

**Covid-19 exploratory analysis, data fetched from CSSE
Github data repository, John Hopkins University,
United States**

Saurajyoti Kar, Philadelphia, United States

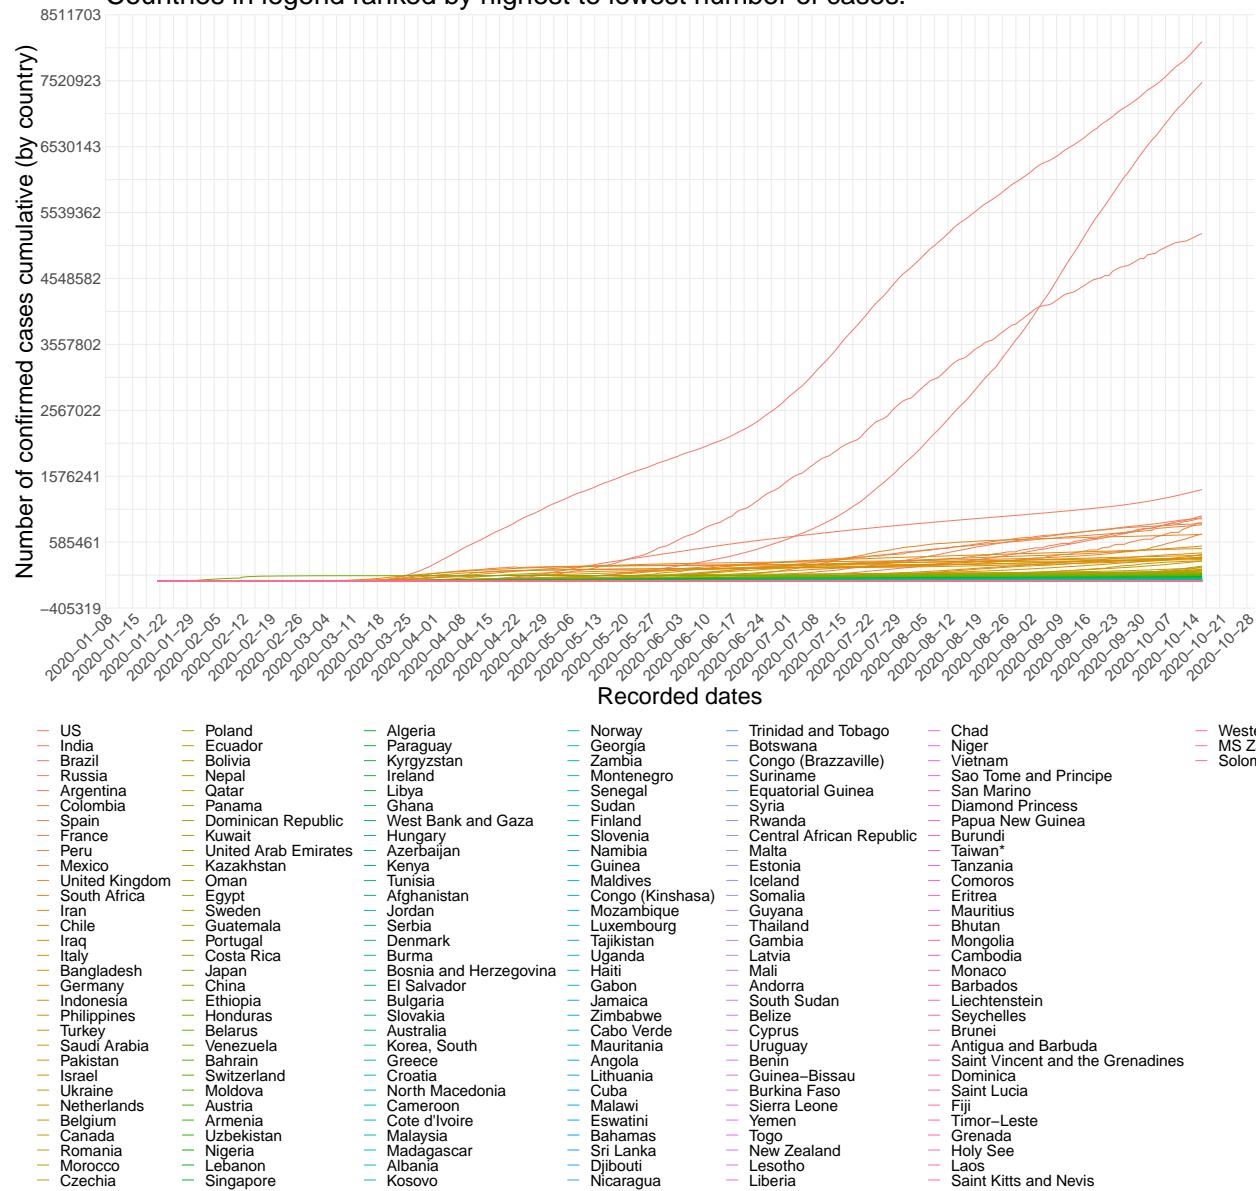

Date Created: 2020-10-18

Confirmed cases across the world, cumulative counting

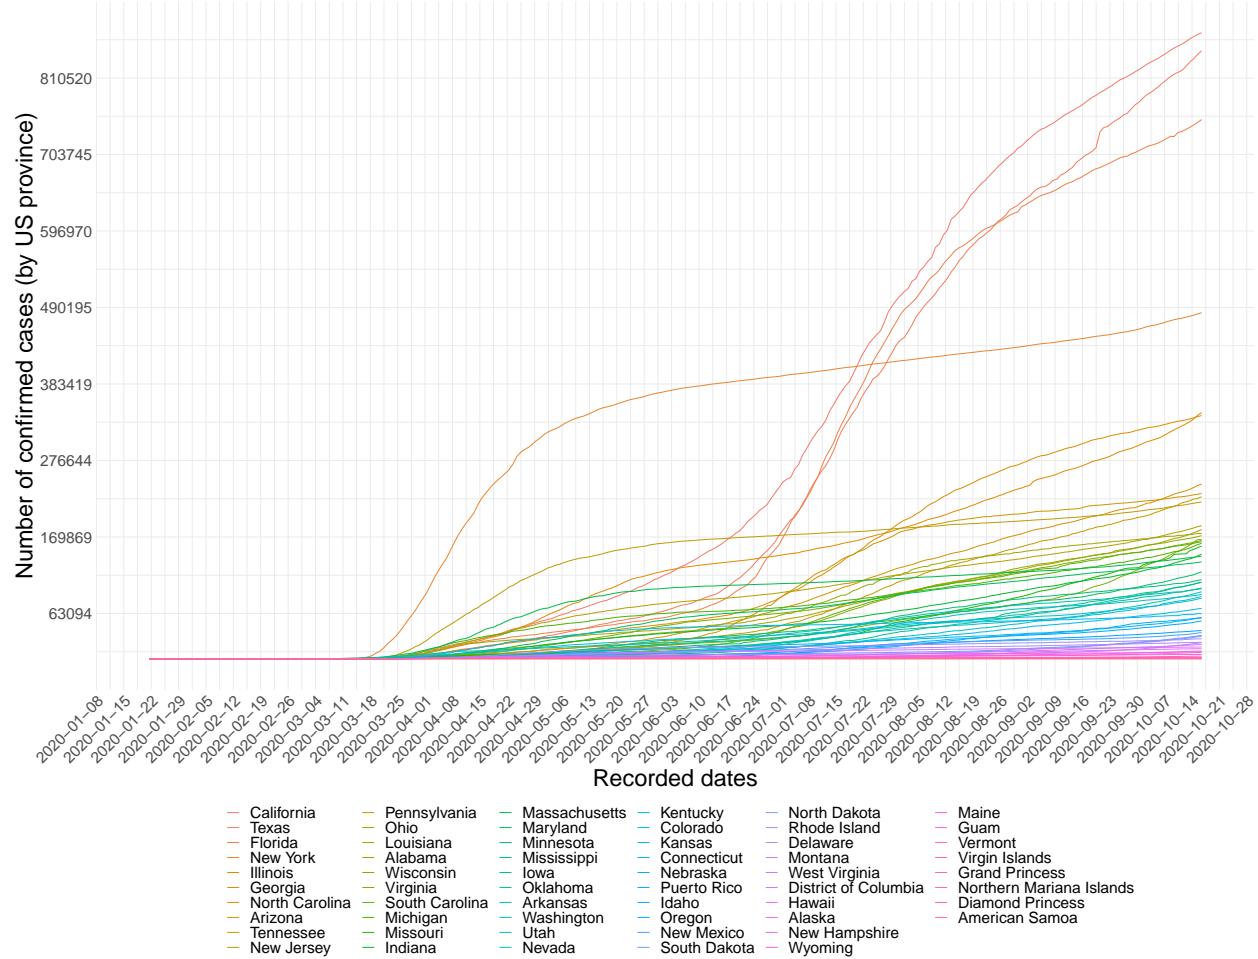

Confirmed cases by country. Total global cases 39,670,680.

Countries in legend ranked by highest to lowest number of cases.

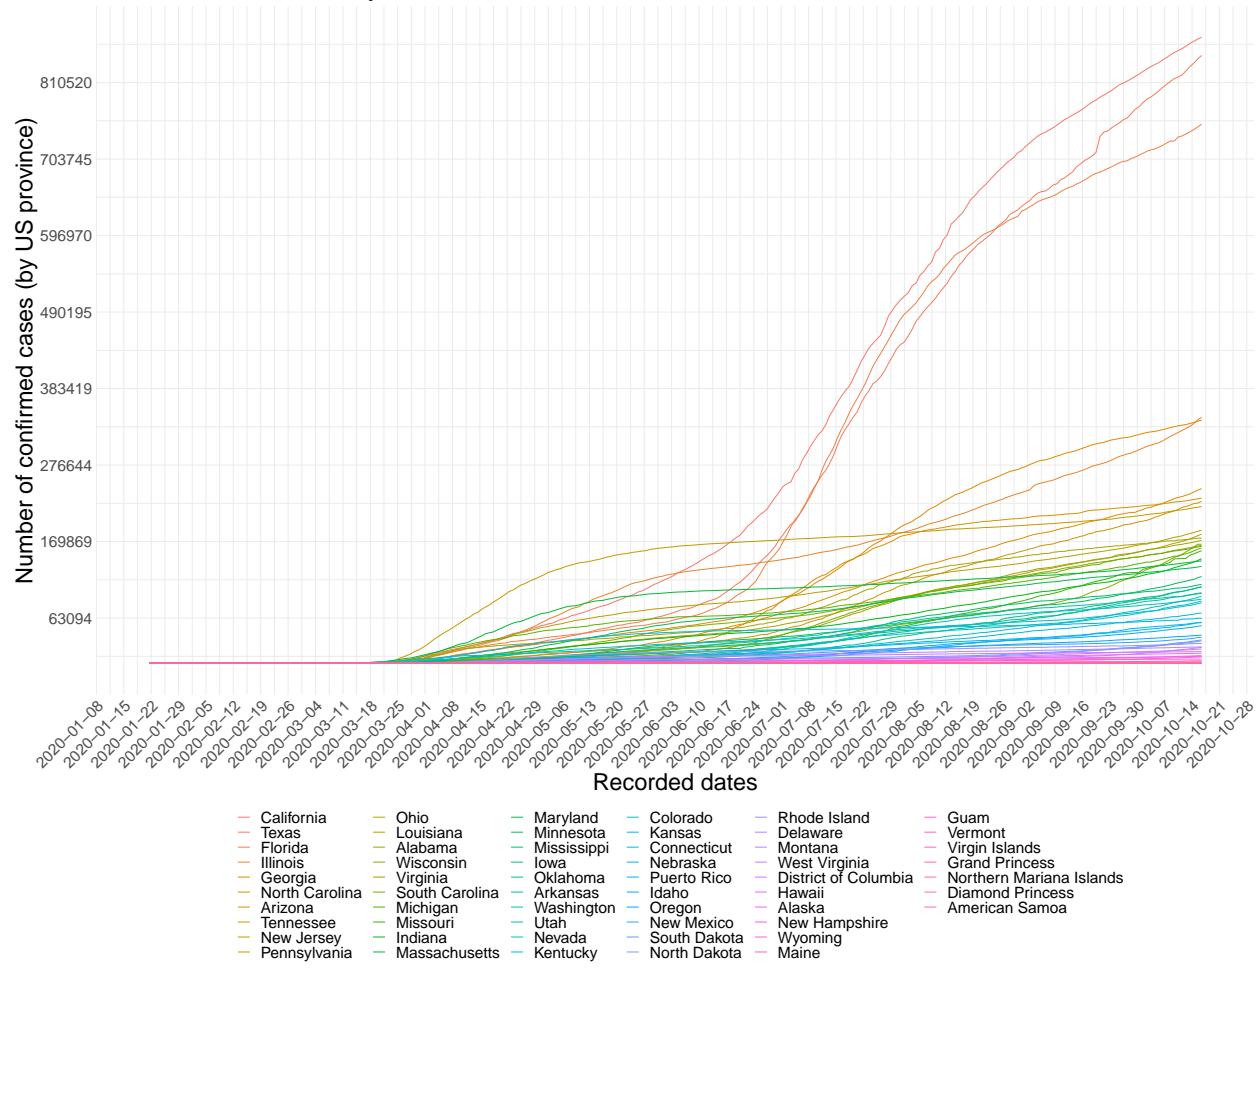

Confirmed cases in US states, cumulative counting

US confirmed cases by State. Total confirmed cases in US: 8,106,384

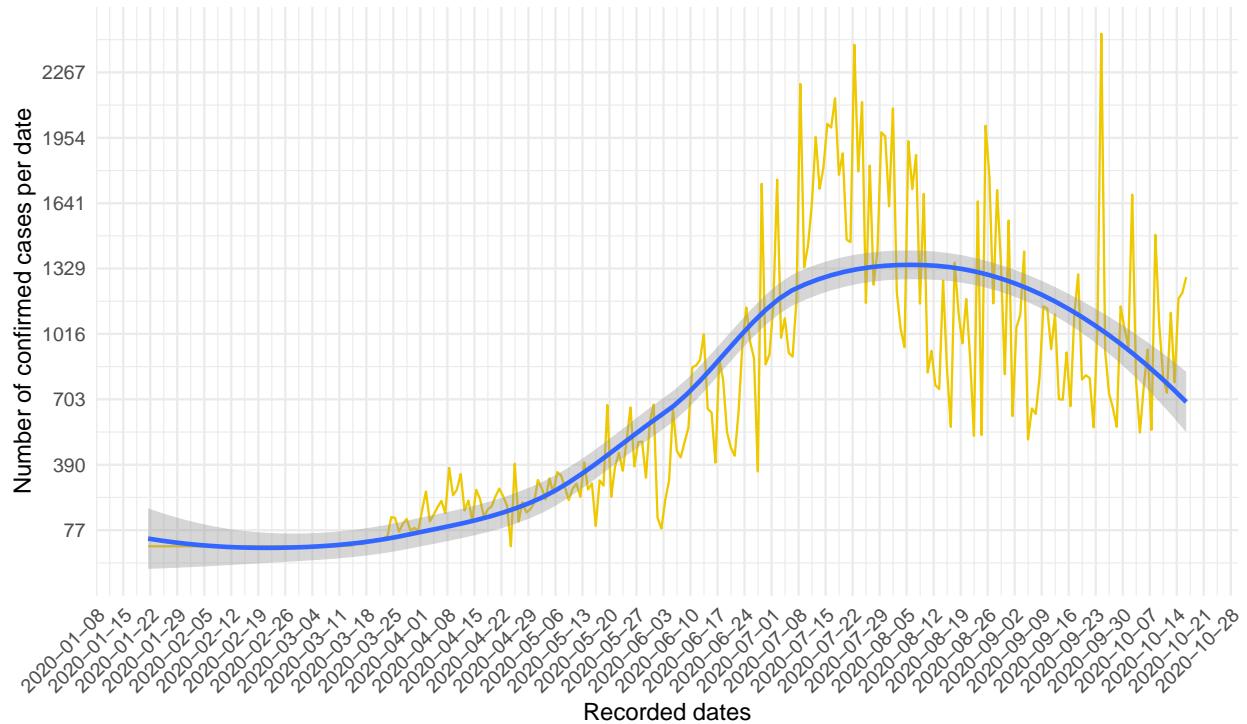

Confirmed cases in US states except New York, cumulative counting

US confirmed cases by State, without New York

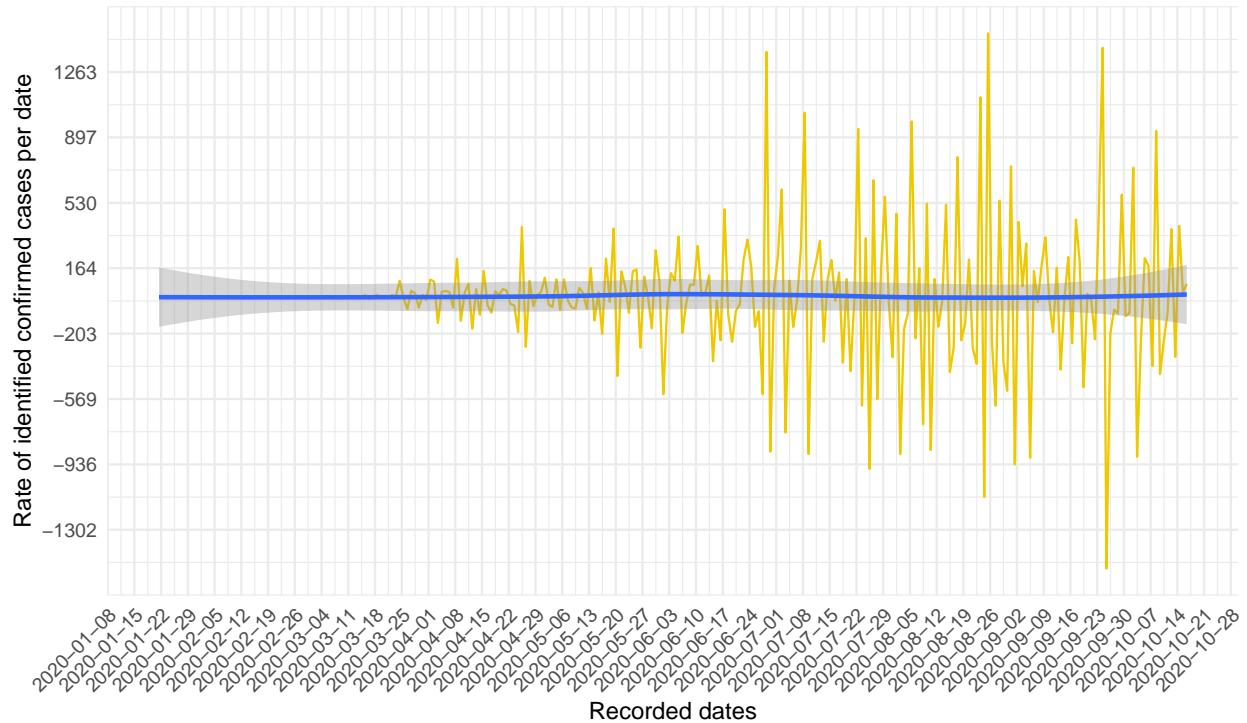

Confirmed cases by State or Province, per day counting and rate of increase per day

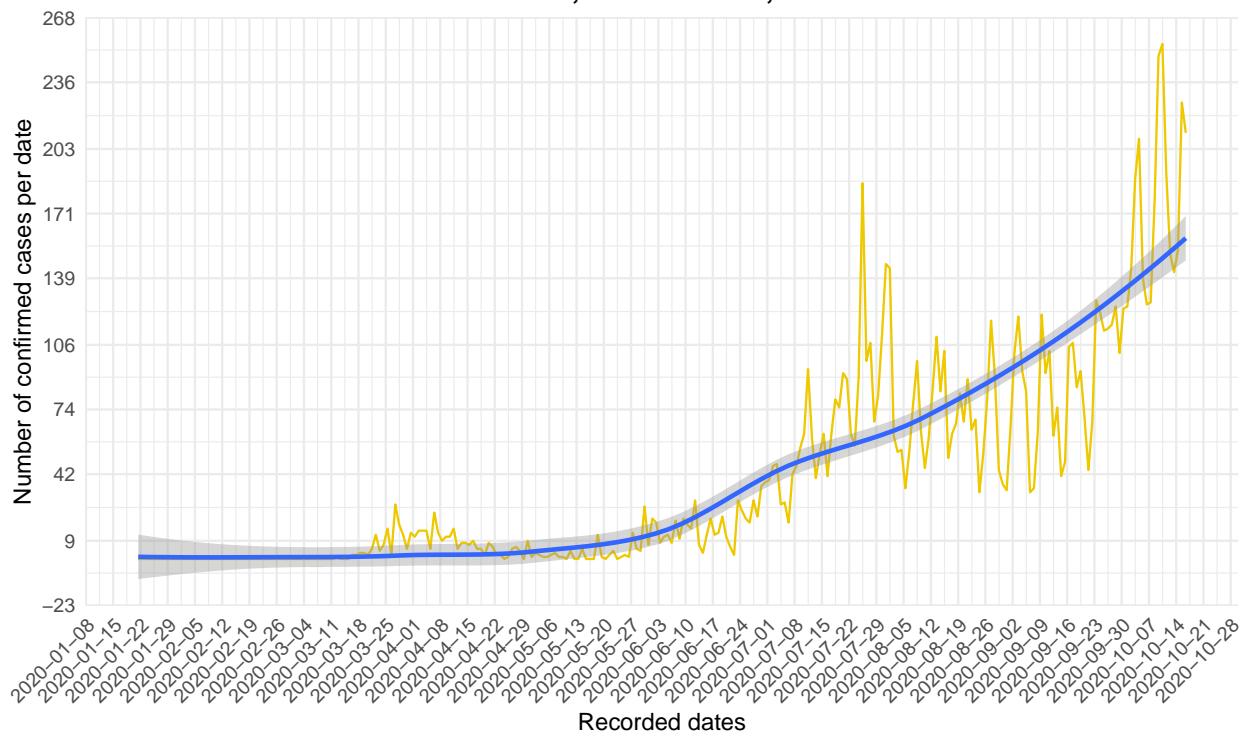

Alabama – confirmed cases over time, total cases: 134,417

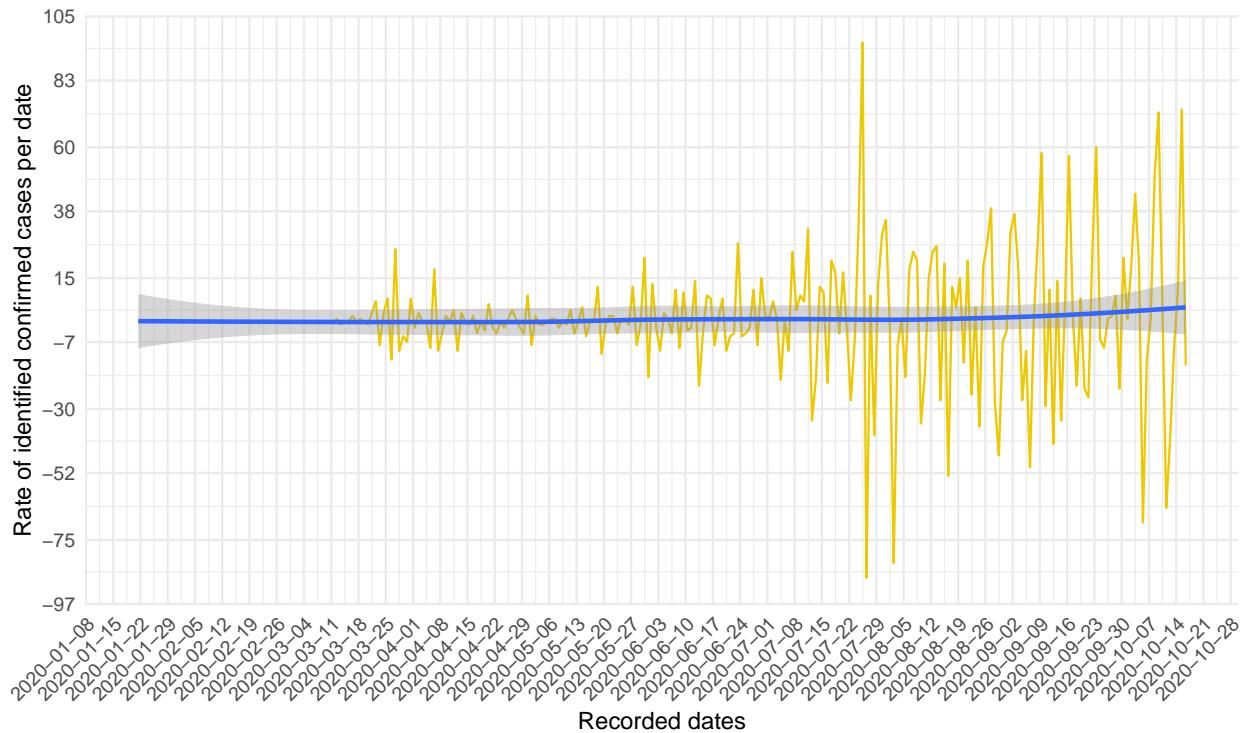

Alabama – rate of increase of confirmed cases over time

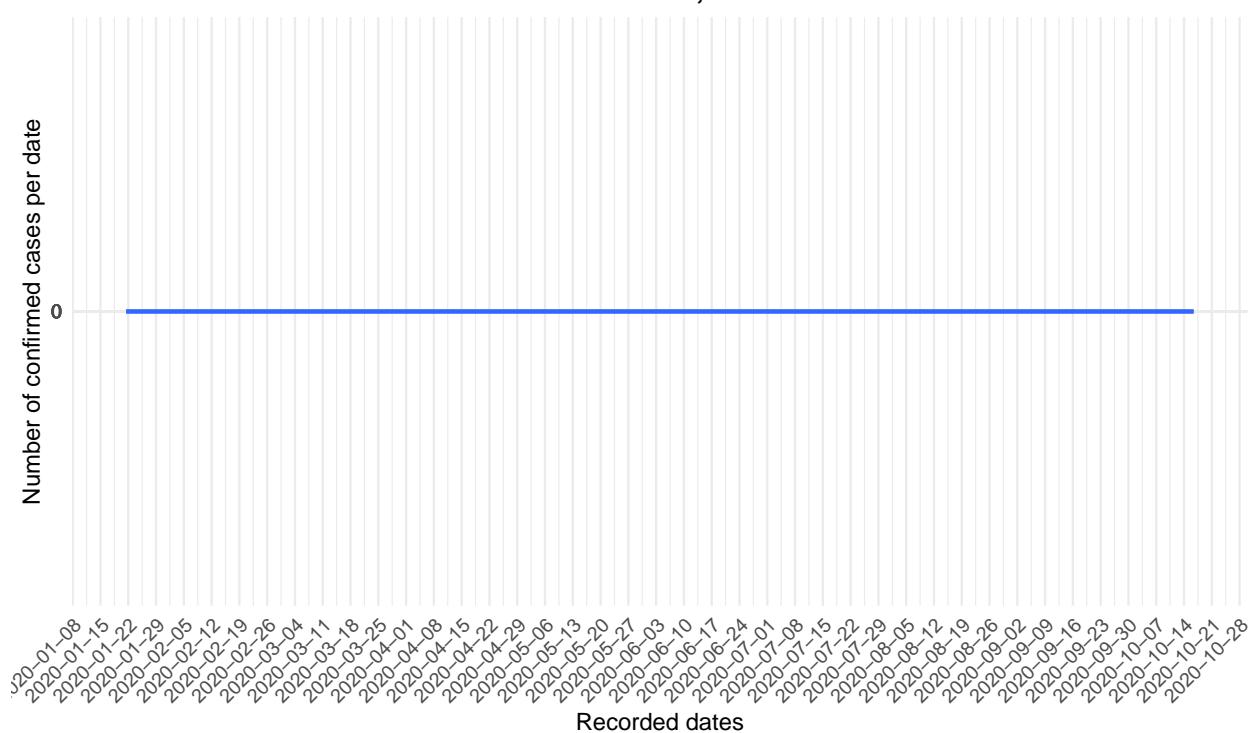

Alaska – confirmed cases over time, total cases: 5,891

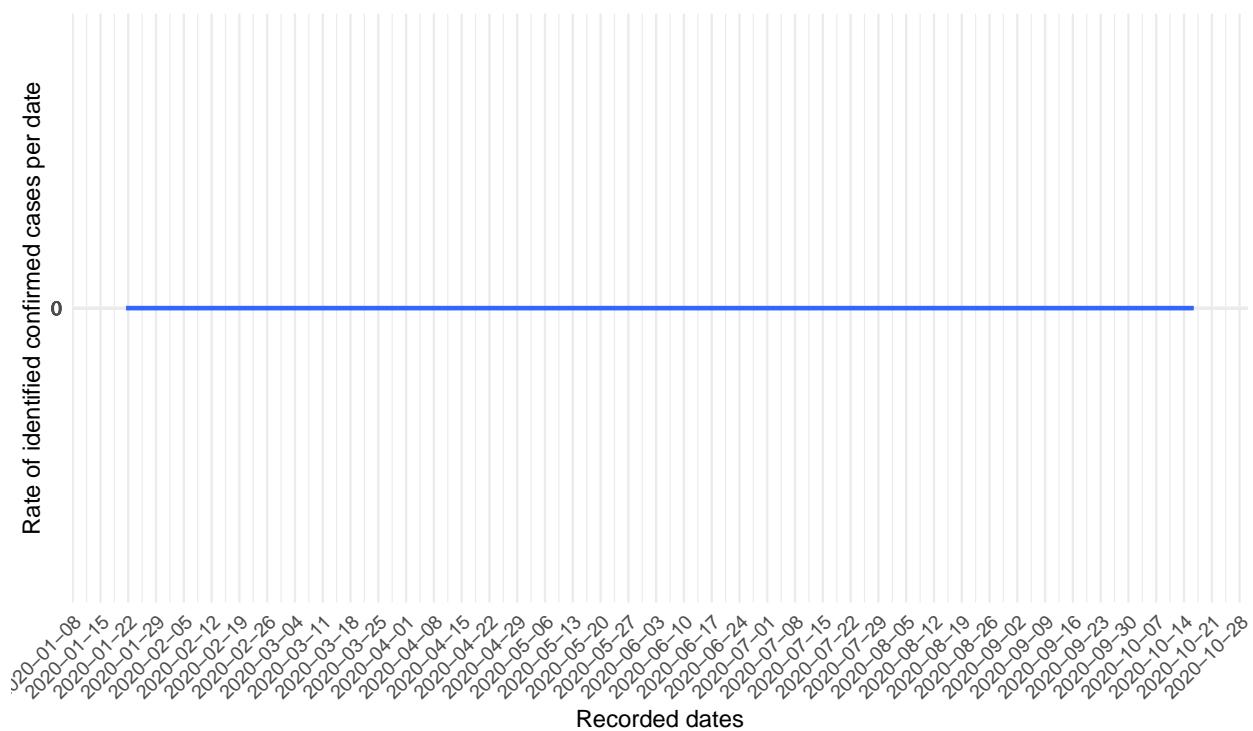

Alaska – rate of increase of confirmed cases over time

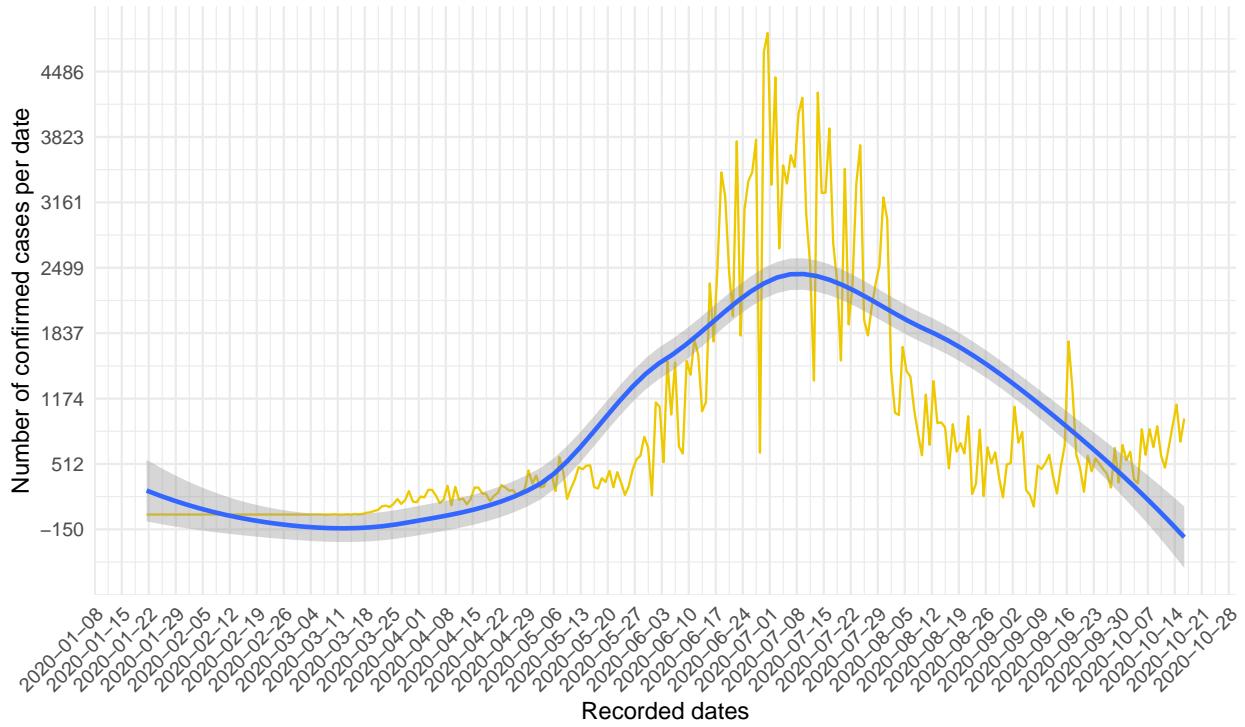

American Samoa – confirmed cases over time, total cases: 0

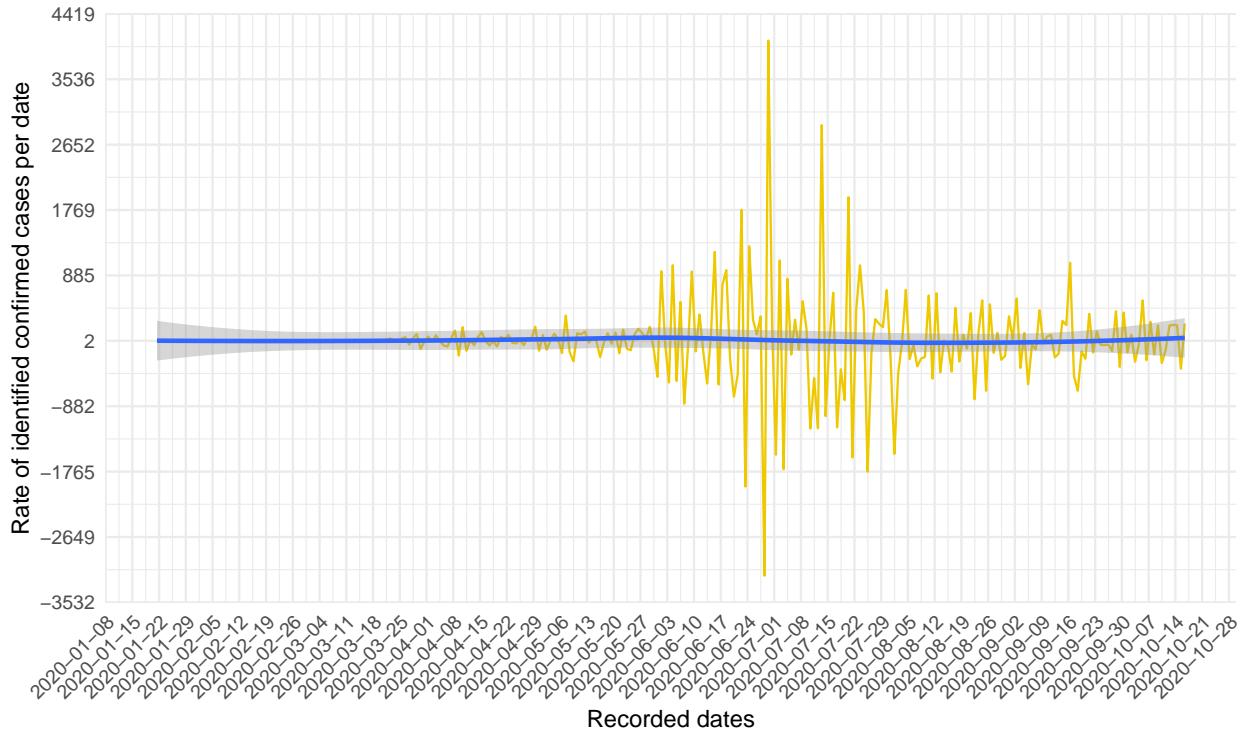

American Samoa – rate of increase of confirmed cases over time

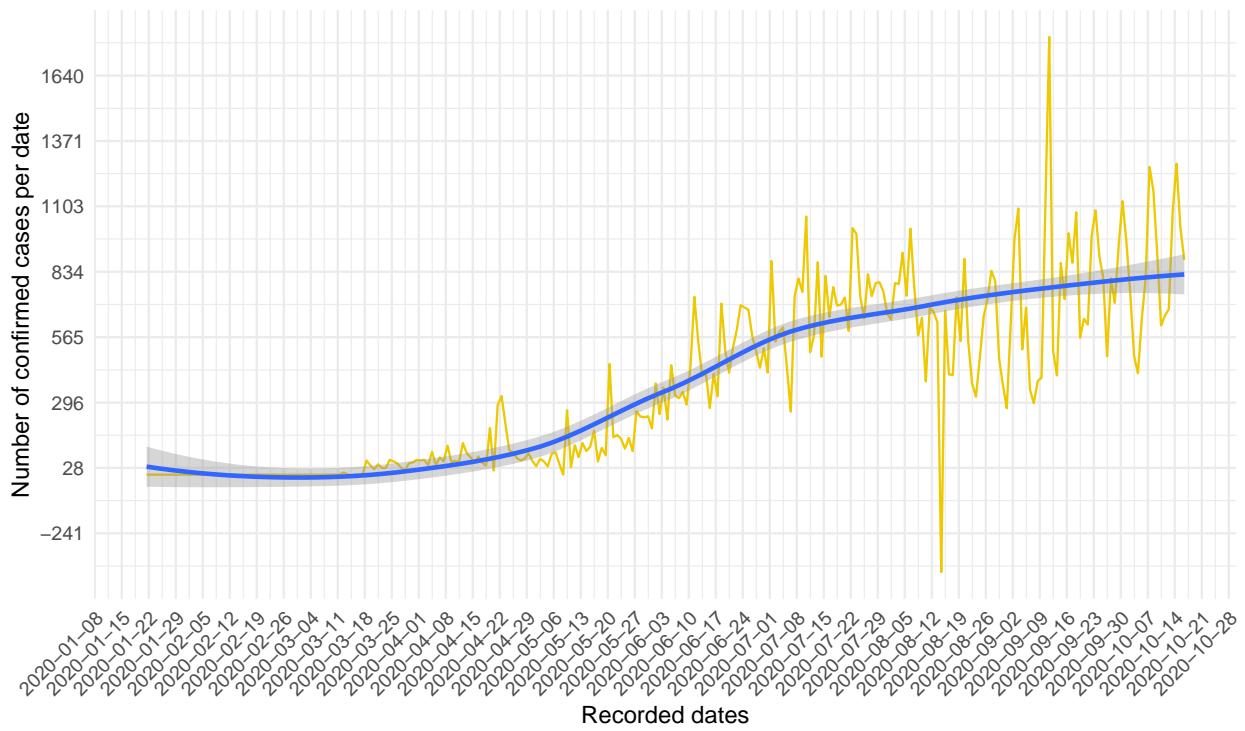

Arizona – confirmed cases over time, total cases: 206,541

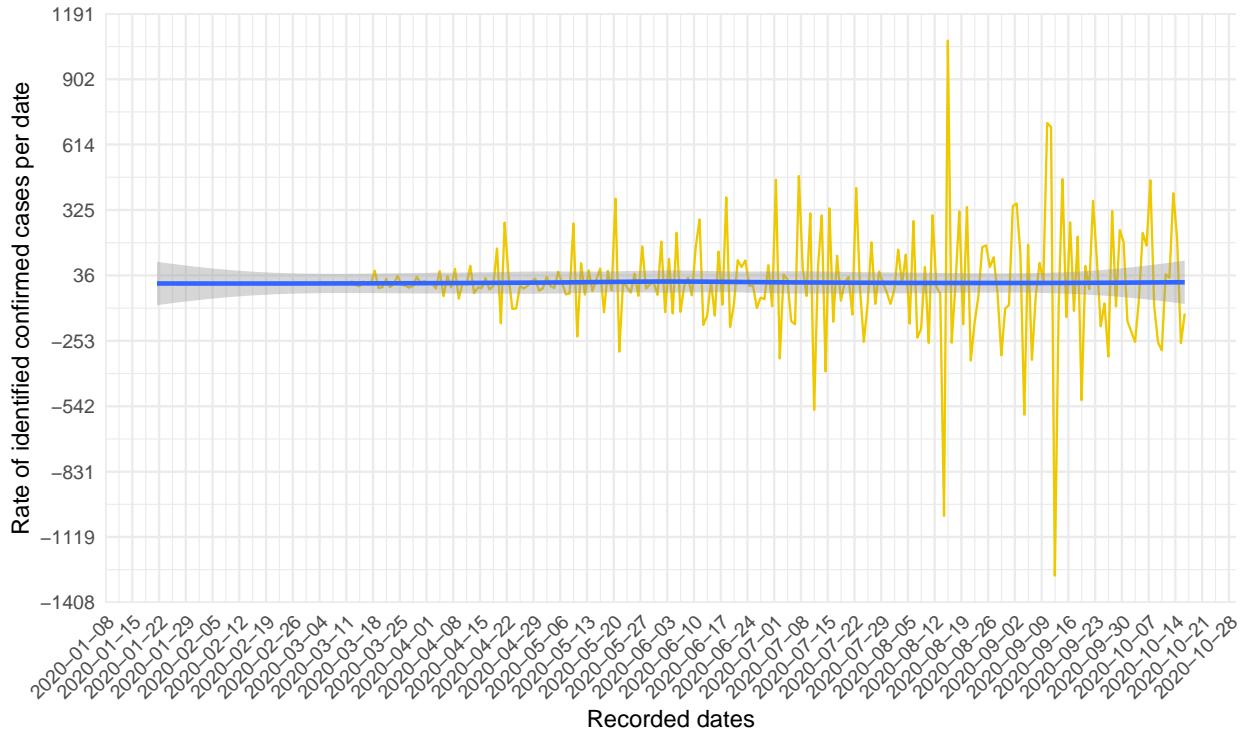

Arizona – rate of increase of confirmed cases over time

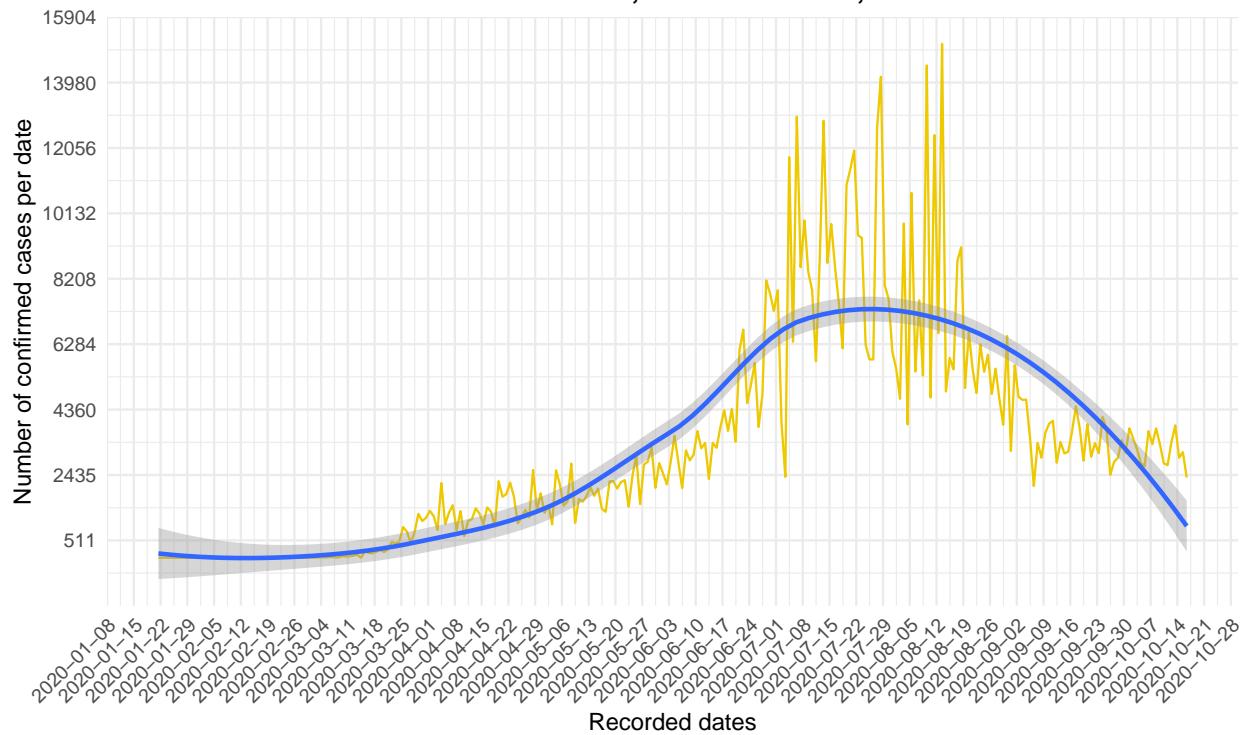

Arkansas – confirmed cases over time, total cases: 66,406

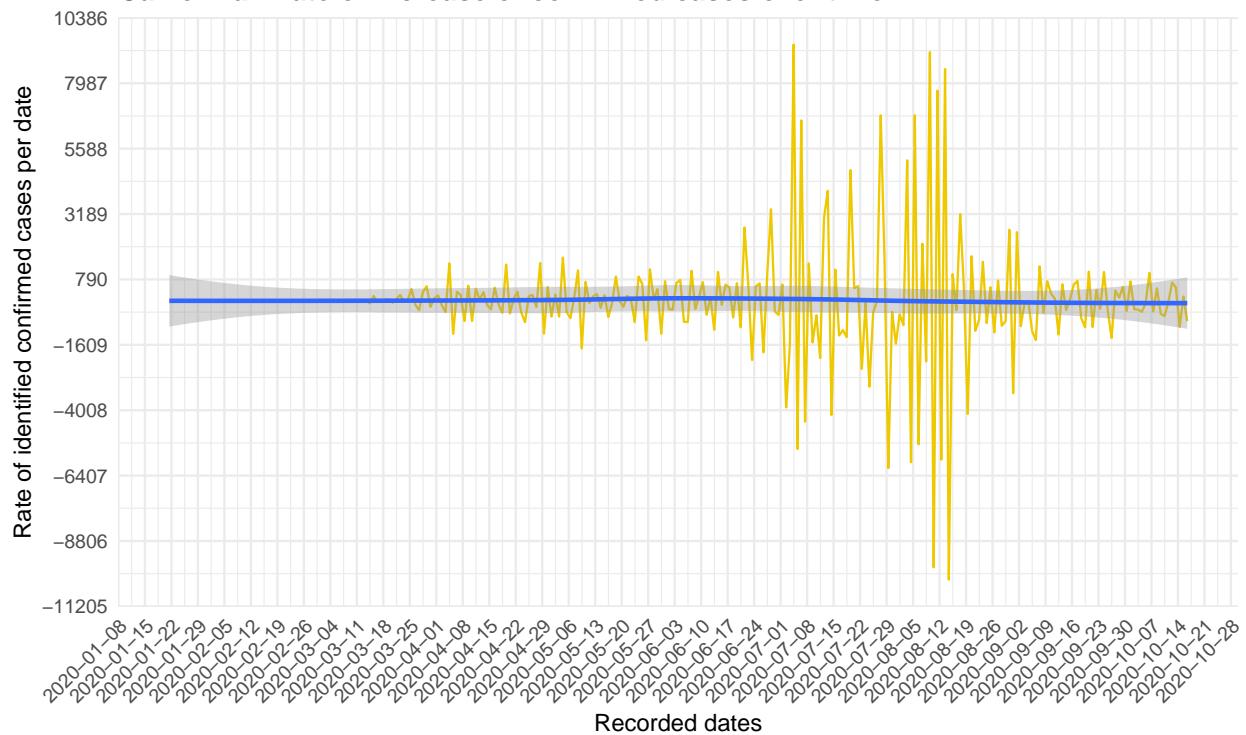

Arkansas – rate of increase of confirmed cases over time

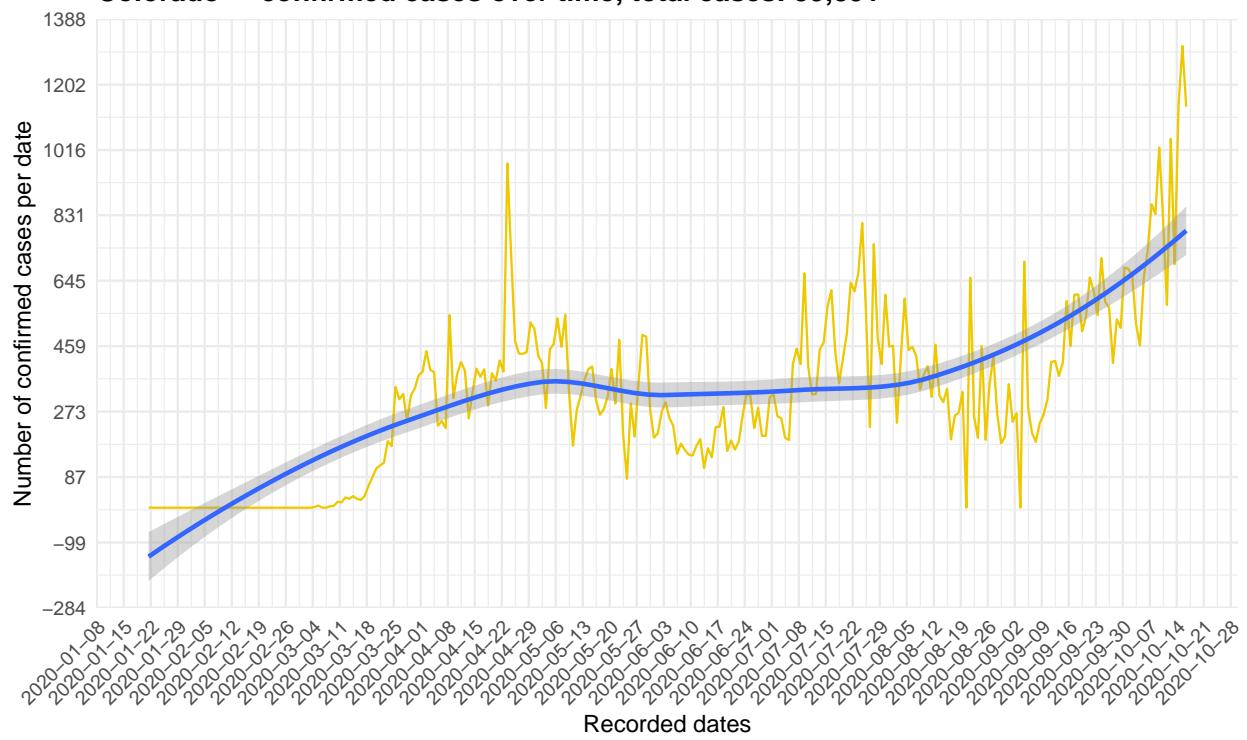

California – confirmed cases over time, total cases: 747,290

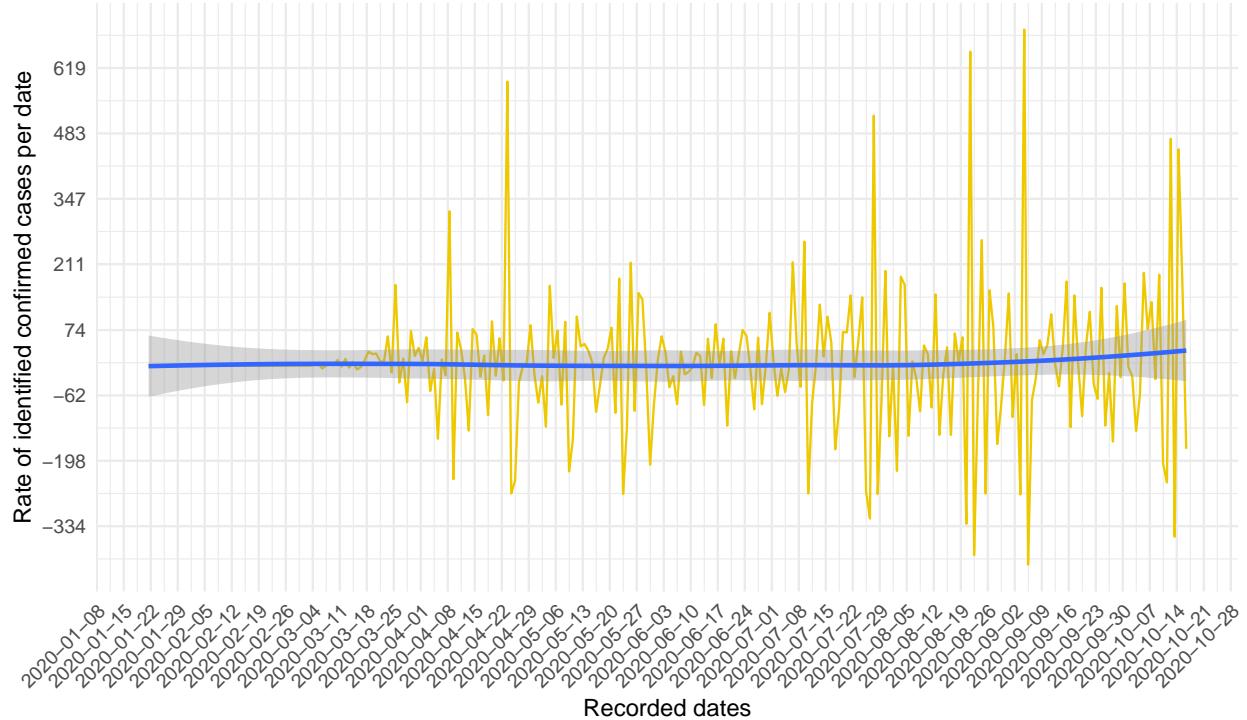

California – rate of increase of confirmed cases over time

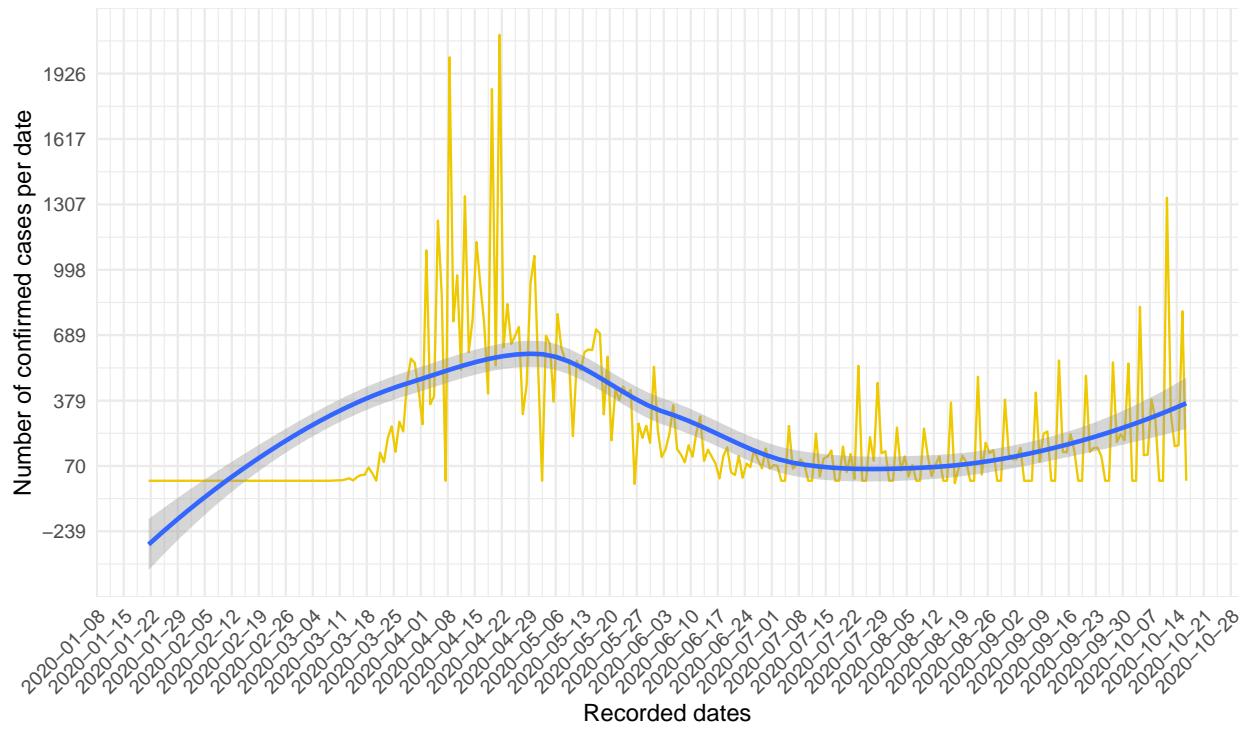

Colorado – confirmed cases over time, total cases: 59,891

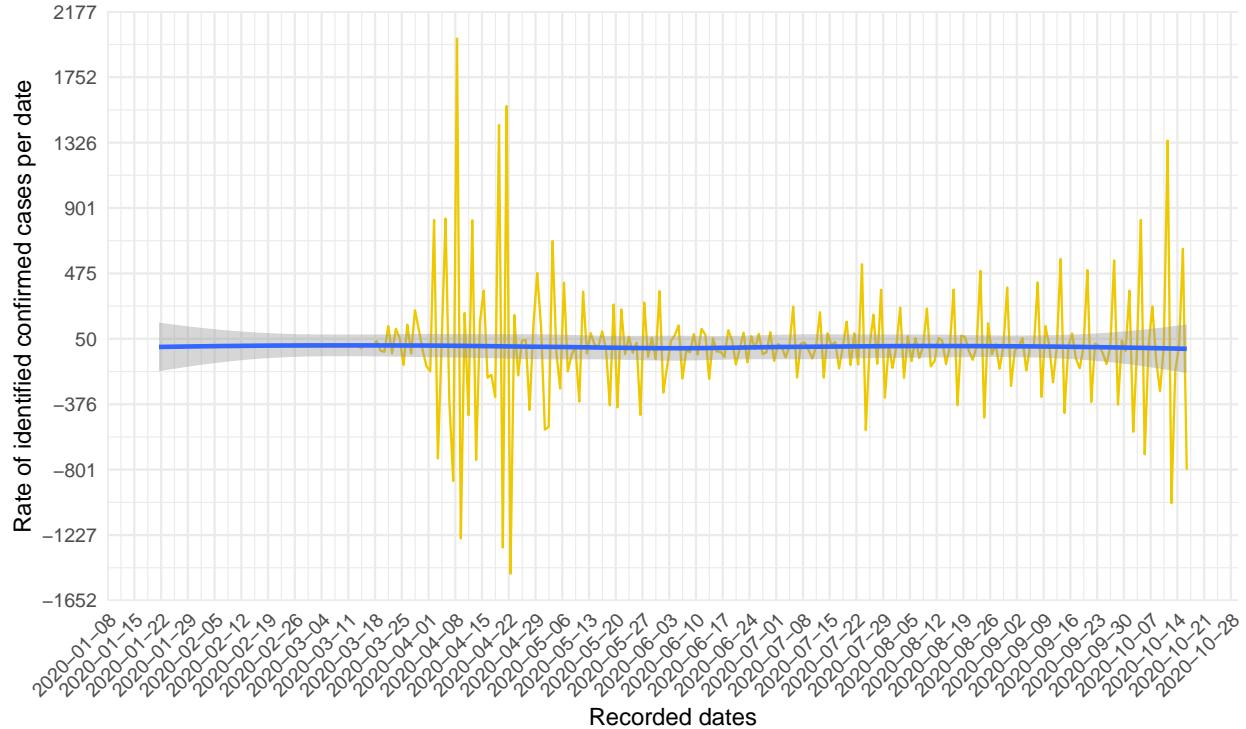

Colorado – rate of increase of confirmed cases over time

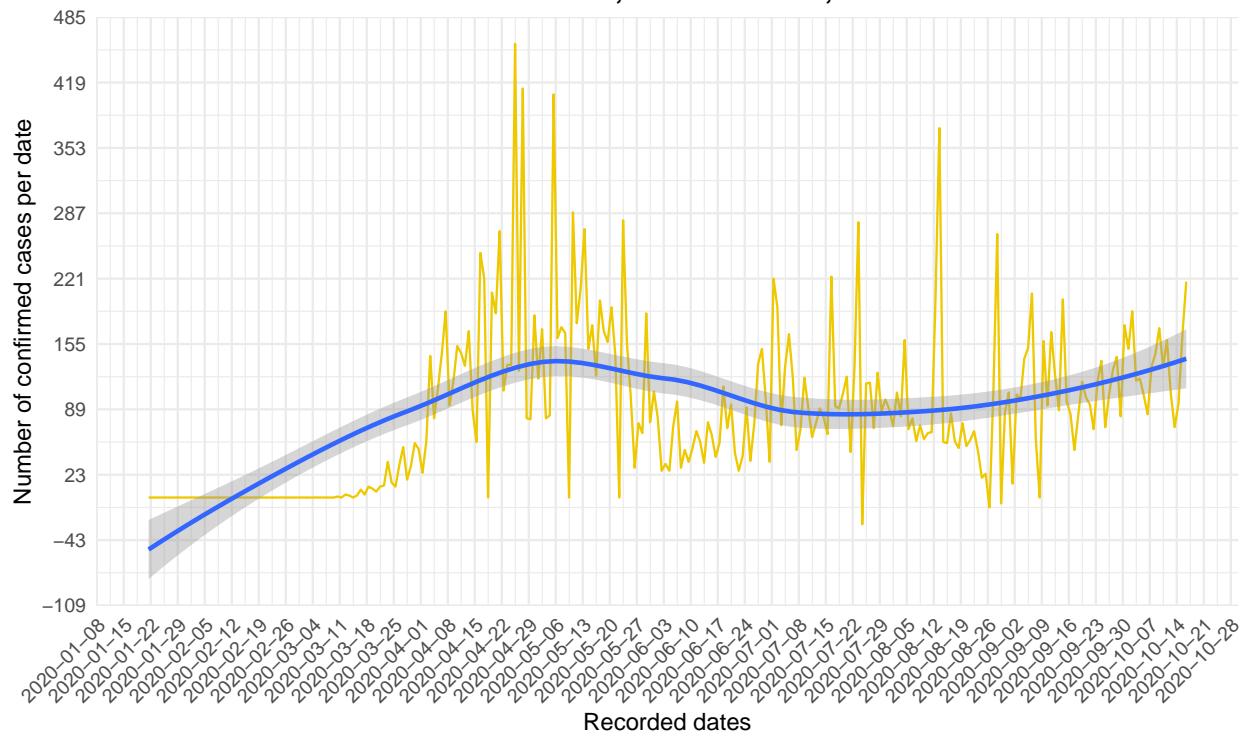

Connecticut – confirmed cases over time, total cases: 53,871

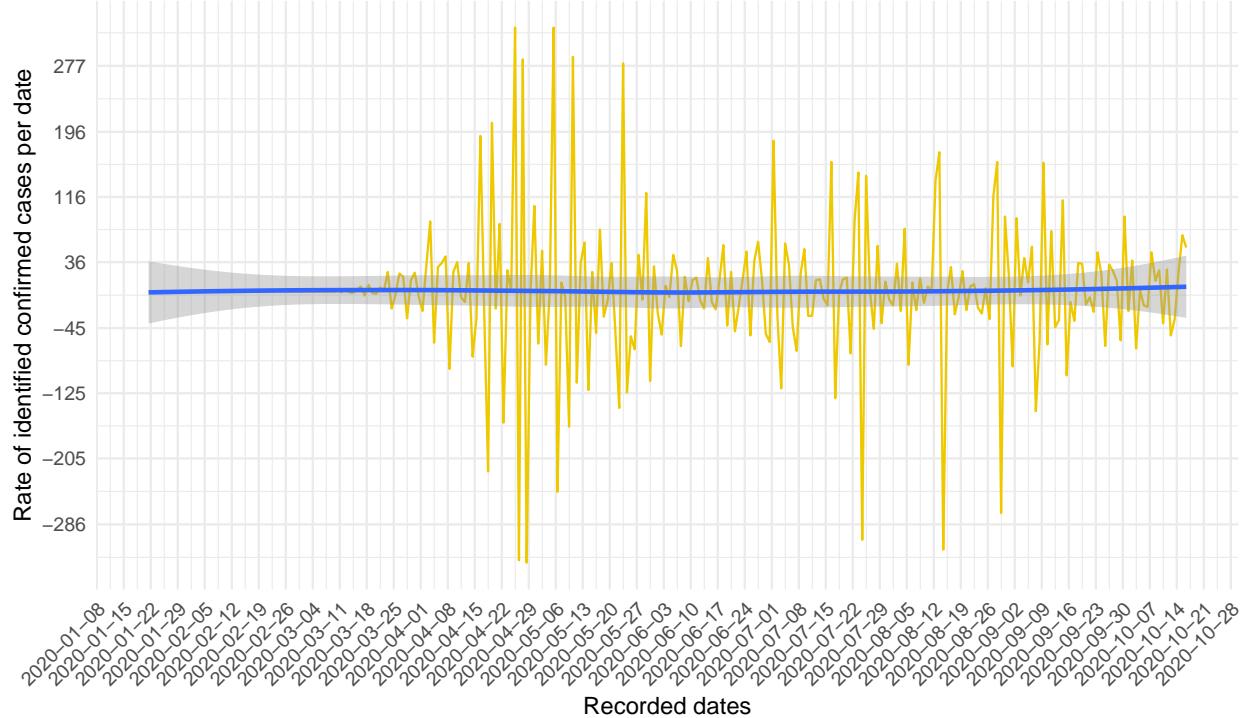

Connecticut – rate of increase of confirmed cases over time

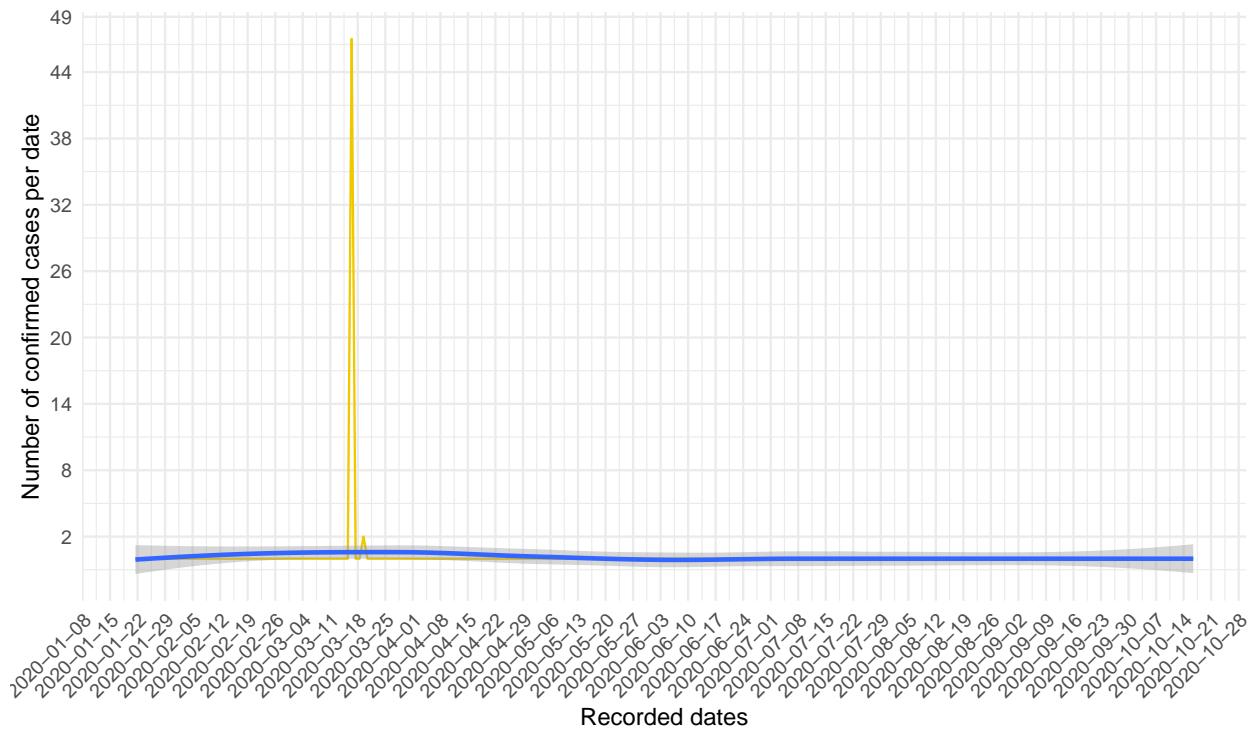

Delaware – confirmed cases over time, total cases: 18,308

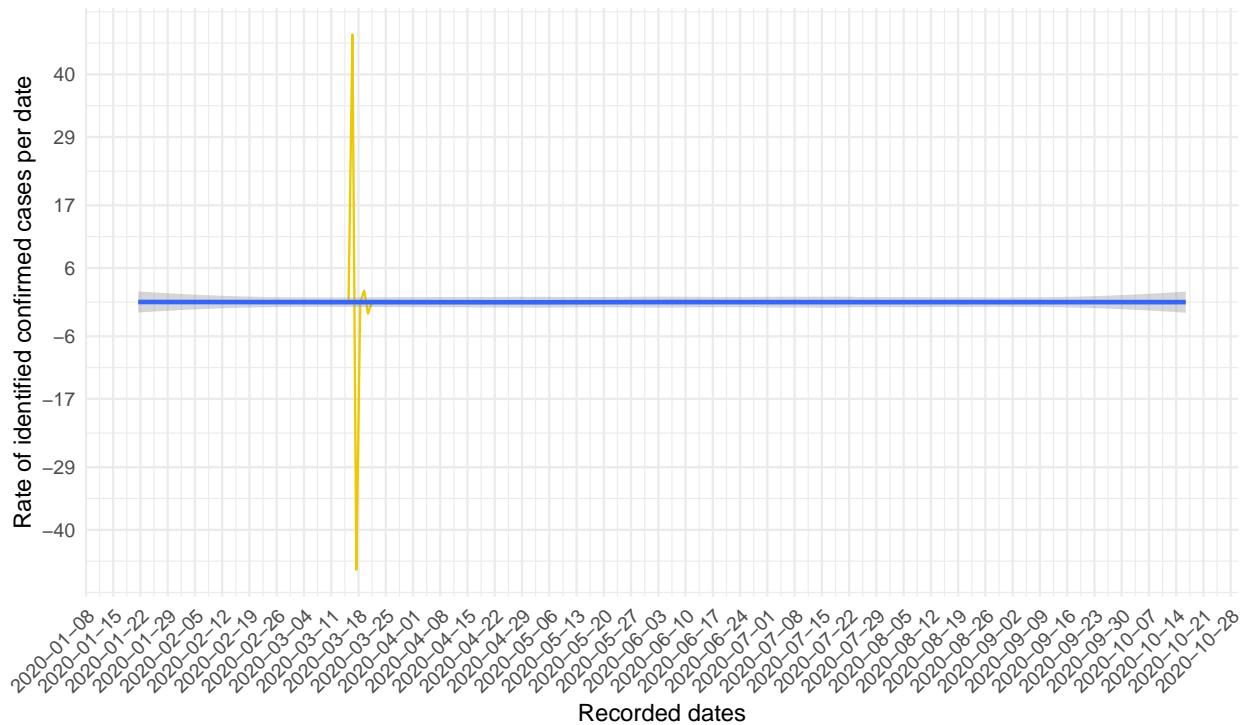

Delaware – rate of increase of confirmed cases over time

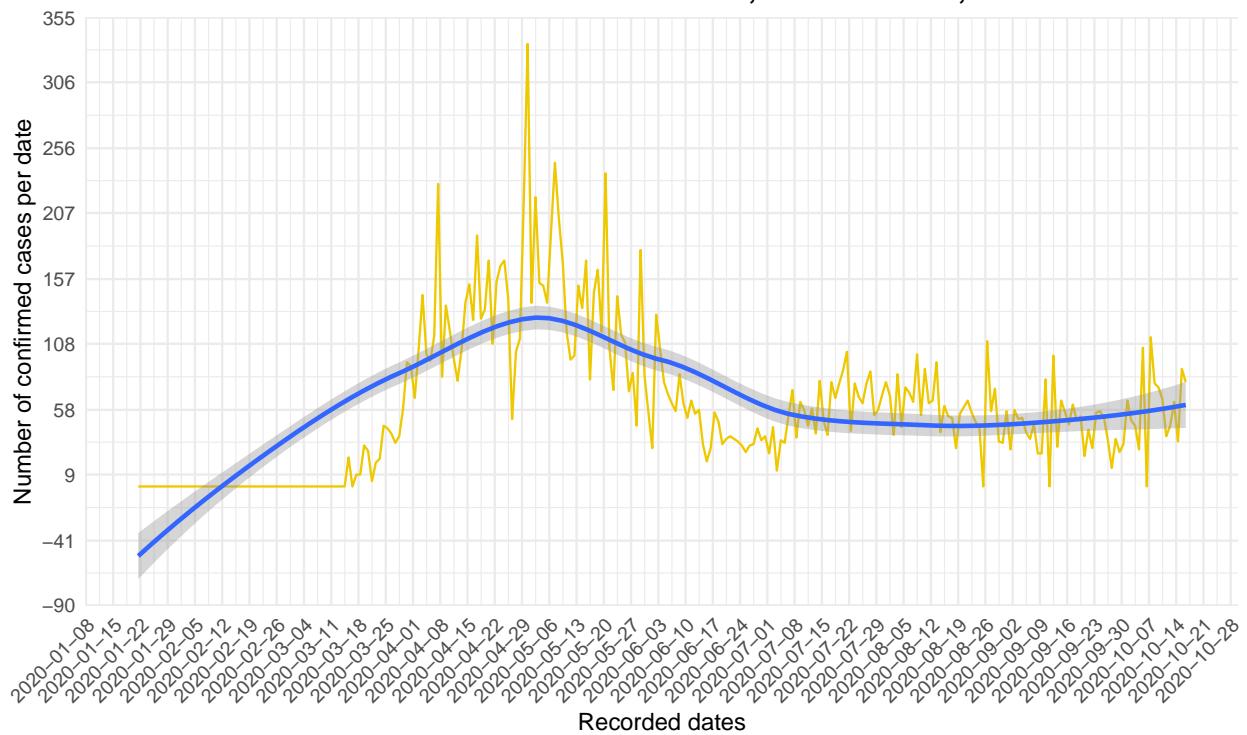

Diamond Princess – confirmed cases over time, total cases: 49

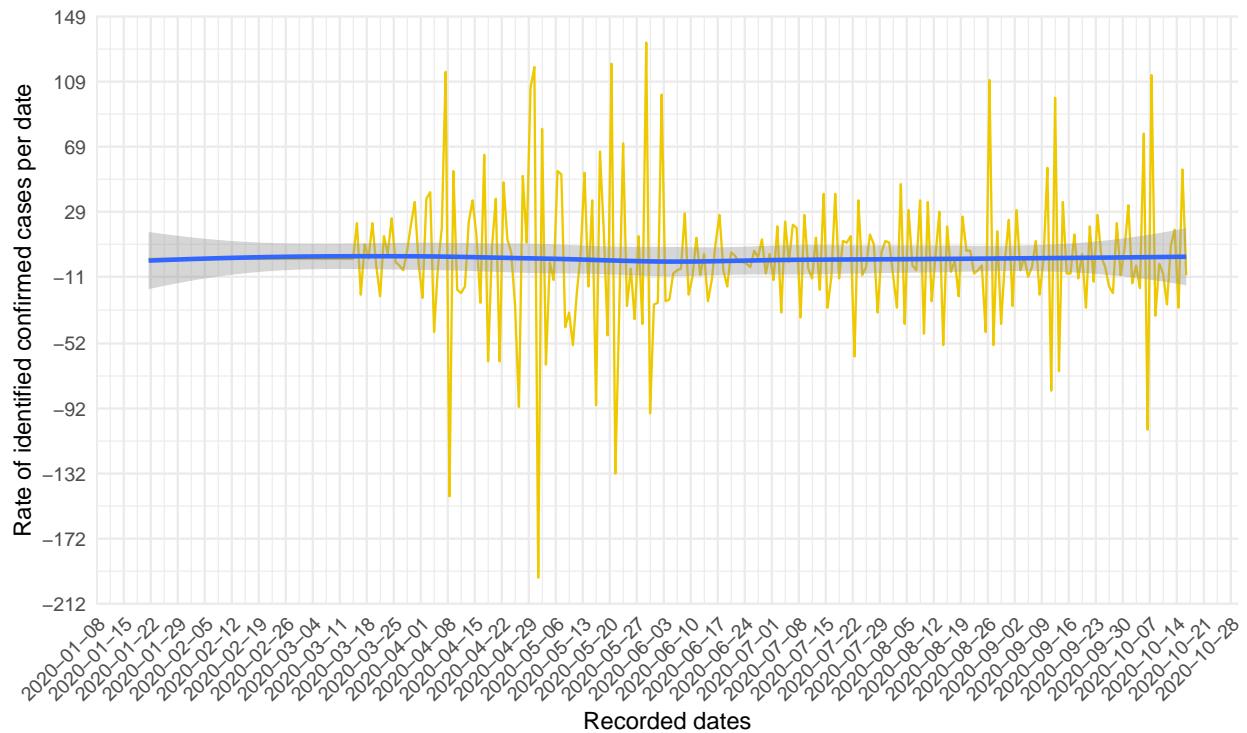

Diamond Princess – rate of increase of confirmed cases over time

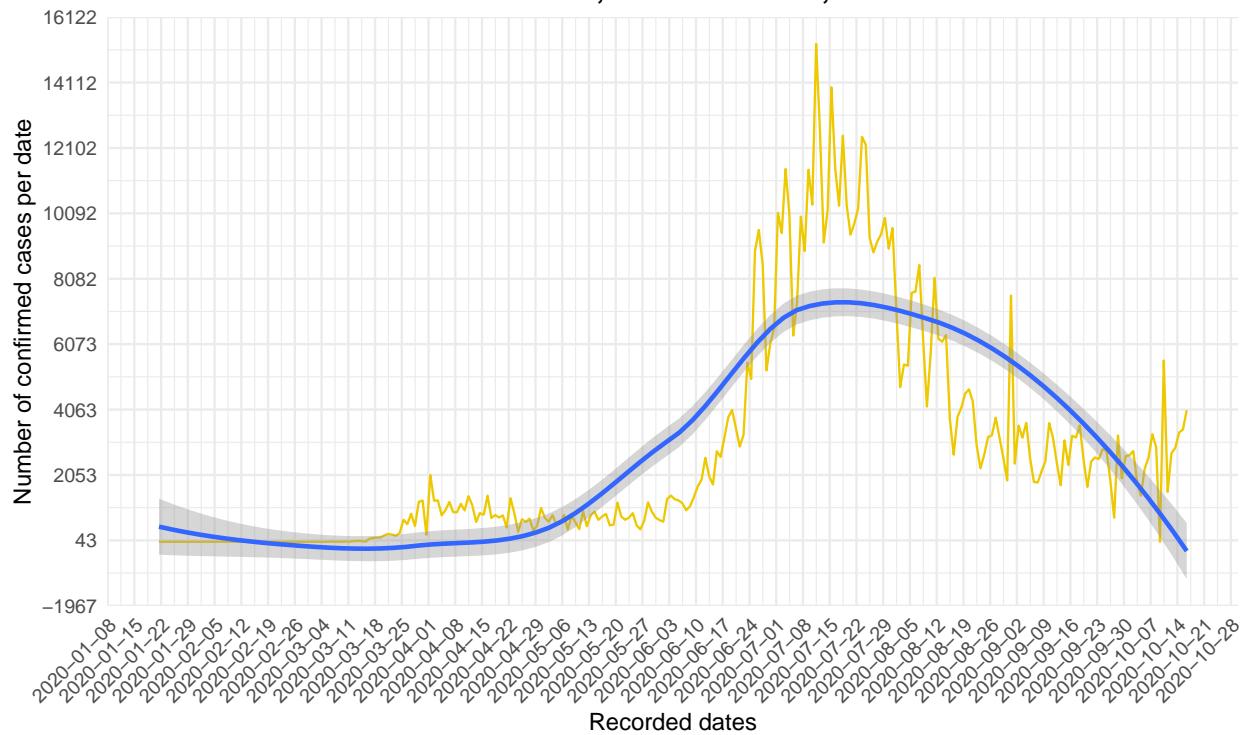

District of Columbia – confirmed cases over time, total cases: 14,387

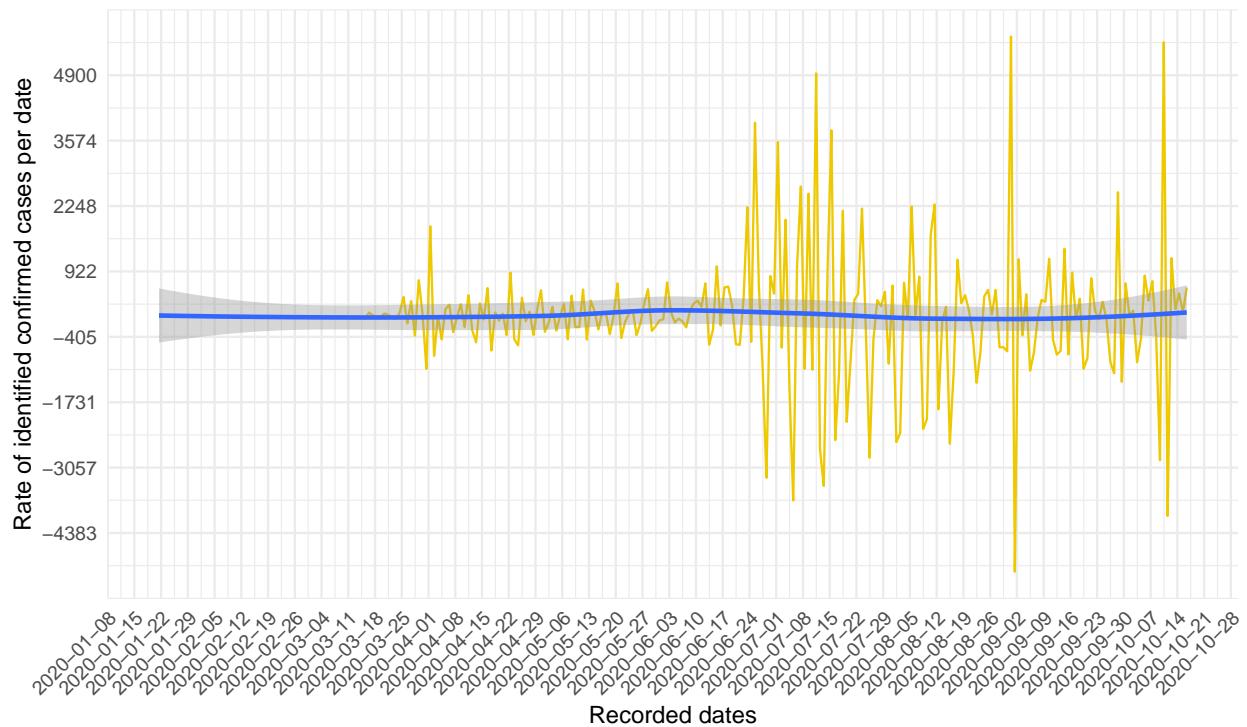

District of Columbia – rate of increase of confirmed cases over time

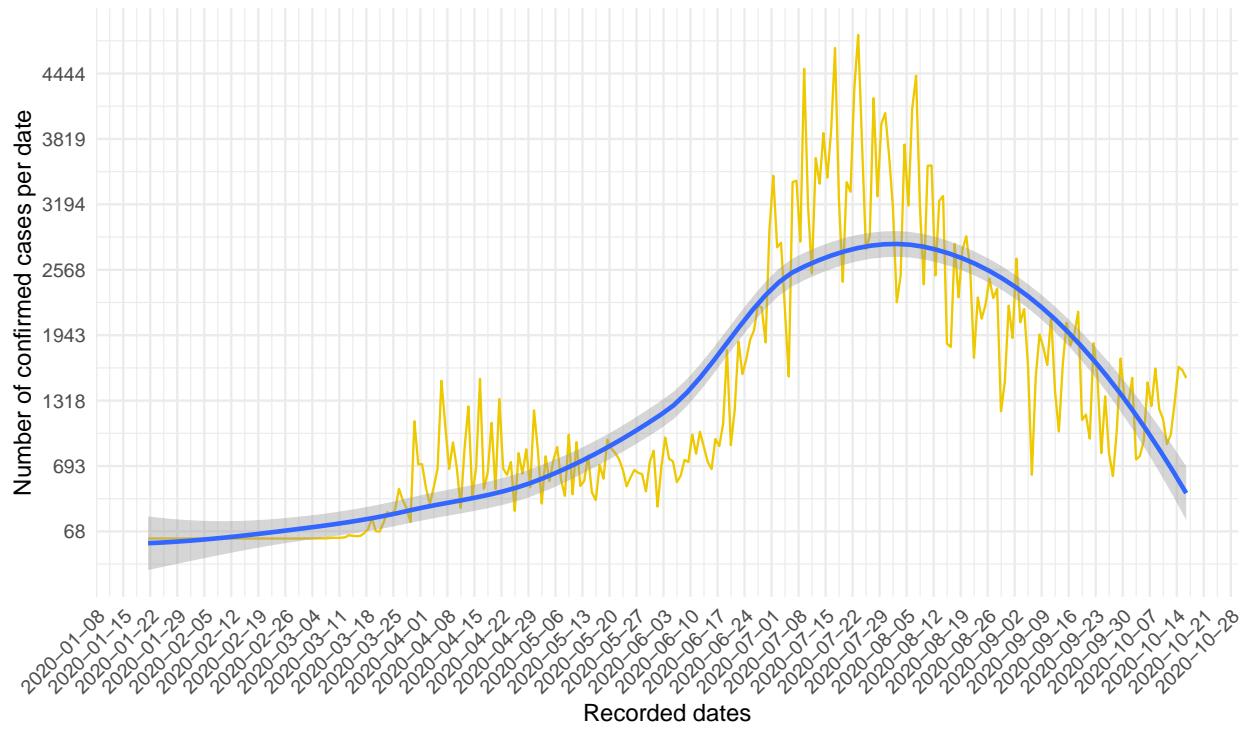

Florida – confirmed cases over time, total cases: 652,259

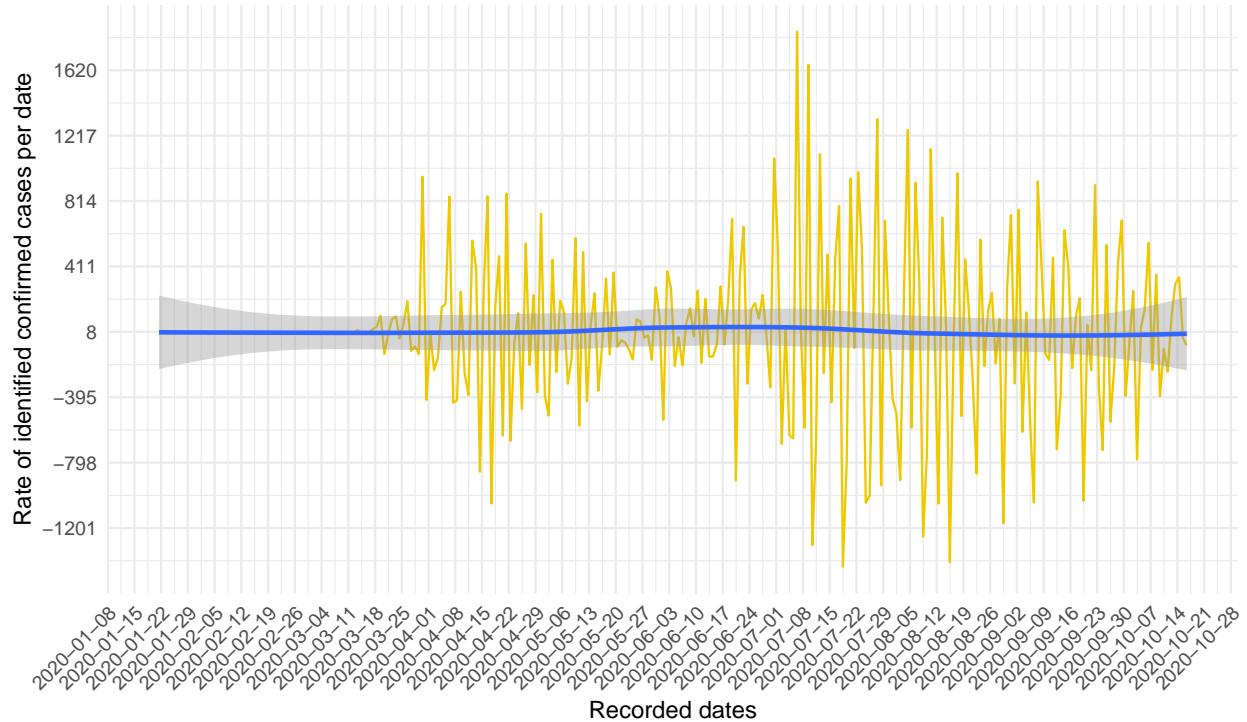

Florida – rate of increase of confirmed cases over time

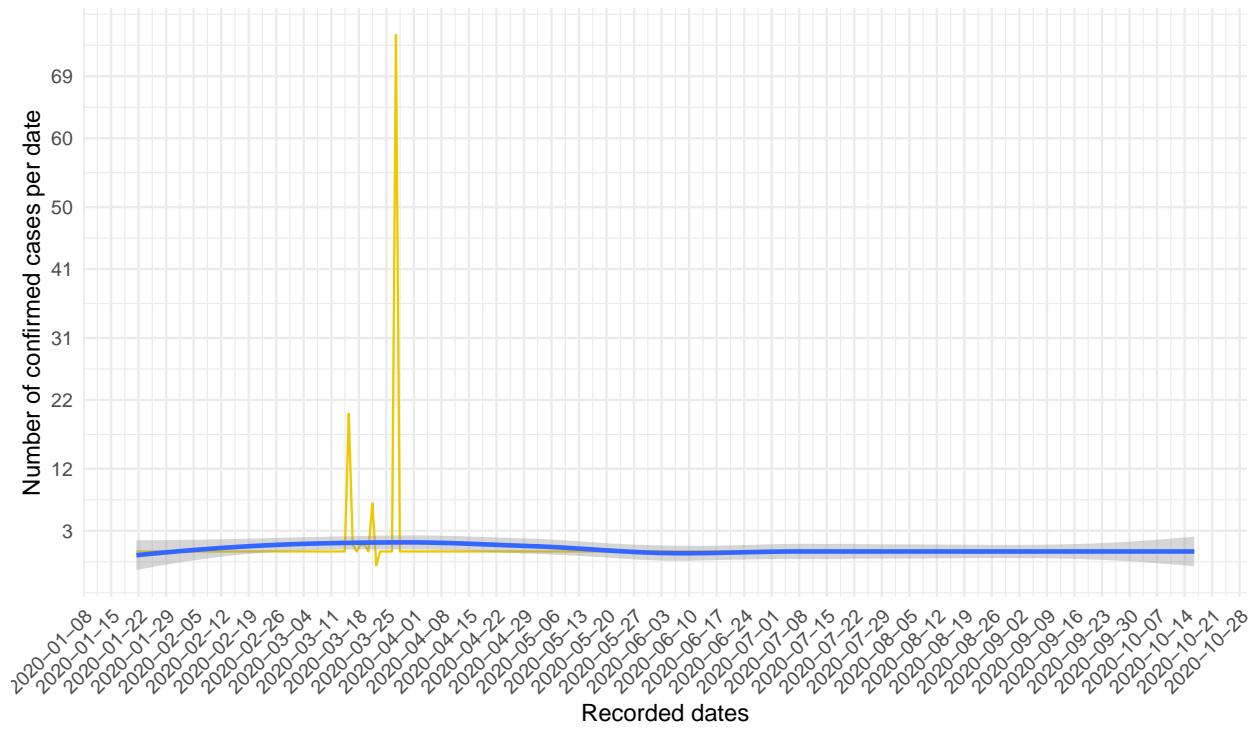

Georgia – confirmed cases over time, total cases: 287,300

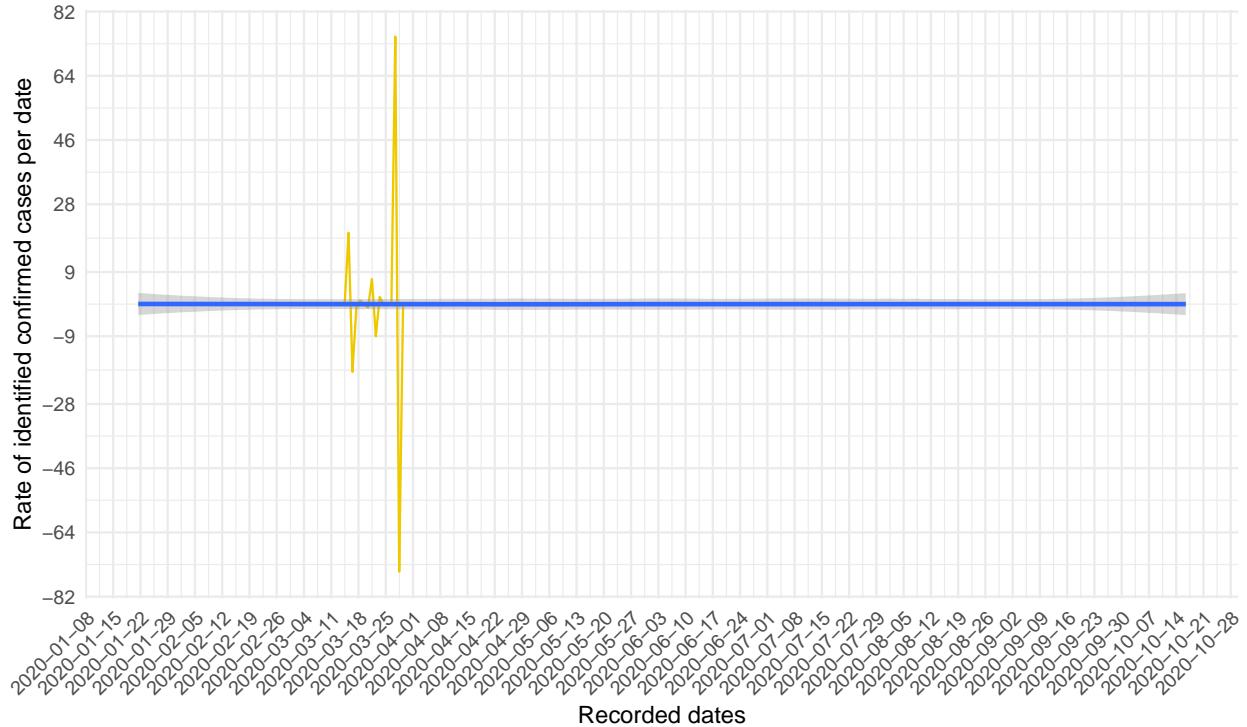

Georgia – rate of increase of confirmed cases over time

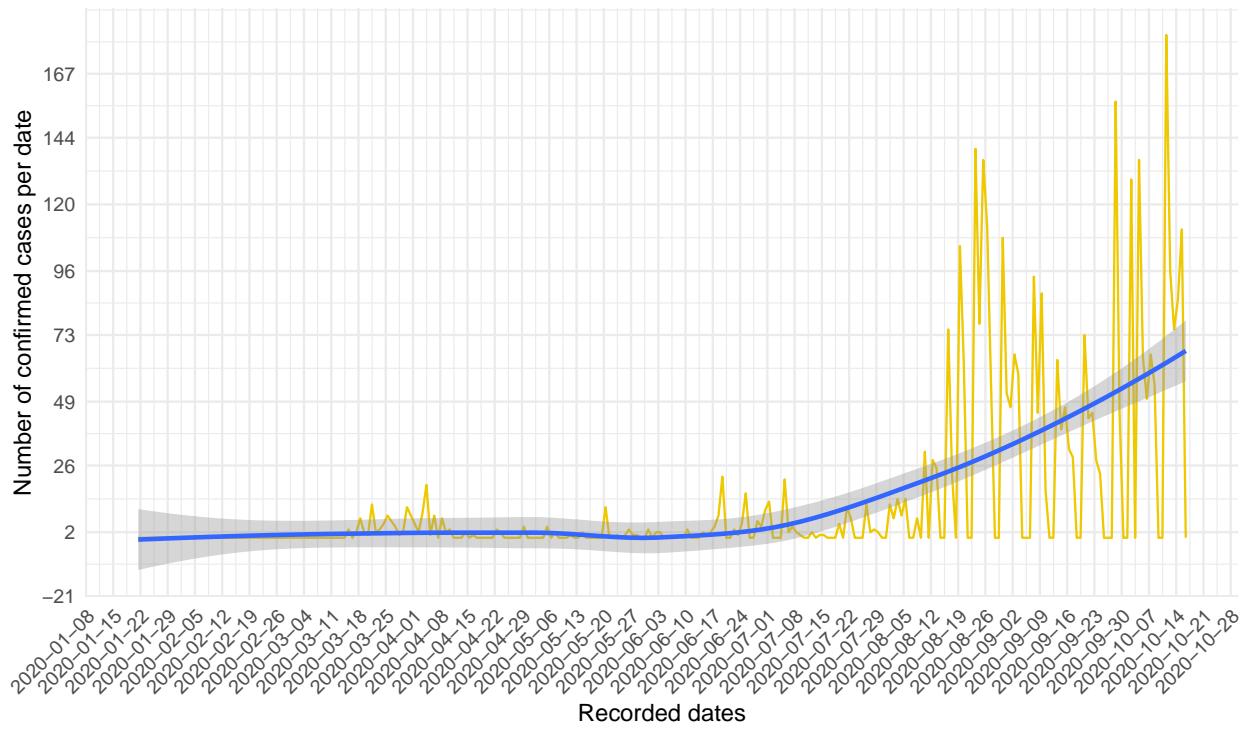

Grand Princess – confirmed cases over time, total cases: 103

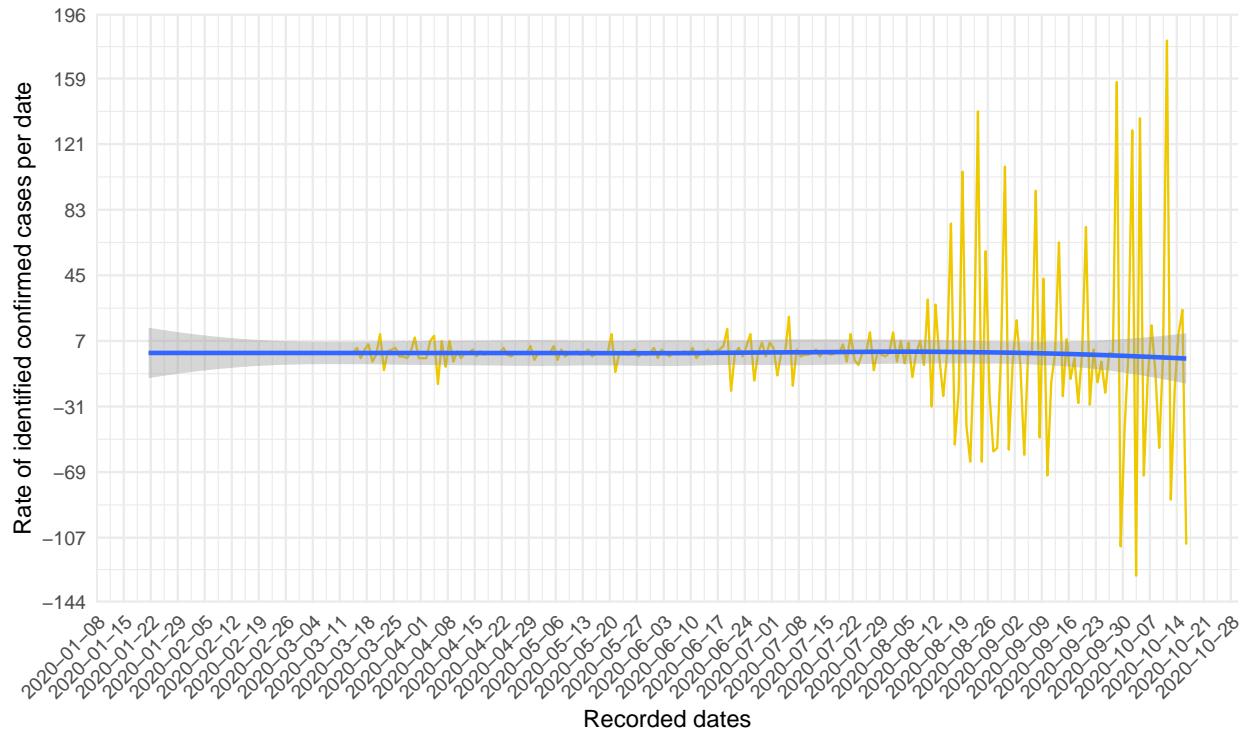

Grand Princess – rate of increase of confirmed cases over time

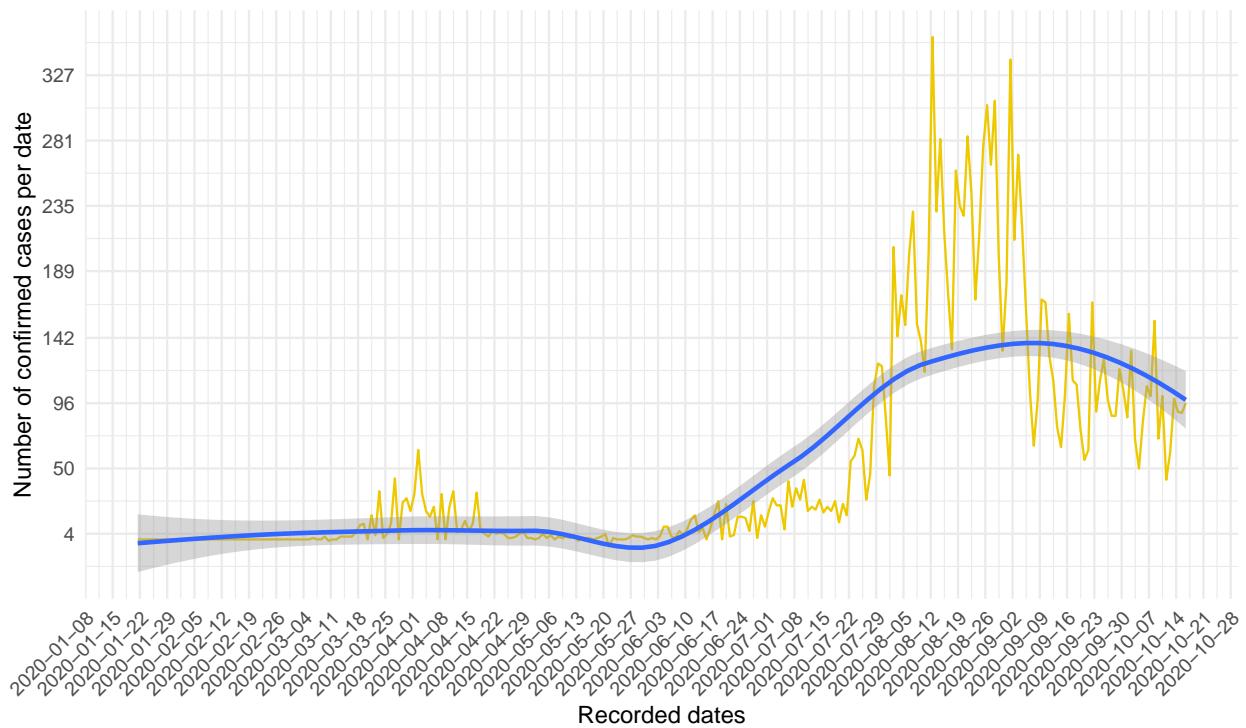

Guam – confirmed cases over time, total cases: 1,758

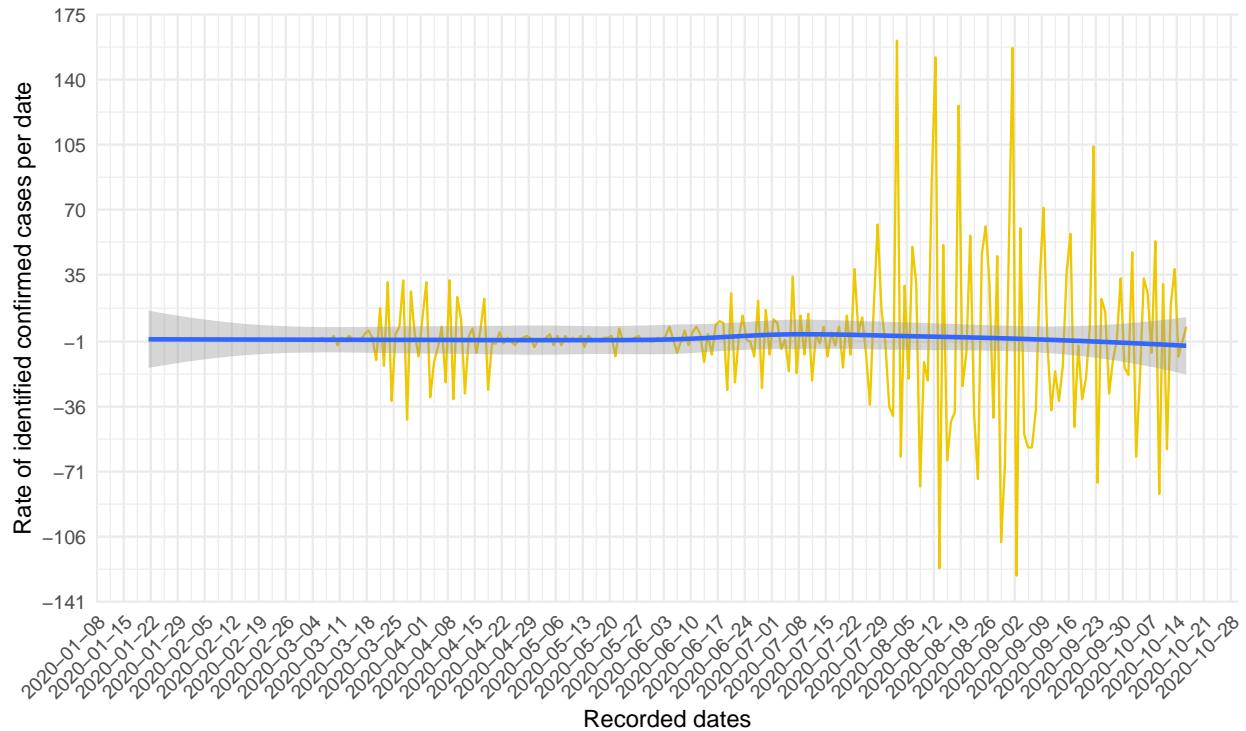

Guam – rate of increase of confirmed cases over time

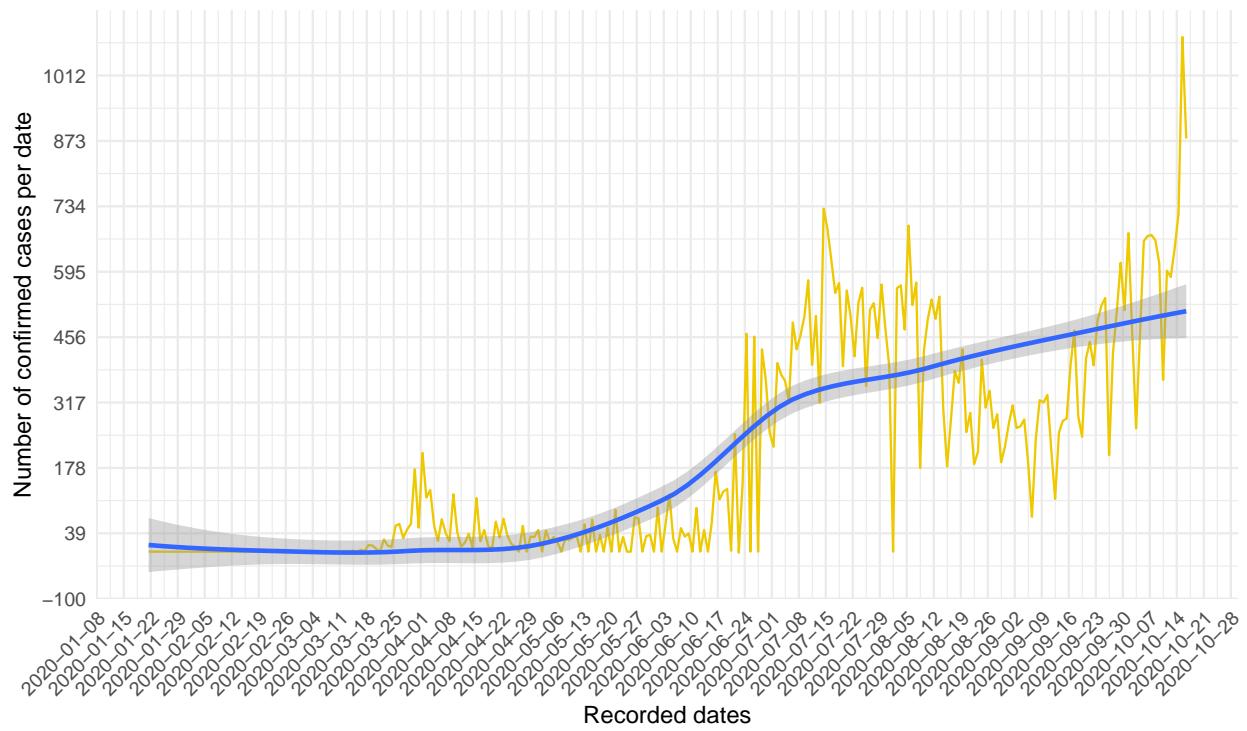

Hawaii – confirmed cases over time, total cases: 10,123

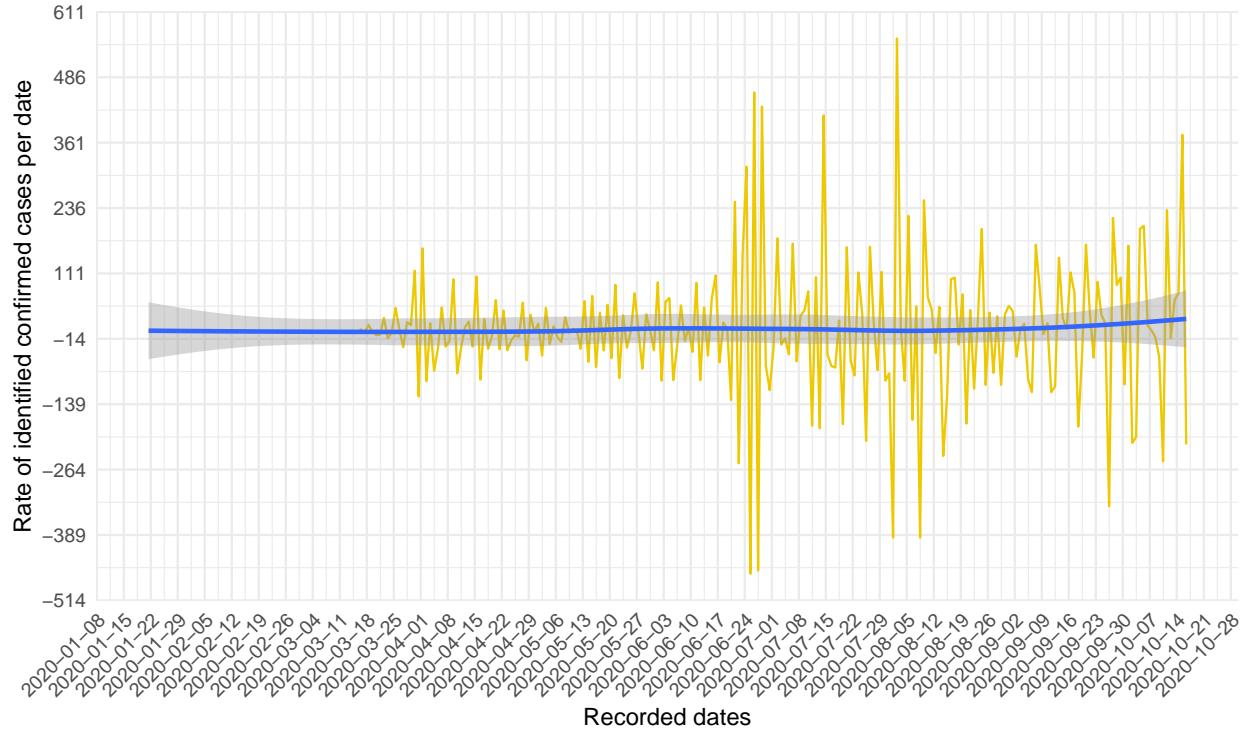

Hawaii – rate of increase of confirmed cases over time

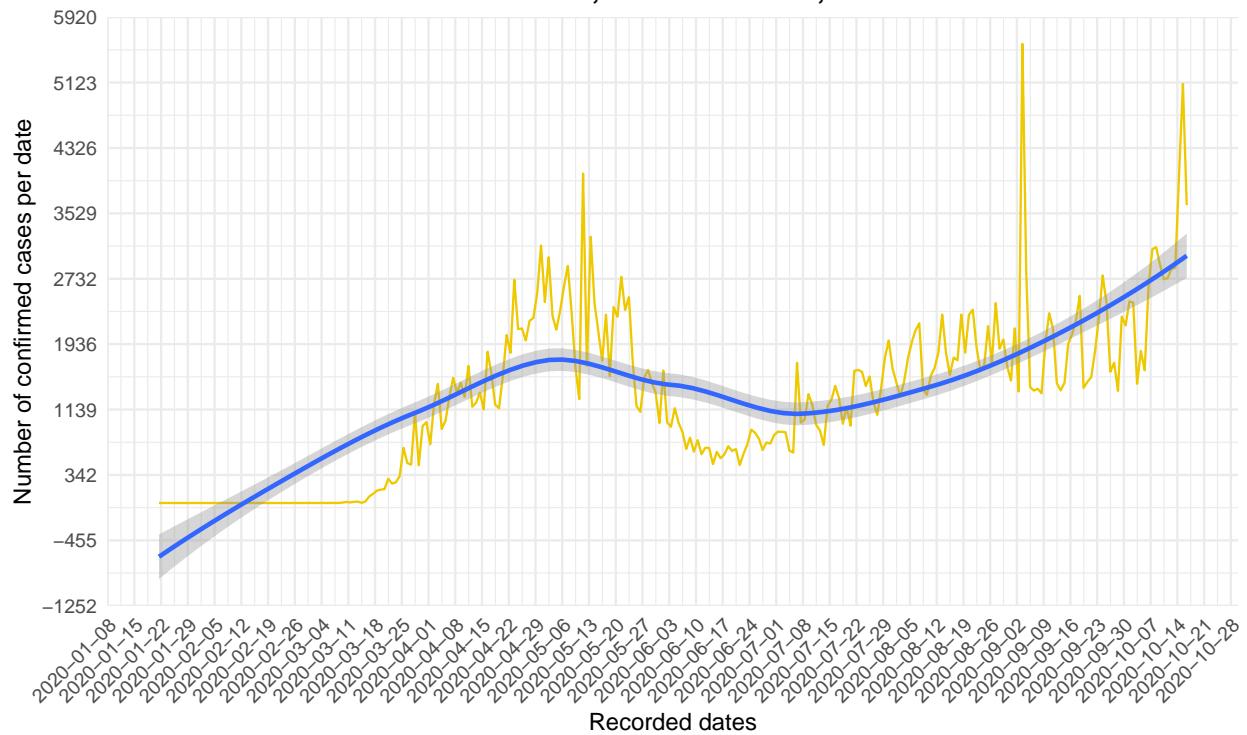

Idaho – confirmed cases over time, total cases: 34,300

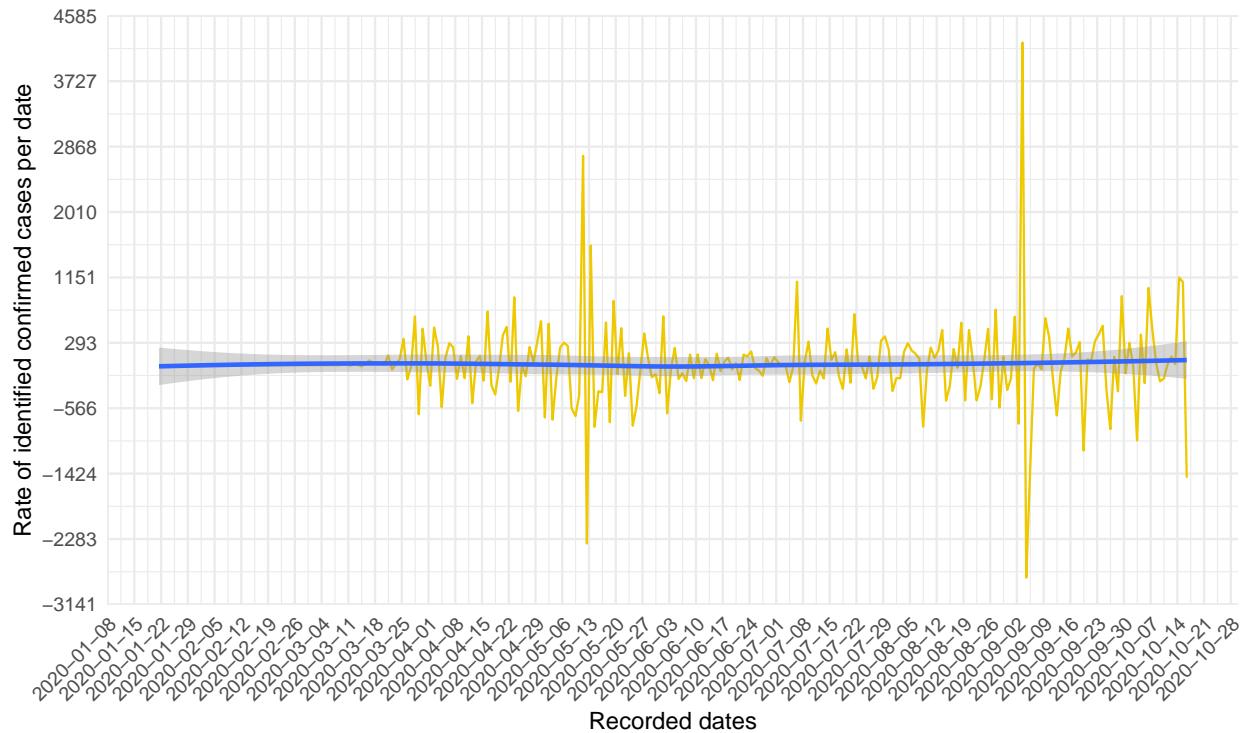

Idaho – rate of increase of confirmed cases over time

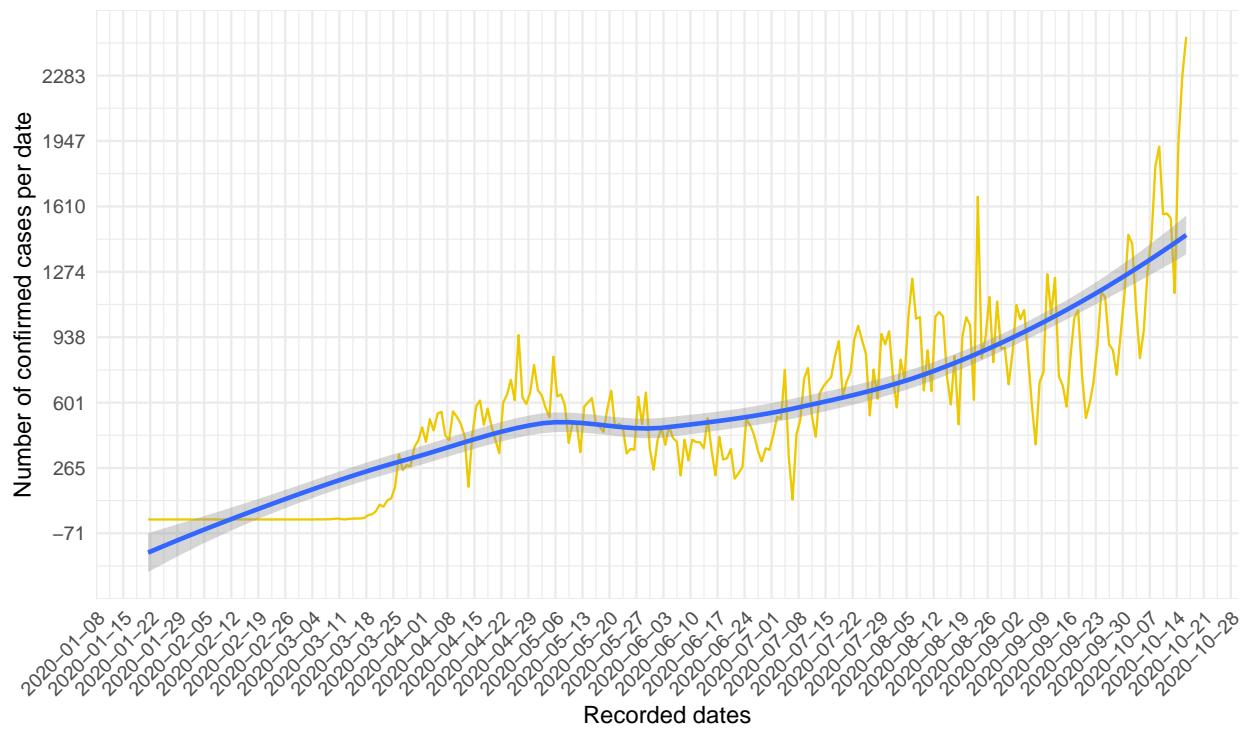

Illinois – confirmed cases over time, total cases: 255,613

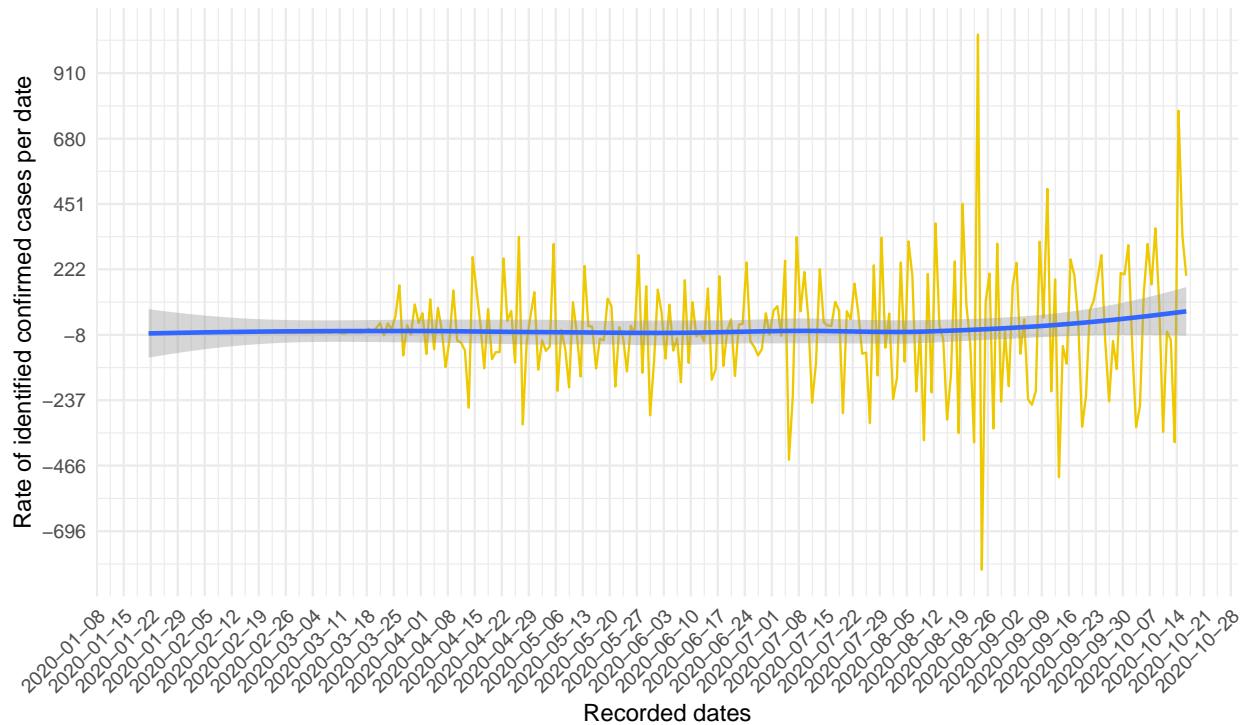

Illinois – rate of increase of confirmed cases over time

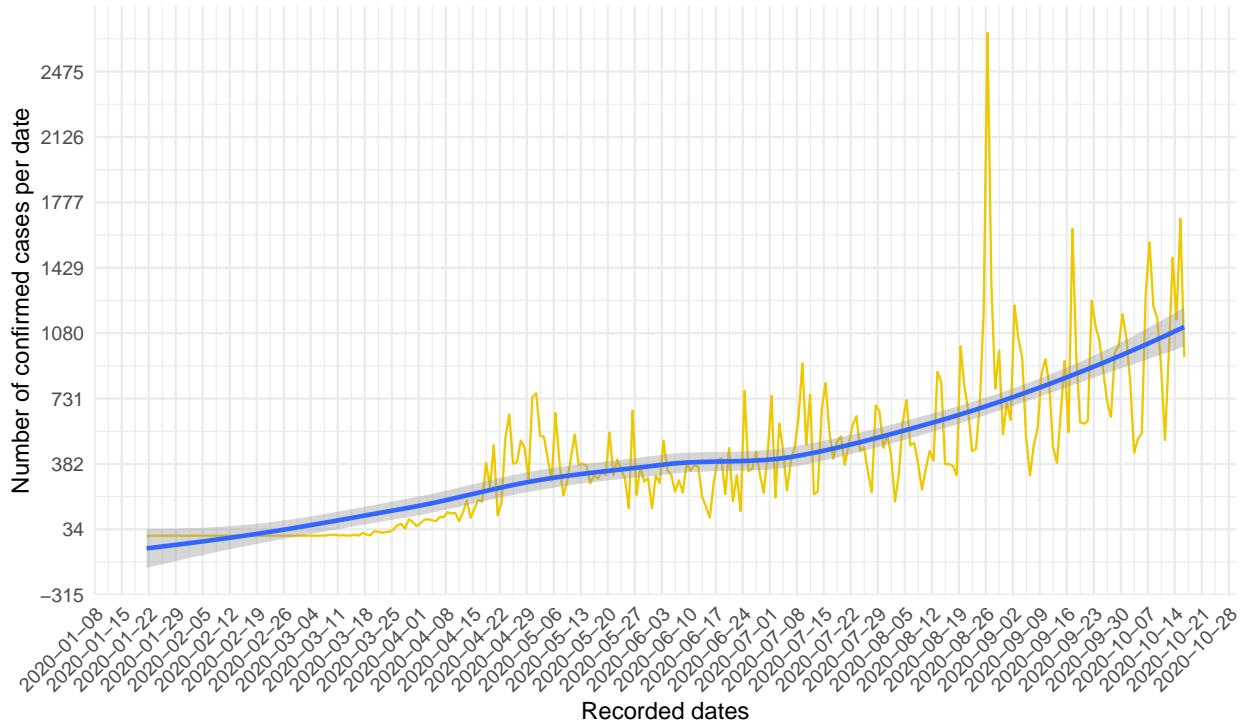

Indiana – confirmed cases over time, total cases: 101,485

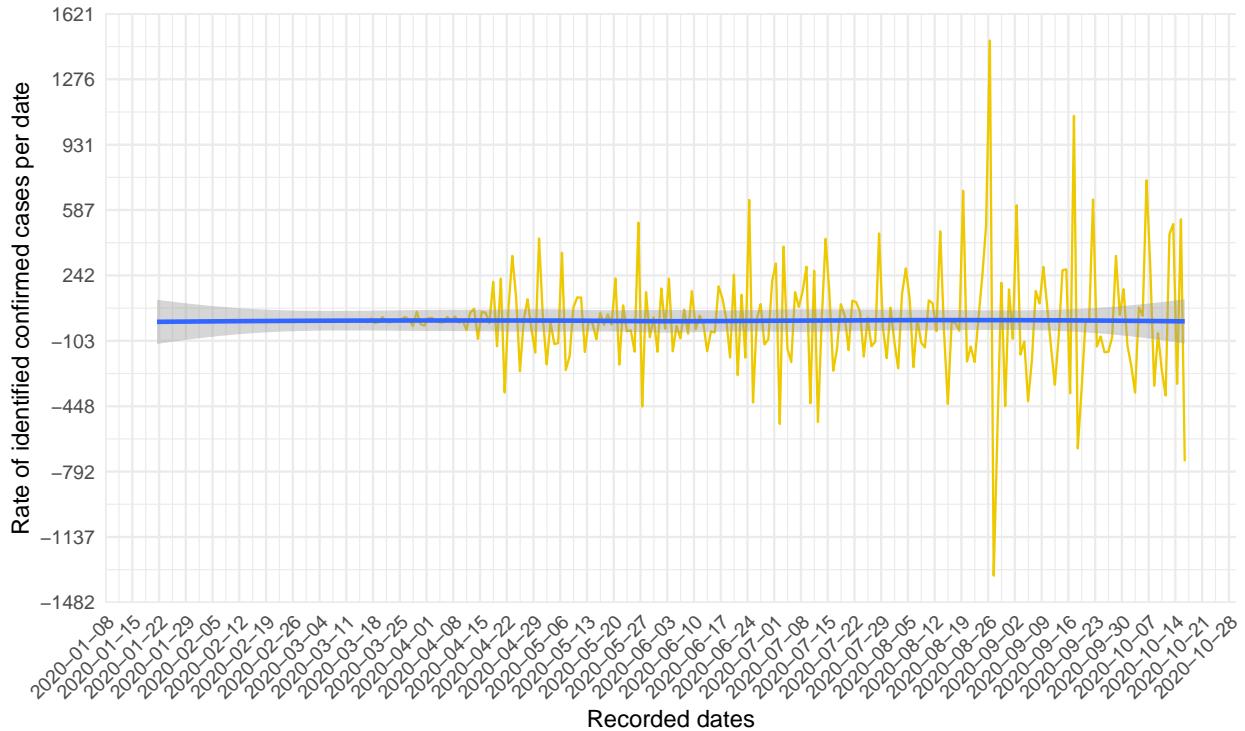

Indiana – rate of increase of confirmed cases over time

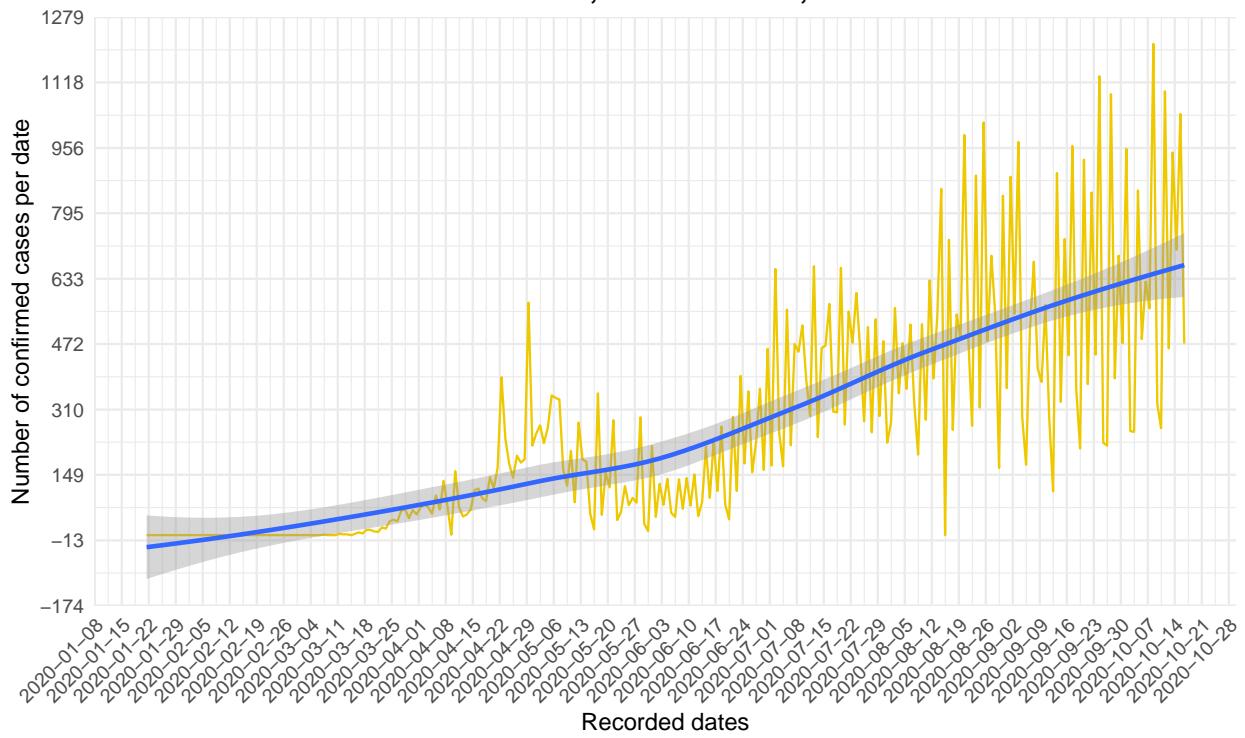

Iowa – confirmed cases over time, total cases: 71,595

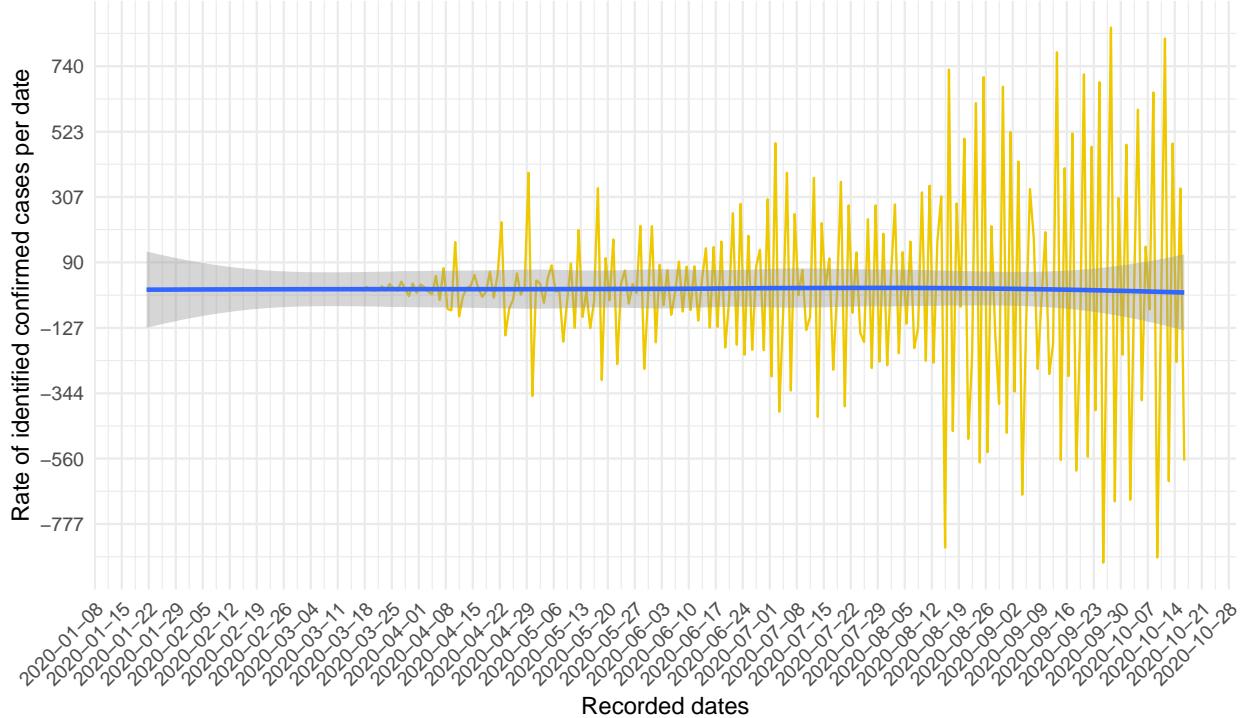

Iowa – rate of increase of confirmed cases over time

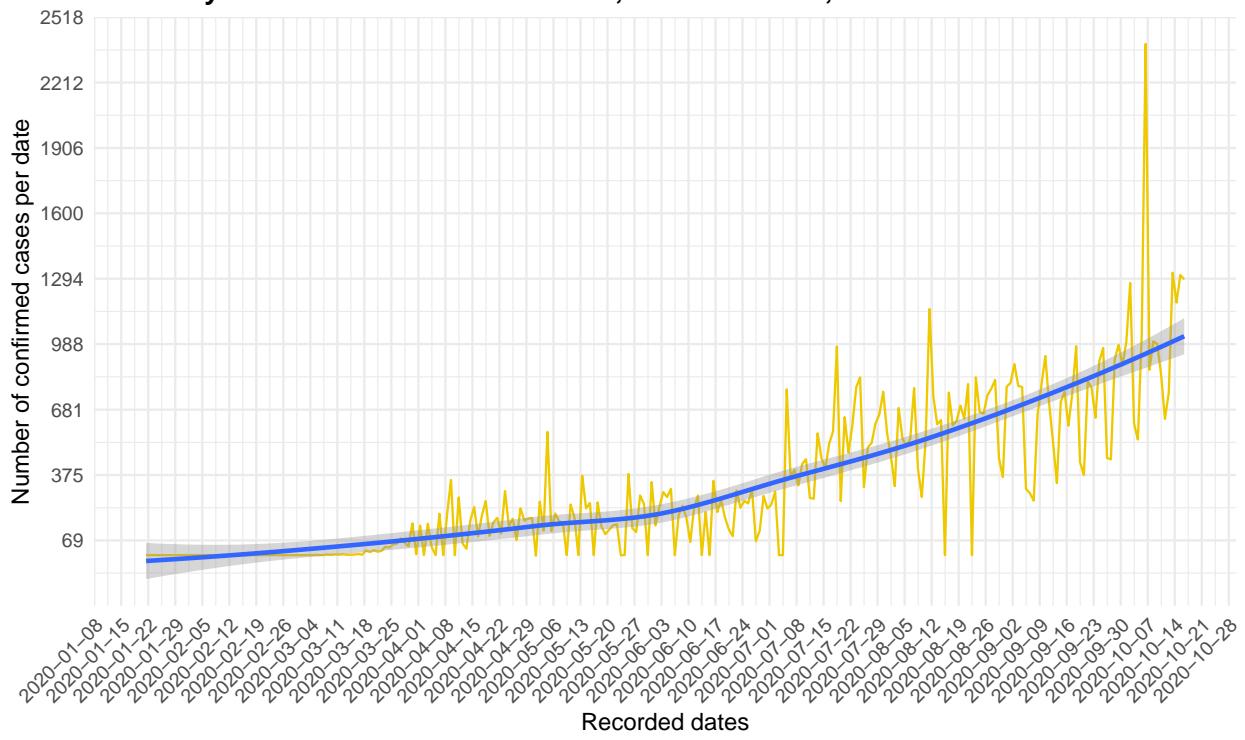

Kansas – confirmed cases over time, total cases: 47,424

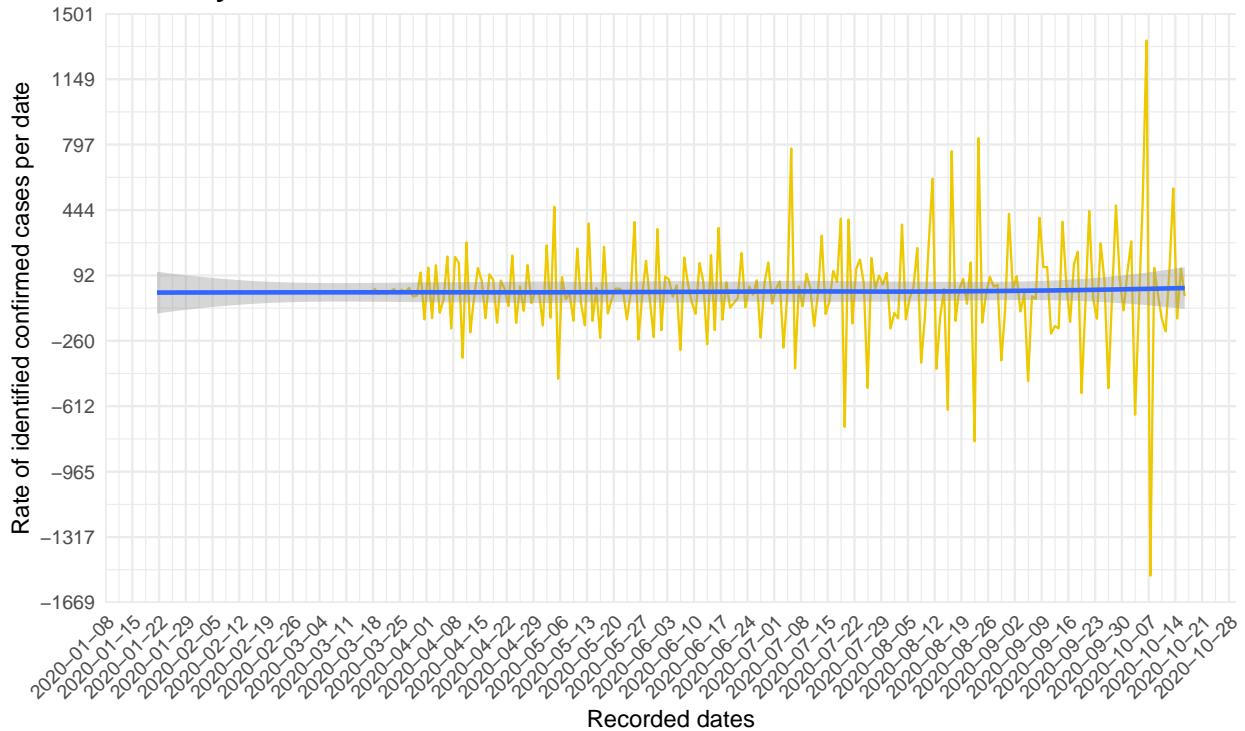

Kansas – rate of increase of confirmed cases over time

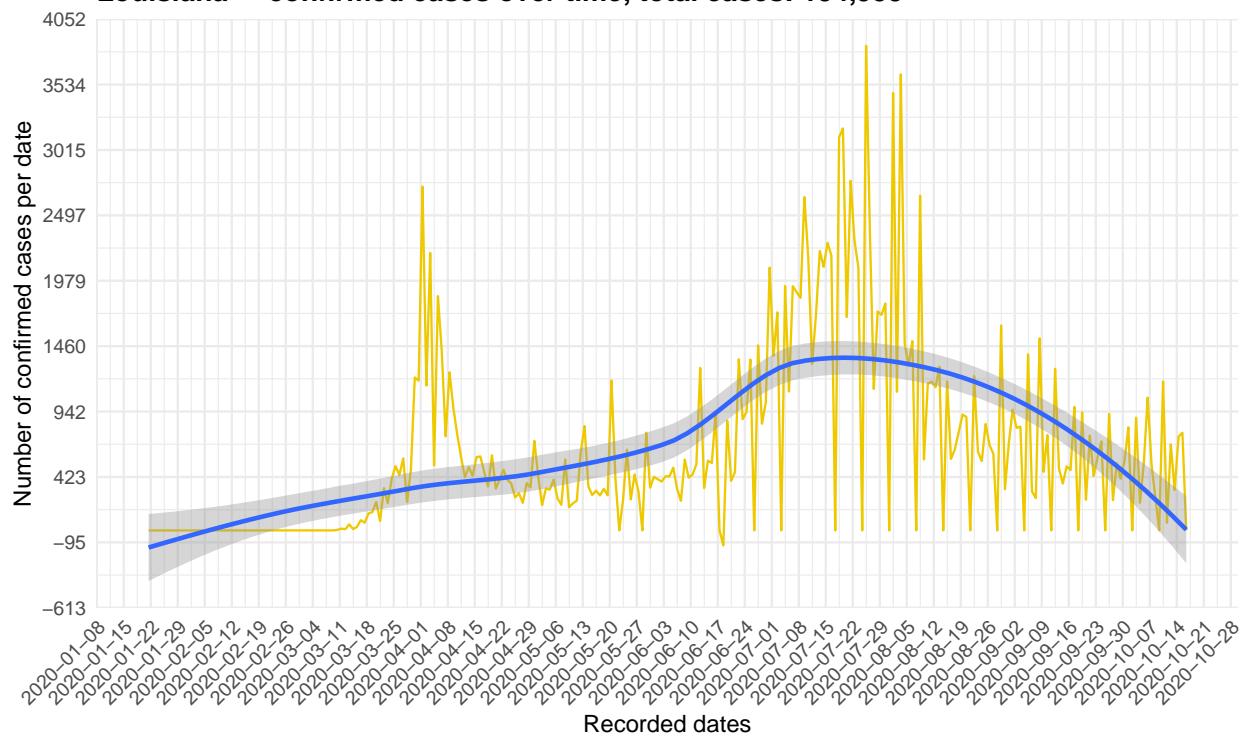

Kentucky – confirmed cases over time, total cases: 53,977

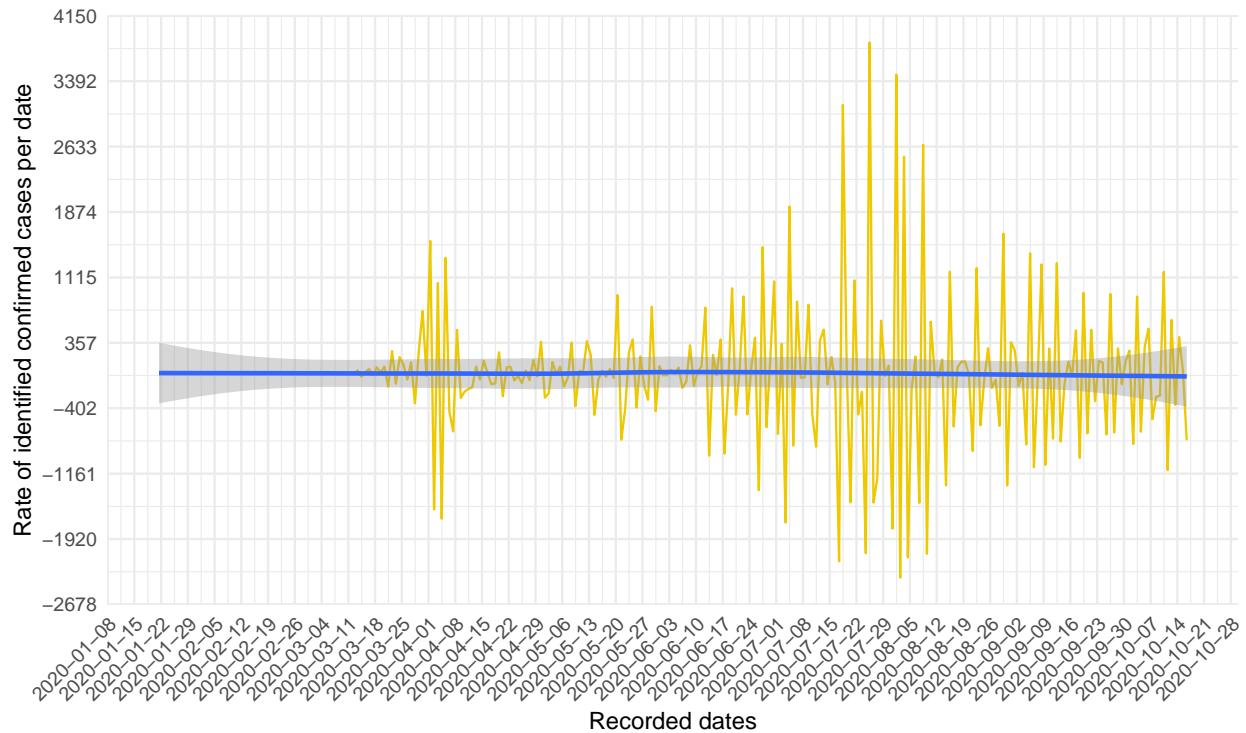

Kentucky – rate of increase of confirmed cases over time

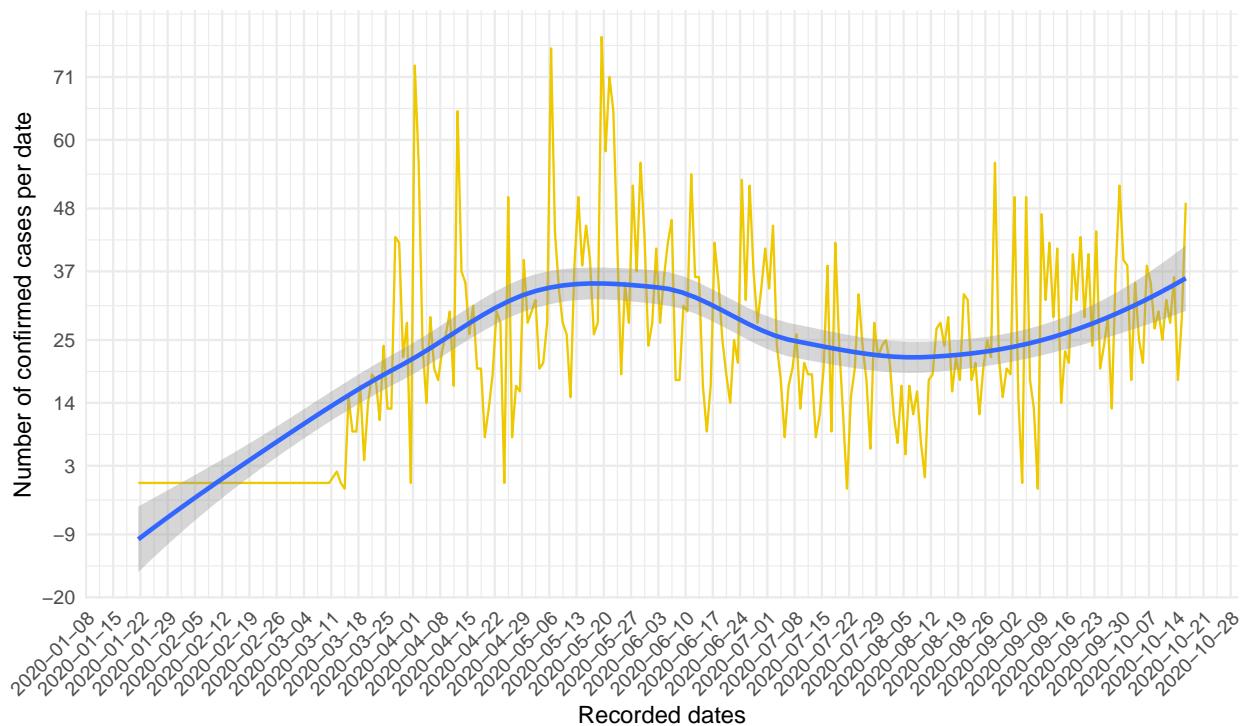

Louisiana – confirmed cases over time, total cases: 154,955

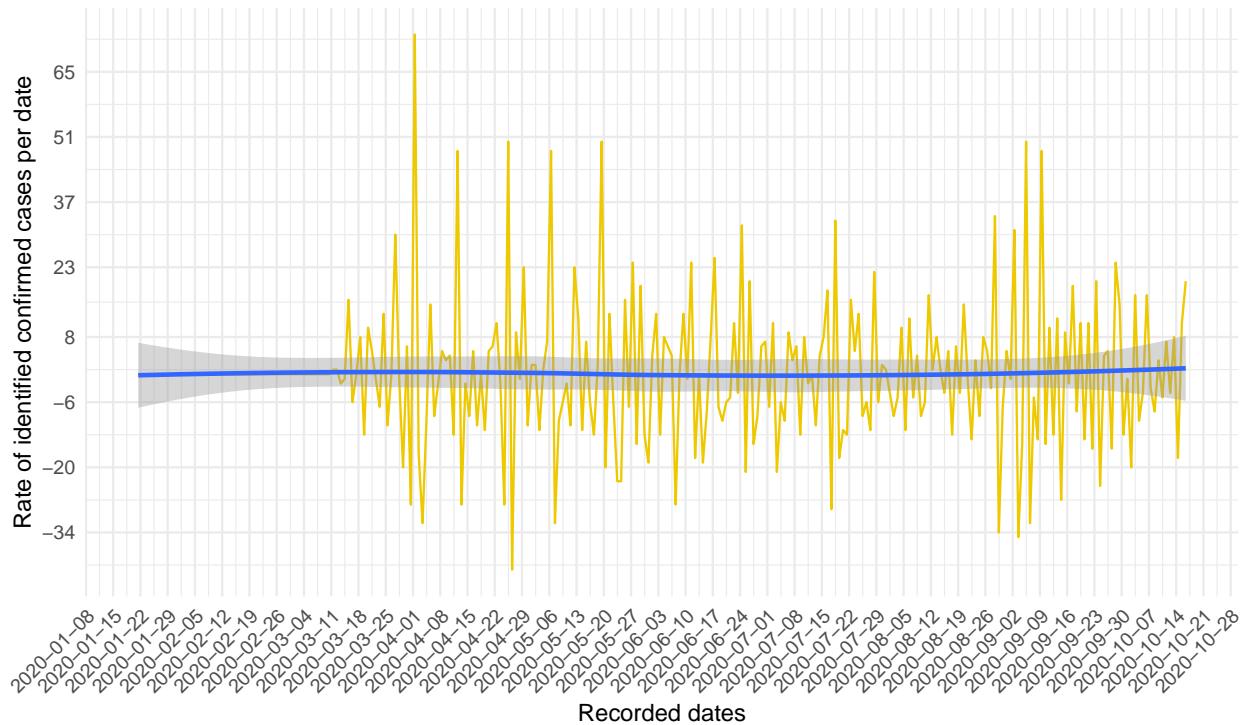

Louisiana – rate of increase of confirmed cases over time

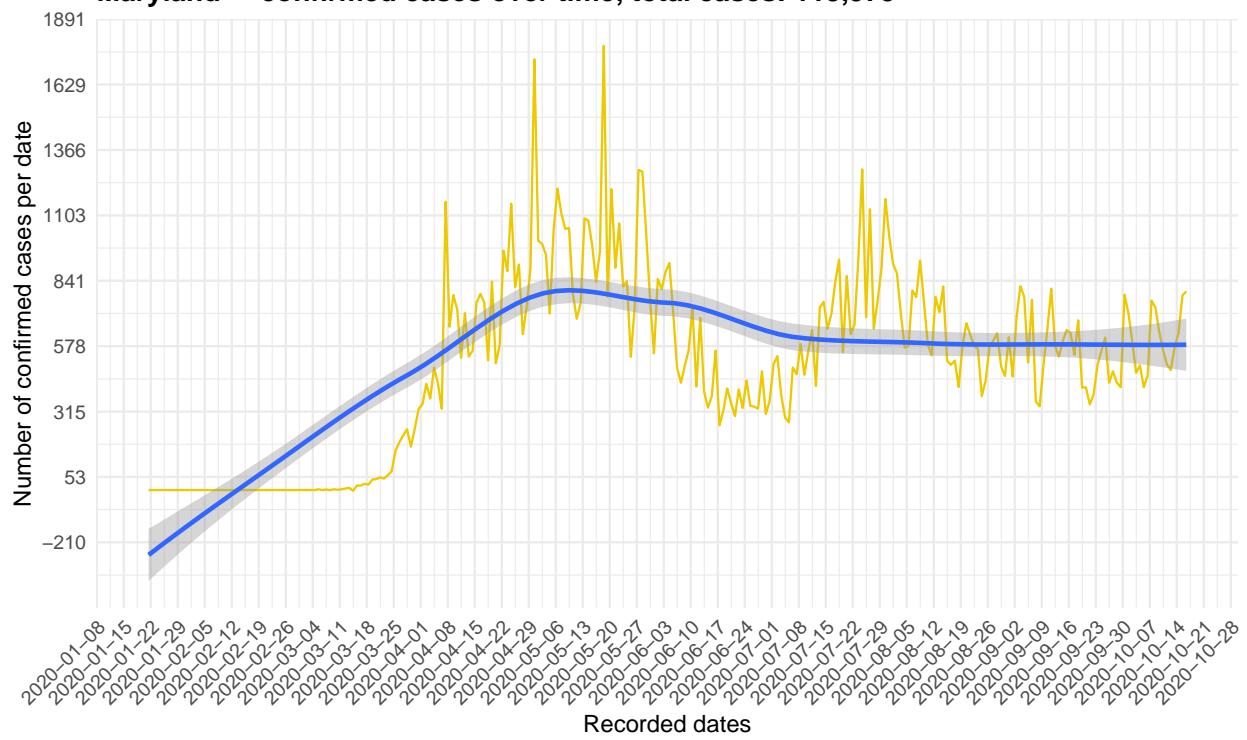

Maine – confirmed cases over time, total cases: 4,713

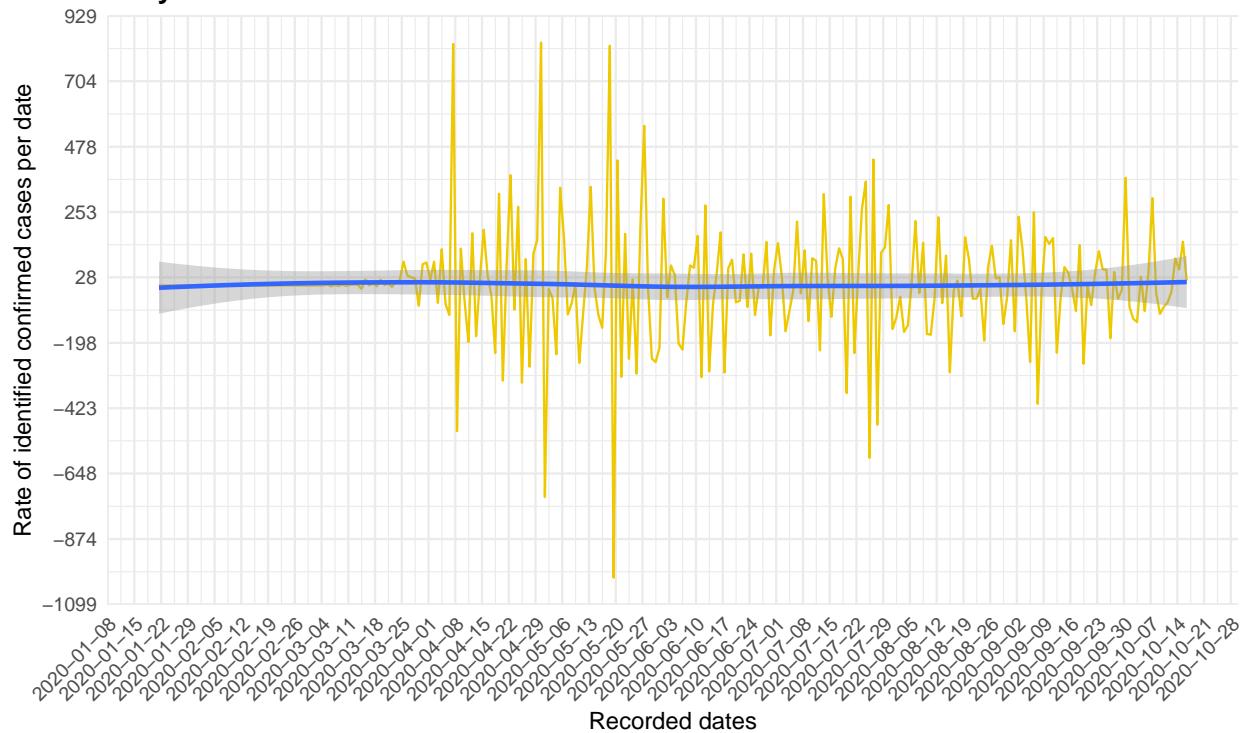

Maine – rate of increase of confirmed cases over time

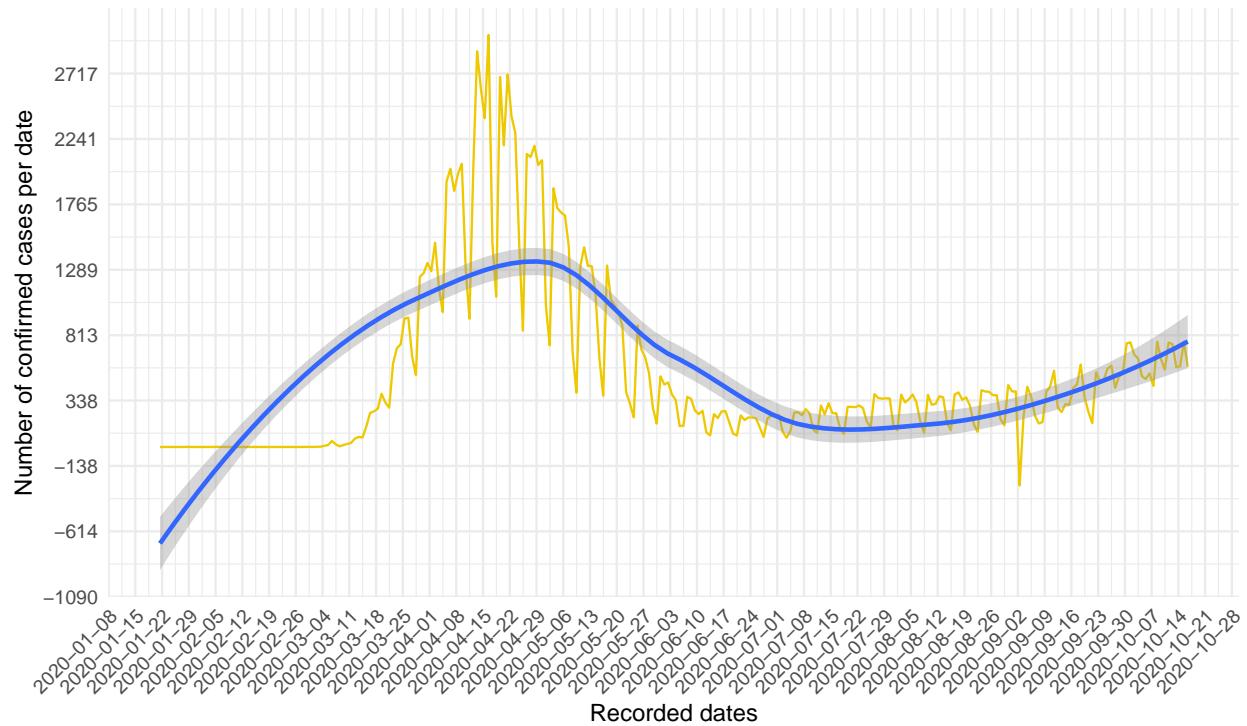

Maryland – confirmed cases over time, total cases: 113,575

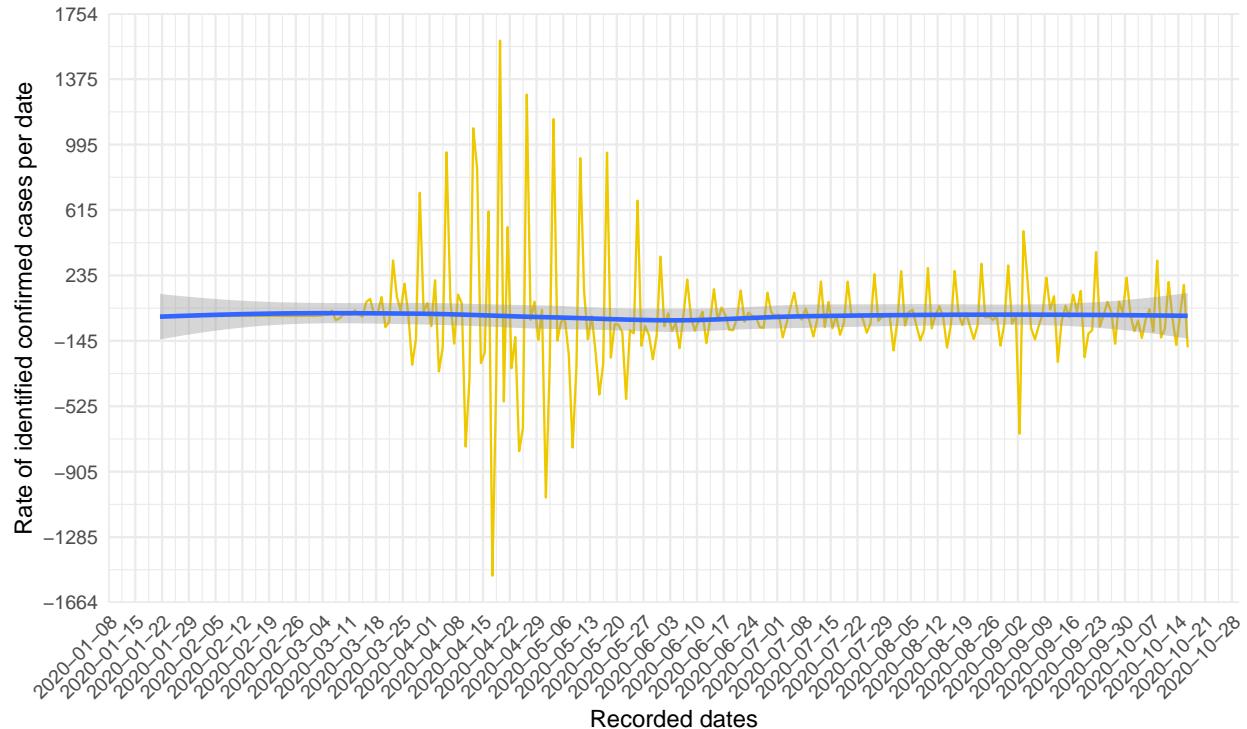

Maryland – rate of increase of confirmed cases over time

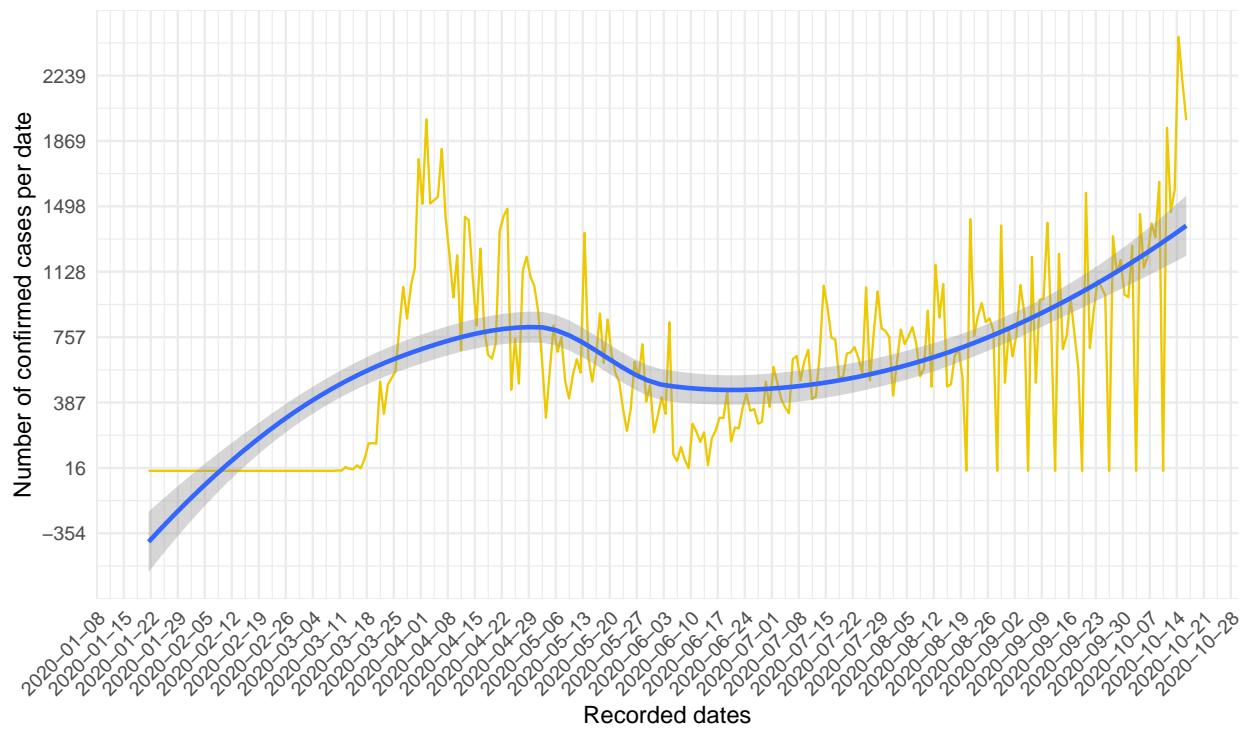

Massachusetts – confirmed cases over time, total cases: 123,143

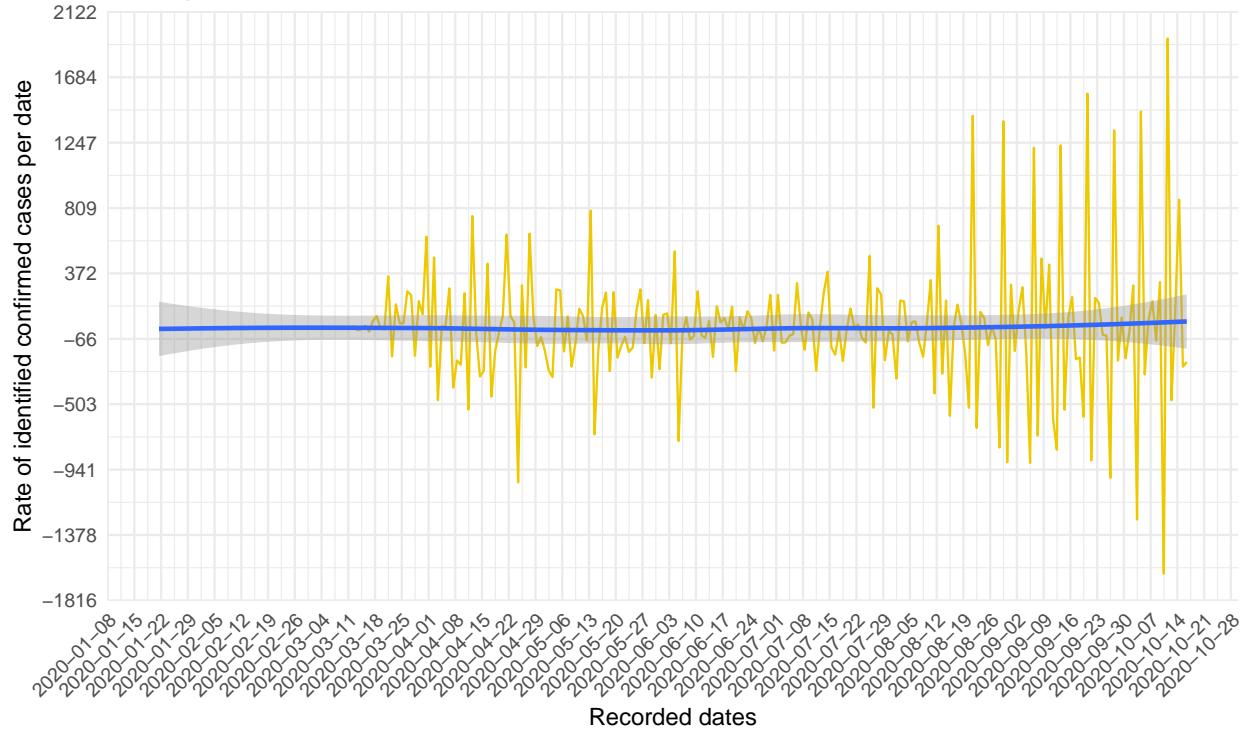

Massachusetts – rate of increase of confirmed cases over time

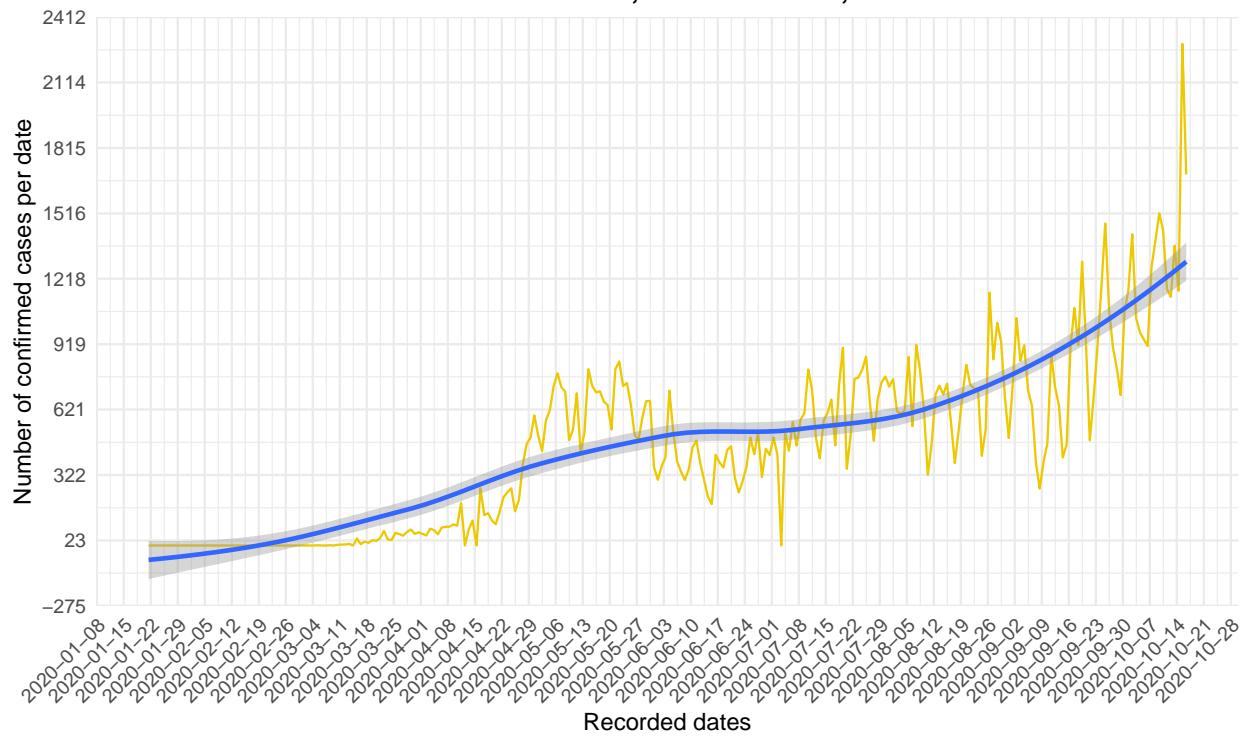

Michigan – confirmed cases over time, total cases: 119,872

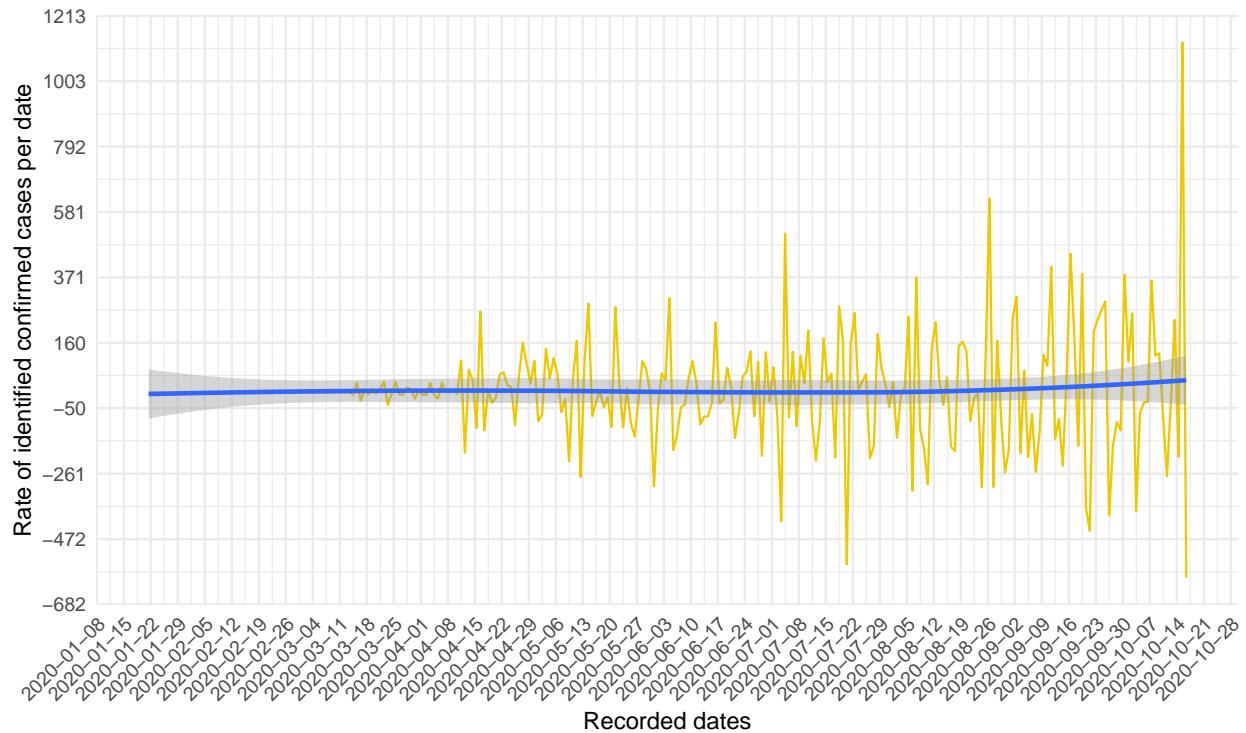

Michigan – rate of increase of confirmed cases over time

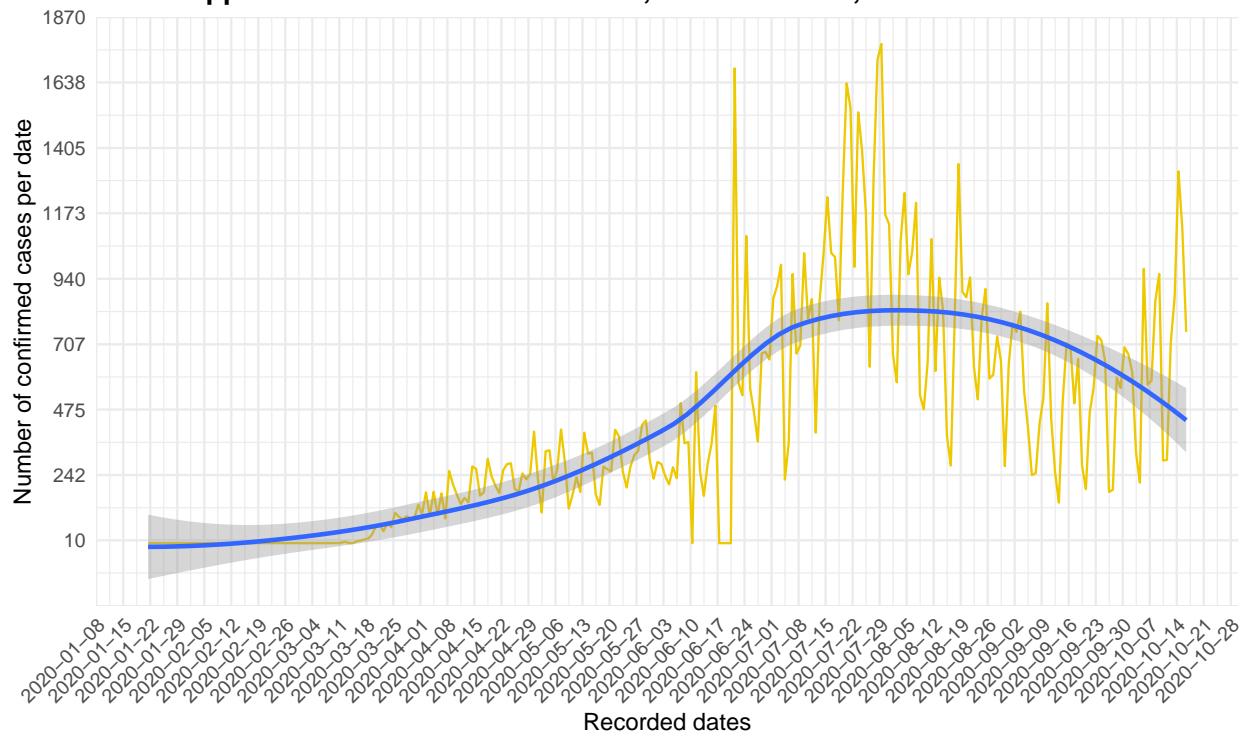

Minnesota – confirmed cases over time, total cases: 81,868

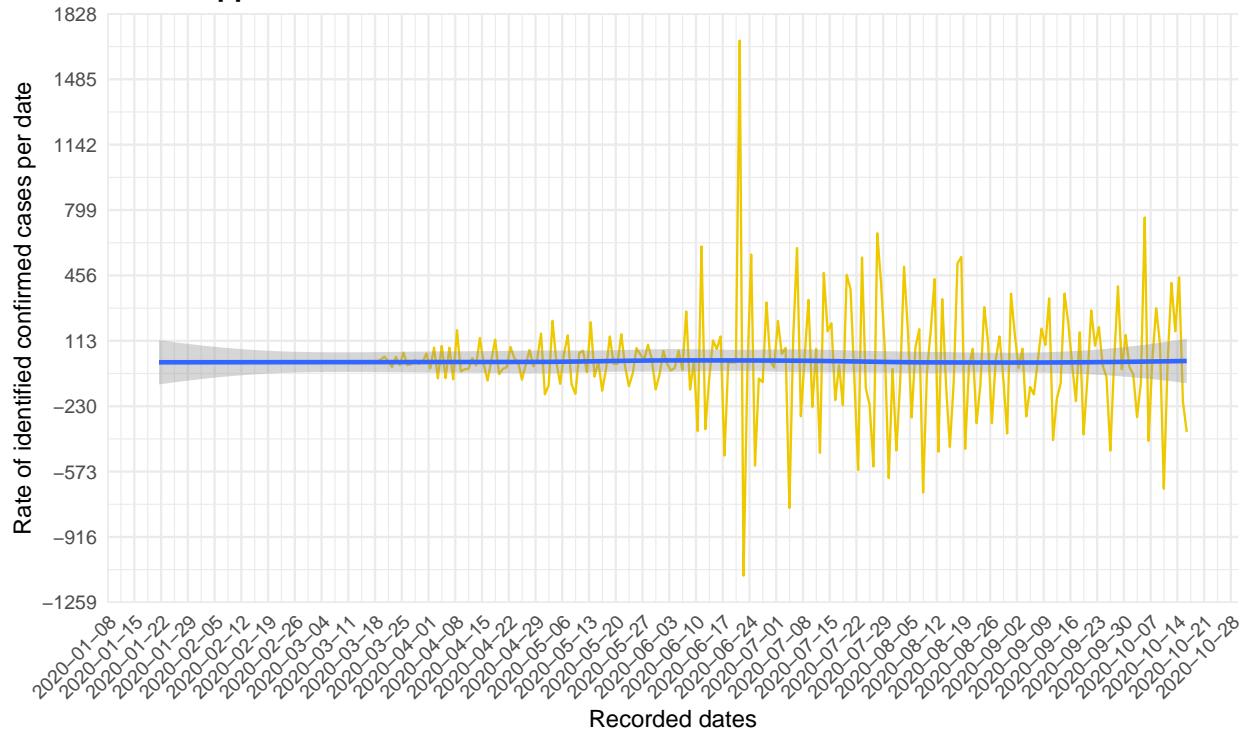

Minnesota – rate of increase of confirmed cases over time

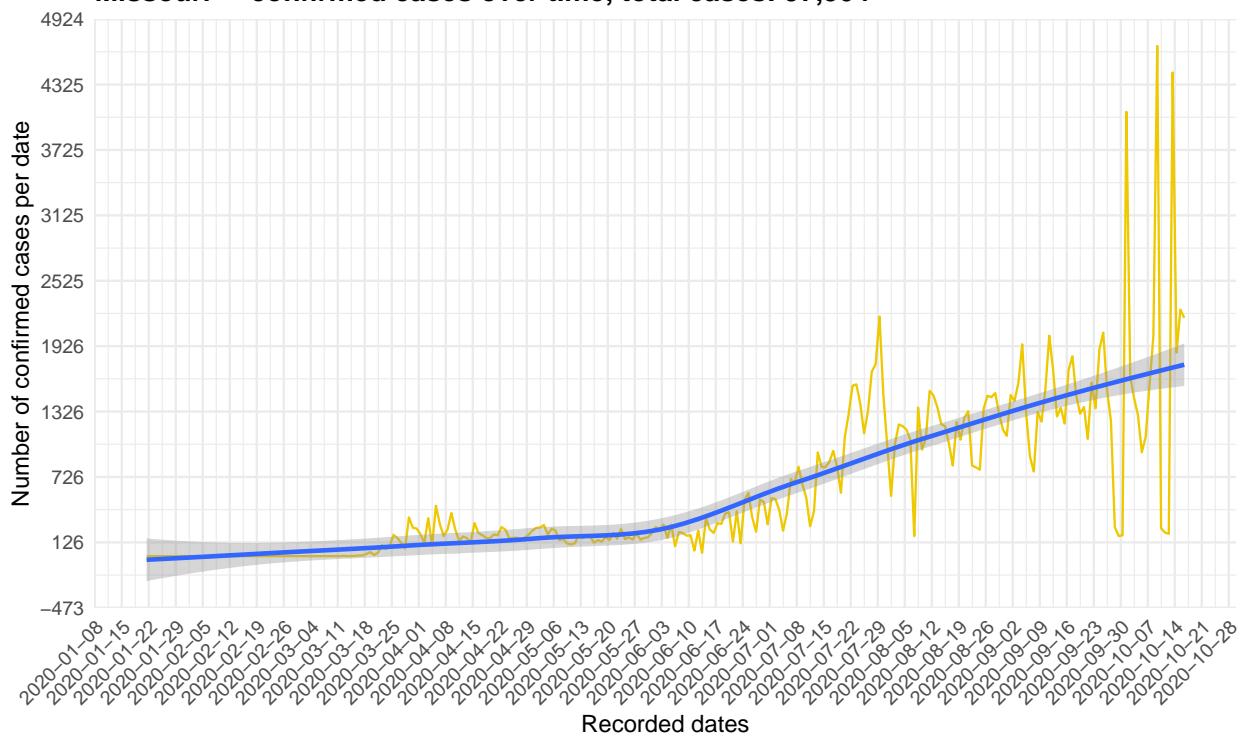

Mississippi – confirmed cases over time, total cases: 87,805

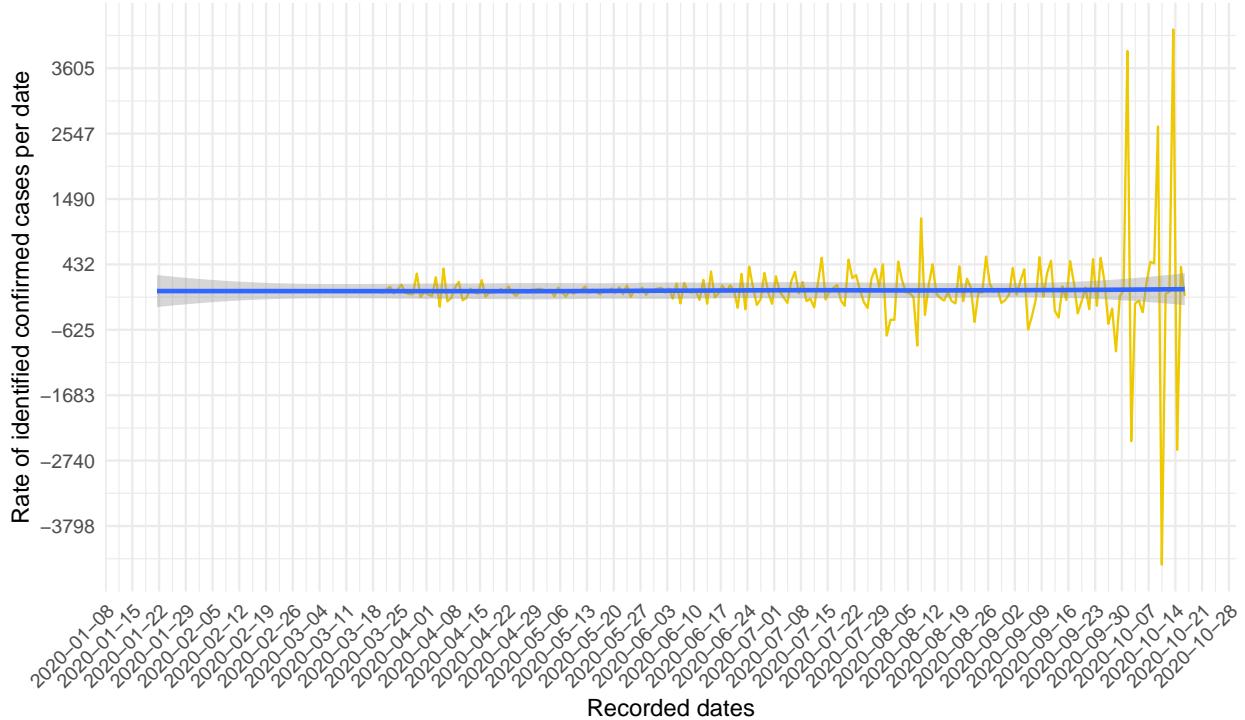

Mississippi – rate of increase of confirmed cases over time

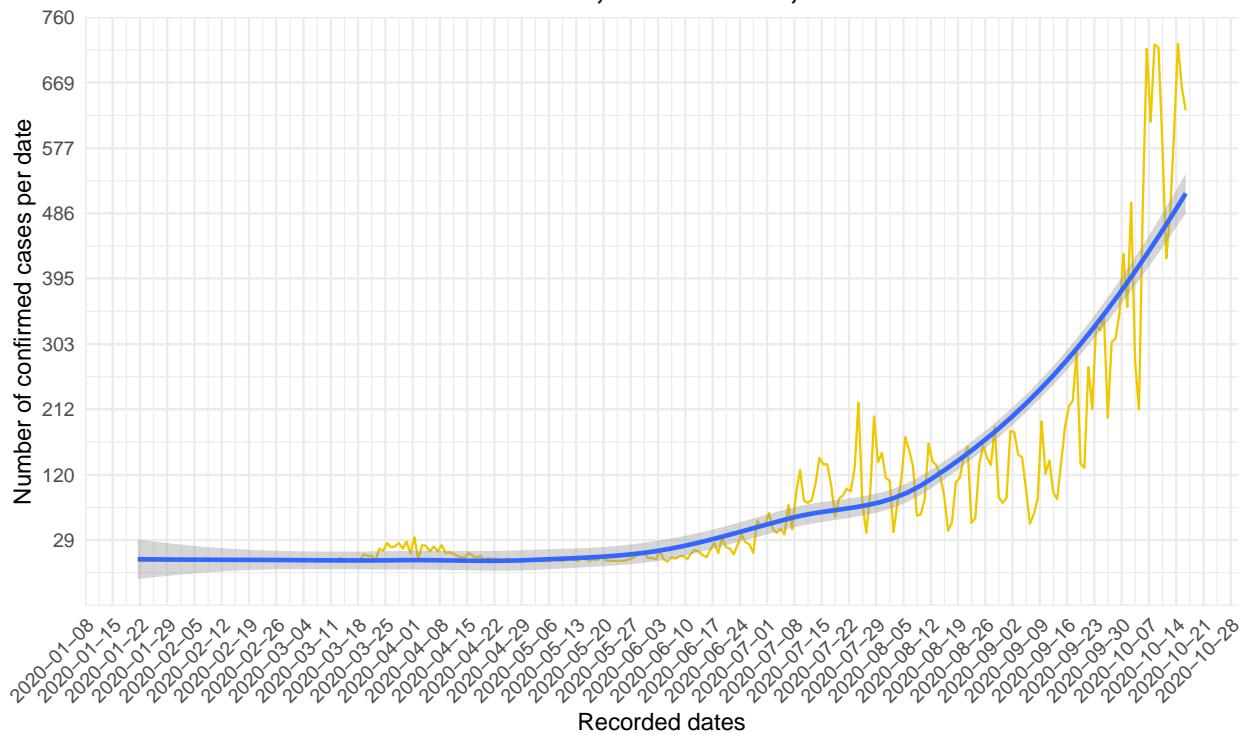

Missouri – confirmed cases over time, total cases: 97,504

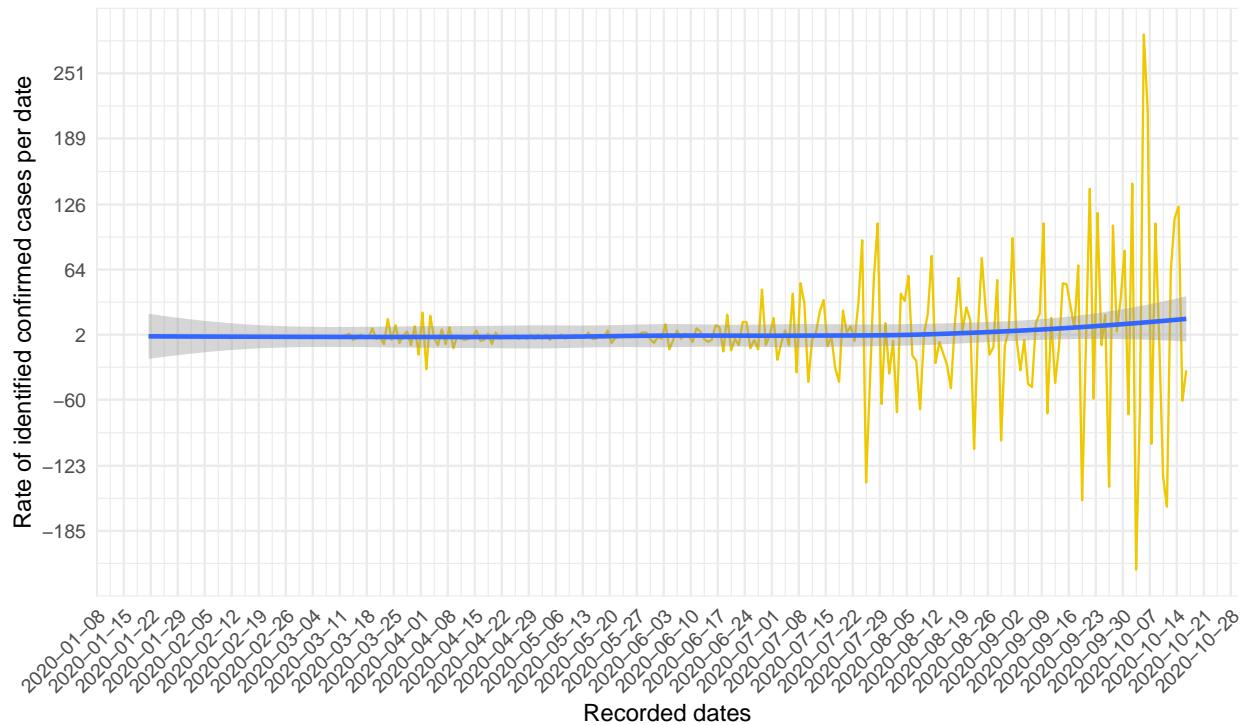

Missouri – rate of increase of confirmed cases over time

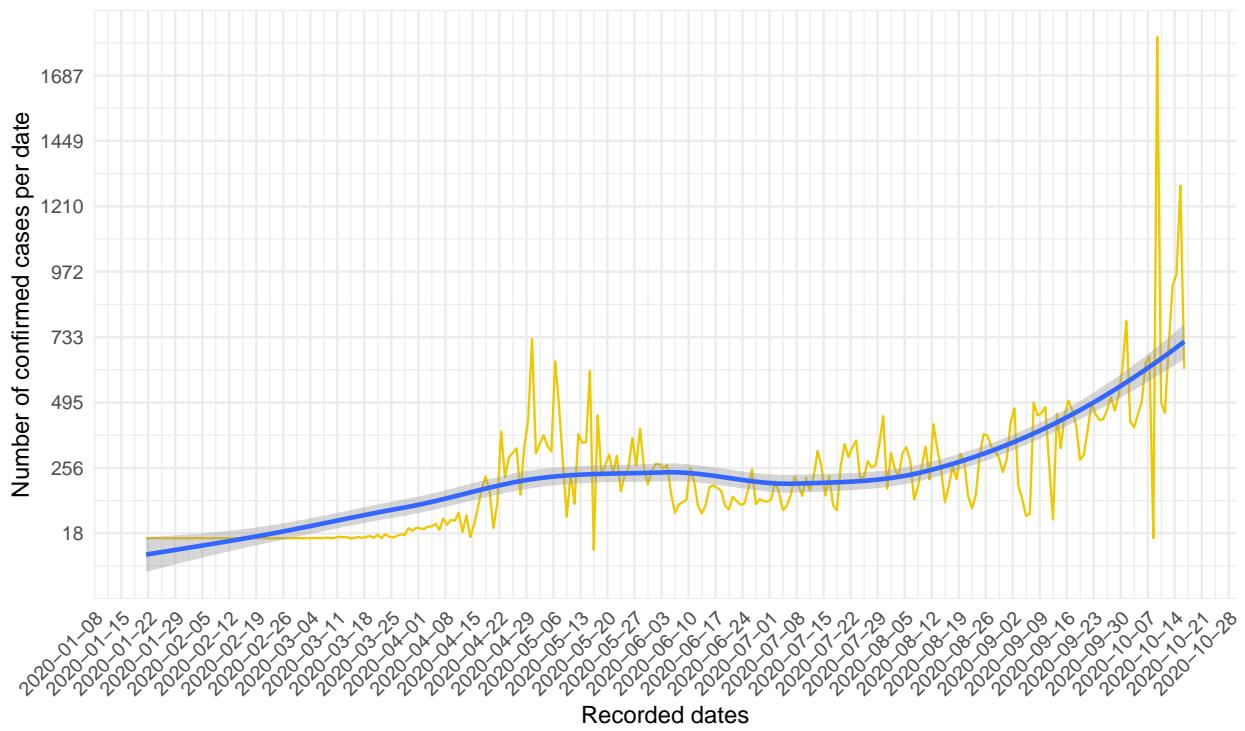

Montana – confirmed cases over time, total cases: 8,468

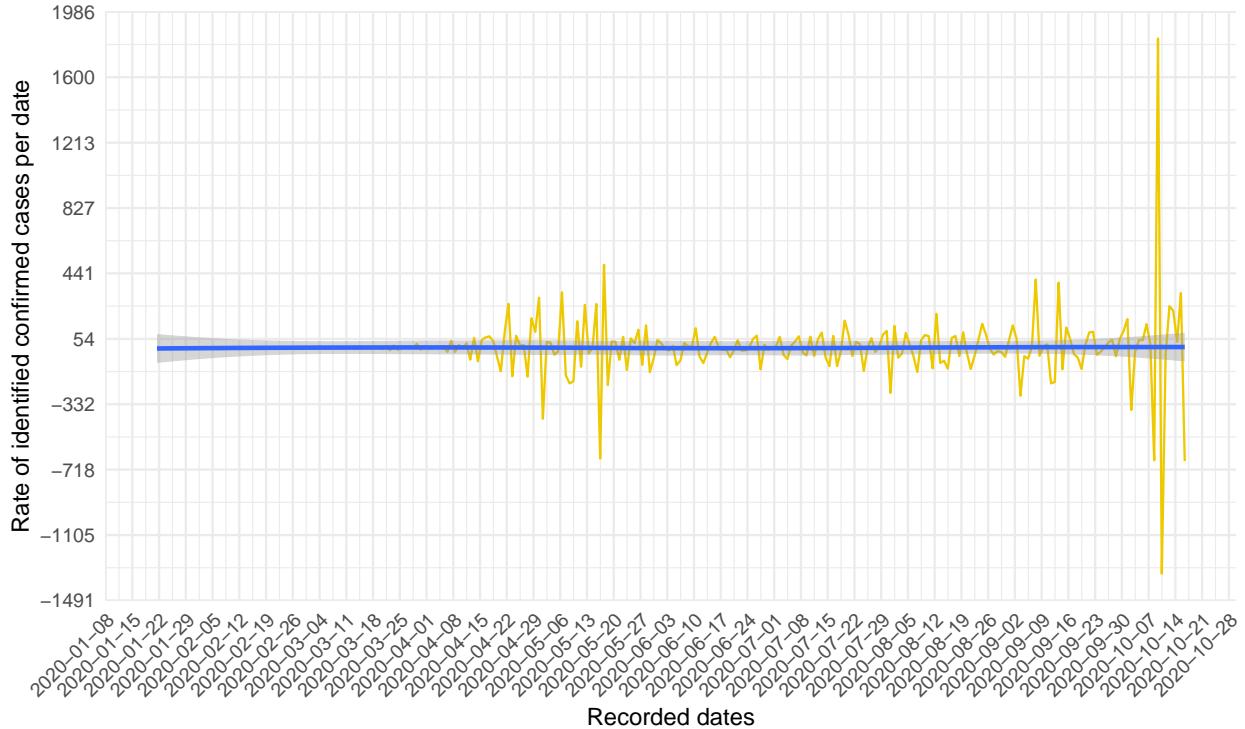

Montana – rate of increase of confirmed cases over time

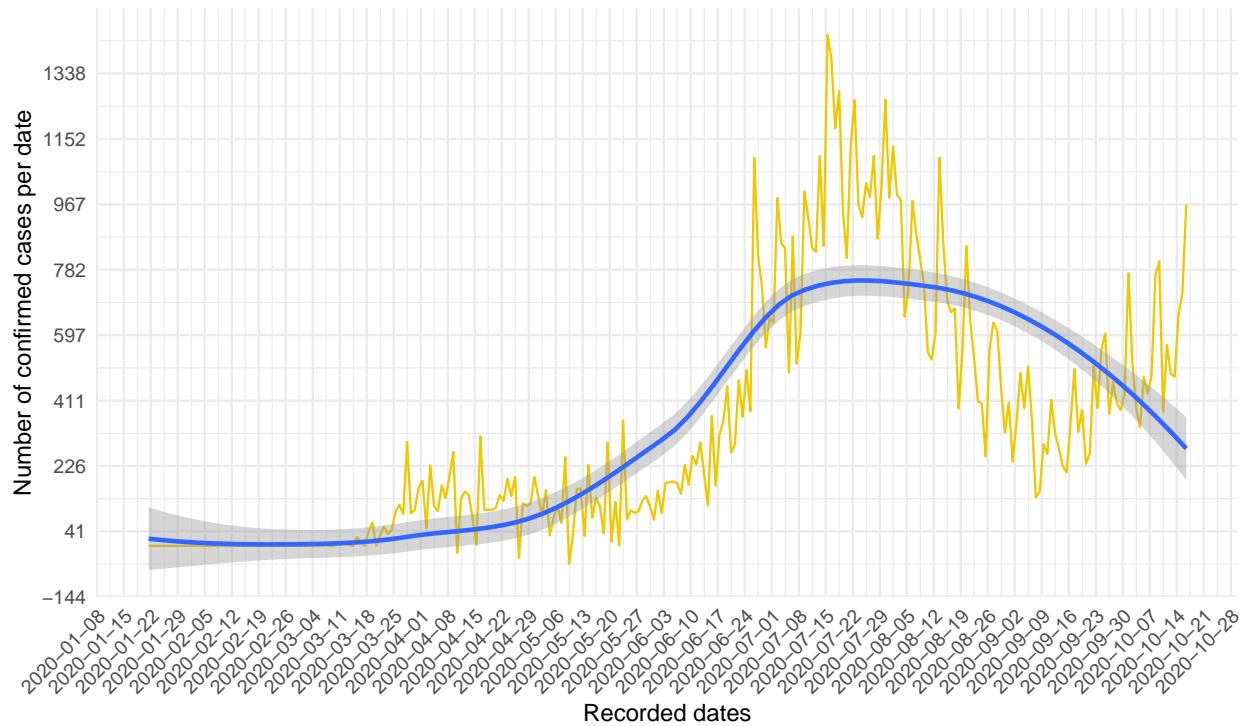

Nebraska – confirmed cases over time, total cases: 36,917

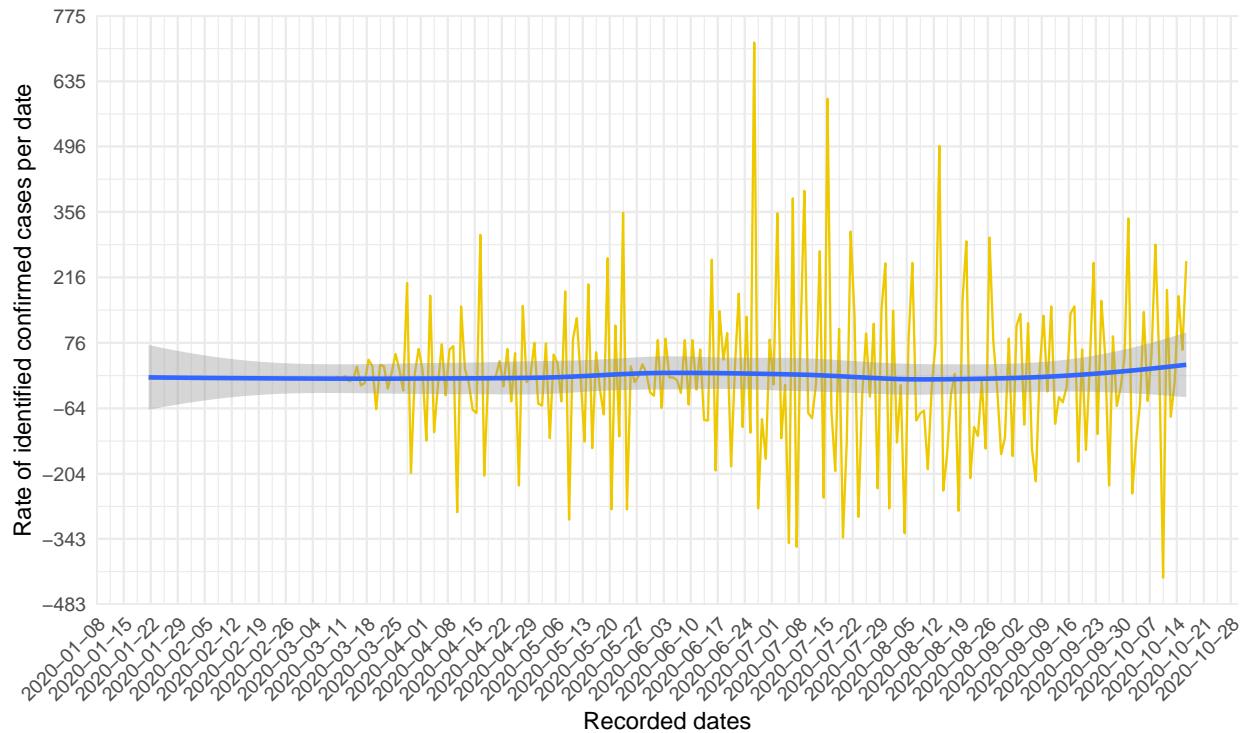

Nebraska – rate of increase of confirmed cases over time

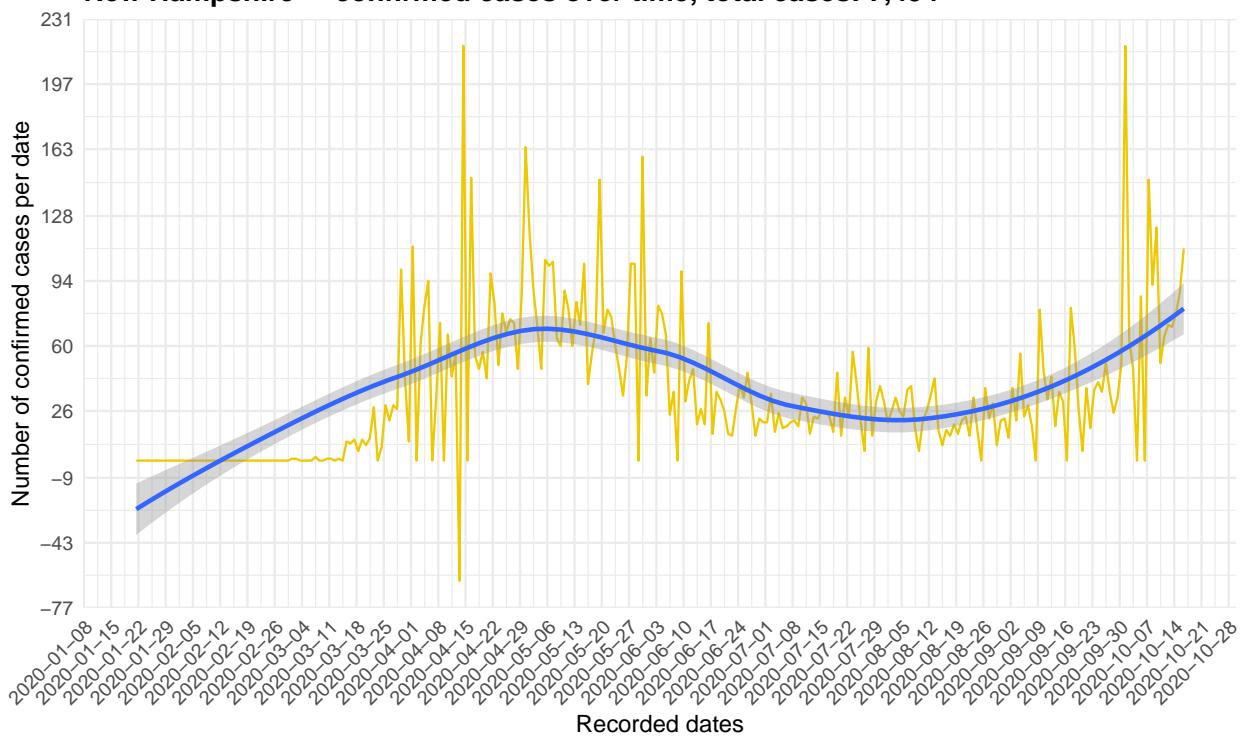

Nevada – confirmed cases over time, total cases: 72,258

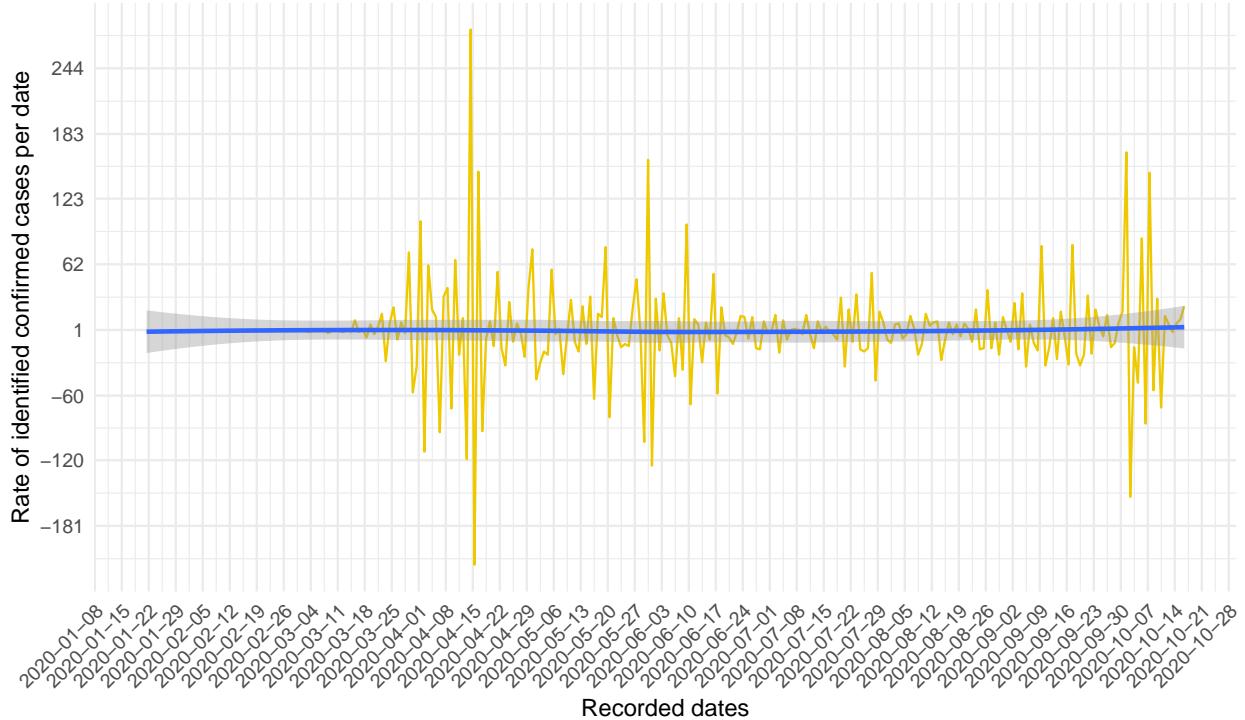

Nevada – rate of increase of confirmed cases over time

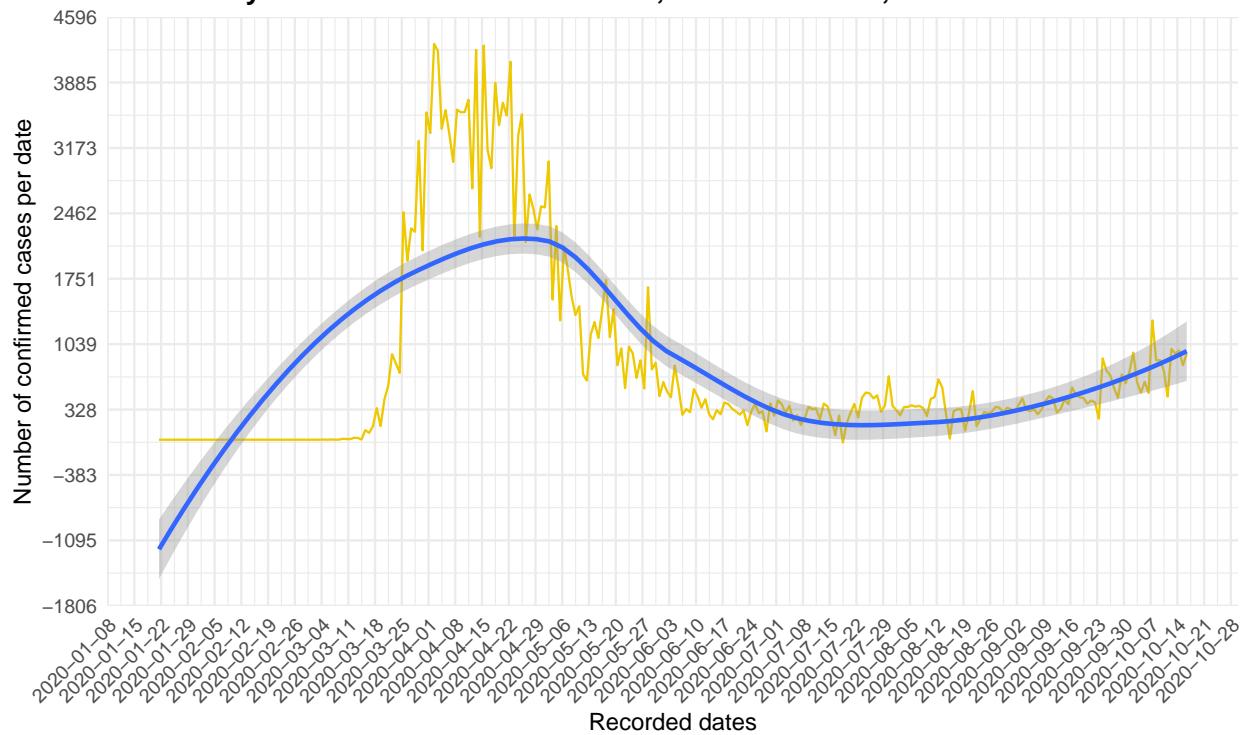

New Hampshire – confirmed cases over time, total cases: 7,494

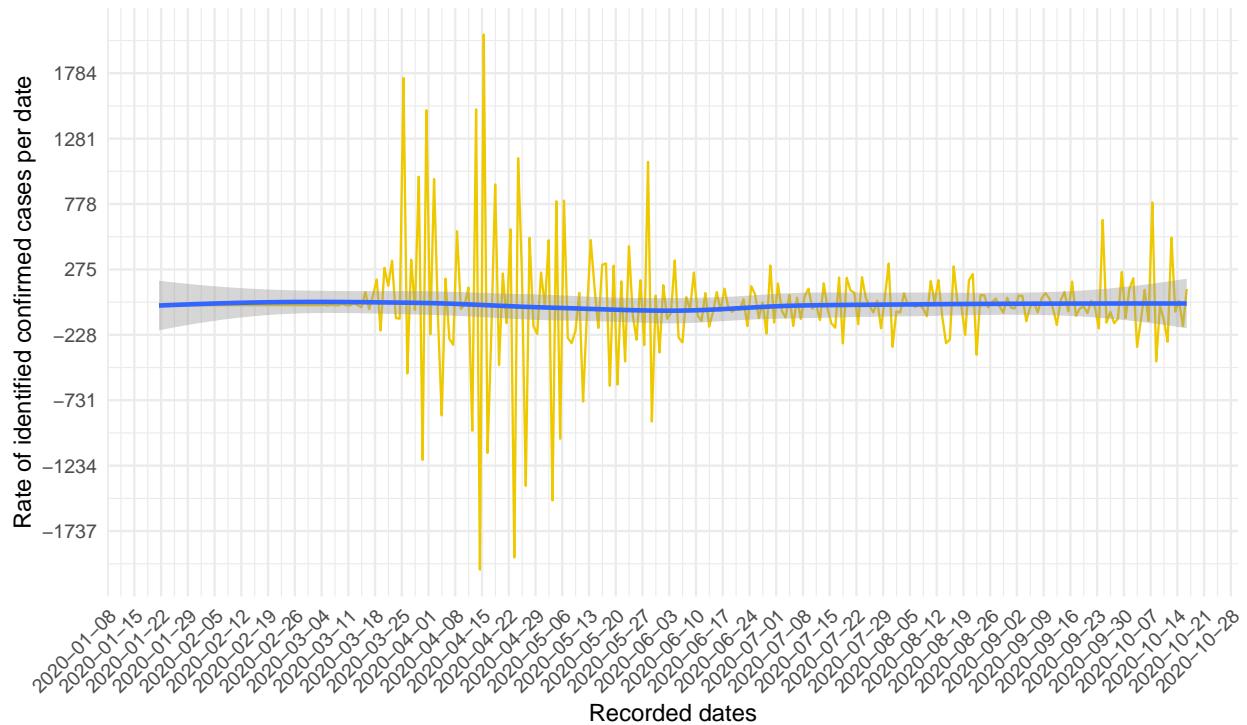

New Hampshire – rate of increase of confirmed cases over time

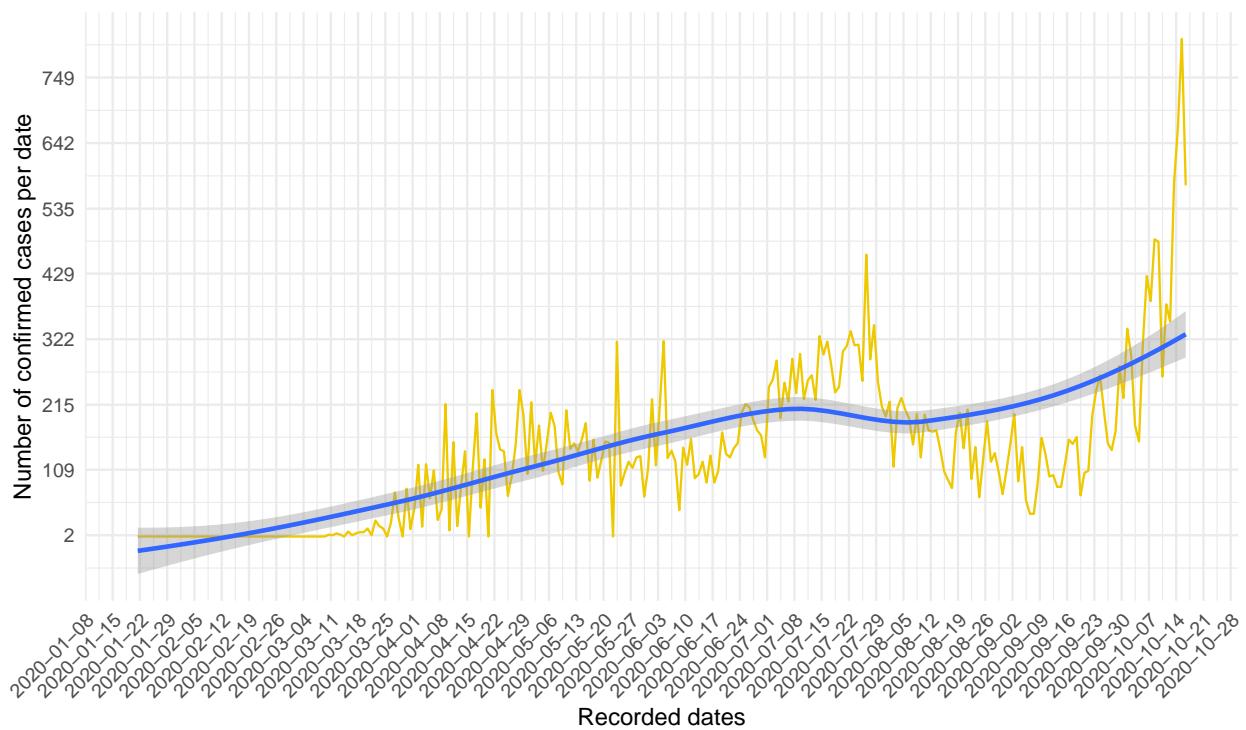

New Jersey – confirmed cases over time, total cases: 194,994

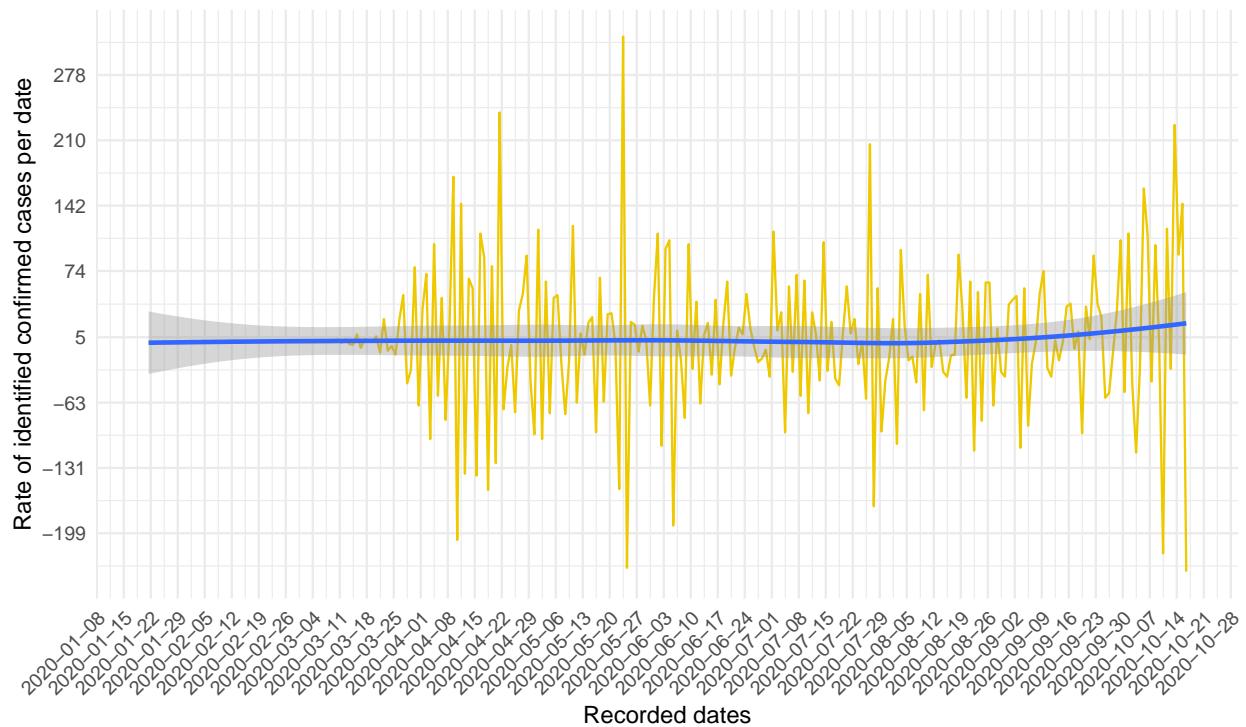

New Jersey – rate of increase of confirmed cases over time

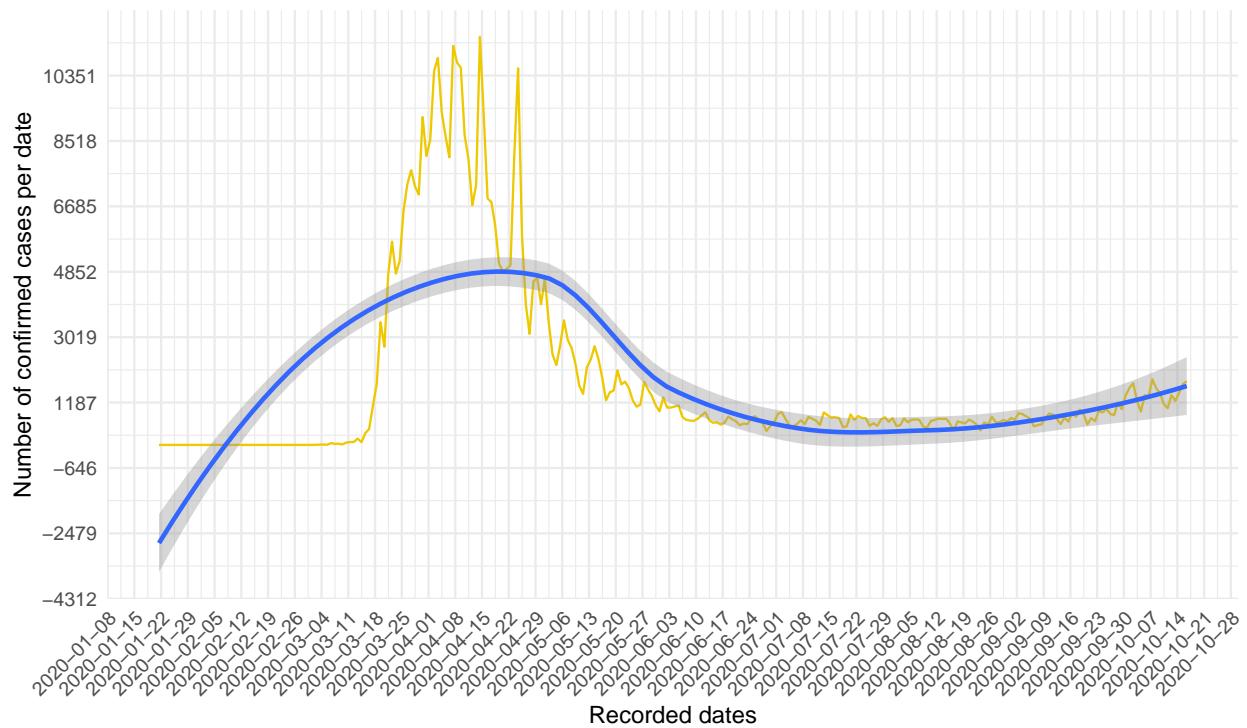

New Mexico – confirmed cases over time, total cases: 26,268

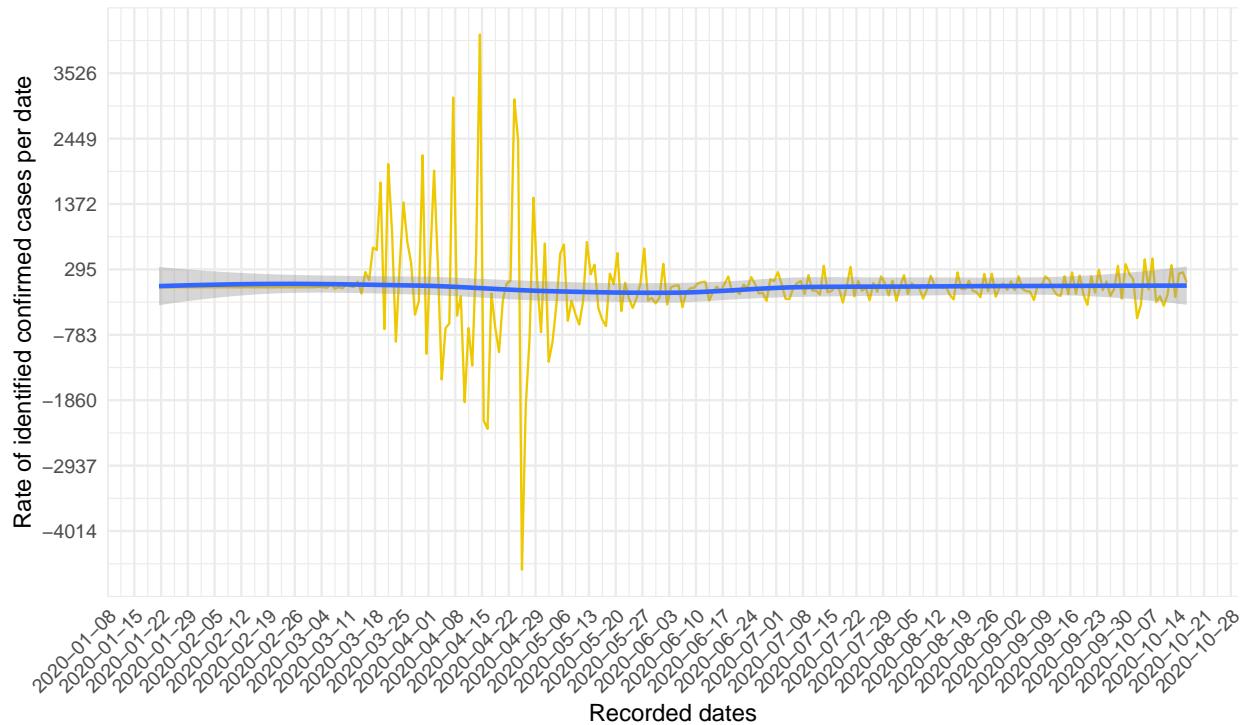

New Mexico – rate of increase of confirmed cases over time

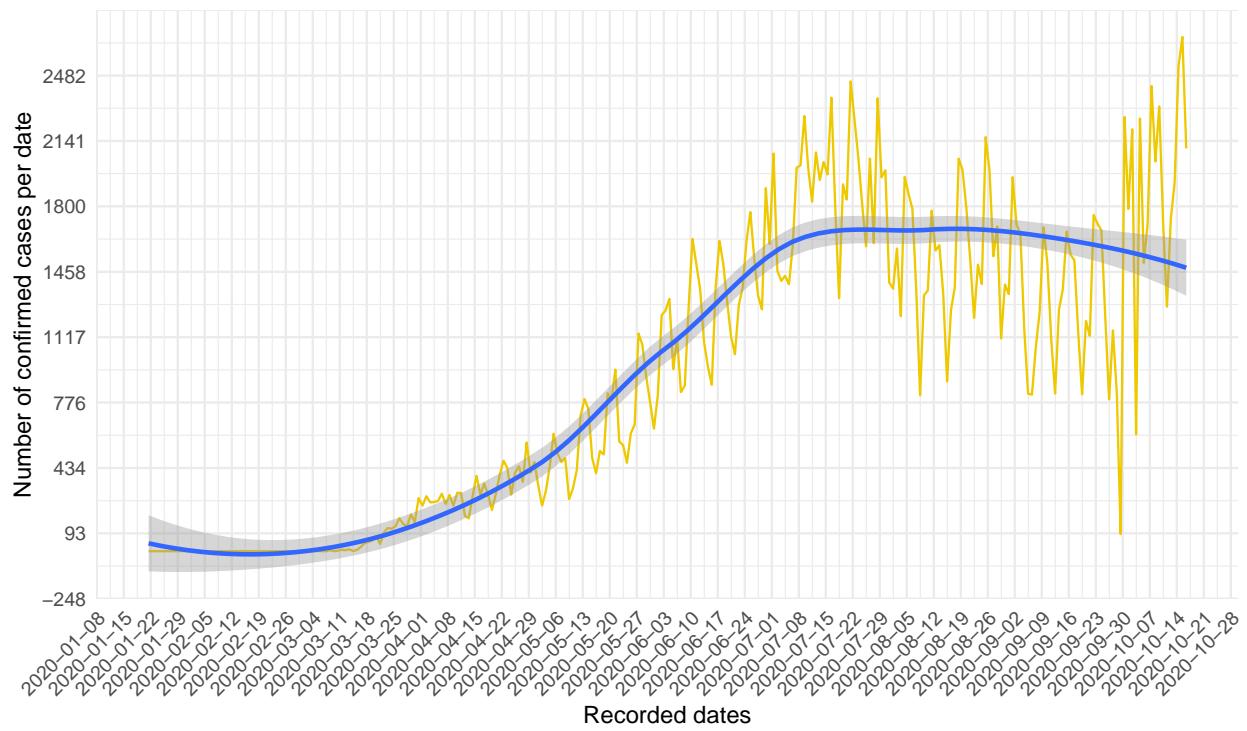

New York – confirmed cases over time, total cases: 441,154

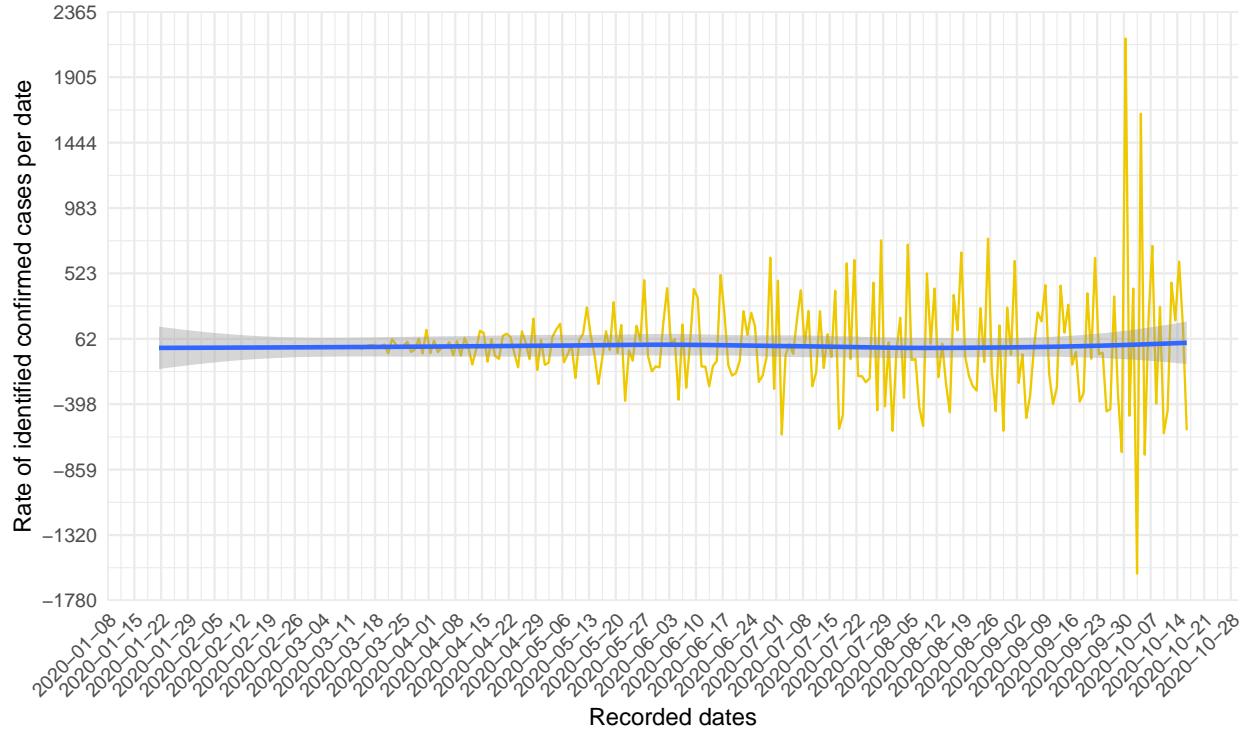

New York – rate of increase of confirmed cases over time

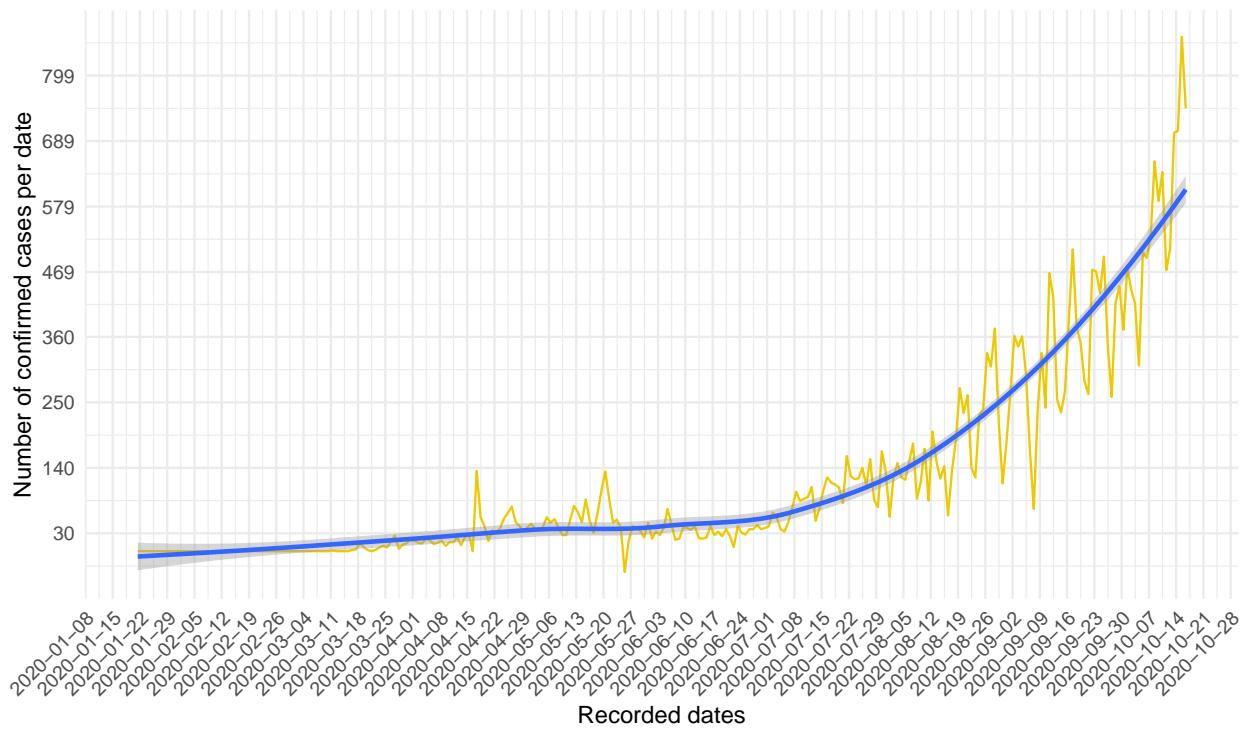

North Carolina – confirmed cases over time, total cases: 184,649

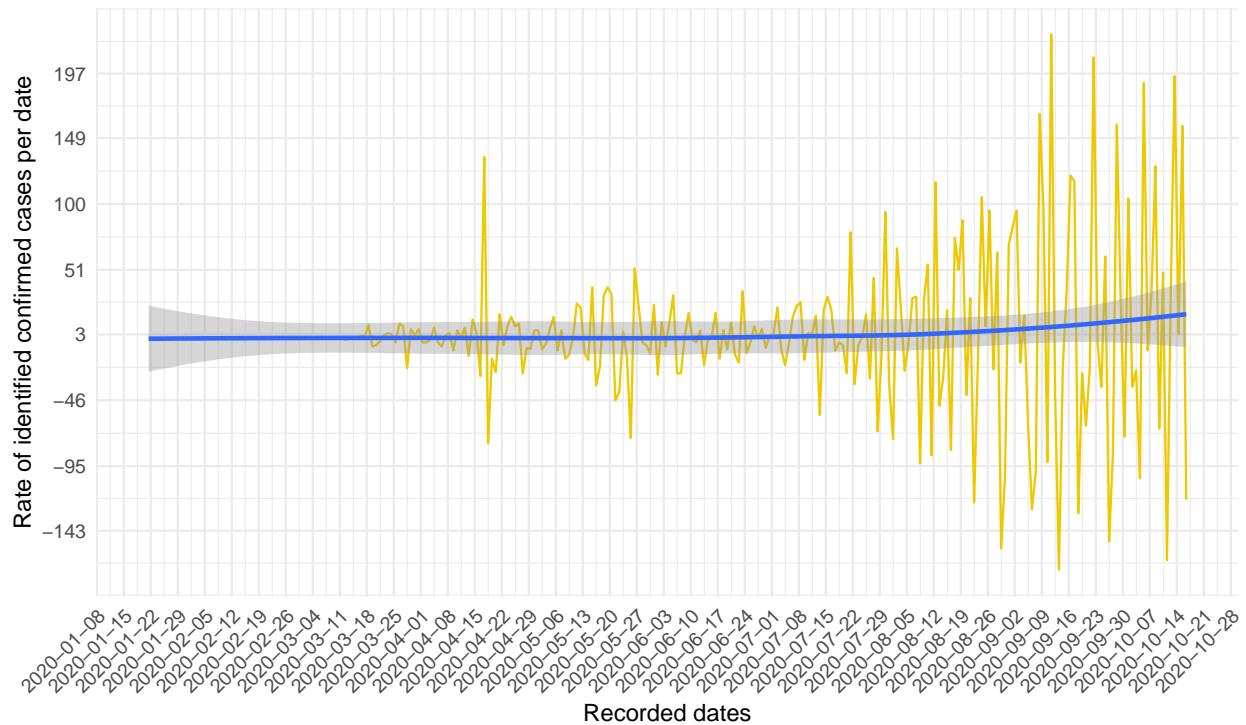

North Carolina – rate of increase of confirmed cases over time

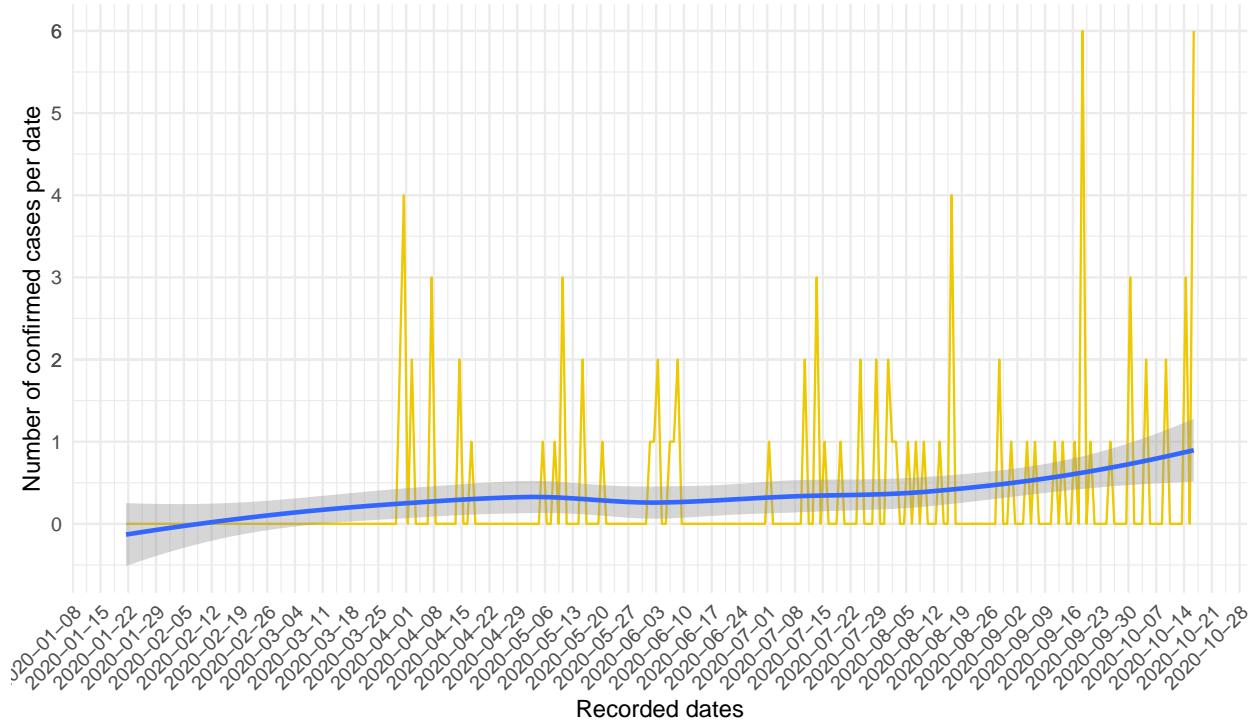

North Dakota – confirmed cases over time, total cases: 14,110

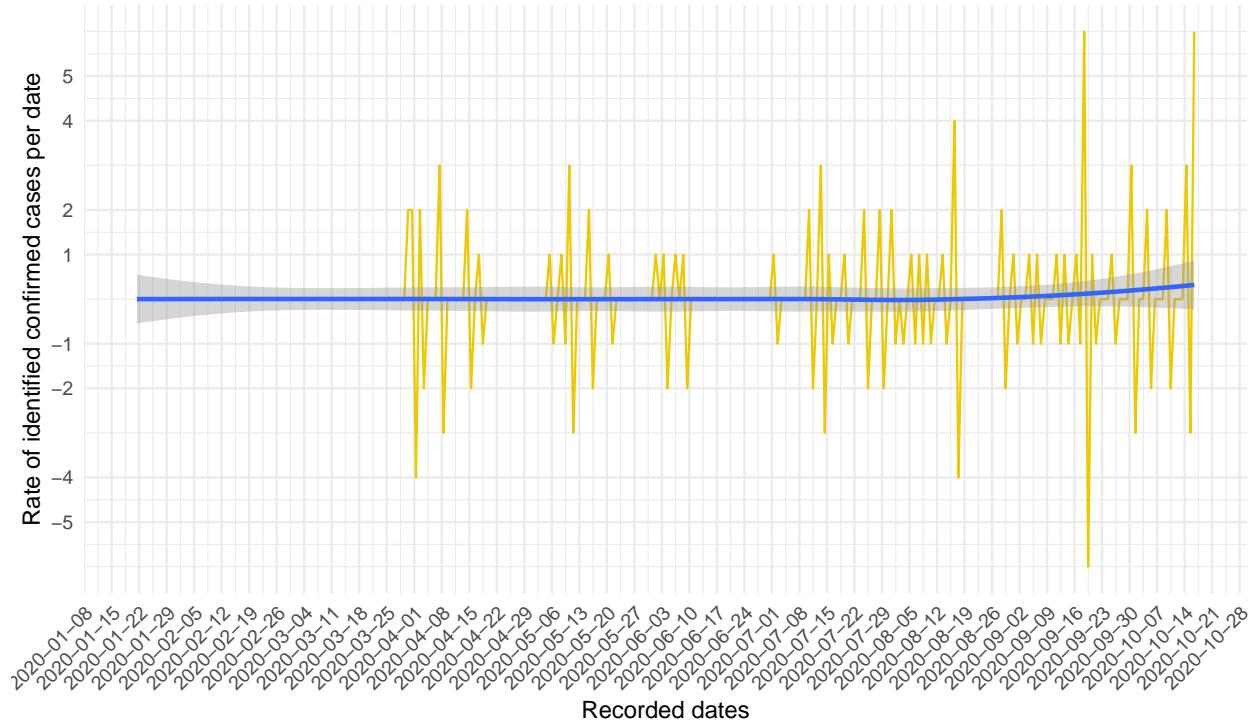

North Dakota – rate of increase of confirmed cases over time

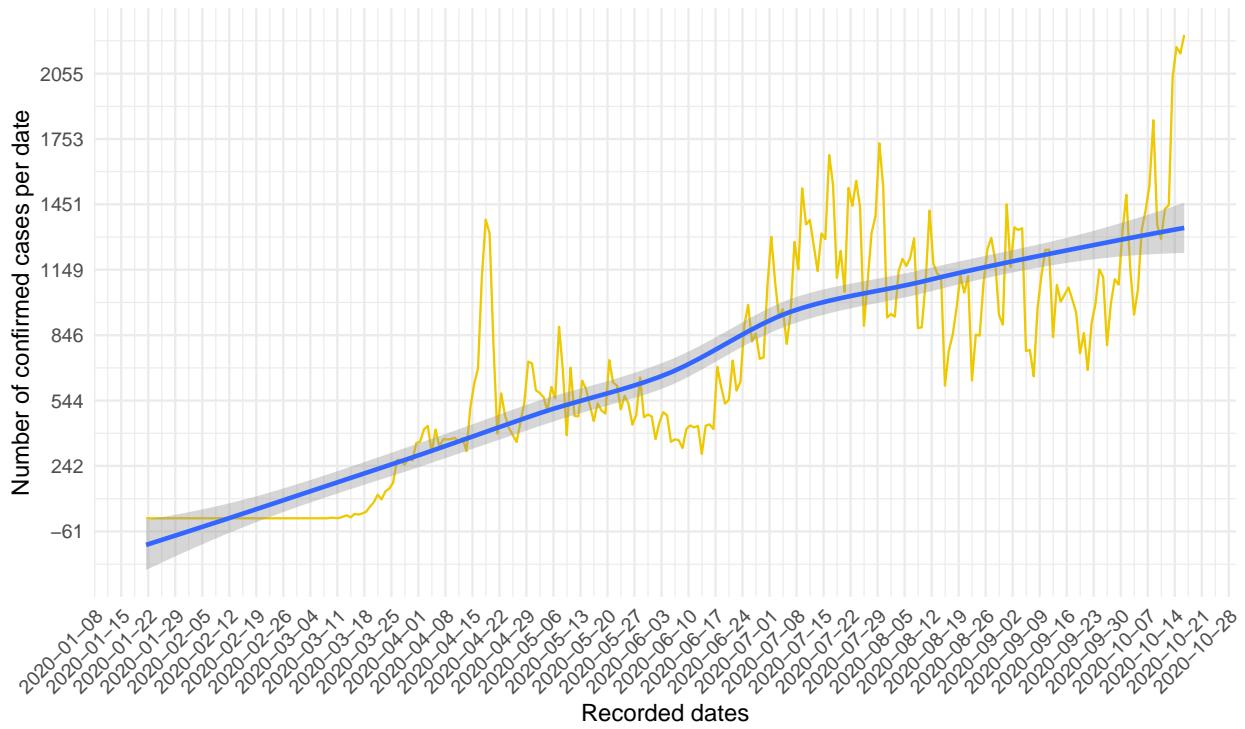

Northern Mariana Islands – confirmed cases over time, total cases: 59

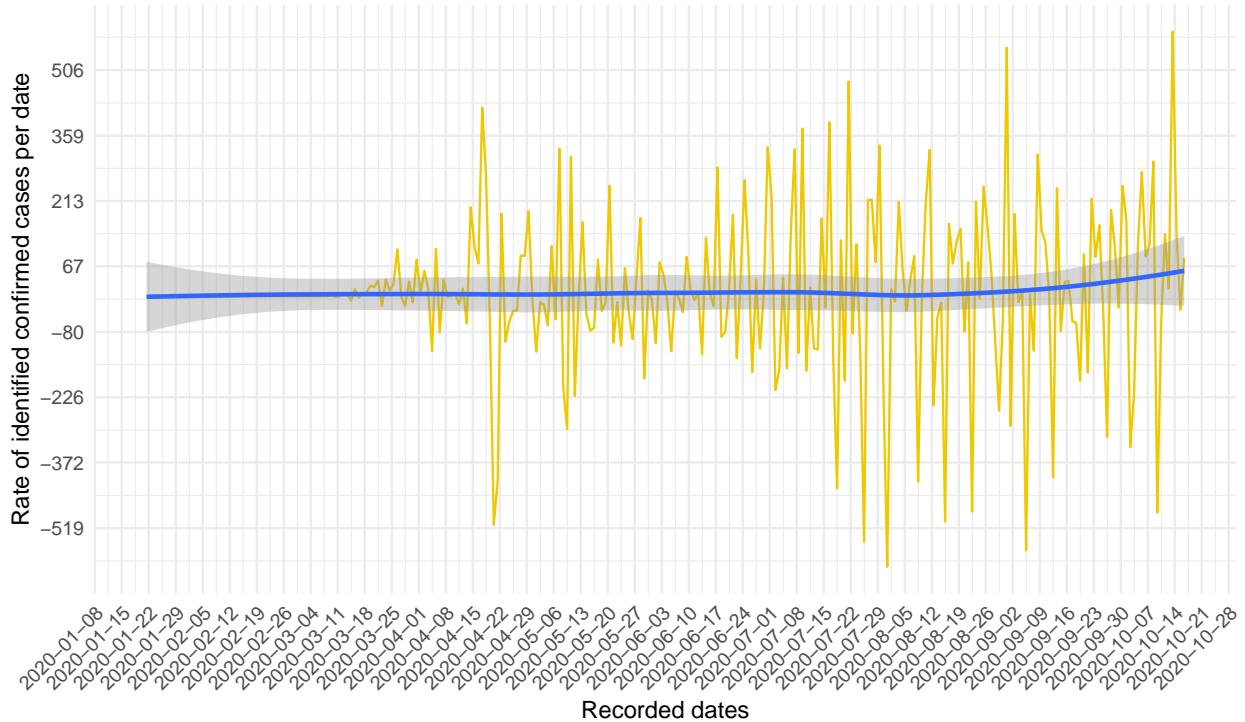

Northern Mariana Islands – rate of increase of confirmed cases over time

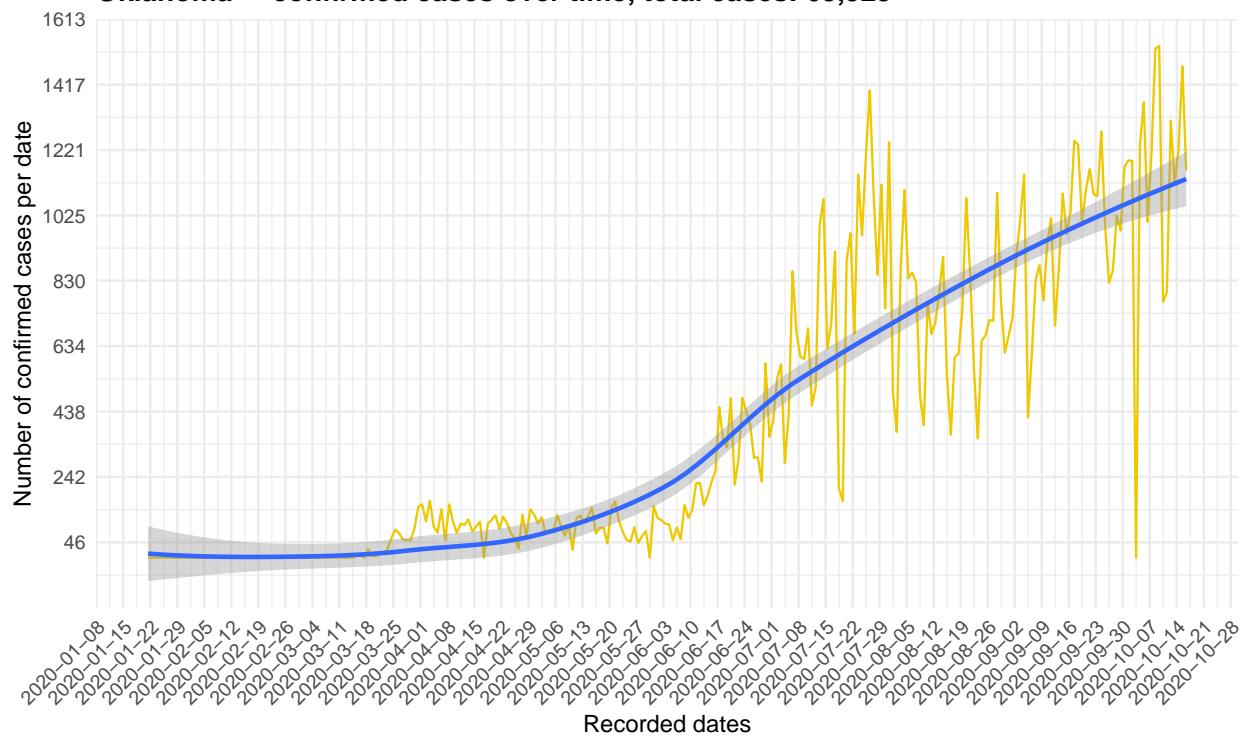

Ohio – confirmed cases over time, total cases: 132,965

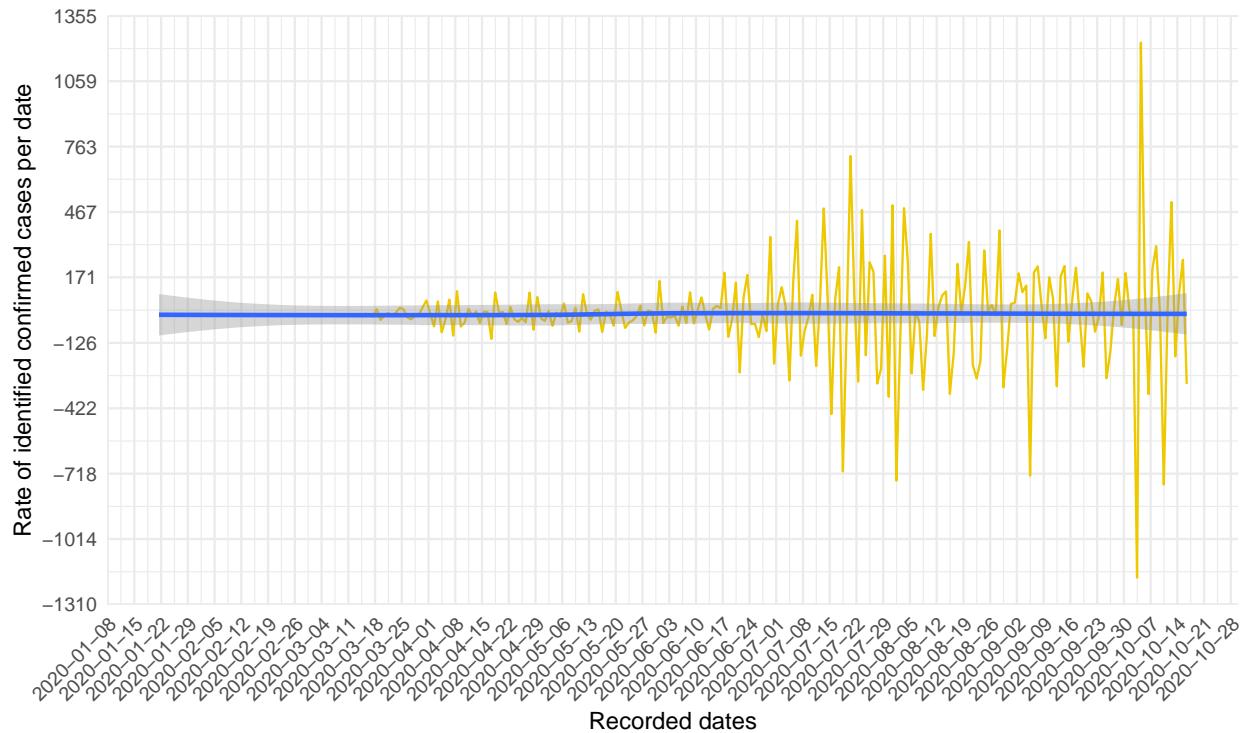

Ohio – rate of increase of confirmed cases over time

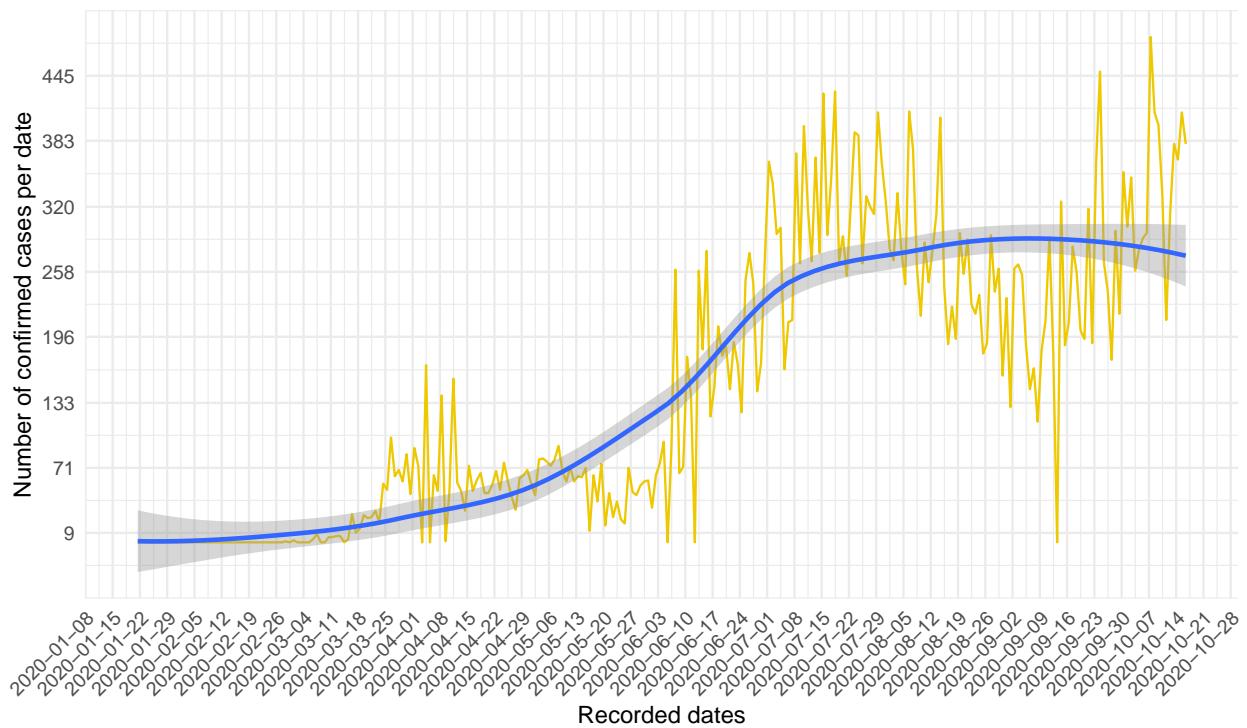

Oklahoma – confirmed cases over time, total cases: 65,929

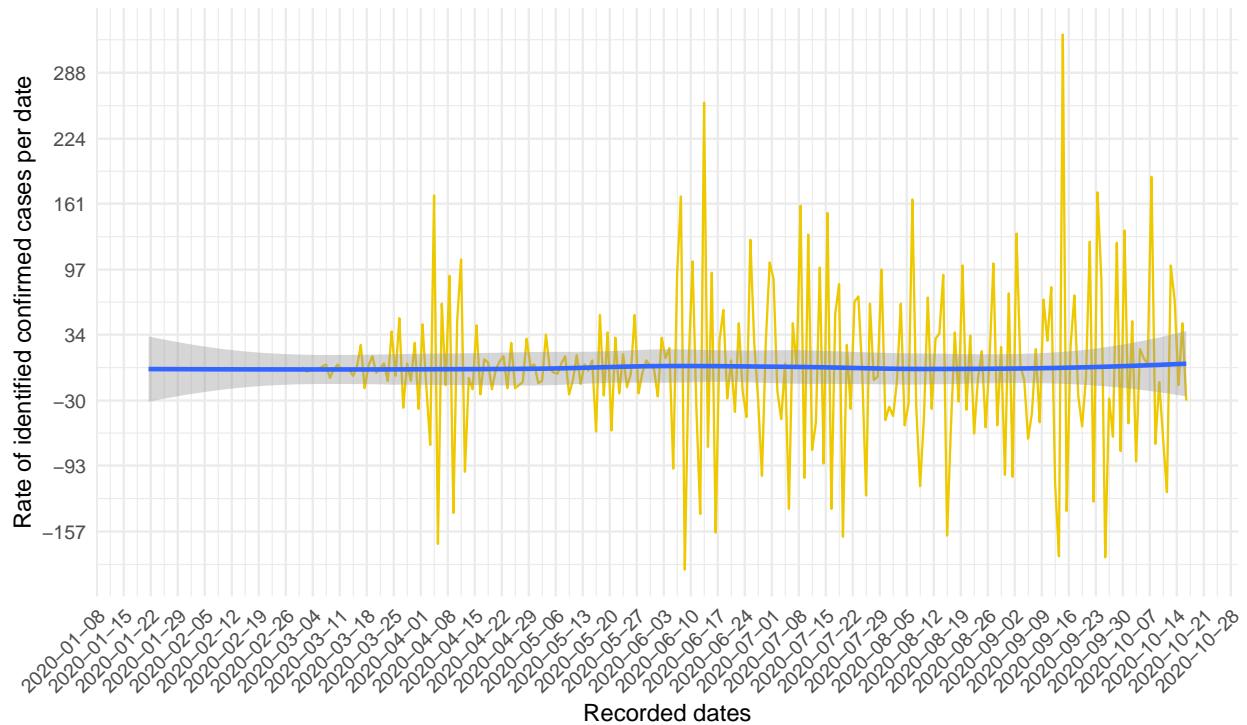

Oklahoma – rate of increase of confirmed cases over time

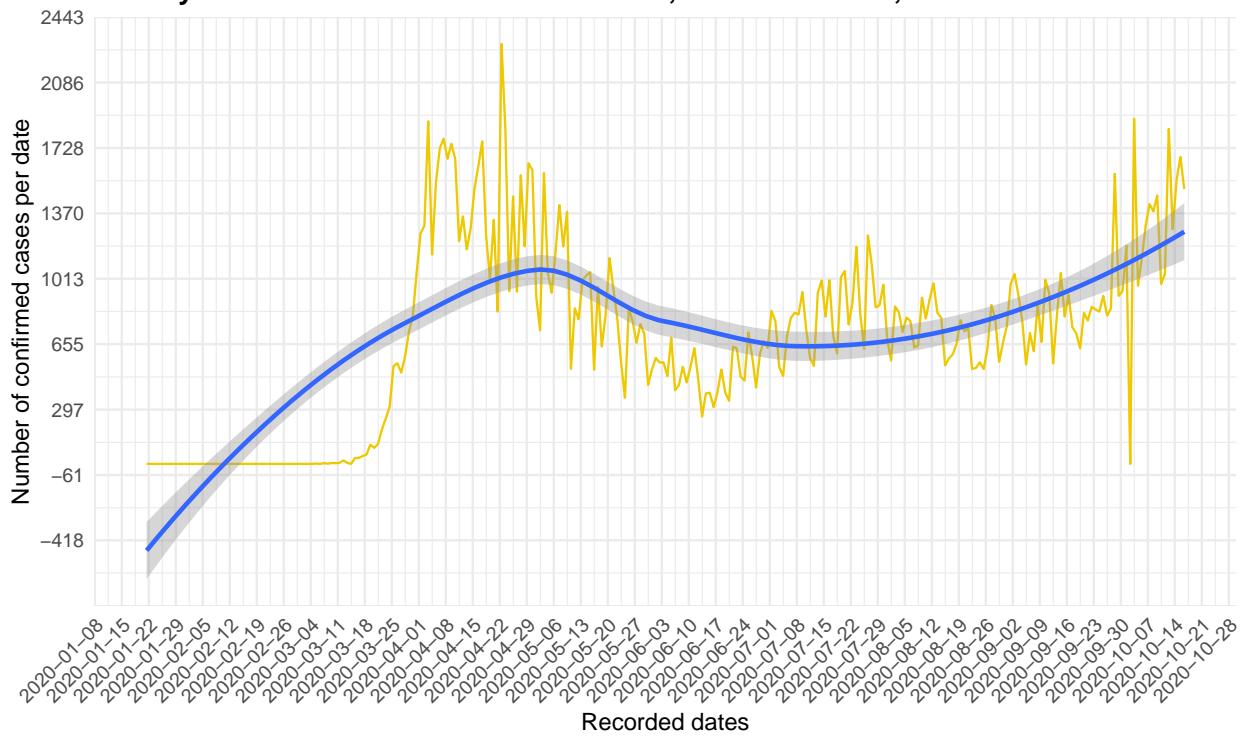

Oregon – confirmed cases over time, total cases: 28,471

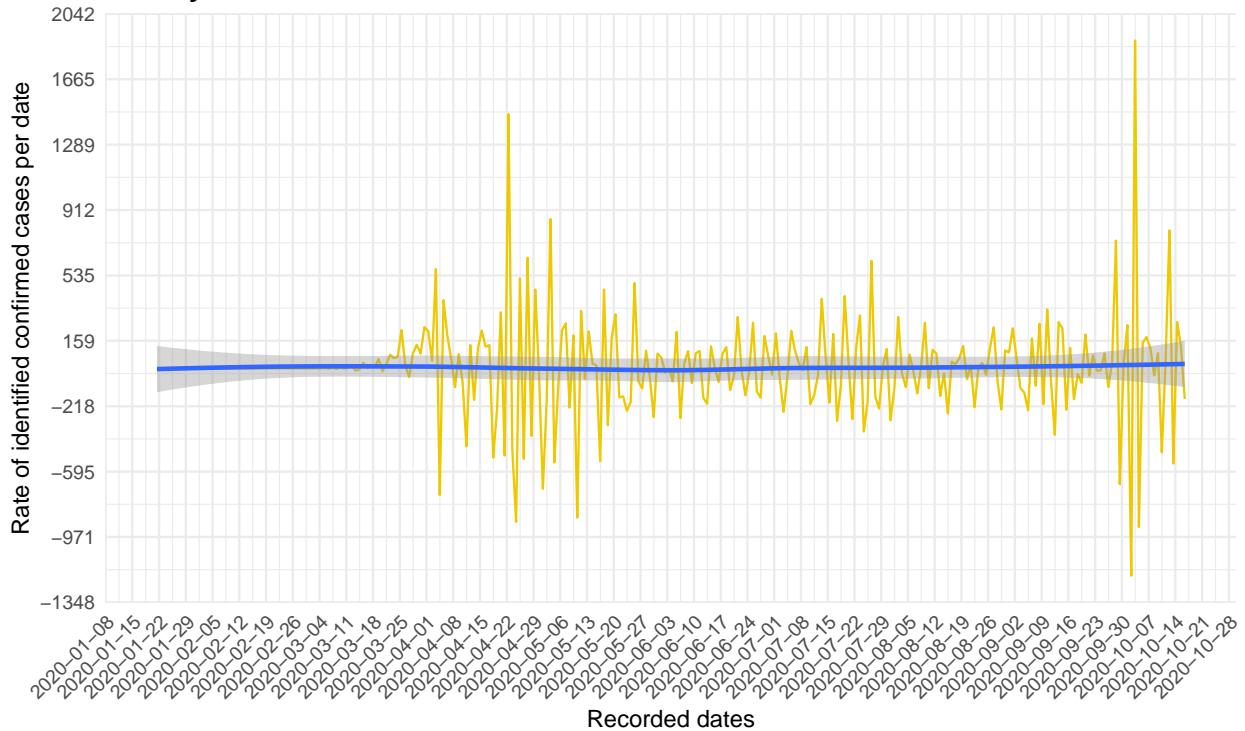

Oregon – rate of increase of confirmed cases over time

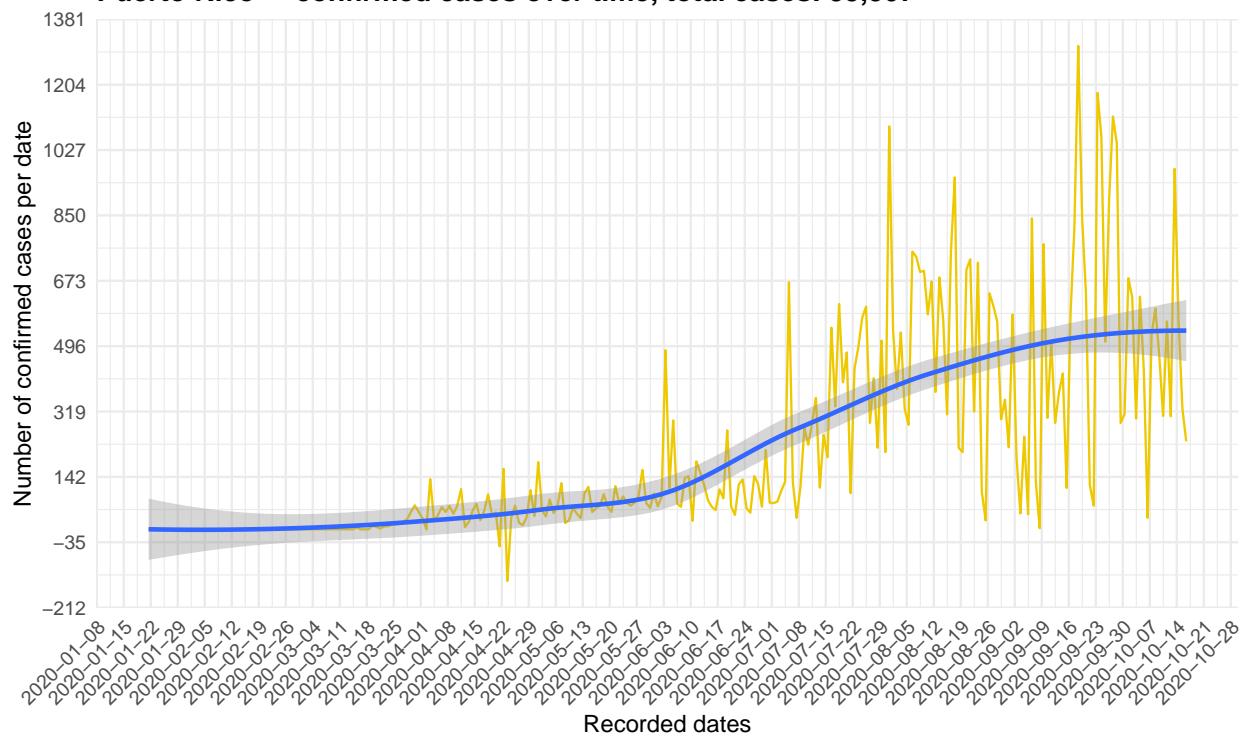

Pennsylvania – confirmed cases over time, total cases: 146,029

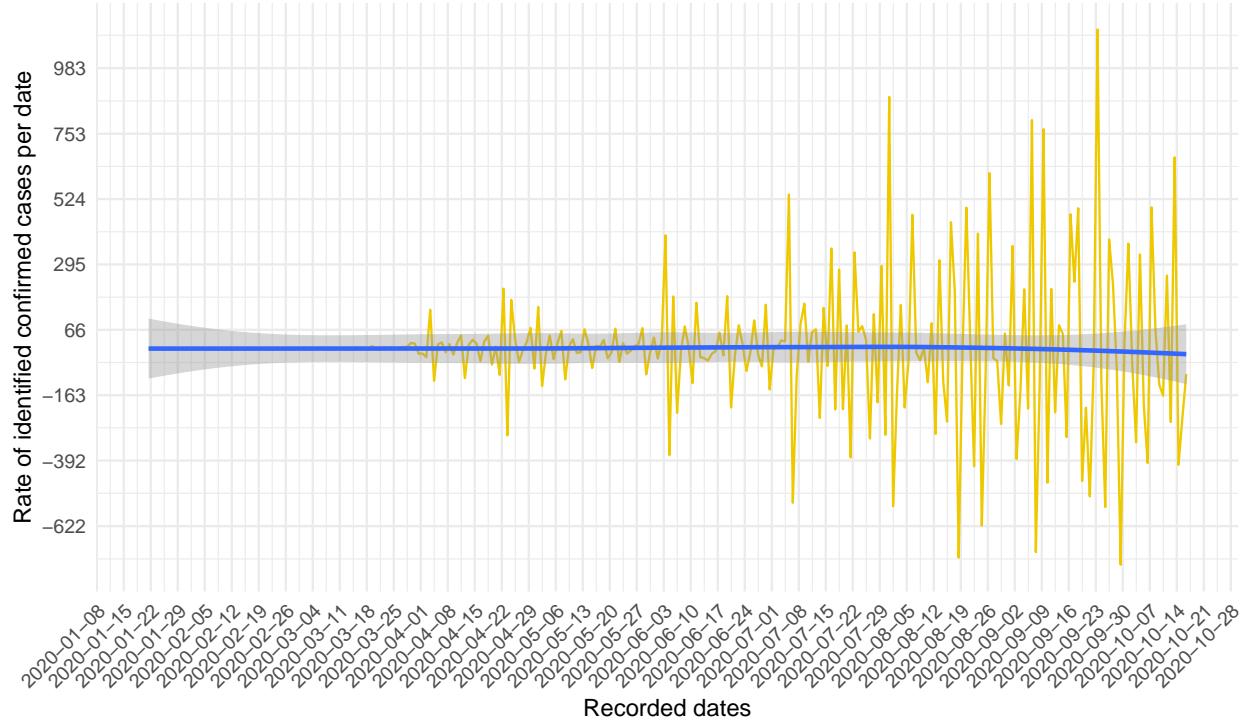

Pennsylvania – rate of increase of confirmed cases over time

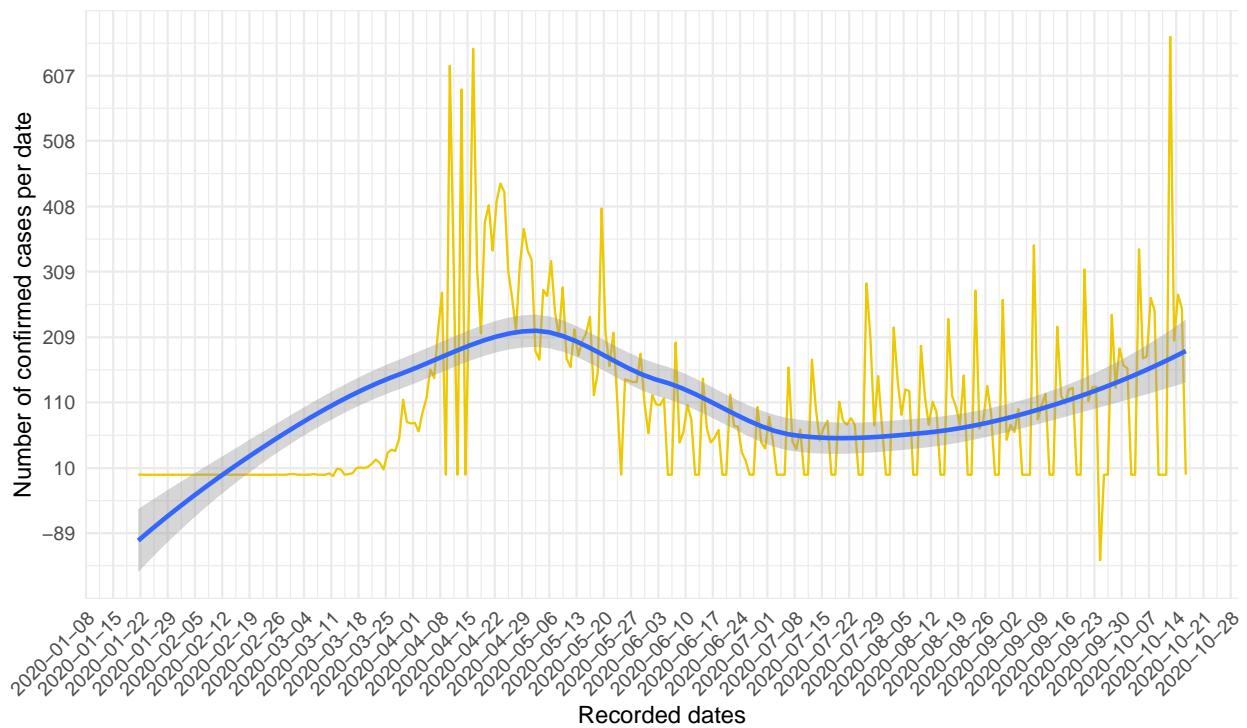

Puerto Rico – confirmed cases over time, total cases: 35,507

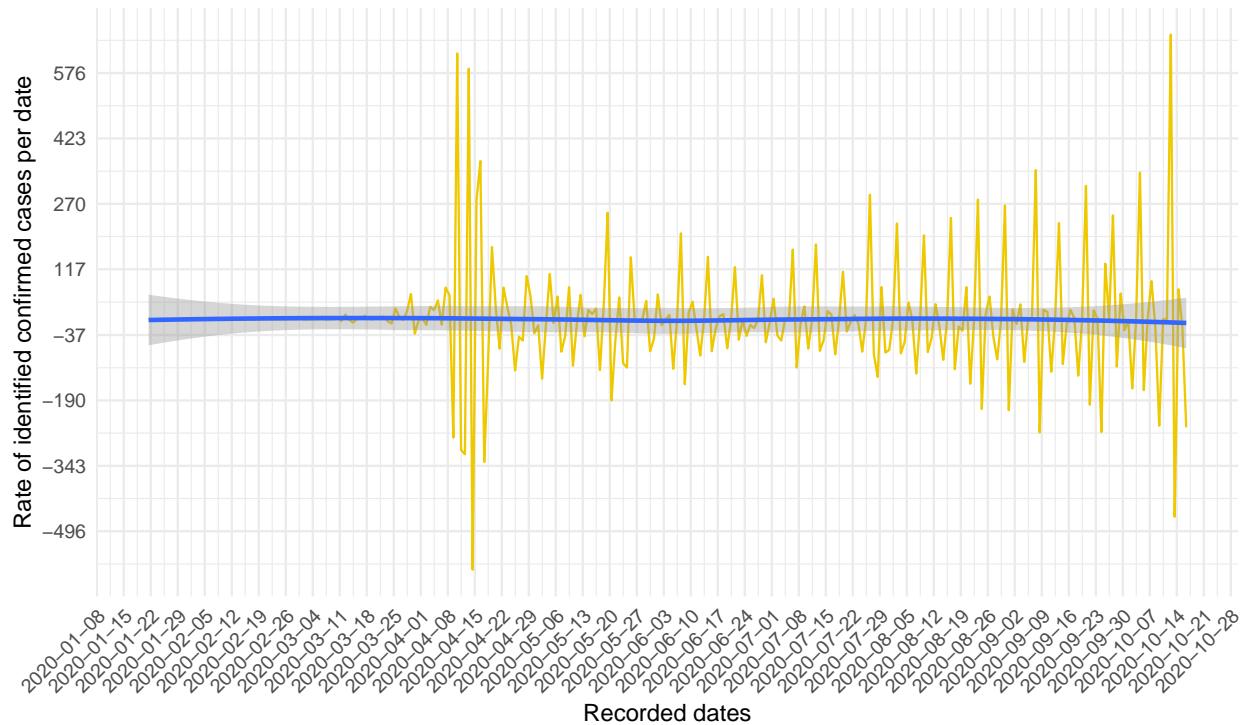

Puerto Rico – rate of increase of confirmed cases over time

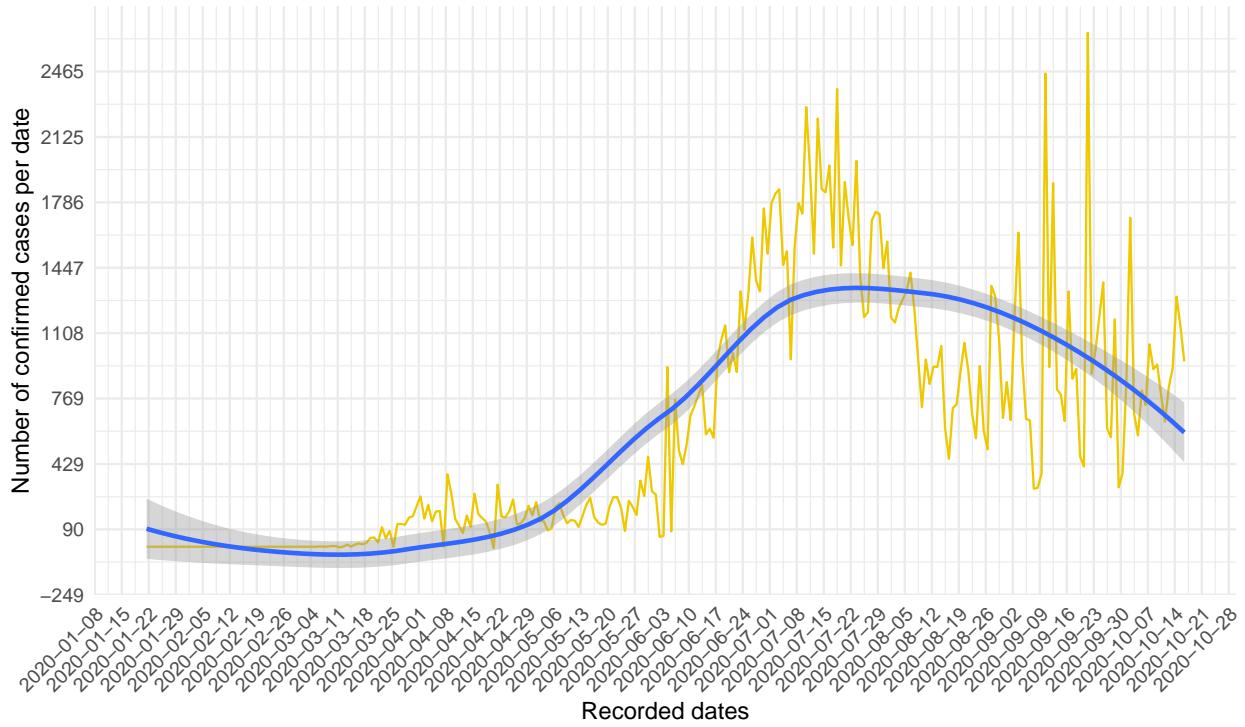

Rhode Island – confirmed cases over time, total cases: 22,676

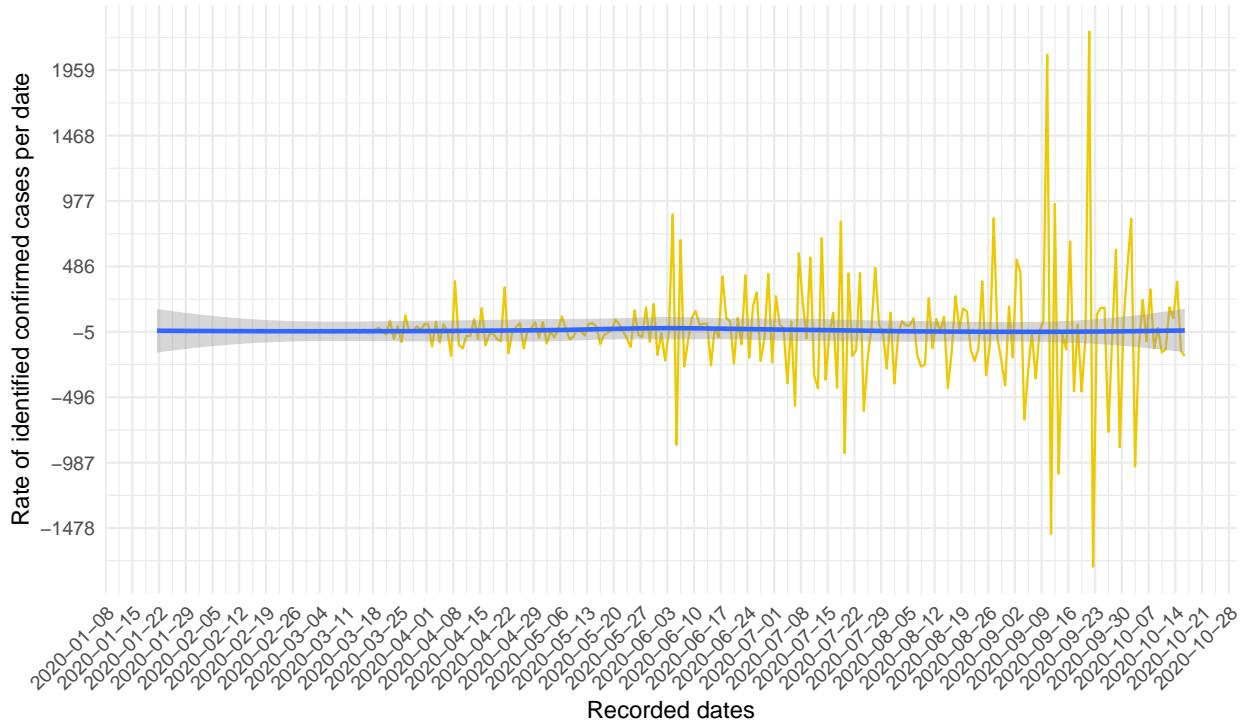

Rhode Island – rate of increase of confirmed cases over time

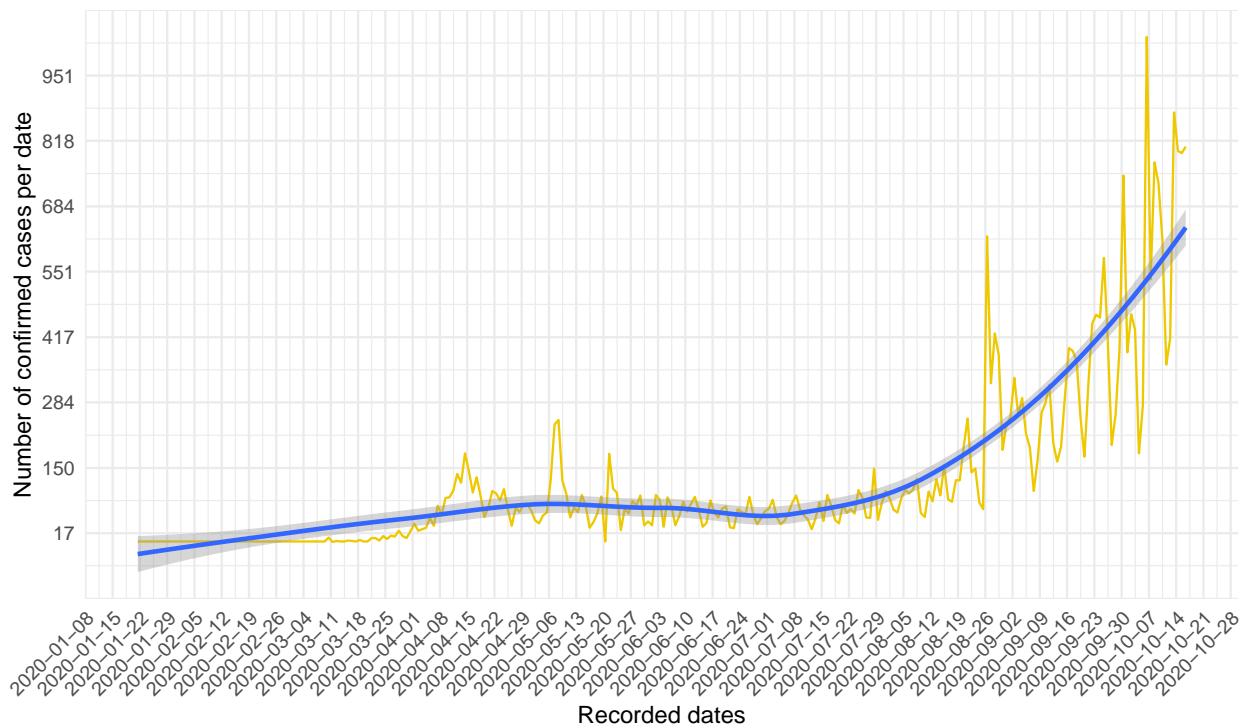

South Carolina – confirmed cases over time, total cases: 126,213

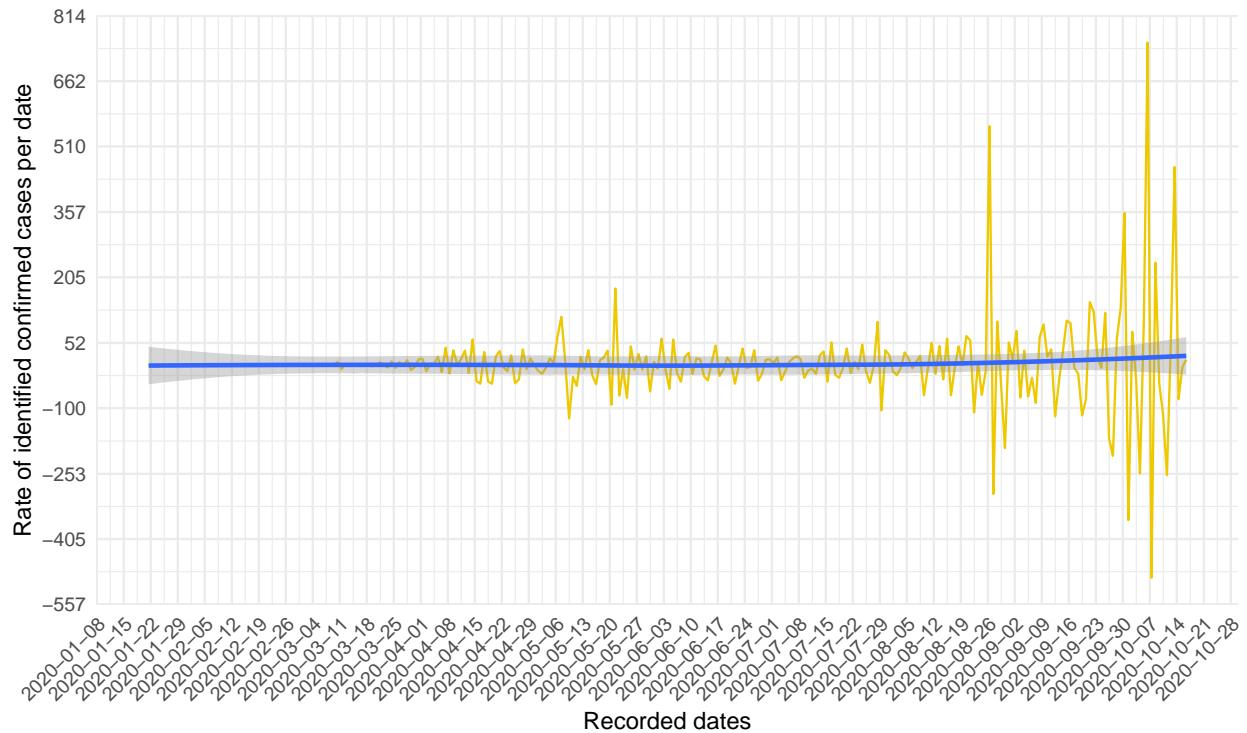

South Carolina – rate of increase of confirmed cases over time

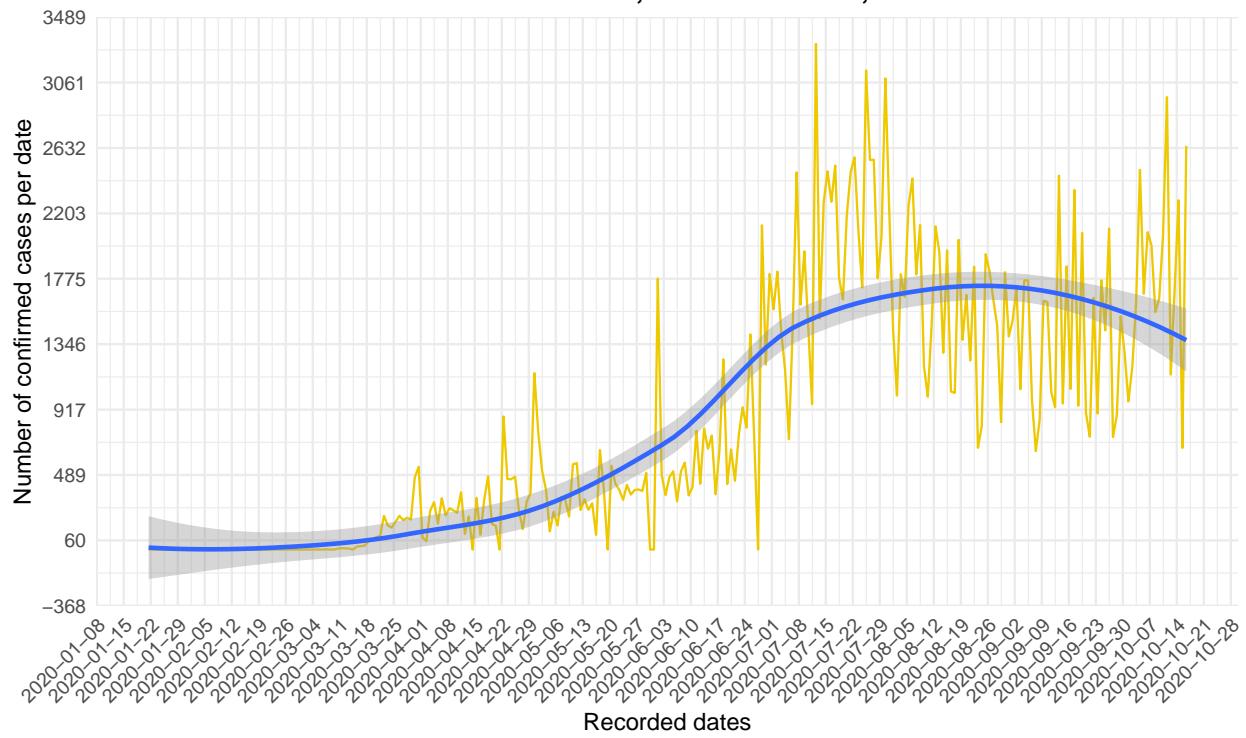

South Dakota – confirmed cases over time, total cases: 15,571

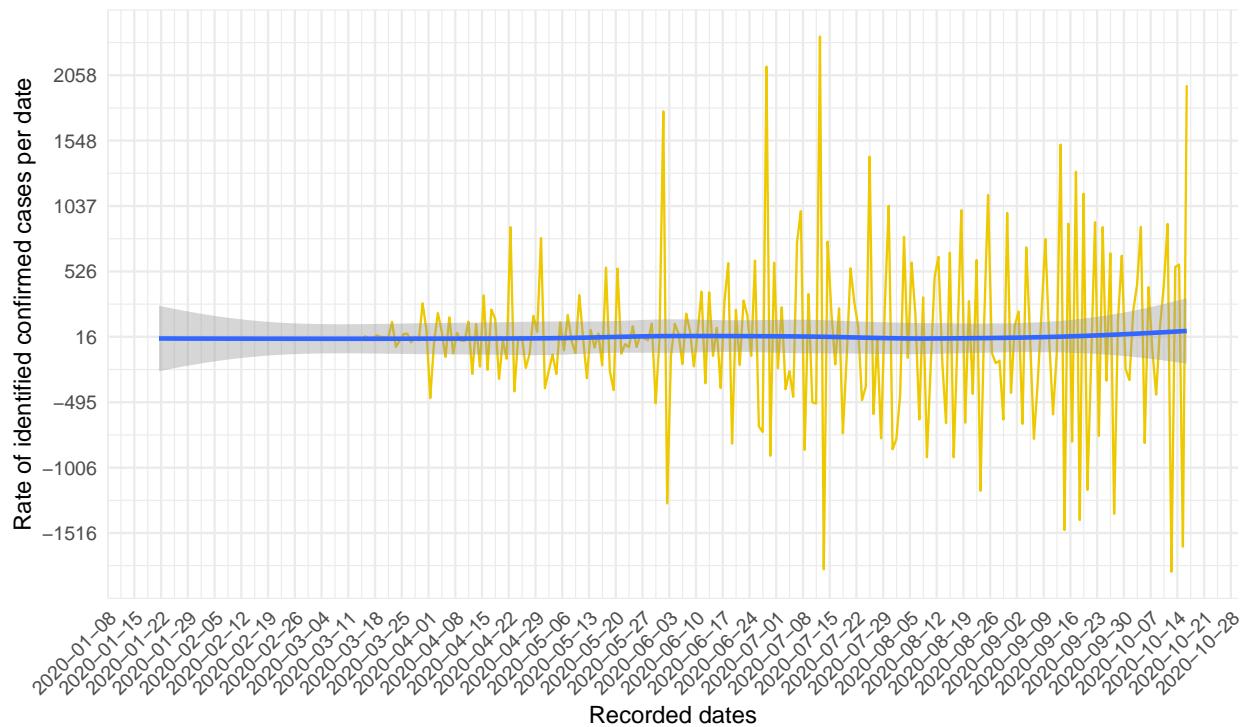

South Dakota – rate of increase of confirmed cases over time

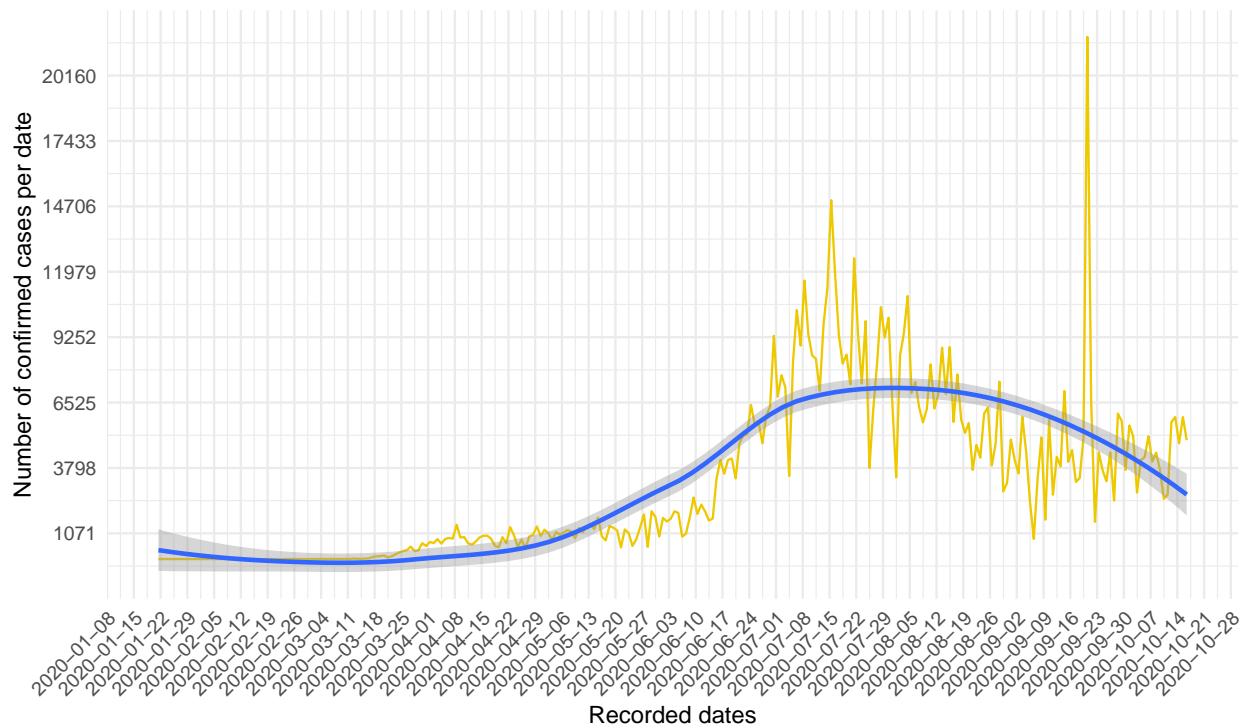

Tennessee – confirmed cases over time, total cases: 166,606

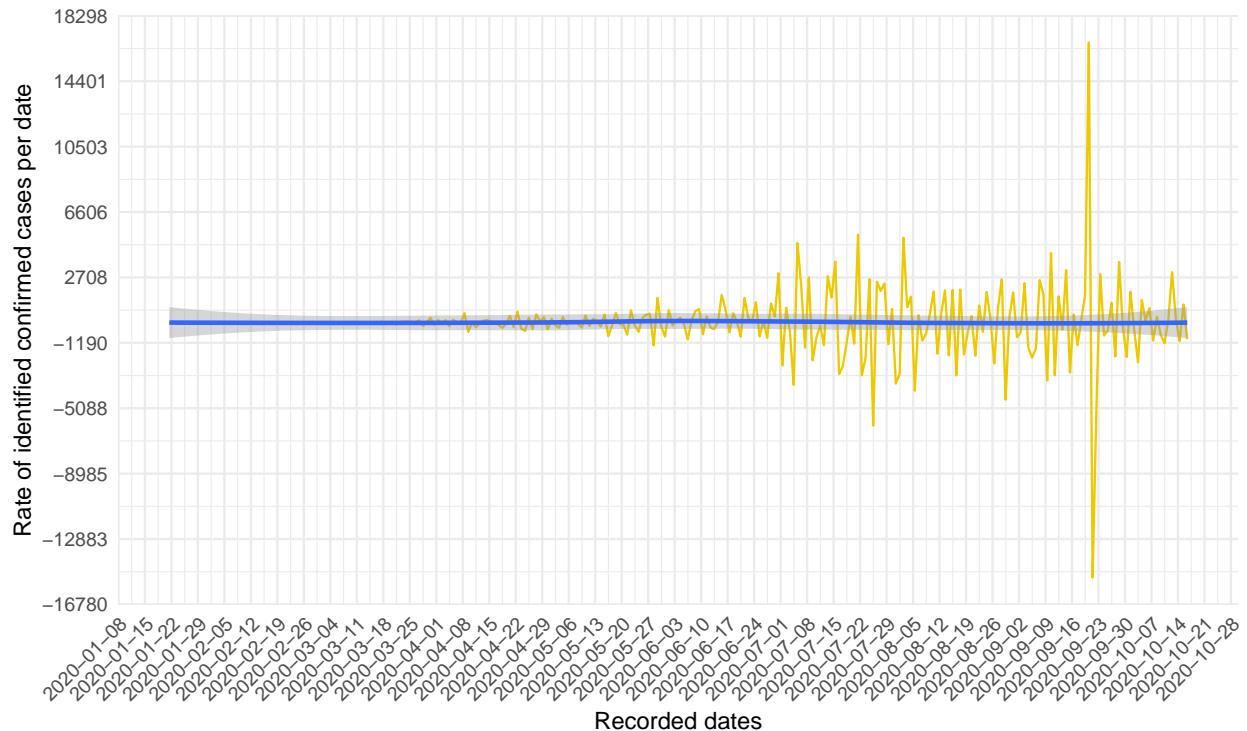

Tennessee – rate of increase of confirmed cases over time

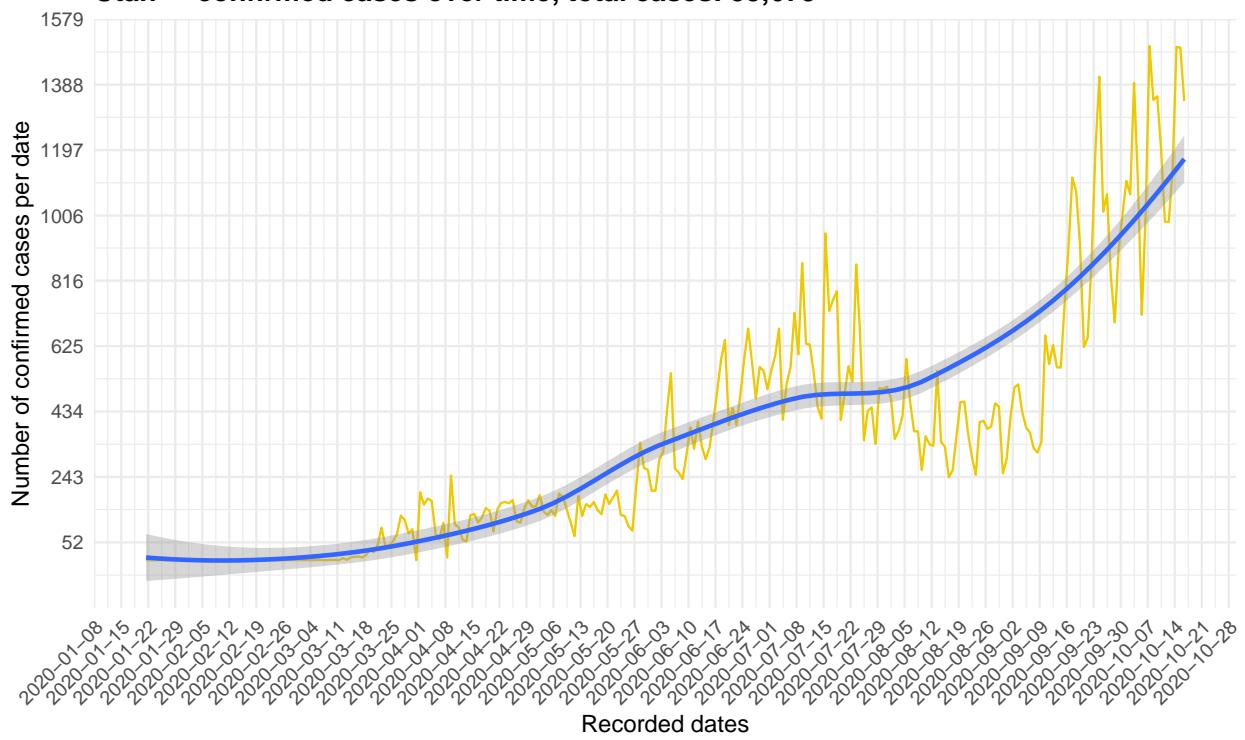

Texas – confirmed cases over time, total cases: 667,500

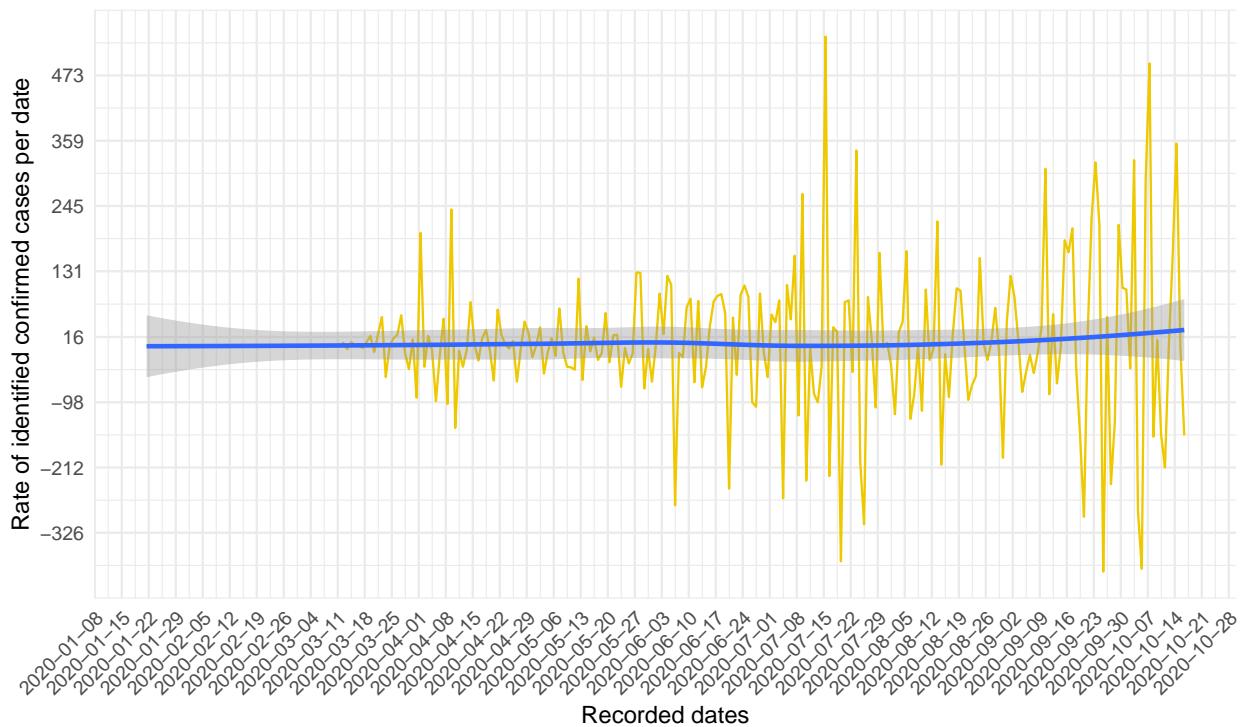

Texas – rate of increase of confirmed cases over time

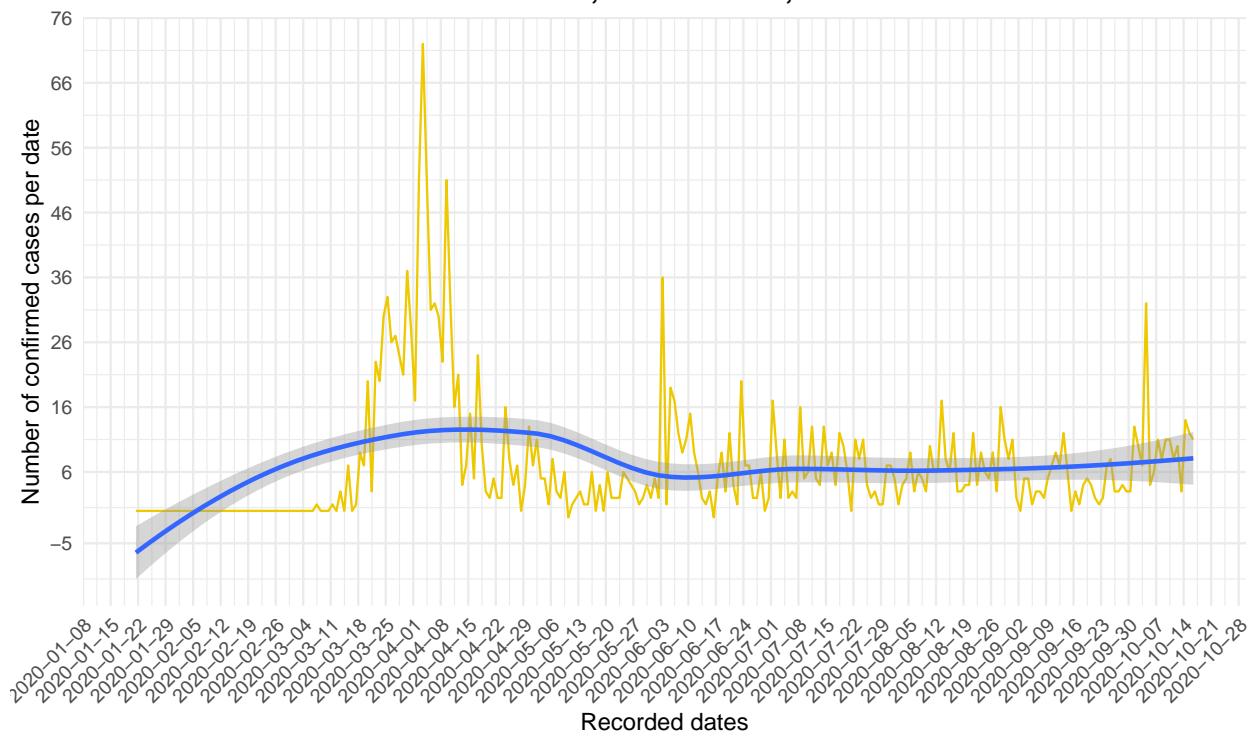

Utah – confirmed cases over time, total cases: 55,673

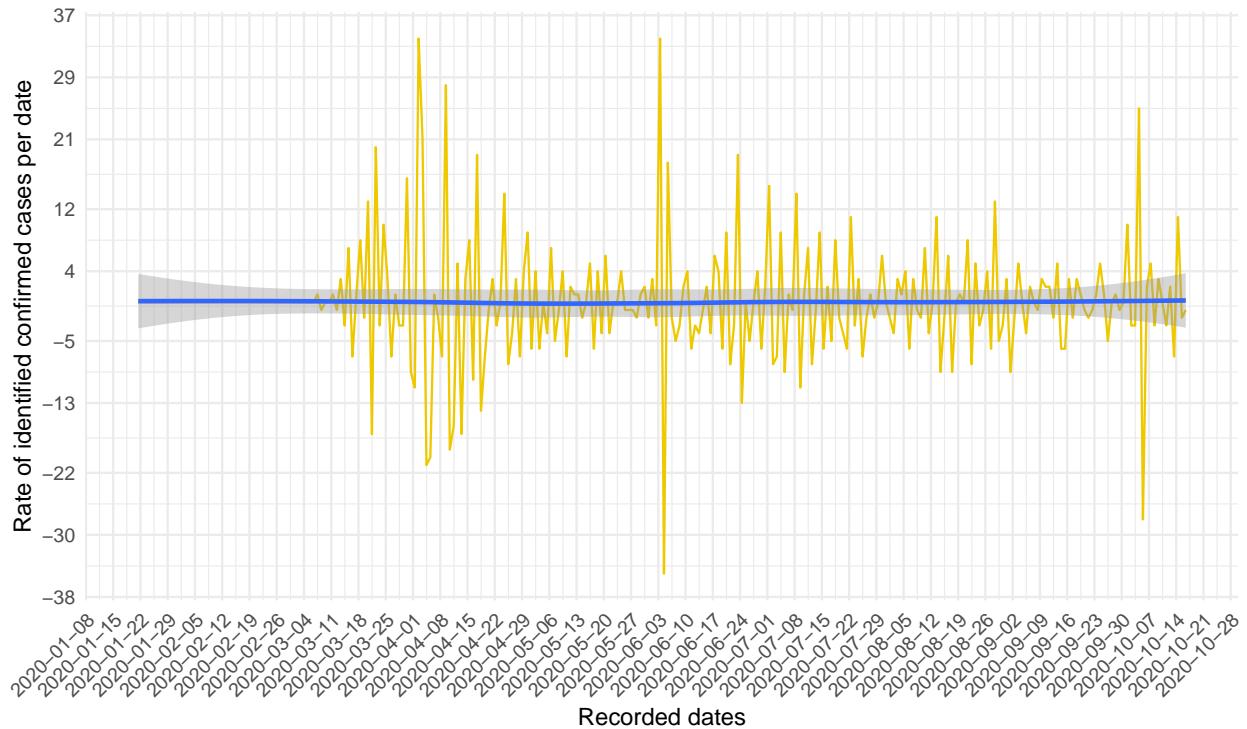

Utah – rate of increase of confirmed cases over time

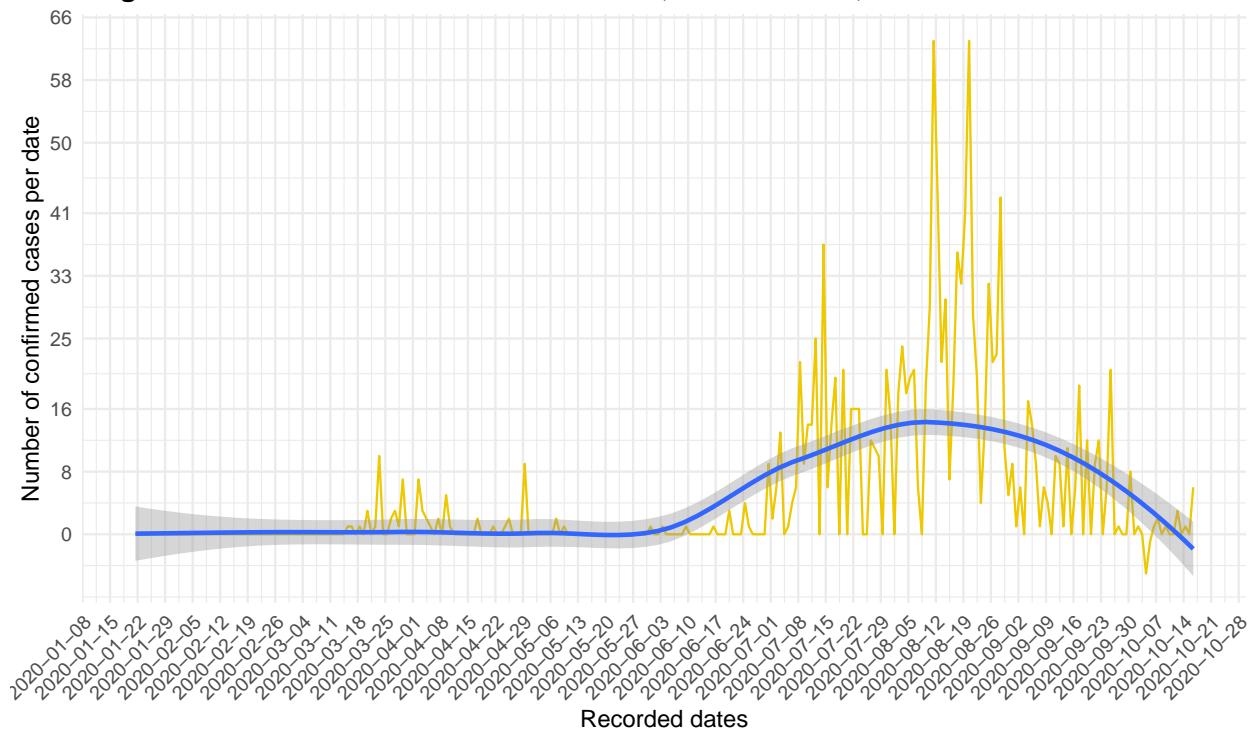

Vermont – confirmed cases over time, total cases: 1,656

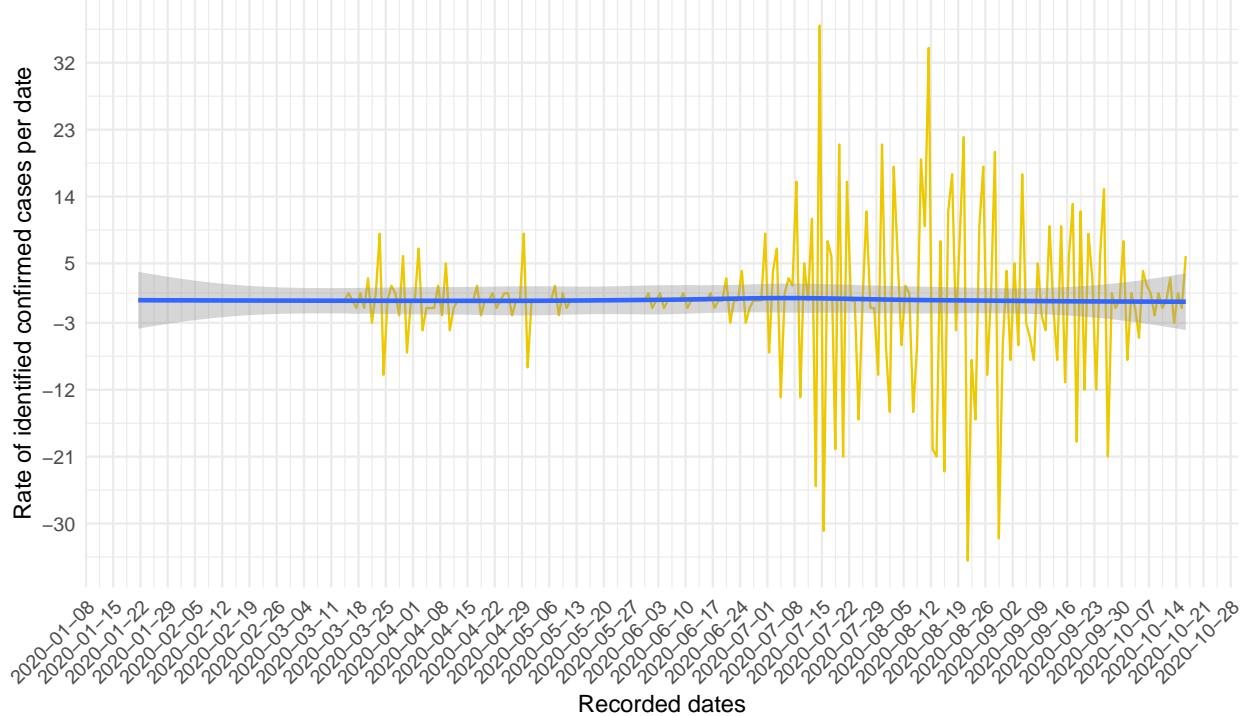

Vermont – rate of increase of confirmed cases over time

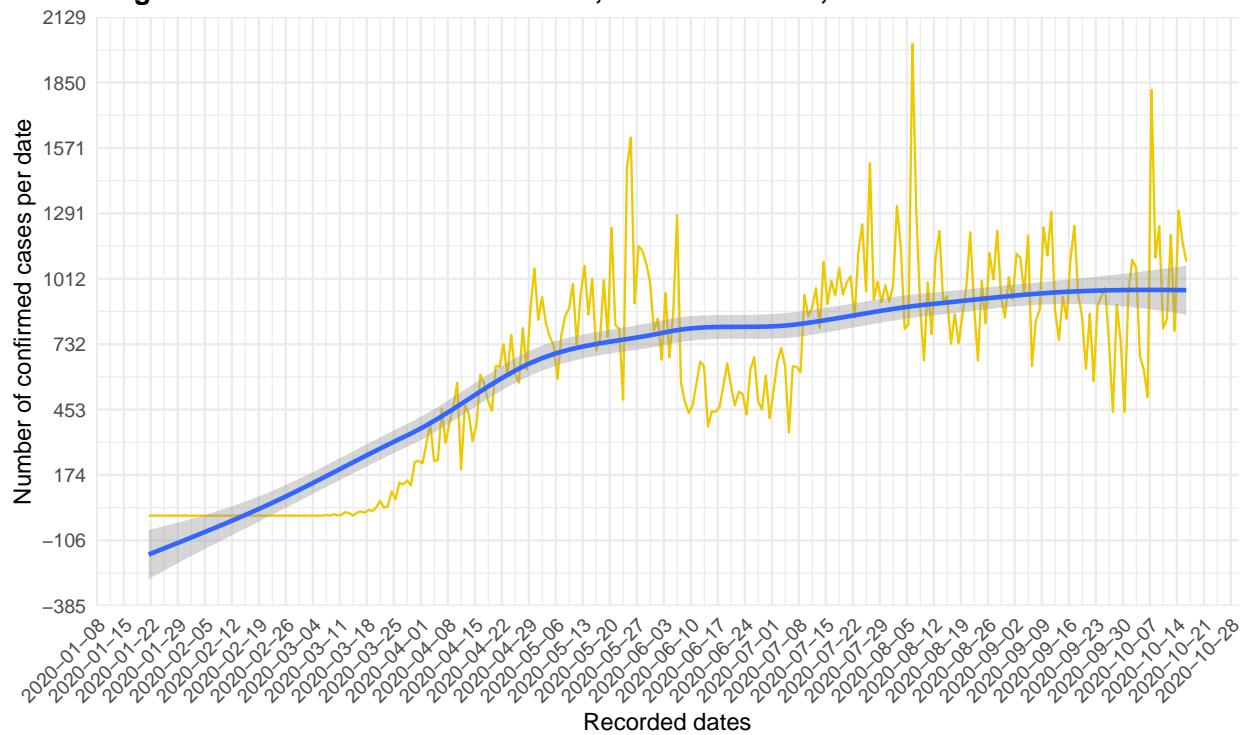

Virgin Islands – confirmed cases over time, total cases: 1,197

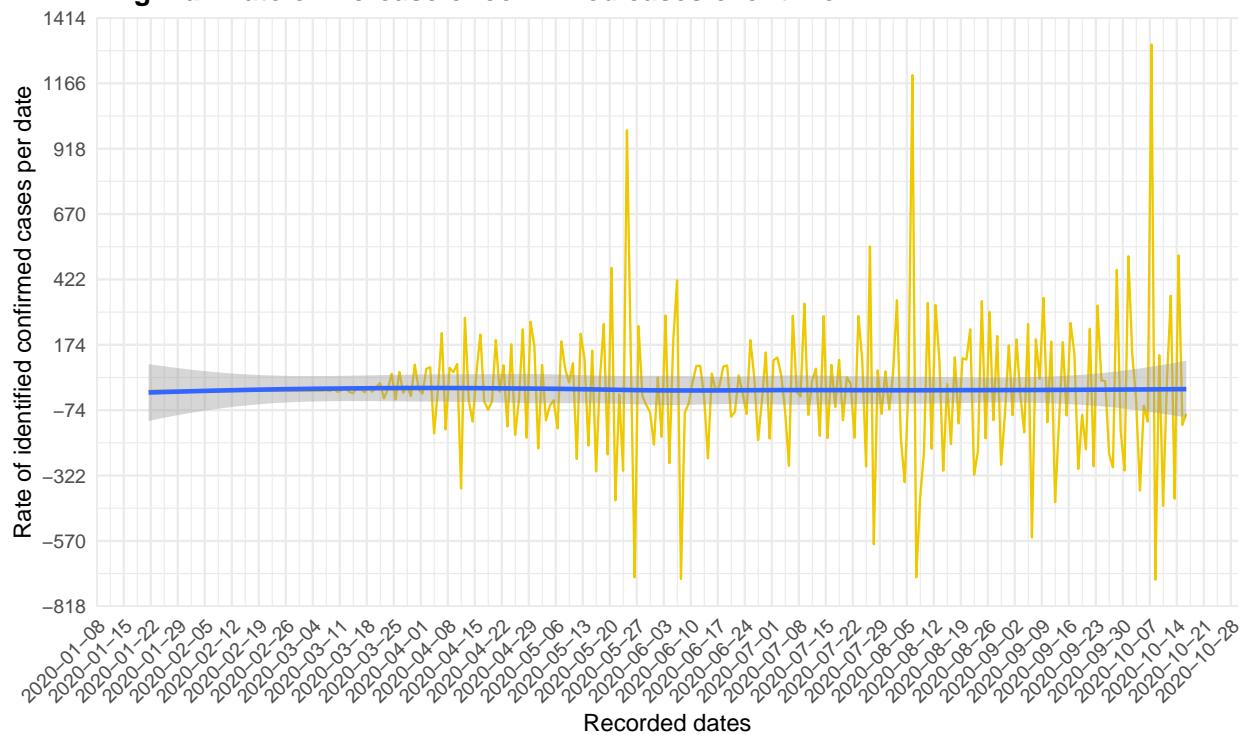

Virgin Islands – rate of increase of confirmed cases over time

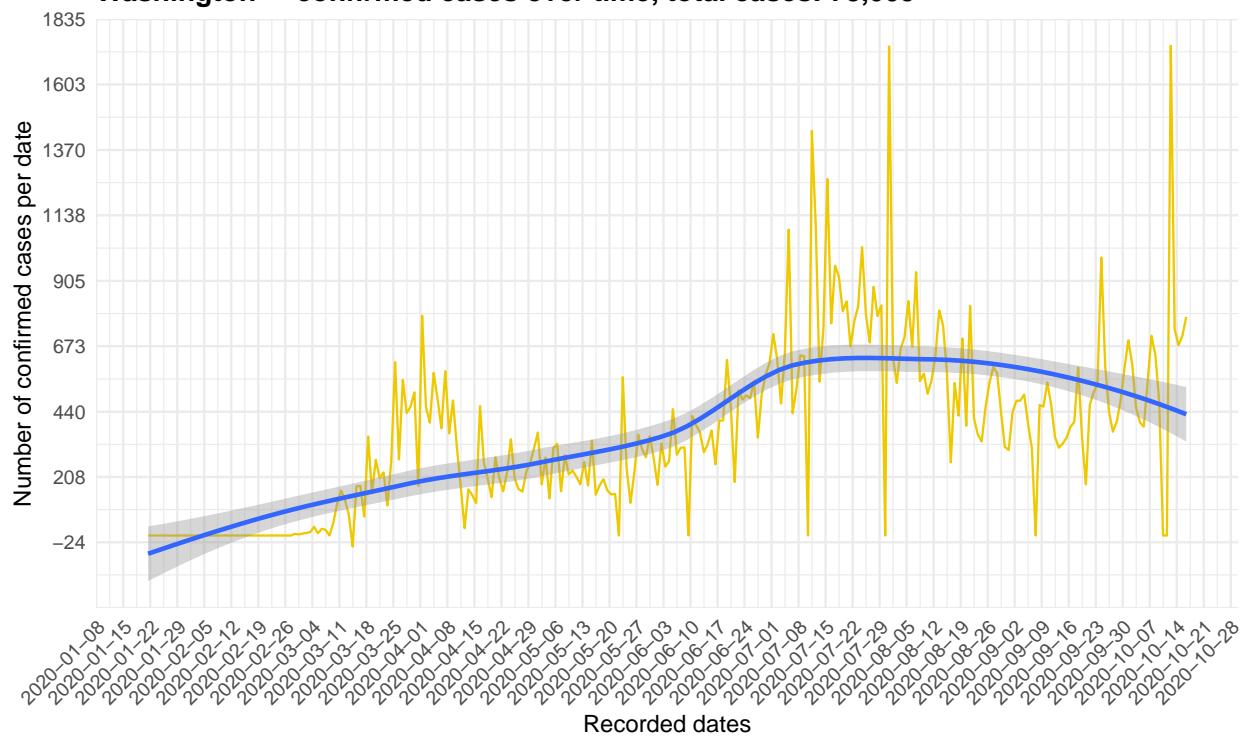

Virginia – confirmed cases over time, total cases: 129,229

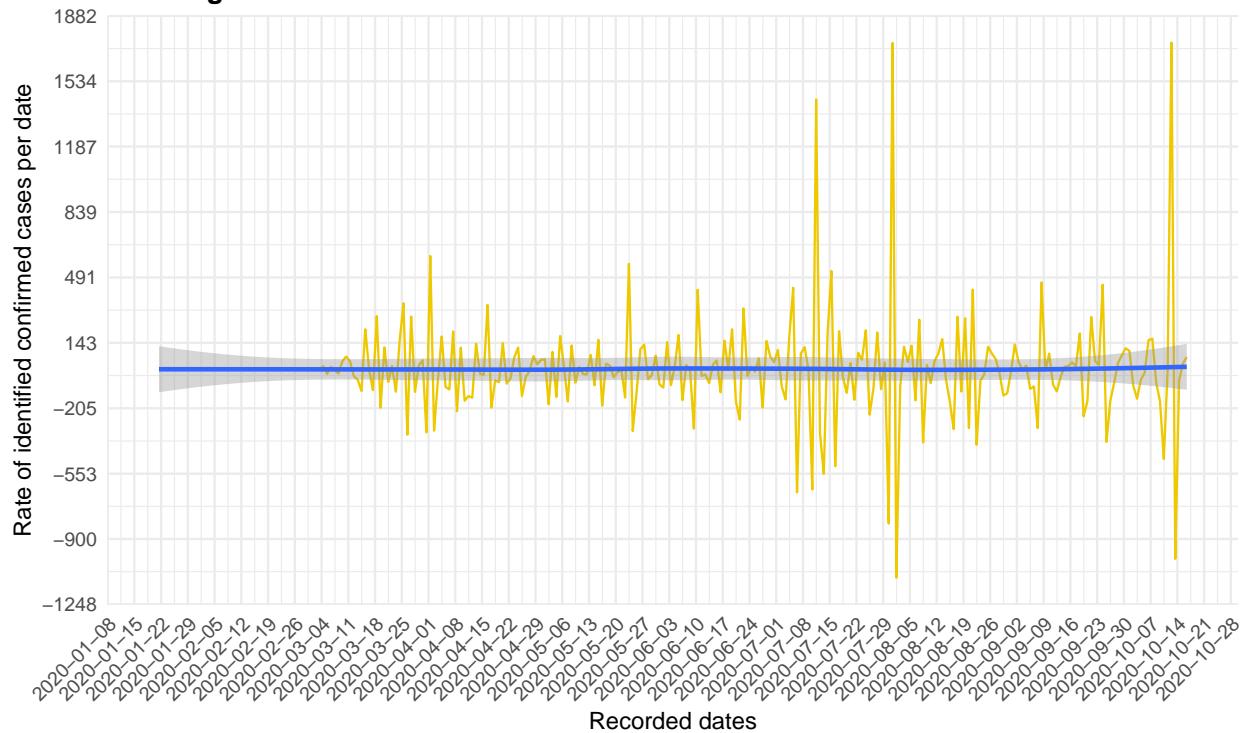

Virginia – rate of increase of confirmed cases over time

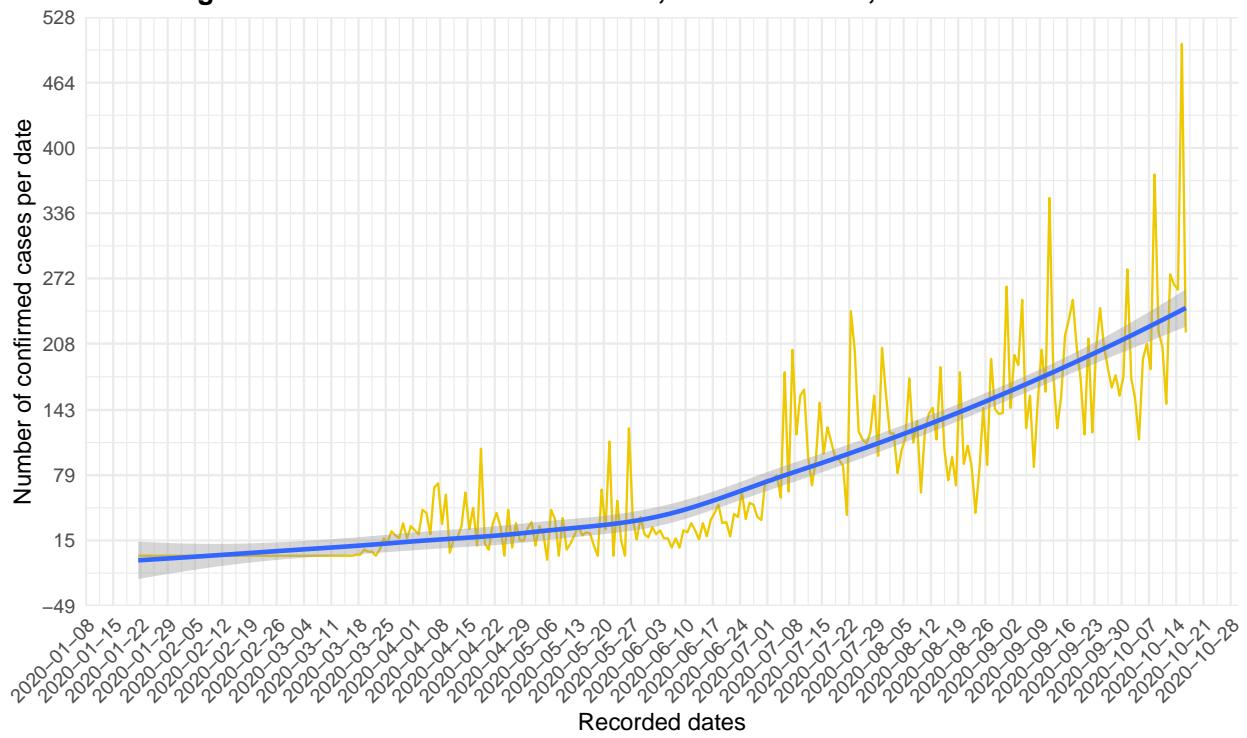

Washington – confirmed cases over time, total cases: 78,009

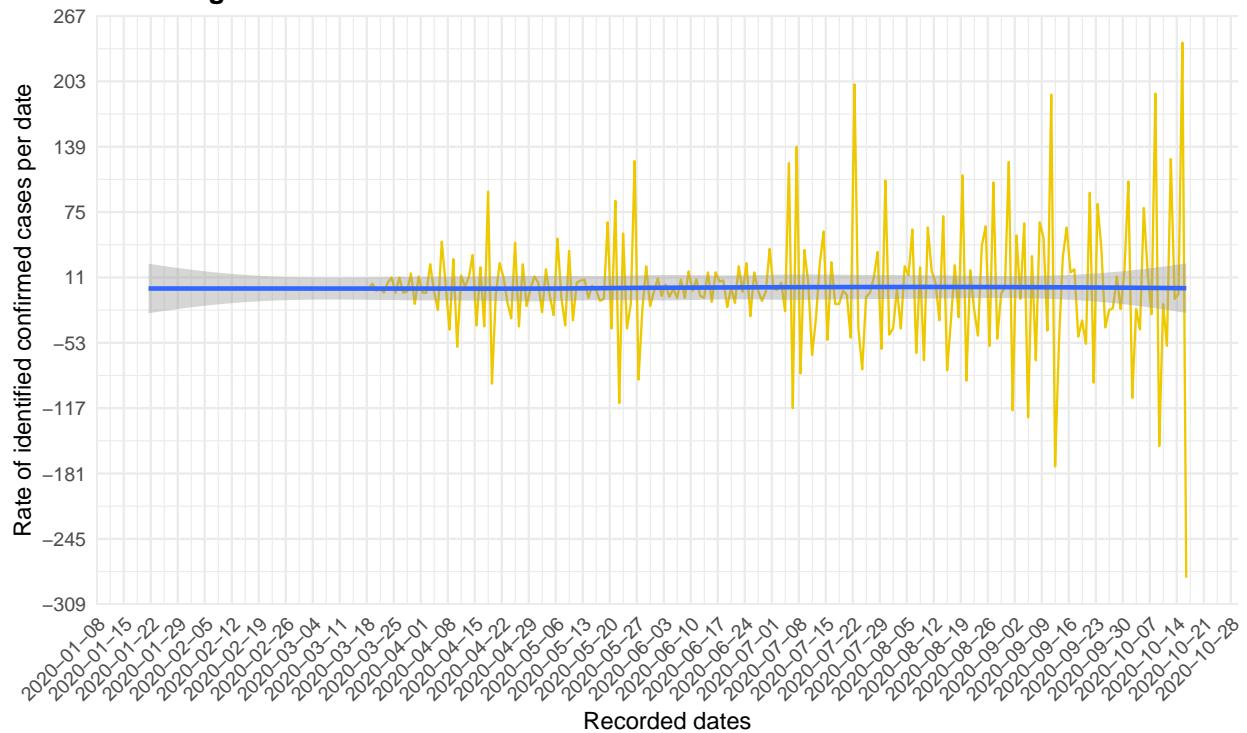

Washington – rate of increase of confirmed cases over time

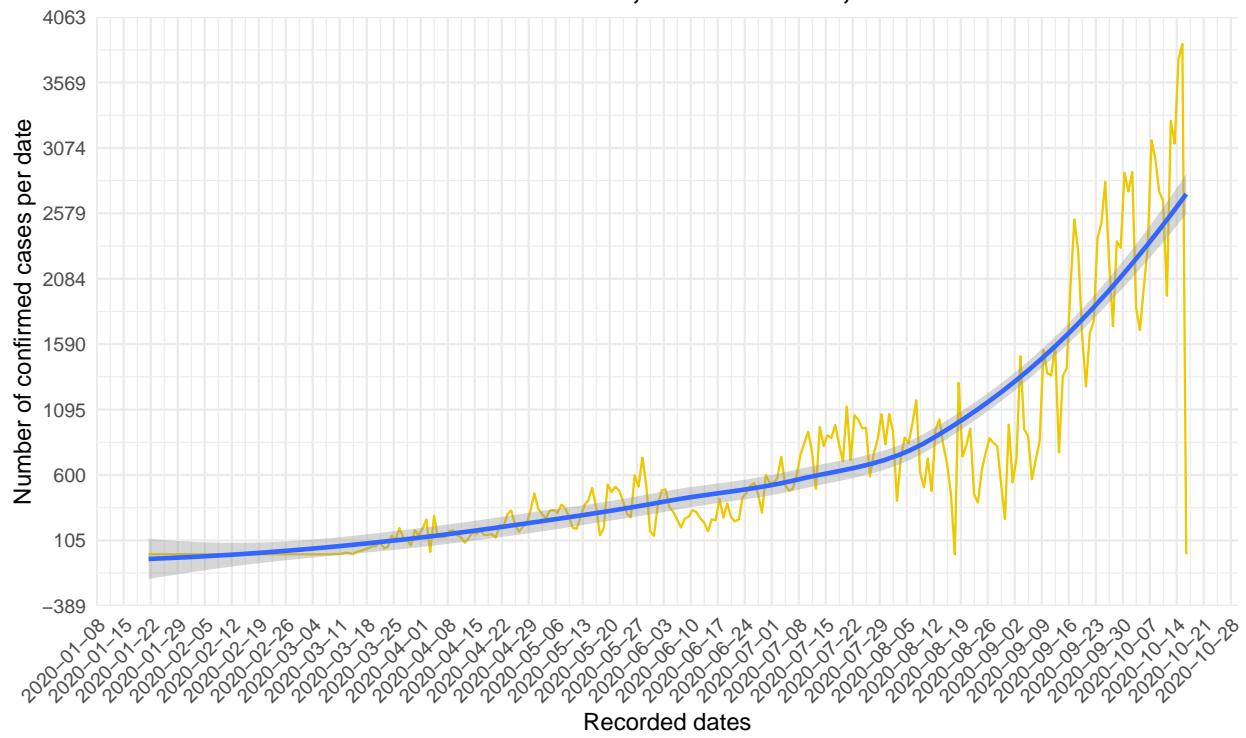

West Virginia – confirmed cases over time, total cases: 11,814

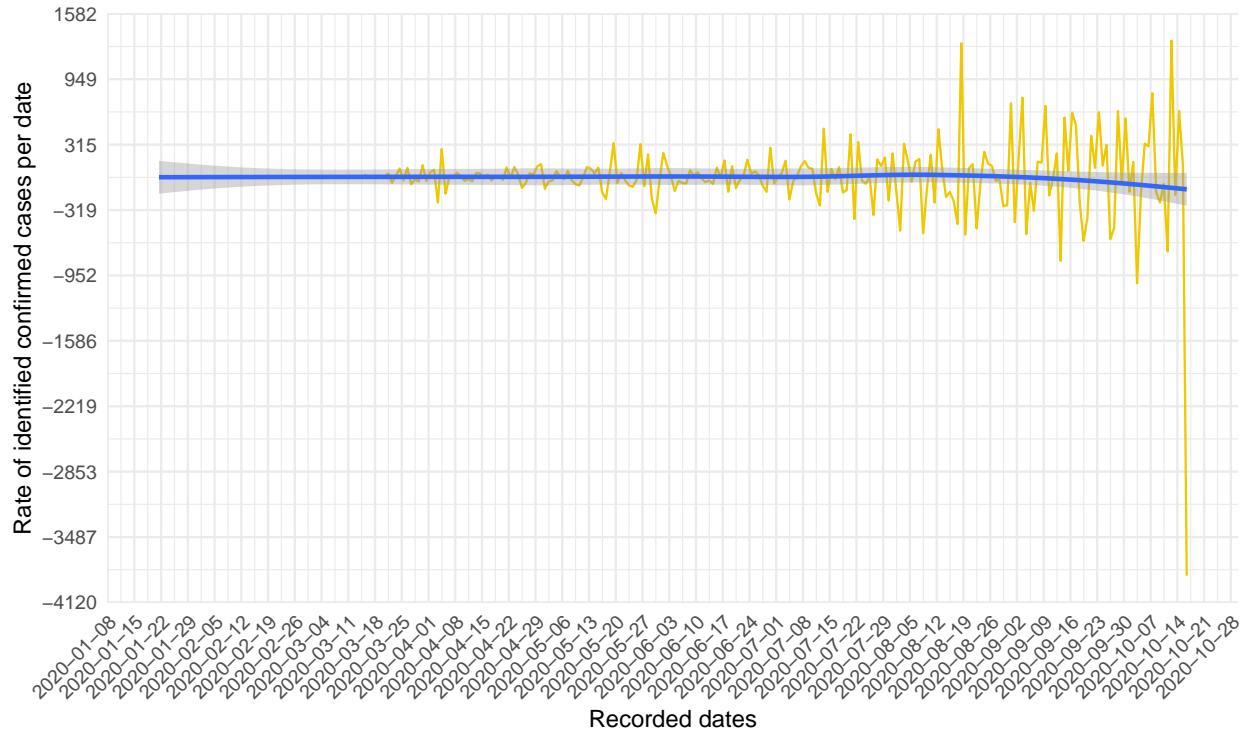

West Virginia – rate of increase of confirmed cases over time

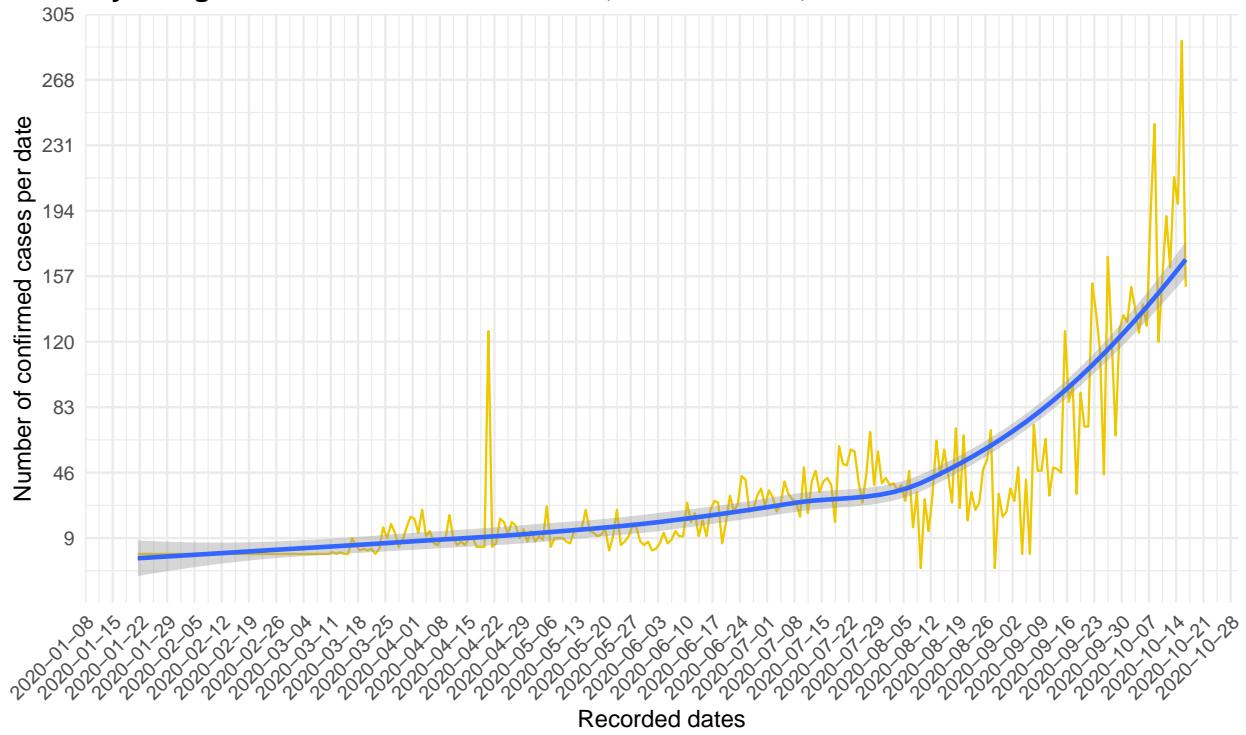

Wisconsin – confirmed cases over time, total cases: 83,334

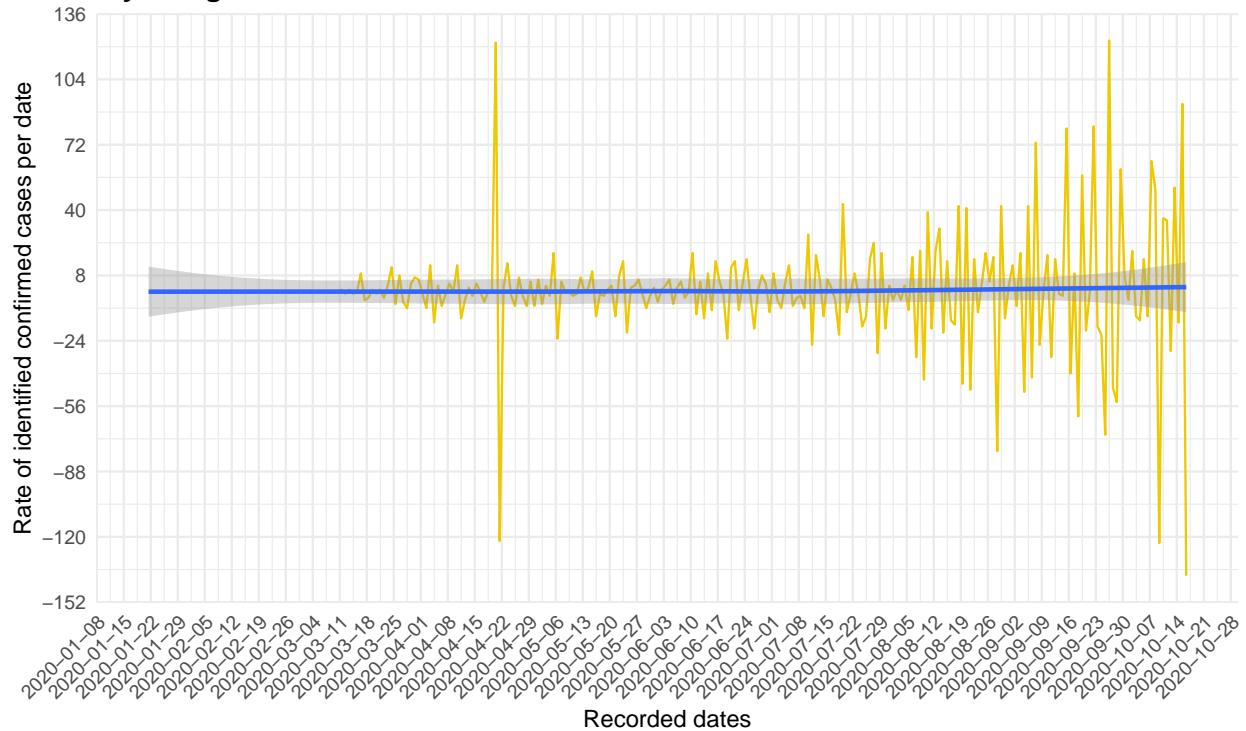

Wisconsin – rate of increase of confirmed cases over time

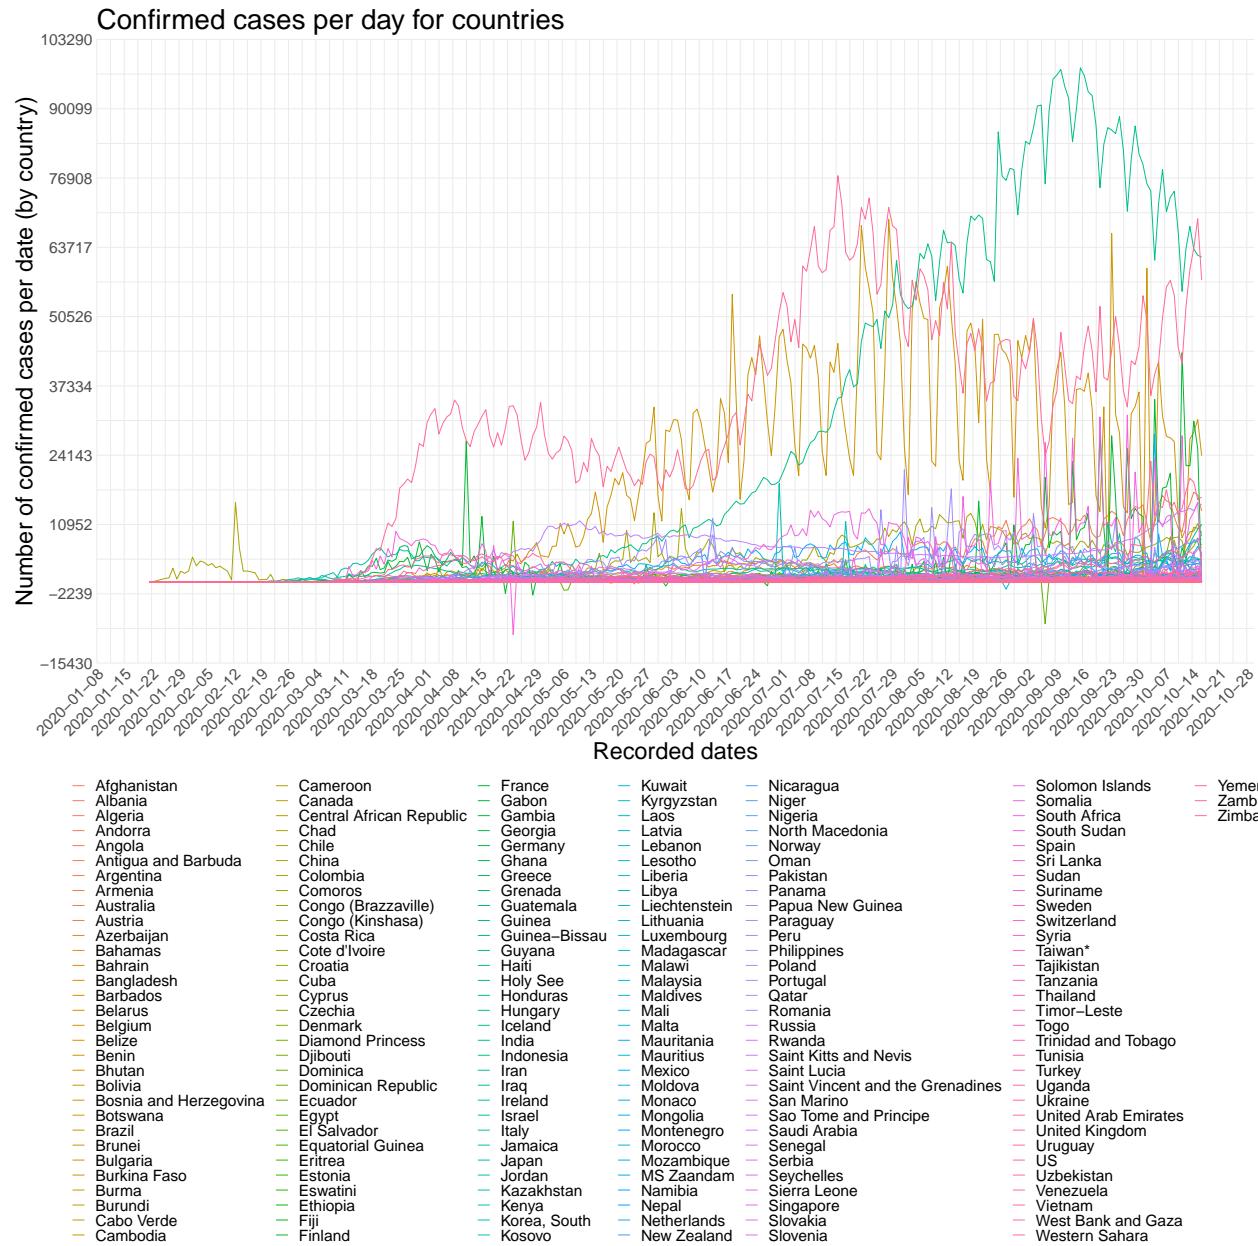

Wyoming – confirmed cases over time, total cases: 4,152

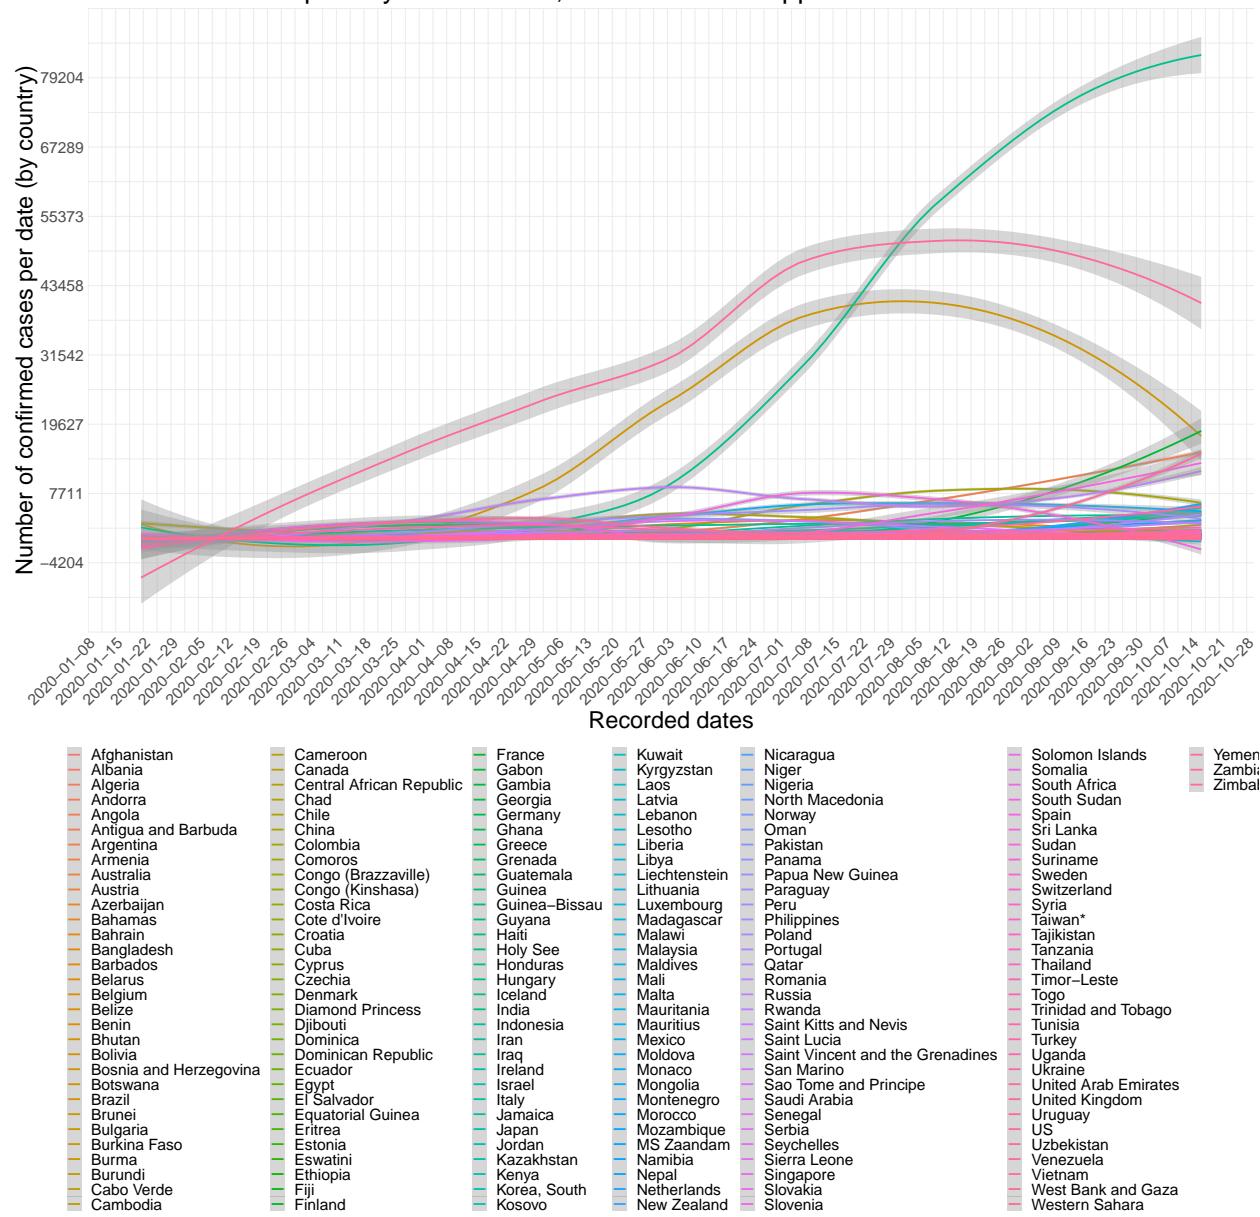

Wyoming – rate of increase of confirmed cases over time

Confirmed cases across countries, count per day

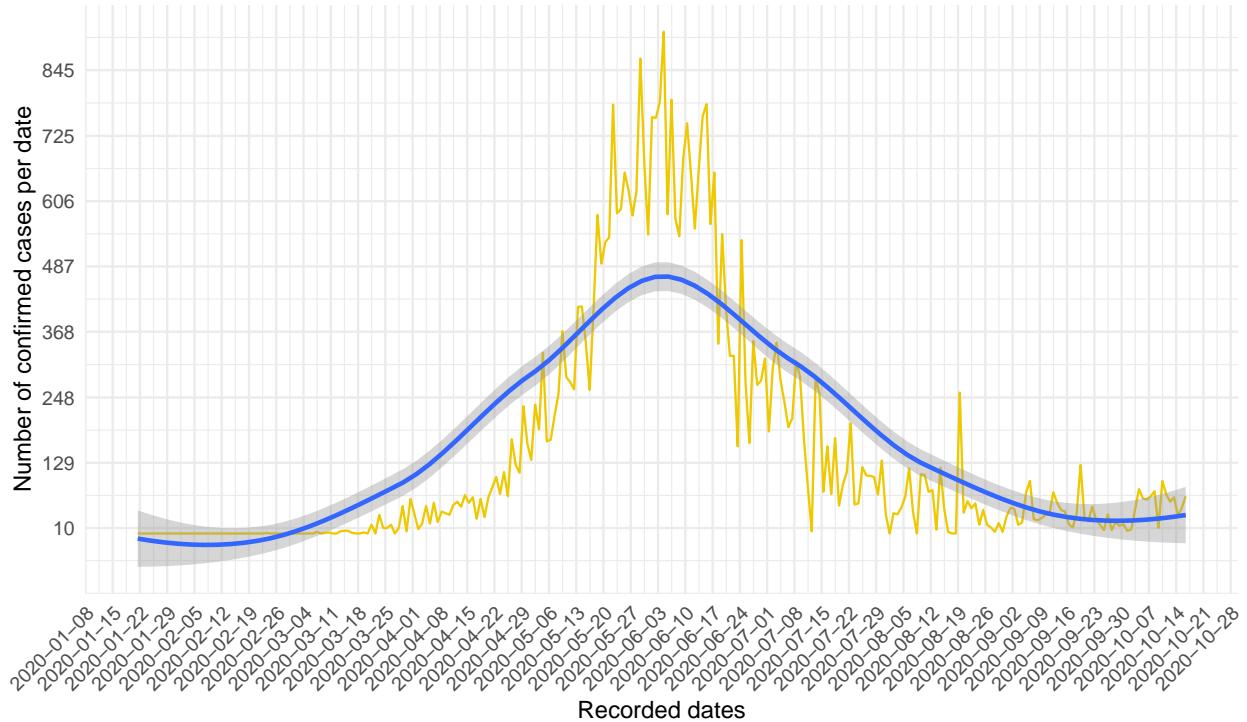

Confirmed cases per day for countries, loess smoother applied

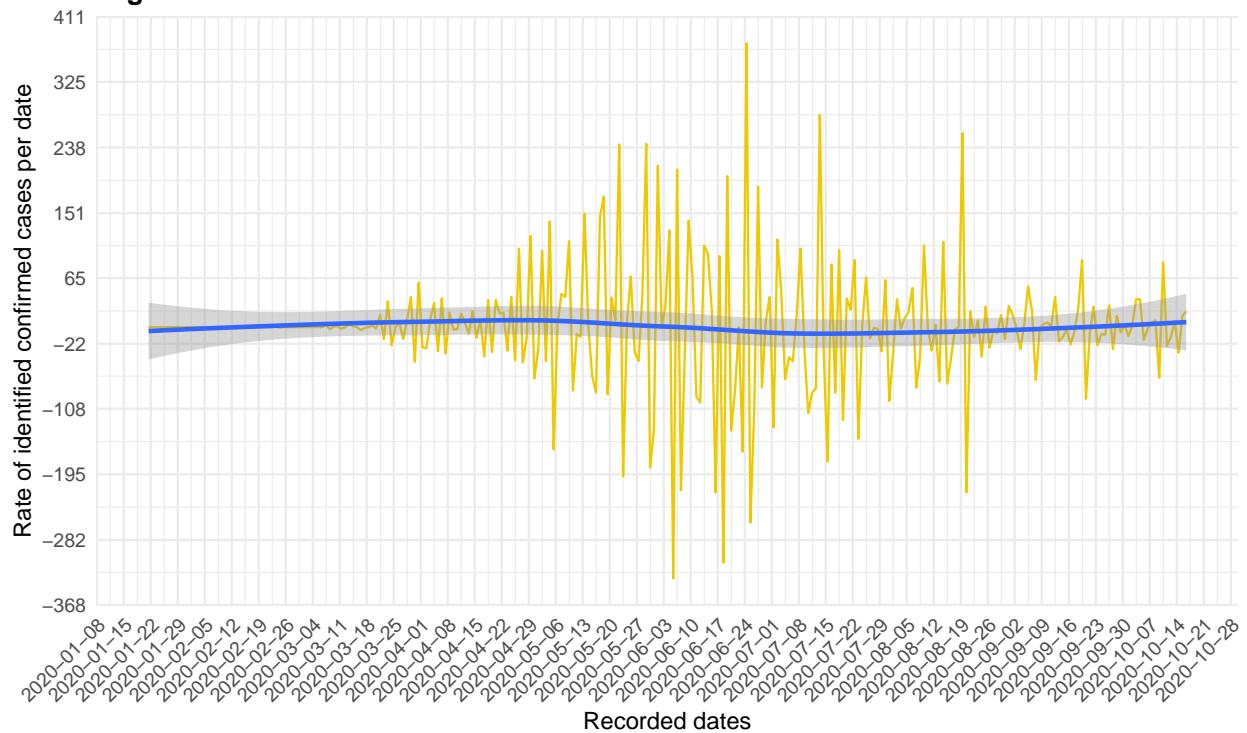

Confirmed cases by country, per day counting and rate of increase per day

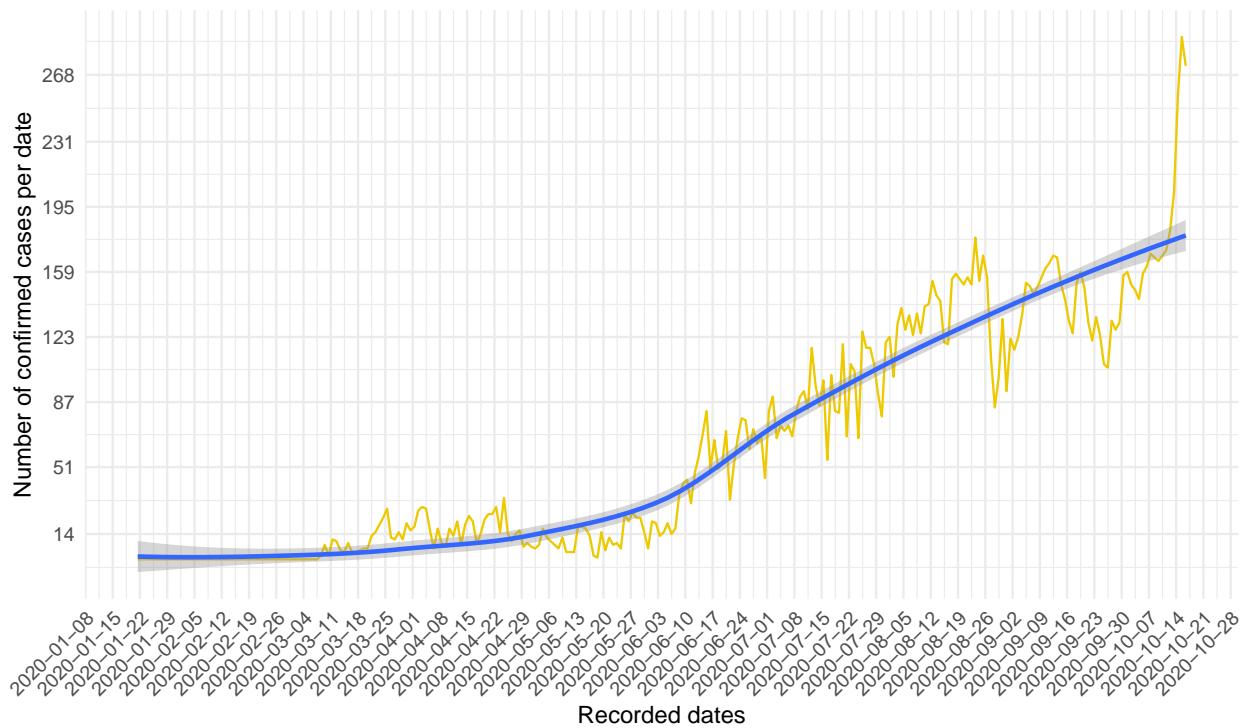

Afghanistan – confirmed cases over time, total cases: 38,544

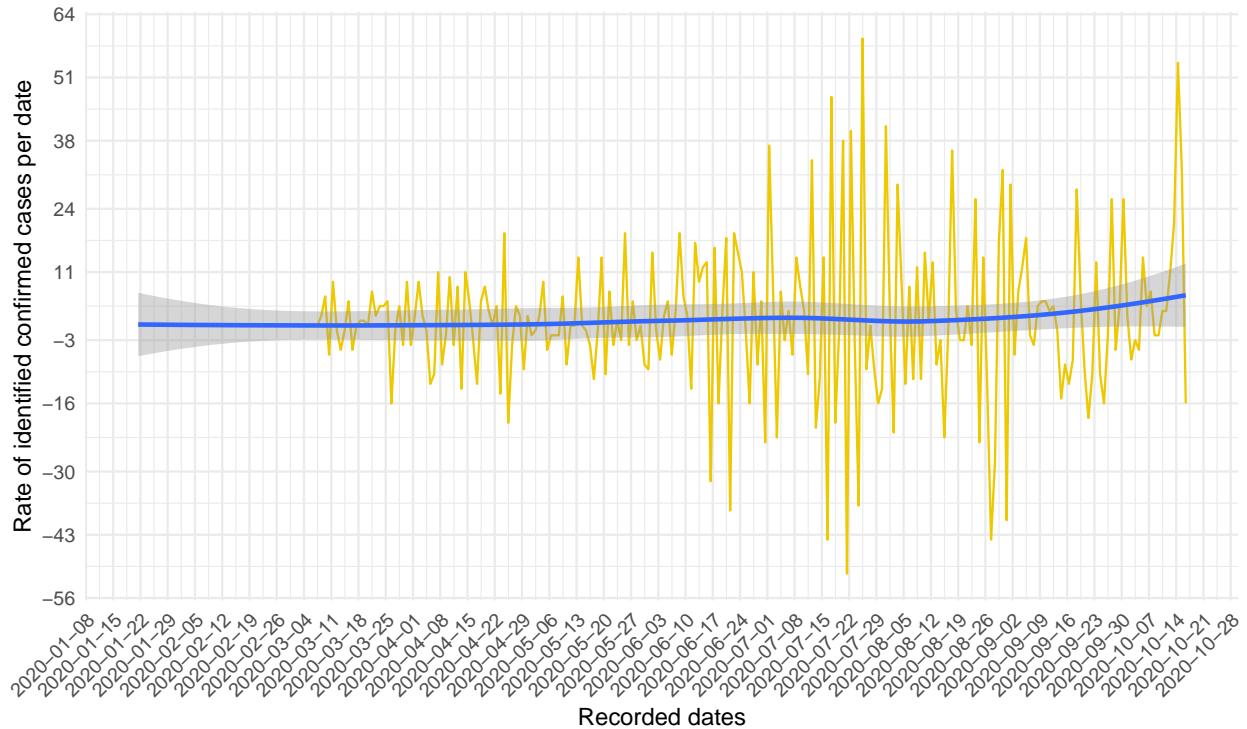

Afghanistan – rate of increase of confirmed cases over time

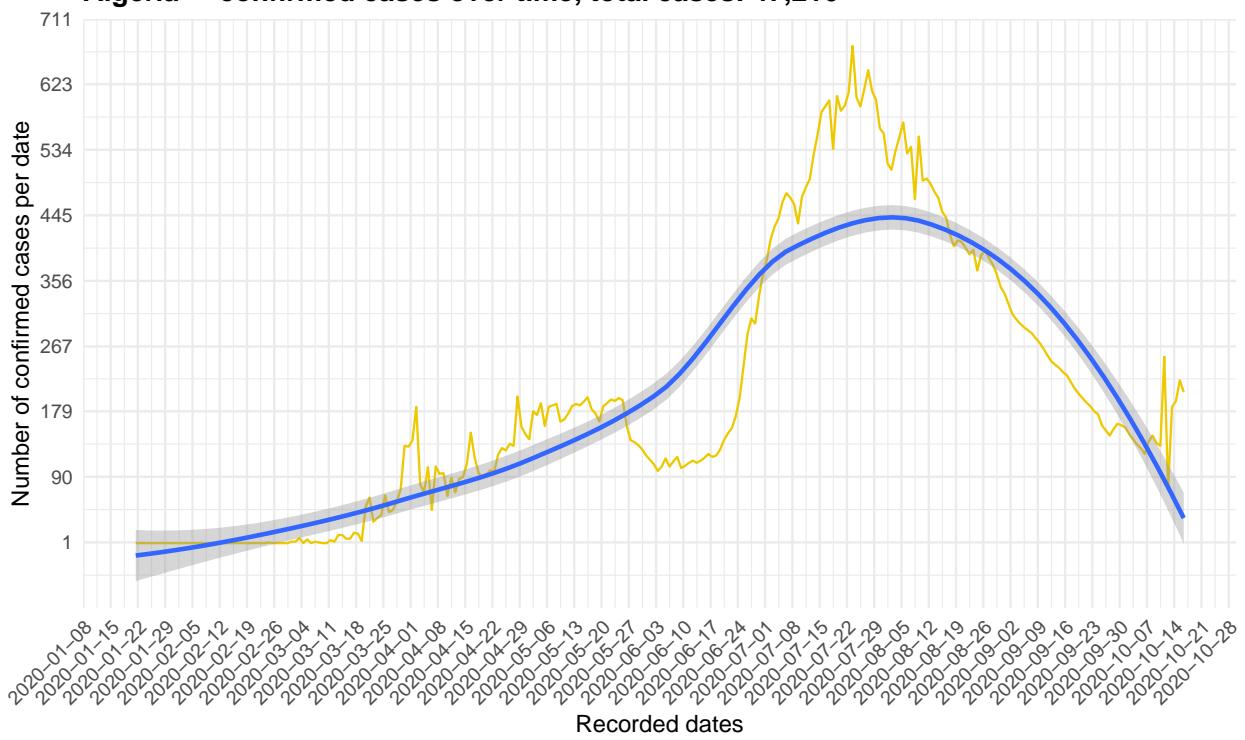

Albania – confirmed cases over time, total cases: 10,704

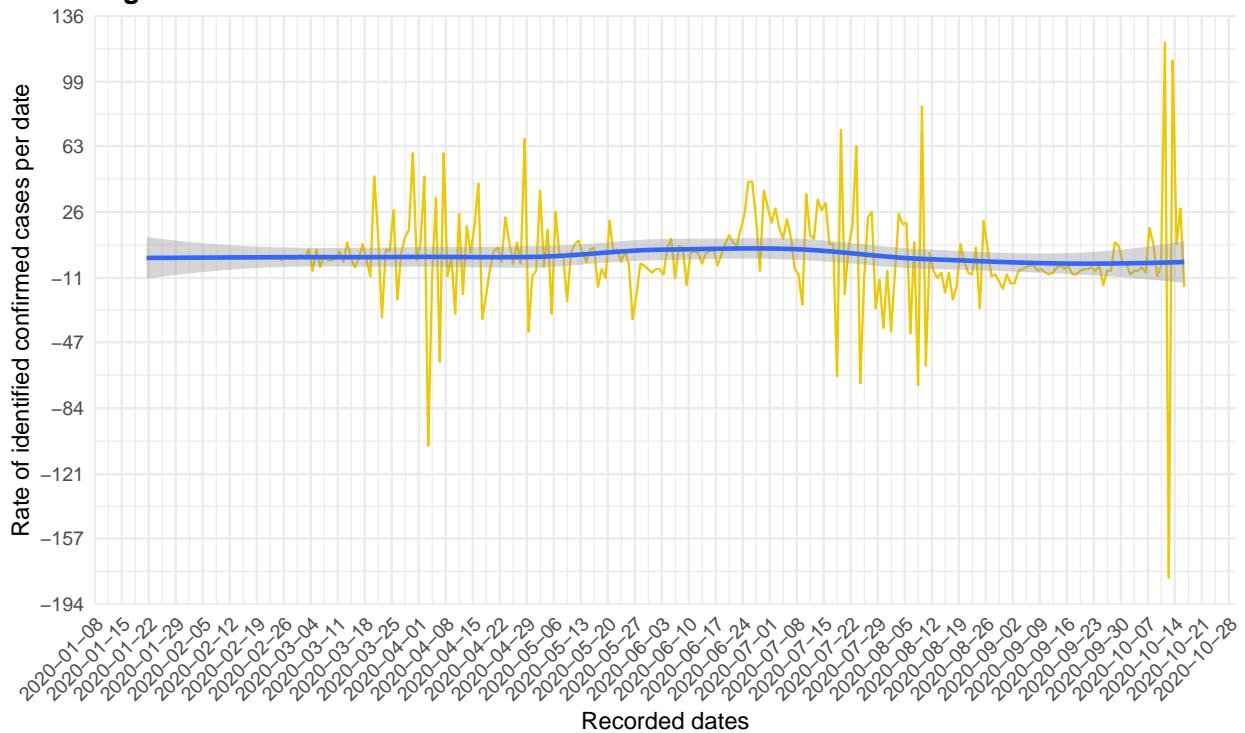

Albania – rate of increase of confirmed cases over time

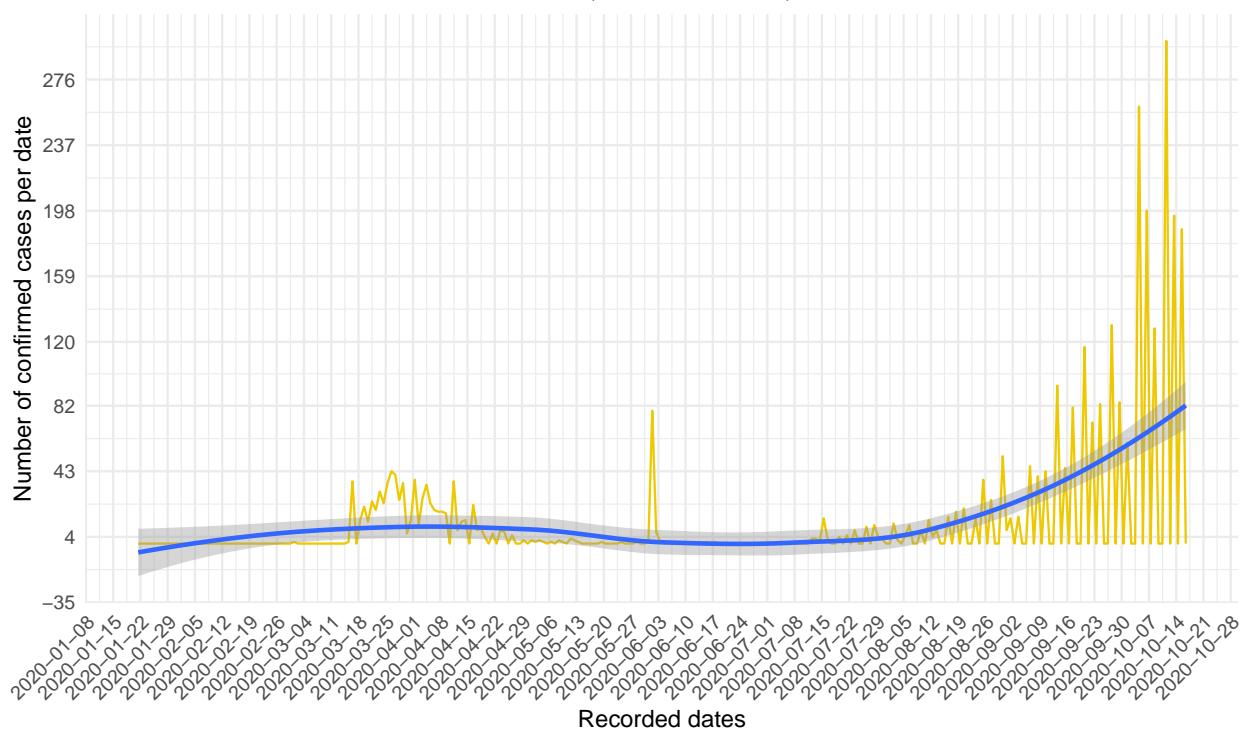

Algeria – confirmed cases over time, total cases: 47,216

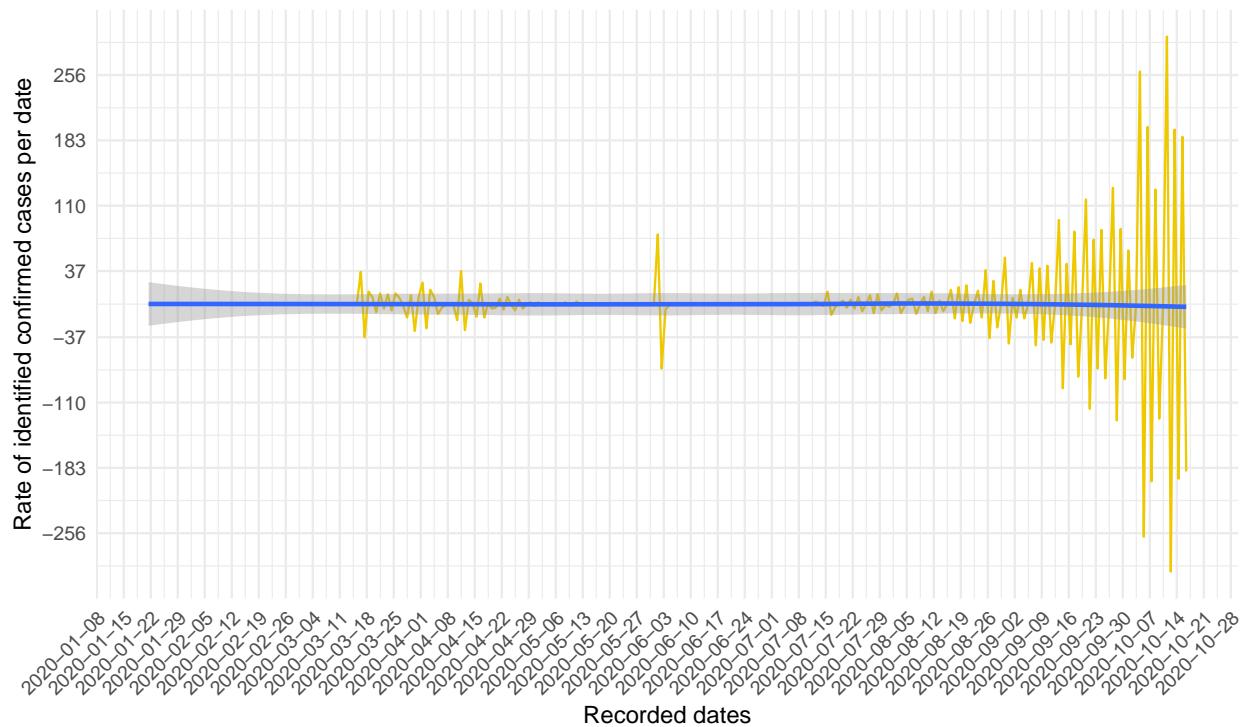

Algeria – rate of increase of confirmed cases over time

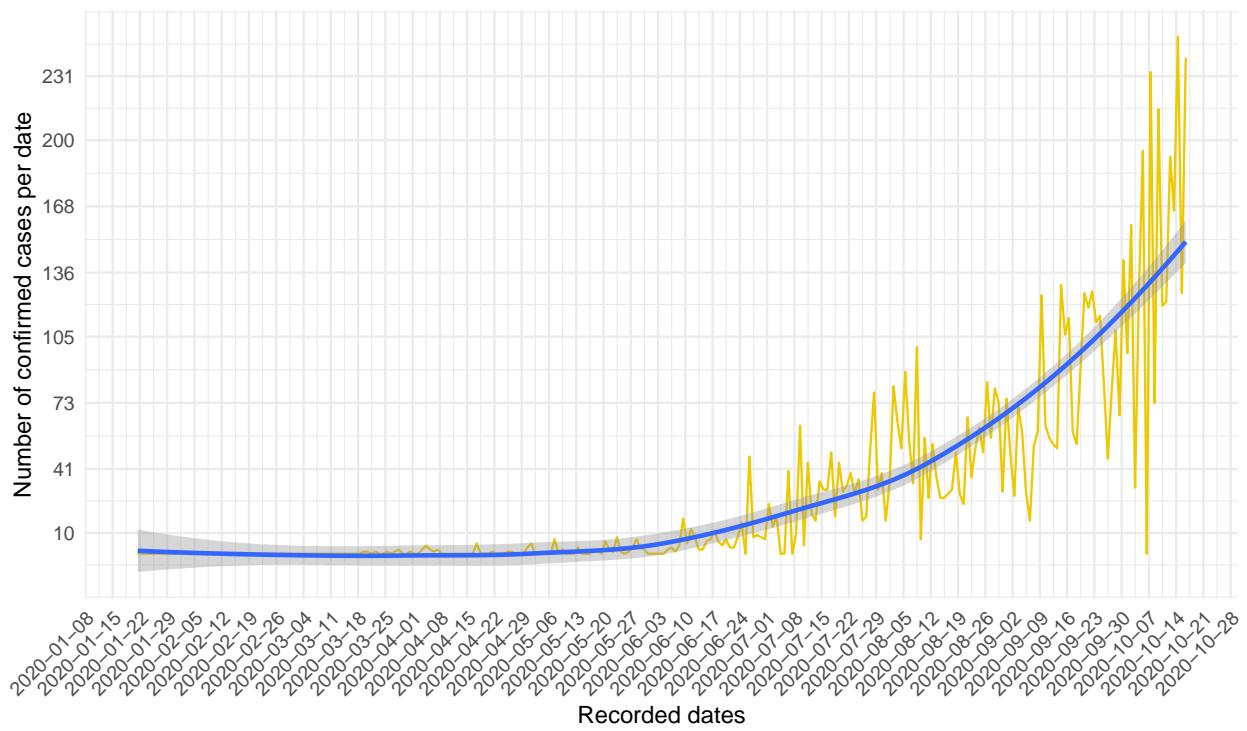

Andorra – confirmed cases over time, total cases: 1,301

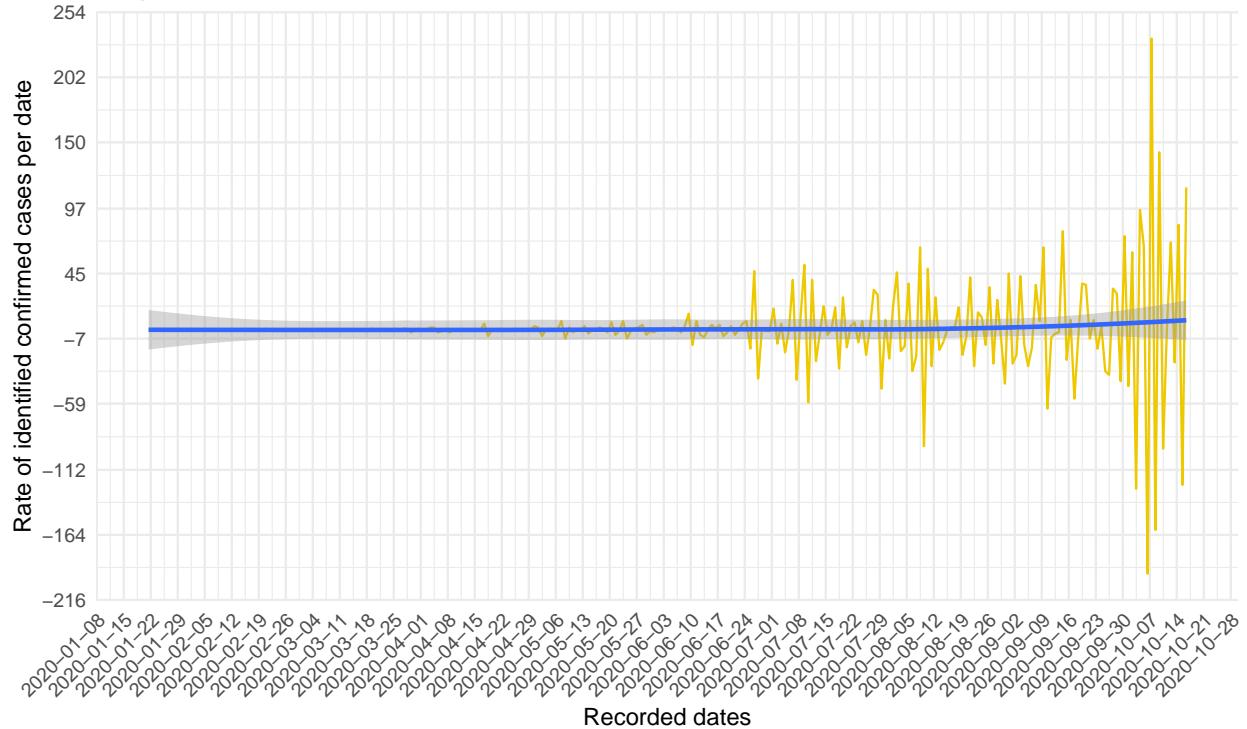

Andorra – rate of increase of confirmed cases over time

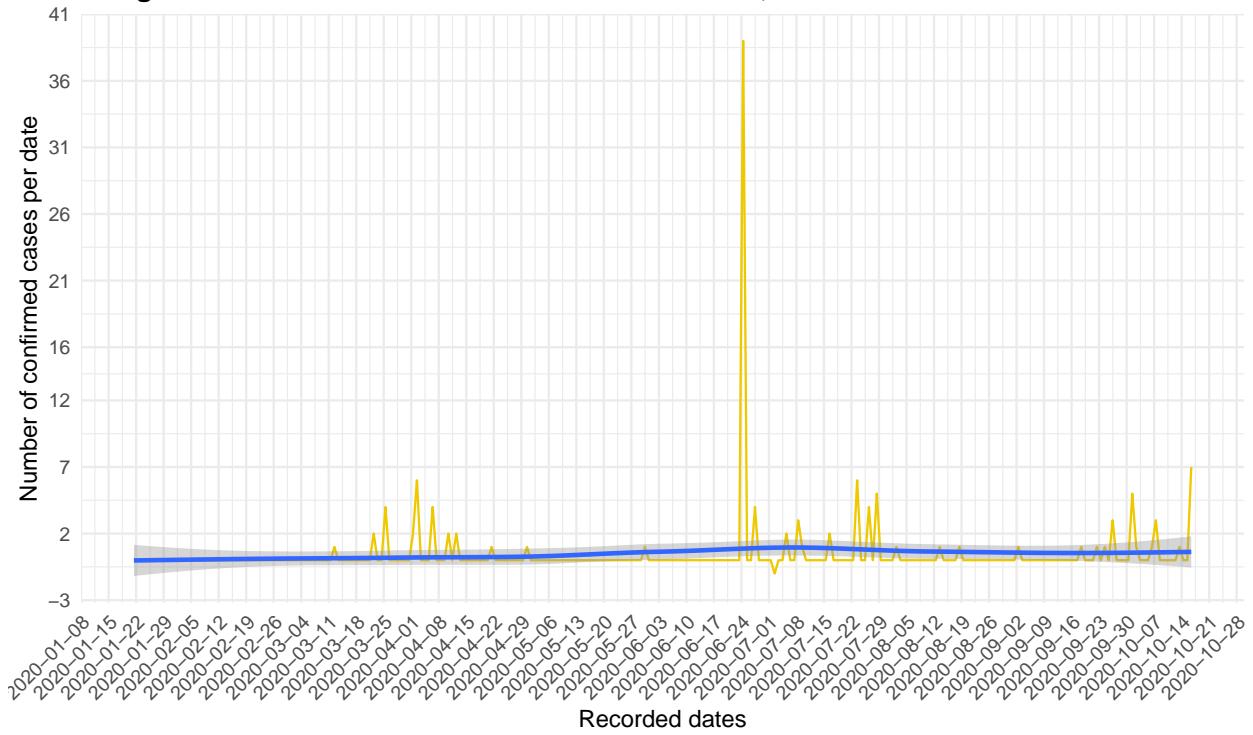

Angola – confirmed cases over time, total cases: 3,092

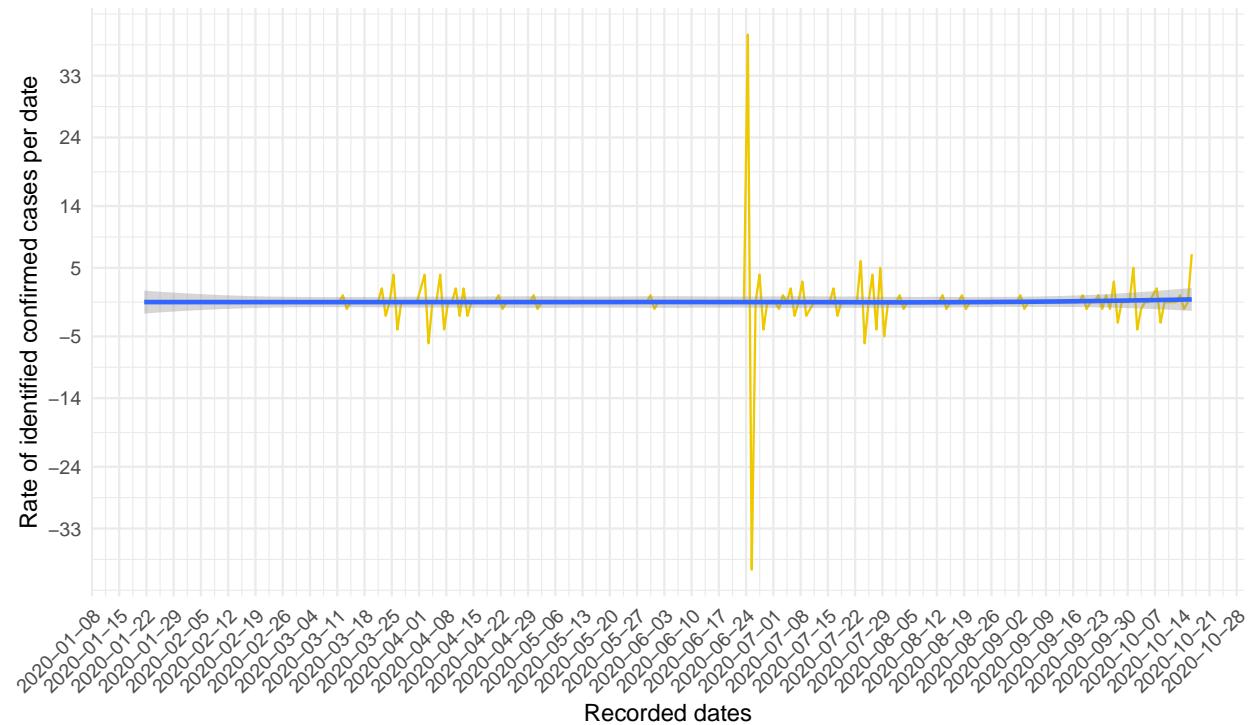

Angola – rate of increase of confirmed cases over time

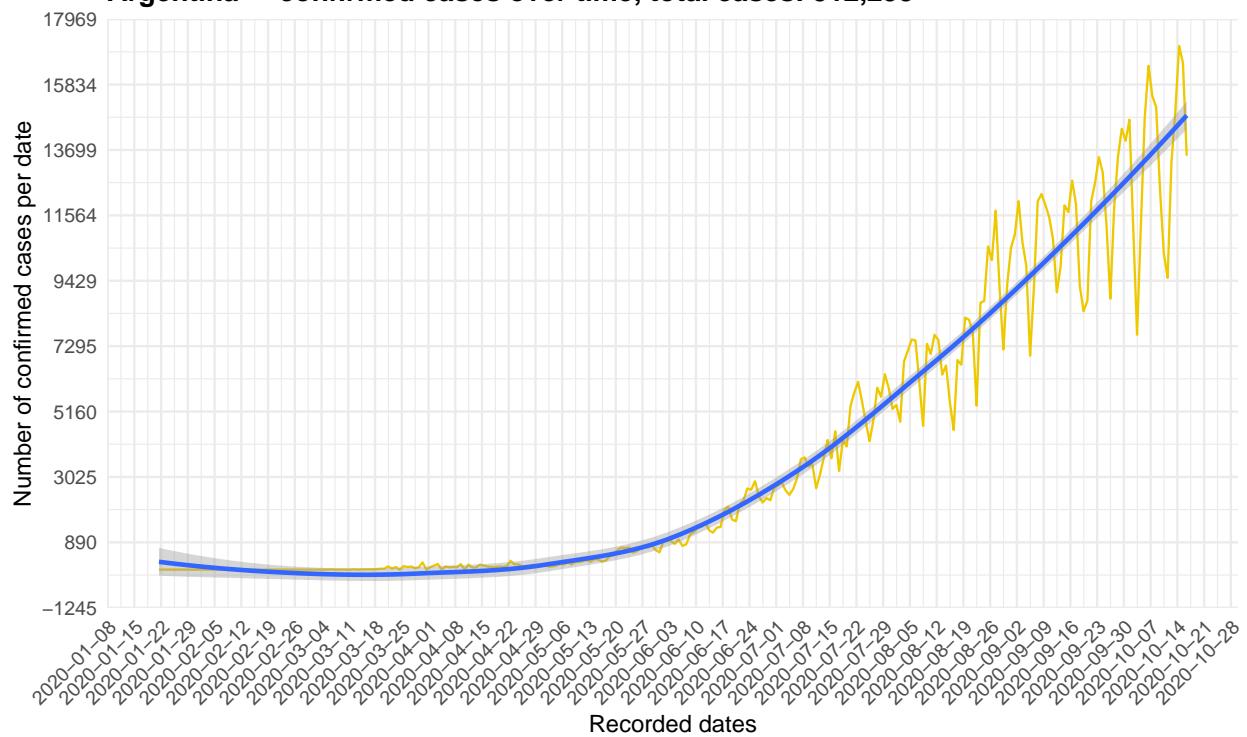

Antigua and Barbuda – confirmed cases over time, total cases: 95

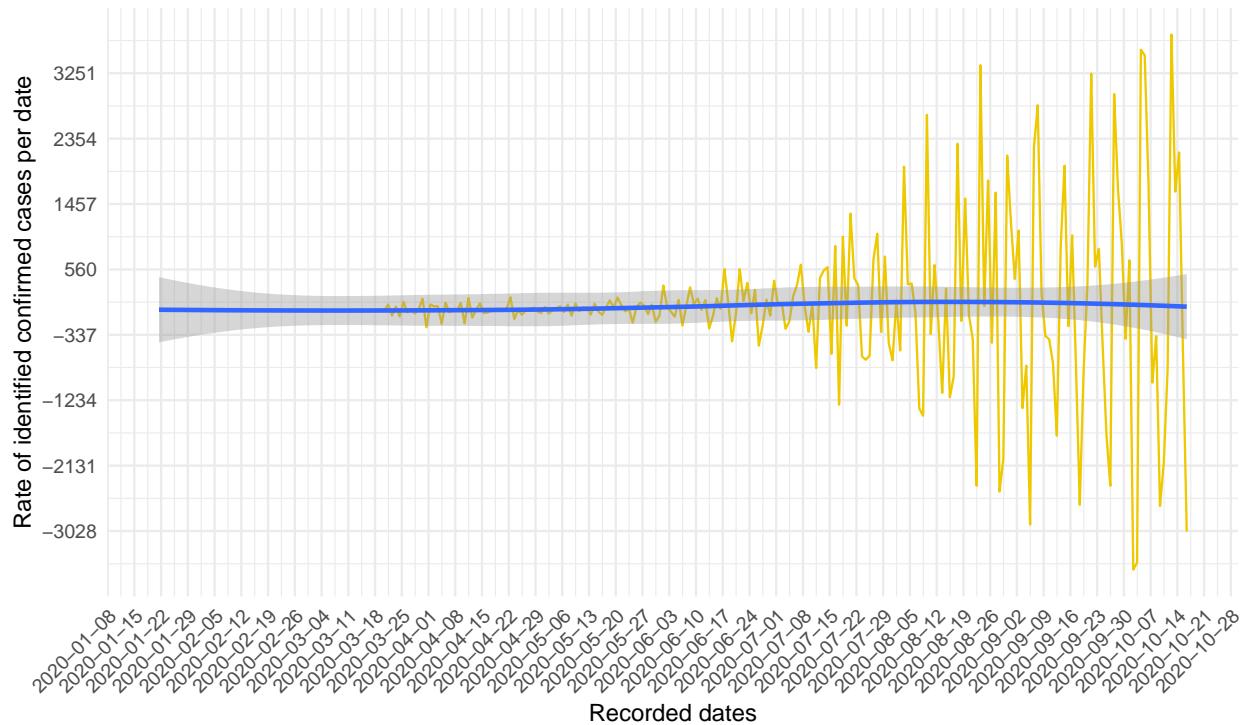

Antigua and Barbuda – rate of increase of confirmed cases over time

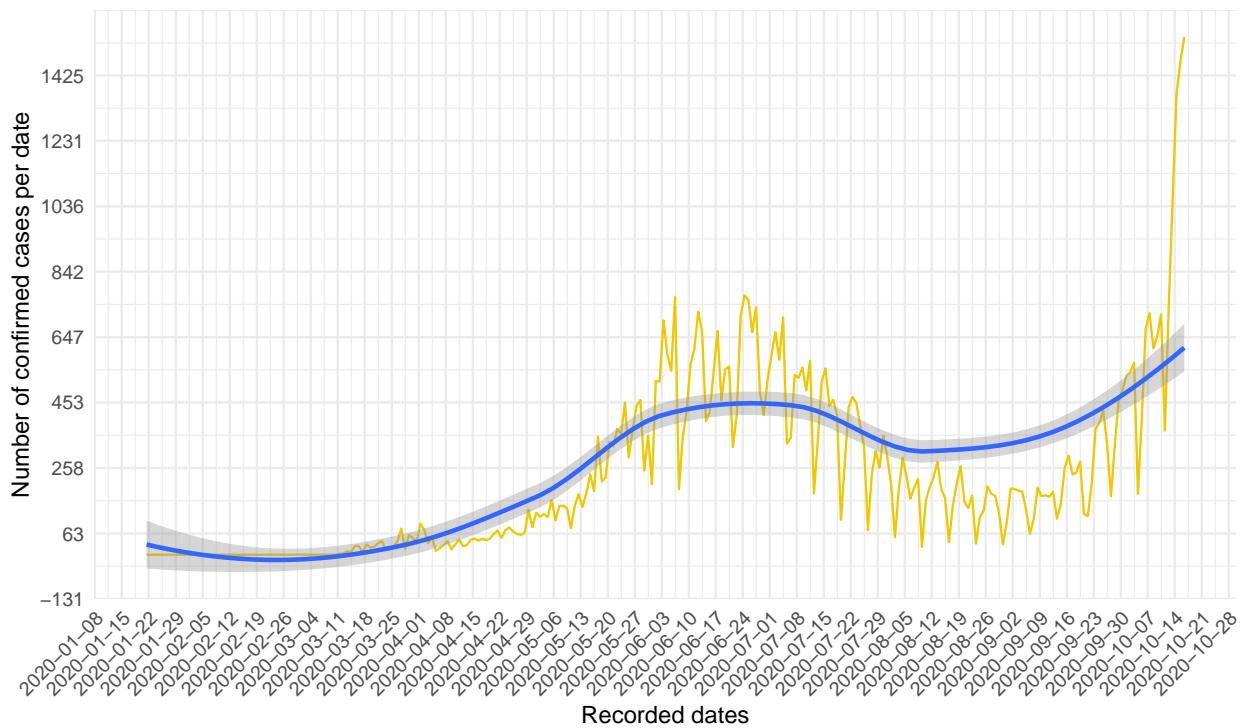

Argentina – confirmed cases over time, total cases: 512,293

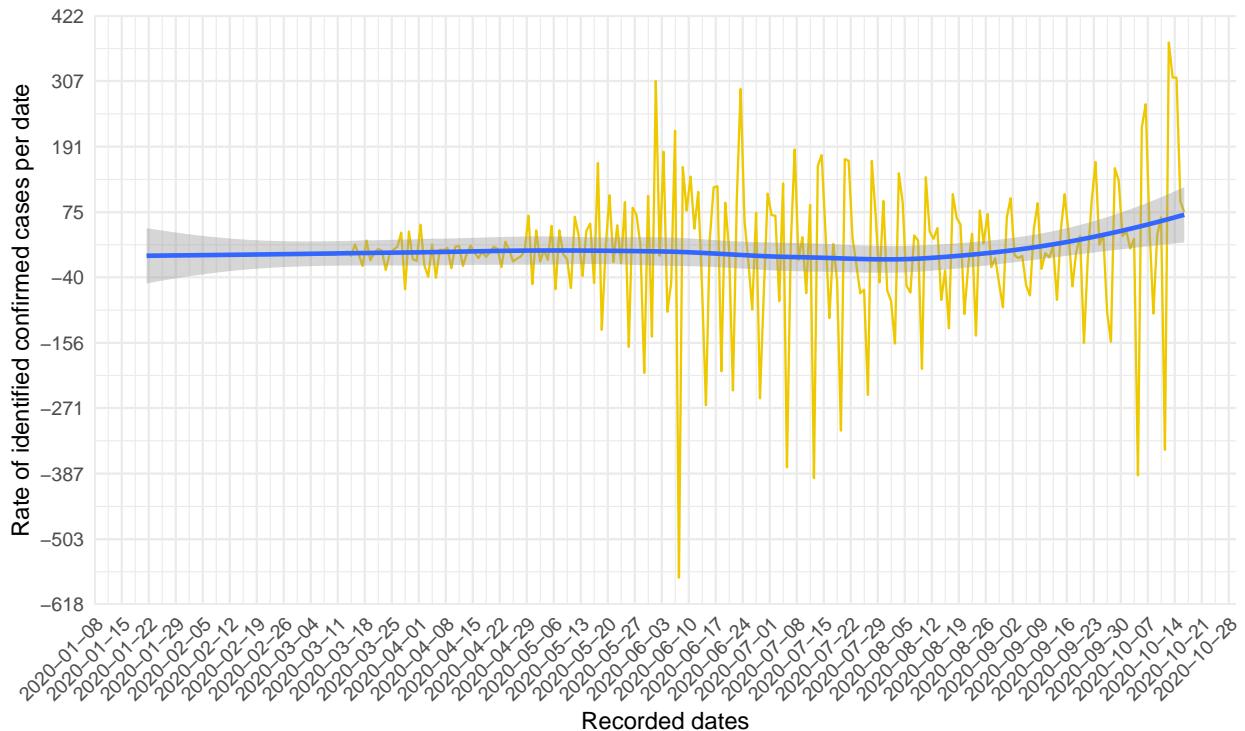

Argentina – rate of increase of confirmed cases over time

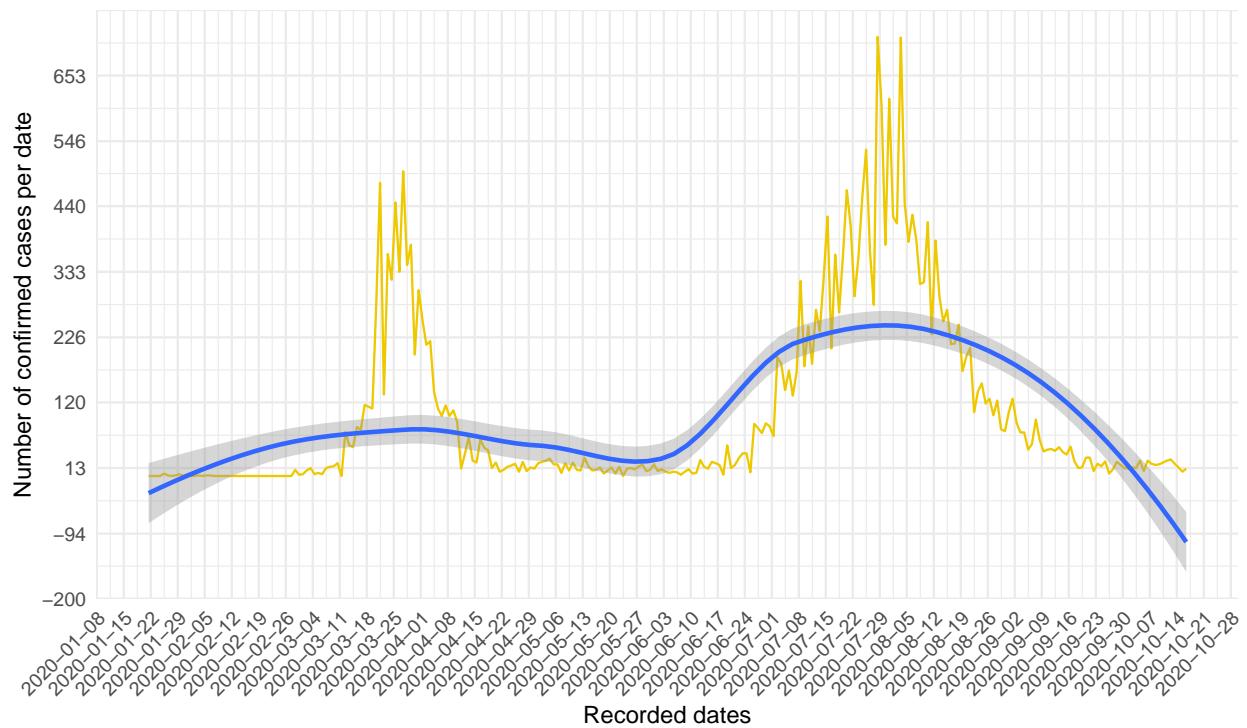

Armenia – confirmed cases over time, total cases: 45,152

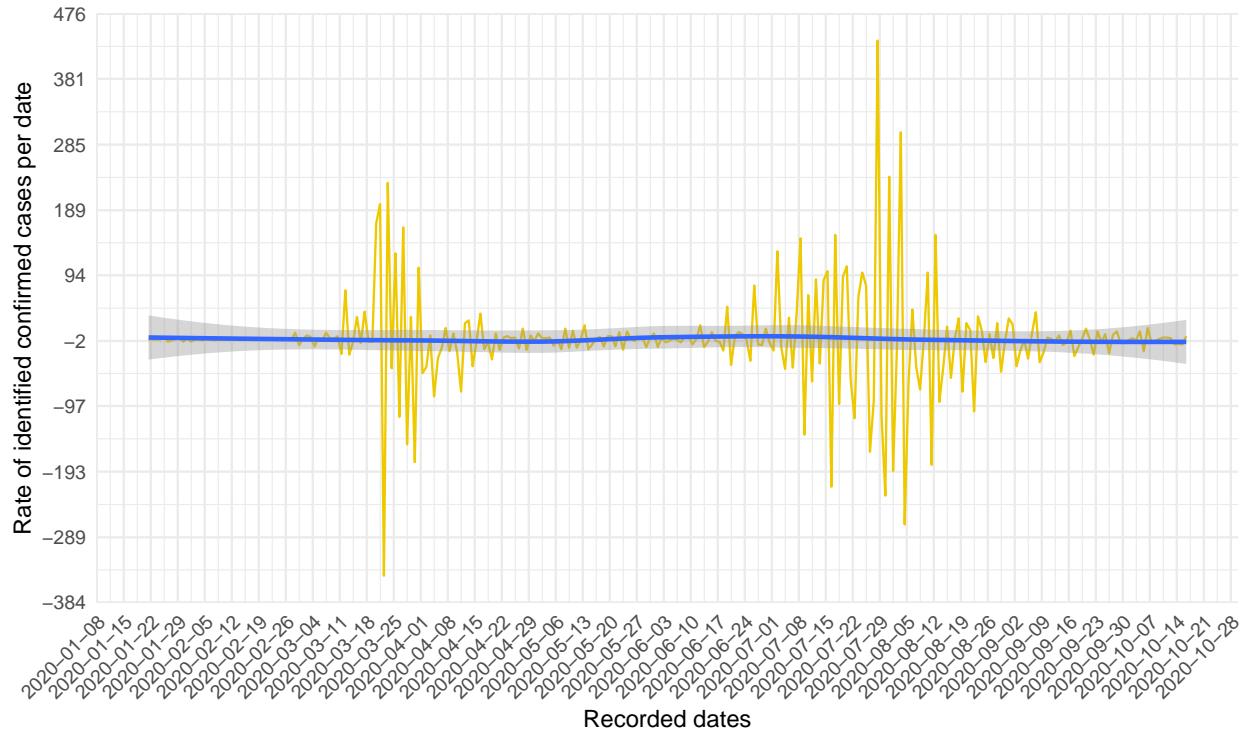

Armenia – rate of increase of confirmed cases over time

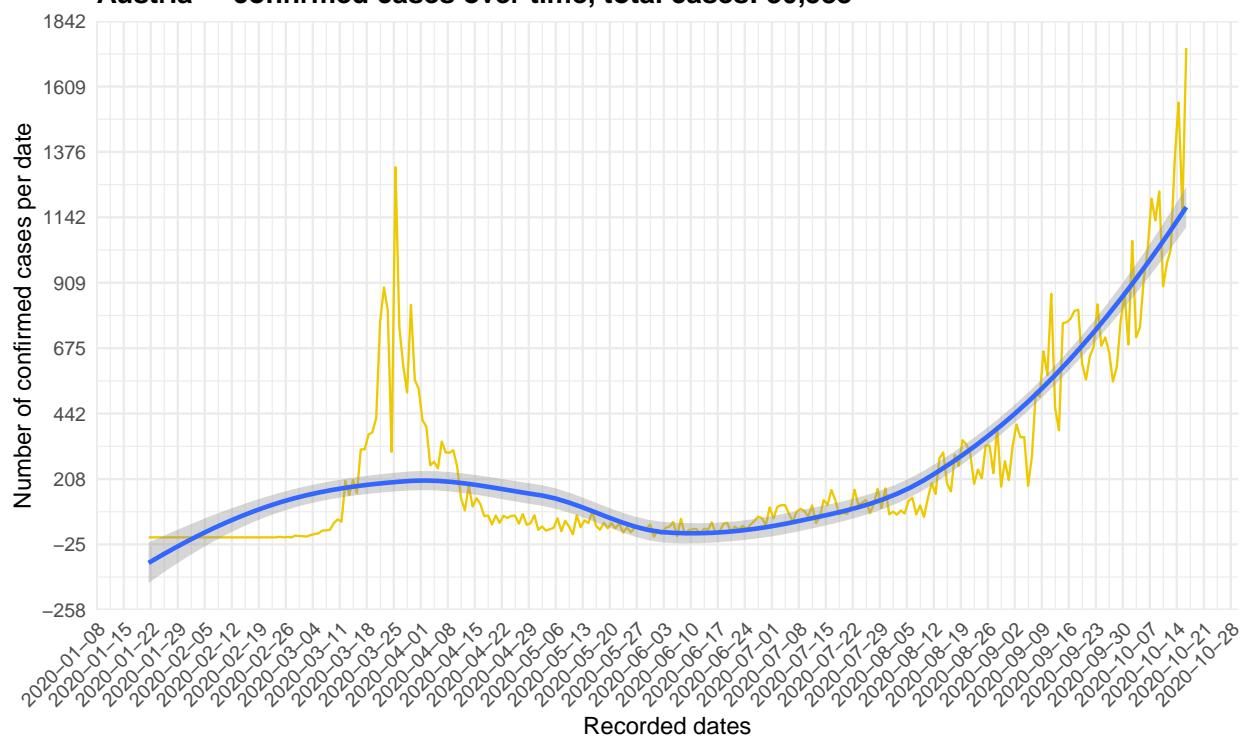

Australia – confirmed cases over time, total cases: 26,524

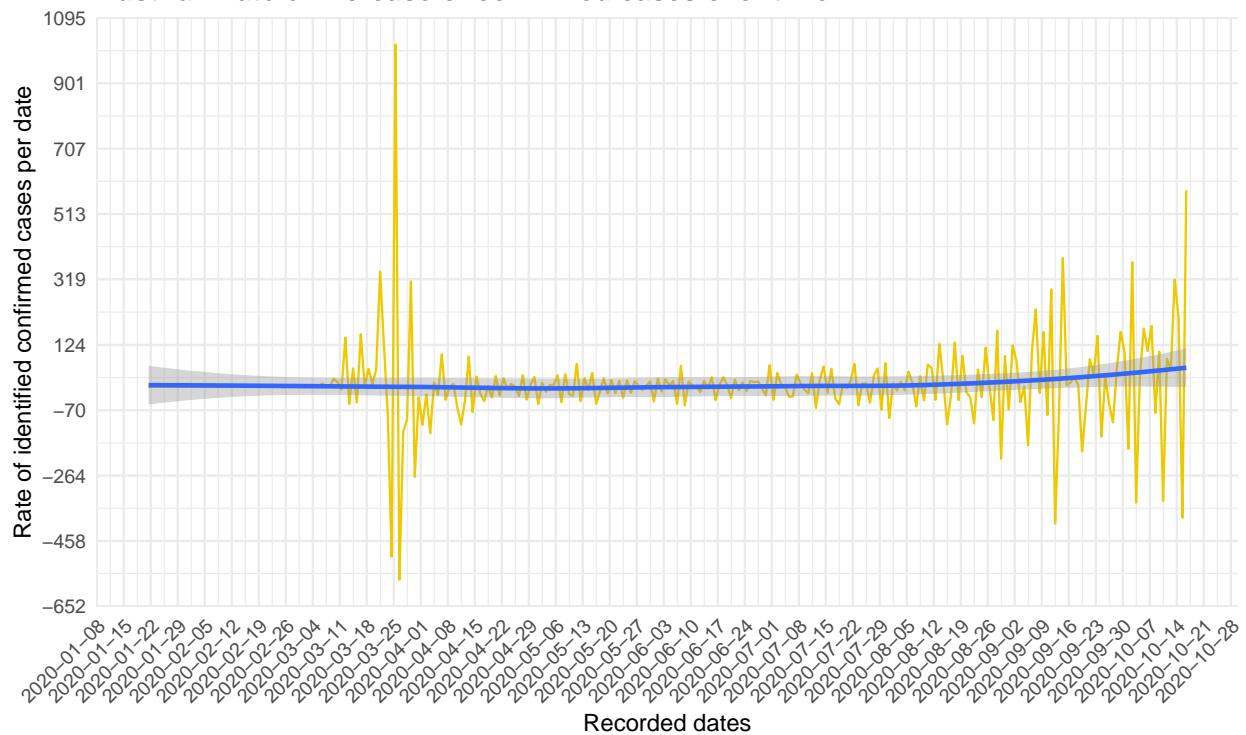

Australia – rate of increase of confirmed cases over time

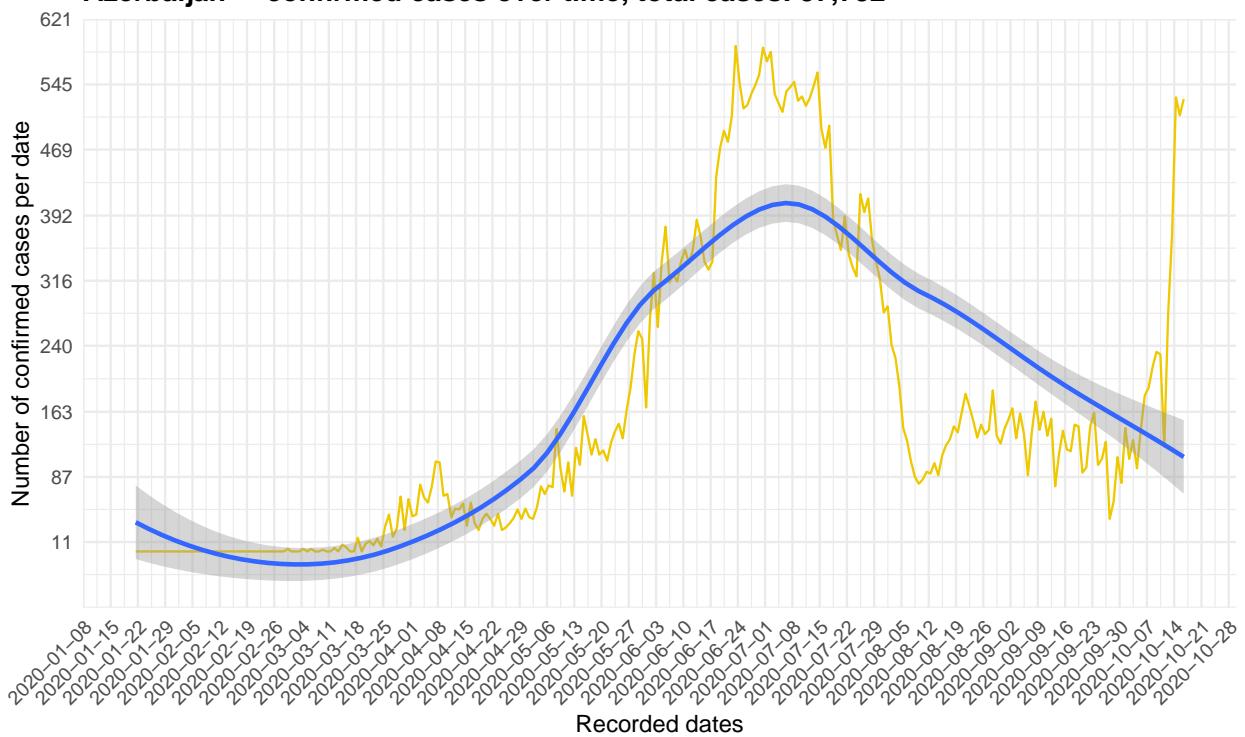

Austria – confirmed cases over time, total cases: 30,583

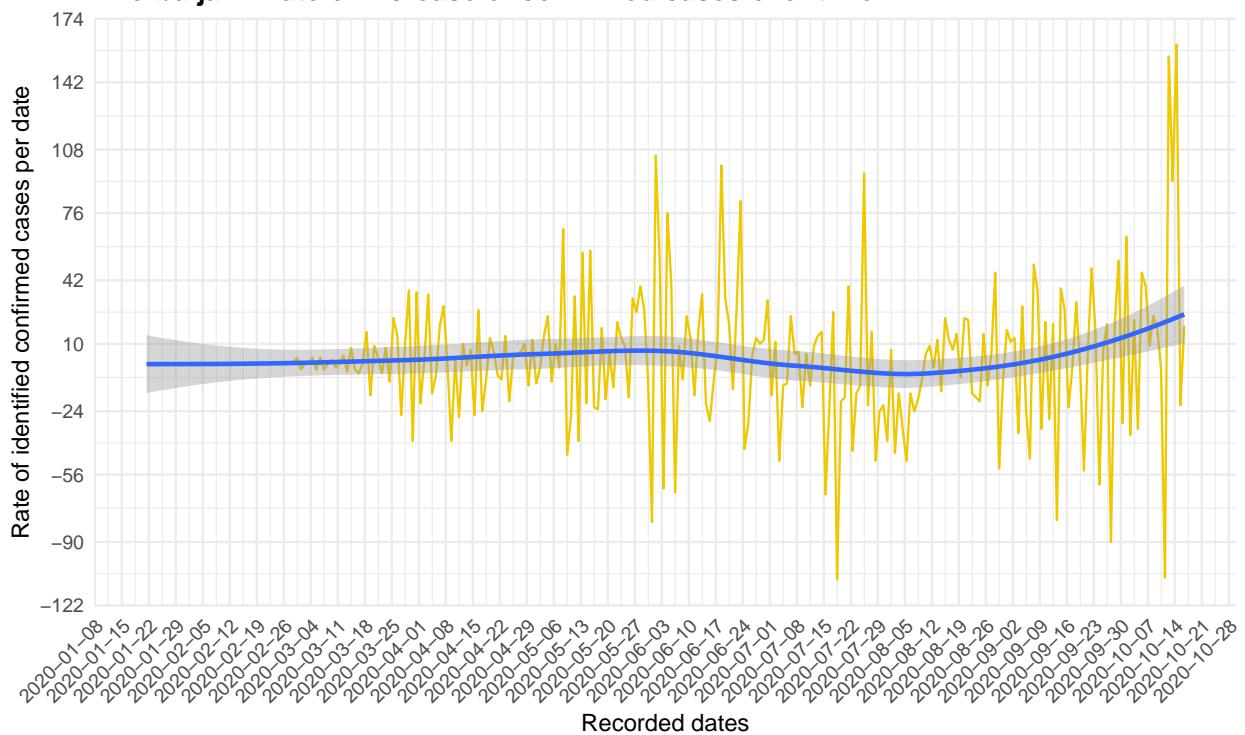

Austria – rate of increase of confirmed cases over time

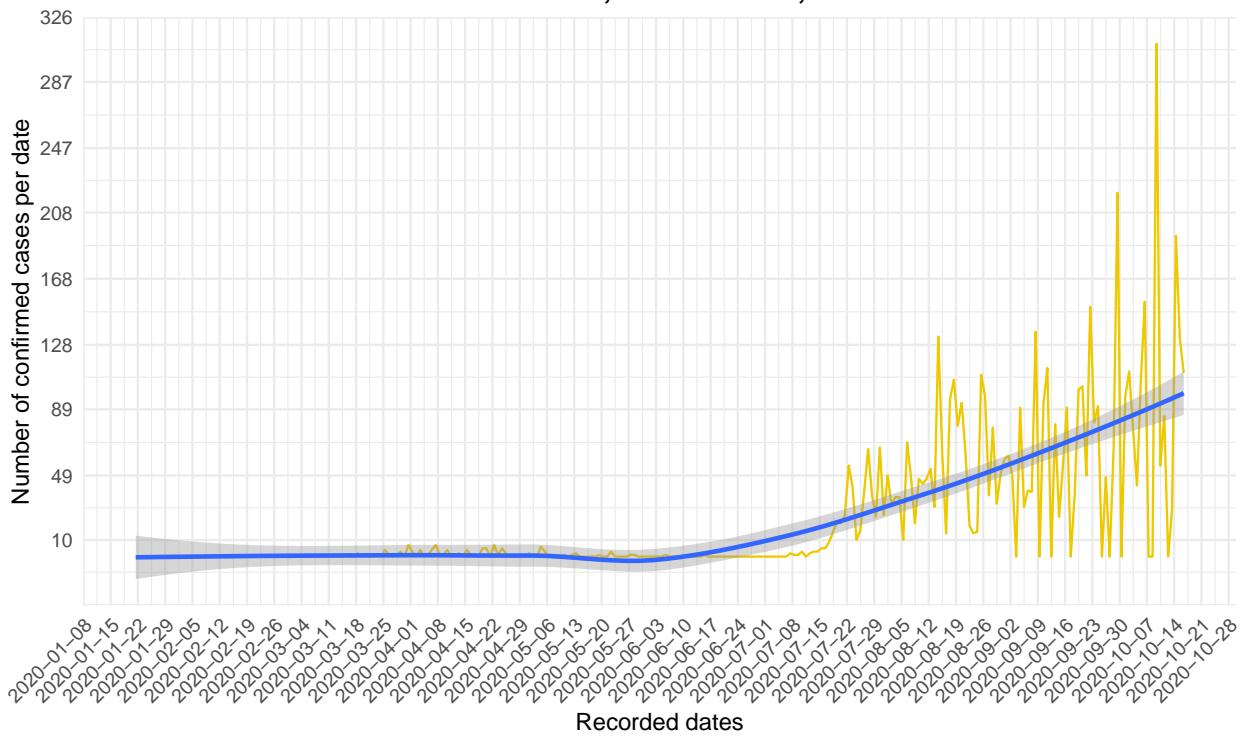

Azerbaijan – confirmed cases over time, total cases: 37,732

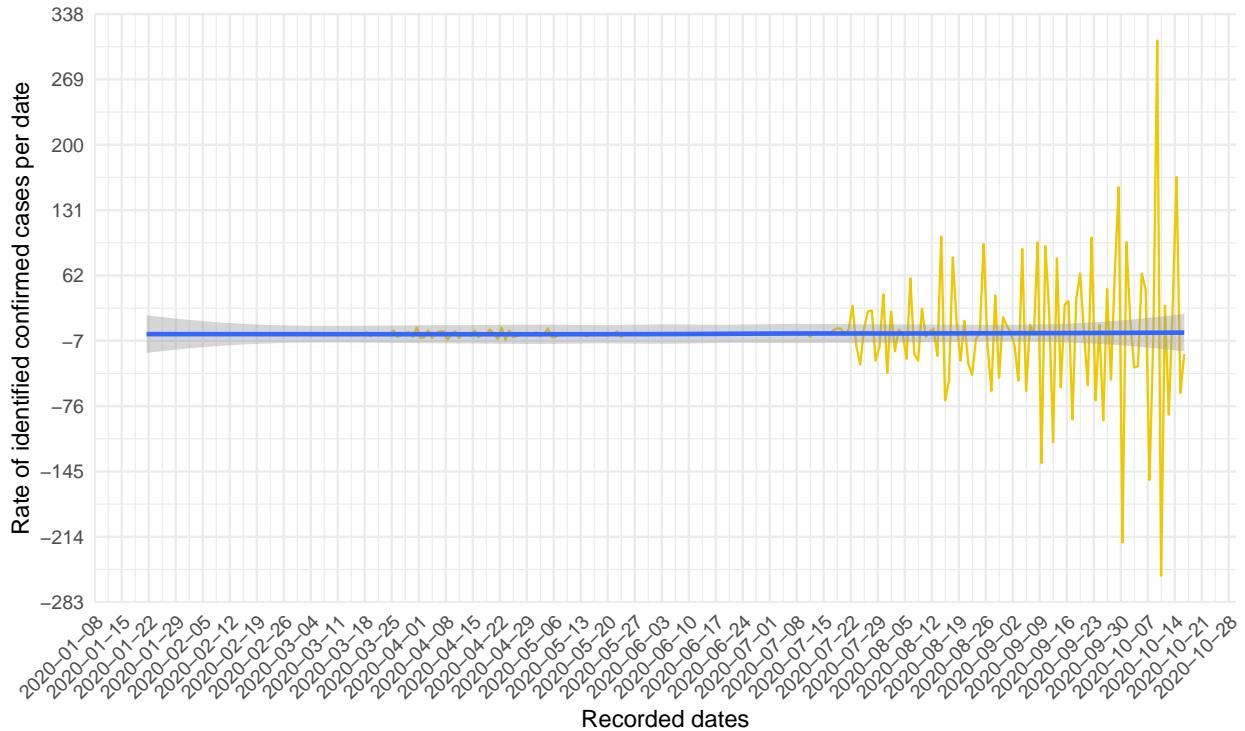

Azerbaijan – rate of increase of confirmed cases over time

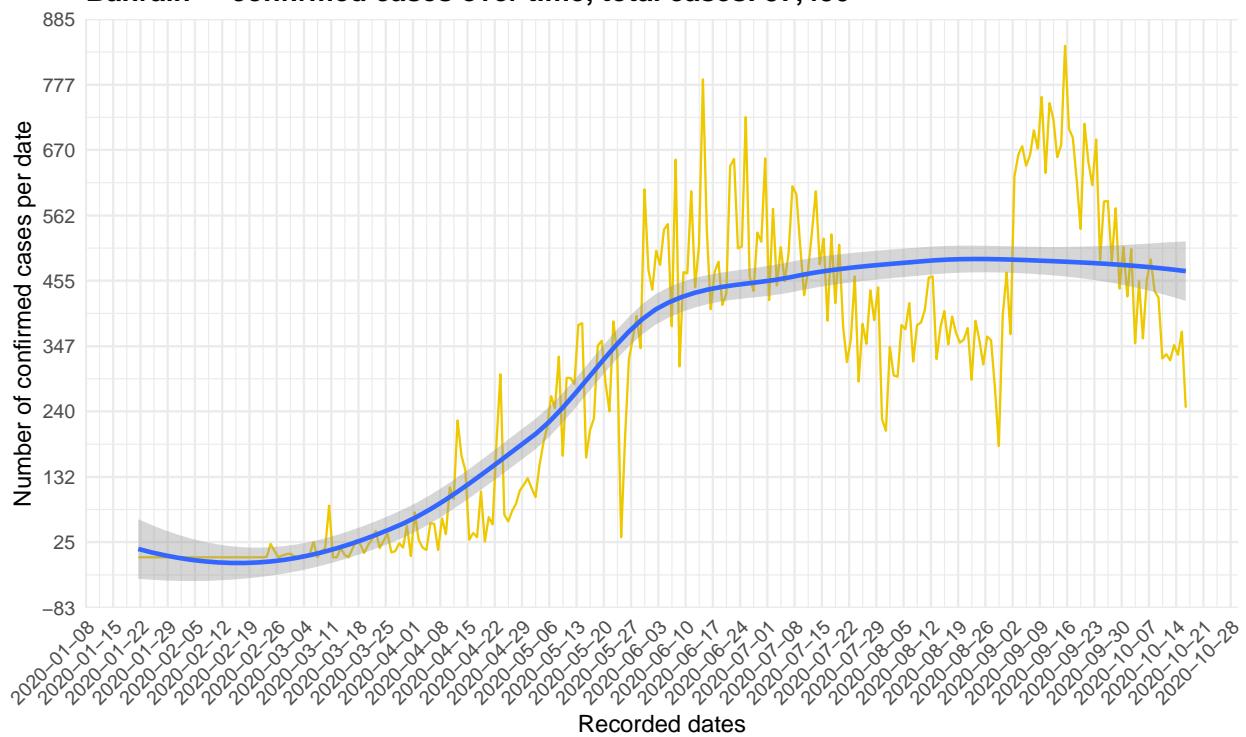

Bahamas – confirmed cases over time, total cases: 2,721

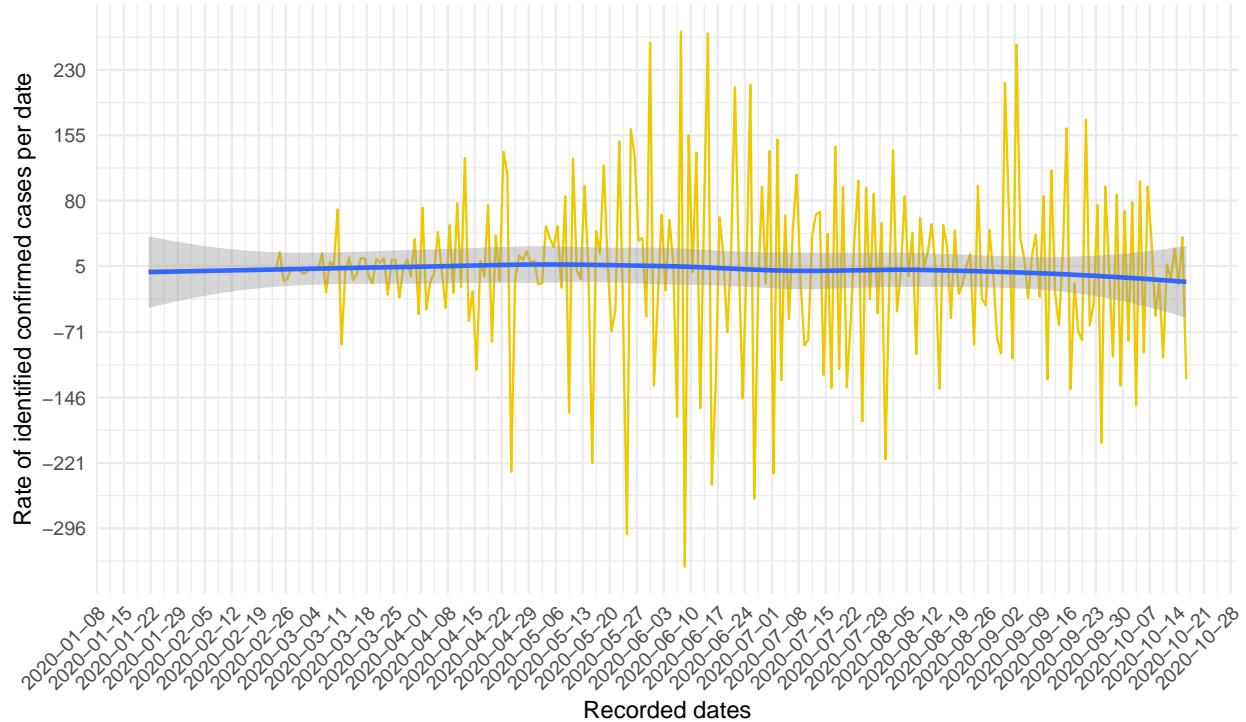

Bahamas – rate of increase of confirmed cases over time

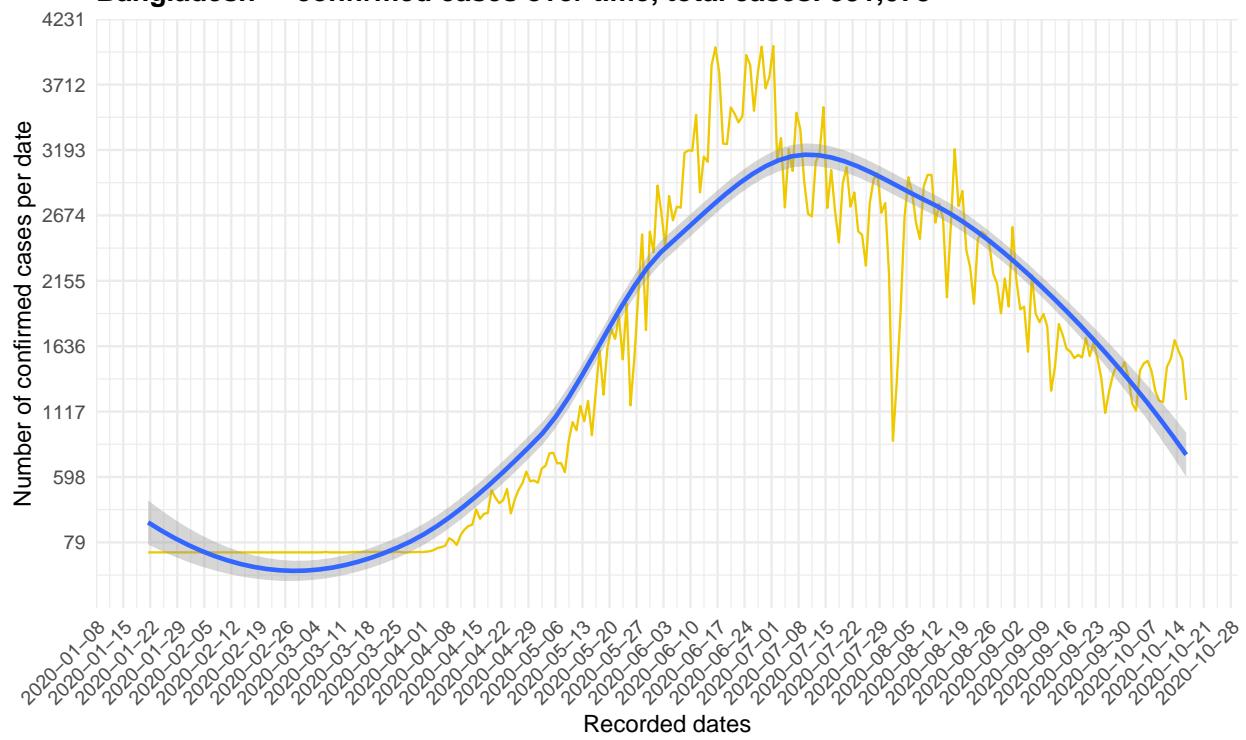

Bahrain – confirmed cases over time, total cases: 57,450

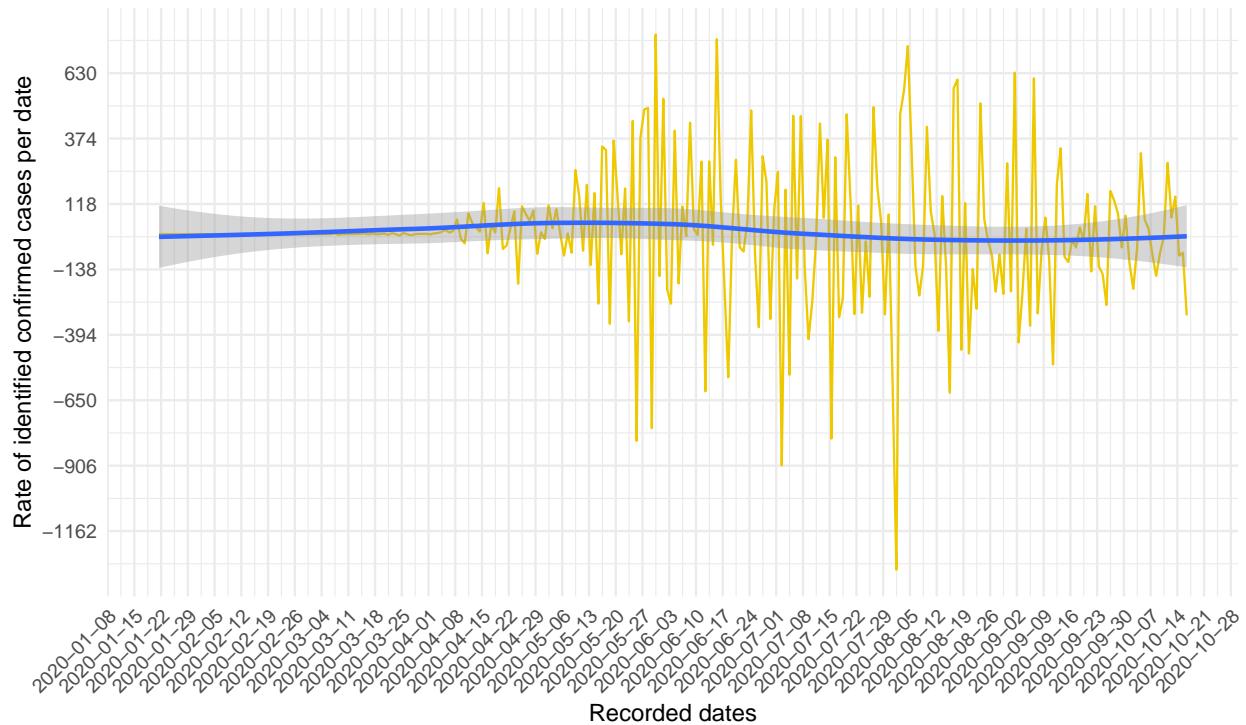

Bahrain – rate of increase of confirmed cases over time

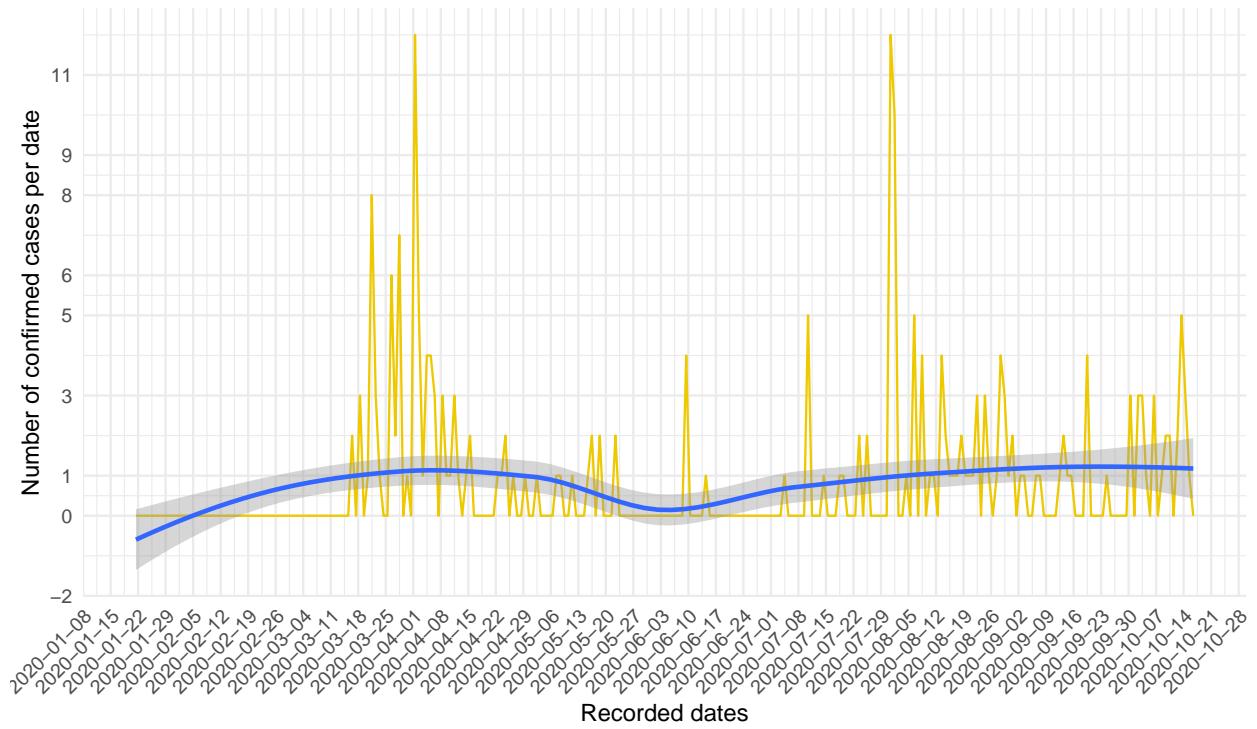

Bangladesh – confirmed cases over time, total cases: 331,078

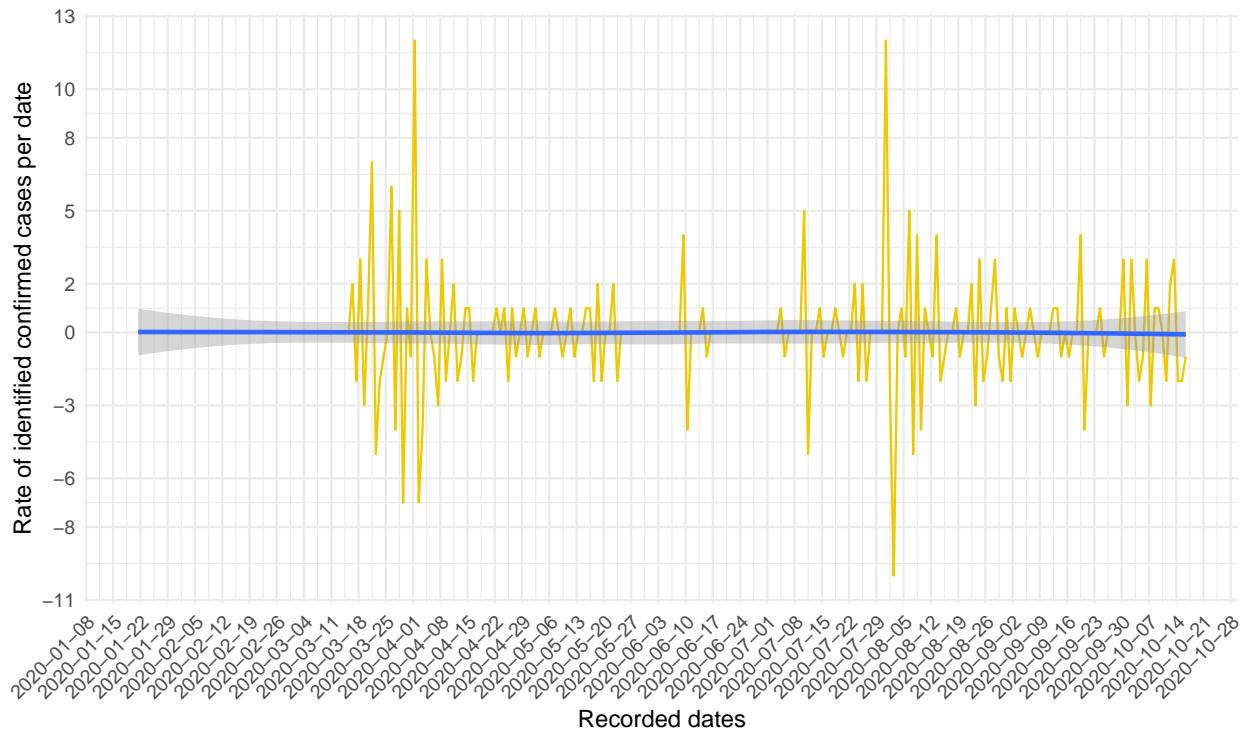

Bangladesh – rate of increase of confirmed cases over time

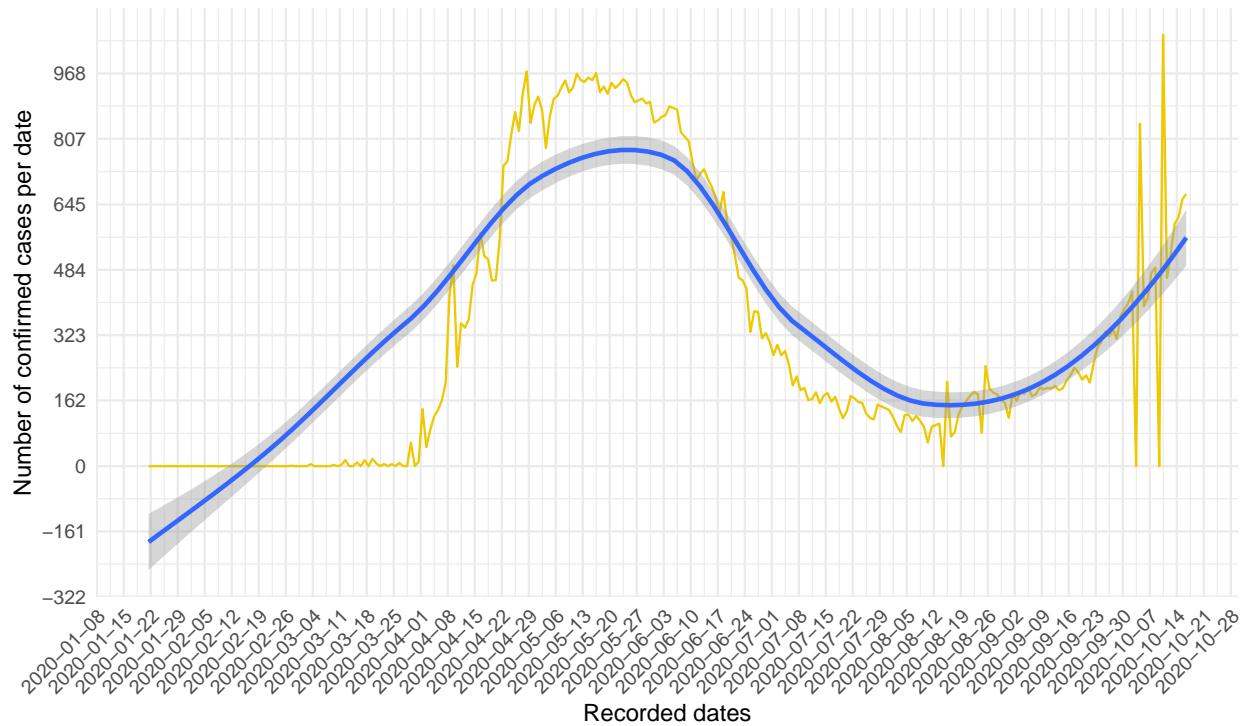

Barbados – confirmed cases over time, total cases: 180

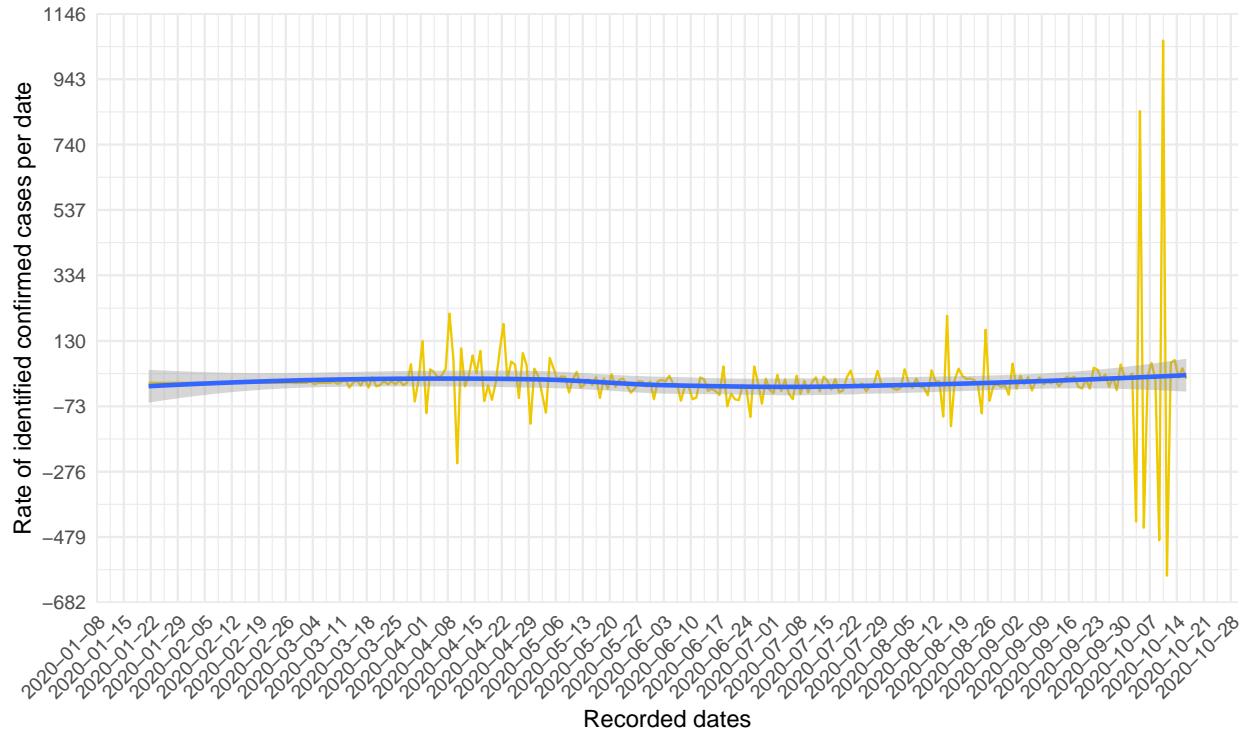

Barbados – rate of increase of confirmed cases over time

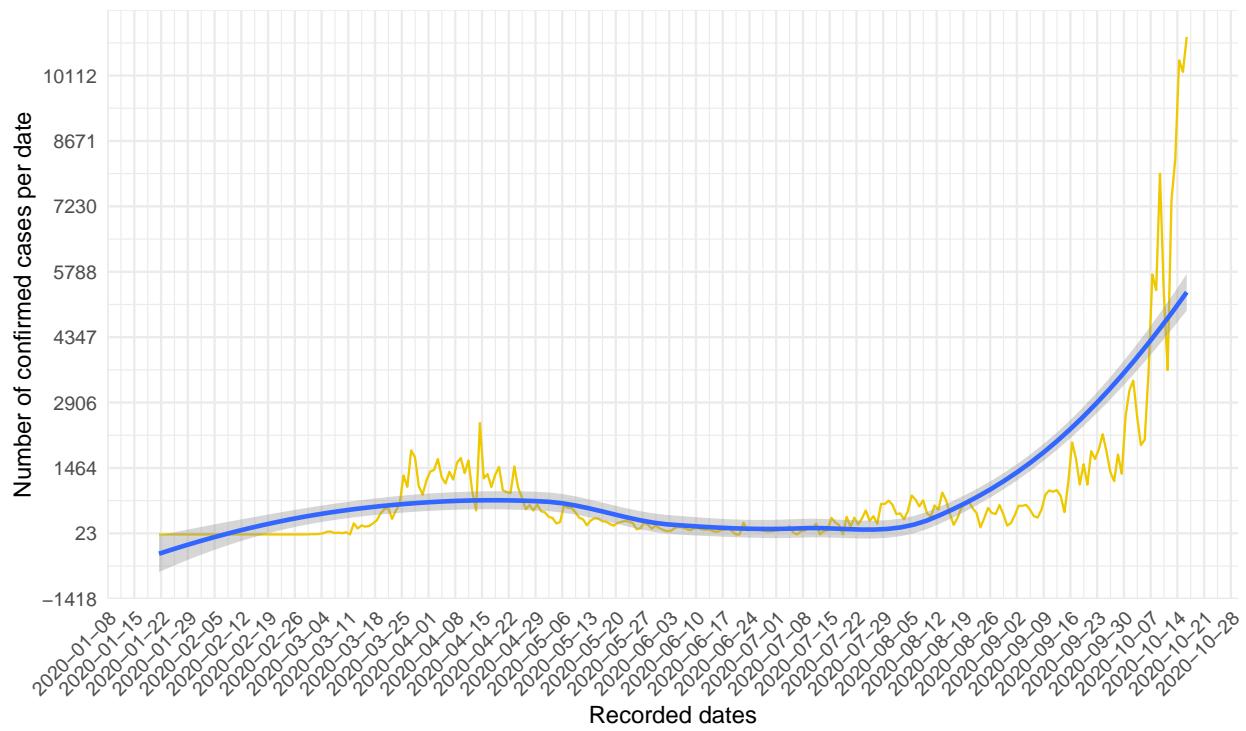

Belarus – confirmed cases over time, total cases: 73,402

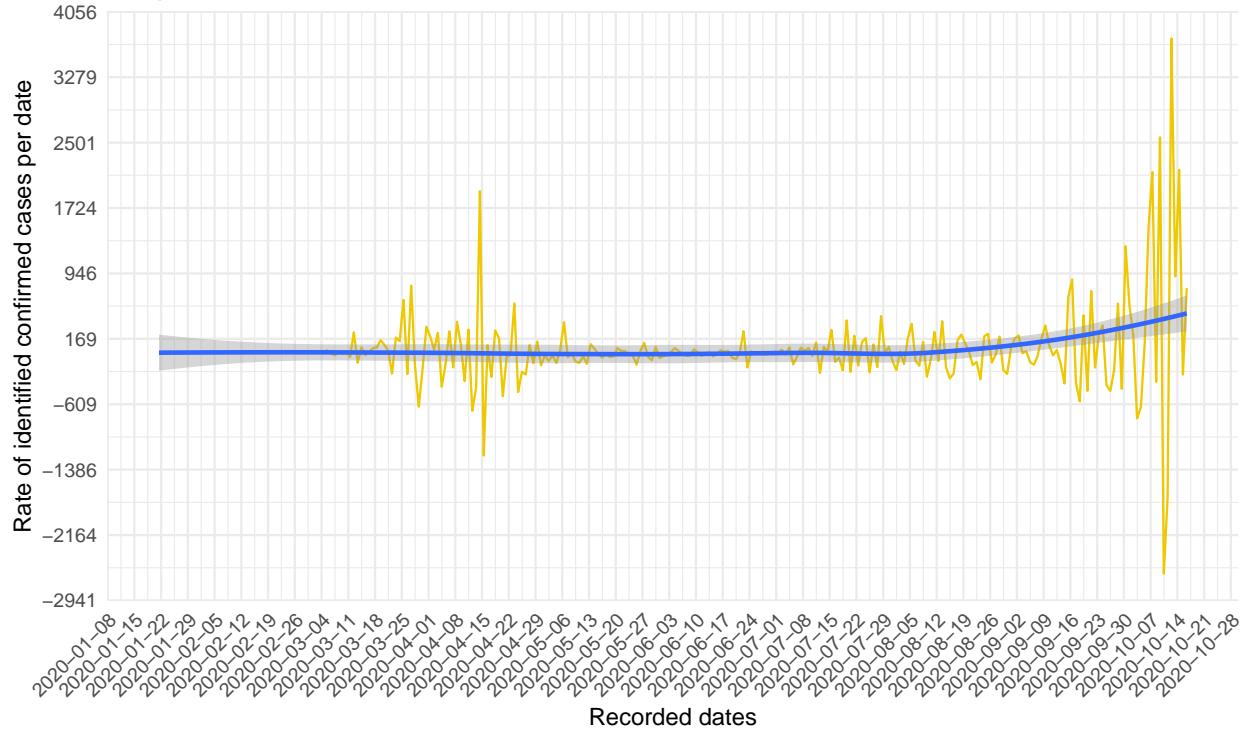

Belarus – rate of increase of confirmed cases over time

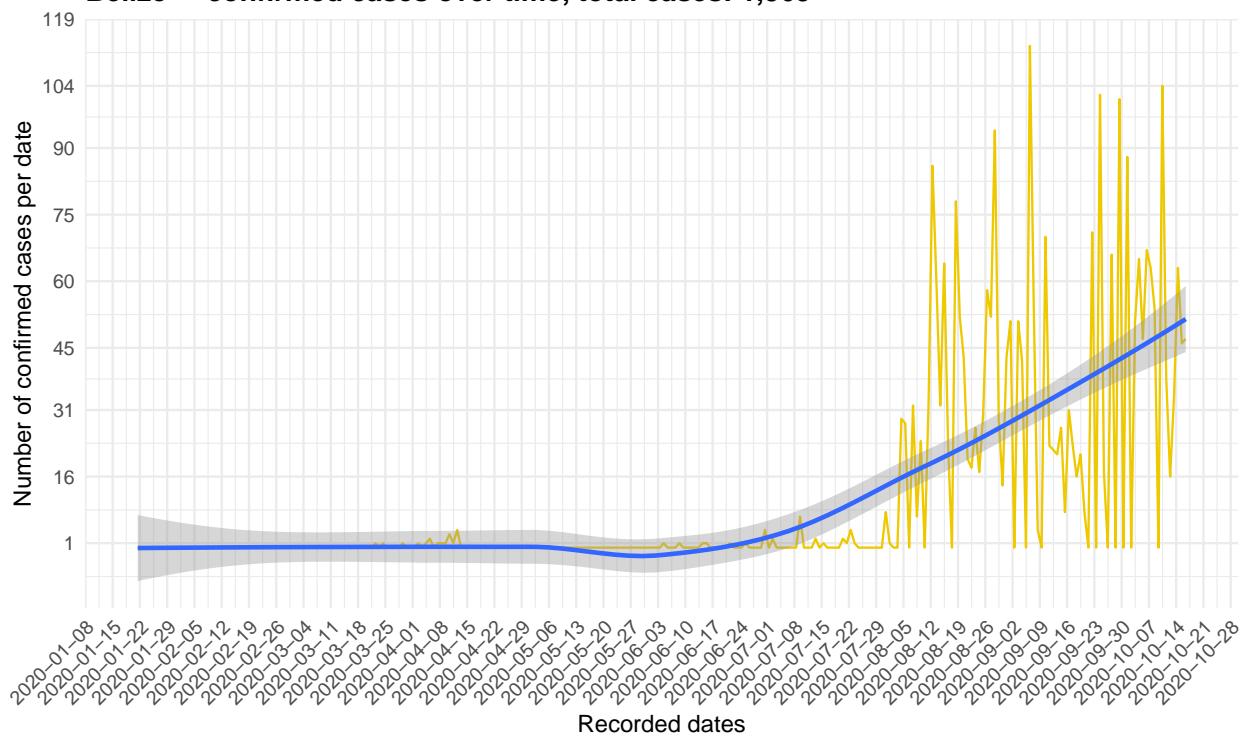

Belgium – confirmed cases over time, total cases: 89,691

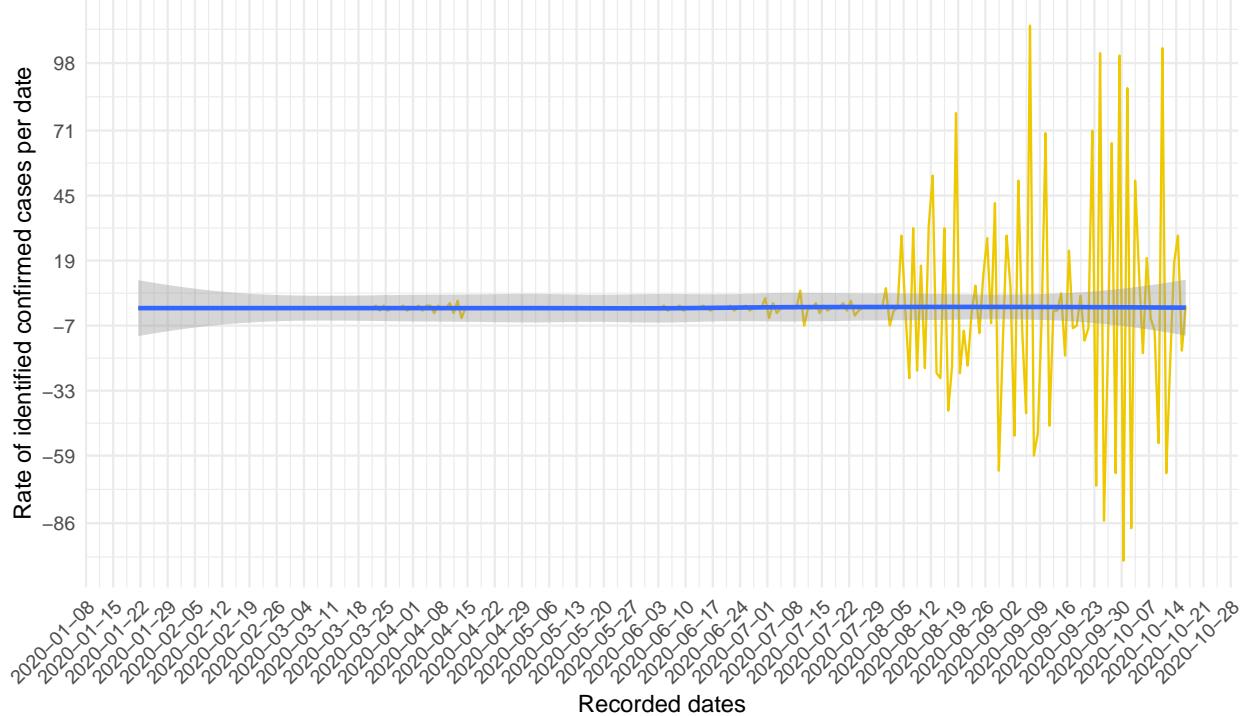

Belgium – rate of increase of confirmed cases over time

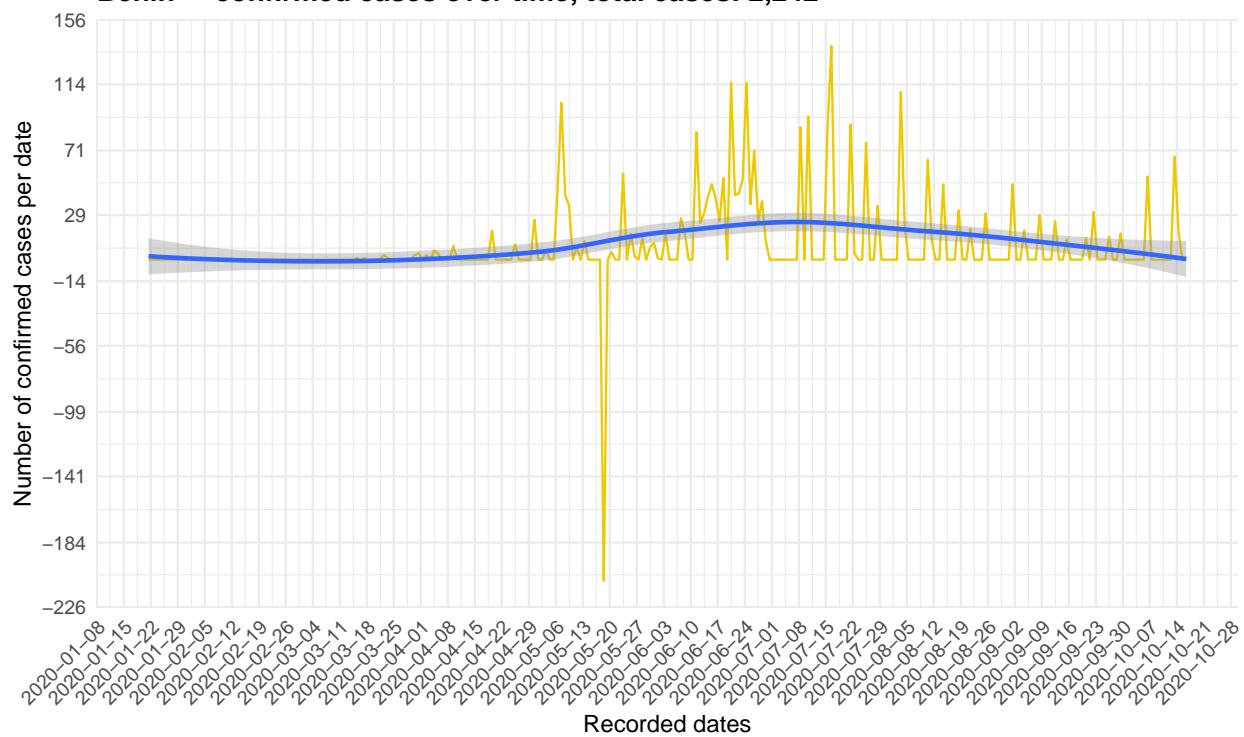

Belize – confirmed cases over time, total cases: 1,365

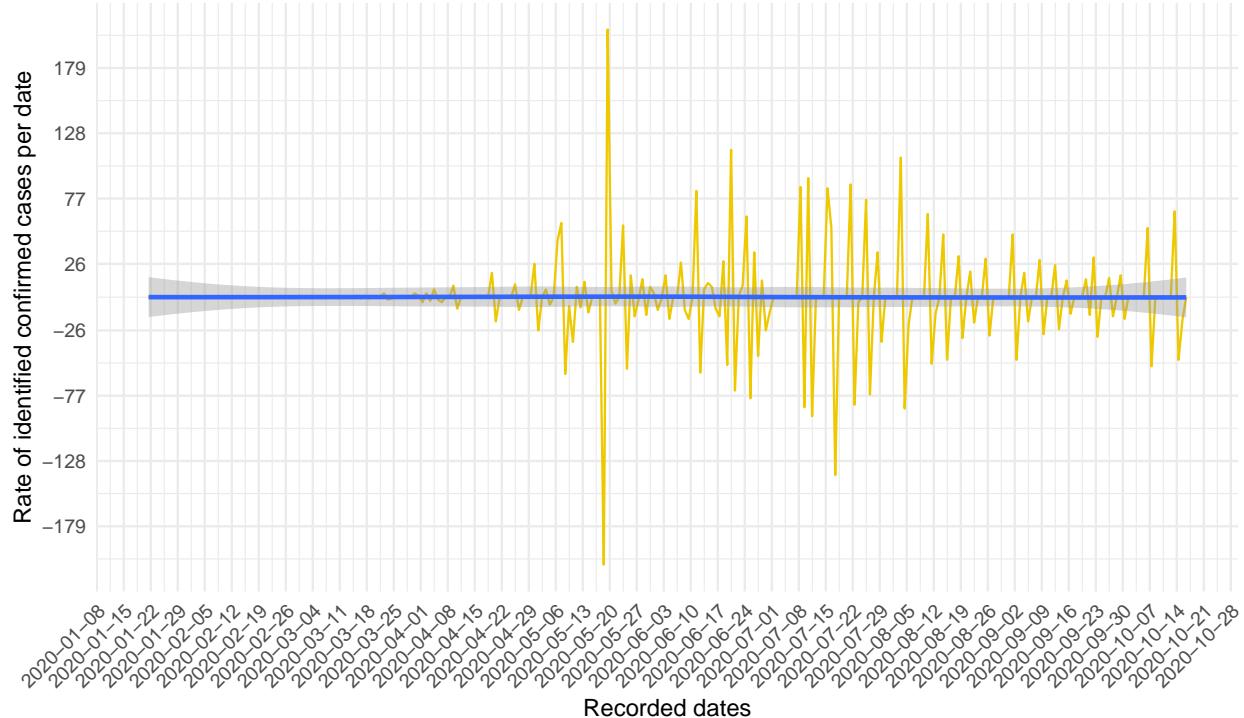

Belize – rate of increase of confirmed cases over time

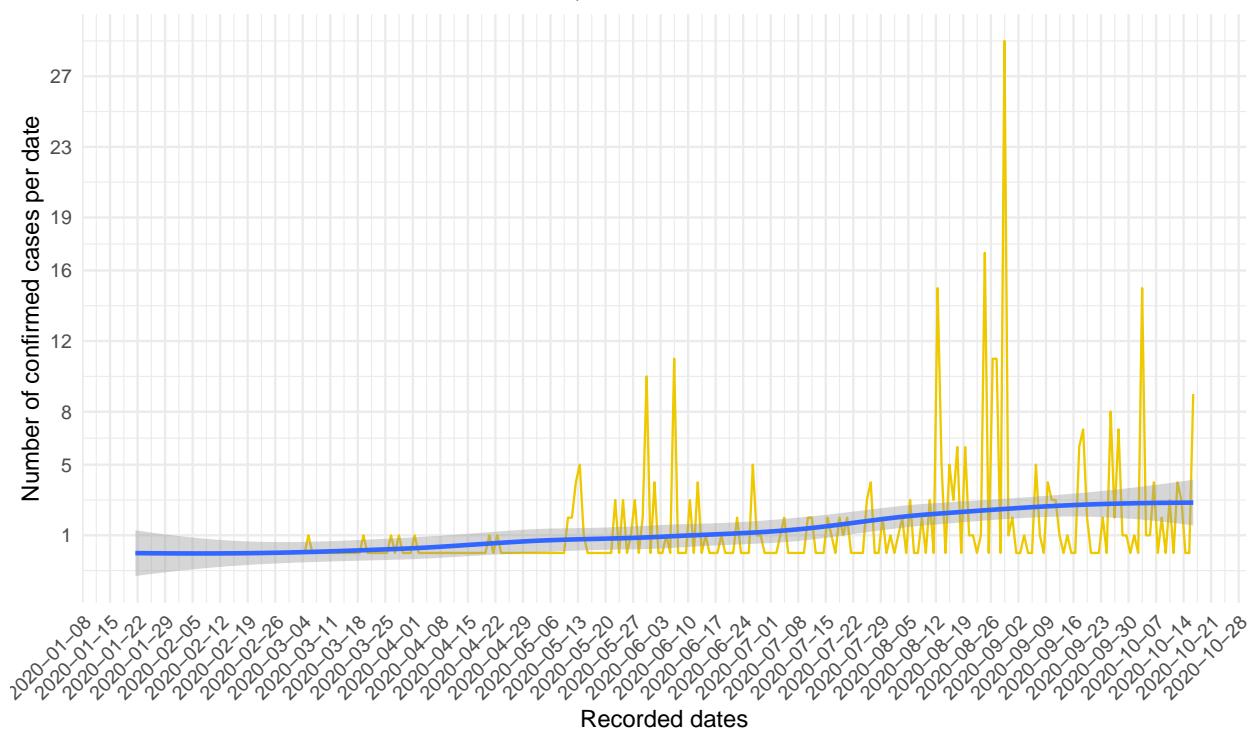

Benin – confirmed cases over time, total cases: 2,242

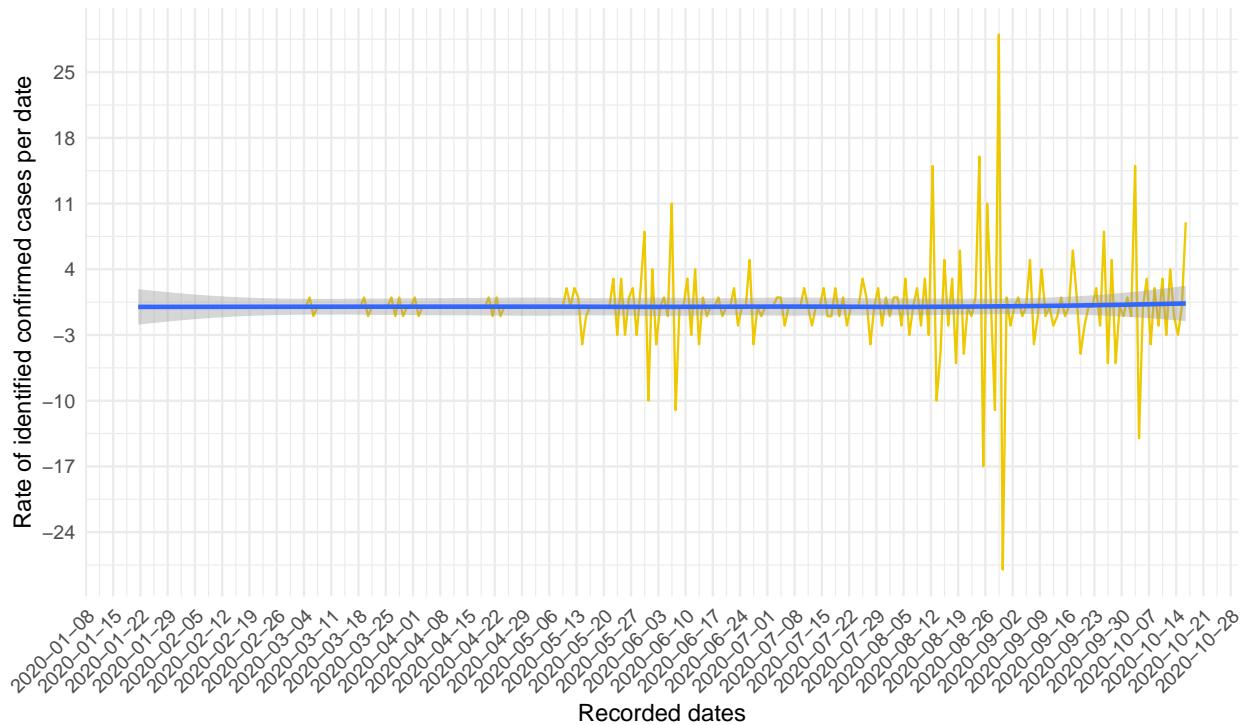

Benin – rate of increase of confirmed cases over time

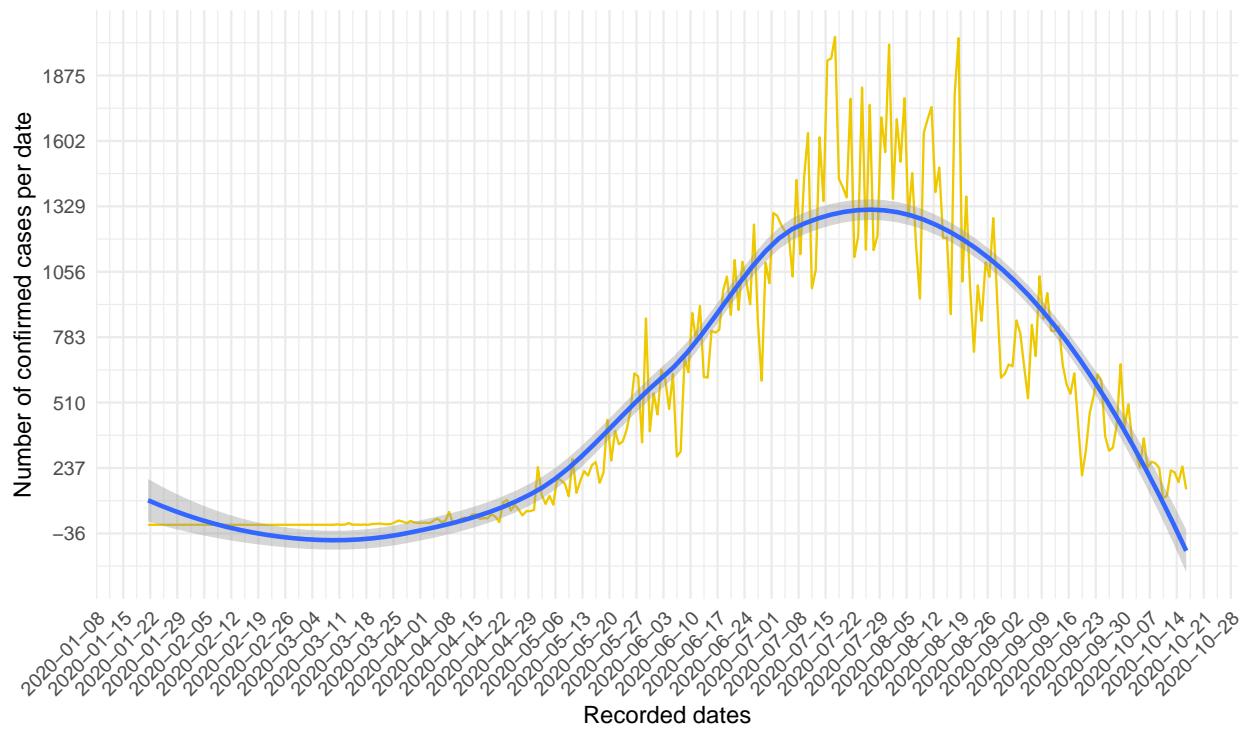

Bhutan – confirmed cases over time, total cases: 234

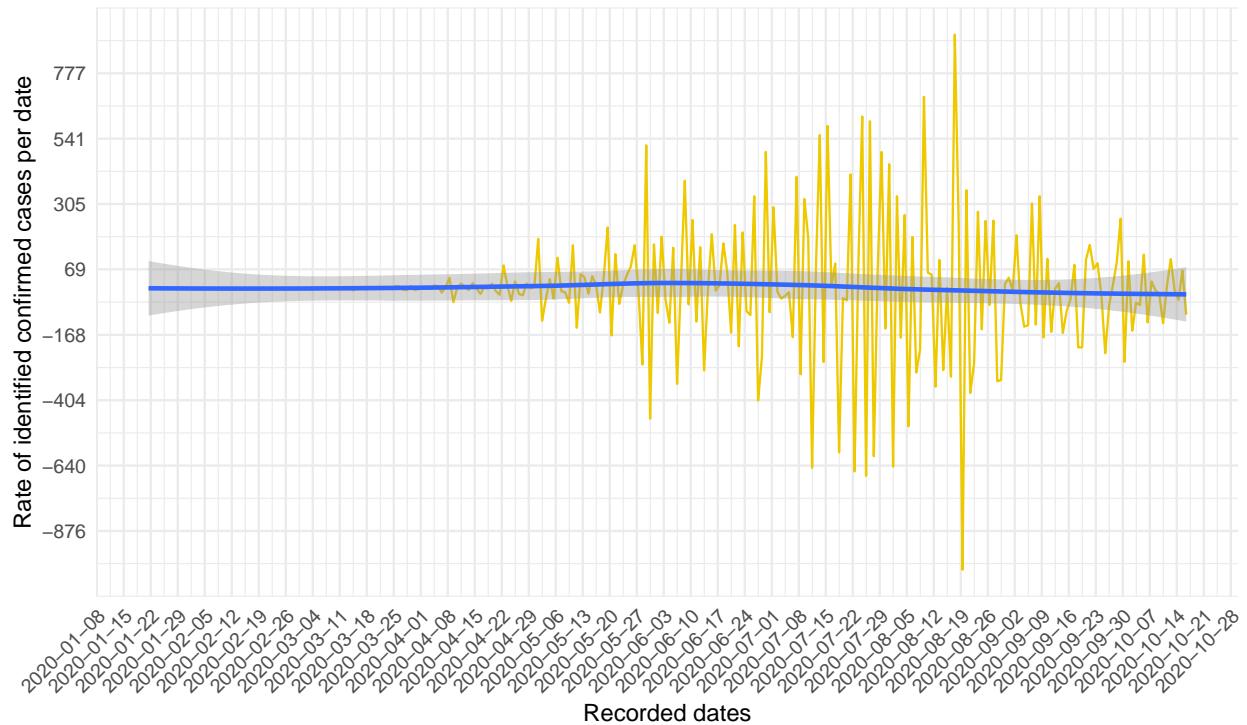

Bhutan – rate of increase of confirmed cases over time

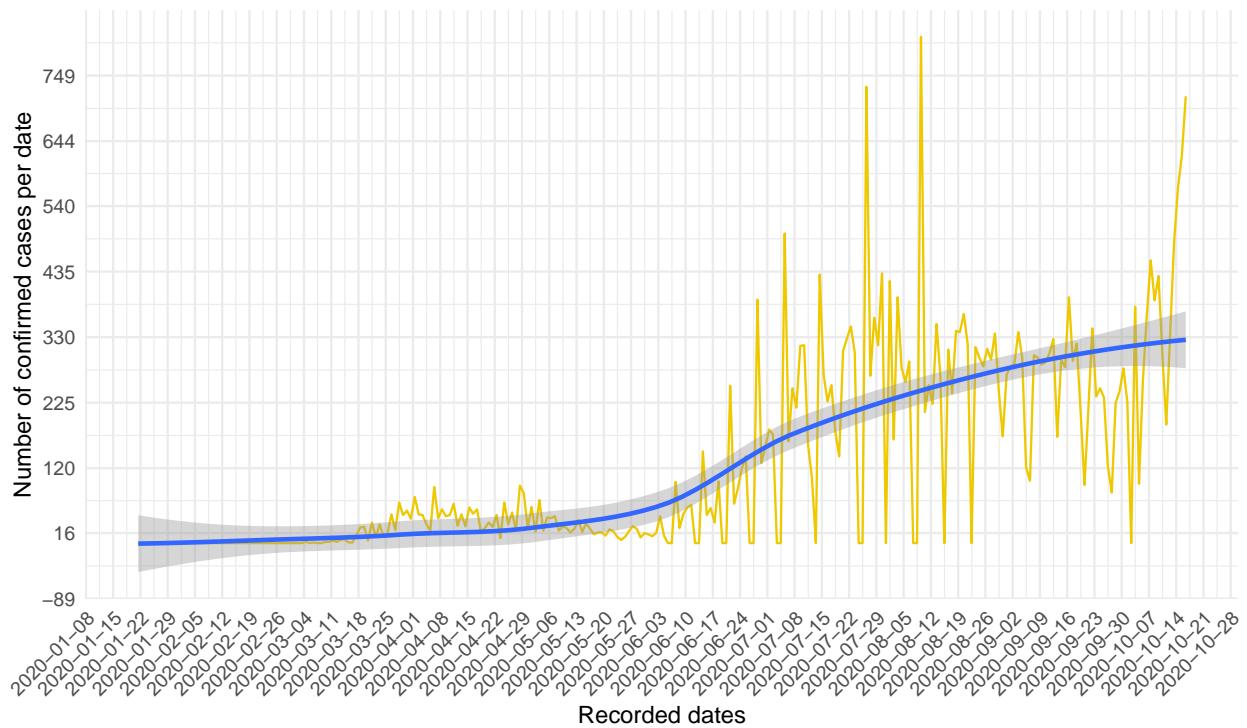

Bolivia – confirmed cases over time, total cases: 123,345

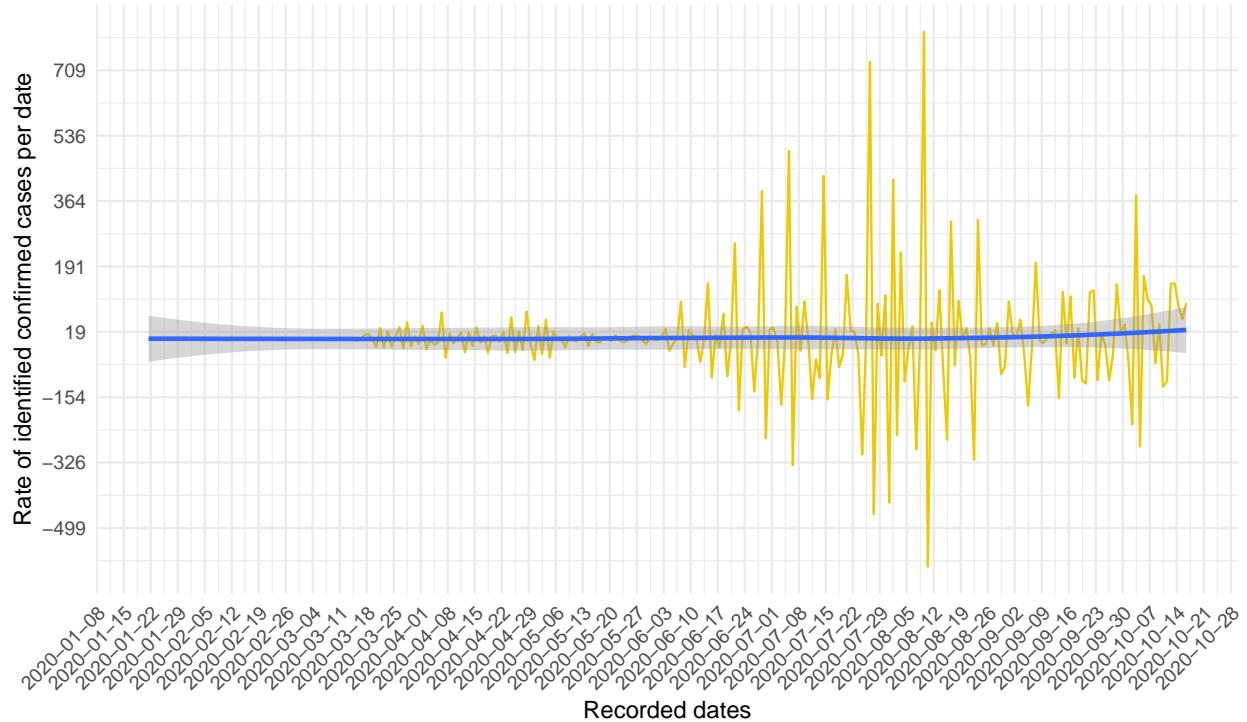

Bolivia – rate of increase of confirmed cases over time

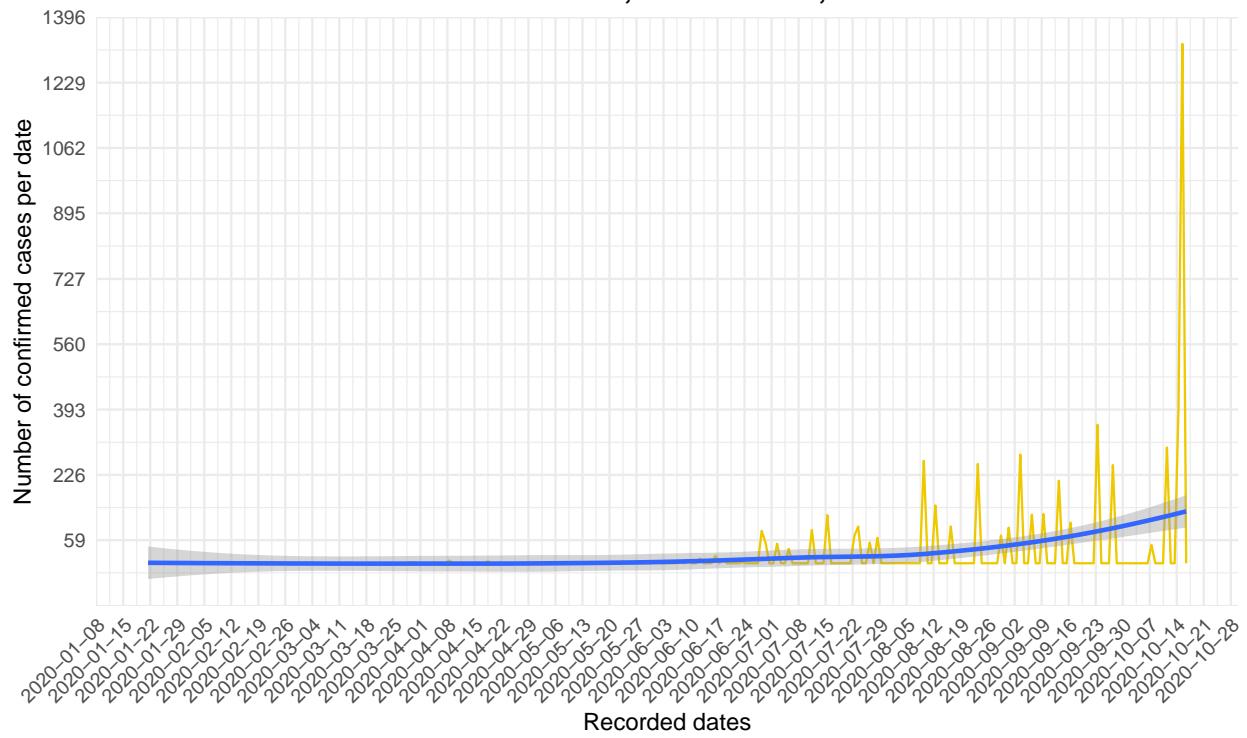

Bosnia and Herzegovina – confirmed cases over time, total cases: 22,258

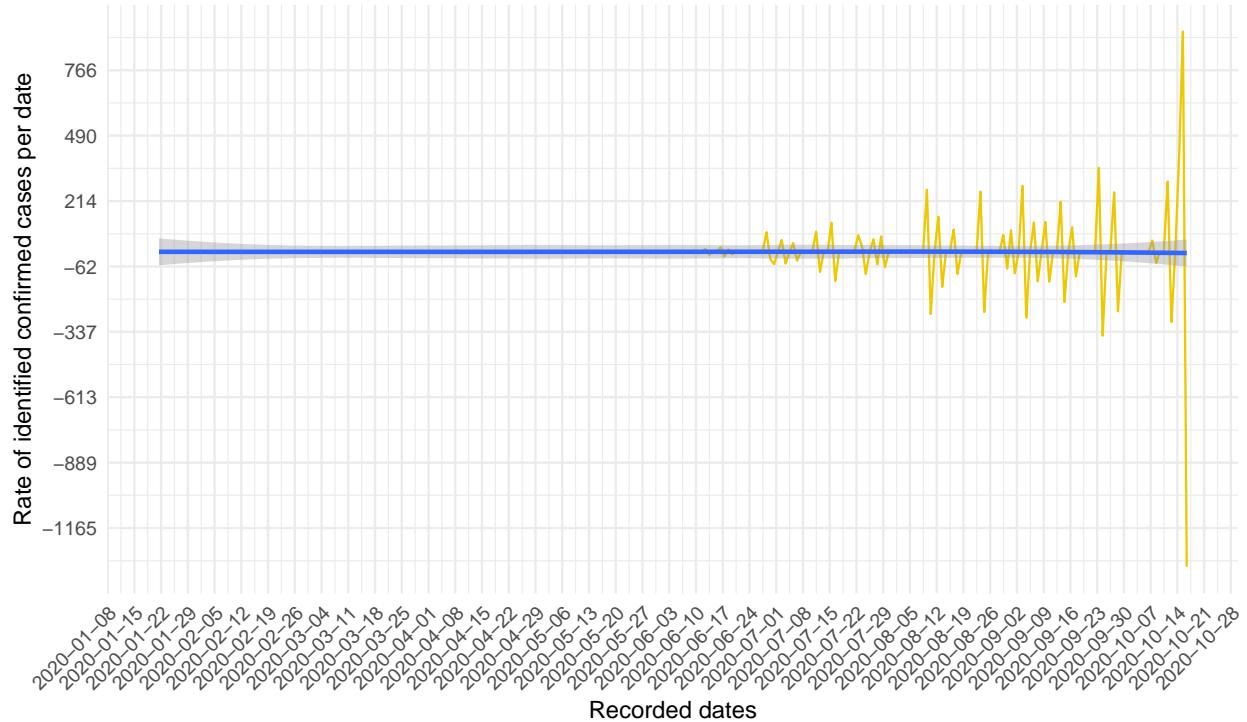

Bosnia and Herzegovina – rate of increase of confirmed cases over time

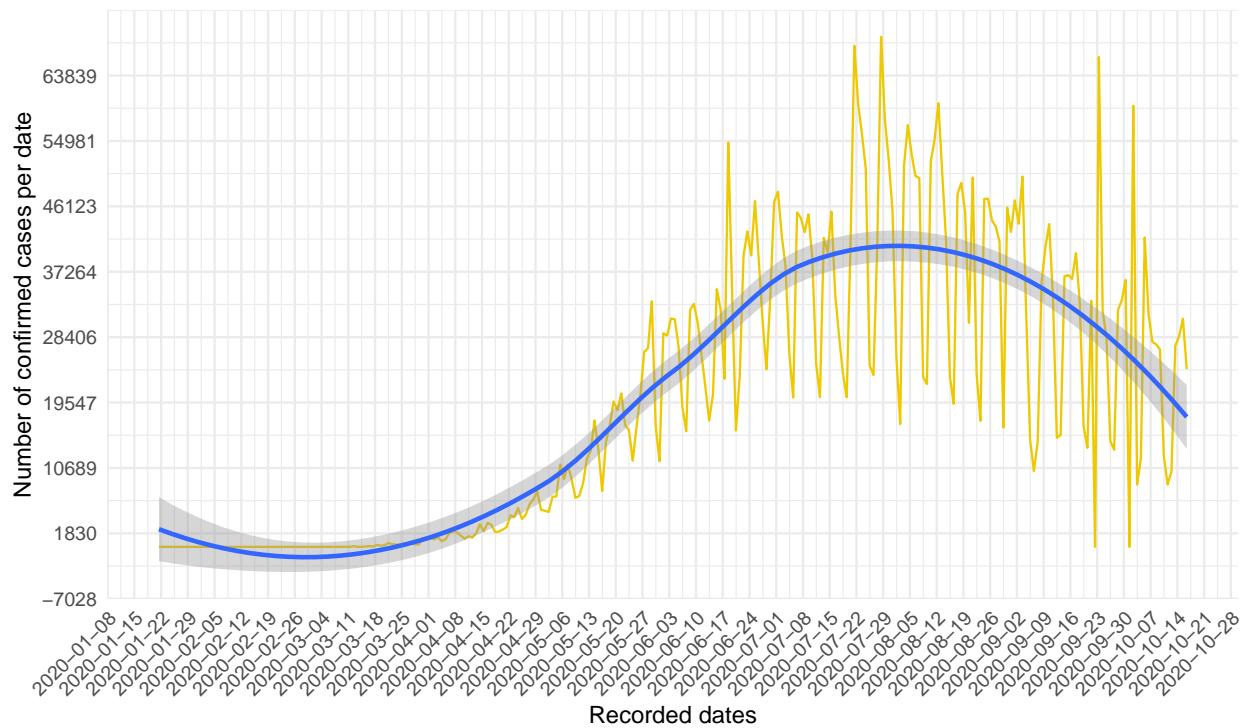

Botswana – confirmed cases over time, total cases: 2,126

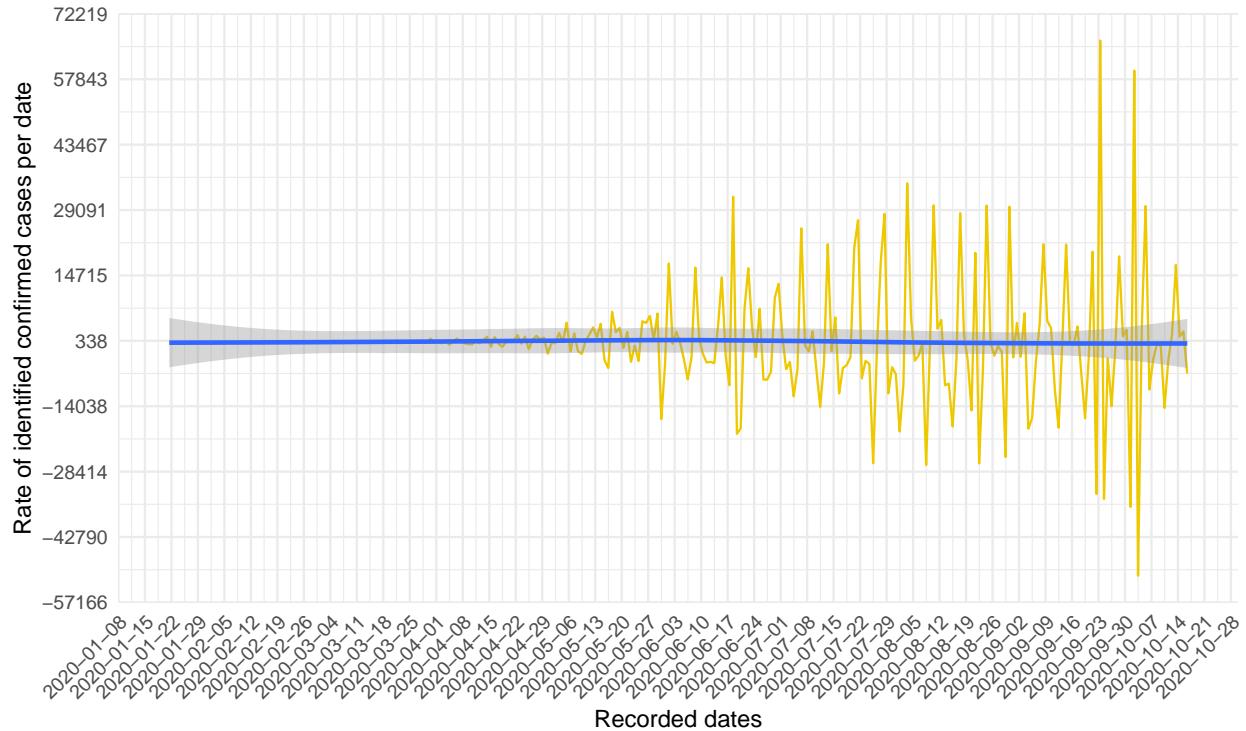

Botswana – rate of increase of confirmed cases over time

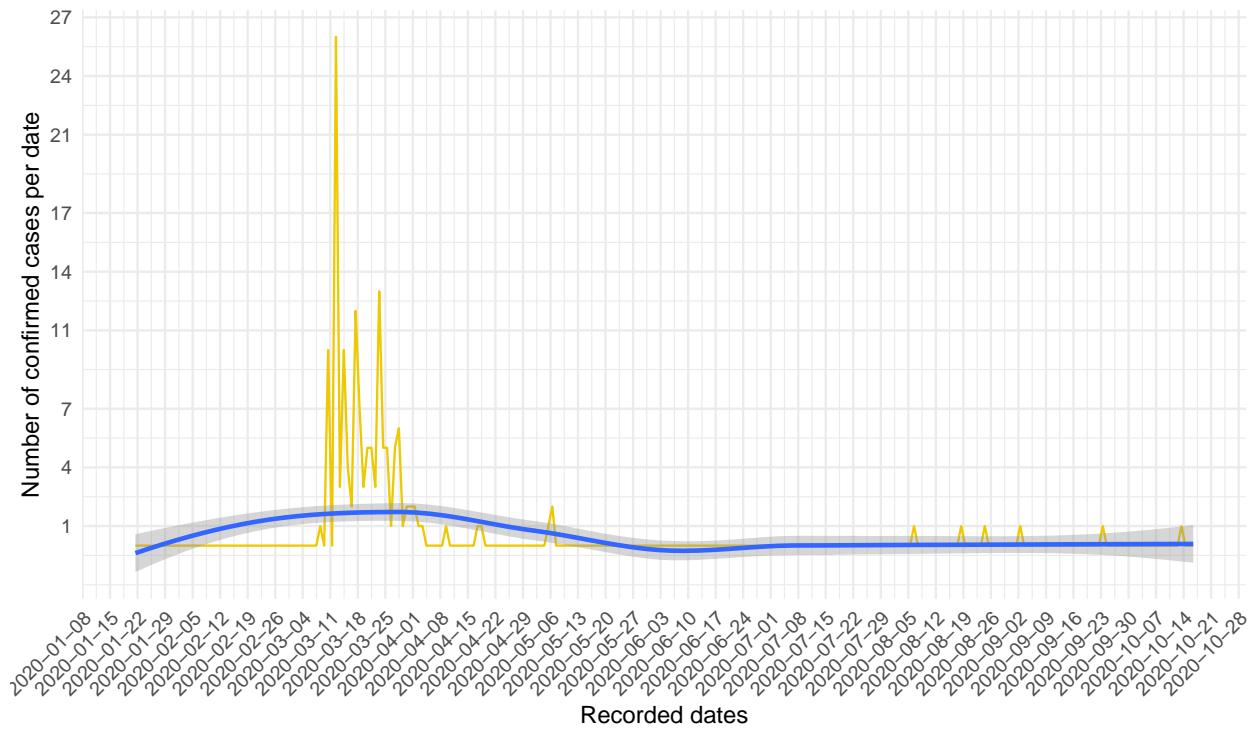

Brazil – confirmed cases over time, total cases: 4,197,889

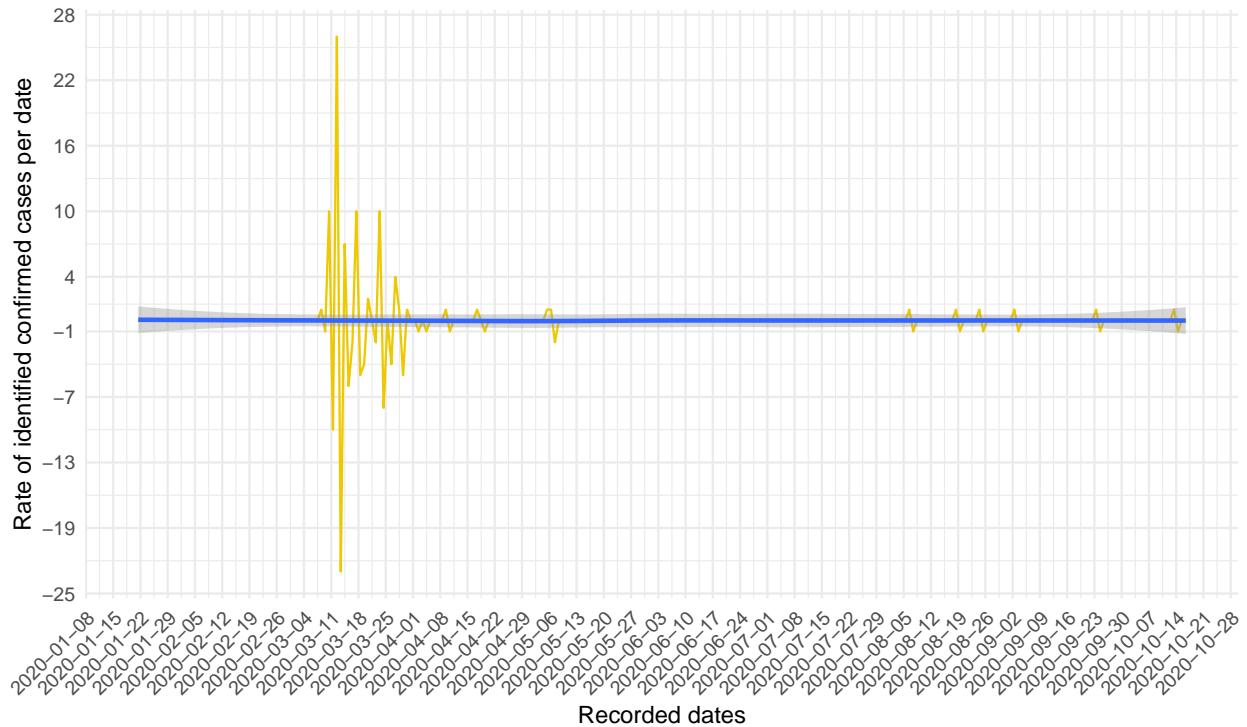

Brazil – rate of increase of confirmed cases over time

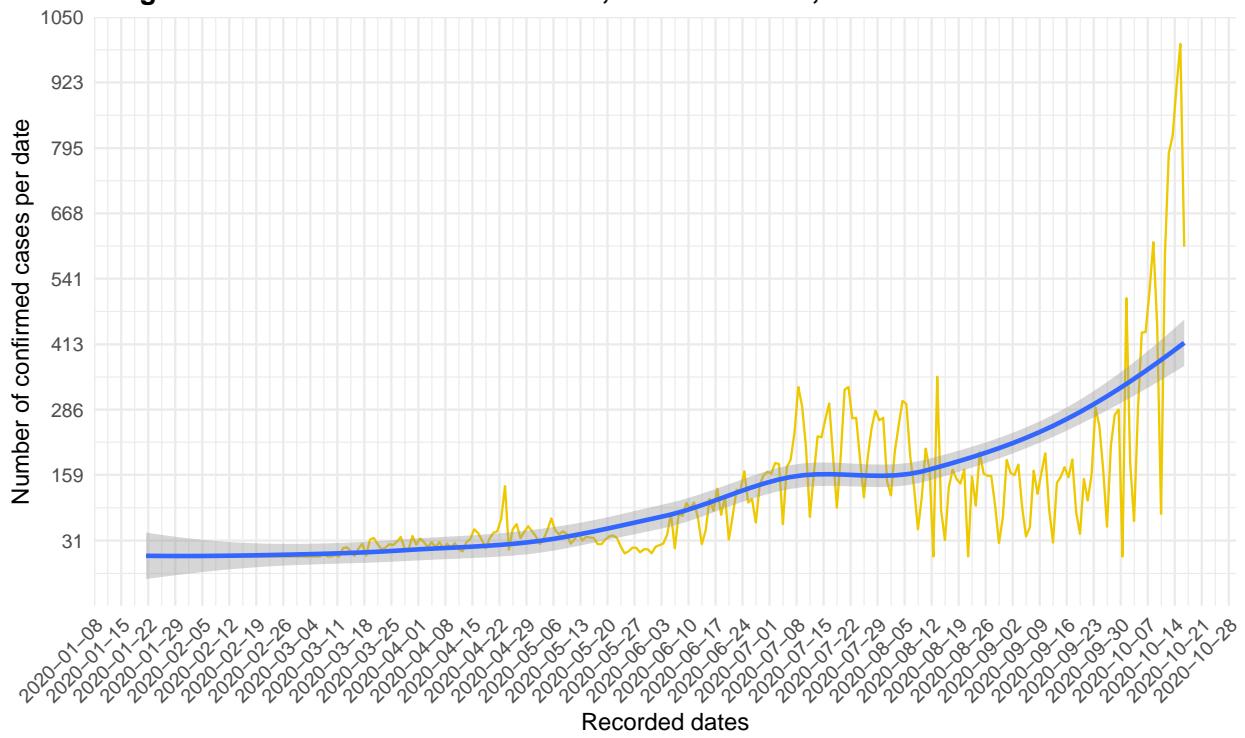

Brunei – confirmed cases over time, total cases: 145

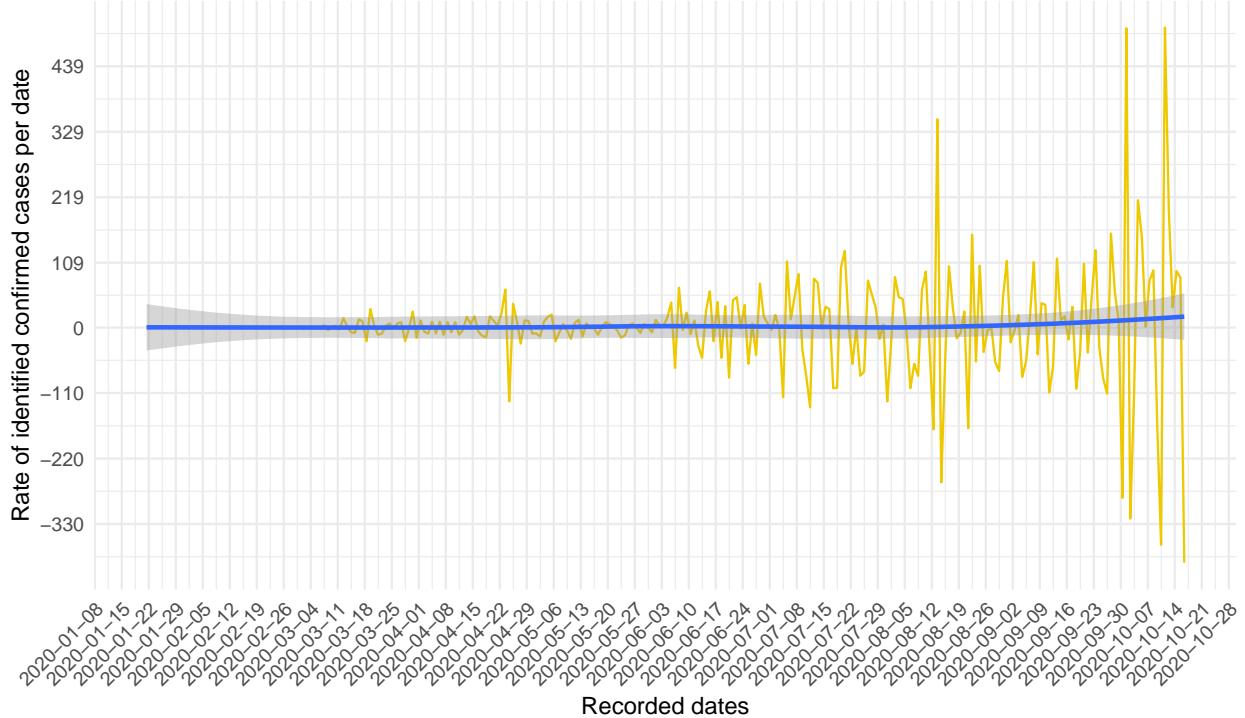

Brunei – rate of increase of confirmed cases over time

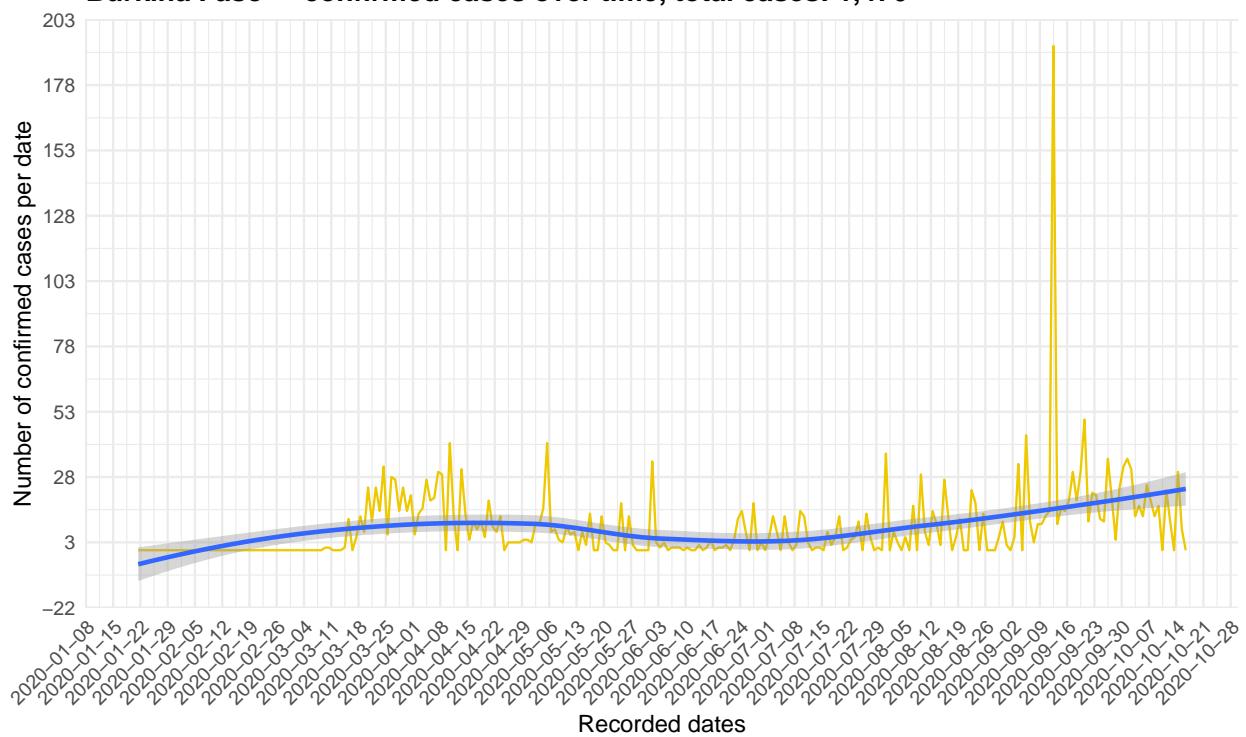

Bulgaria – confirmed cases over time, total cases: 17,435

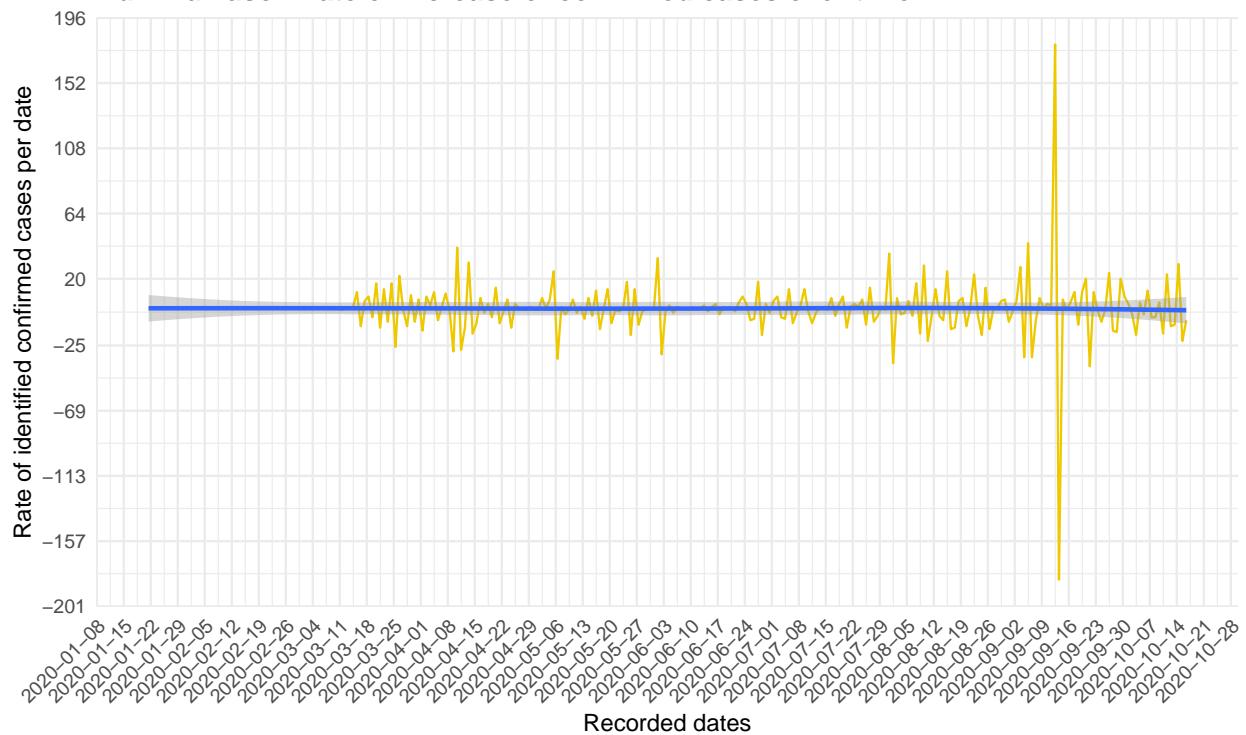

Bulgaria – rate of increase of confirmed cases over time

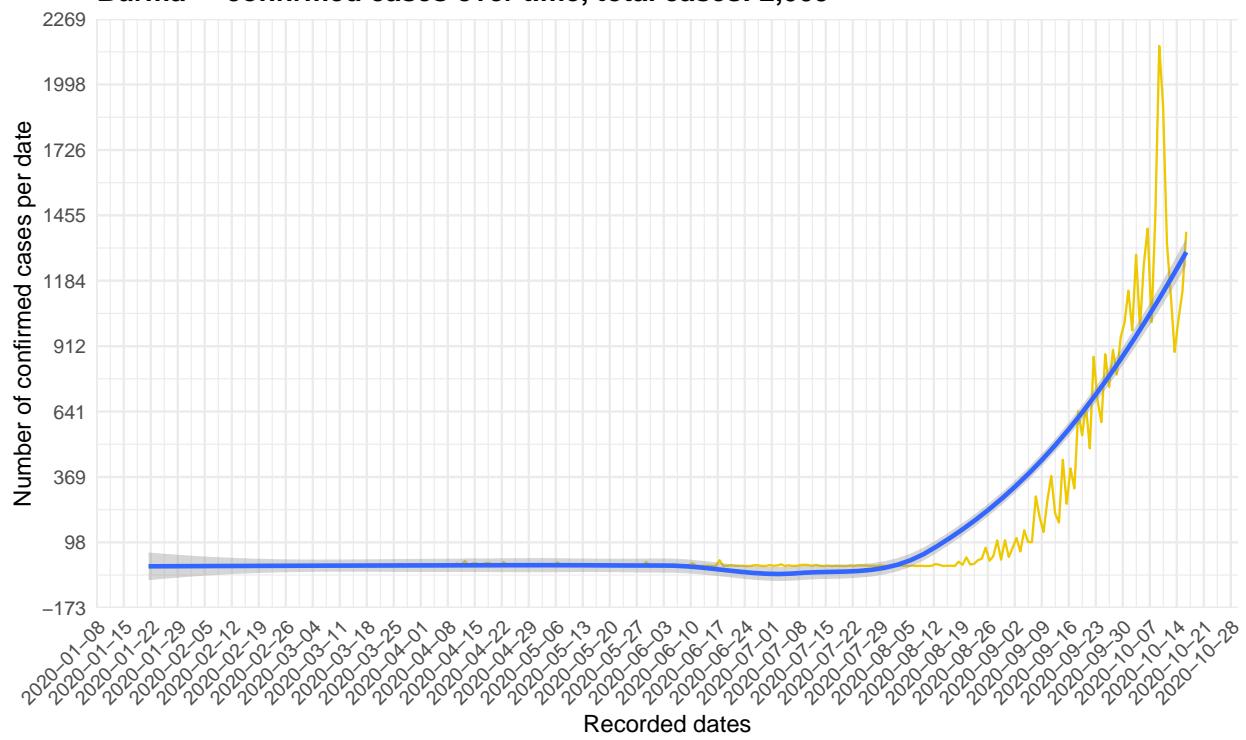

Burkina Faso – confirmed cases over time, total cases: 1,476

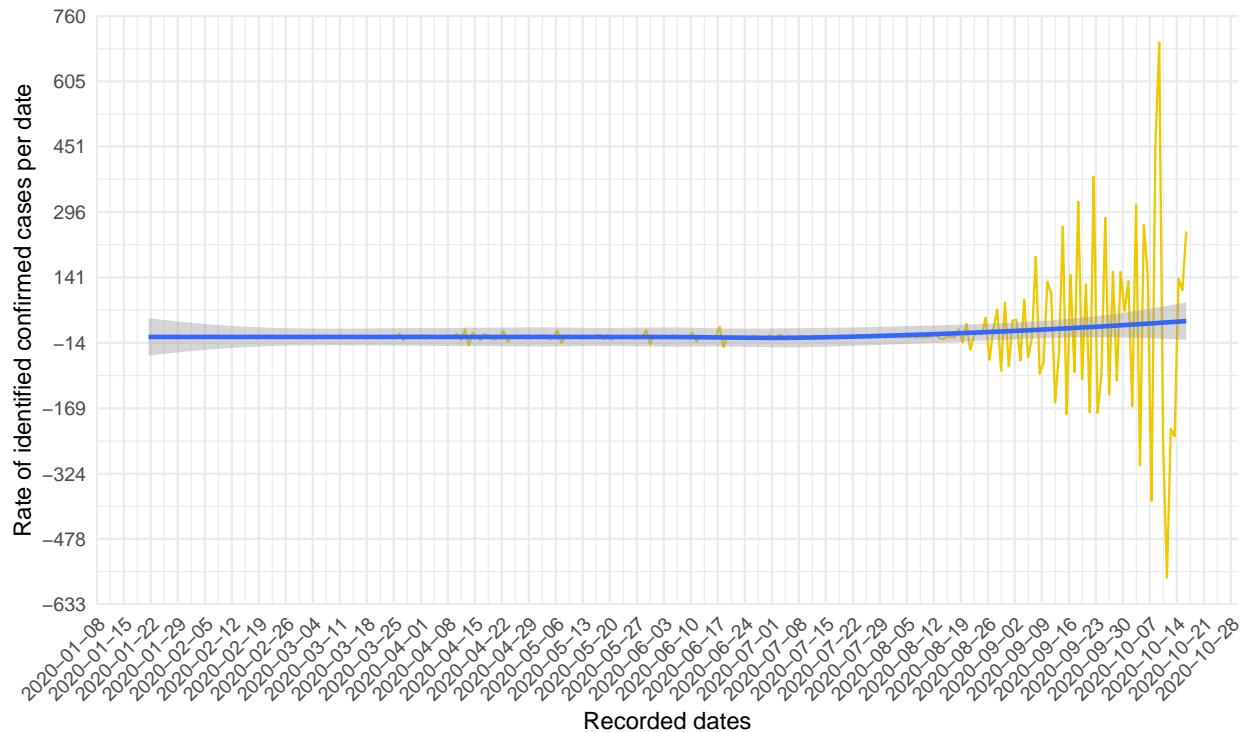

Burkina Faso – rate of increase of confirmed cases over time

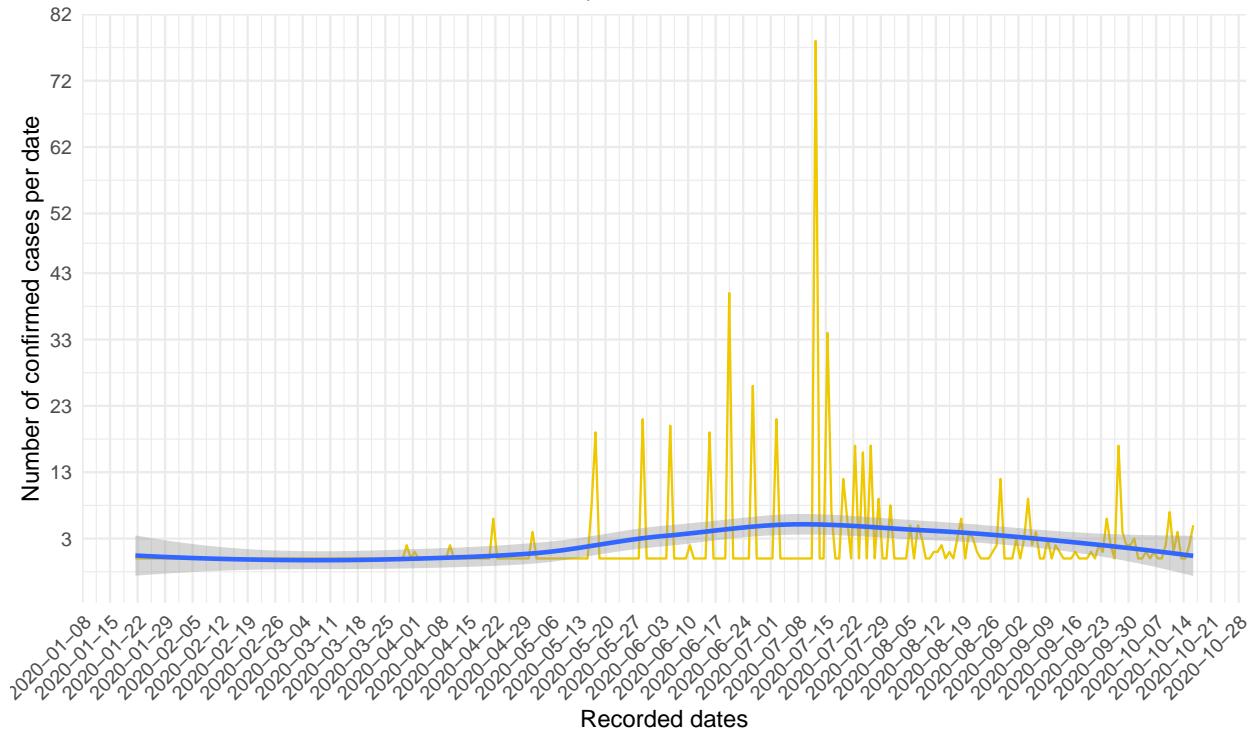

Burma – confirmed cases over time, total cases: 2,009

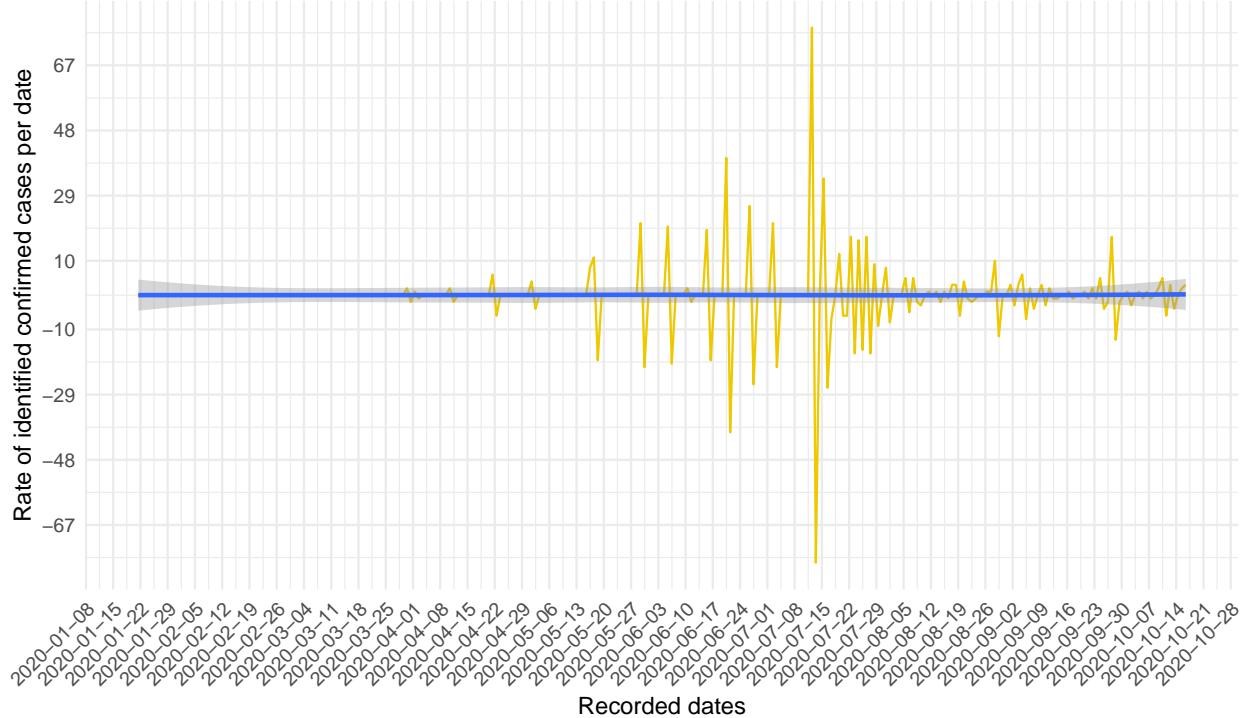

Burma – rate of increase of confirmed cases over time

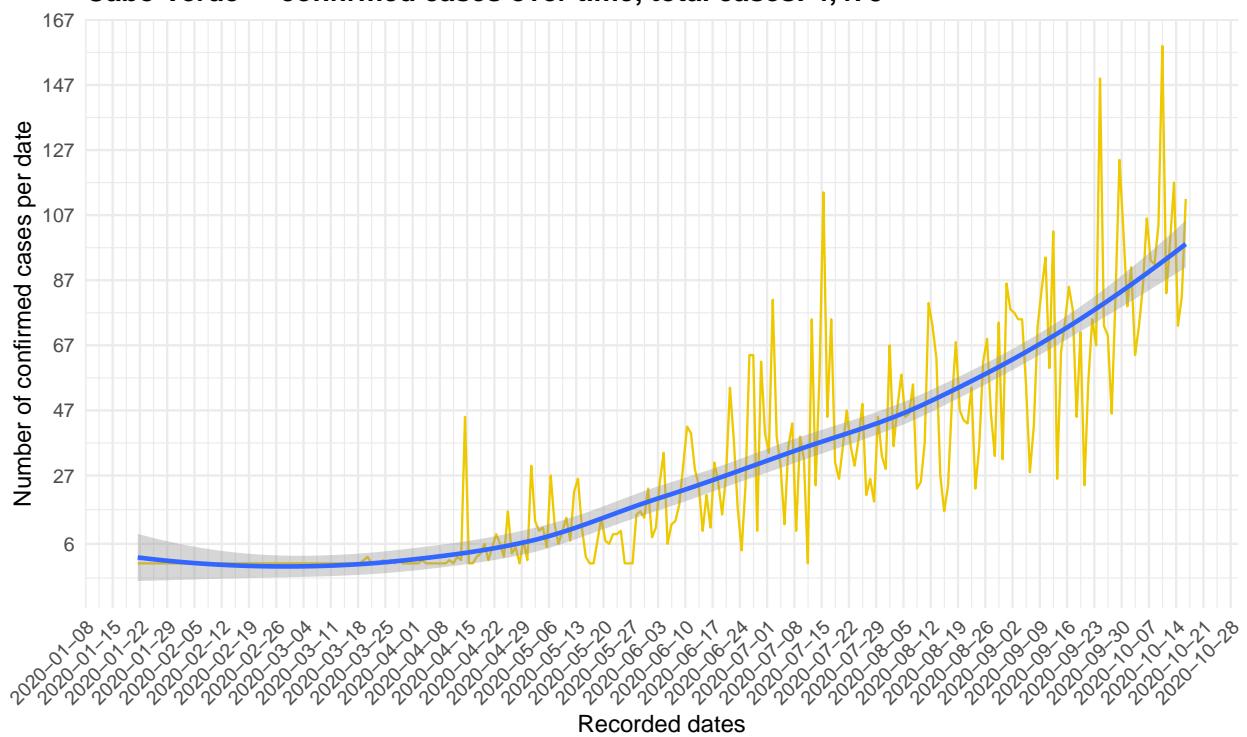

Burundi – confirmed cases over time, total cases: 466

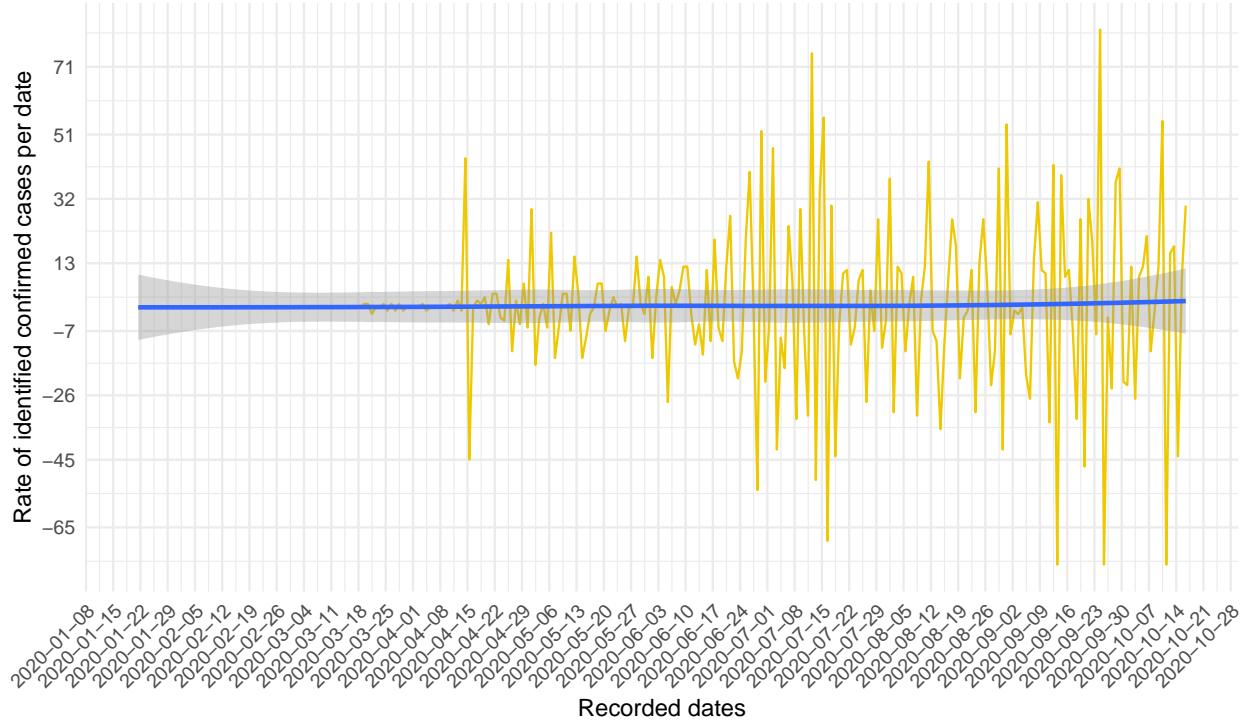

Burundi – rate of increase of confirmed cases over time

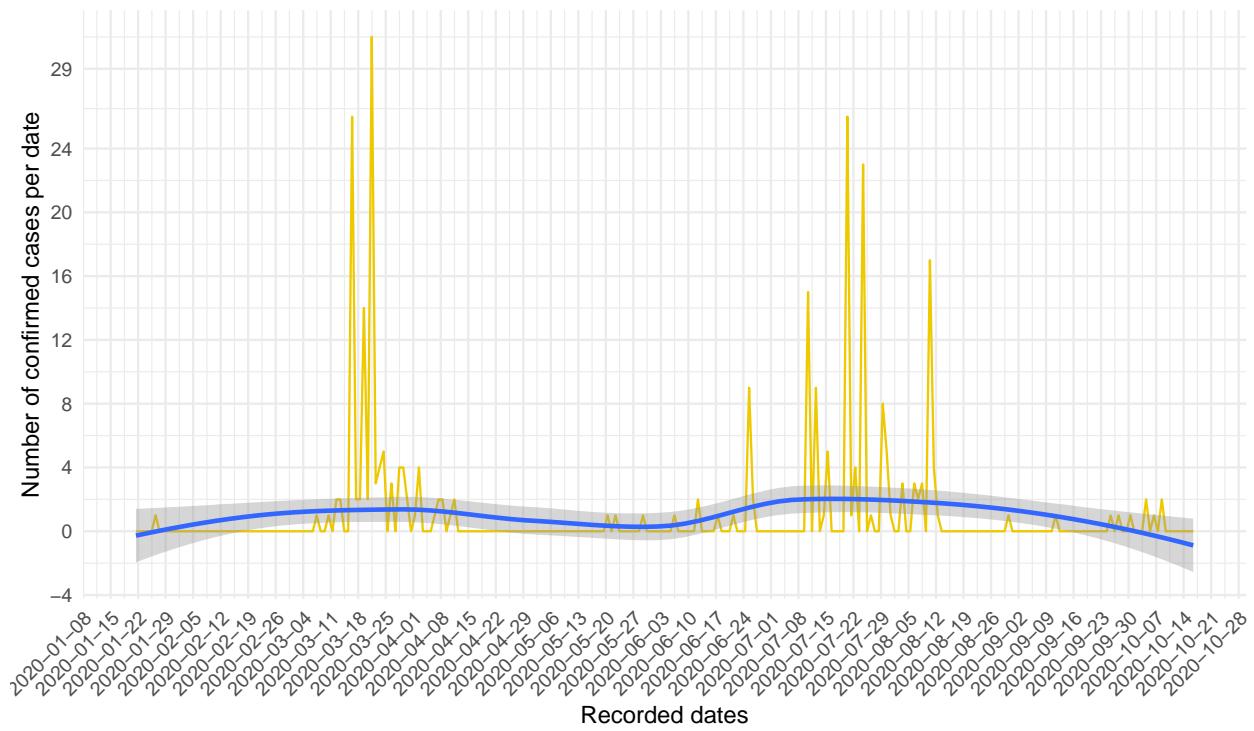

Cabo Verde – confirmed cases over time, total cases: 4,473

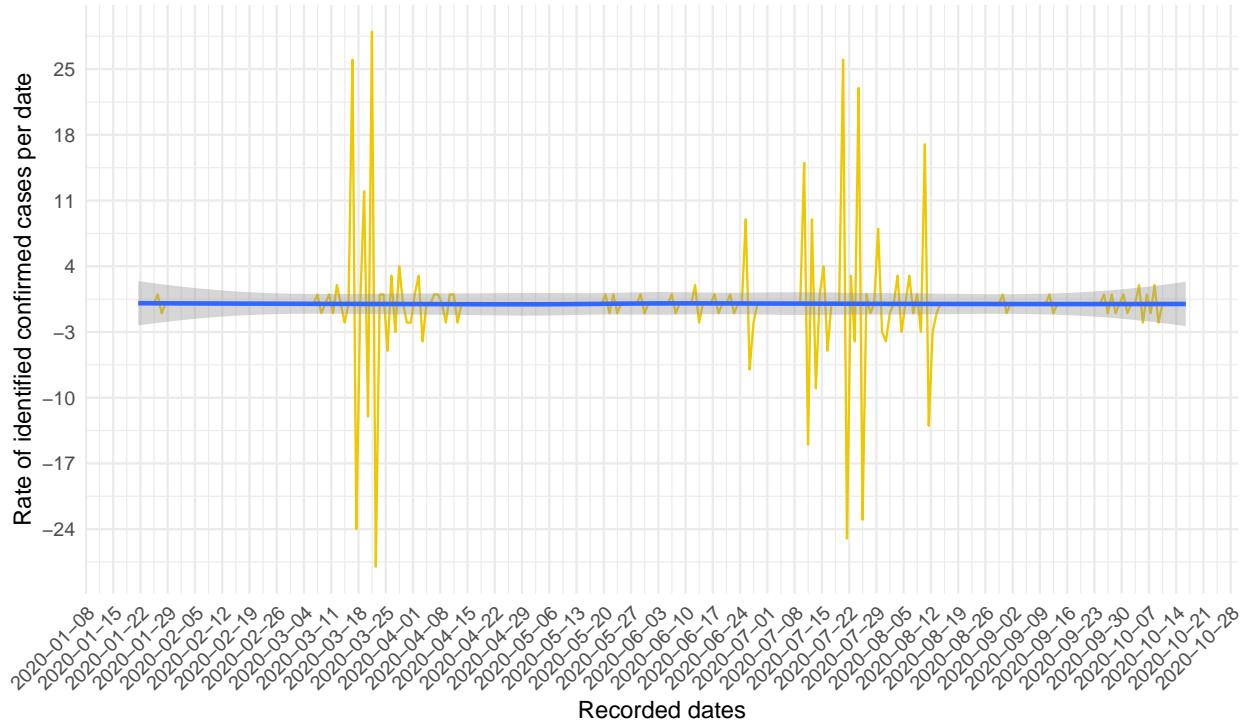

Cabo Verde – rate of increase of confirmed cases over time

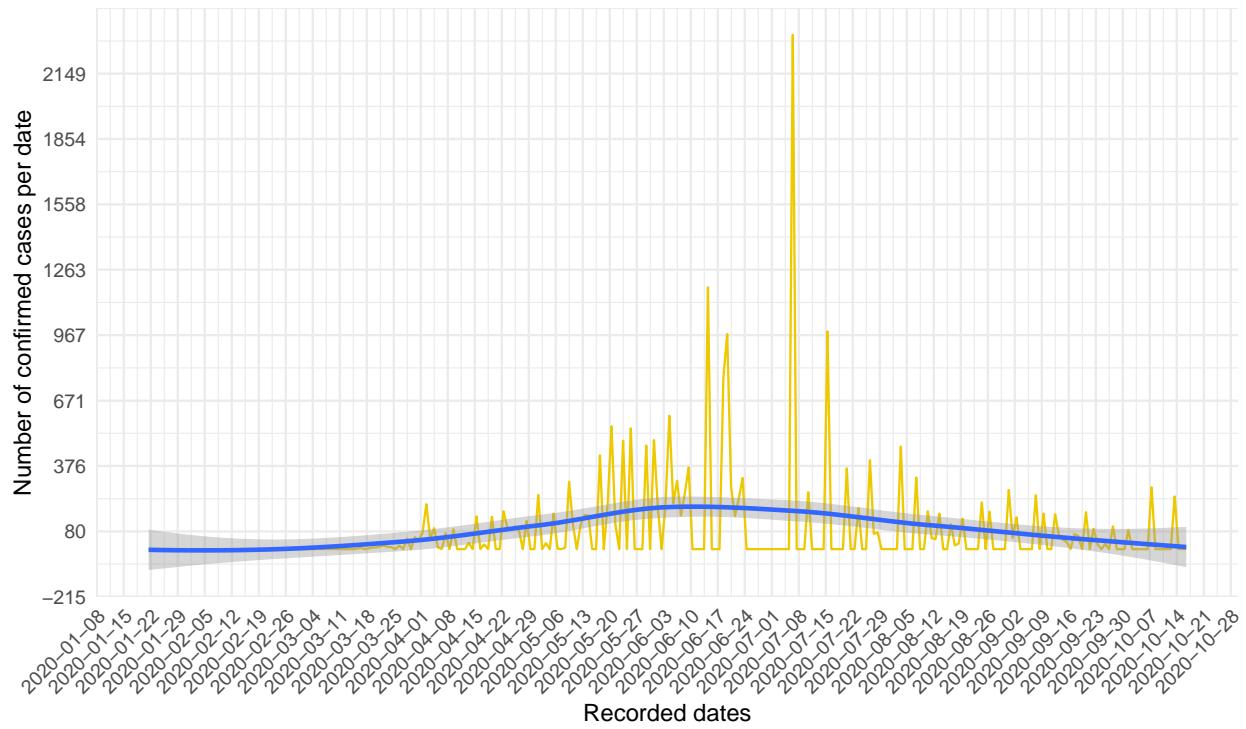

Cambodia – confirmed cases over time, total cases: 274

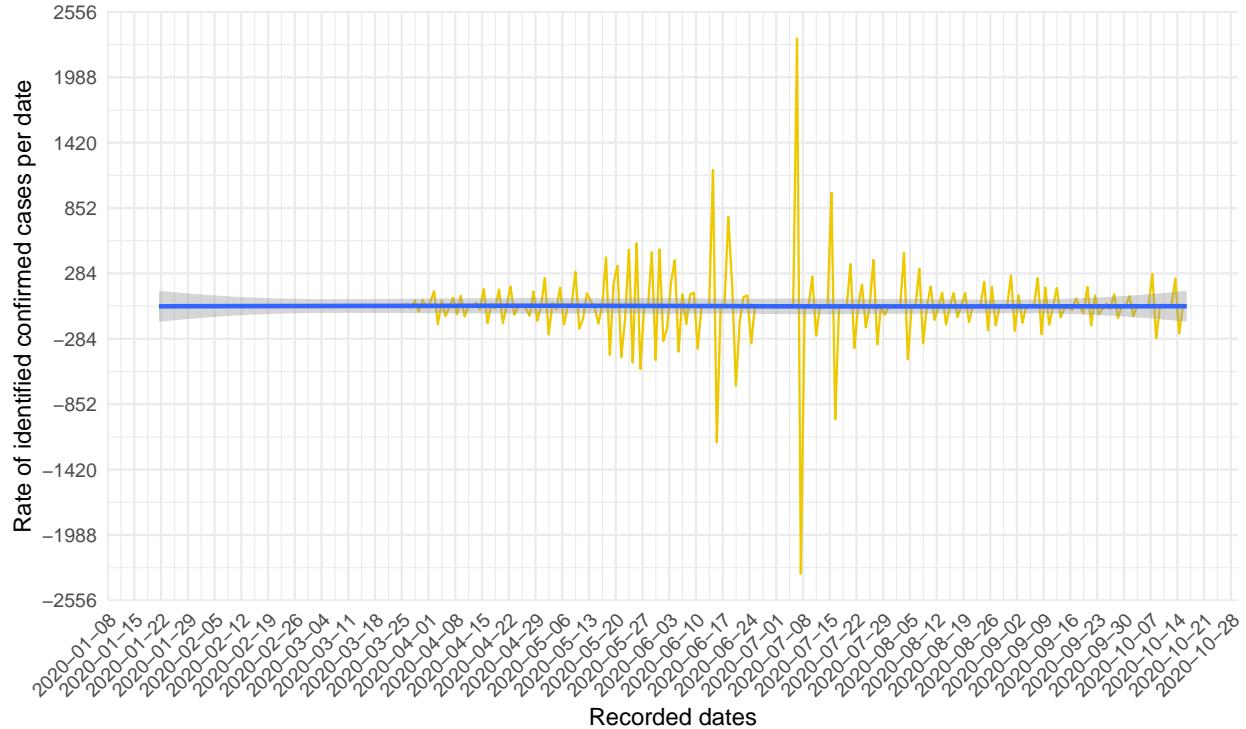

Cambodia – rate of increase of confirmed cases over time

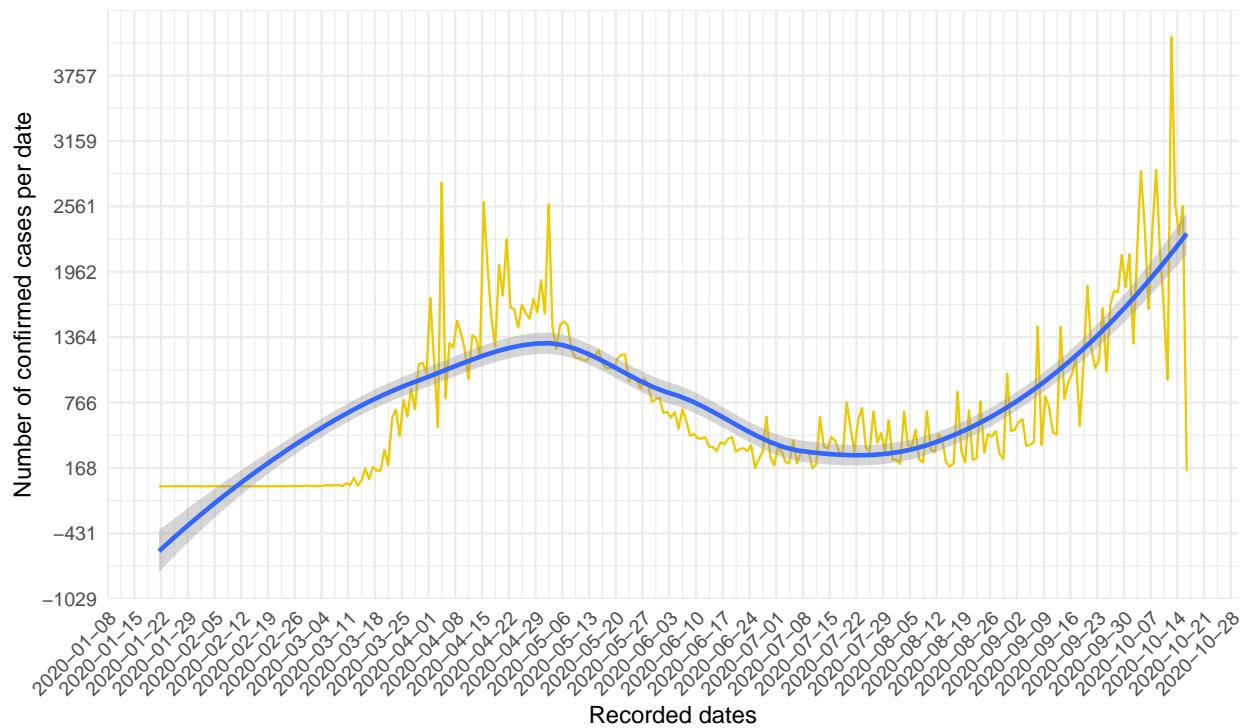

Cameroon – confirmed cases over time, total cases: 19,848

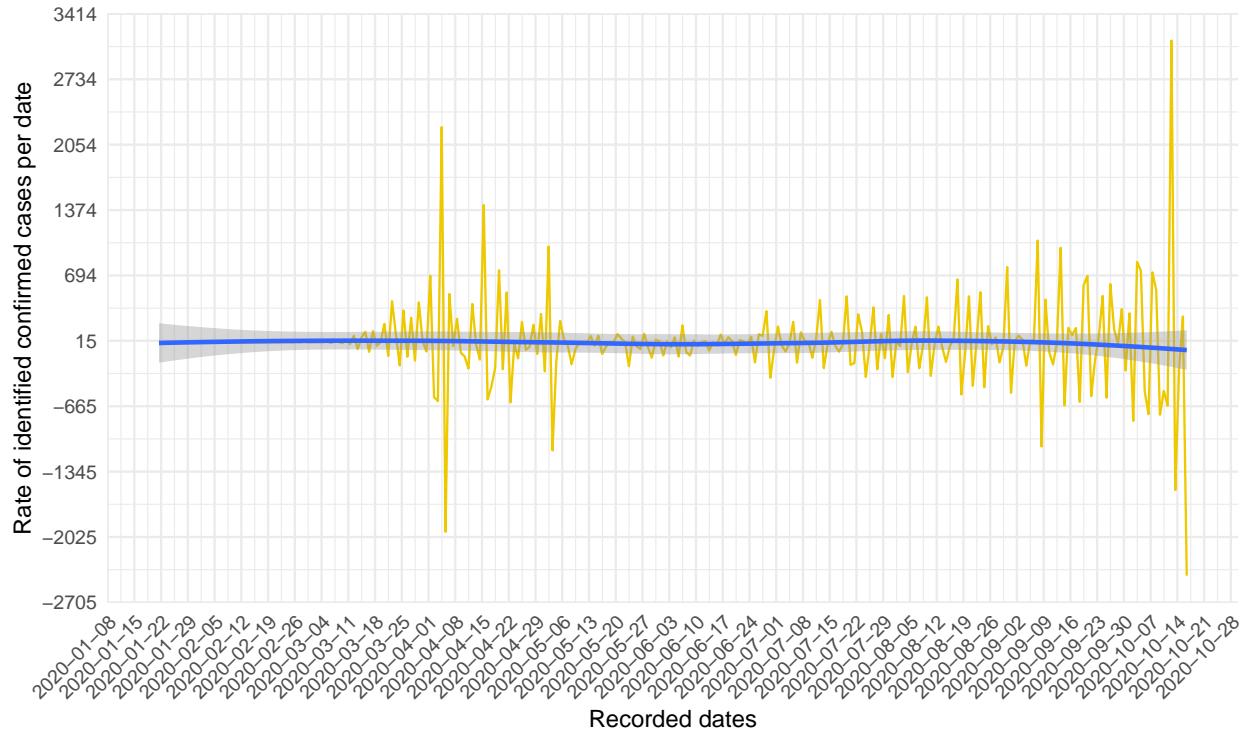

Cameroon – rate of increase of confirmed cases over time

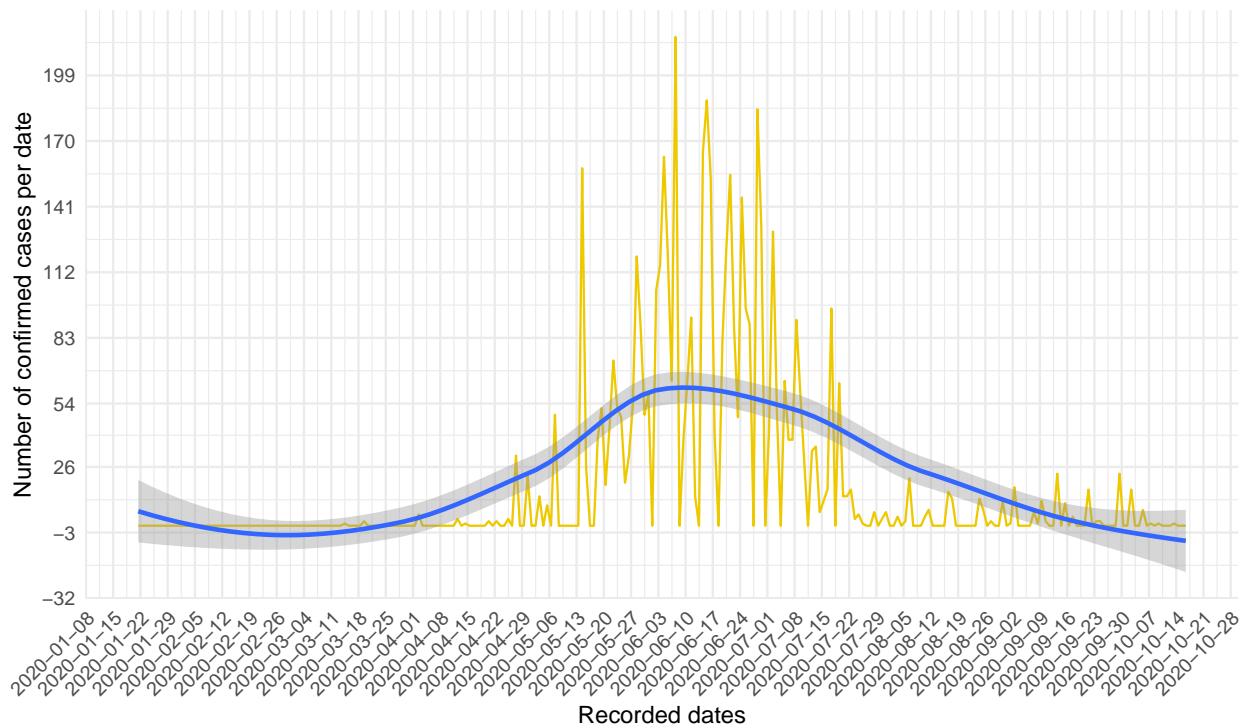

Canada – confirmed cases over time, total cases: 136,135

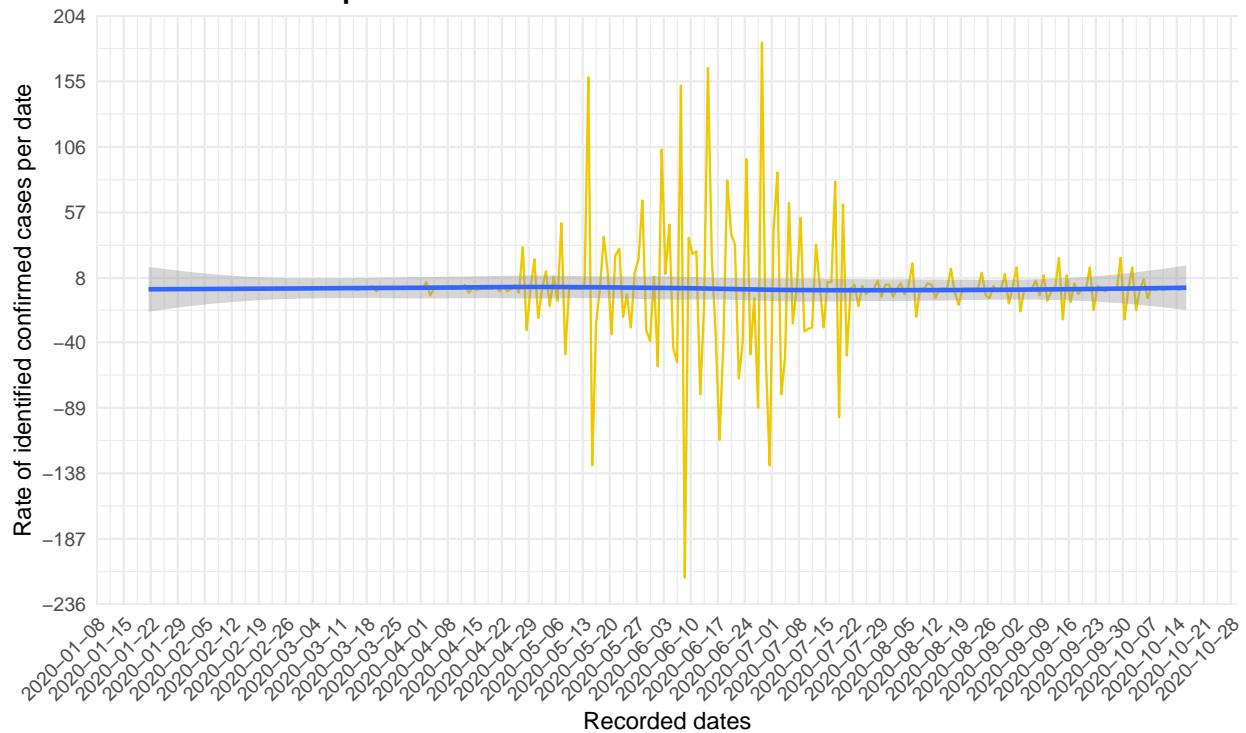

Canada – rate of increase of confirmed cases over time

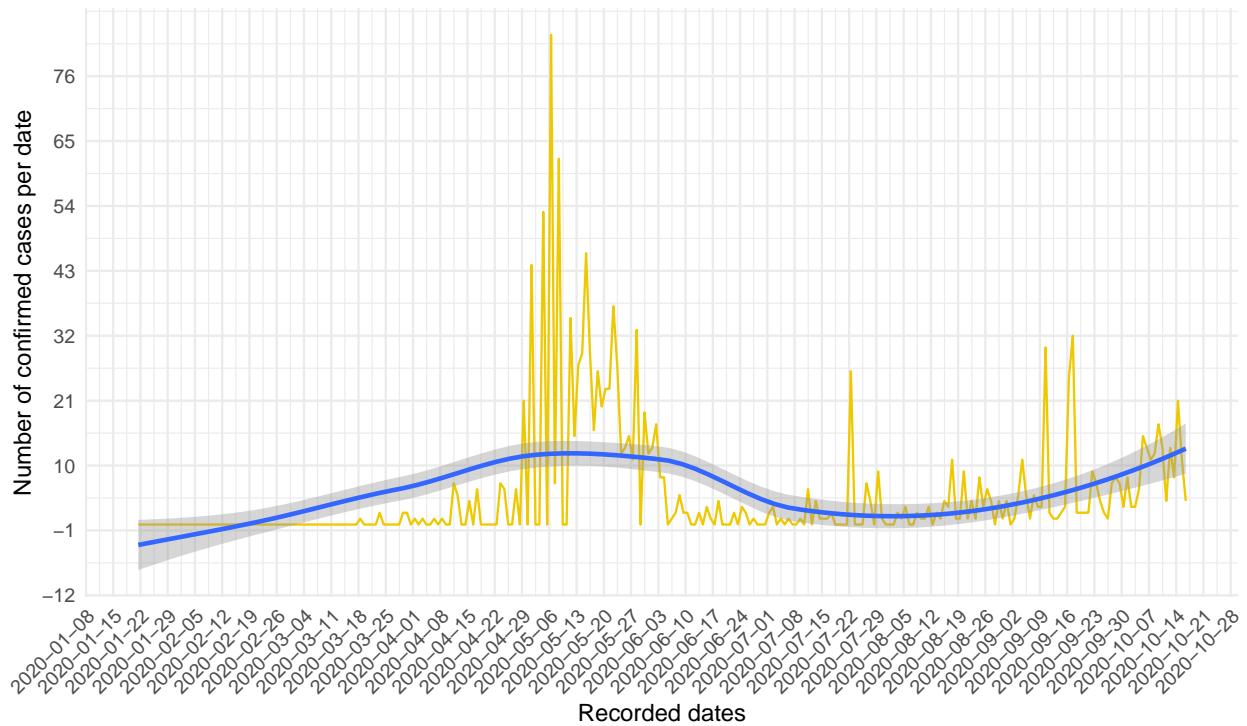

Central African Republic – confirmed cases over time, total cases: 4,736

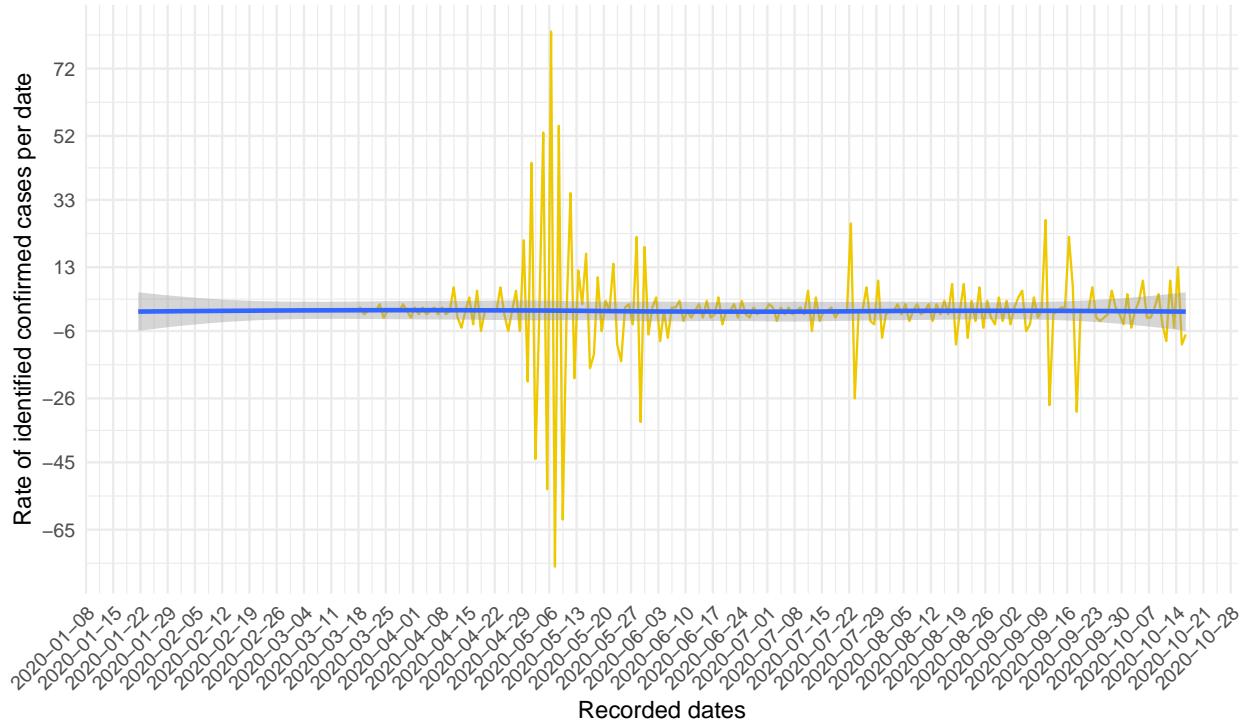

Central African Republic – rate of increase of confirmed cases over time

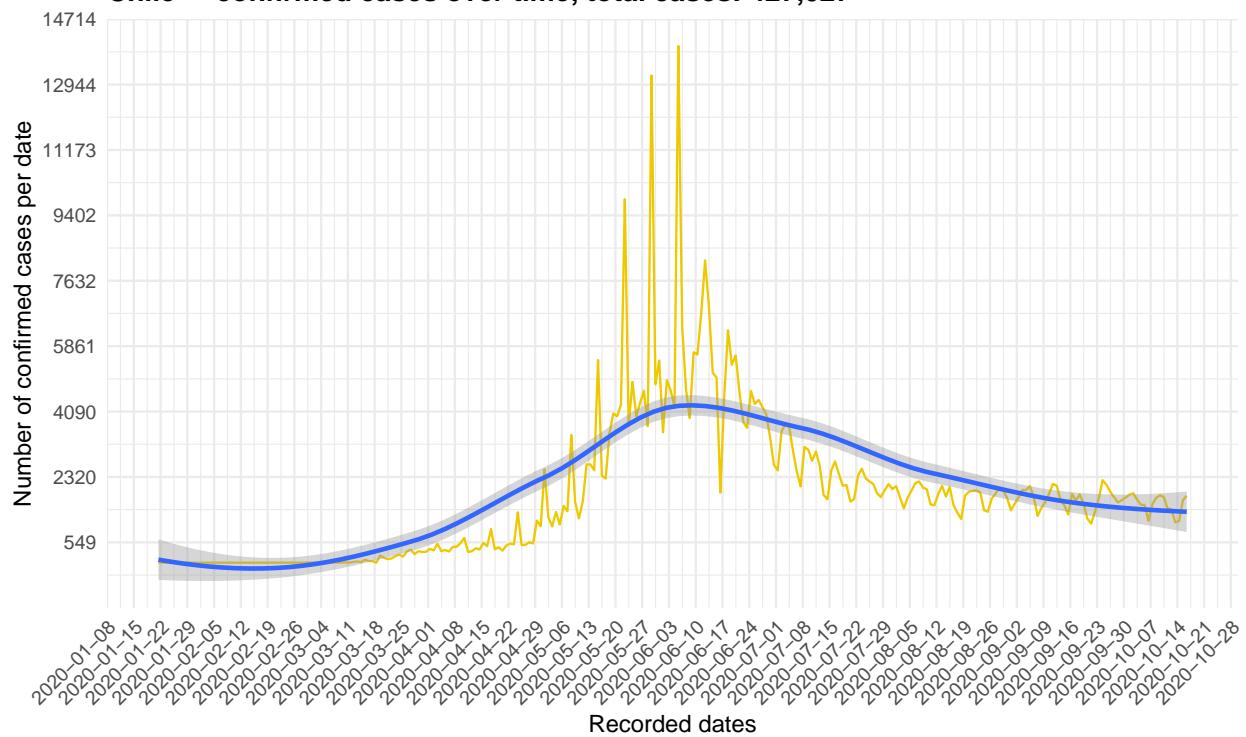

Chad – confirmed cases over time, total cases: 1,048

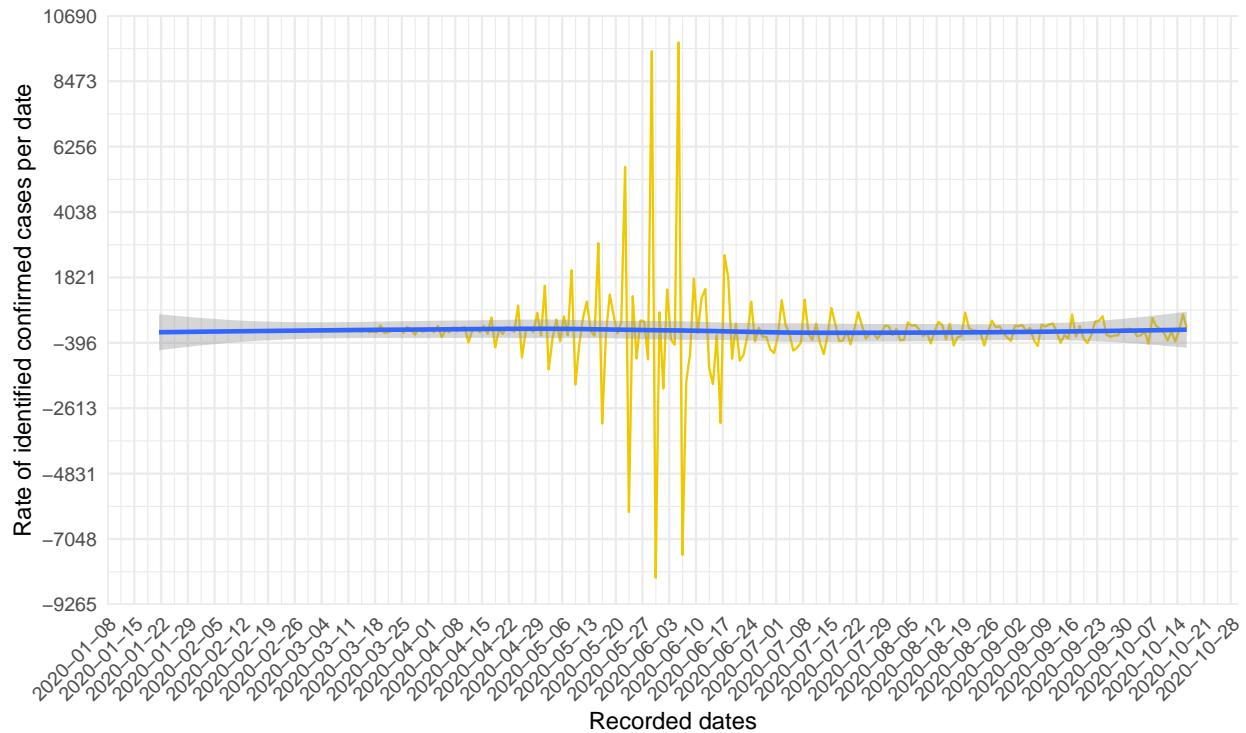

Chad – rate of increase of confirmed cases over time

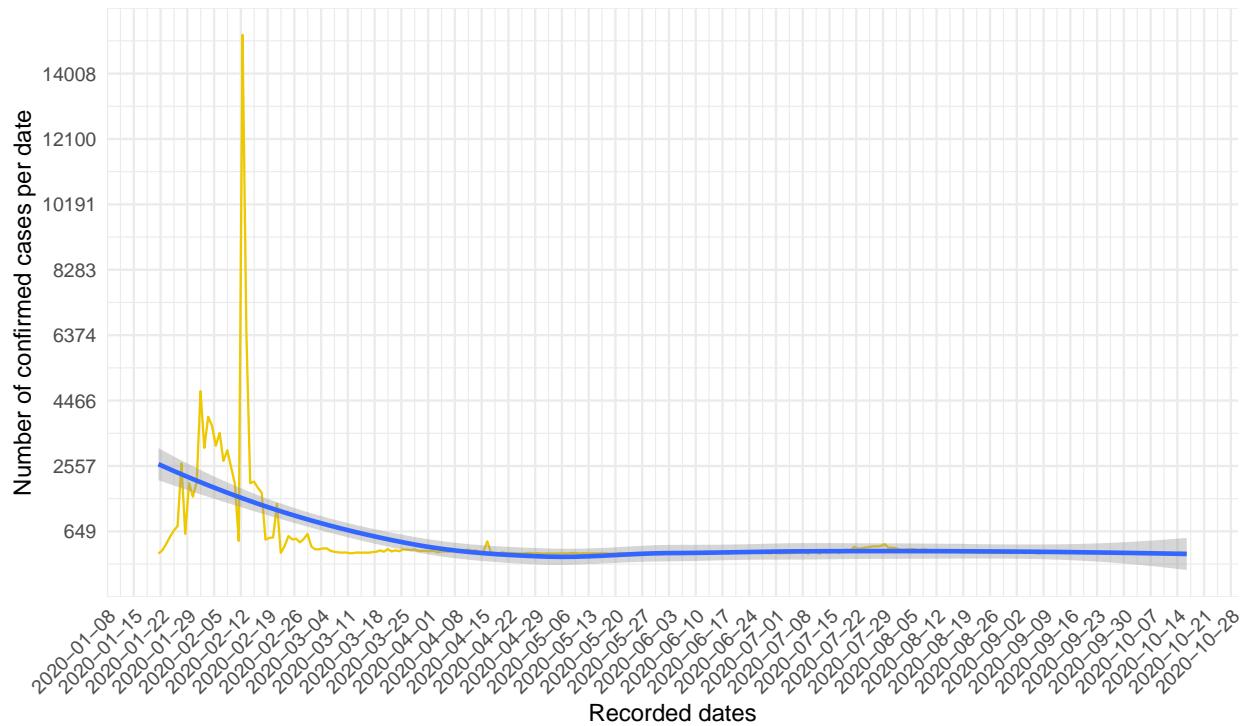

Chile – confirmed cases over time, total cases: 427,027

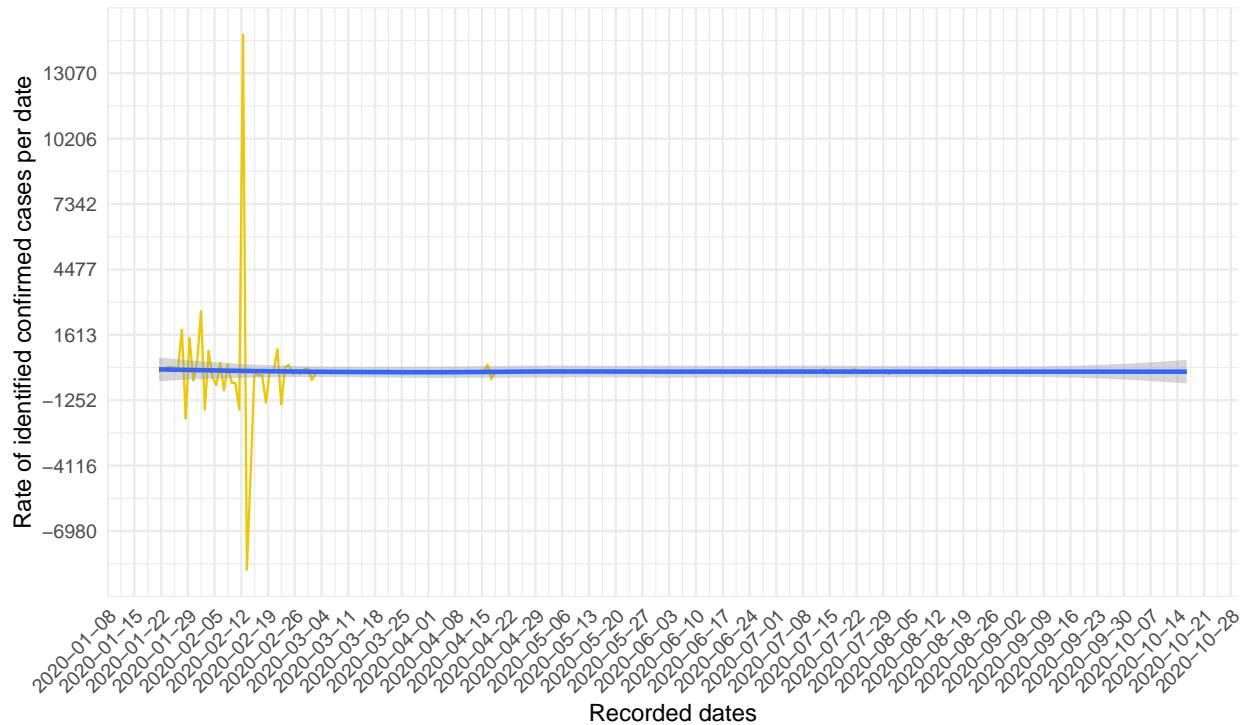

Chile – rate of increase of confirmed cases over time

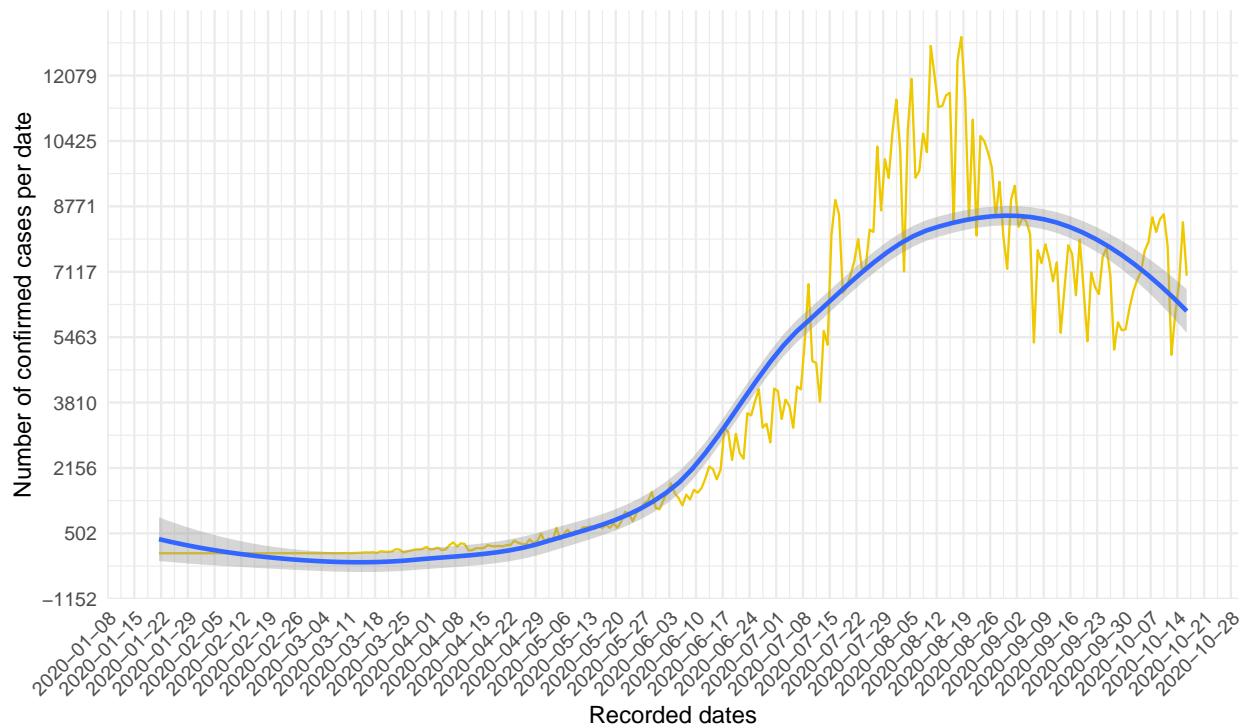

China – confirmed cases over time, total cases: 90,100

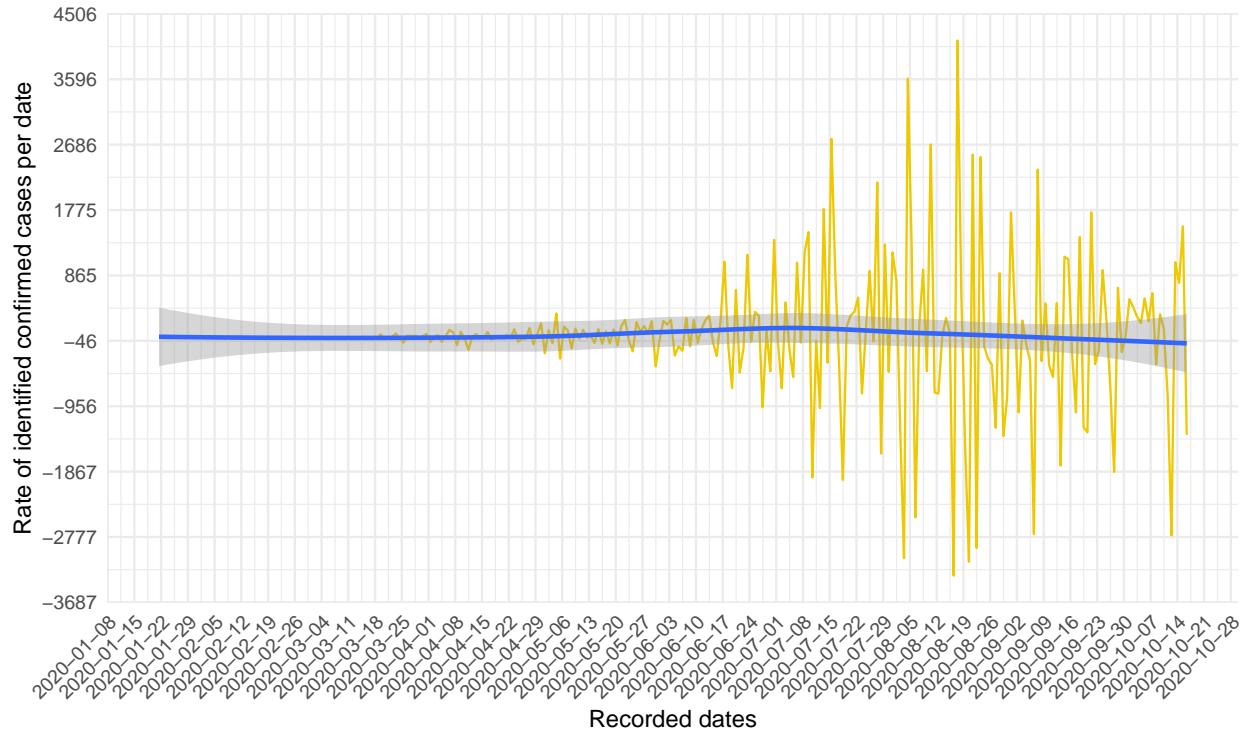

China – rate of increase of confirmed cases over time

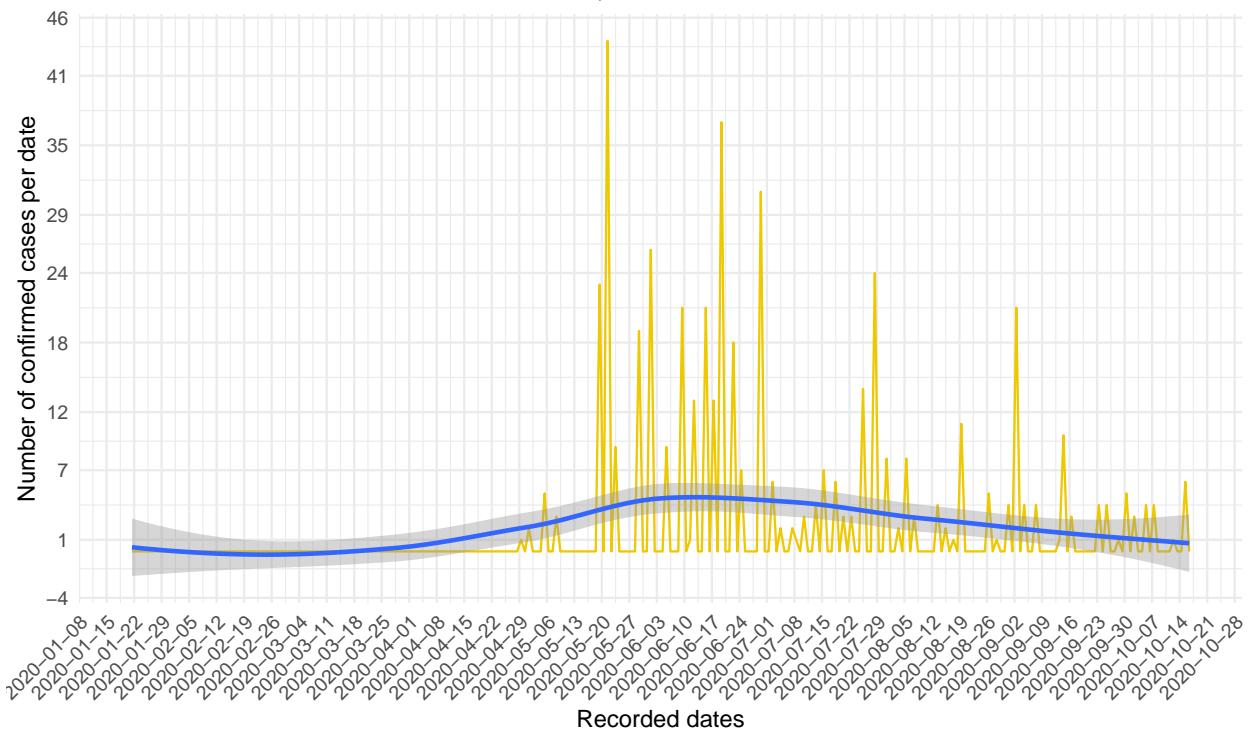

Colombia – confirmed cases over time, total cases: 686,851

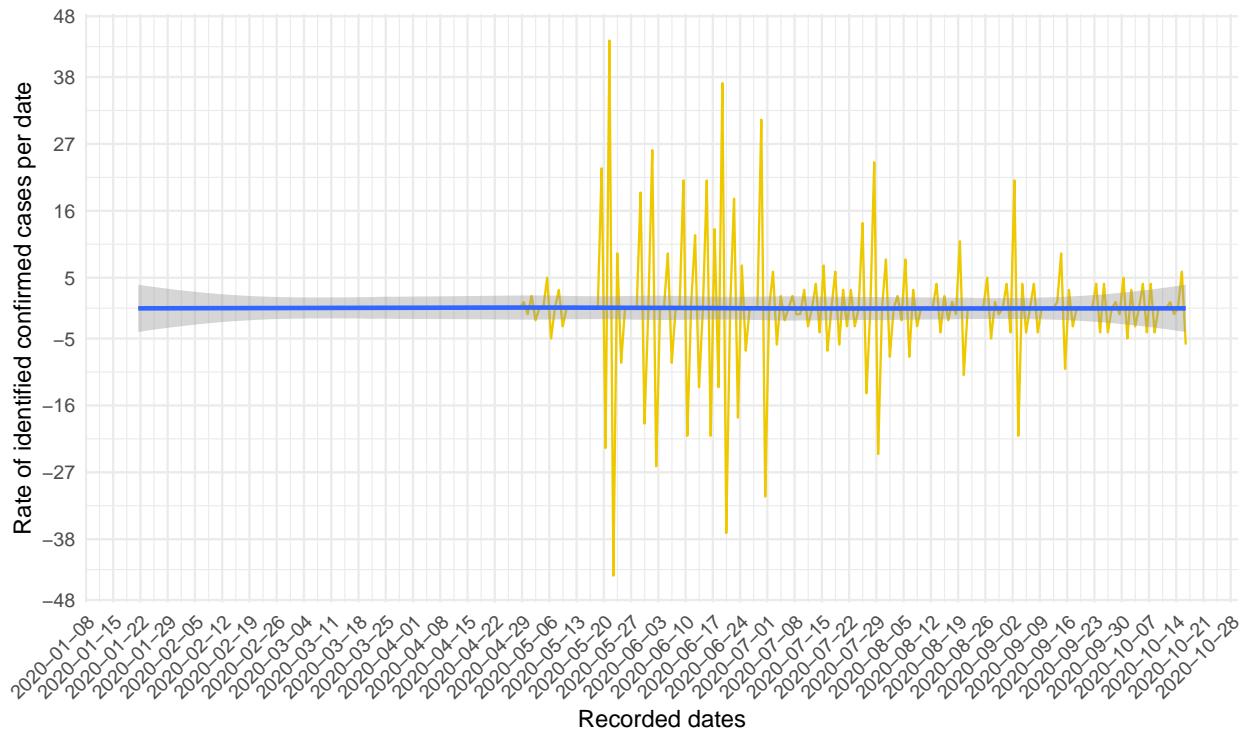

Colombia – rate of increase of confirmed cases over time

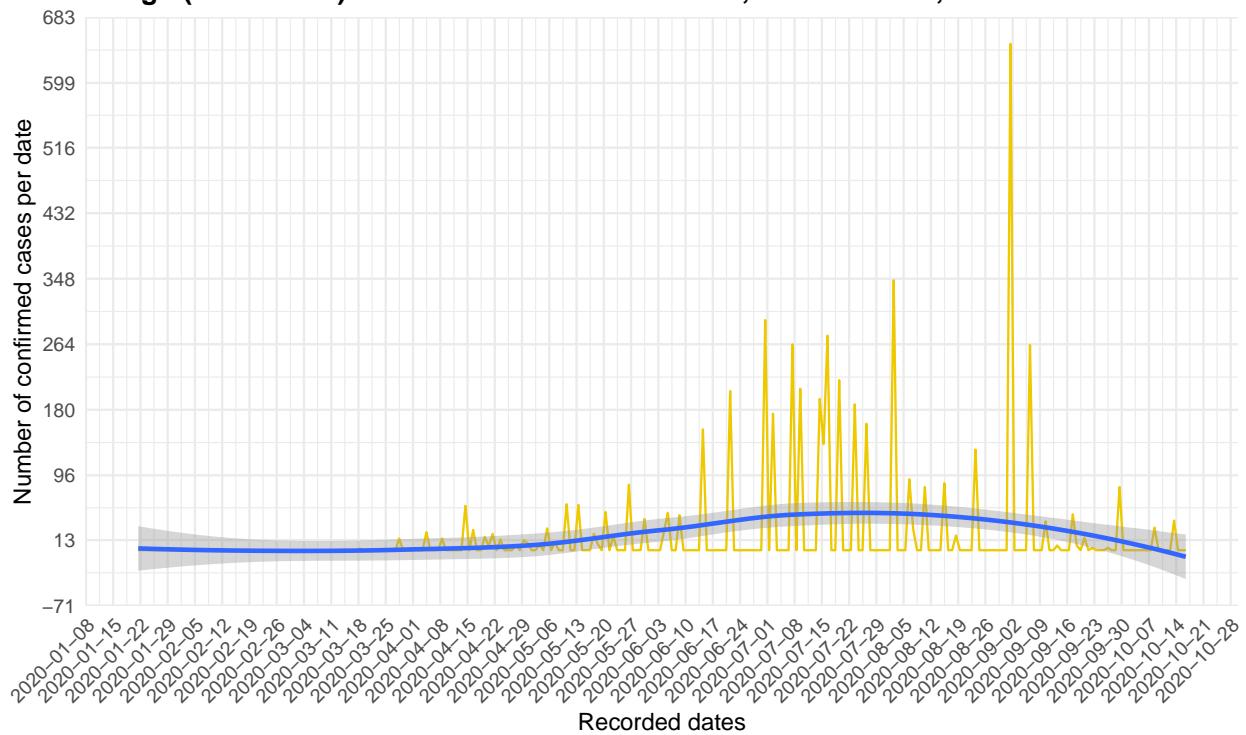

Comoros – confirmed cases over time, total cases: 456

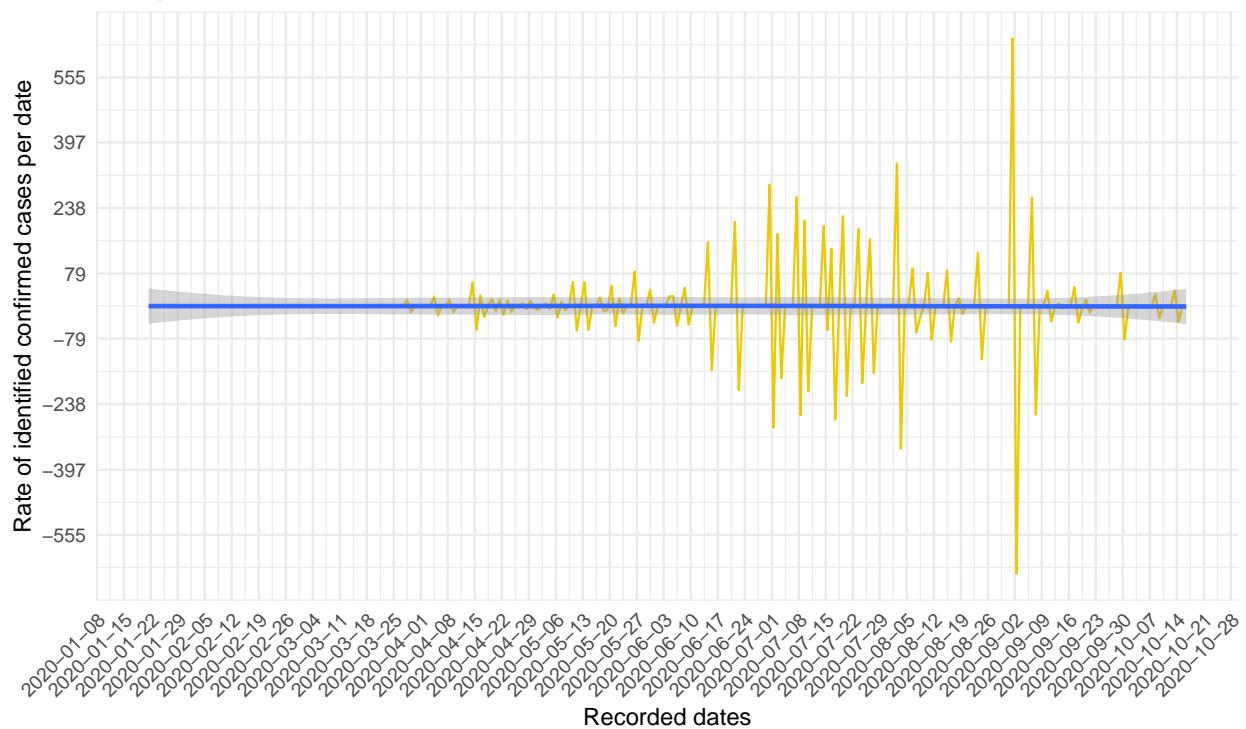

Comoros – rate of increase of confirmed cases over time

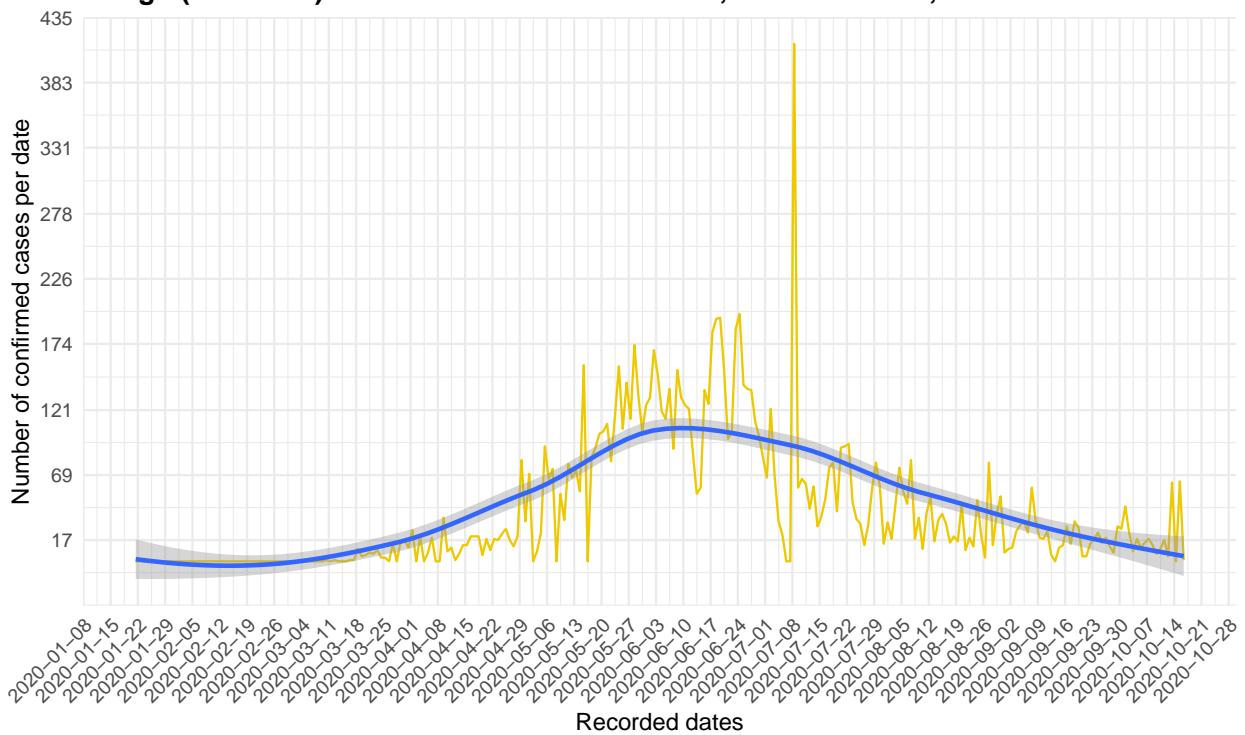

Congo (Brazzaville) – confirmed cases over time, total cases: 4,891

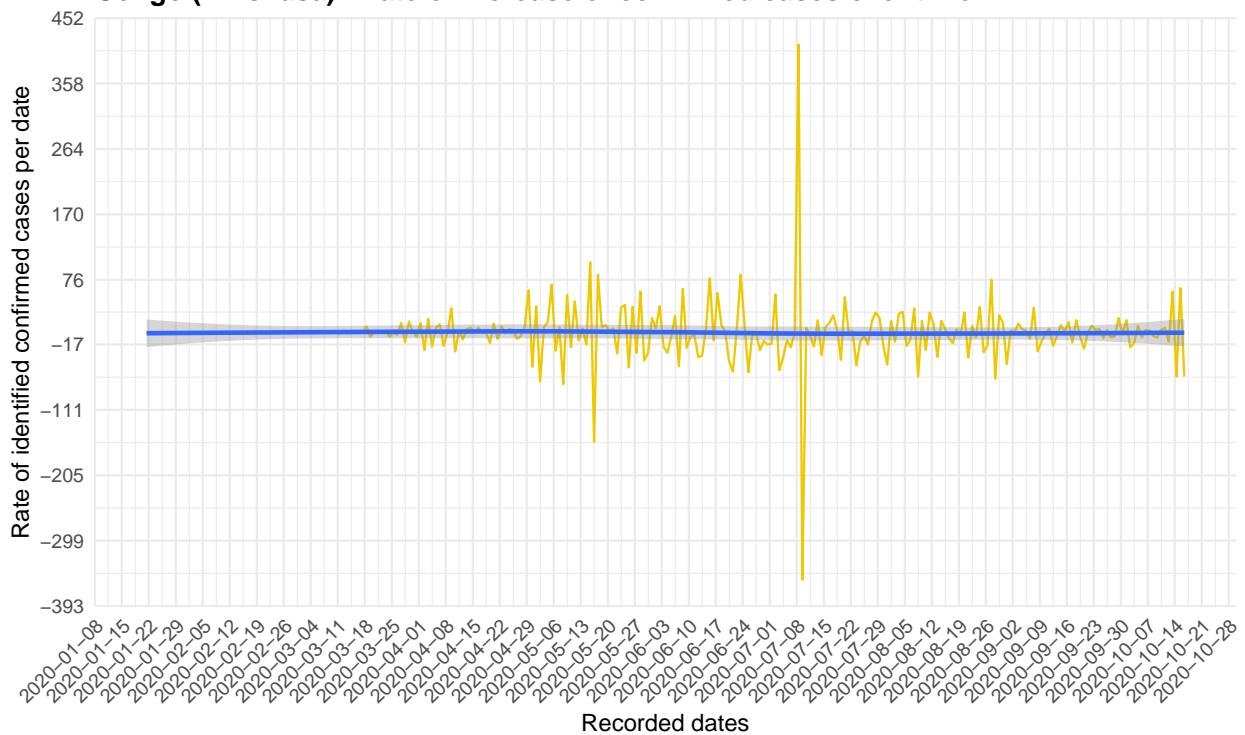

Congo (Brazzaville) – rate of increase of confirmed cases over time

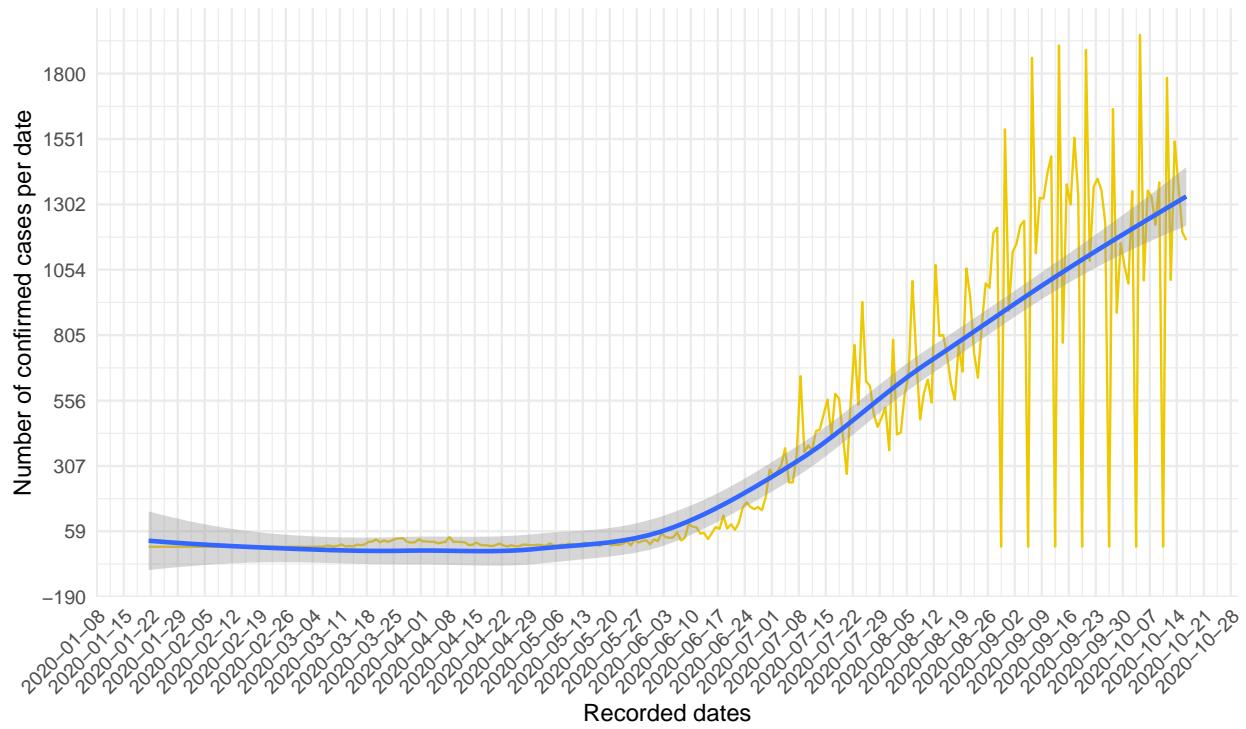

Congo (Kinshasa) – confirmed cases over time, total cases: 10,324

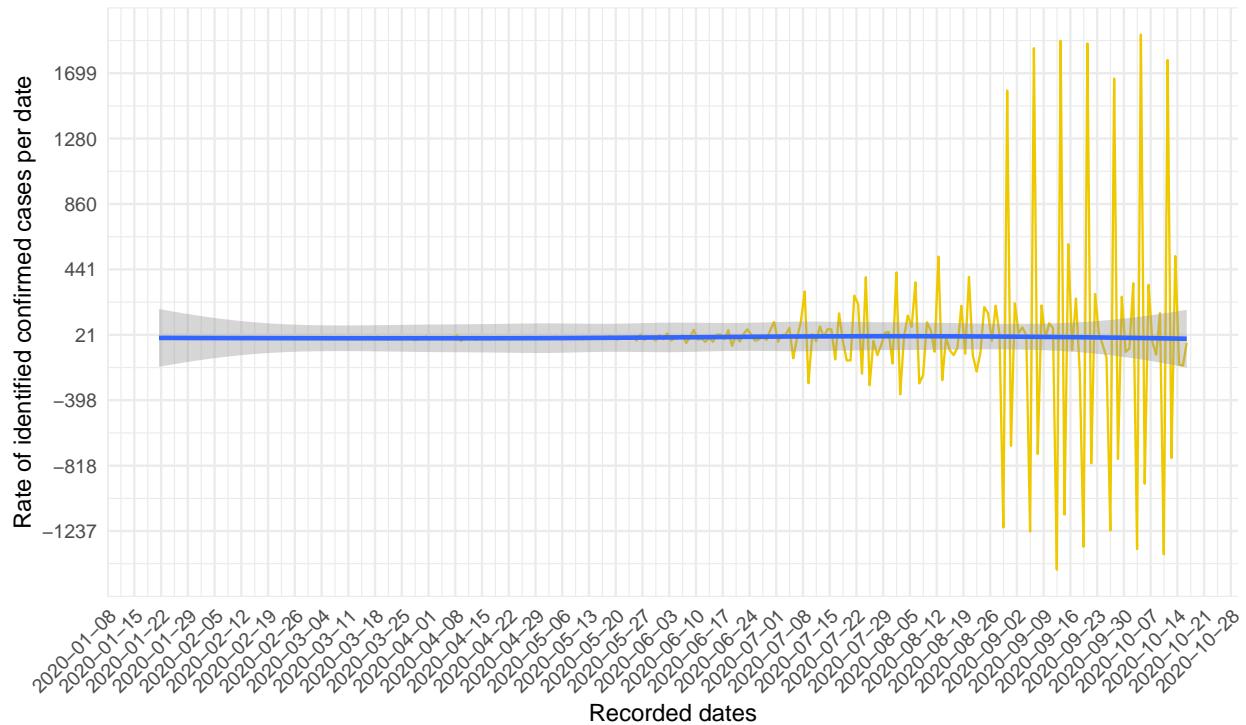

Congo (Kinshasa) – rate of increase of confirmed cases over time

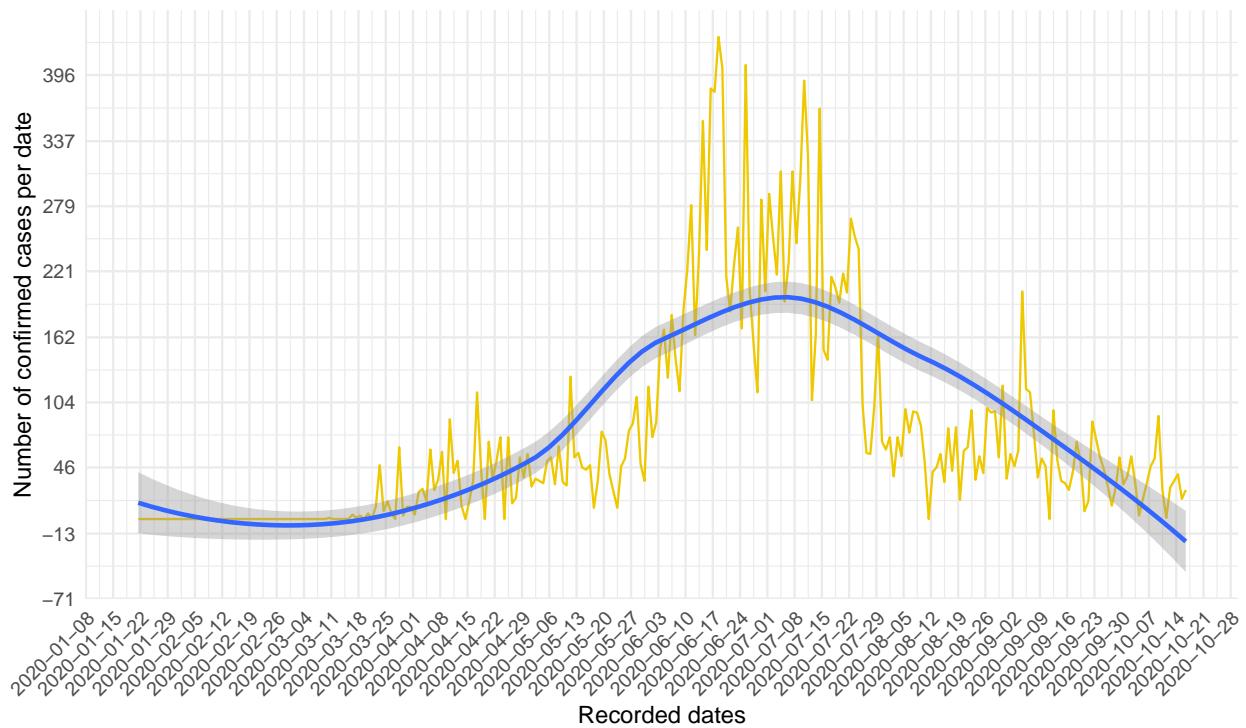

Costa Rica – confirmed cases over time, total cases: 51,224

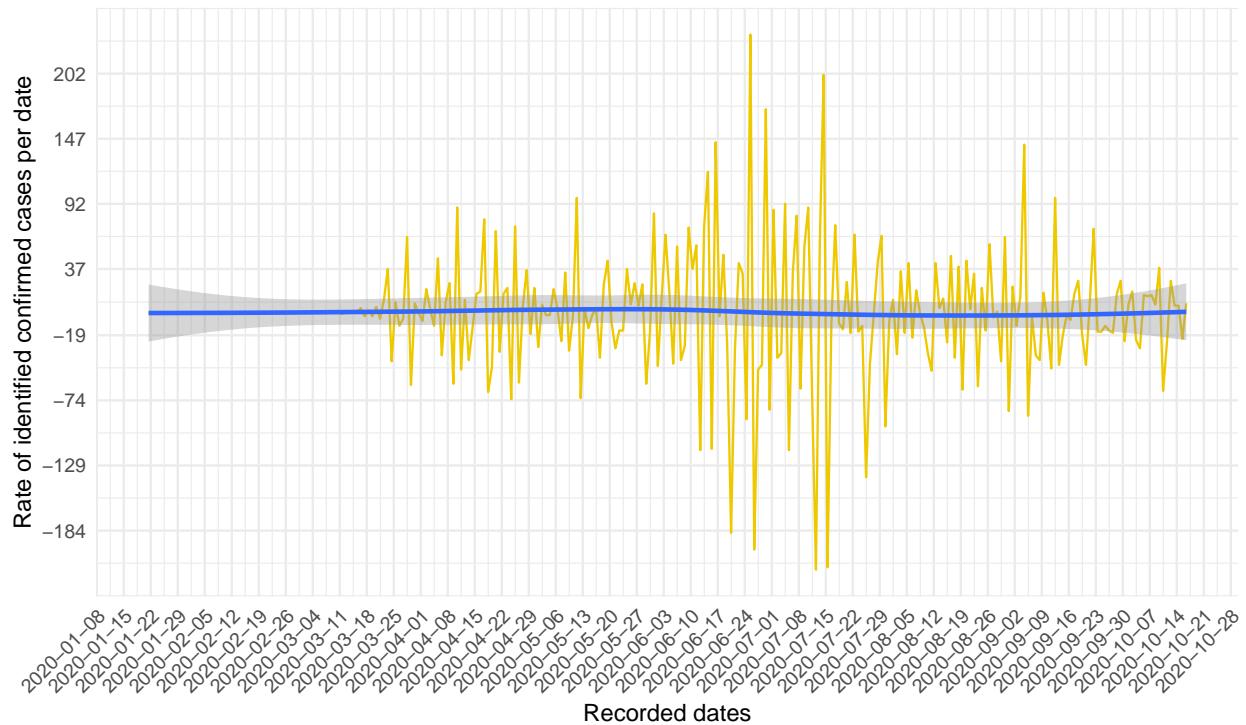

Costa Rica – rate of increase of confirmed cases over time

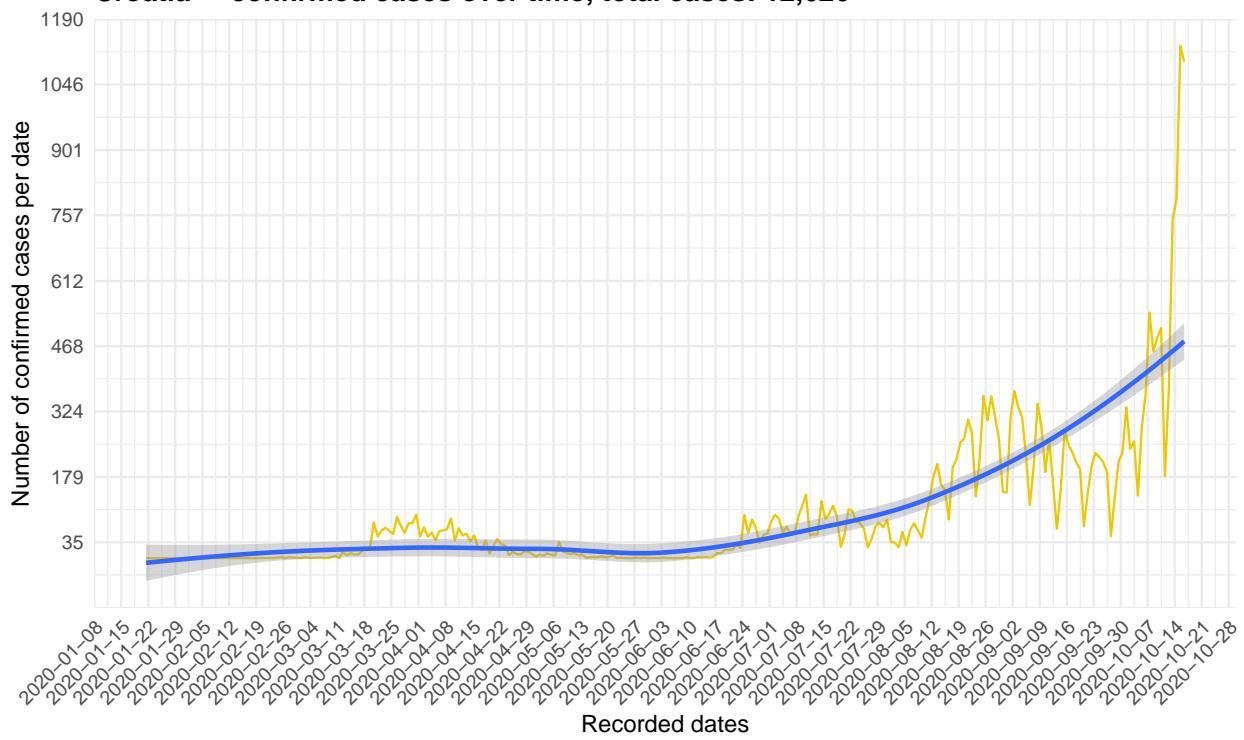

Côte d'Ivoire – confirmed cases over time, total cases: 18,815

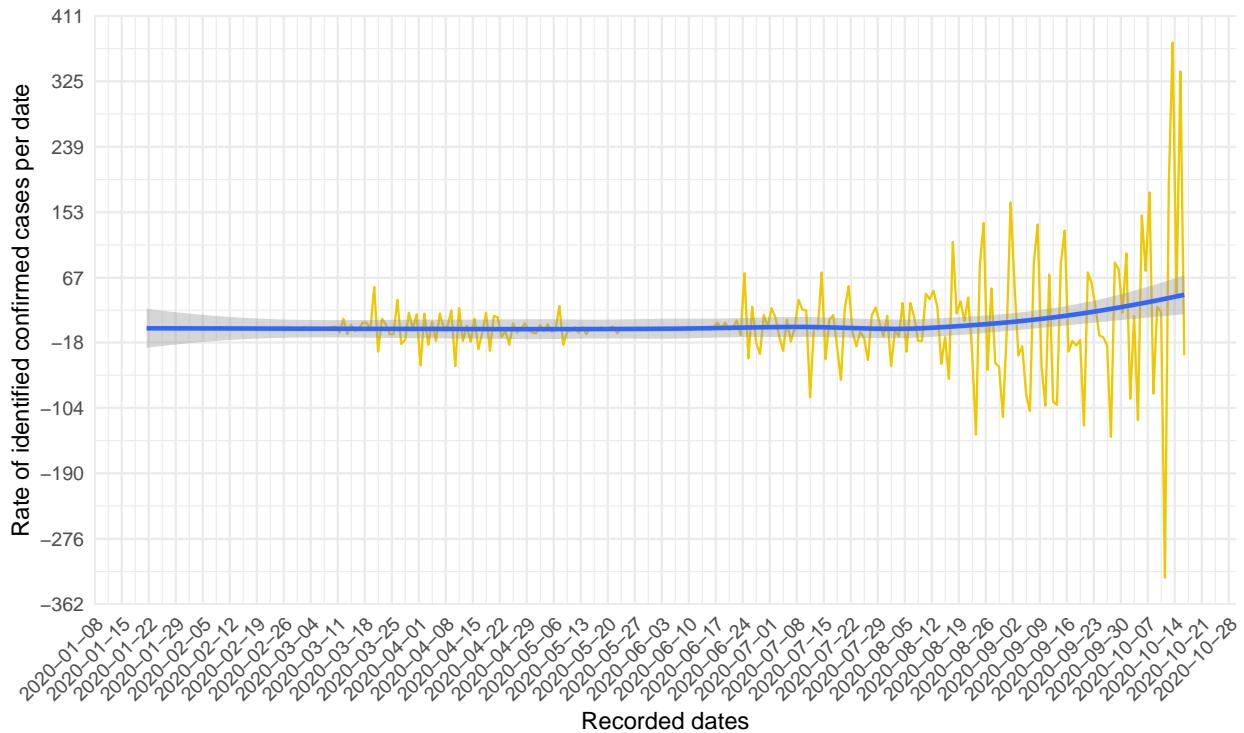

Côte d'Ivoire – rate of increase of confirmed cases over time

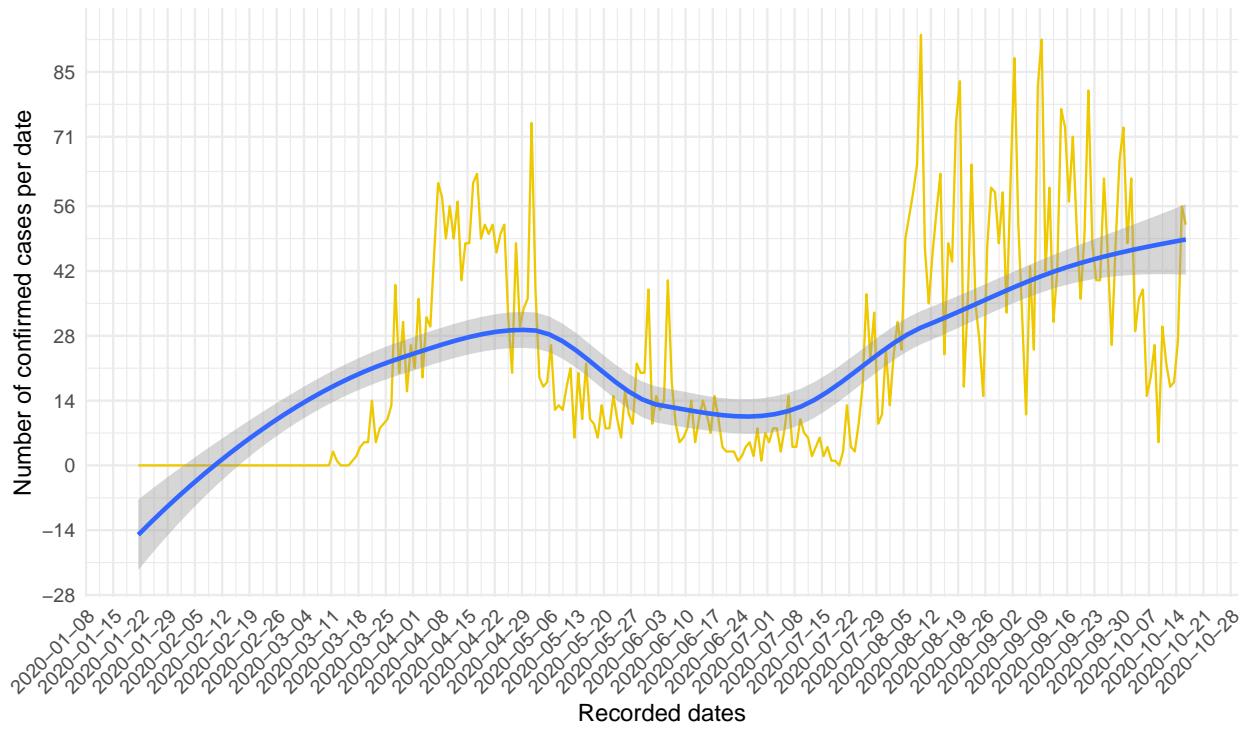

Croatia – confirmed cases over time, total cases: 12,626

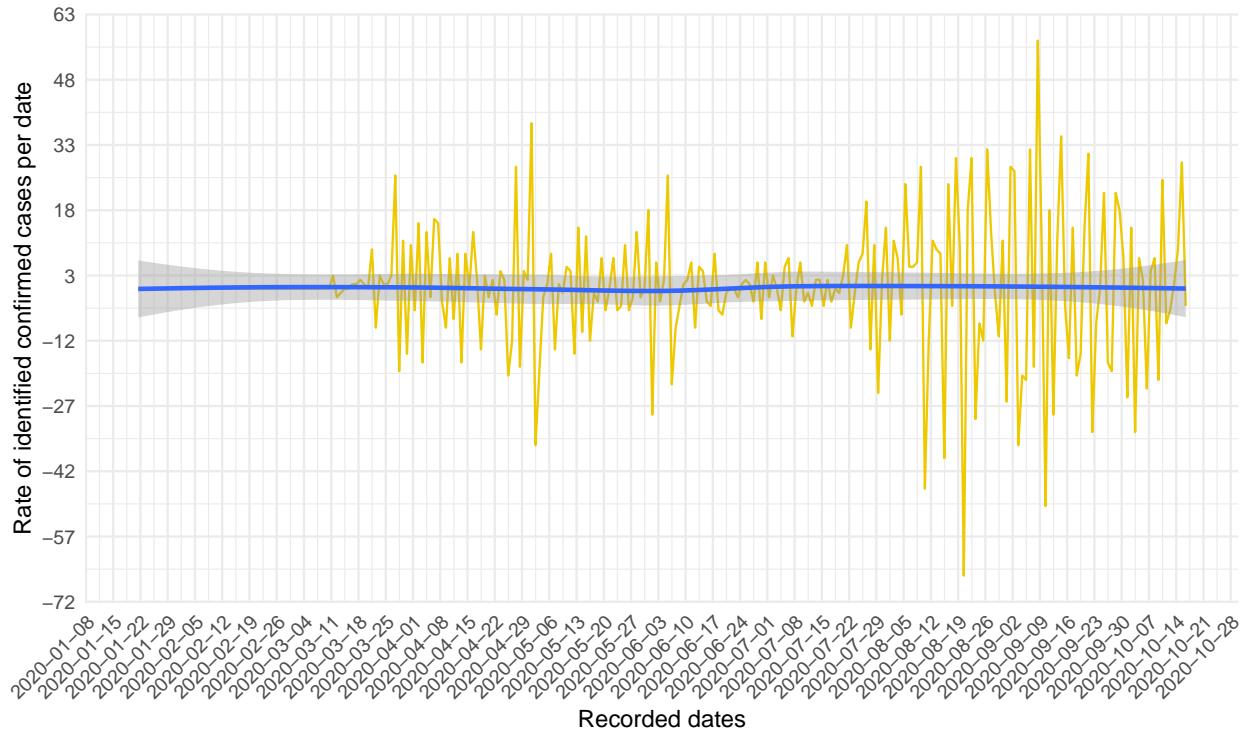

Croatia – rate of increase of confirmed cases over time

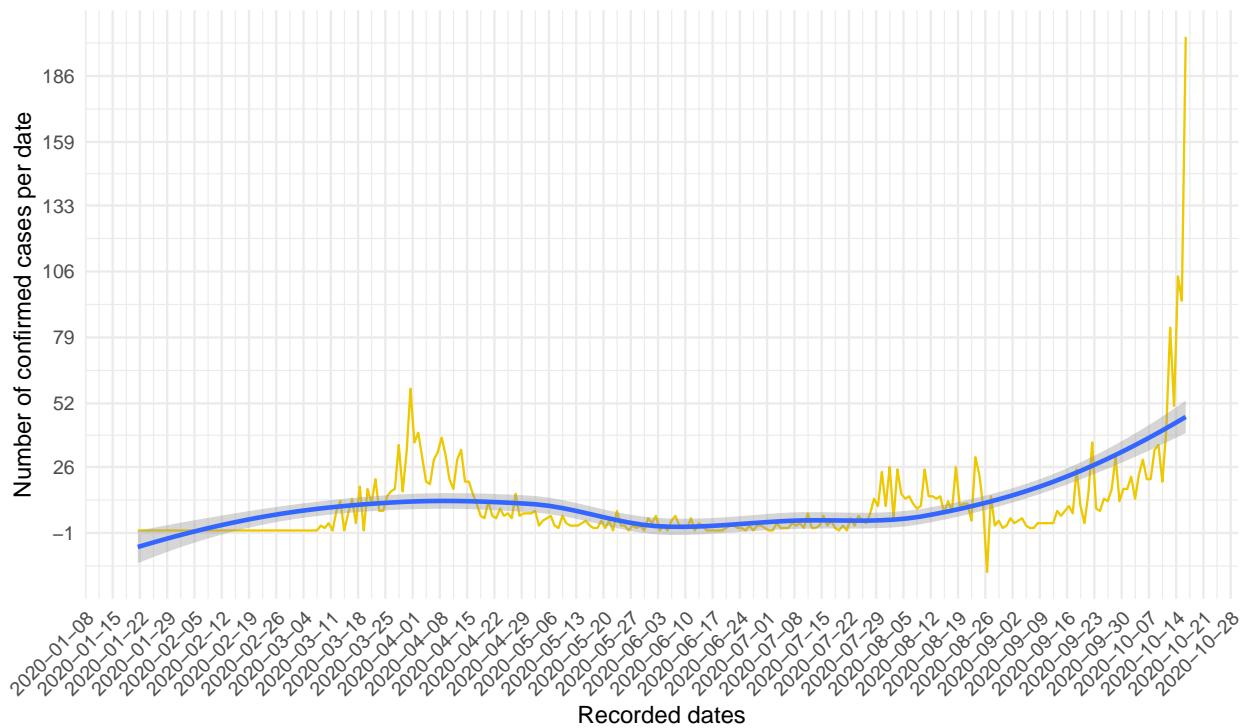

Cuba – confirmed cases over time, total cases: 4,459

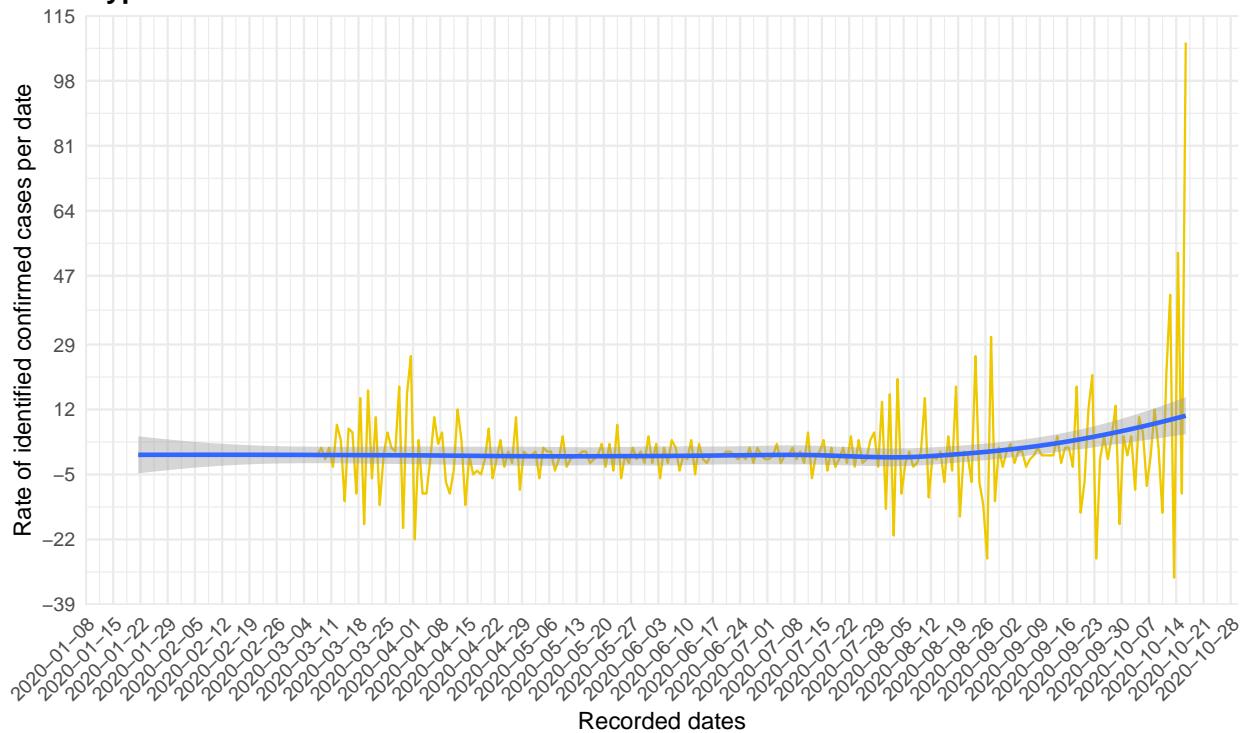

Cuba – rate of increase of confirmed cases over time

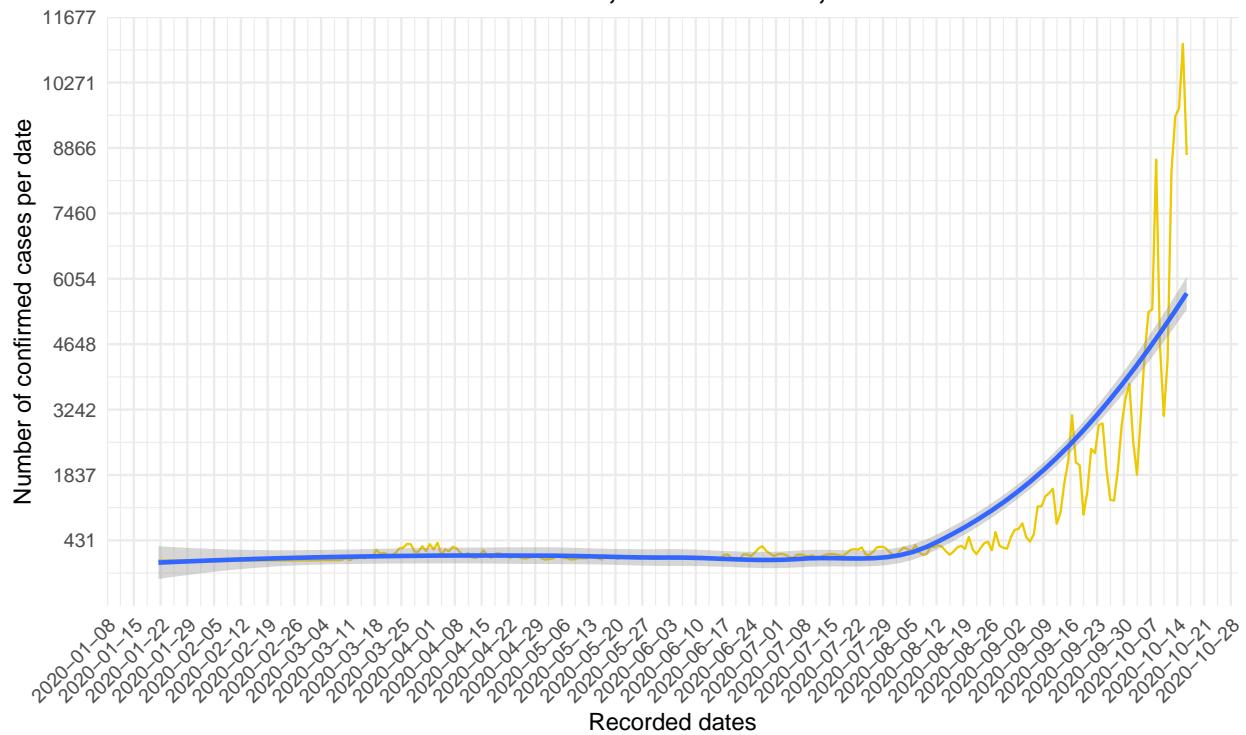

Cyprus – confirmed cases over time, total cases: 1,514

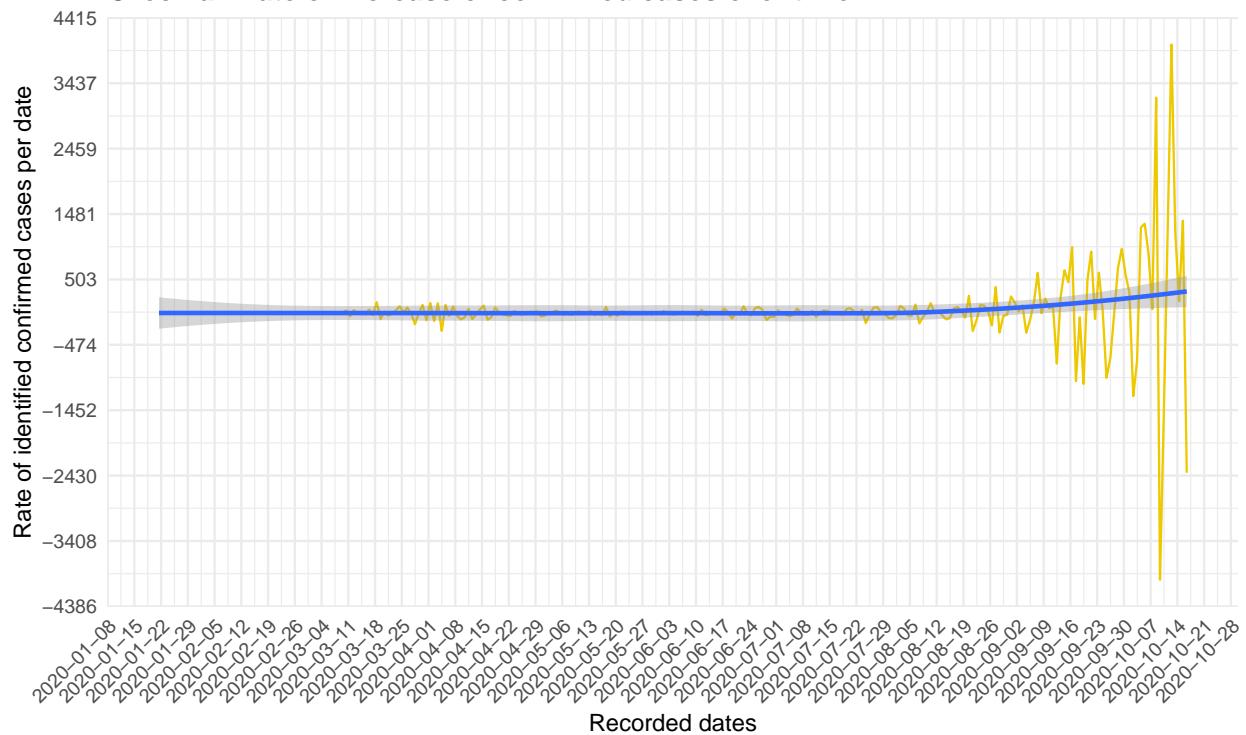

Cyprus – rate of increase of confirmed cases over time

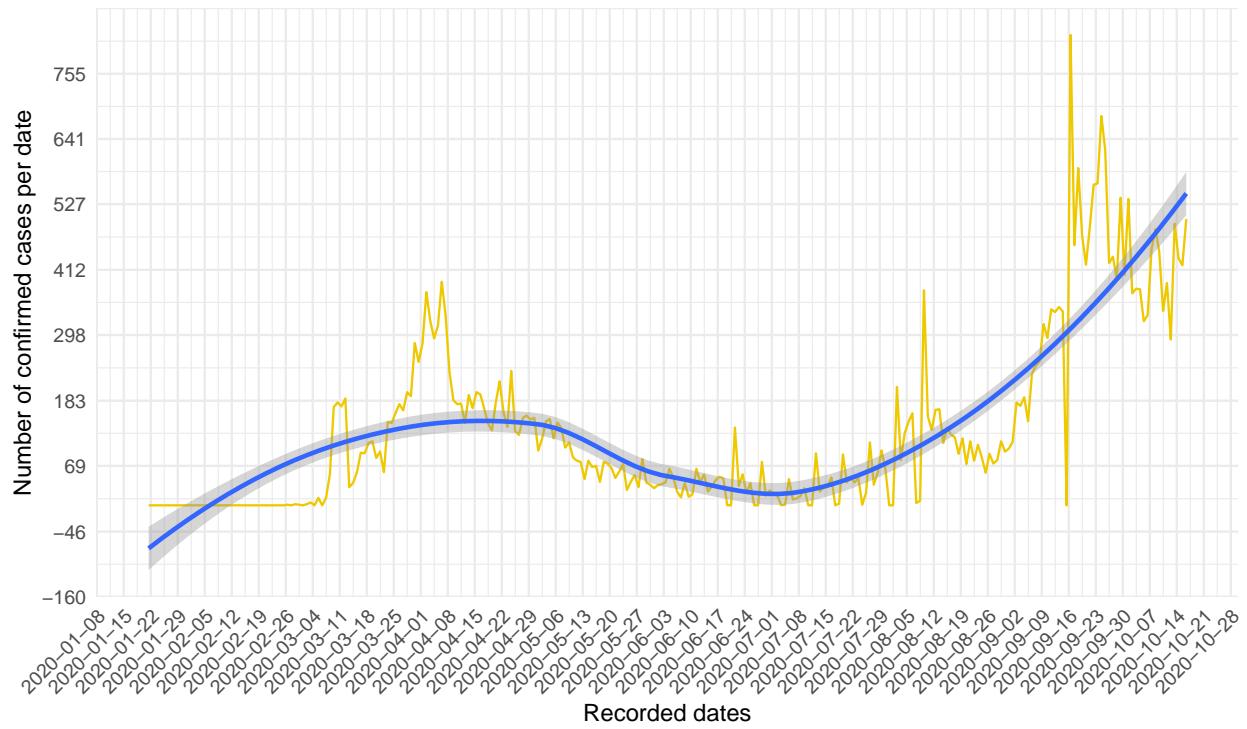

Czechia – confirmed cases over time, total cases: 31,036

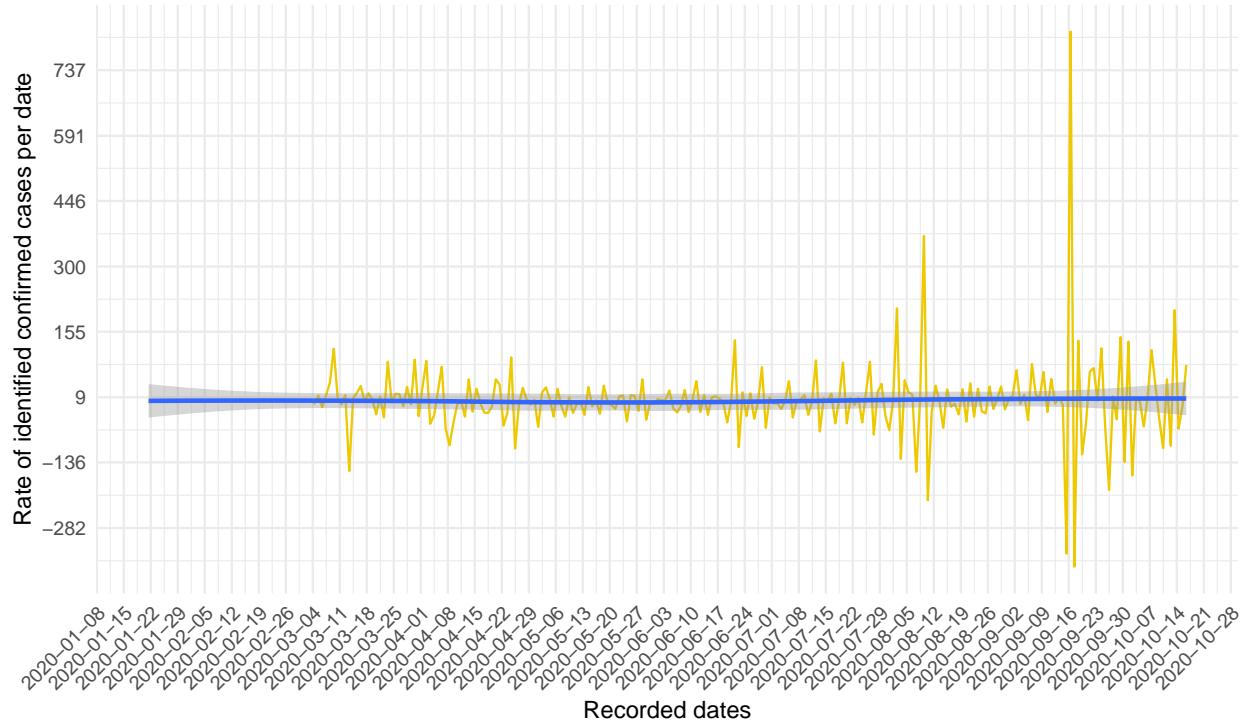

Czechia – rate of increase of confirmed cases over time

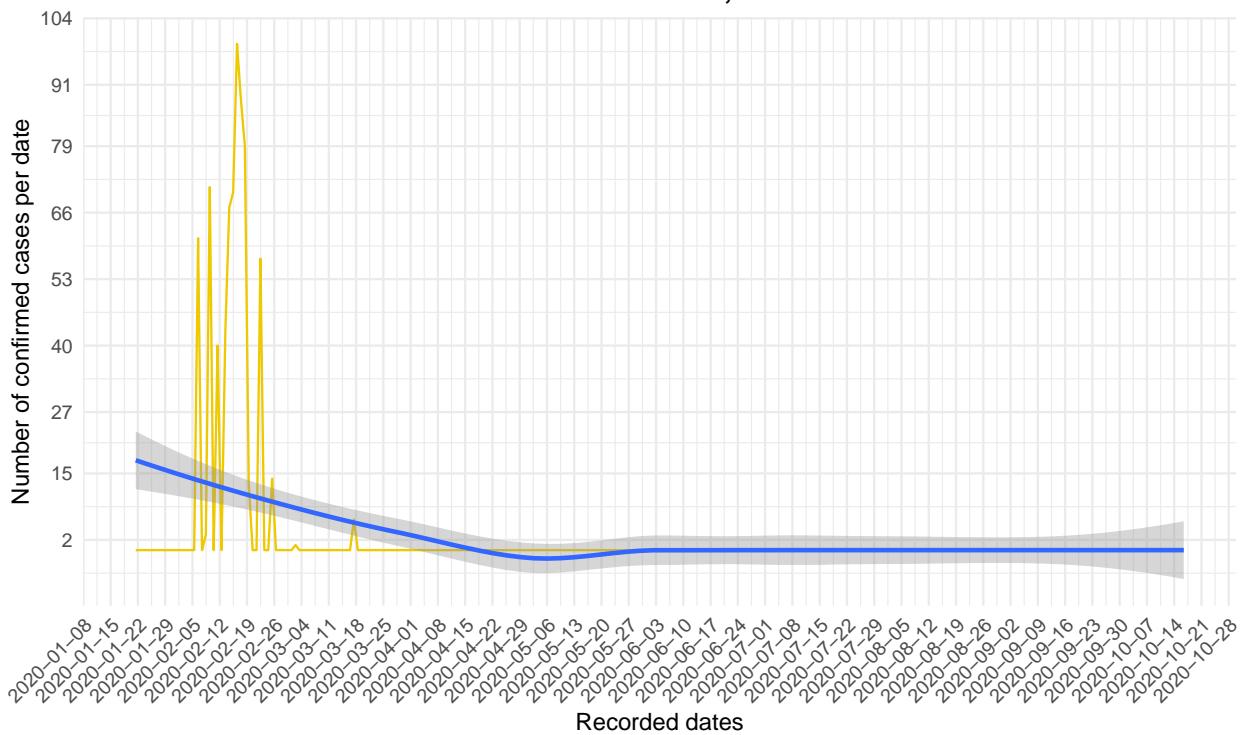

Denmark – confirmed cases over time, total cases: 19,036

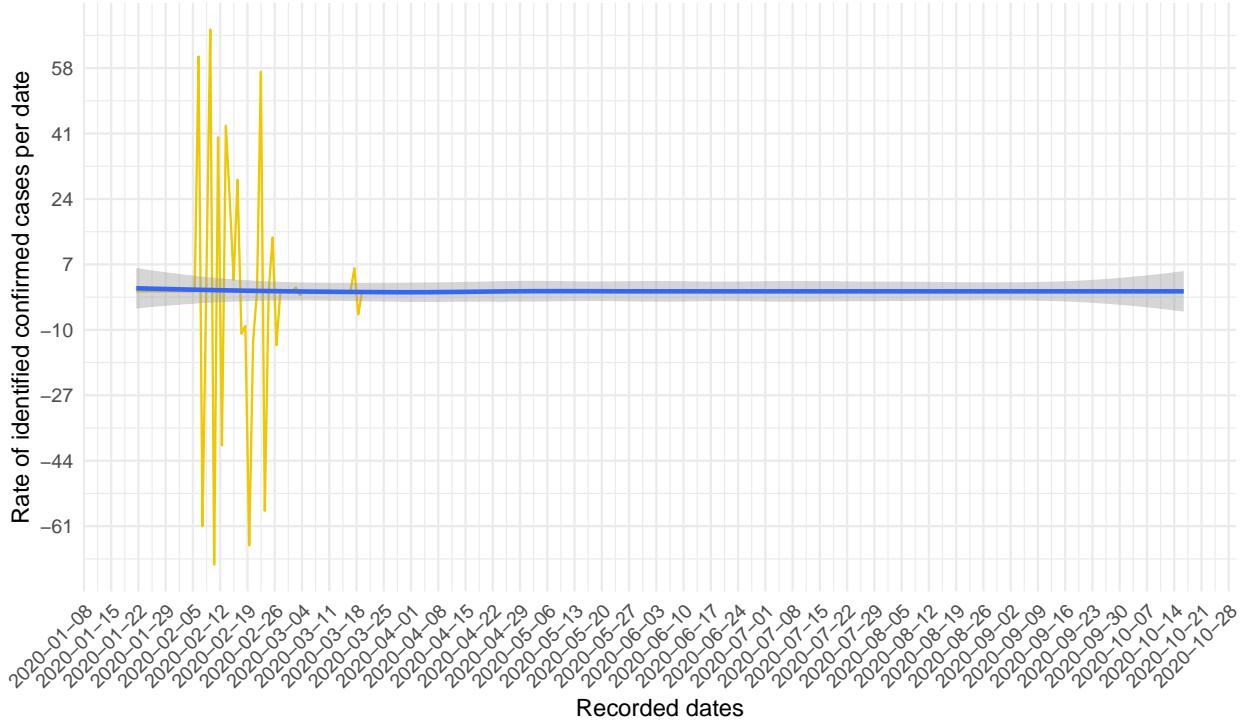

Denmark – rate of increase of confirmed cases over time

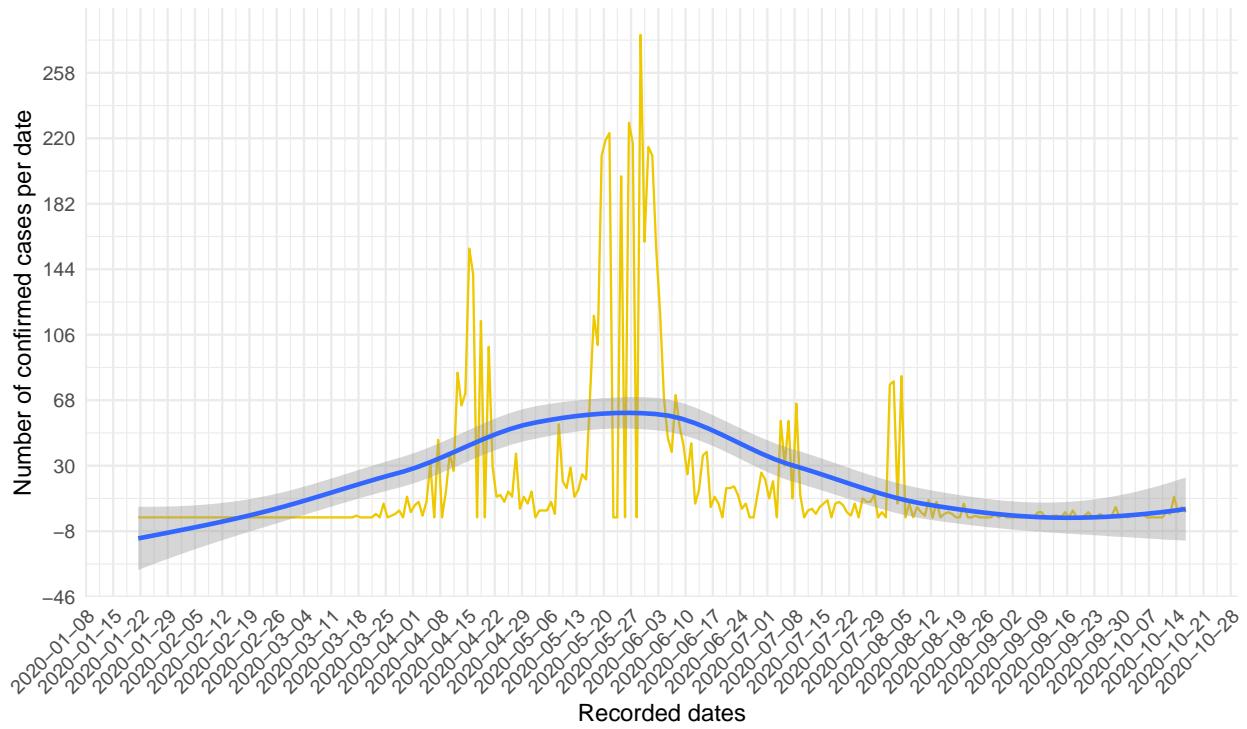

Diamond Princess – confirmed cases over time, total cases: 712

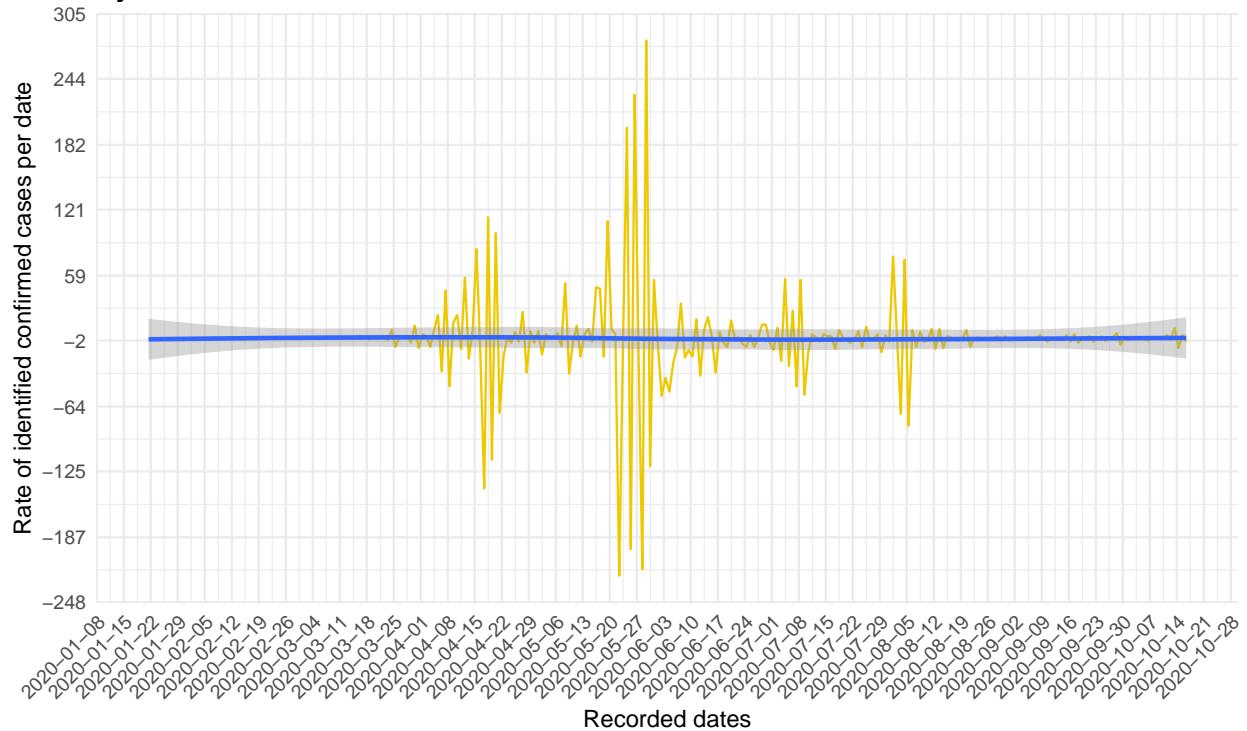

Diamond Princess – rate of increase of confirmed cases over time

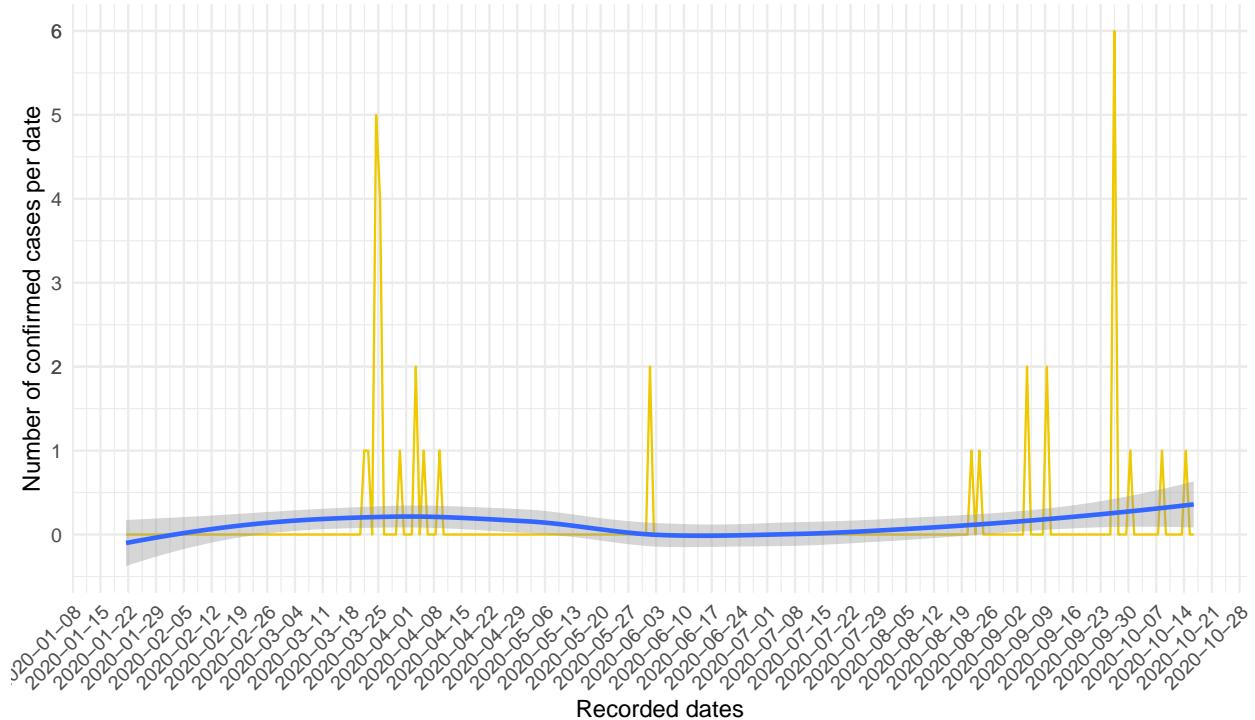

Djibouti – confirmed cases over time, total cases: 5,391

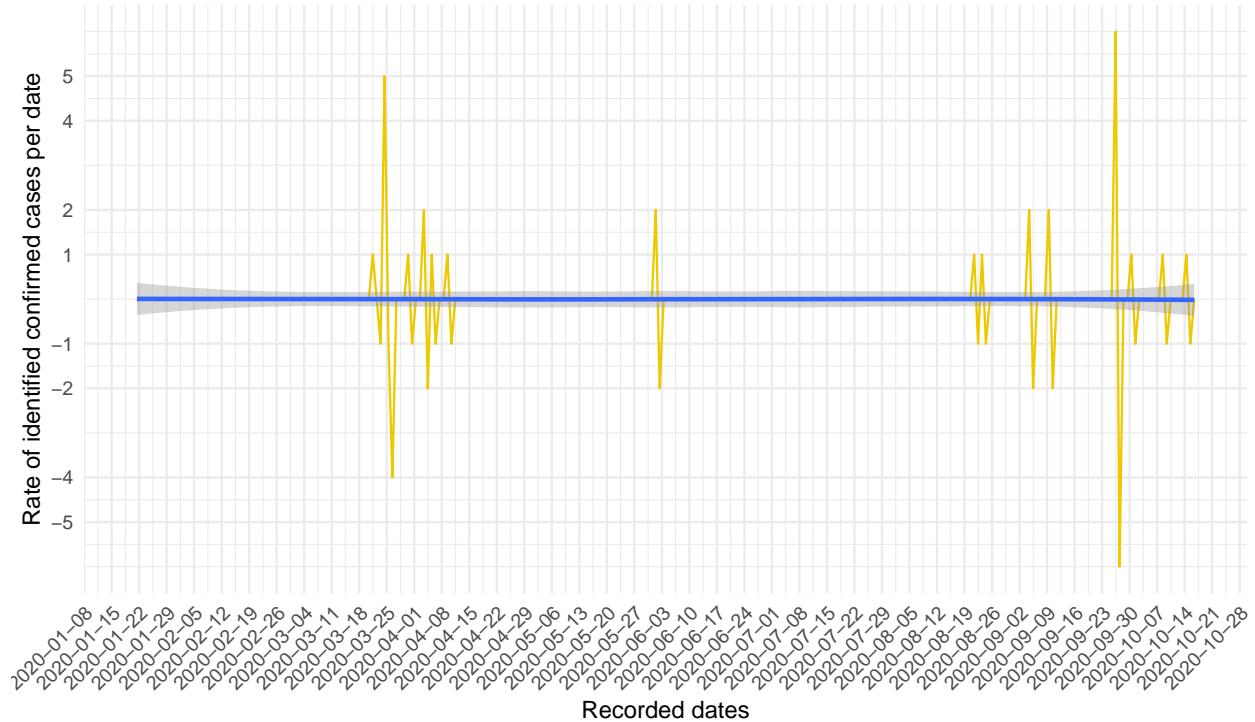

Djibouti – rate of increase of confirmed cases over time

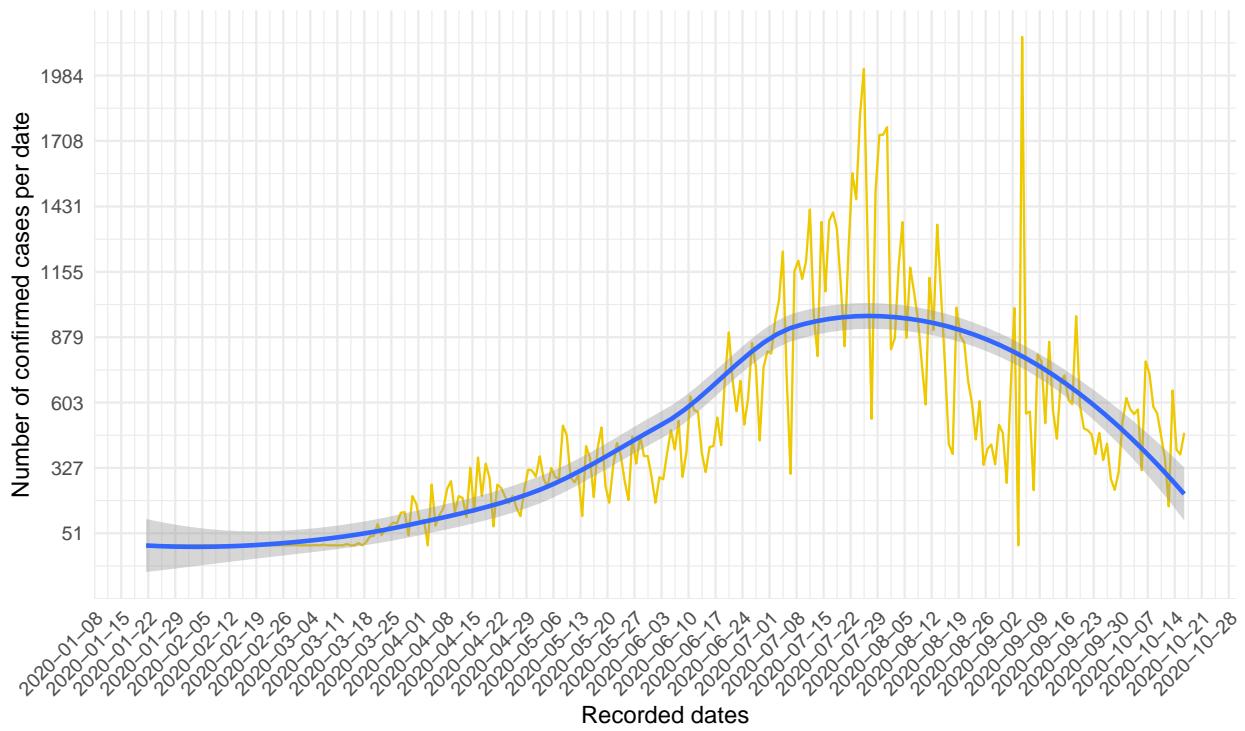

Dominica – confirmed cases over time, total cases: 22

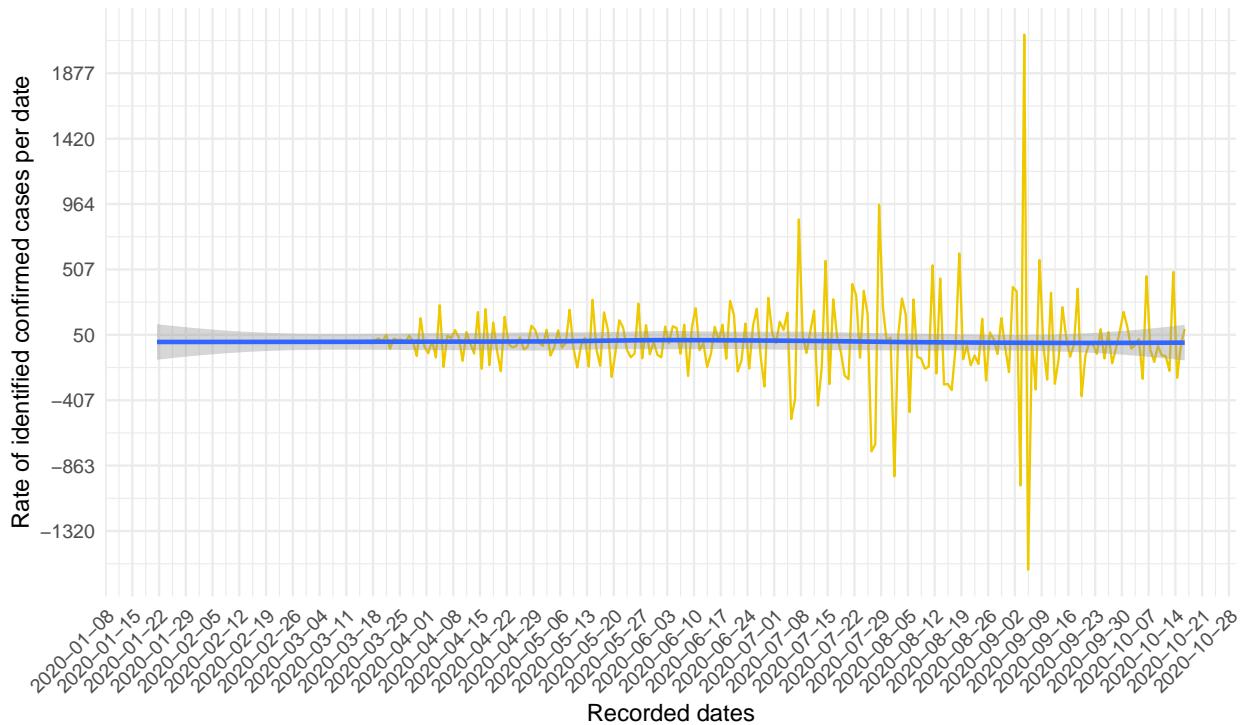

Dominica – rate of increase of confirmed cases over time

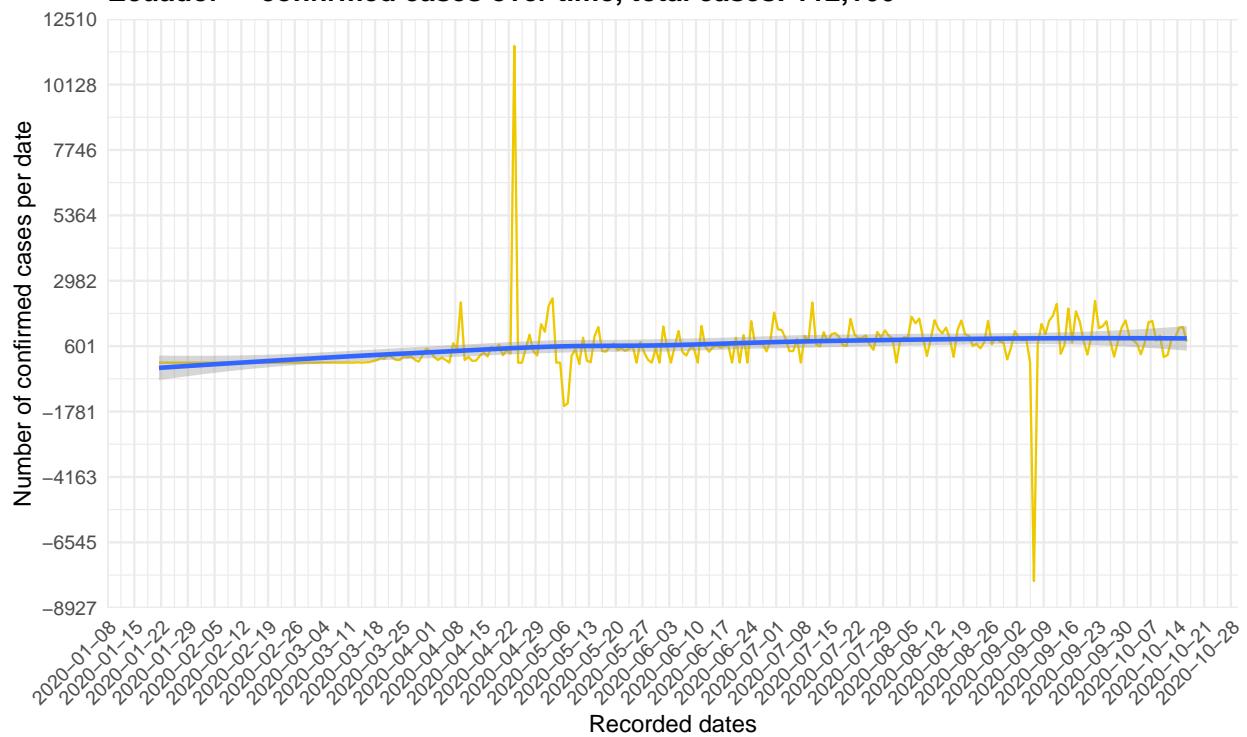

Dominican Republic – confirmed cases over time, total cases: 100,937

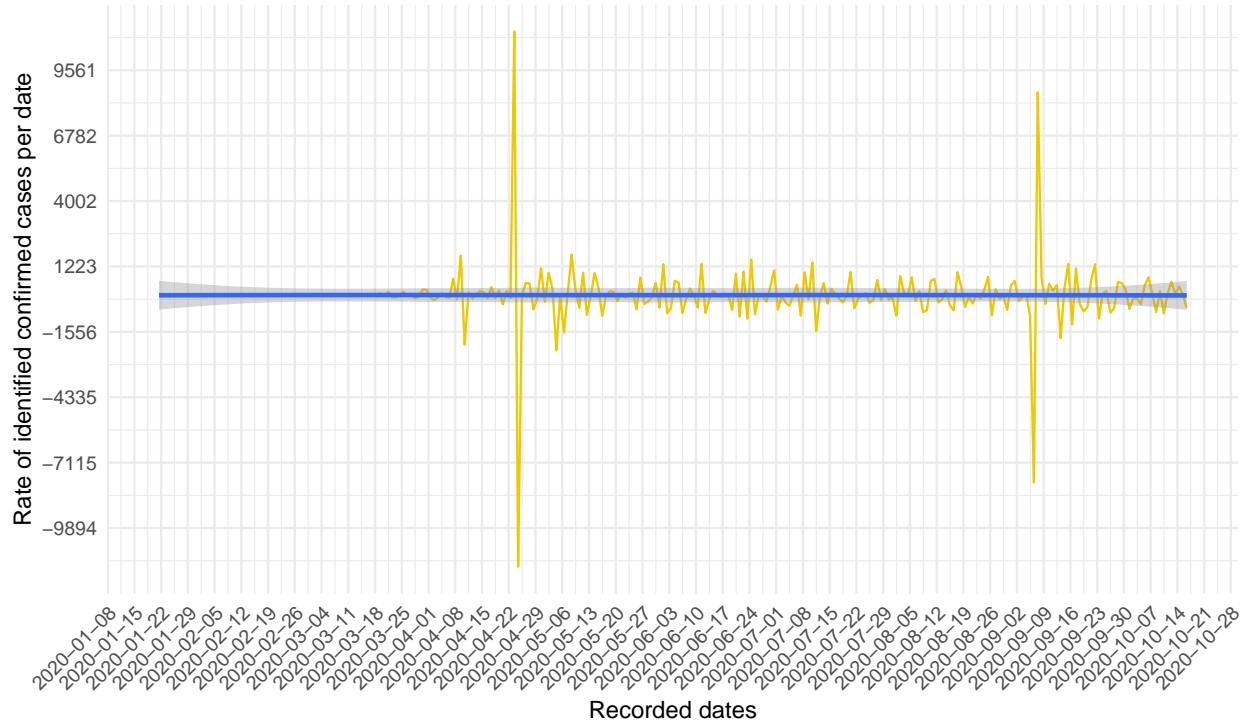

Dominican Republic – rate of increase of confirmed cases over time

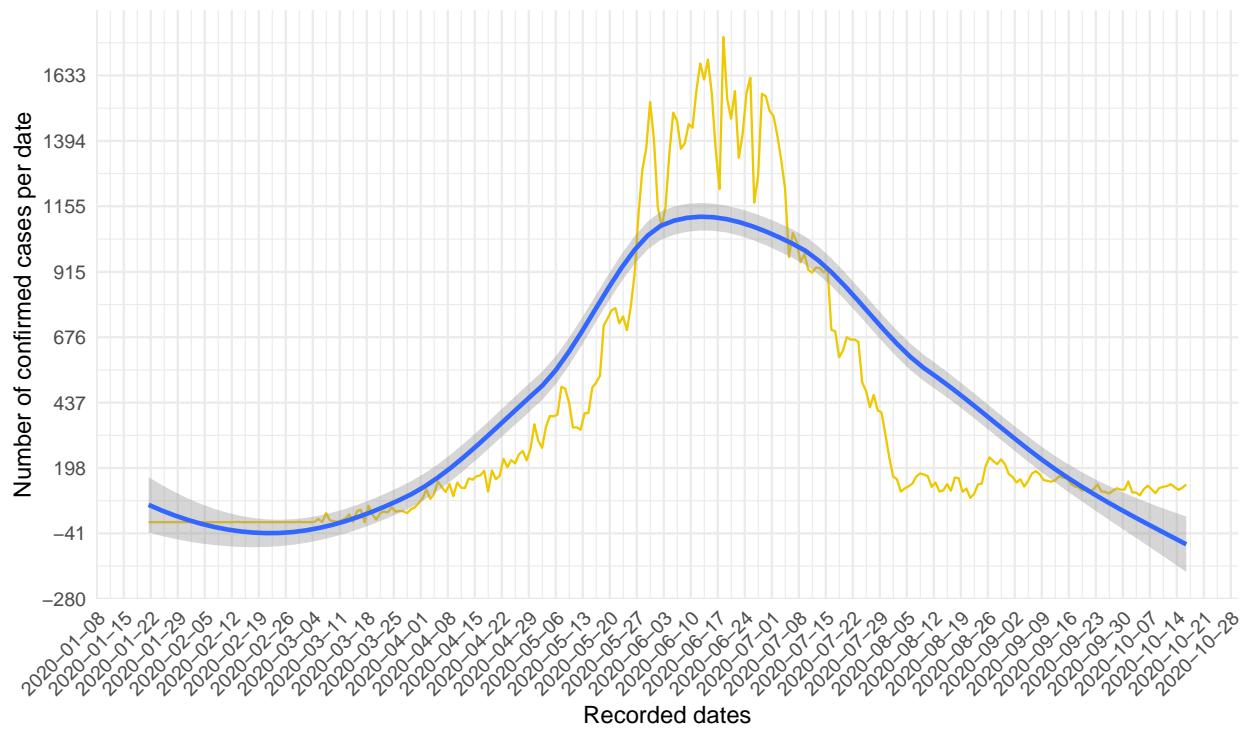

Ecuador – confirmed cases over time, total cases: 112,166

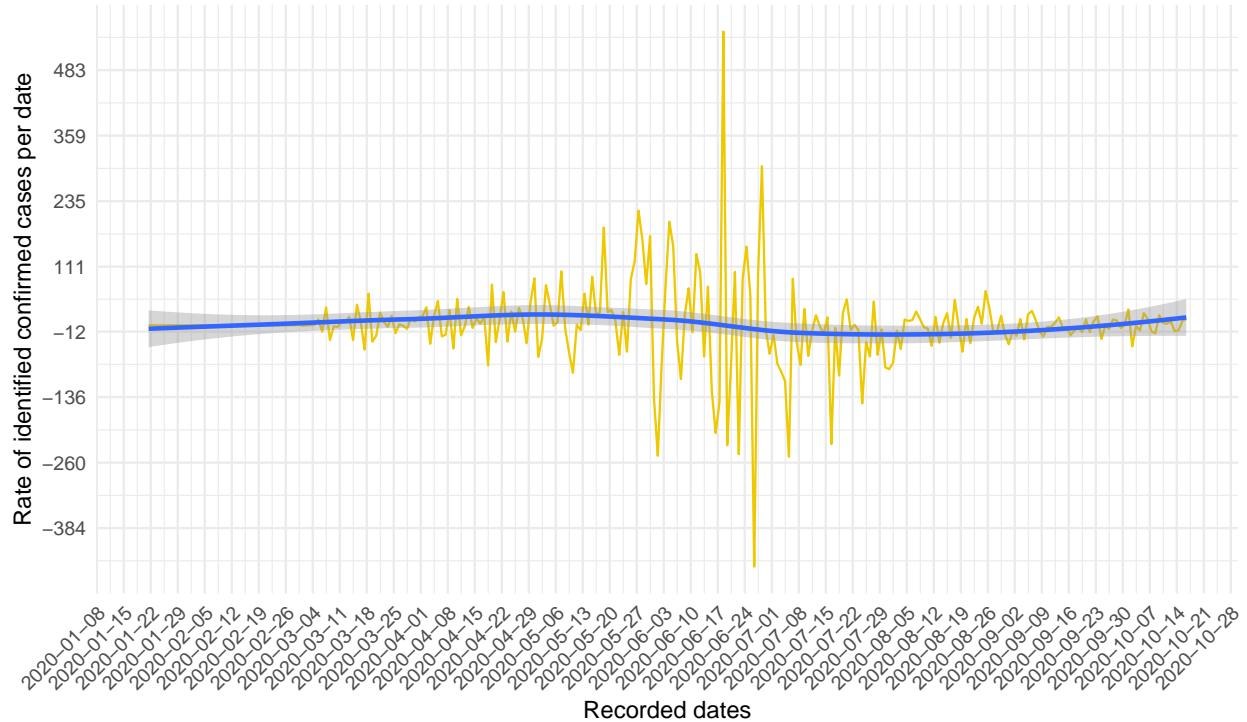

Ecuador – rate of increase of confirmed cases over time

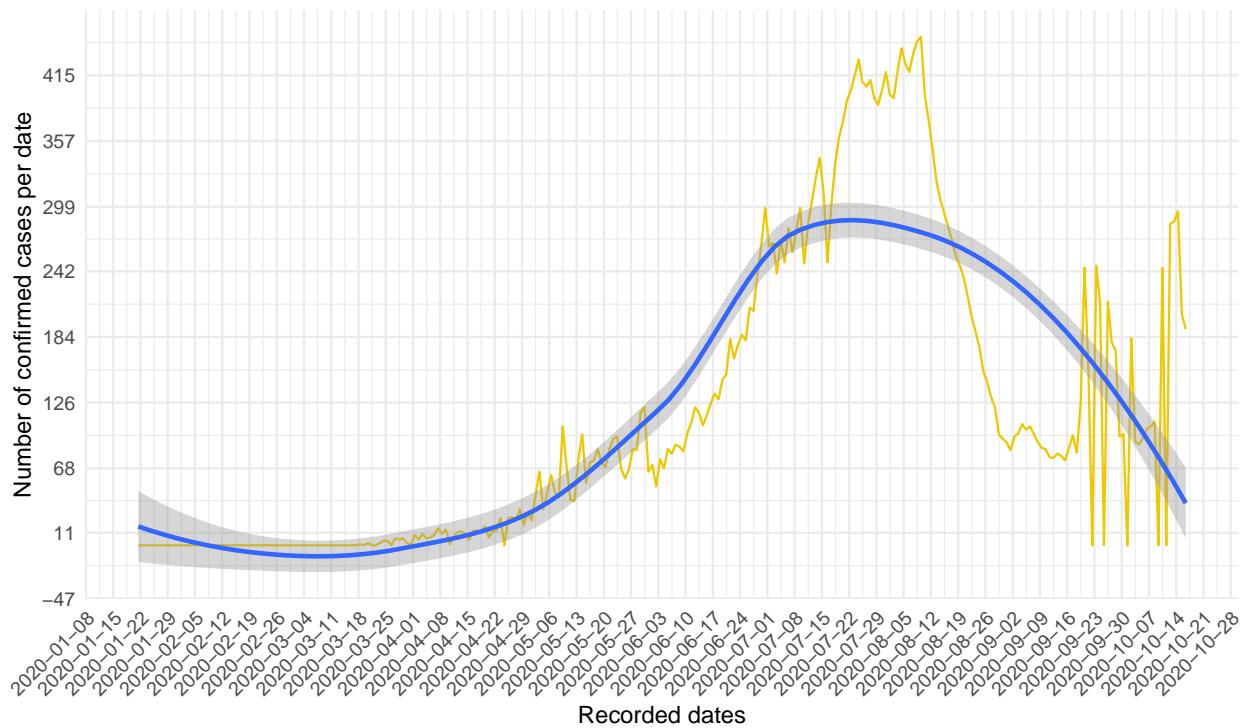

Egypt – confirmed cases over time, total cases: 100,403

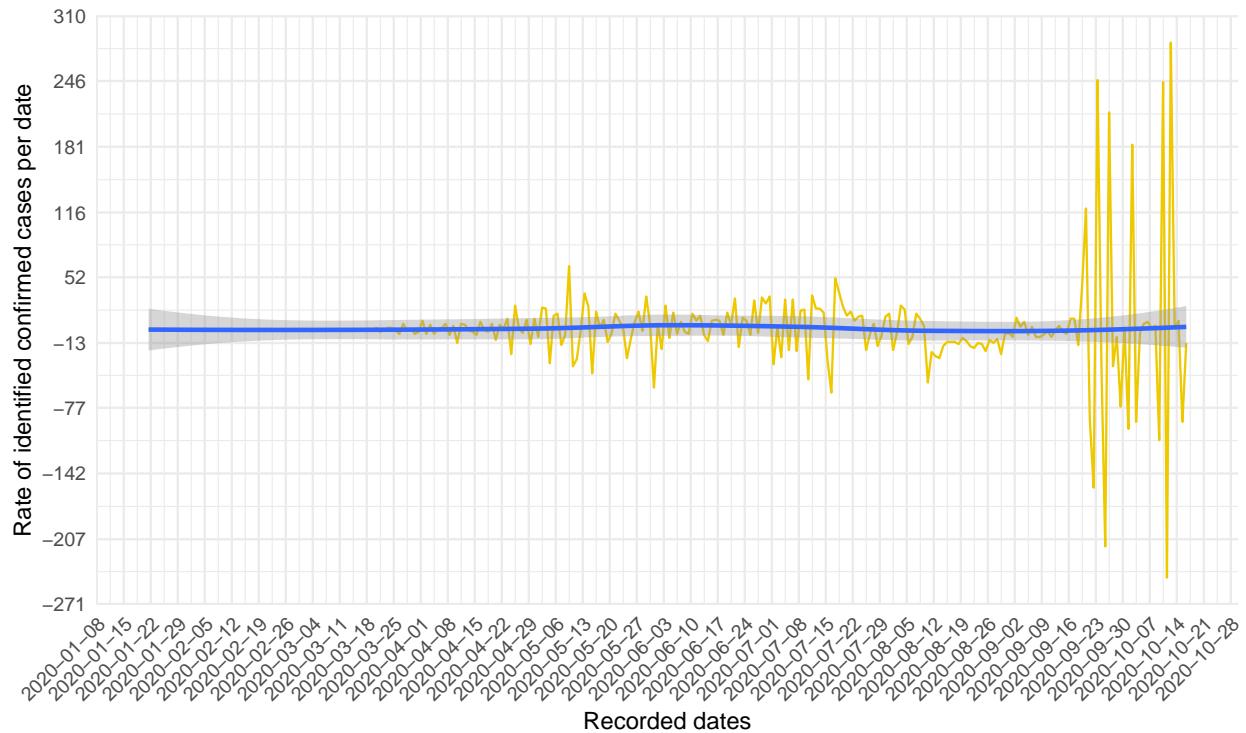

Egypt – rate of increase of confirmed cases over time

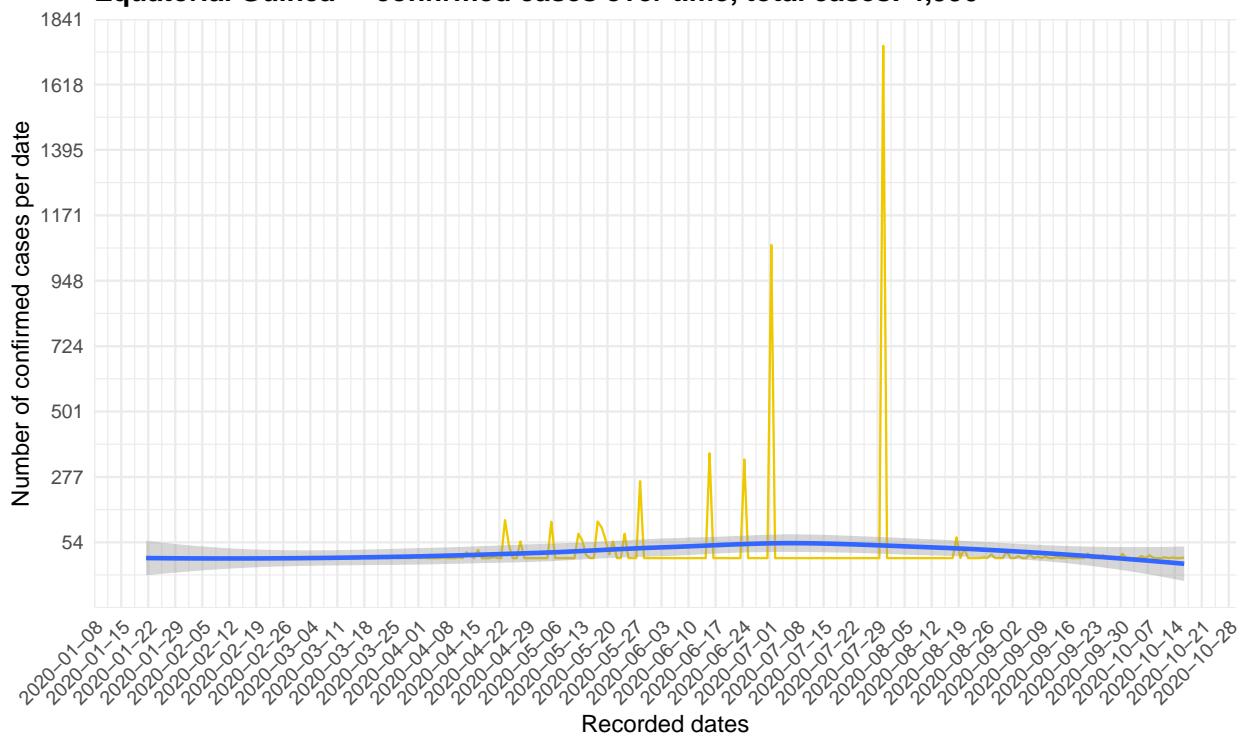

El Salvador – confirmed cases over time, total cases: 26,602

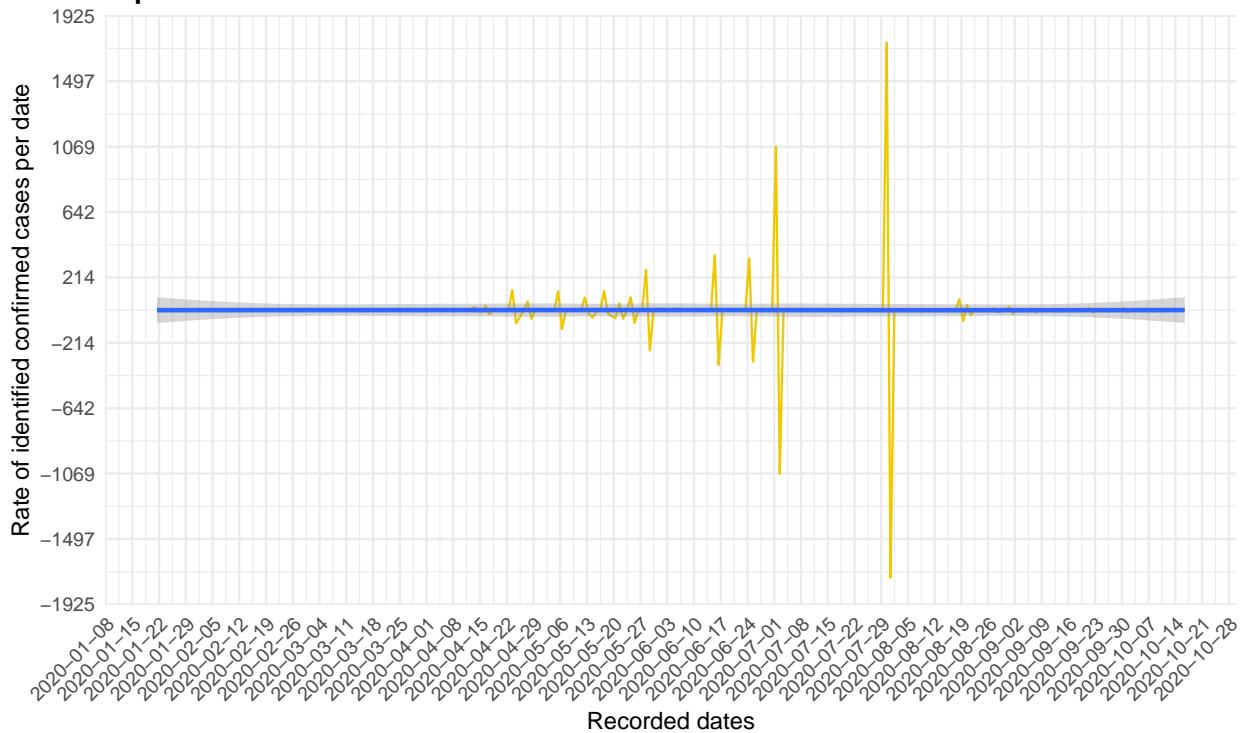

El Salvador – rate of increase of confirmed cases over time

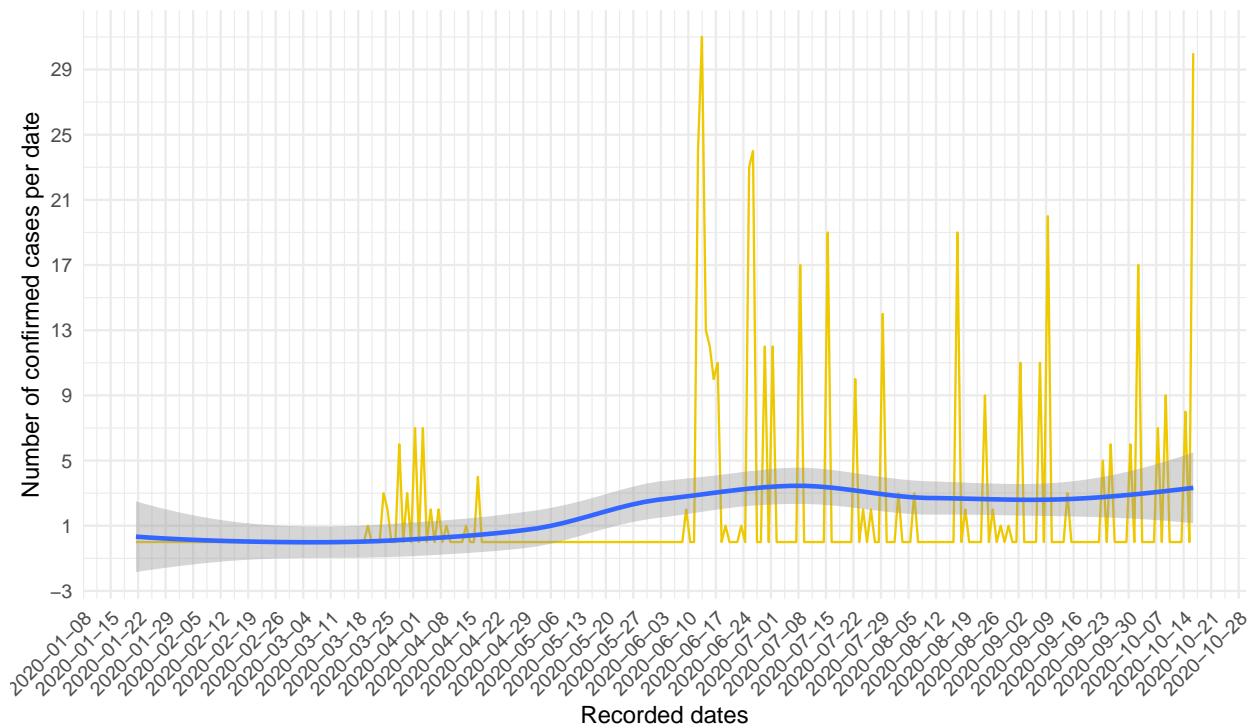

Equatorial Guinea – confirmed cases over time, total cases: 4,990

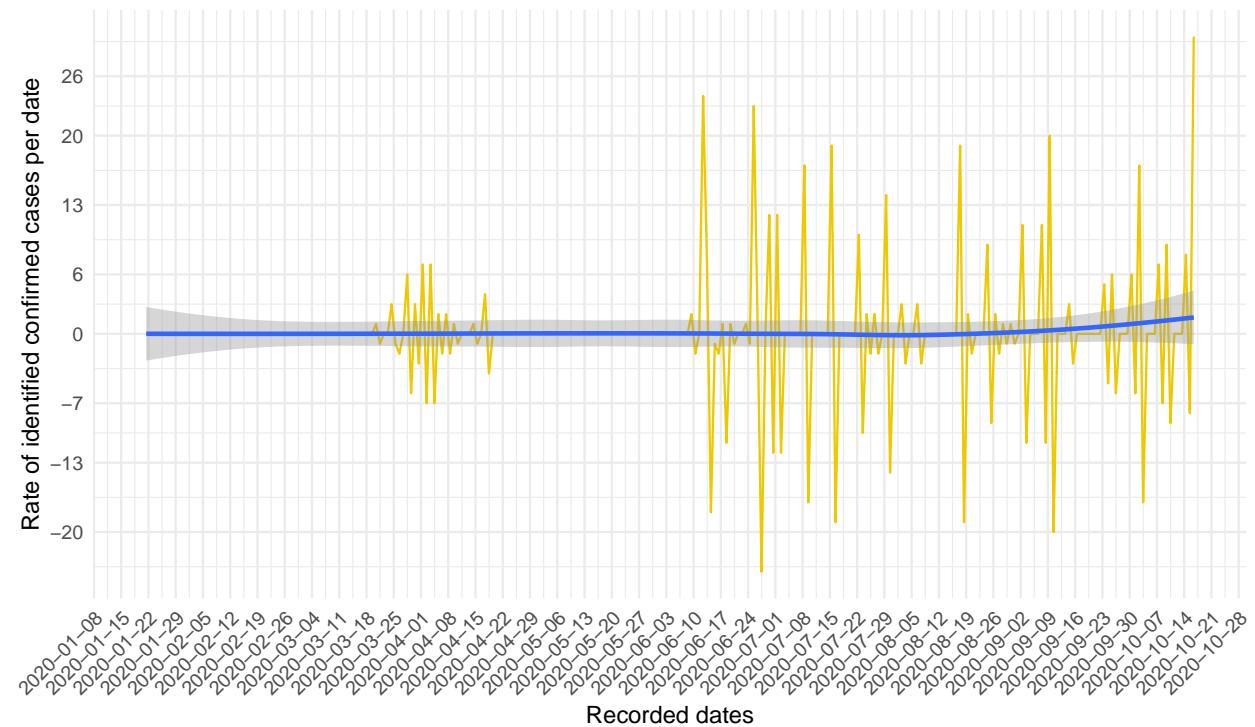

Equatorial Guinea – rate of increase of confirmed cases over time

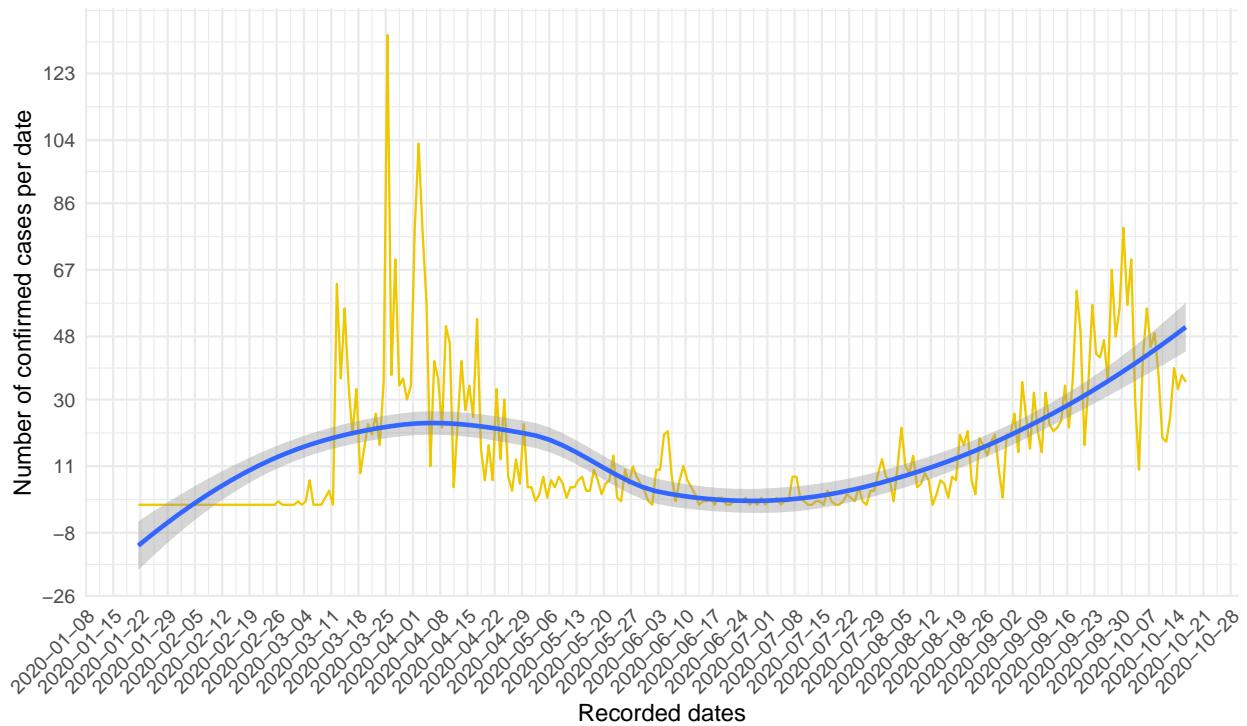

Eritrea – confirmed cases over time, total cases: 341

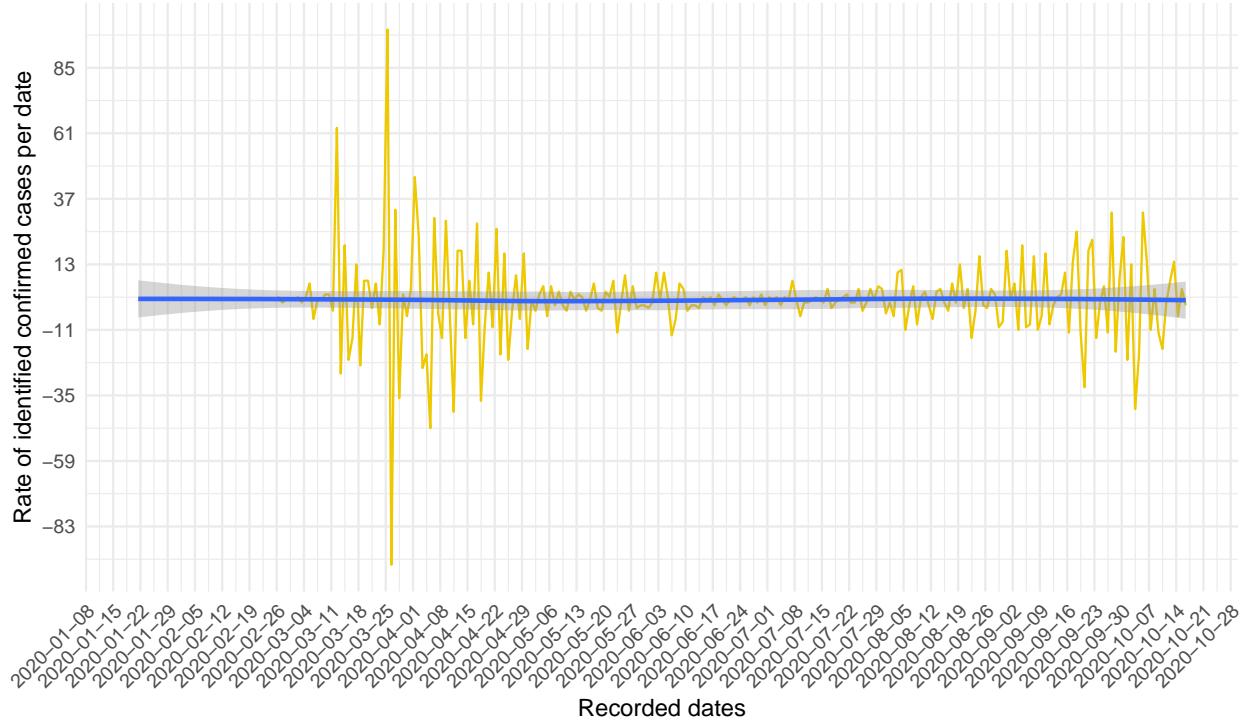

Eritrea – rate of increase of confirmed cases over time

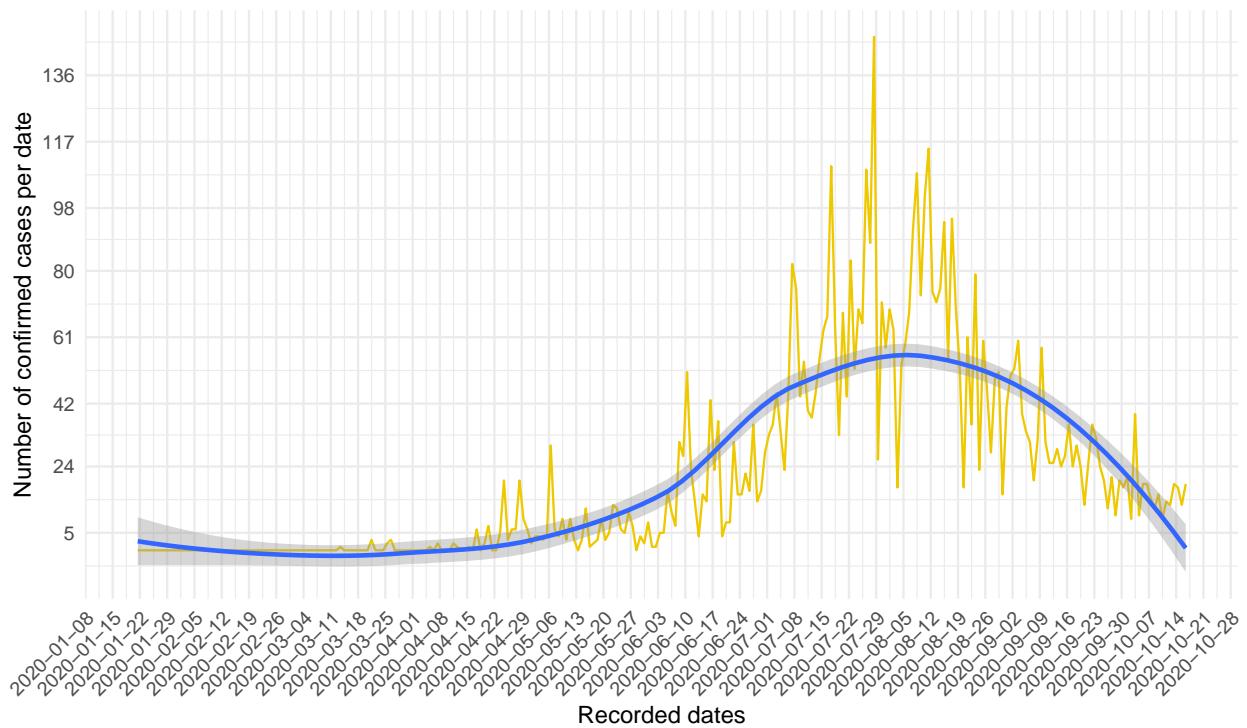

Estonia – confirmed cases over time, total cases: 2,585

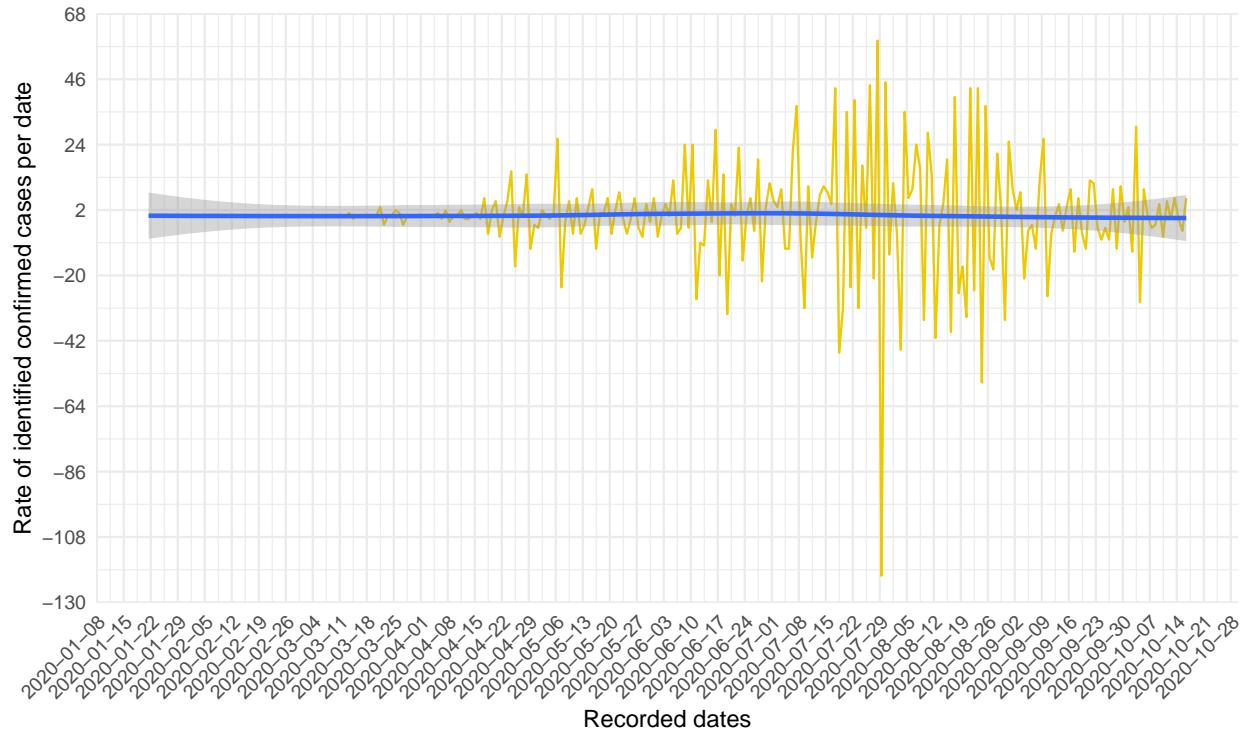

Estonia – rate of increase of confirmed cases over time

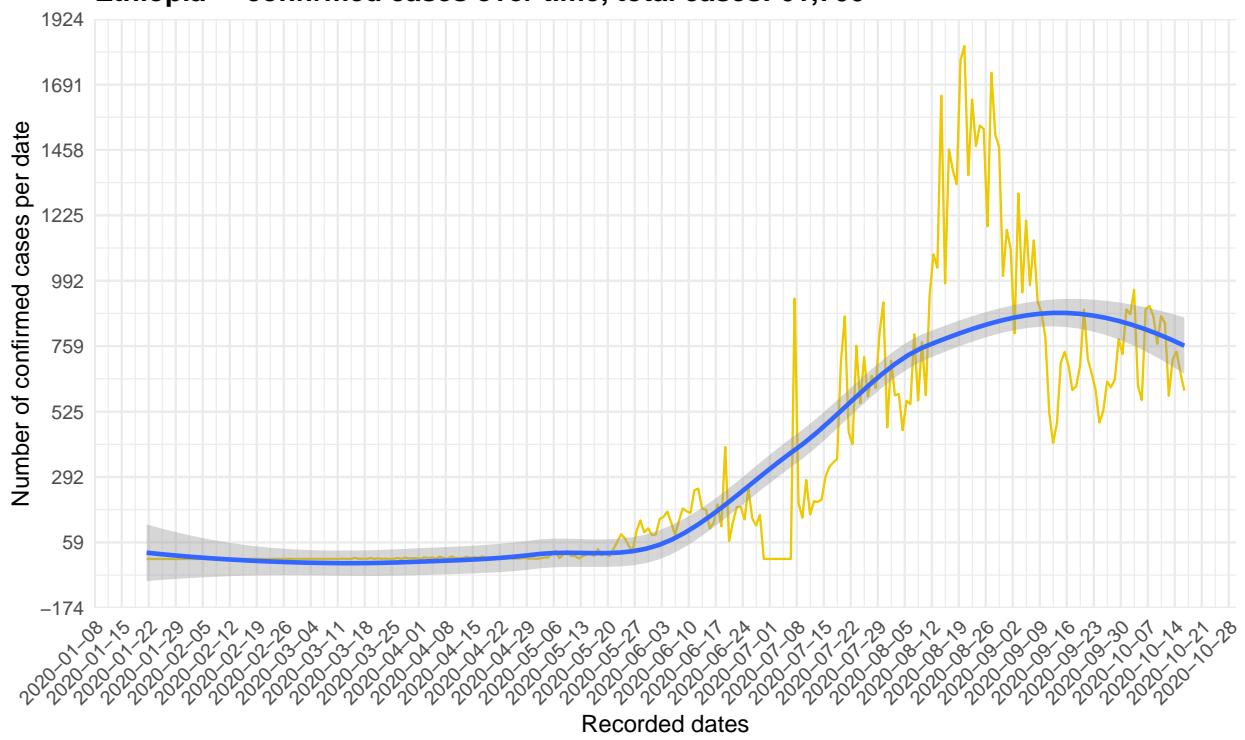

Eswatini – confirmed cases over time, total cases: 4,936

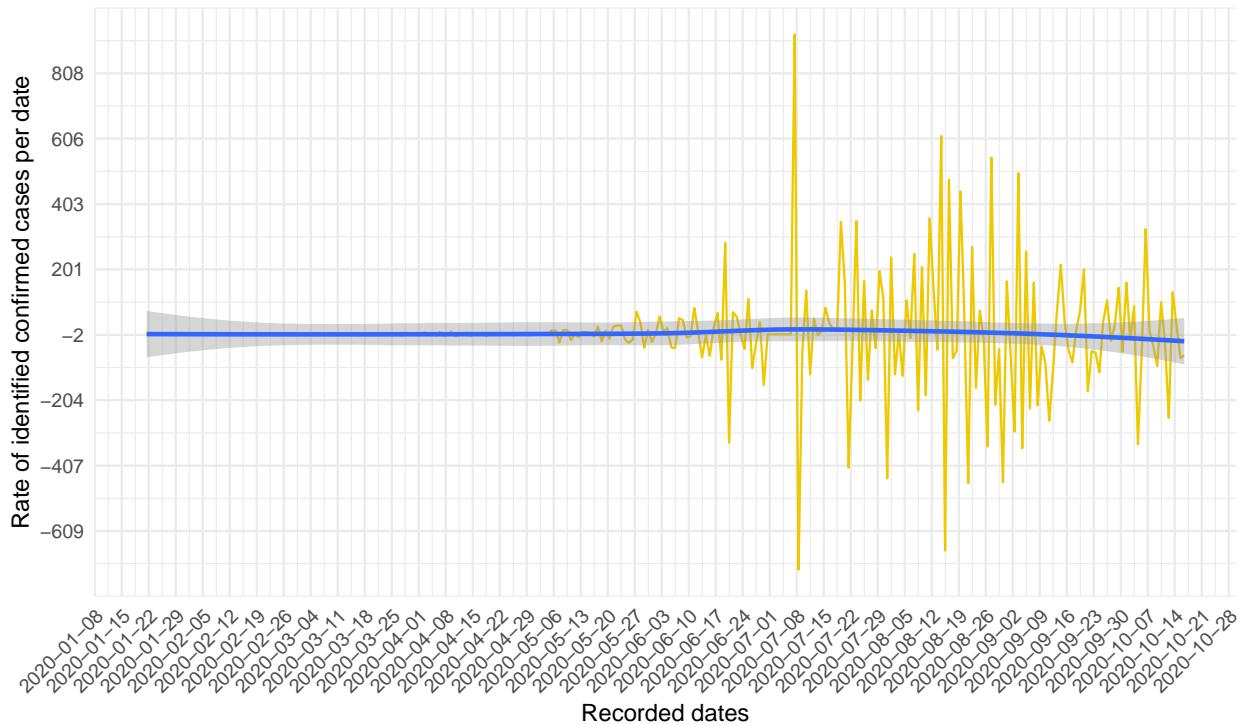

Eswatini – rate of increase of confirmed cases over time

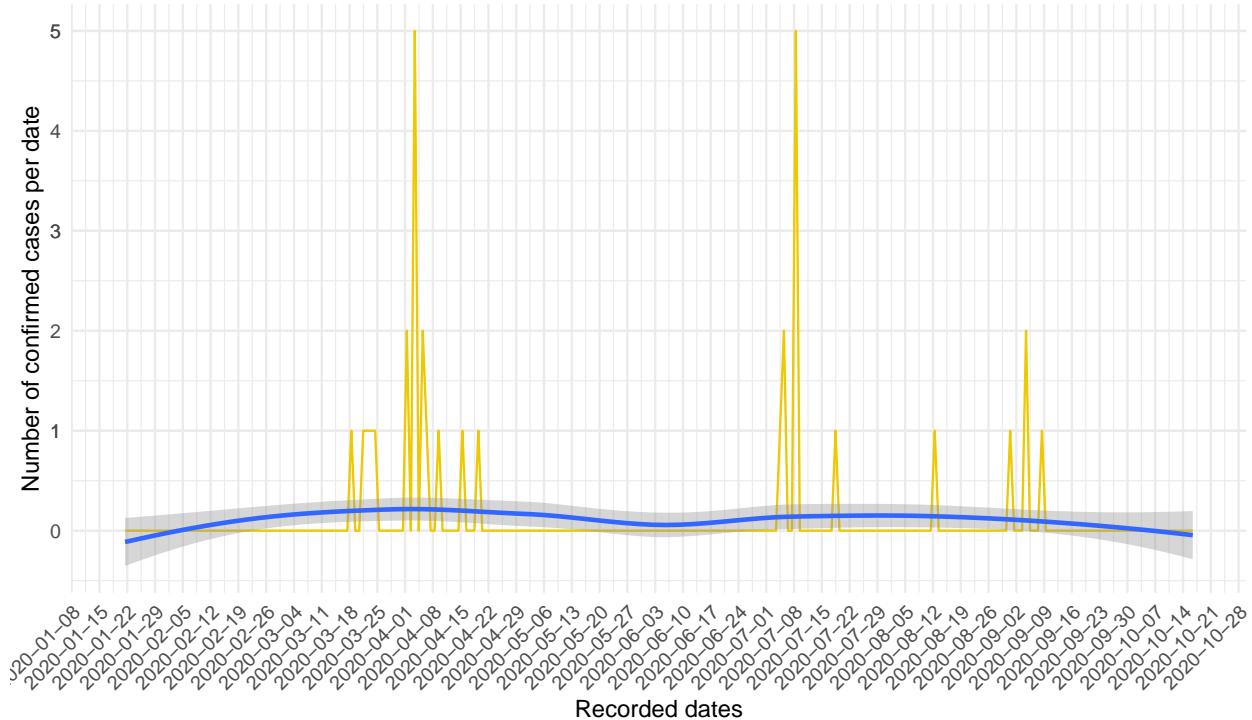

Ethiopia – confirmed cases over time, total cases: 61,700

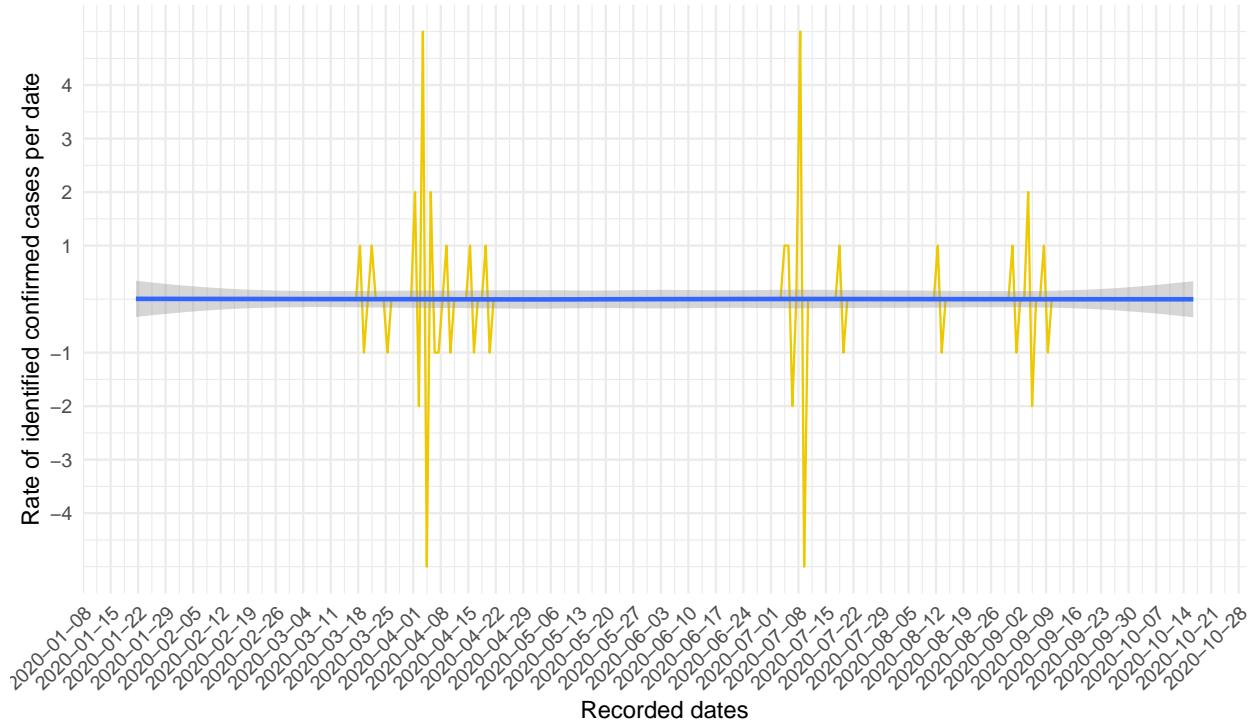

Ethiopia – rate of increase of confirmed cases over time

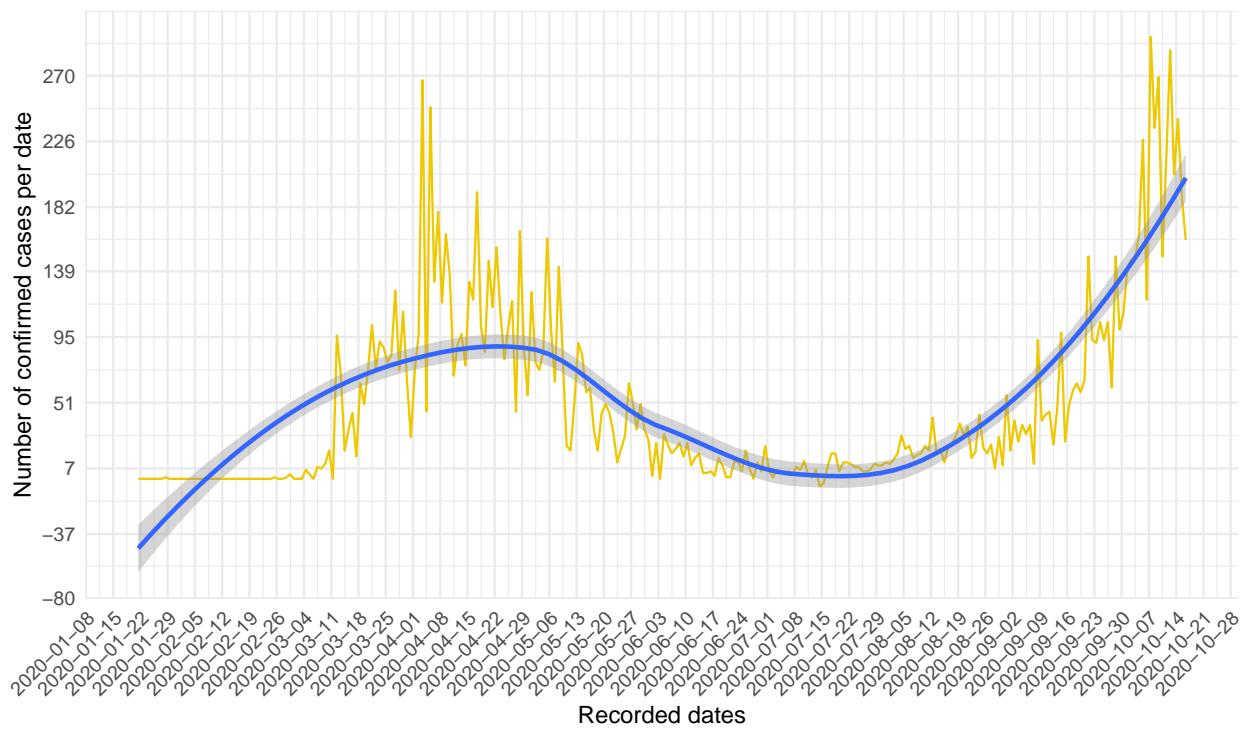

Fiji – confirmed cases over time, total cases: 32

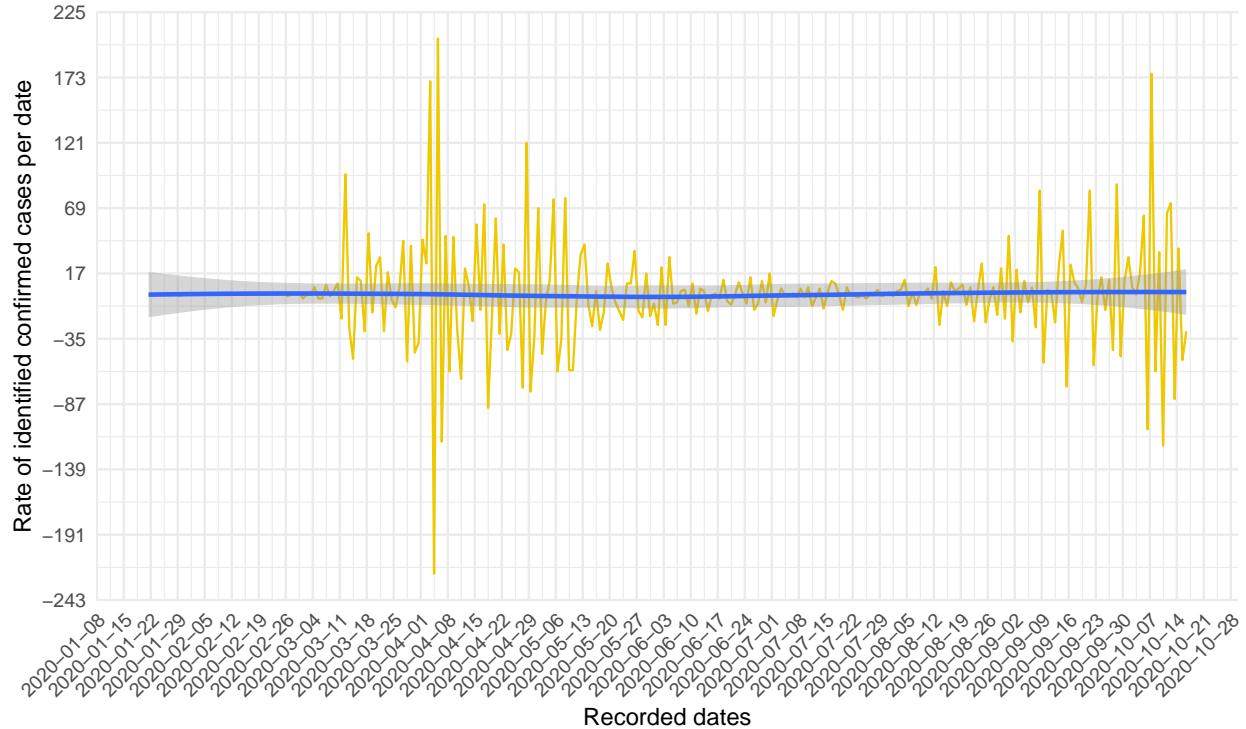

Fiji – rate of increase of confirmed cases over time

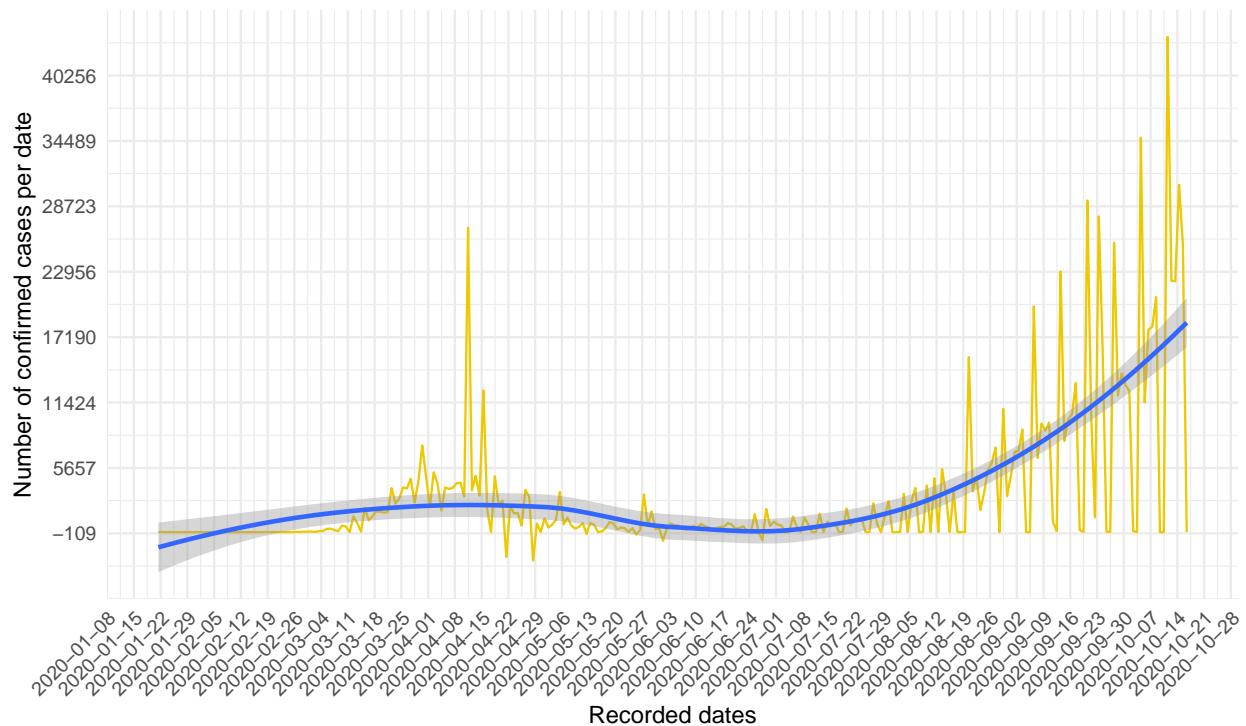

Finland – confirmed cases over time, total cases: 8,430

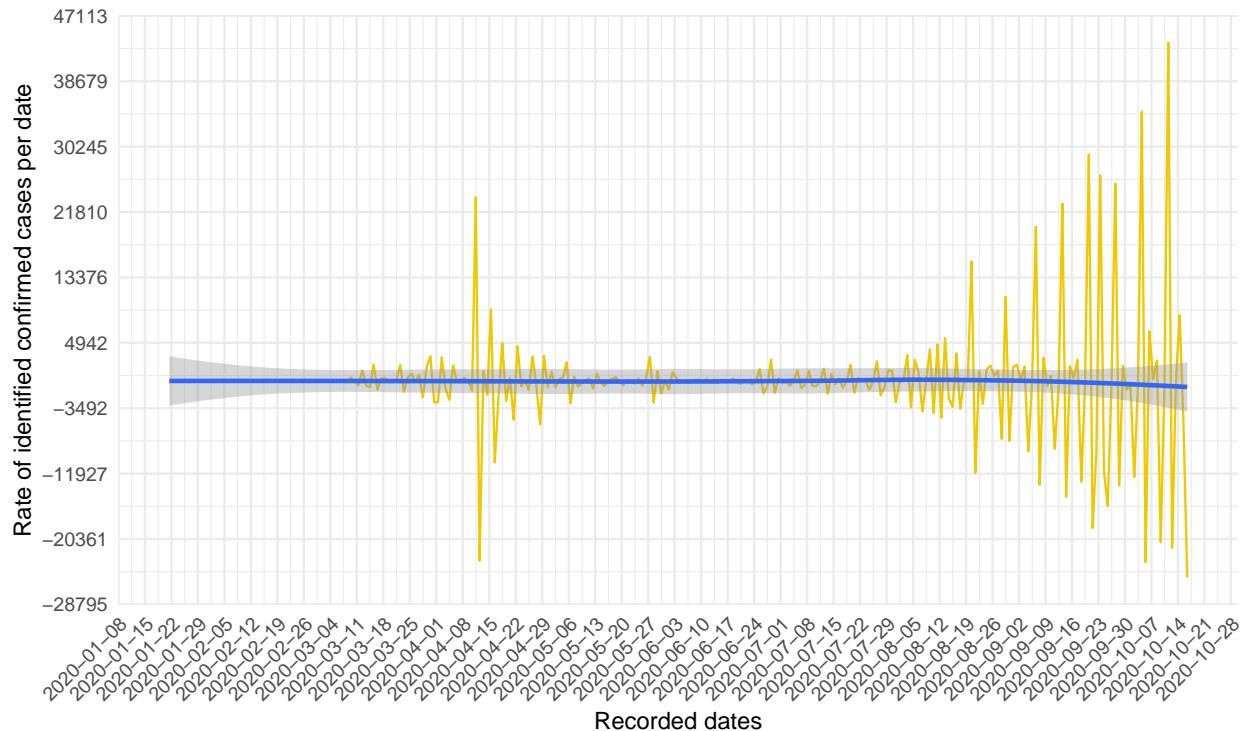

Finland – rate of increase of confirmed cases over time

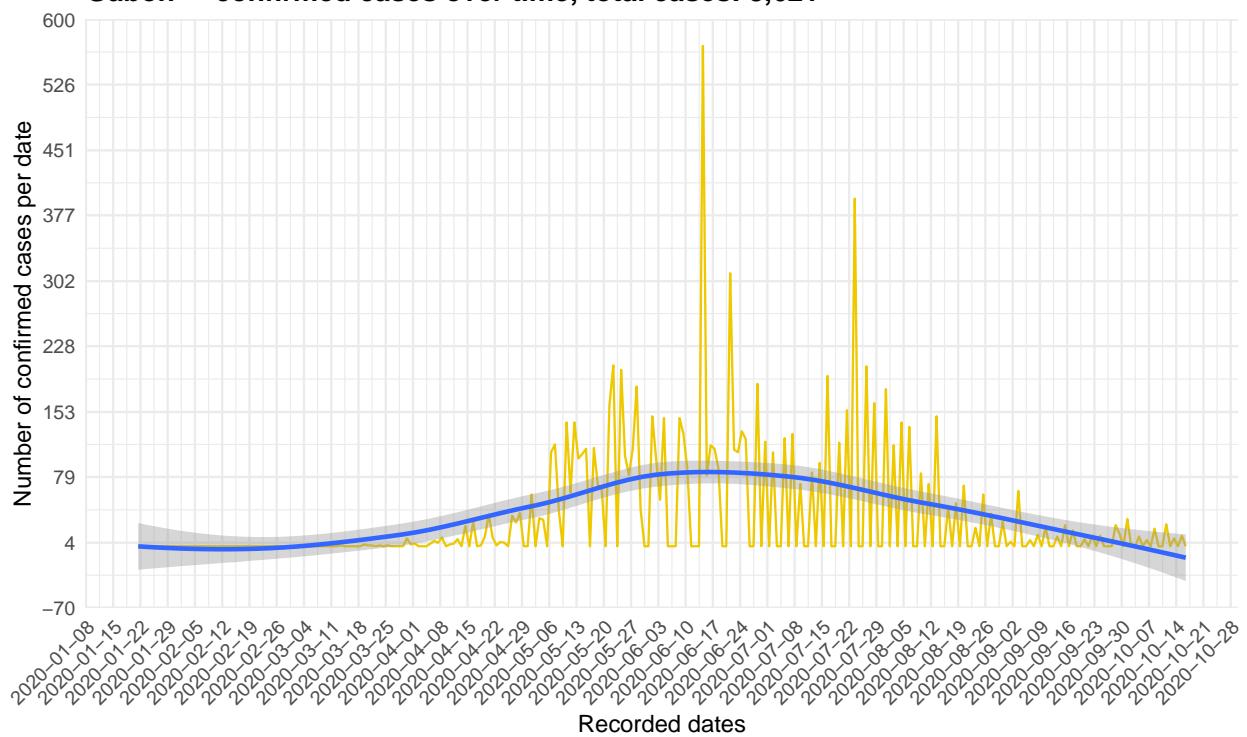

France – confirmed cases over time, total cases: 383,292

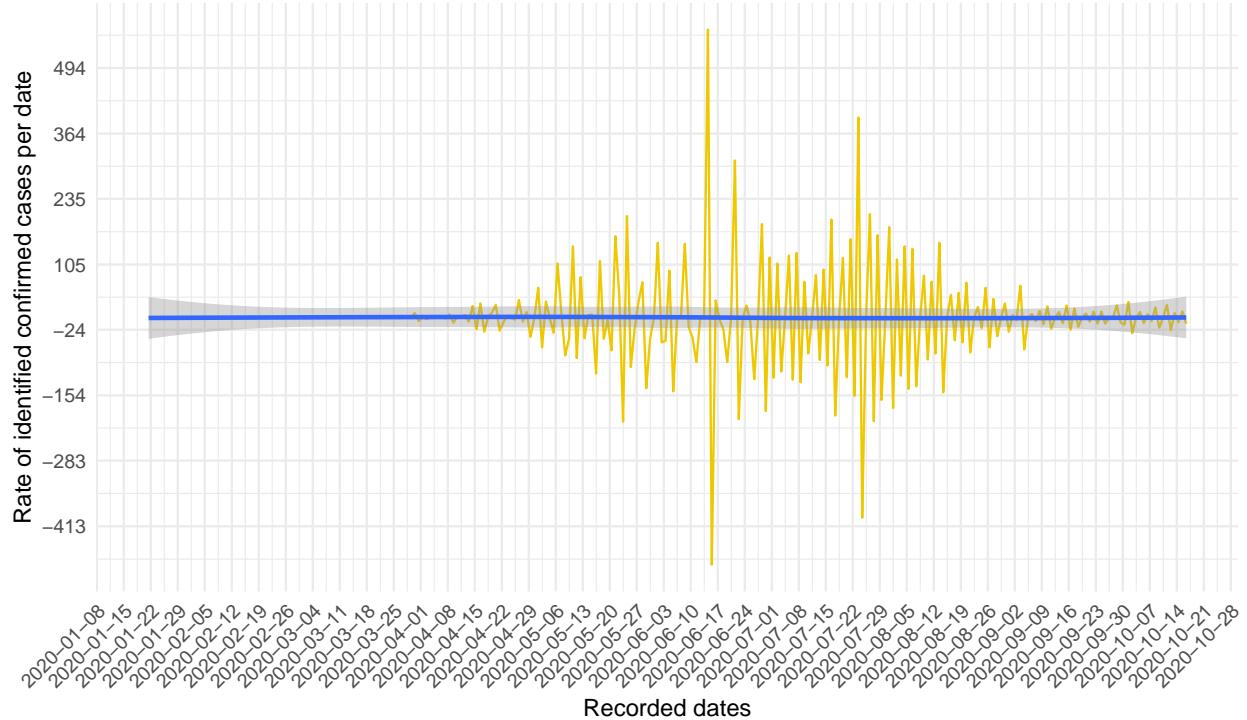

France – rate of increase of confirmed cases over time

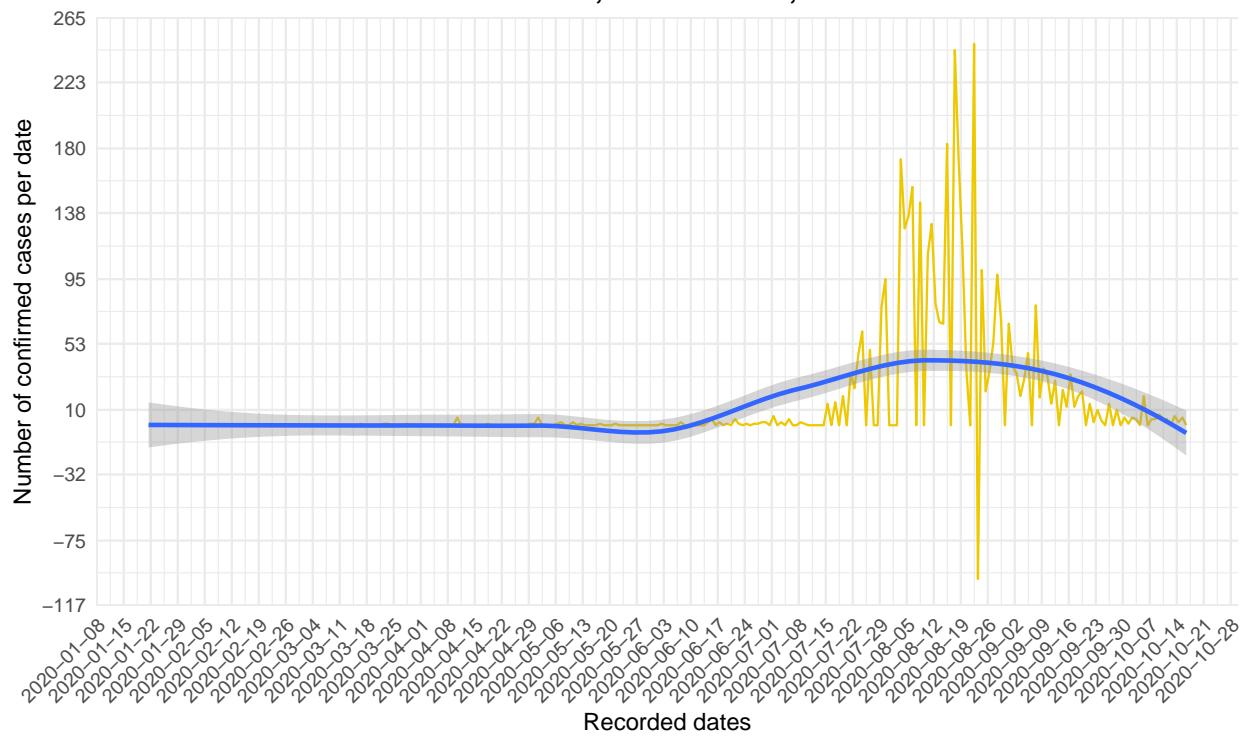

Gabon – confirmed cases over time, total cases: 8,621

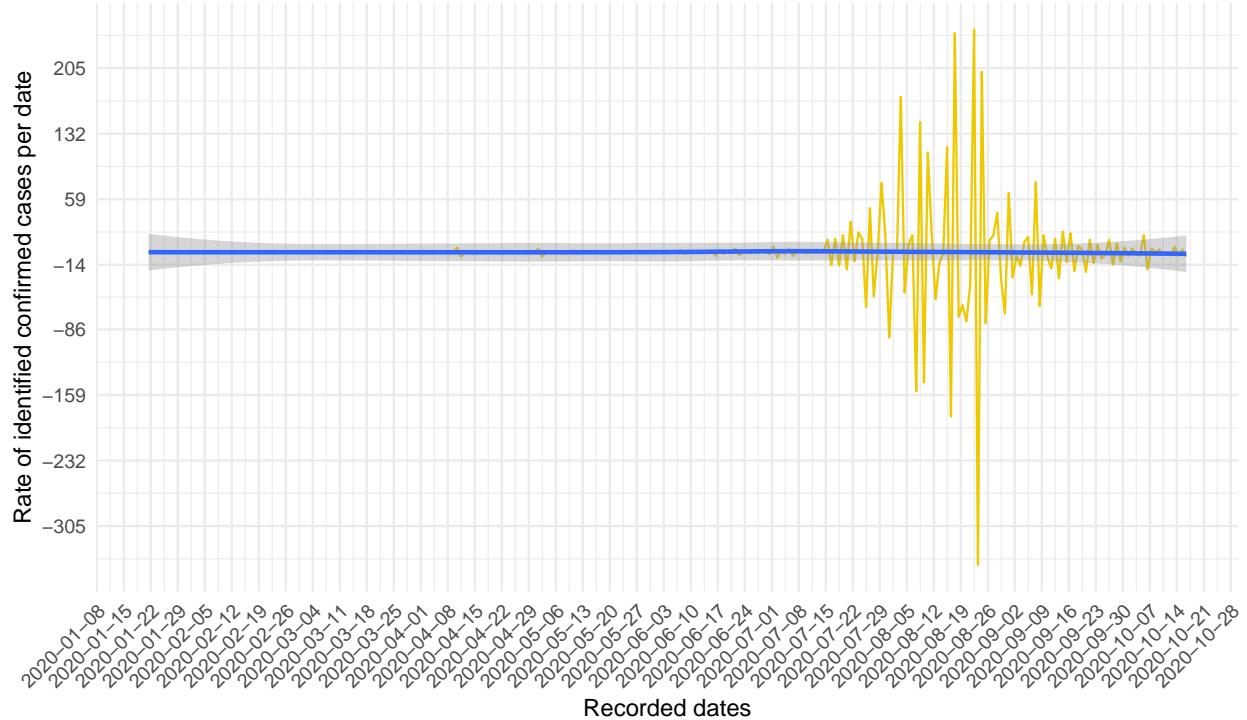

Gabon – rate of increase of confirmed cases over time

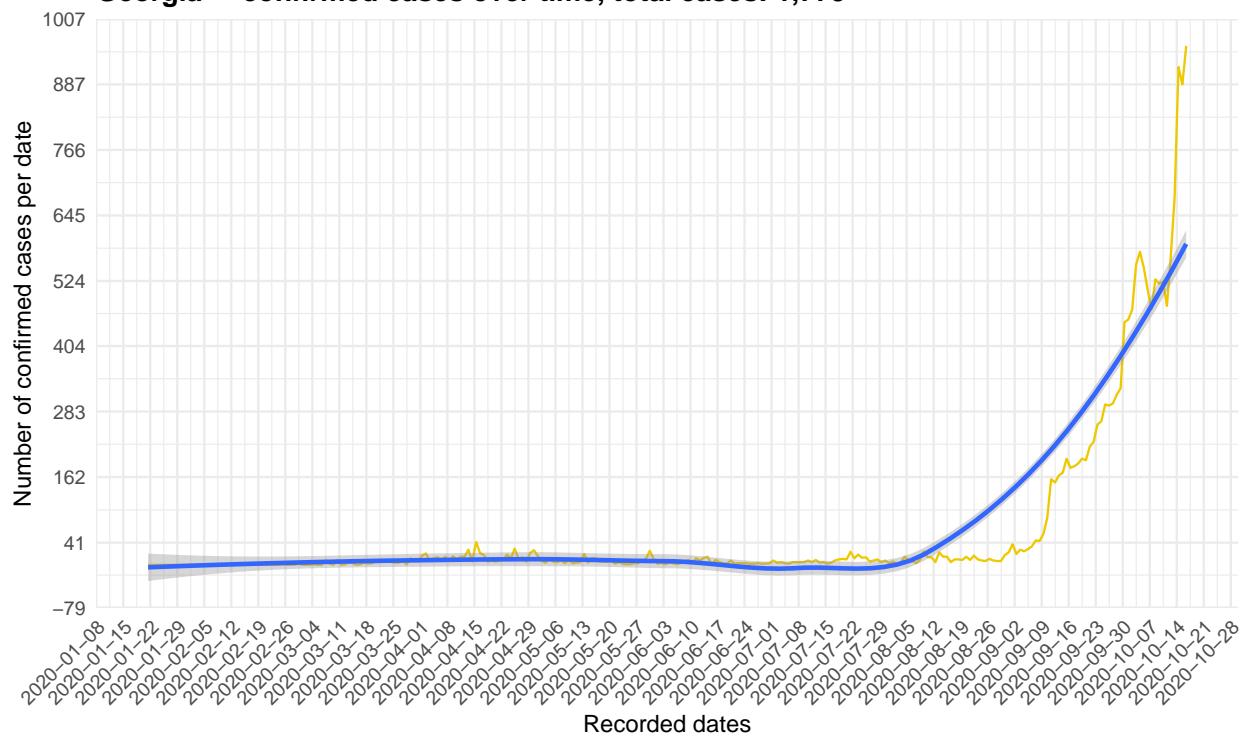

Gambia – confirmed cases over time, total cases: 3,293

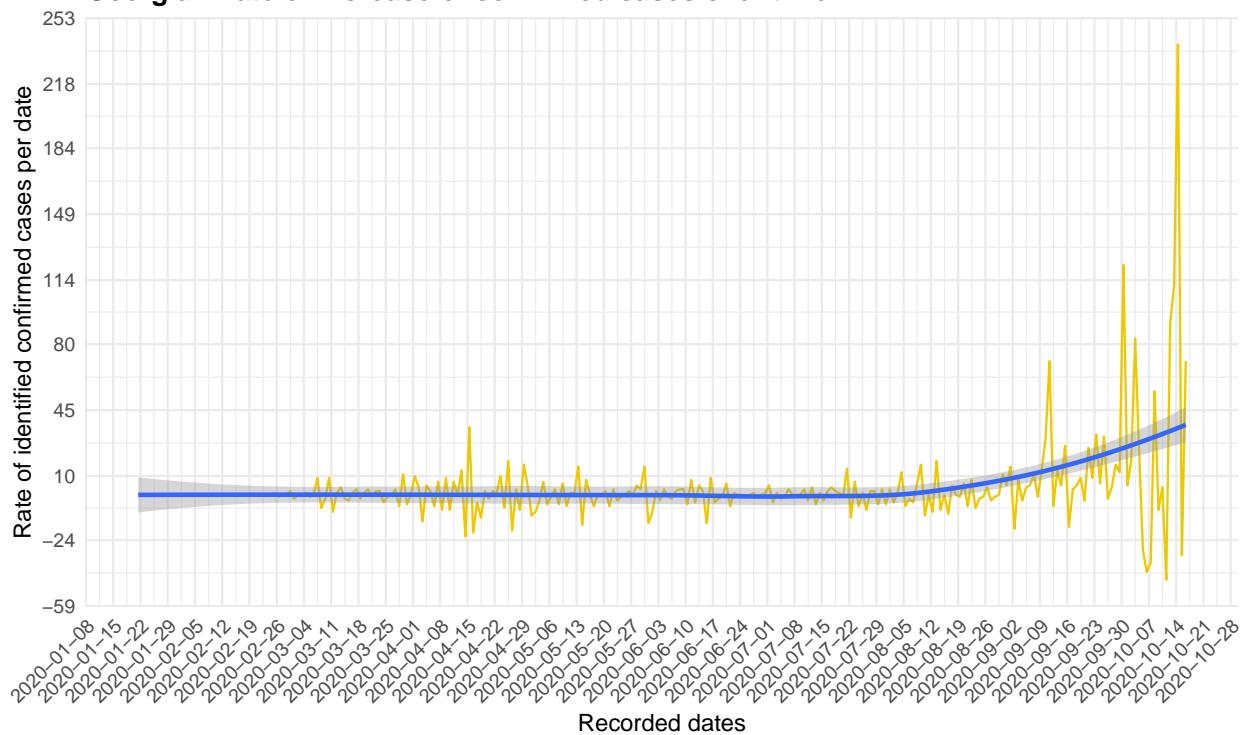

Gambia – rate of increase of confirmed cases over time

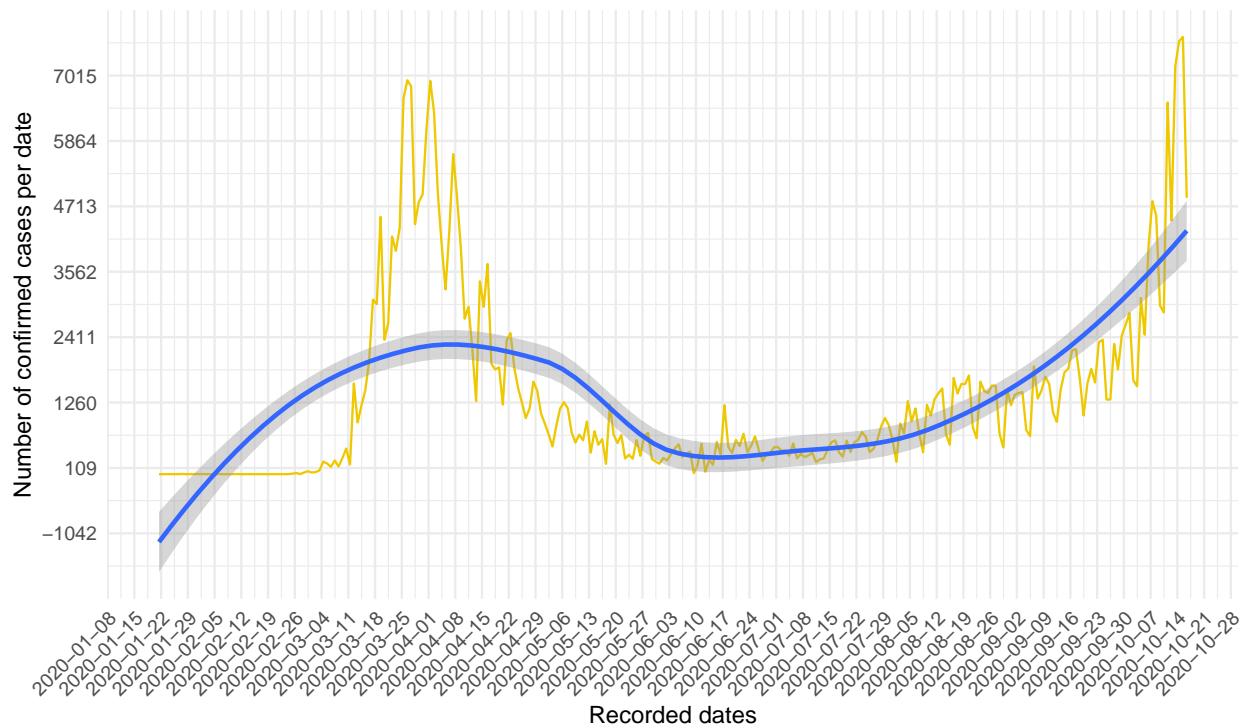

Georgia – confirmed cases over time, total cases: 1,773

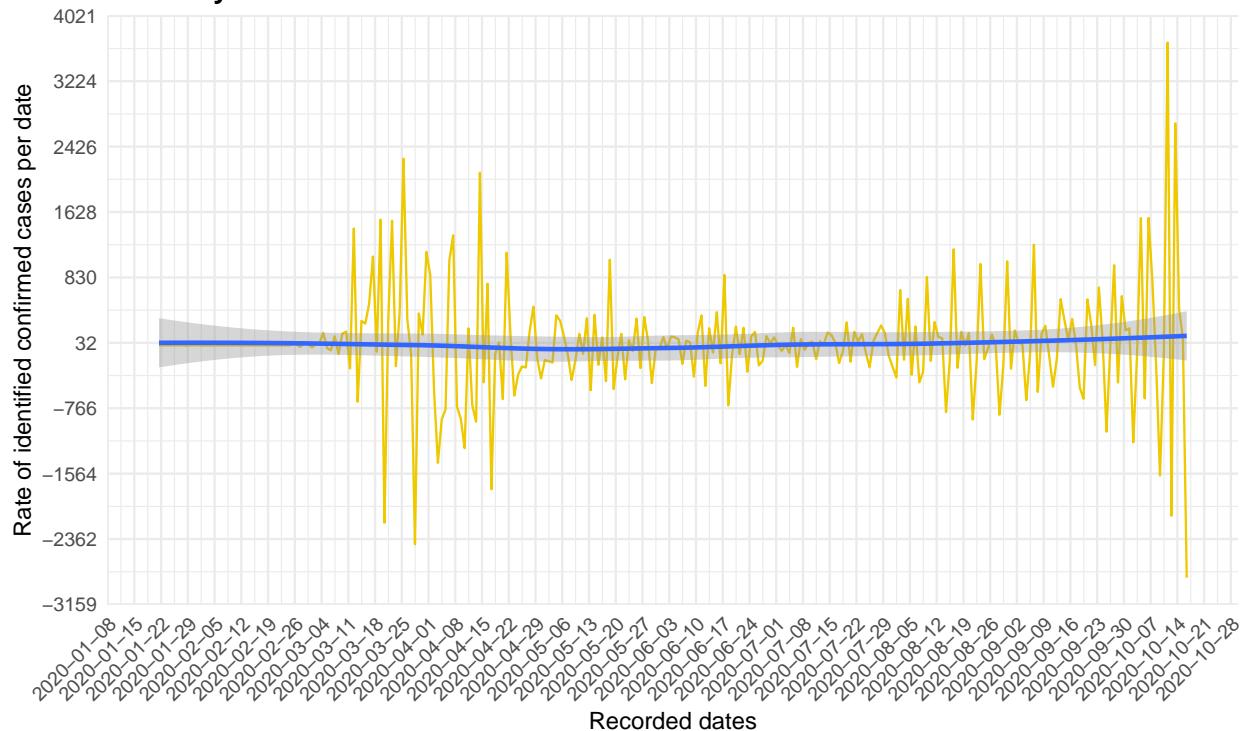

Georgia – rate of increase of confirmed cases over time

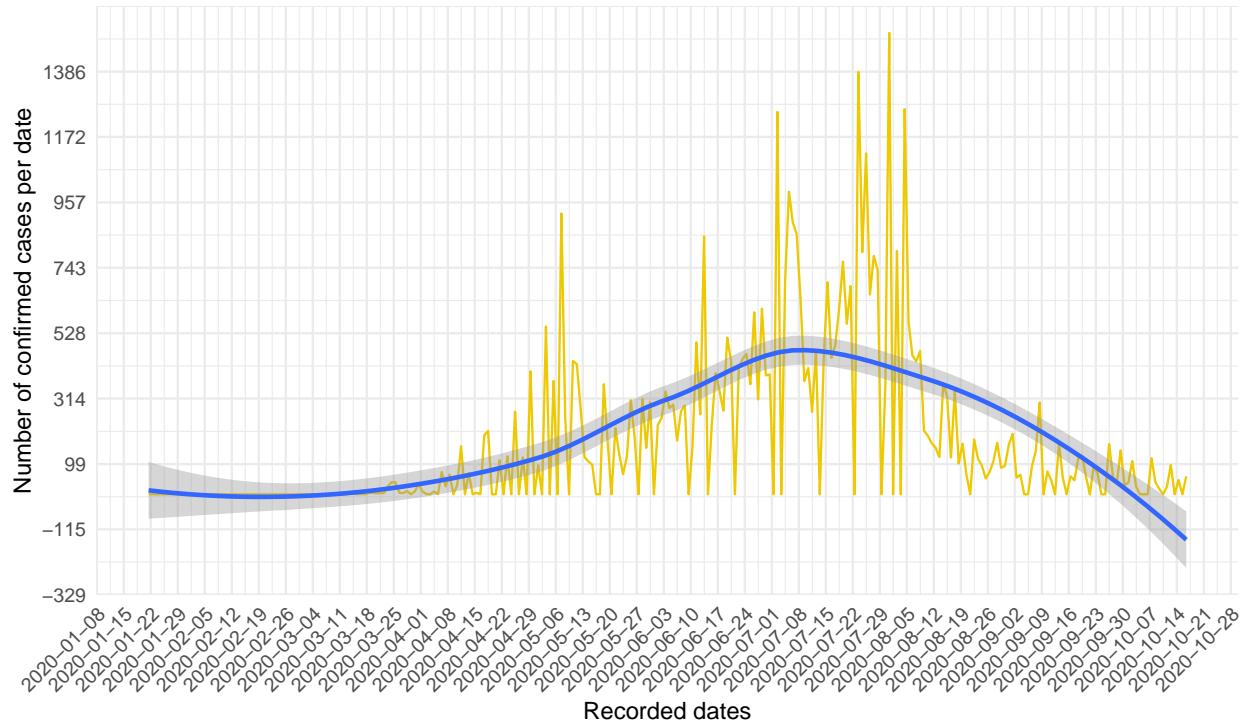

Germany – confirmed cases over time, total cases: 256,433

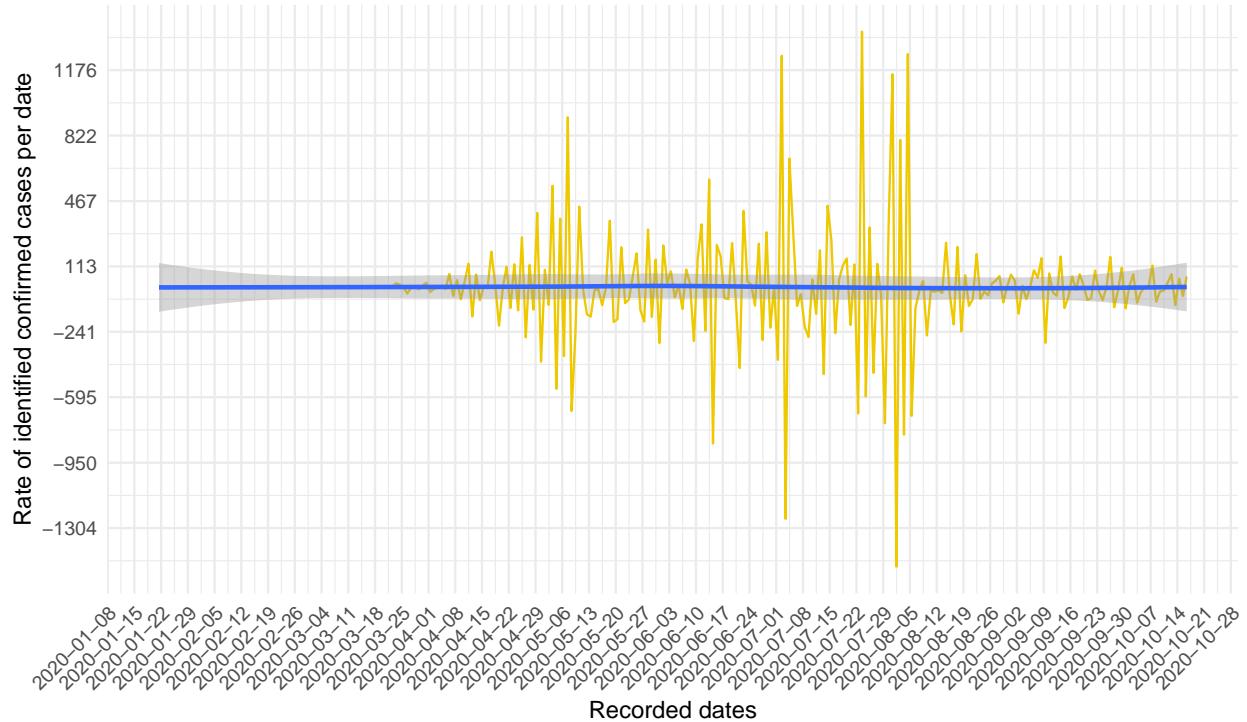

Germany – rate of increase of confirmed cases over time

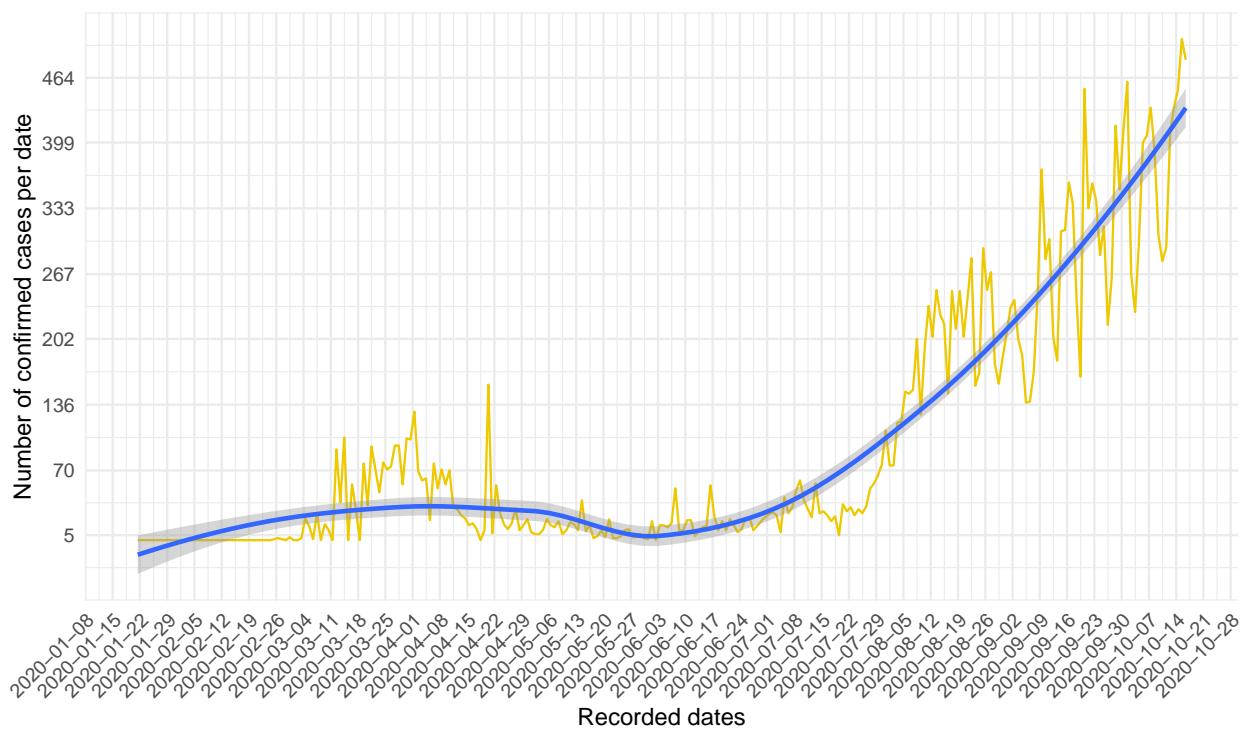

Ghana – confirmed cases over time, total cases: 45,313

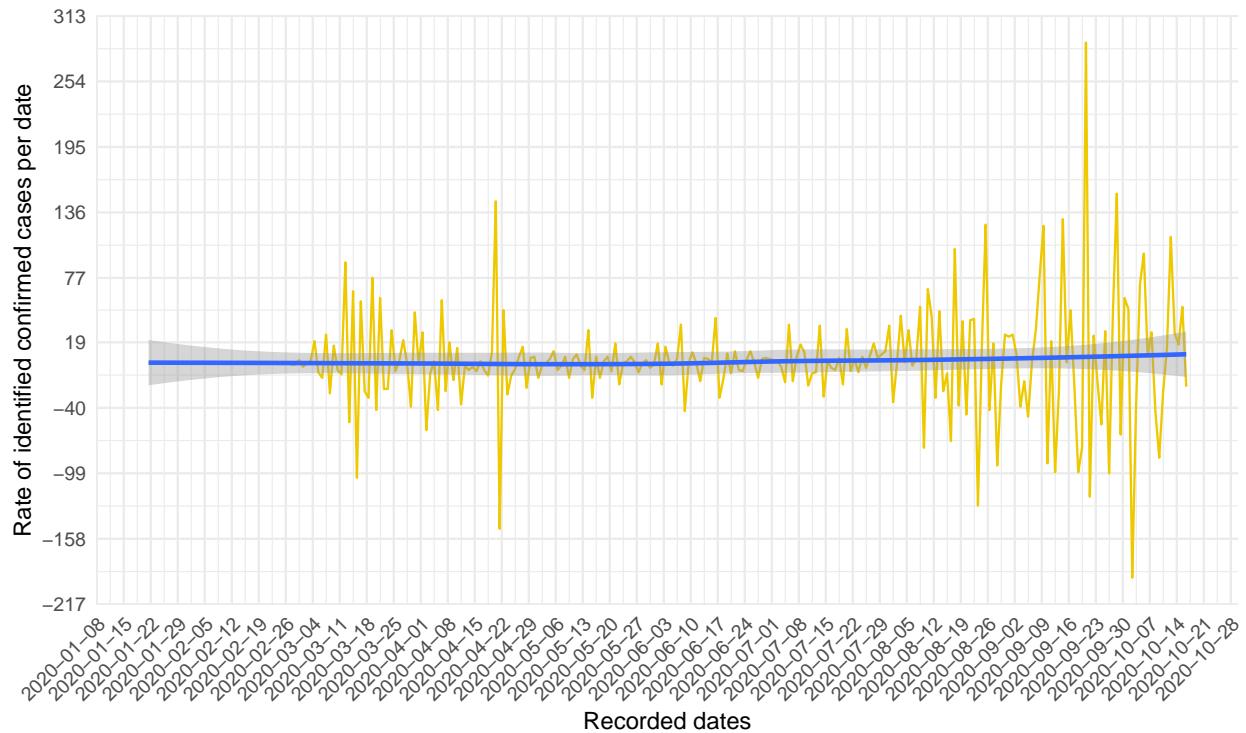

Ghana – rate of increase of confirmed cases over time

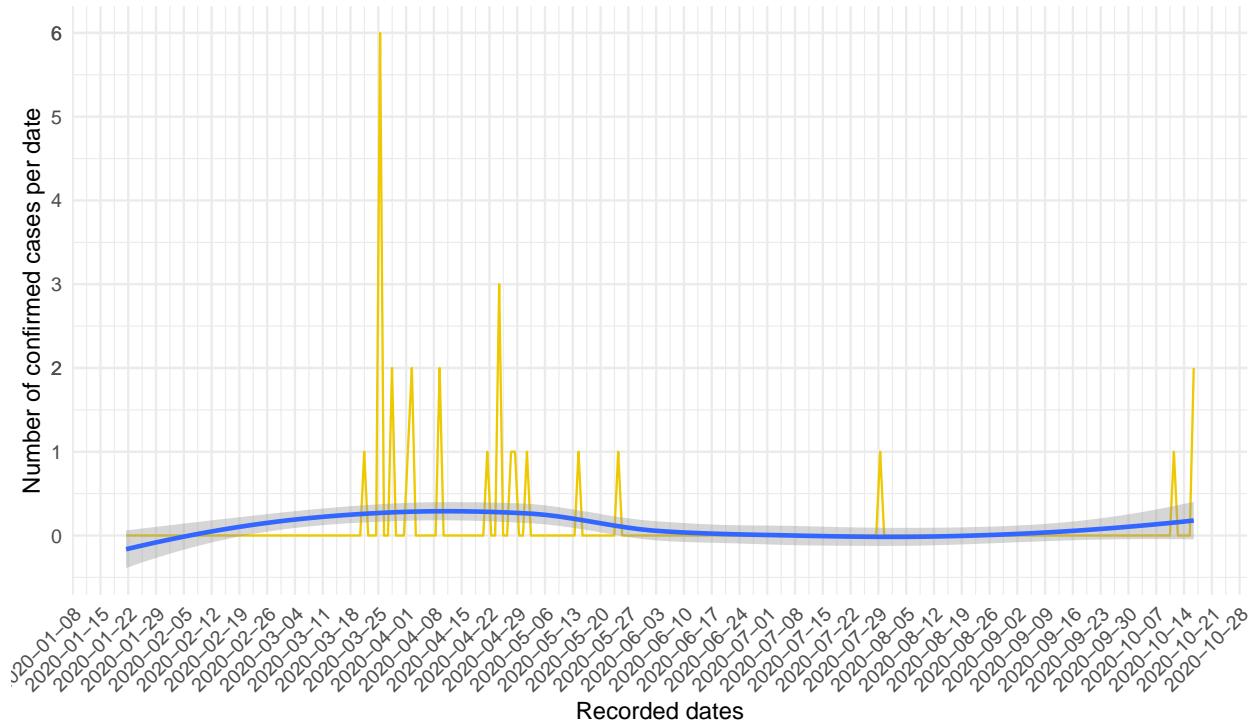

Greece – confirmed cases over time, total cases: 12,080

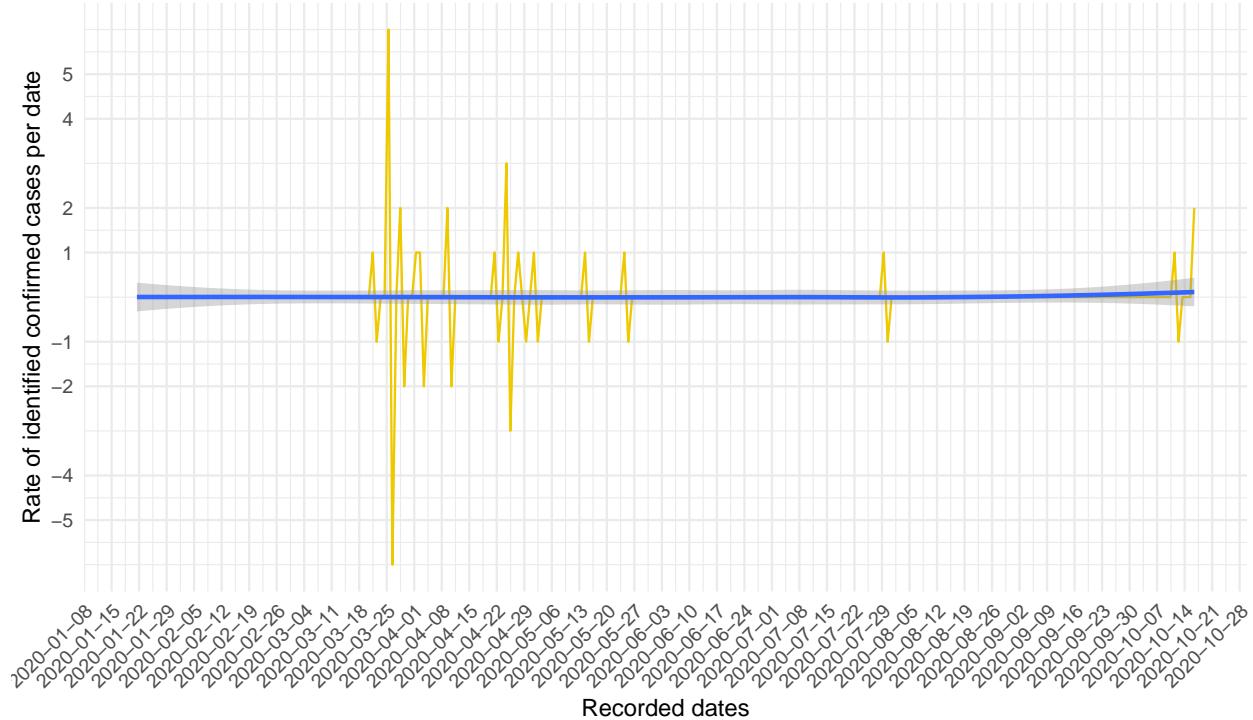

Greece – rate of increase of confirmed cases over time

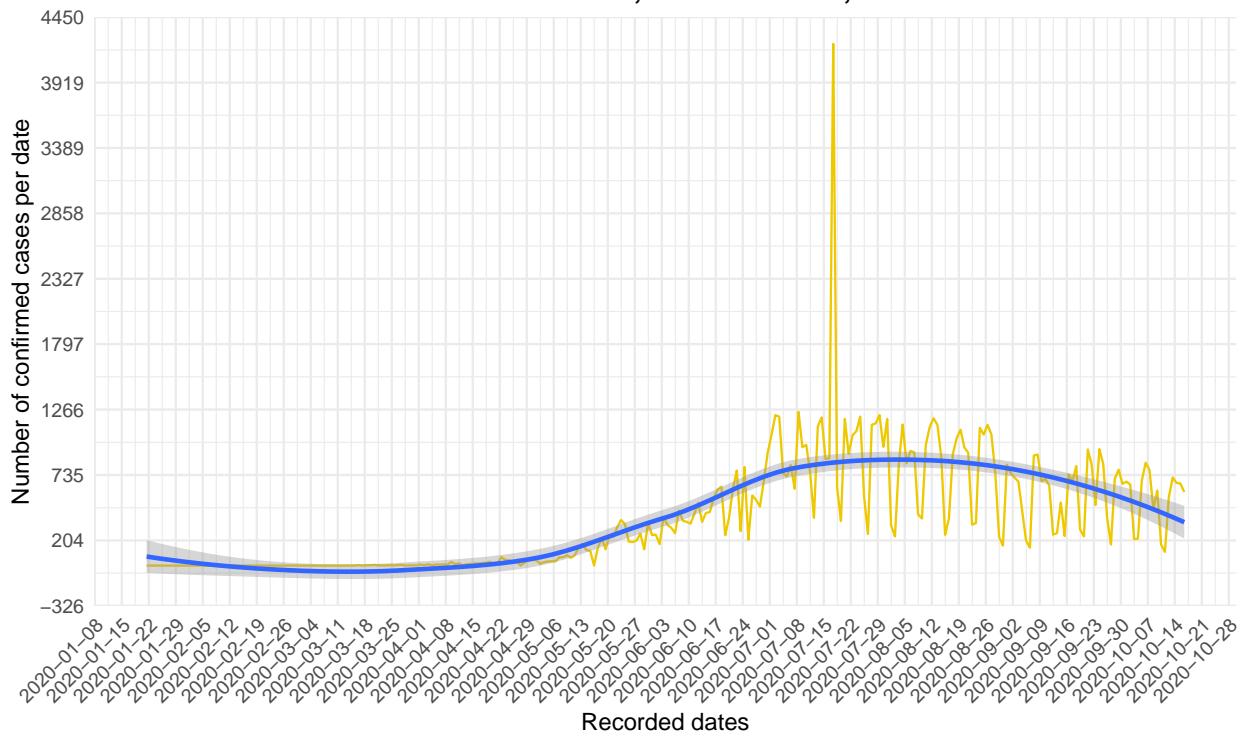

Grenada – confirmed cases over time, total cases: 24

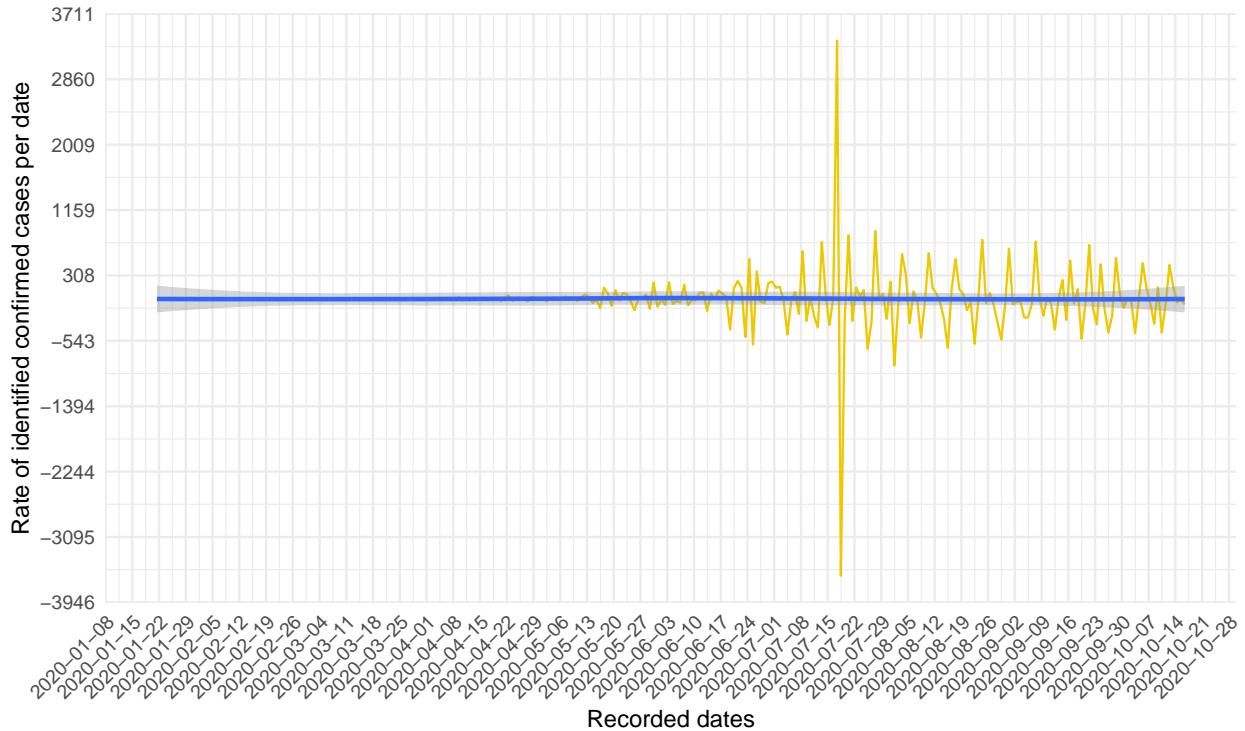

Grenada – rate of increase of confirmed cases over time

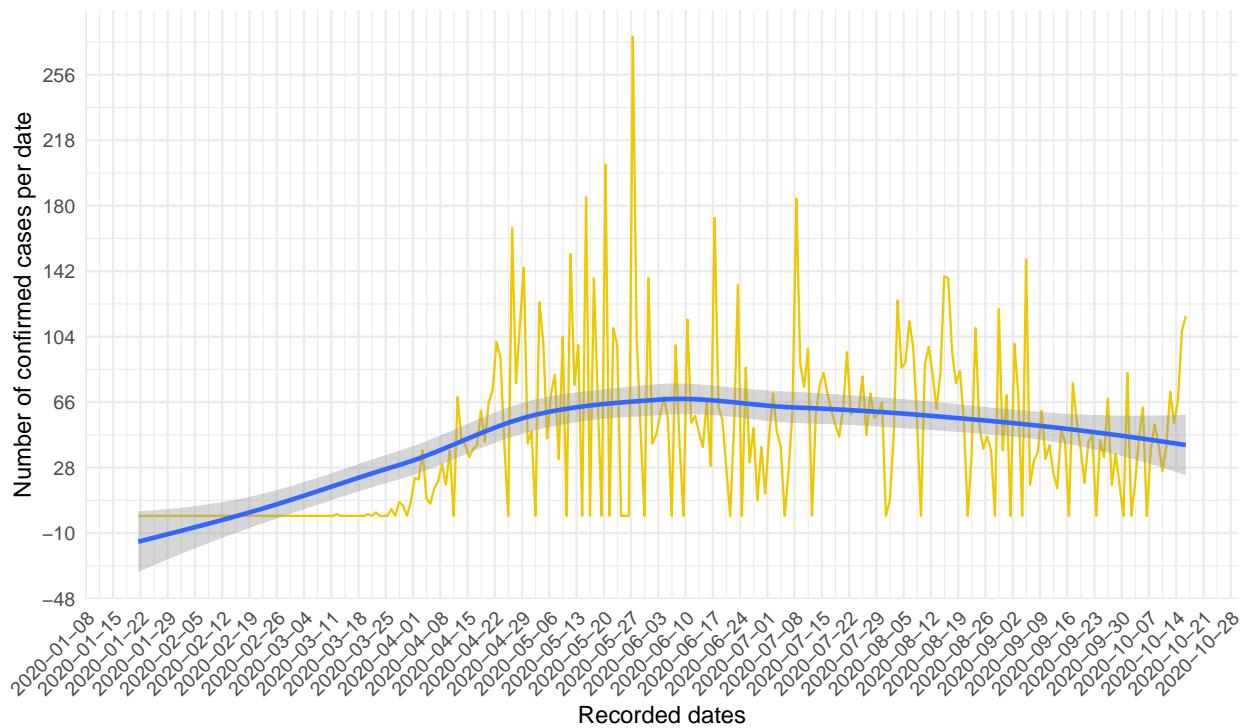

Guatemala – confirmed cases over time, total cases: 79,622

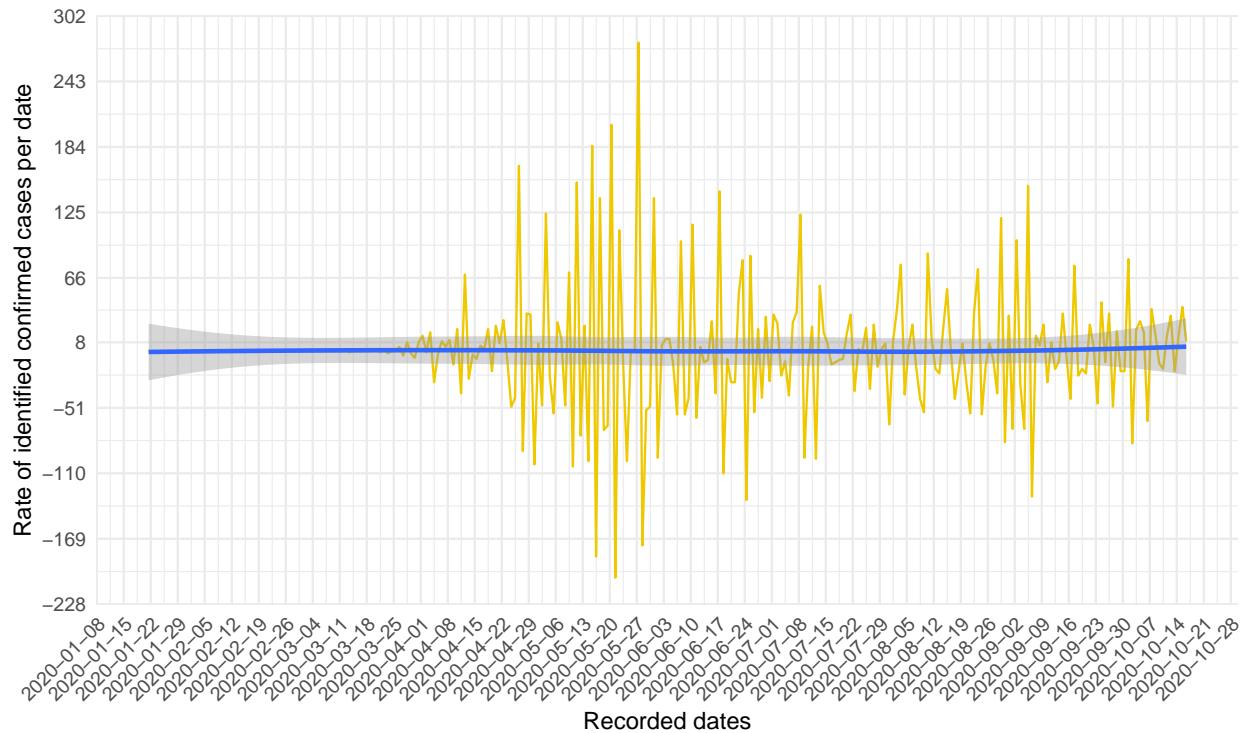

Guatemala – rate of increase of confirmed cases over time

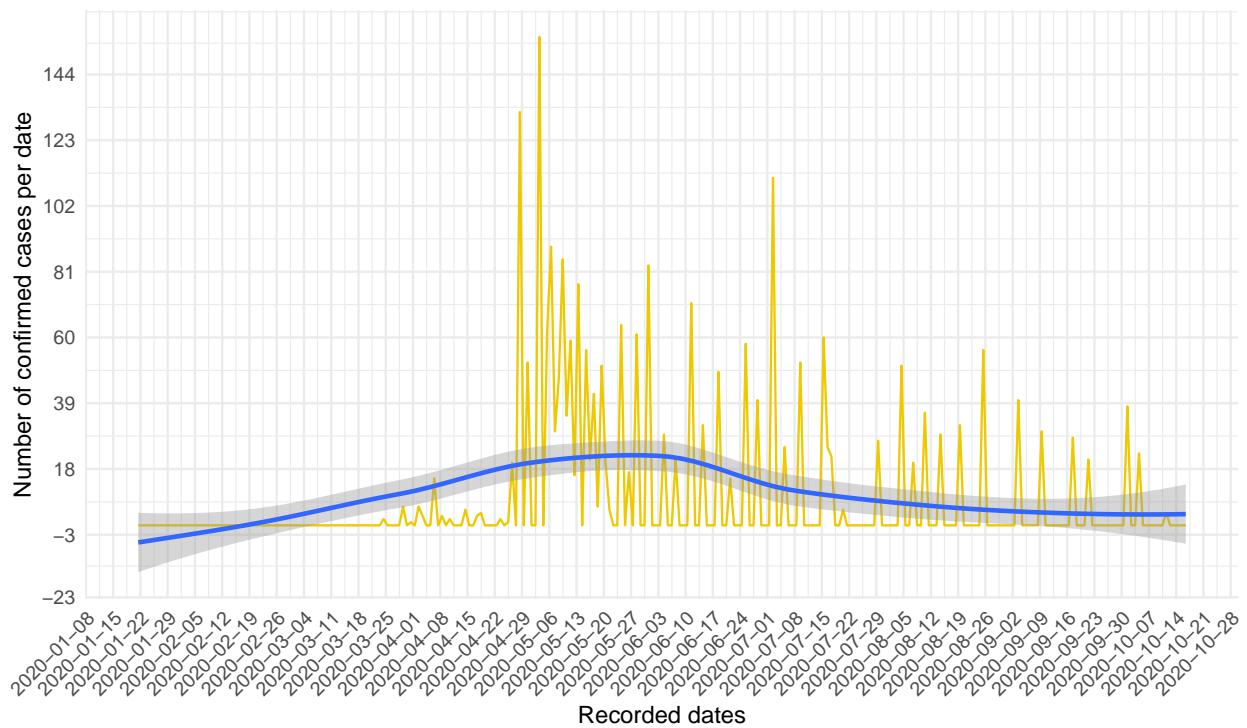

Guinea – confirmed cases over time, total cases: 9,885

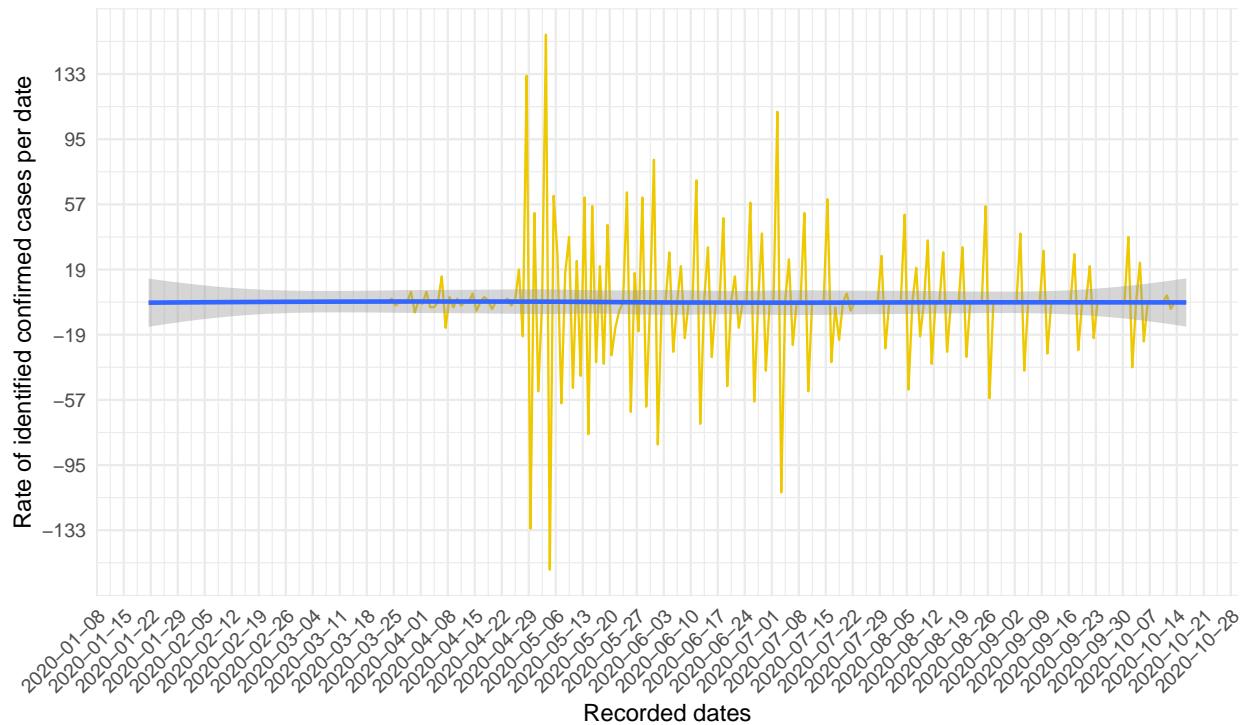

Guinea – rate of increase of confirmed cases over time

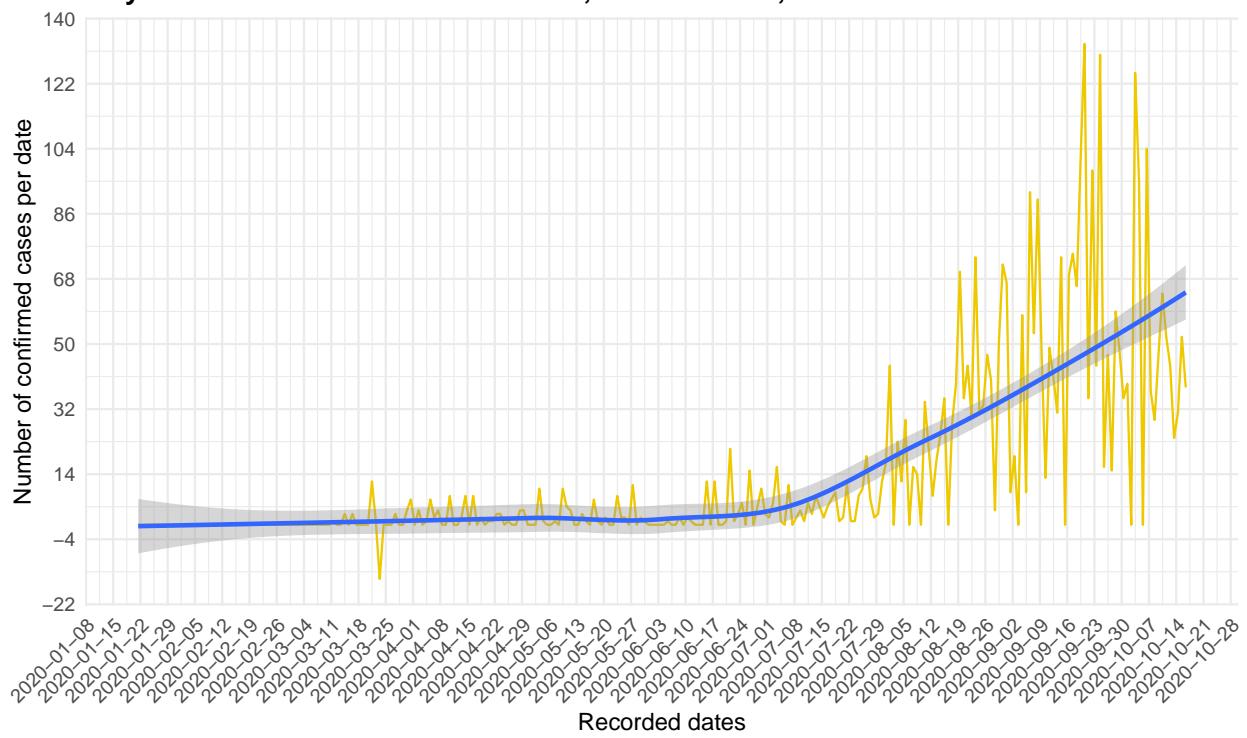

Guinea-Bissau – confirmed cases over time, total cases: 2,245

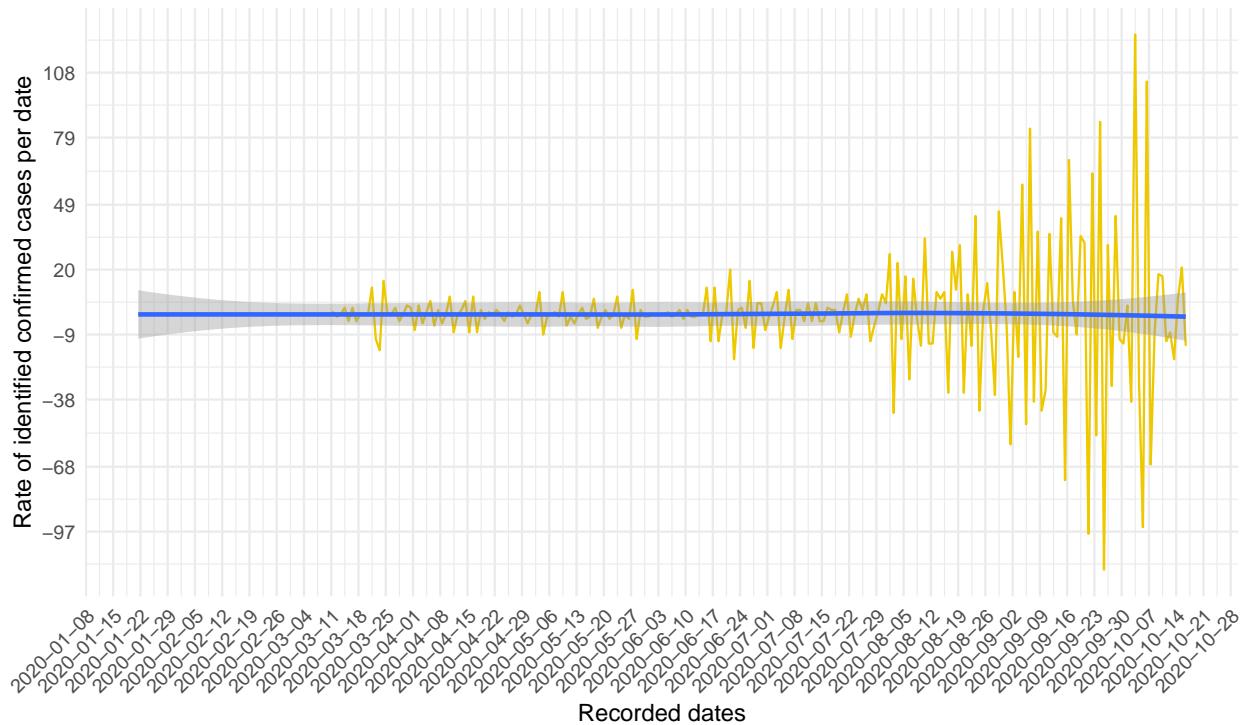

Guinea-Bissau – rate of increase of confirmed cases over time

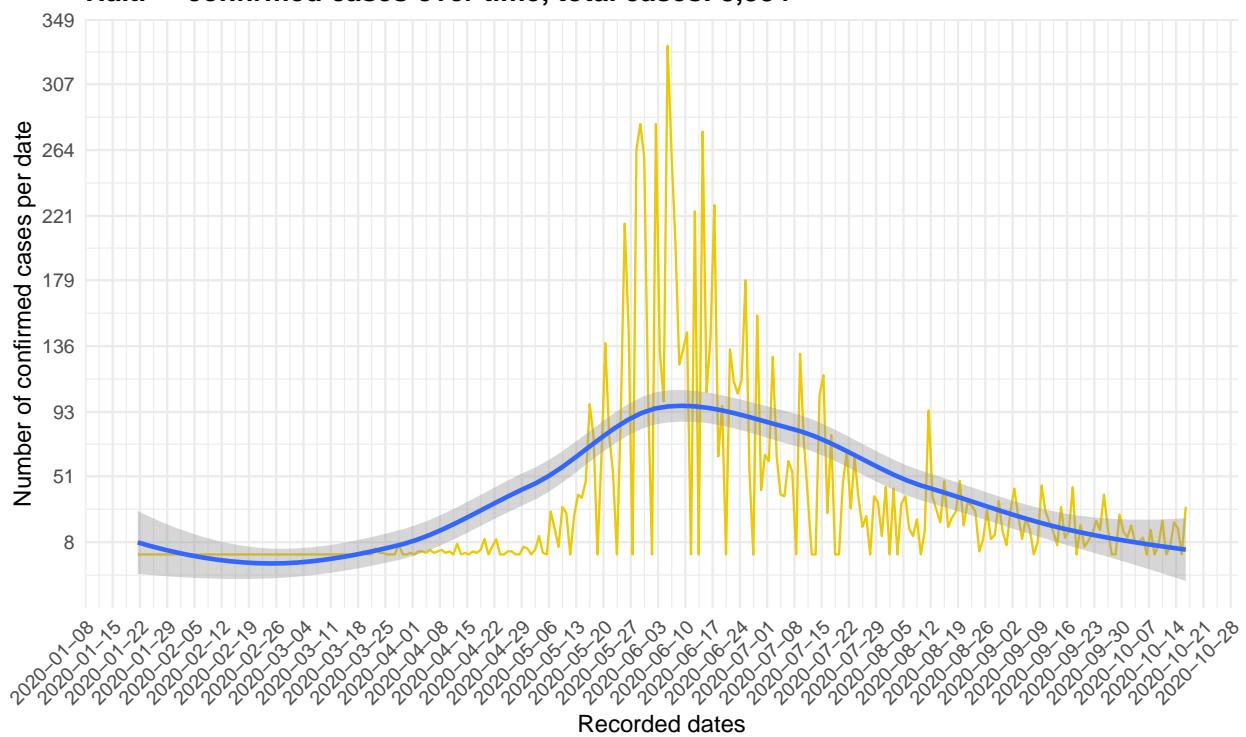

Guyana – confirmed cases over time, total cases: 1,703

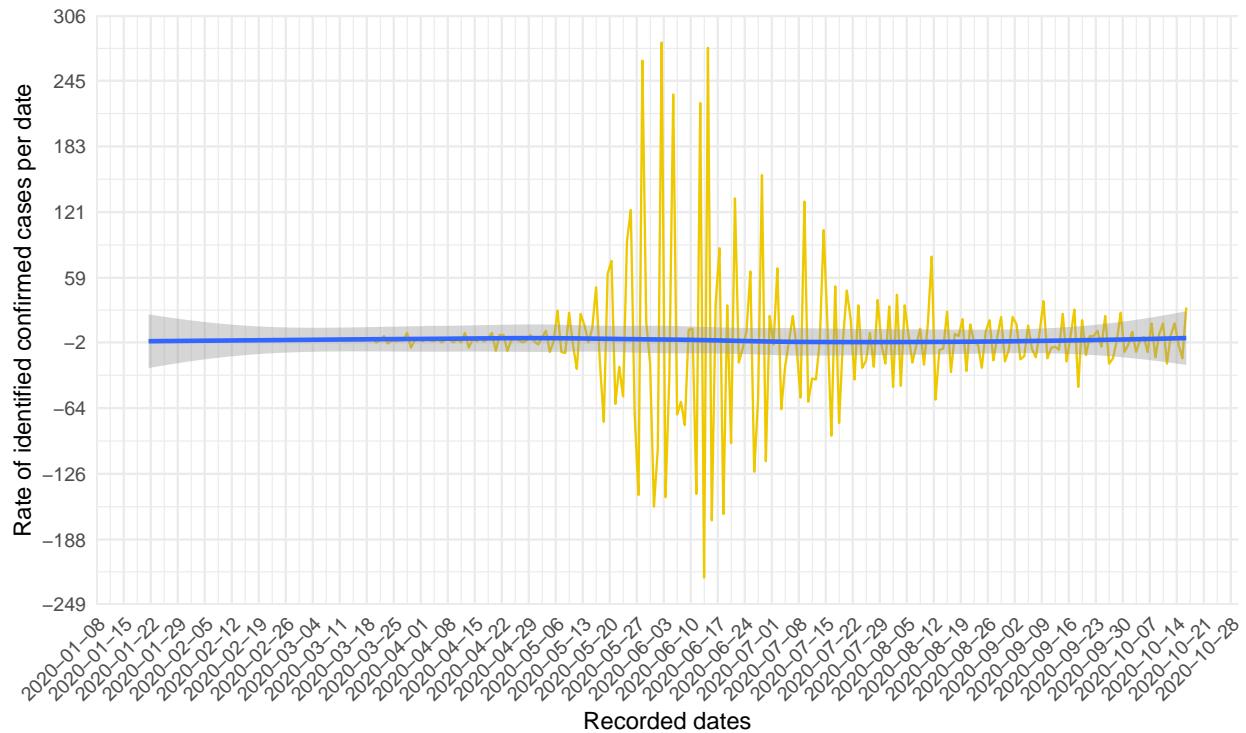

Guyana – rate of increase of confirmed cases over time

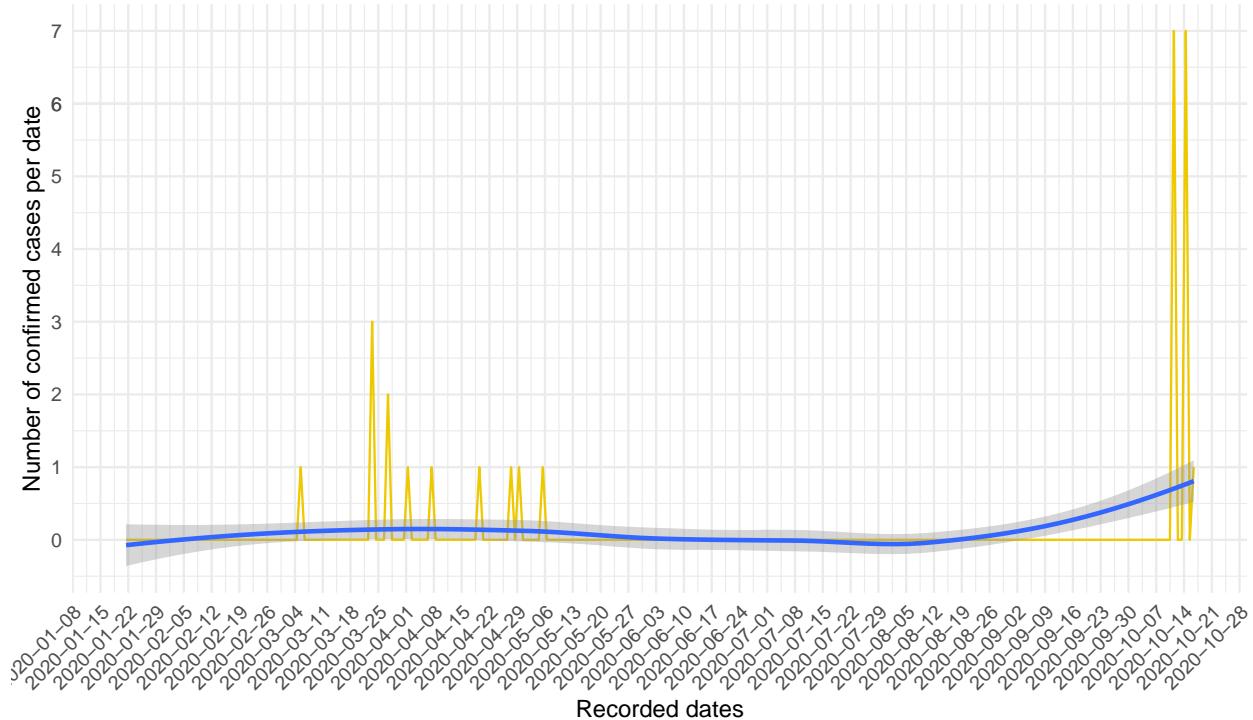

Haiti – confirmed cases over time, total cases: 8,384

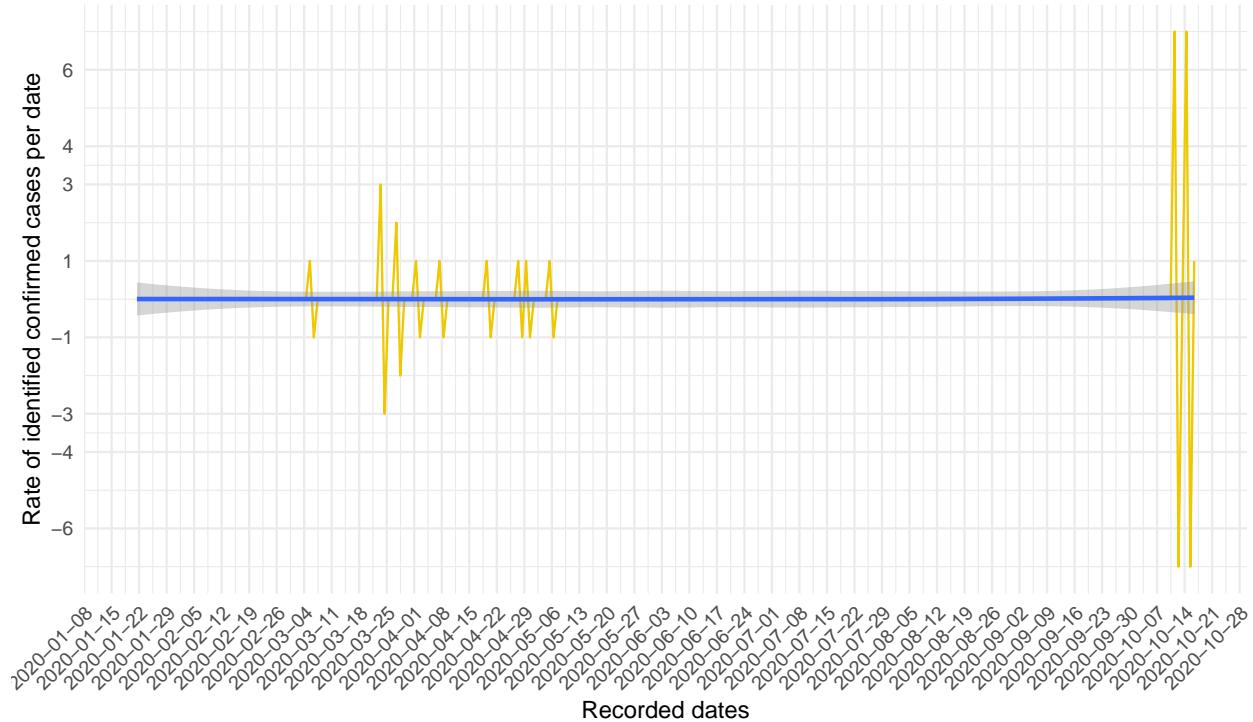

Haiti – rate of increase of confirmed cases over time

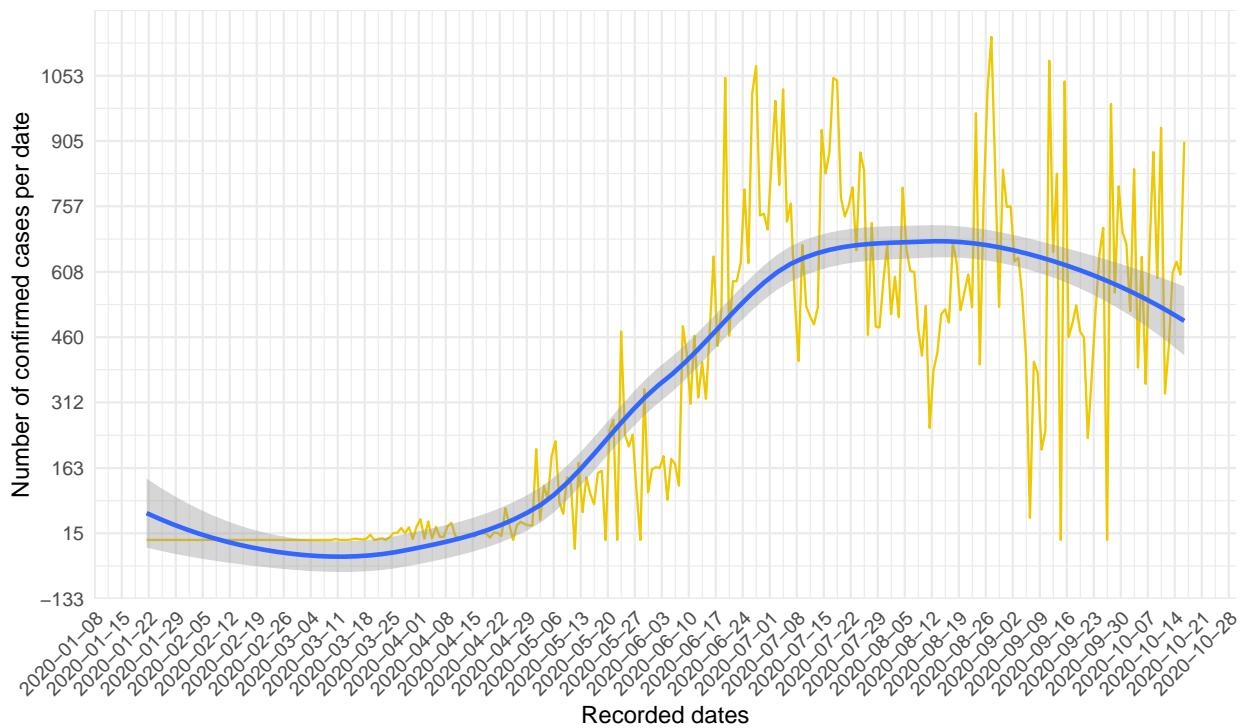

Holy See – confirmed cases over time, total cases: 12

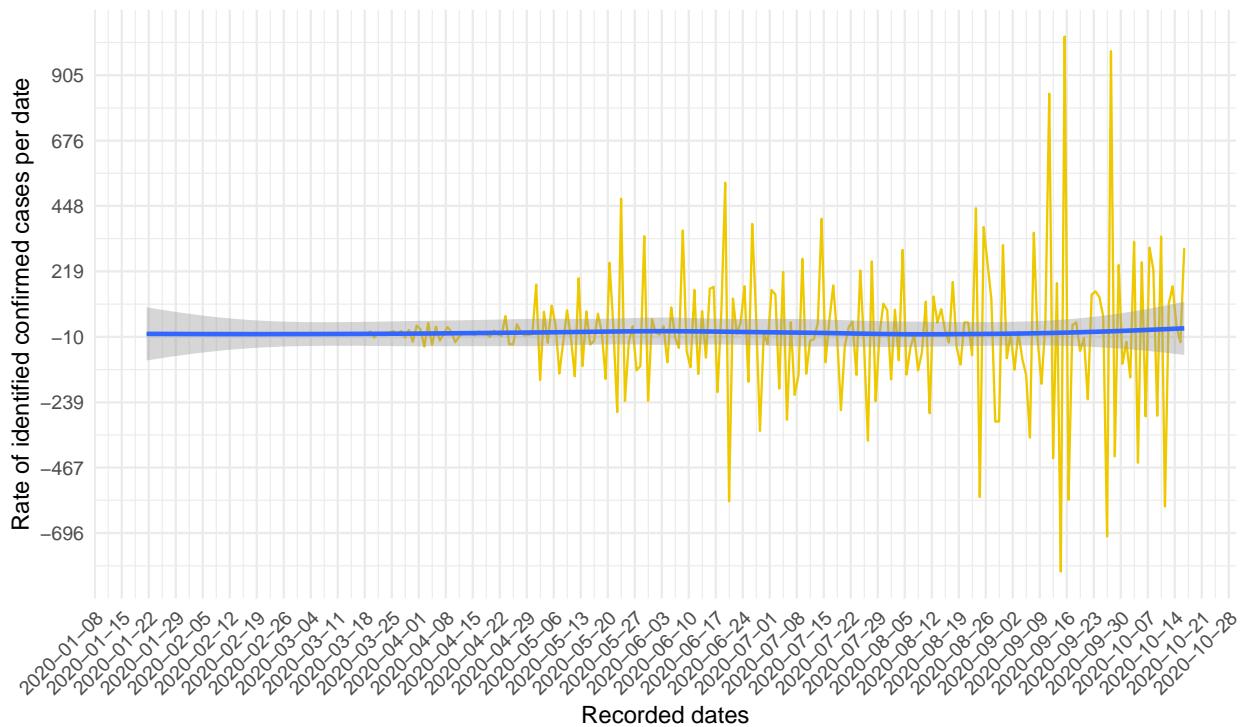

Holy See – rate of increase of confirmed cases over time

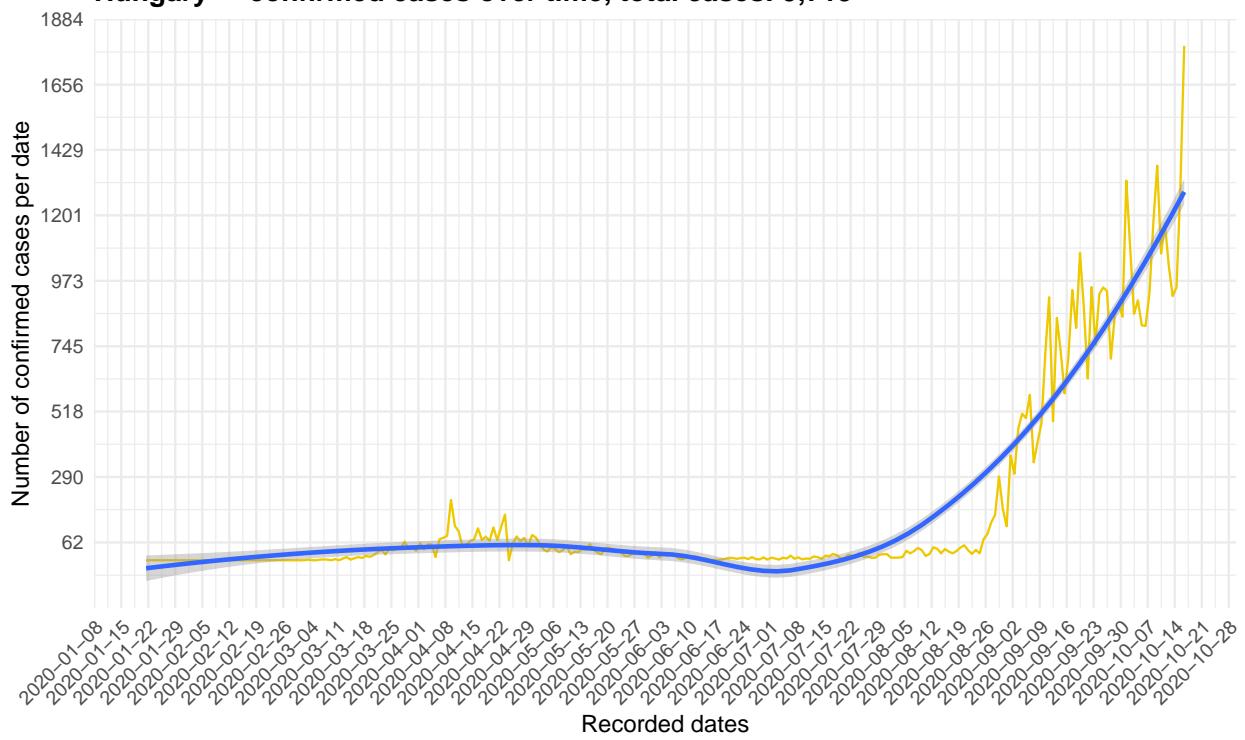

Honduras – confirmed cases over time, total cases: 65,597

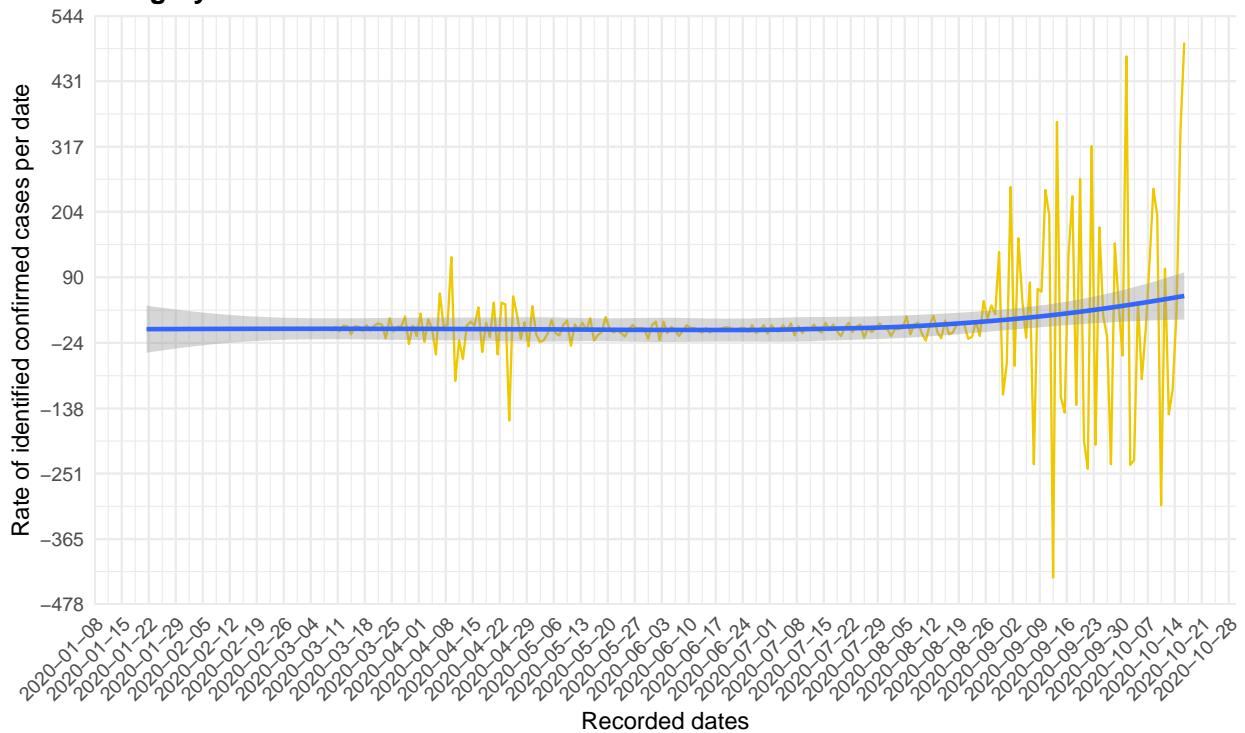

Honduras – rate of increase of confirmed cases over time

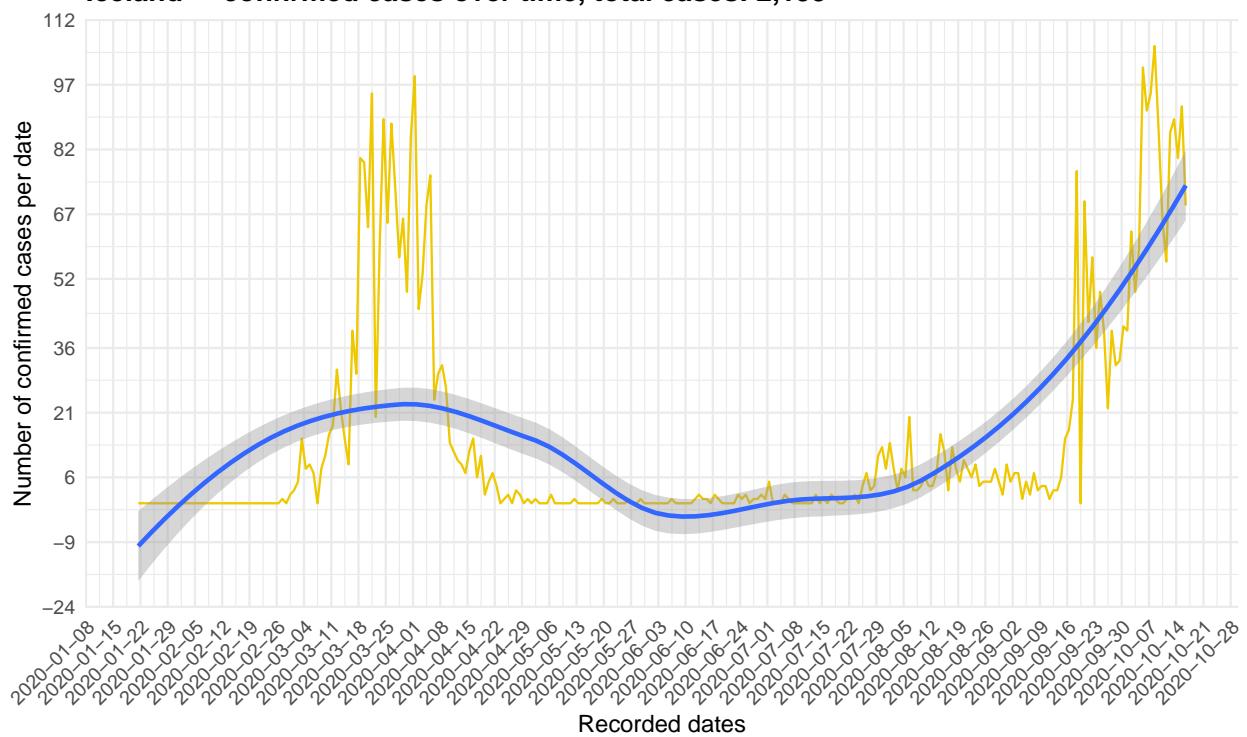

Hungary – confirmed cases over time, total cases: 9,715

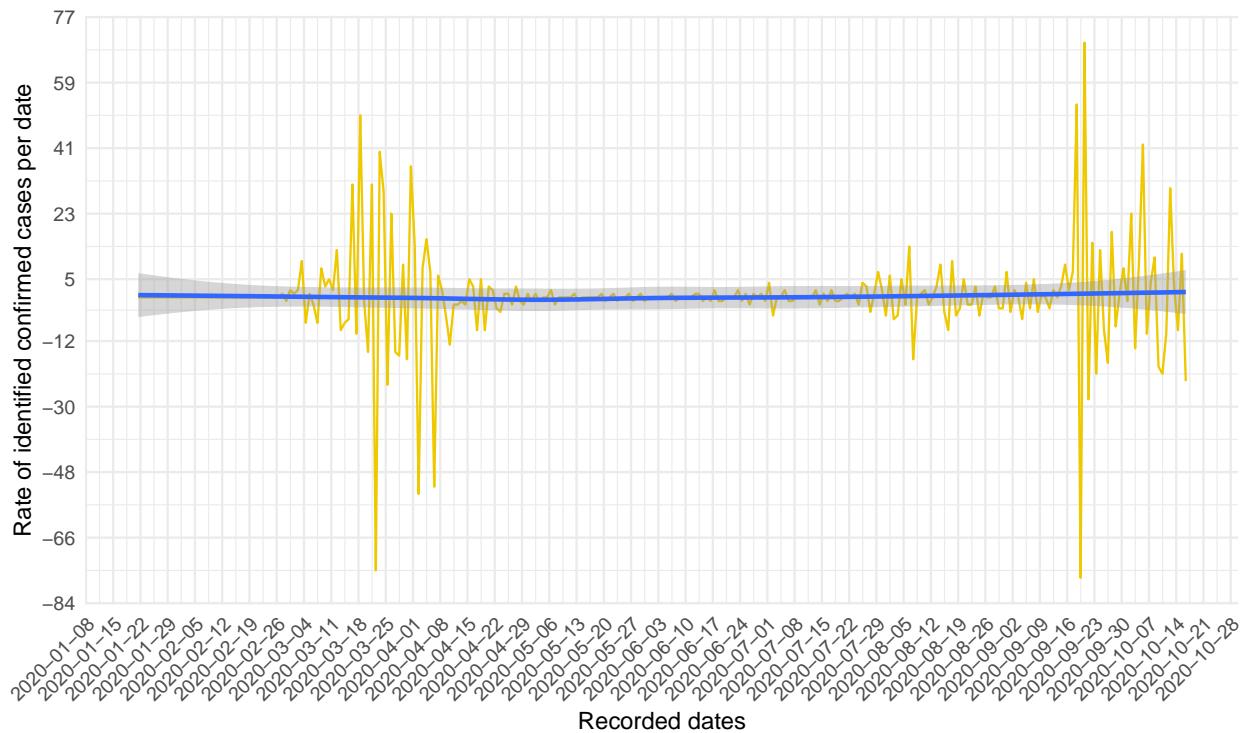

Hungary – rate of increase of confirmed cases over time

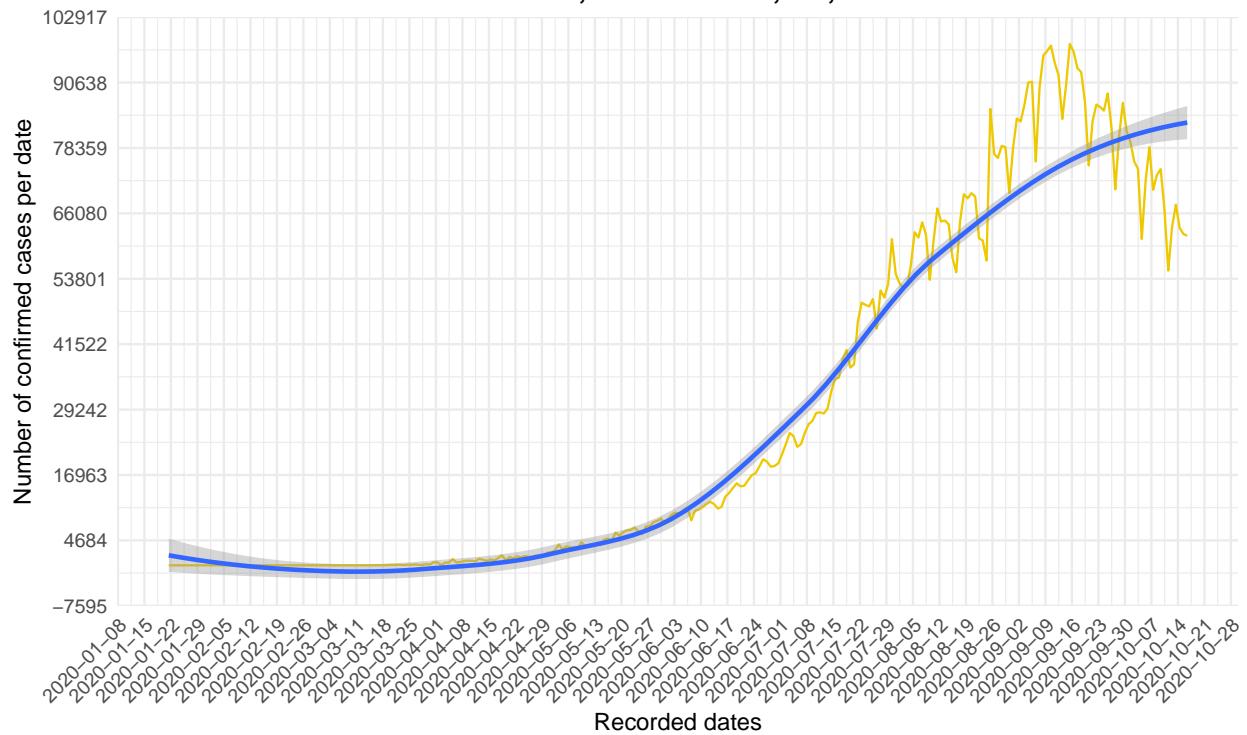

Iceland – confirmed cases over time, total cases: 2,153

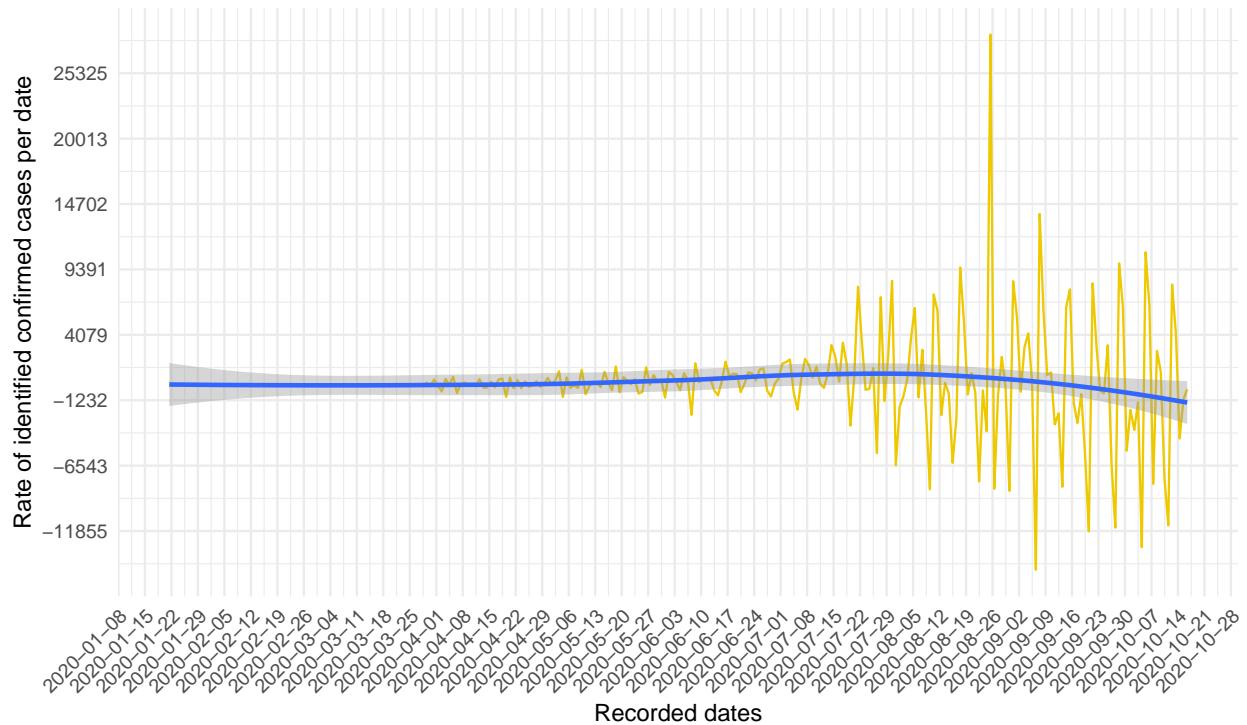

Iceland – rate of increase of confirmed cases over time

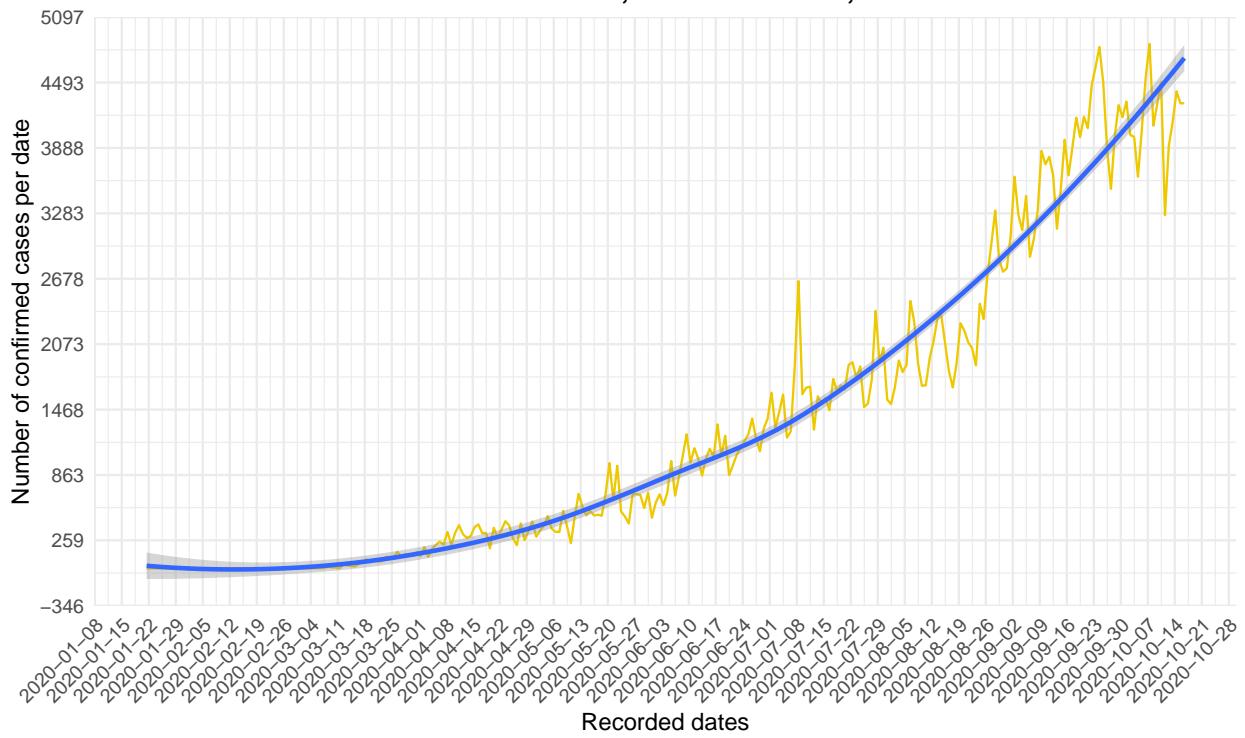

India – confirmed cases over time, total cases: 4,465,863

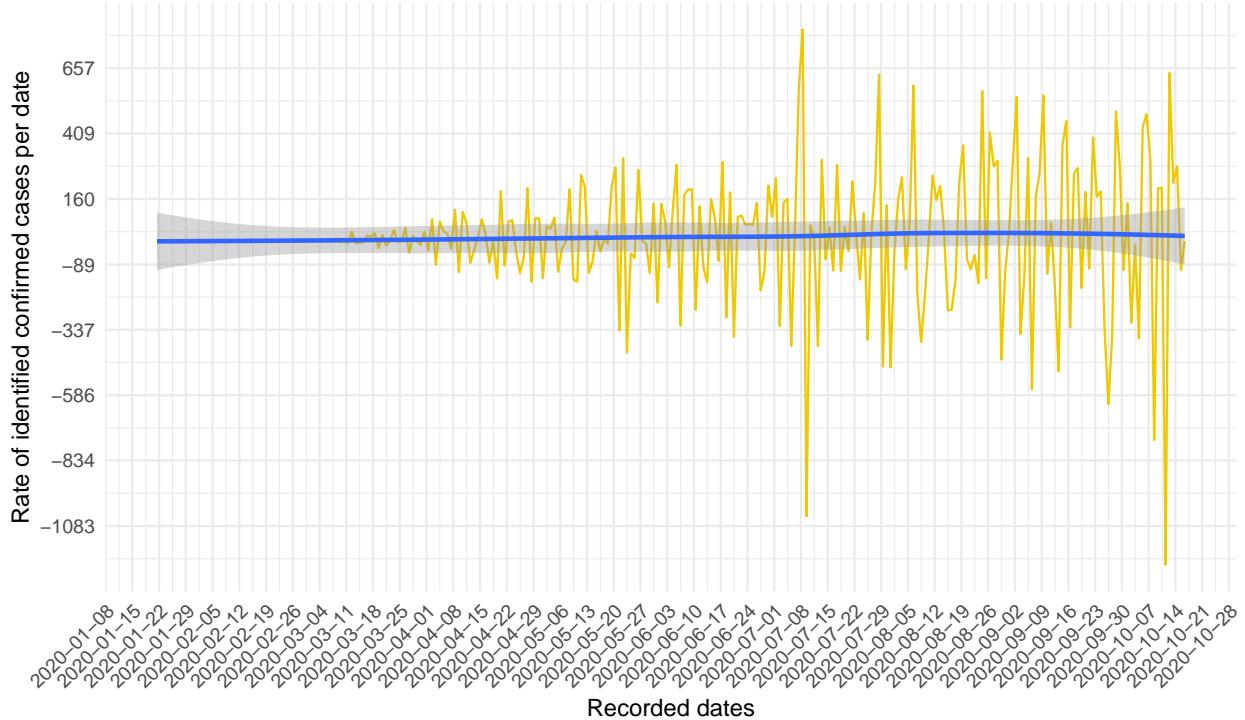

India – rate of increase of confirmed cases over time

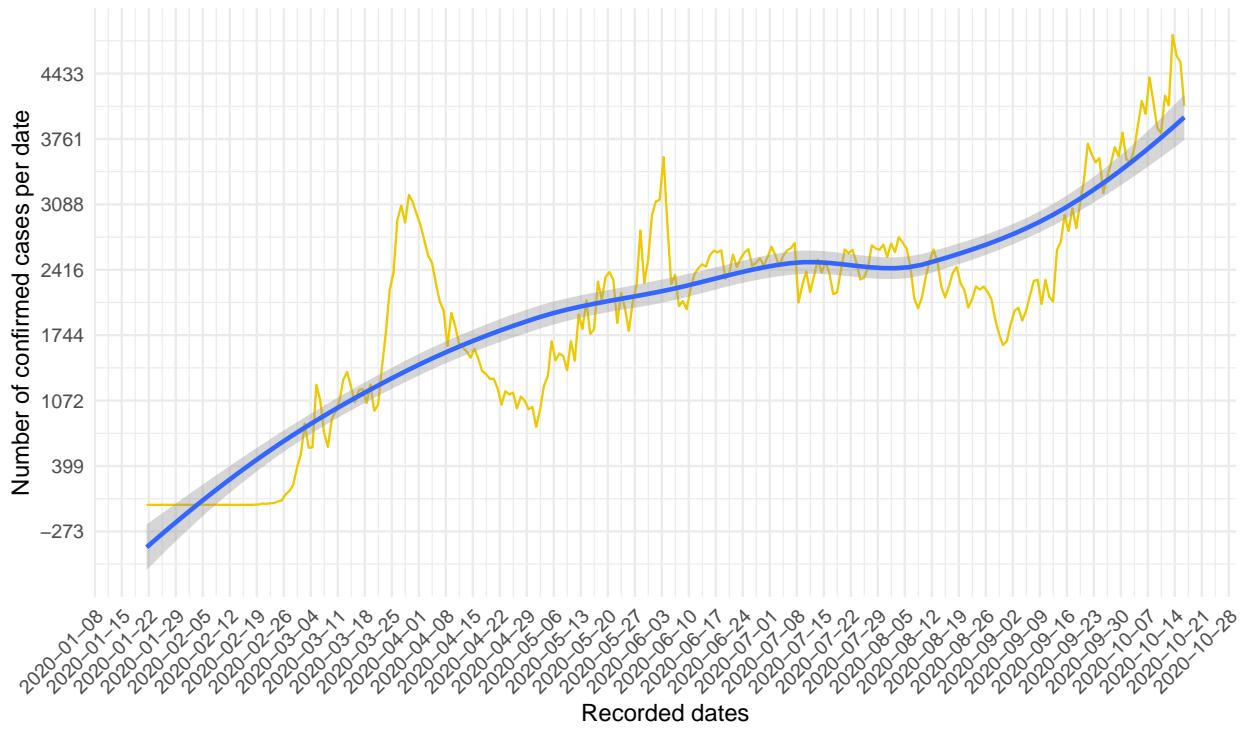

Indonesia – confirmed cases over time, total cases: 203,342

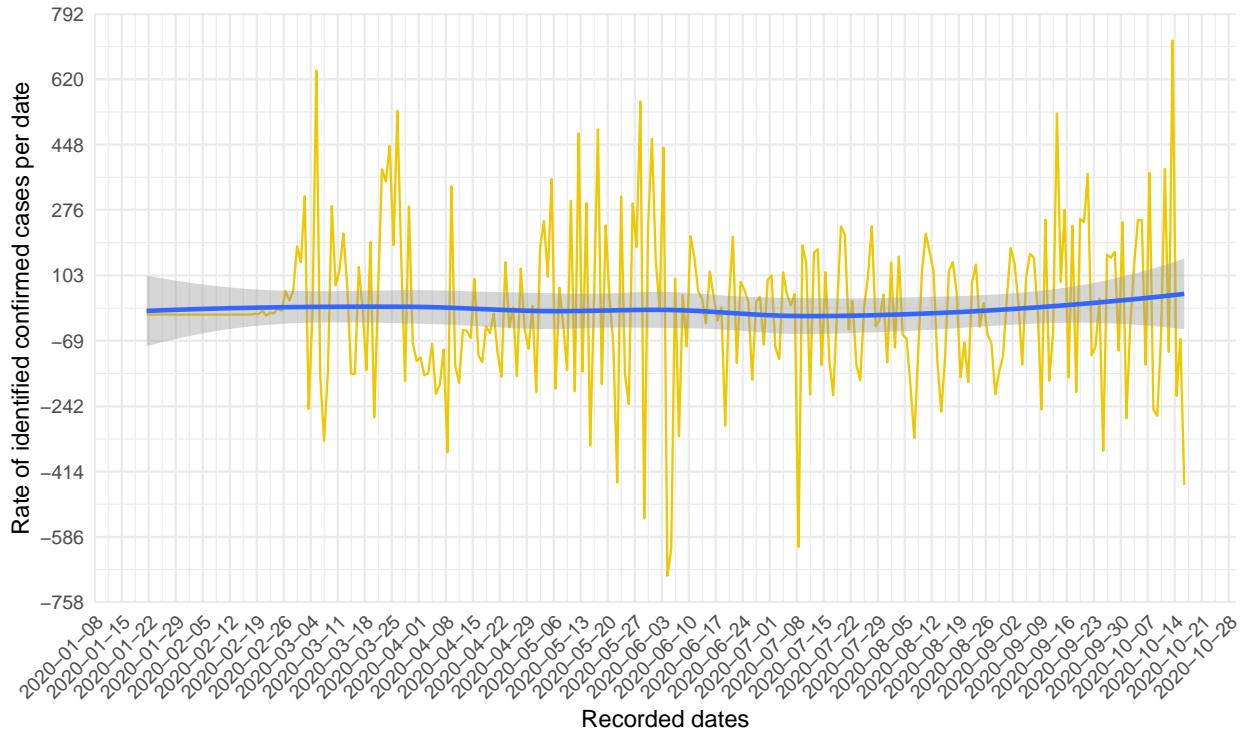

Indonesia – rate of increase of confirmed cases over time

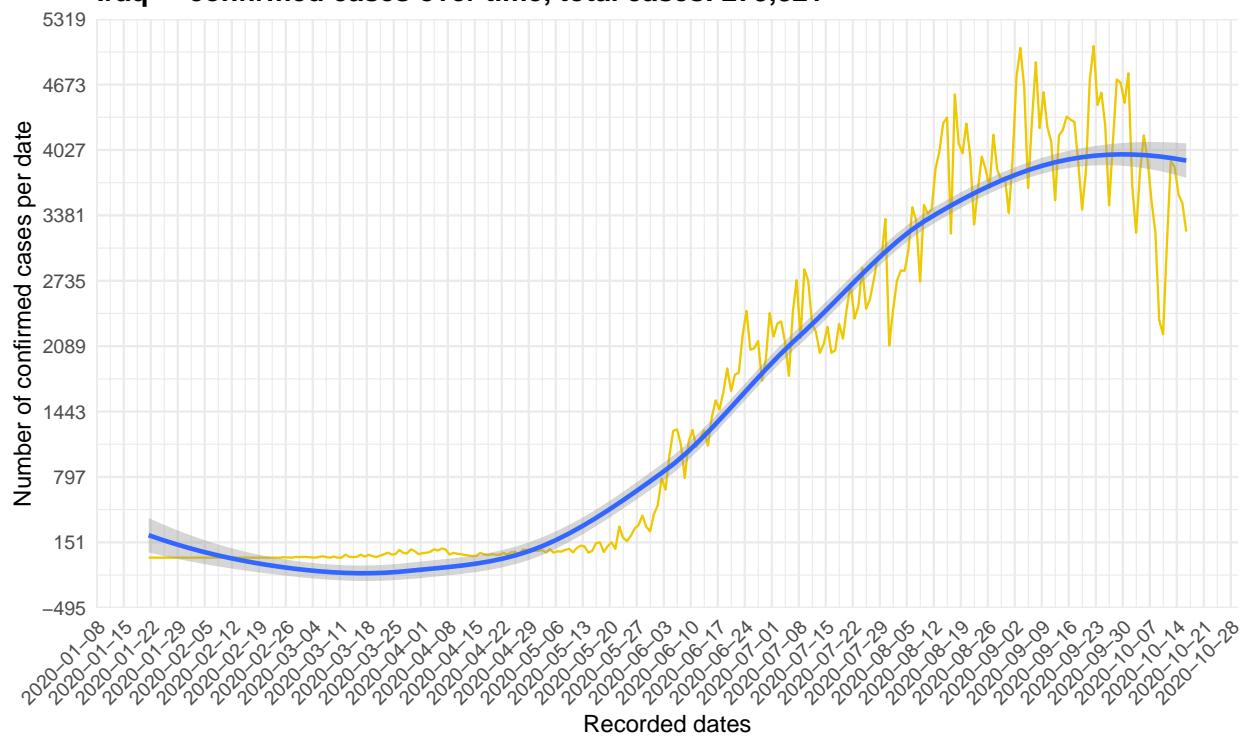

Iran – confirmed cases over time, total cases: 393,425

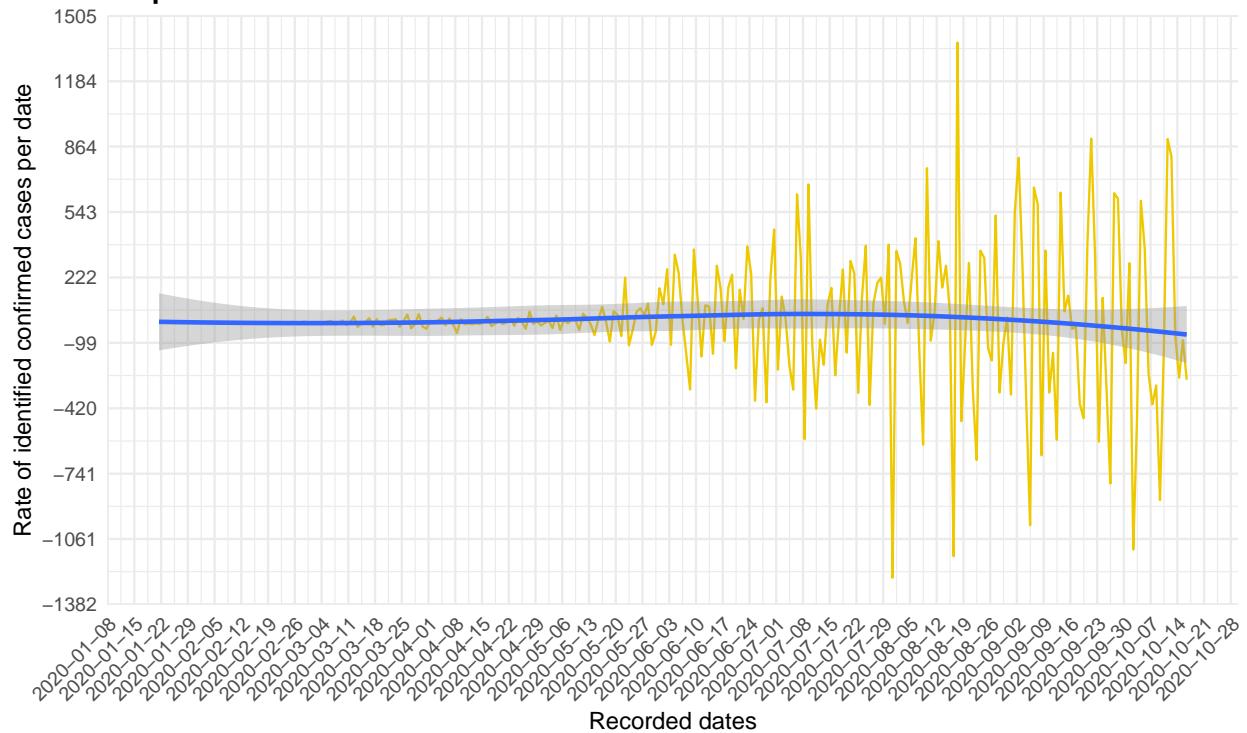

Iran – rate of increase of confirmed cases over time

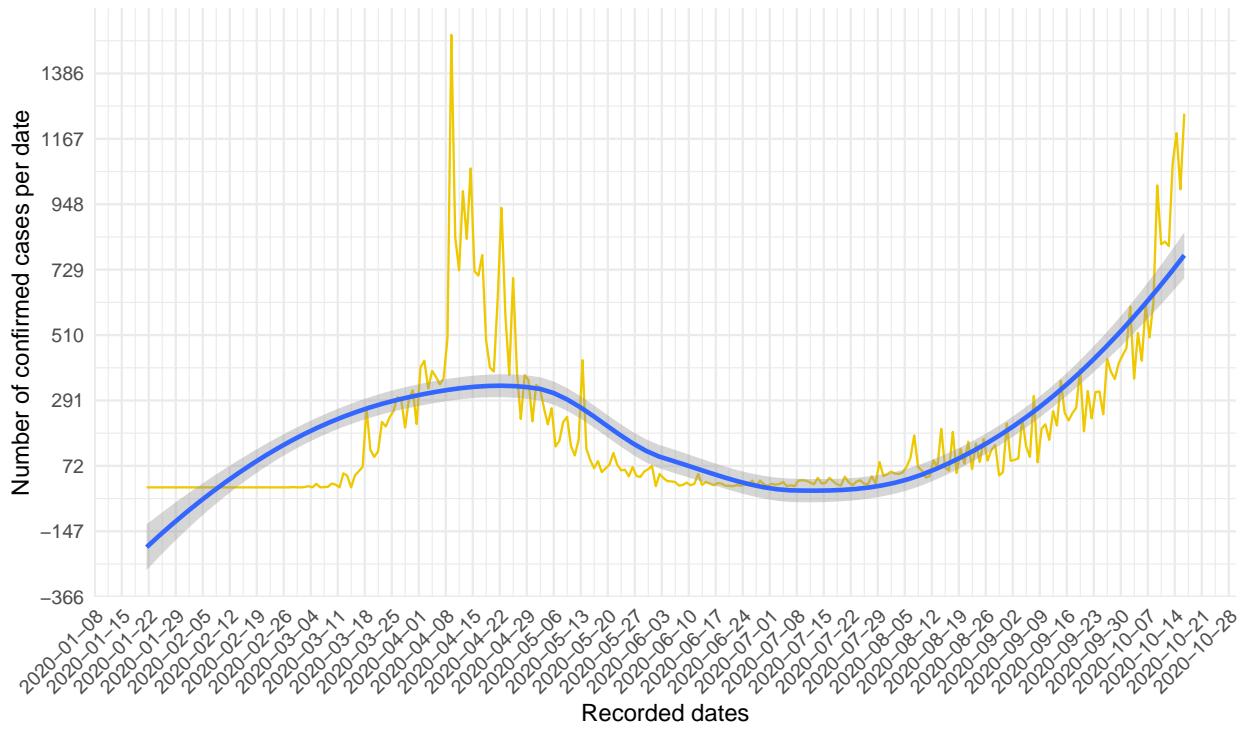

Iraq – confirmed cases over time, total cases: 273,821

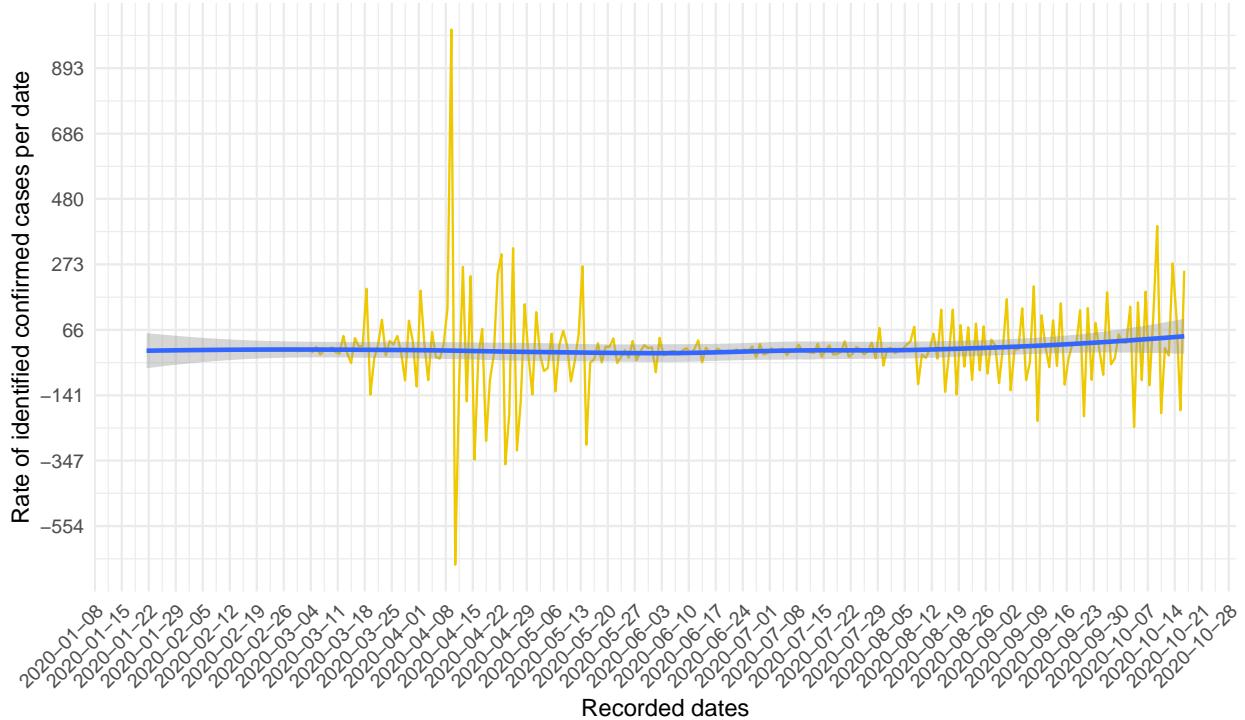

Iraq – rate of increase of confirmed cases over time

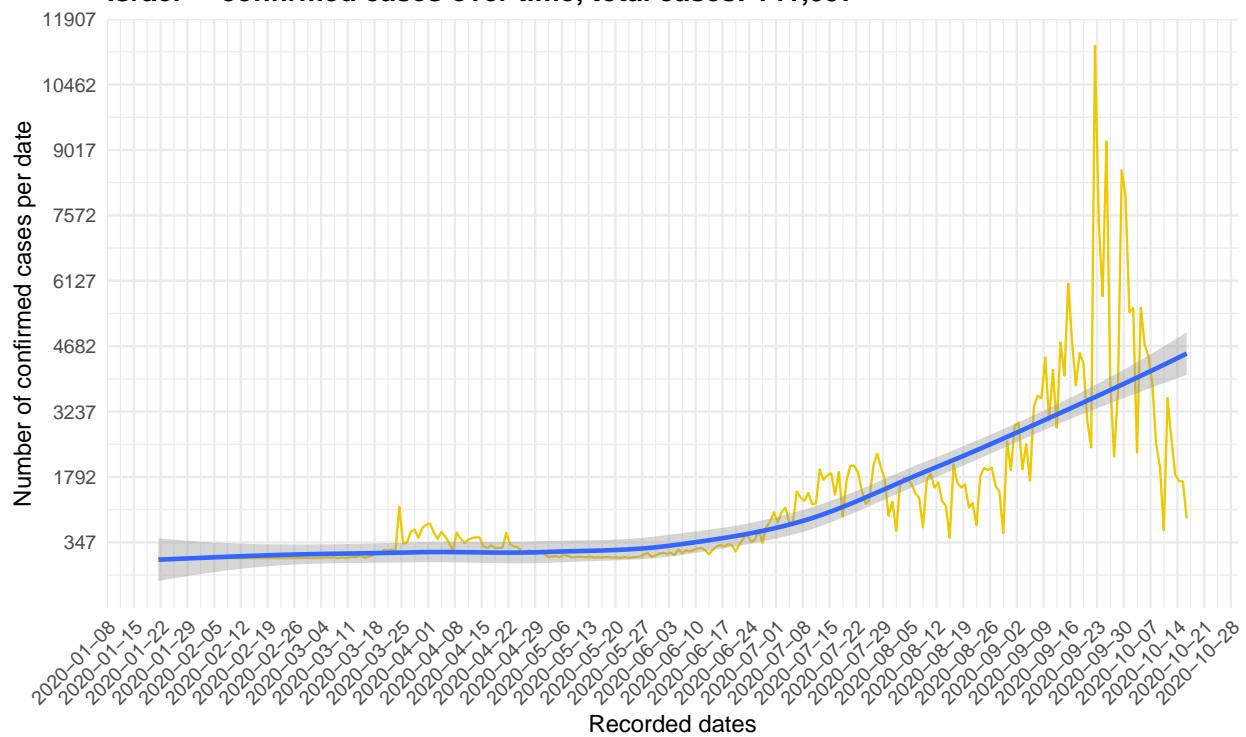

Ireland – confirmed cases over time, total cases: 30,164

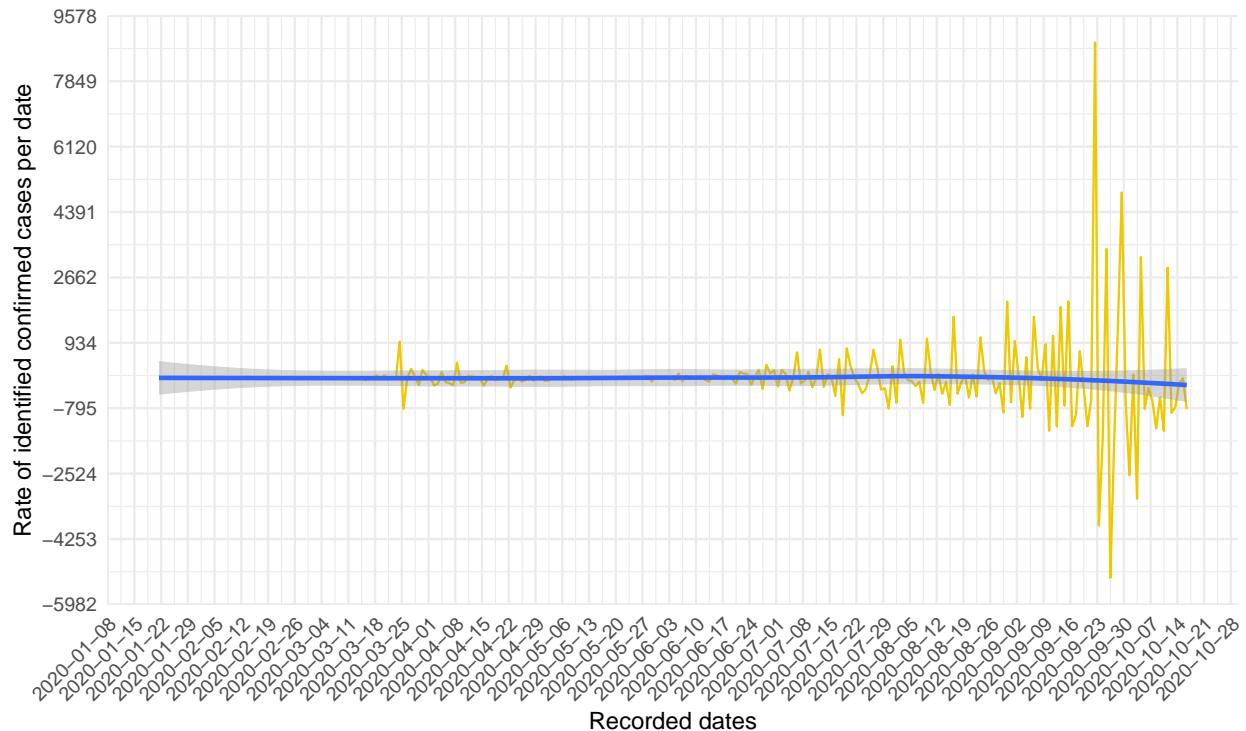

Ireland – rate of increase of confirmed cases over time

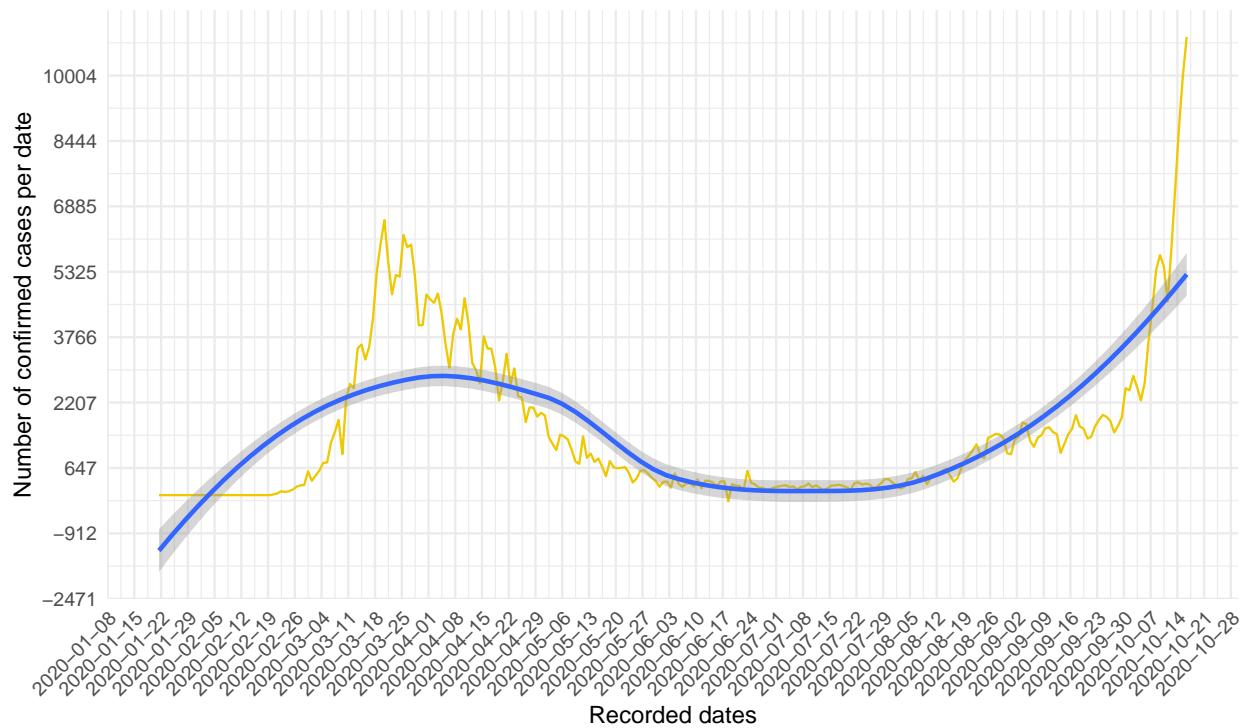

Israel – confirmed cases over time, total cases: 141,097

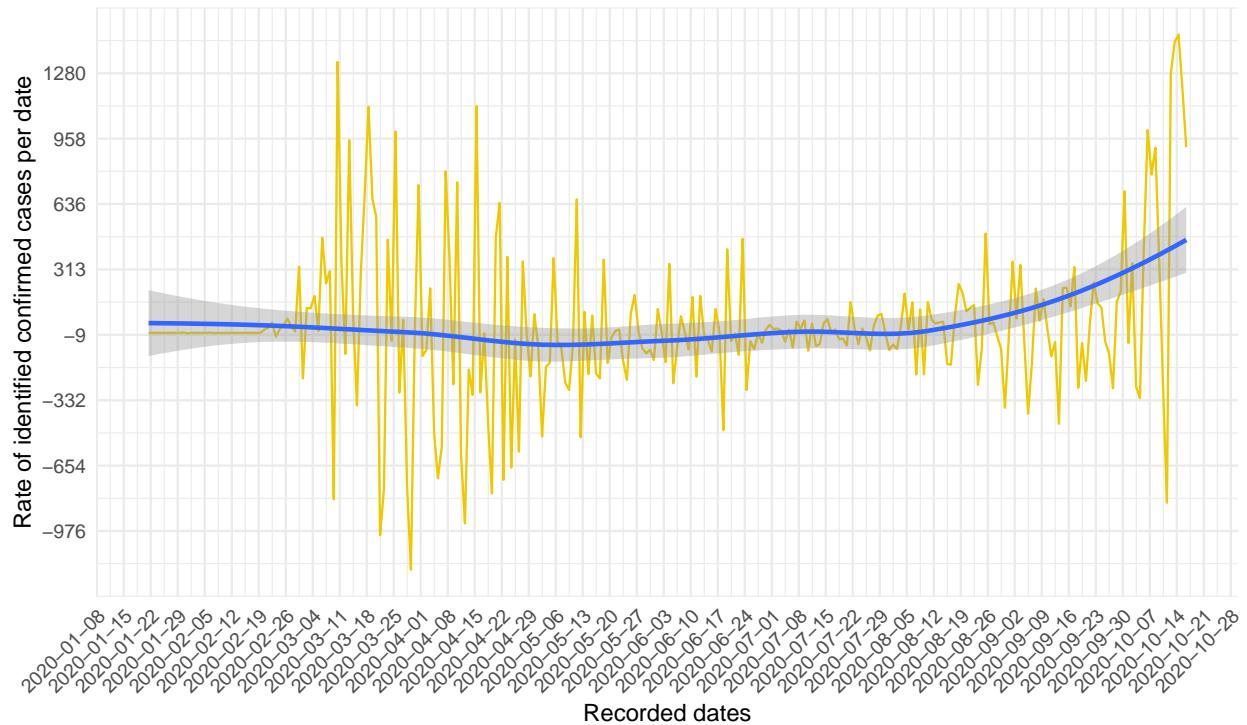

Israel – rate of increase of confirmed cases over time

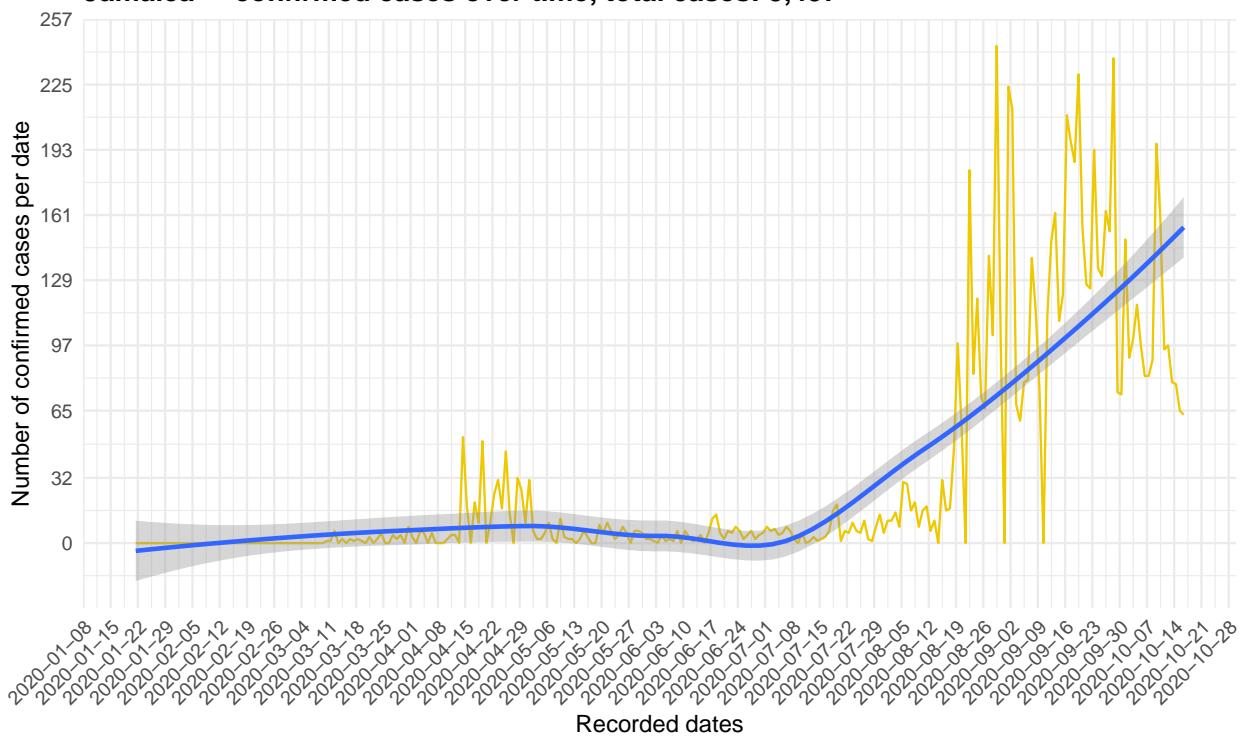

Italy – confirmed cases over time, total cases: 281,583

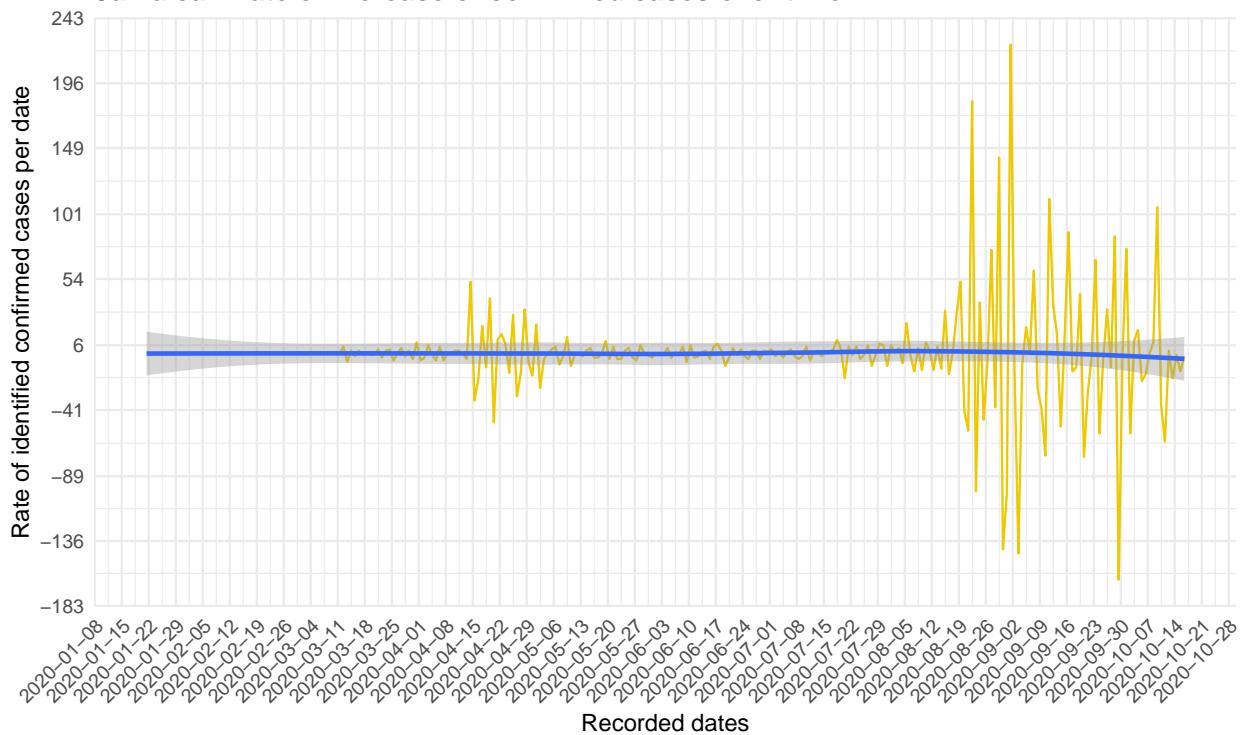

Italy – rate of increase of confirmed cases over time

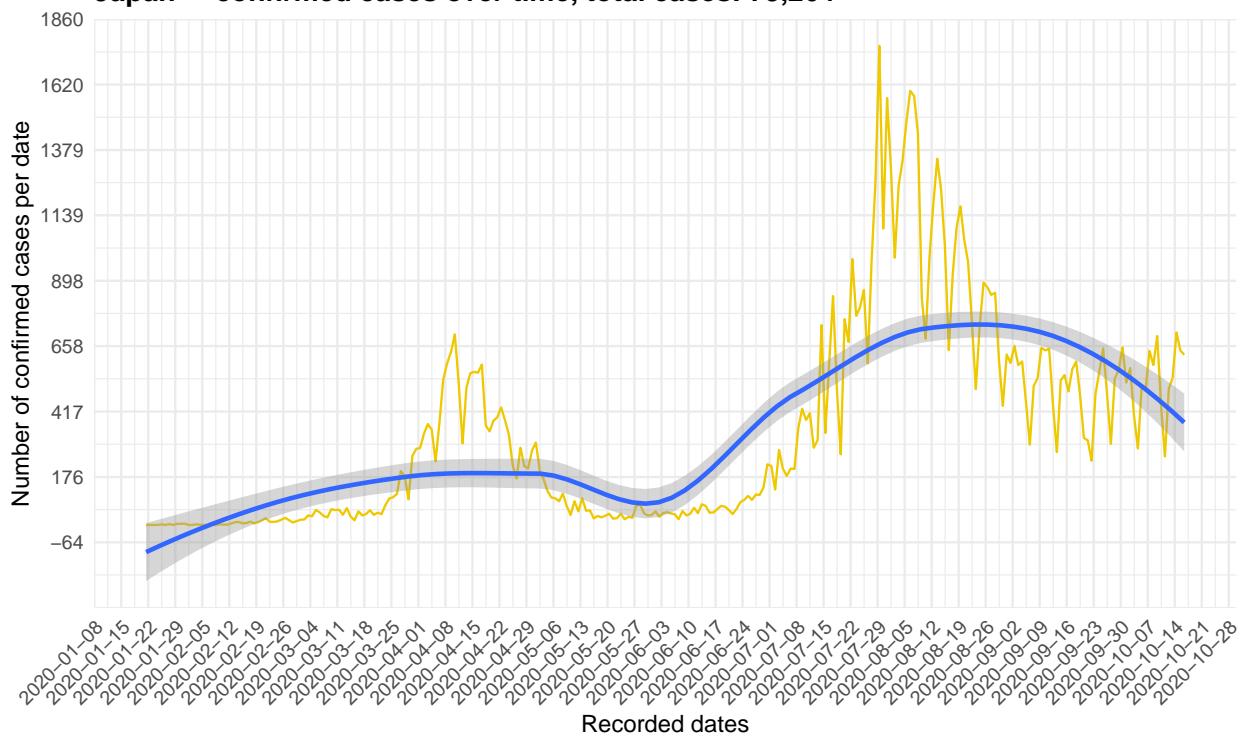

Jamaica – confirmed cases over time, total cases: 3,437

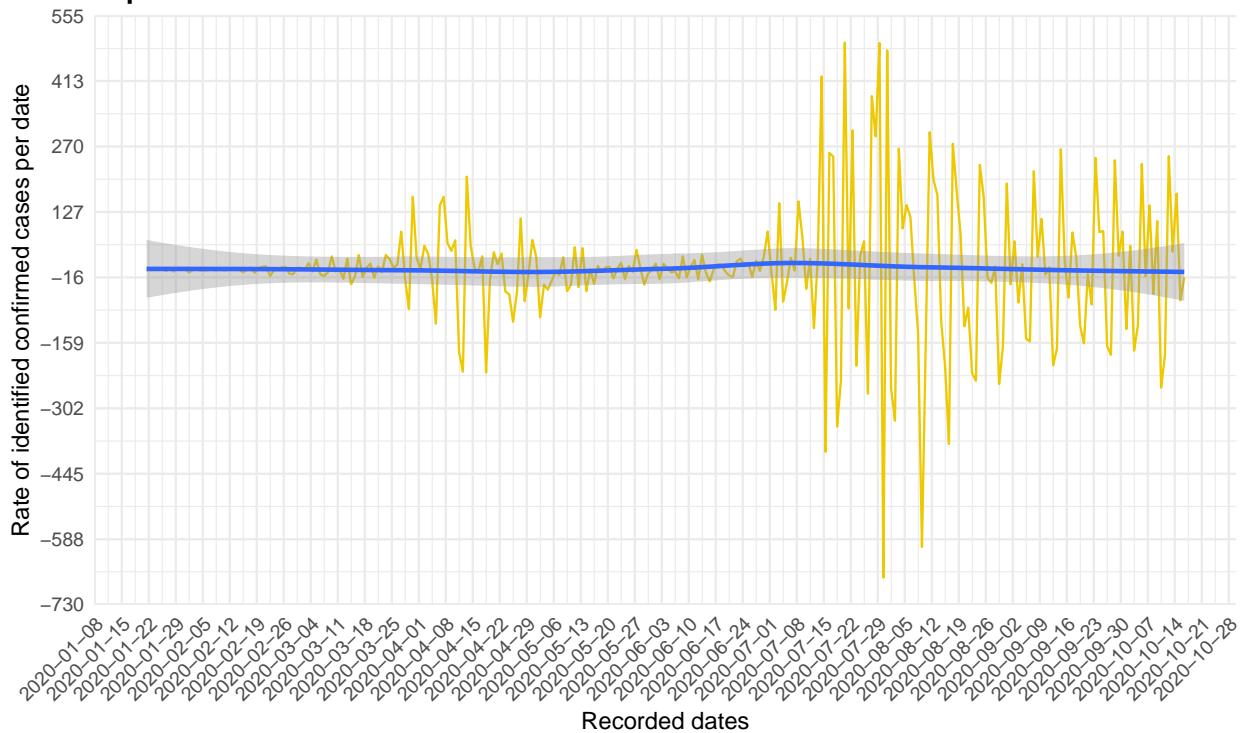

Jamaica – rate of increase of confirmed cases over time

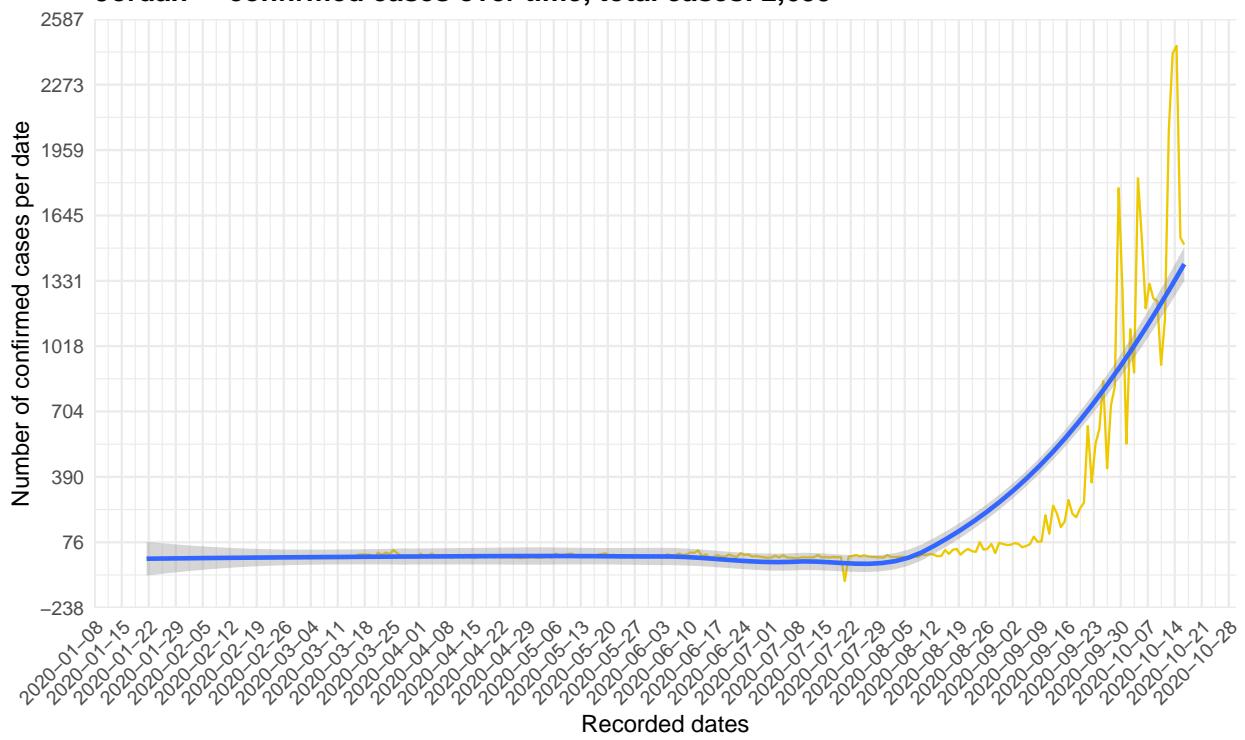

Japan – confirmed cases over time, total cases: 73,264

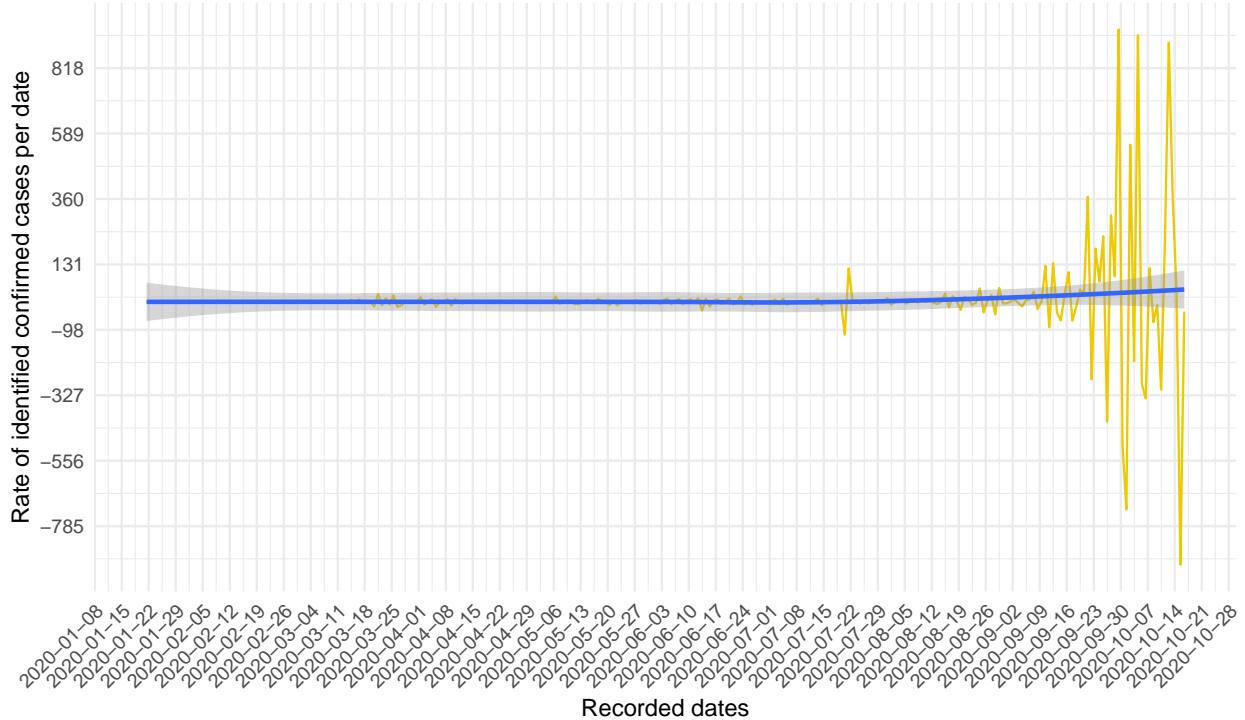

Japan – rate of increase of confirmed cases over time

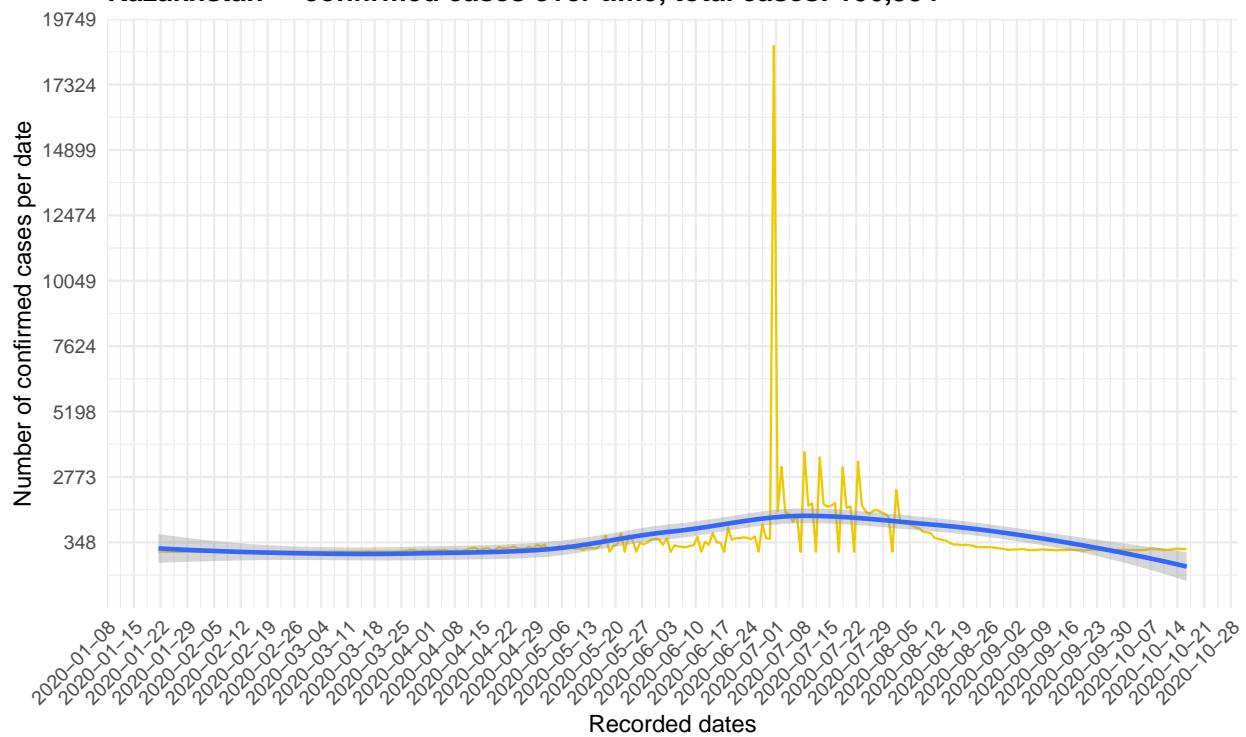

Jordan – confirmed cases over time, total cases: 2,659

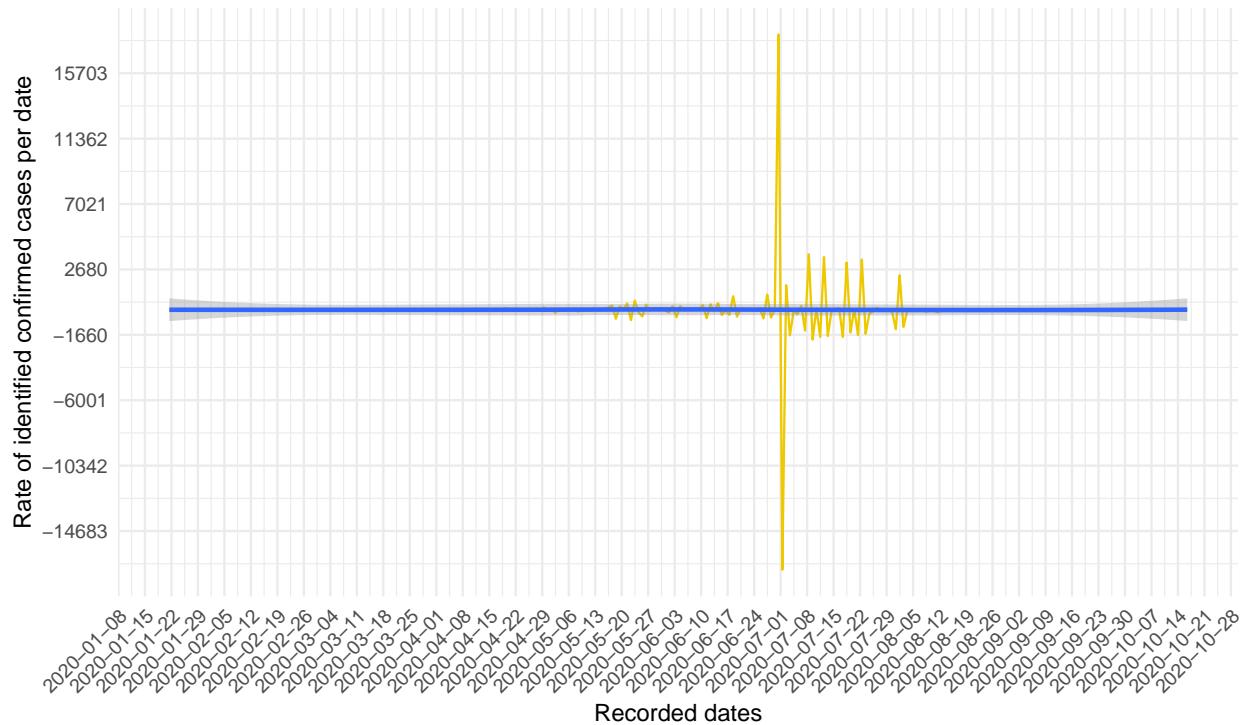

Jordan – rate of increase of confirmed cases over time

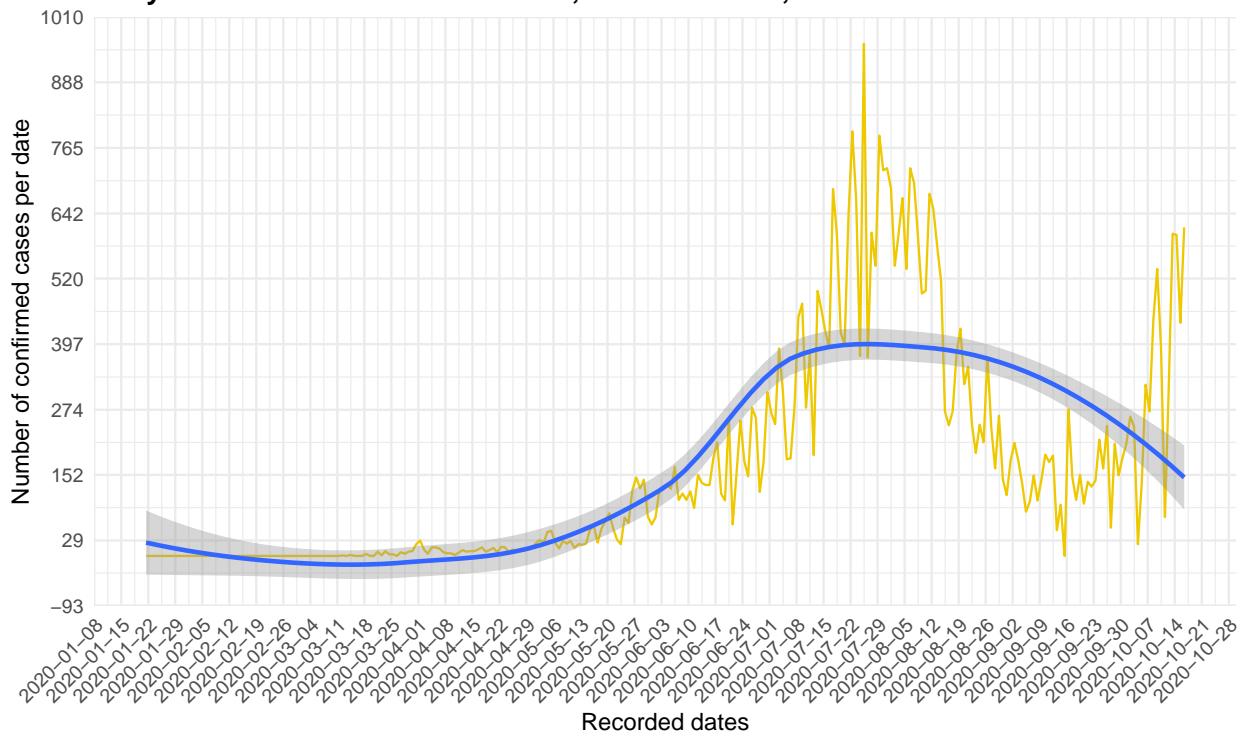

Kazakhstan – confirmed cases over time, total cases: 106,584

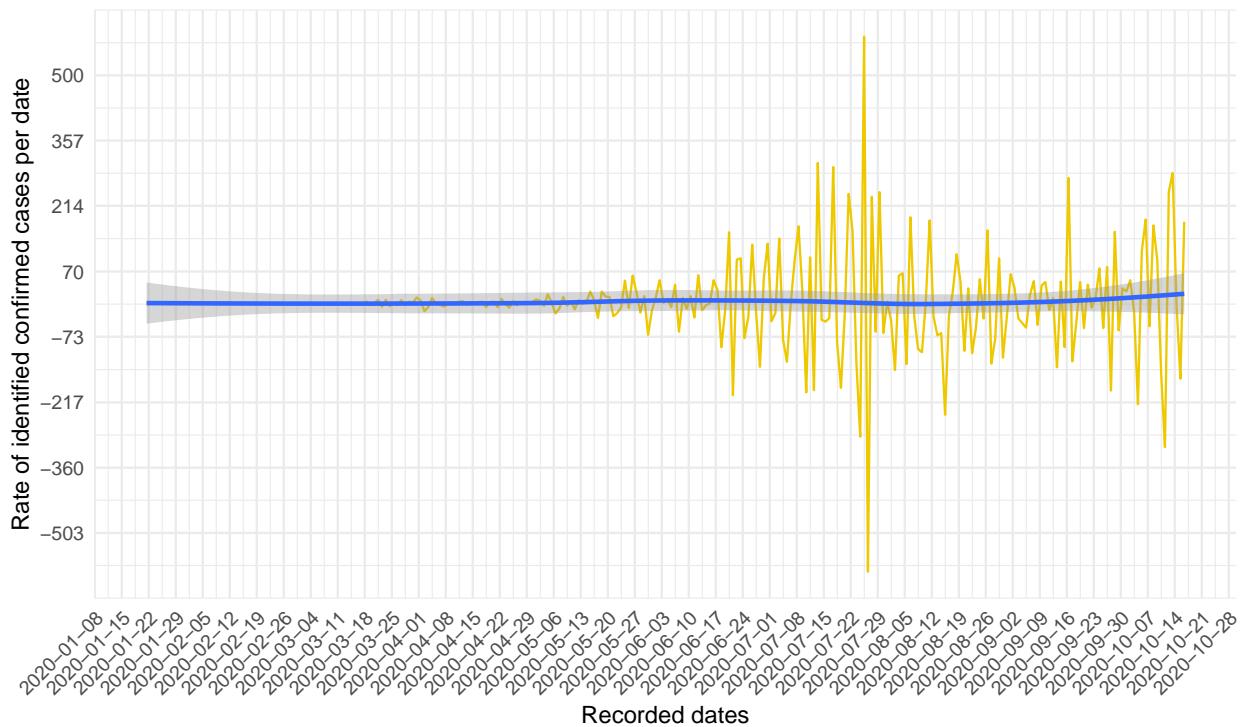

Kazakhstan – rate of increase of confirmed cases over time

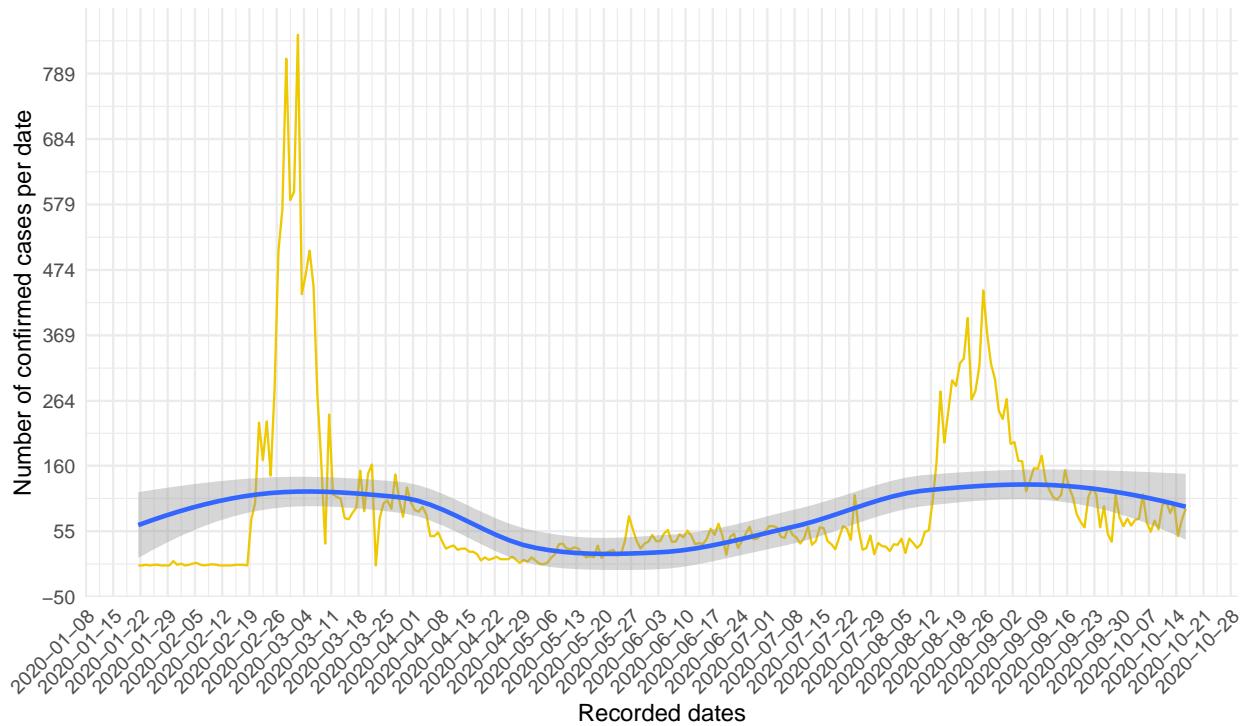

Kenya – confirmed cases over time, total cases: 35,460

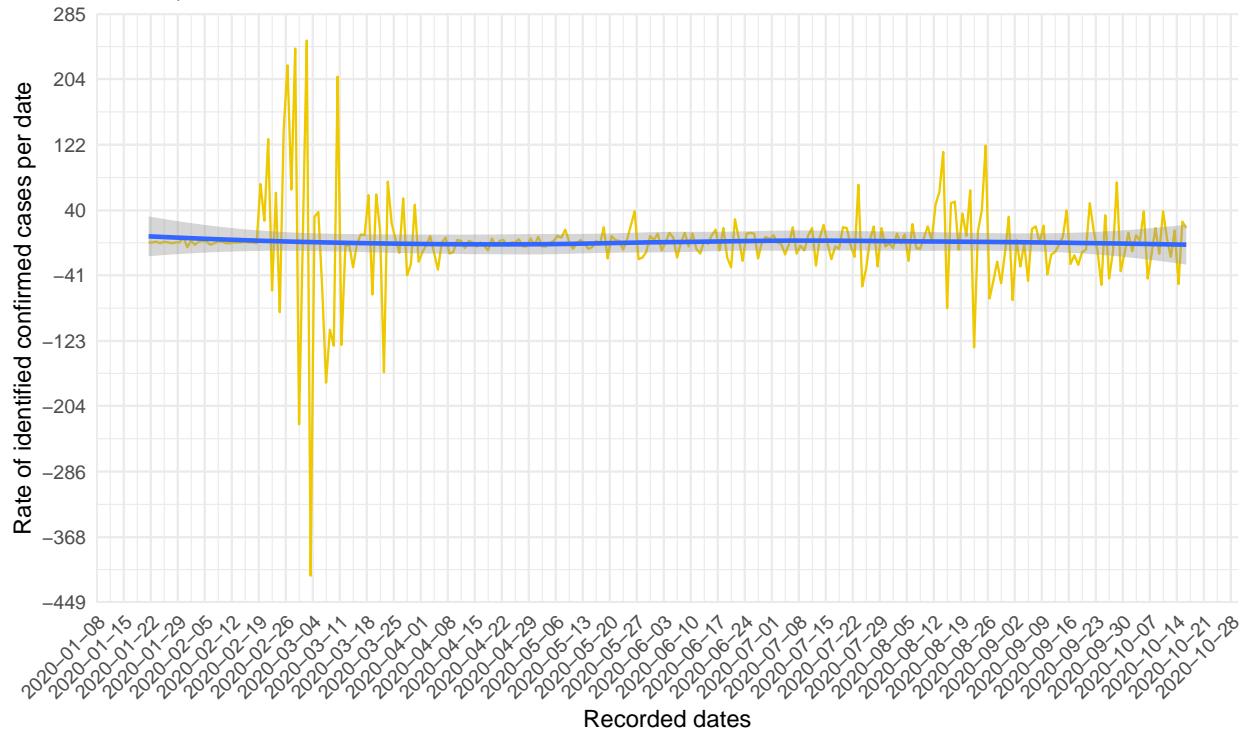

Kenya – rate of increase of confirmed cases over time

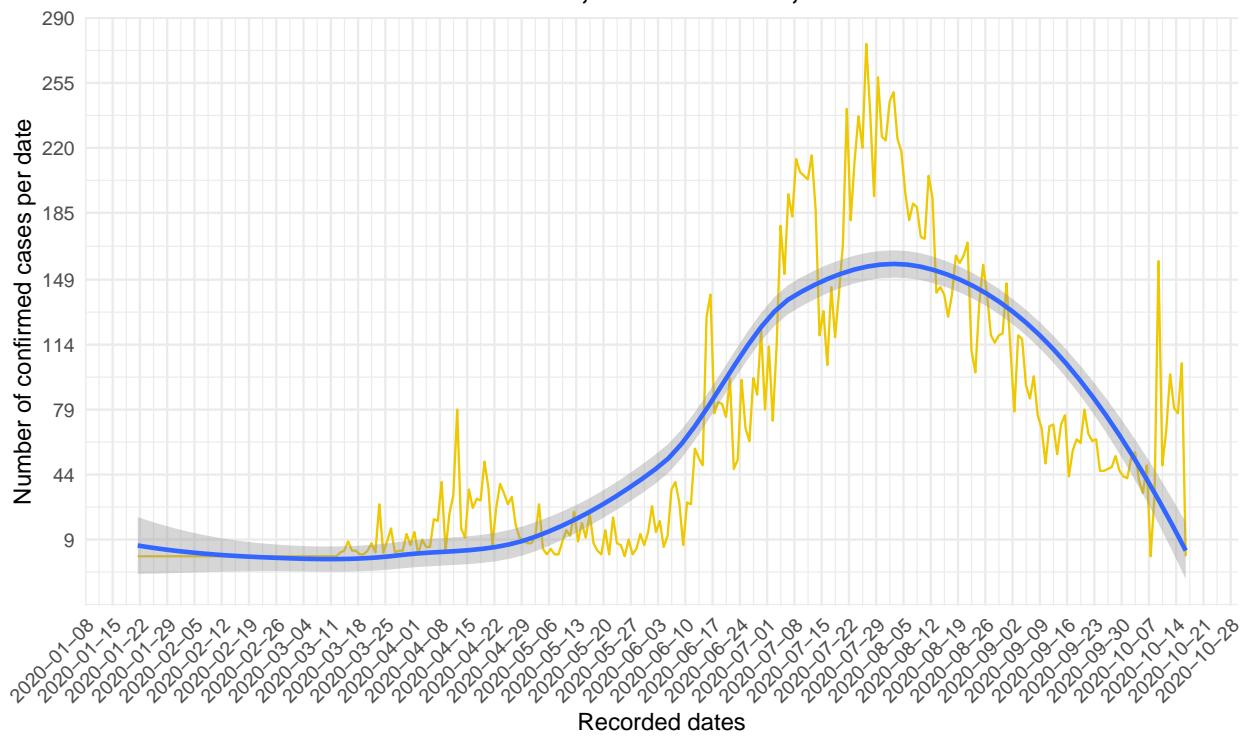

Korea, South – confirmed cases over time, total cases: 21,743

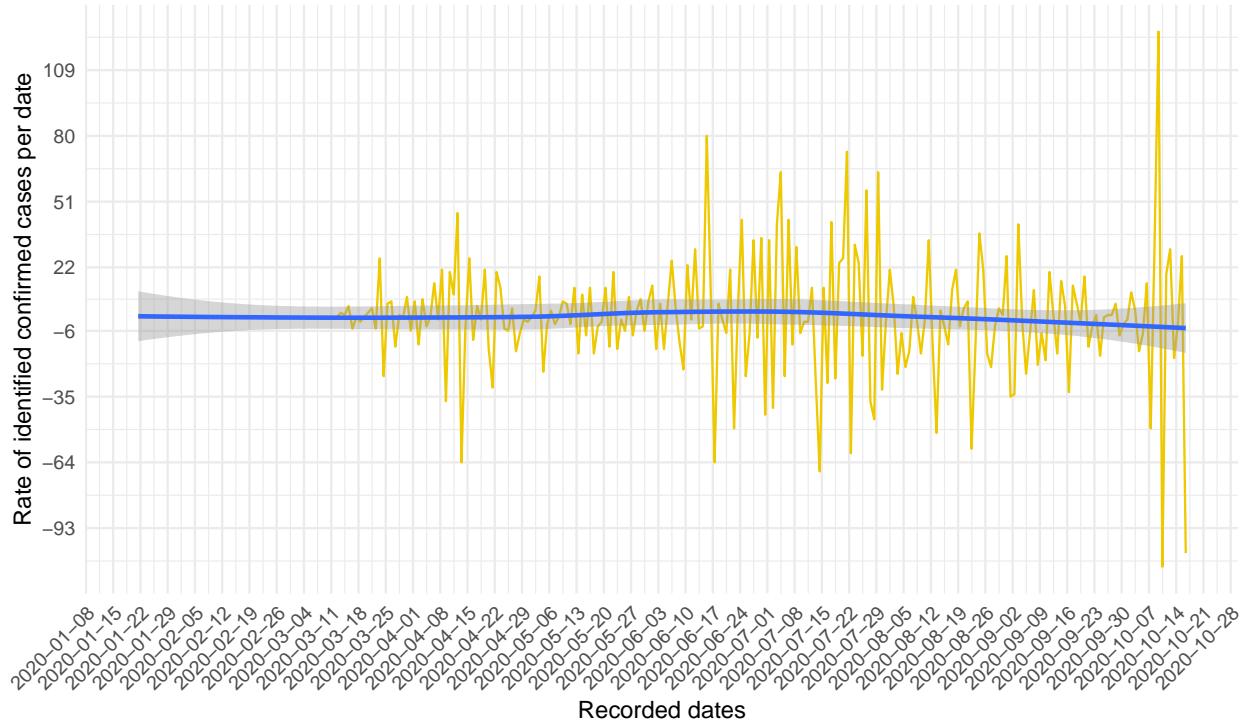

Korea, South – rate of increase of confirmed cases over time

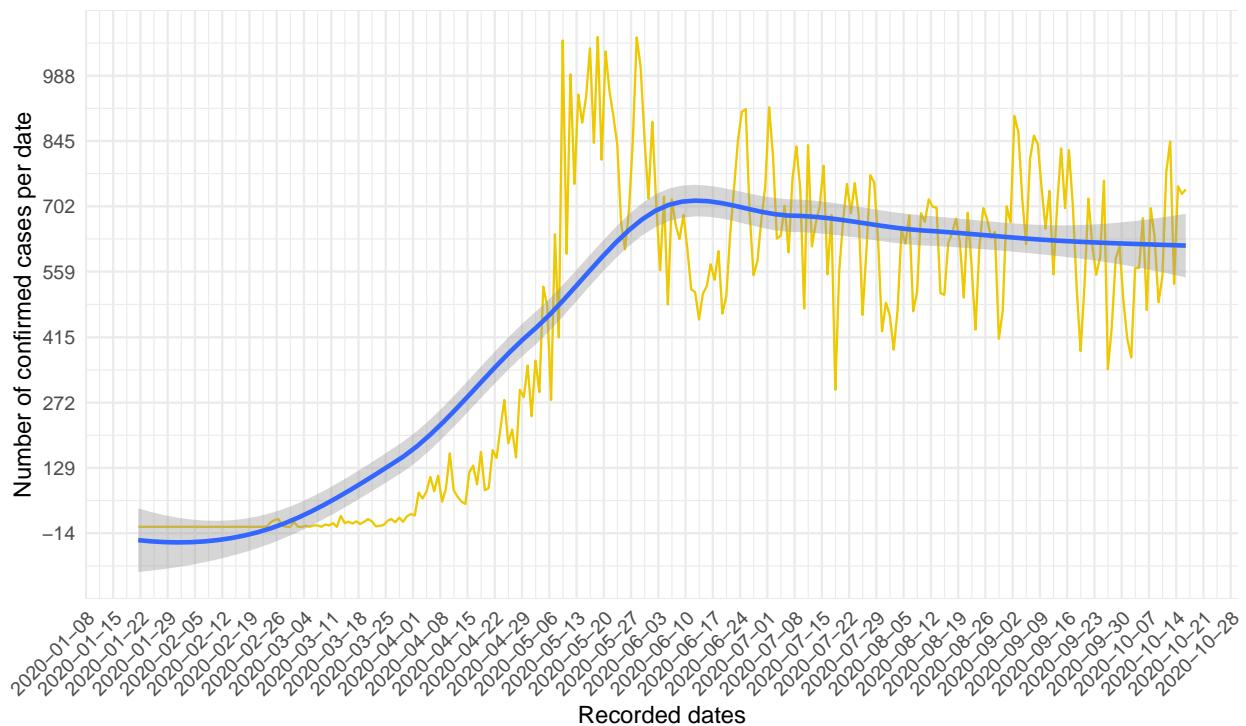

Kosovo – confirmed cases over time, total cases: 14,377

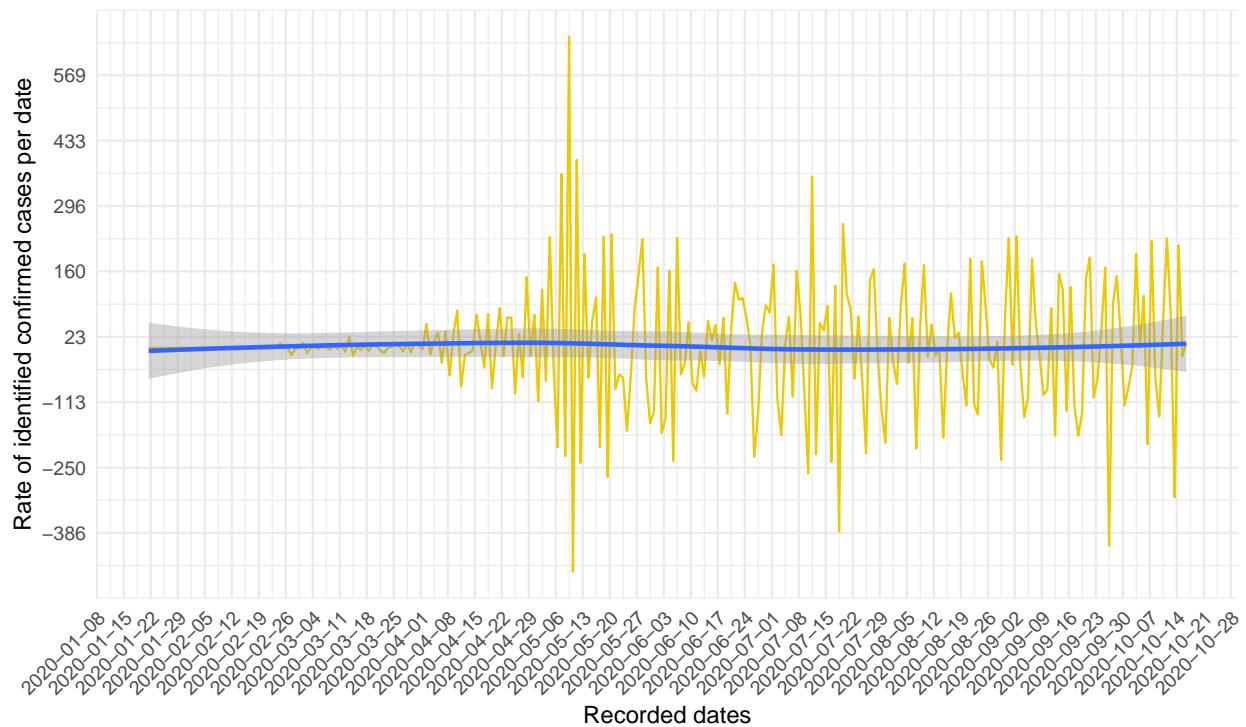

Kosovo – rate of increase of confirmed cases over time

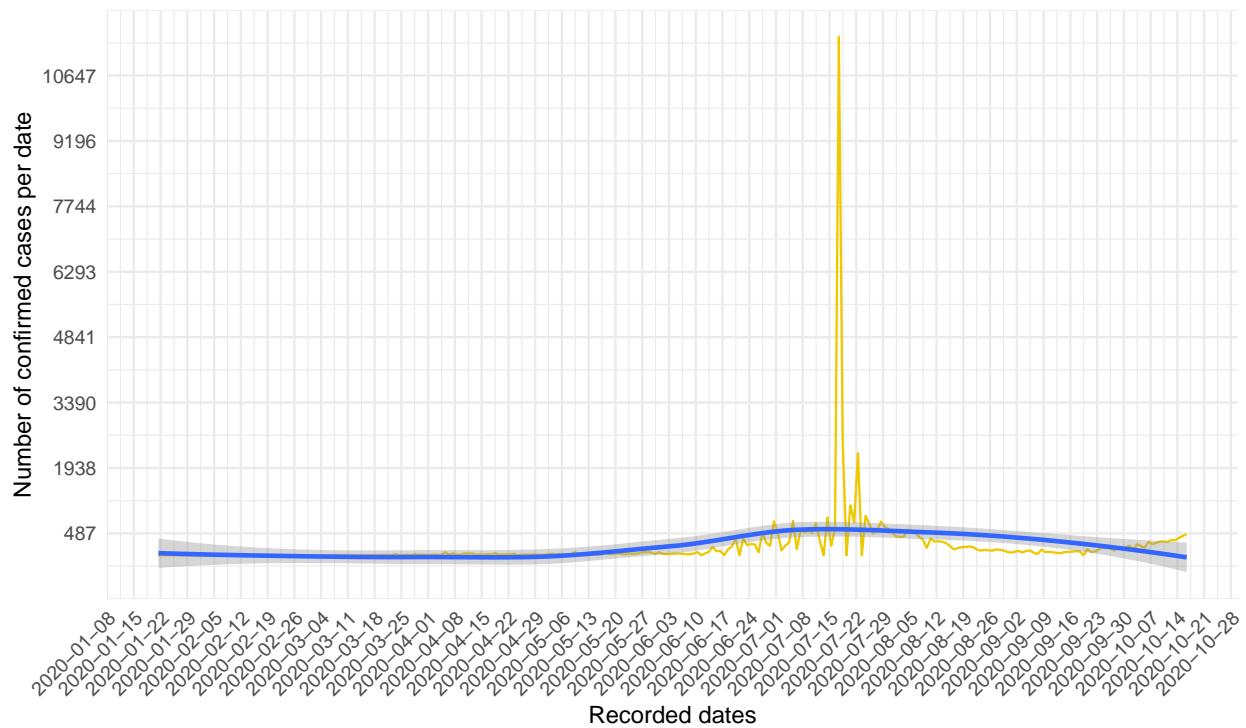

Kuwait – confirmed cases over time, total cases: 92,082

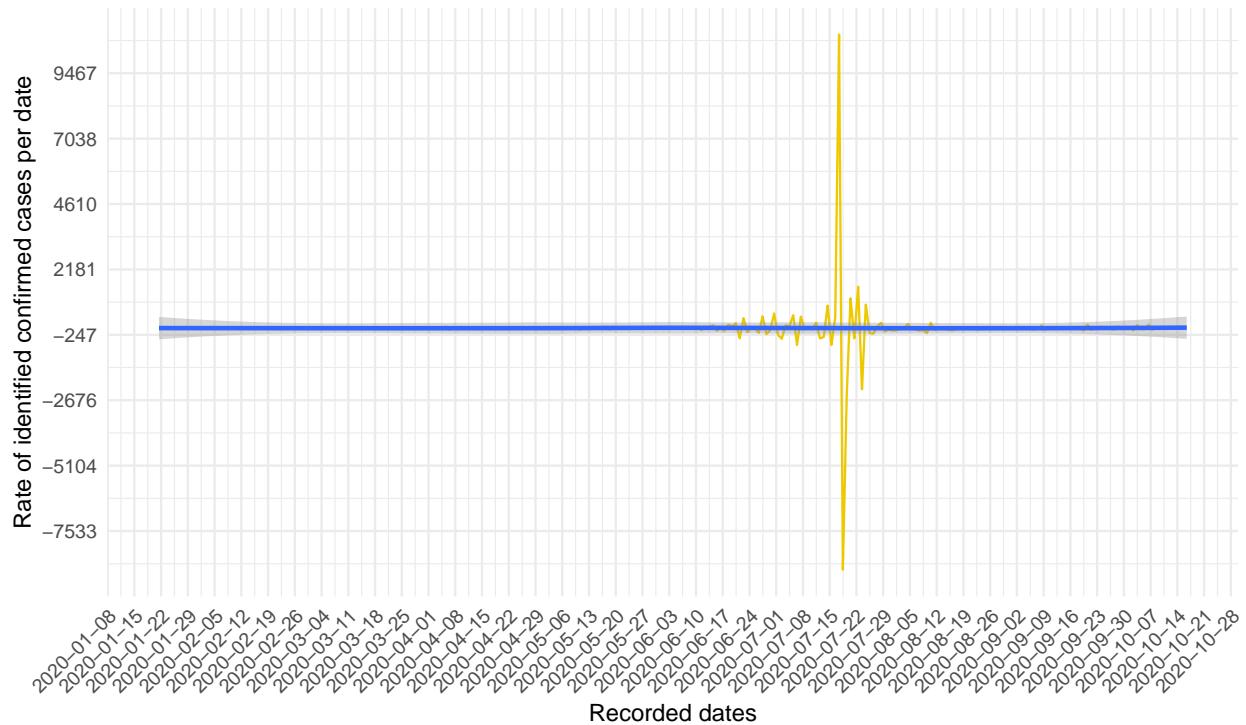

Kuwait – rate of increase of confirmed cases over time

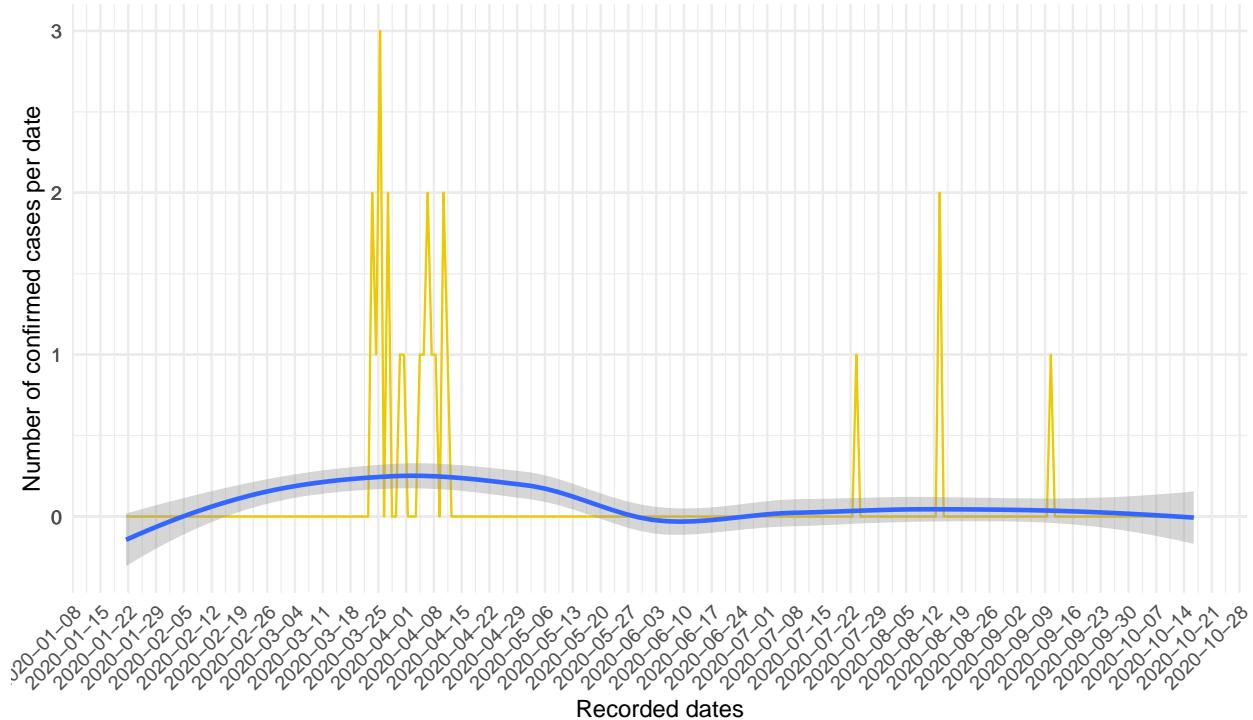

Kyrgyzstan – confirmed cases over time, total cases: 44,613

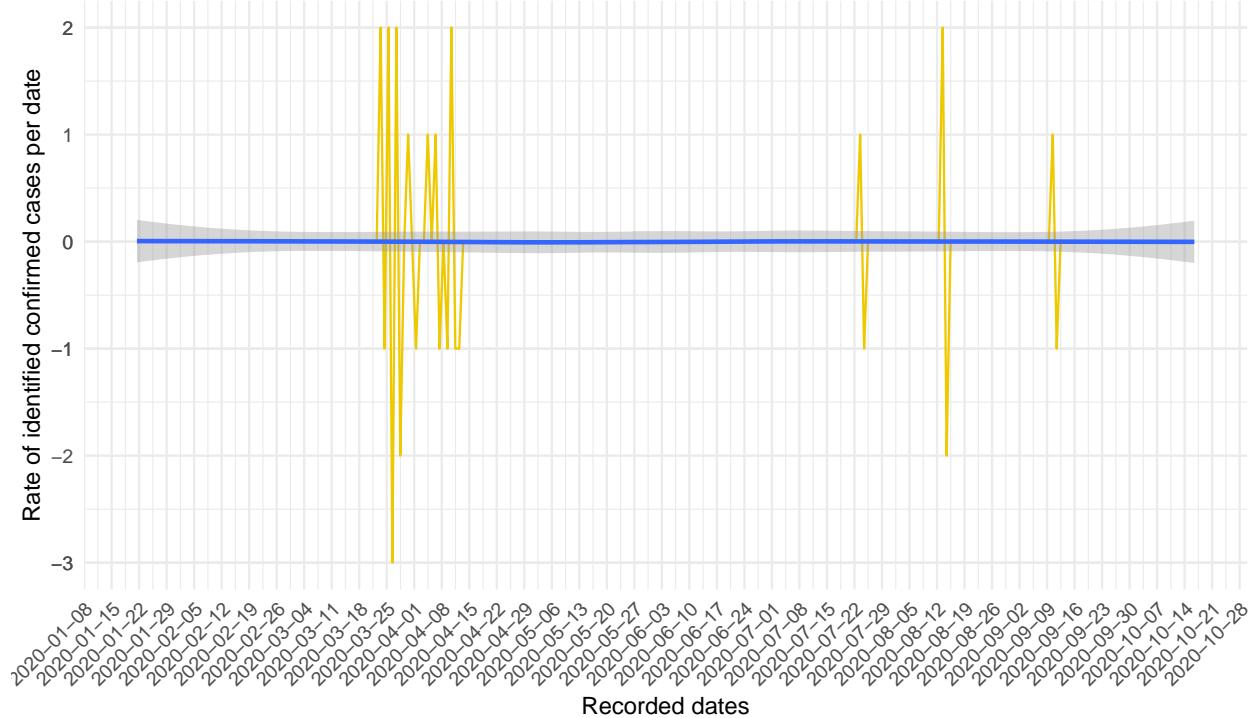

Kyrgyzstan – rate of increase of confirmed cases over time

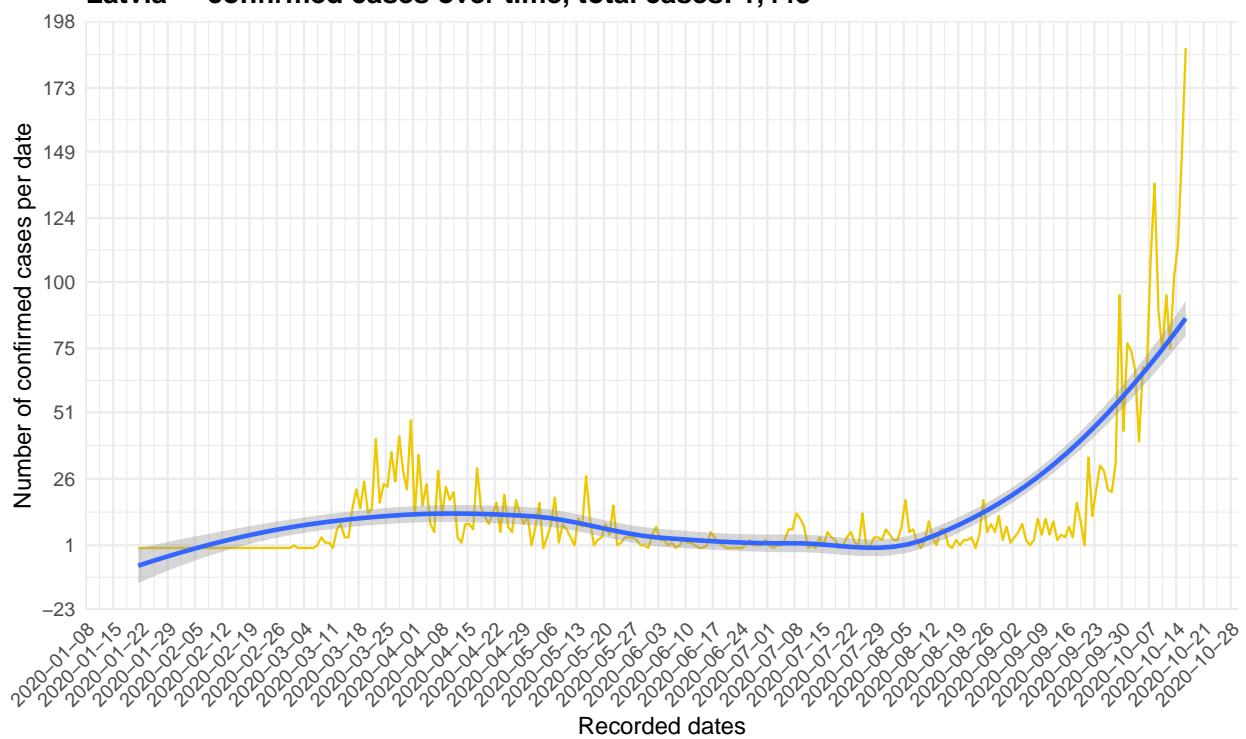

Laos – confirmed cases over time, total cases: 22

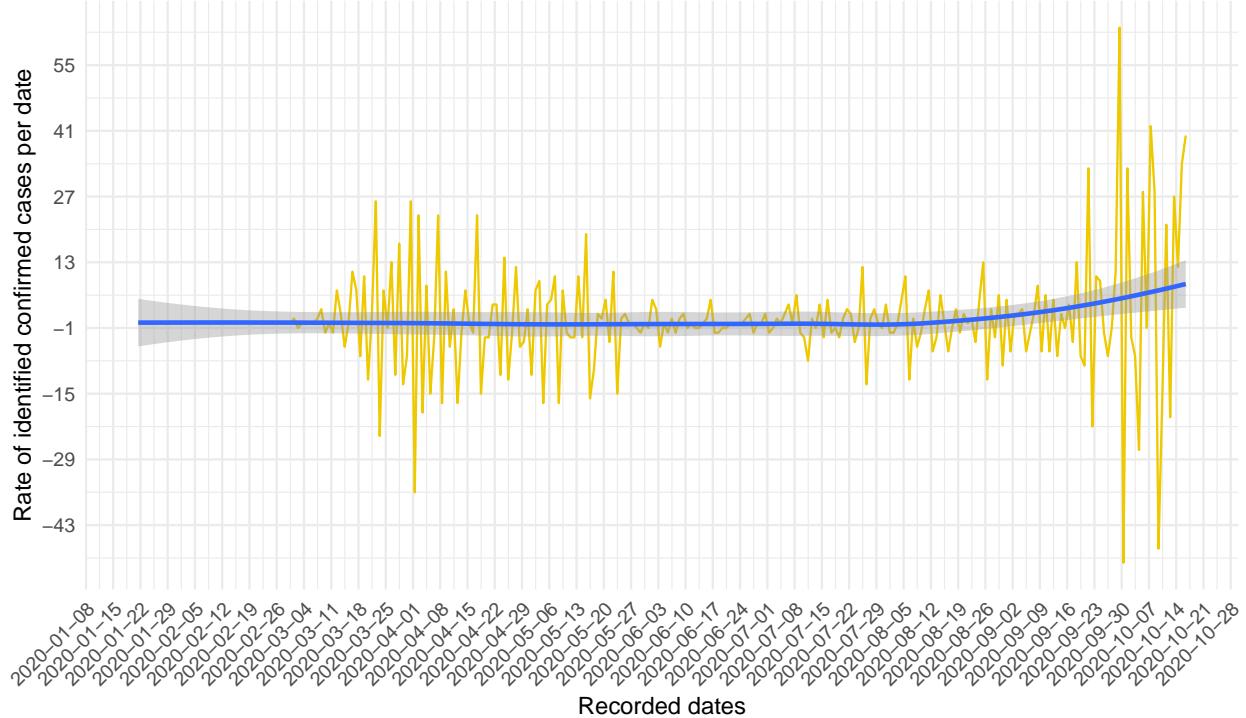

Laos – rate of increase of confirmed cases over time

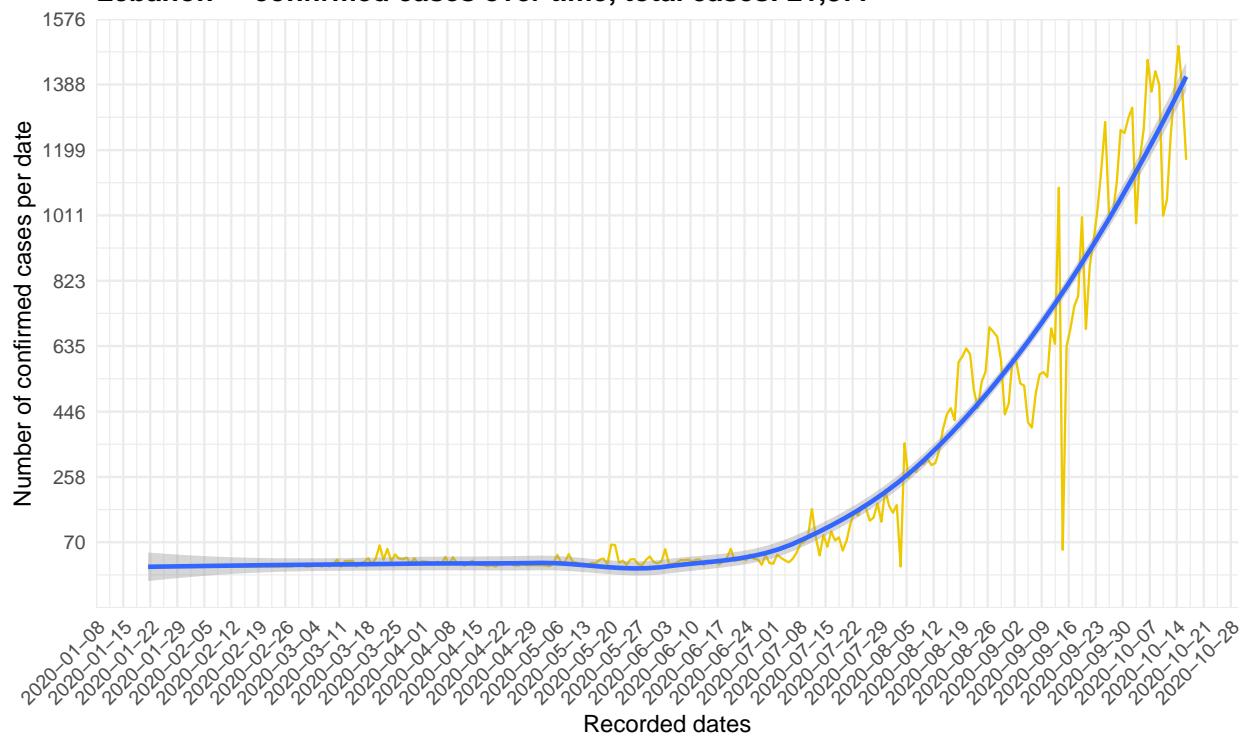

Latvia – confirmed cases over time, total cases: 1,443

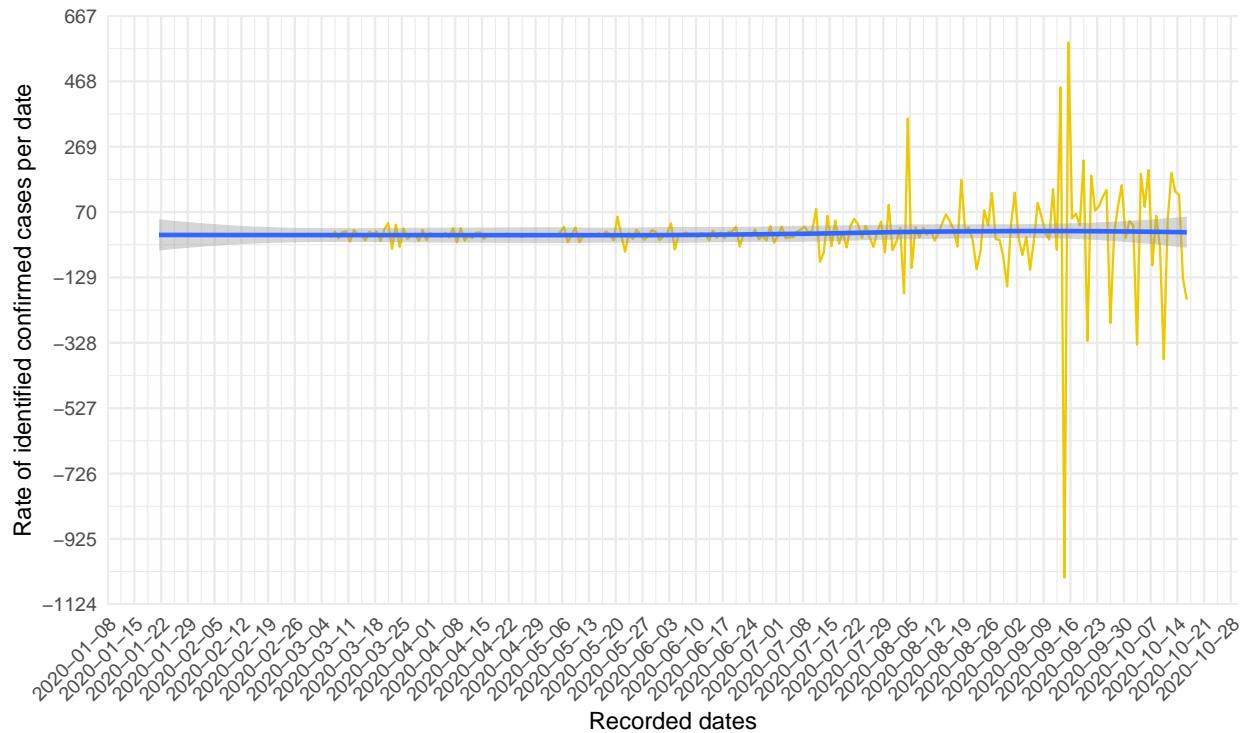

Latvia – rate of increase of confirmed cases over time

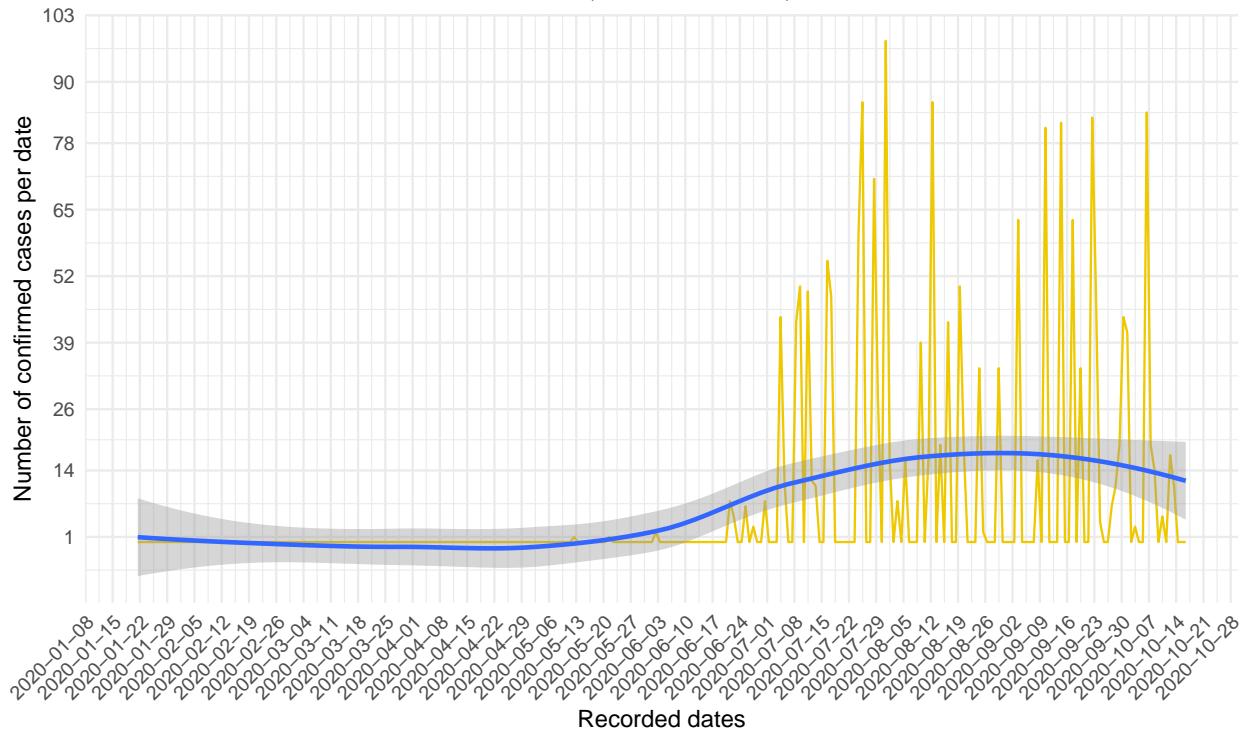

Lebanon – confirmed cases over time, total cases: 21,877

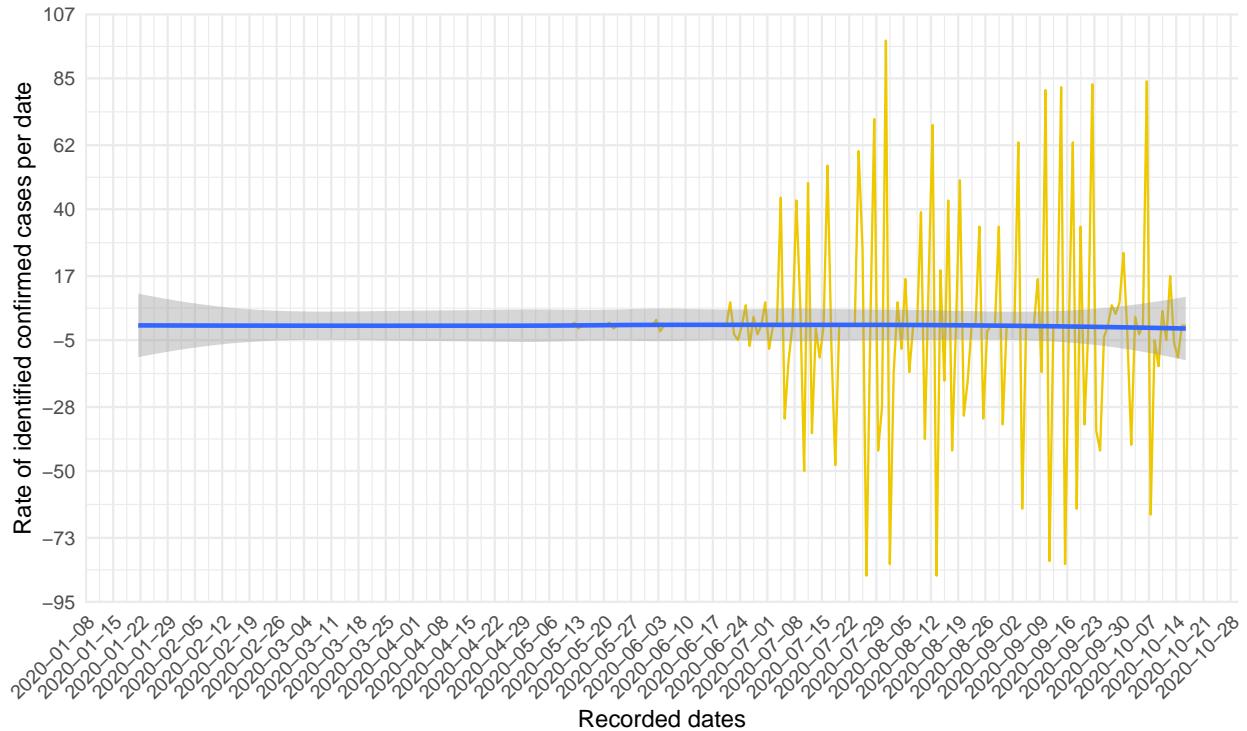

Lebanon – rate of increase of confirmed cases over time

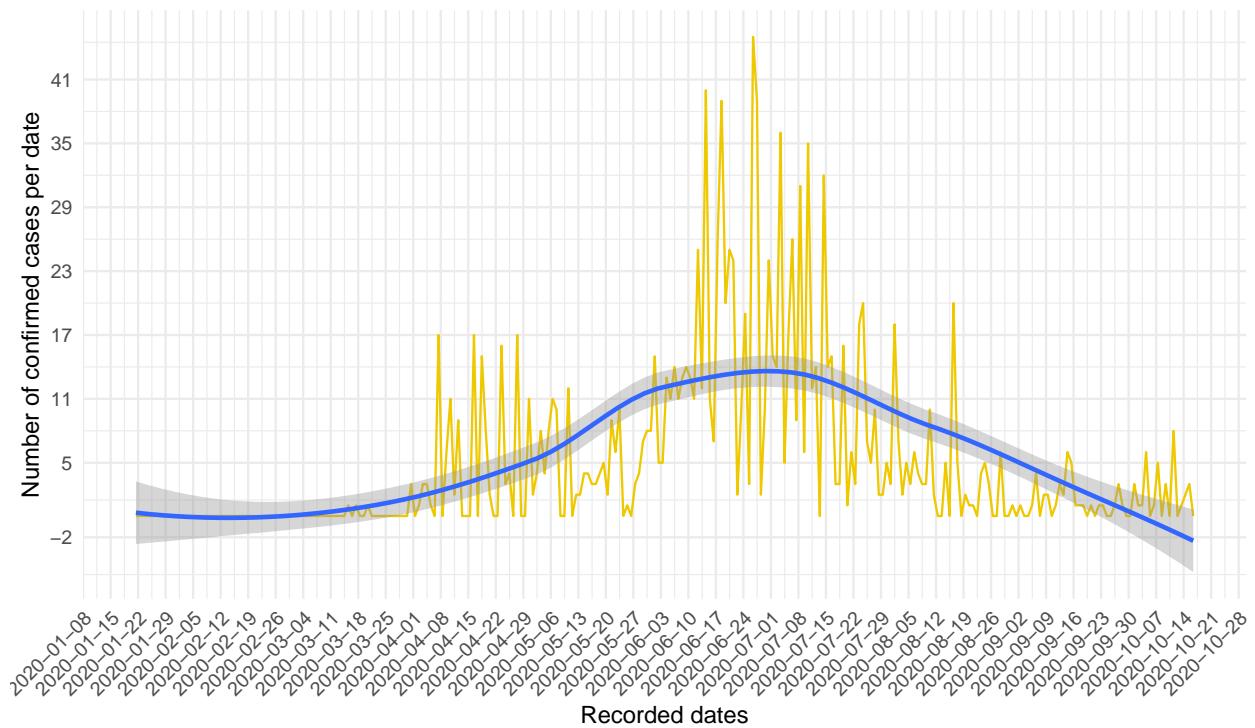

Lesotho – confirmed cases over time, total cases: 1,164

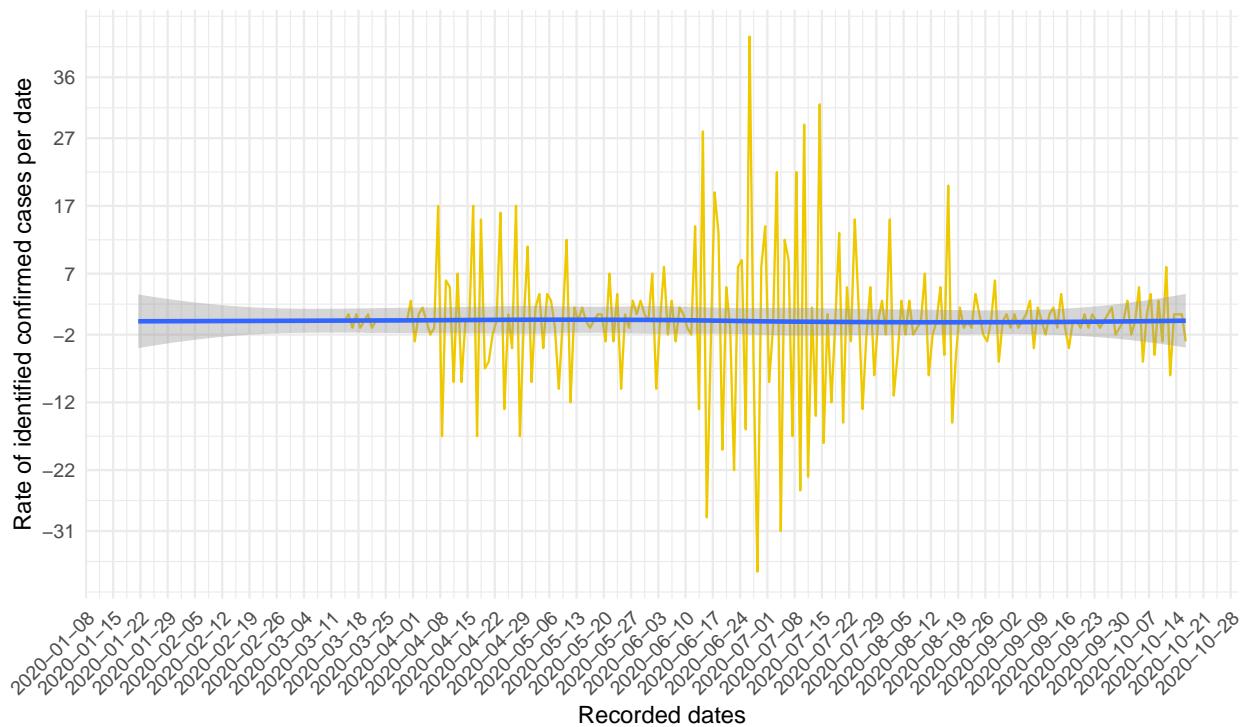

Lesotho – rate of increase of confirmed cases over time

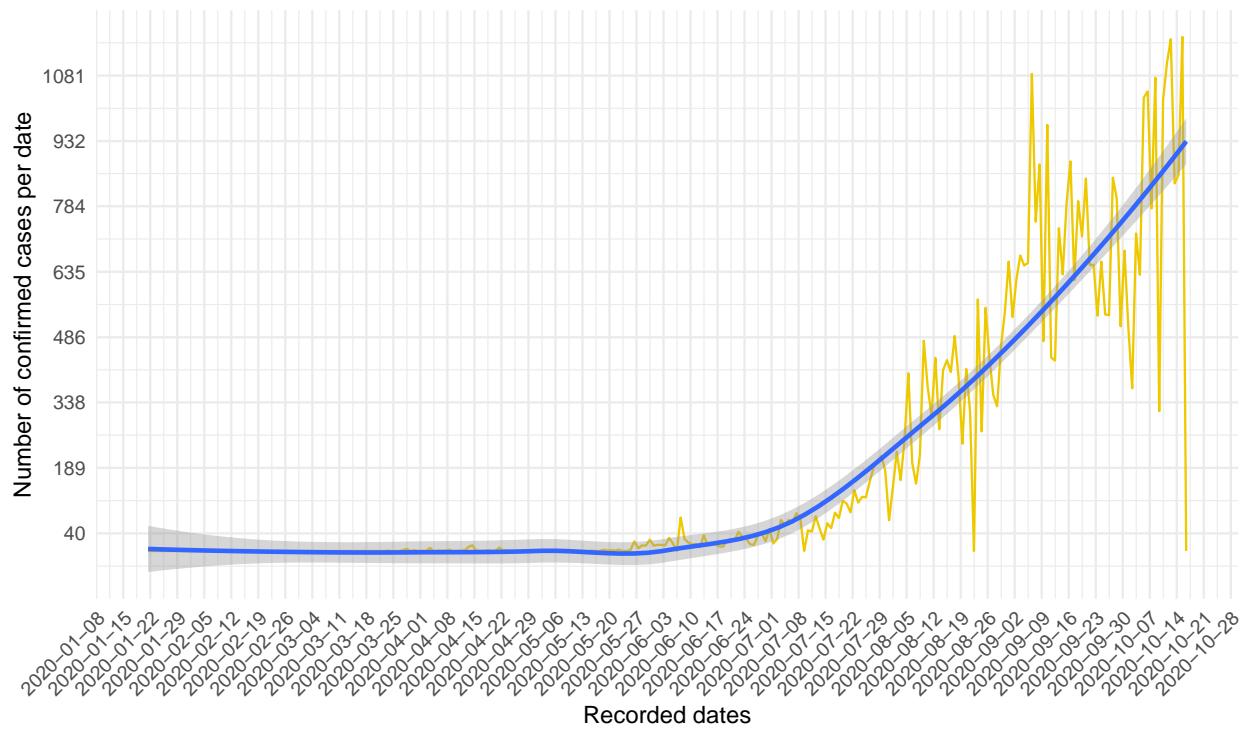

Liberia – confirmed cases over time, total cases: 1,313

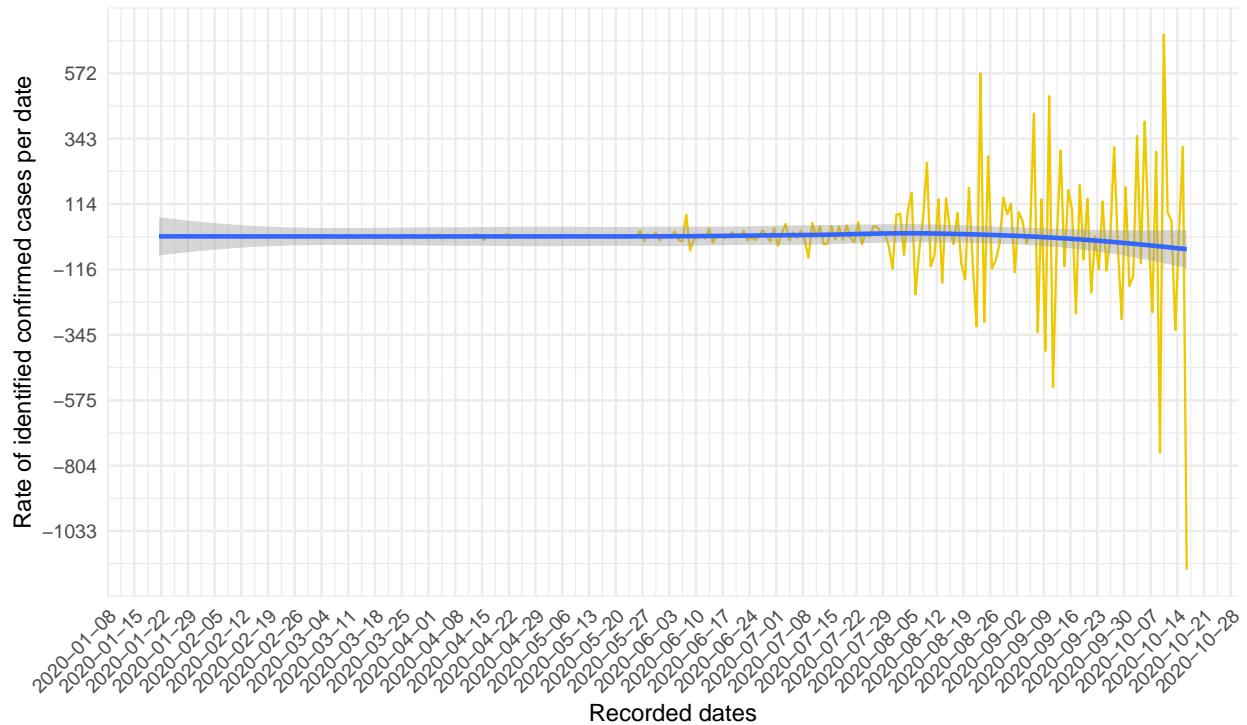

Liberia – rate of increase of confirmed cases over time

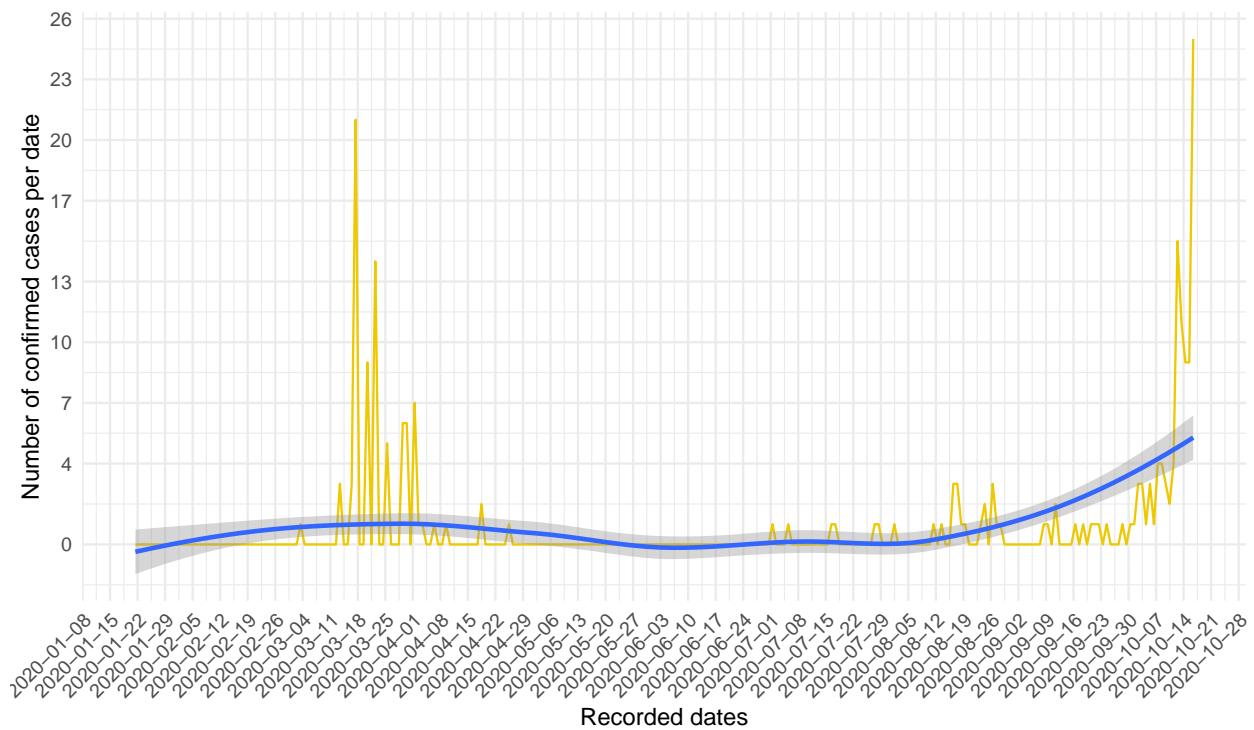

Libya – confirmed cases over time, total cases: 20,462

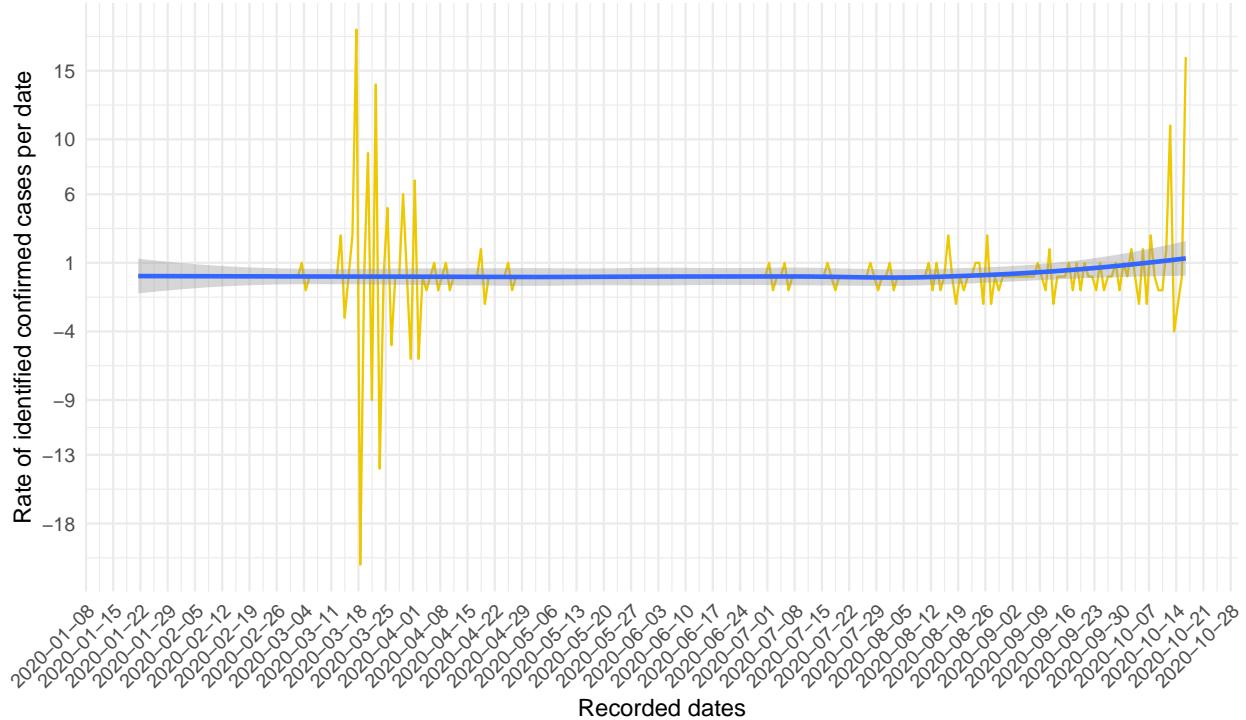

Libya – rate of increase of confirmed cases over time

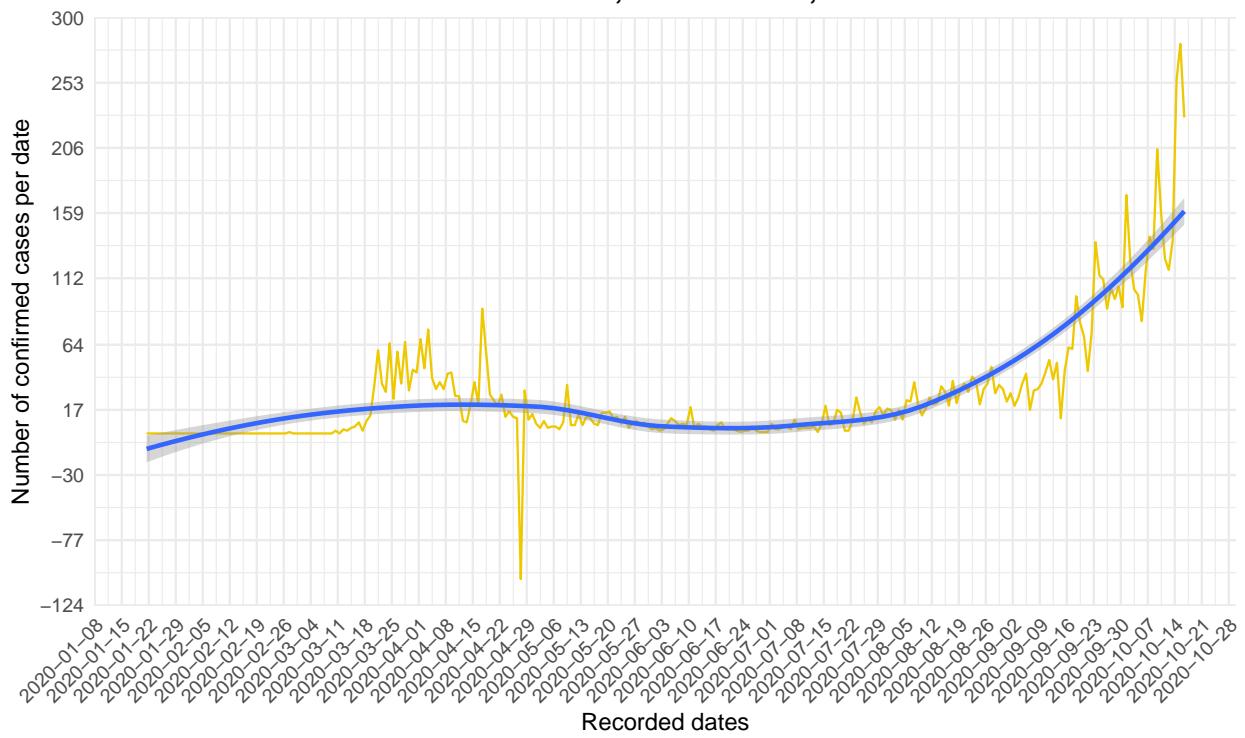

Liechtenstein – confirmed cases over time, total cases: 108

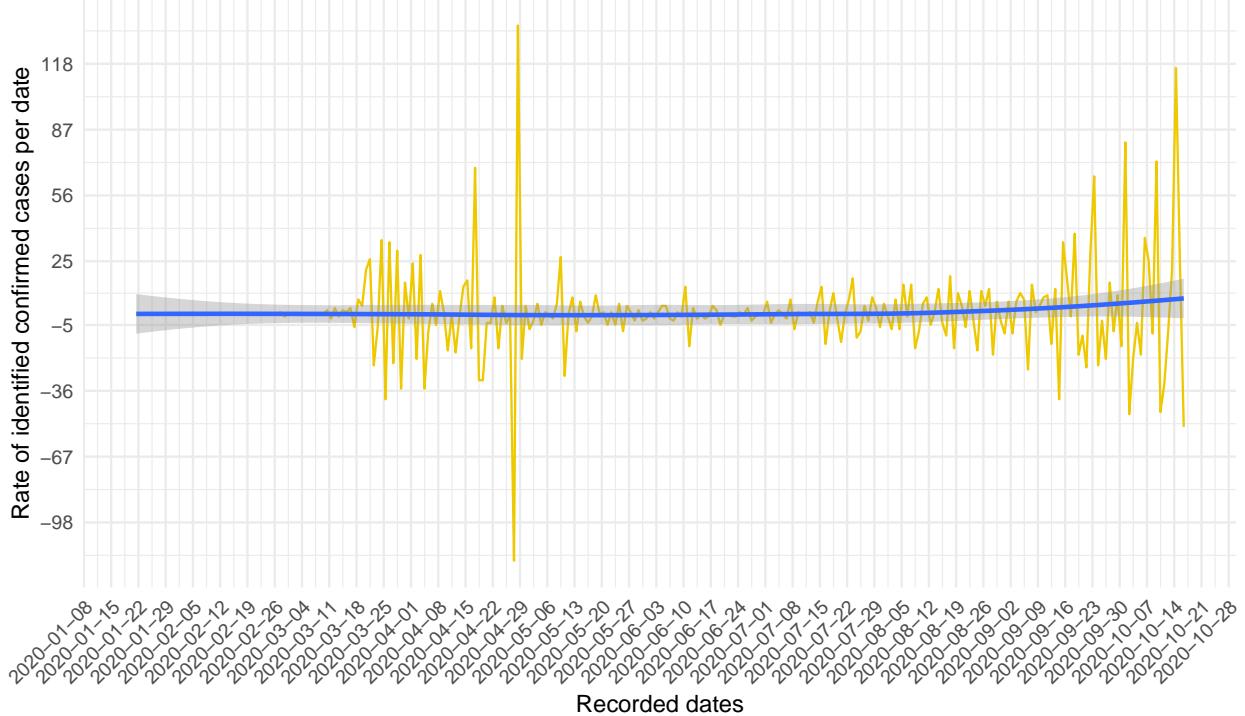

Liechtenstein – rate of increase of confirmed cases over time

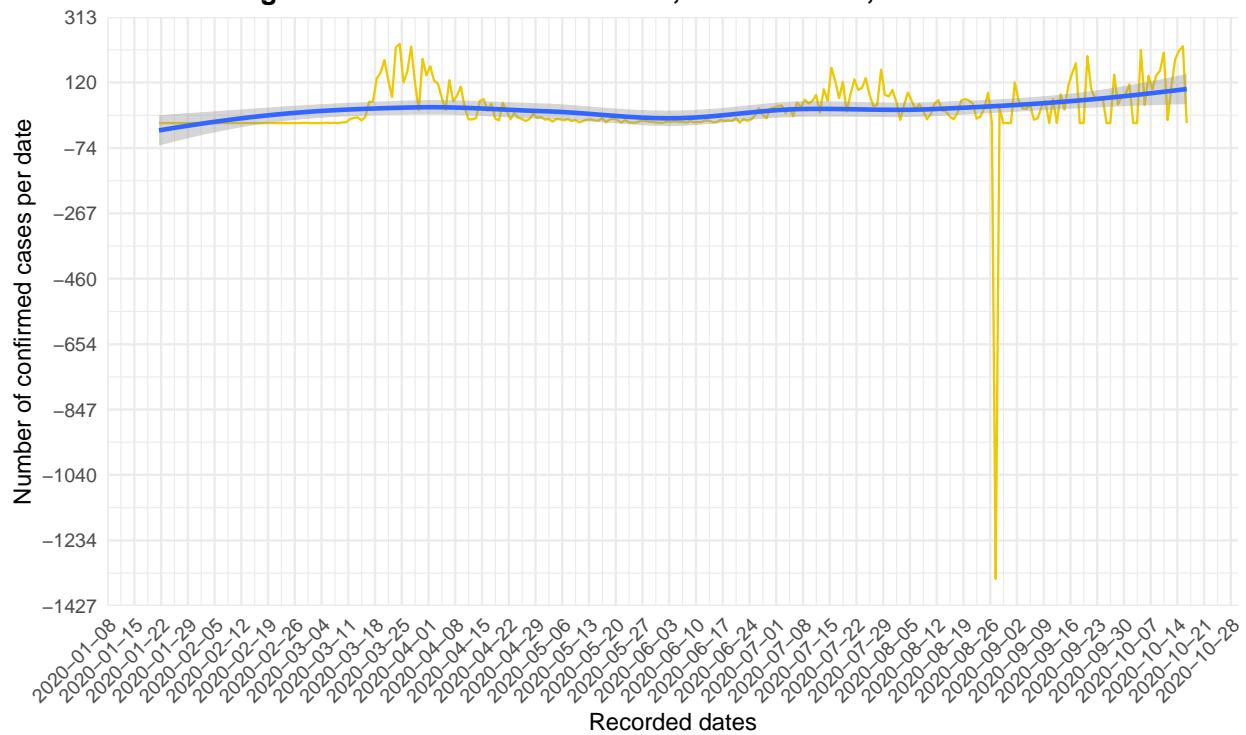

Lithuania – confirmed cases over time, total cases: 3,163

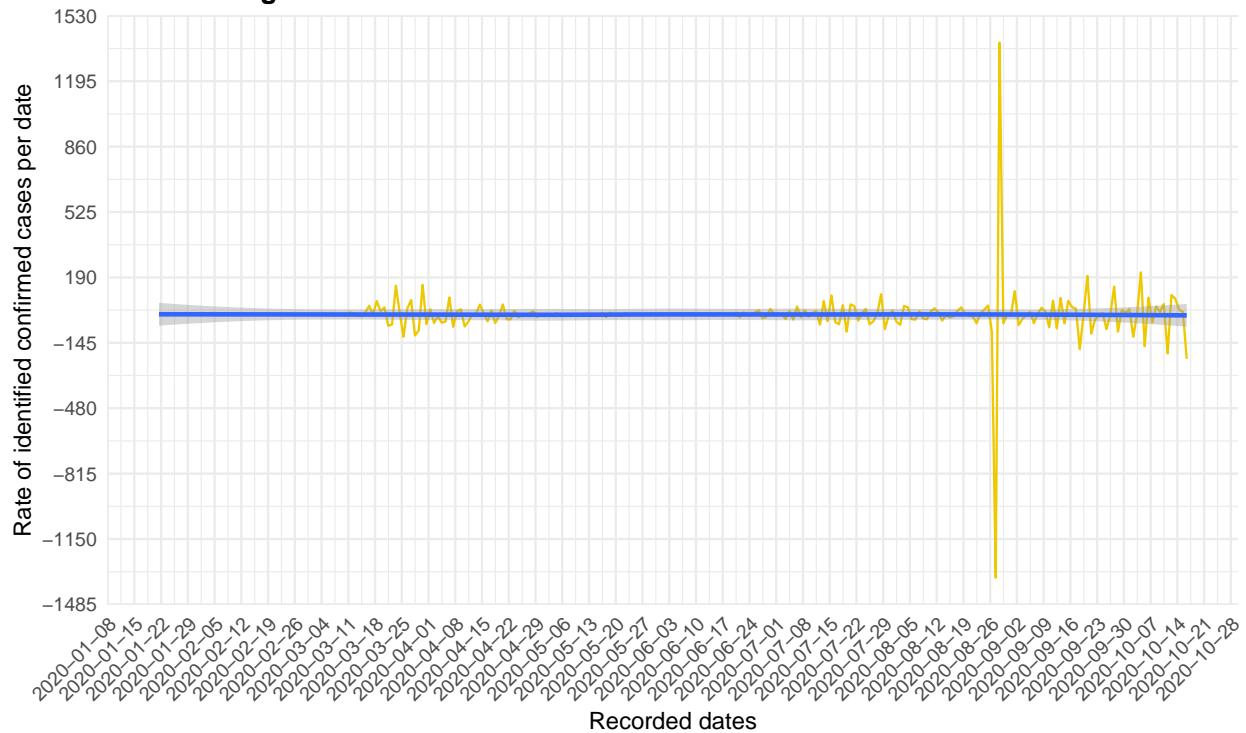

Lithuania – rate of increase of confirmed cases over time

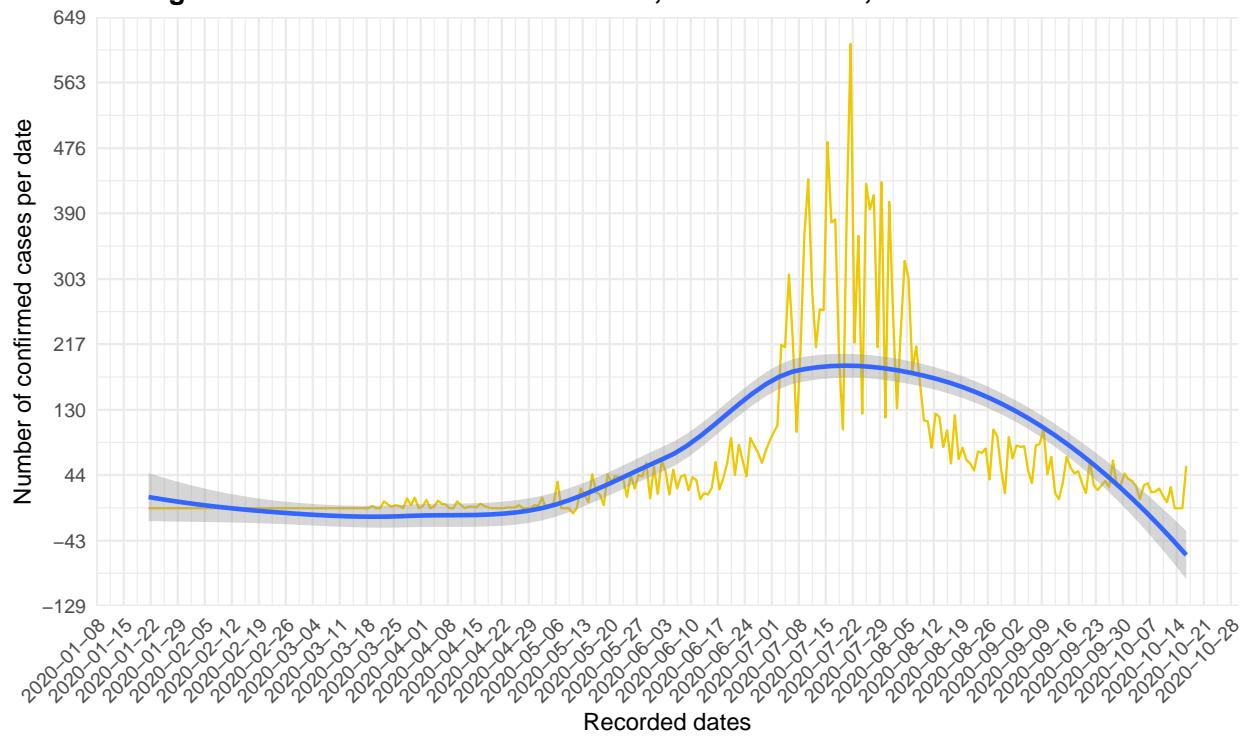

Luxembourg – confirmed cases over time, total cases: 7,023

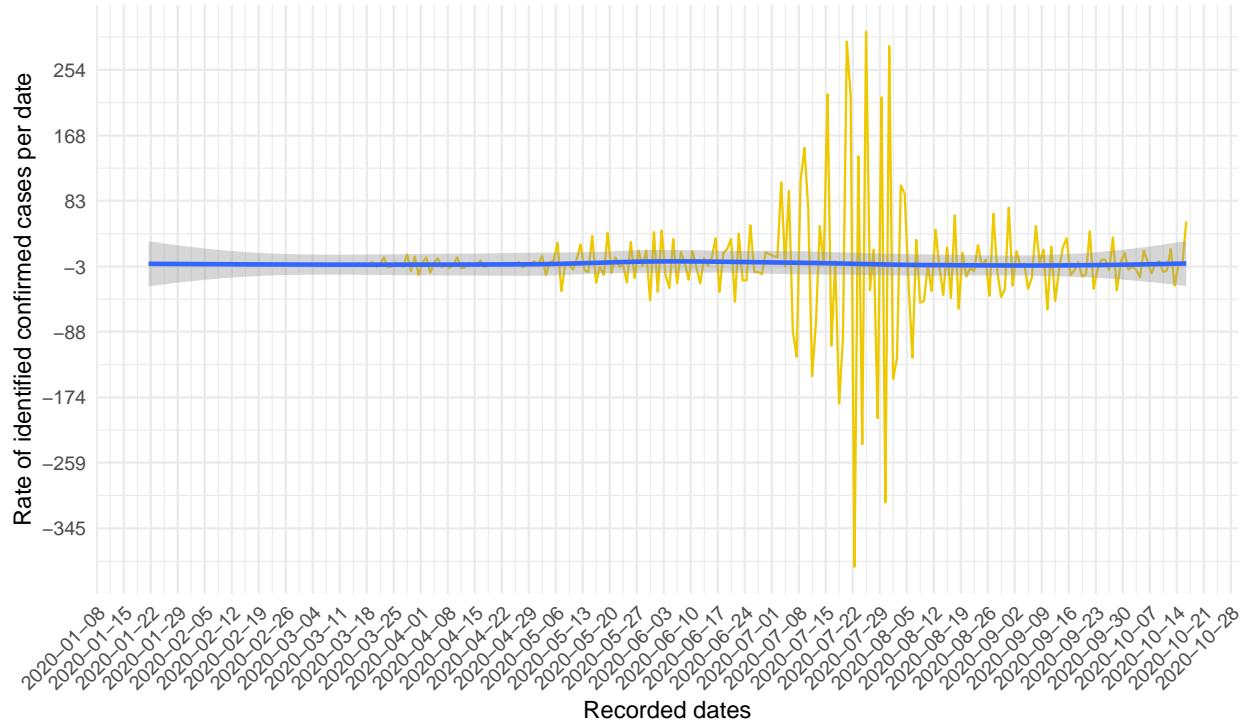

Luxembourg – rate of increase of confirmed cases over time

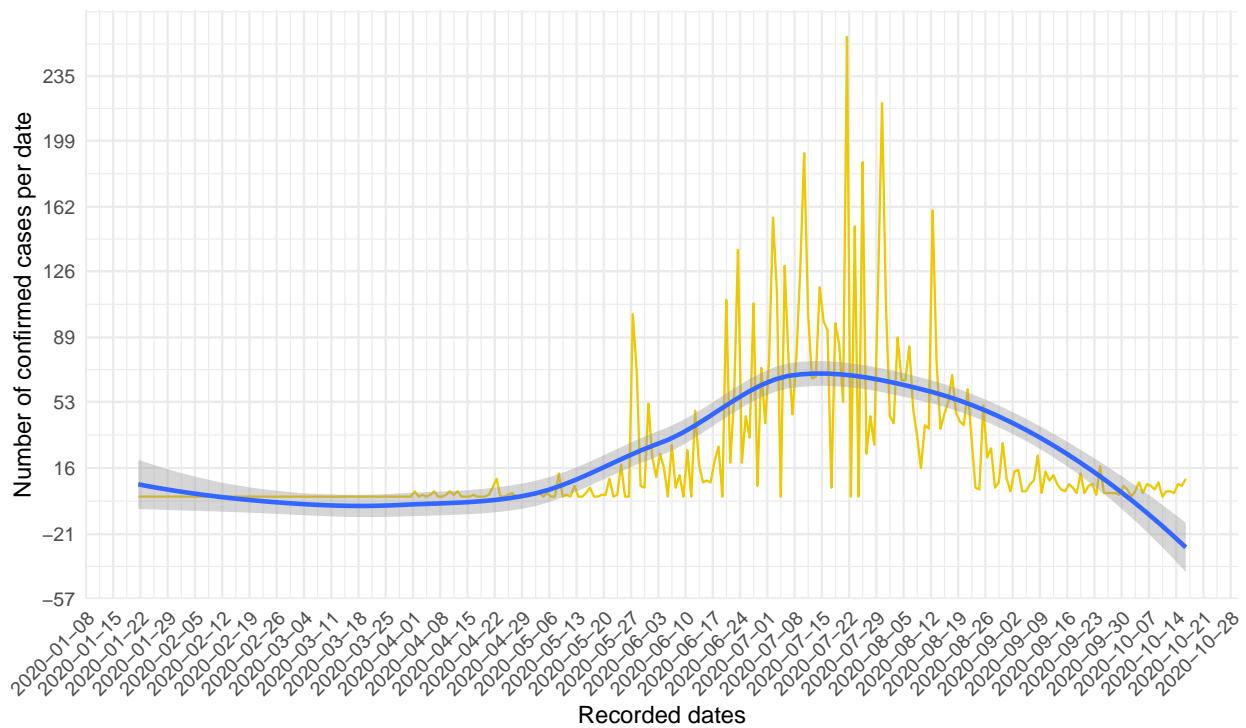

Madagascar – confirmed cases over time, total cases: 15,520

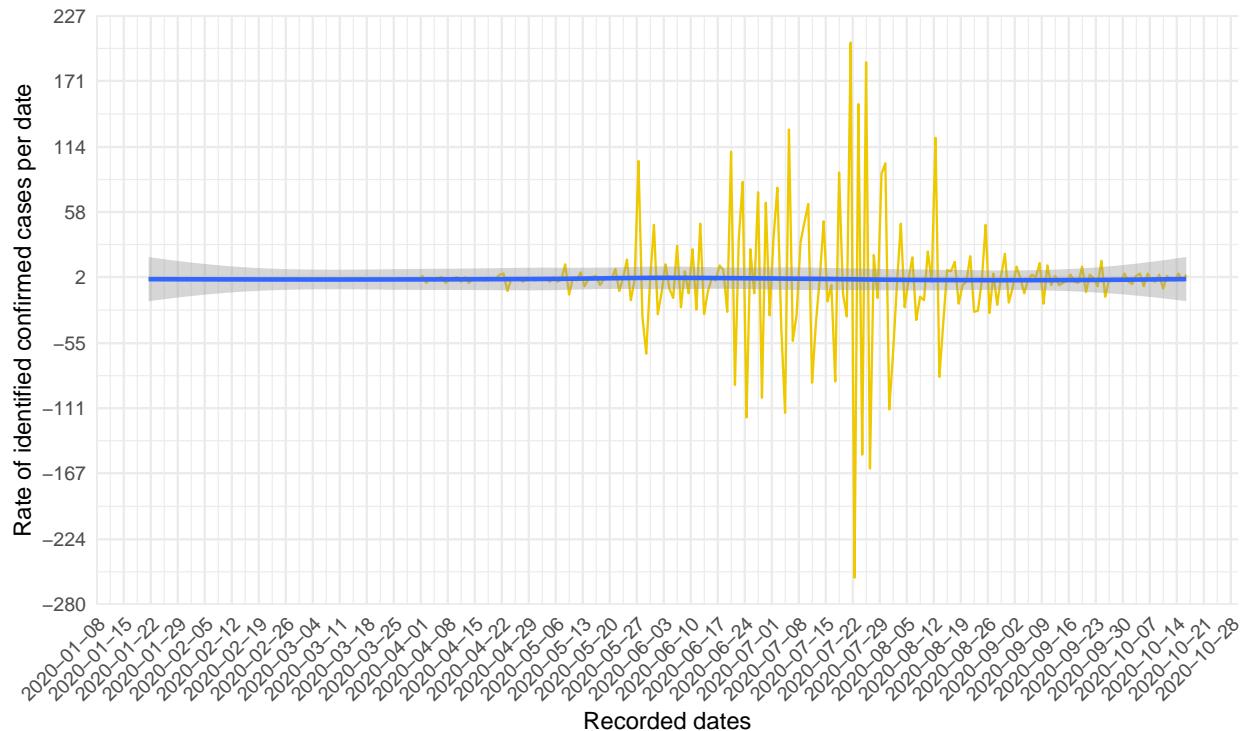

Madagascar – rate of increase of confirmed cases over time

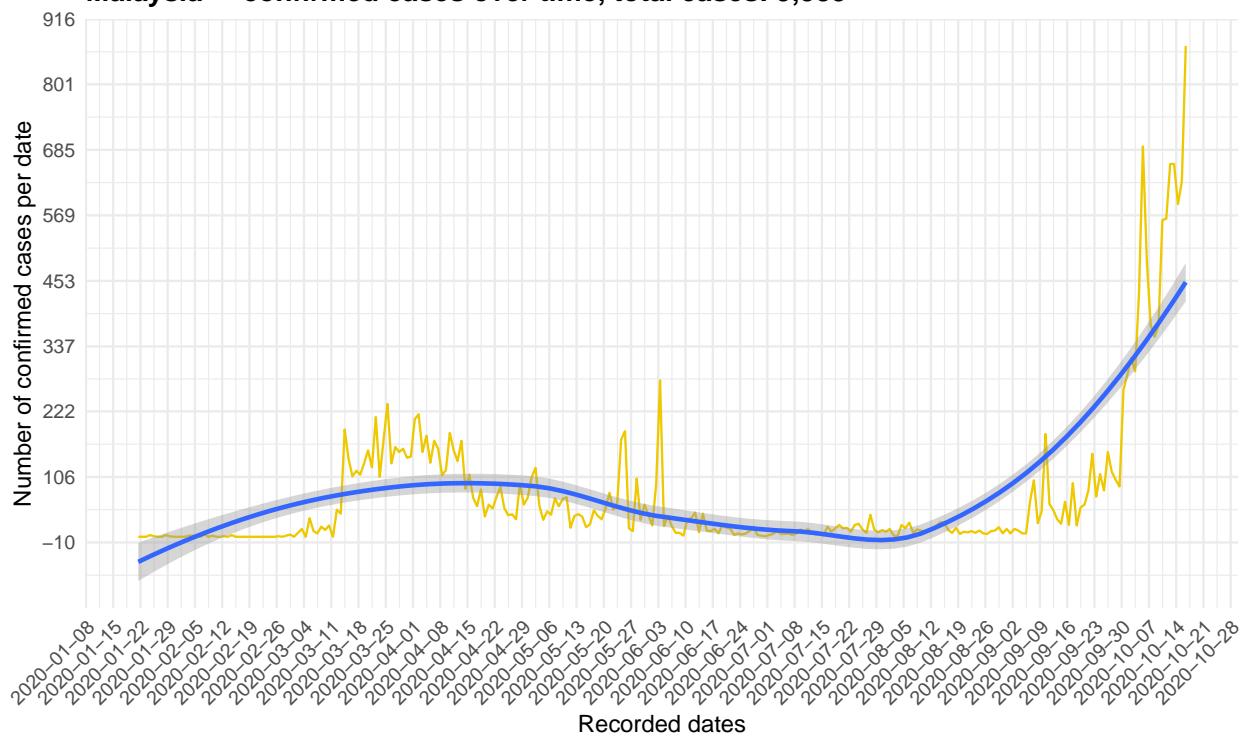

Malawi – confirmed cases over time, total cases: 5,653

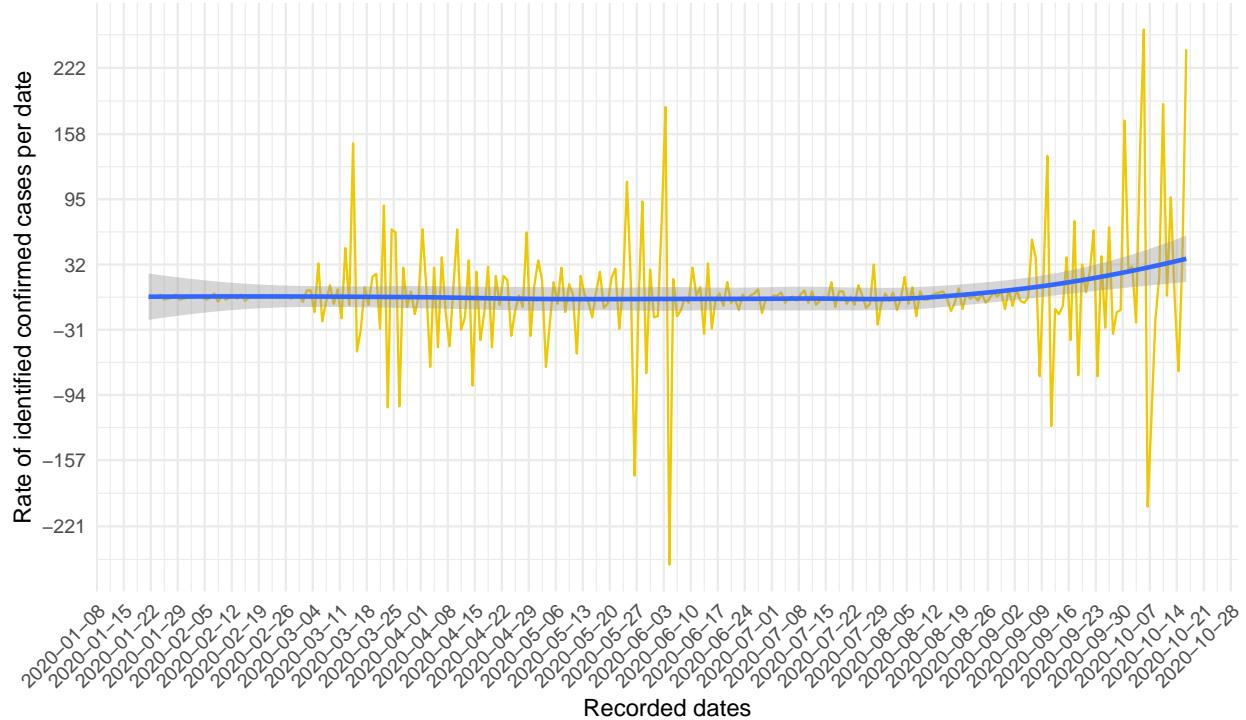

Malawi – rate of increase of confirmed cases over time

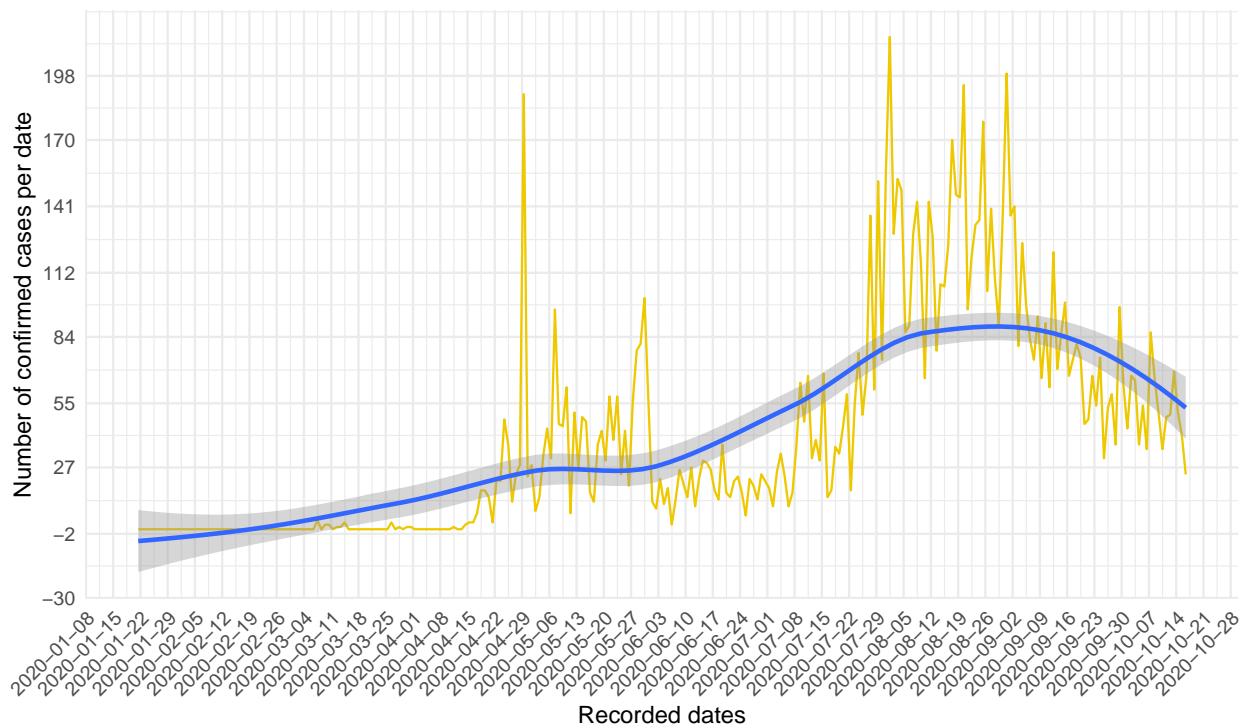

Malaysia – confirmed cases over time, total cases: 9,583

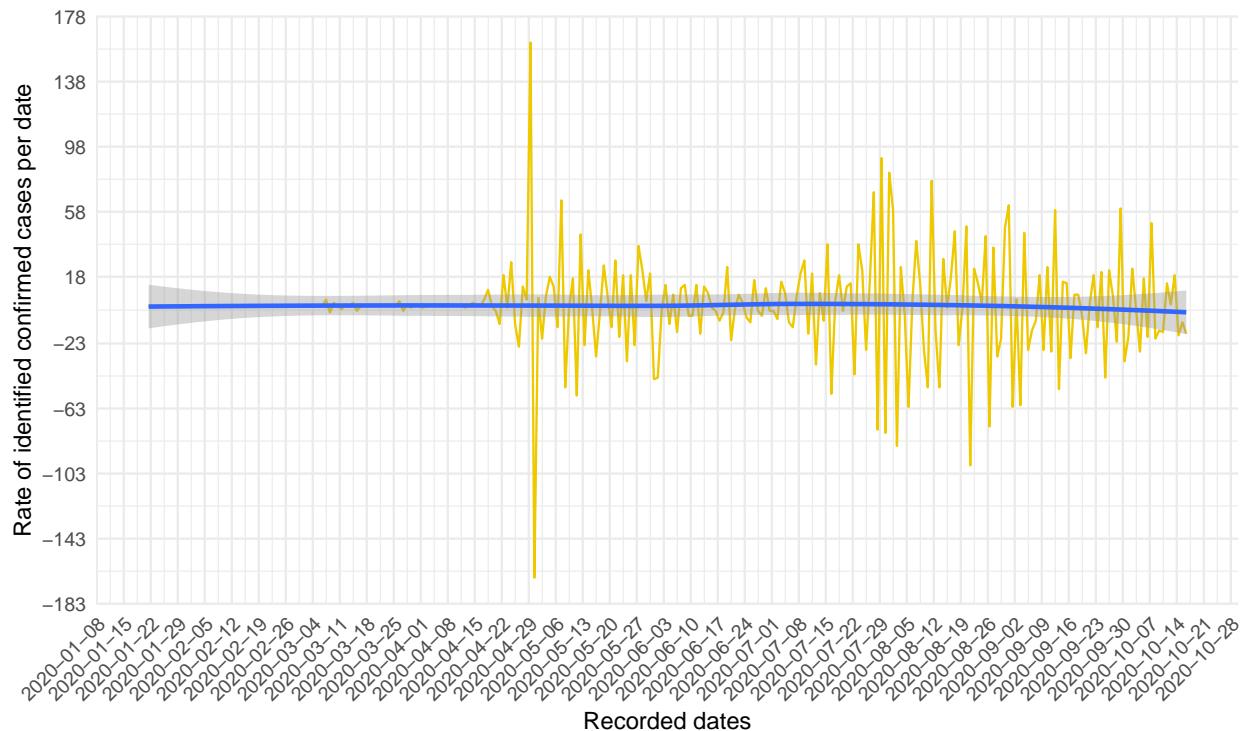

Malaysia – rate of increase of confirmed cases over time

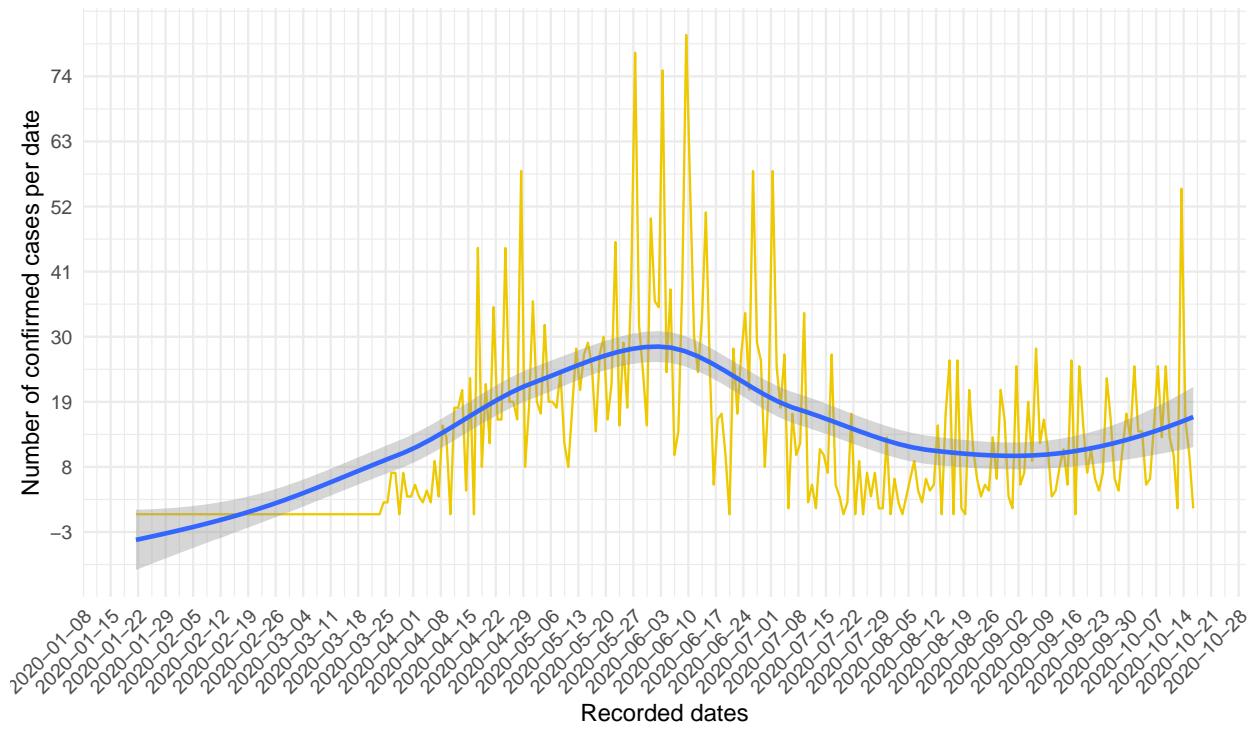

Maldives – confirmed cases over time, total cases: 8,834

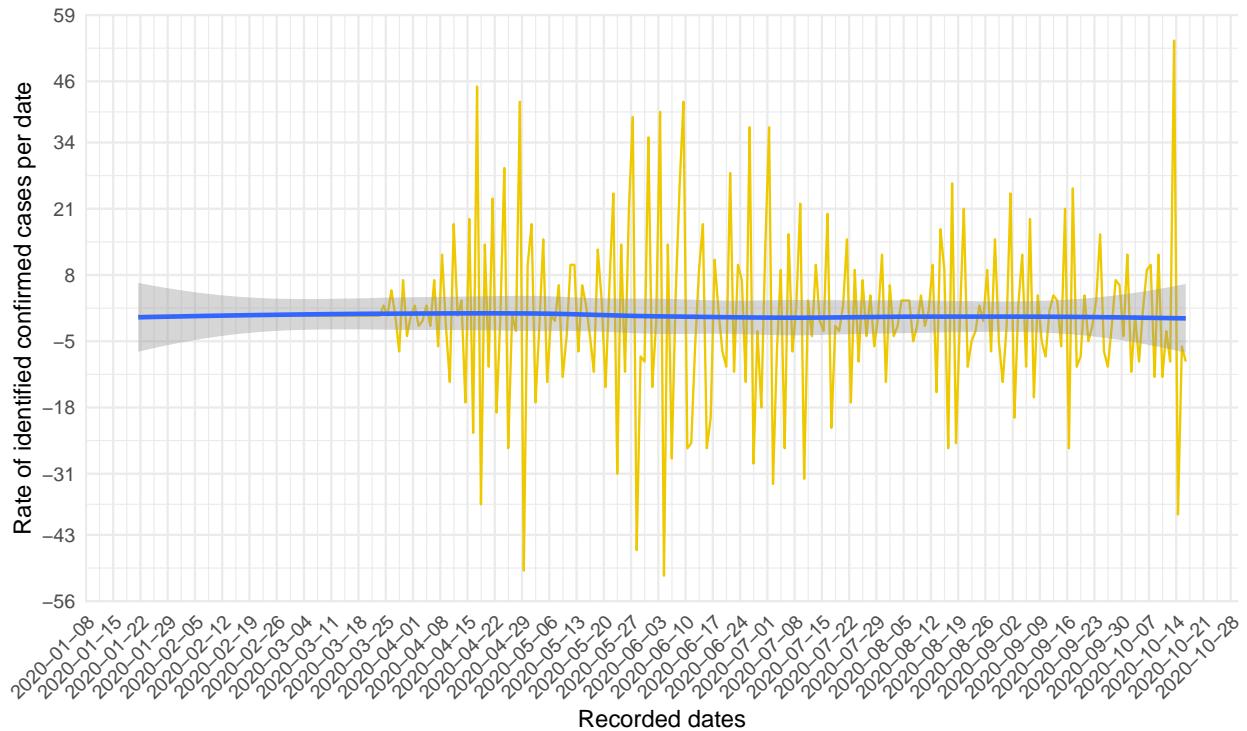

Maldives – rate of increase of confirmed cases over time

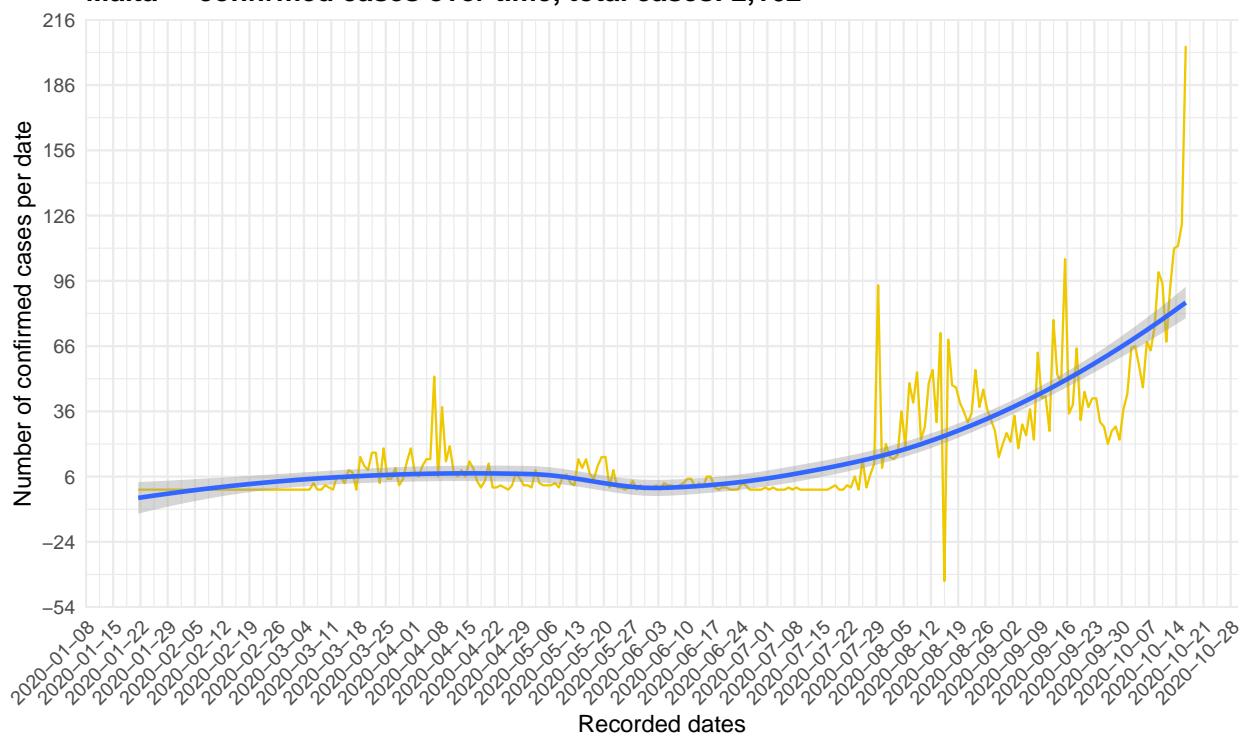

Mali – confirmed cases over time, total cases: 2,898

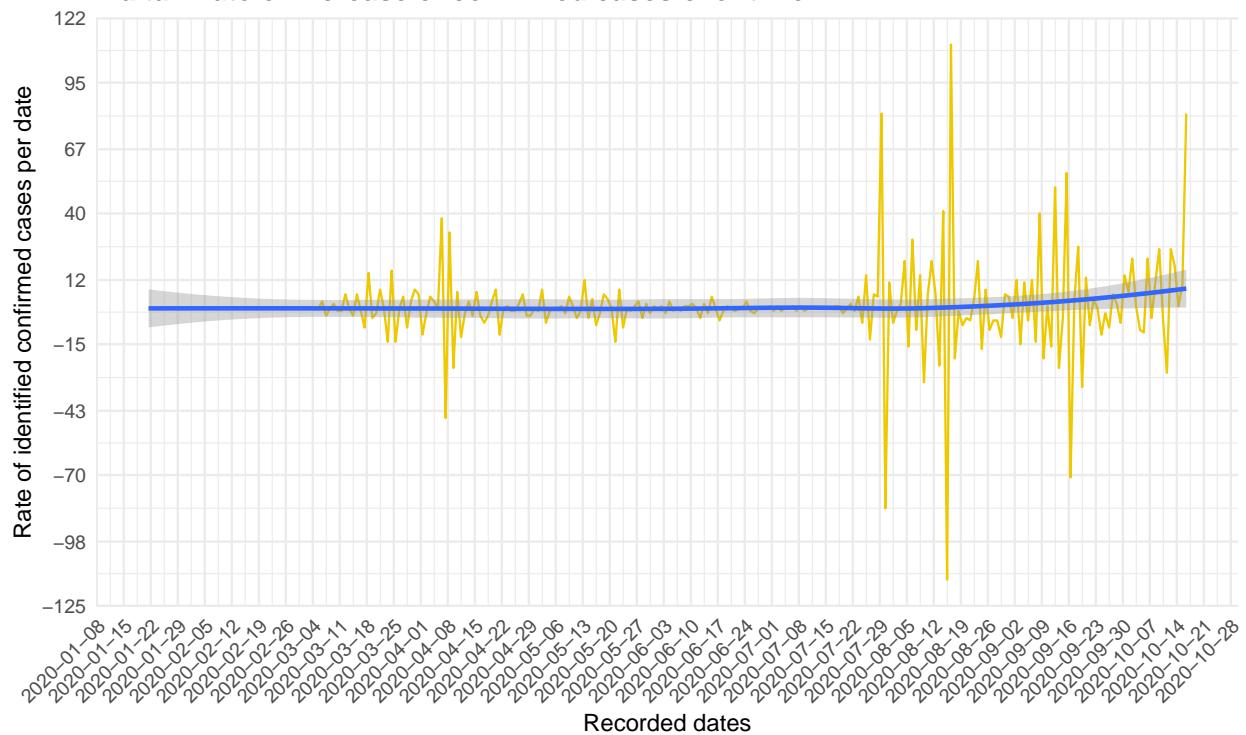

Mali – rate of increase of confirmed cases over time

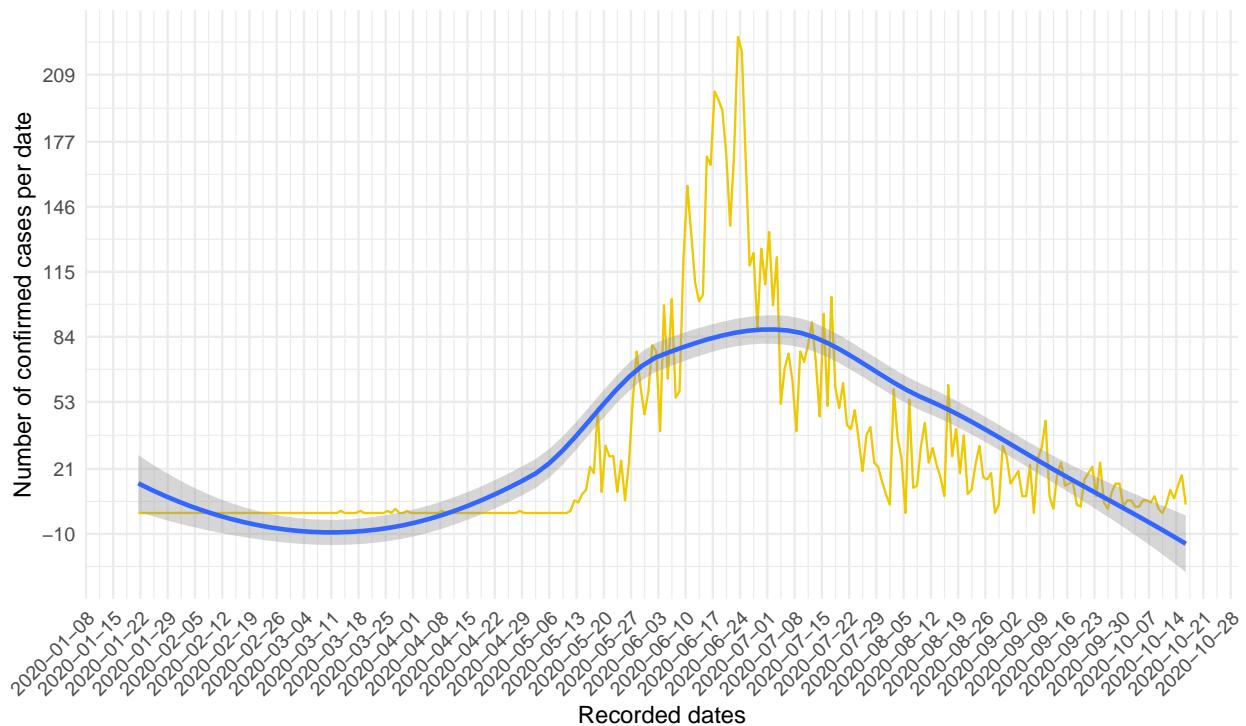

Malta – confirmed cases over time, total cases: 2,162

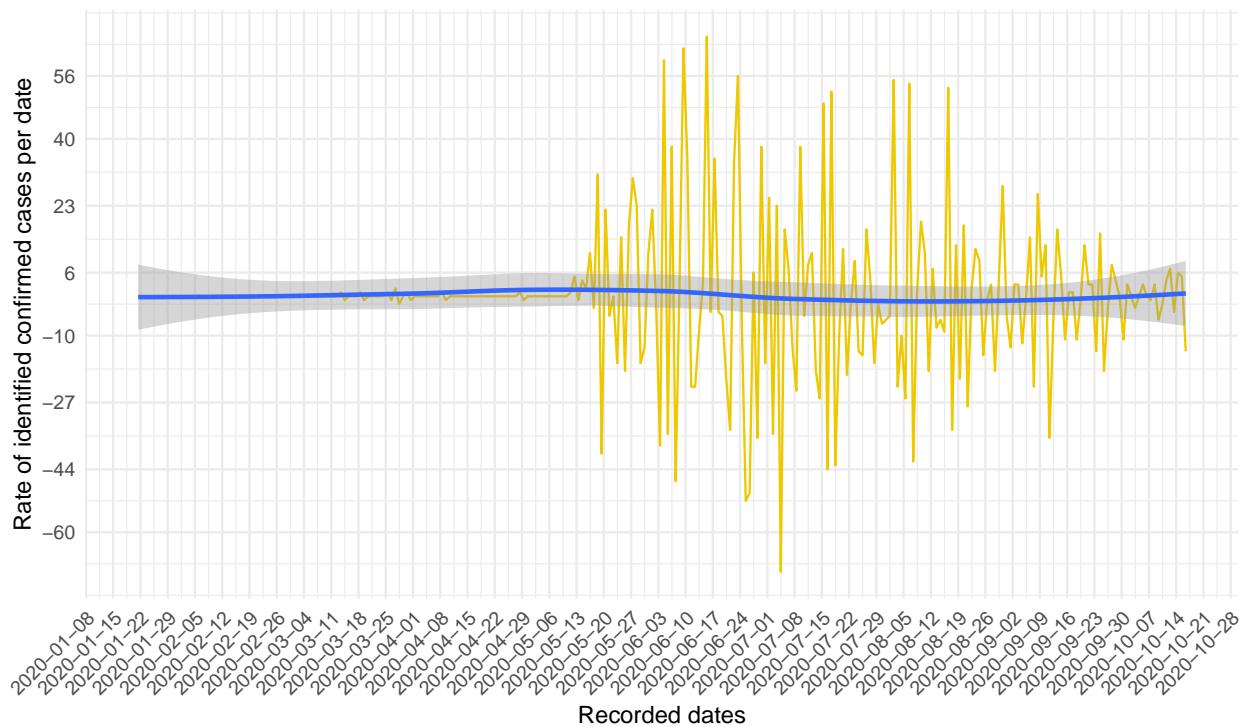

Malta – rate of increase of confirmed cases over time

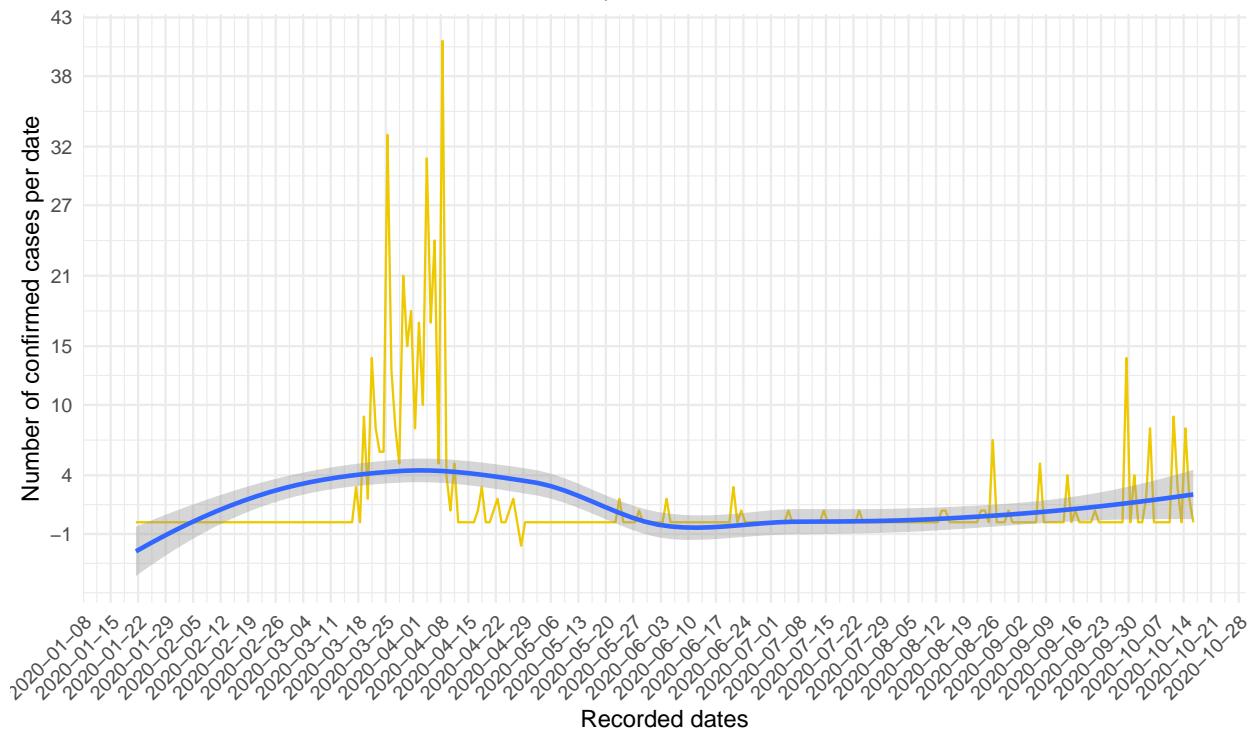

Mauritania – confirmed cases over time, total cases: 7,191

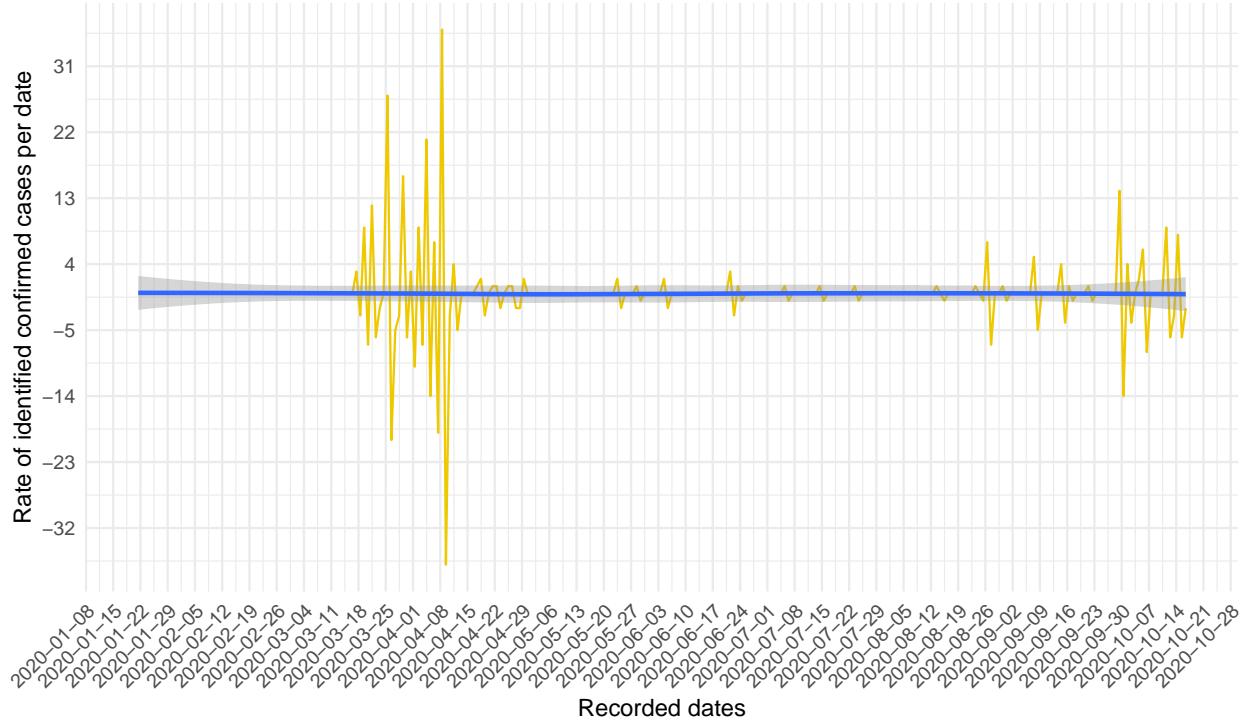

Mauritania – rate of increase of confirmed cases over time

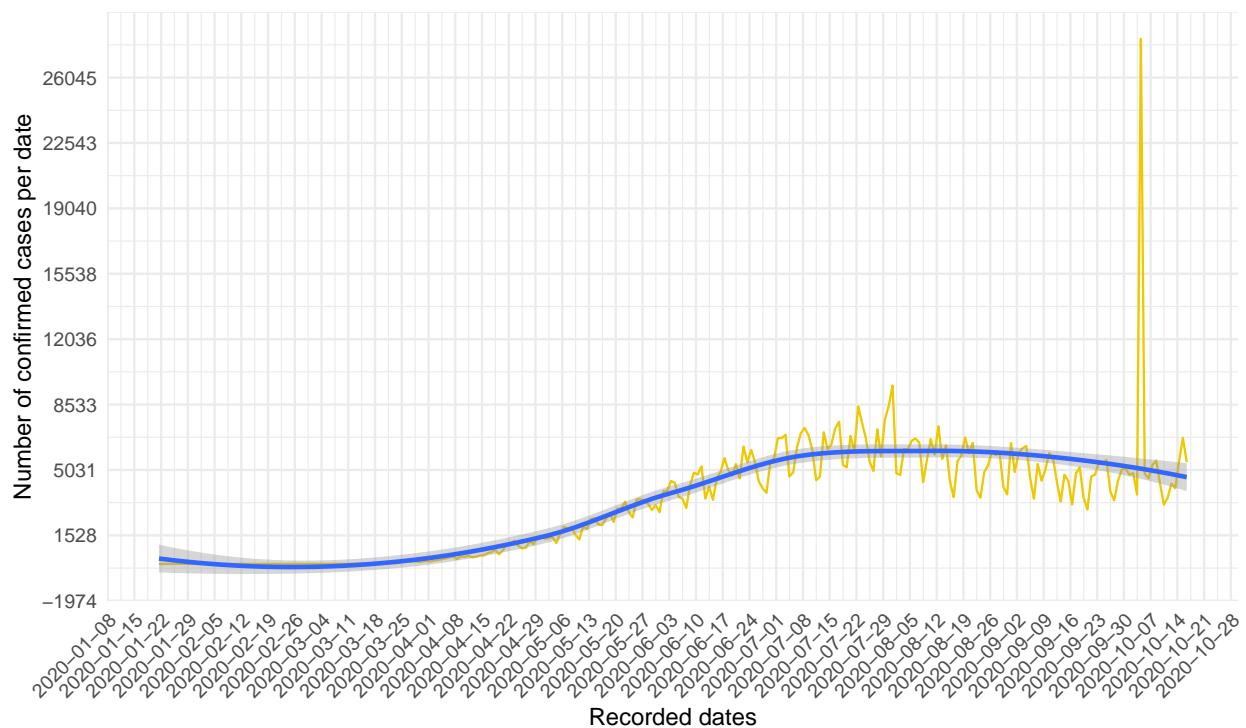

Mauritius – confirmed cases over time, total cases: 361

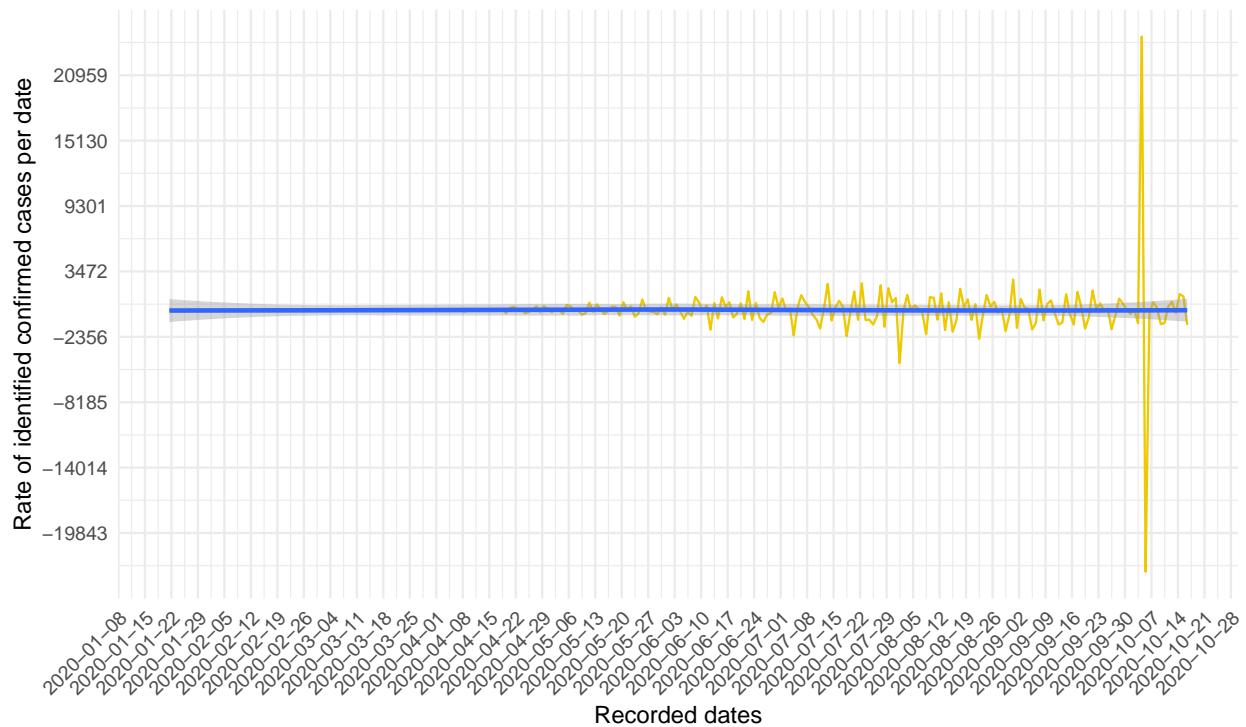

Mauritius – rate of increase of confirmed cases over time

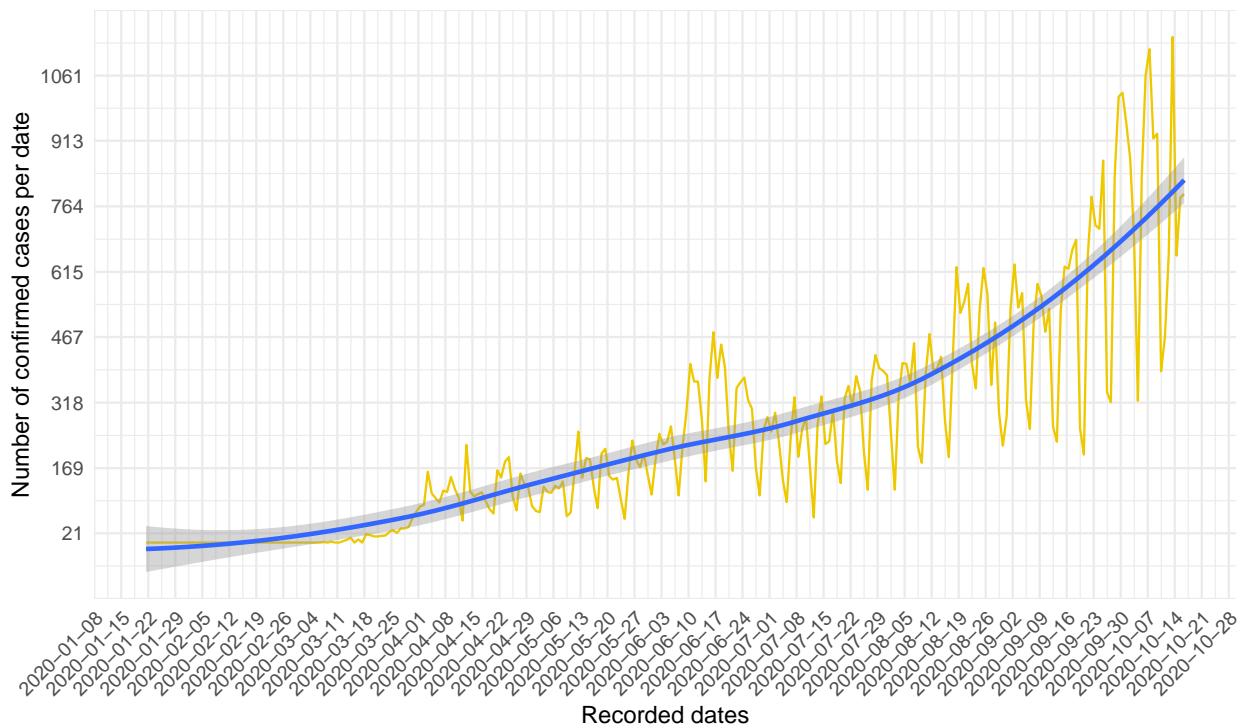

Mexico – confirmed cases over time, total cases: 647,321

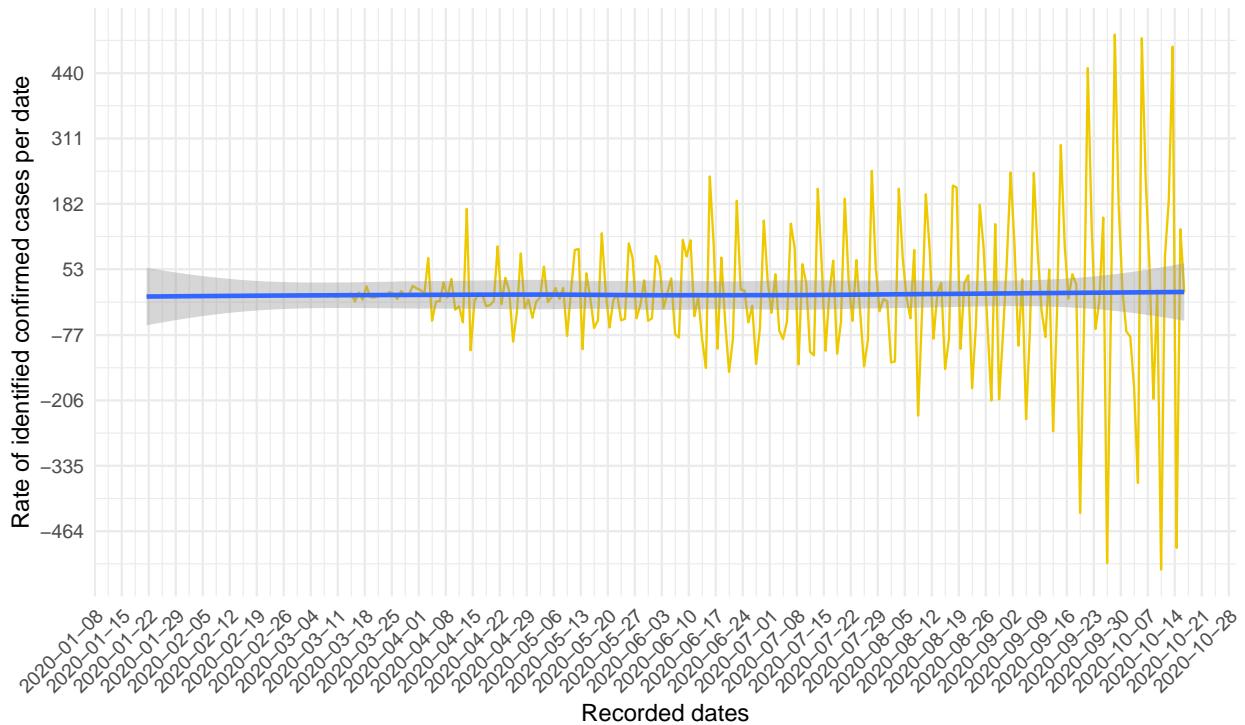

Mexico – rate of increase of confirmed cases over time

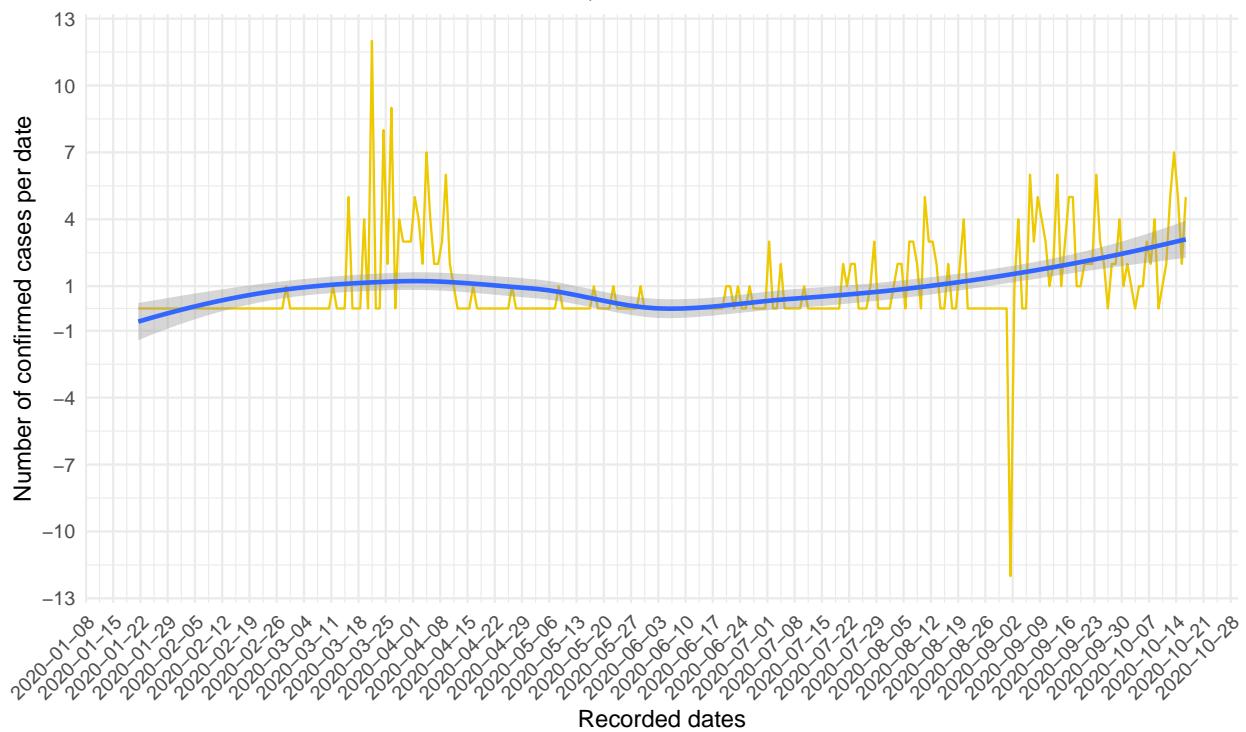

Moldova – confirmed cases over time, total cases: 41,144

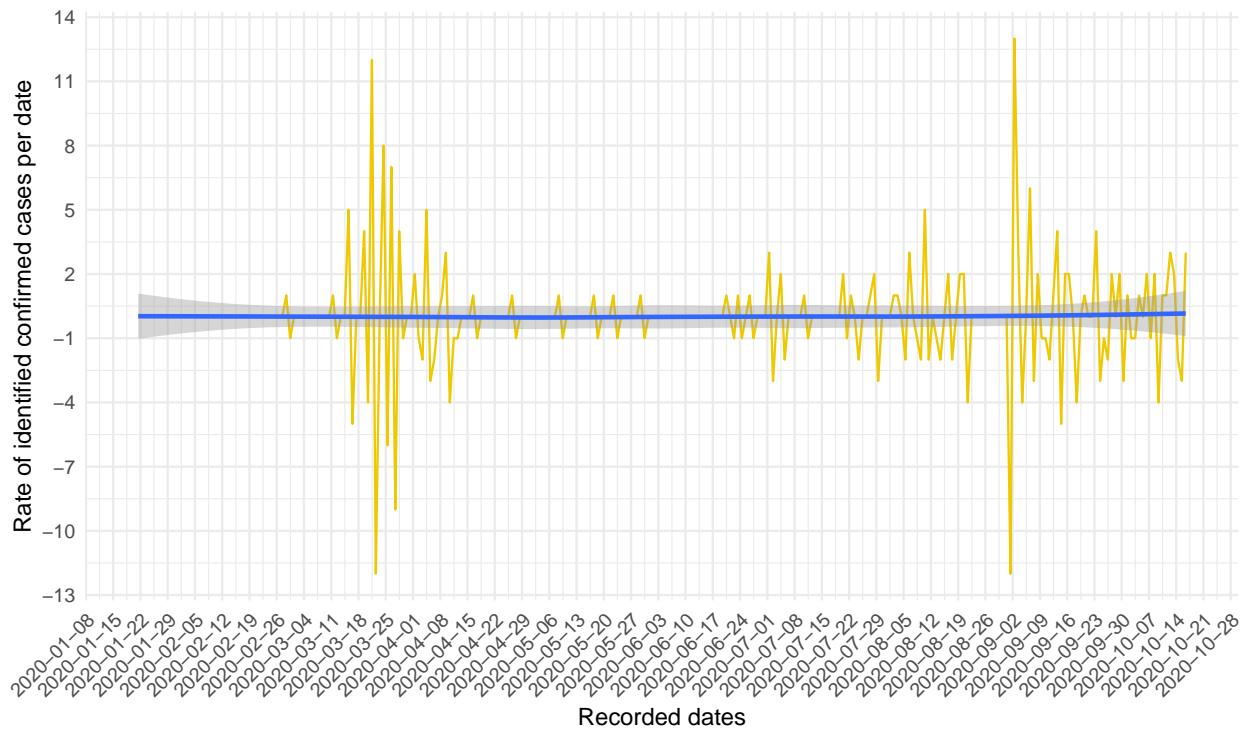

Moldova – rate of increase of confirmed cases over time

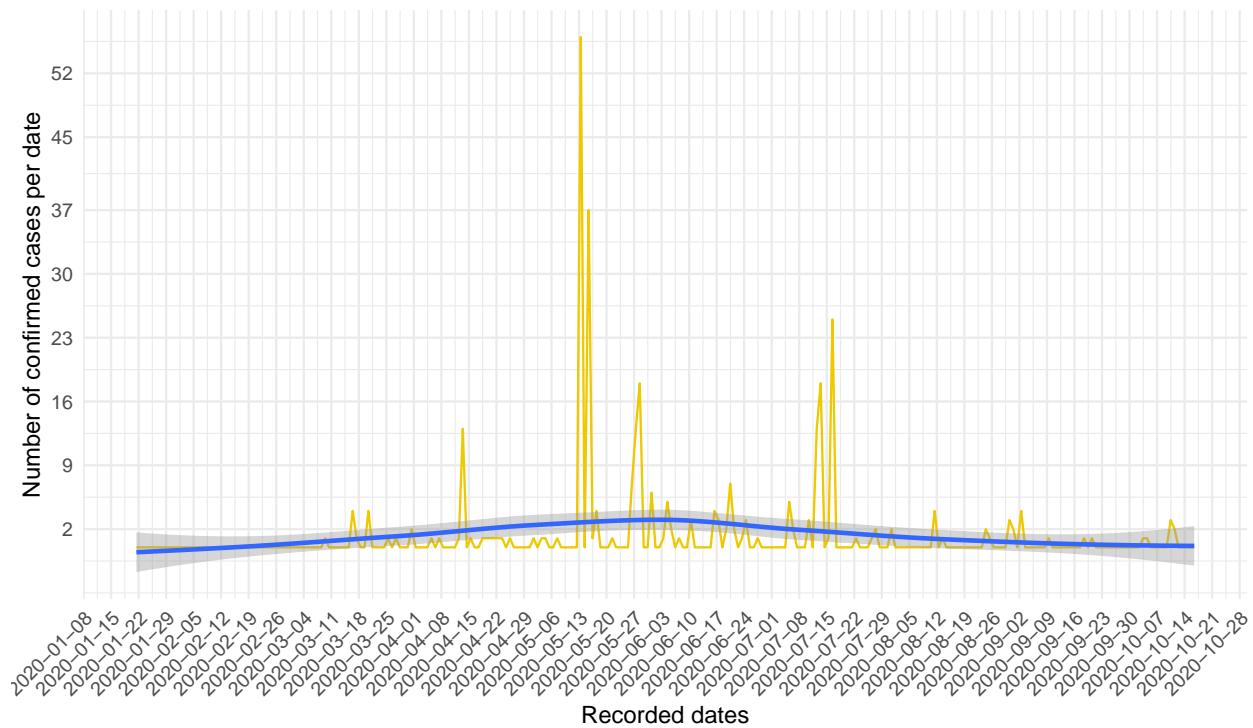

Monaco – confirmed cases over time, total cases: 161

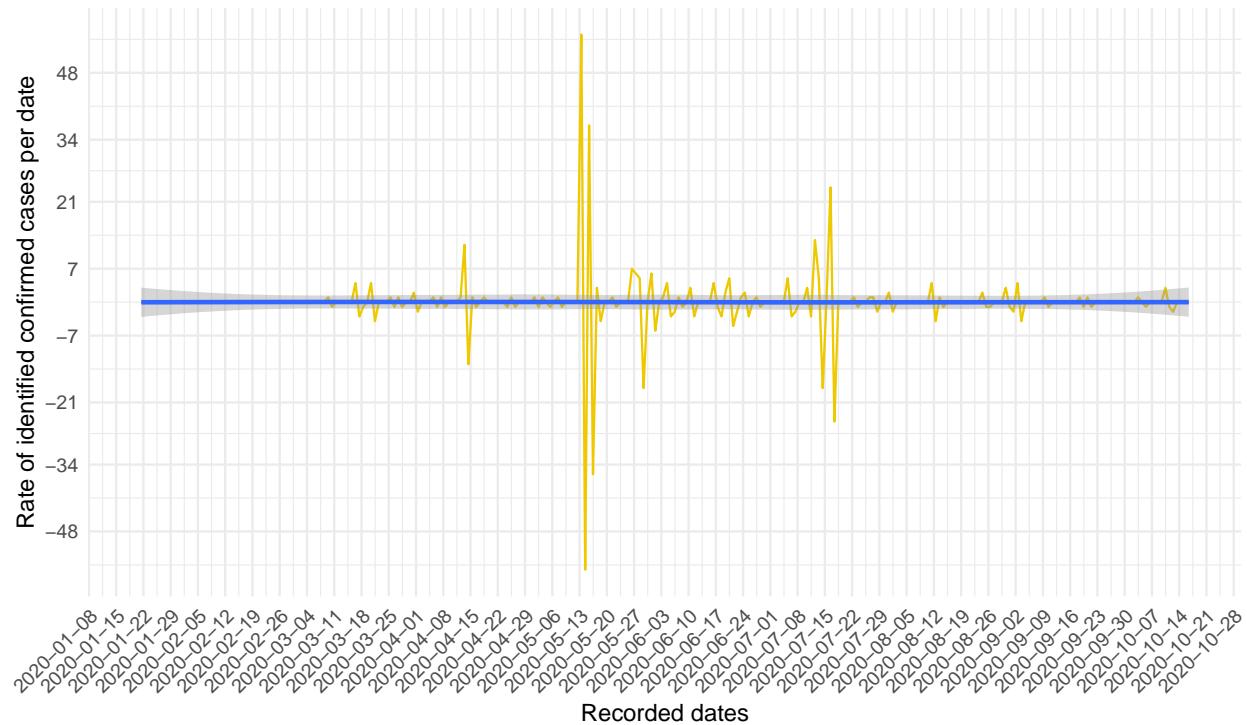

Monaco – rate of increase of confirmed cases over time

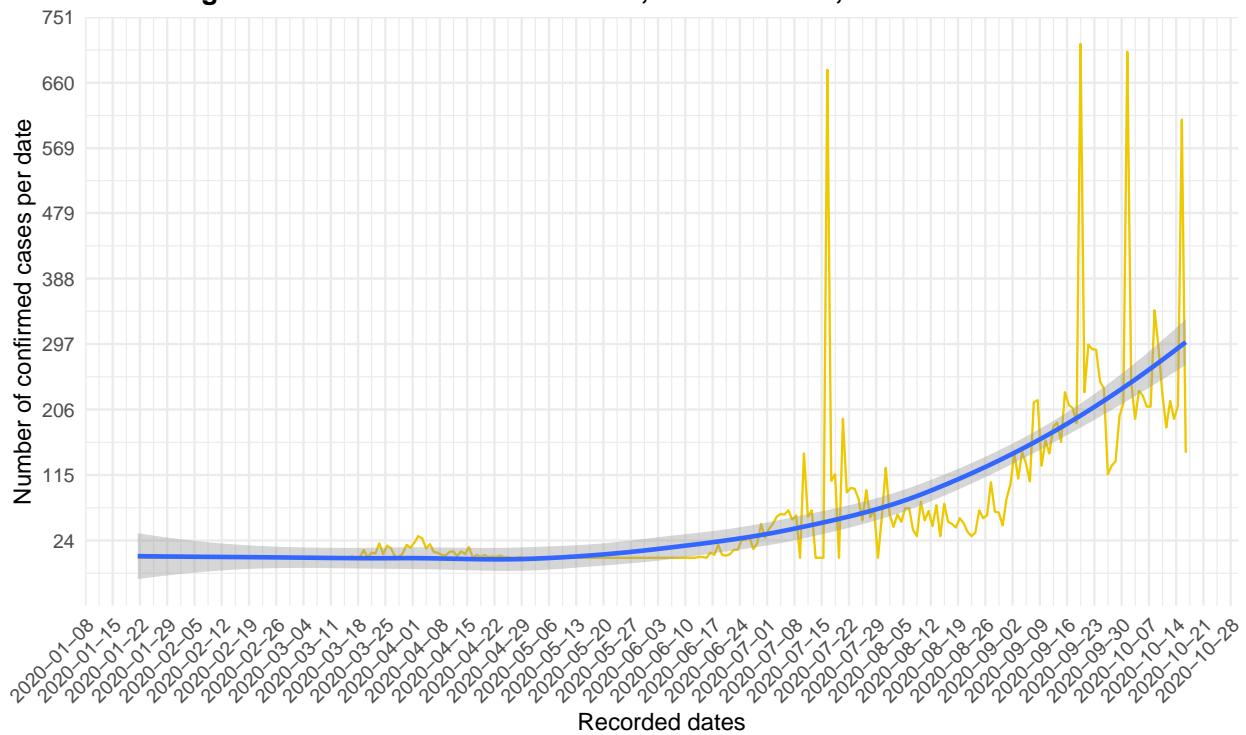

Mongolia – confirmed cases over time, total cases: 310

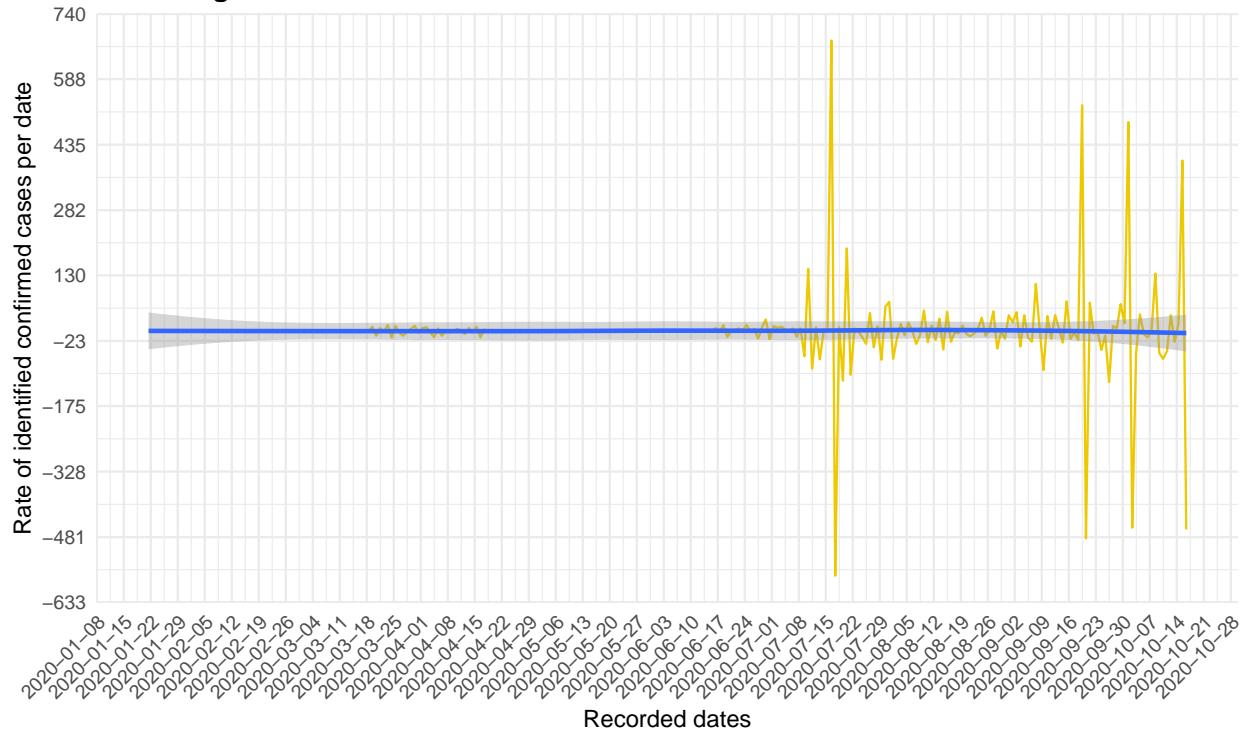

Mongolia – rate of increase of confirmed cases over time

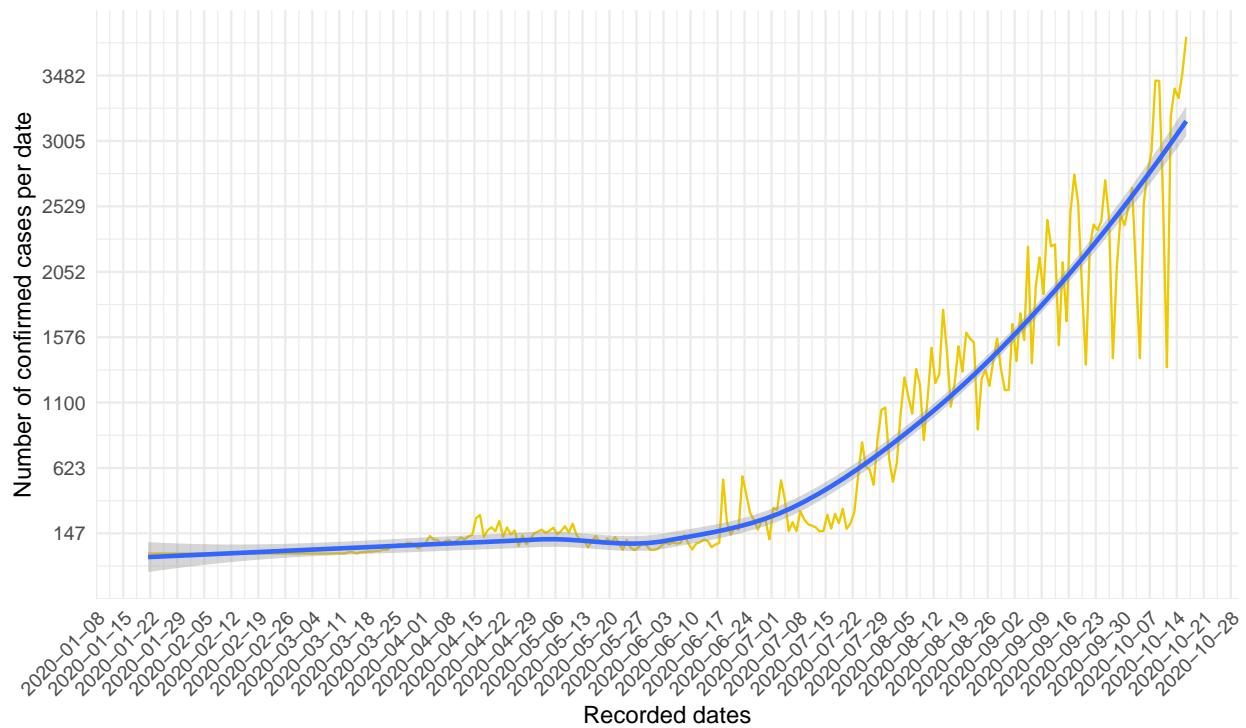

Montenegro – confirmed cases over time, total cases: 6,094

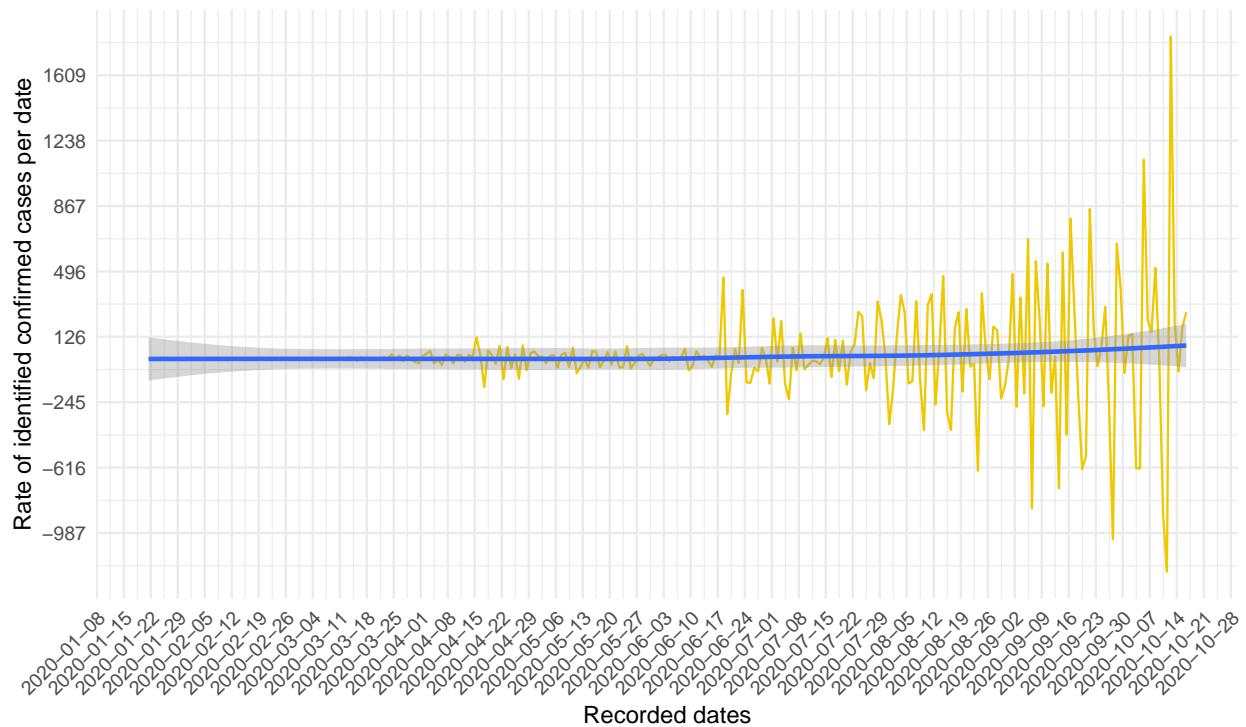

Montenegro – rate of increase of confirmed cases over time

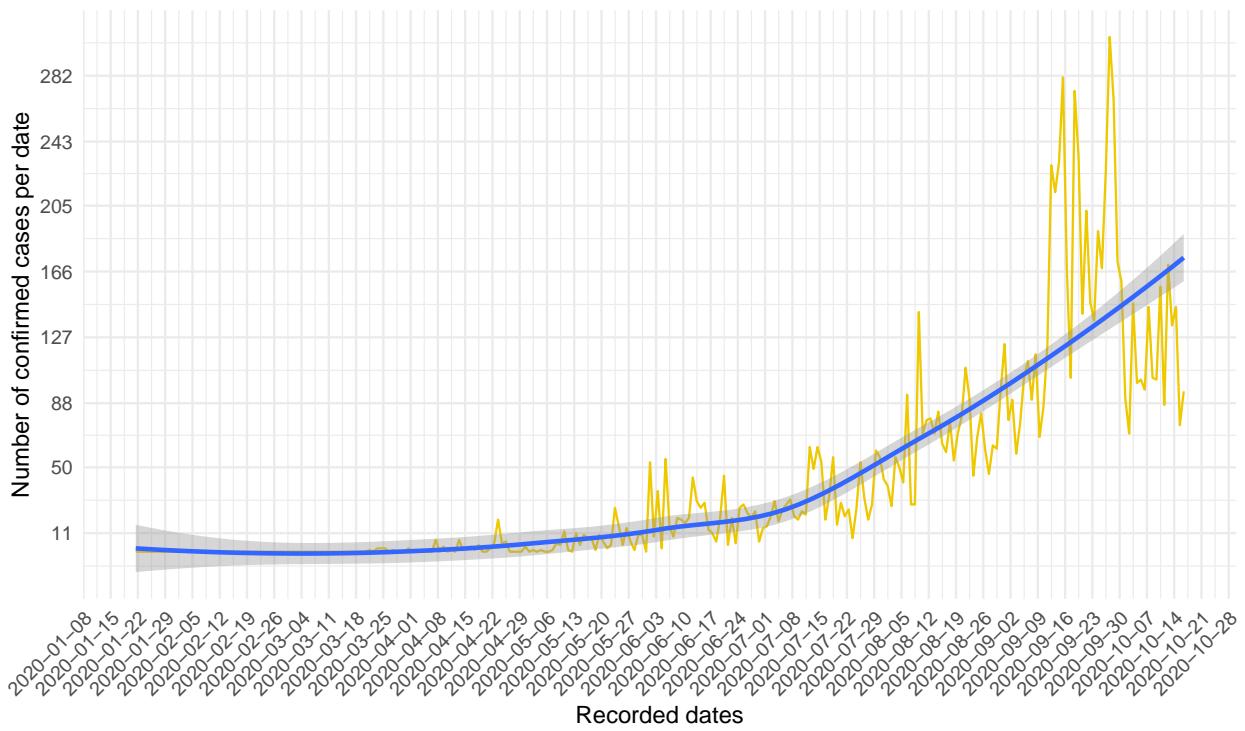

Morocco – confirmed cases over time, total cases: 77,878

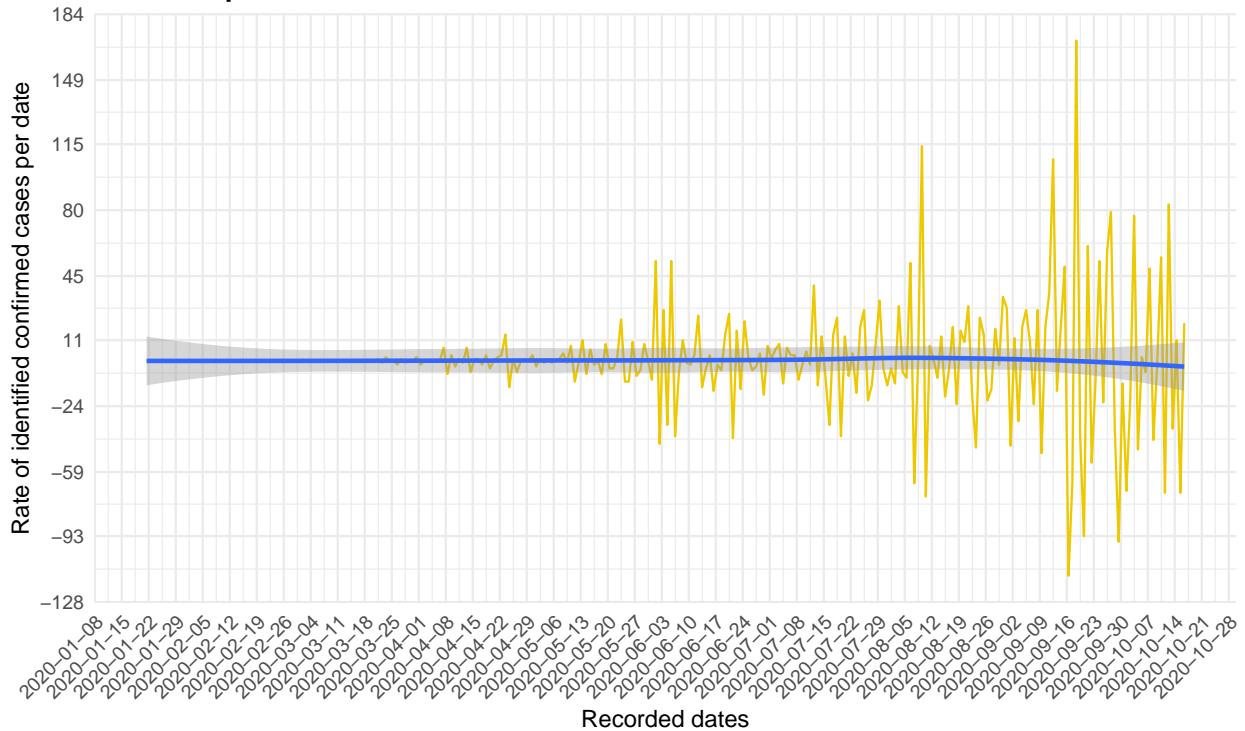

Morocco – rate of increase of confirmed cases over time

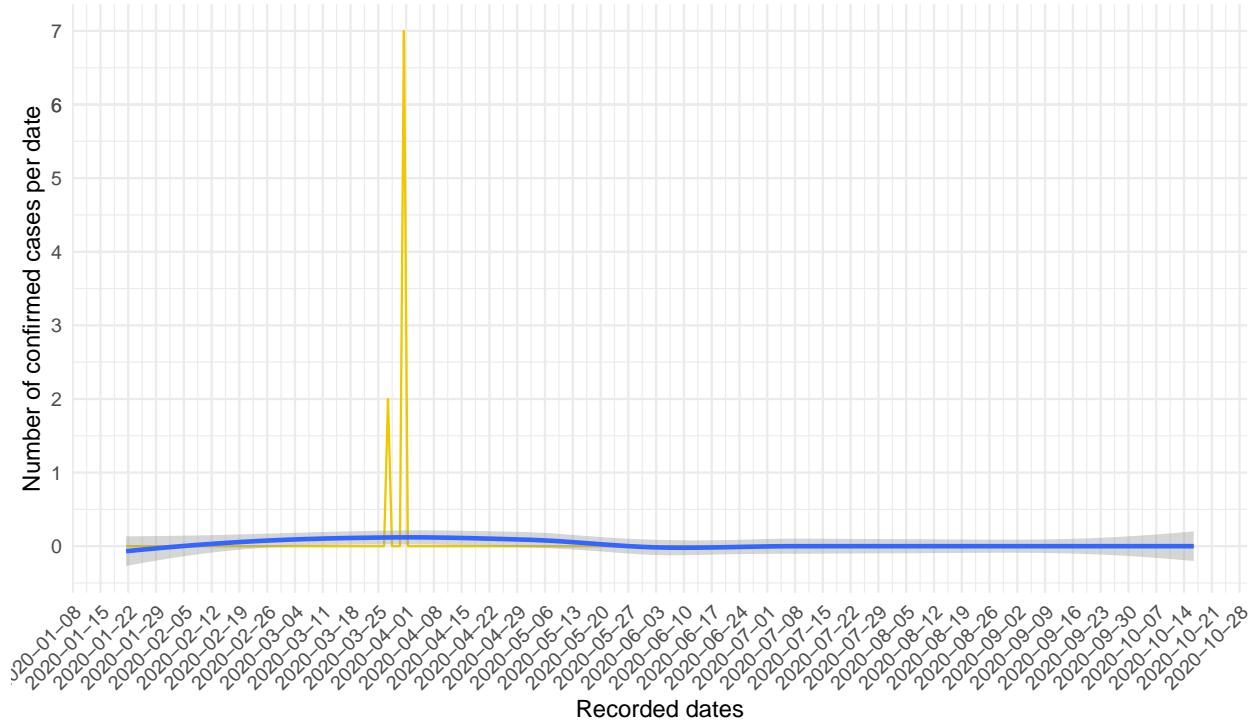

Mozambique – confirmed cases over time, total cases: 4,764

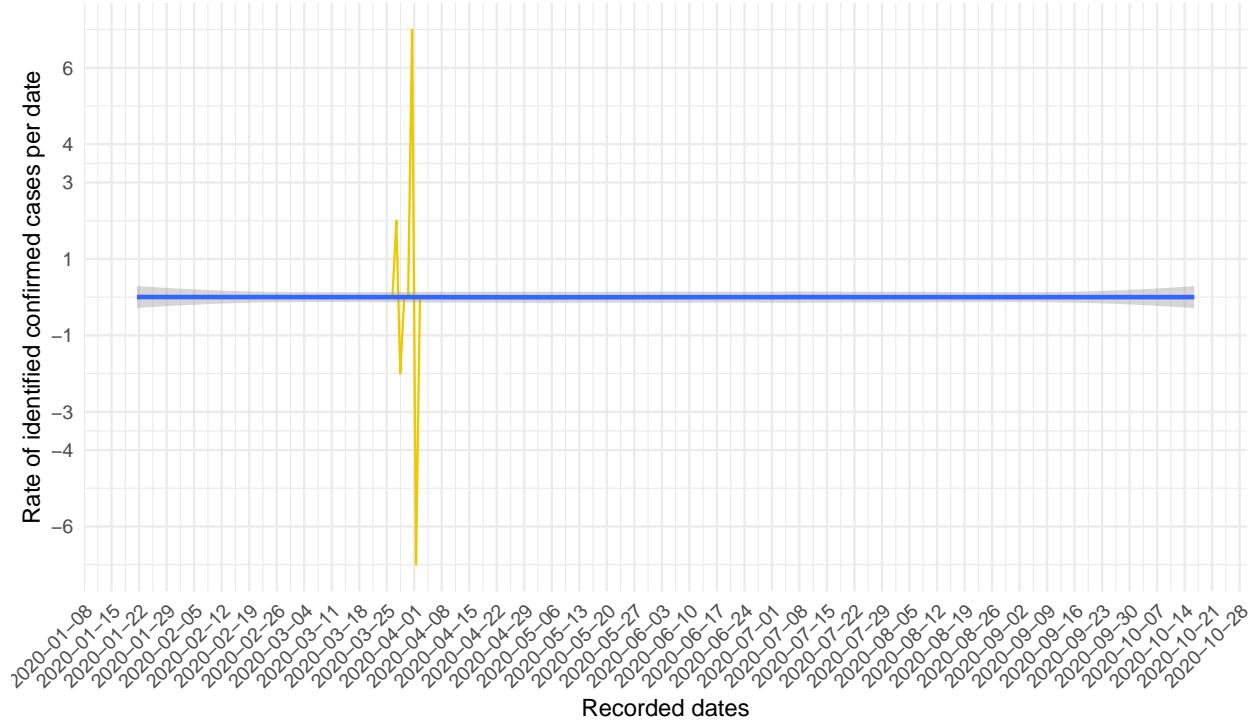

Mozambique – rate of increase of confirmed cases over time

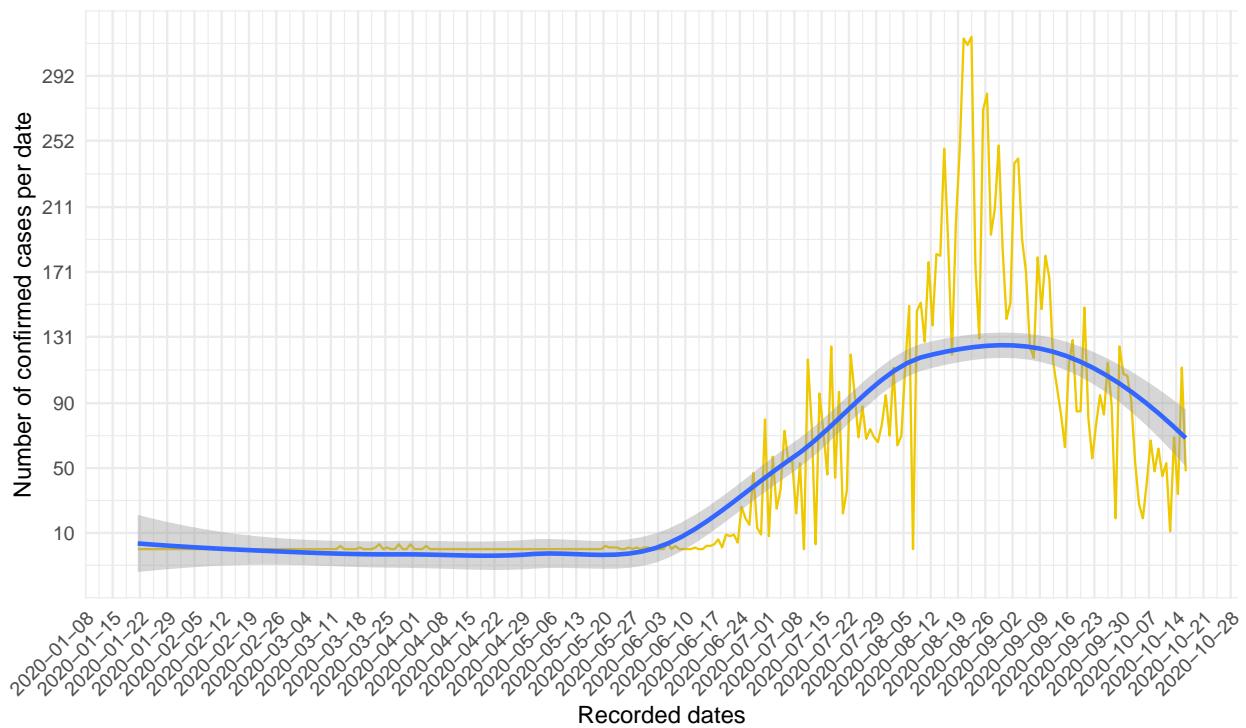

MS Zaandam – confirmed cases over time, total cases: 9

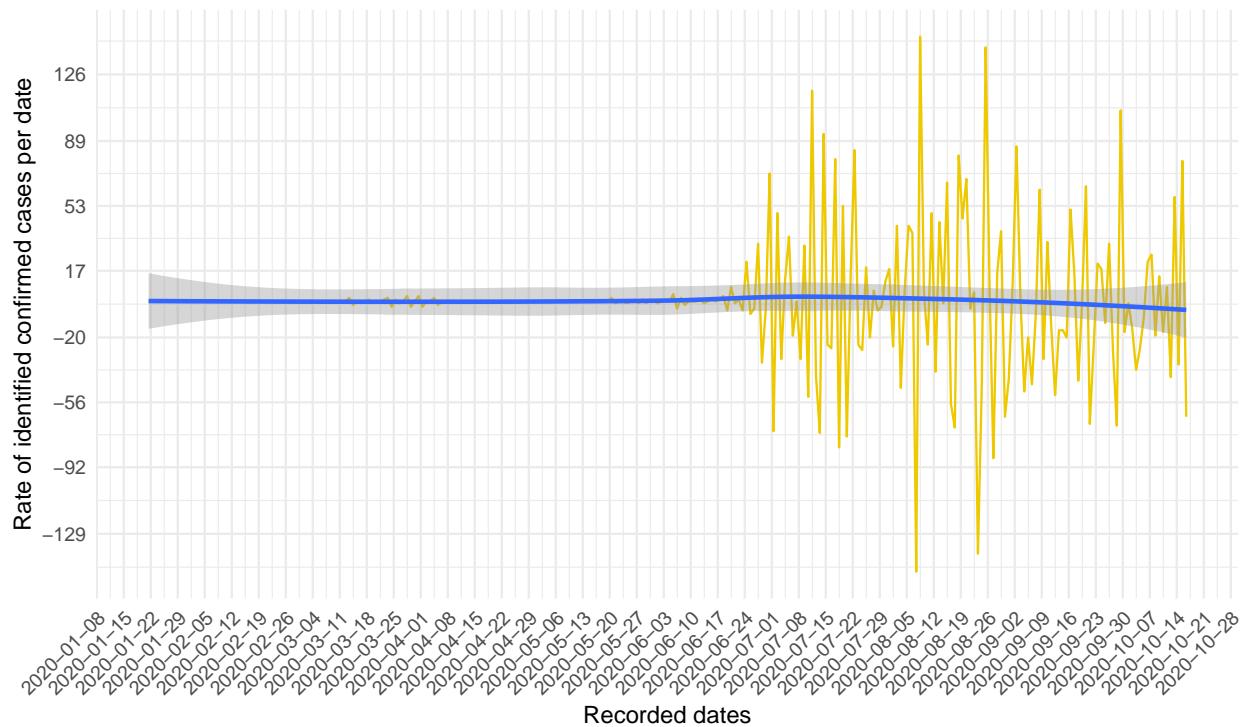

MS Zaandam – rate of increase of confirmed cases over time

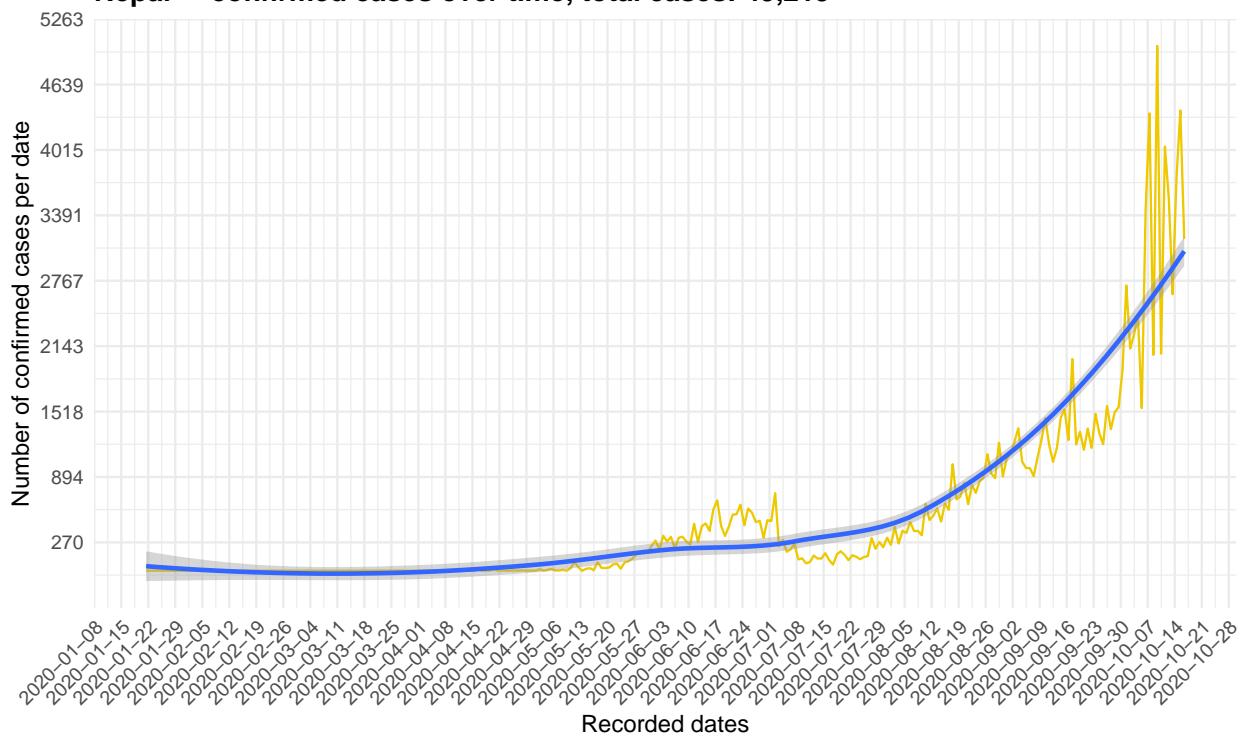

Namibia – confirmed cases over time, total cases: 9,108

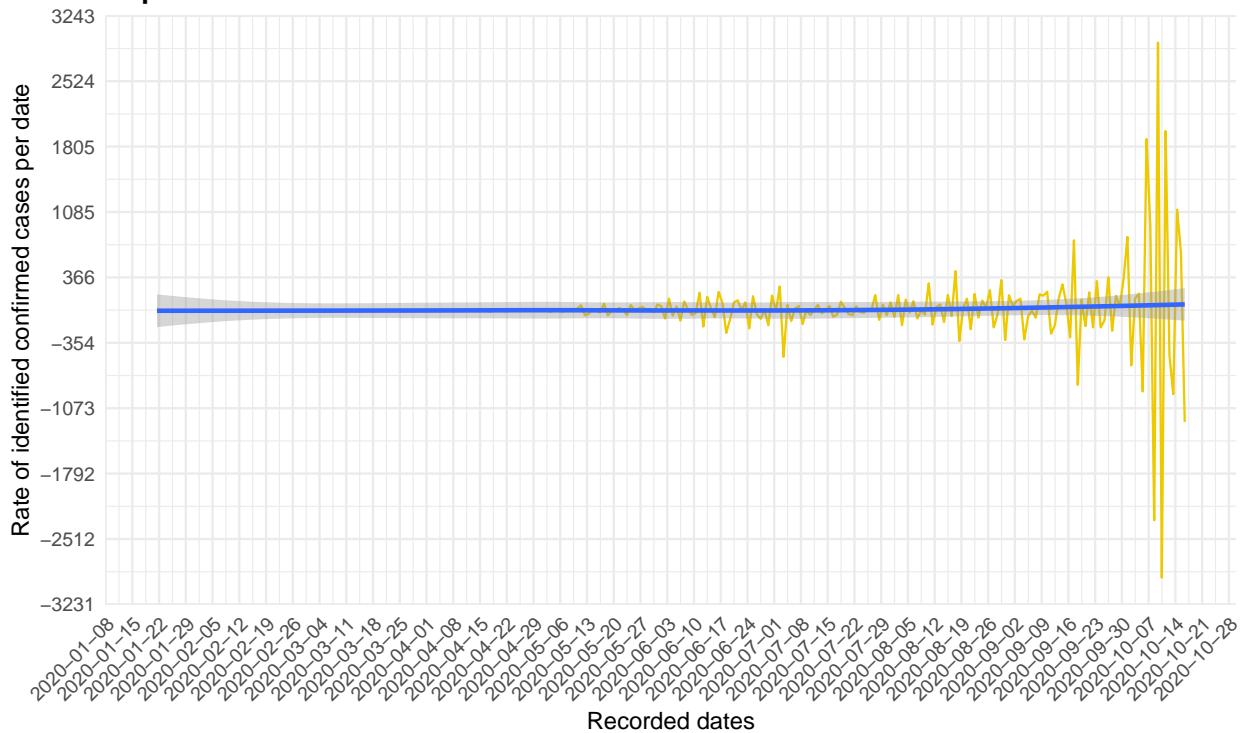

Namibia – rate of increase of confirmed cases over time

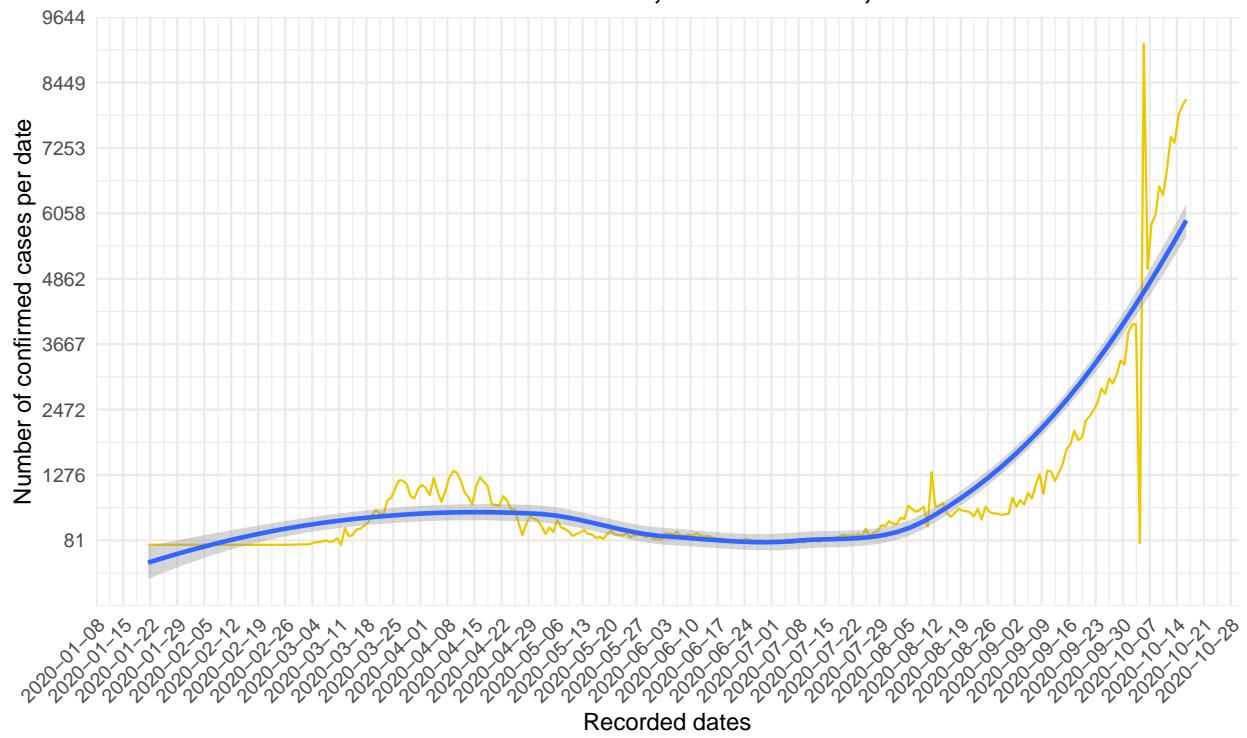

Nepal – confirmed cases over time, total cases: 49,219

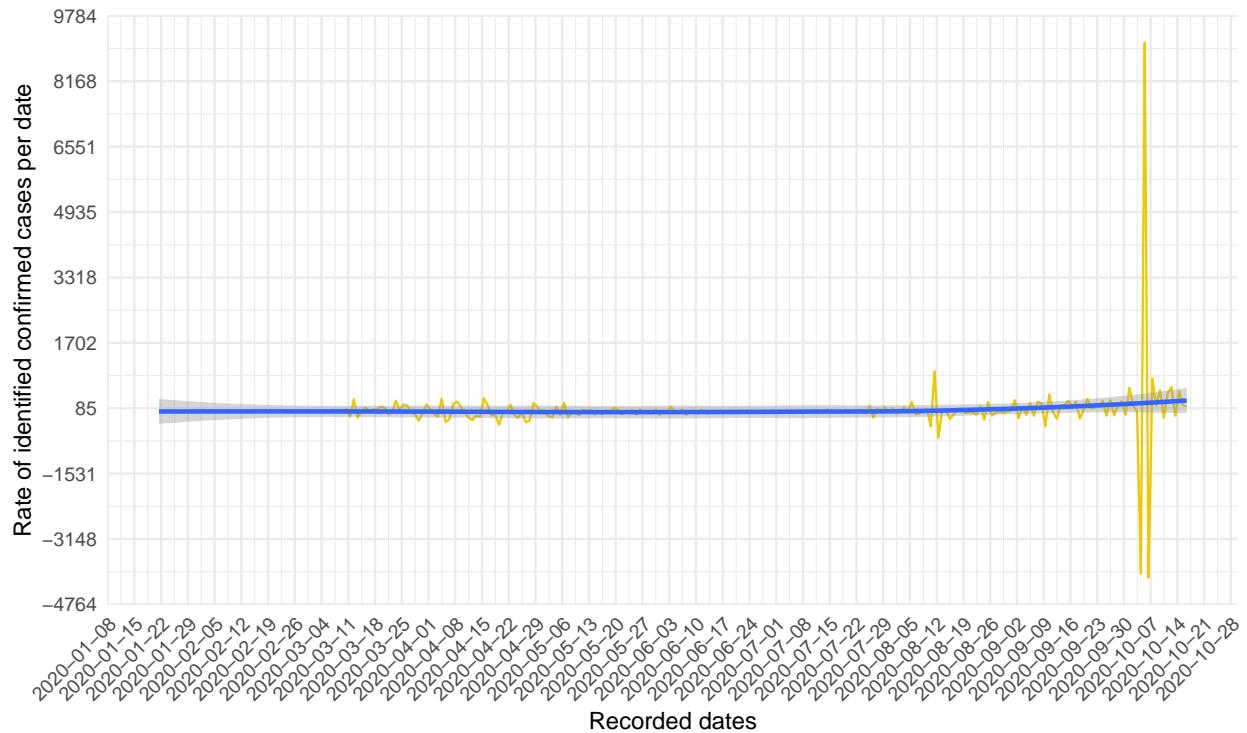

Nepal – rate of increase of confirmed cases over time

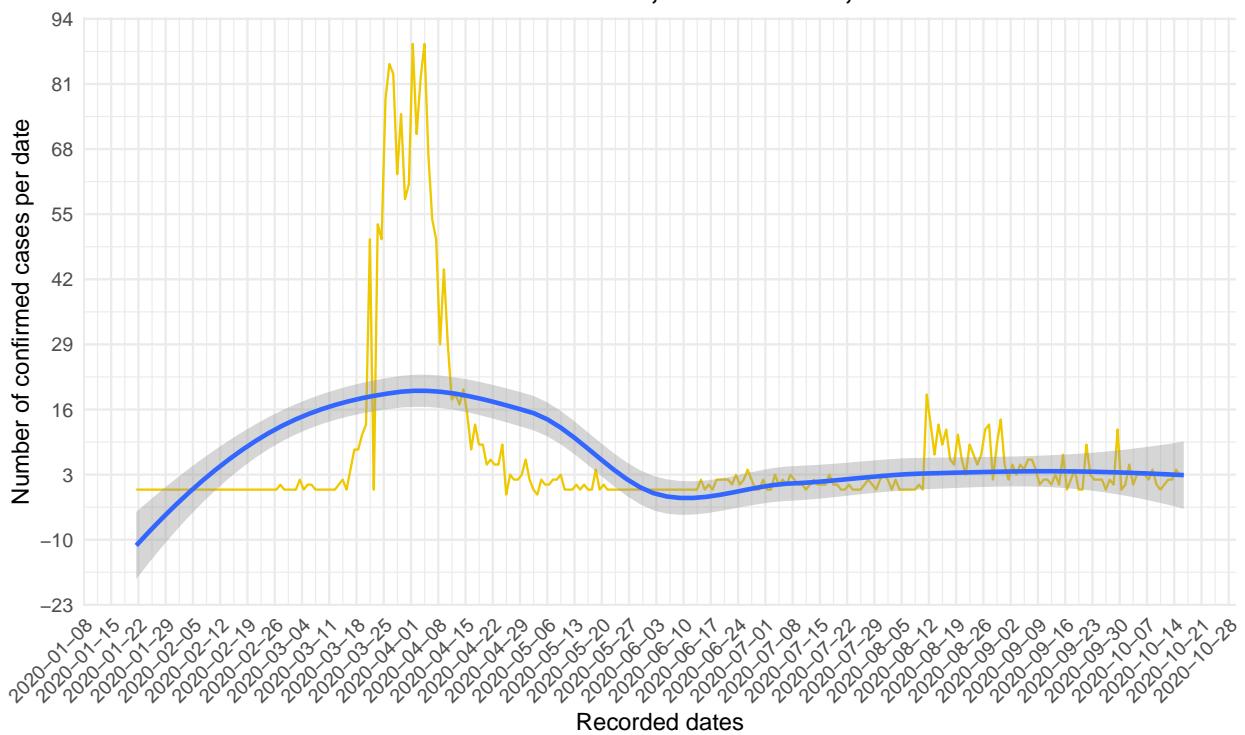

Netherlands – confirmed cases over time, total cases: 81,085

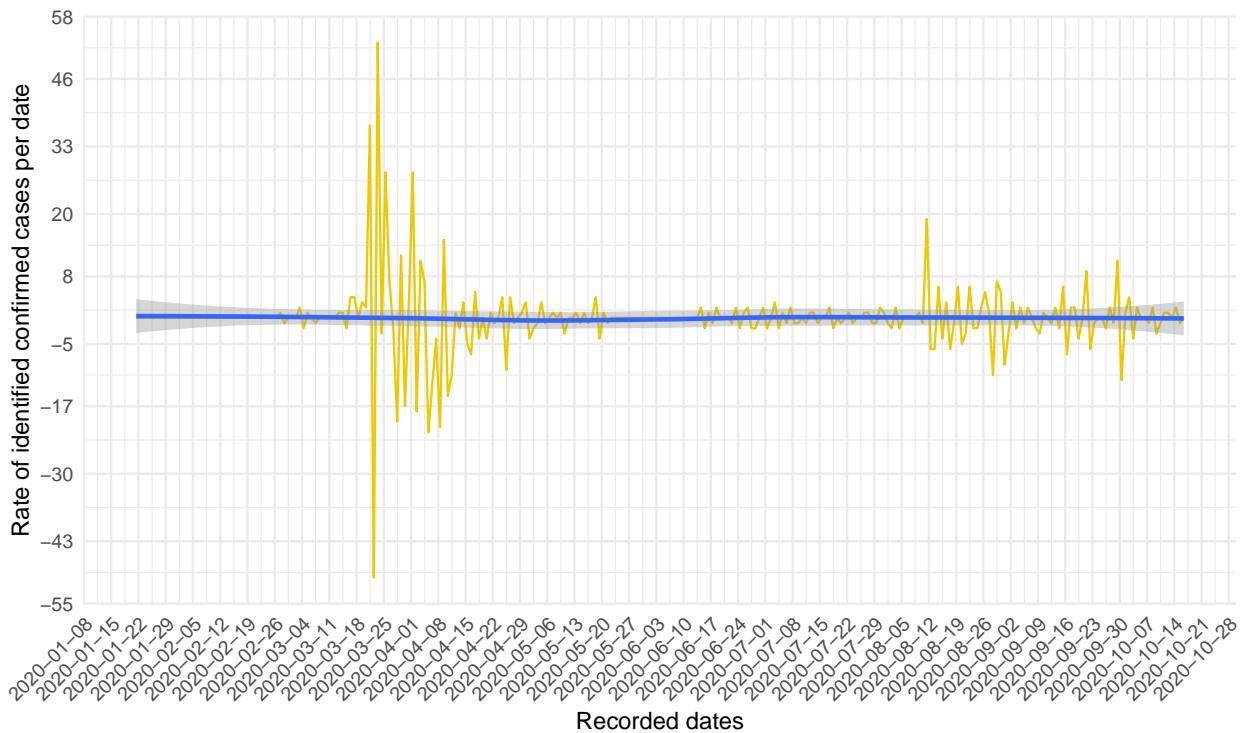

Netherlands – rate of increase of confirmed cases over time

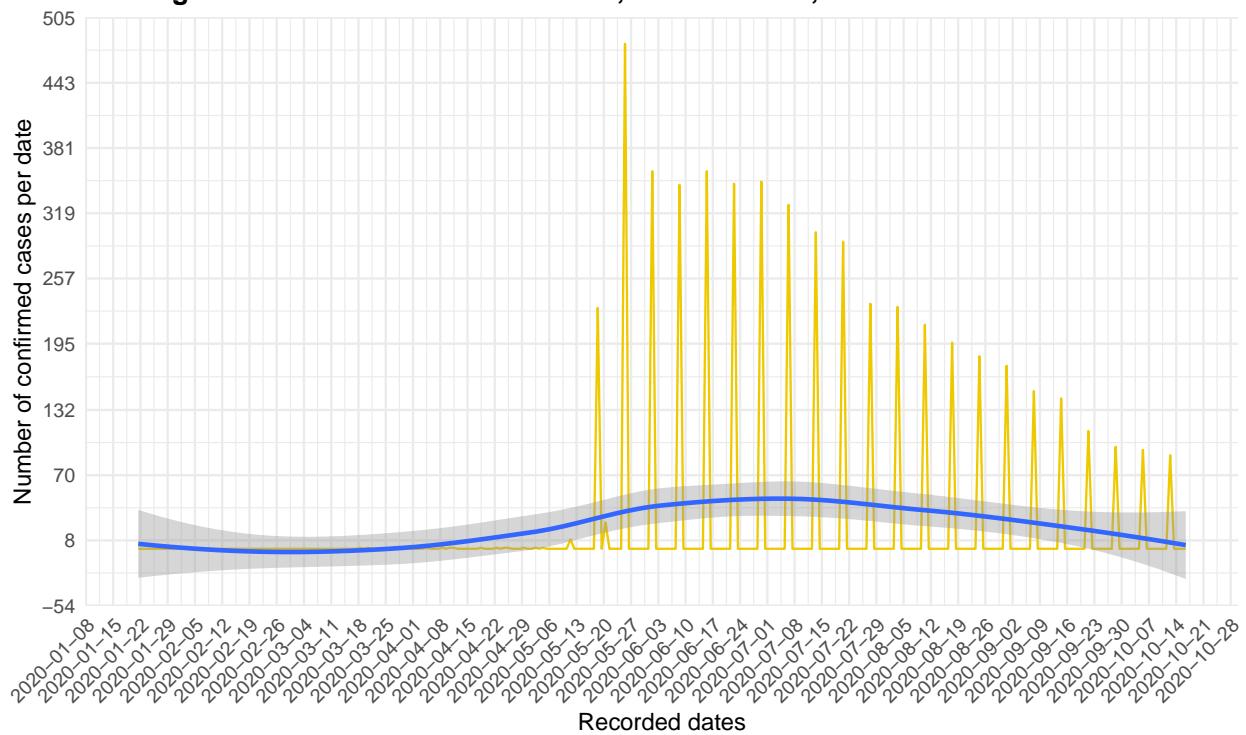

New Zealand – confirmed cases over time, total cases: 1,792

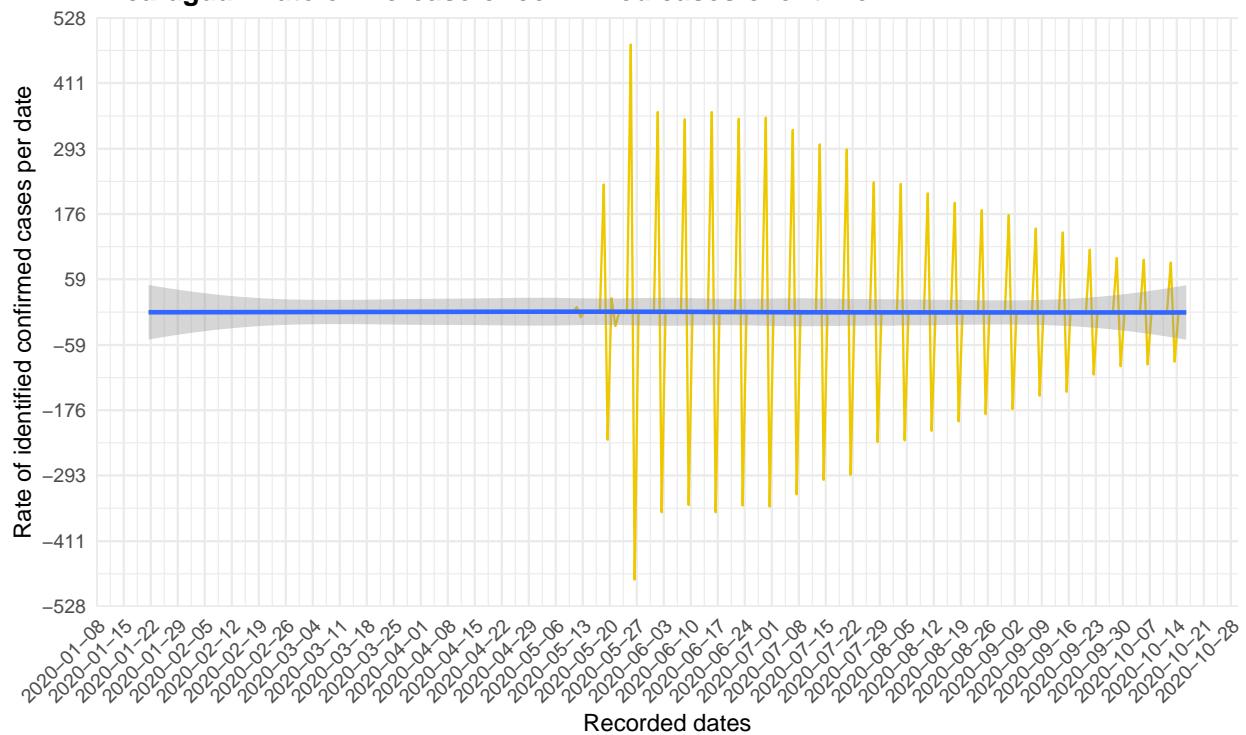

New Zealand – rate of increase of confirmed cases over time

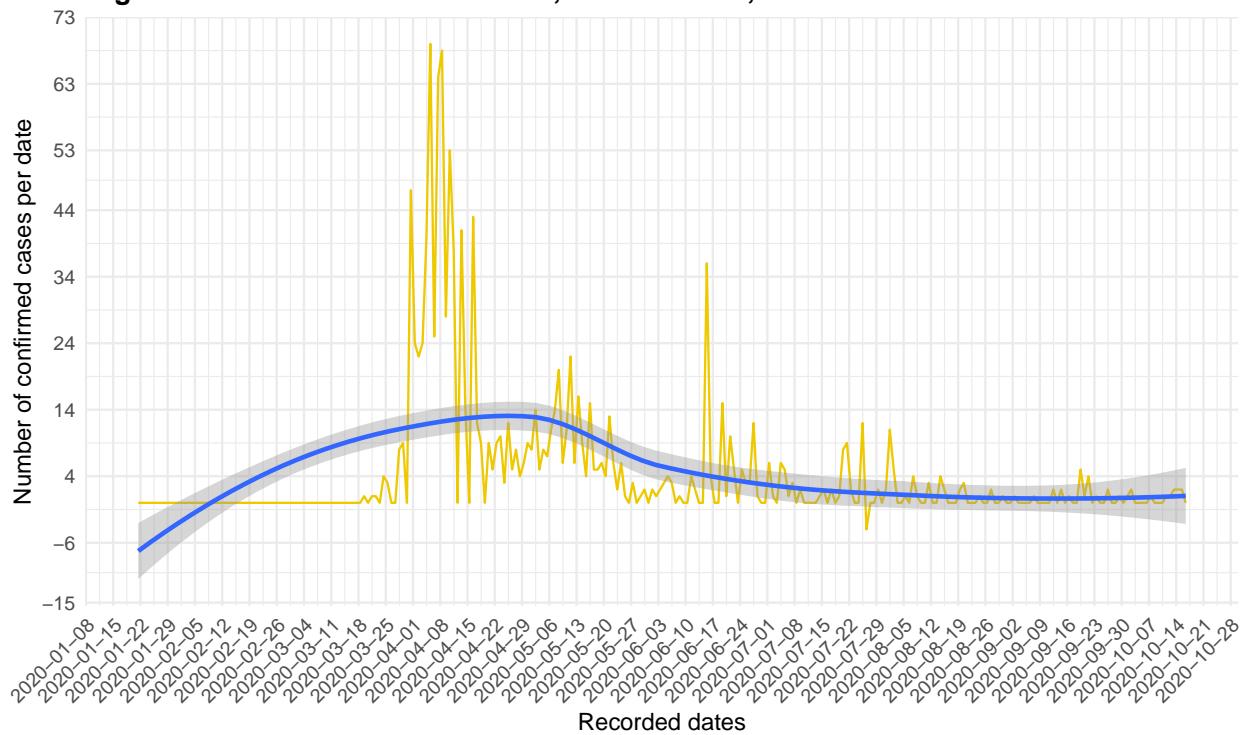

Nicaragua – confirmed cases over time, total cases: 4,818

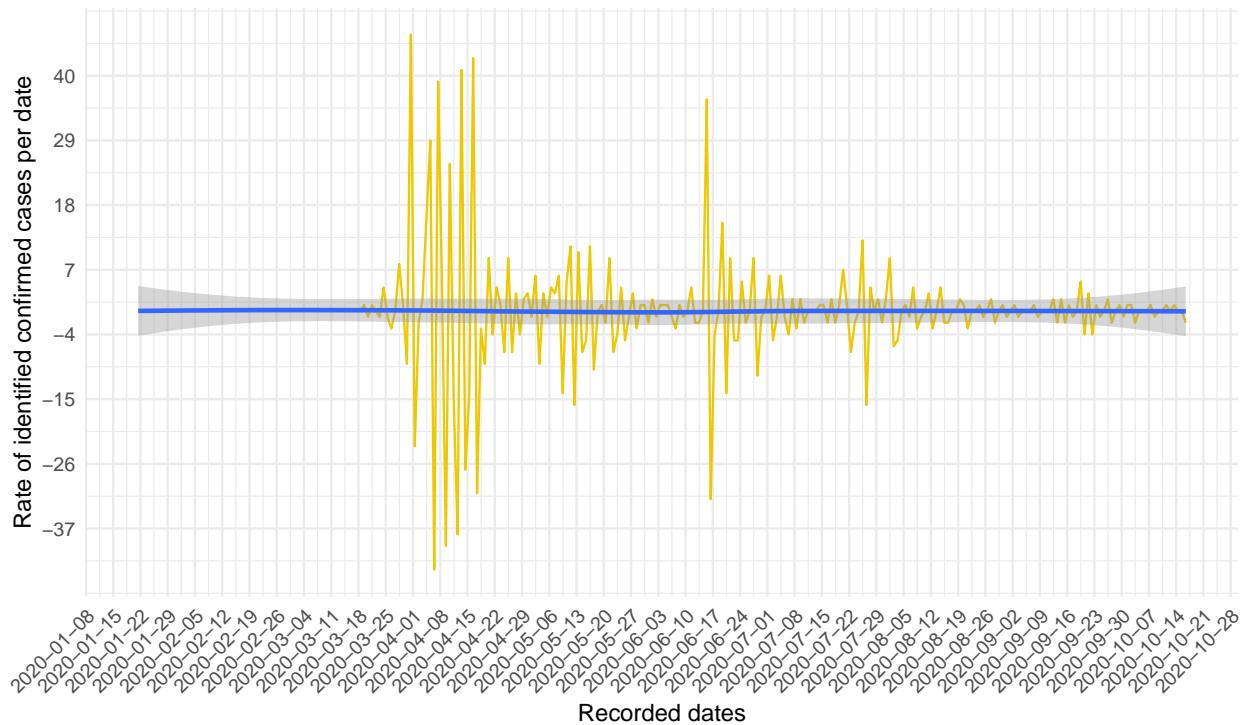

Nicaragua – rate of increase of confirmed cases over time

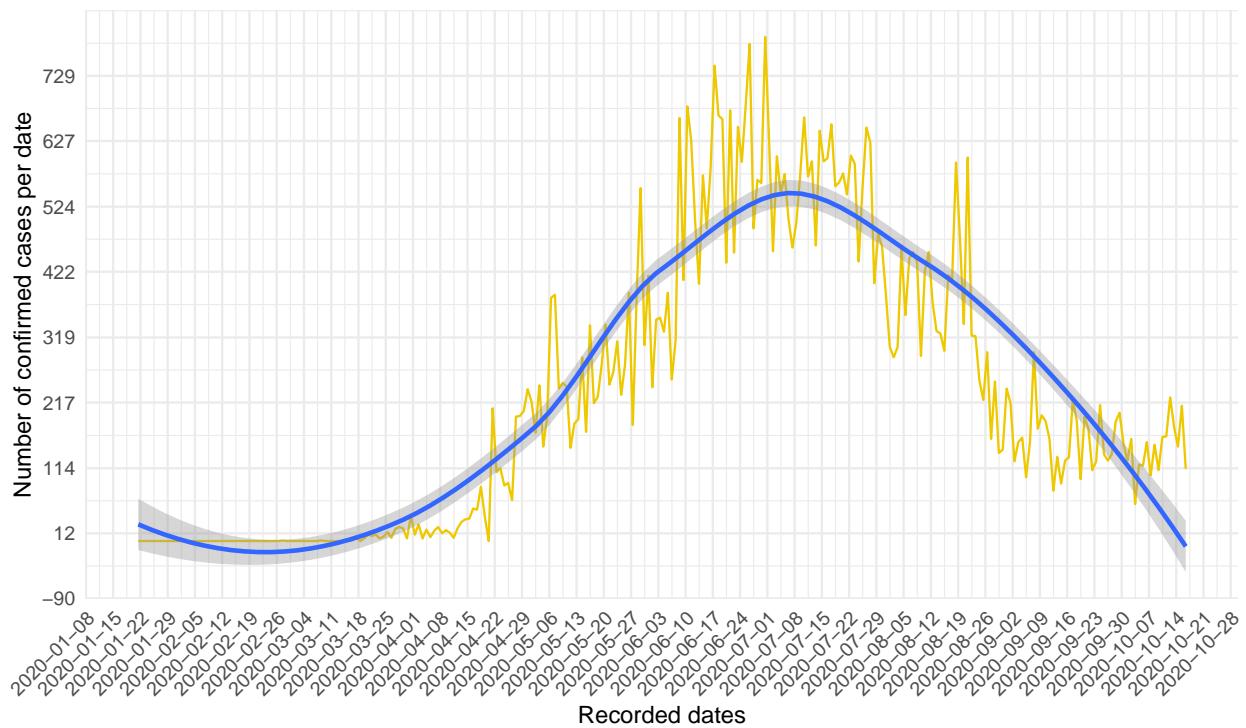

Niger – confirmed cases over time, total cases: 1,178

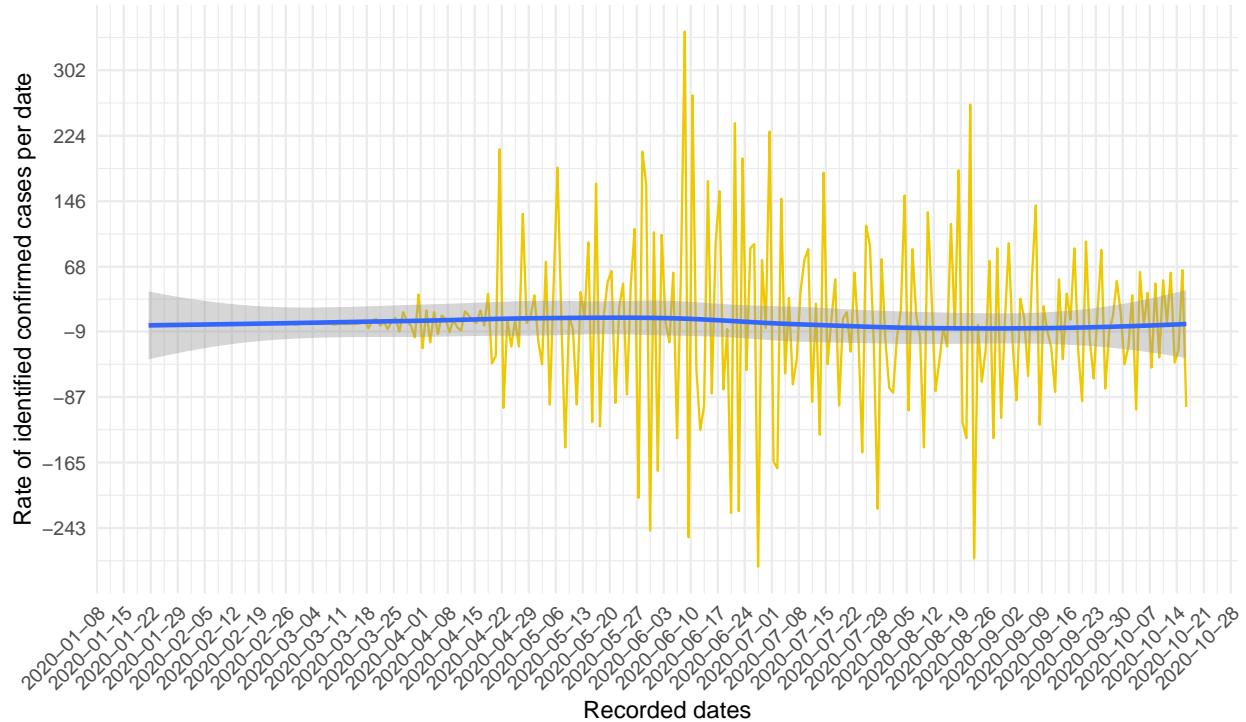

Niger – rate of increase of confirmed cases over time

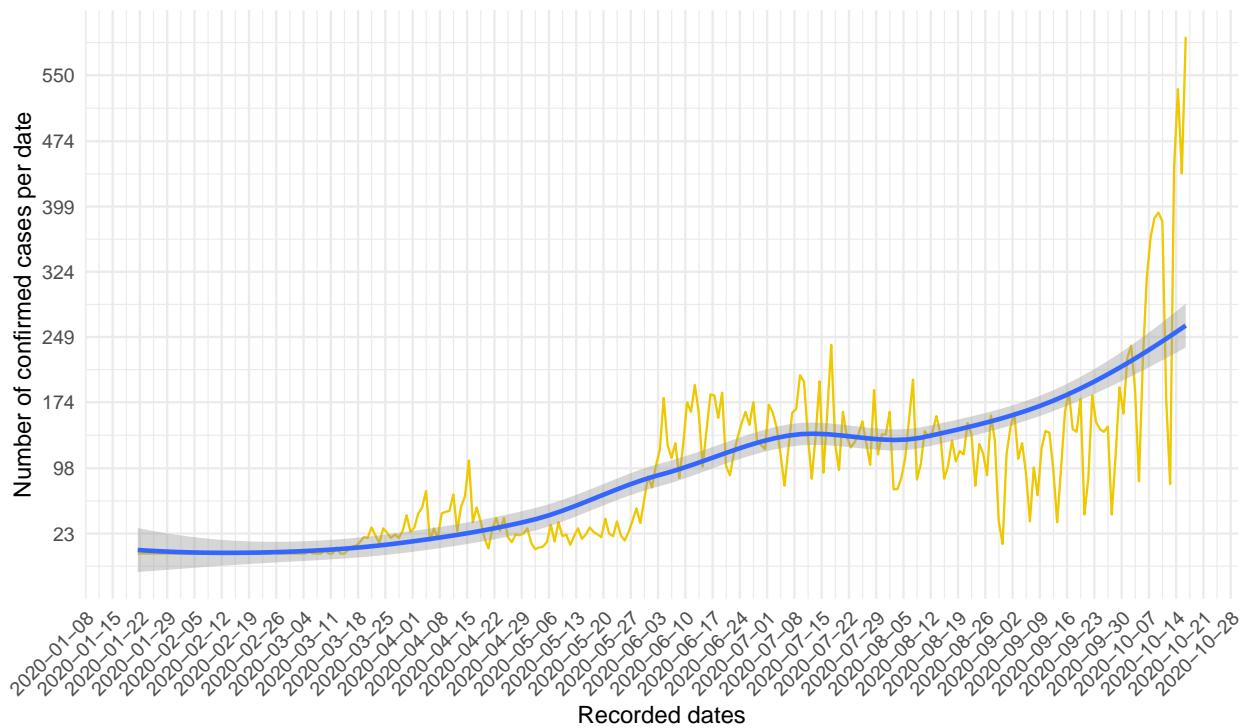

Nigeria – confirmed cases over time, total cases: 55,632

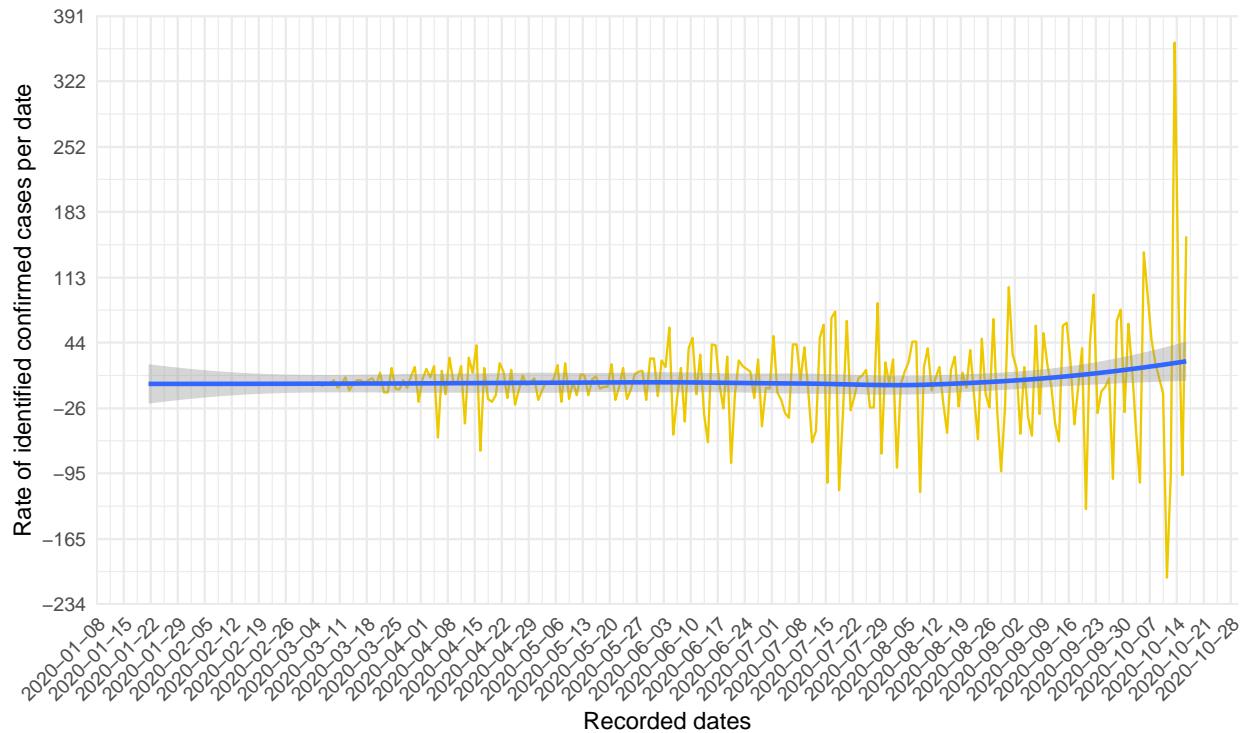

Nigeria – rate of increase of confirmed cases over time

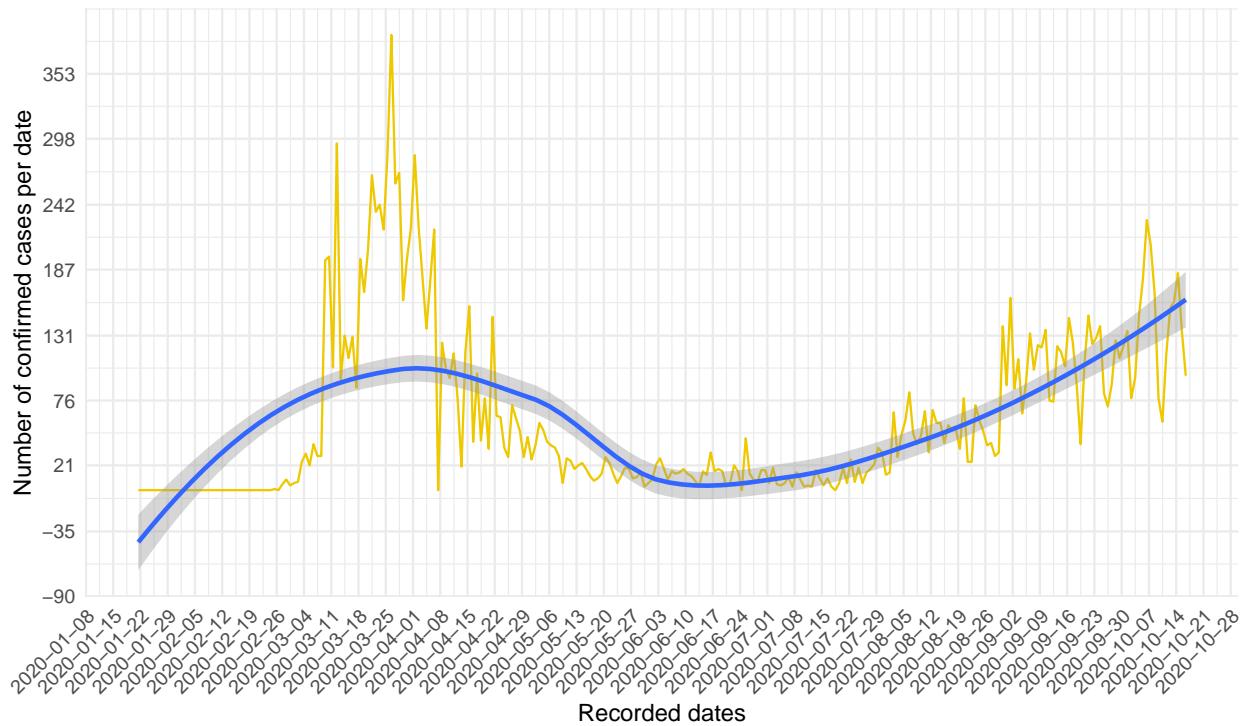

North Macedonia – confirmed cases over time, total cases: 15,293

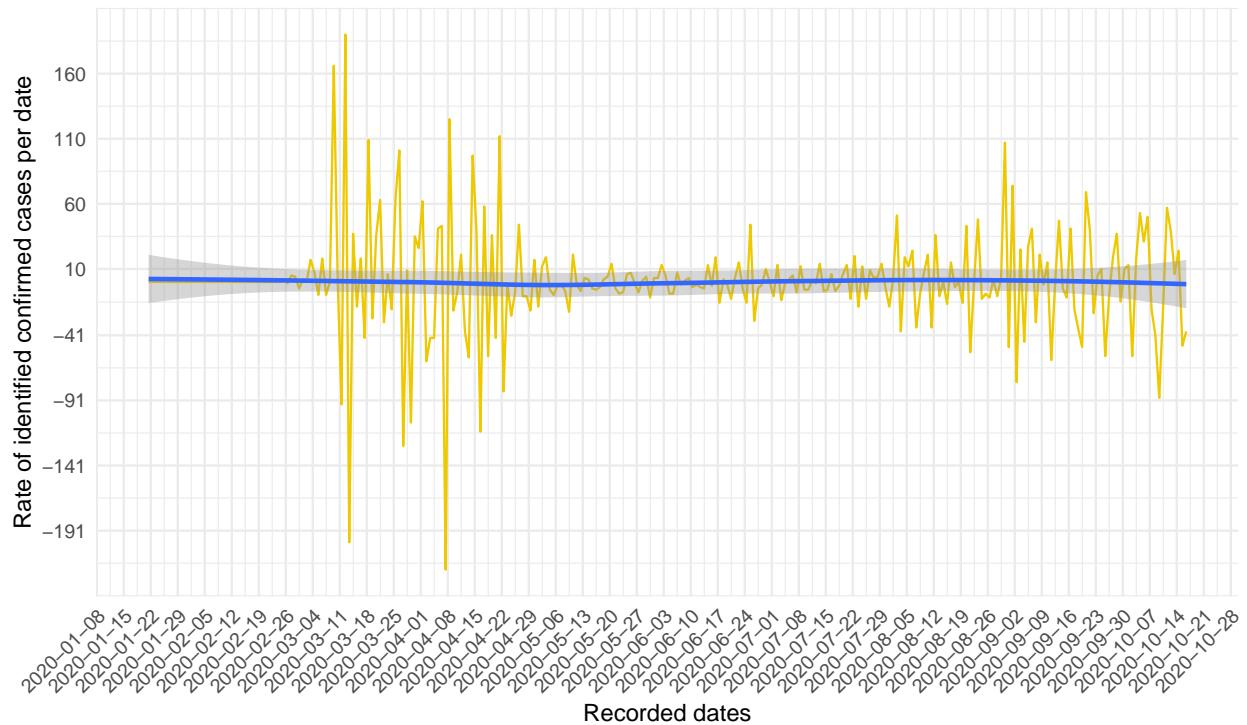

North Macedonia – rate of increase of confirmed cases over time

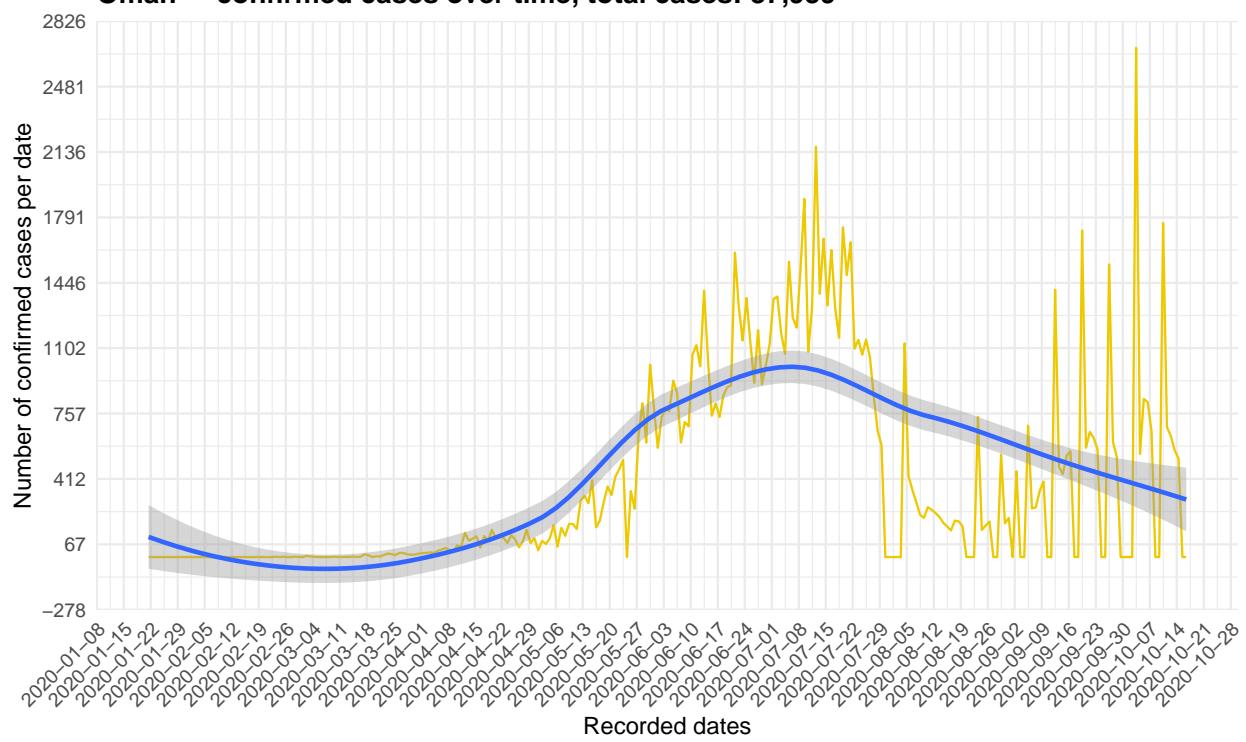

Norway – confirmed cases over time, total cases: 11,746

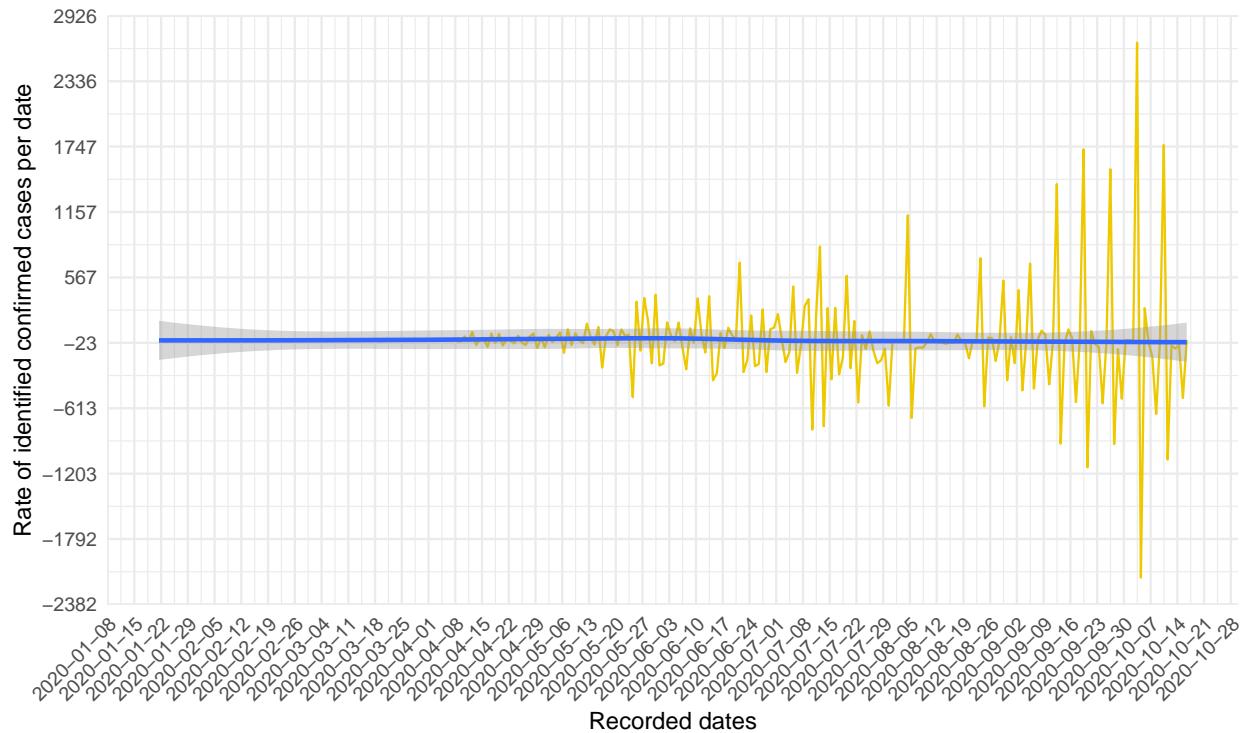

Norway – rate of increase of confirmed cases over time

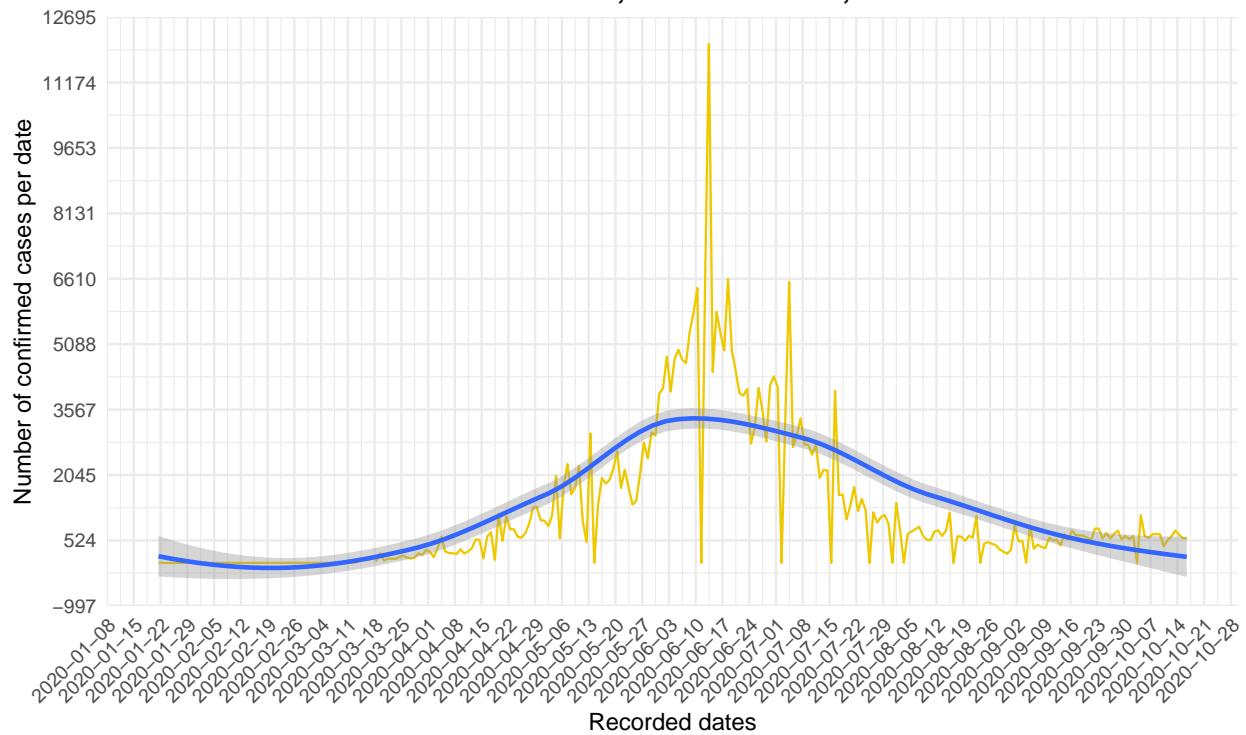

Oman – confirmed cases over time, total cases: 87,939

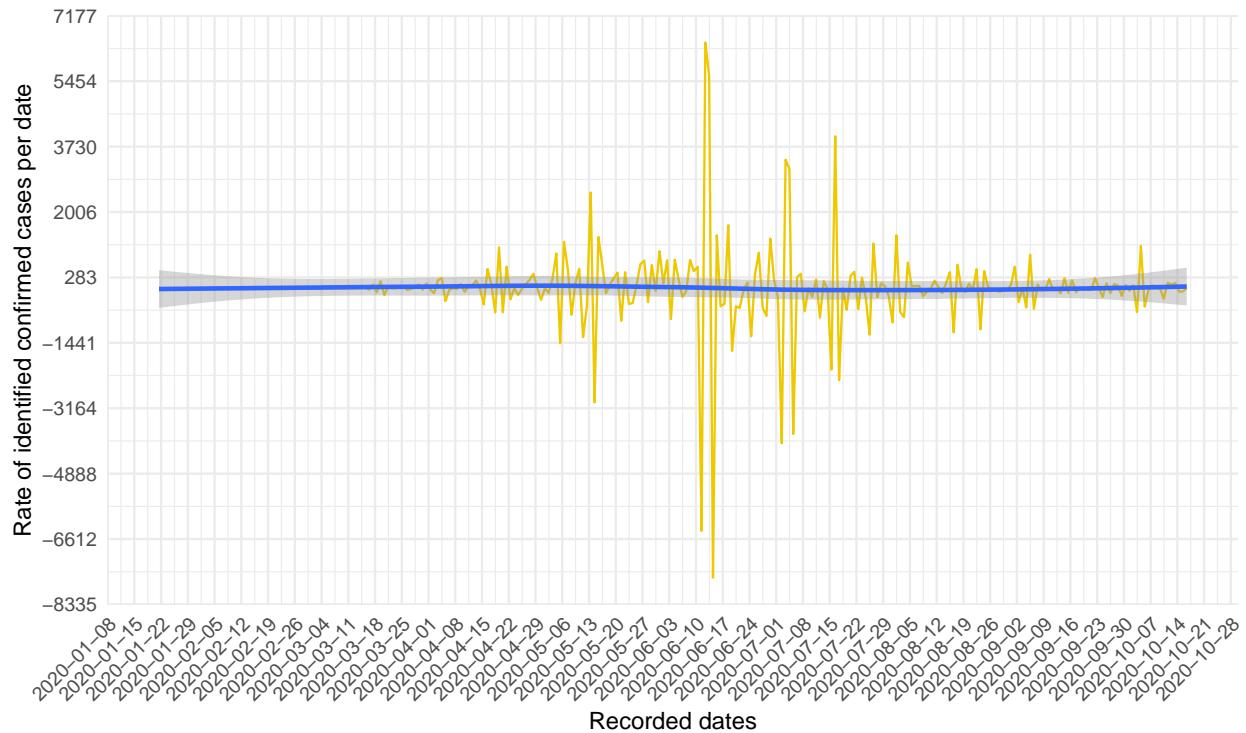

Oman – rate of increase of confirmed cases over time

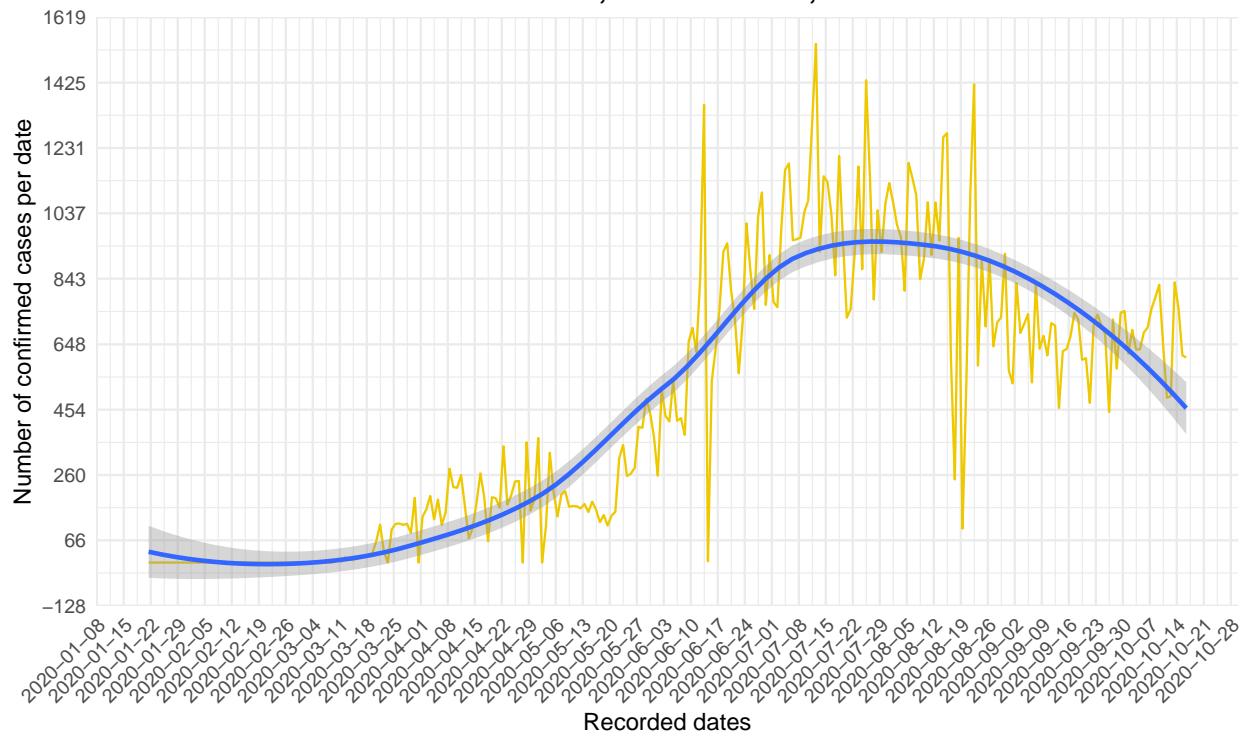

Pakistan – confirmed cases over time, total cases: 300,030

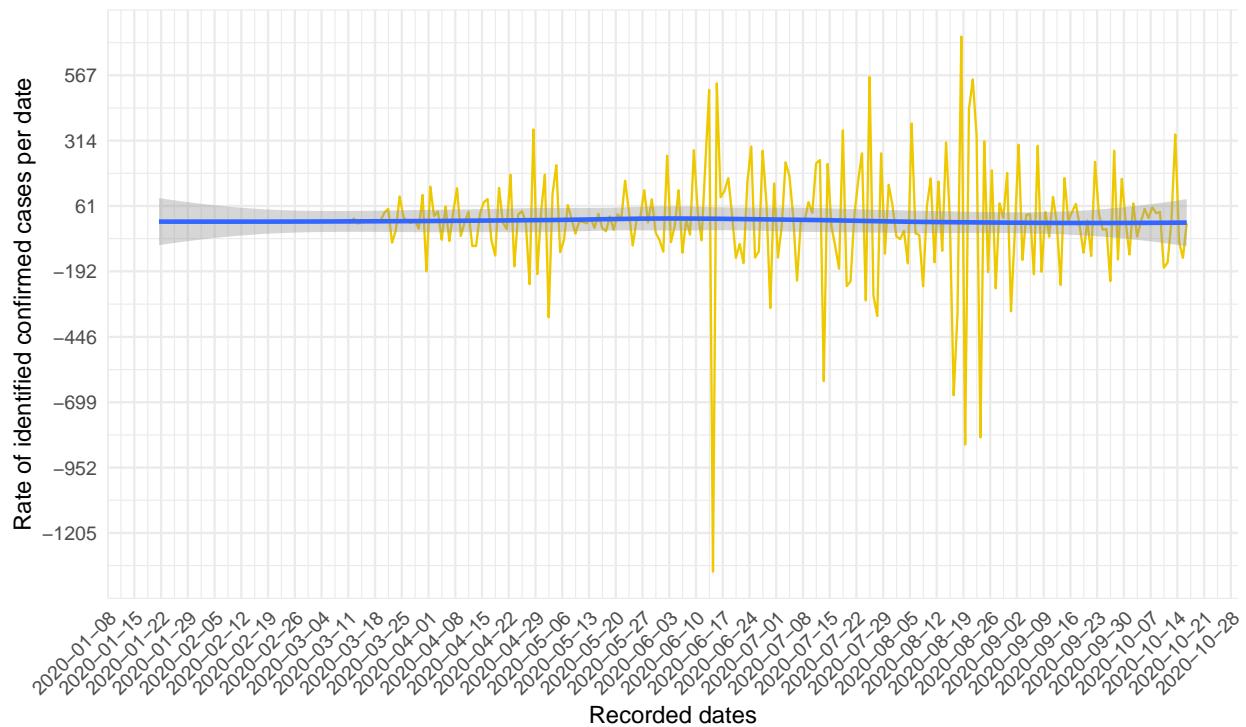

Pakistan – rate of increase of confirmed cases over time

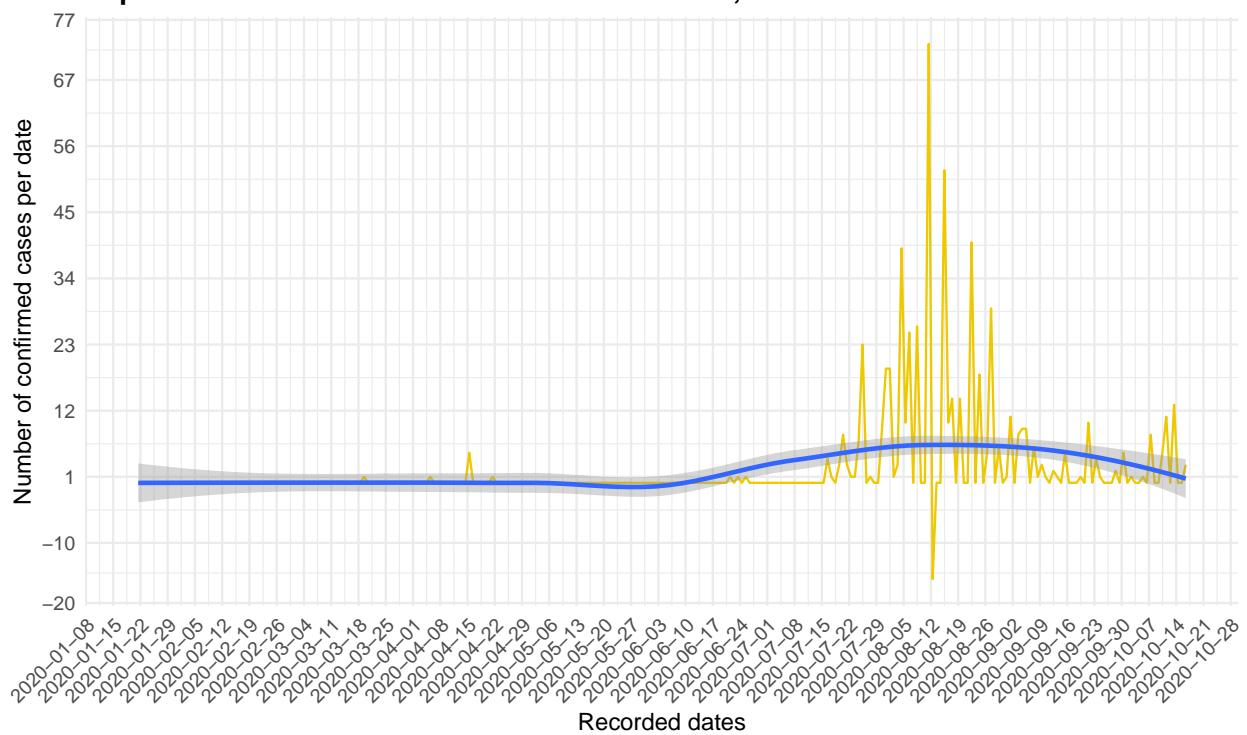

Panama – confirmed cases over time, total cases: 99,042

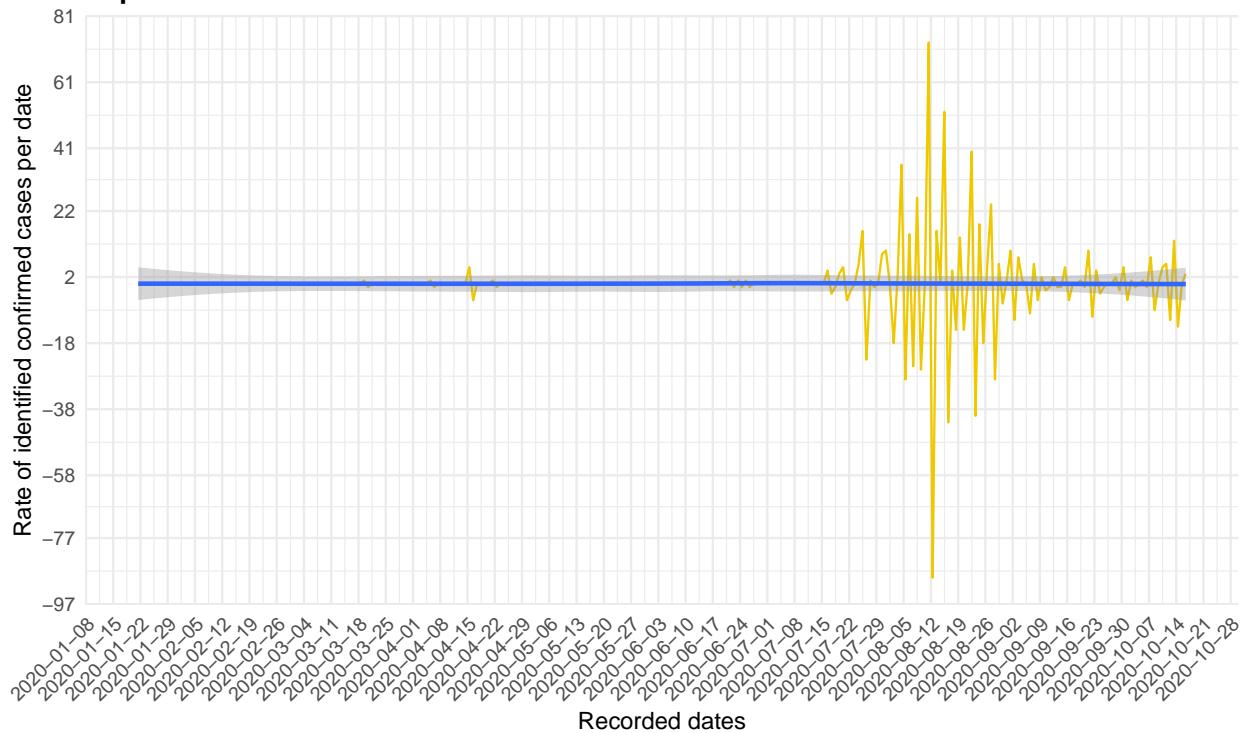

Panama – rate of increase of confirmed cases over time

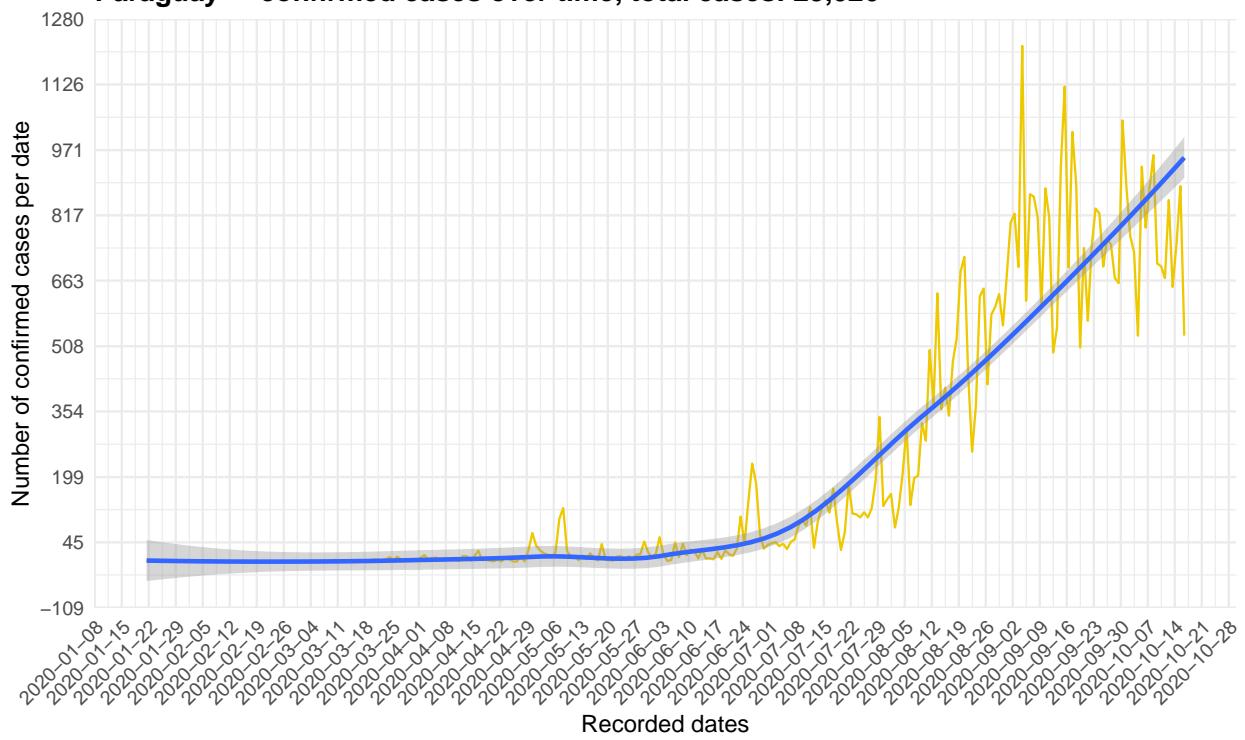

Papua New Guinea – confirmed cases over time, total cases: 504

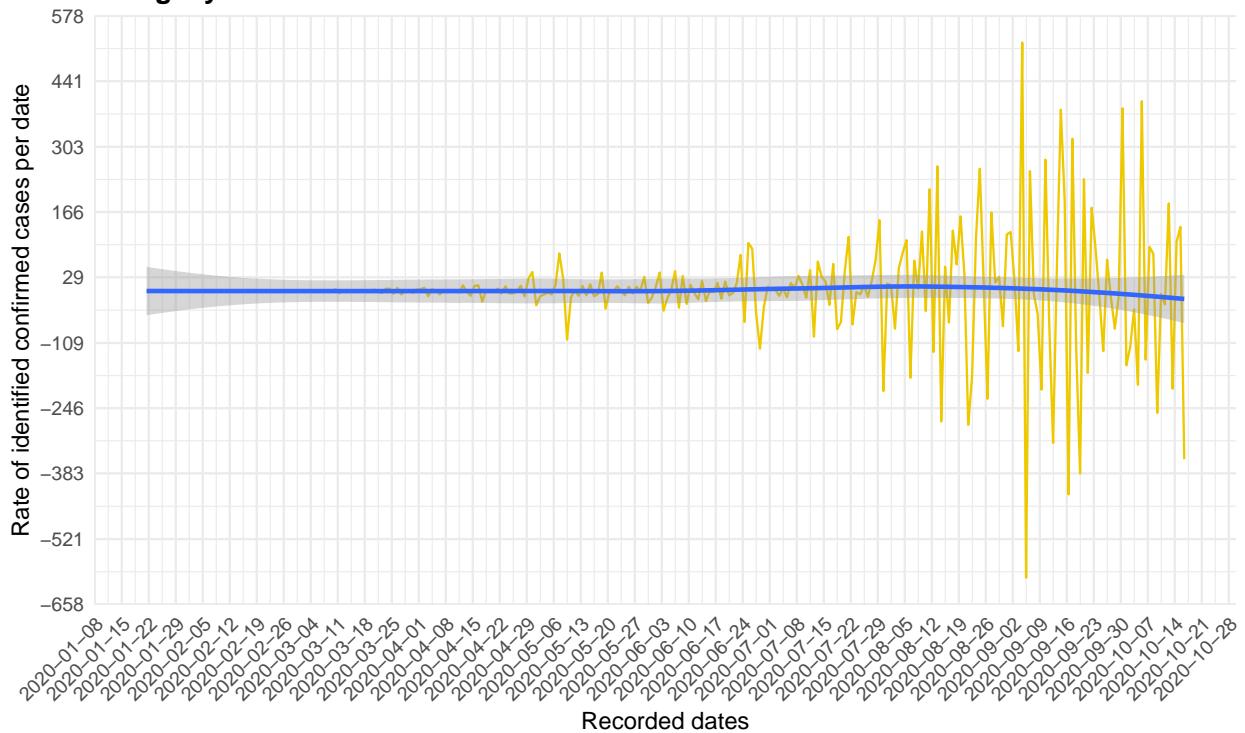

Papua New Guinea – rate of increase of confirmed cases over time

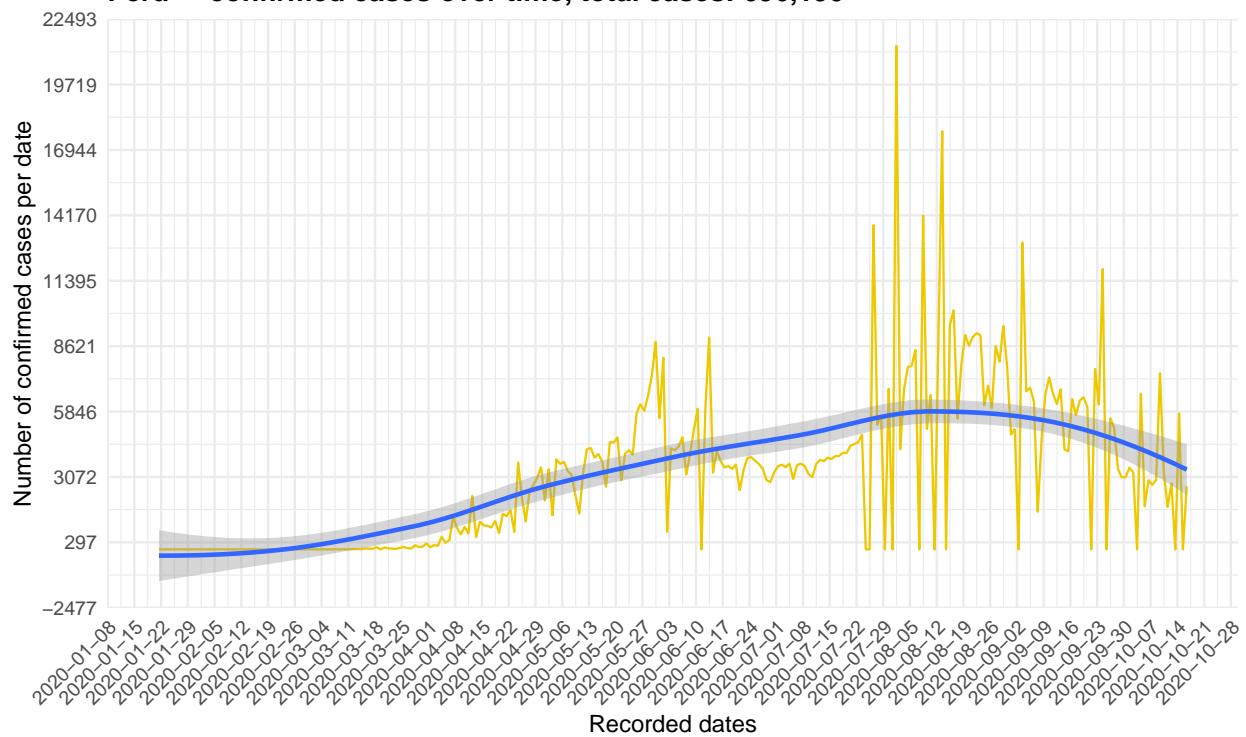

Paraguay – confirmed cases over time, total cases: 25,026

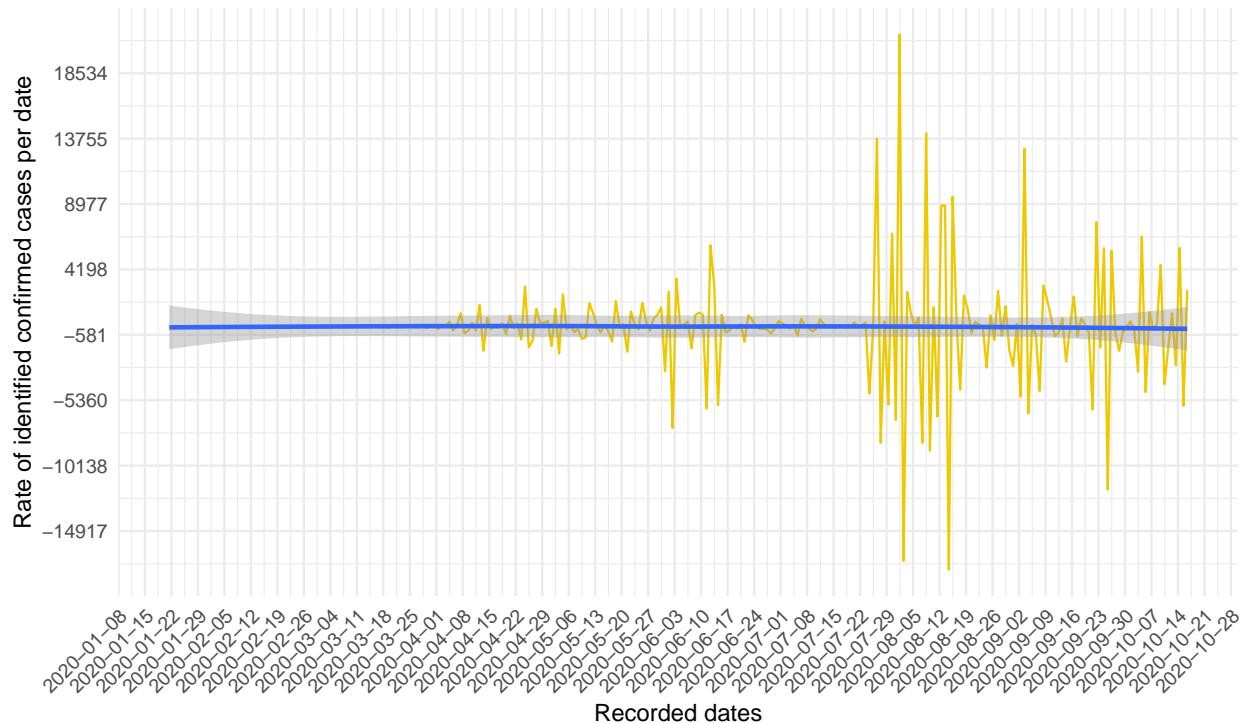

Paraguay – rate of increase of confirmed cases over time

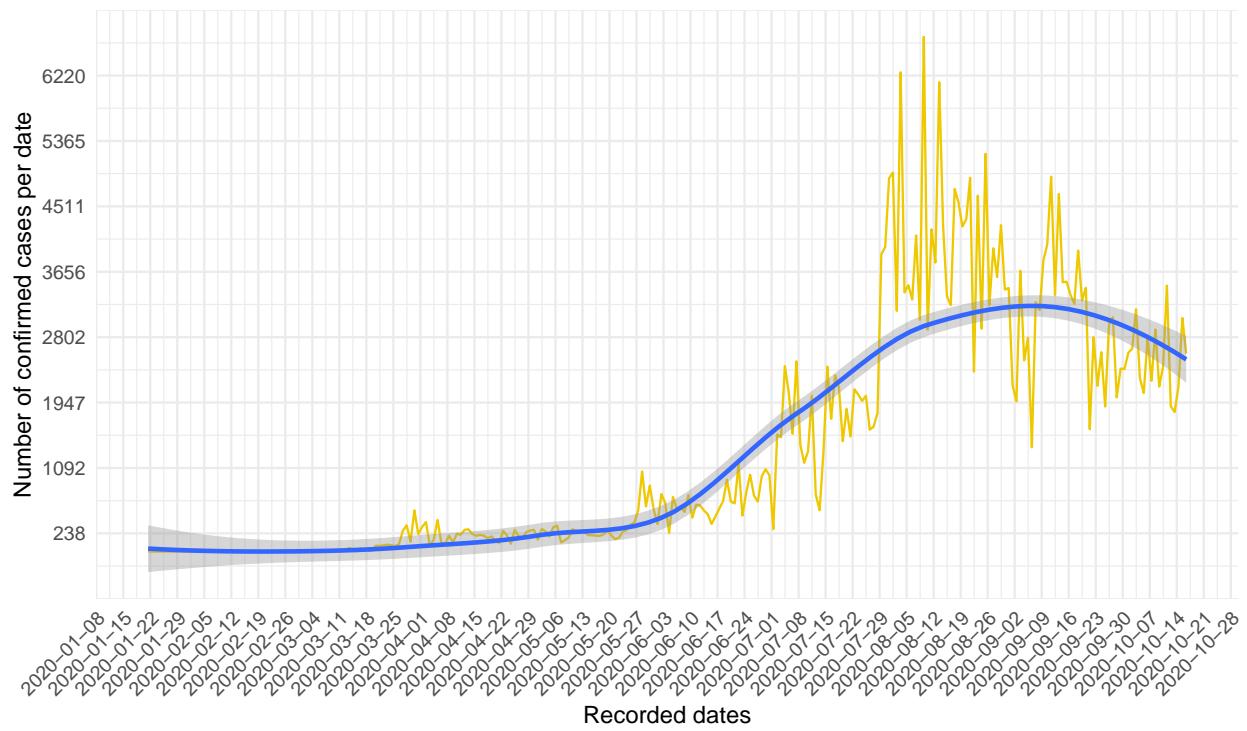

Peru – confirmed cases over time, total cases: 696,190

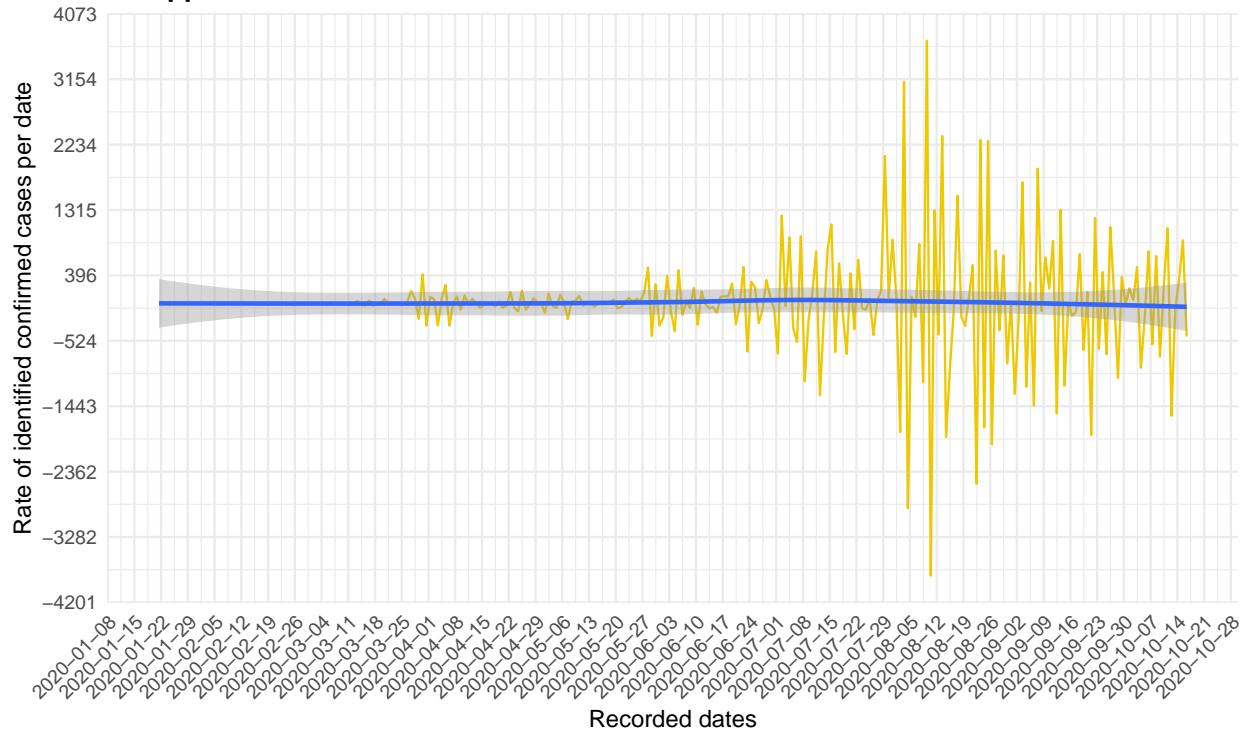

Peru – rate of increase of confirmed cases over time

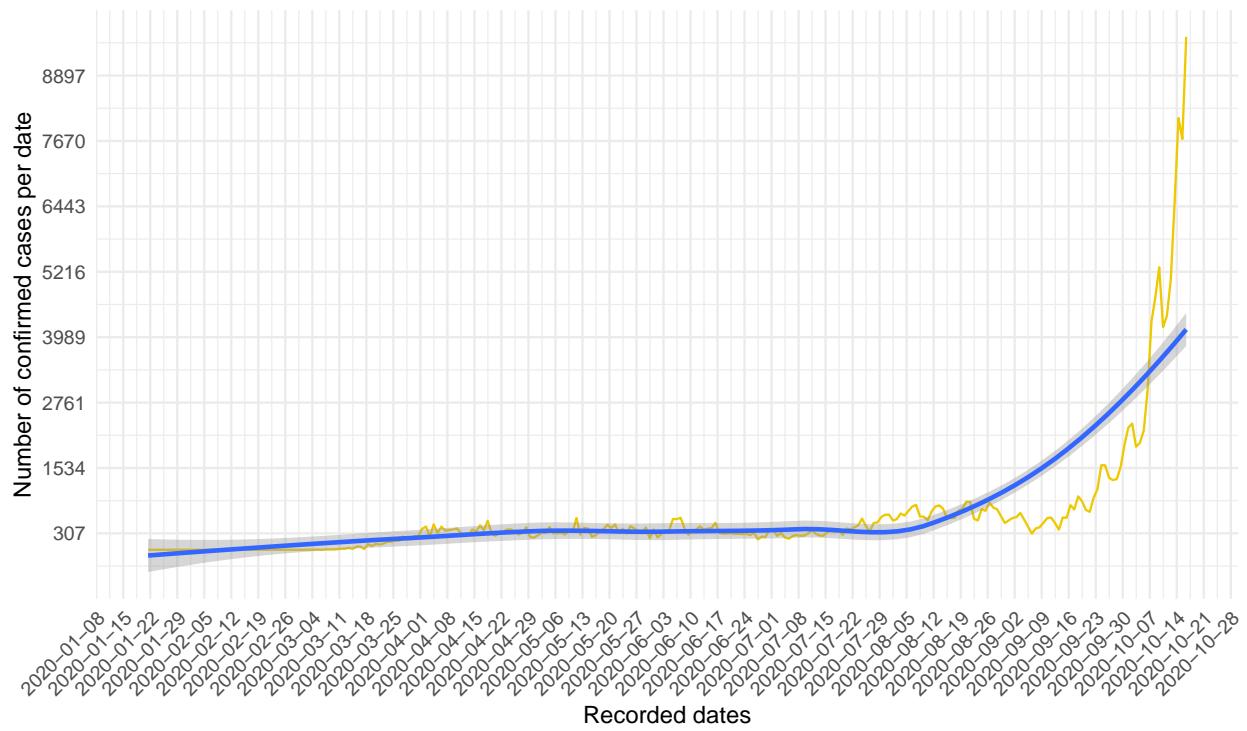

Philippines – confirmed cases over time, total cases: 245,143

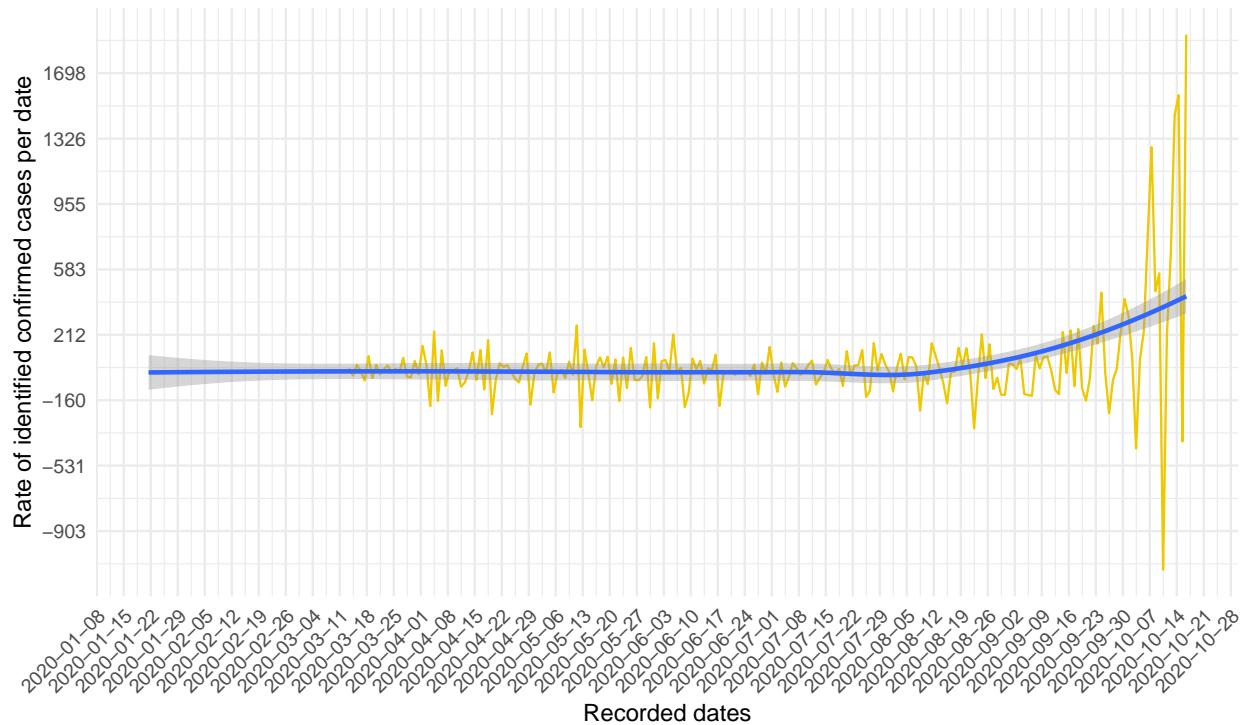

Philippines – rate of increase of confirmed cases over time

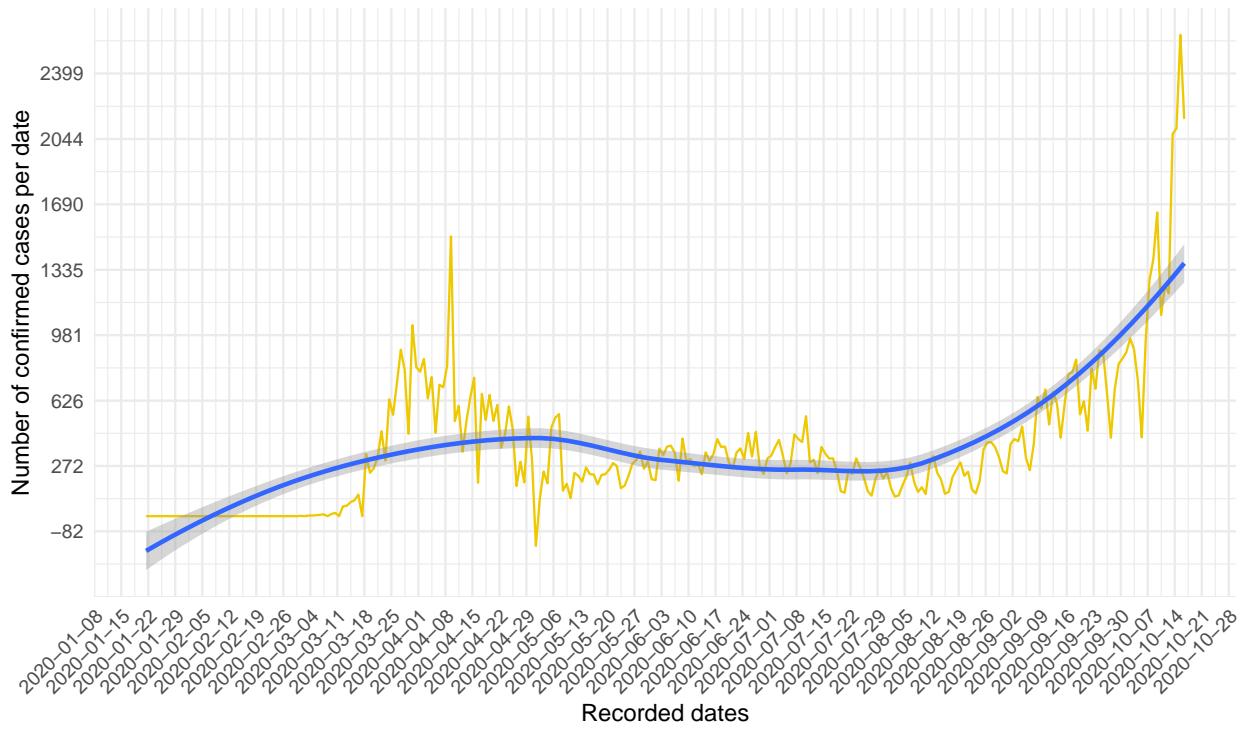

Poland – confirmed cases over time, total cases: 71,947

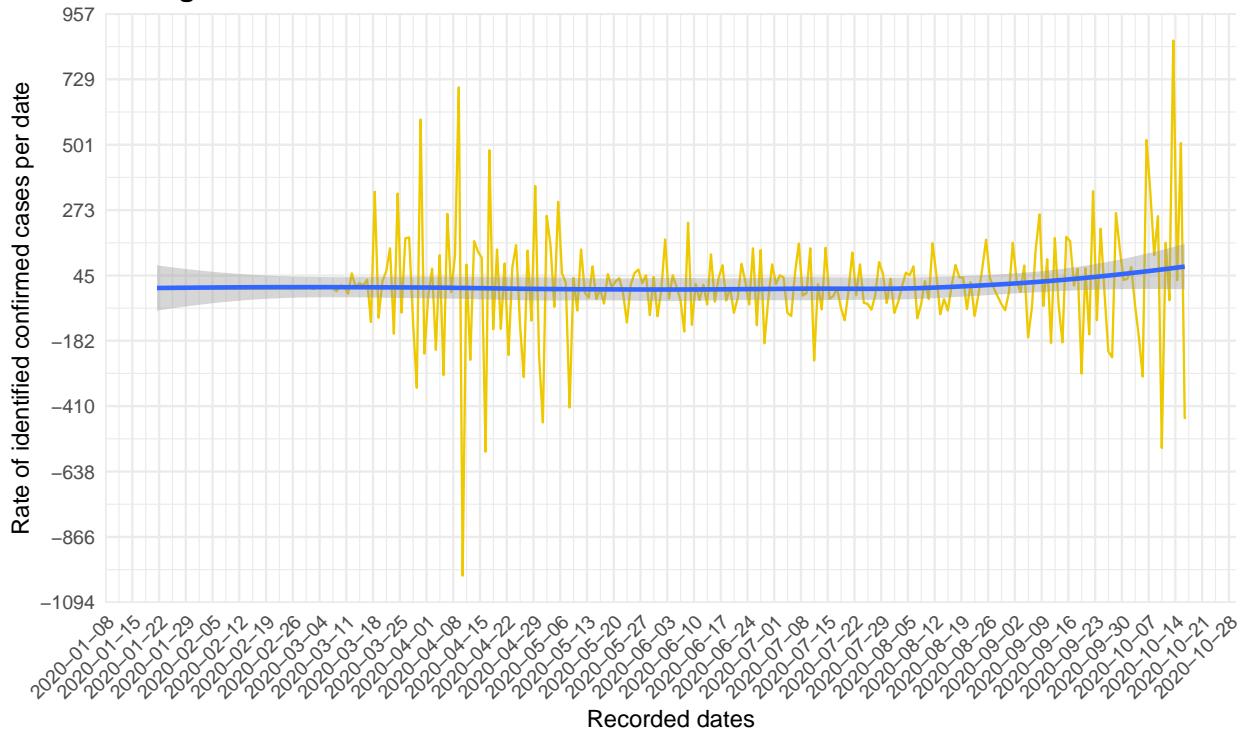

Poland – rate of increase of confirmed cases over time

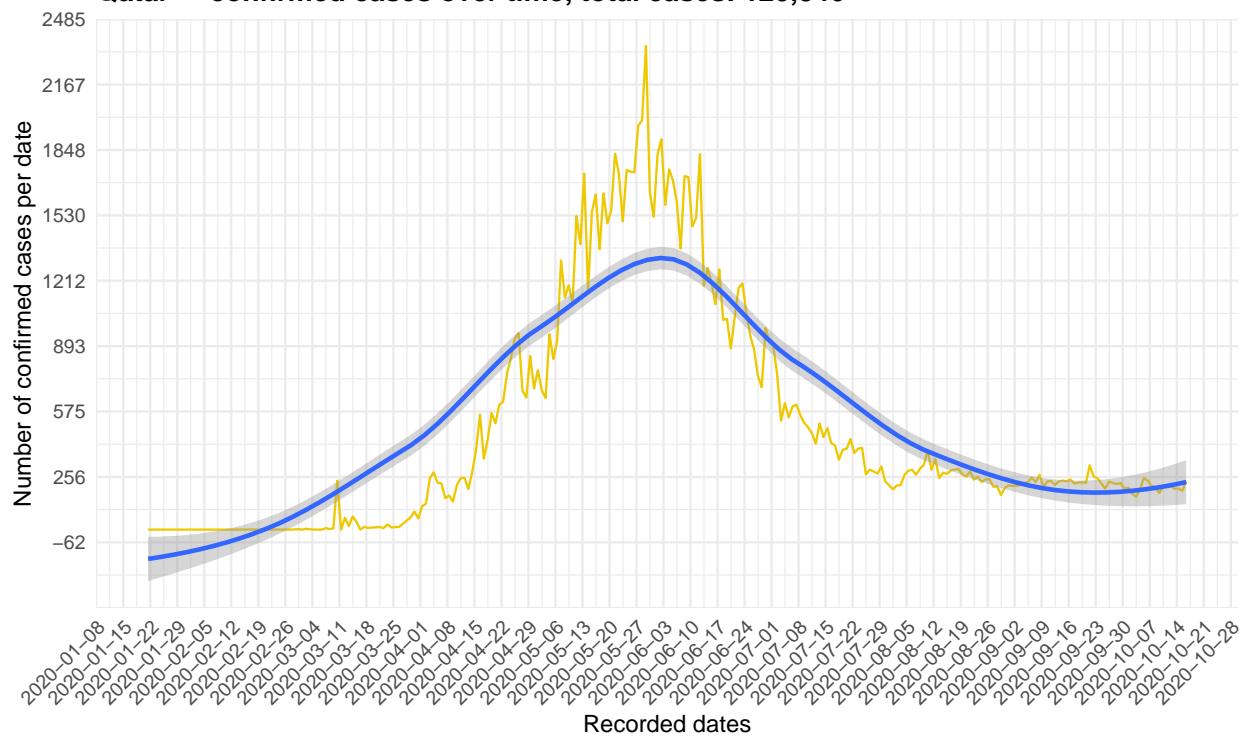

Portugal – confirmed cases over time, total cases: 61,541

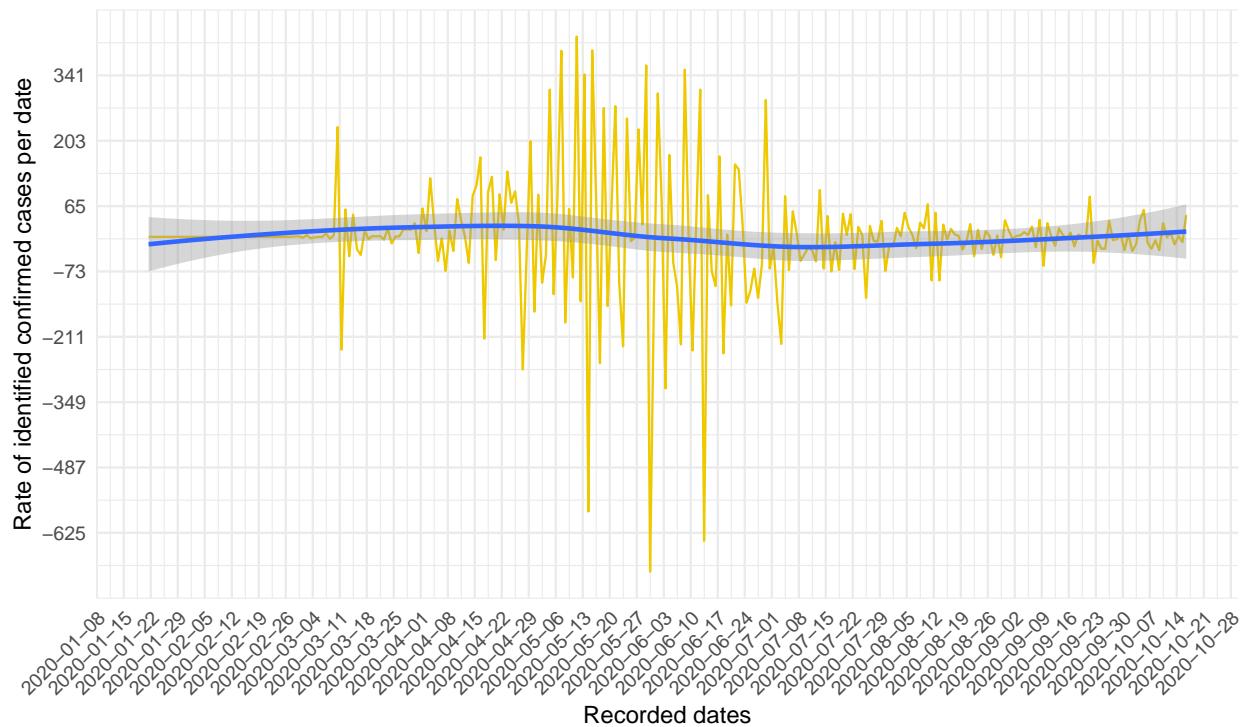

Portugal – rate of increase of confirmed cases over time

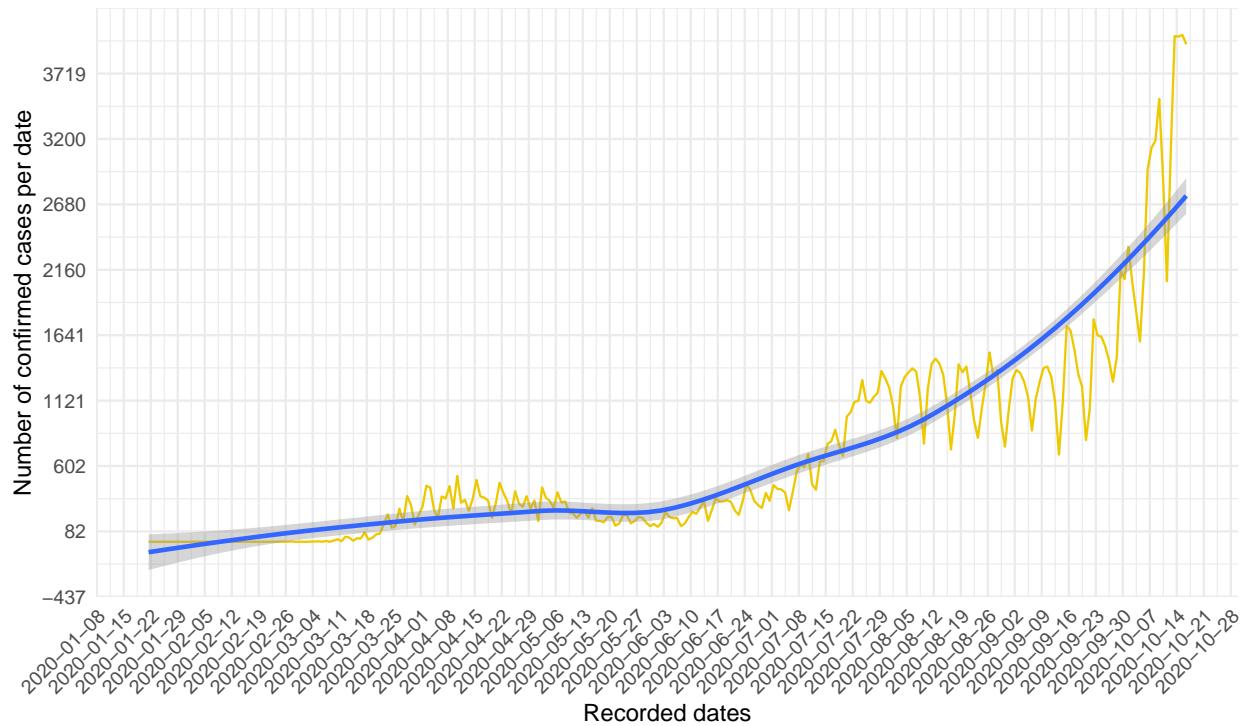

Qatar – confirmed cases over time, total cases: 120,846

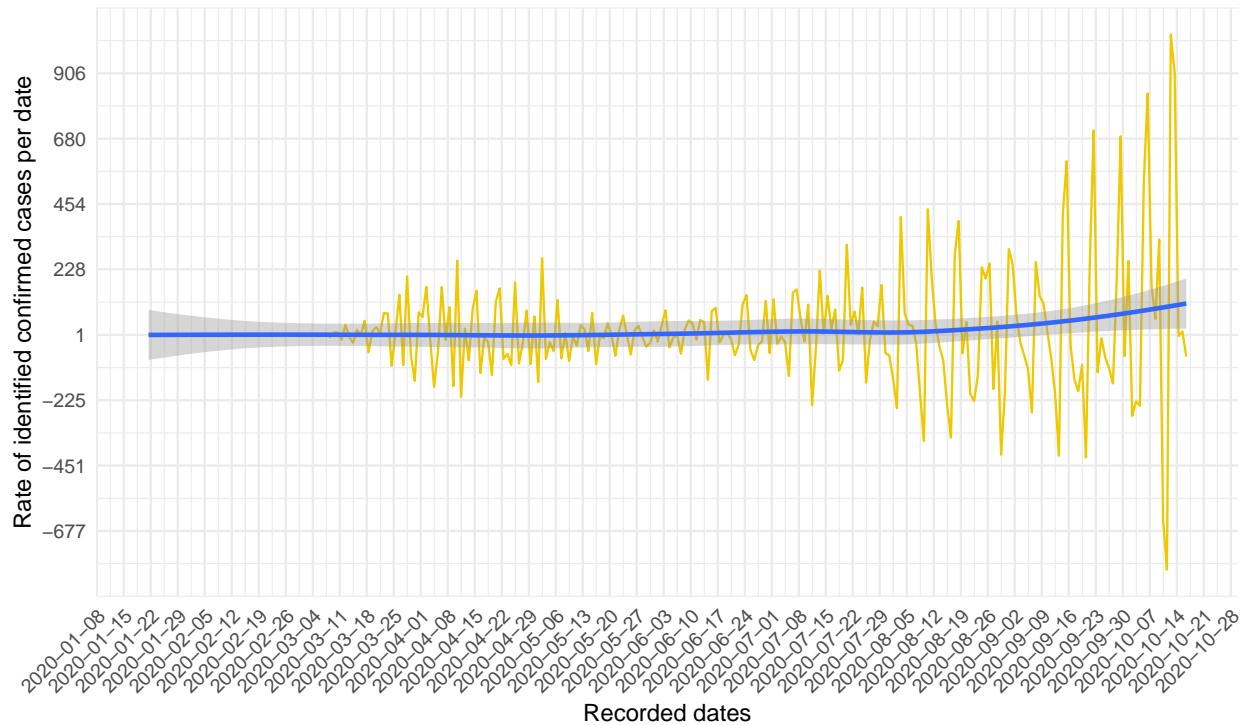

Qatar – rate of increase of confirmed cases over time
