

**Covid-19 exploratory analysis, data fetched from CSSE
Github data repository, John Hopkins University,
United States**

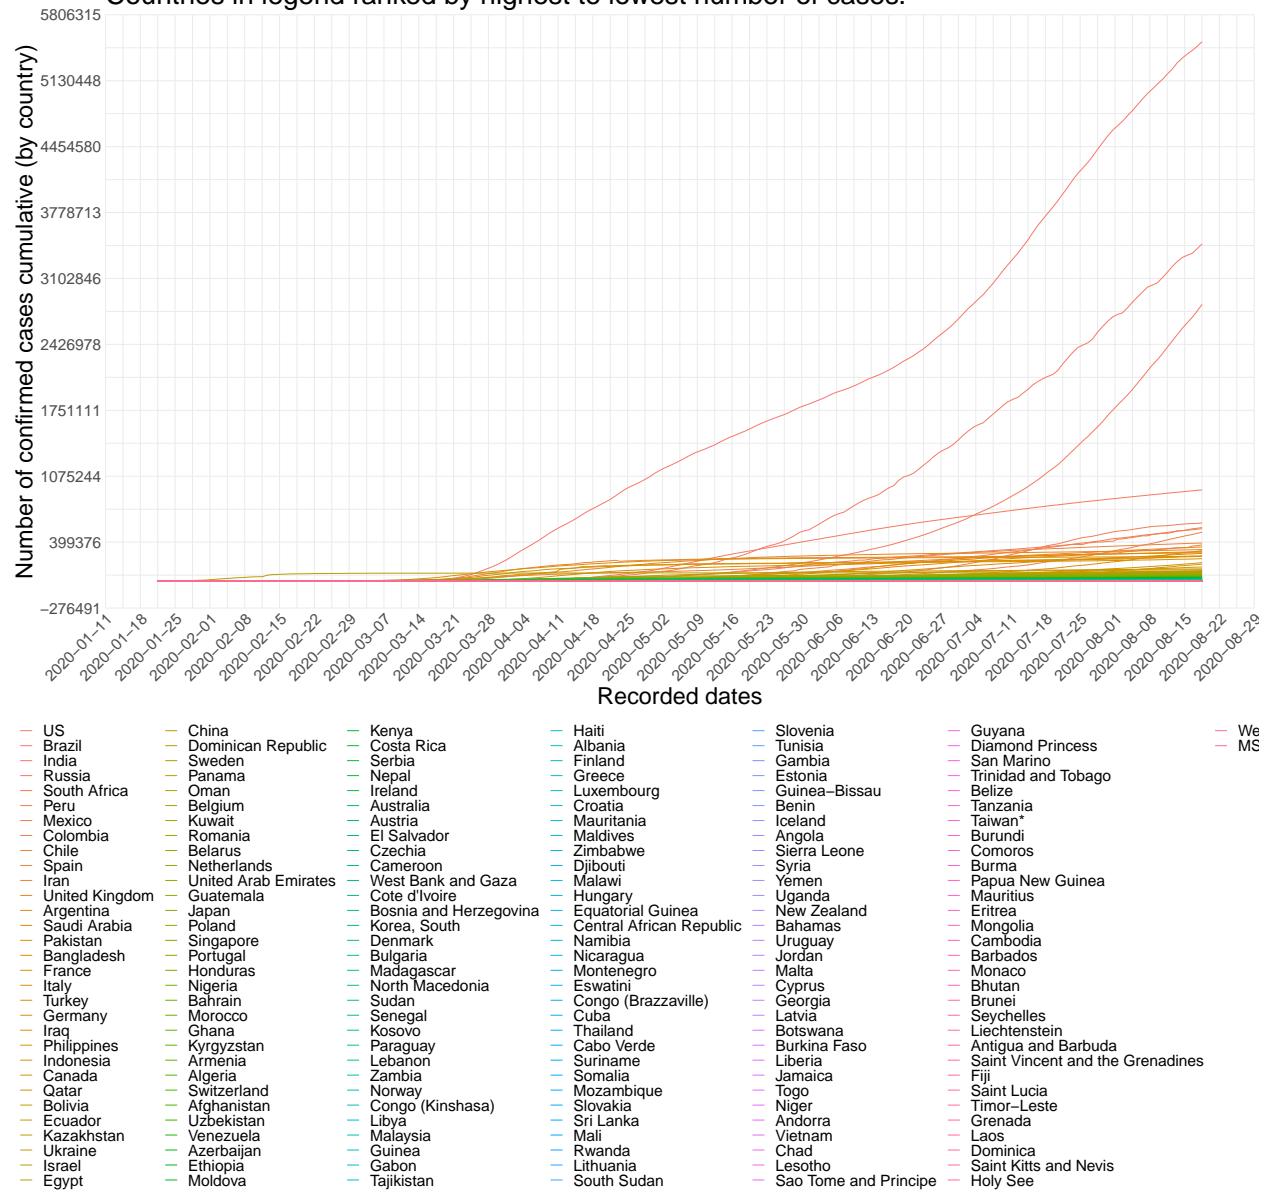

Saurajyoti Kar, Philadelphia, United States

Date Created: 2020-08-20

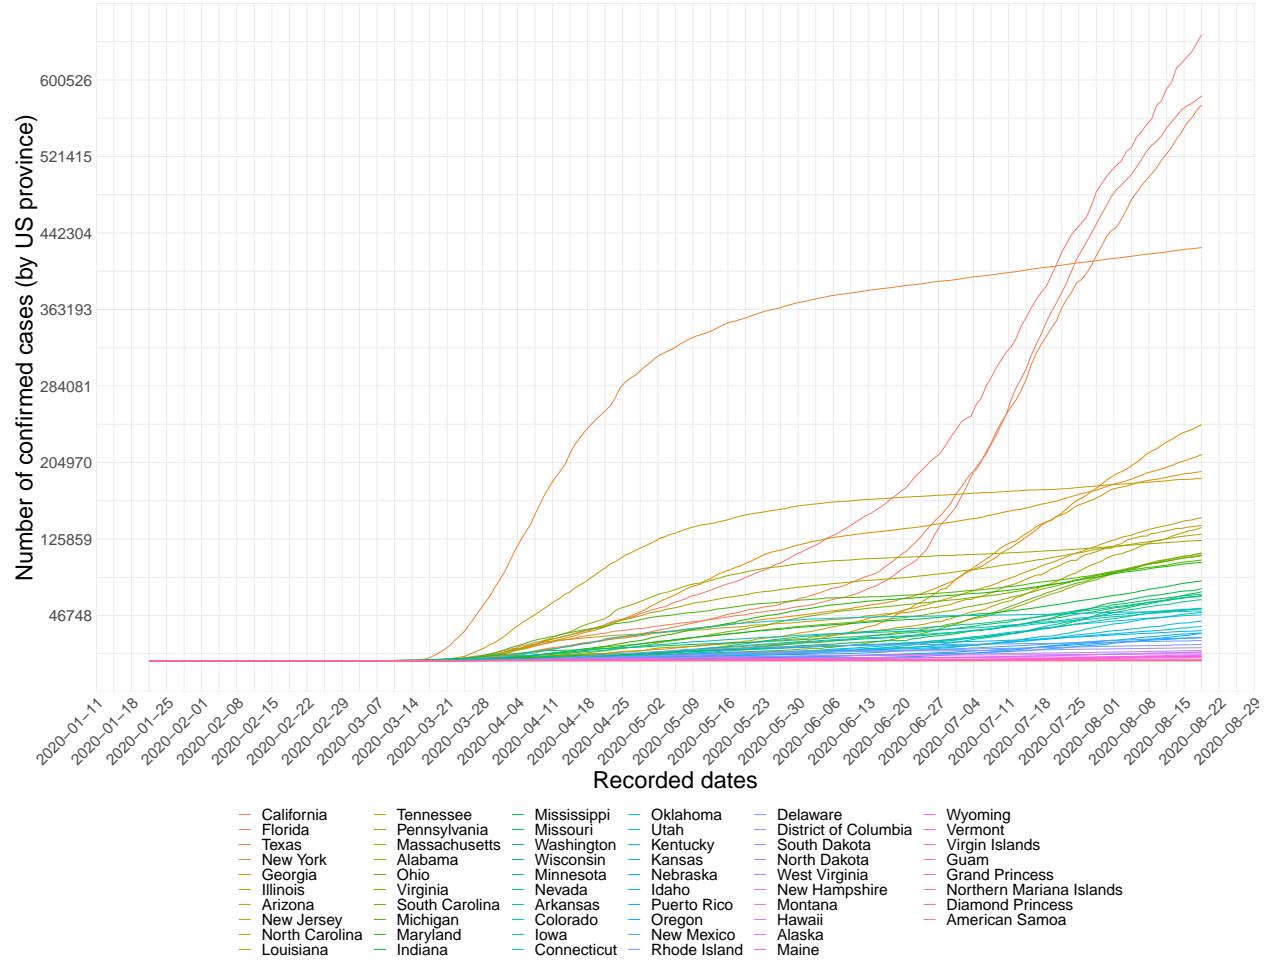

Confirmed cases across the world, cumulative counting

Confirmed cases by country. Total global cases 22,411,300.
Countries in legend ranked by highest to lowest number of cases.

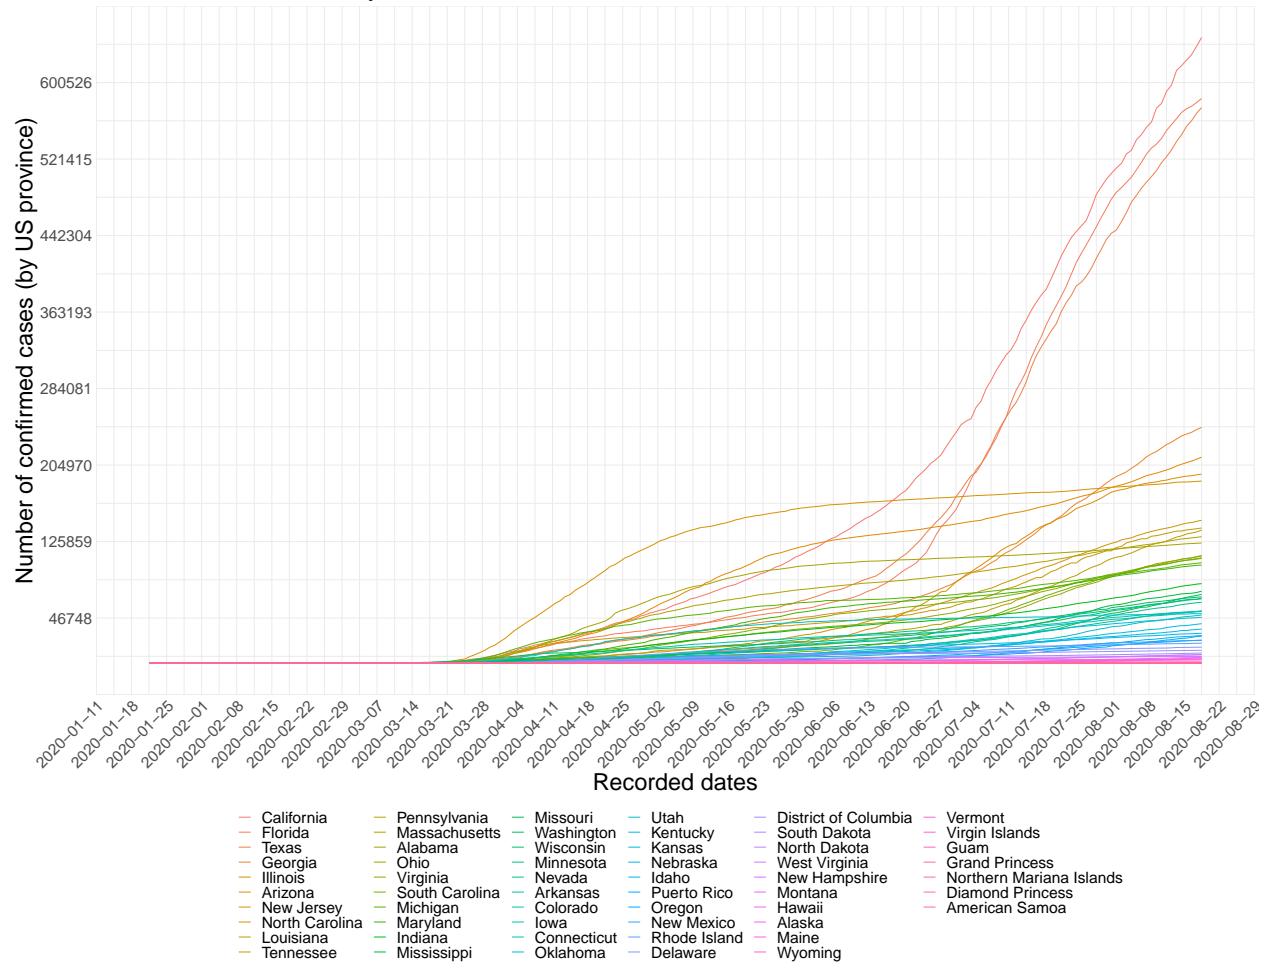

Confirmed cases in US states, cumulative counting

US confirmed cases by State. Total confirmed cases in US: 5,529,824

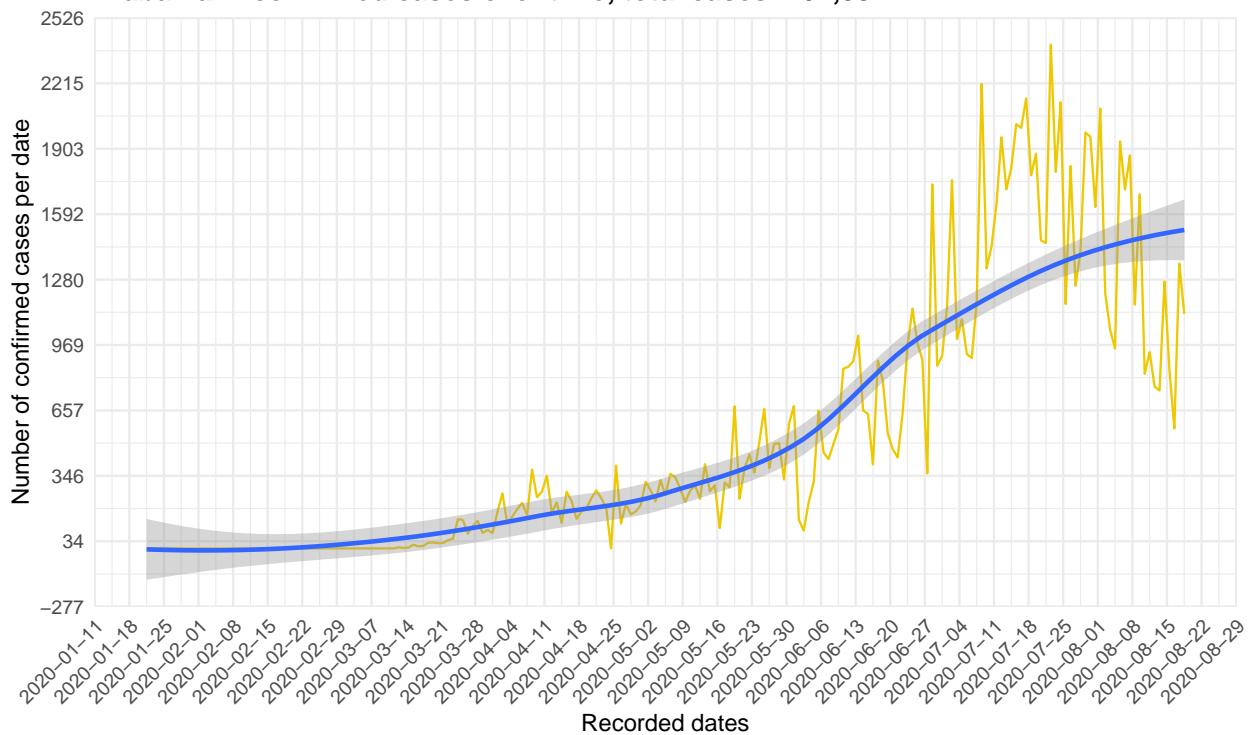

Confirmed cases in US states except New York, cumulative counting

US confirmed cases by State, without New York

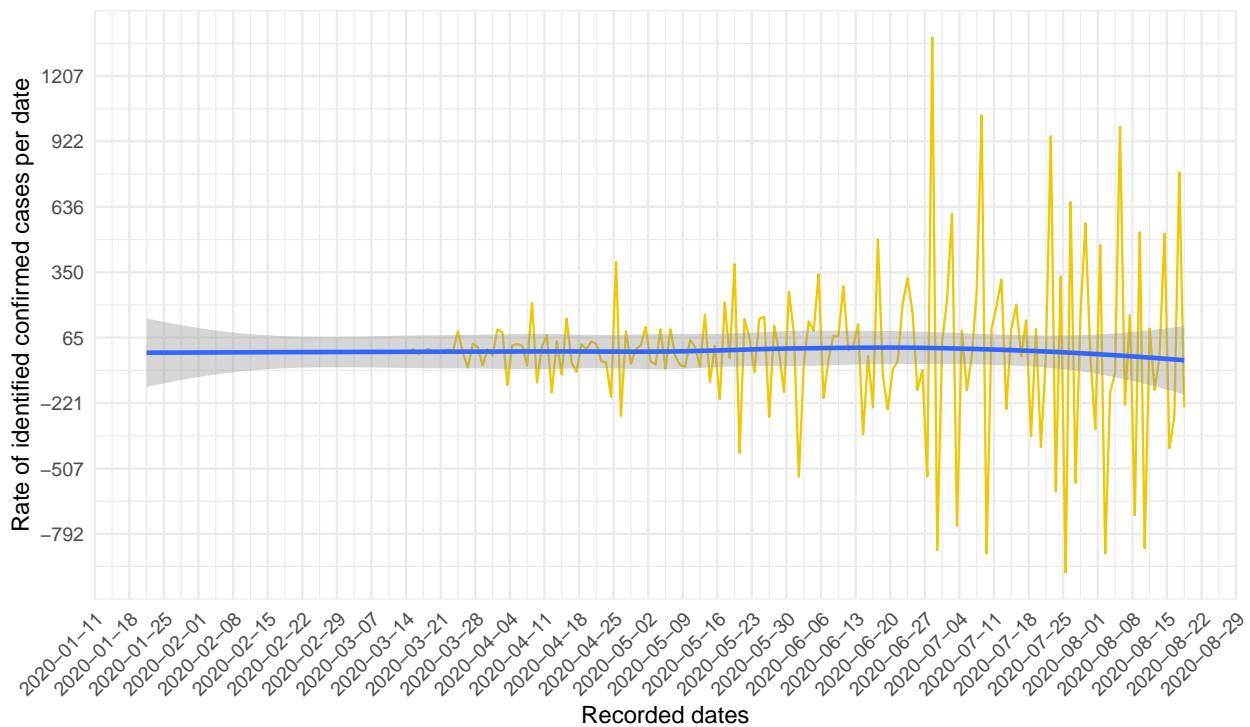

Confirmed cases by State or Province, per day counting and rate of increase per day

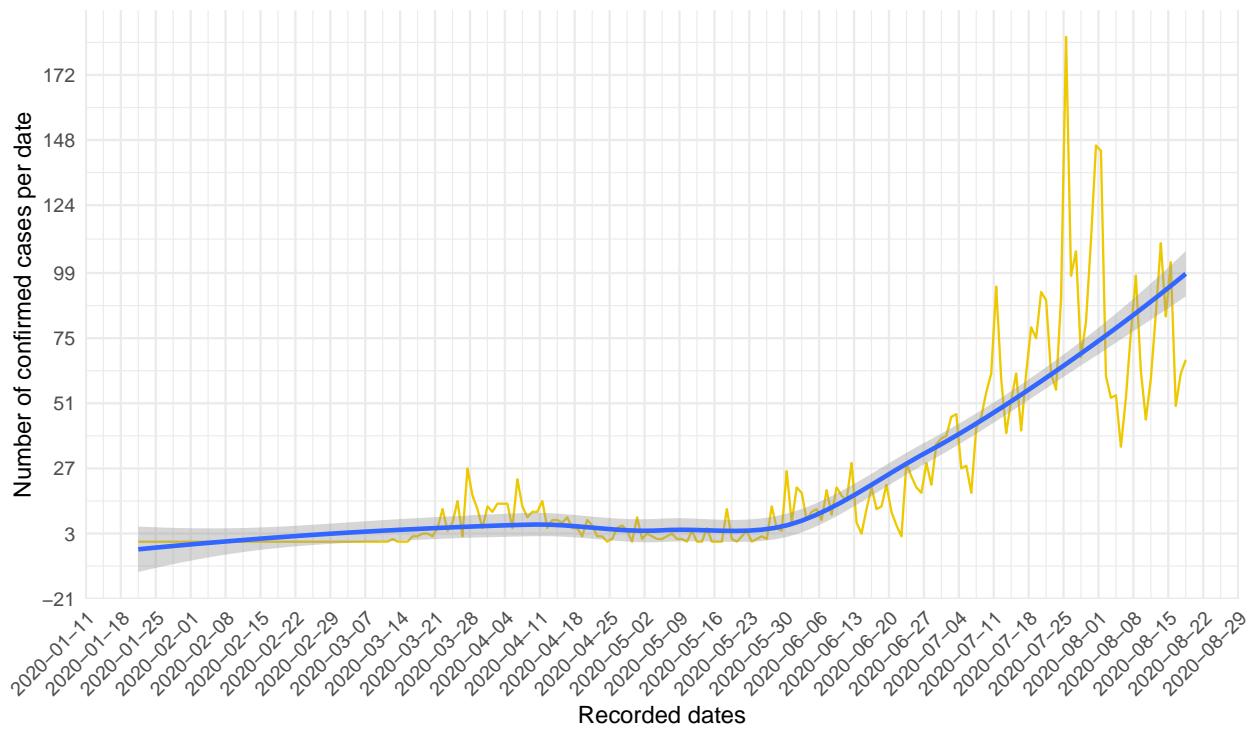

Alabama – confirmed cases over time, total cases: 101,334

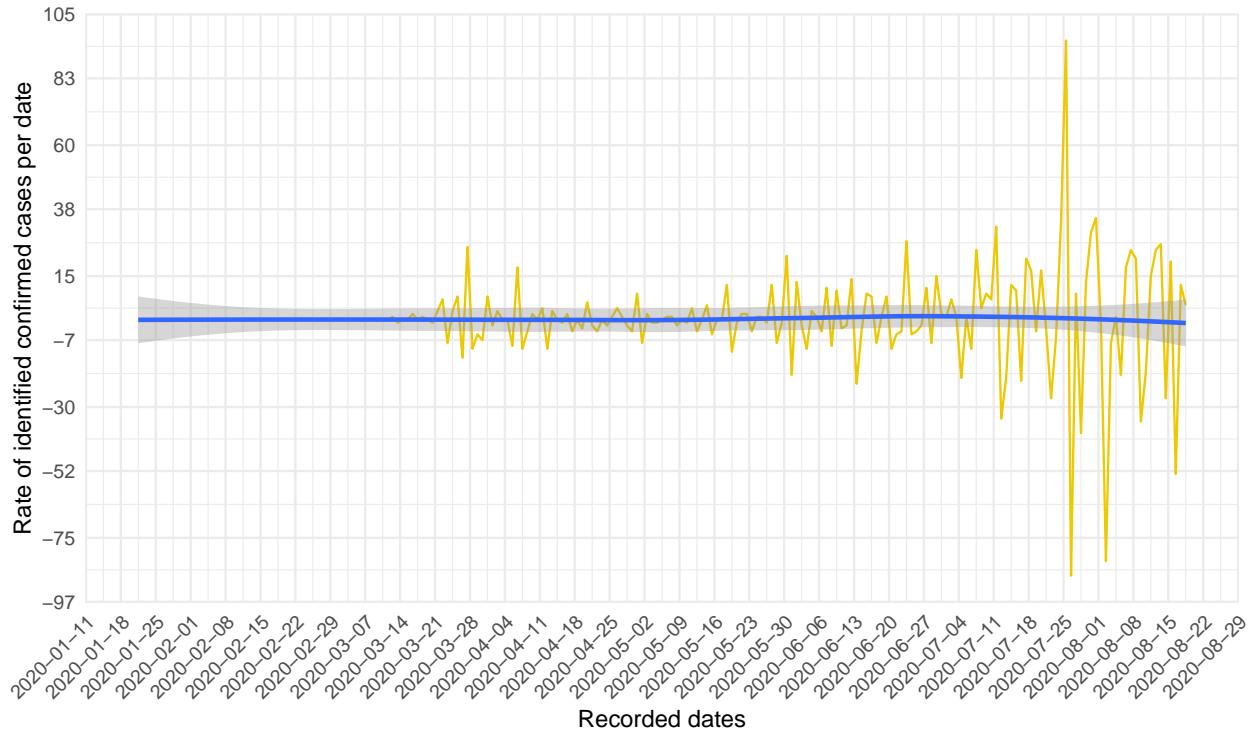

Alabama – rate of increase of confirmed cases over time

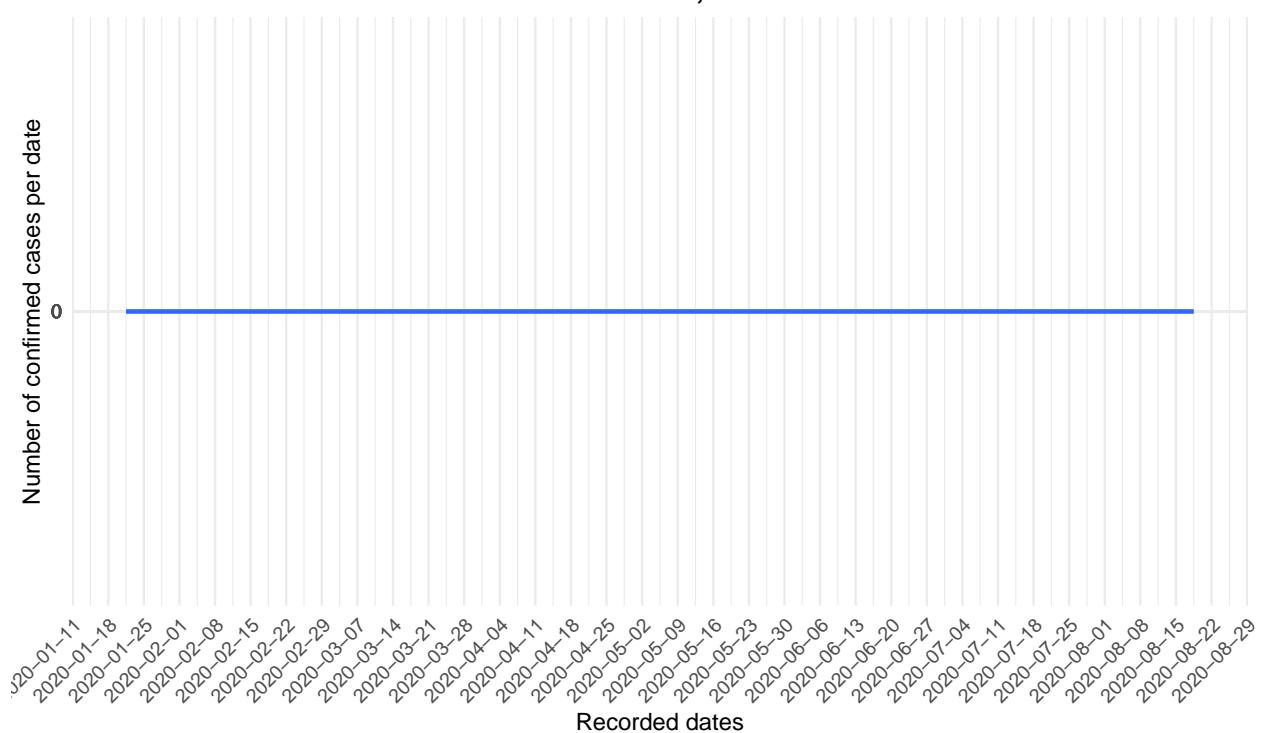

Alaska – confirmed cases over time, total cases: 3,711

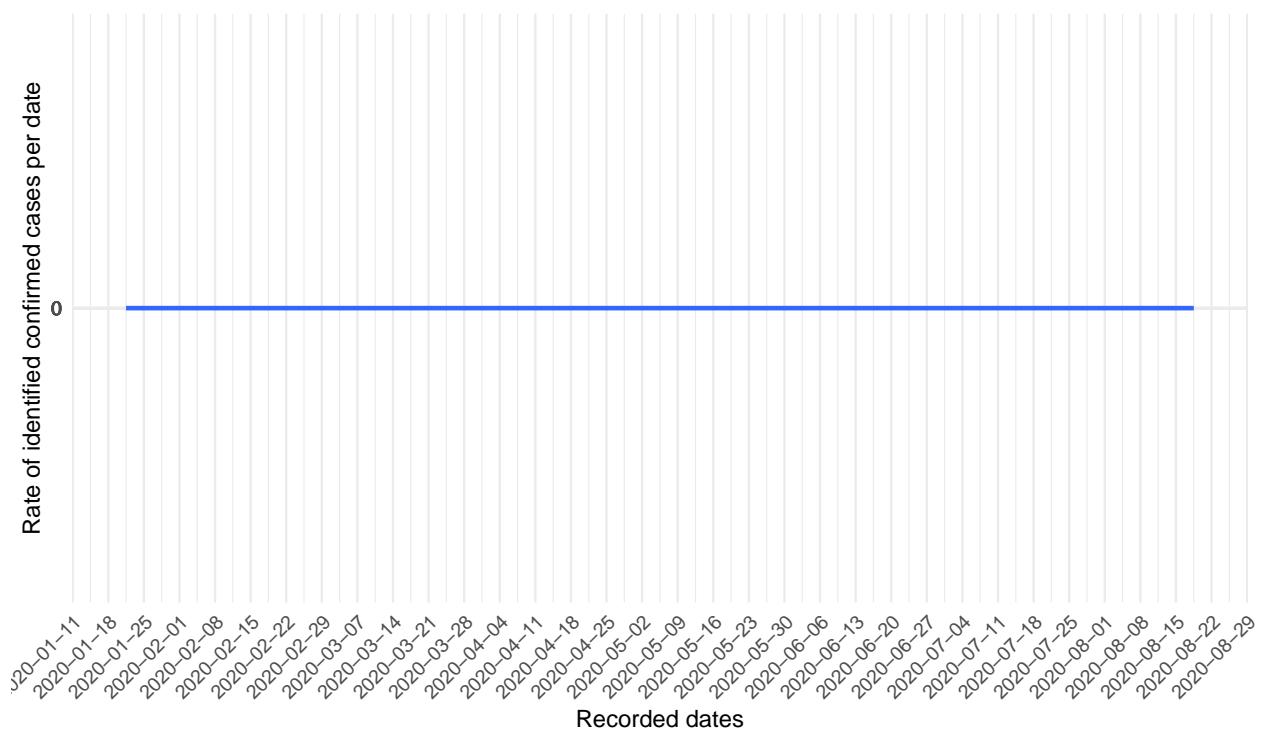

Alaska – rate of increase of confirmed cases over time

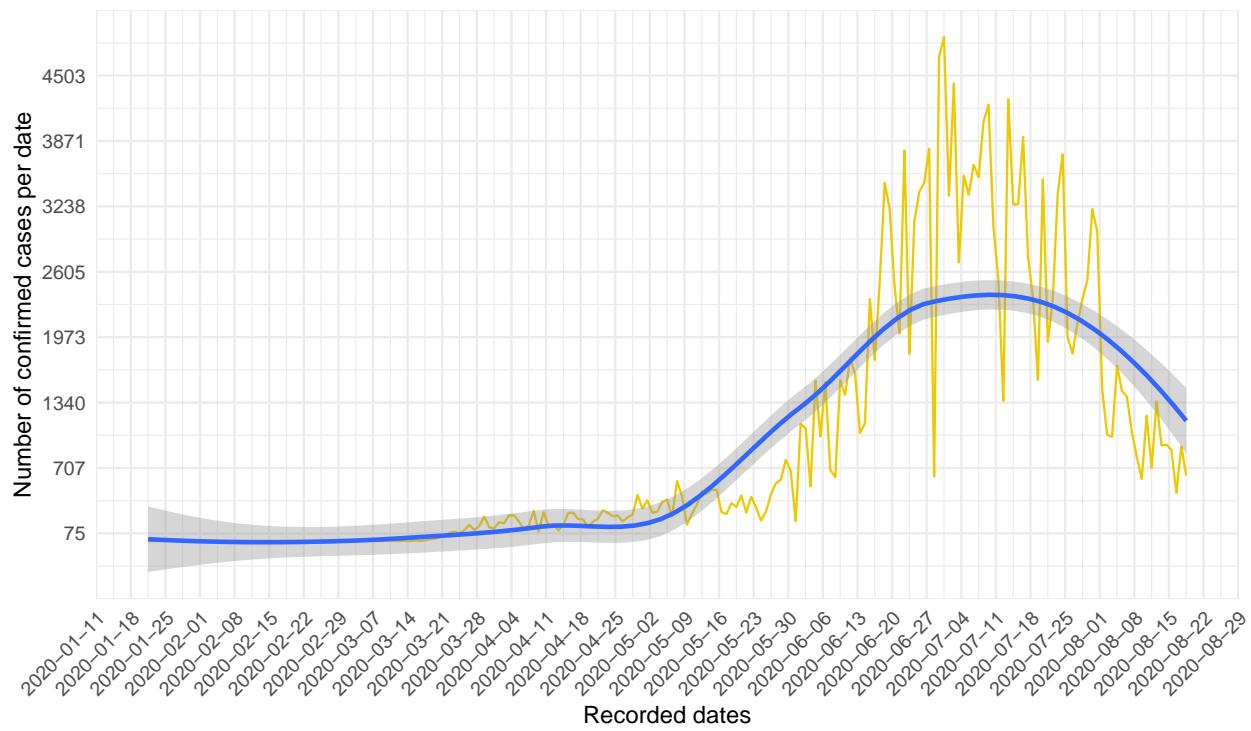

American Samoa – confirmed cases over time, total cases: 0

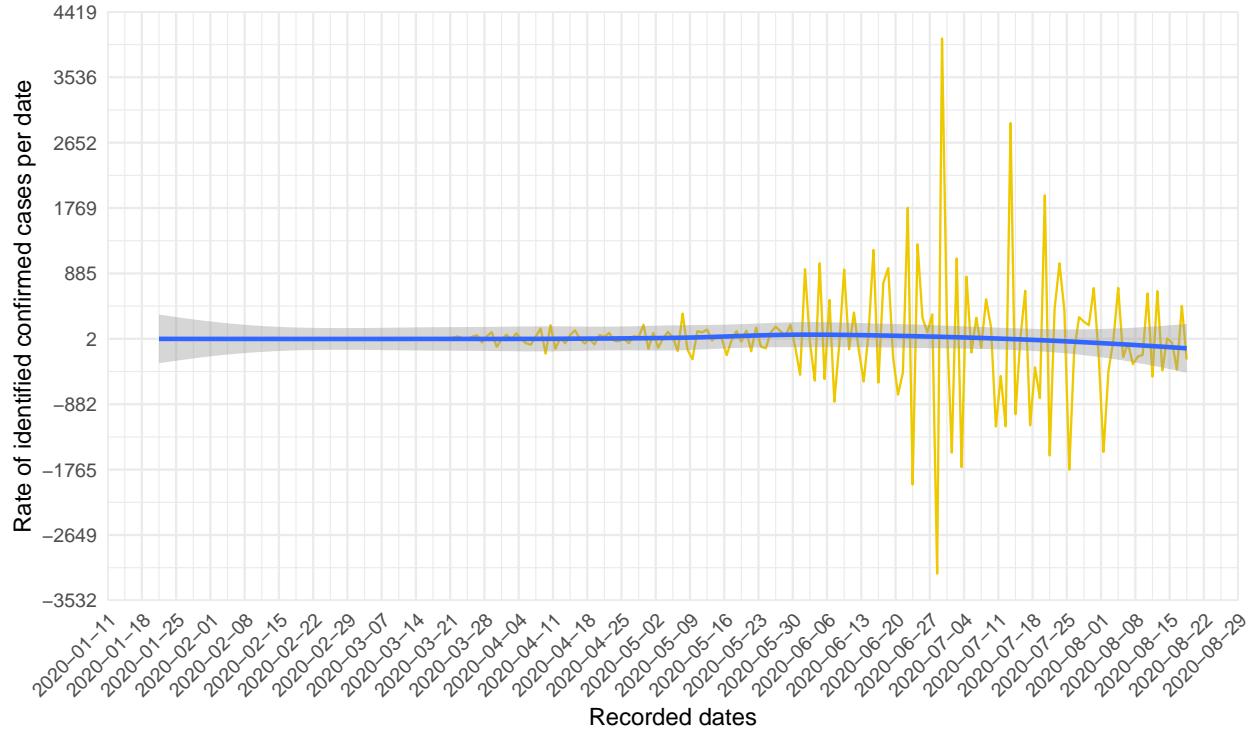

American Samoa – rate of increase of confirmed cases over time

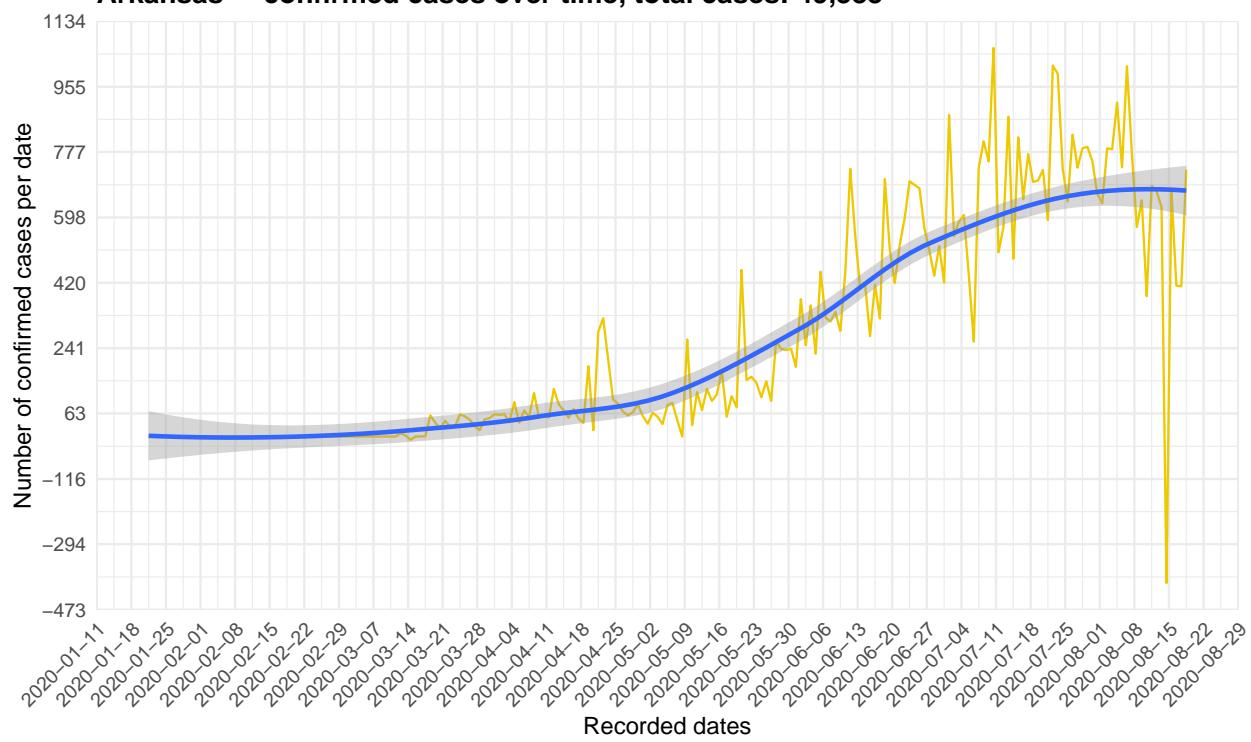

Arizona – confirmed cases over time, total cases: 186,923

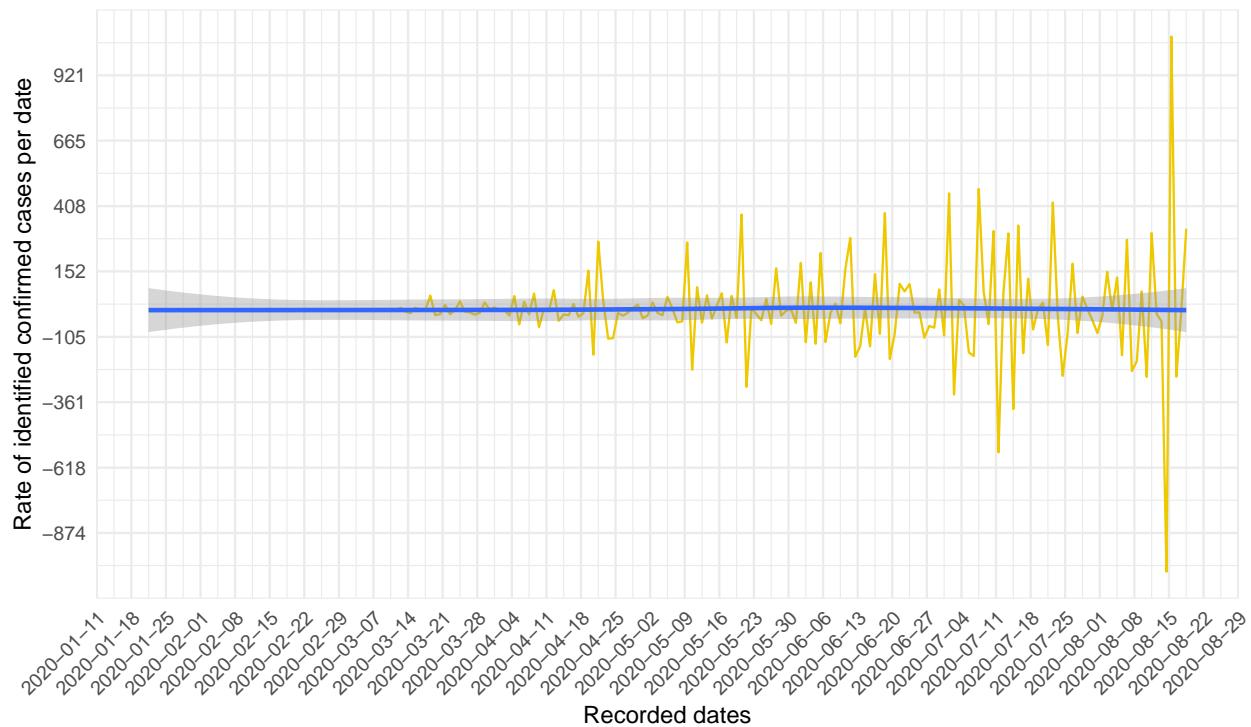

Arizona – rate of increase of confirmed cases over time

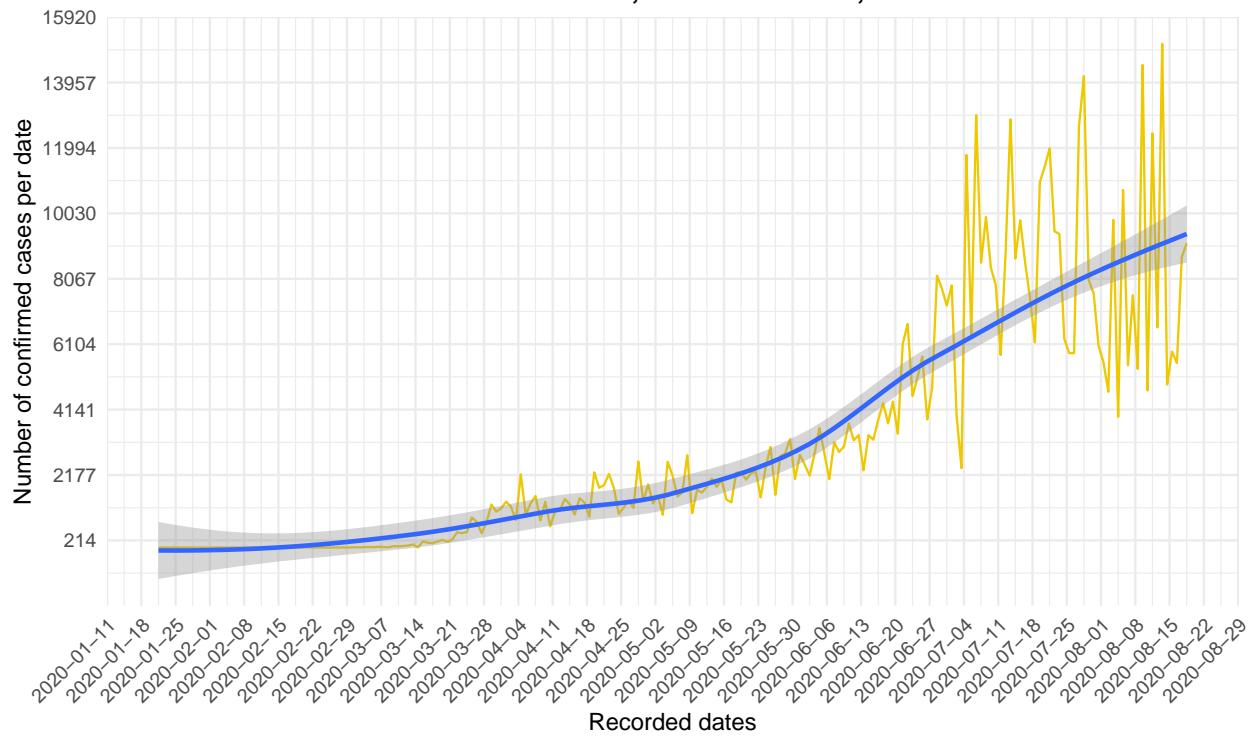

Arkansas – confirmed cases over time, total cases: 49,383

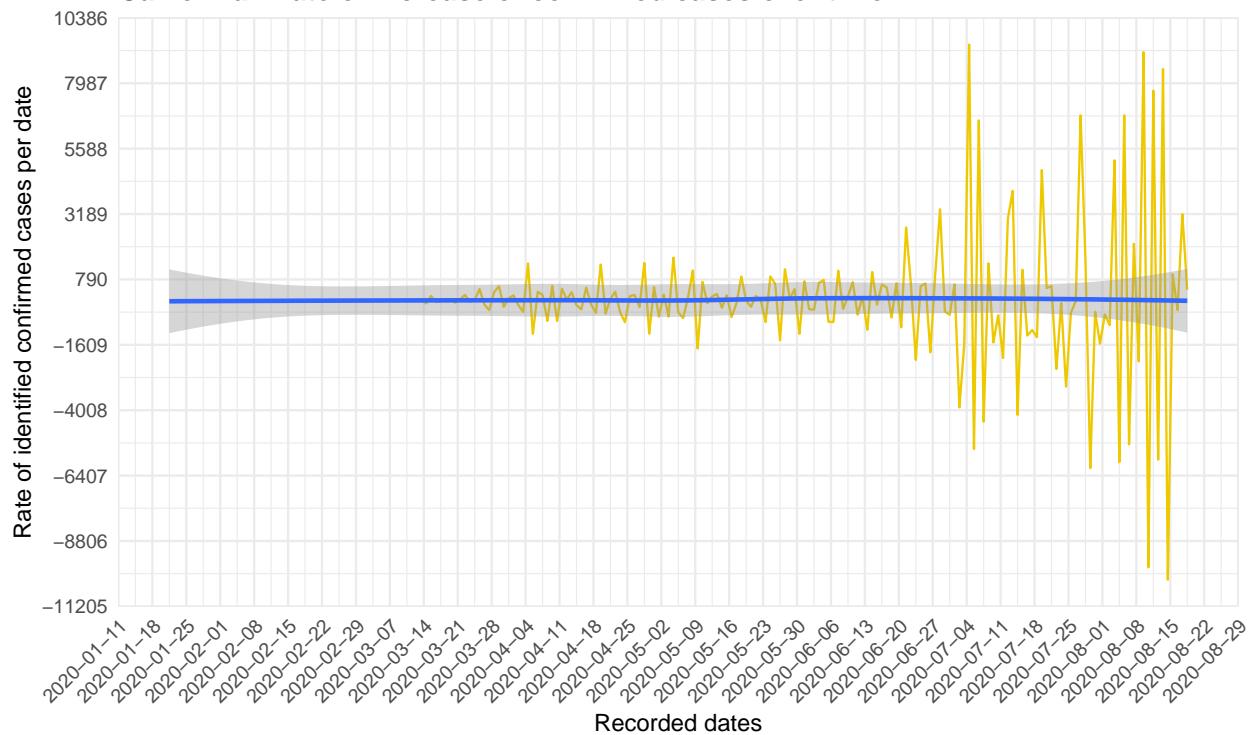

Arkansas – rate of increase of confirmed cases over time

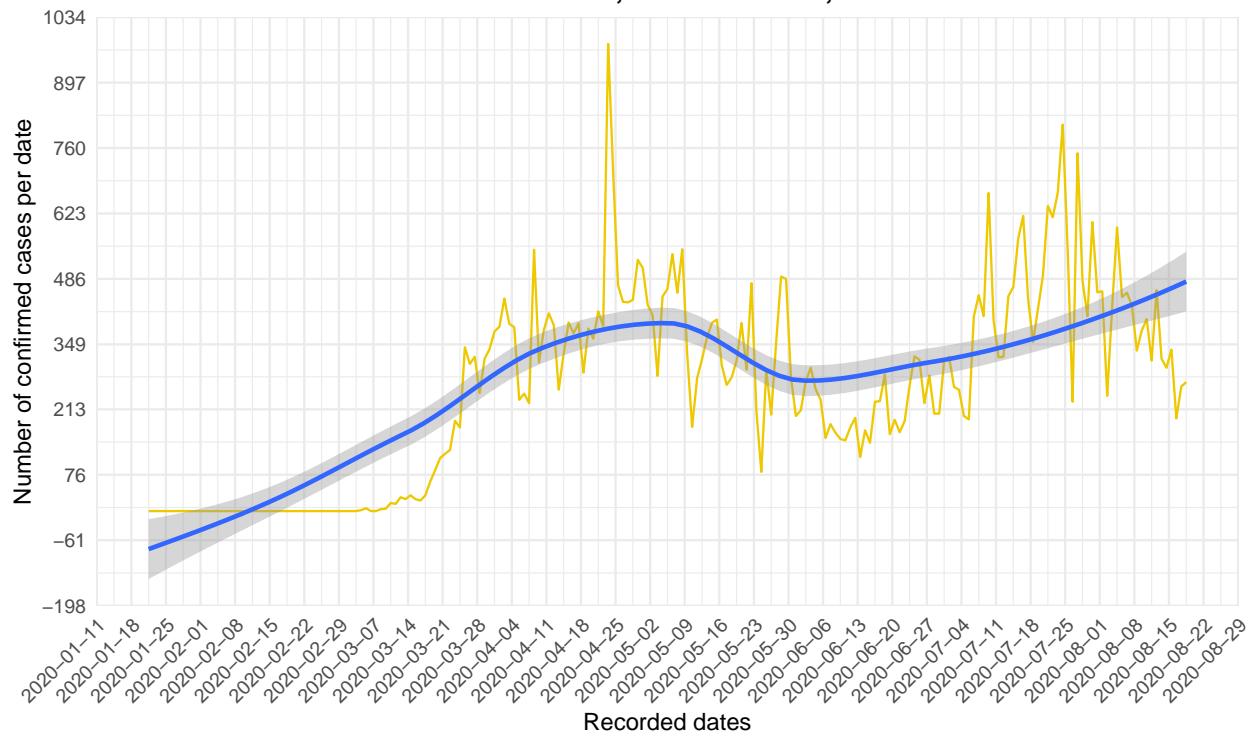

California – confirmed cases over time, total cases: 559,746

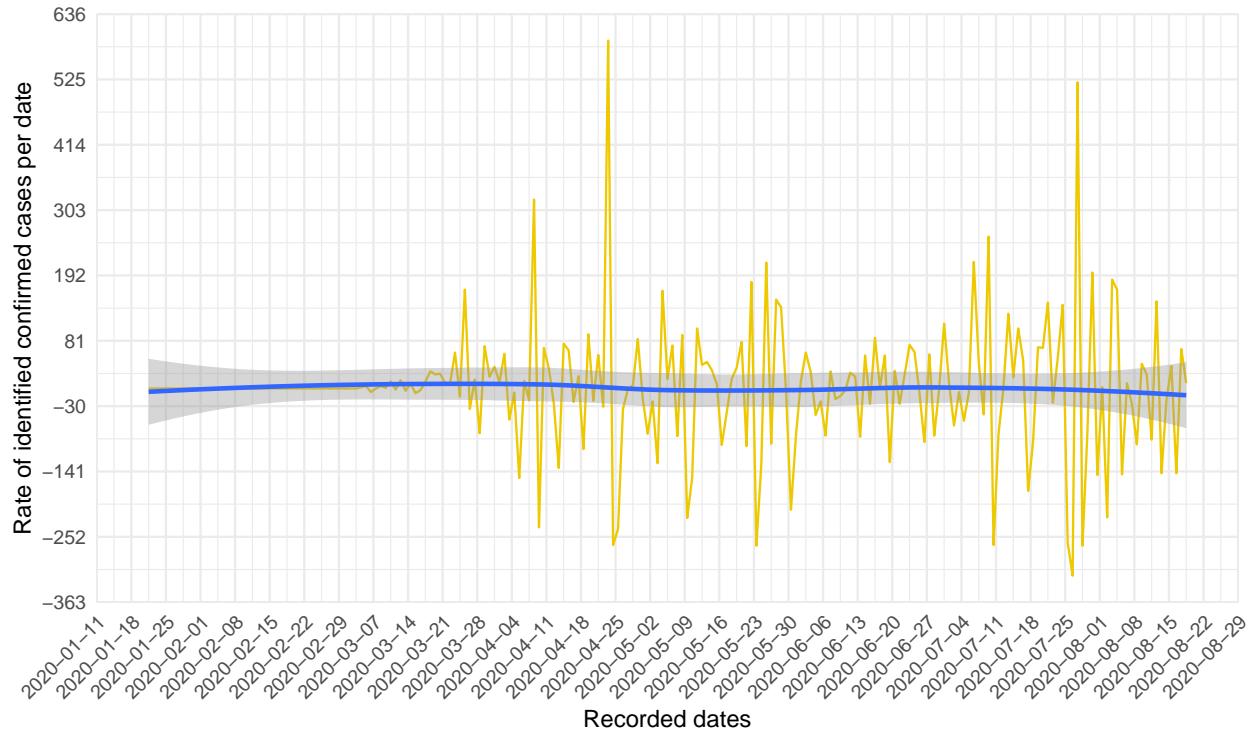

California – rate of increase of confirmed cases over time

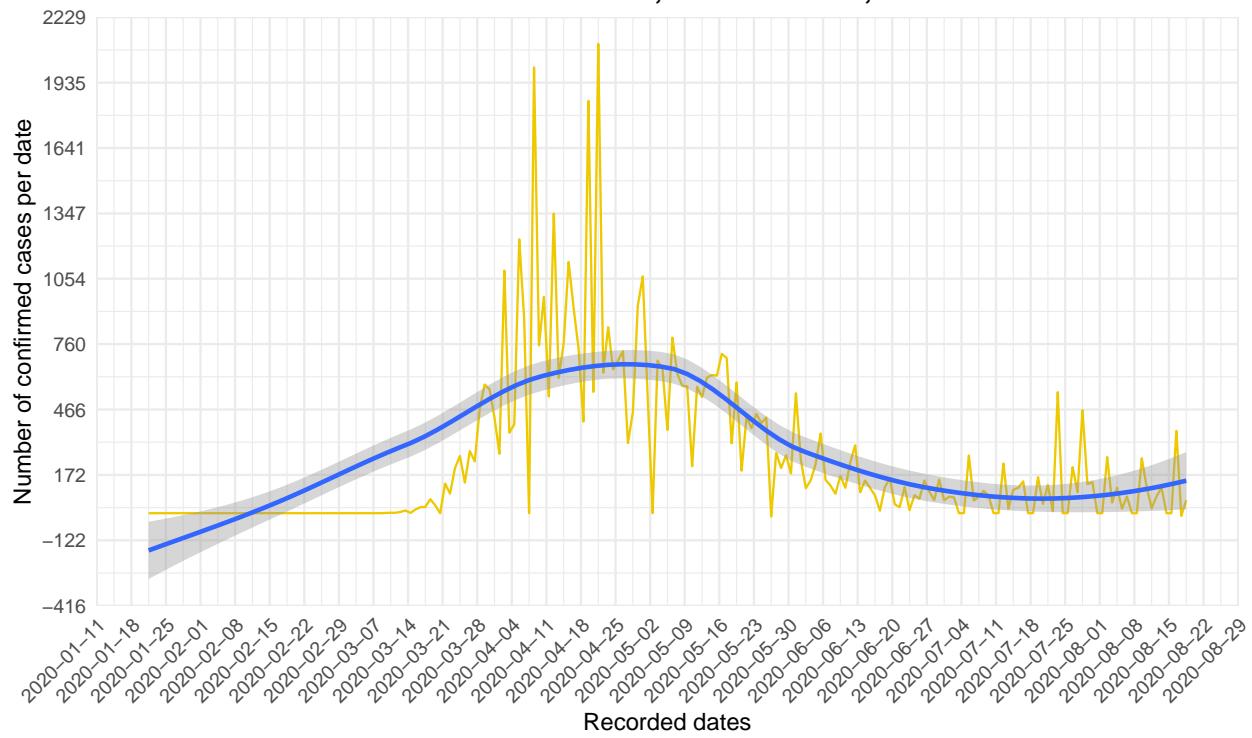

Colorado – confirmed cases over time, total cases: 50,642

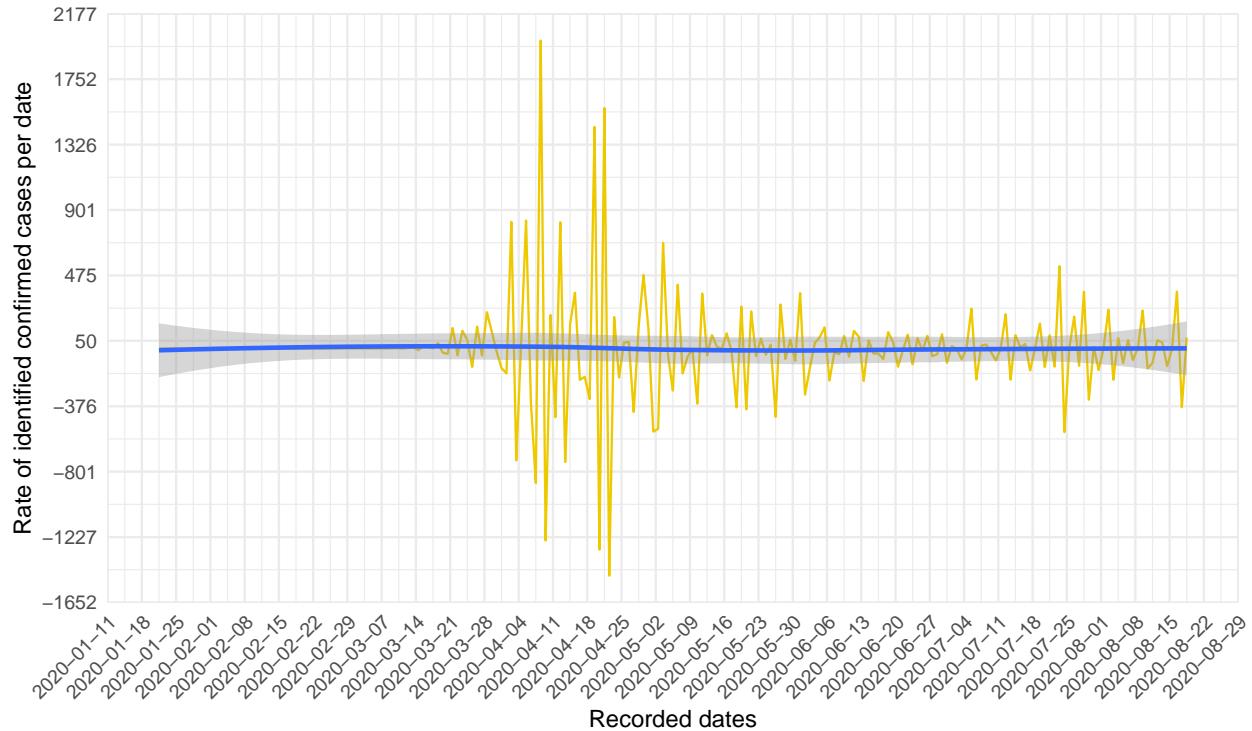

Colorado – rate of increase of confirmed cases over time

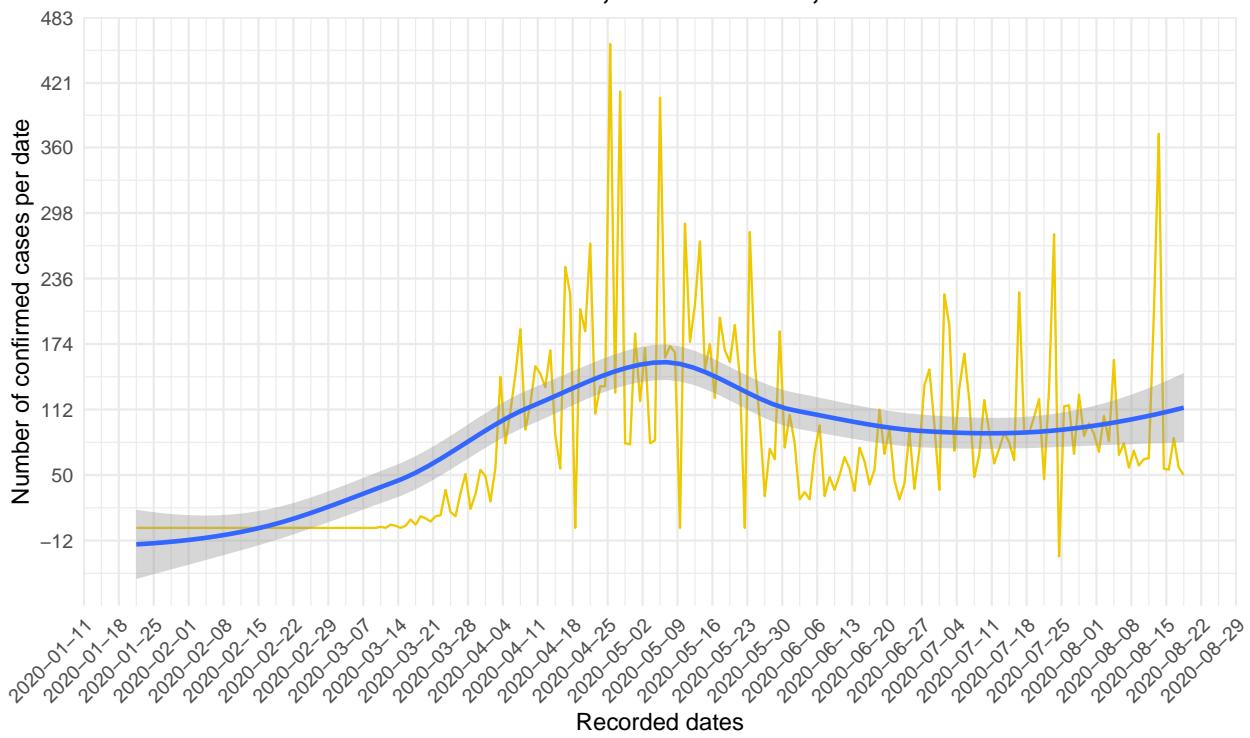

Connecticut – confirmed cases over time, total cases: 50,320

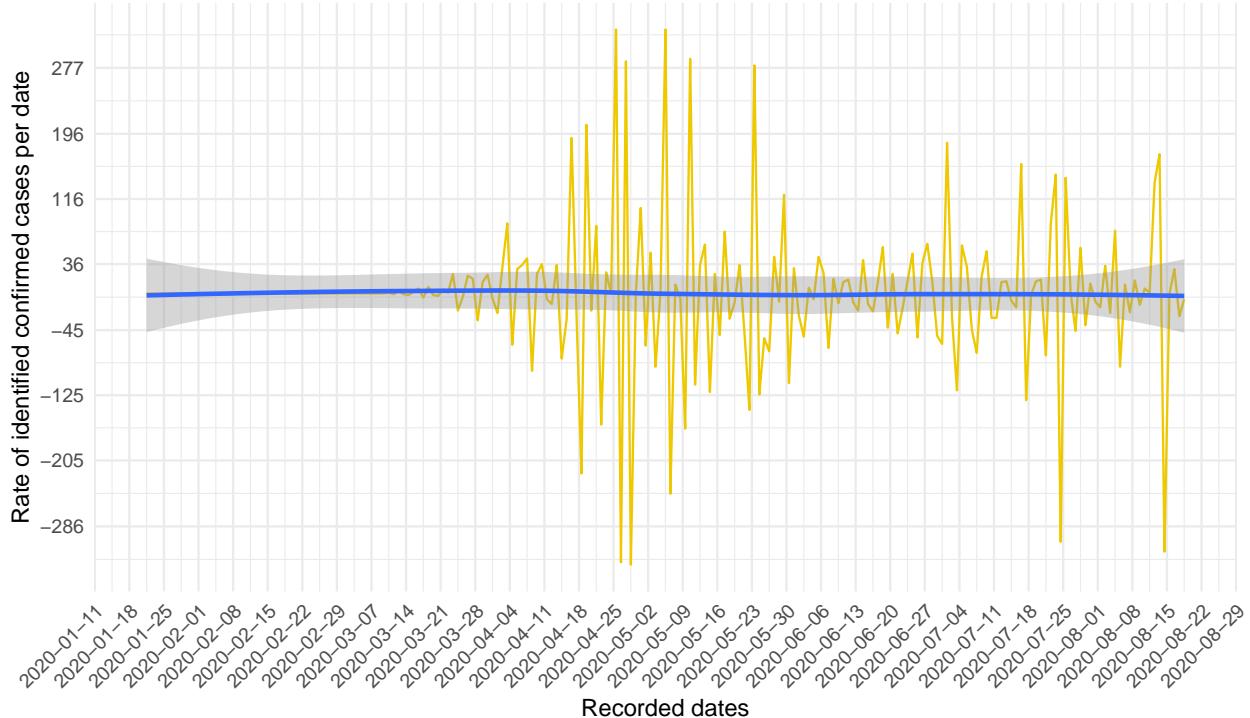

Connecticut – rate of increase of confirmed cases over time

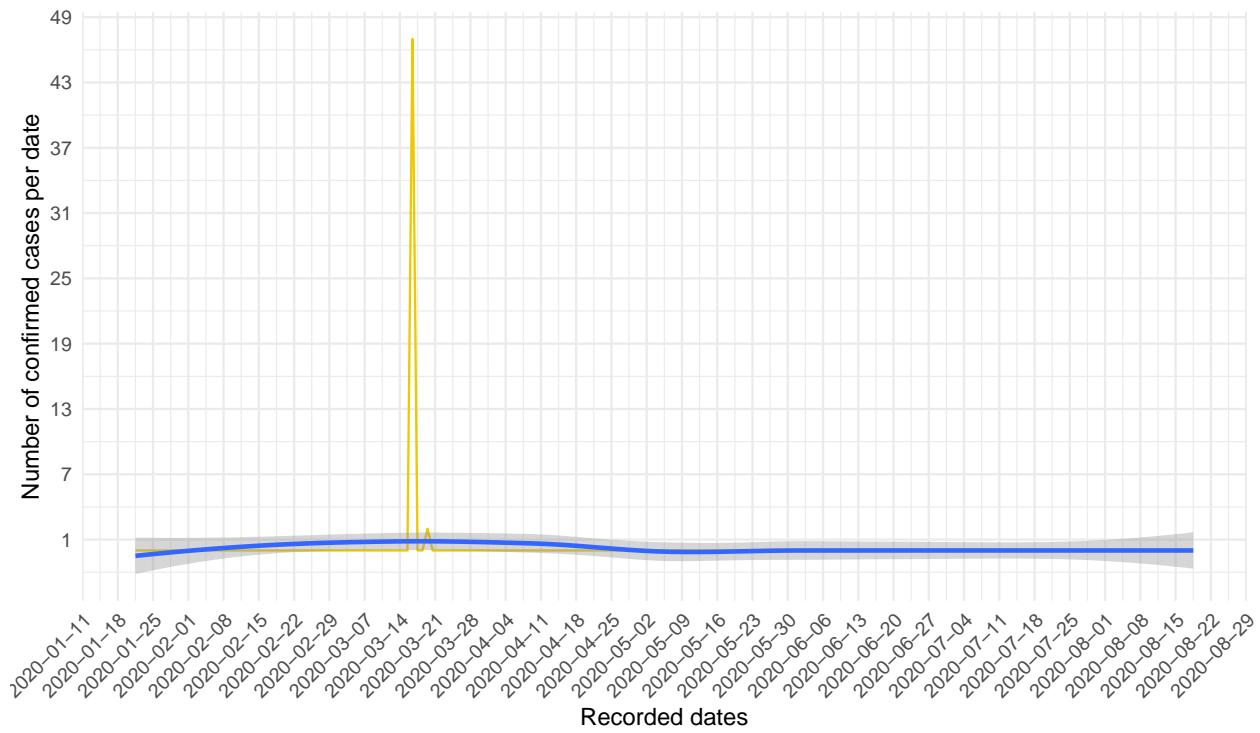

Delaware – confirmed cases over time, total cases: 15,575

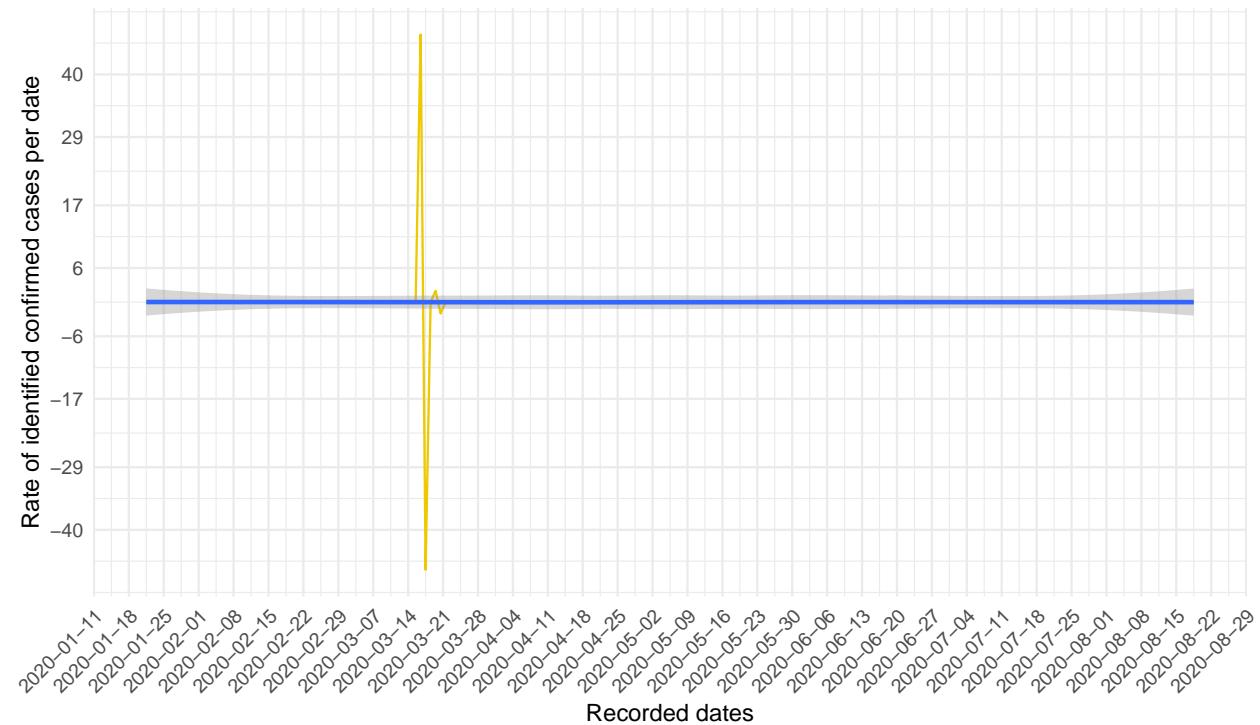

Delaware – rate of increase of confirmed cases over time

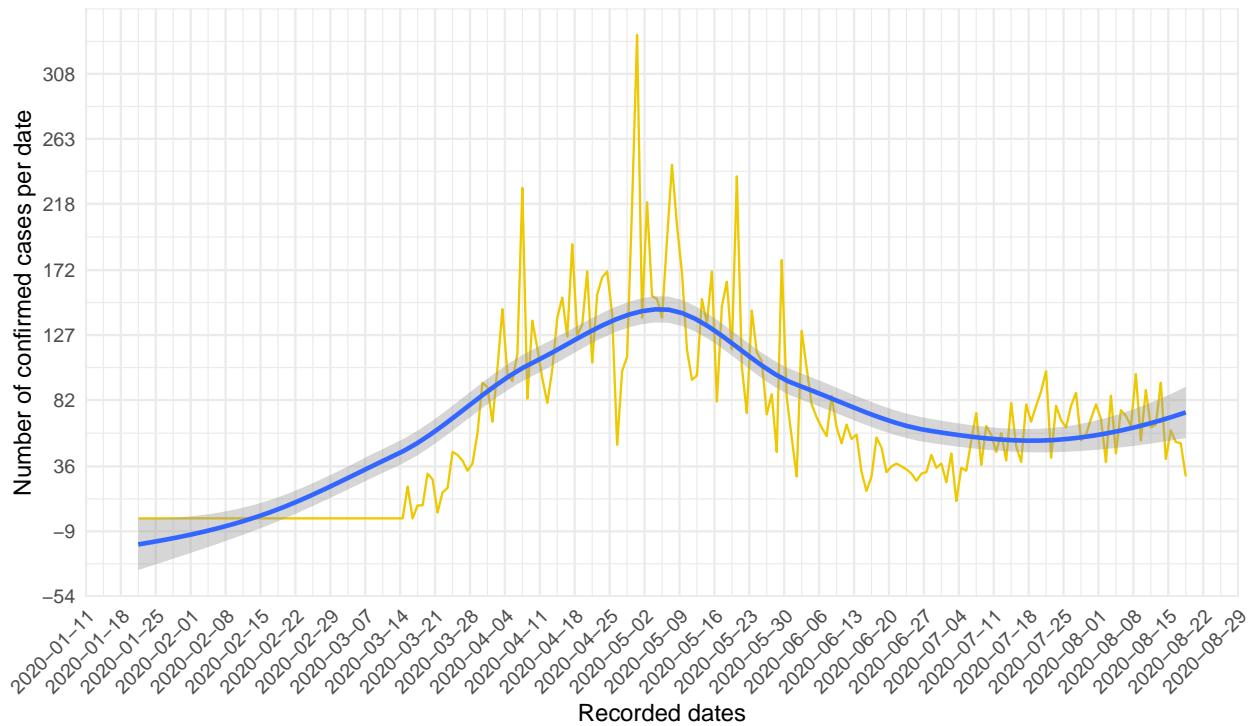

Diamond Princess – confirmed cases over time, total cases: 49

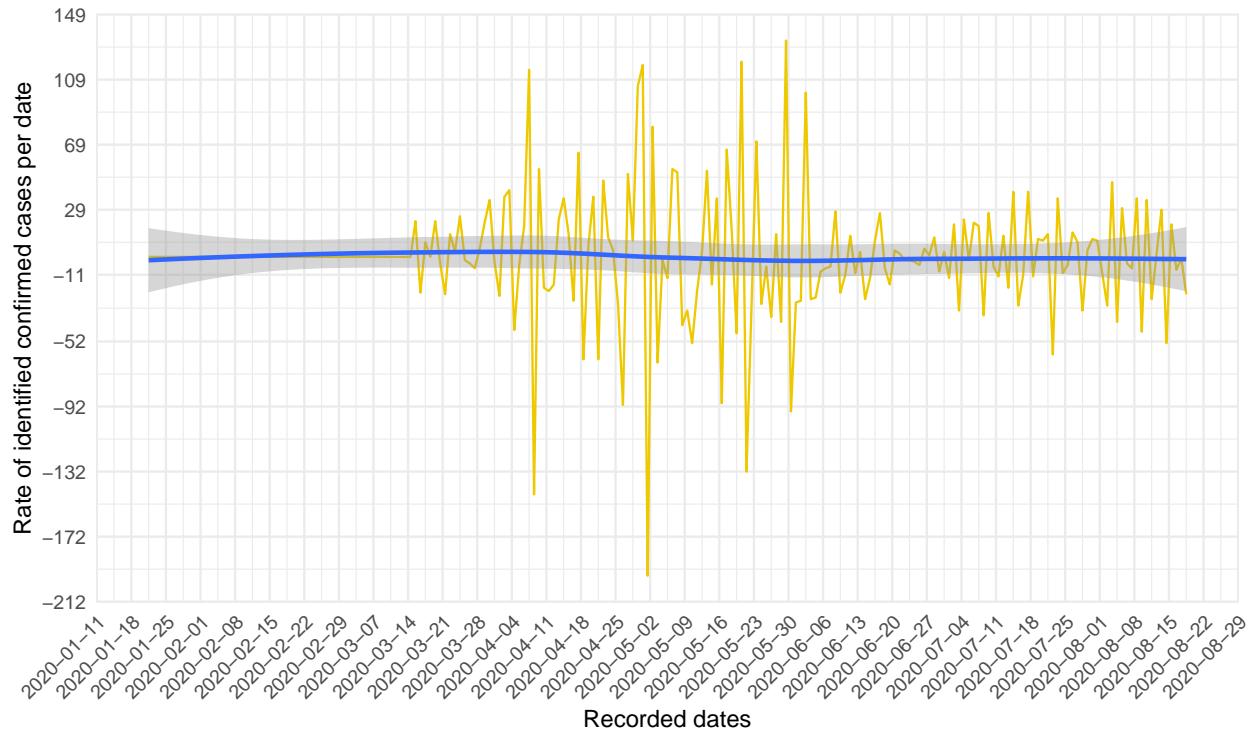

Diamond Princess – rate of increase of confirmed cases over time

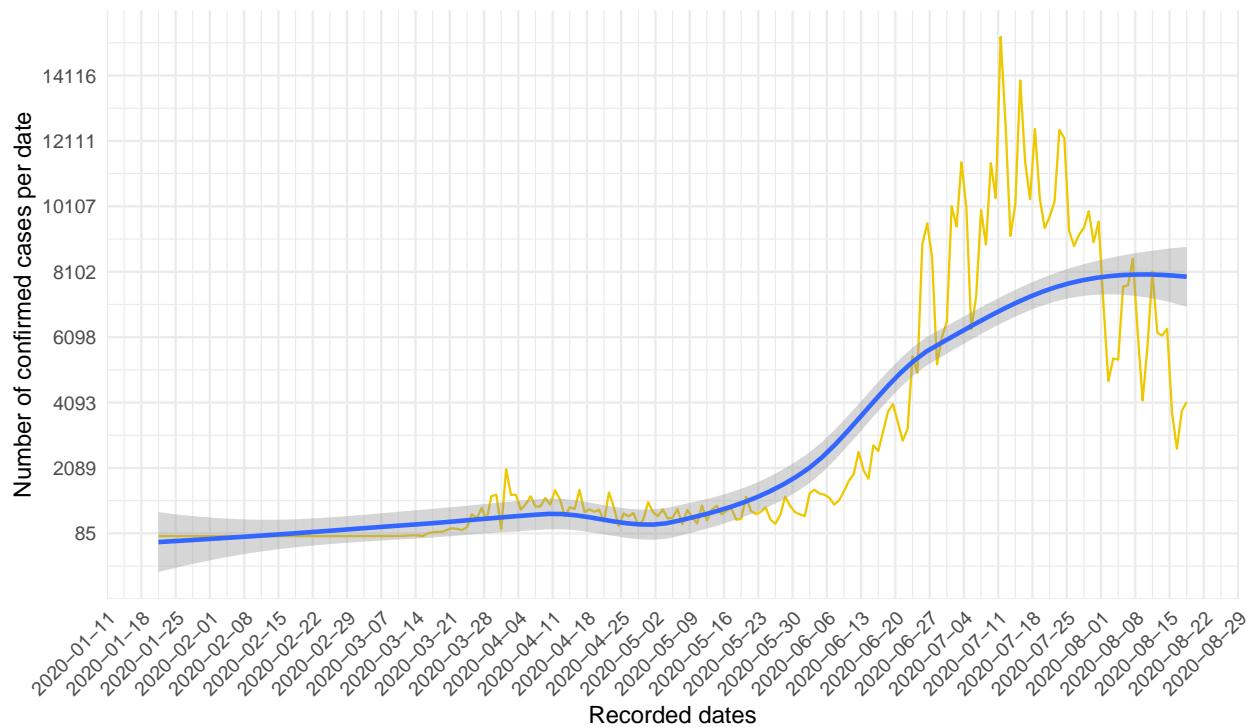

District of Columbia – confirmed cases over time, total cases: 12,753

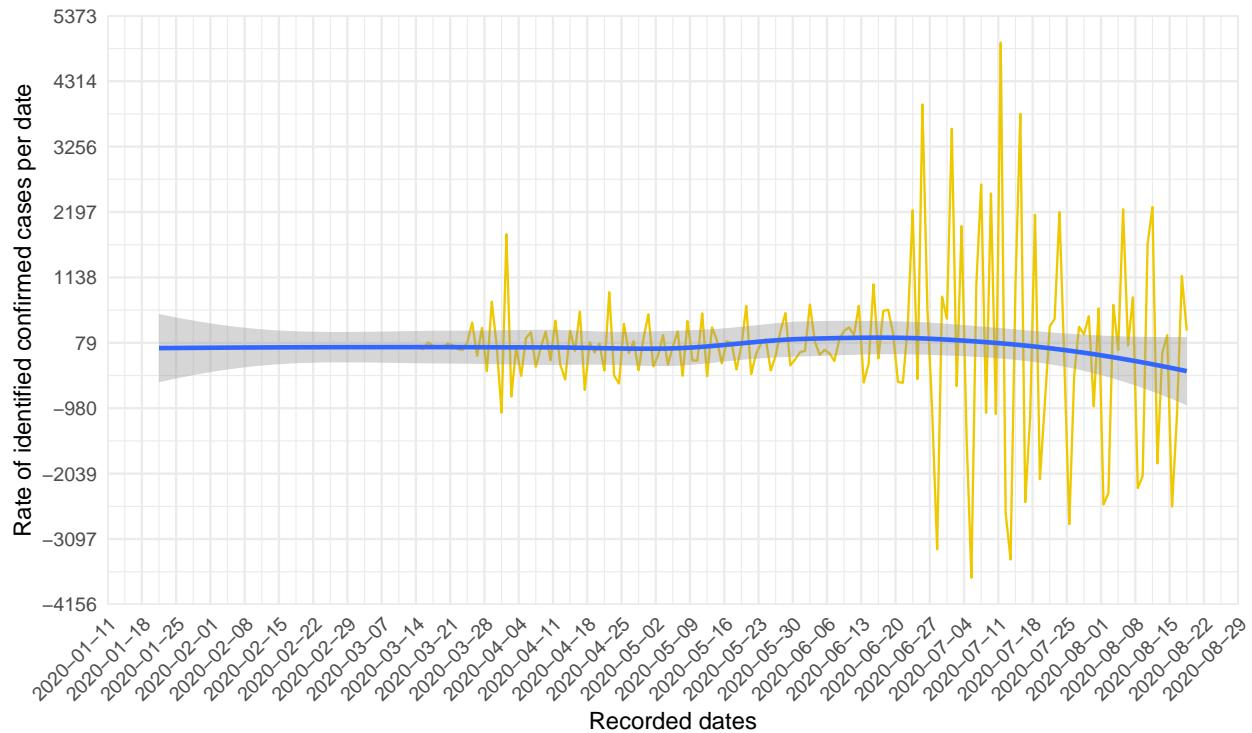

District of Columbia – rate of increase of confirmed cases over time

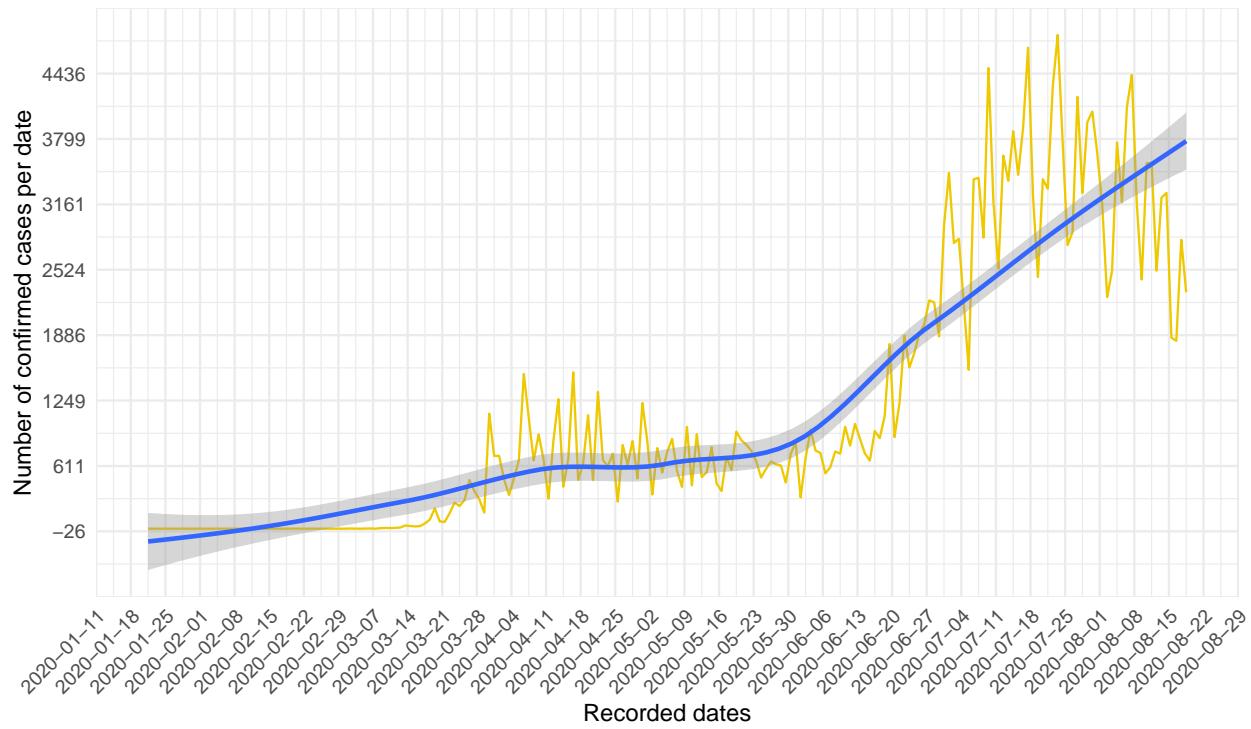

Florida – confirmed cases over time, total cases: 532,806

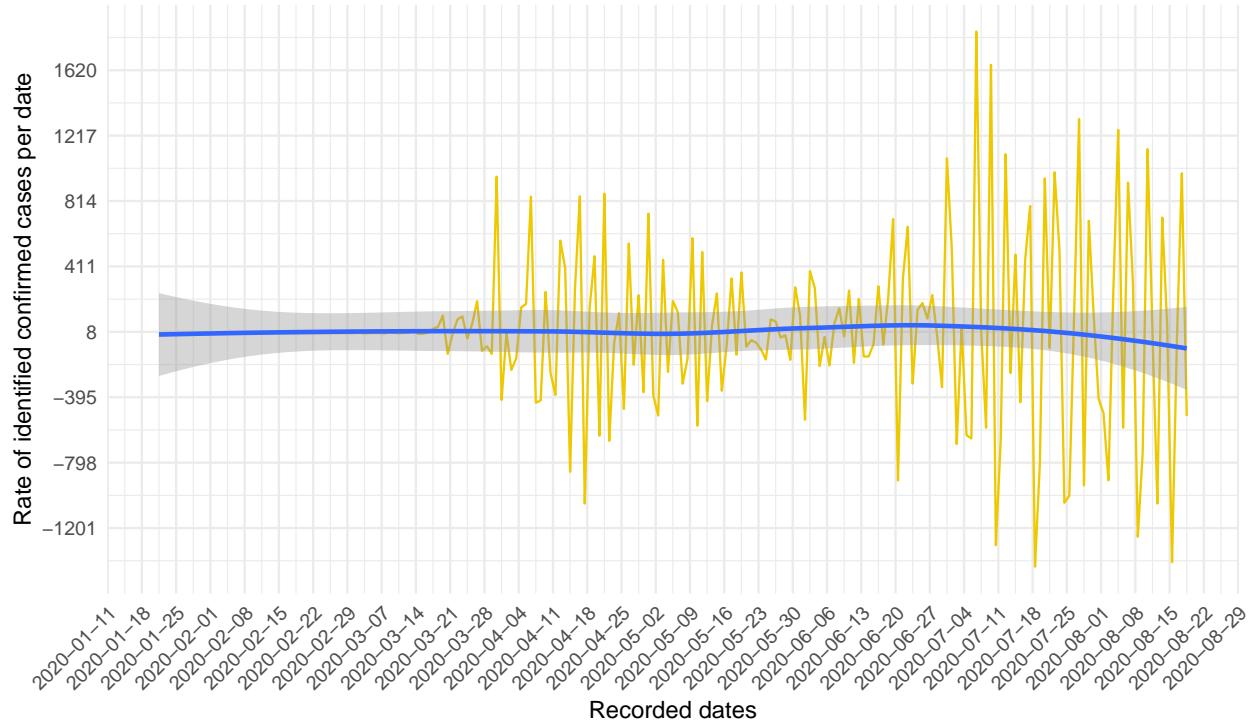

Florida – rate of increase of confirmed cases over time

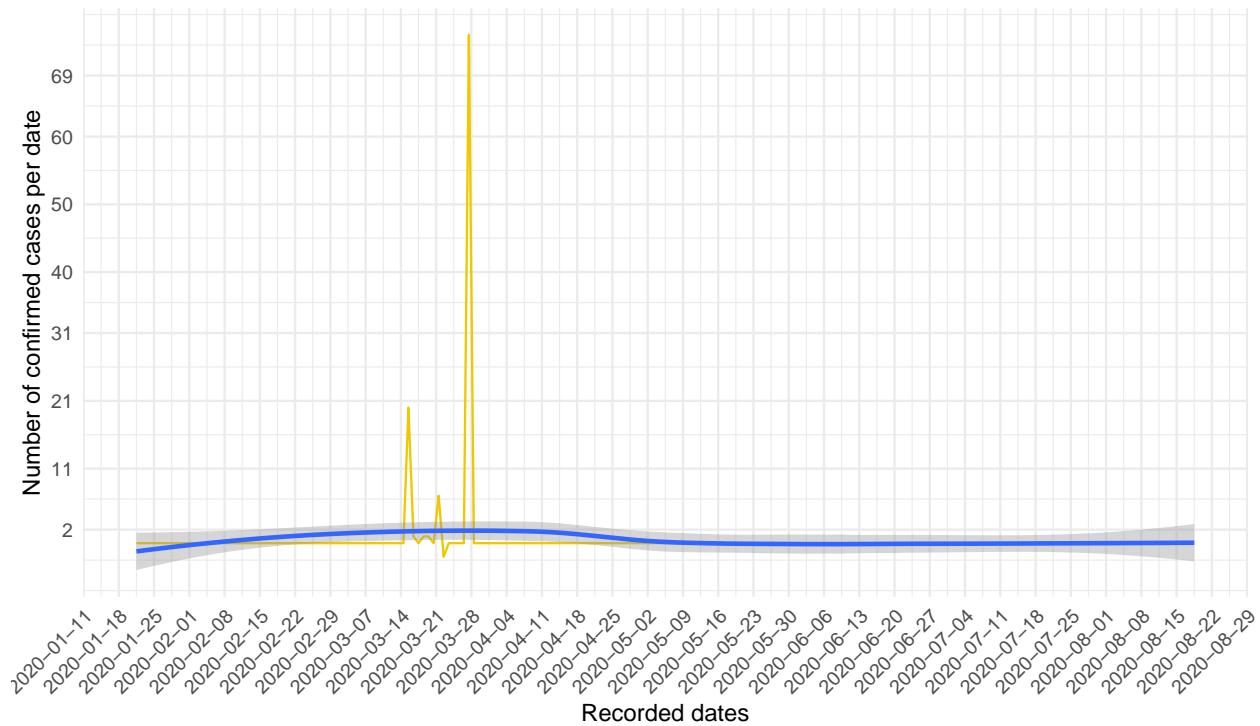

Georgia – confirmed cases over time, total cases: 216,596

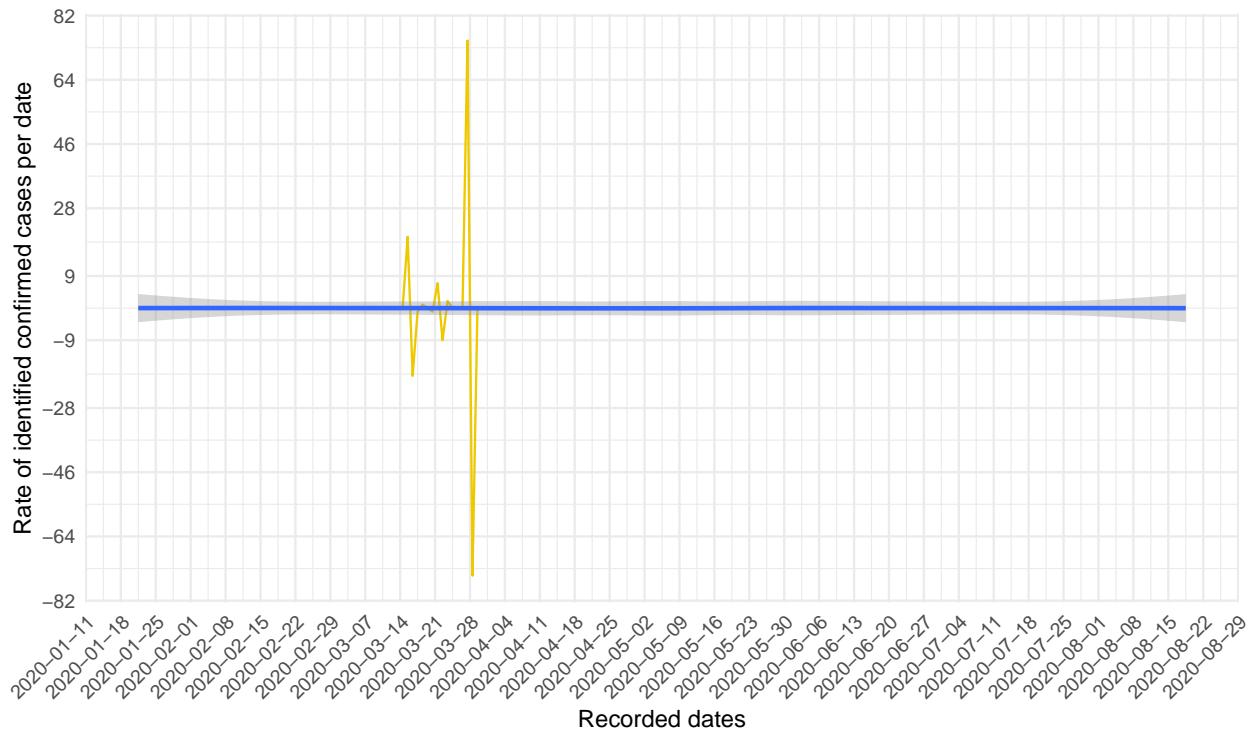

Georgia – rate of increase of confirmed cases over time

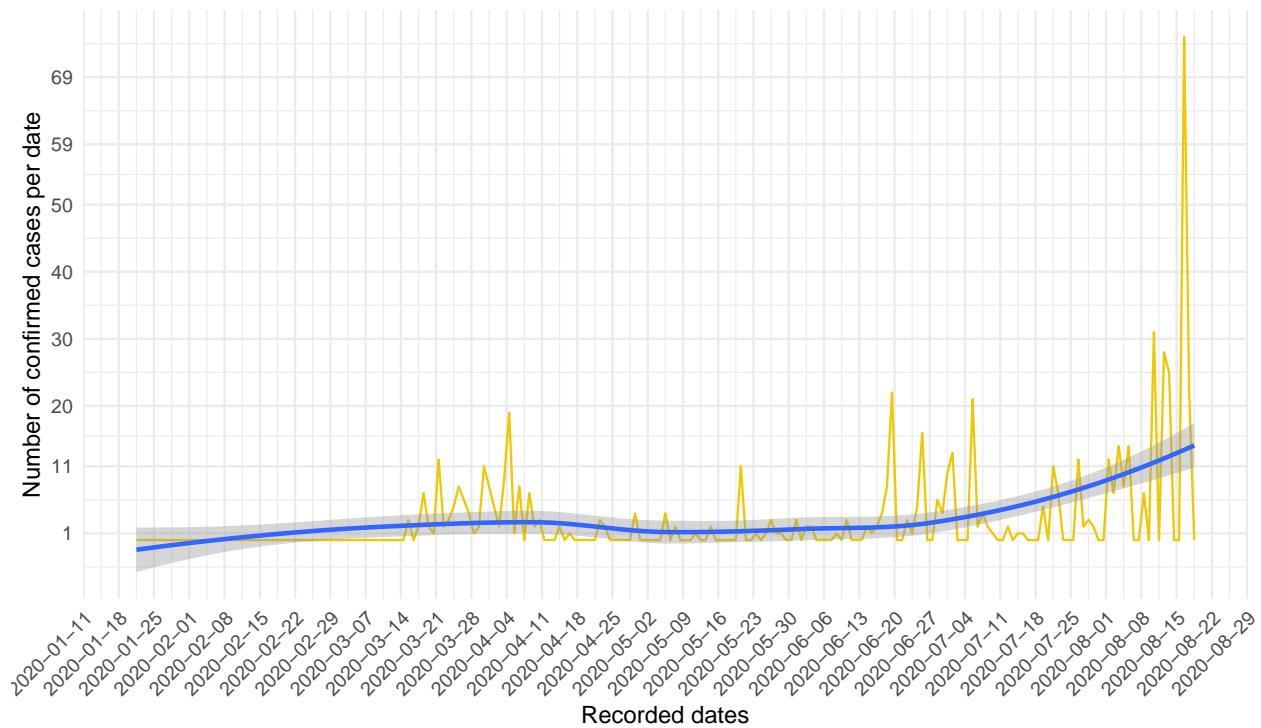

Grand Princess – confirmed cases over time, total cases: 103

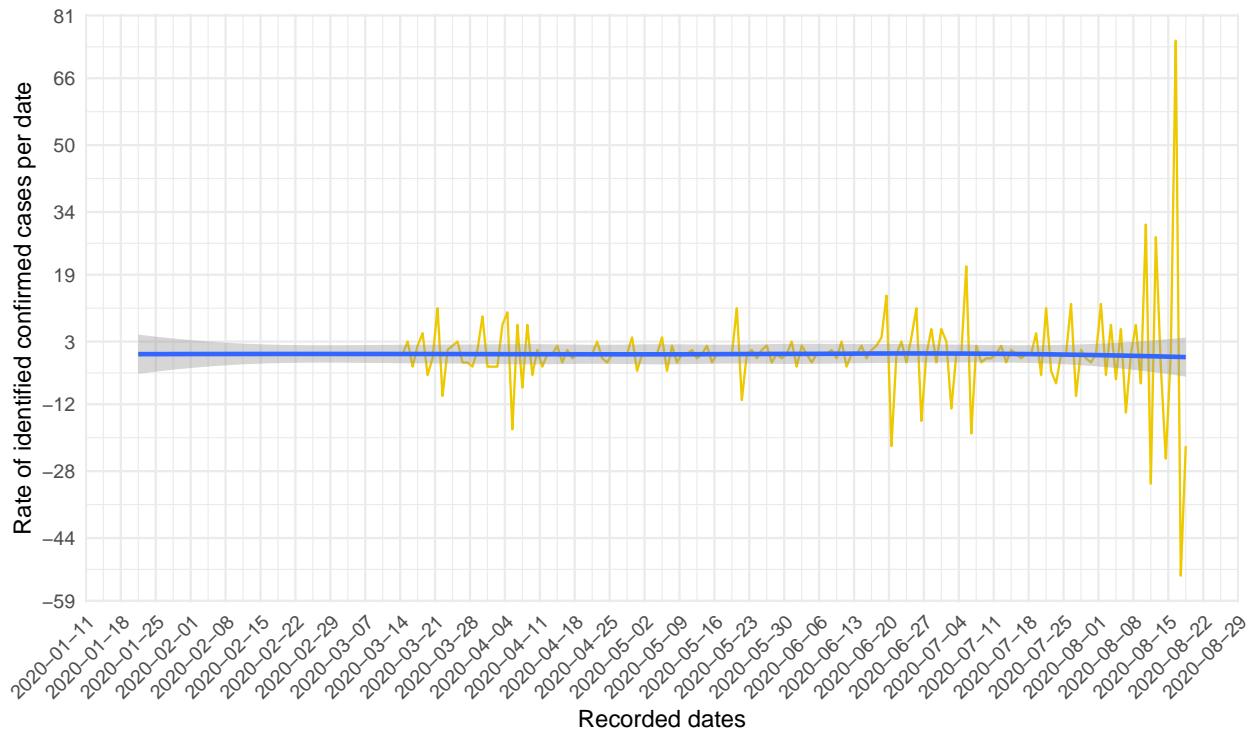

Grand Princess – rate of increase of confirmed cases over time

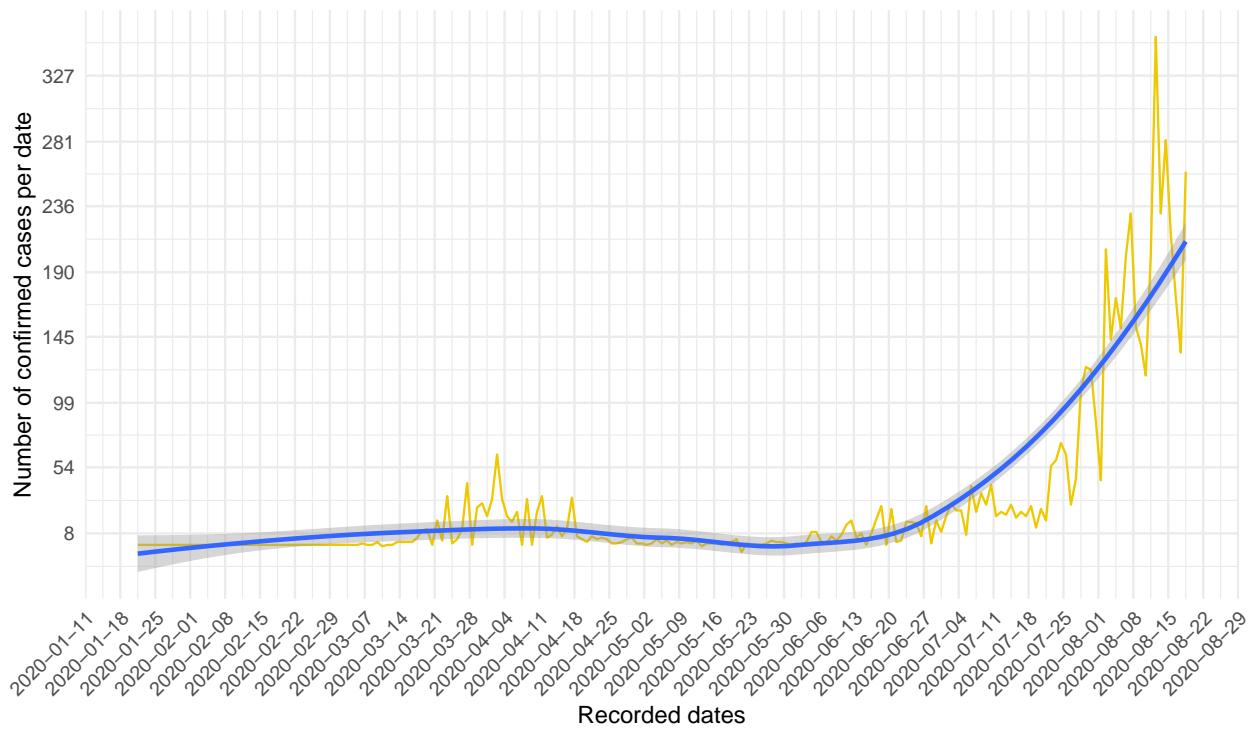

Guam – confirmed cases over time, total cases: 418

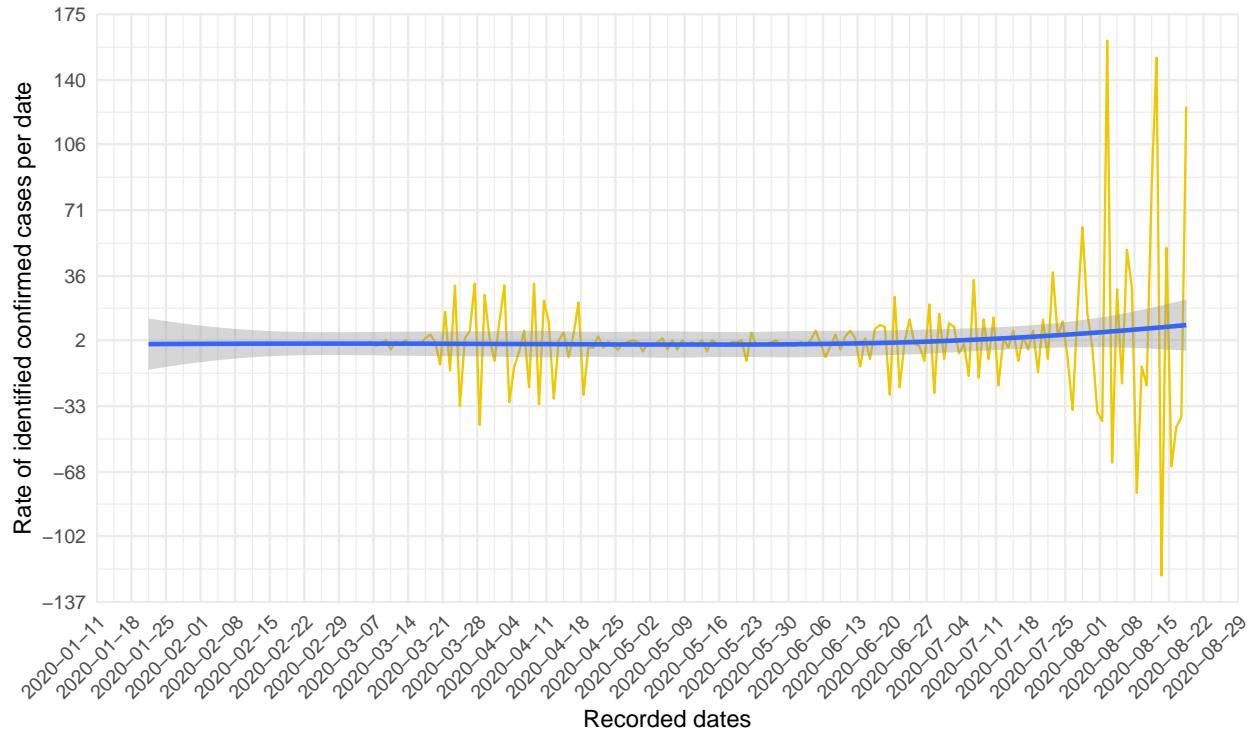

Guam – rate of increase of confirmed cases over time

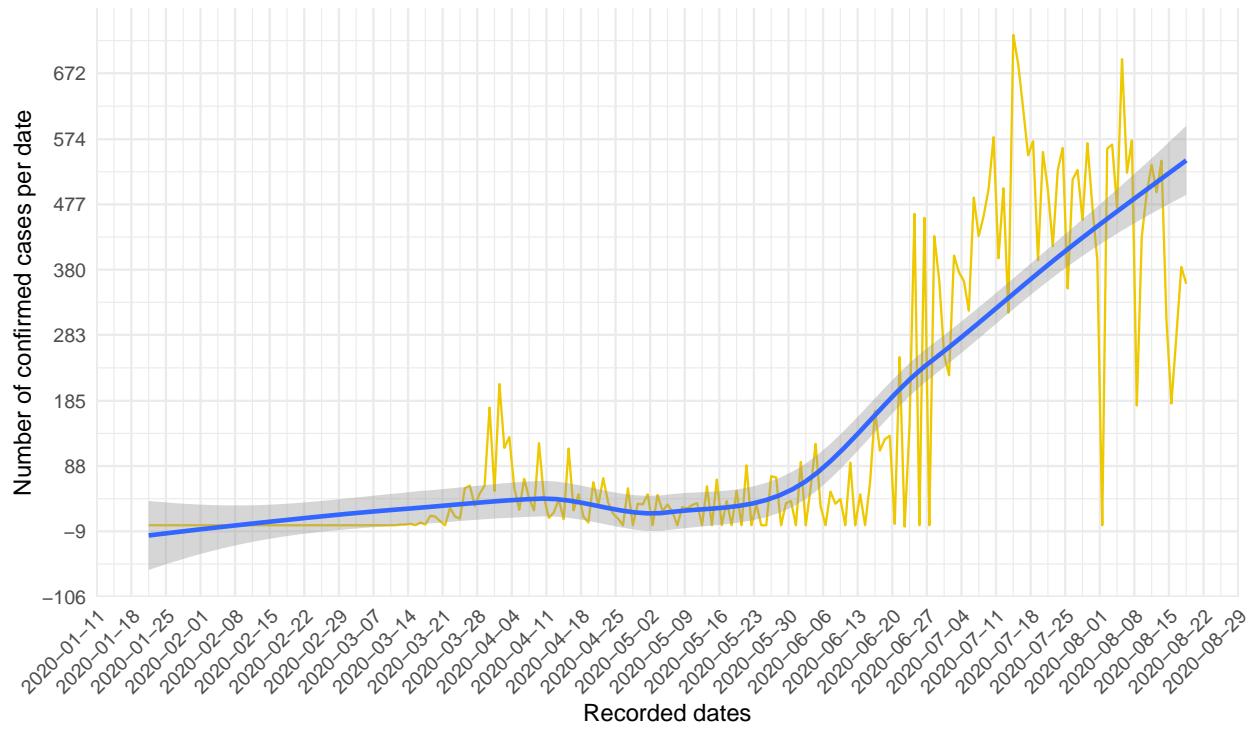

Hawaii – confirmed cases over time, total cases: 3,498

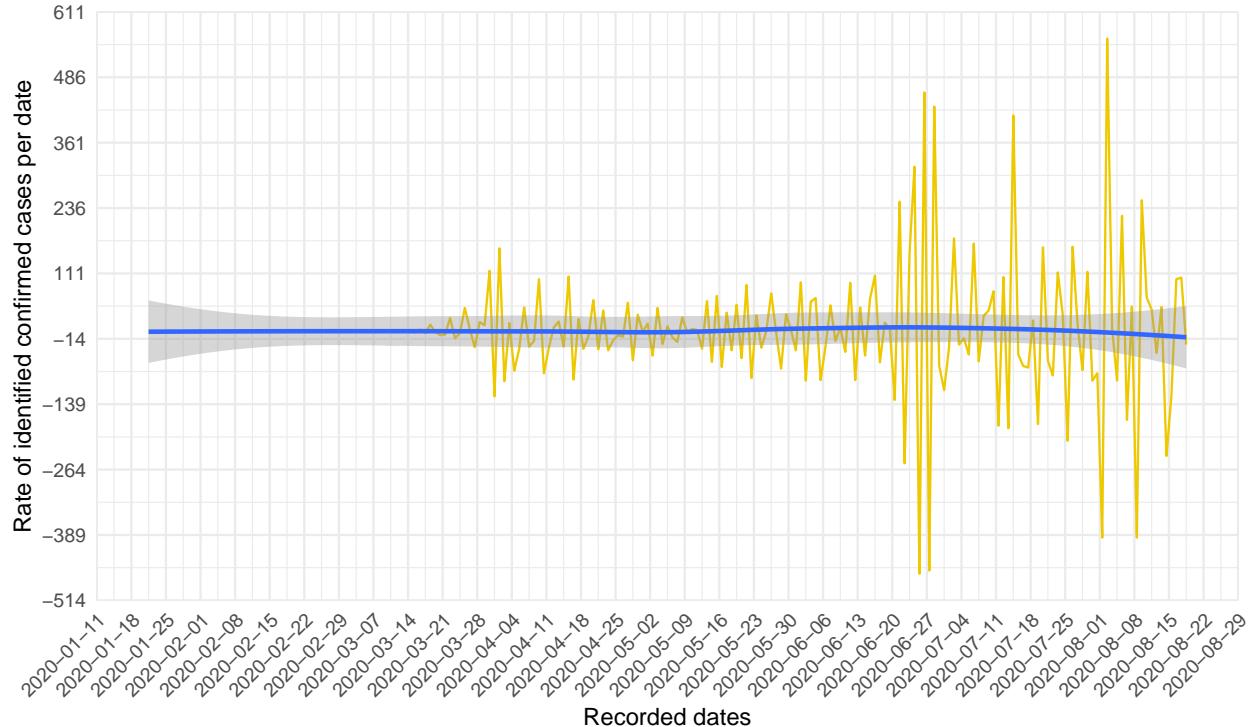

Hawaii – rate of increase of confirmed cases over time

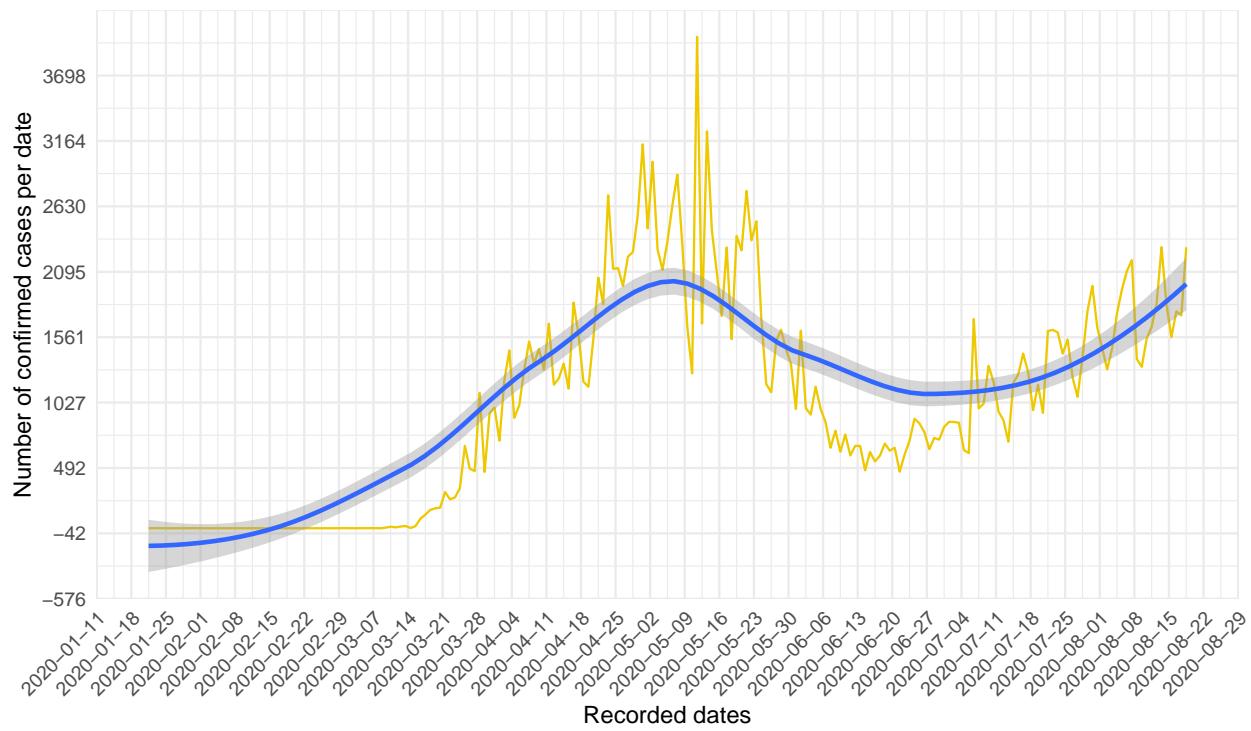

Idaho – confirmed cases over time, total cases: 24,675

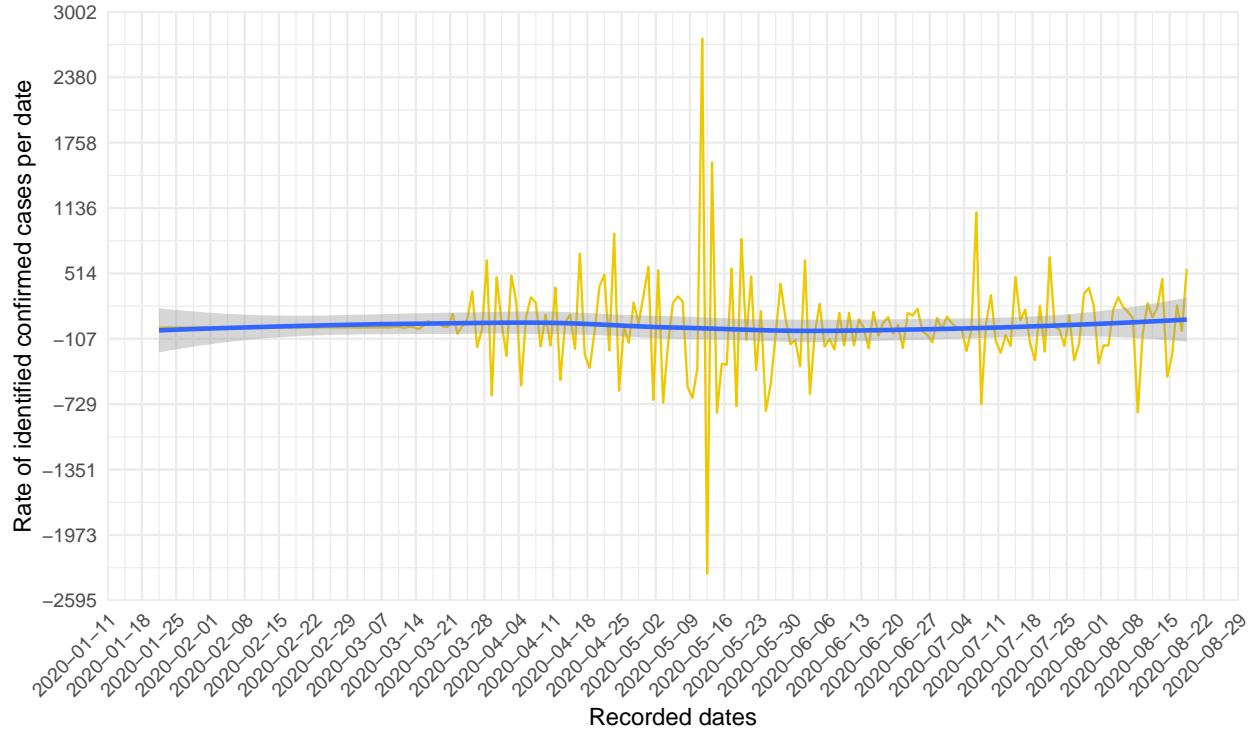

Idaho – rate of increase of confirmed cases over time

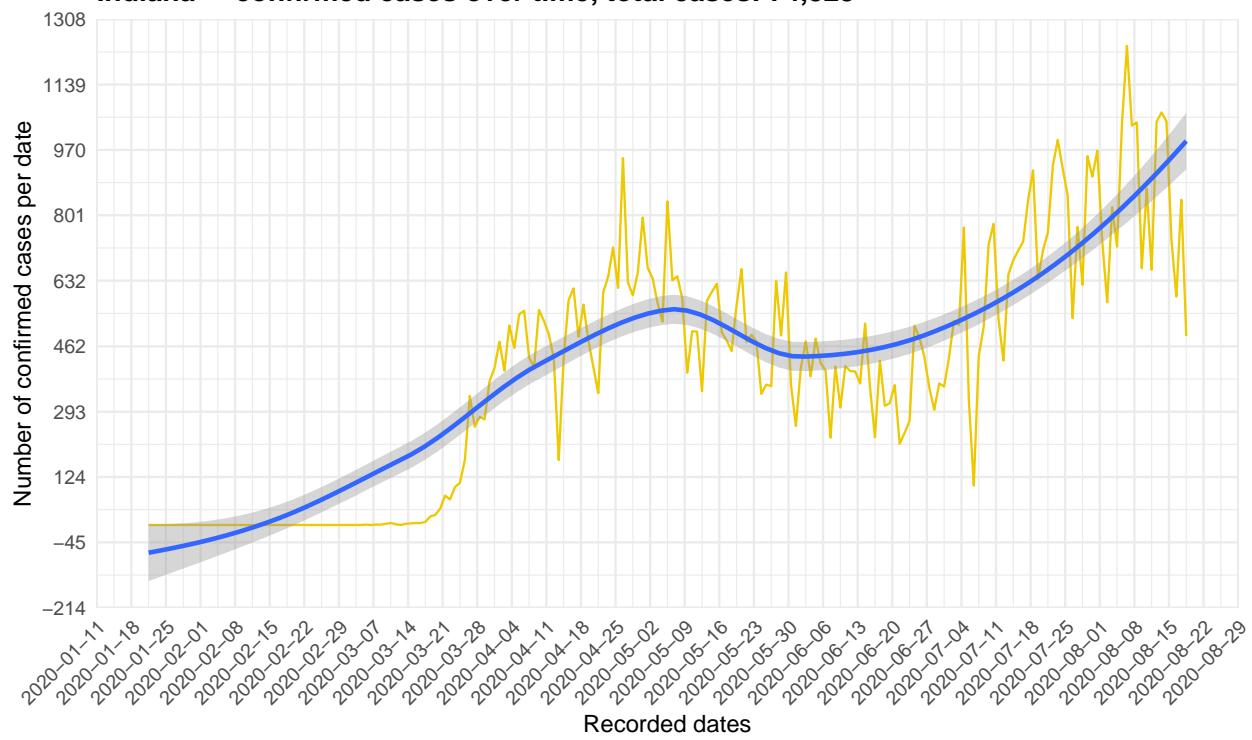

Illinois – confirmed cases over time, total cases: 195,380

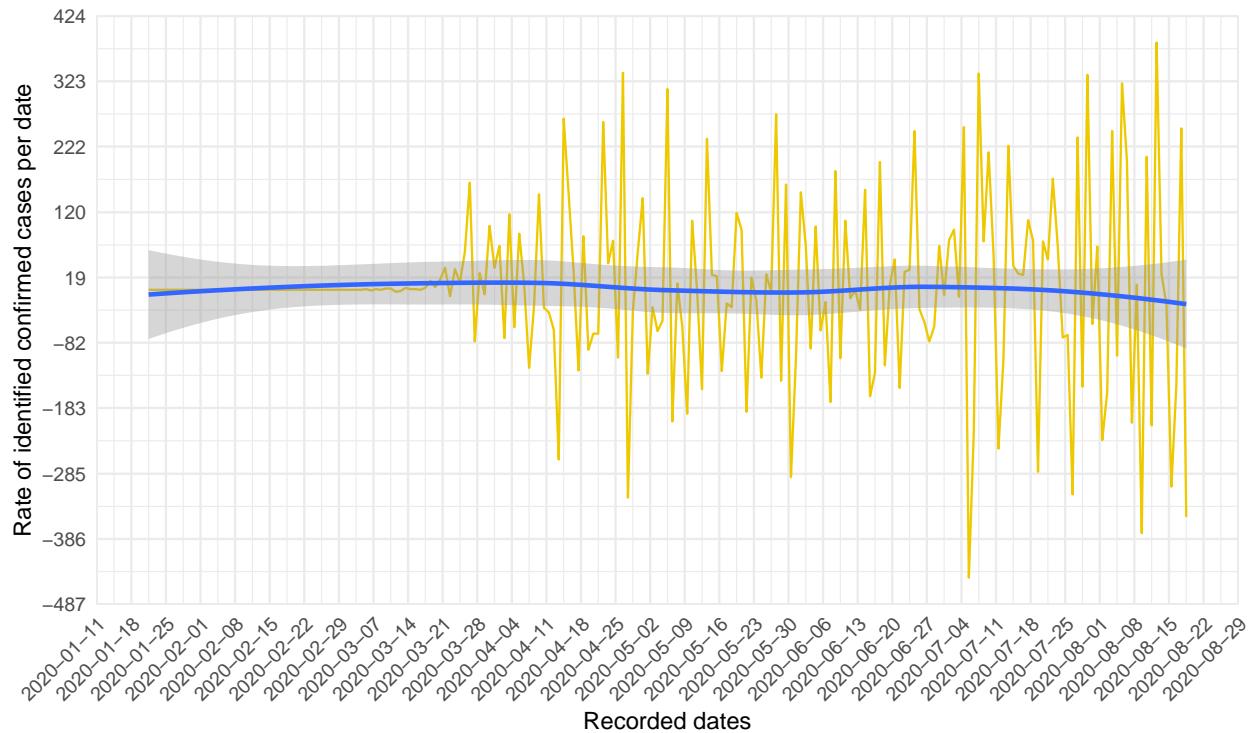

Illinois – rate of increase of confirmed cases over time

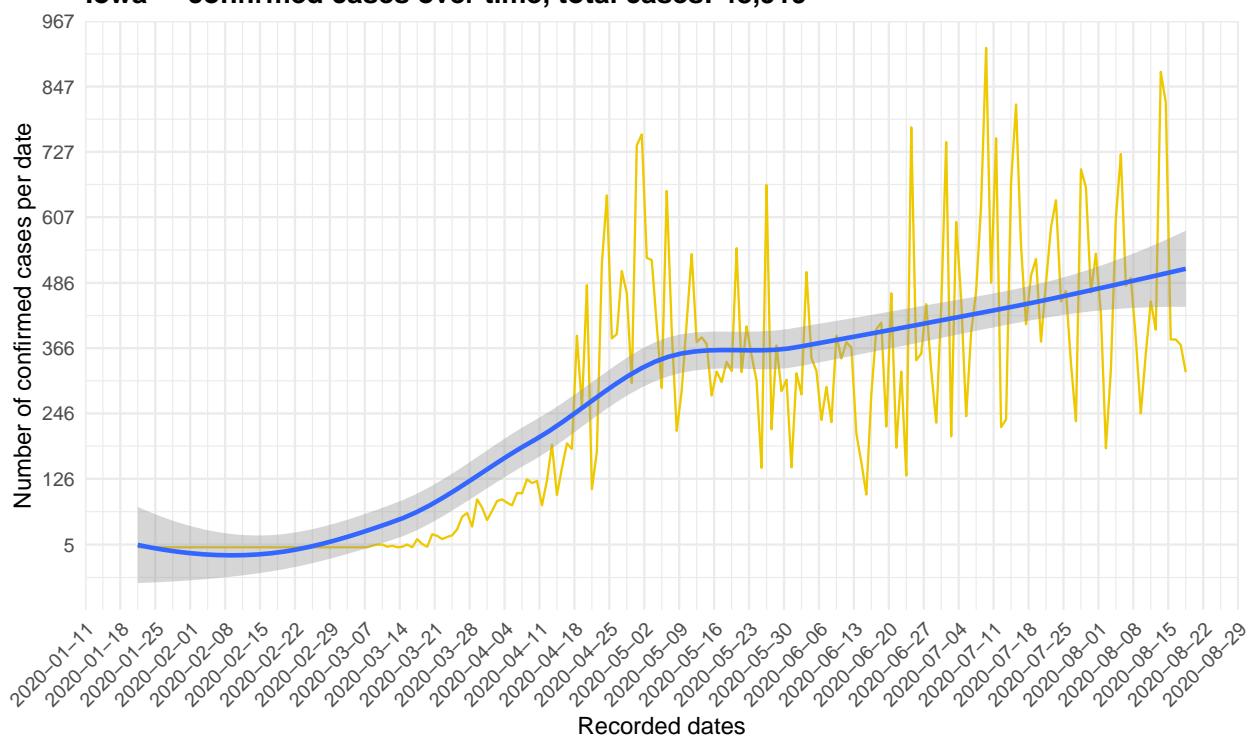

Indiana – confirmed cases over time, total cases: 74,328

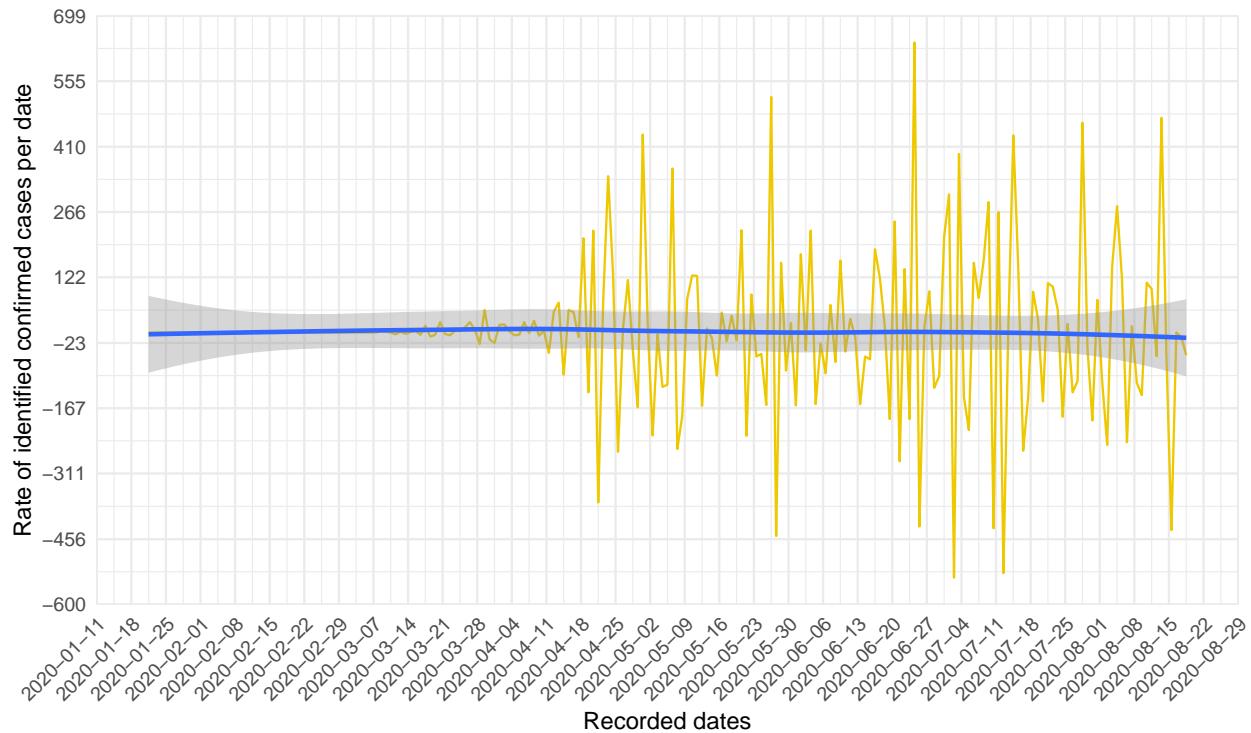

Indiana – rate of increase of confirmed cases over time

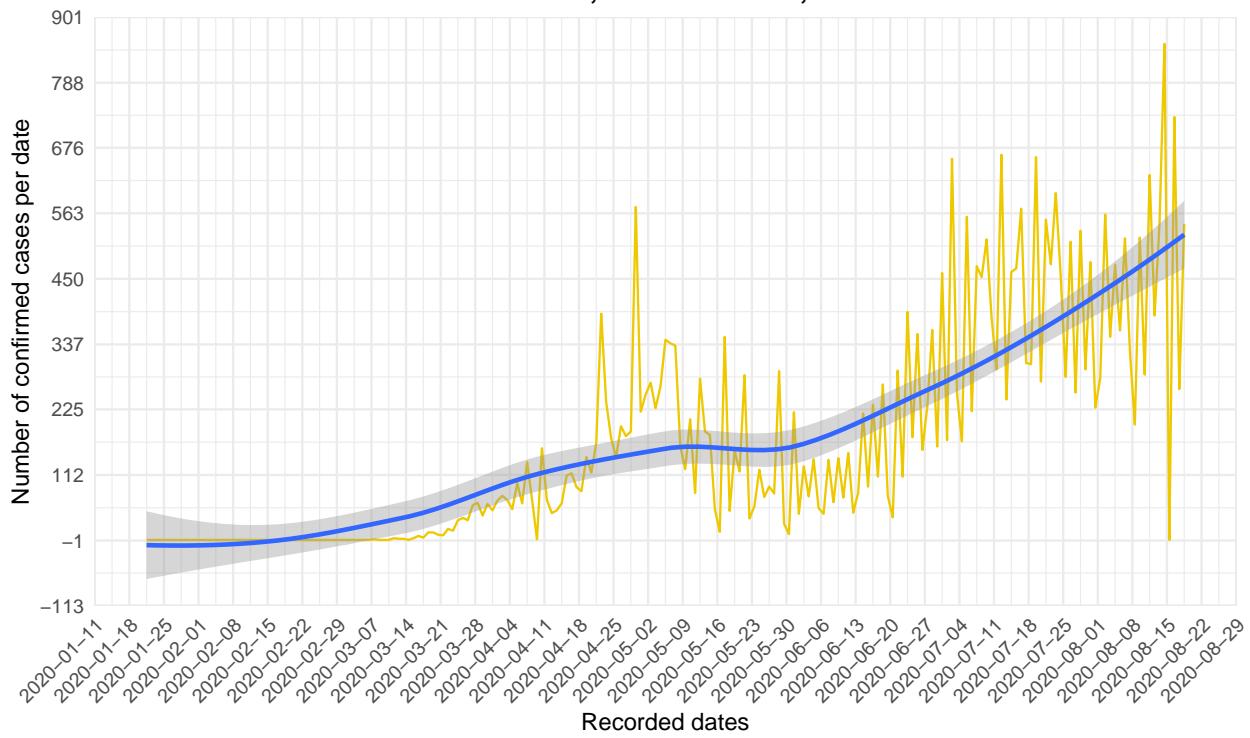

Iowa – confirmed cases over time, total cases: 48,919

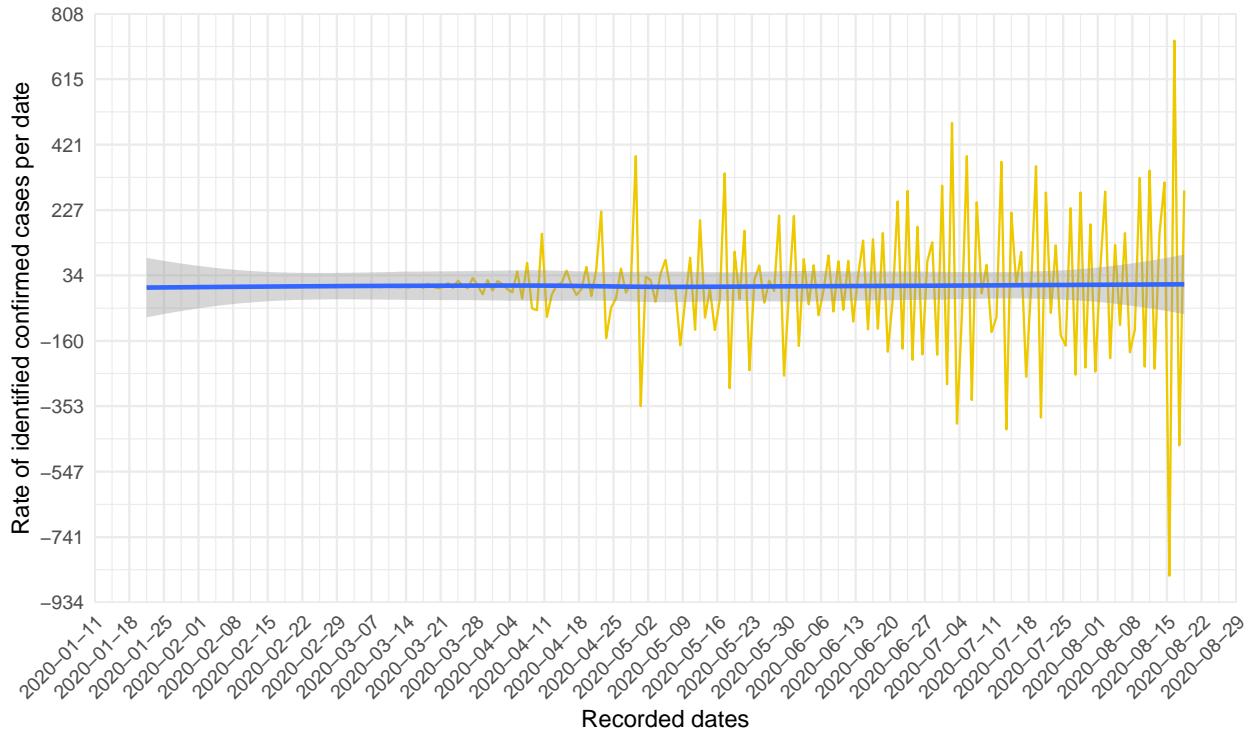

Iowa – rate of increase of confirmed cases over time

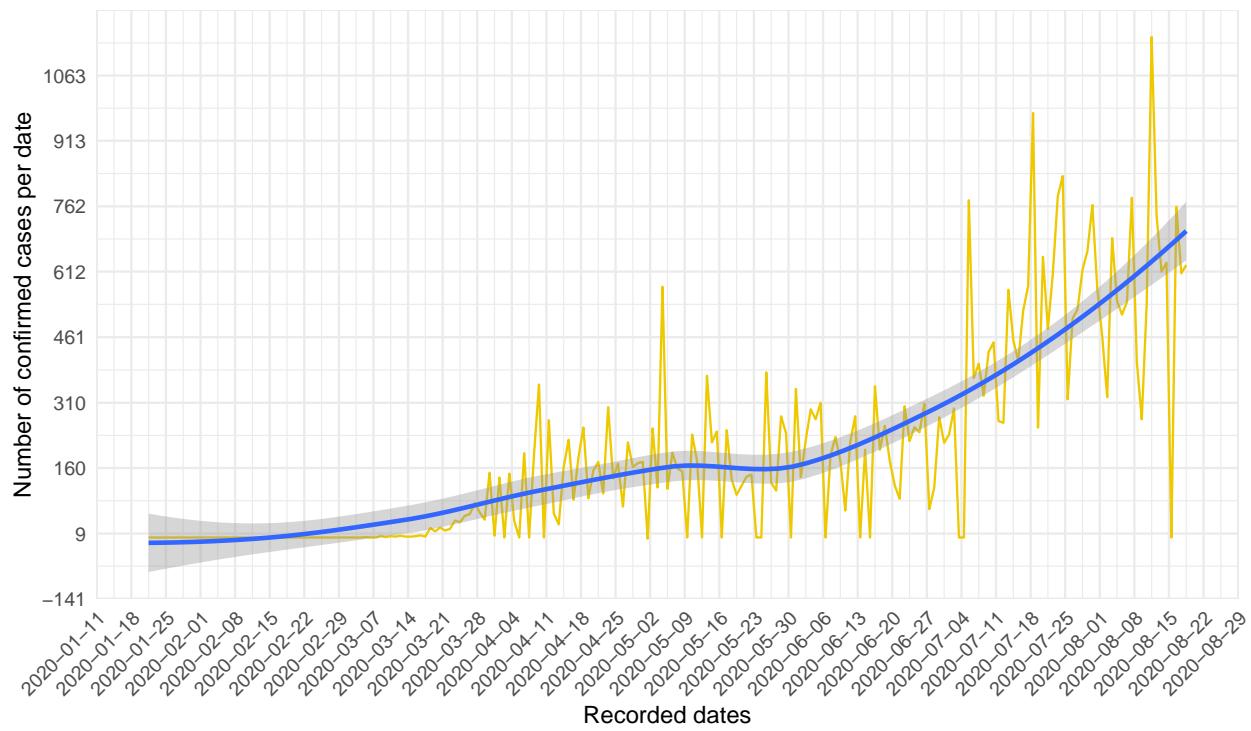

Kansas – confirmed cases over time, total cases: 30,662

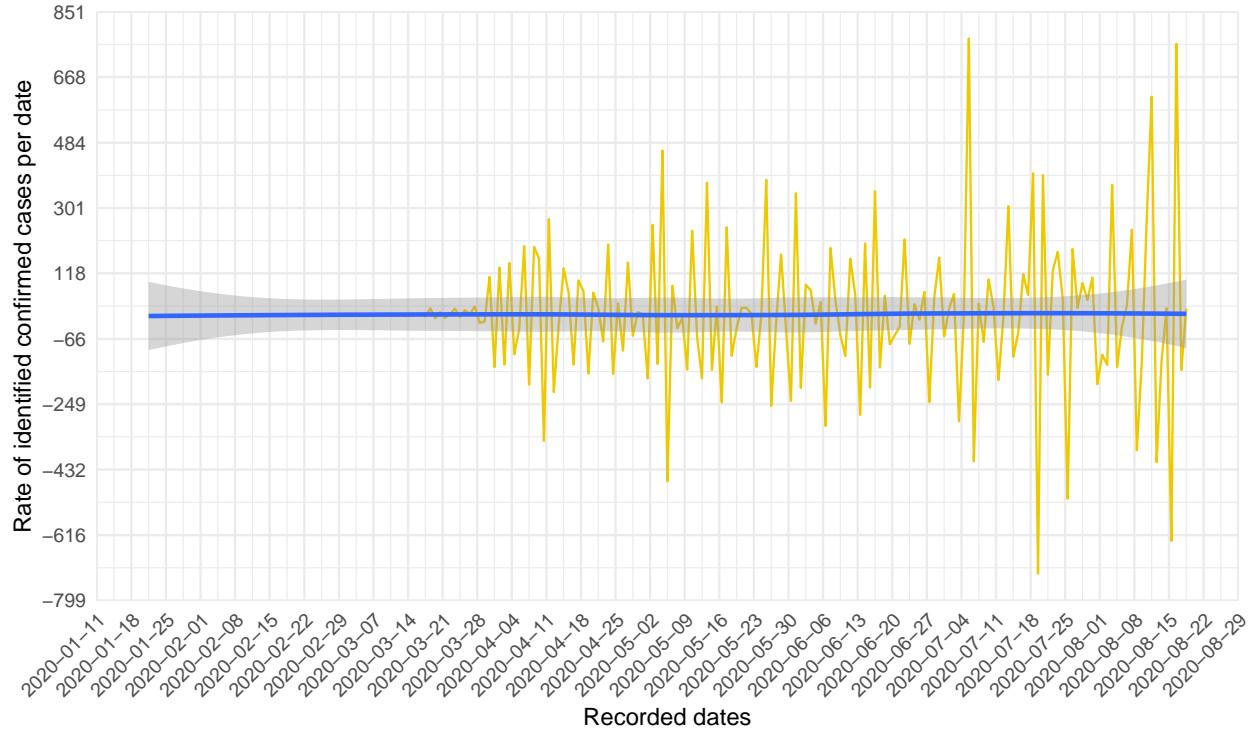

Kansas – rate of increase of confirmed cases over time

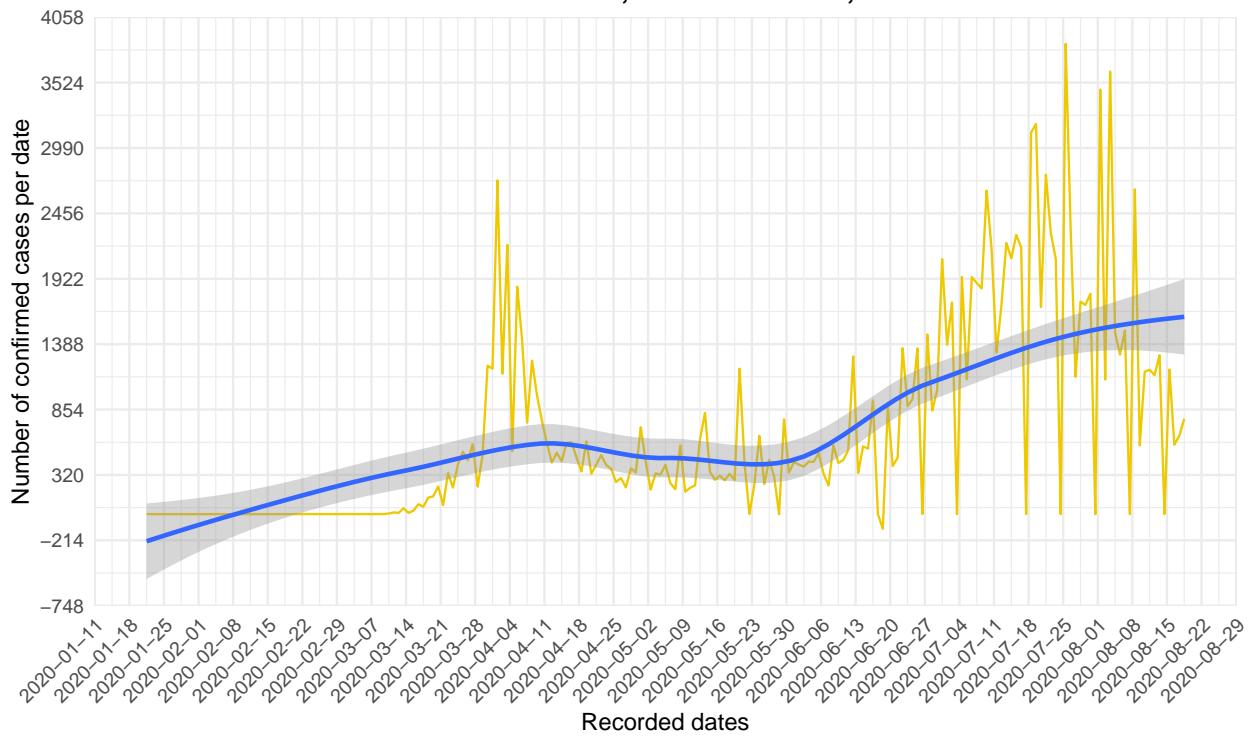

Kentucky – confirmed cases over time, total cases: 34,982

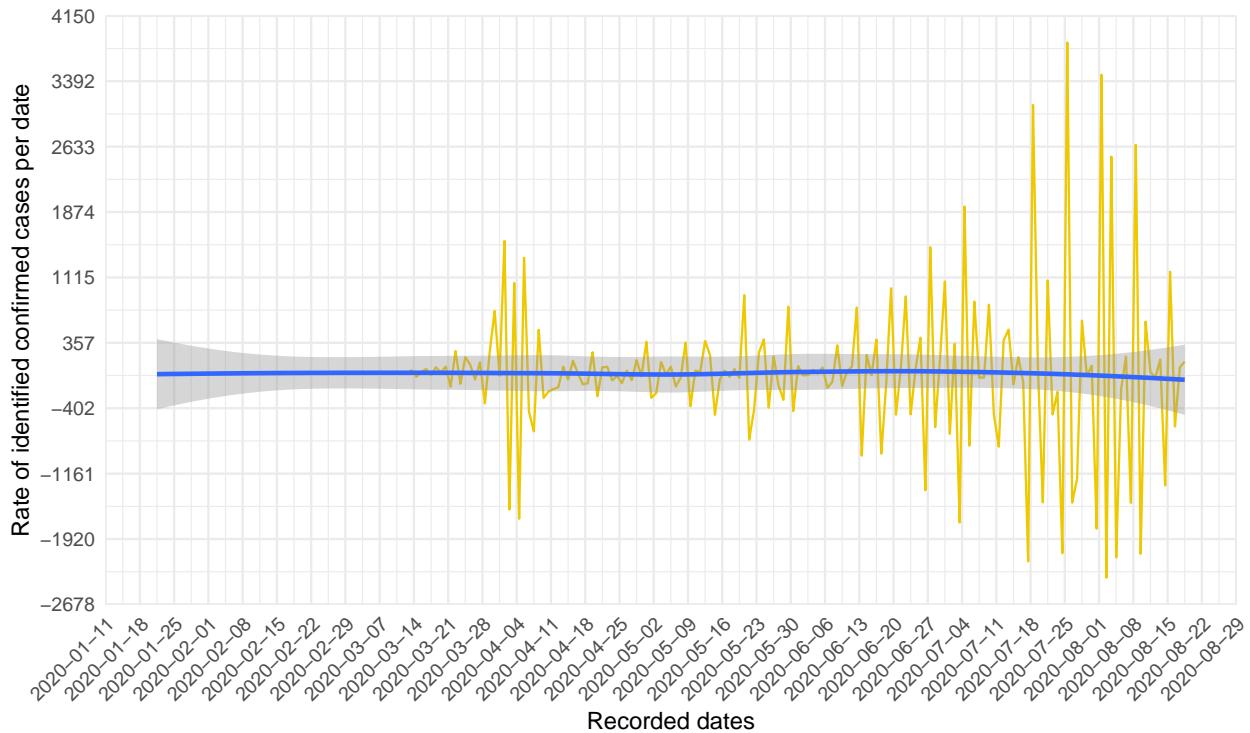

Kentucky – rate of increase of confirmed cases over time

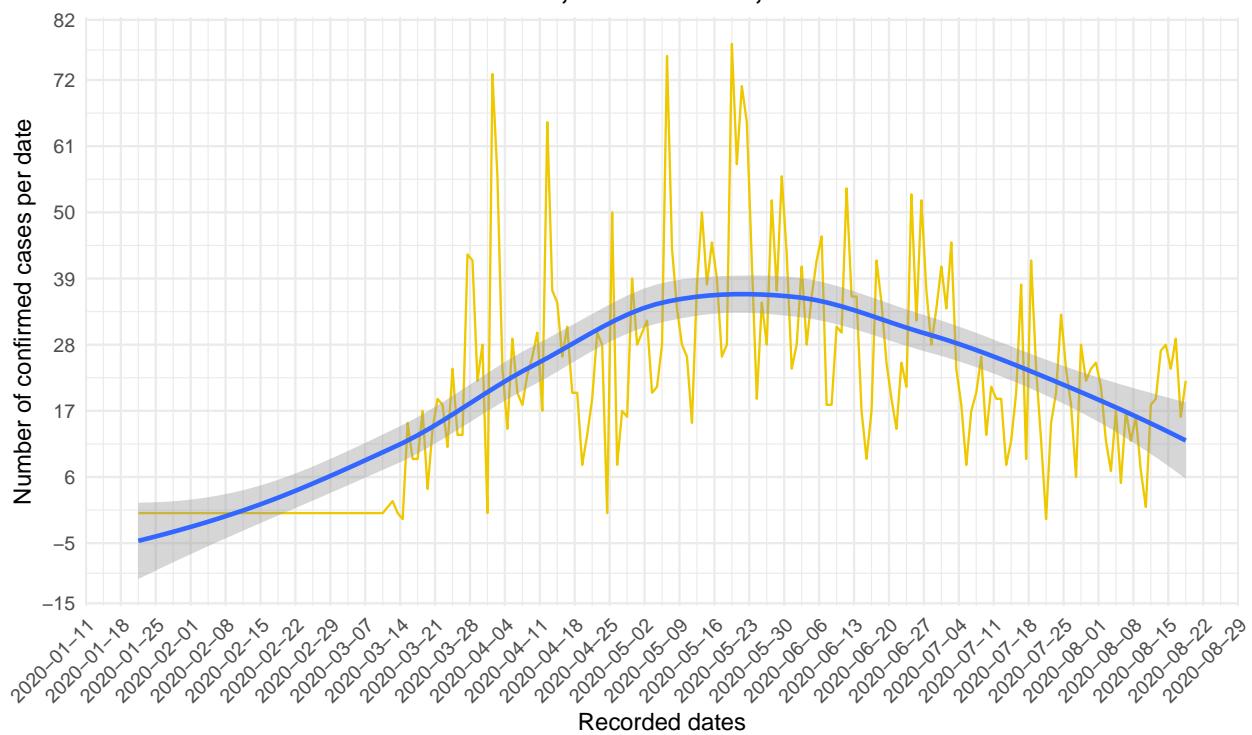

Louisiana – confirmed cases over time, total cases: 131,399

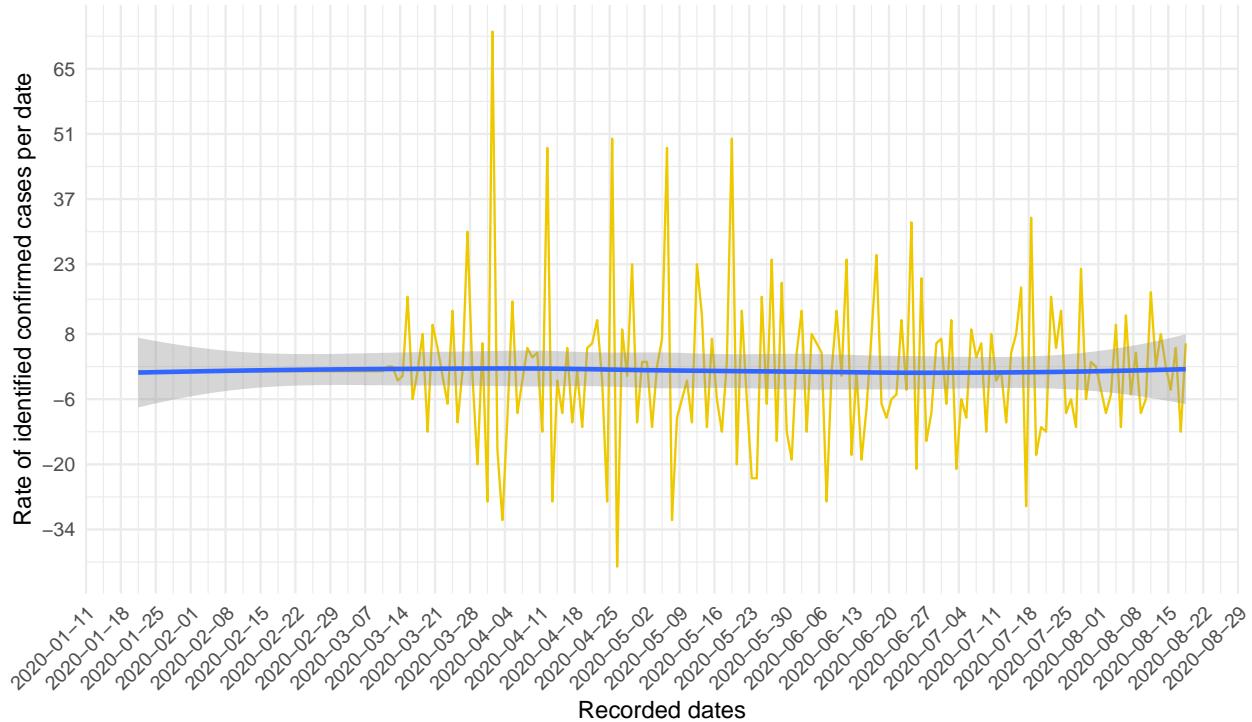

Louisiana – rate of increase of confirmed cases over time

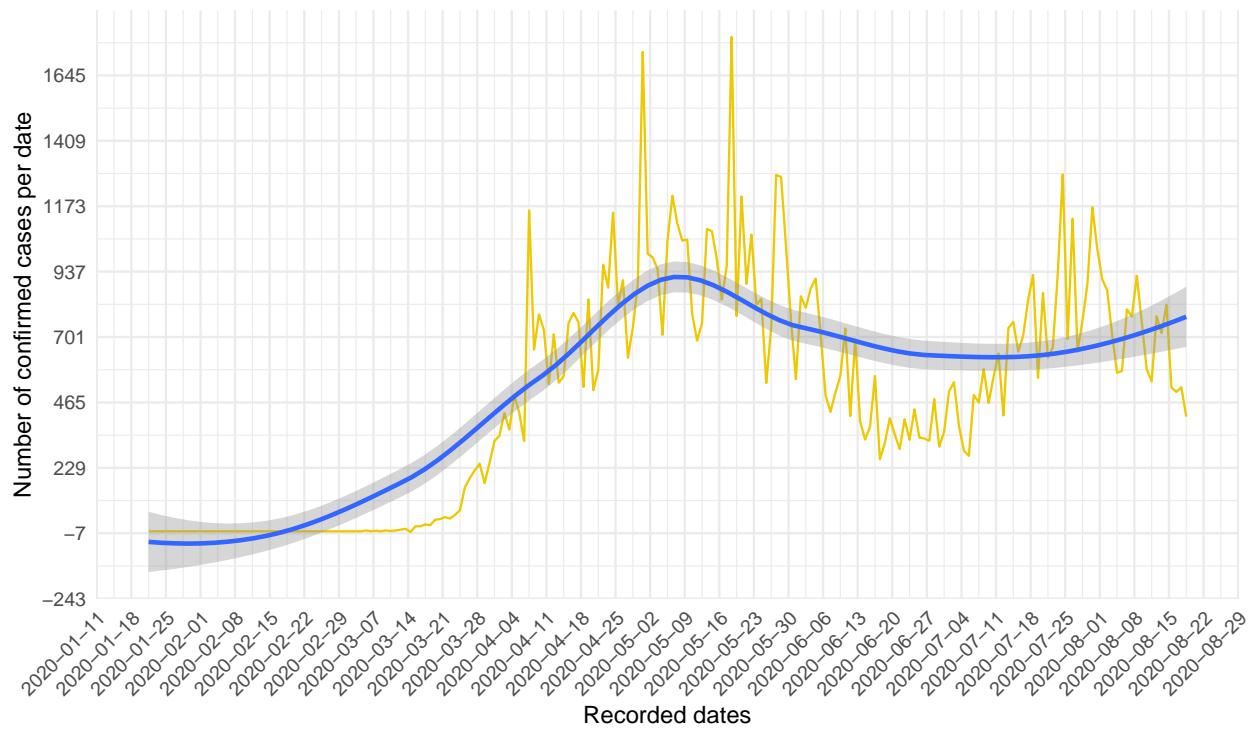

Maine – confirmed cases over time, total cases: 4,044

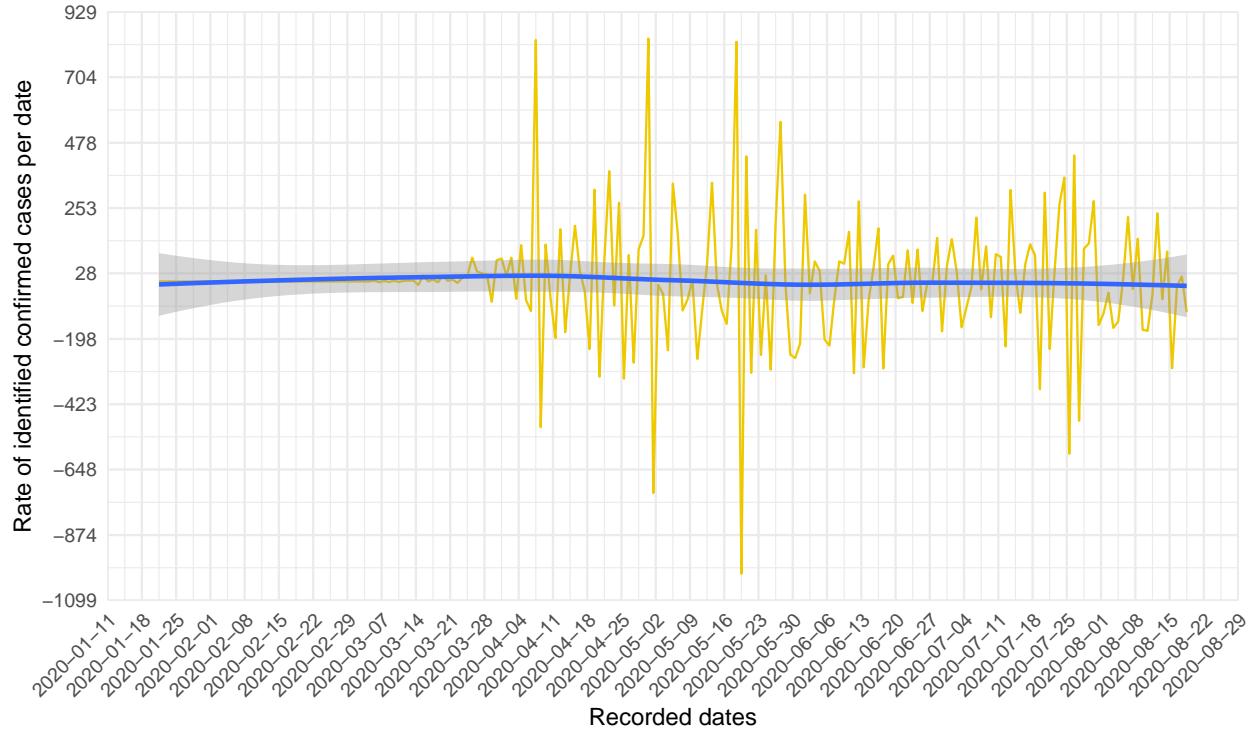

Maine – rate of increase of confirmed cases over time

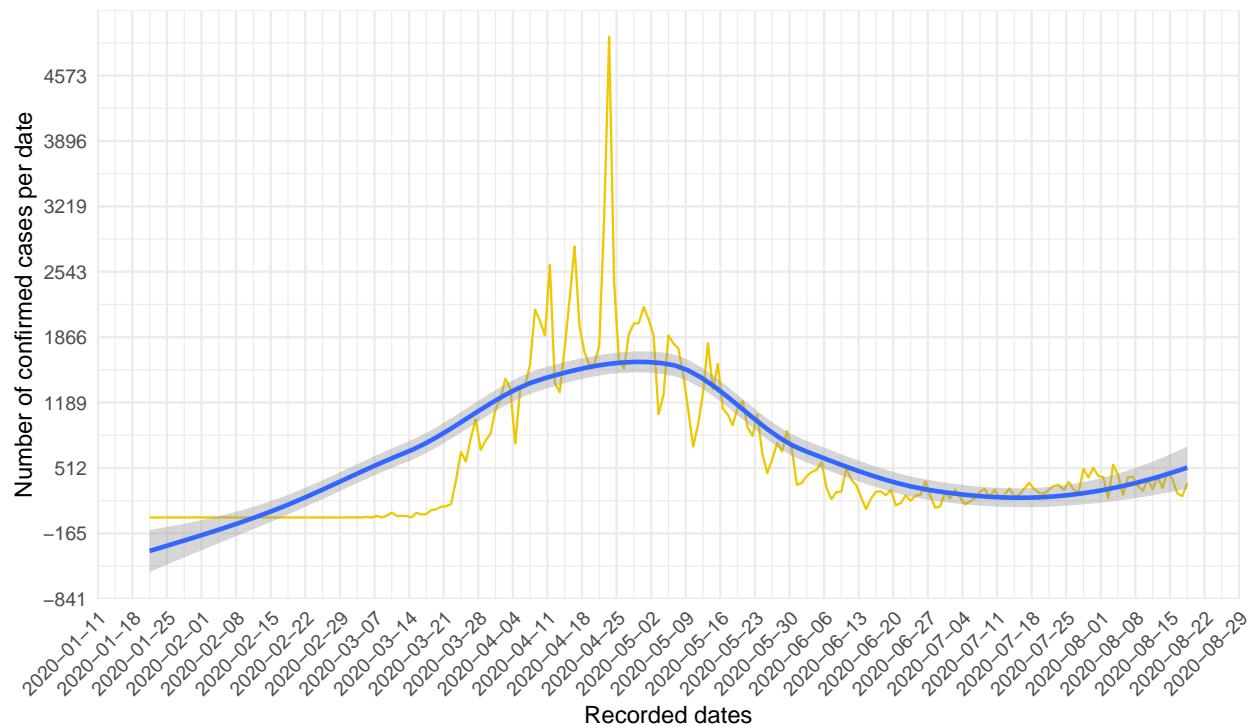

Maryland – confirmed cases over time, total cases: 95,503

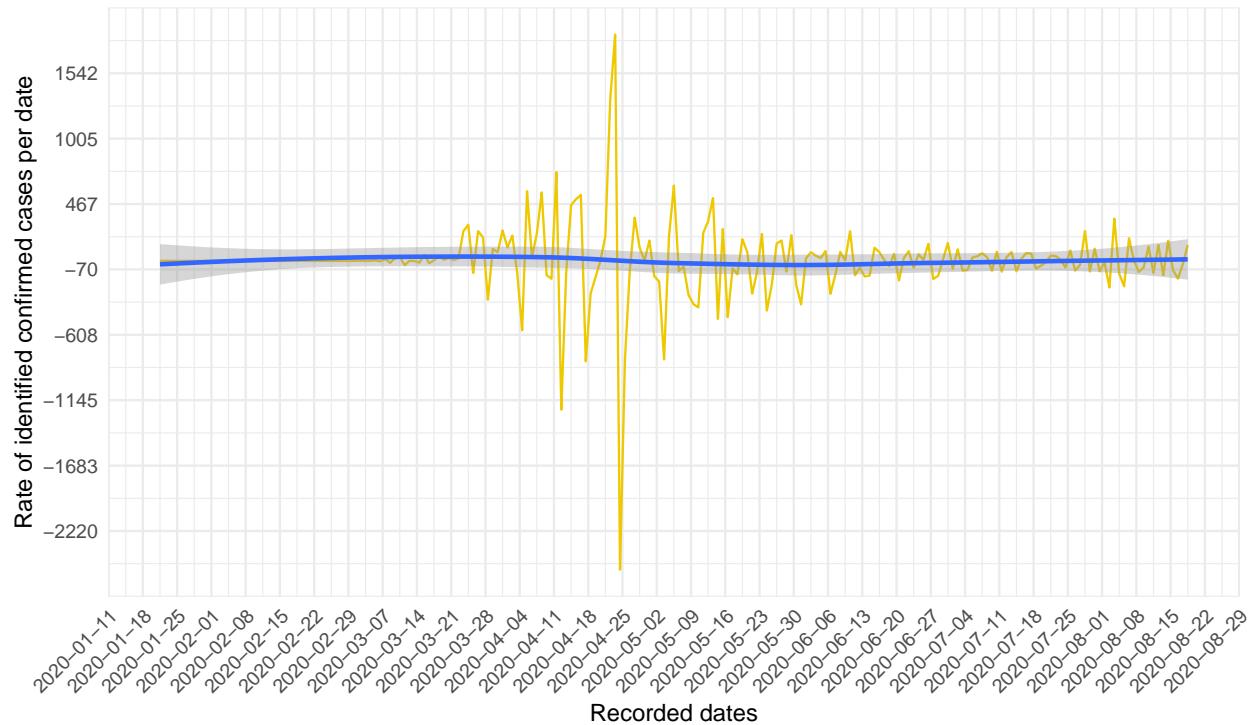

Maryland – rate of increase of confirmed cases over time

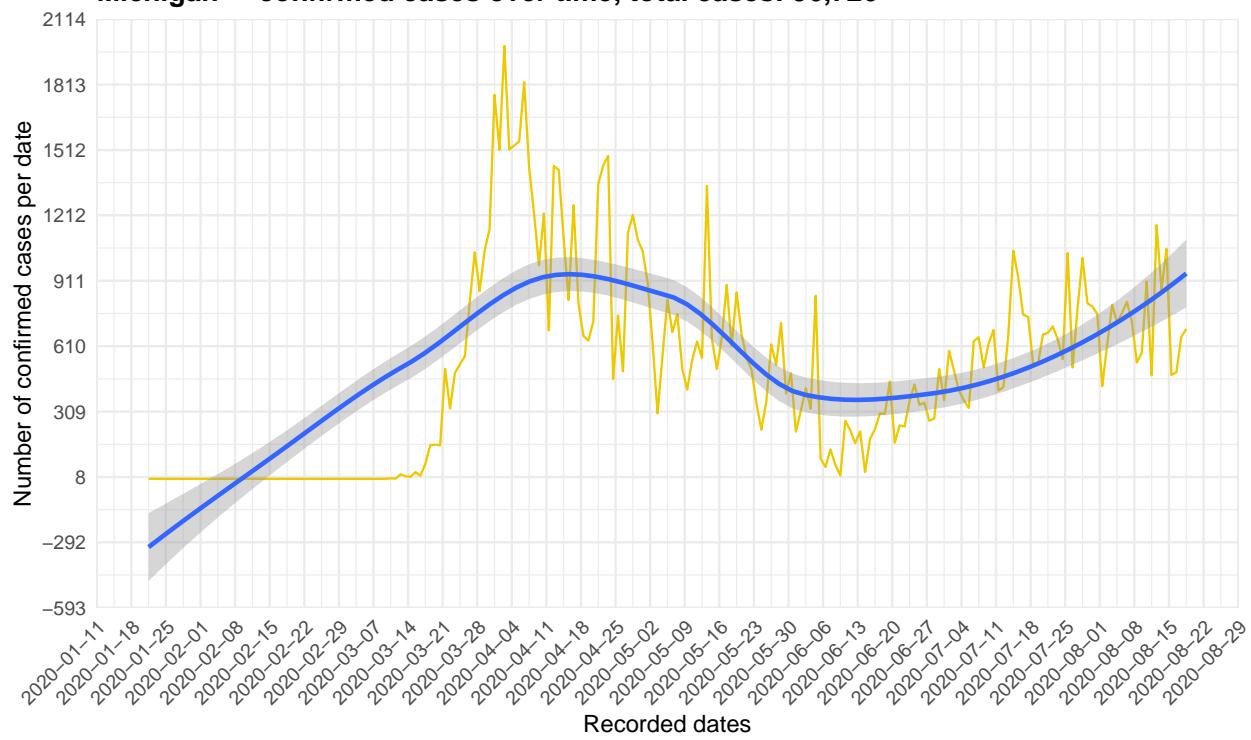

Massachusetts – confirmed cases over time, total cases: 121,040

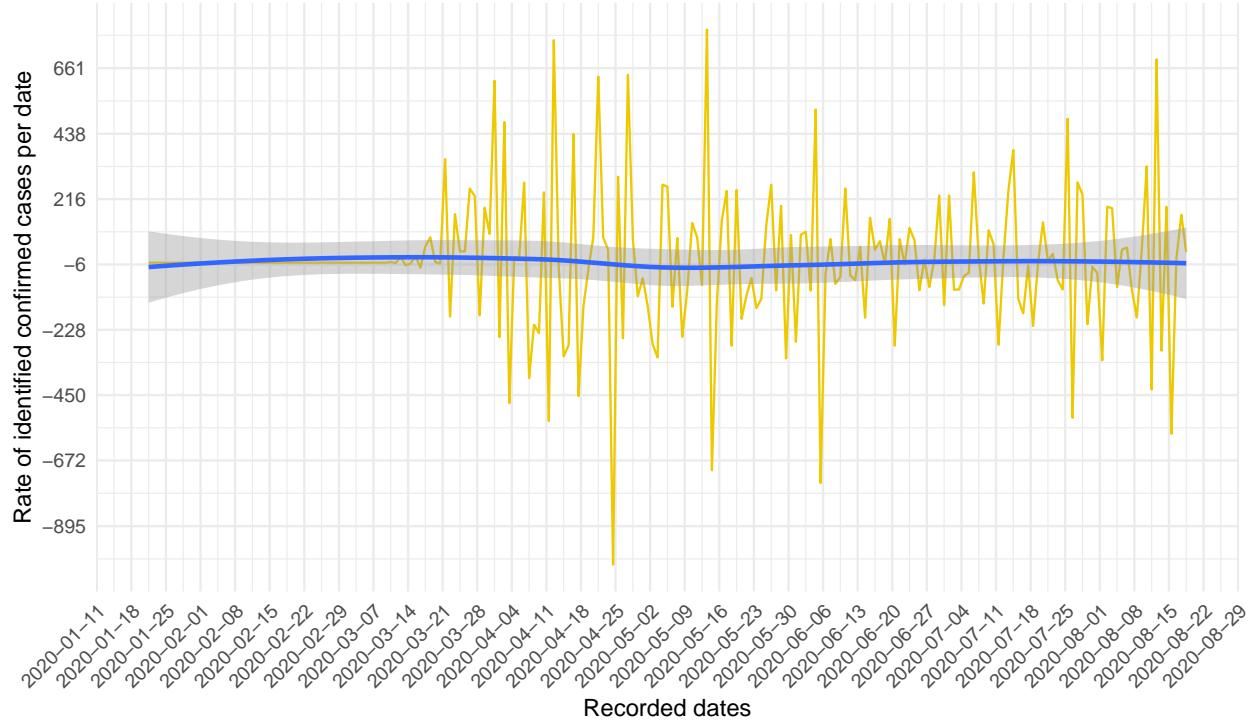

Massachusetts – rate of increase of confirmed cases over time

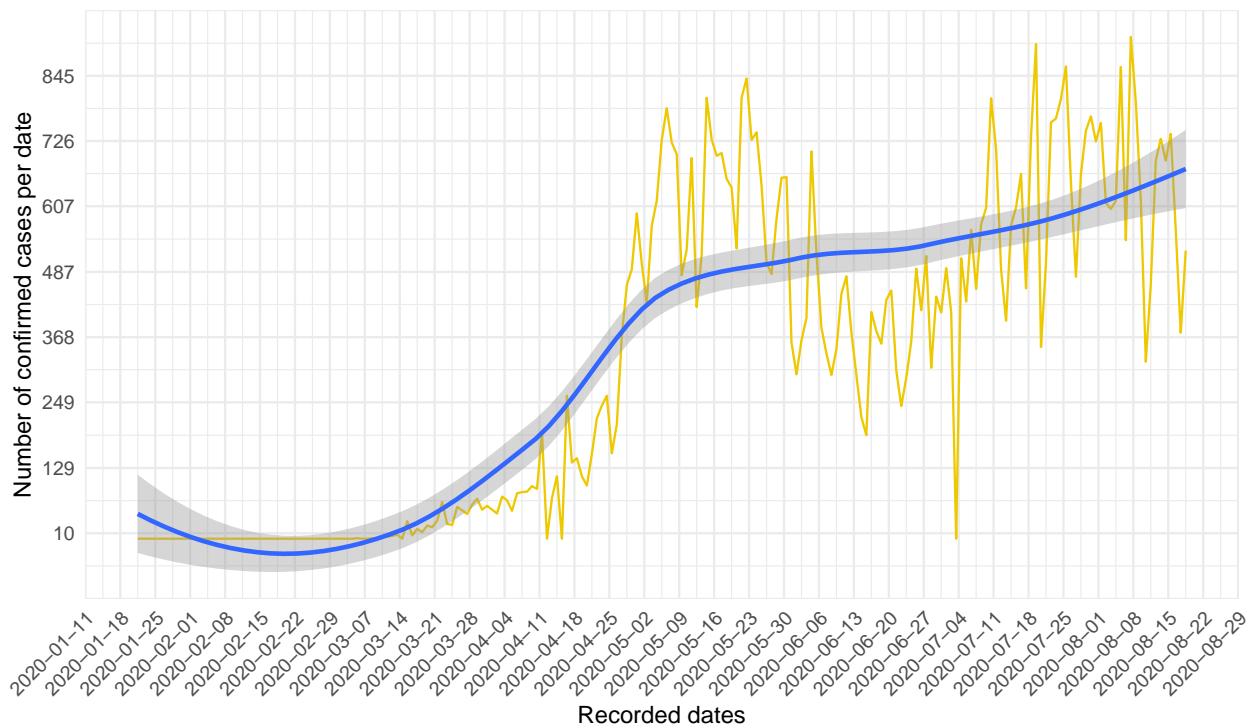

Michigan – confirmed cases over time, total cases: 96,726

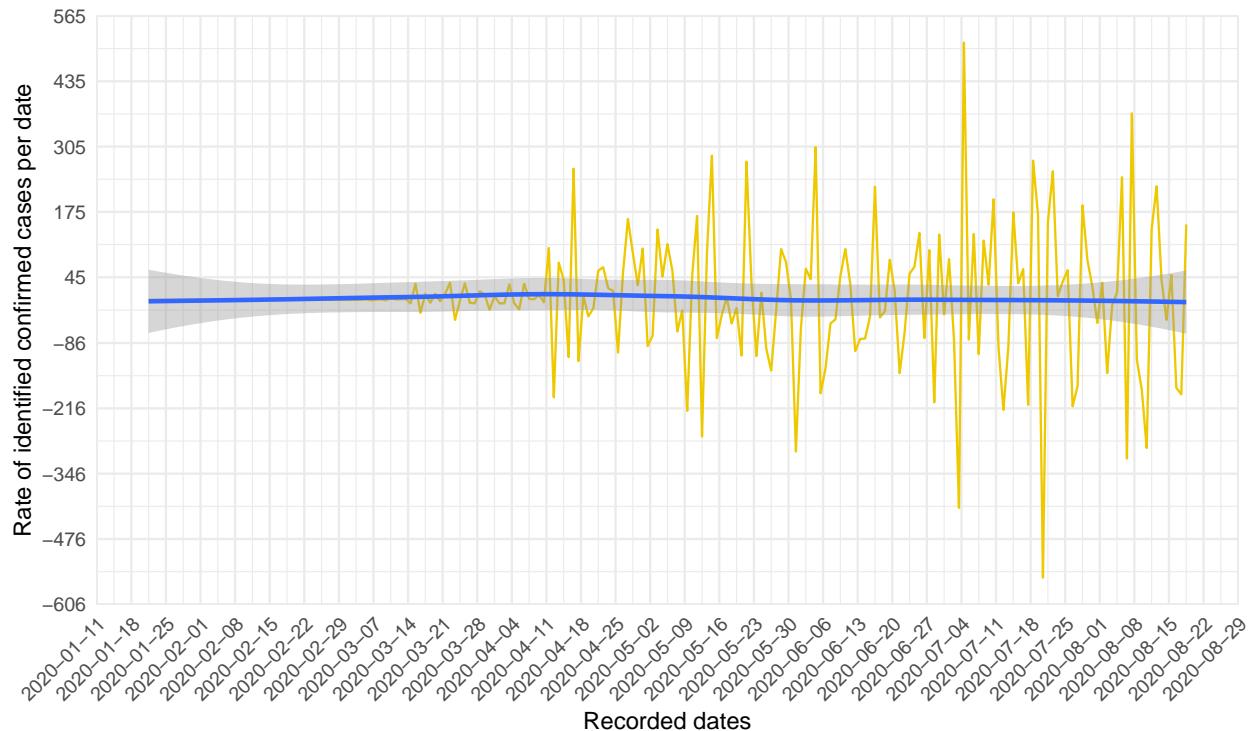

Michigan – rate of increase of confirmed cases over time

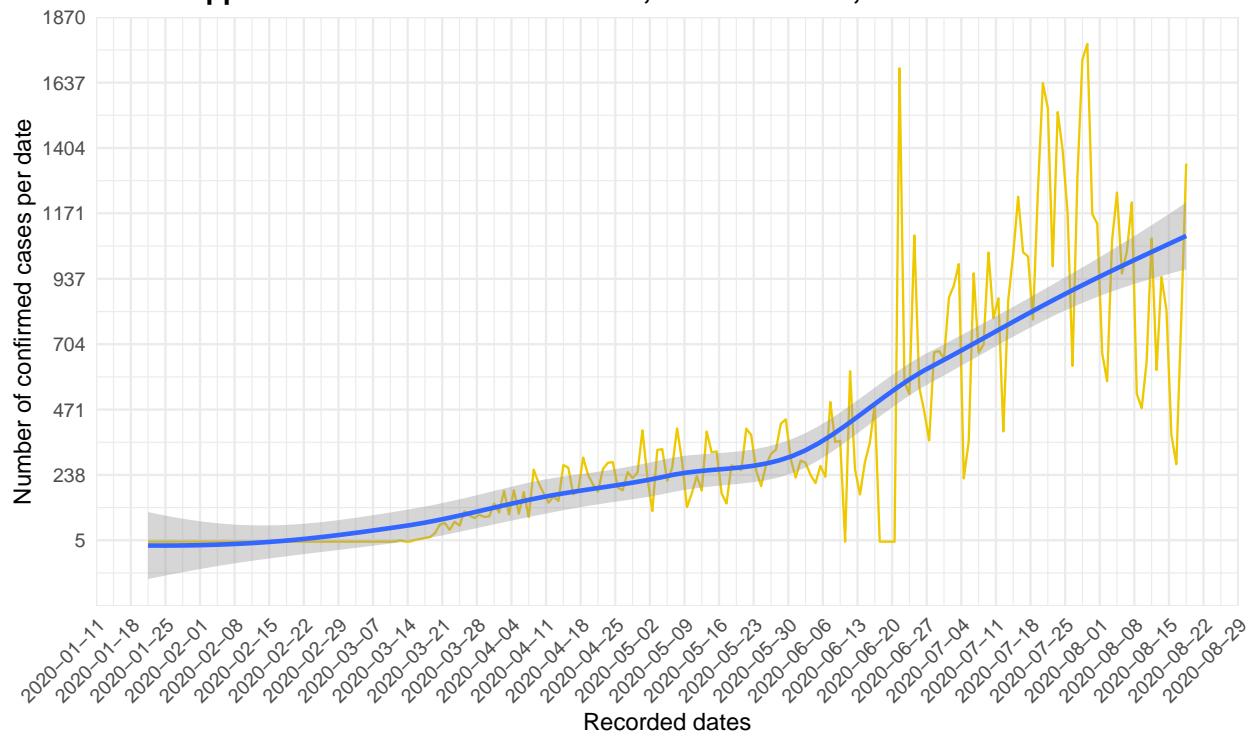

Minnesota – confirmed cases over time, total cases: 60,898

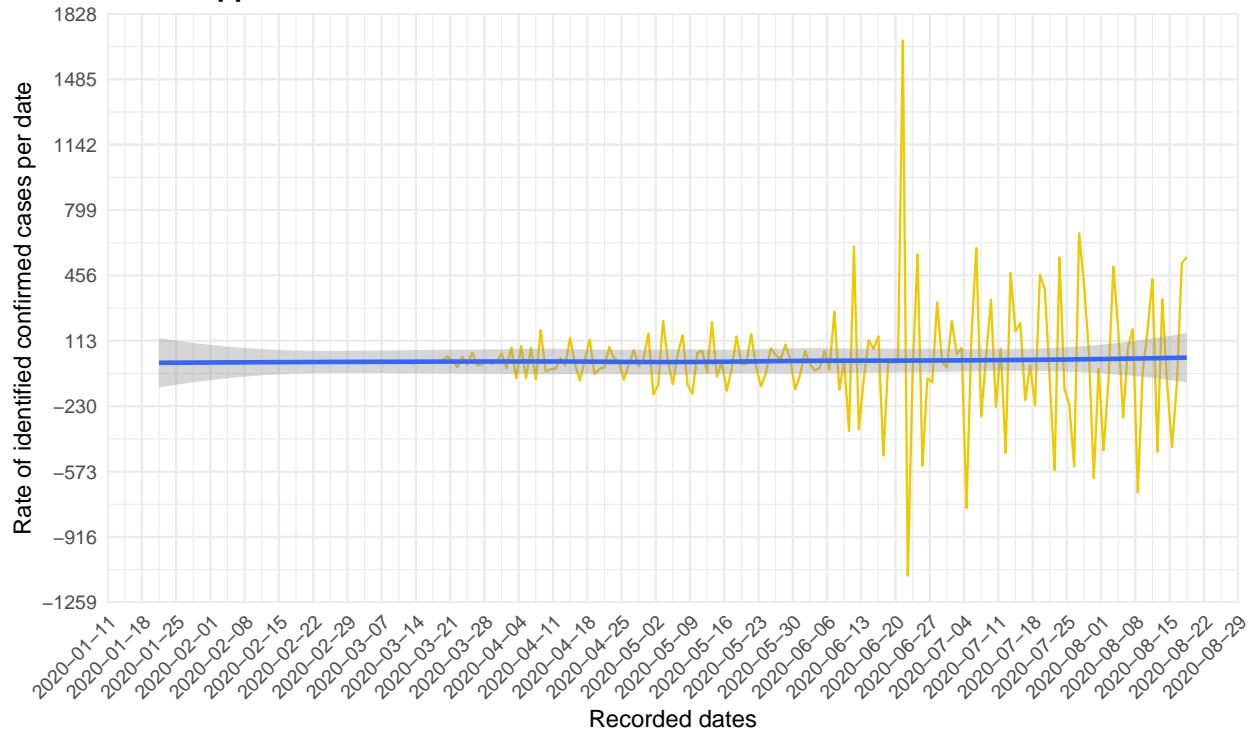

Minnesota – rate of increase of confirmed cases over time

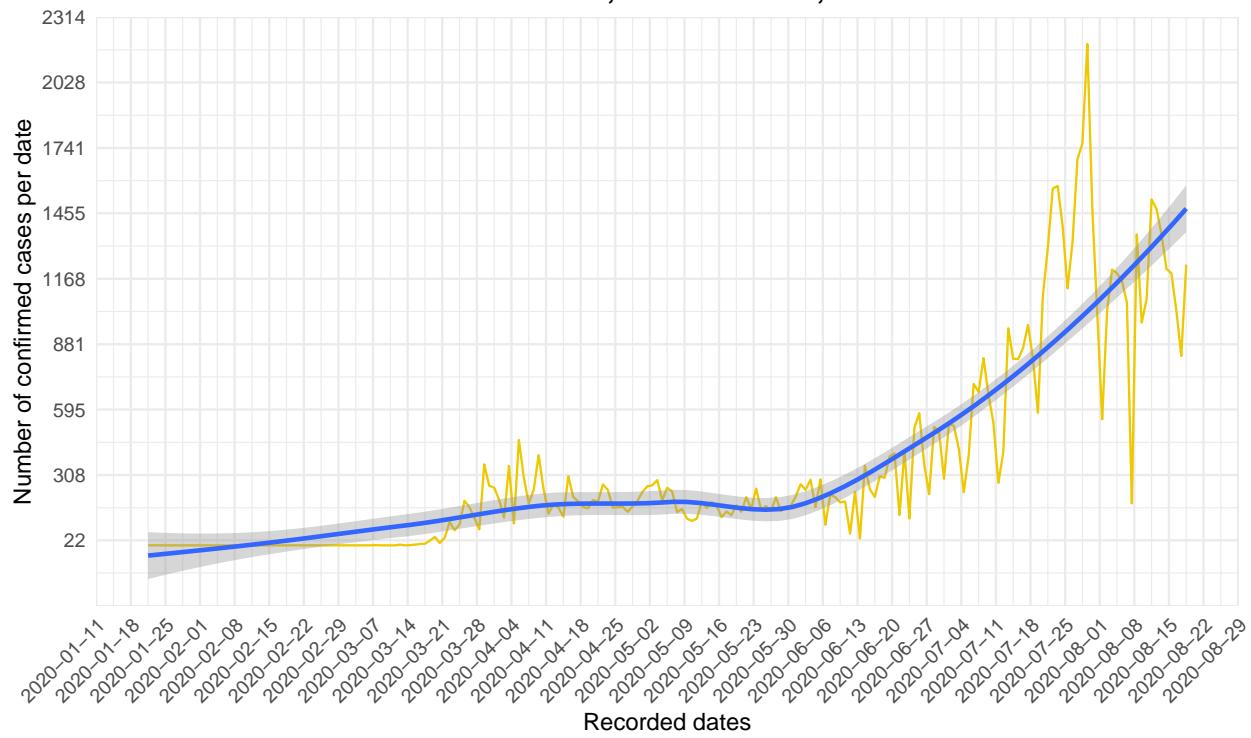

Mississippi – confirmed cases over time, total cases: 67,173

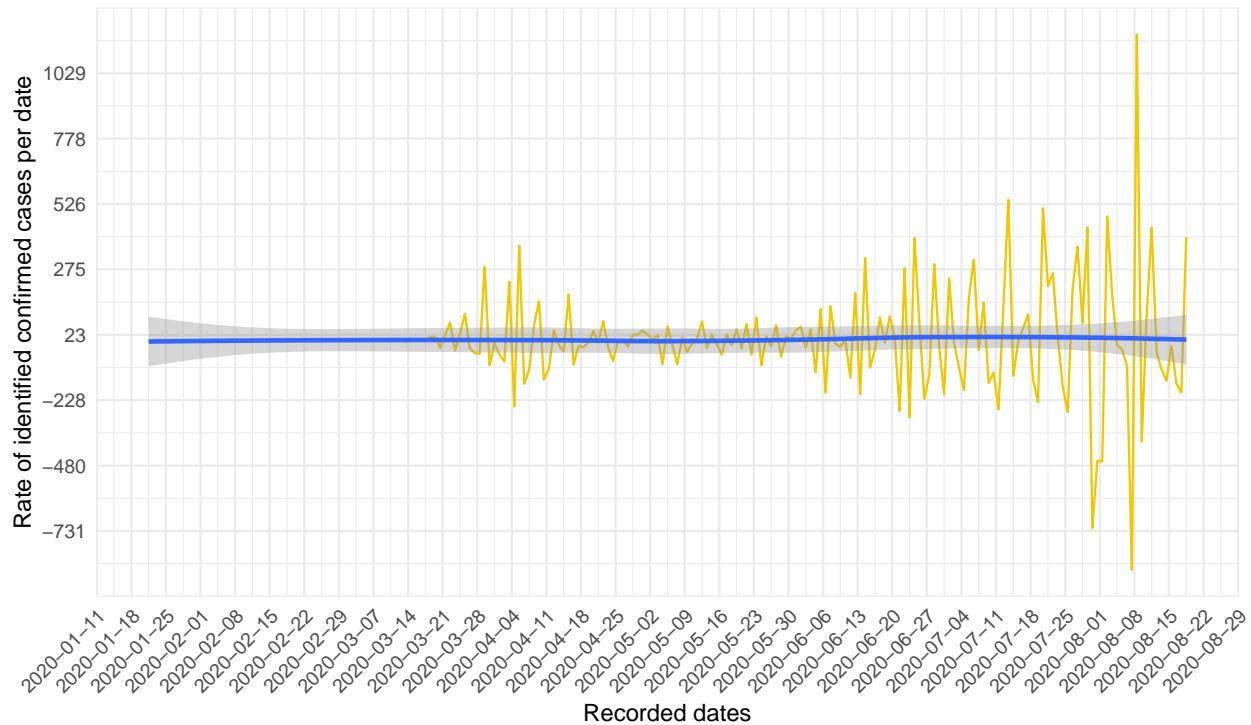

Mississippi – rate of increase of confirmed cases over time

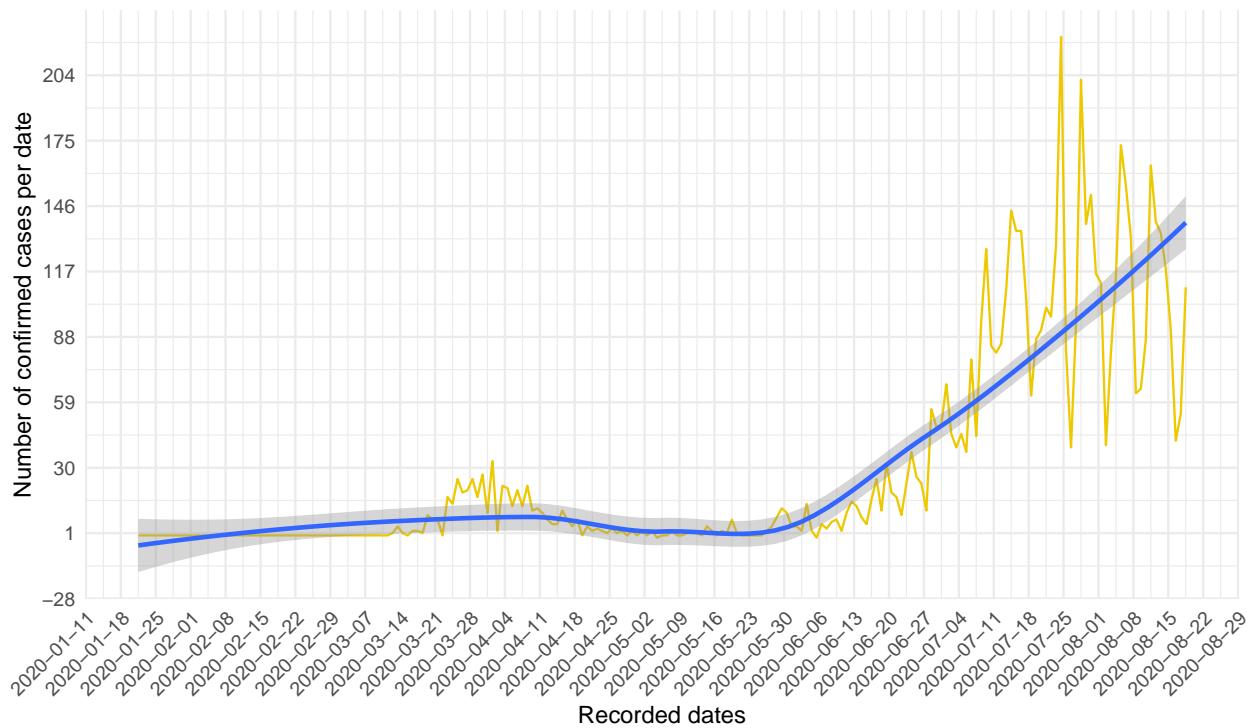

Missouri – confirmed cases over time, total cases: 59,383

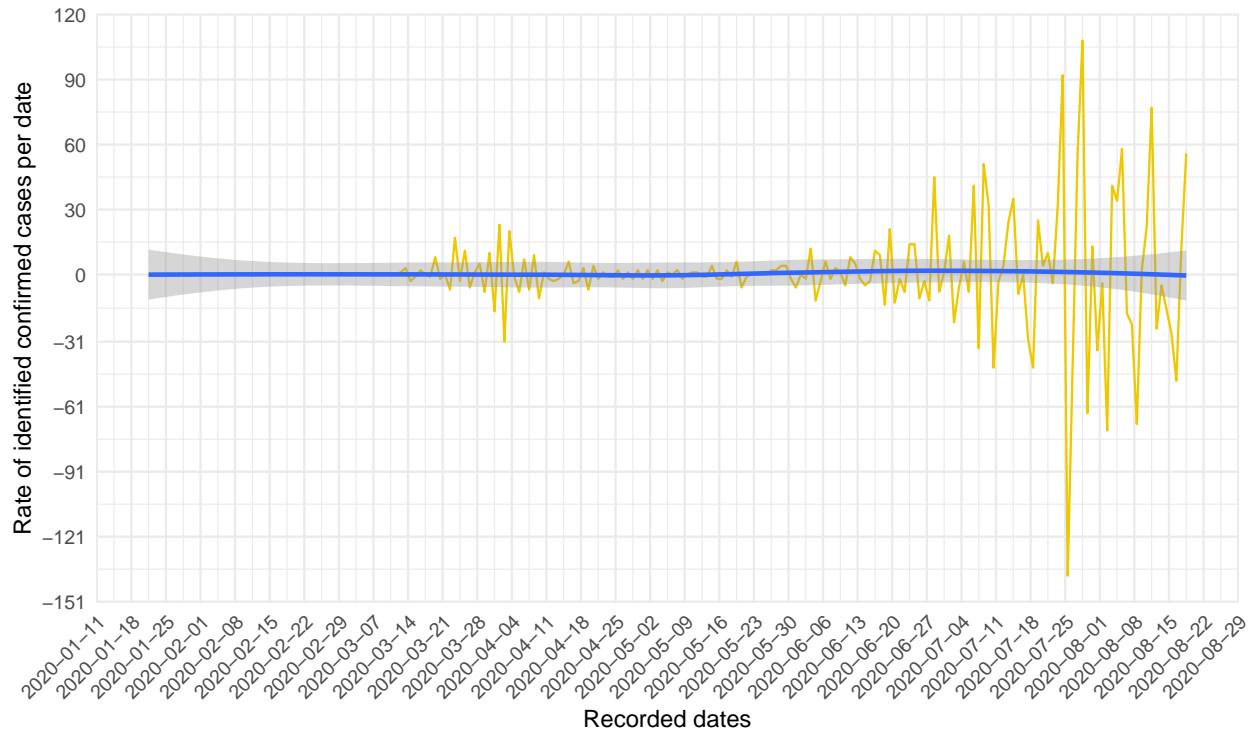

Missouri – rate of increase of confirmed cases over time

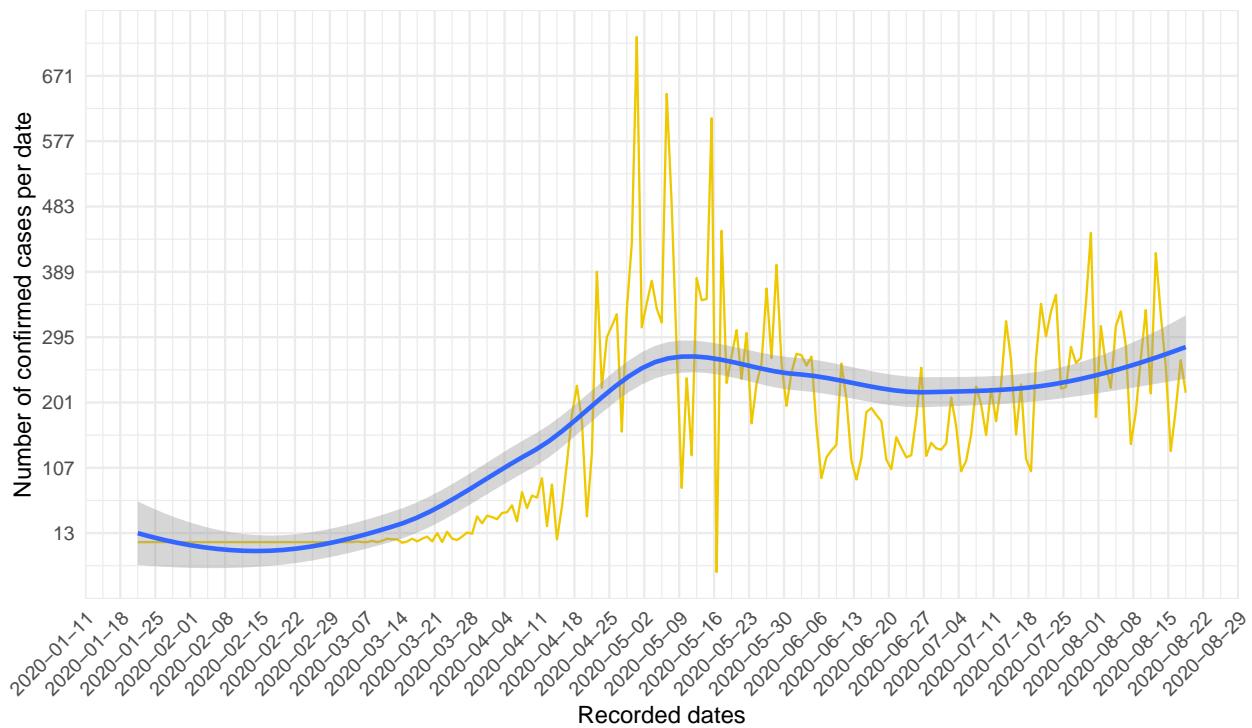

Montana – confirmed cases over time, total cases: 4,952

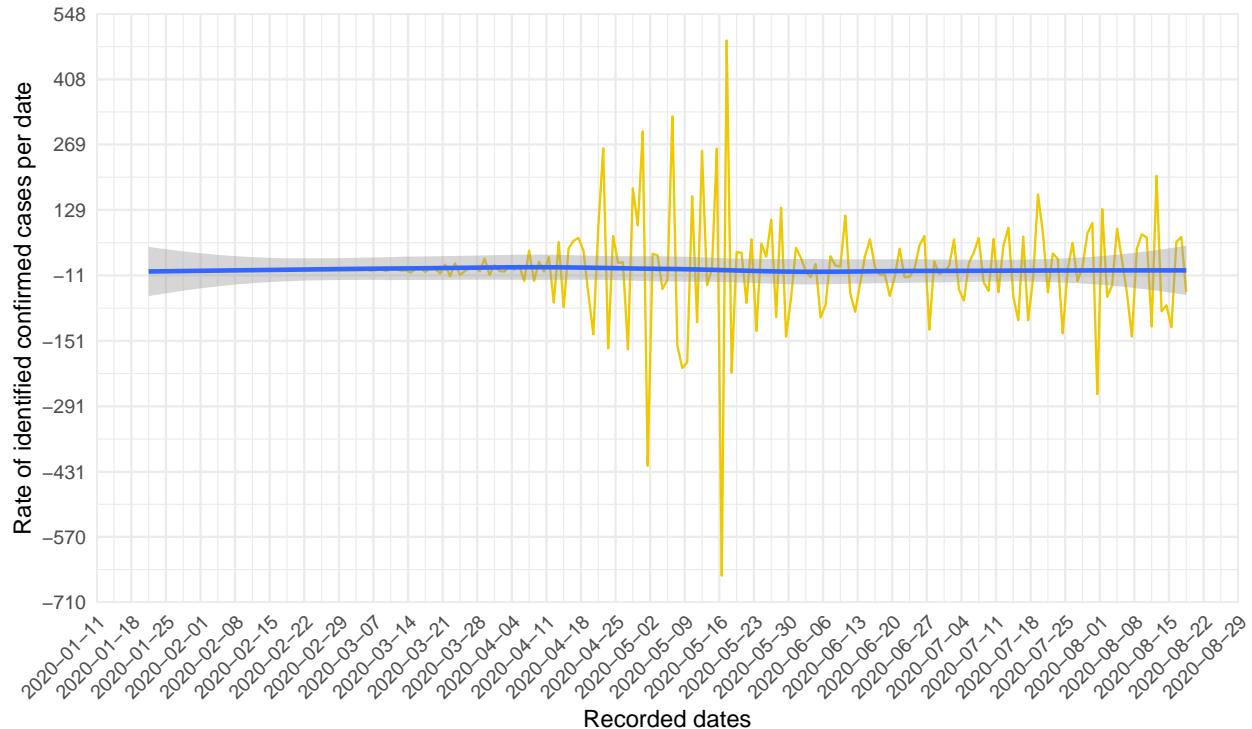

Montana – rate of increase of confirmed cases over time

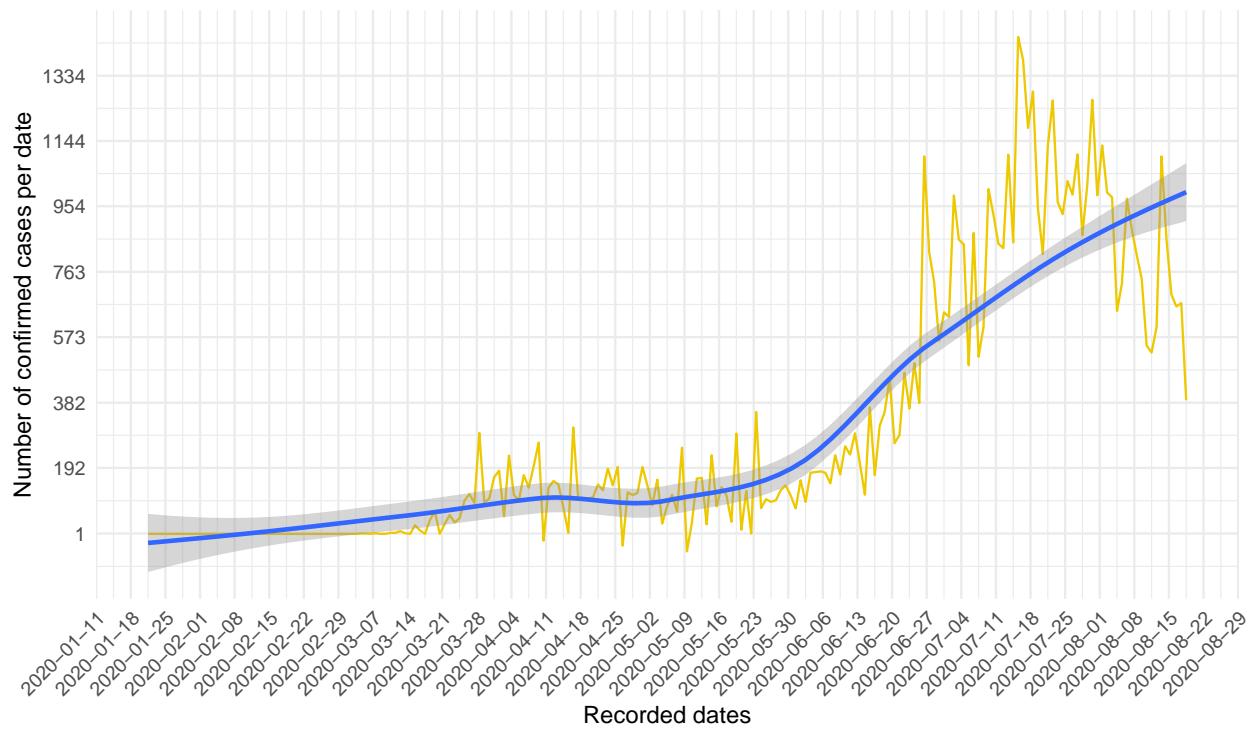

Nebraska – confirmed cases over time, total cases: 28,432

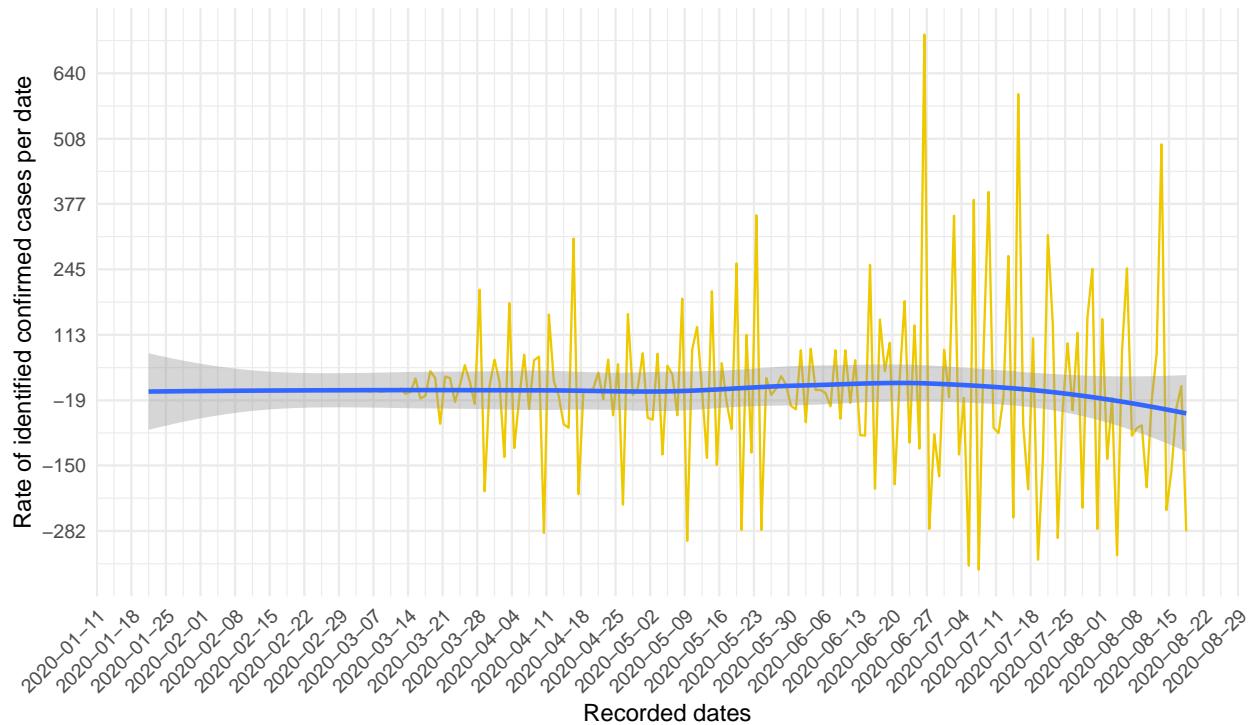

Nebraska – rate of increase of confirmed cases over time

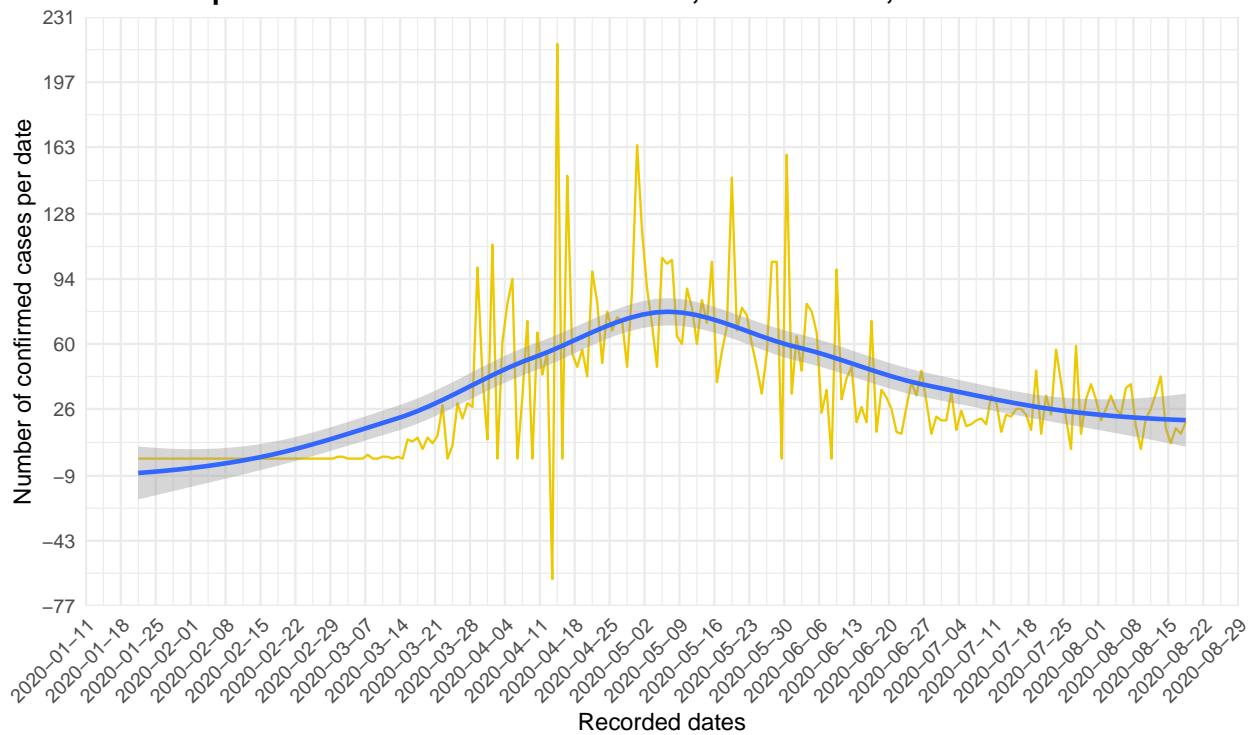

Nevada – confirmed cases over time, total cases: 56,230

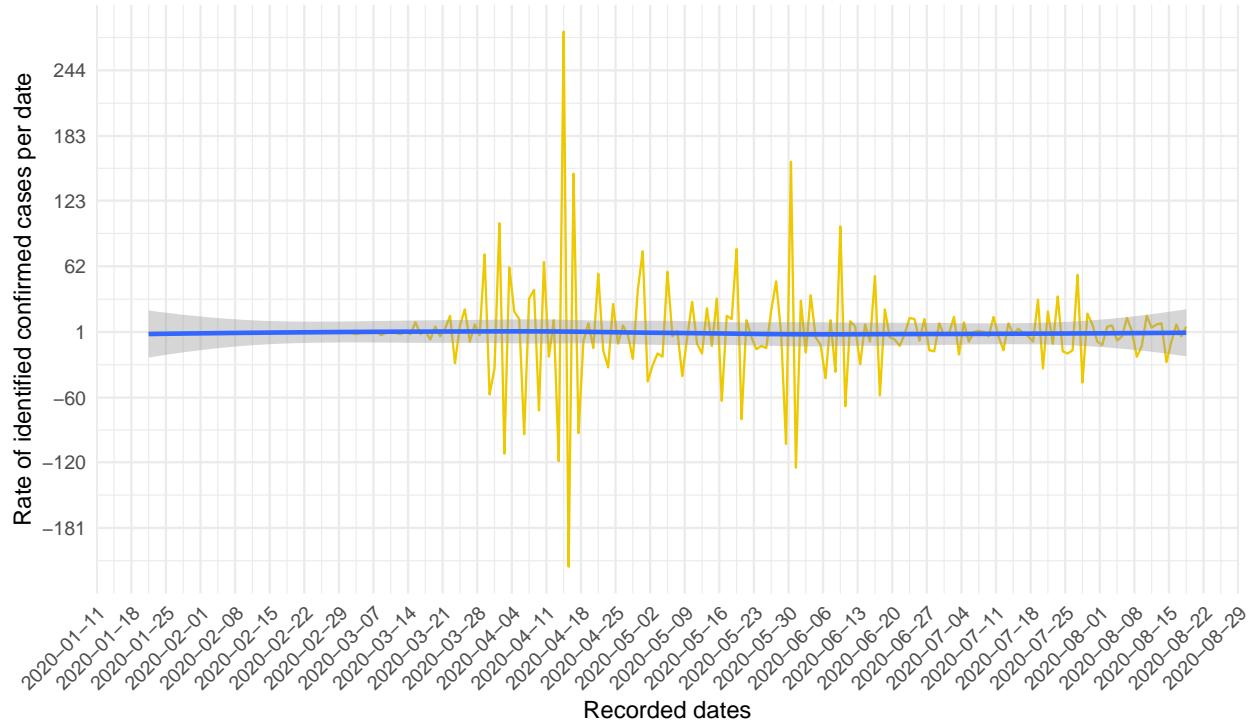

Nevada – rate of increase of confirmed cases over time

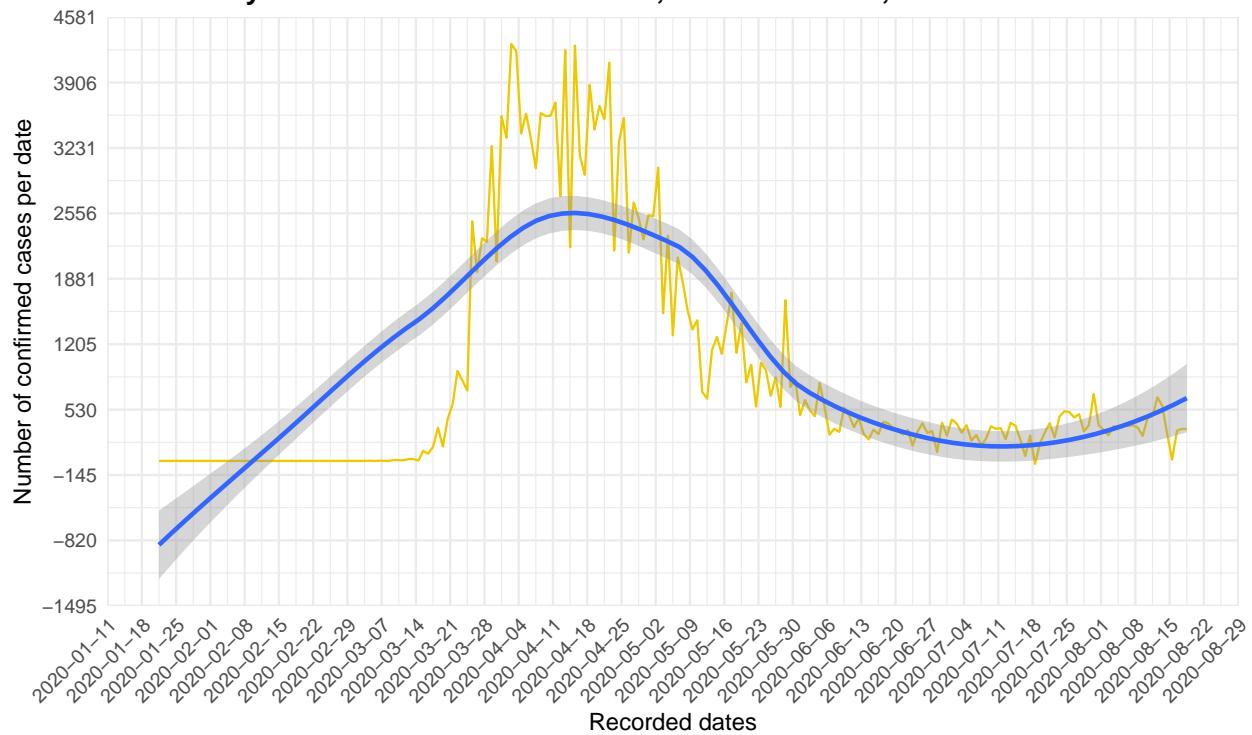

New Hampshire – confirmed cases over time, total cases: 6,835

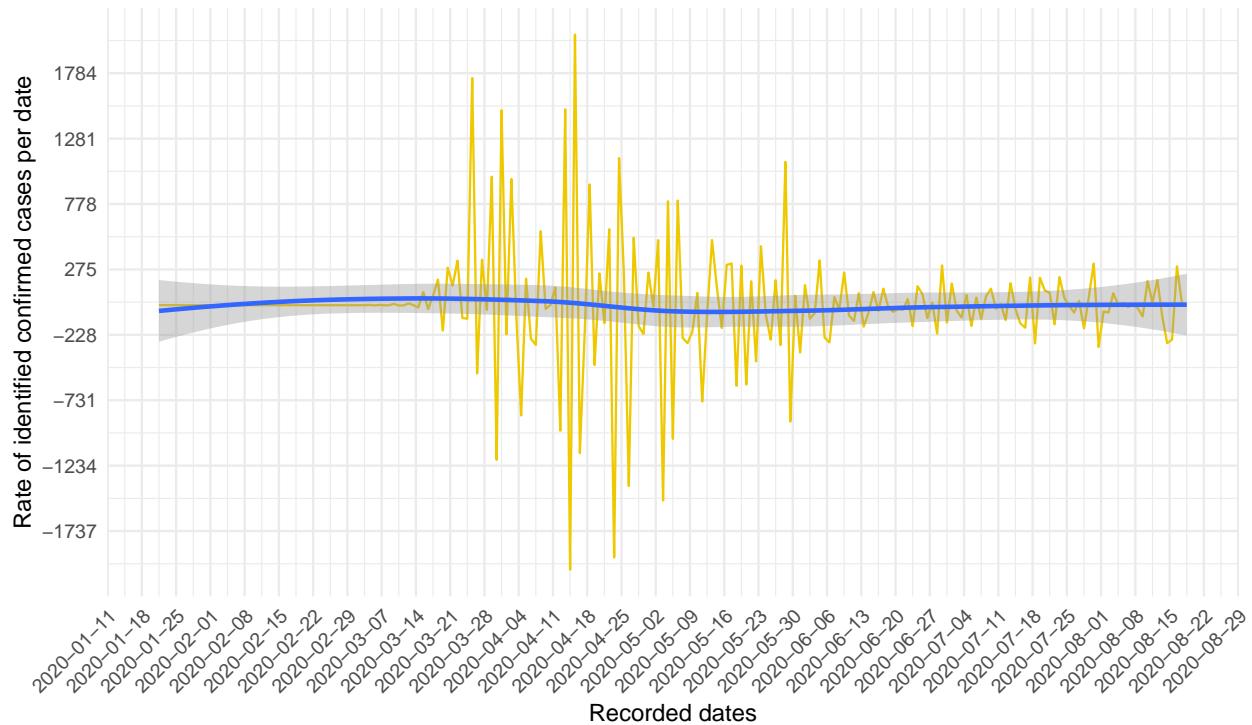

New Hampshire – rate of increase of confirmed cases over time

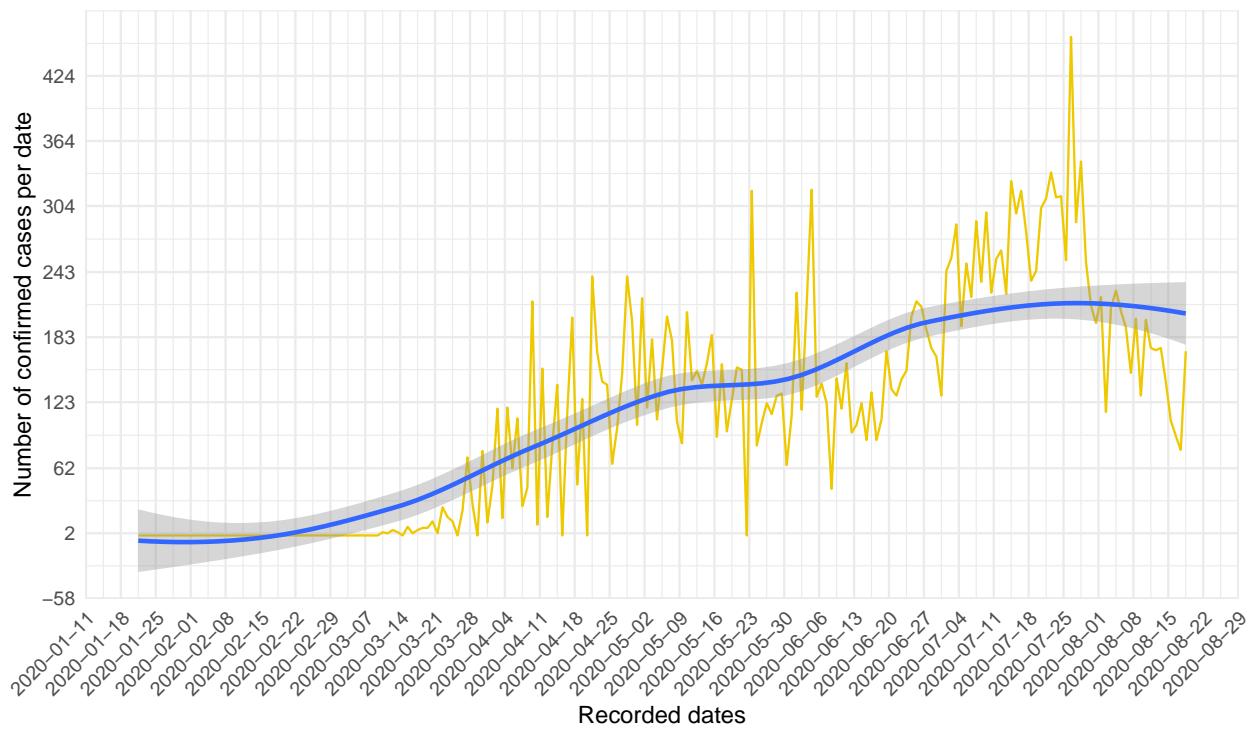

New Jersey – confirmed cases over time, total cases: 184,773

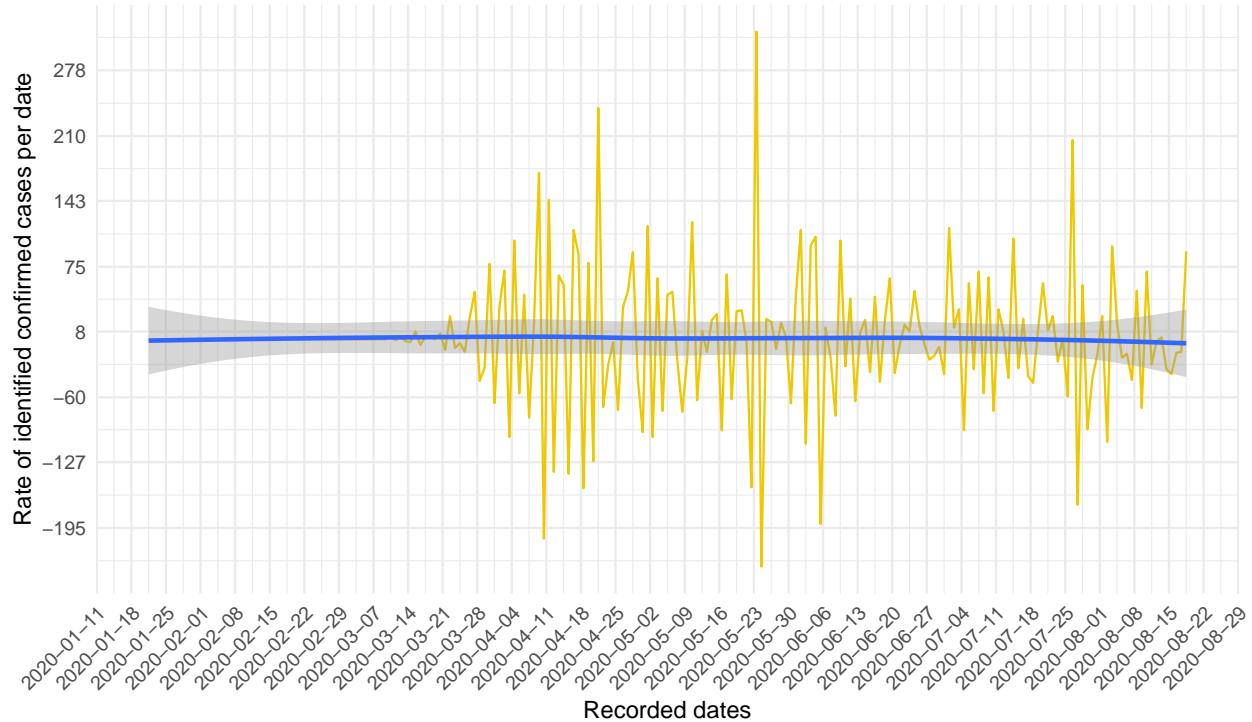

New Jersey – rate of increase of confirmed cases over time

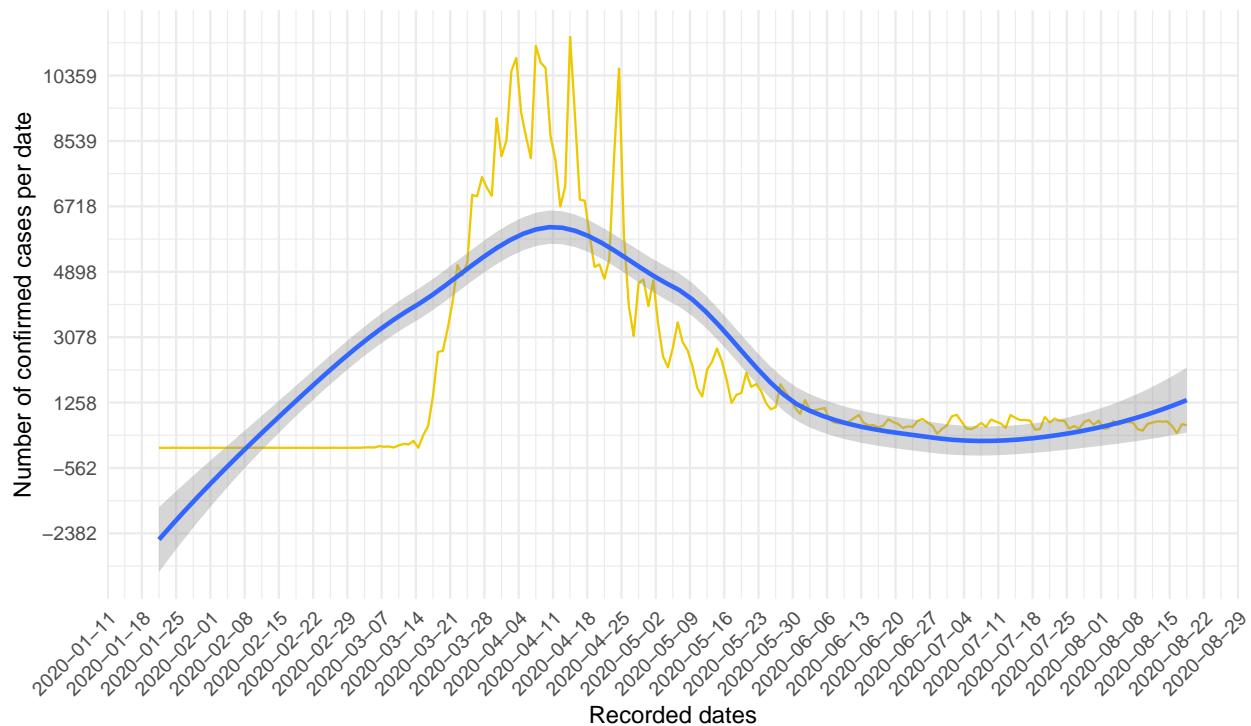

New Mexico – confirmed cases over time, total cases: 22,315

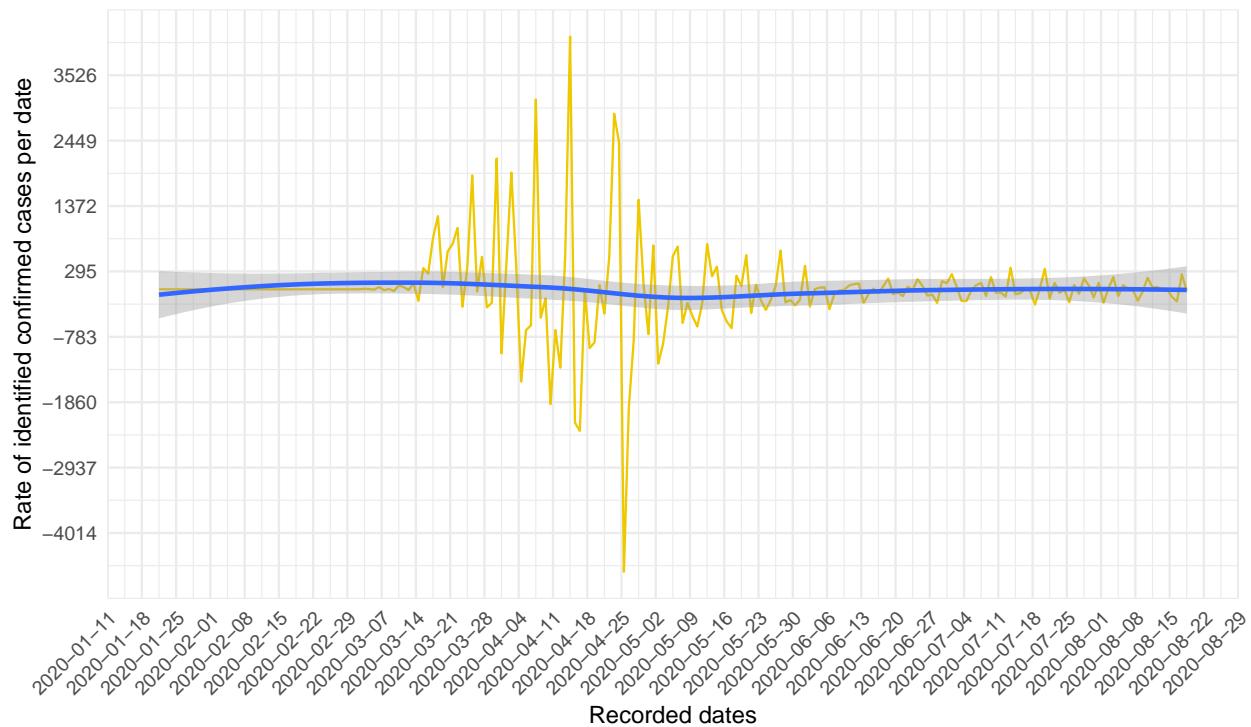

New Mexico – rate of increase of confirmed cases over time

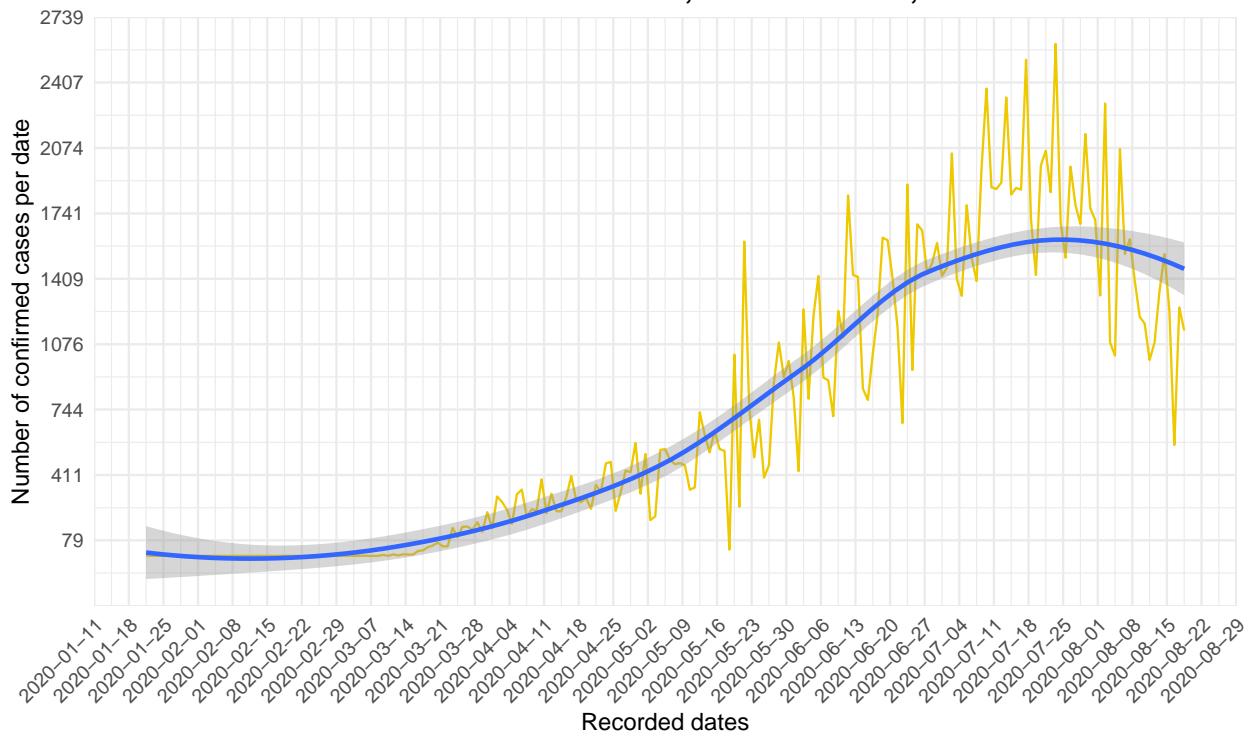

New York – confirmed cases over time, total cases: 420,860

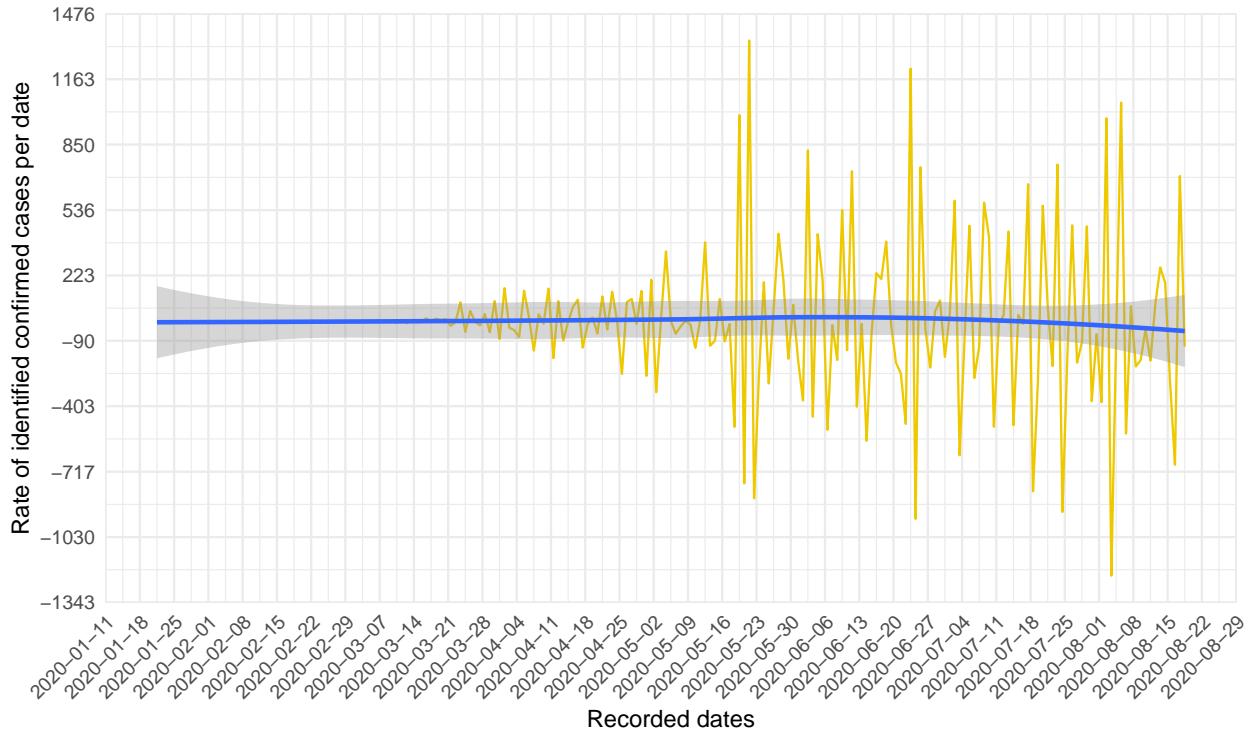

New York – rate of increase of confirmed cases over time

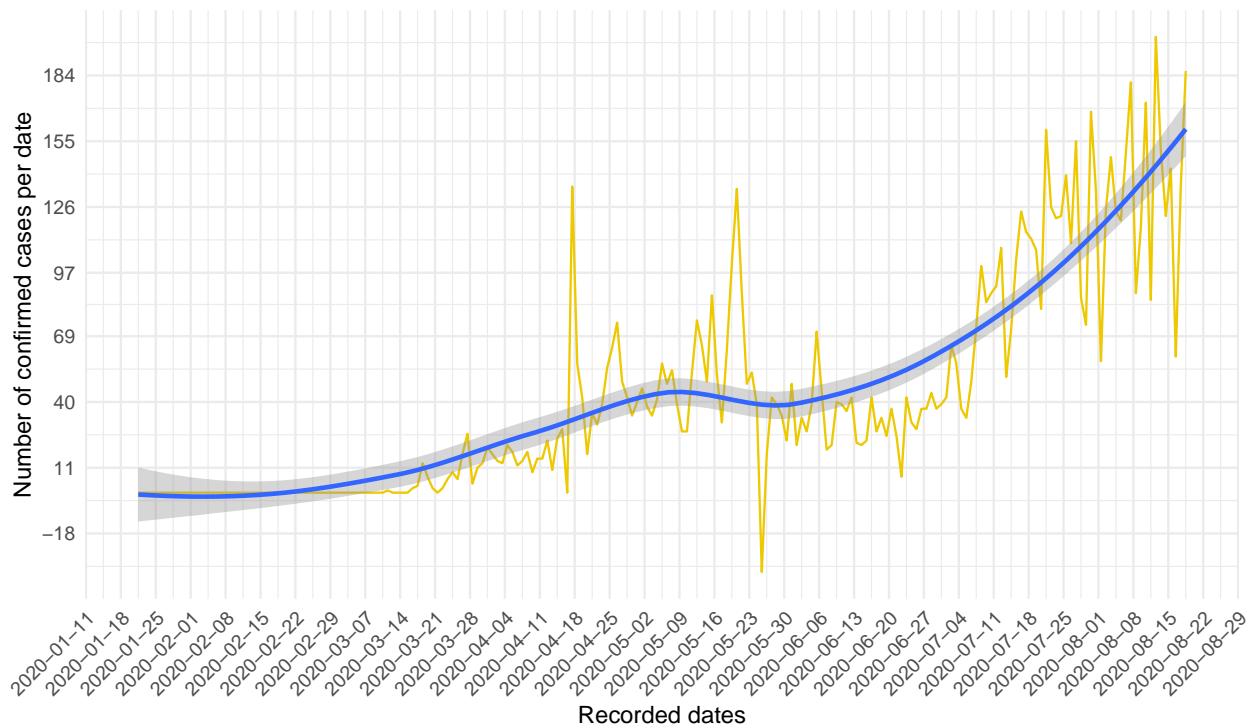

North Carolina – confirmed cases over time, total cases: 136,346

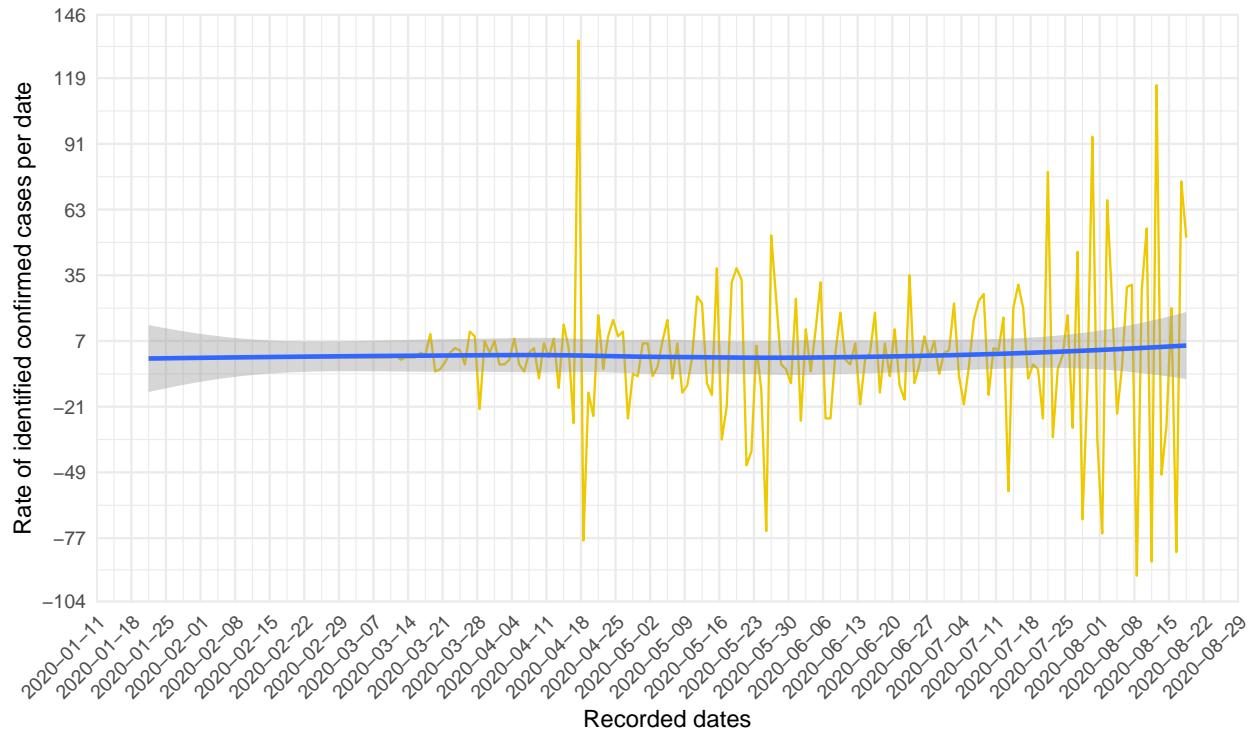

North Carolina – rate of increase of confirmed cases over time

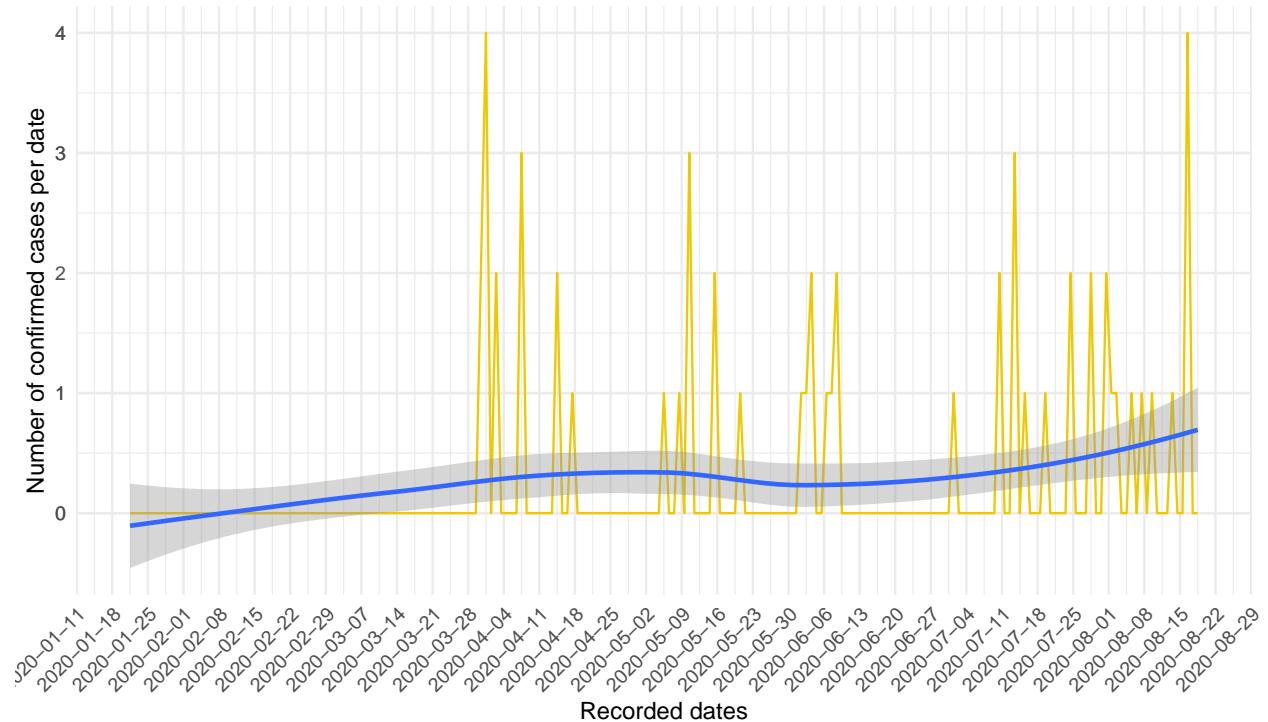

North Dakota – confirmed cases over time, total cases: 7,596

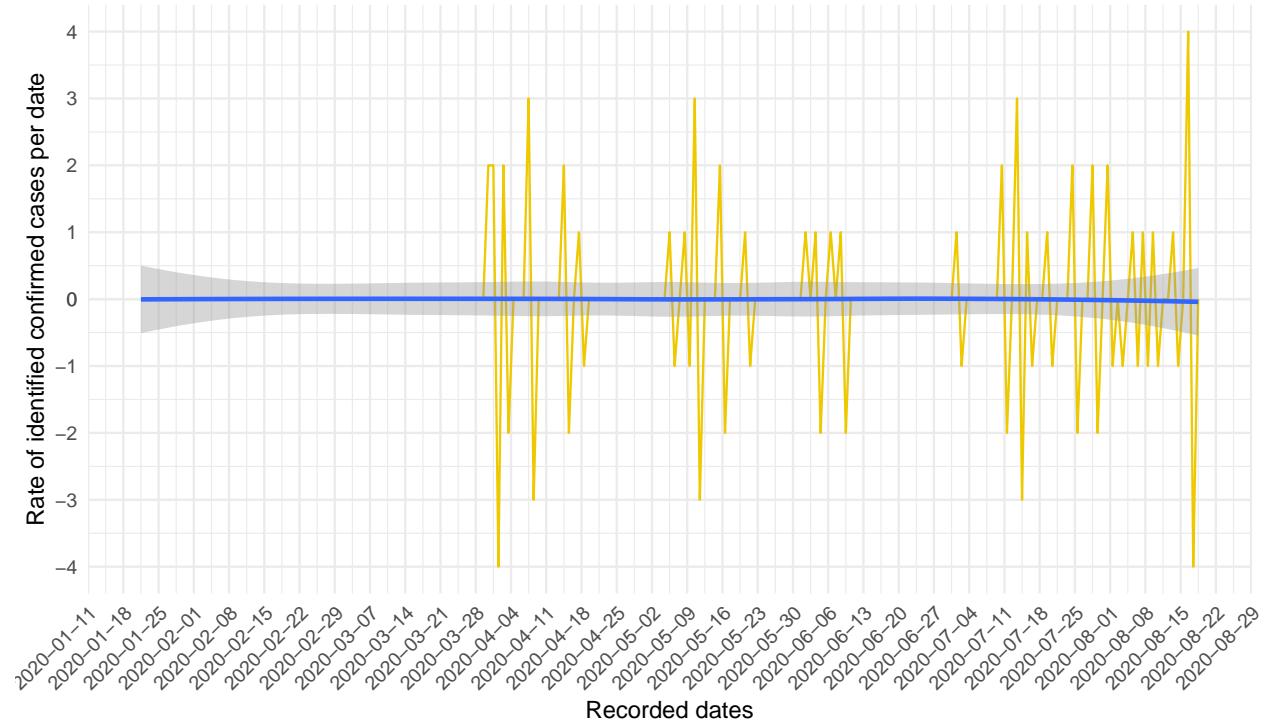

North Dakota – rate of increase of confirmed cases over time

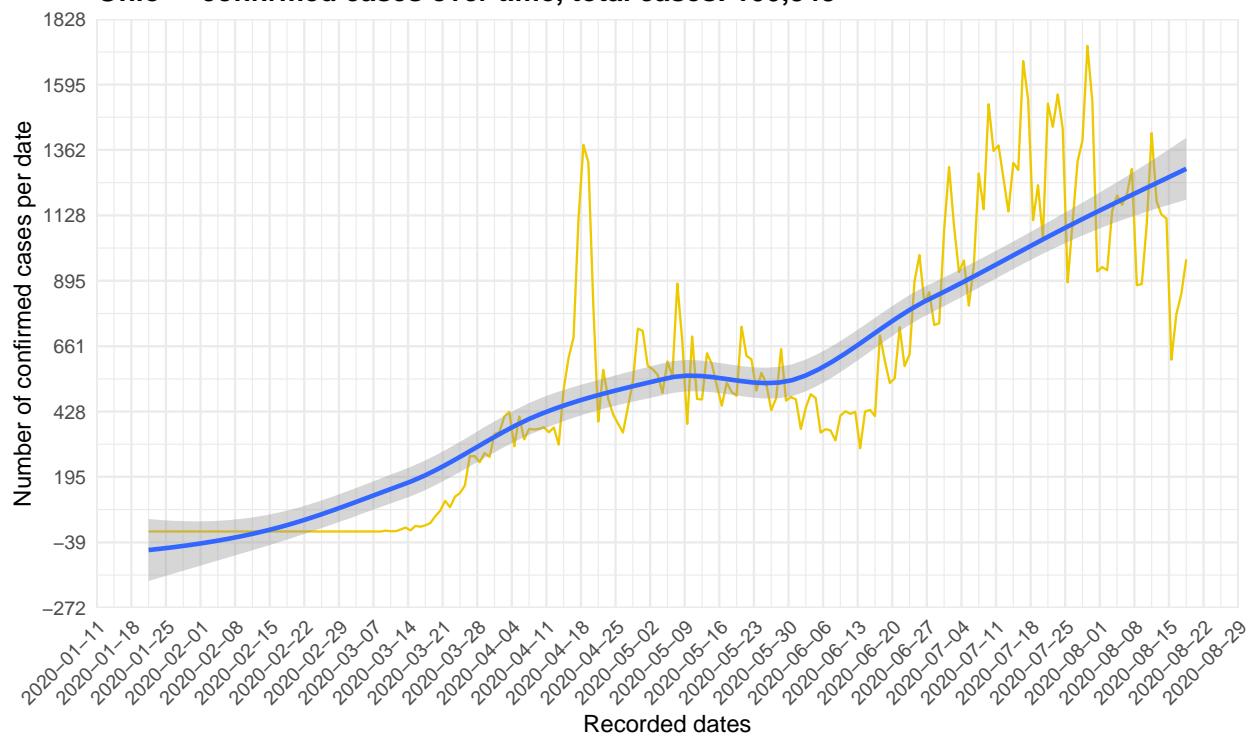

Northern Mariana Islands – confirmed cases over time, total cases: 48

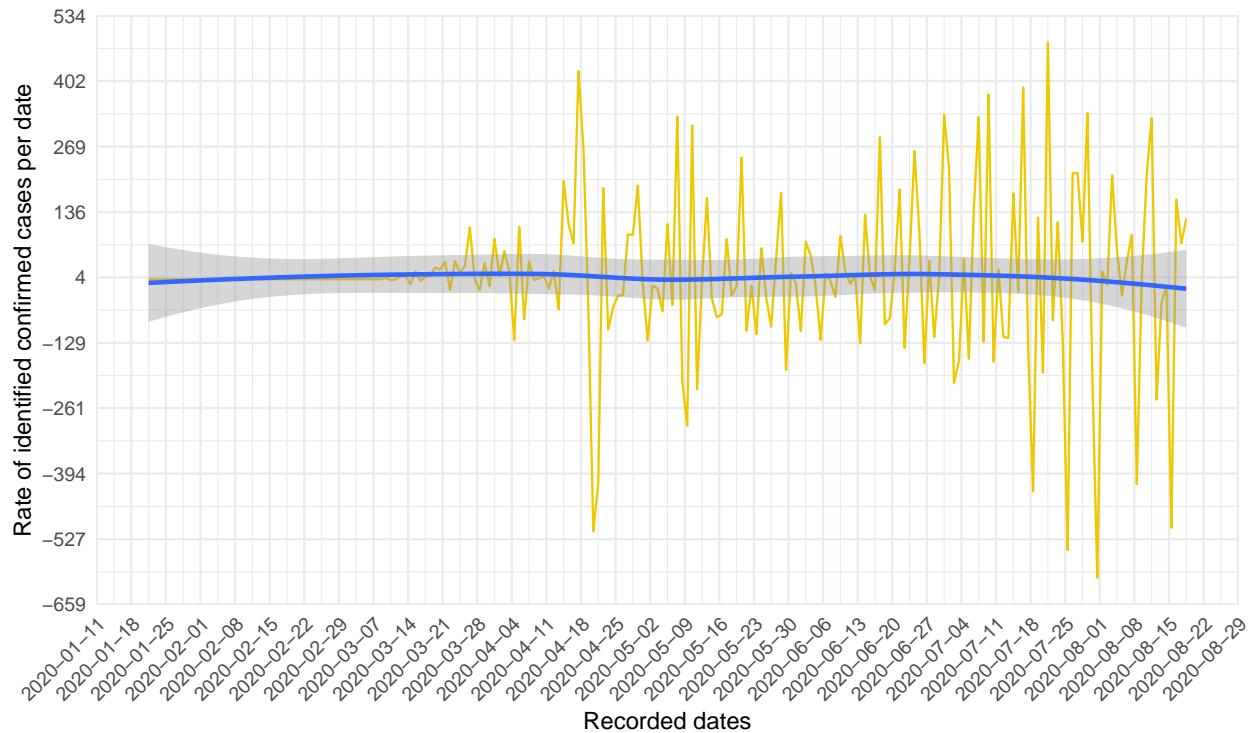

Northern Mariana Islands – rate of increase of confirmed cases over time

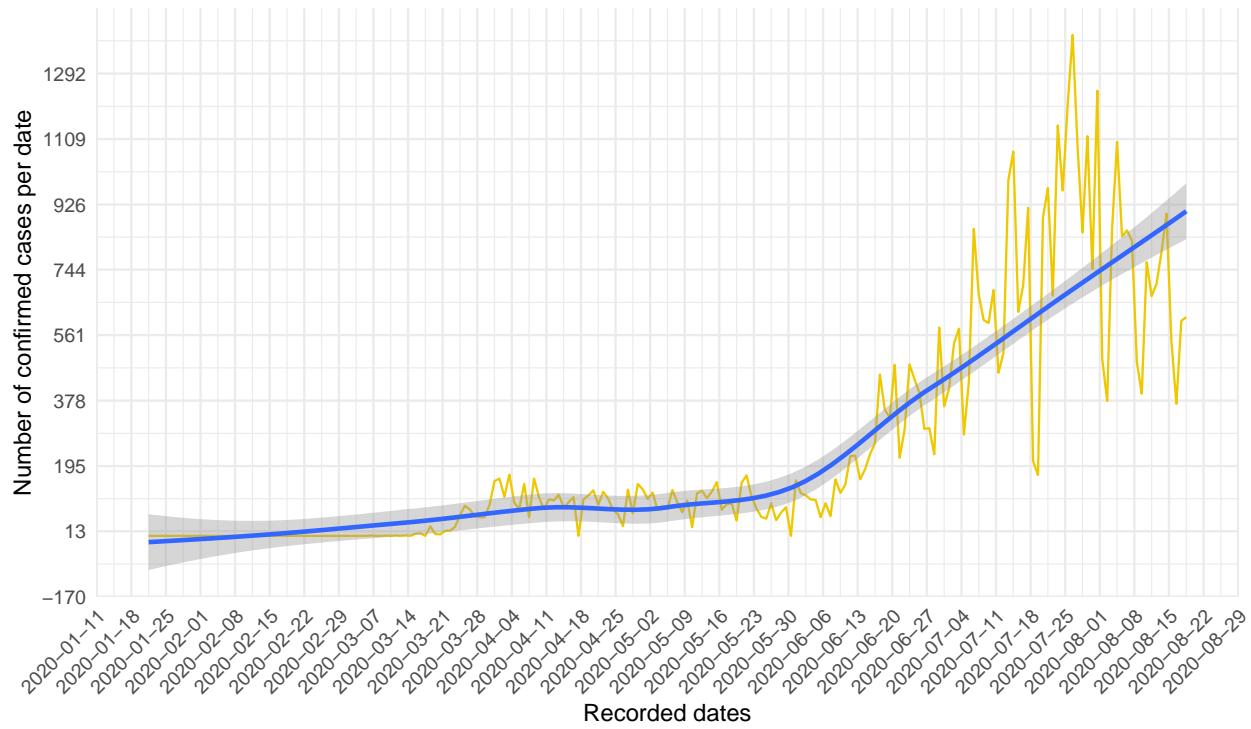

Ohio – confirmed cases over time, total cases: 100,848

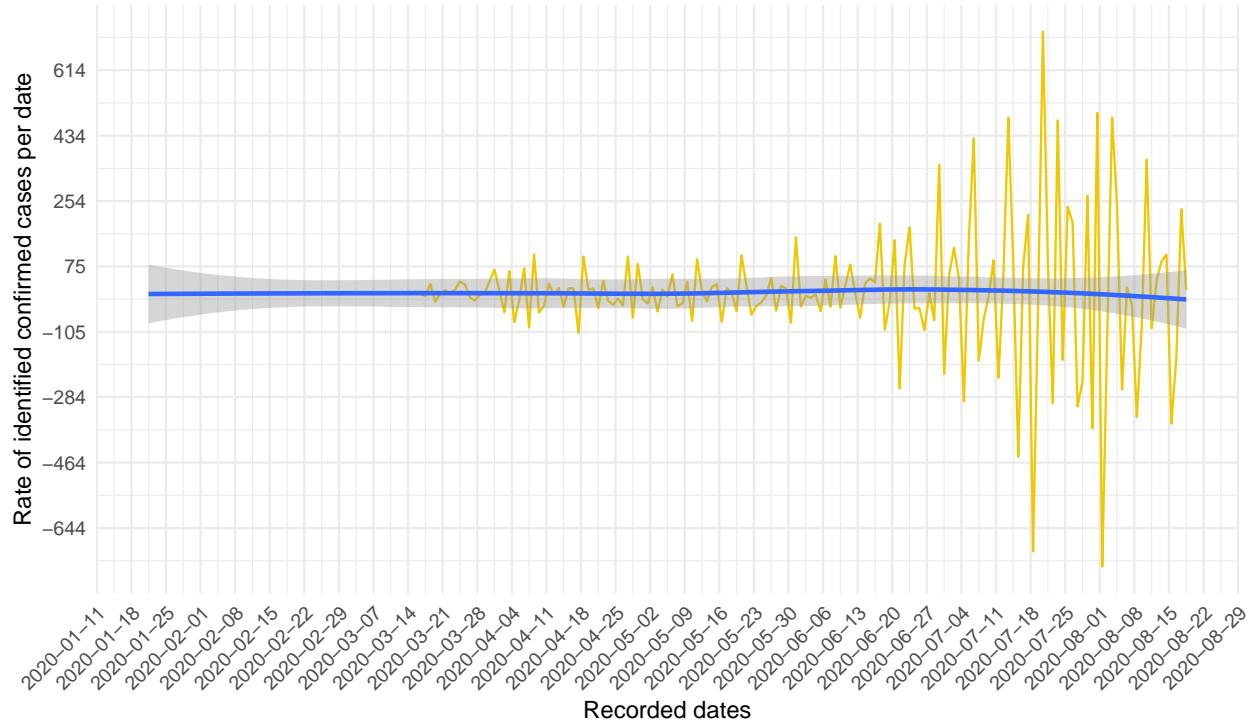

Ohio – rate of increase of confirmed cases over time

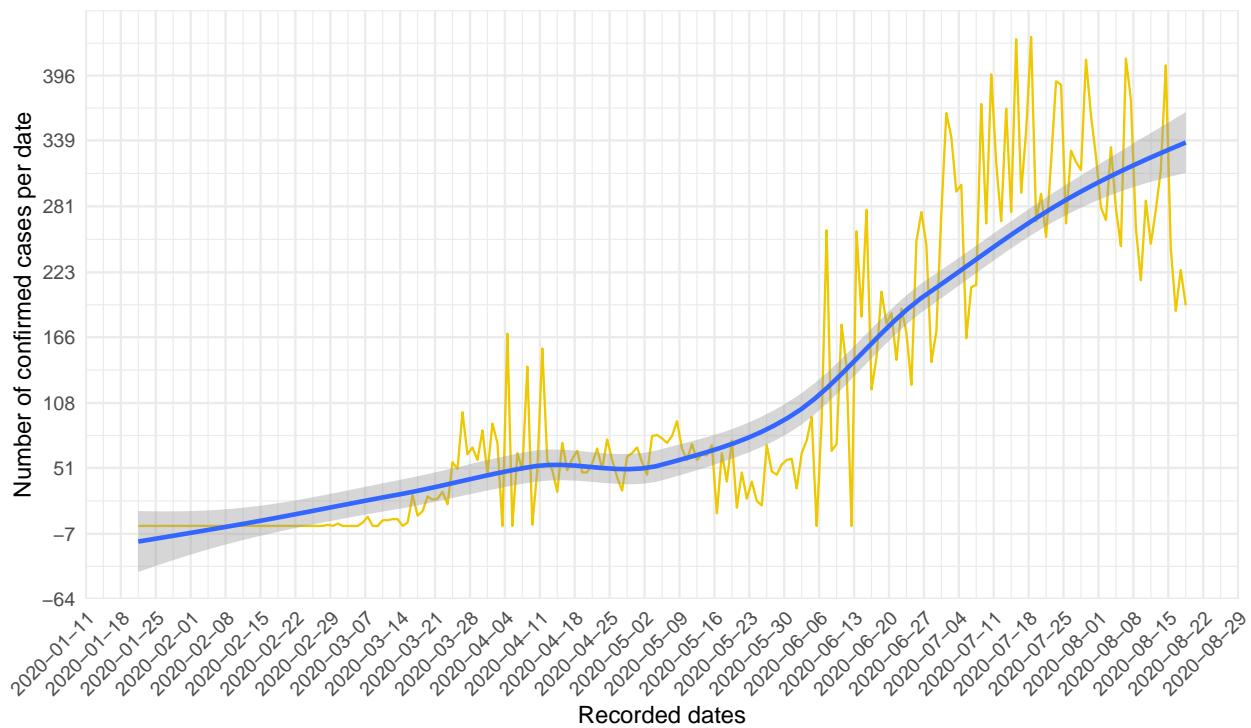

Oklahoma – confirmed cases over time, total cases: 43,566

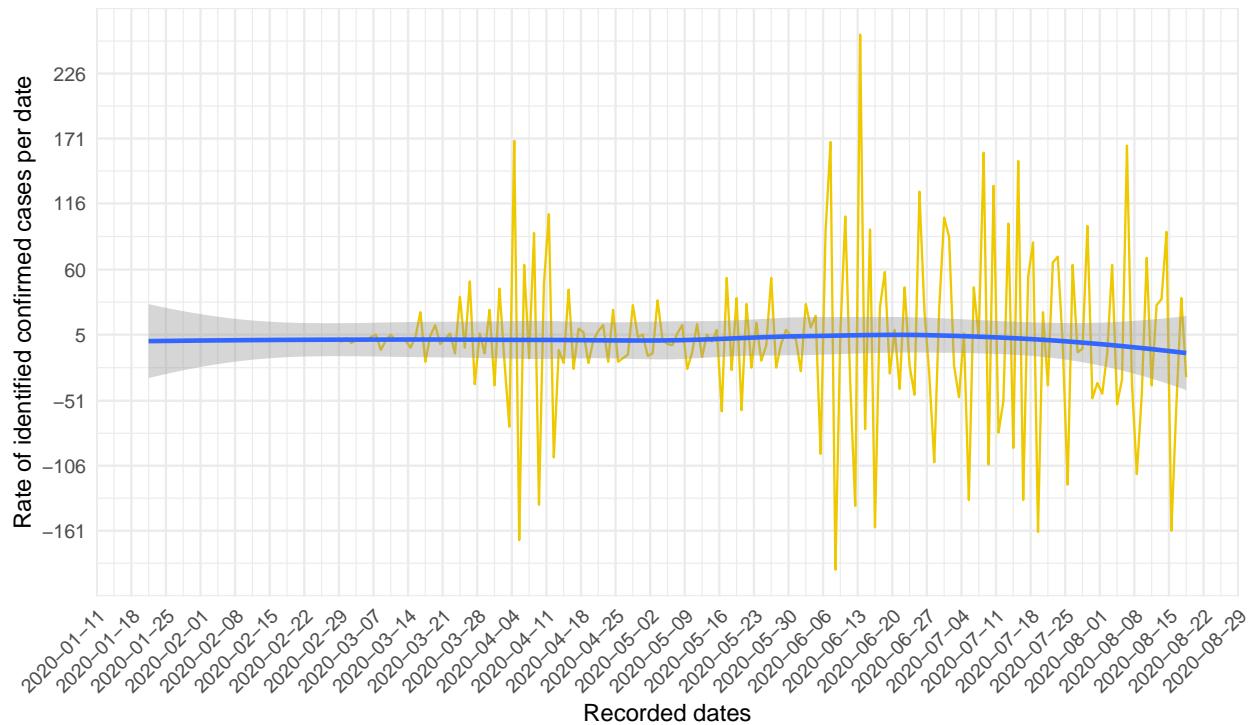

Oklahoma – rate of increase of confirmed cases over time

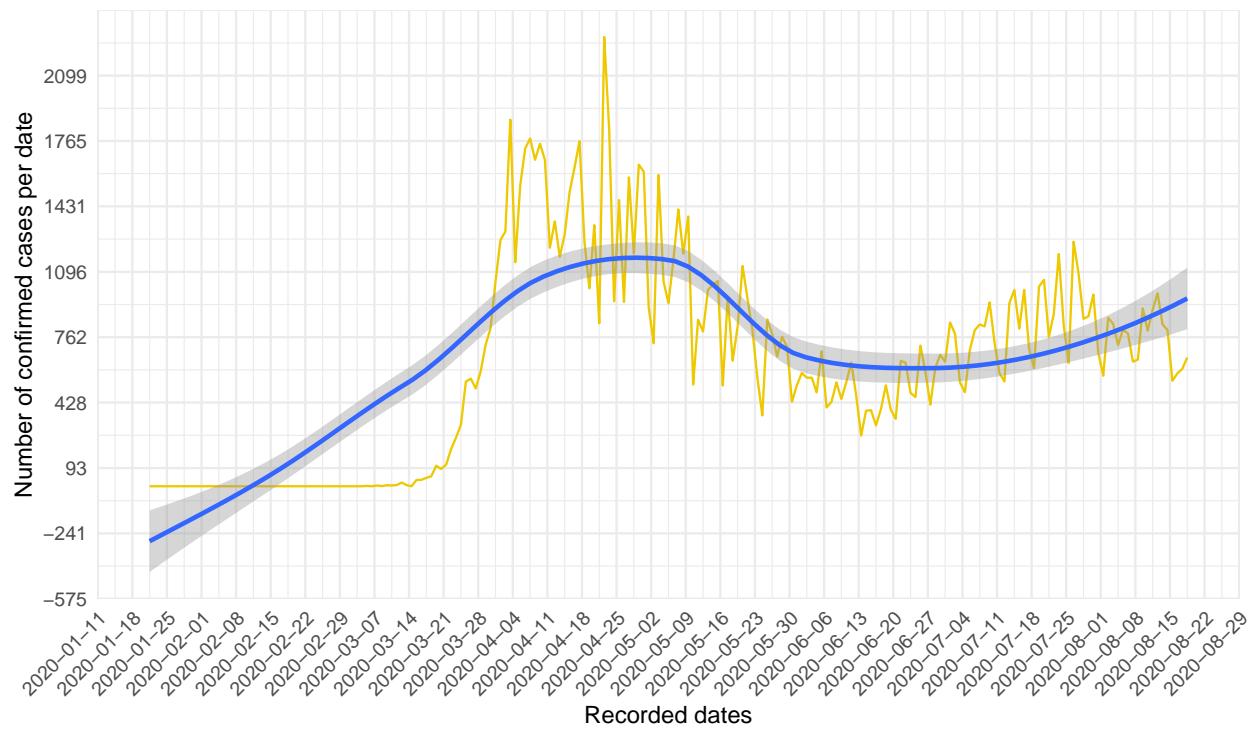

Oregon – confirmed cases over time, total cases: 21,272

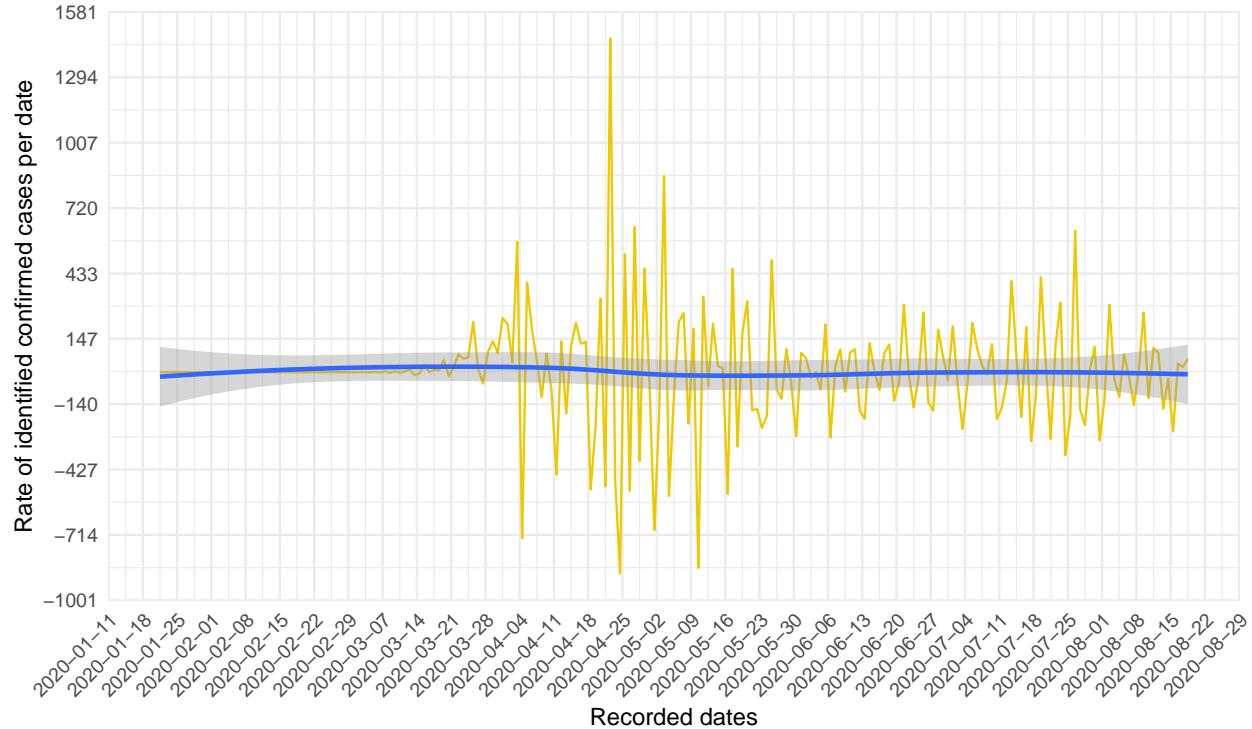

Oregon – rate of increase of confirmed cases over time

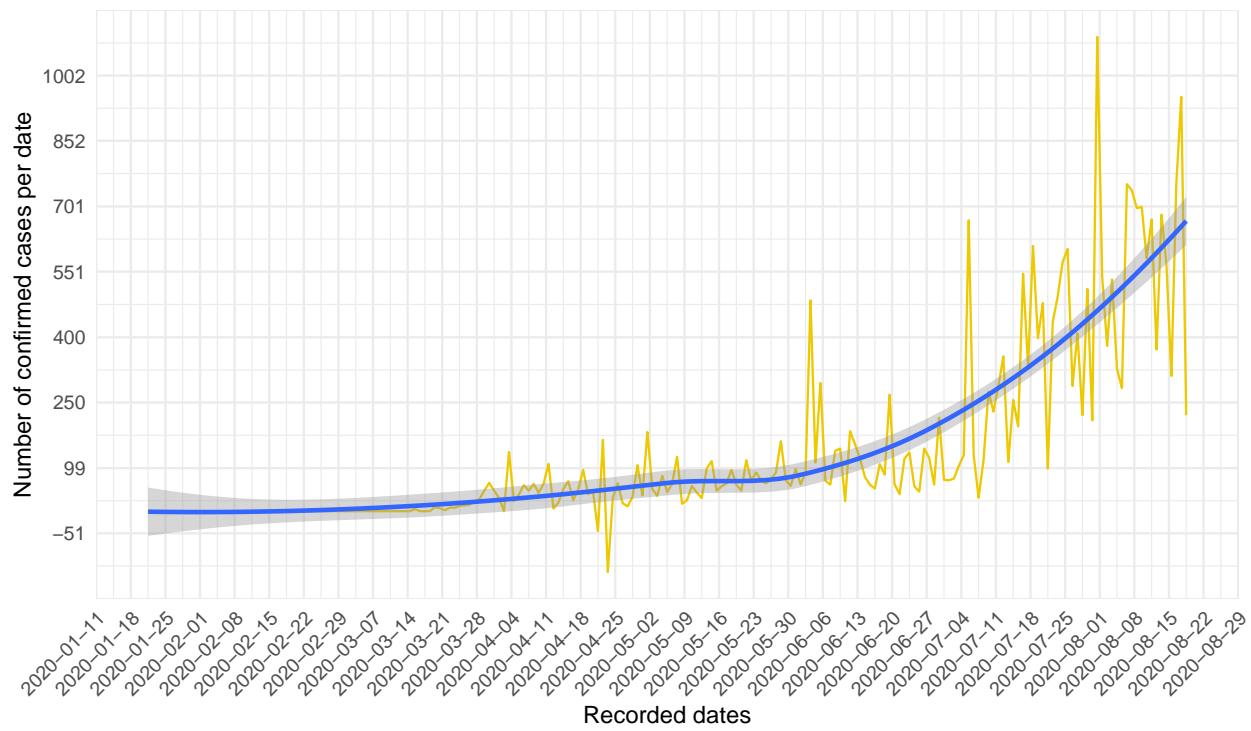

Pennsylvania – confirmed cases over time, total cases: 123,312

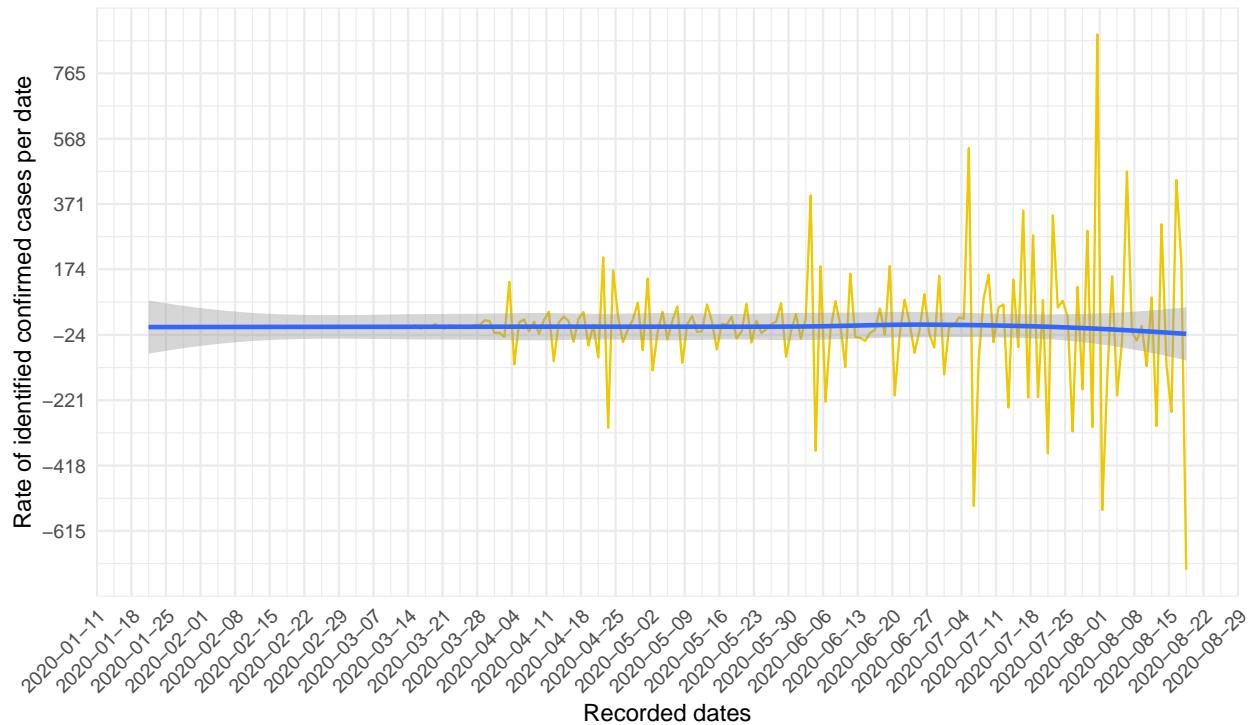

Pennsylvania – rate of increase of confirmed cases over time

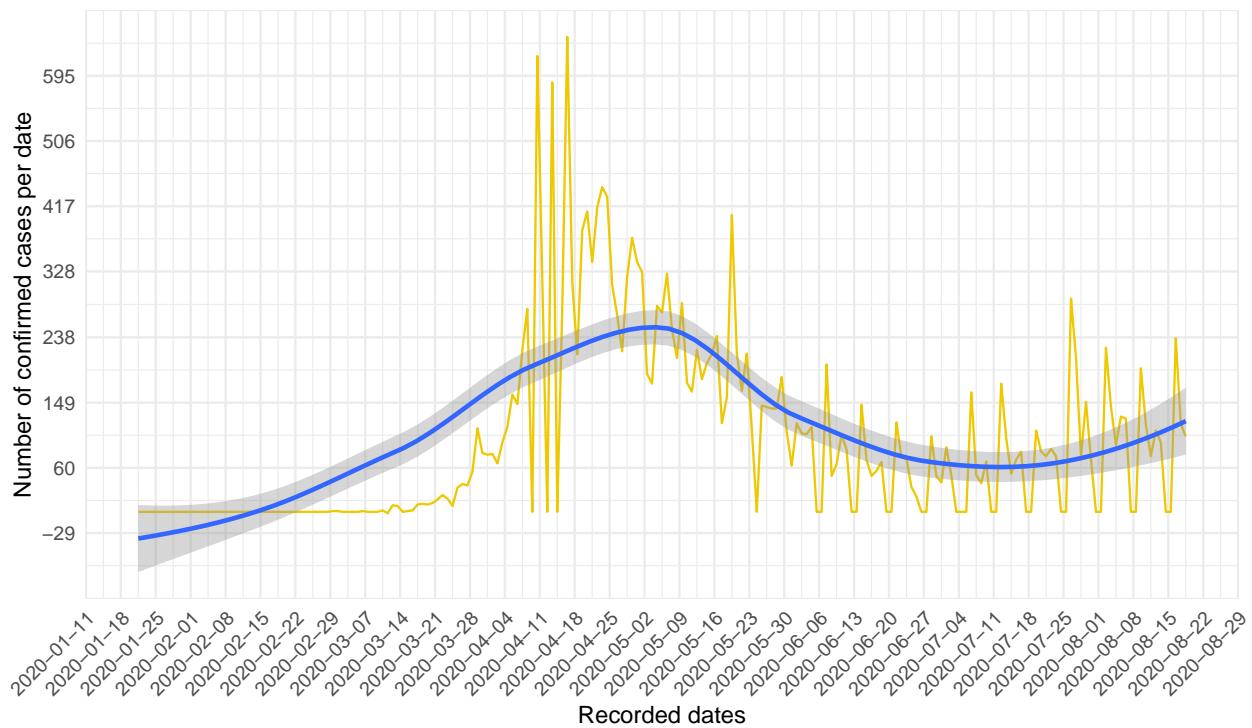

Puerto Rico – confirmed cases over time, total cases: 22,121

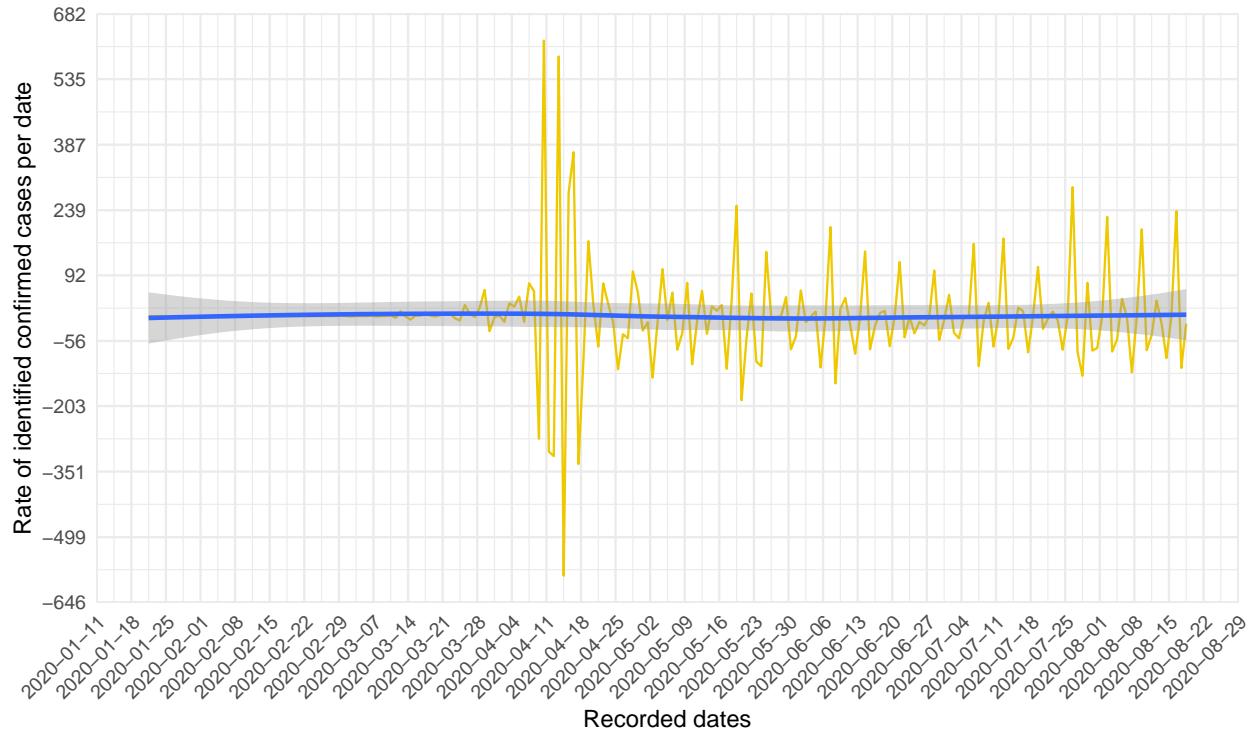

Puerto Rico – rate of increase of confirmed cases over time

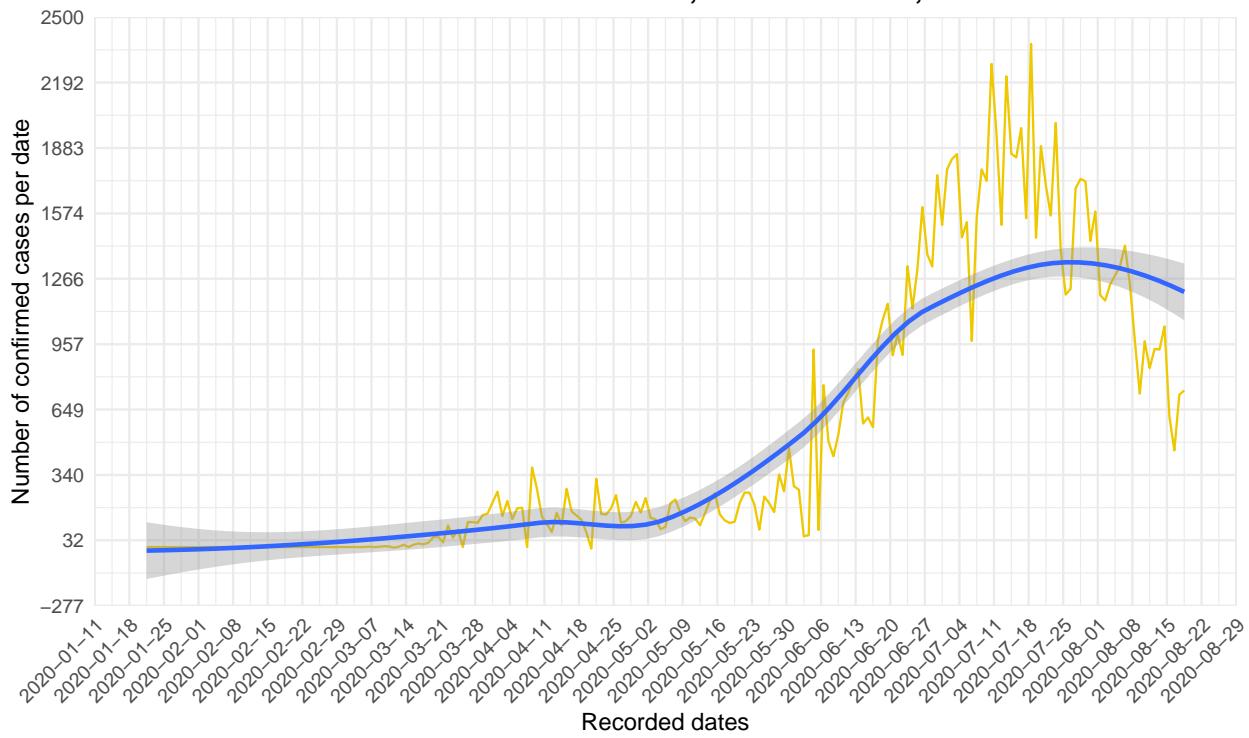

Rhode Island – confirmed cases over time, total cases: 19,738

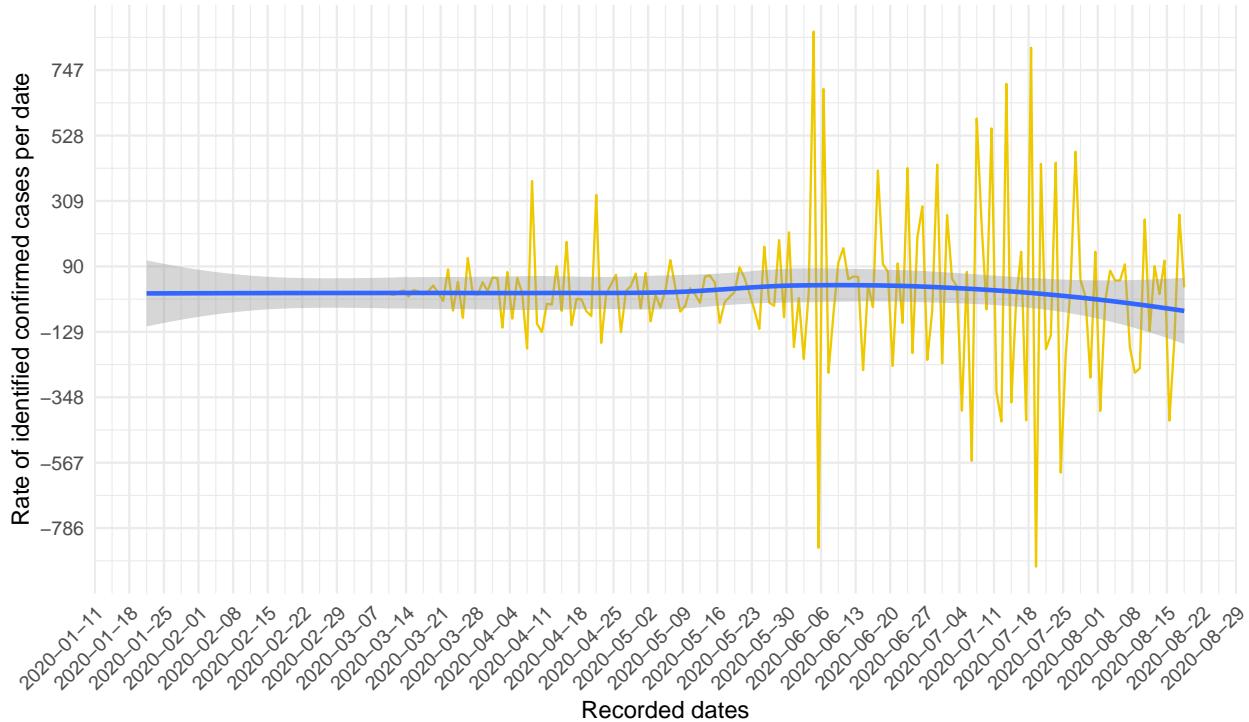

Rhode Island – rate of increase of confirmed cases over time

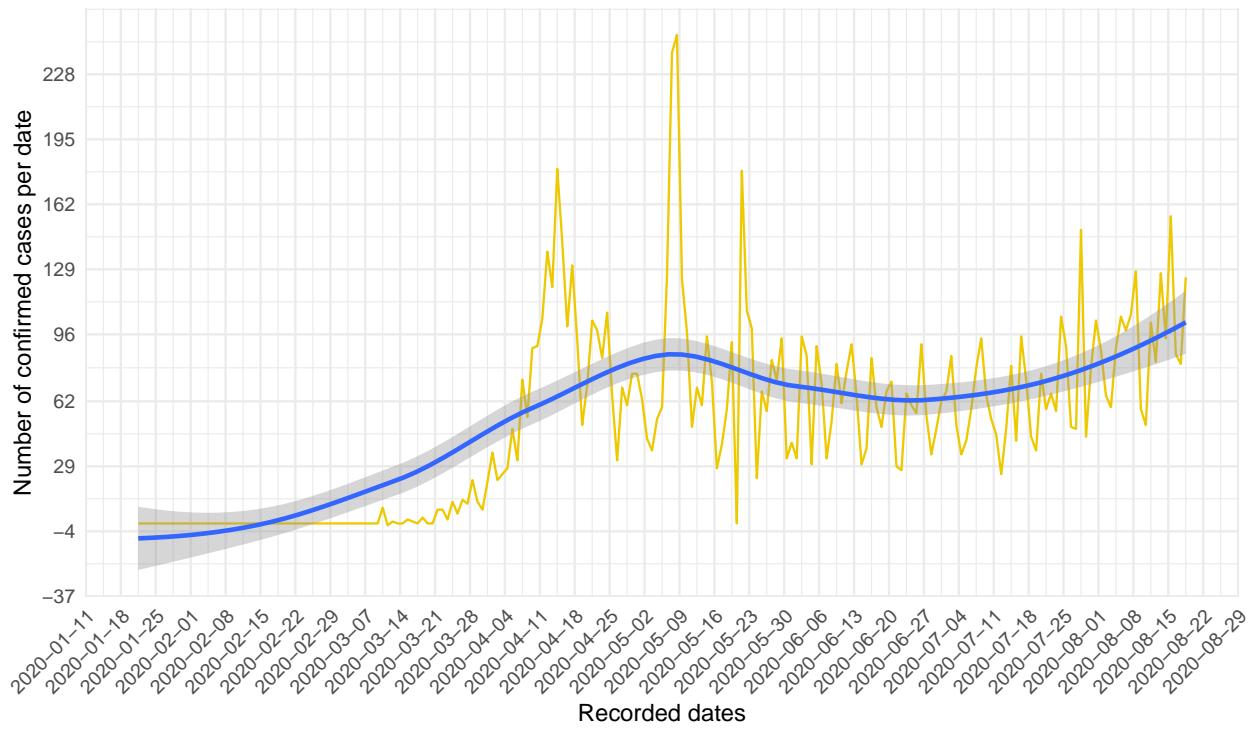

South Carolina – confirmed cases over time, total cases: 100,435

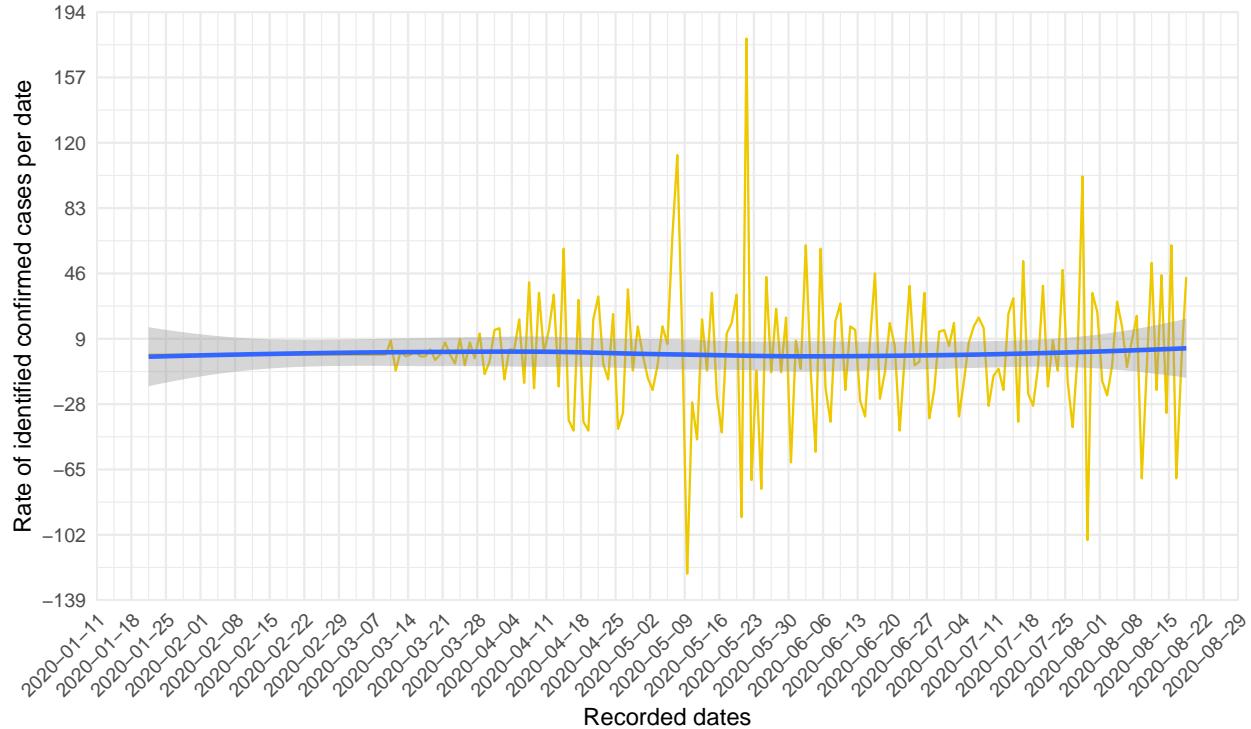

South Carolina – rate of increase of confirmed cases over time

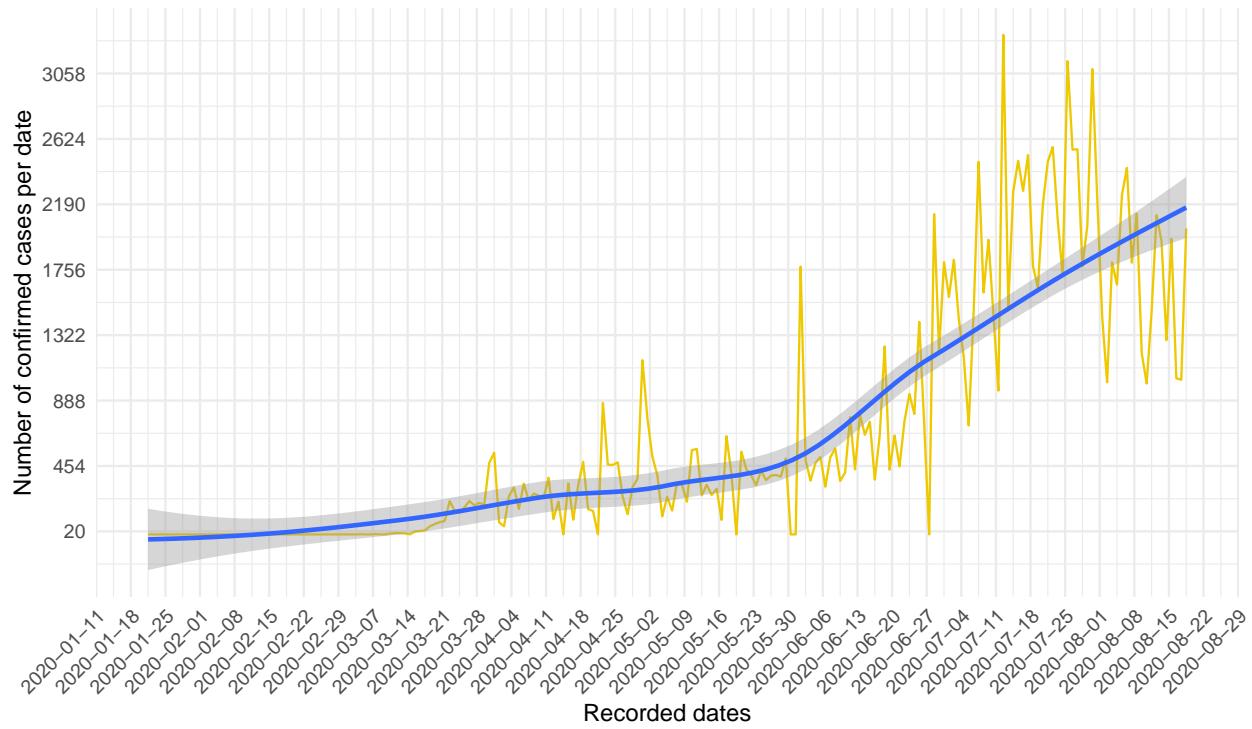

South Dakota – confirmed cases over time, total cases: 9,605

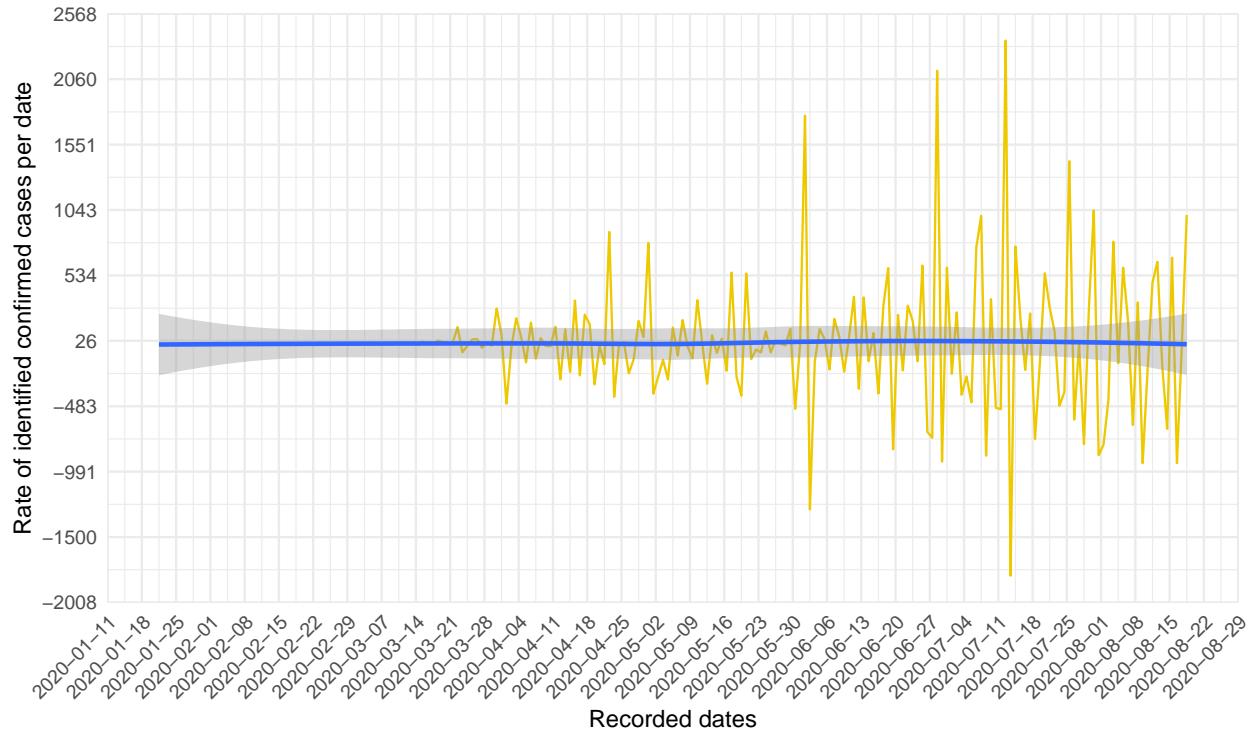

South Dakota – rate of increase of confirmed cases over time

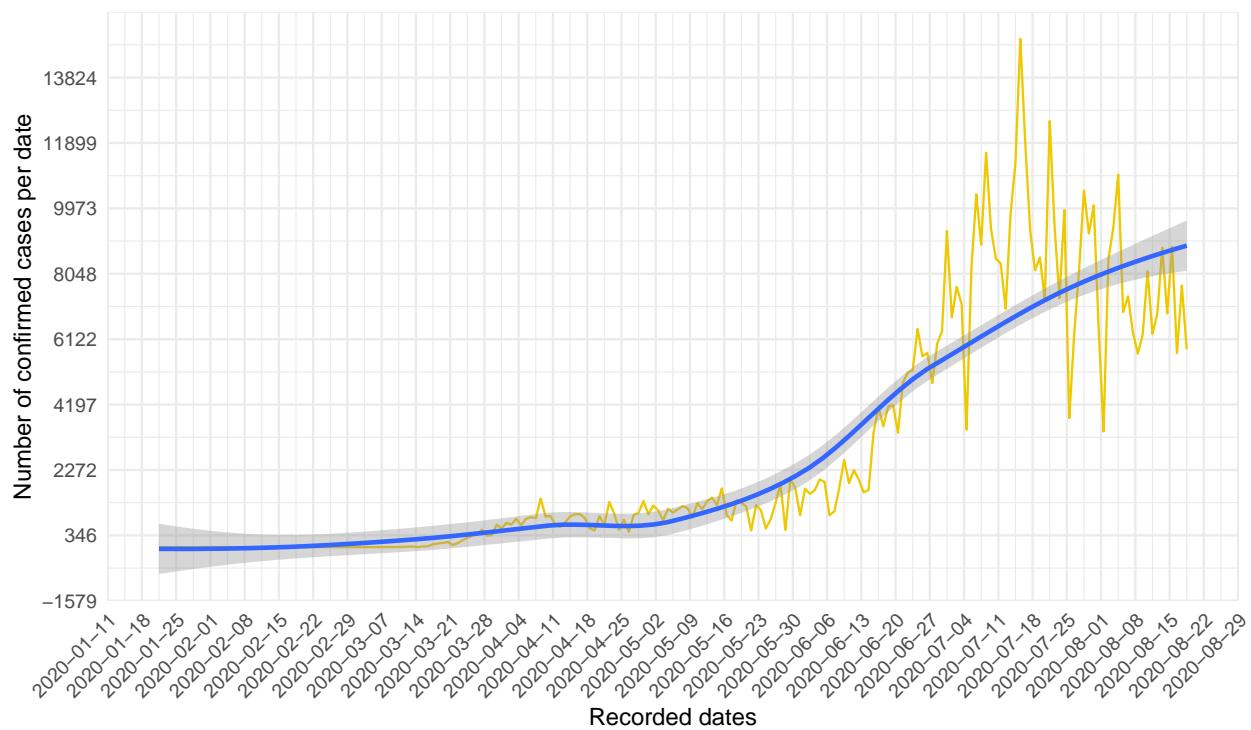

Tennessee – confirmed cases over time, total cases: 122,712

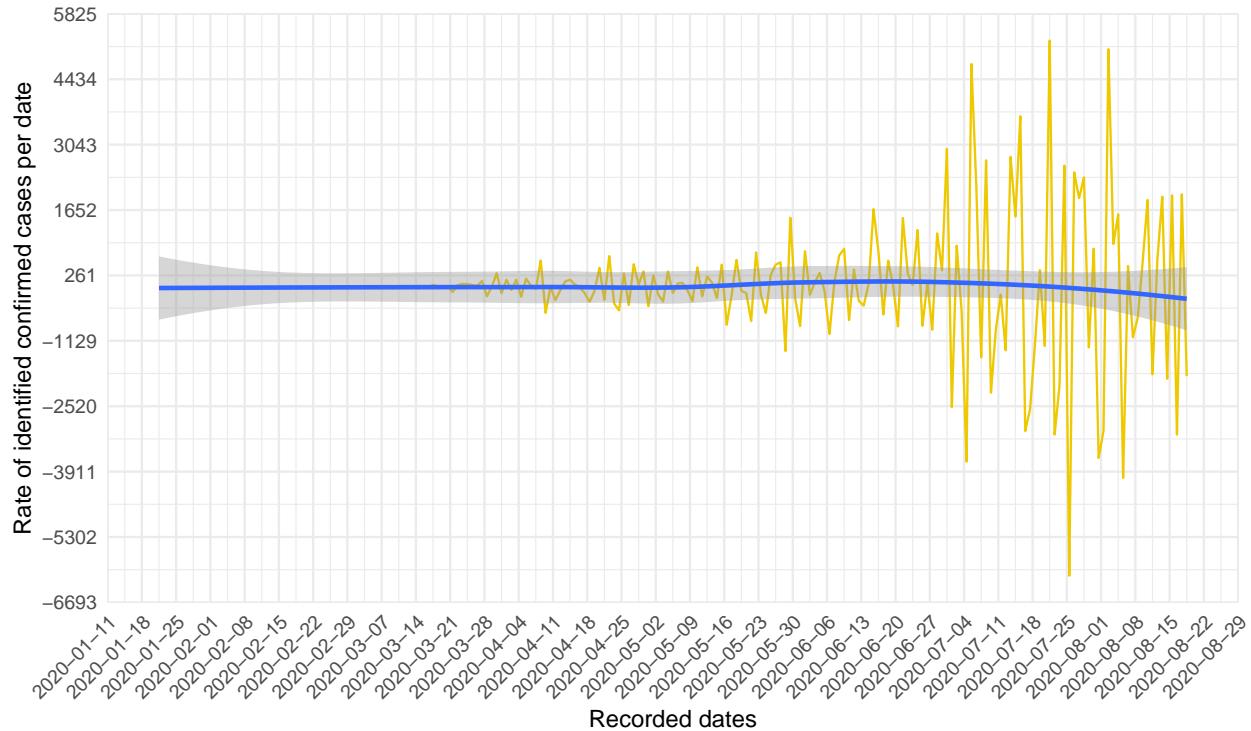

Tennessee – rate of increase of confirmed cases over time

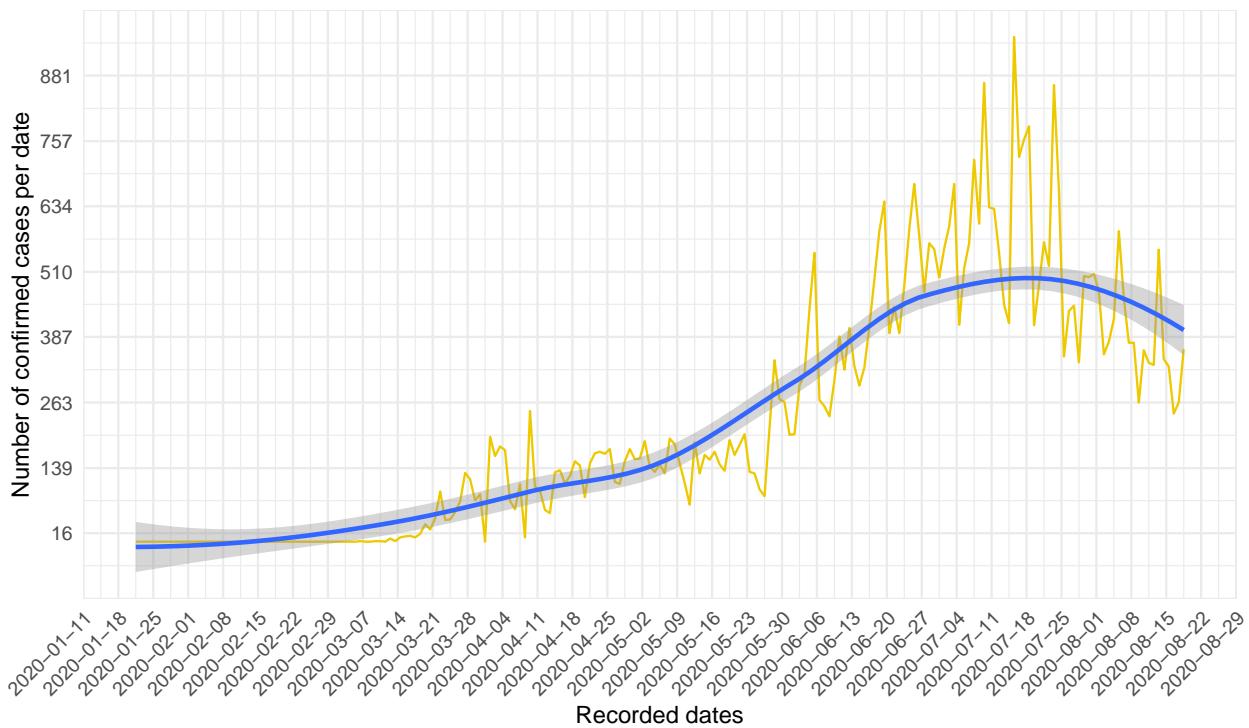

Texas – confirmed cases over time, total cases: 503,328

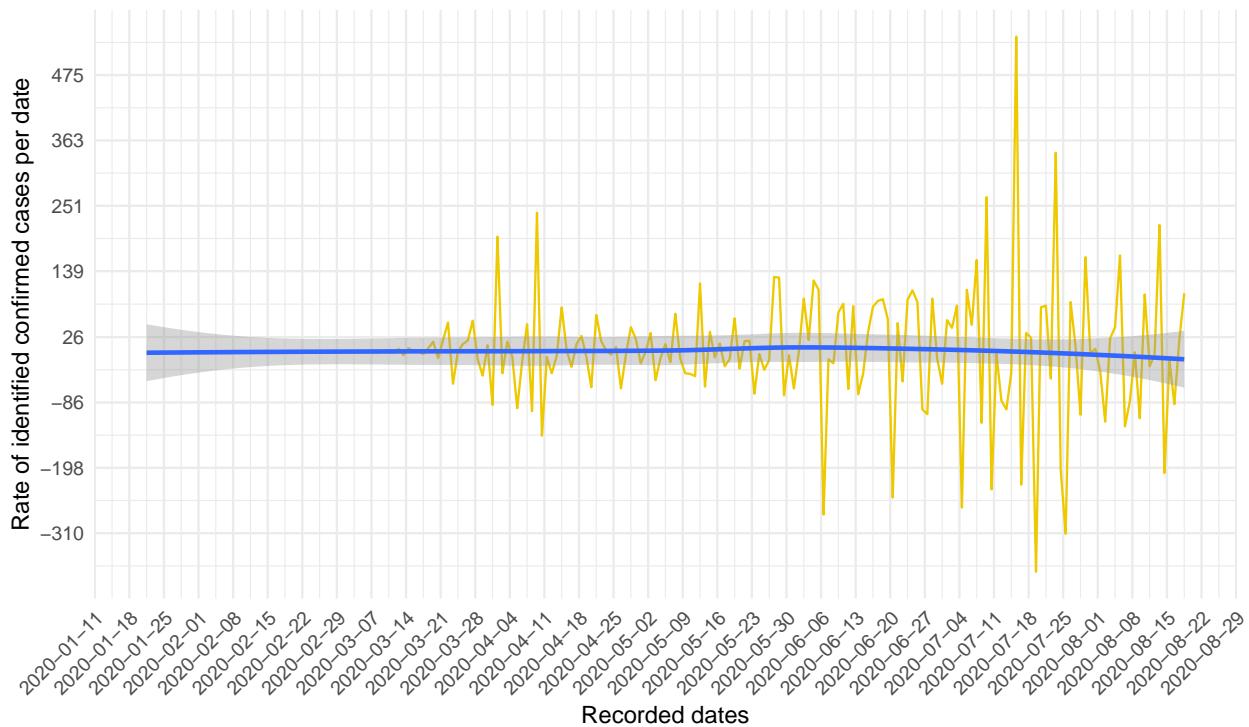

Texas – rate of increase of confirmed cases over time

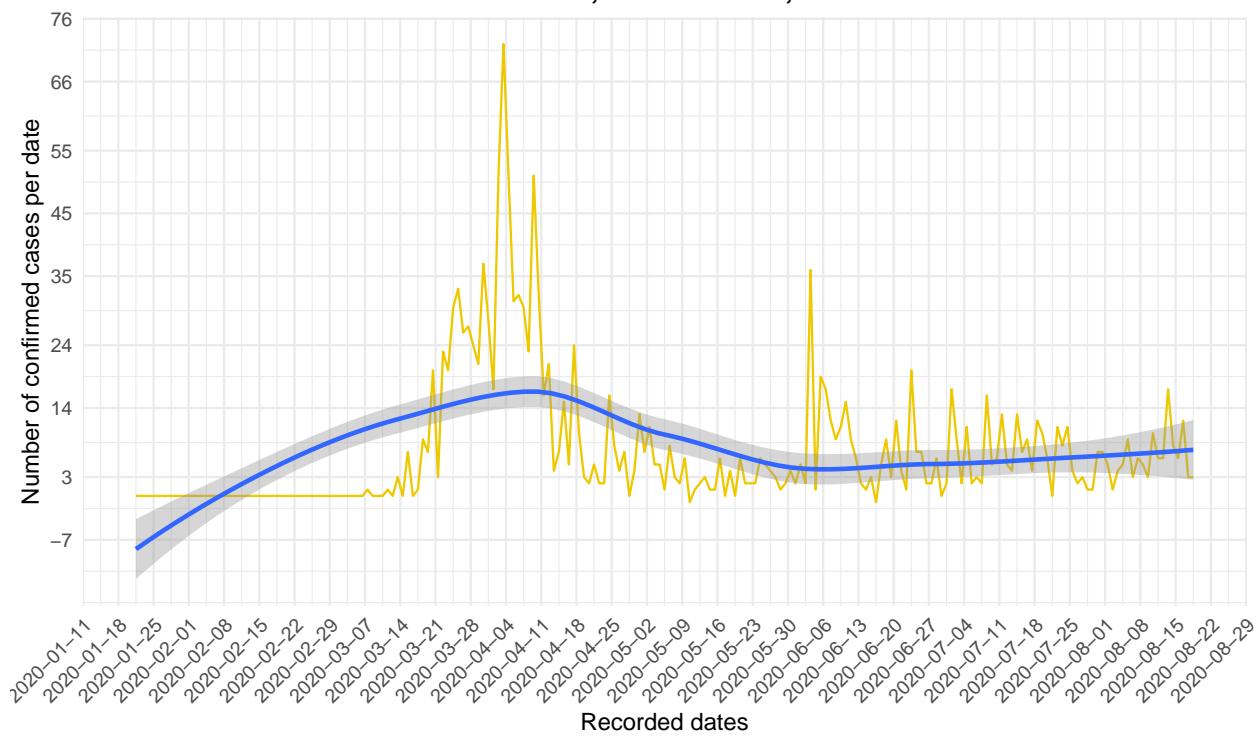

Utah – confirmed cases over time, total cases: 44,127

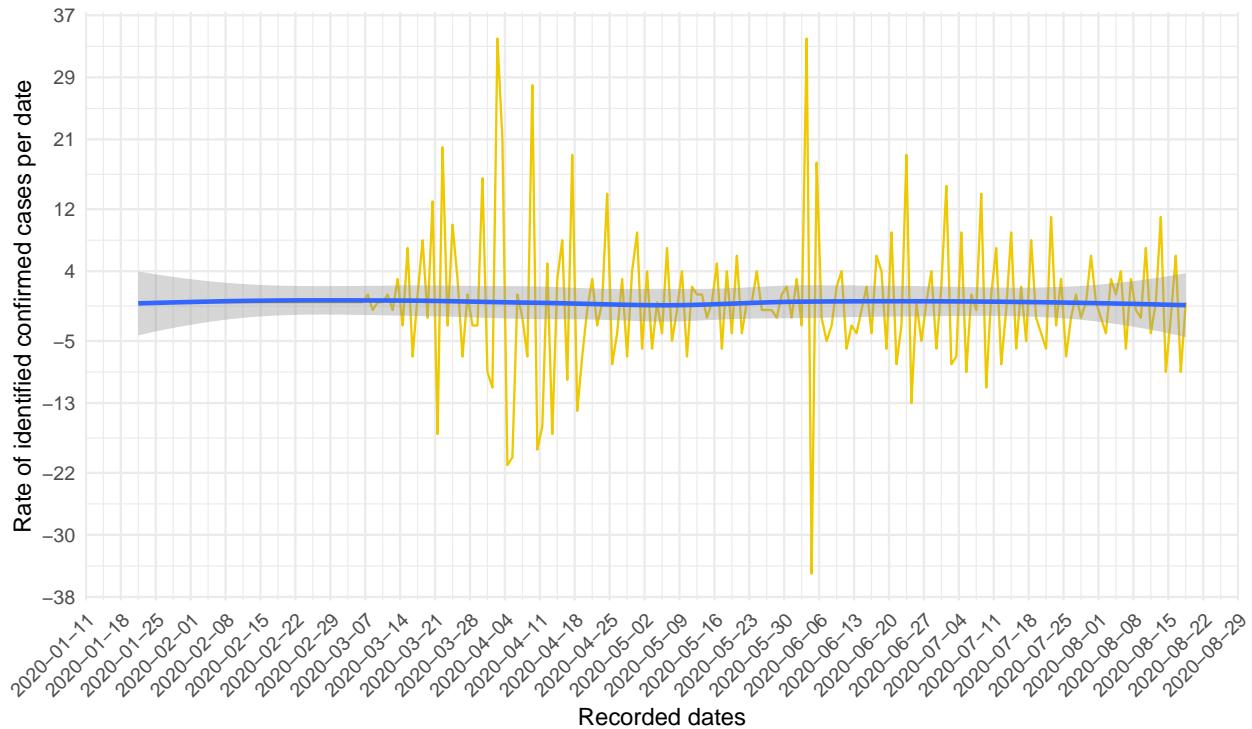

Utah – rate of increase of confirmed cases over time

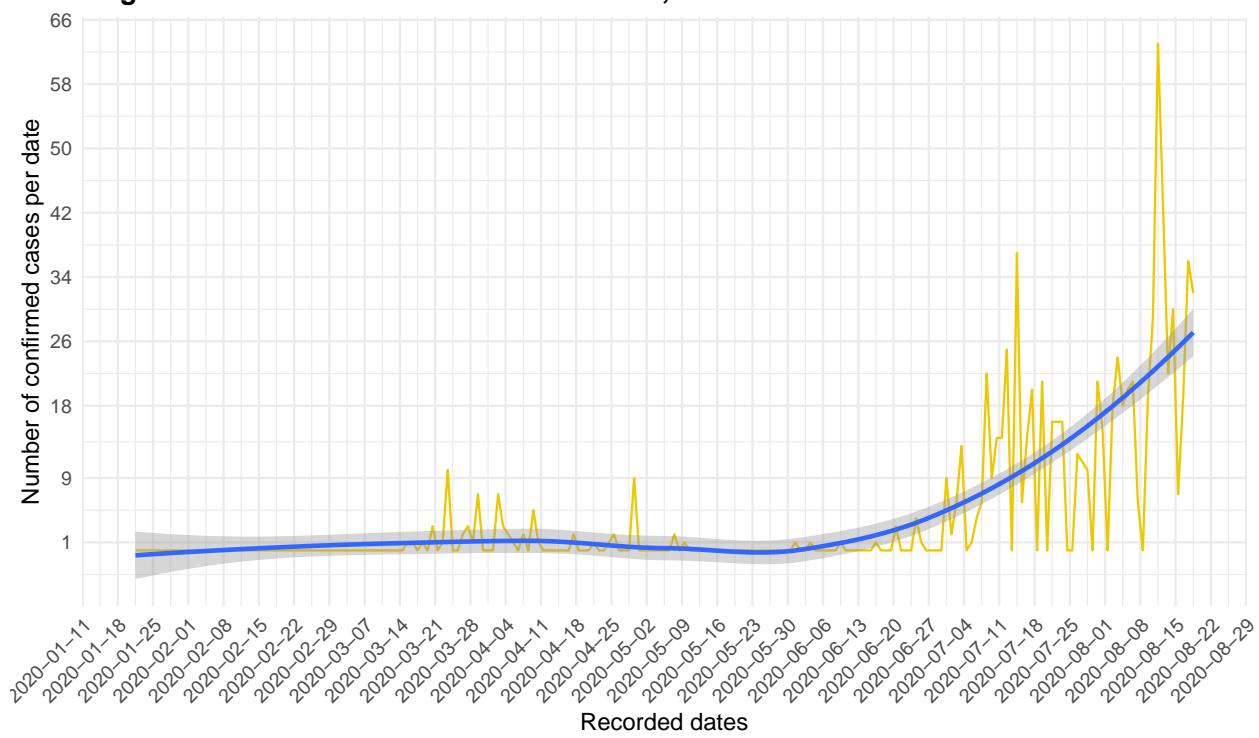

Vermont – confirmed cases over time, total cases: 1,459

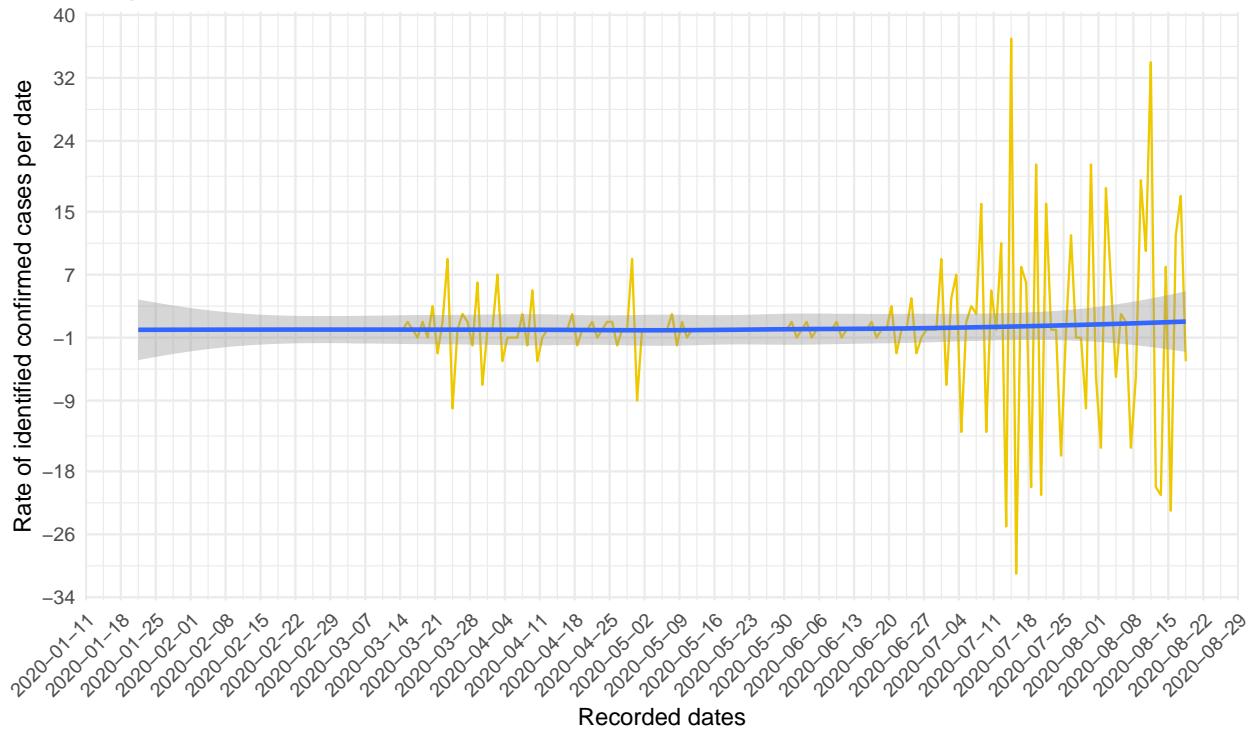

Vermont – rate of increase of confirmed cases over time

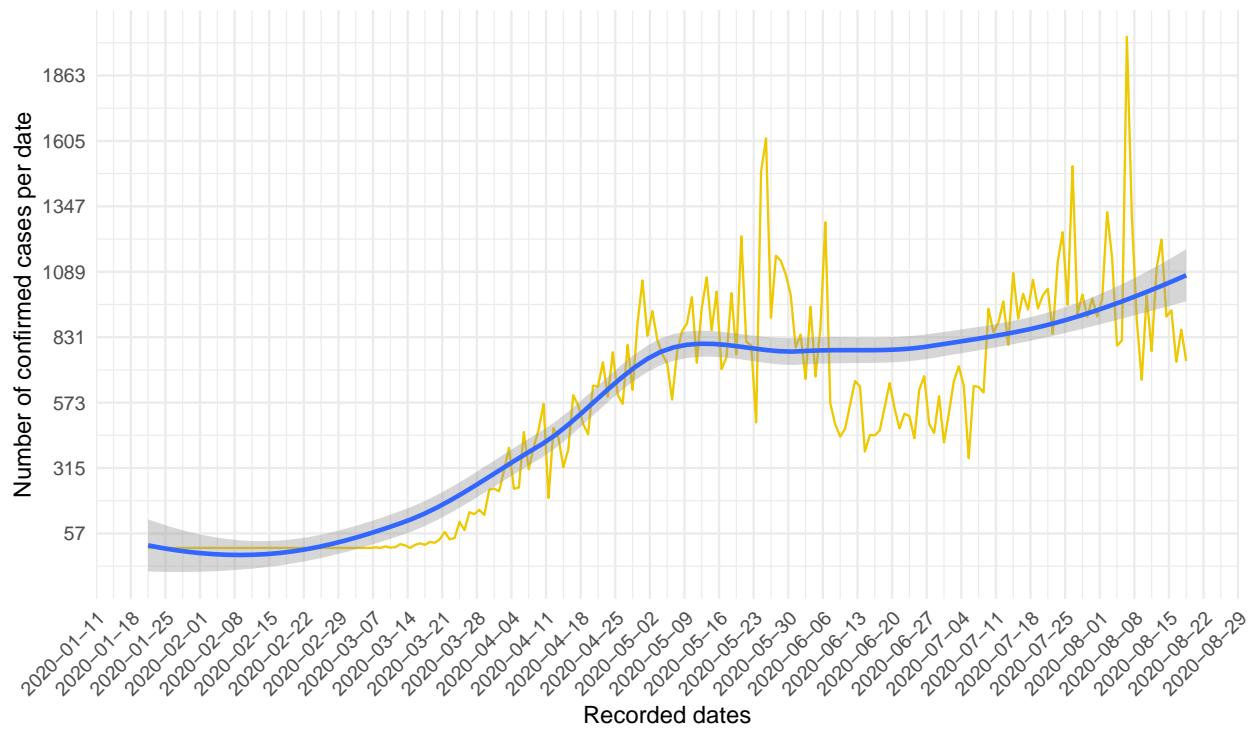

Virgin Islands – confirmed cases over time, total cases: 528

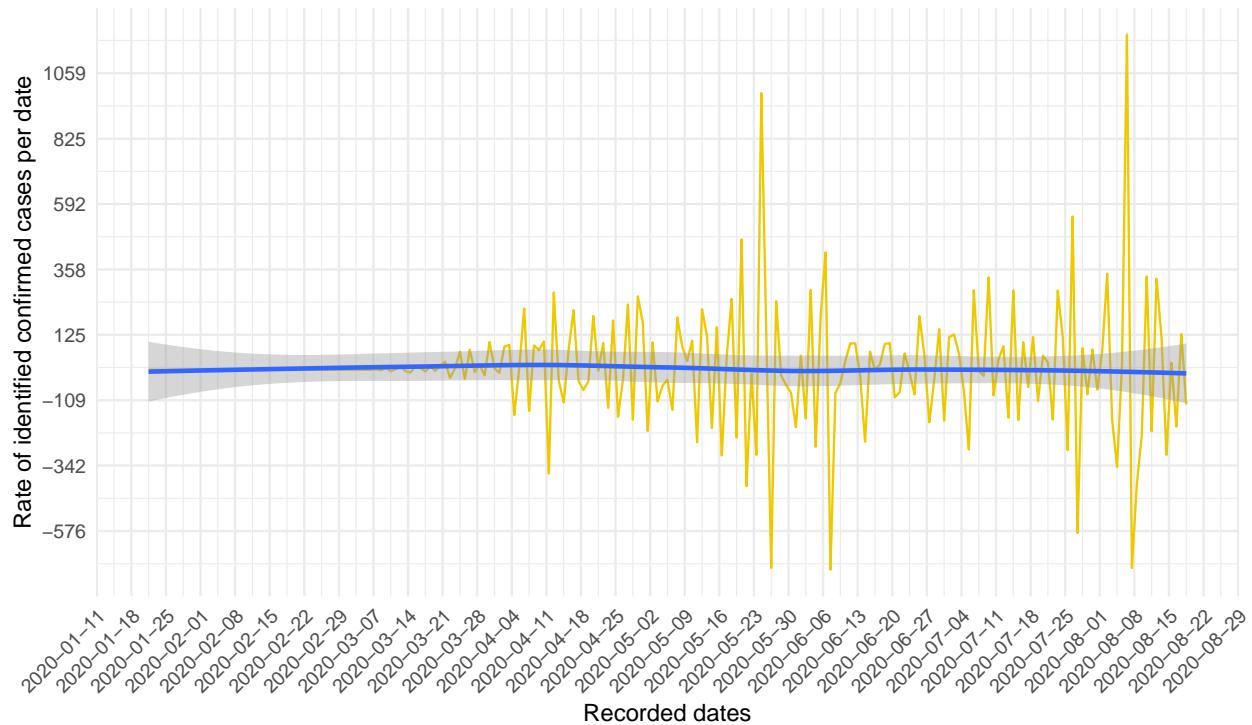

Virgin Islands – rate of increase of confirmed cases over time

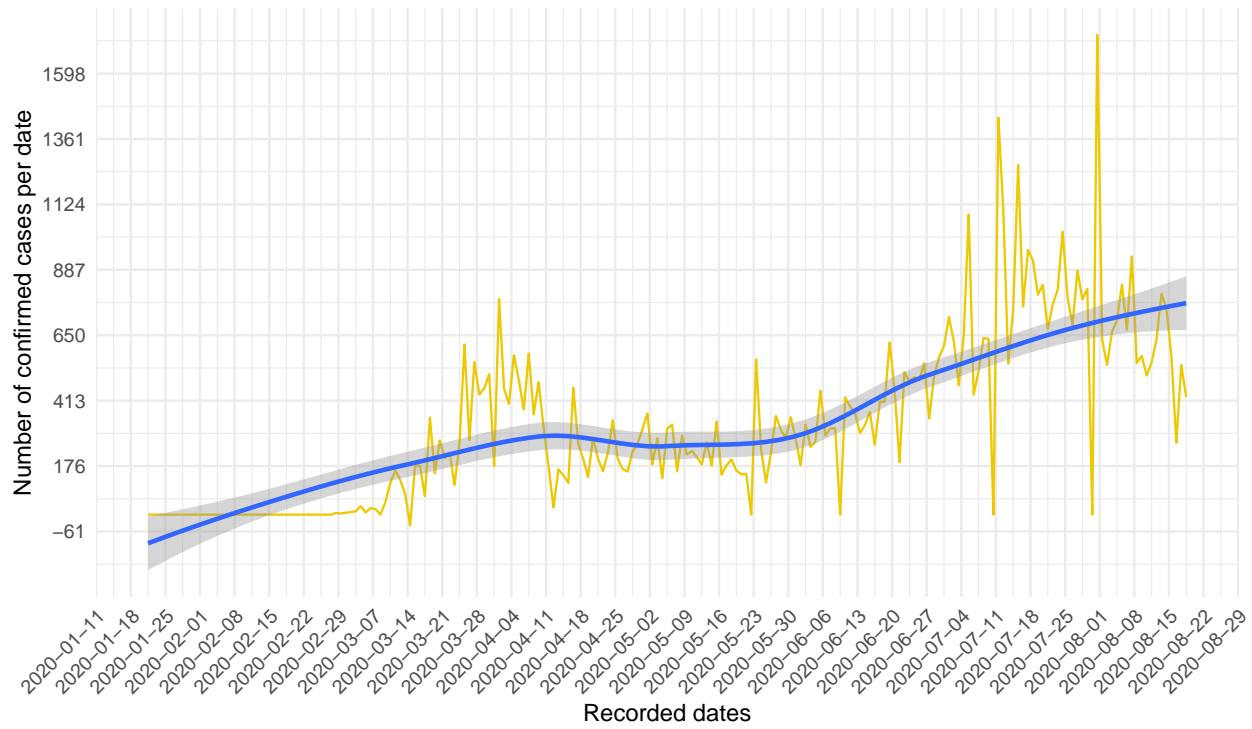

Virginia – confirmed cases over time, total cases: 100,086

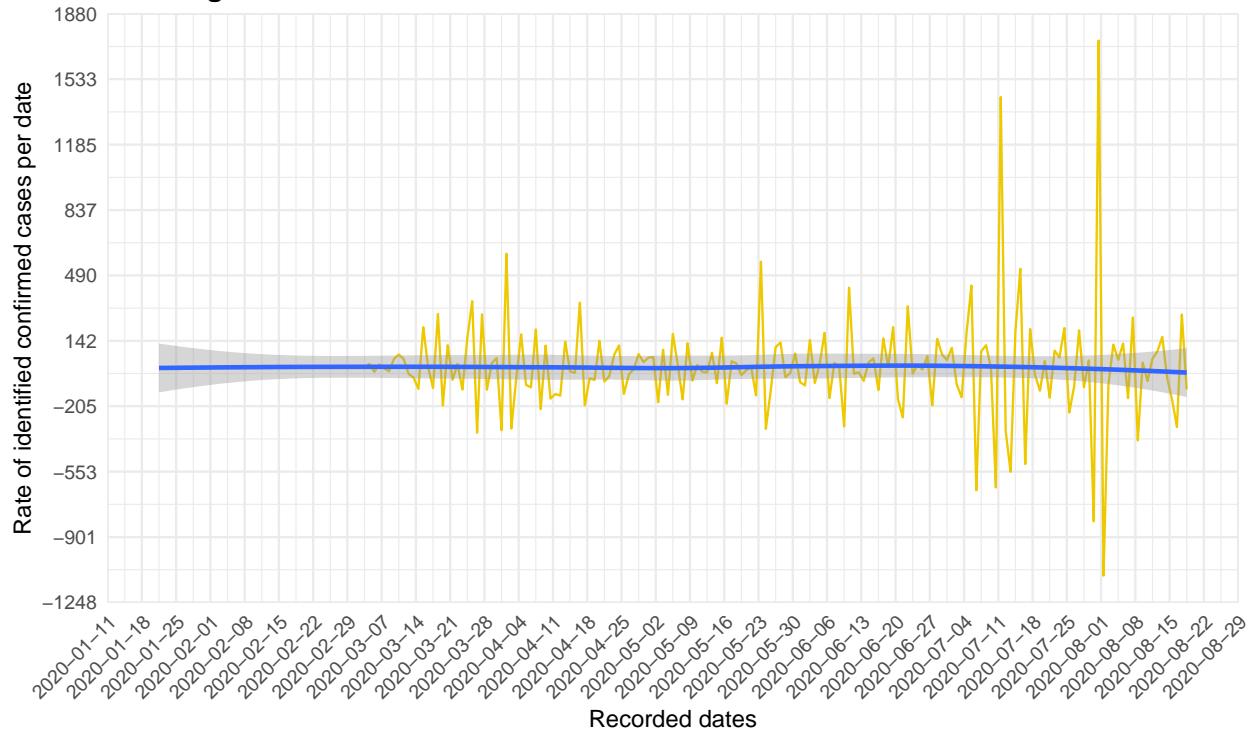

Virginia – rate of increase of confirmed cases over time

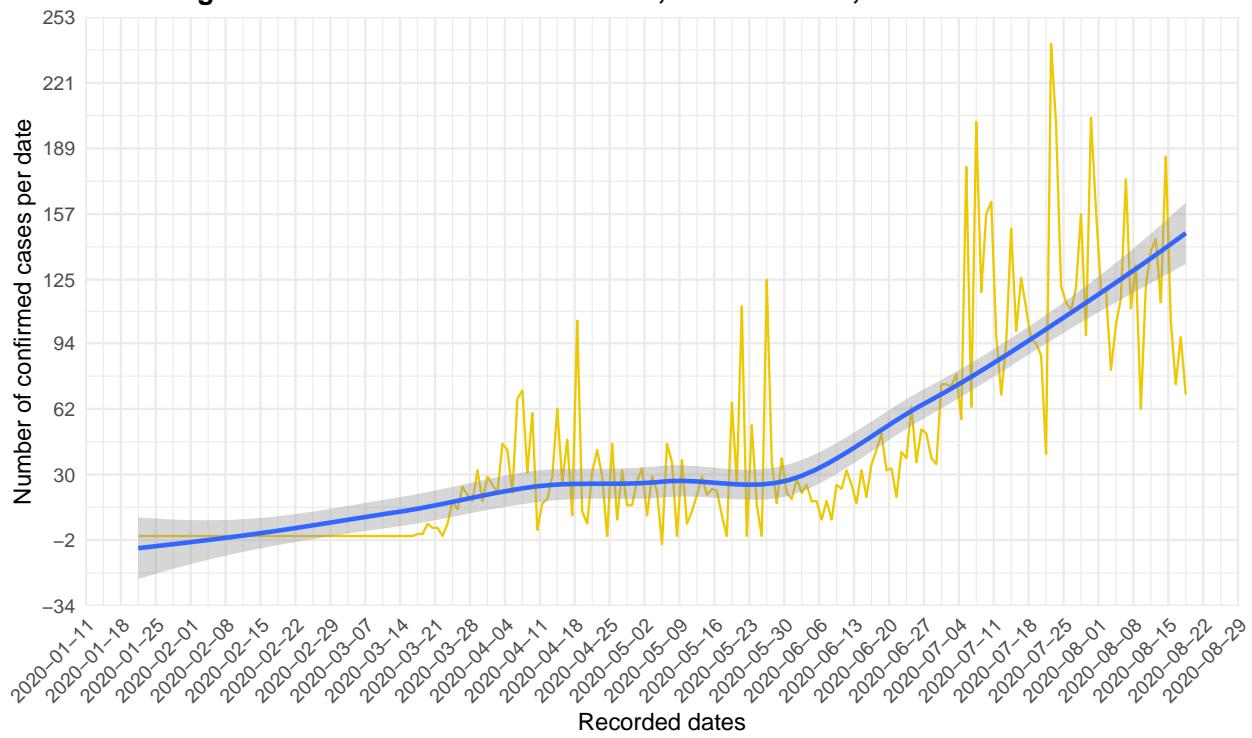

Washington – confirmed cases over time, total cases: 63,072

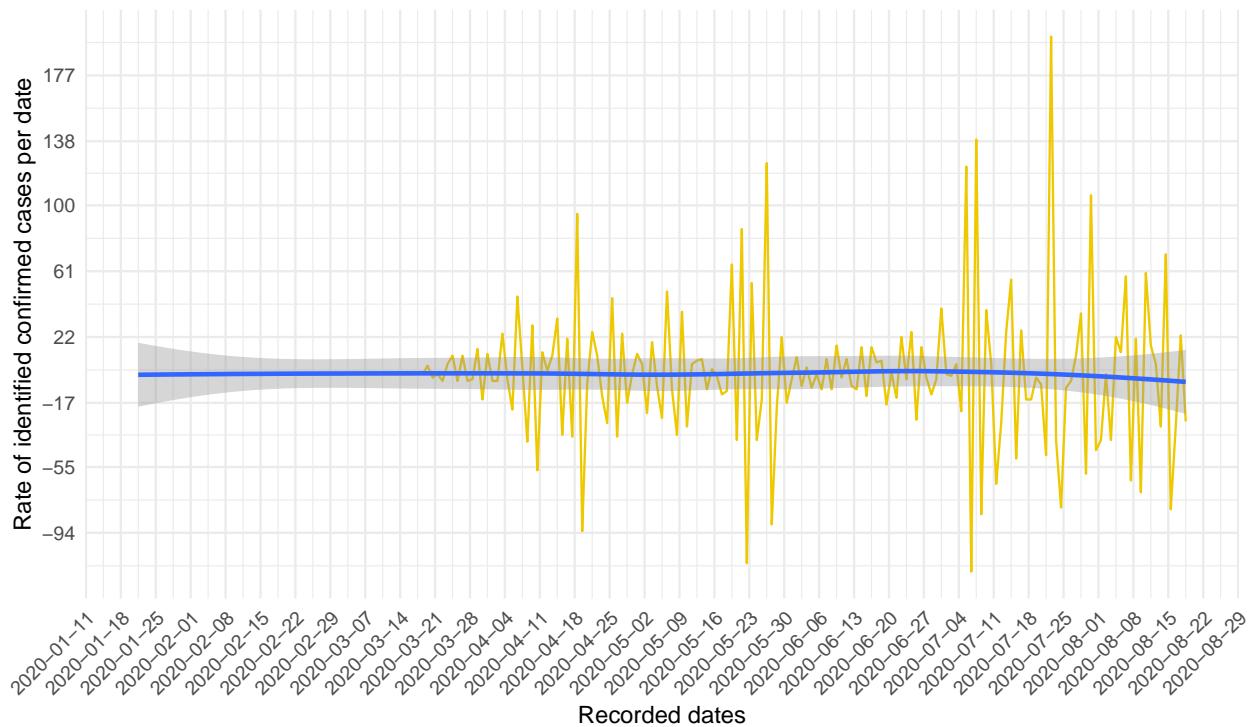

Washington – rate of increase of confirmed cases over time

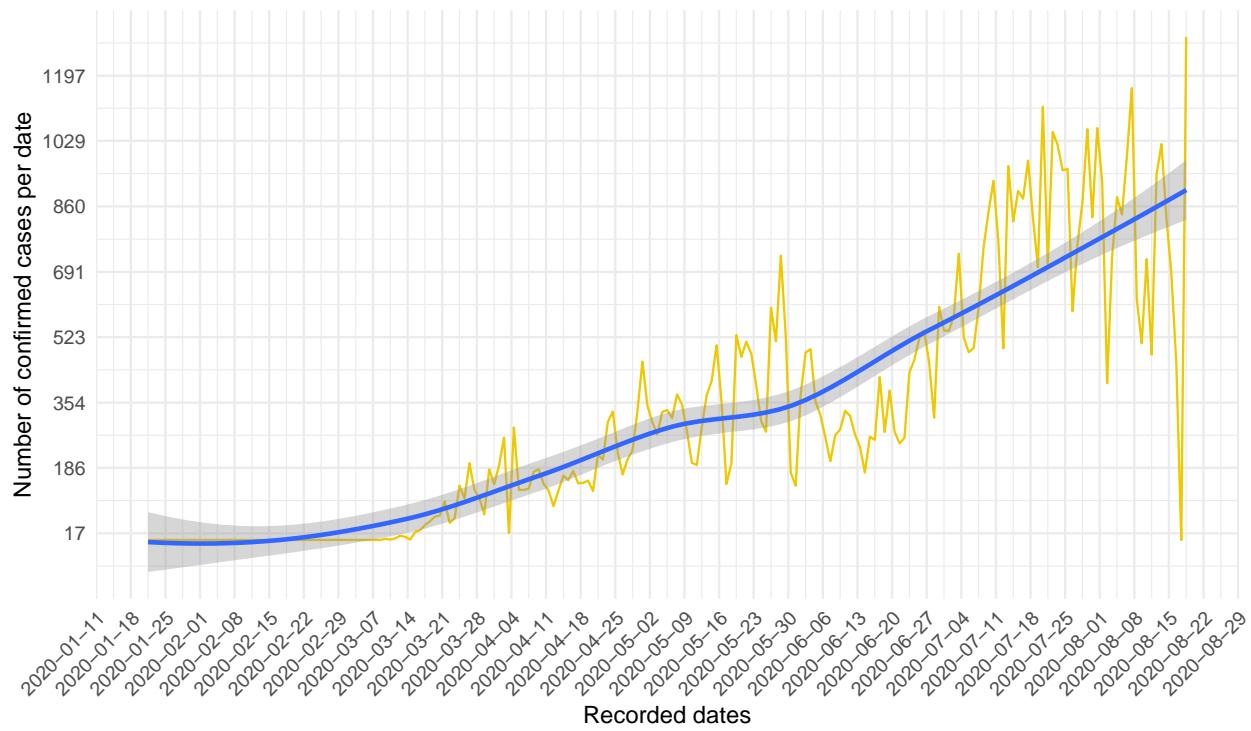

West Virginia – confirmed cases over time, total cases: 7,695

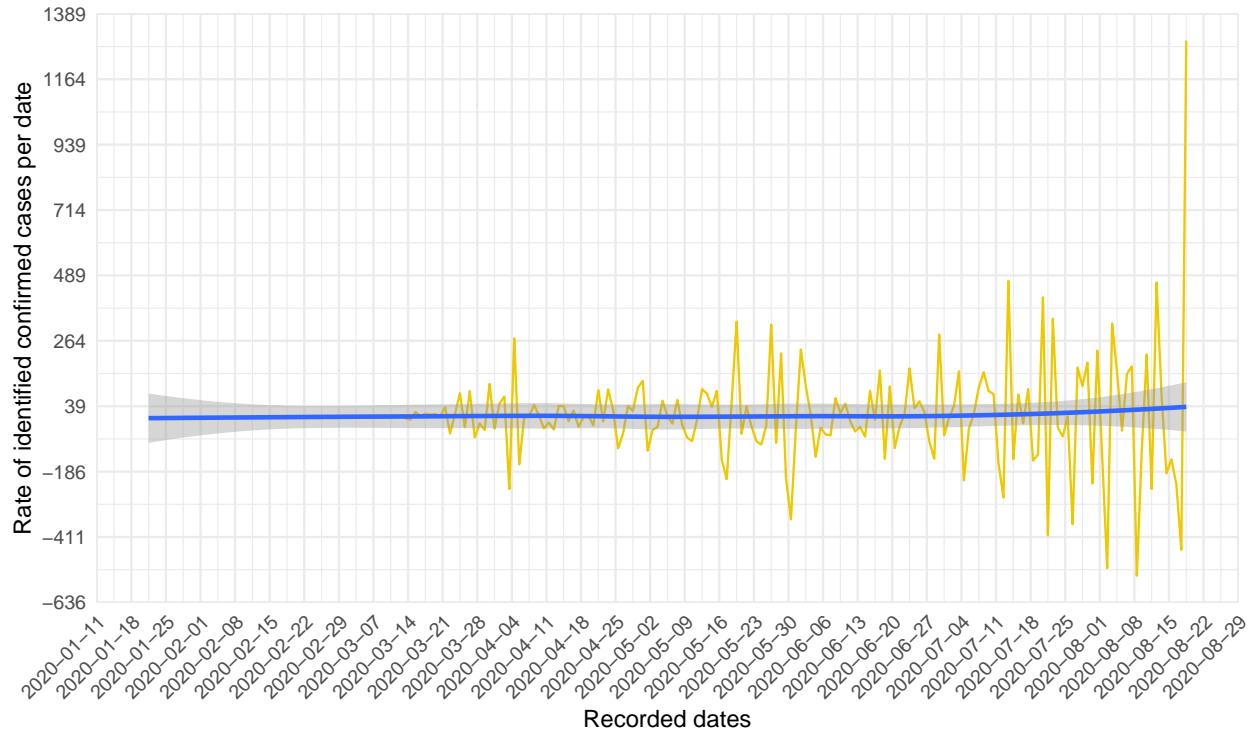

West Virginia – rate of increase of confirmed cases over time

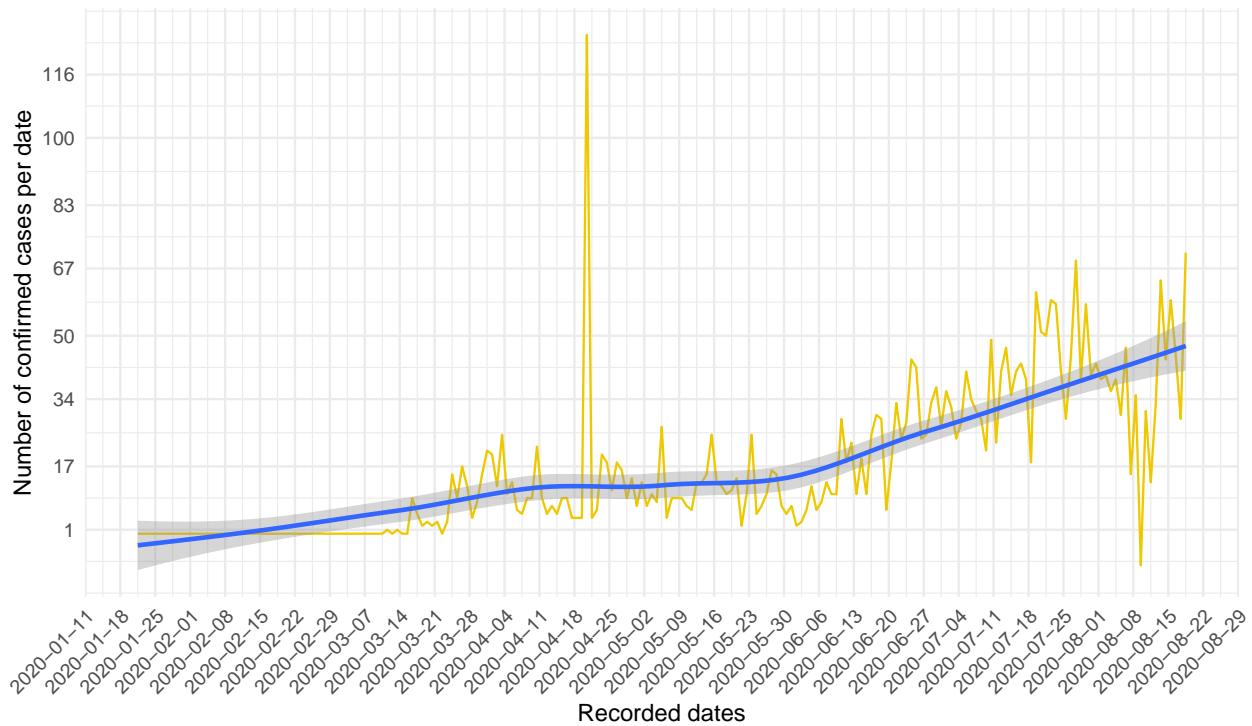

Wisconsin – confirmed cases over time, total cases: 60,554

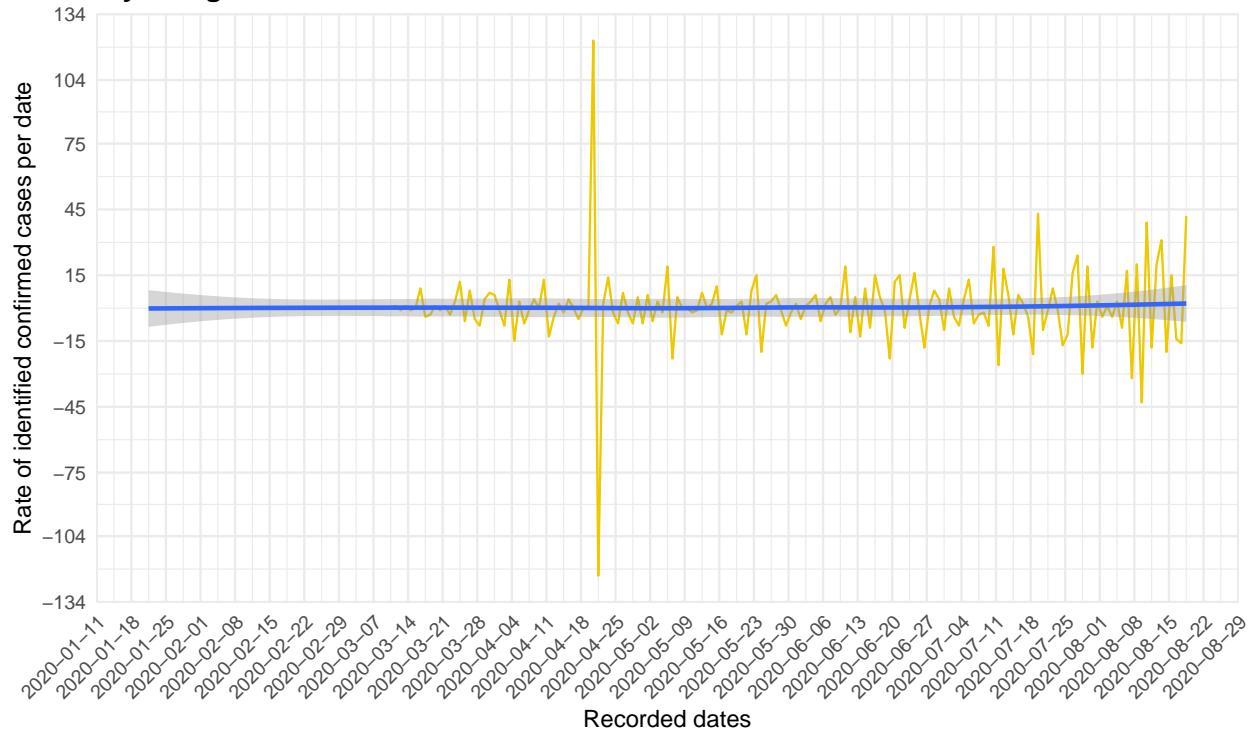

Wisconsin – rate of increase of confirmed cases over time

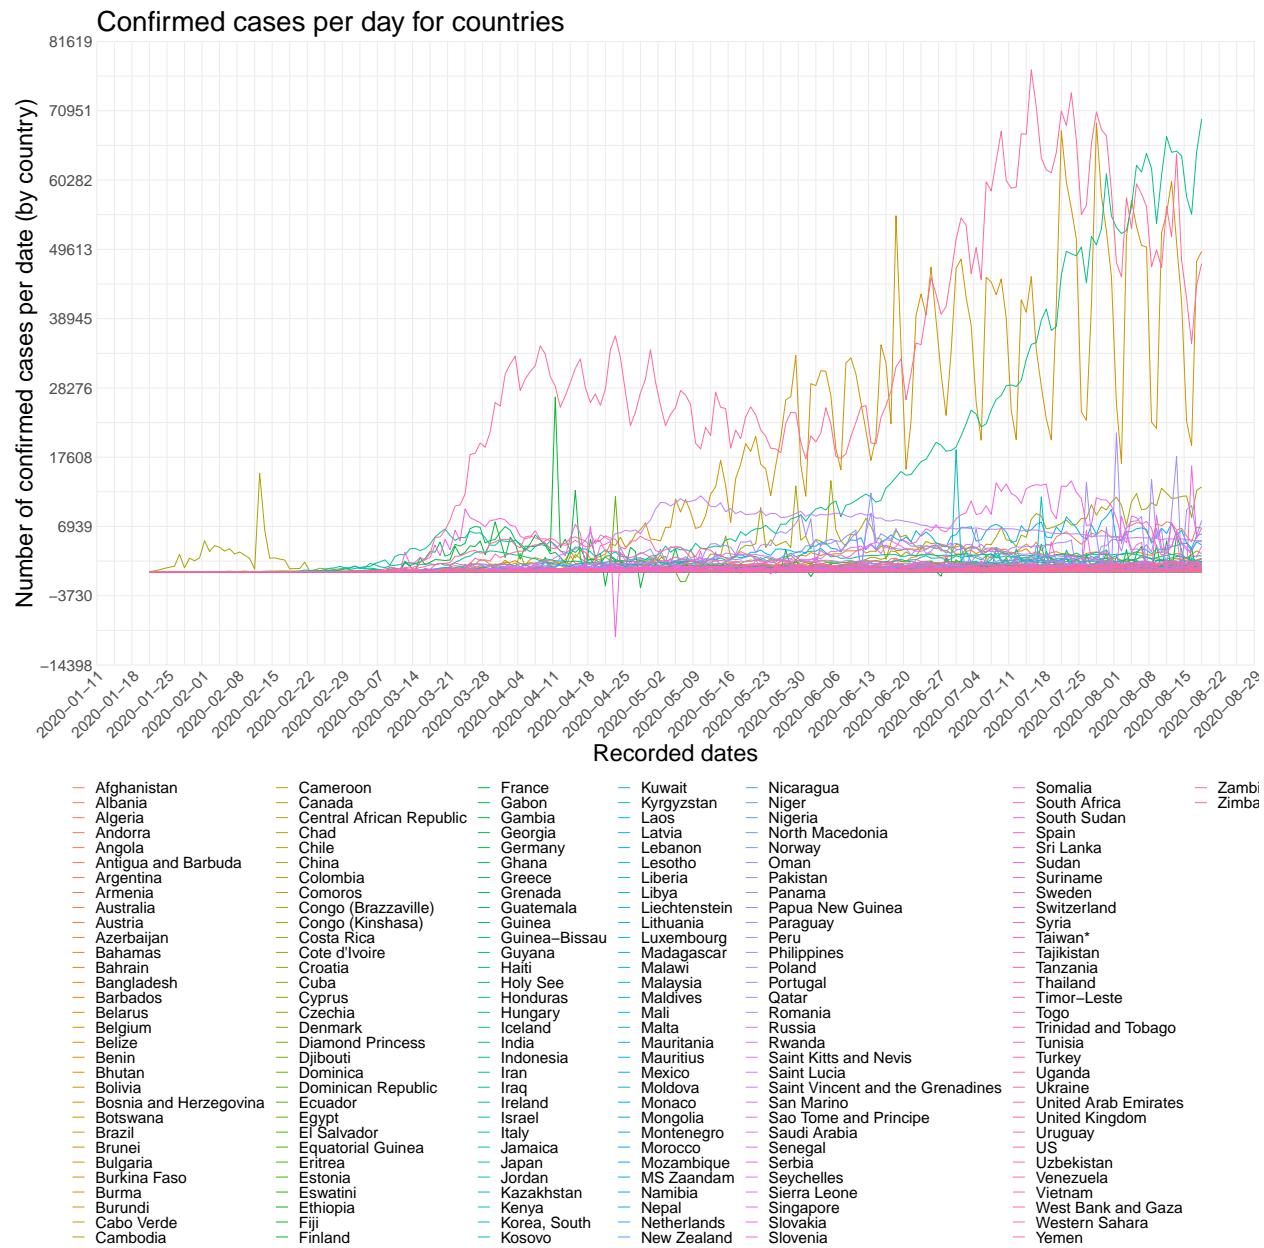

Wyoming – confirmed cases over time, total cases: 3,050

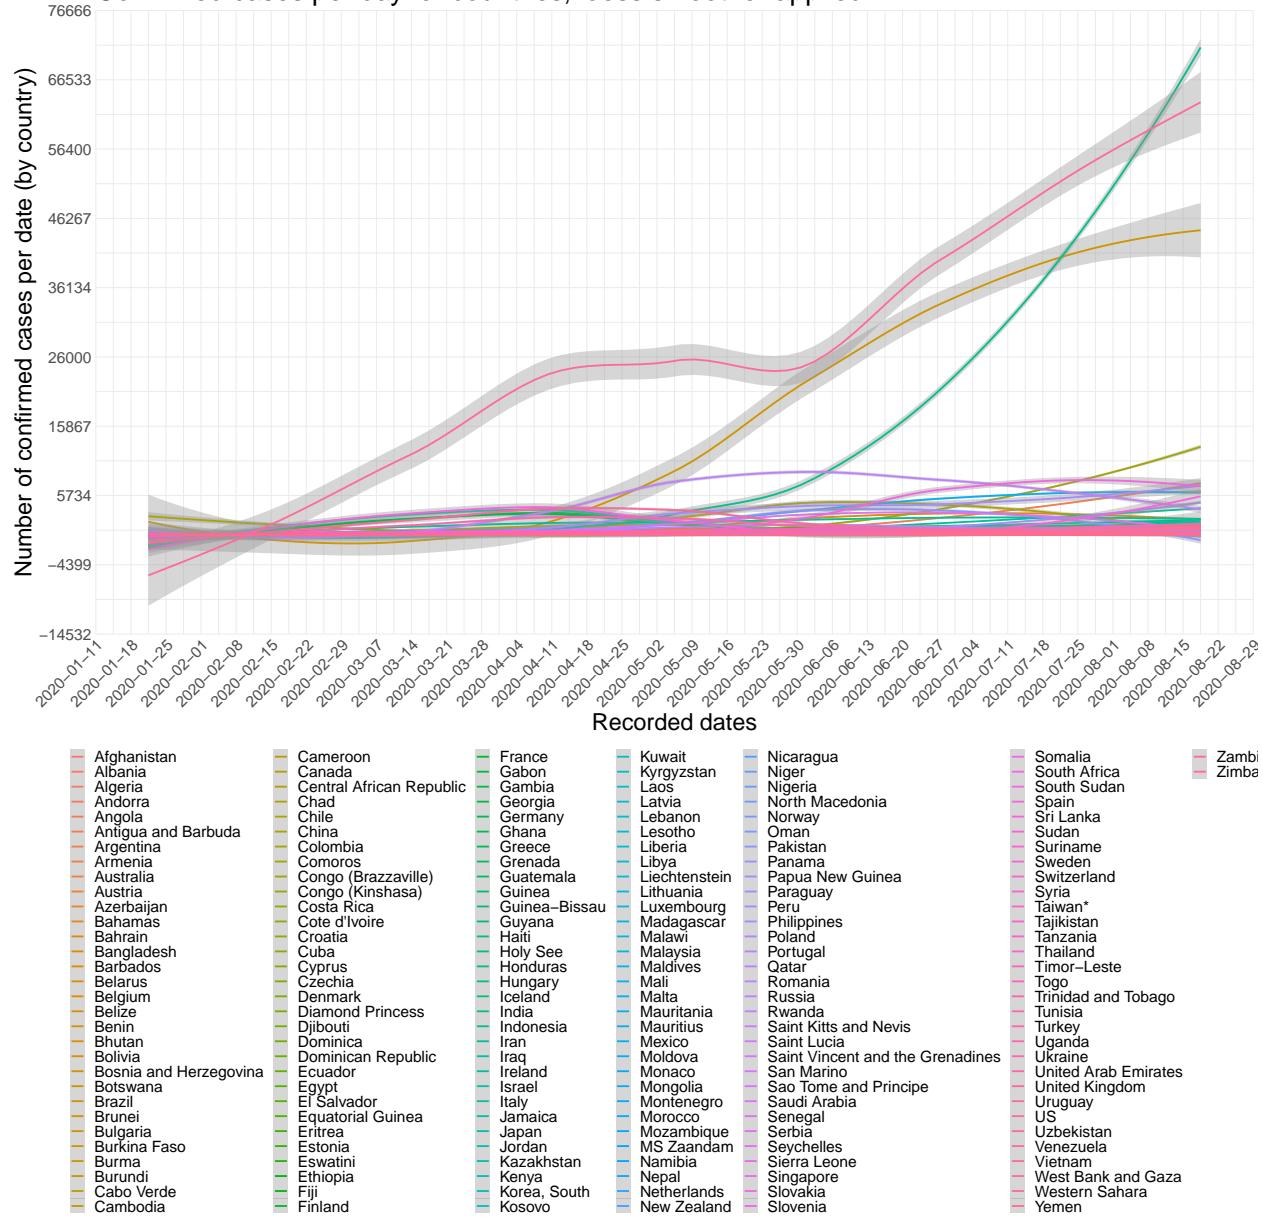

Wyoming – rate of increase of confirmed cases over time

Confirmed cases across countries, count per day

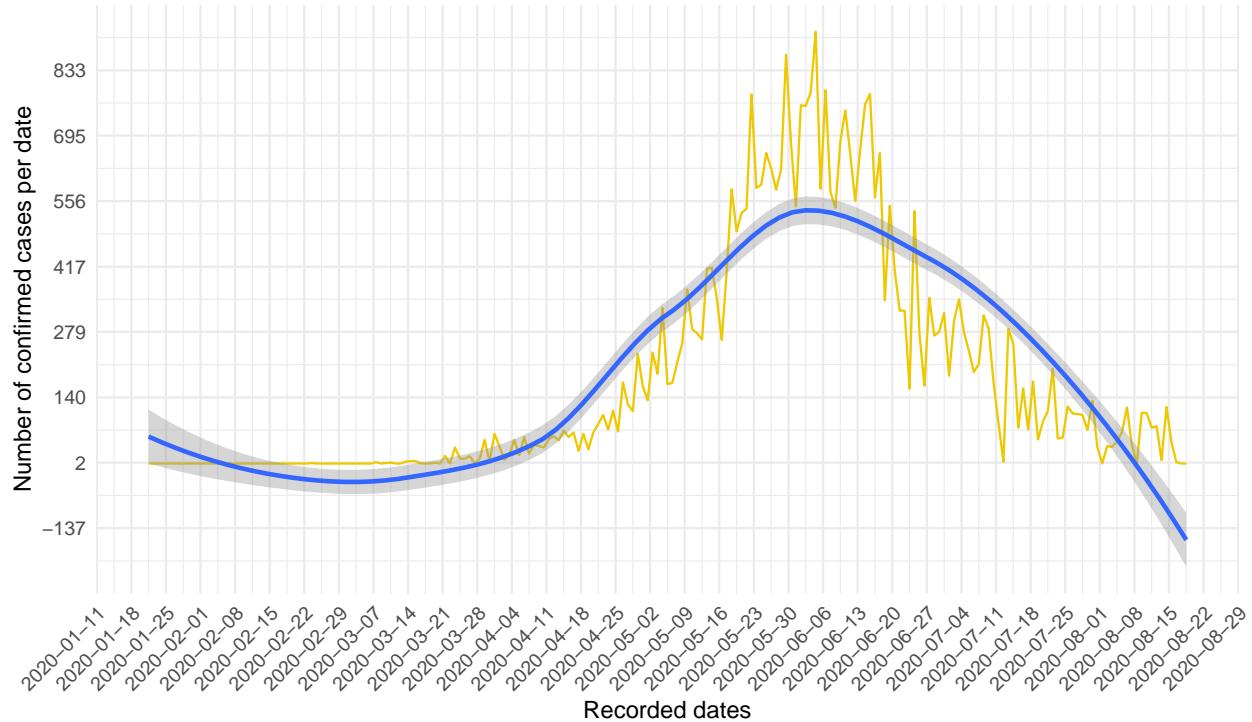

Confirmed cases per day for countries, loess smoother applied

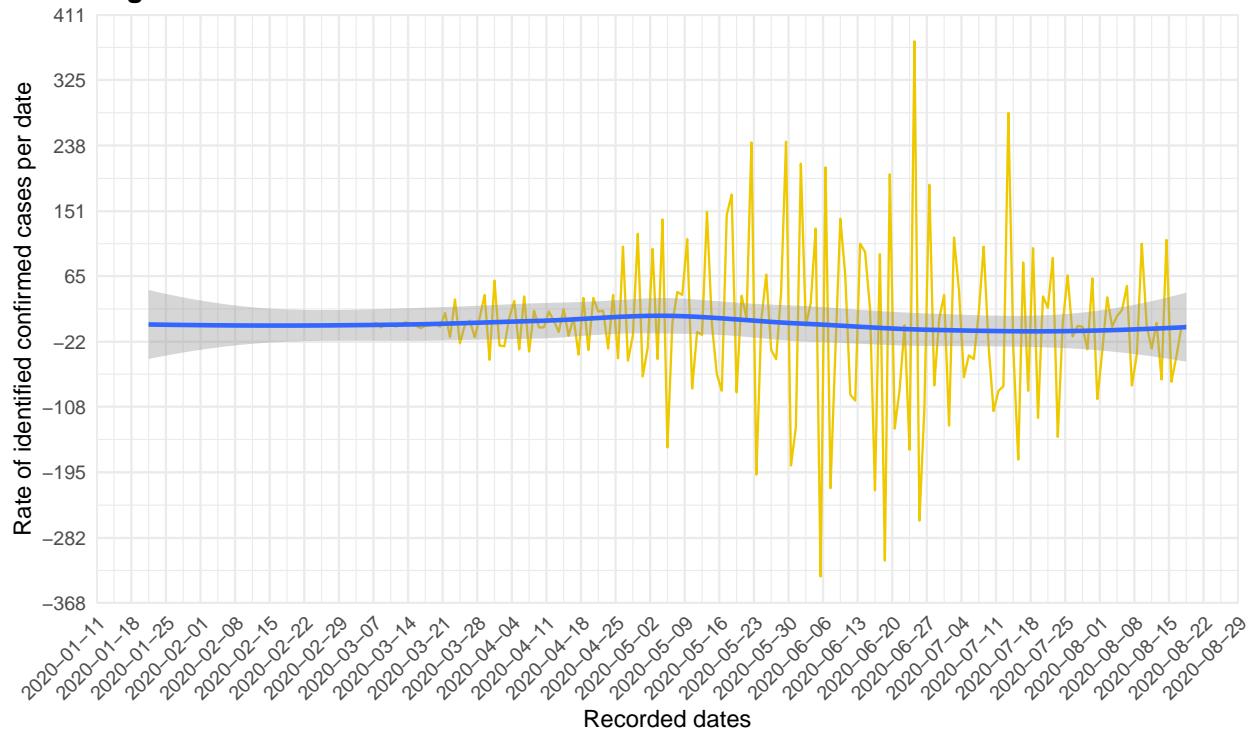

Confirmed cases by country, per day counting and rate of increase per day

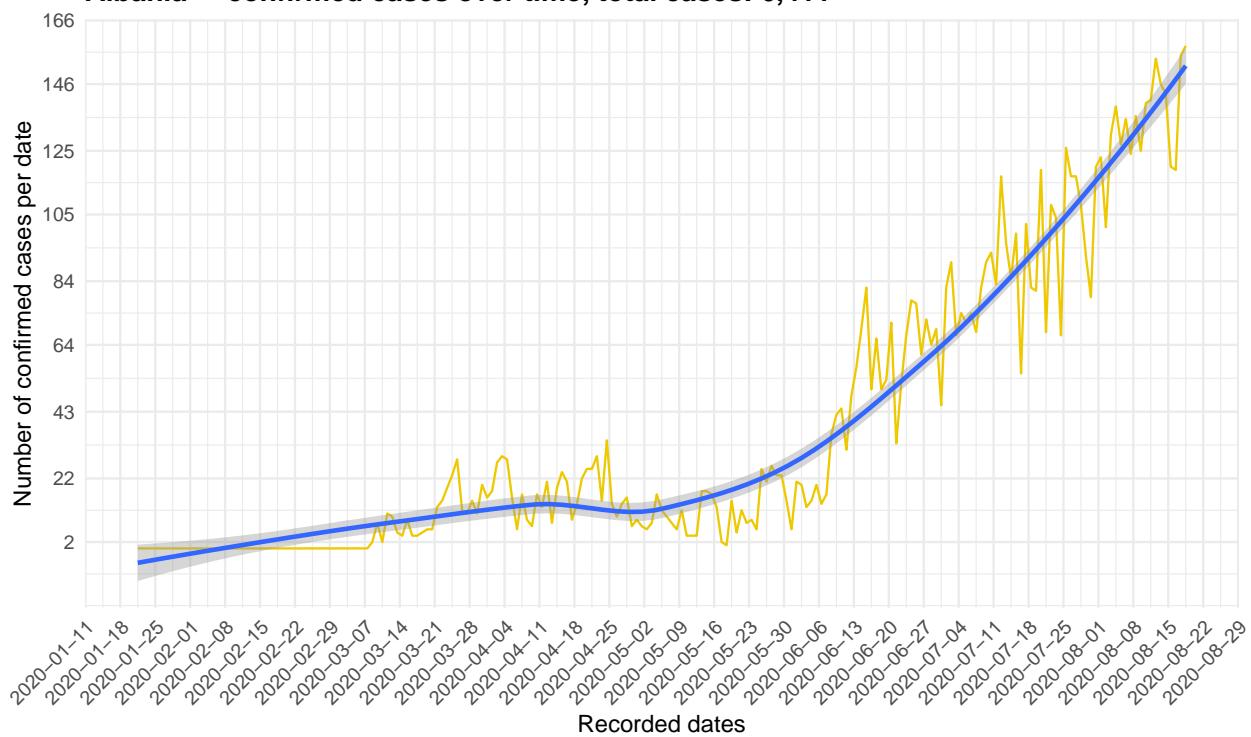

Afghanistan – confirmed cases over time, total cases: 37,054

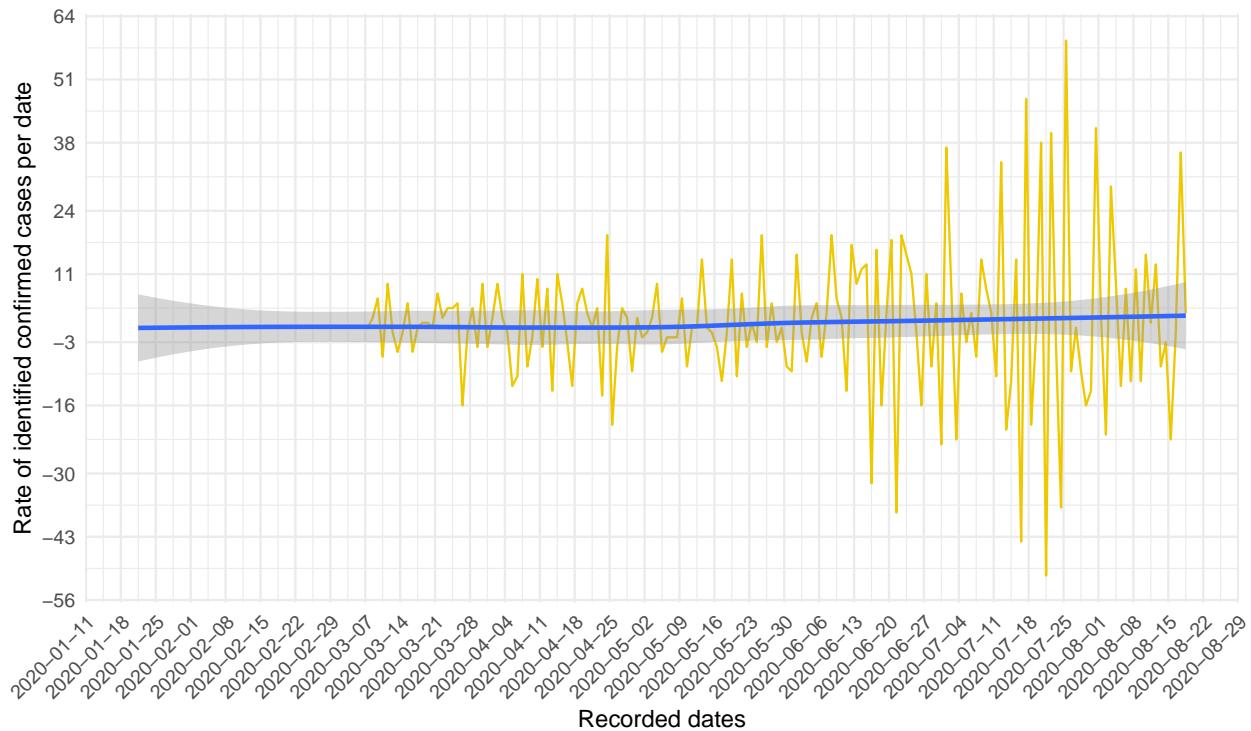

Afghanistan – rate of increase of confirmed cases over time

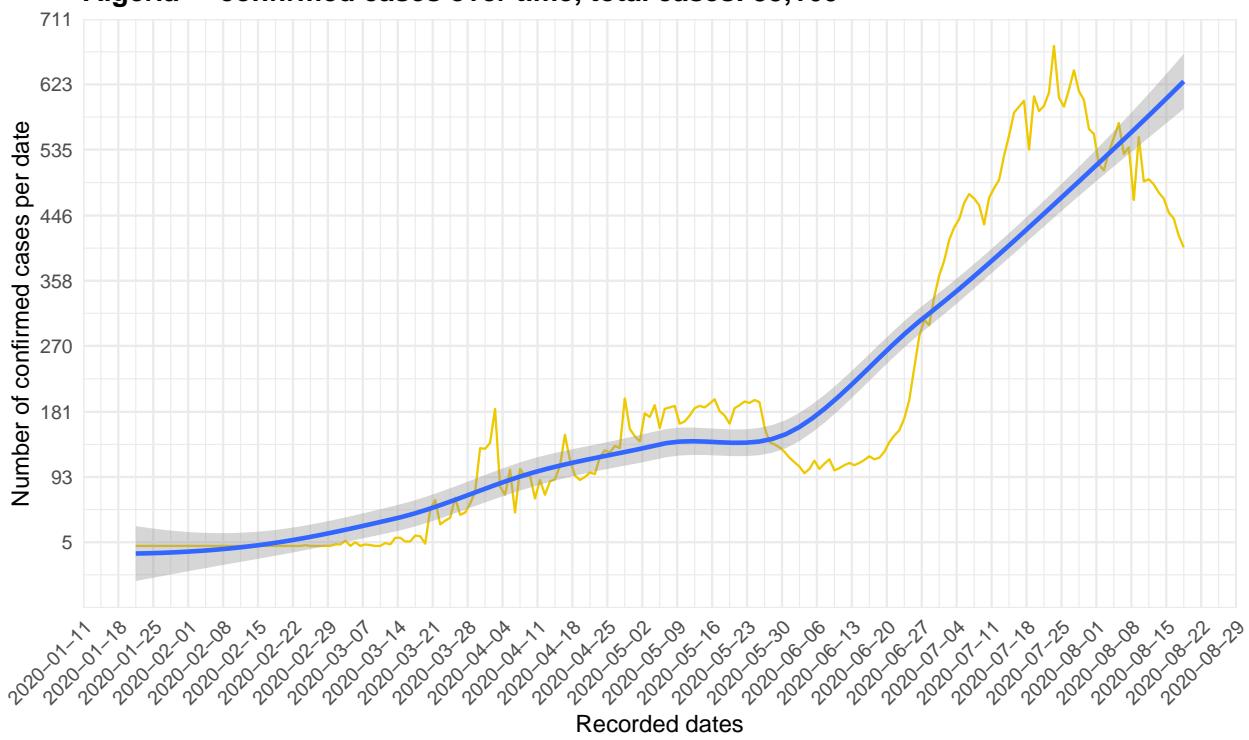

Albania – confirmed cases over time, total cases: 6,411

Albania – rate of increase of confirmed cases over time

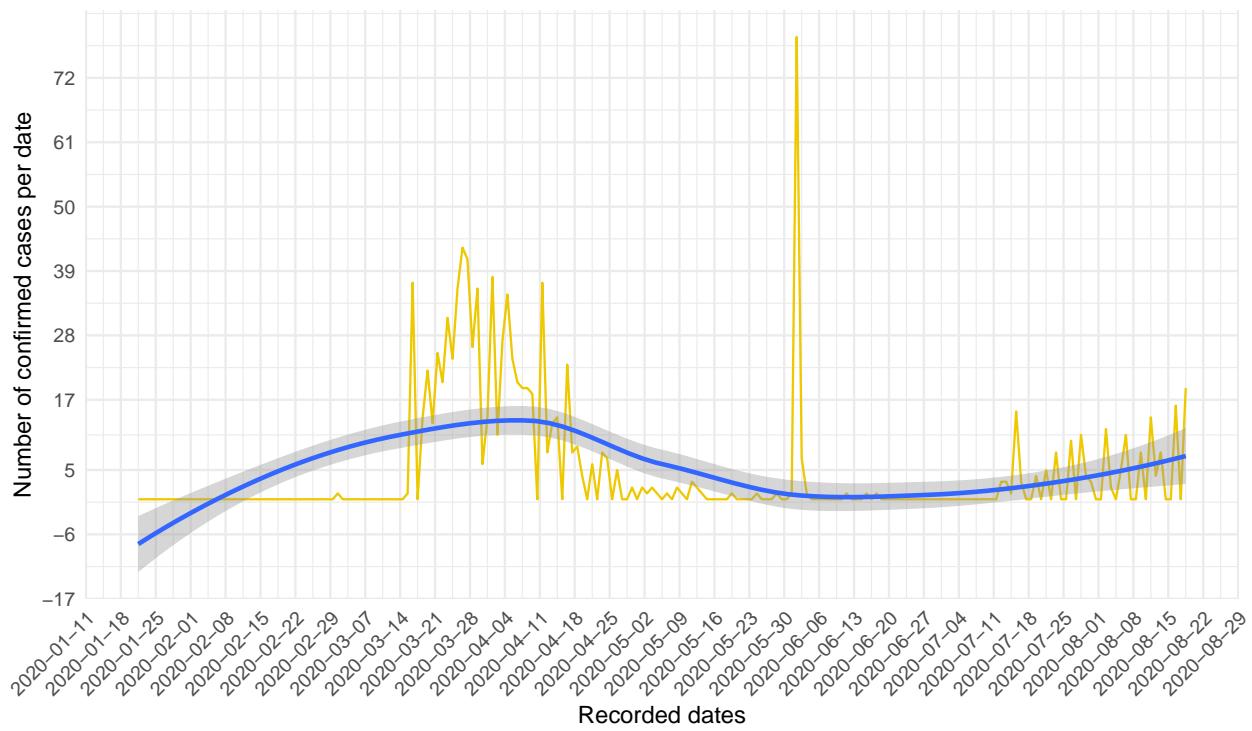

Algeria – confirmed cases over time, total cases: 35,160

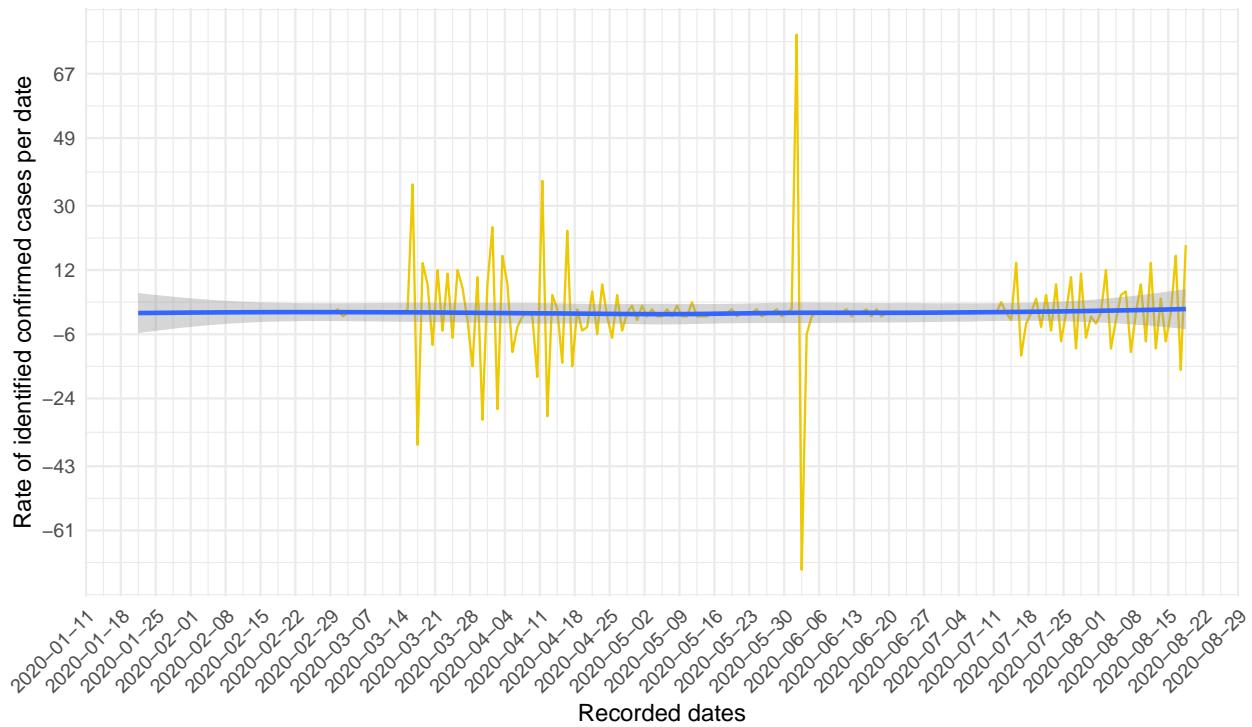

Algeria – rate of increase of confirmed cases over time

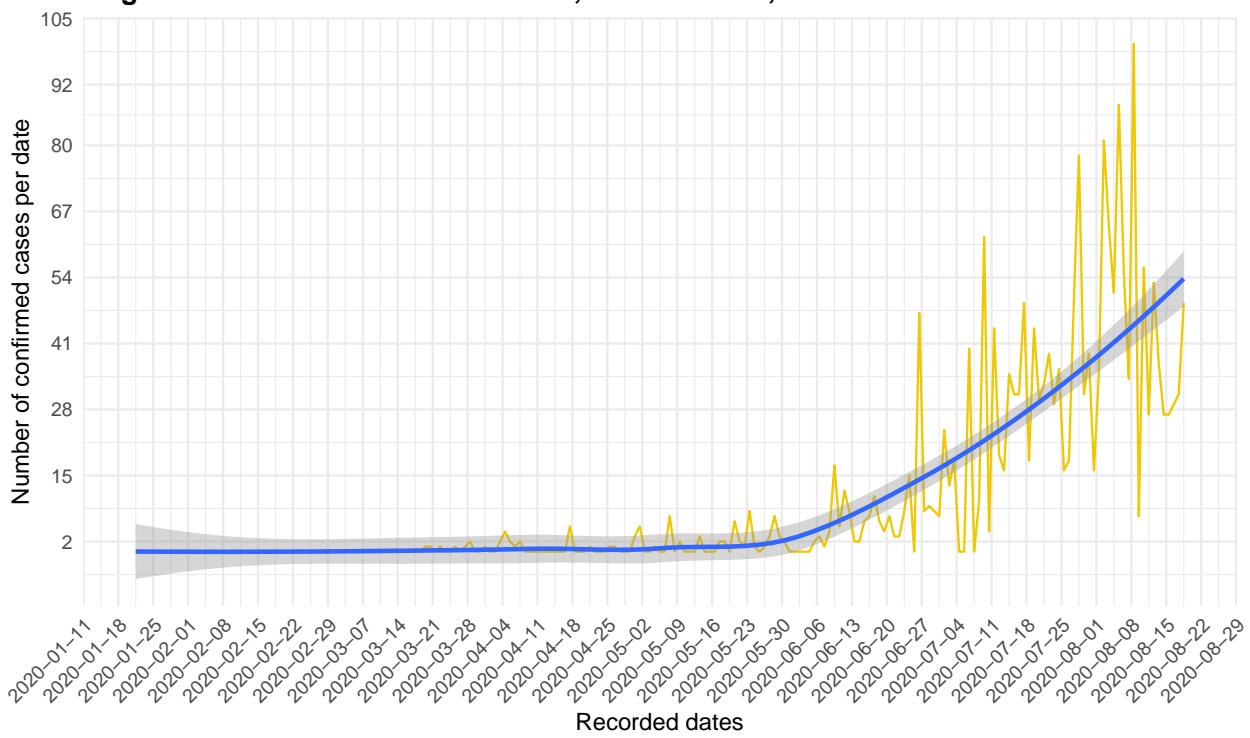

Andorra – confirmed cases over time, total cases: 955

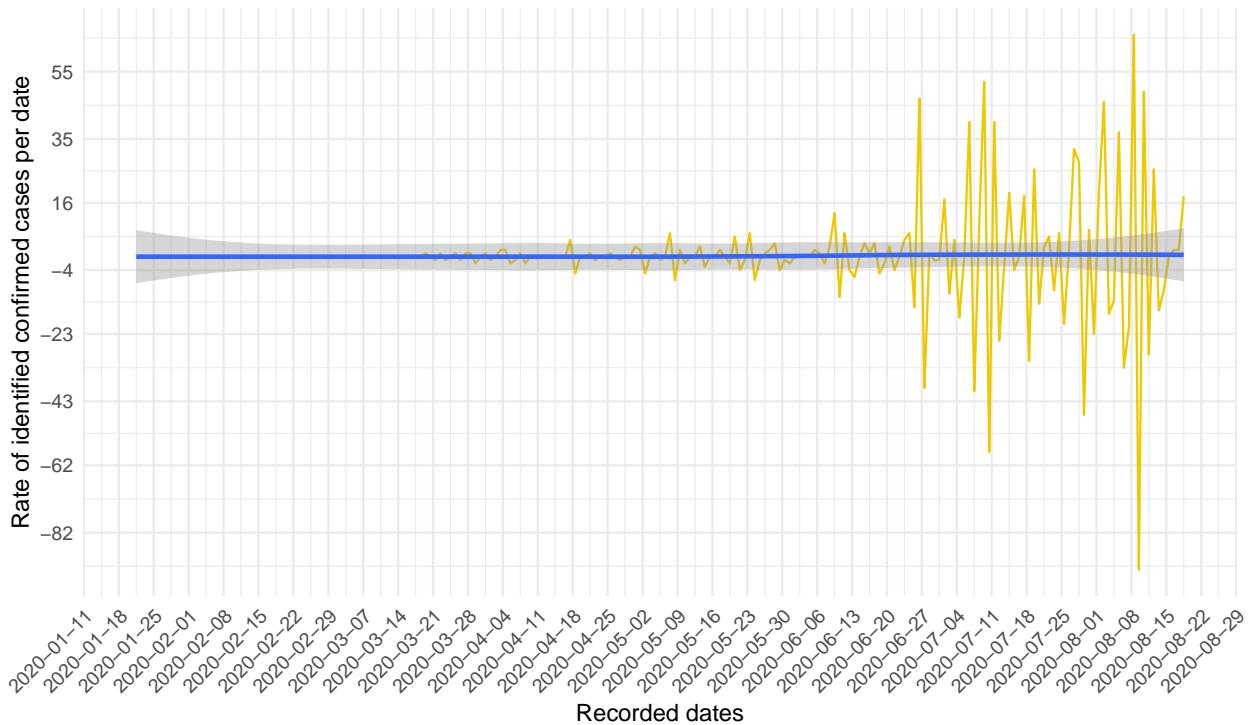

Andorra – rate of increase of confirmed cases over time

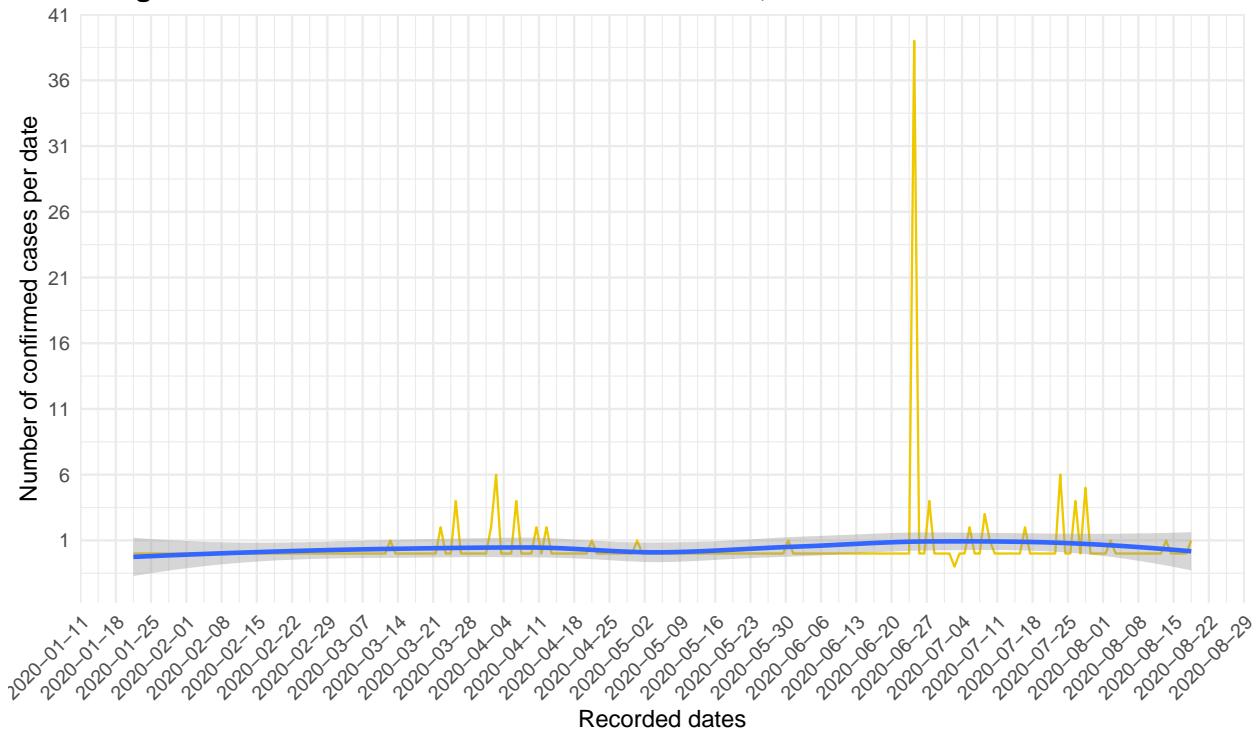

Angola – confirmed cases over time, total cases: 1,672

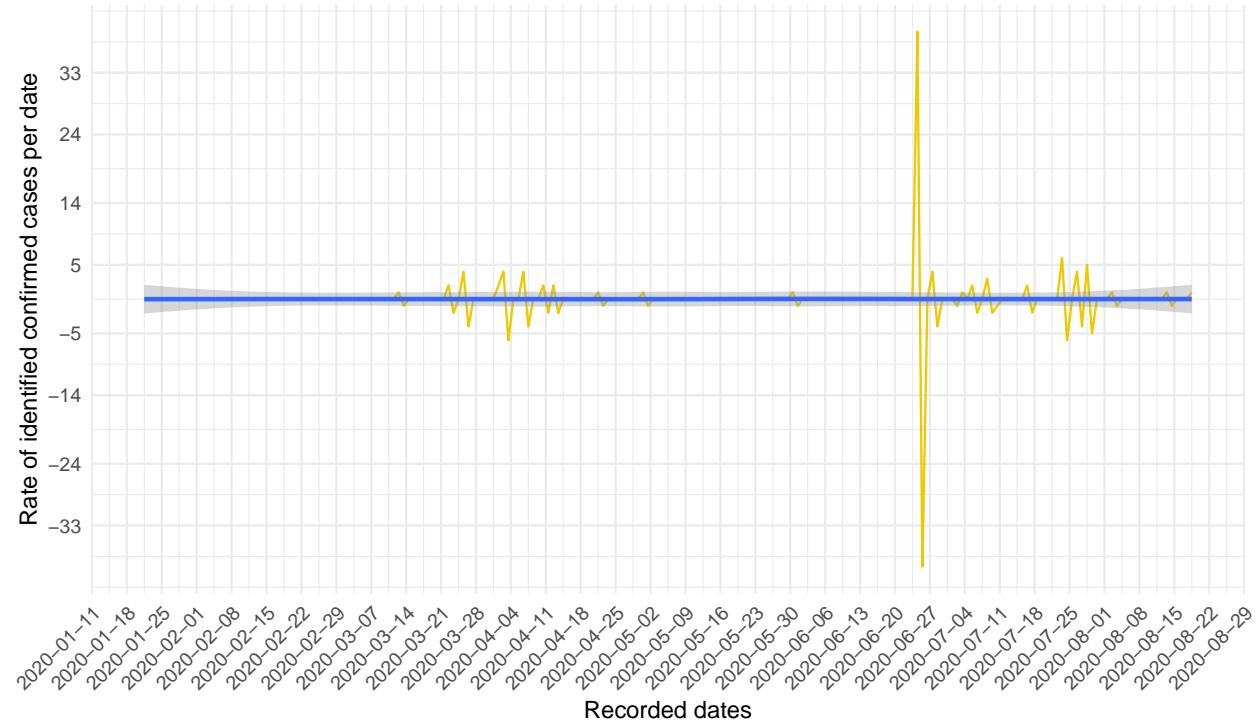

Angola – rate of increase of confirmed cases over time

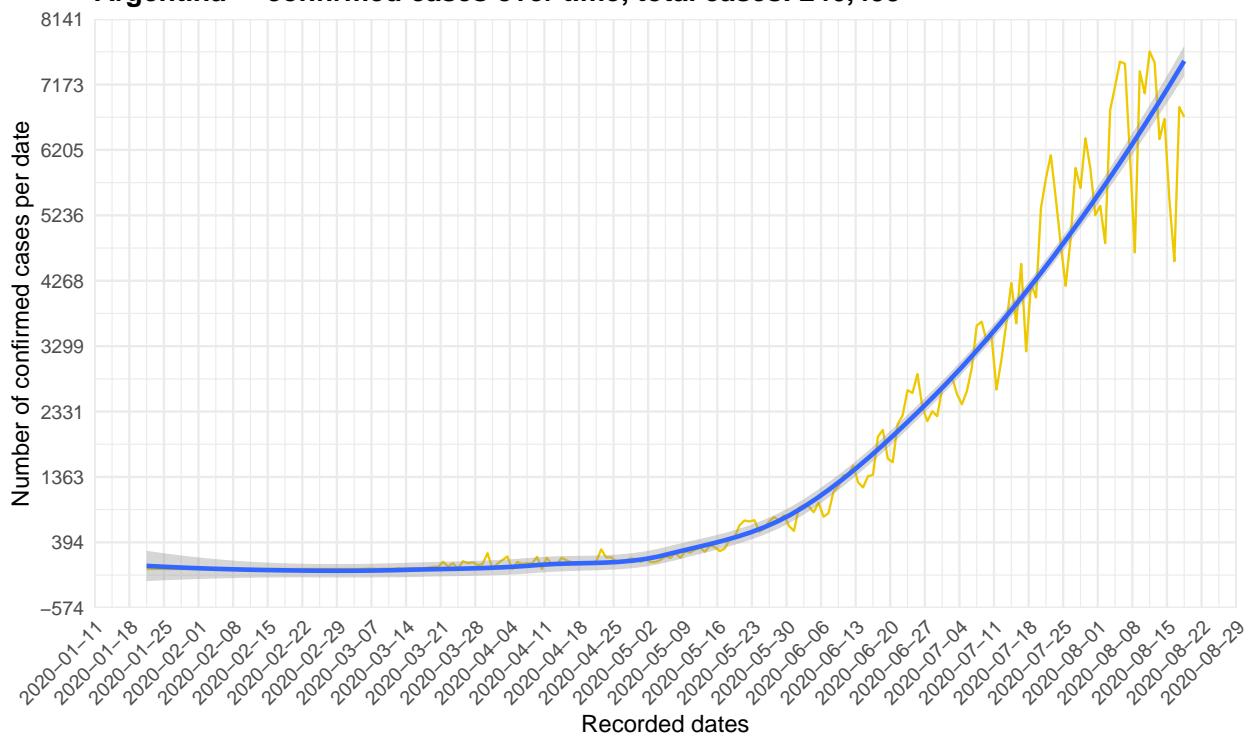

Antigua and Barbuda – confirmed cases over time, total cases: 92

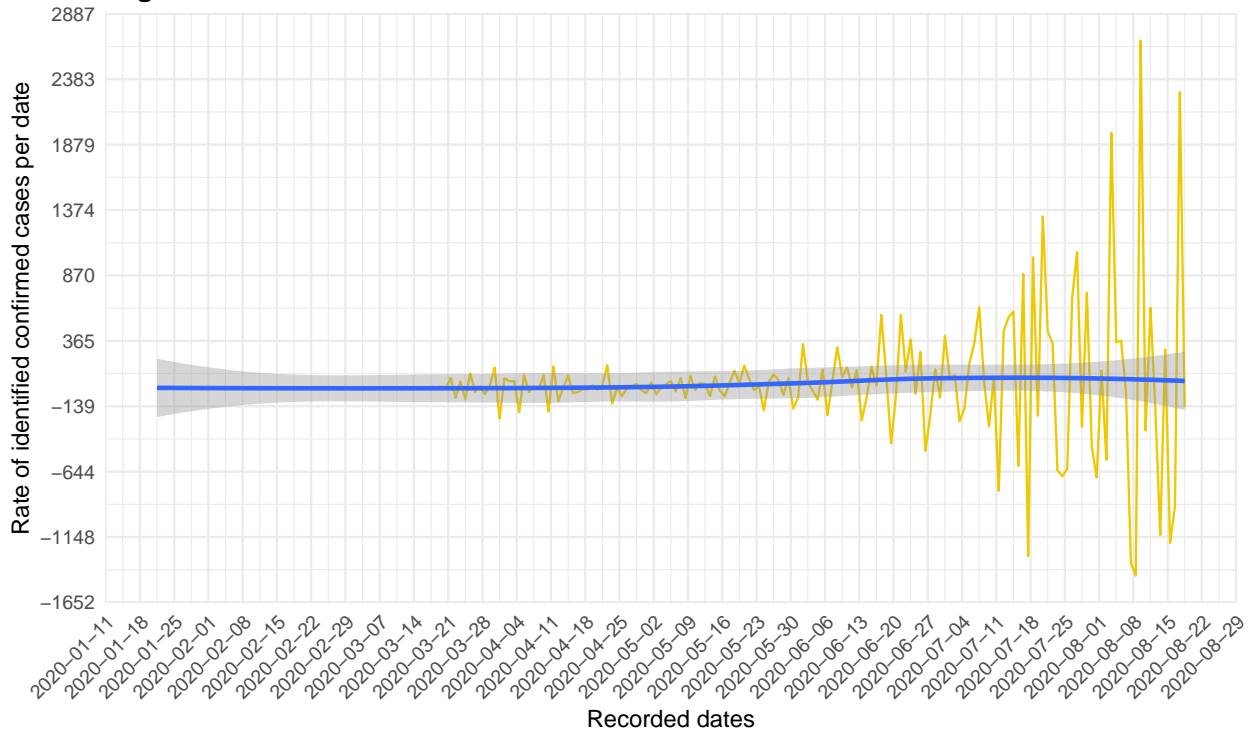

Antigua and Barbuda – rate of increase of confirmed cases over time

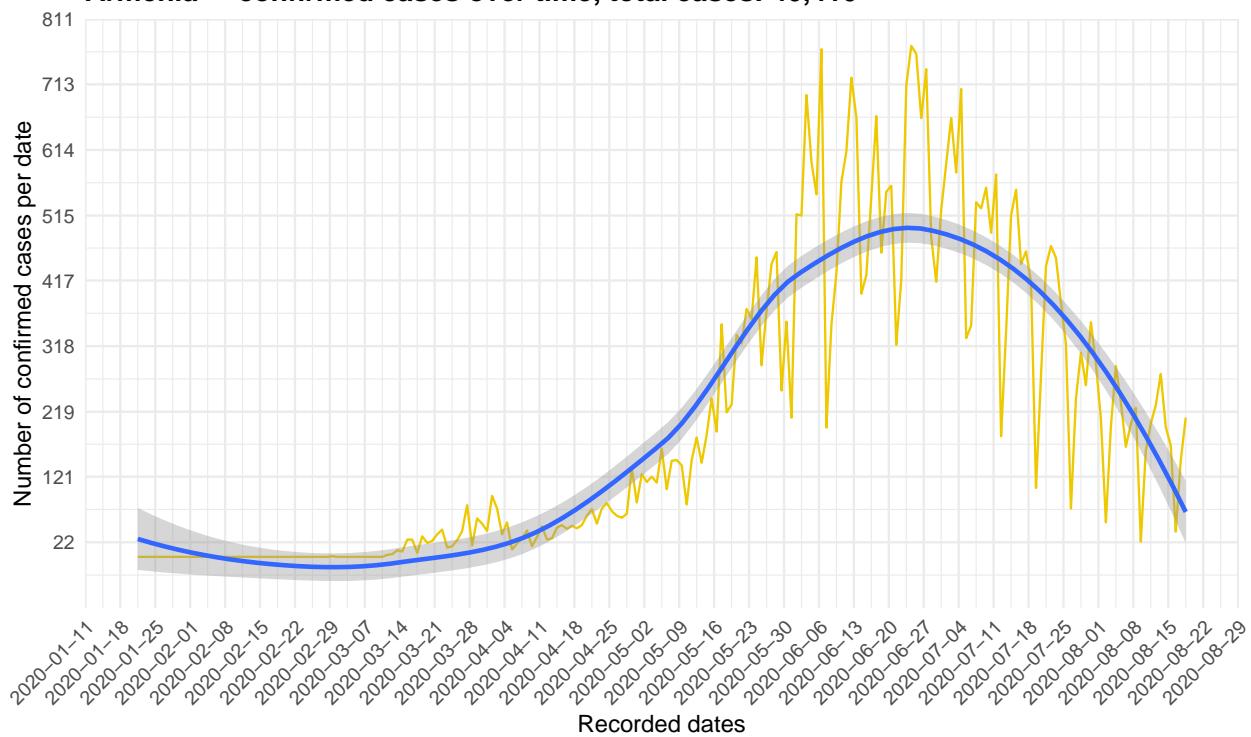

Argentina – confirmed cases over time, total cases: 246,499

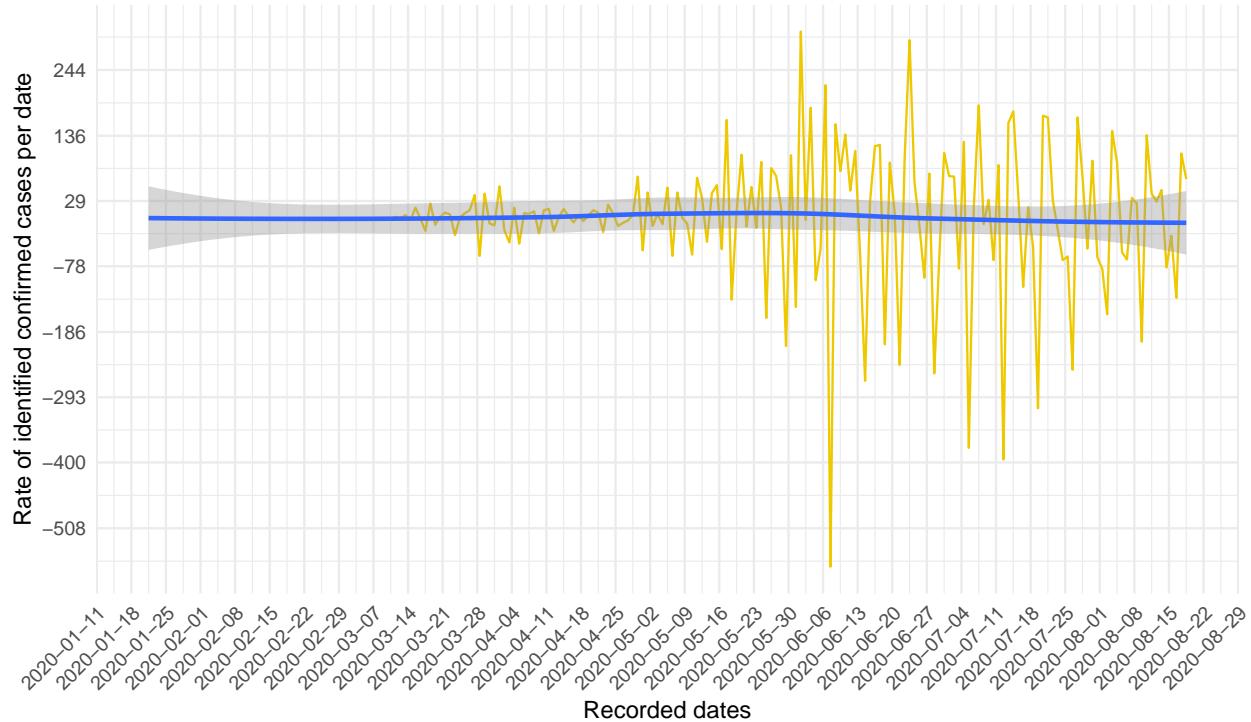

Argentina – rate of increase of confirmed cases over time

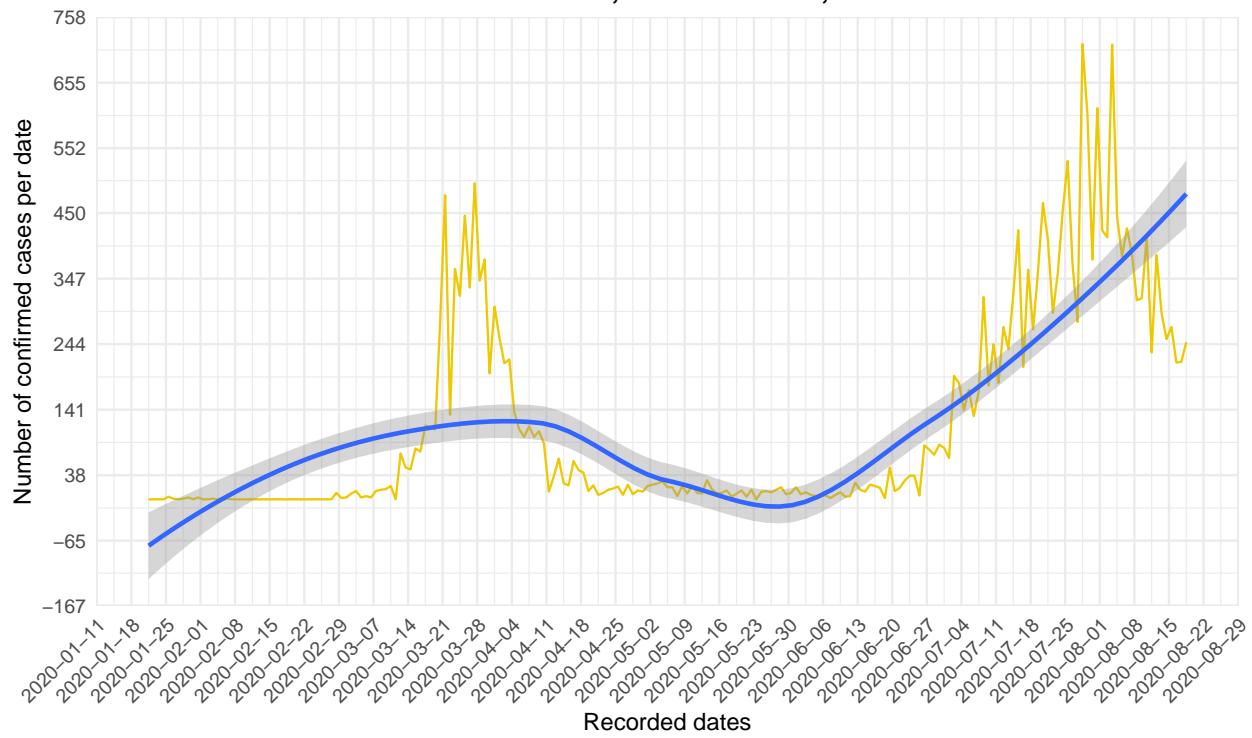

Armenia – confirmed cases over time, total cases: 40,410

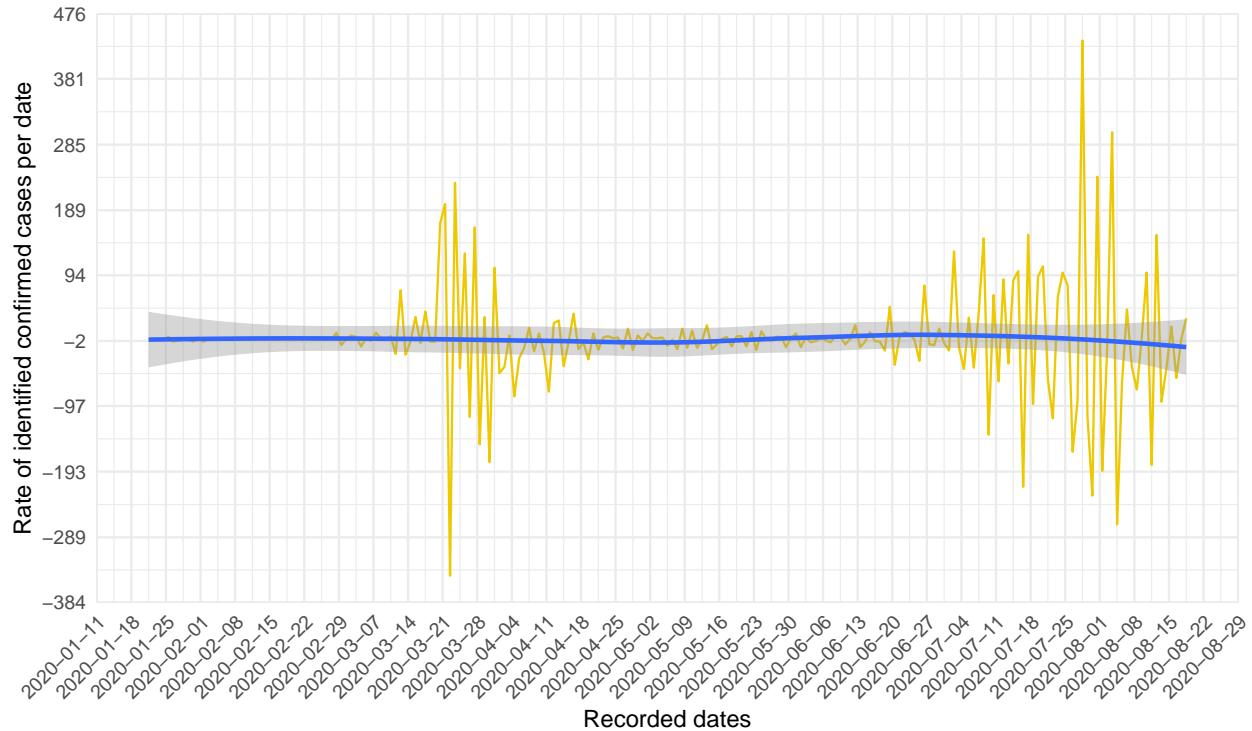

Armenia – rate of increase of confirmed cases over time

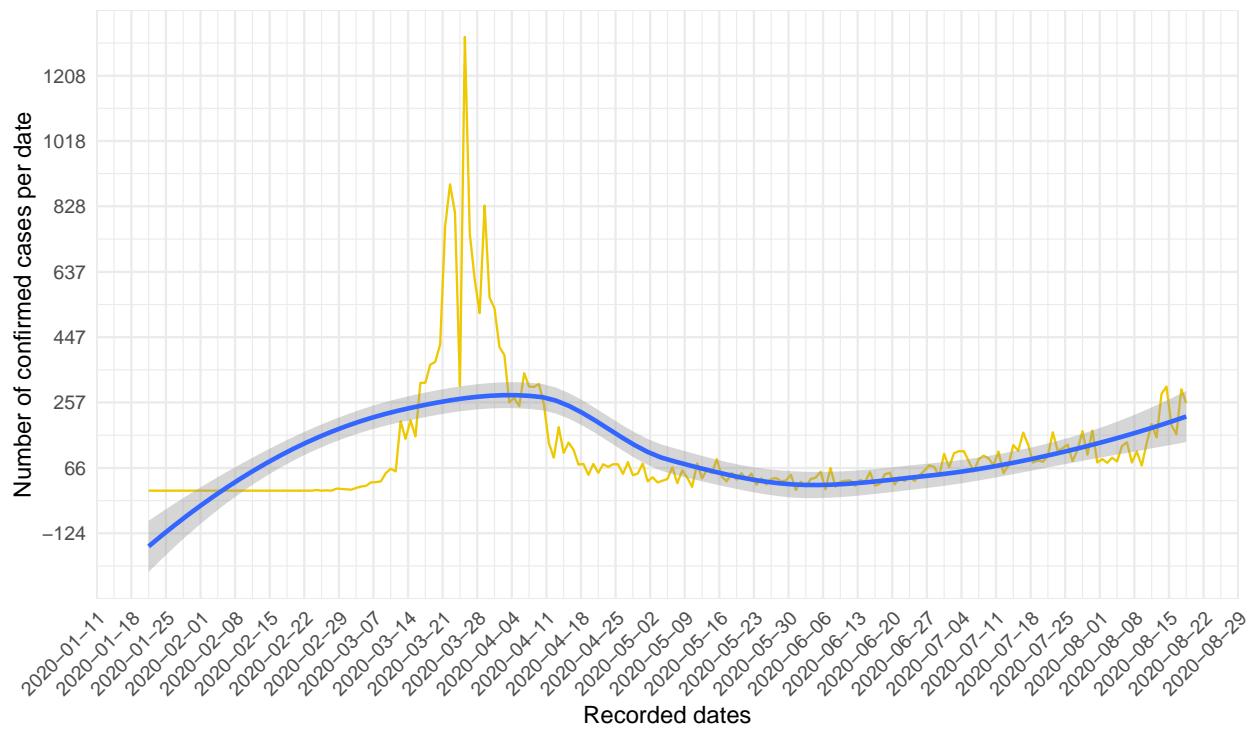

Australia – confirmed cases over time, total cases: 21,397

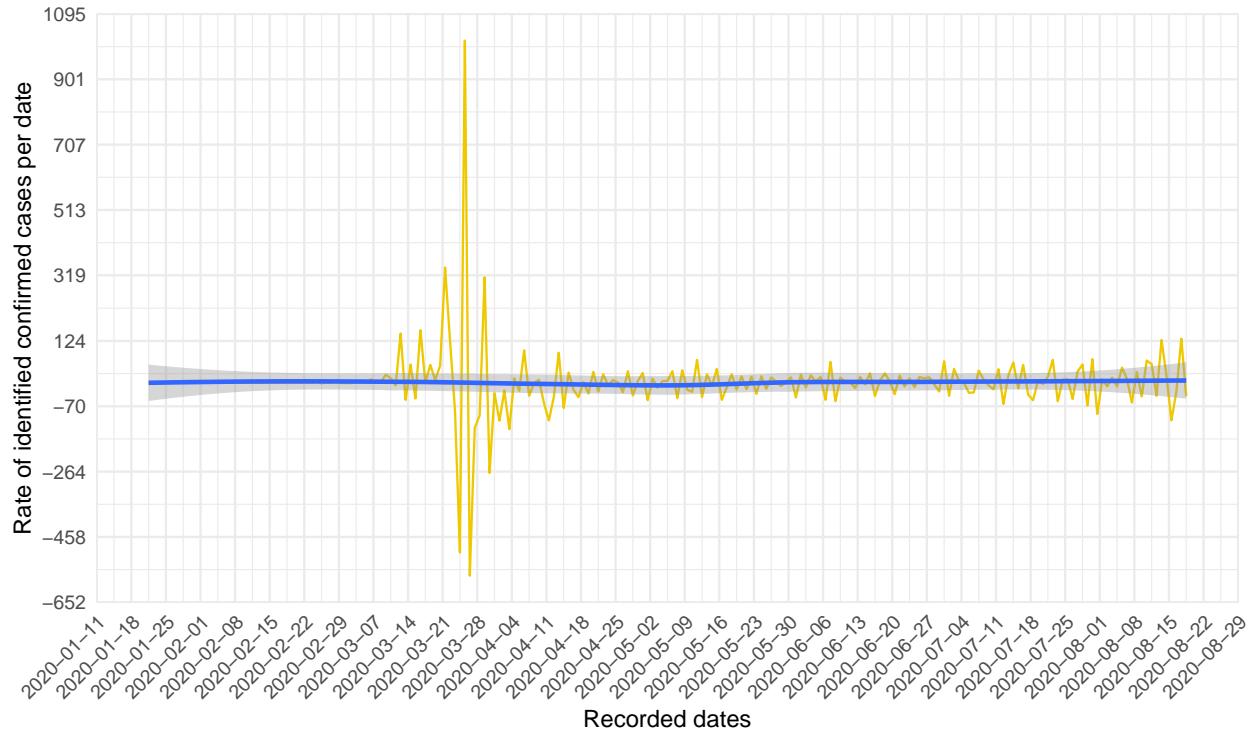

Australia – rate of increase of confirmed cases over time

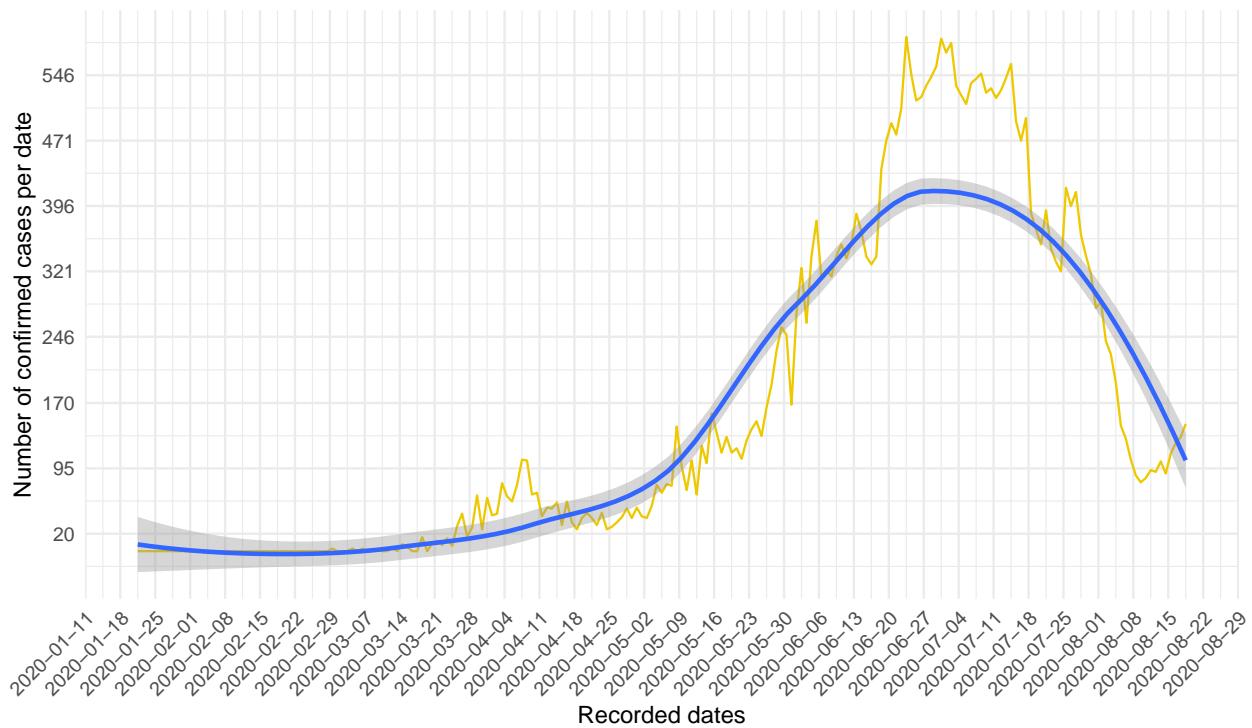

Austria – confirmed cases over time, total cases: 22,033

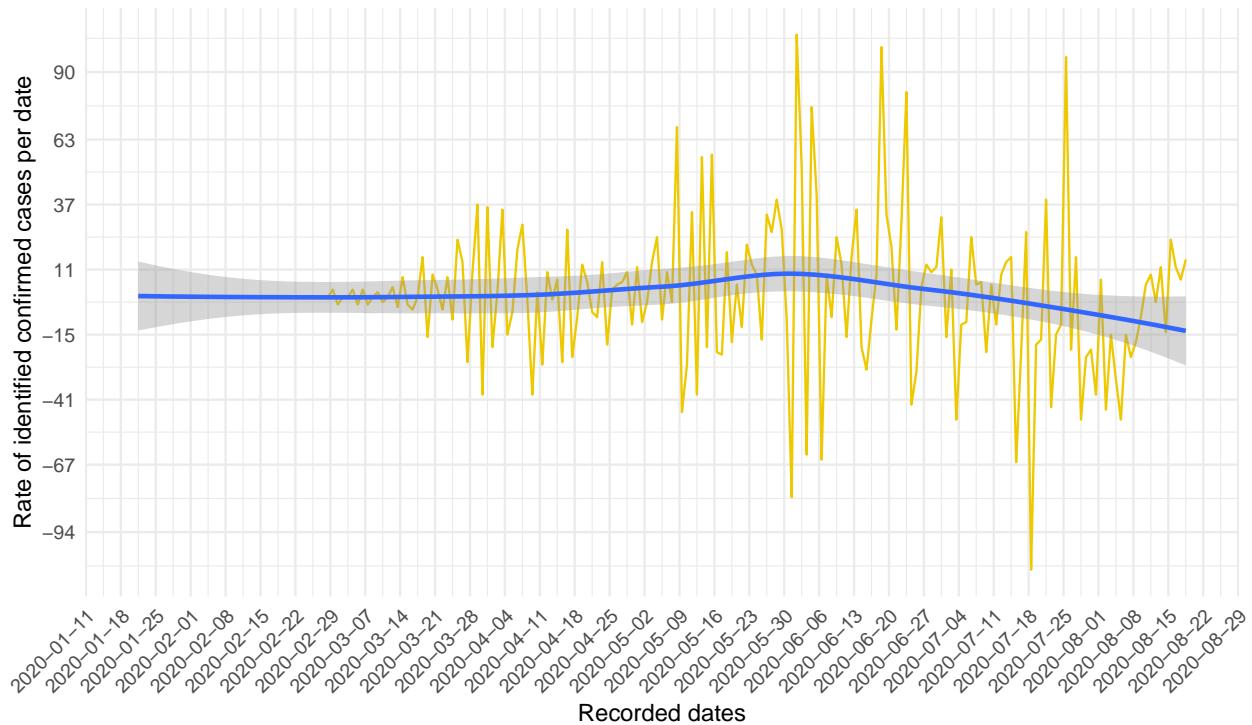

Austria – rate of increase of confirmed cases over time

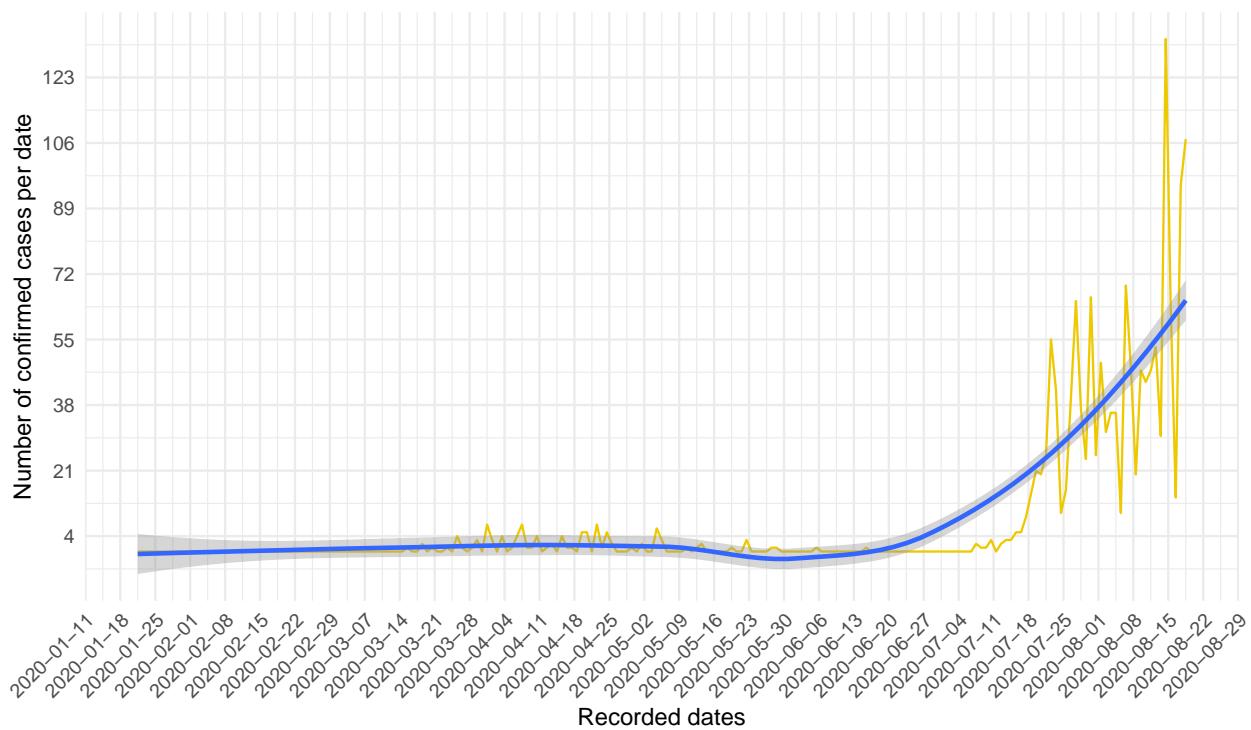

Azerbaijan – confirmed cases over time, total cases: 33,568

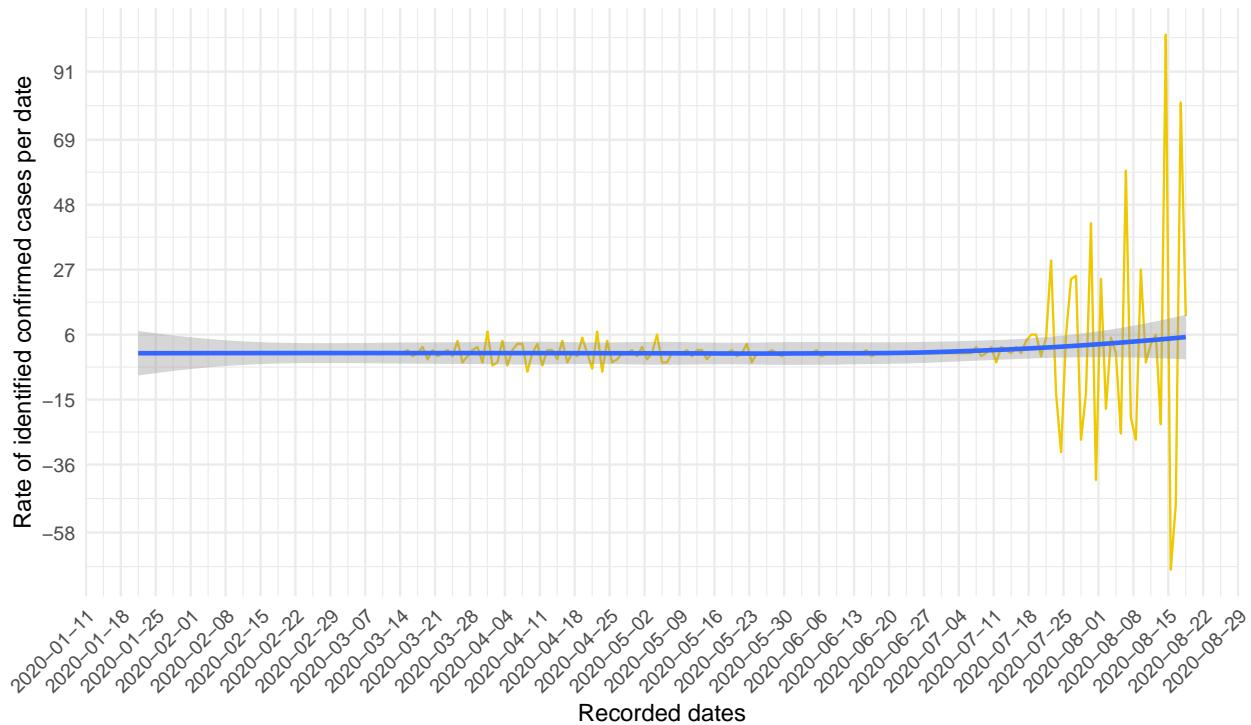

Azerbaijan – rate of increase of confirmed cases over time

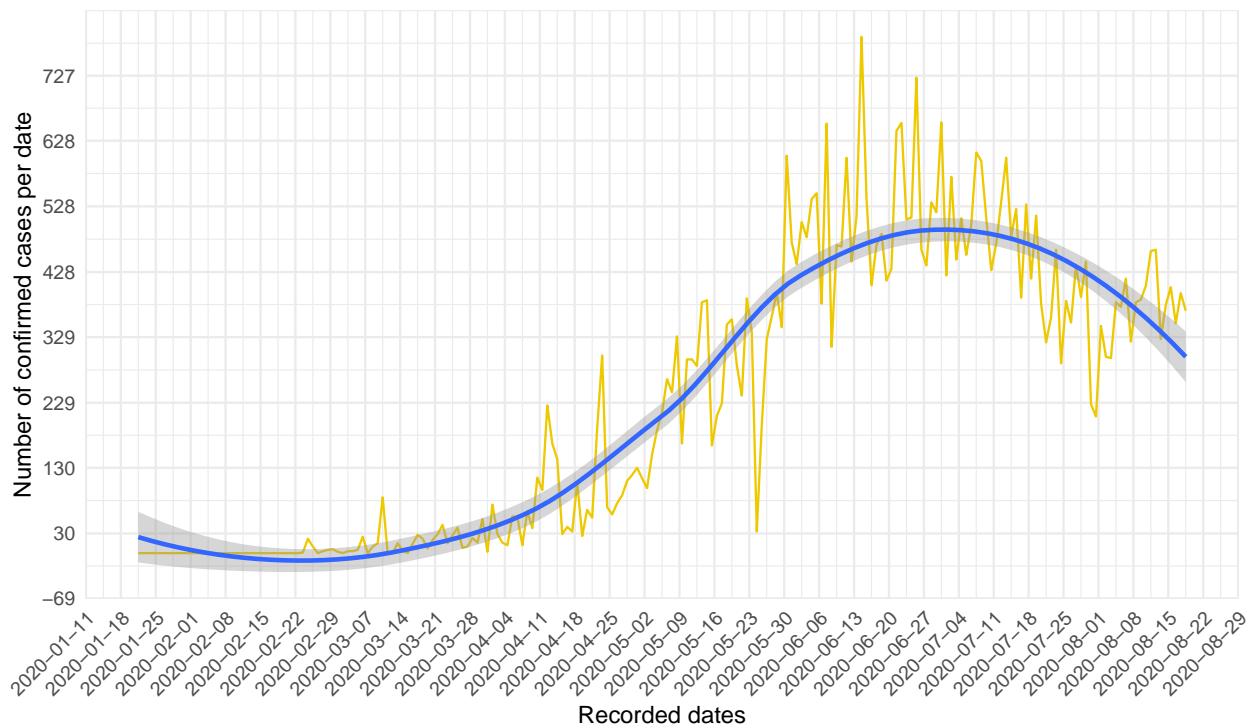

Bahamas – confirmed cases over time, total cases: 898

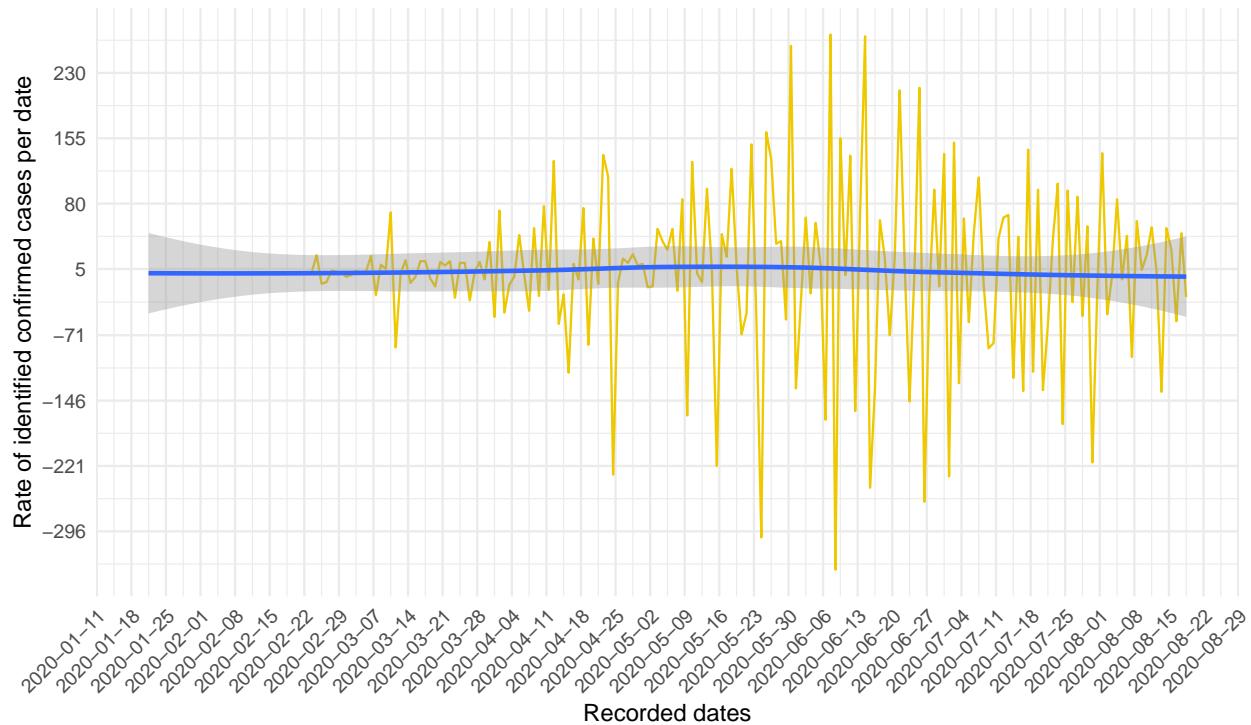

Bahamas – rate of increase of confirmed cases over time

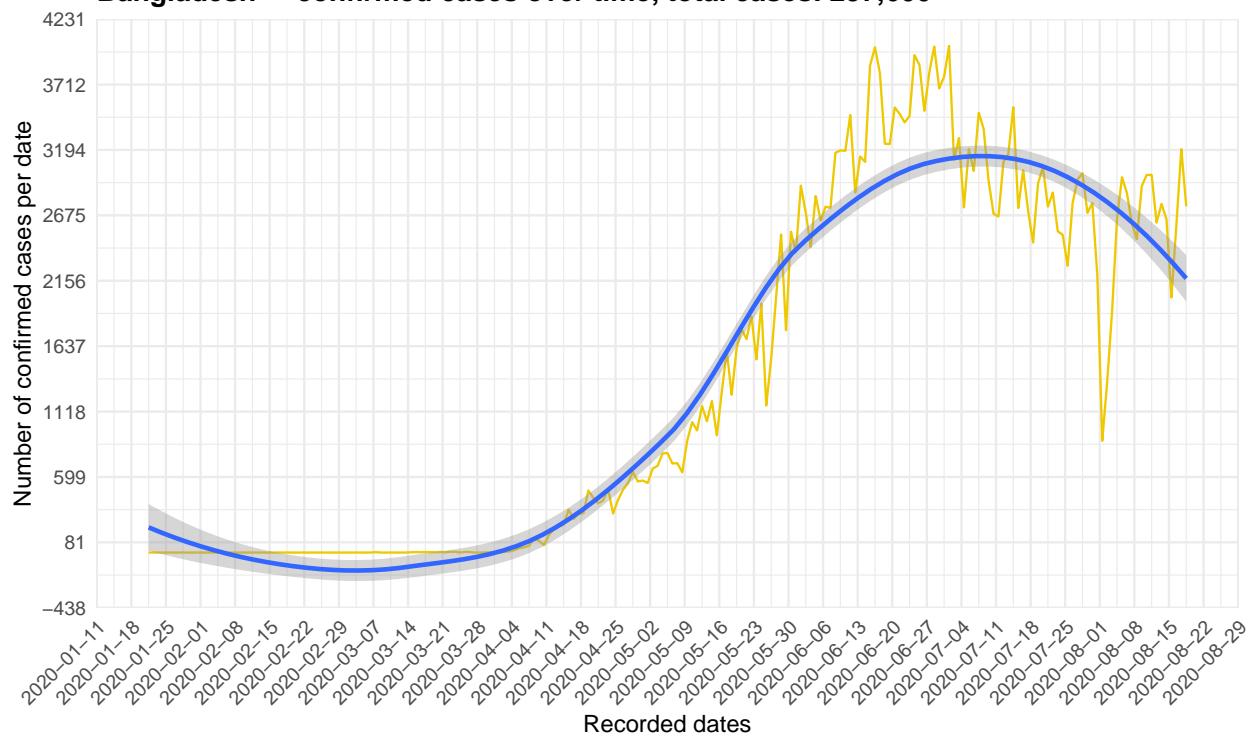

Bahrain – confirmed cases over time, total cases: 44,011

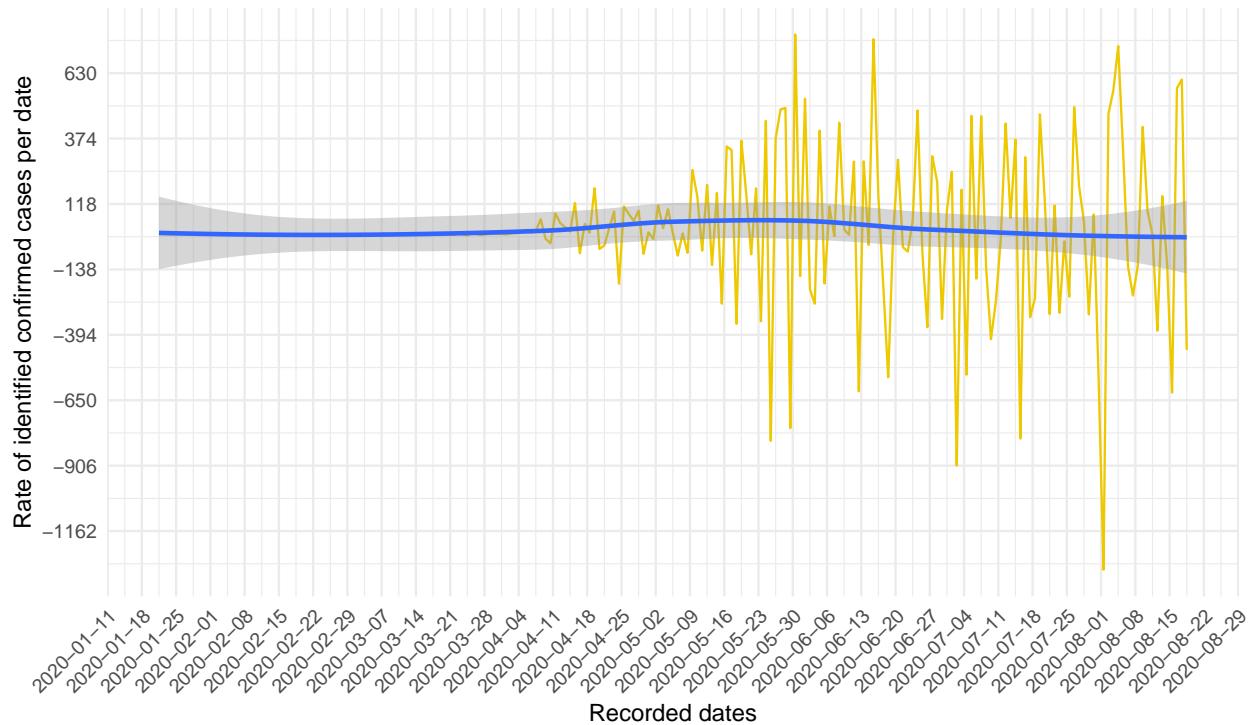

Bahrain – rate of increase of confirmed cases over time

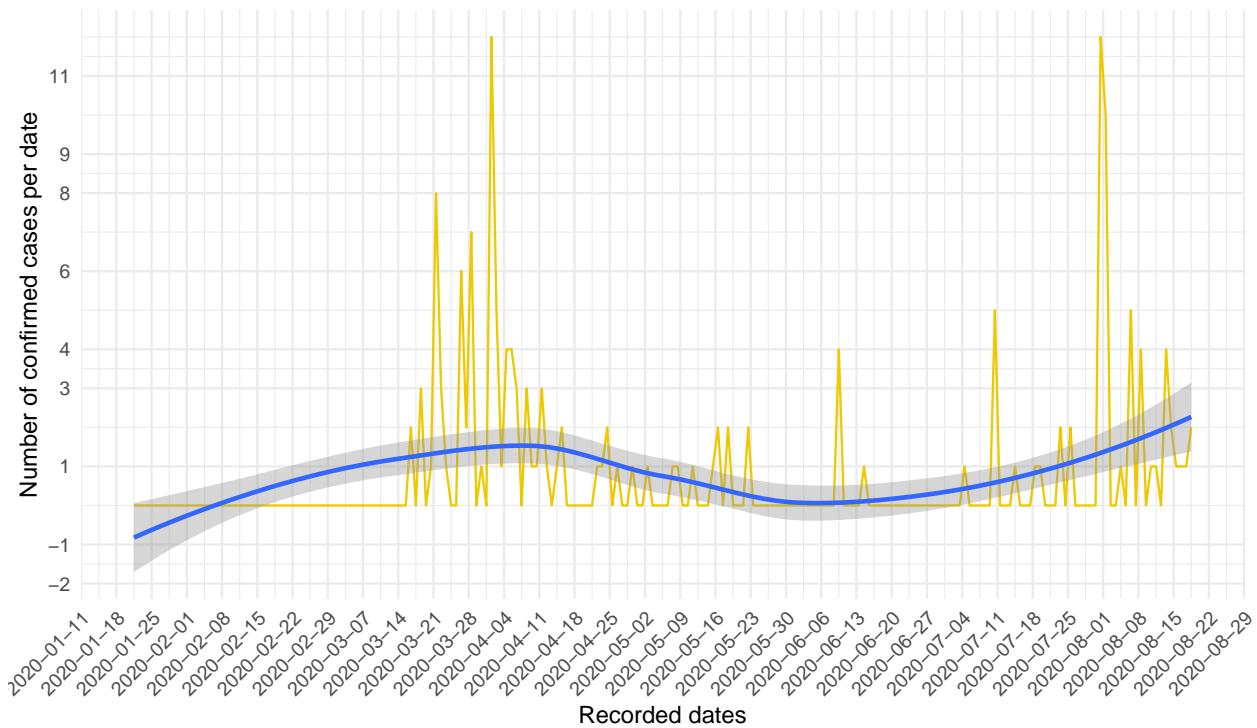

Bangladesh – confirmed cases over time, total cases: 257,600

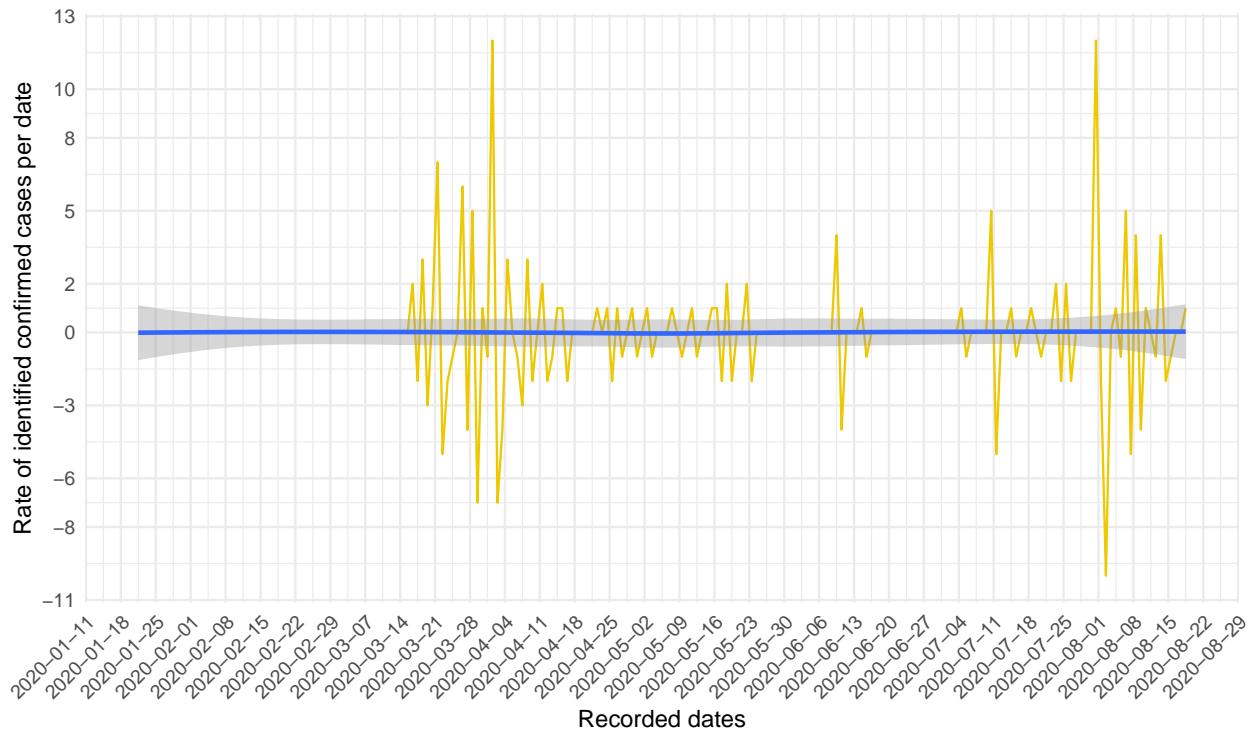

Bangladesh – rate of increase of confirmed cases over time

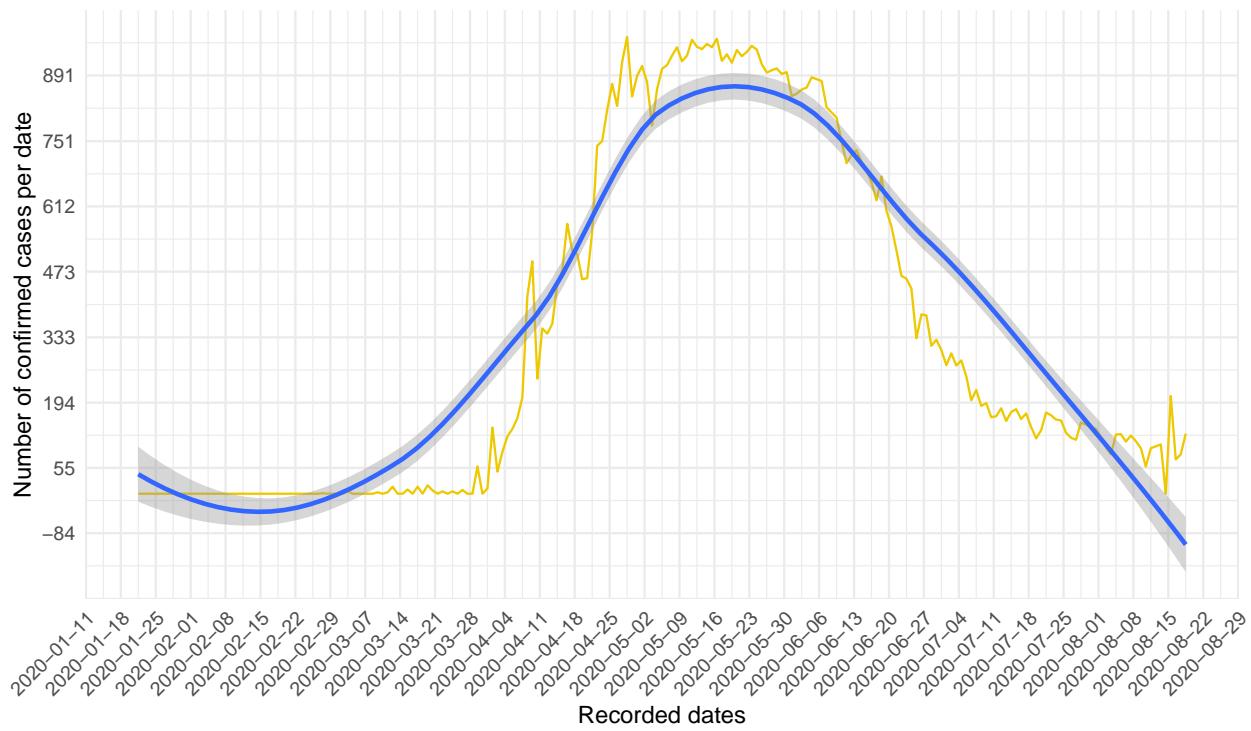

Barbados – confirmed cases over time, total cases: 142

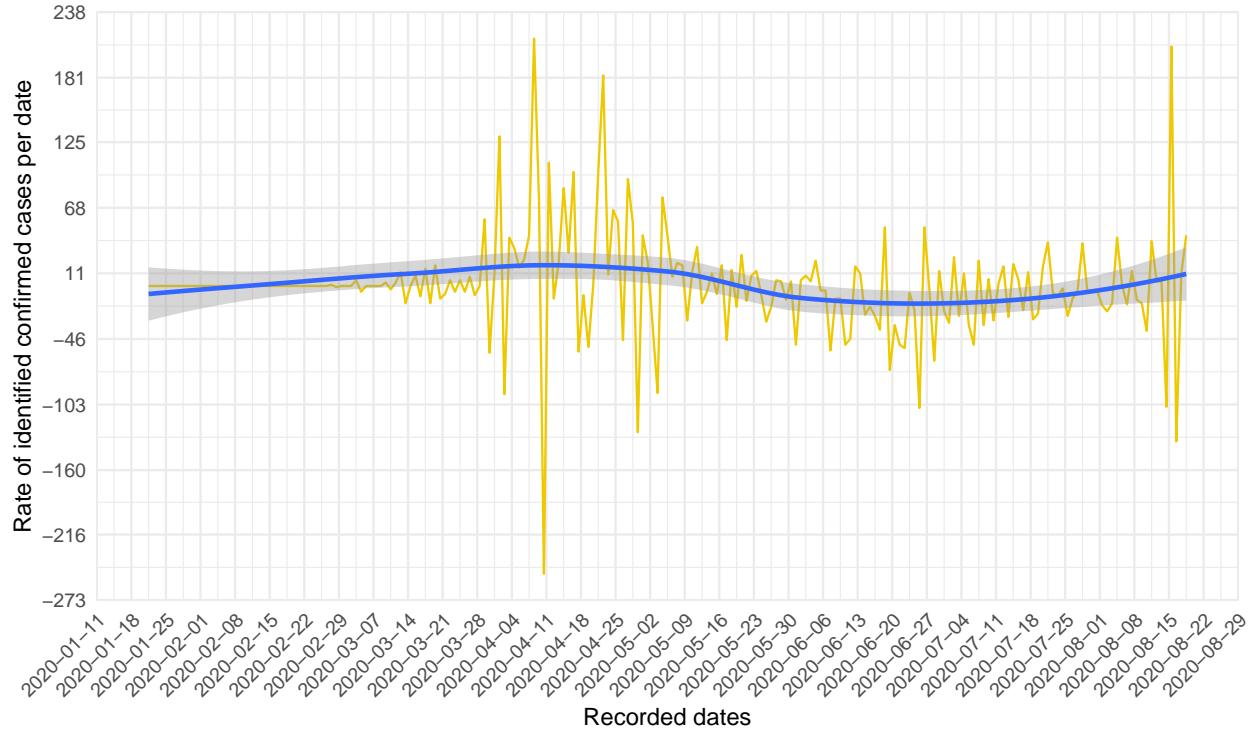

Barbados – rate of increase of confirmed cases over time

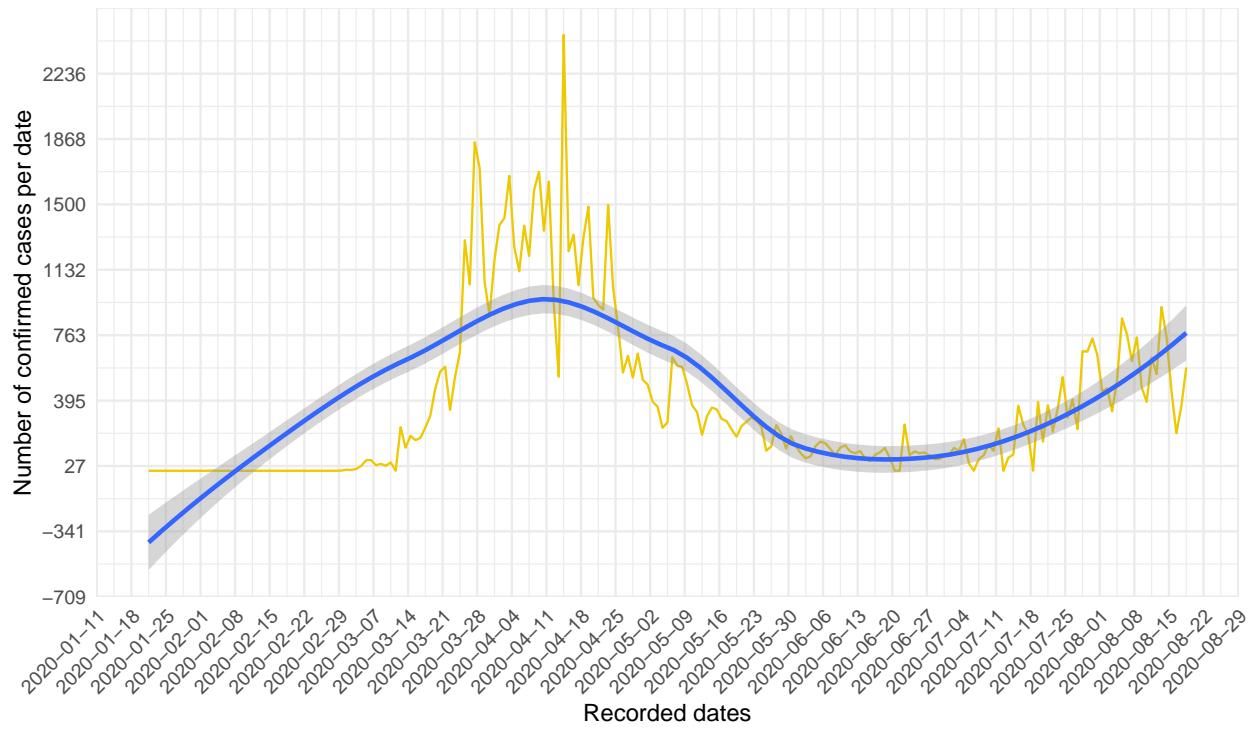

Belarus – confirmed cases over time, total cases: 68,850

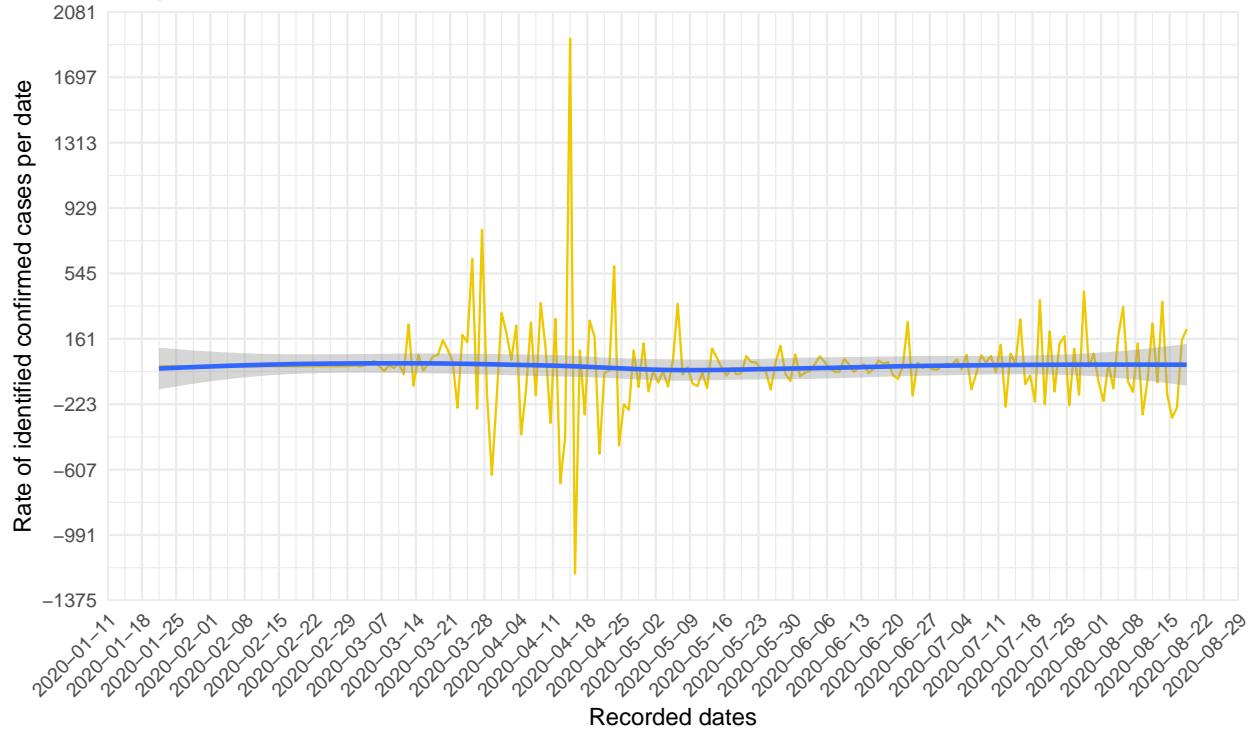

Belarus – rate of increase of confirmed cases over time

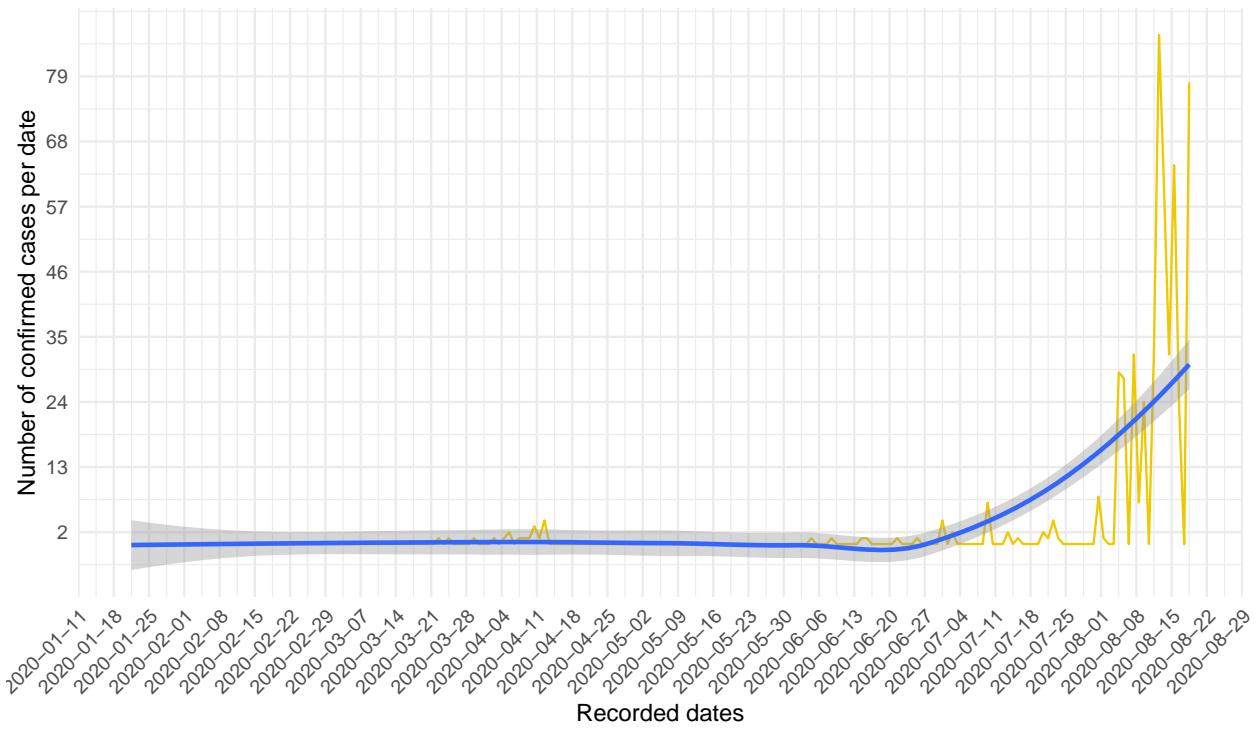

Belgium – confirmed cases over time, total cases: 74,152

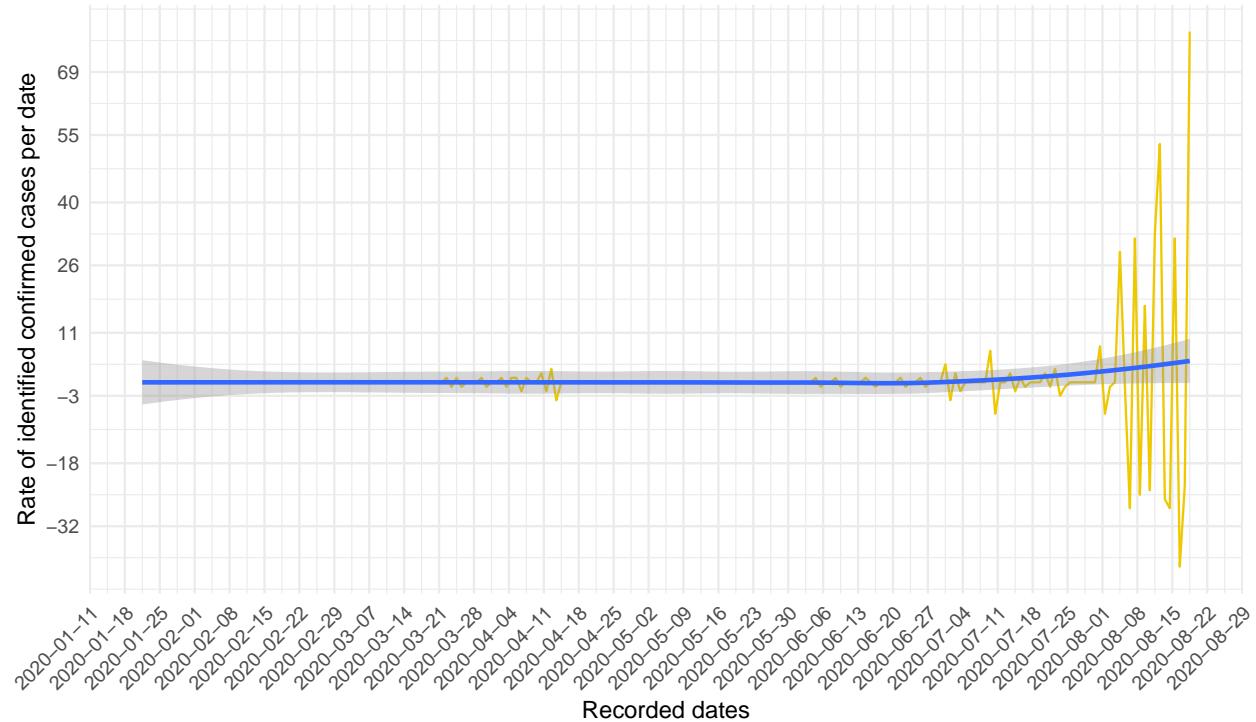

Belgium – rate of increase of confirmed cases over time

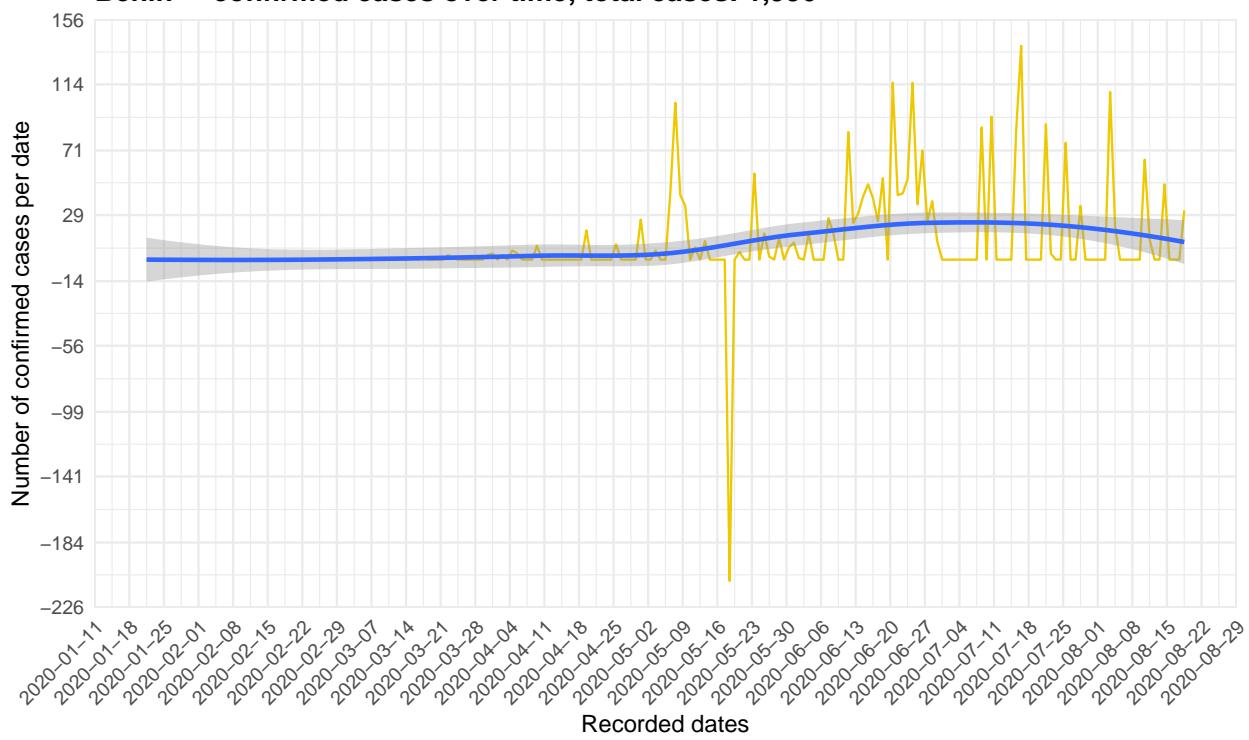

Belize – confirmed cases over time, total cases: 153

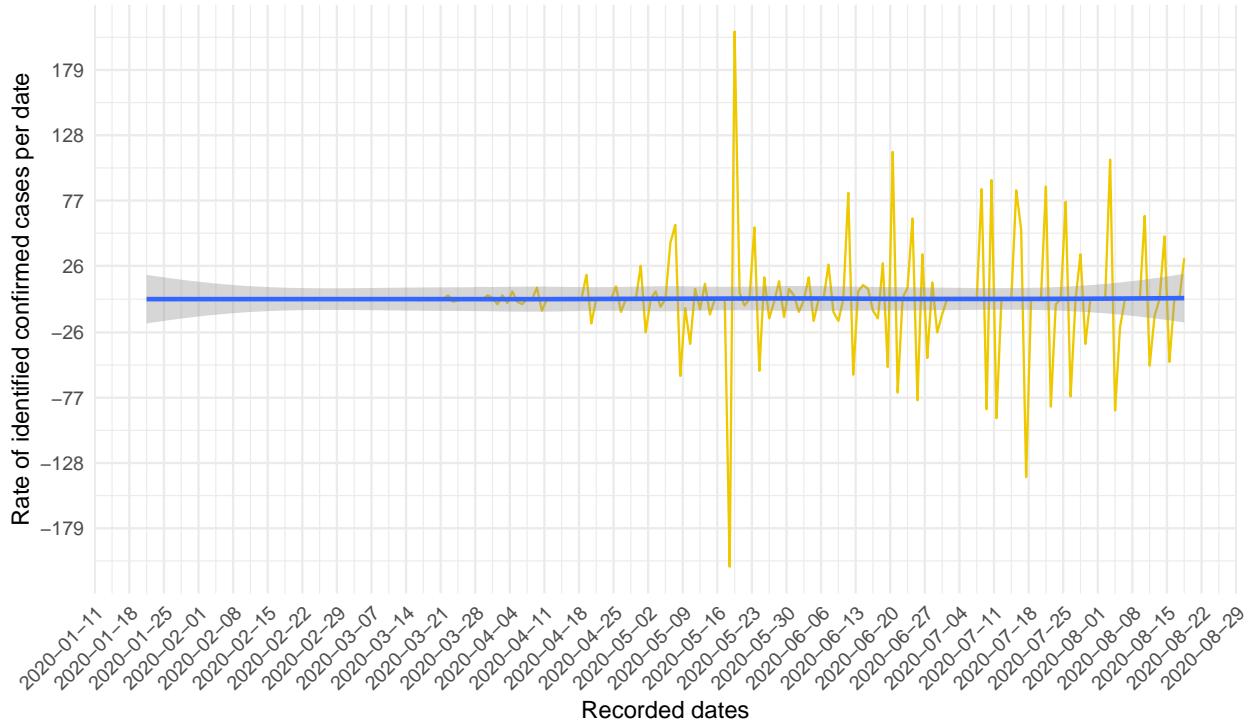

Belize – rate of increase of confirmed cases over time

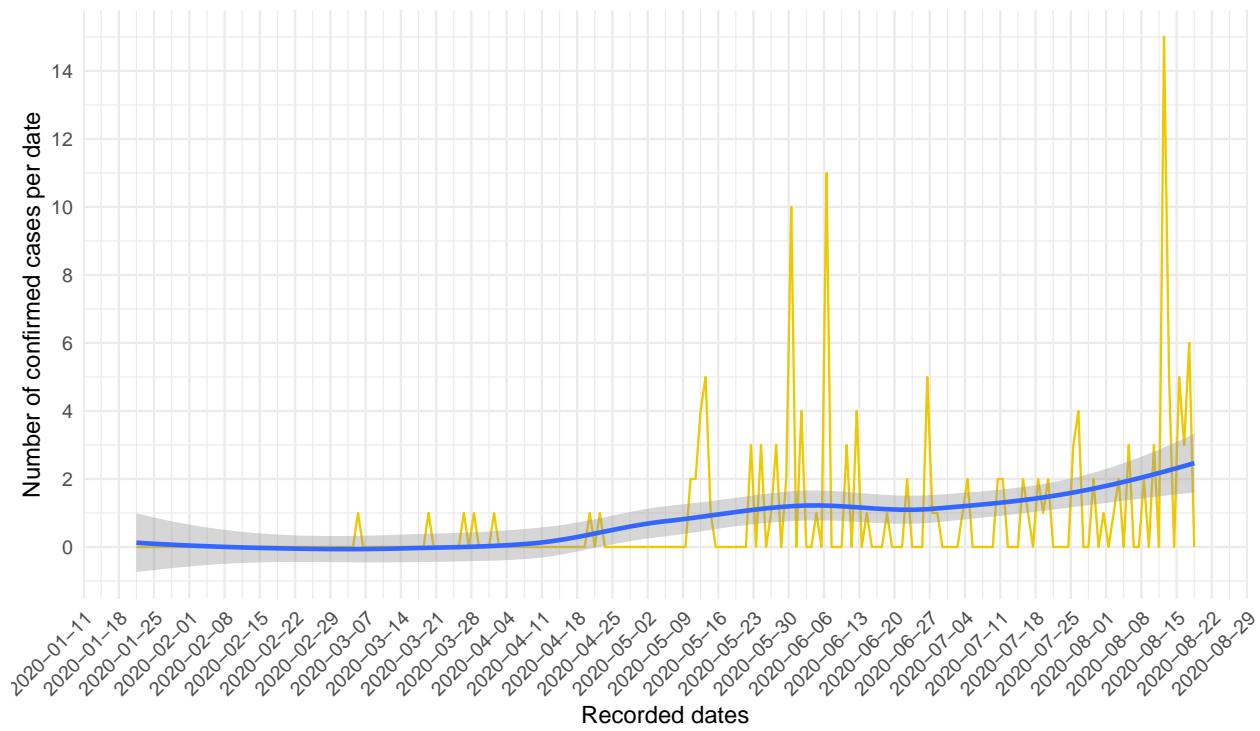

Benin – confirmed cases over time, total cases: 1,936

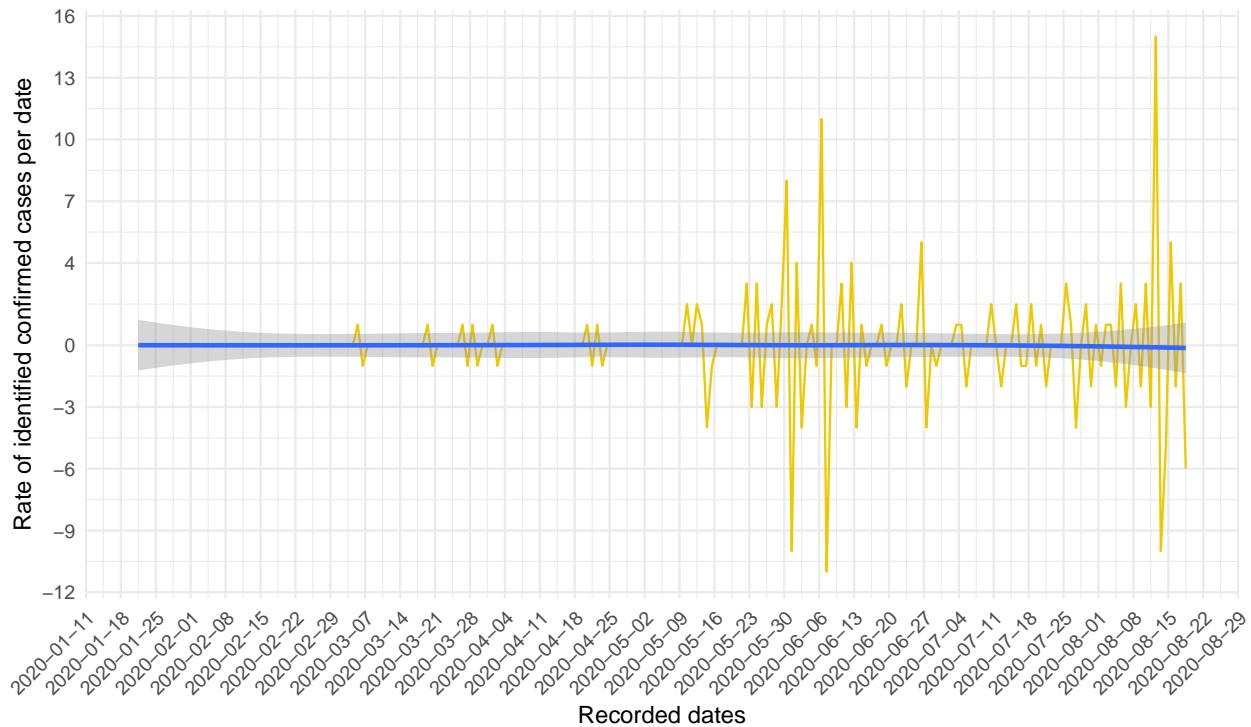

Benin – rate of increase of confirmed cases over time

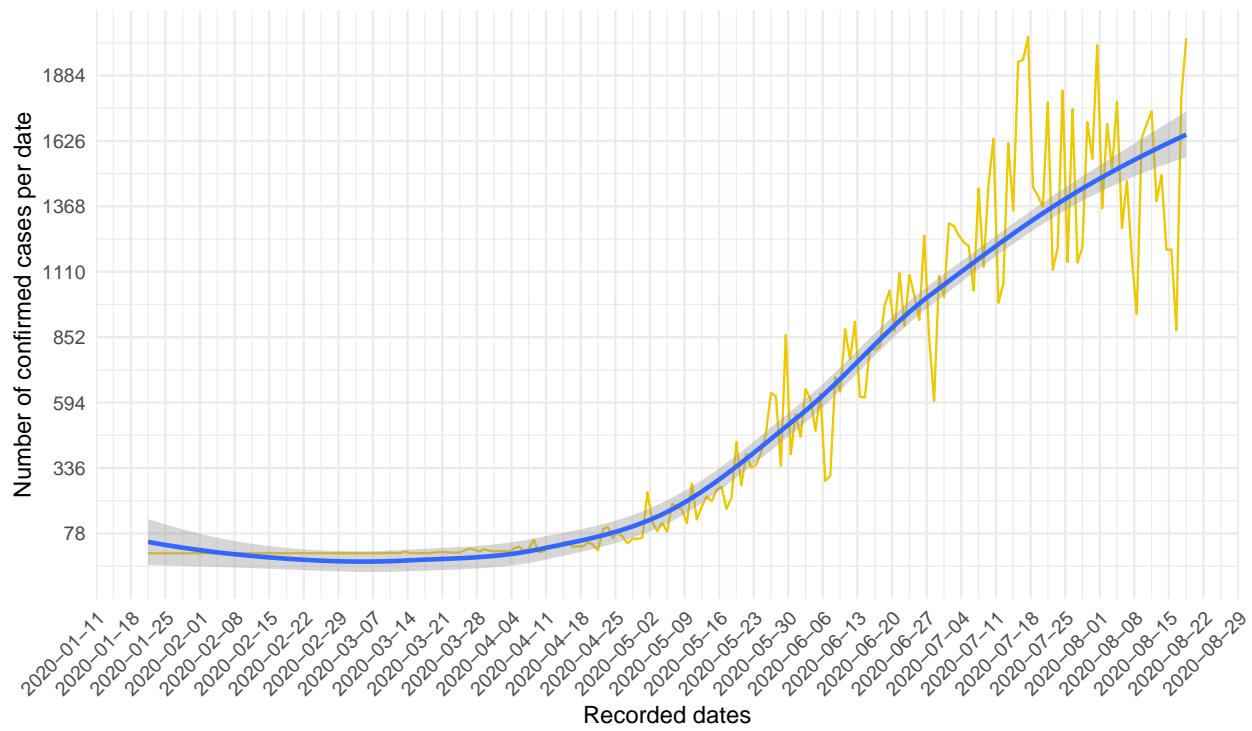

Bhutan – confirmed cases over time, total cases: 110

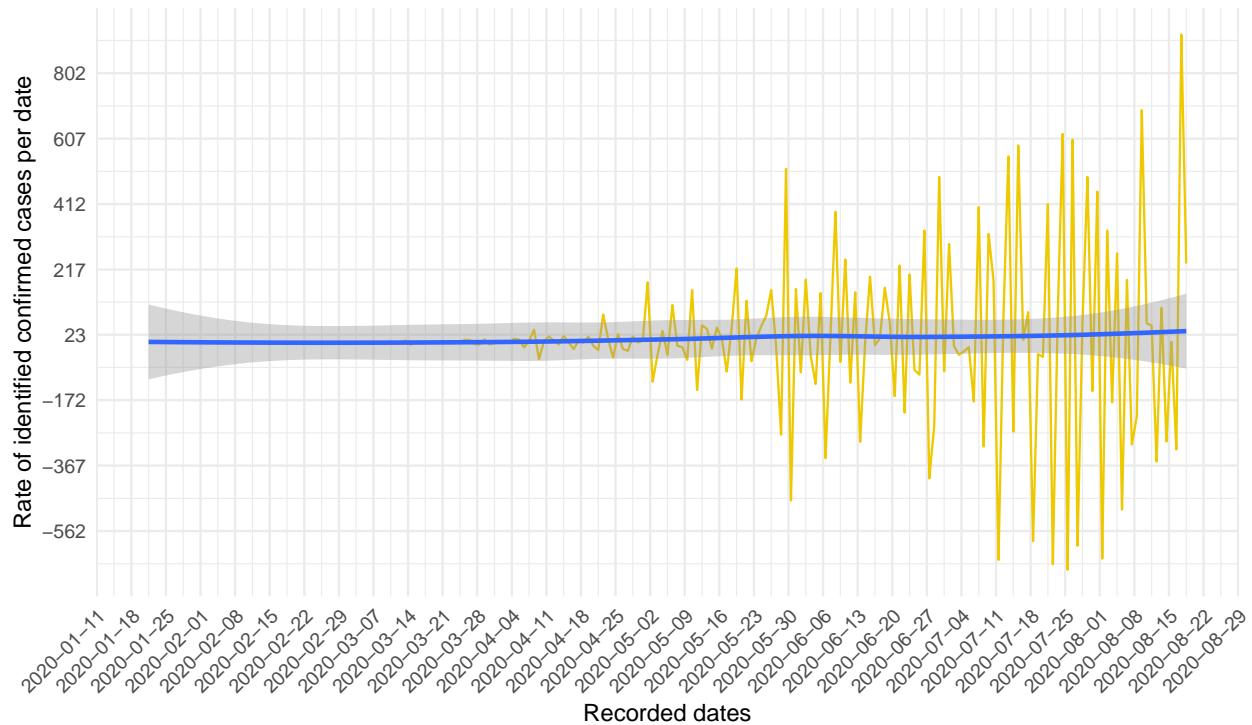

Bhutan – rate of increase of confirmed cases over time

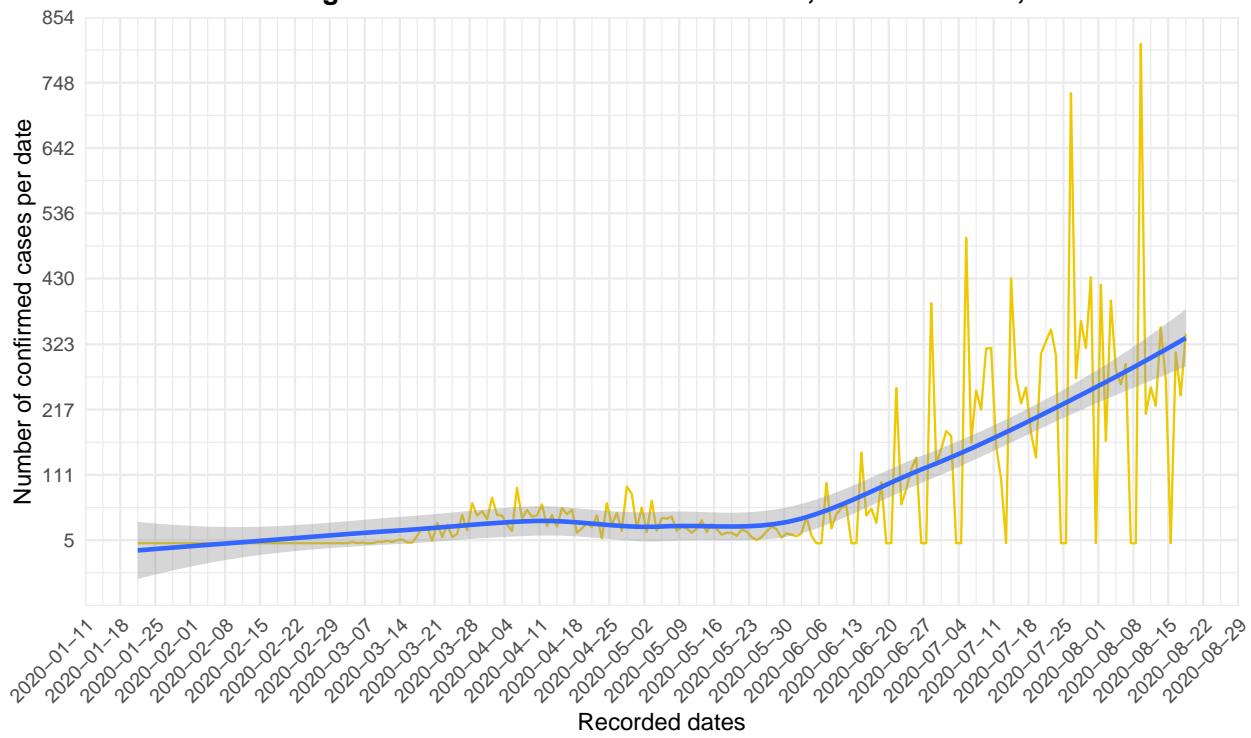

Bolivia – confirmed cases over time, total cases: 89,999

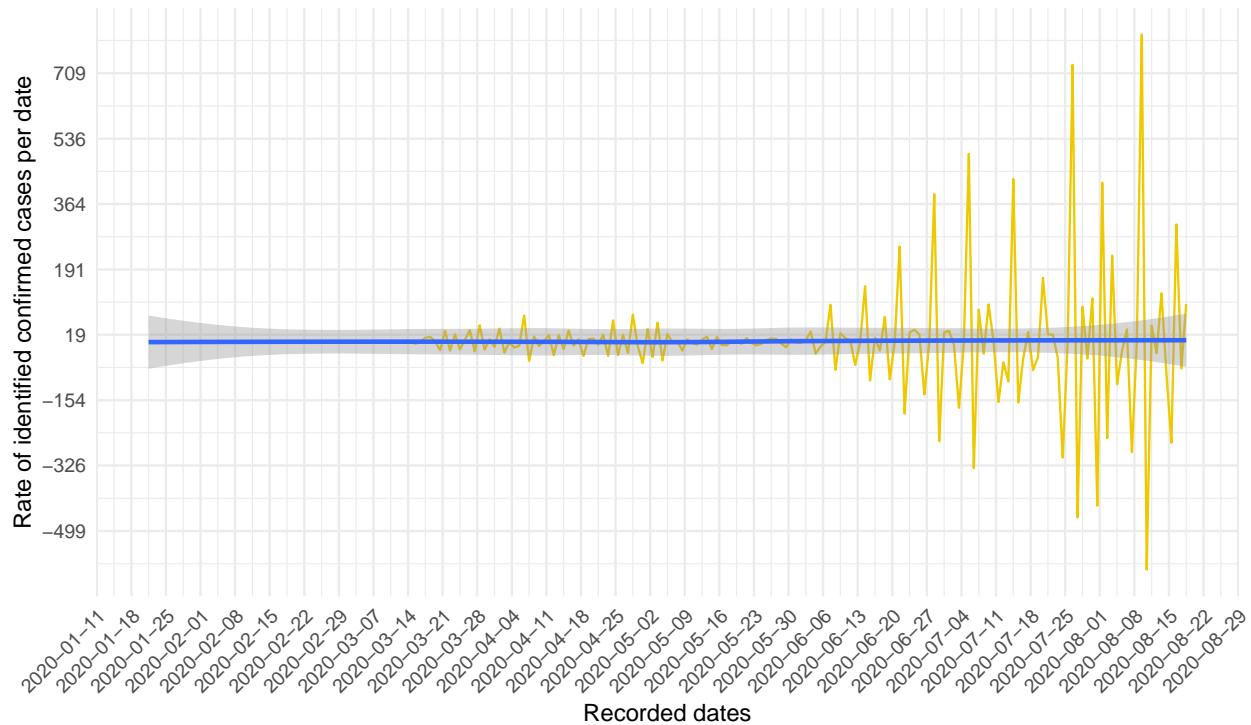

Bolivia – rate of increase of confirmed cases over time

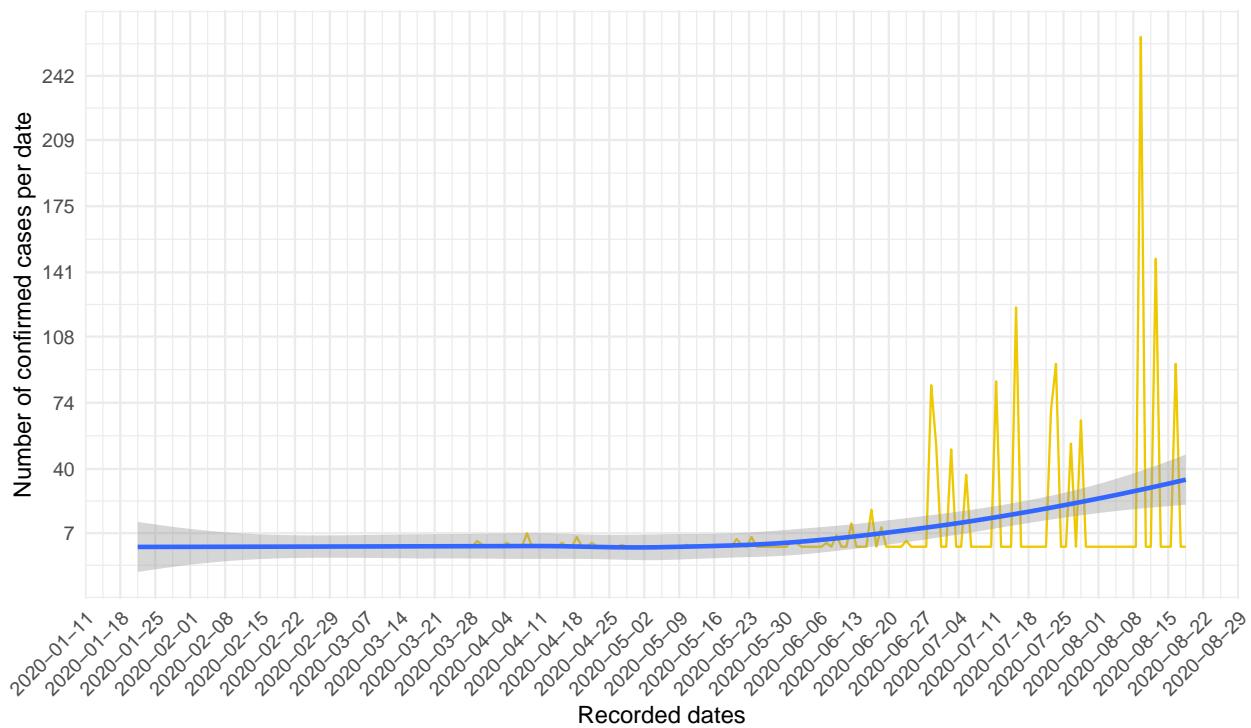

Bosnia and Herzegovina – confirmed cases over time, total cases: 13,687

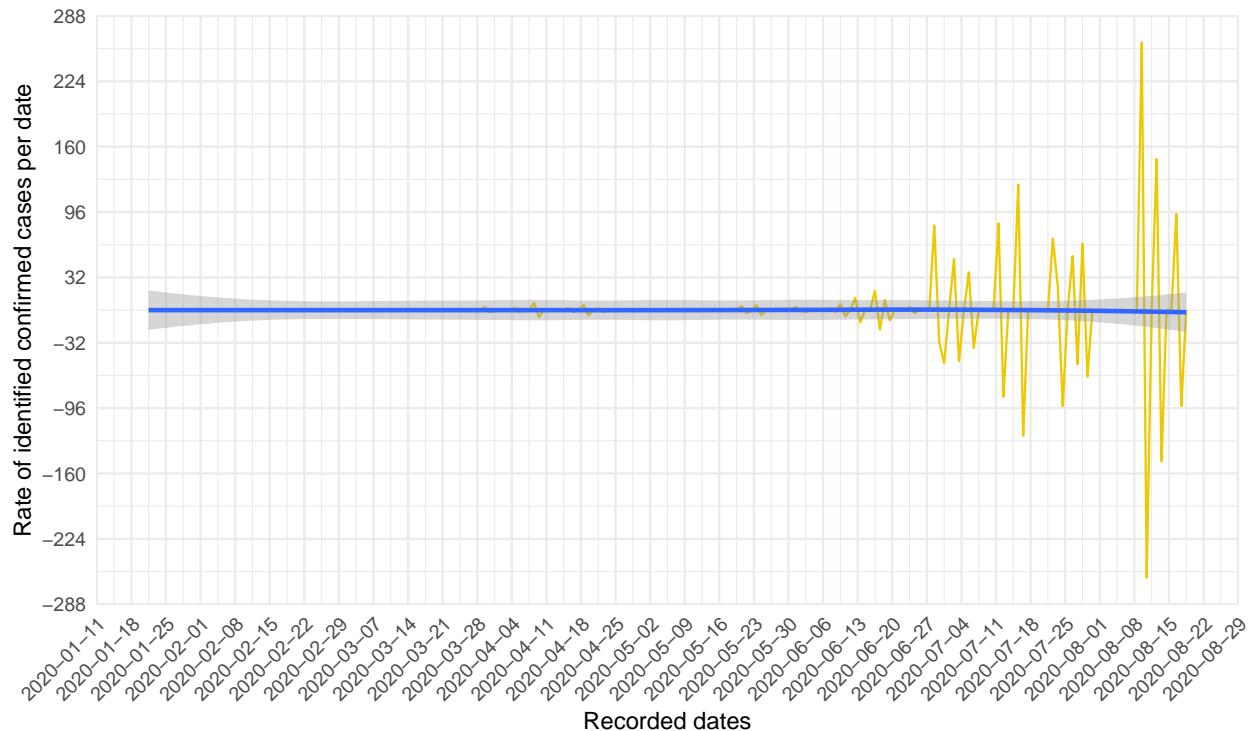

Bosnia and Herzegovina – rate of increase of confirmed cases over time

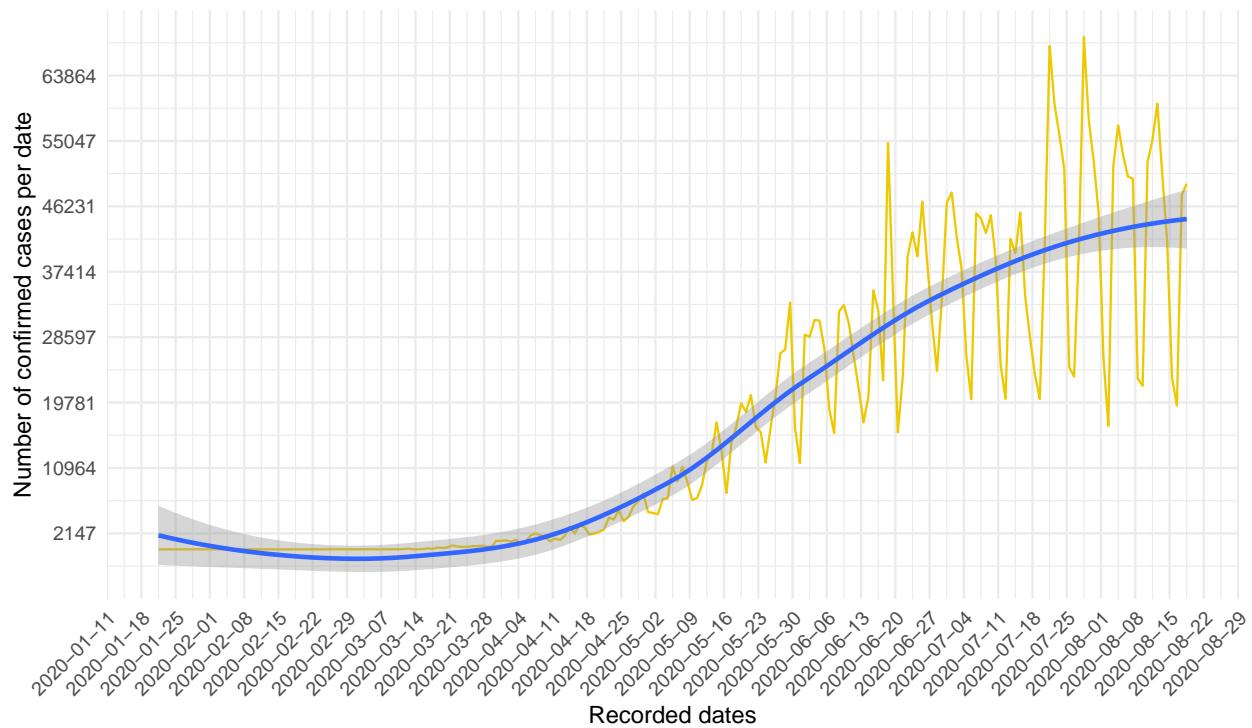

Botswana – confirmed cases over time, total cases: 804

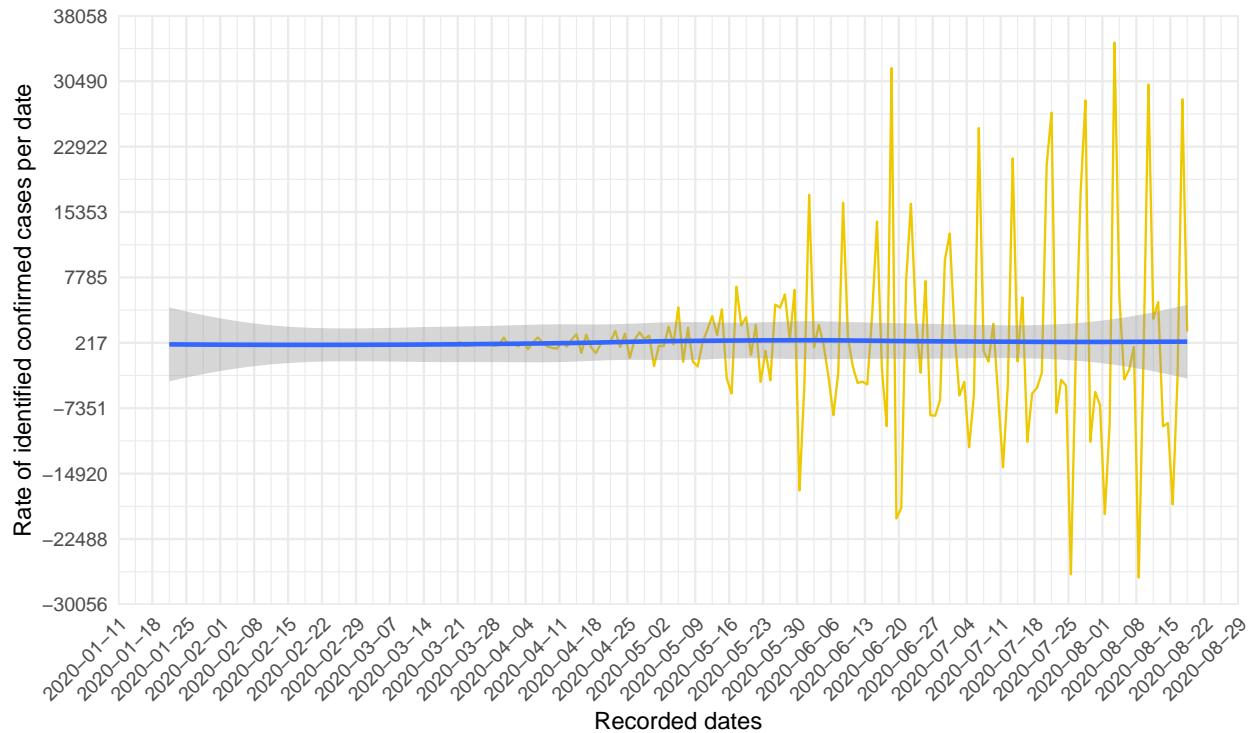

Botswana – rate of increase of confirmed cases over time

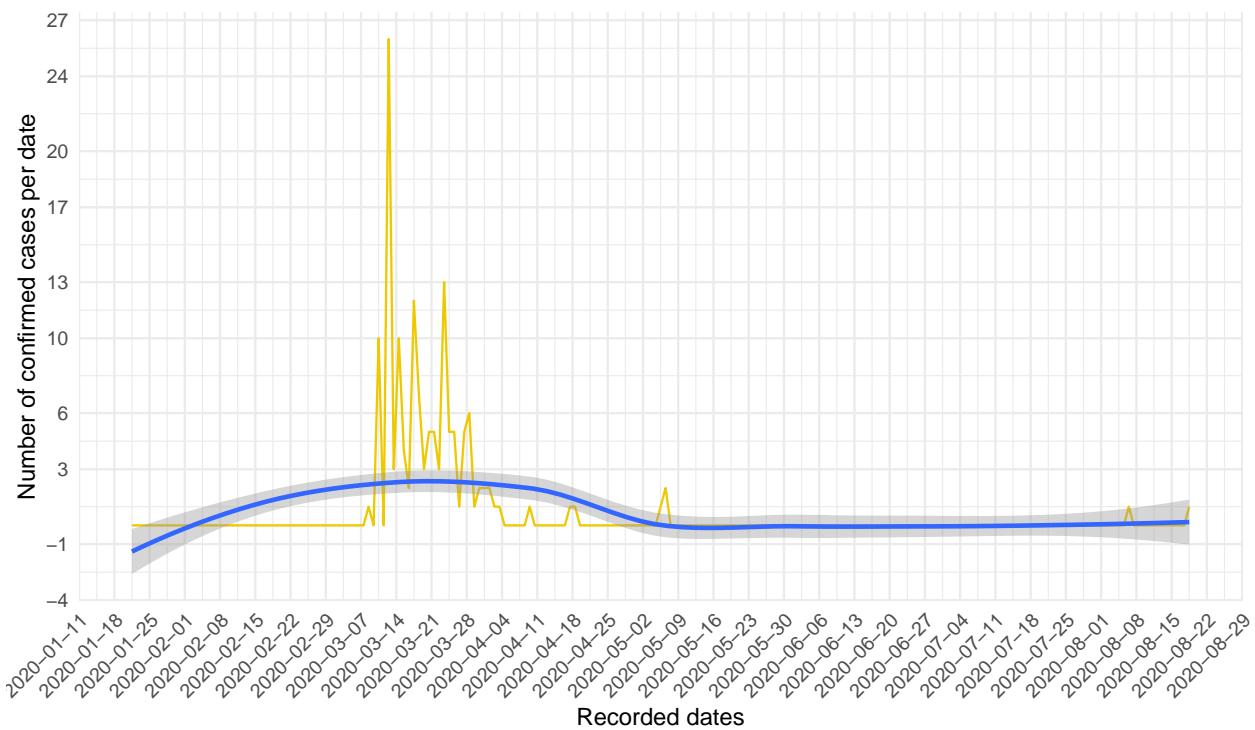

Brazil – confirmed cases over time, total cases: 3,035,422

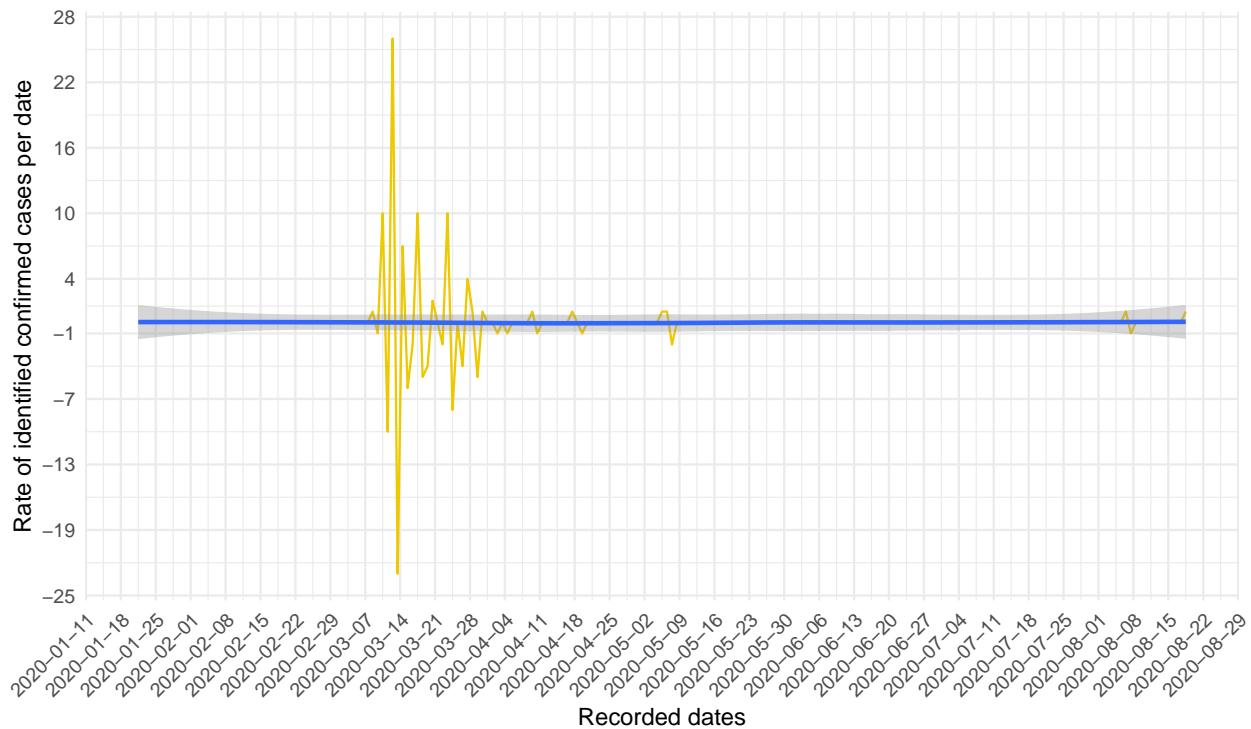

Brazil – rate of increase of confirmed cases over time

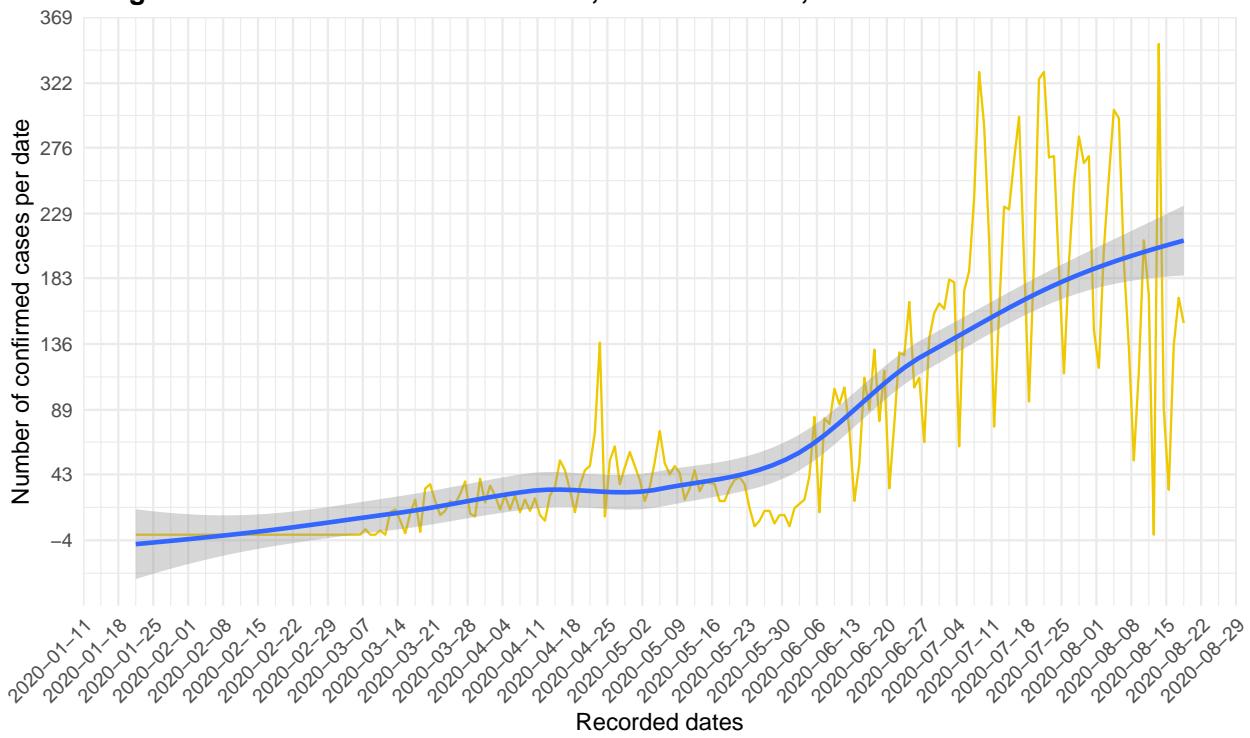

Brunei – confirmed cases over time, total cases: 142

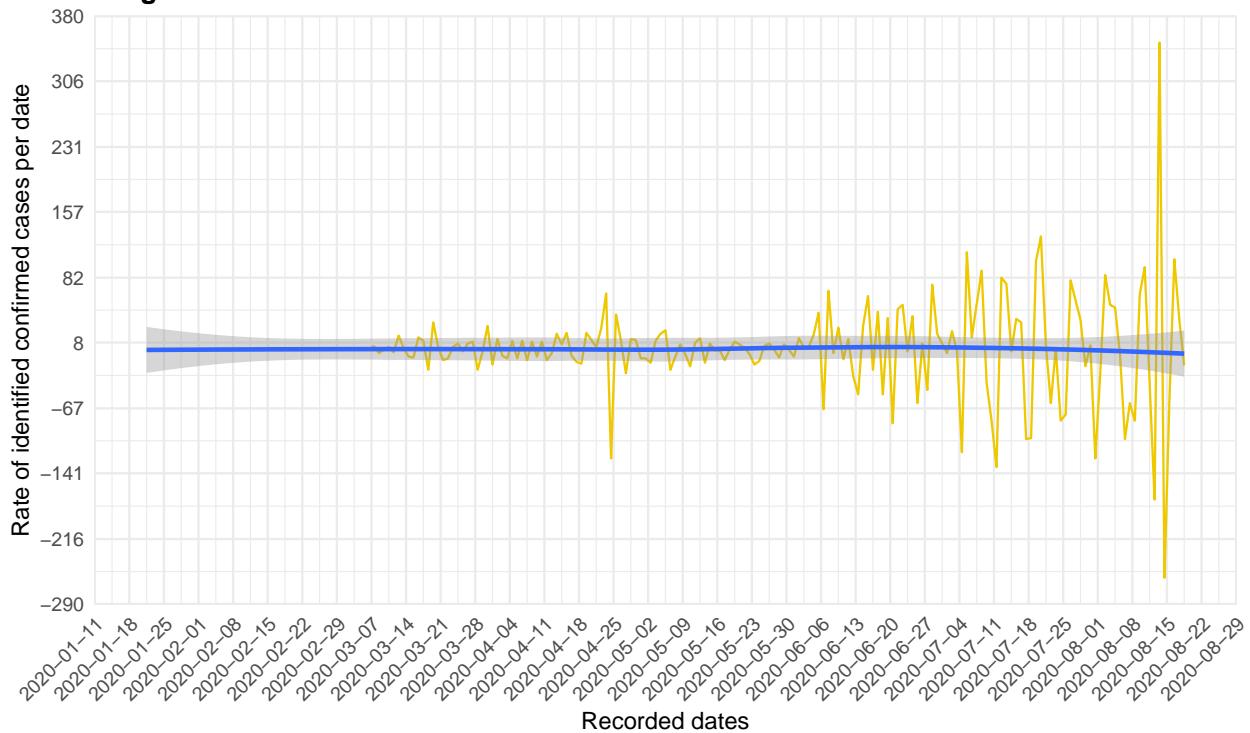

Brunei – rate of increase of confirmed cases over time

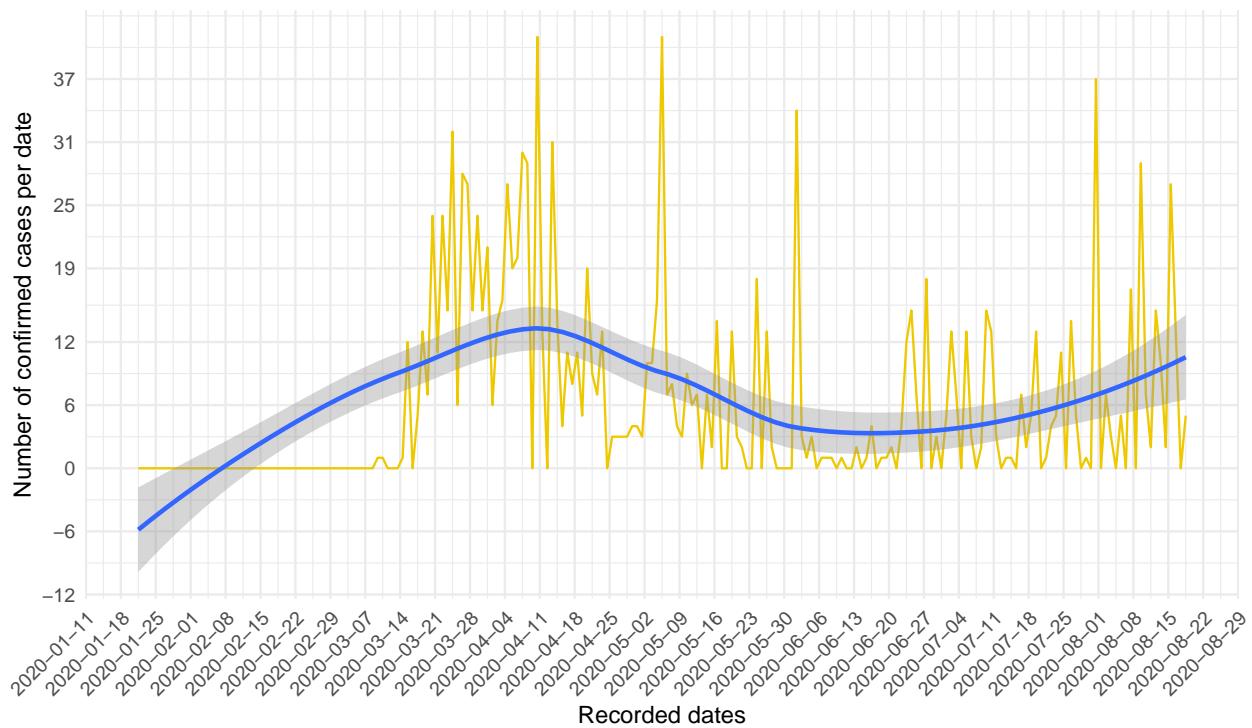

Bulgaria – confirmed cases over time, total cases: 13,396

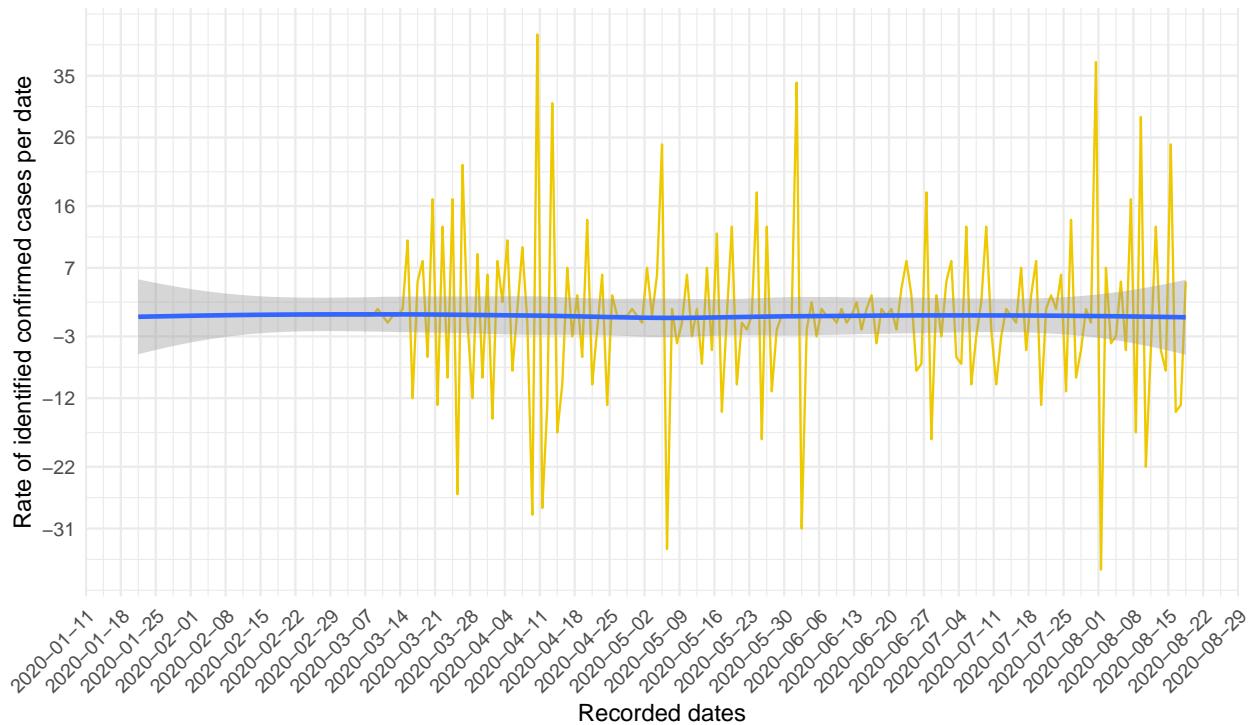

Bulgaria – rate of increase of confirmed cases over time

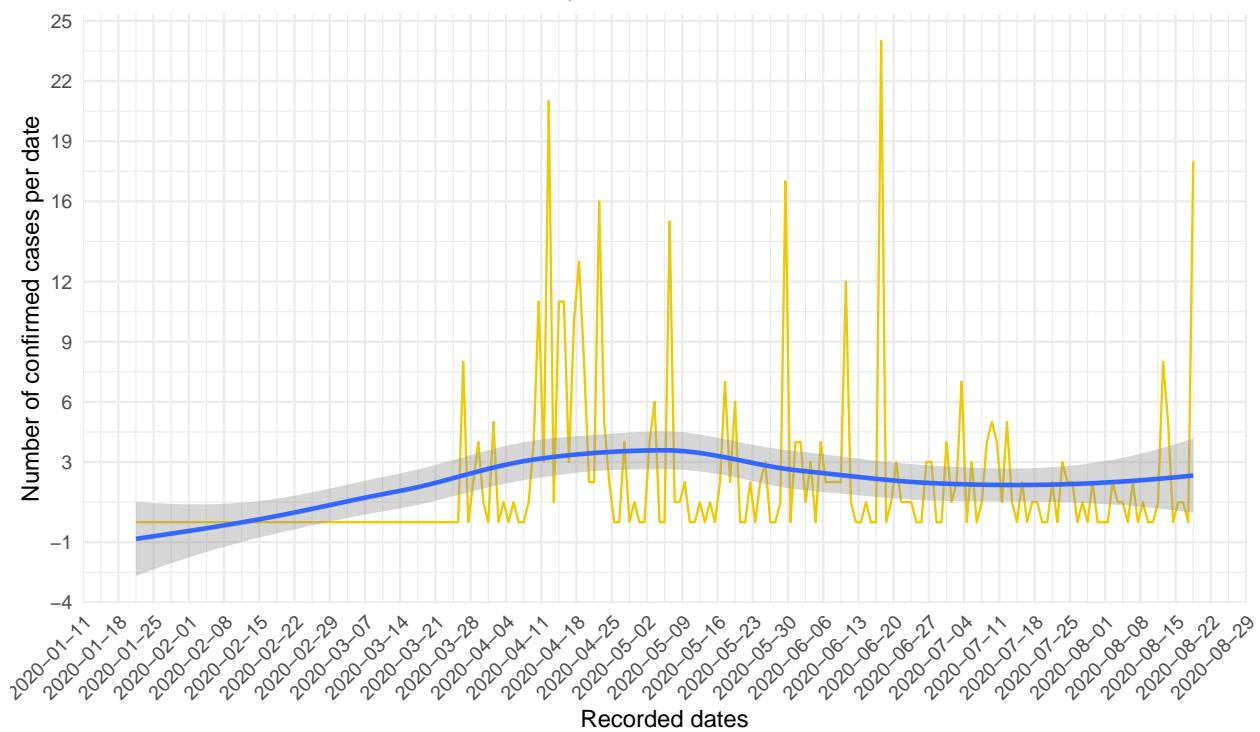

Burkina Faso – confirmed cases over time, total cases: 1,175

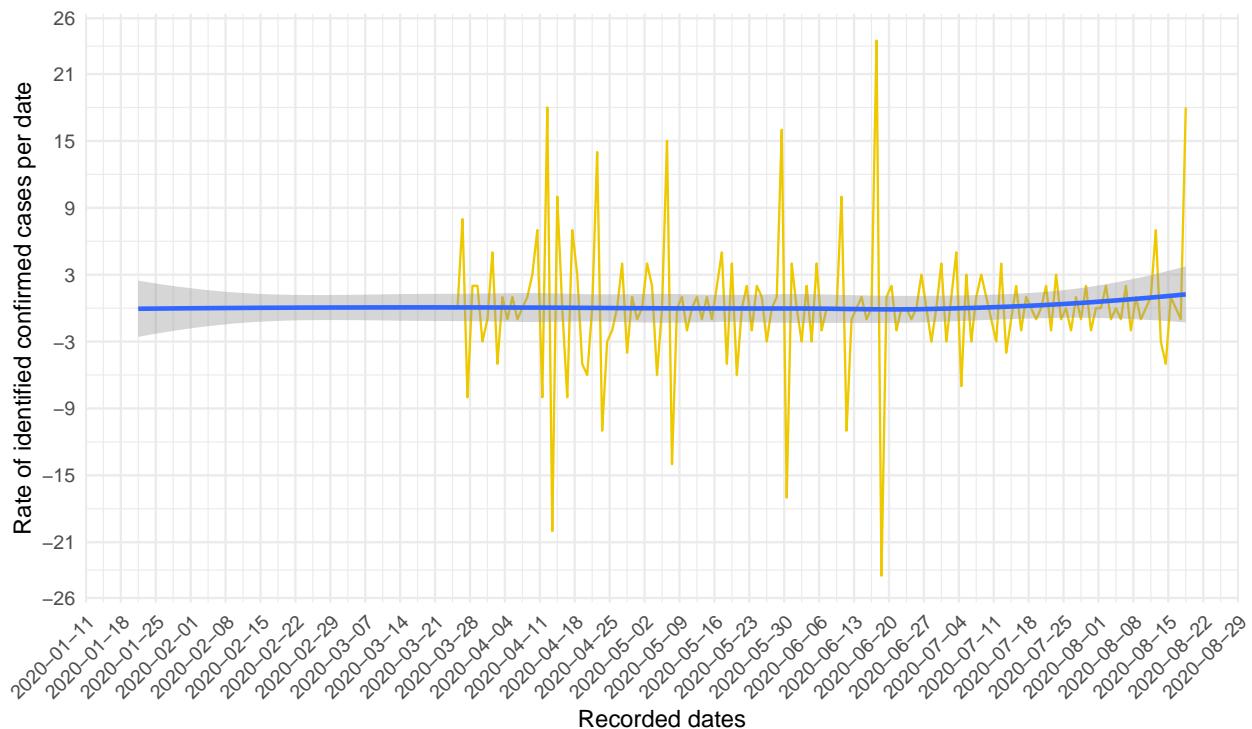

Burkina Faso – rate of increase of confirmed cases over time

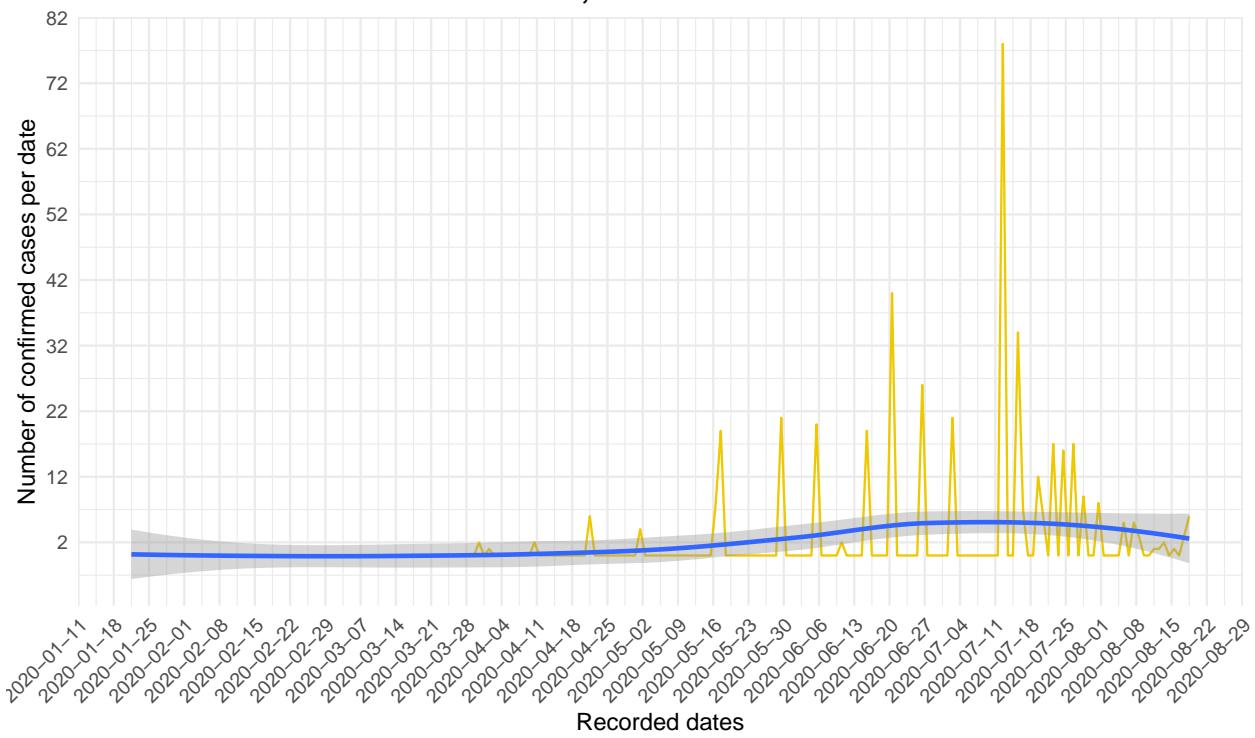

Burma – confirmed cases over time, total cases: 360

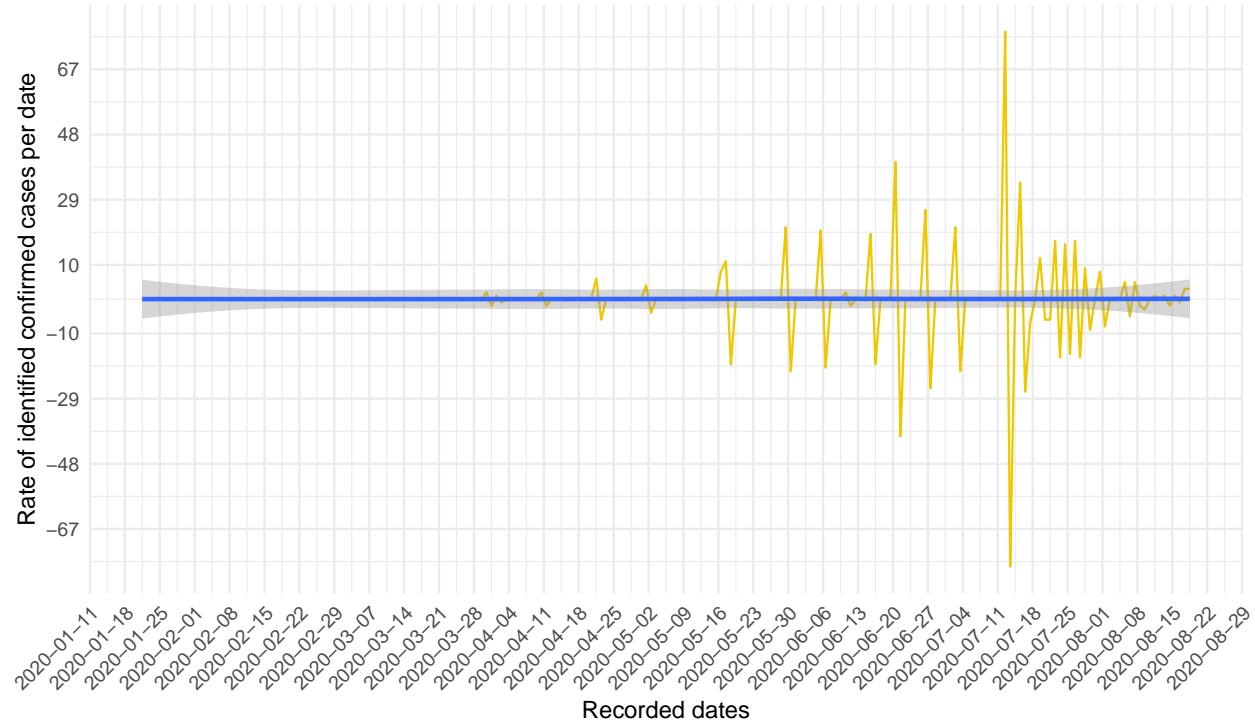

Burma – rate of increase of confirmed cases over time

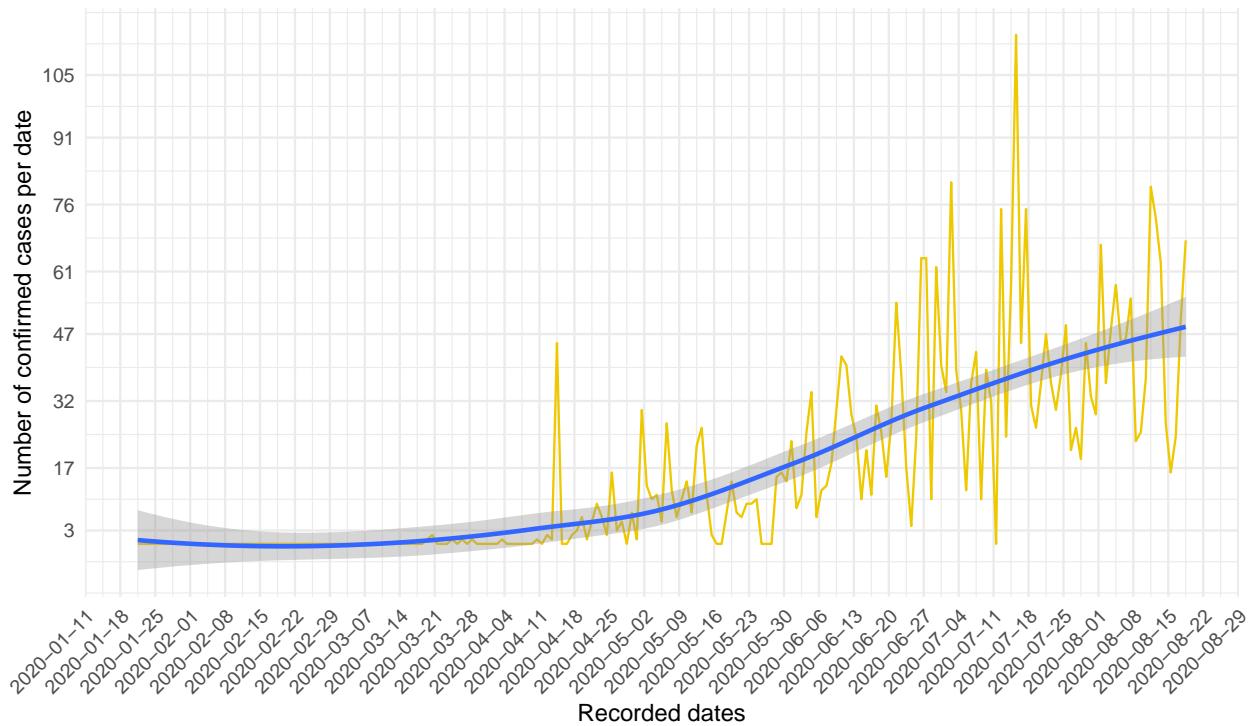

Burundi – confirmed cases over time, total cases: 408

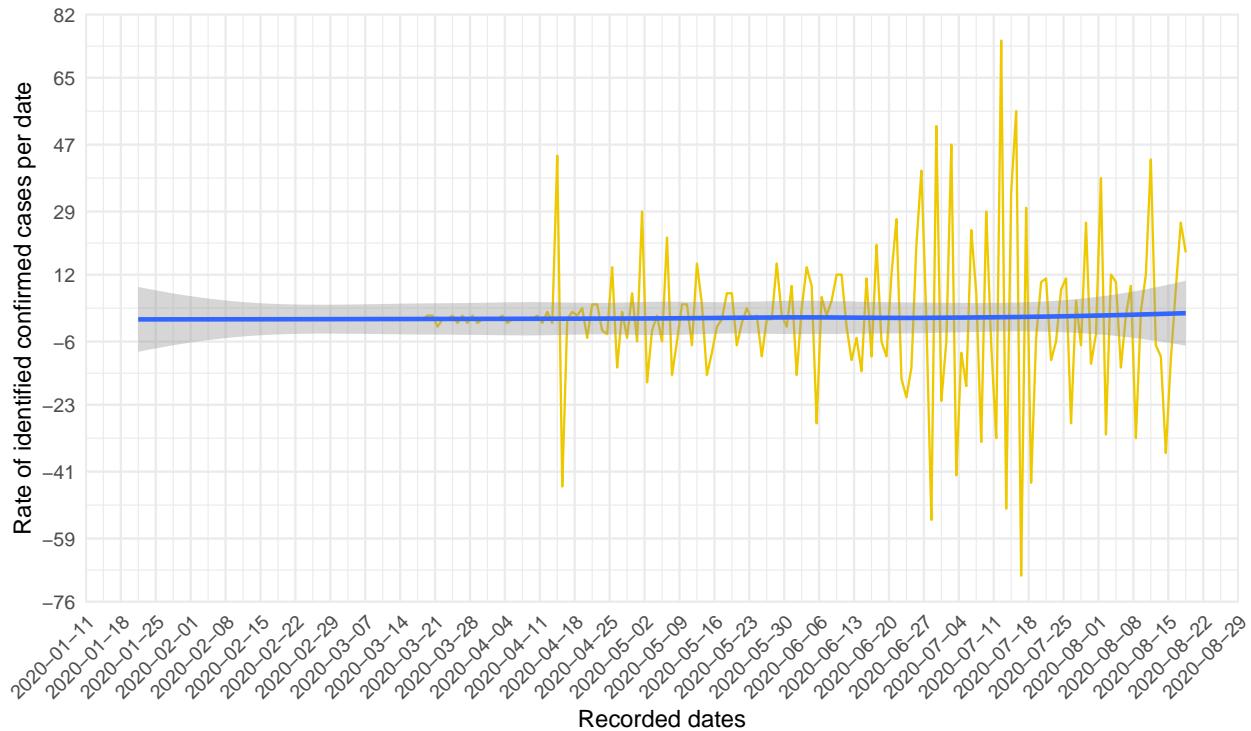

Burundi – rate of increase of confirmed cases over time

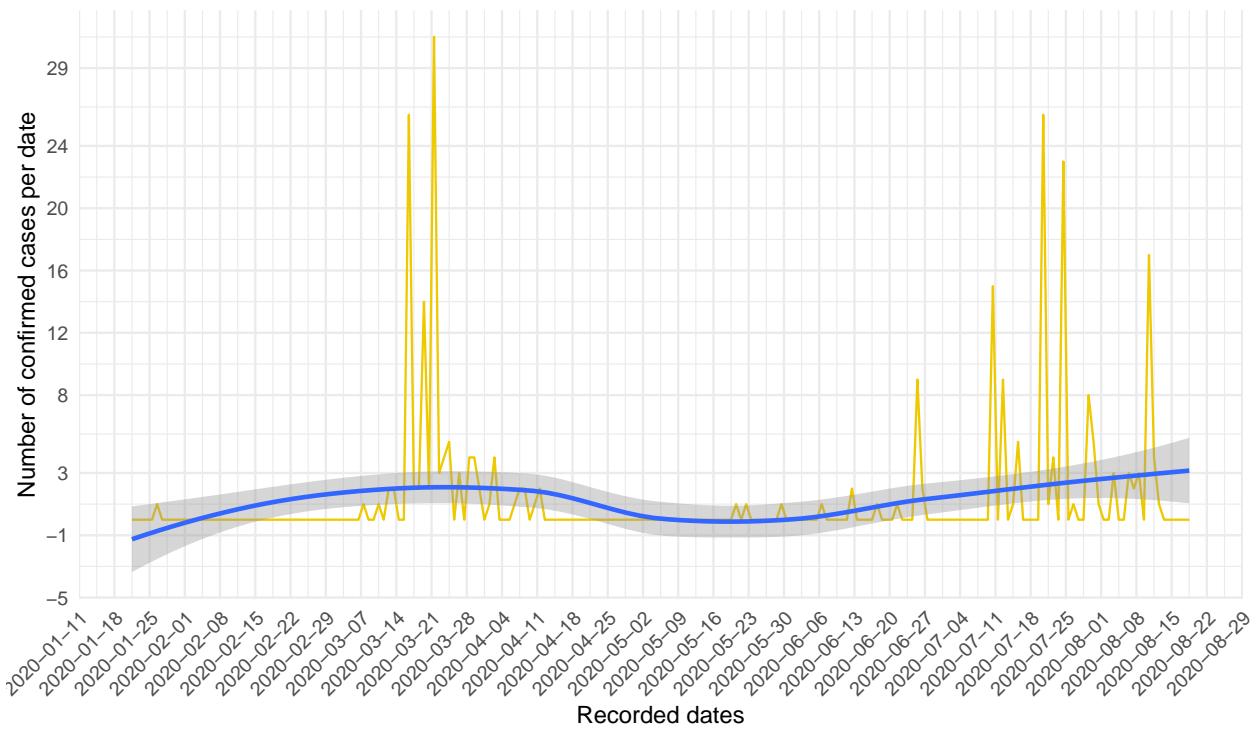

Cabo Verde – confirmed cases over time, total cases: 2,858

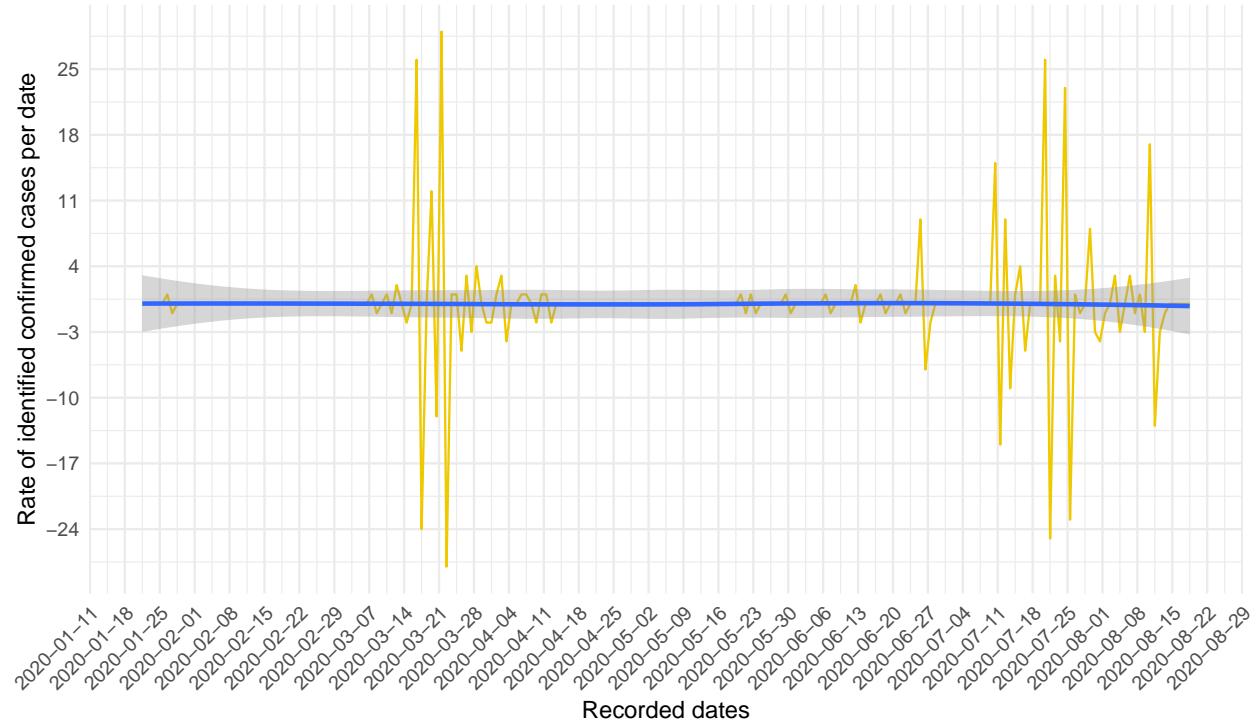

Cabo Verde – rate of increase of confirmed cases over time

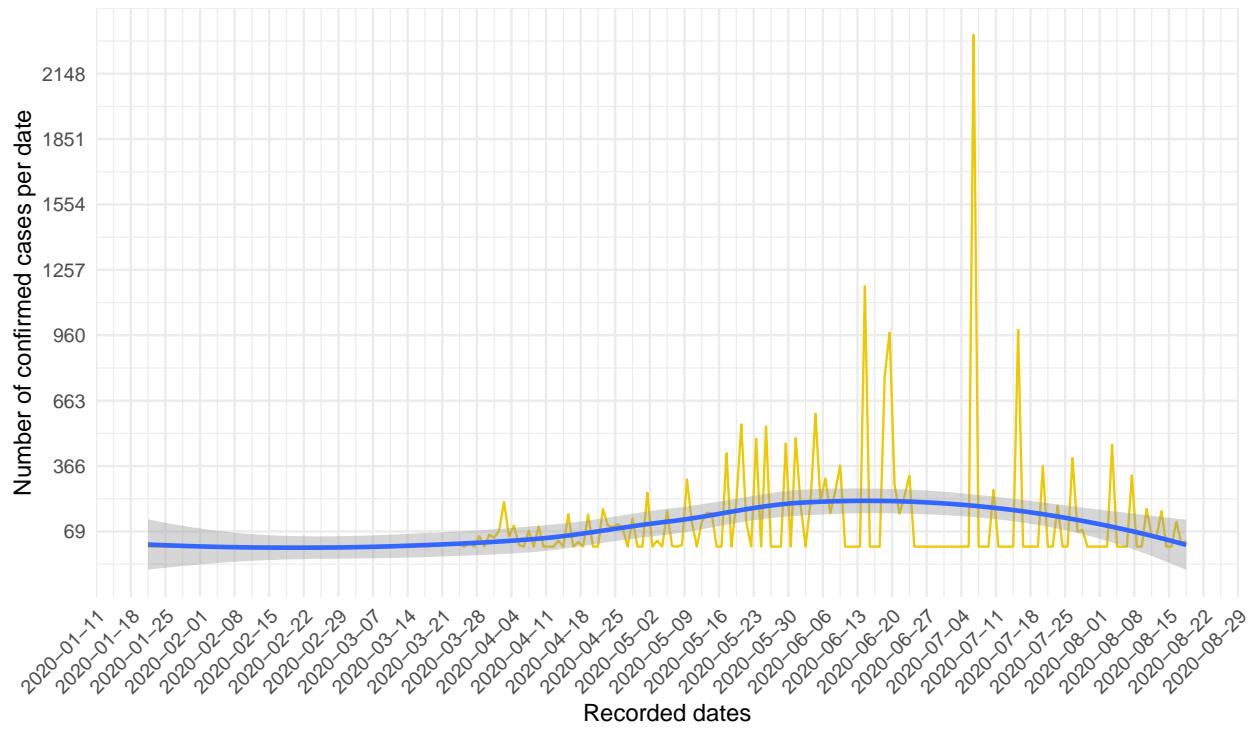

Cambodia – confirmed cases over time, total cases: 251

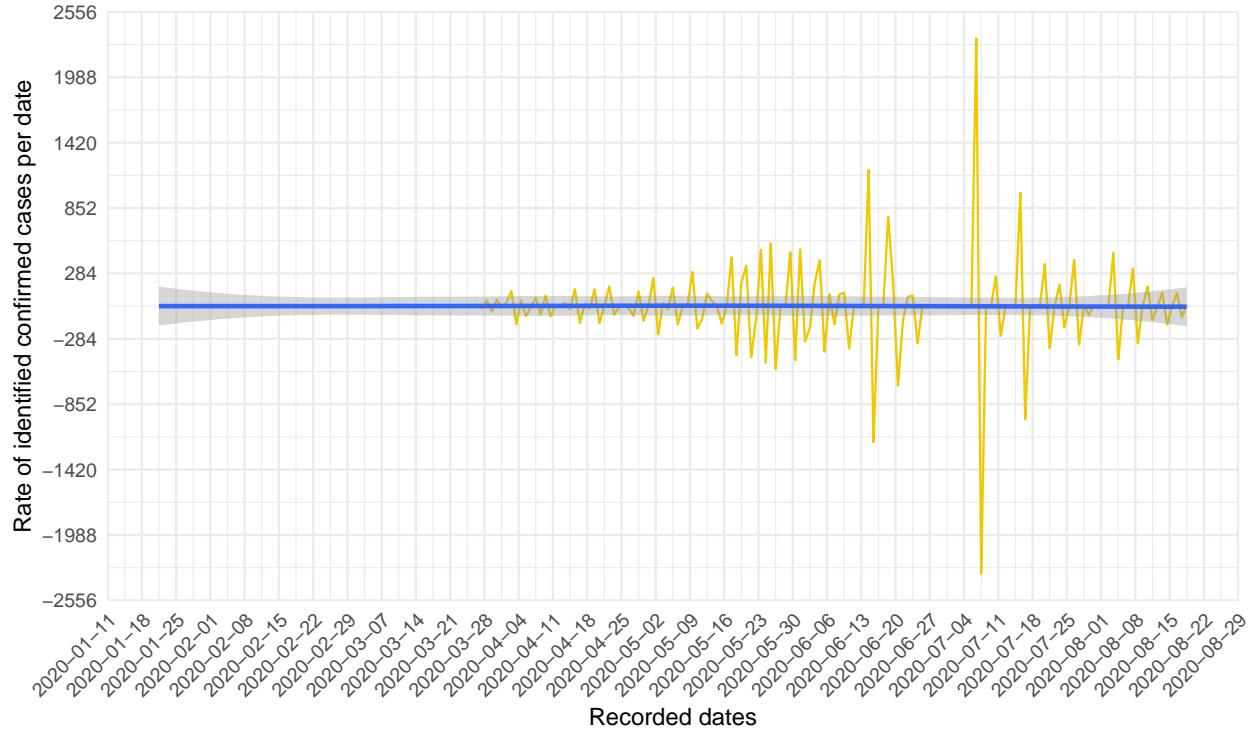

Cambodia – rate of increase of confirmed cases over time

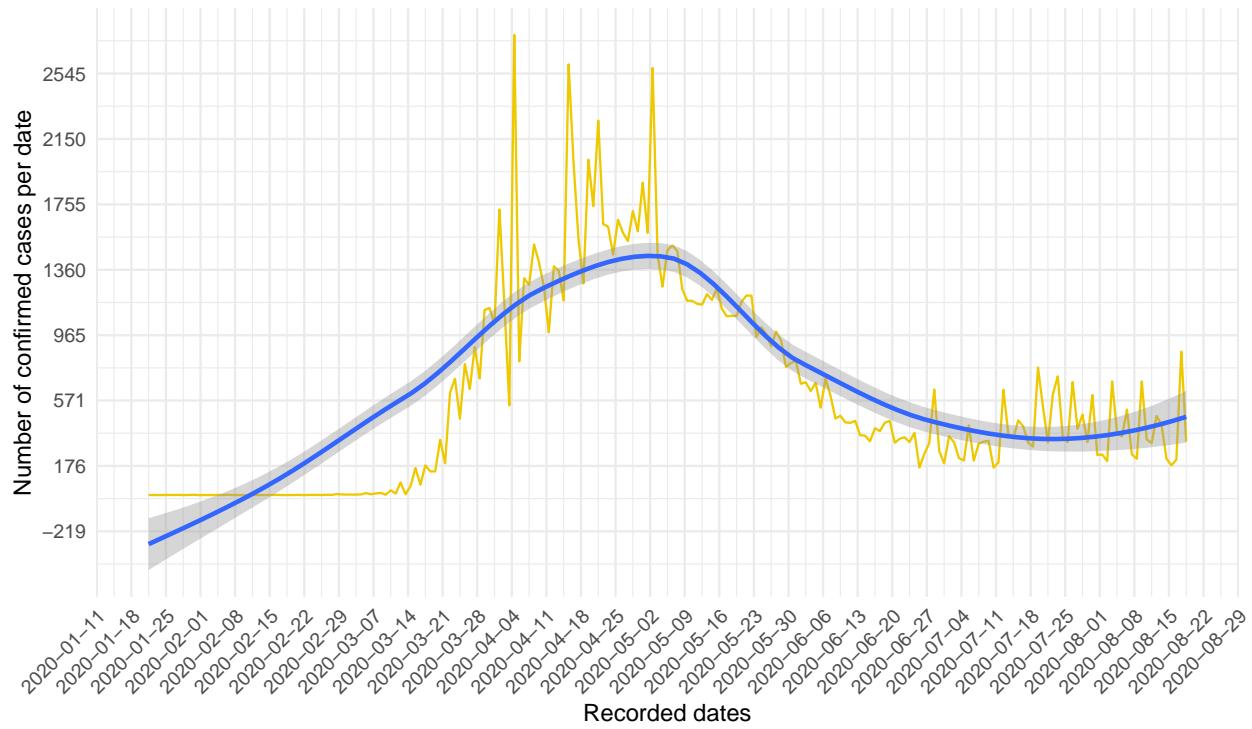

Cameroon – confirmed cases over time, total cases: 18,042

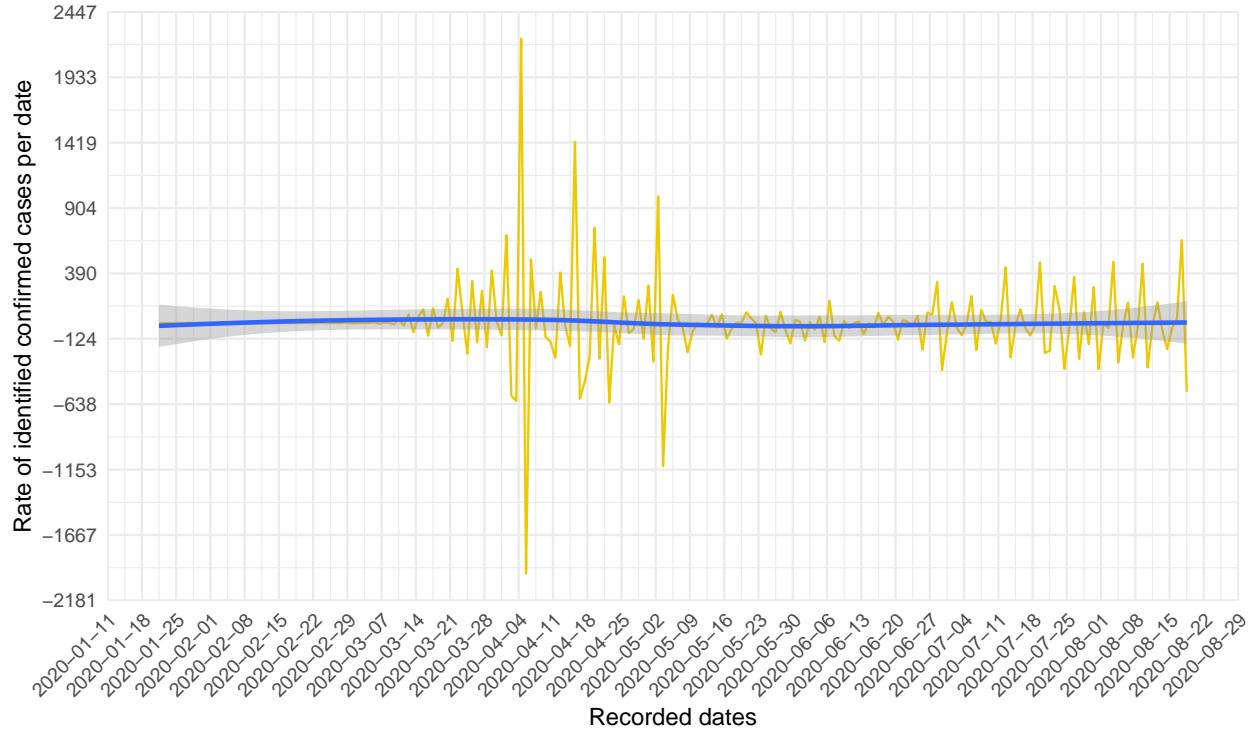

Cameroon – rate of increase of confirmed cases over time

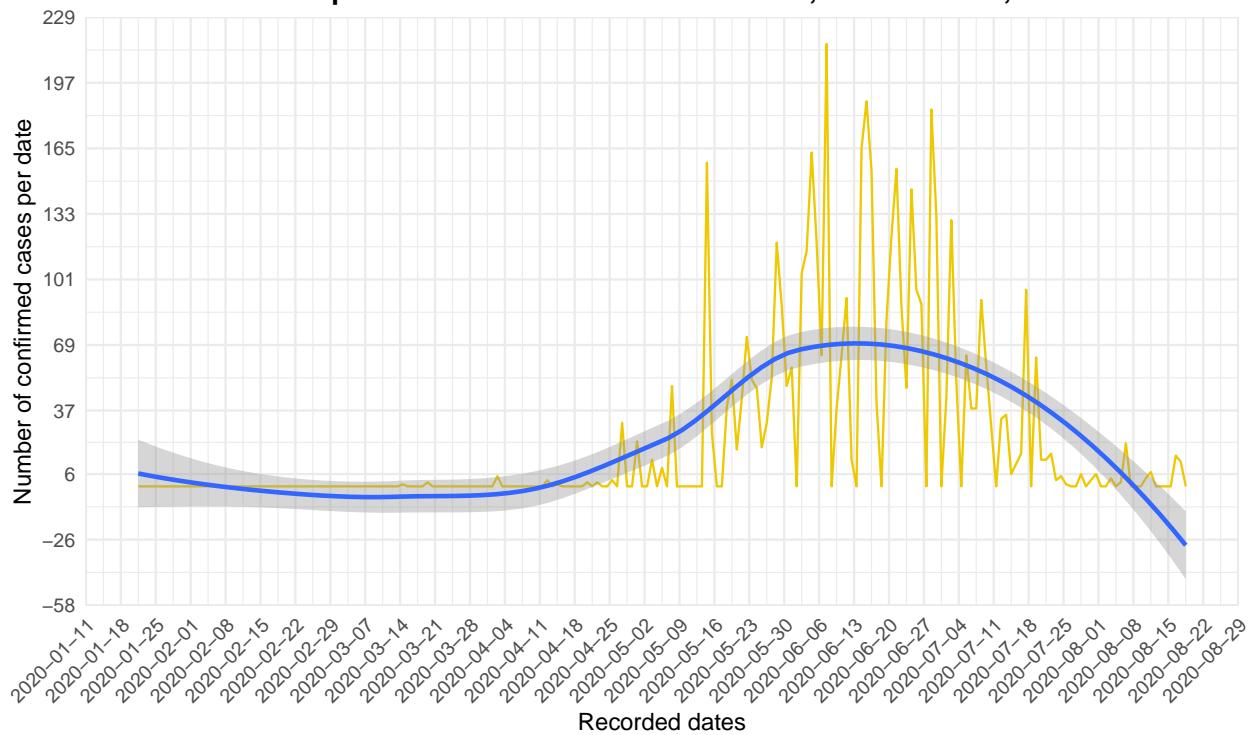

Canada – confirmed cases over time, total cases: 121,367

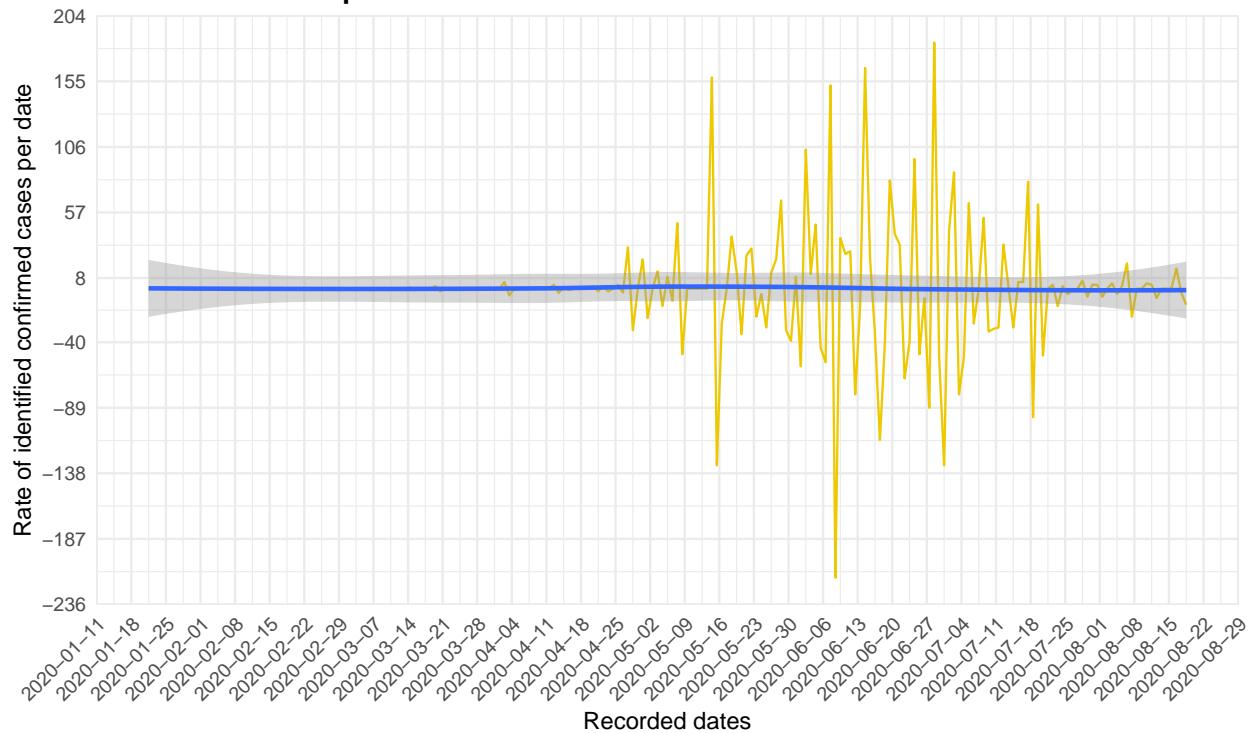

Canada – rate of increase of confirmed cases over time

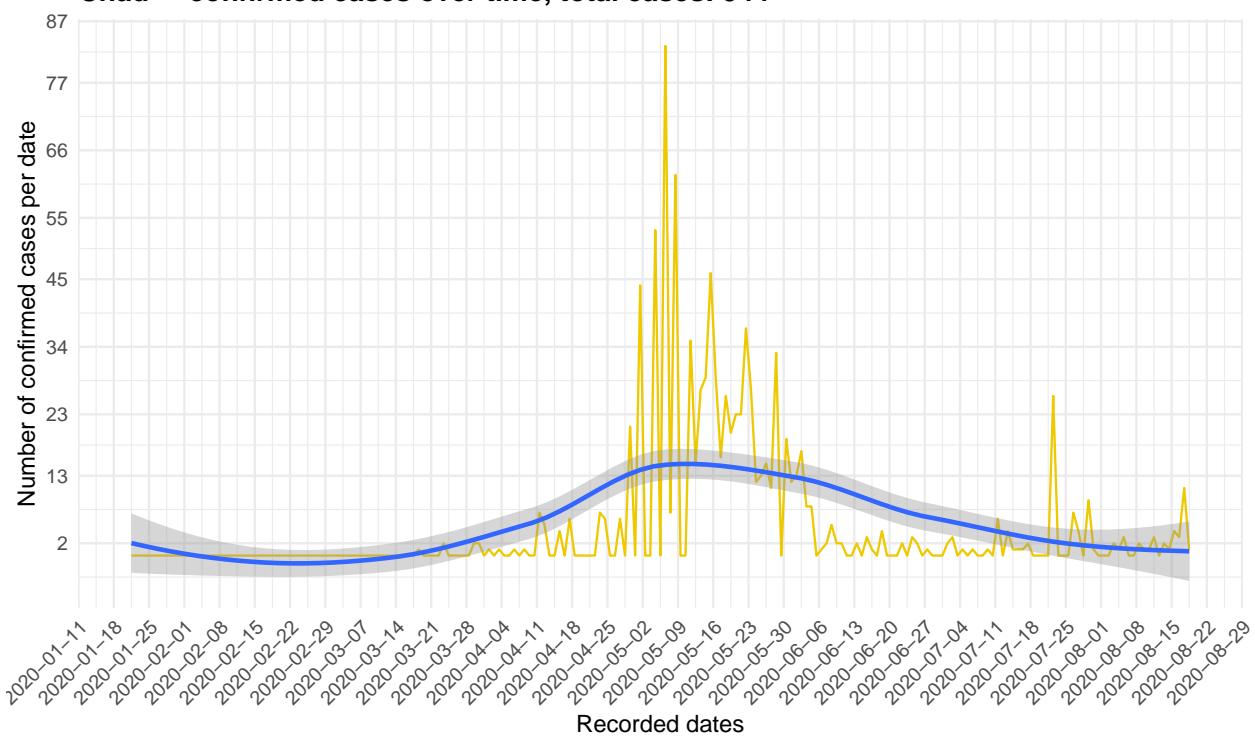

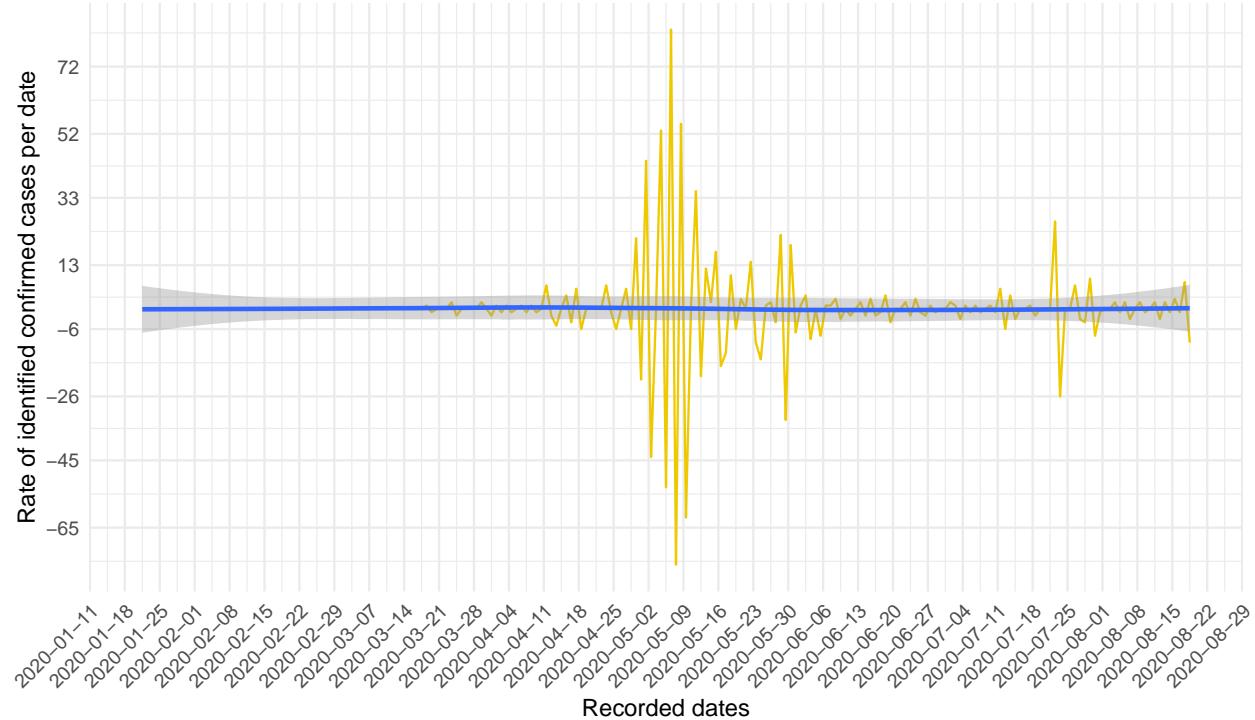

Central African Republic – confirmed cases over time, total cases: 4,641

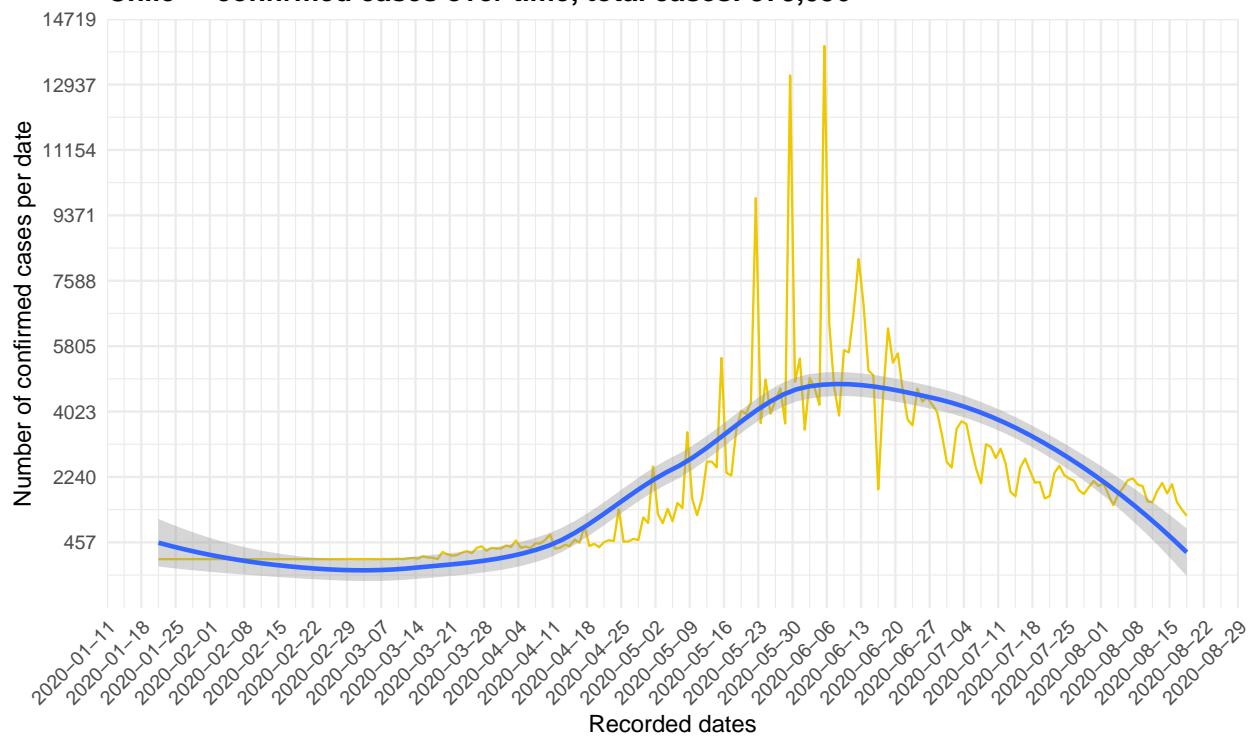

Central African Republic – rate of increase of confirmed cases over time

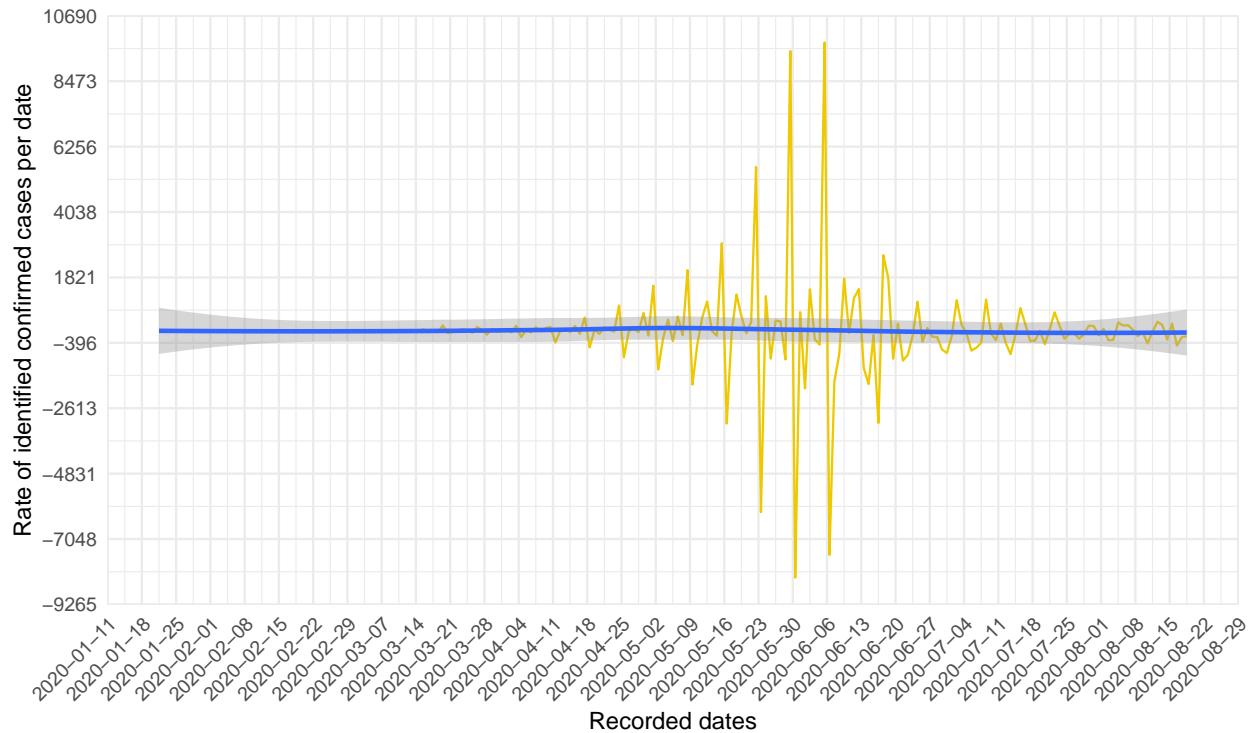

Chad – confirmed cases over time, total cases: 944**Chad – rate of increase of confirmed cases over time**

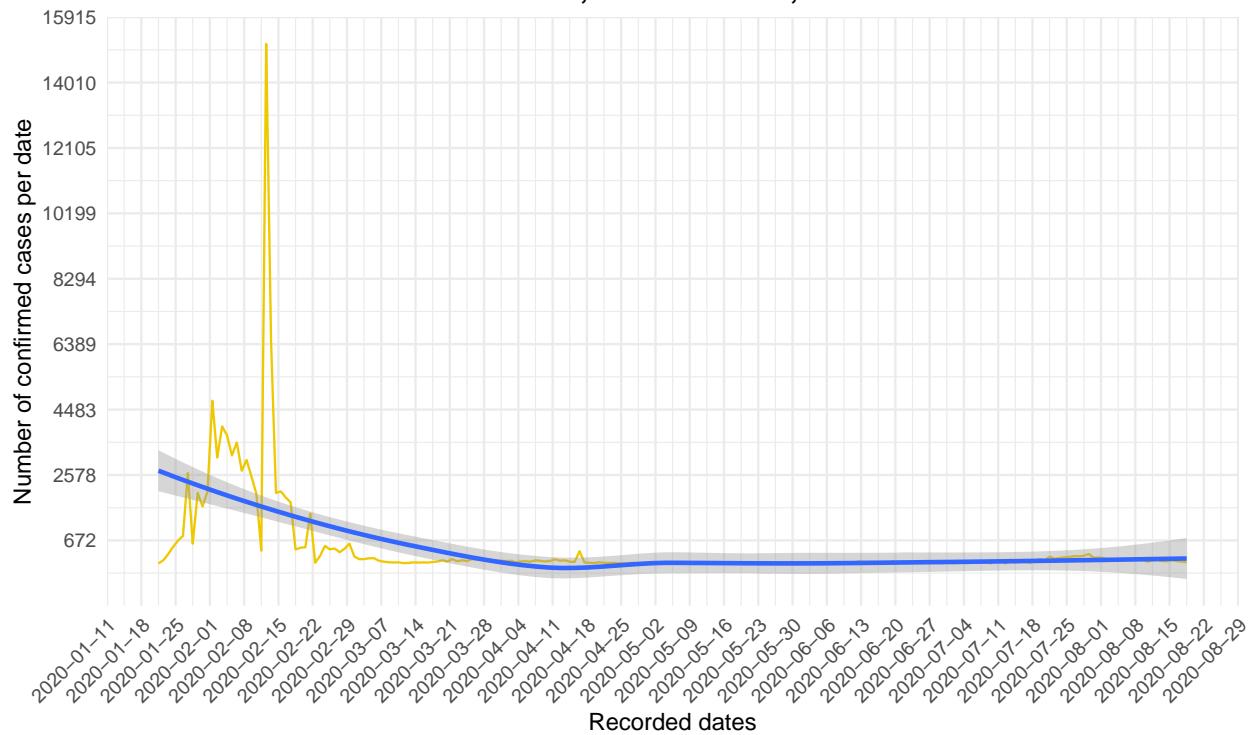

Chile – confirmed cases over time, total cases: 373,056

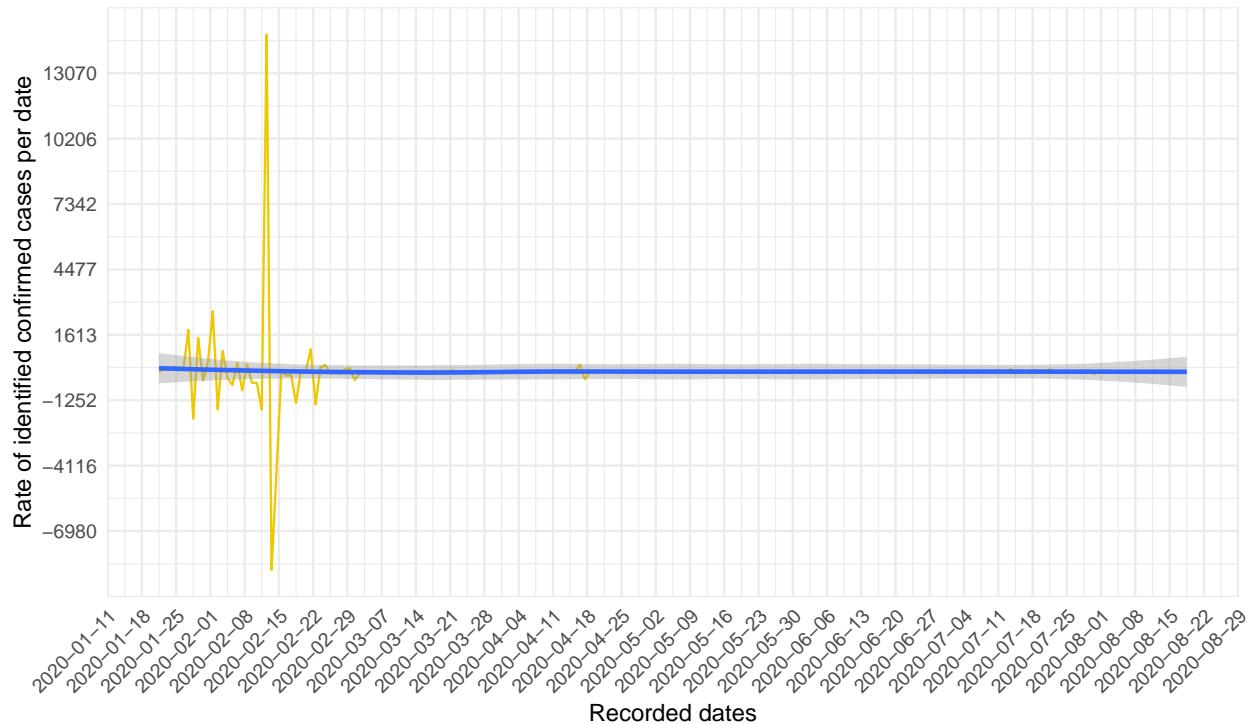

Chile – rate of increase of confirmed cases over time

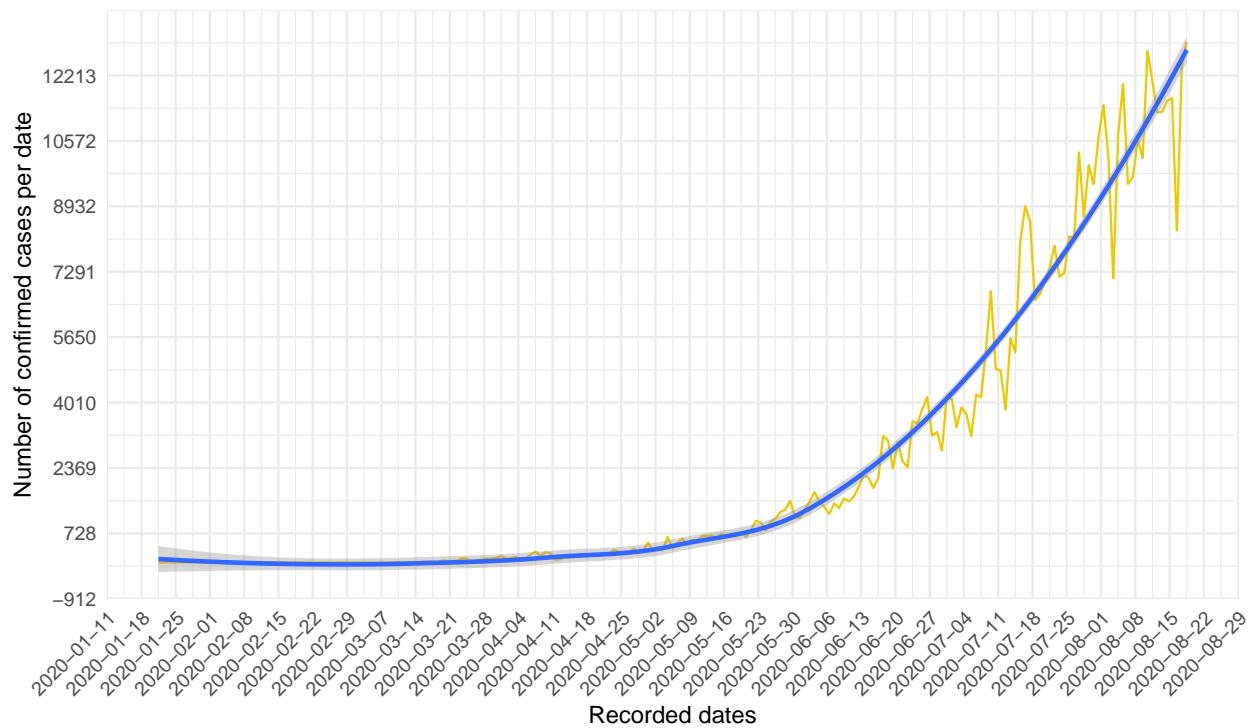

China – confirmed cases over time, total cases: 88,793

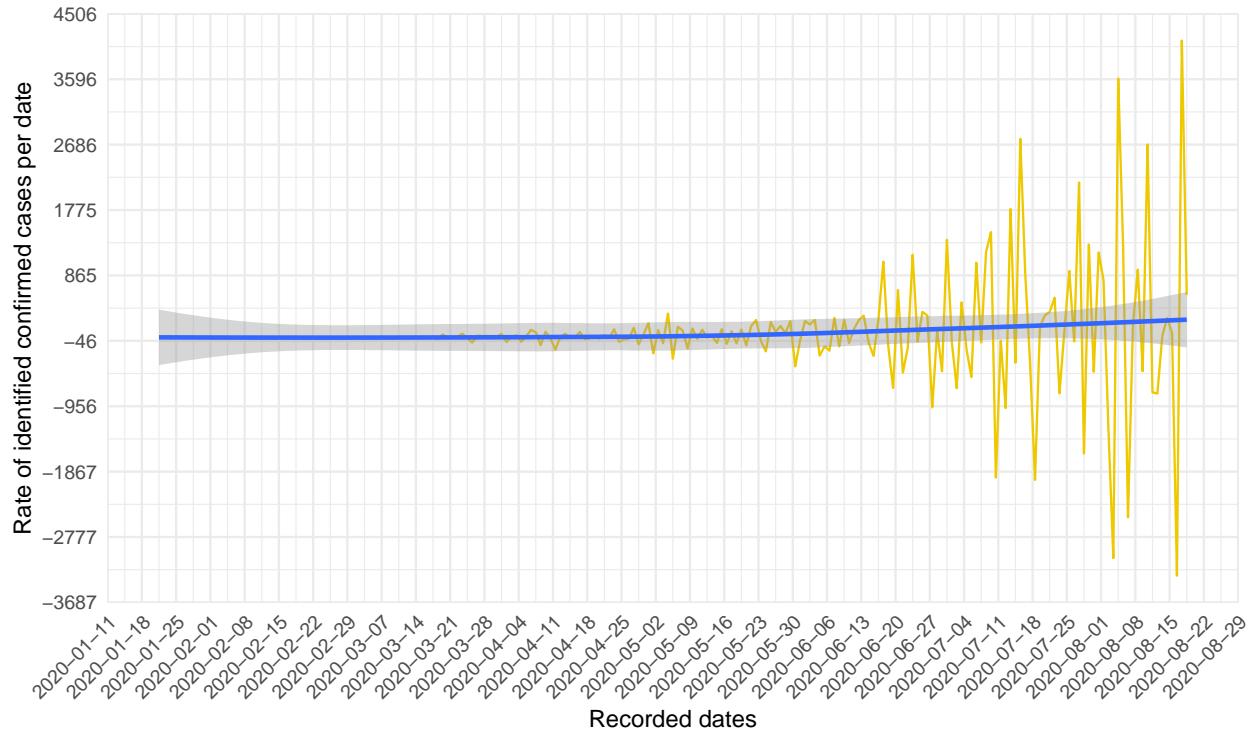

China – rate of increase of confirmed cases over time

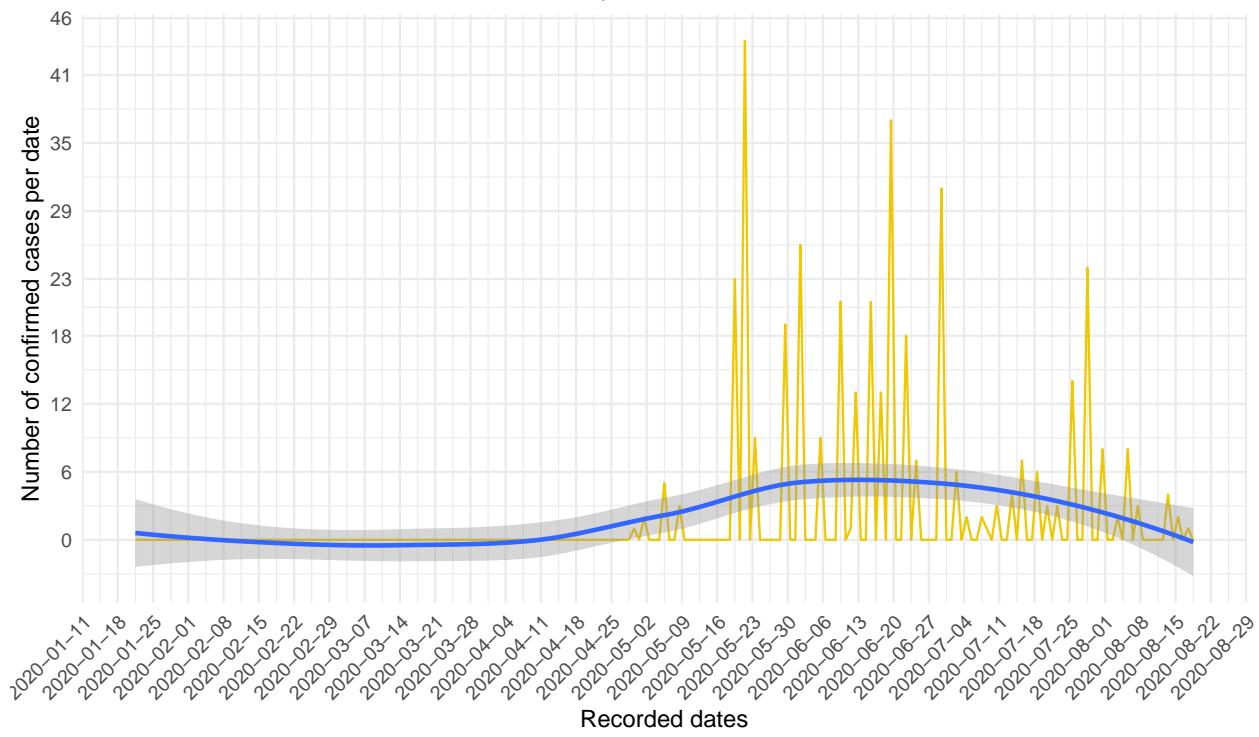

Colombia – confirmed cases over time, total cases: 387,481

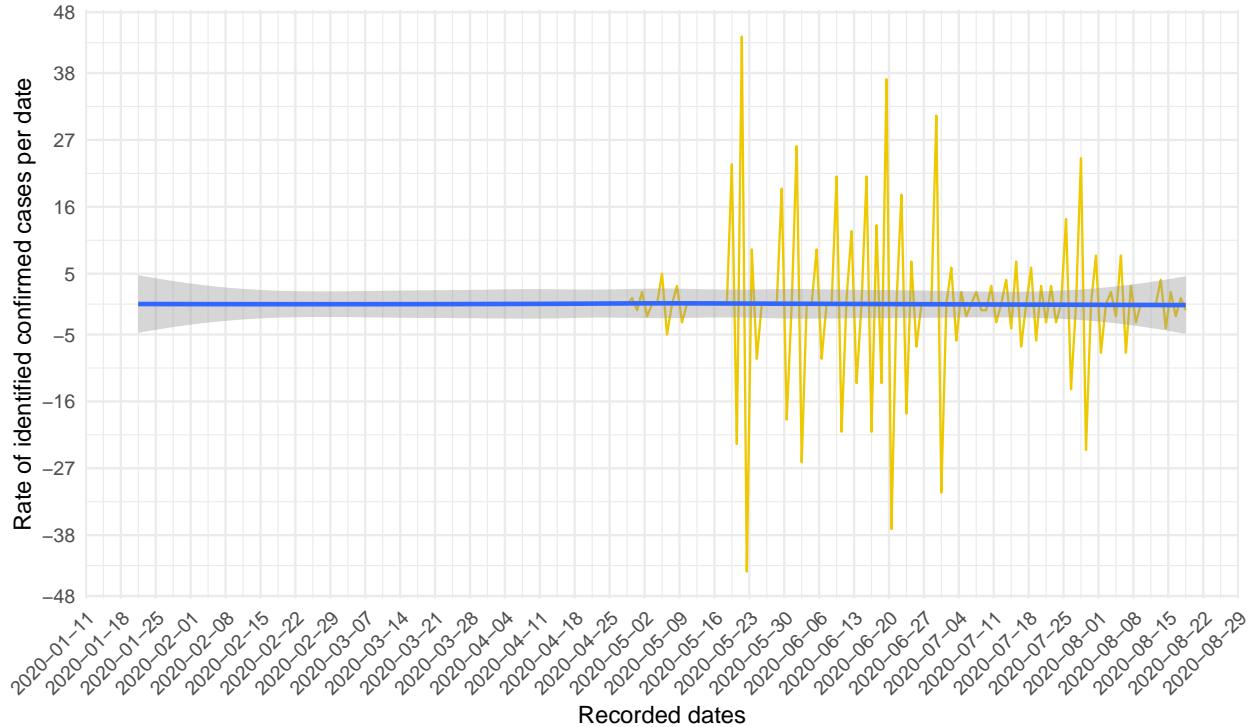

Colombia – rate of increase of confirmed cases over time

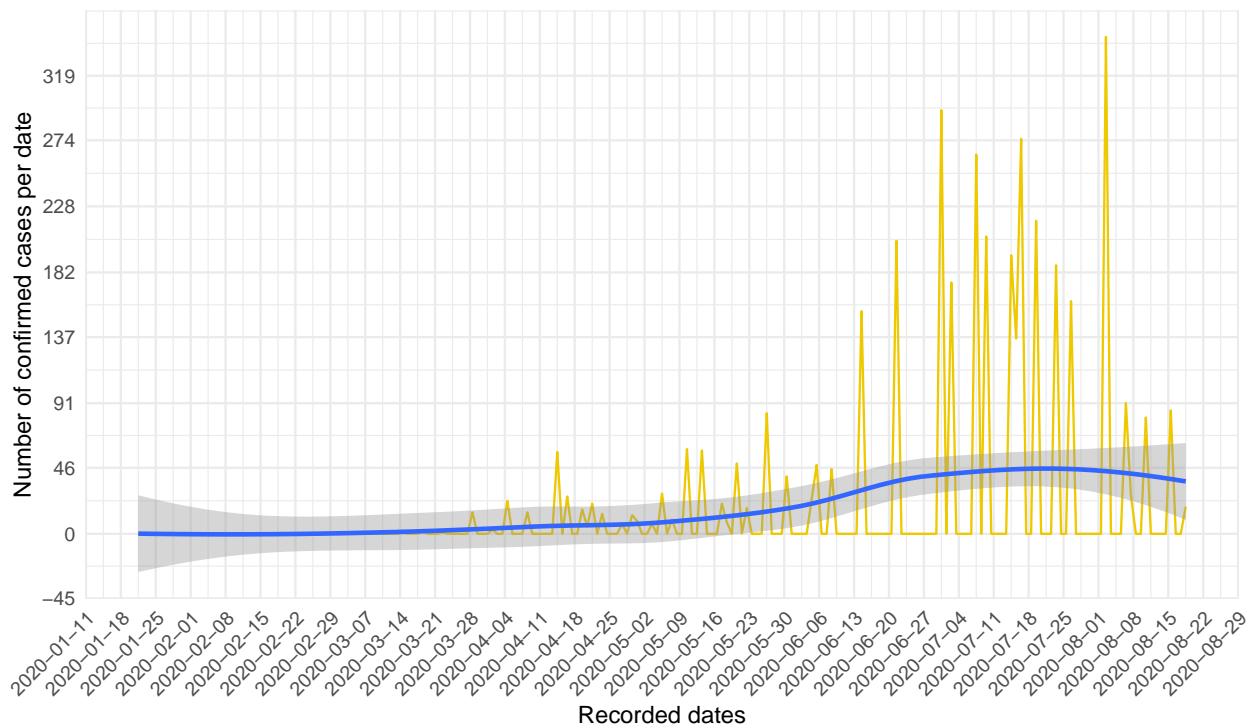

Comoros – confirmed cases over time, total cases: 399

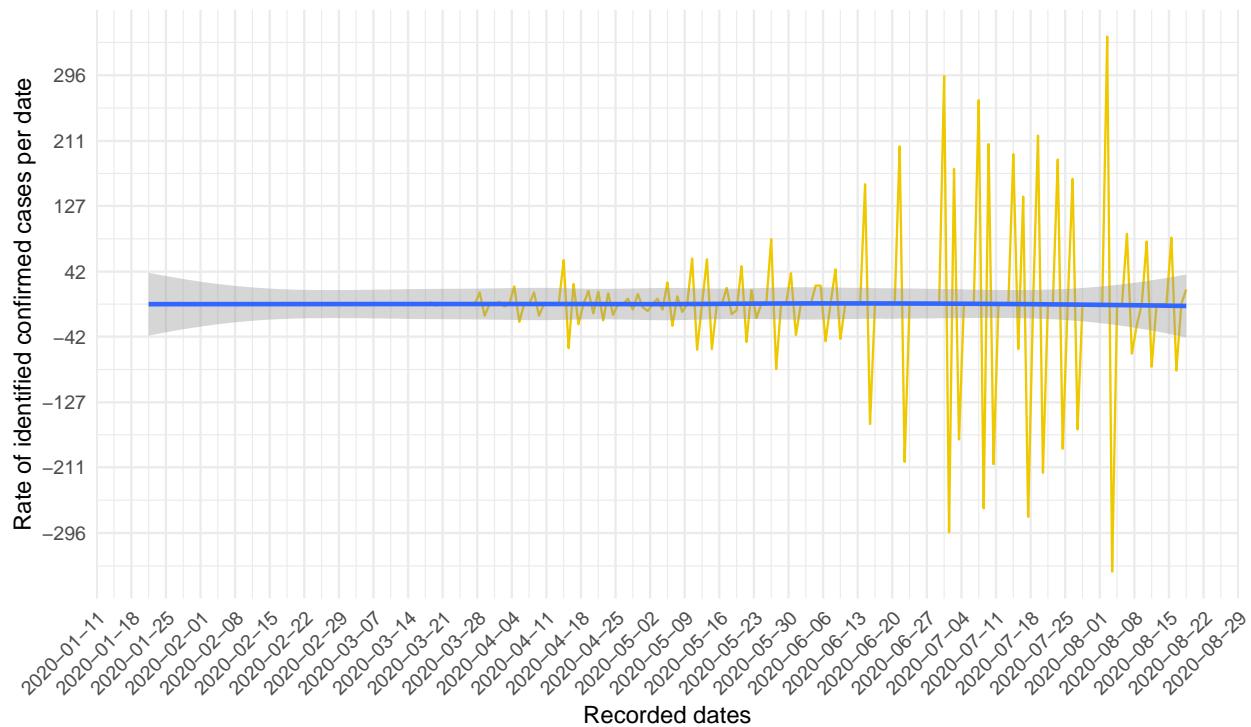

Comoros – rate of increase of confirmed cases over time

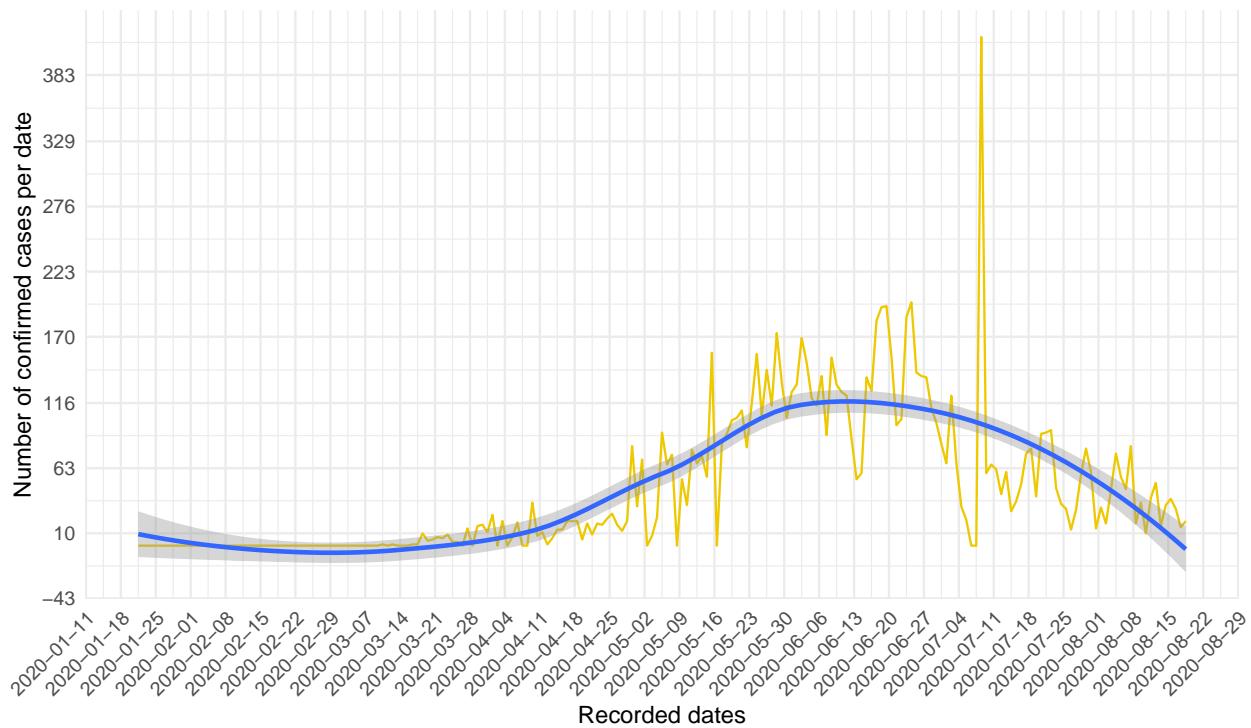

Congo (Brazzaville) – confirmed cases over time, total cases: 3,664

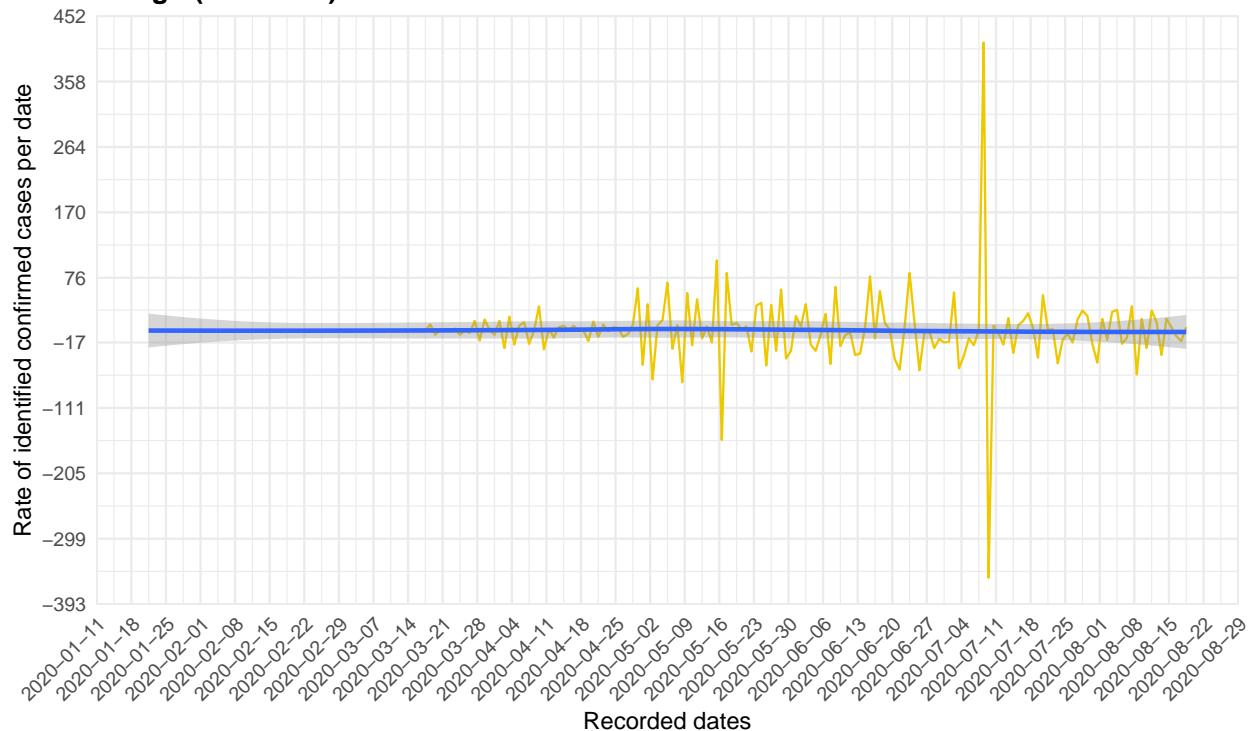

Congo (Brazzaville) – rate of increase of confirmed cases over time

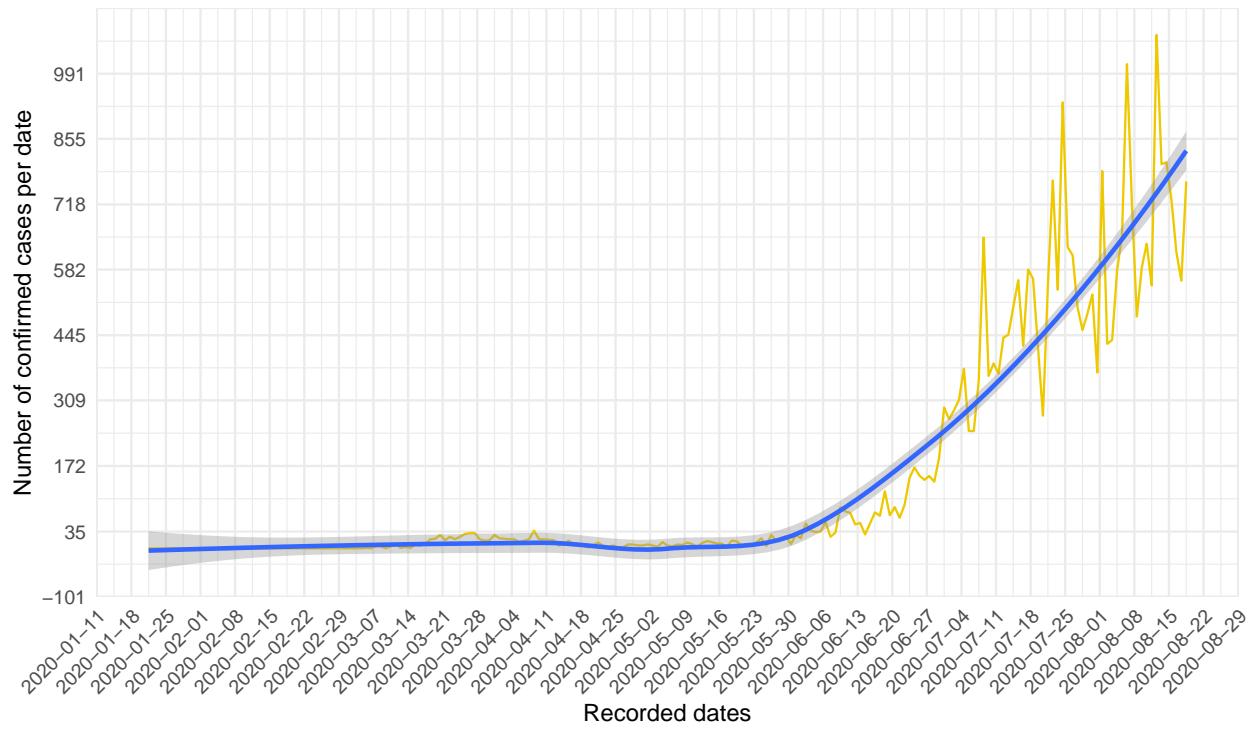

Congo (Kinshasa) – confirmed cases over time, total cases: 9,454

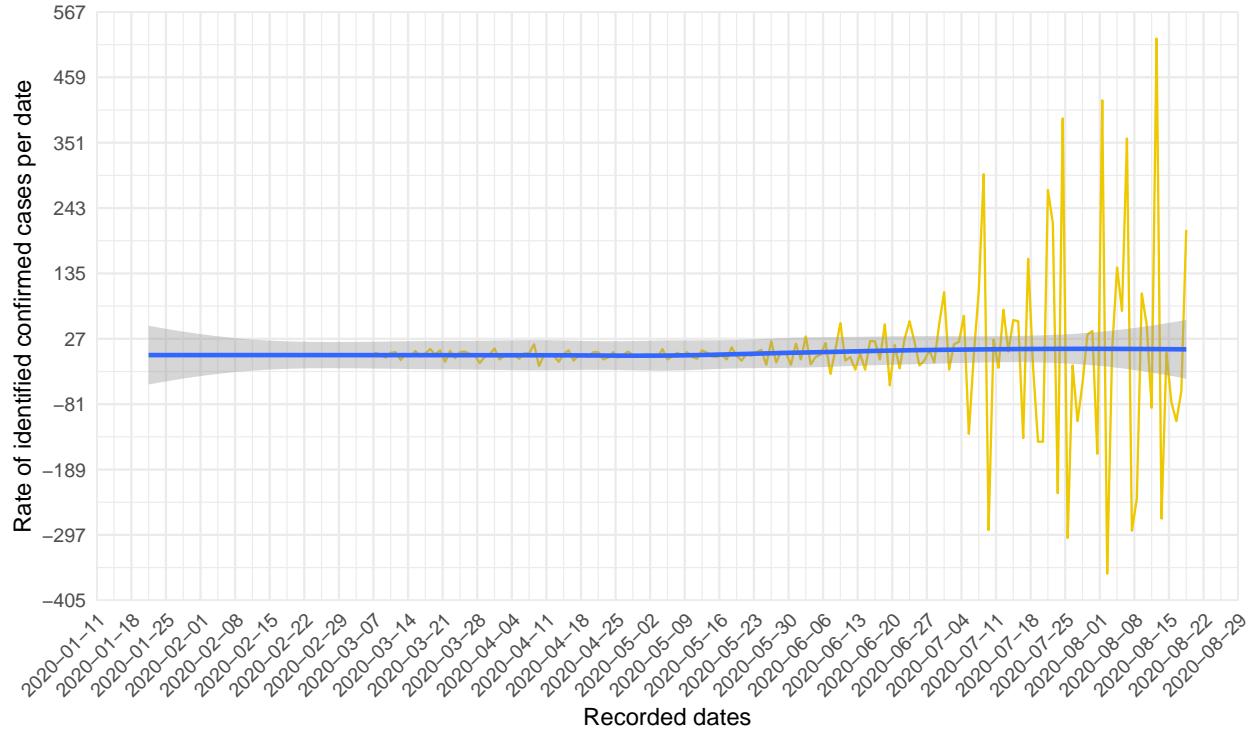

Congo (Kinshasa) – rate of increase of confirmed cases over time

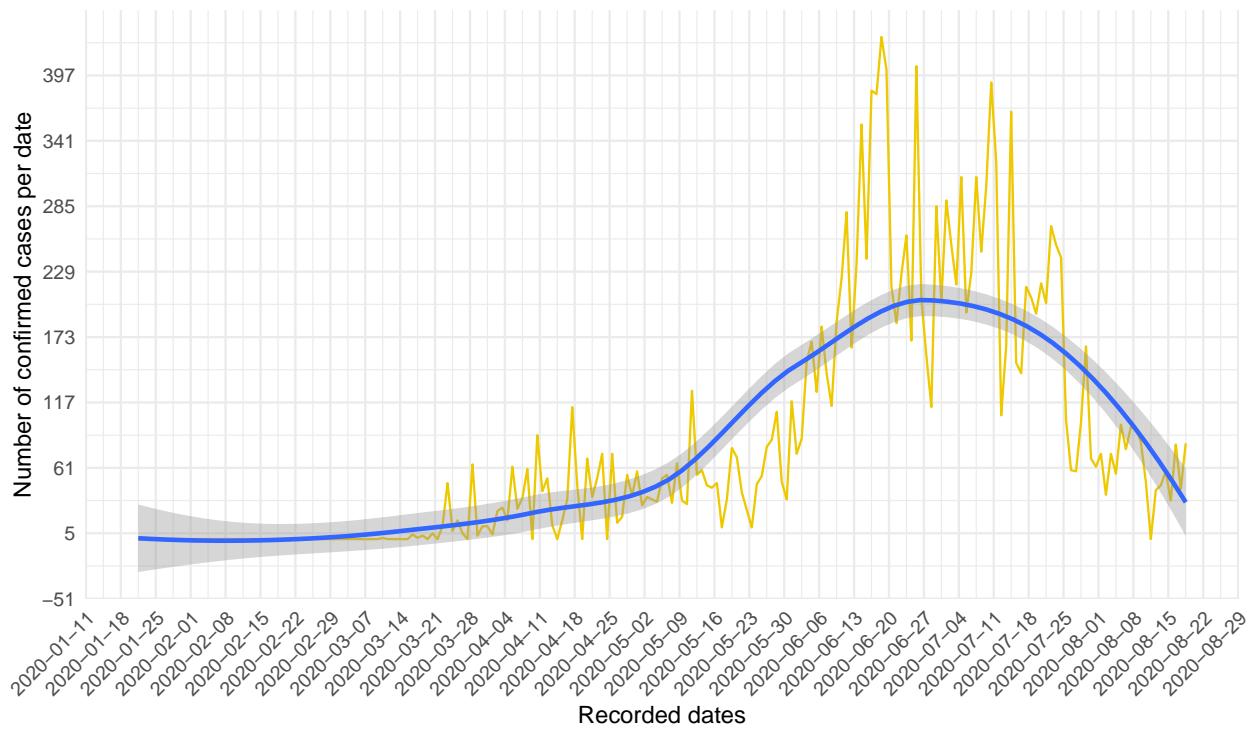

Costa Rica – confirmed cases over time, total cases: 23,286

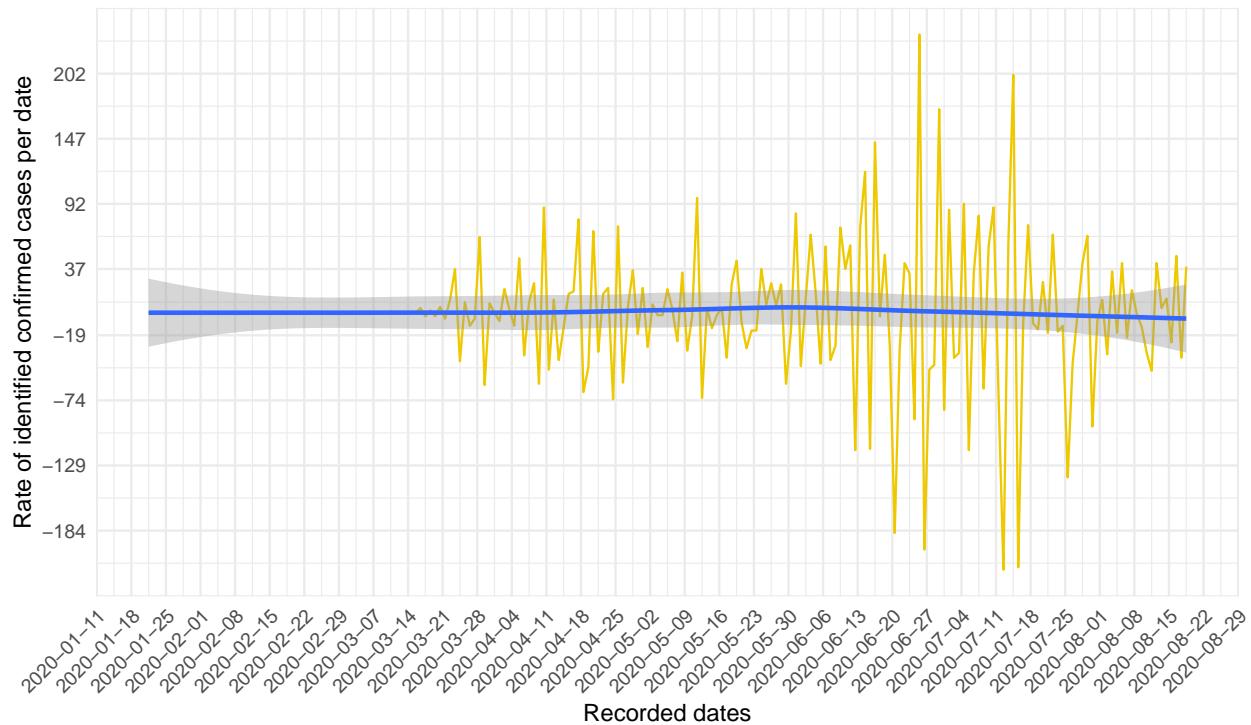

Costa Rica – rate of increase of confirmed cases over time

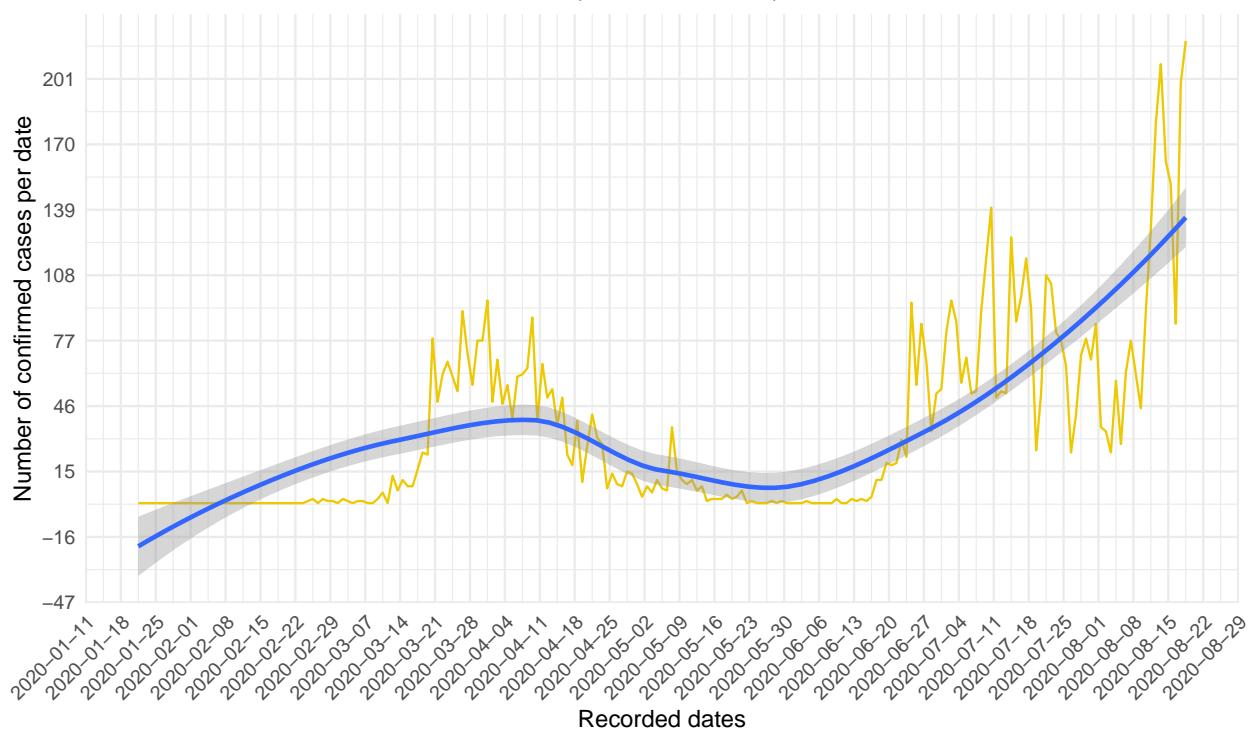

Côte d'Ivoire – confirmed cases over time, total cases: 16,715

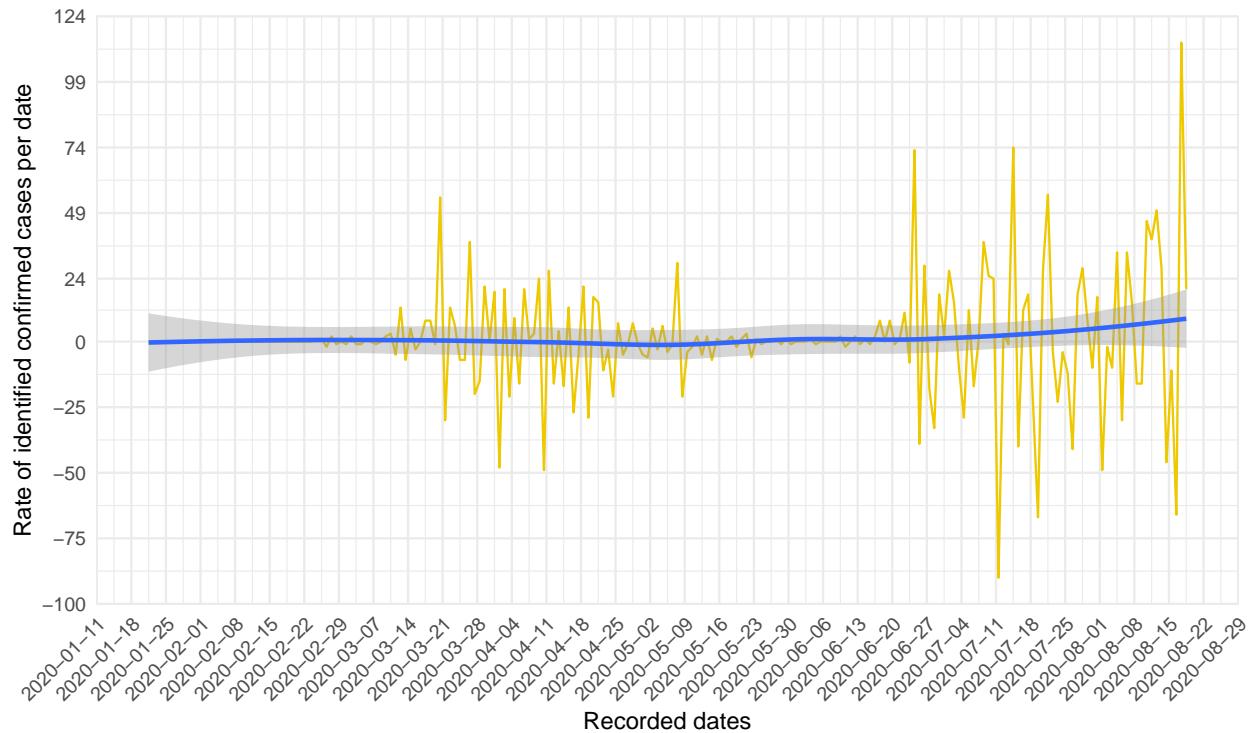

Côte d'Ivoire – rate of increase of confirmed cases over time

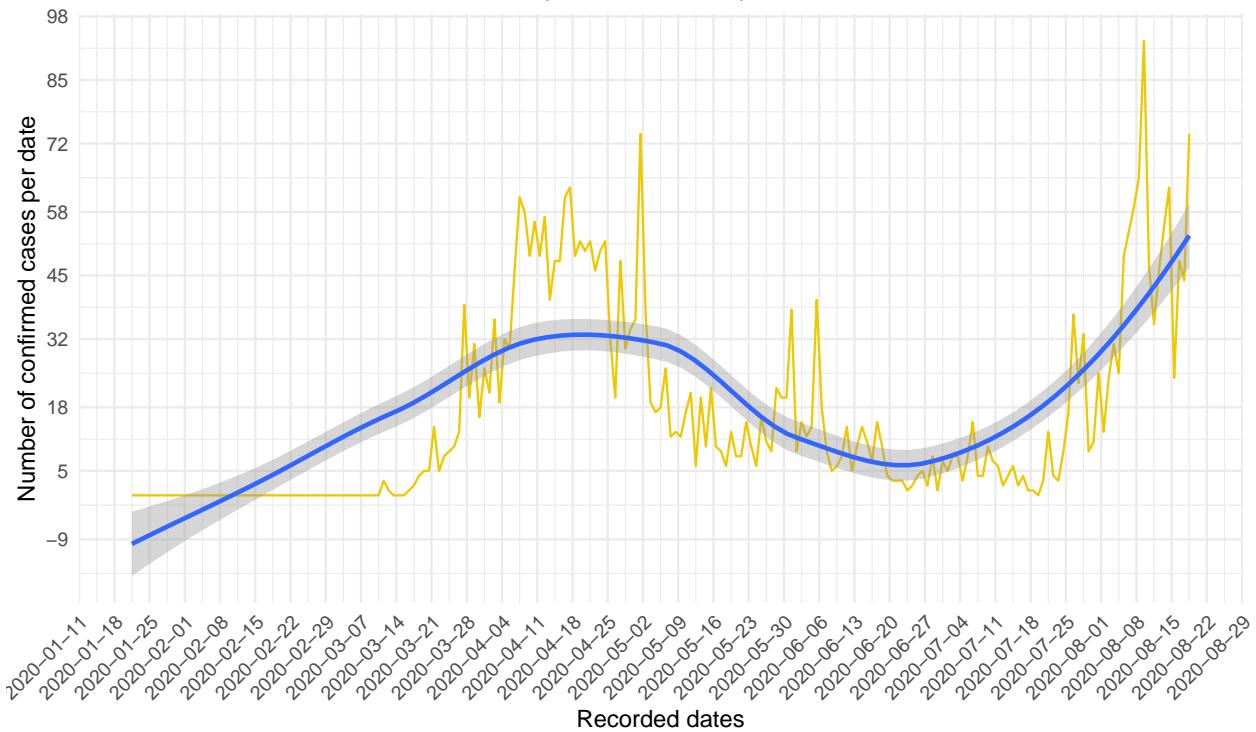

Croatia – confirmed cases over time, total cases: 5,604

Croatia – rate of increase of confirmed cases over time

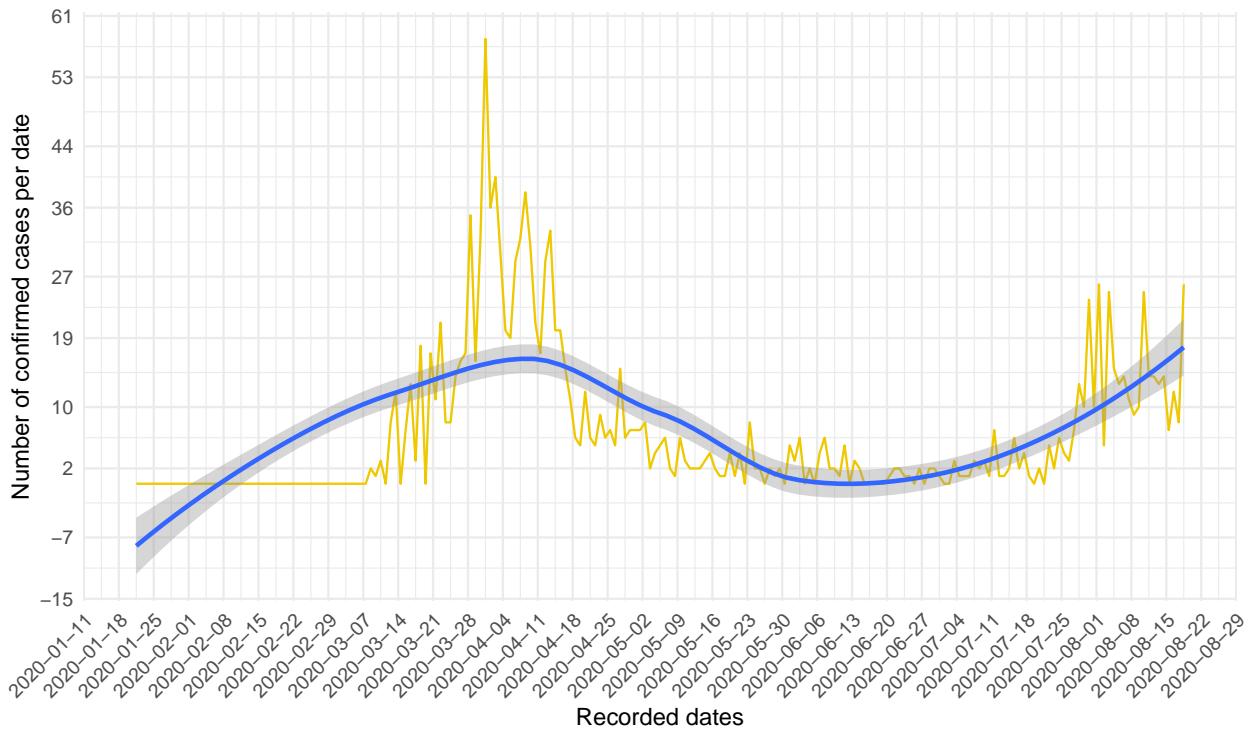

Cuba – confirmed cases over time, total cases: 2,953

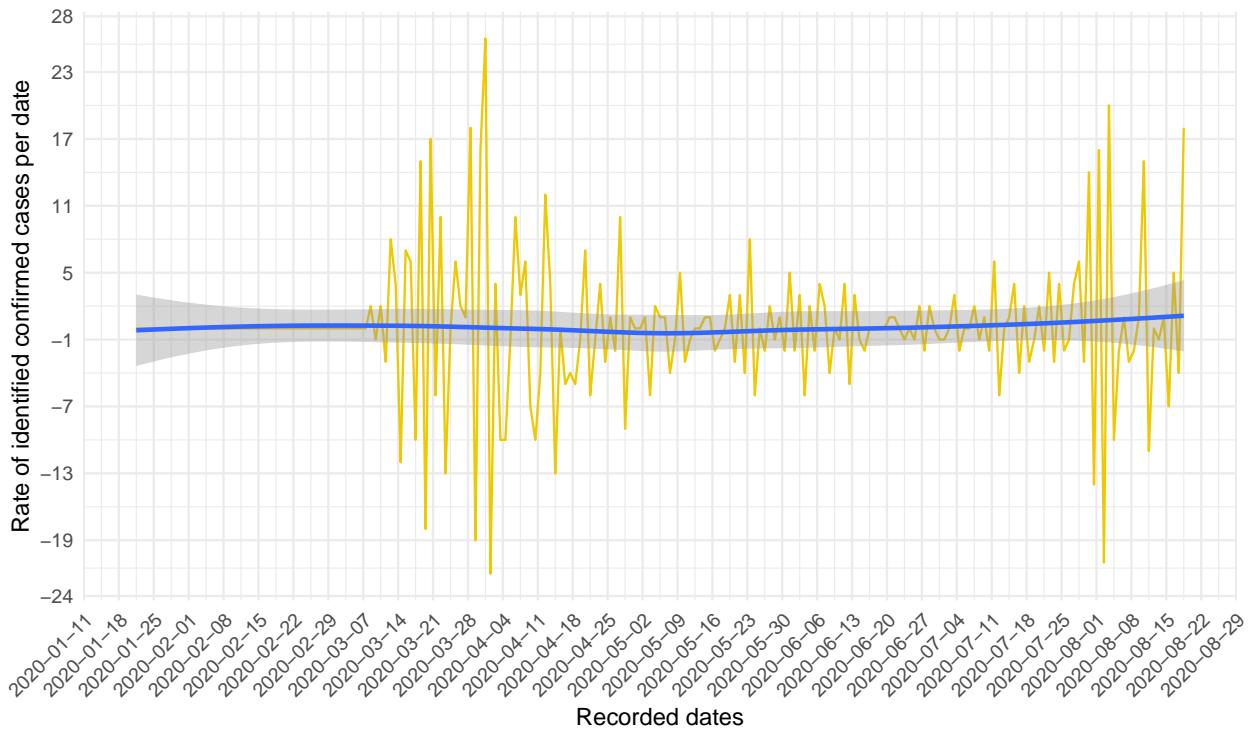

Cuba – rate of increase of confirmed cases over time

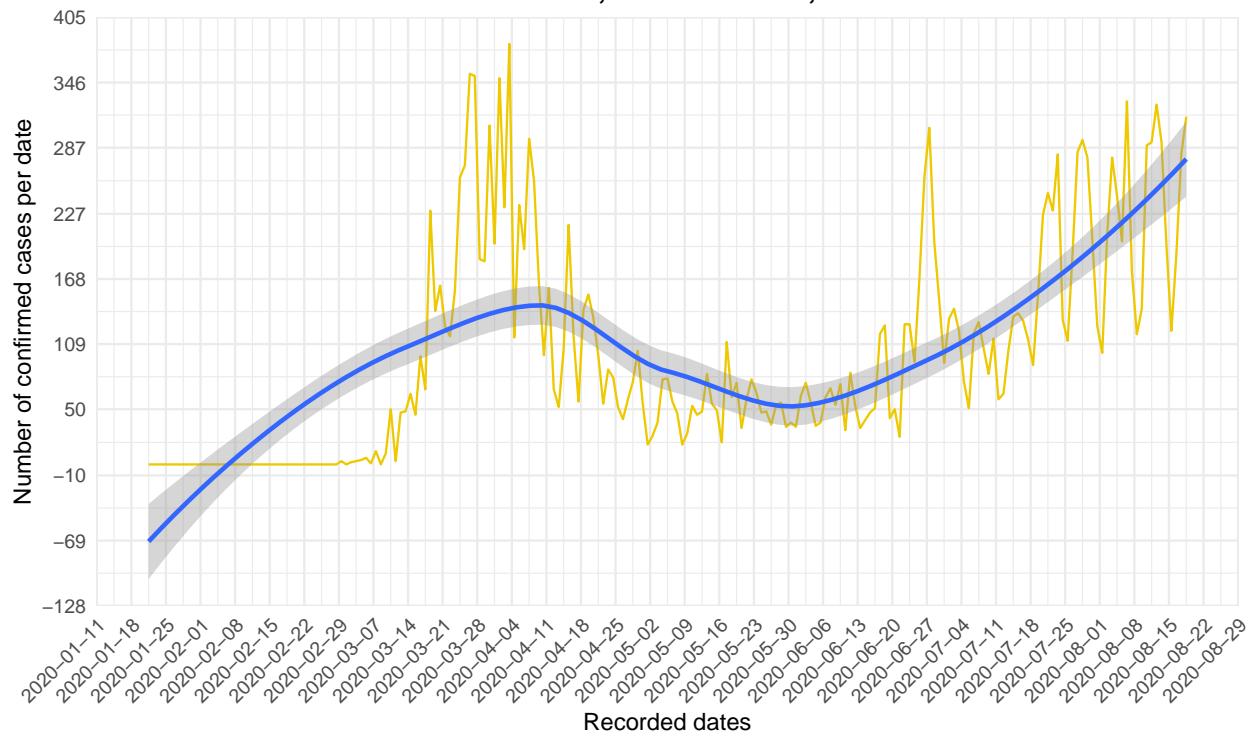

Cyprus – confirmed cases over time, total cases: 1,242

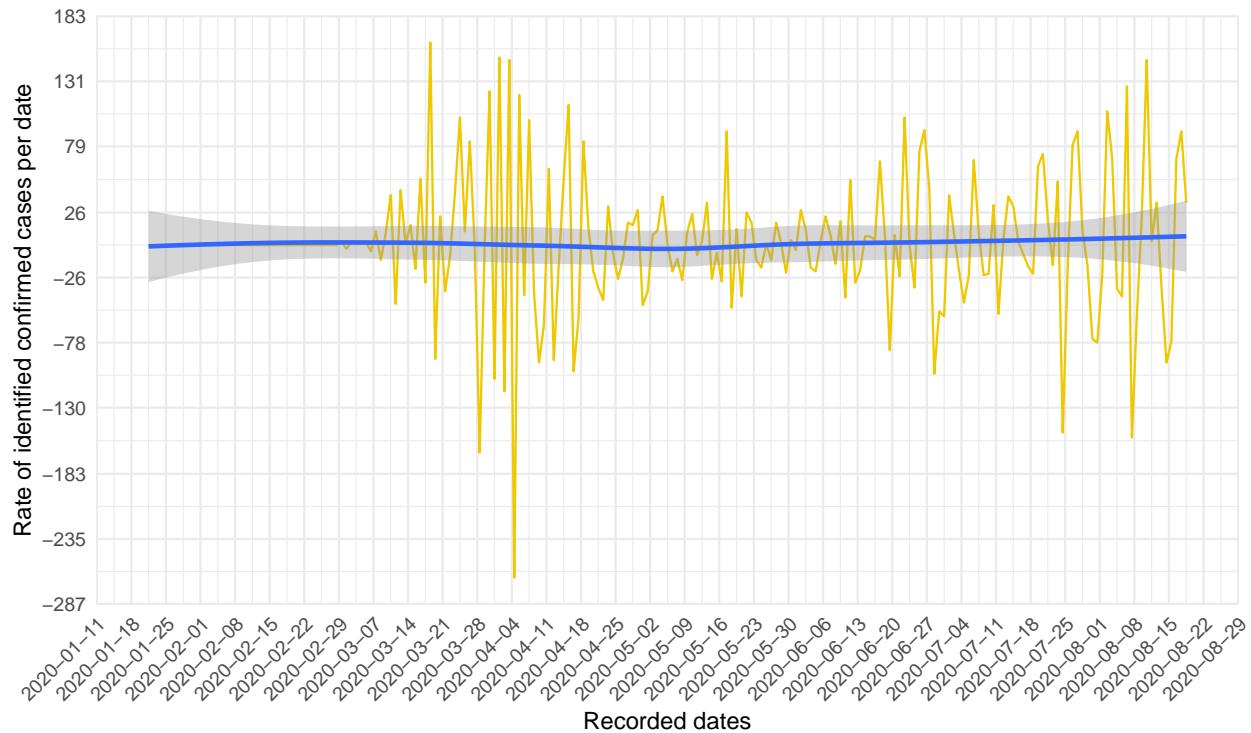

Cyprus – rate of increase of confirmed cases over time

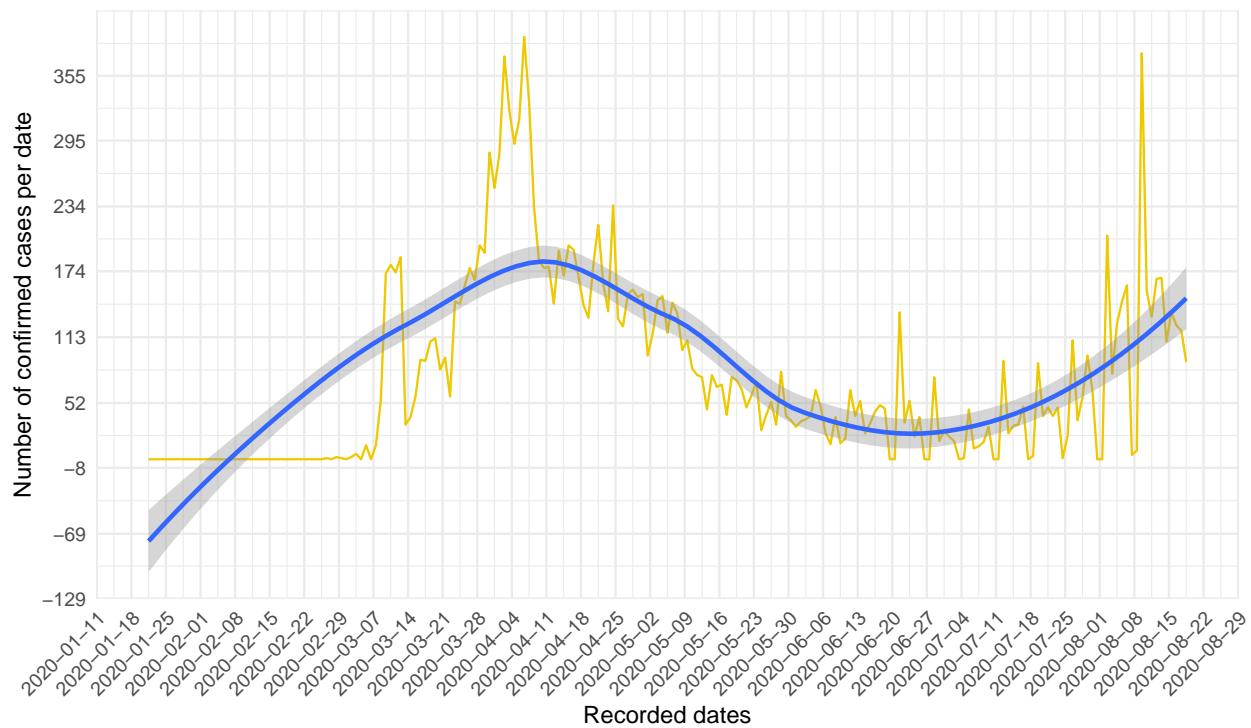

Czechia – confirmed cases over time, total cases: 18,353

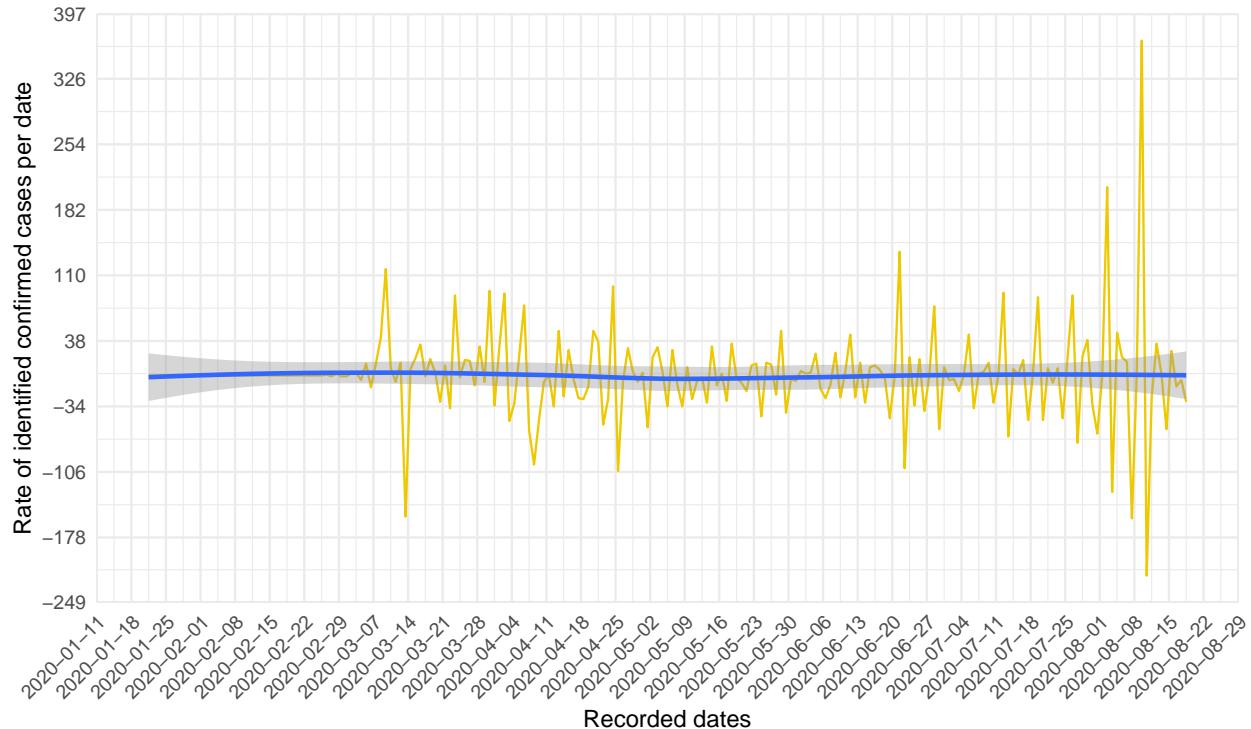

Czechia – rate of increase of confirmed cases over time

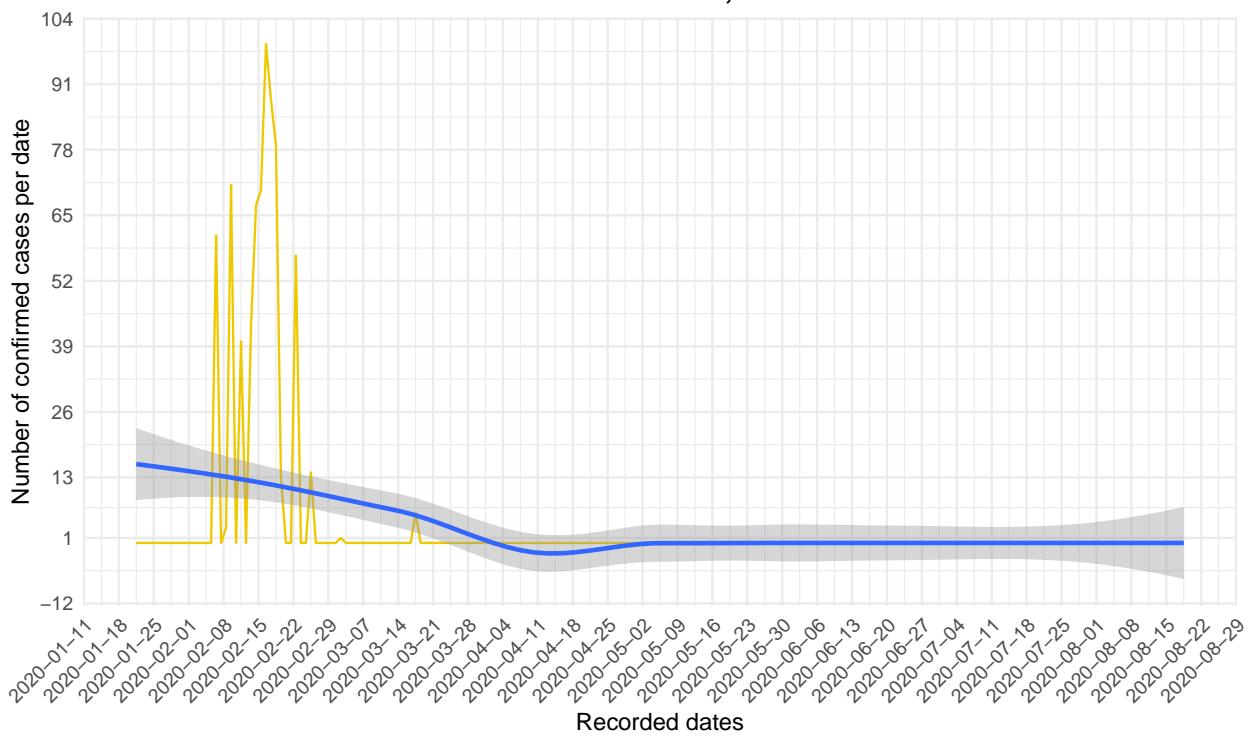

Denmark – confirmed cases over time, total cases: 14,759

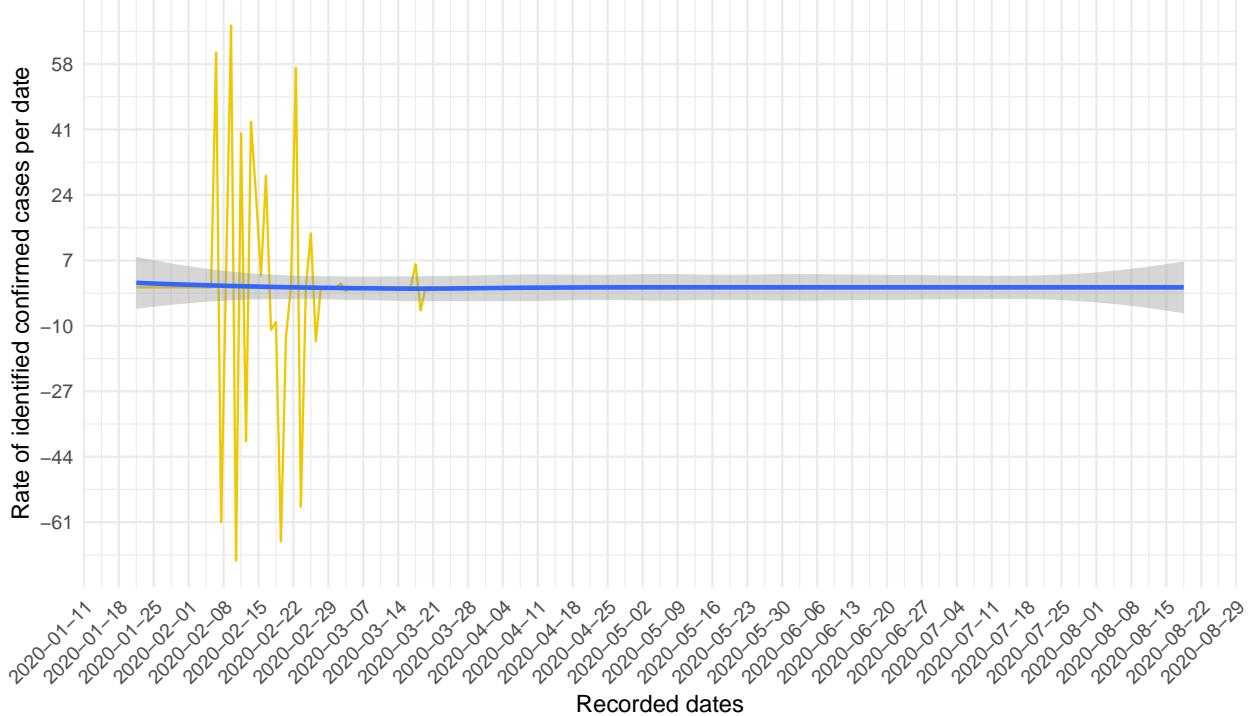

Denmark – rate of increase of confirmed cases over time

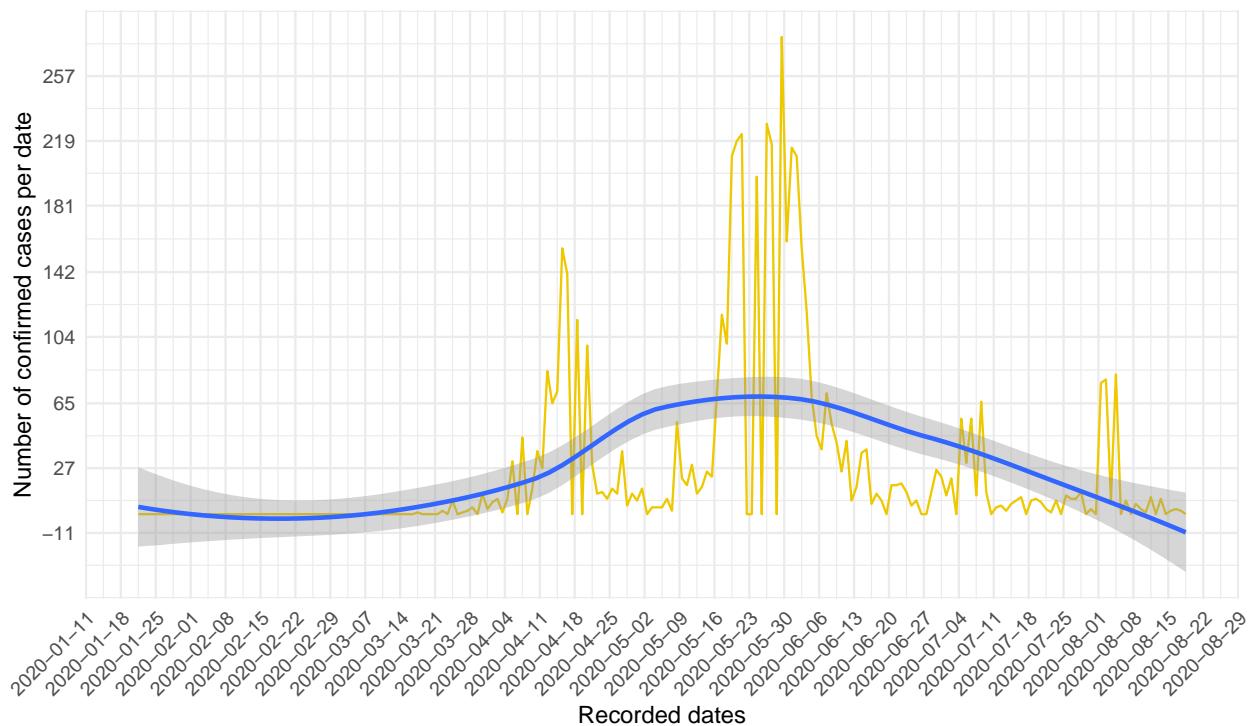

Diamond Princess – confirmed cases over time, total cases: 712

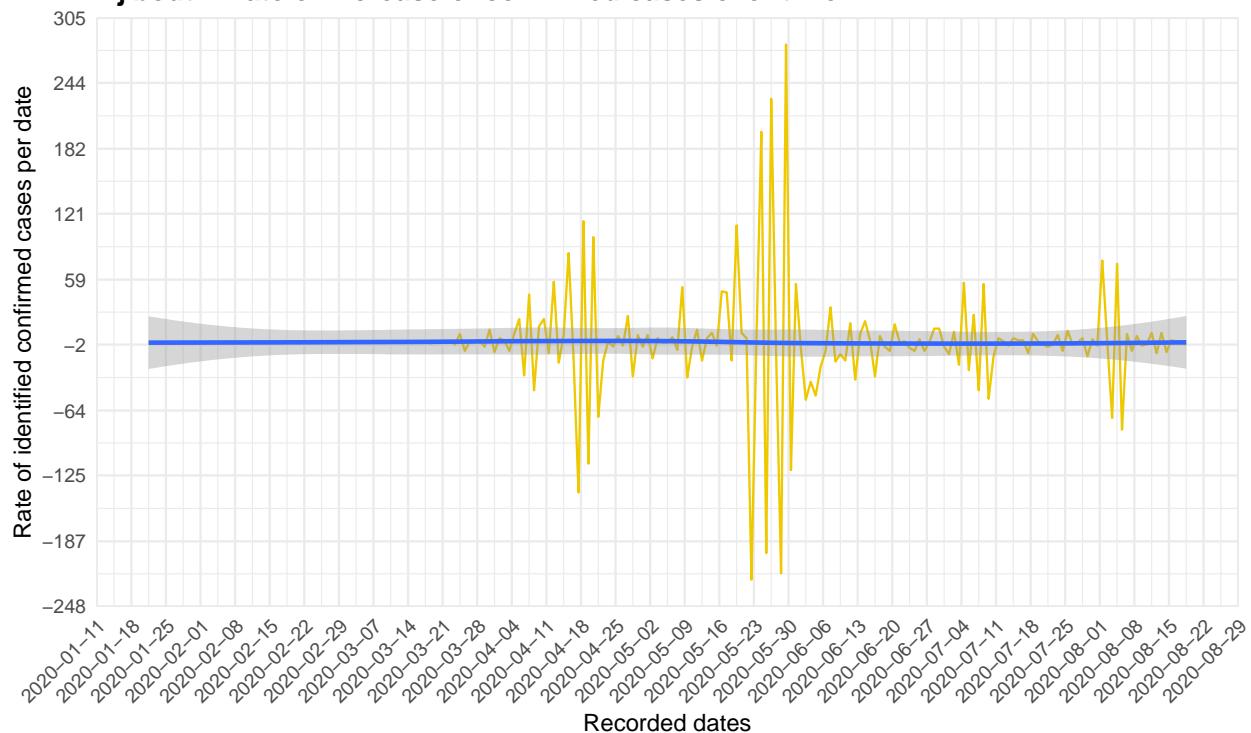

Diamond Princess – rate of increase of confirmed cases over time

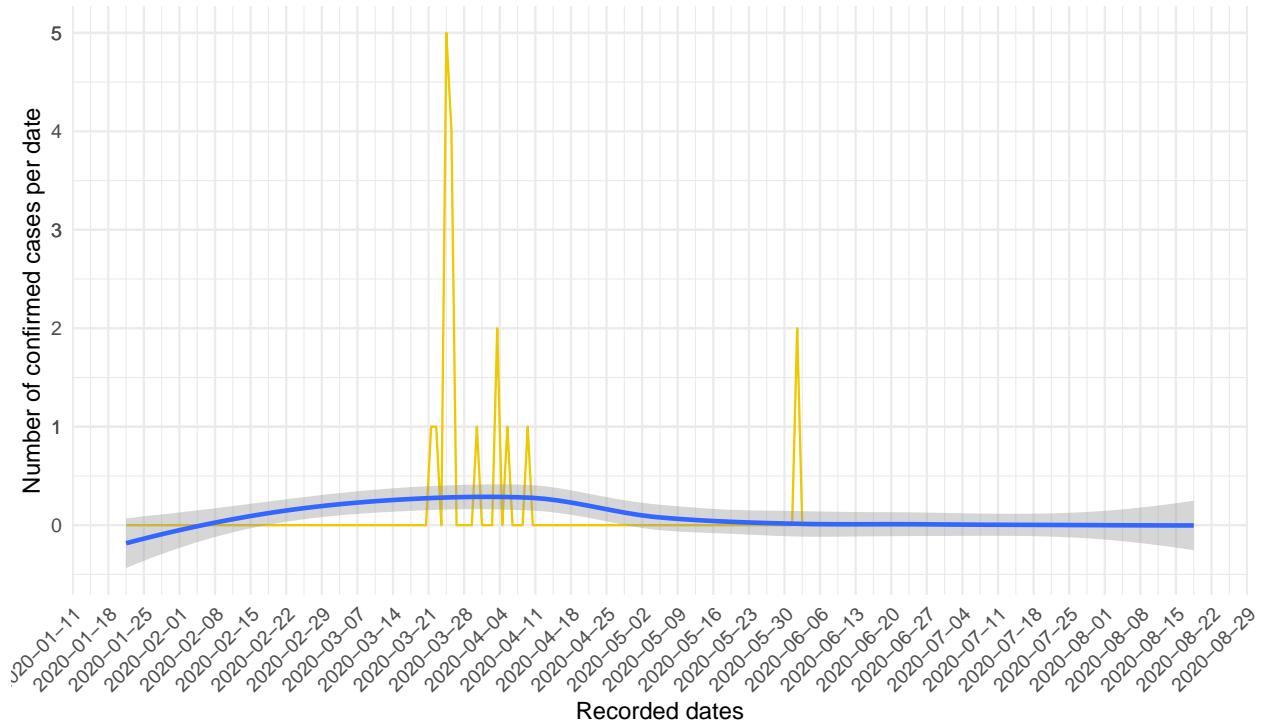

Djibouti – confirmed cases over time, total cases: 5,344

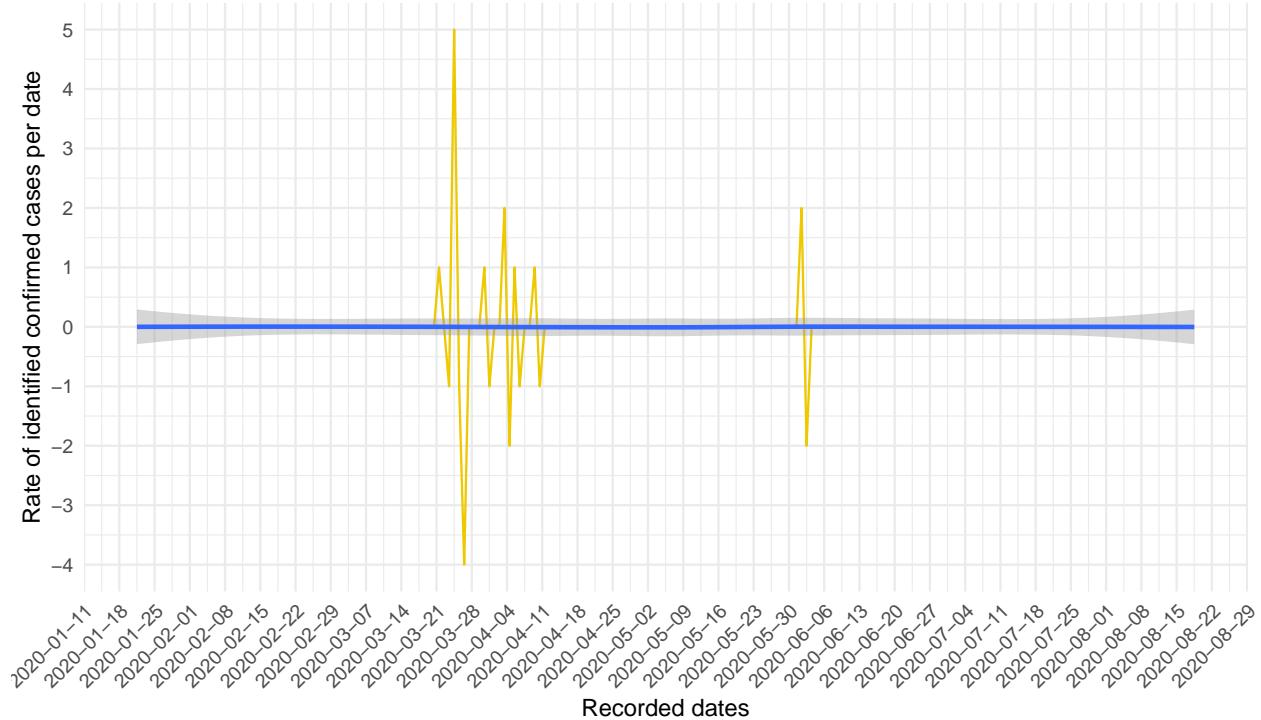

Djibouti – rate of increase of confirmed cases over time

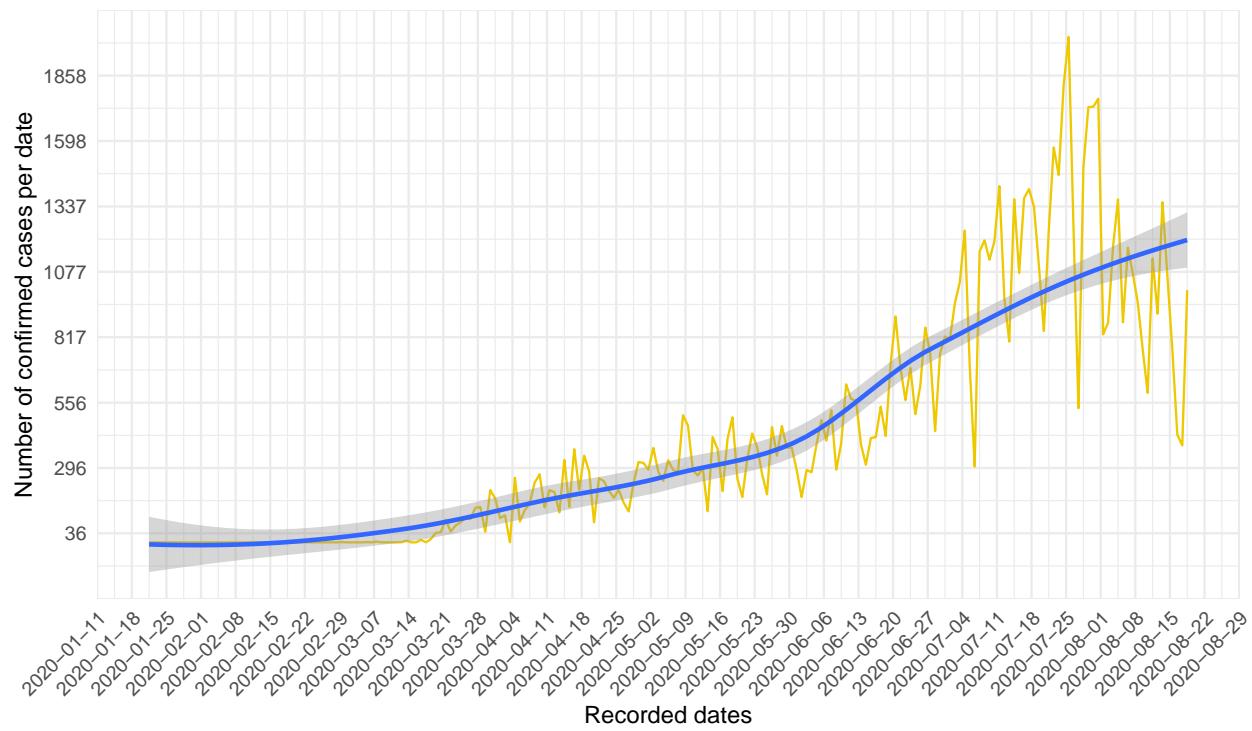

Dominica – confirmed cases over time, total cases: 18

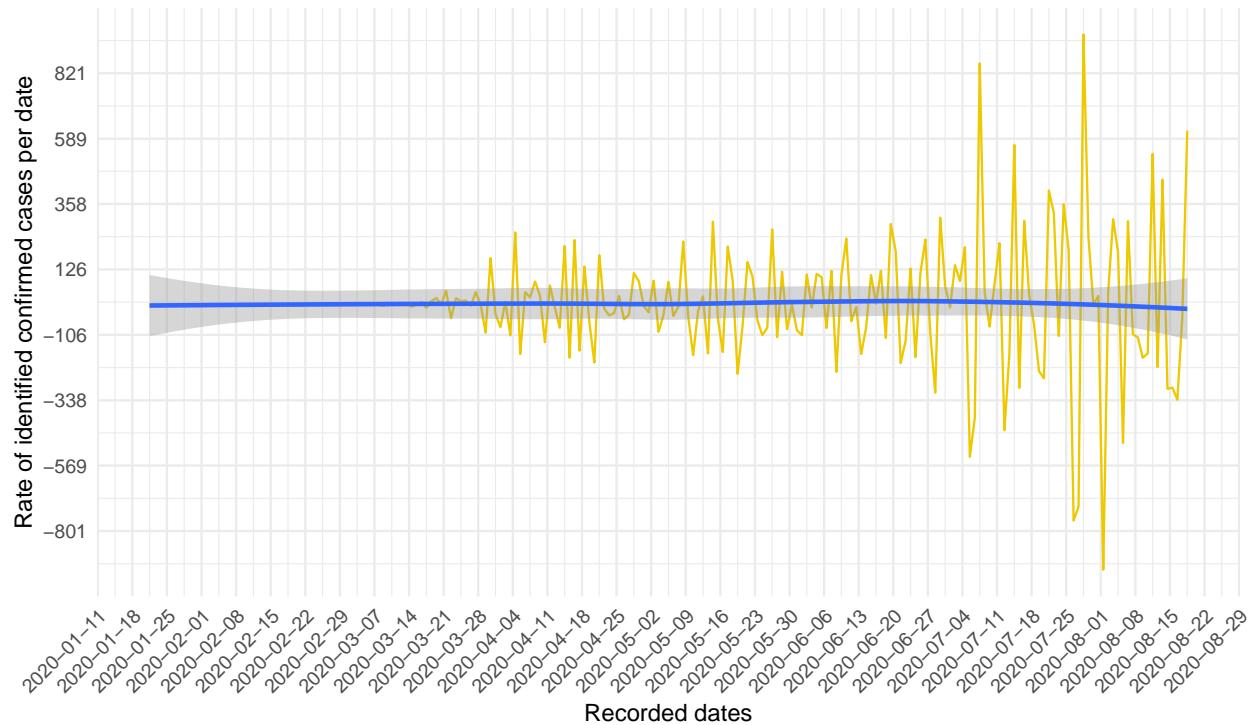

Dominica – rate of increase of confirmed cases over time

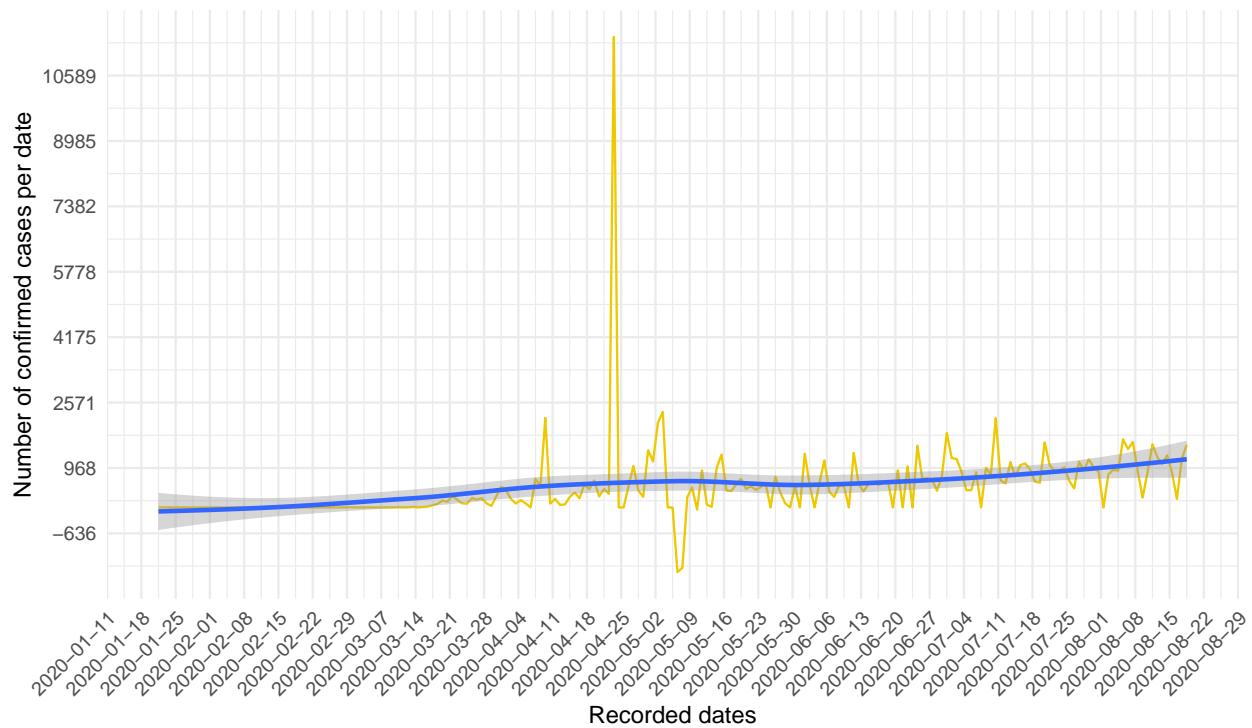

Dominican Republic – confirmed cases over time, total cases: 79,732

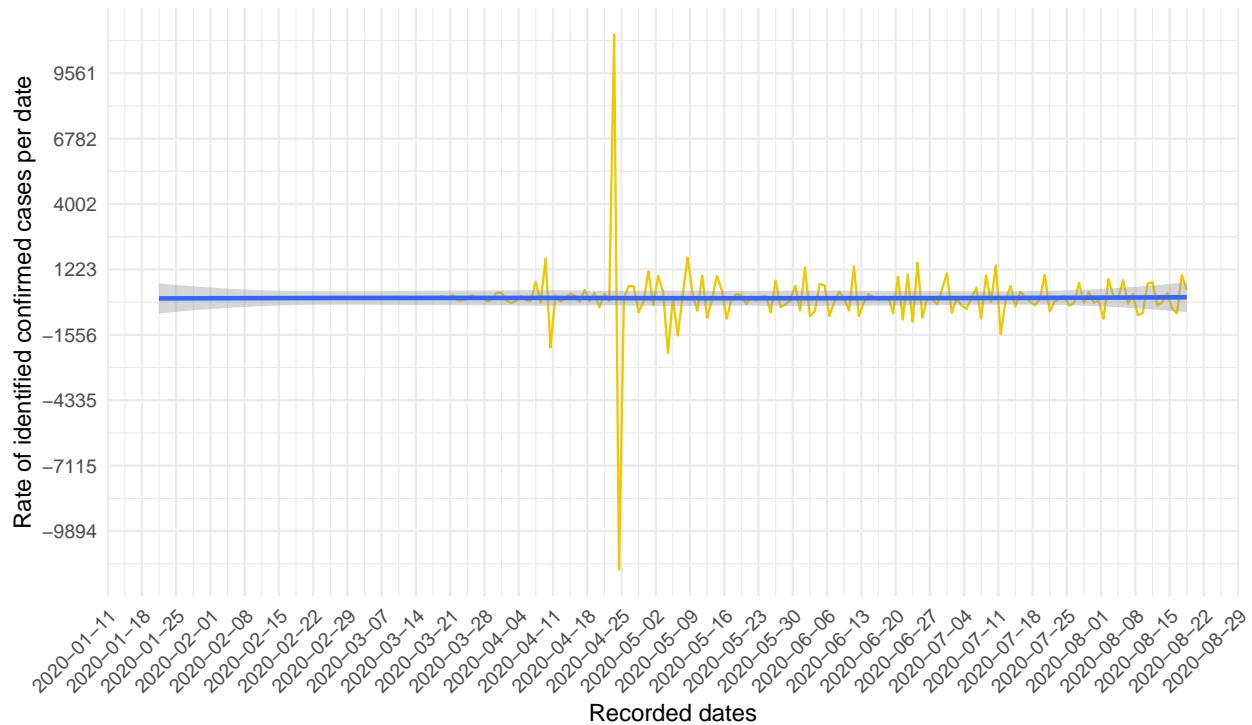

Dominican Republic – rate of increase of confirmed cases over time

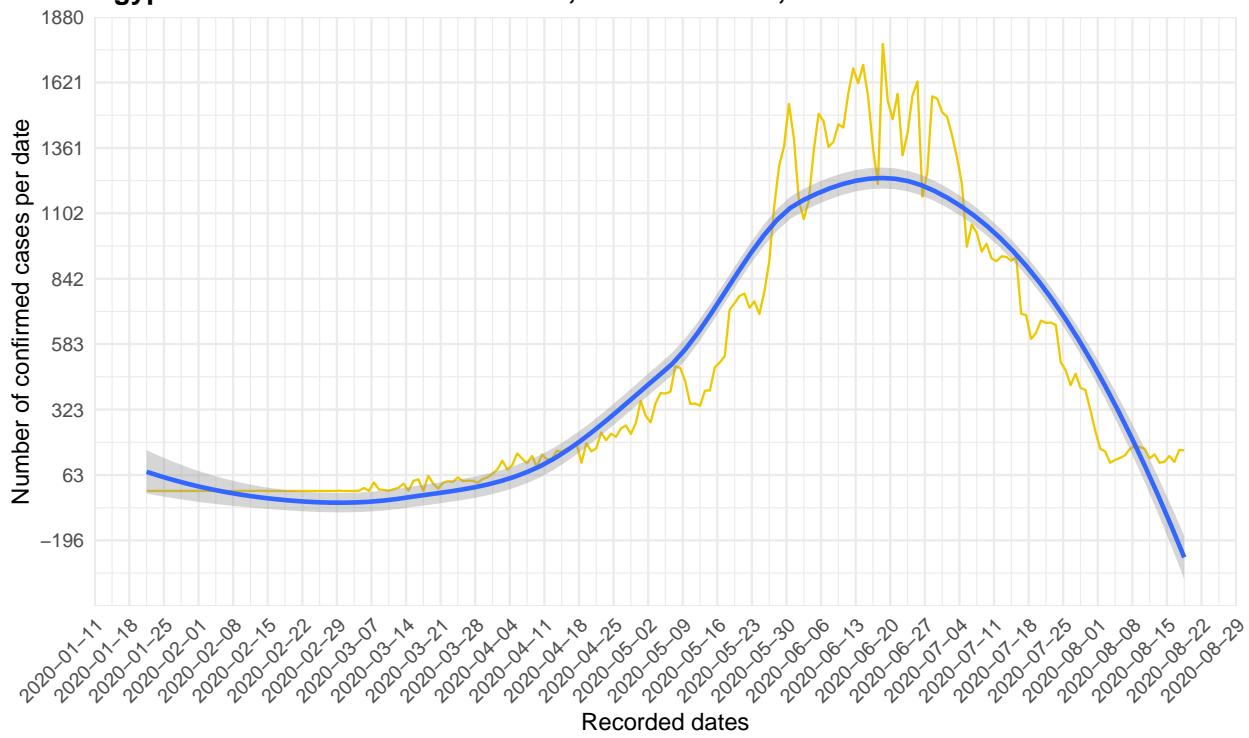

Ecuador – confirmed cases over time, total cases: 94,459

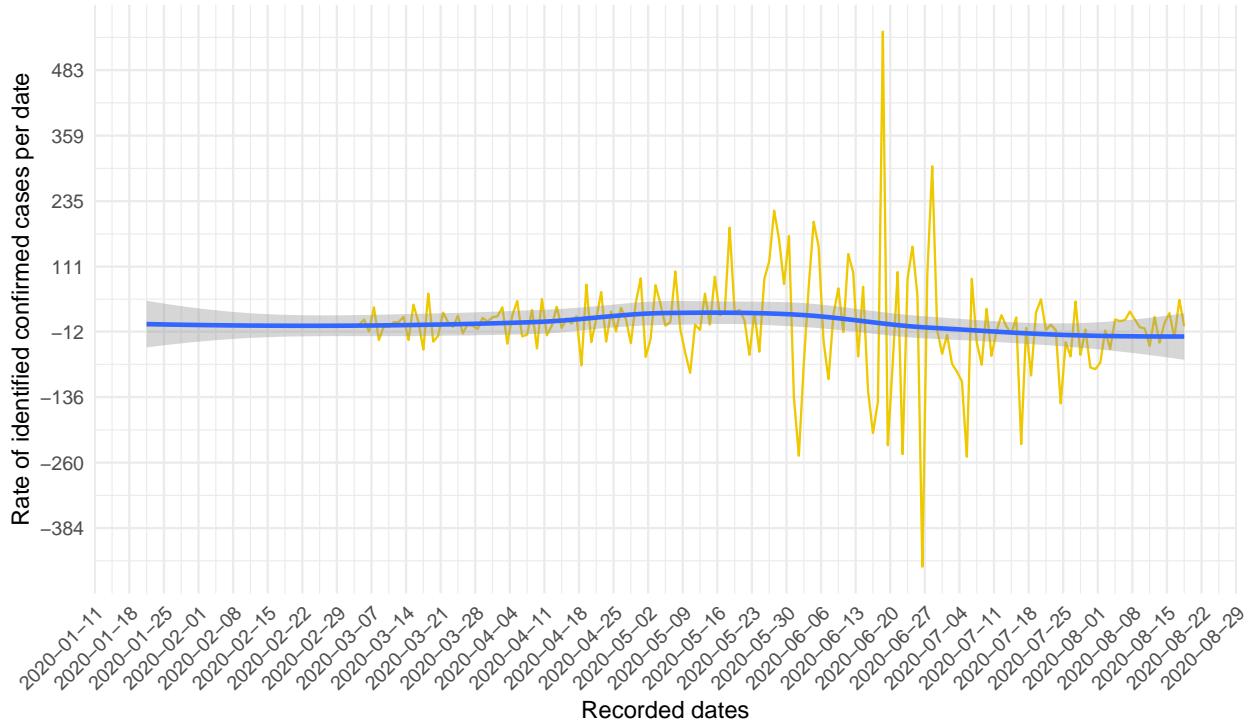

Ecuador – rate of increase of confirmed cases over time

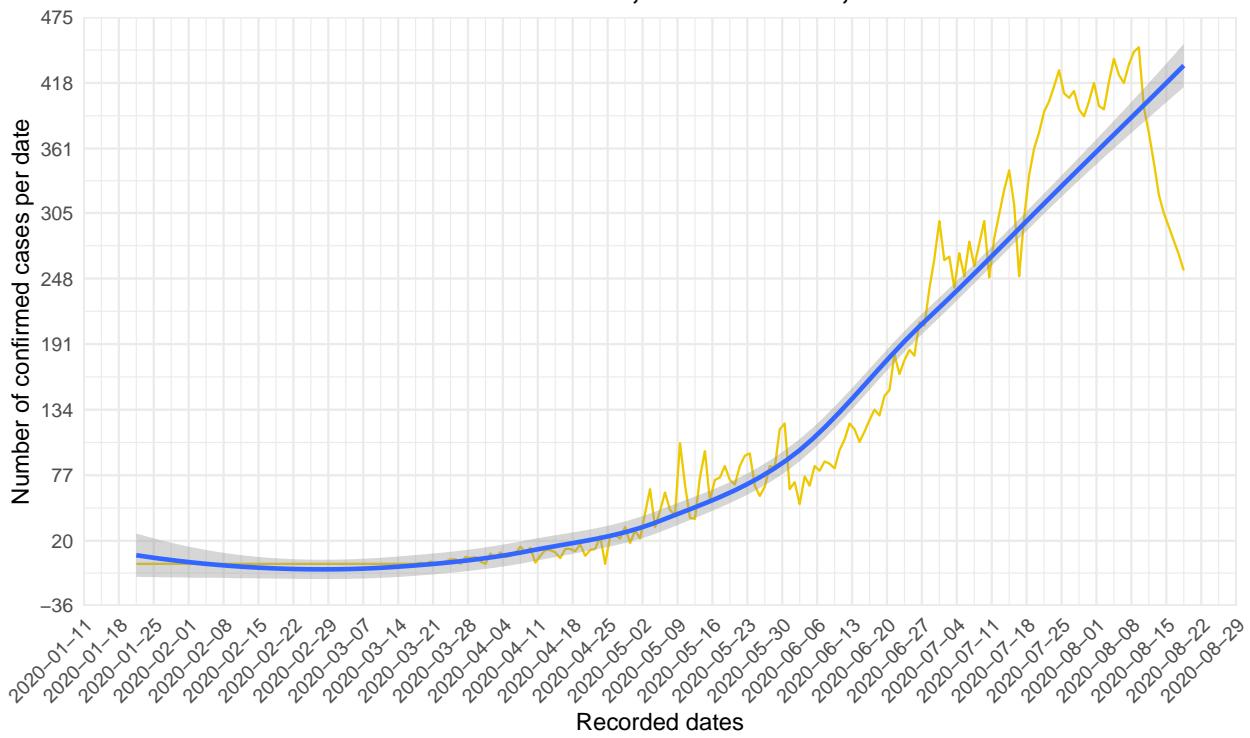

Egypt – confirmed cases over time, total cases: 95,492

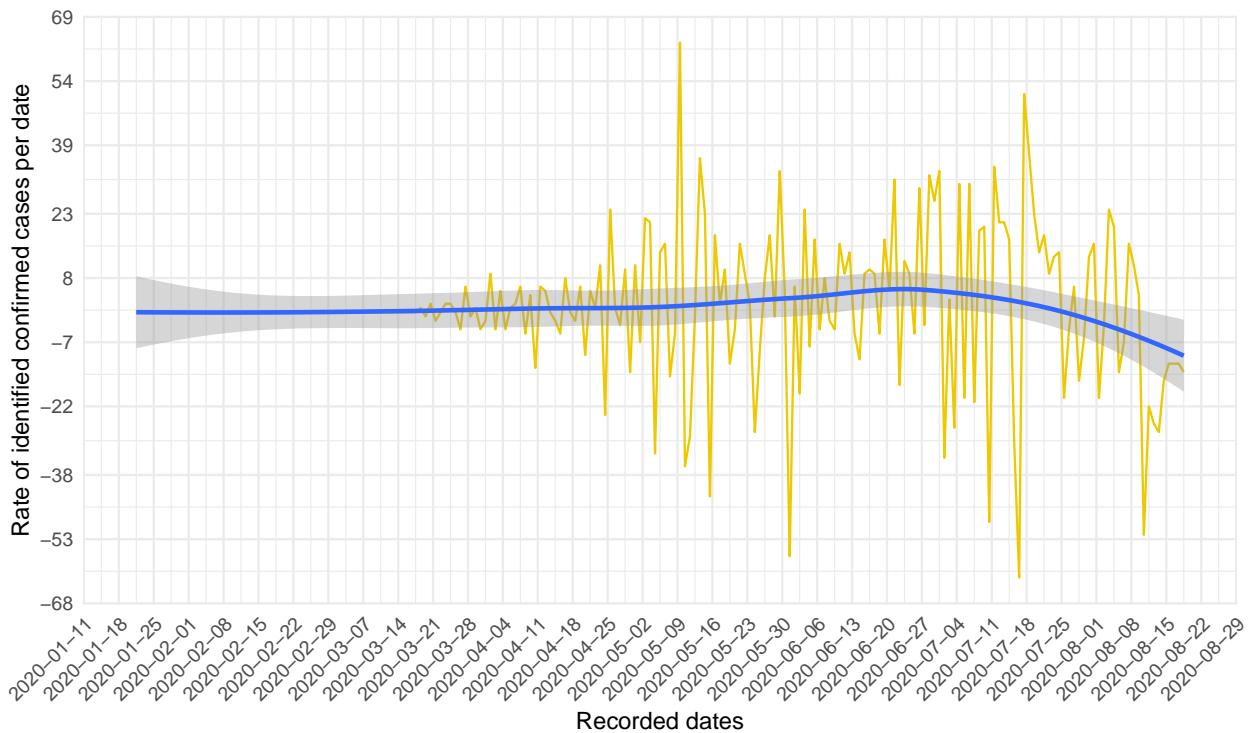

Egypt – rate of increase of confirmed cases over time

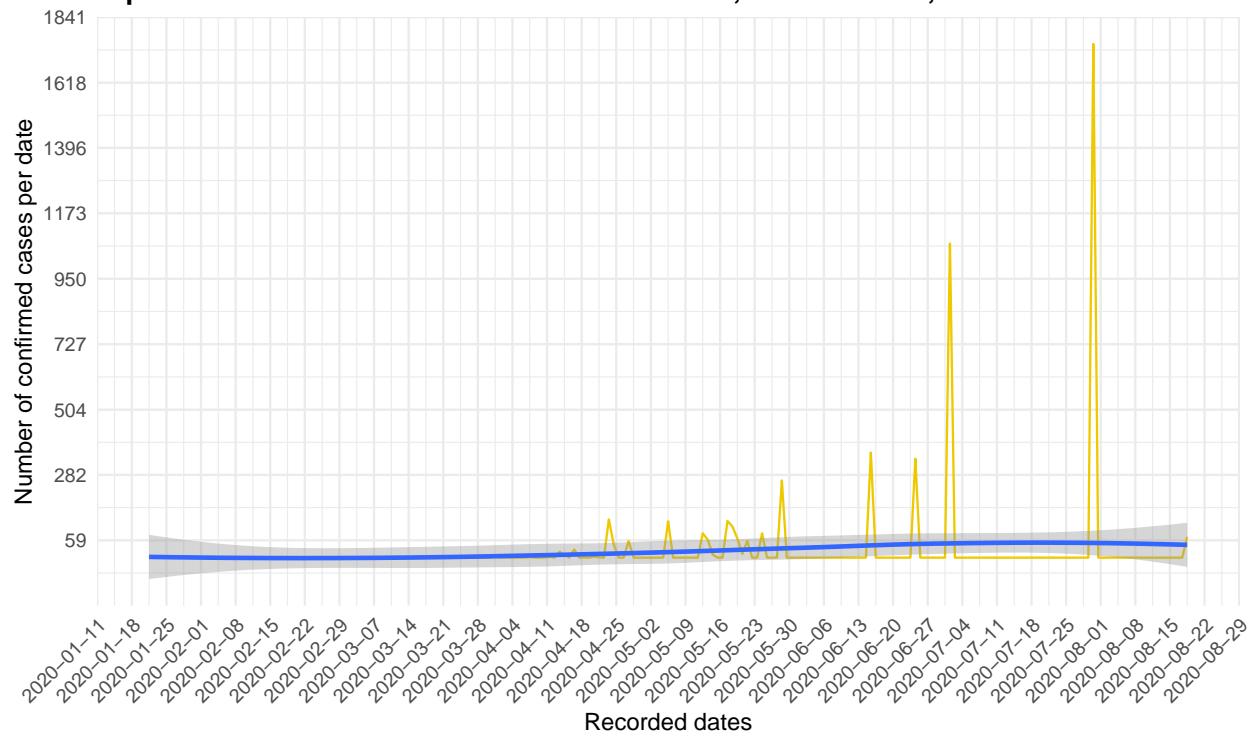

El Salvador – confirmed cases over time, total cases: 20,423

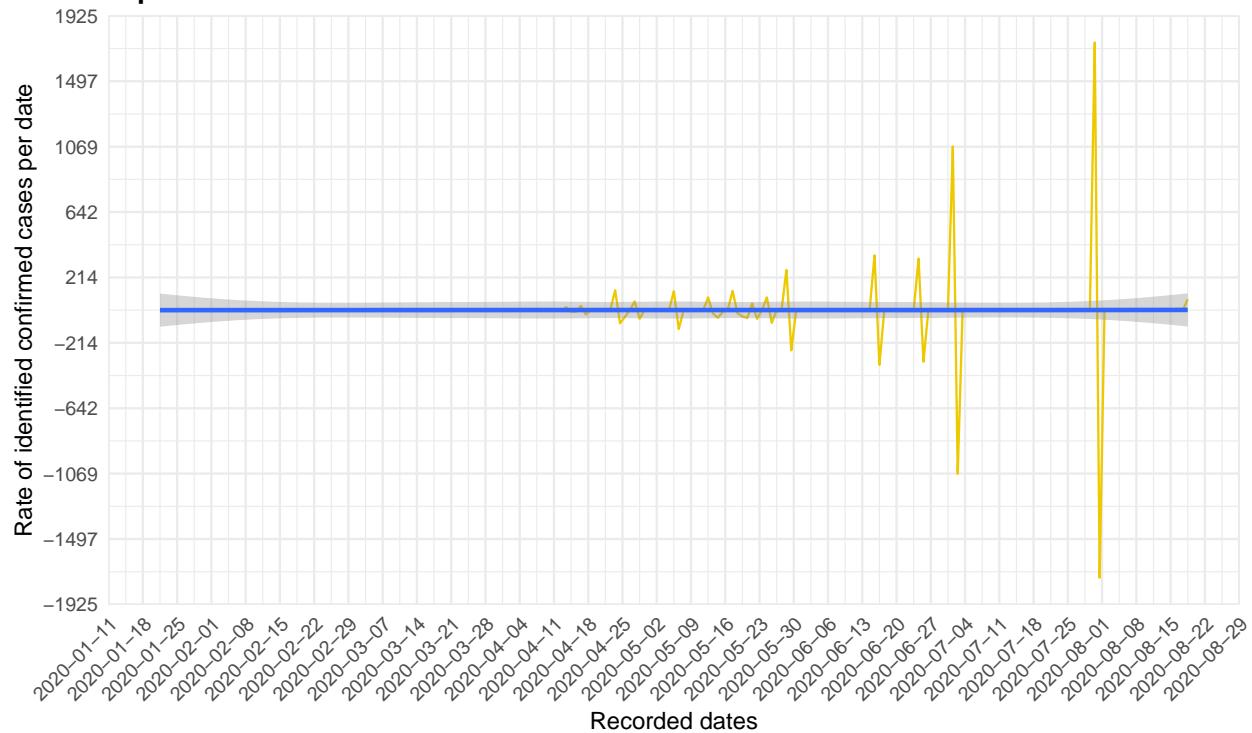

El Salvador – rate of increase of confirmed cases over time

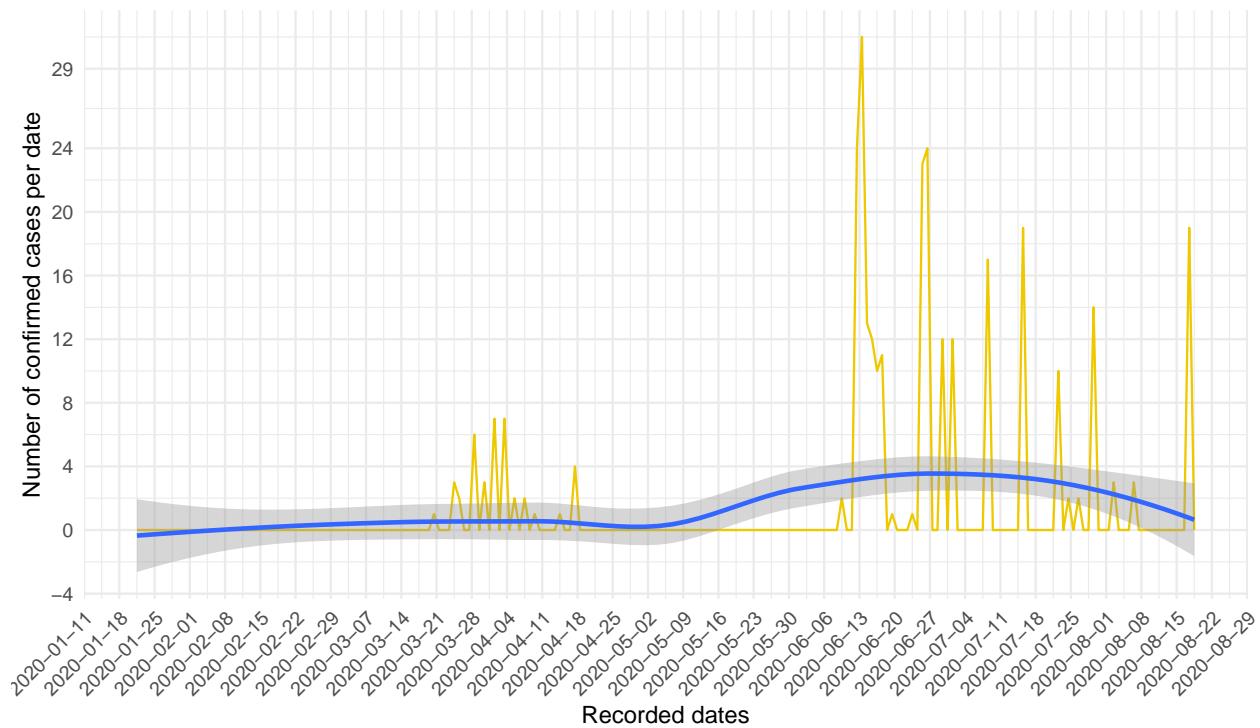

Equatorial Guinea – confirmed cases over time, total cases: 4,821

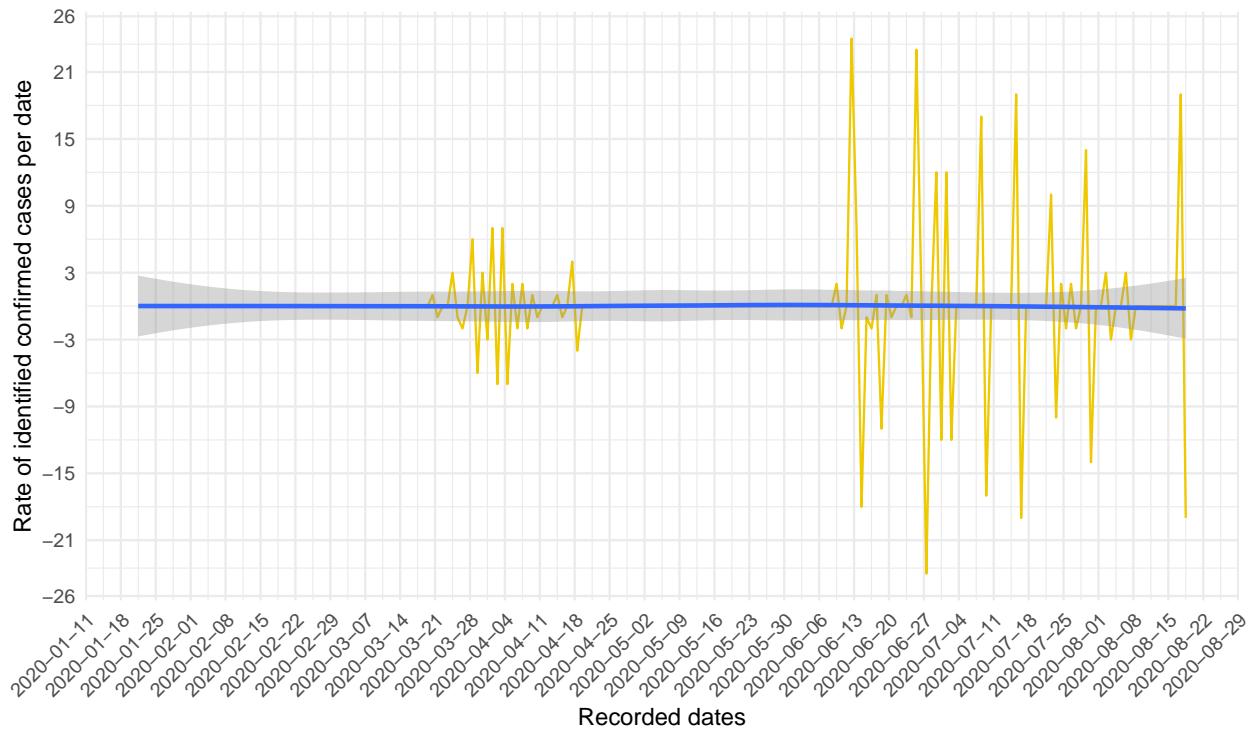

Equatorial Guinea – rate of increase of confirmed cases over time

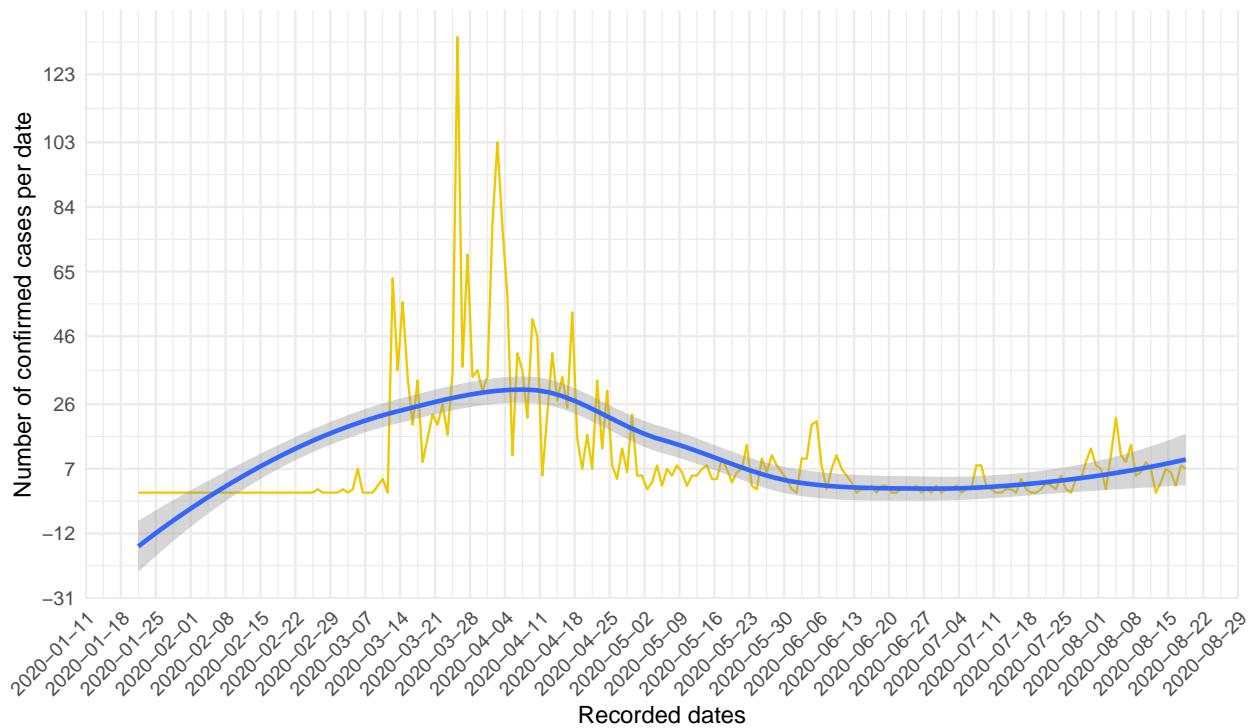

Eritrea – confirmed cases over time, total cases: 285

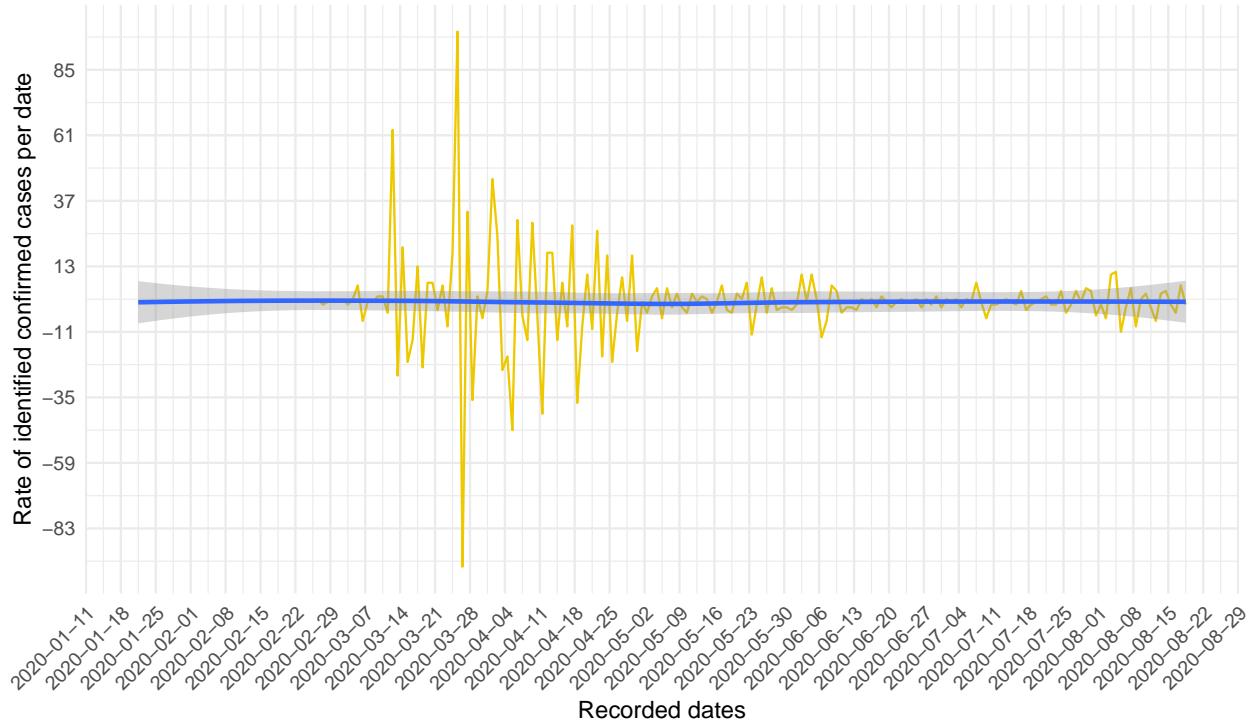

Eritrea – rate of increase of confirmed cases over time

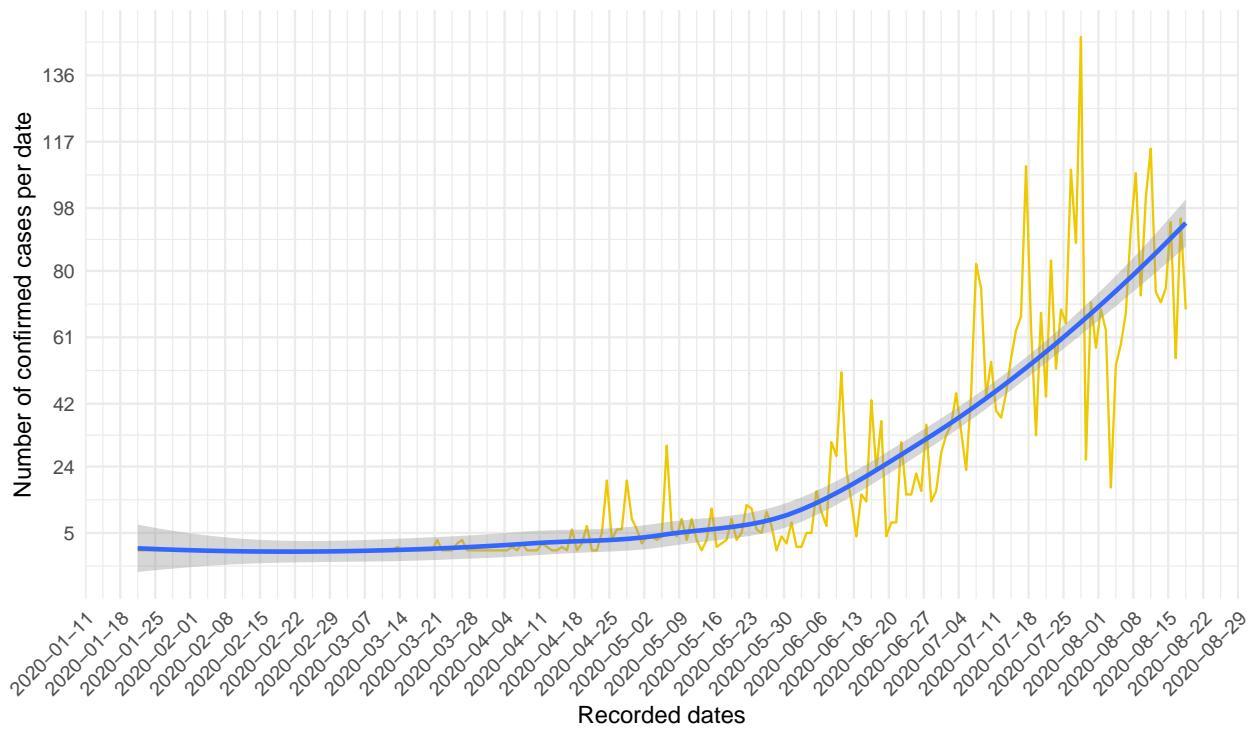

Estonia – confirmed cases over time, total cases: 2,152

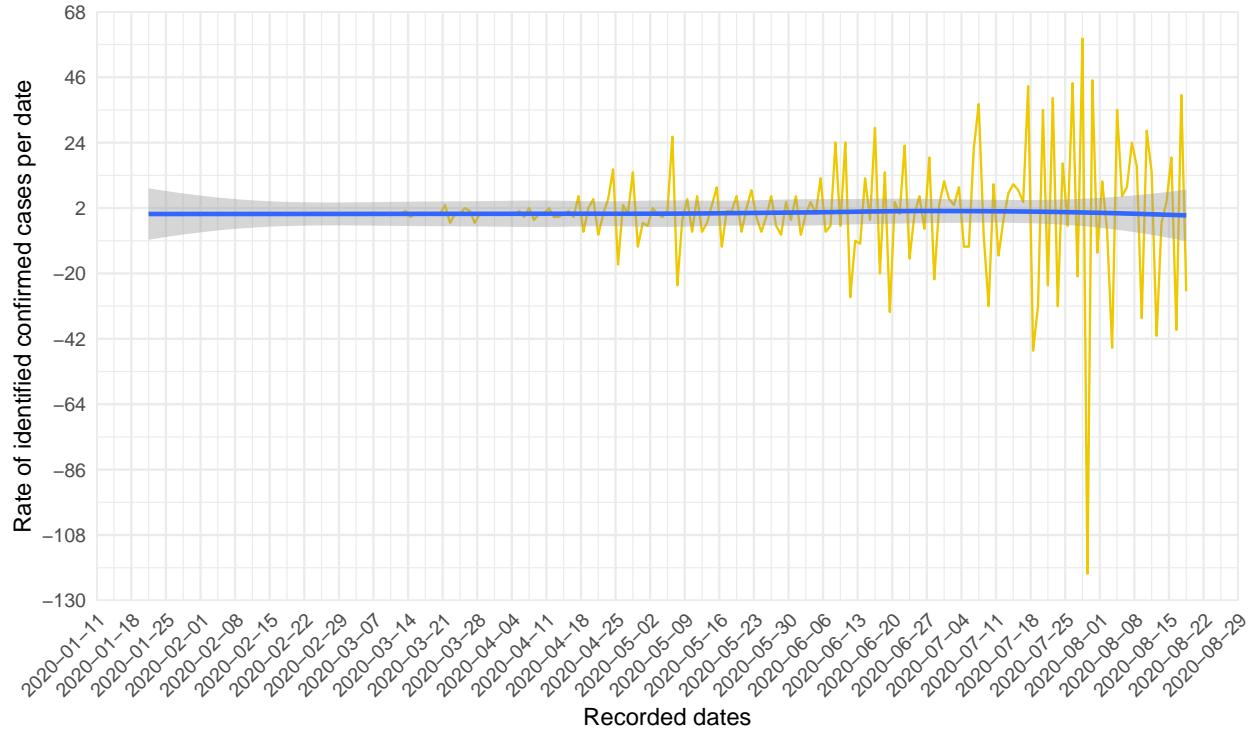

Estonia – rate of increase of confirmed cases over time

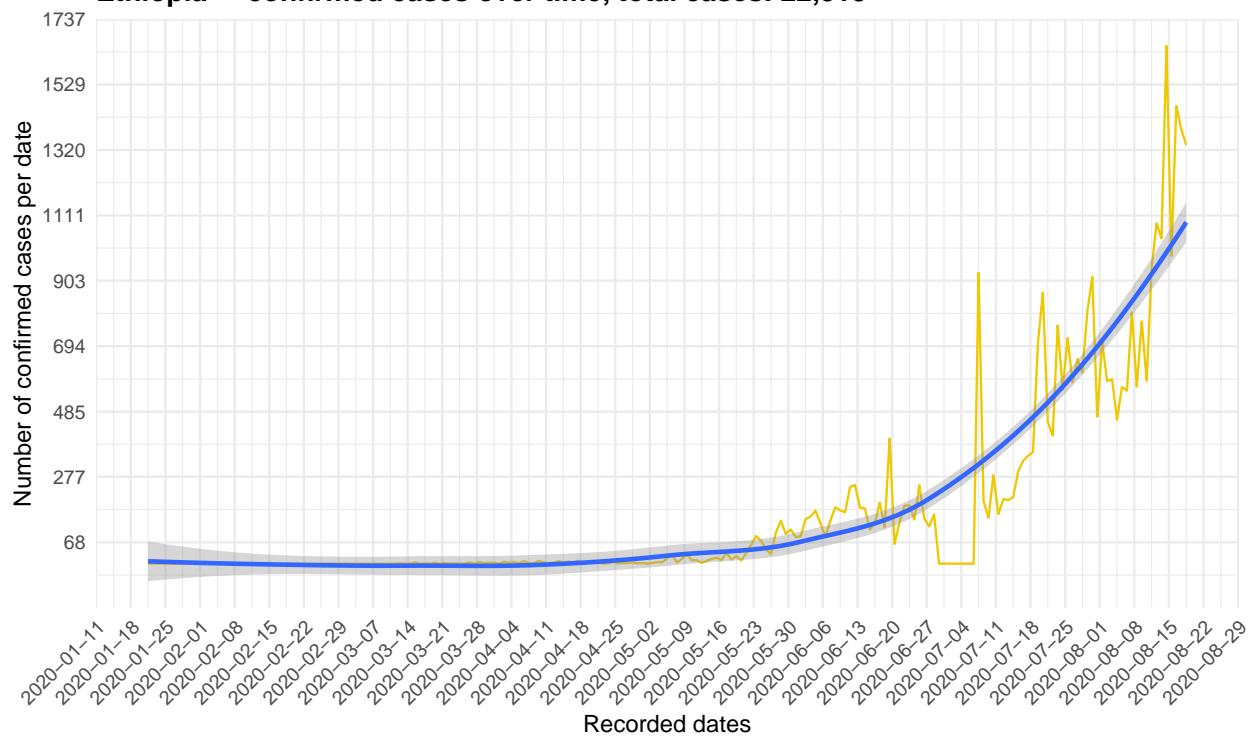

Eswatini – confirmed cases over time, total cases: 3,236

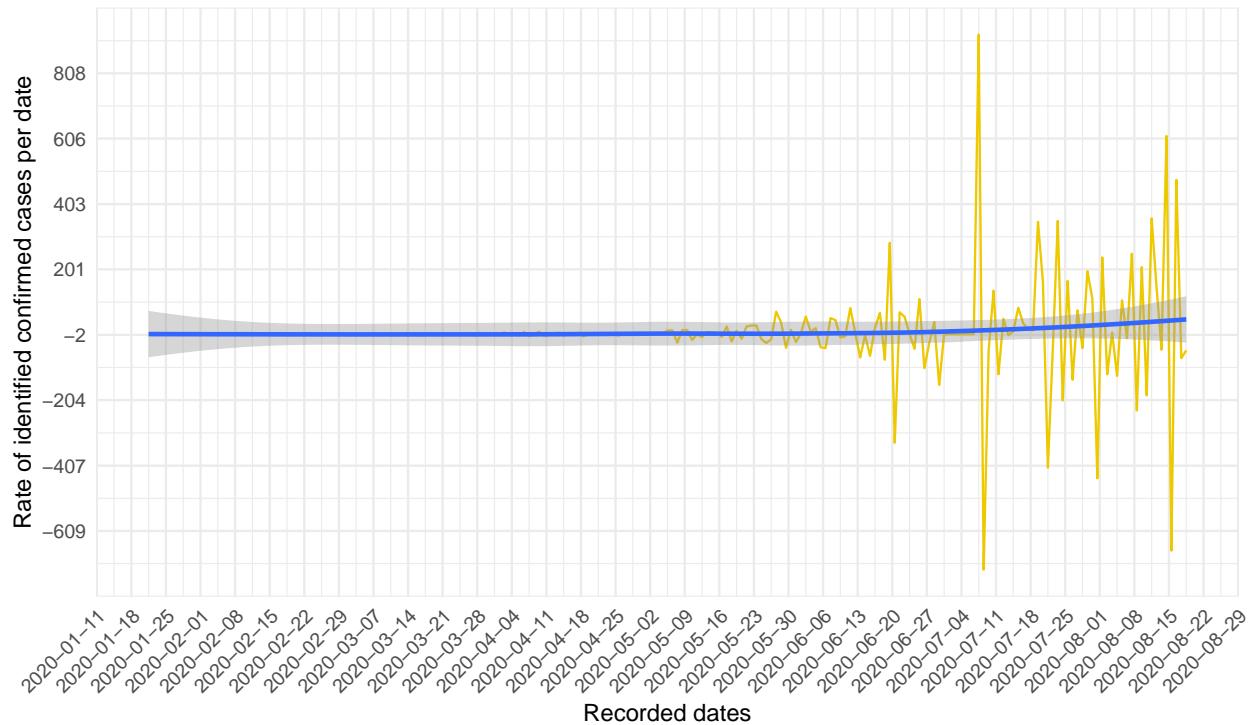

Eswatini – rate of increase of confirmed cases over time

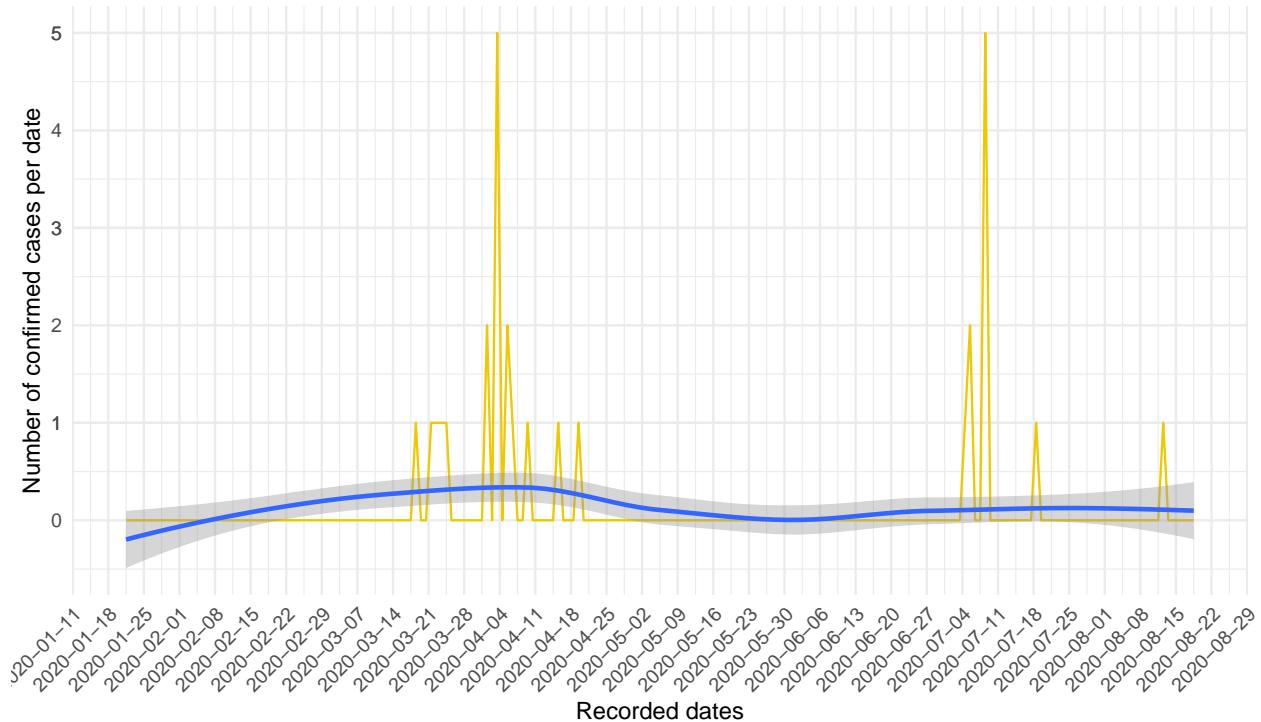

Ethiopia – confirmed cases over time, total cases: 22,818

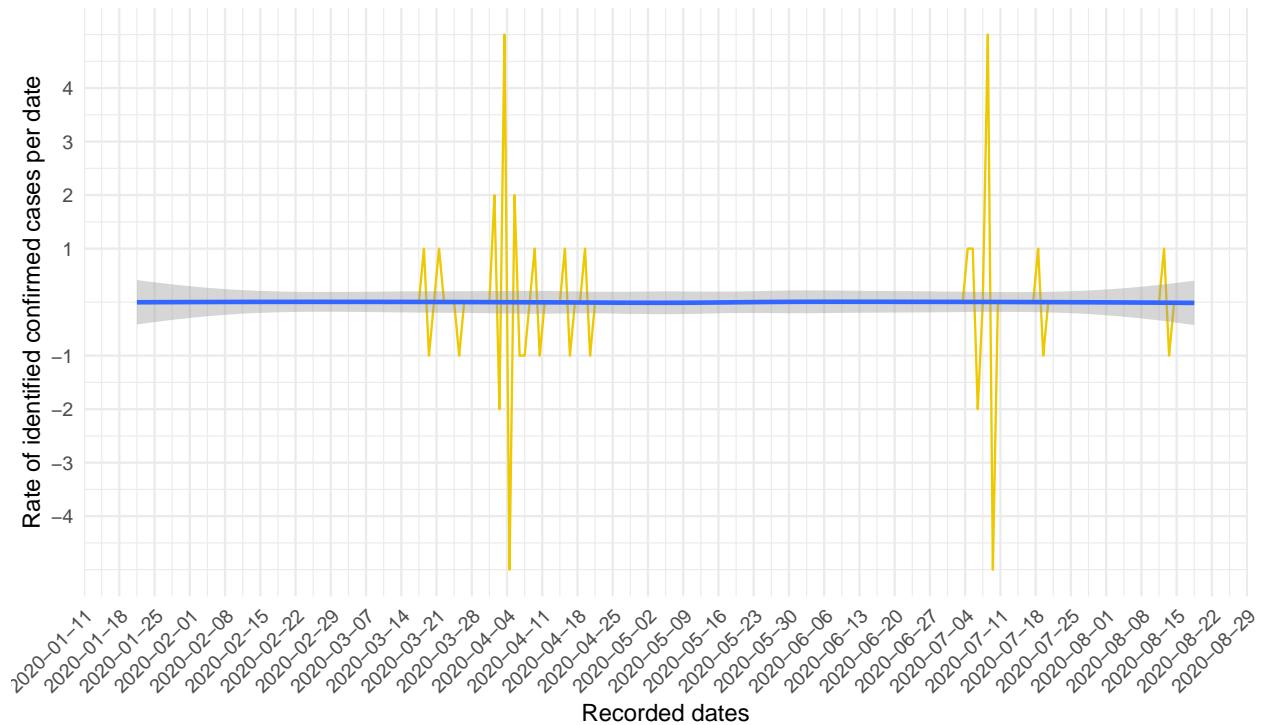

Ethiopia – rate of increase of confirmed cases over time

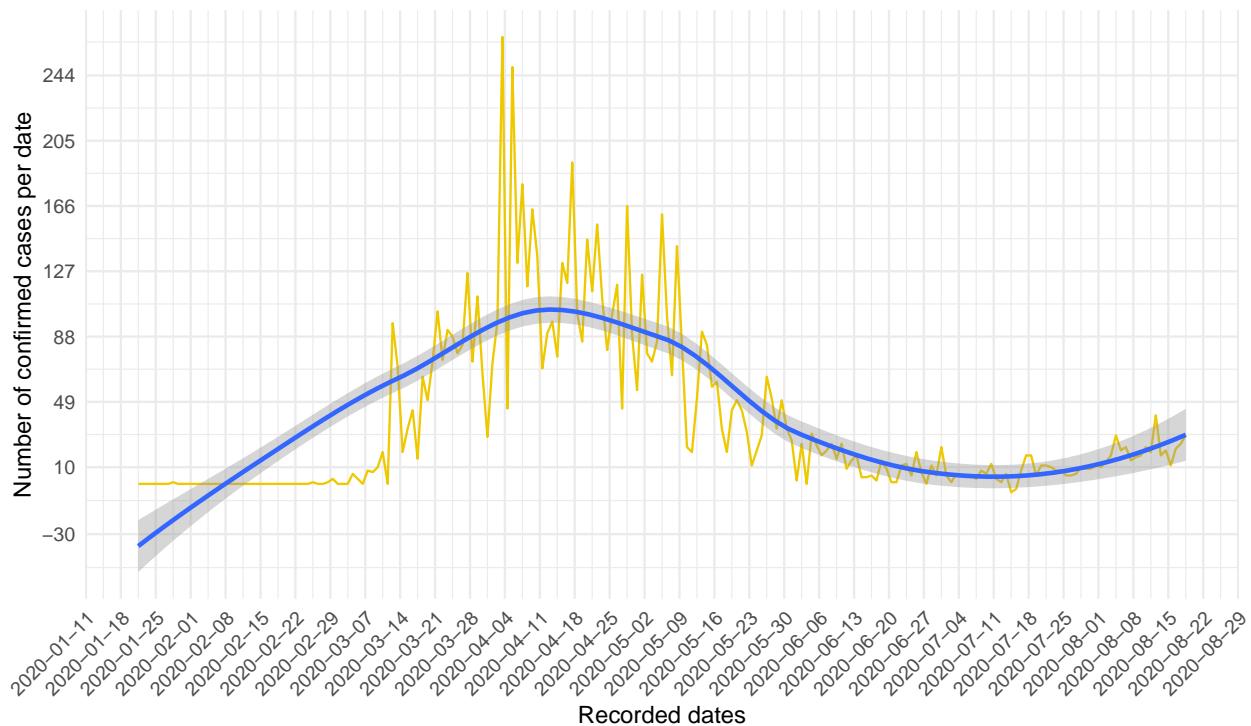

Fiji – confirmed cases over time, total cases: 27

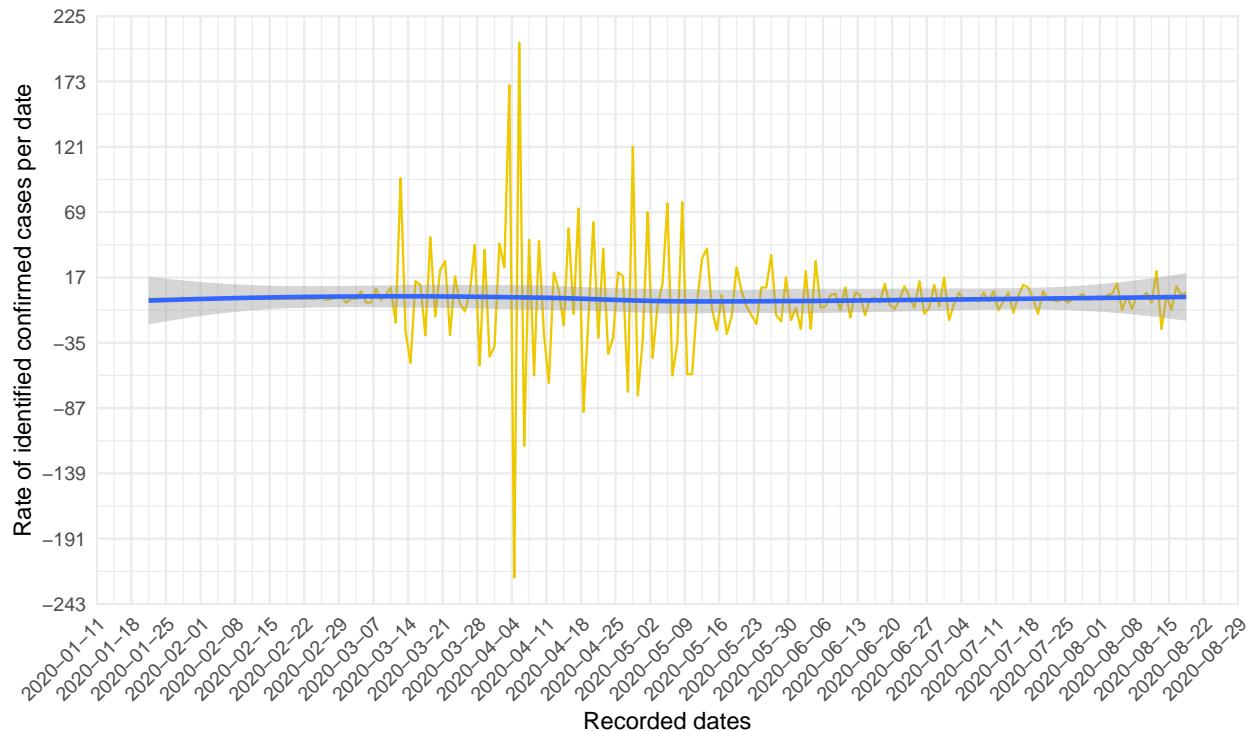

Fiji – rate of increase of confirmed cases over time

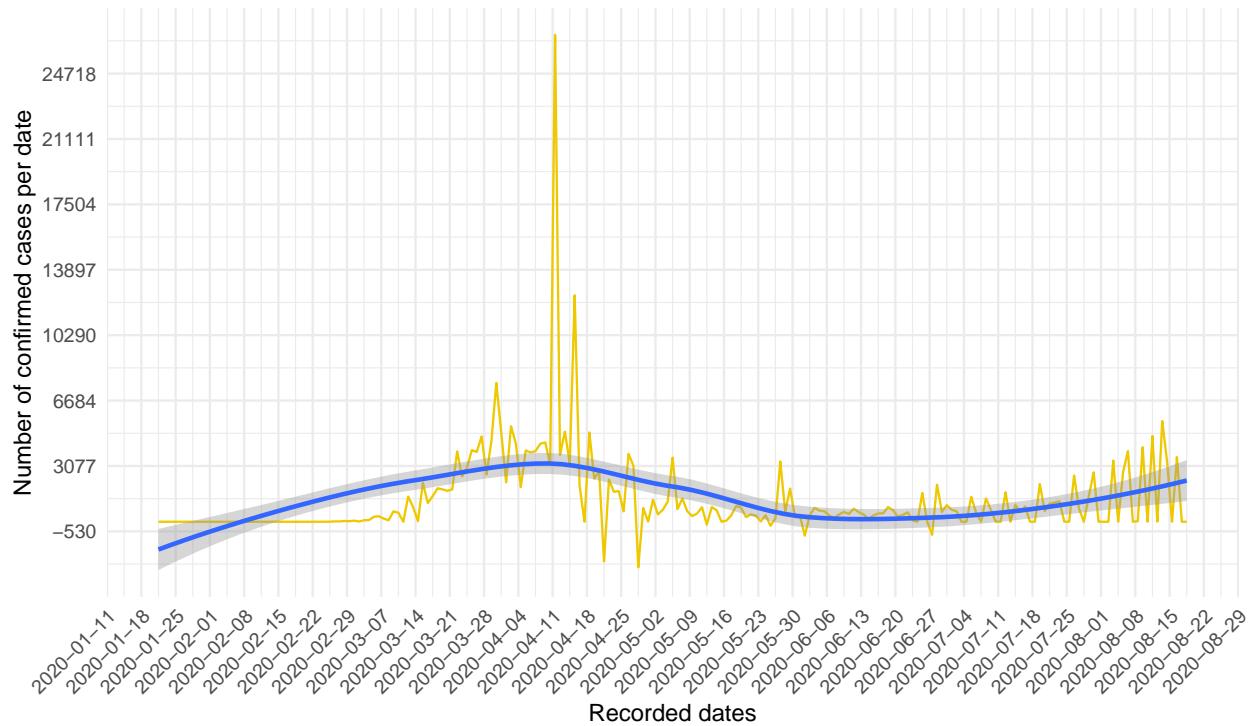

Finland – confirmed cases over time, total cases: 7,584

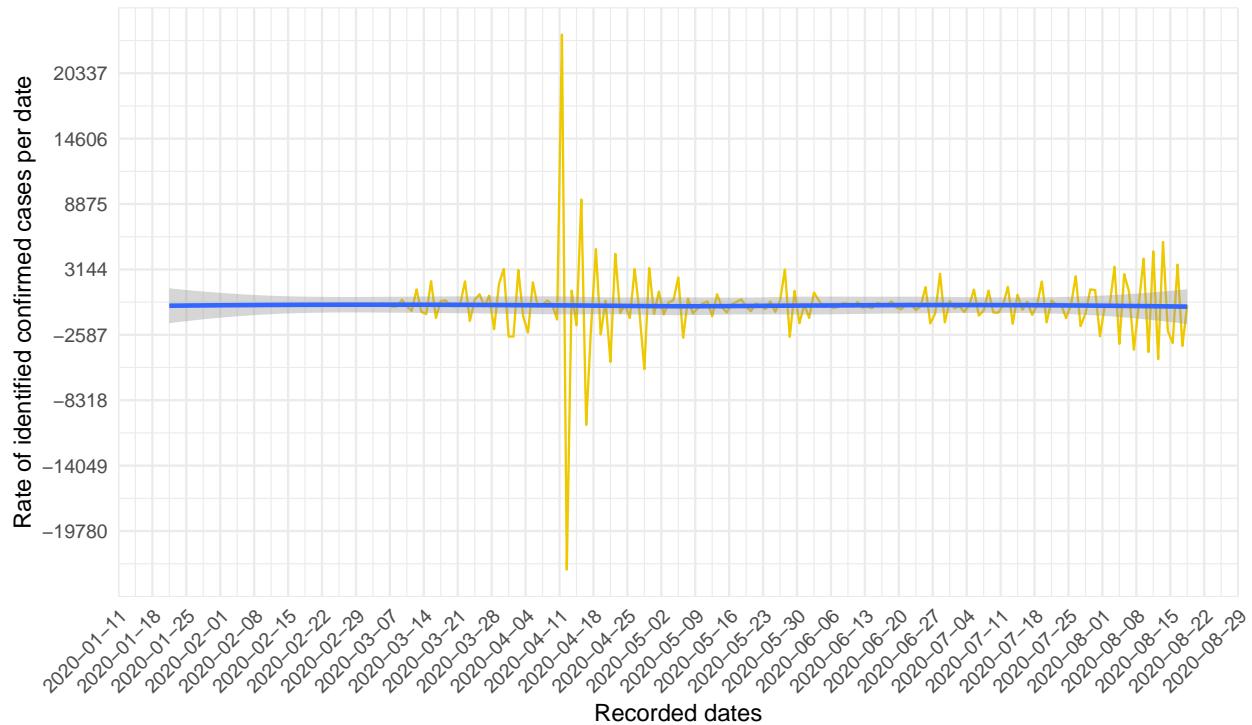

Finland – rate of increase of confirmed cases over time

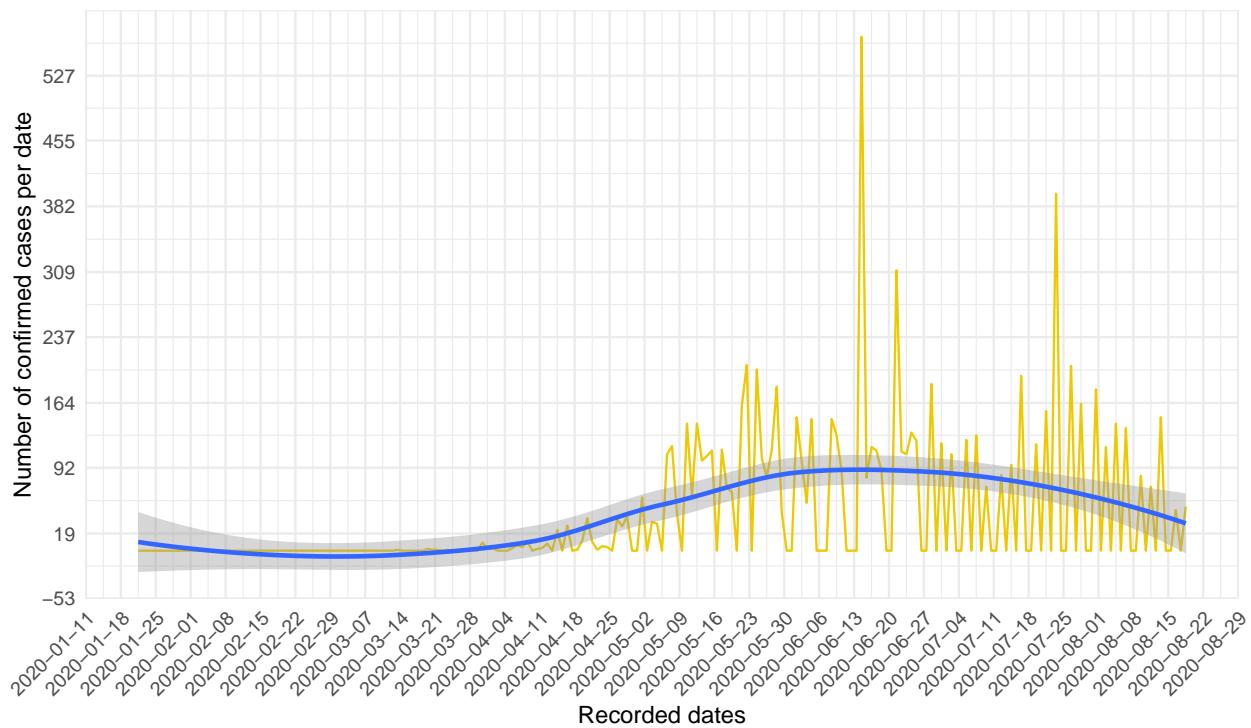

France – confirmed cases over time, total cases: 235,237

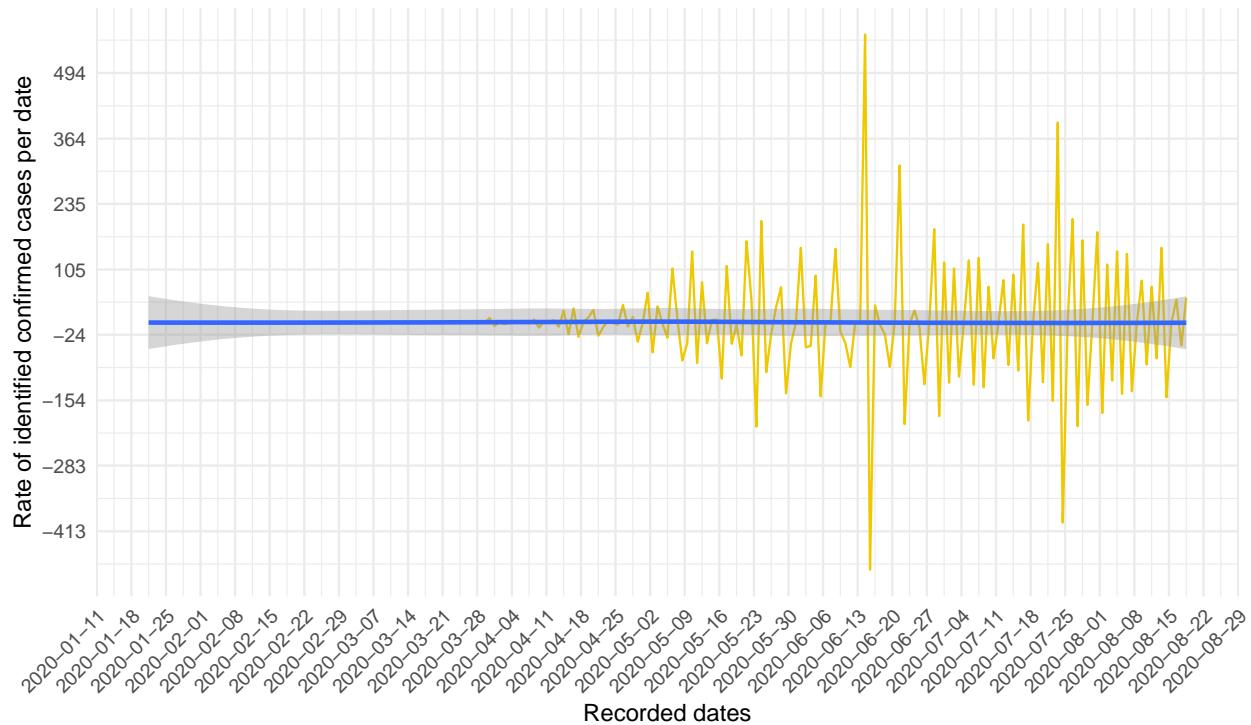

France – rate of increase of confirmed cases over time

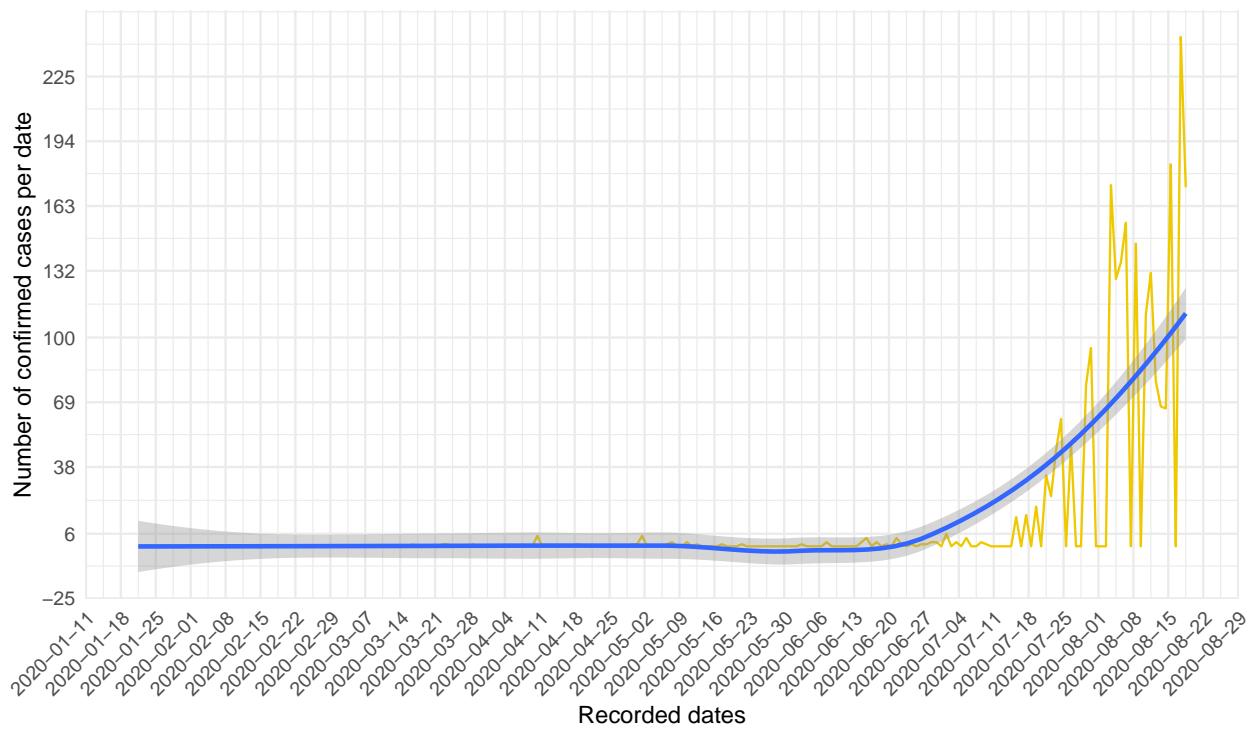

Gabon – confirmed cases over time, total cases: 7,923

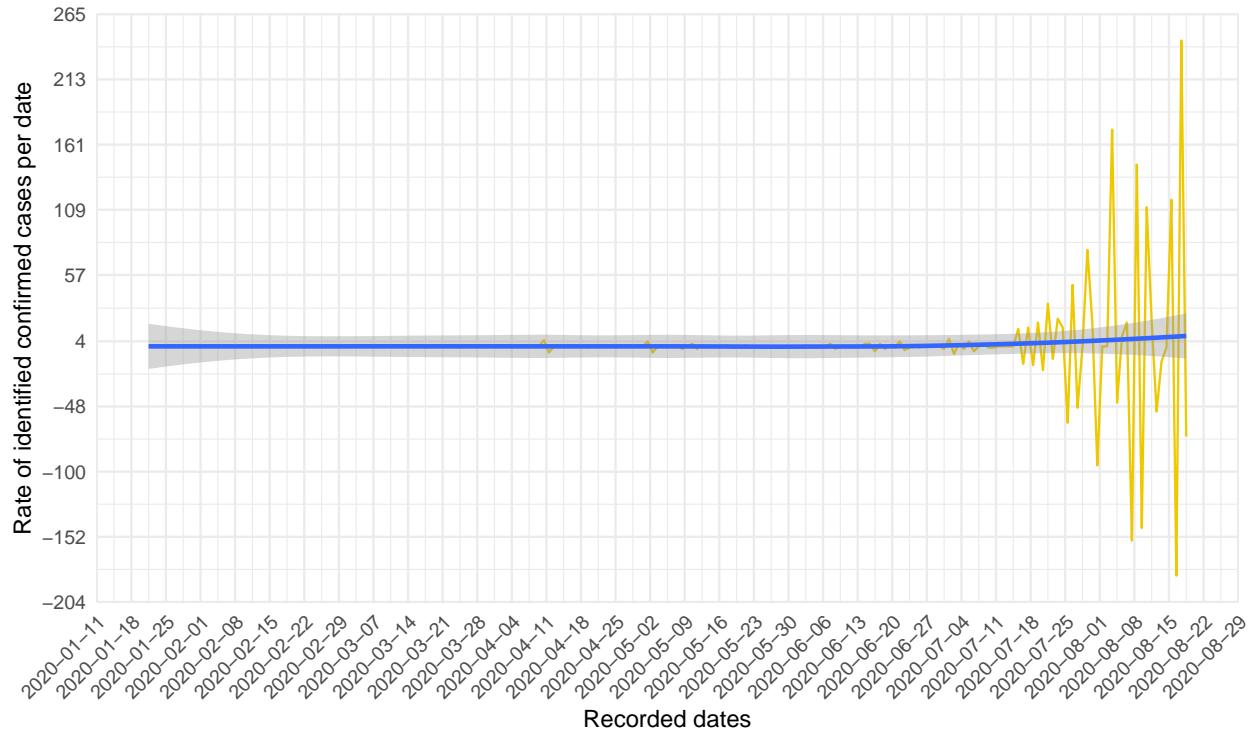

Gabon – rate of increase of confirmed cases over time

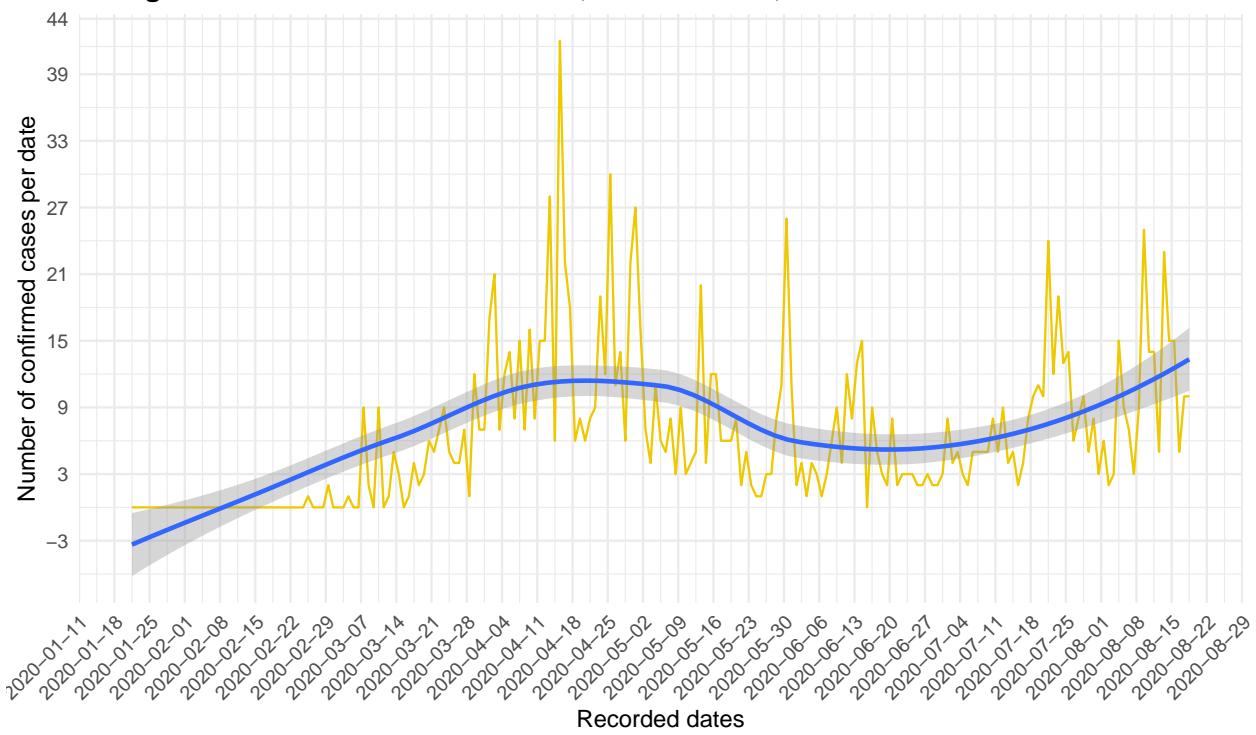

Gambia – confirmed cases over time, total cases: 1,235

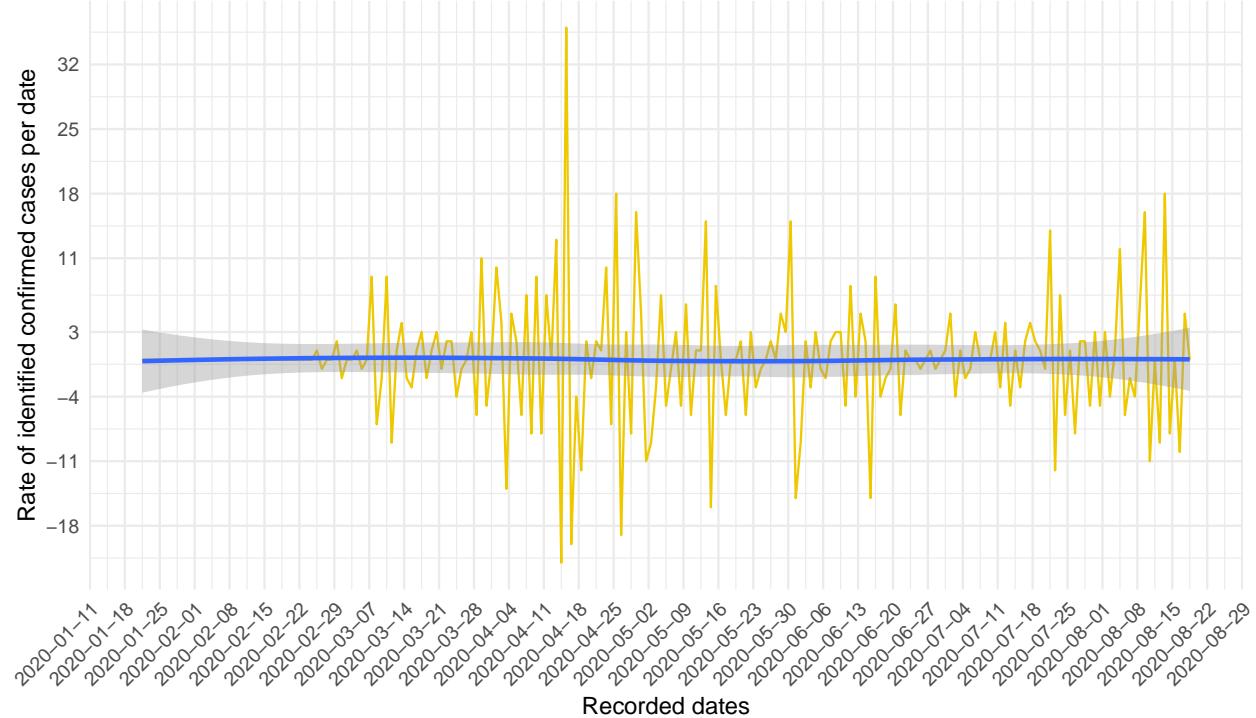

Gambia – rate of increase of confirmed cases over time

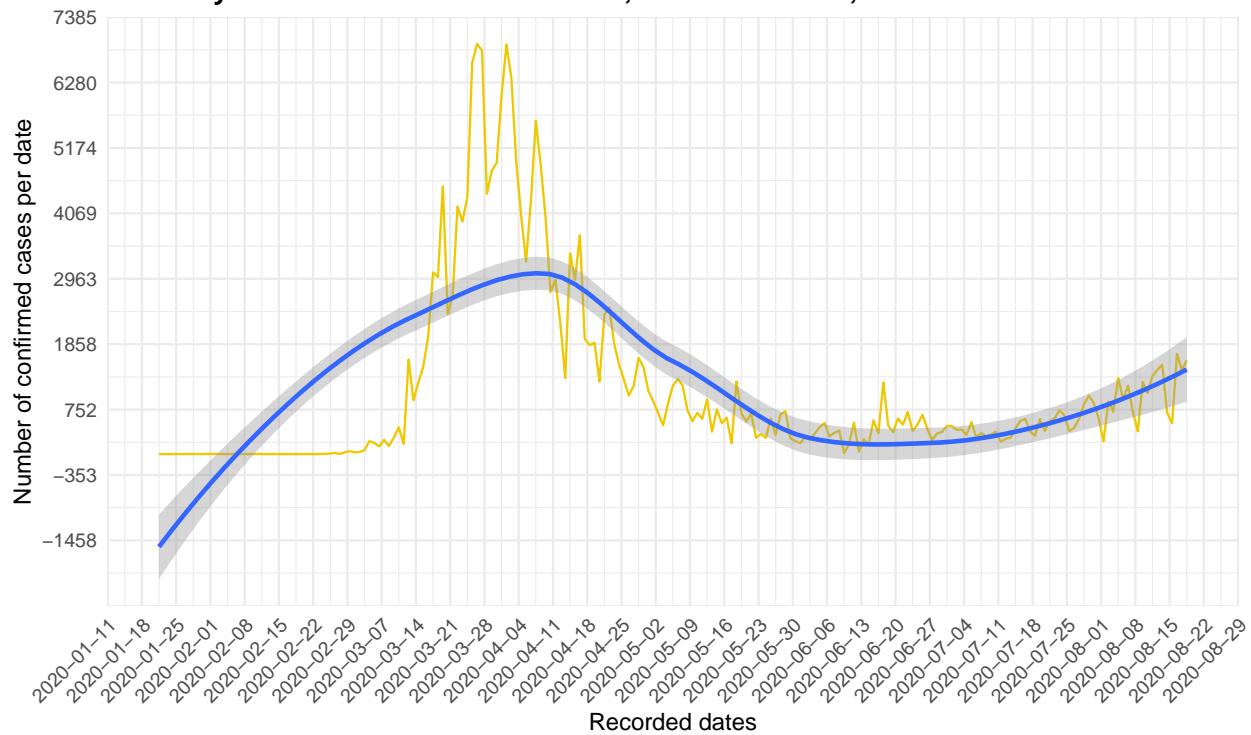

Georgia – confirmed cases over time, total cases: 1,225

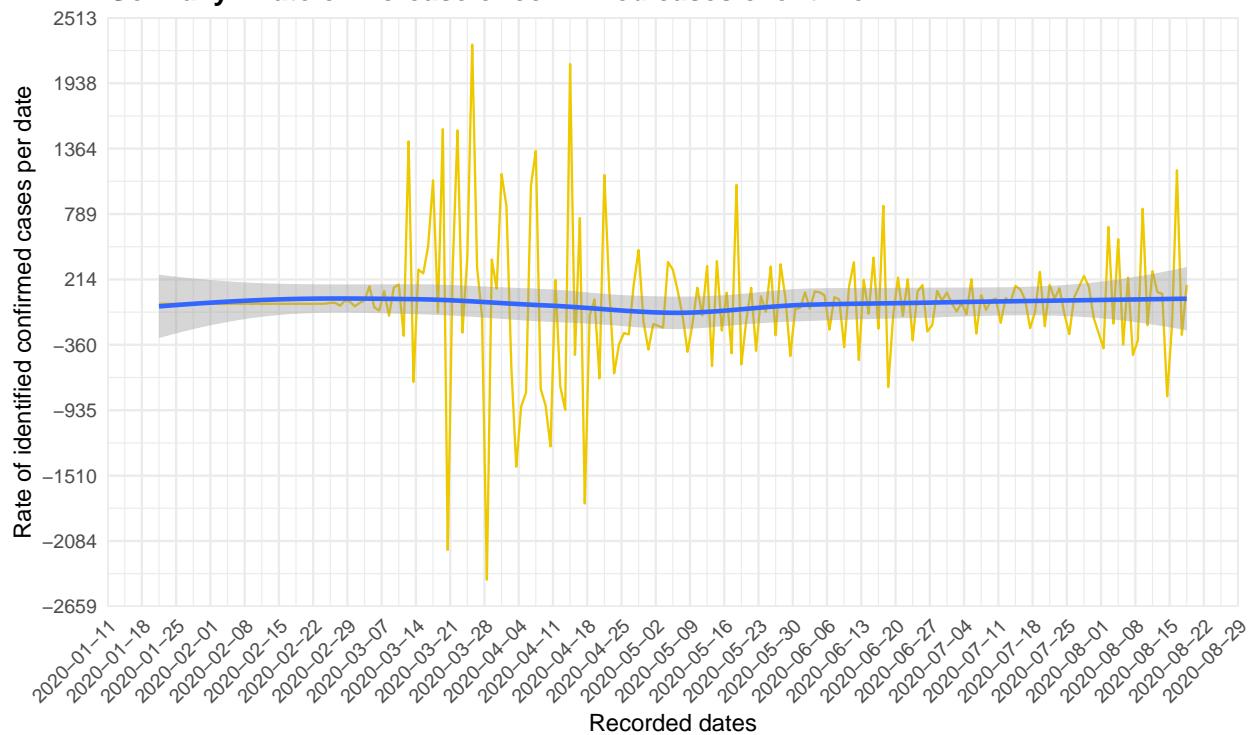

Georgia – rate of increase of confirmed cases over time

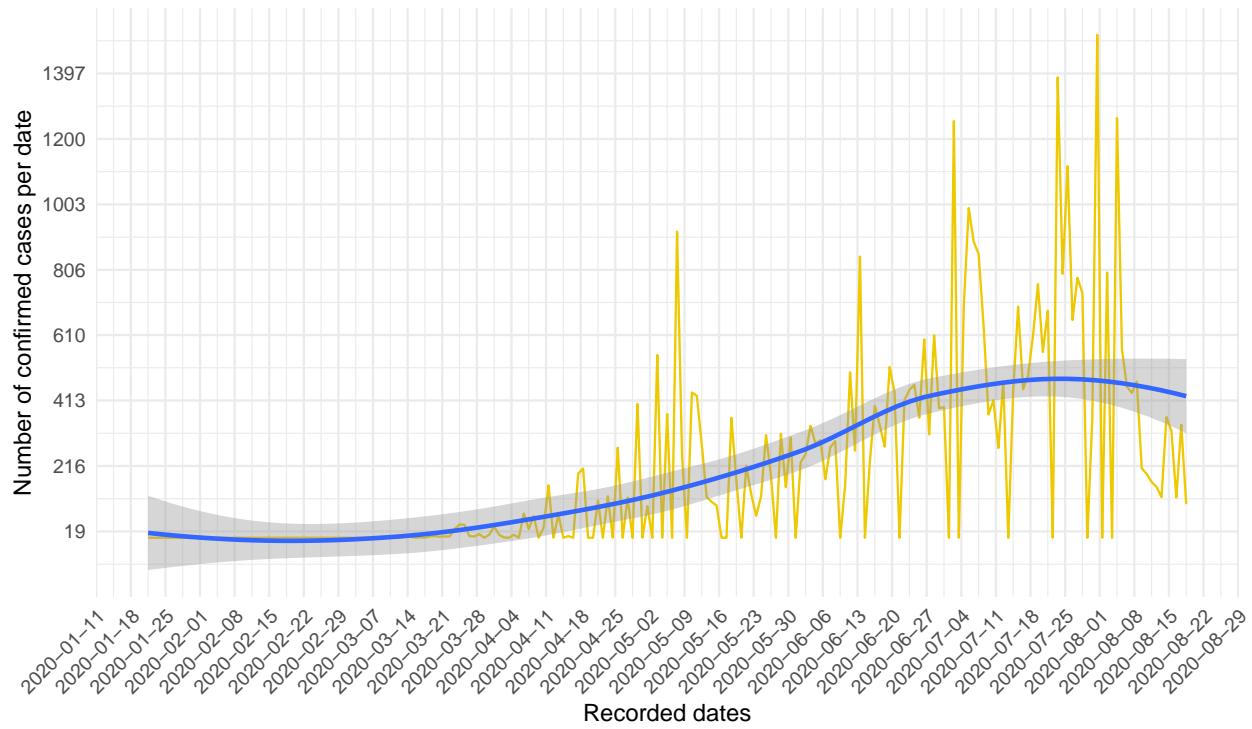

Germany – confirmed cases over time, total cases: 217,288

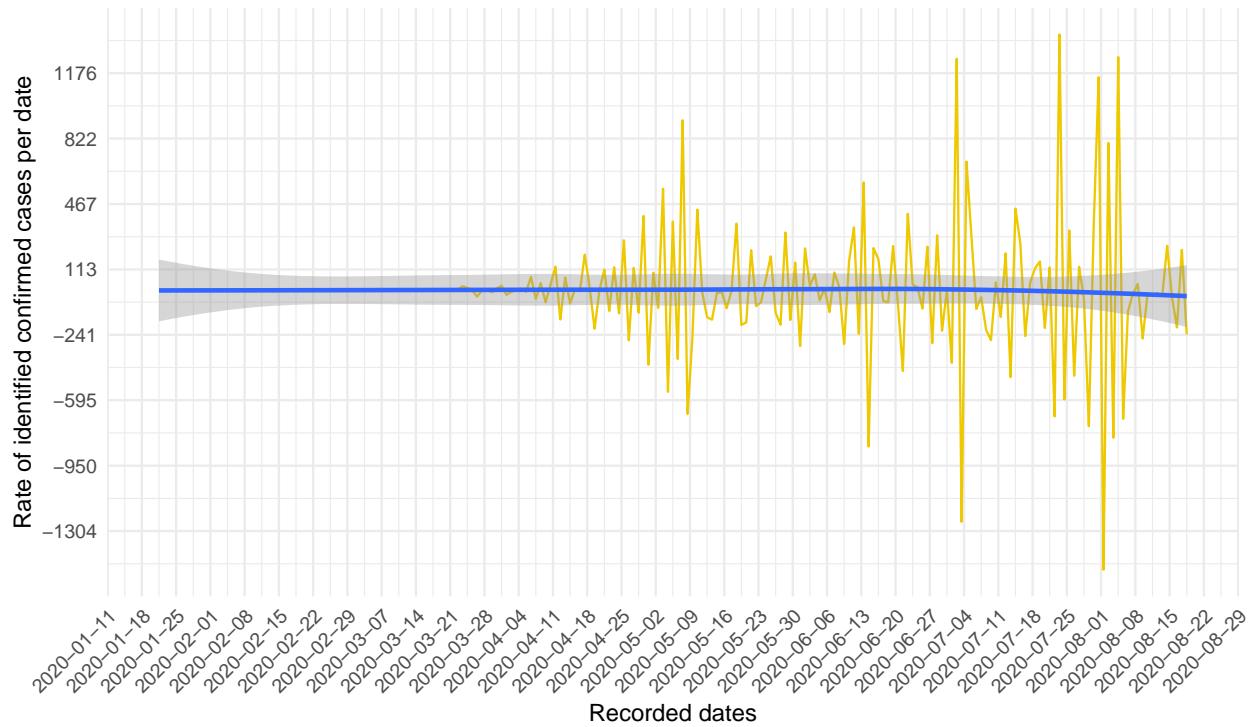

Germany – rate of increase of confirmed cases over time

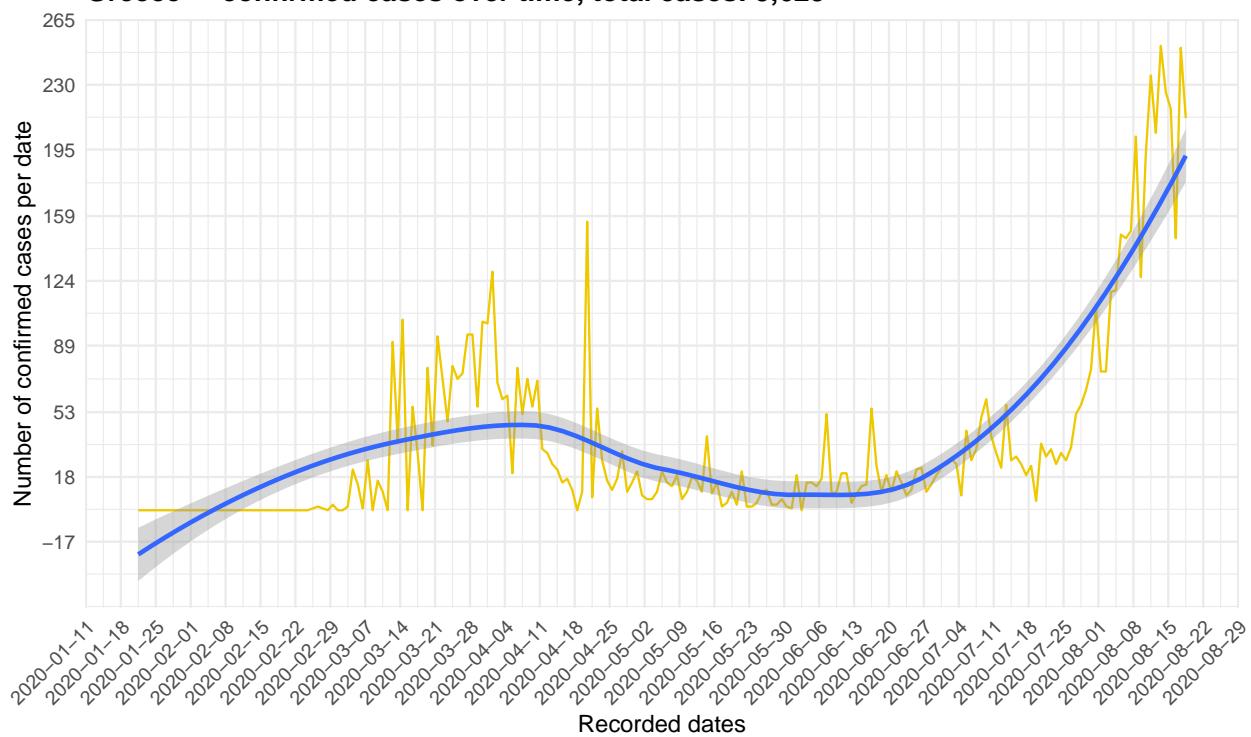

Ghana – confirmed cases over time, total cases: 41,003

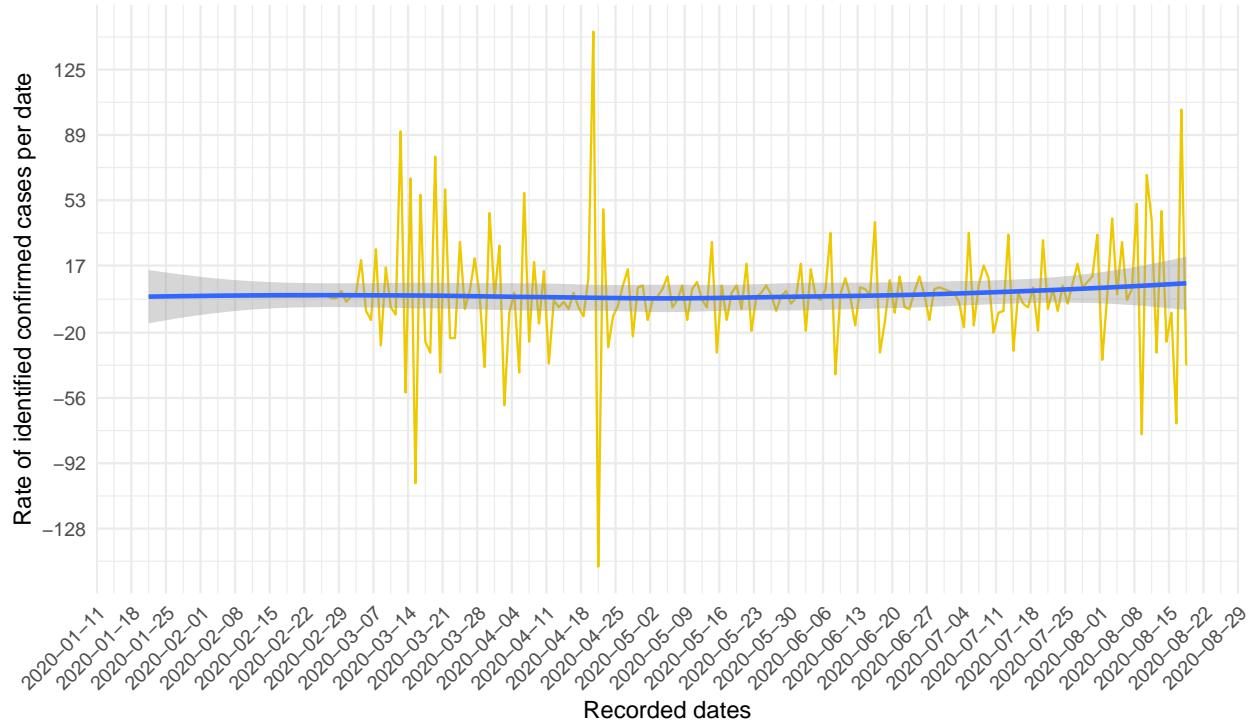

Ghana – rate of increase of confirmed cases over time

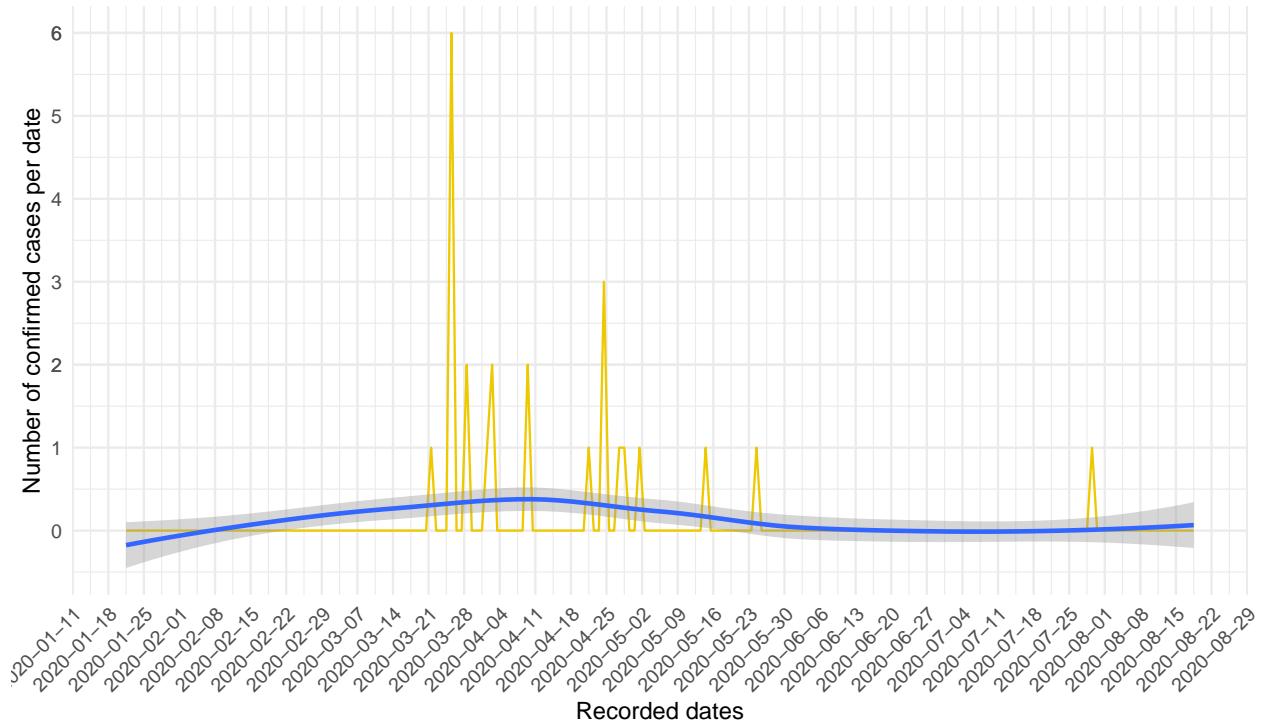

Greece – confirmed cases over time, total cases: 5,623

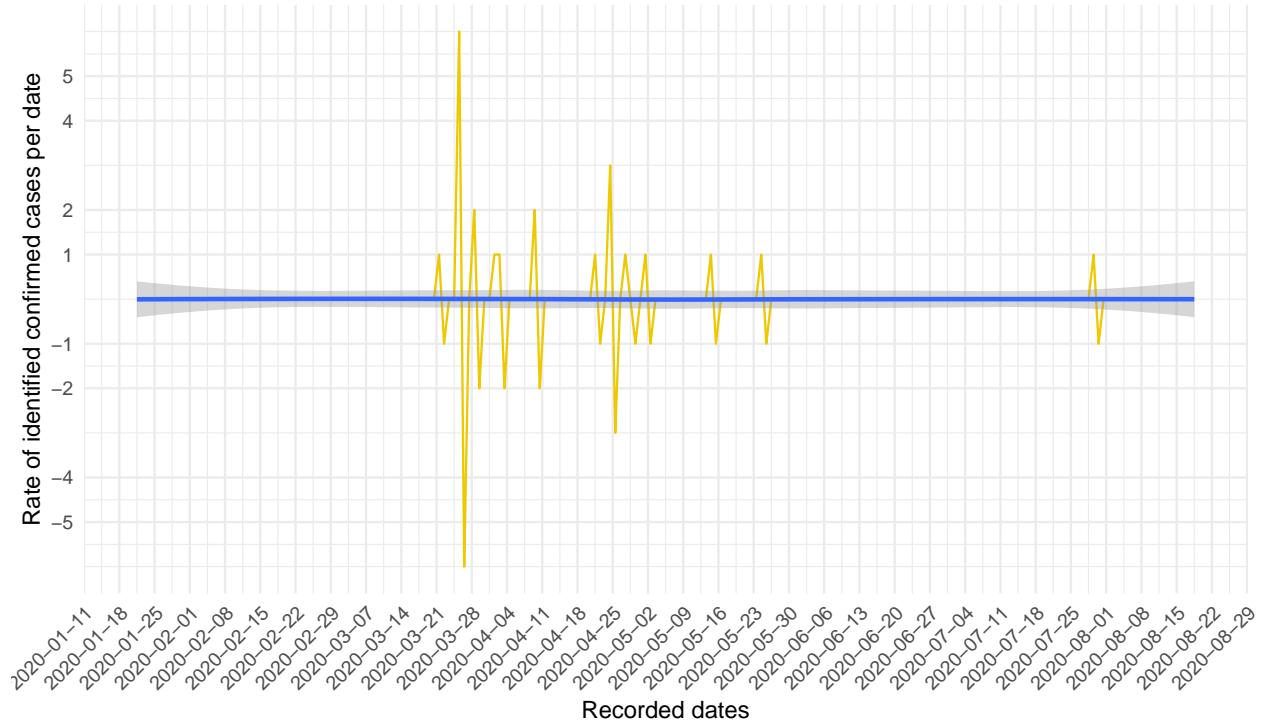

Greece – rate of increase of confirmed cases over time

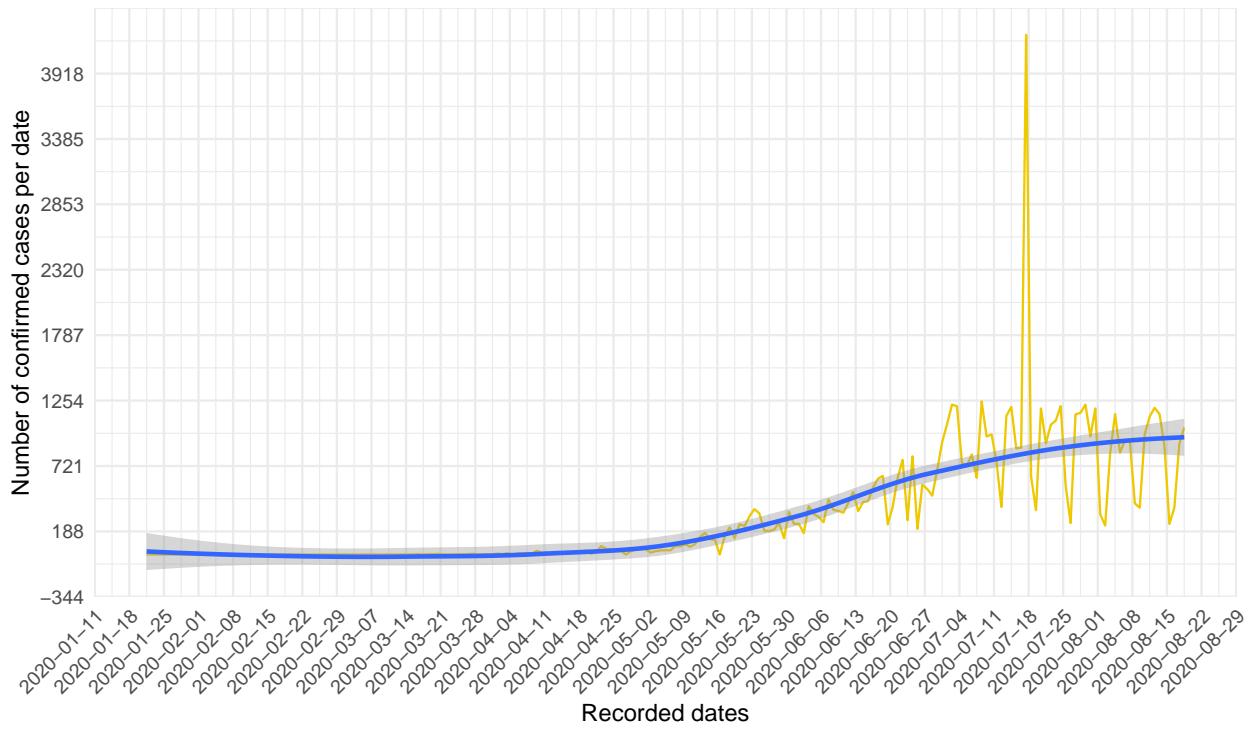

Grenada – confirmed cases over time, total cases: 24

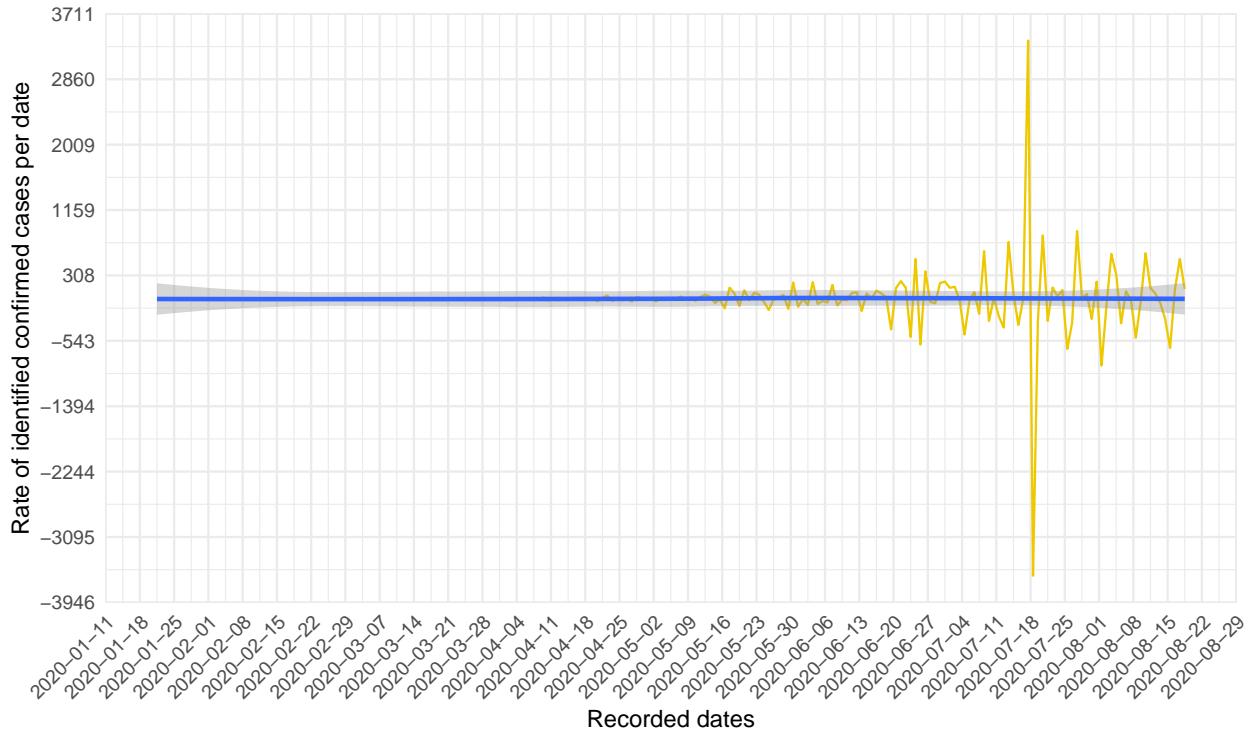

Grenada – rate of increase of confirmed cases over time

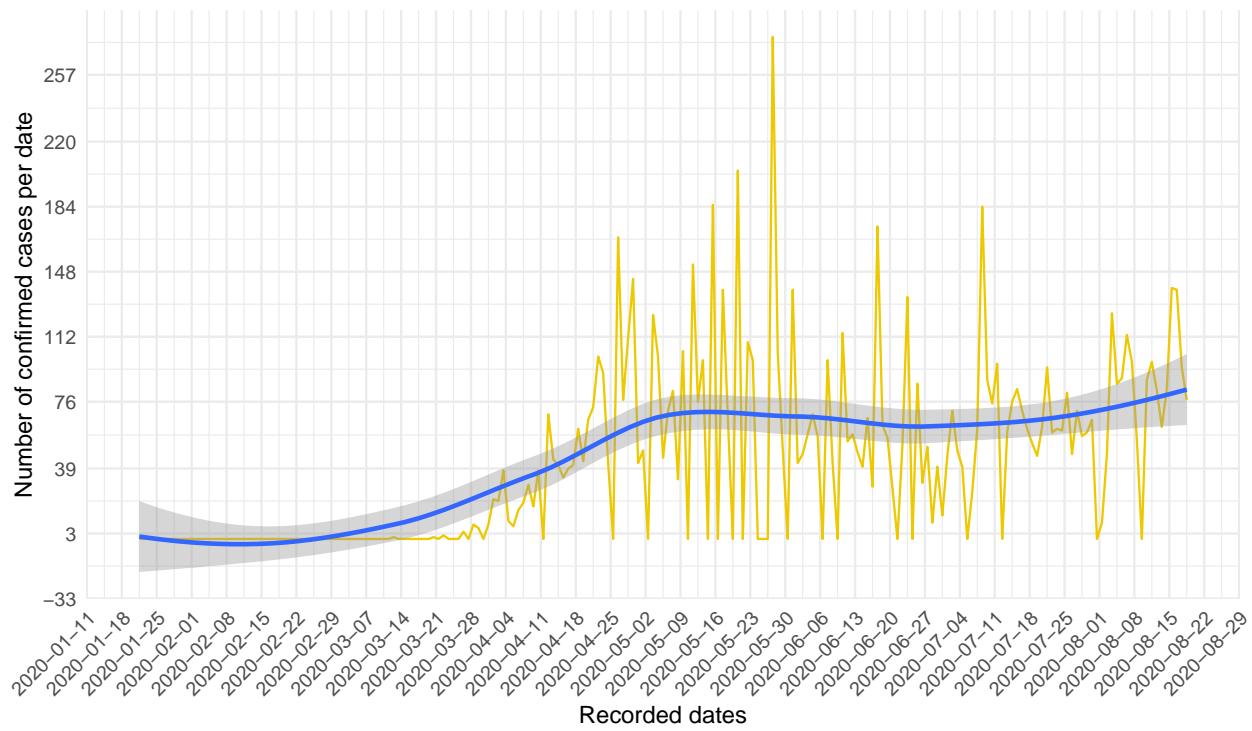

Guatemala – confirmed cases over time, total cases: 56,605

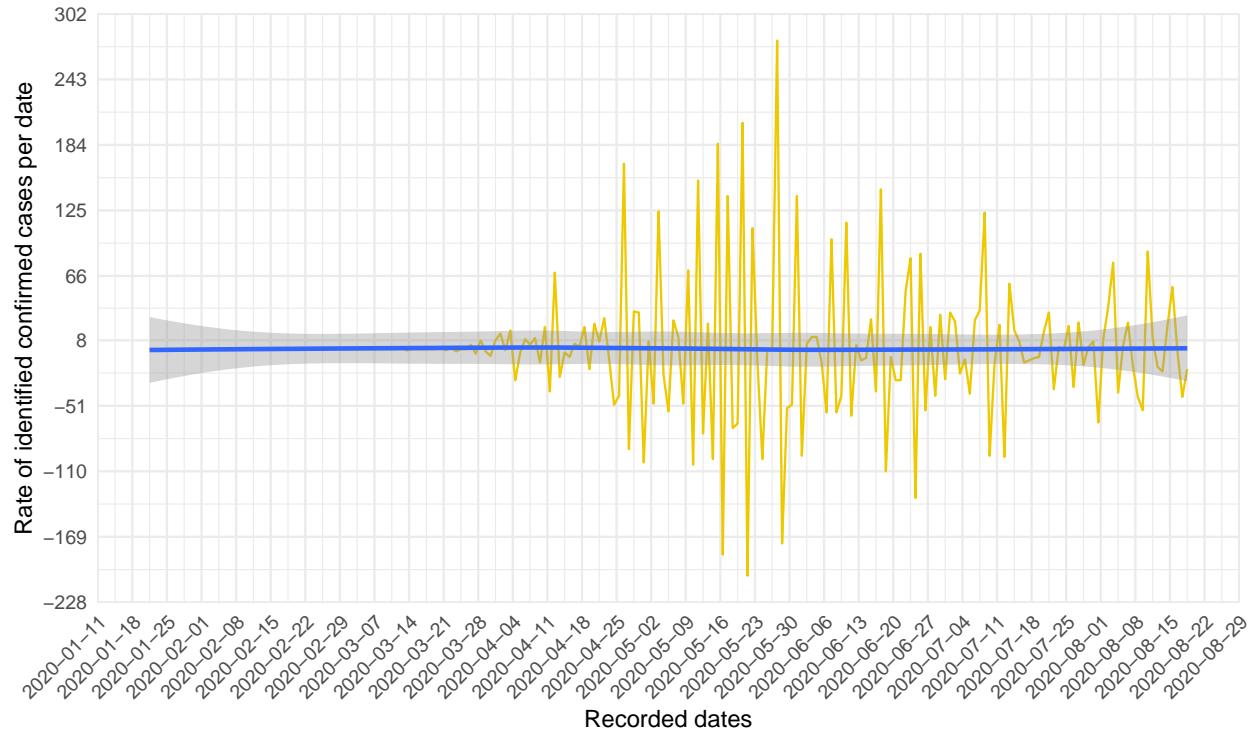

Guatemala – rate of increase of confirmed cases over time

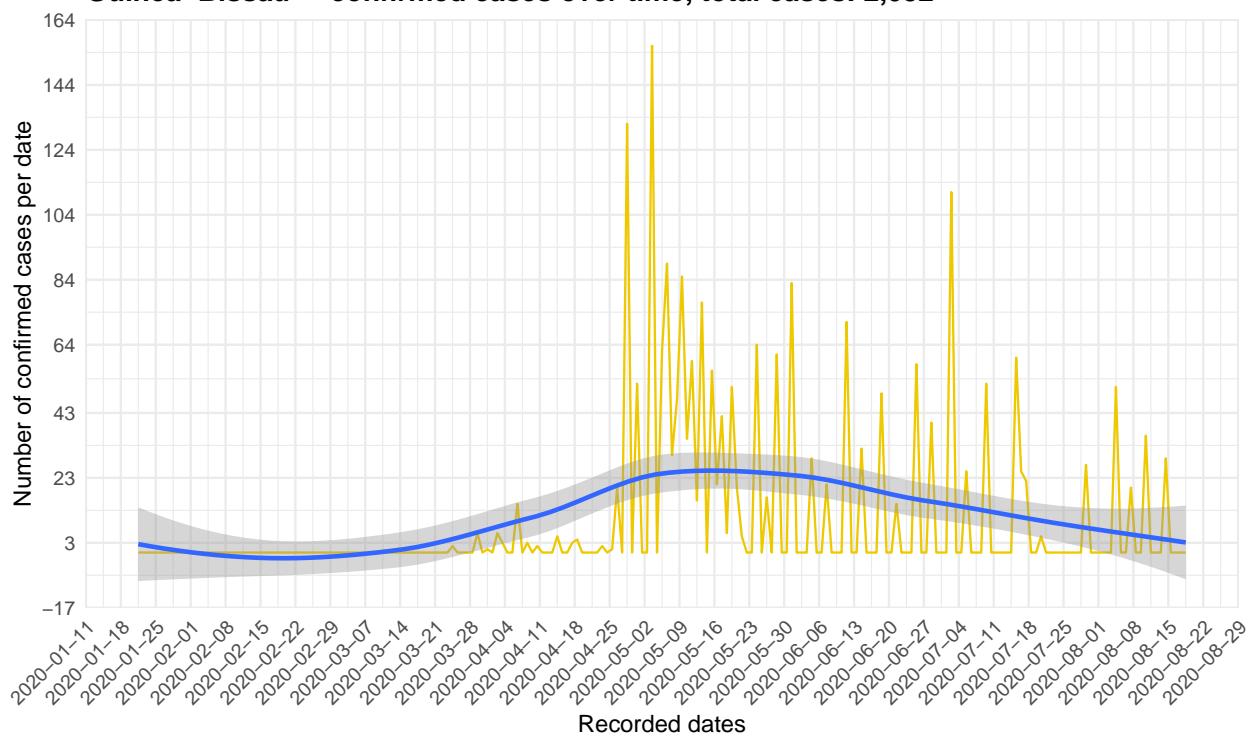

Guinea – confirmed cases over time, total cases: 7,930

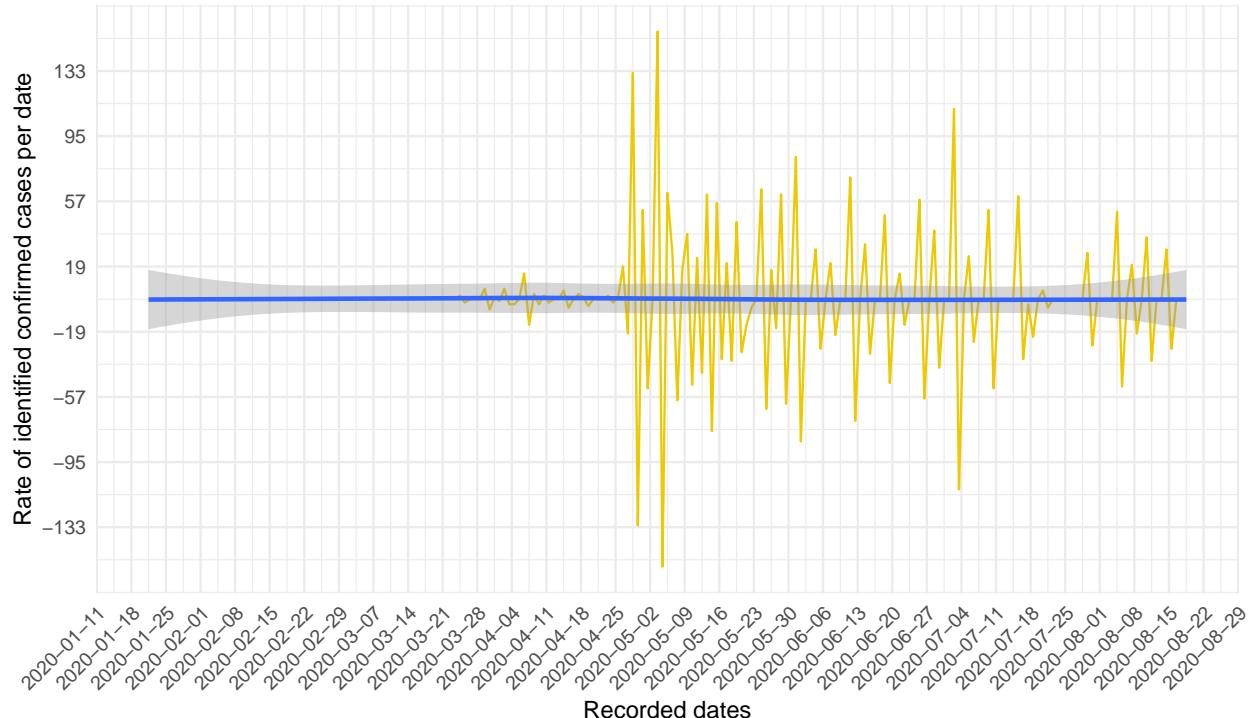

Guinea – rate of increase of confirmed cases over time

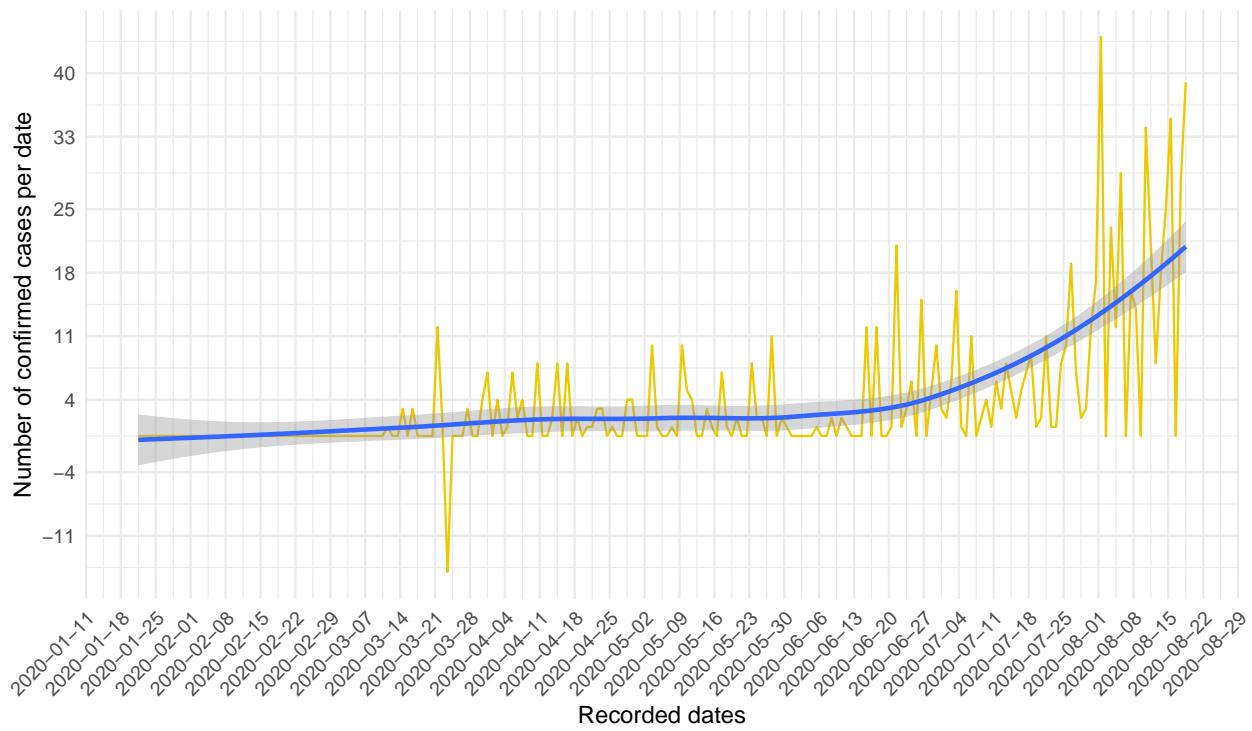

Guinea-Bissau – confirmed cases over time, total cases: 2,052

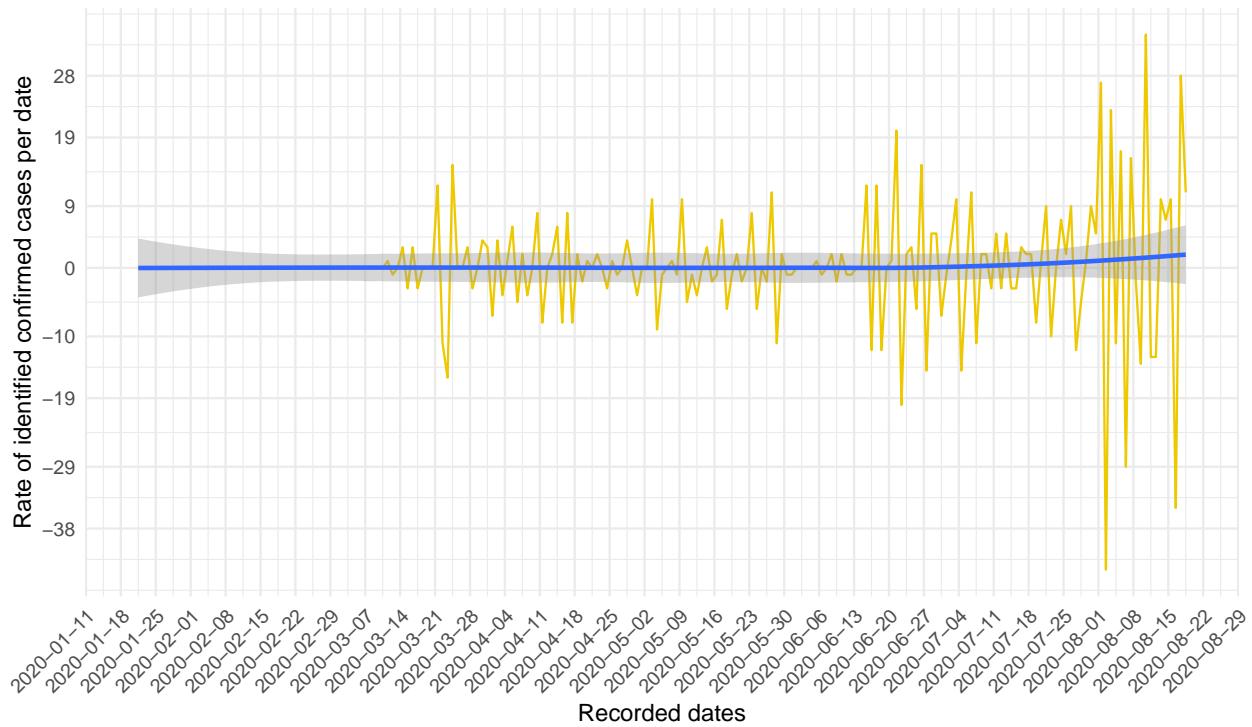

Guinea-Bissau – rate of increase of confirmed cases over time

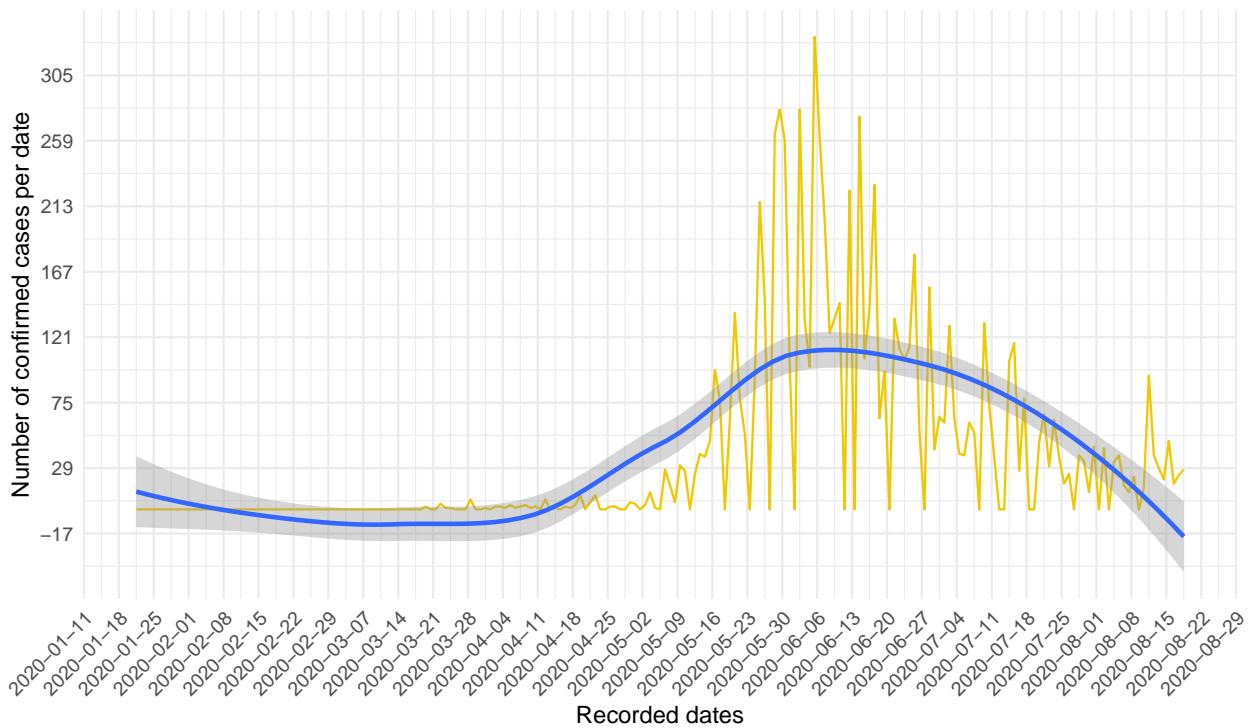

Guyana – confirmed cases over time, total cases: 568

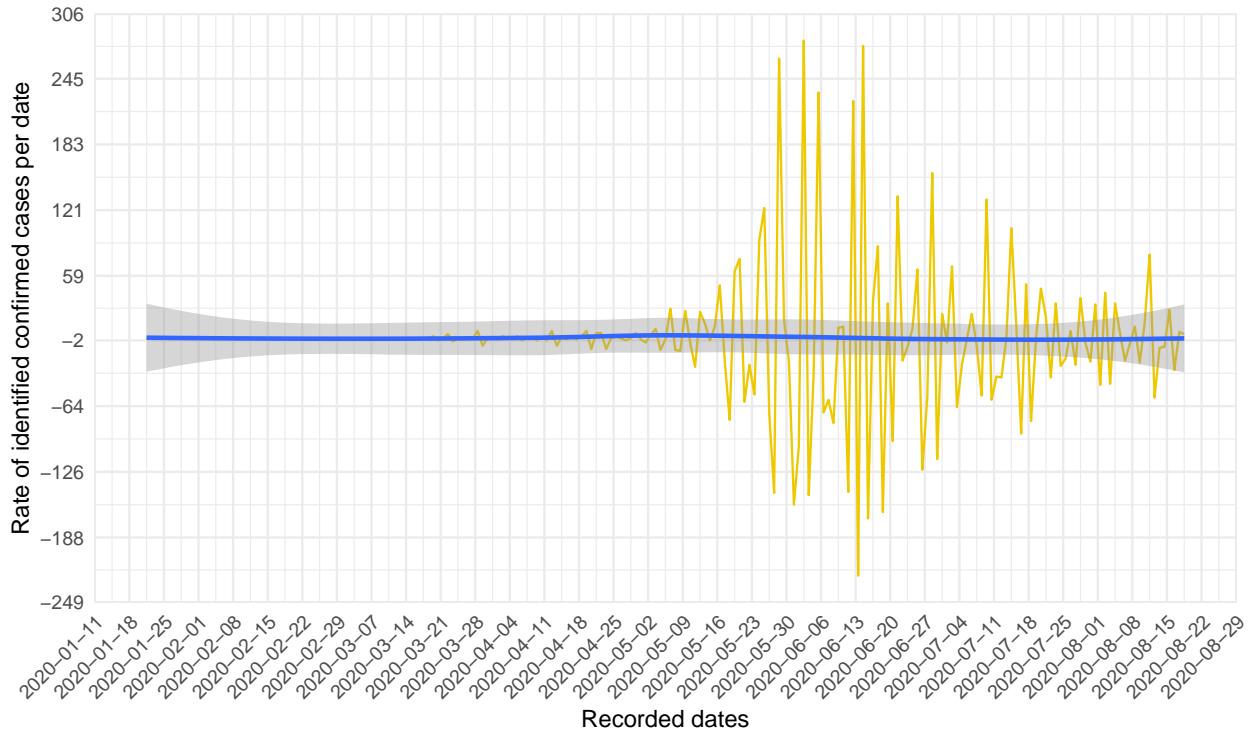

Guyana – rate of increase of confirmed cases over time

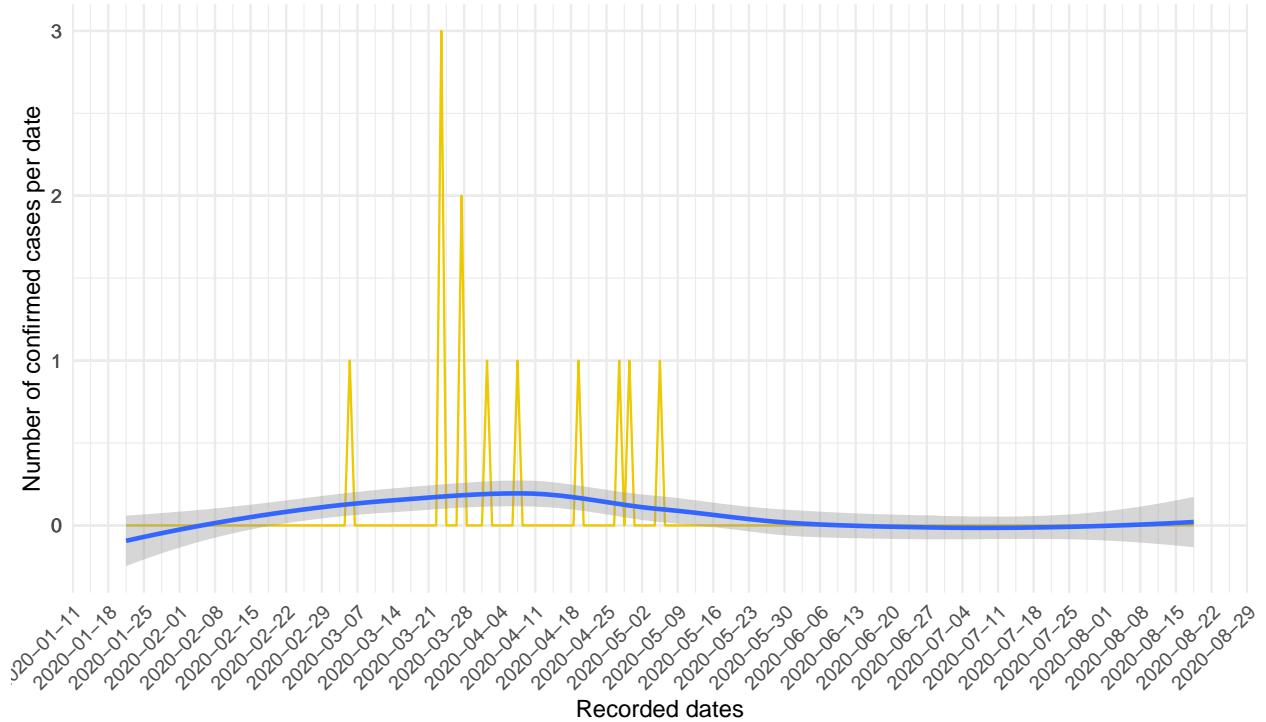

Haiti – confirmed cases over time, total cases: 7,634

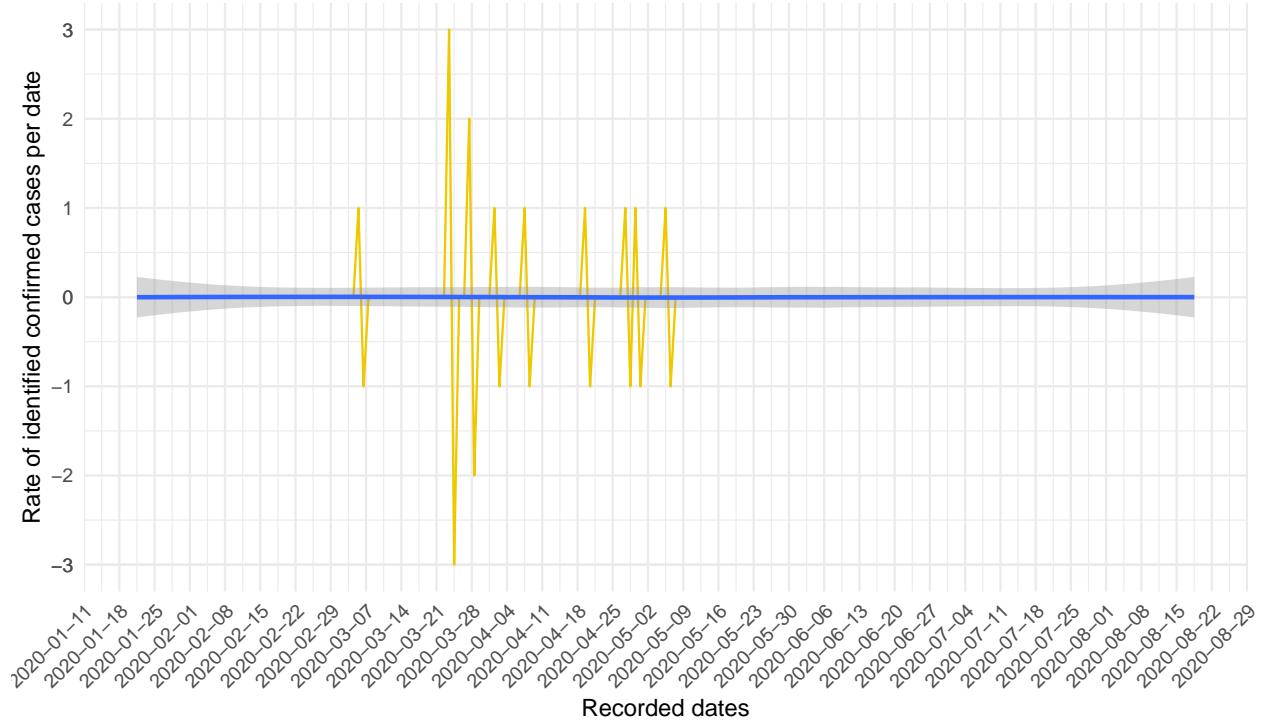

Haiti – rate of increase of confirmed cases over time

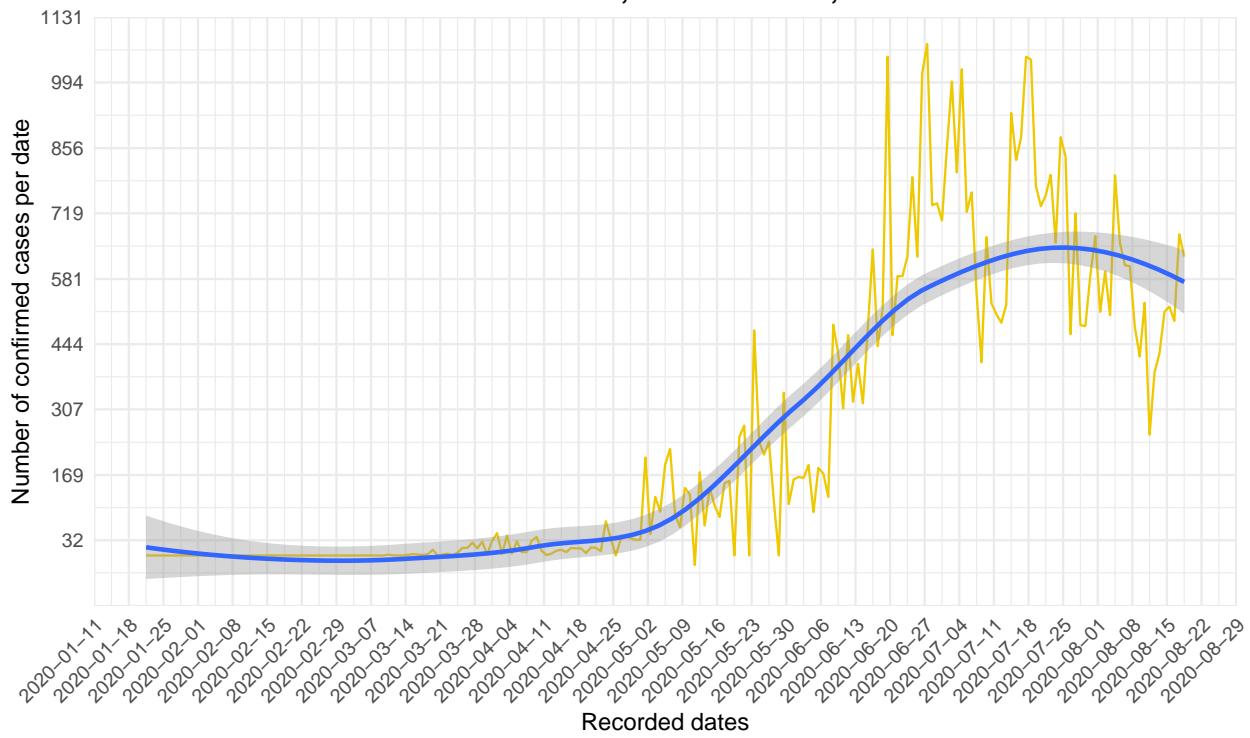

Holy See – confirmed cases over time, total cases: 12

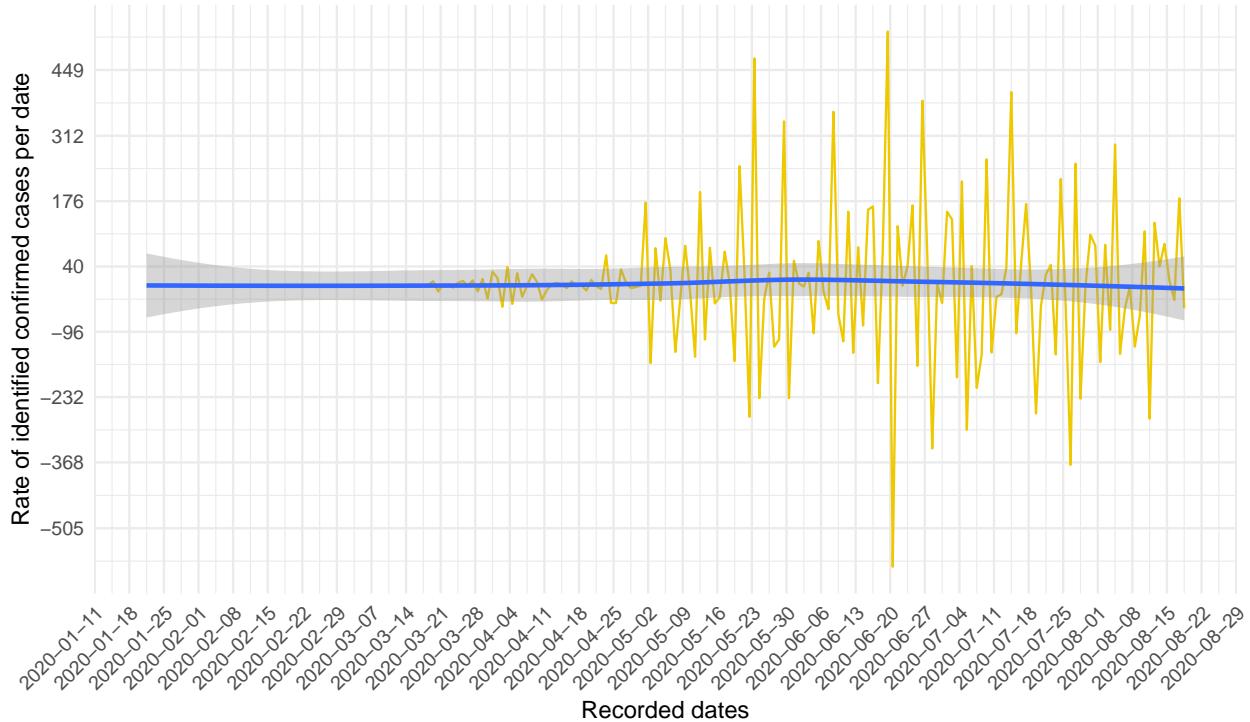

Holy See – rate of increase of confirmed cases over time
