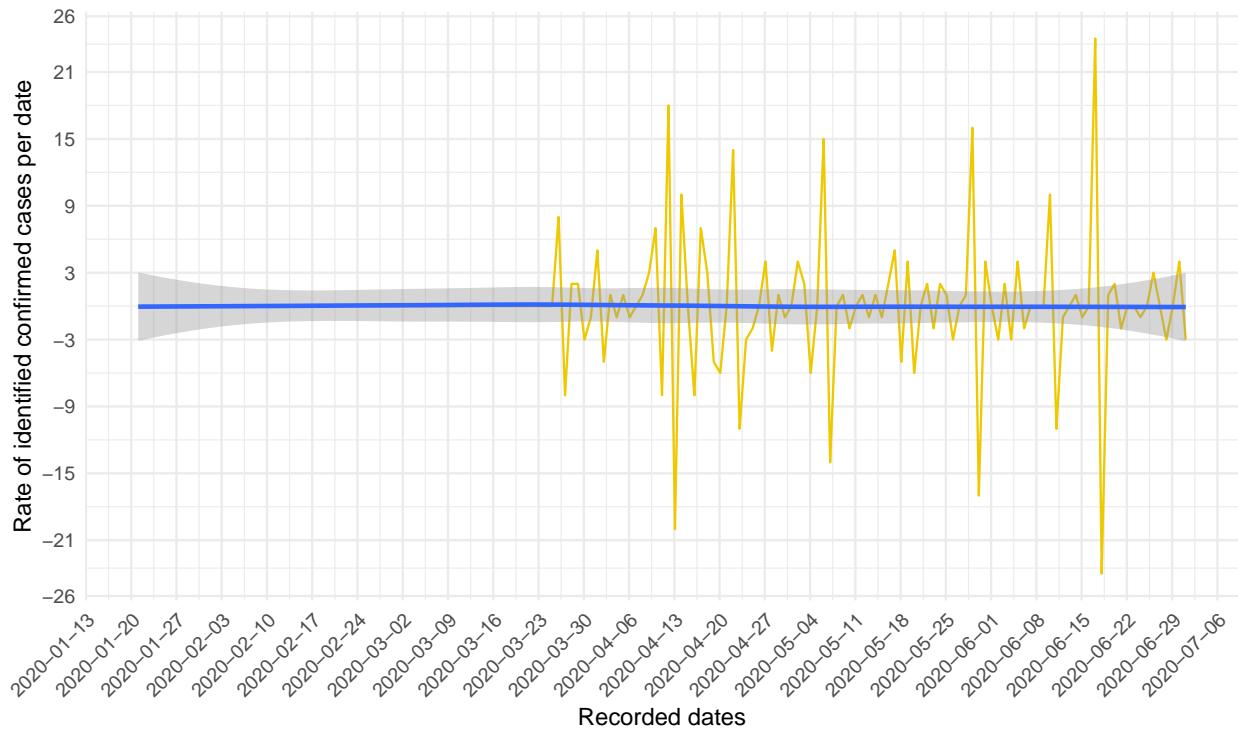

Burkina Faso – rate of increase of confirmed cases over time

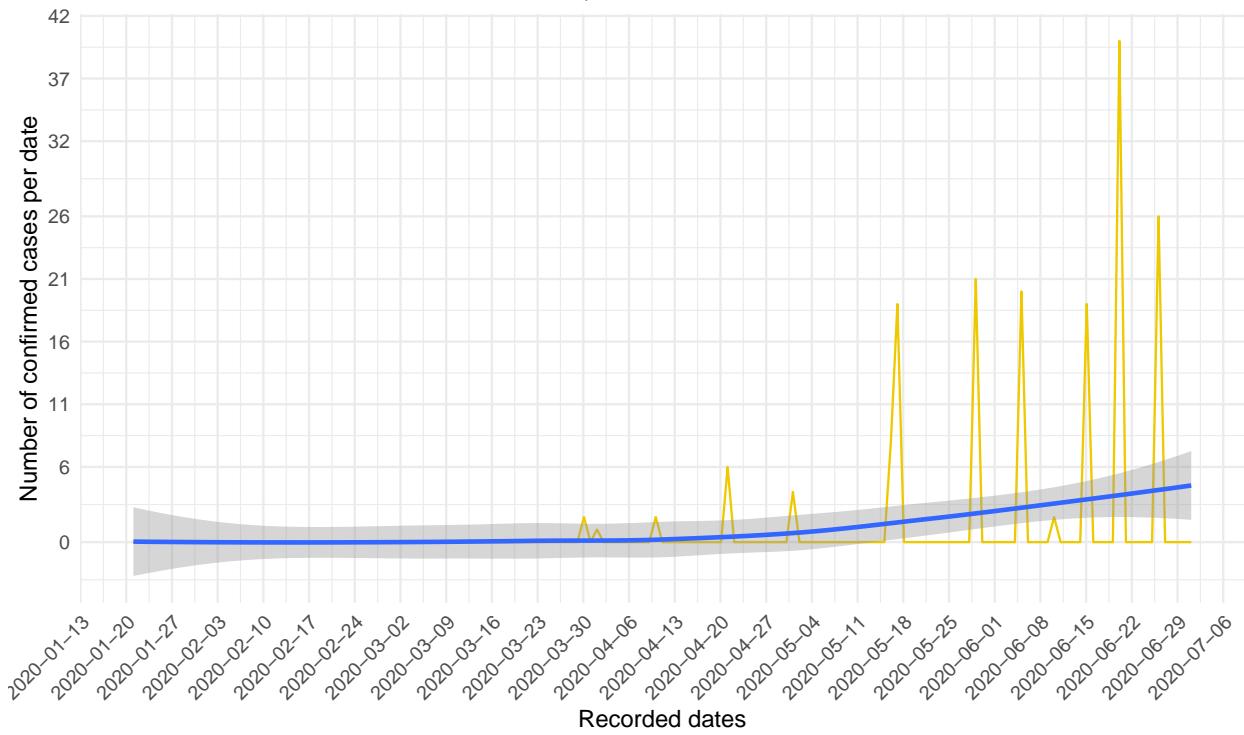

Burma – confirmed cases over time, total cases: 304

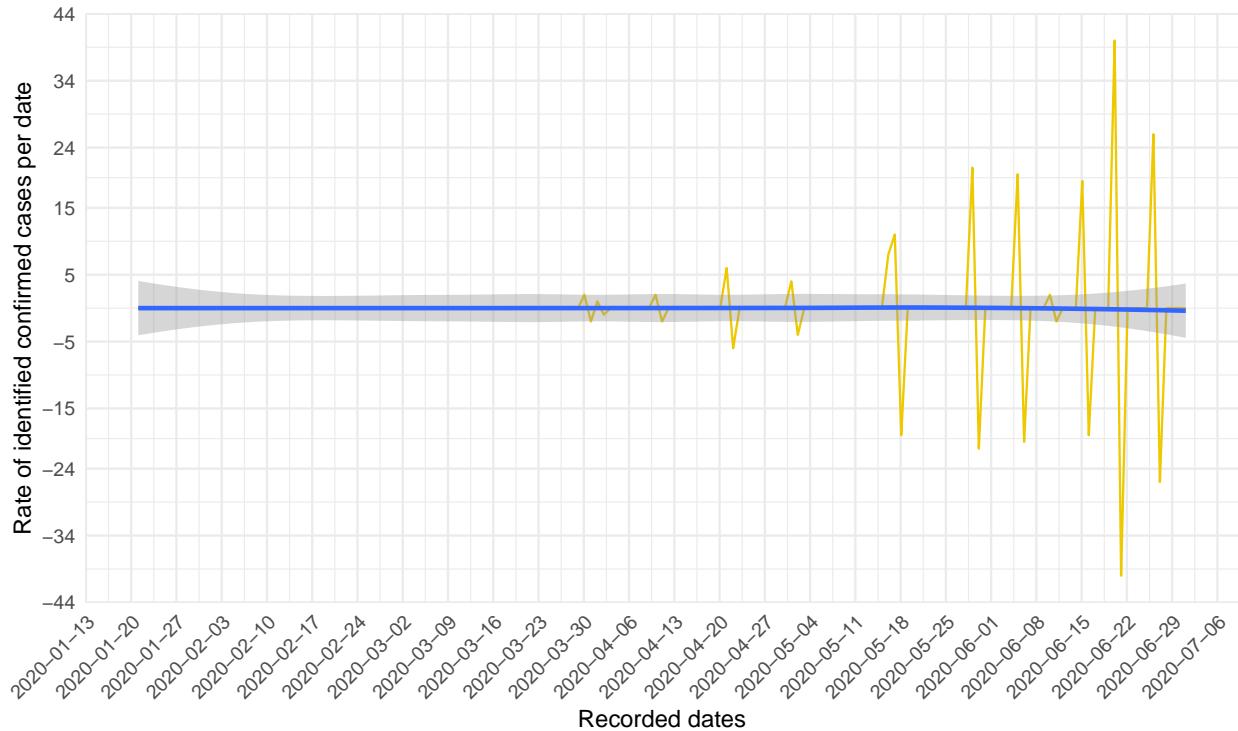

Burma – rate of increase of confirmed cases over time

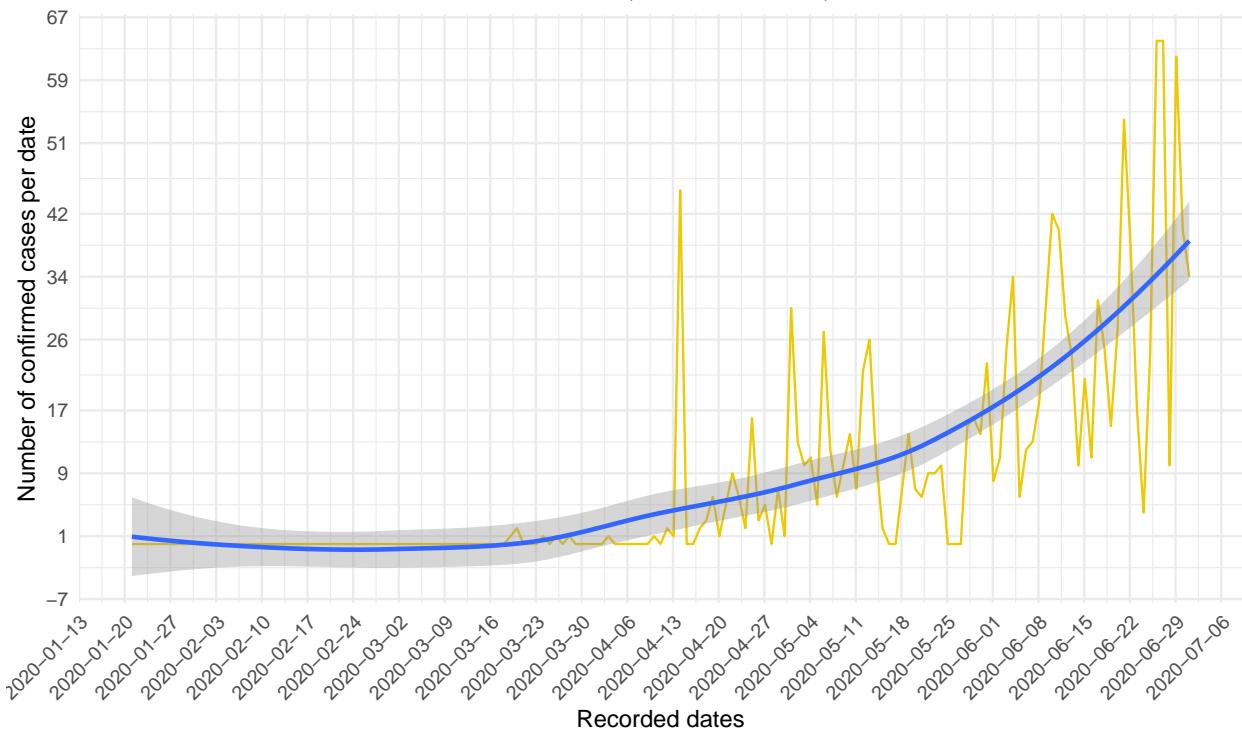

Burundi – confirmed cases over time, total cases: 170

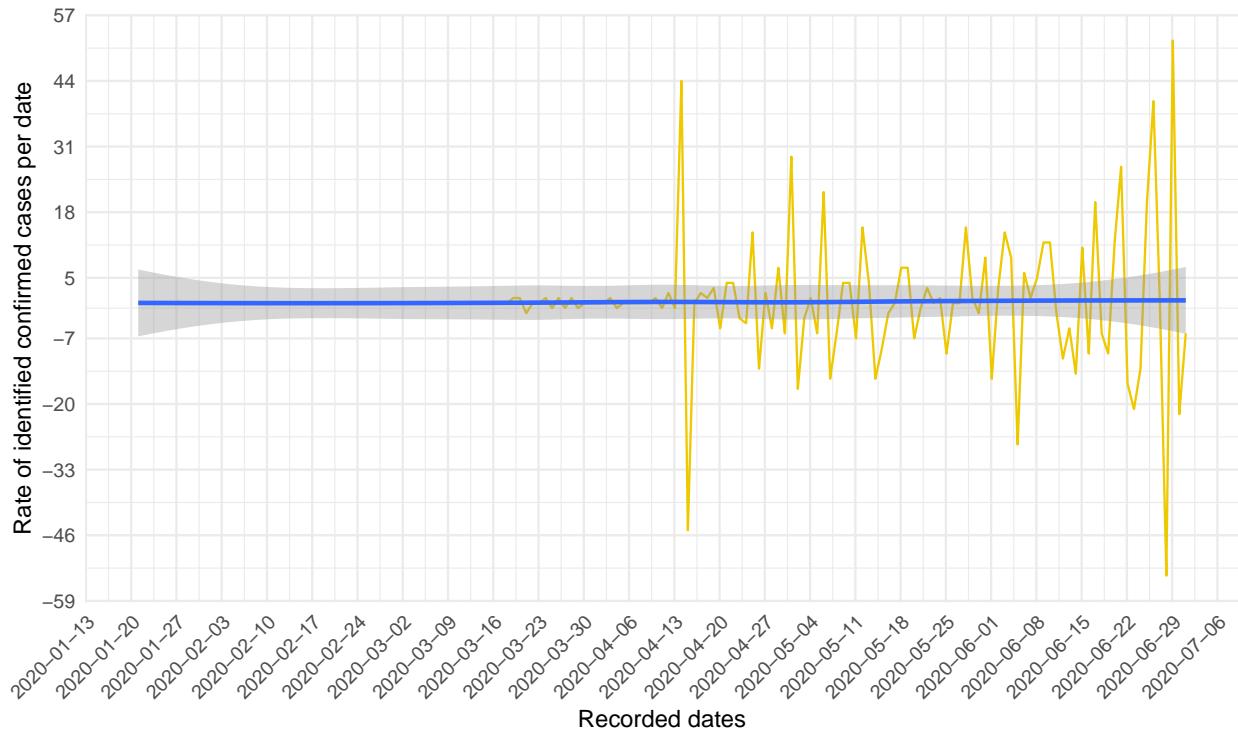

Burundi – rate of increase of confirmed cases over time

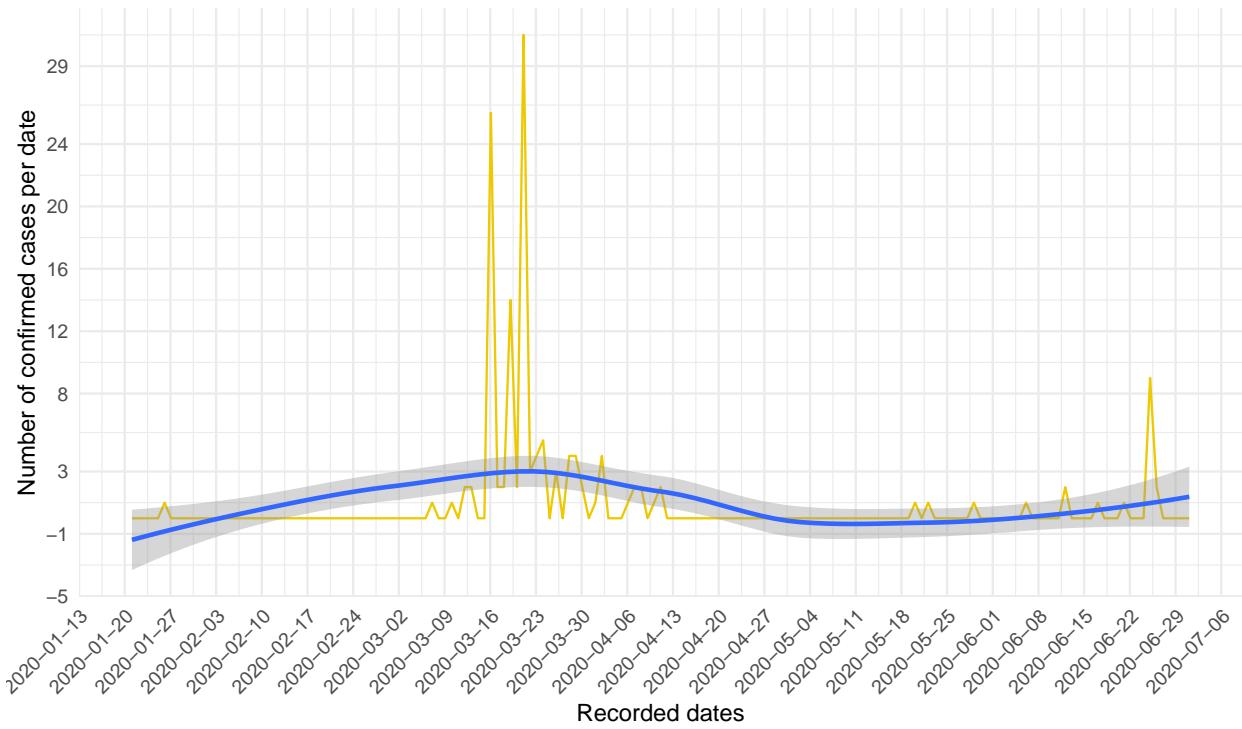

Cabo Verde – confirmed cases over time, total cases: 1,301

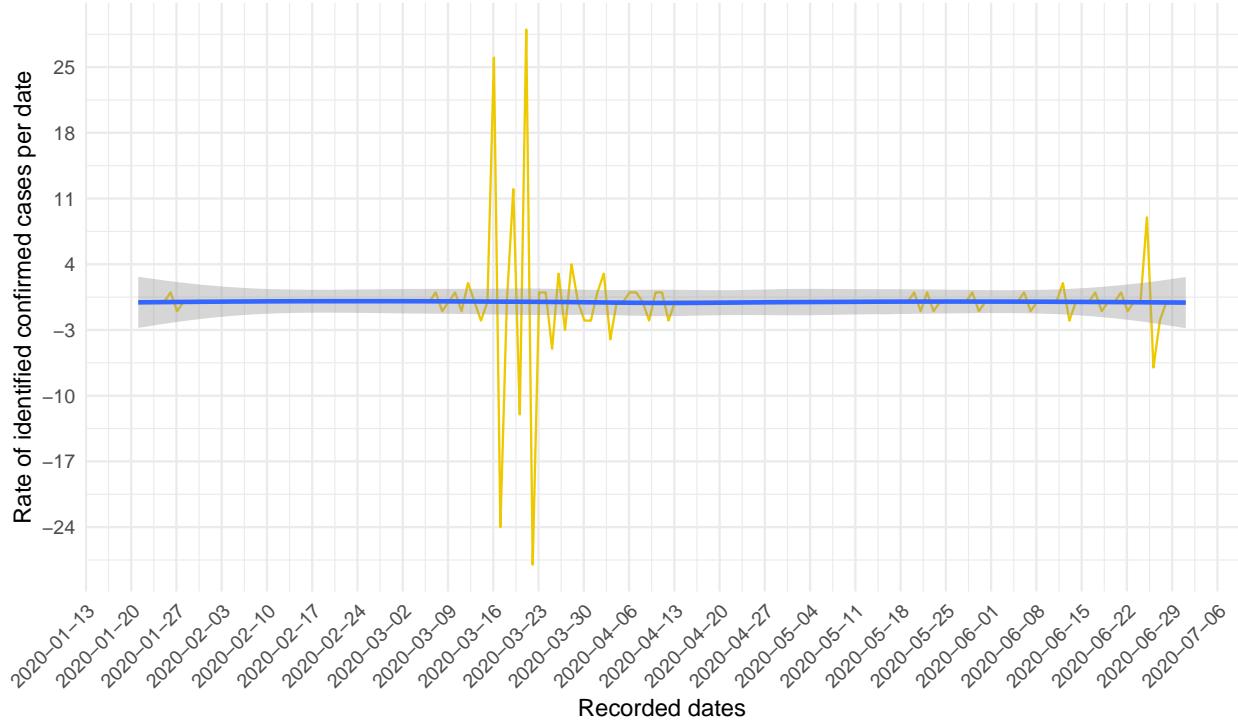

Cabo Verde – rate of increase of confirmed cases over time

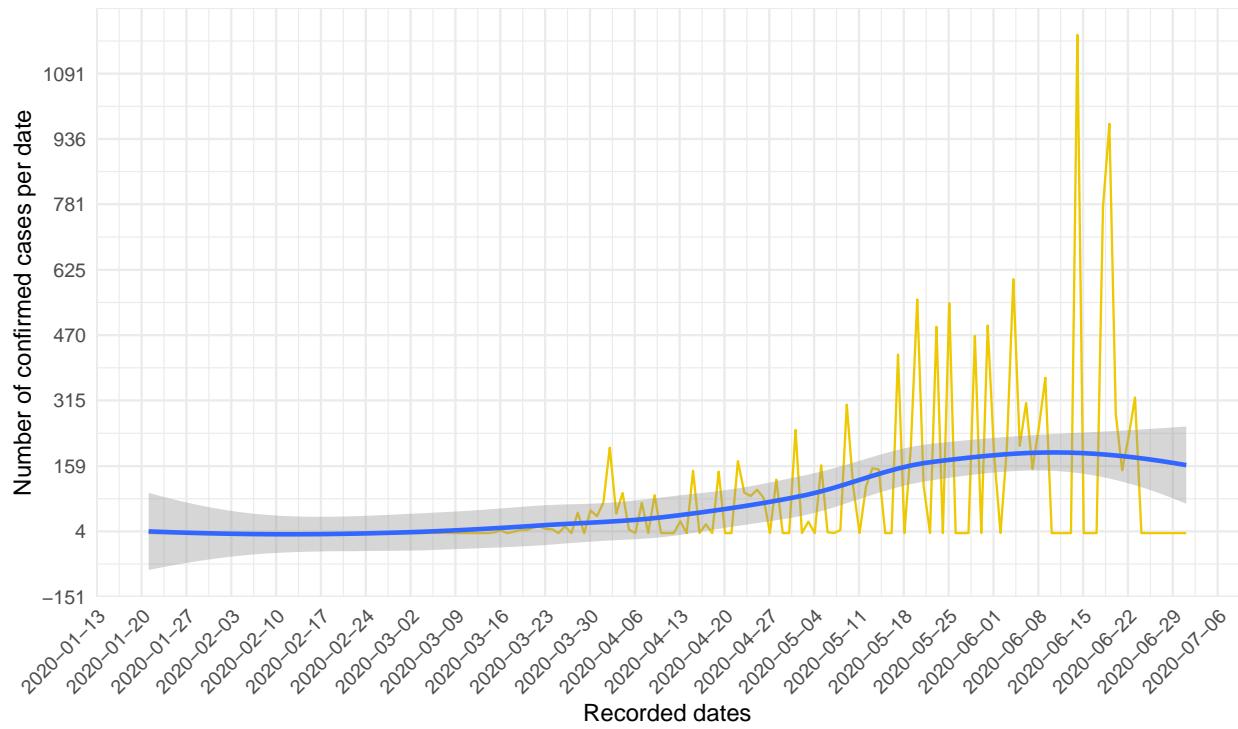

Cambodia – confirmed cases over time, total cases: 141

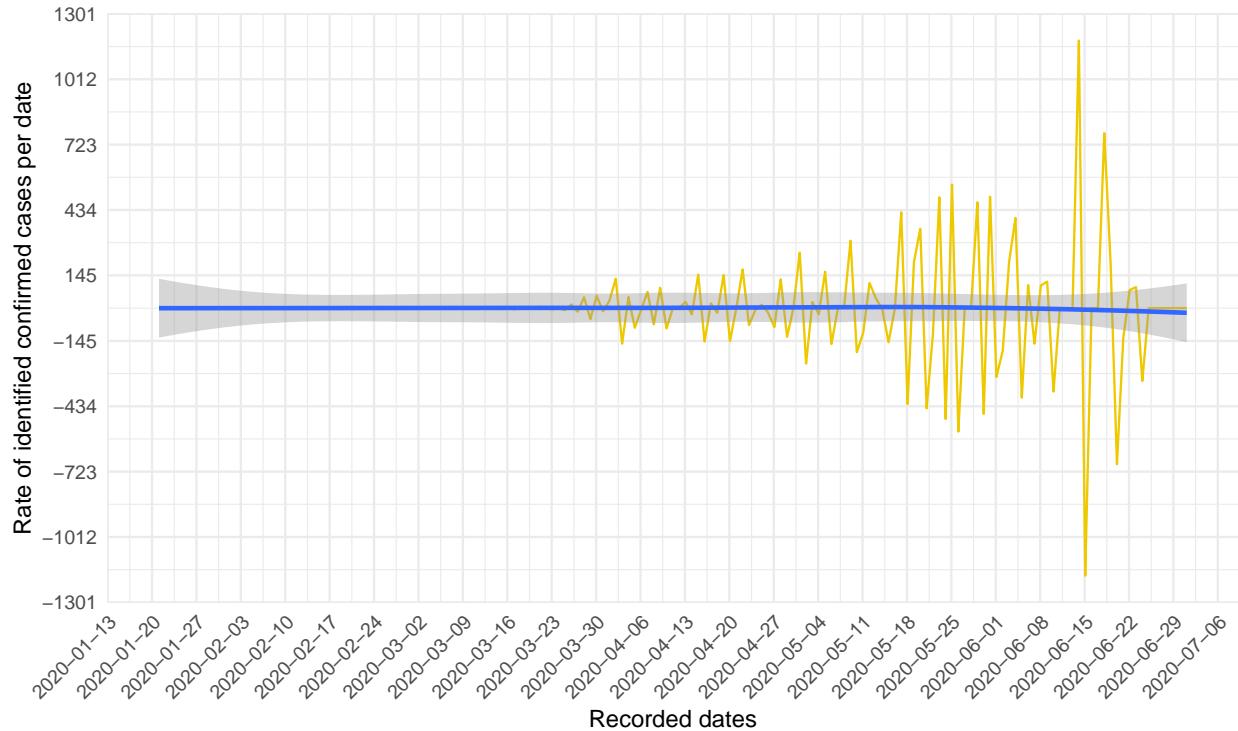

Cambodia – rate of increase of confirmed cases over time

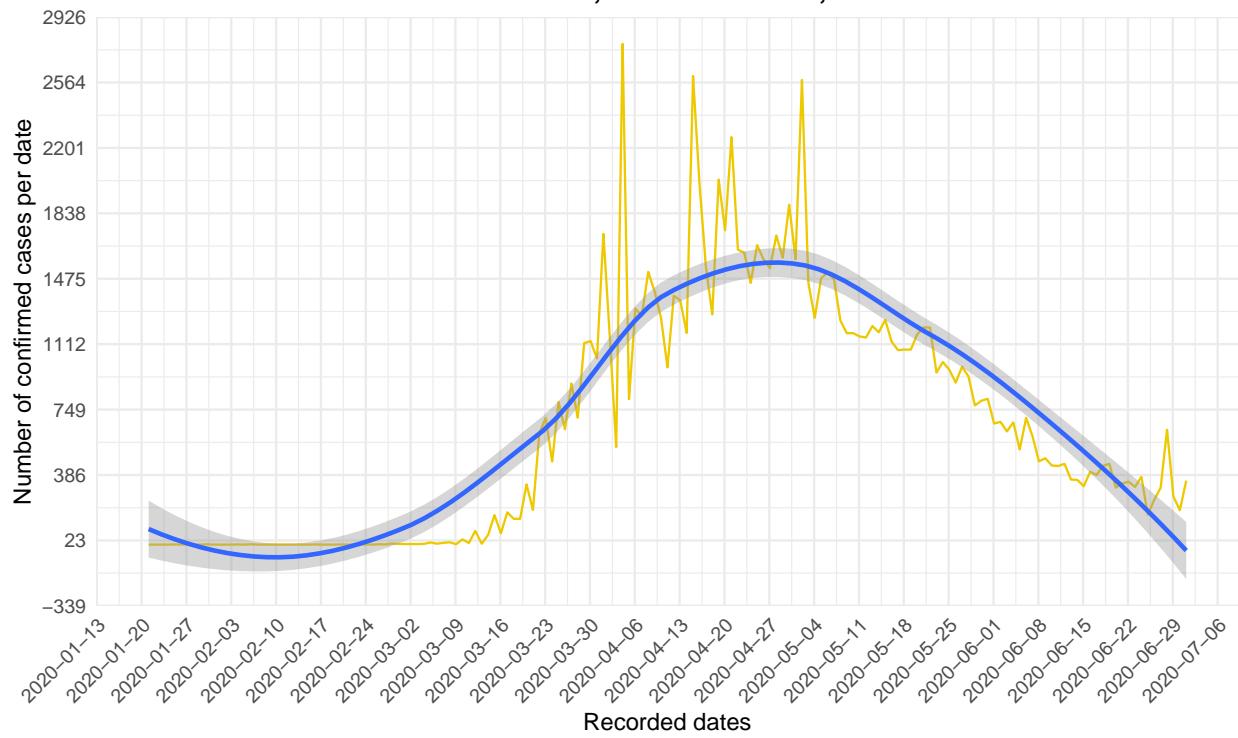

Cameroon – confirmed cases over time, total cases: 12,592

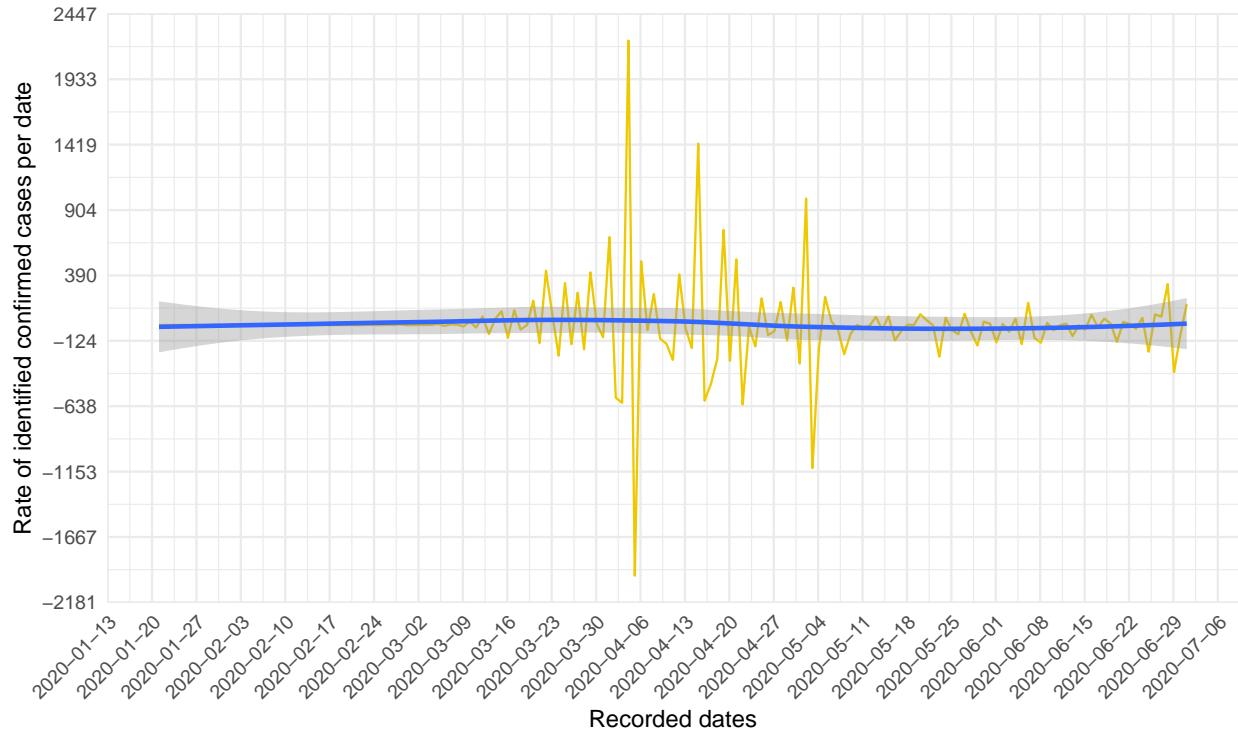

Cameroon – rate of increase of confirmed cases over time

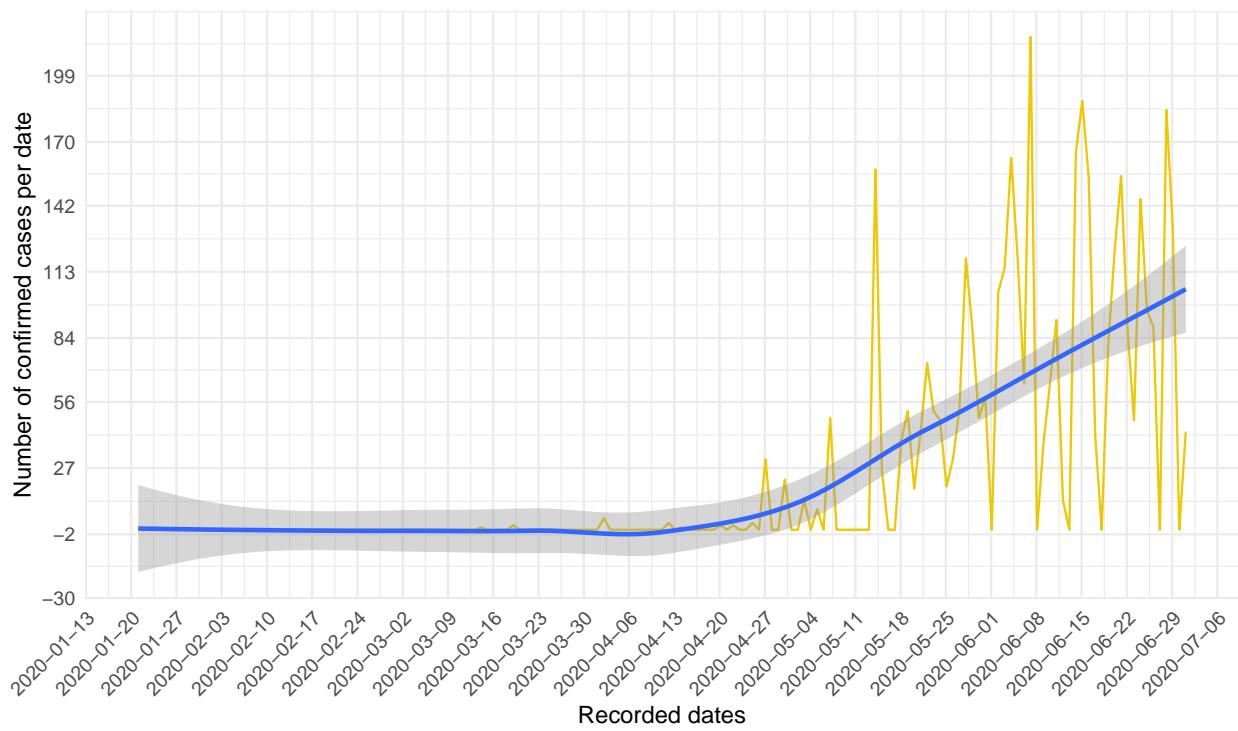

Canada – confirmed cases over time, total cases: 106,643

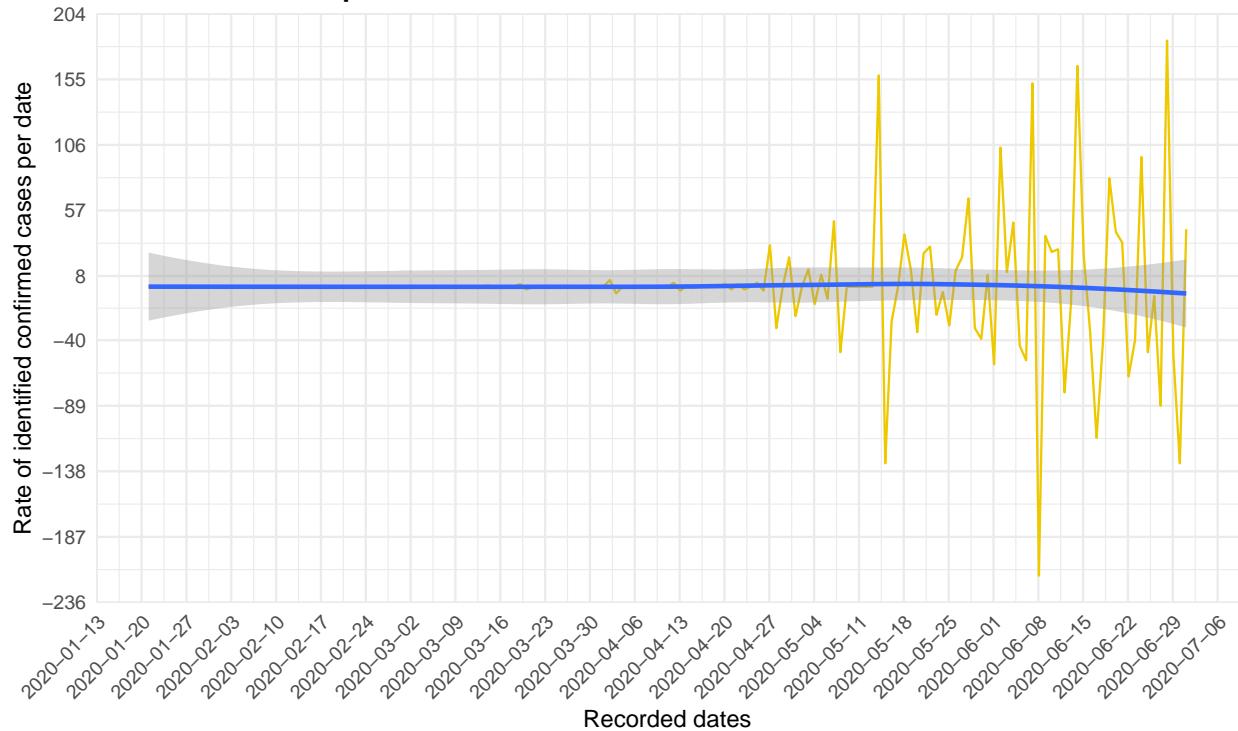

Canada – rate of increase of confirmed cases over time

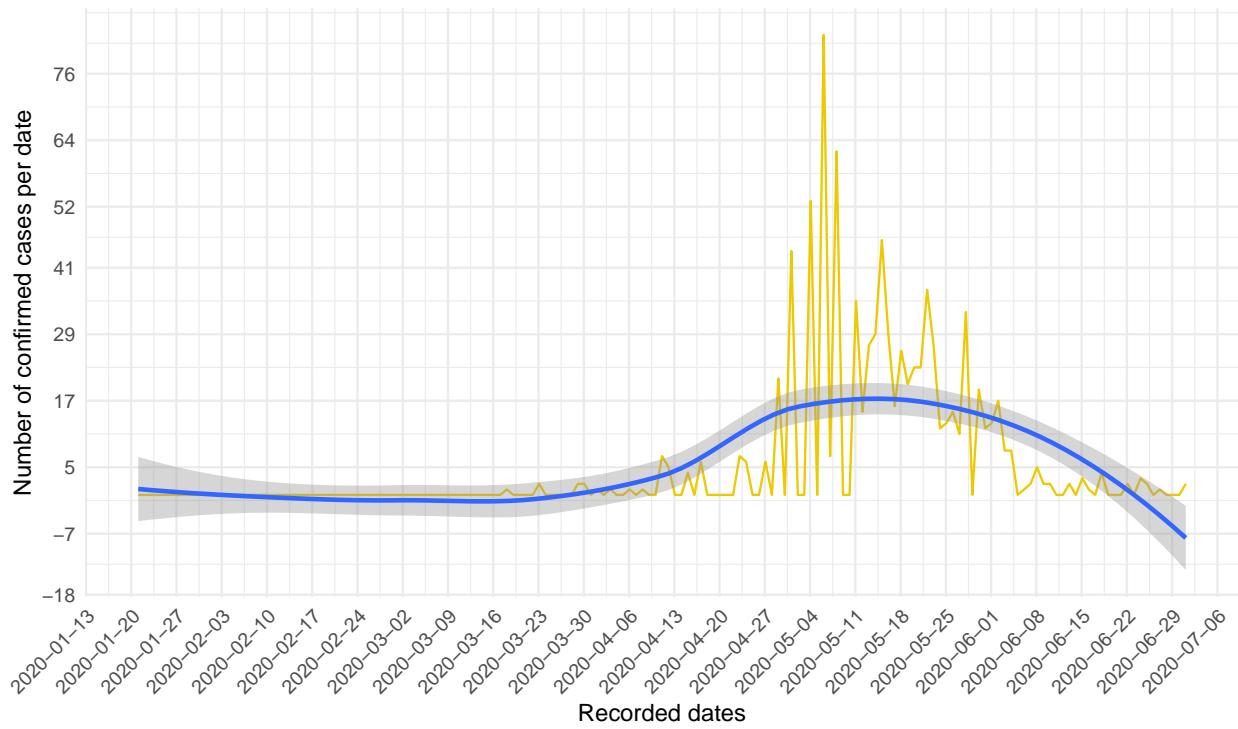

Central African Republic – confirmed cases over time, total cases: 3,788

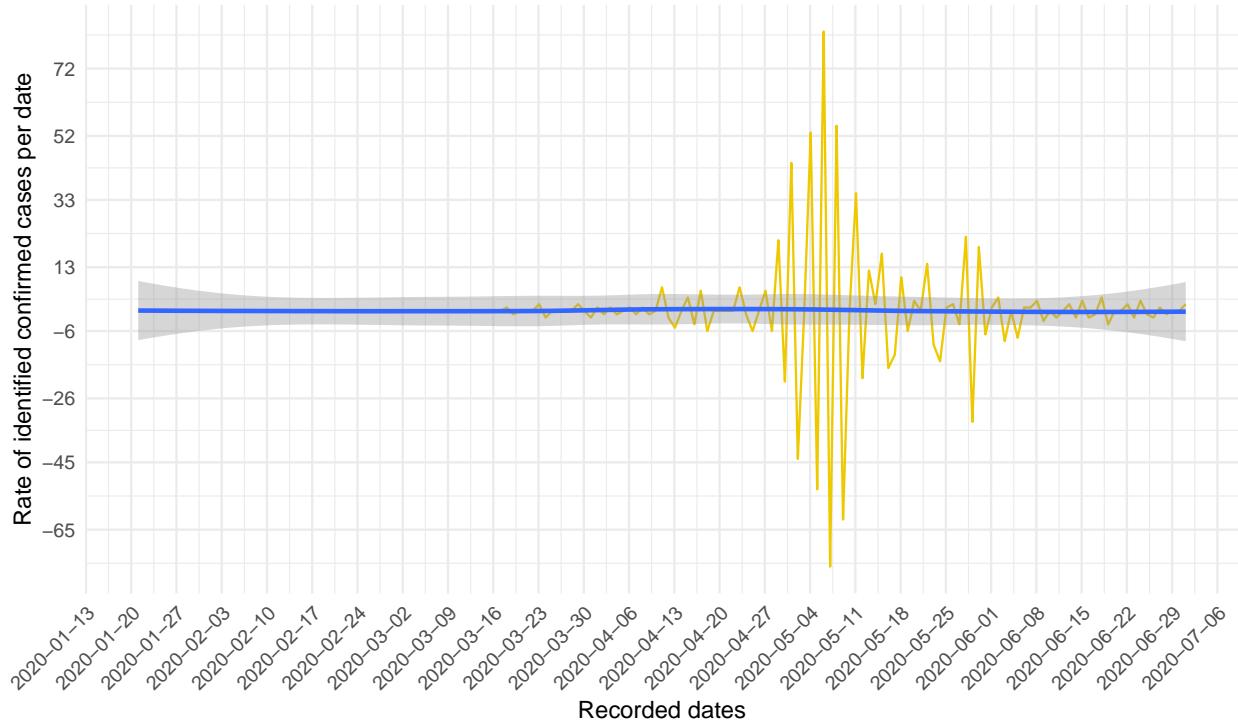

Central African Republic – rate of increase of confirmed cases over time

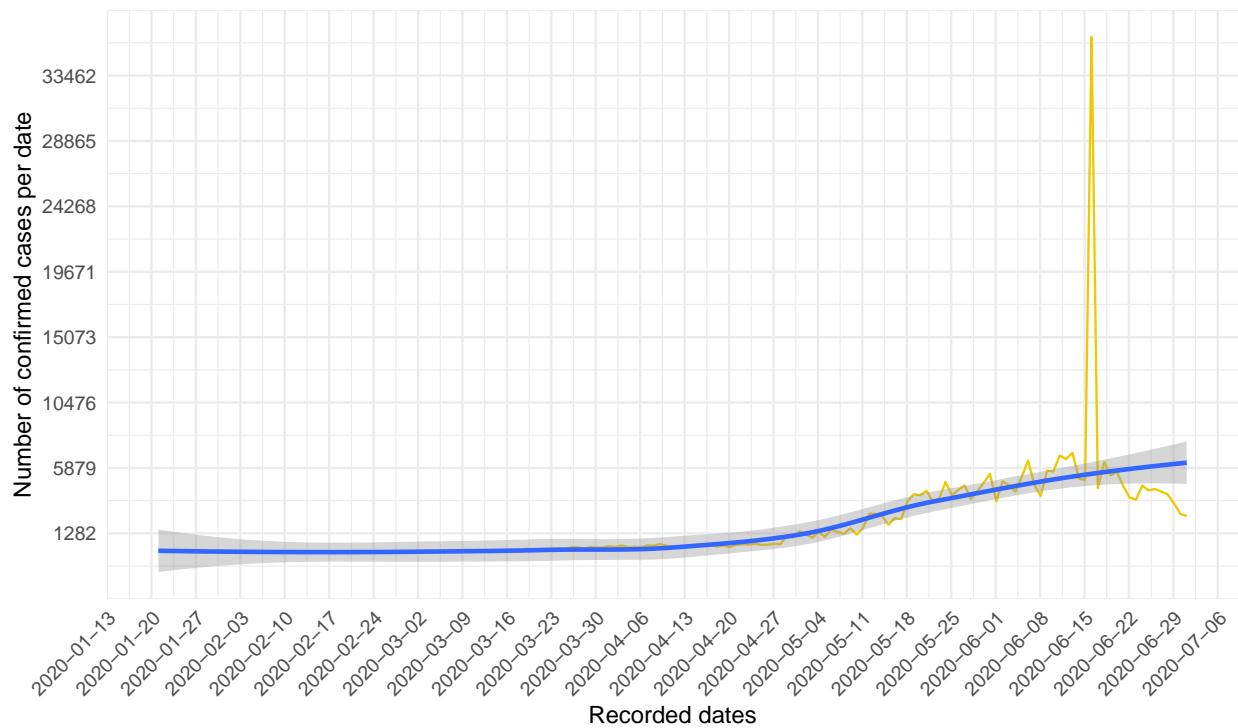

Chad – confirmed cases over time, total cases: 868

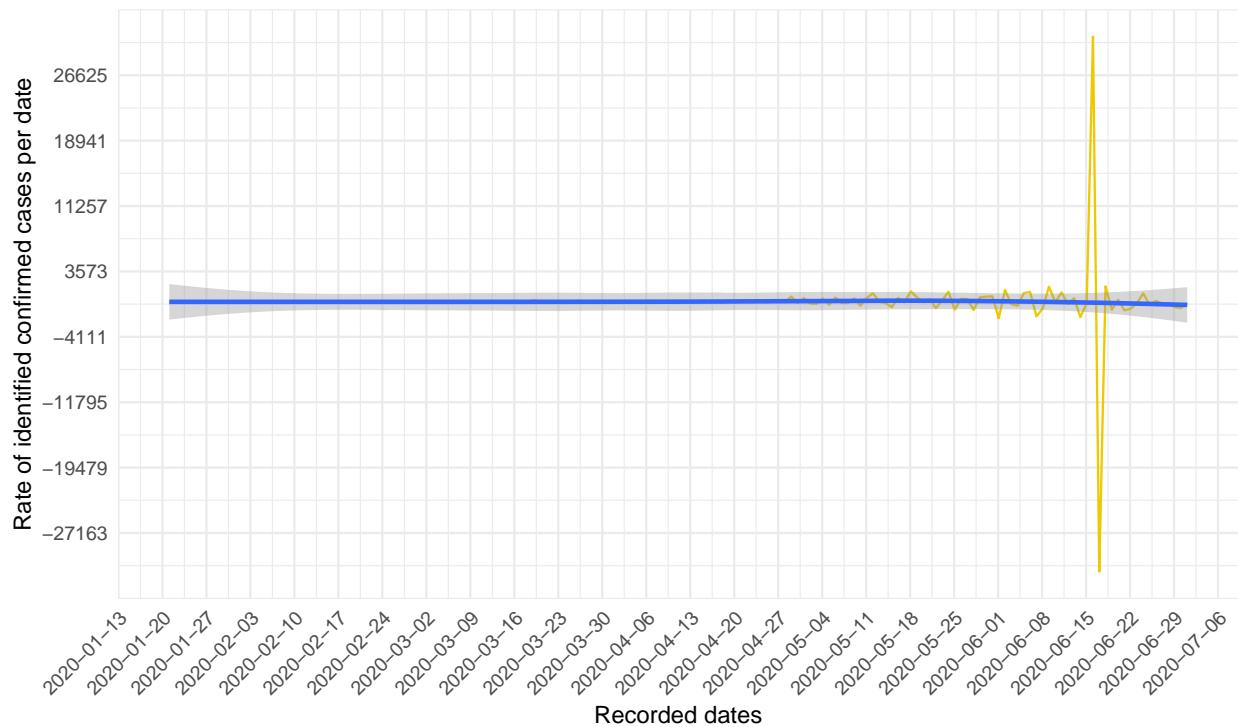

Chad – rate of increase of confirmed cases over time

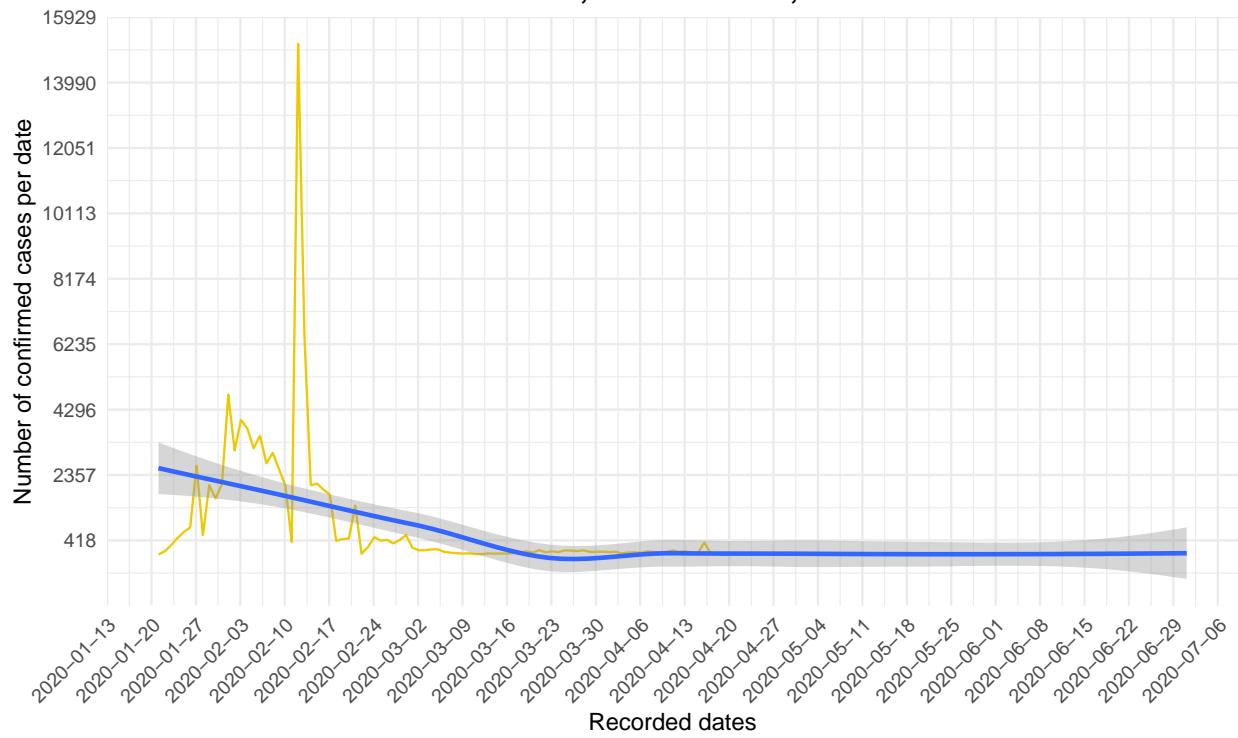

Chile – confirmed cases over time, total cases: 284,541

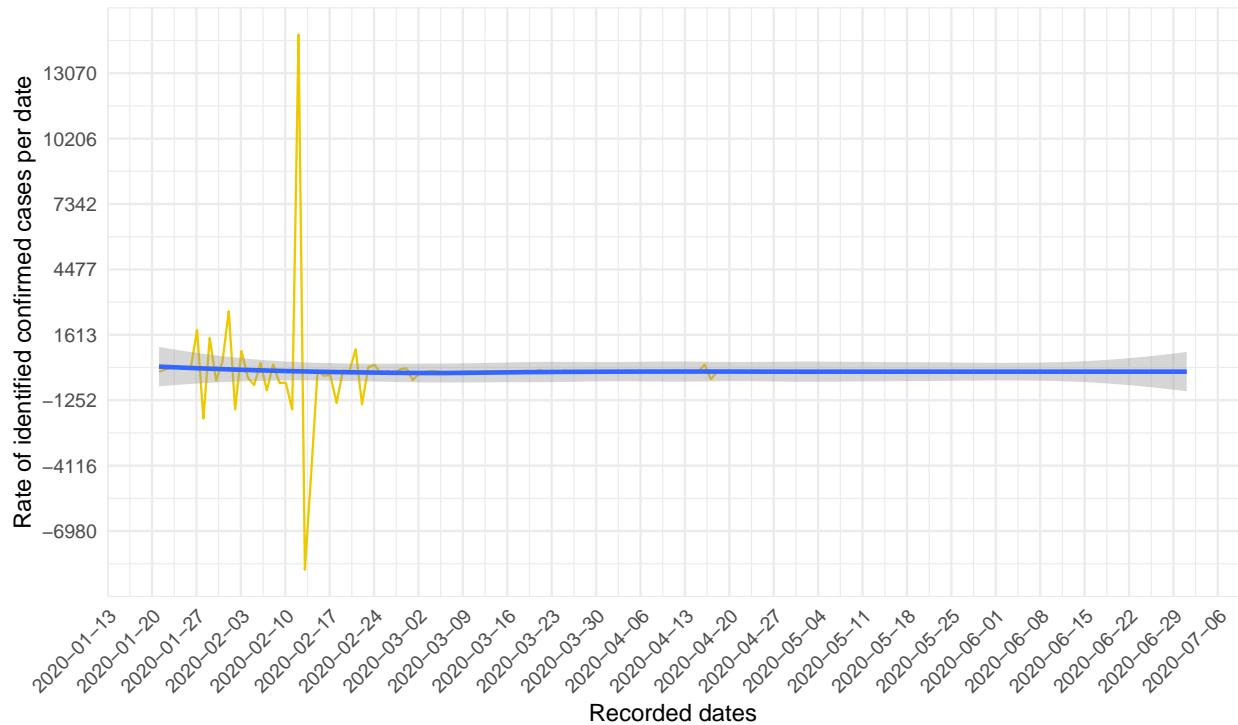

Chile – rate of increase of confirmed cases over time

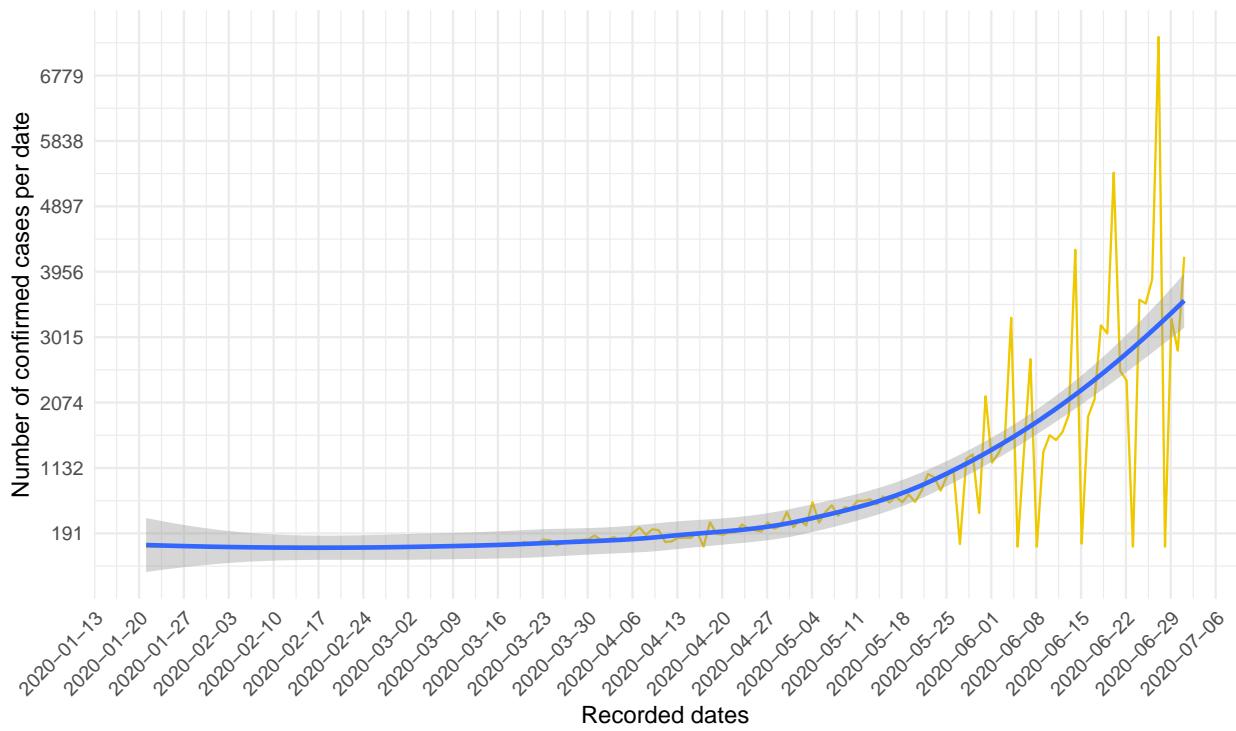

China – confirmed cases over time, total cases: 84,830

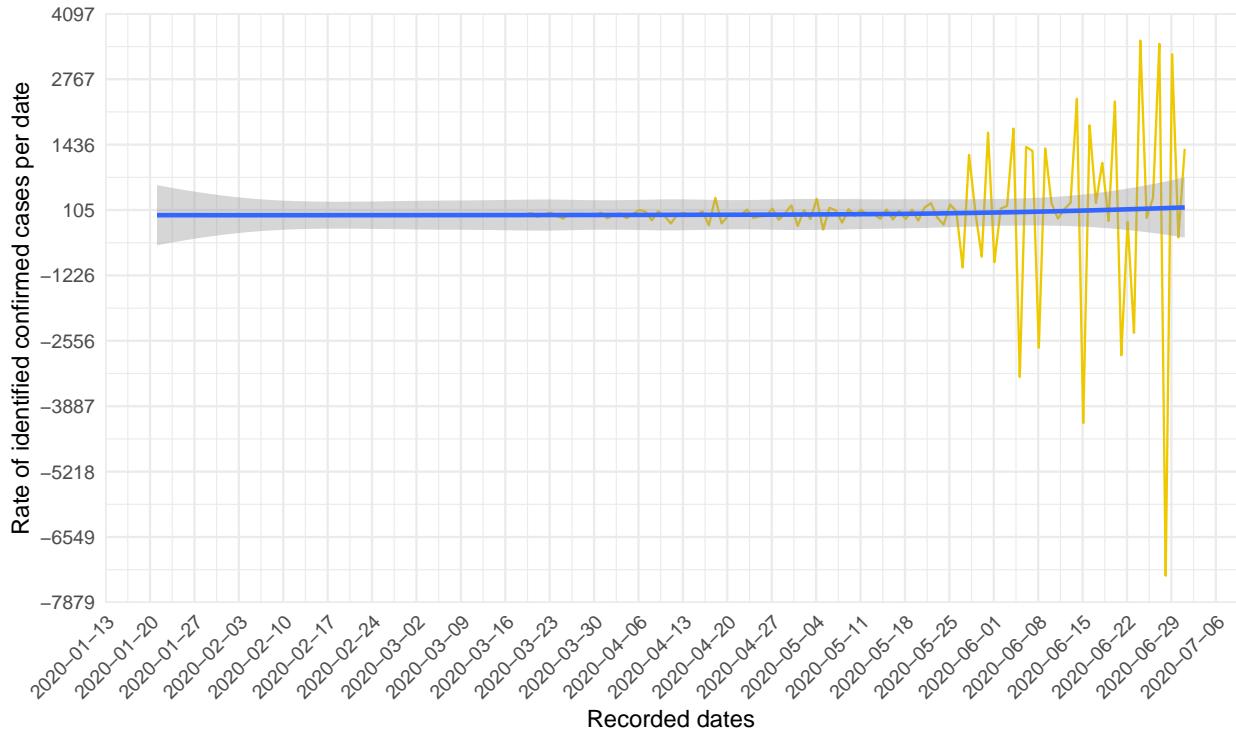

China – rate of increase of confirmed cases over time

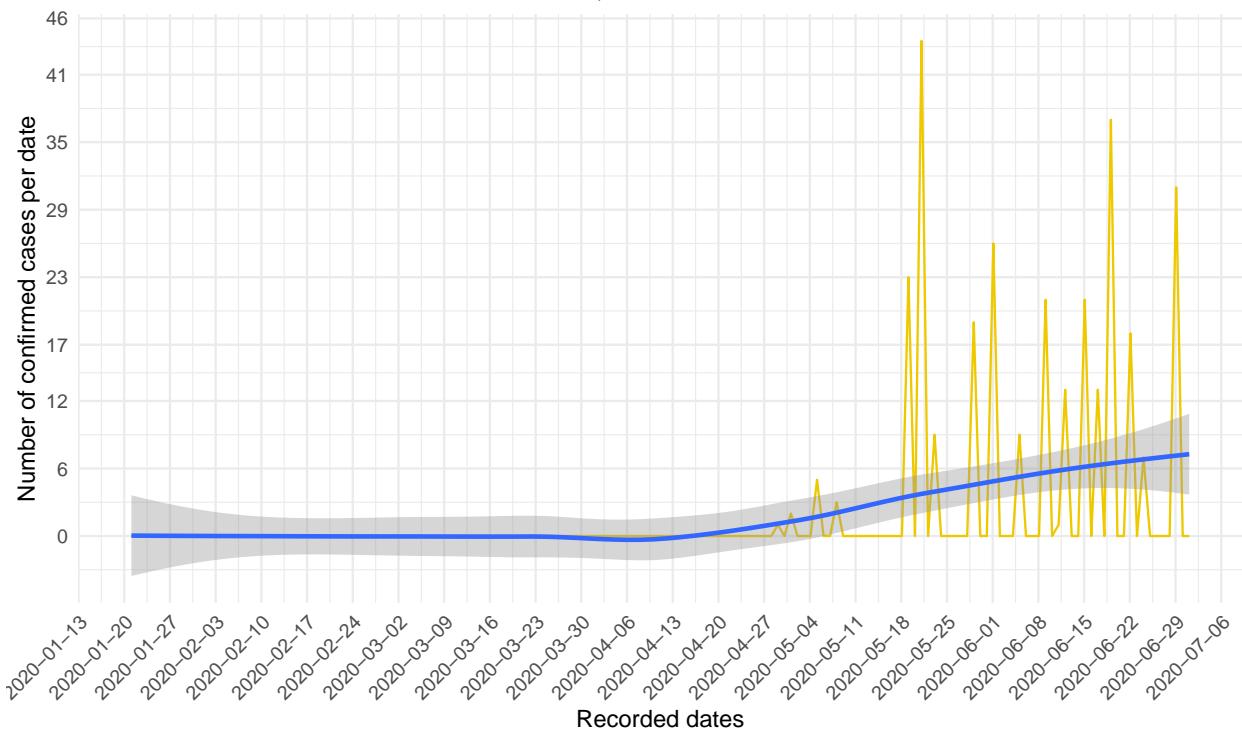

Colombia – confirmed cases over time, total cases: 102,261

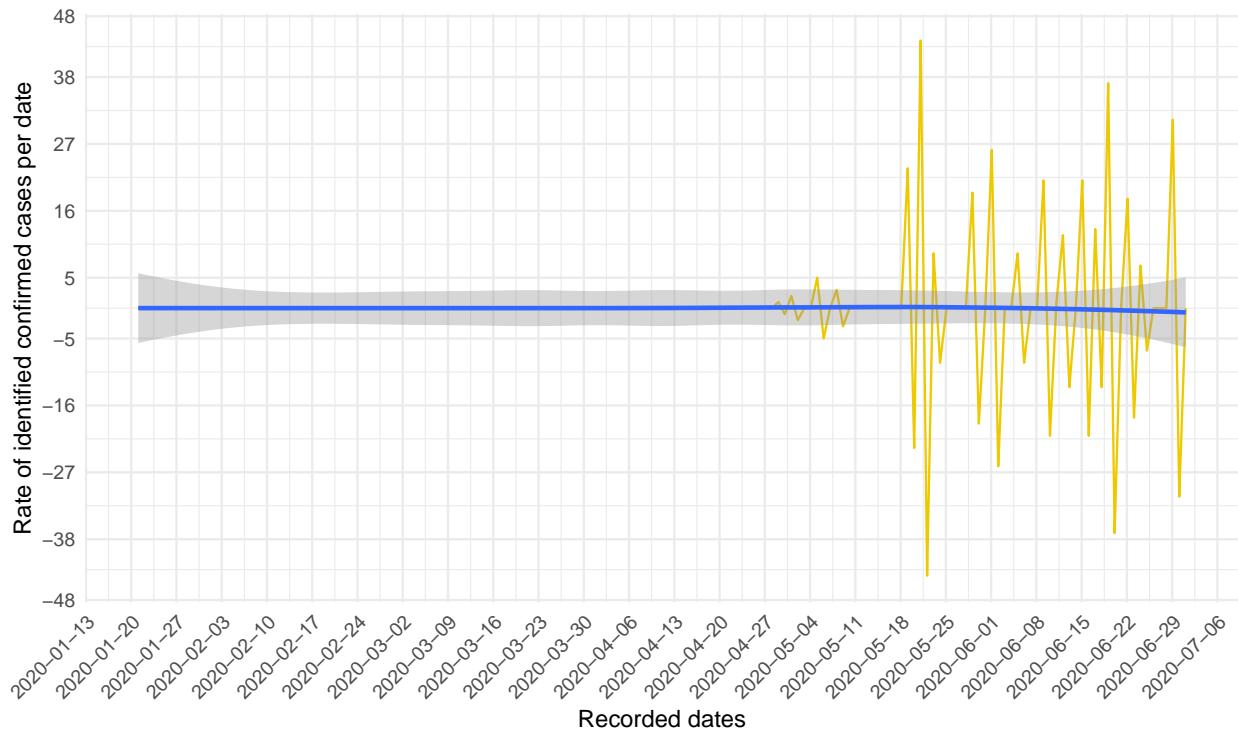

Colombia – rate of increase of confirmed cases over time

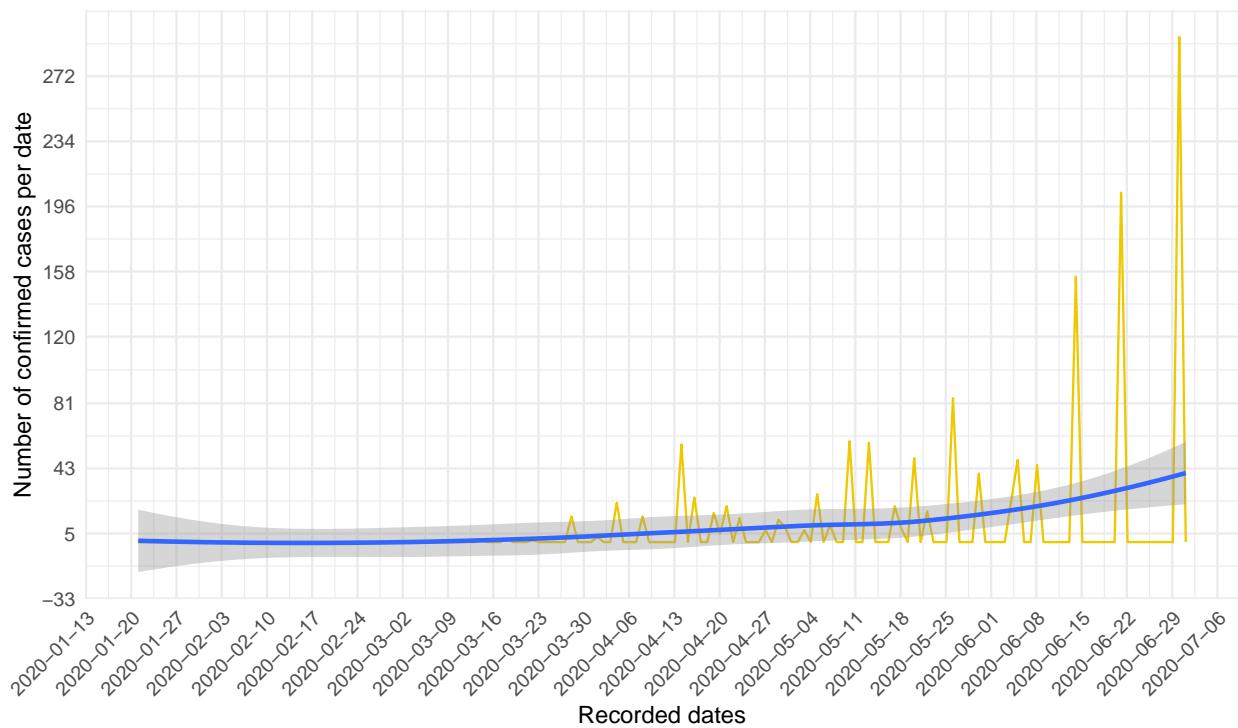

Comoros – confirmed cases over time, total cases: 303

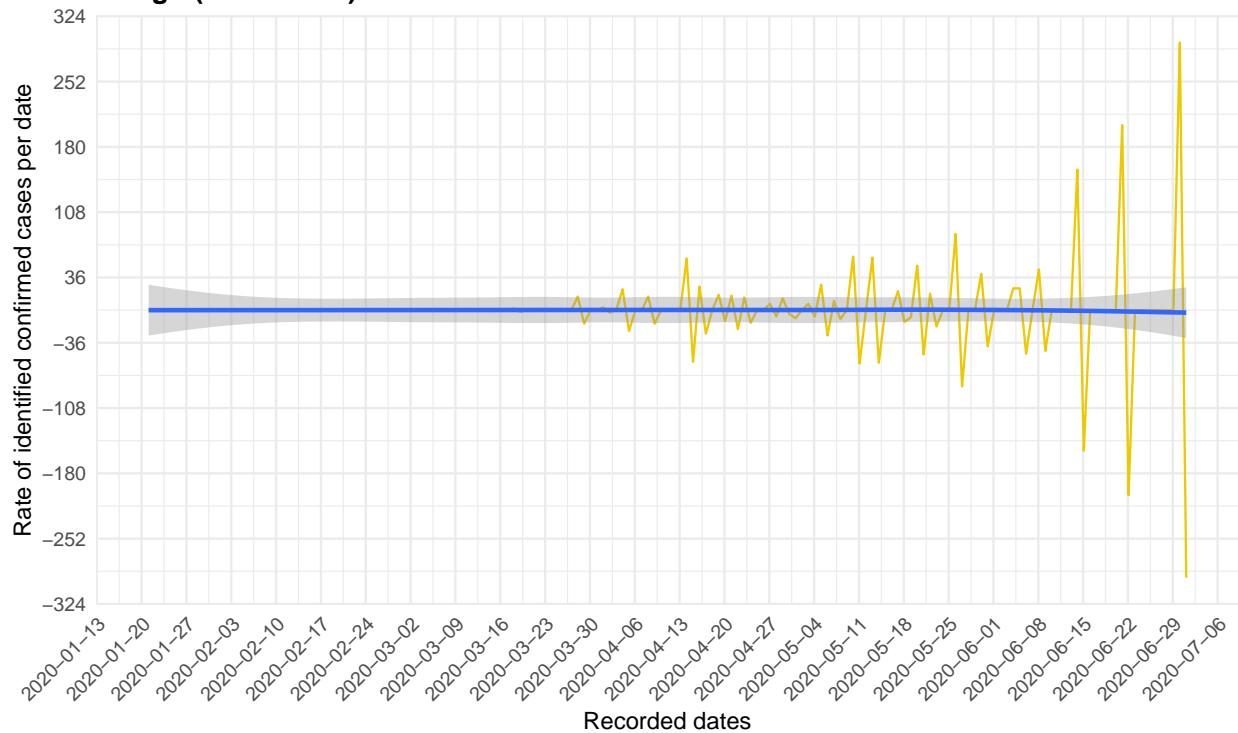

Comoros – rate of increase of confirmed cases over time

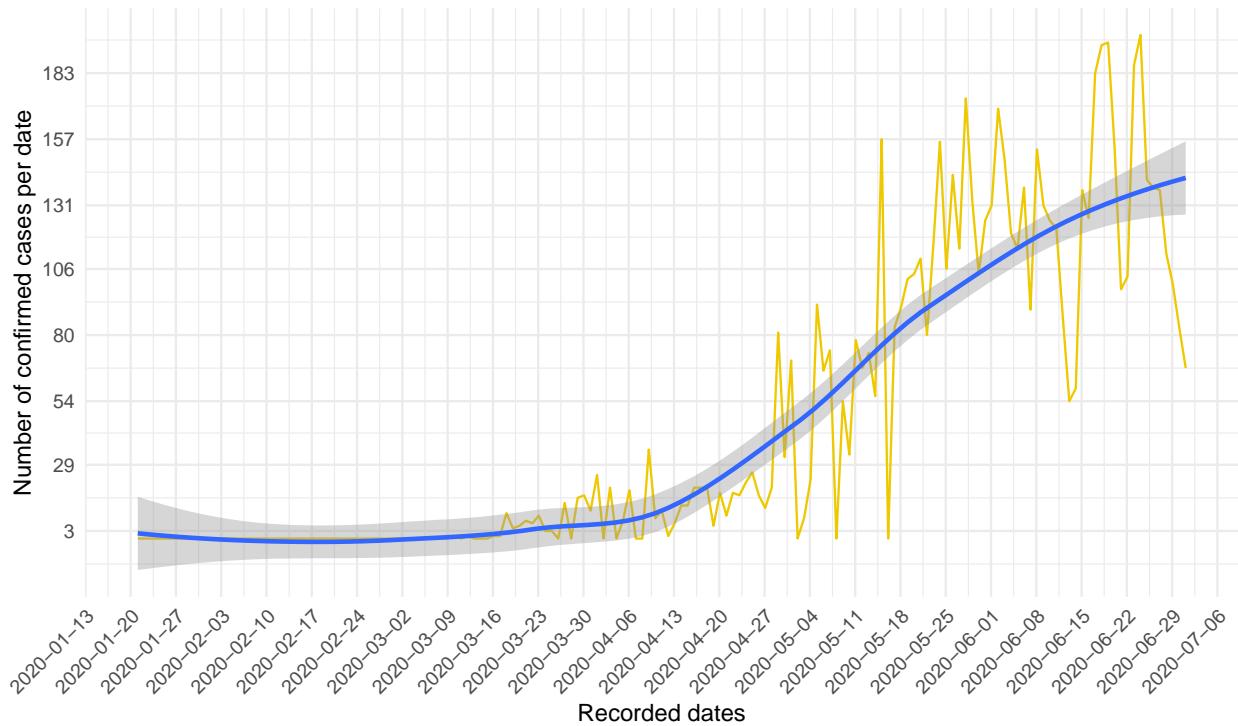

Congo (Brazzaville) – confirmed cases over time, total cases: 1,382

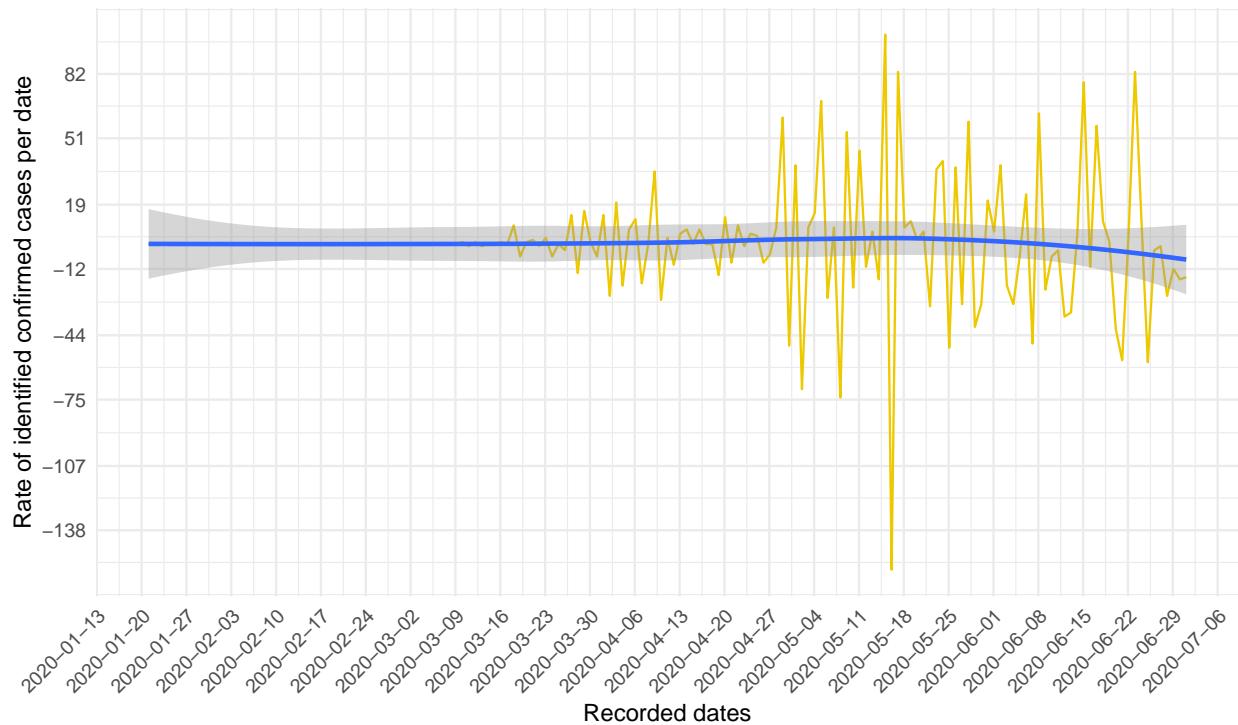

Congo (Brazzaville) – rate of increase of confirmed cases over time

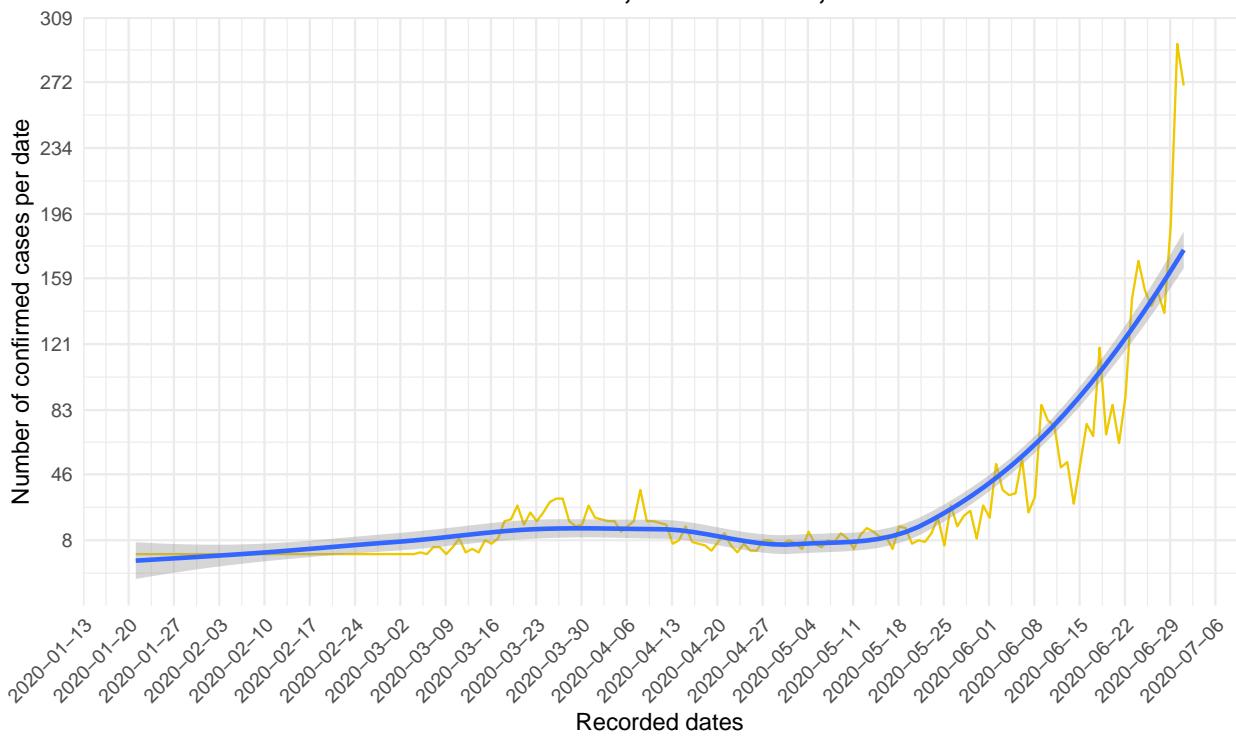

Congo (Kinshasa) – confirmed cases over time, total cases: 7,189

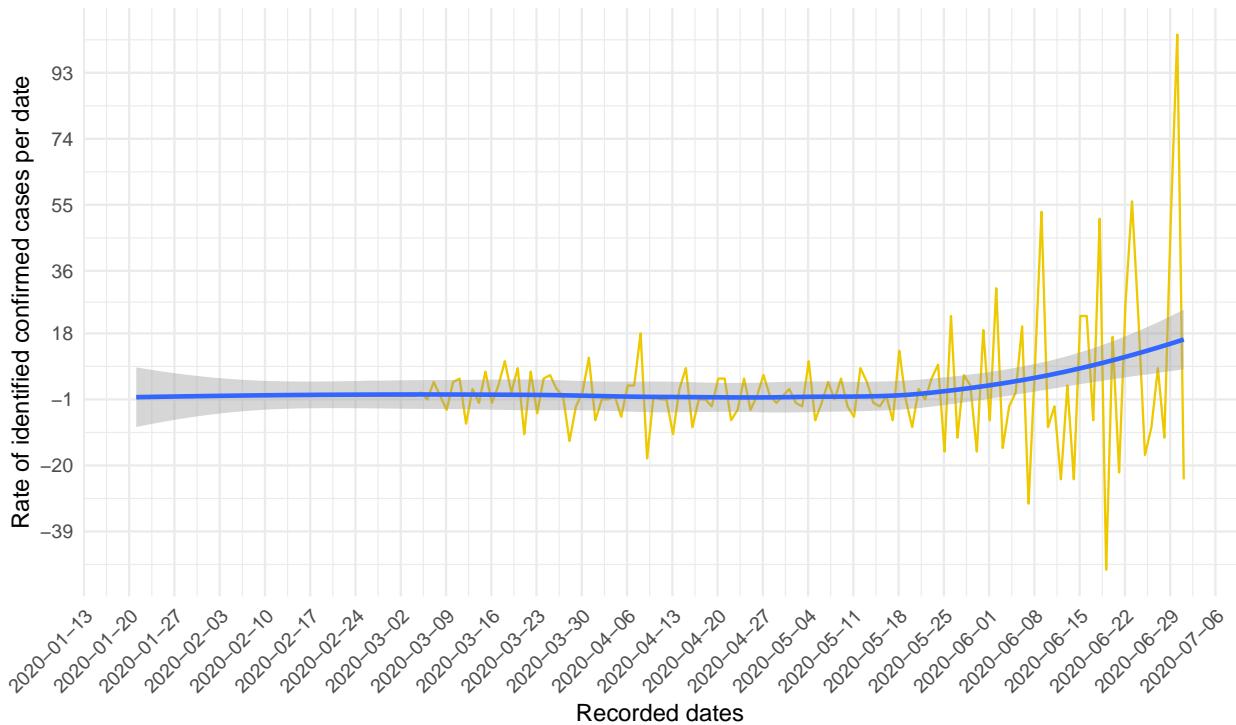

Congo (Kinshasa) – rate of increase of confirmed cases over time

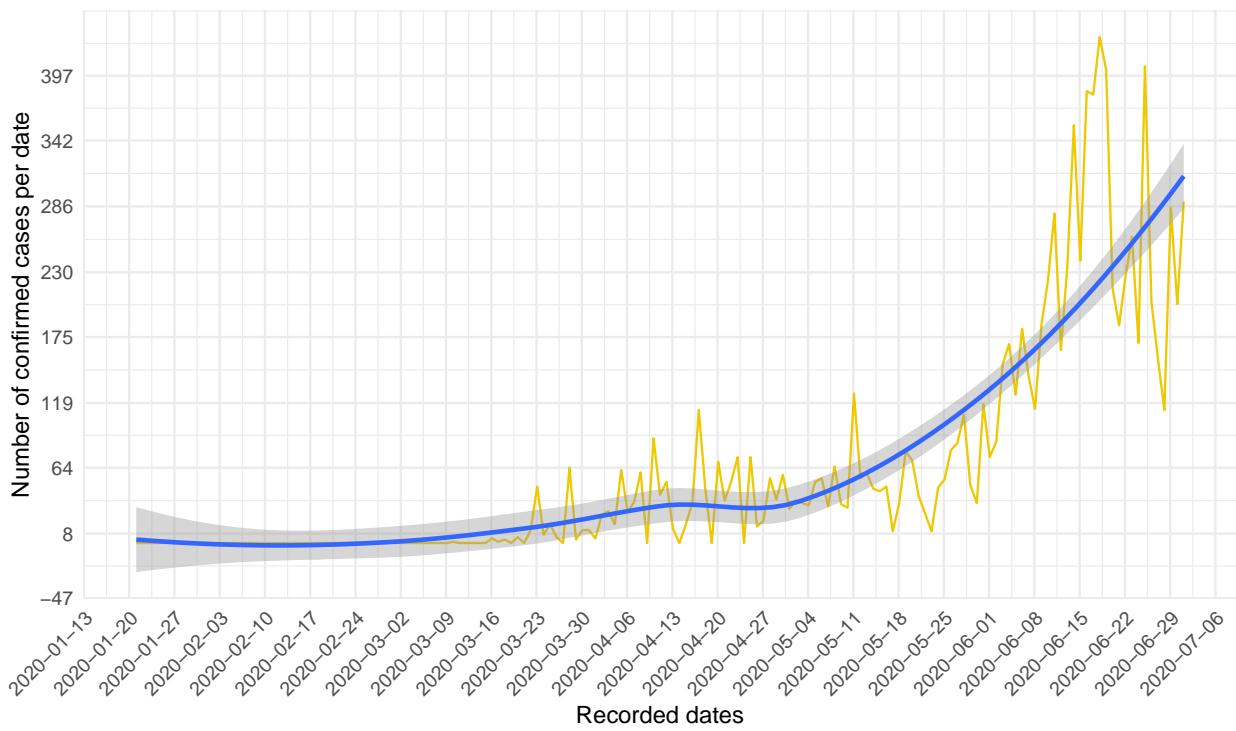

Costa Rica – confirmed cases over time, total cases: 4,023

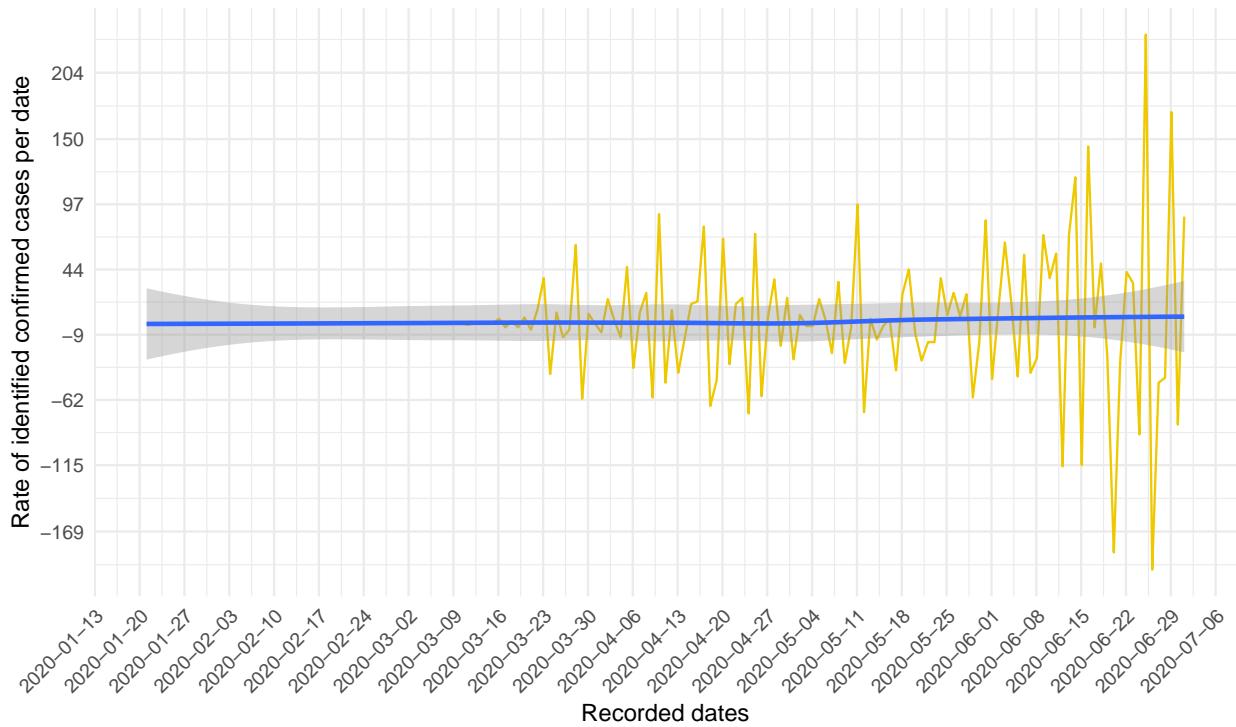

Costa Rica – rate of increase of confirmed cases over time

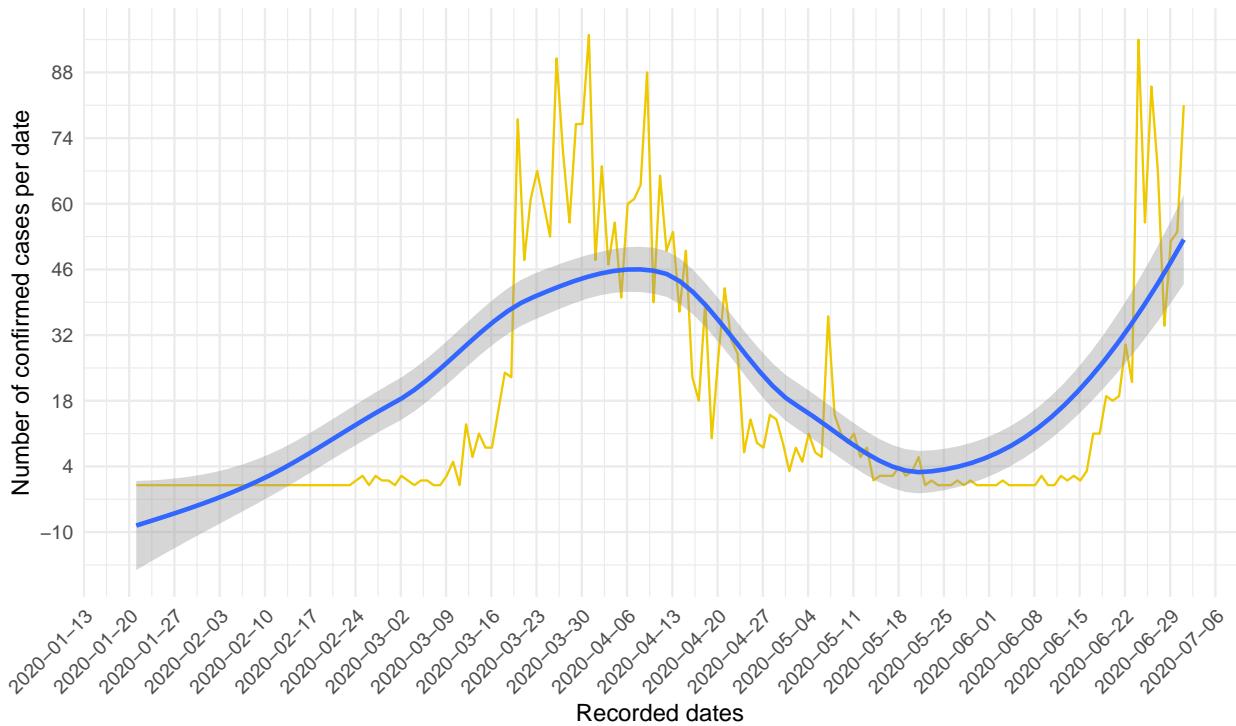

Côte d'Ivoire – confirmed cases over time, total cases: 9,992

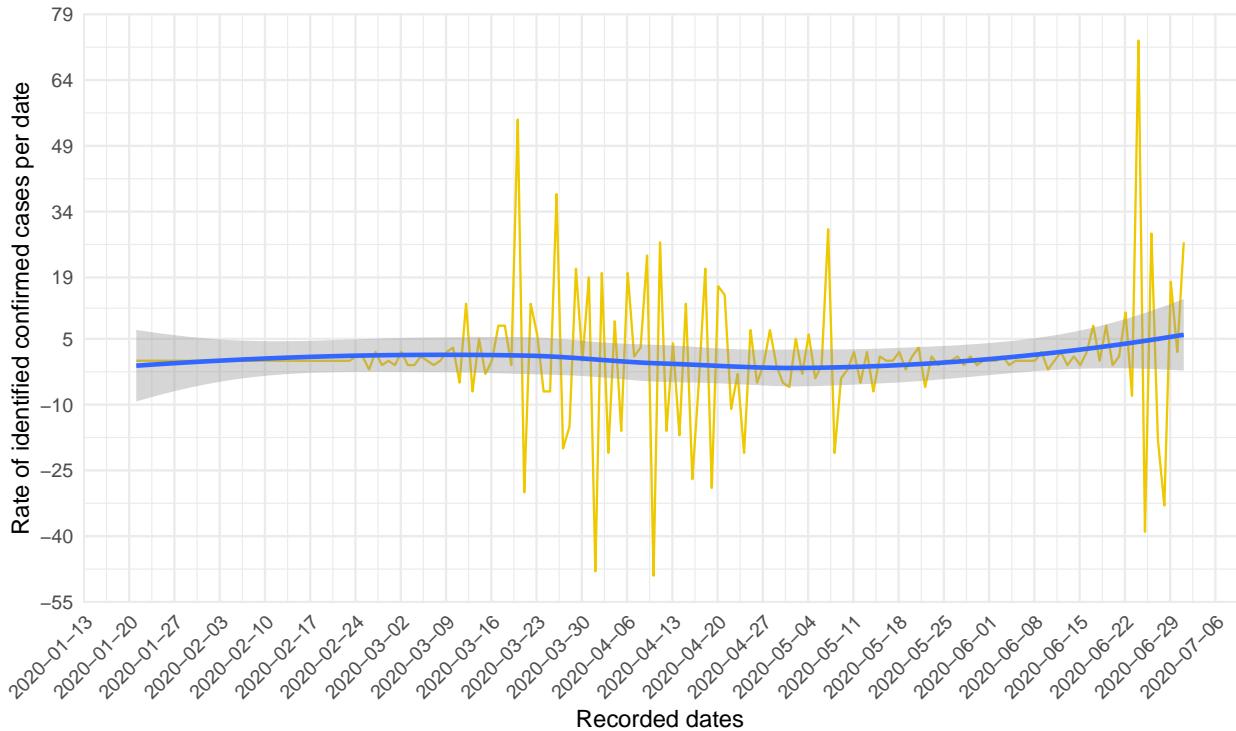

Côte d'Ivoire – rate of increase of confirmed cases over time

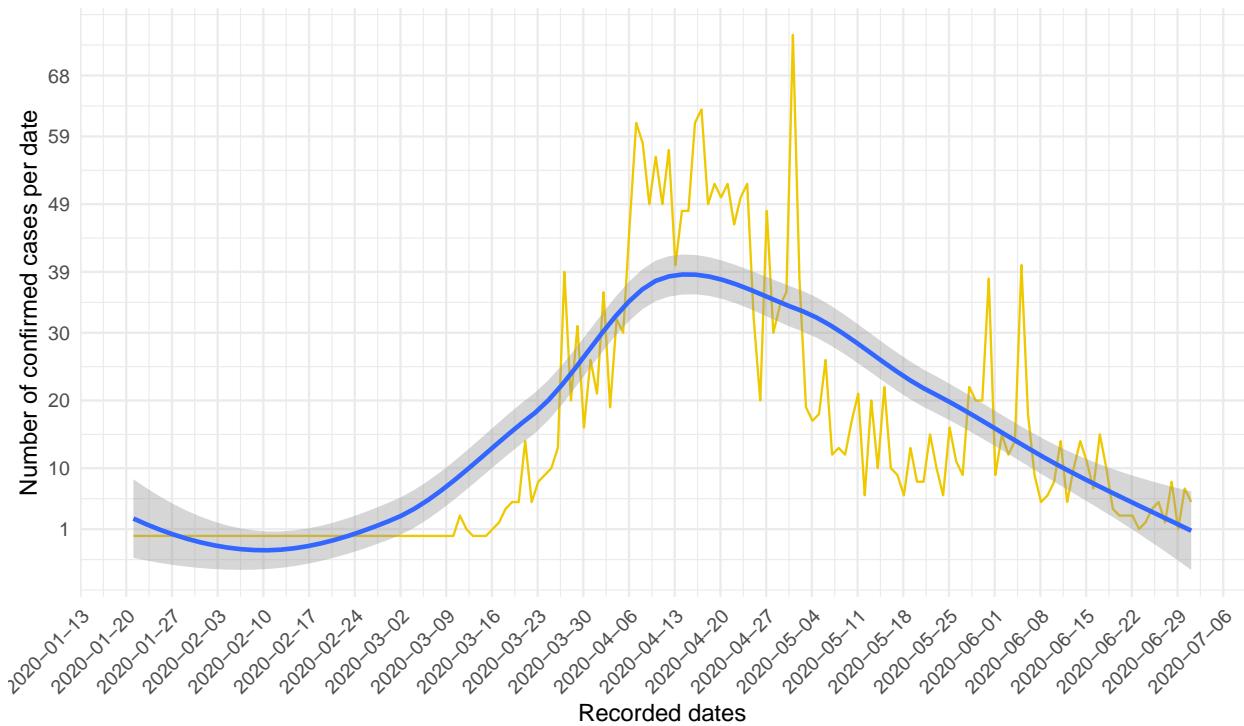

Croatia – confirmed cases over time, total cases: 2,912

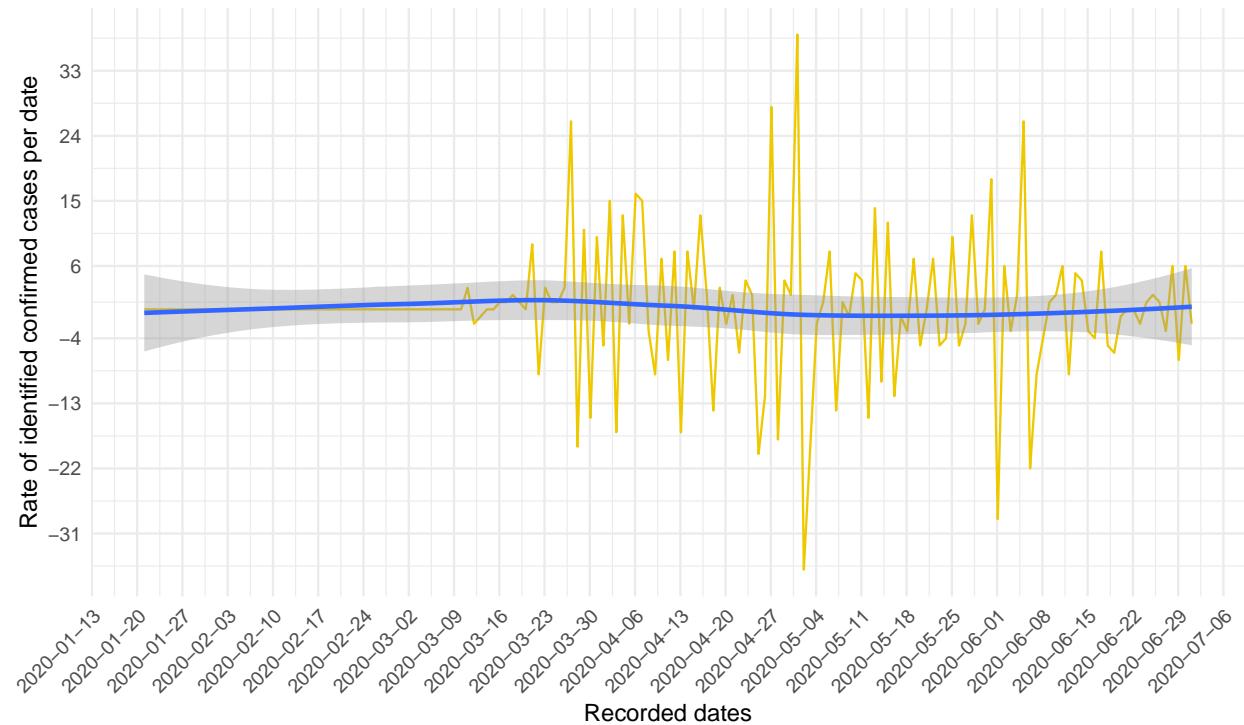

Croatia – rate of increase of confirmed cases over time

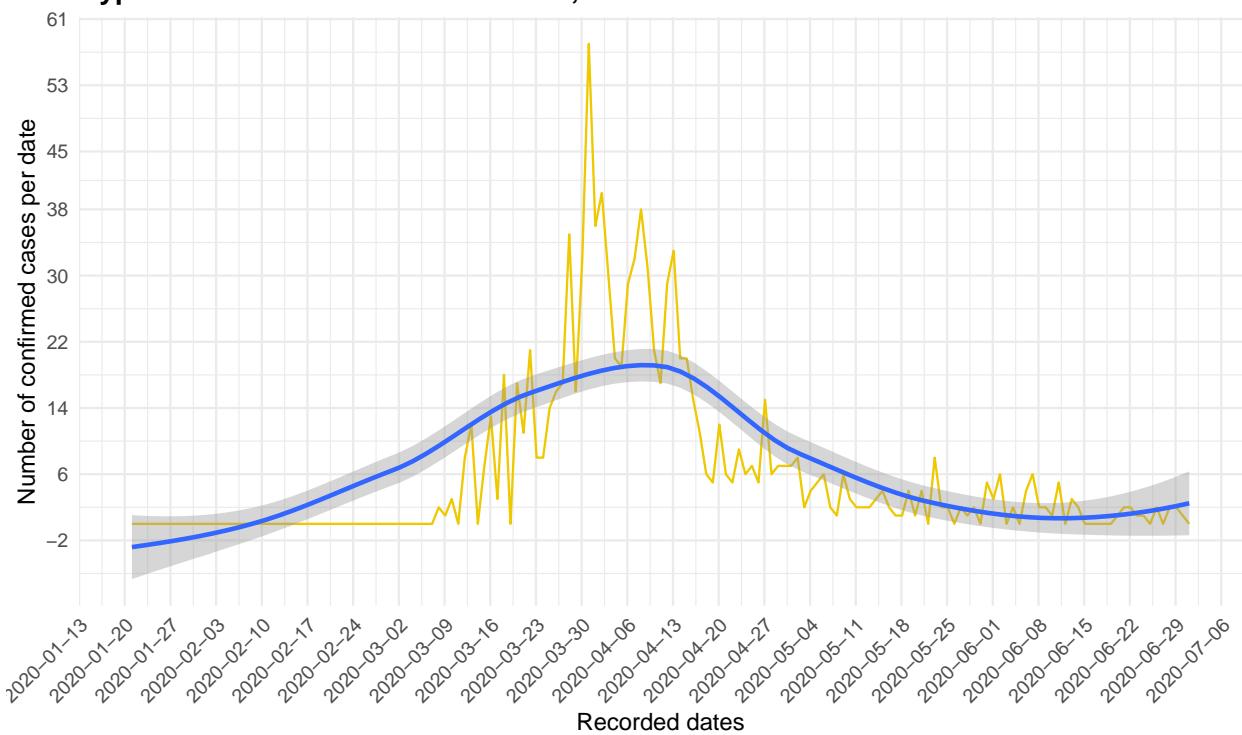

Cuba – confirmed cases over time, total cases: 2,353

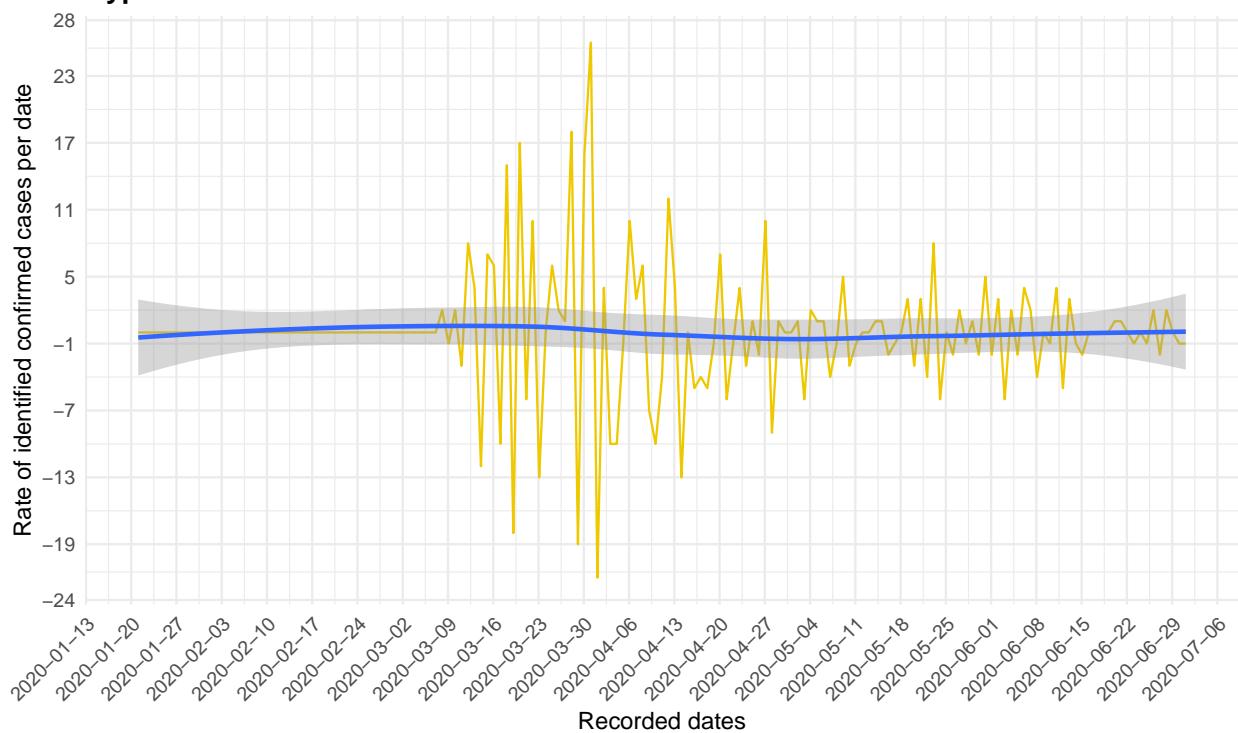

Cuba – rate of increase of confirmed cases over time

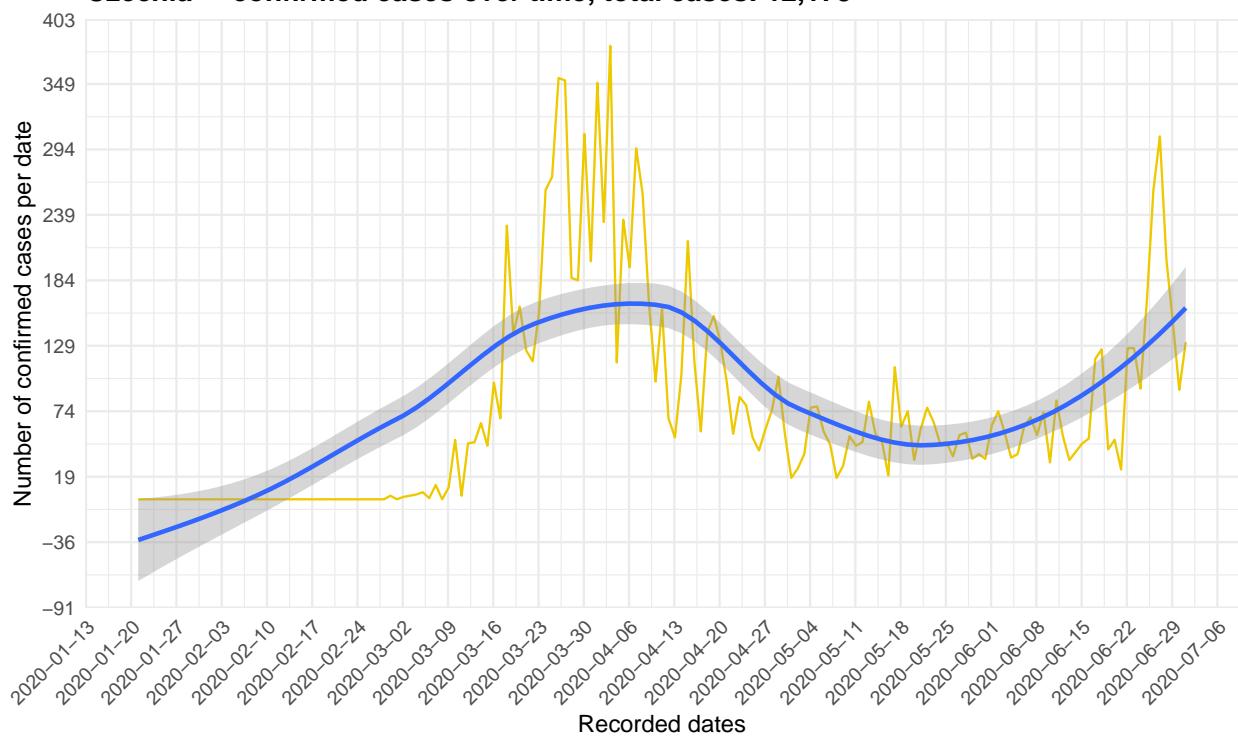

Cyprus – confirmed cases over time, total cases: 999

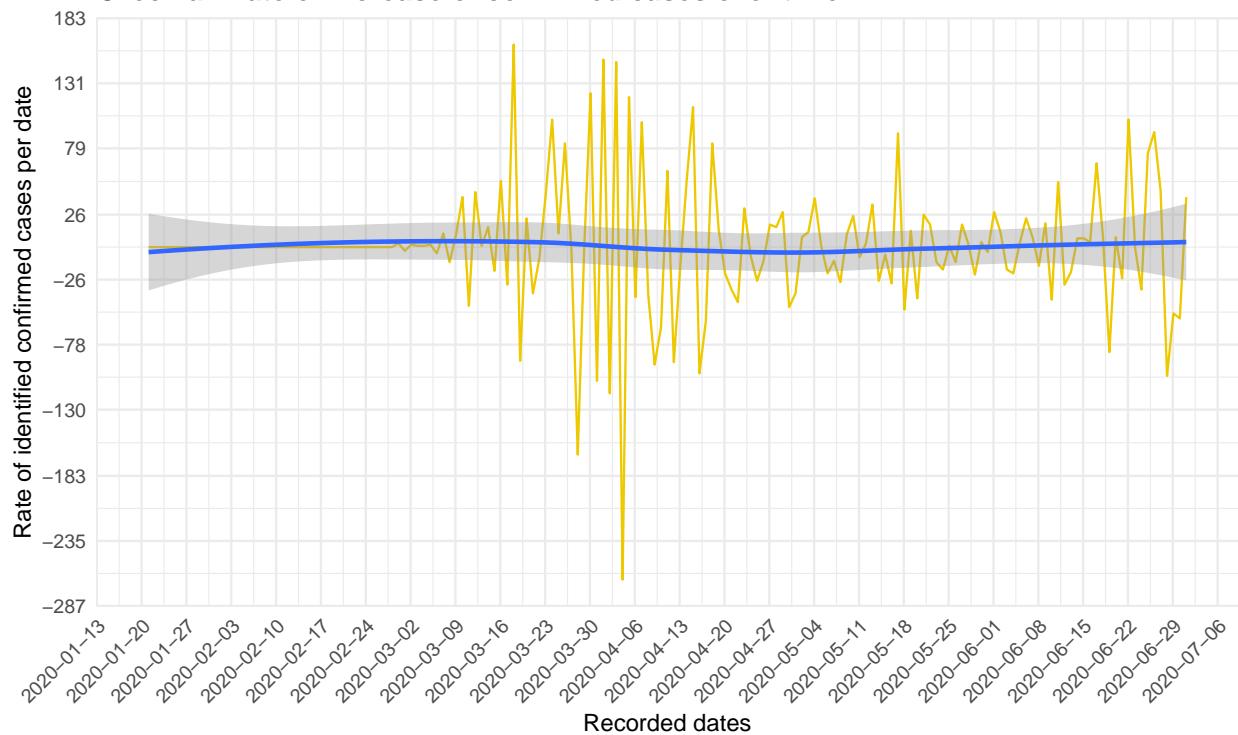

Cyprus – rate of increase of confirmed cases over time

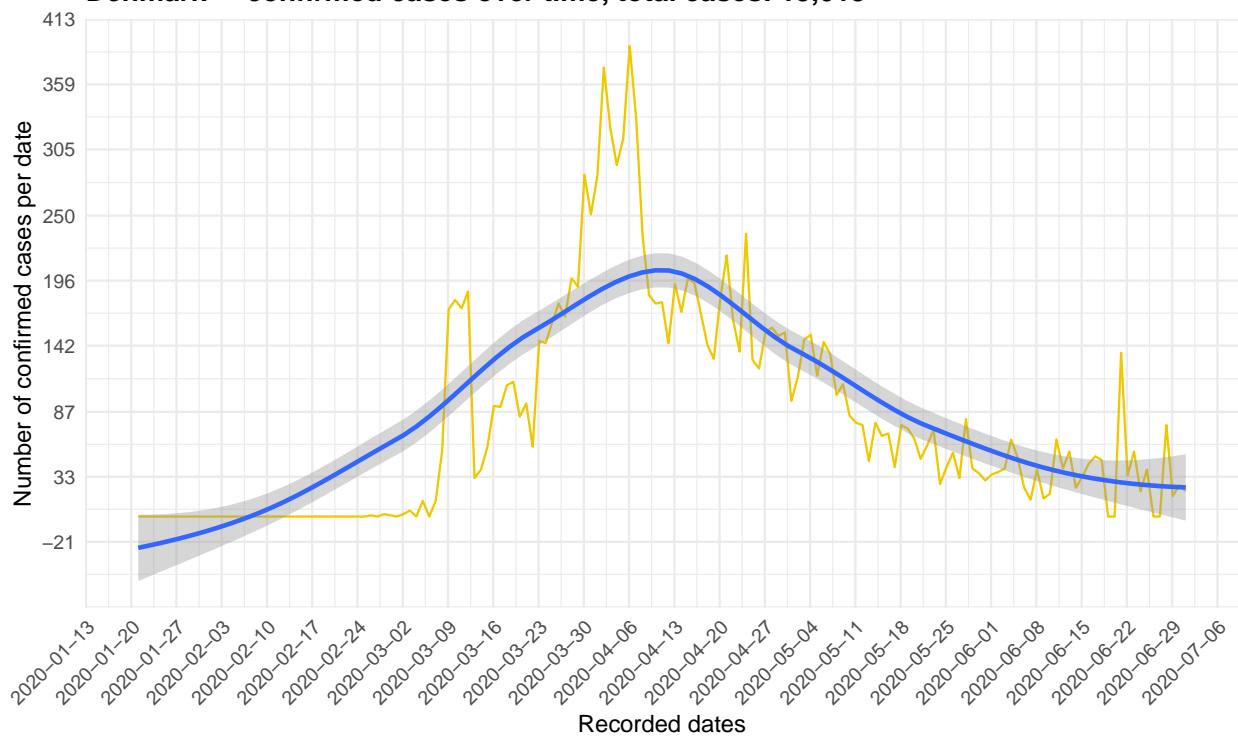

Czechia – confirmed cases over time, total cases: 12,178

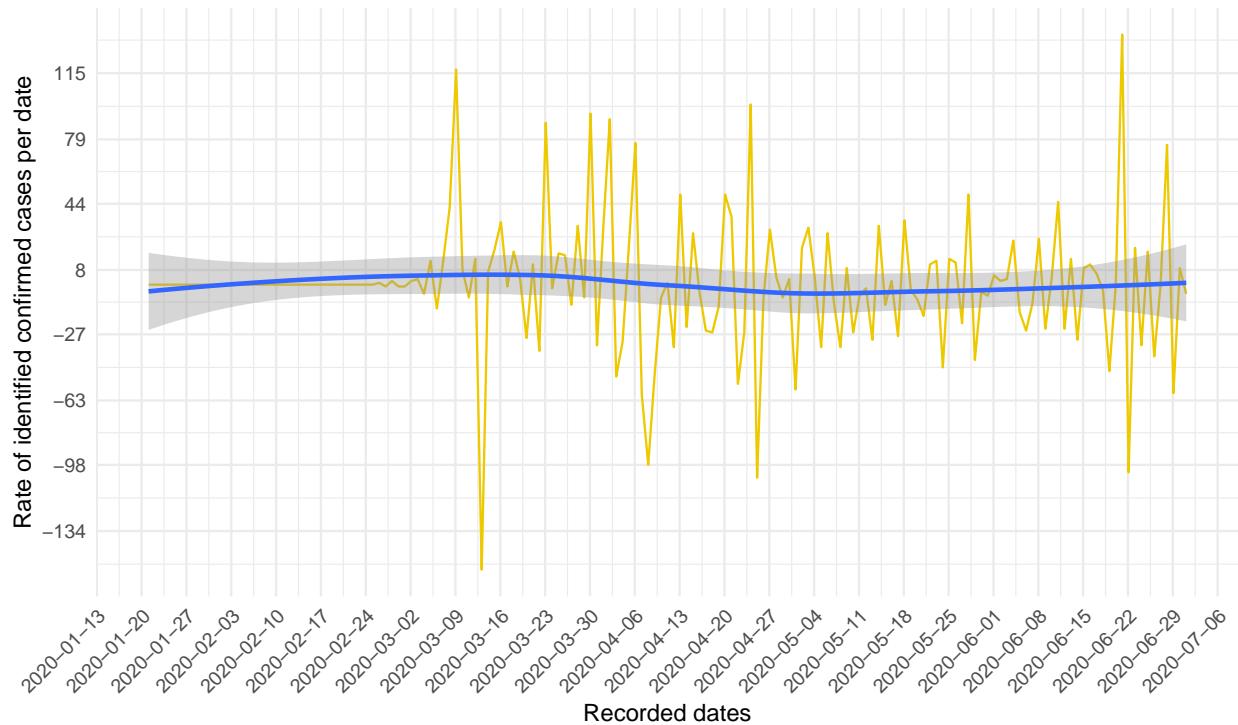

Czechia – rate of increase of confirmed cases over time

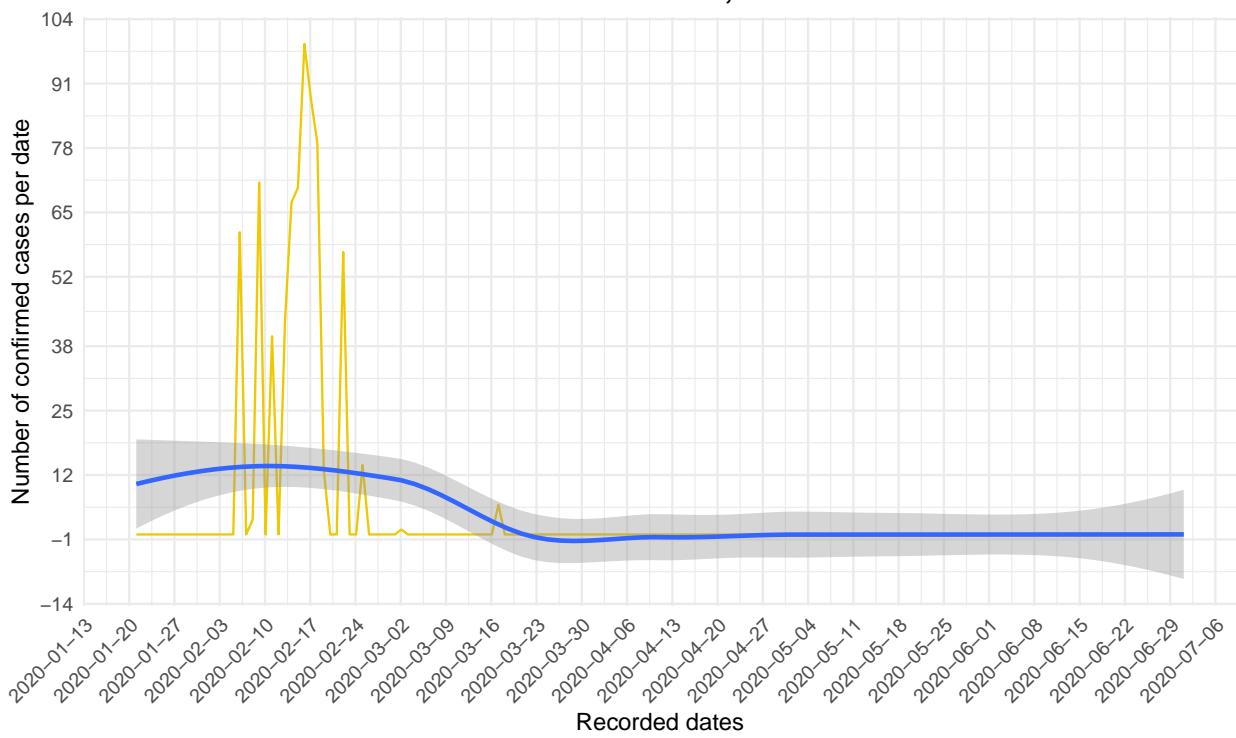

Denmark – confirmed cases over time, total cases: 13,015

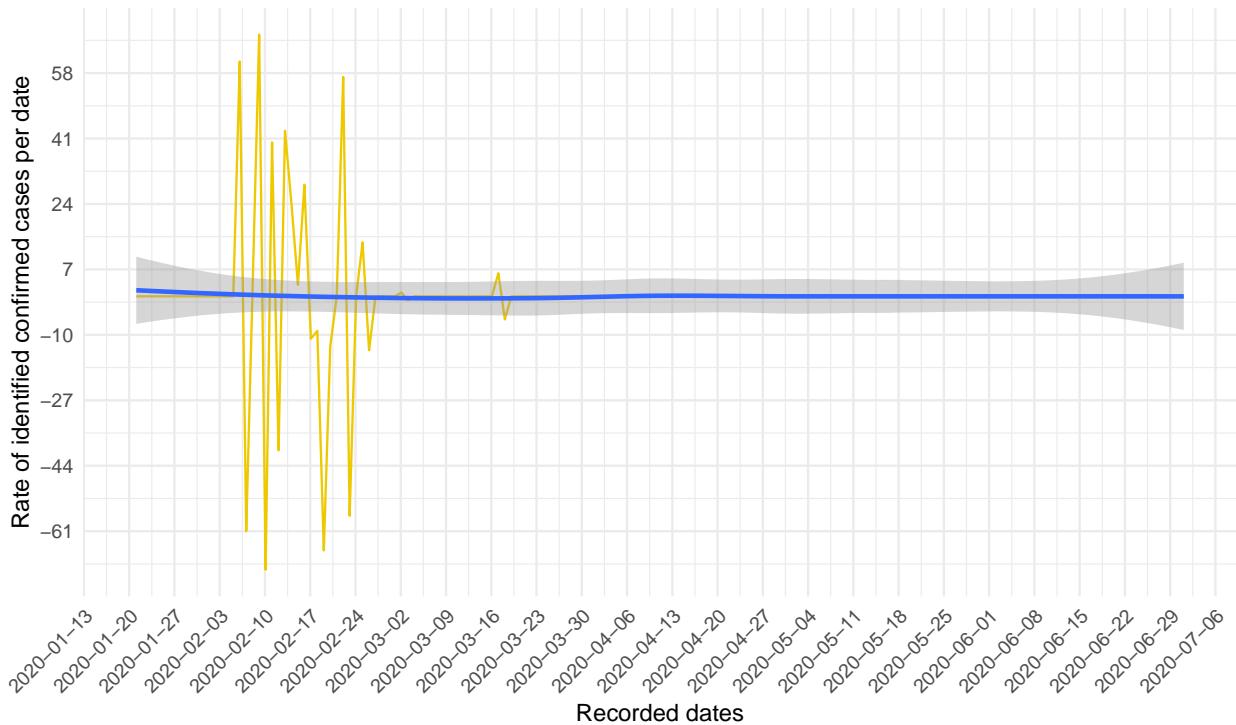

Denmark – rate of increase of confirmed cases over time

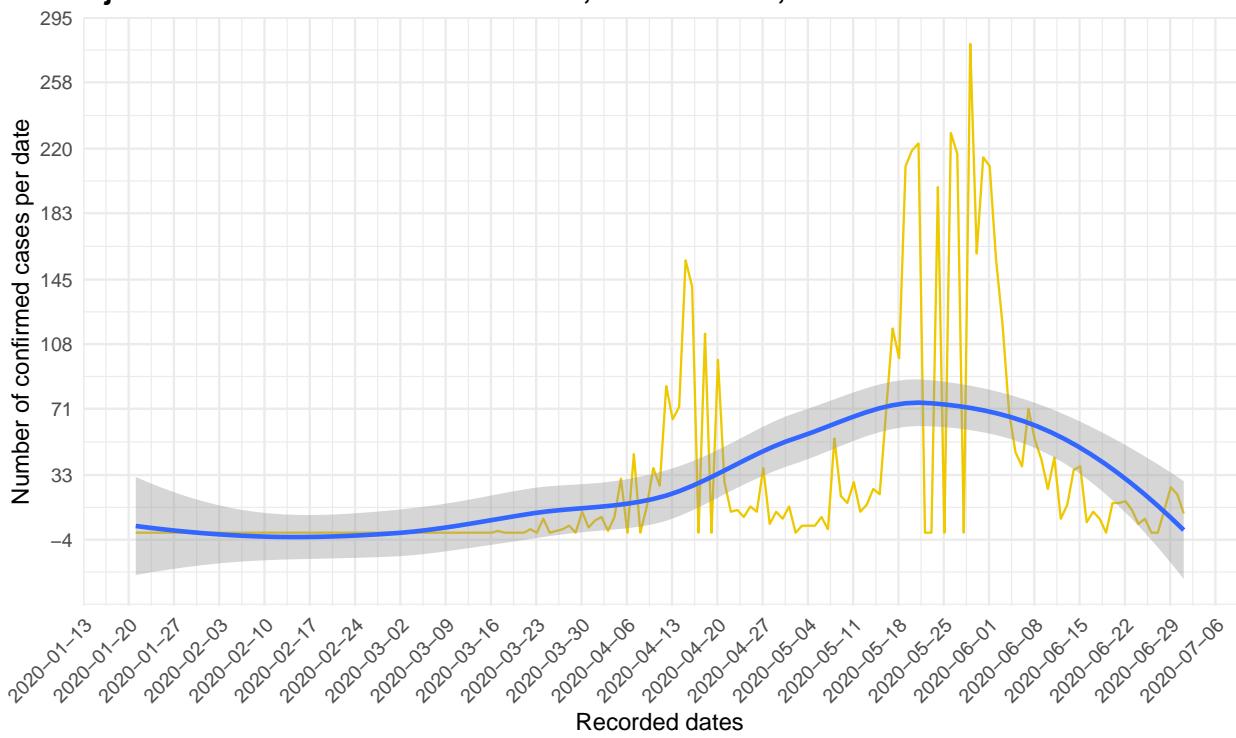

Diamond Princess – confirmed cases over time, total cases: 712

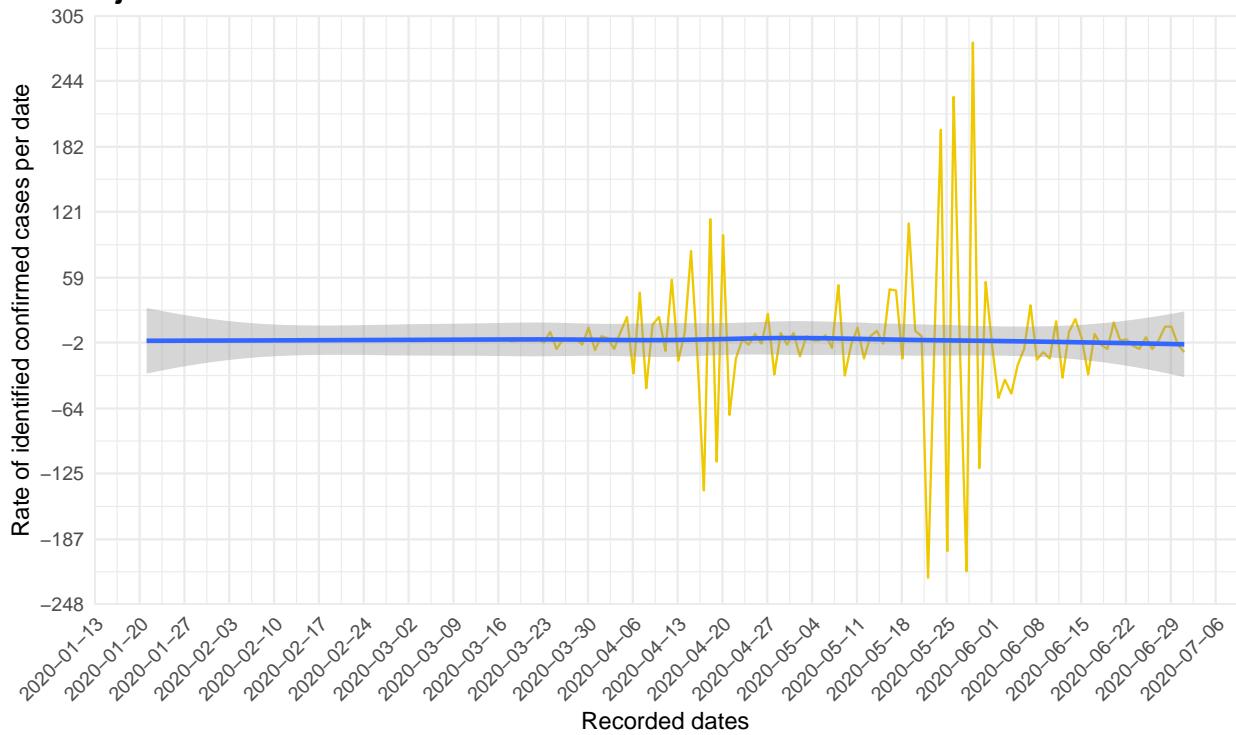

Diamond Princess – rate of increase of confirmed cases over time

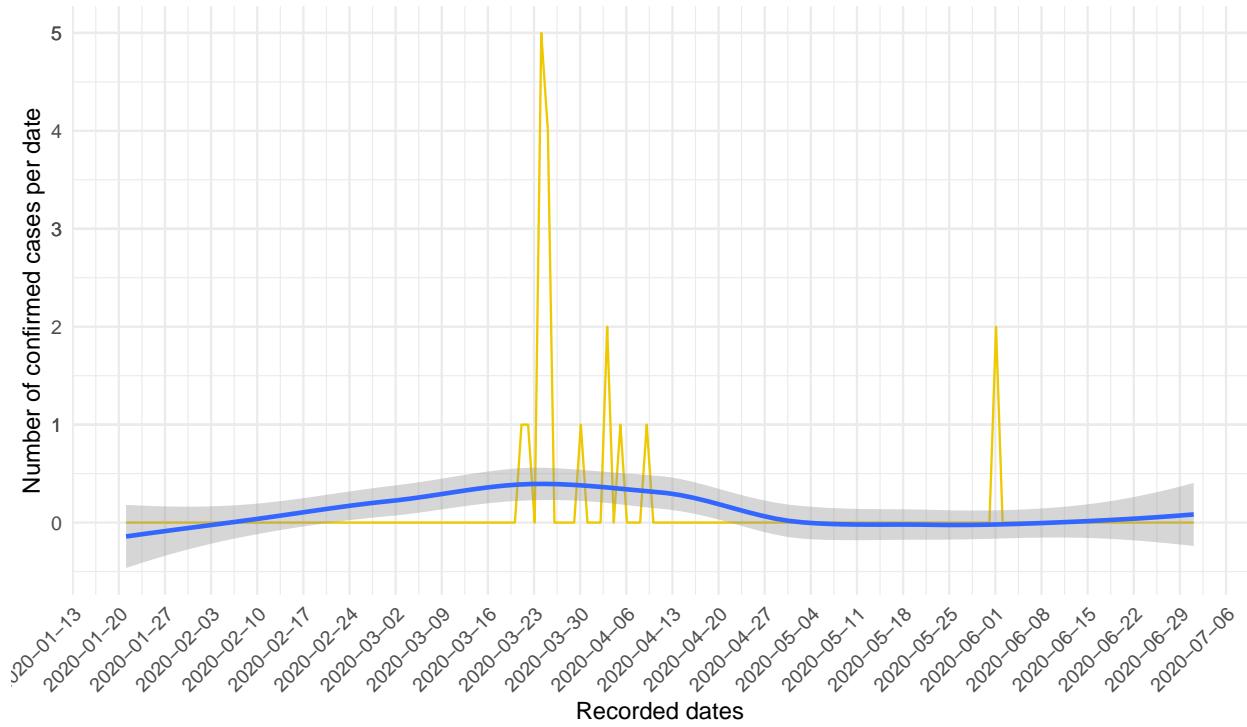

Djibouti – confirmed cases over time, total cases: 4,715

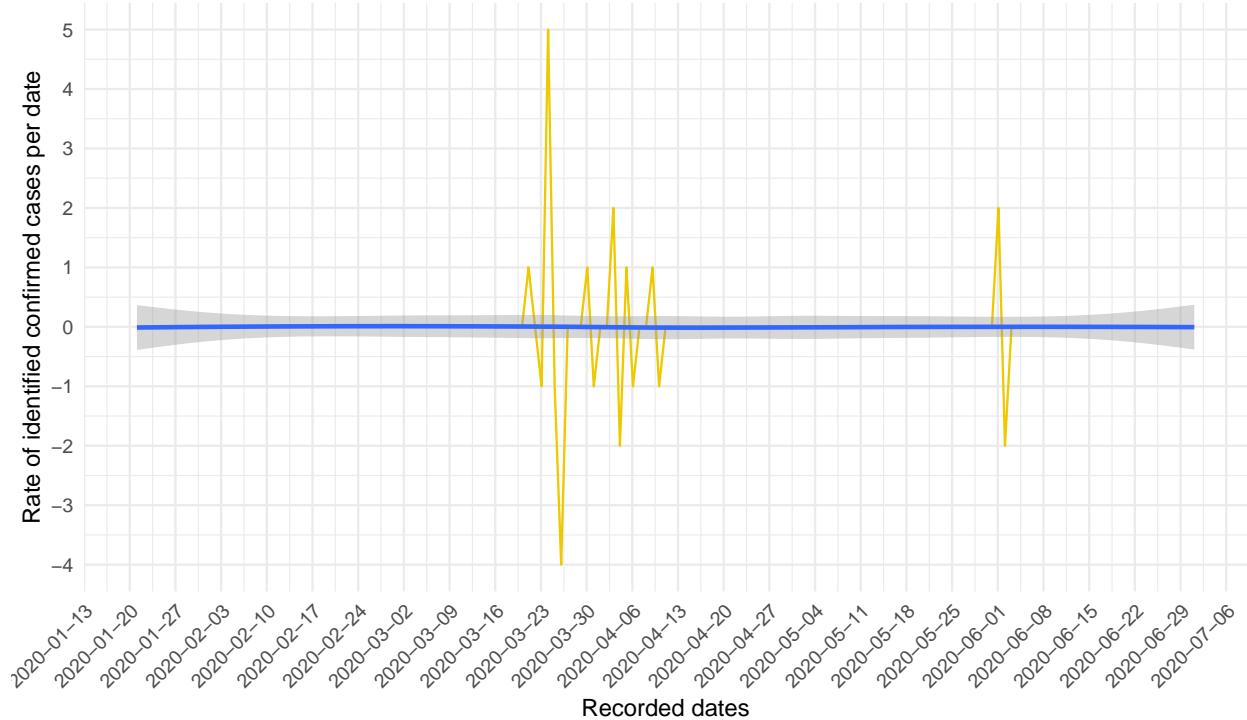

Djibouti – rate of increase of confirmed cases over time

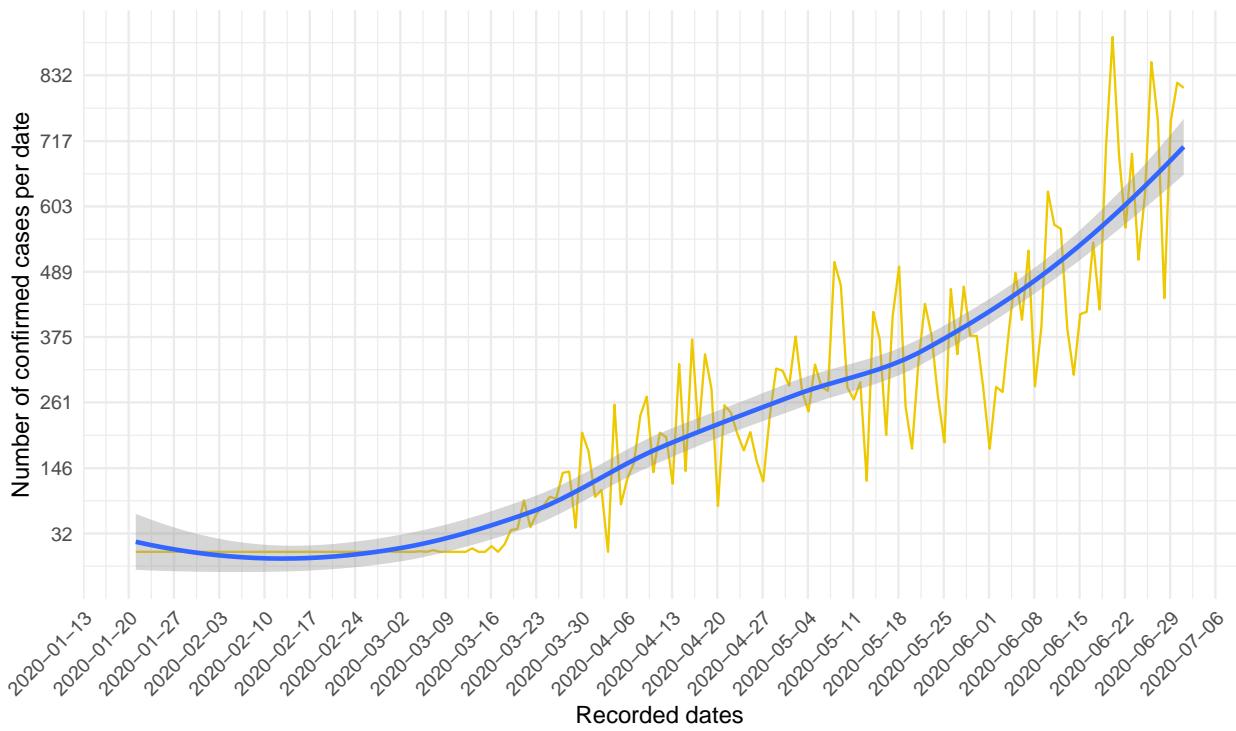

Dominica – confirmed cases over time, total cases: 18

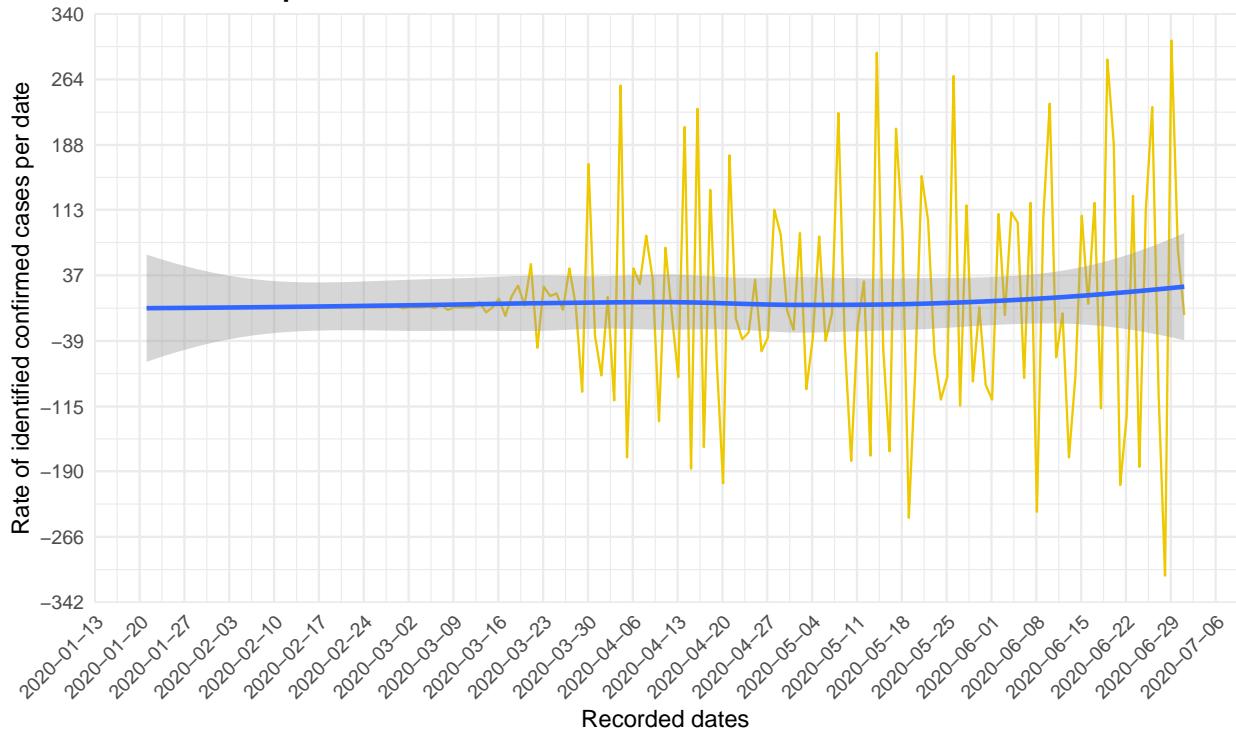

Dominica – rate of increase of confirmed cases over time

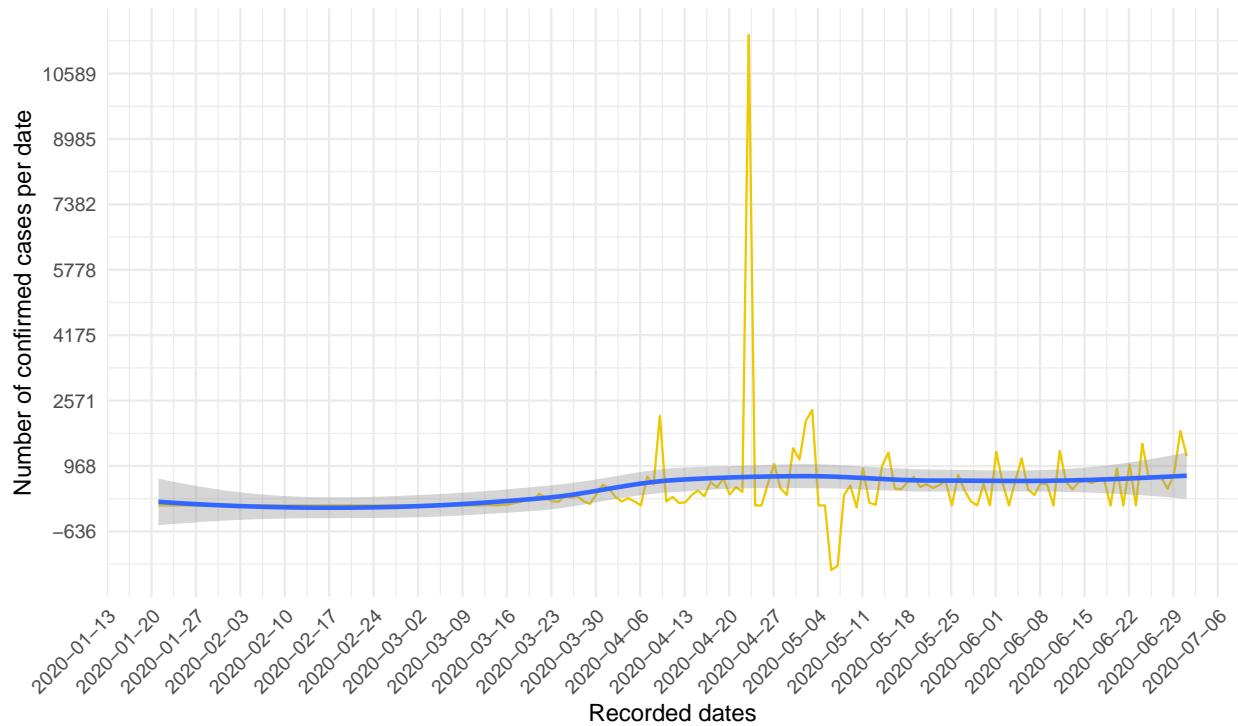

Dominican Republic – confirmed cases over time, total cases: 34,197

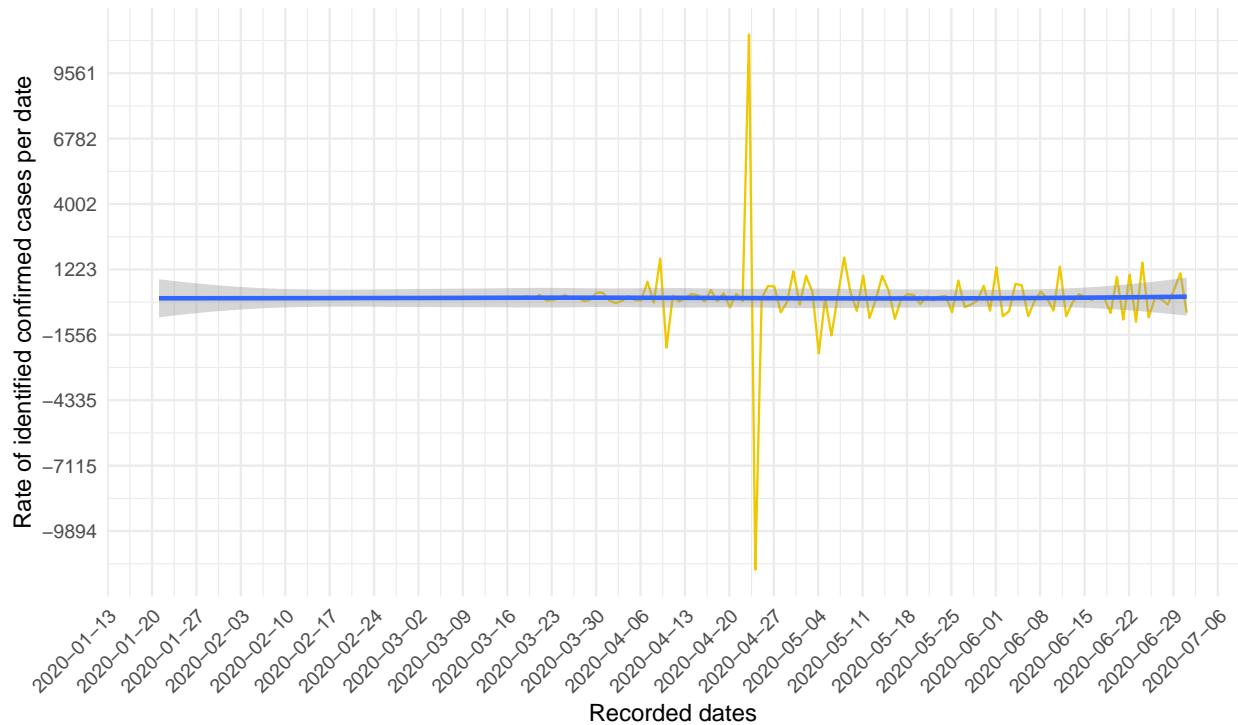

Dominican Republic – rate of increase of confirmed cases over time

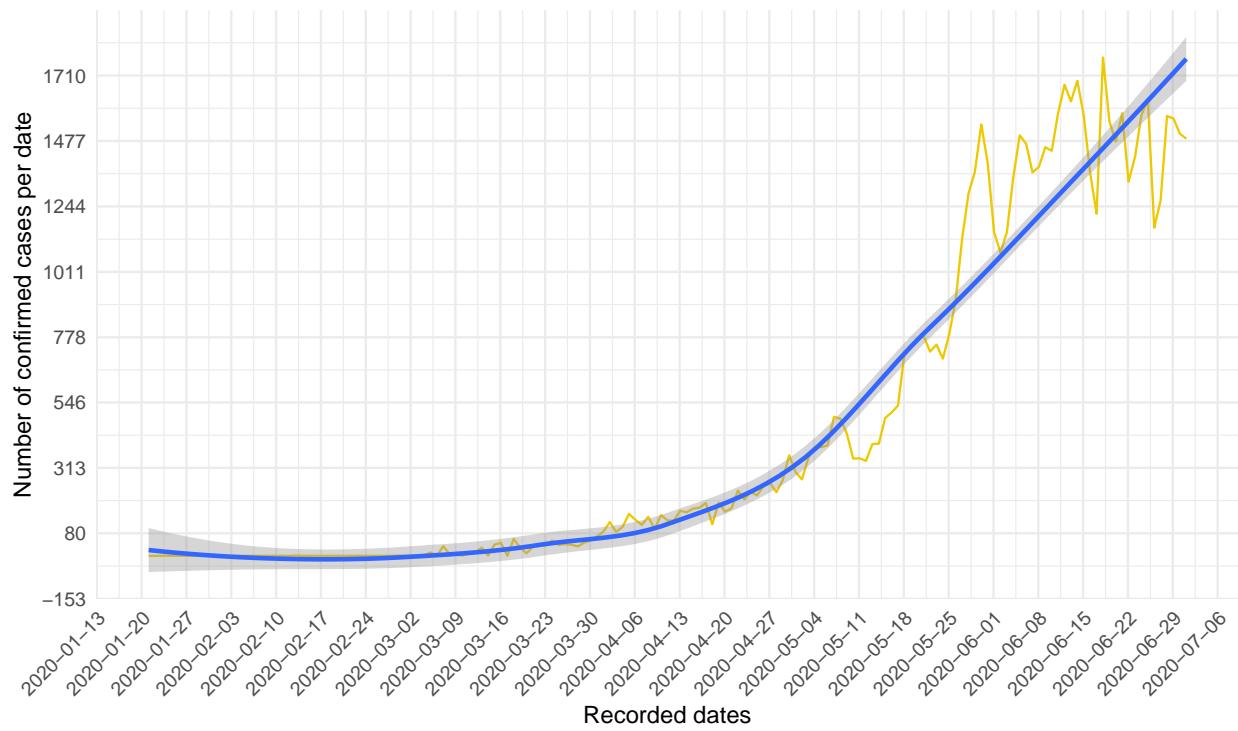

Ecuador – confirmed cases over time, total cases: 59,468

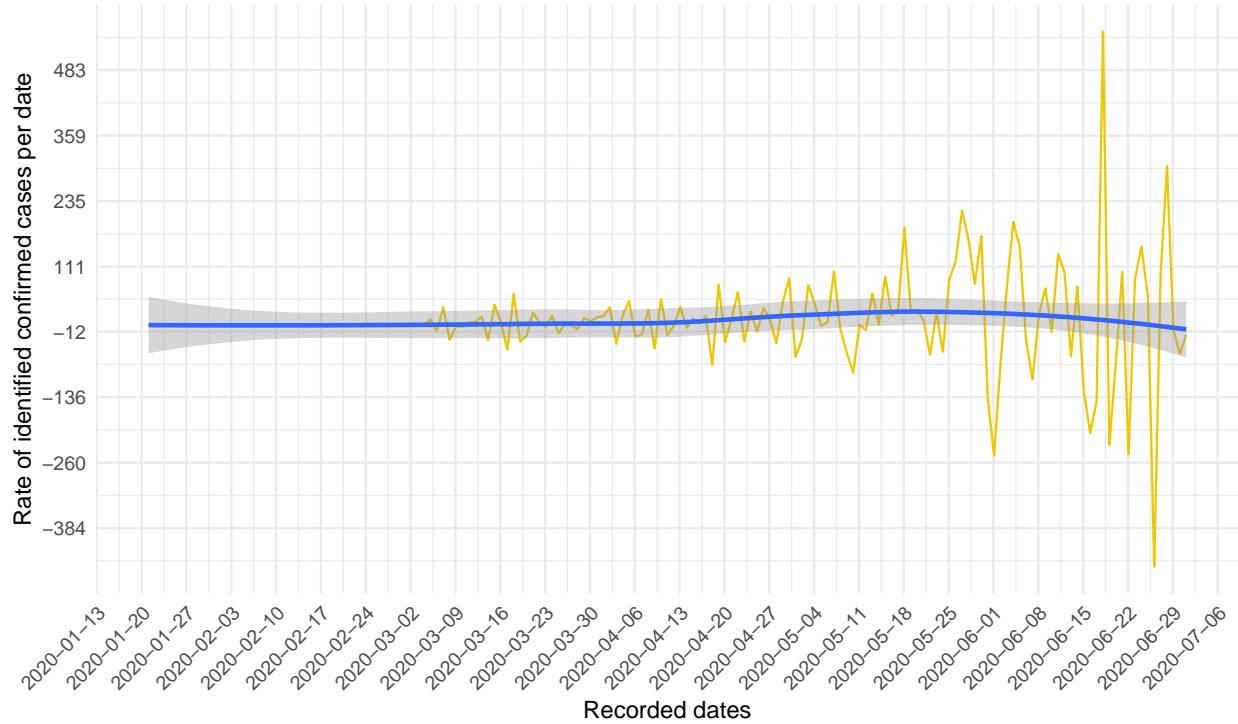

Ecuador – rate of increase of confirmed cases over time

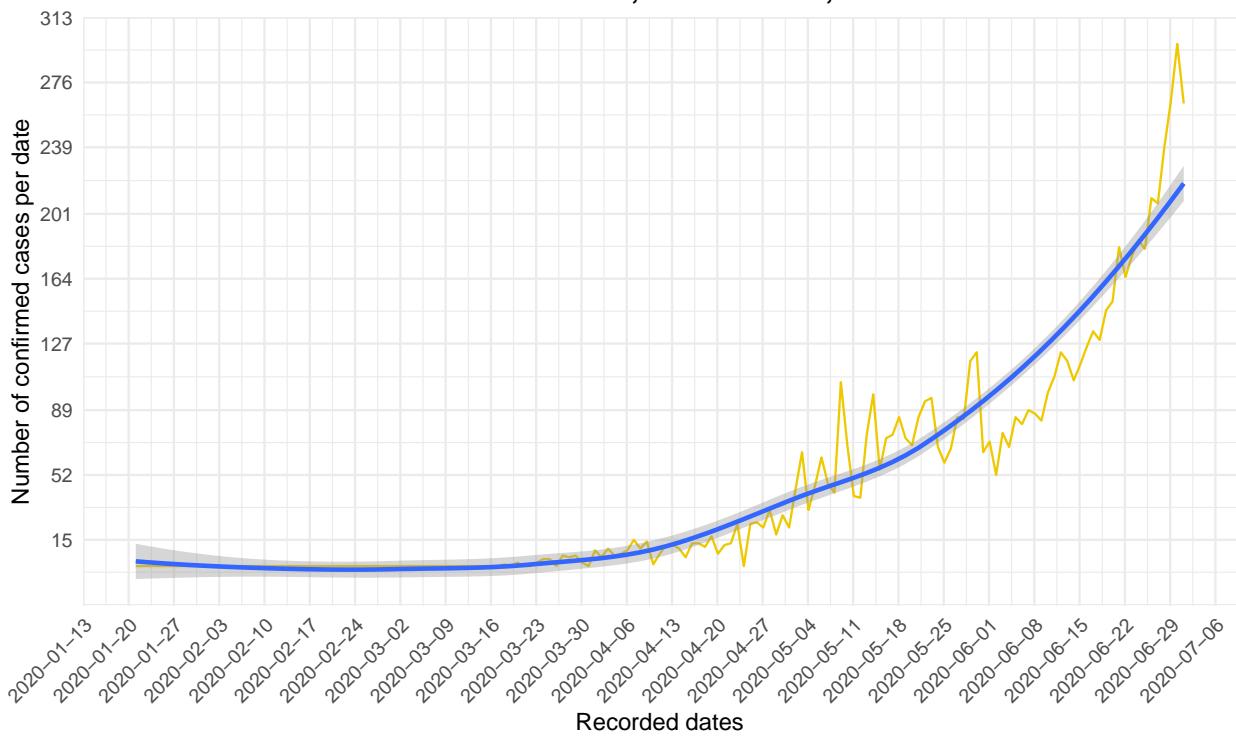

Egypt – confirmed cases over time, total cases: 71,299

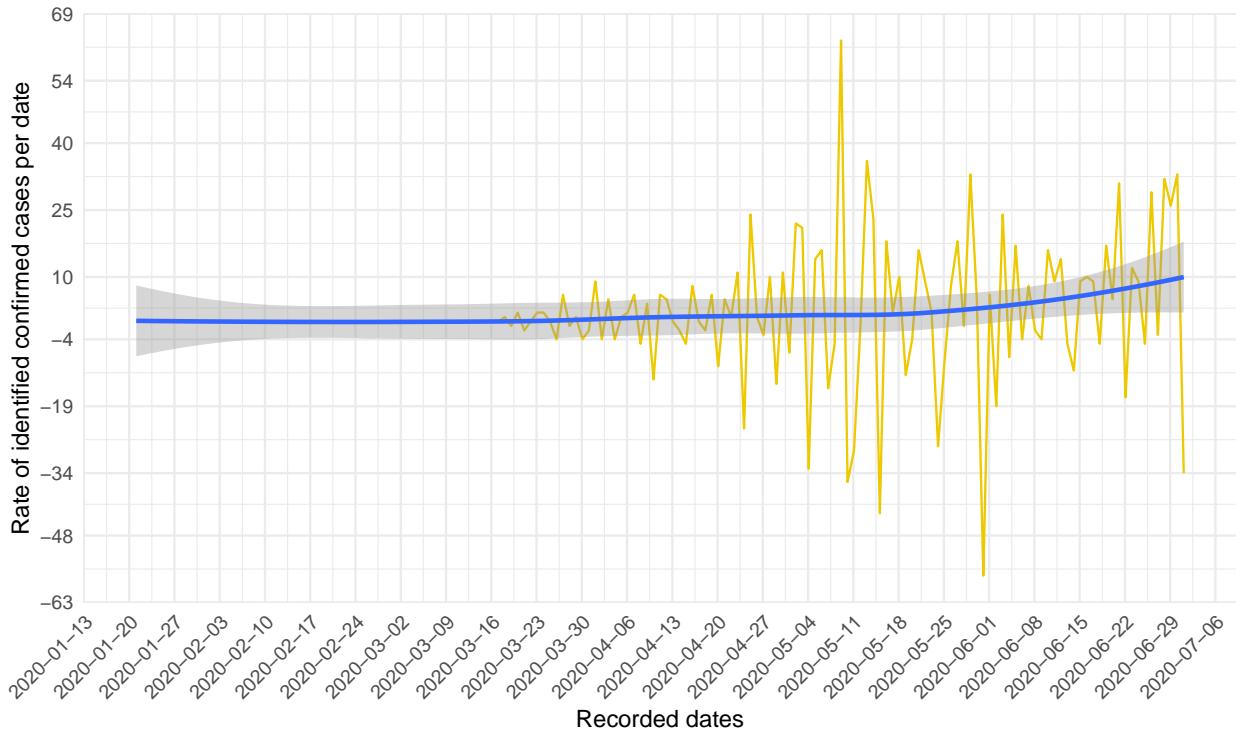

Egypt – rate of increase of confirmed cases over time

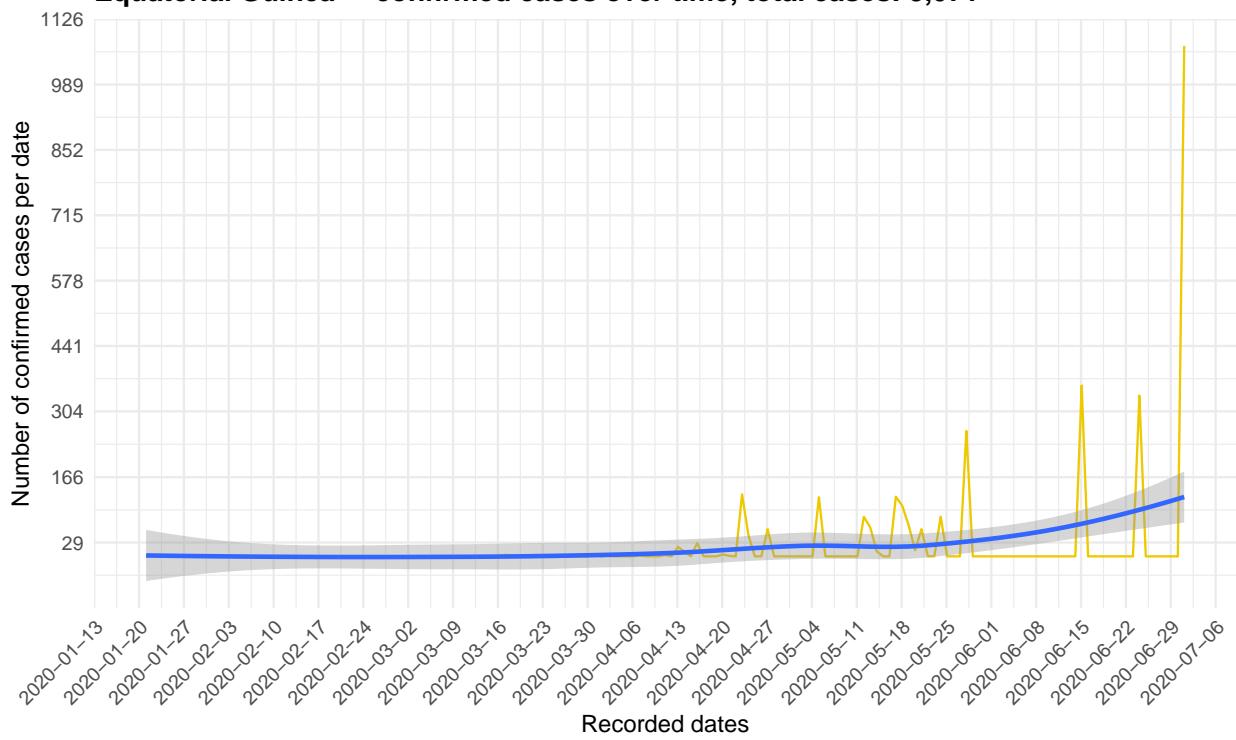

El Salvador – confirmed cases over time, total cases: 7,000

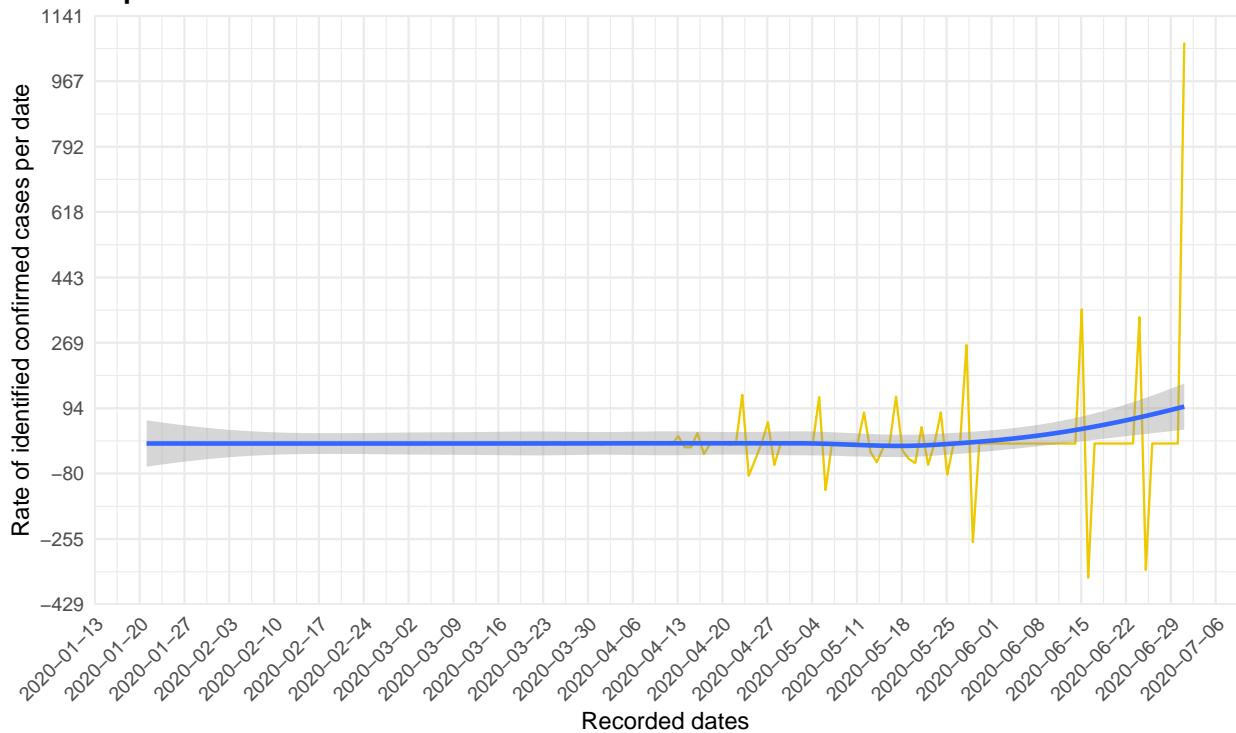

El Salvador – rate of increase of confirmed cases over time

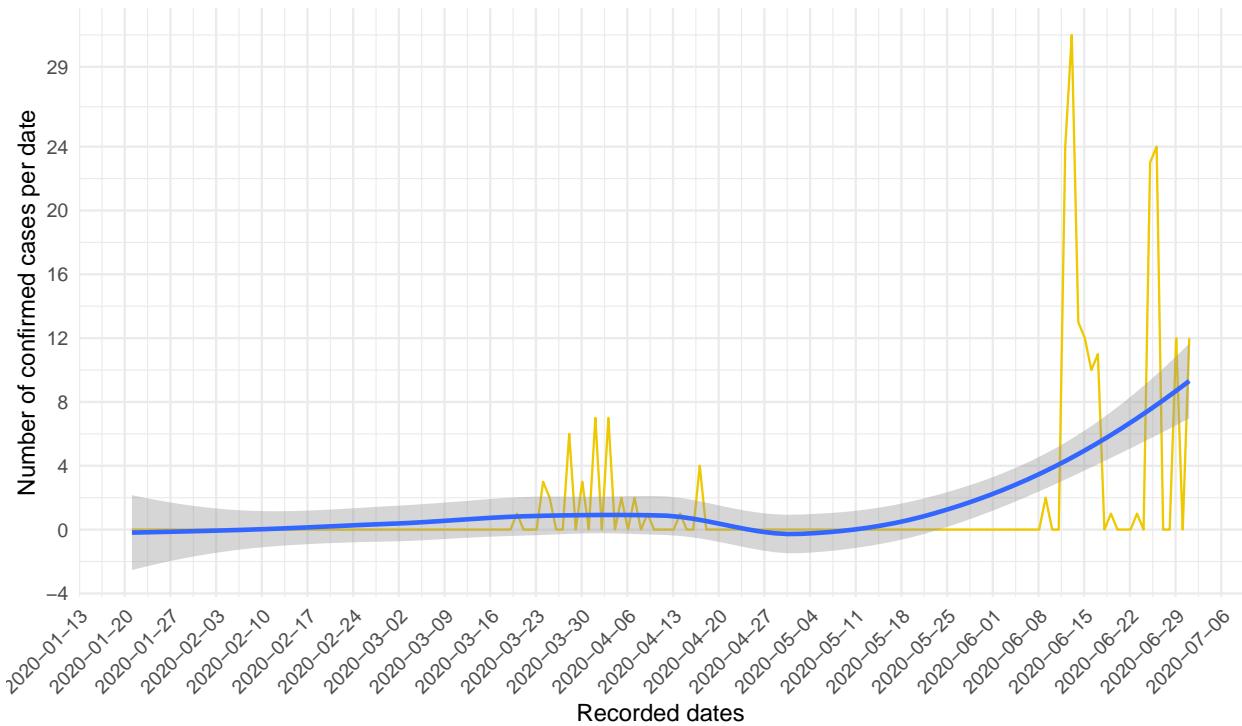

Equatorial Guinea – confirmed cases over time, total cases: 3,071

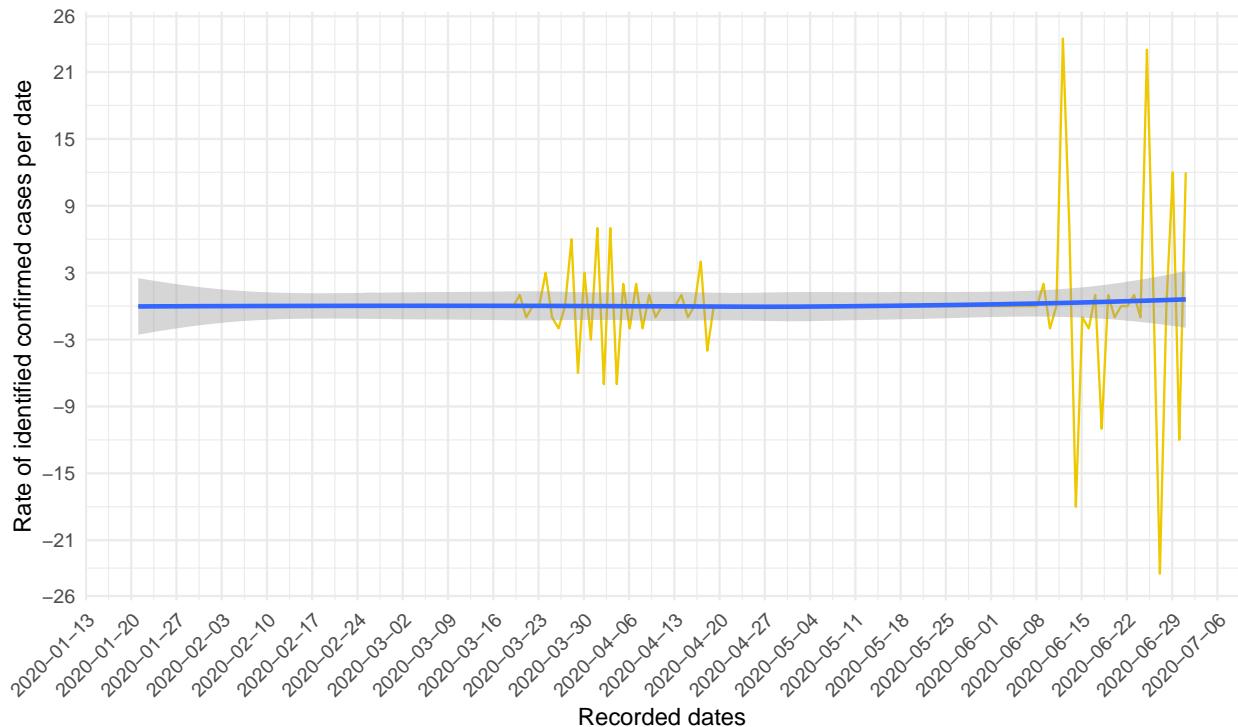

Equatorial Guinea – rate of increase of confirmed cases over time

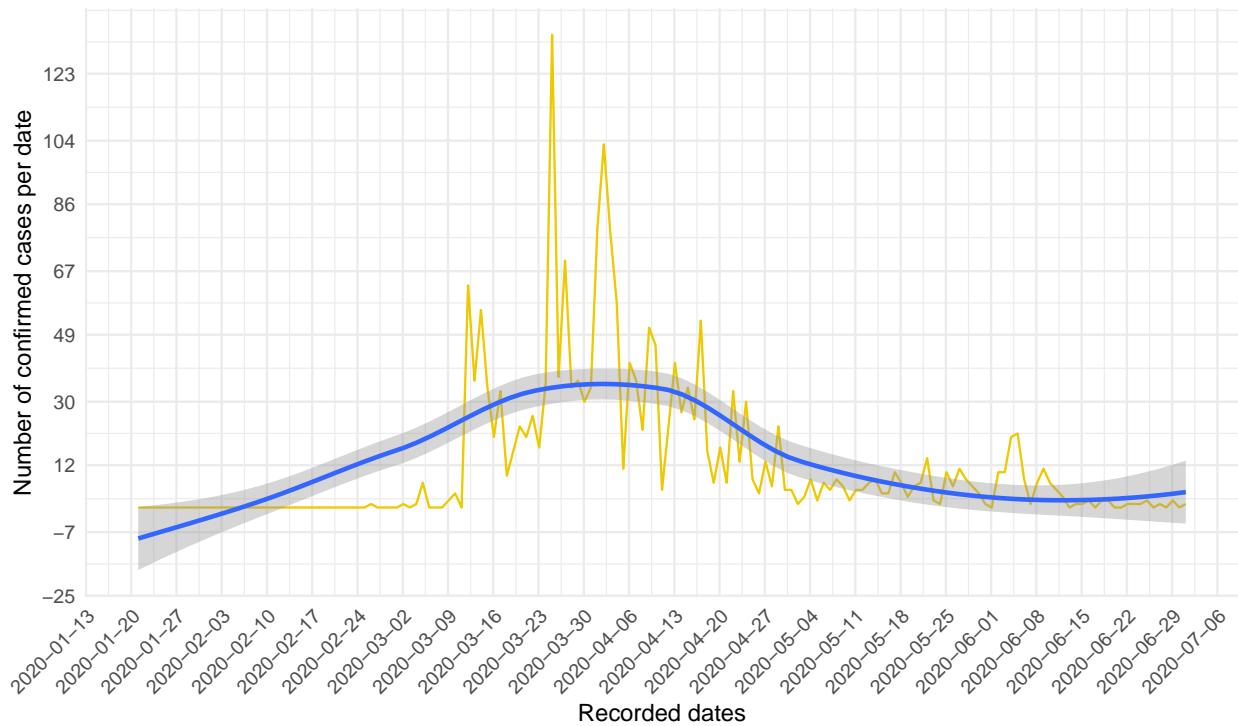

Eritrea – confirmed cases over time, total cases: 215

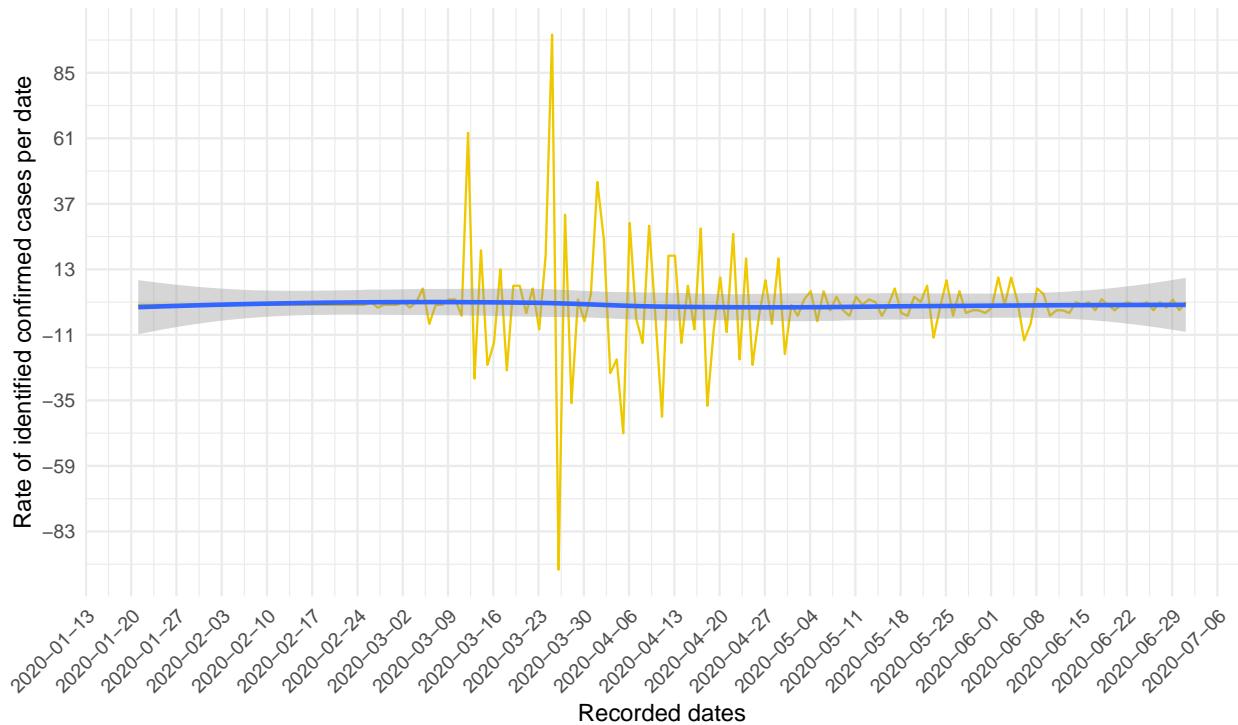

Eritrea – rate of increase of confirmed cases over time

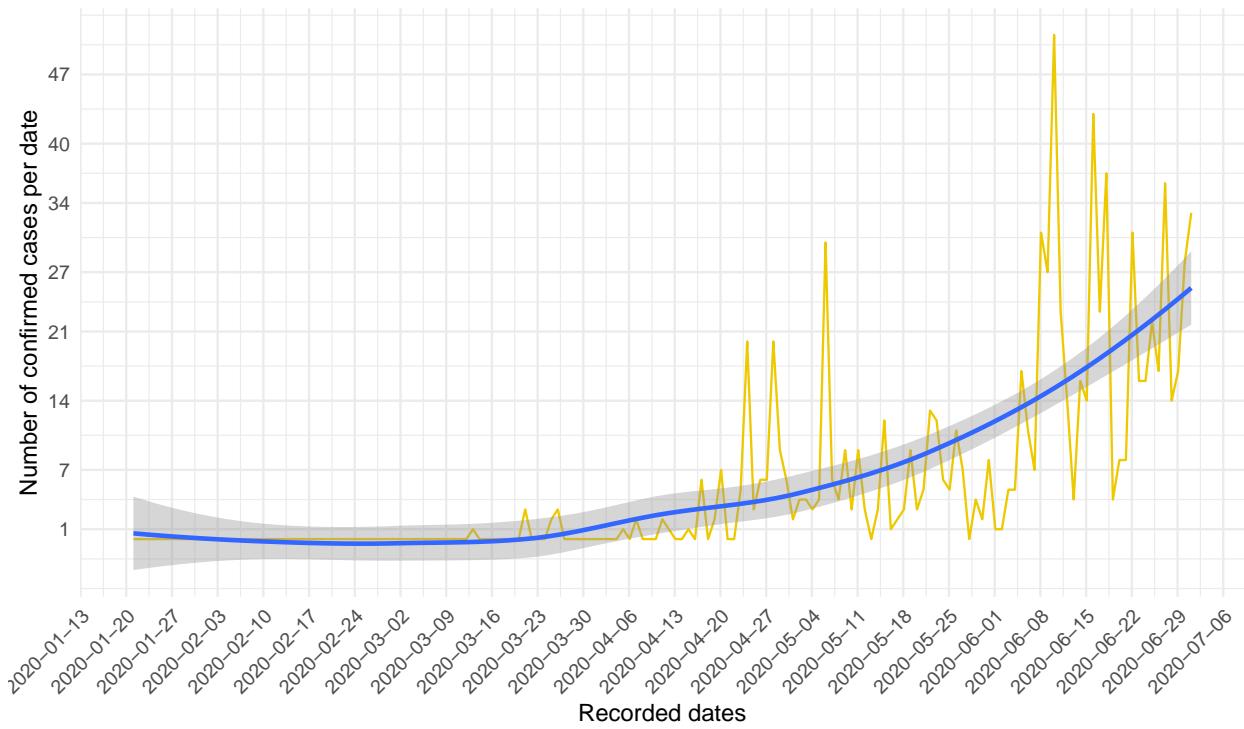

Estonia – confirmed cases over time, total cases: 1,990

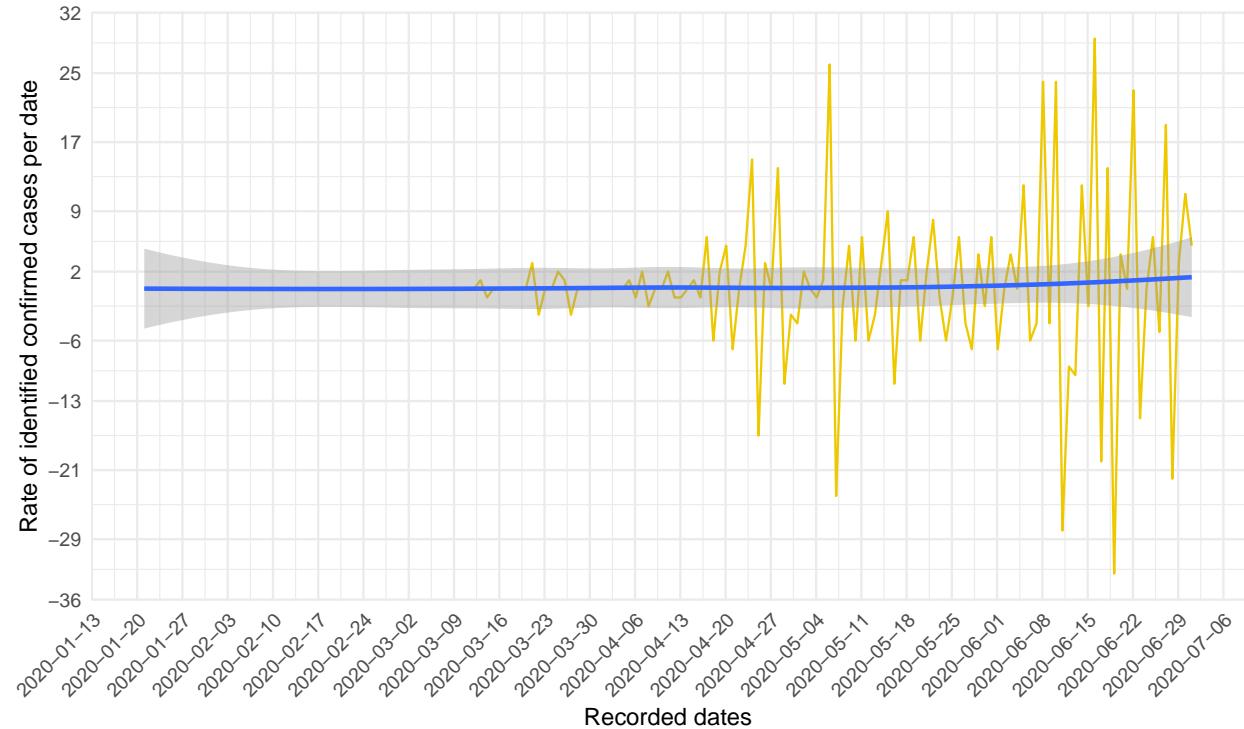

Estonia – rate of increase of confirmed cases over time

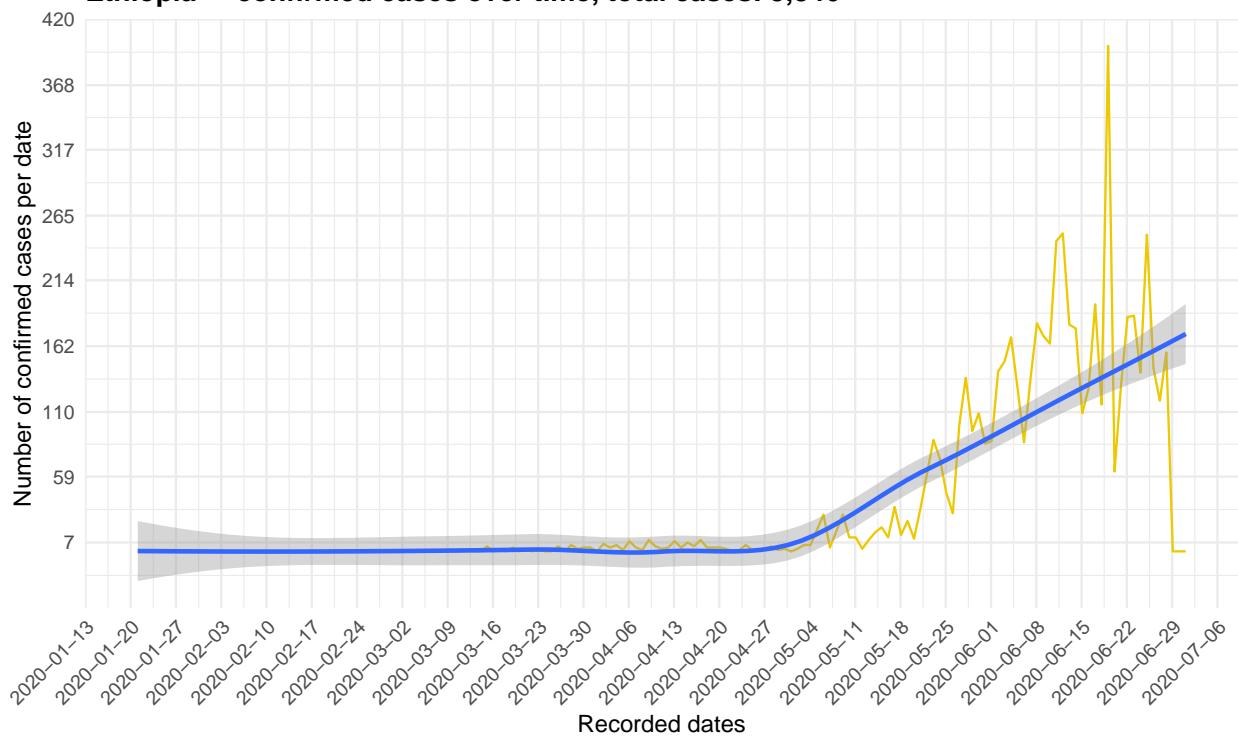

Eswatini – confirmed cases over time, total cases: 873

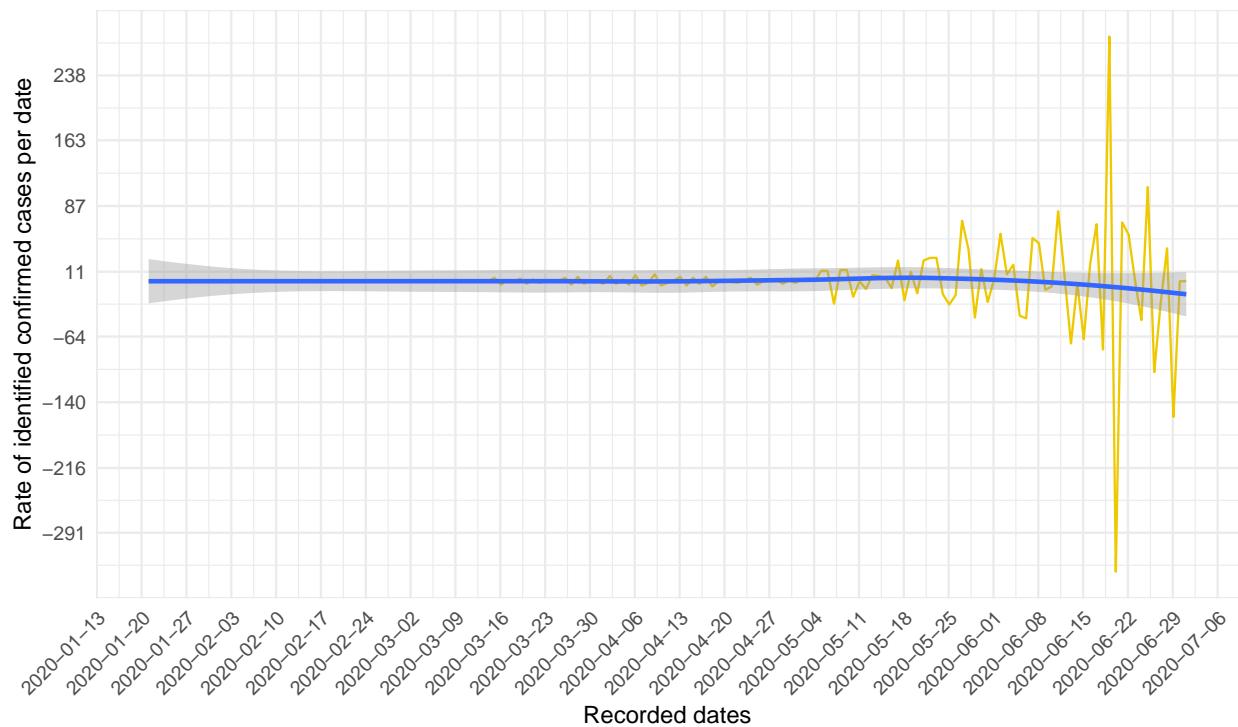

Eswatini – rate of increase of confirmed cases over time

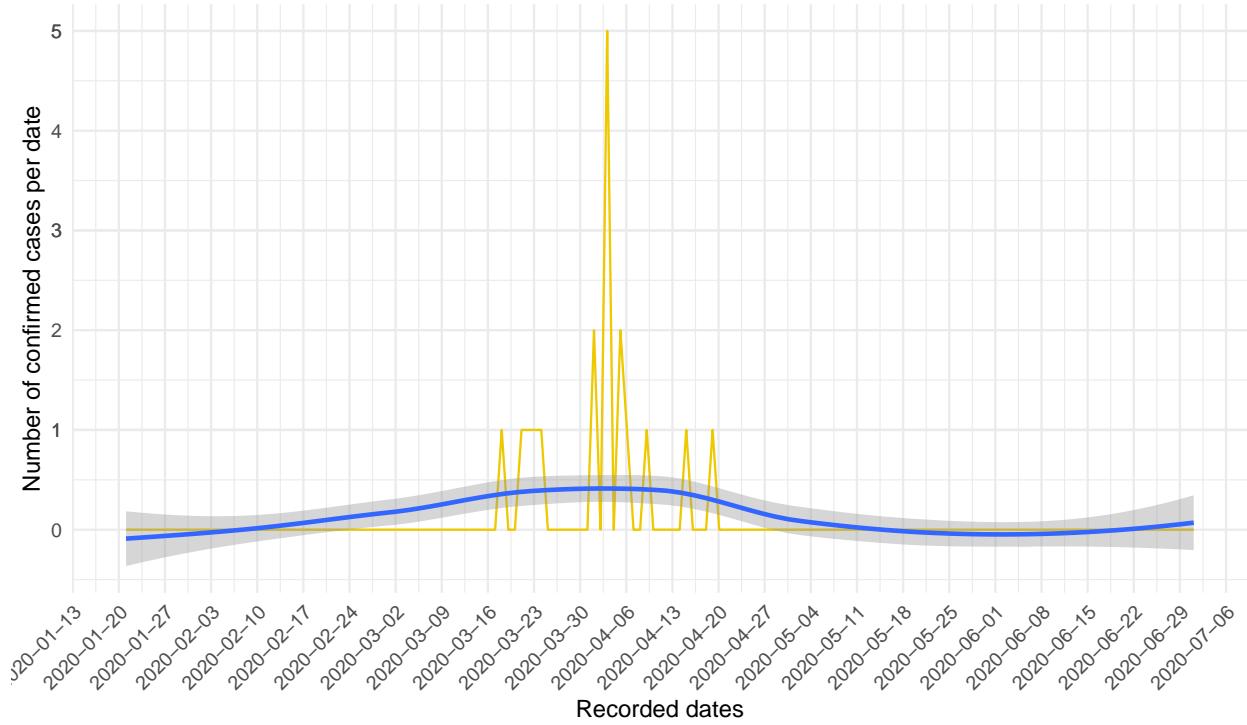

Ethiopia – confirmed cases over time, total cases: 5,846

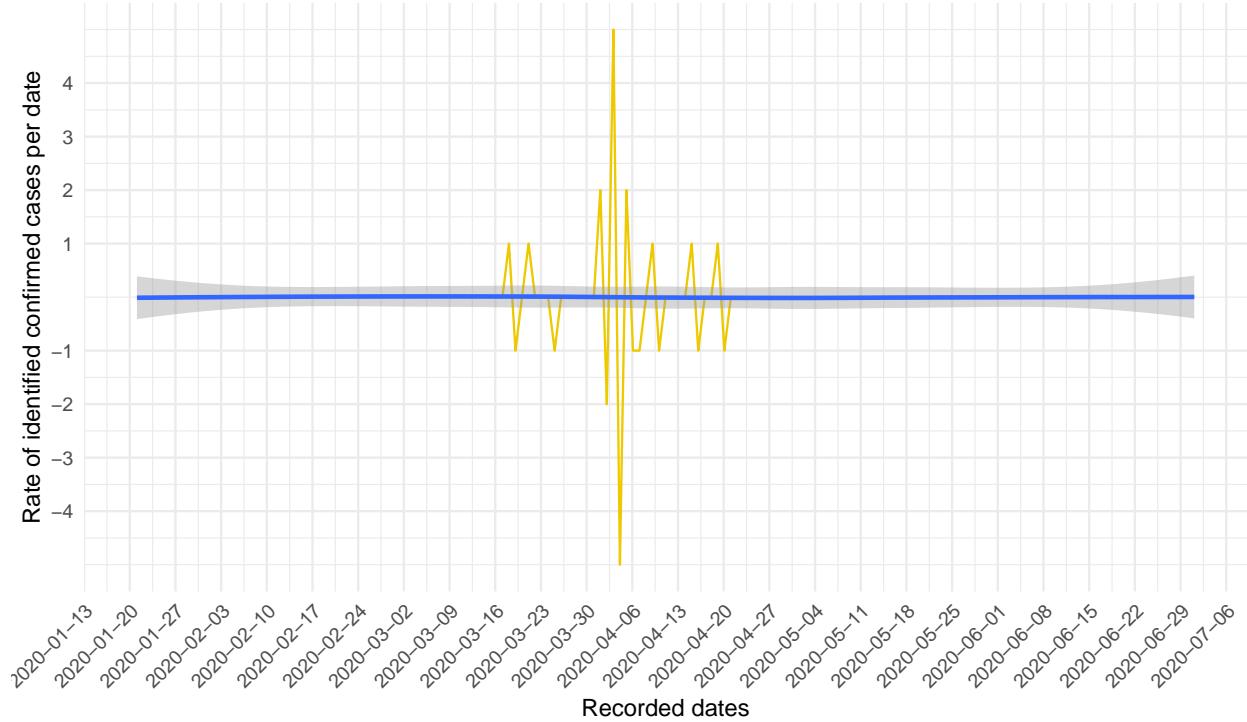

Ethiopia – rate of increase of confirmed cases over time

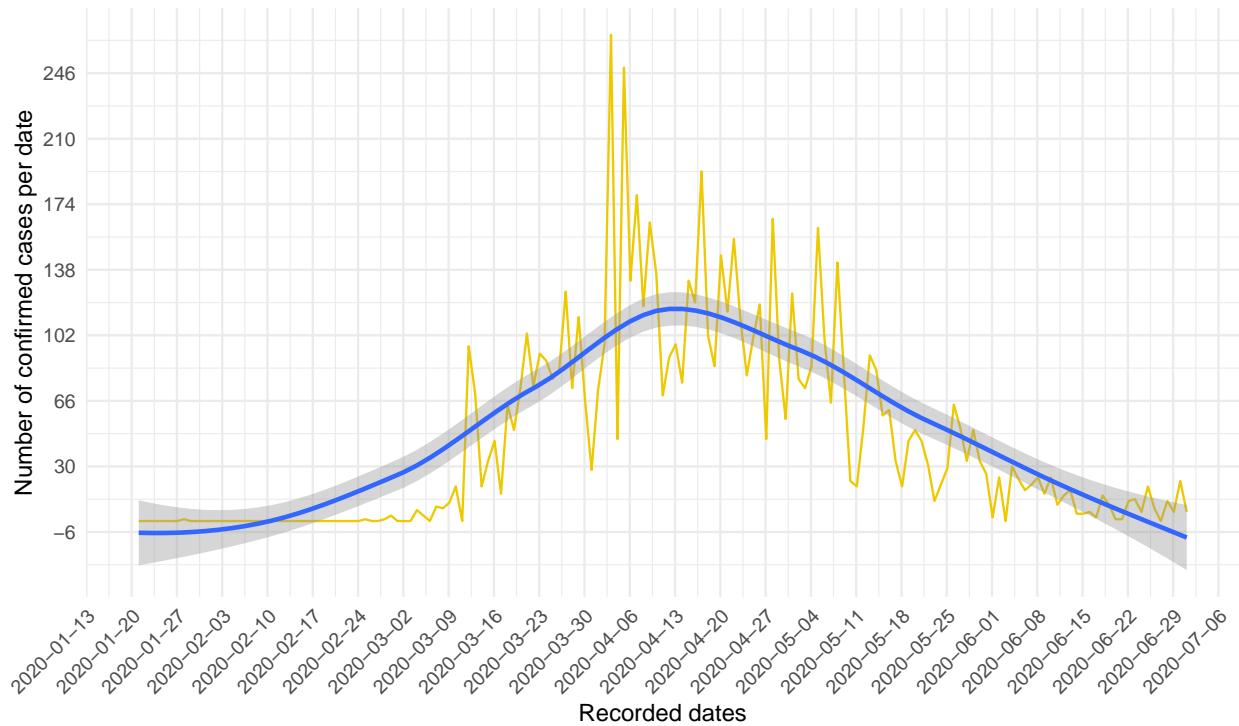

Fiji – confirmed cases over time, total cases: 18

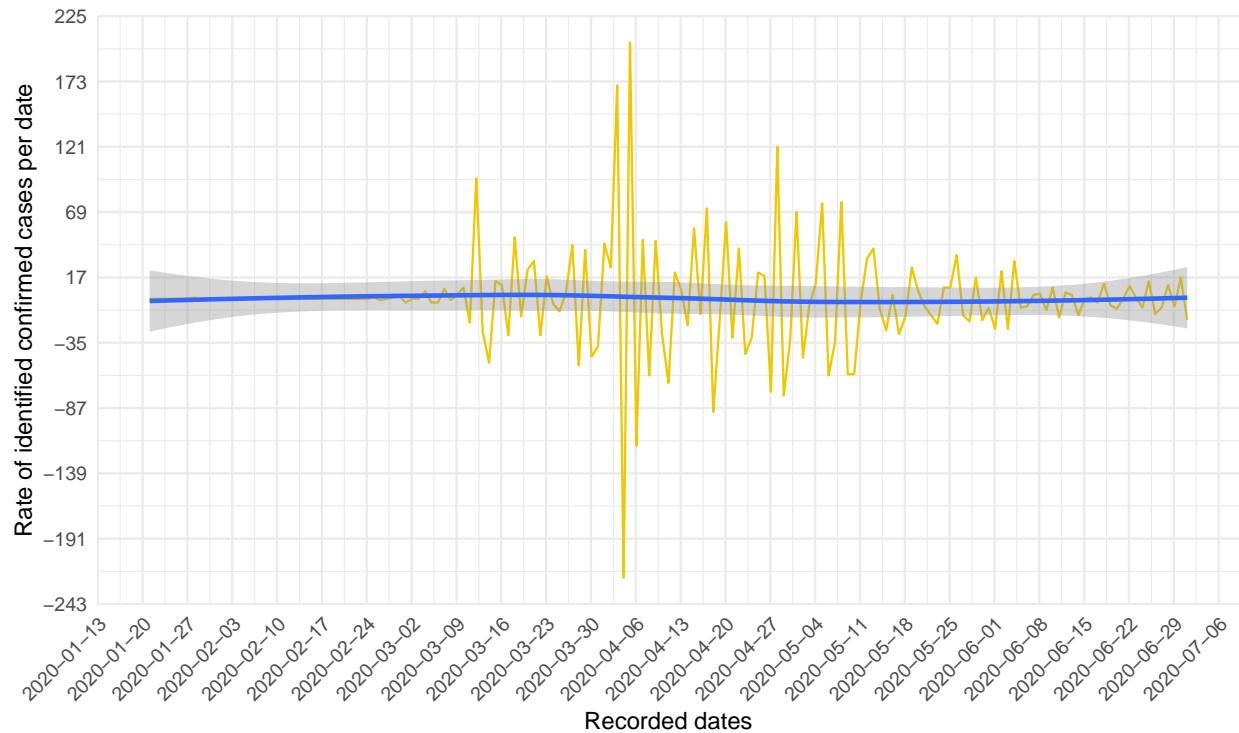

Fiji – rate of increase of confirmed cases over time

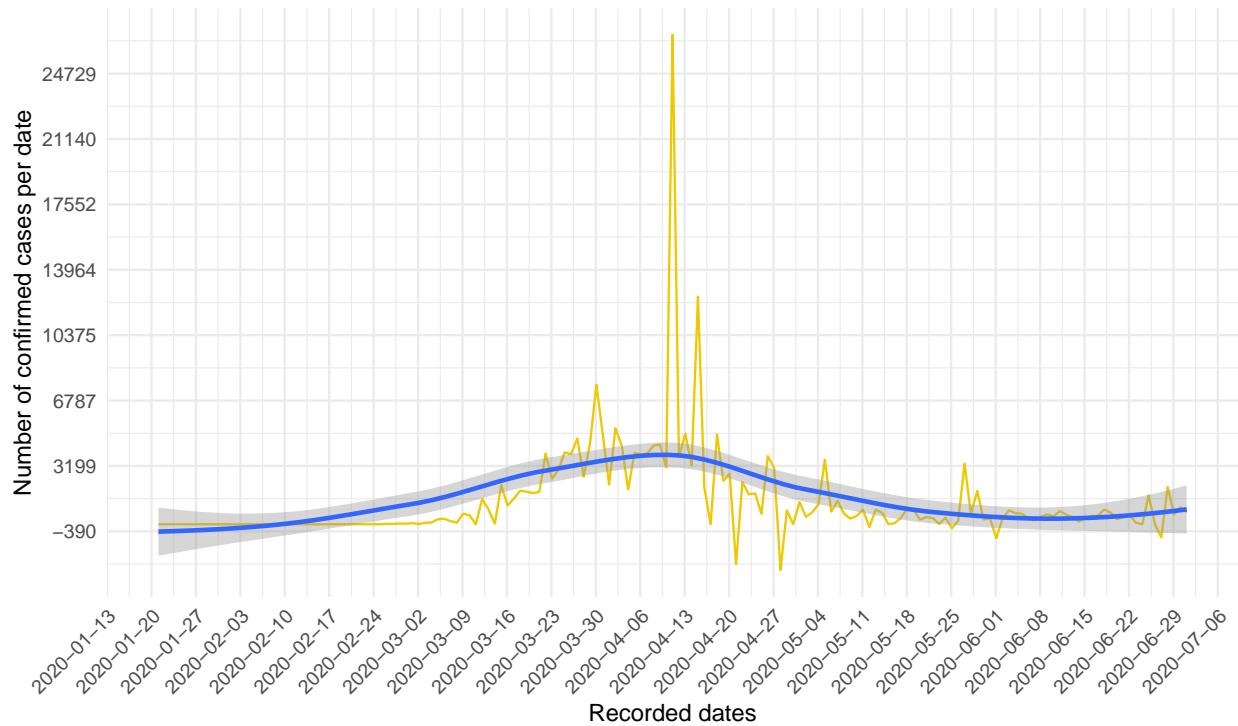

Finland – confirmed cases over time, total cases: 7,241

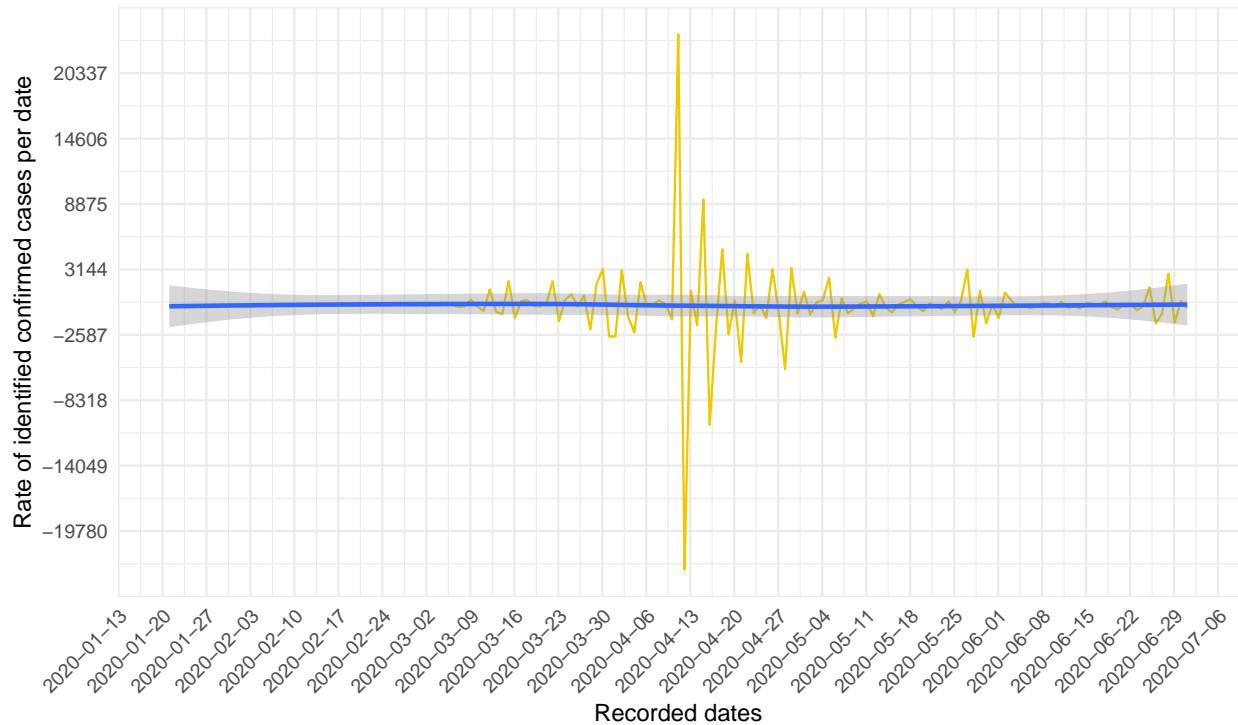

Finland – rate of increase of confirmed cases over time

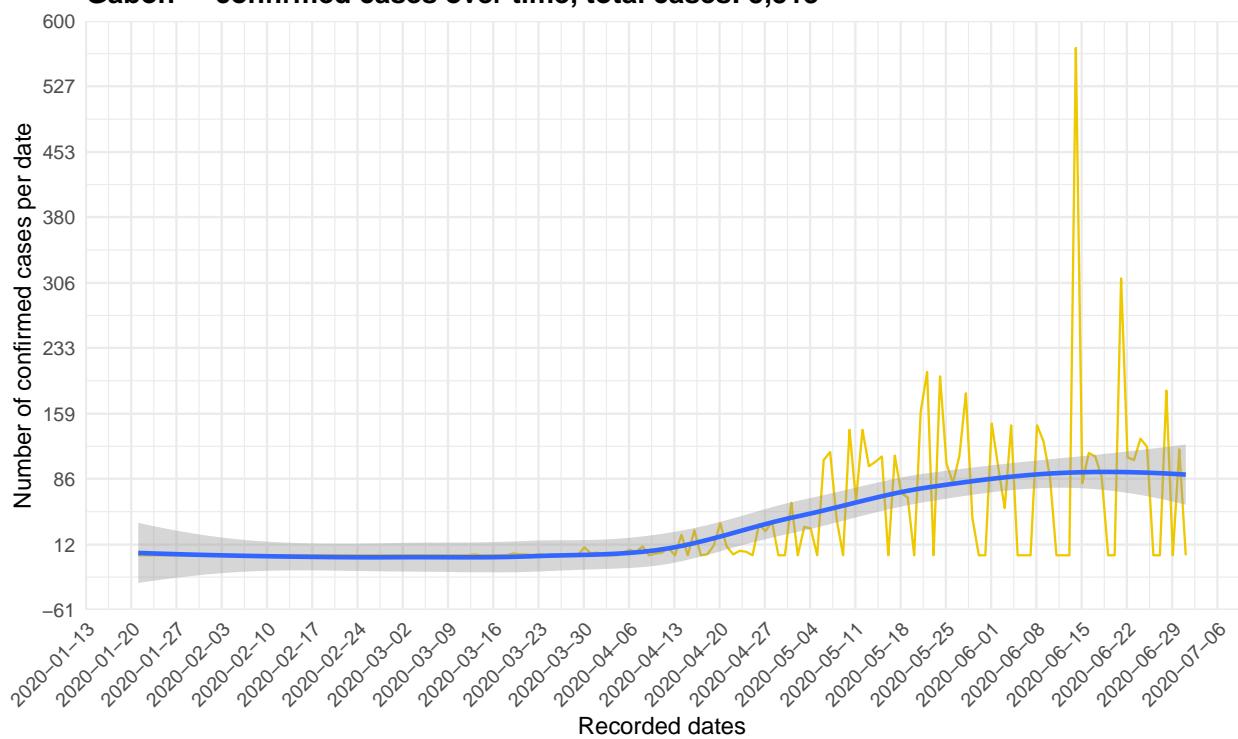

France – confirmed cases over time, total cases: 203,640

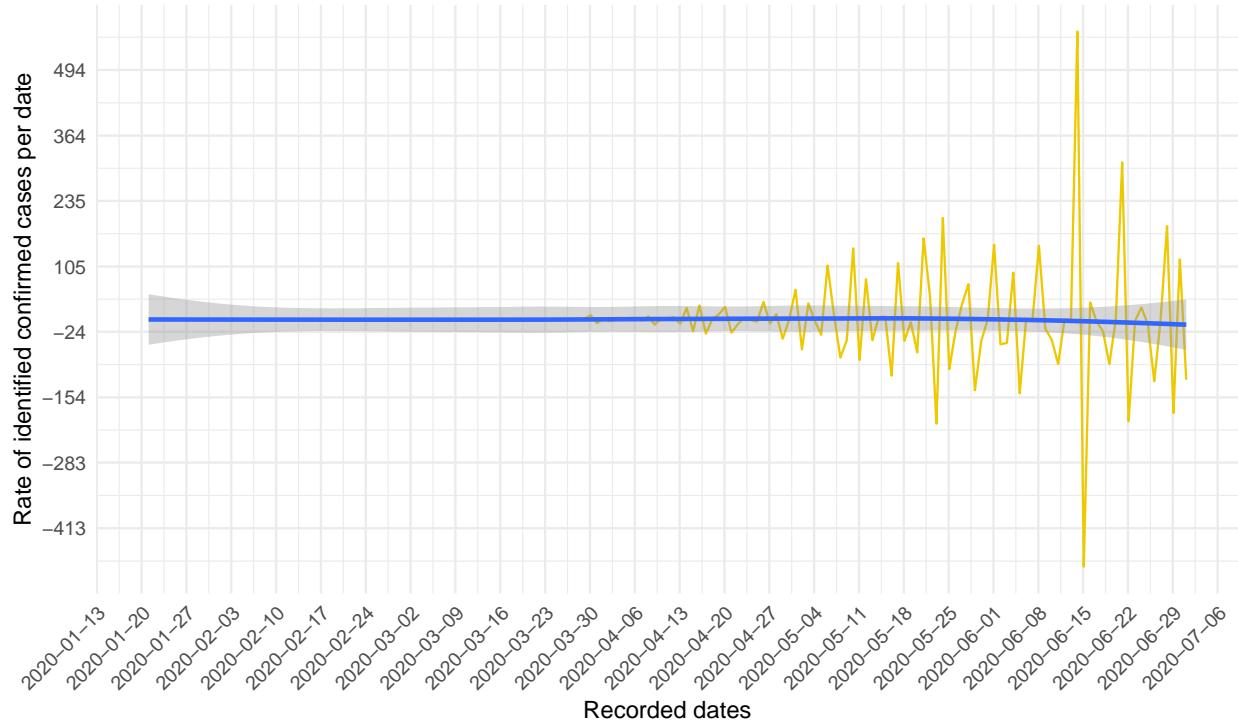

France – rate of increase of confirmed cases over time

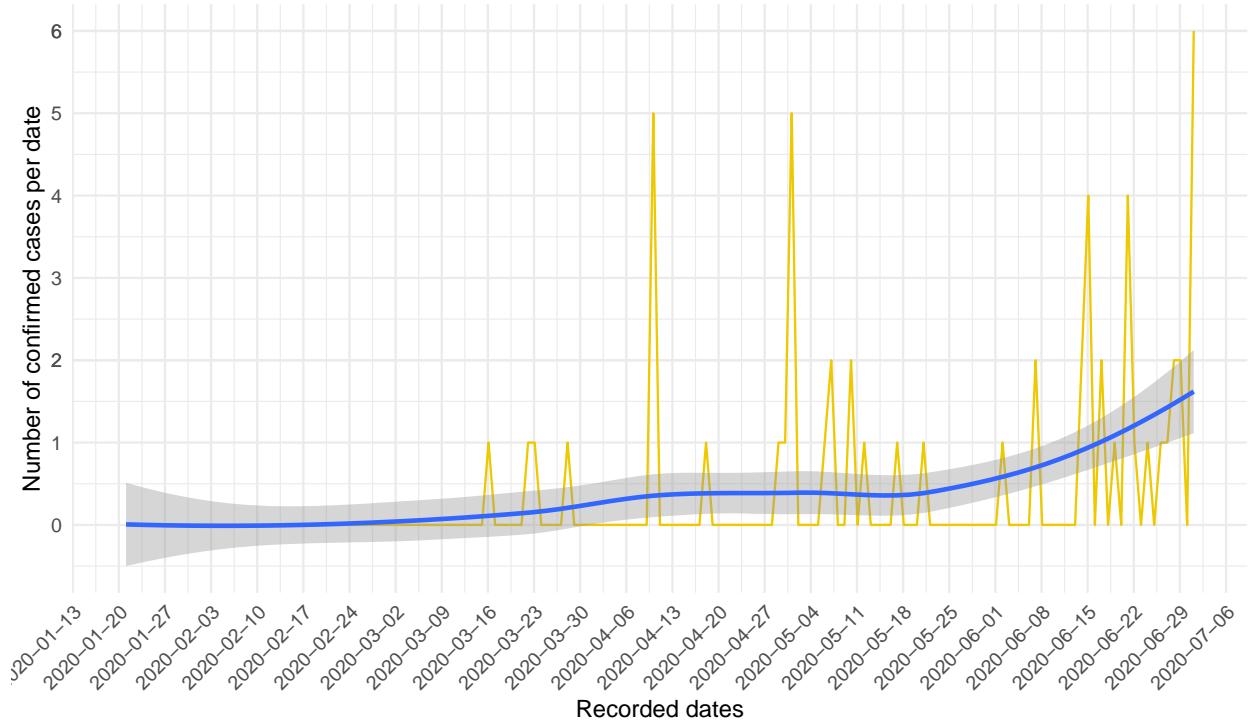

Gabon – confirmed cases over time, total cases: 5,513

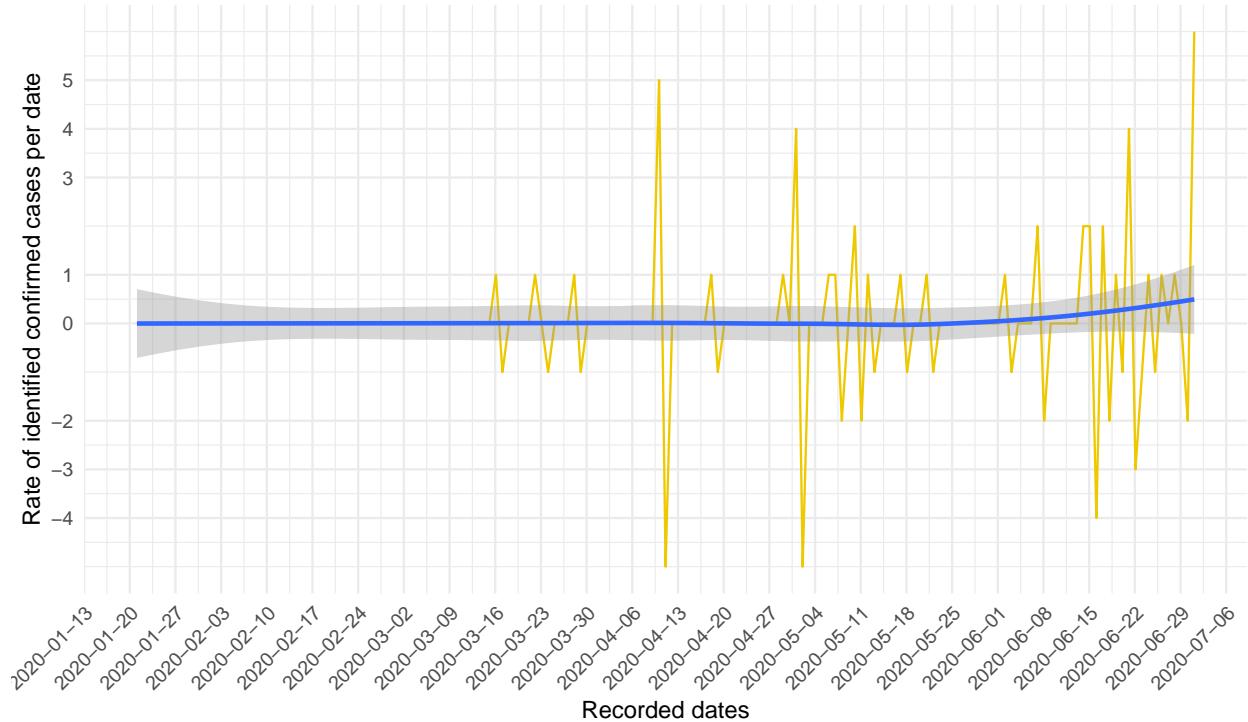

Gabon – rate of increase of confirmed cases over time

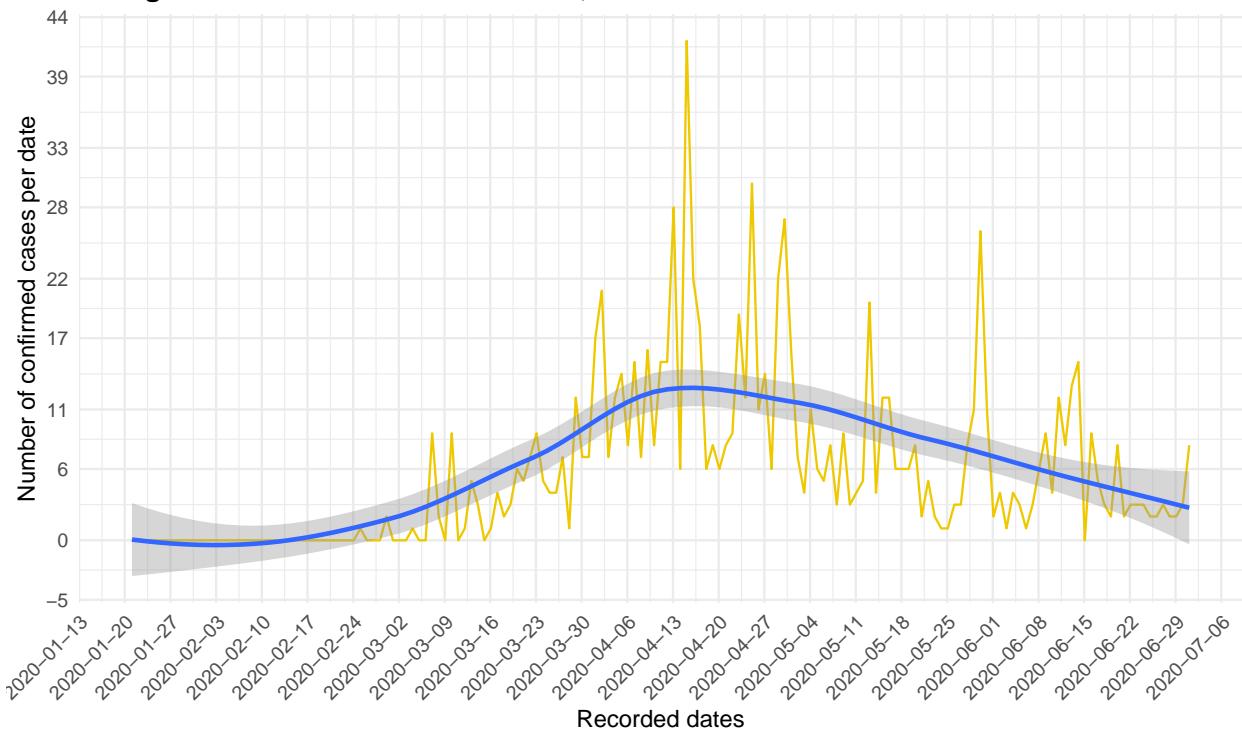

Gambia – confirmed cases over time, total cases: 55

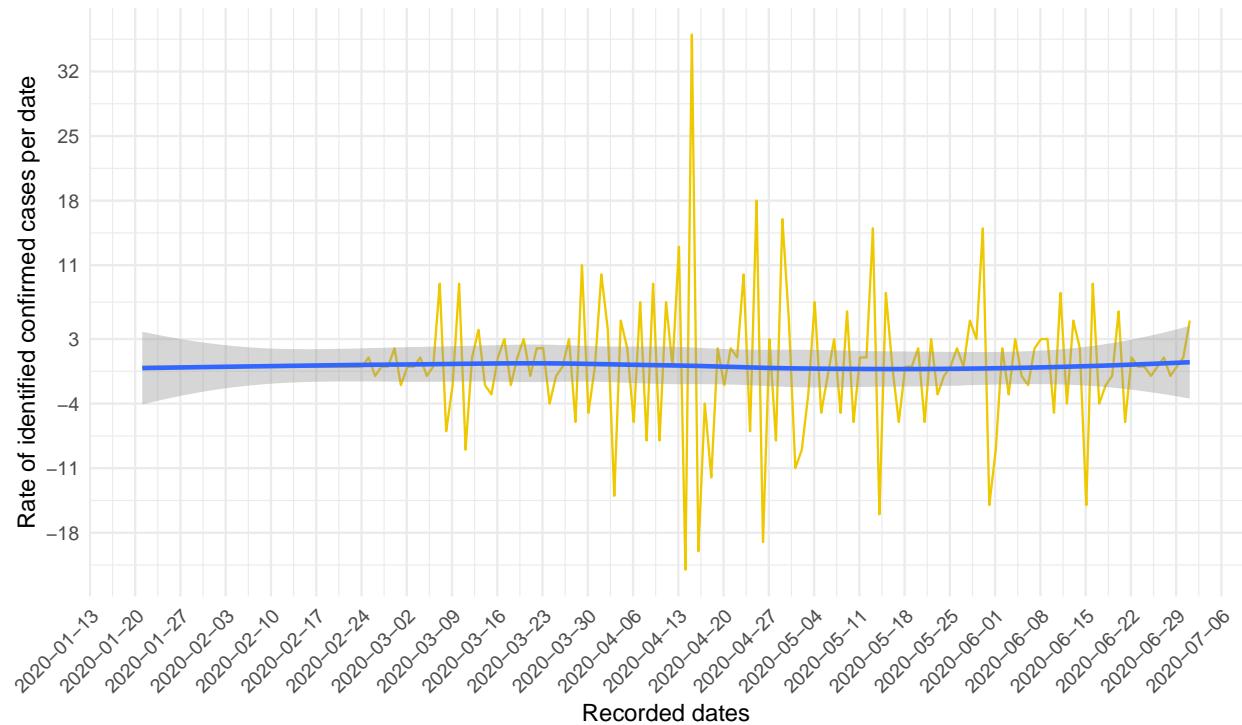

Gambia – rate of increase of confirmed cases over time

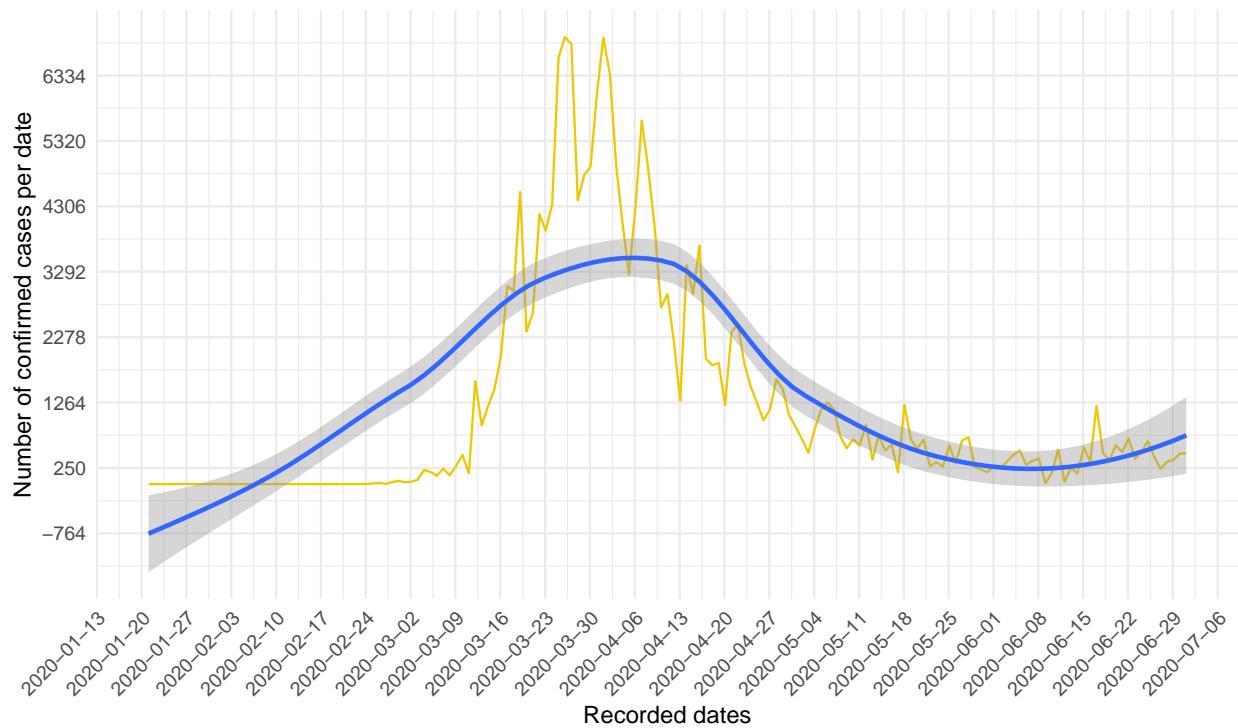

Georgia – confirmed cases over time, total cases: 939

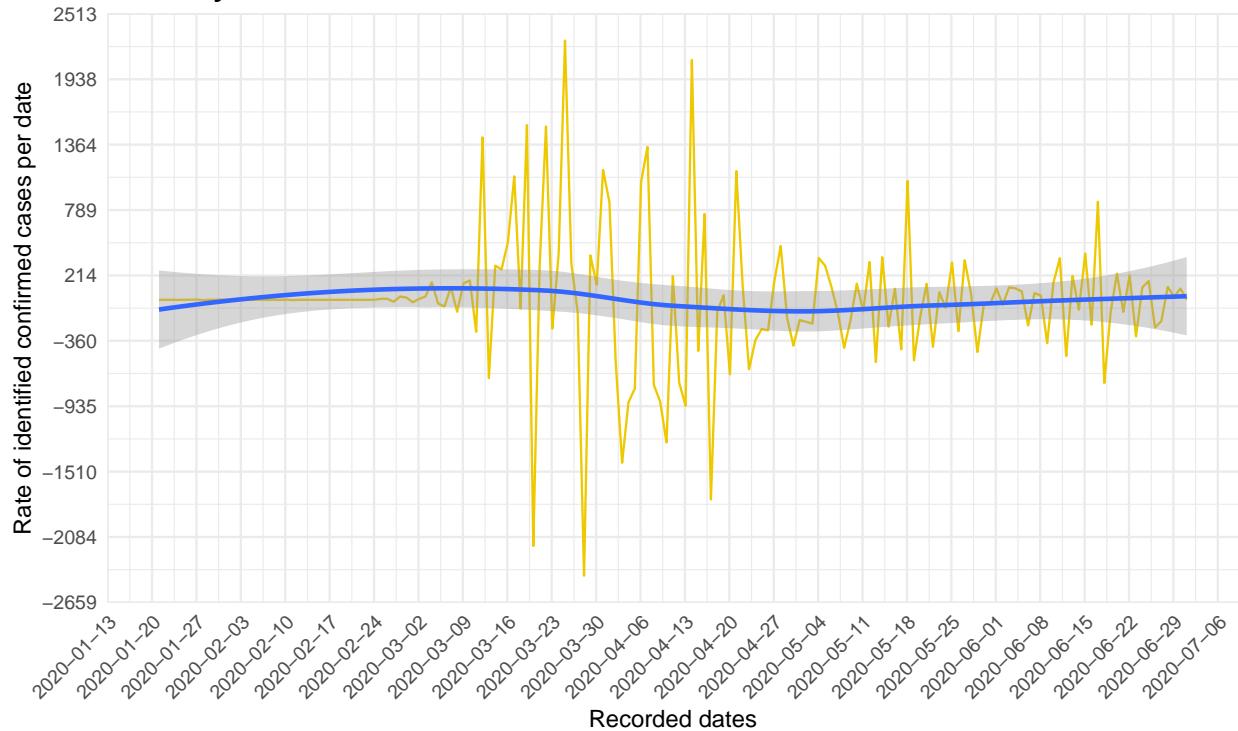

Georgia – rate of increase of confirmed cases over time

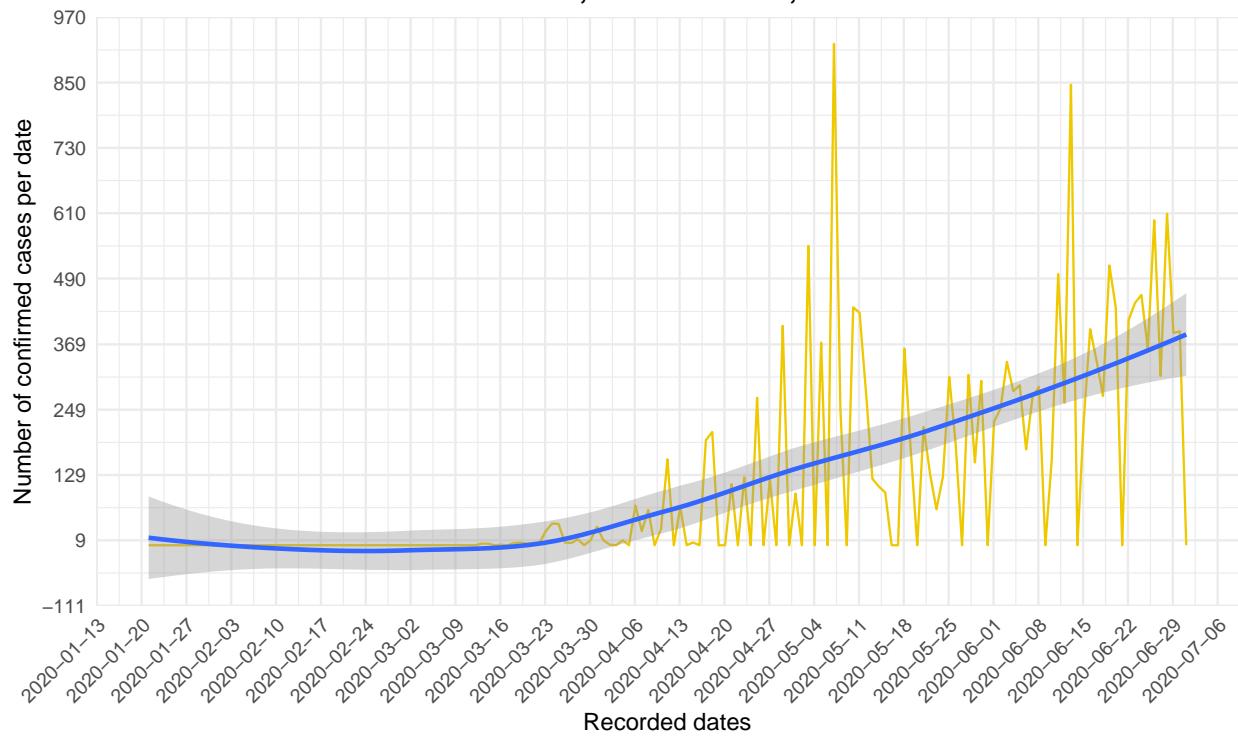

Germany – confirmed cases over time, total cases: 196,370

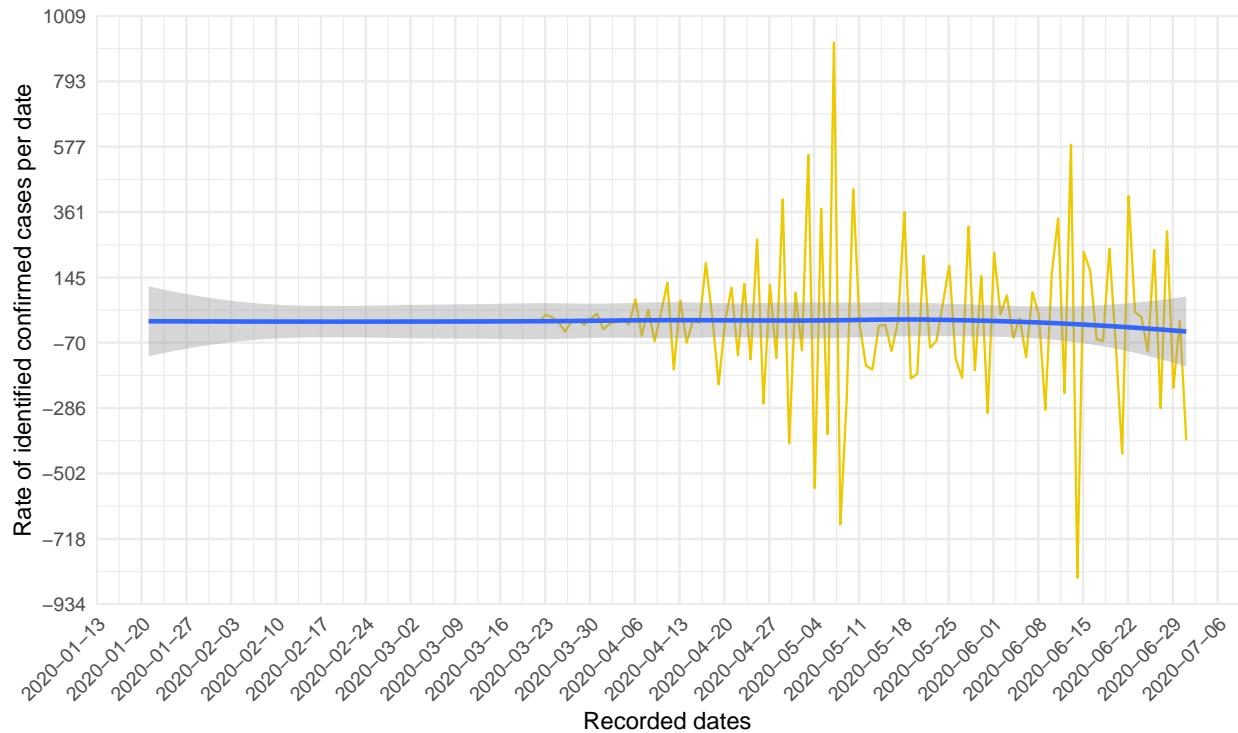

Germany – rate of increase of confirmed cases over time

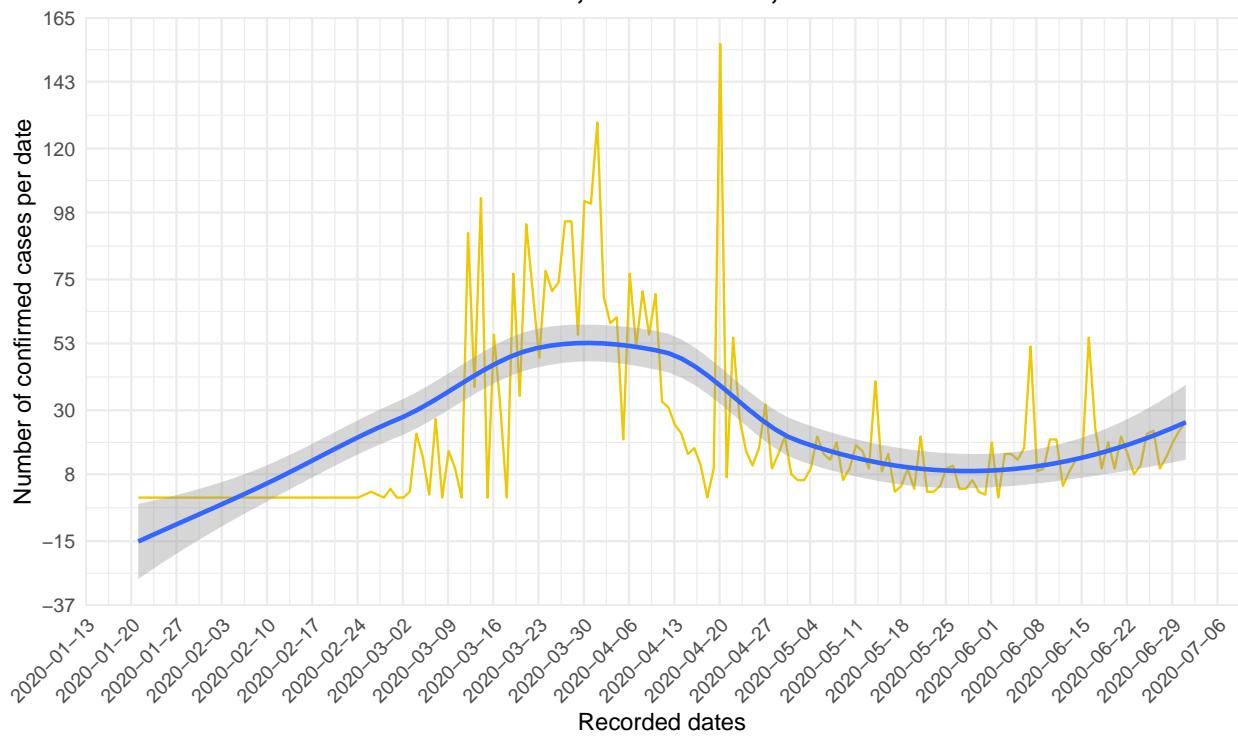

Ghana – confirmed cases over time, total cases: 18,134

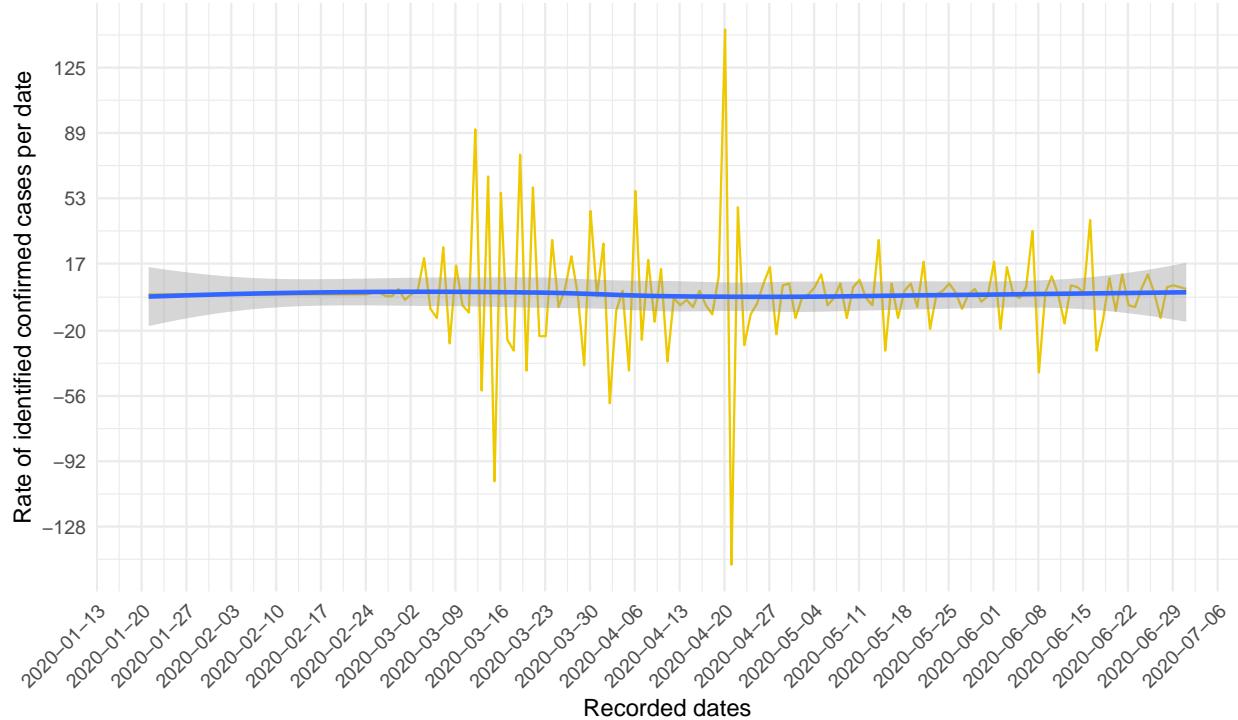

Ghana – rate of increase of confirmed cases over time

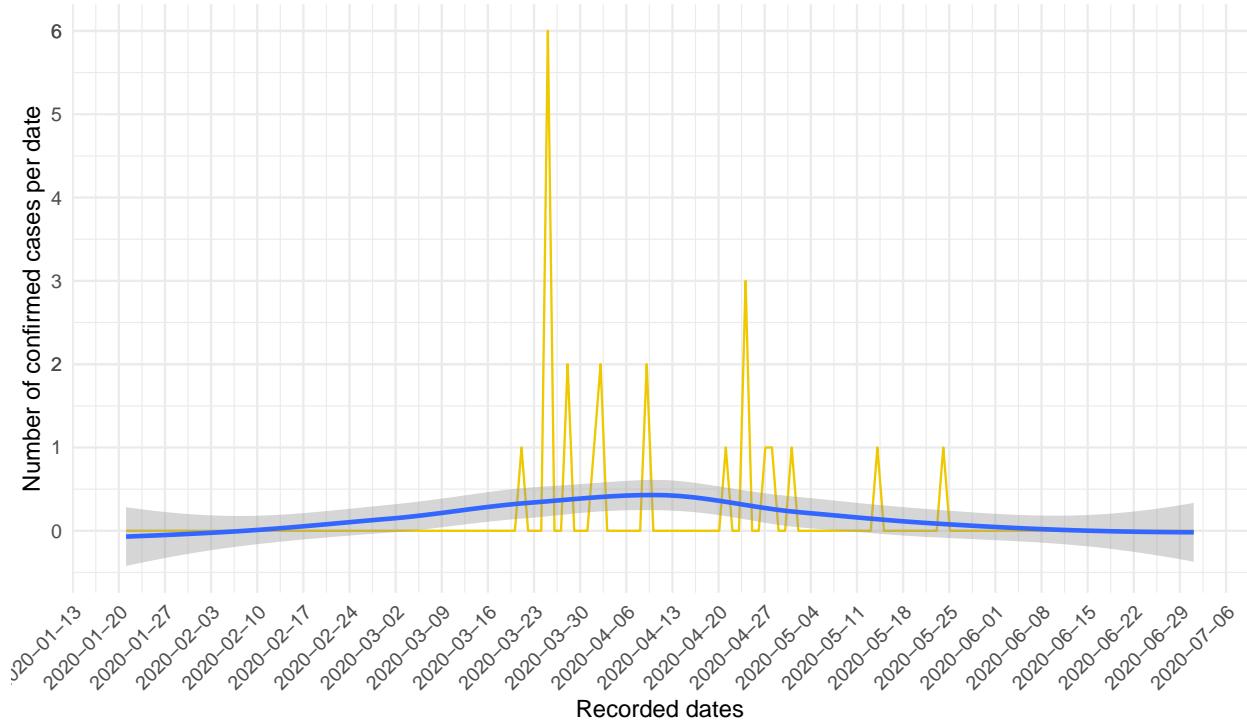

Greece – confirmed cases over time, total cases: 3,458

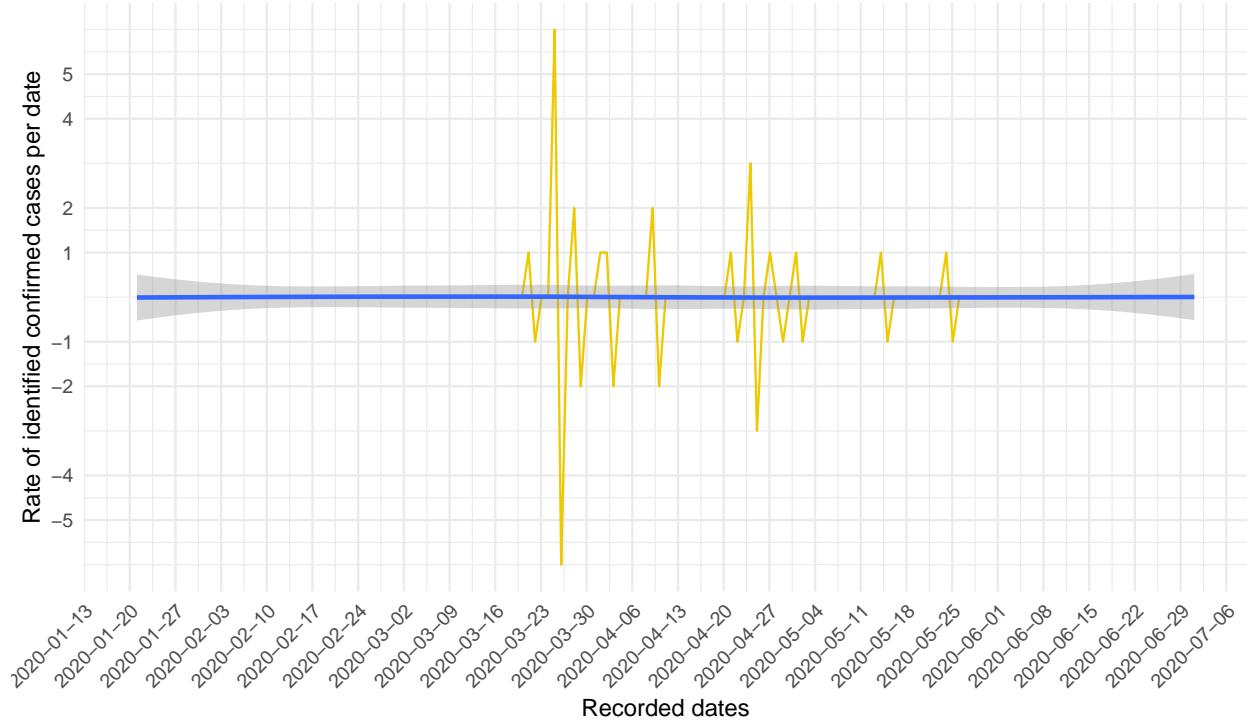

Greece – rate of increase of confirmed cases over time

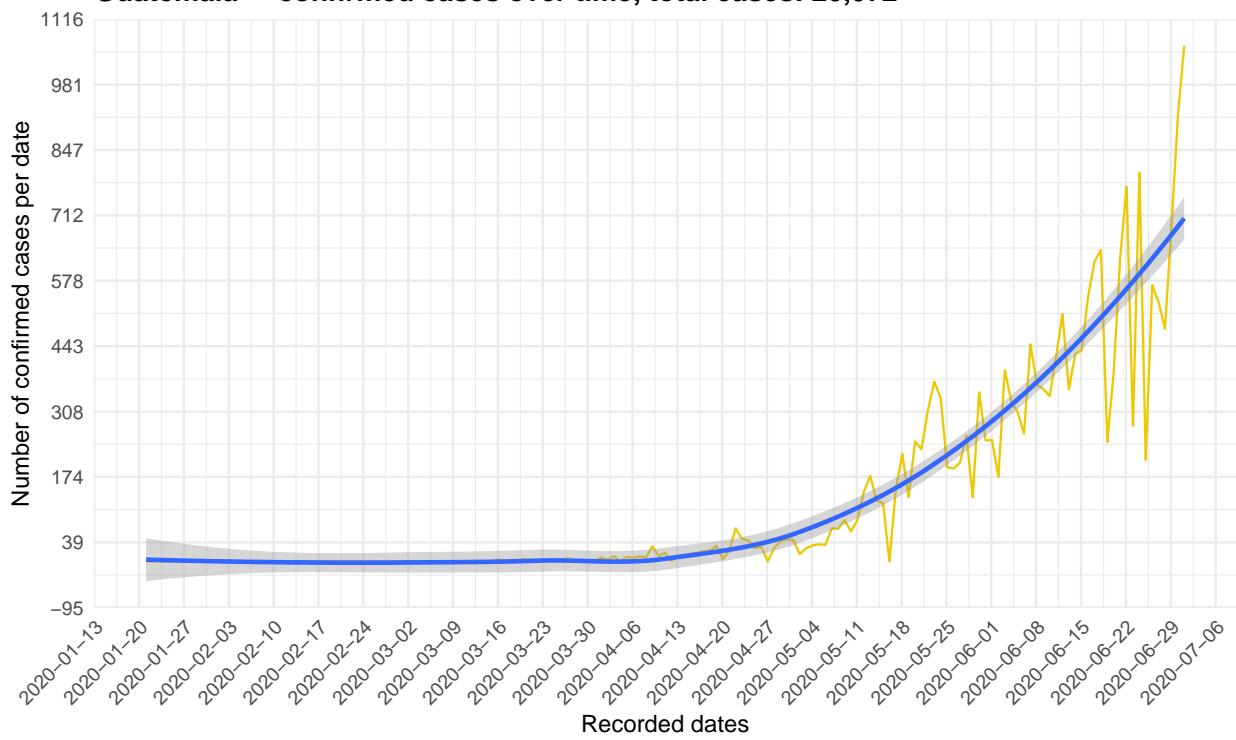

Grenada – confirmed cases over time, total cases: 23

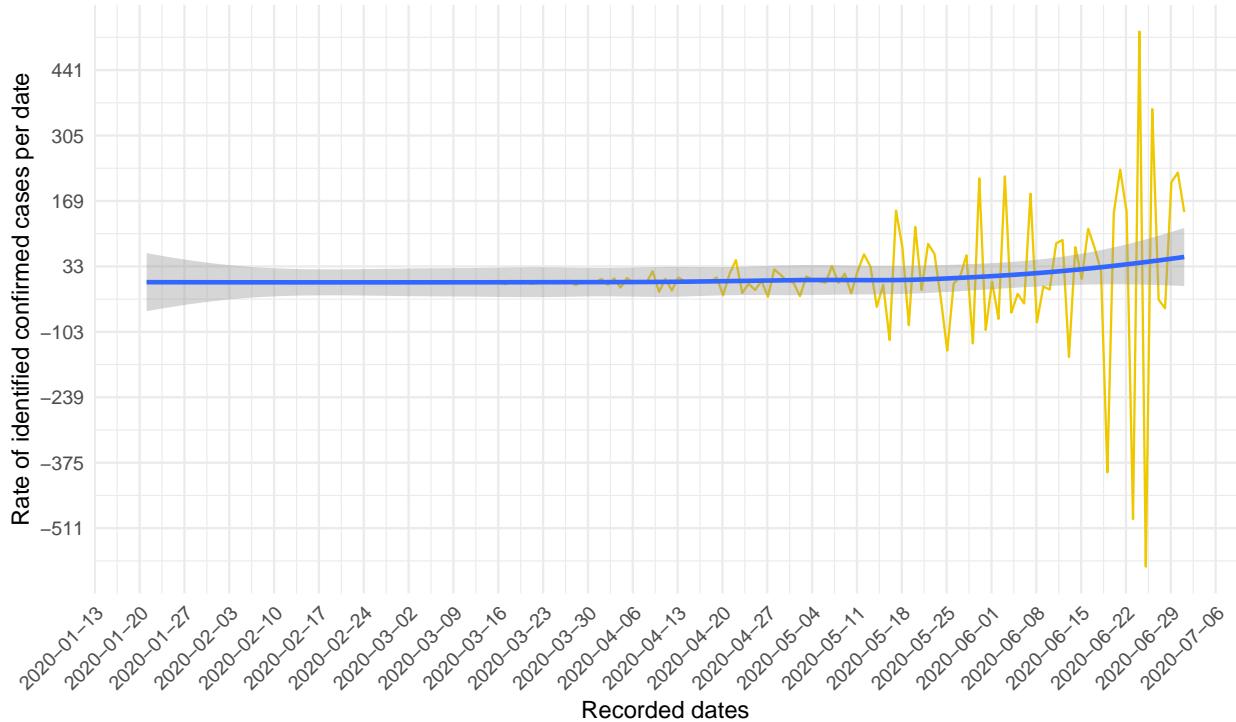

Grenada – rate of increase of confirmed cases over time

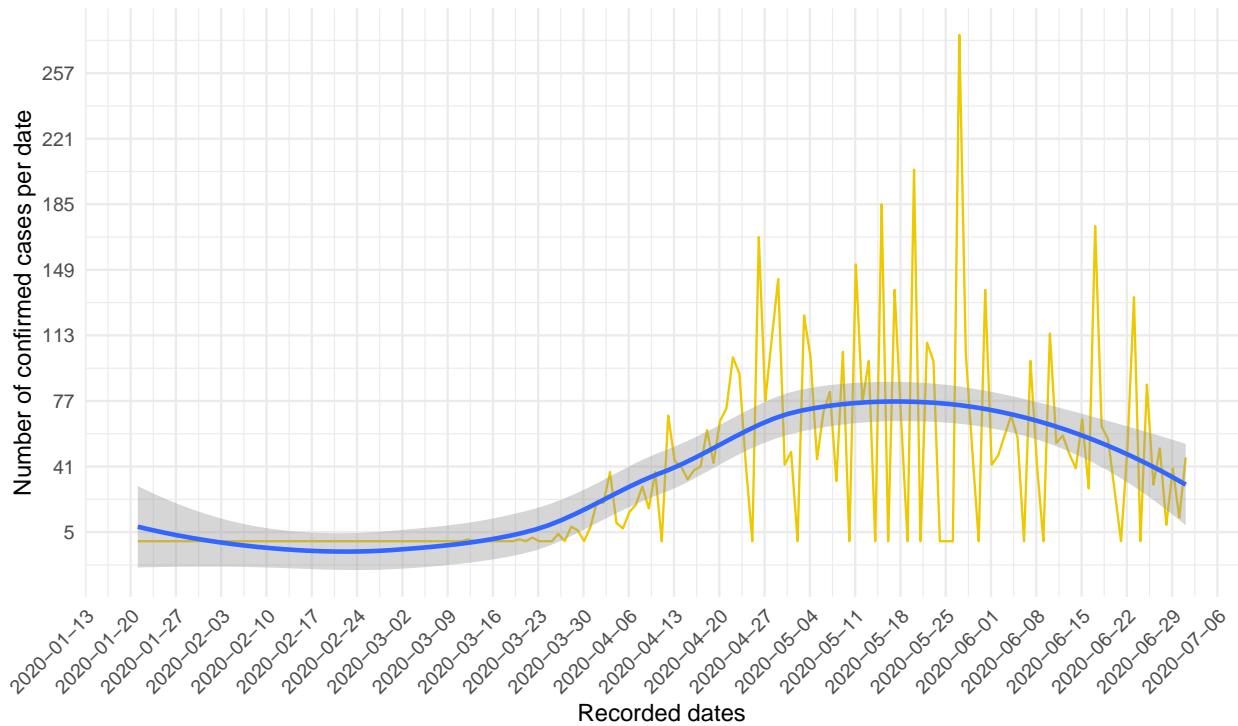

Guatemala – confirmed cases over time, total cases: 20,072

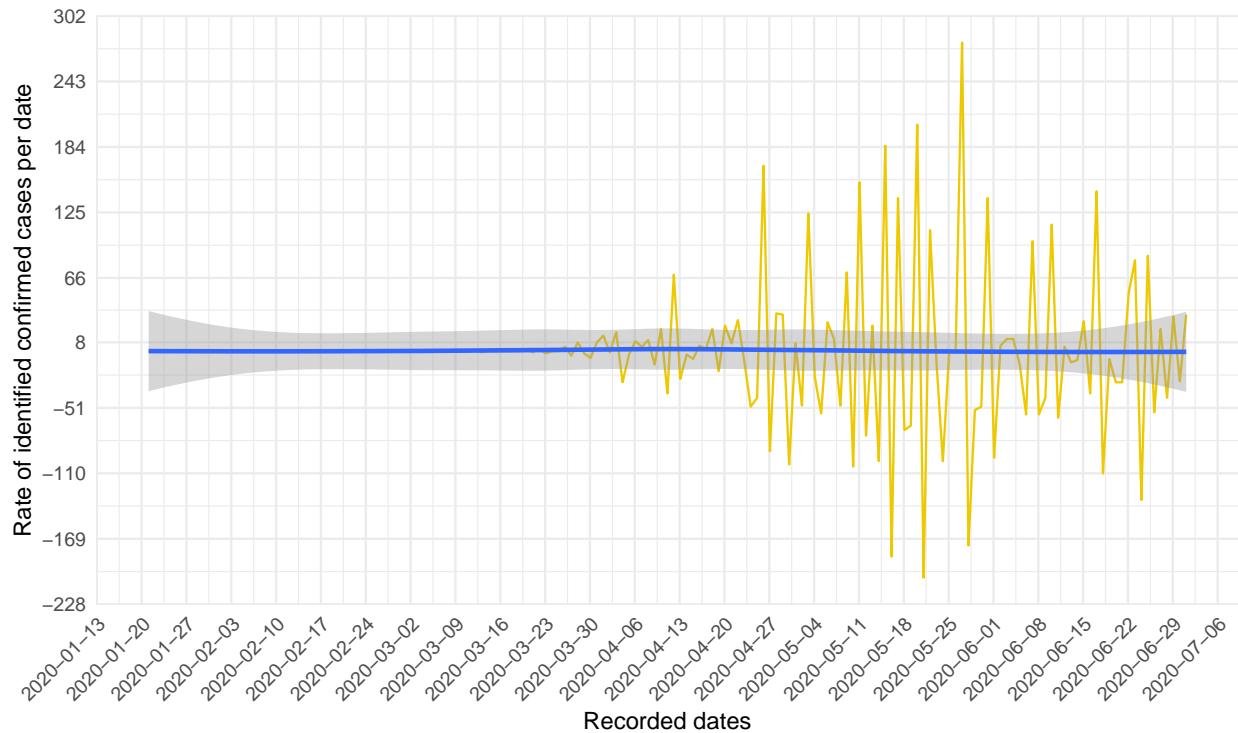

Guatemala – rate of increase of confirmed cases over time

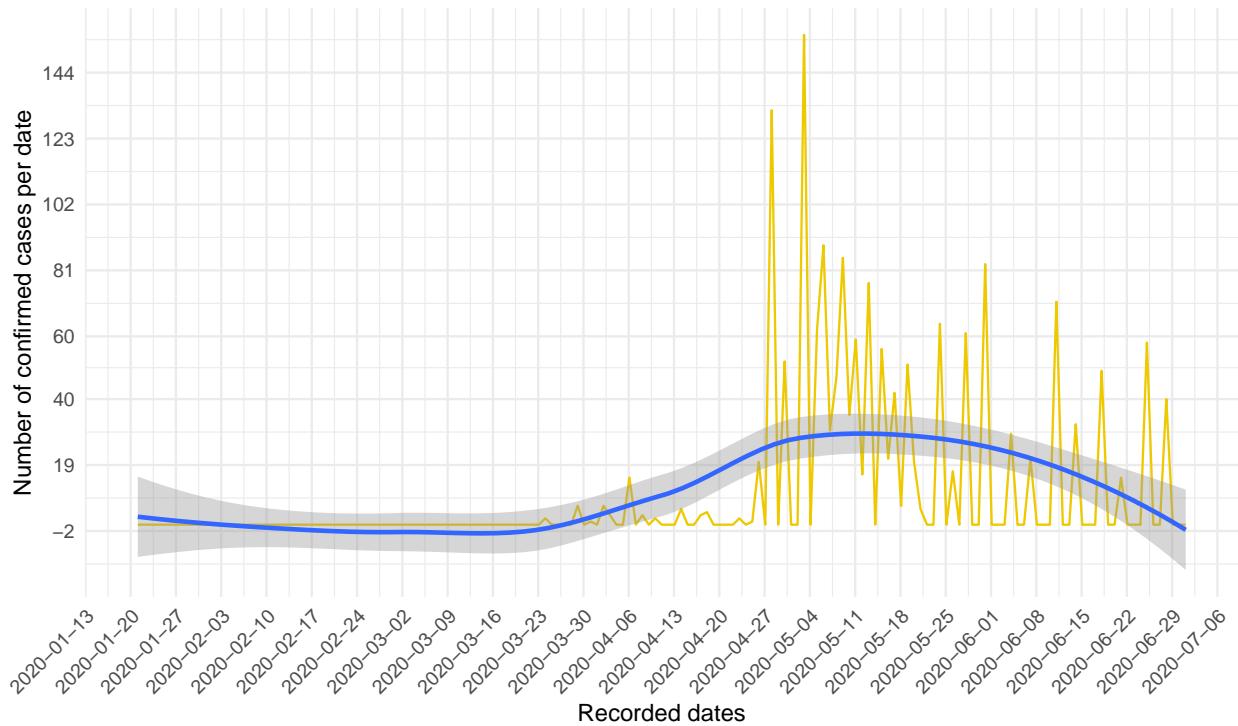

Guinea – confirmed cases over time, total cases: 5,450

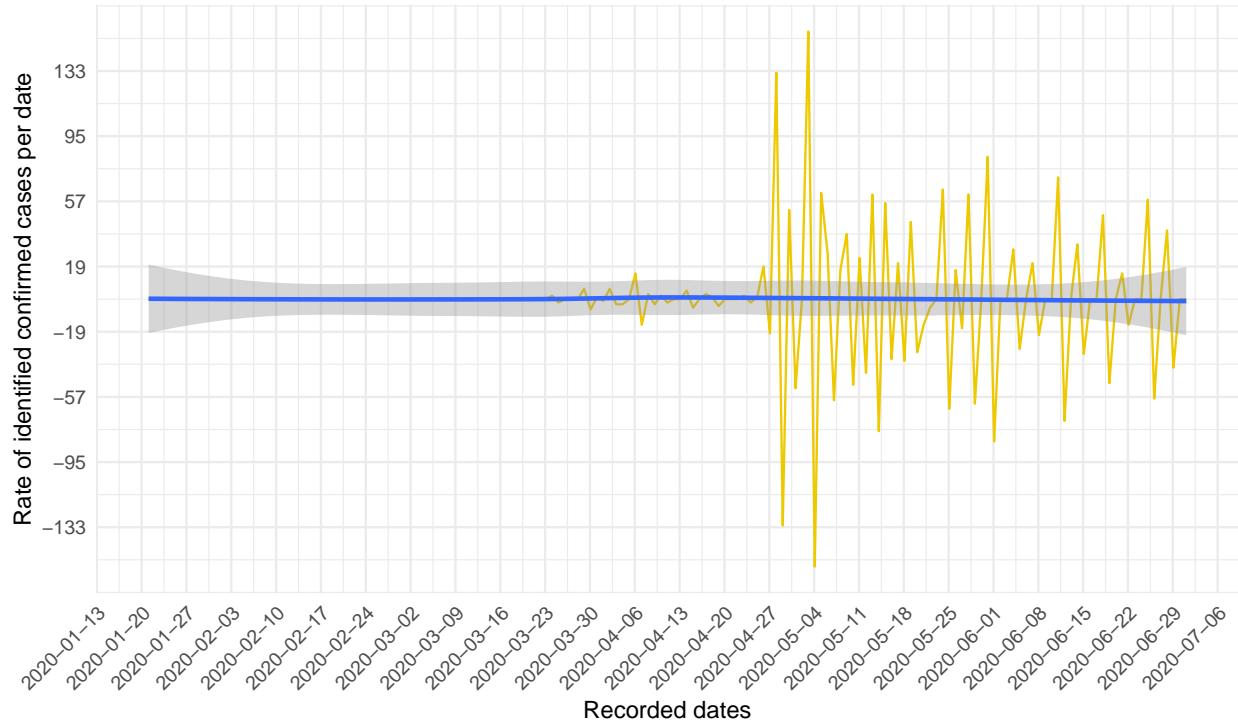

Guinea – rate of increase of confirmed cases over time

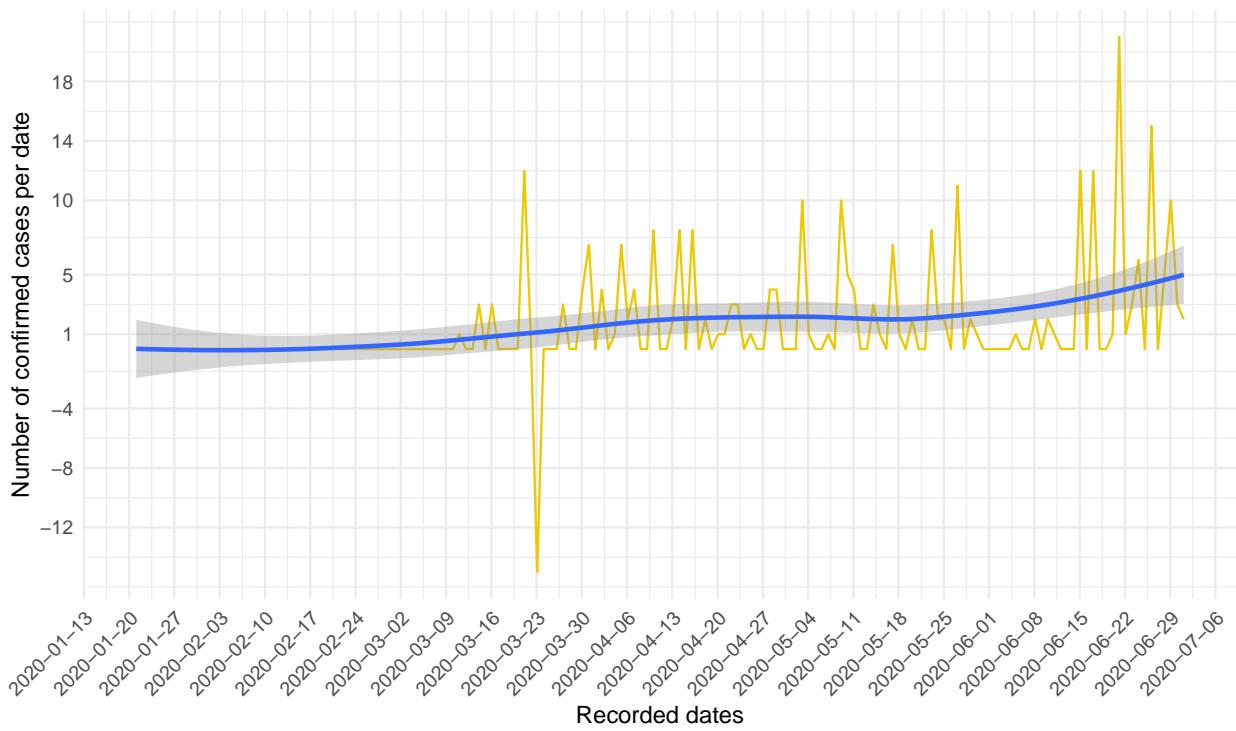

Guinea-Bissau – confirmed cases over time, total cases: 1,654

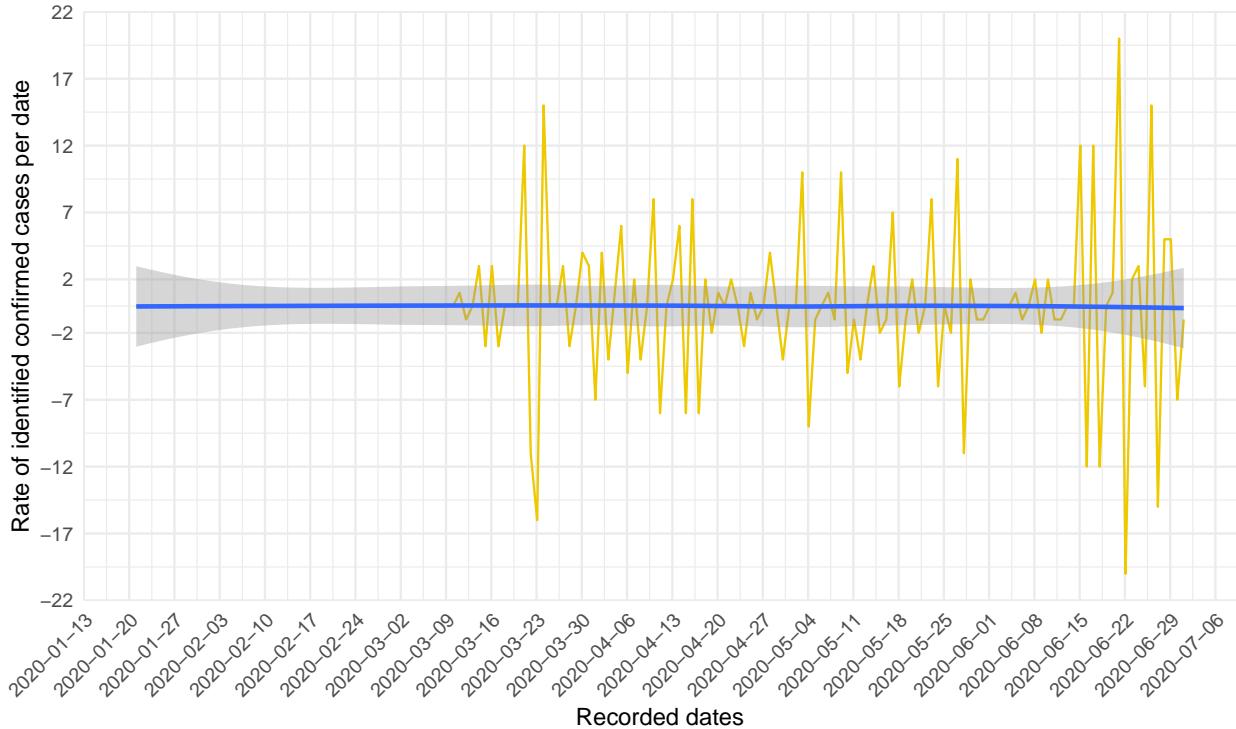

Guinea-Bissau – rate of increase of confirmed cases over time

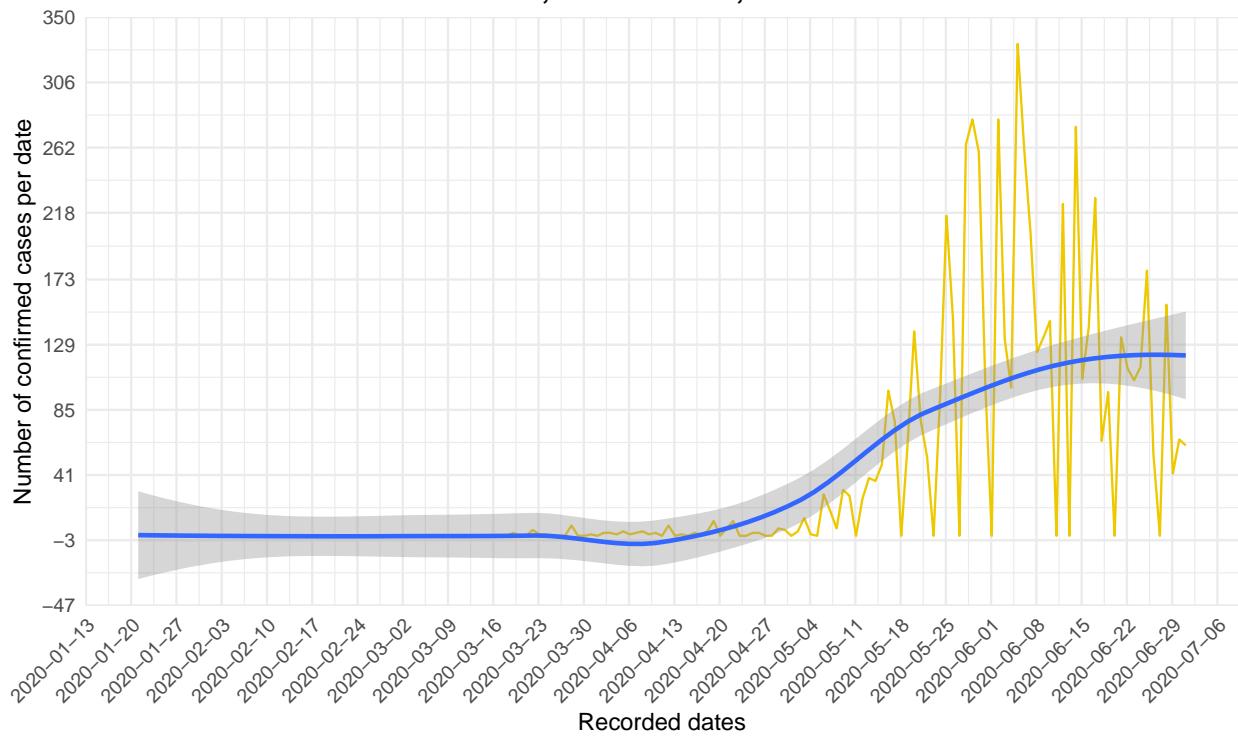

Guyana – confirmed cases over time, total cases: 250

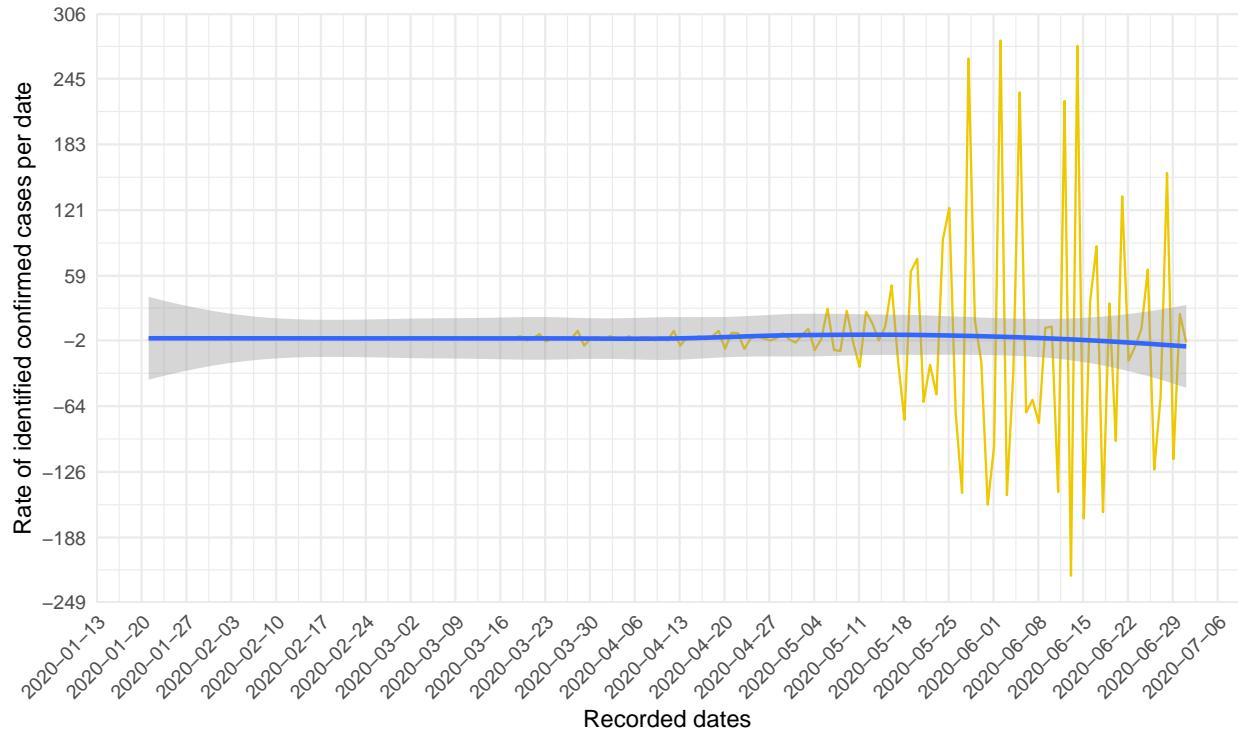

Guyana – rate of increase of confirmed cases over time

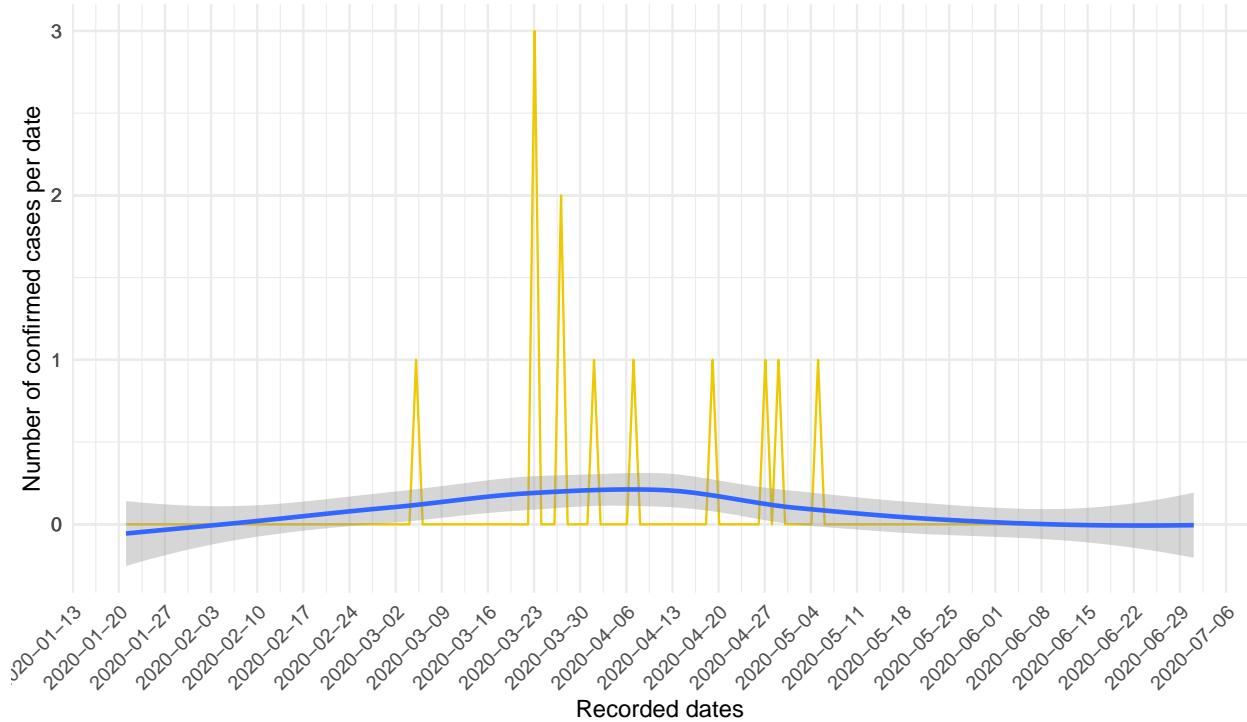

Haiti – confirmed cases over time, total cases: 6,101

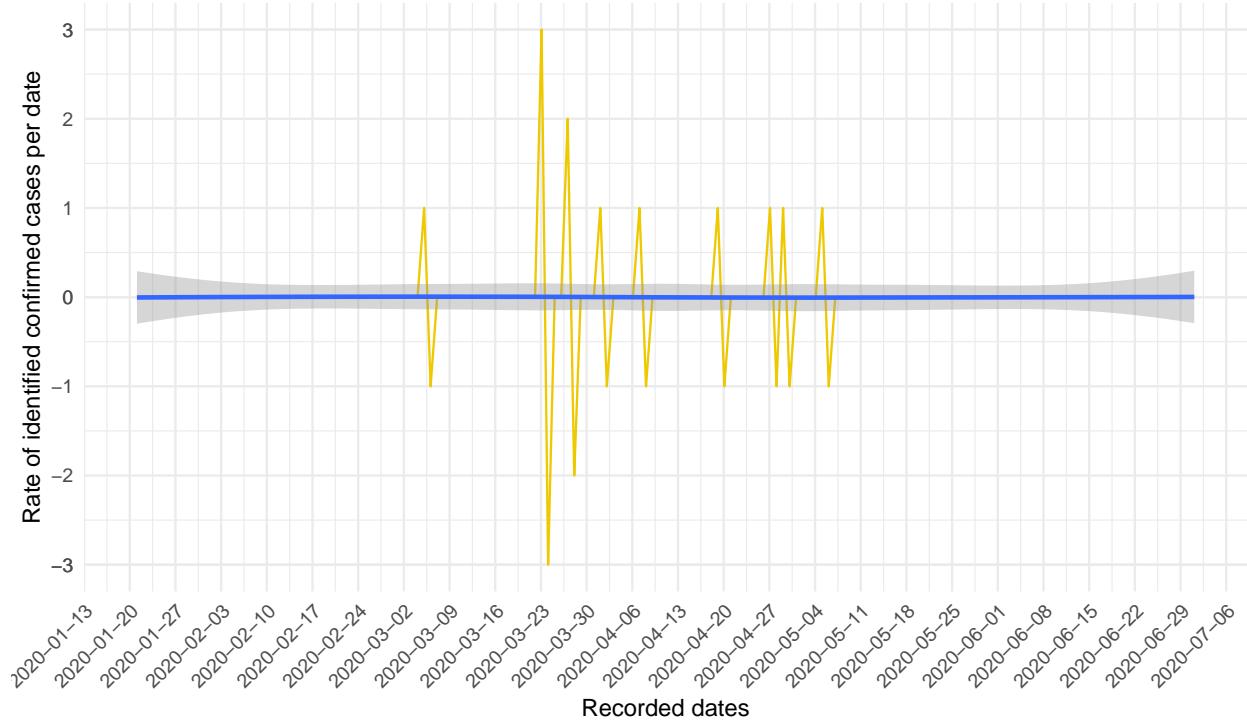

Haiti – rate of increase of confirmed cases over time

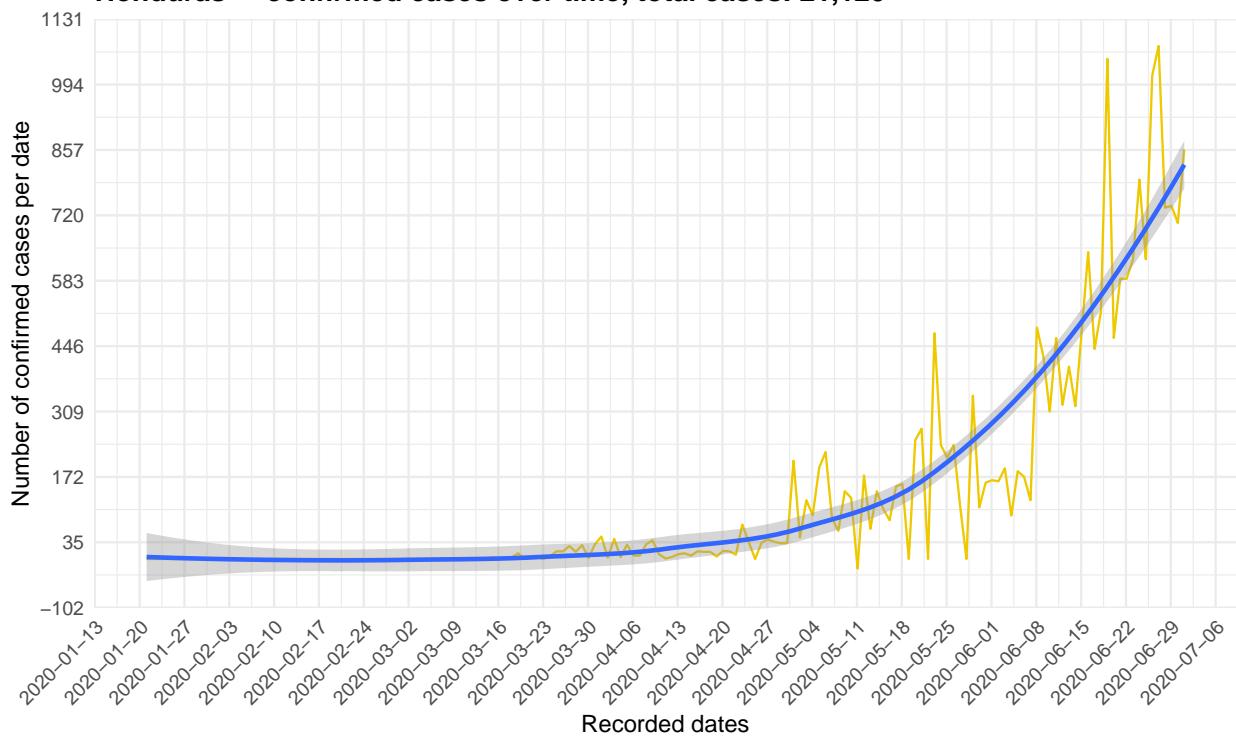

Holy See – confirmed cases over time, total cases: 12

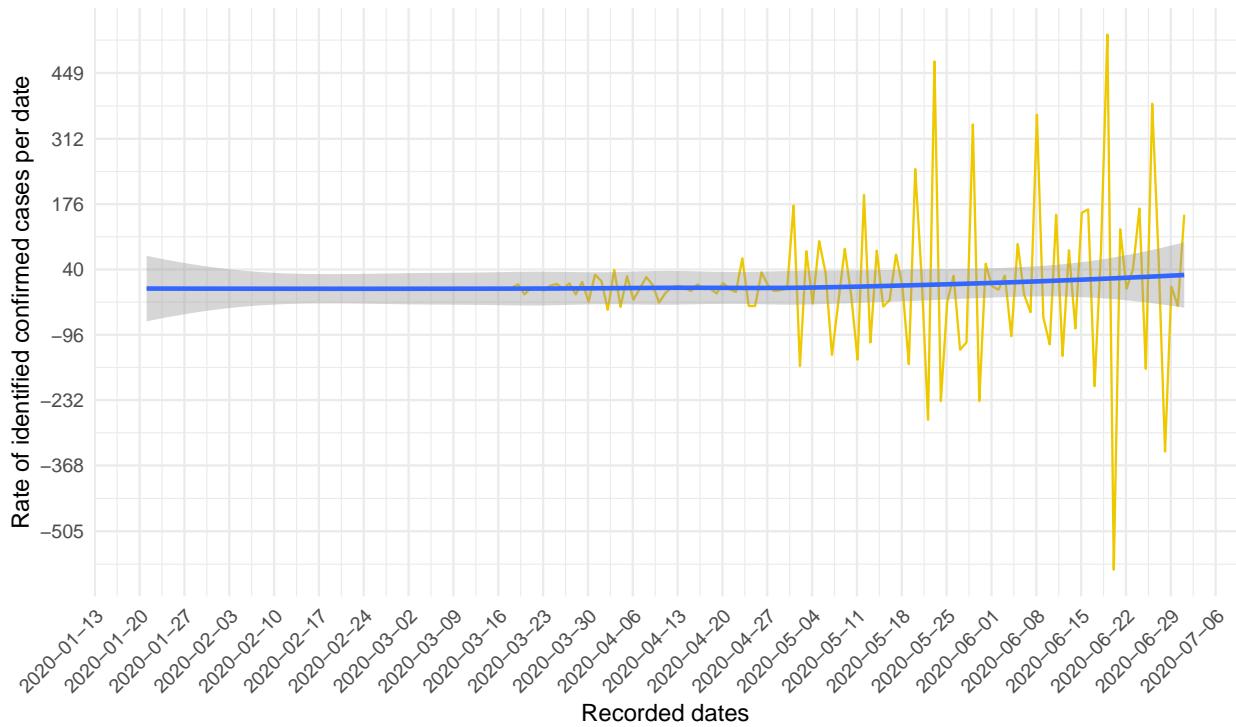

Holy See – rate of increase of confirmed cases over time

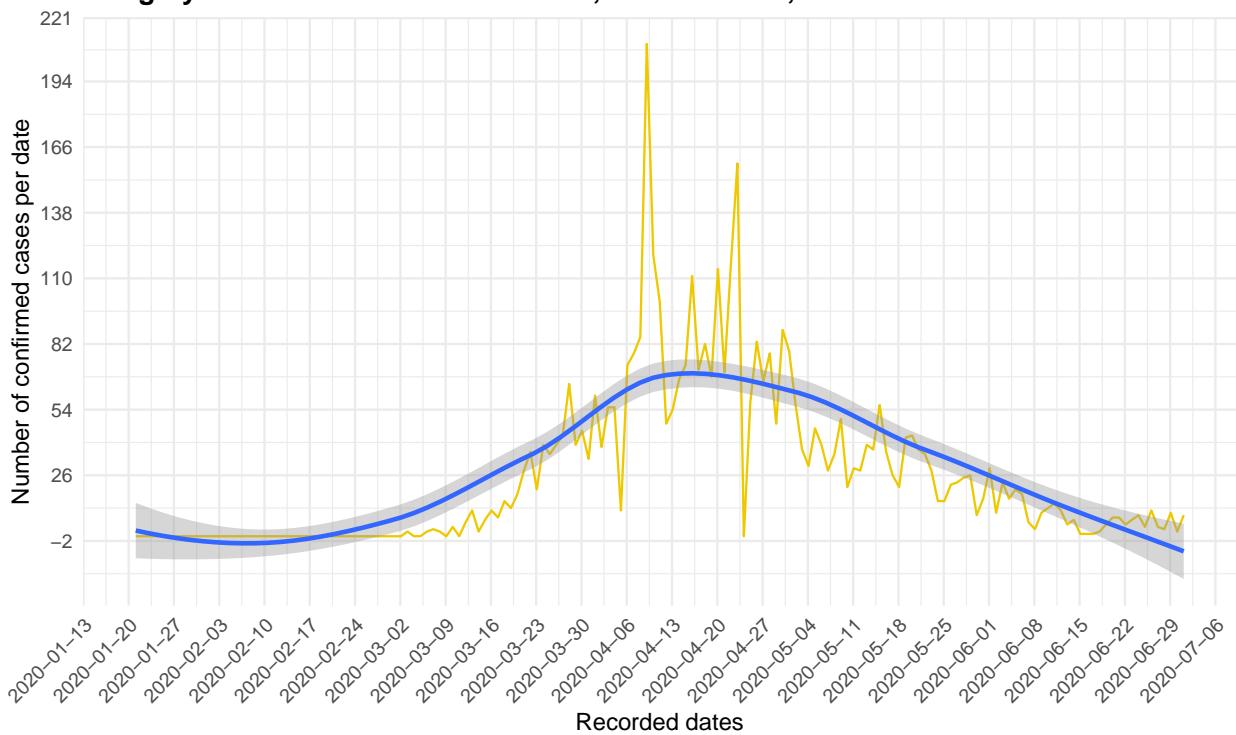

Honduras – confirmed cases over time, total cases: 21,120

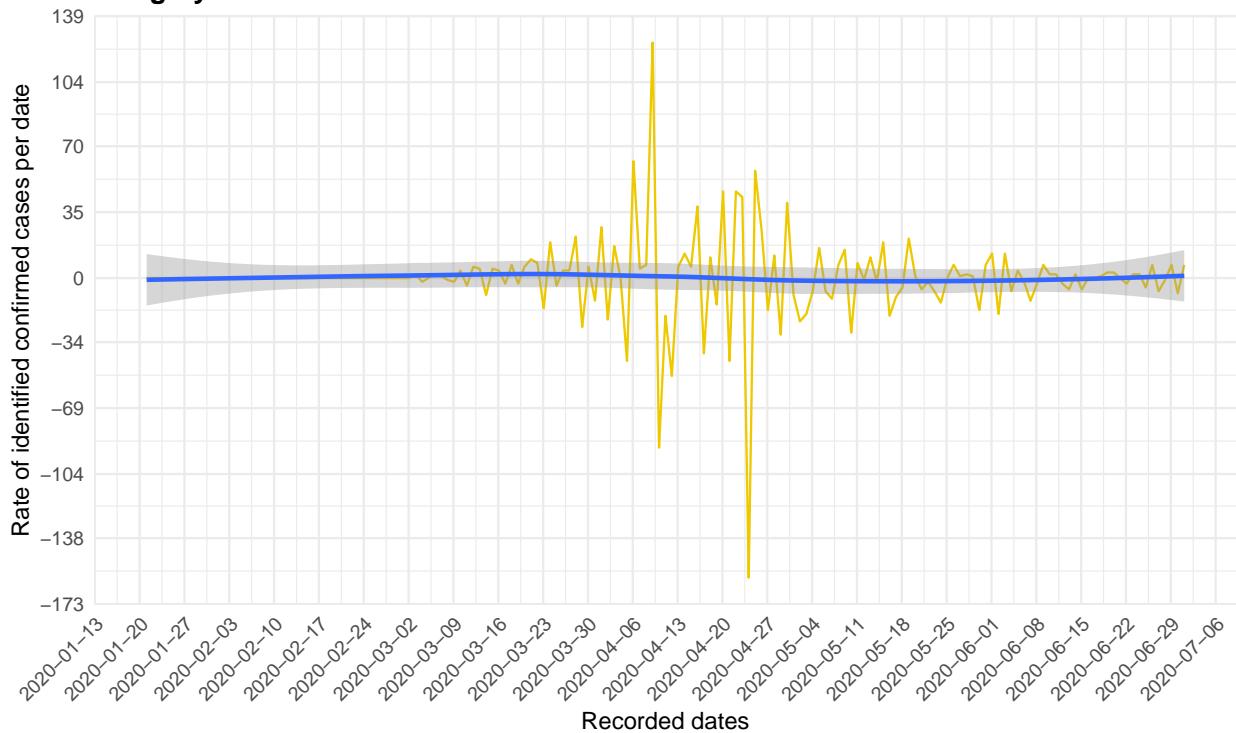

Honduras – rate of increase of confirmed cases over time

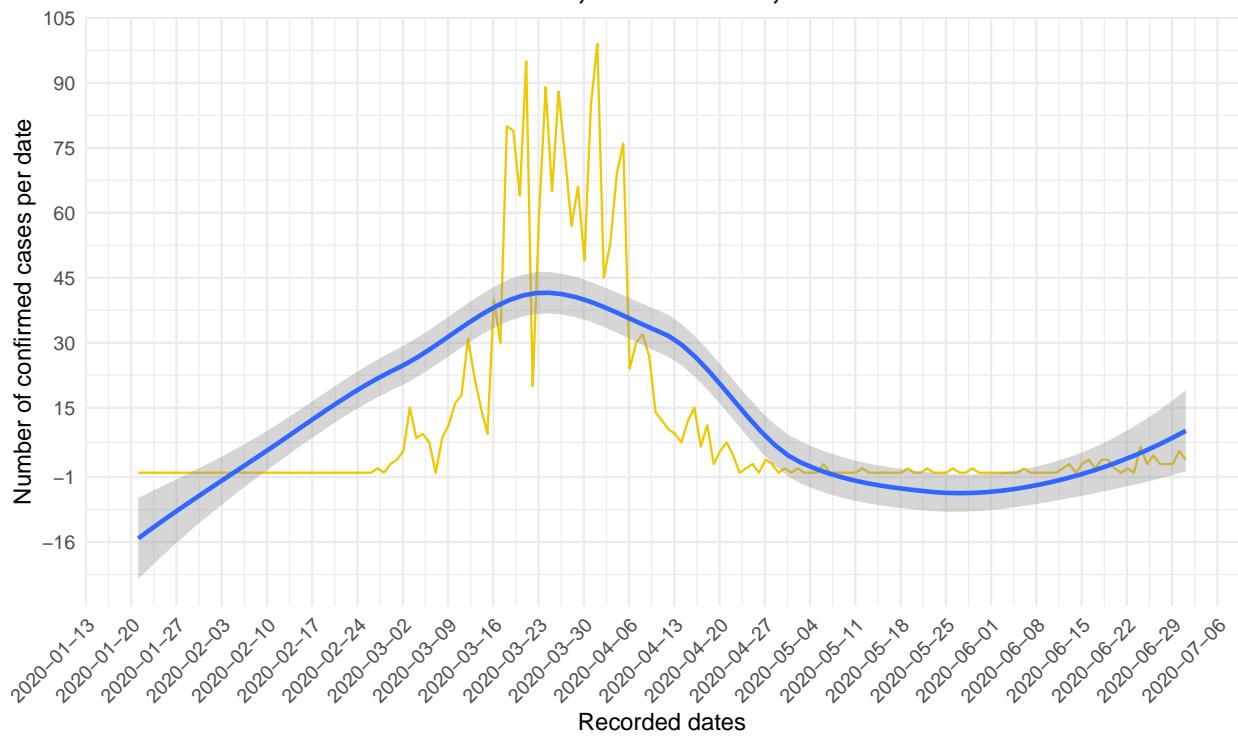

Hungary – confirmed cases over time, total cases: 4,166

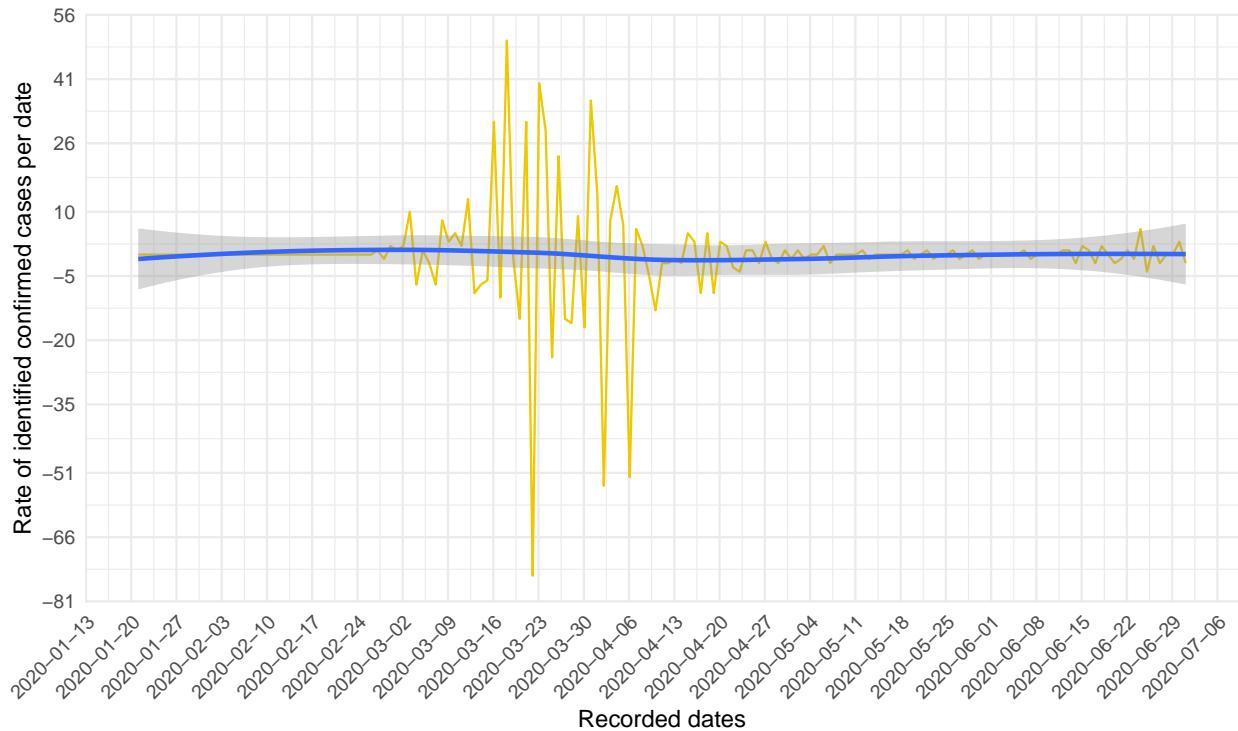

Hungary – rate of increase of confirmed cases over time

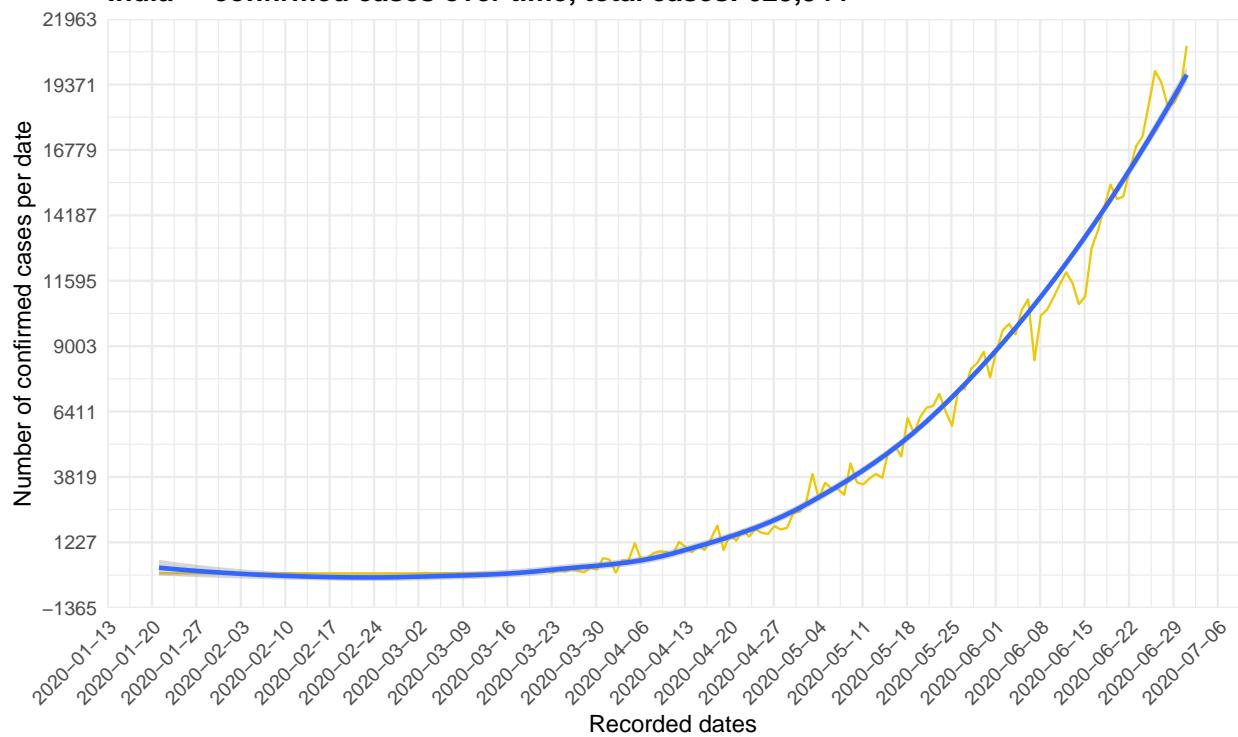

Iceland – confirmed cases over time, total cases: 1,850

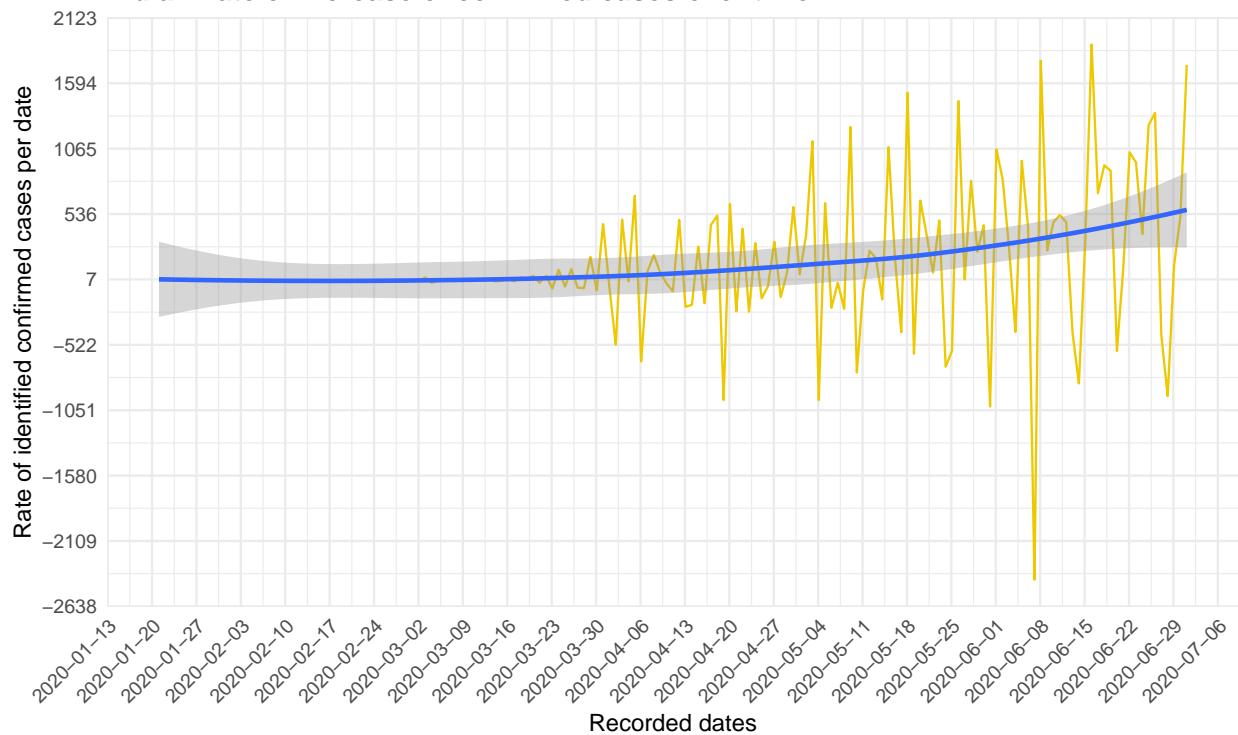

Iceland – rate of increase of confirmed cases over time

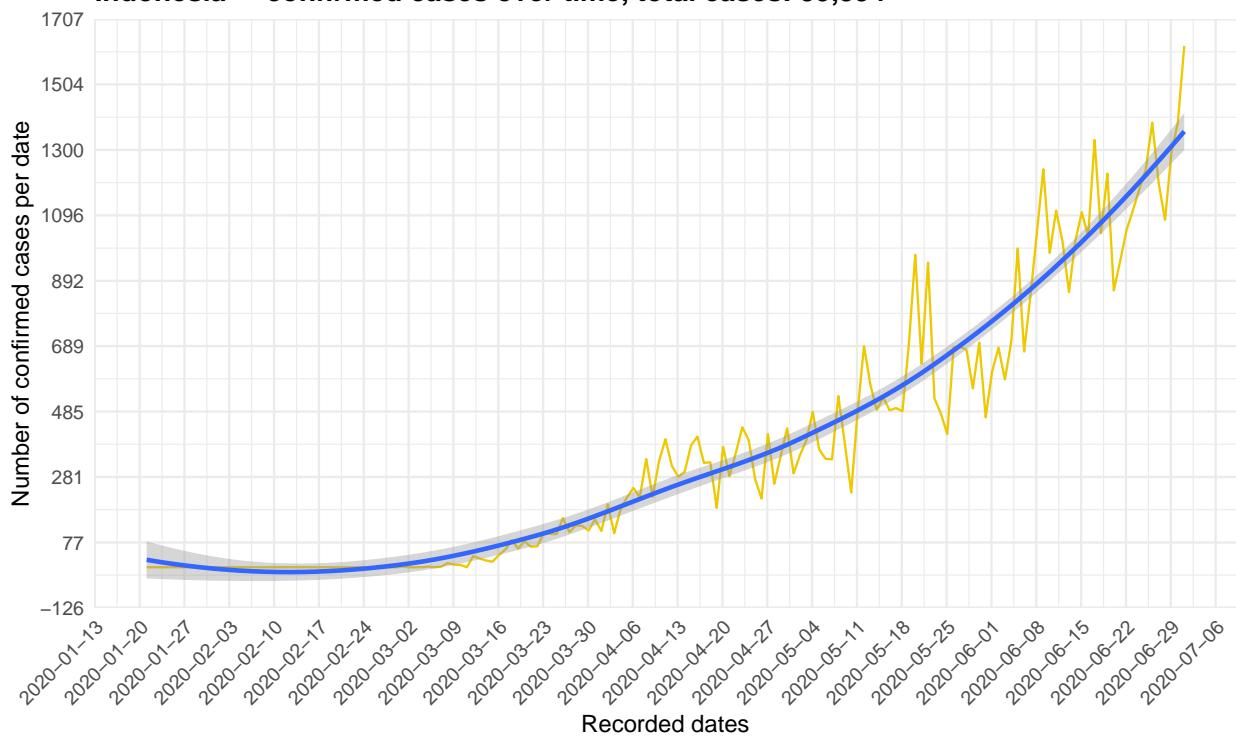

India – confirmed cases over time, total cases: 625,544

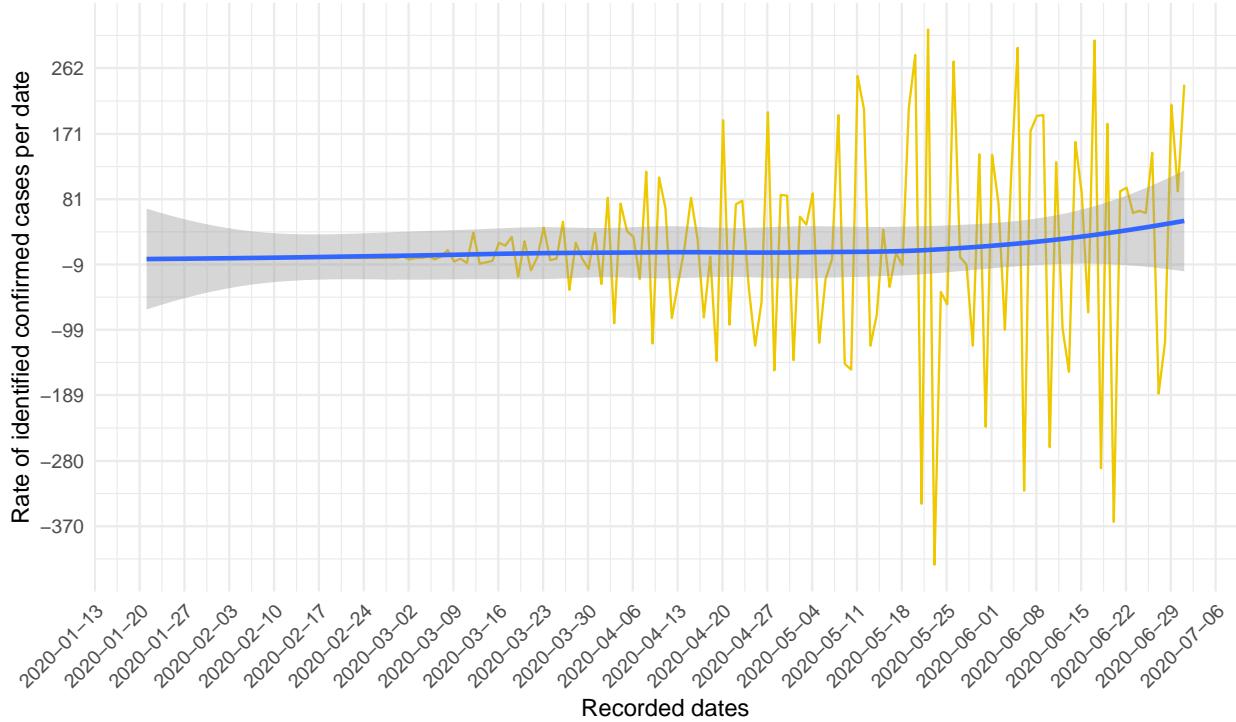

India – rate of increase of confirmed cases over time

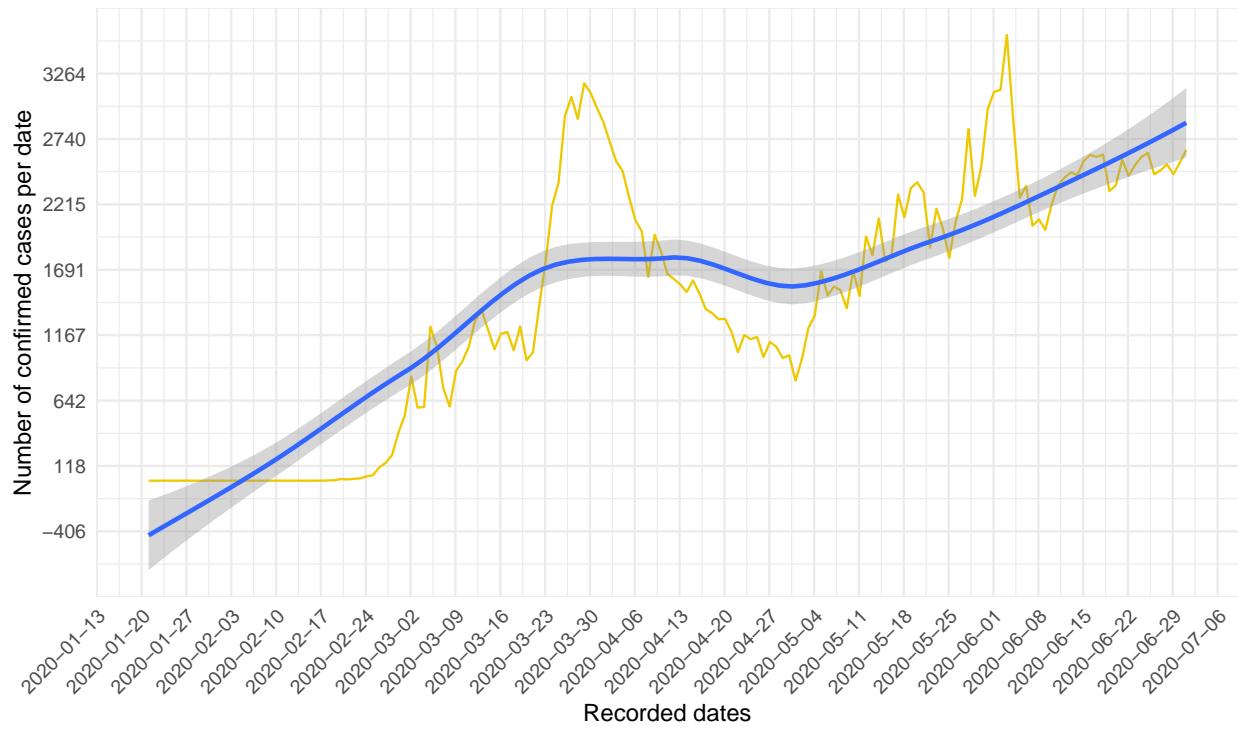

Indonesia – confirmed cases over time, total cases: 59,394

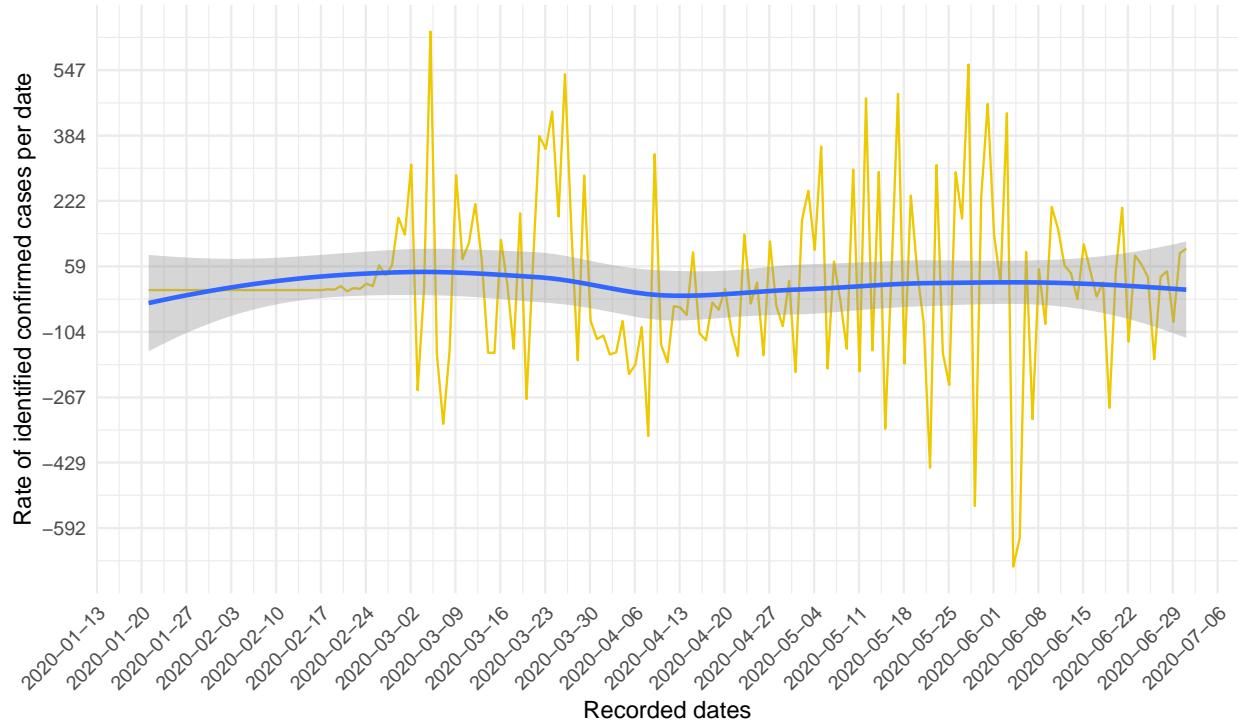

Indonesia – rate of increase of confirmed cases over time

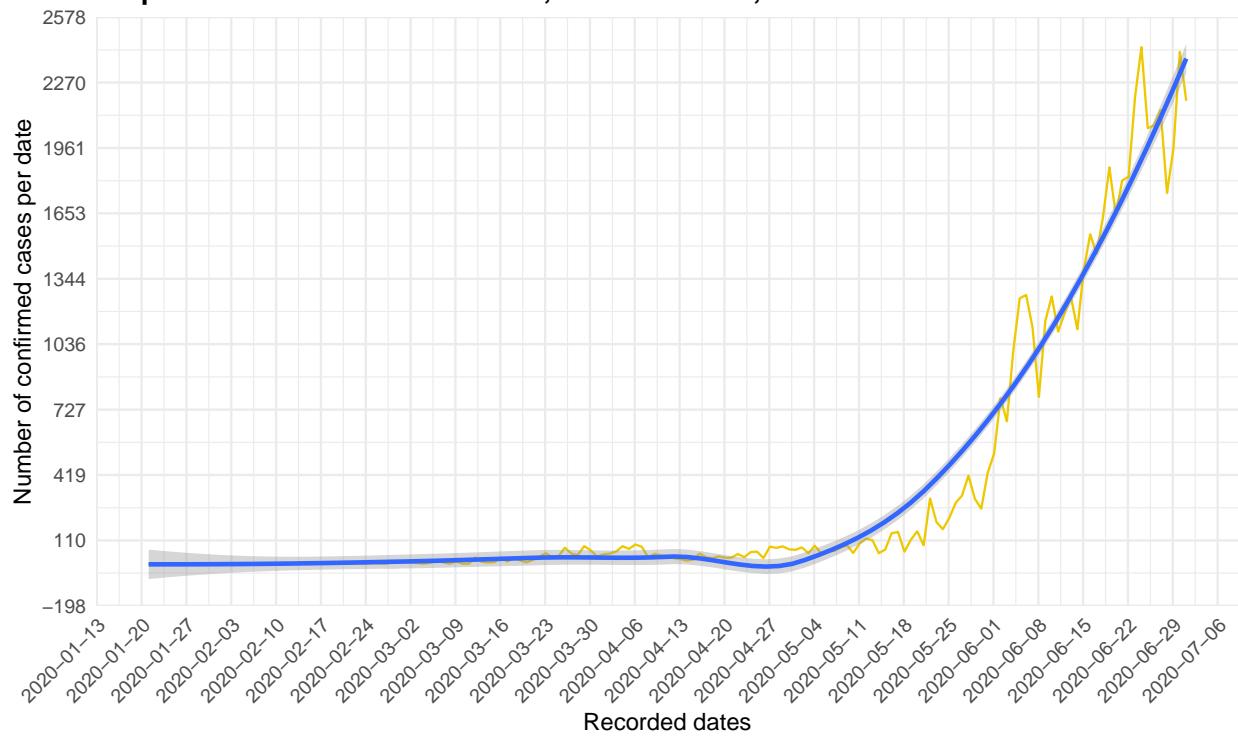

Iran – confirmed cases over time, total cases: 232,863

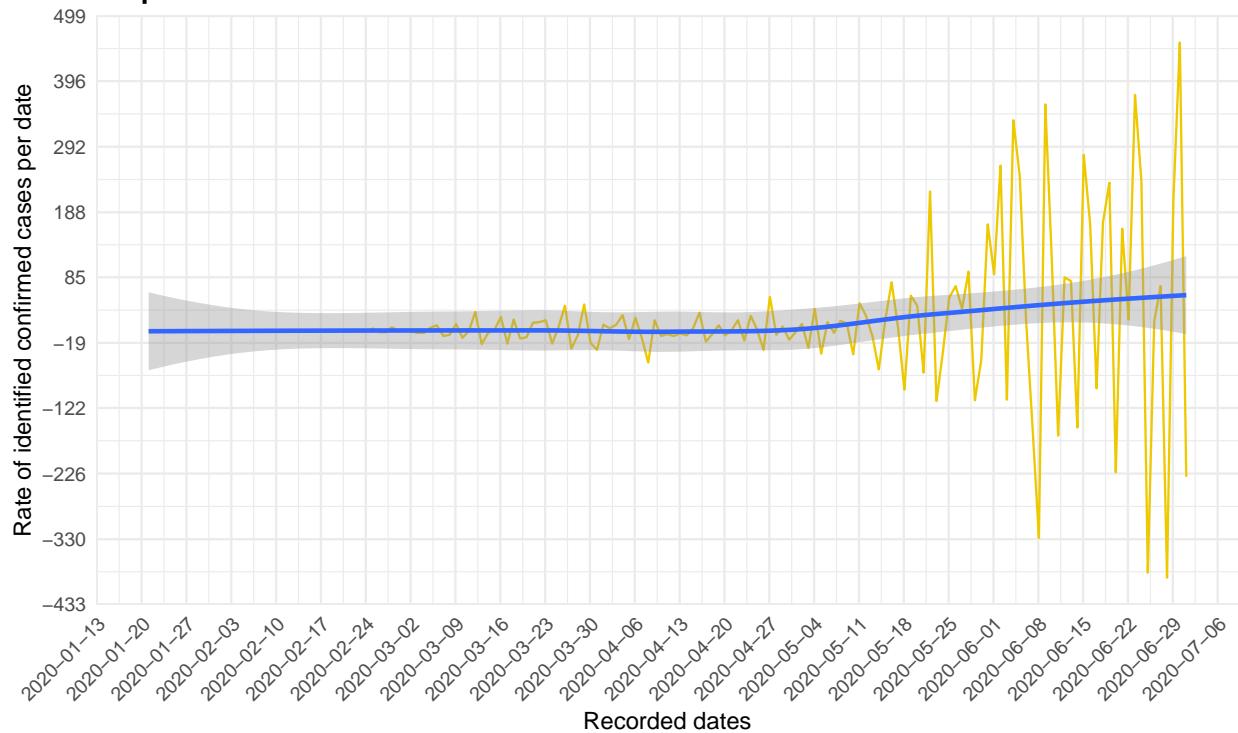

Iran – rate of increase of confirmed cases over time

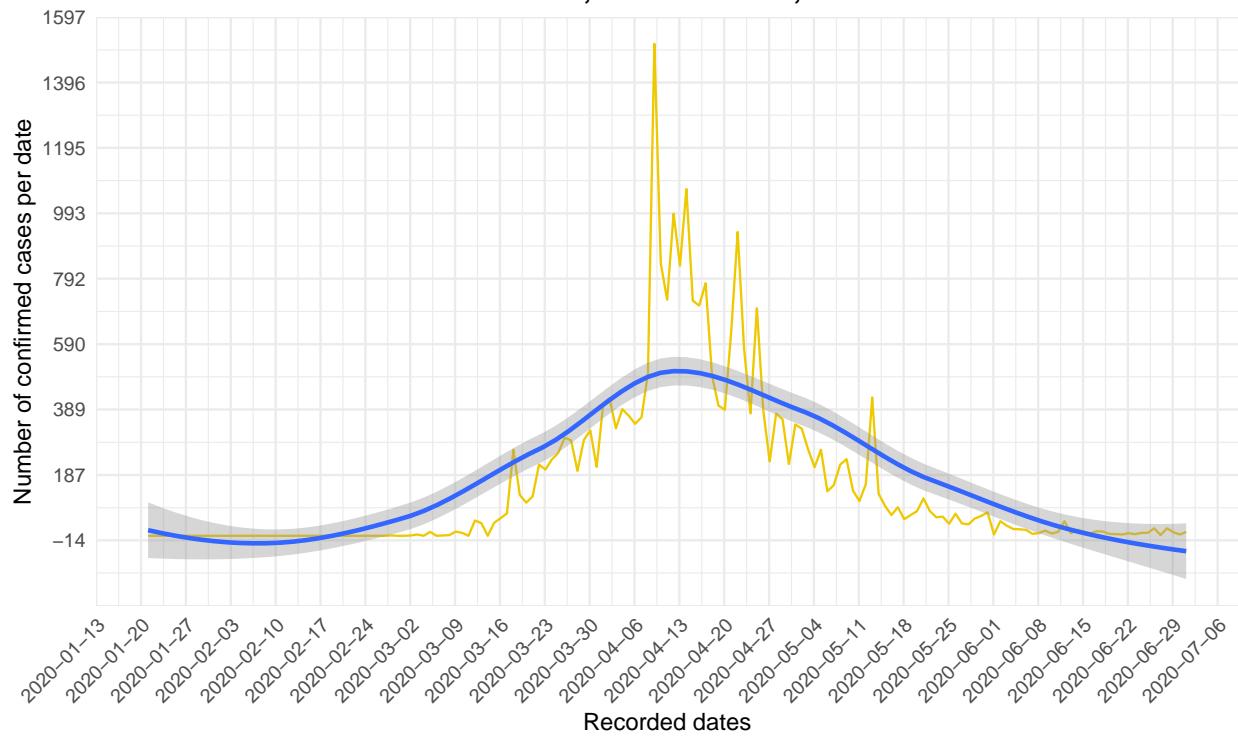

Iraq – confirmed cases over time, total cases: 53,708

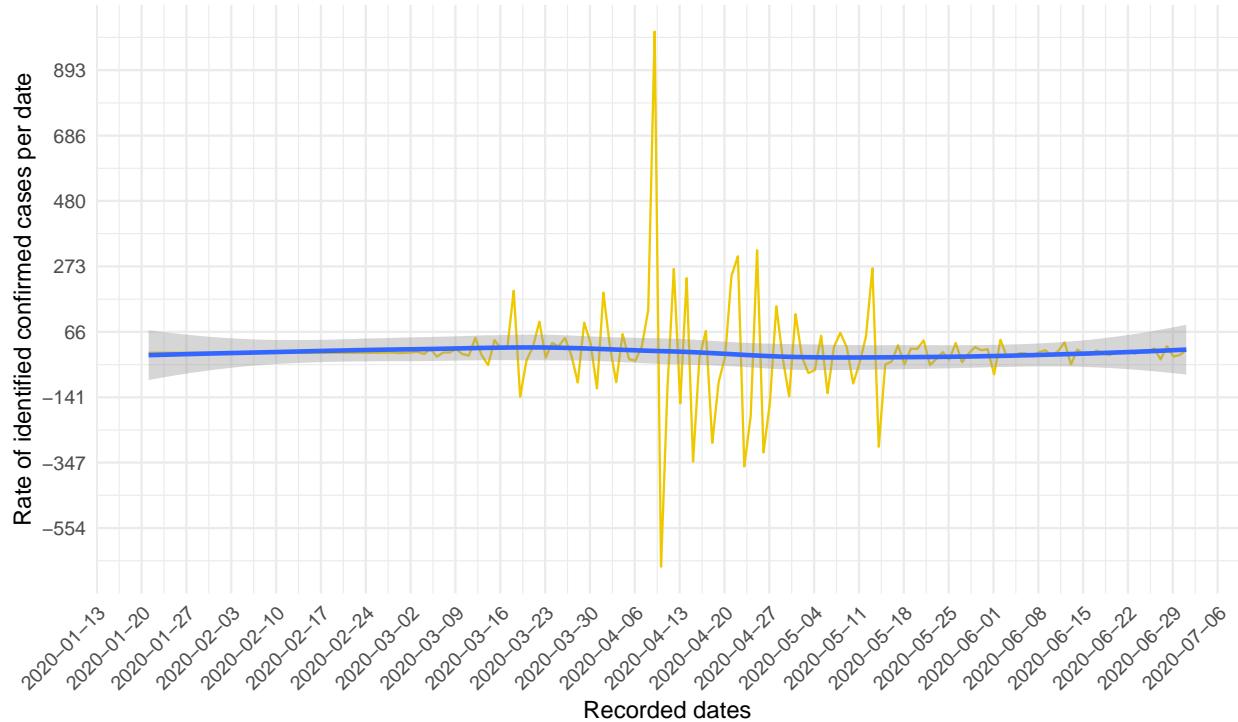

Iraq – rate of increase of confirmed cases over time

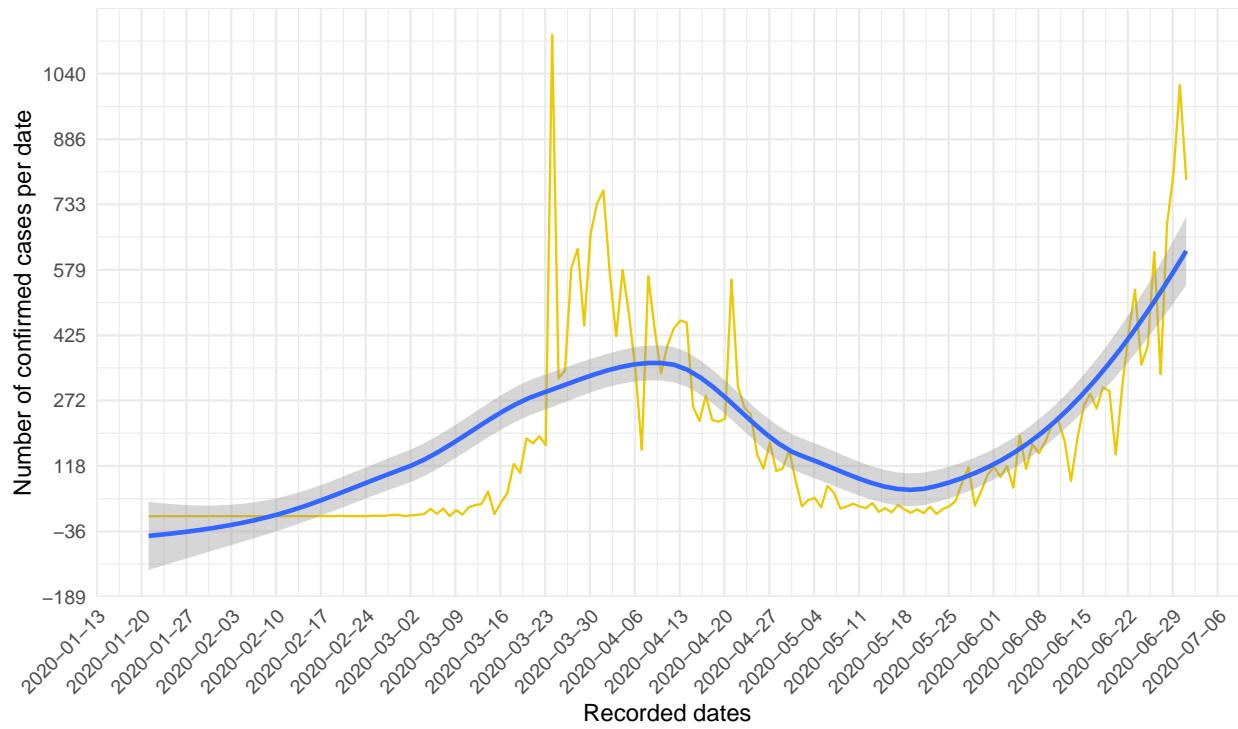

Ireland – confirmed cases over time, total cases: 25,489

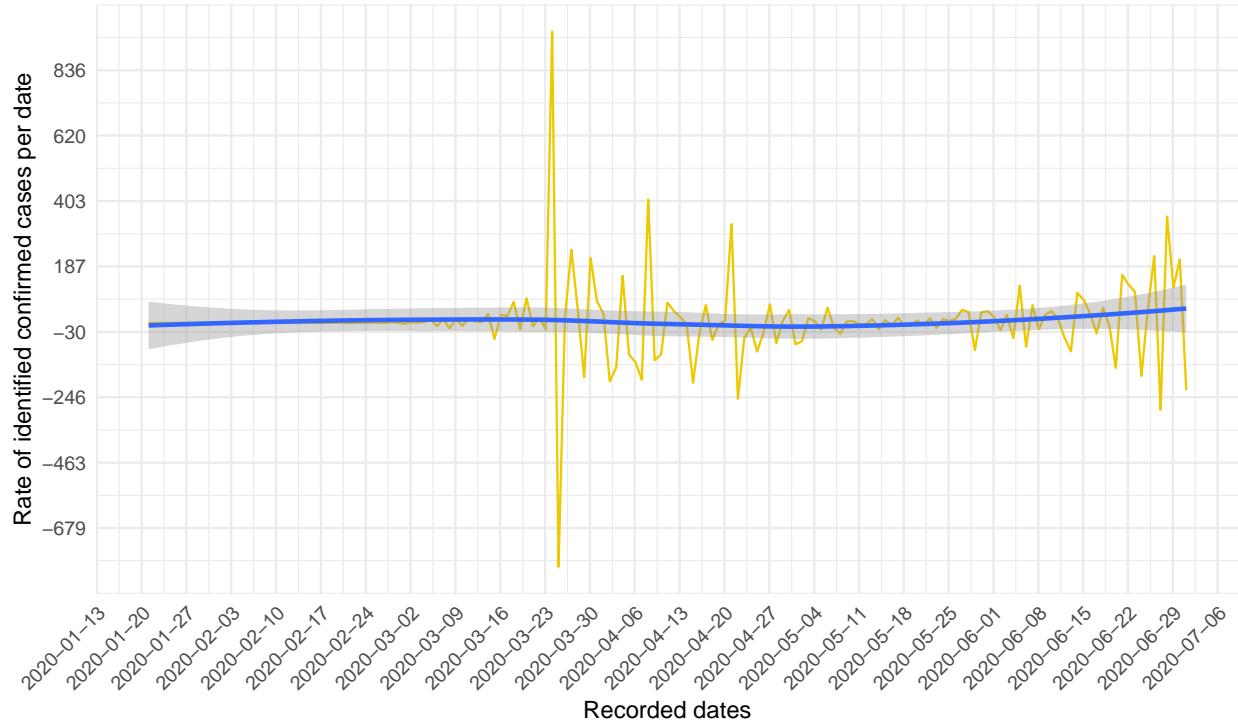

Ireland – rate of increase of confirmed cases over time

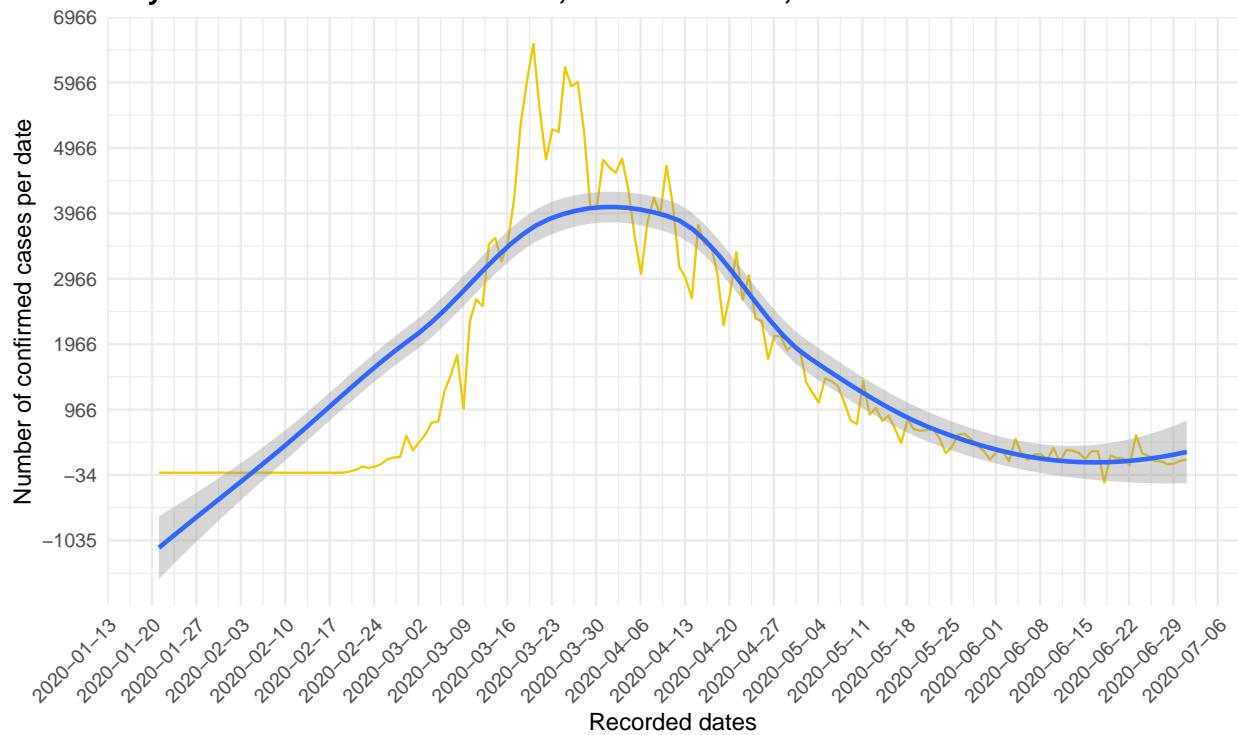

Israel – confirmed cases over time, total cases: 27,047

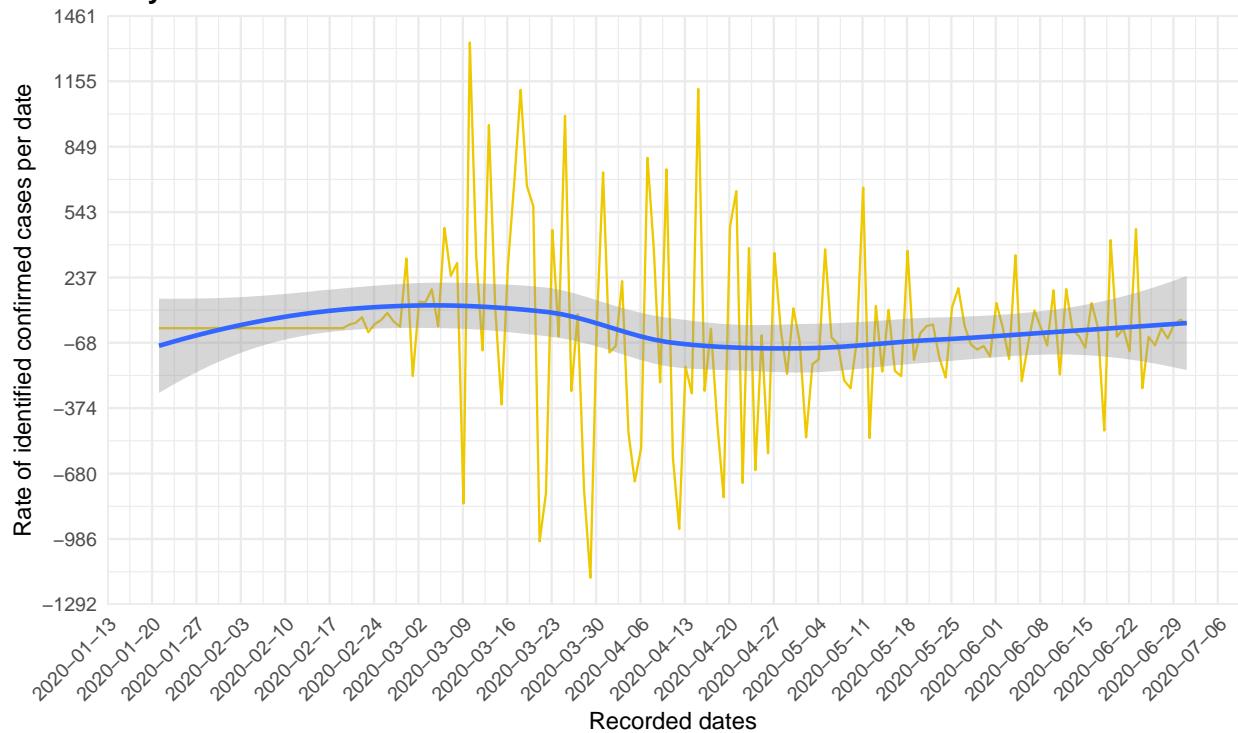

Israel – rate of increase of confirmed cases over time

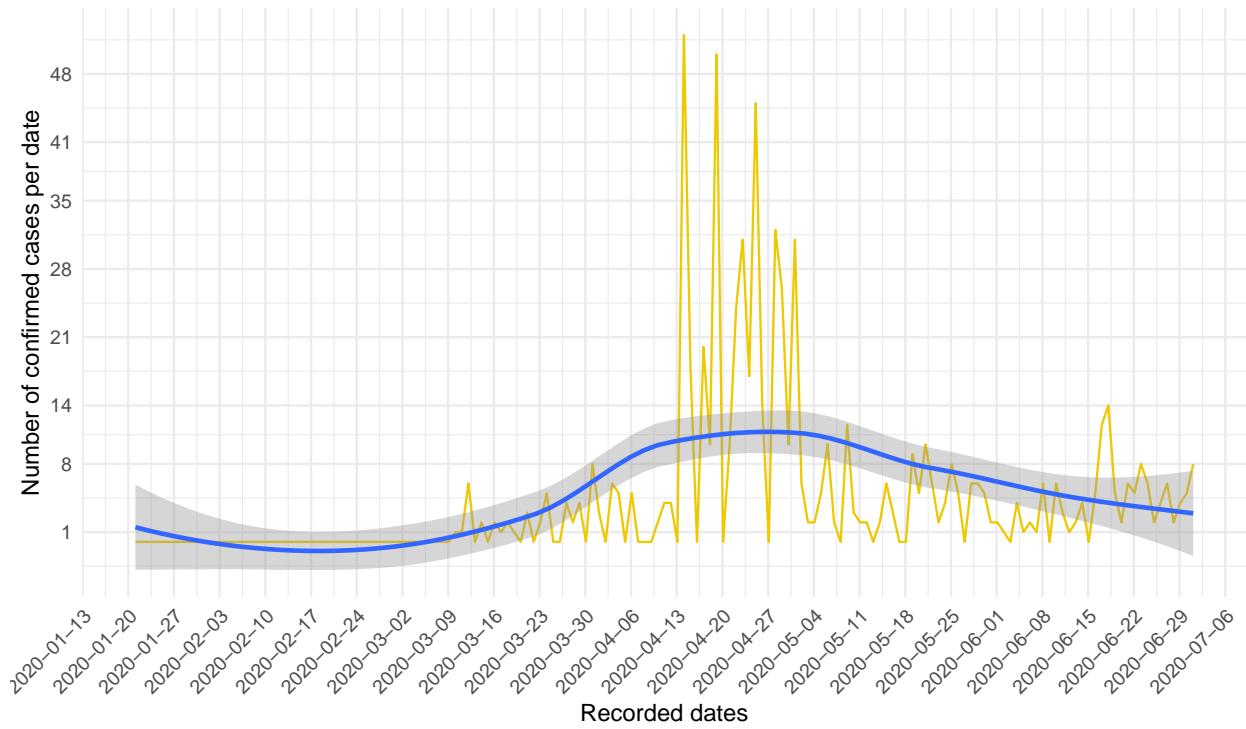

Italy – confirmed cases over time, total cases: 240,961

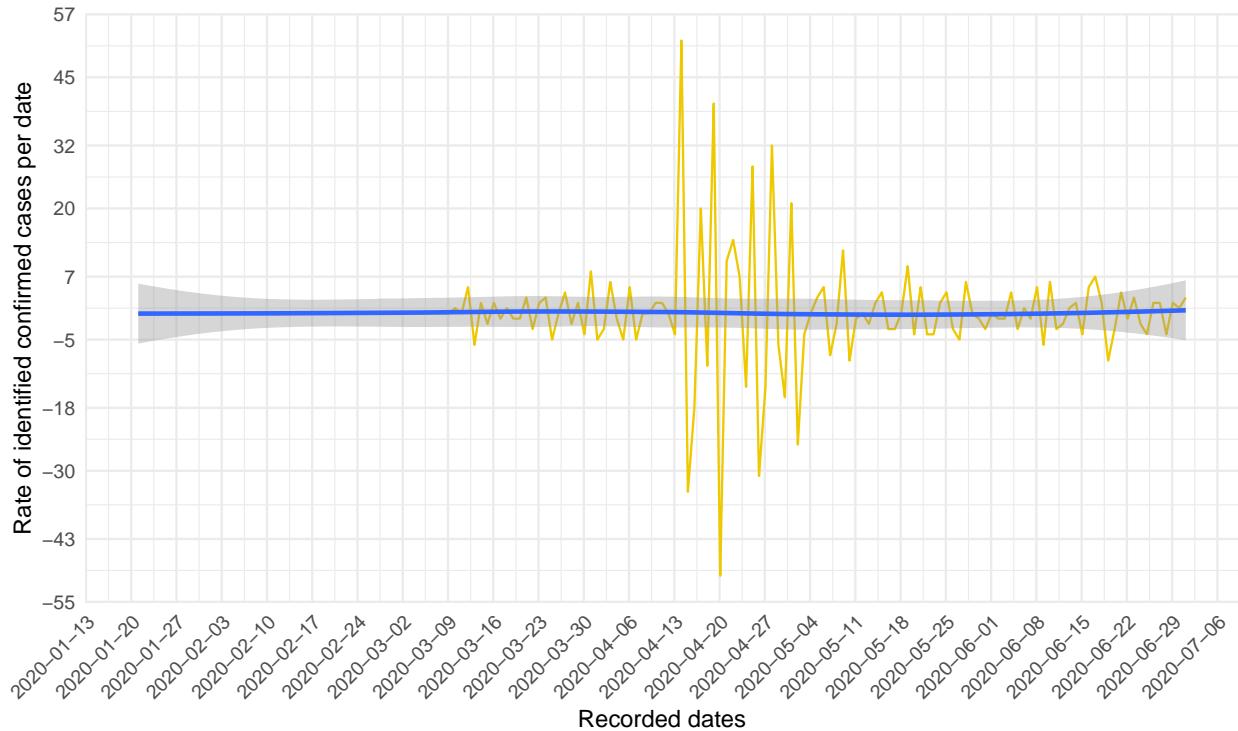

Italy – rate of increase of confirmed cases over time

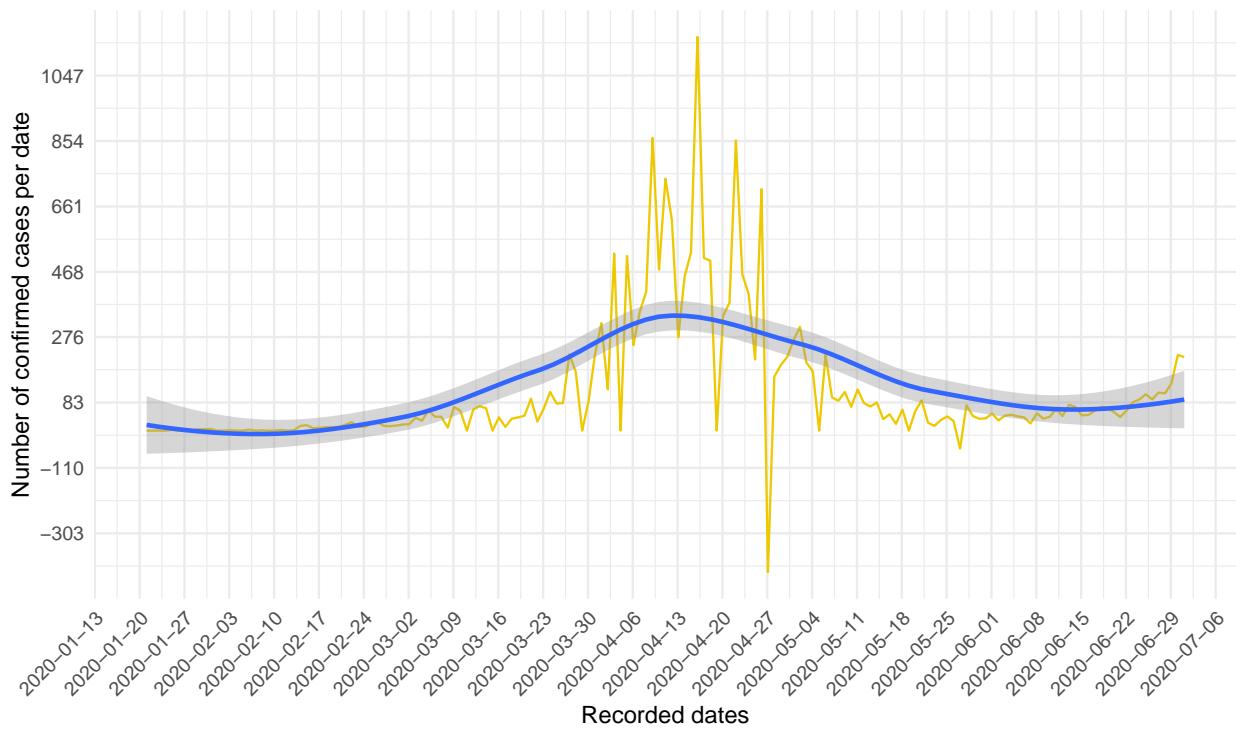

Jamaica – confirmed cases over time, total cases: 715

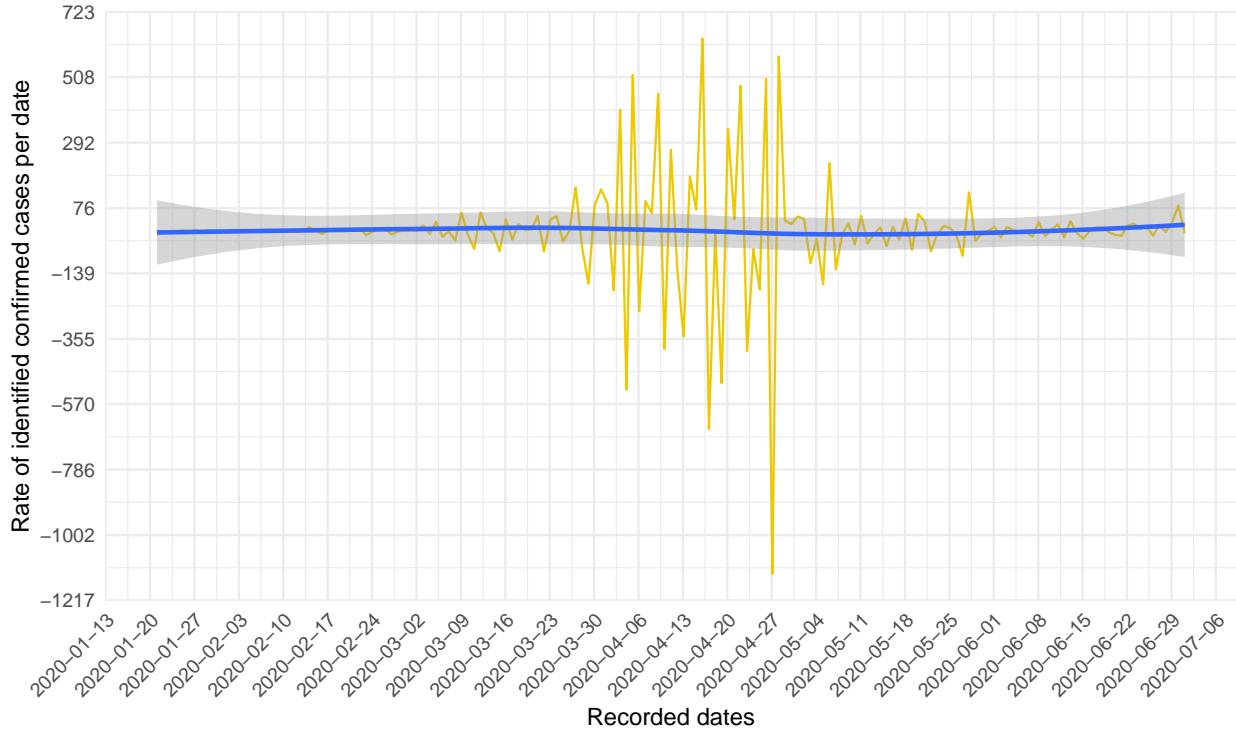

Jamaica – rate of increase of confirmed cases over time

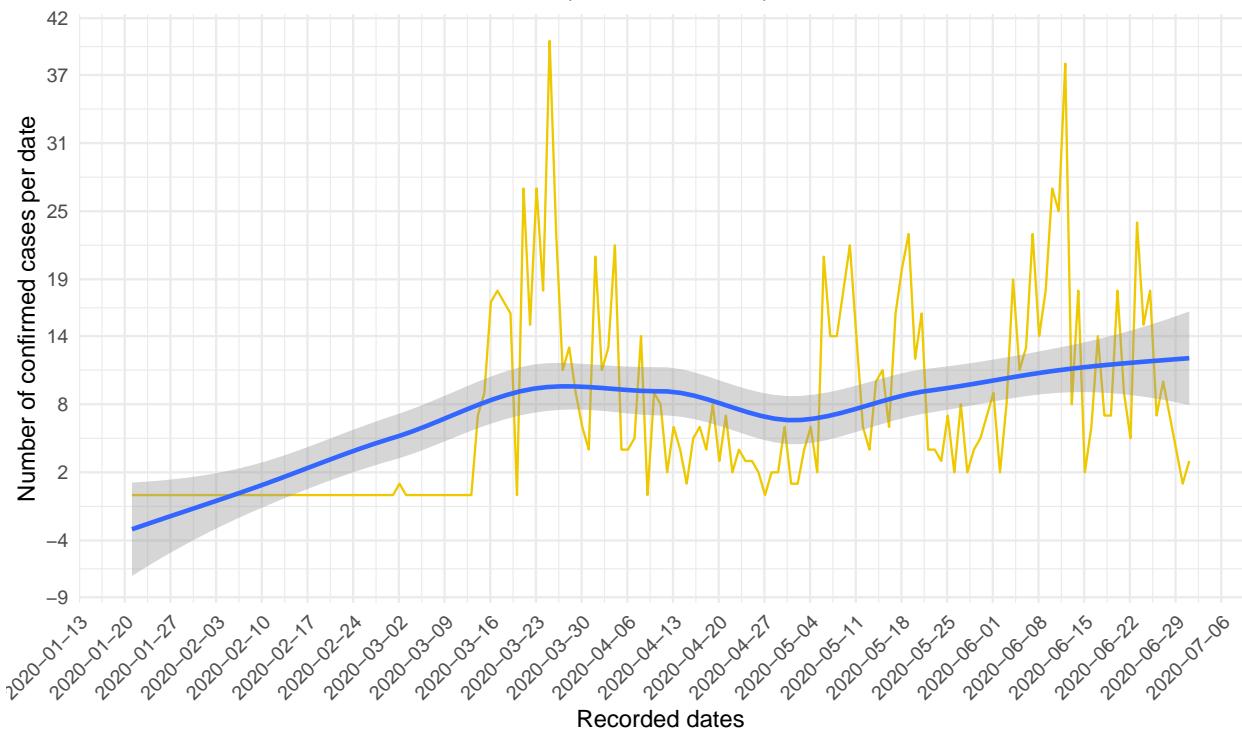

Japan – confirmed cases over time, total cases: 19,055

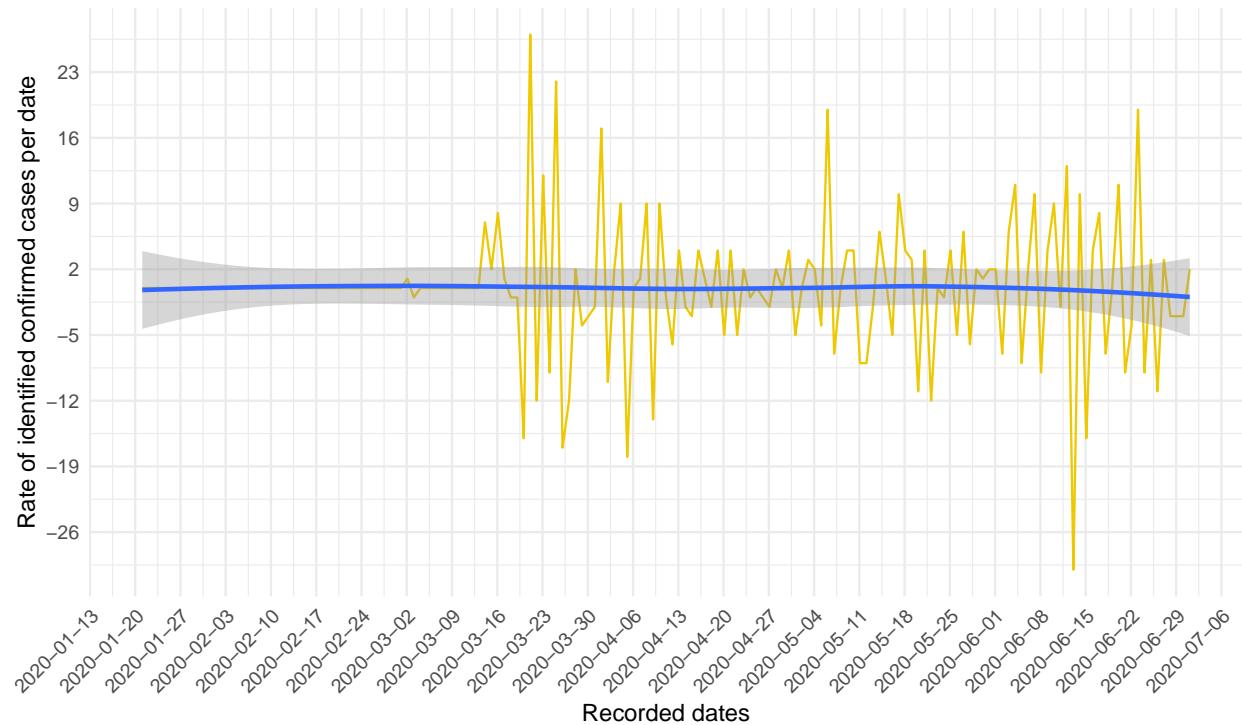

Japan – rate of increase of confirmed cases over time

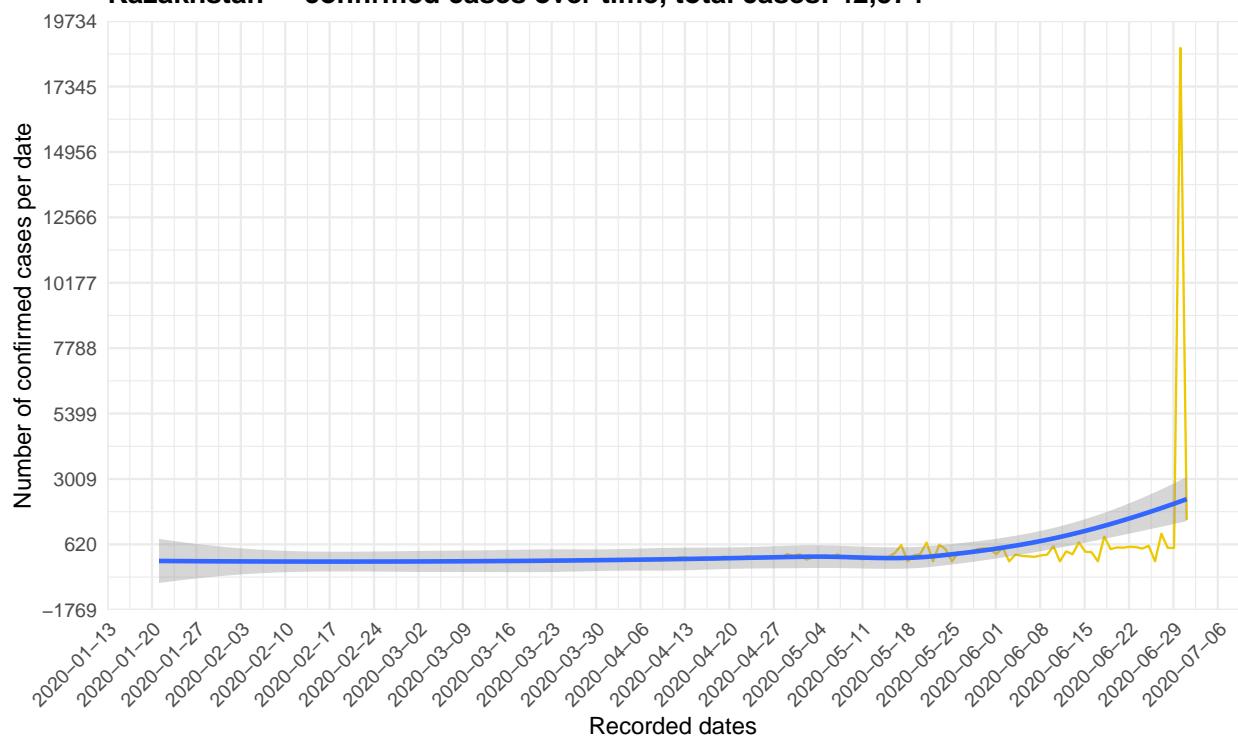

Jordan – confirmed cases over time, total cases: 1,136

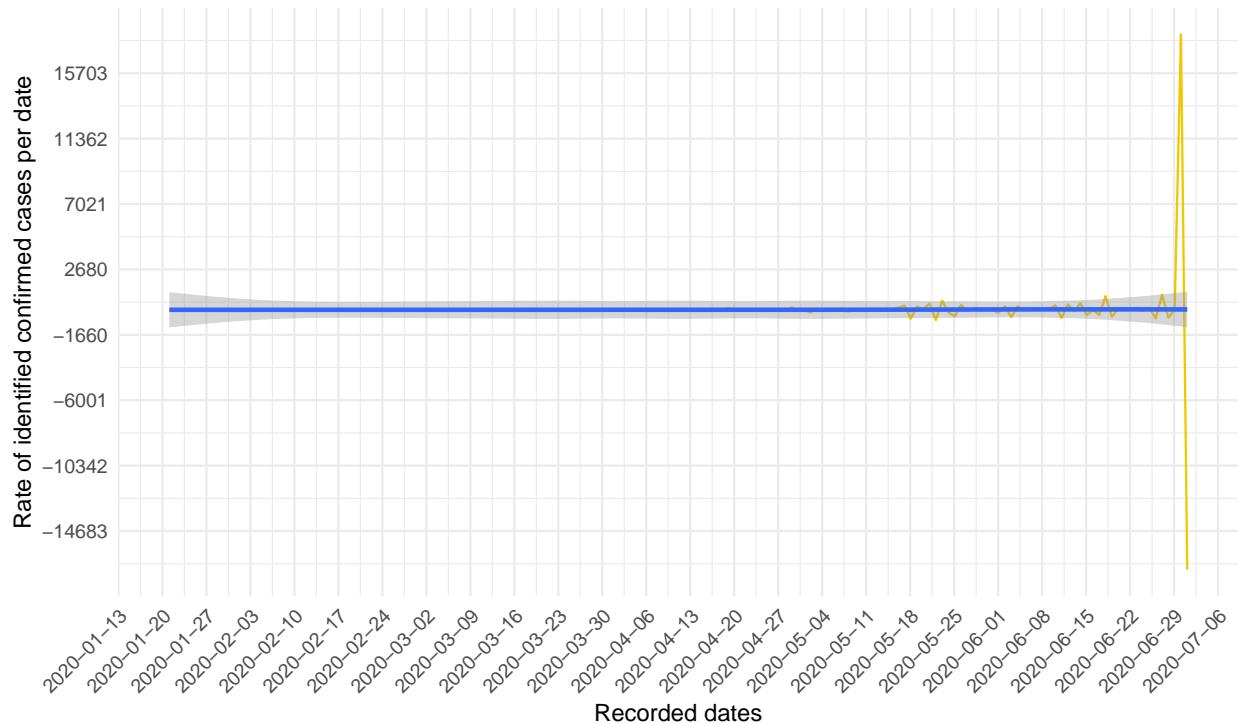

Jordan – rate of increase of confirmed cases over time

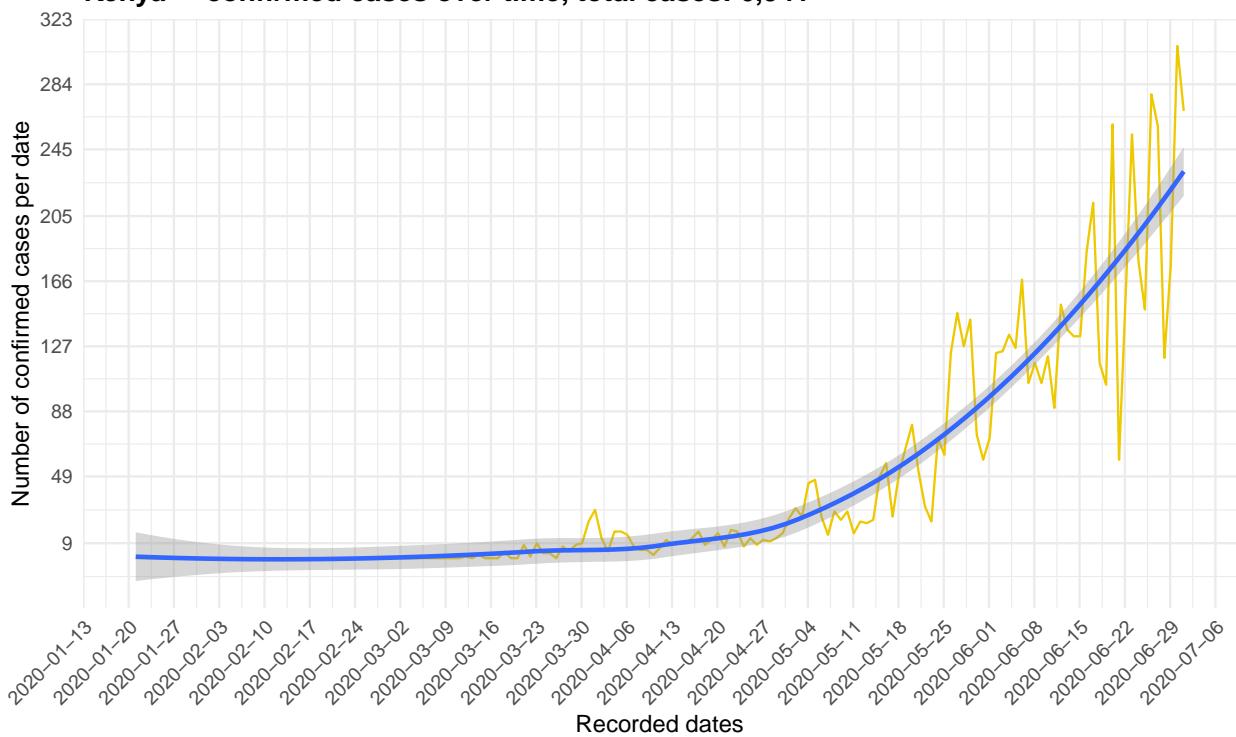

Kazakhstan – confirmed cases over time, total cases: 42,574

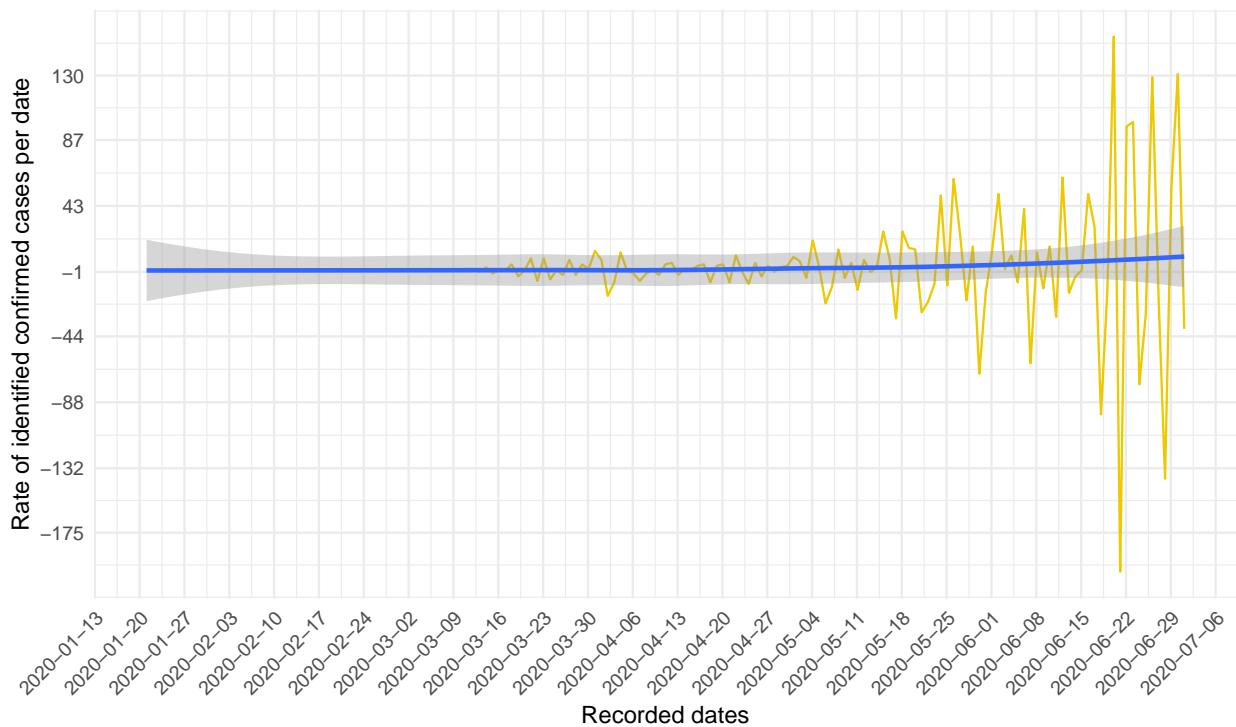

Kazakhstan – rate of increase of confirmed cases over time

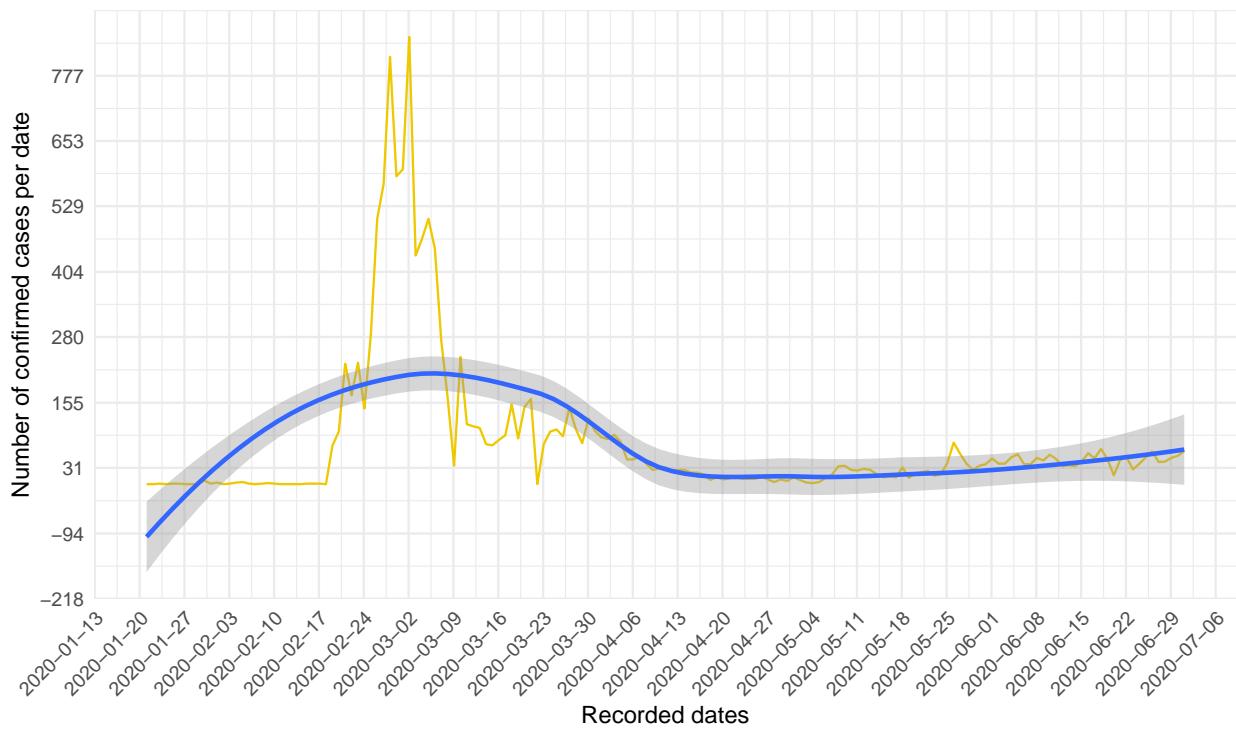

Kenya – confirmed cases over time, total cases: 6,941

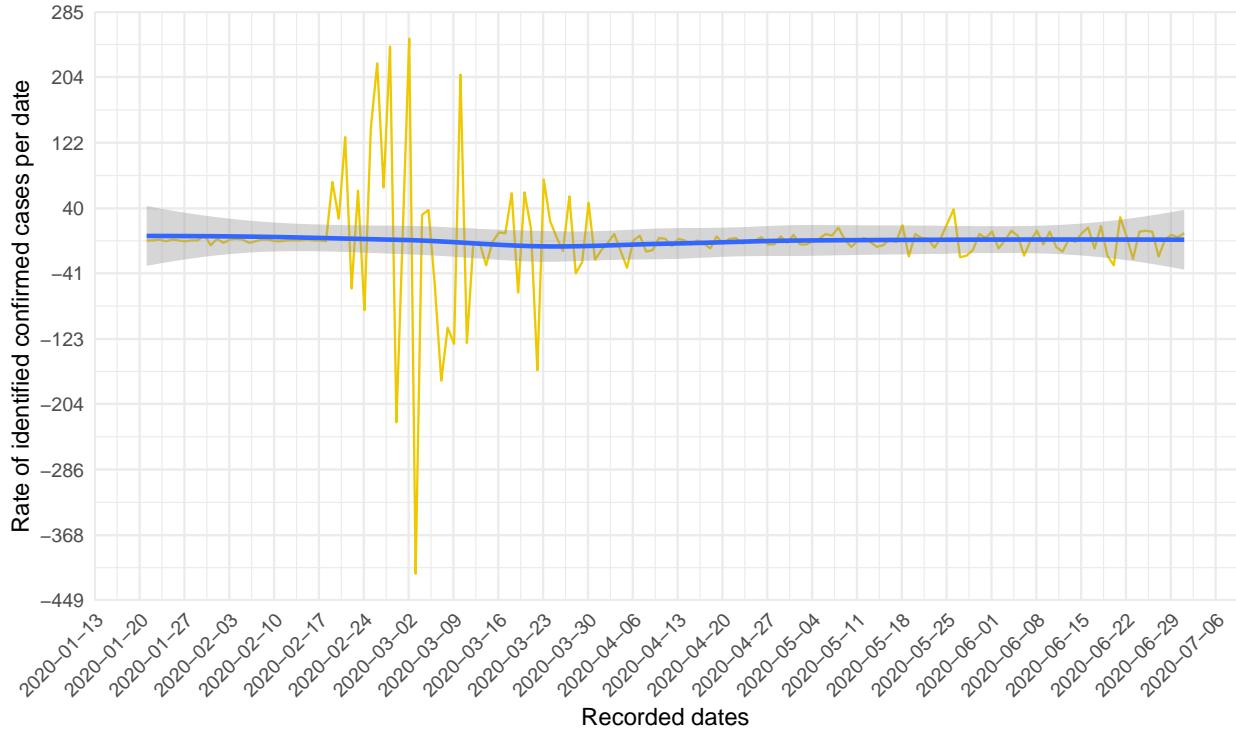

Kenya – rate of increase of confirmed cases over time

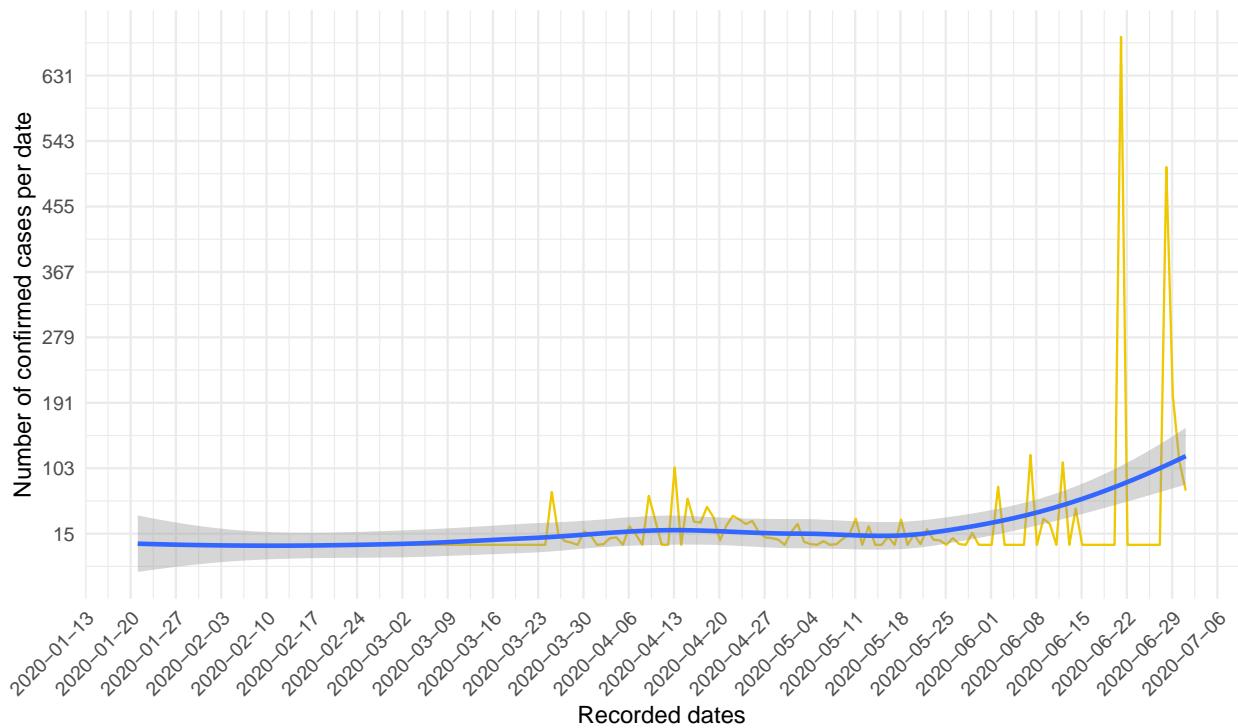

Korea, South – confirmed cases over time, total cases: 12,967

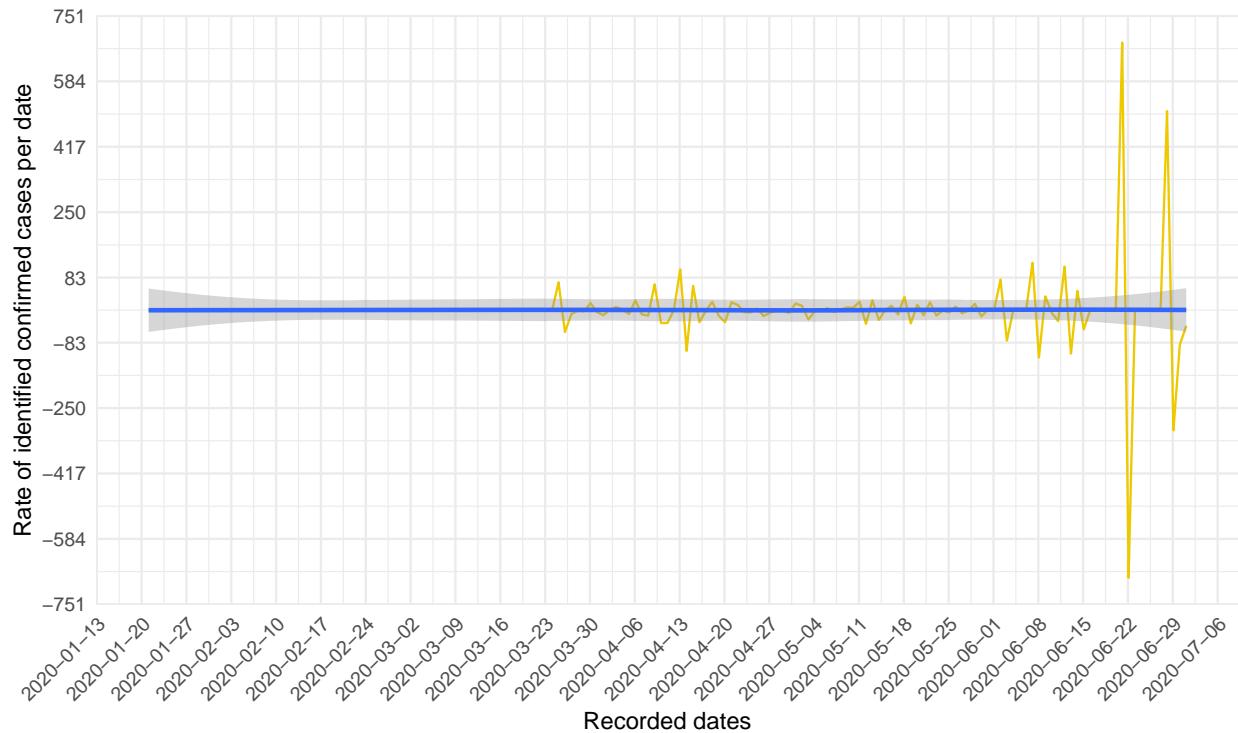

Korea, South – rate of increase of confirmed cases over time

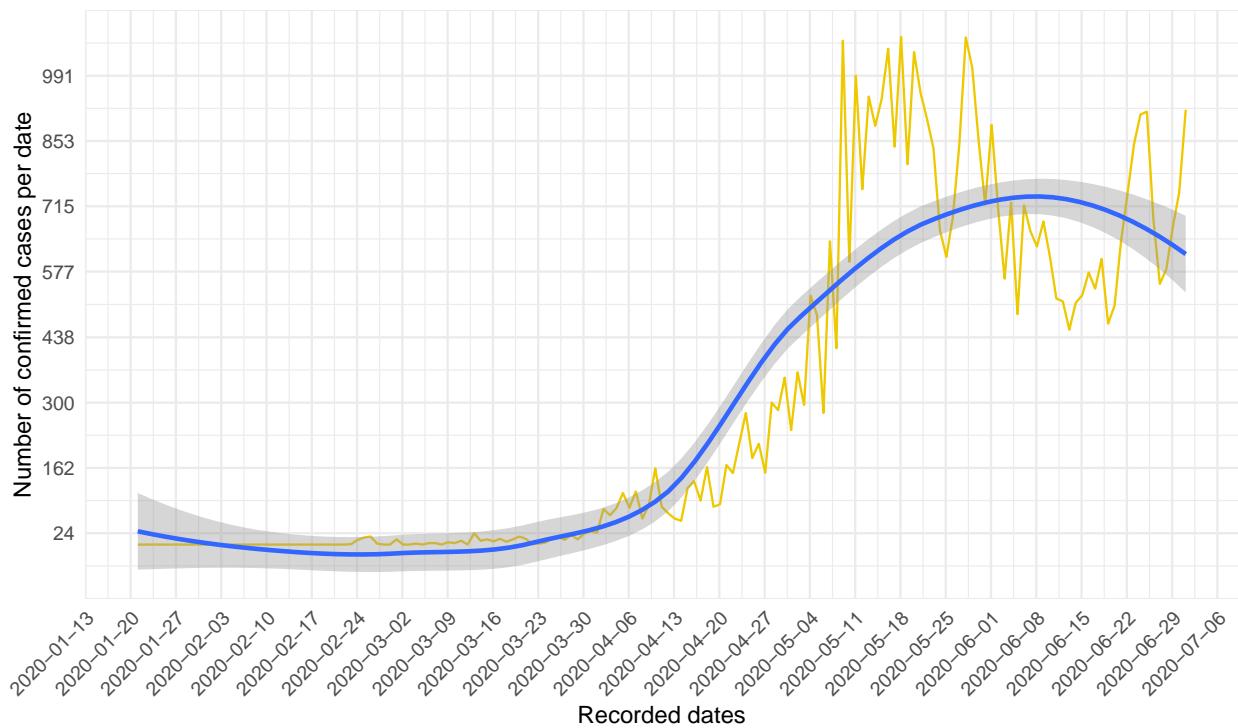

Kosovo – confirmed cases over time, total cases: 3,064

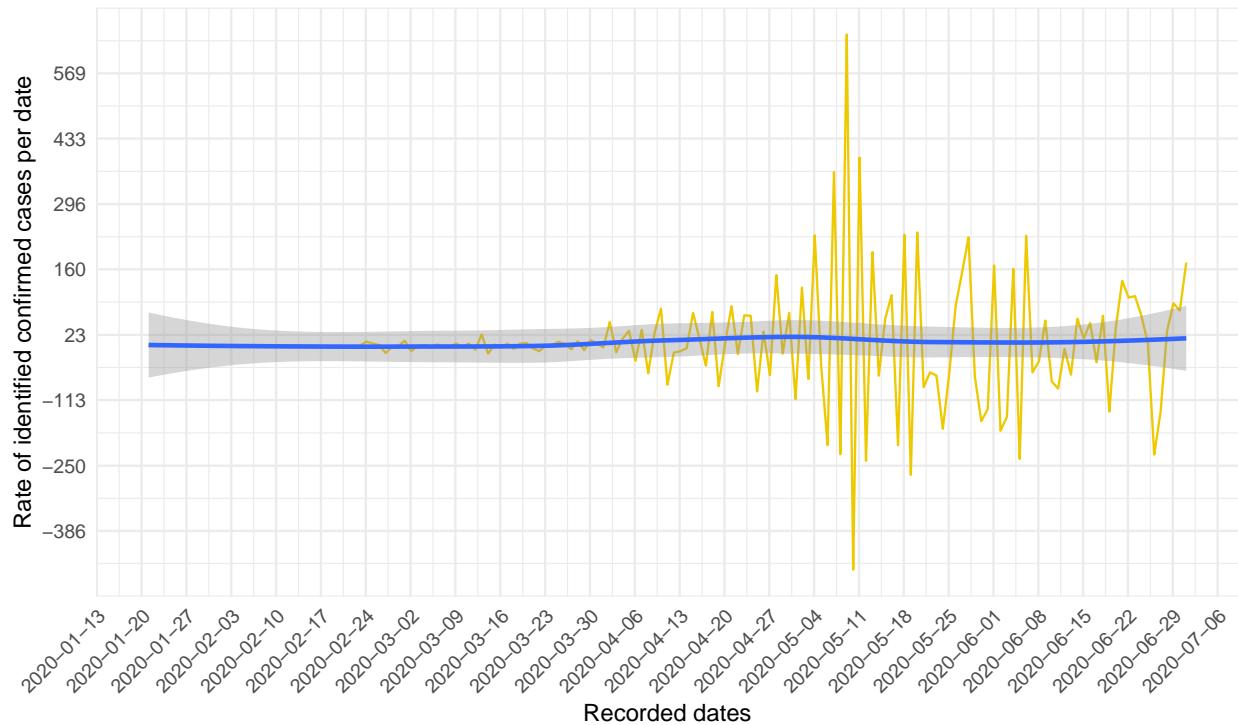

Kosovo – rate of increase of confirmed cases over time

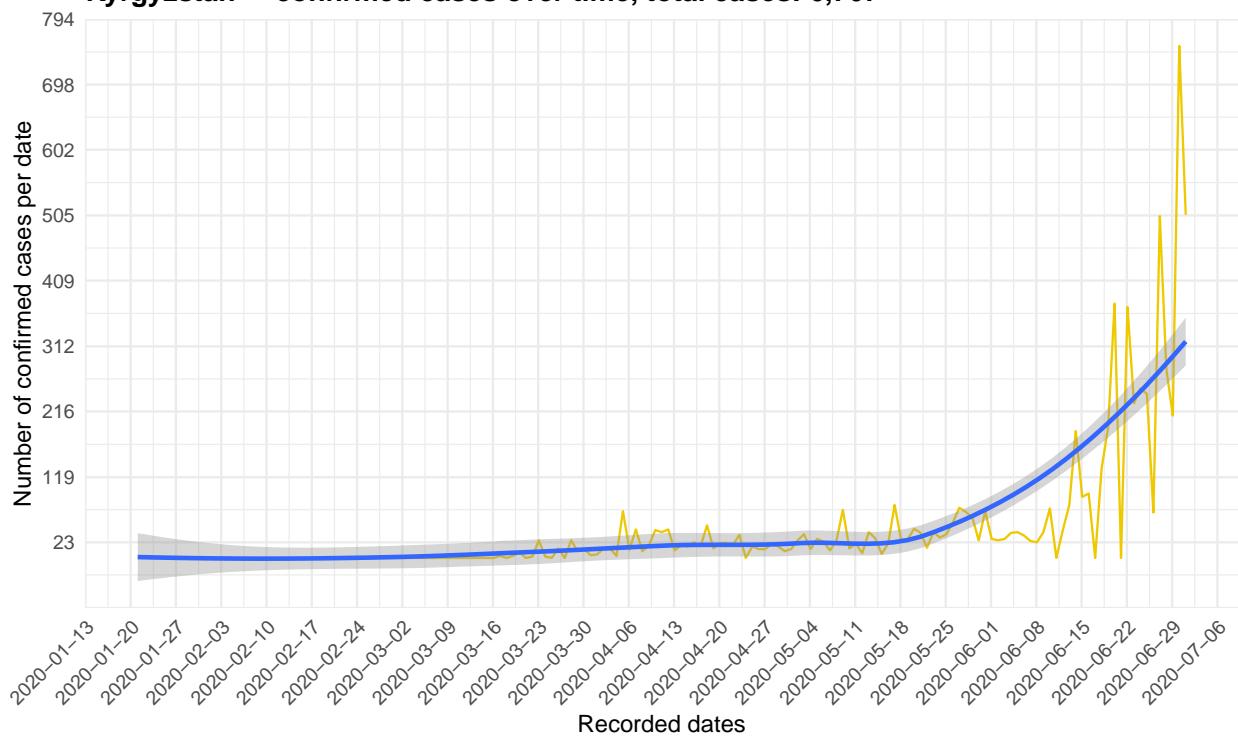

Kuwait – confirmed cases over time, total cases: 47,859

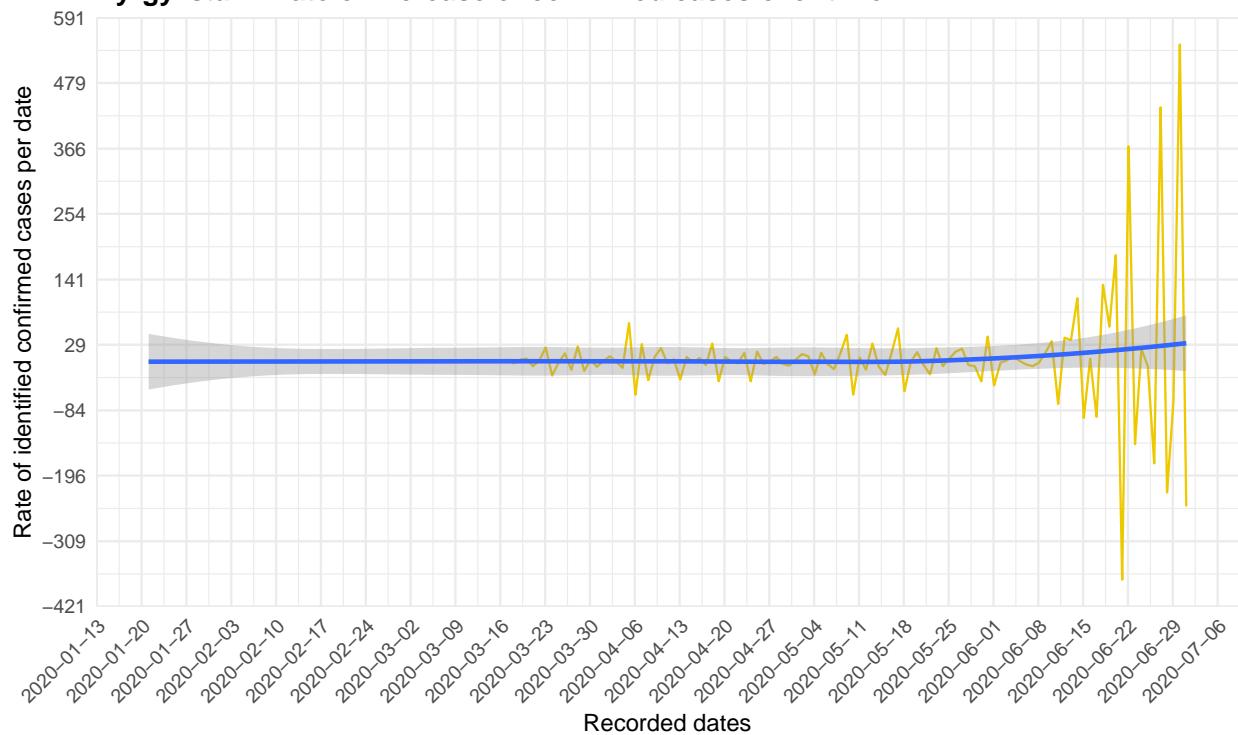

Kuwait – rate of increase of confirmed cases over time

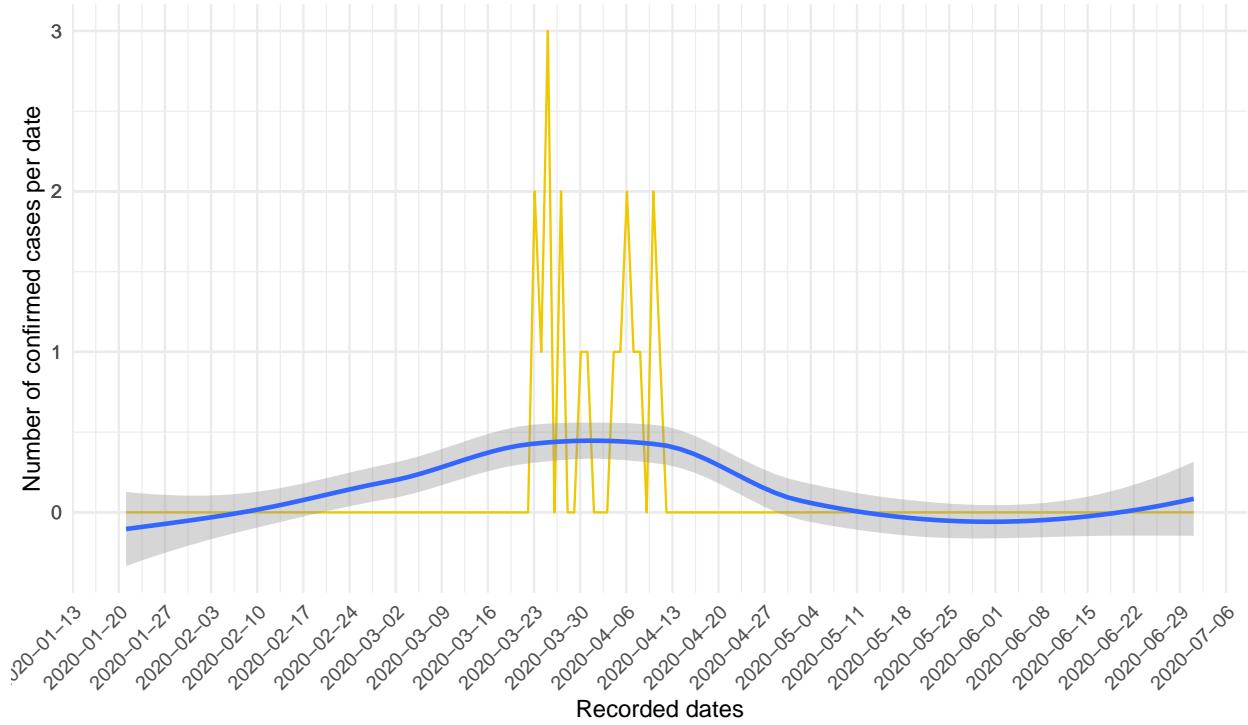

Kyrgyzstan – confirmed cases over time, total cases: 6,767

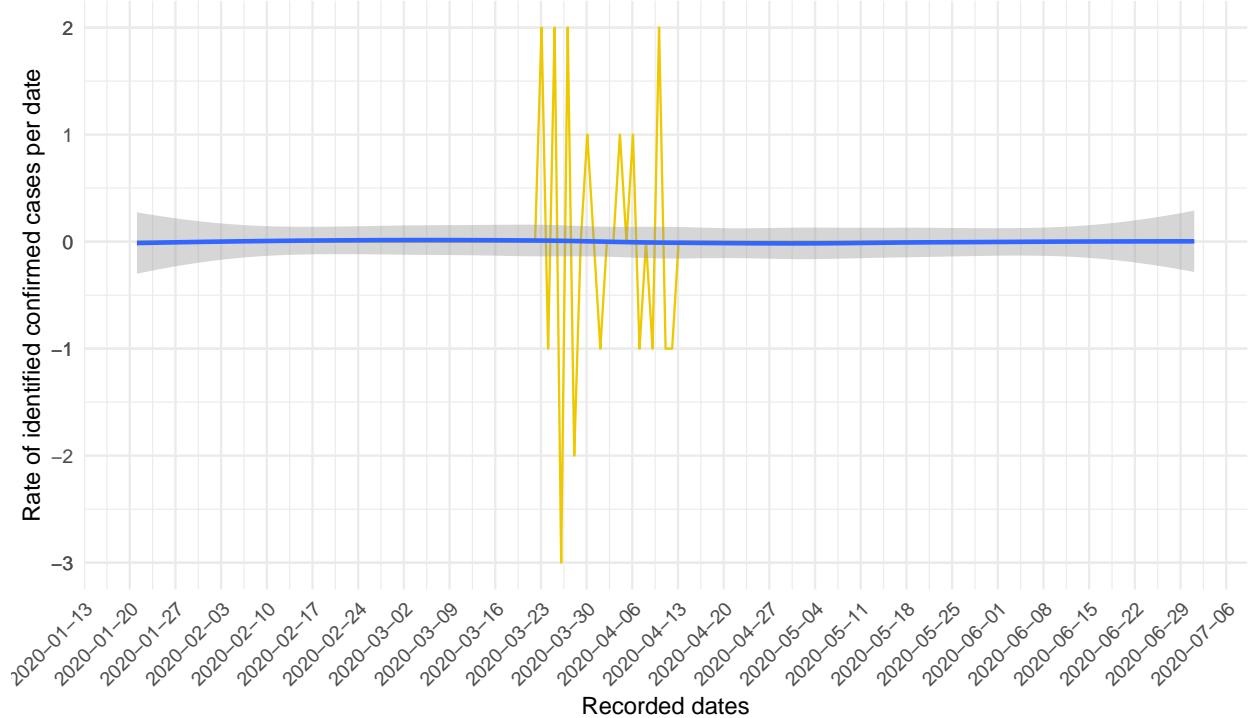

Kyrgyzstan – rate of increase of confirmed cases over time

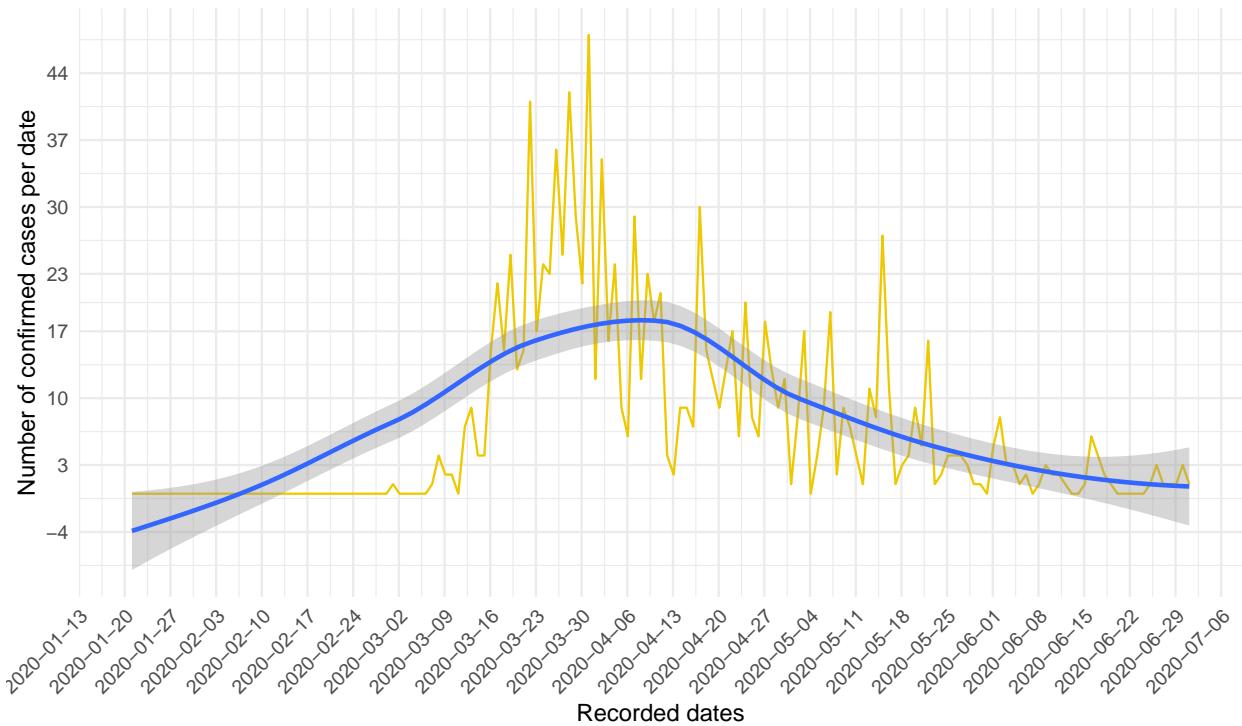

Laos – confirmed cases over time, total cases: 19

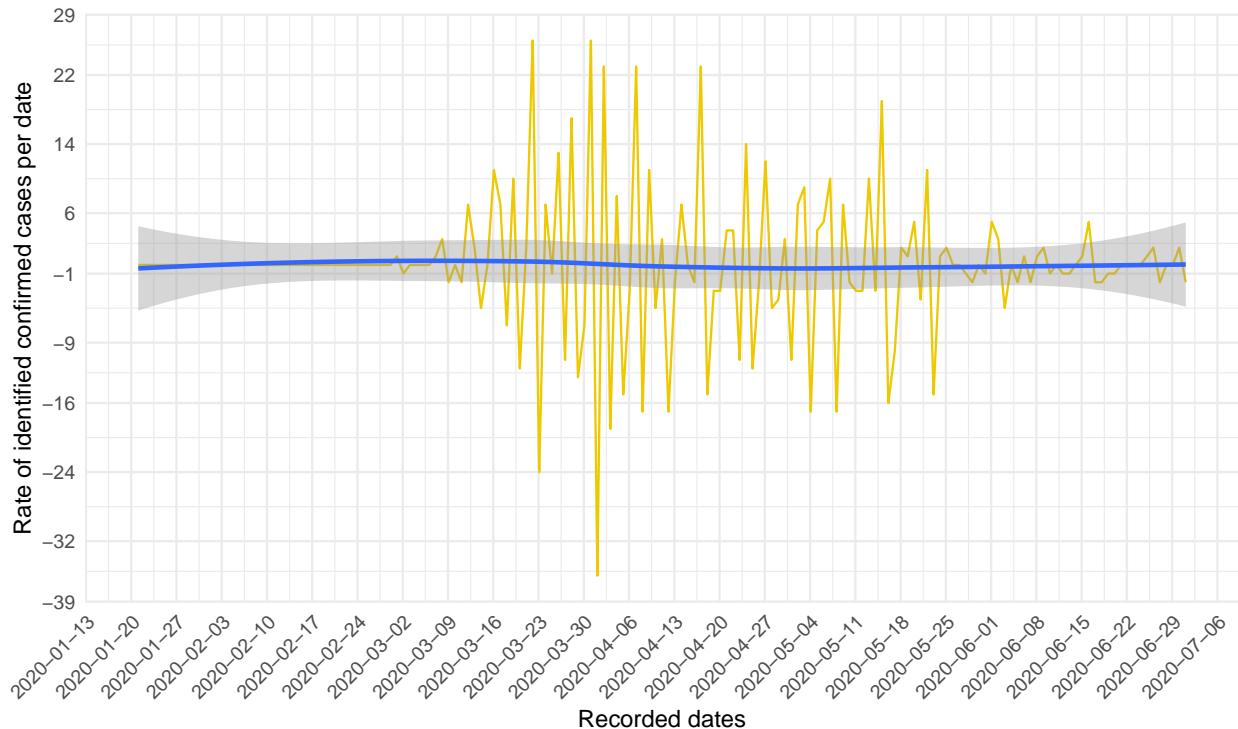

Laos – rate of increase of confirmed cases over time

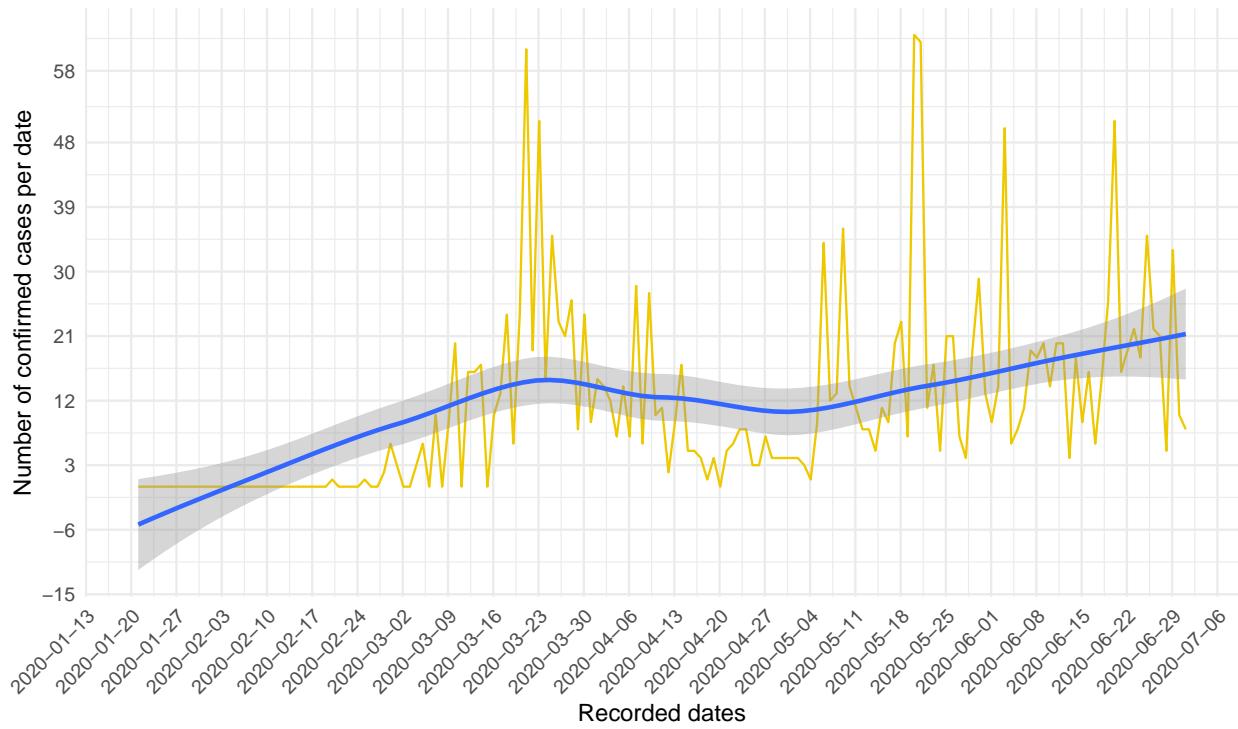

Latvia – confirmed cases over time, total cases: 1,122

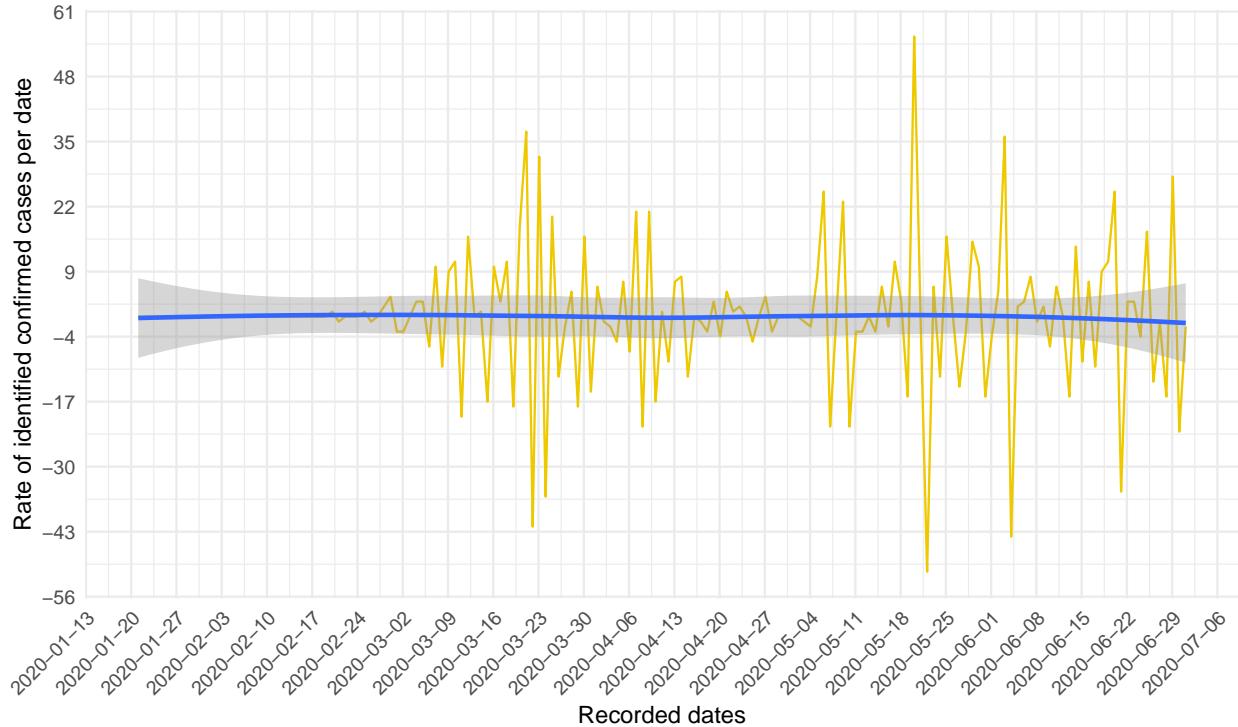

Latvia – rate of increase of confirmed cases over time

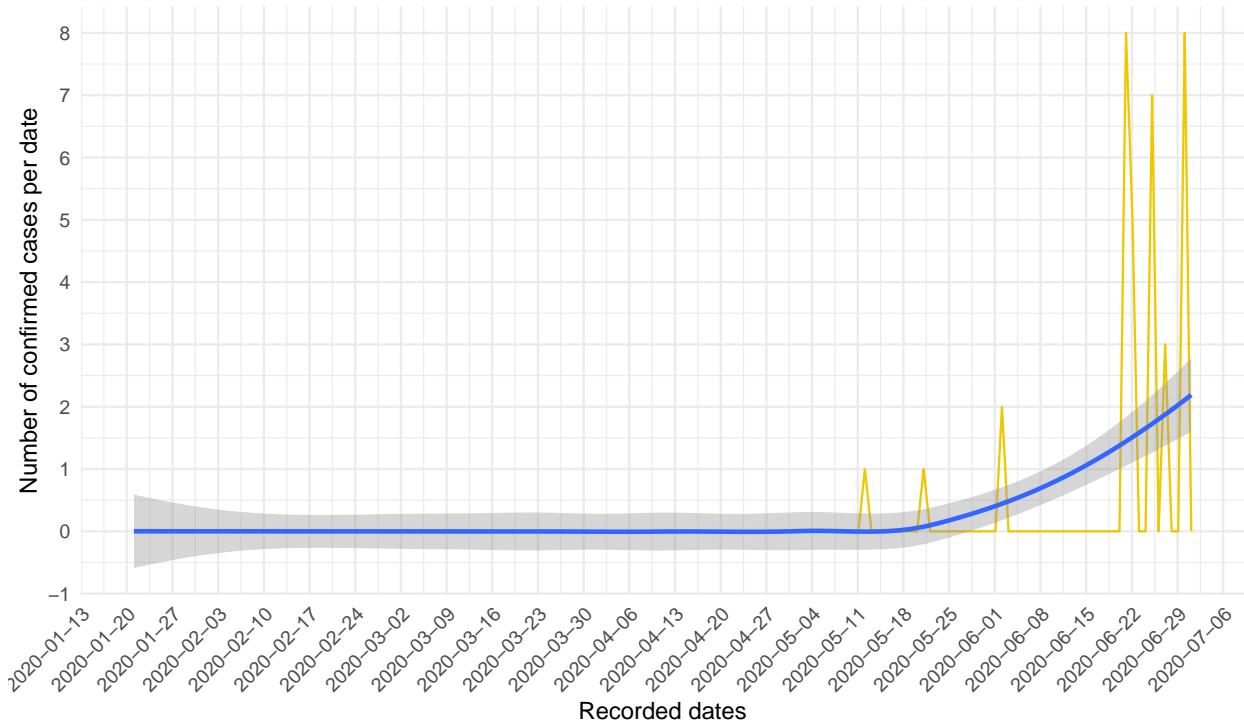

Lebanon – confirmed cases over time, total cases: 1,796

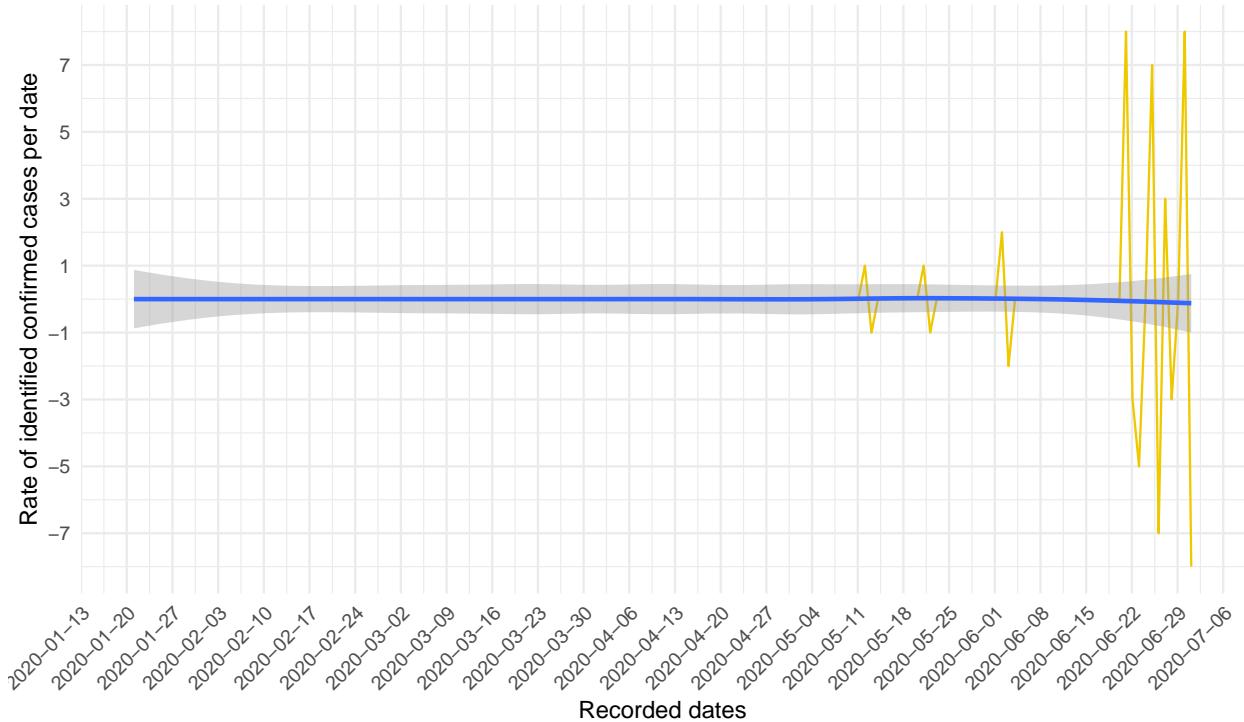

Lebanon – rate of increase of confirmed cases over time

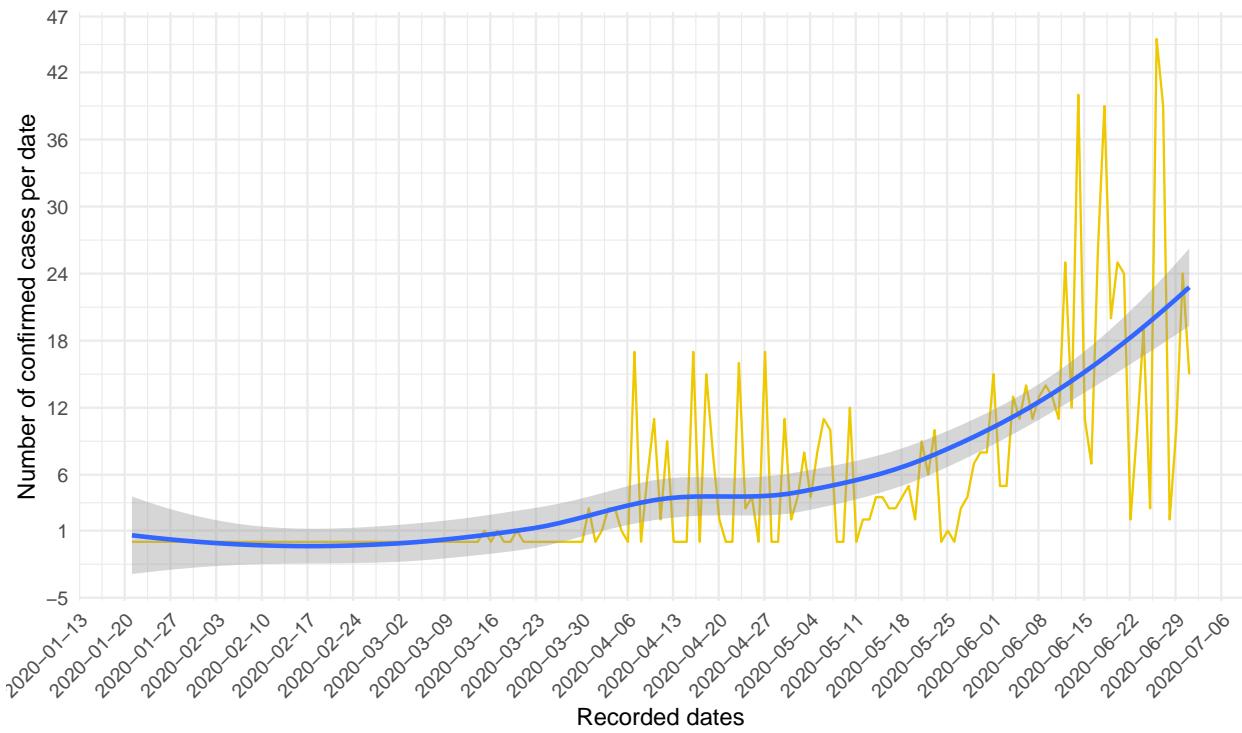

Lesotho – confirmed cases over time, total cases: 35

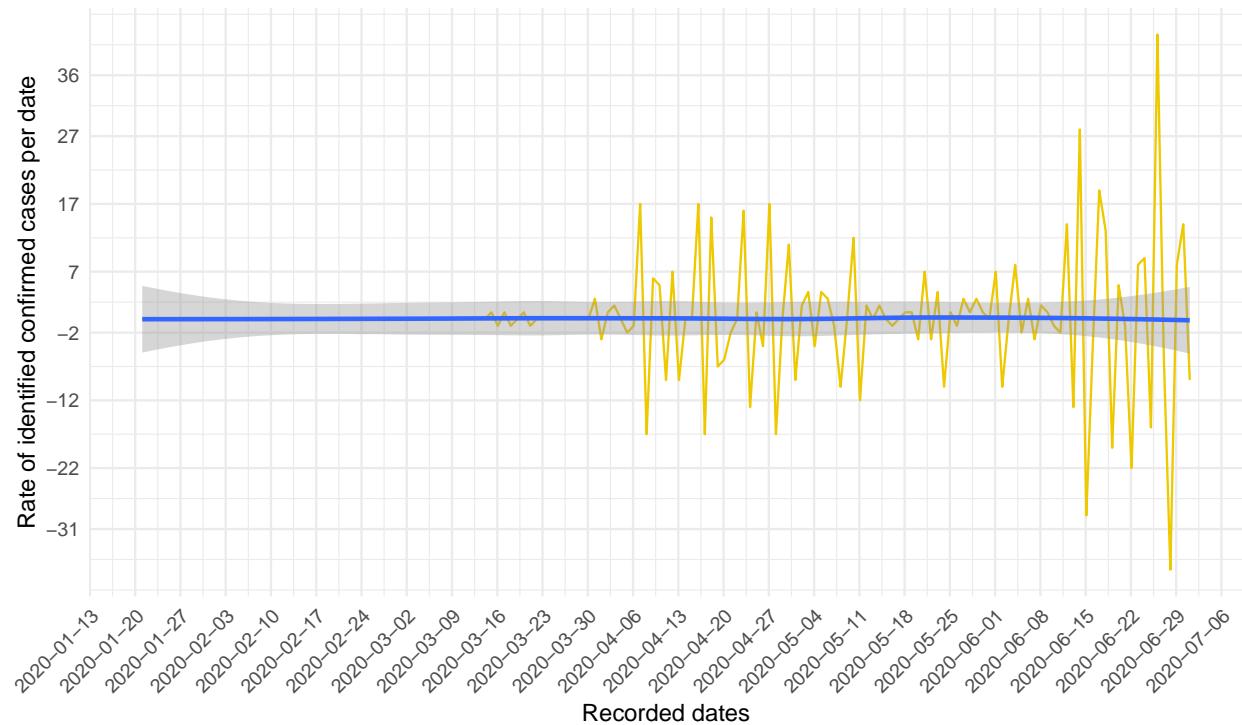

Lesotho – rate of increase of confirmed cases over time

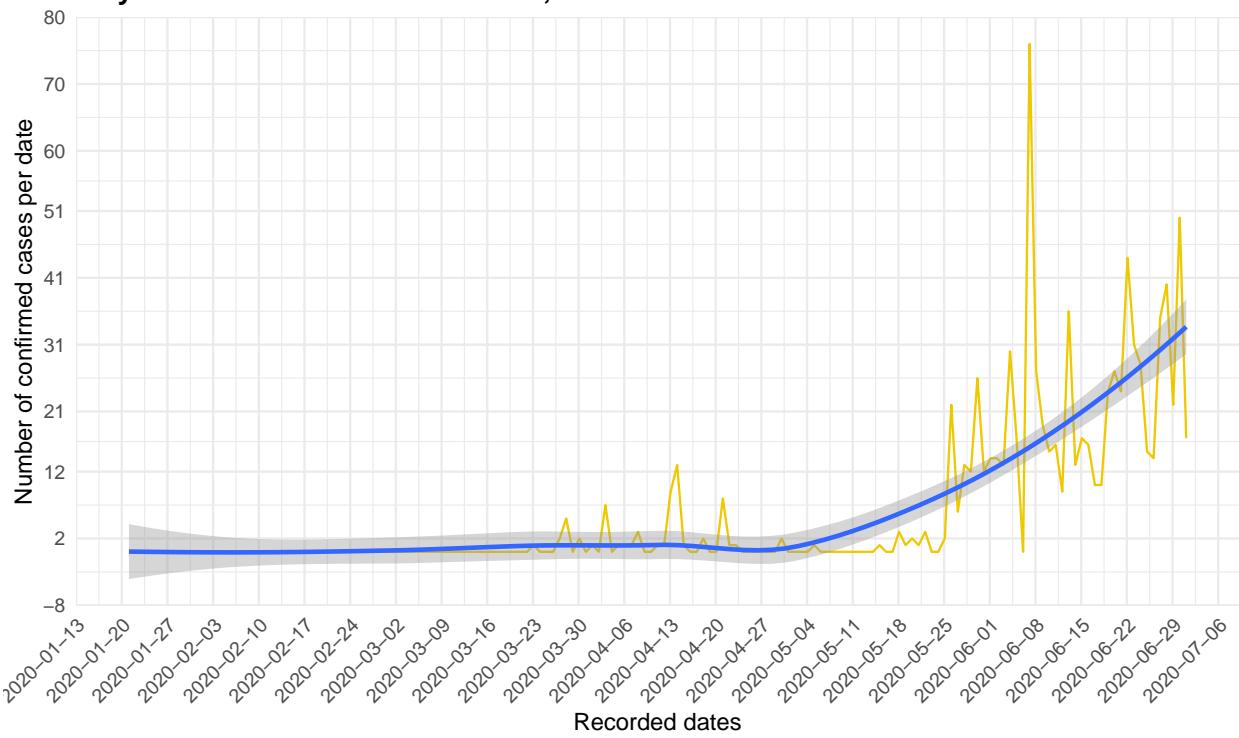

Liberia – confirmed cases over time, total cases: 819

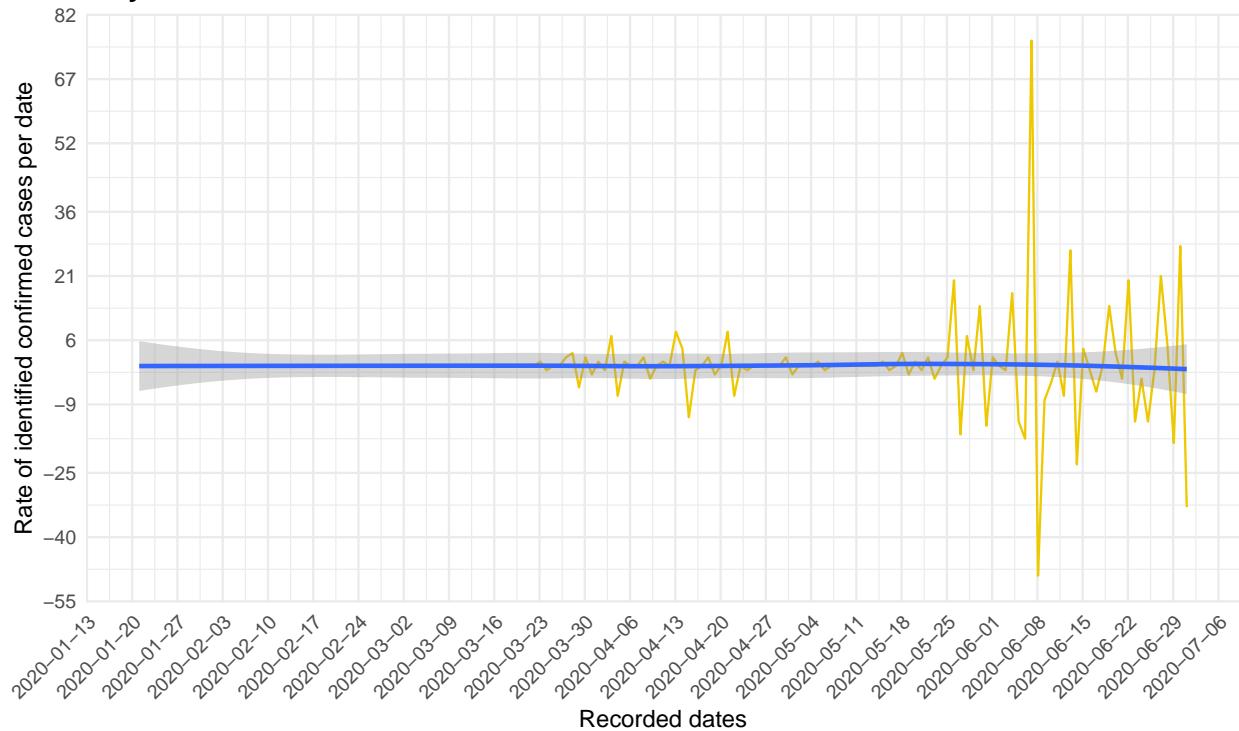

Liberia – rate of increase of confirmed cases over time

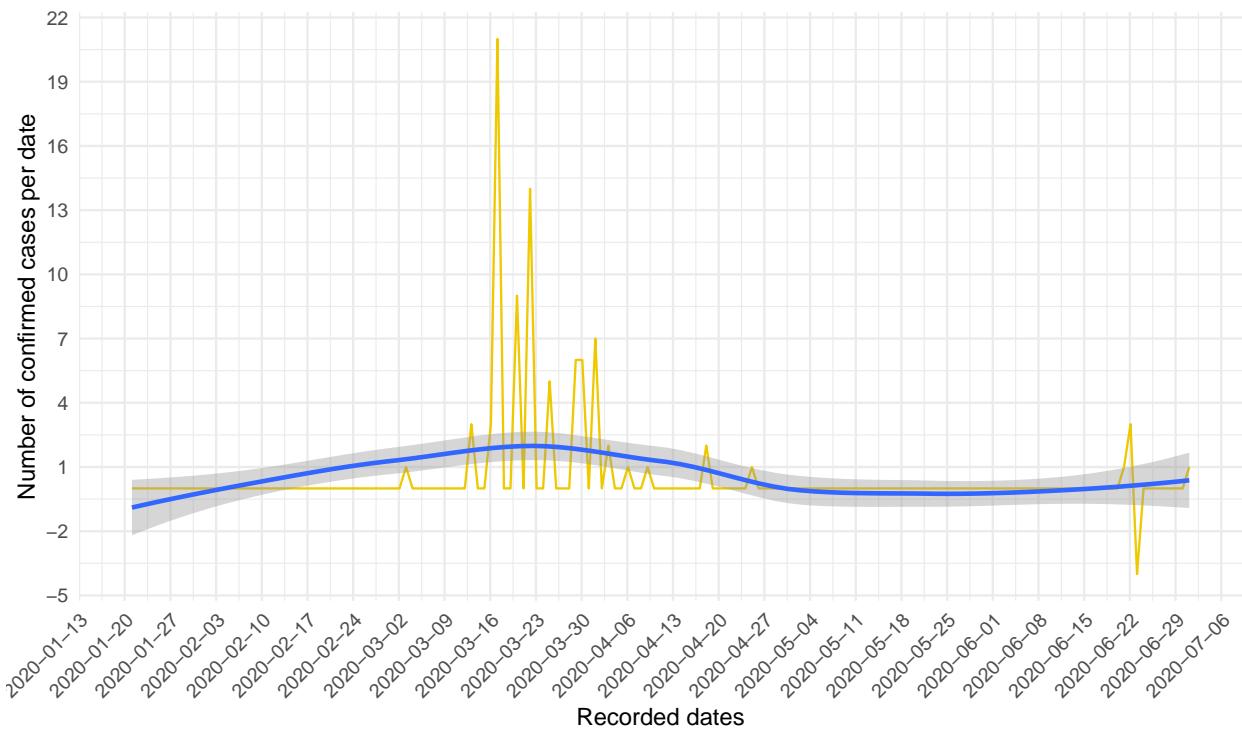

Libya – confirmed cases over time, total cases: 891

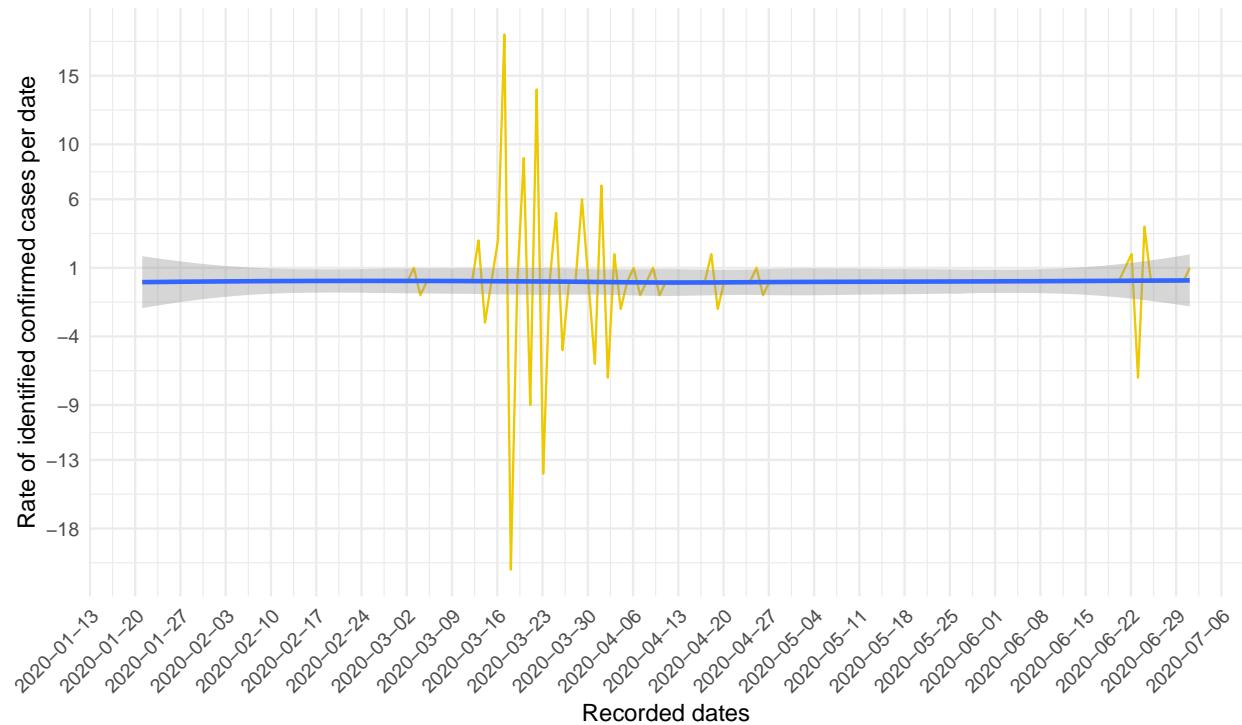

Libya – rate of increase of confirmed cases over time

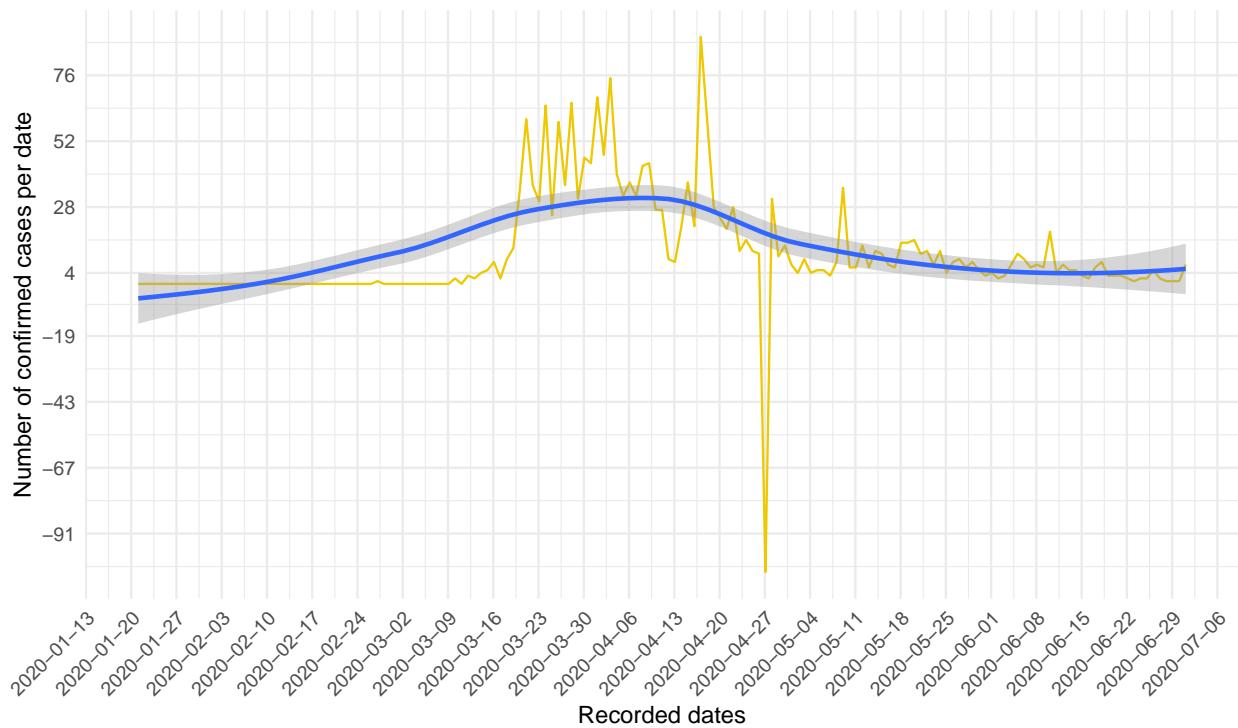

Liechtenstein – confirmed cases over time, total cases: 83

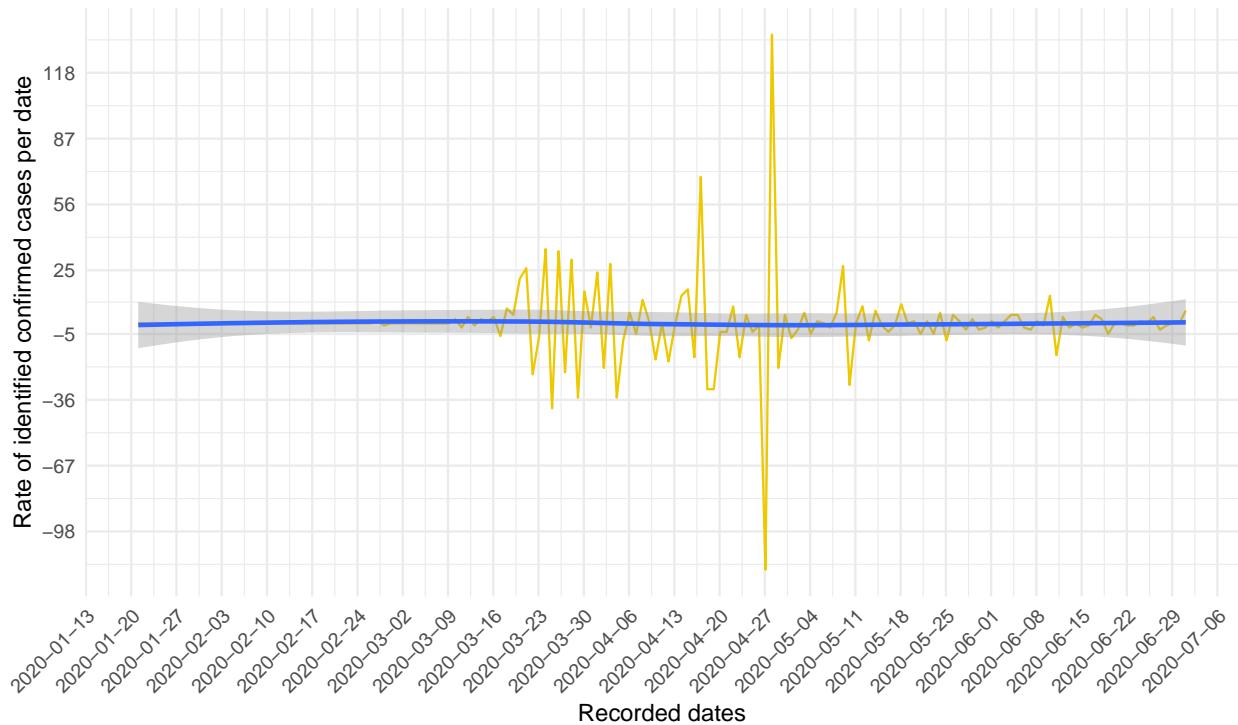

Liechtenstein – rate of increase of confirmed cases over time

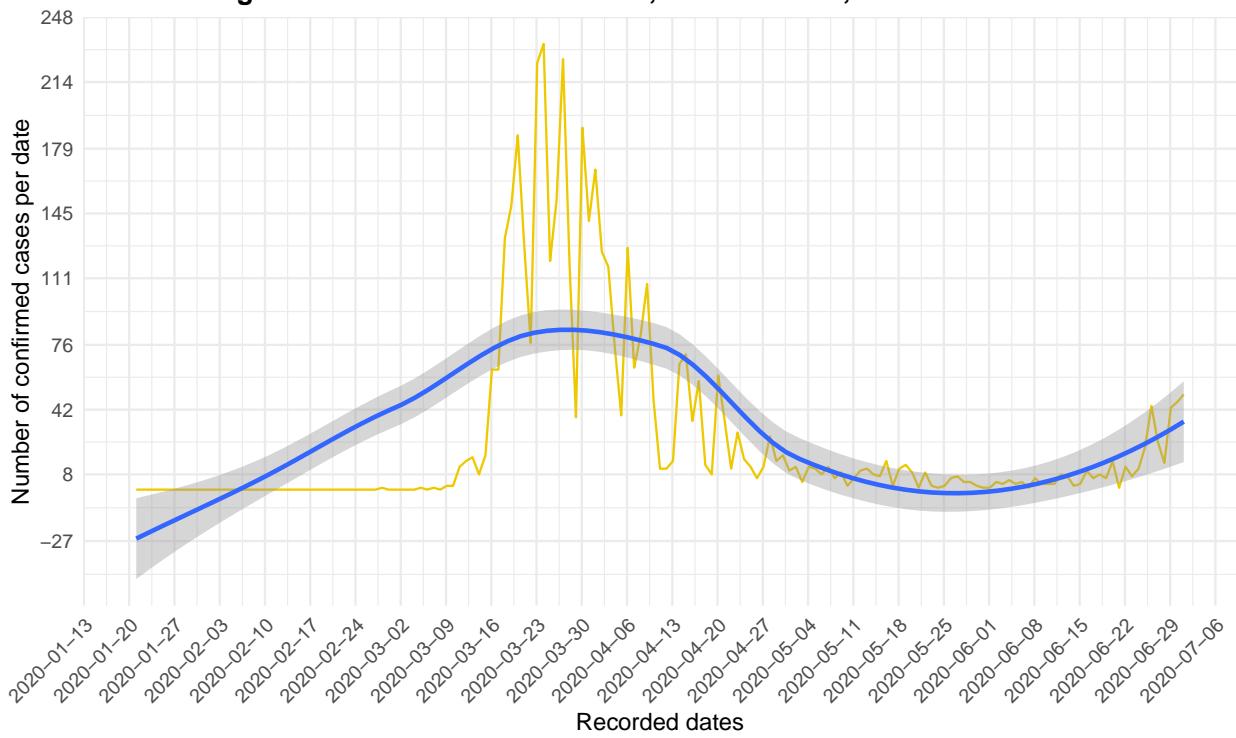

Lithuania – confirmed cases over time, total cases: 1,825

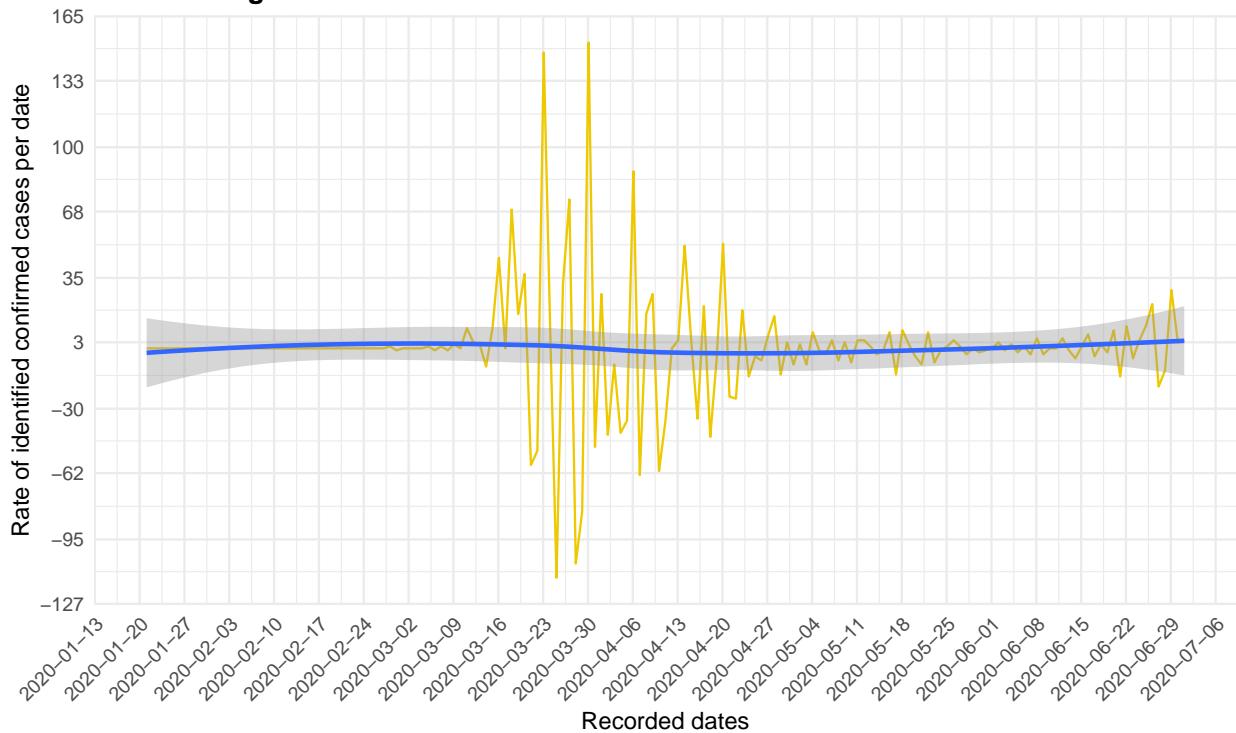

Lithuania – rate of increase of confirmed cases over time

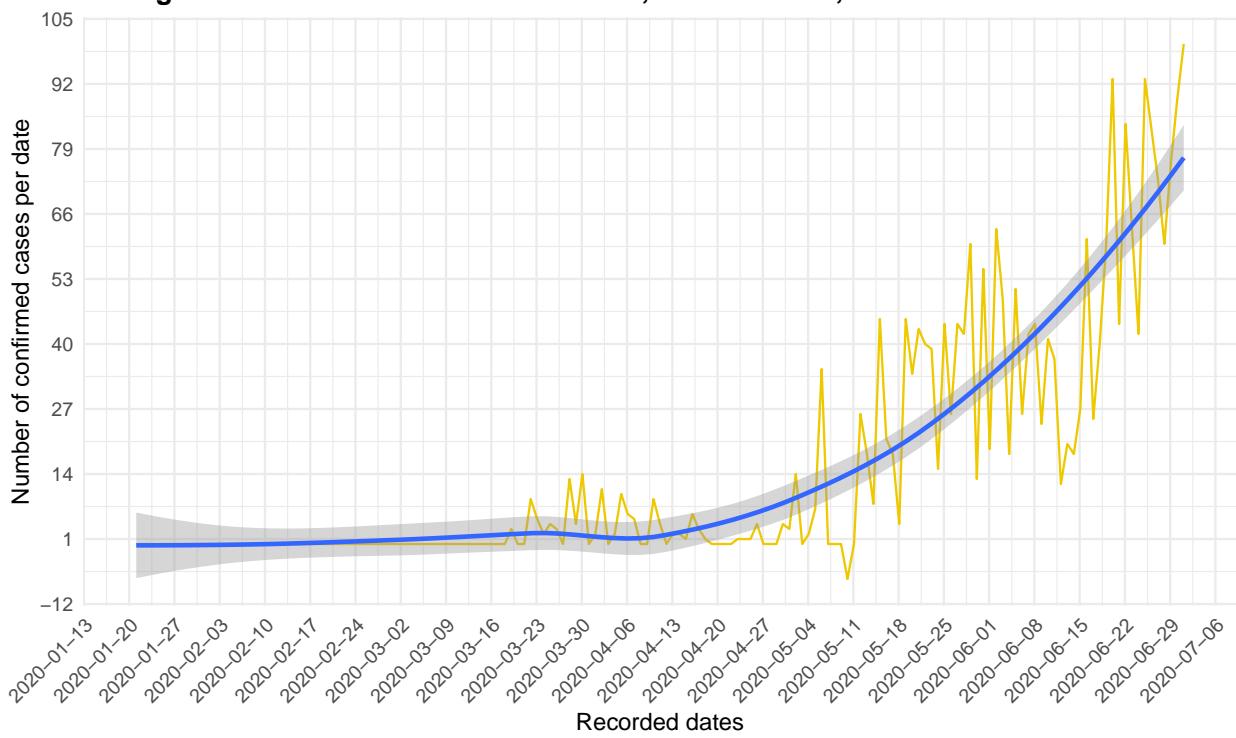

Luxembourg – confirmed cases over time, total cases: 4,395

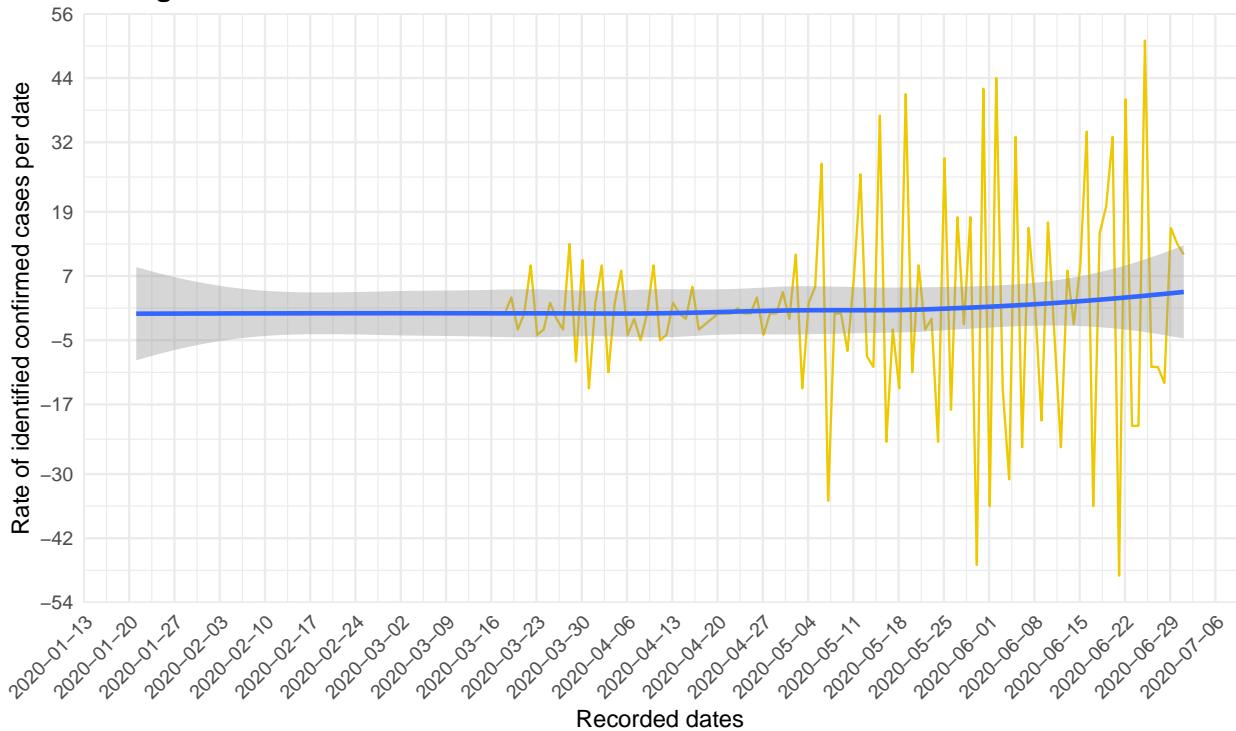

Luxembourg – rate of increase of confirmed cases over time

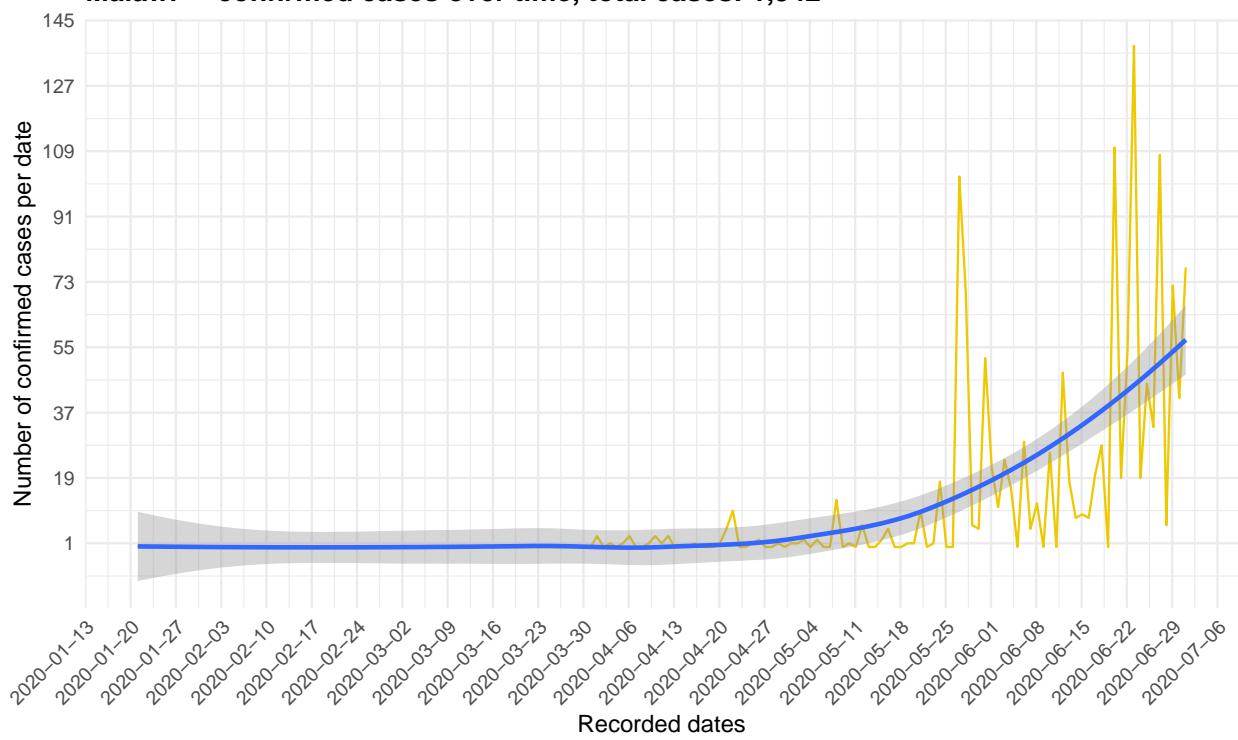

Madagascar – confirmed cases over time, total cases: 2,403

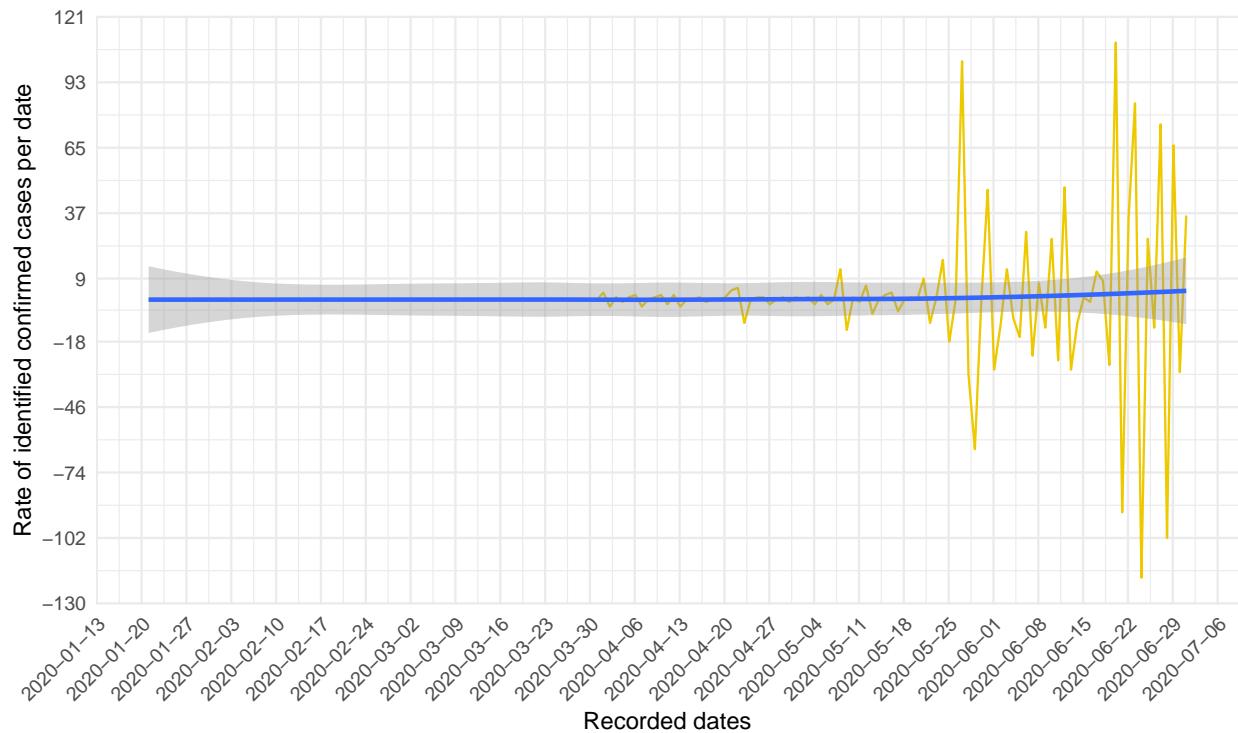

Madagascar – rate of increase of confirmed cases over time

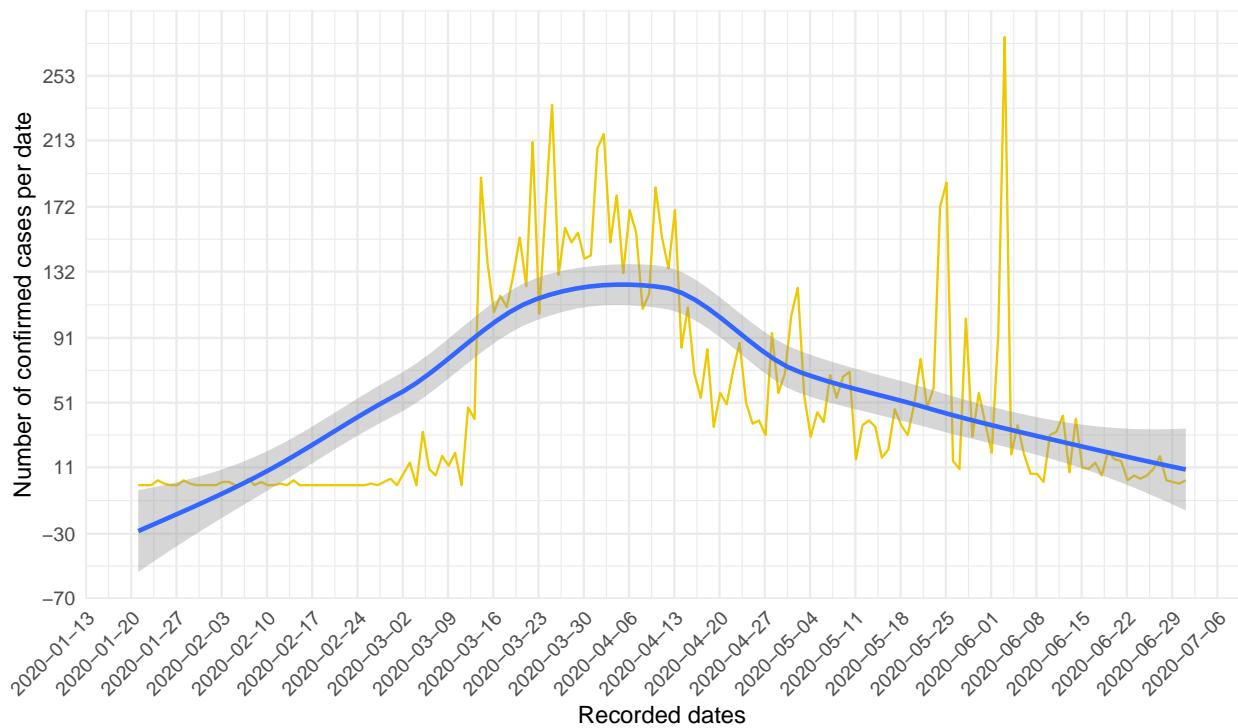

Malawi – confirmed cases over time, total cases: 1,342

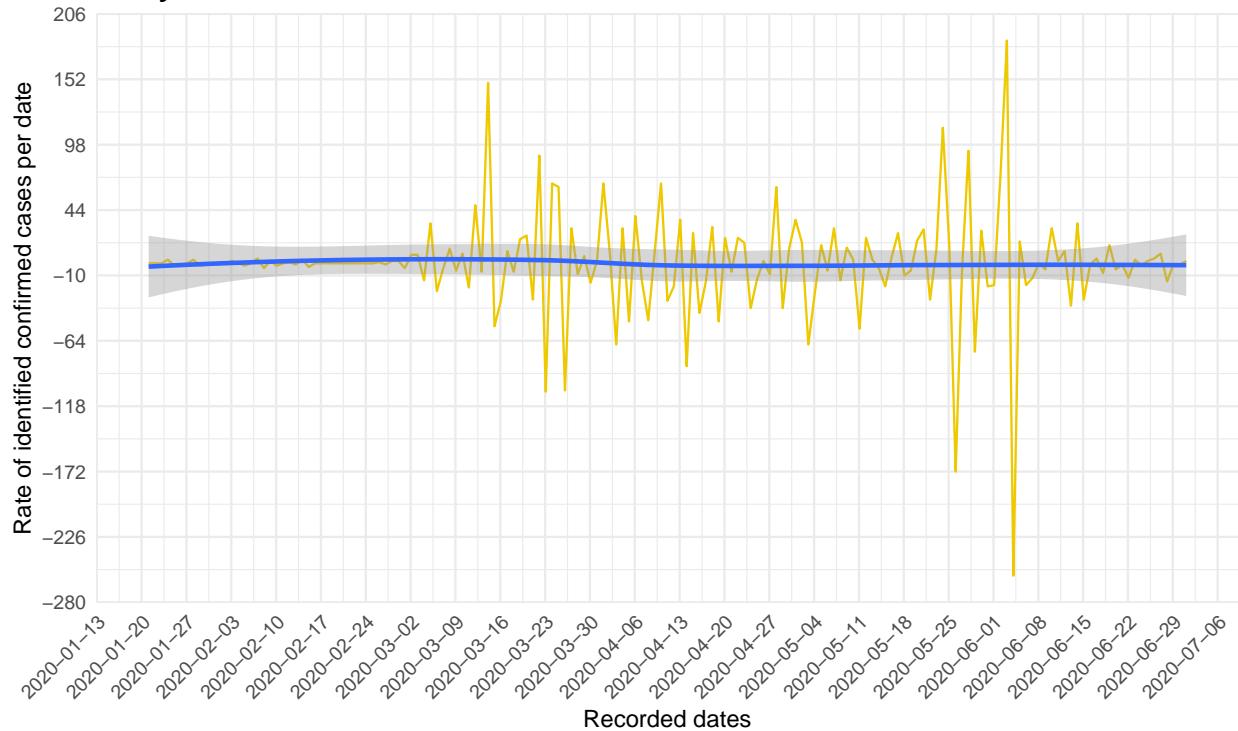

Malawi – rate of increase of confirmed cases over time

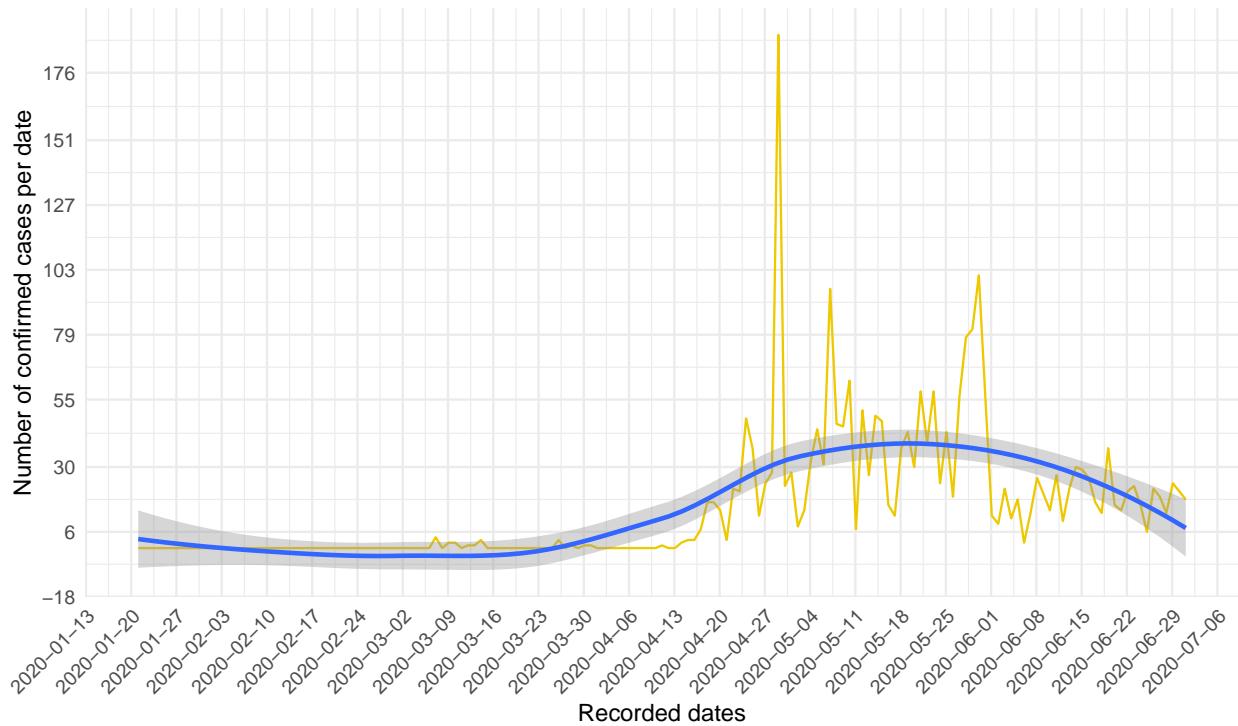

Malaysia – confirmed cases over time, total cases: 8,643

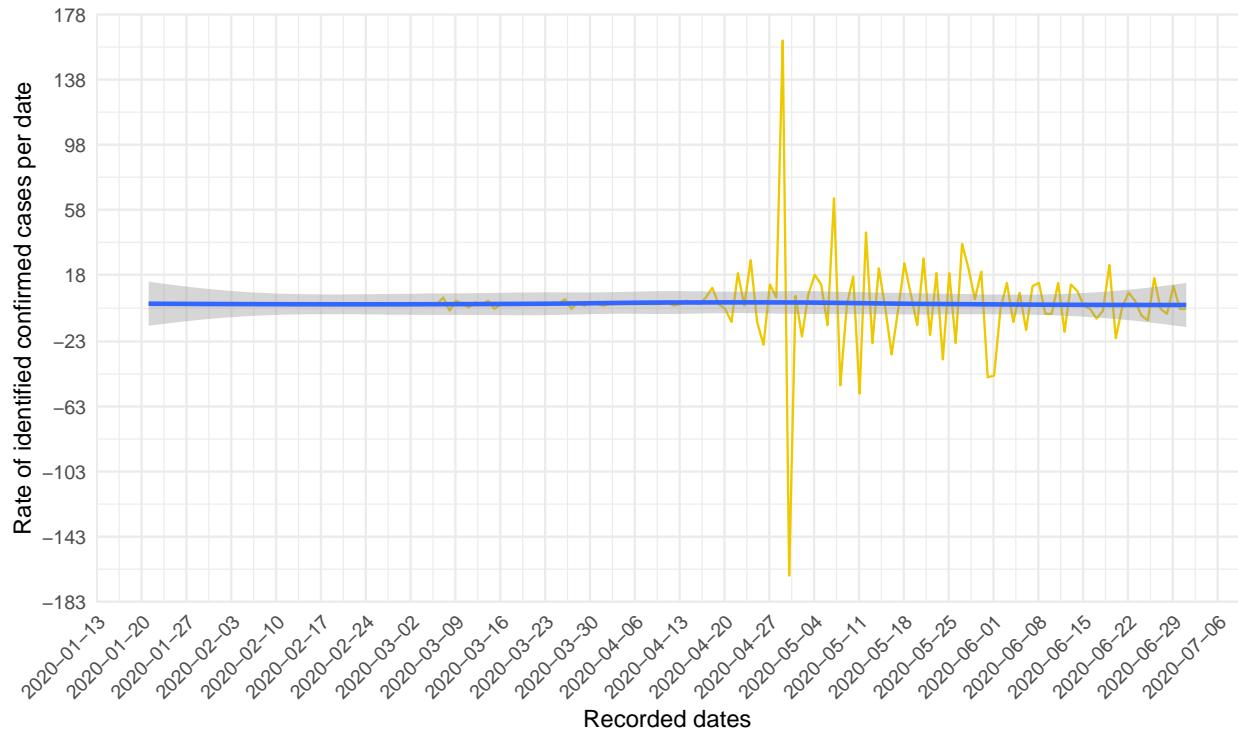

Malaysia – rate of increase of confirmed cases over time

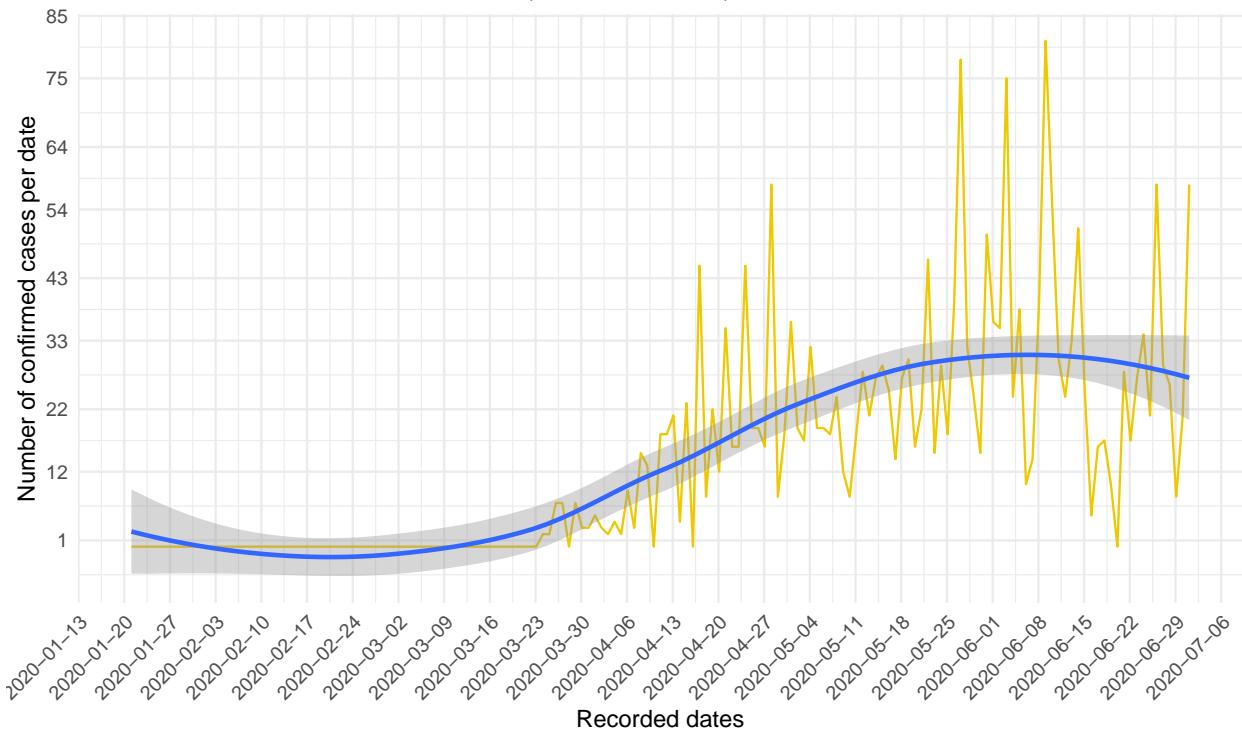

Maldives – confirmed cases over time, total cases: 2,400

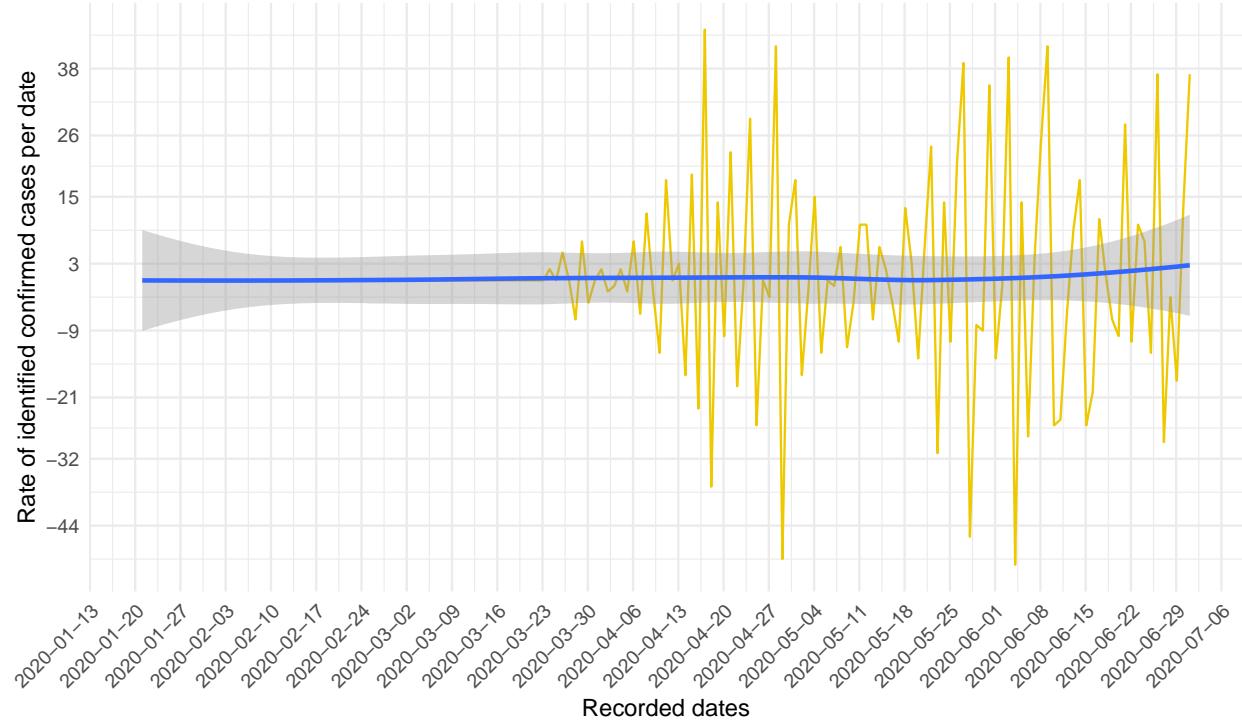

Maldives – rate of increase of confirmed cases over time

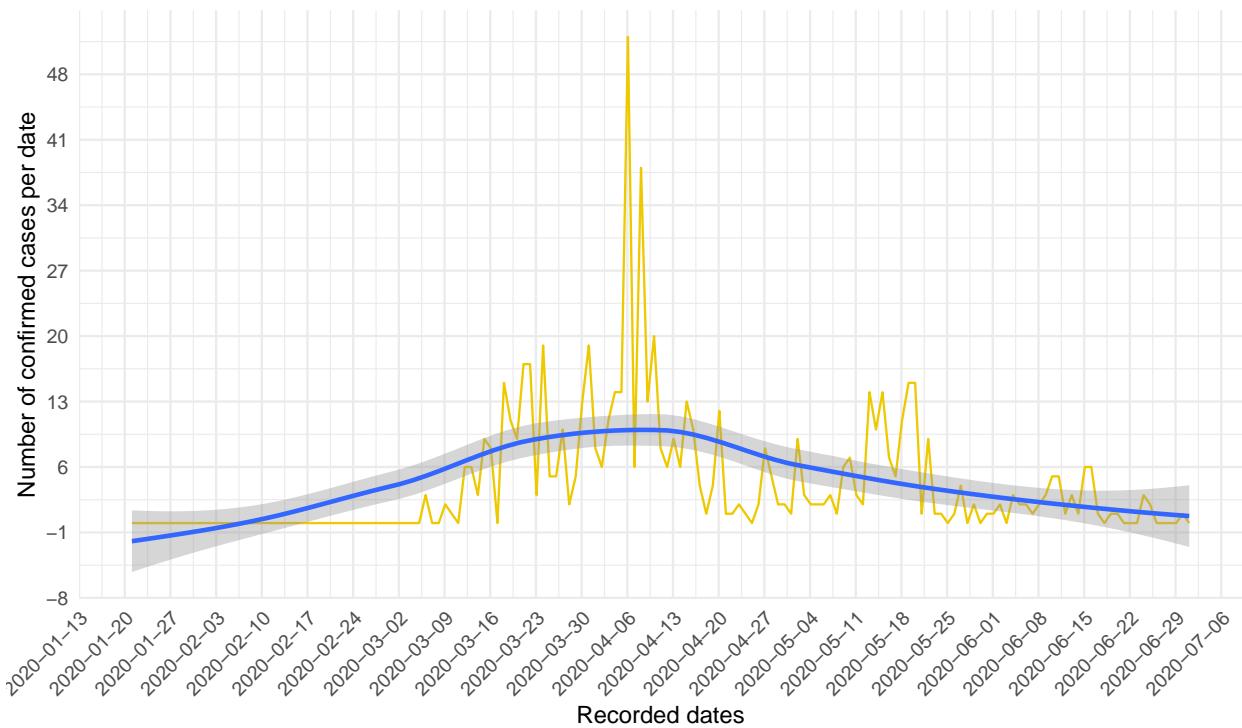

Mali – confirmed cases over time, total cases: 2,260

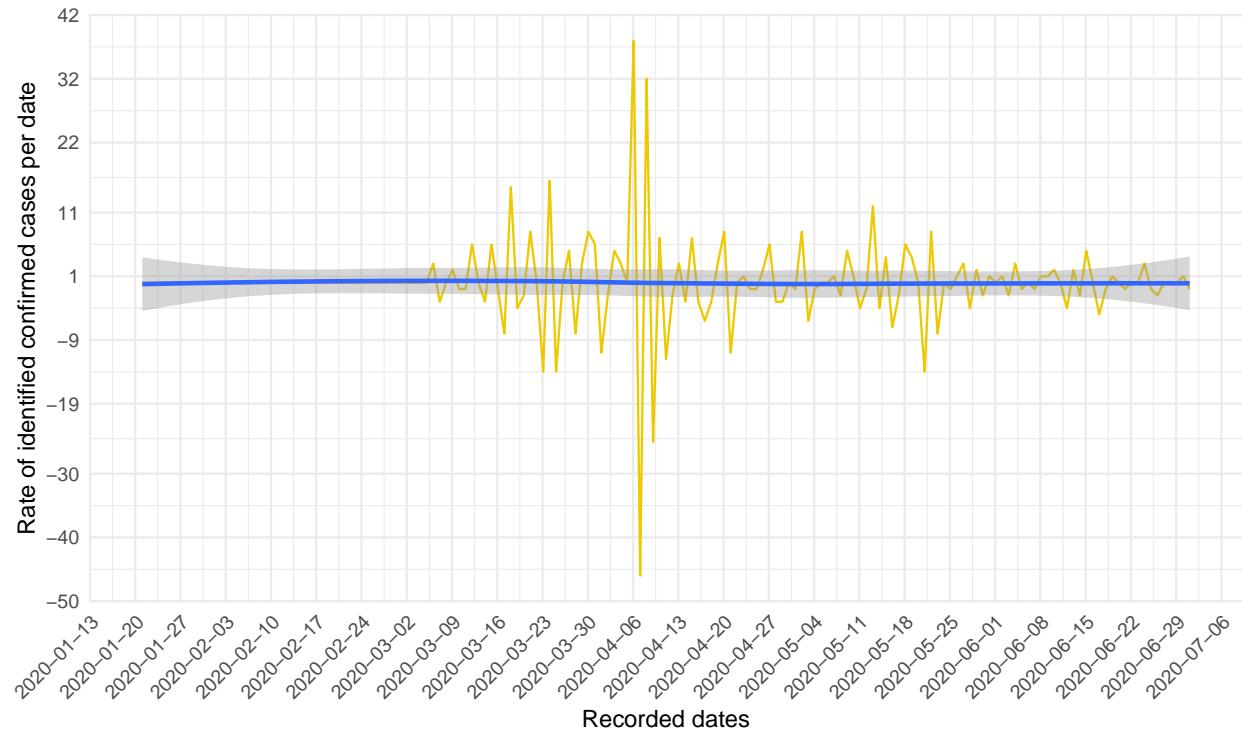

Mali – rate of increase of confirmed cases over time

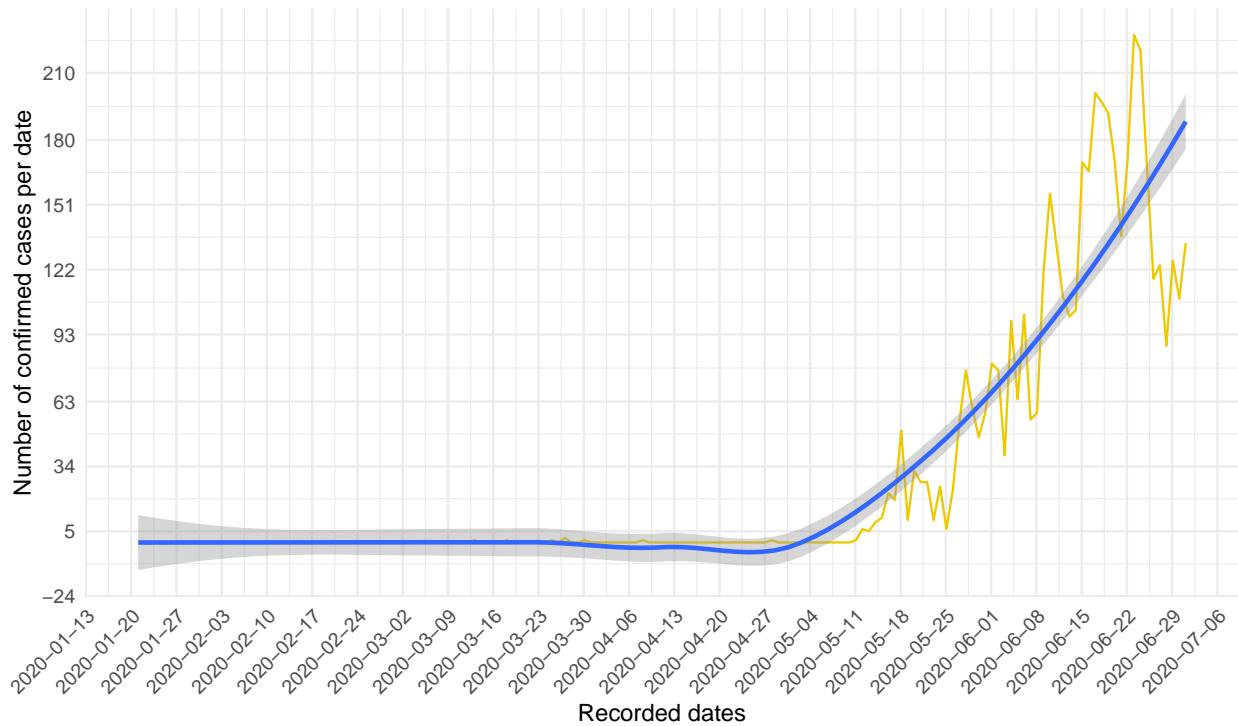

Malta – confirmed cases over time, total cases: 671

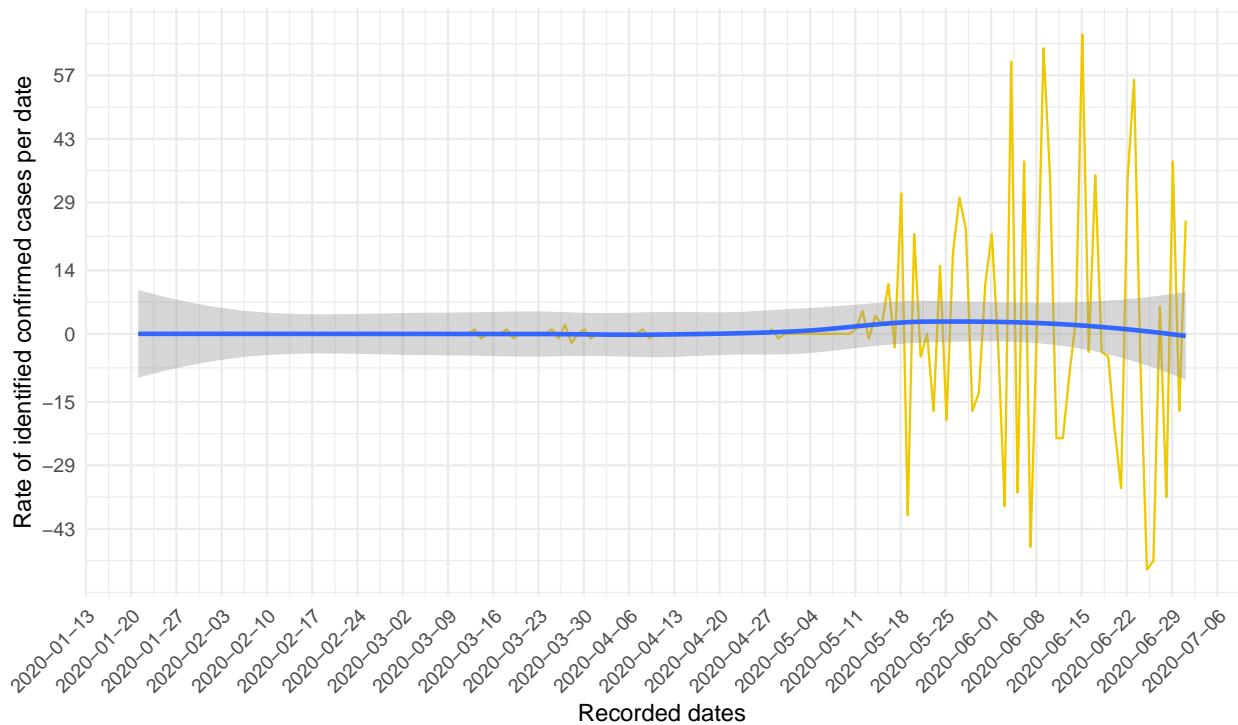

Malta – rate of increase of confirmed cases over time

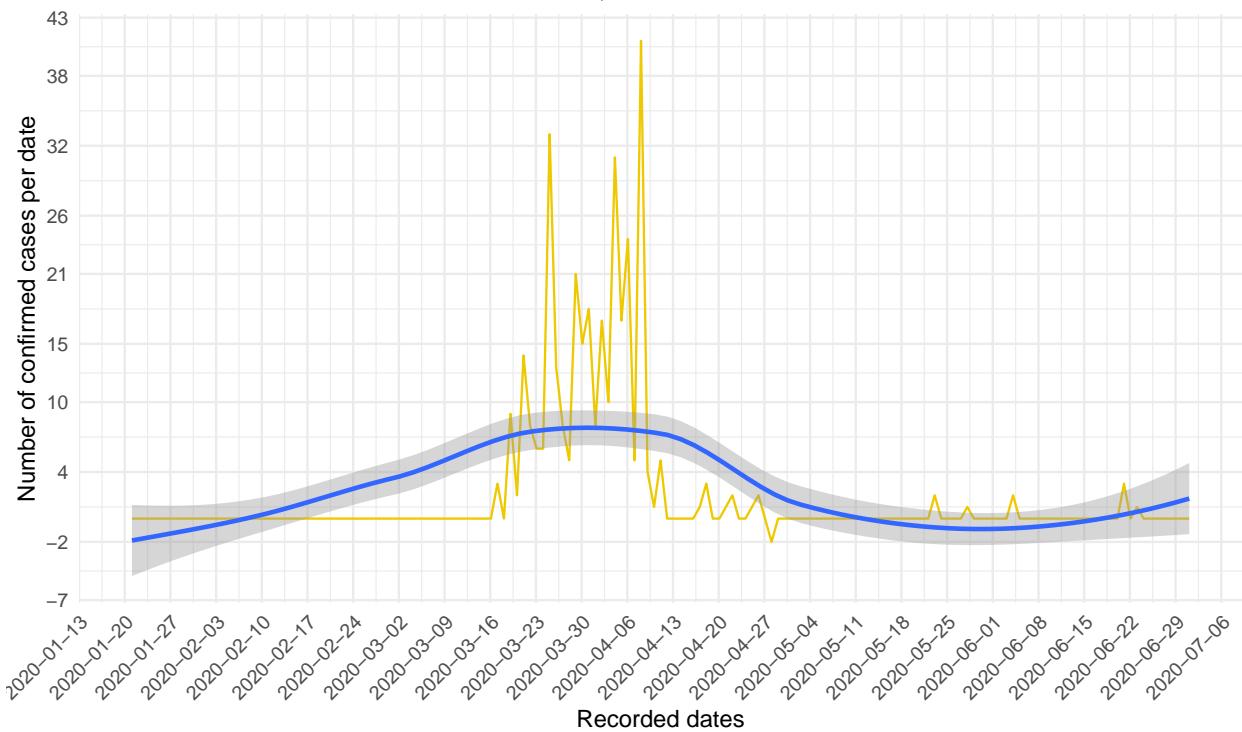

Mauritania – confirmed cases over time, total cases: 4,606

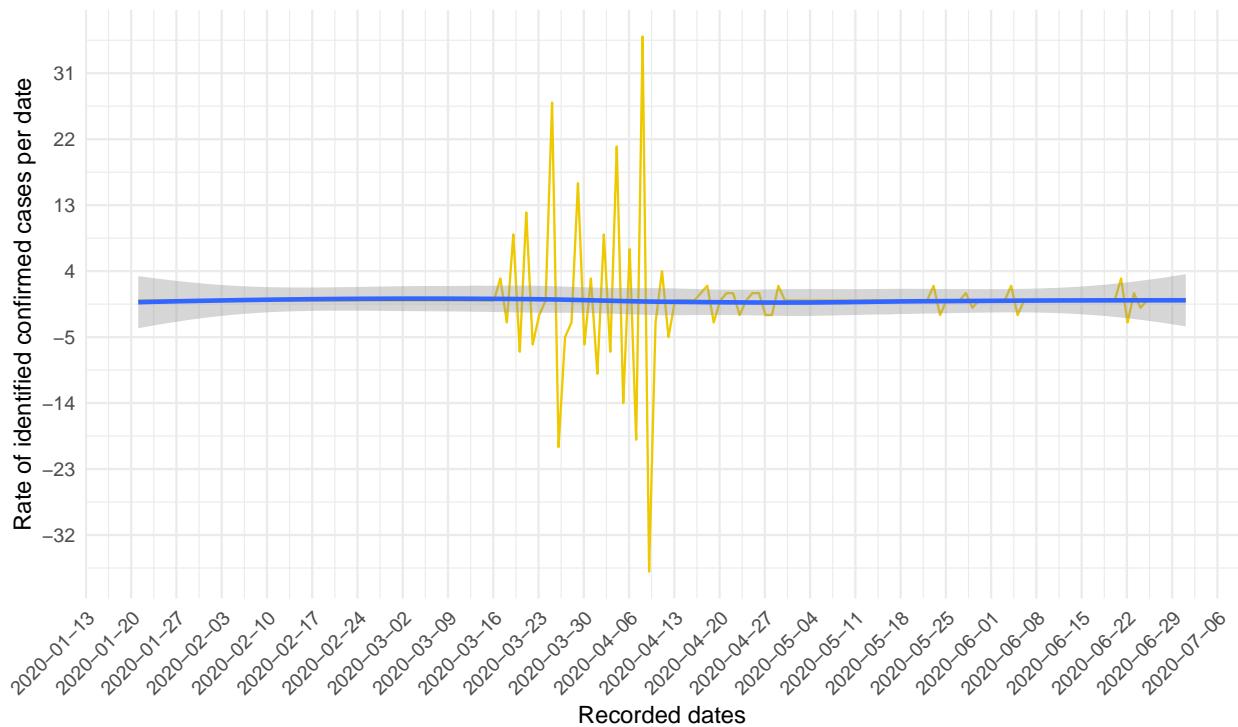

Mauritania – rate of increase of confirmed cases over time

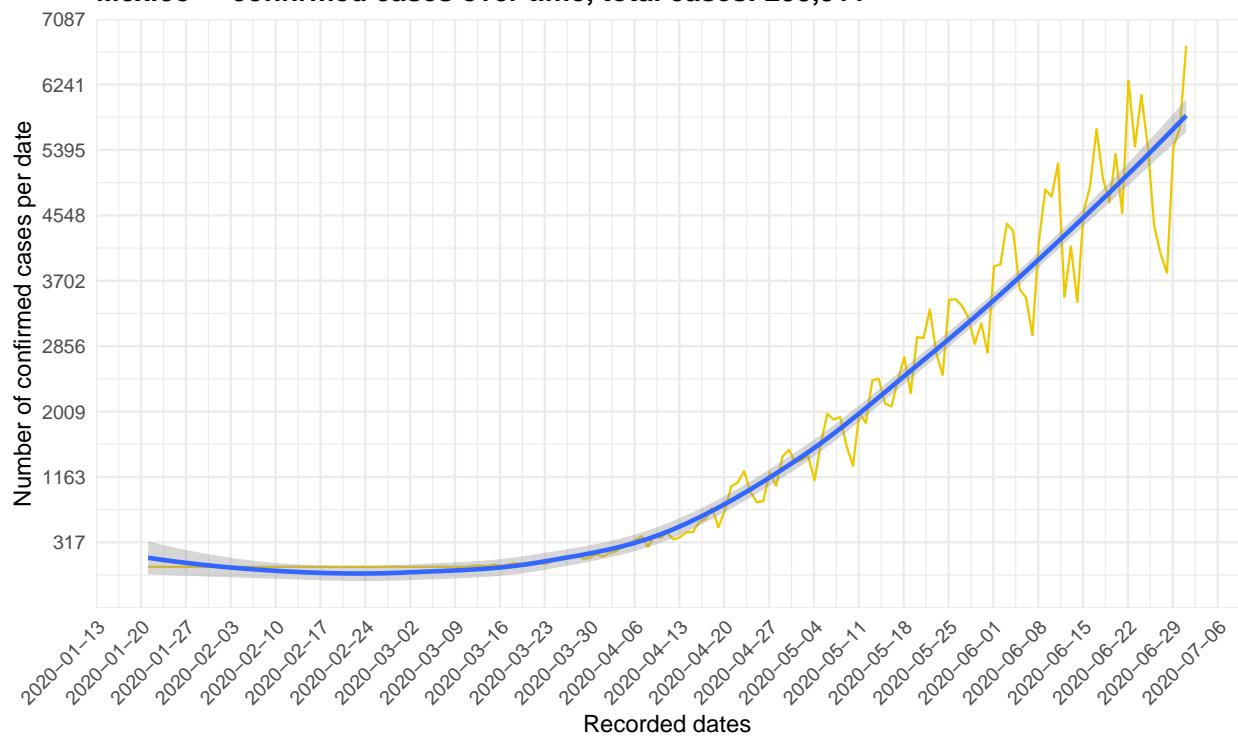

Mauritius – confirmed cases over time, total cases: 341

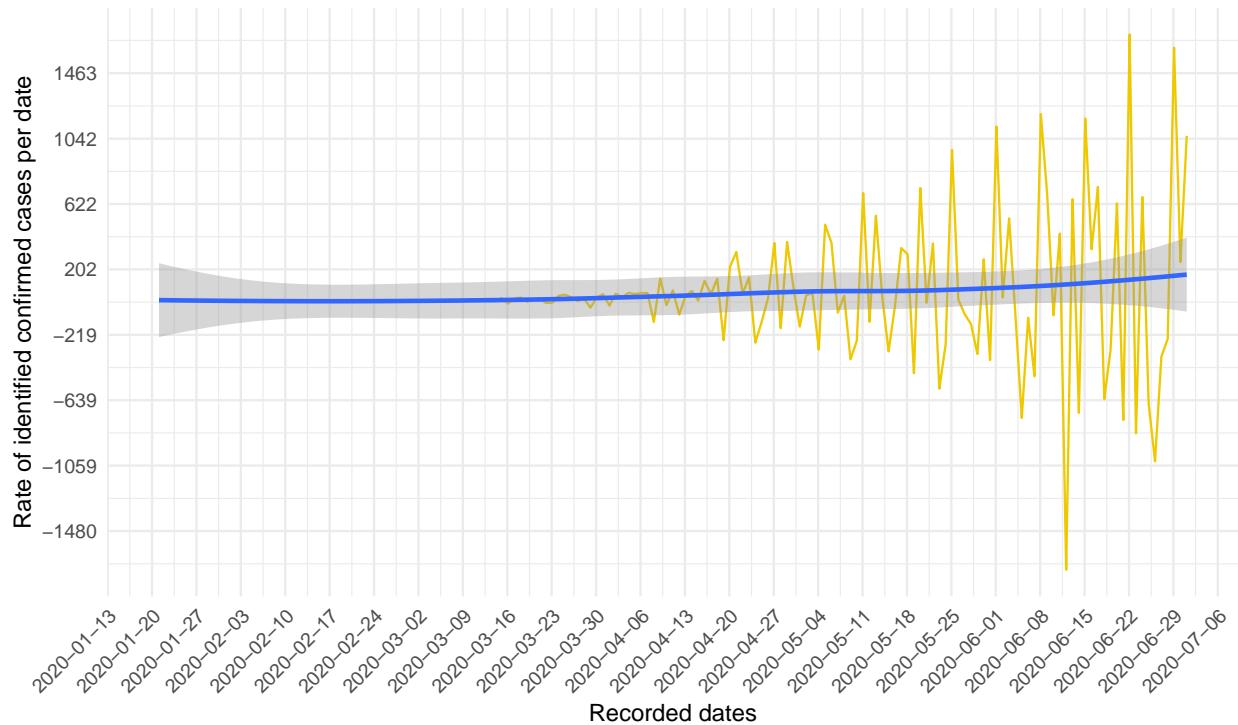

Mauritius – rate of increase of confirmed cases over time

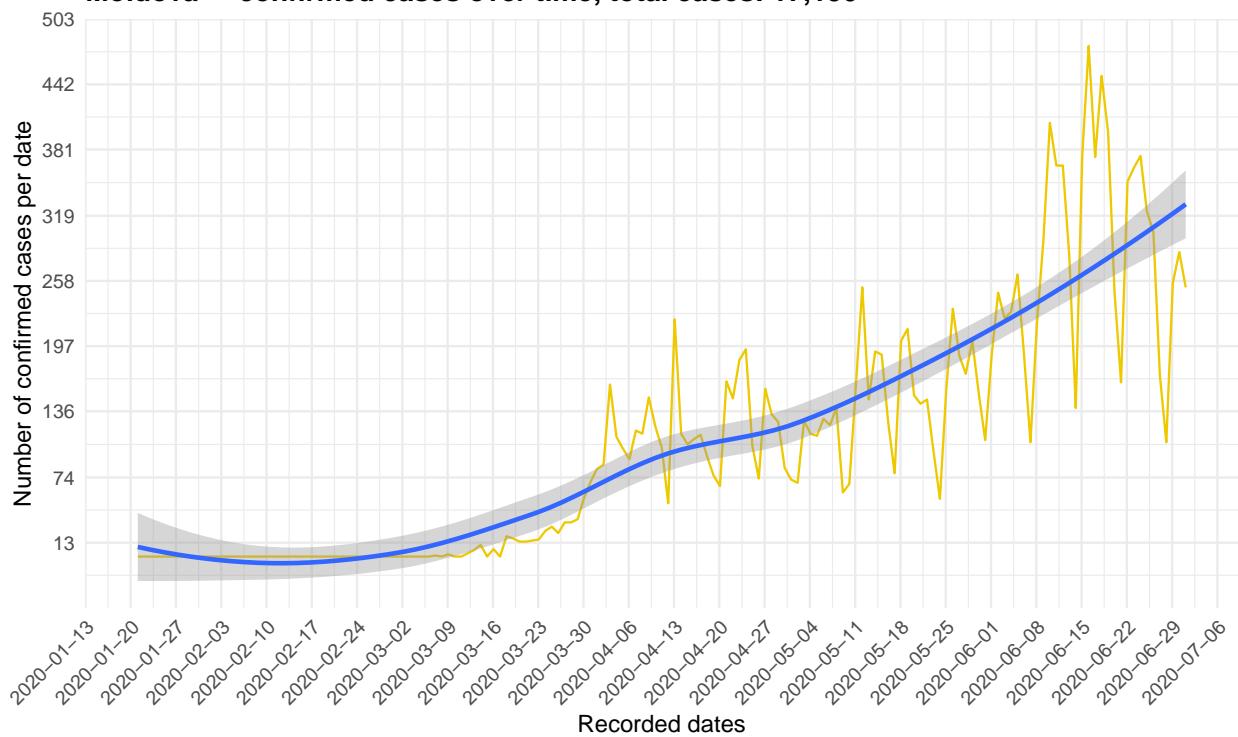

Mexico – confirmed cases over time, total cases: 238,511

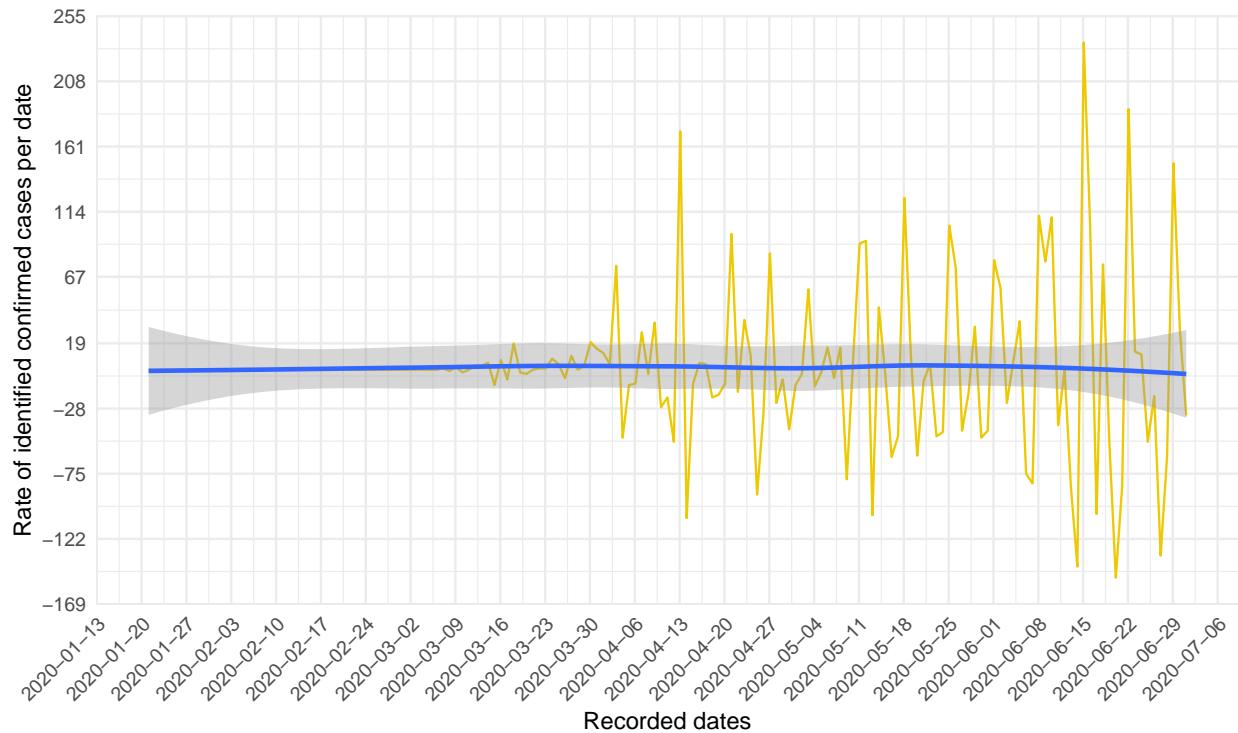

Mexico – rate of increase of confirmed cases over time

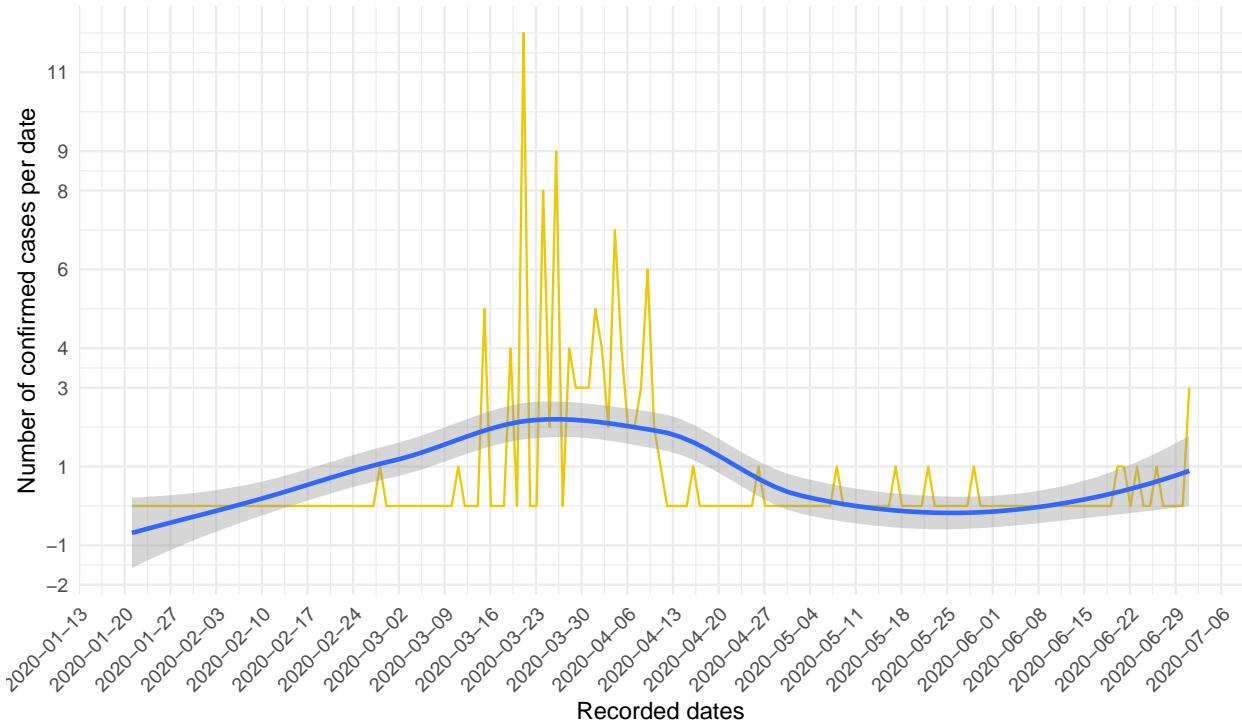

Moldova – confirmed cases over time, total cases: 17,150

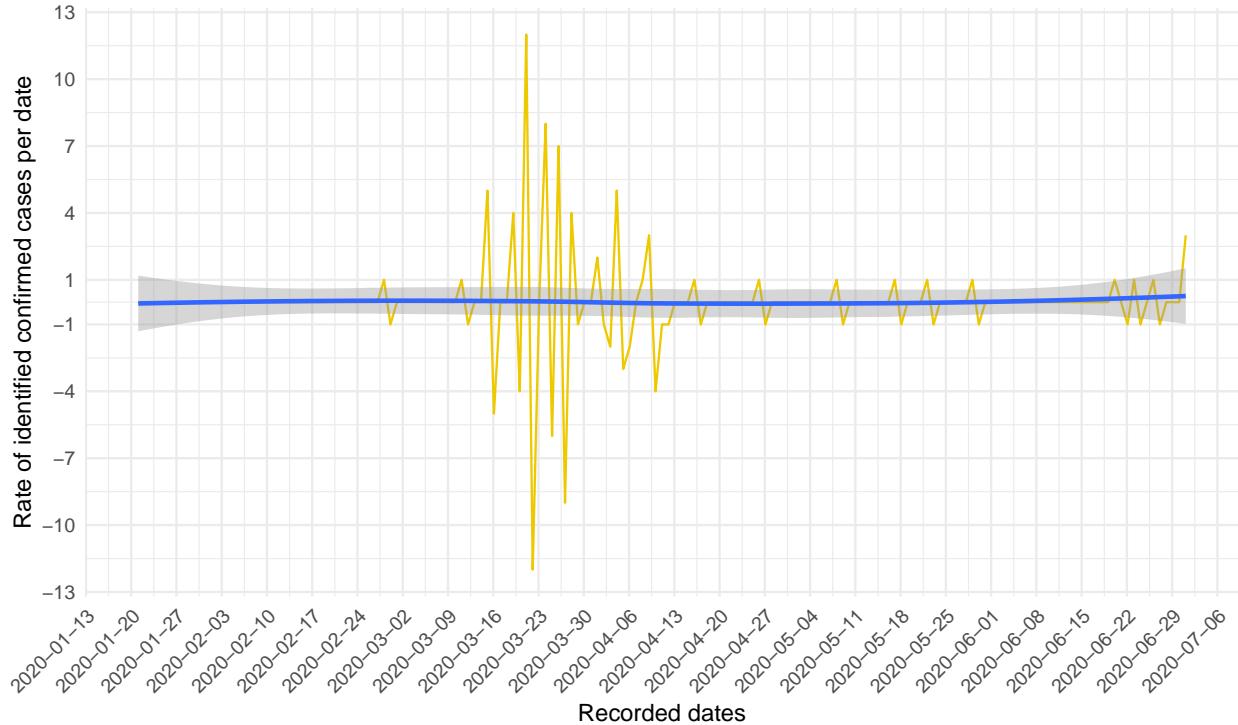

Moldova – rate of increase of confirmed cases over time

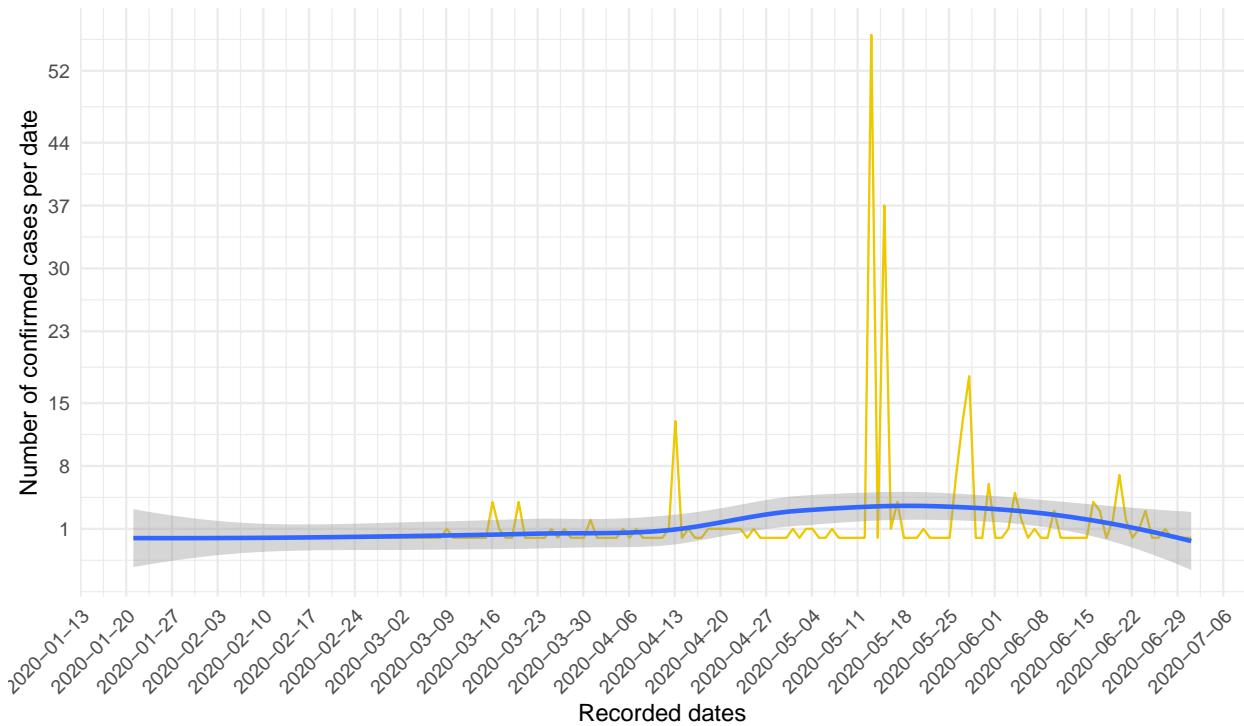

Monaco – confirmed cases over time, total cases: 106

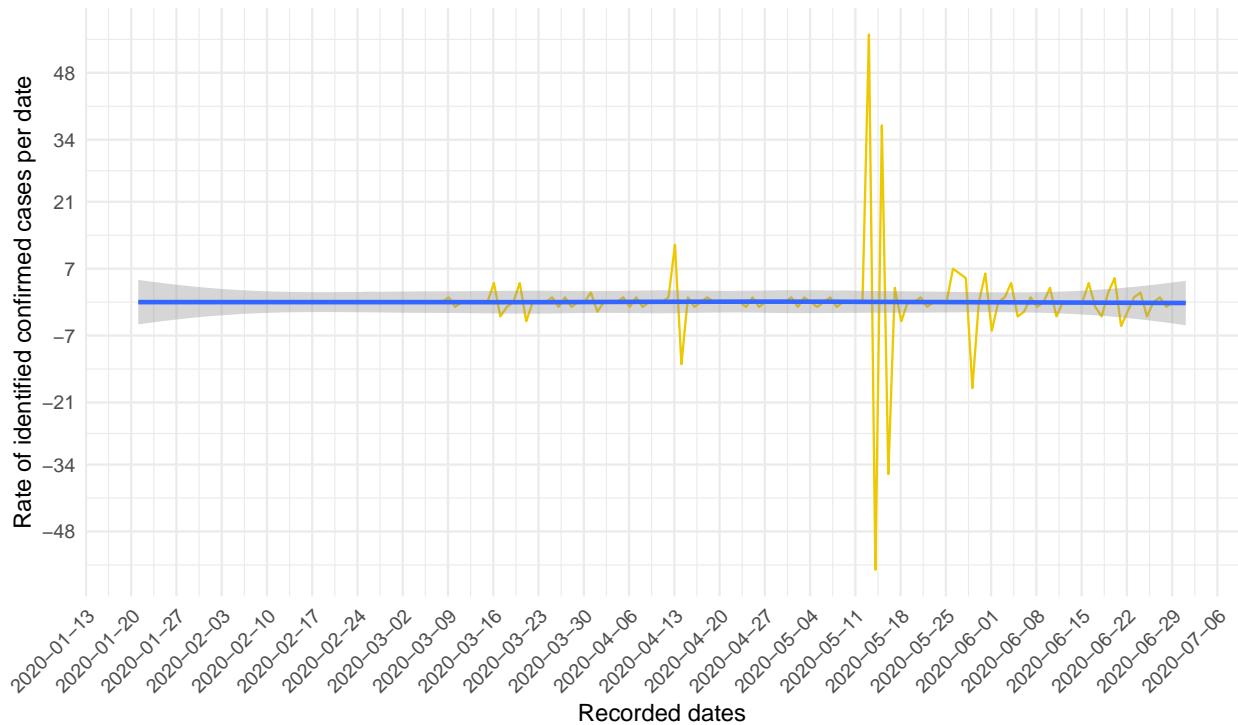

Monaco – rate of increase of confirmed cases over time

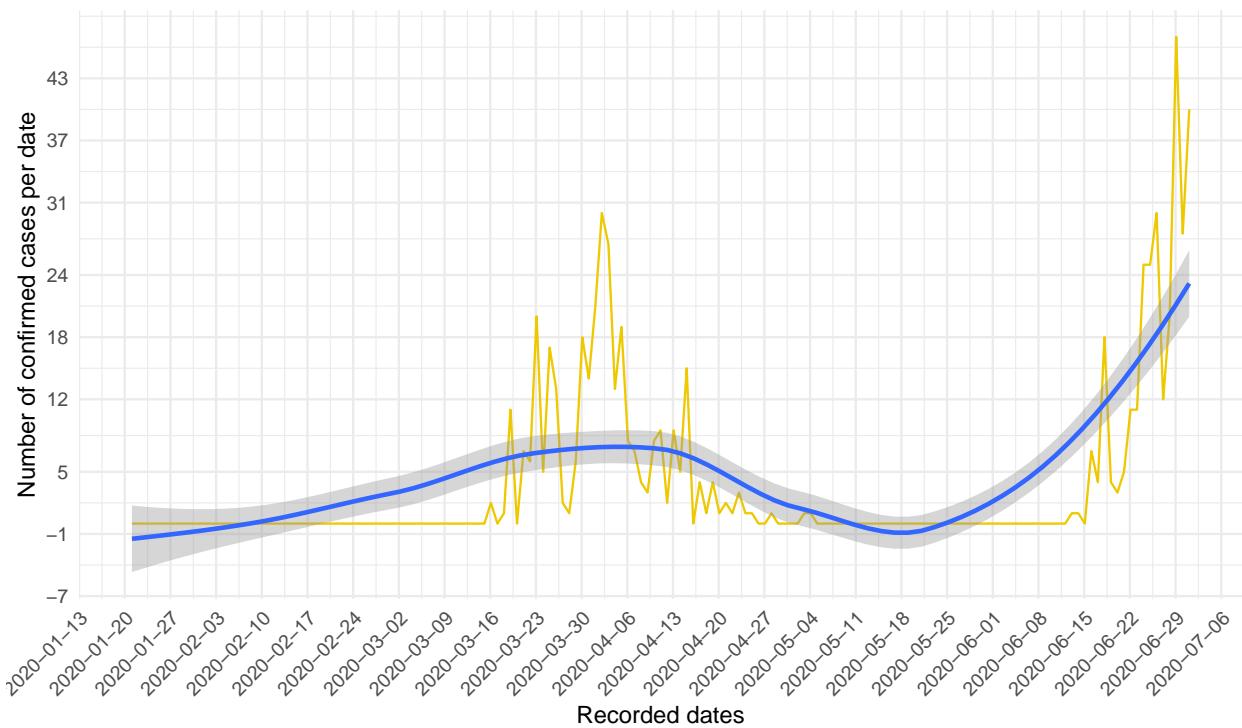

Mongolia – confirmed cases over time, total cases: 220

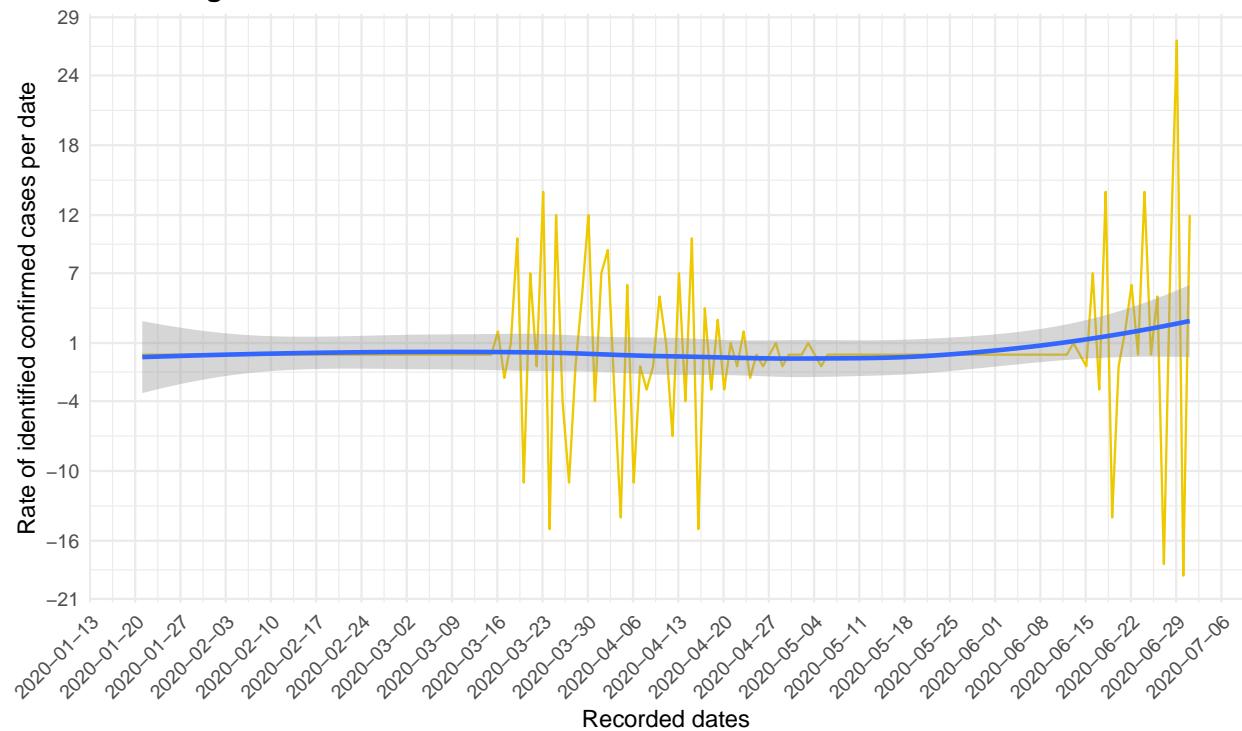

Mongolia – rate of increase of confirmed cases over time

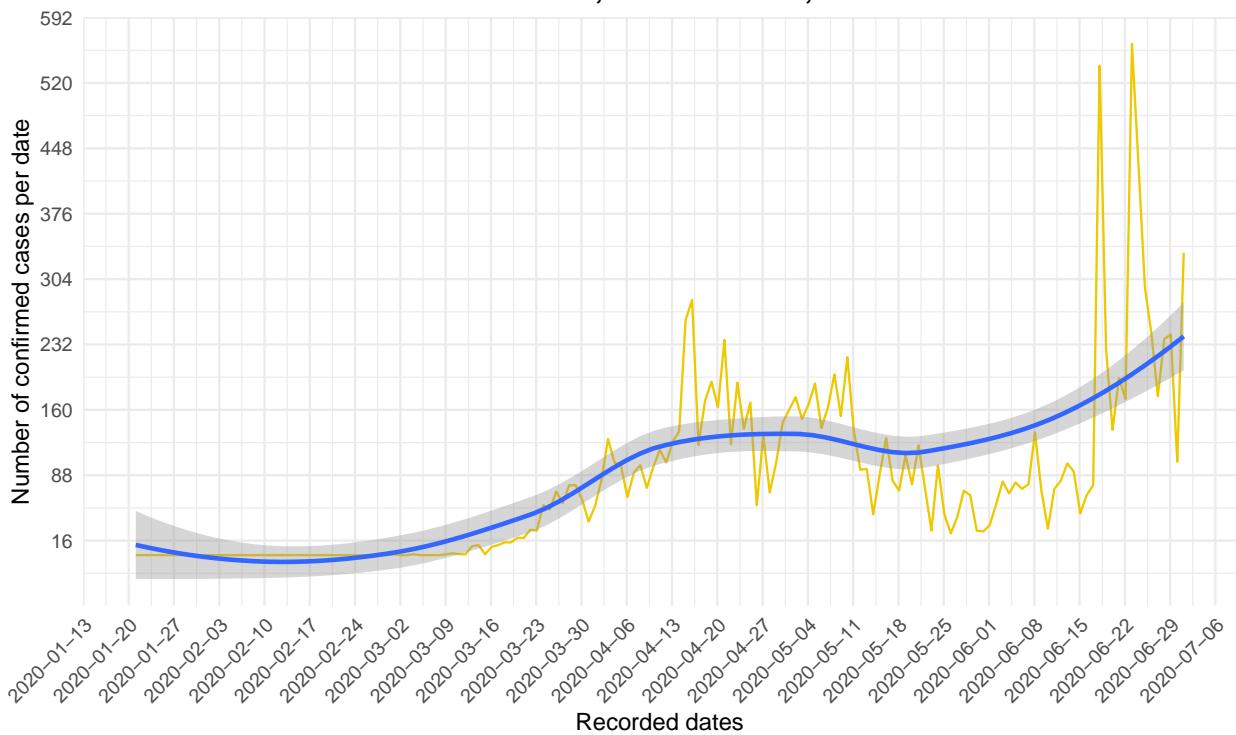

Montenegro – confirmed cases over time, total cases: 616

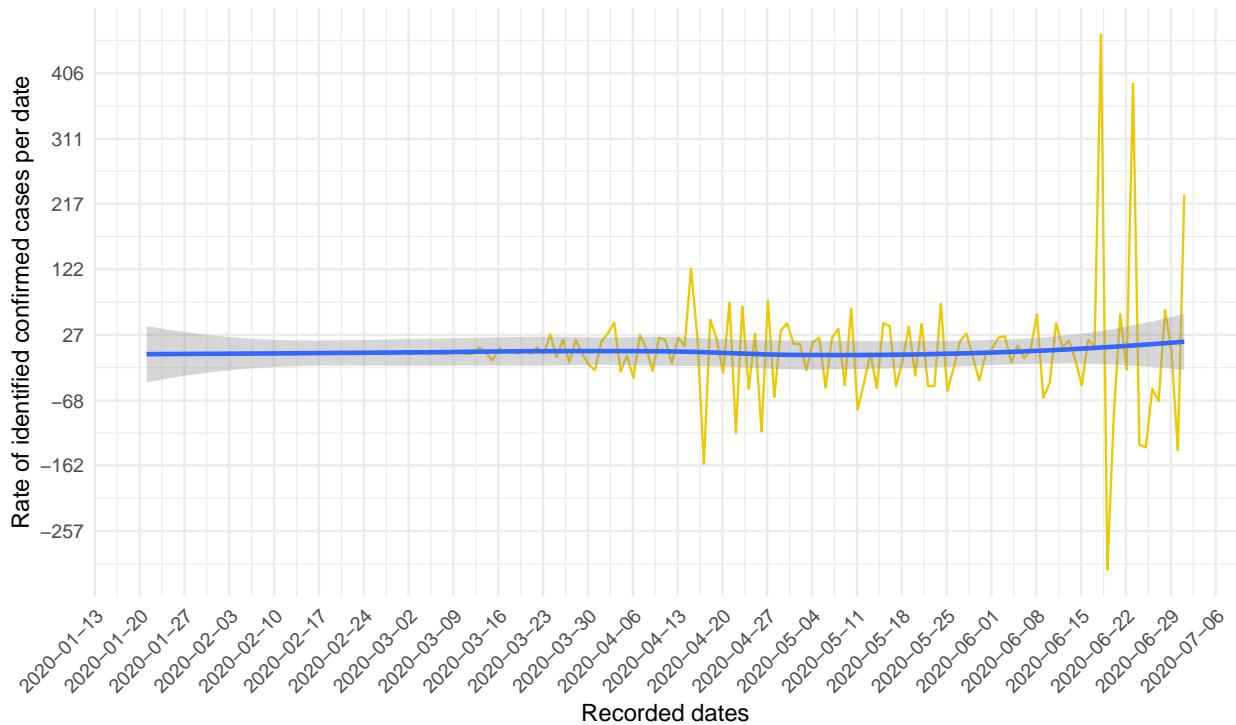

Montenegro – rate of increase of confirmed cases over time

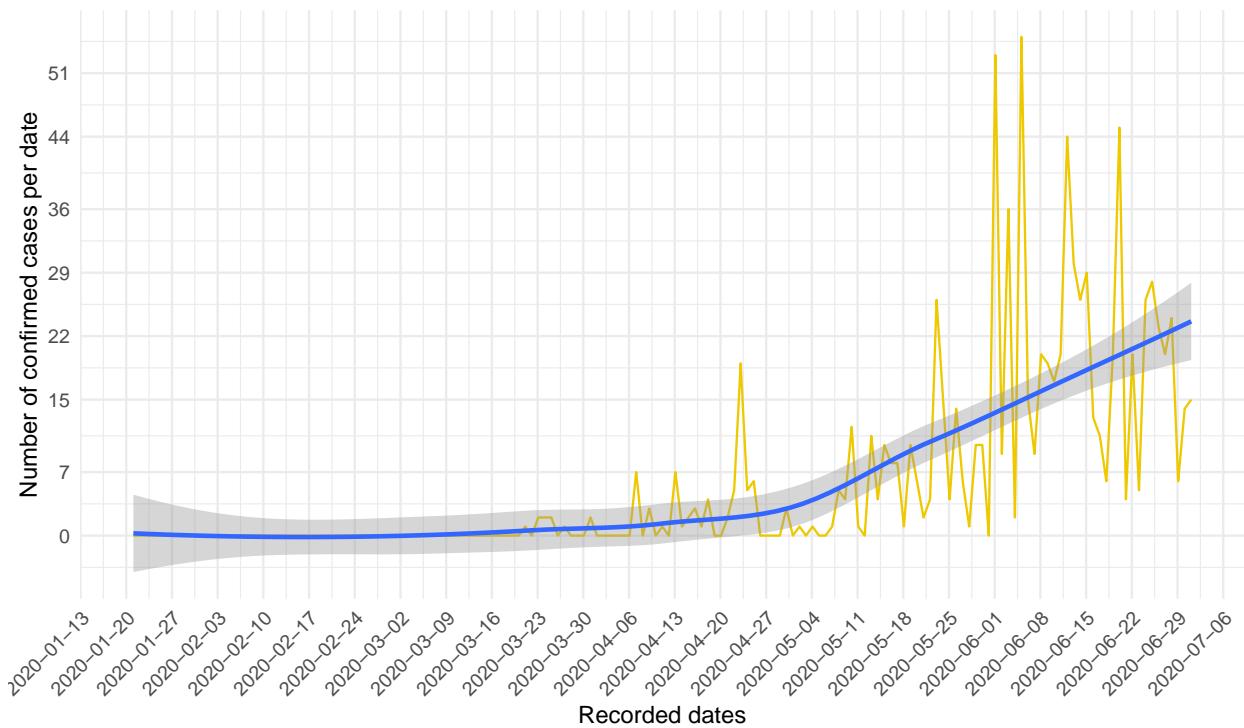

Morocco – confirmed cases over time, total cases: 12,969

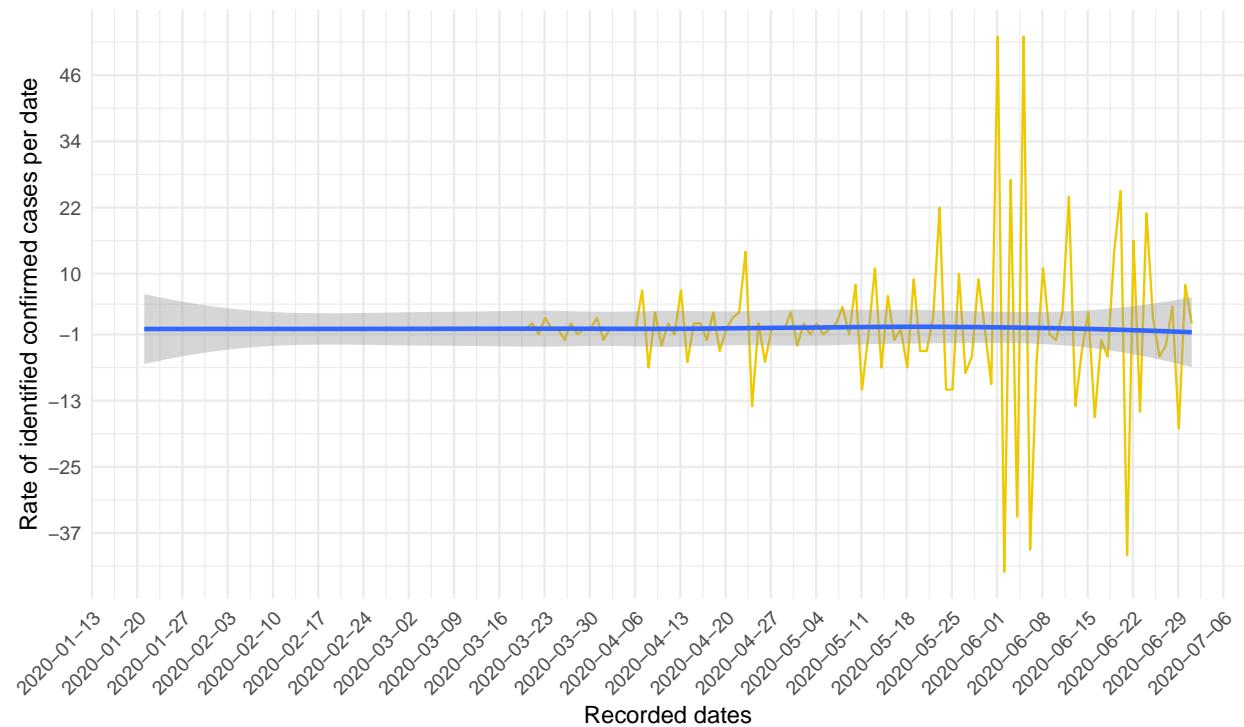

Morocco – rate of increase of confirmed cases over time

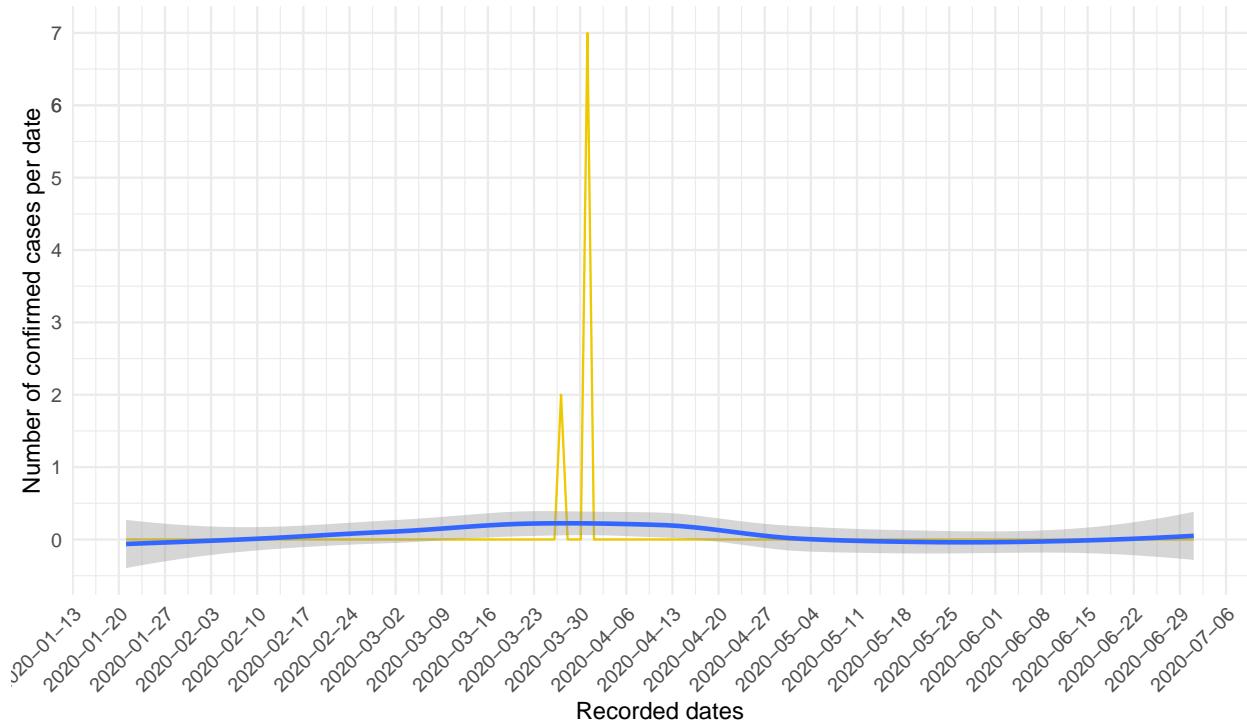

Mozambique – confirmed cases over time, total cases: 918

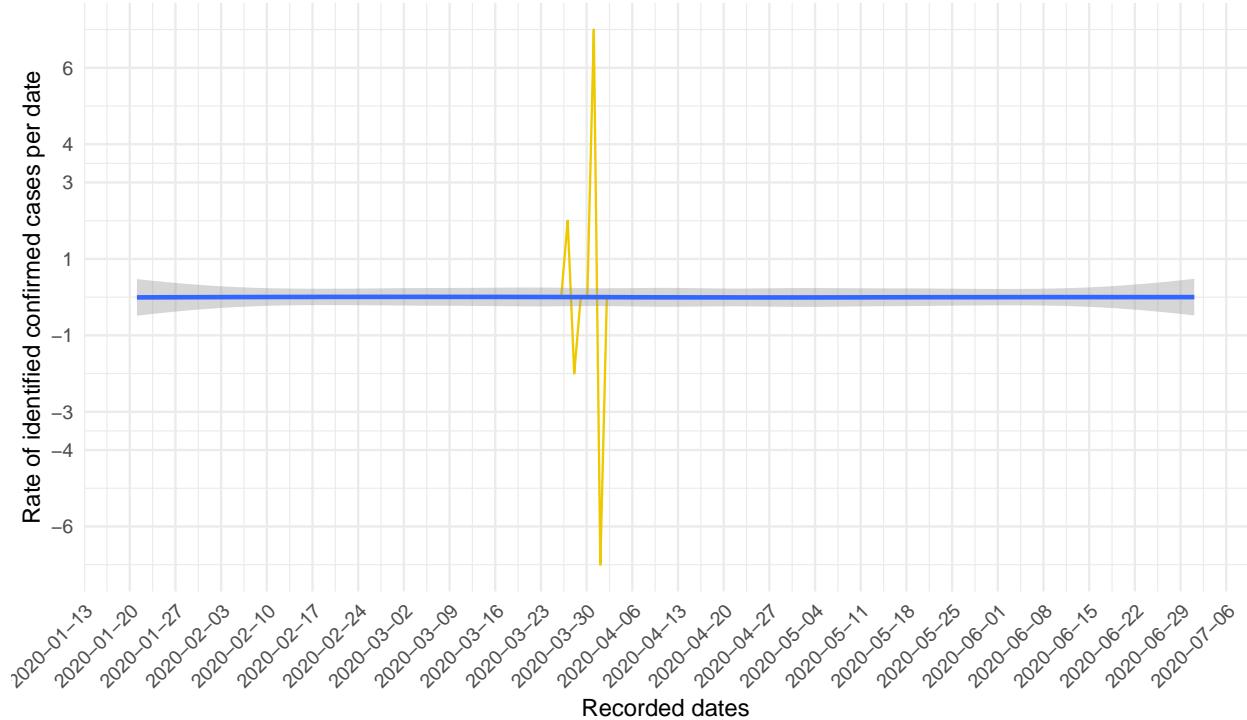

Mozambique – rate of increase of confirmed cases over time

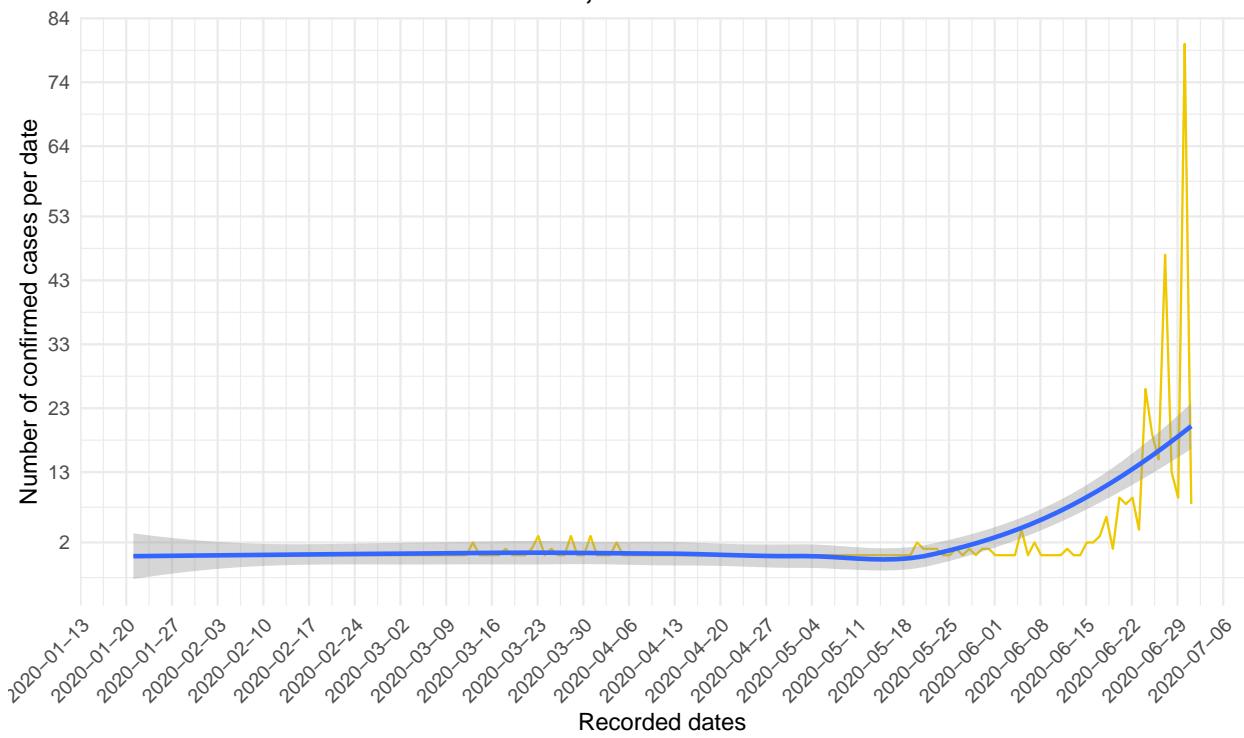

MS Zaandam – confirmed cases over time, total cases: 9

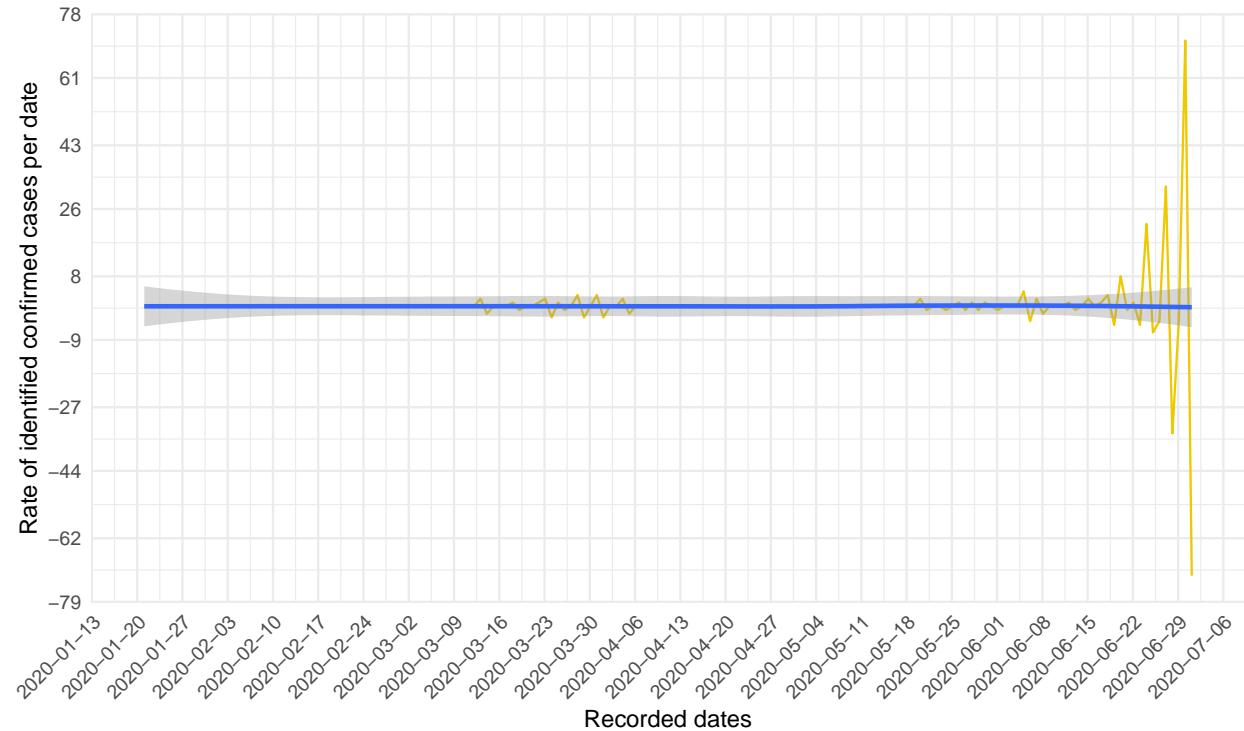

MS Zaandam – rate of increase of confirmed cases over time

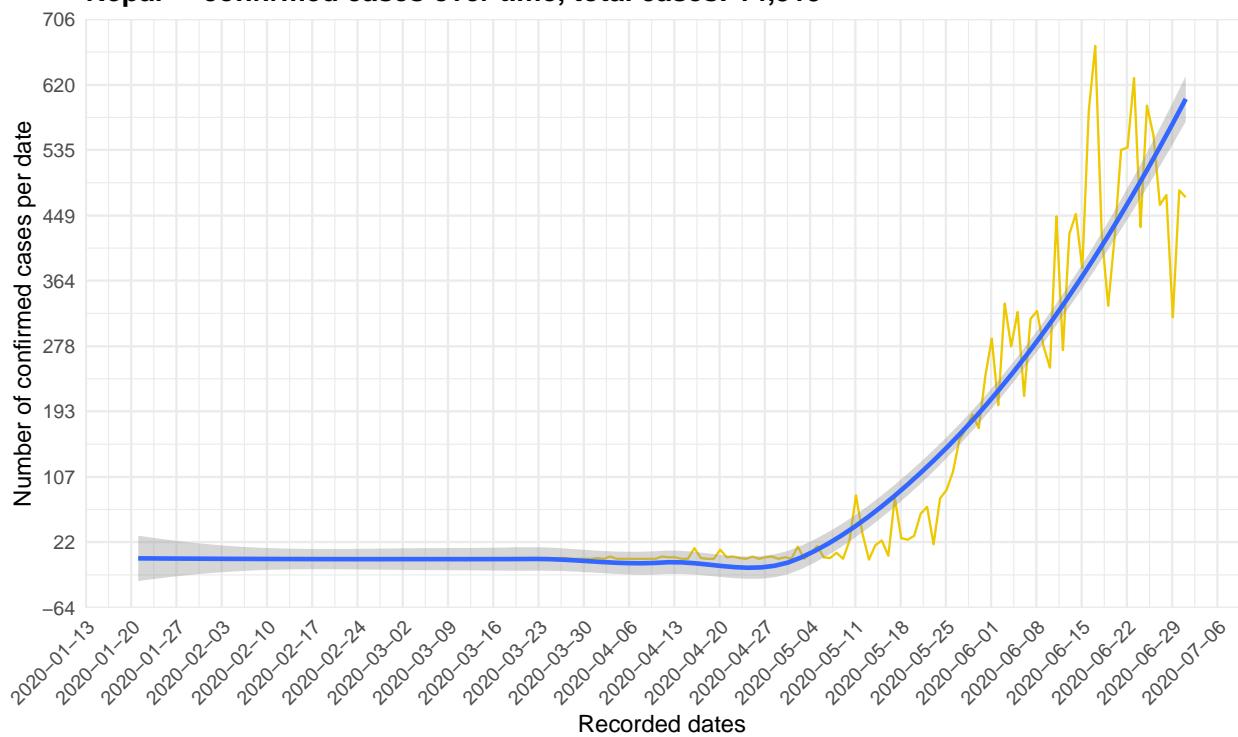

Namibia – confirmed cases over time, total cases: 293

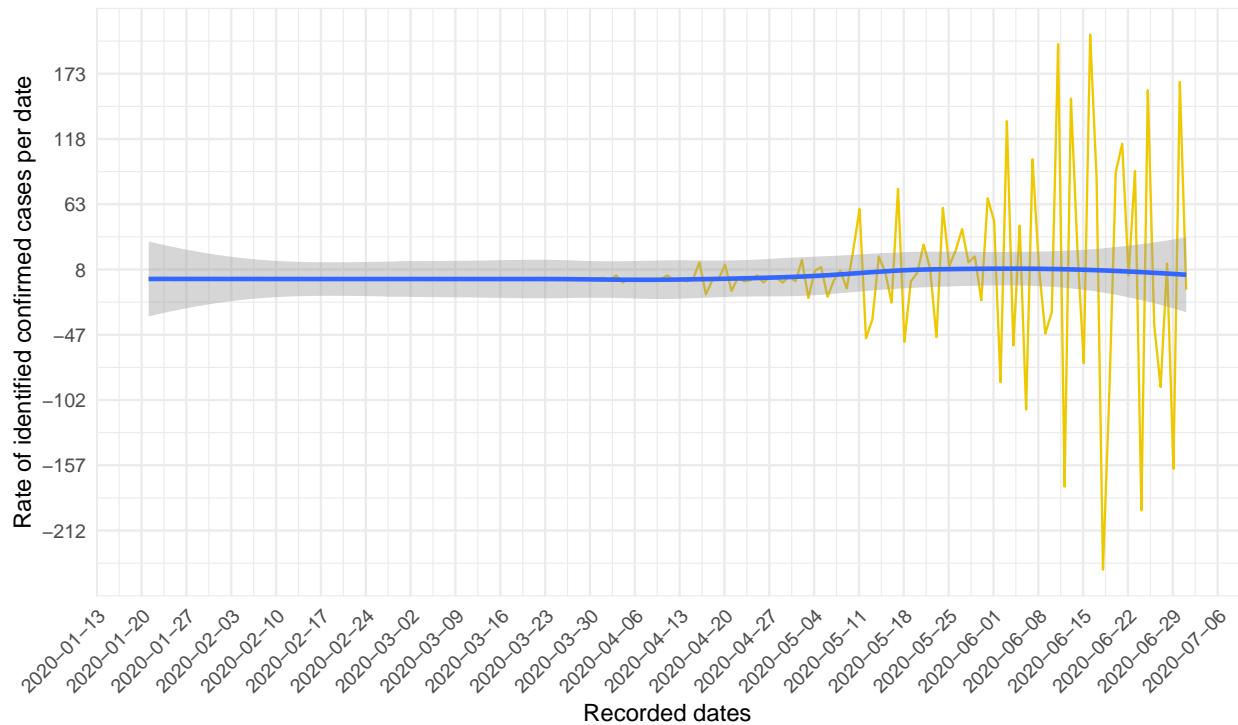

Namibia – rate of increase of confirmed cases over time

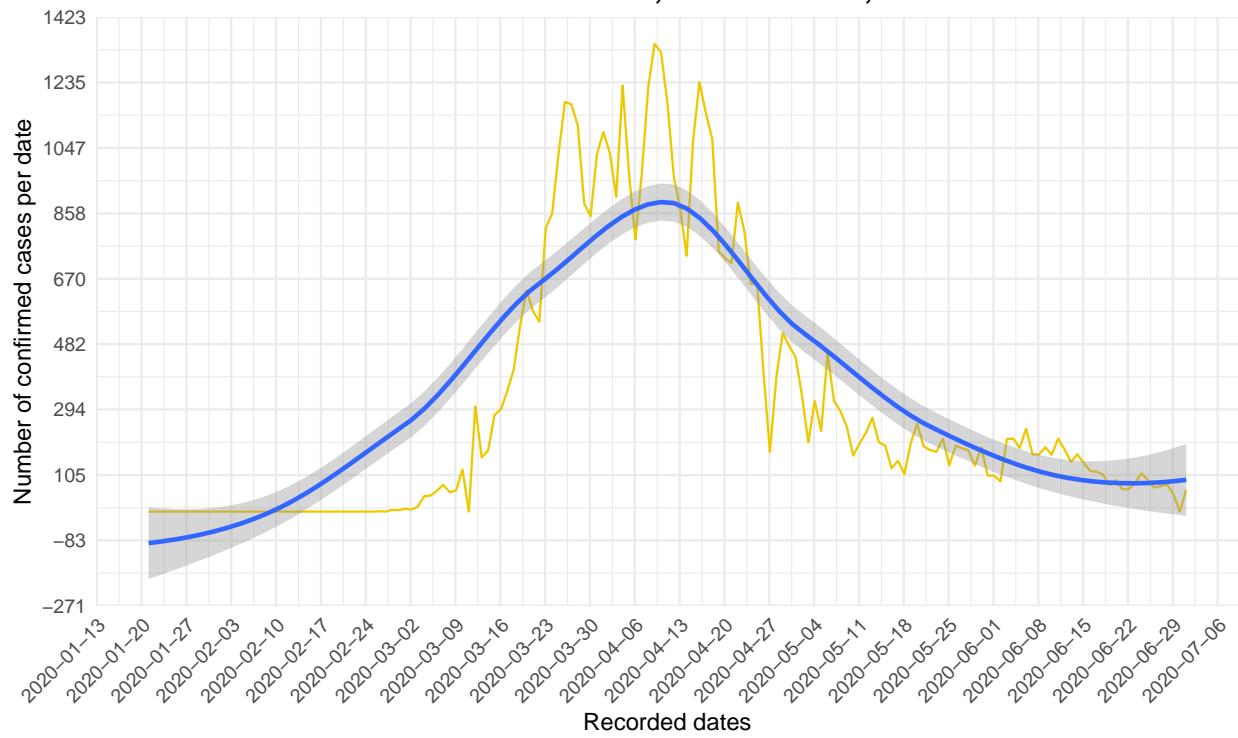

Nepal – confirmed cases over time, total cases: 14,519

Nepal – rate of increase of confirmed cases over time

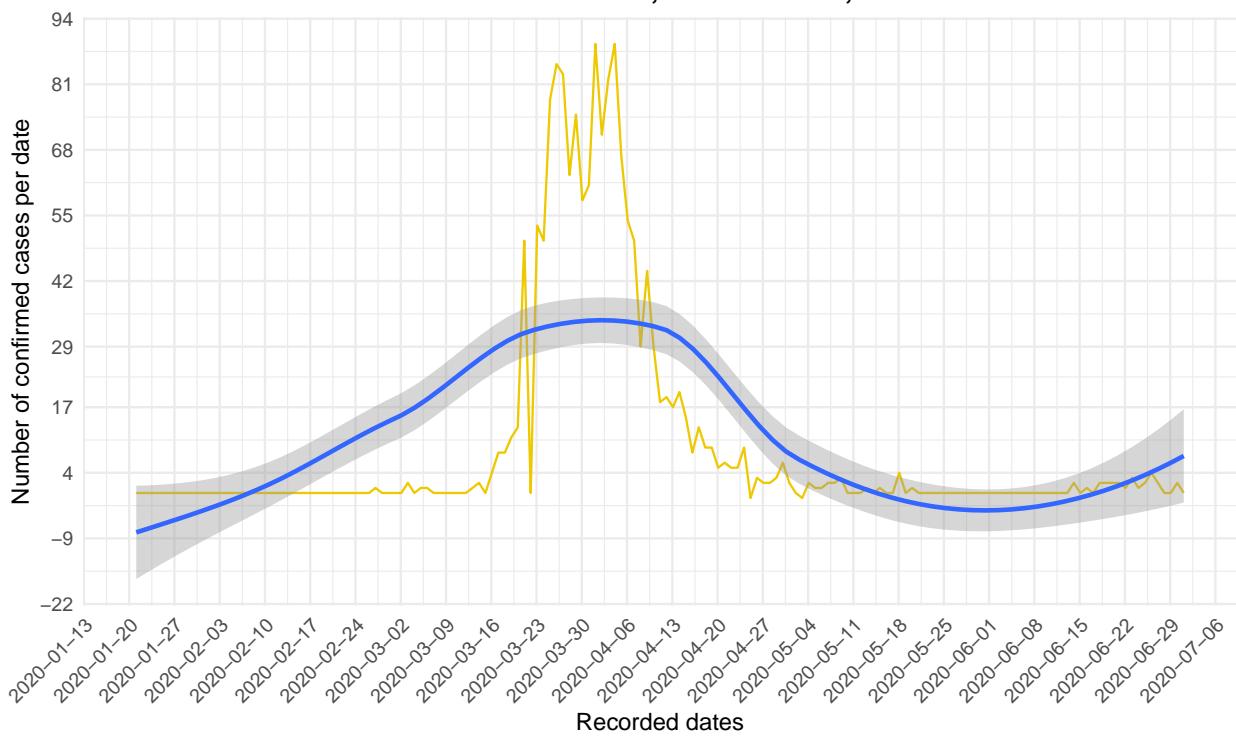

Netherlands – confirmed cases over time, total cases: 50,546

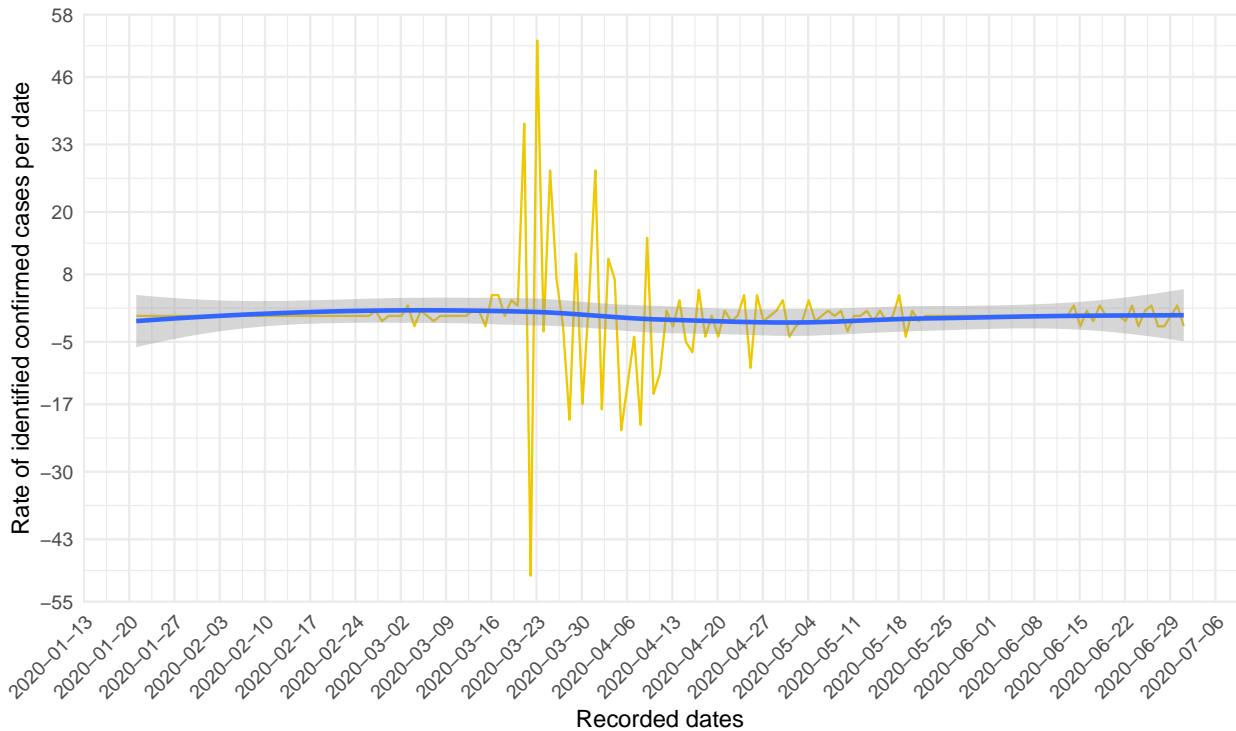

Netherlands – rate of increase of confirmed cases over time

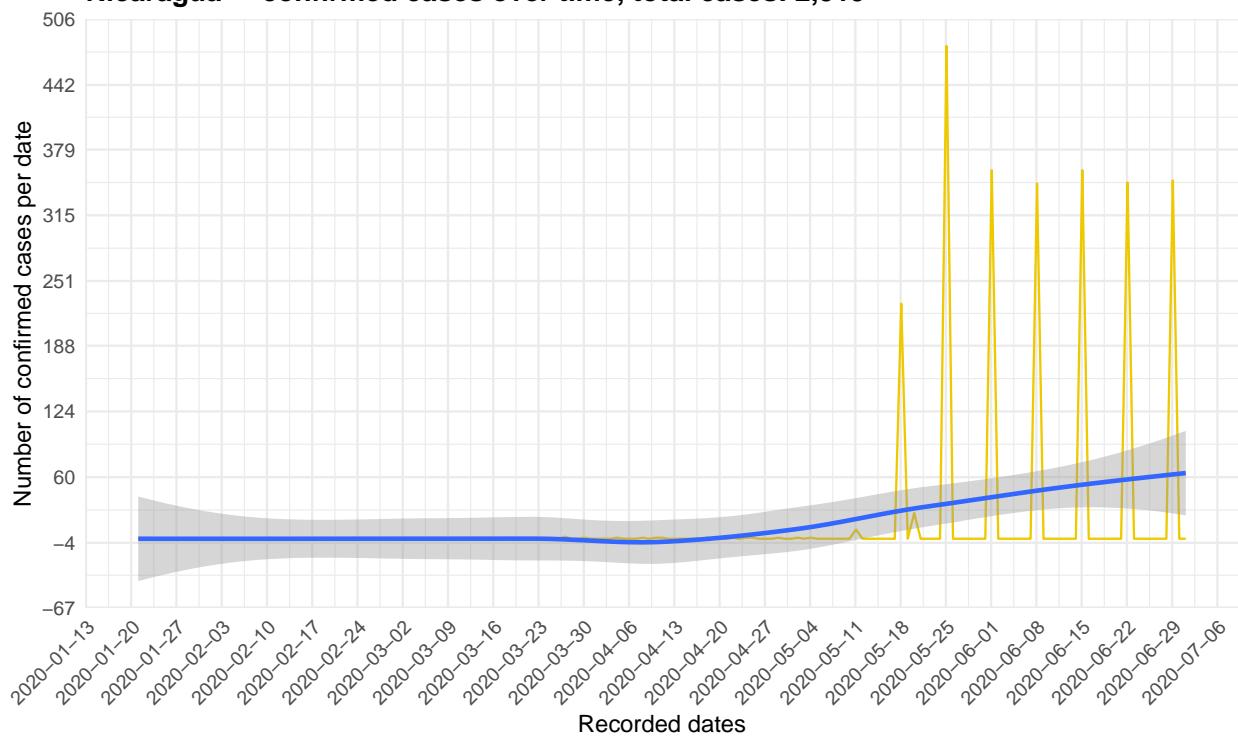

New Zealand – confirmed cases over time, total cases: 1,530

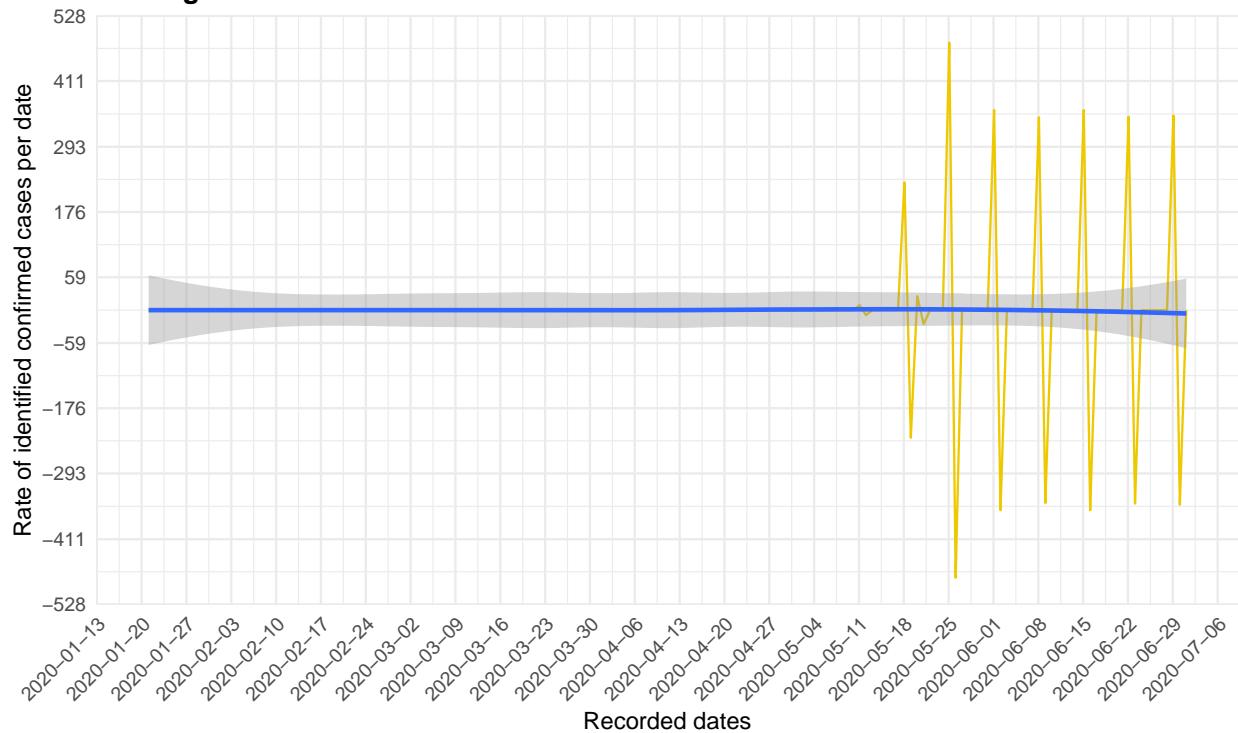

New Zealand – rate of increase of confirmed cases over time

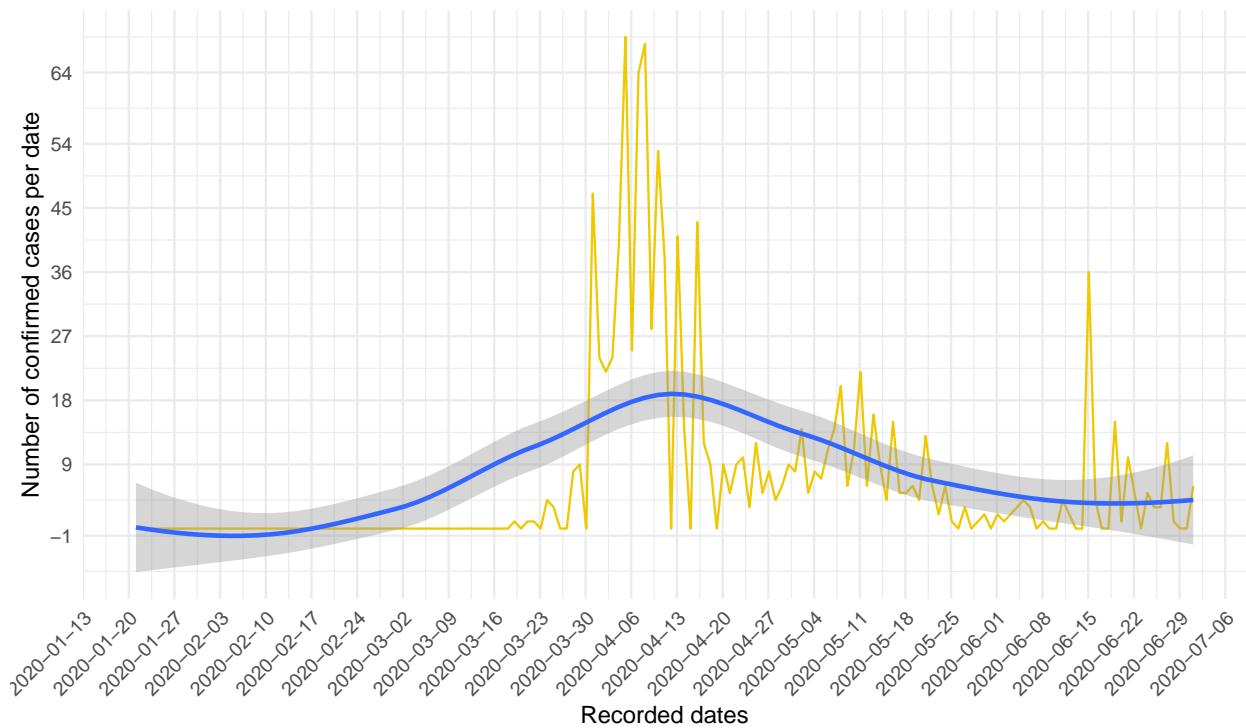

Nicaragua – confirmed cases over time, total cases: 2,519

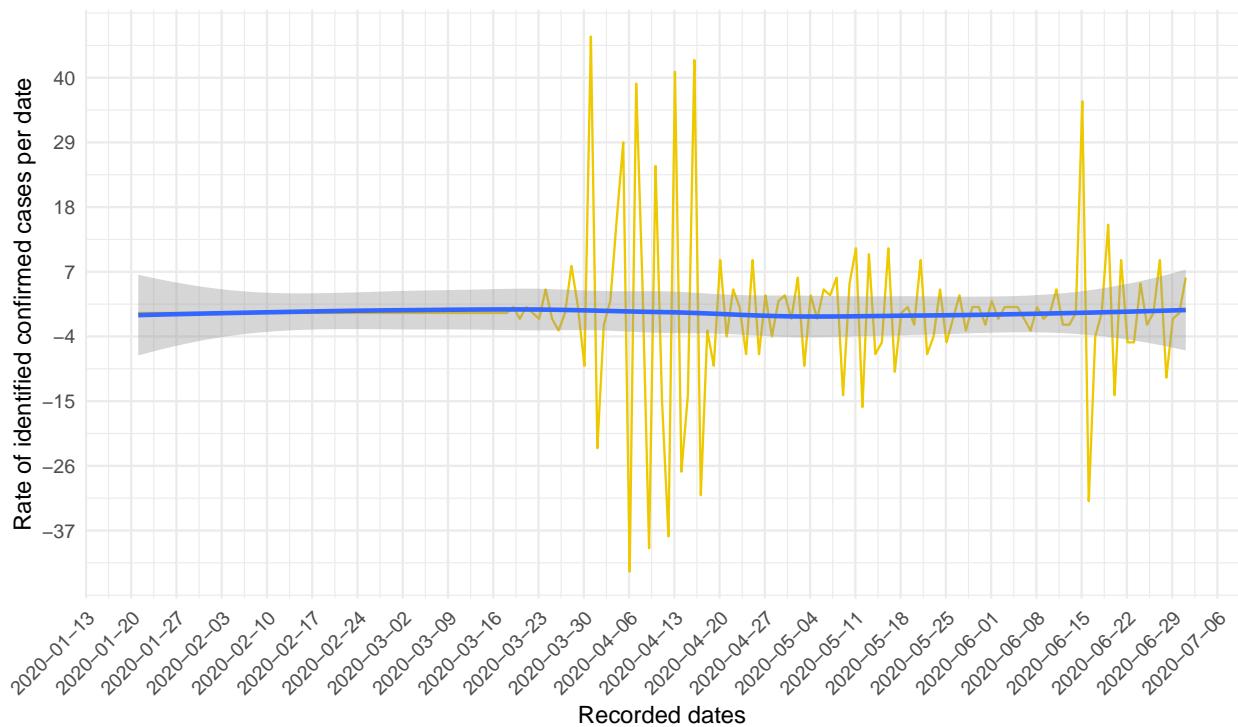

Nicaragua – rate of increase of confirmed cases over time

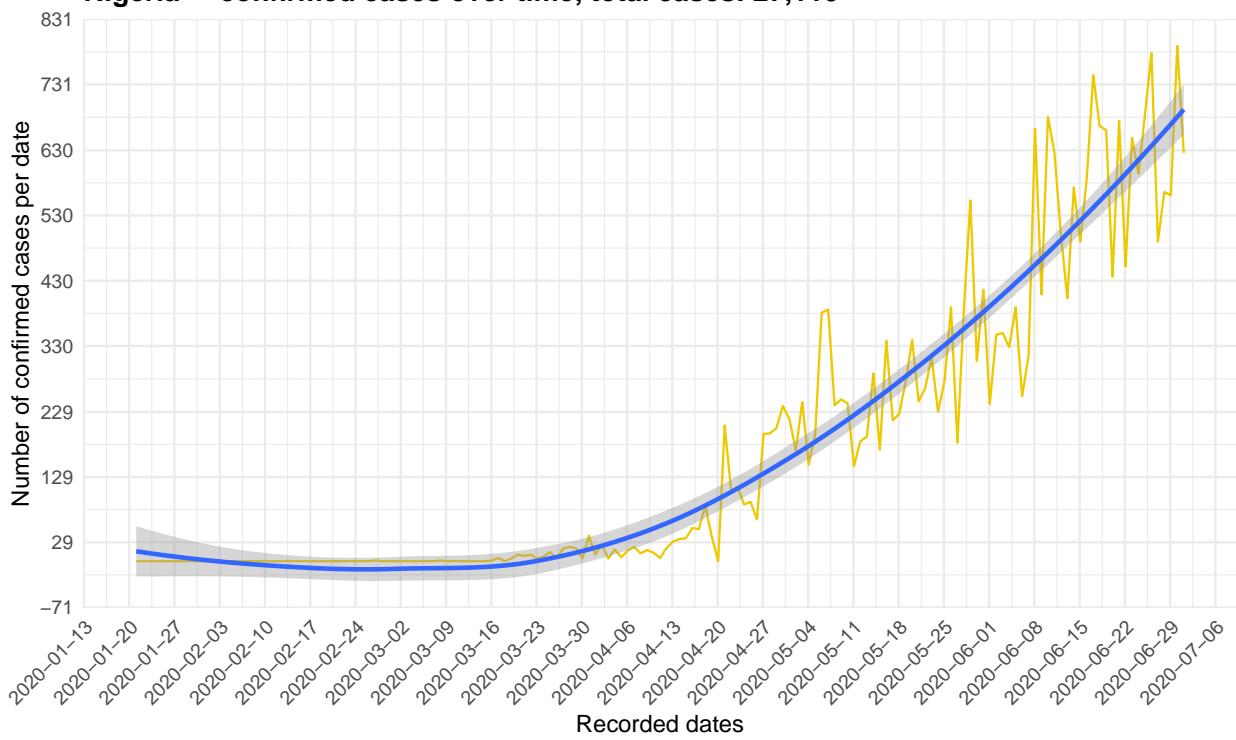

Niger – confirmed cases over time, total cases: 1,081

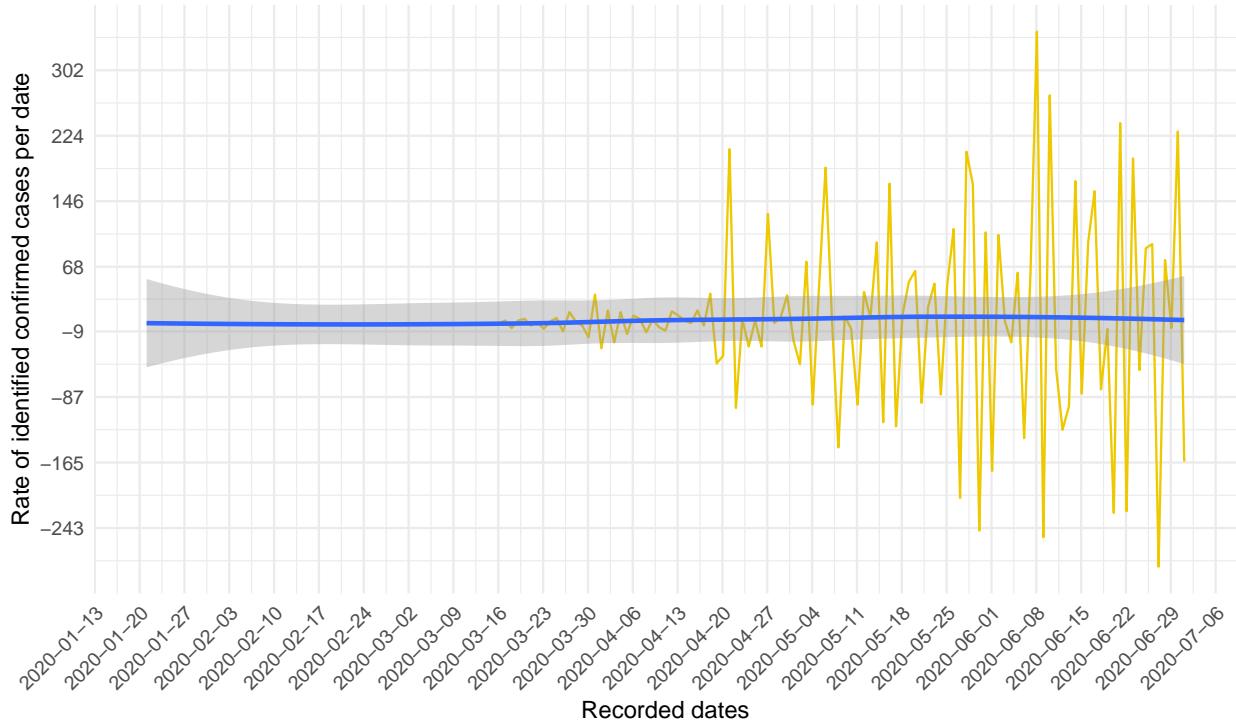

Niger – rate of increase of confirmed cases over time

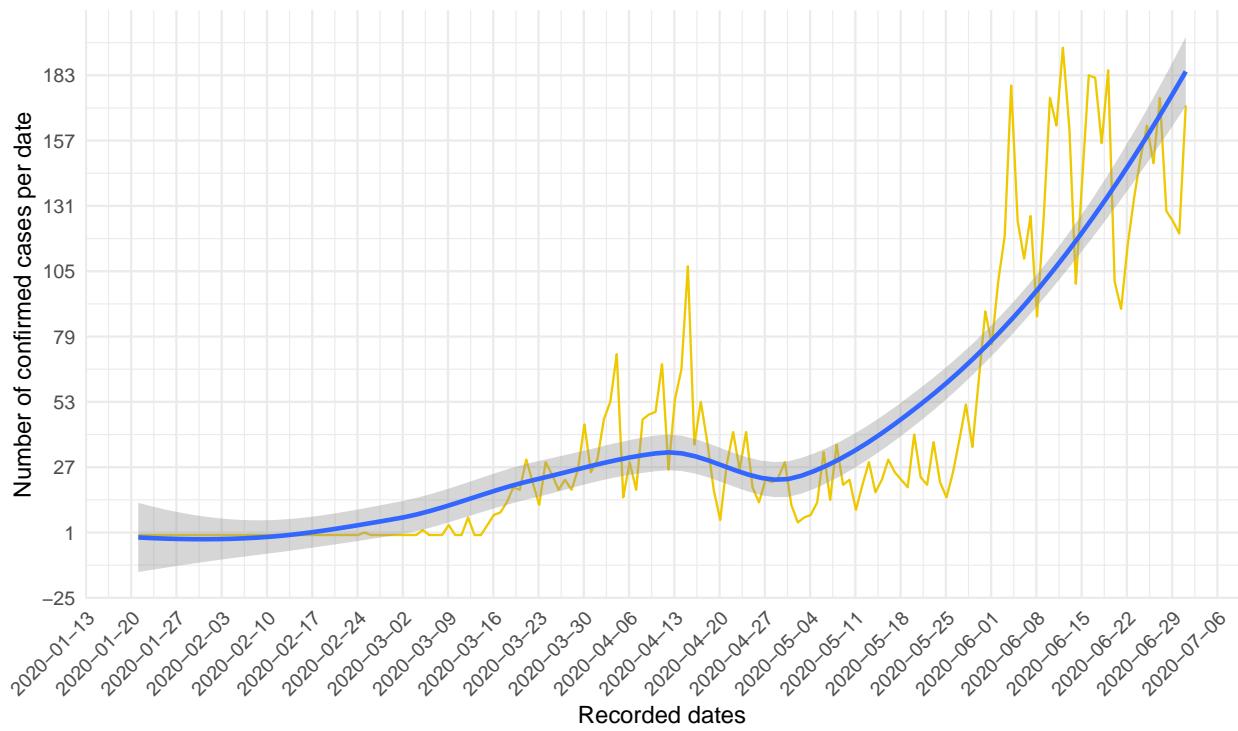

Nigeria – confirmed cases over time, total cases: 27,110

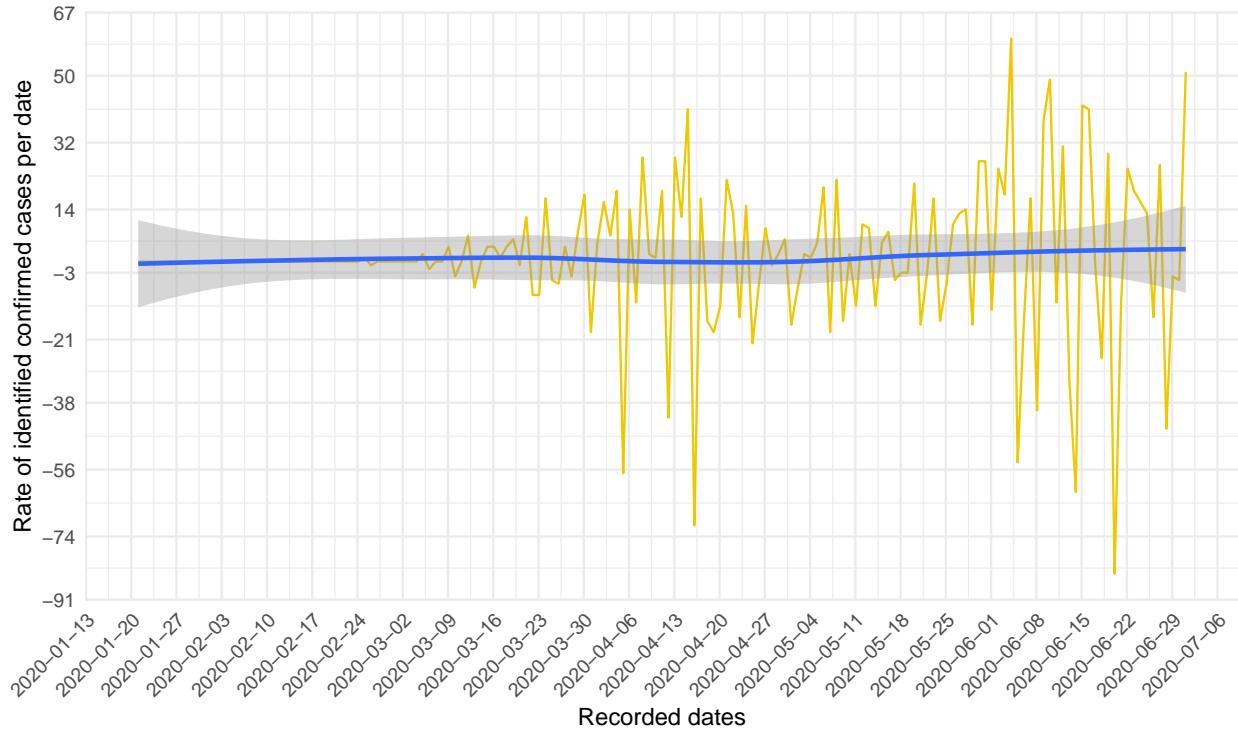

Nigeria – rate of increase of confirmed cases over time

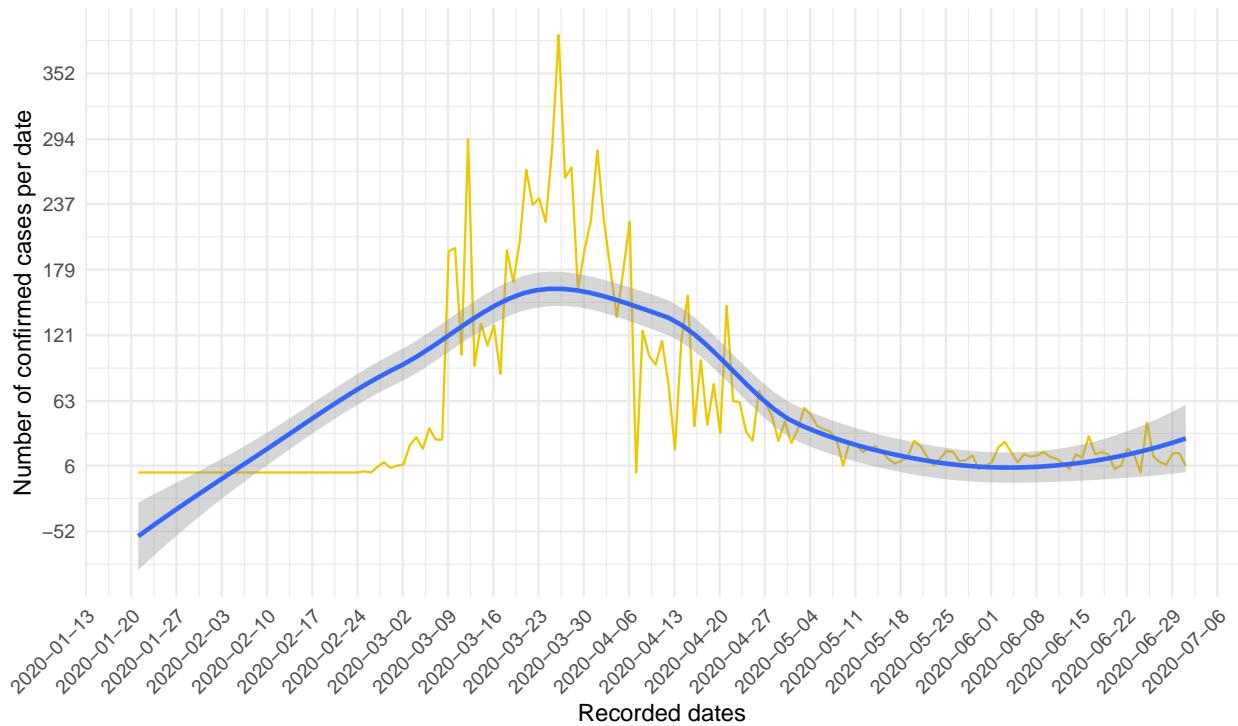

North Macedonia – confirmed cases over time, total cases: 6,625

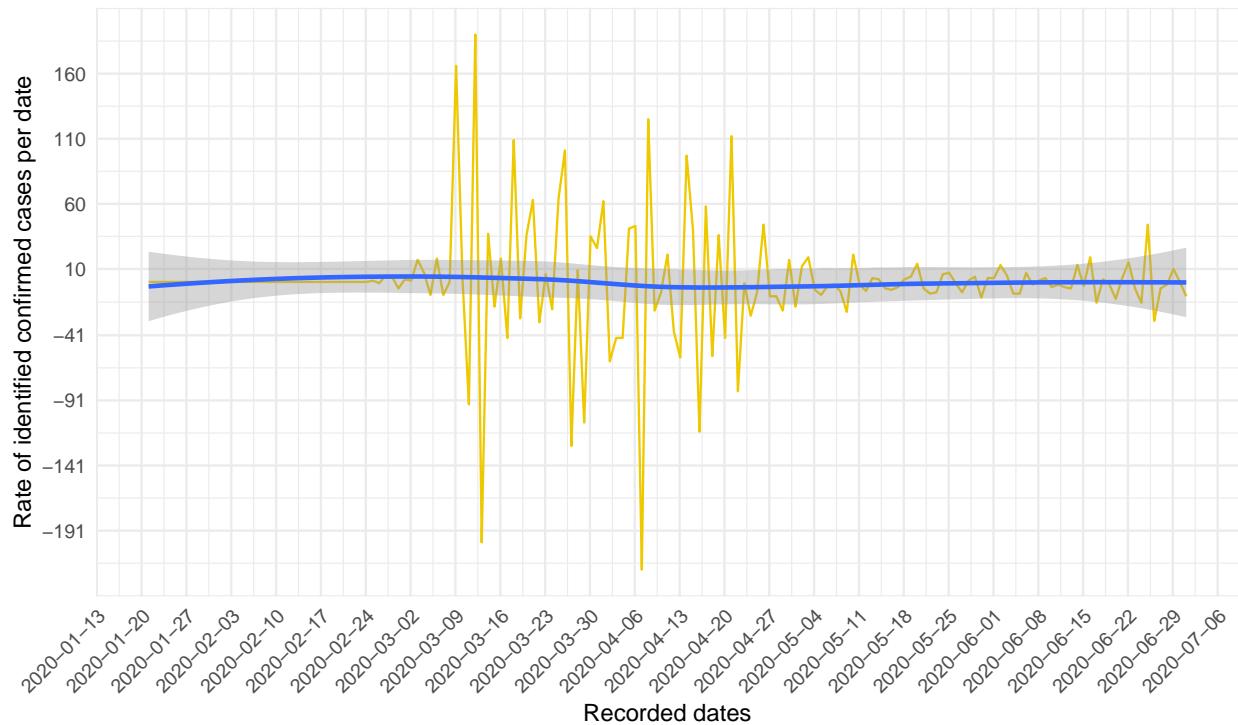

North Macedonia – rate of increase of confirmed cases over time

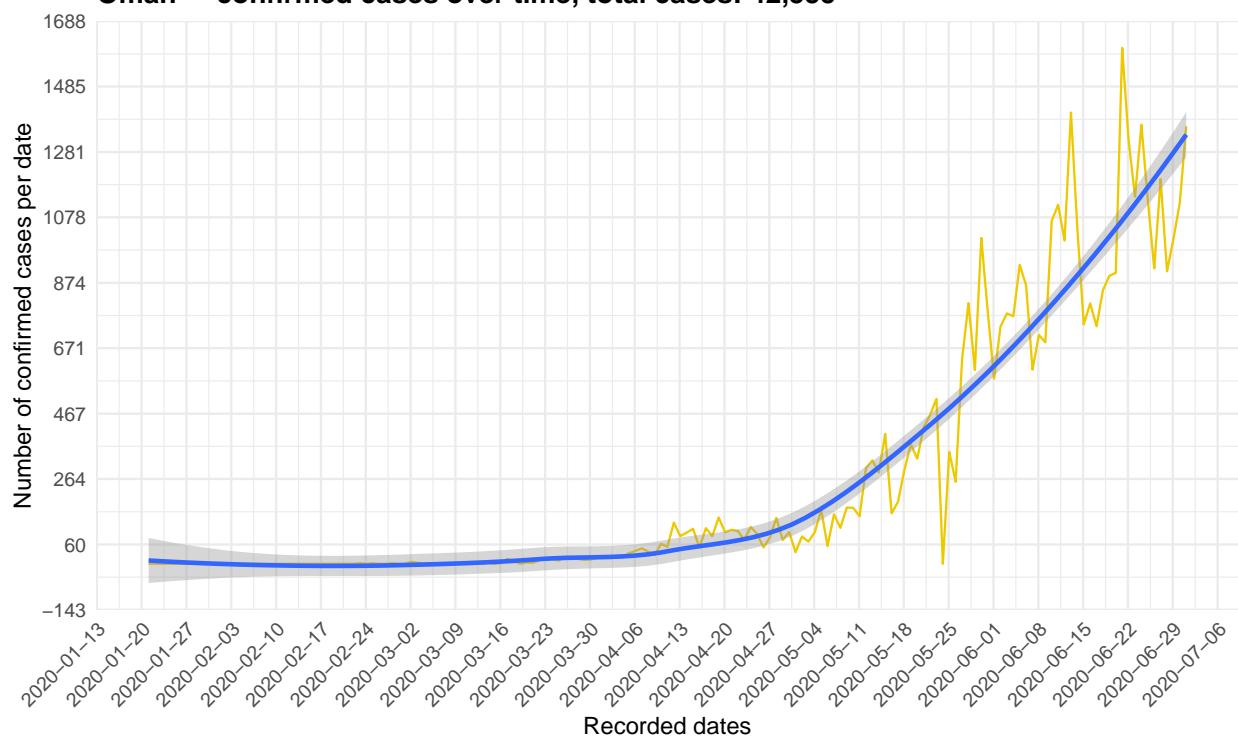

Norway – confirmed cases over time, total cases: 8,902

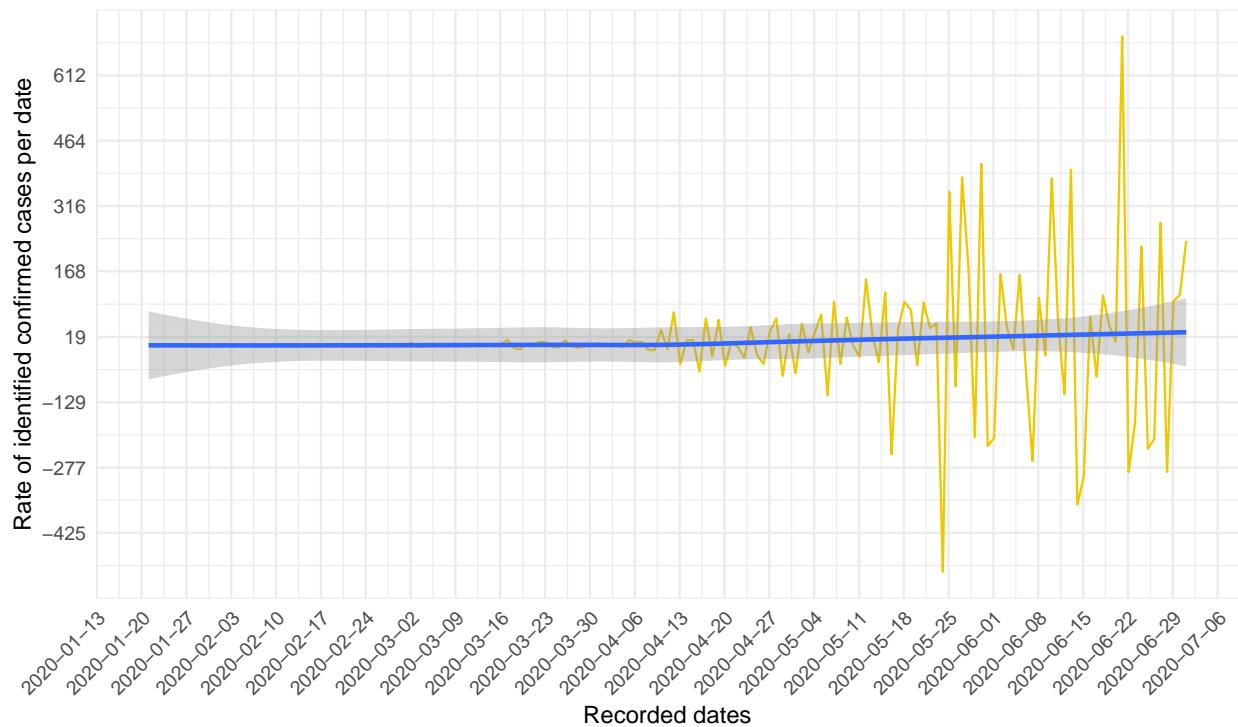

Norway – rate of increase of confirmed cases over time

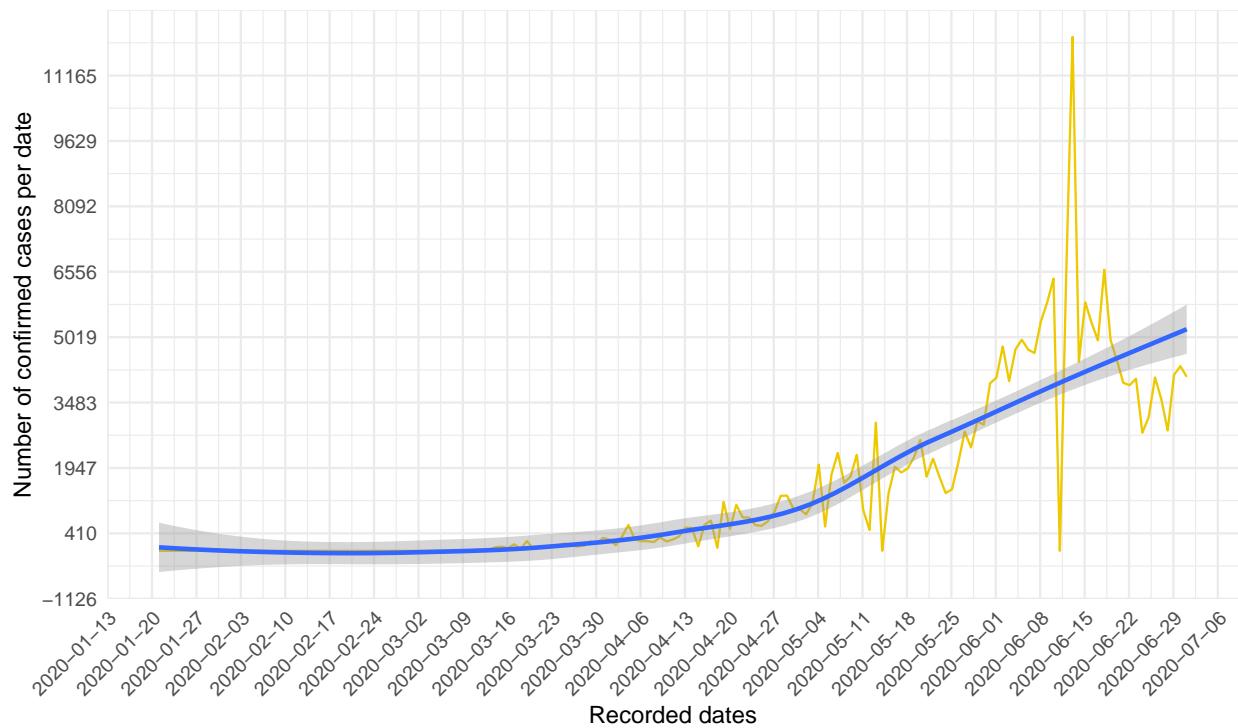

Oman – confirmed cases over time, total cases: 42,555

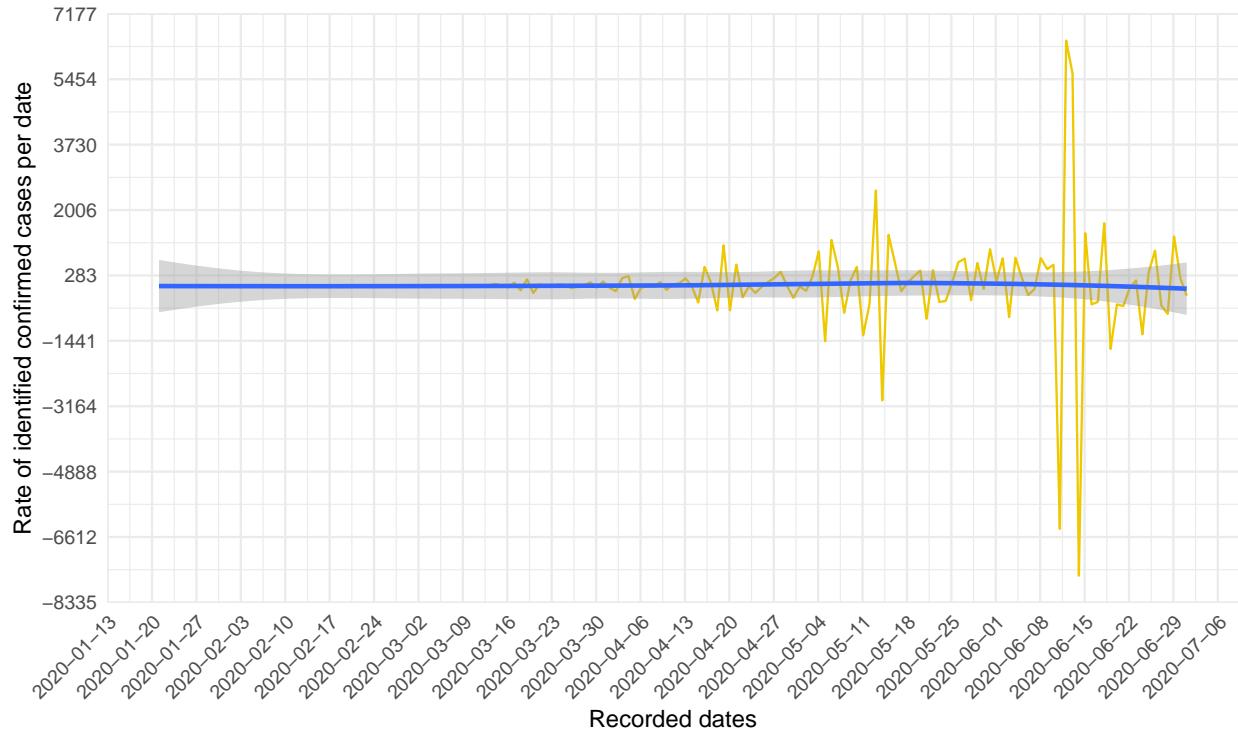

Oman – rate of increase of confirmed cases over time

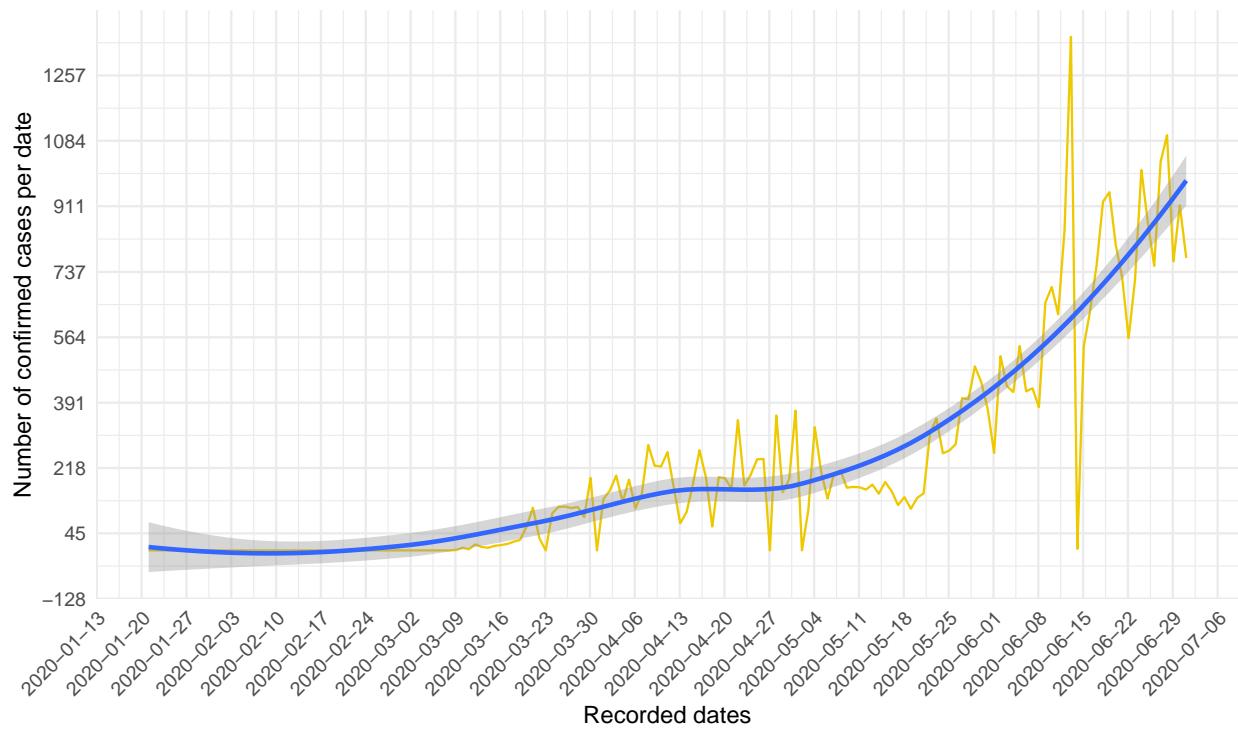

Pakistan – confirmed cases over time, total cases: 221,896

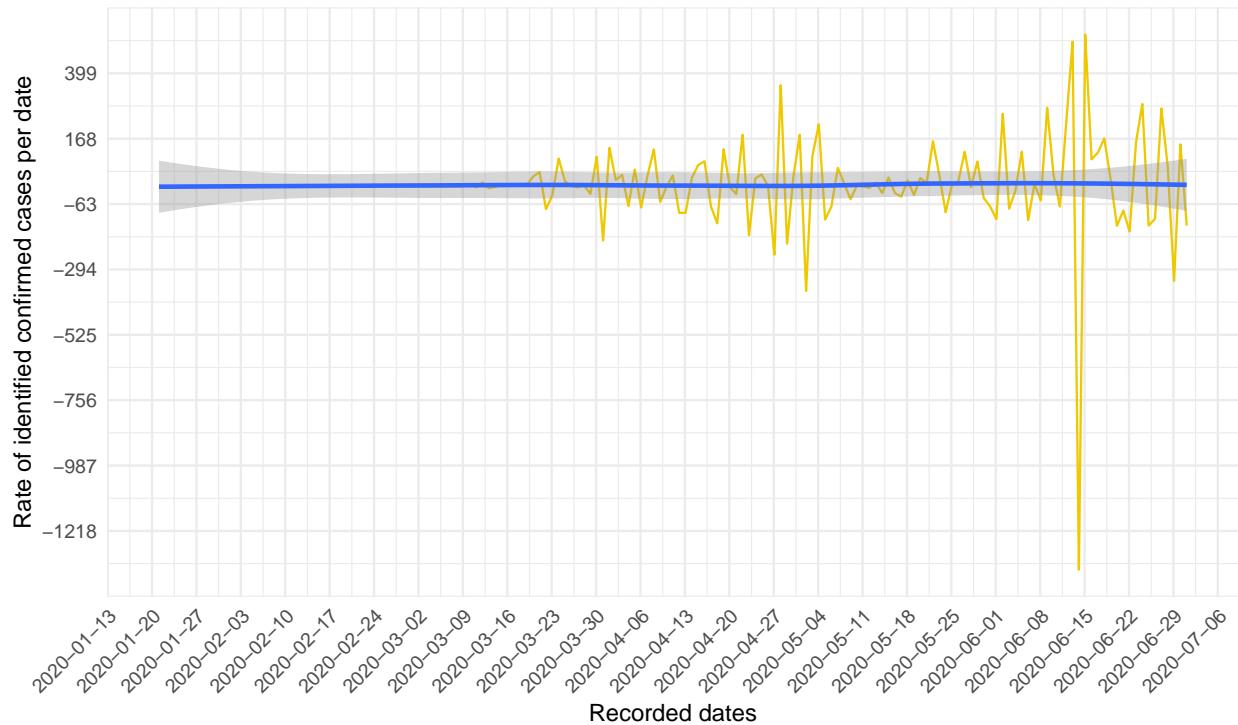

Pakistan – rate of increase of confirmed cases over time

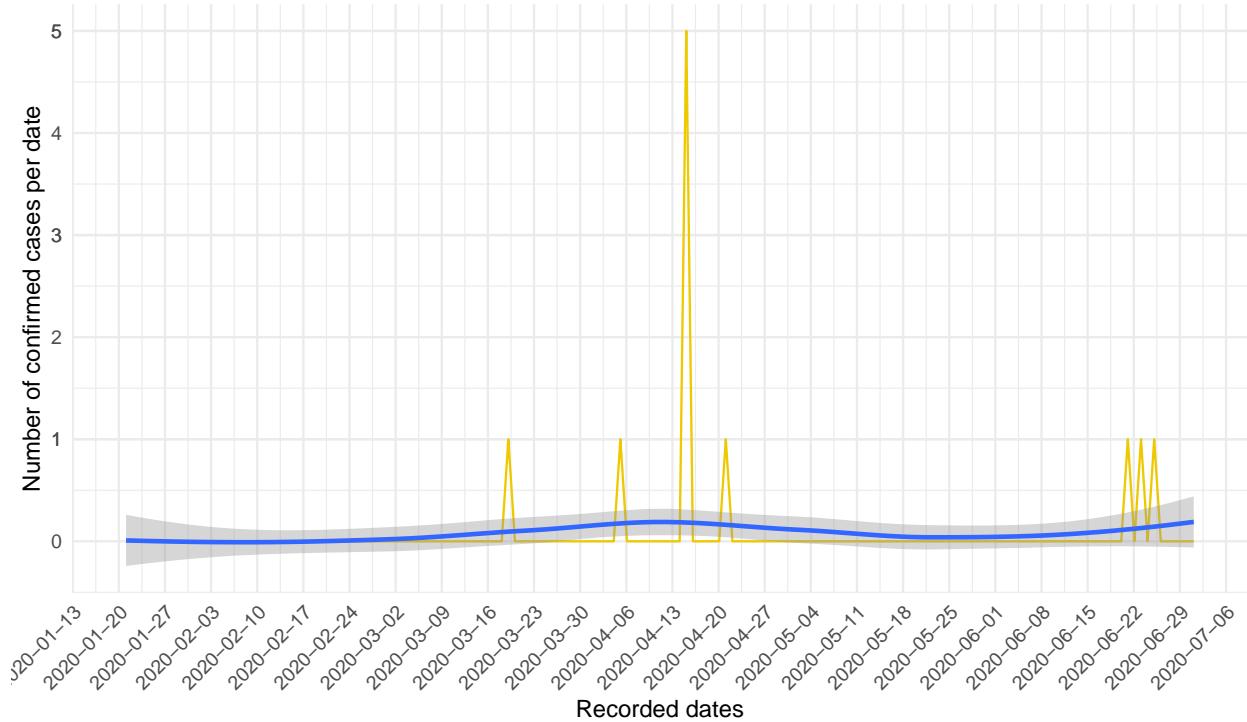

Panama – confirmed cases over time, total cases: 35,237

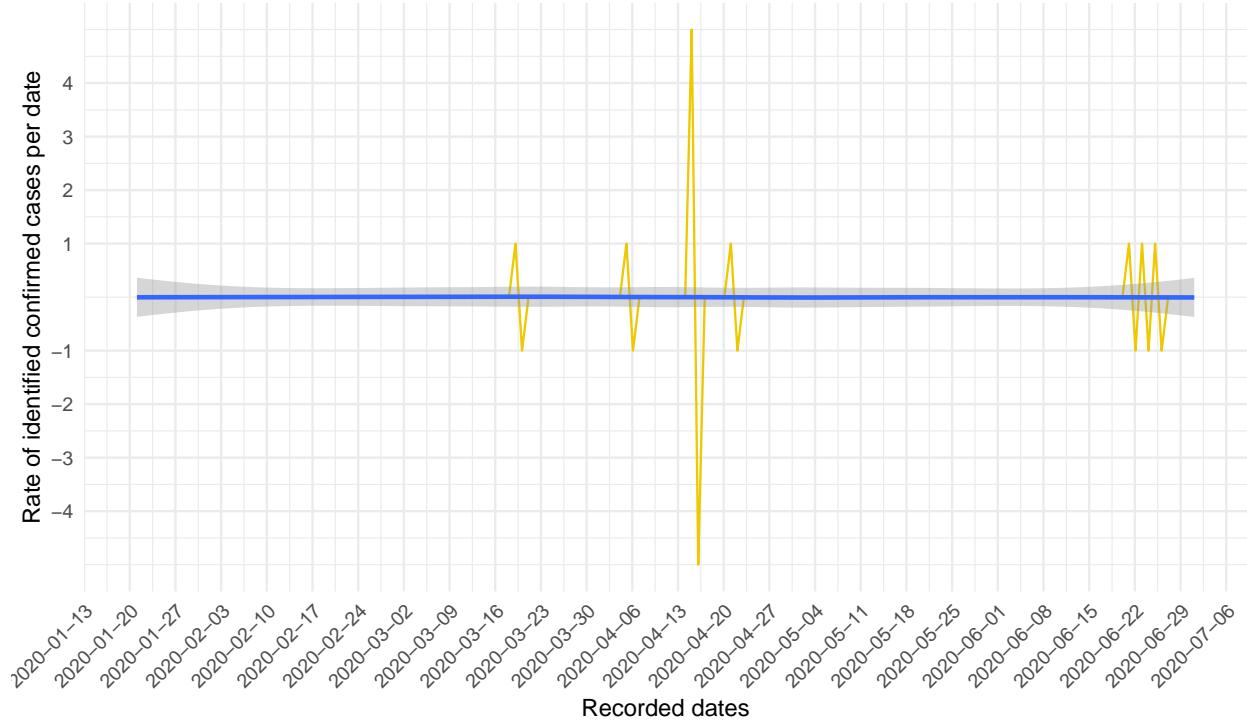

Panama – rate of increase of confirmed cases over time

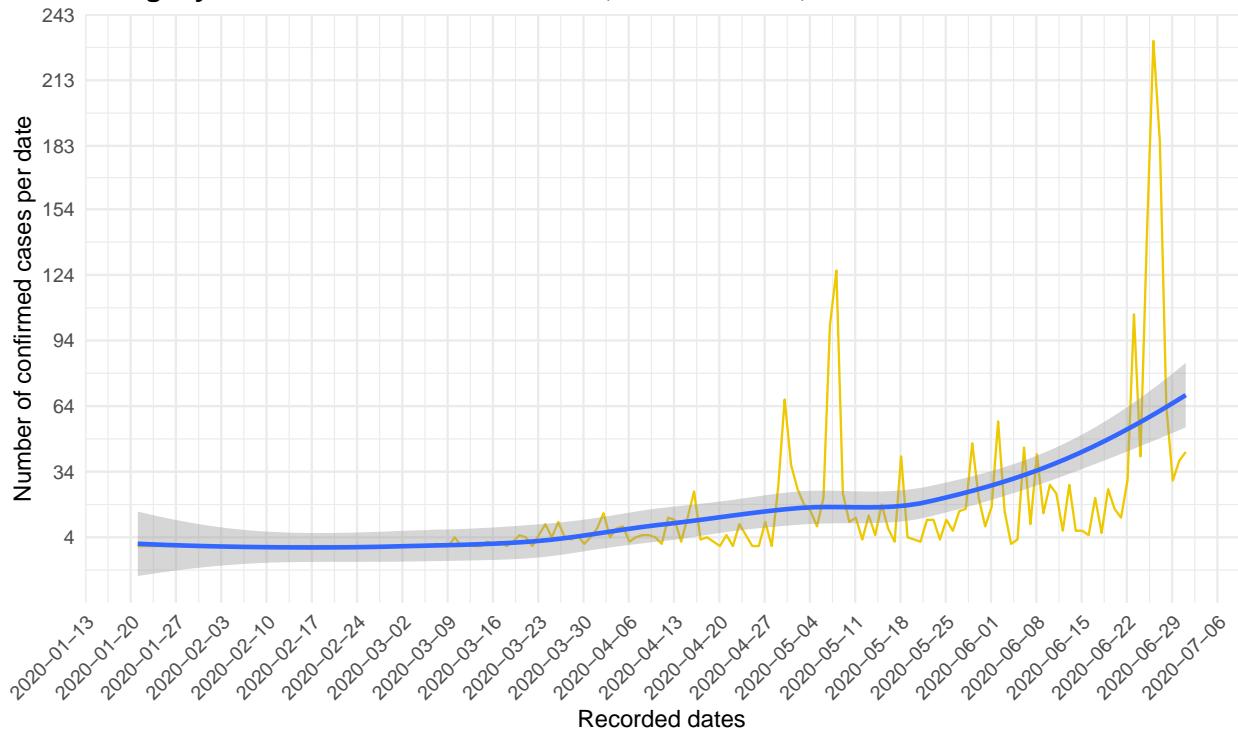

Papua New Guinea – confirmed cases over time, total cases: 11

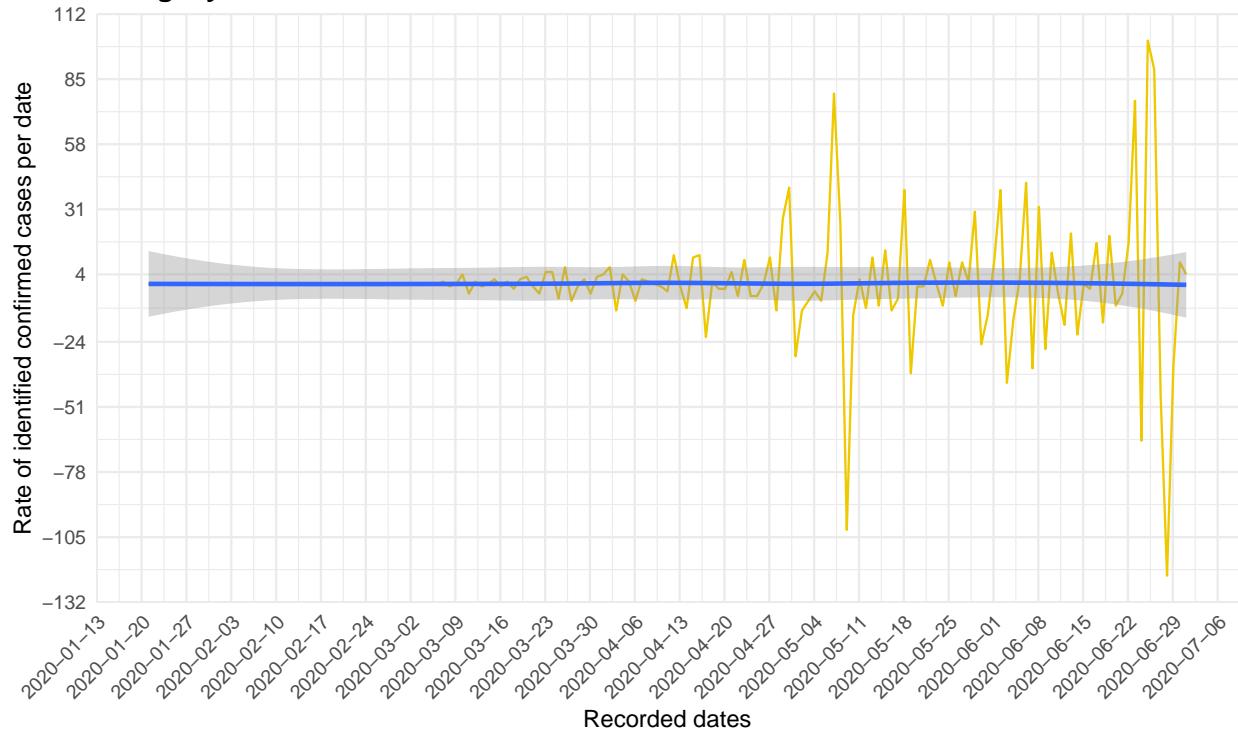

Papua New Guinea – rate of increase of confirmed cases over time

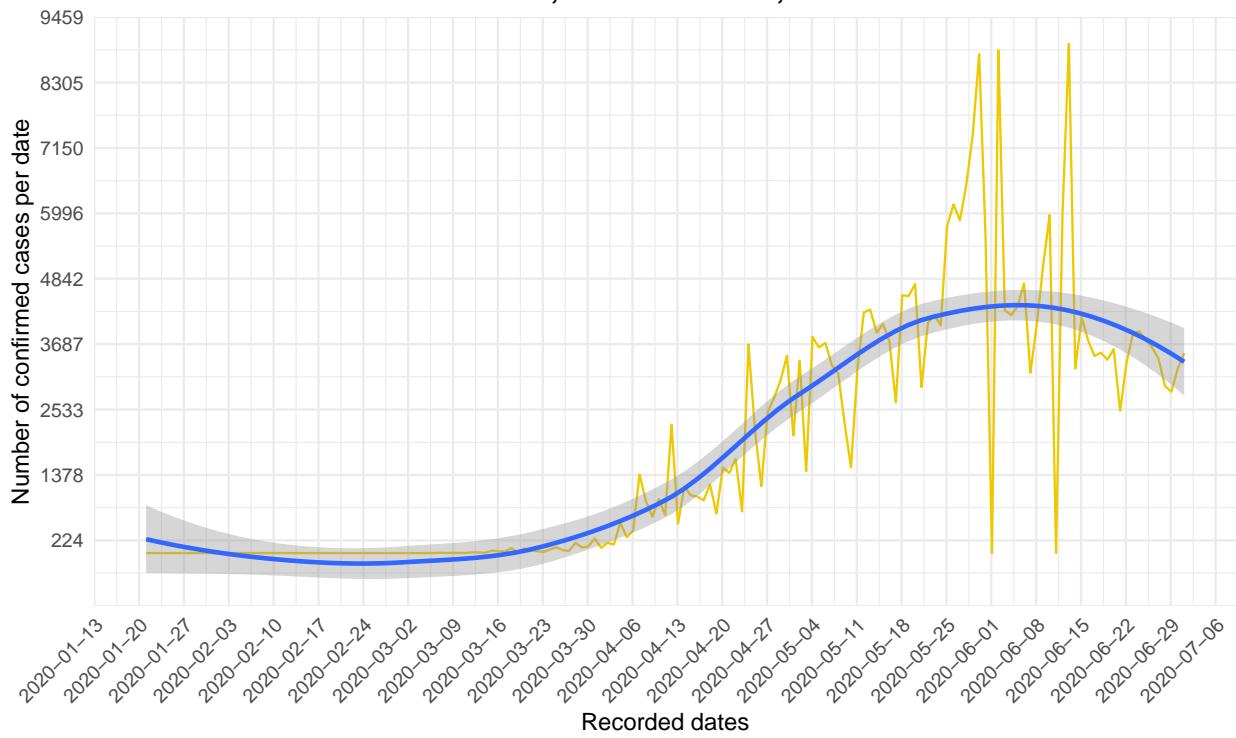

Paraguay – confirmed cases over time, total cases: 2,303

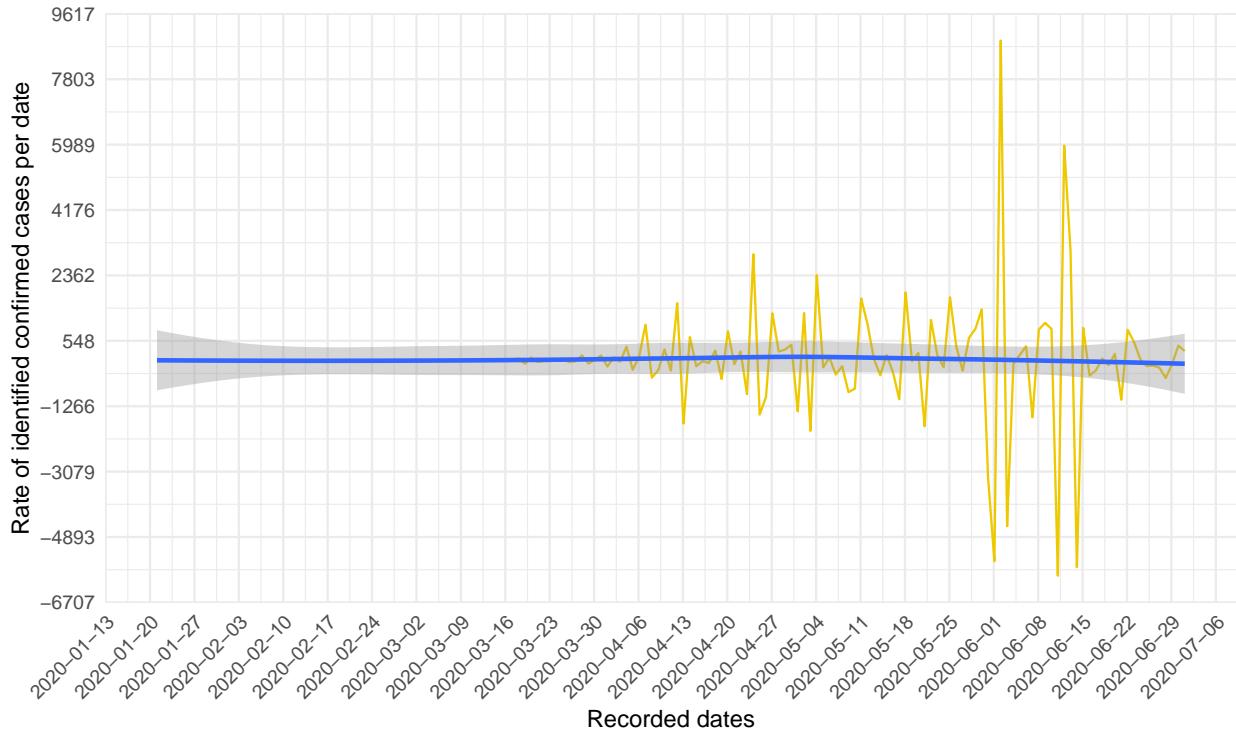

Paraguay – rate of increase of confirmed cases over time

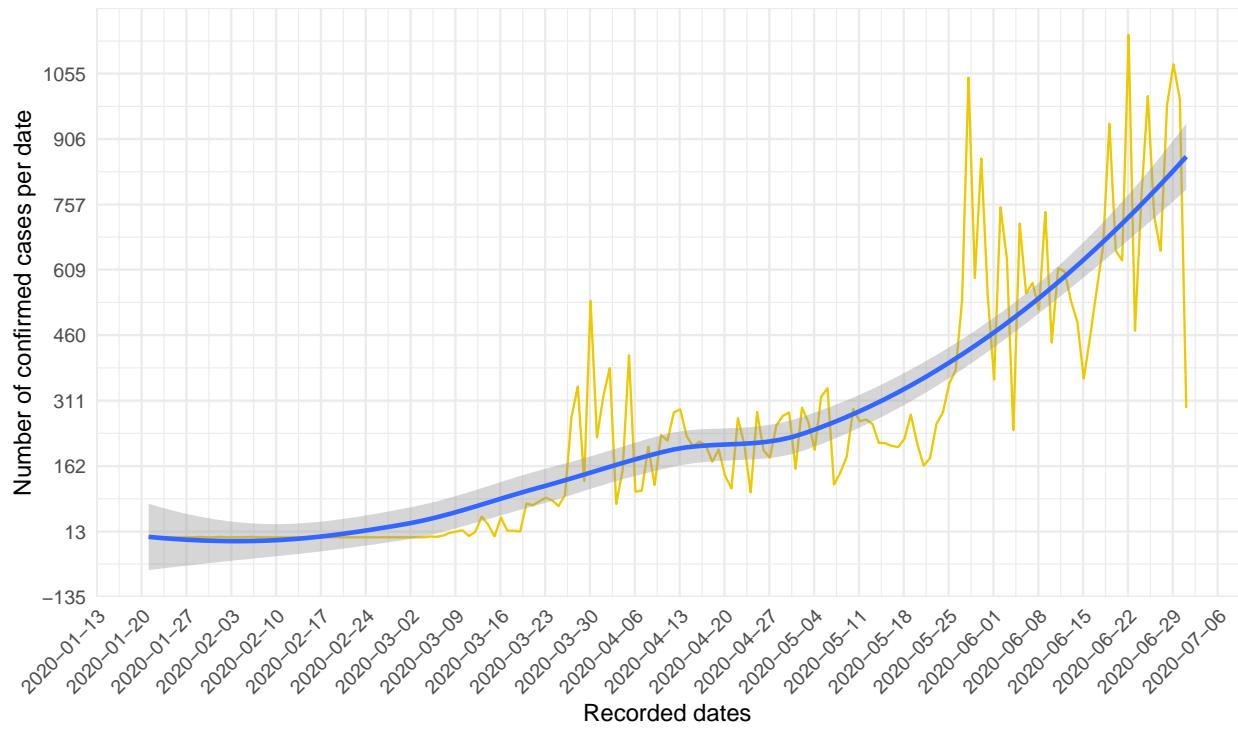

Peru – confirmed cases over time, total cases: 292,004

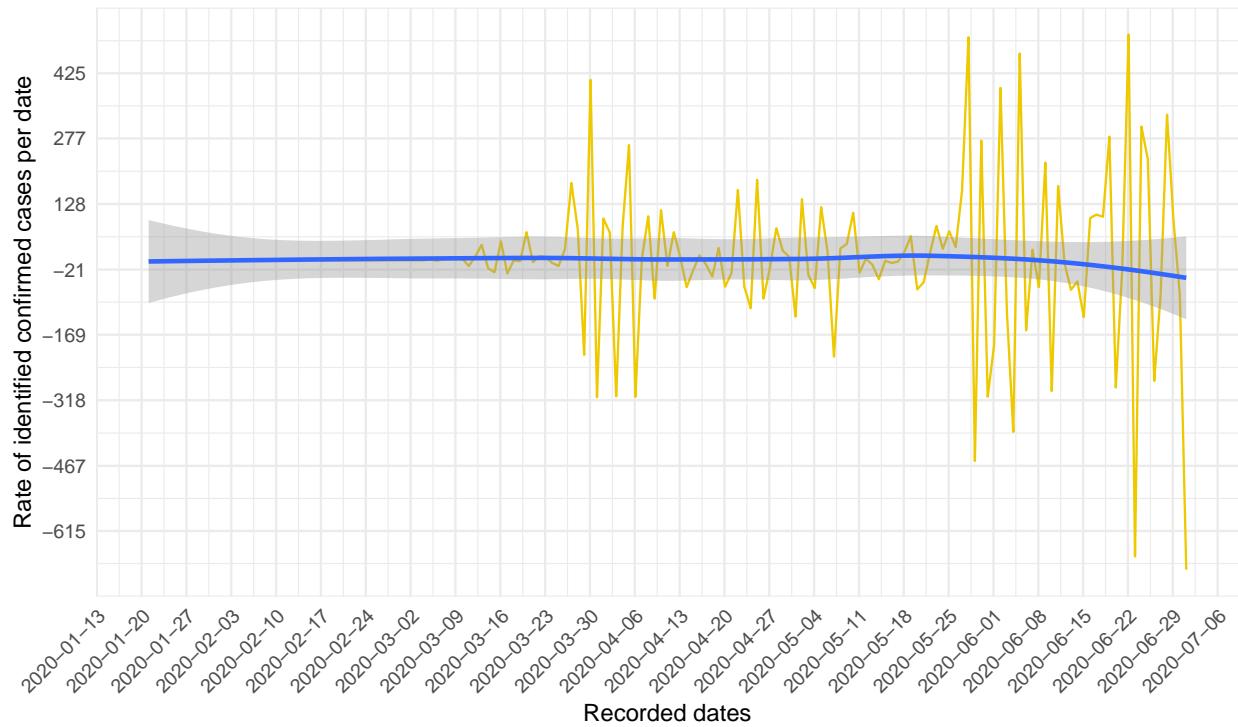

Peru – rate of increase of confirmed cases over time

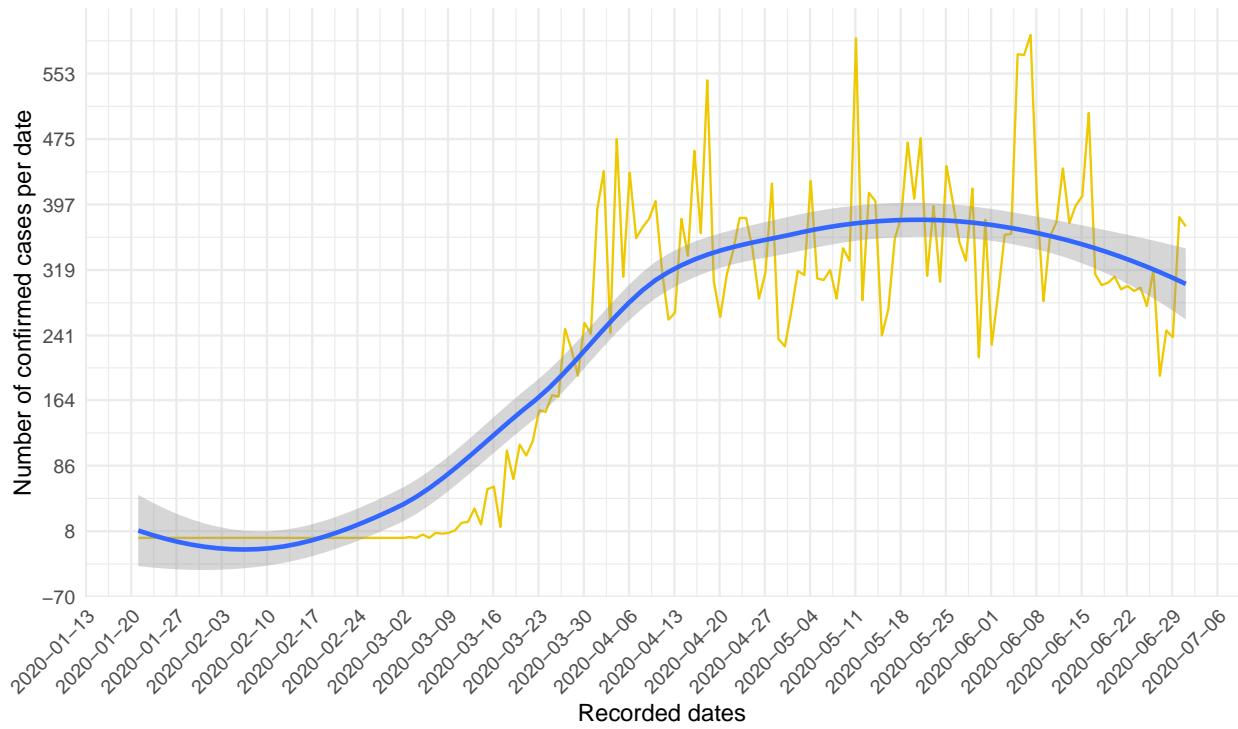

Philippines – confirmed cases over time, total cases: 38,805

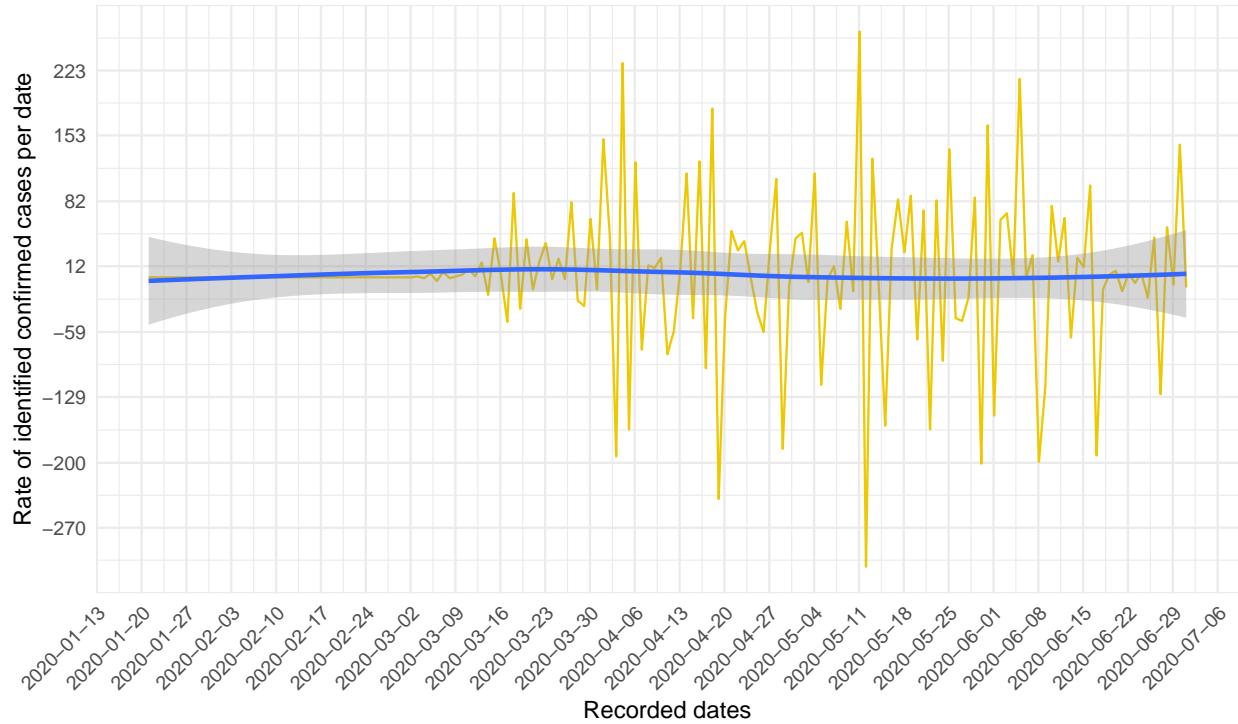

Philippines – rate of increase of confirmed cases over time

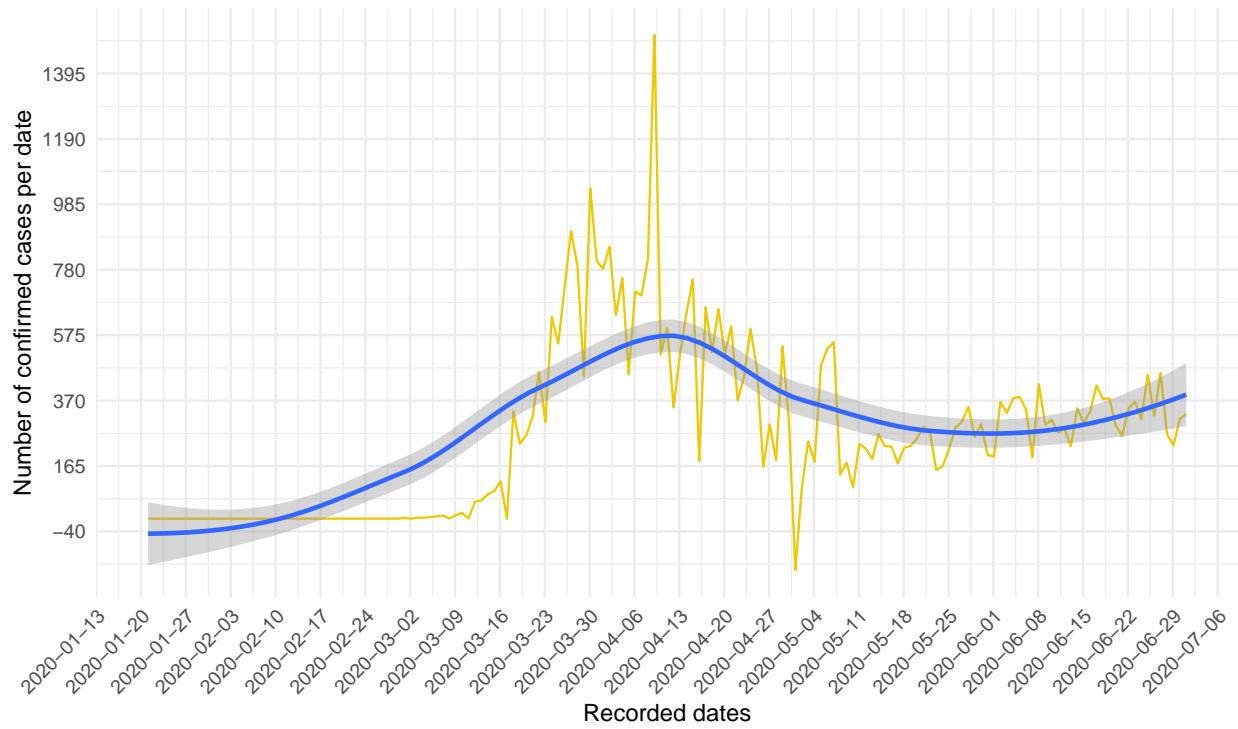

Poland – confirmed cases over time, total cases: 35,146

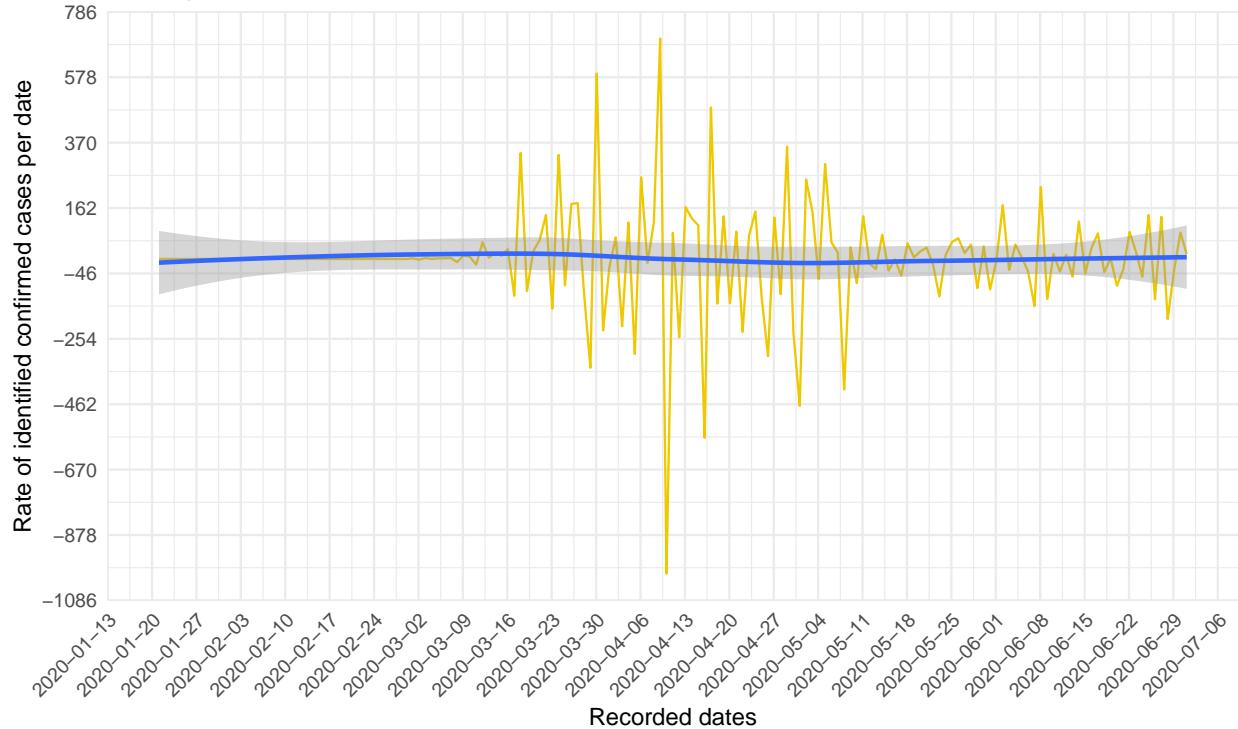

Poland – rate of increase of confirmed cases over time
