

**Covid-19 exploratory analysis, data fetched from CSSE
Github data repository, John Hopkins University,
United States**

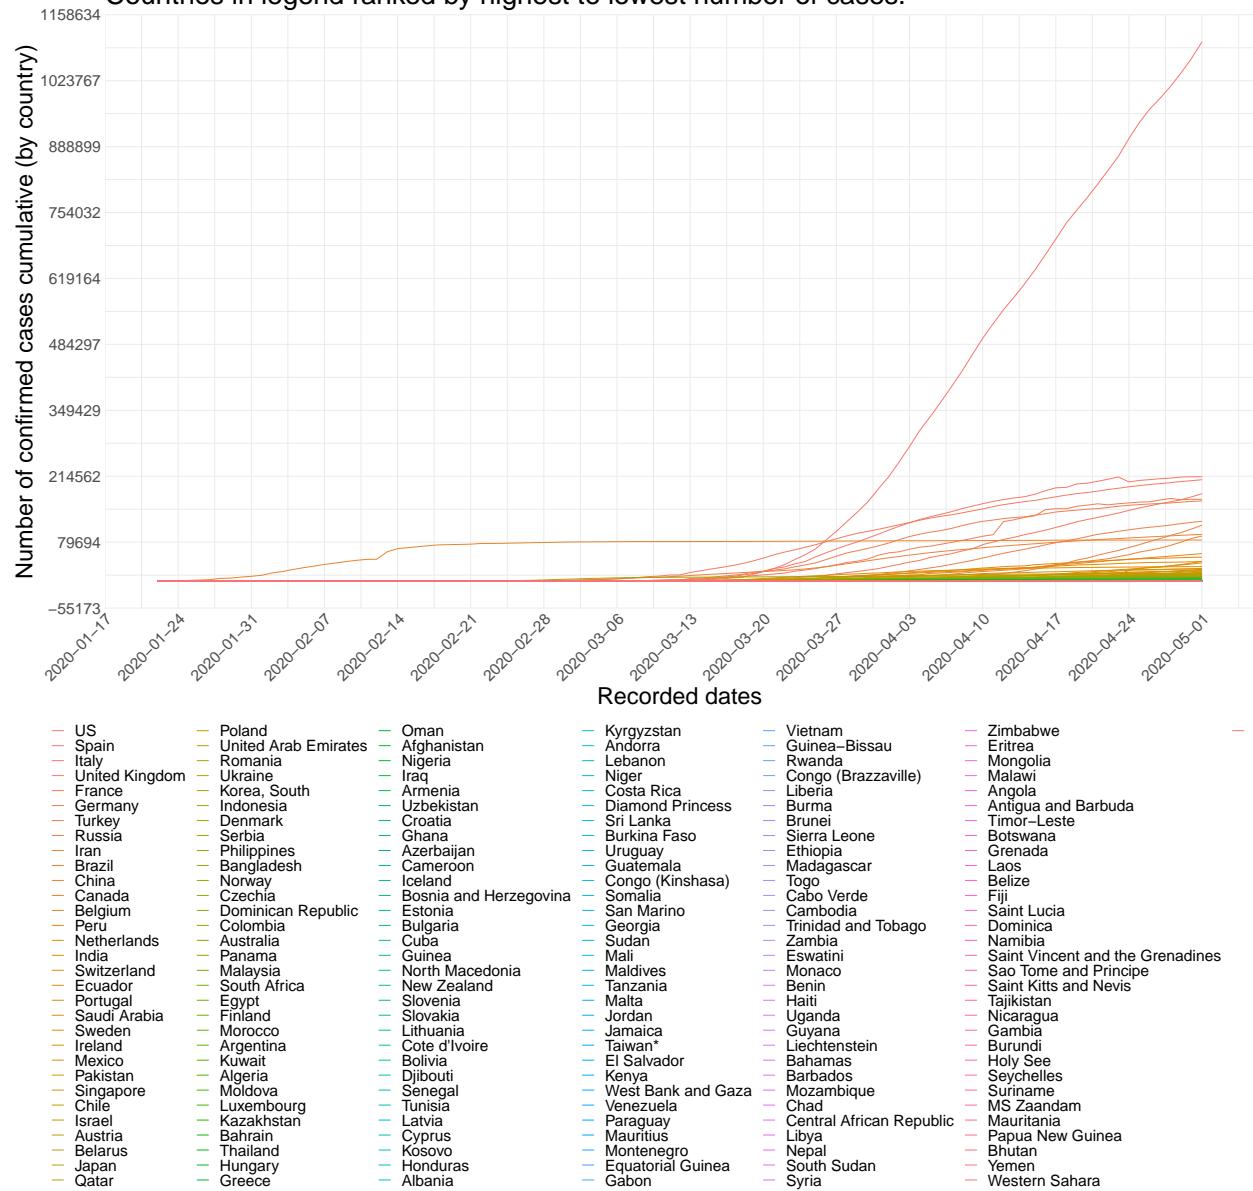

Saurajyoti Kar, Philadelphia, United States

Date Created: 2020-05-02

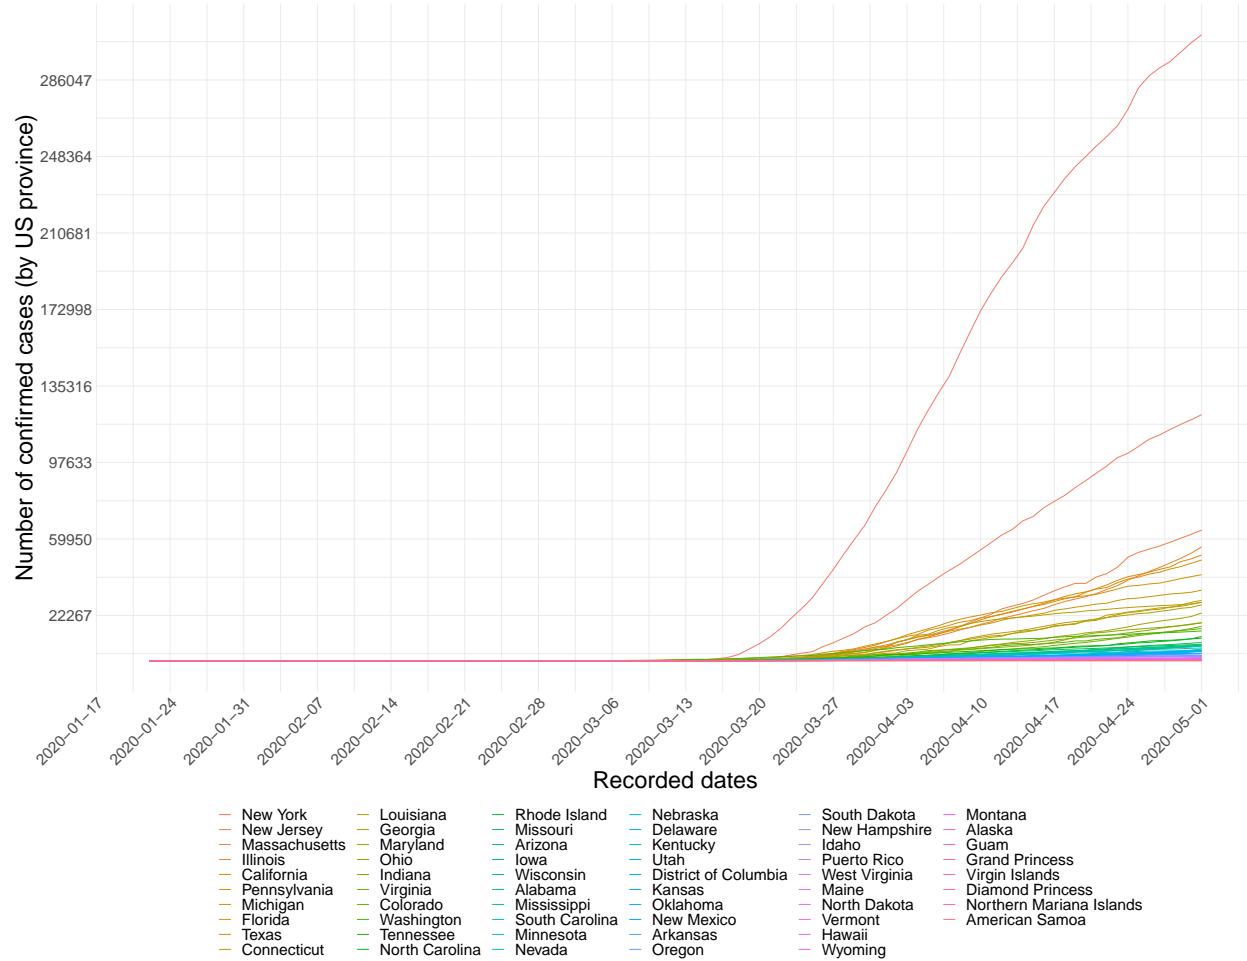

Confirmed cases across the world, cumulative counting

Confirmed cases by country. Total global cases 3,345,708.
Countries in legend ranked by highest to lowest number of cases.

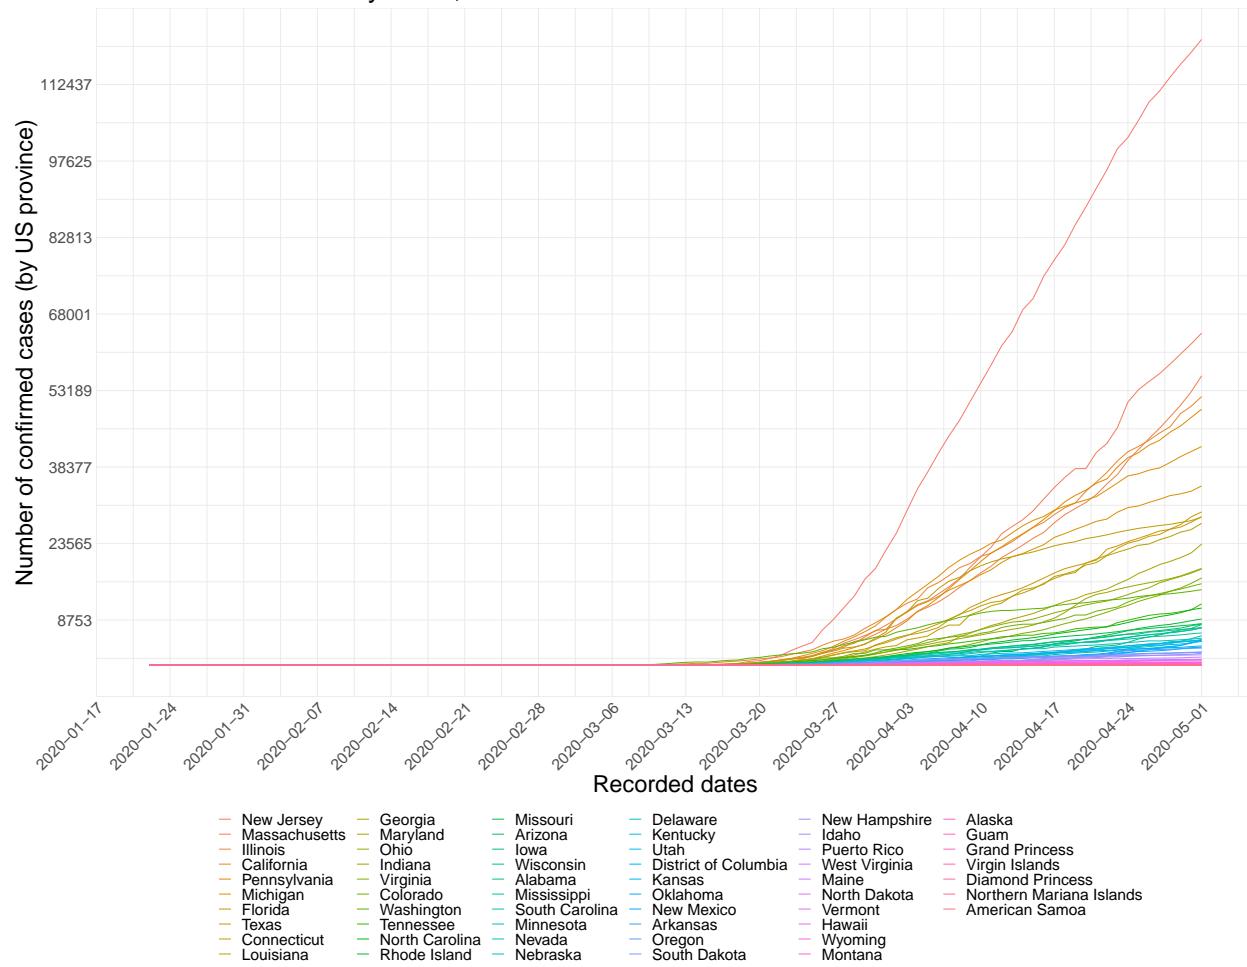

Confirmed cases in US states, cumulative counting

US confirmed cases by State. Total confirmed cases in US: 1,103,461

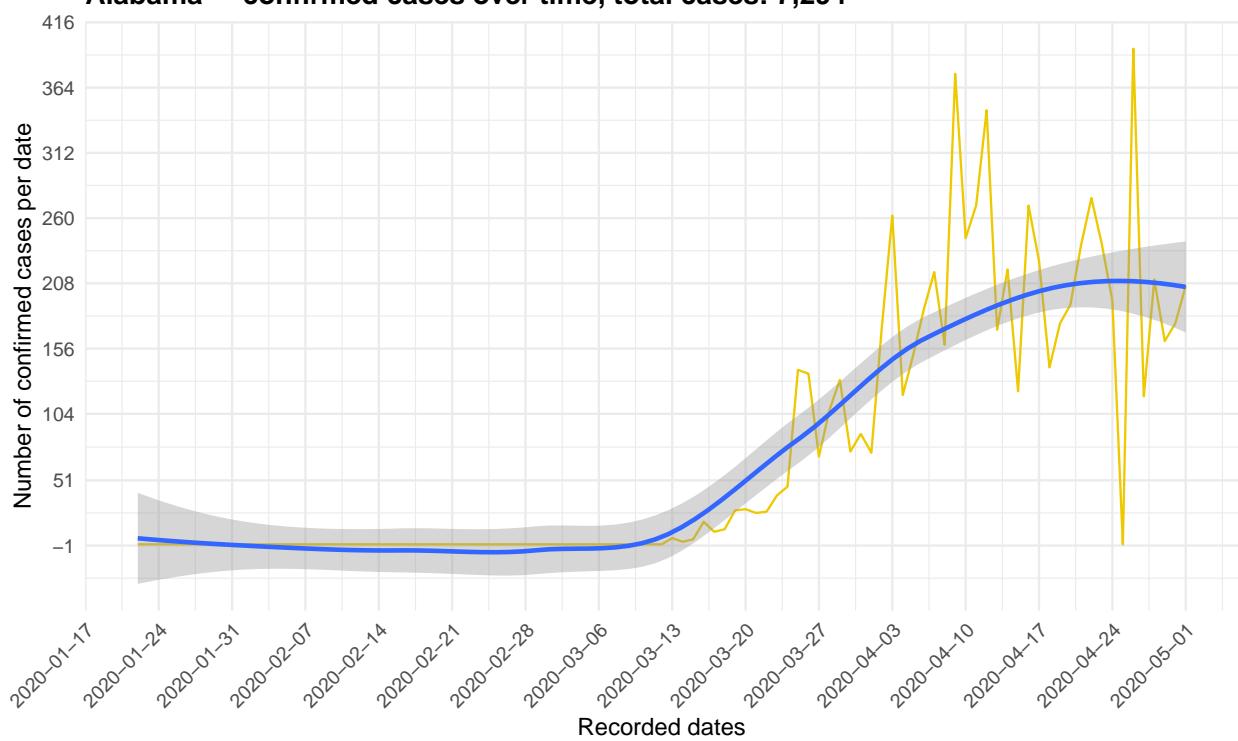

Confirmed cases in US states except New York, cumulative counting

US confirmed cases by State, without New York

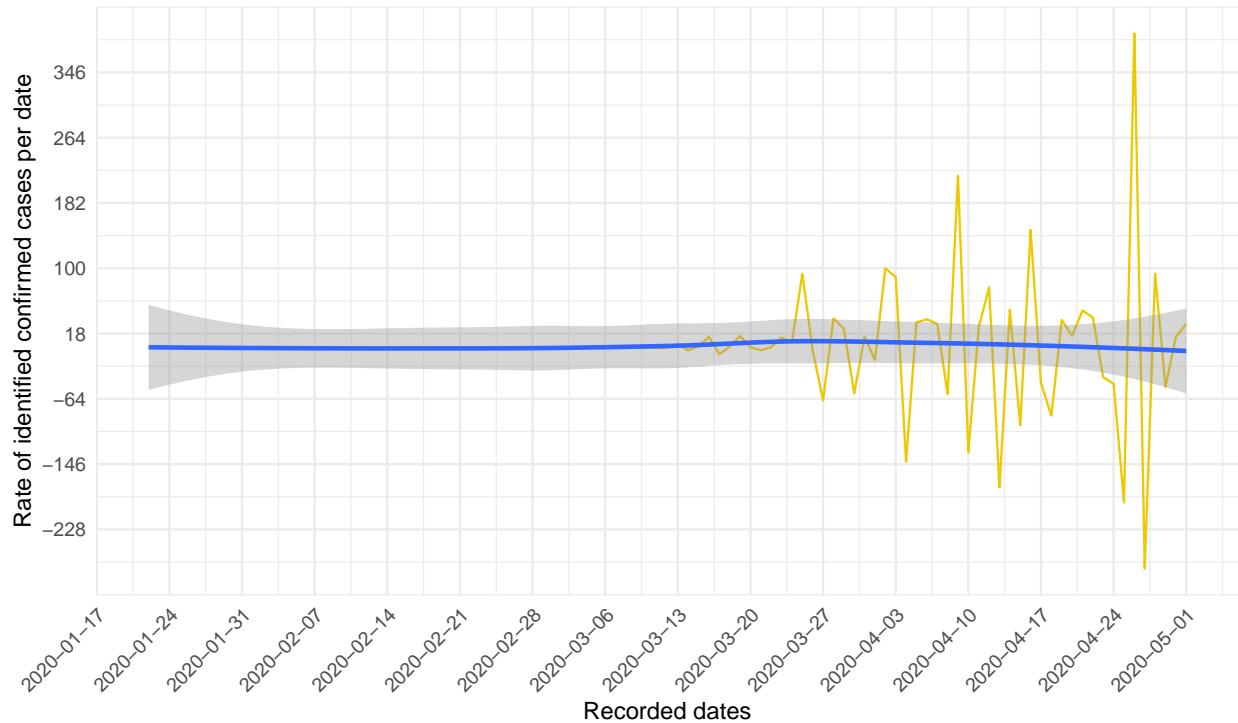

Confirmed cases by State or Province, per day counting and rate of increase per day

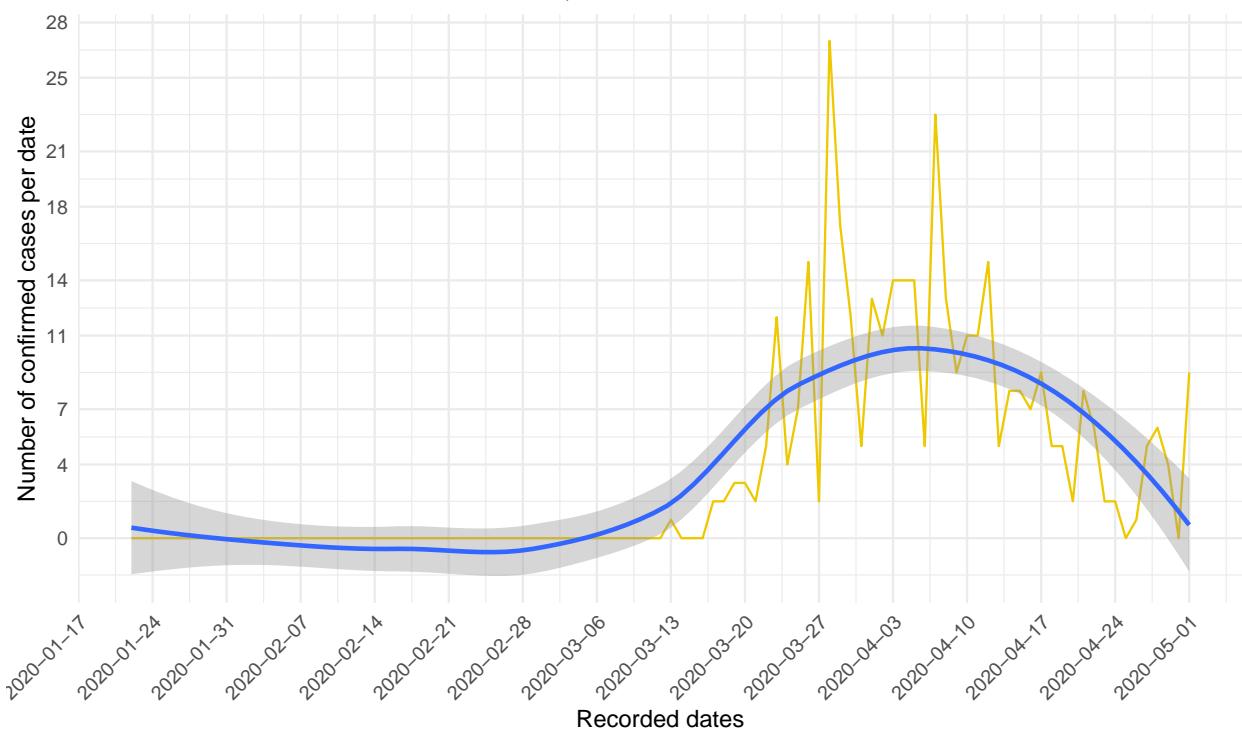

Alabama – confirmed cases over time, total cases: 7,294

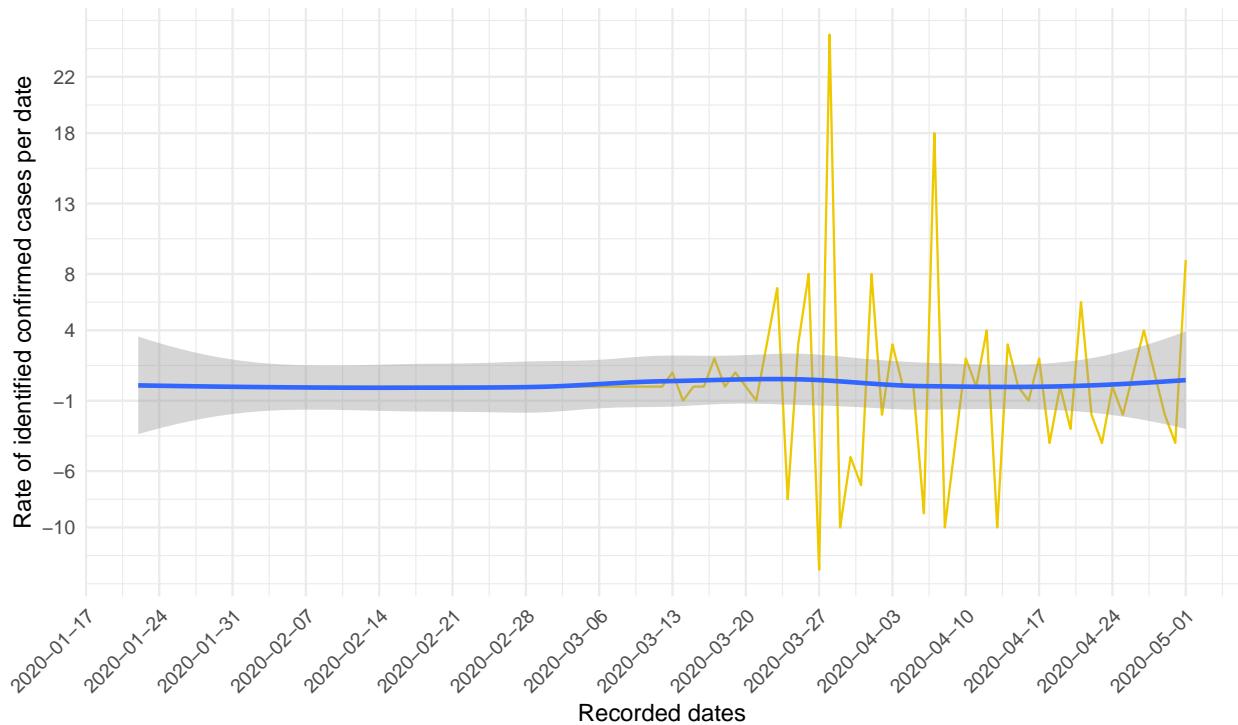

Alabama – rate of increase of confirmed cases over time

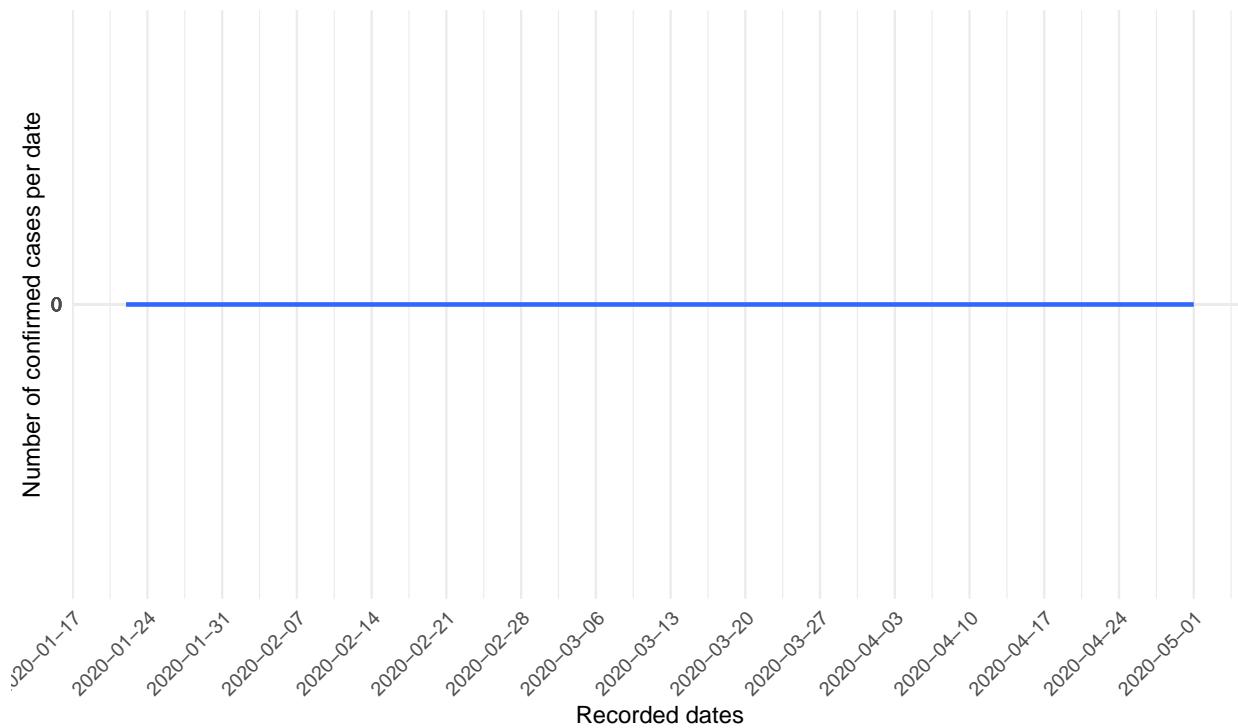

Alaska – confirmed cases over time, total cases: 364

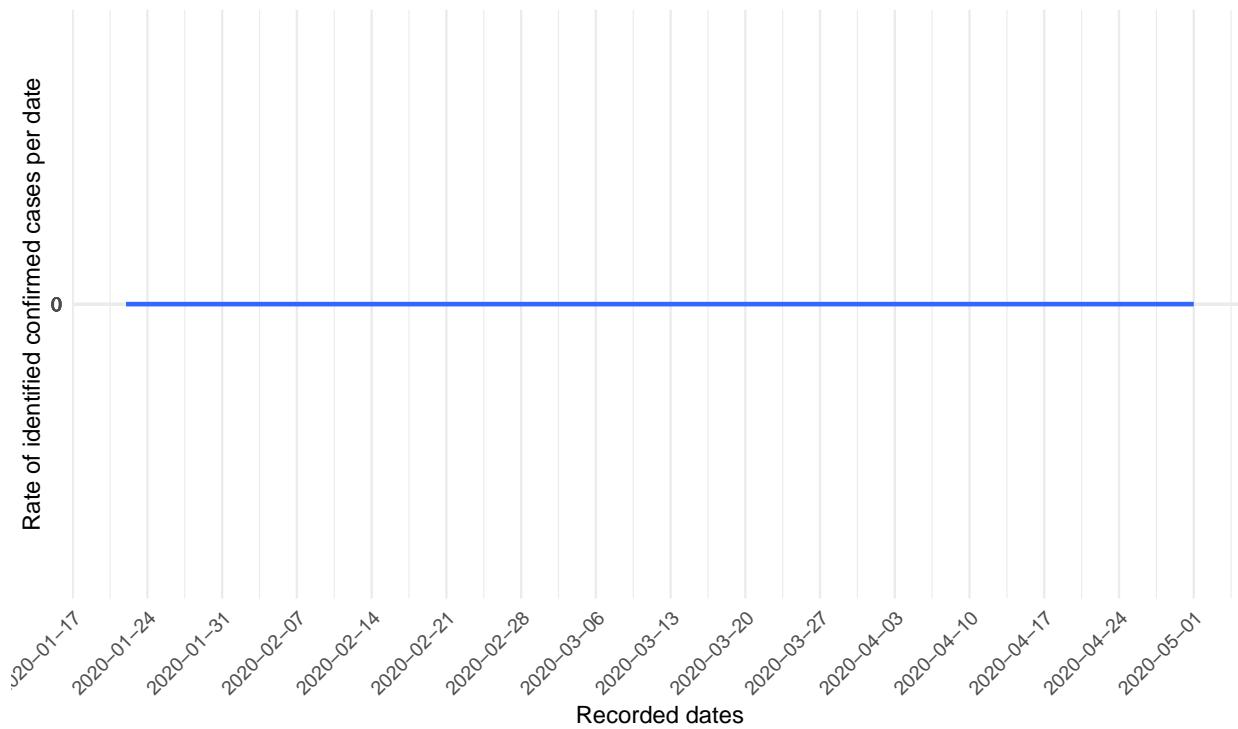

Alaska – rate of increase of confirmed cases over time

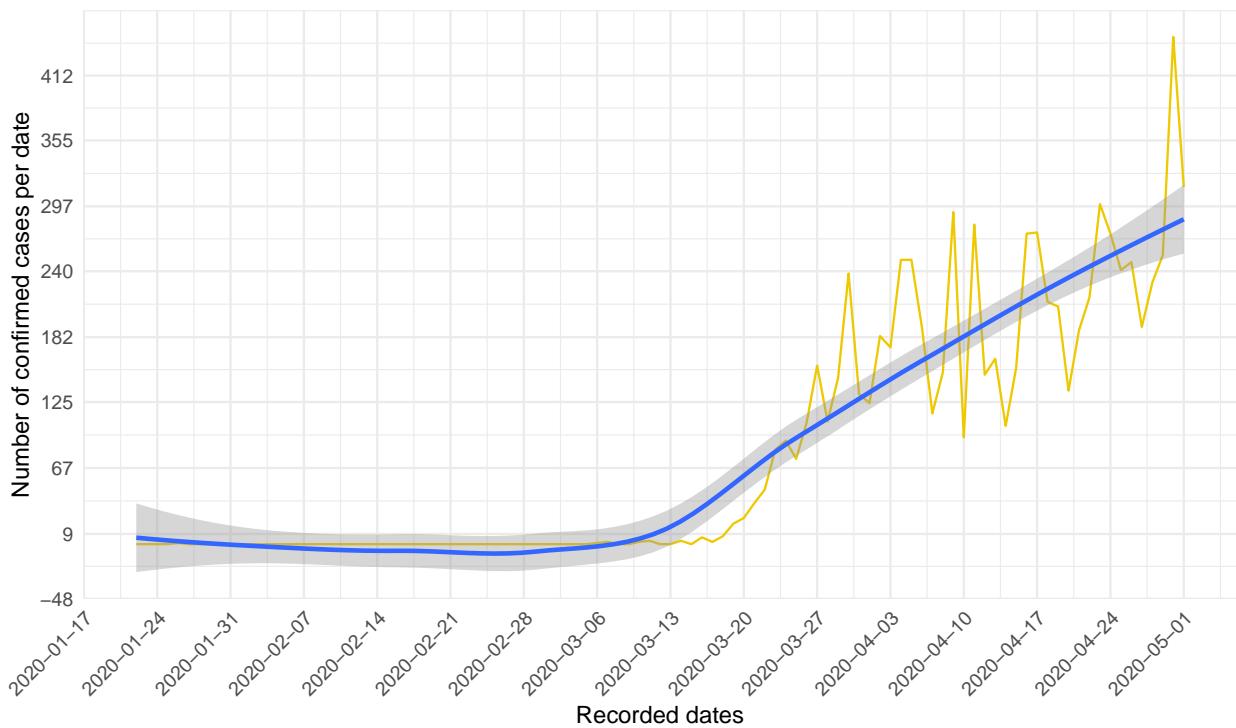

American Samoa – confirmed cases over time, total cases: 0

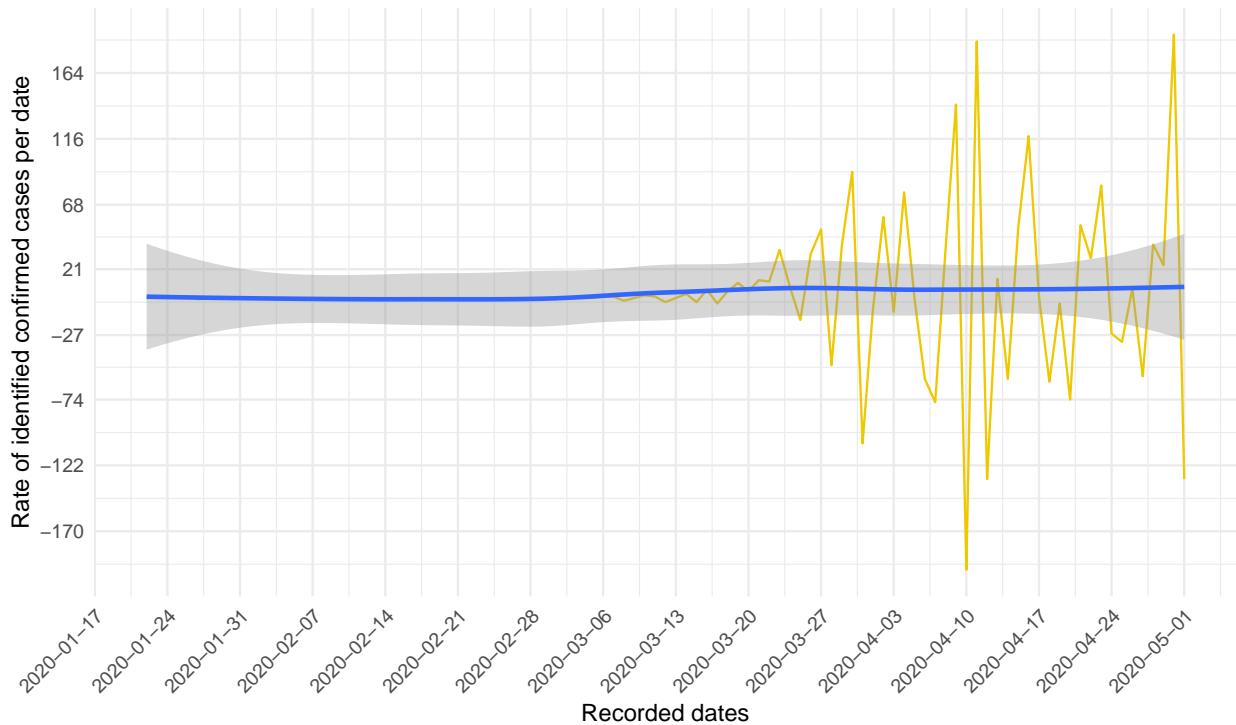

American Samoa – rate of increase of confirmed cases over time

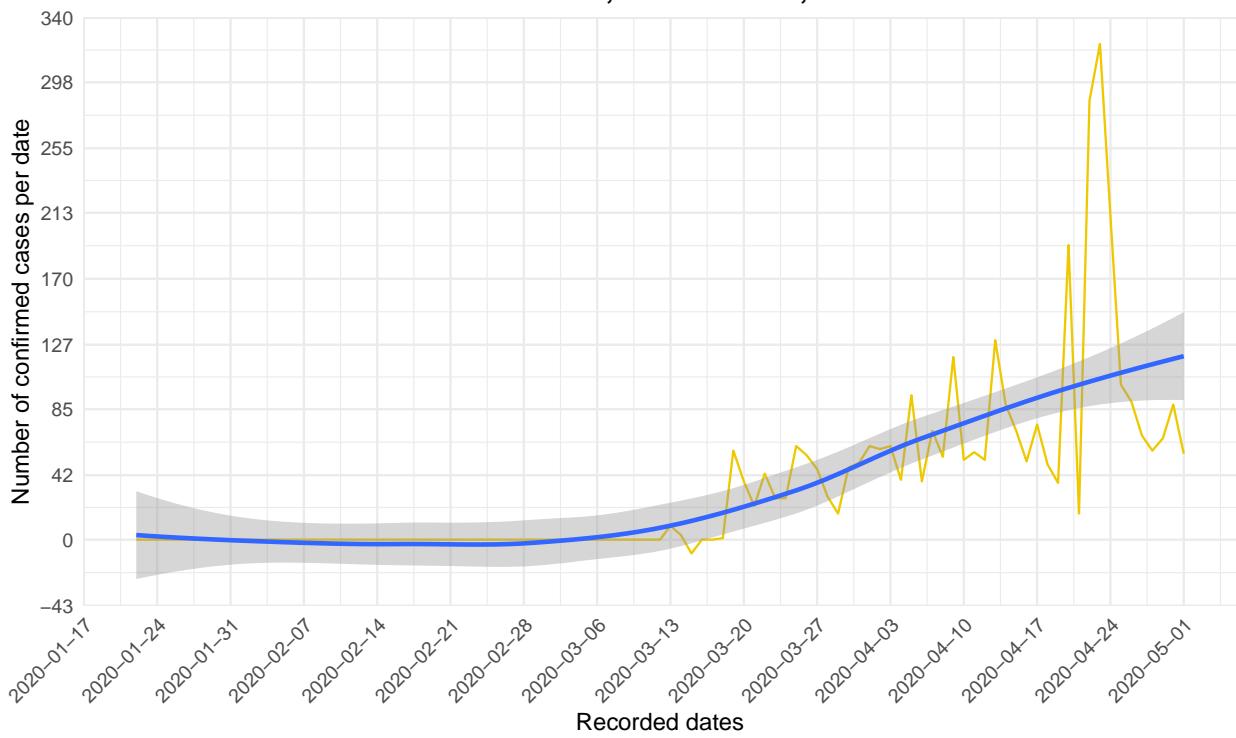

Arizona – confirmed cases over time, total cases: 7,969

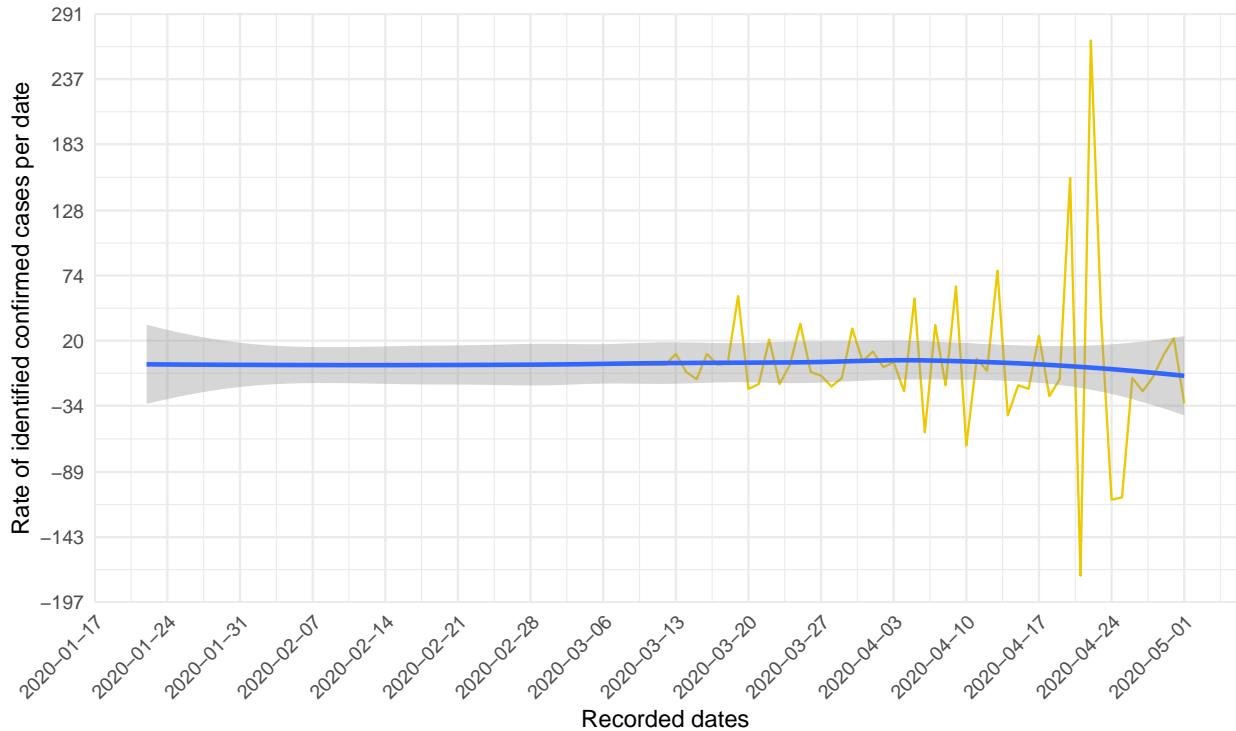

Arizona – rate of increase of confirmed cases over time

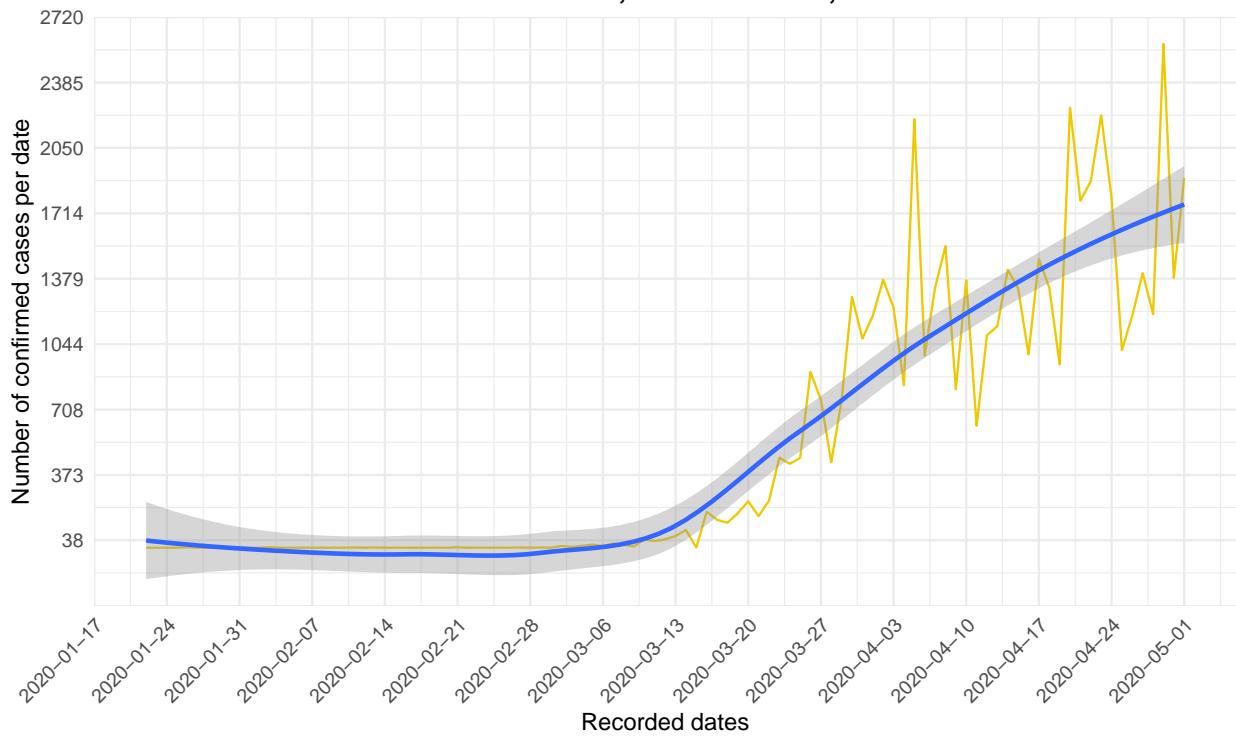

Arkansas – confirmed cases over time, total cases: 3,337

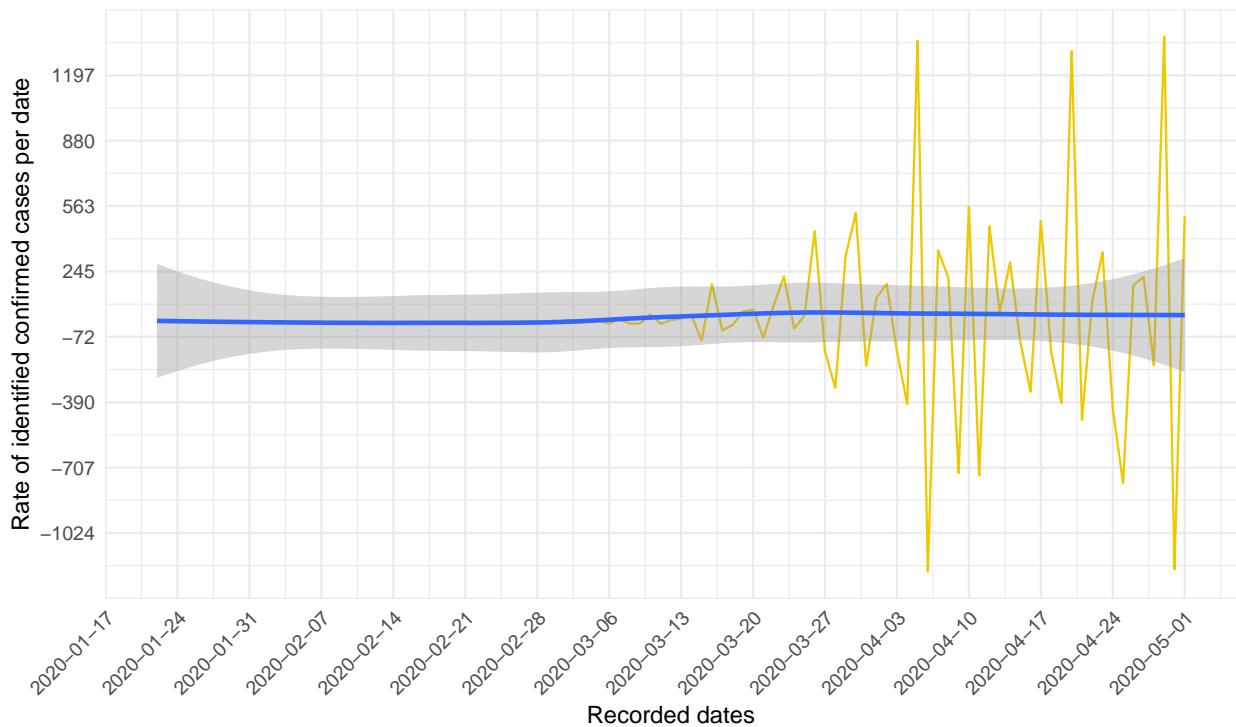

Arkansas – rate of increase of confirmed cases over time

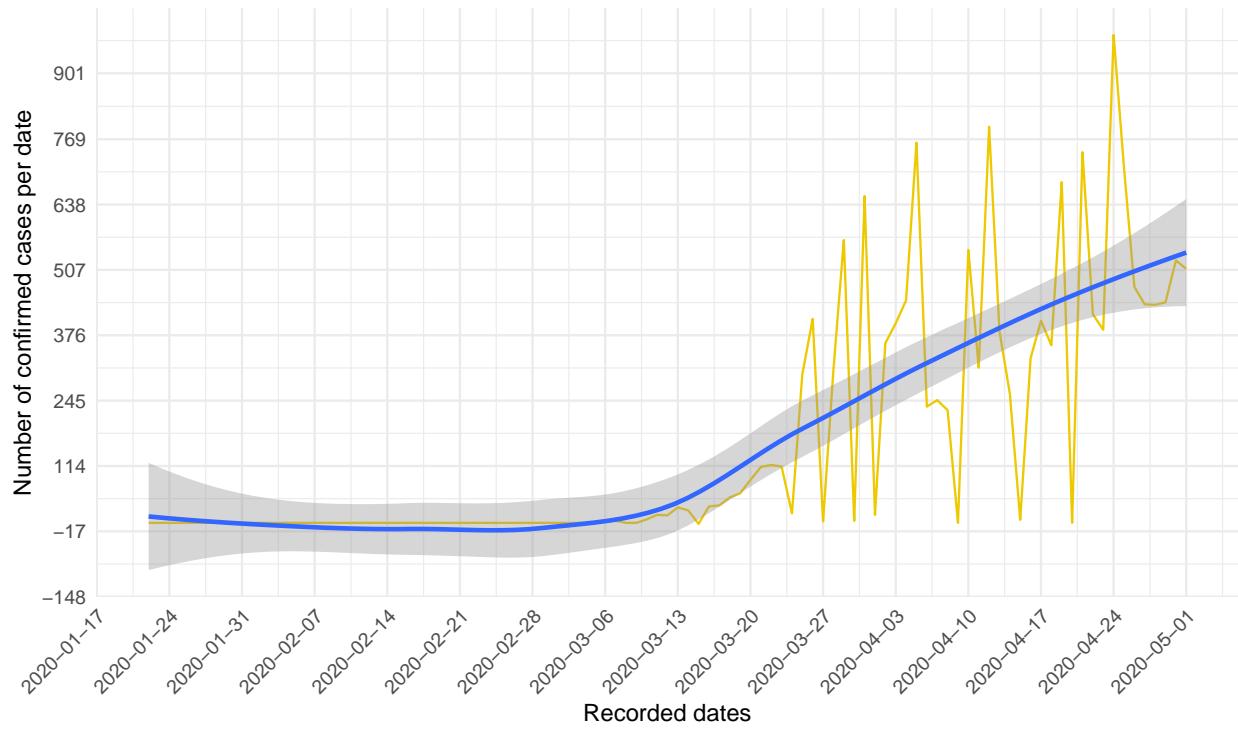

California – confirmed cases over time, total cases: 52,026

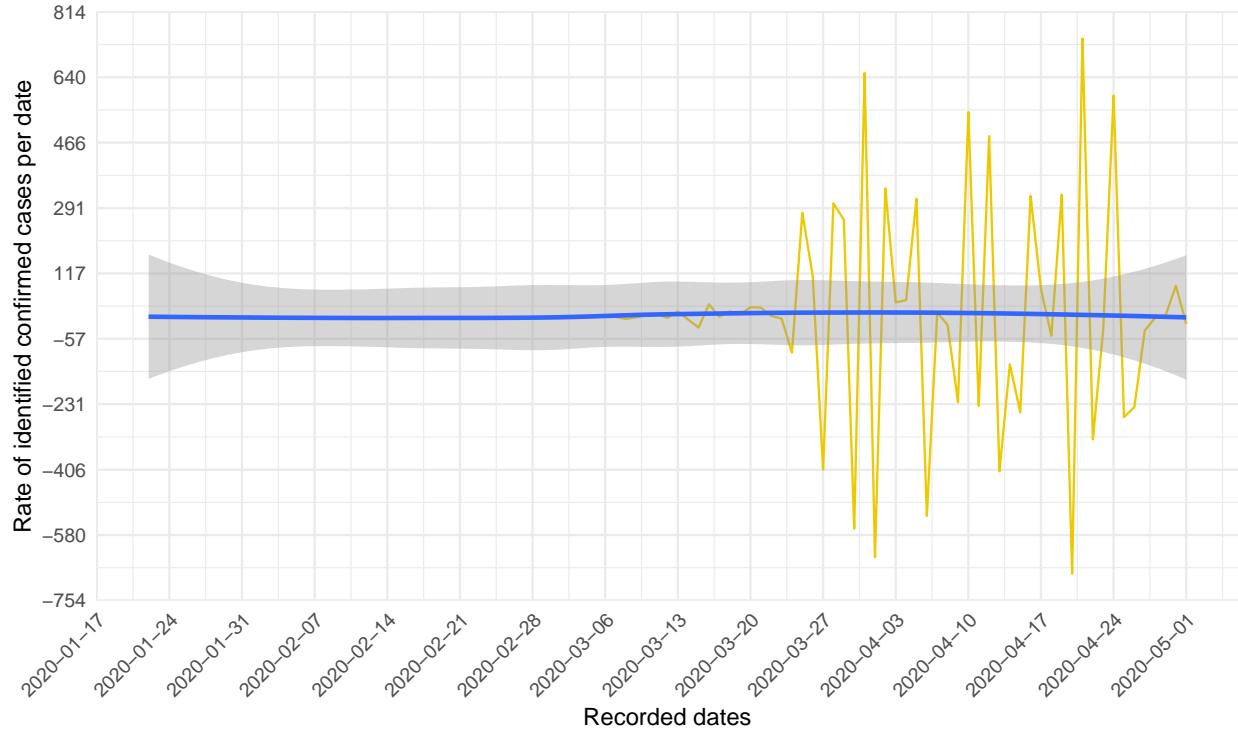

California – rate of increase of confirmed cases over time

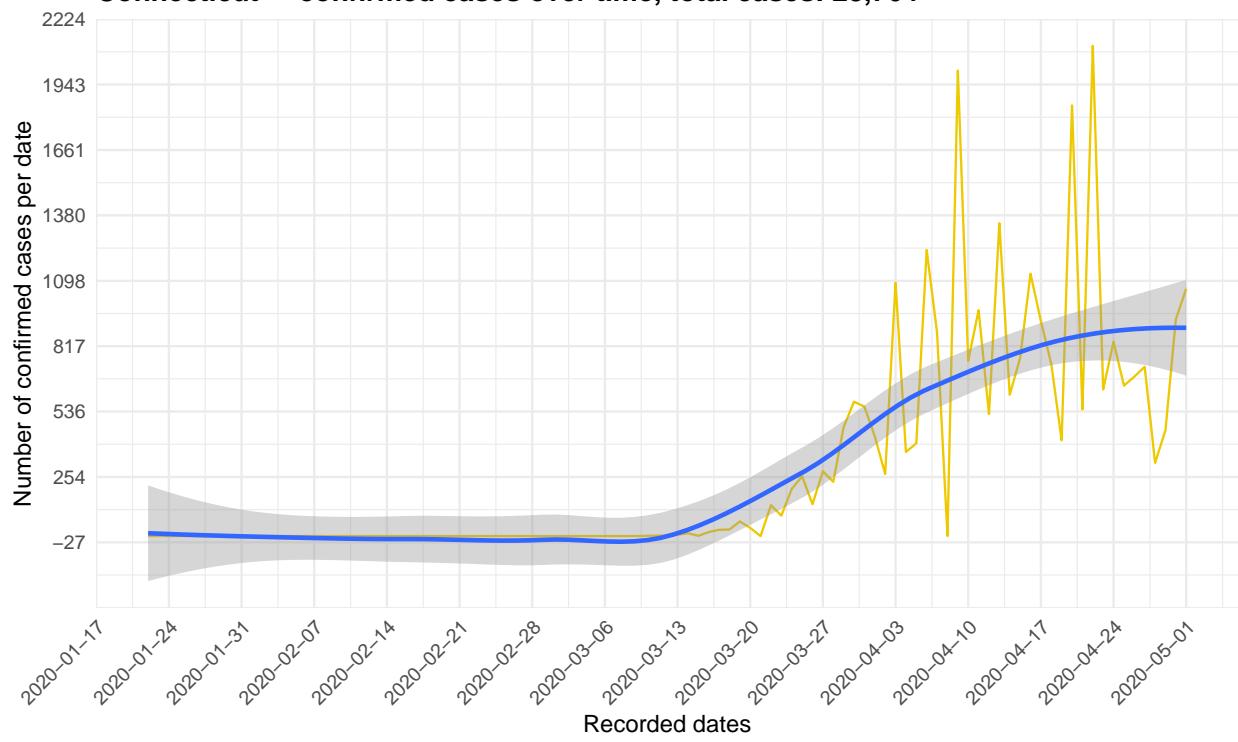

Colorado – confirmed cases over time, total cases: 15,793

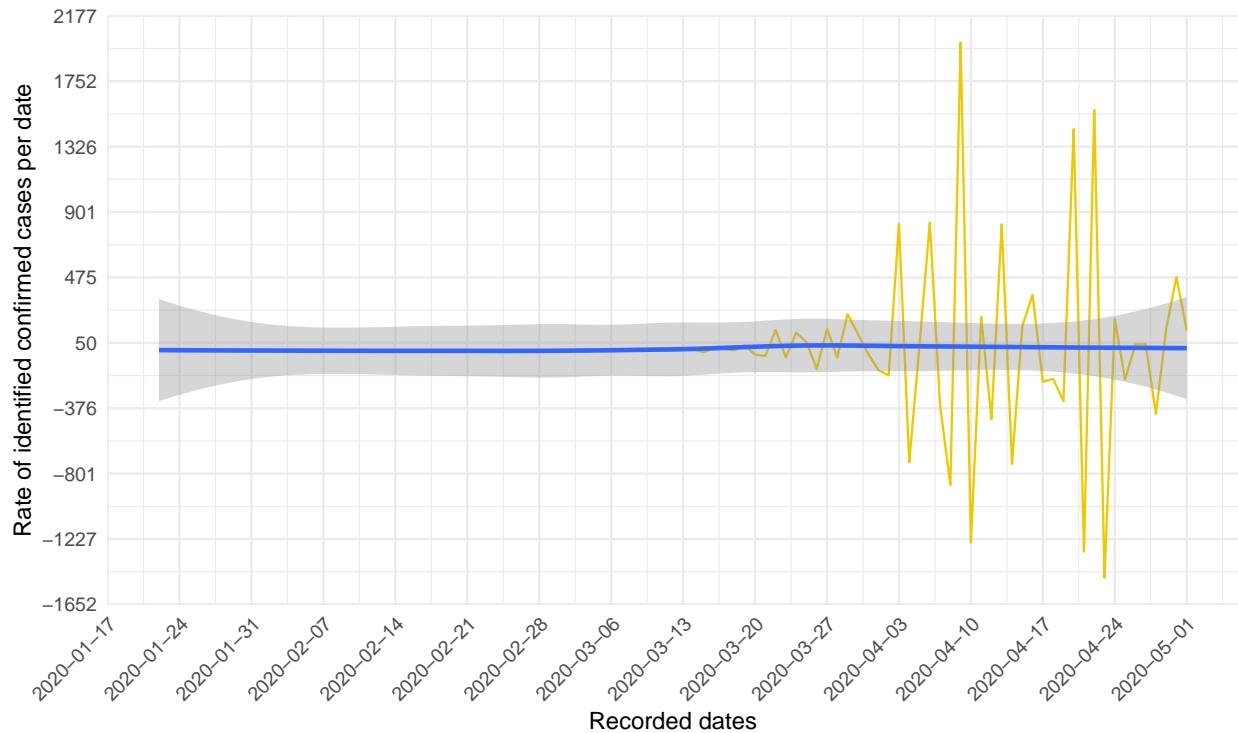

Colorado – rate of increase of confirmed cases over time

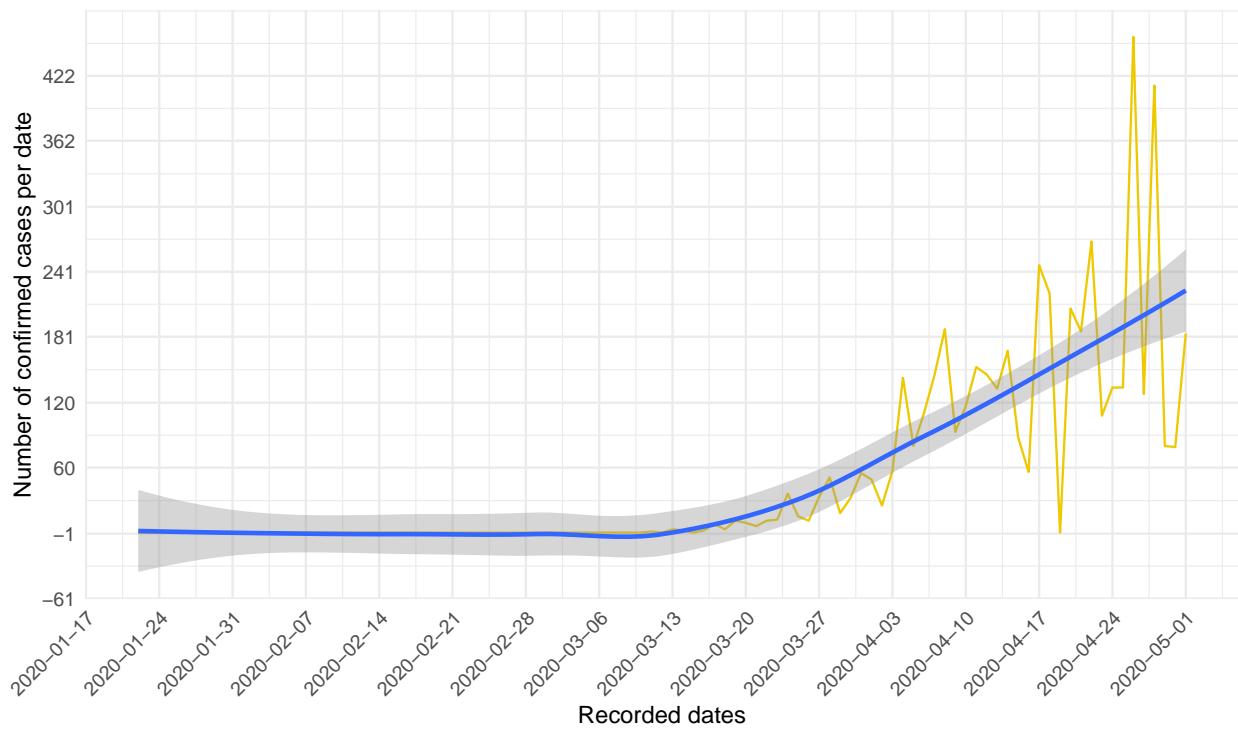

Connecticut – confirmed cases over time, total cases: 28,764

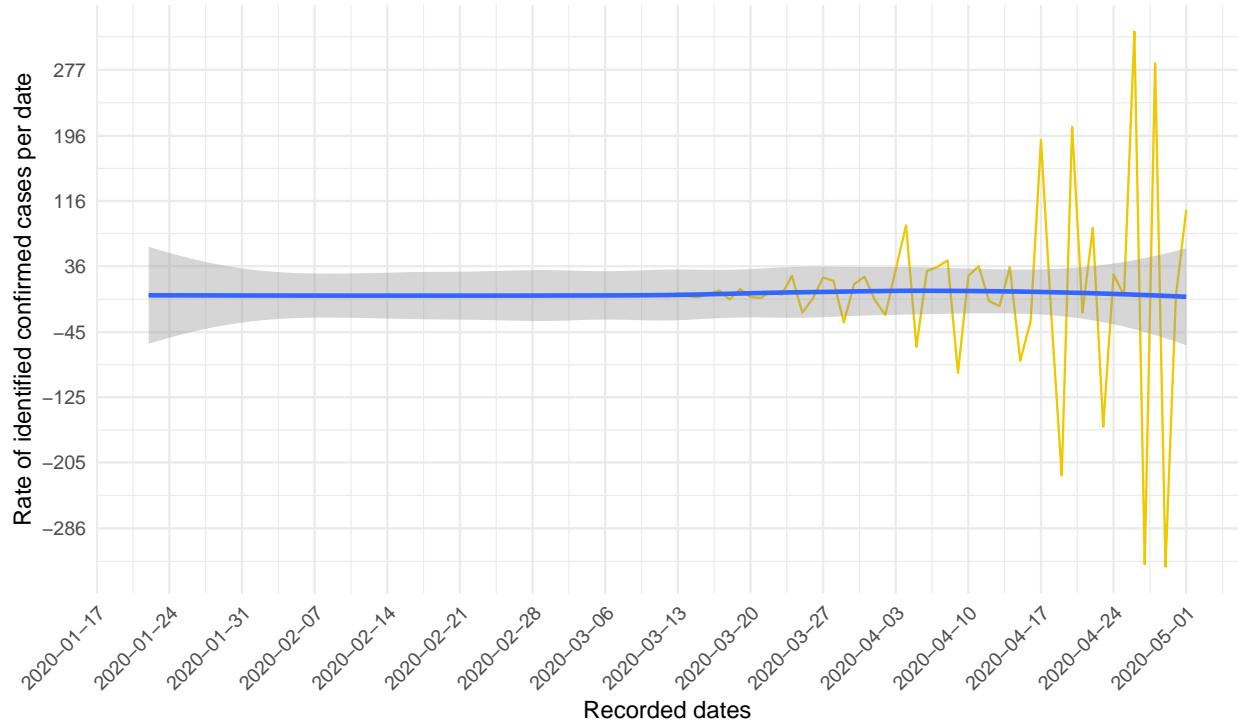

Connecticut – rate of increase of confirmed cases over time

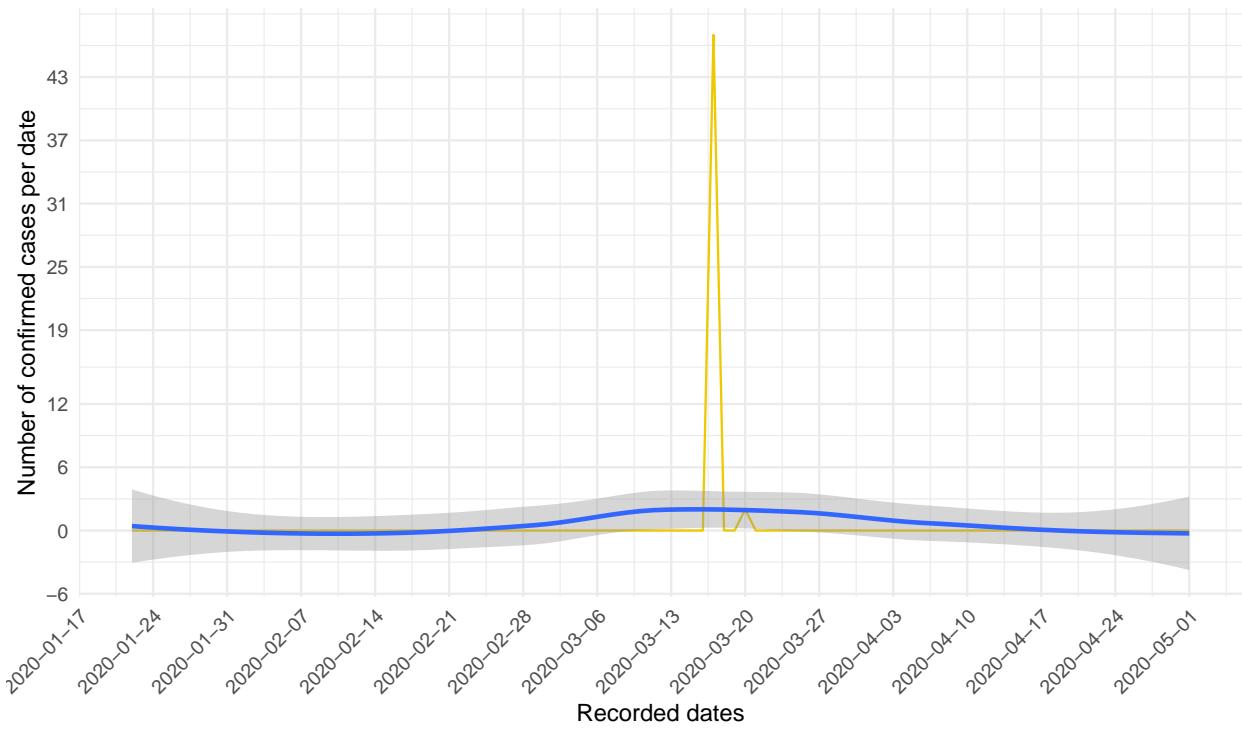

Delaware – confirmed cases over time, total cases: 4,918

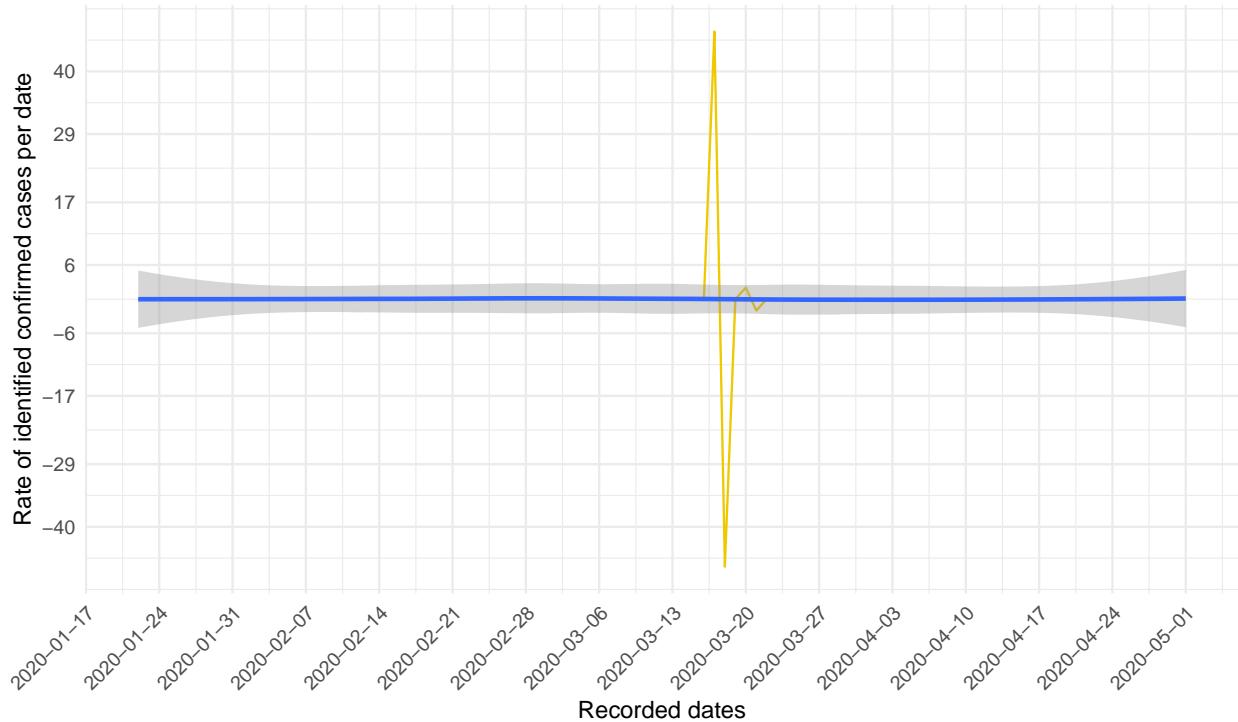

Delaware – rate of increase of confirmed cases over time

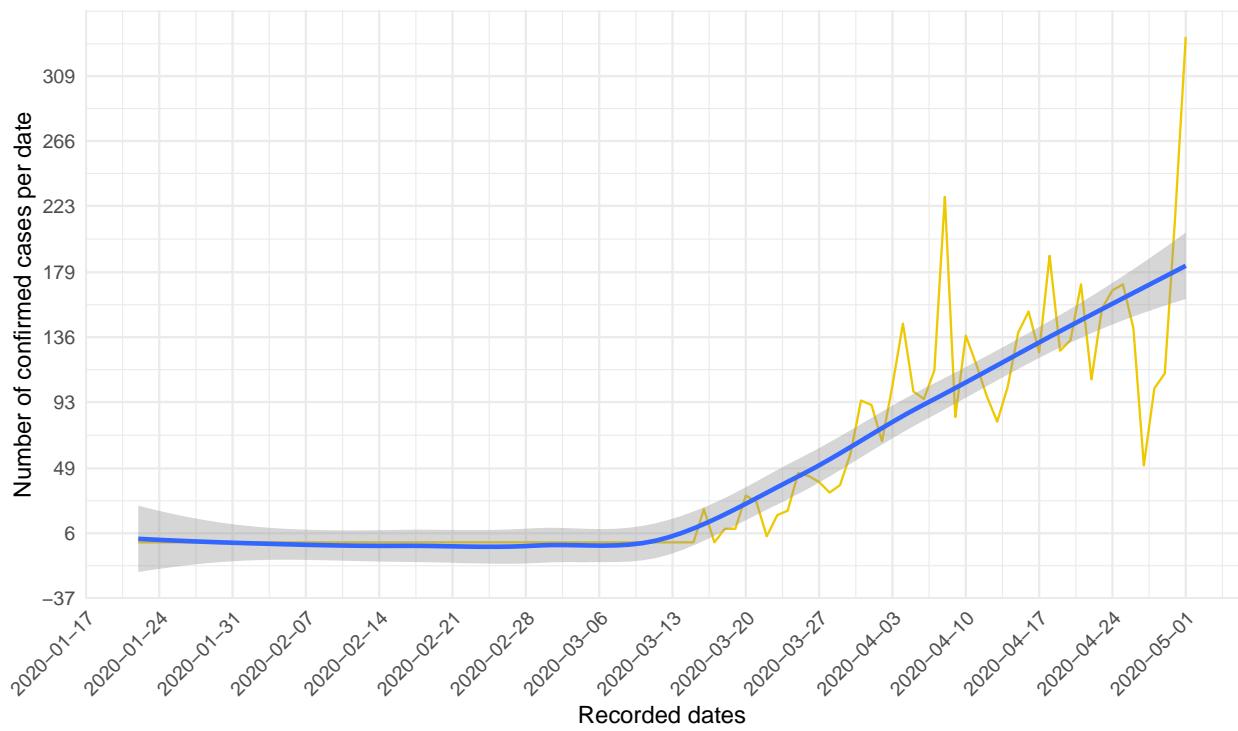

Diamond Princess – confirmed cases over time, total cases: 49

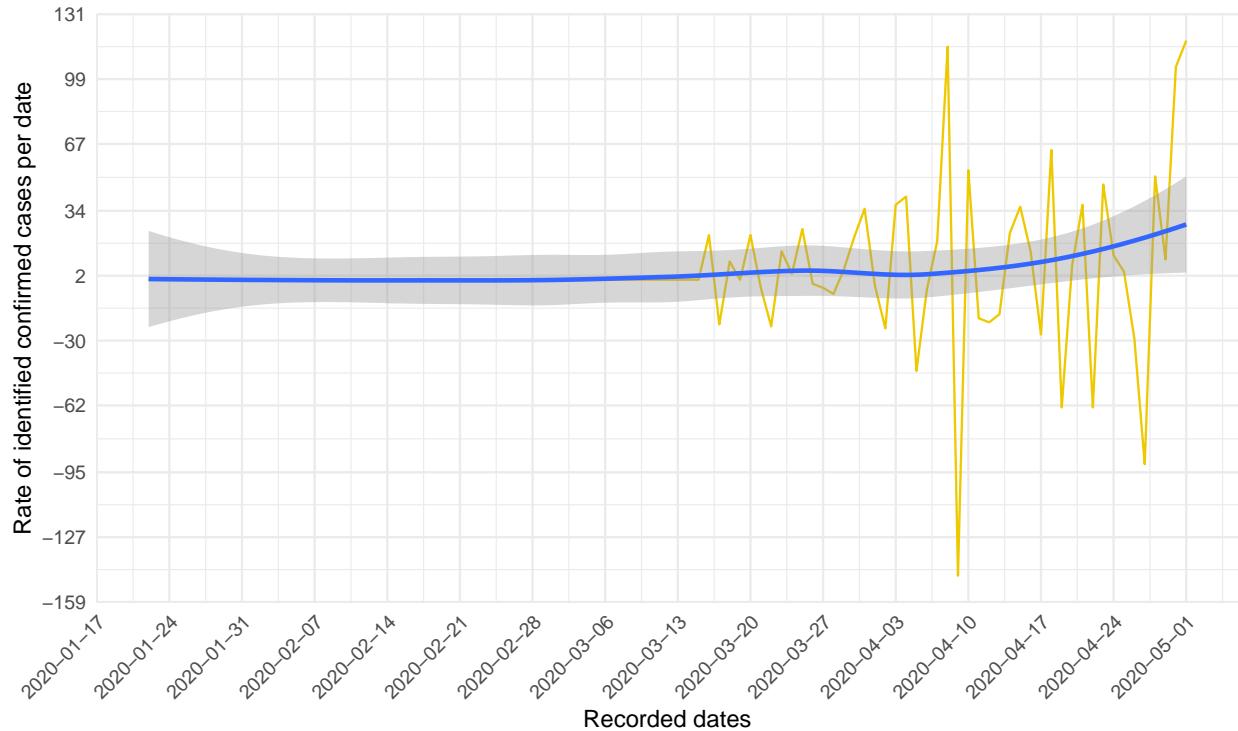

Diamond Princess – rate of increase of confirmed cases over time

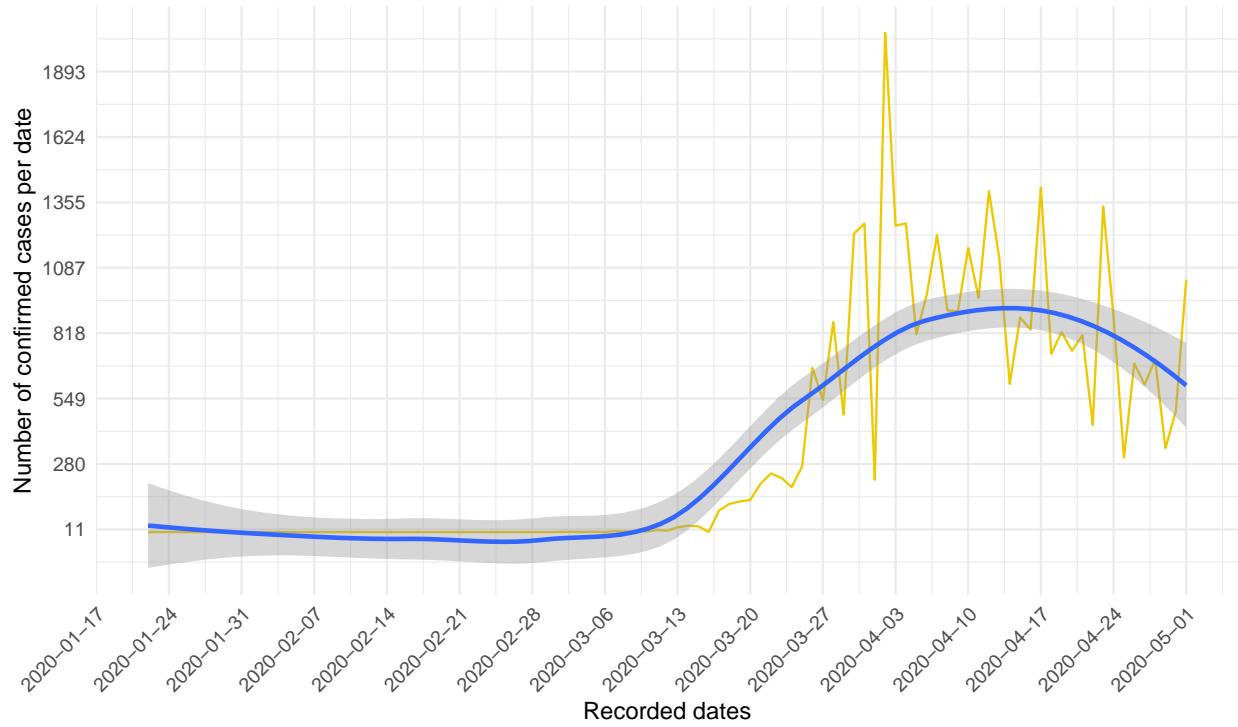

District of Columbia – confirmed cases over time, total cases: 4,658

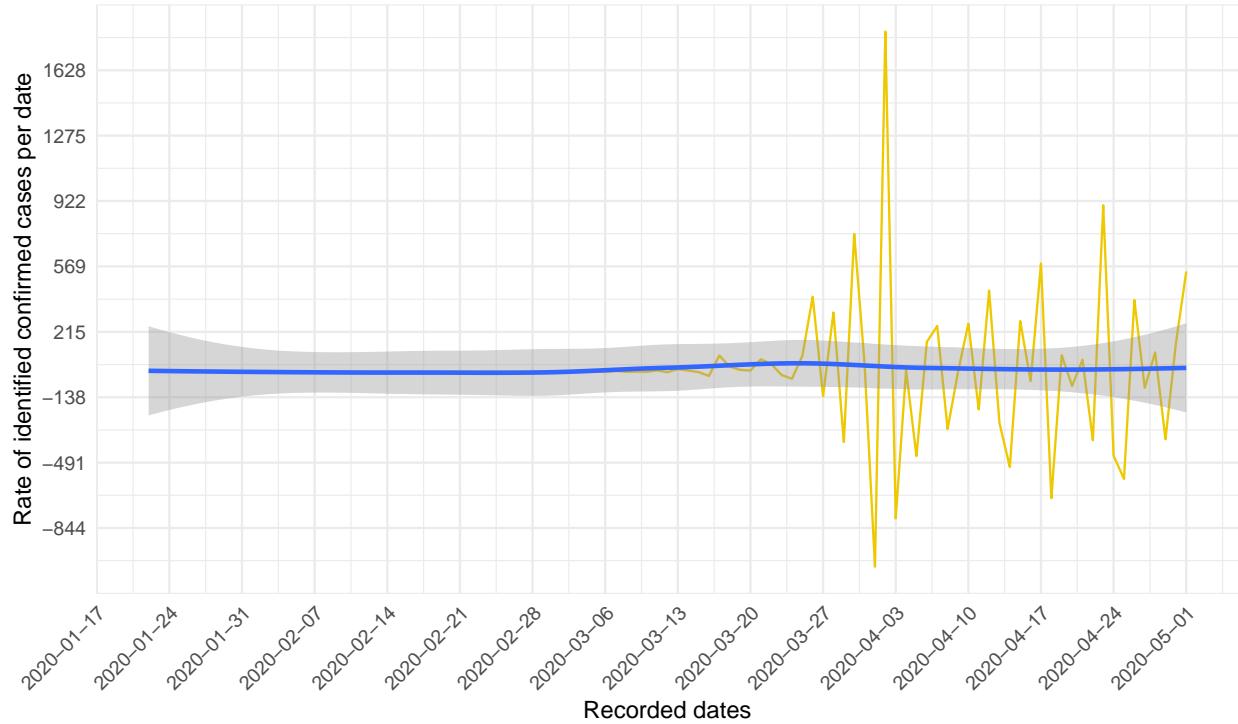

District of Columbia – rate of increase of confirmed cases over time

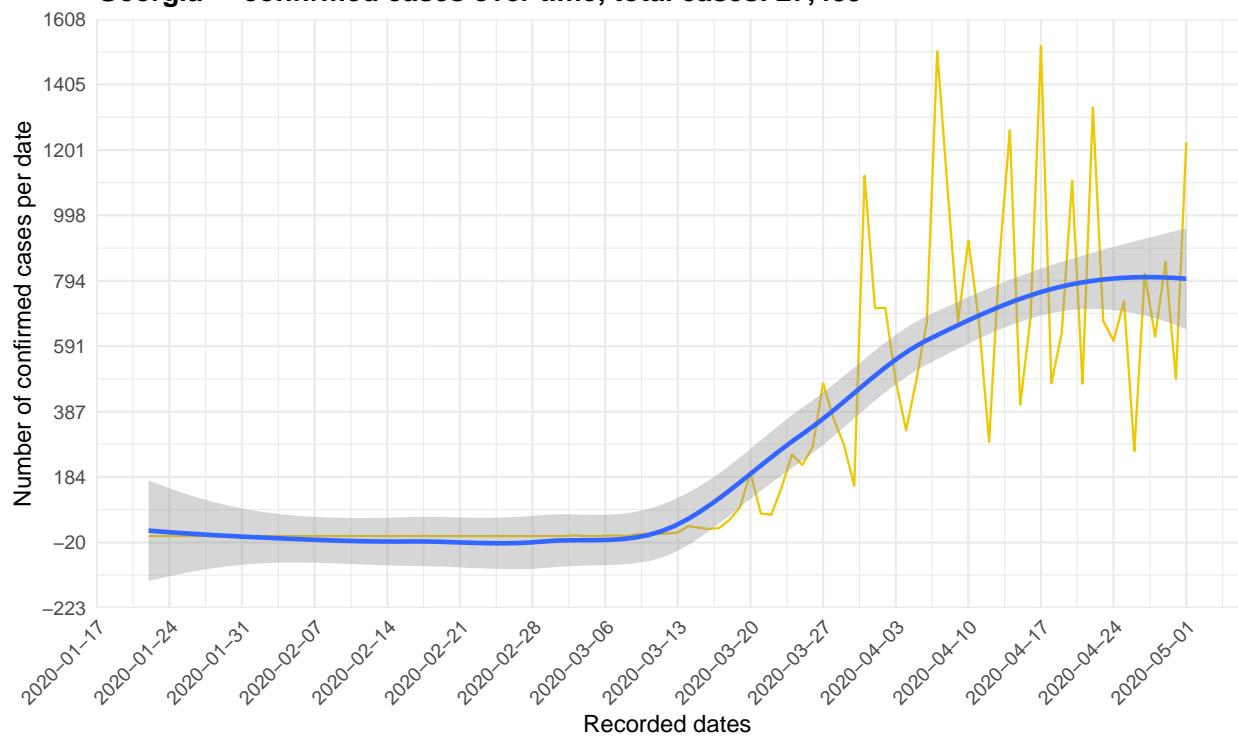

Florida – confirmed cases over time, total cases: 34,728

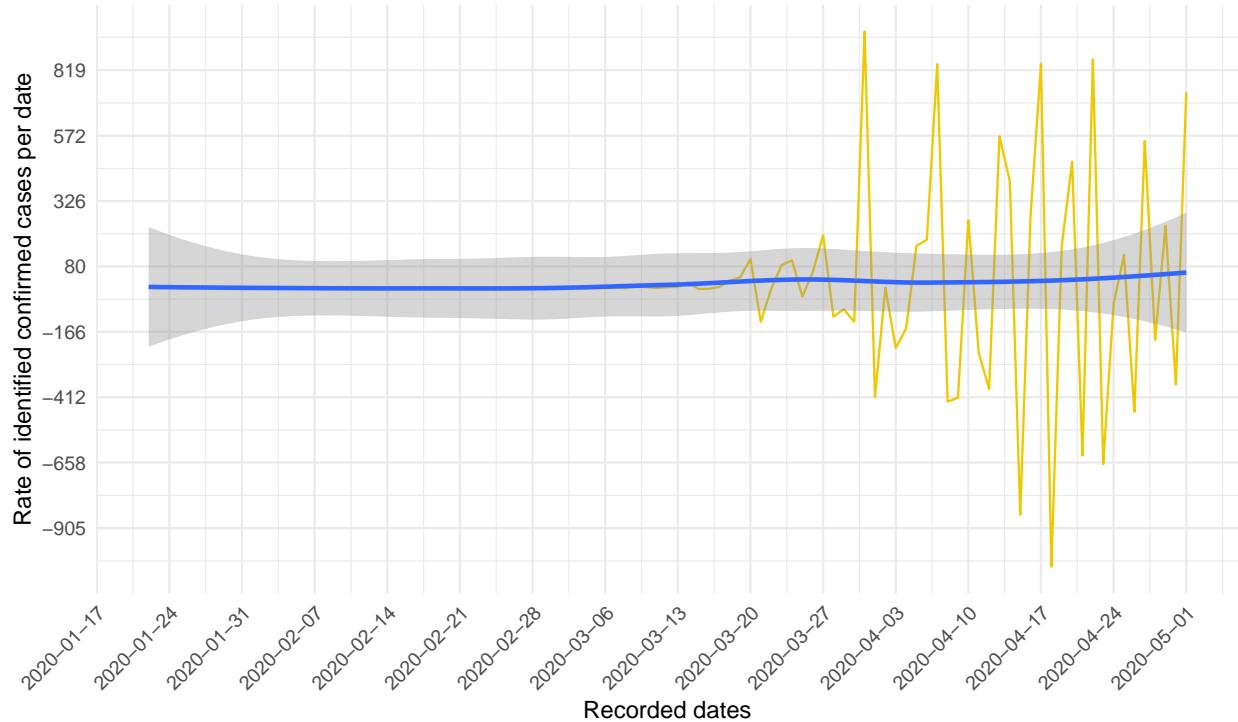

Florida – rate of increase of confirmed cases over time

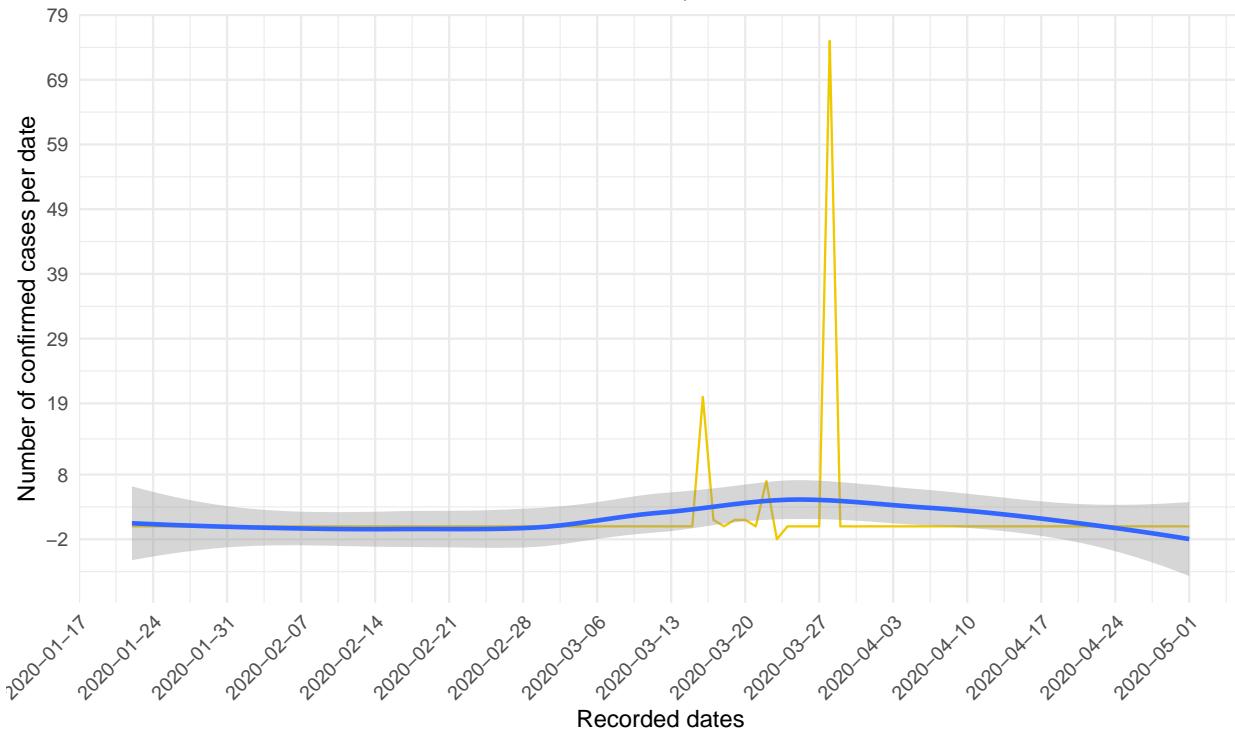

Georgia – confirmed cases over time, total cases: 27,489

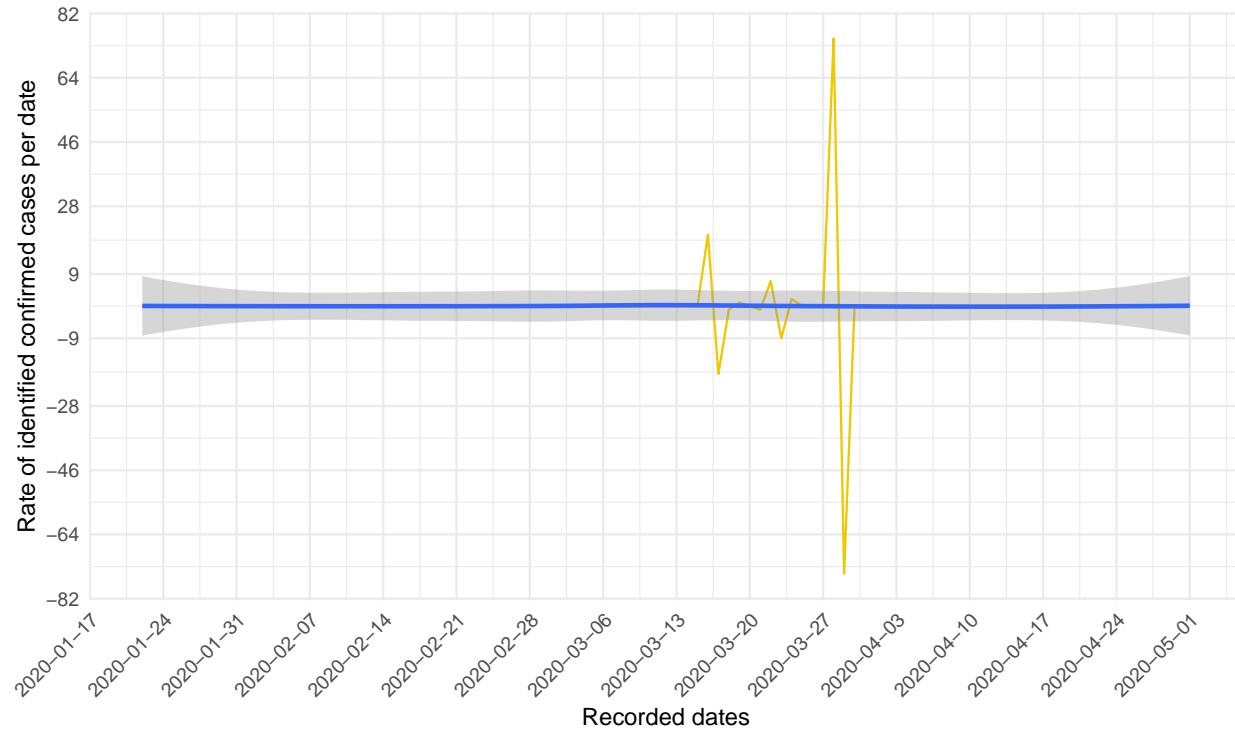

Georgia – rate of increase of confirmed cases over time

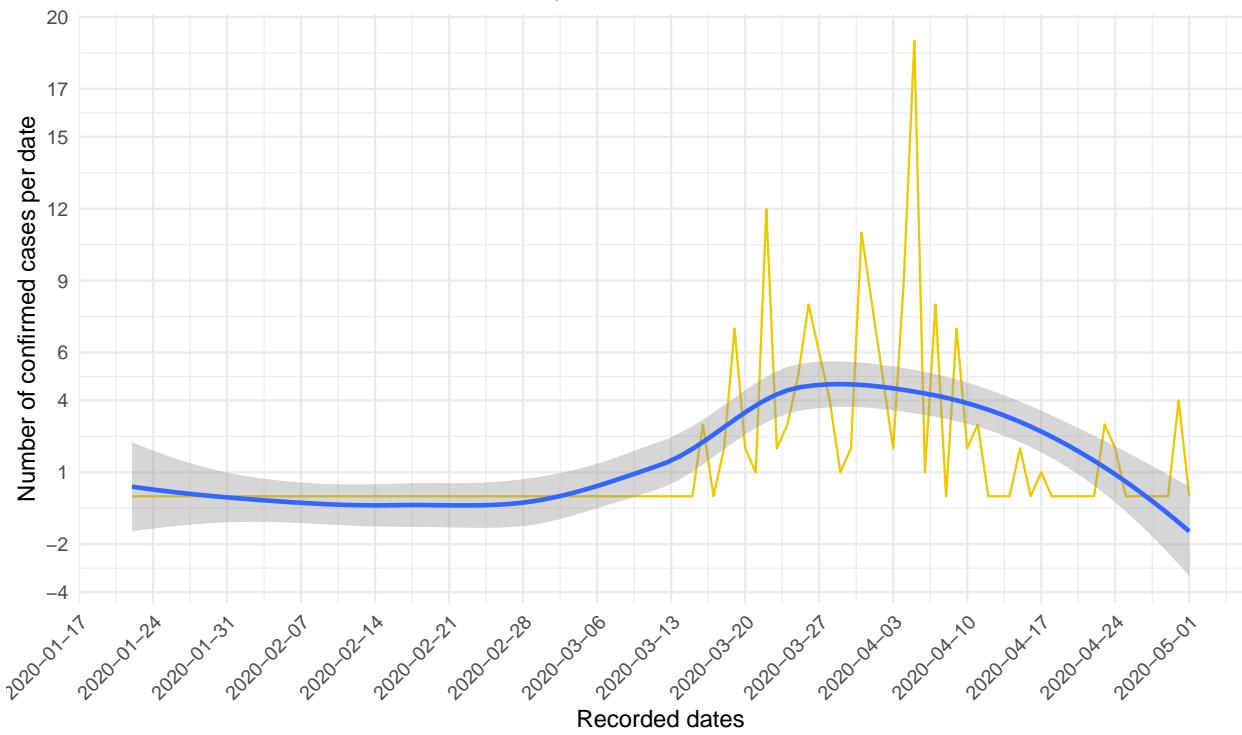

Grand Princess – confirmed cases over time, total cases: 103

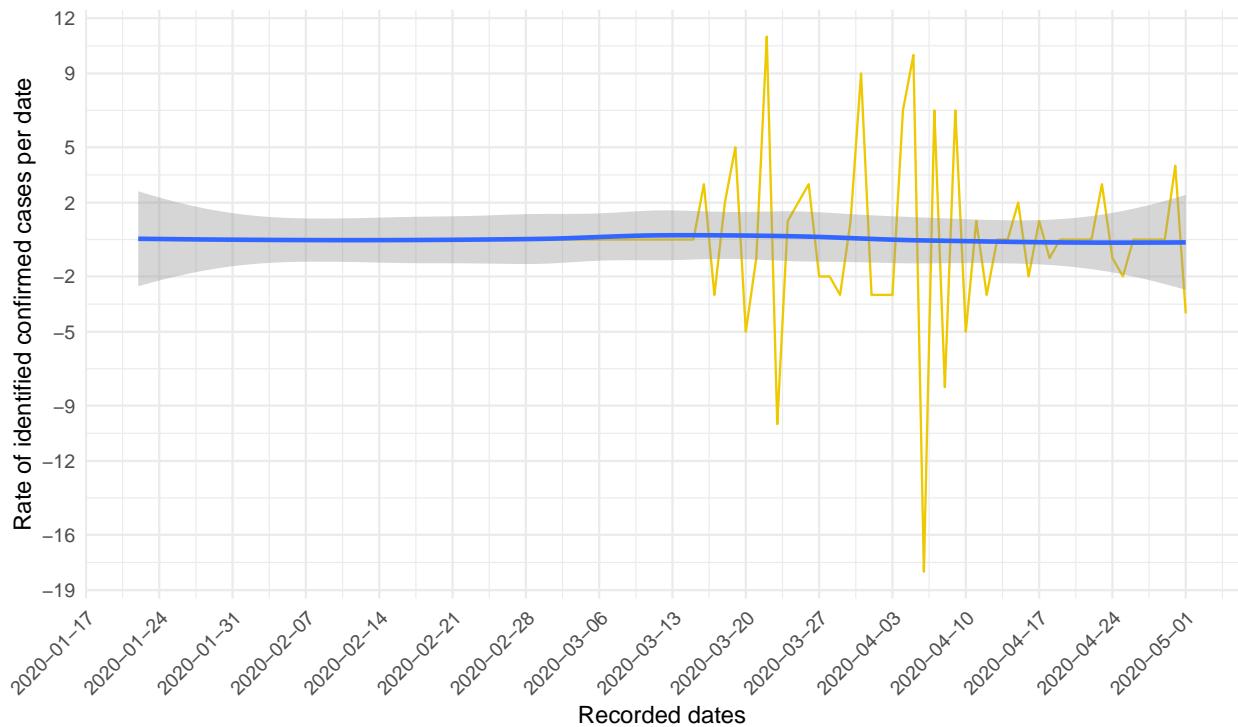

Grand Princess – rate of increase of confirmed cases over time

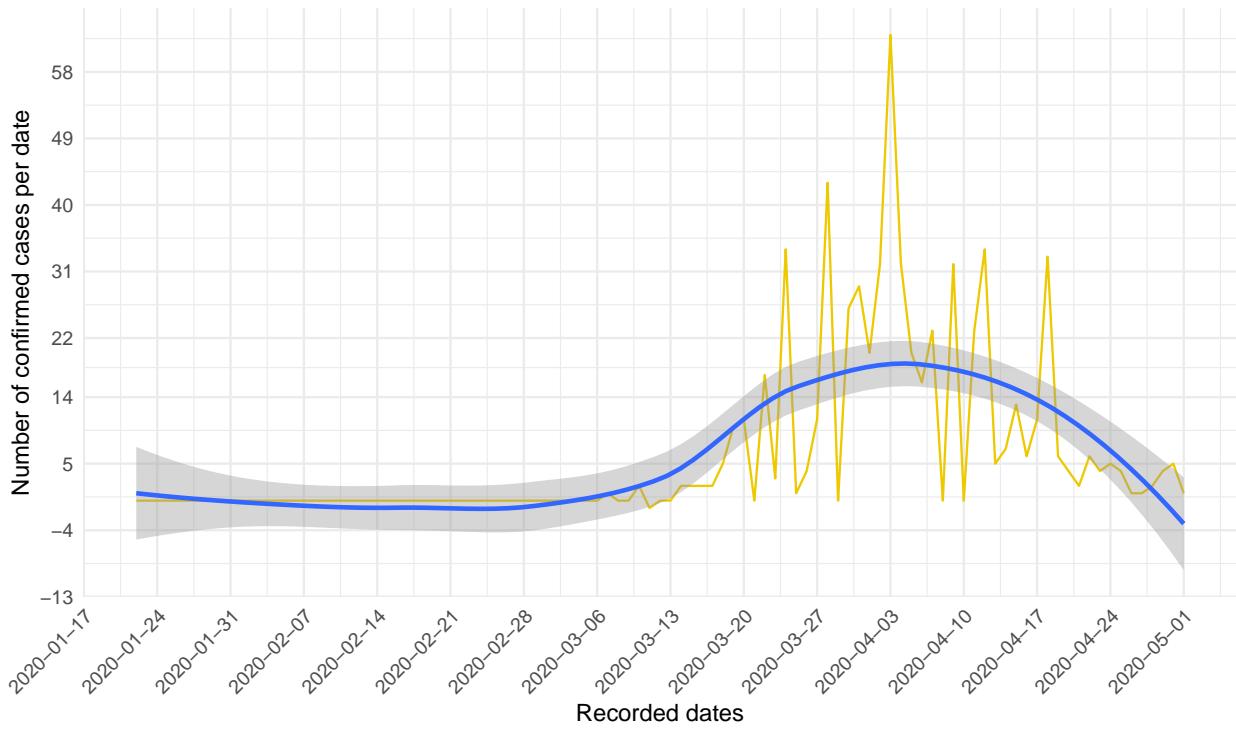

Guam – confirmed cases over time, total cases: 145

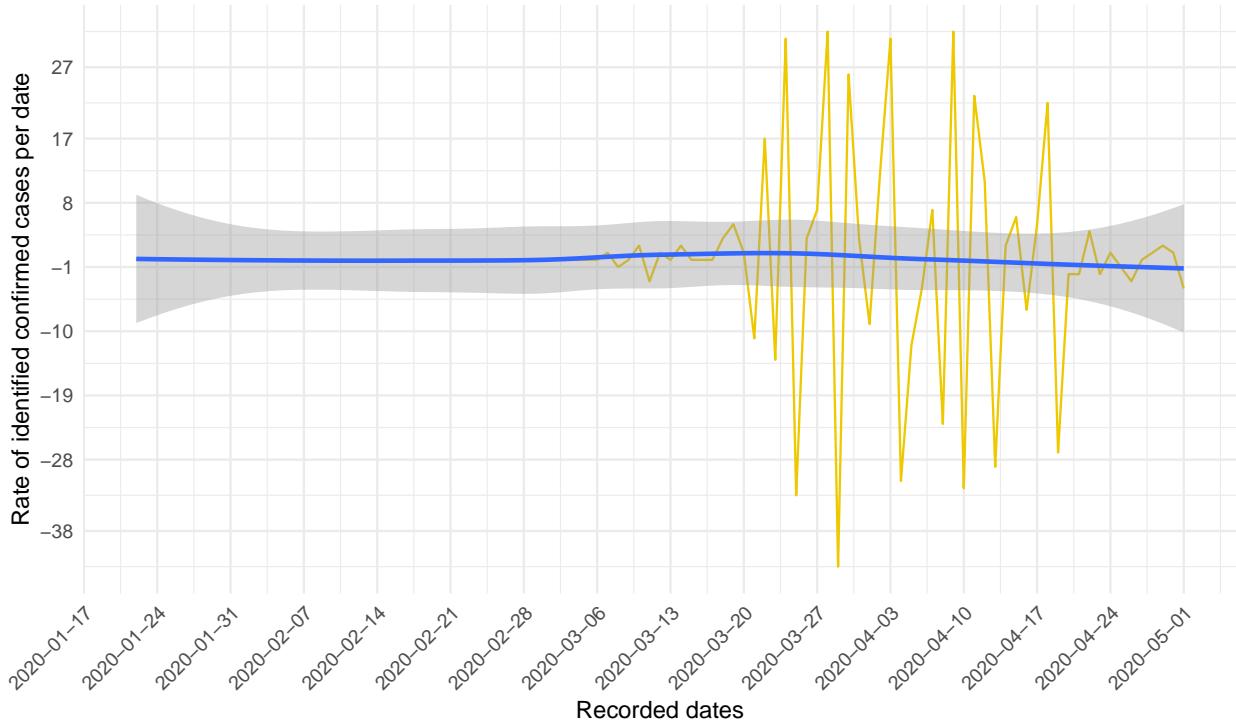

Guam – rate of increase of confirmed cases over time

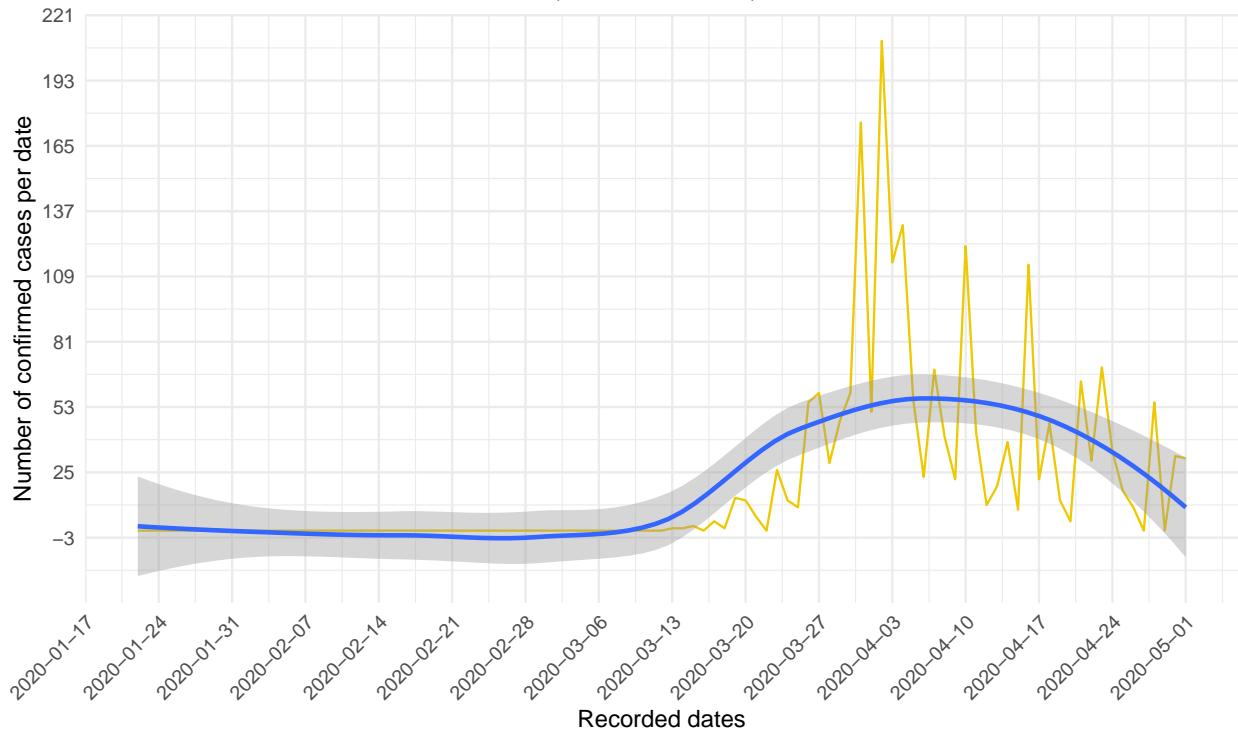

Hawaii – confirmed cases over time, total cases: 619

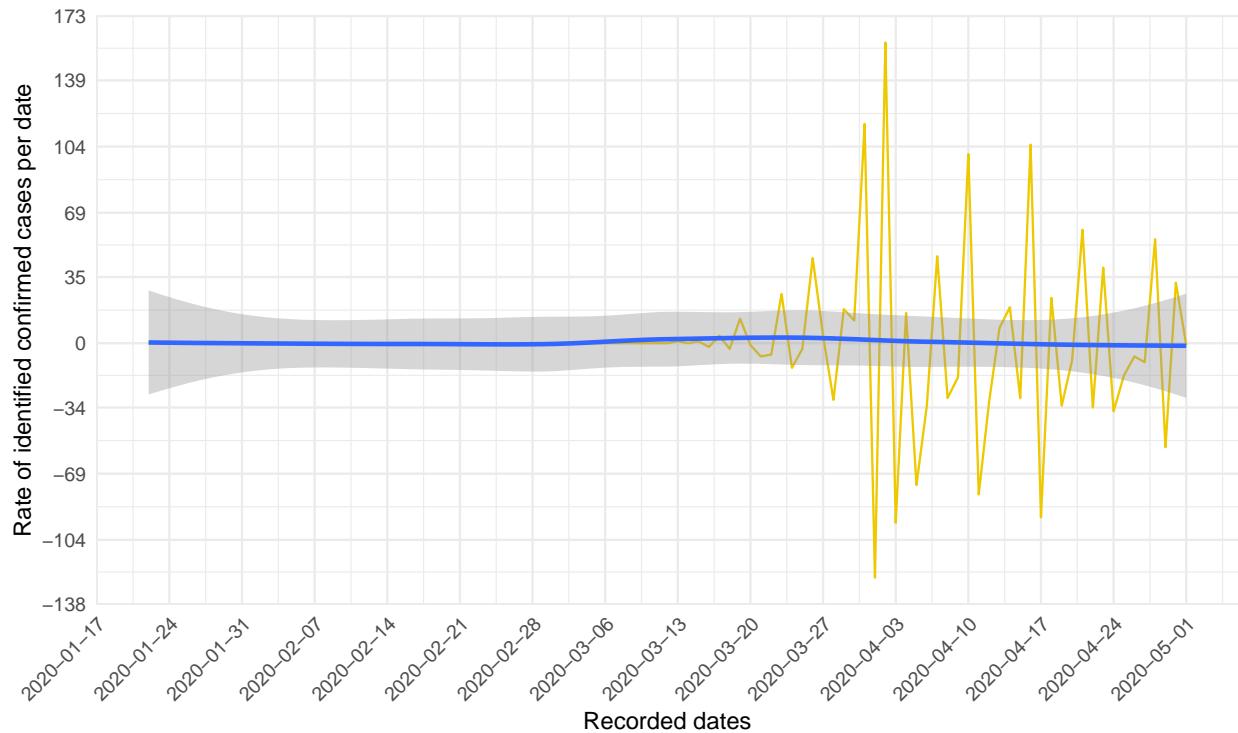

Hawaii – rate of increase of confirmed cases over time

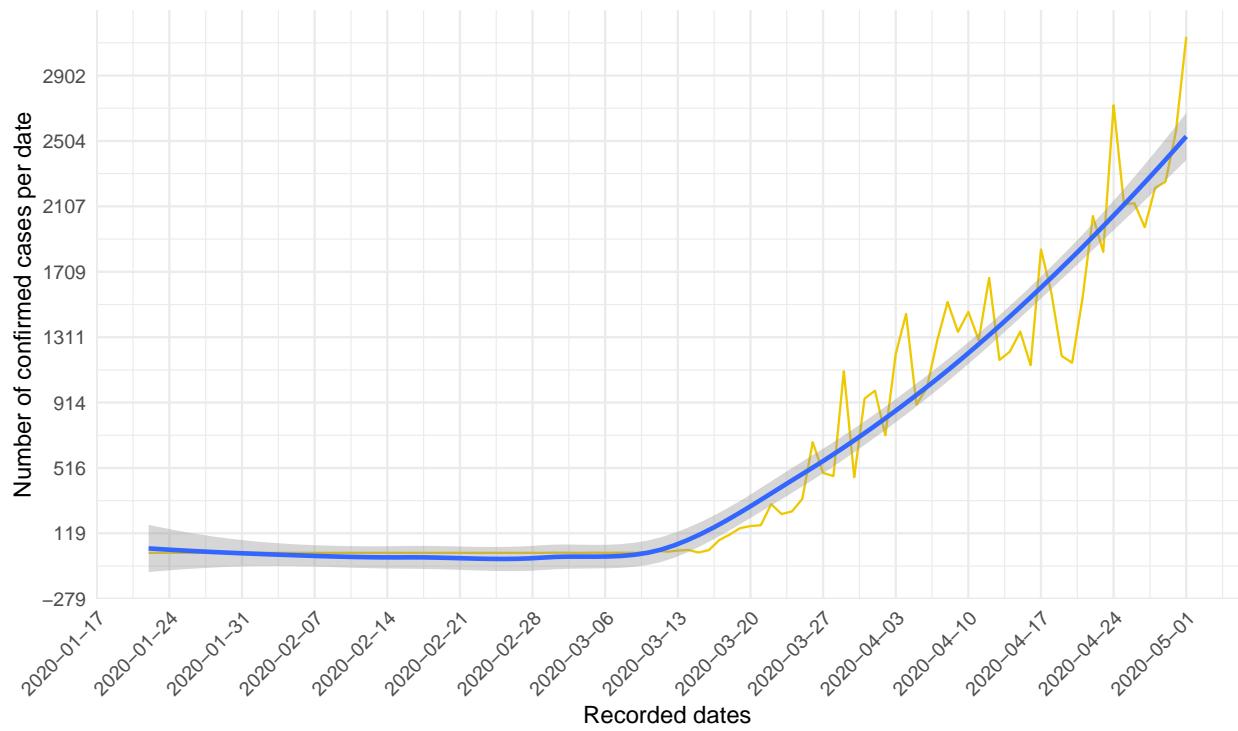

Idaho – confirmed cases over time, total cases: 2,015

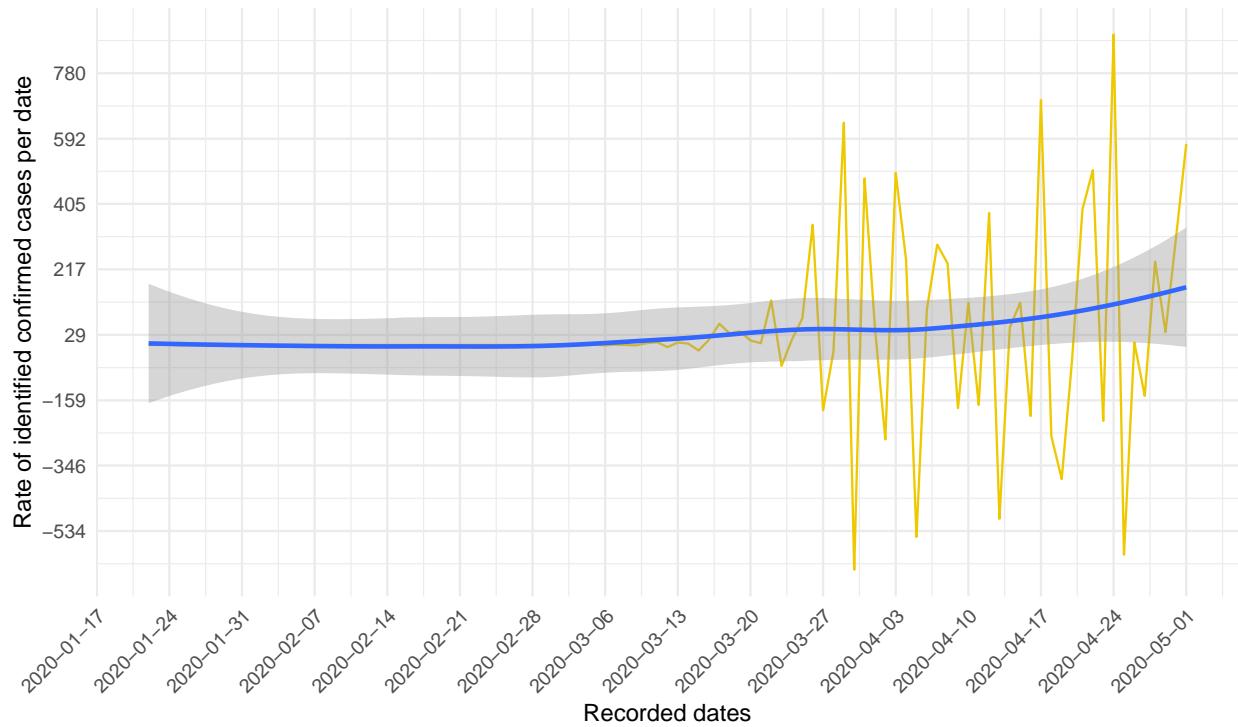

Idaho – rate of increase of confirmed cases over time

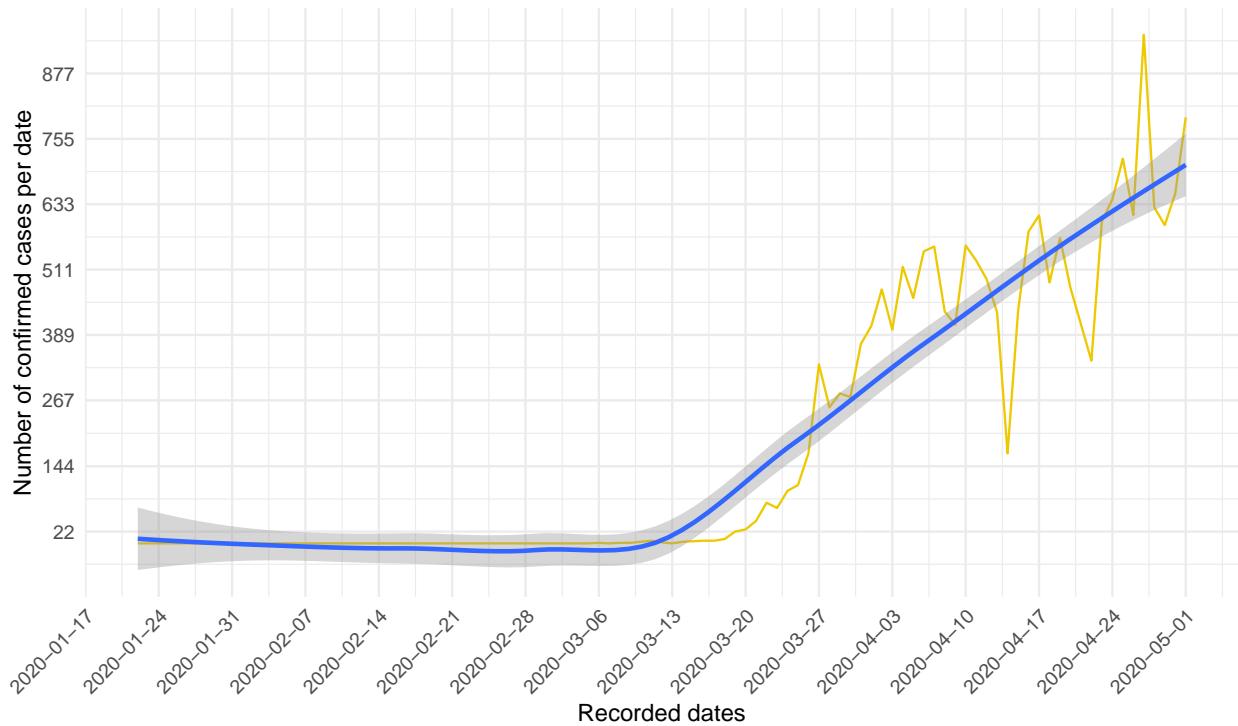

Illinois – confirmed cases over time, total cases: 56,055

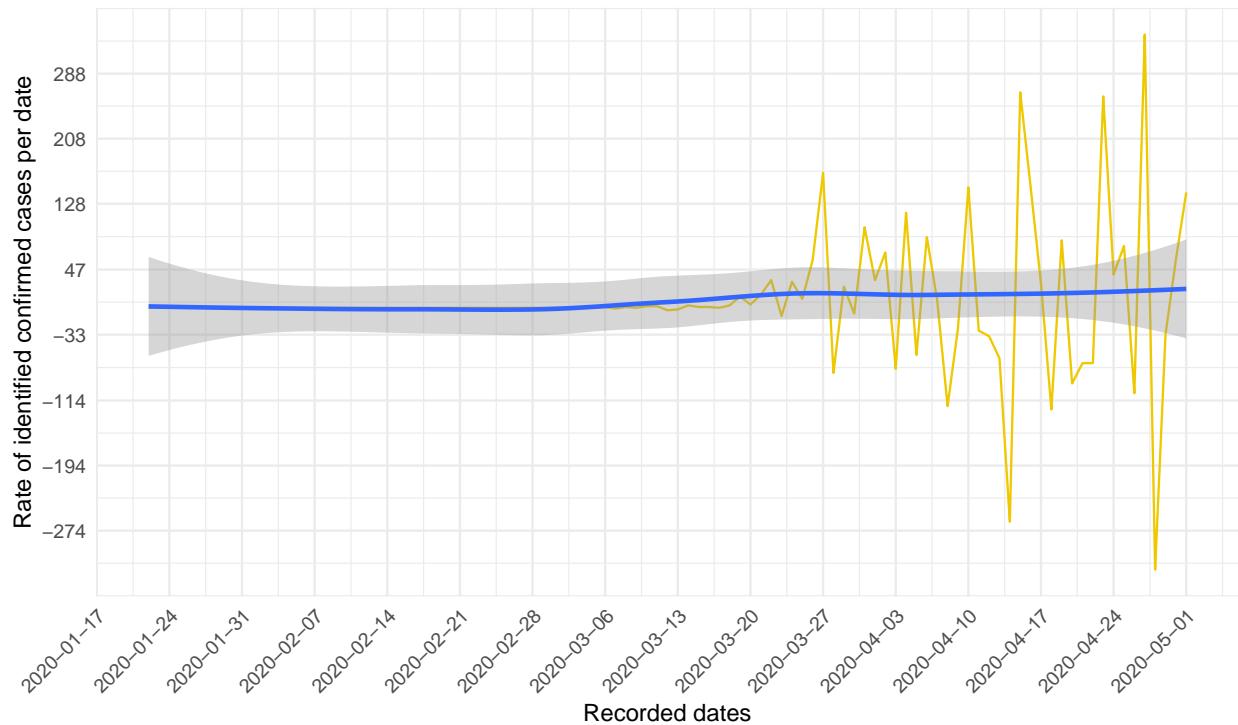

Illinois – rate of increase of confirmed cases over time

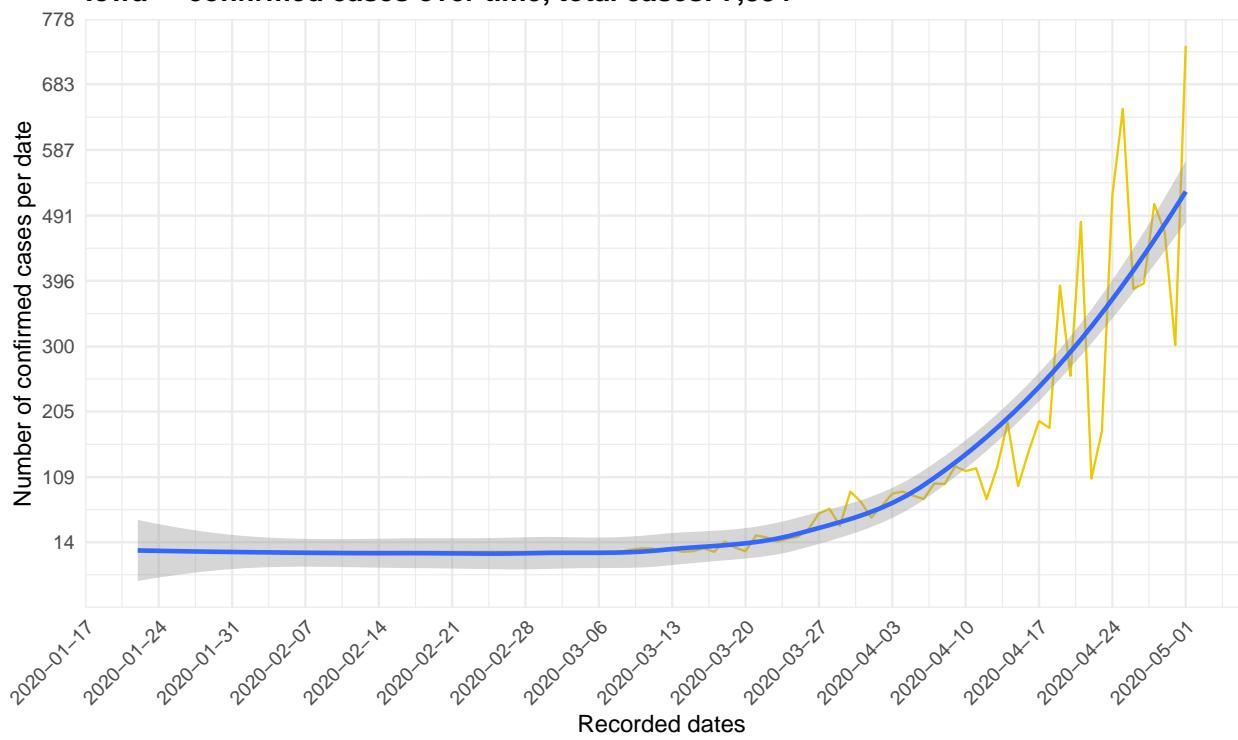

Indiana – confirmed cases over time, total cases: 18,630

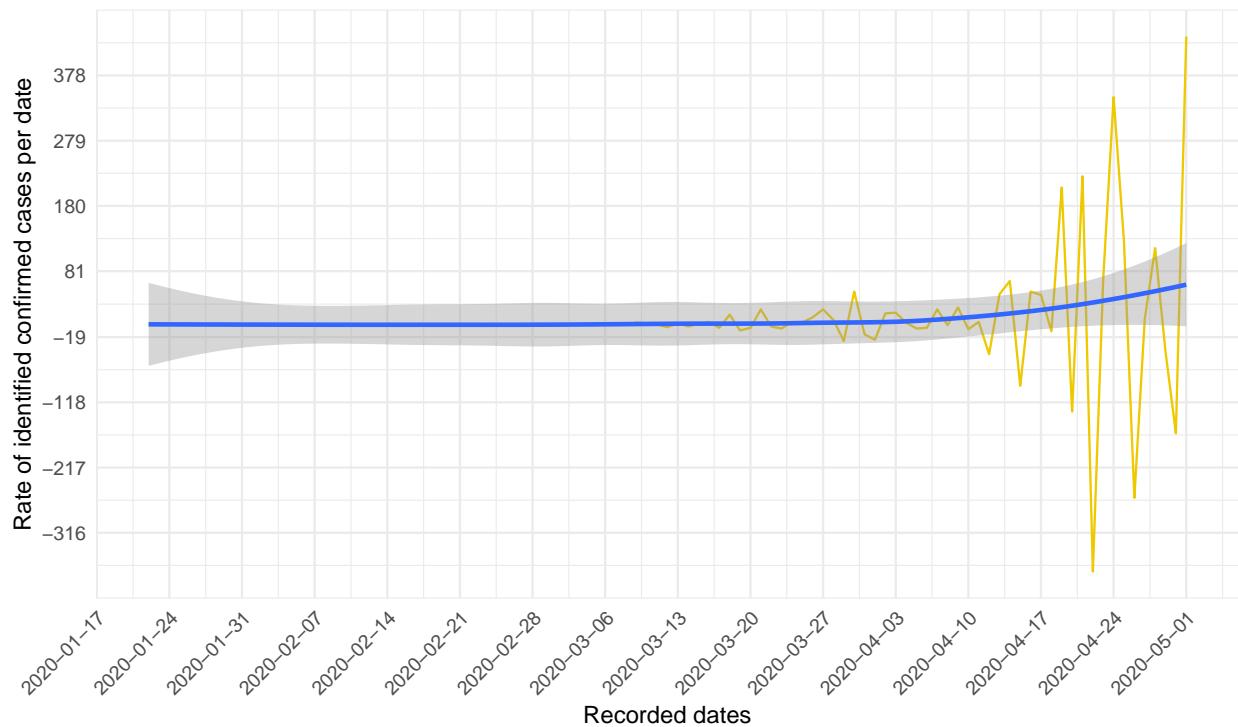

Indiana – rate of increase of confirmed cases over time

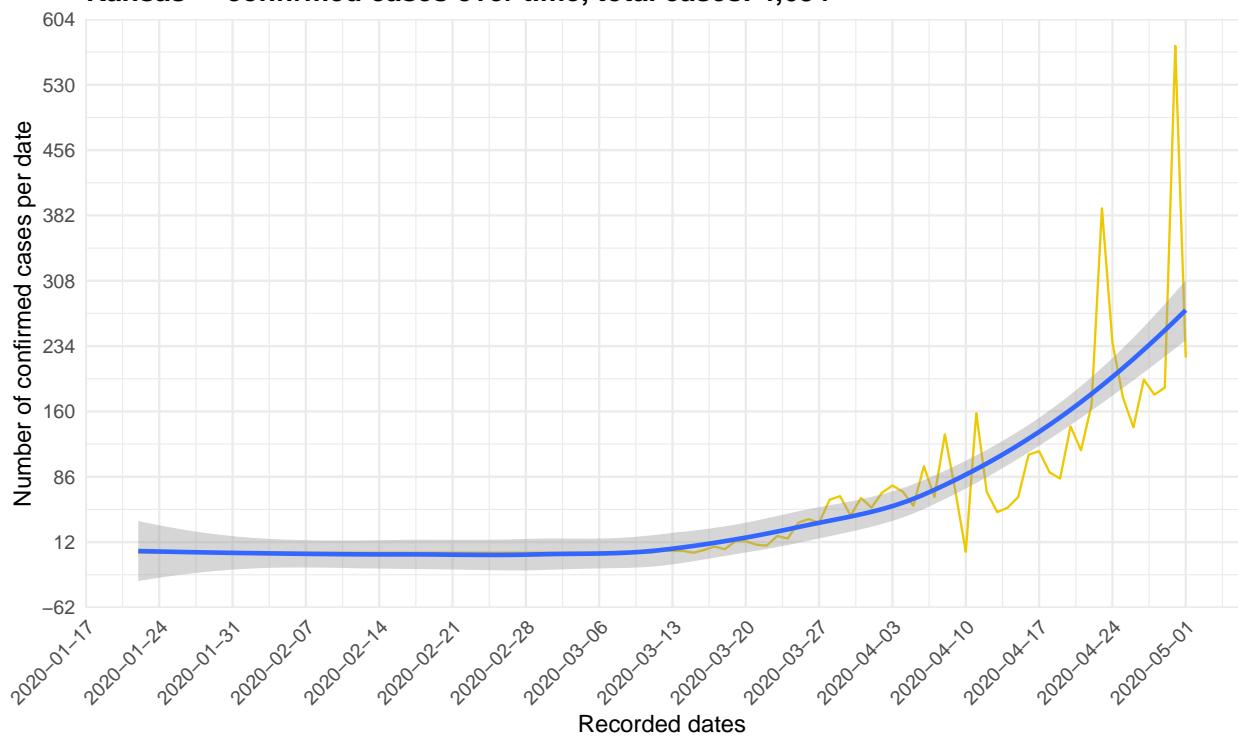

Iowa – confirmed cases over time, total cases: 7,884

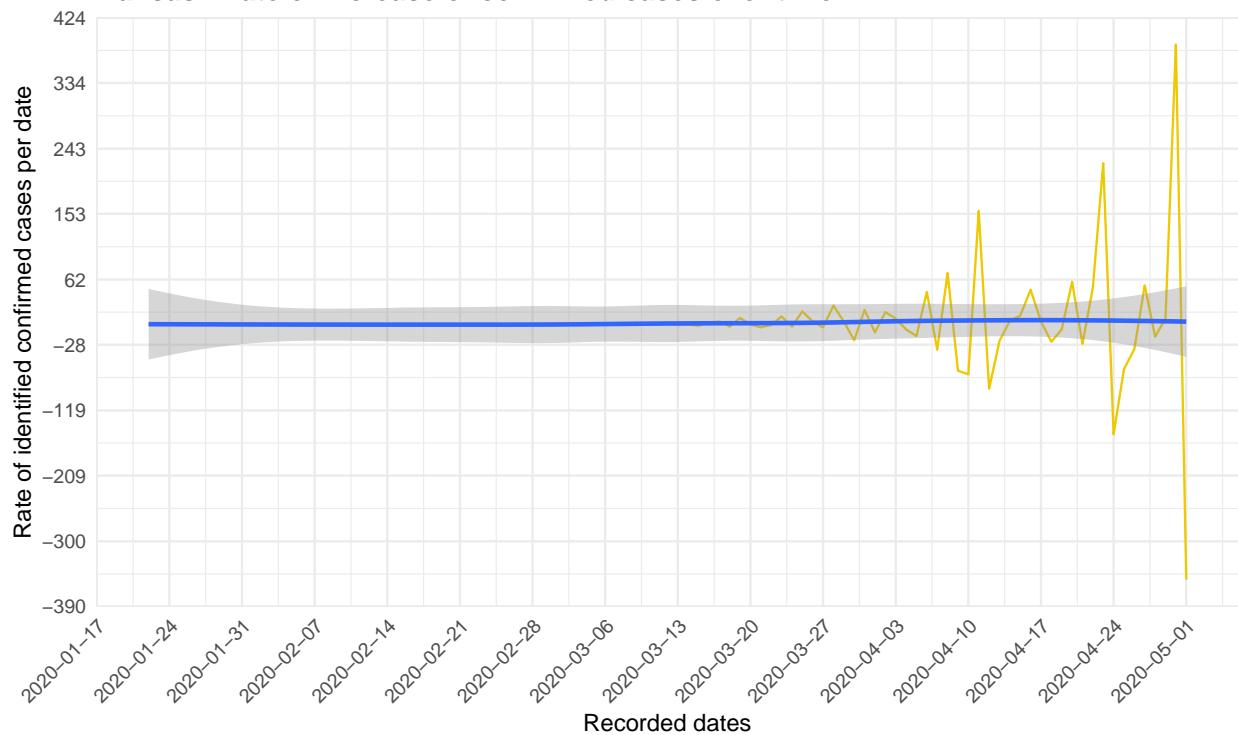

Iowa – rate of increase of confirmed cases over time

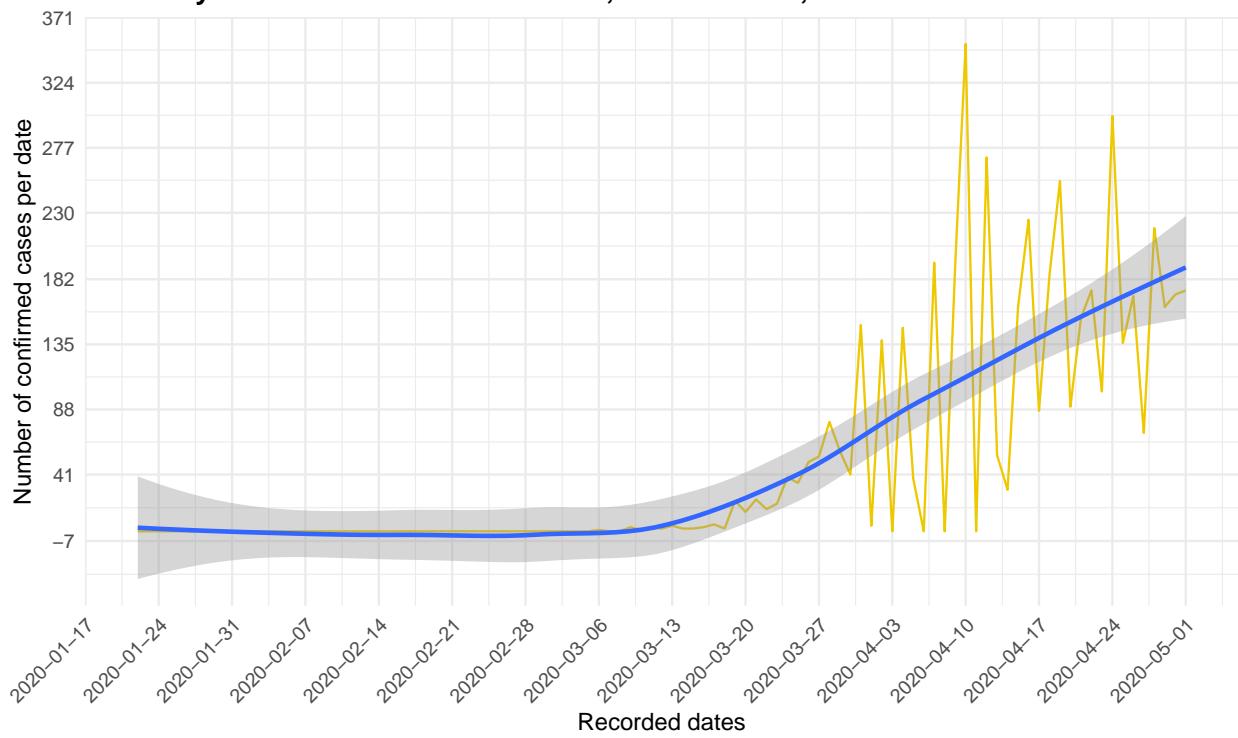

Kansas – confirmed cases over time, total cases: 4,634

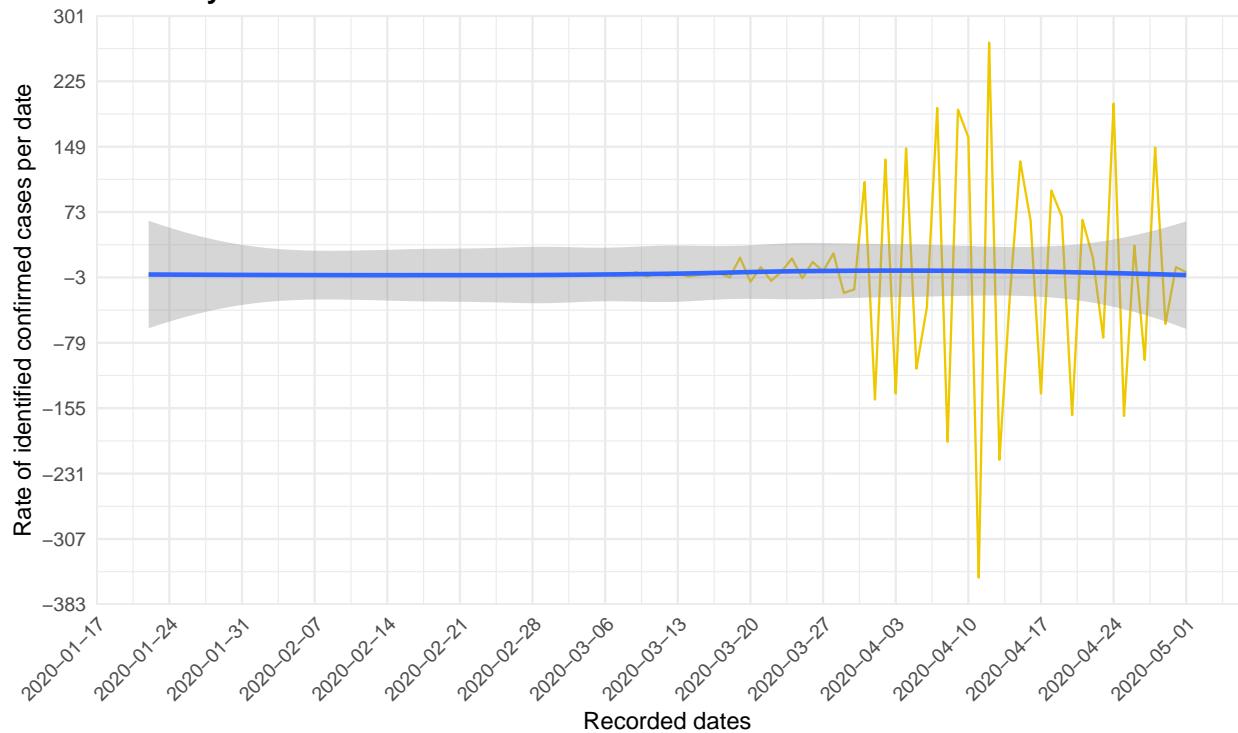

Kansas – rate of increase of confirmed cases over time

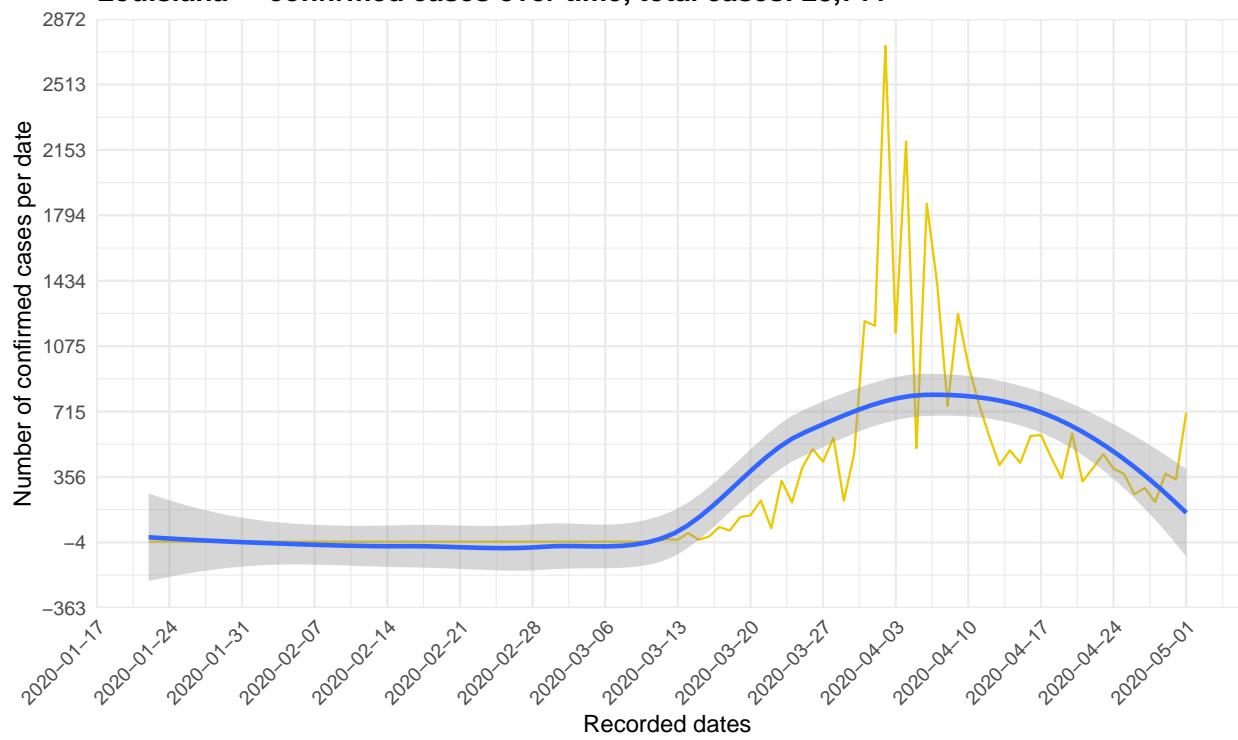

Kentucky – confirmed cases over time, total cases: 4,882

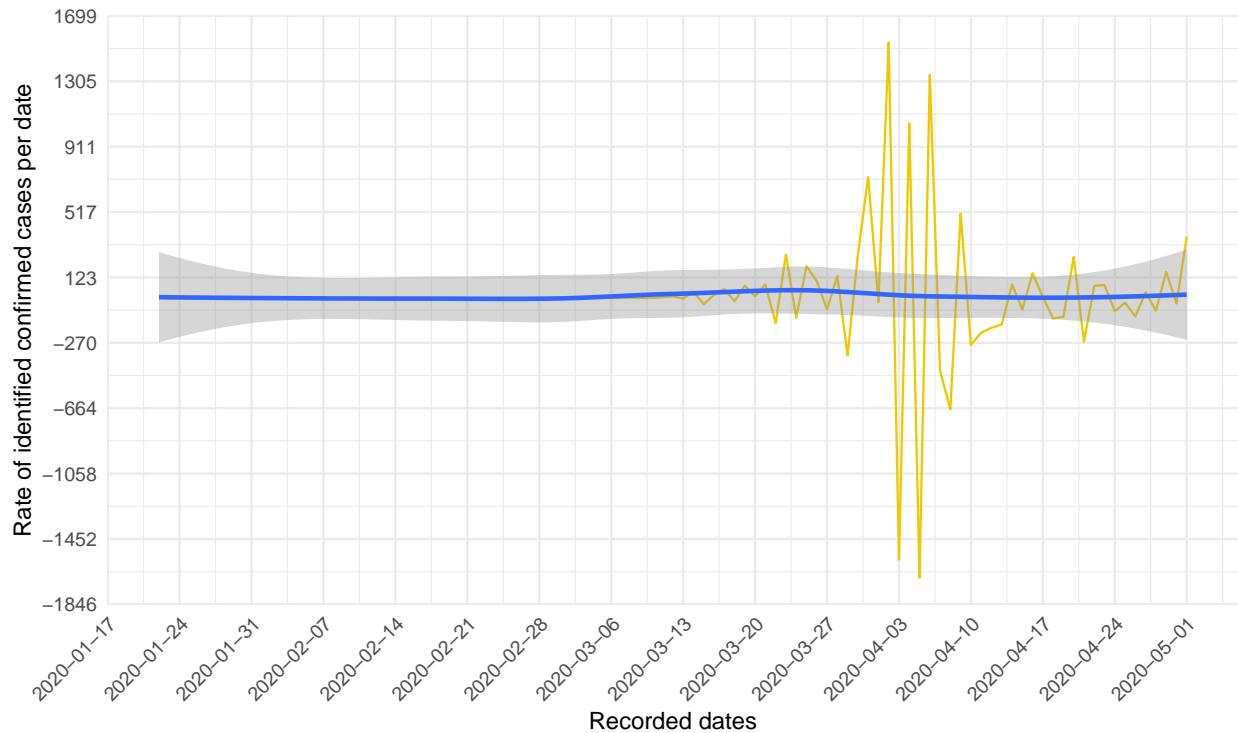

Kentucky – rate of increase of confirmed cases over time

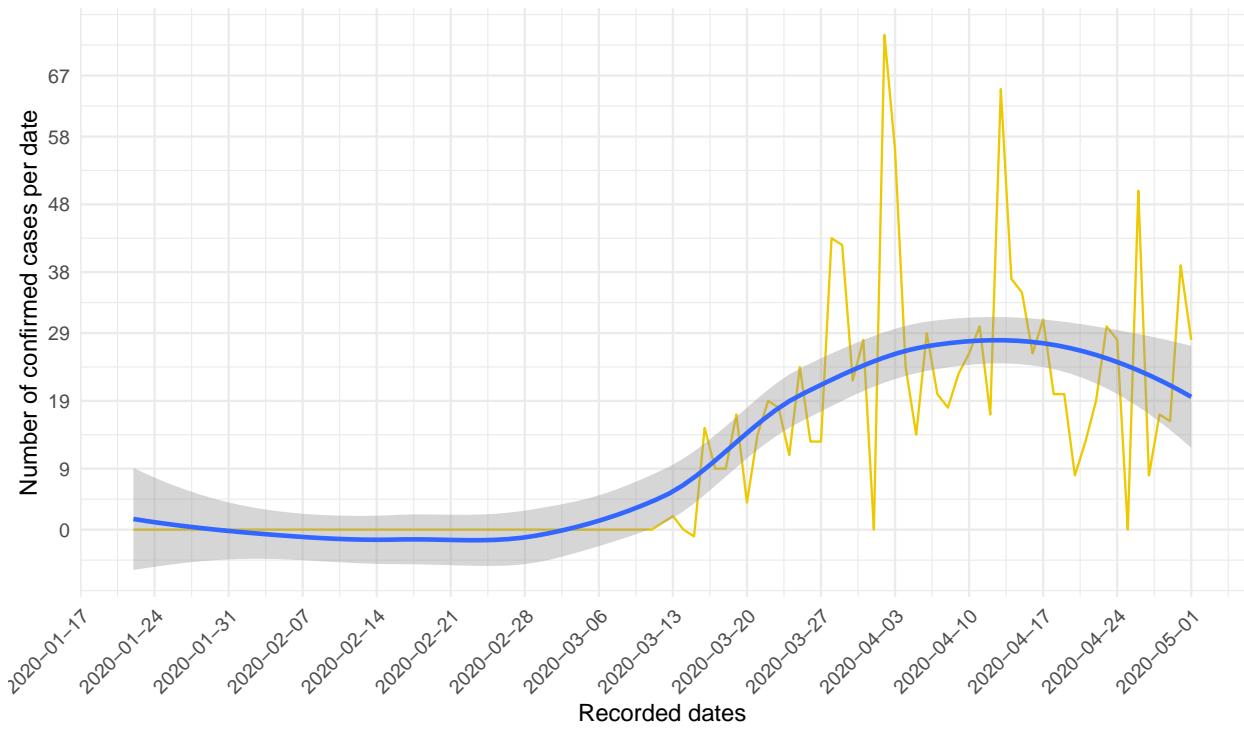

Louisiana – confirmed cases over time, total cases: 28,711

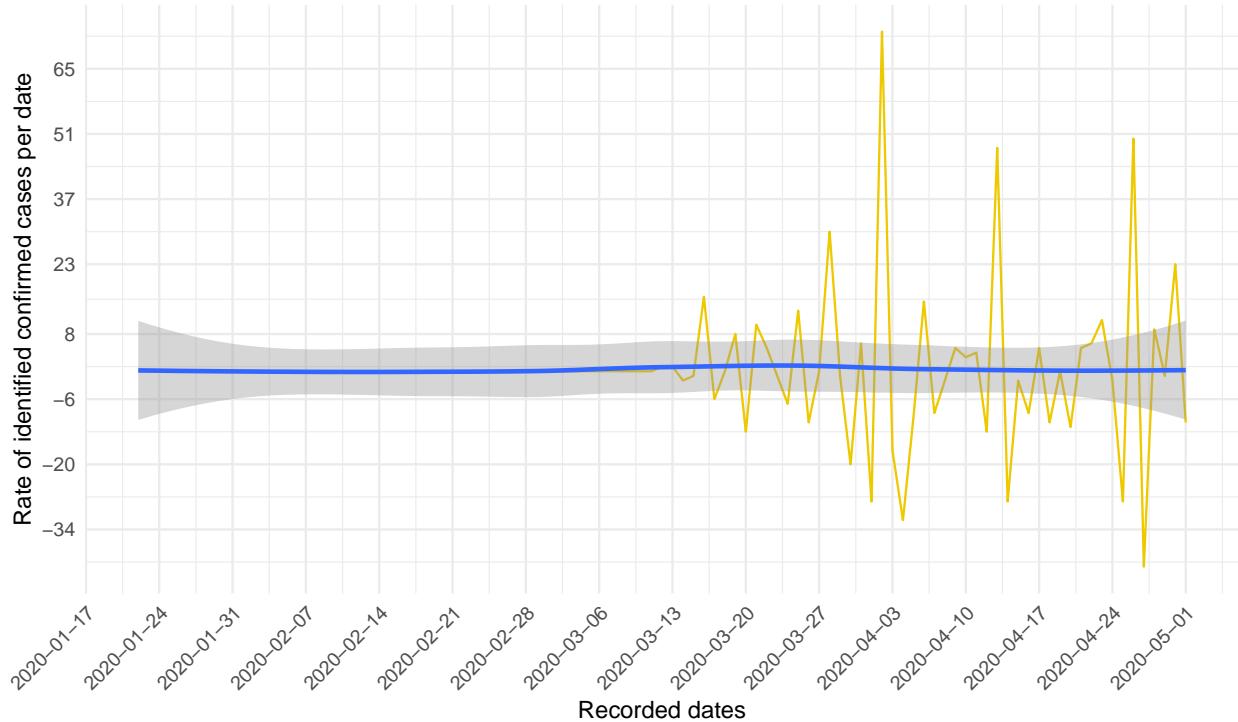

Louisiana – rate of increase of confirmed cases over time

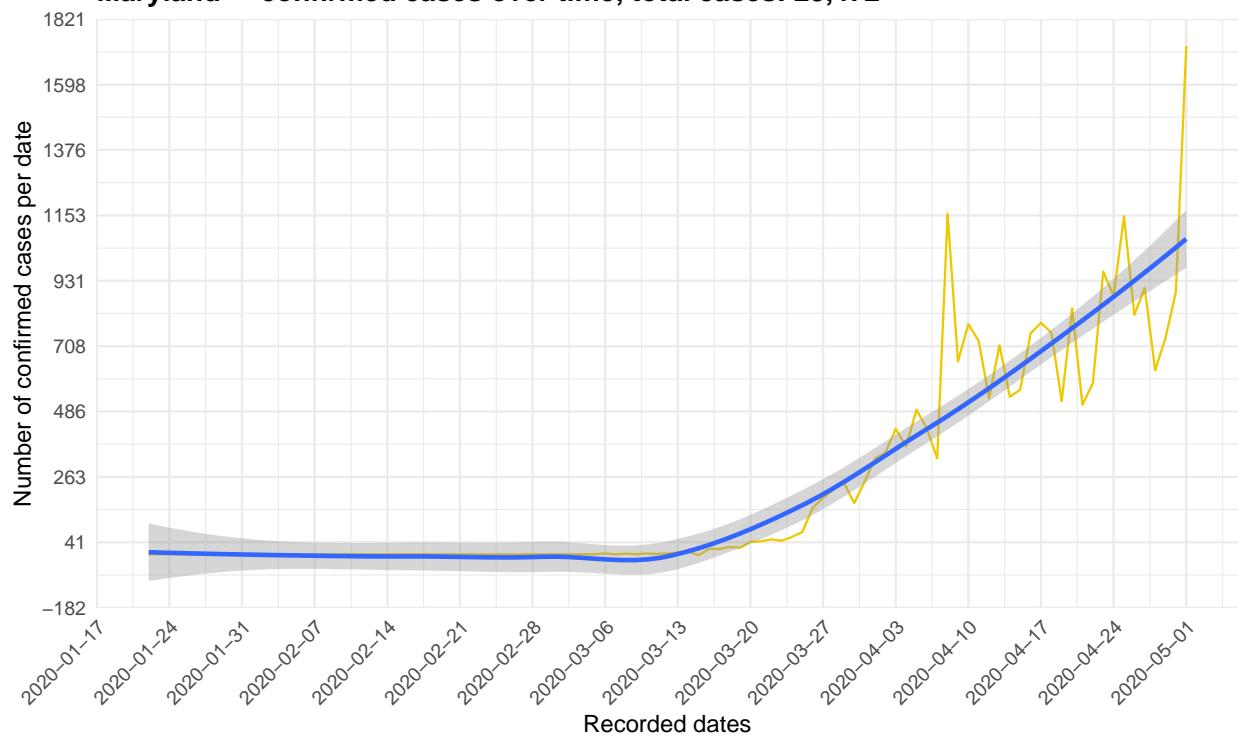

Maine – confirmed cases over time, total cases: 1,123

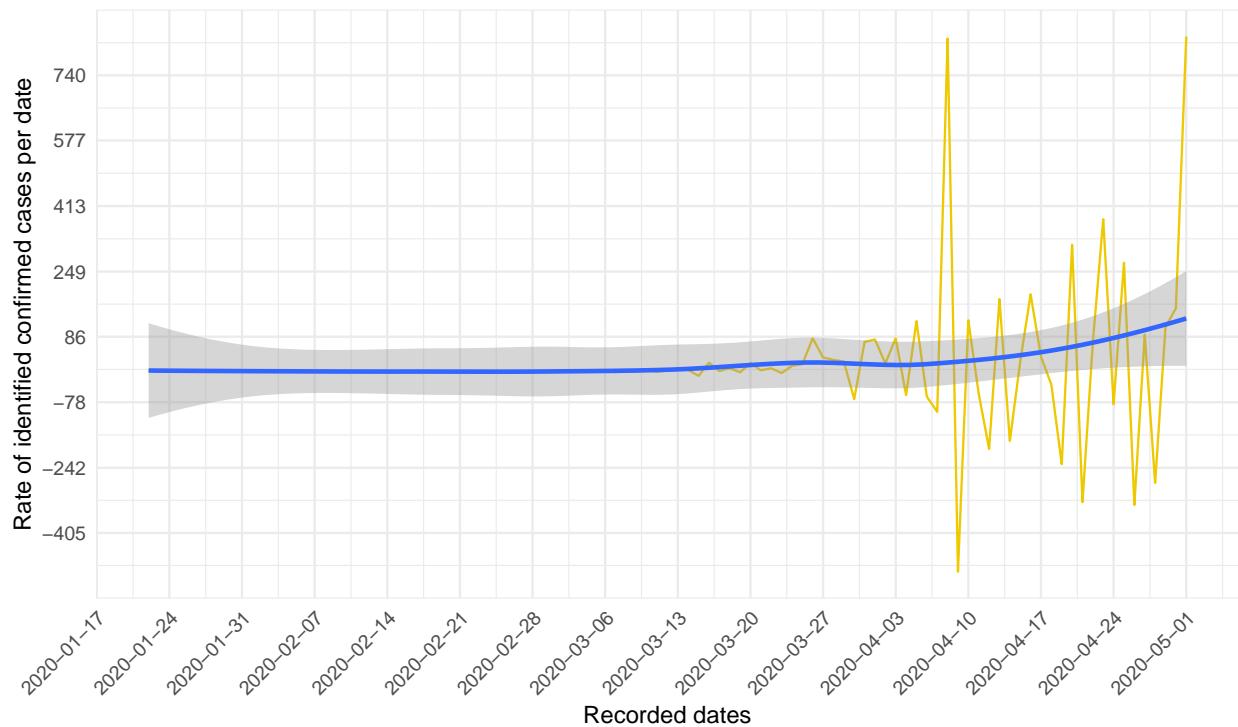

Maine – rate of increase of confirmed cases over time

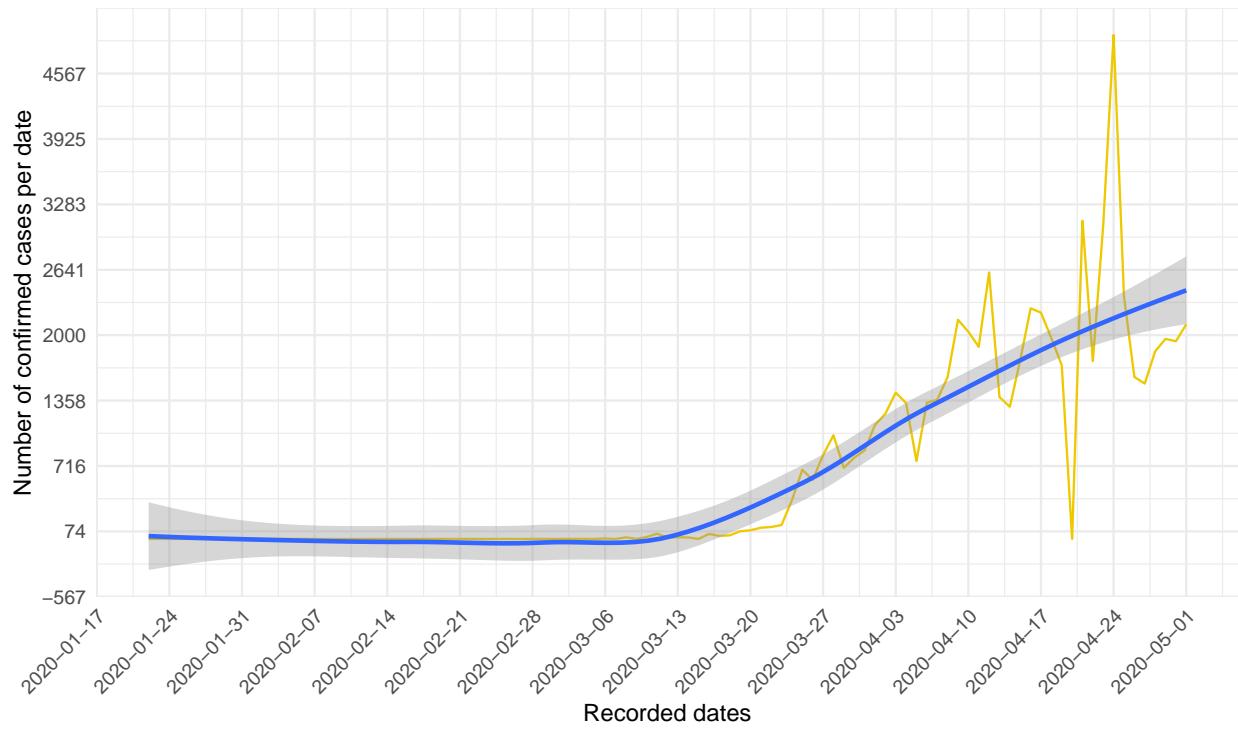

Maryland – confirmed cases over time, total cases: 23,472

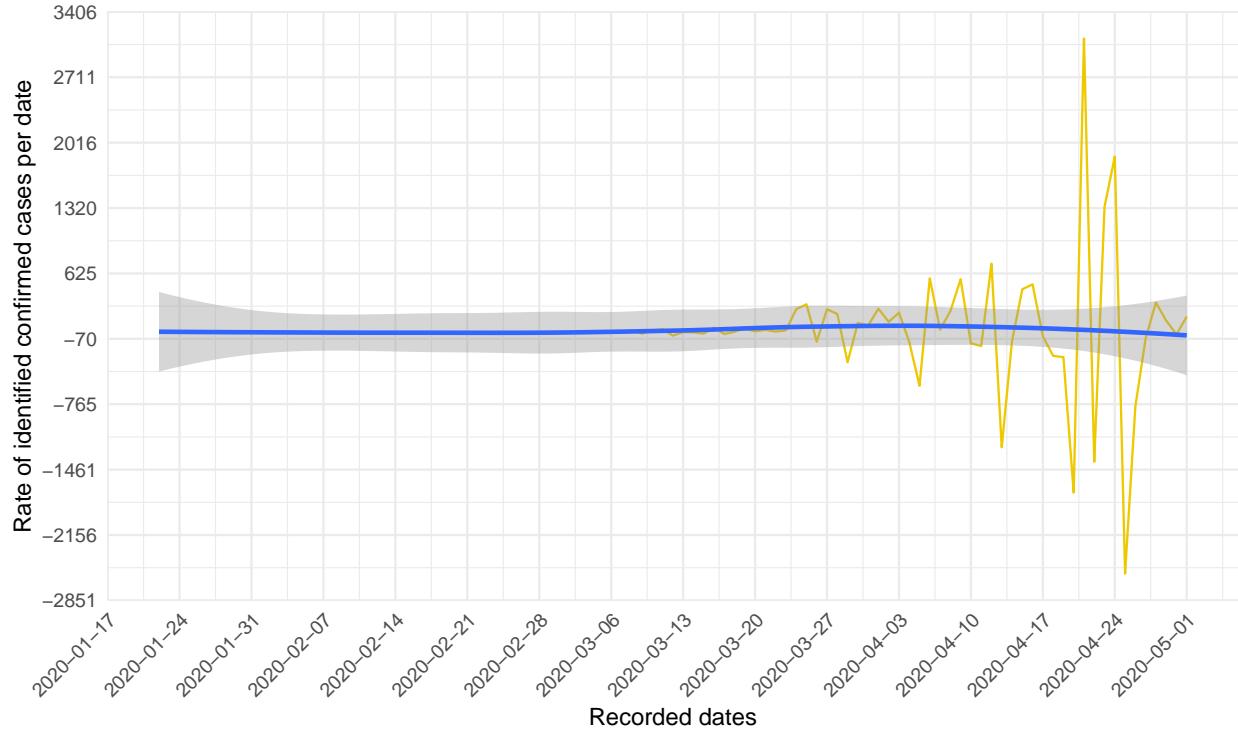

Maryland – rate of increase of confirmed cases over time

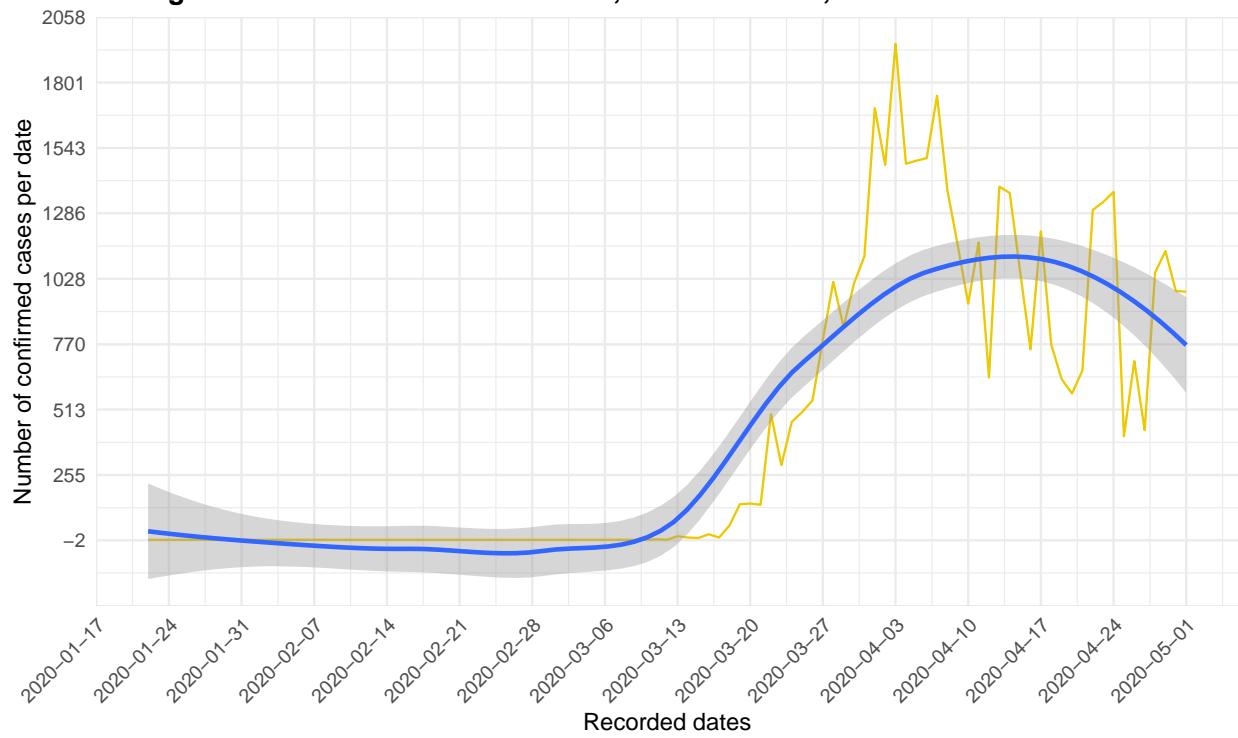

Massachusetts – confirmed cases over time, total cases: 64,311

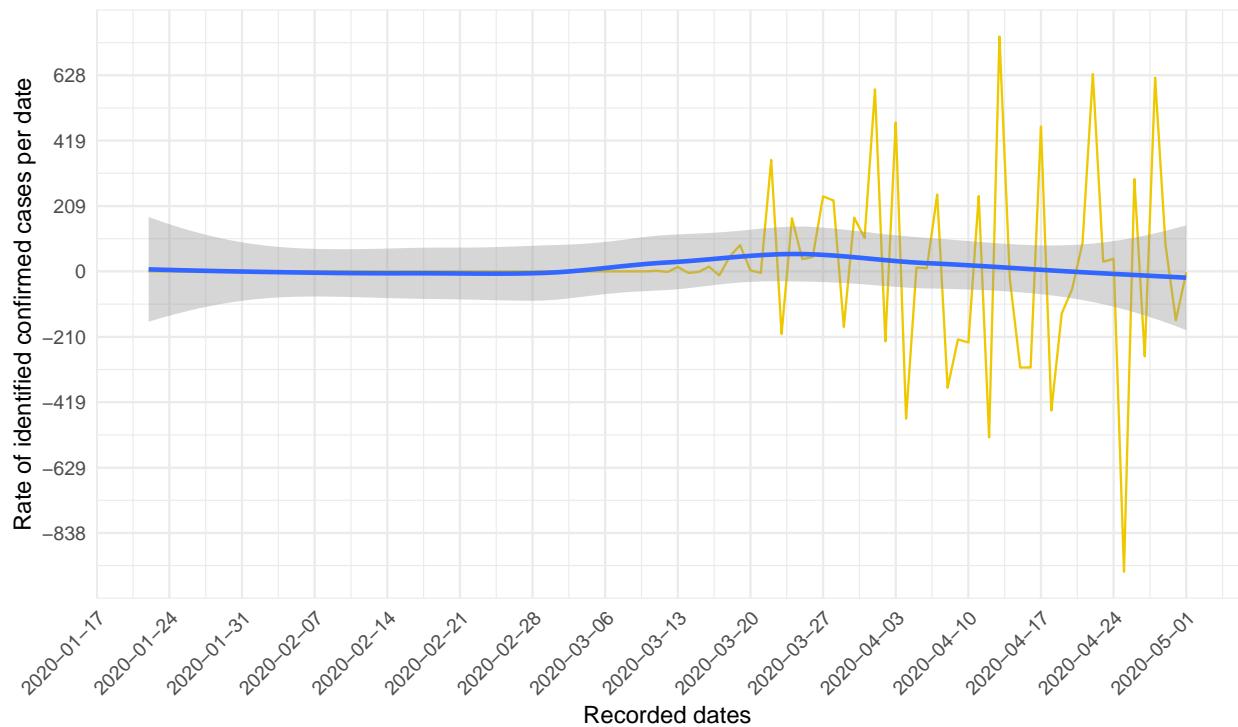

Massachusetts – rate of increase of confirmed cases over time

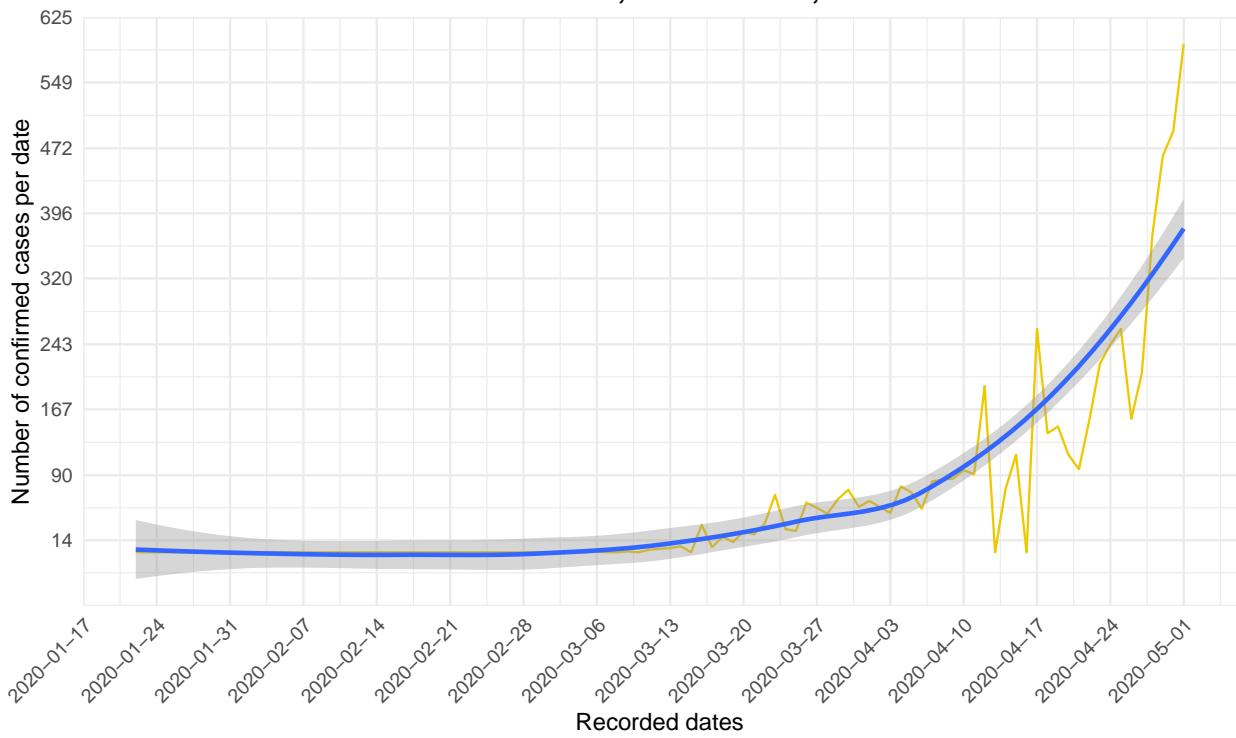

Michigan – confirmed cases over time, total cases: 42,356

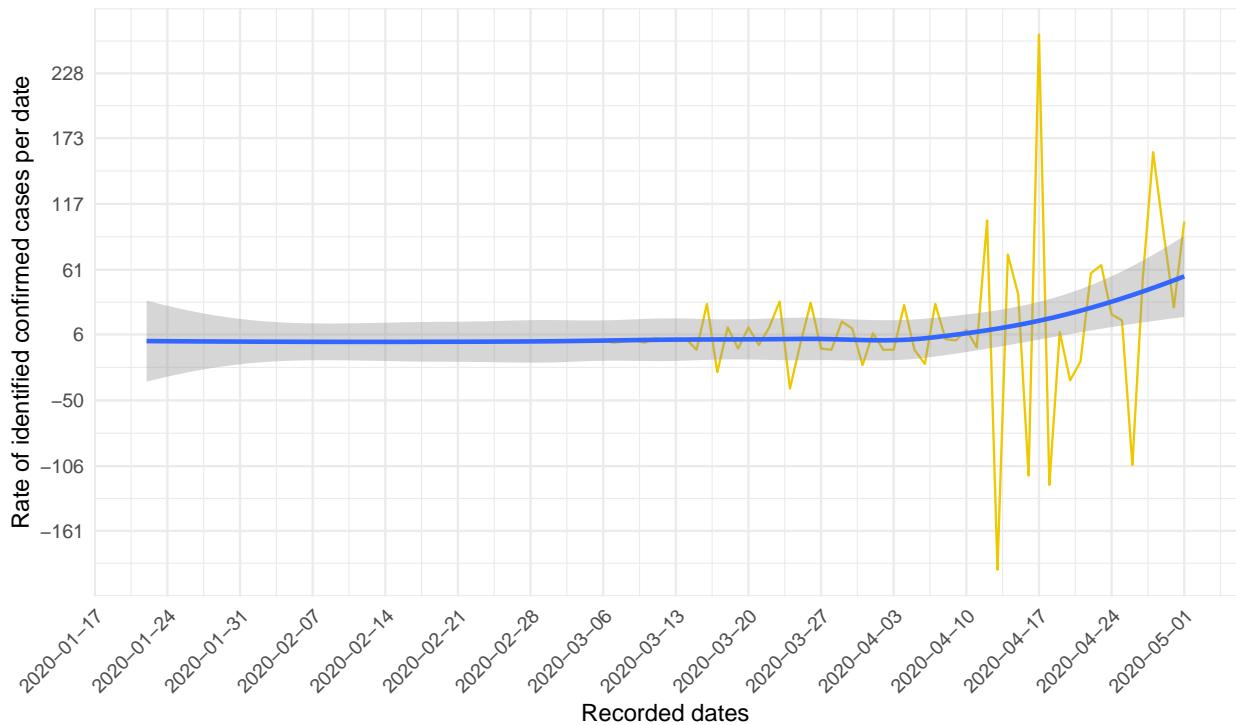

Michigan – rate of increase of confirmed cases over time

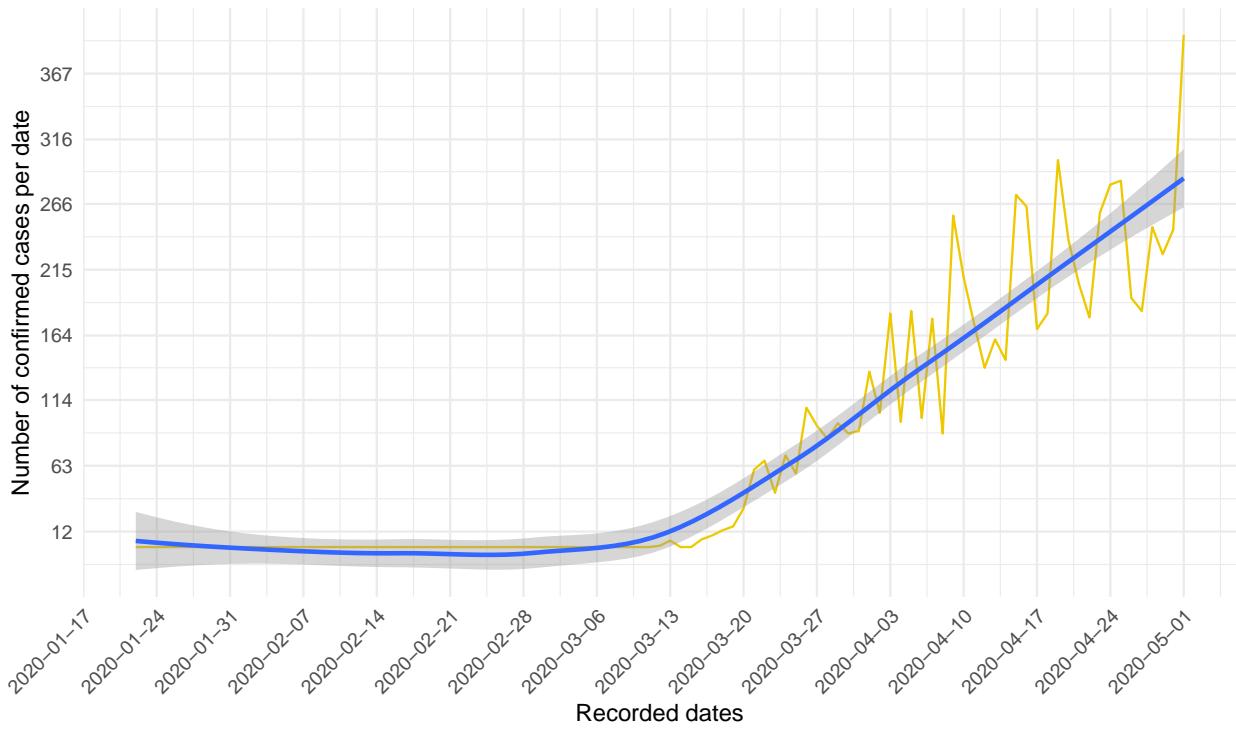

Minnesota – confirmed cases over time, total cases: 5,730

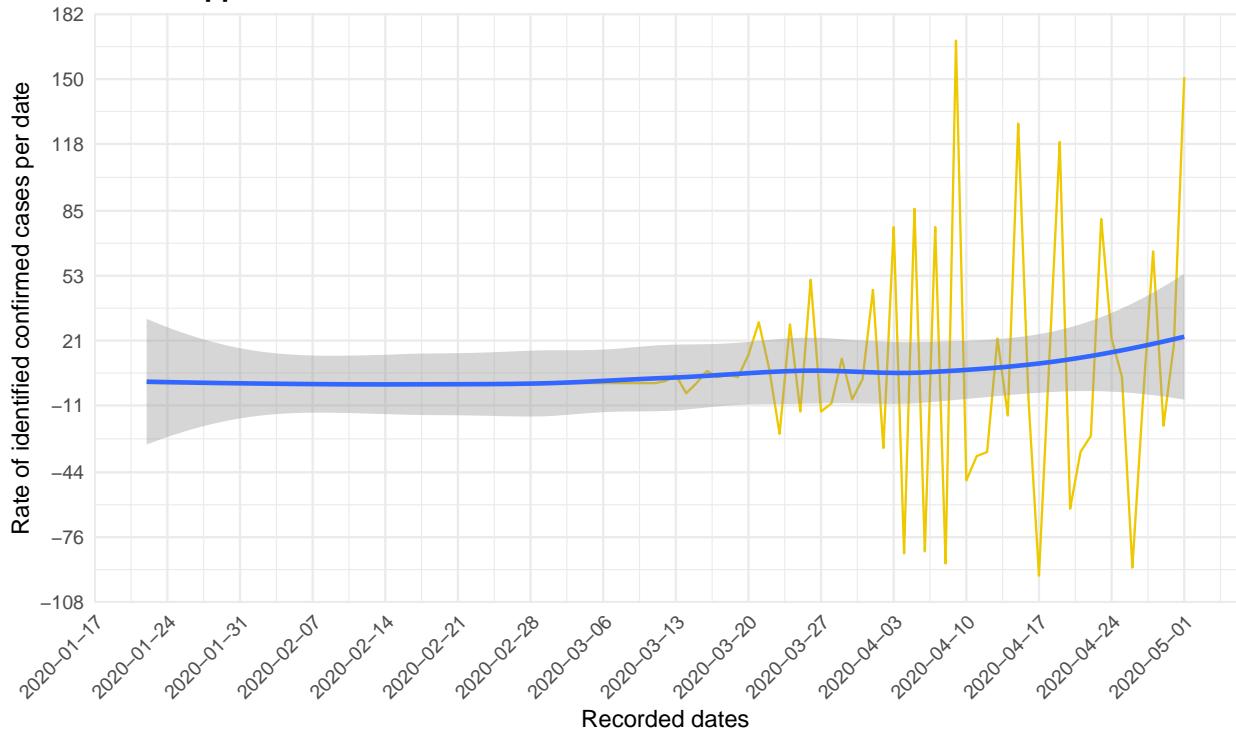

Minnesota – rate of increase of confirmed cases over time

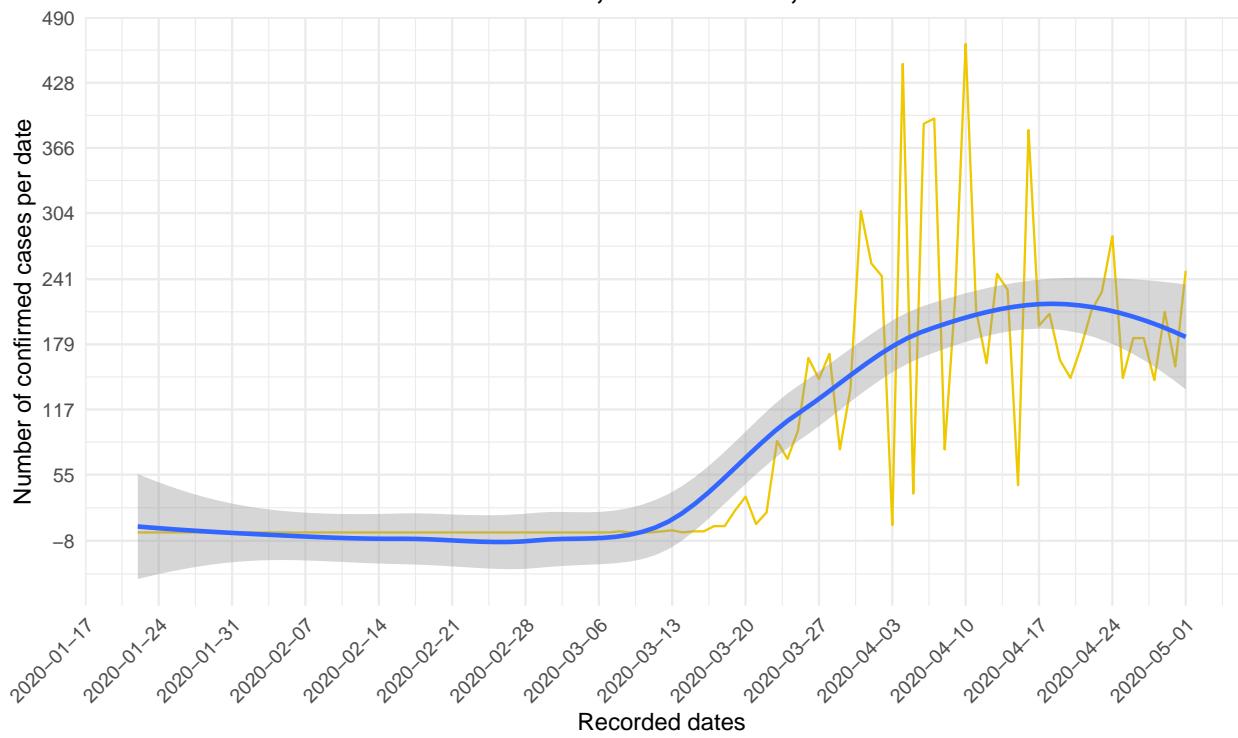

Mississippi – confirmed cases over time, total cases: 7,212

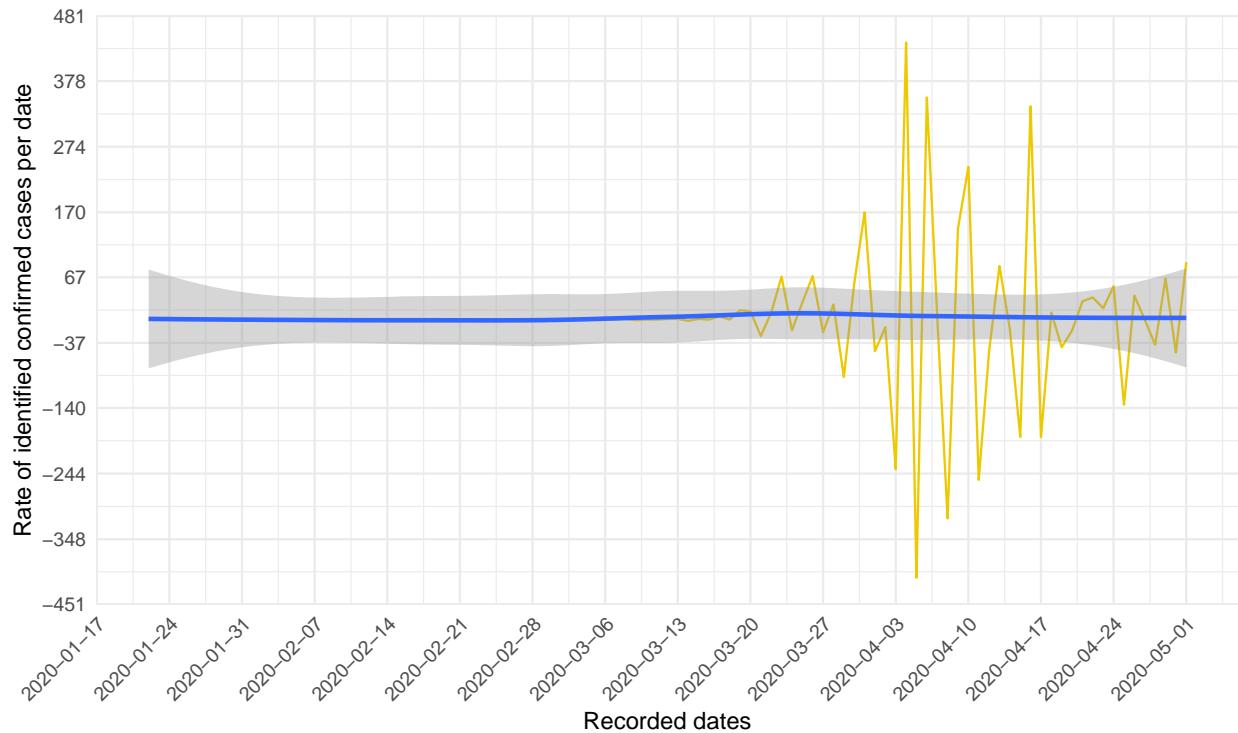

Mississippi – rate of increase of confirmed cases over time

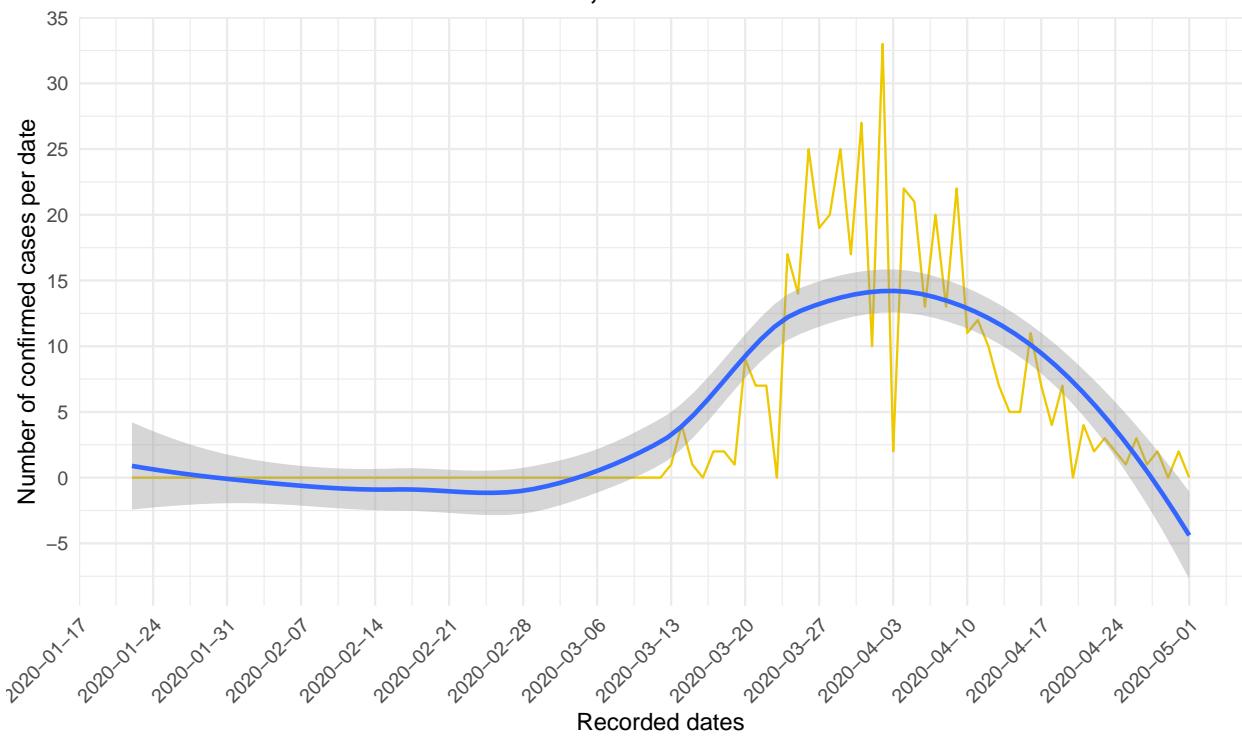

Missouri – confirmed cases over time, total cases: 8,067

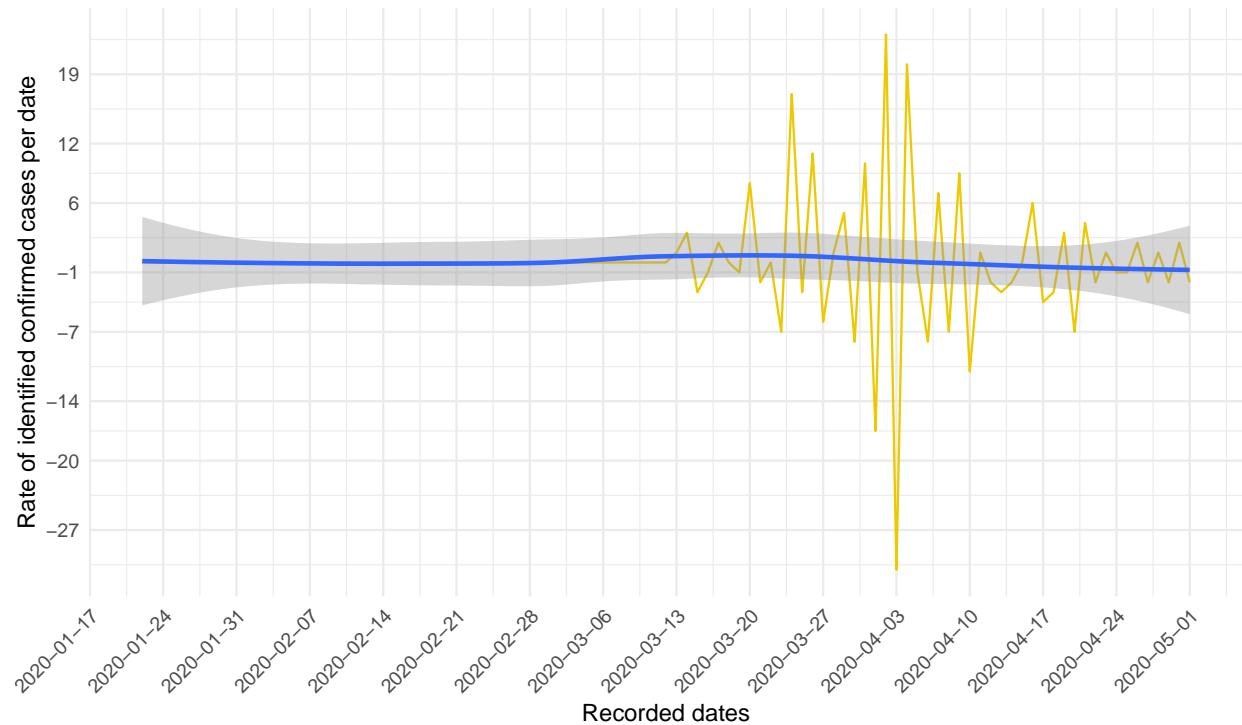

Missouri – rate of increase of confirmed cases over time

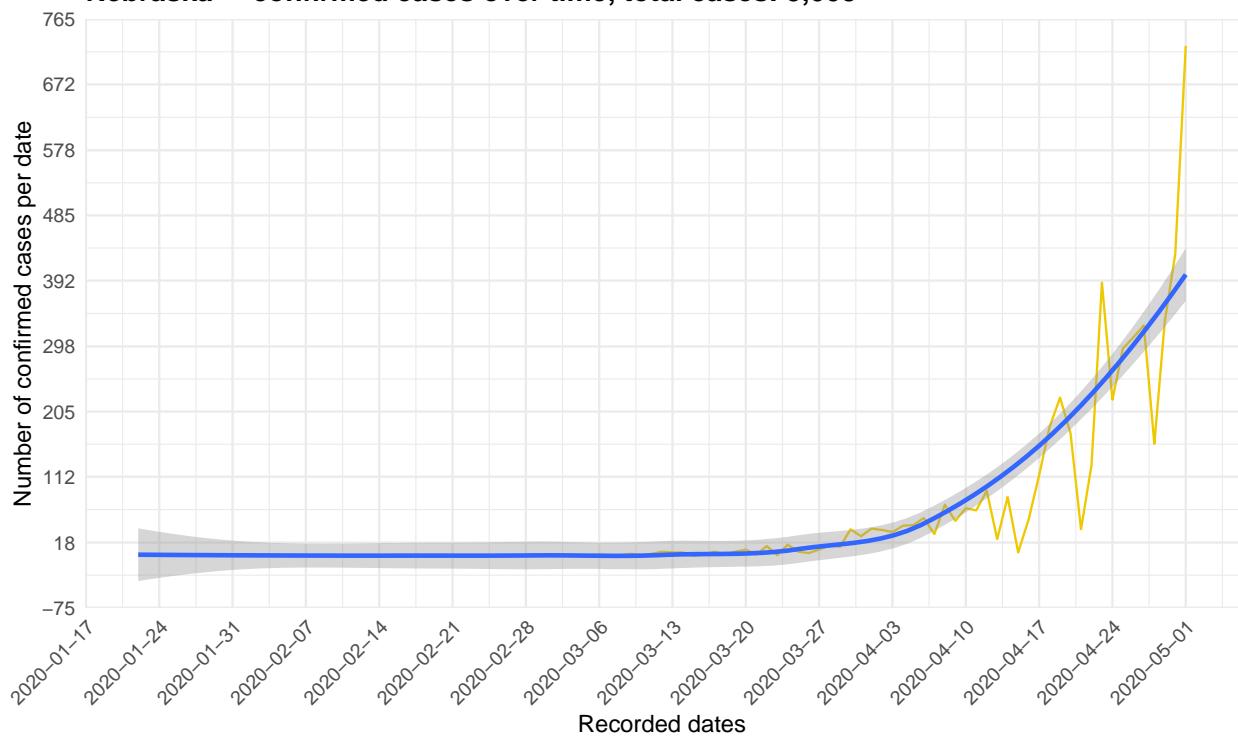

Montana – confirmed cases over time, total cases: 453

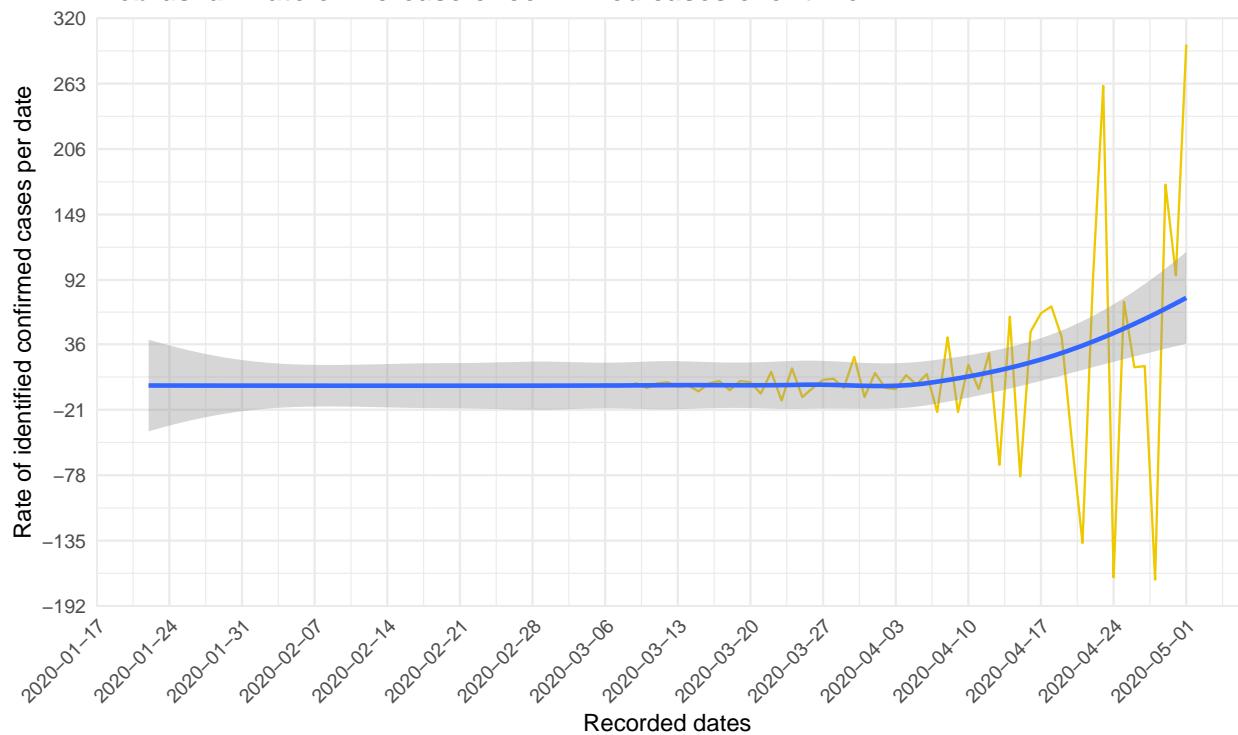

Montana – rate of increase of confirmed cases over time

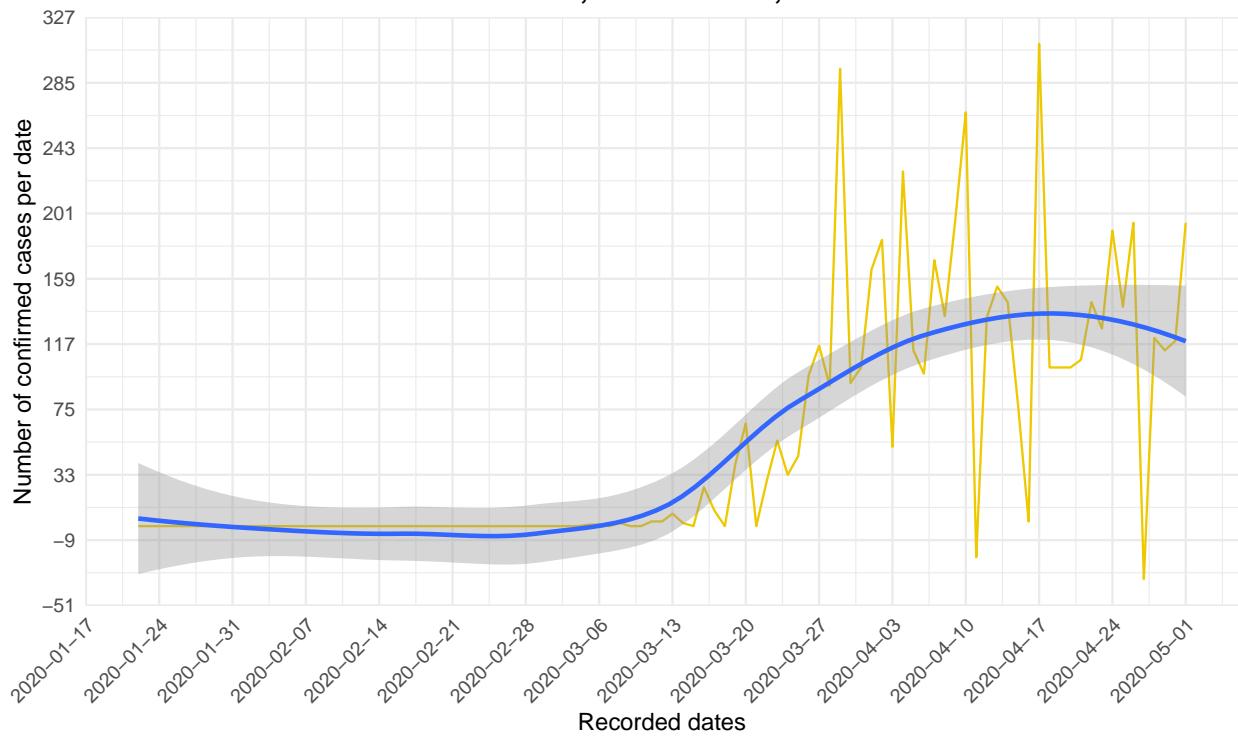

Nebraska – confirmed cases over time, total cases: 5,008

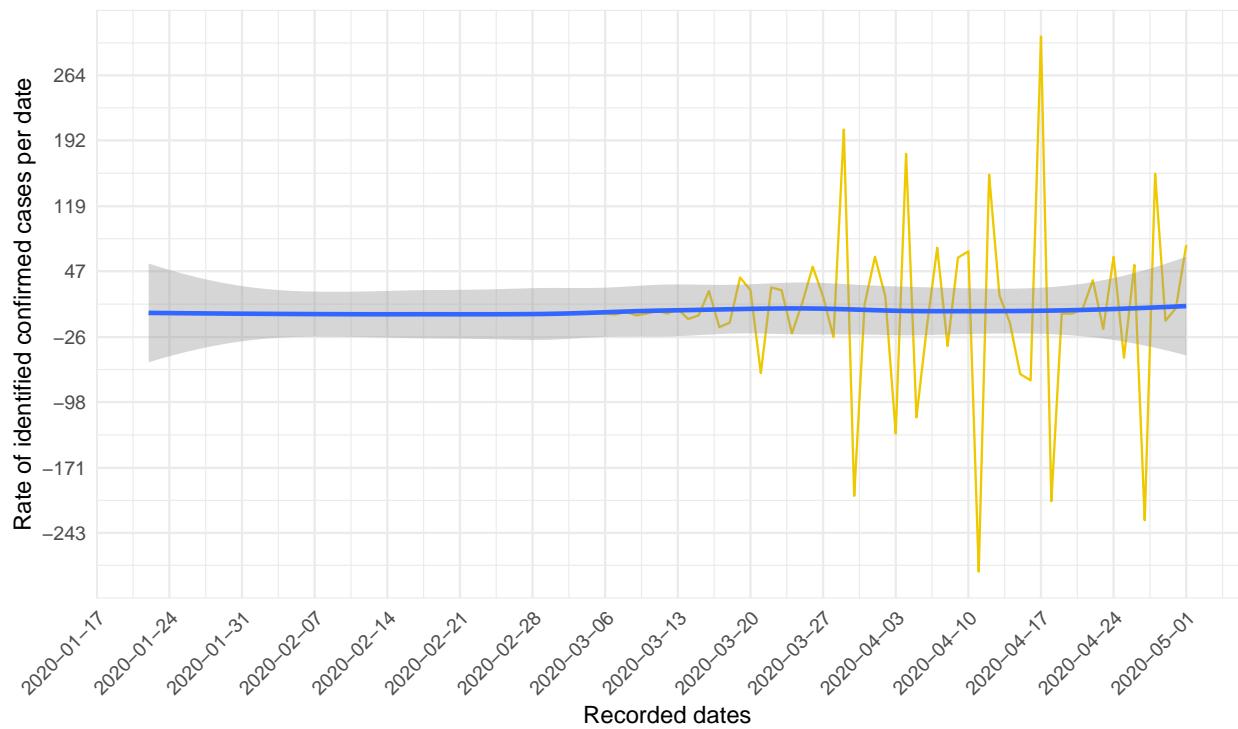

Nebraska – rate of increase of confirmed cases over time

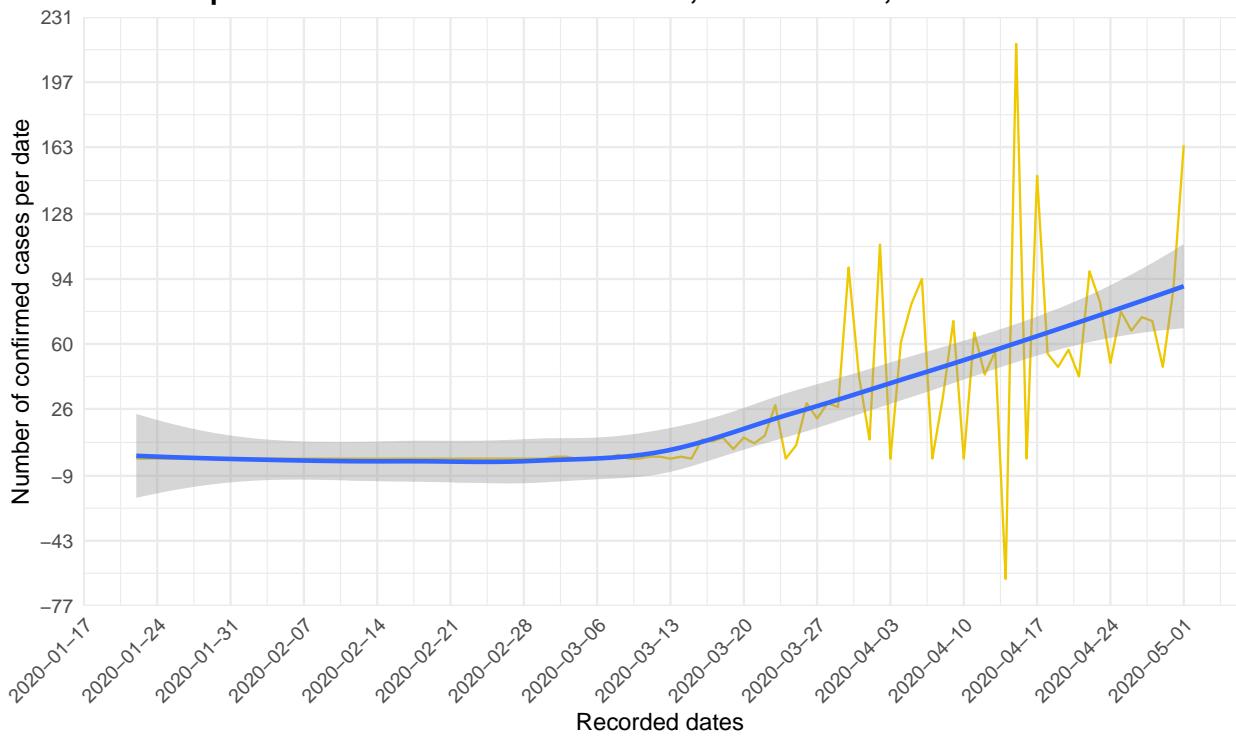

Nevada – confirmed cases over time, total cases: 5,248

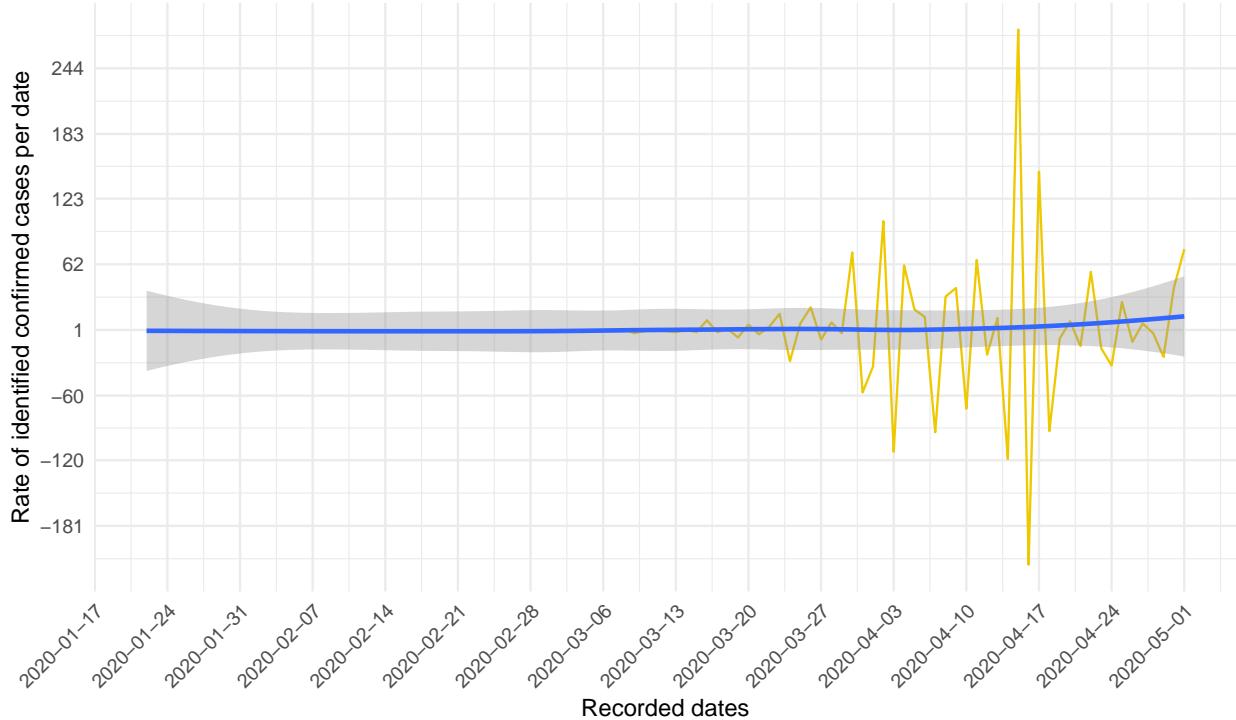

Nevada – rate of increase of confirmed cases over time

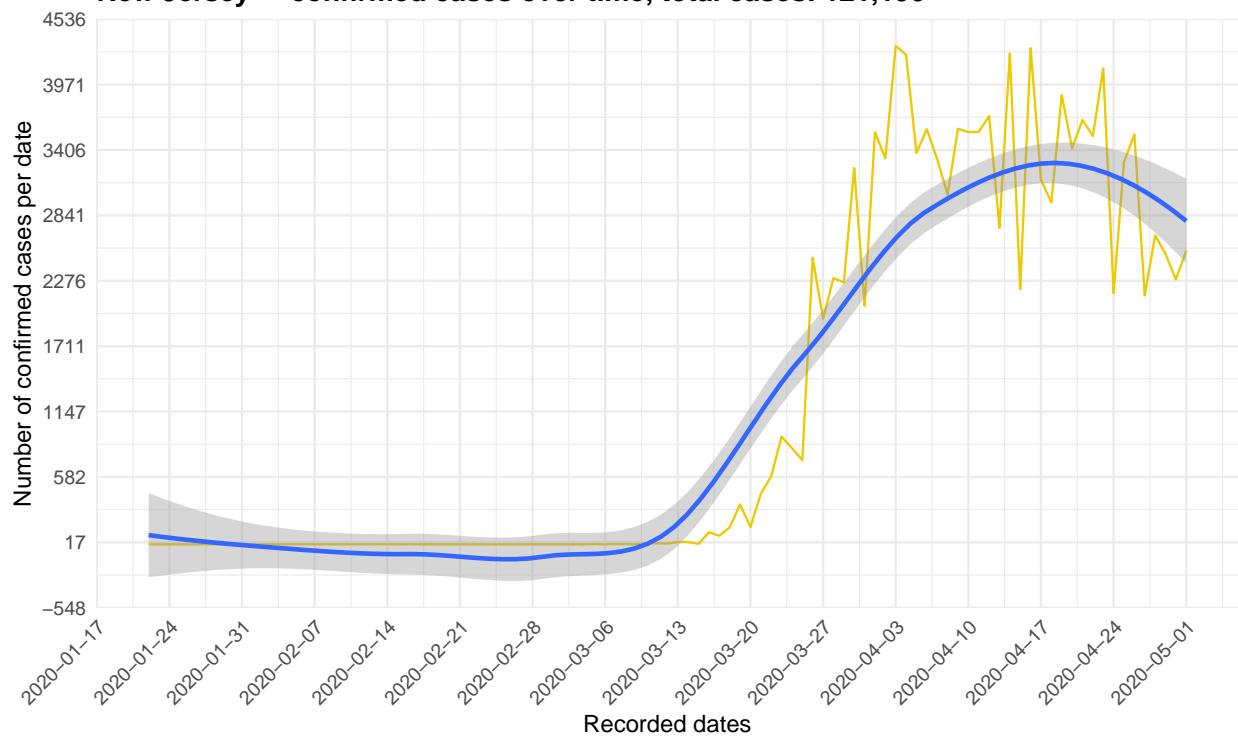

New Hampshire – confirmed cases over time, total cases: 2,310

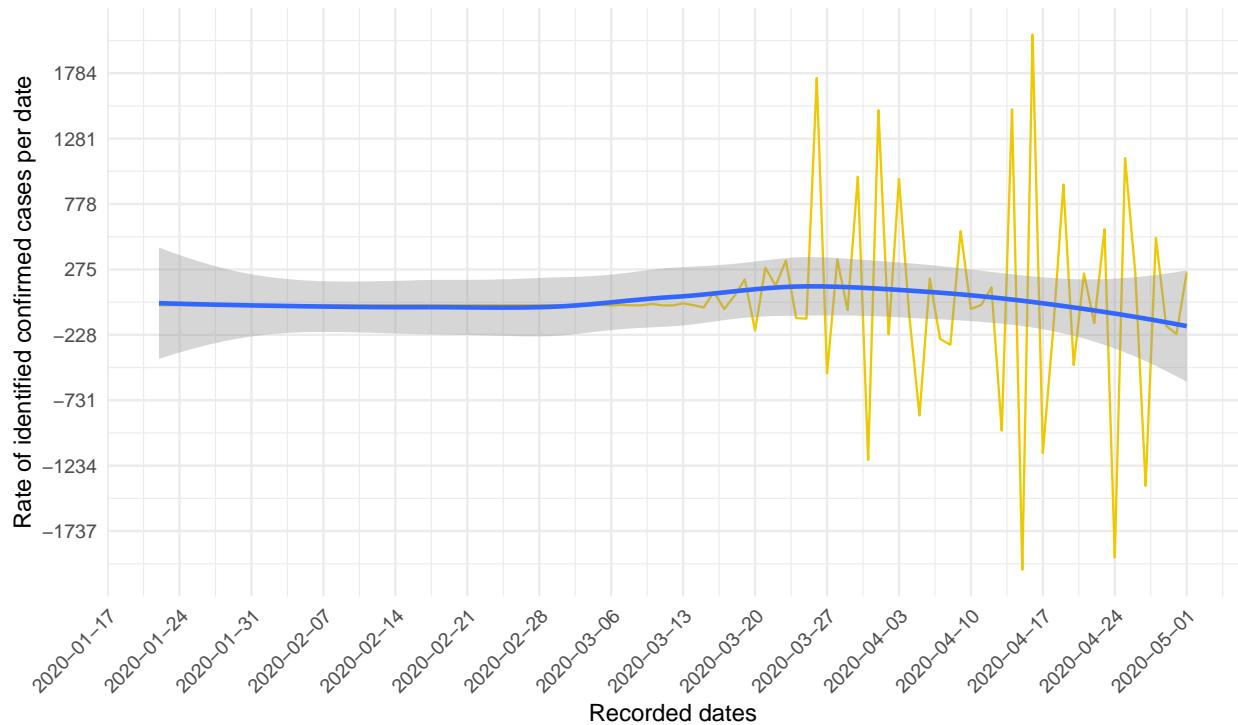

New Hampshire – rate of increase of confirmed cases over time

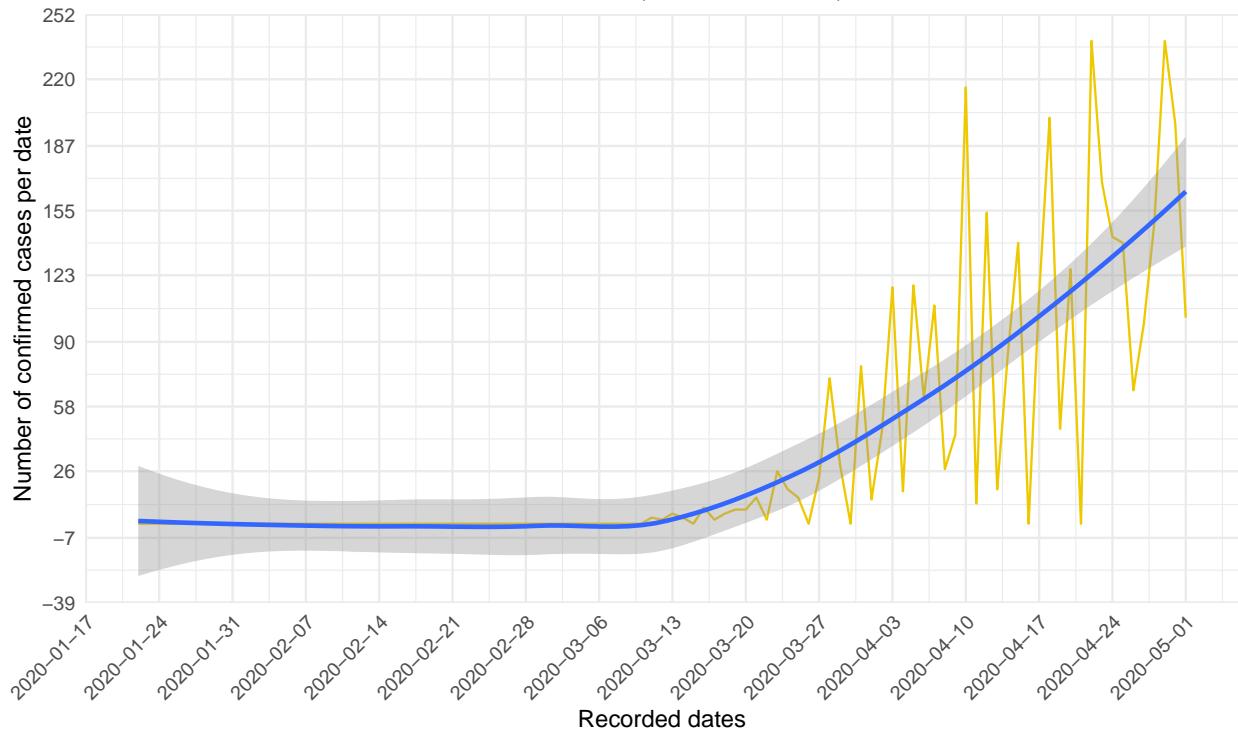

New Jersey – confirmed cases over time, total cases: 121,190

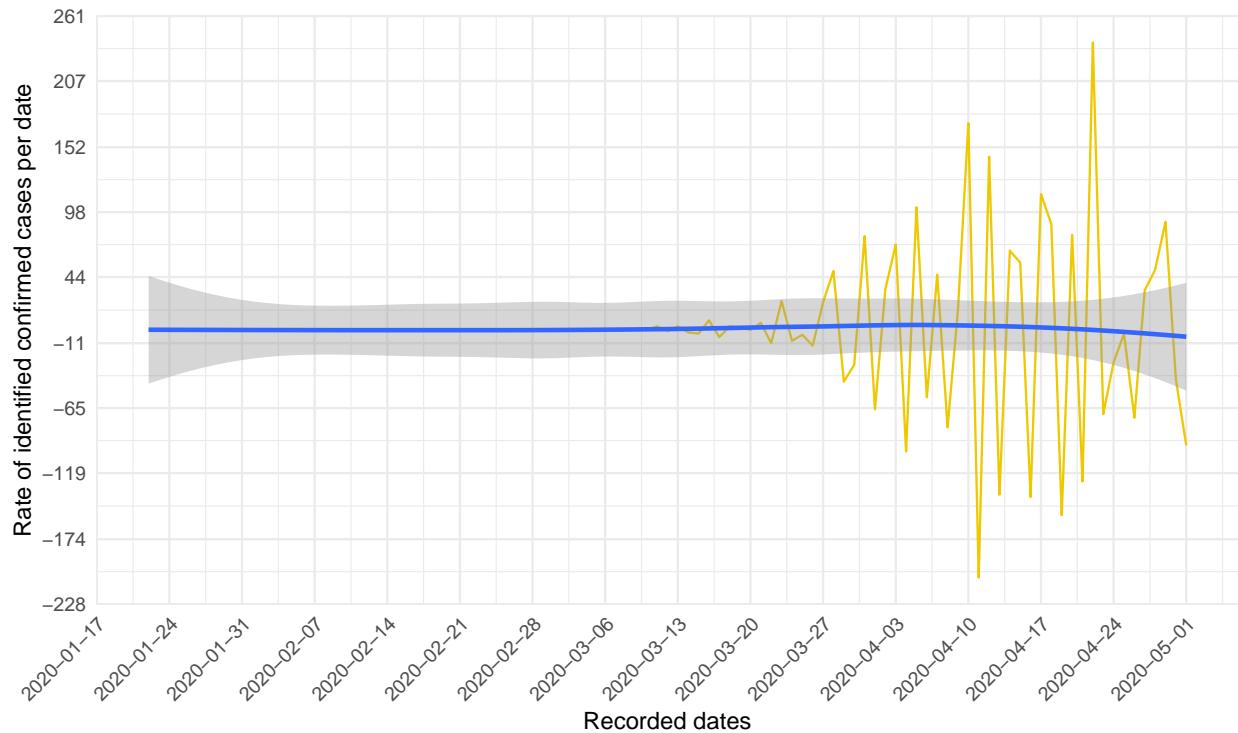

New Jersey – rate of increase of confirmed cases over time

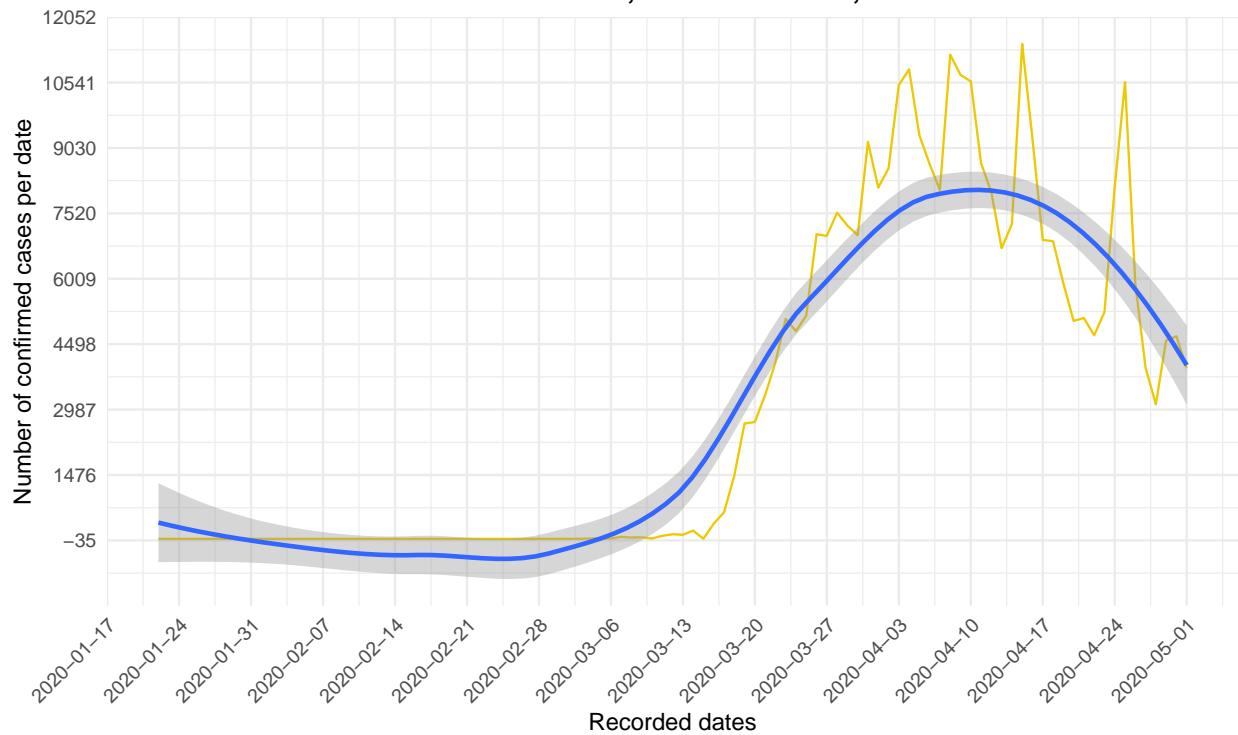

New Mexico – confirmed cases over time, total cases: 3,513

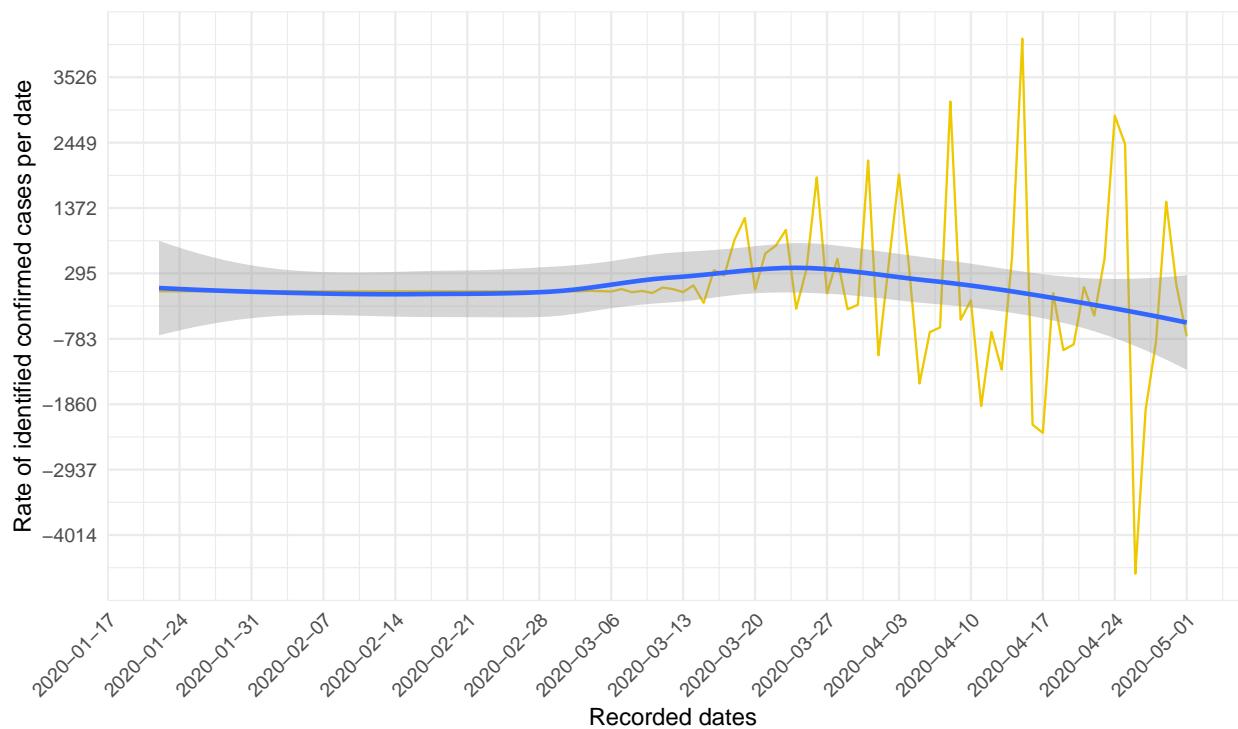

New Mexico – rate of increase of confirmed cases over time

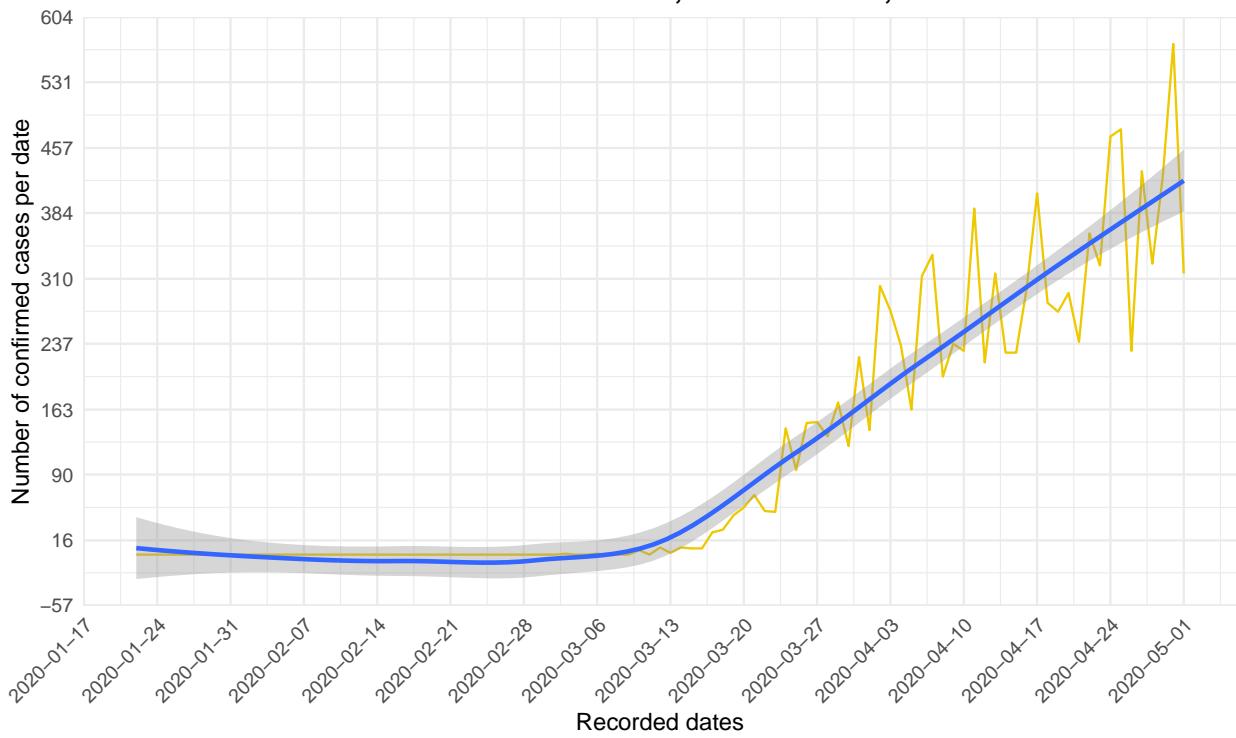

New York – confirmed cases over time, total cases: 308,314

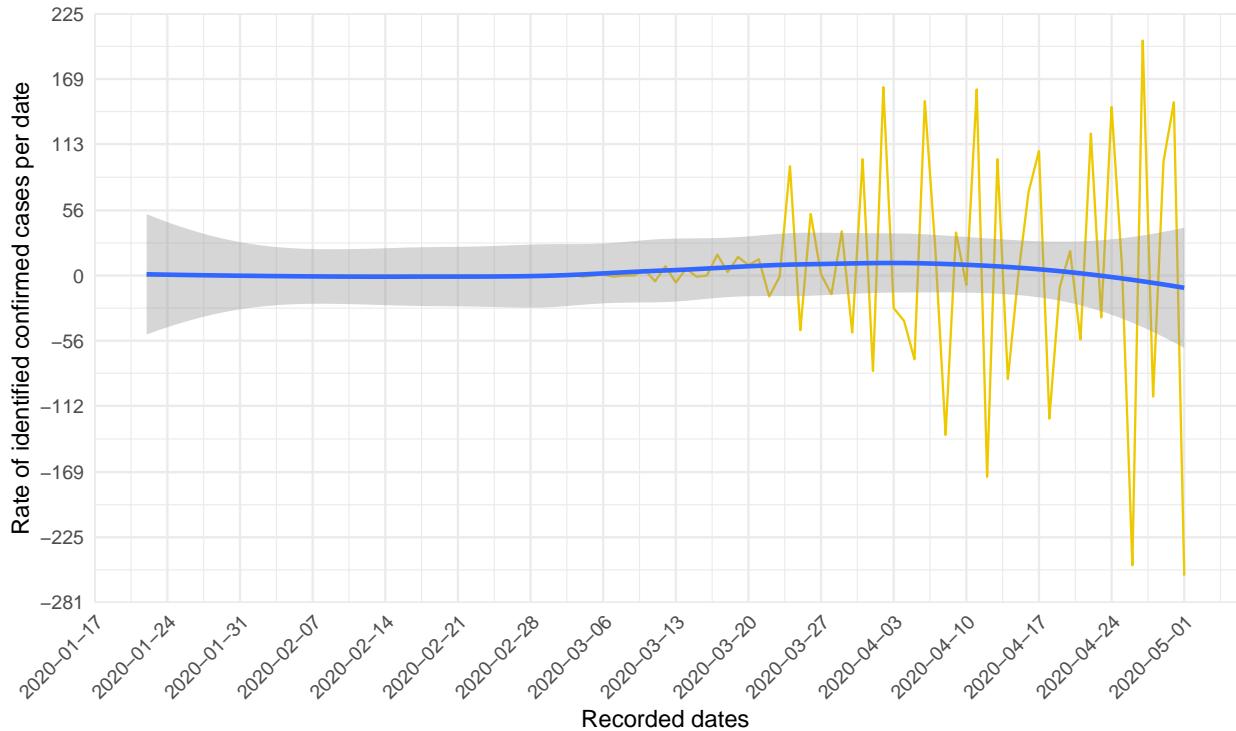

New York – rate of increase of confirmed cases over time

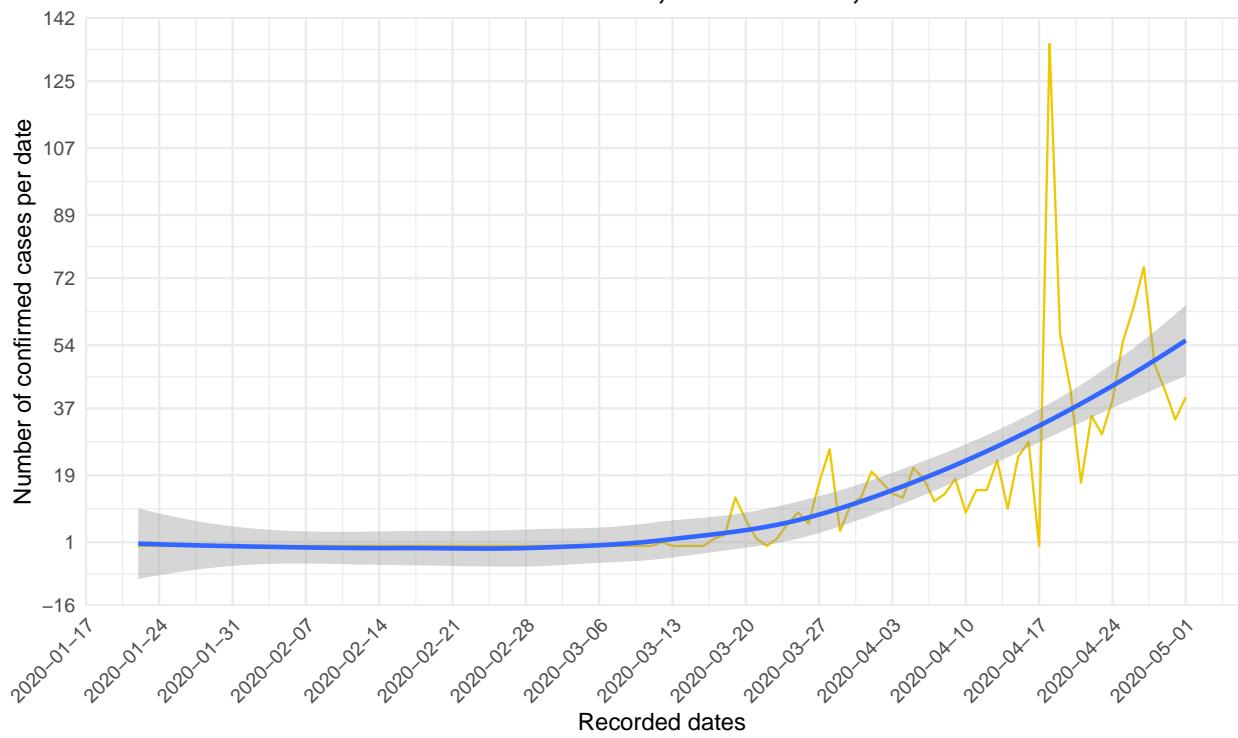

North Carolina – confirmed cases over time, total cases: 11,070

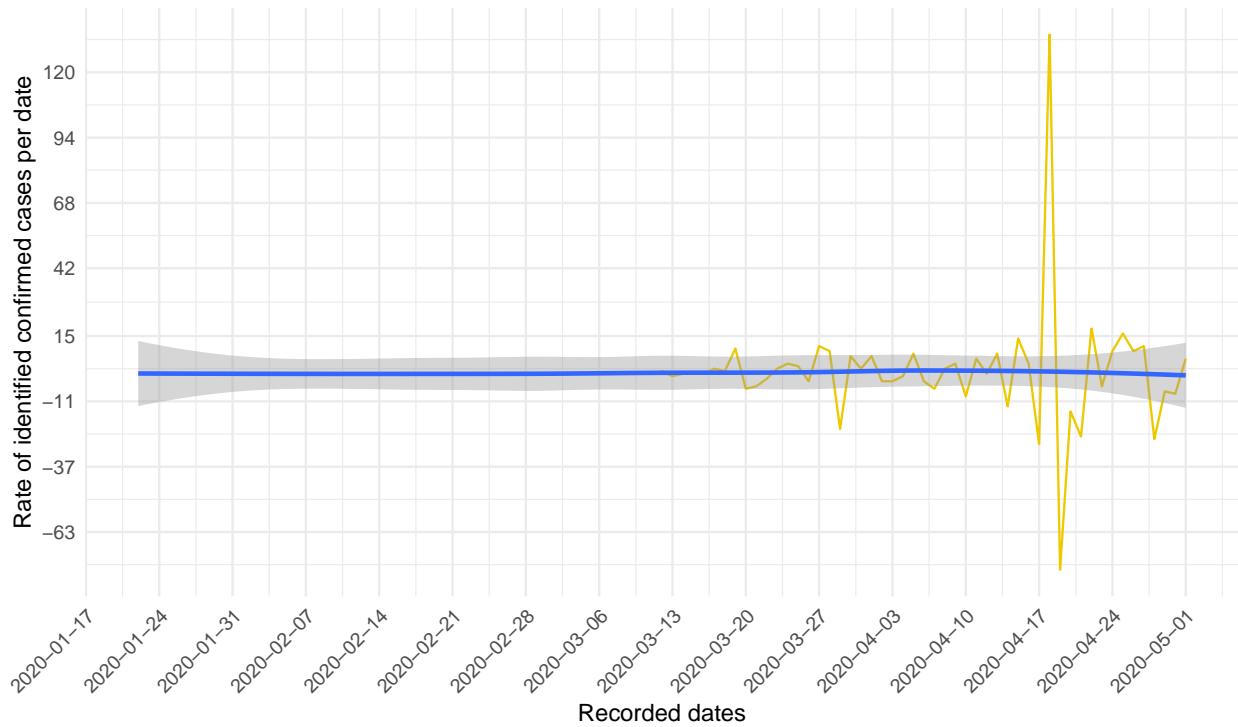

North Carolina – rate of increase of confirmed cases over time

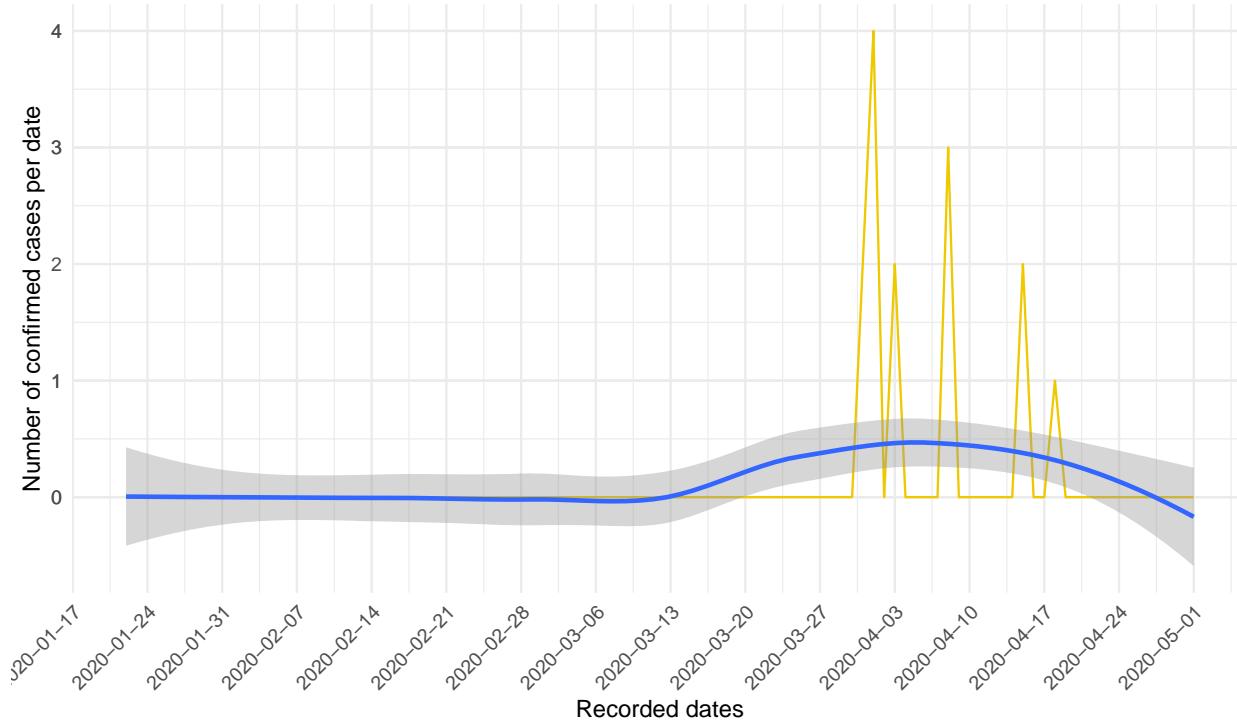

North Dakota – confirmed cases over time, total cases: 1,107

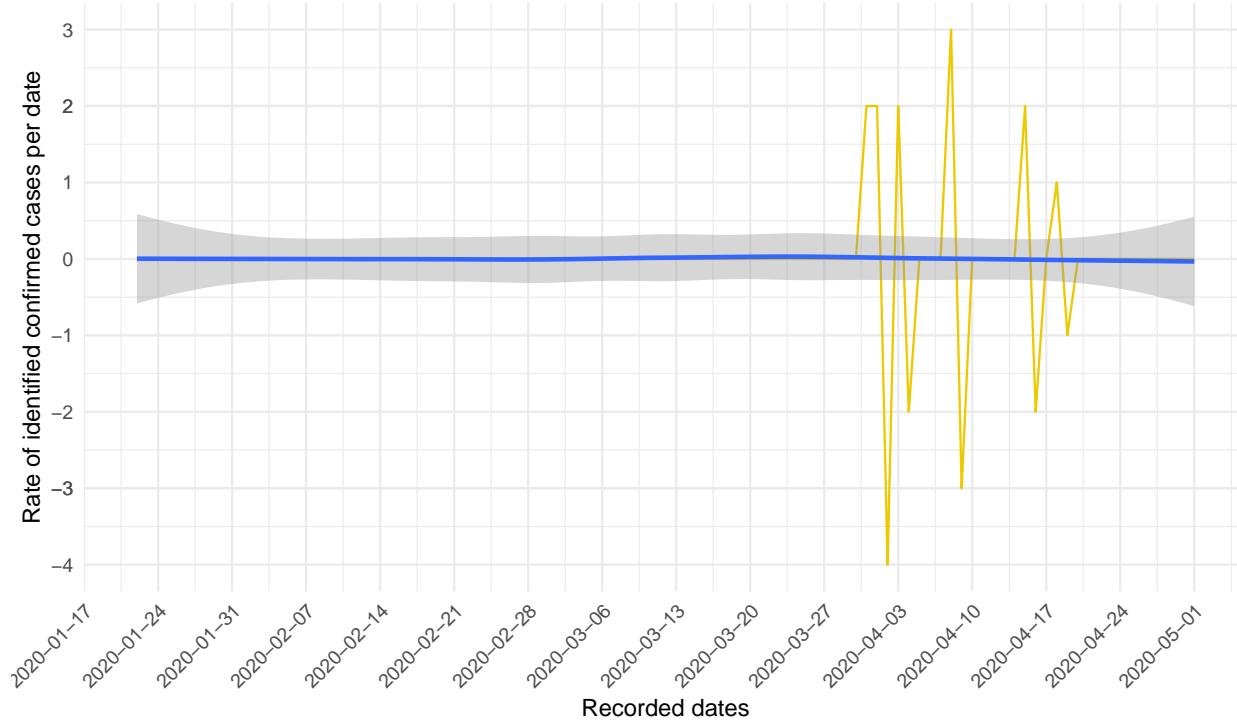

North Dakota – rate of increase of confirmed cases over time

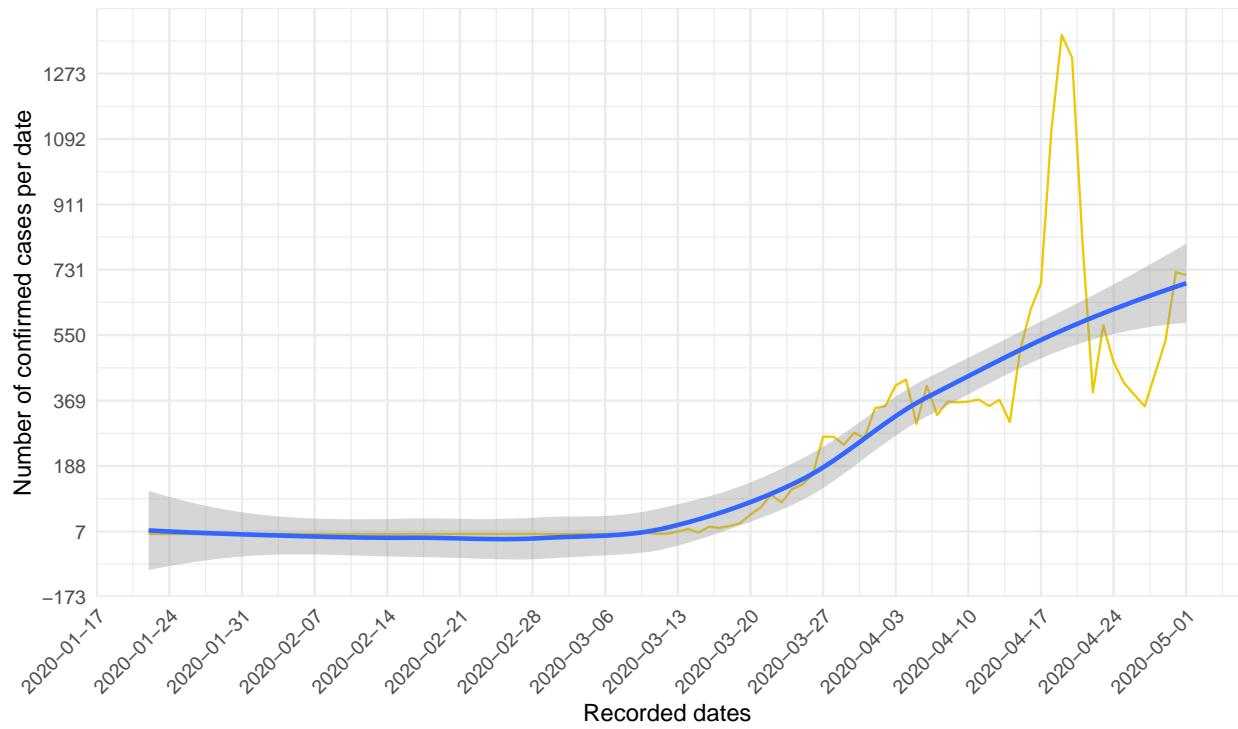

Northern Mariana Islands – confirmed cases over time, total cases: 14

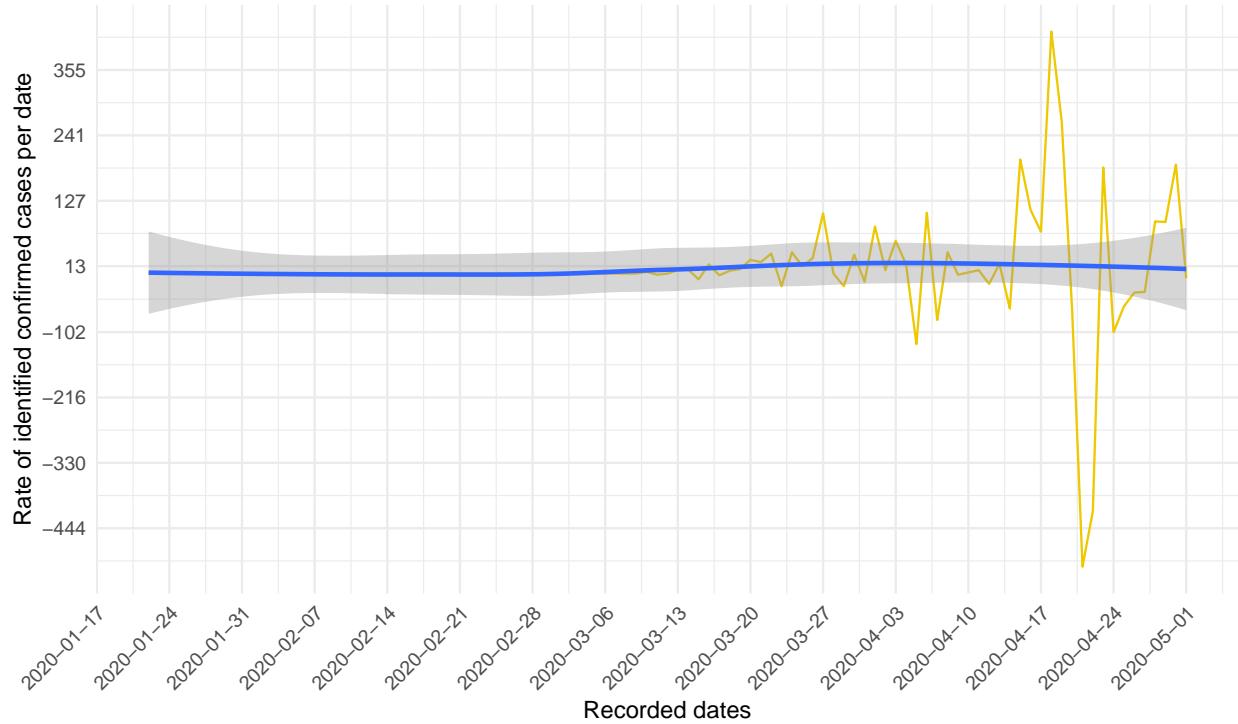

Northern Mariana Islands – rate of increase of confirmed cases over time

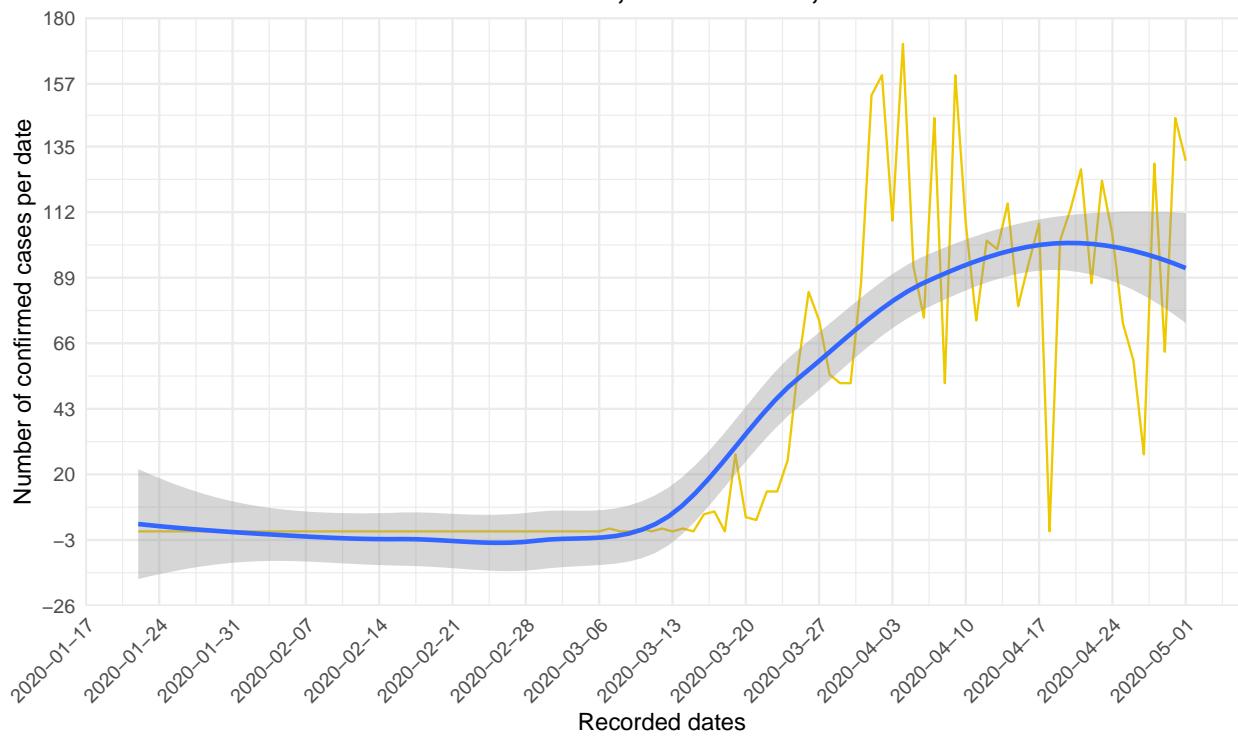

Ohio – confirmed cases over time, total cases: 18,743

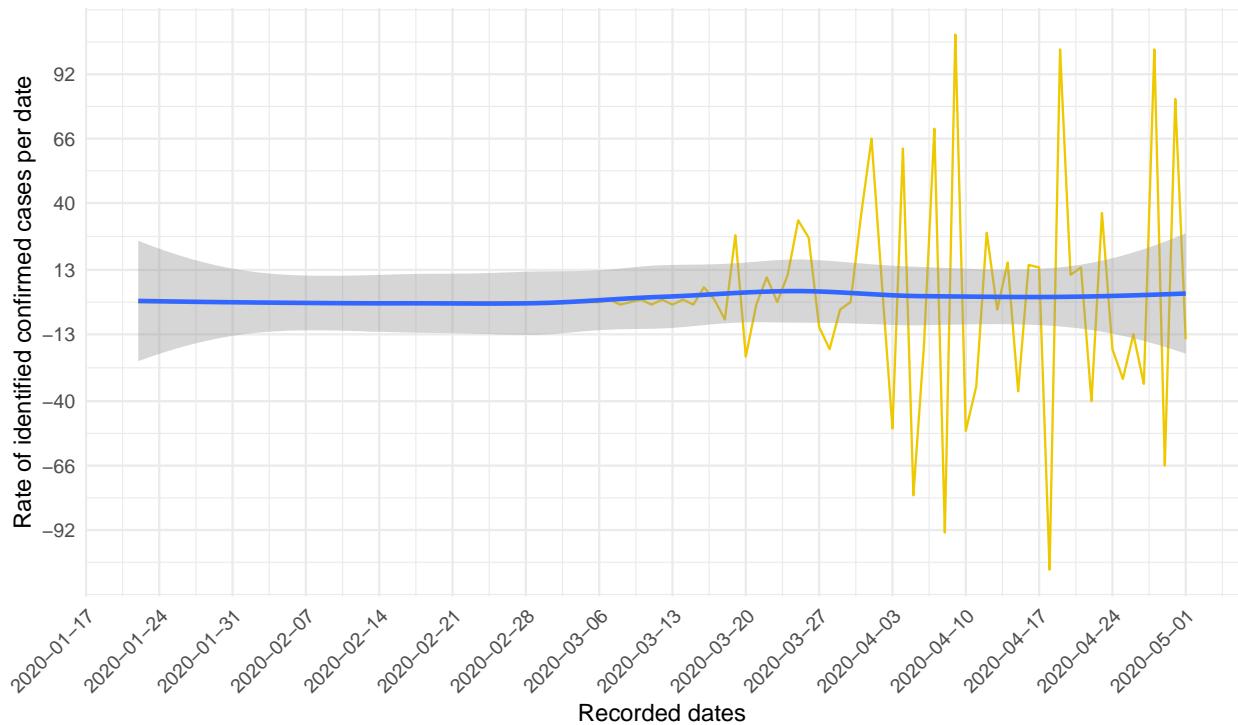

Ohio – rate of increase of confirmed cases over time

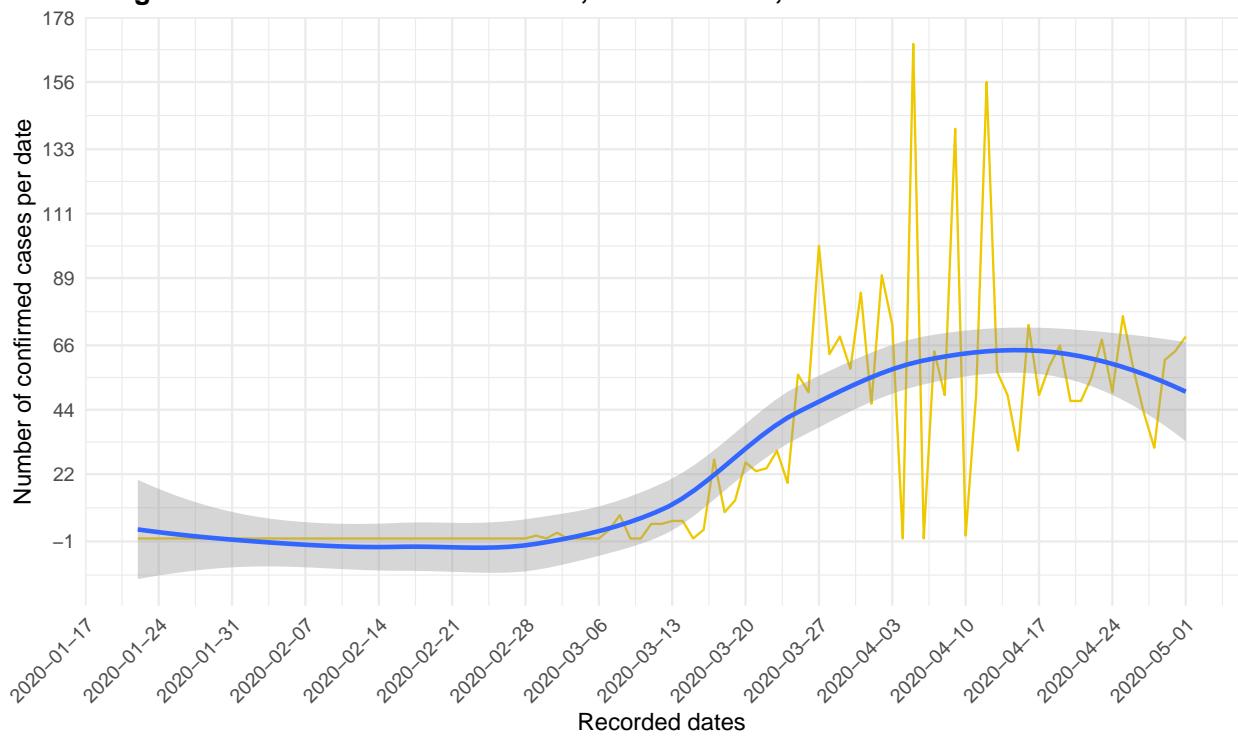

Oklahoma – confirmed cases over time, total cases: 3,748

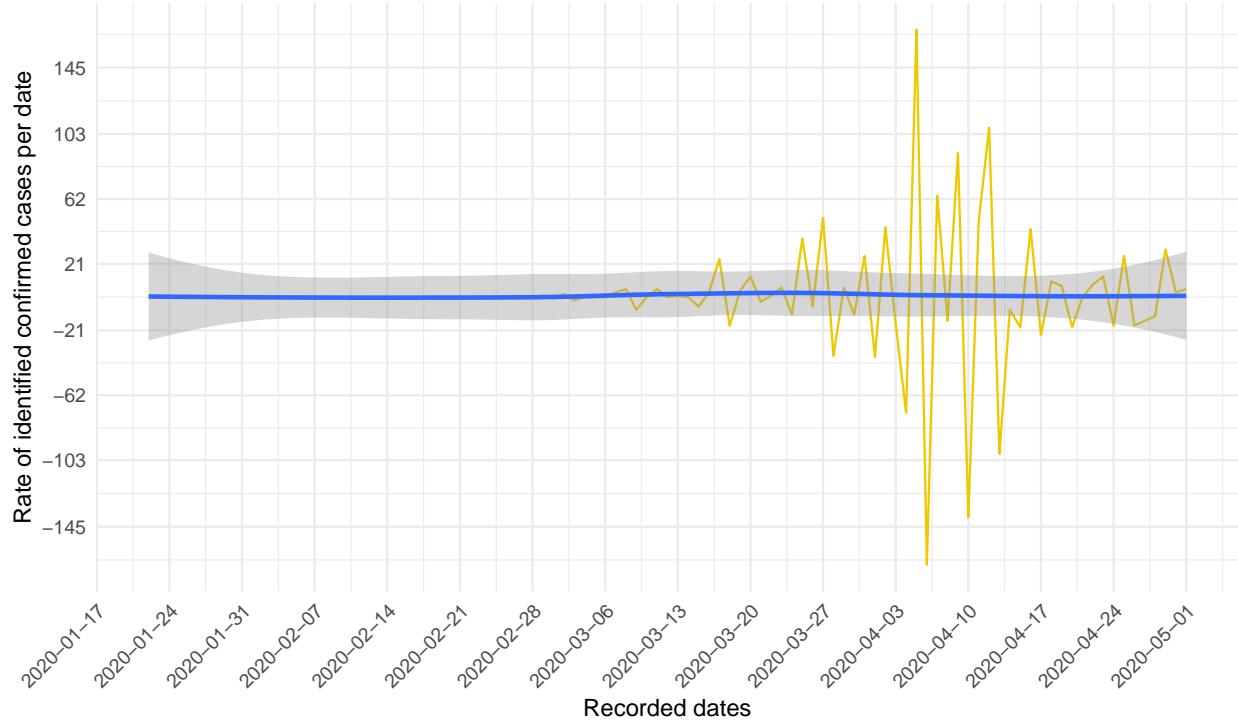

Oklahoma – rate of increase of confirmed cases over time

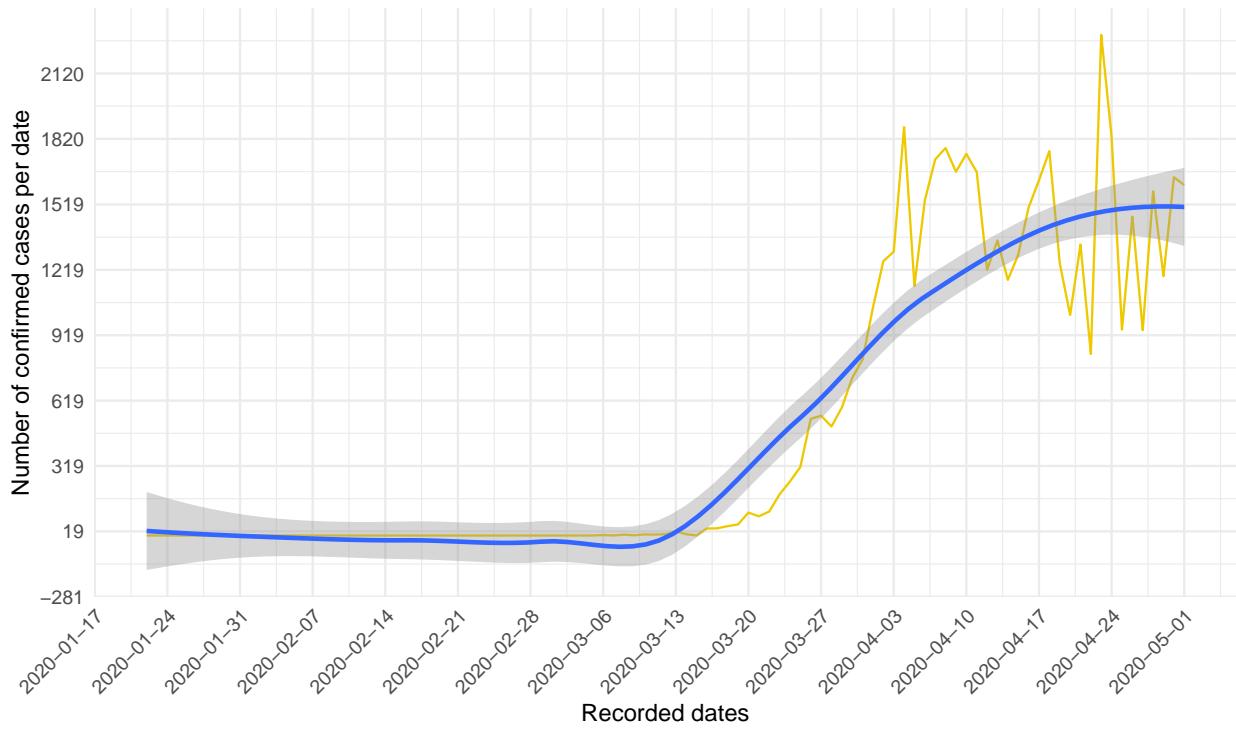

Oregon – confirmed cases over time, total cases: 2,579

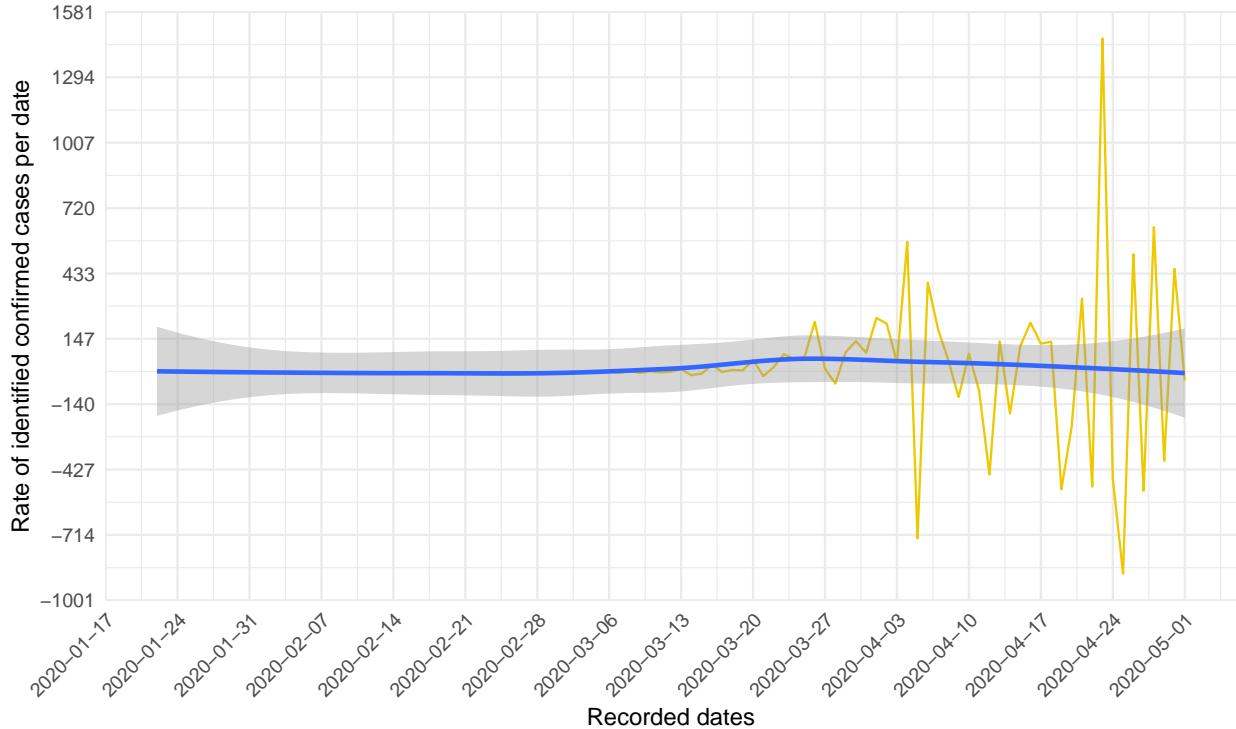

Oregon – rate of increase of confirmed cases over time

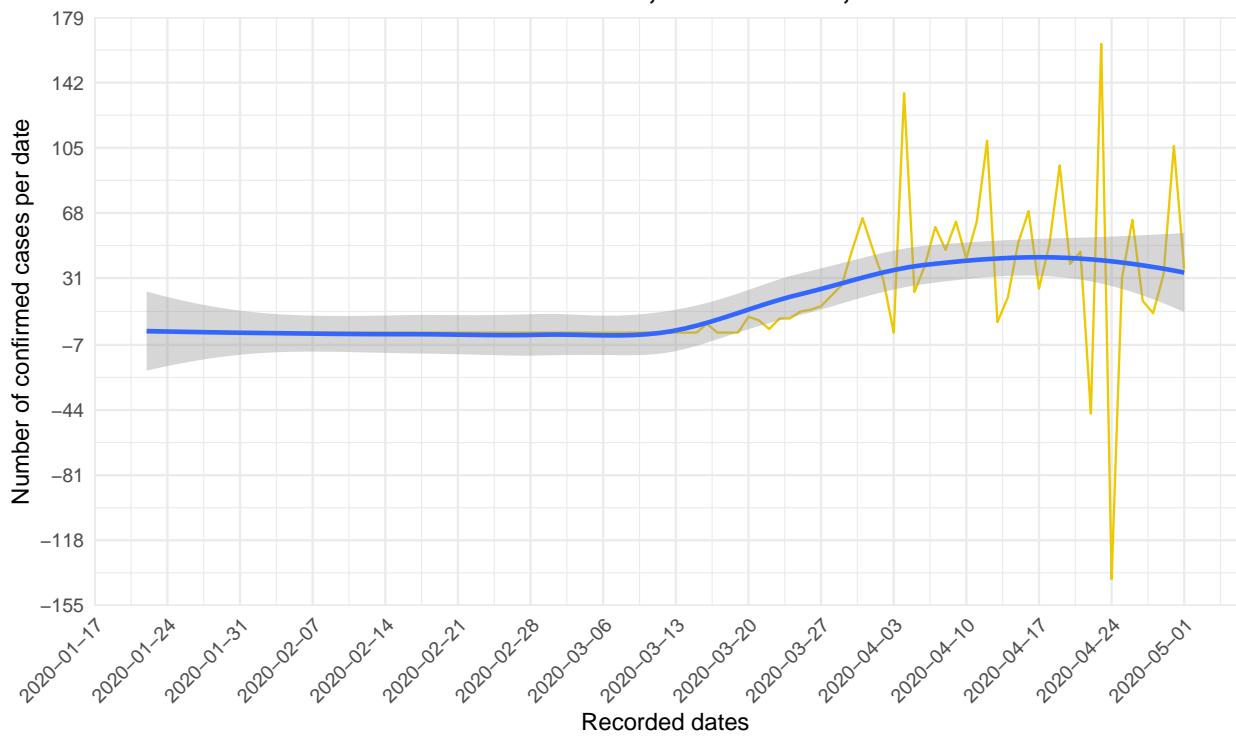

Pennsylvania – confirmed cases over time, total cases: 49,579

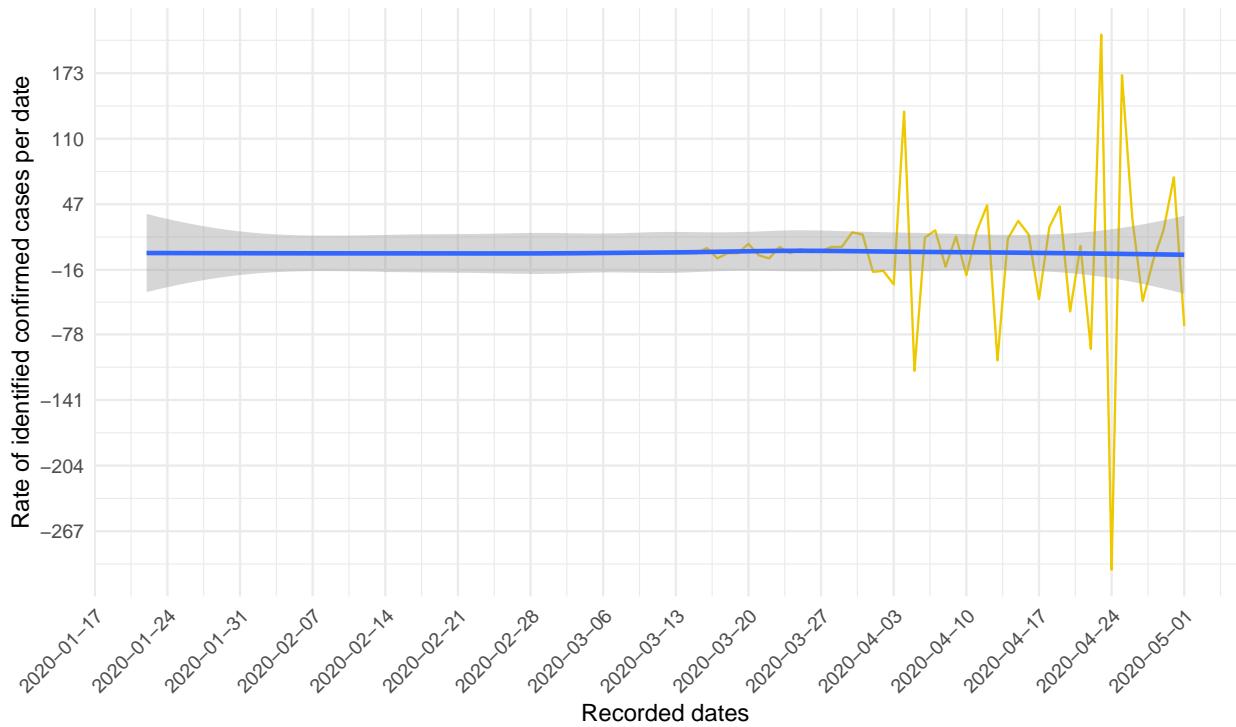

Pennsylvania – rate of increase of confirmed cases over time

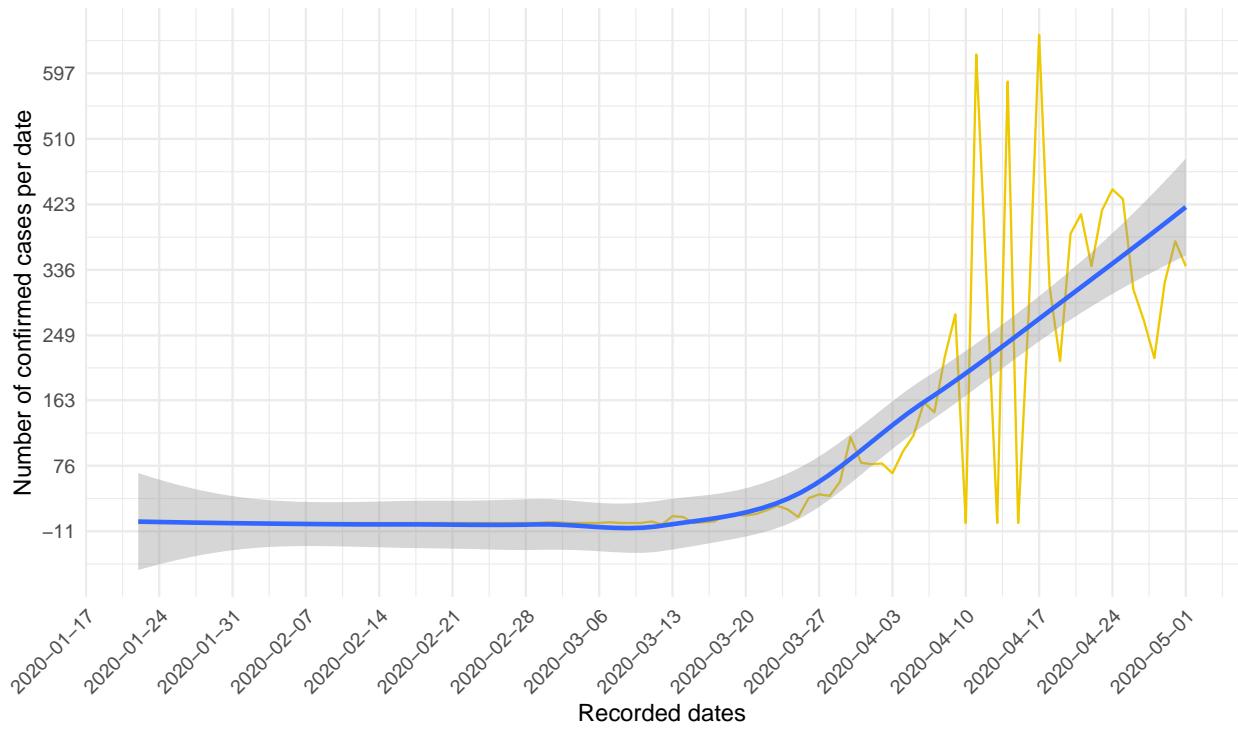

Puerto Rico – confirmed cases over time, total cases: 1,575

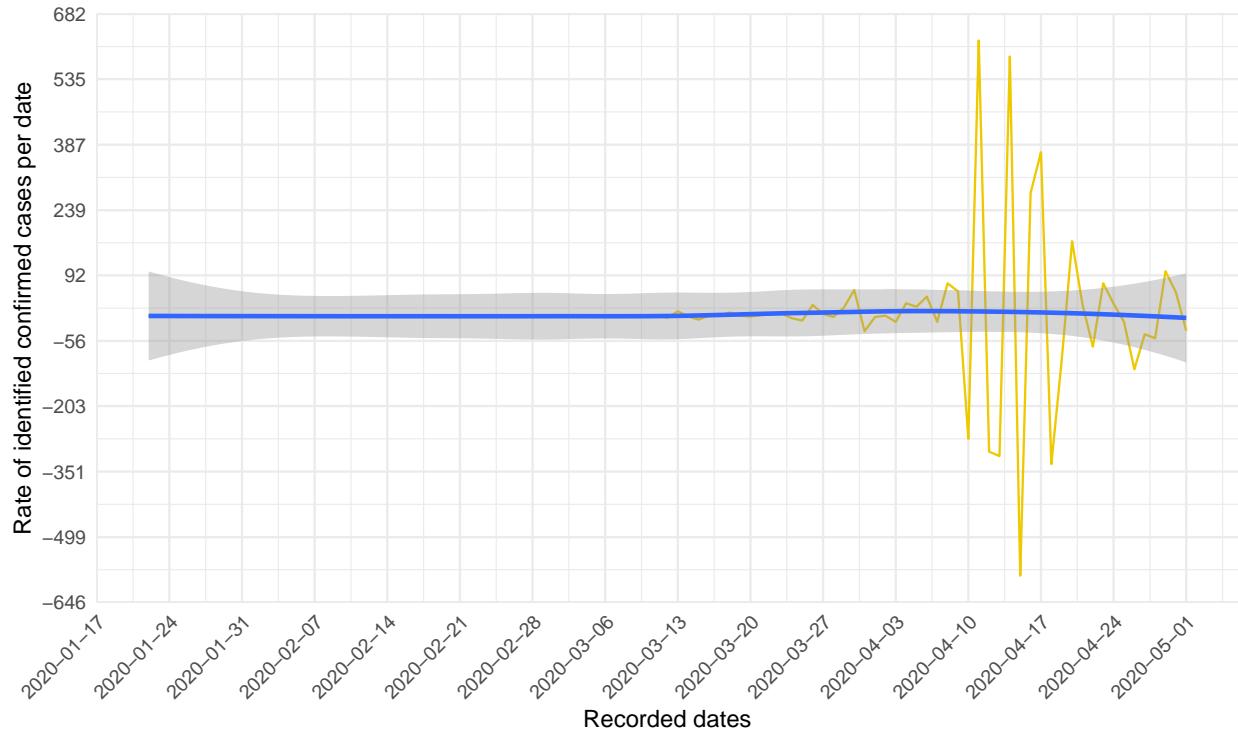

Puerto Rico – rate of increase of confirmed cases over time

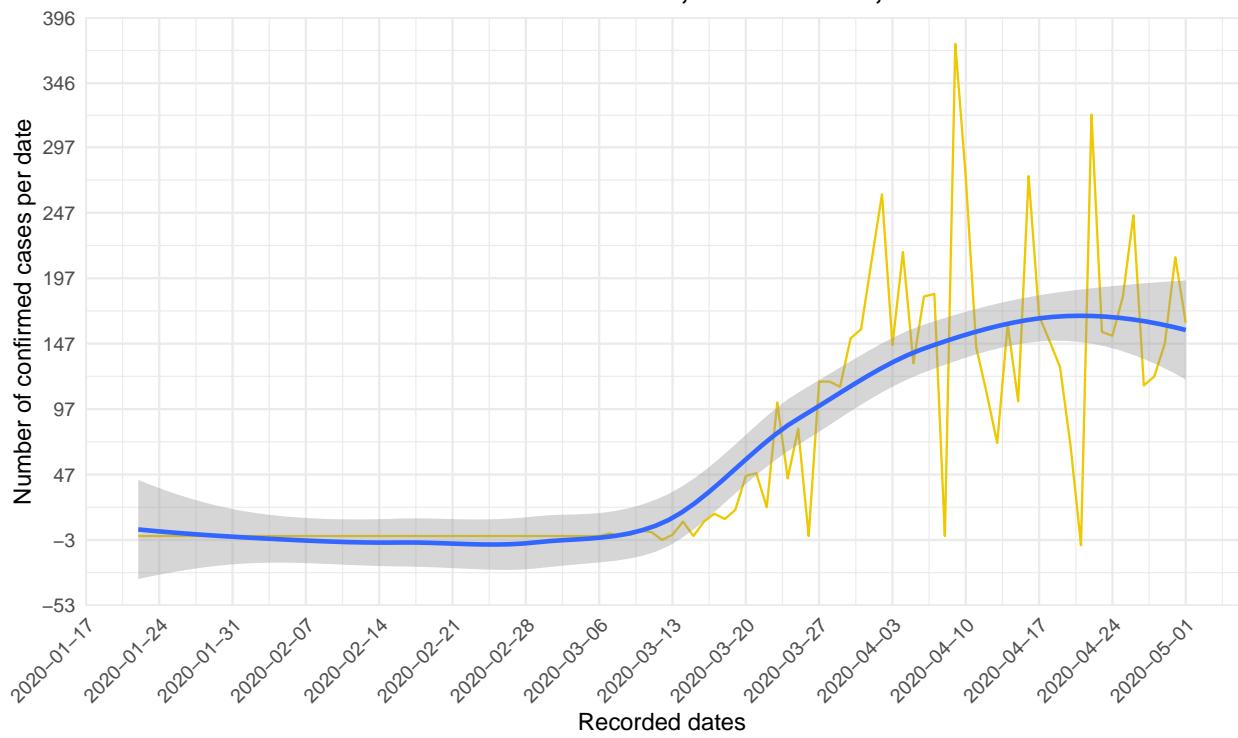

Rhode Island – confirmed cases over time, total cases: 8,962

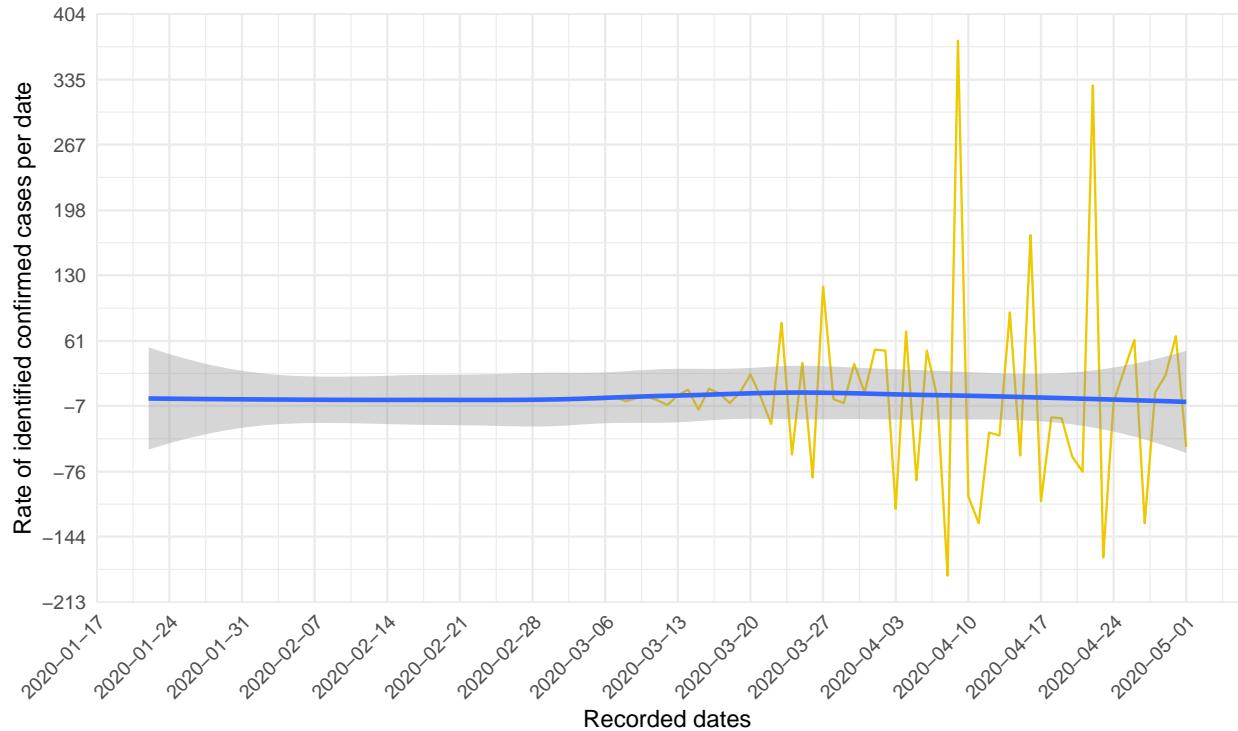

Rhode Island – rate of increase of confirmed cases over time

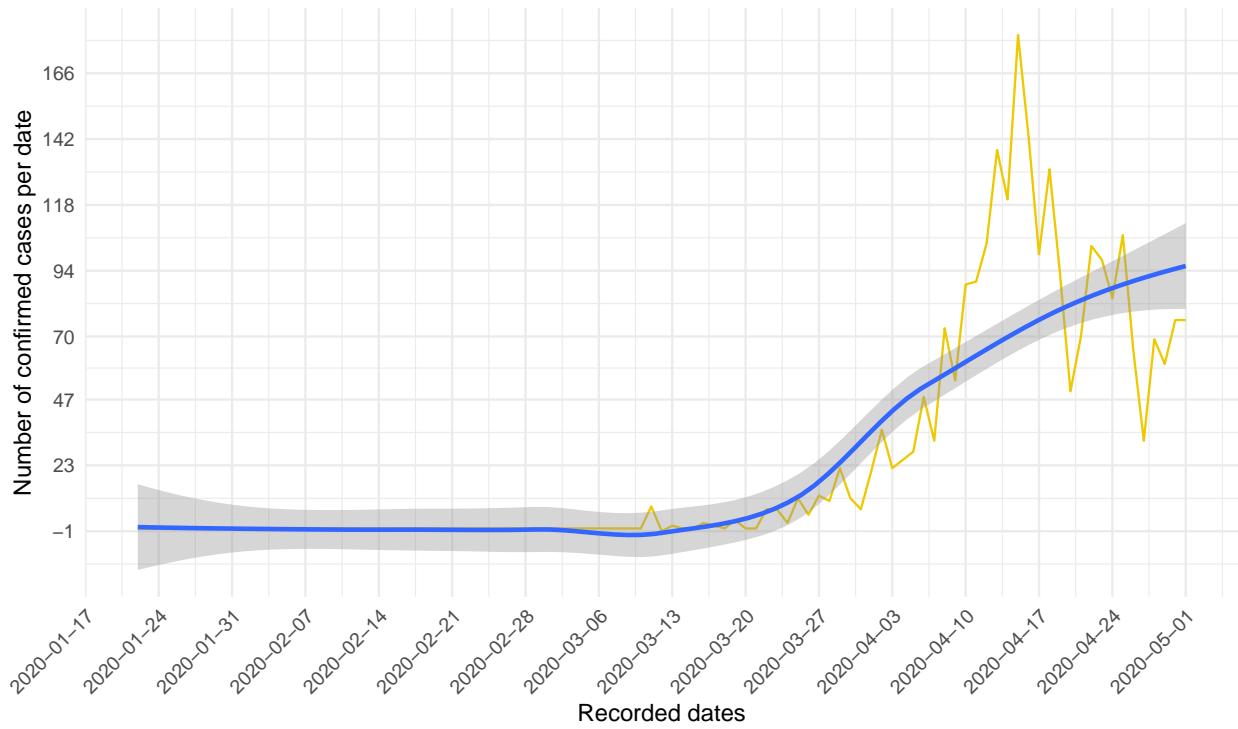

South Carolina – confirmed cases over time, total cases: 6,258

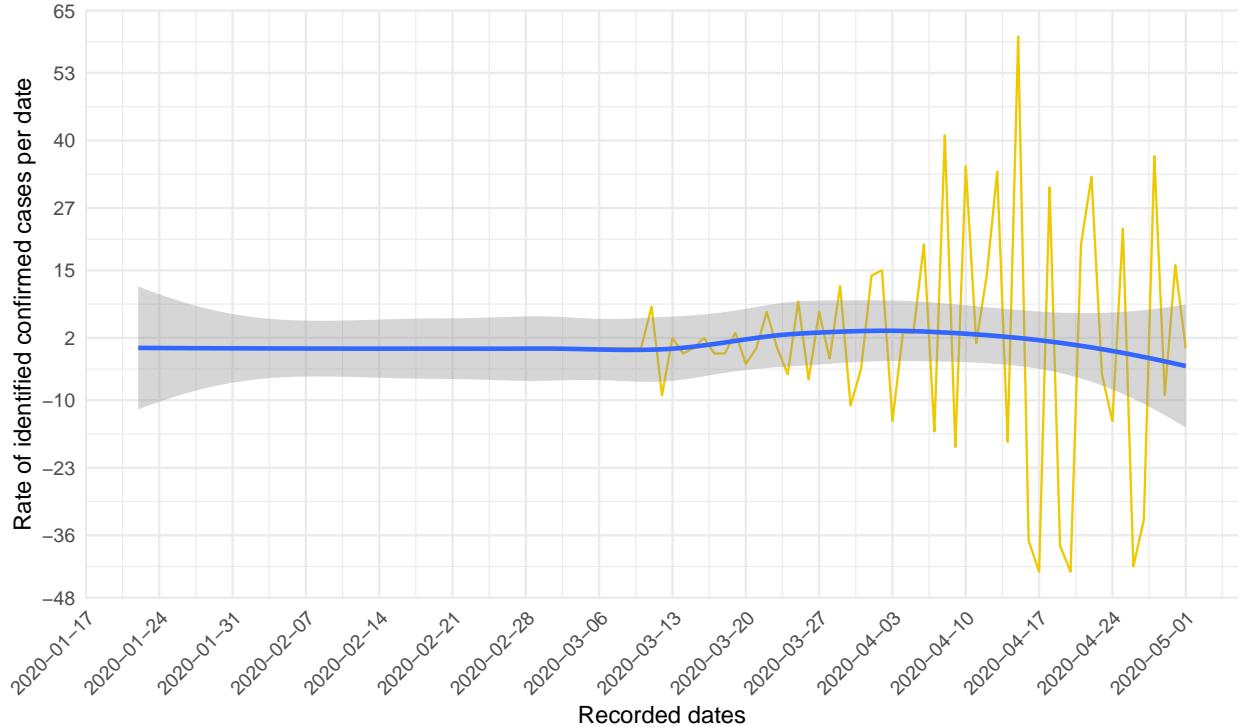

South Carolina – rate of increase of confirmed cases over time

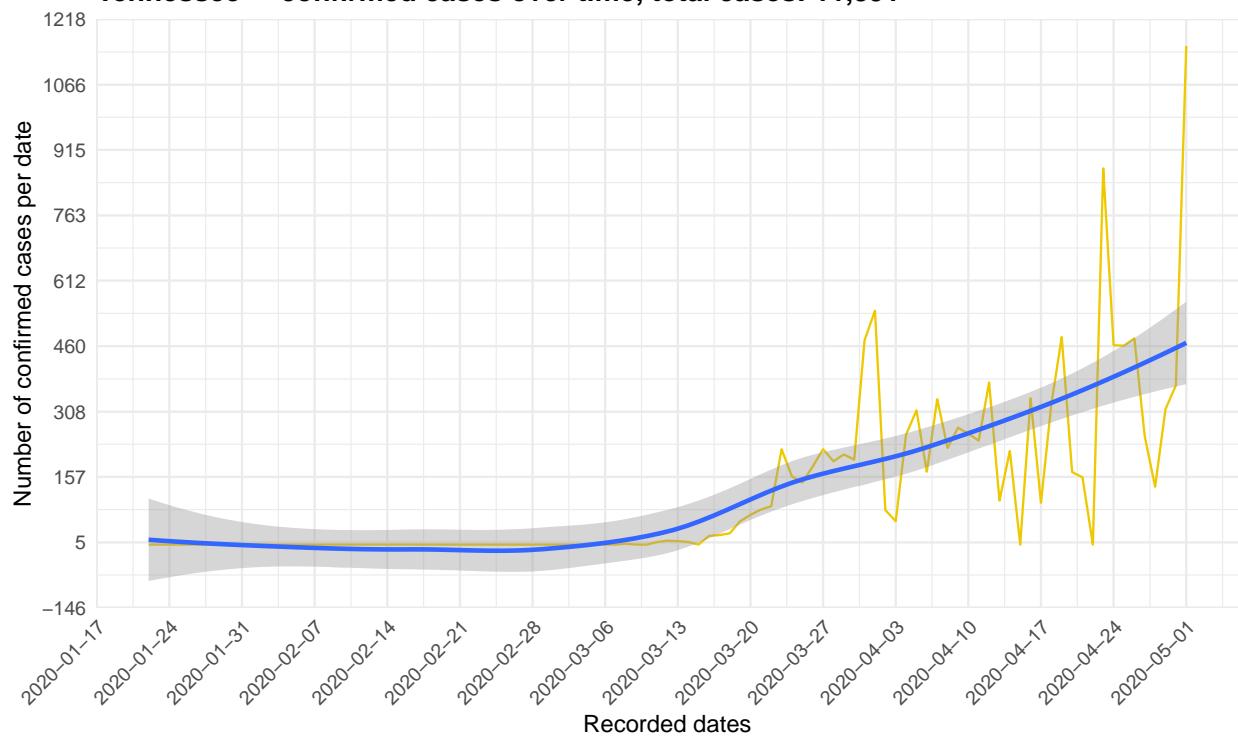

South Dakota – confirmed cases over time, total cases: 2,525

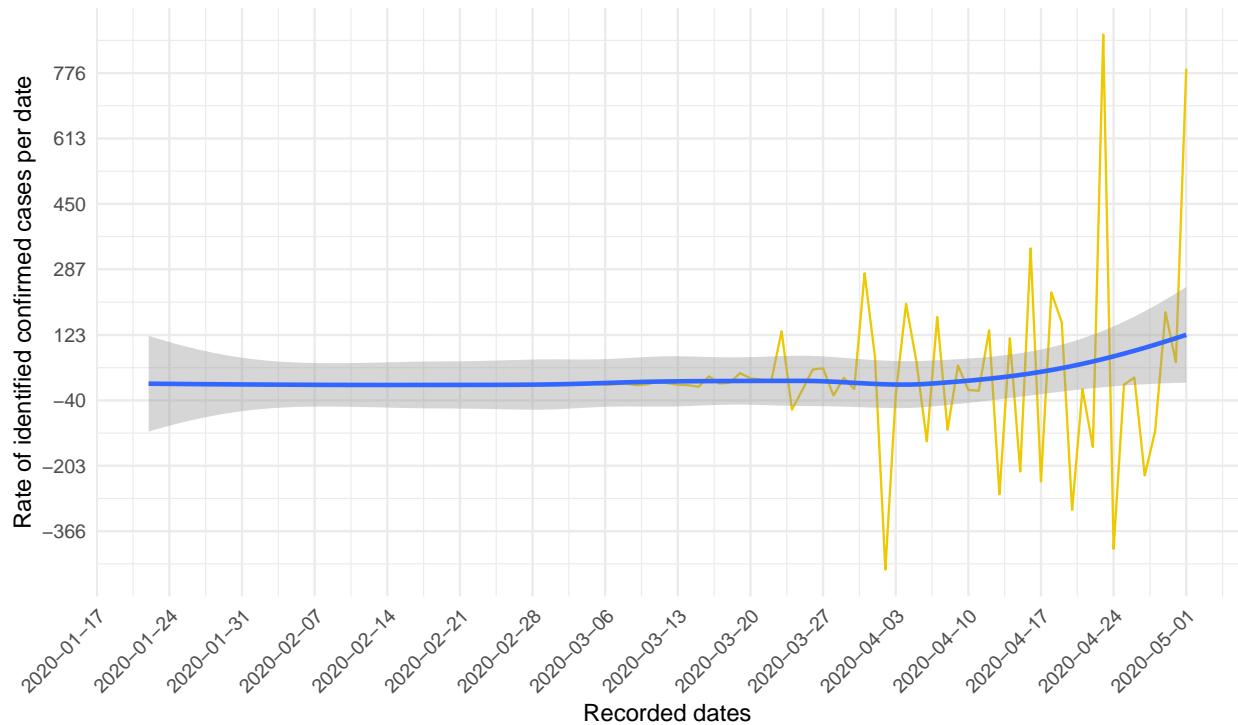

South Dakota – rate of increase of confirmed cases over time

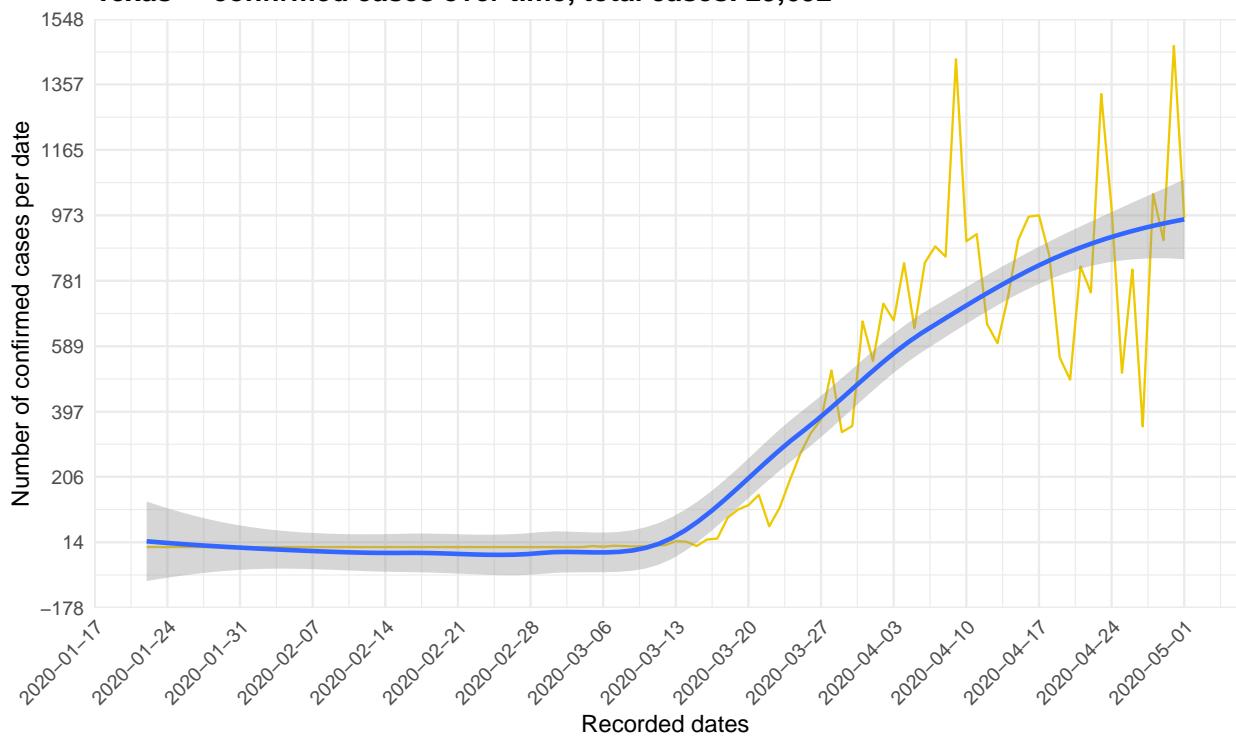

Tennessee – confirmed cases over time, total cases: 11,891

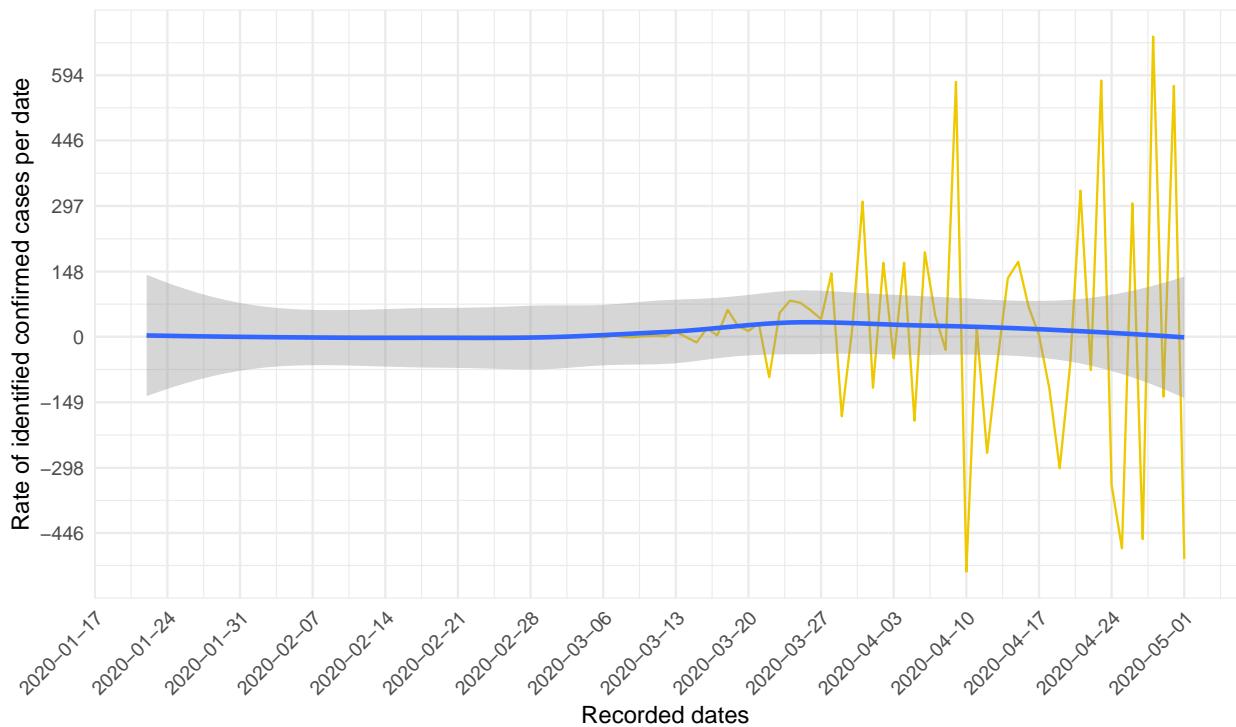

Tennessee – rate of increase of confirmed cases over time

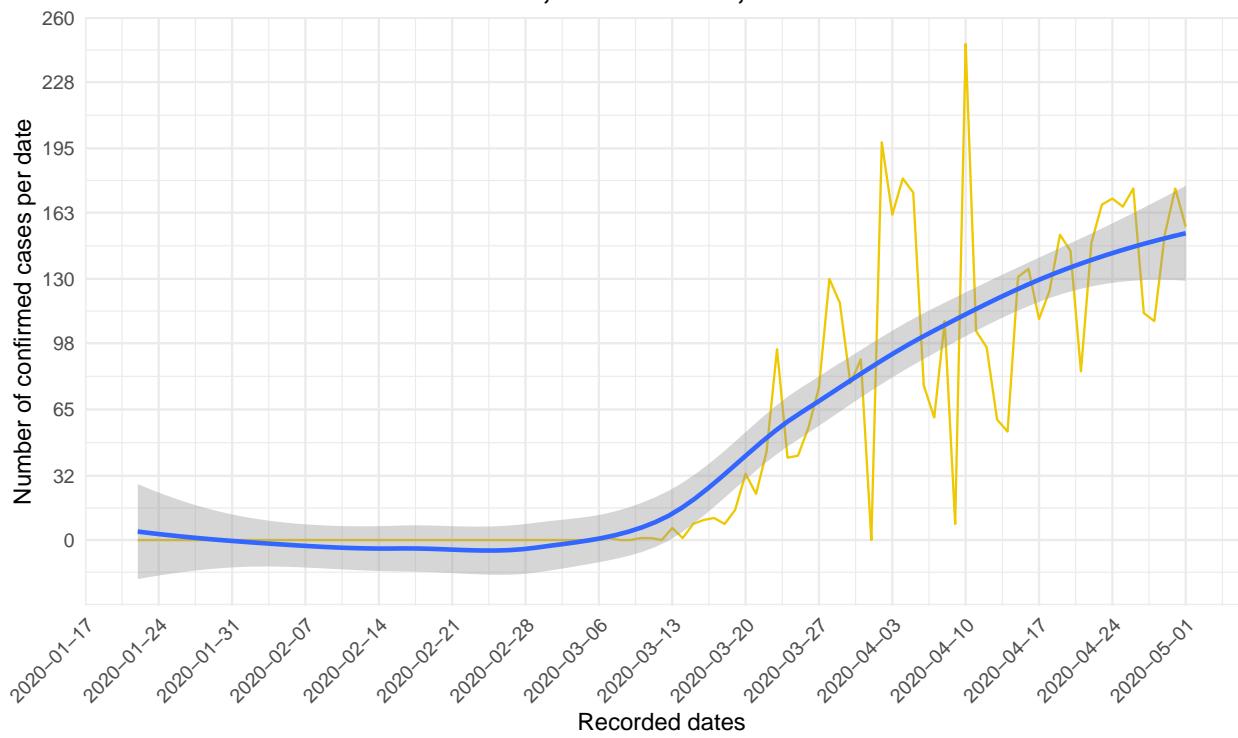

Texas – confirmed cases over time, total cases: 29,692

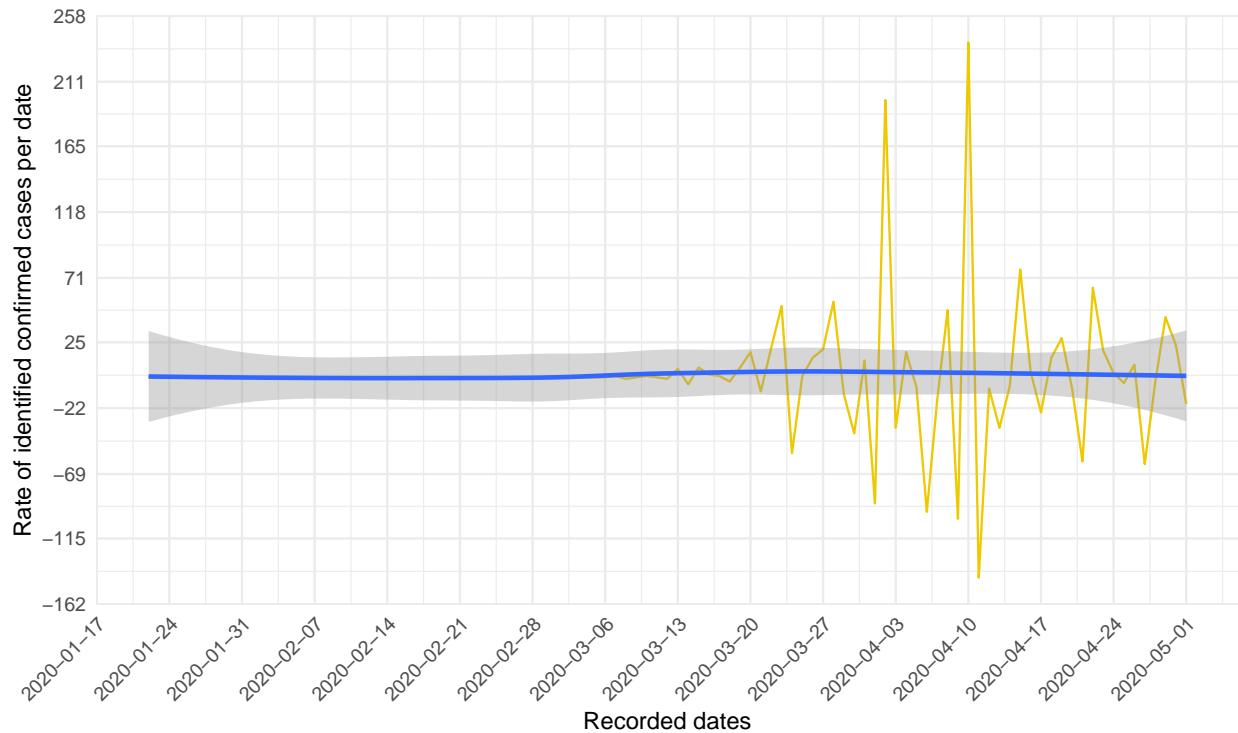

Texas – rate of increase of confirmed cases over time

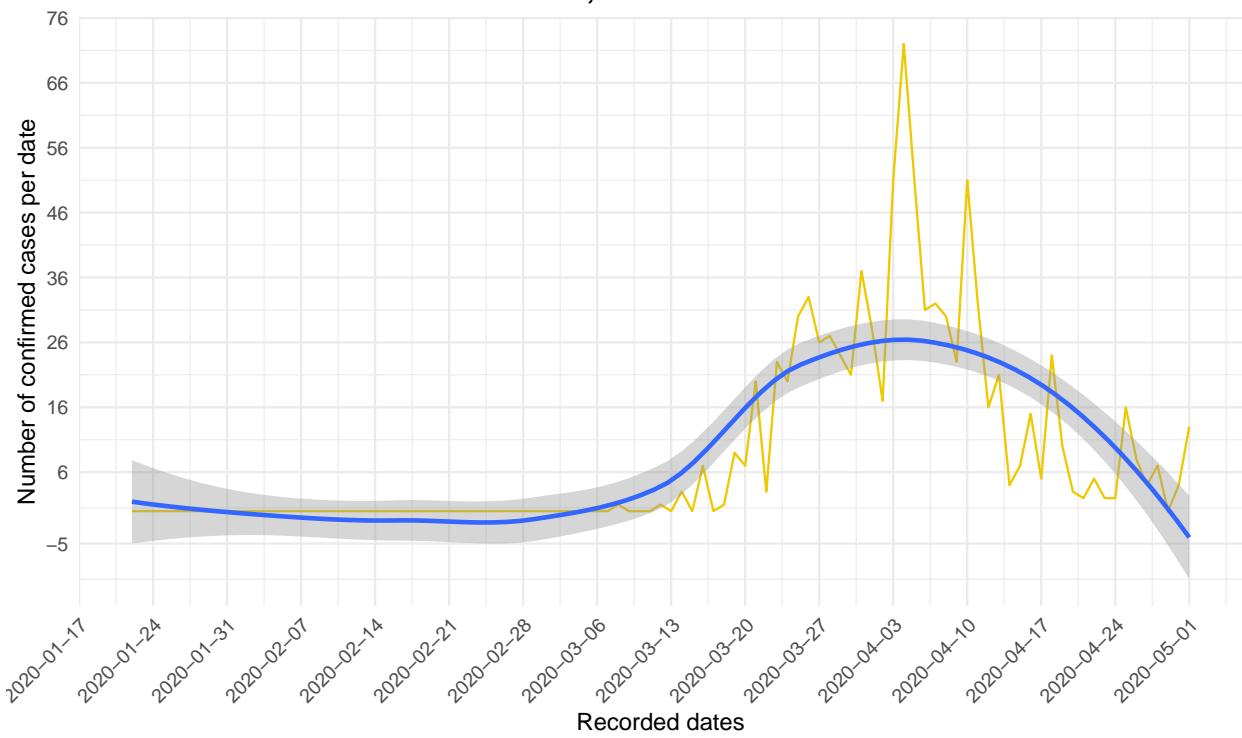

Utah – confirmed cases over time, total cases: 4,828

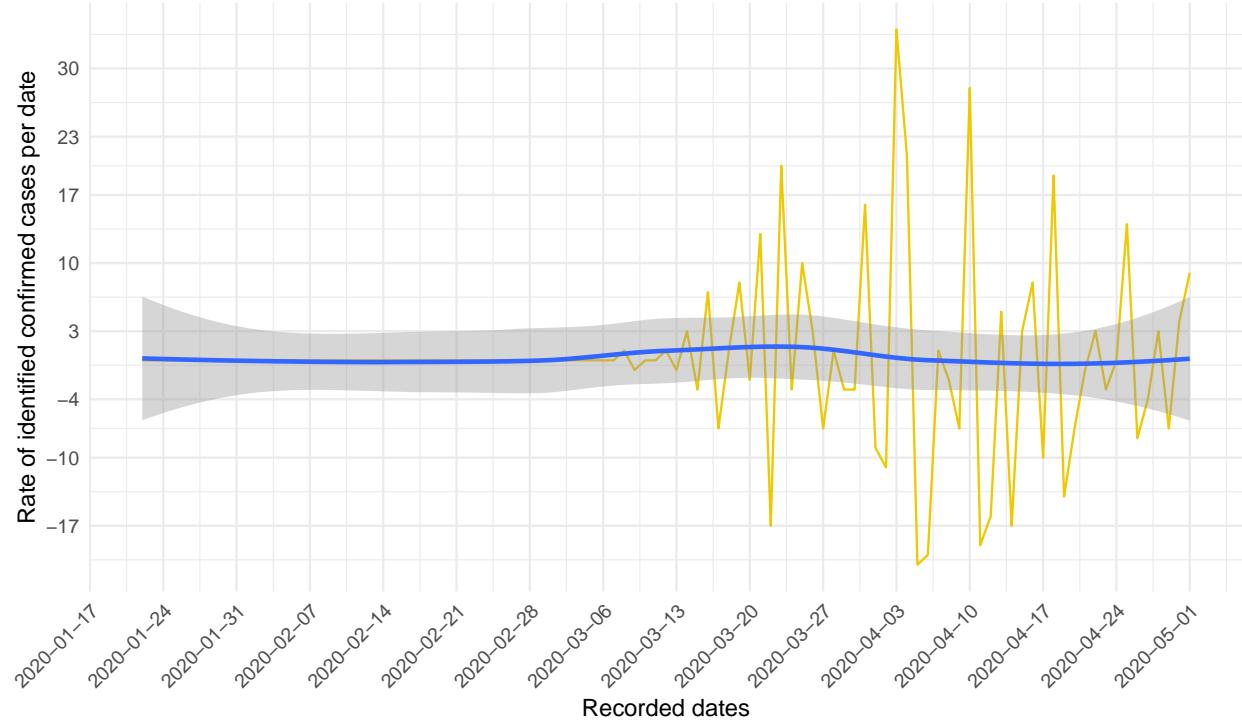

Utah – rate of increase of confirmed cases over time

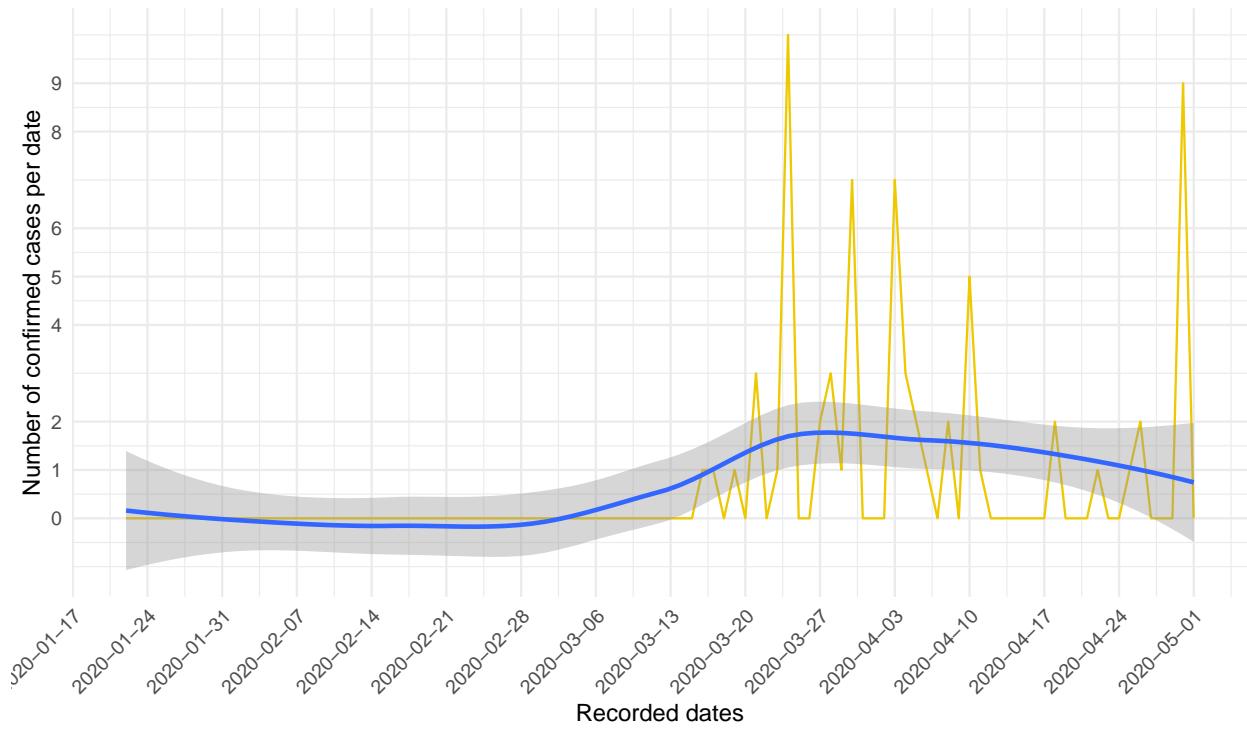

Vermont – confirmed cases over time, total cases: 879

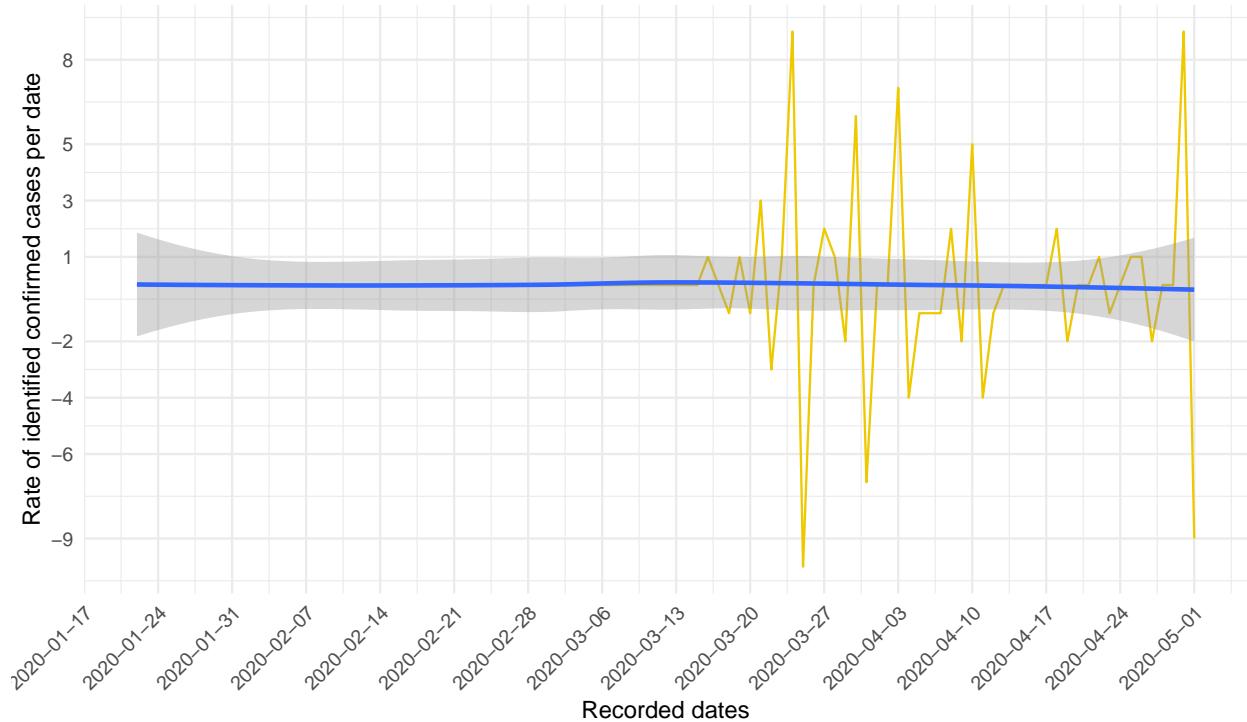

Vermont – rate of increase of confirmed cases over time

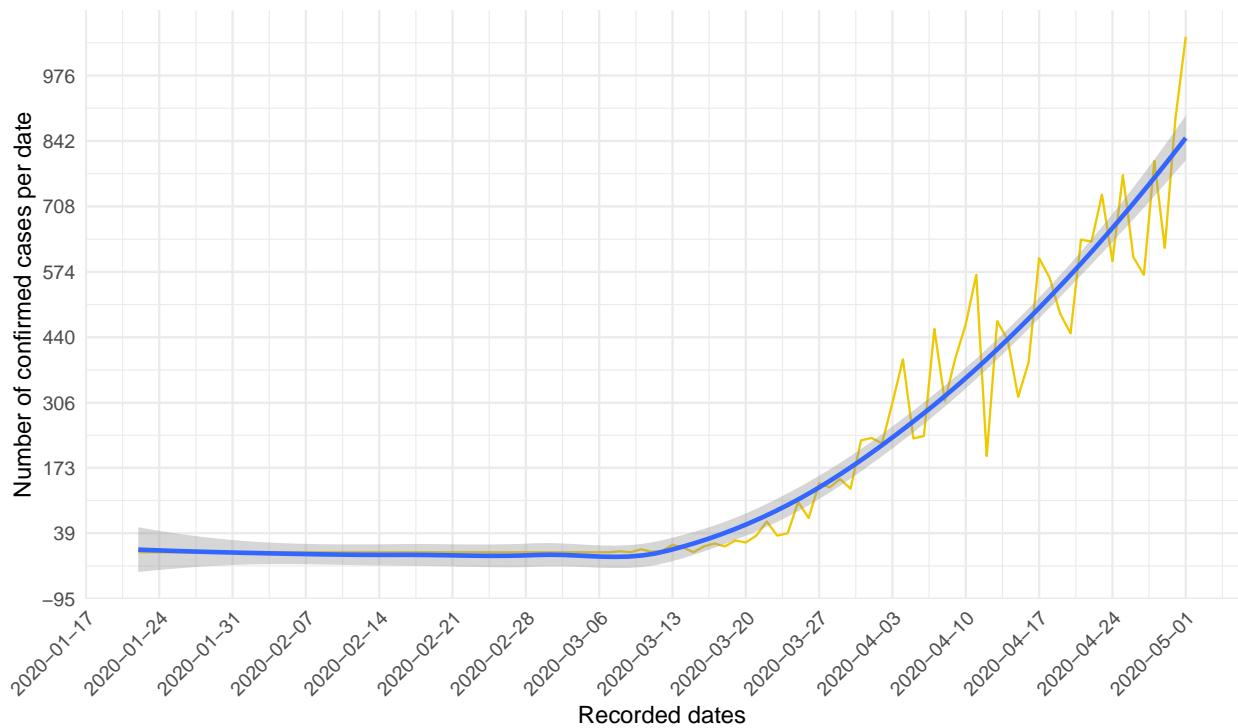

Virgin Islands – confirmed cases over time, total cases: 66

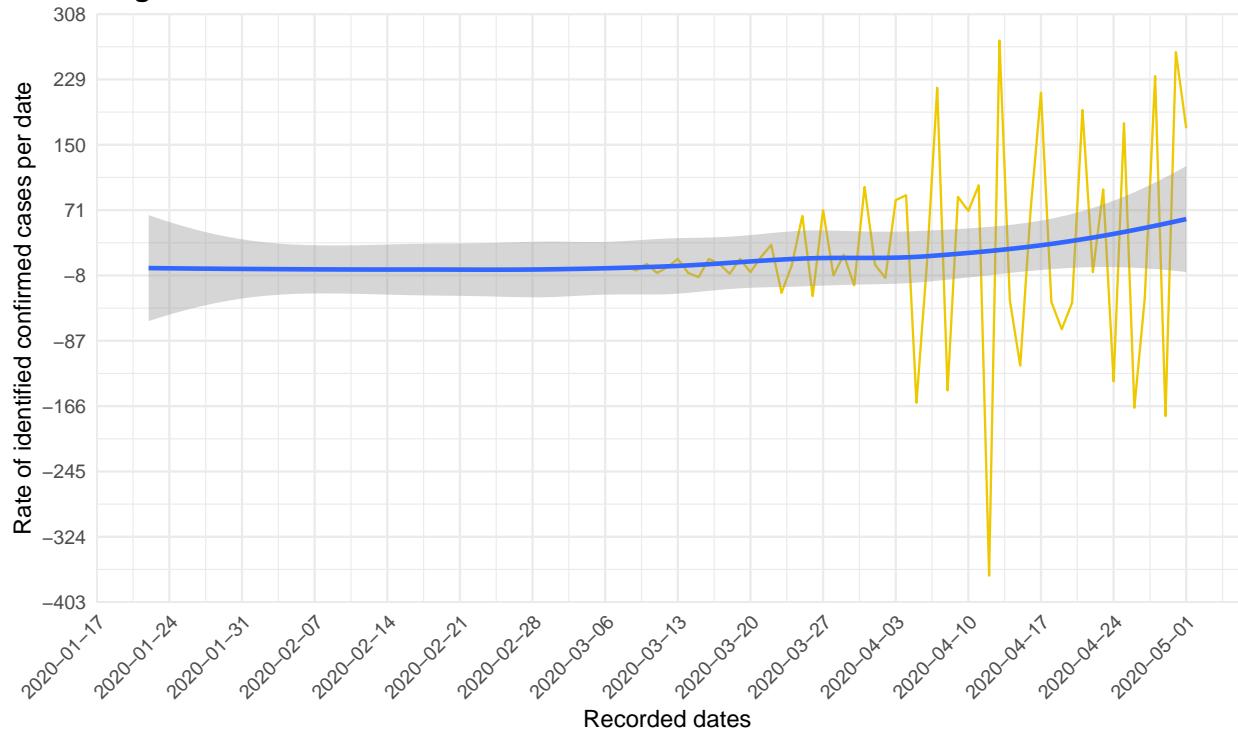

Virgin Islands – rate of increase of confirmed cases over time

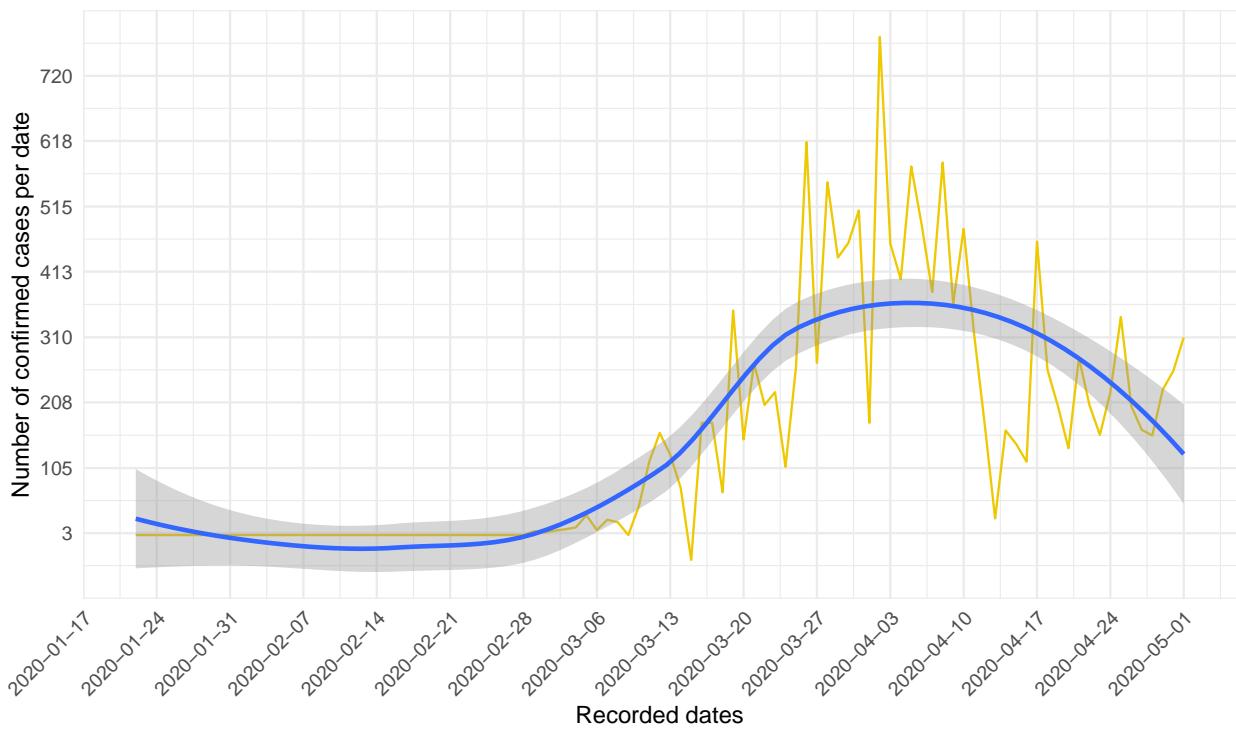

Virginia – confirmed cases over time, total cases: 16,902

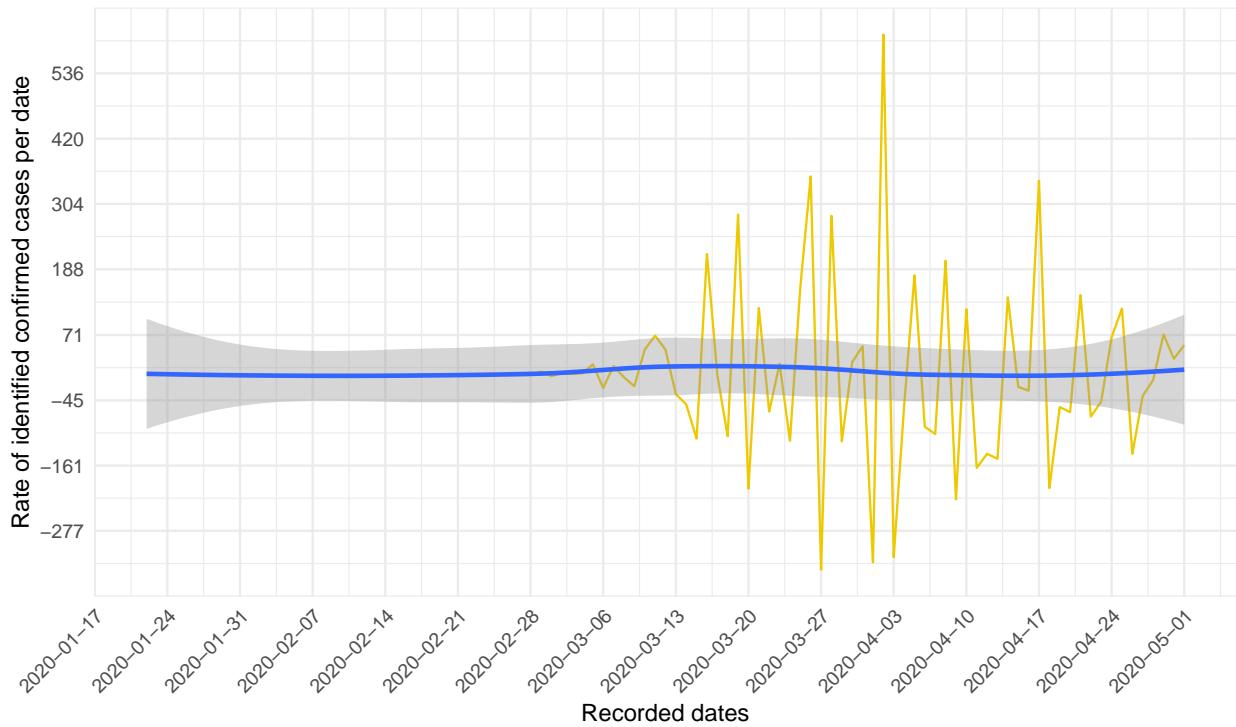

Virginia – rate of increase of confirmed cases over time

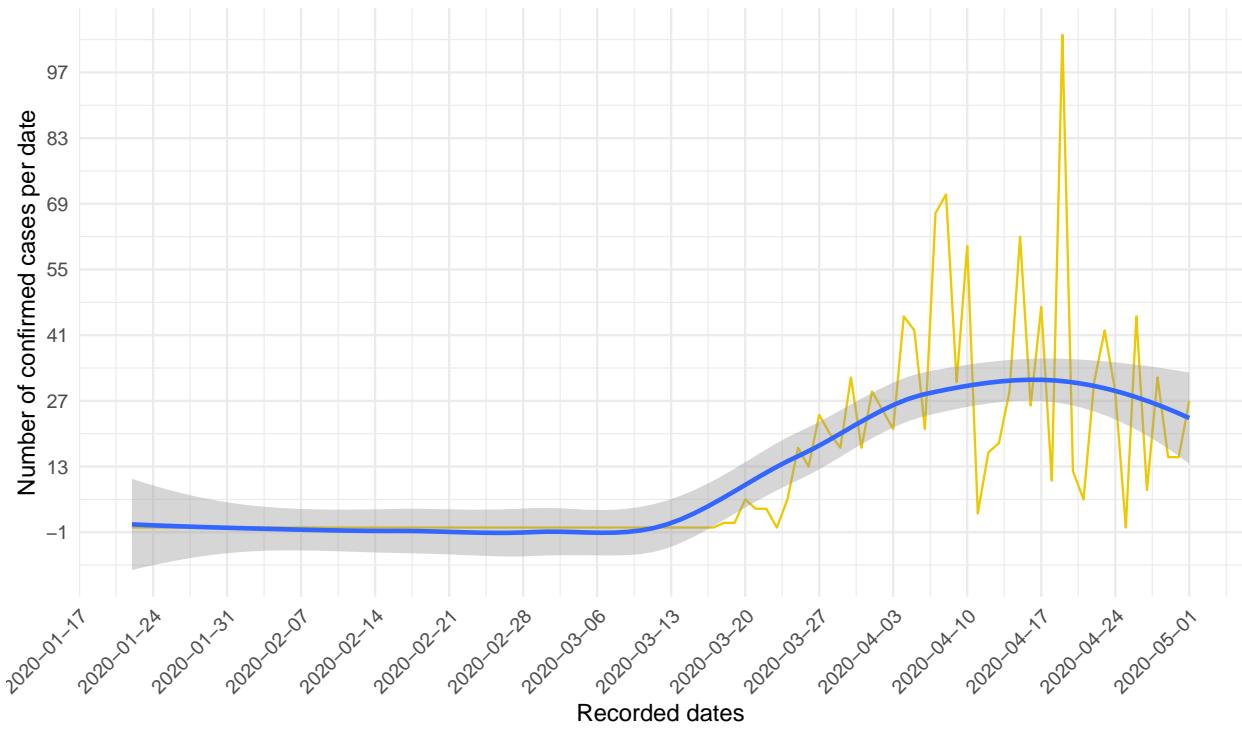

Washington – confirmed cases over time, total cases: 14,637

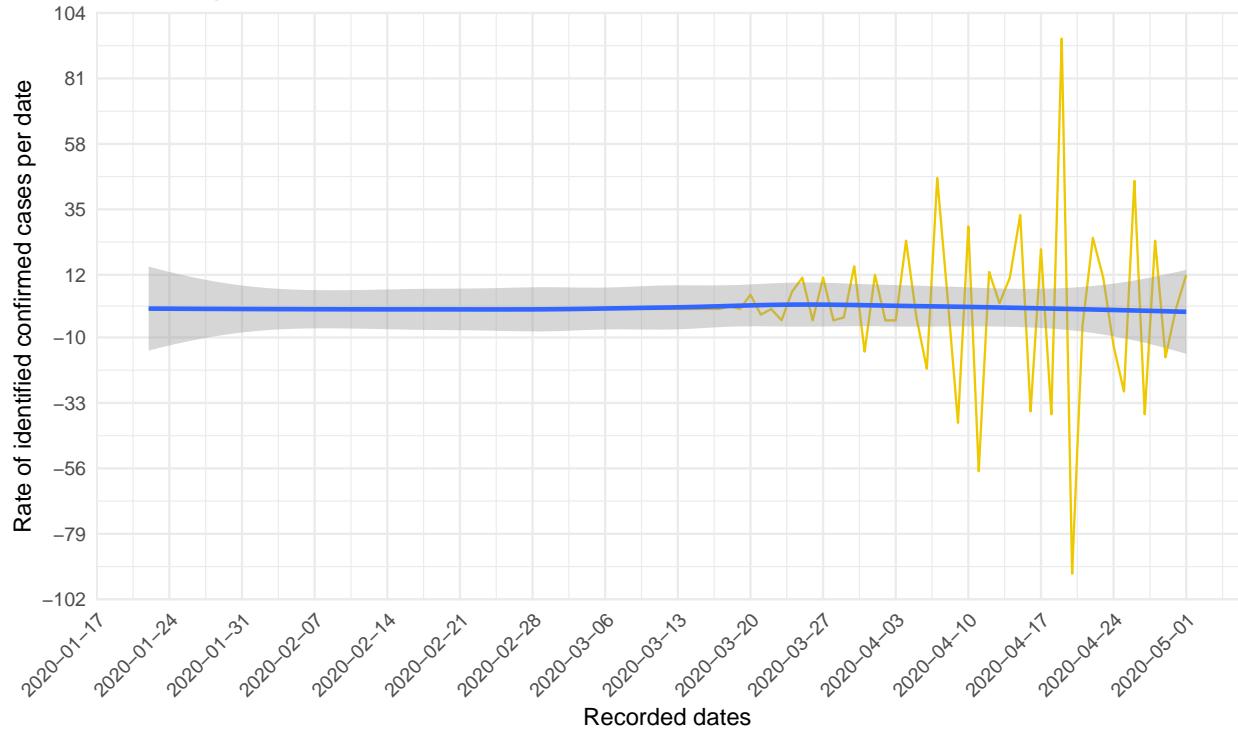

Washington – rate of increase of confirmed cases over time

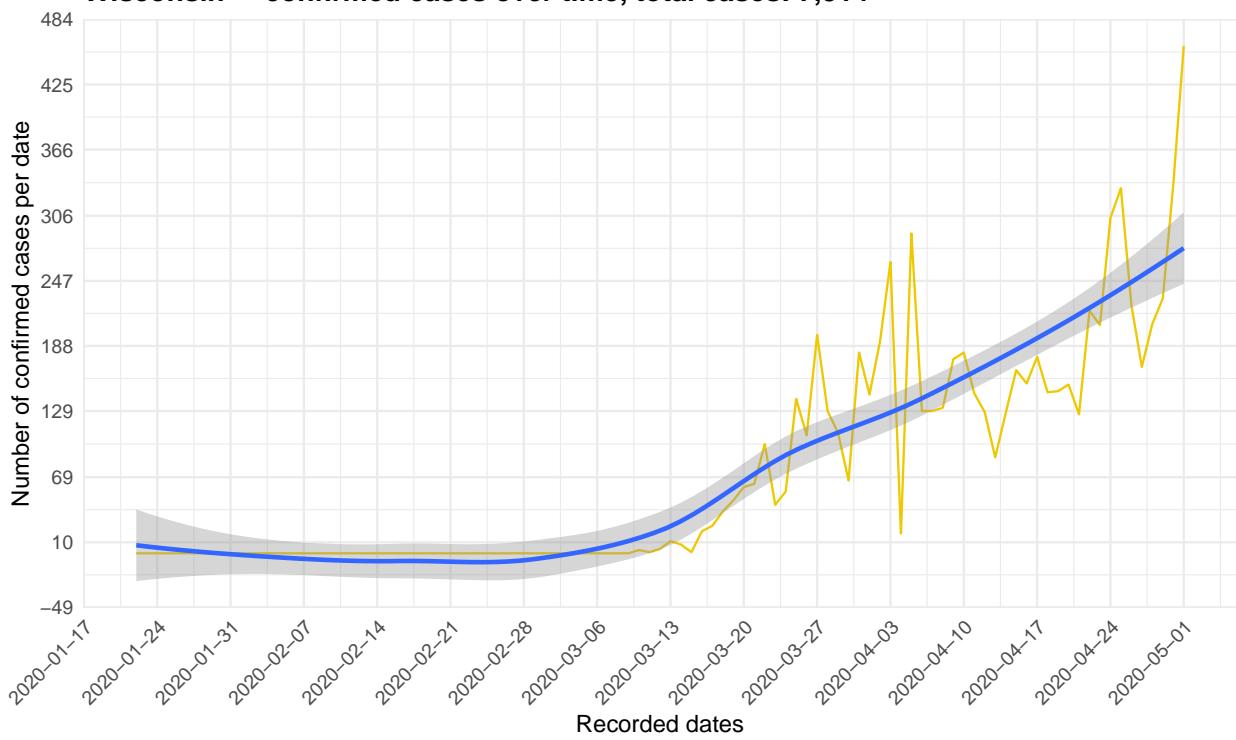

West Virginia – confirmed cases over time, total cases: 1,152

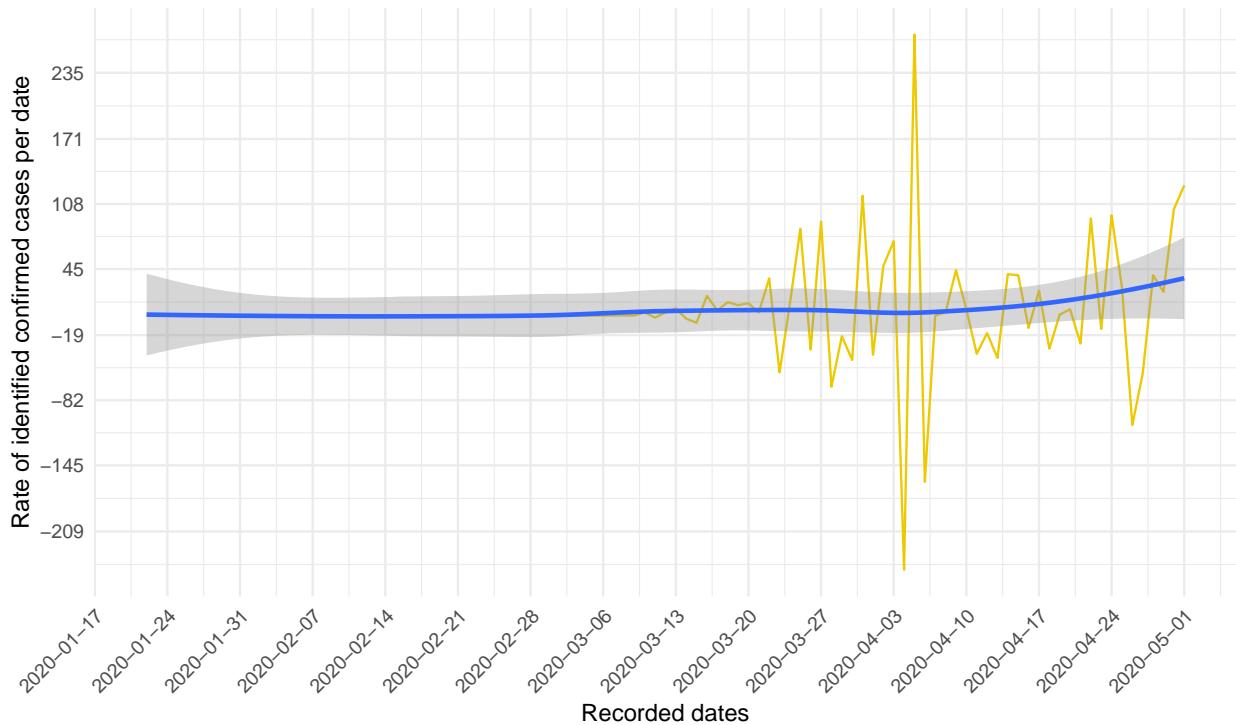

West Virginia – rate of increase of confirmed cases over time

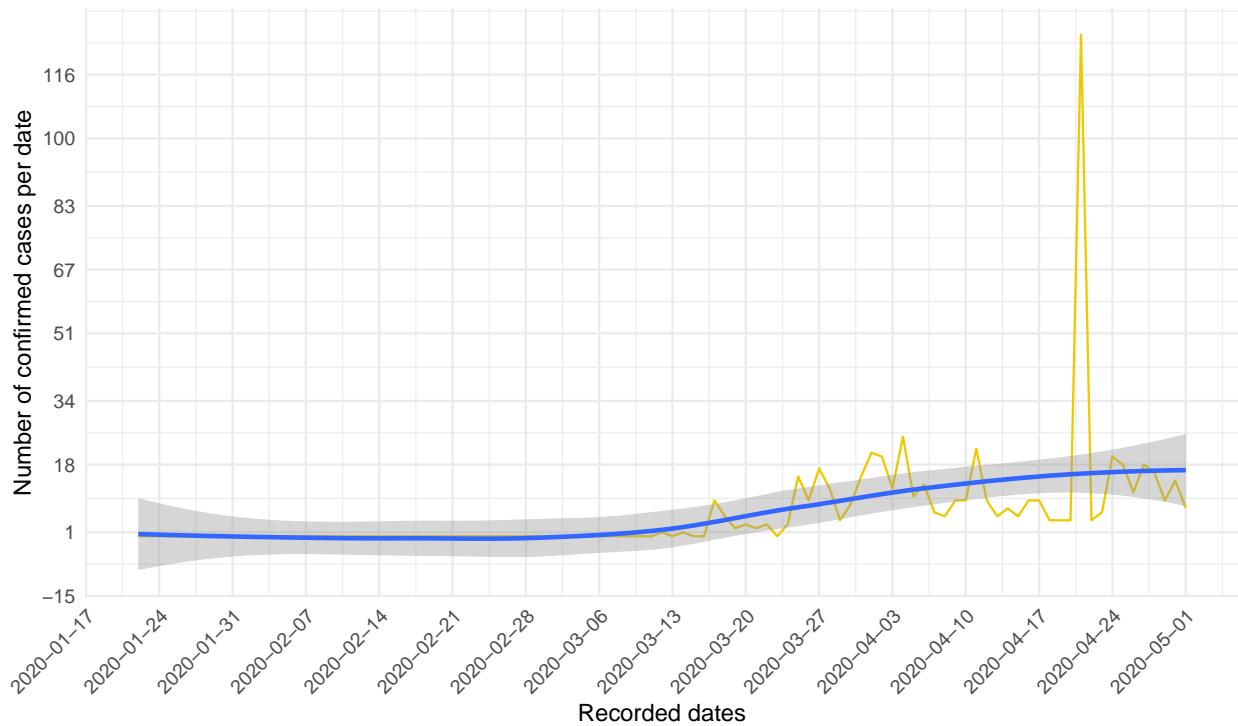

Wisconsin – confirmed cases over time, total cases: 7,314

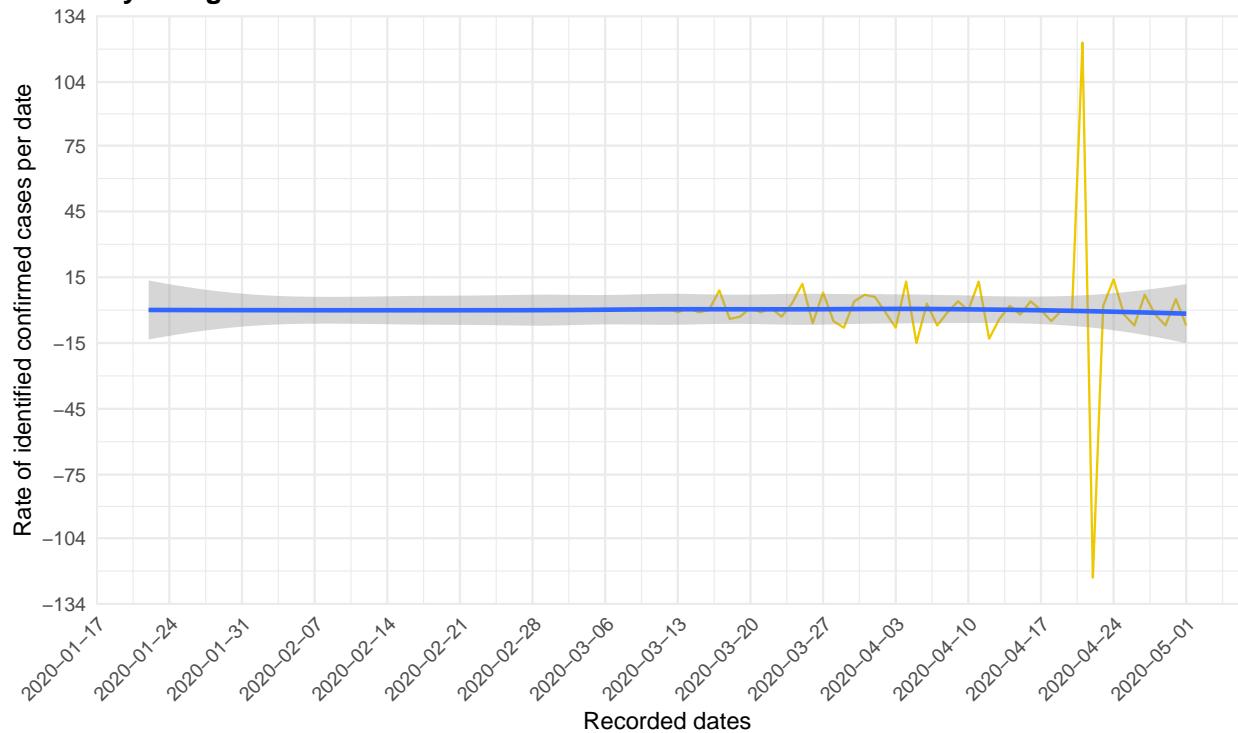

Wisconsin – rate of increase of confirmed cases over time

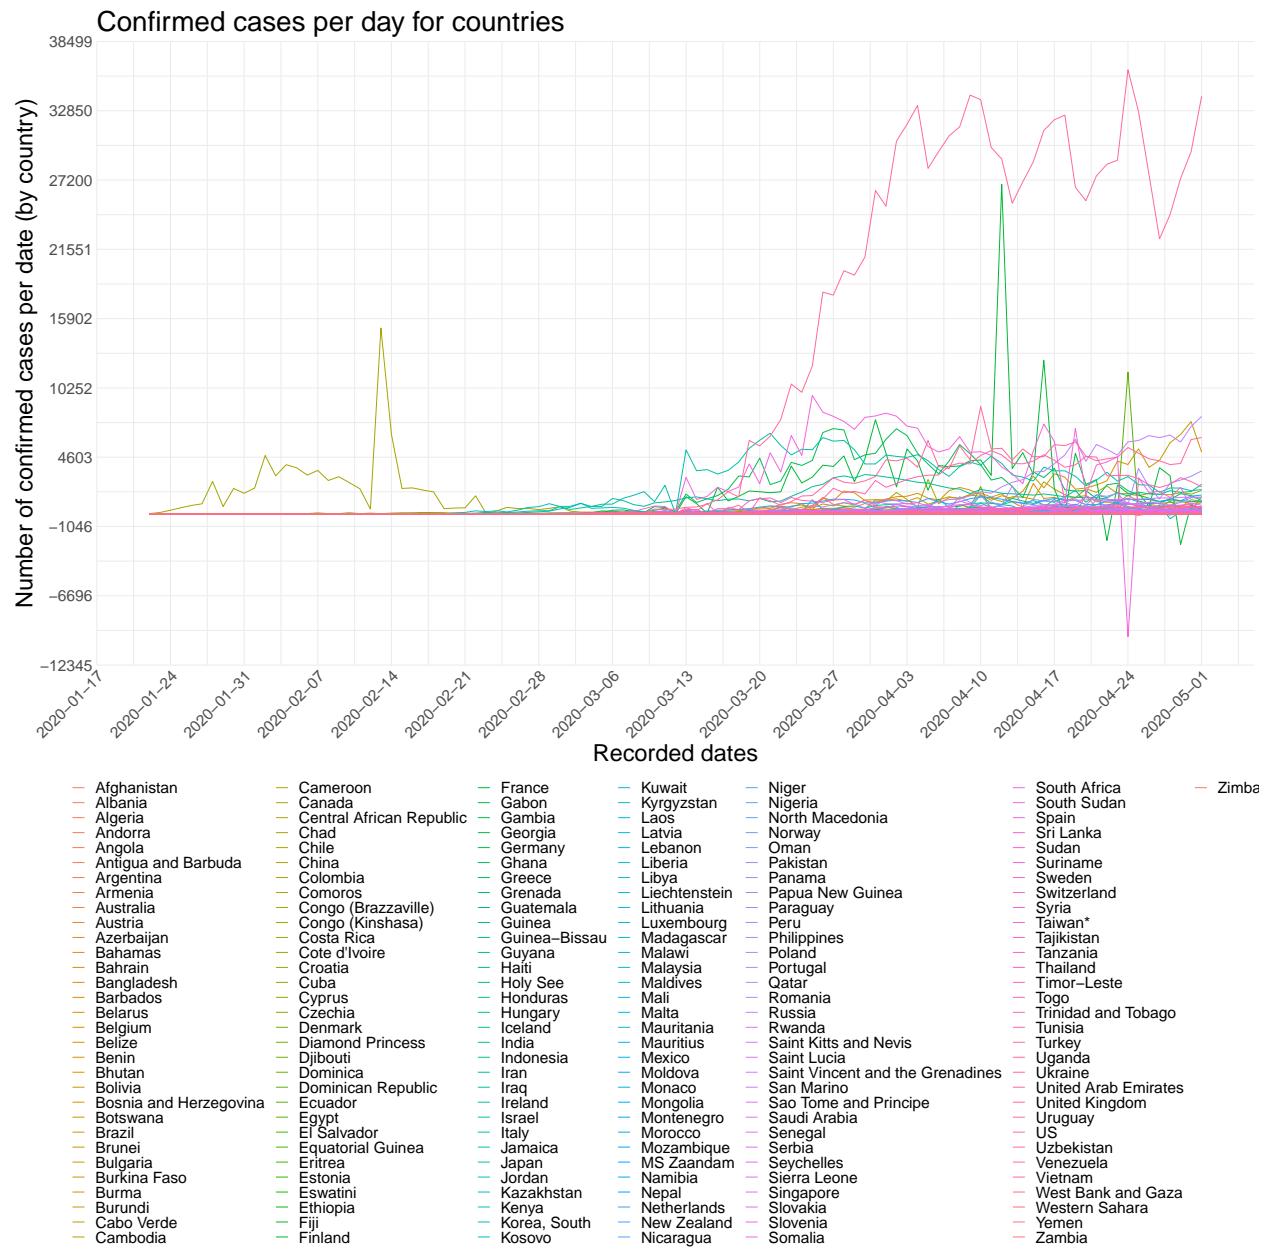

Wyoming – confirmed cases over time, total cases: 566

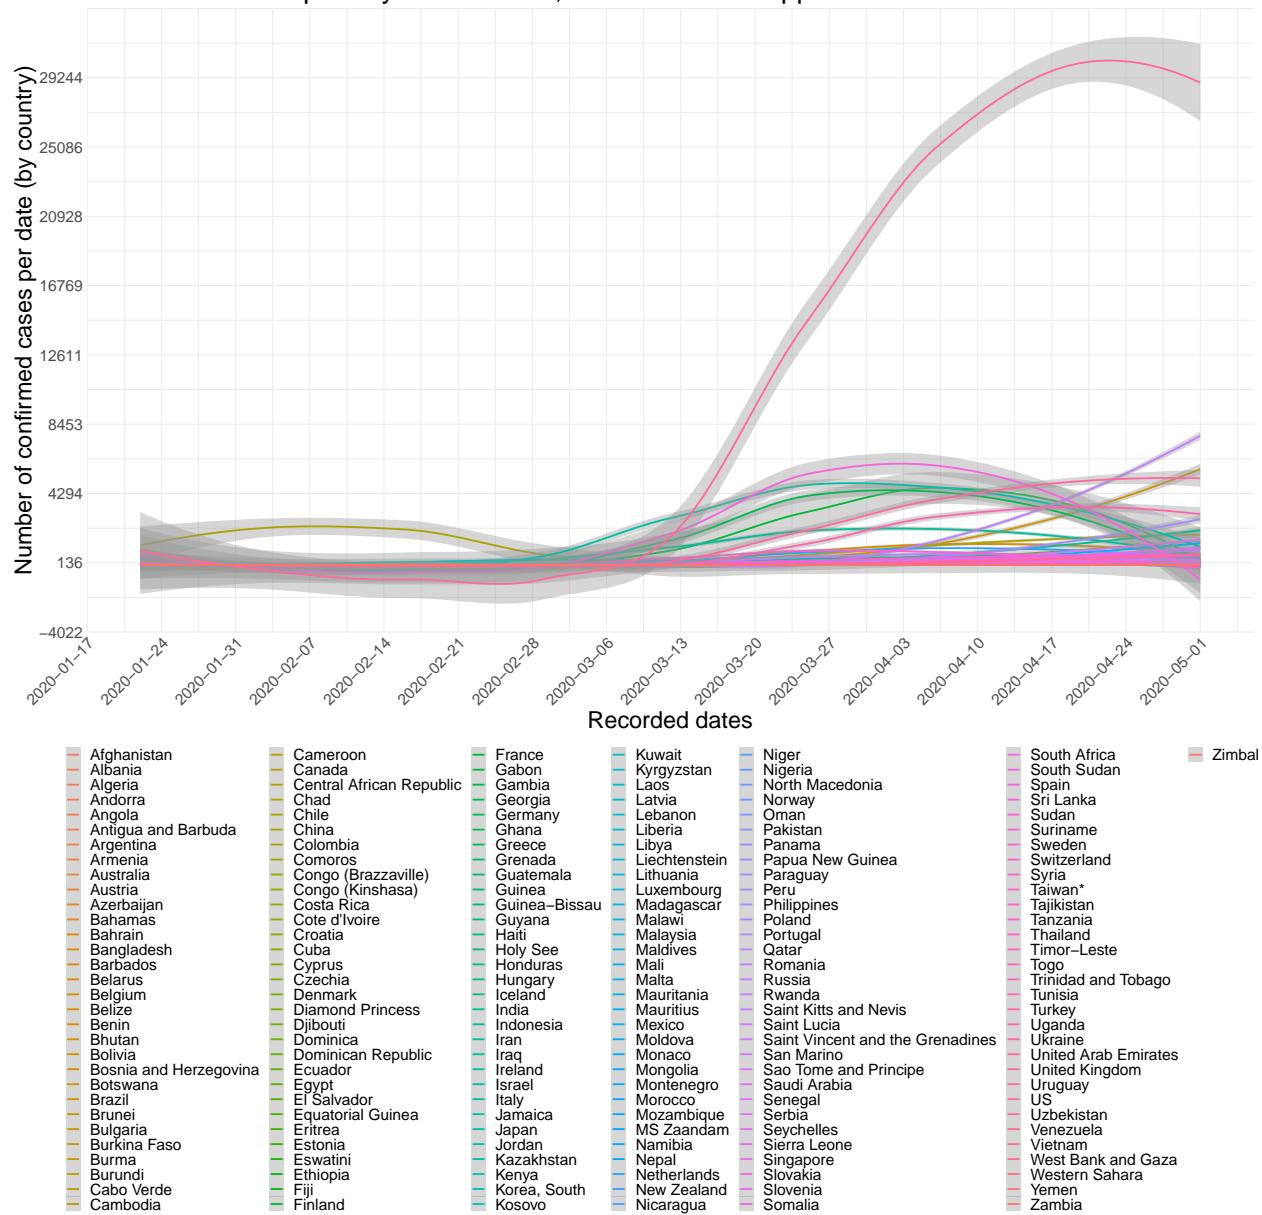

Wyoming – rate of increase of confirmed cases over time

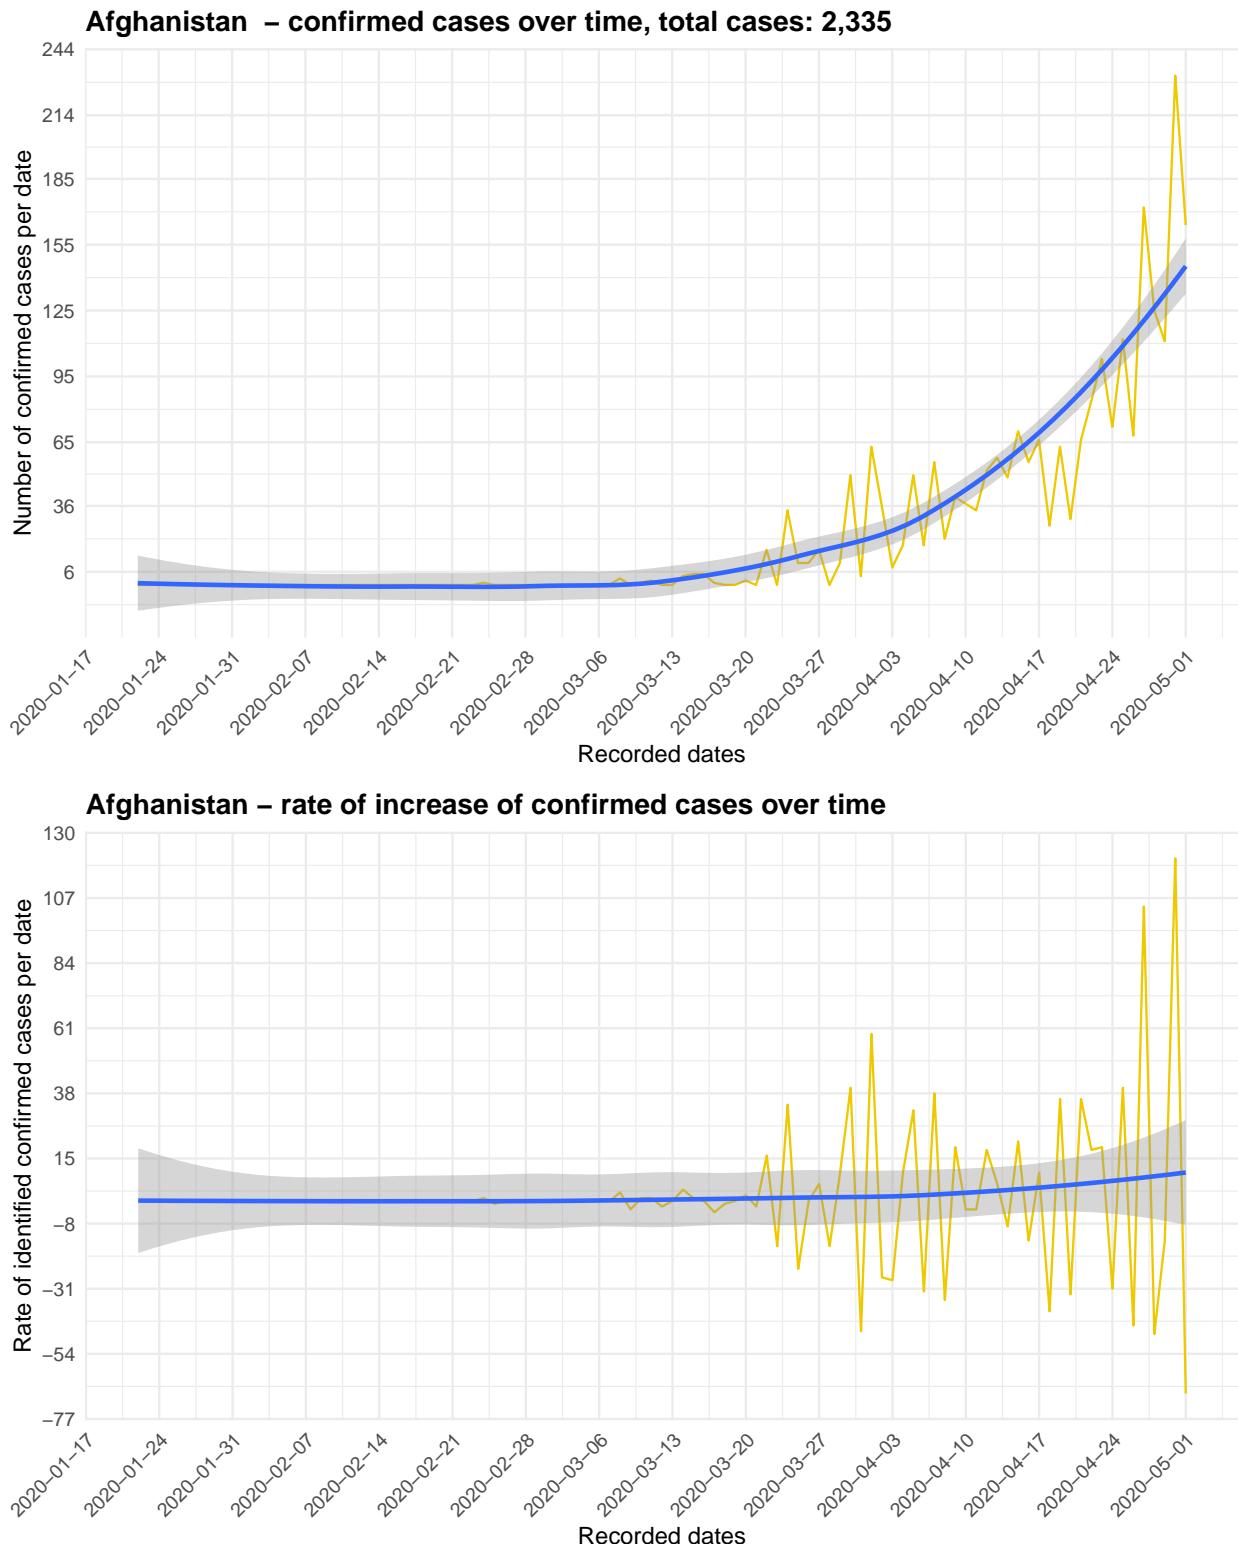

Confirmed cases across countries, count per day

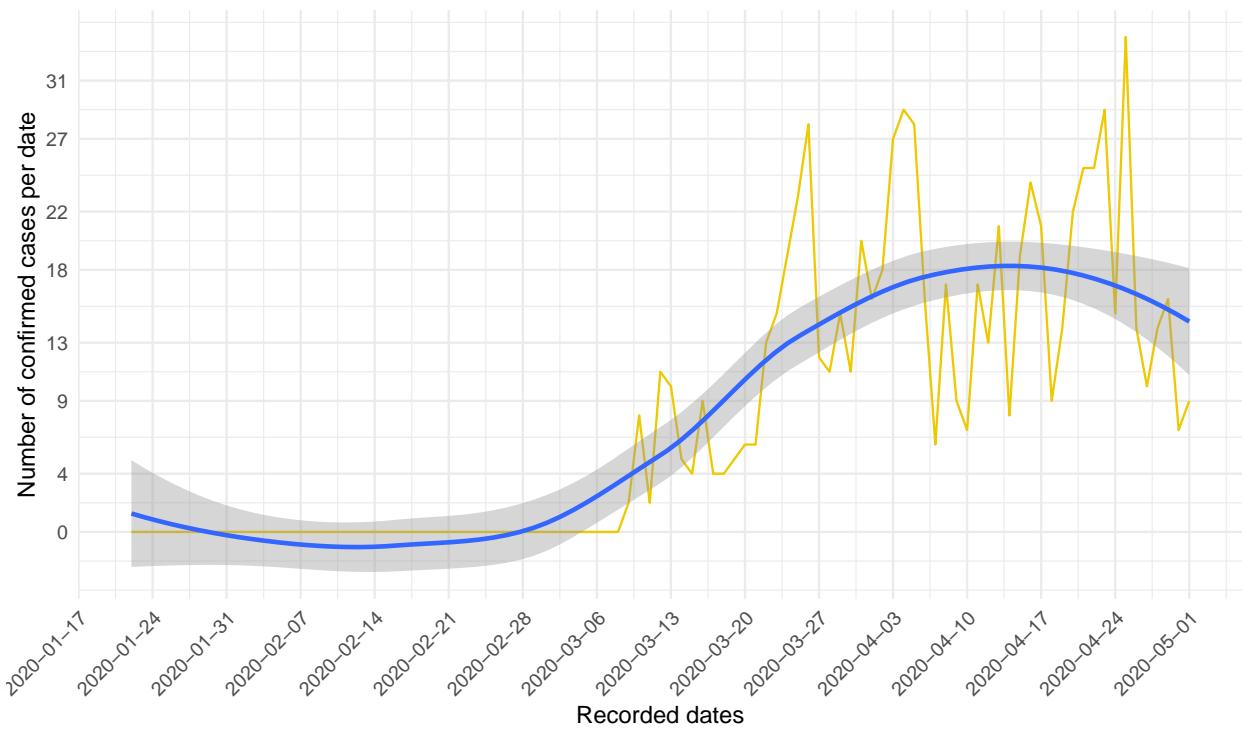

Confirmed cases per day for countries, loess smoother applied

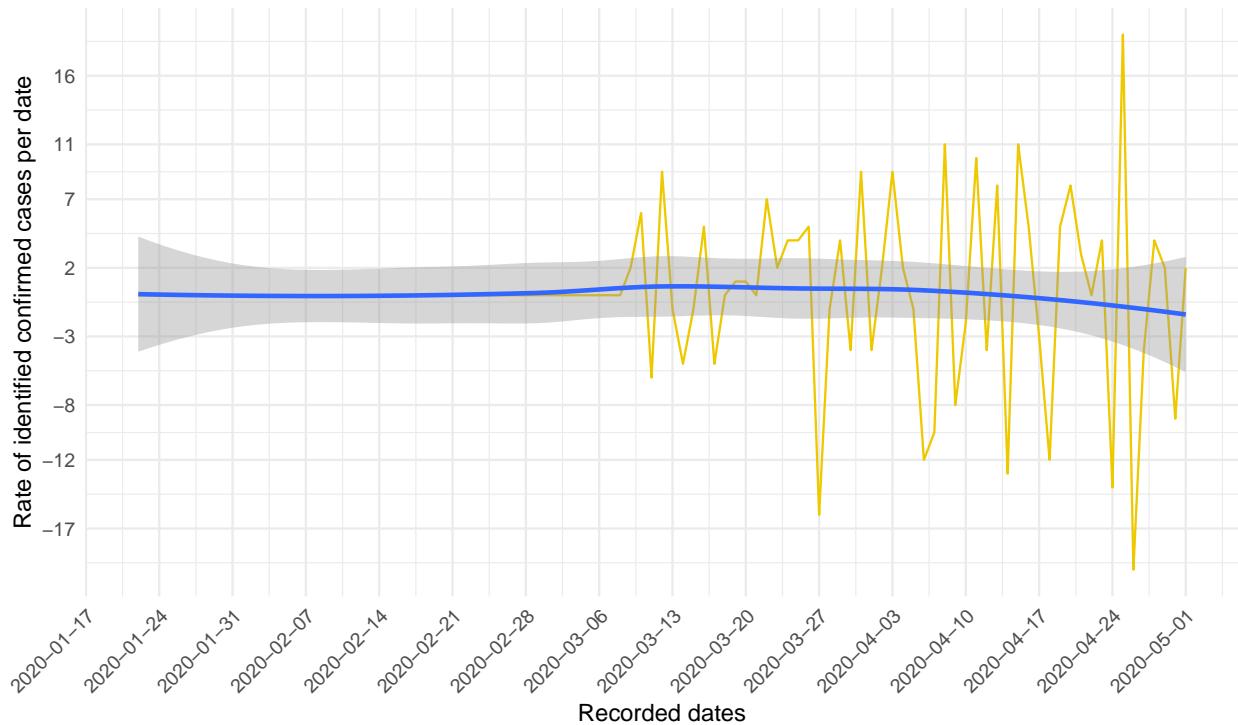

Confirmed cases by country, per day counting and rate of increase per day

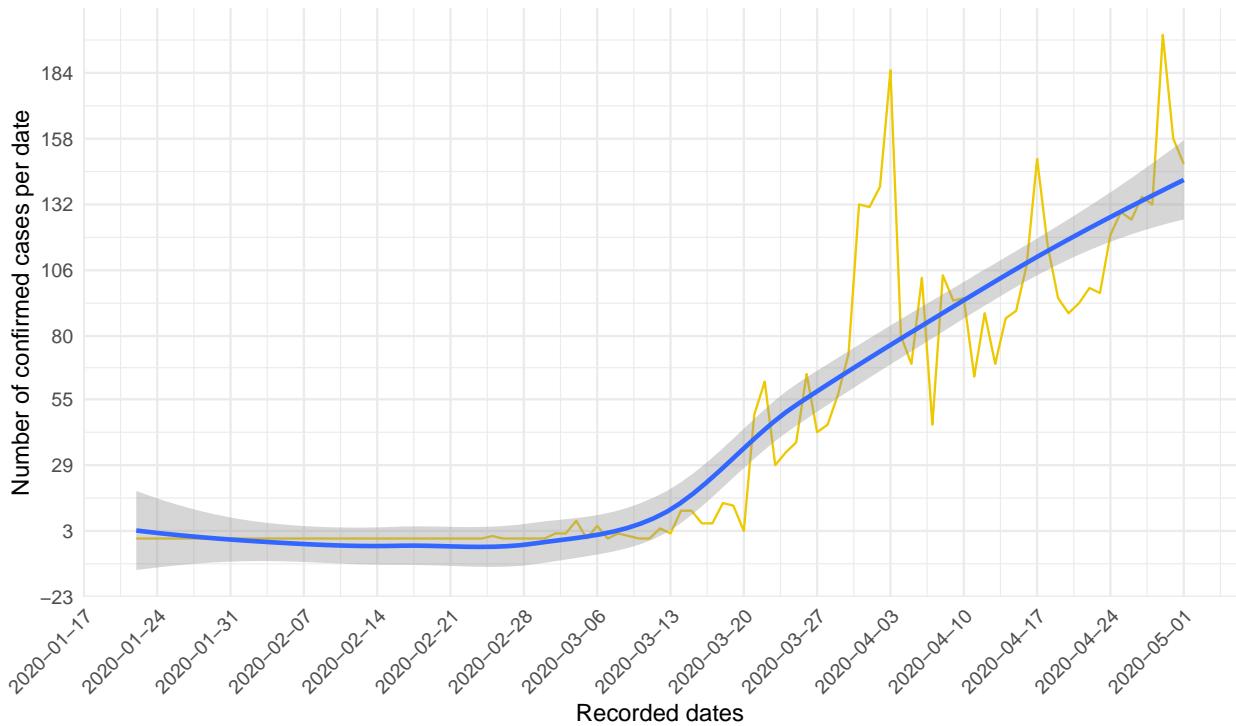

Albania – confirmed cases over time, total cases: 782

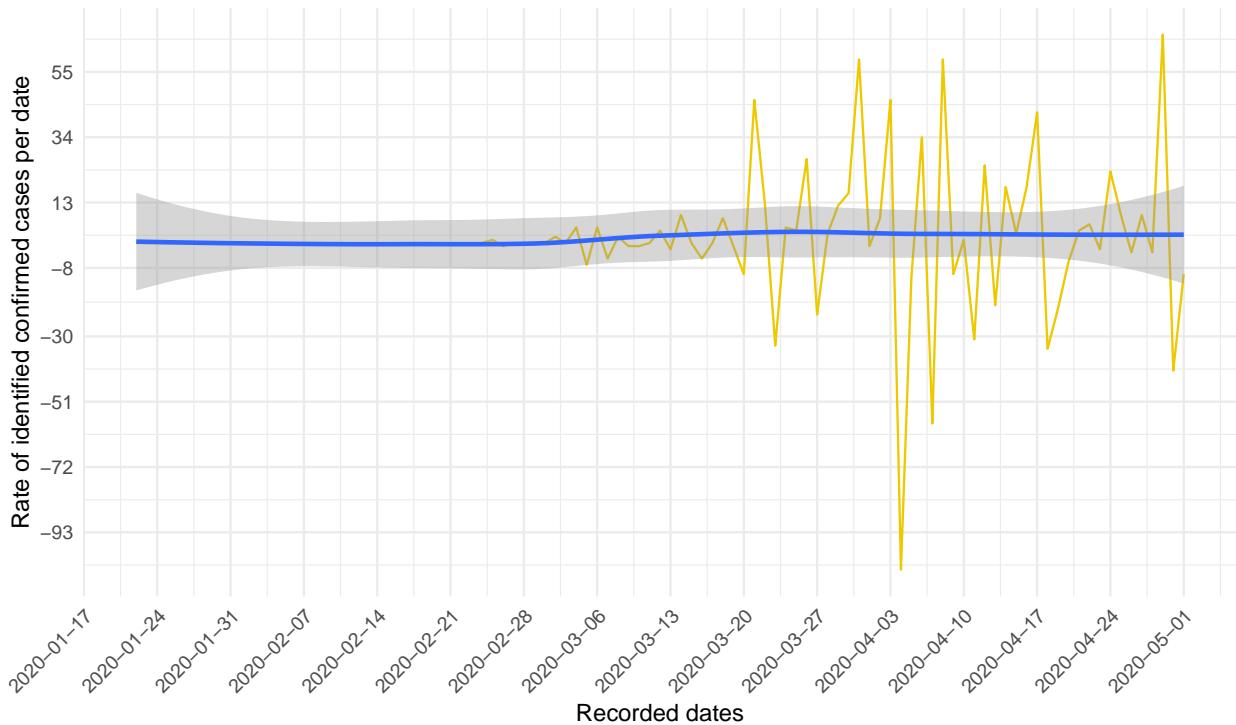

Albania – rate of increase of confirmed cases over time

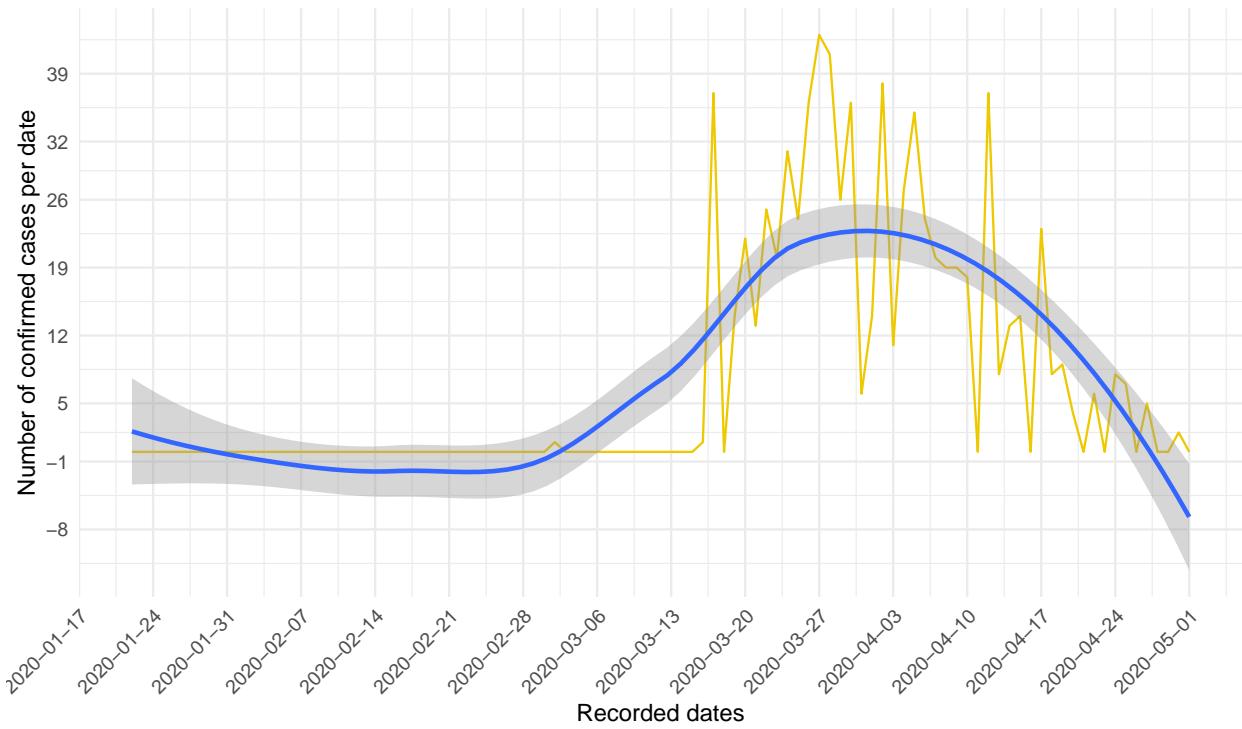

Algeria – confirmed cases over time, total cases: 4,154

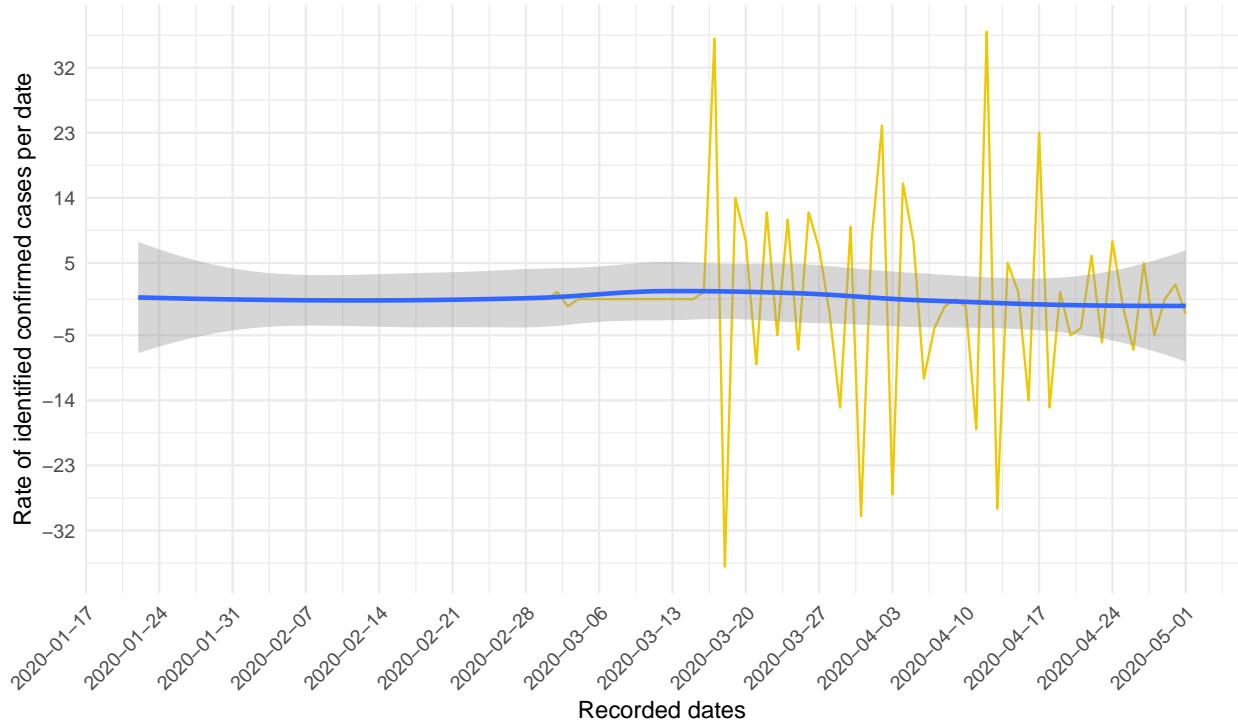

Algeria – rate of increase of confirmed cases over time

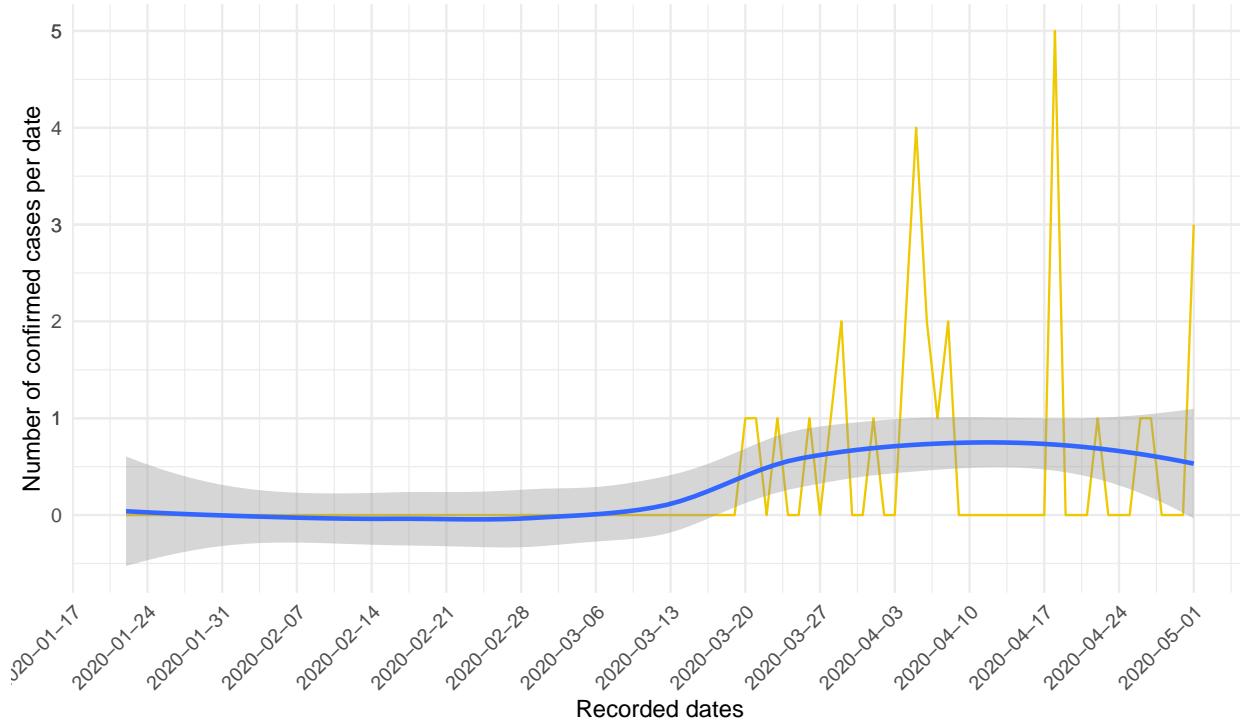

Andorra – confirmed cases over time, total cases: 745

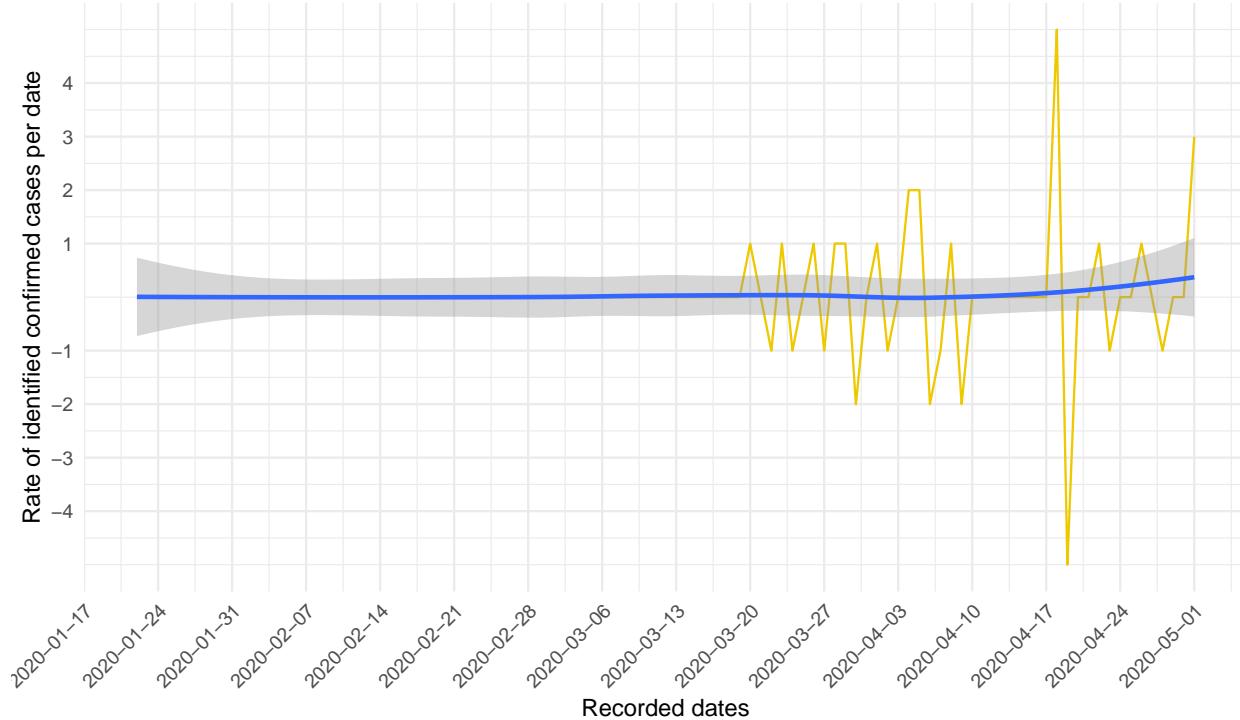

Andorra – rate of increase of confirmed cases over time

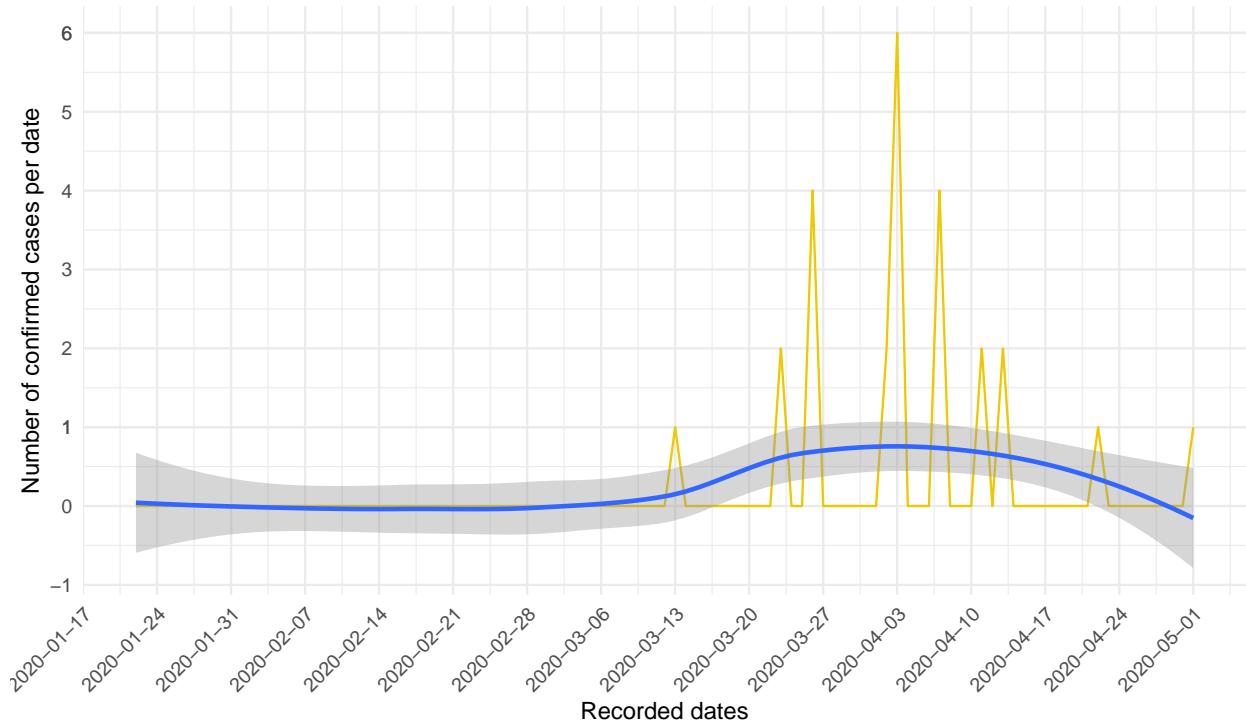

Angola – confirmed cases over time, total cases: 30

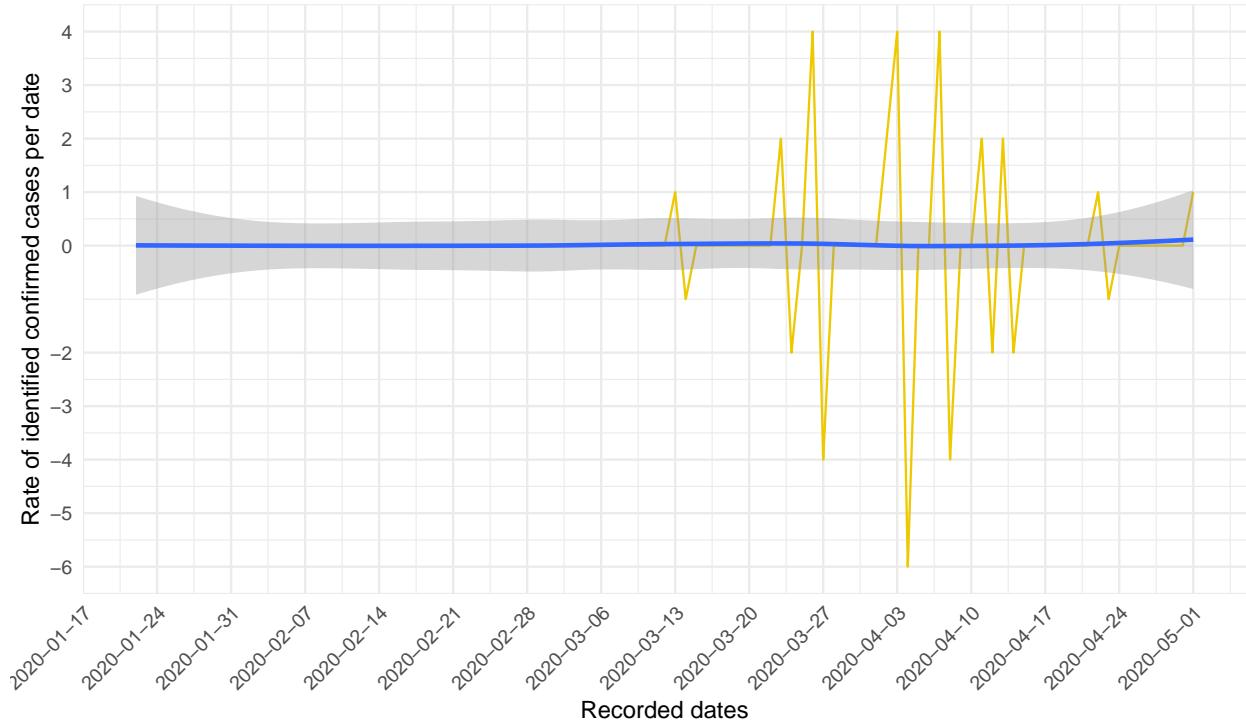

Angola – rate of increase of confirmed cases over time

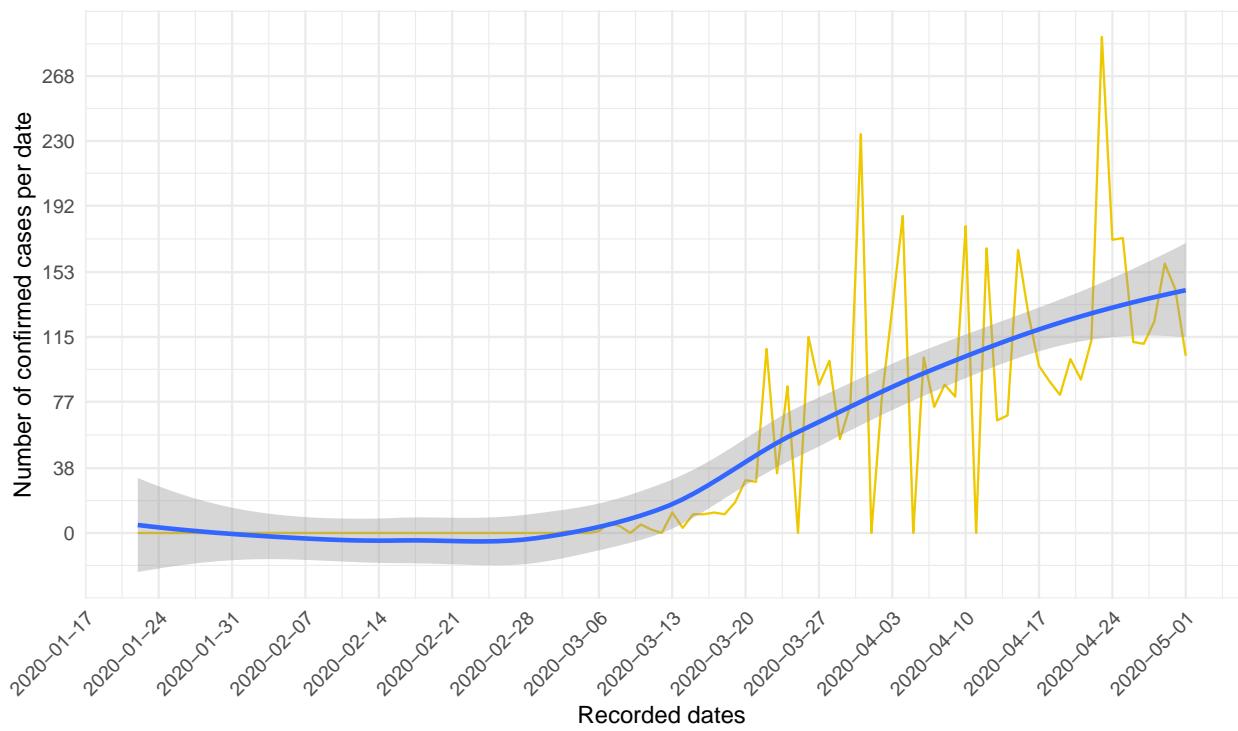

Antigua and Barbuda – confirmed cases over time, total cases: 25

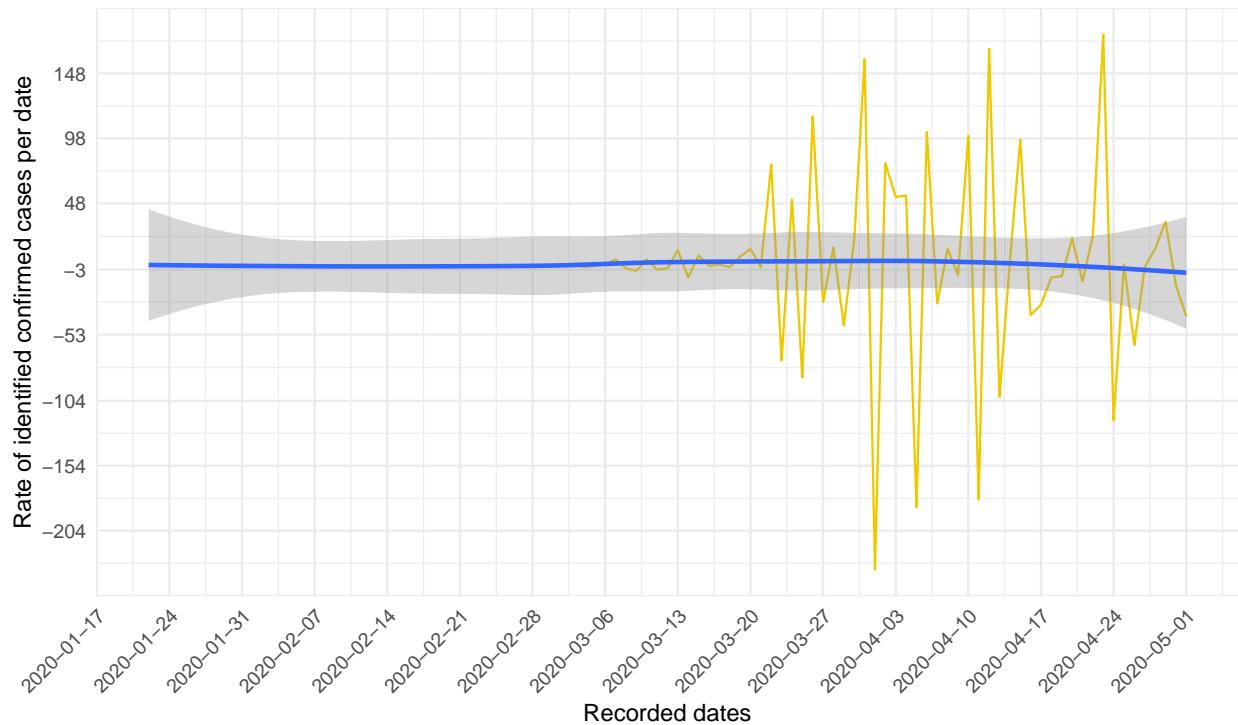

Antigua and Barbuda – rate of increase of confirmed cases over time

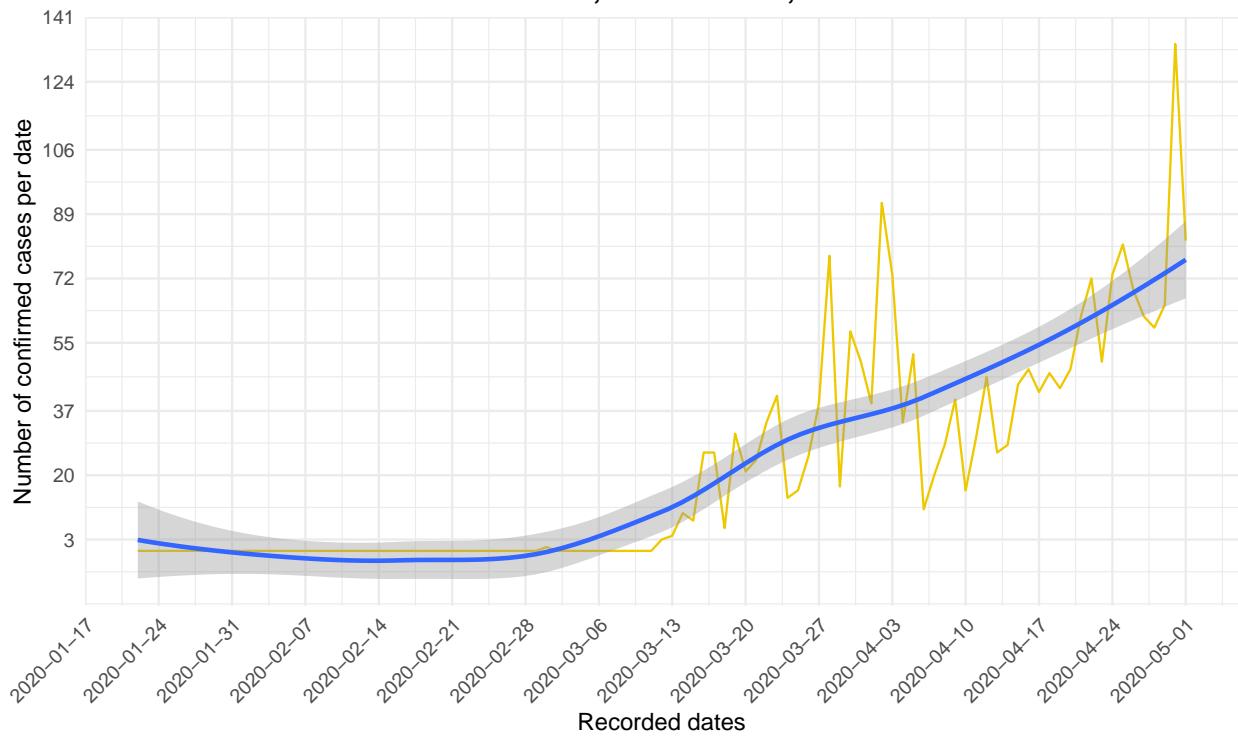

Argentina – confirmed cases over time, total cases: 4,532

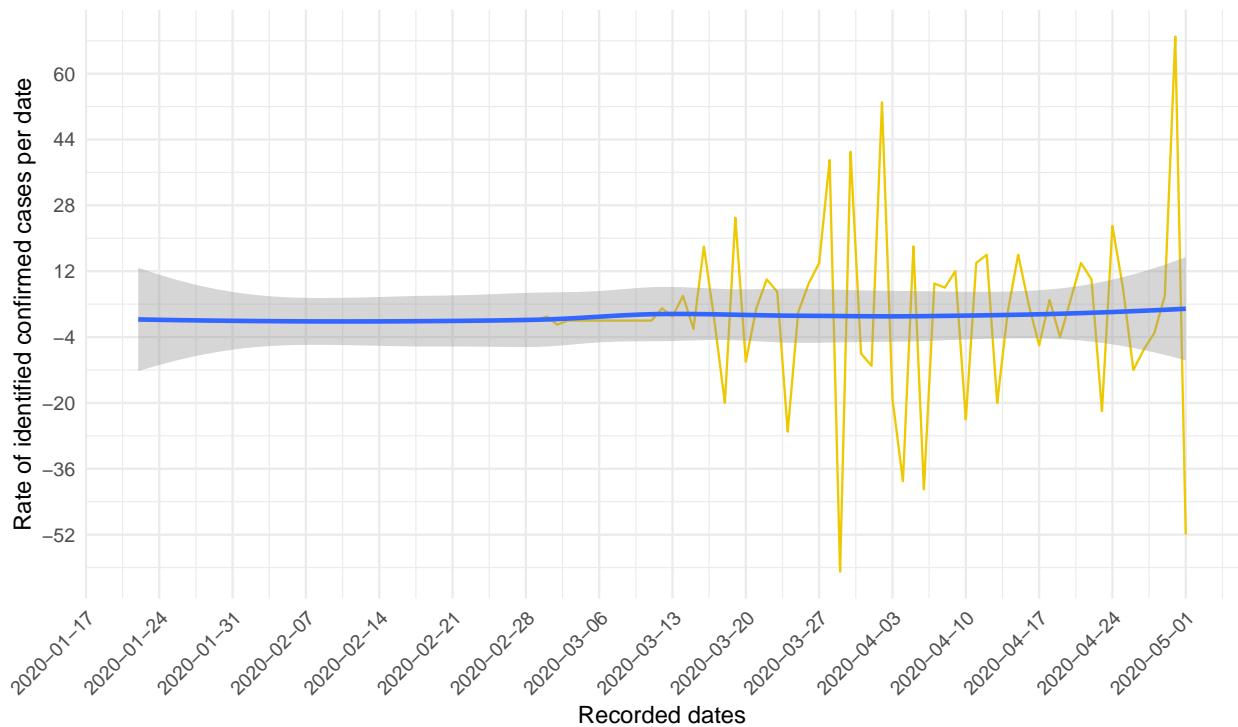

Argentina – rate of increase of confirmed cases over time

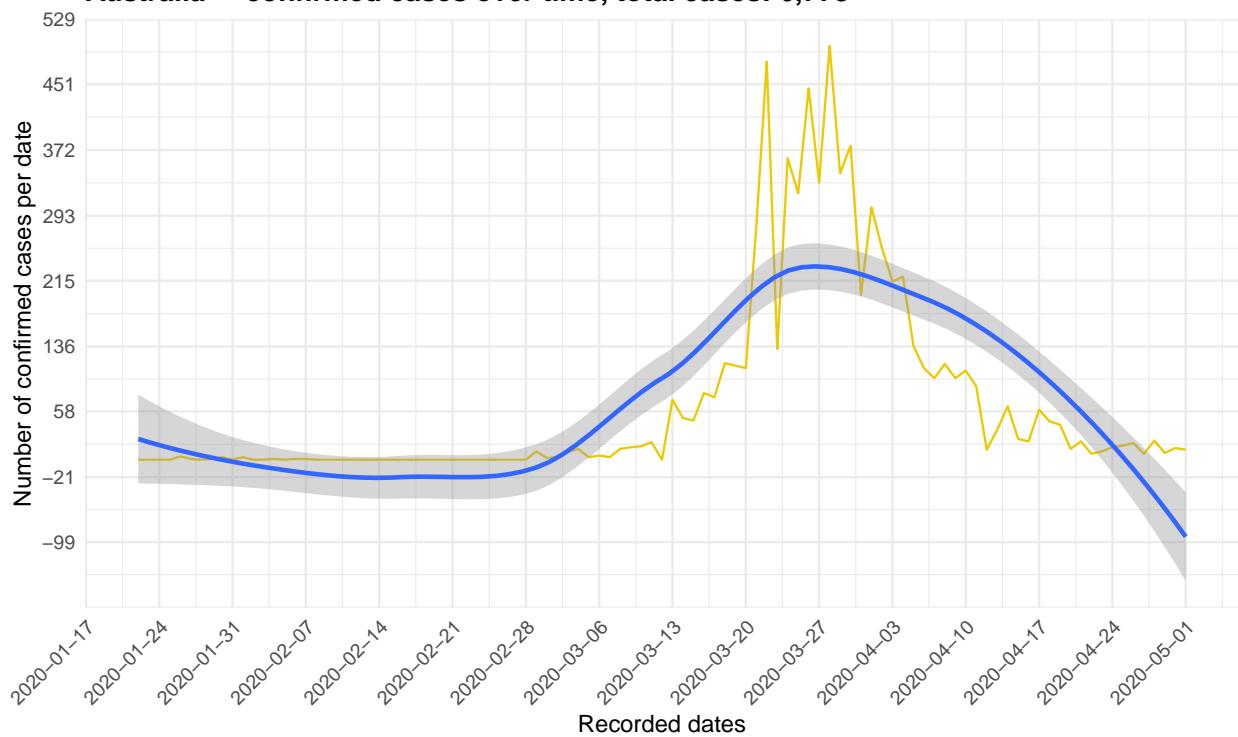

Armenia – confirmed cases over time, total cases: 2,148

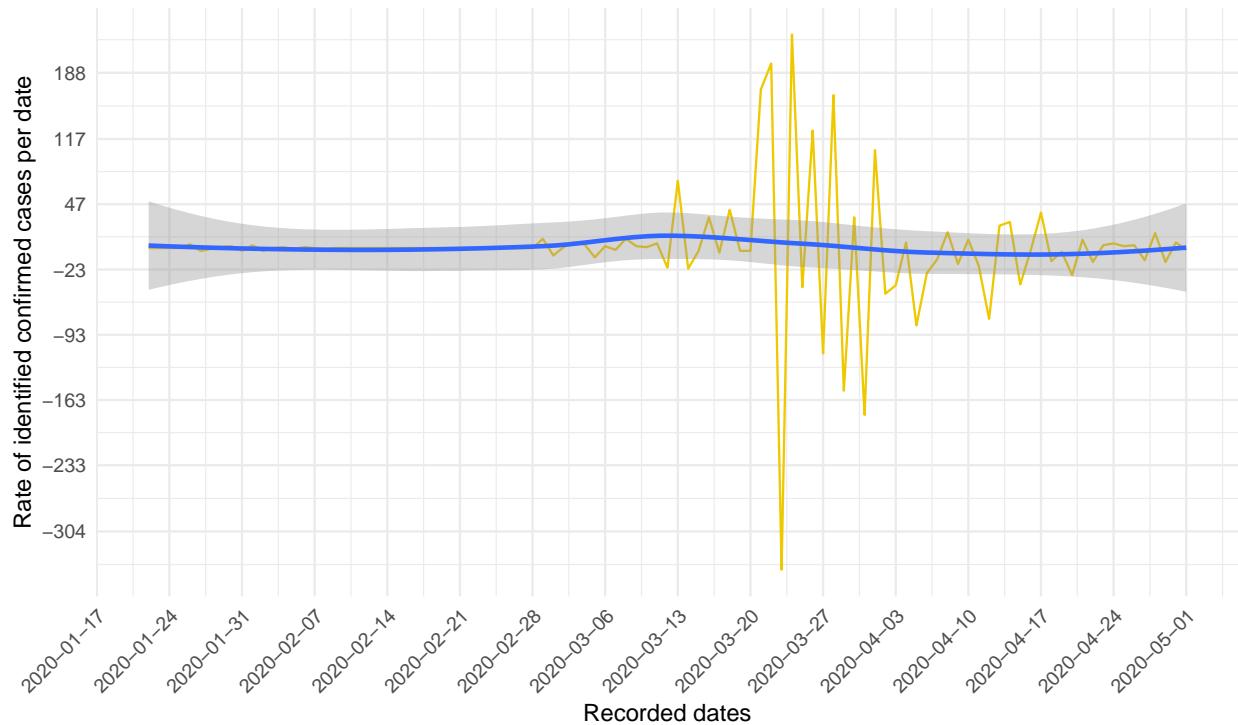

Armenia – rate of increase of confirmed cases over time

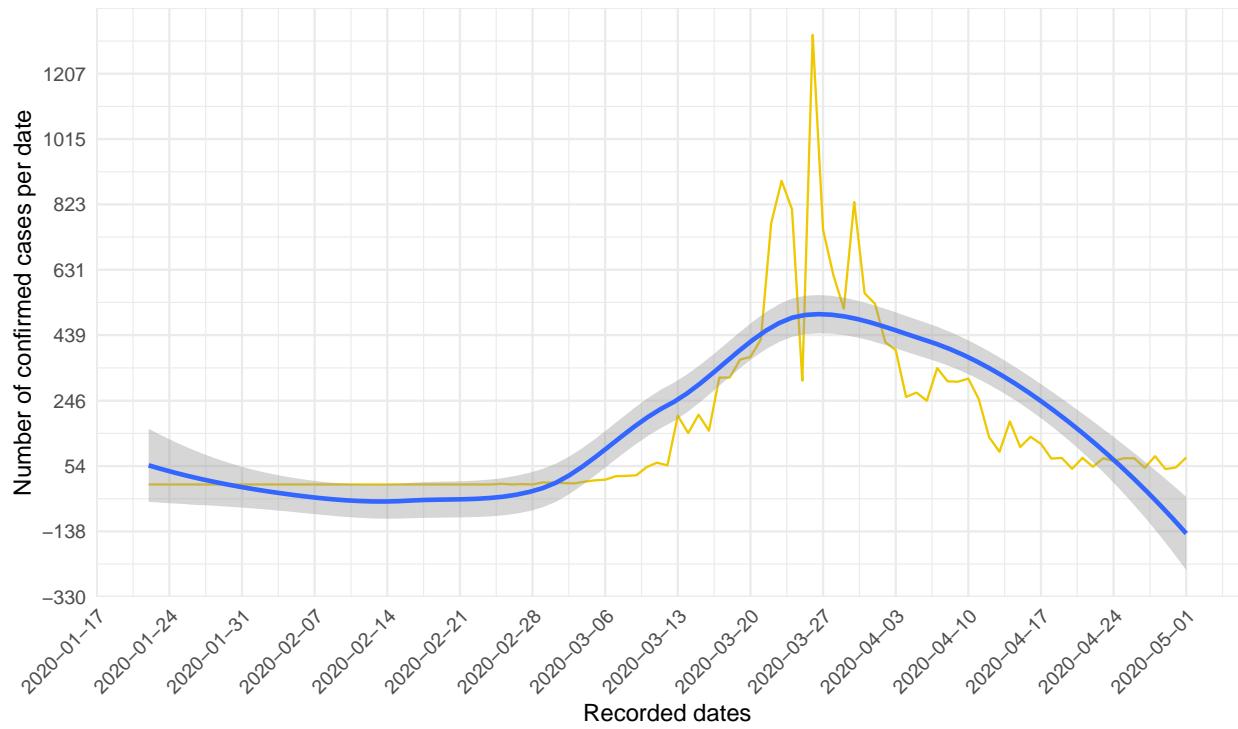

Australia – confirmed cases over time, total cases: 6,778

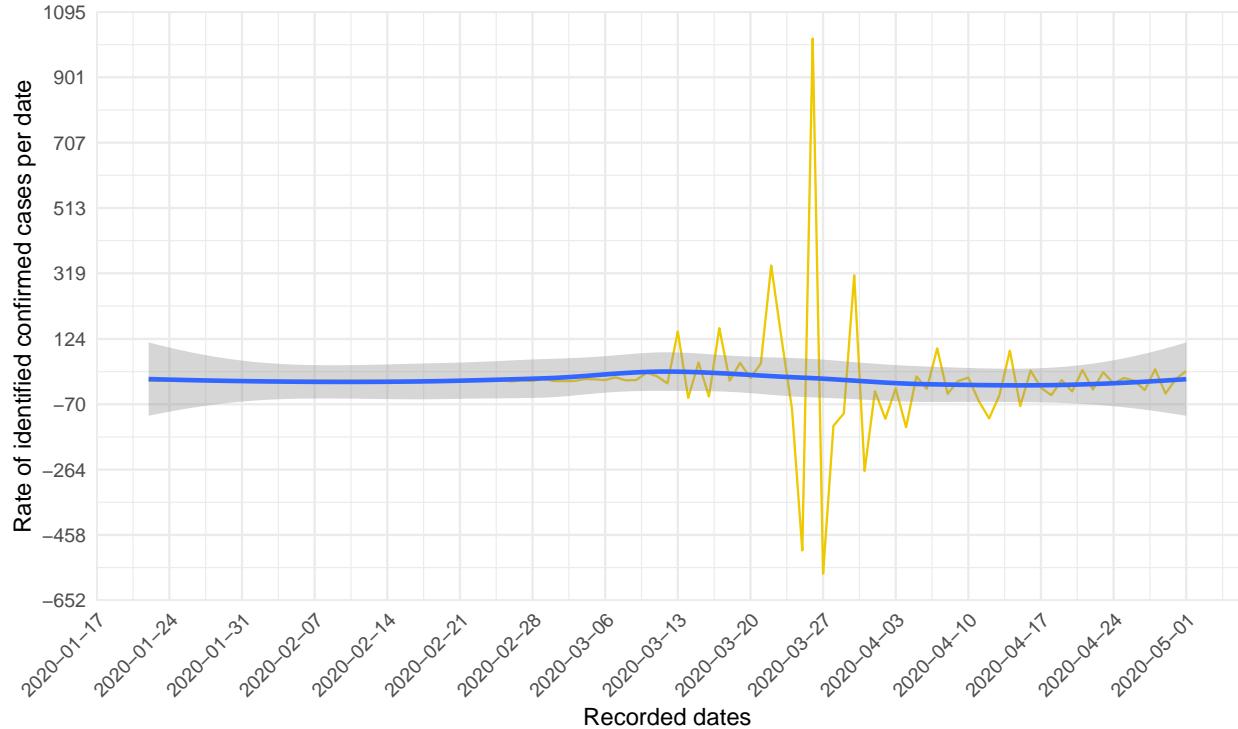

Australia – rate of increase of confirmed cases over time

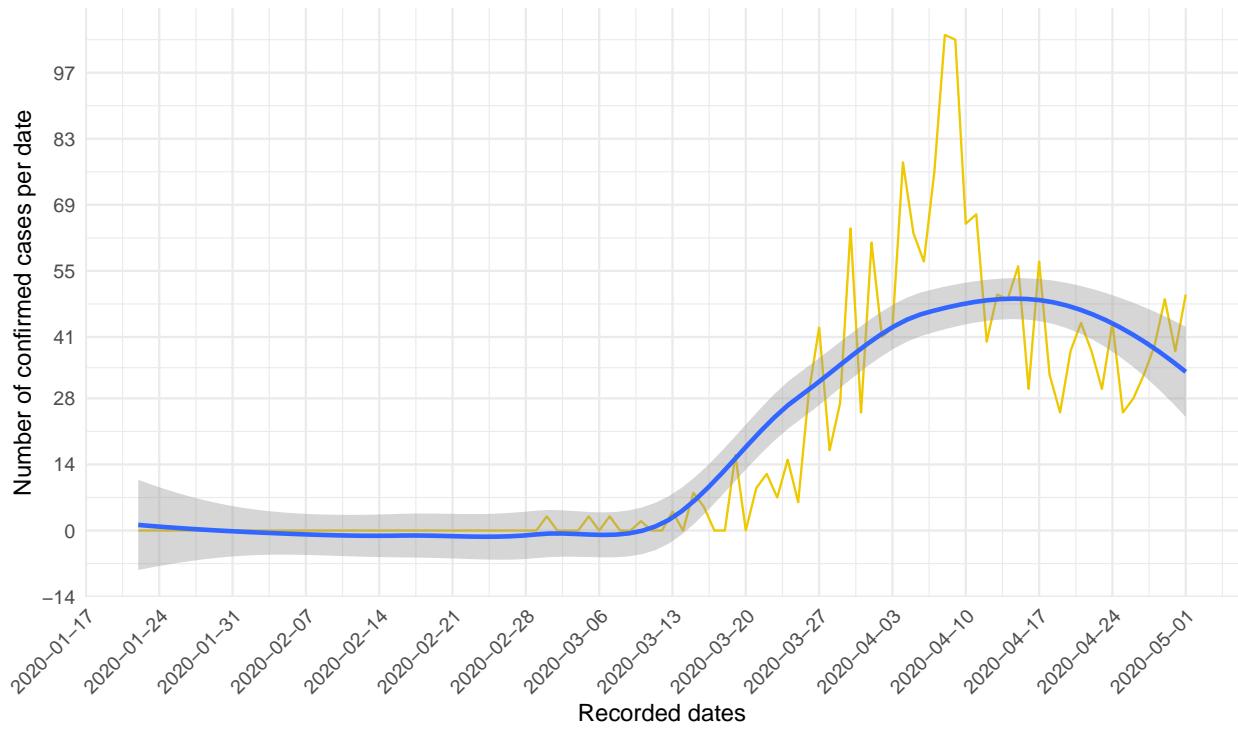

Austria – confirmed cases over time, total cases: 15,531

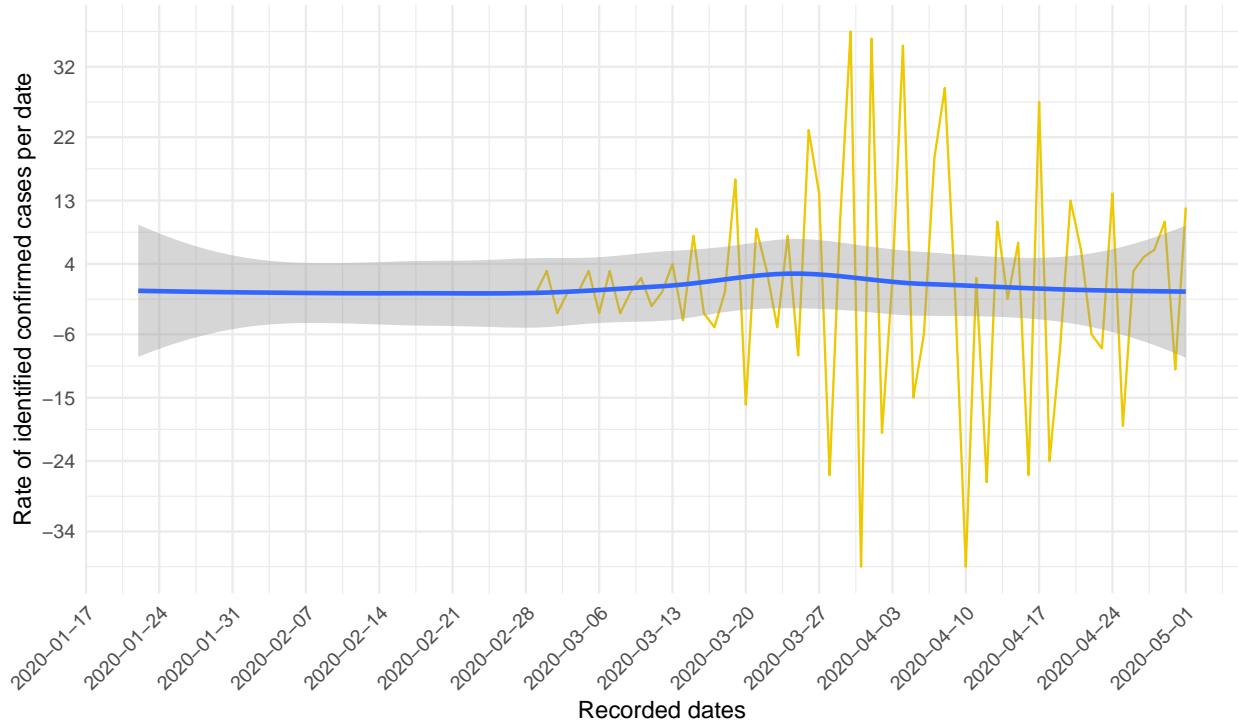

Austria – rate of increase of confirmed cases over time

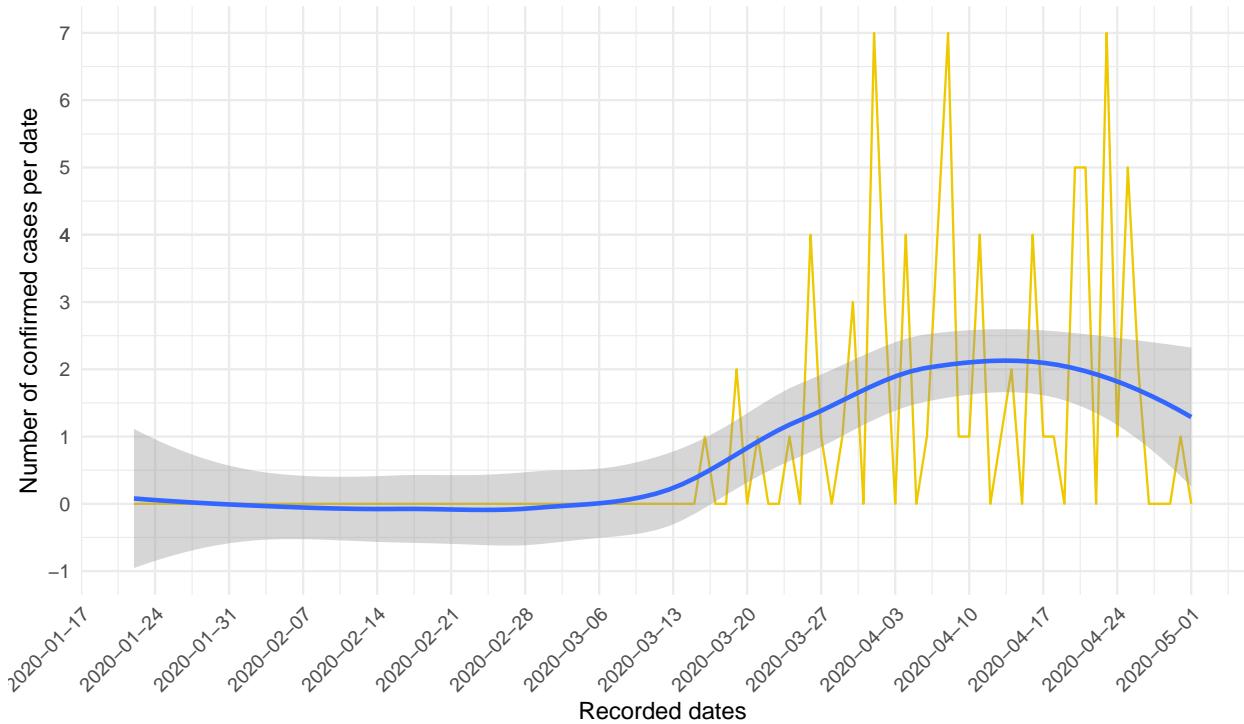

Azerbaijan – confirmed cases over time, total cases: 1,854

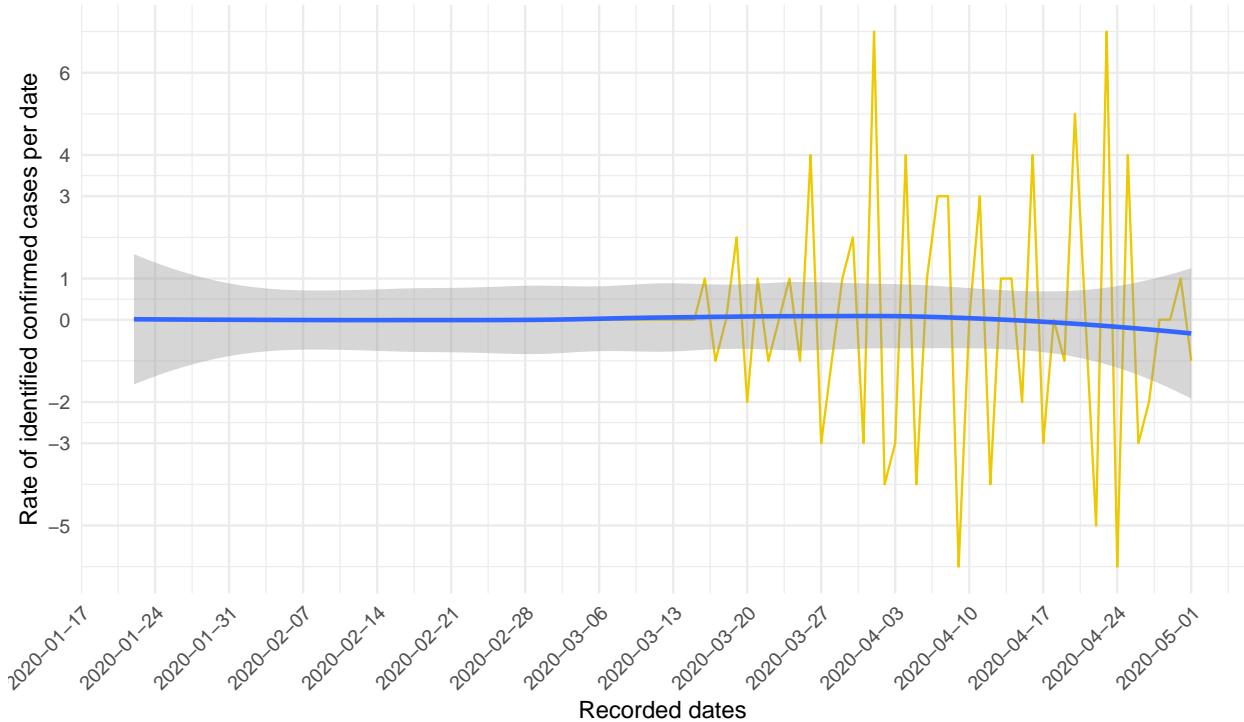

Azerbaijan – rate of increase of confirmed cases over time

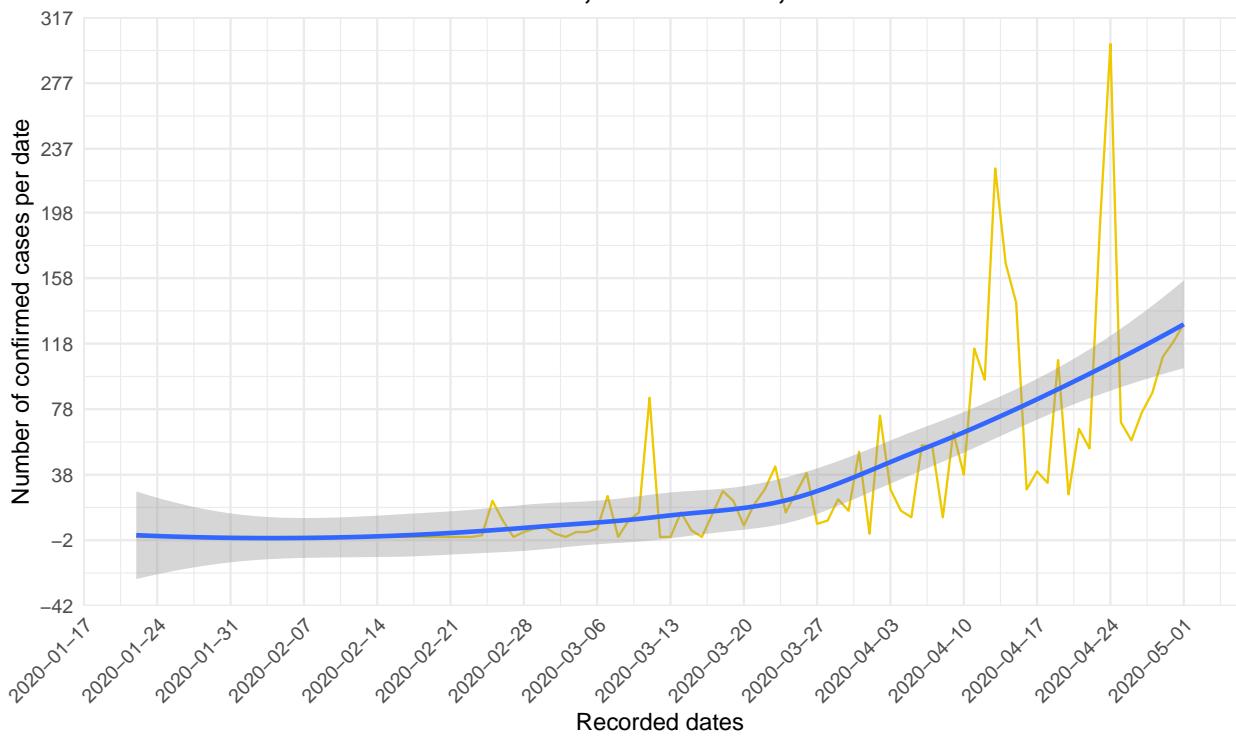

Bahamas – confirmed cases over time, total cases: 81

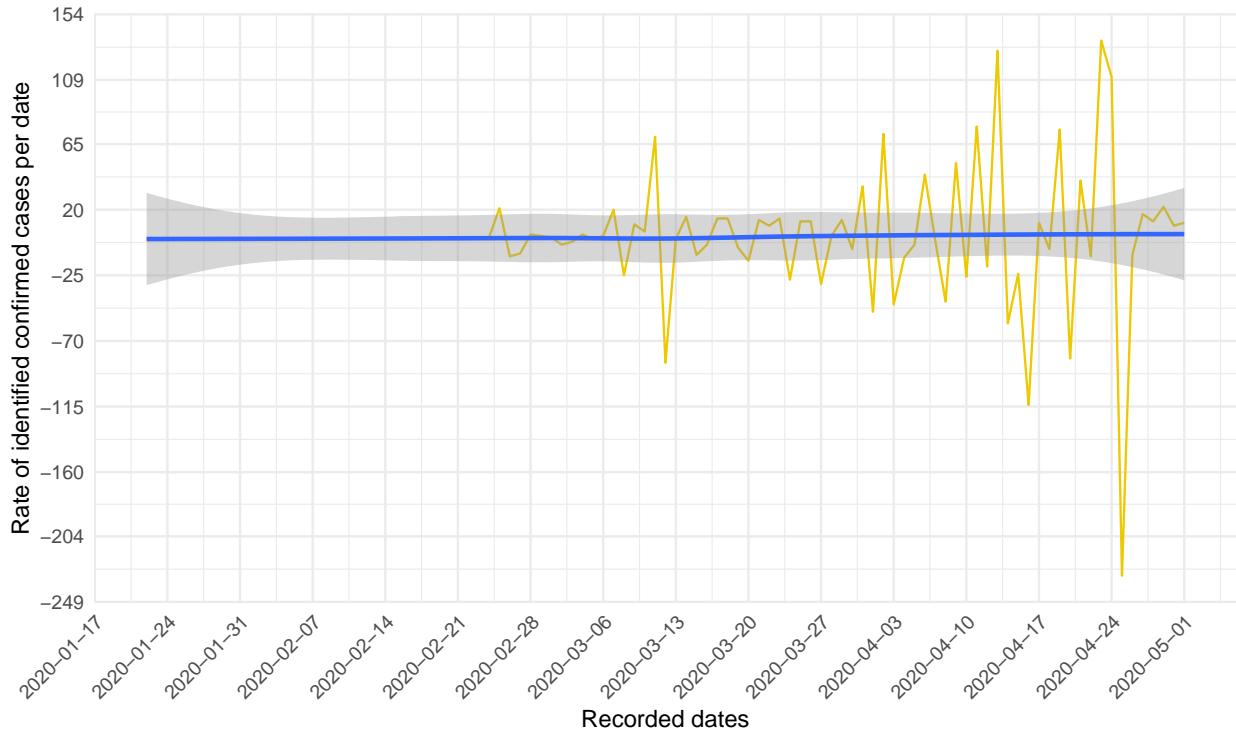

Bahamas – rate of increase of confirmed cases over time

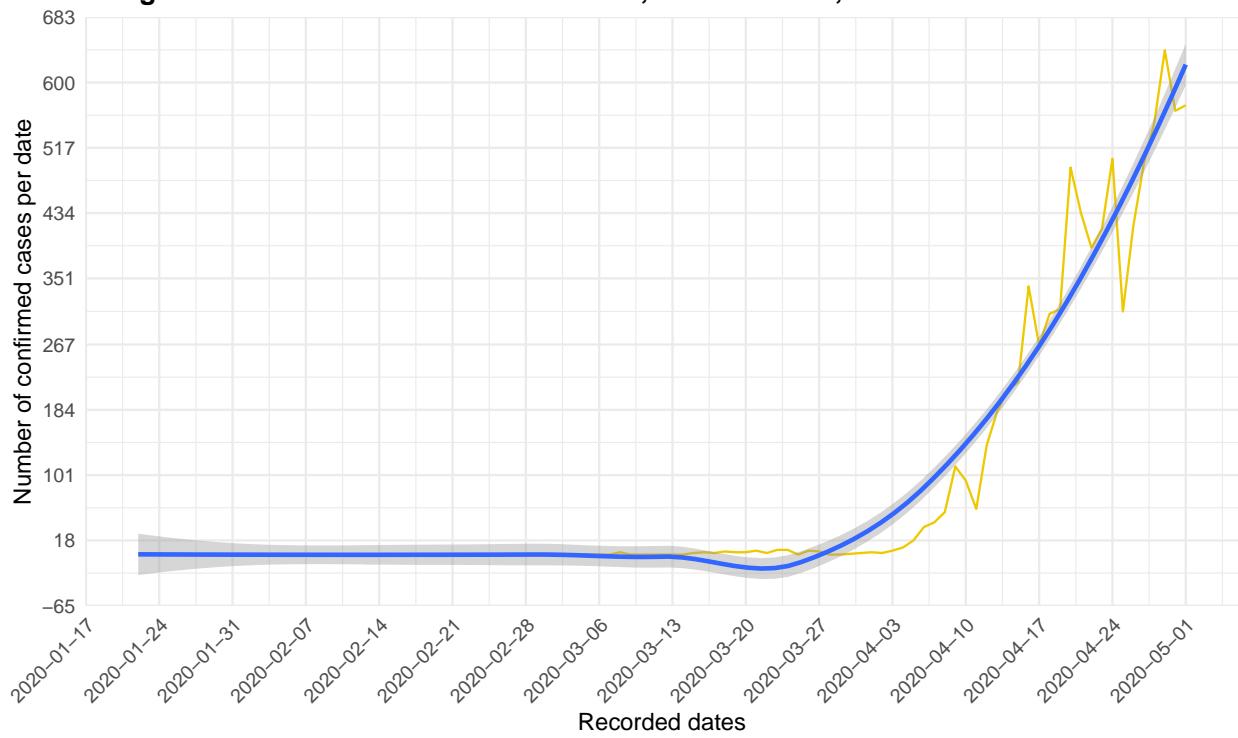

Bahrain – confirmed cases over time, total cases: 3,170

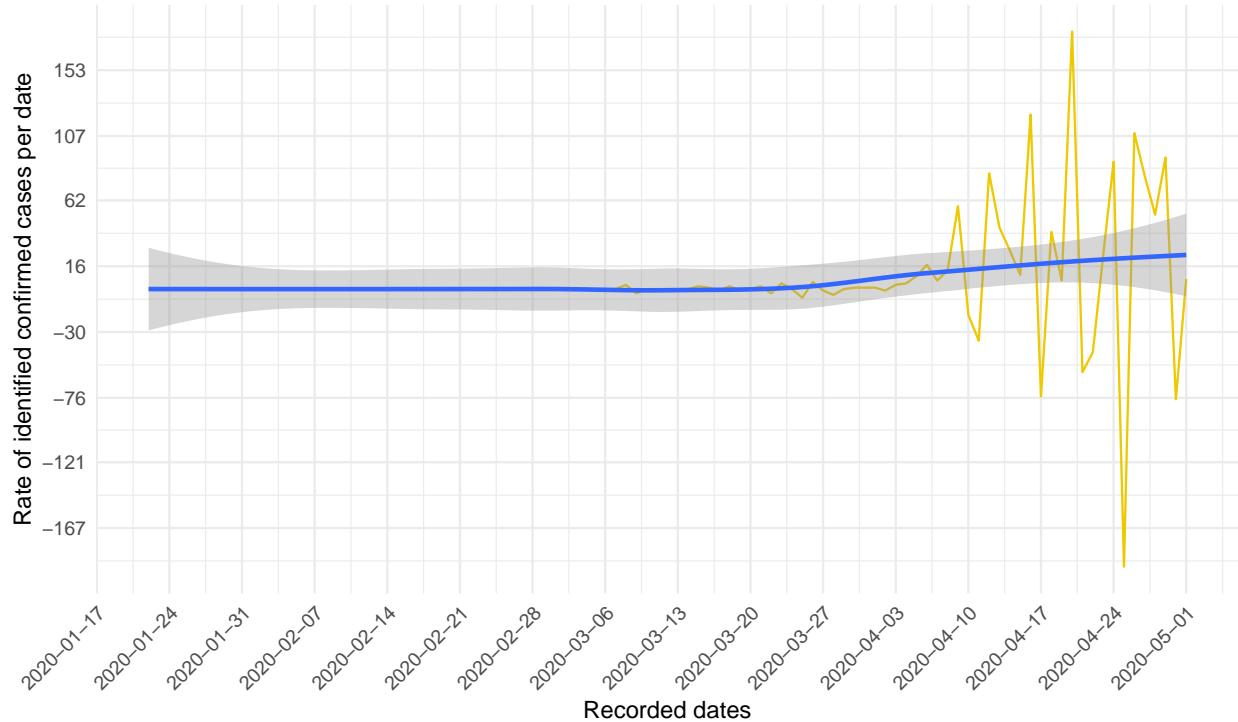

Bahrain – rate of increase of confirmed cases over time

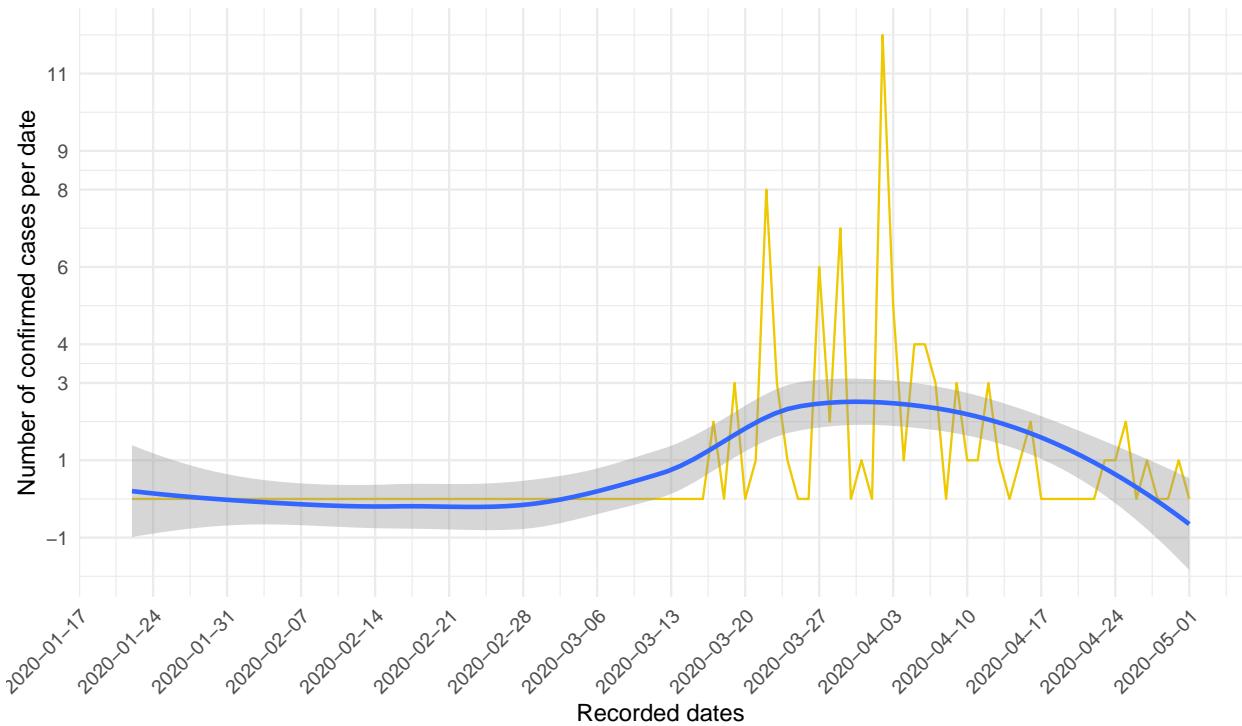

Bangladesh – confirmed cases over time, total cases: 8,238

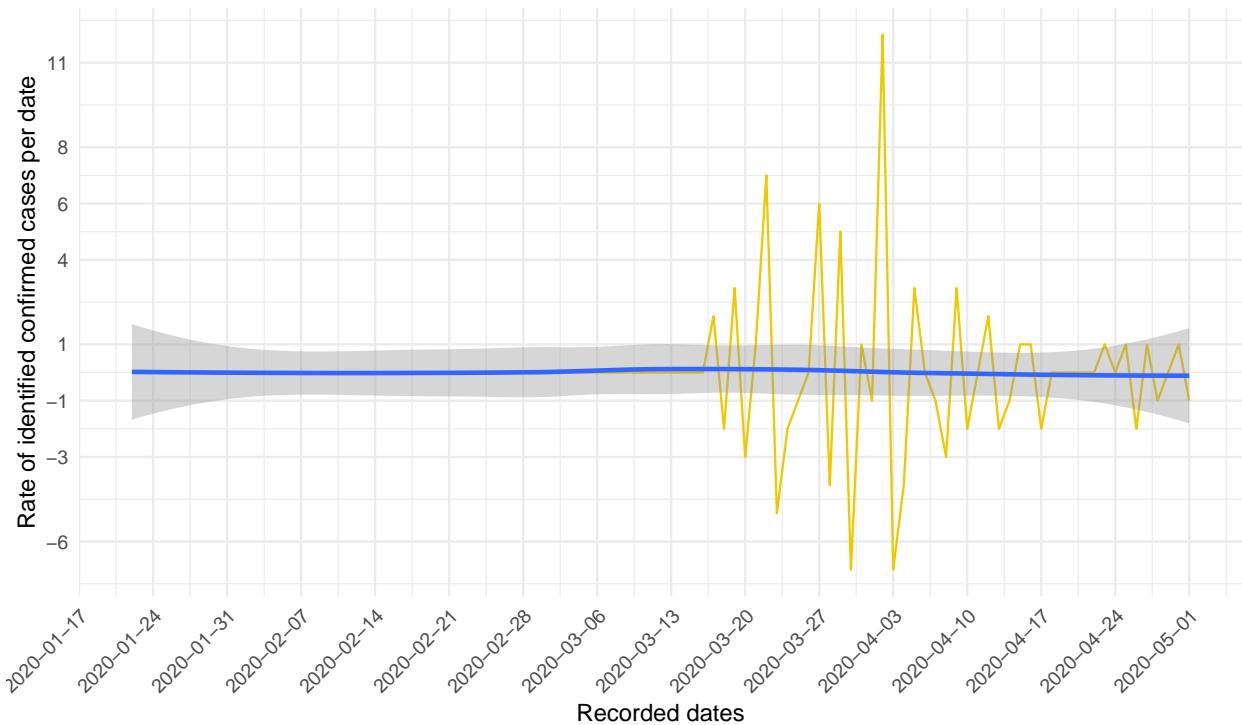

Bangladesh – rate of increase of confirmed cases over time

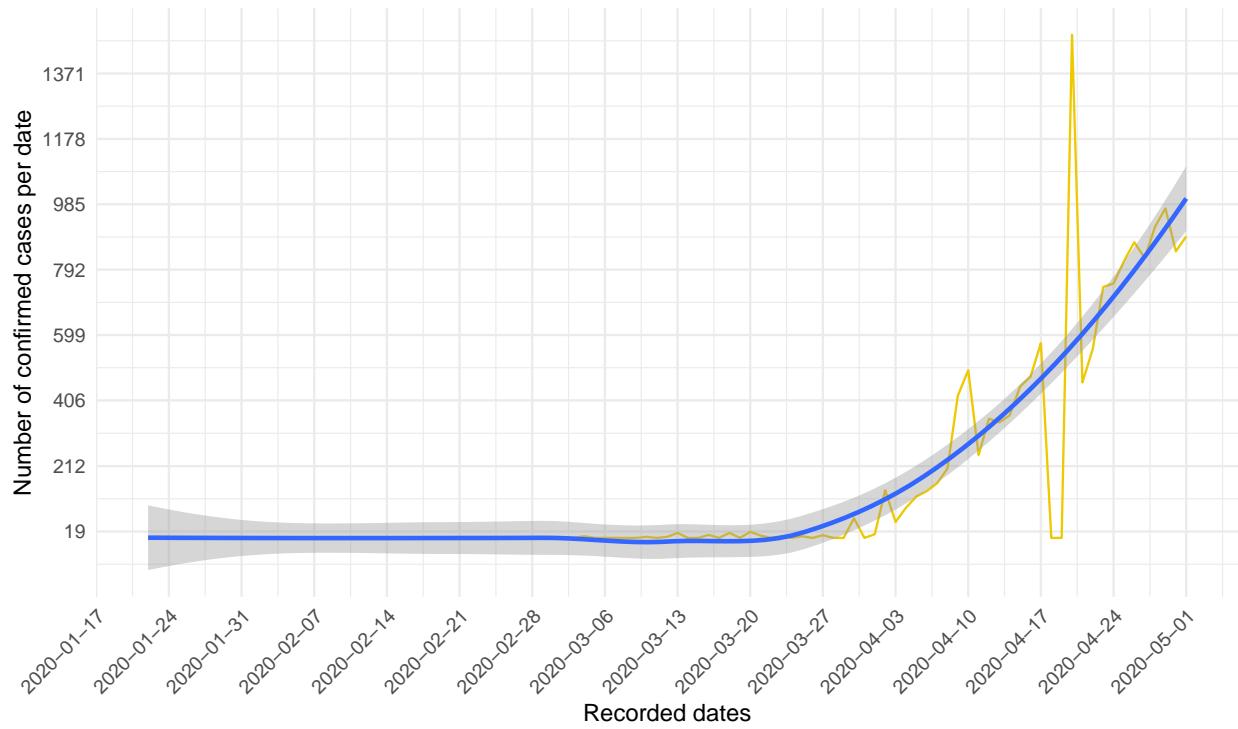

Barbados – confirmed cases over time, total cases: 81

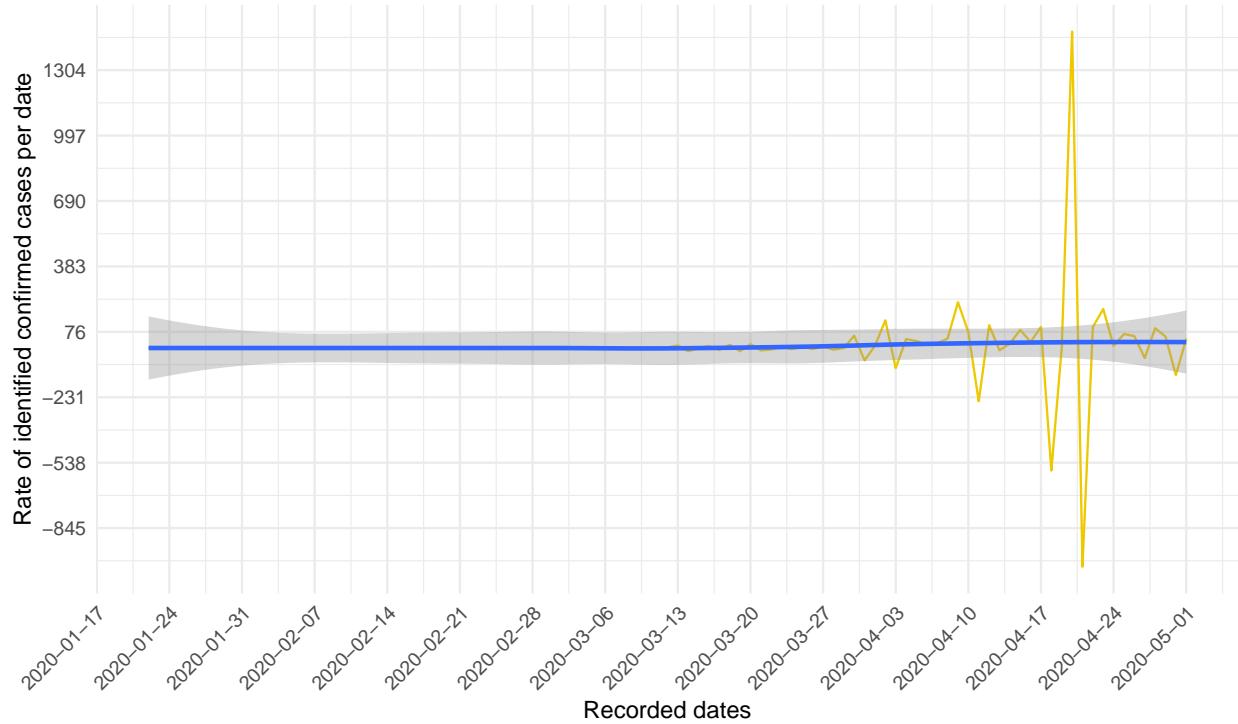

Barbados – rate of increase of confirmed cases over time

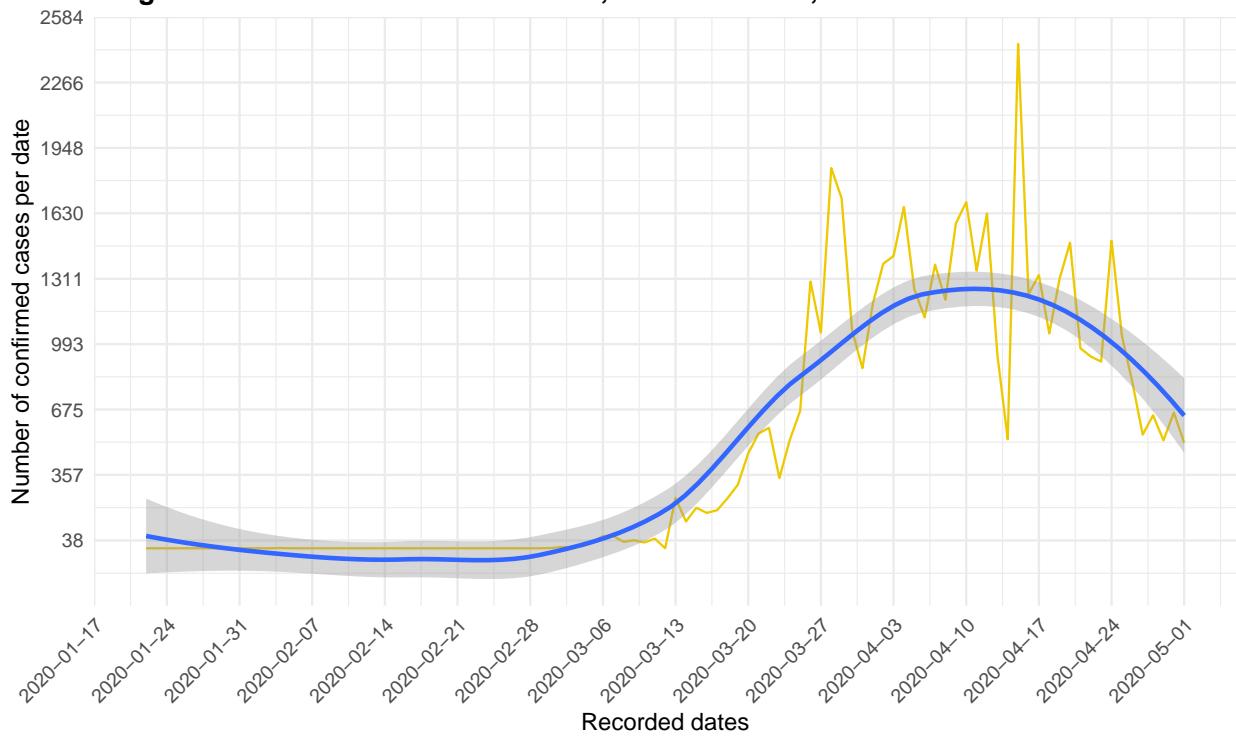

Belarus – confirmed cases over time, total cases: 14,917

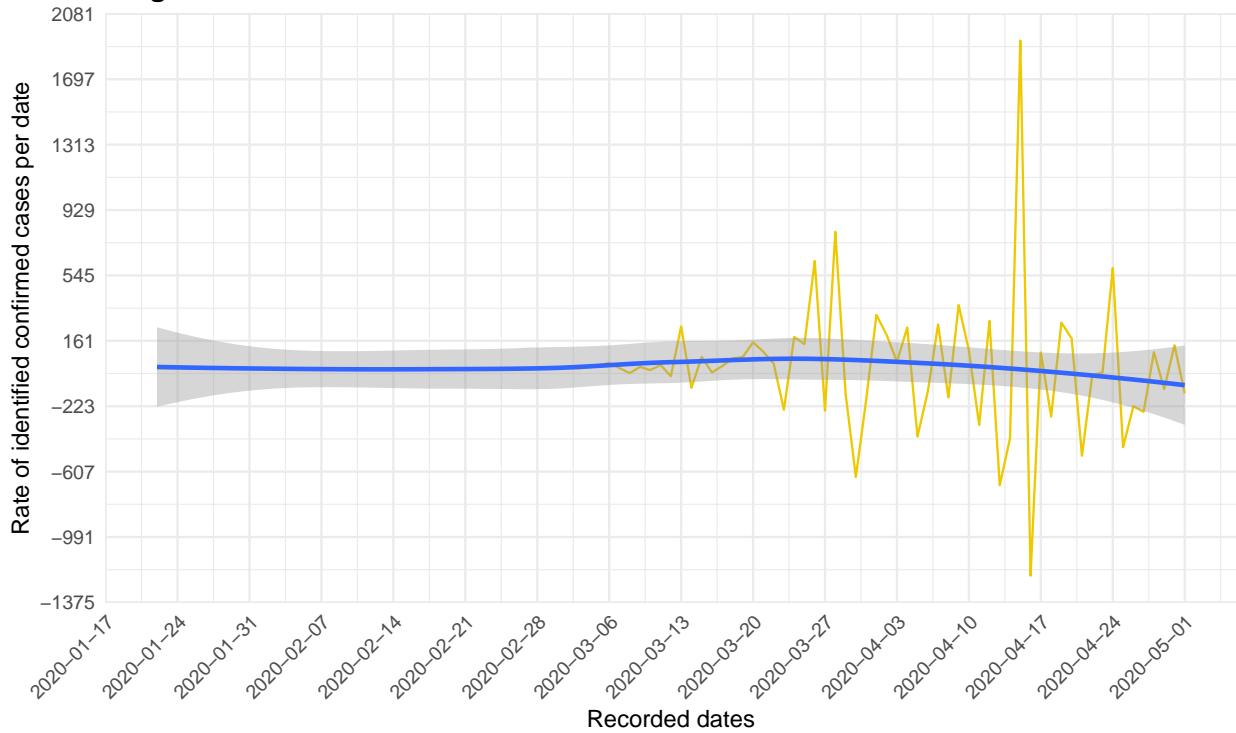

Belarus – rate of increase of confirmed cases over time

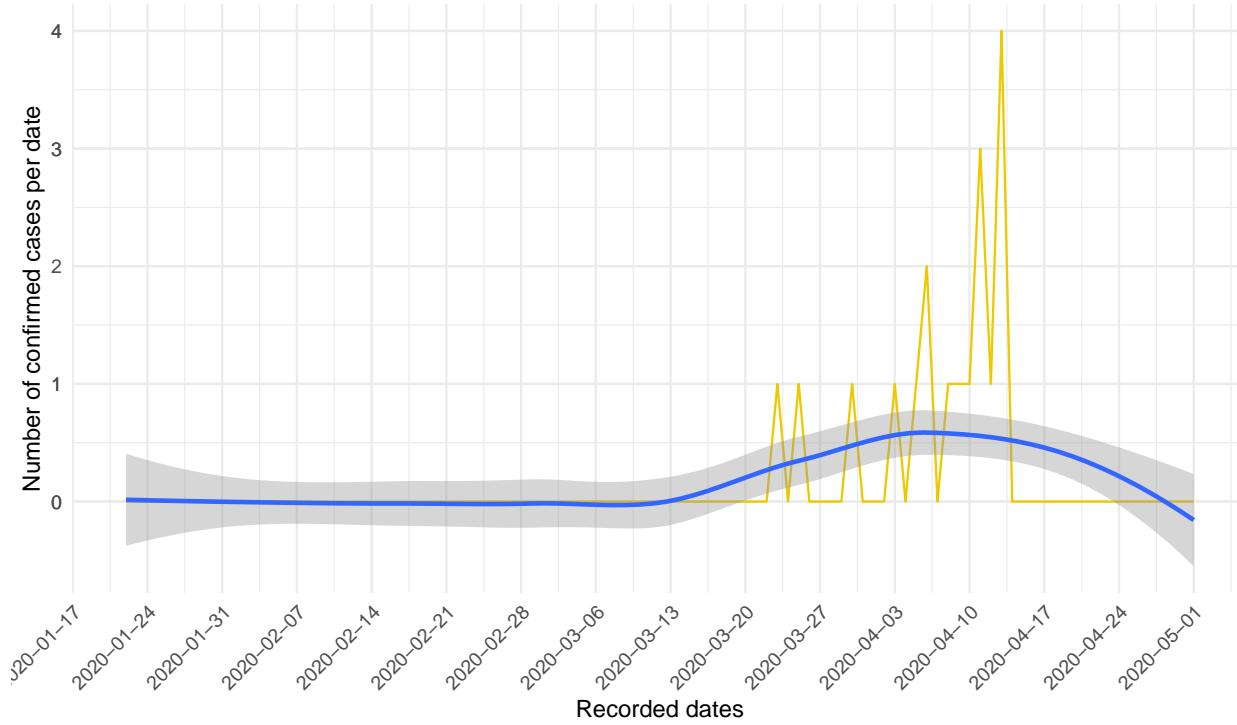

Belgium – confirmed cases over time, total cases: 49,032

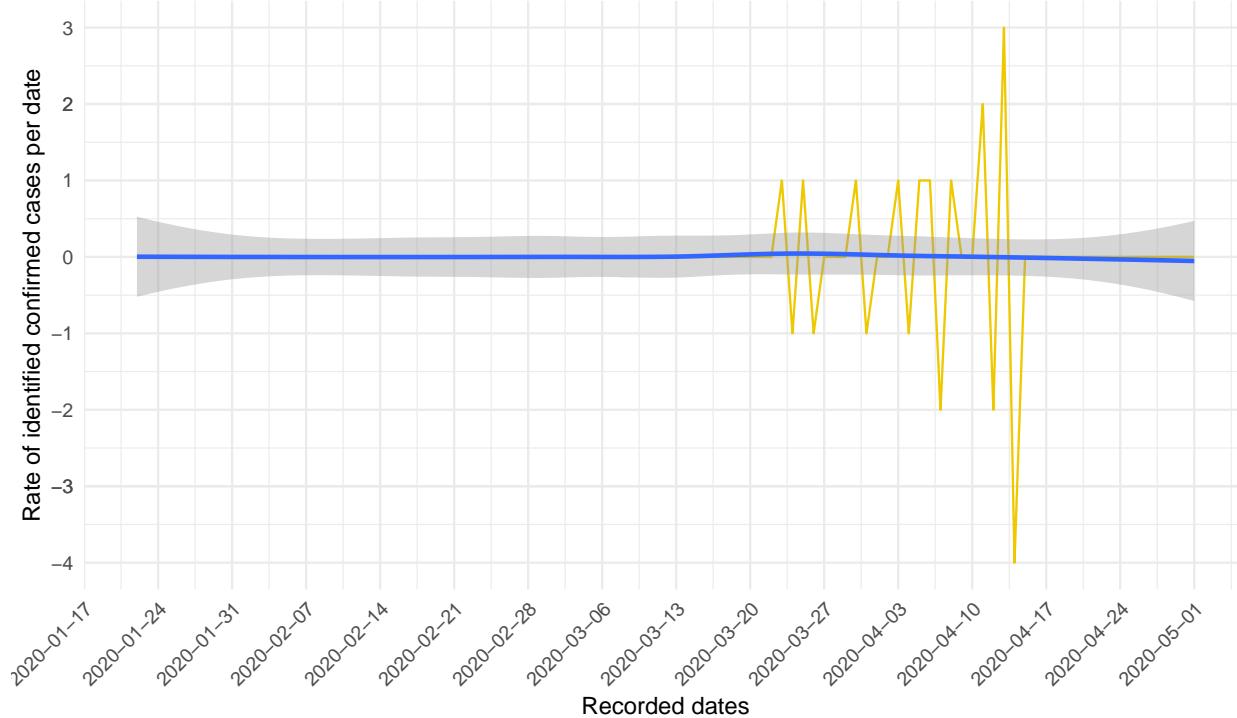

Belgium – rate of increase of confirmed cases over time

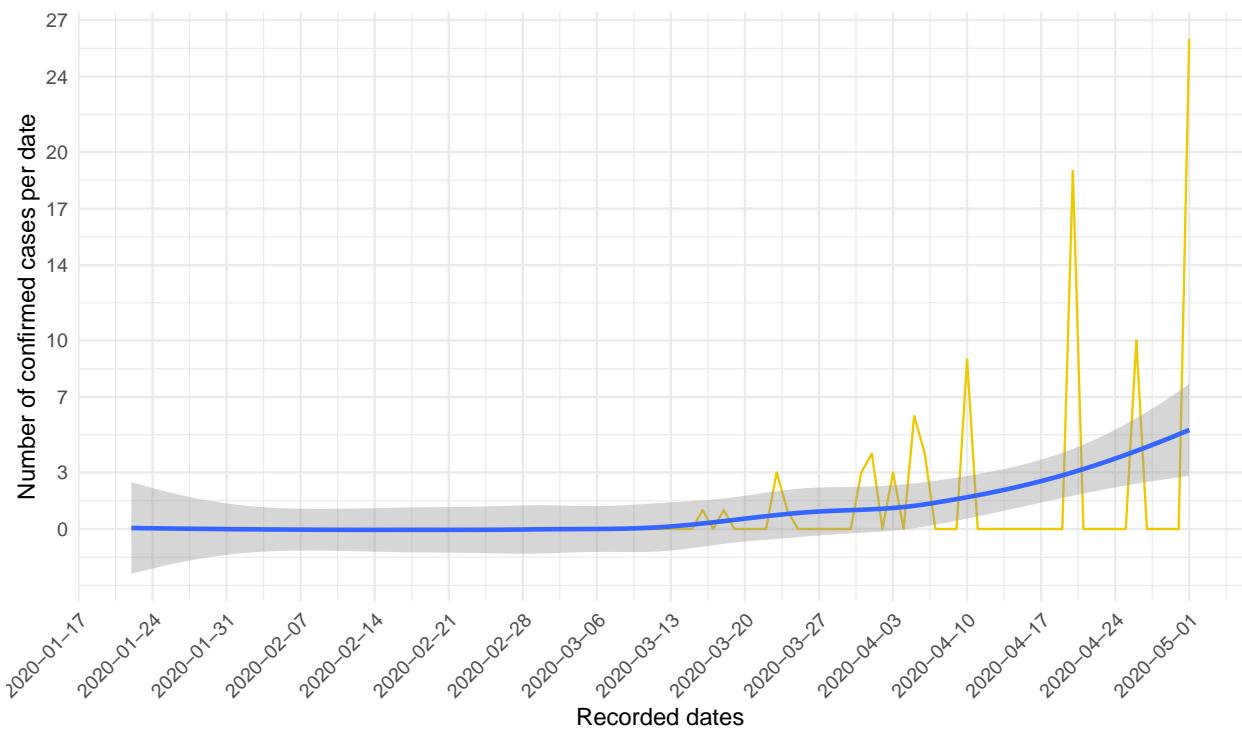

Belize – confirmed cases over time, total cases: 18

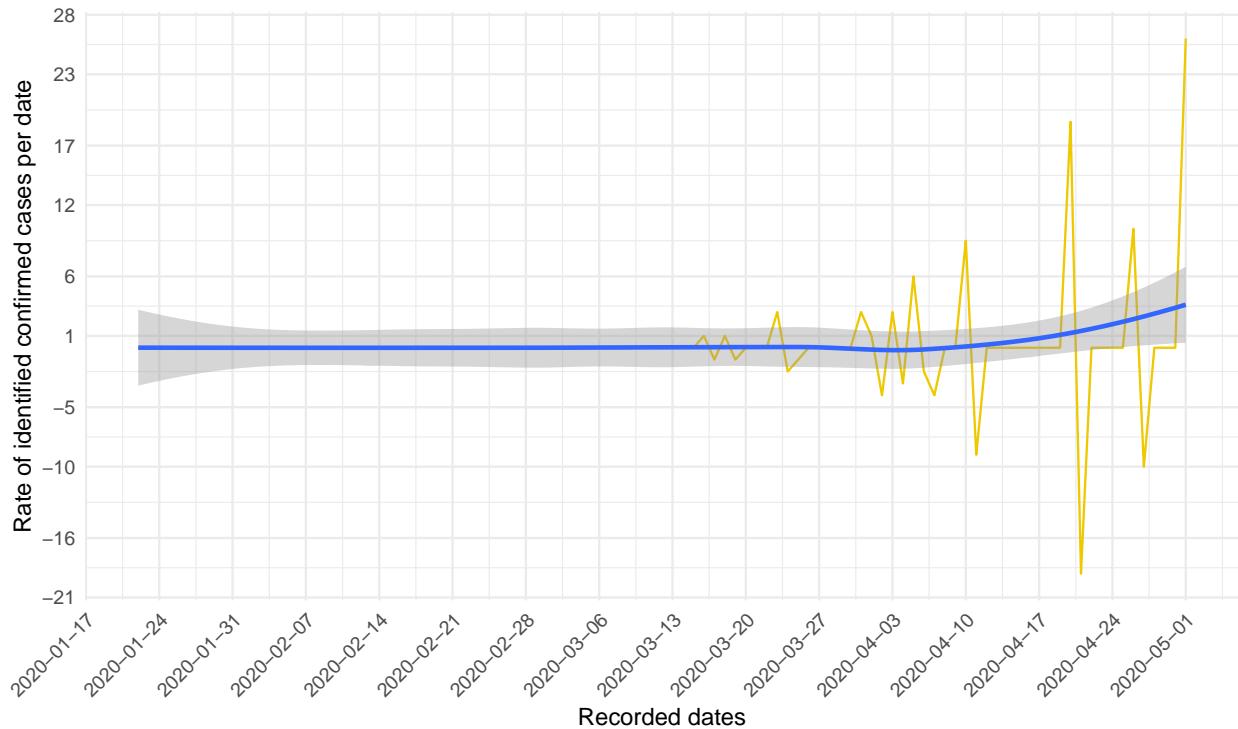

Belize – rate of increase of confirmed cases over time

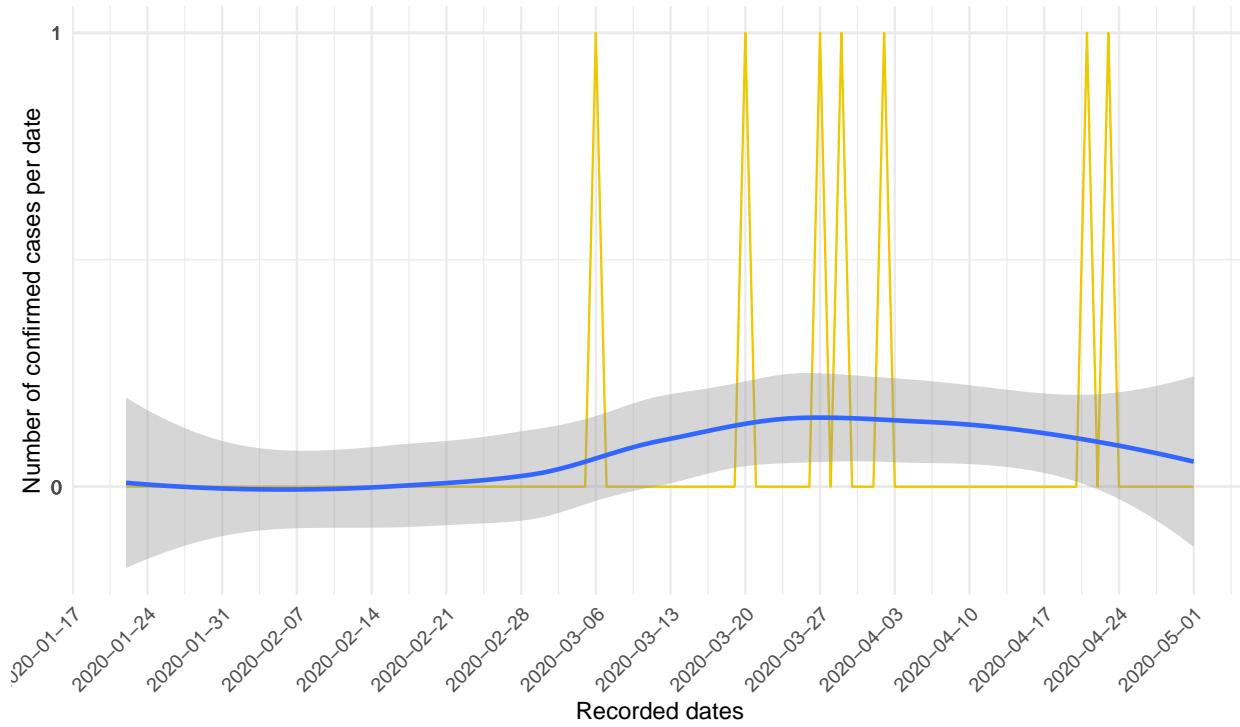

Benin – confirmed cases over time, total cases: 90

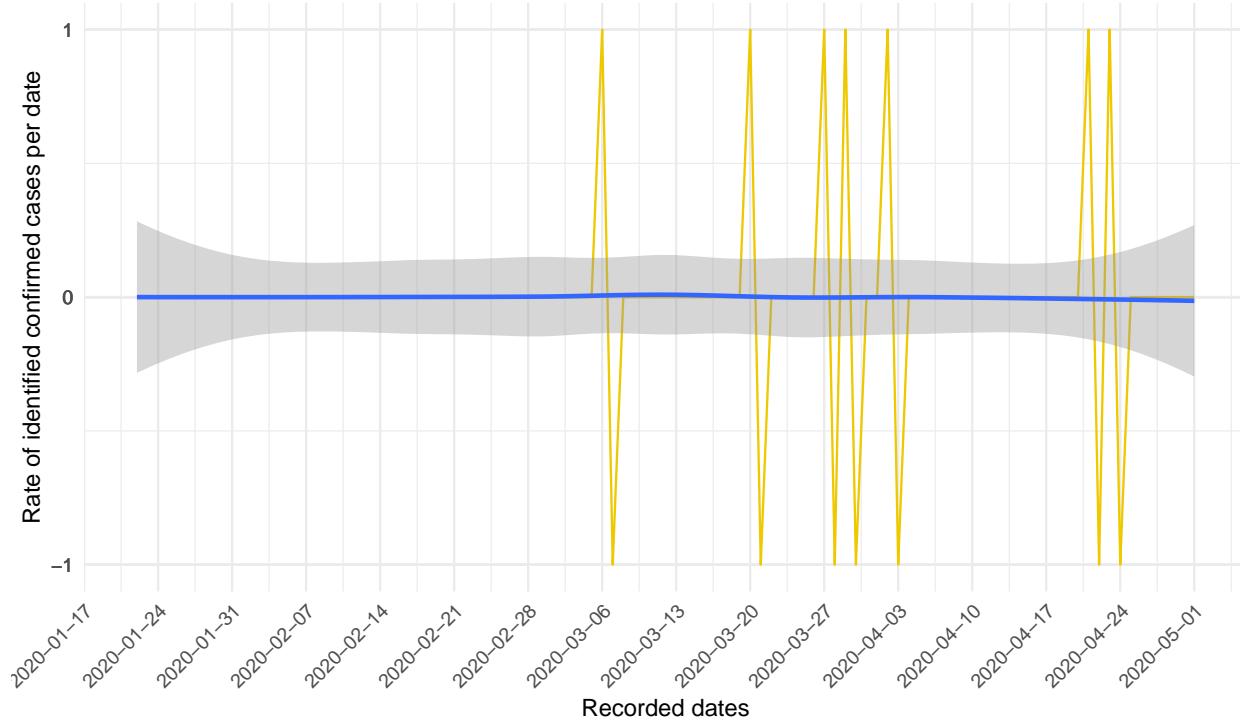

Benin – rate of increase of confirmed cases over time

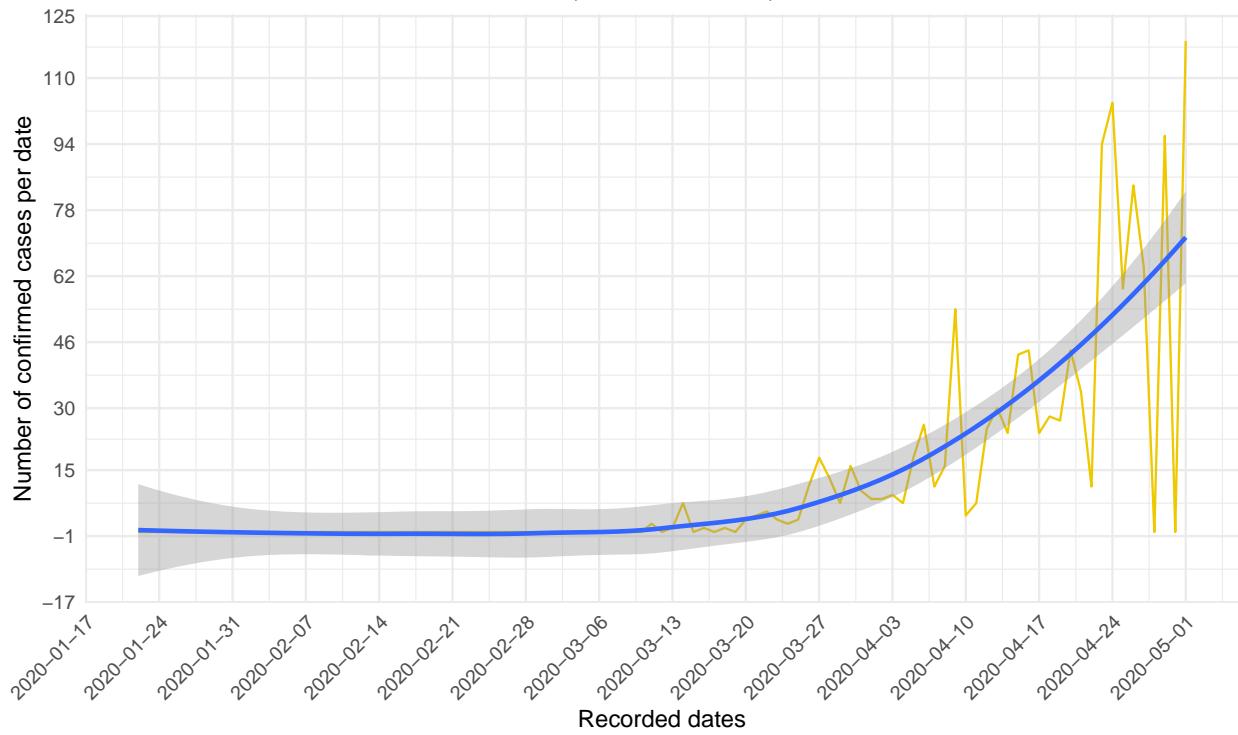

Bhutan – confirmed cases over time, total cases: 7

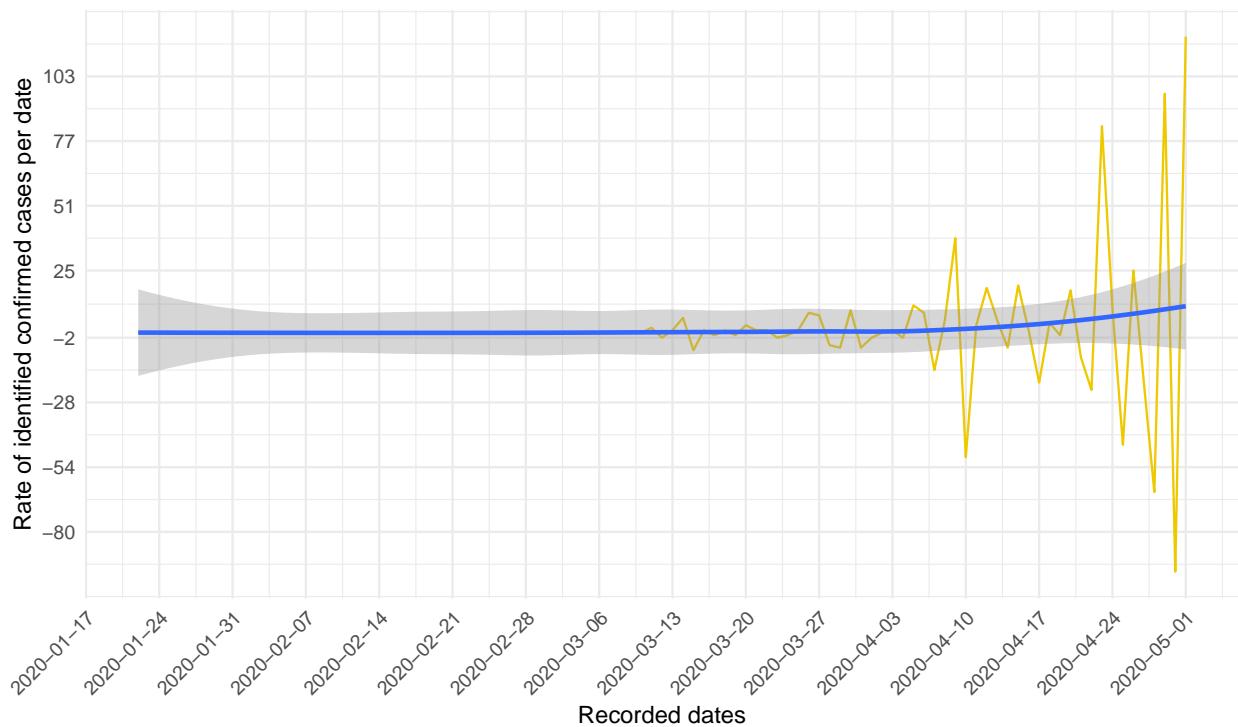

Bhutan – rate of increase of confirmed cases over time

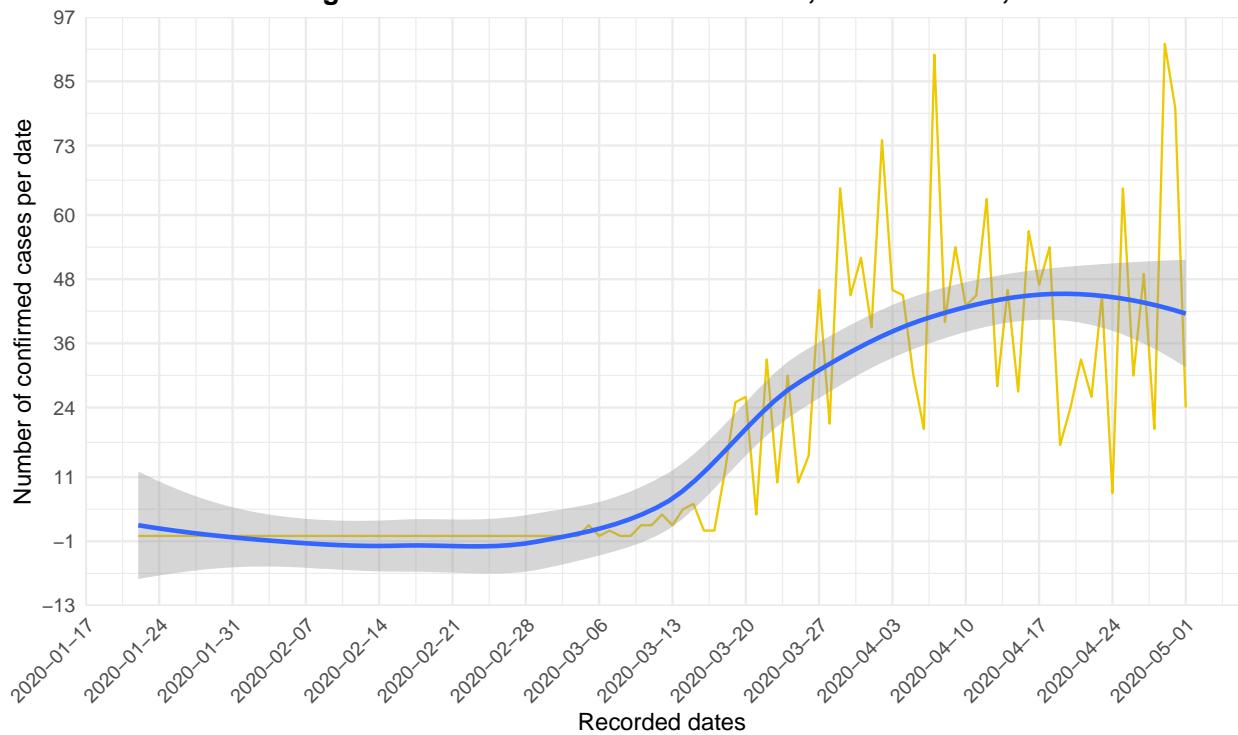

Bolivia – confirmed cases over time, total cases: 1,229

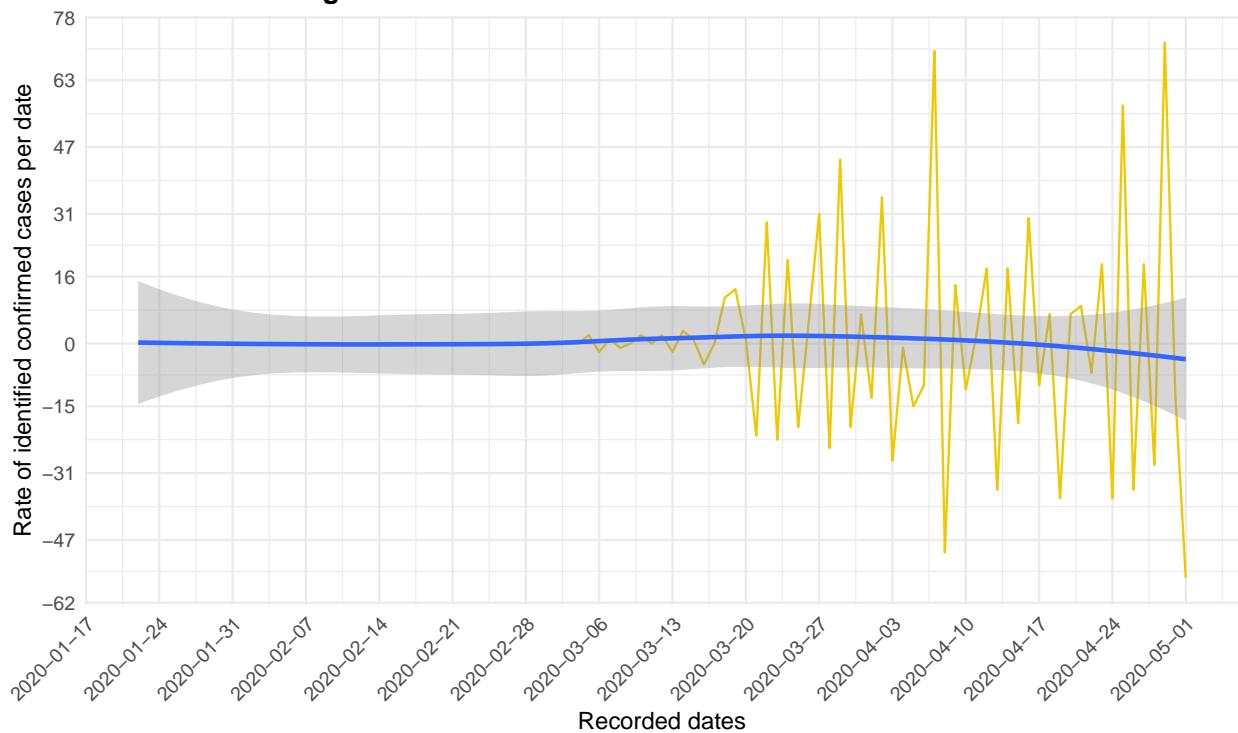

Bolivia – rate of increase of confirmed cases over time

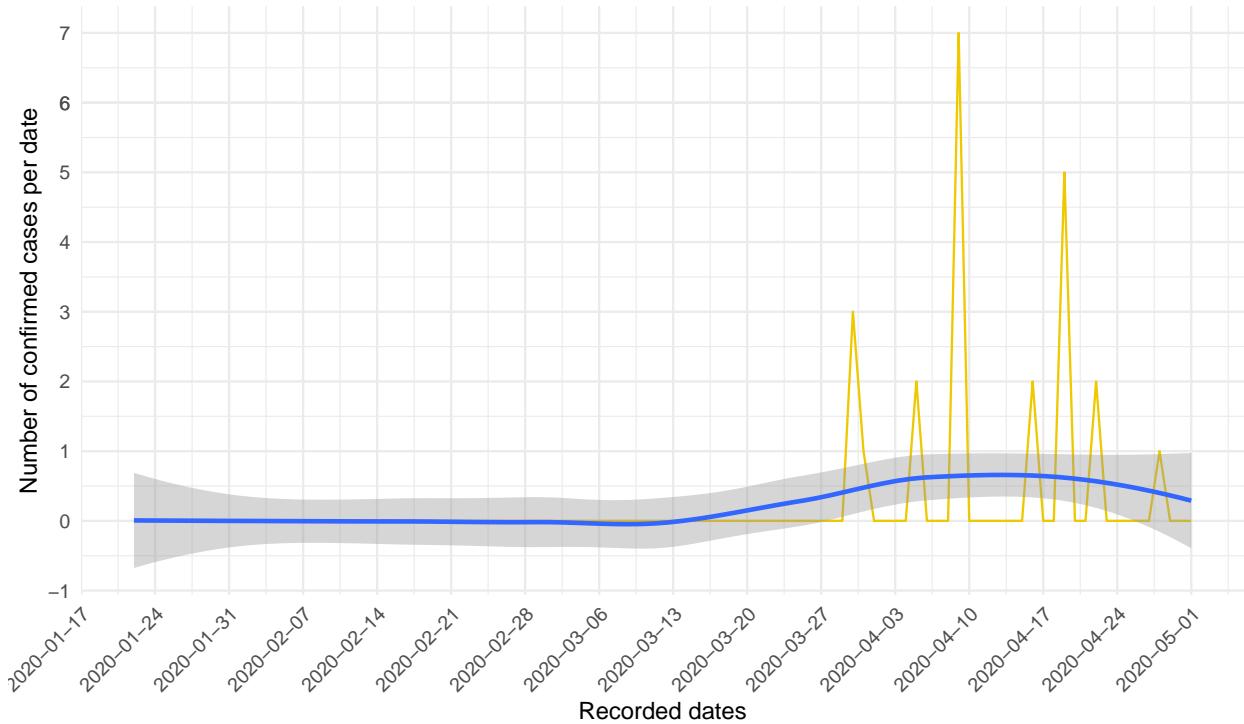

Bosnia and Herzegovina – confirmed cases over time, total cases: 1,781

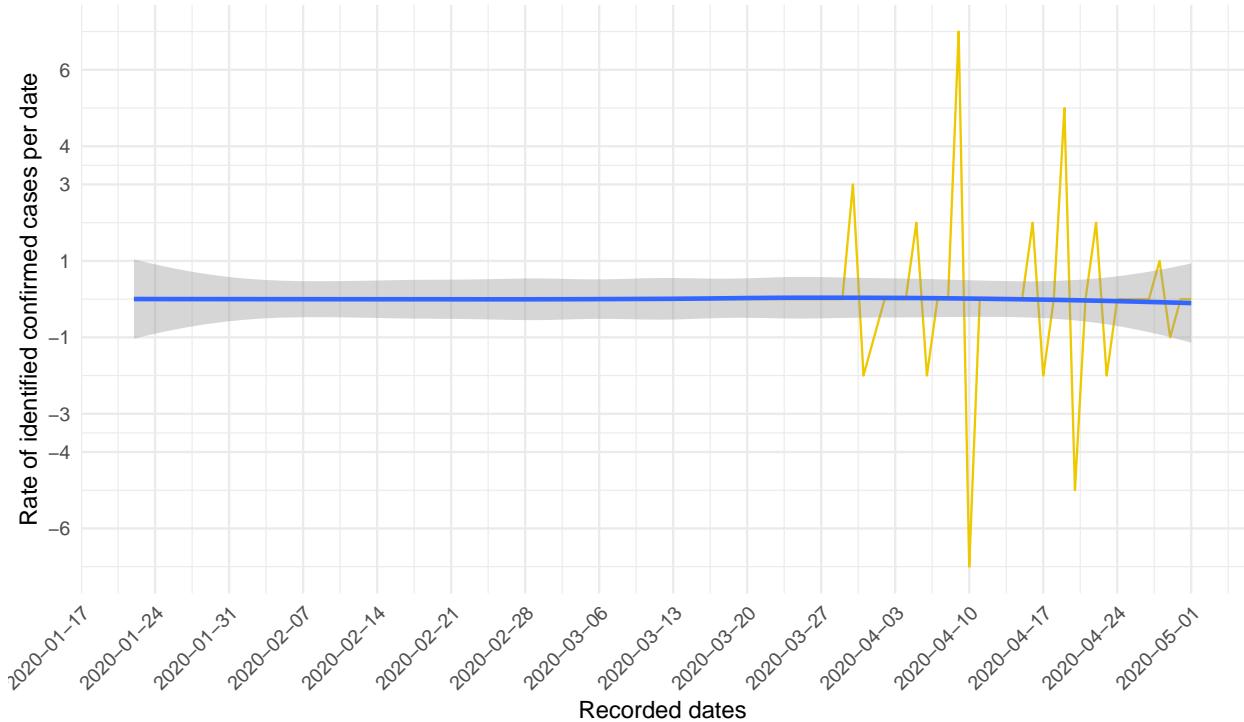

Bosnia and Herzegovina – rate of increase of confirmed cases over time

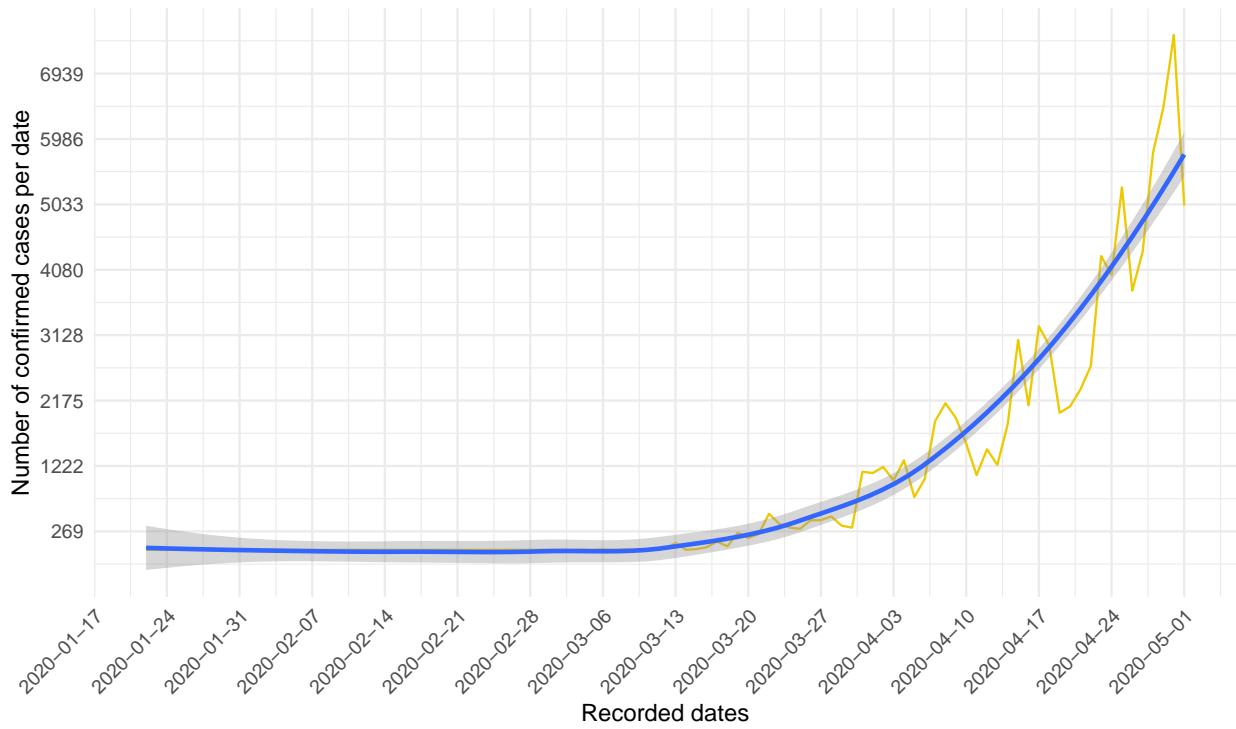

Botswana – confirmed cases over time, total cases: 23

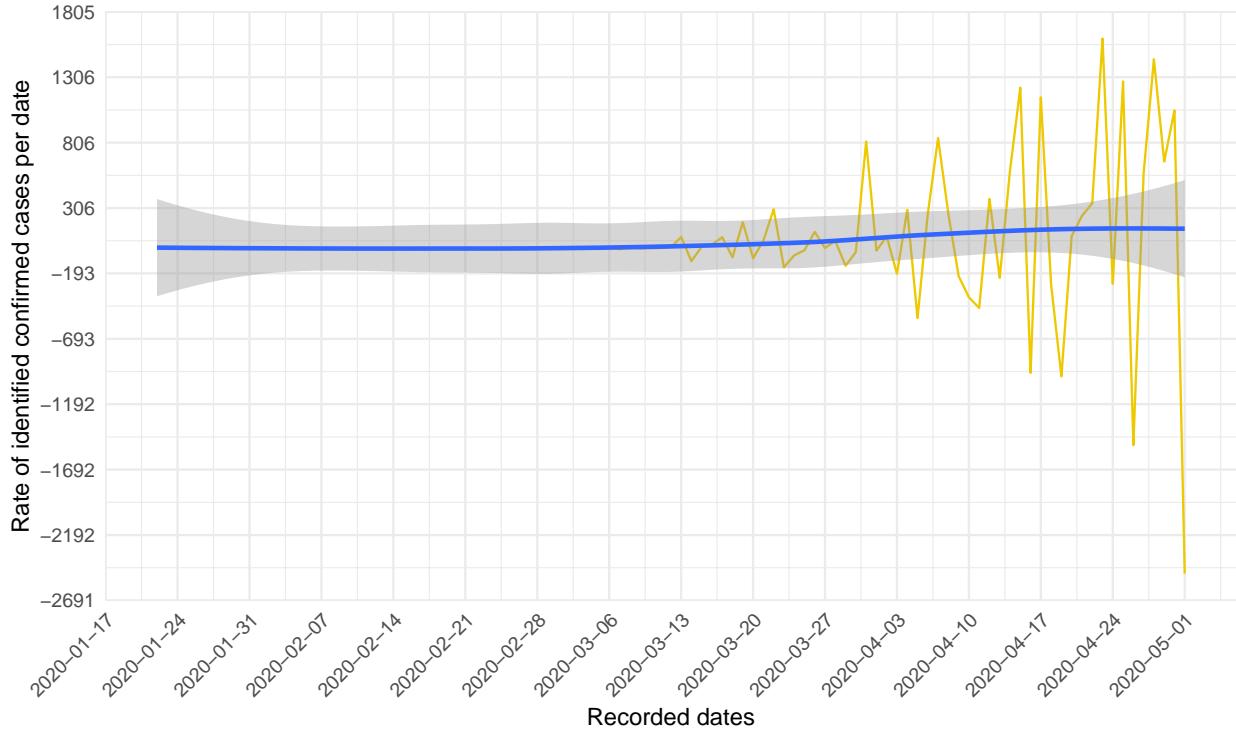

Botswana – rate of increase of confirmed cases over time

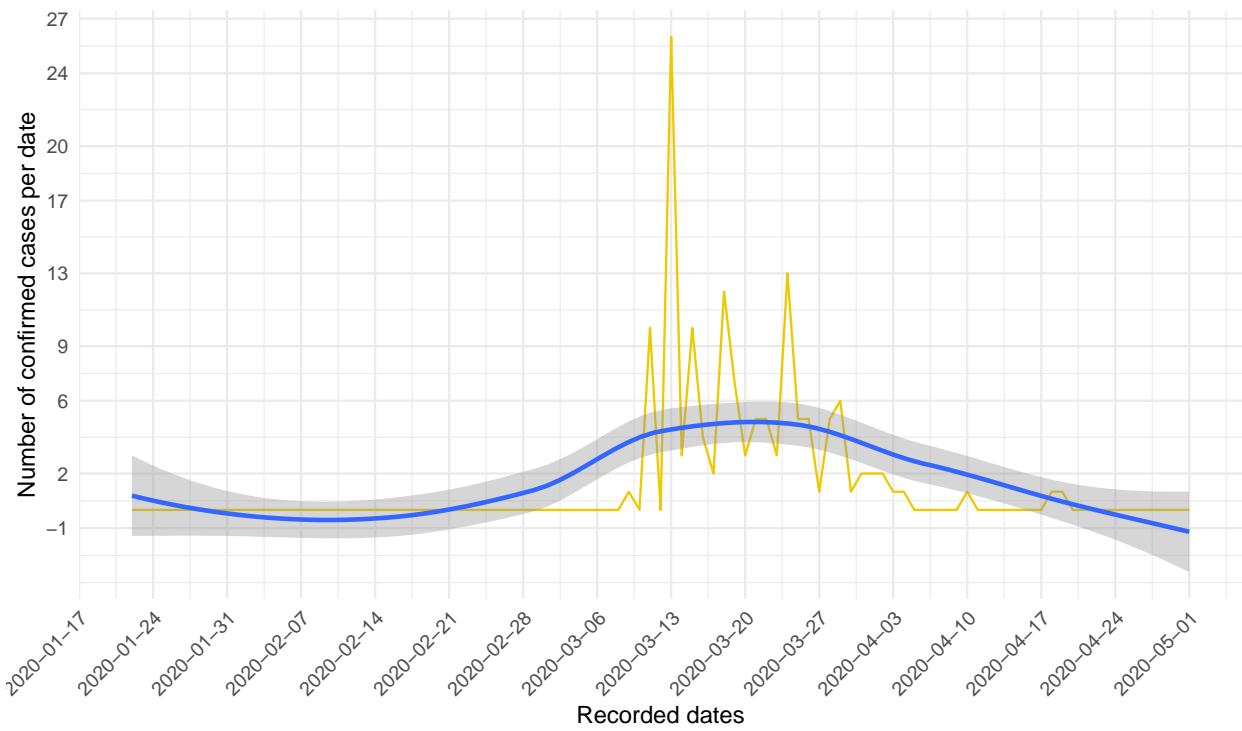

Brazil – confirmed cases over time, total cases: 92,202

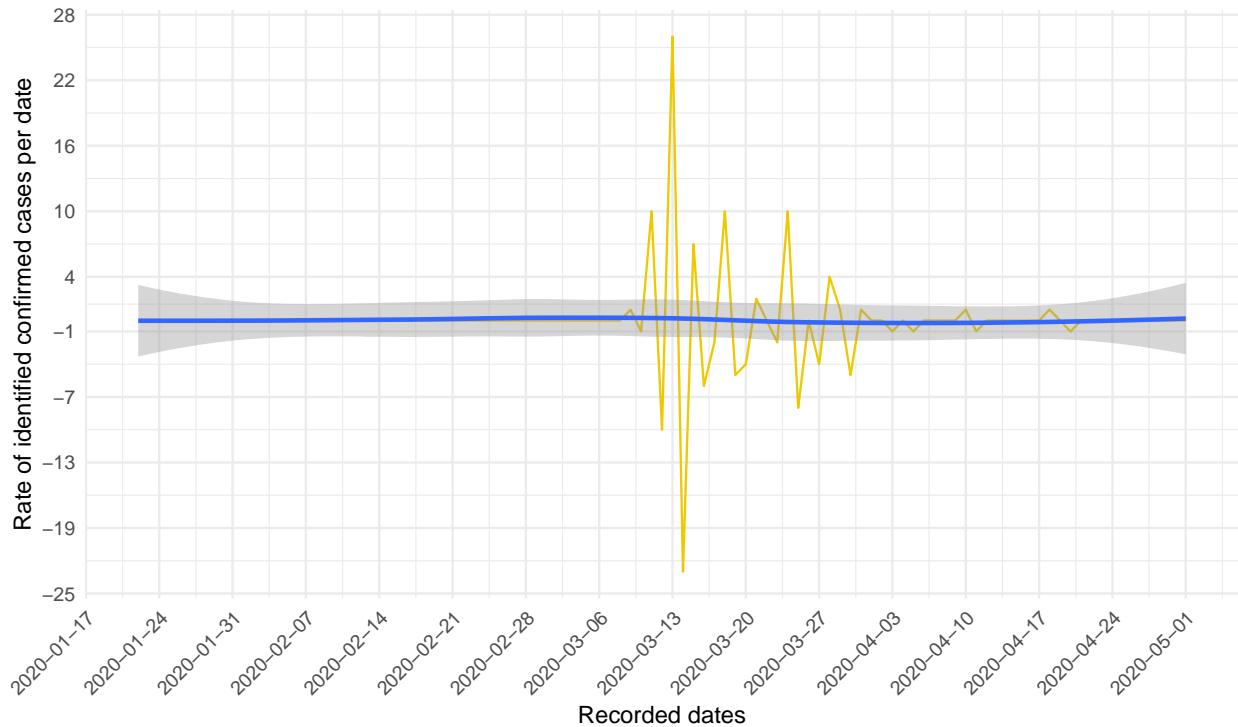

Brazil – rate of increase of confirmed cases over time

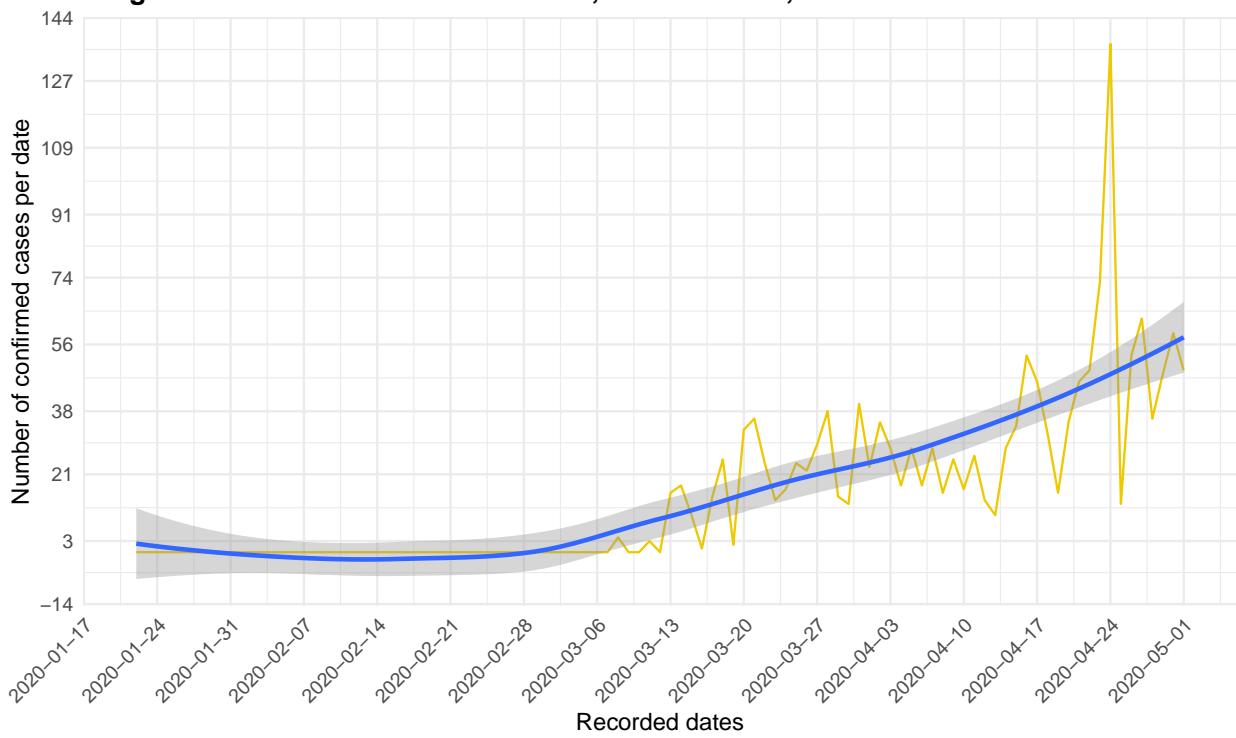

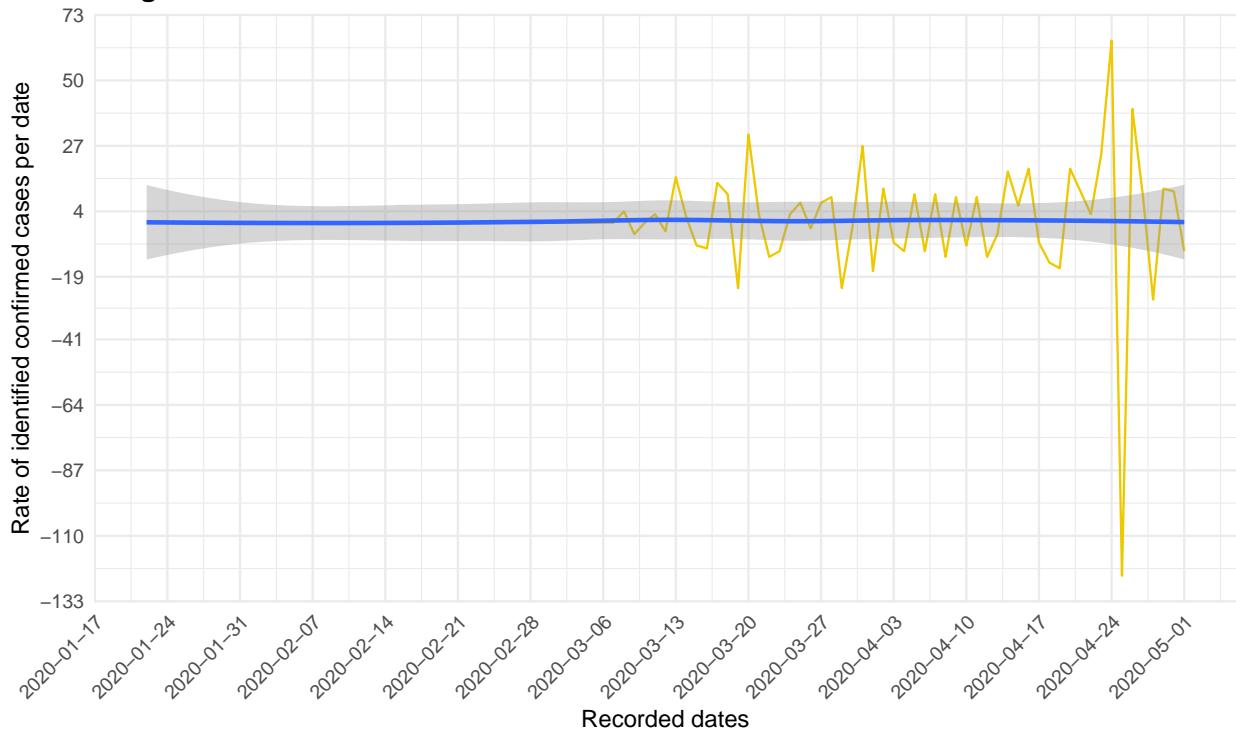

Brunei – confirmed cases over time, total cases: 138

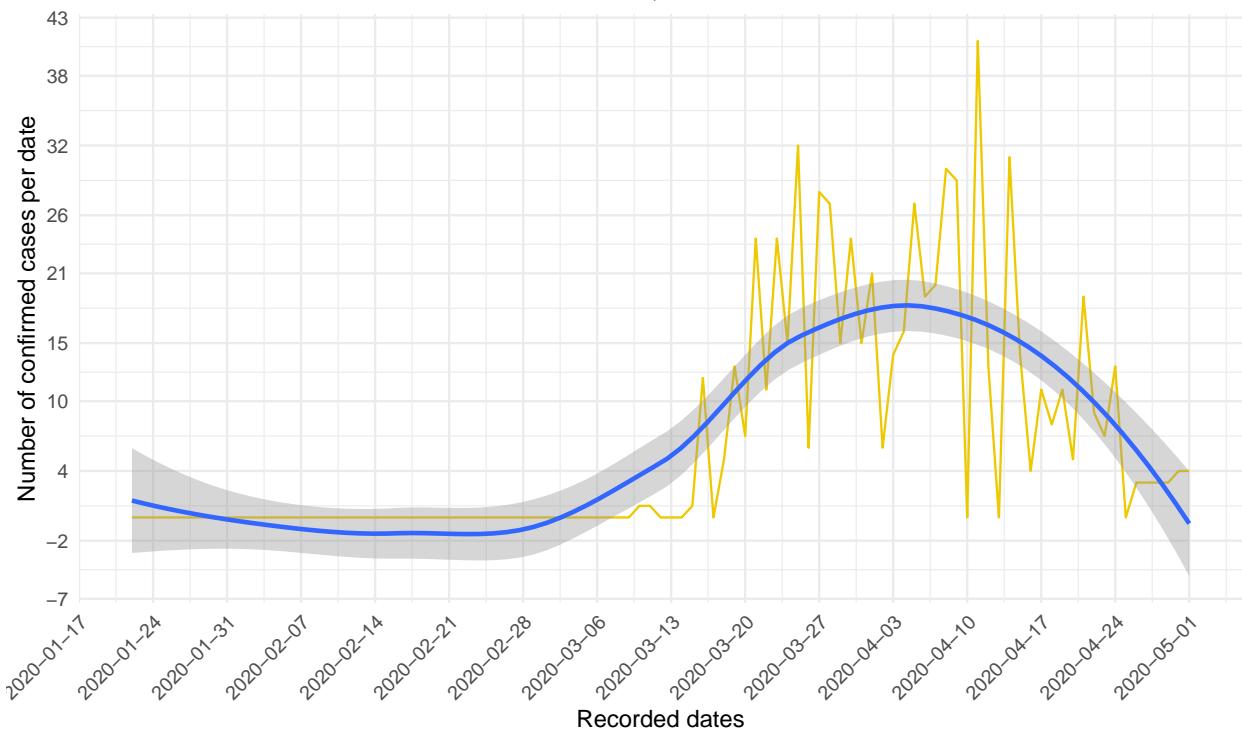

Brunei – rate of increase of confirmed cases over time

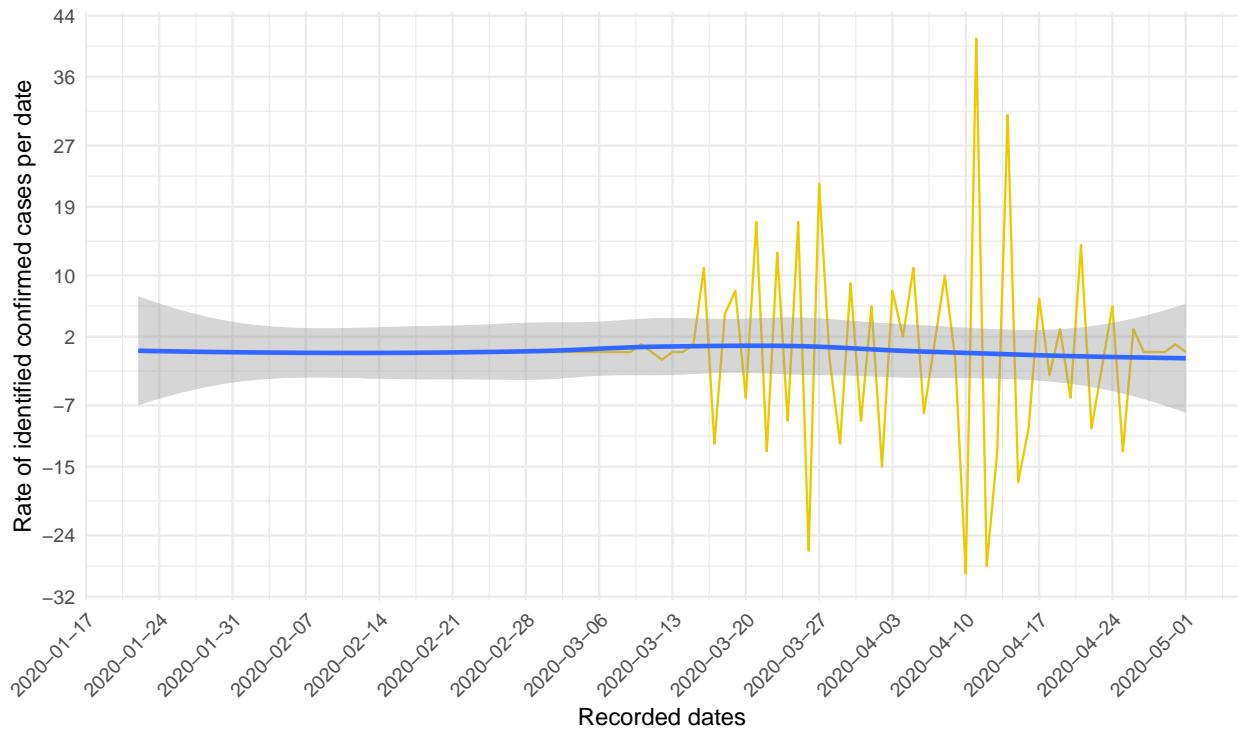

Bulgaria – confirmed cases over time, total cases: 1,555**Bulgaria – rate of increase of confirmed cases over time**

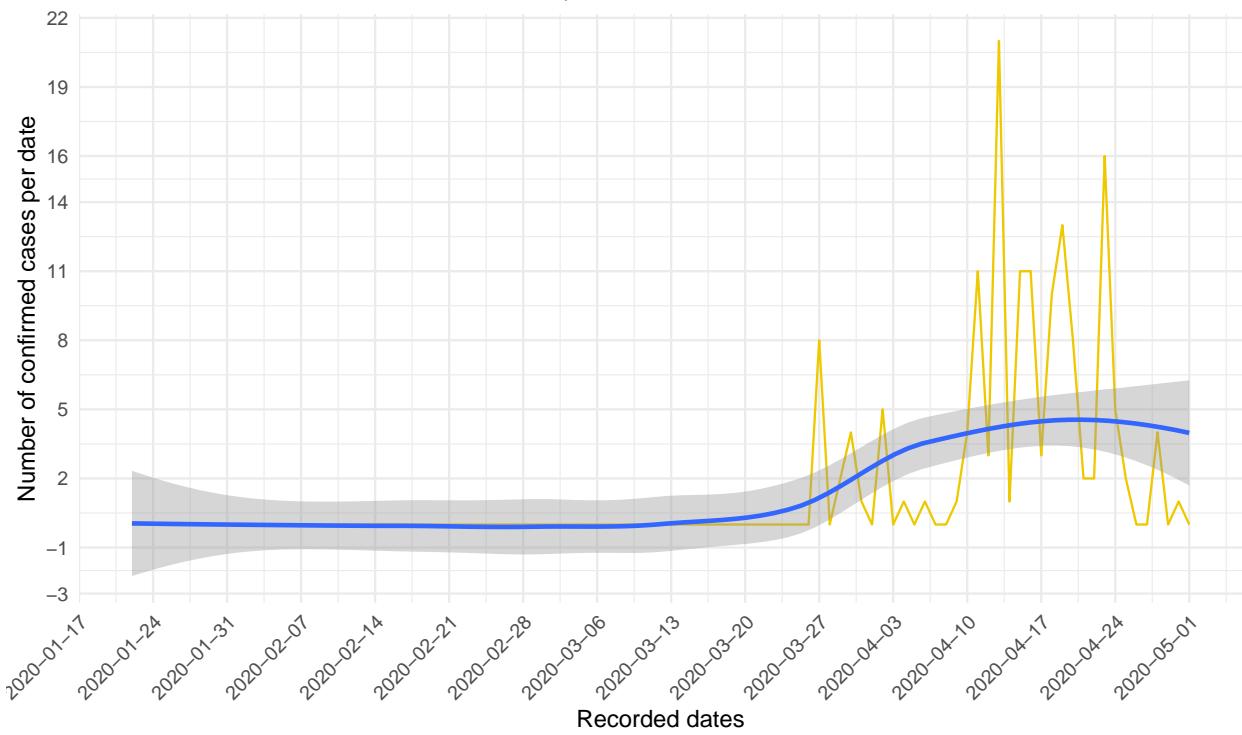

Burkina Faso – confirmed cases over time, total cases: 649

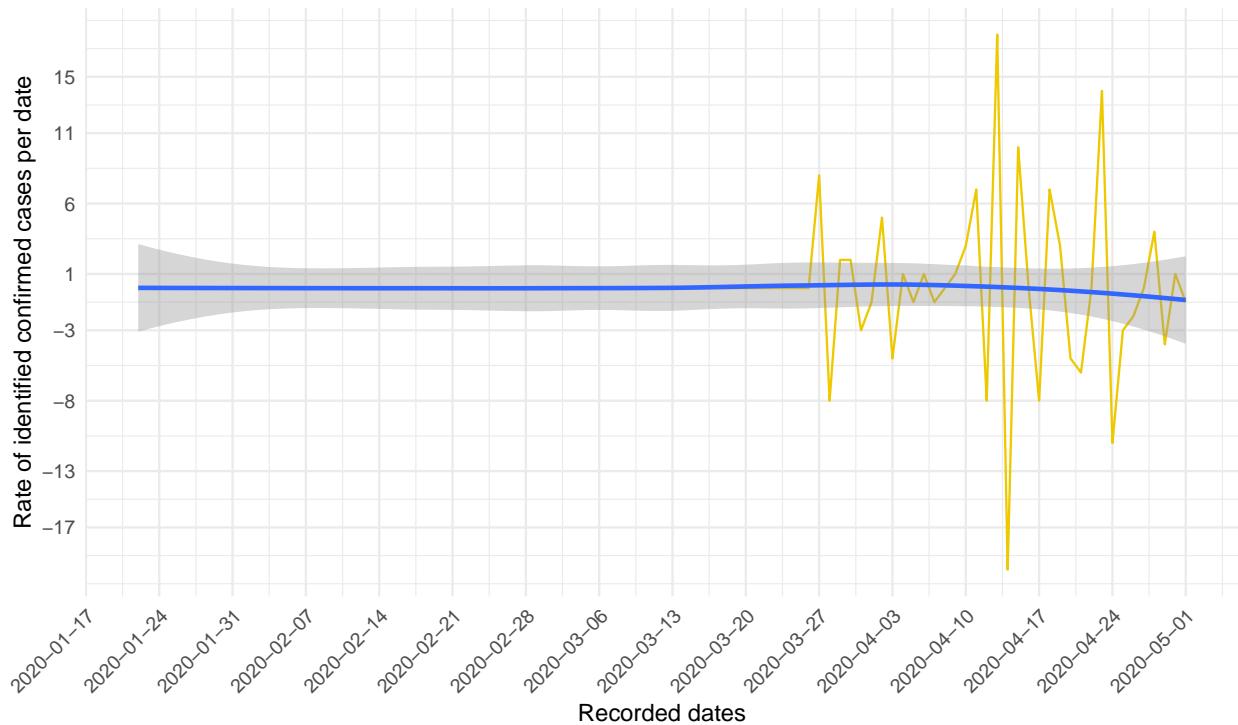

Burkina Faso – rate of increase of confirmed cases over time

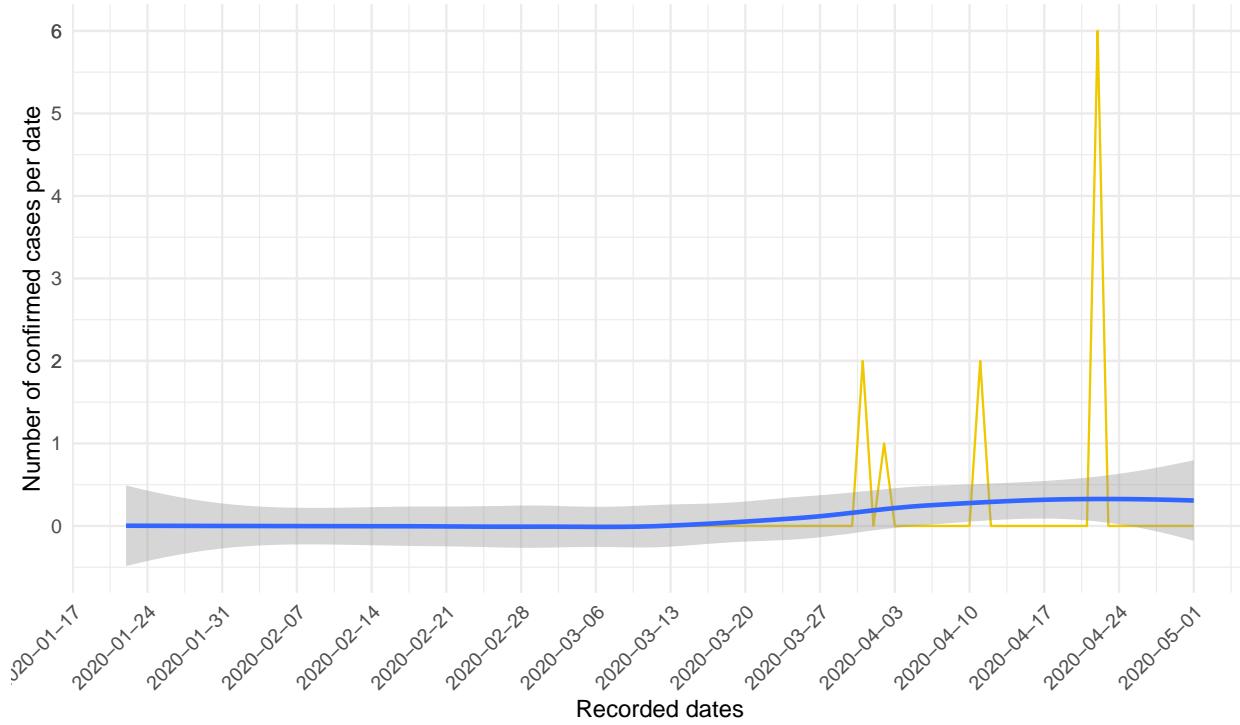

Burma – confirmed cases over time, total cases: 151

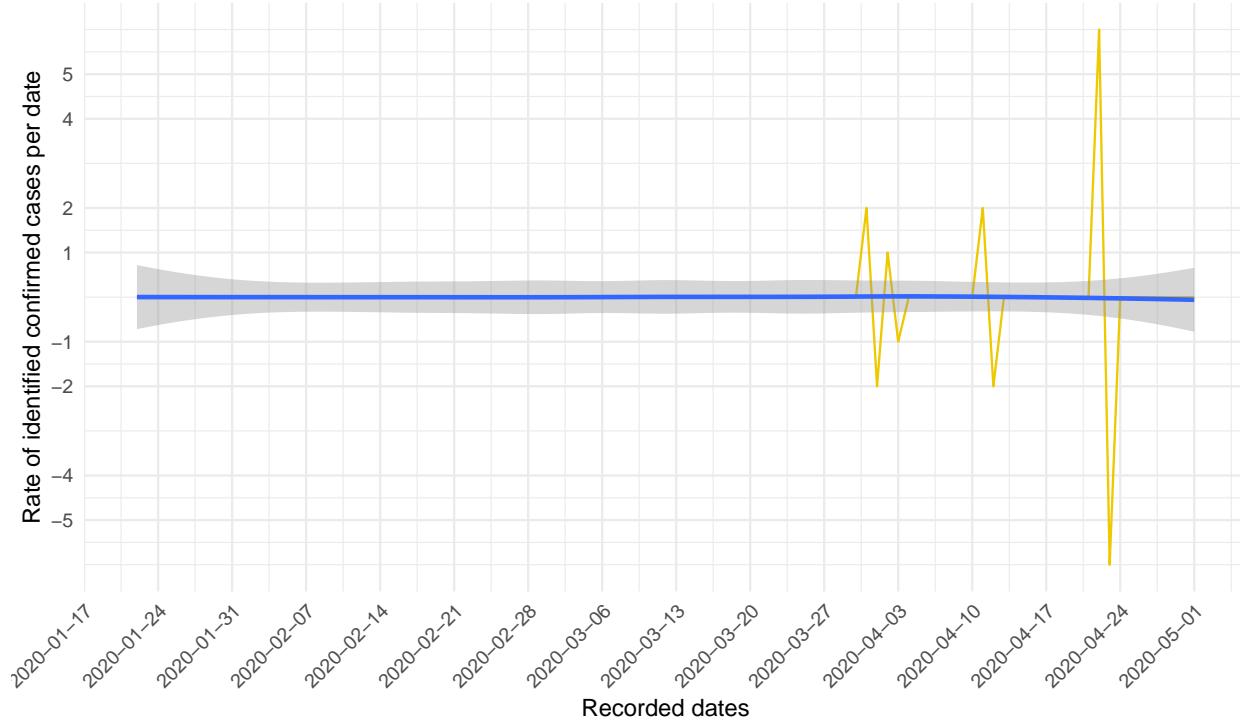

Burma – rate of increase of confirmed cases over time

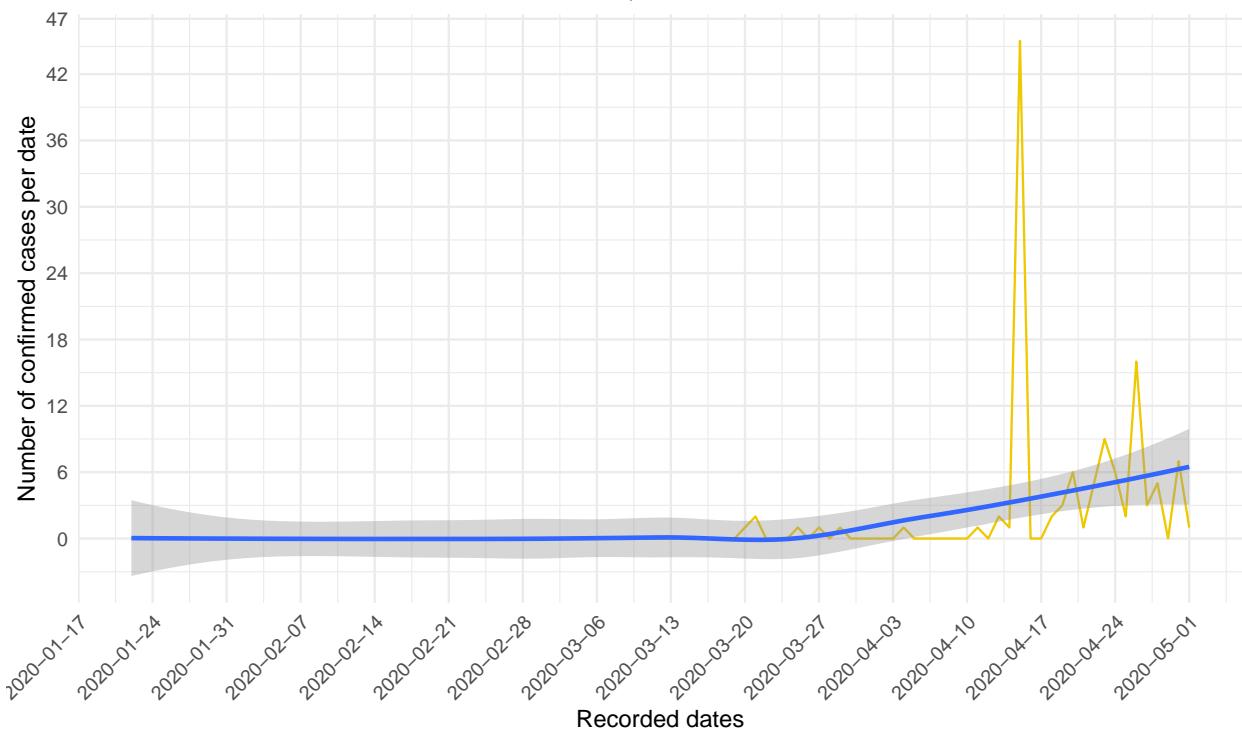

Burundi – confirmed cases over time, total cases: 11

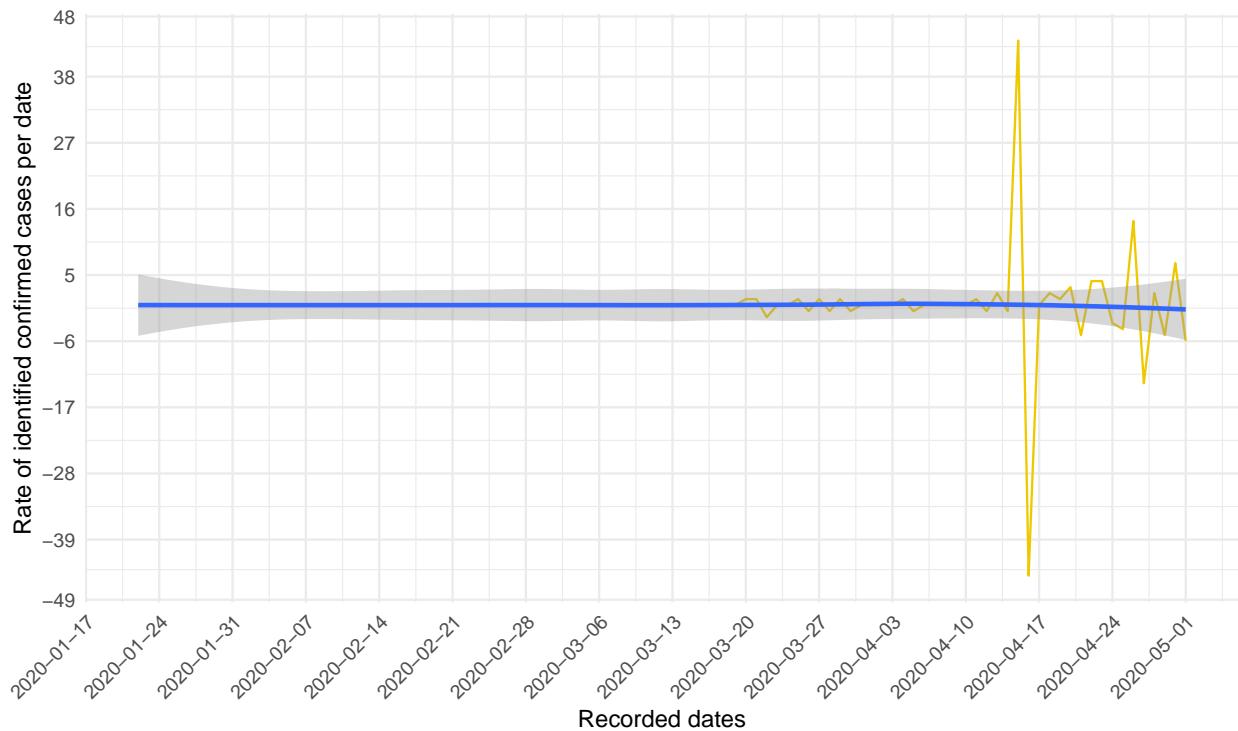

Burundi – rate of increase of confirmed cases over time

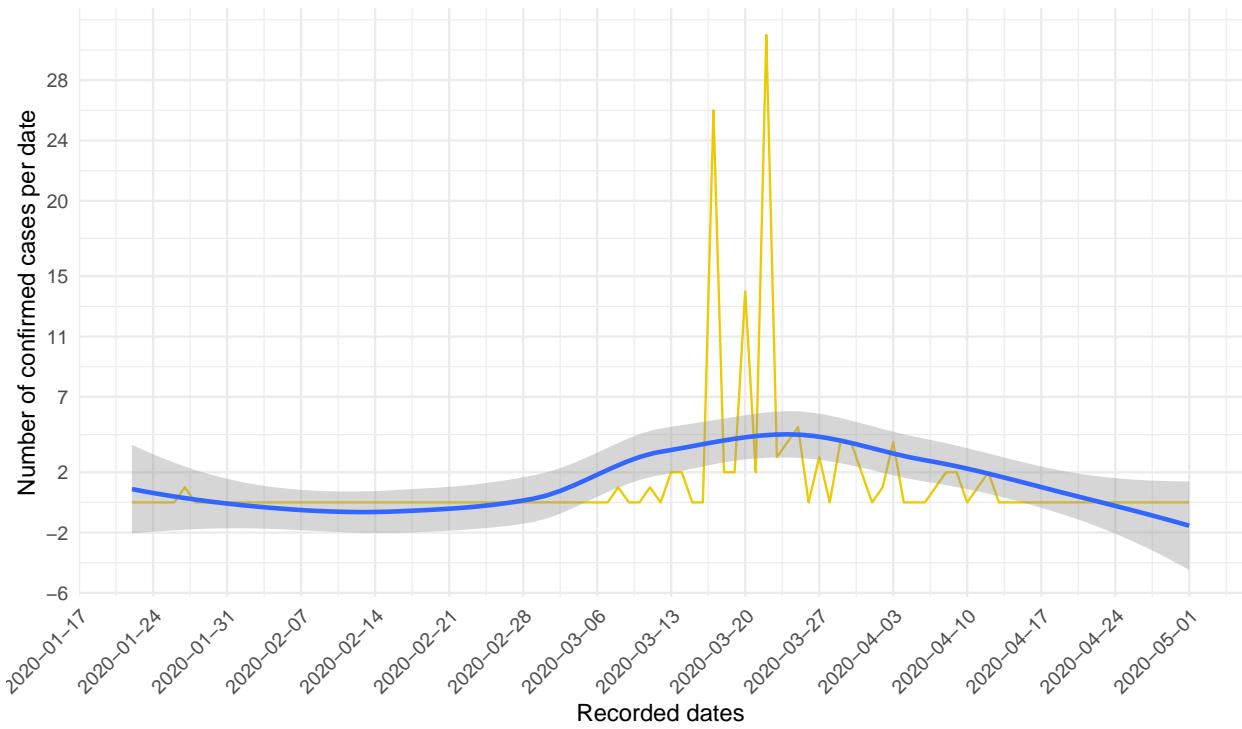

Cabo Verde – confirmed cases over time, total cases: 122

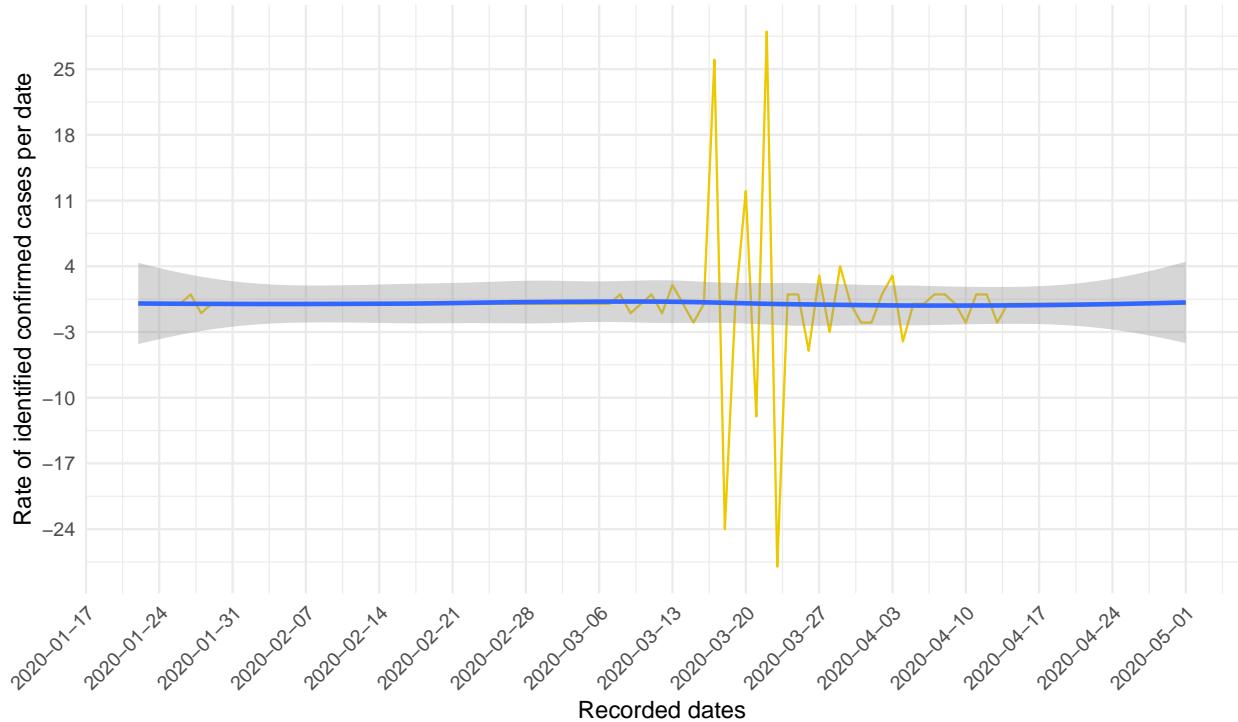

Cabo Verde – rate of increase of confirmed cases over time

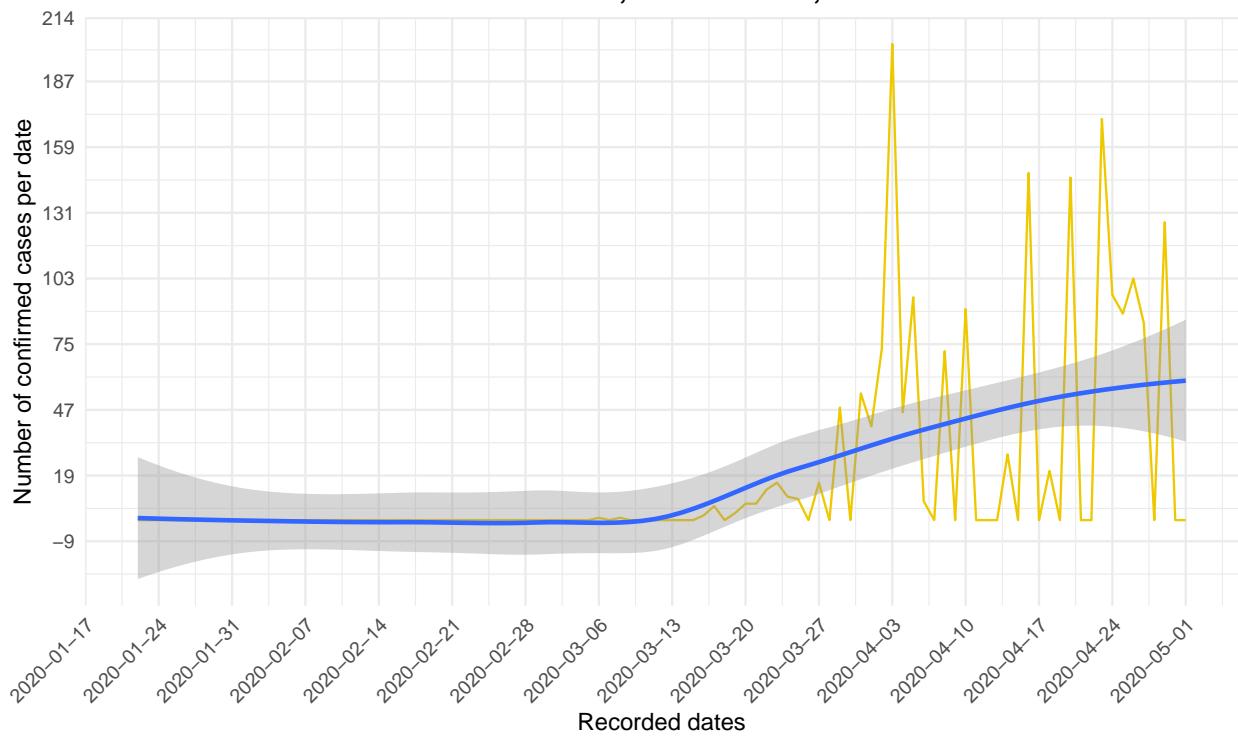

Cambodia – confirmed cases over time, total cases: 122

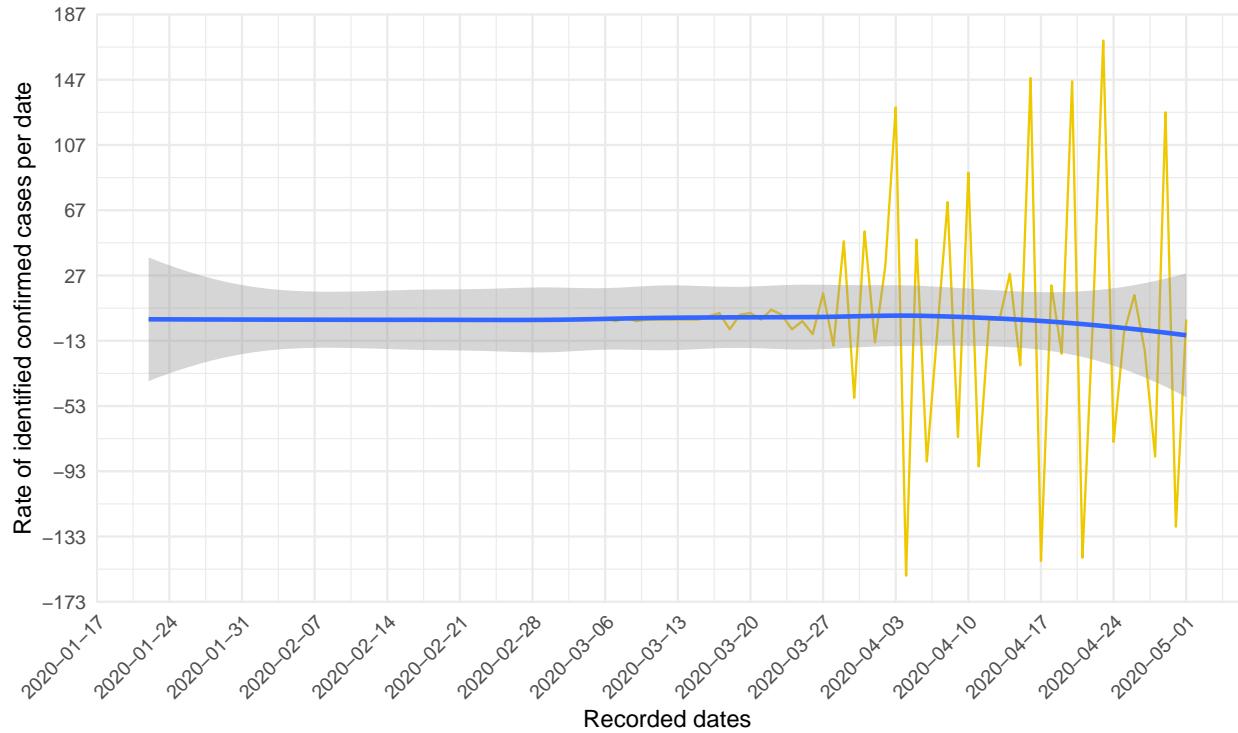

Cambodia – rate of increase of confirmed cases over time

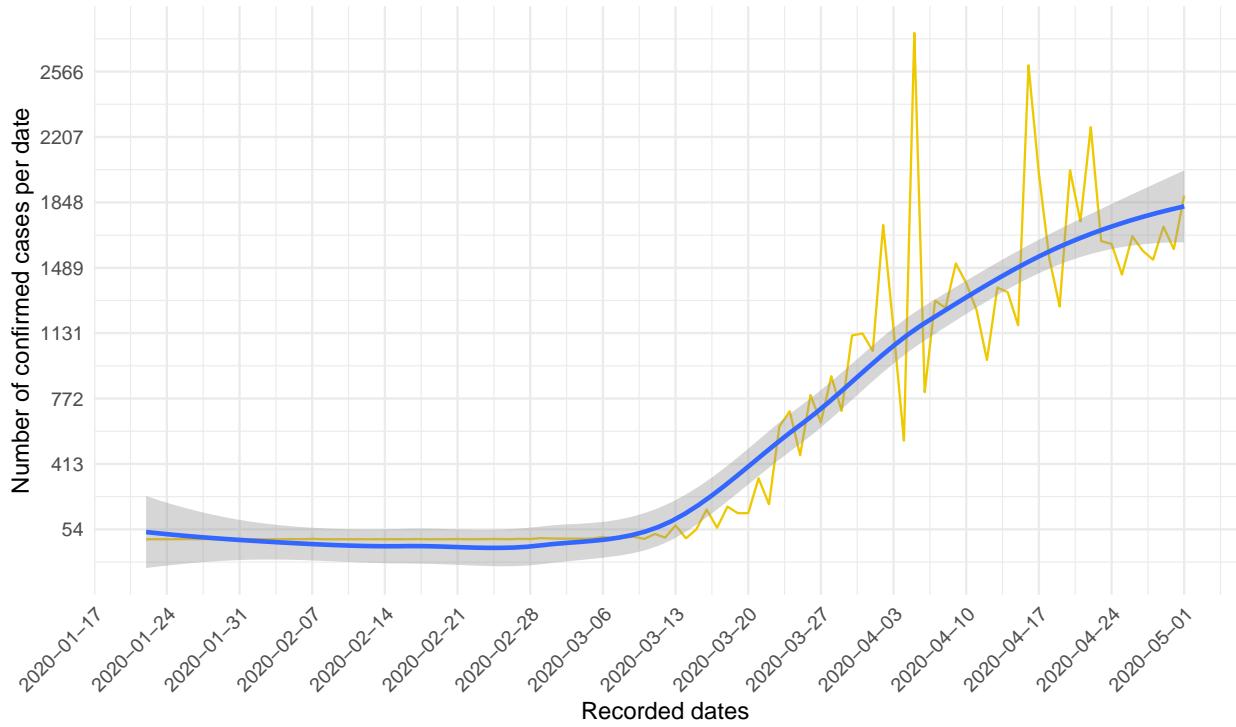

Cameroon – confirmed cases over time, total cases: 1,832

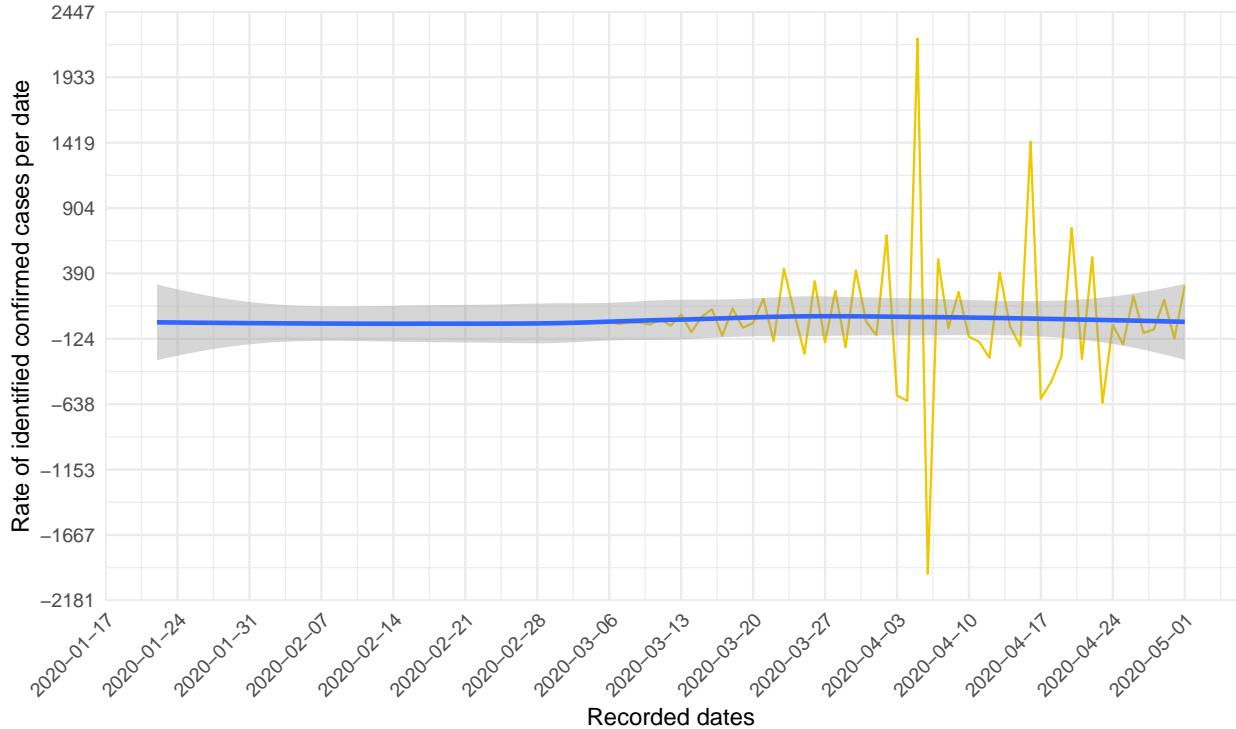

Cameroon – rate of increase of confirmed cases over time

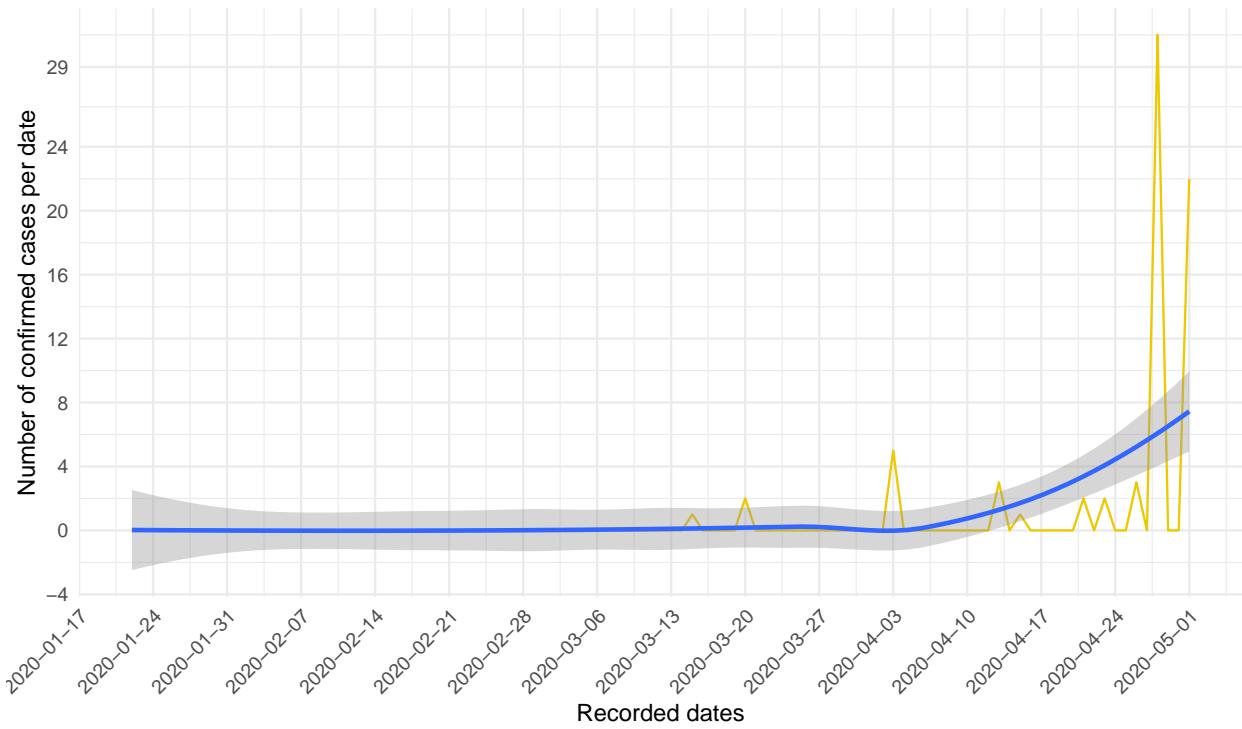

Canada – confirmed cases over time, total cases: 56,343

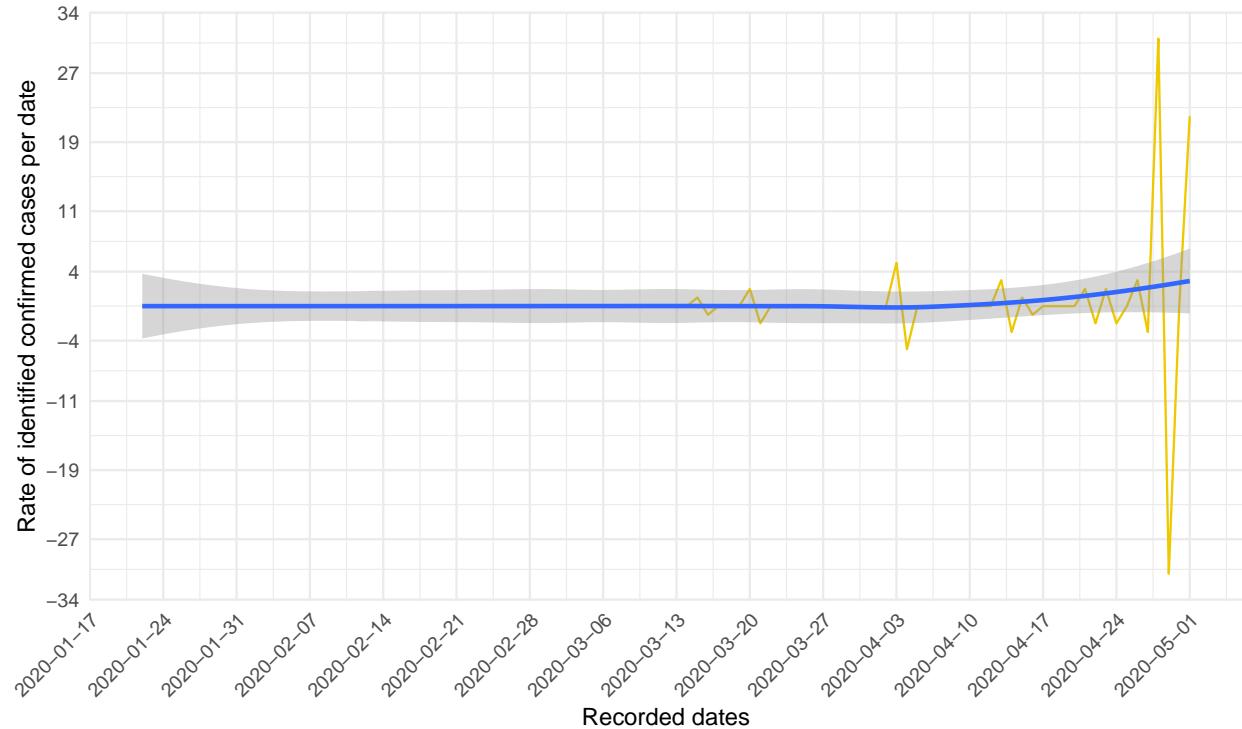

Canada – rate of increase of confirmed cases over time

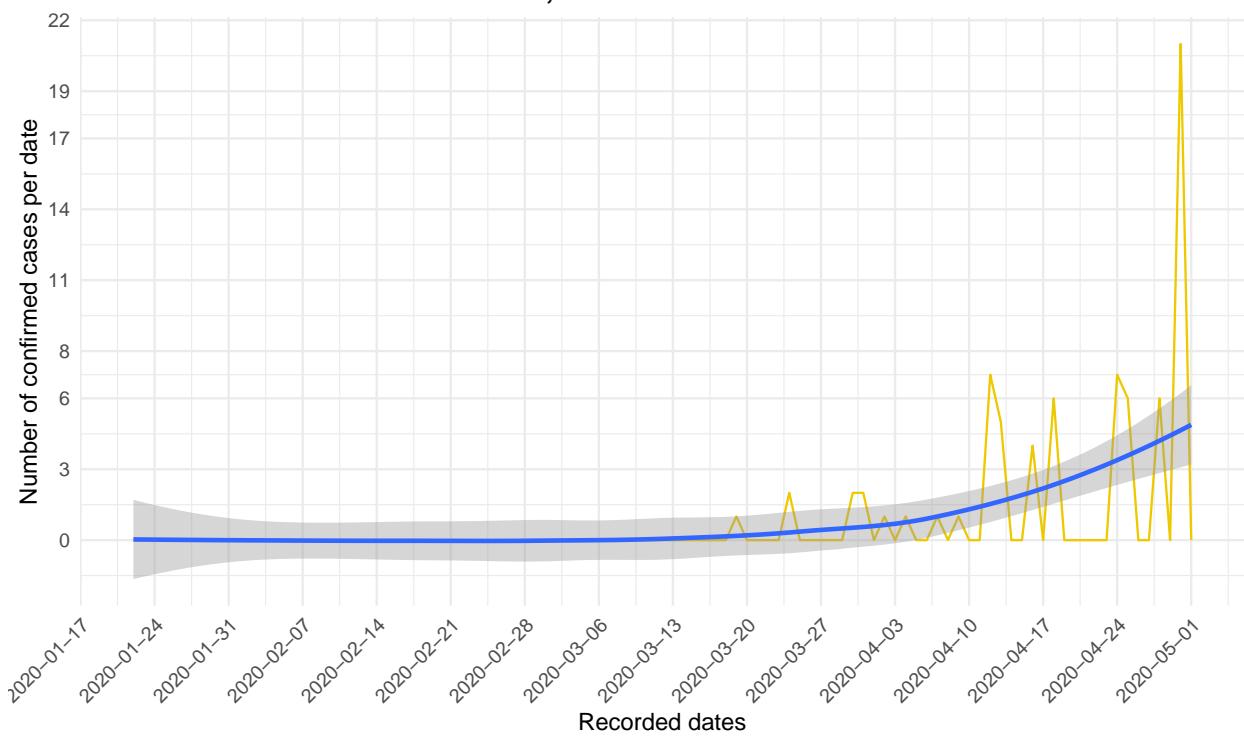

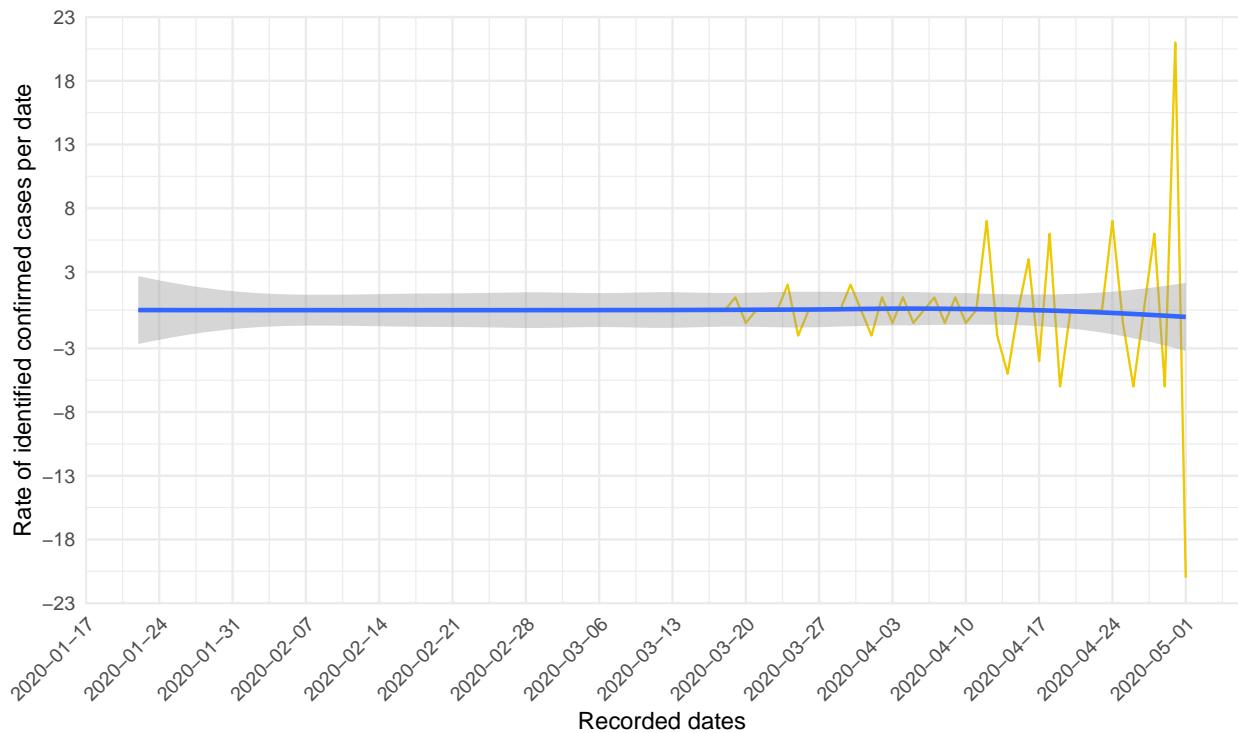

Central African Republic – confirmed cases over time, total cases: 72

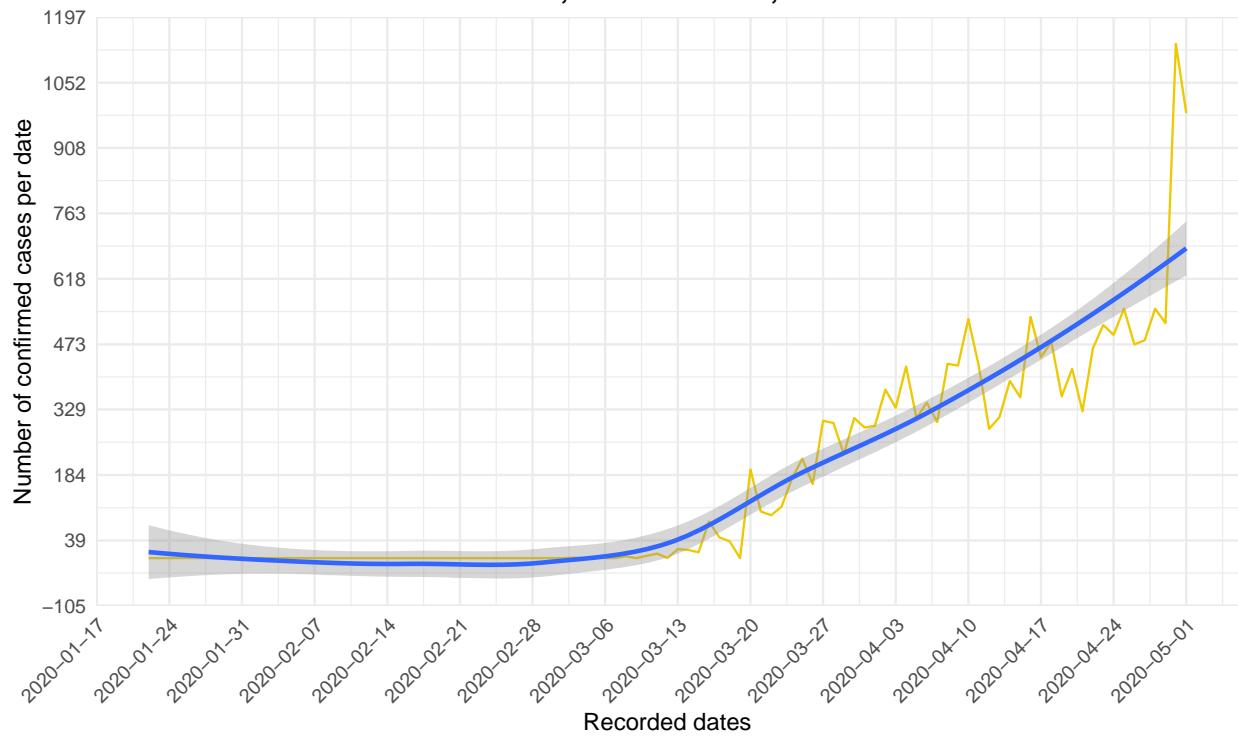

Central African Republic – rate of increase of confirmed cases over time

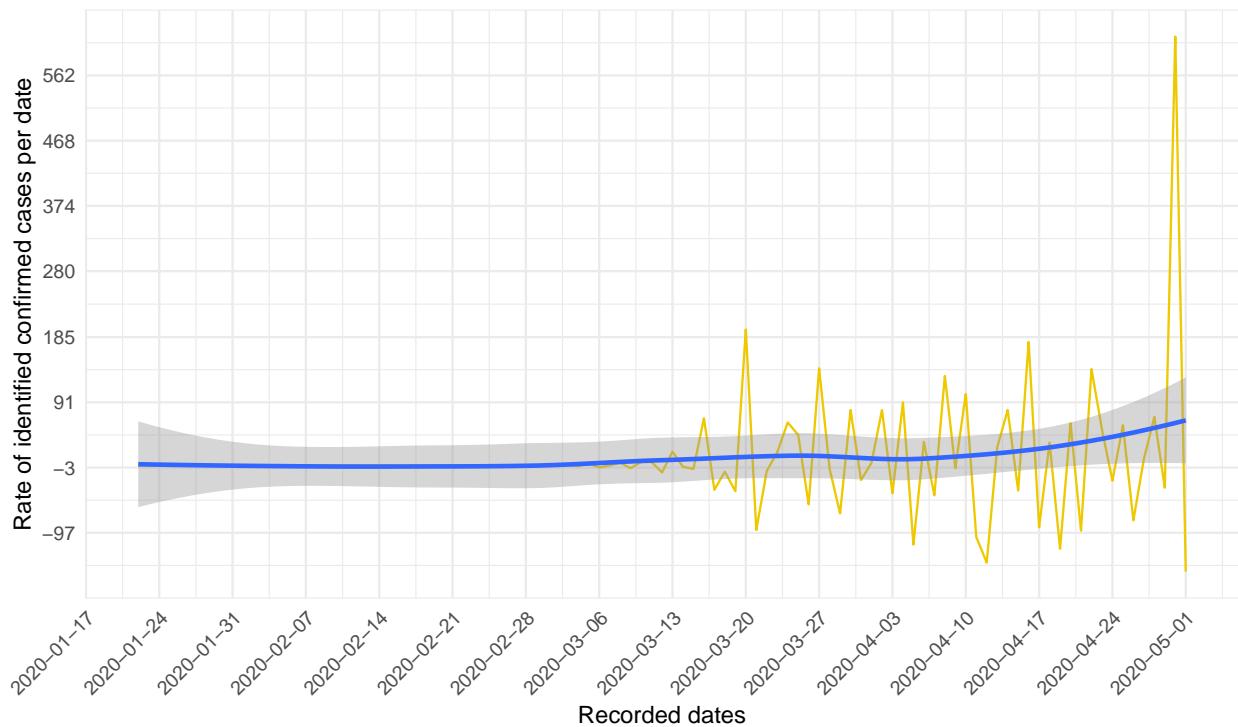

Chad – confirmed cases over time, total cases: 73**Chad – rate of increase of confirmed cases over time**

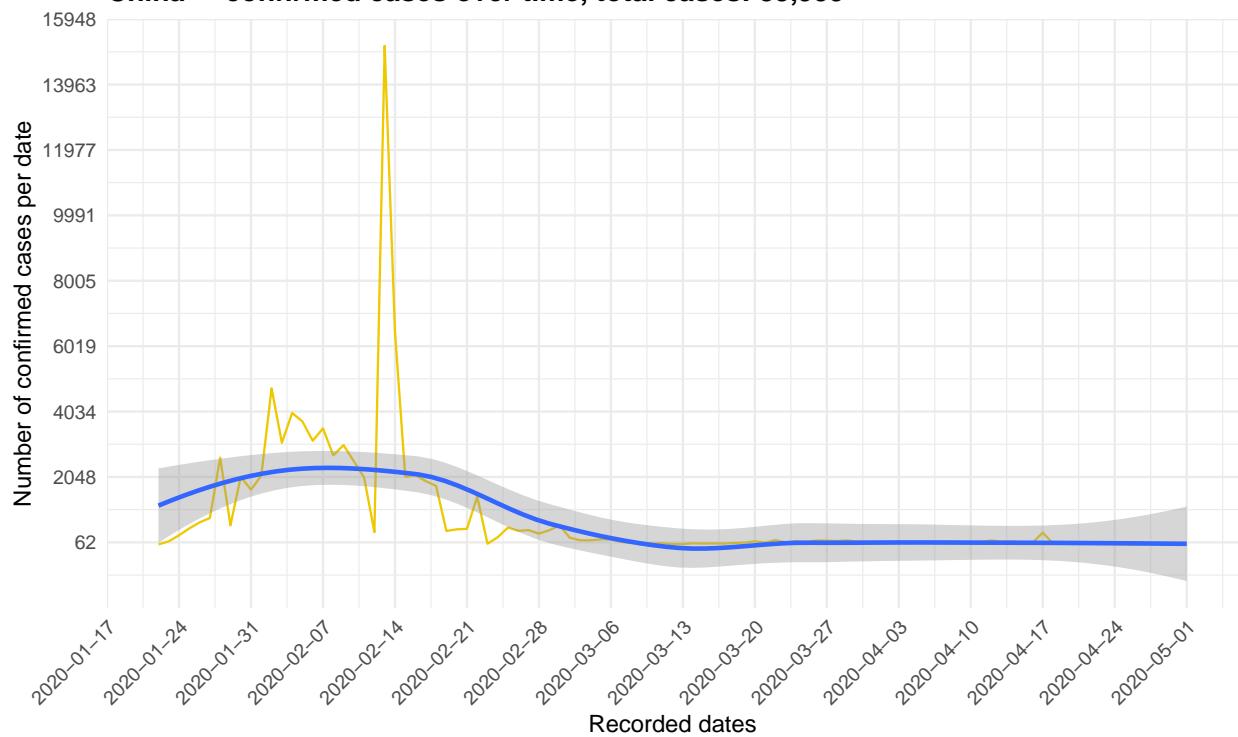

Chile – confirmed cases over time, total cases: 17,008

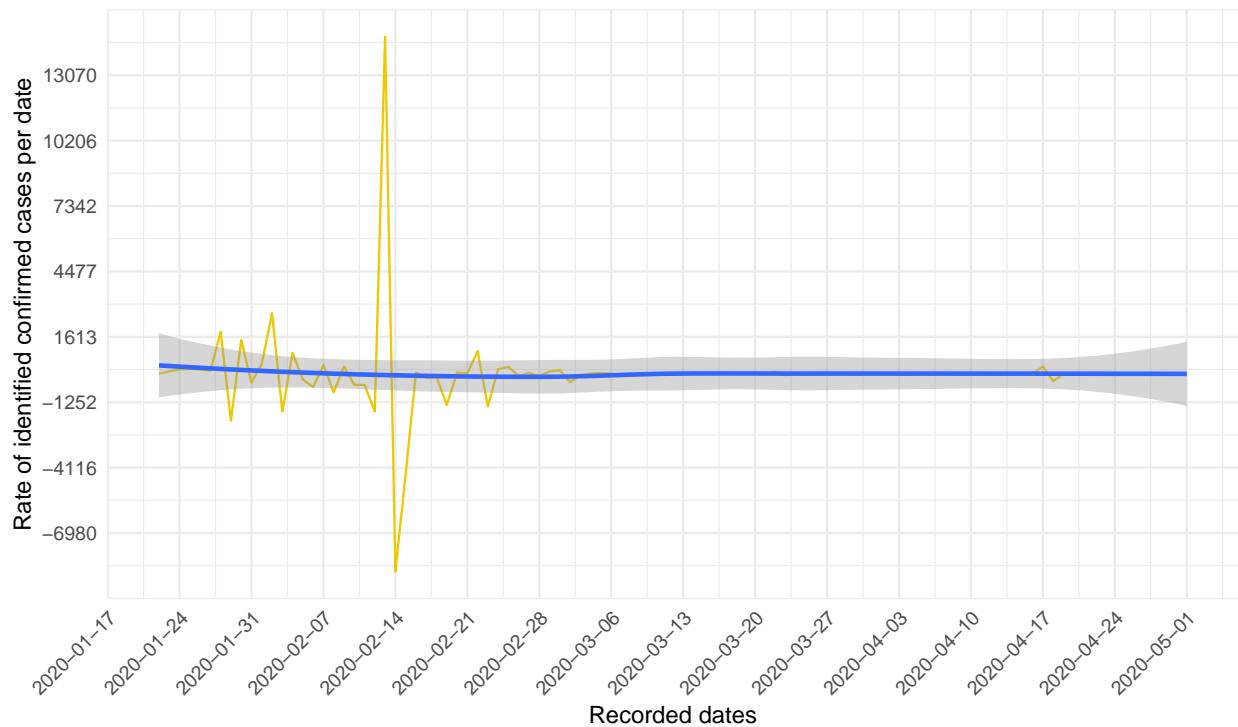

Chile – rate of increase of confirmed cases over time

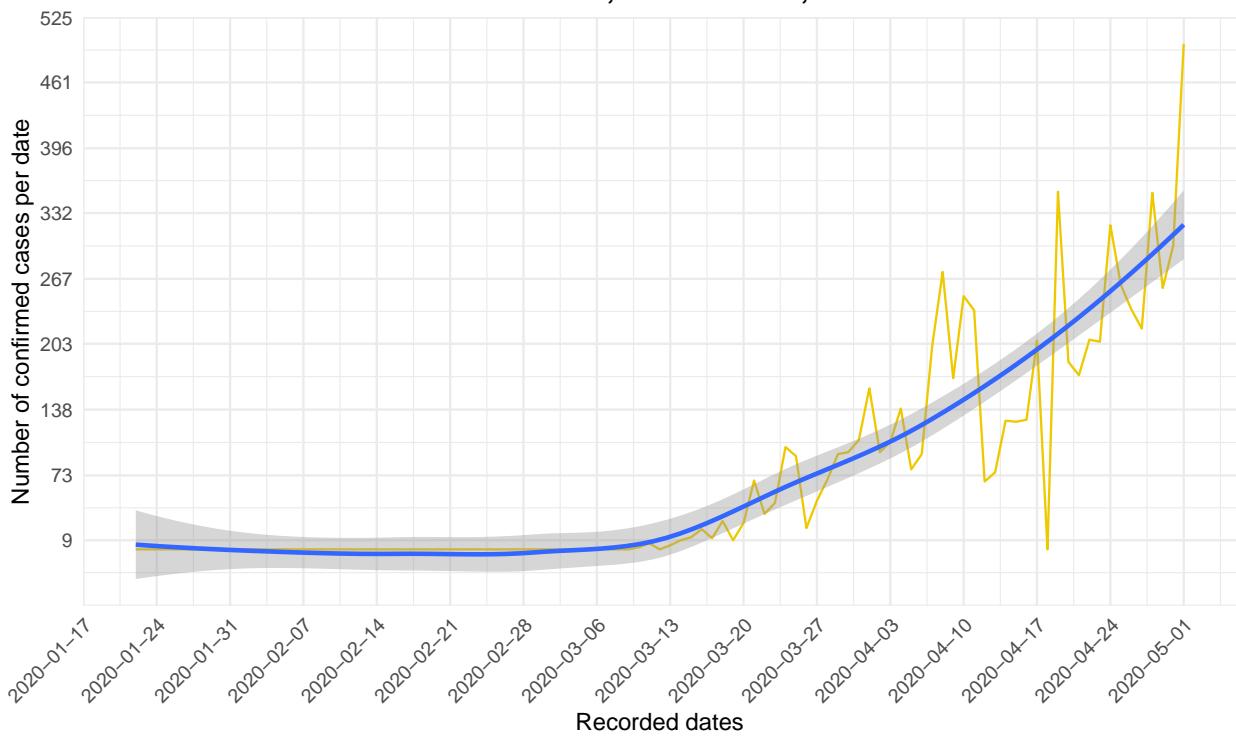

China – confirmed cases over time, total cases: 83,959

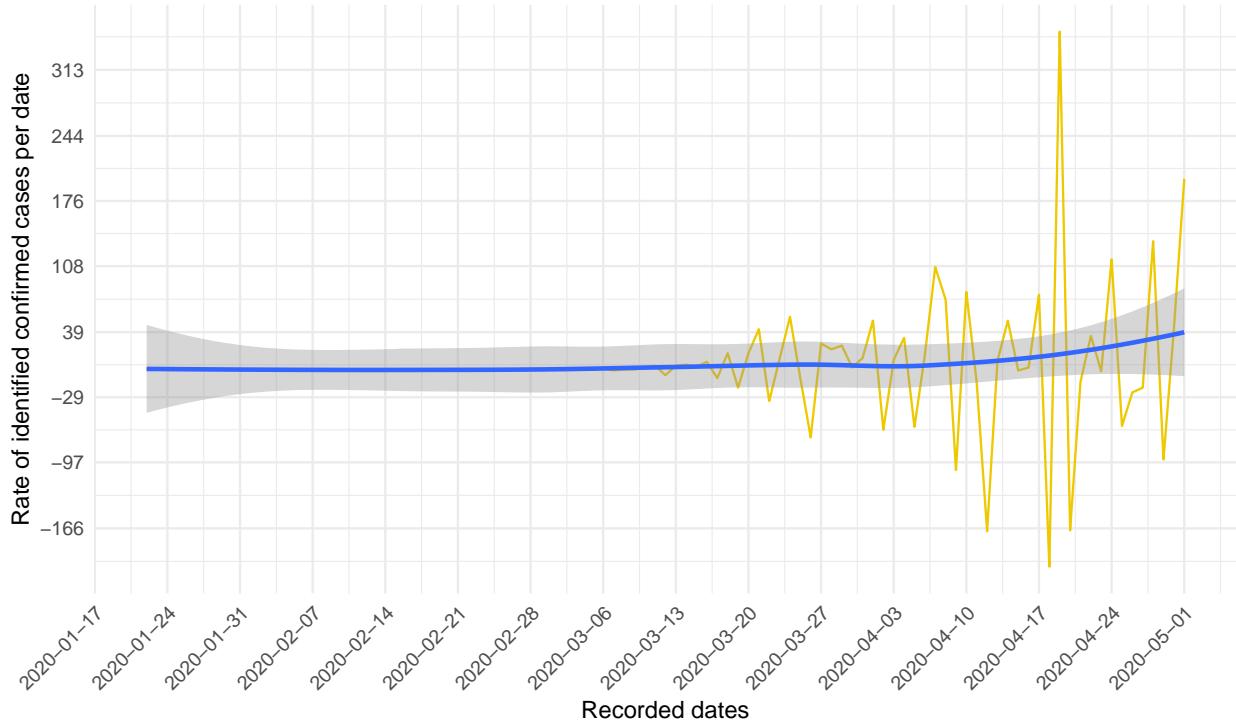

China – rate of increase of confirmed cases over time

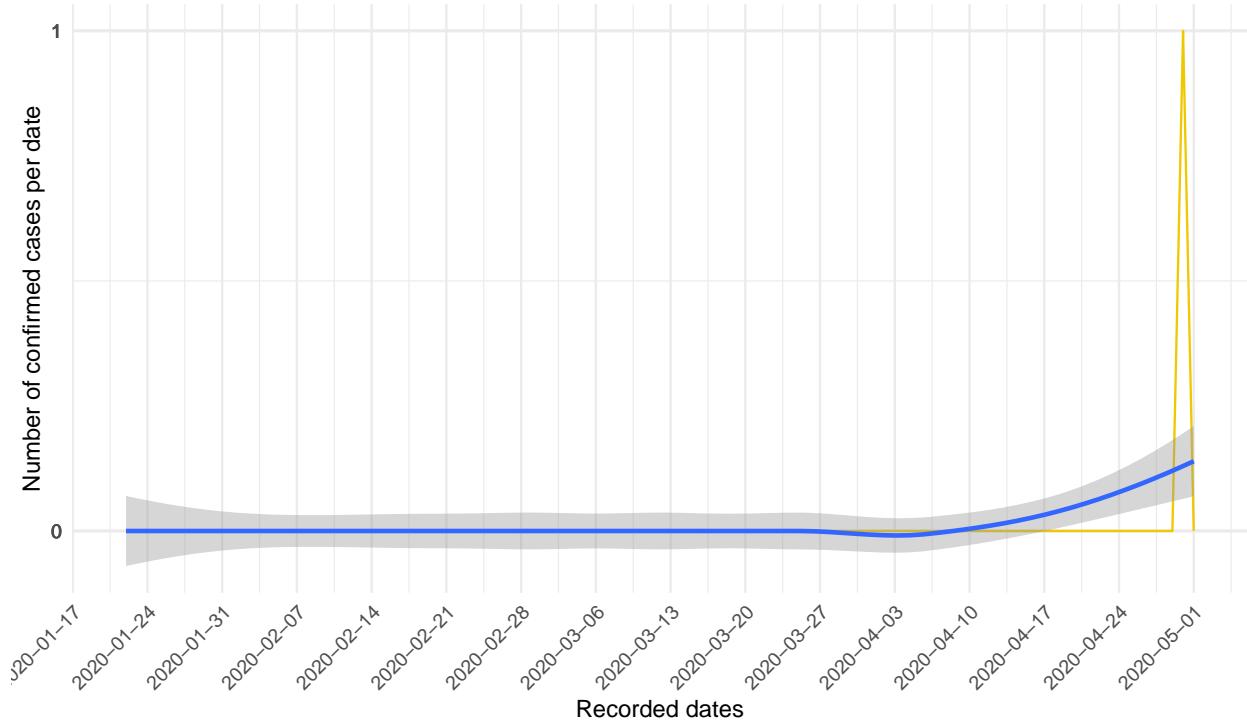

Colombia – confirmed cases over time, total cases: 7,006

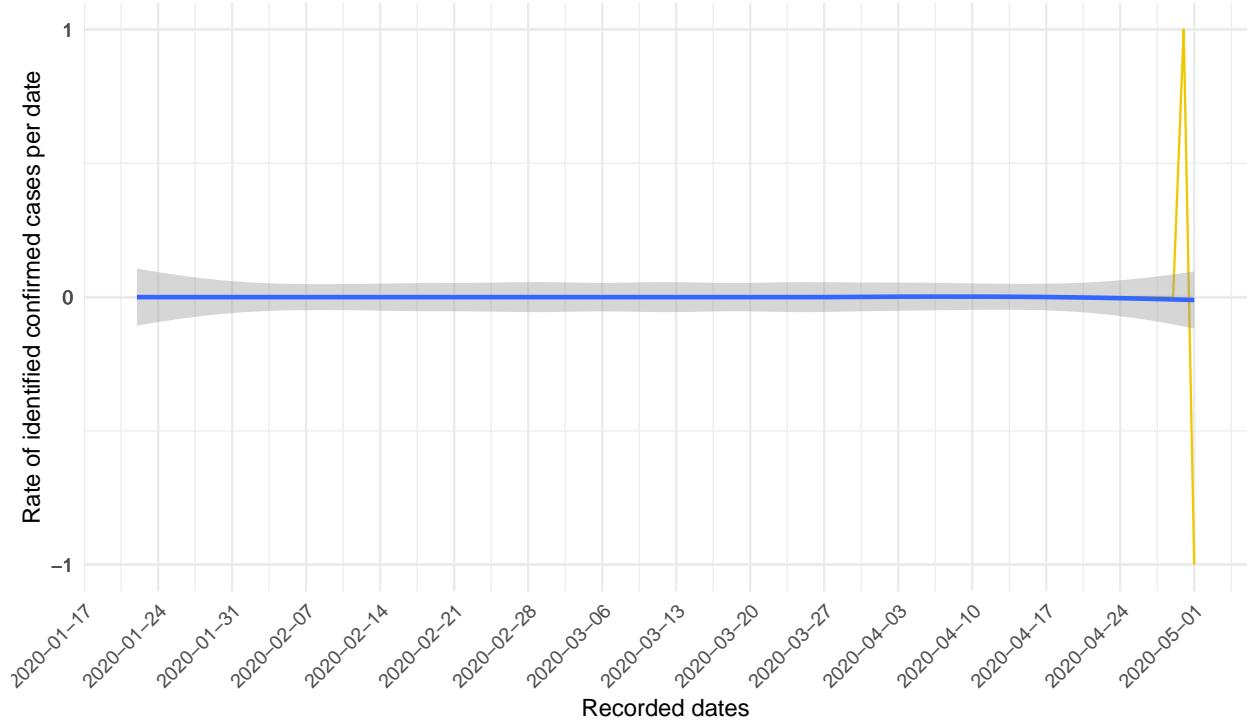

Colombia – rate of increase of confirmed cases over time

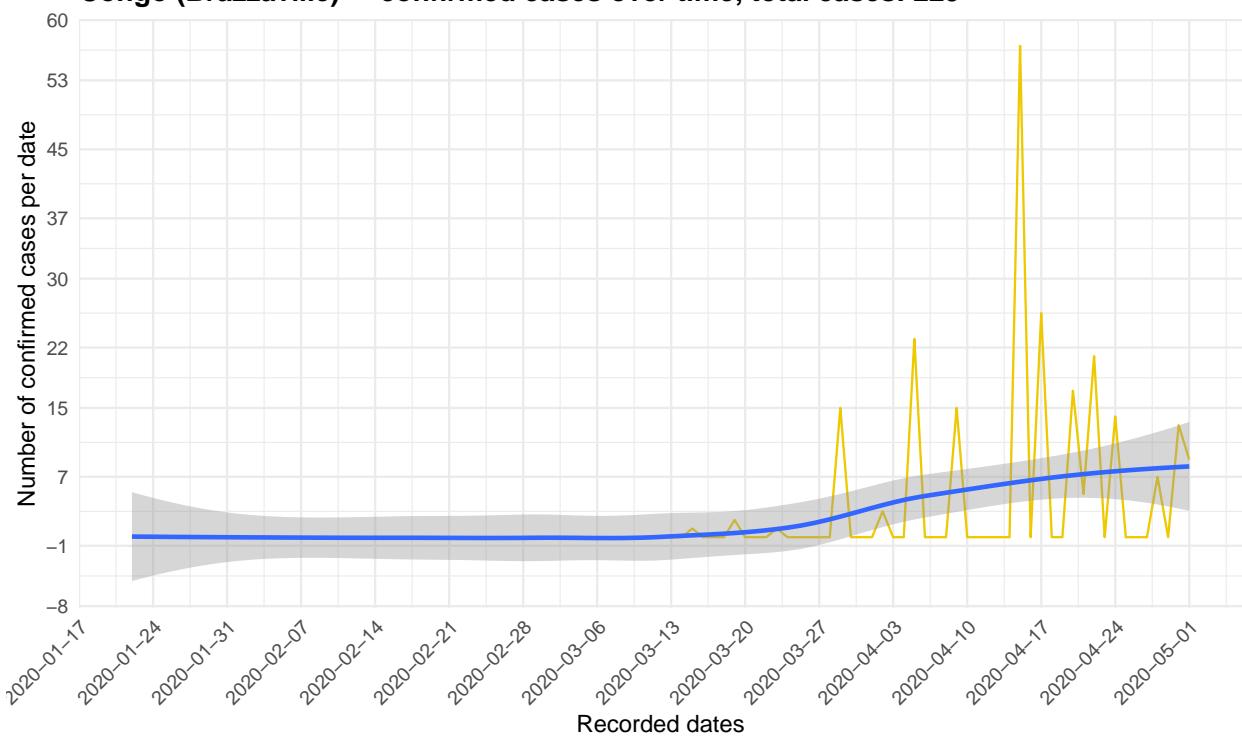

Comoros – confirmed cases over time, total cases: 1

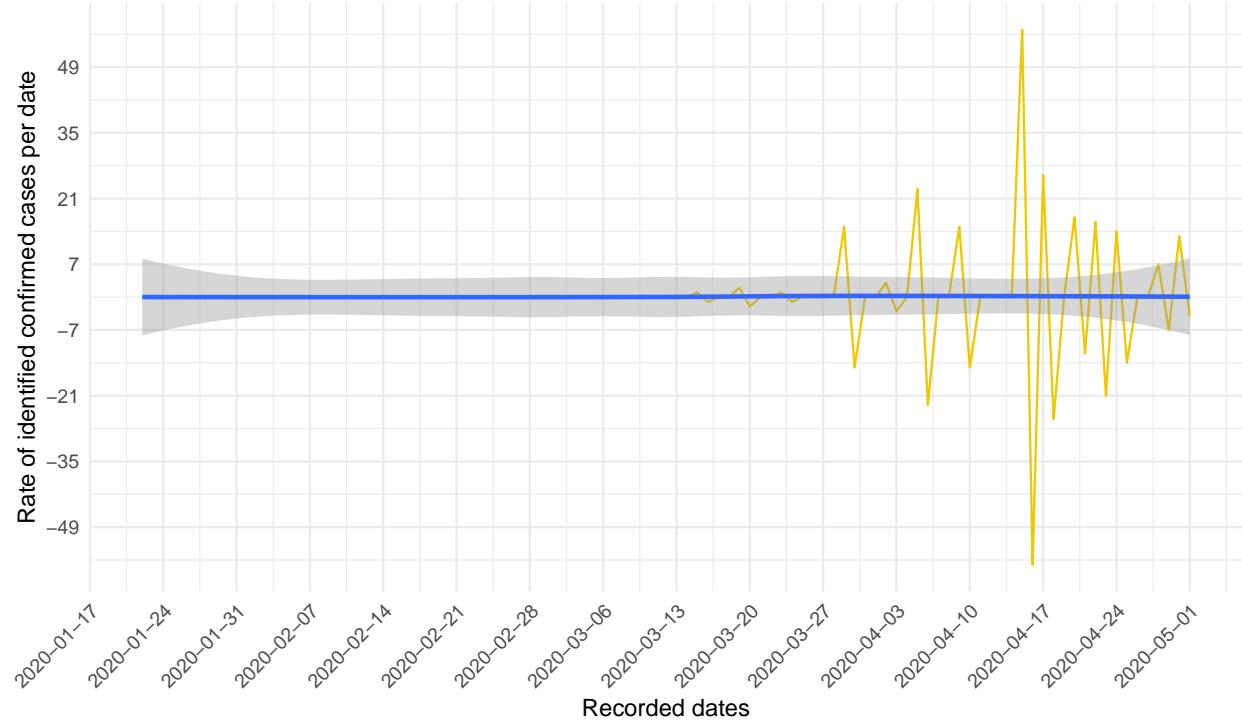

Comoros – rate of increase of confirmed cases over time

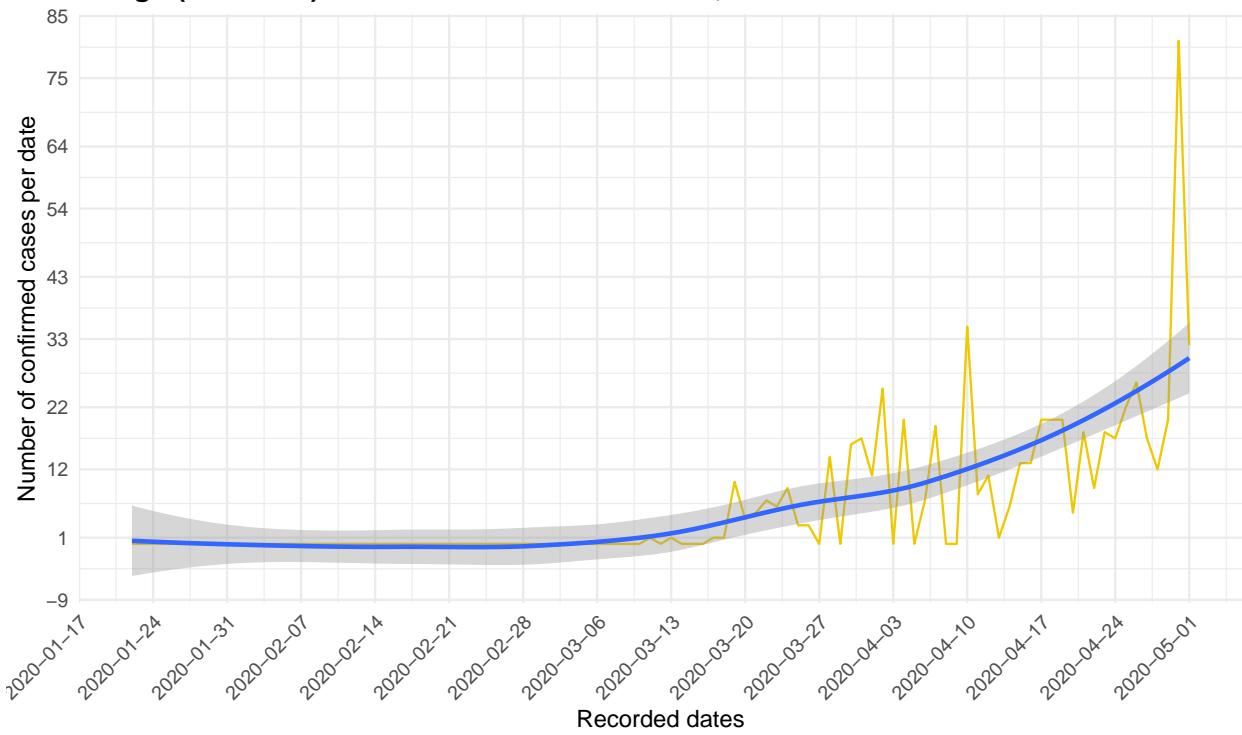

Congo (Brazzaville) – confirmed cases over time, total cases: 229

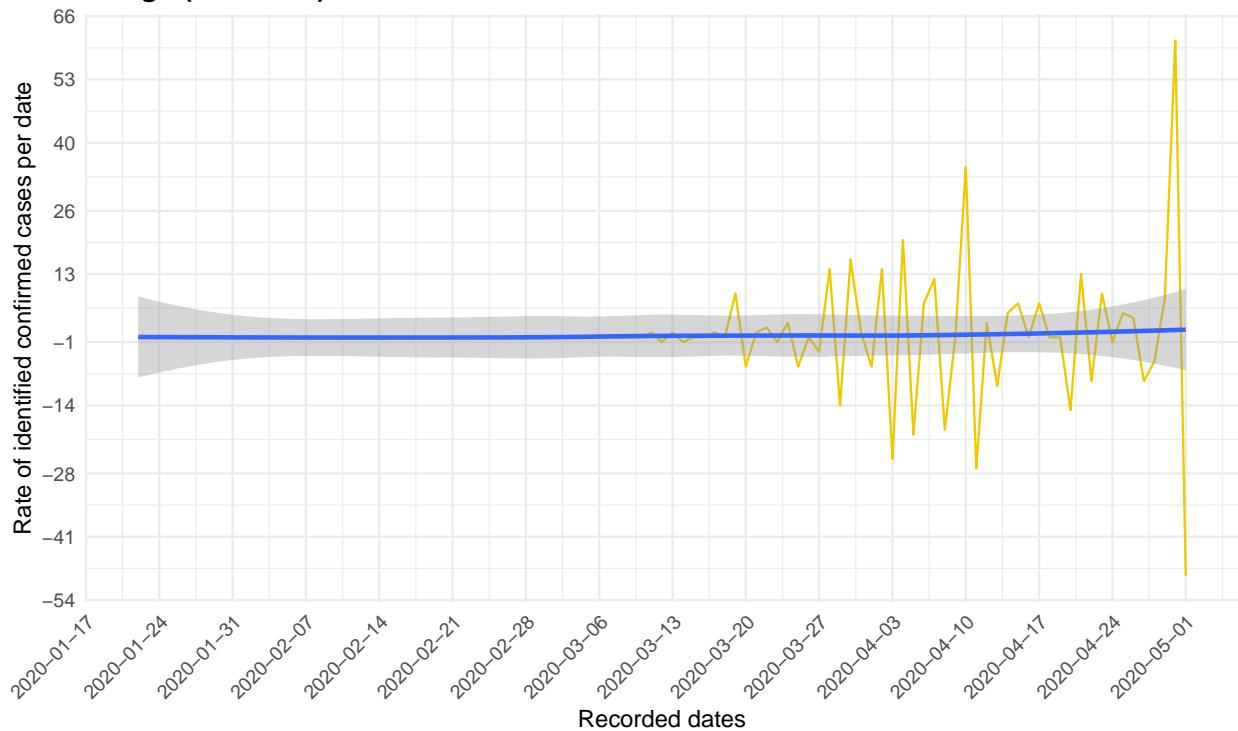

Congo (Brazzaville) – rate of increase of confirmed cases over time

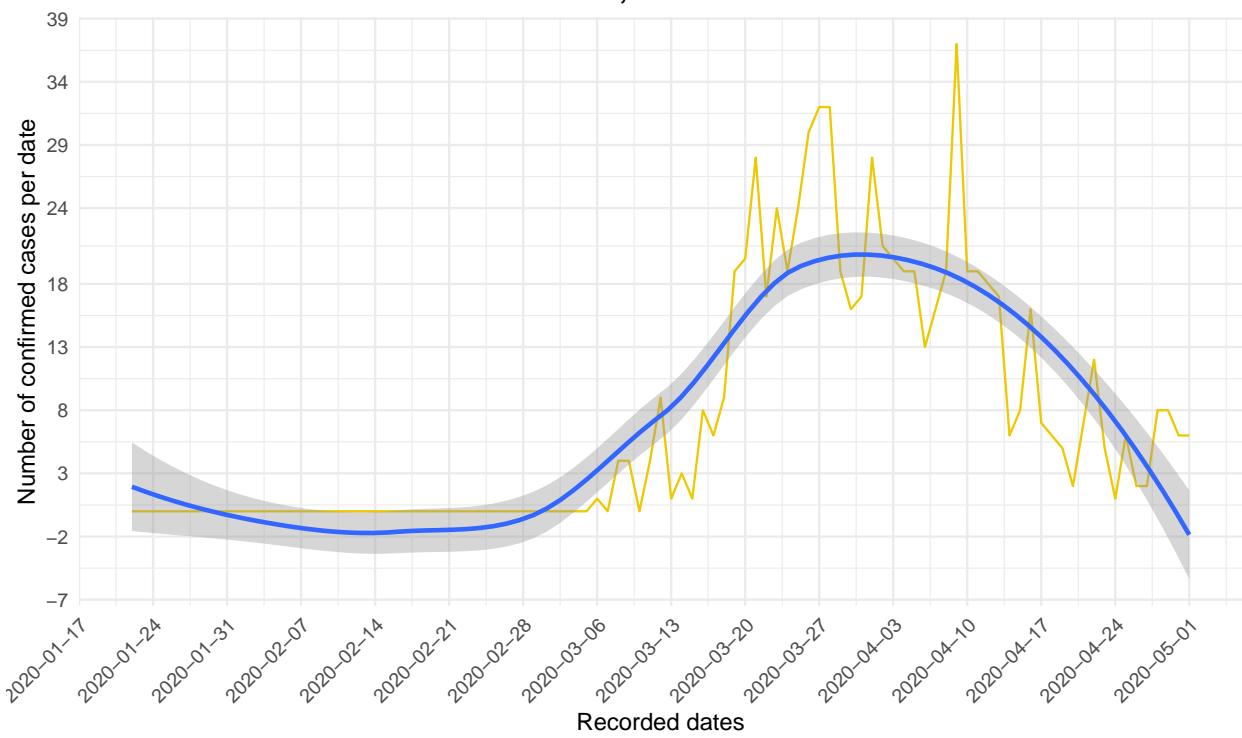

Congo (Kinshasa) – confirmed cases over time, total cases: 604

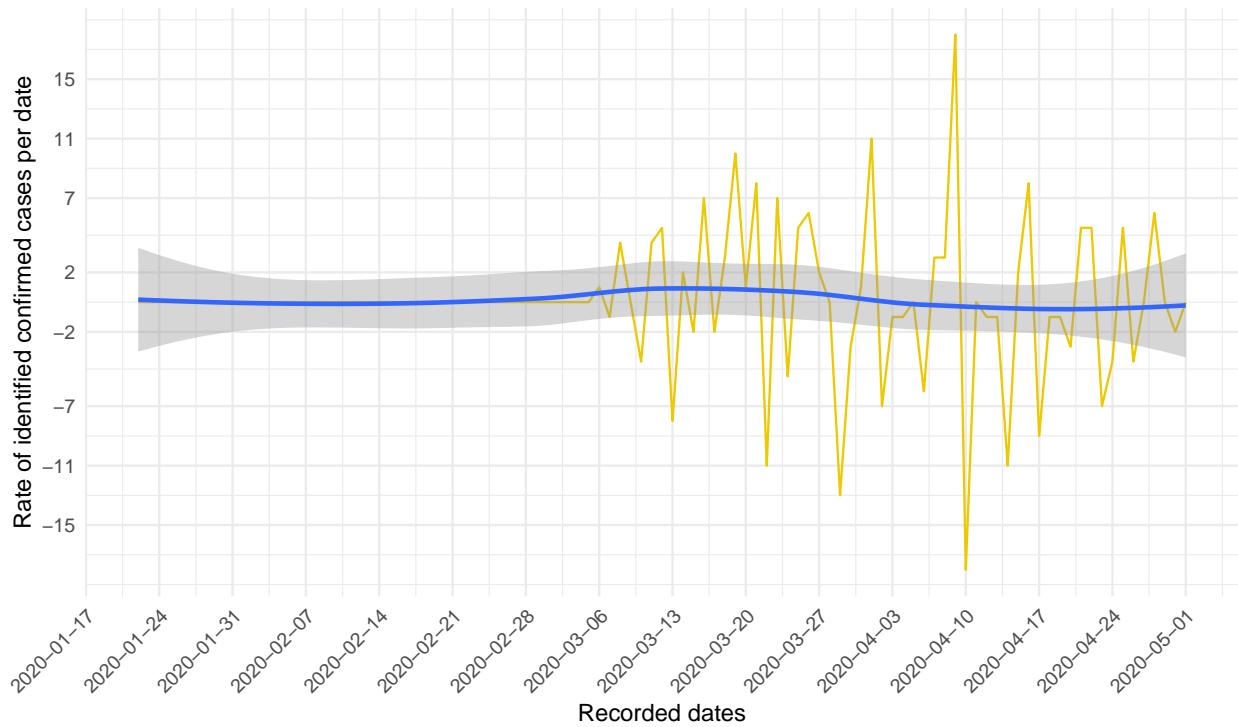

Congo (Kinshasa) – rate of increase of confirmed cases over time

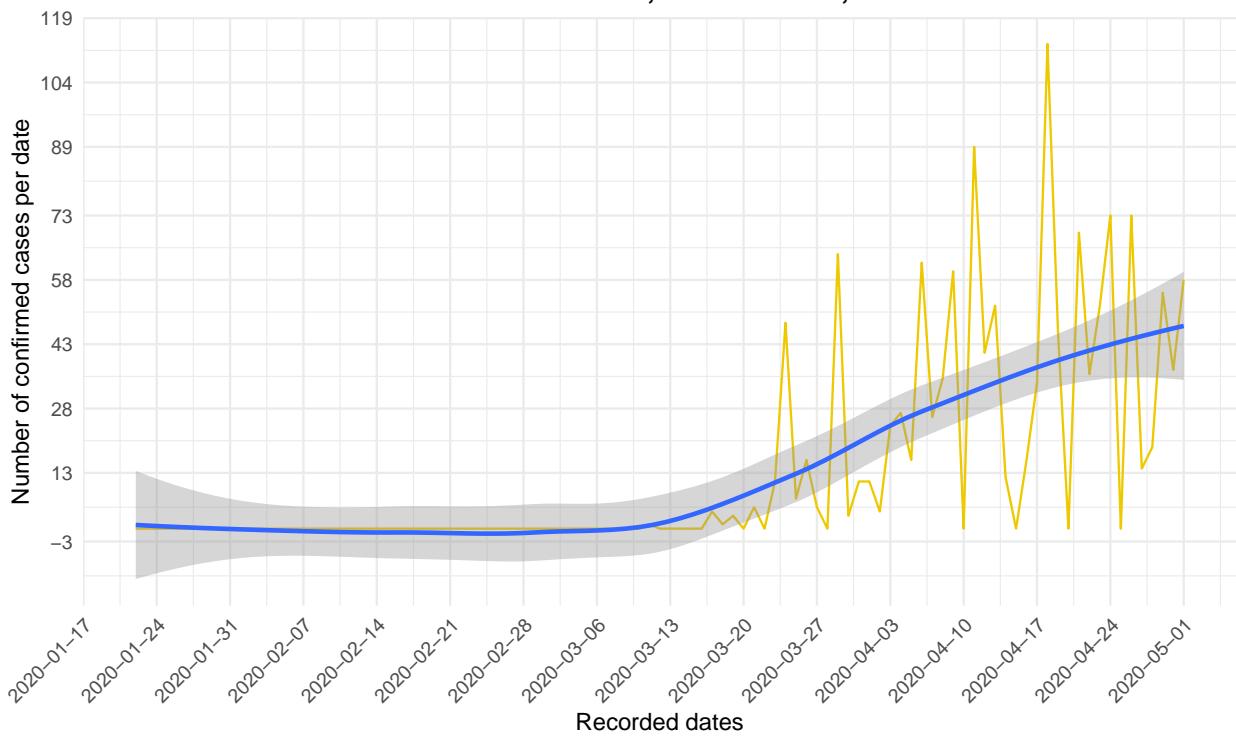

Costa Rica – confirmed cases over time, total cases: 725

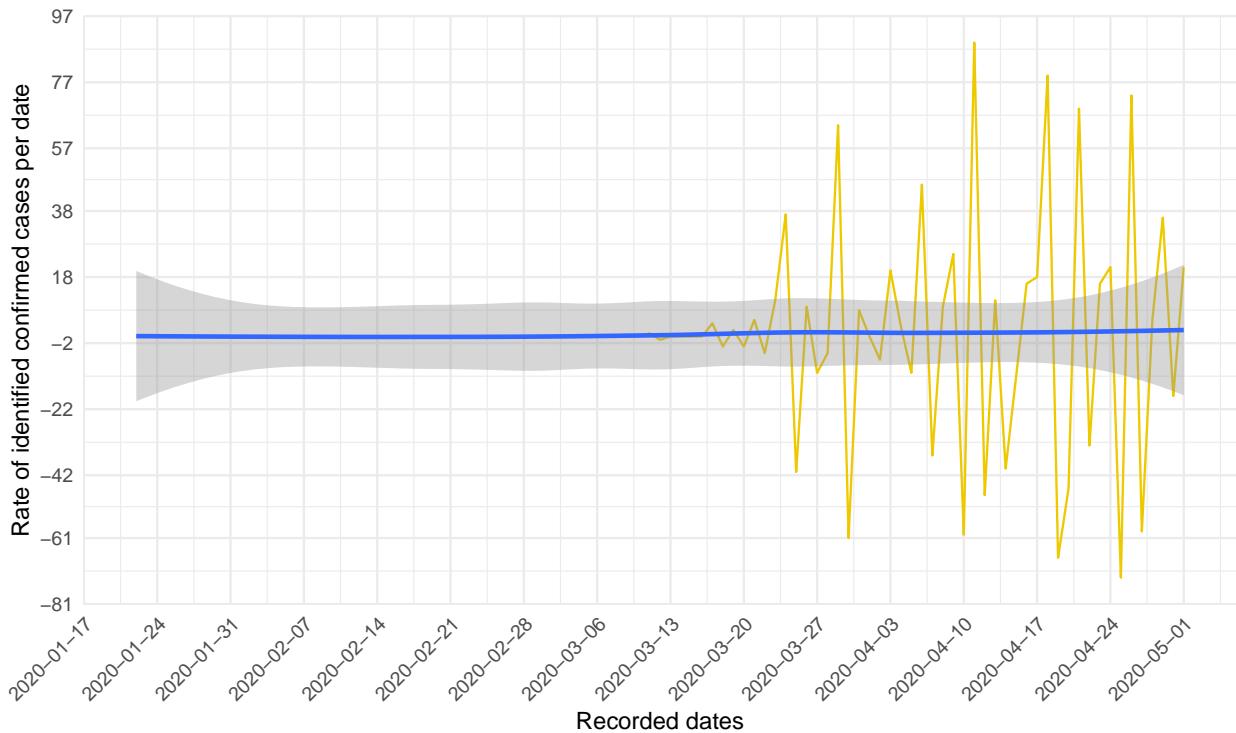

Costa Rica – rate of increase of confirmed cases over time

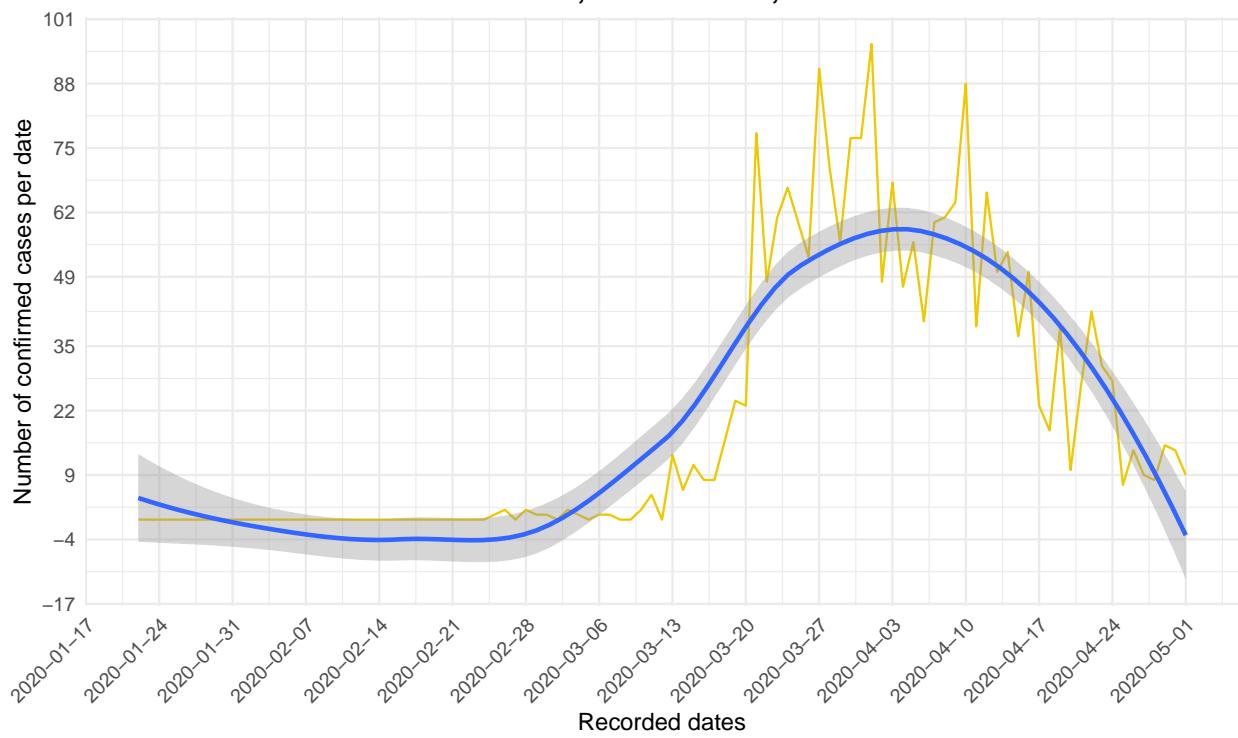

Cote d'Ivoire – confirmed cases over time, total cases: 1,333

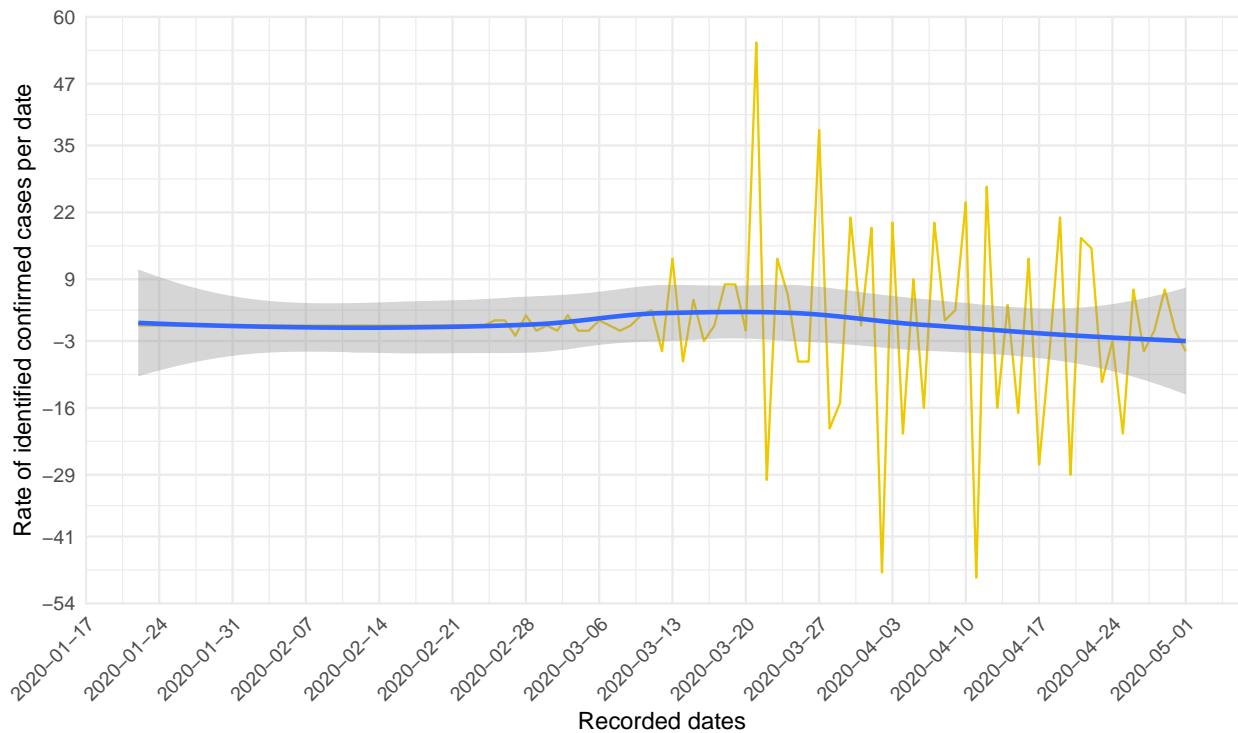

Cote d'Ivoire – rate of increase of confirmed cases over time

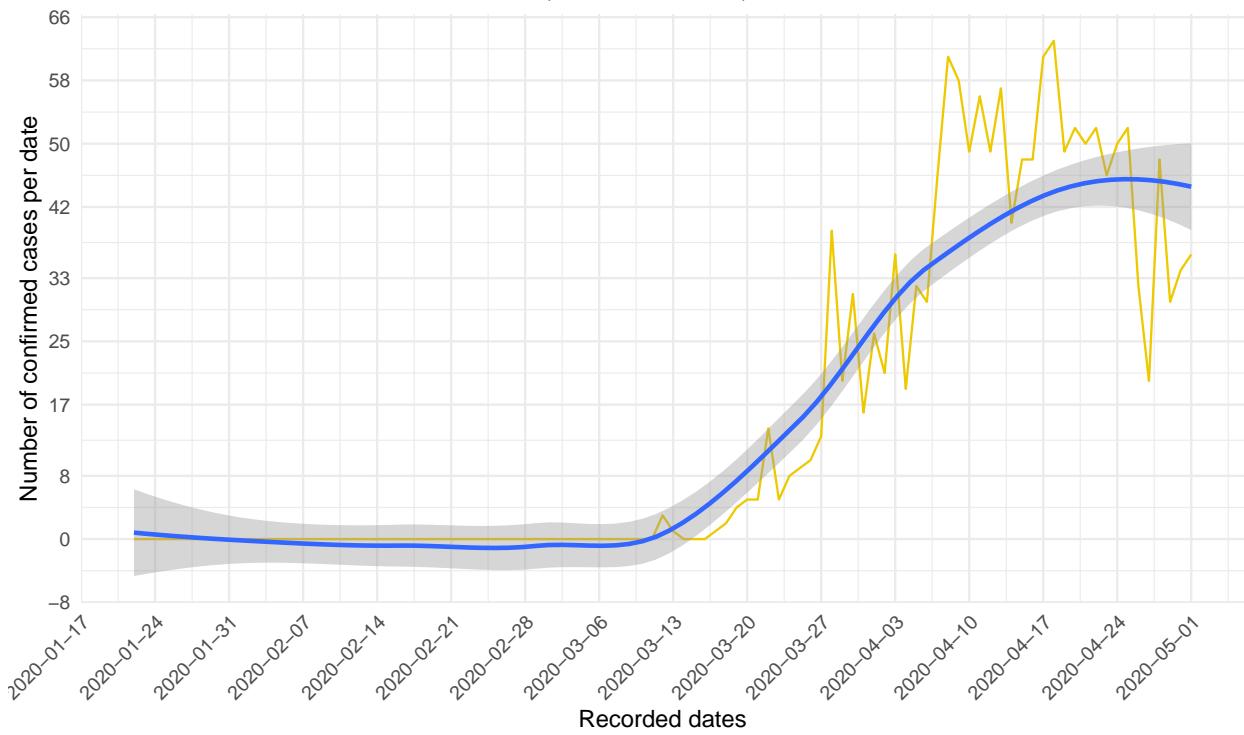

Croatia – confirmed cases over time, total cases: 2,085

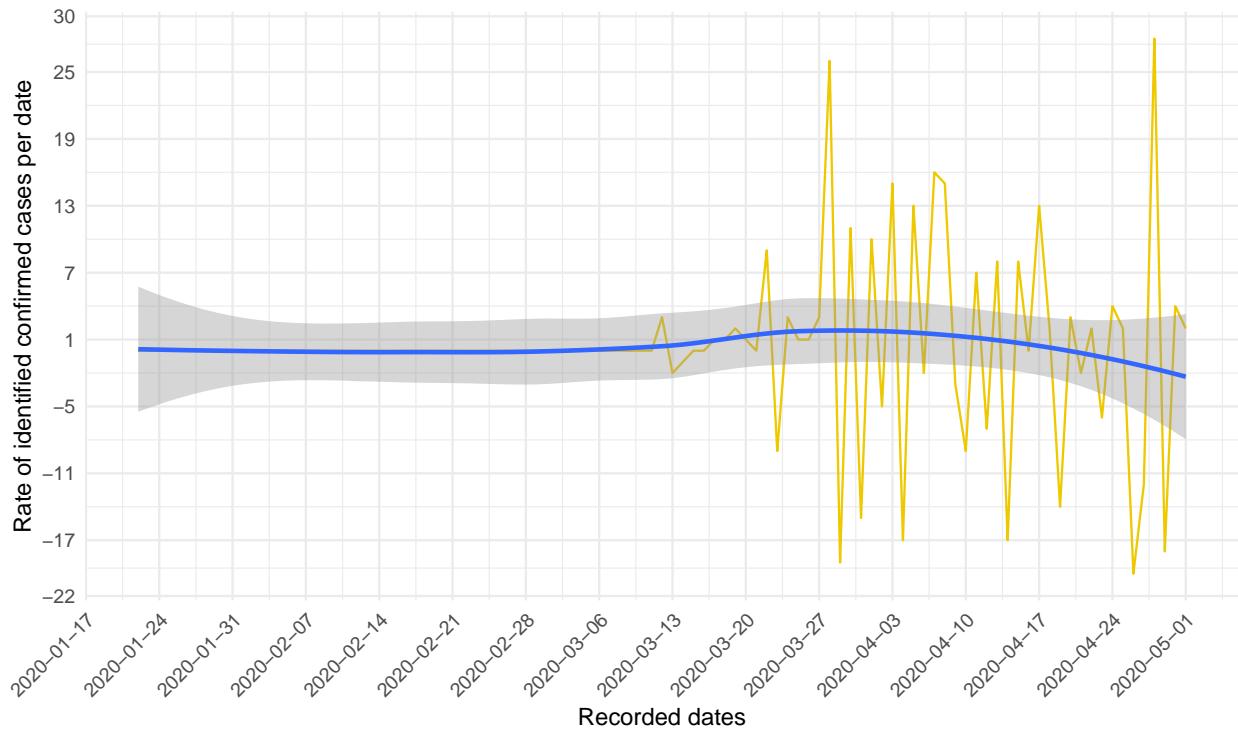

Croatia – rate of increase of confirmed cases over time

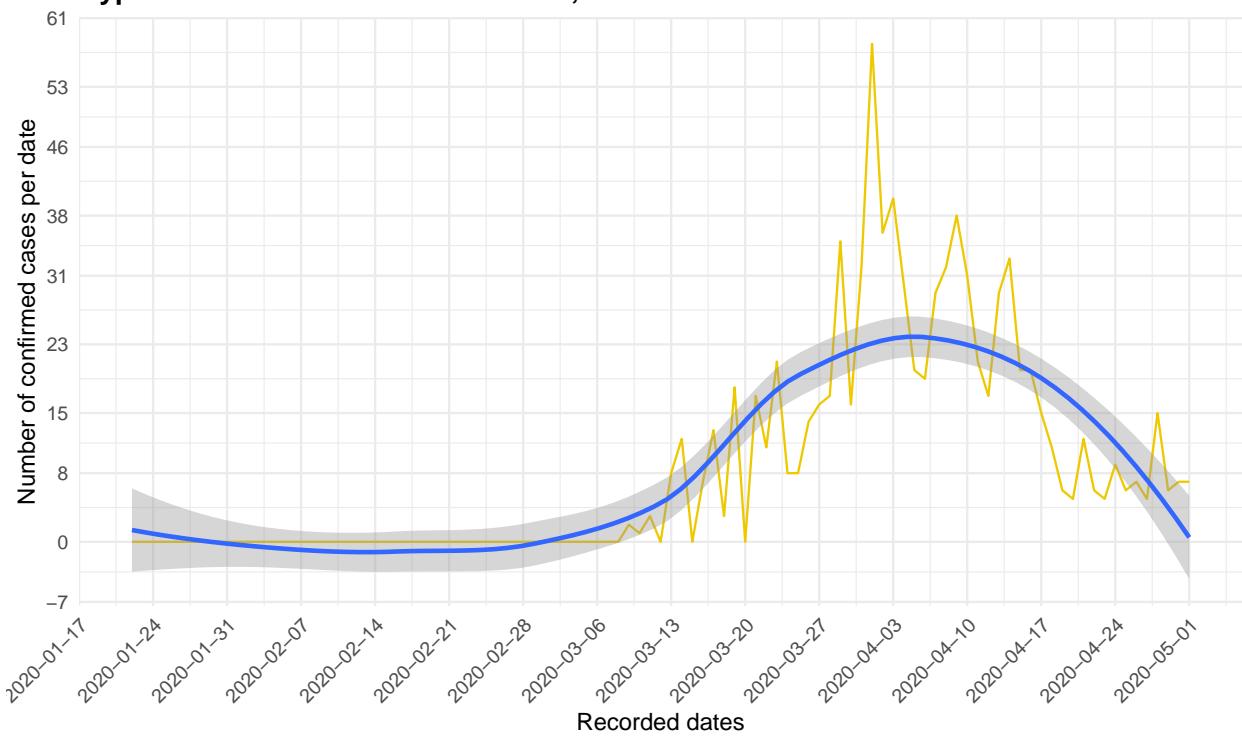

Cuba – confirmed cases over time, total cases: 1,537

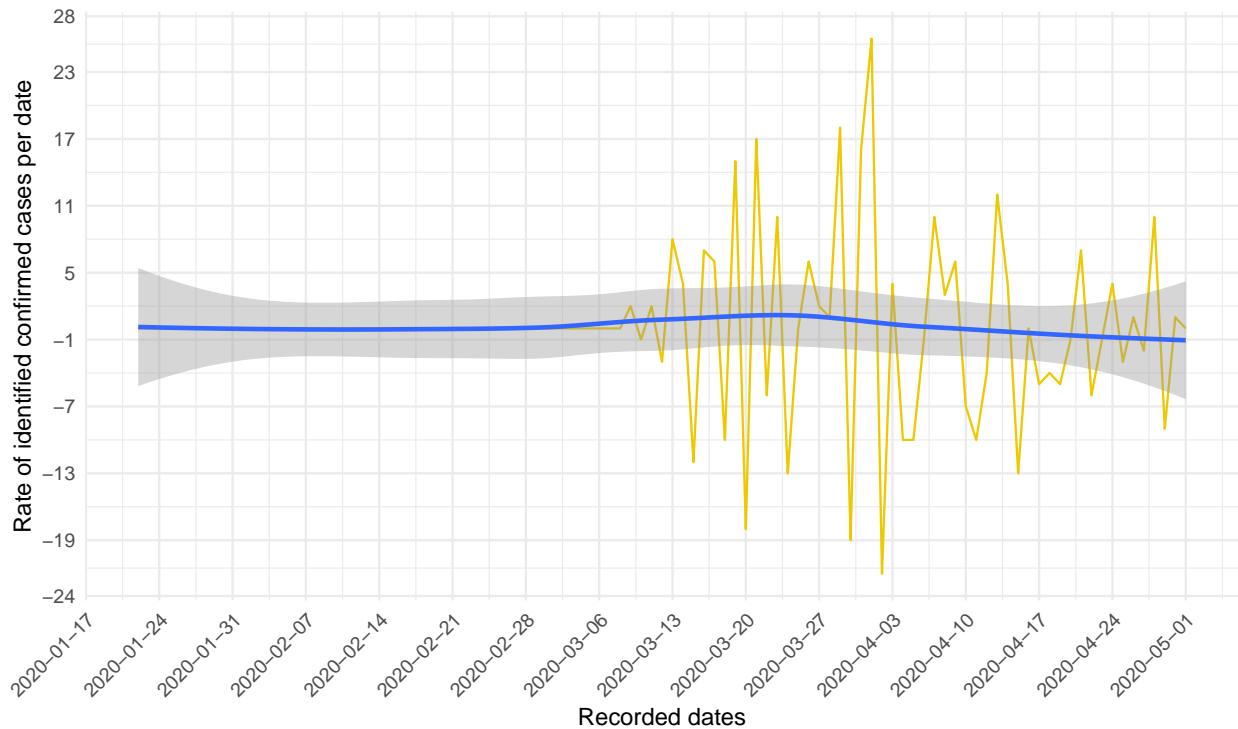

Cuba – rate of increase of confirmed cases over time

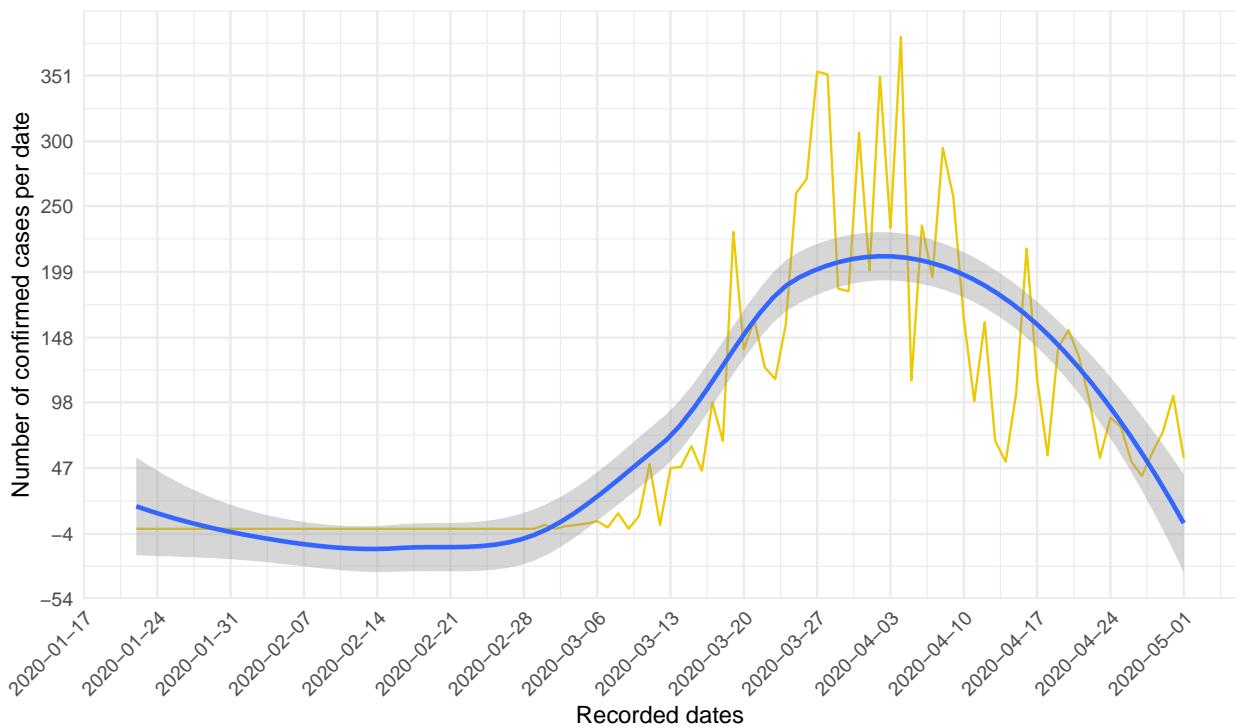

Cyprus – confirmed cases over time, total cases: 857

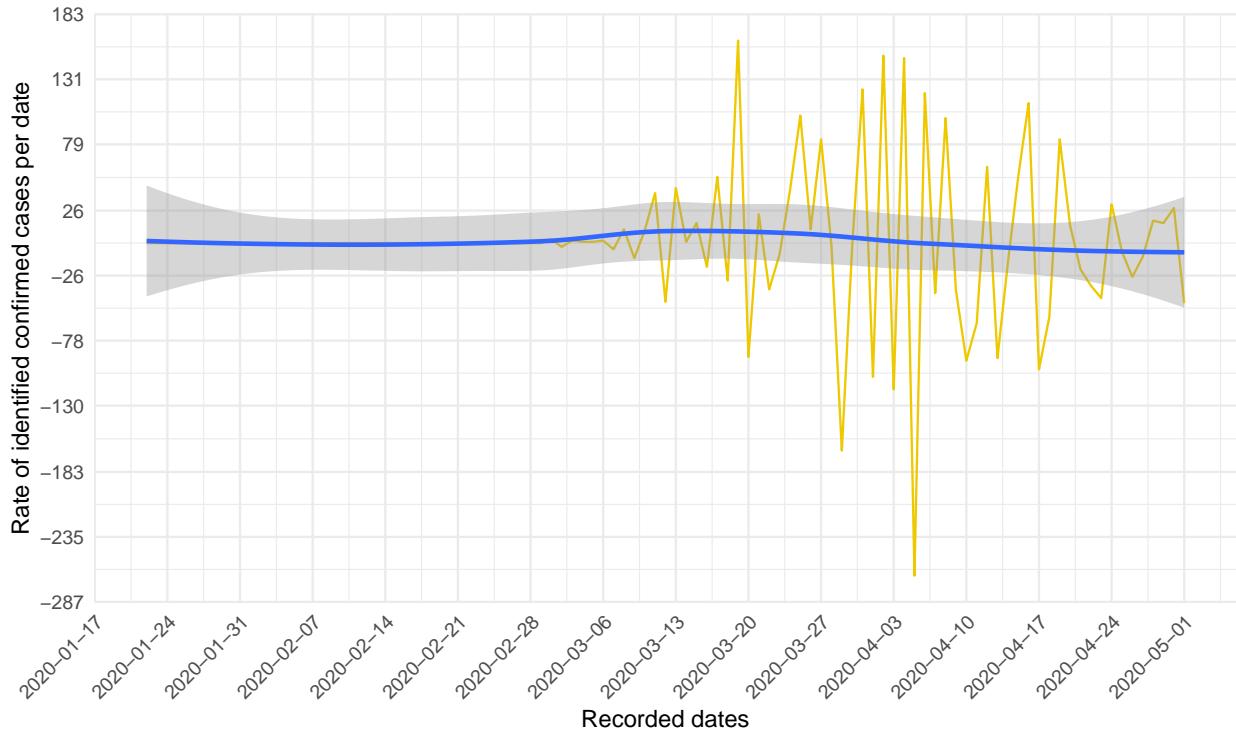

Cyprus – rate of increase of confirmed cases over time

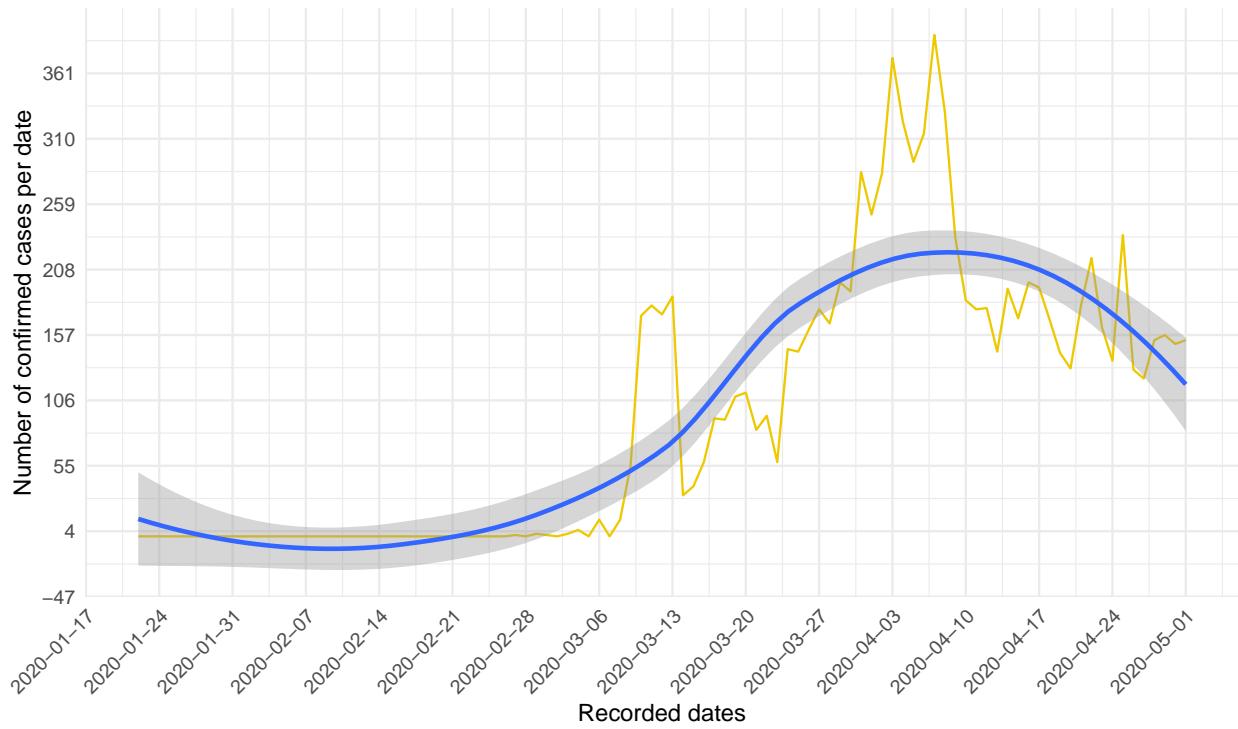

Czechia – confirmed cases over time, total cases: 7,737

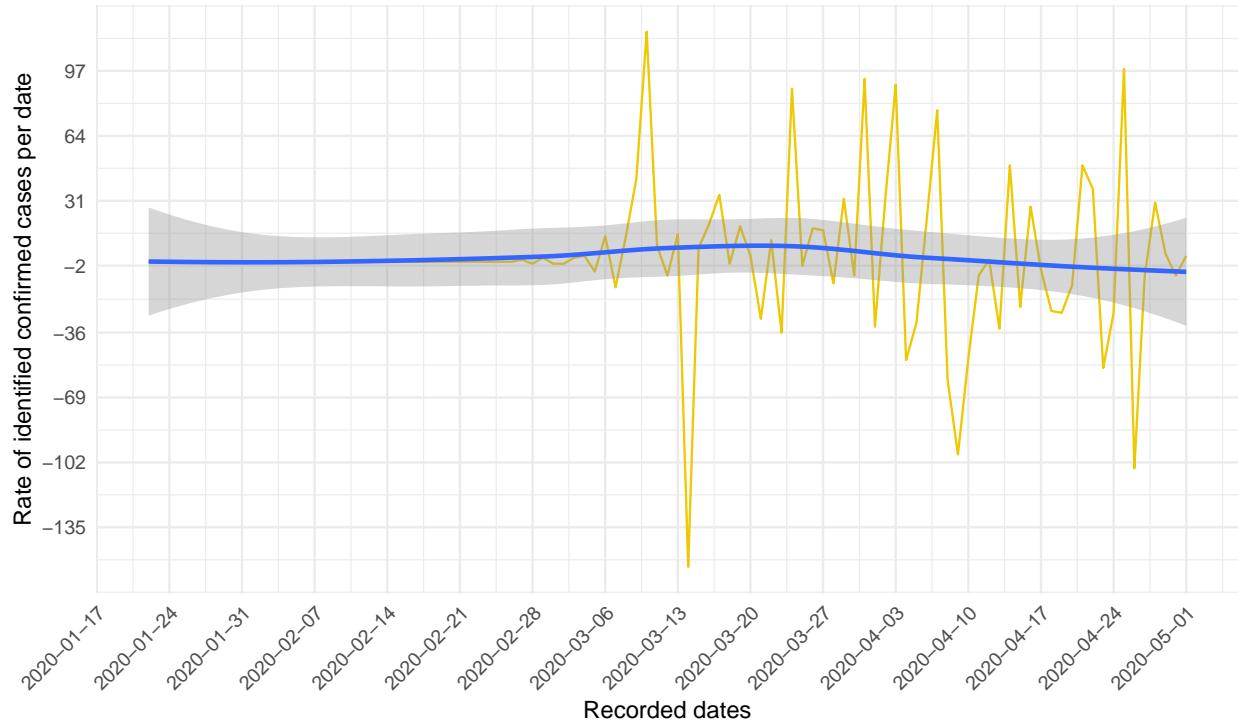

Czechia – rate of increase of confirmed cases over time

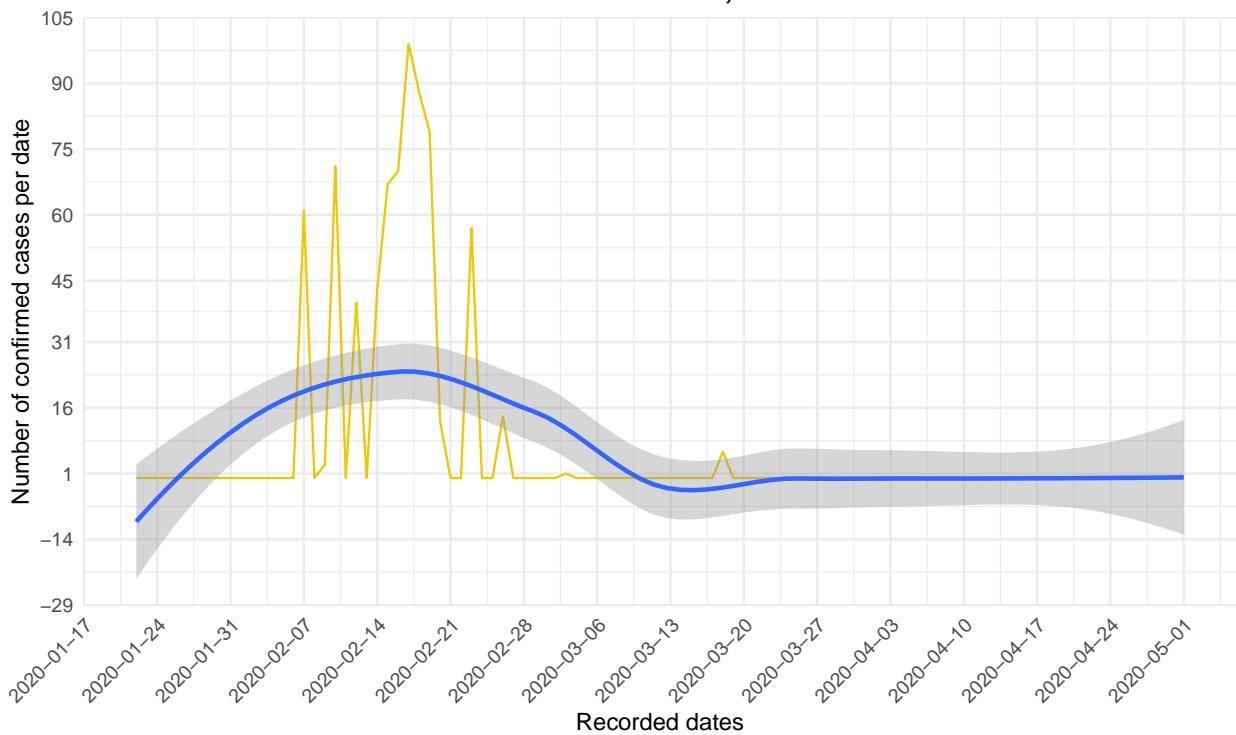

Denmark – confirmed cases over time, total cases: 9,509

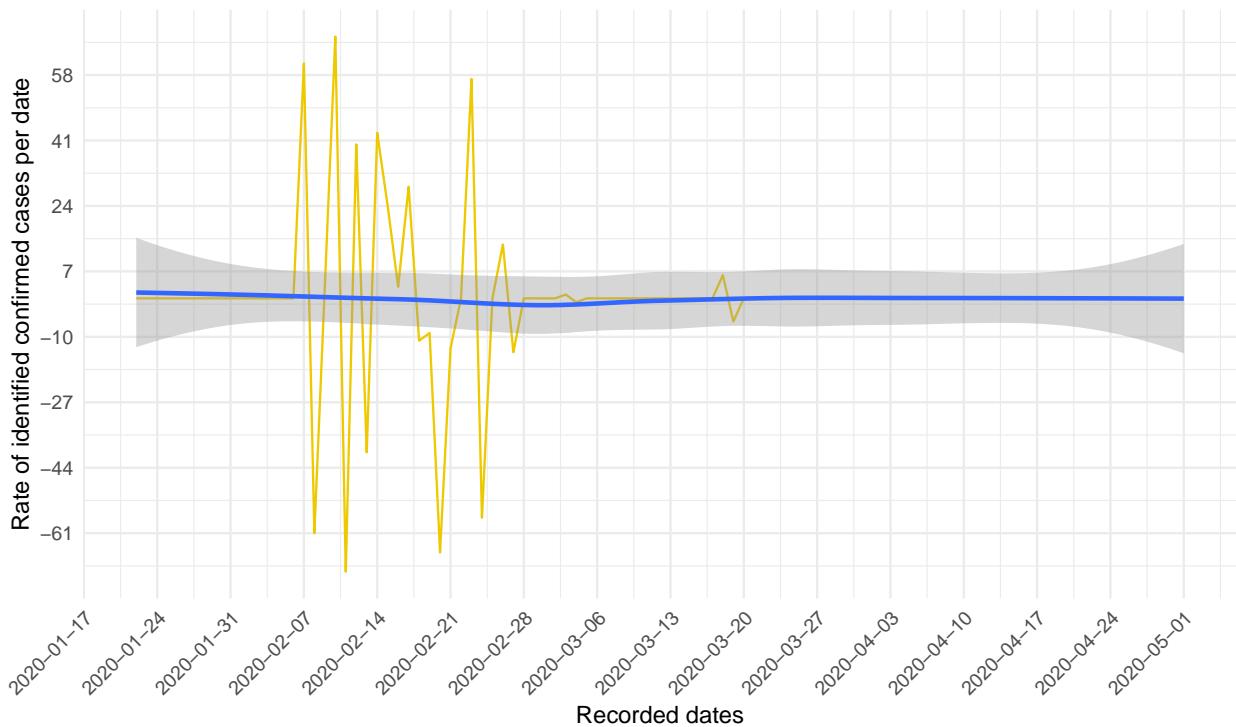

Denmark – rate of increase of confirmed cases over time

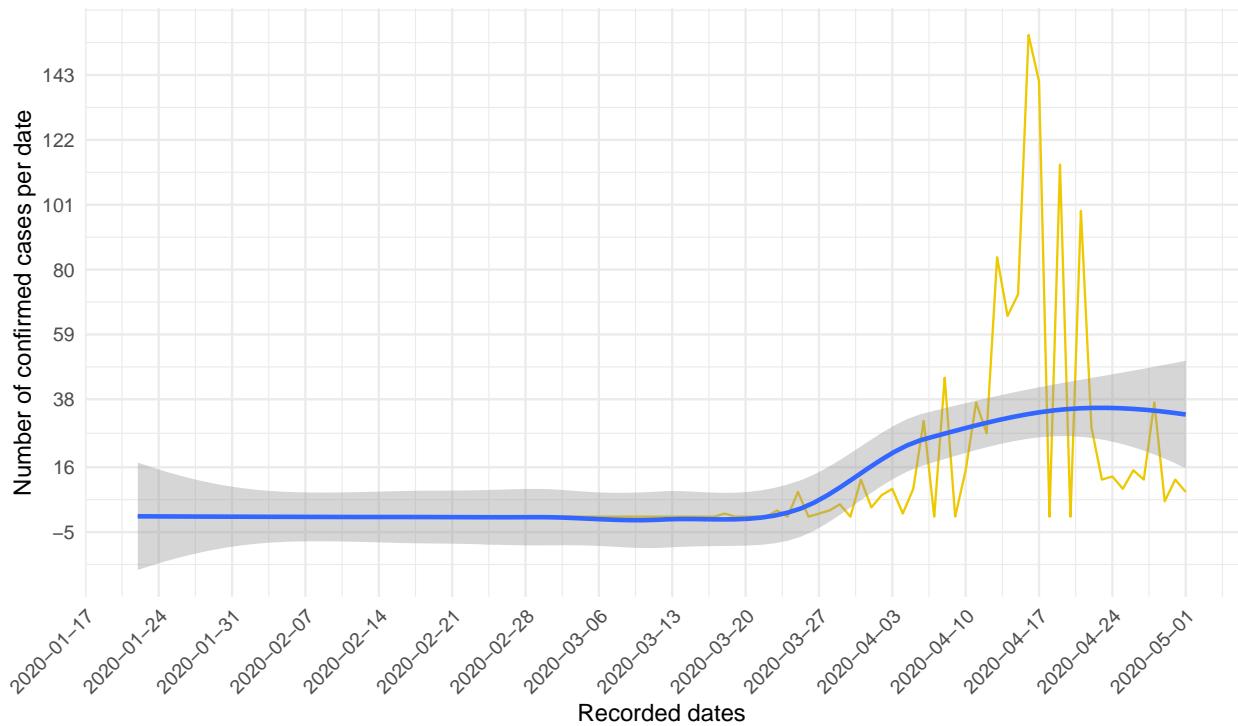

Diamond Princess – confirmed cases over time, total cases: 712

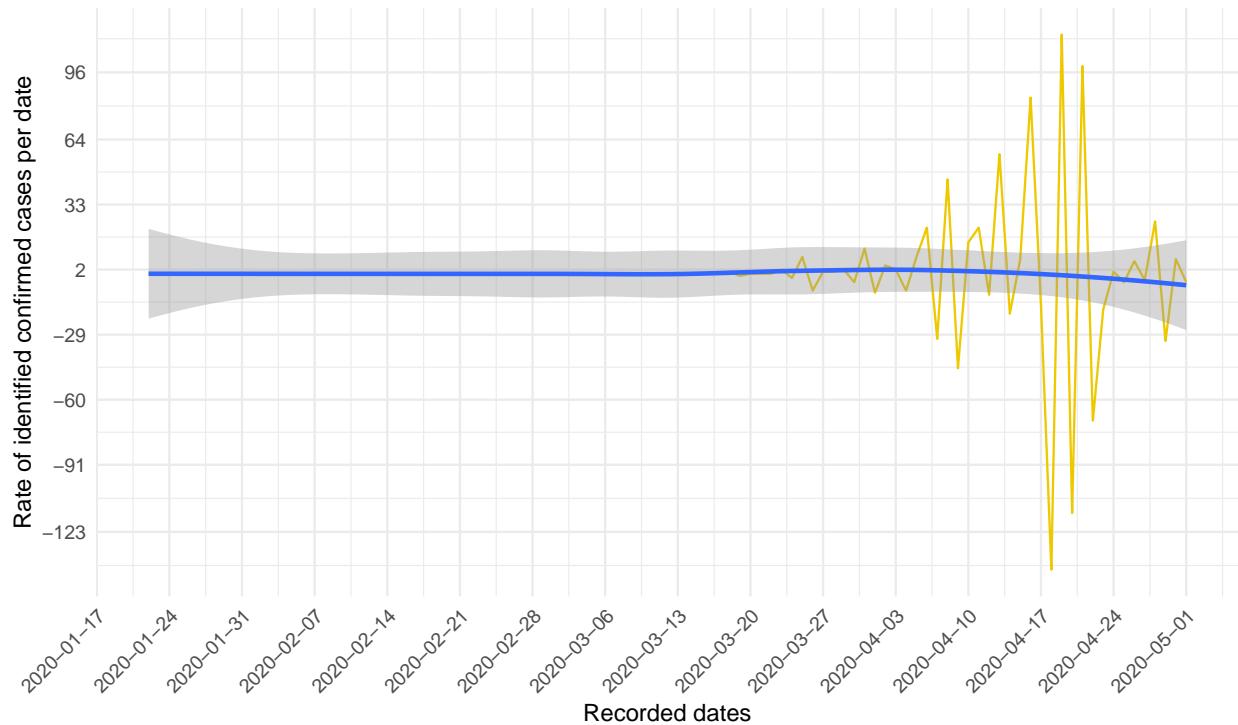

Diamond Princess – rate of increase of confirmed cases over time

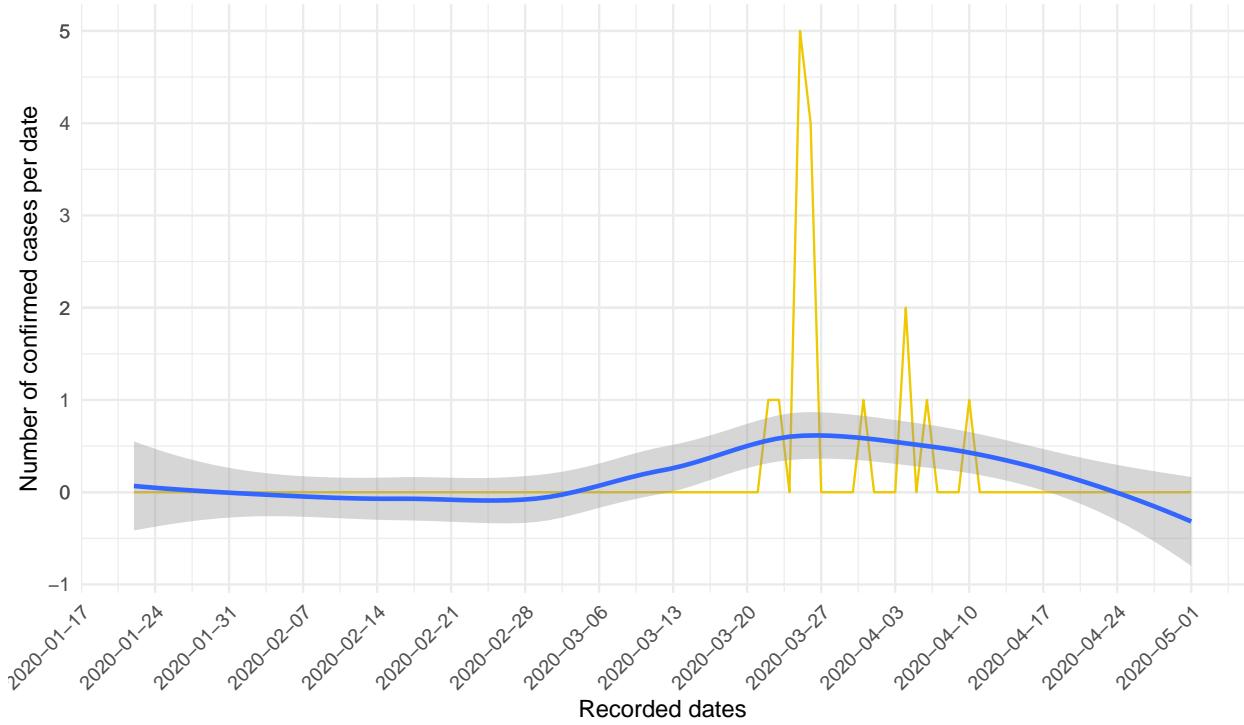

Djibouti – confirmed cases over time, total cases: 1,097

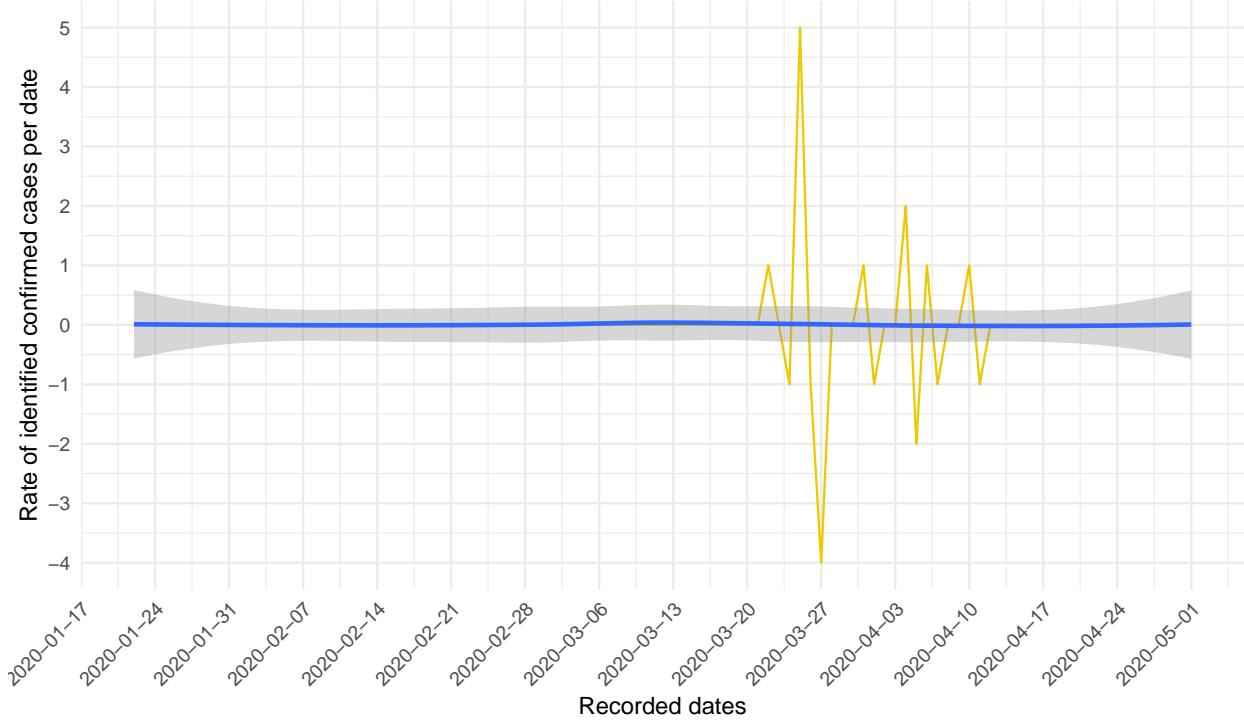

Djibouti – rate of increase of confirmed cases over time

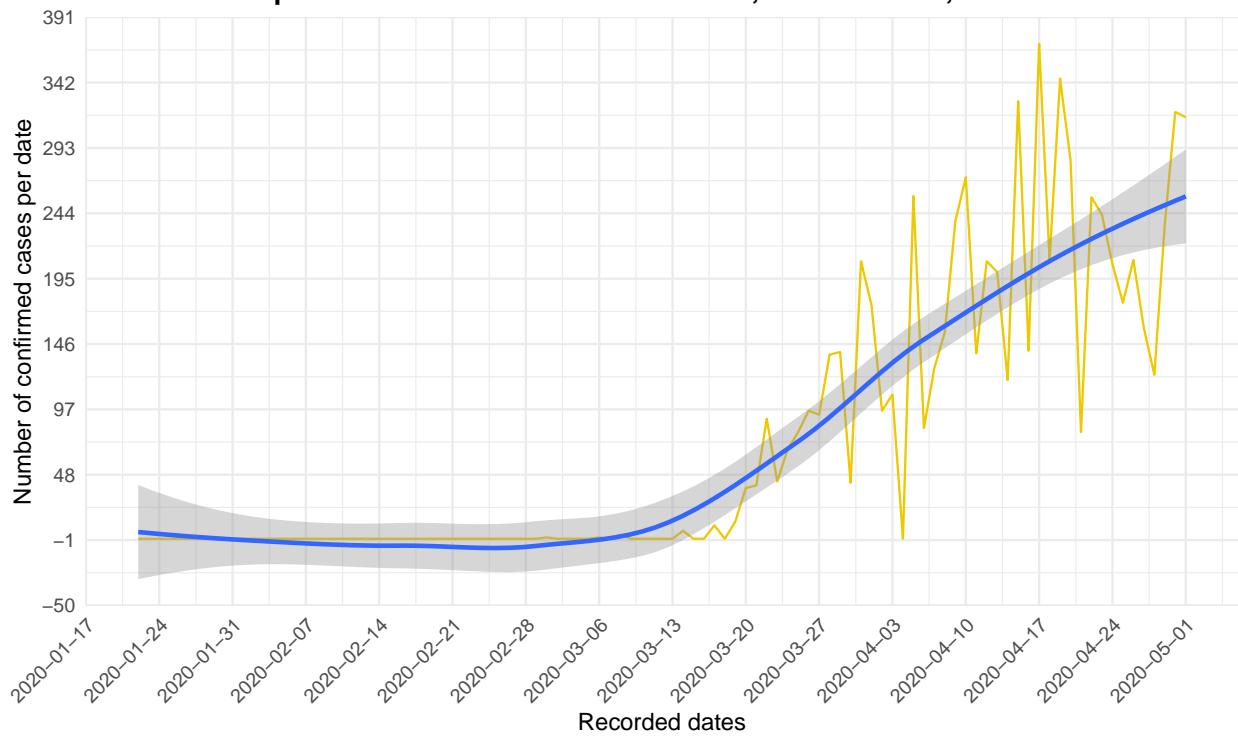

Dominica – confirmed cases over time, total cases: 16

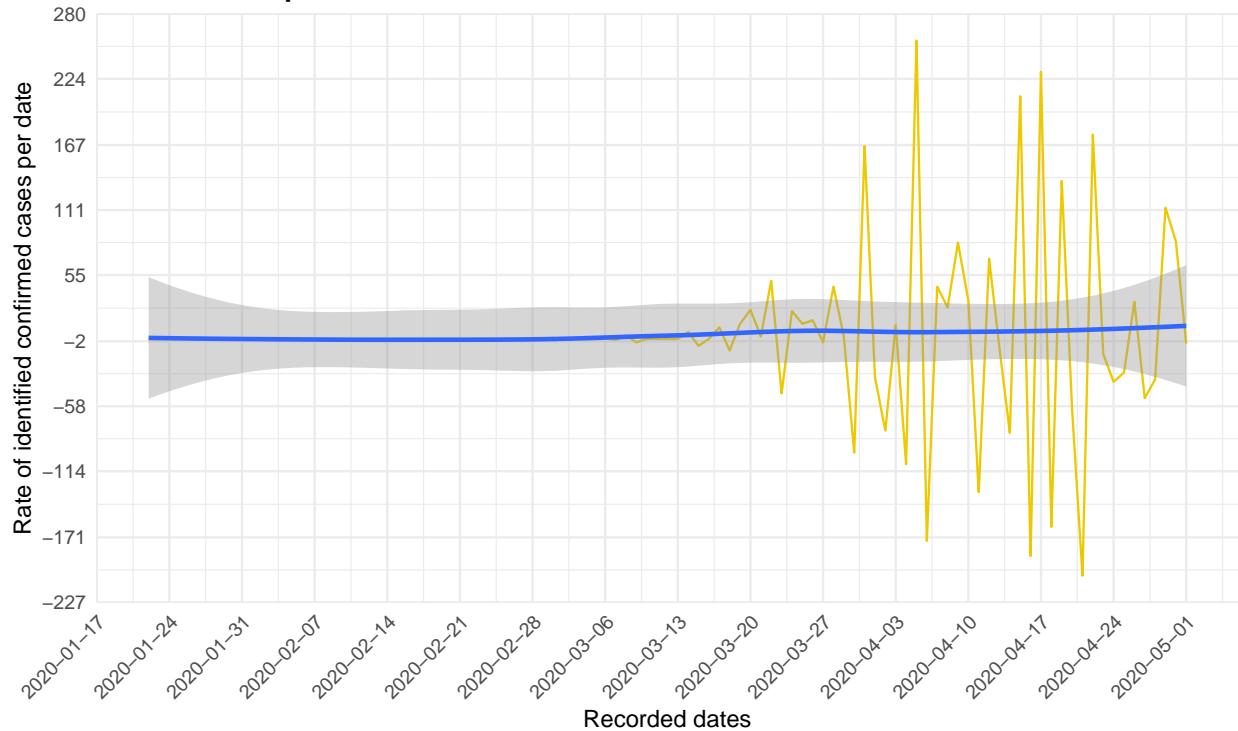

Dominica – rate of increase of confirmed cases over time

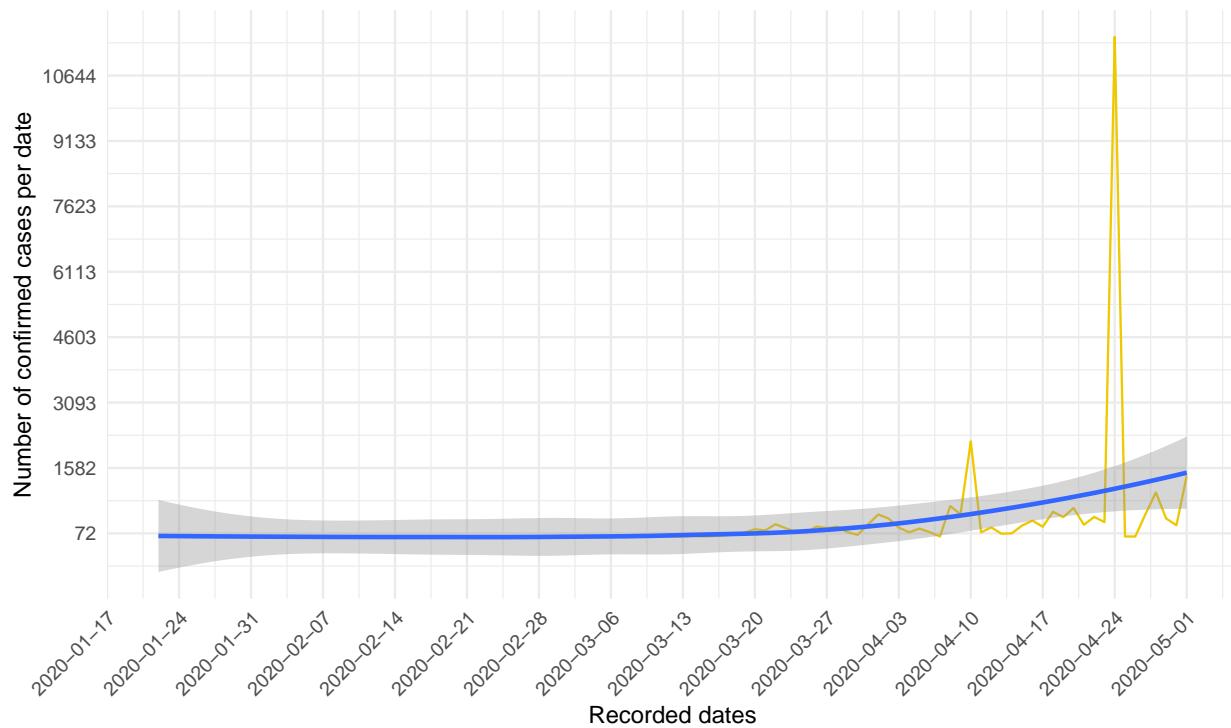

Dominican Republic – confirmed cases over time, total cases: 7,288

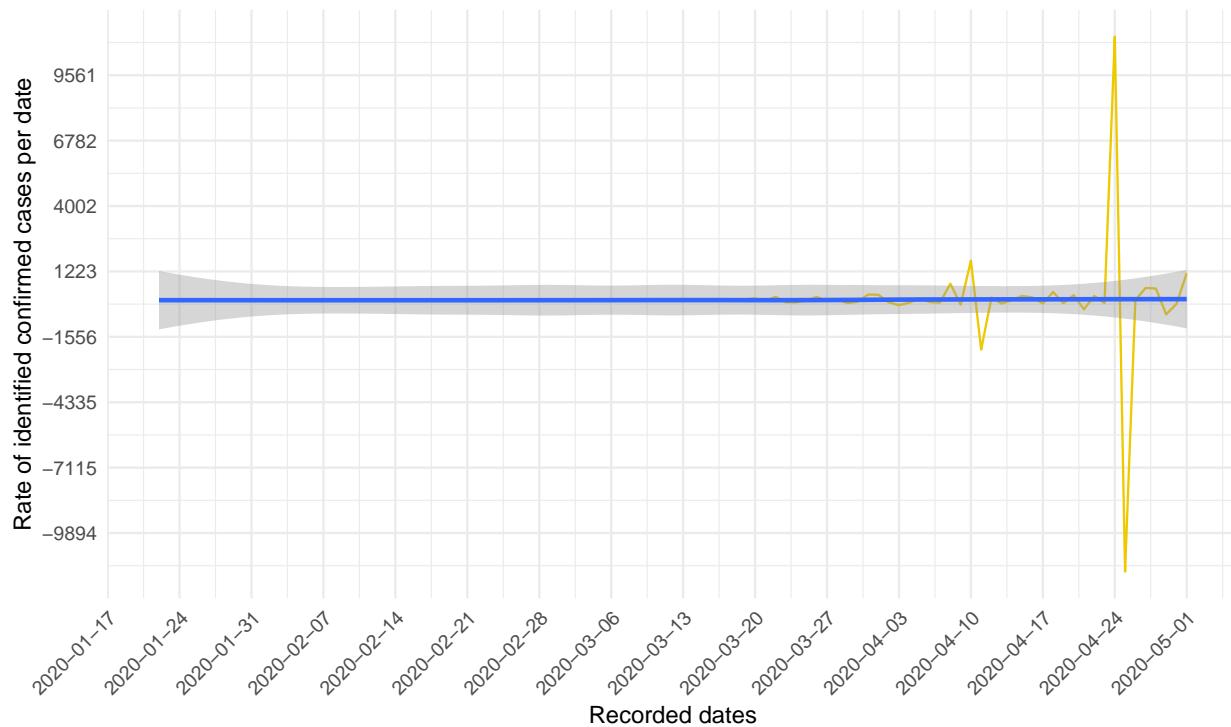

Dominican Republic – rate of increase of confirmed cases over time

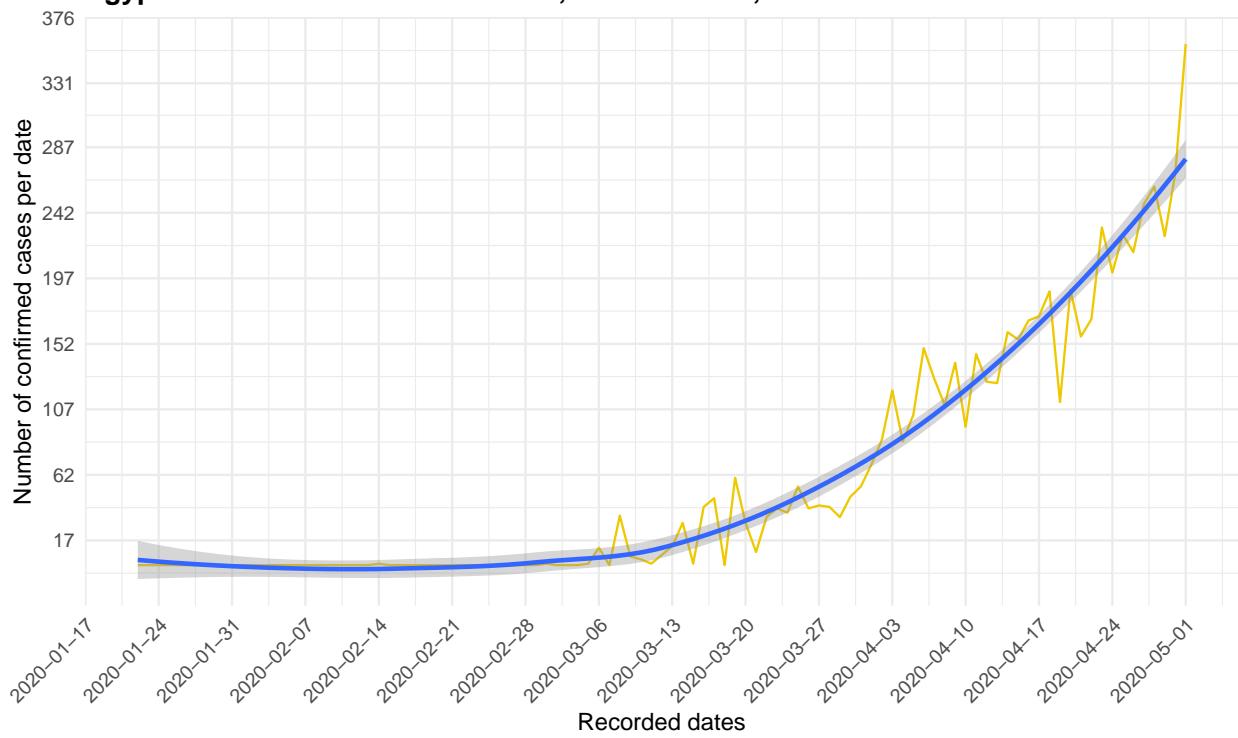

Ecuador – confirmed cases over time, total cases: 26,336

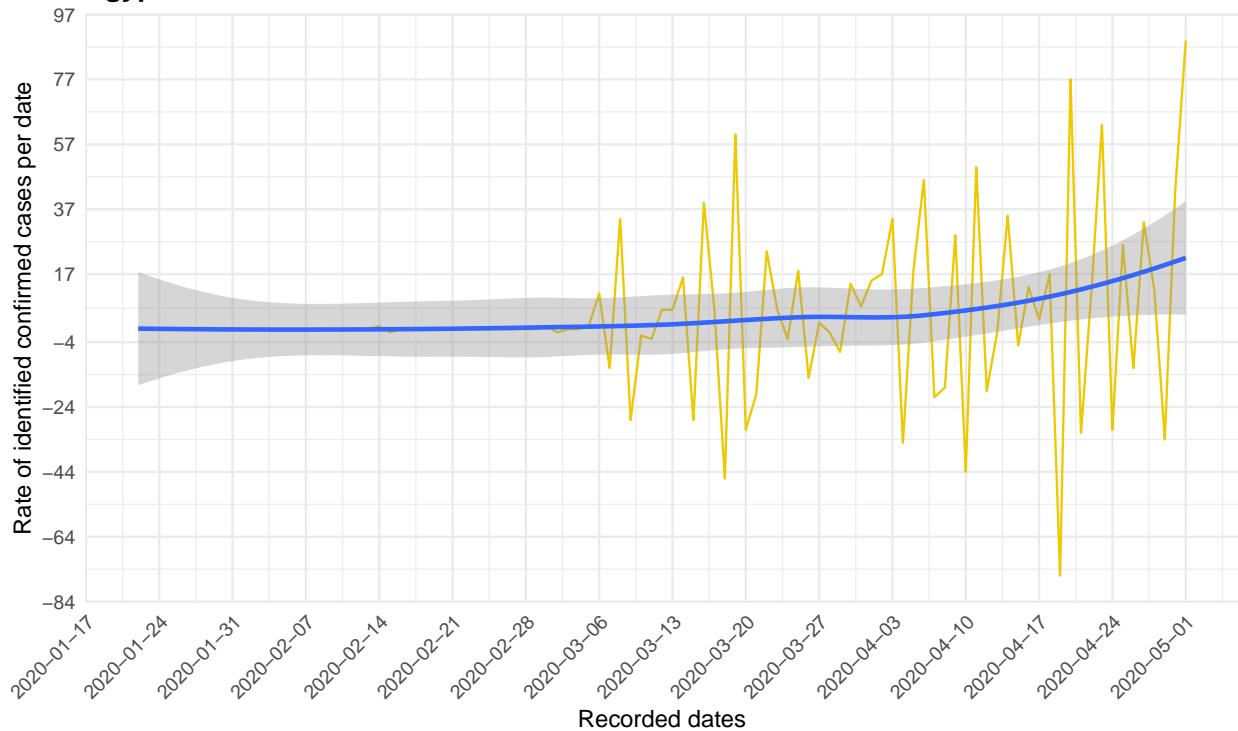

Ecuador – rate of increase of confirmed cases over time

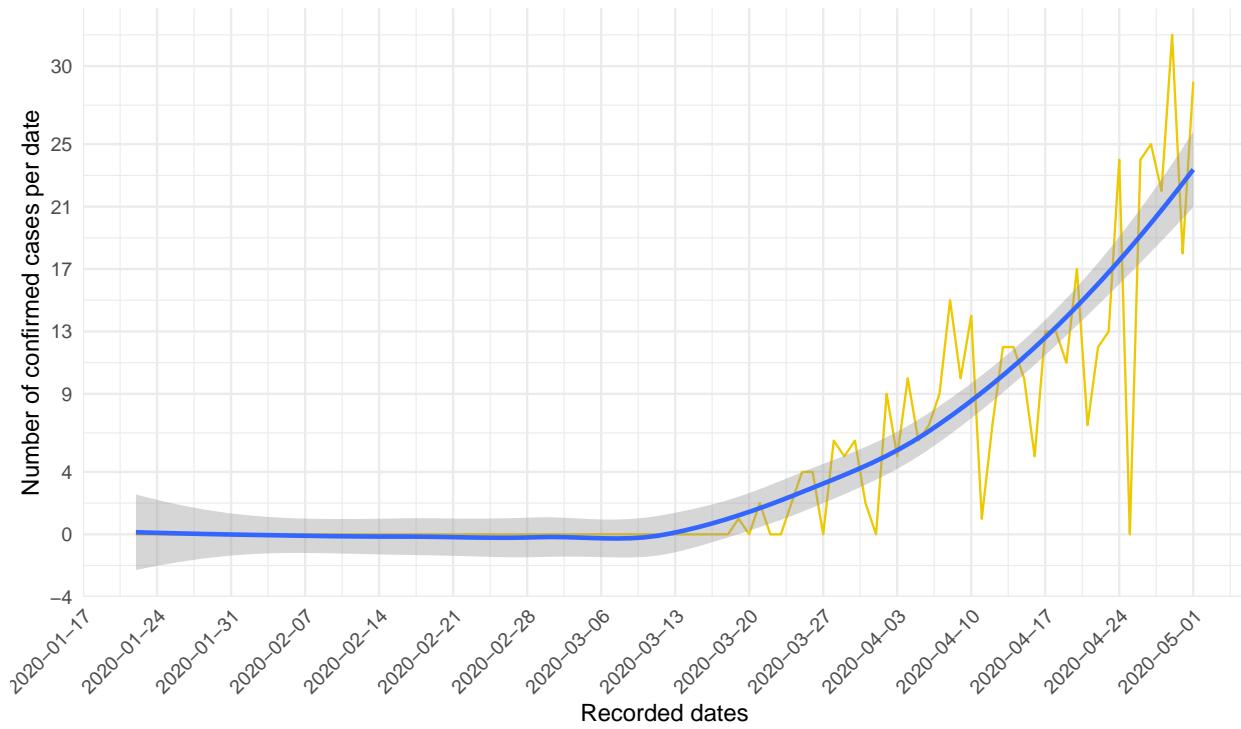

Egypt – confirmed cases over time, total cases: 5,895

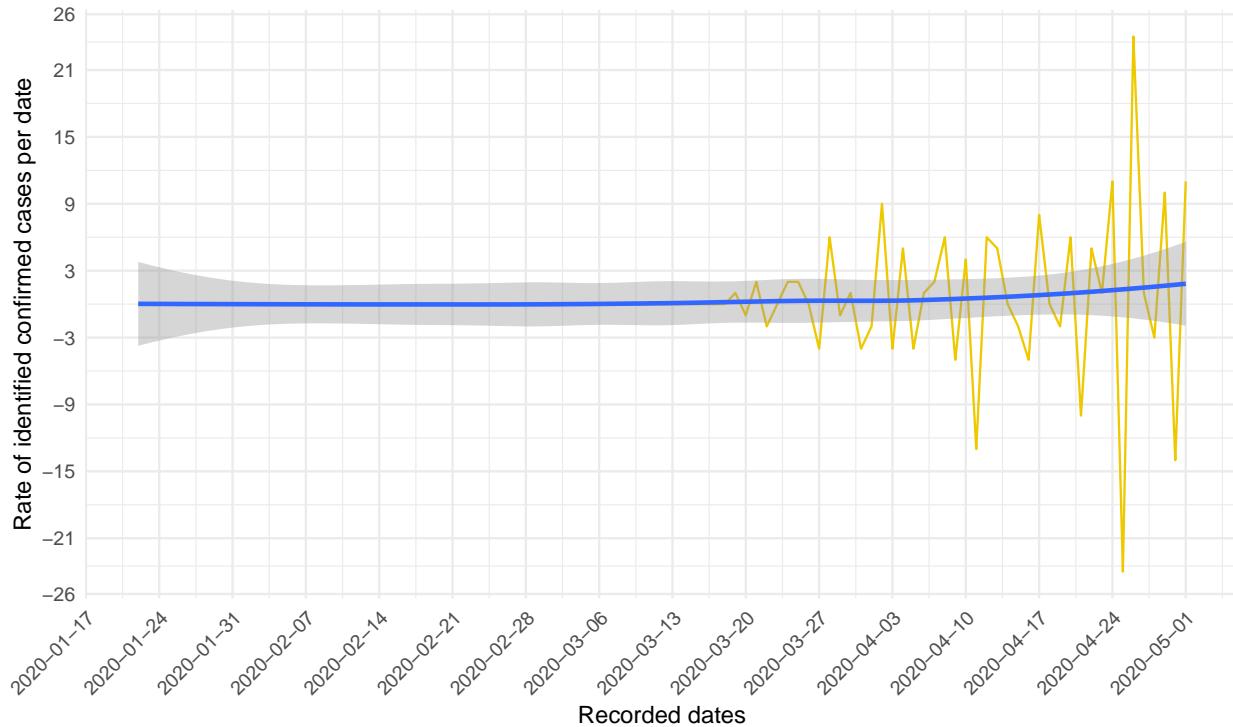

Egypt – rate of increase of confirmed cases over time

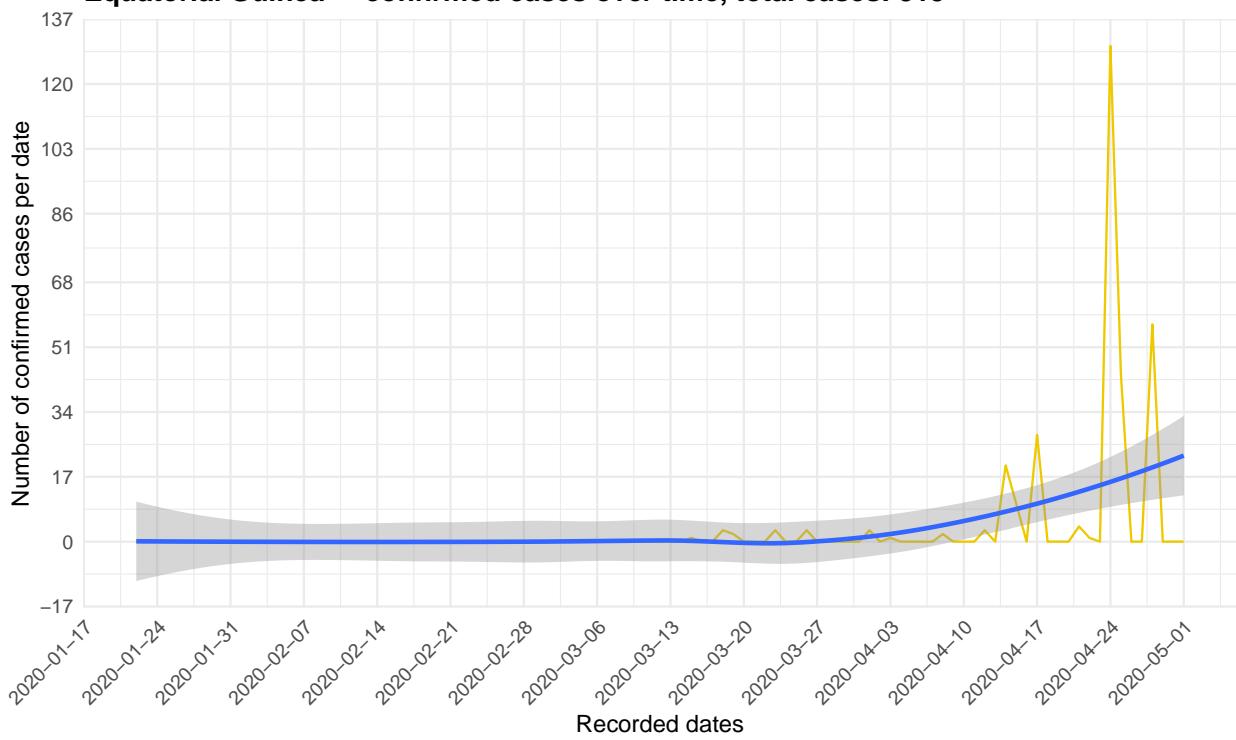

El Salvador – confirmed cases over time, total cases: 424

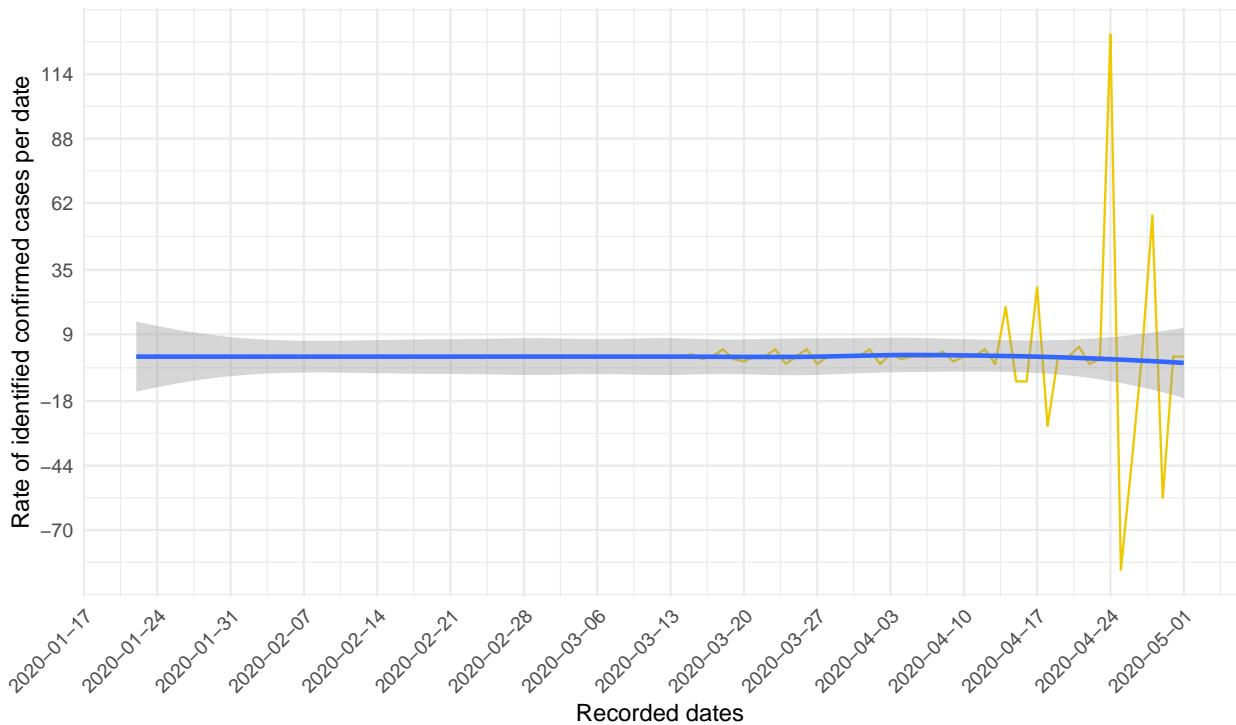

El Salvador – rate of increase of confirmed cases over time

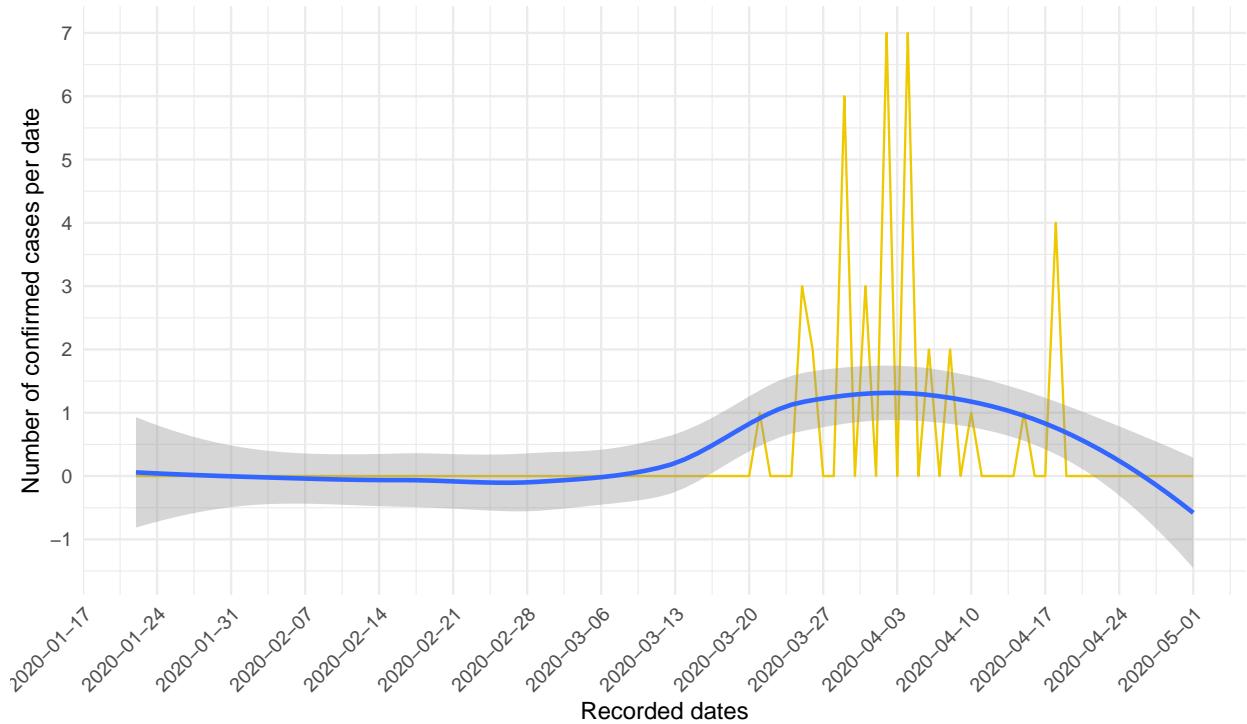

Equatorial Guinea – confirmed cases over time, total cases: 315

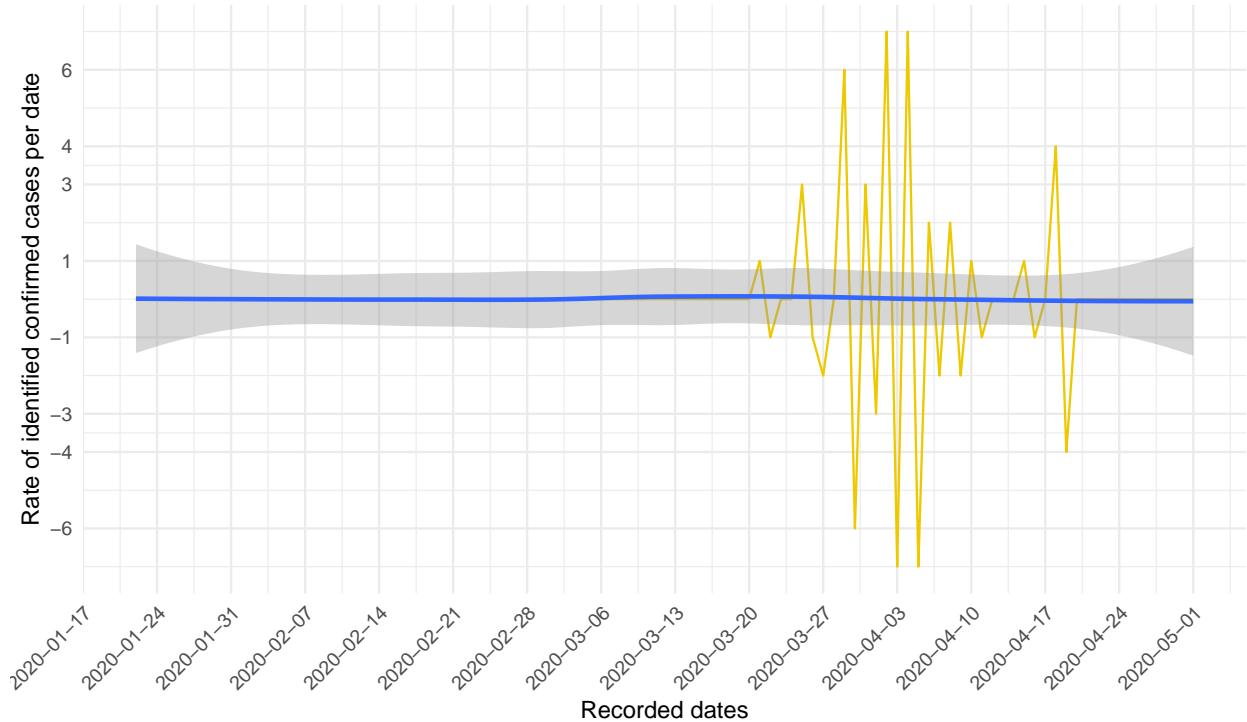

Equatorial Guinea – rate of increase of confirmed cases over time

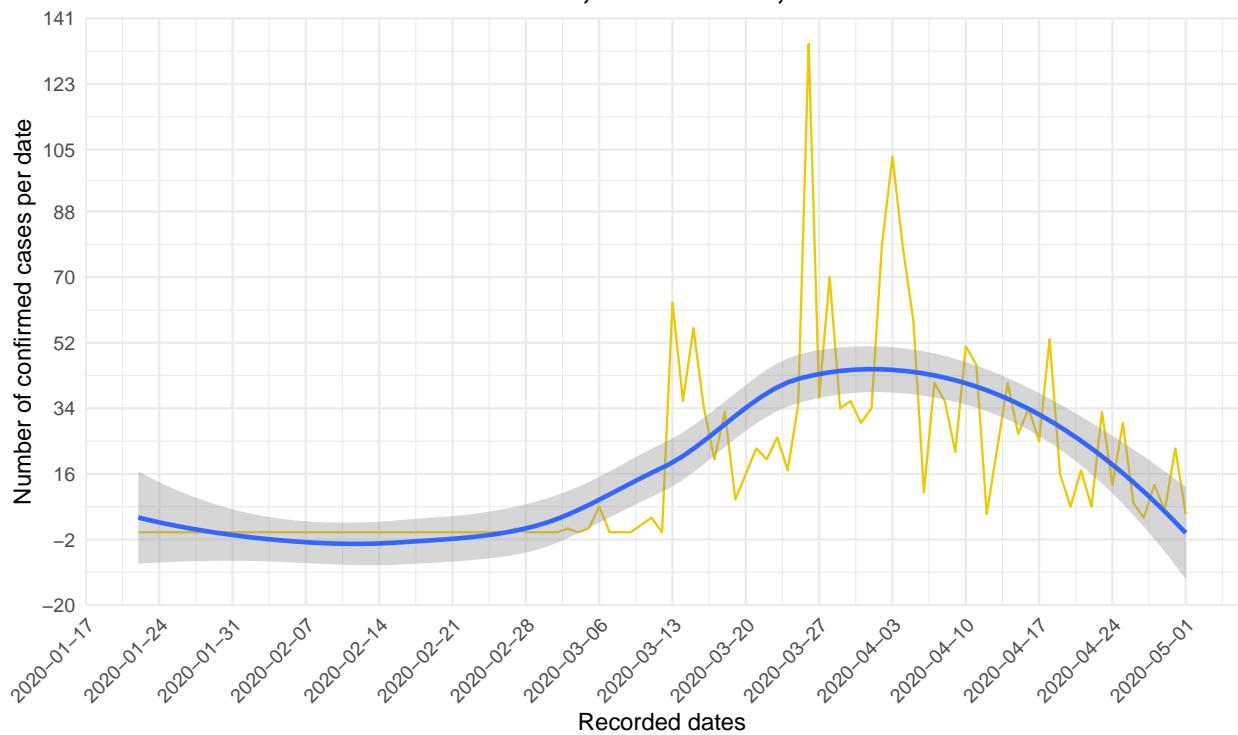

Eritrea – confirmed cases over time, total cases: 39

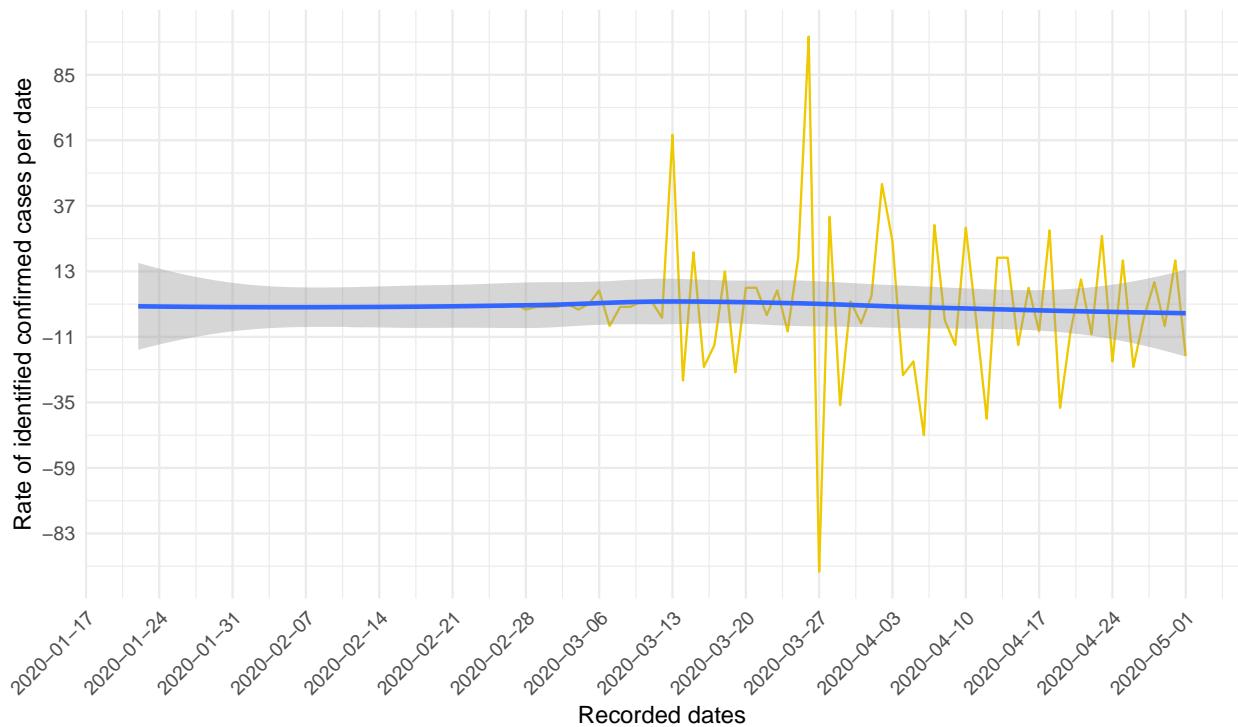

Eritrea – rate of increase of confirmed cases over time

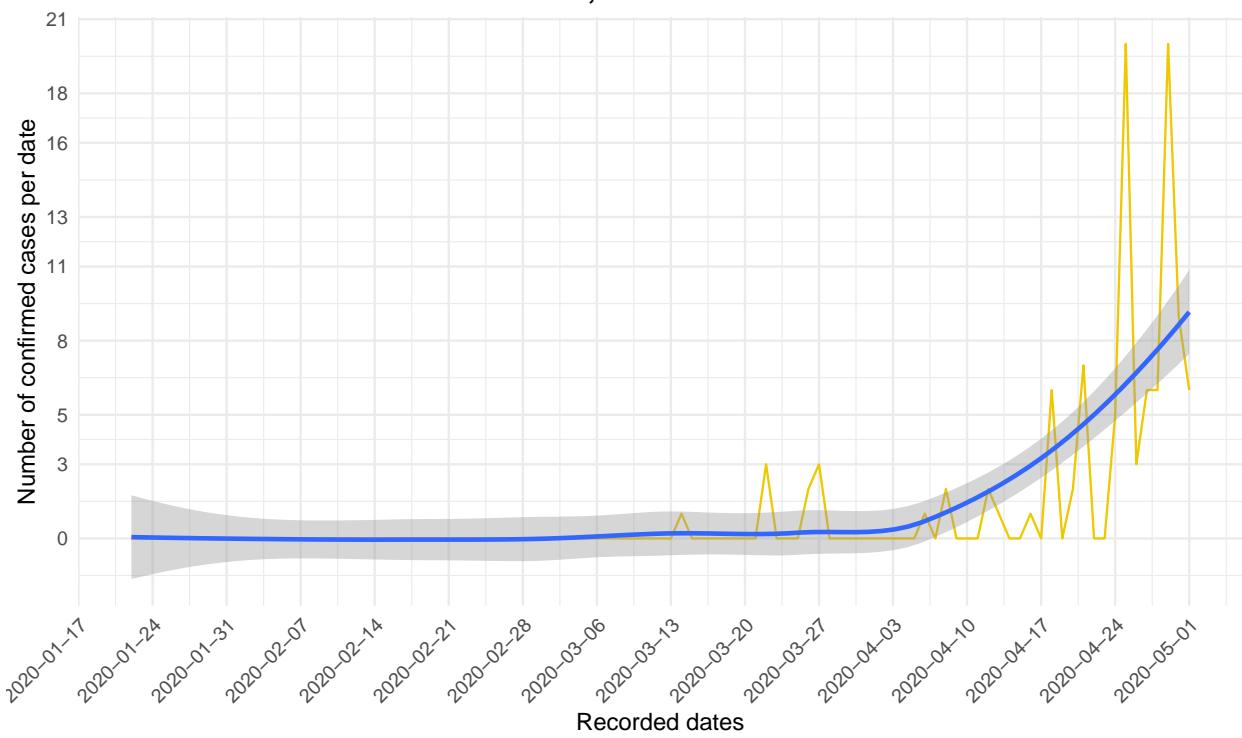

Estonia – confirmed cases over time, total cases: 1,694

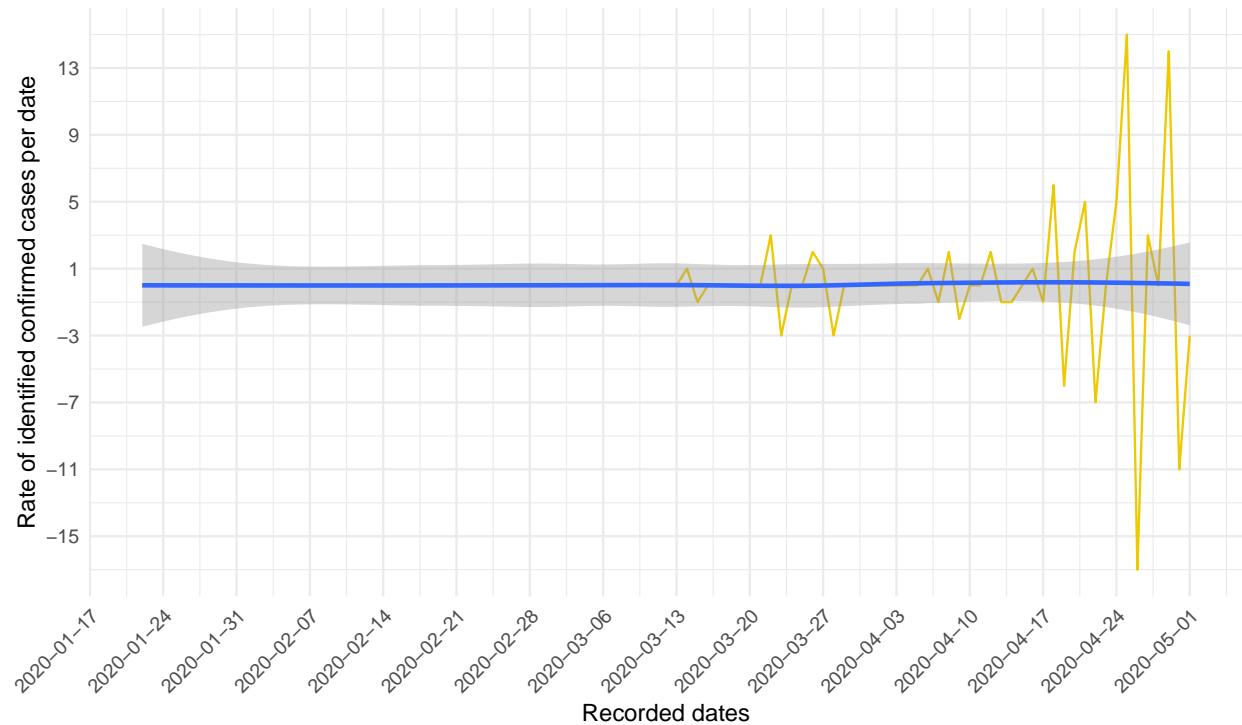

Estonia – rate of increase of confirmed cases over time

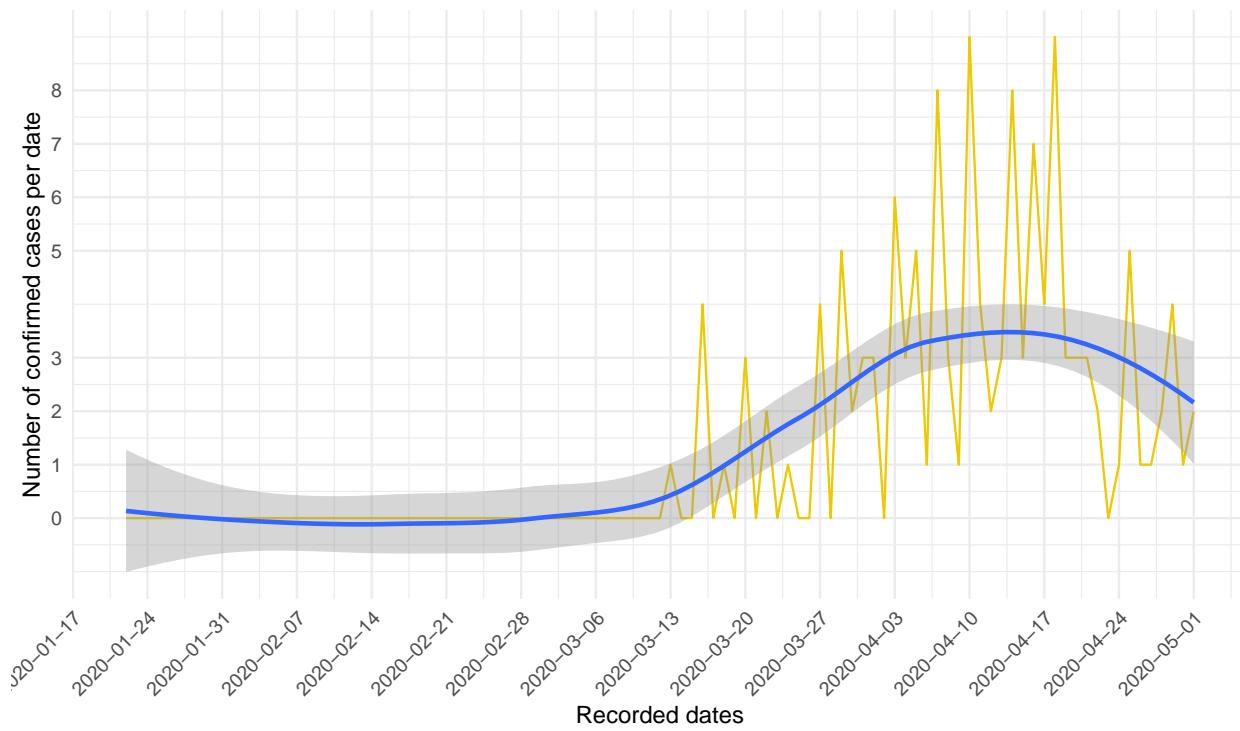

Eswatini – confirmed cases over time, total cases: 106

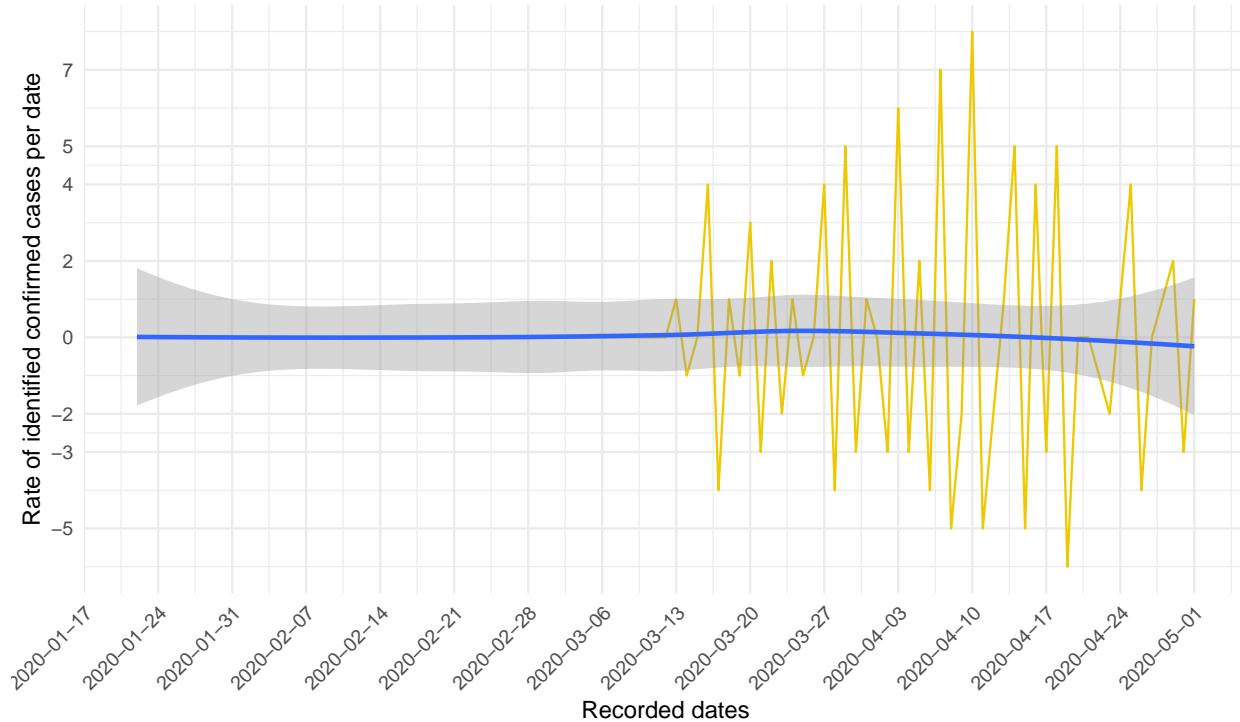

Eswatini – rate of increase of confirmed cases over time

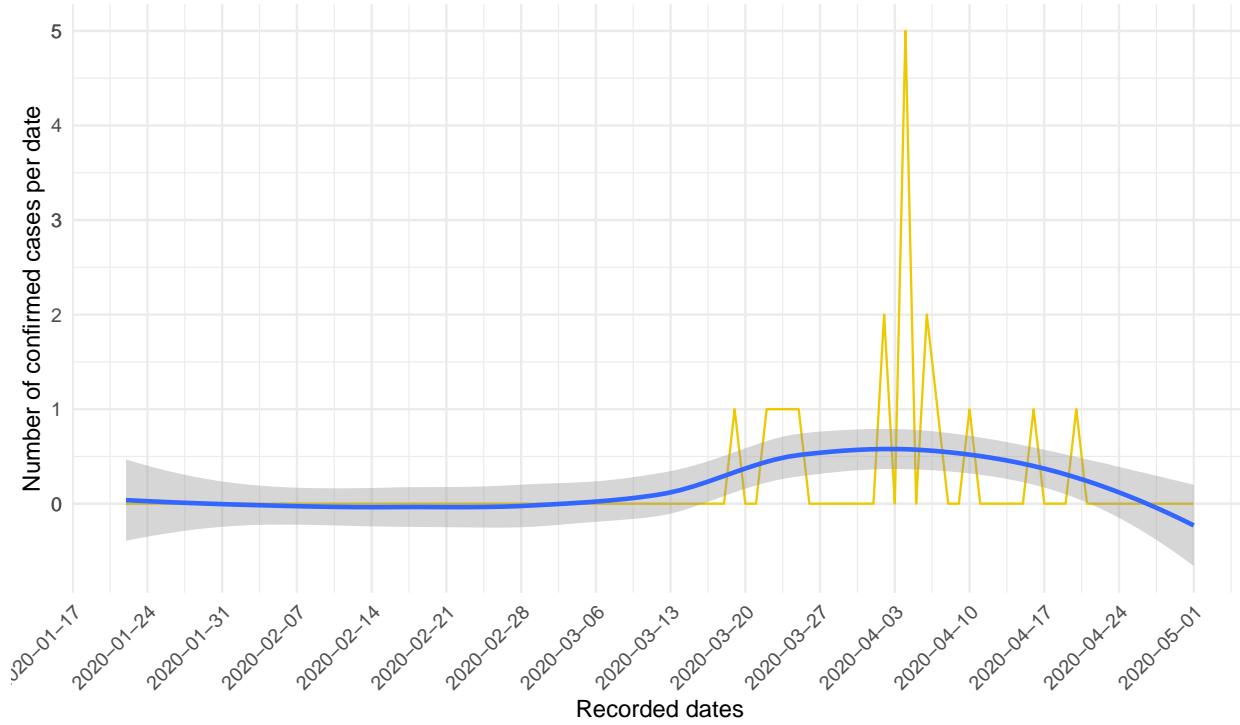

Ethiopia – confirmed cases over time, total cases: 133

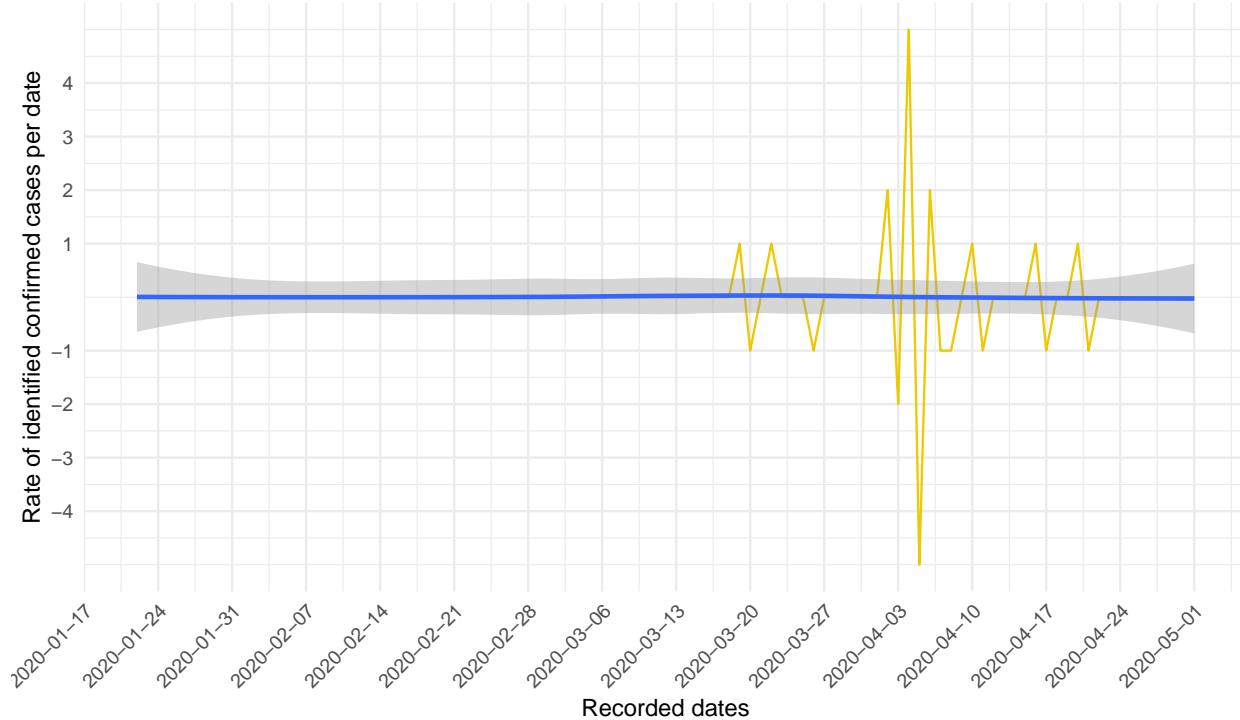

Ethiopia – rate of increase of confirmed cases over time

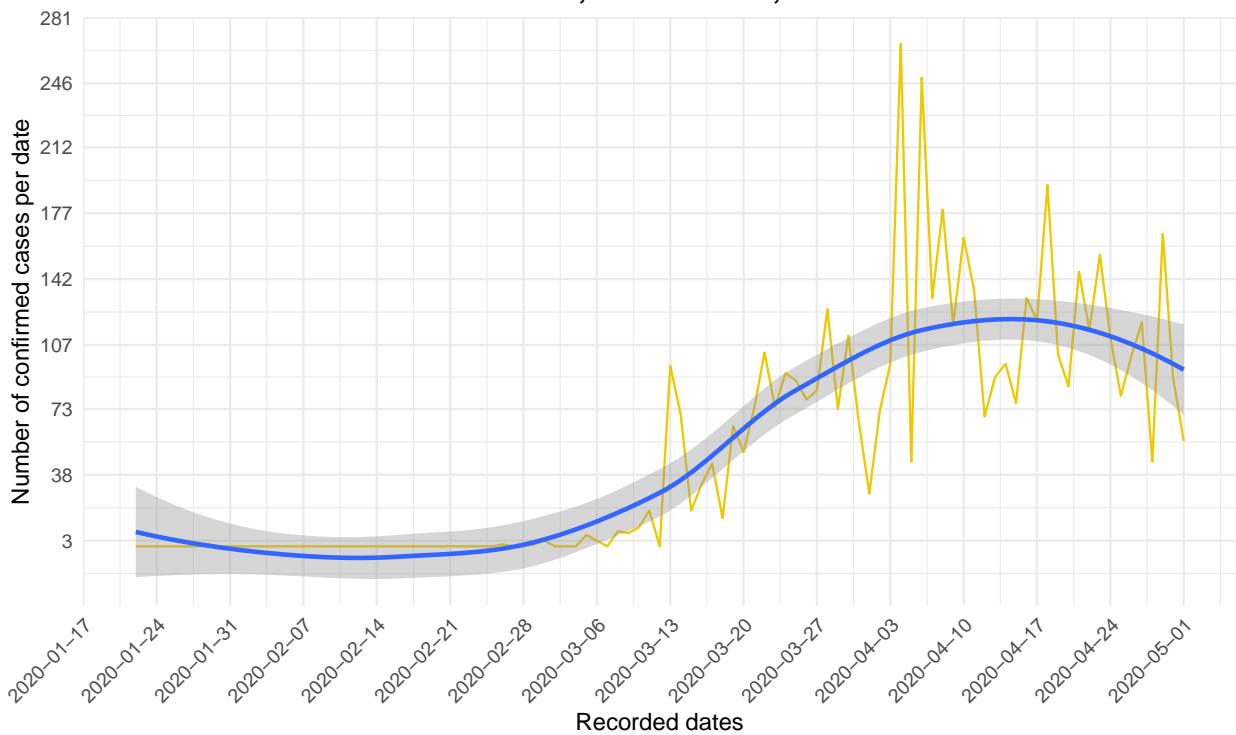

Fiji – confirmed cases over time, total cases: 18

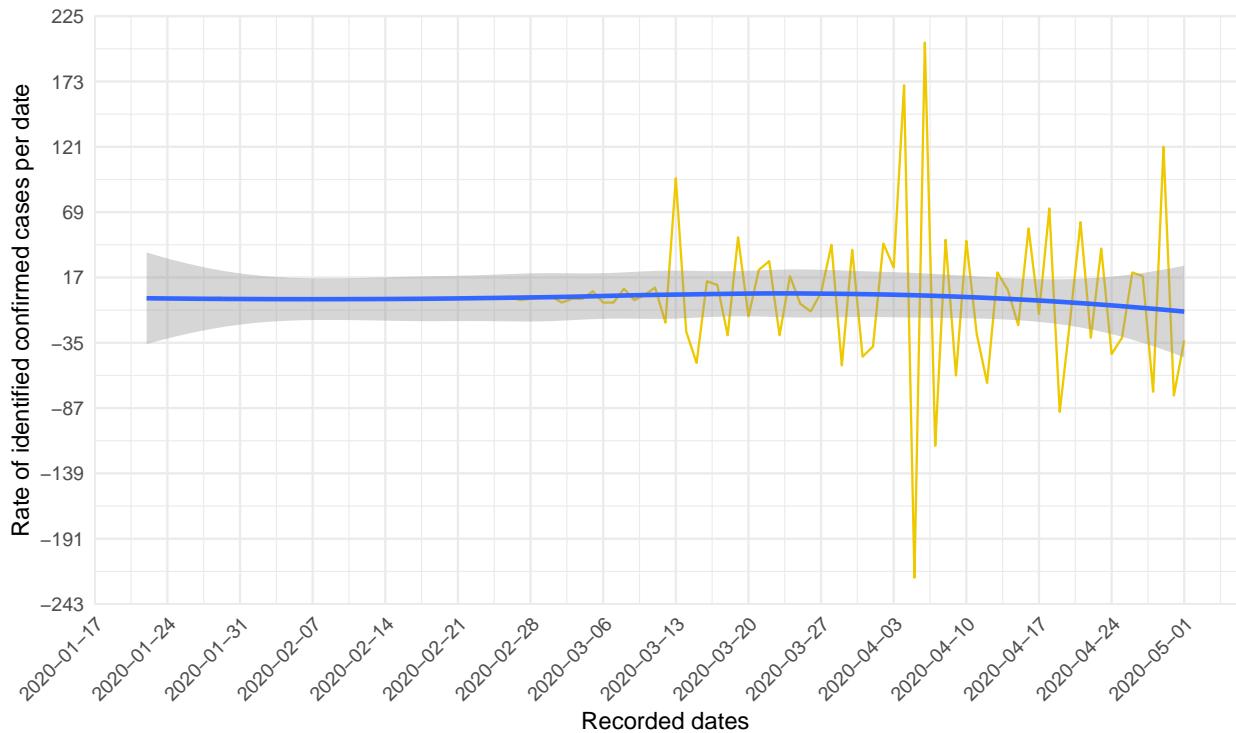

Fiji – rate of increase of confirmed cases over time

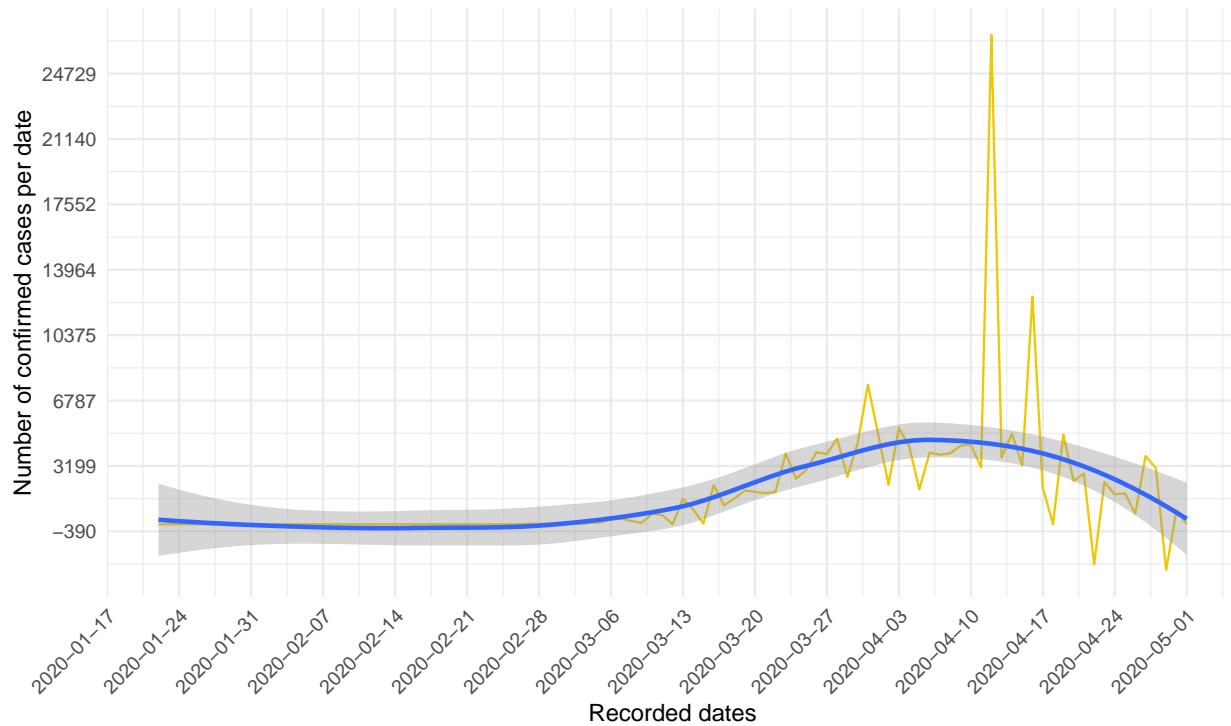

Finland – confirmed cases over time, total cases: 5,051

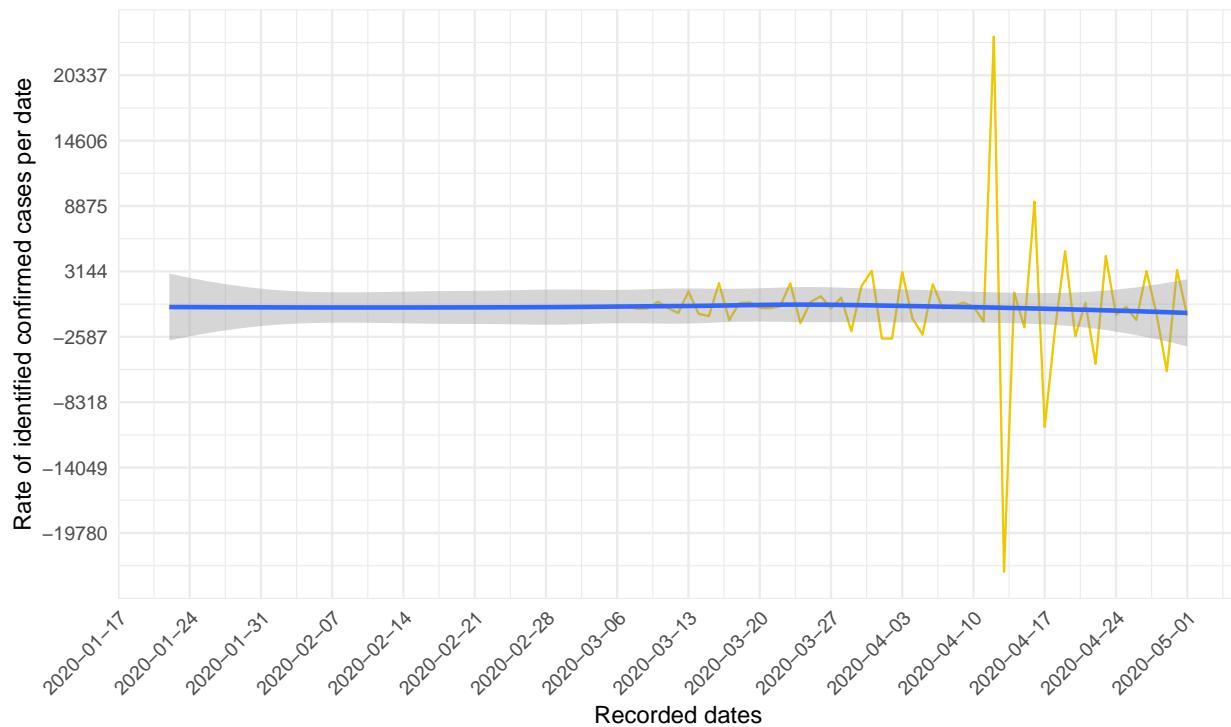

Finland – rate of increase of confirmed cases over time

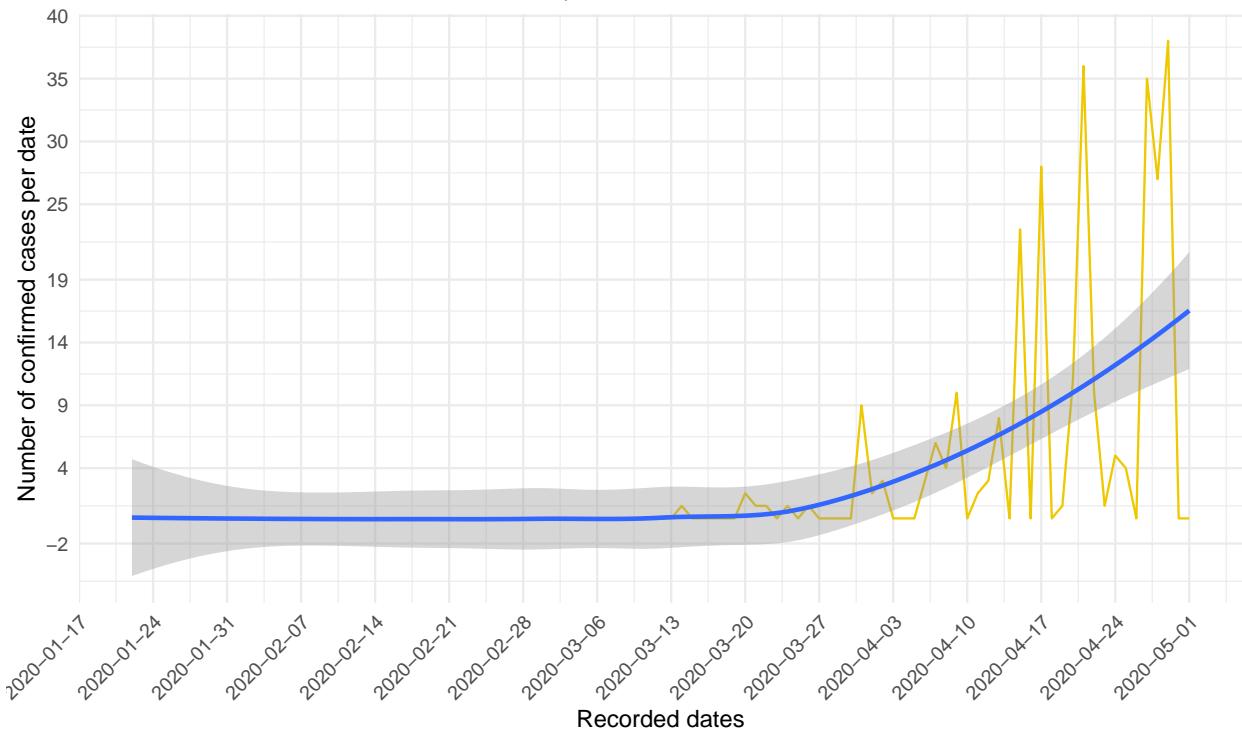

France – confirmed cases over time, total cases: 167,305

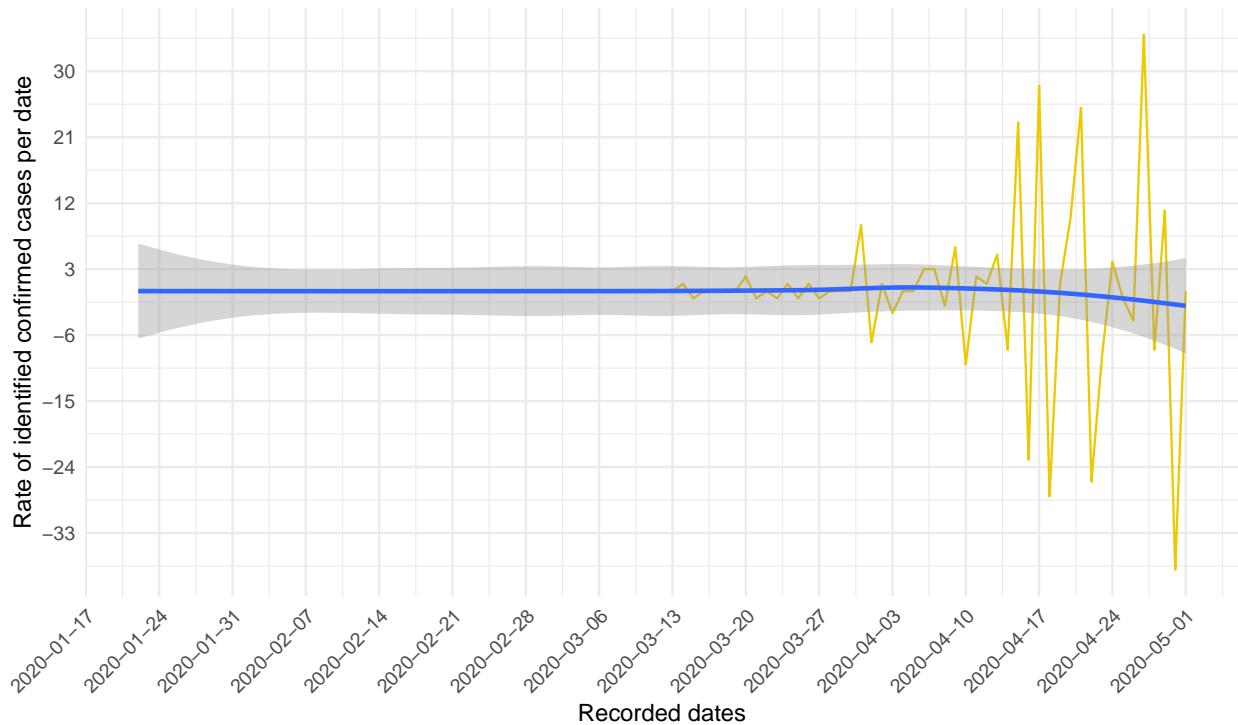

France – rate of increase of confirmed cases over time

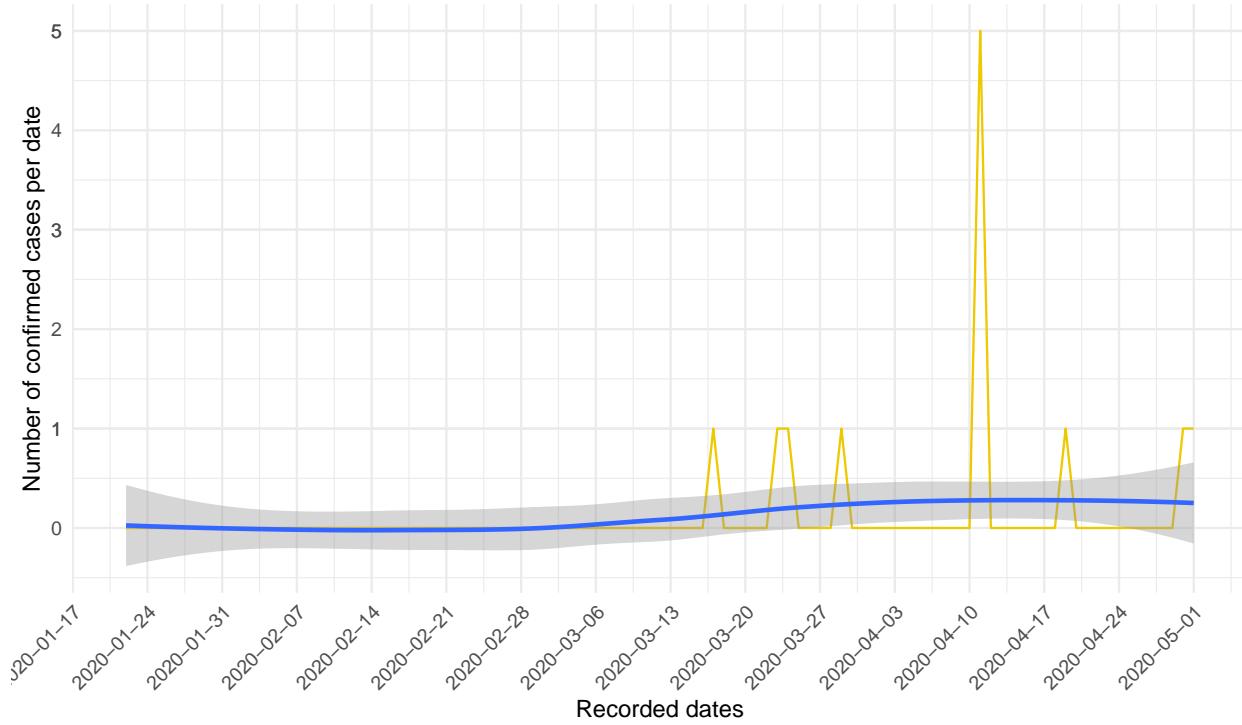

Gabon – confirmed cases over time, total cases: 276

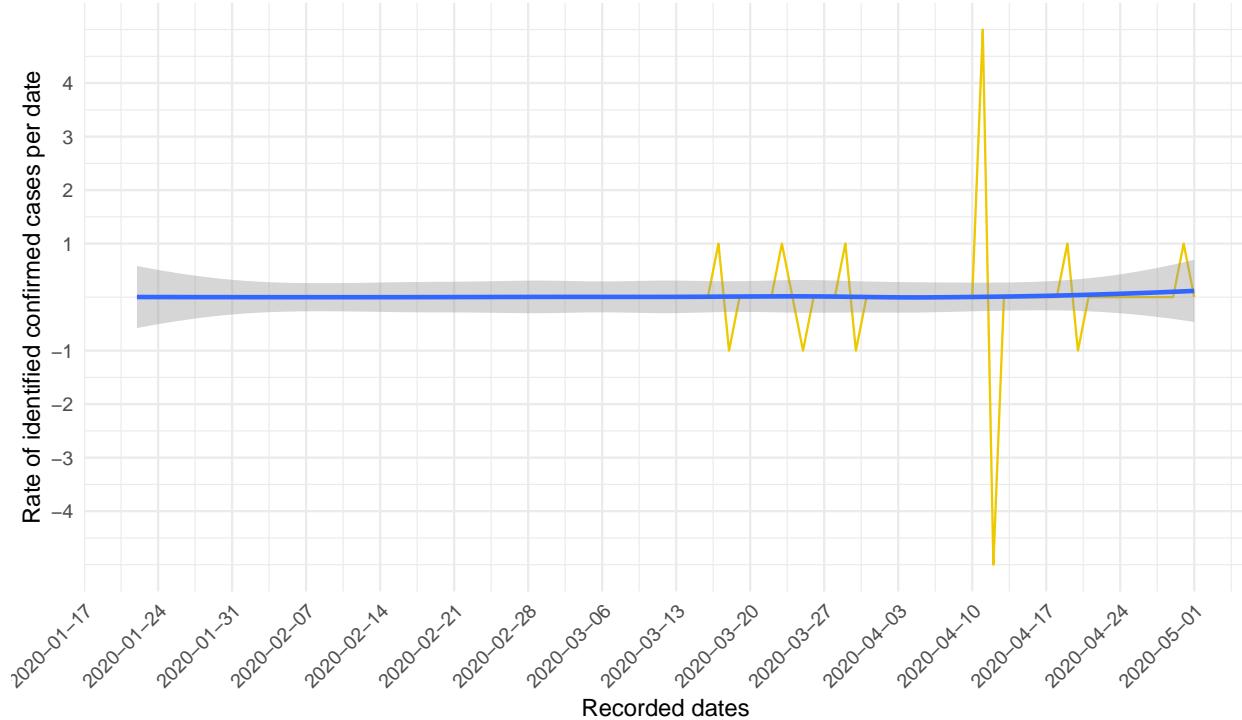

Gabon – rate of increase of confirmed cases over time

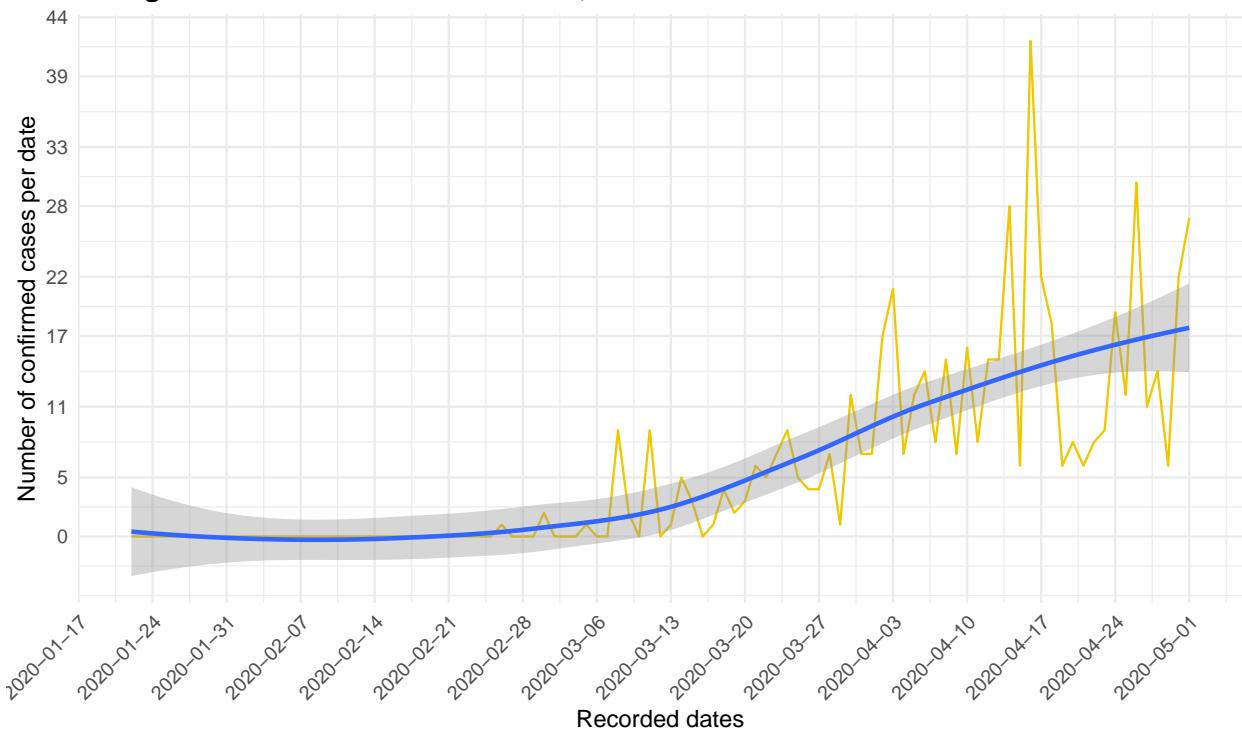

Gambia – confirmed cases over time, total cases: 12

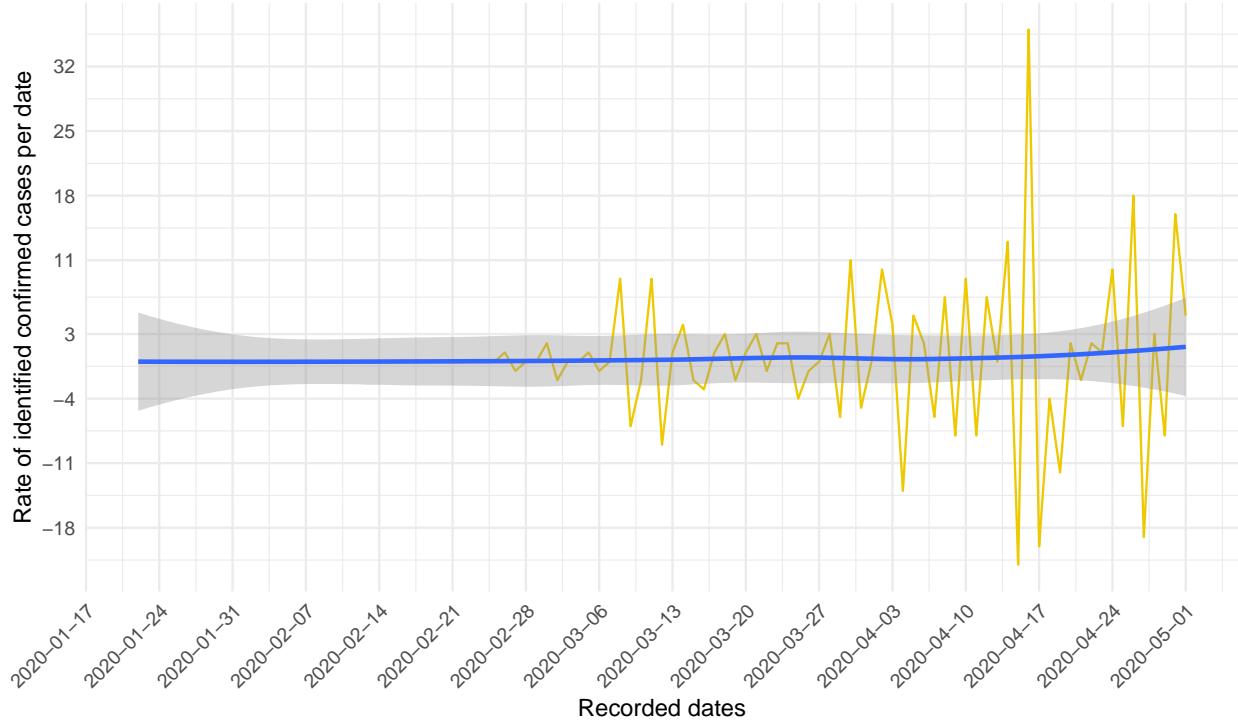

Gambia – rate of increase of confirmed cases over time

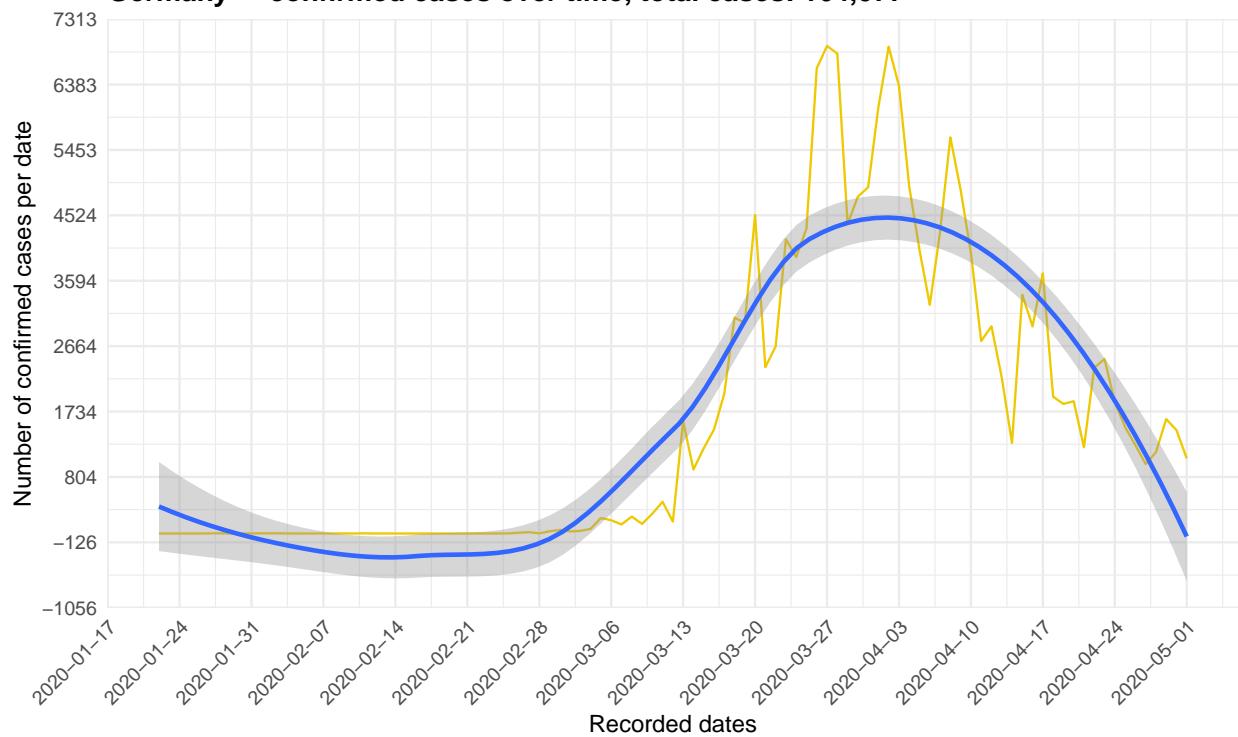

Georgia – confirmed cases over time, total cases: 566

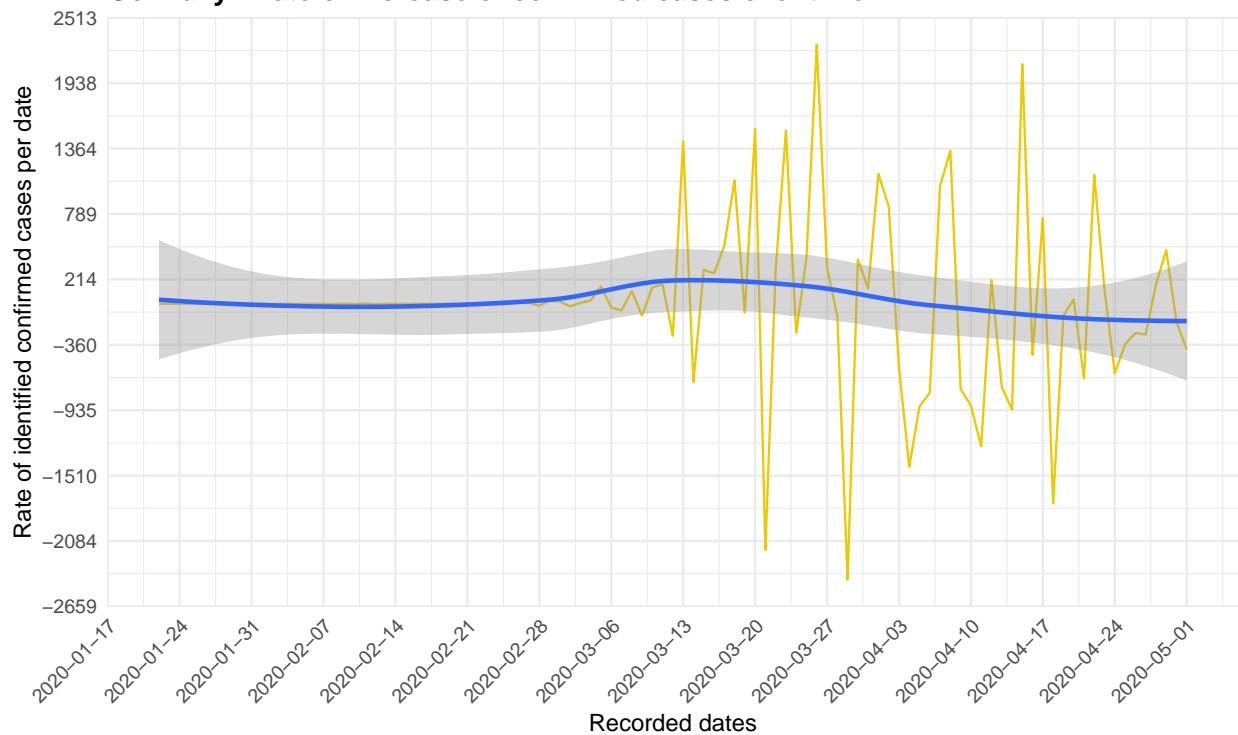

Georgia – rate of increase of confirmed cases over time

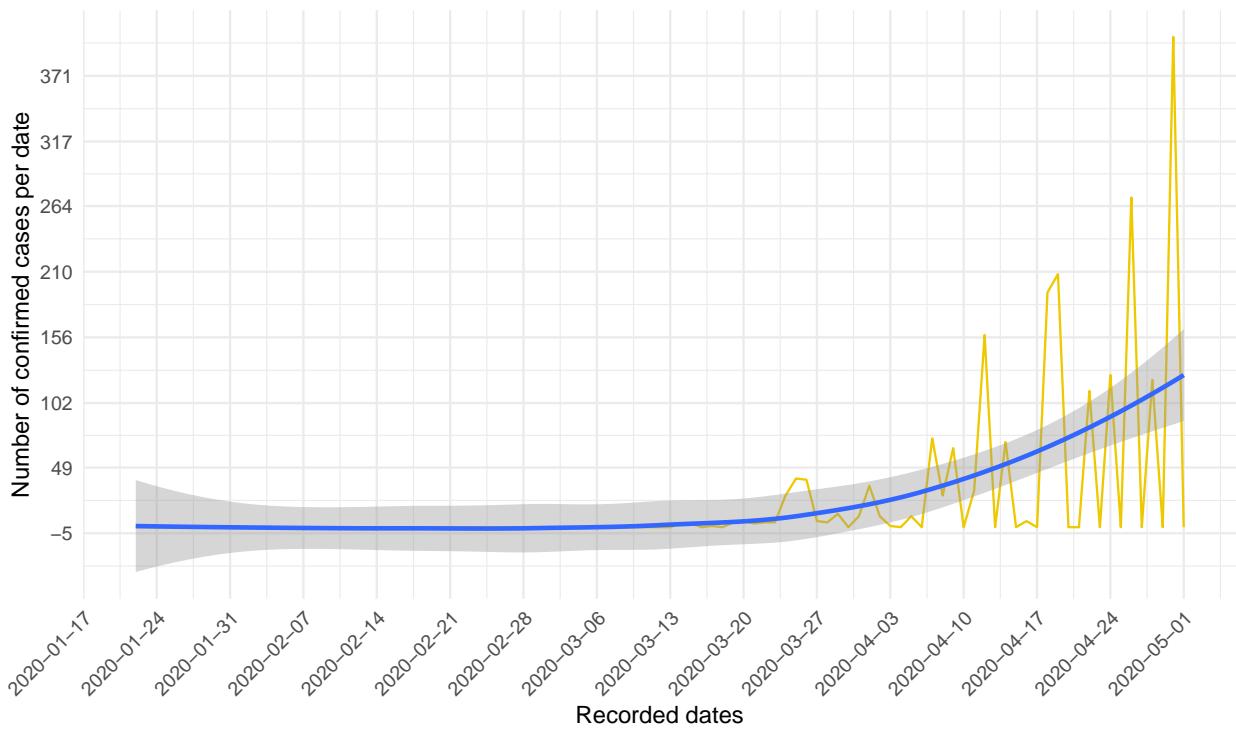

Germany – confirmed cases over time, total cases: 164,077

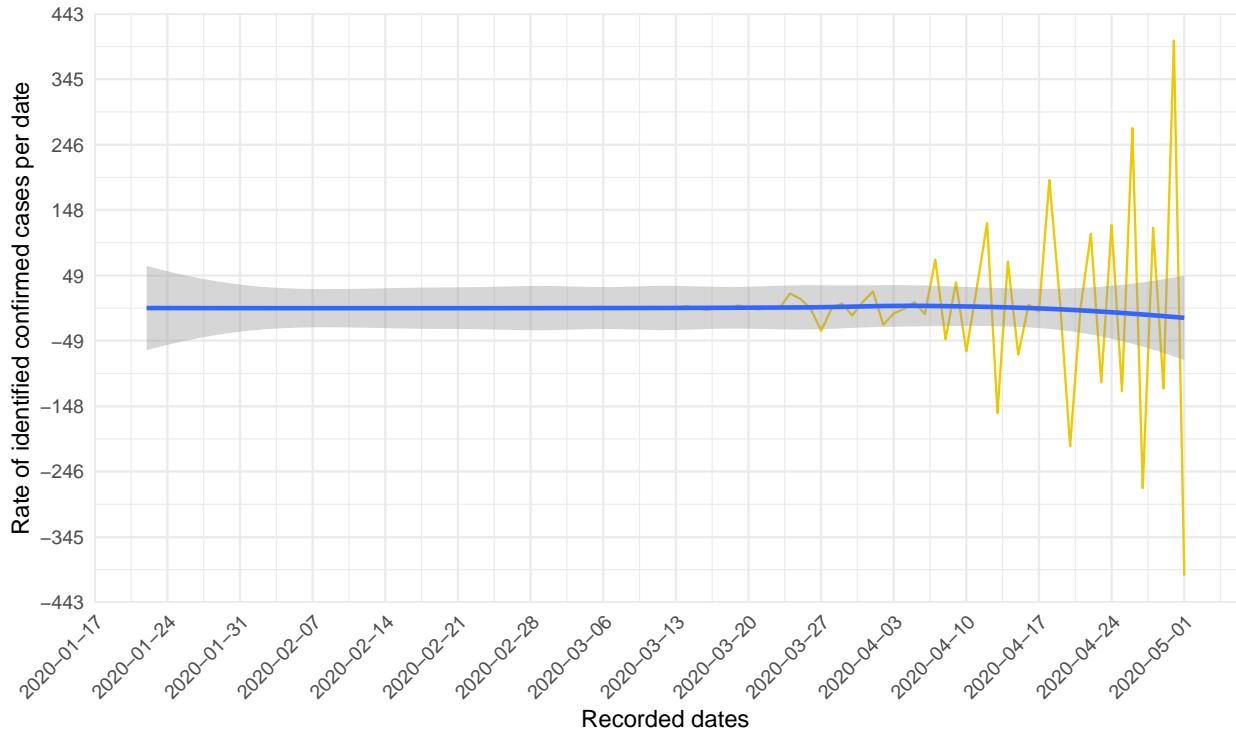

Germany – rate of increase of confirmed cases over time

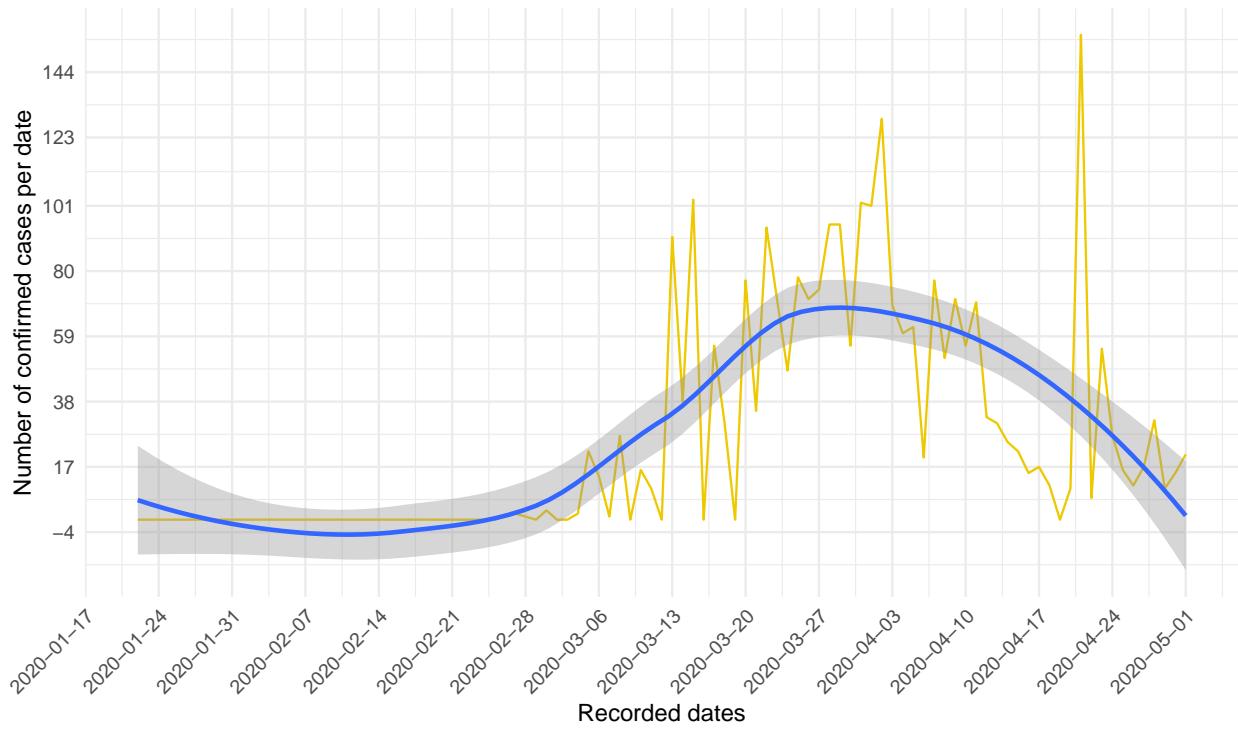

Ghana – confirmed cases over time, total cases: 2,074

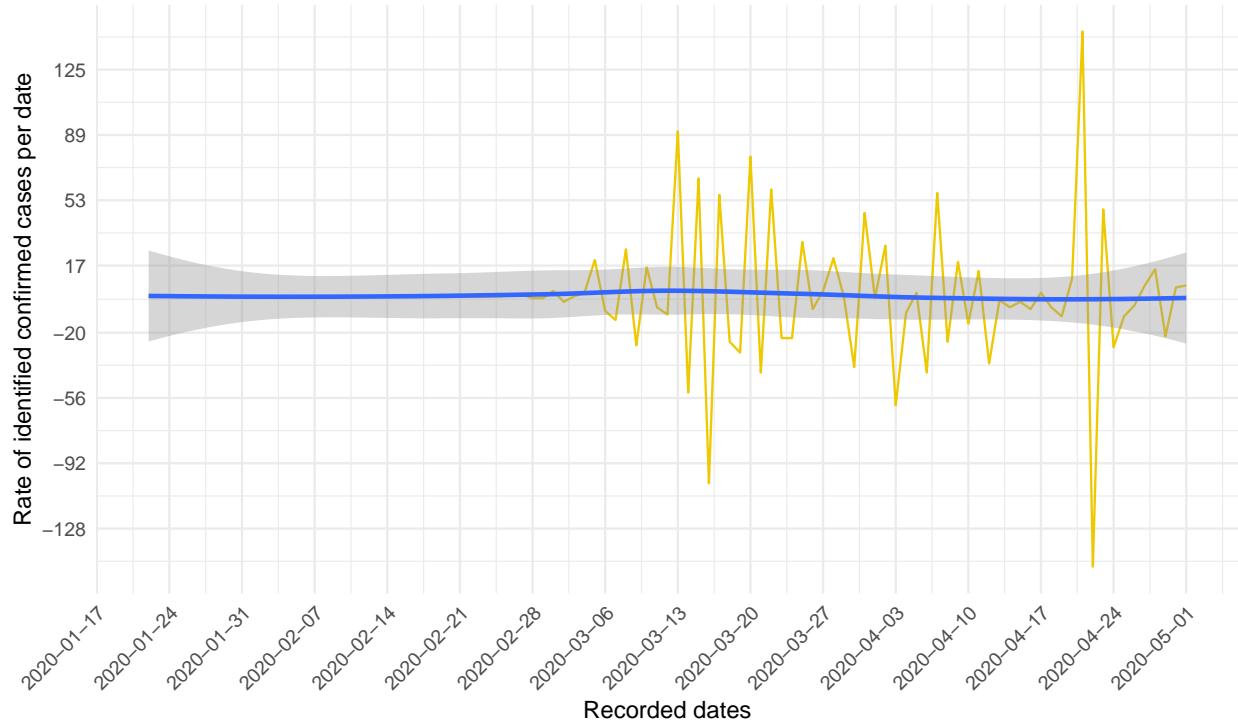

Ghana – rate of increase of confirmed cases over time

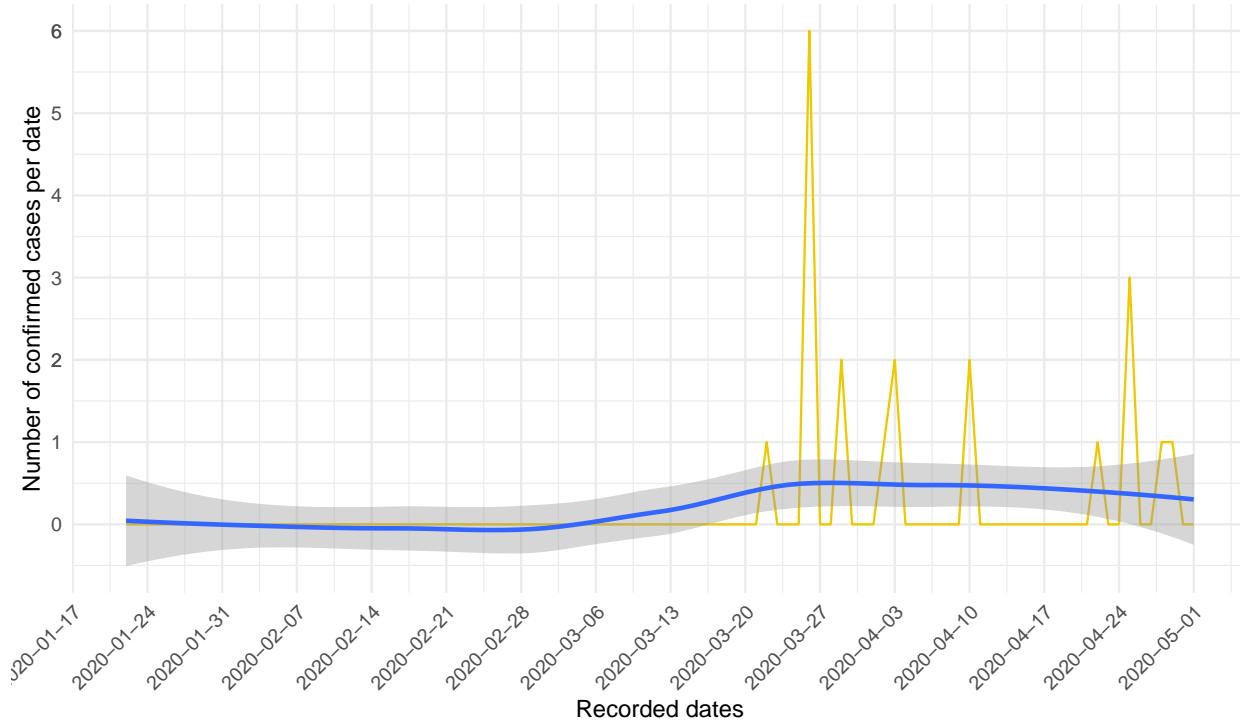

Greece – confirmed cases over time, total cases: 2,612

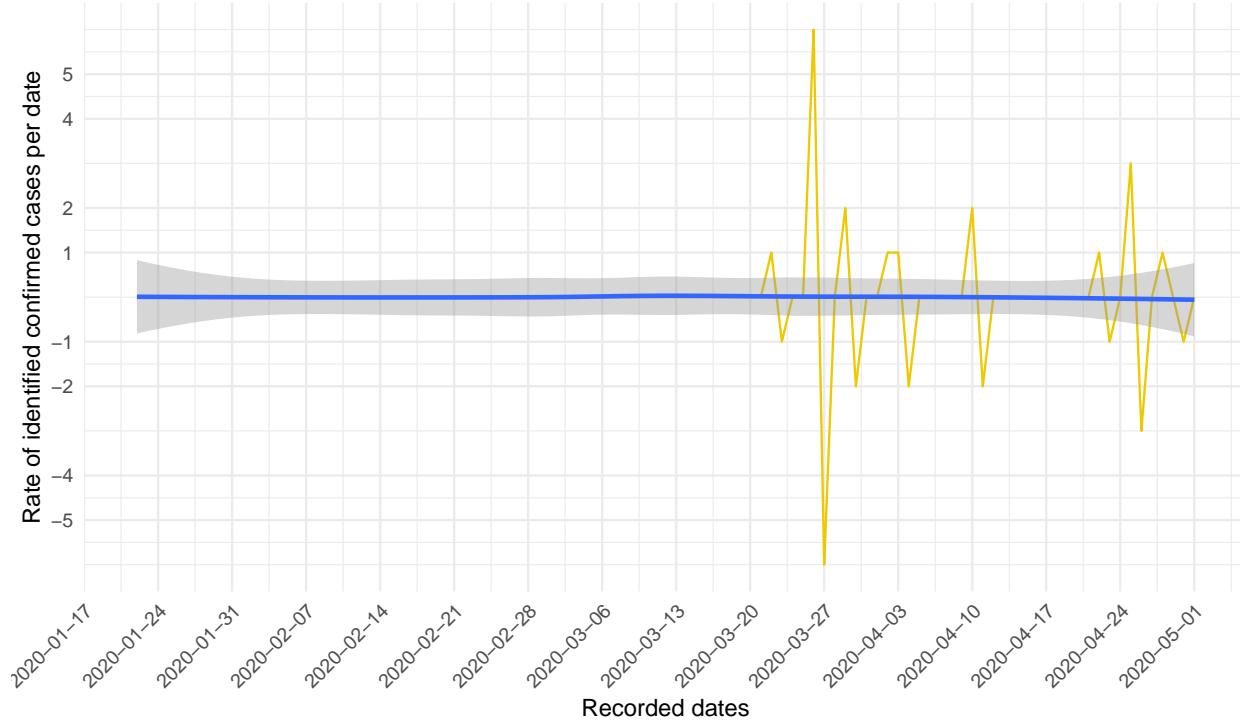

Greece – rate of increase of confirmed cases over time

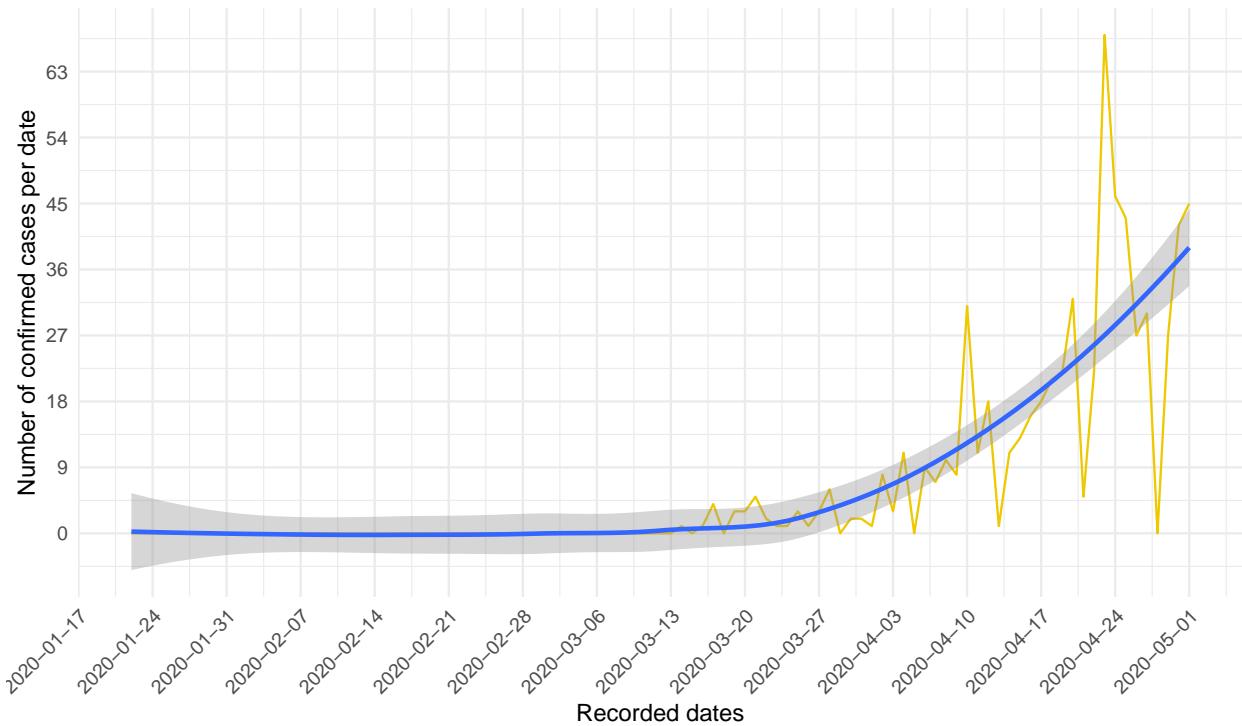

Grenada – confirmed cases over time, total cases: 20

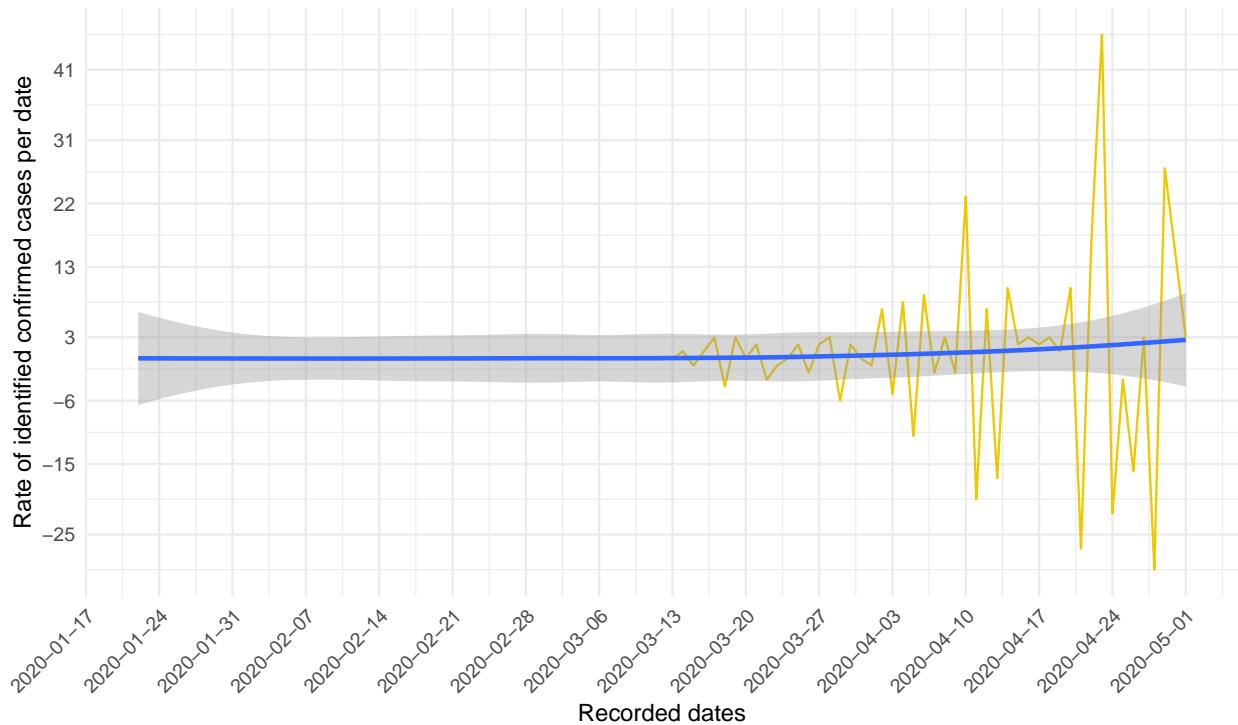

Grenada – rate of increase of confirmed cases over time

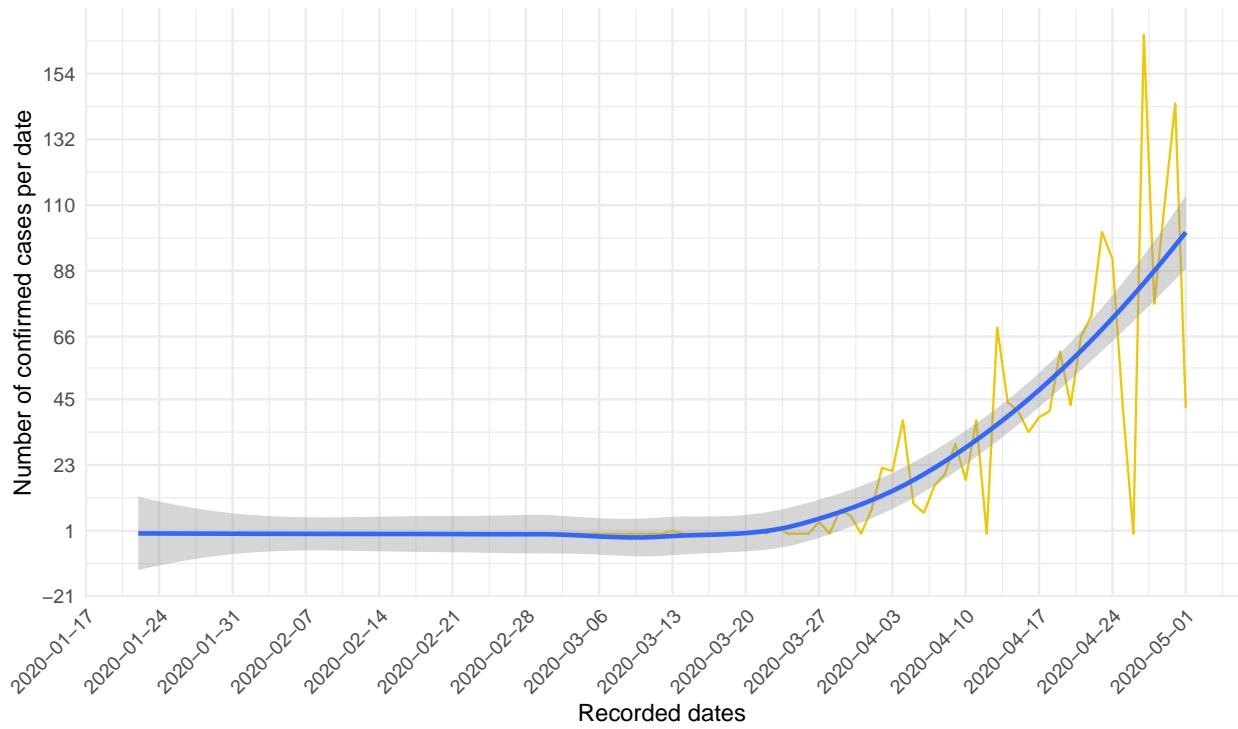

Guatemala – confirmed cases over time, total cases: 644

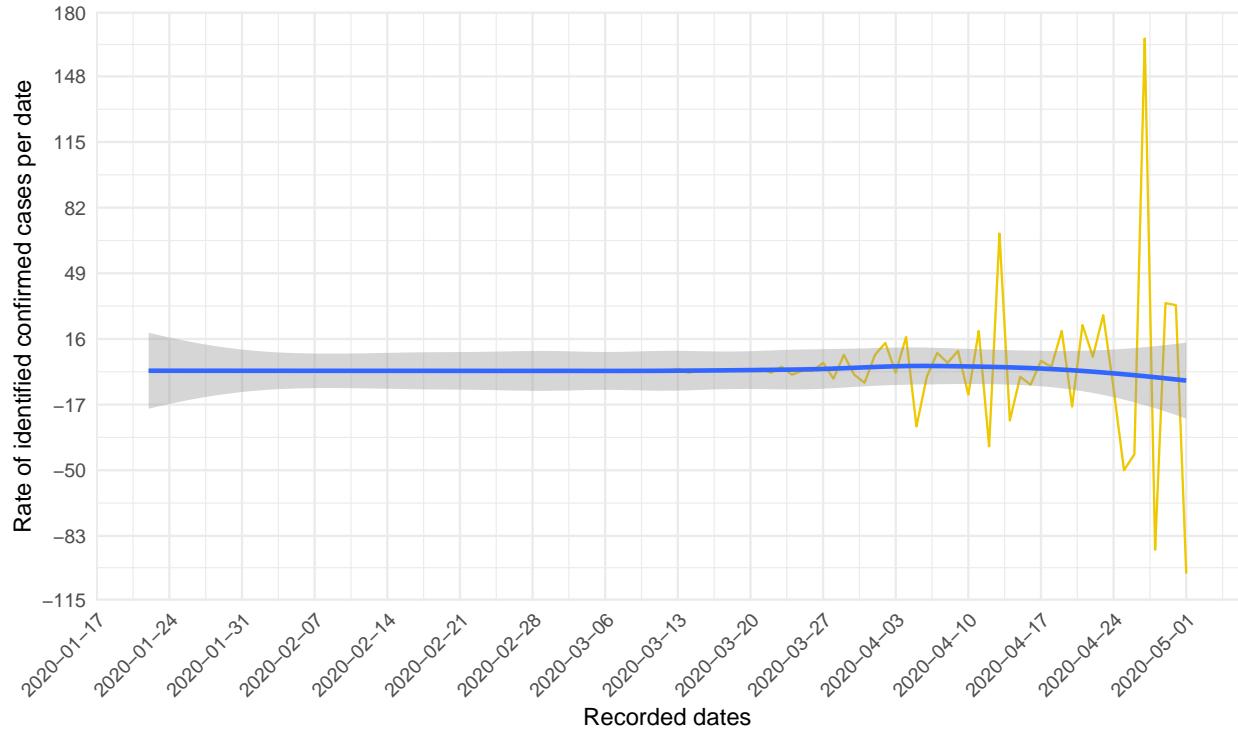

Guatemala – rate of increase of confirmed cases over time

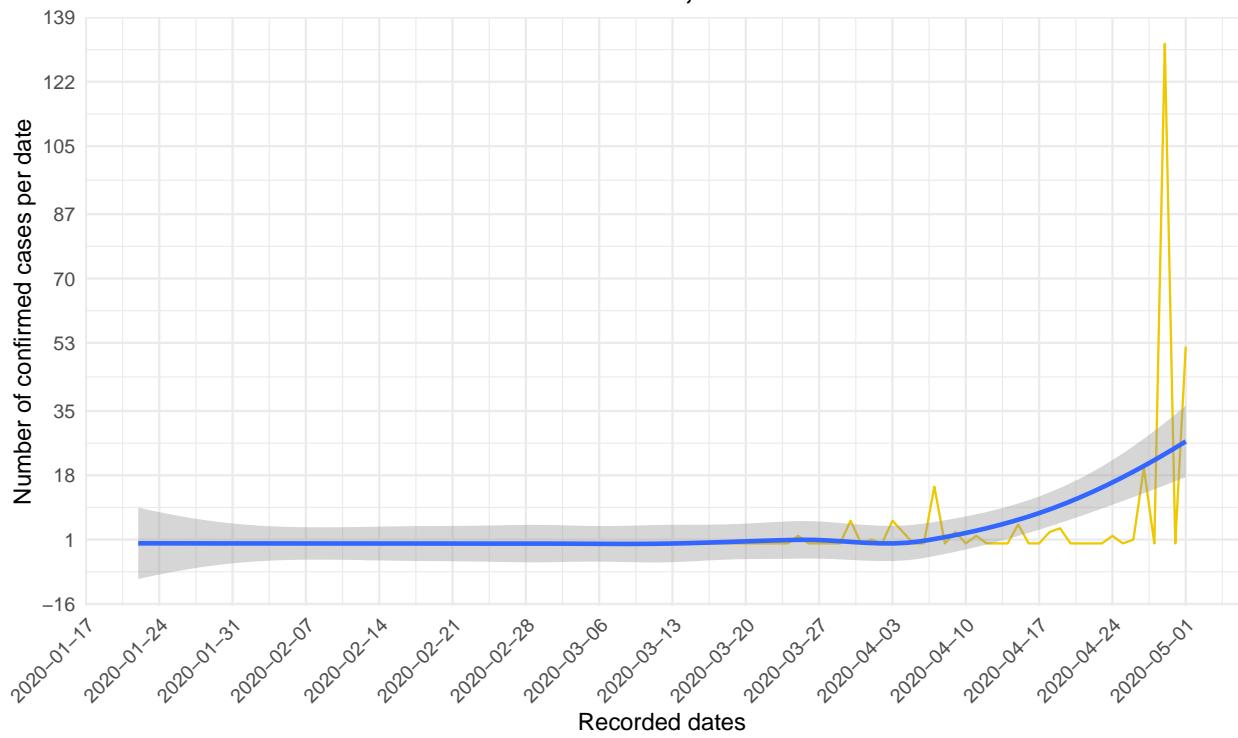

Guinea – confirmed cases over time, total cases: 1,537

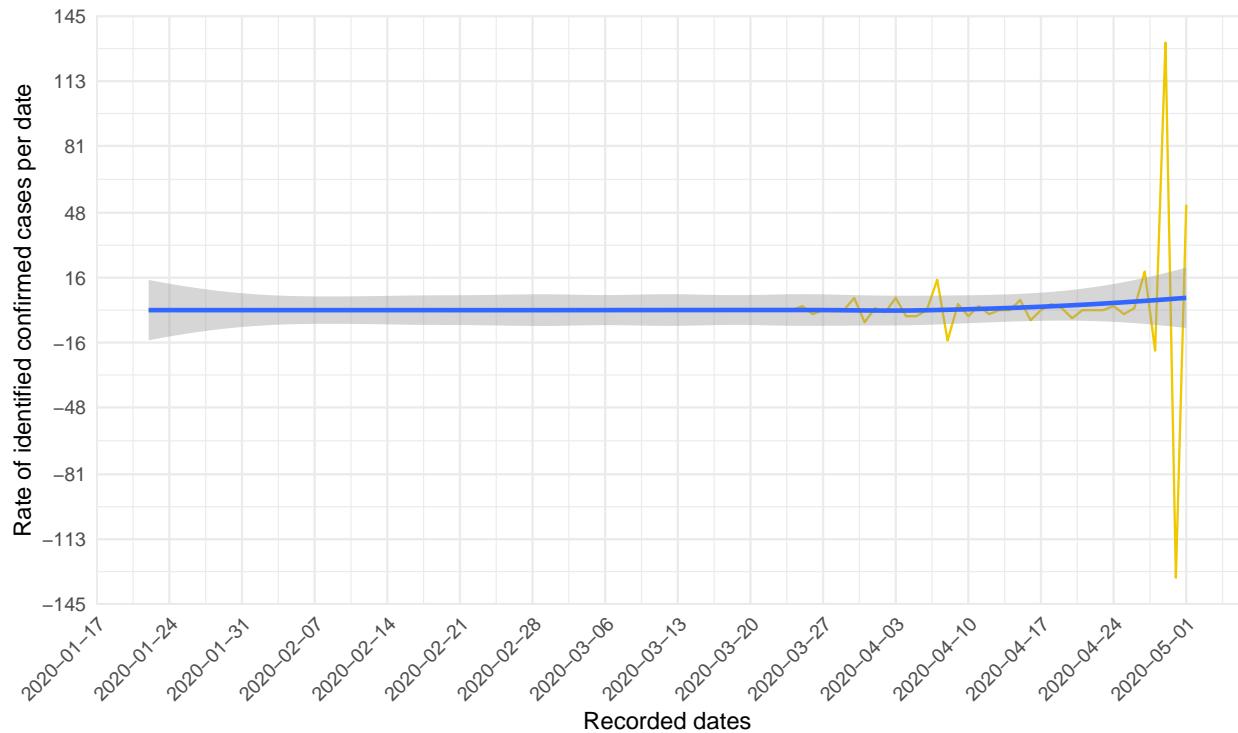

Guinea – rate of increase of confirmed cases over time

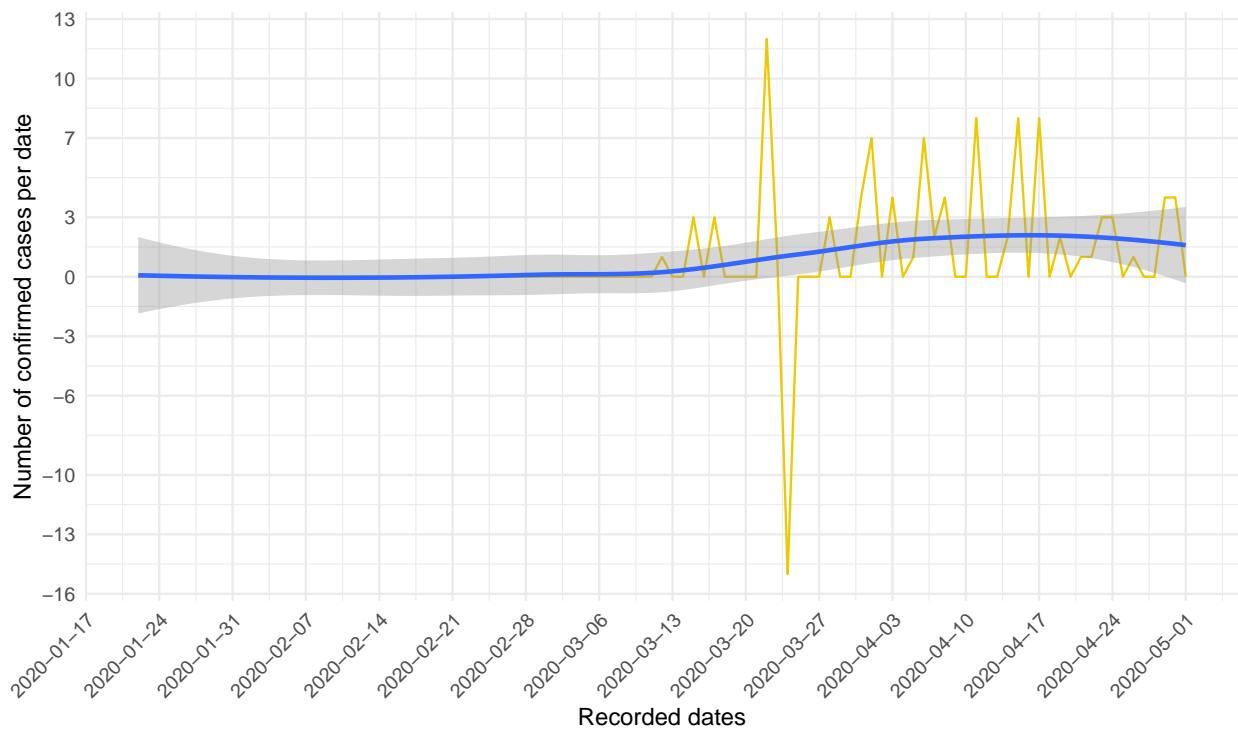

Guinea-Bissau – confirmed cases over time, total cases: 257

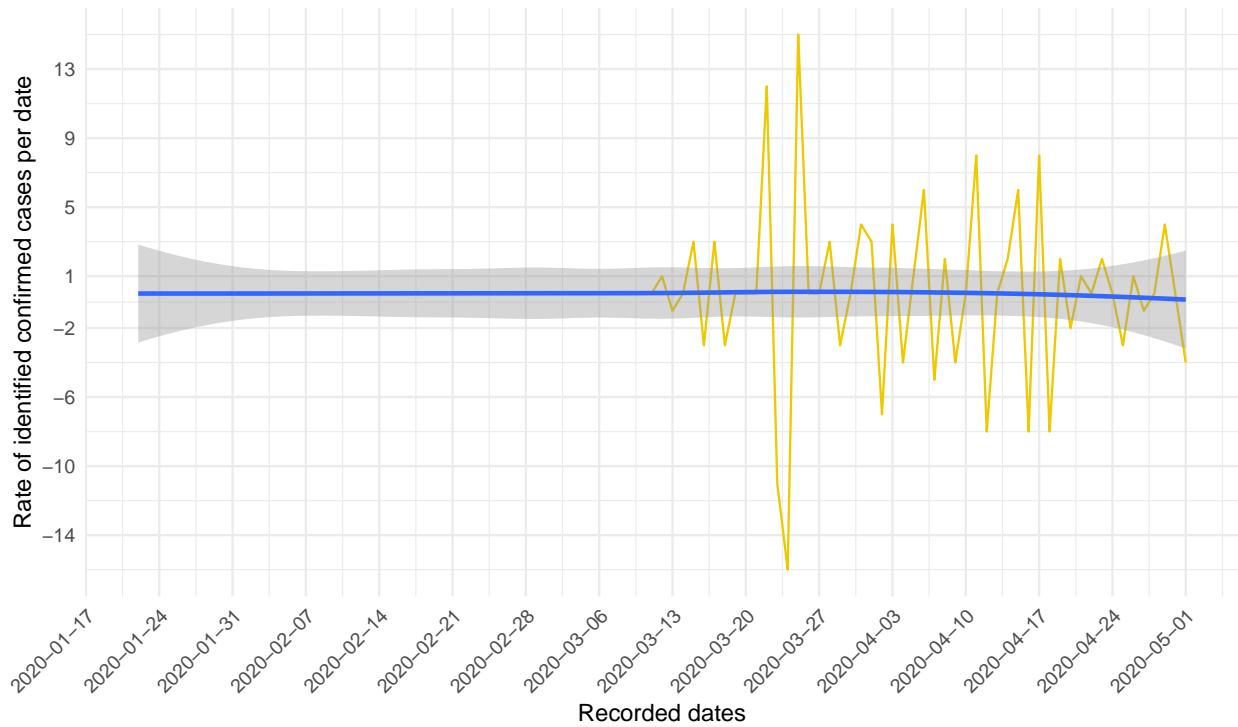

Guinea-Bissau – rate of increase of confirmed cases over time

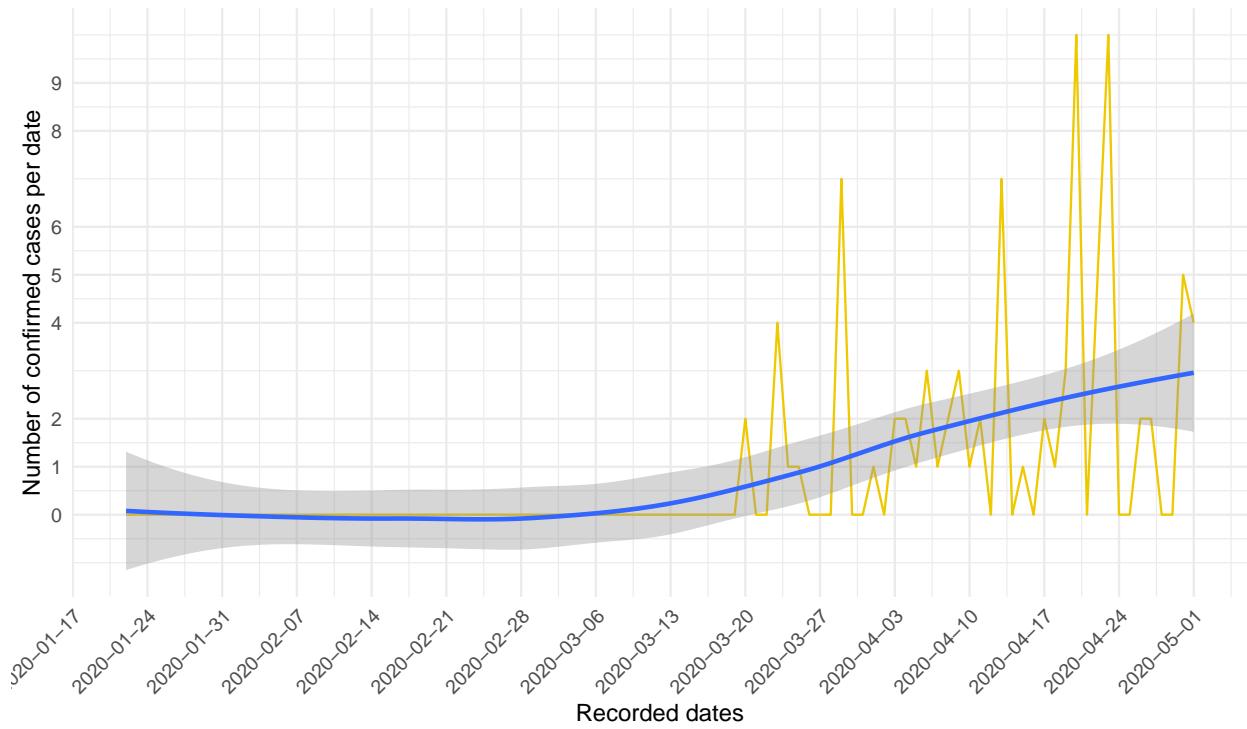

Guyana – confirmed cases over time, total cases: 82

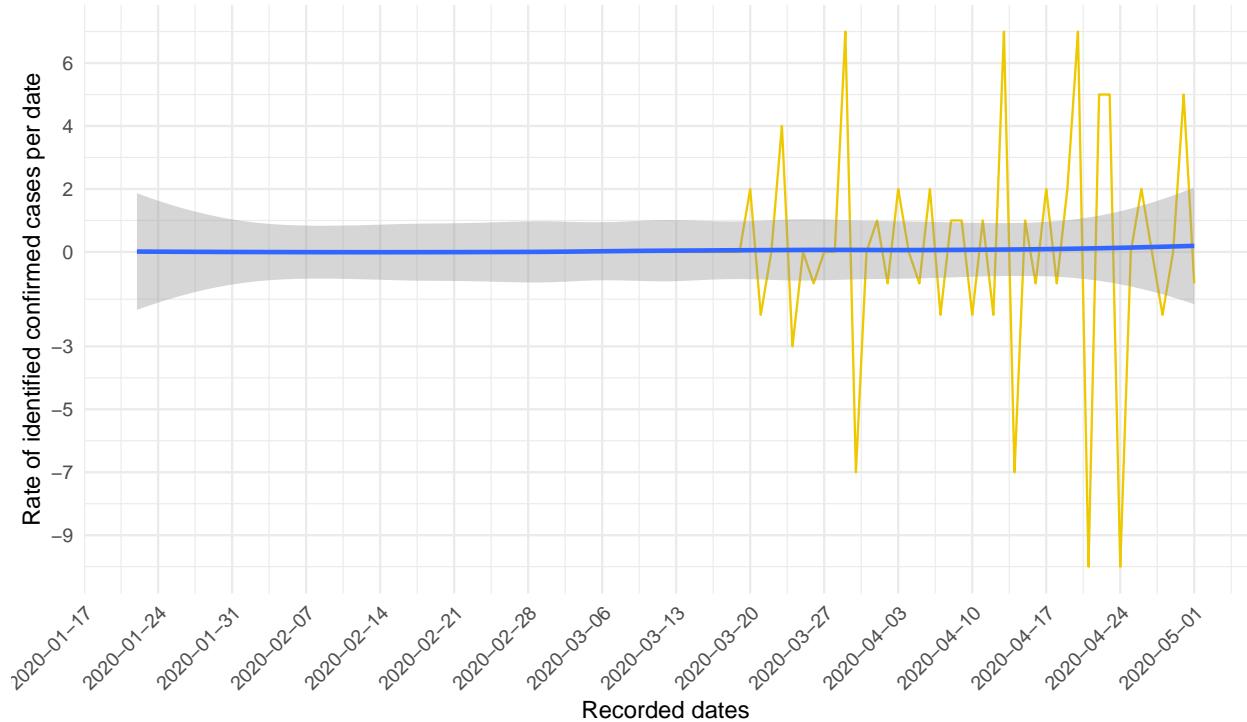

Guyana – rate of increase of confirmed cases over time

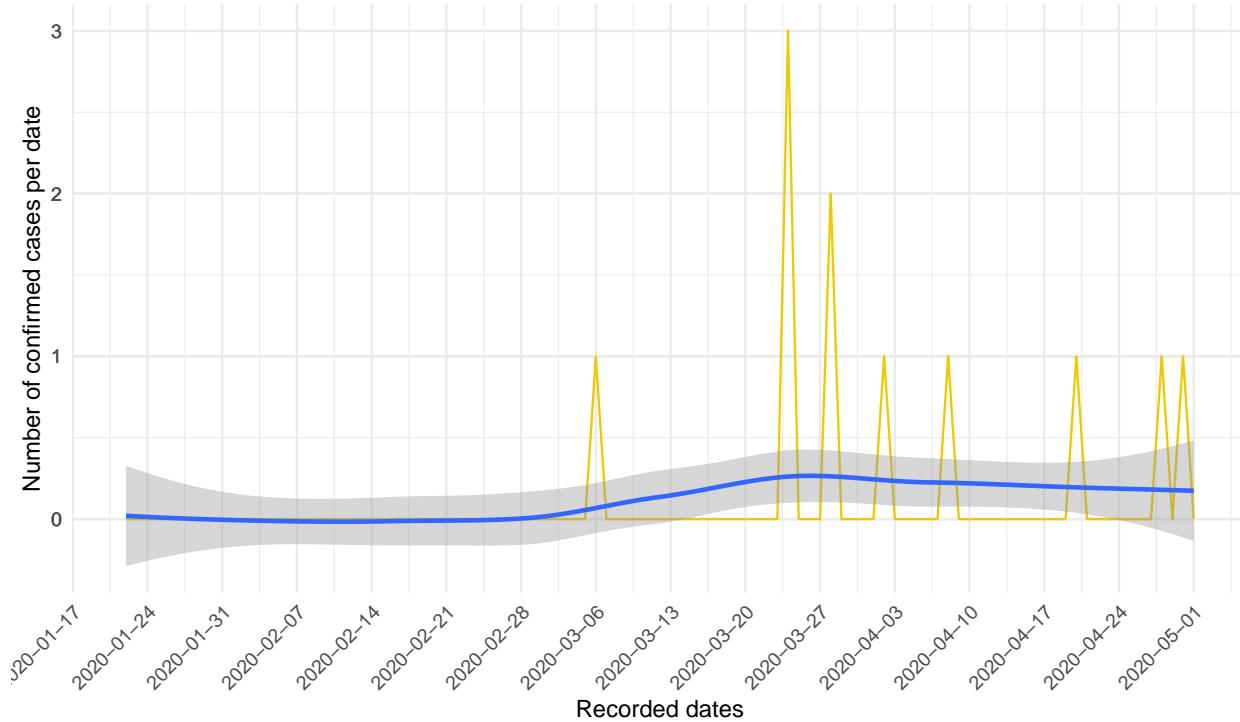

Haiti – confirmed cases over time, total cases: 85

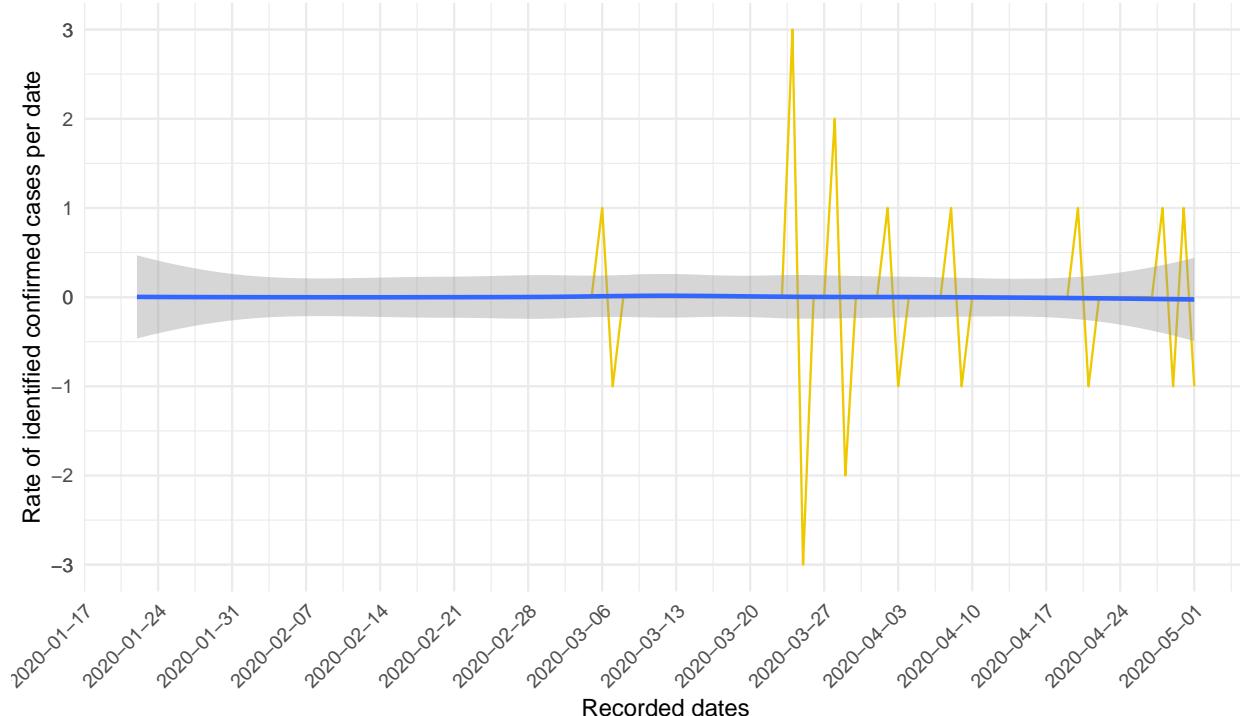

Haiti – rate of increase of confirmed cases over time

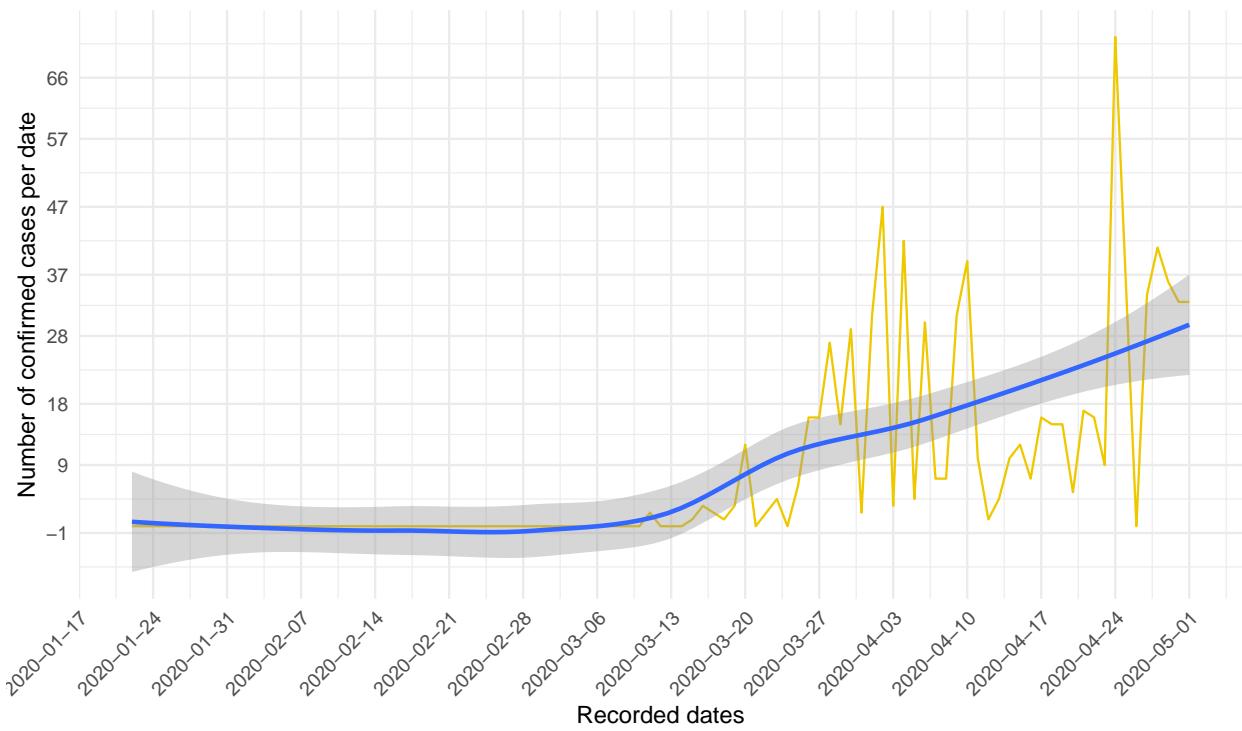

Holy See – confirmed cases over time, total cases: 11

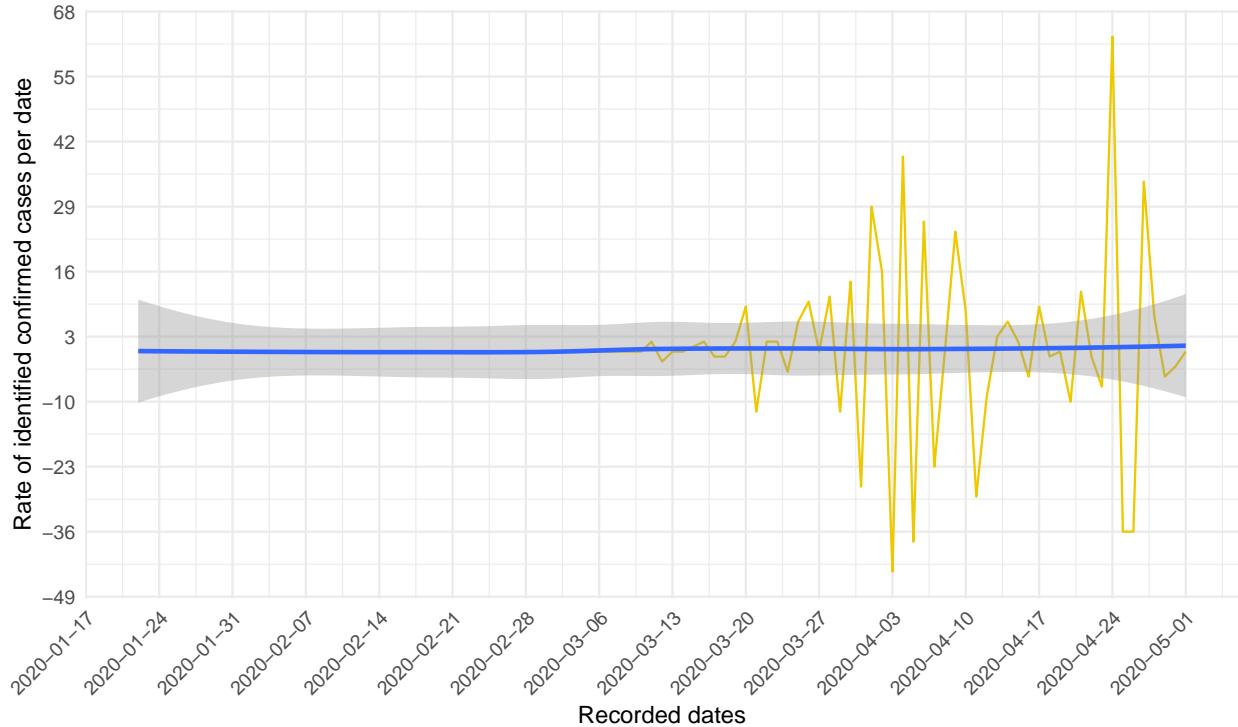

Holy See – rate of increase of confirmed cases over time

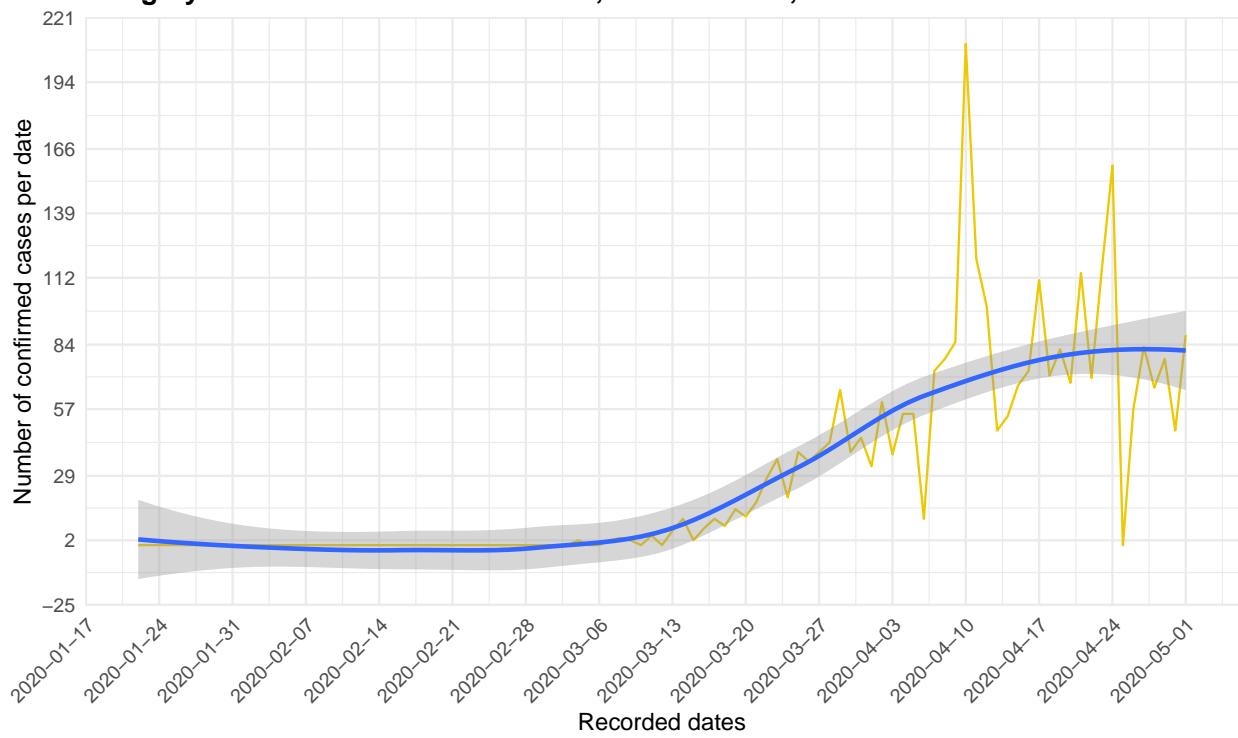

Honduras – confirmed cases over time, total cases: 804

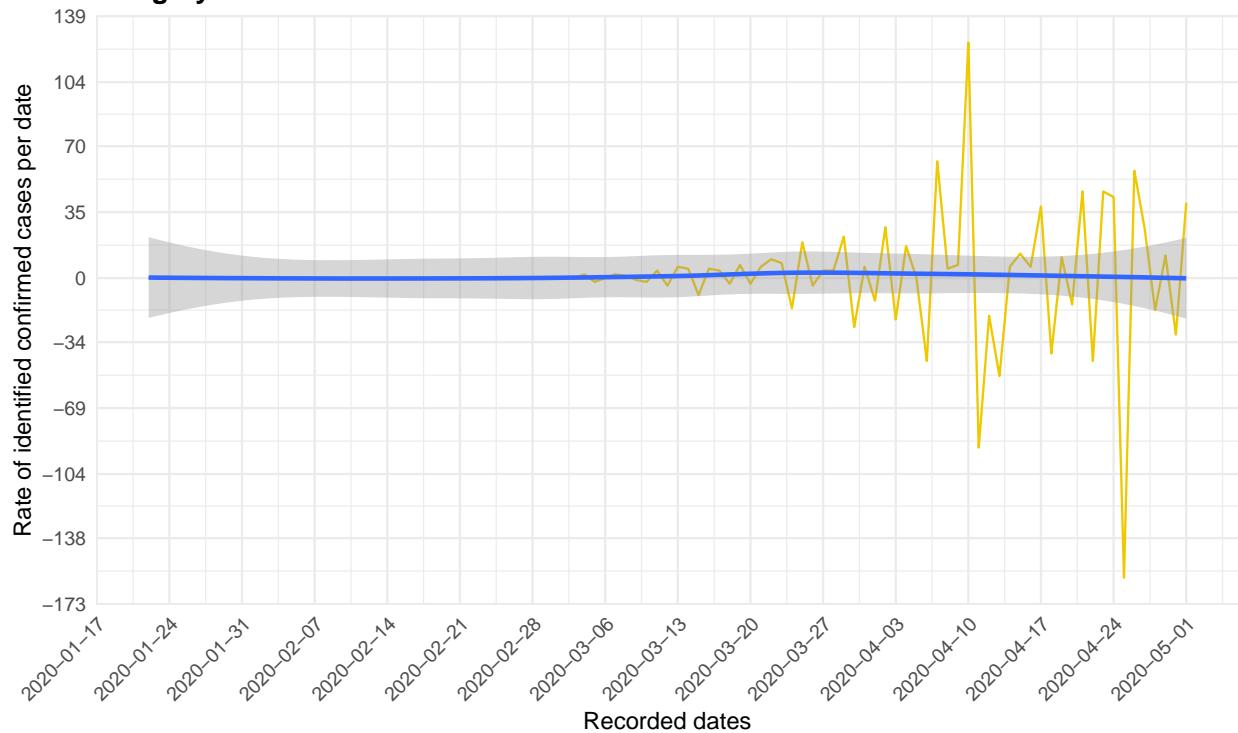

Honduras – rate of increase of confirmed cases over time

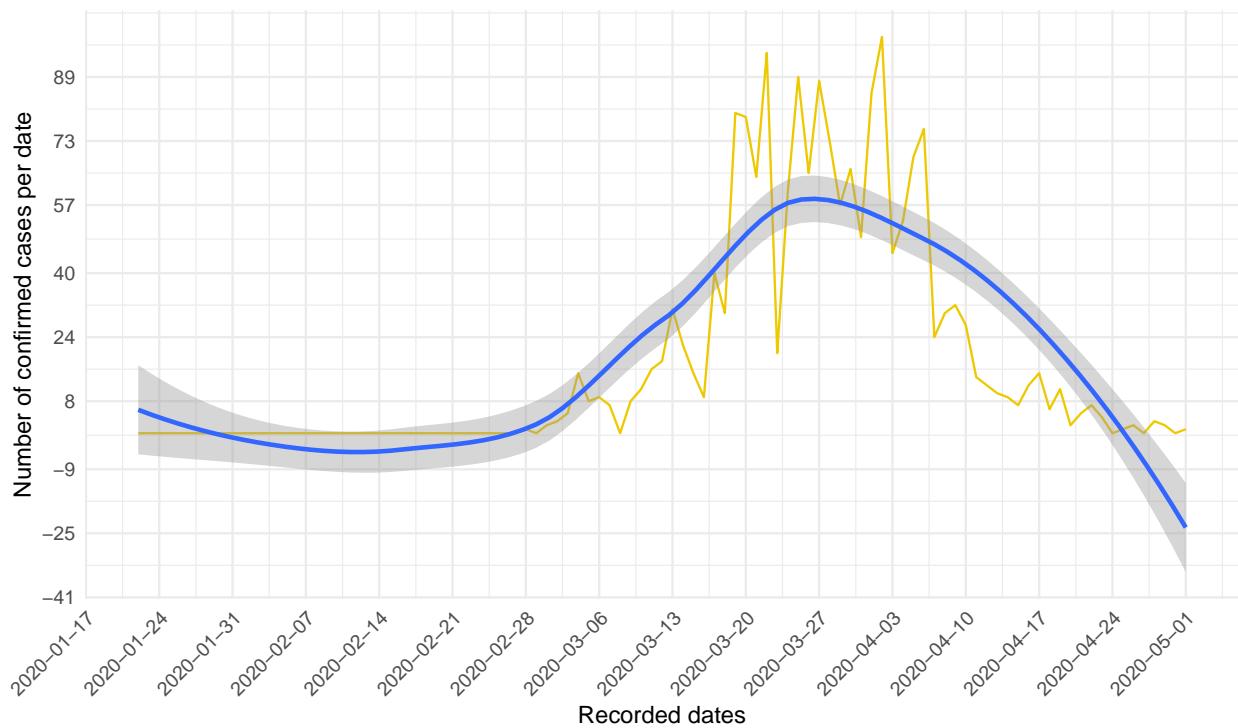

Hungary – confirmed cases over time, total cases: 2,863

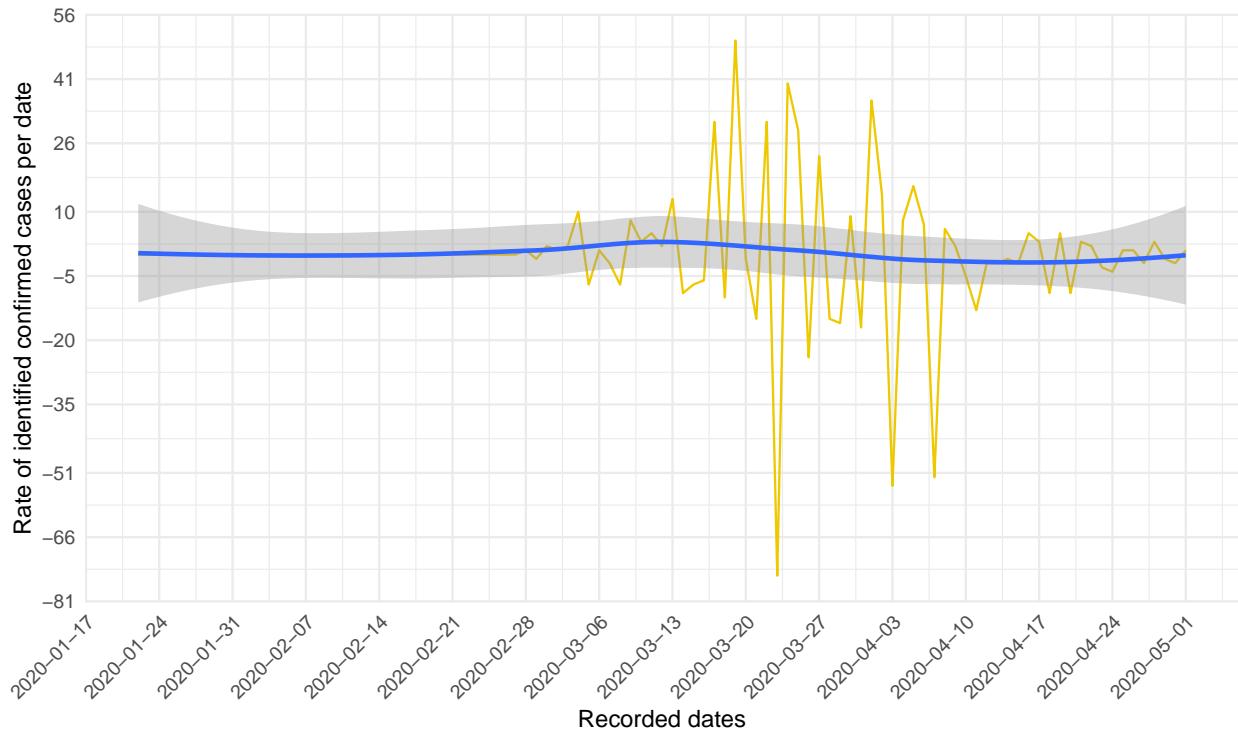

Hungary – rate of increase of confirmed cases over time

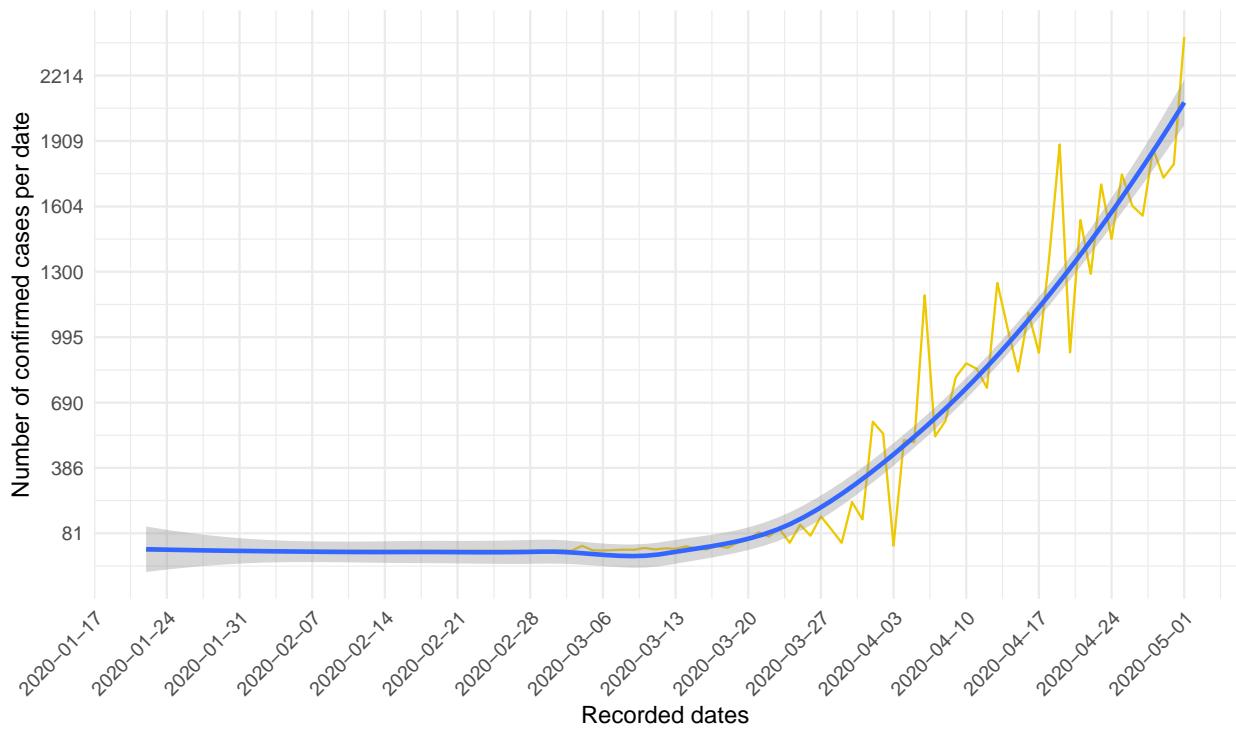

Iceland – confirmed cases over time, total cases: 1,798

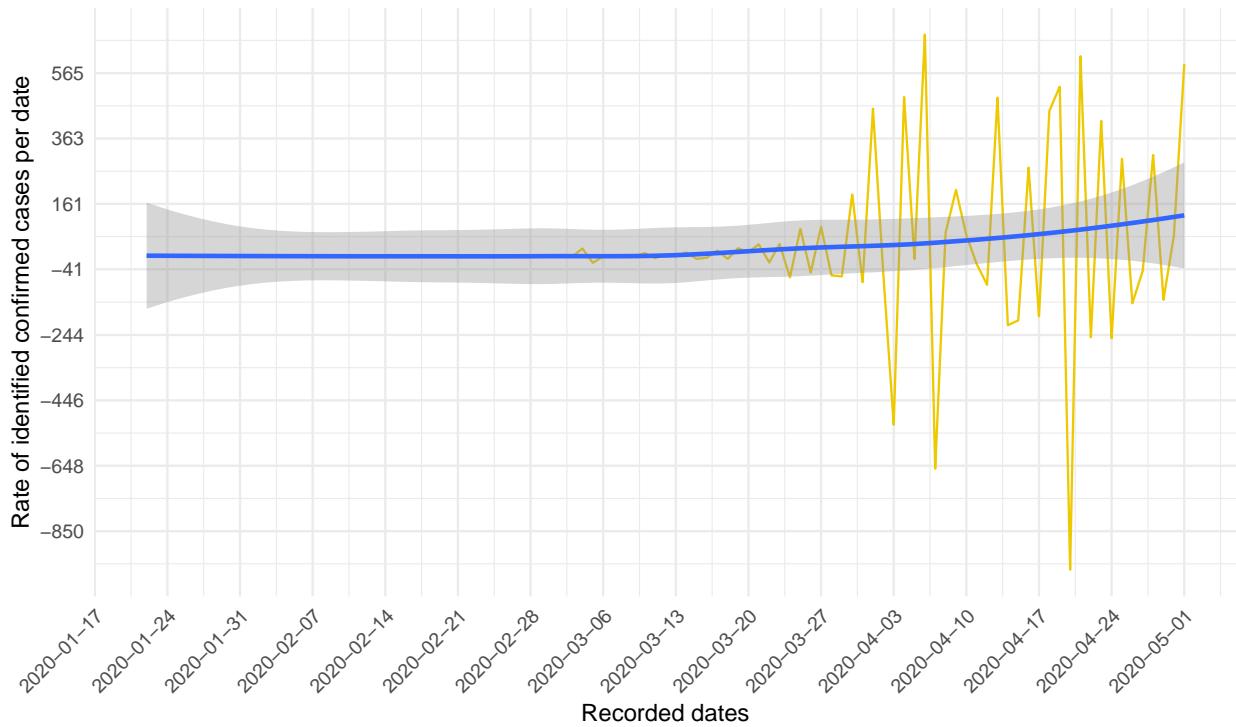

Iceland – rate of increase of confirmed cases over time

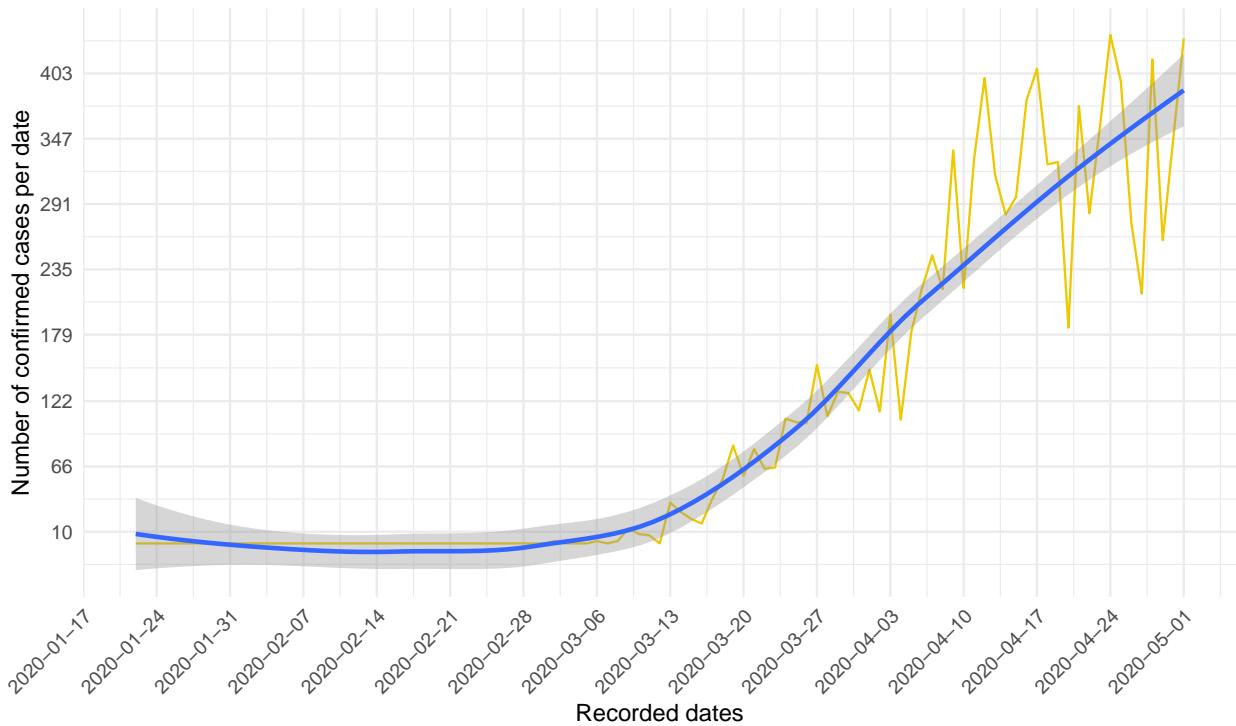

India – confirmed cases over time, total cases: 37,257

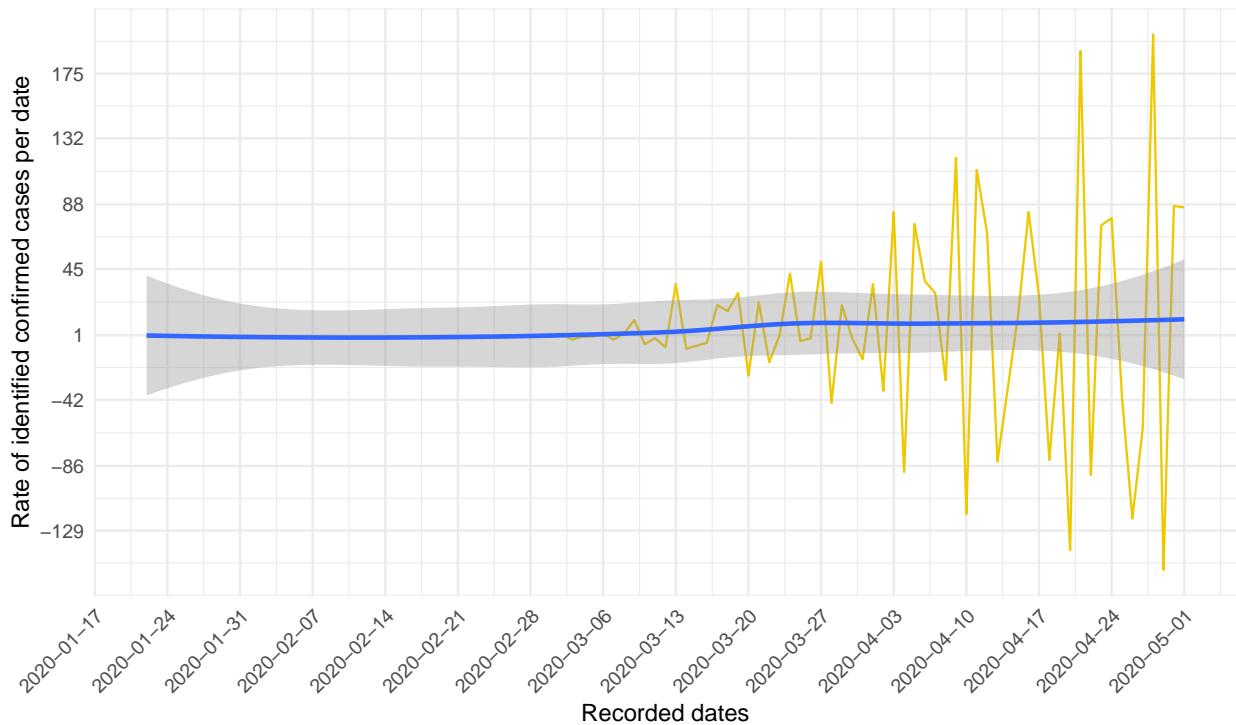

India – rate of increase of confirmed cases over time

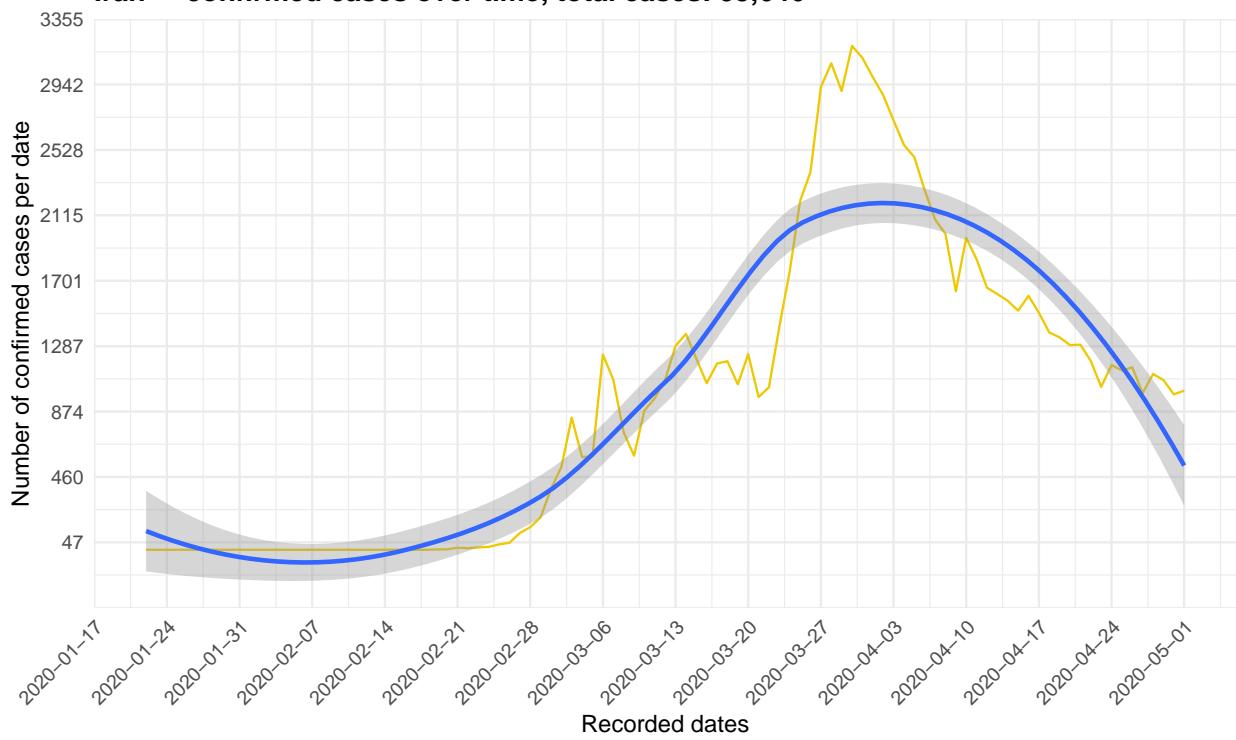

Indonesia – confirmed cases over time, total cases: 10,551

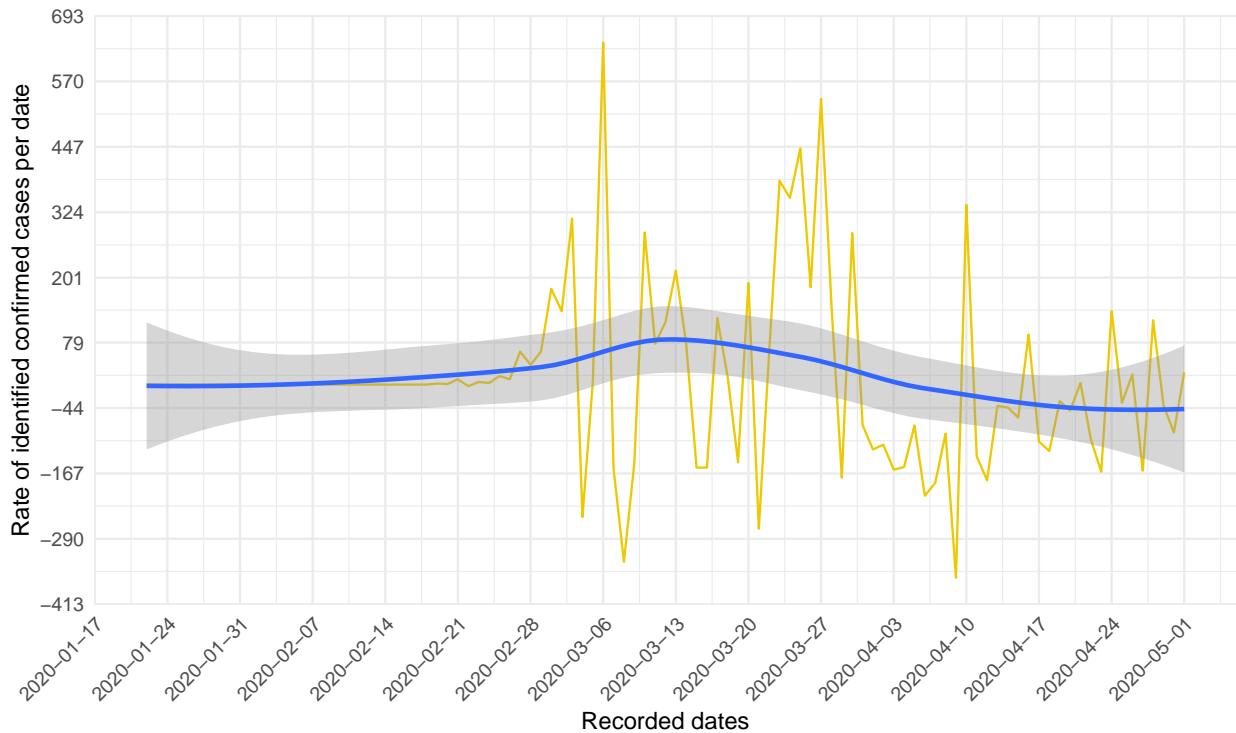

Indonesia – rate of increase of confirmed cases over time

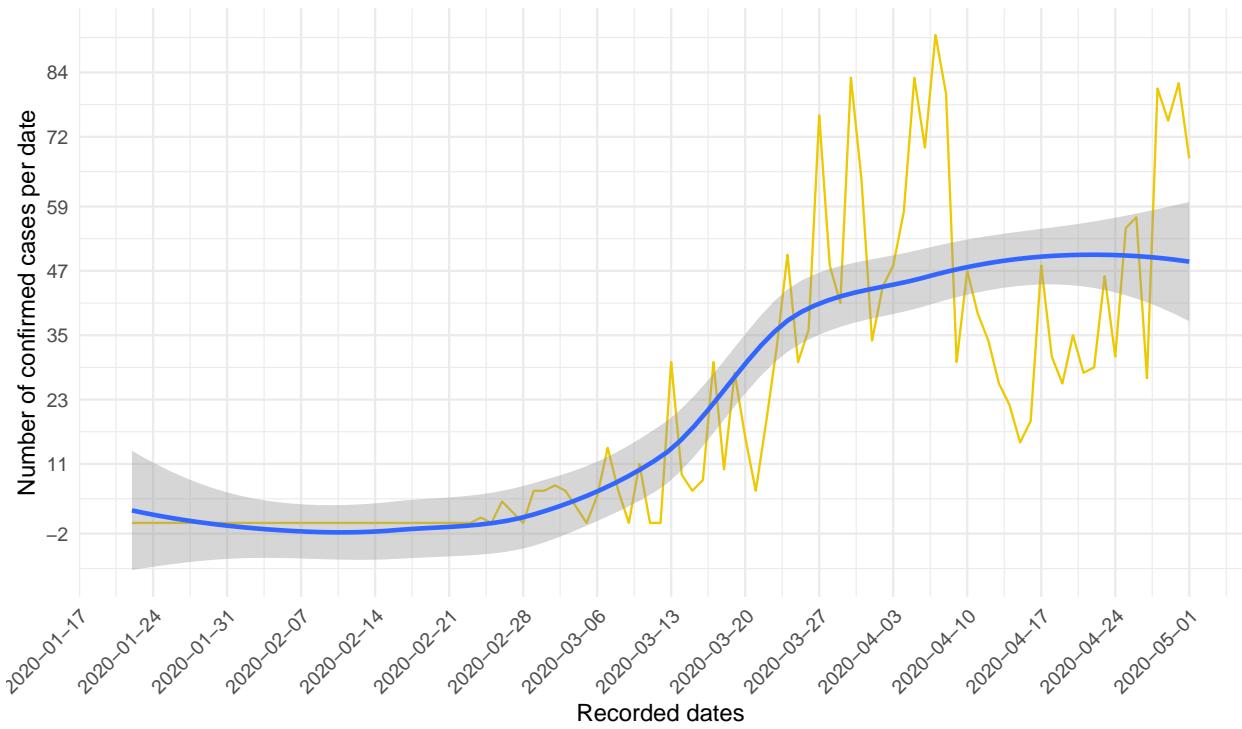

Iran – confirmed cases over time, total cases: 95,646

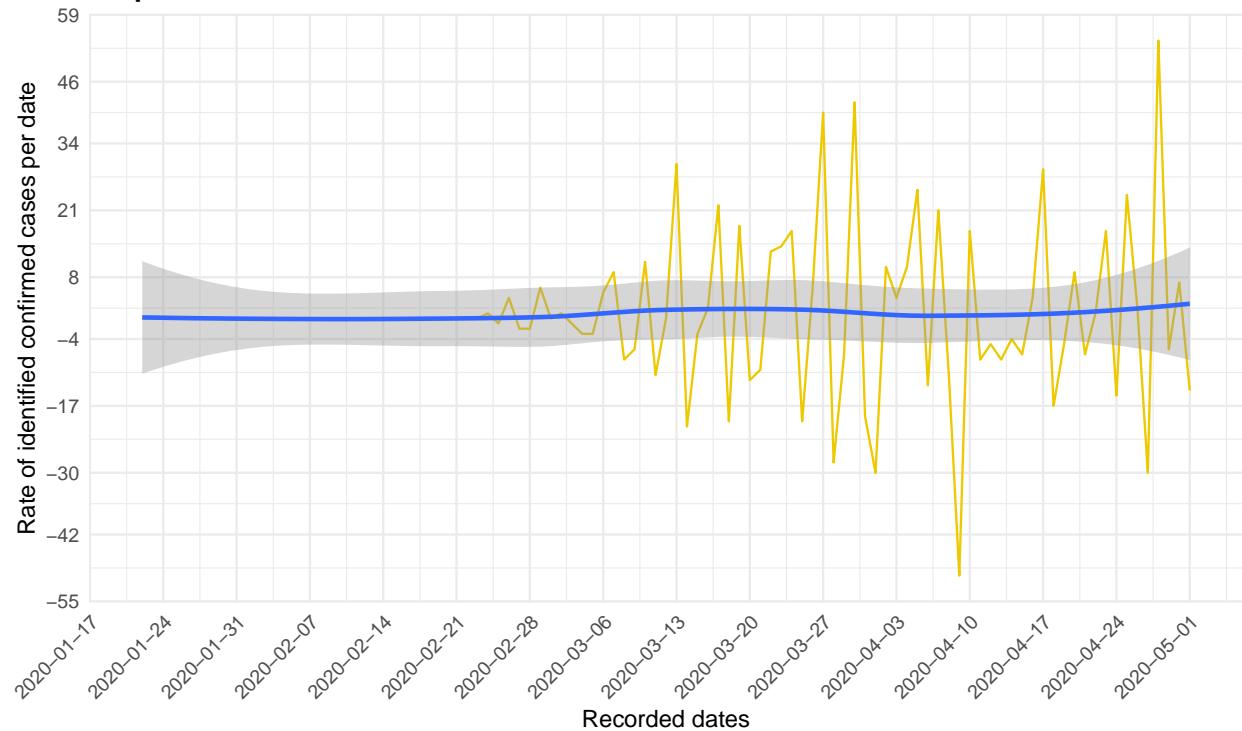

Iran – rate of increase of confirmed cases over time

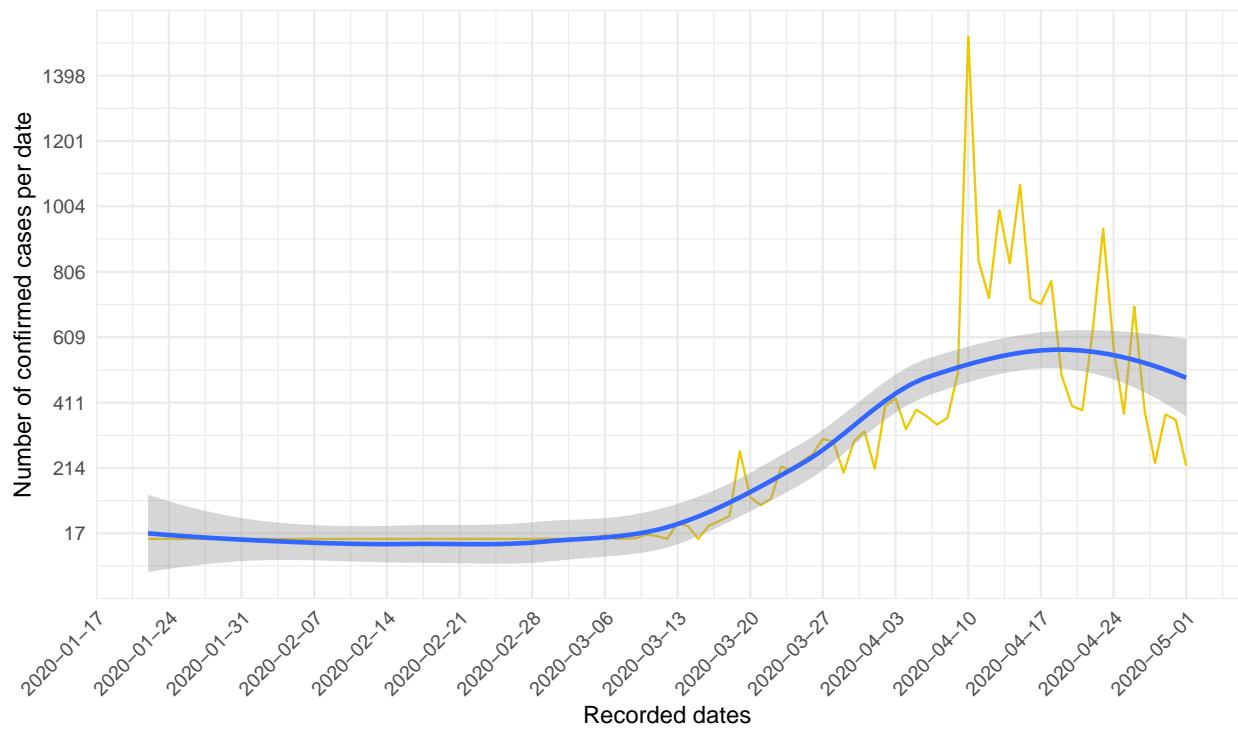

Iraq – confirmed cases over time, total cases: 2,153

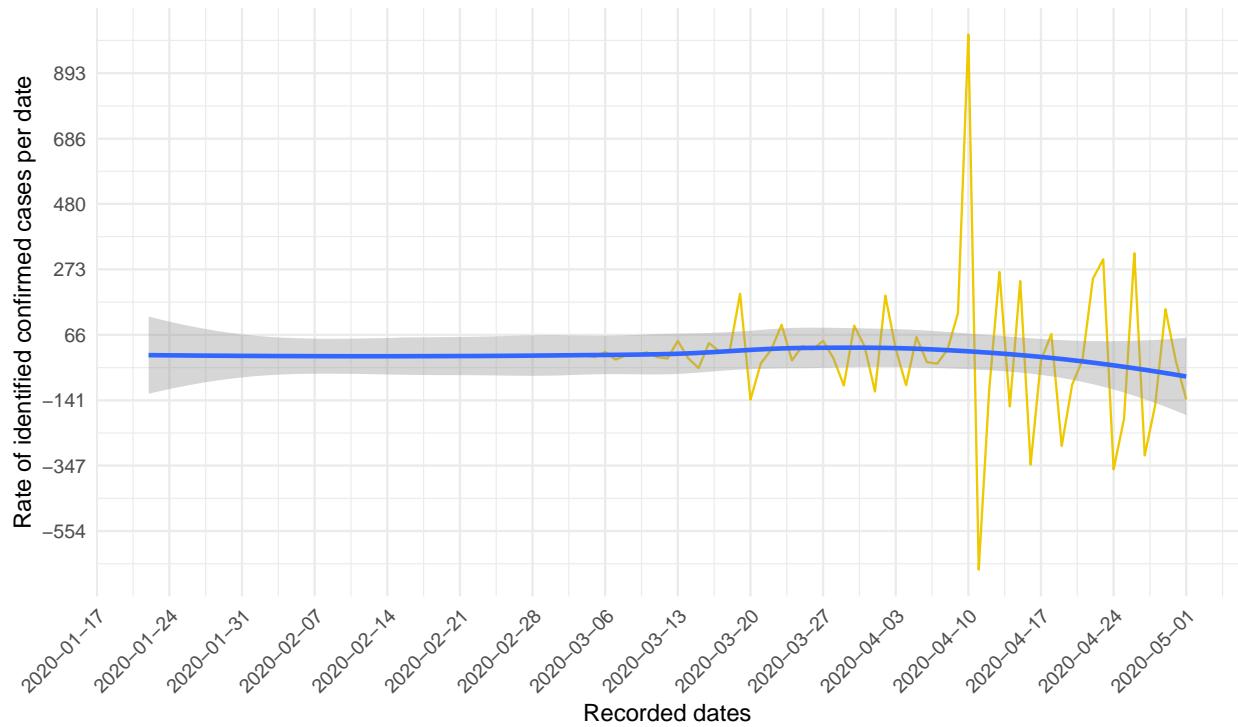

Iraq – rate of increase of confirmed cases over time

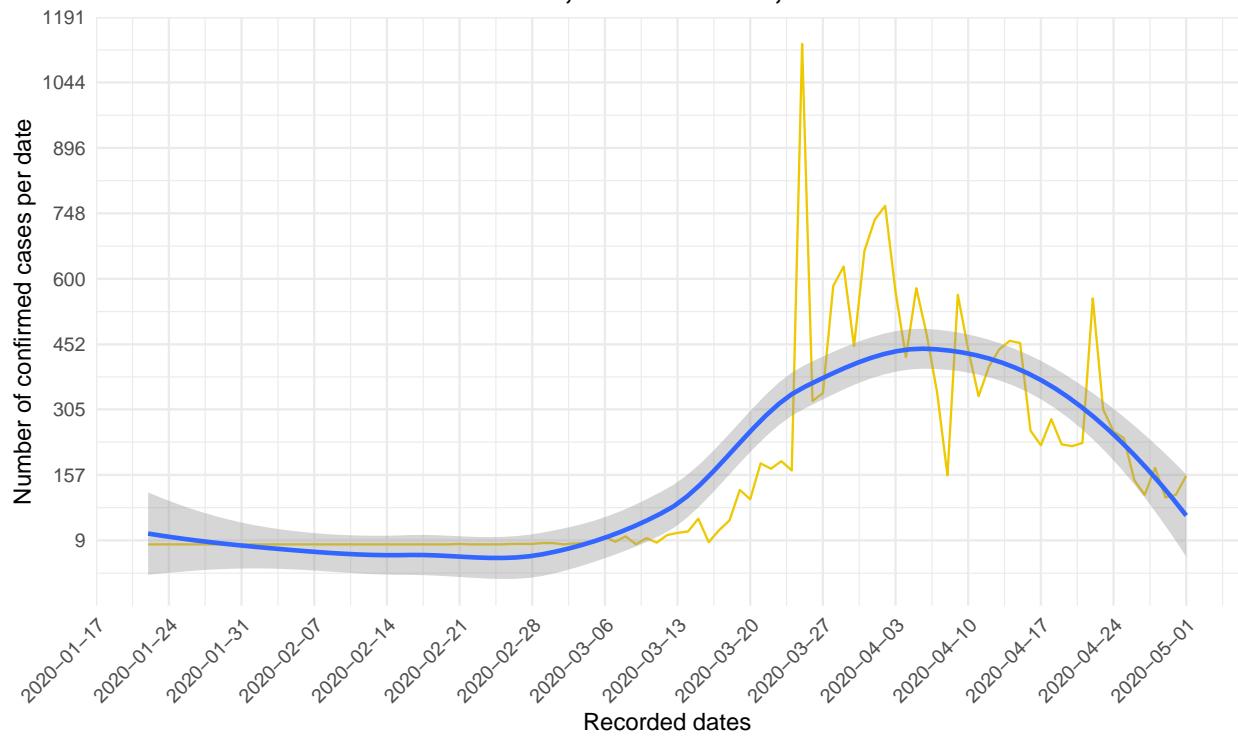

Ireland – confirmed cases over time, total cases: 20,833

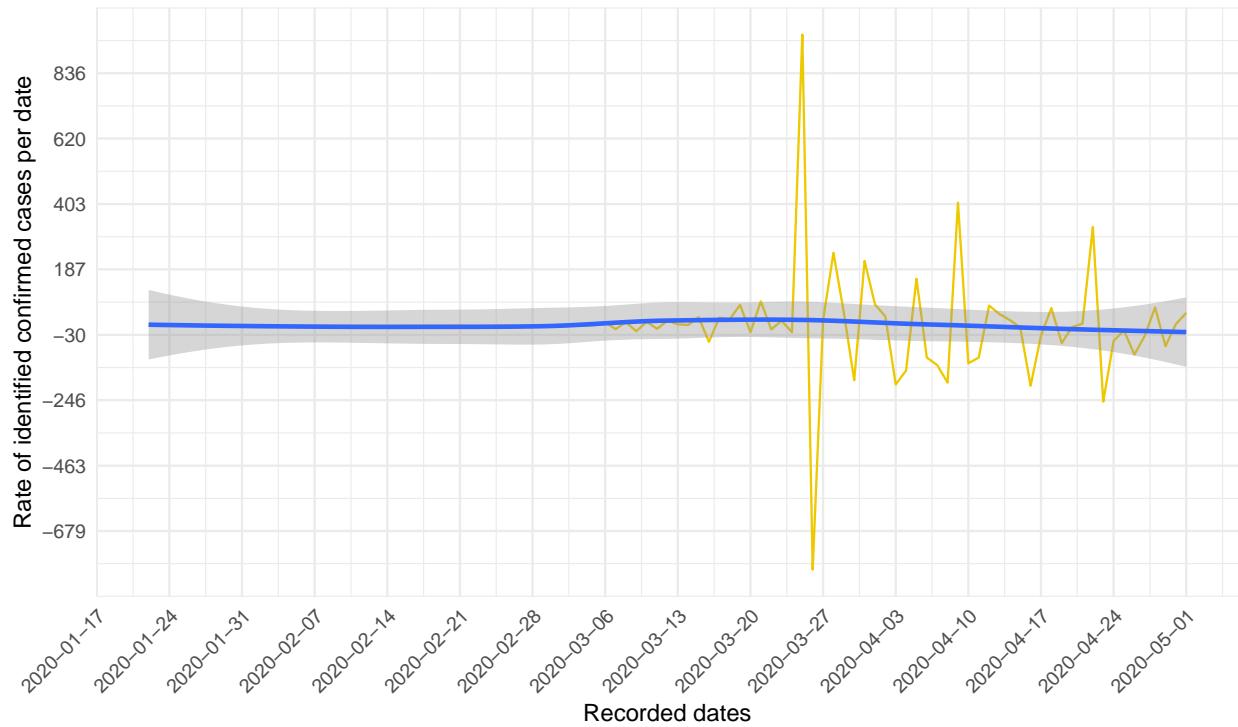

Ireland – rate of increase of confirmed cases over time

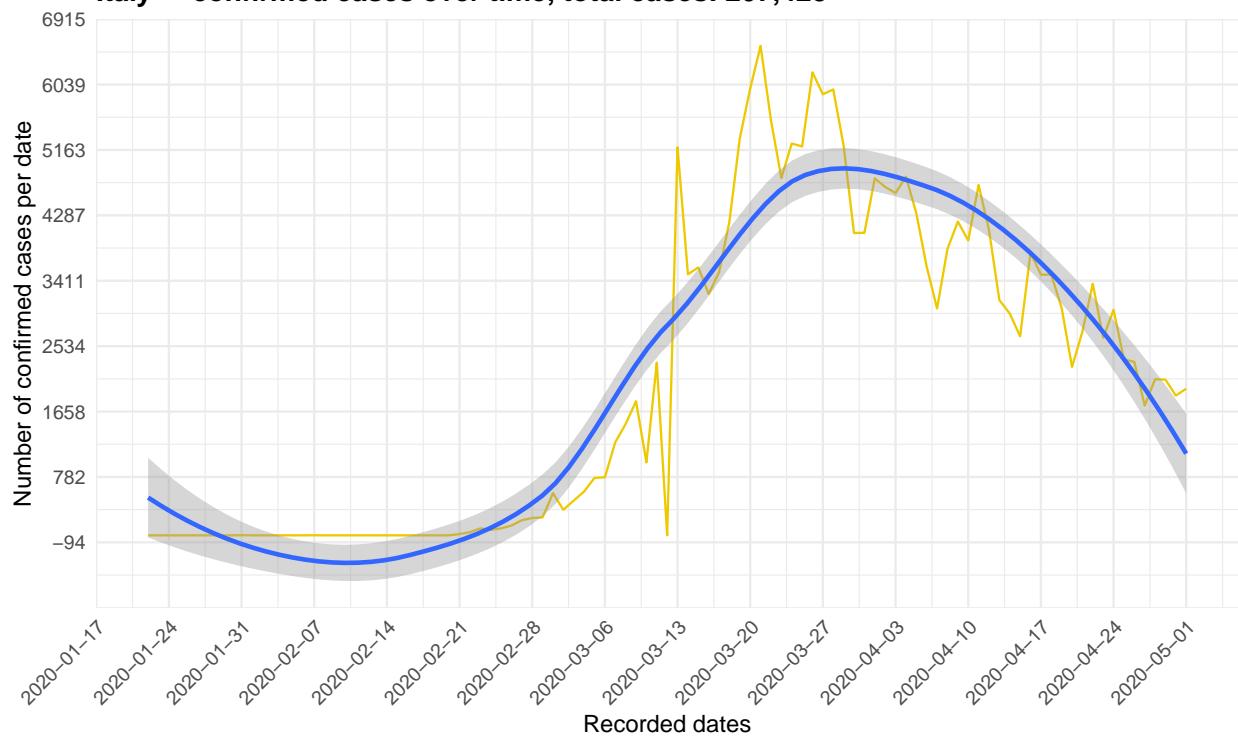

Israel – confirmed cases over time, total cases: 16,101

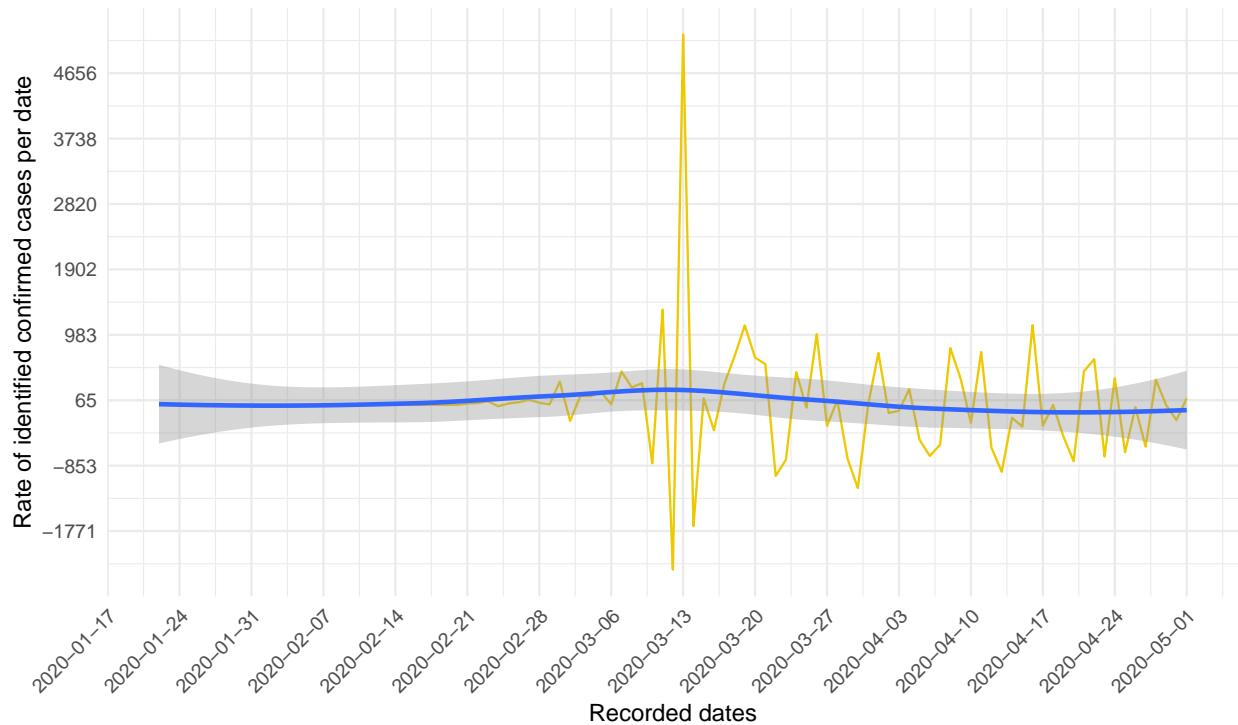

Israel – rate of increase of confirmed cases over time

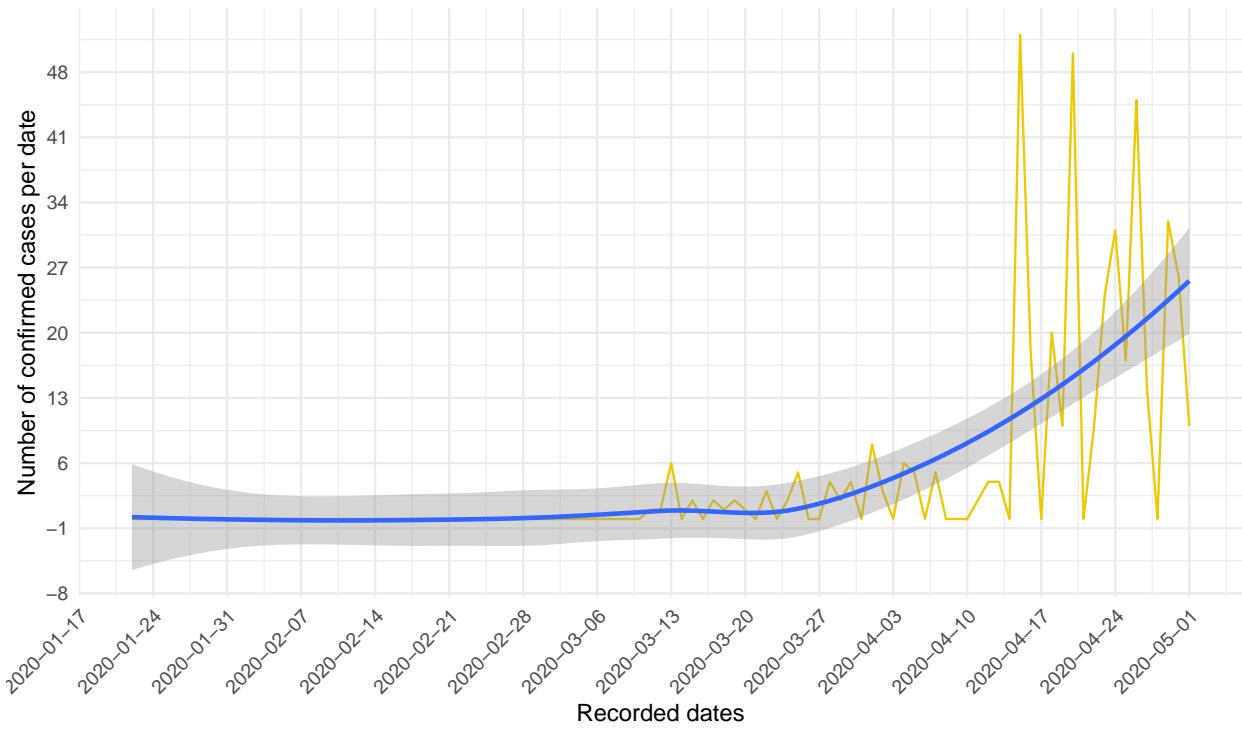

Italy – confirmed cases over time, total cases: 207,428

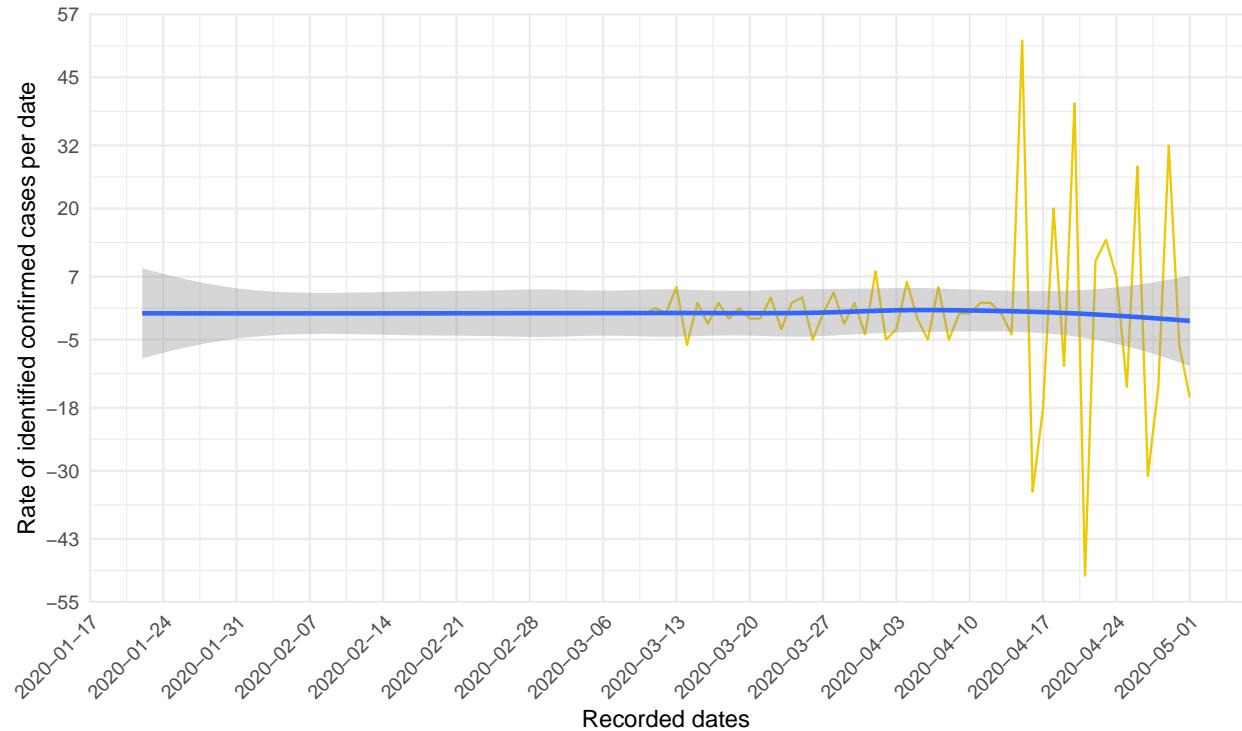

Italy – rate of increase of confirmed cases over time

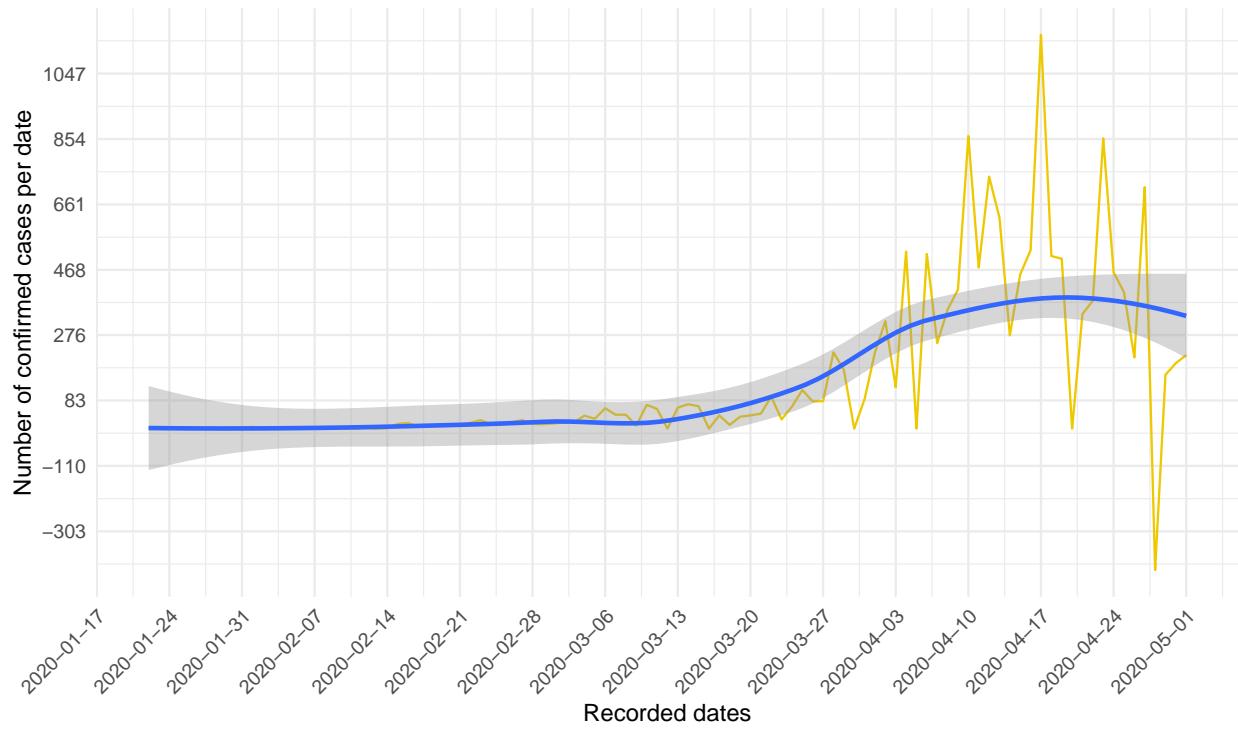

Jamaica – confirmed cases over time, total cases: 432

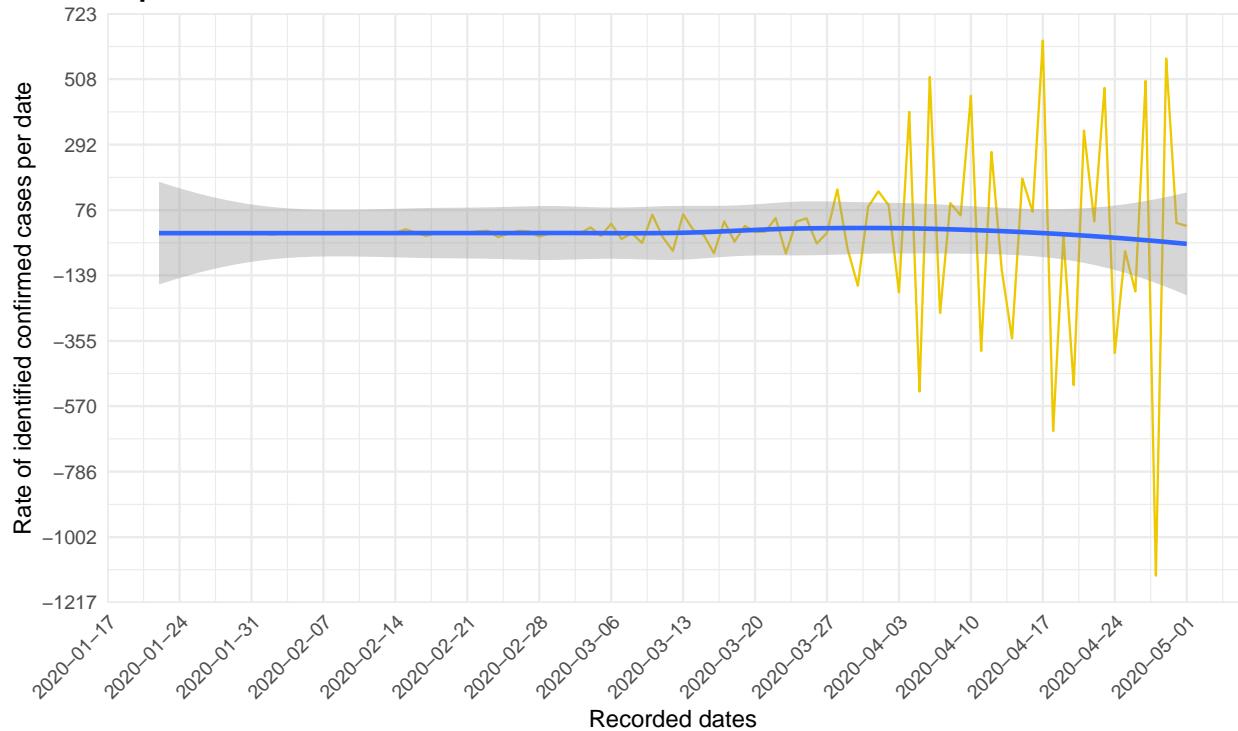

Jamaica – rate of increase of confirmed cases over time

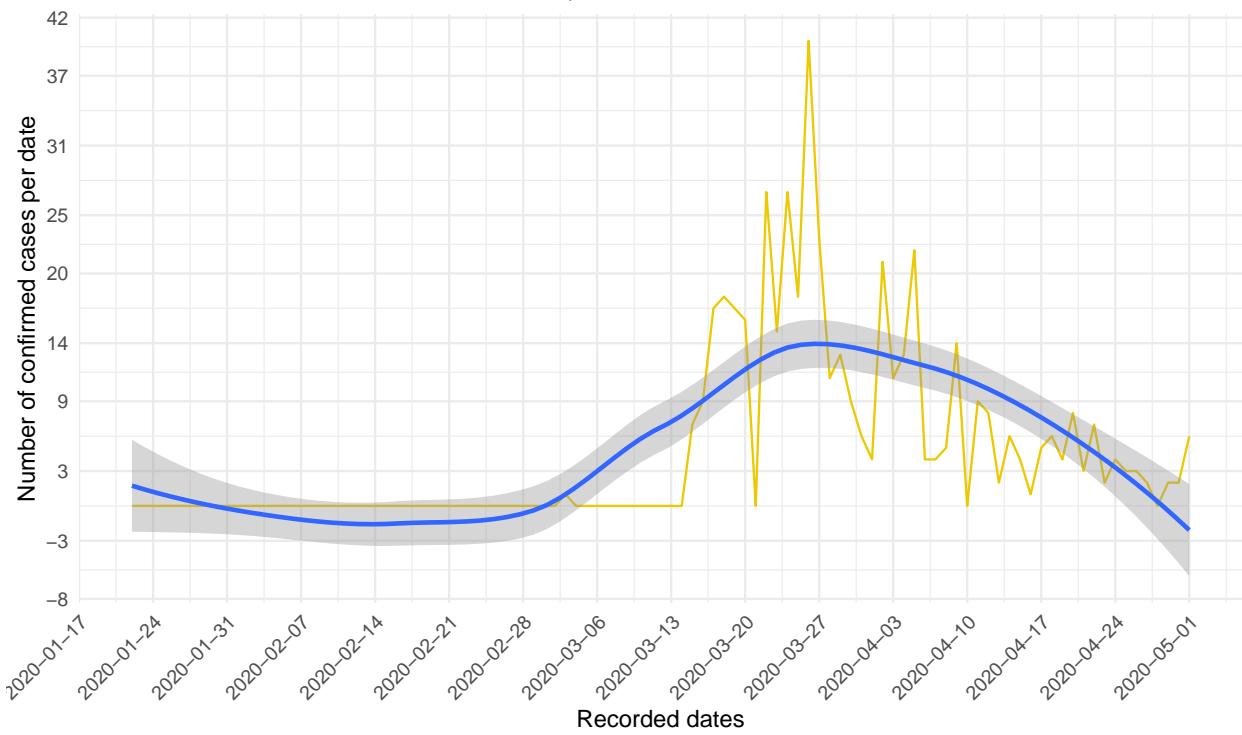

Japan – confirmed cases over time, total cases: 14,305

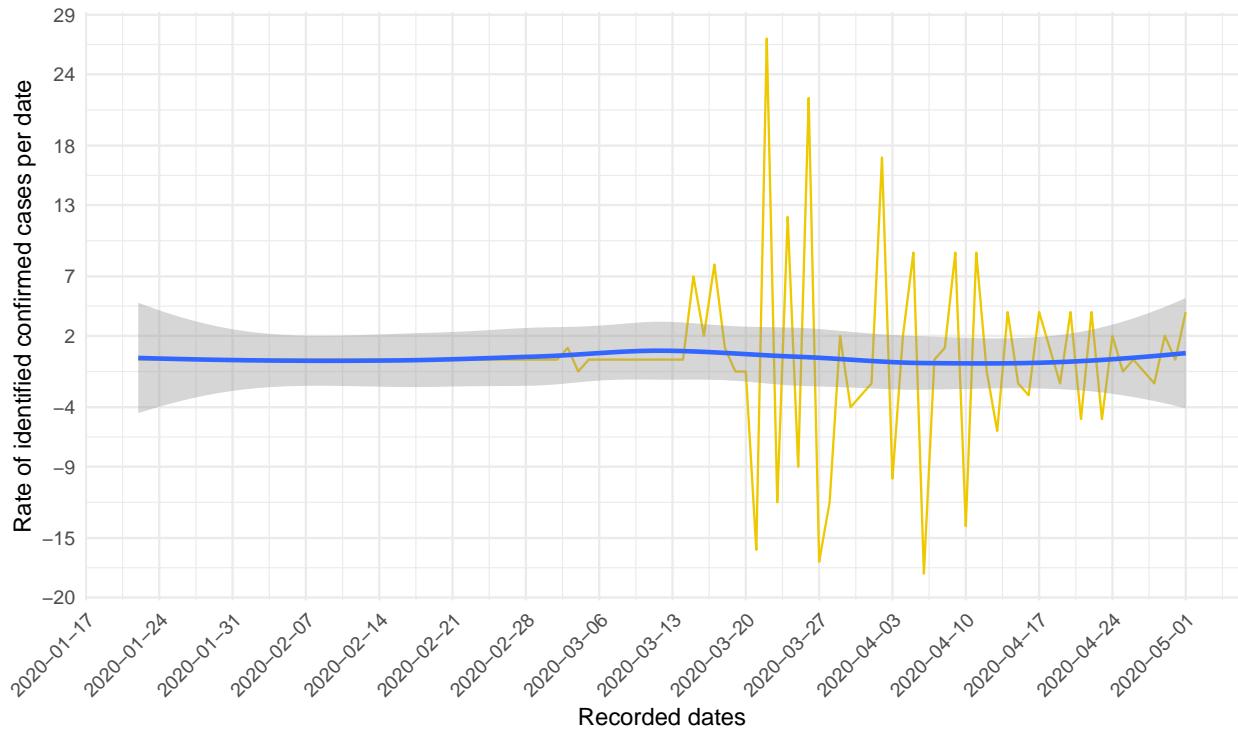

Japan – rate of increase of confirmed cases over time

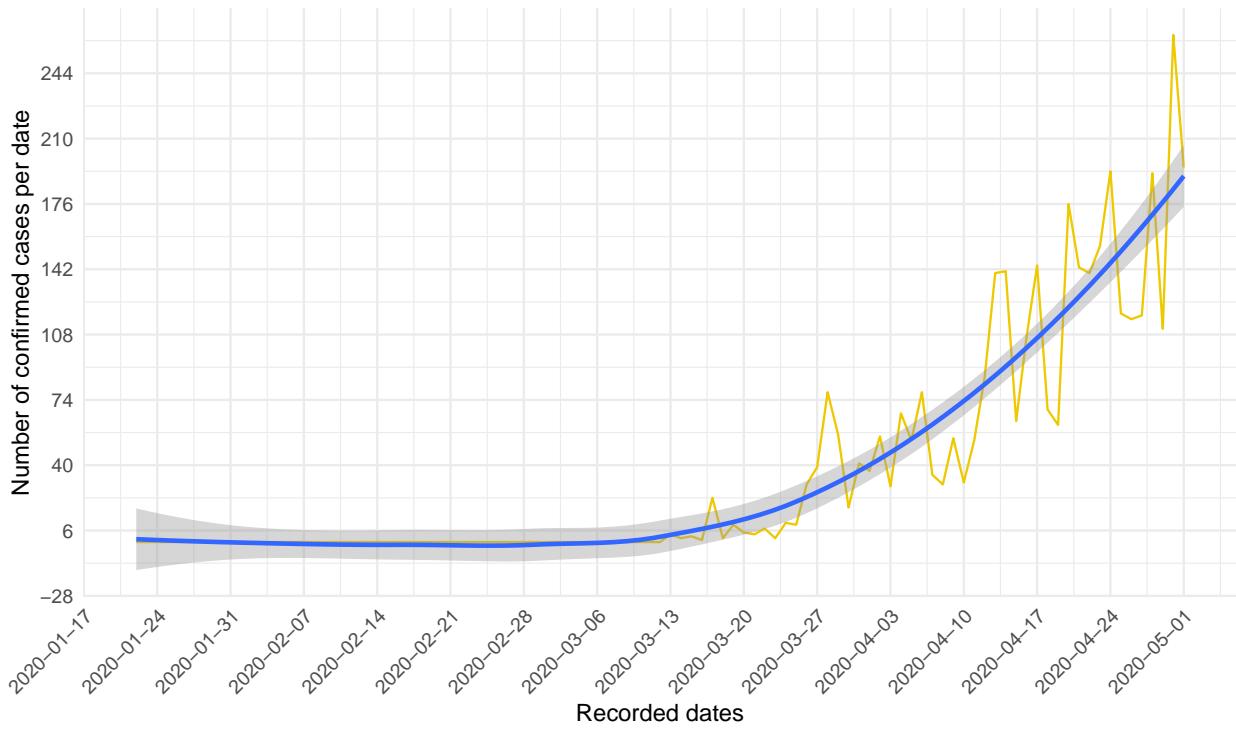

Jordan – confirmed cases over time, total cases: 459

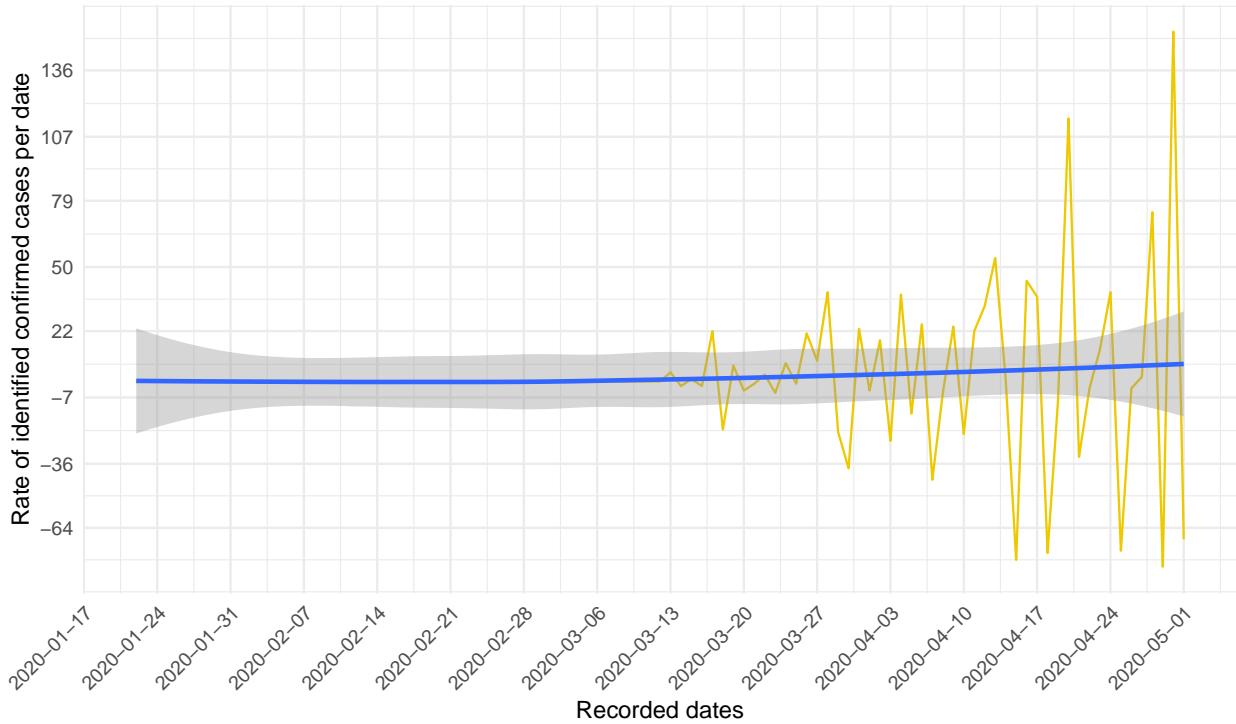

Jordan – rate of increase of confirmed cases over time

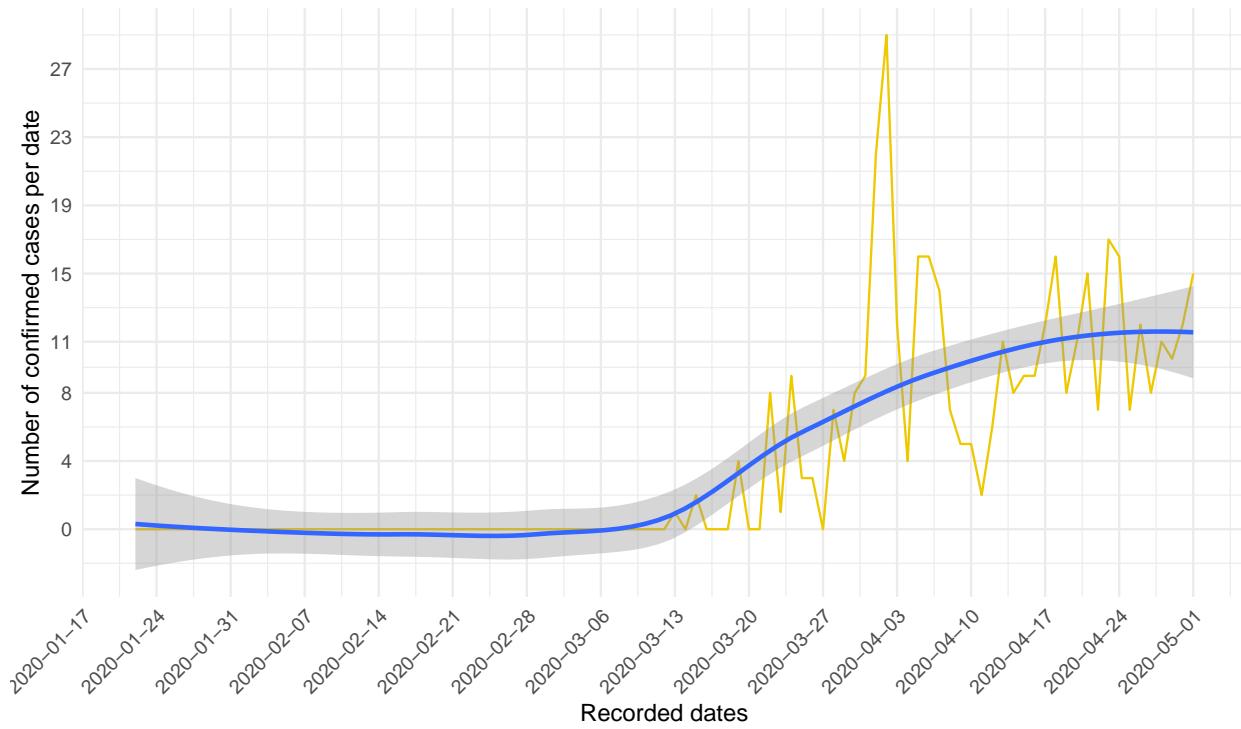

Kazakhstan – confirmed cases over time, total cases: 3,597

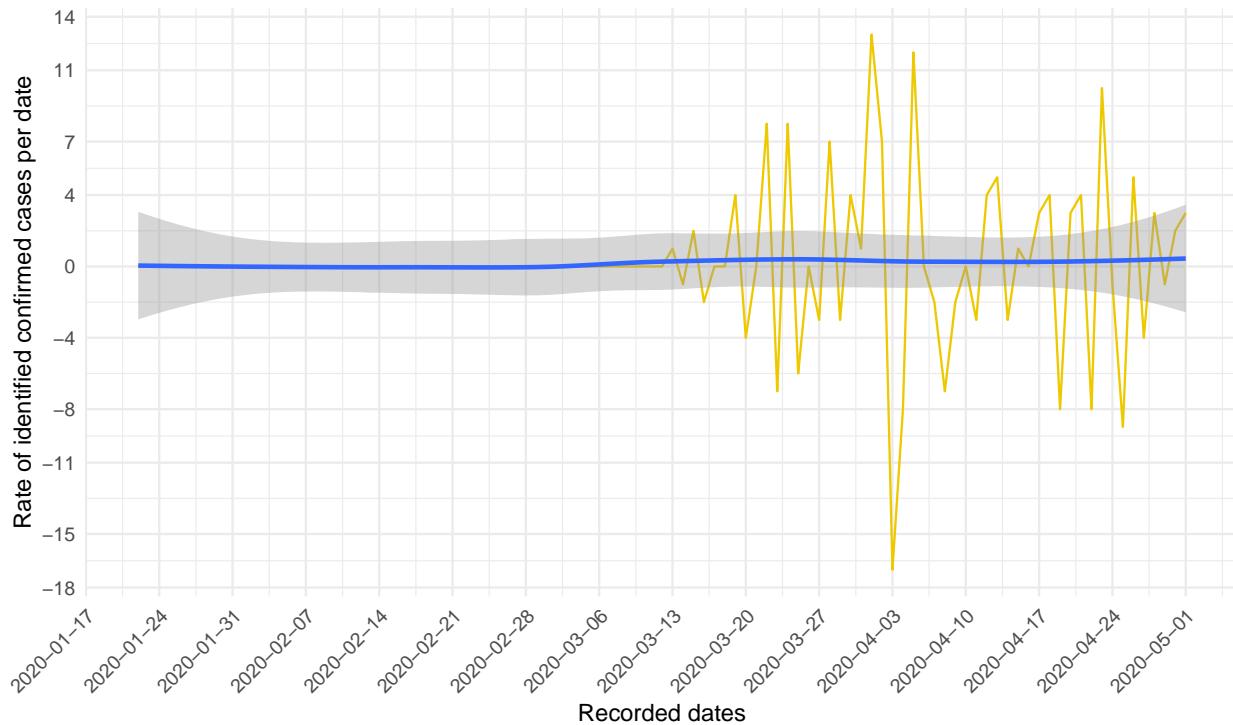

Kazakhstan – rate of increase of confirmed cases over time

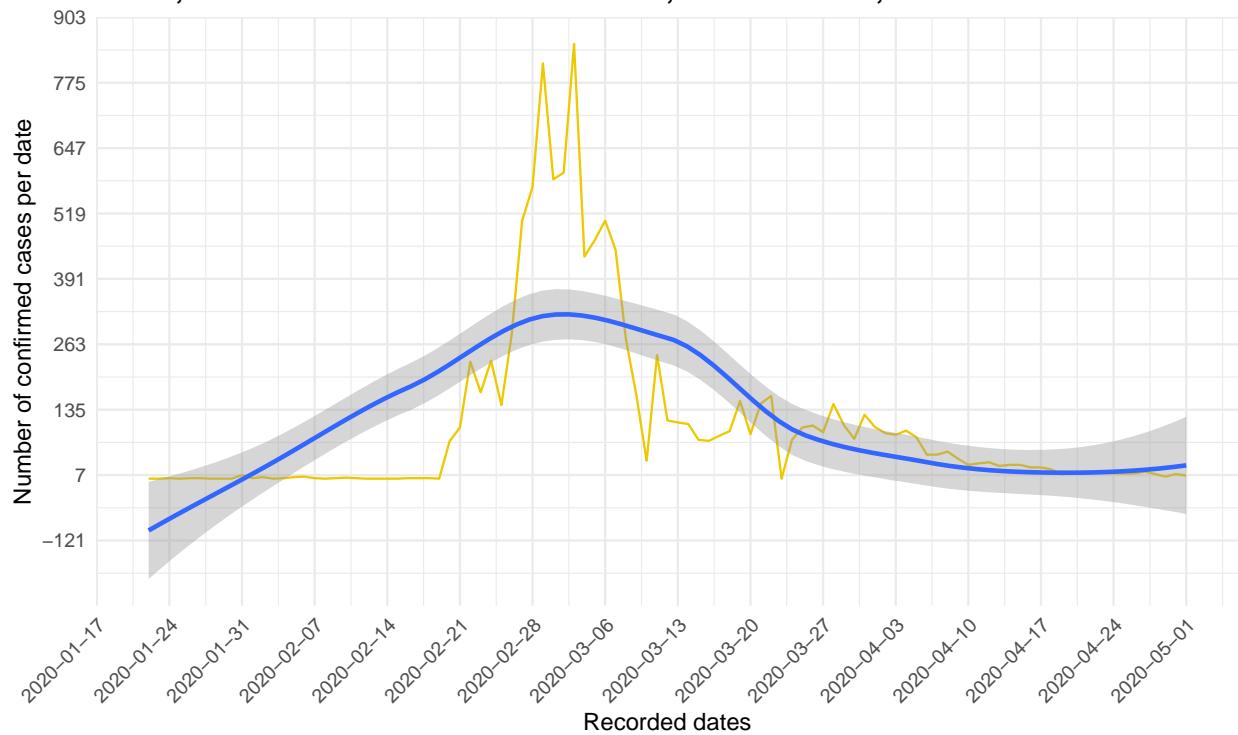

Kenya – confirmed cases over time, total cases: 411

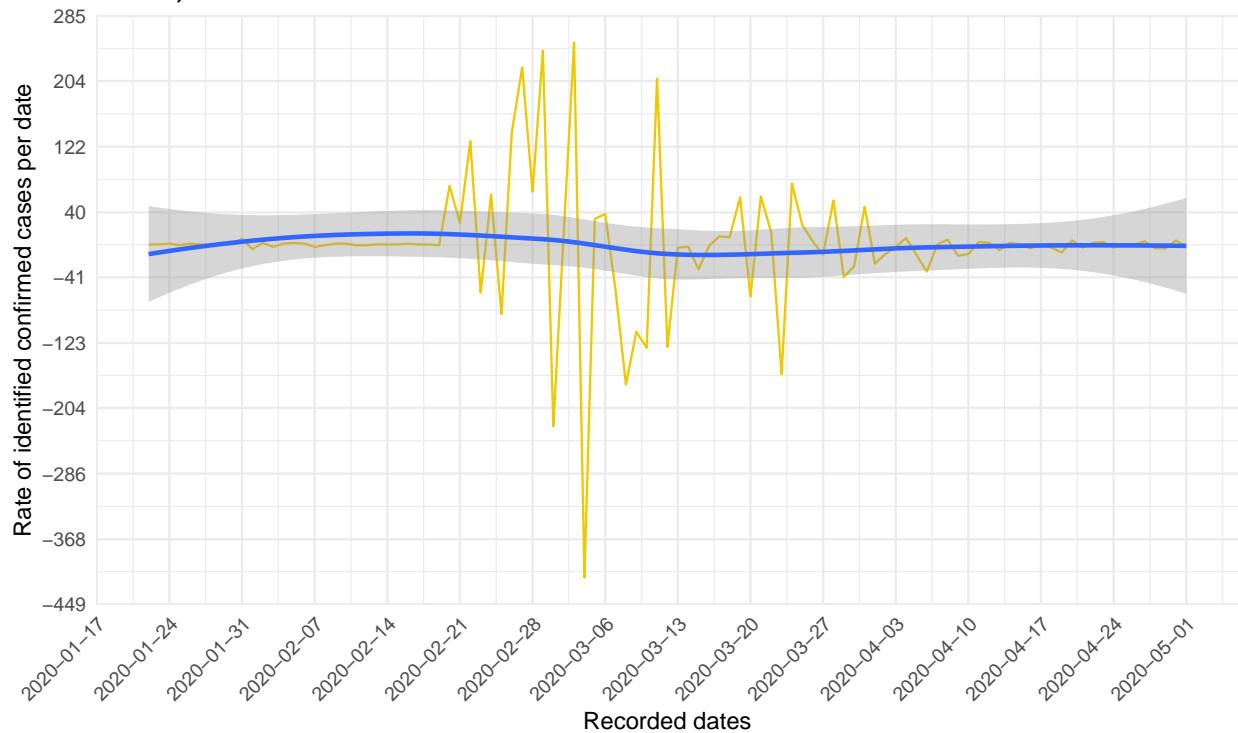

Kenya – rate of increase of confirmed cases over time

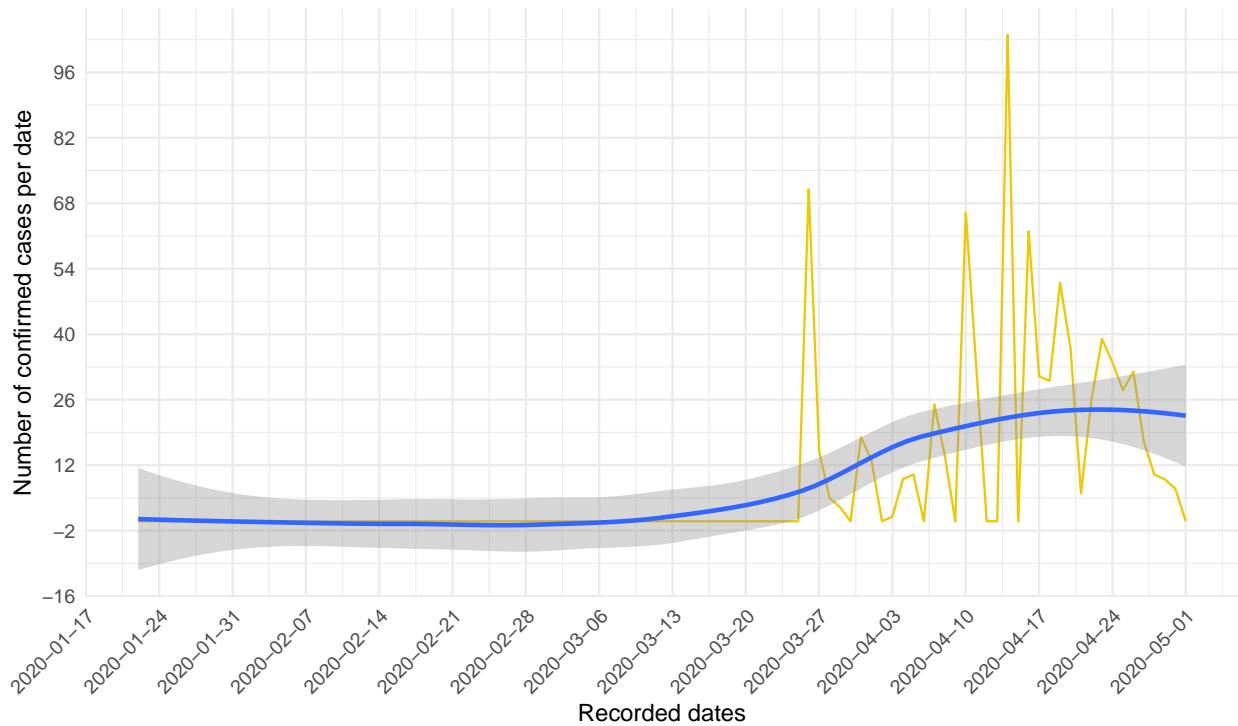

Korea, South – confirmed cases over time, total cases: 10,780

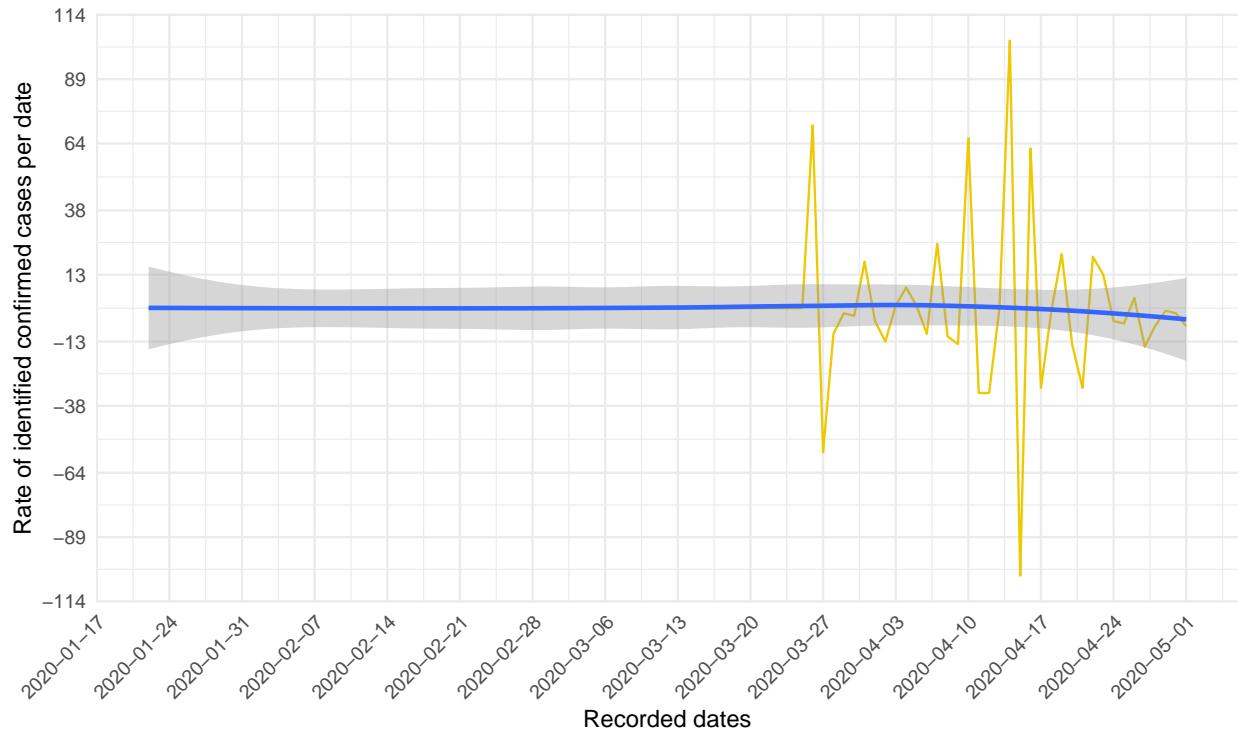

Korea, South – rate of increase of confirmed cases over time

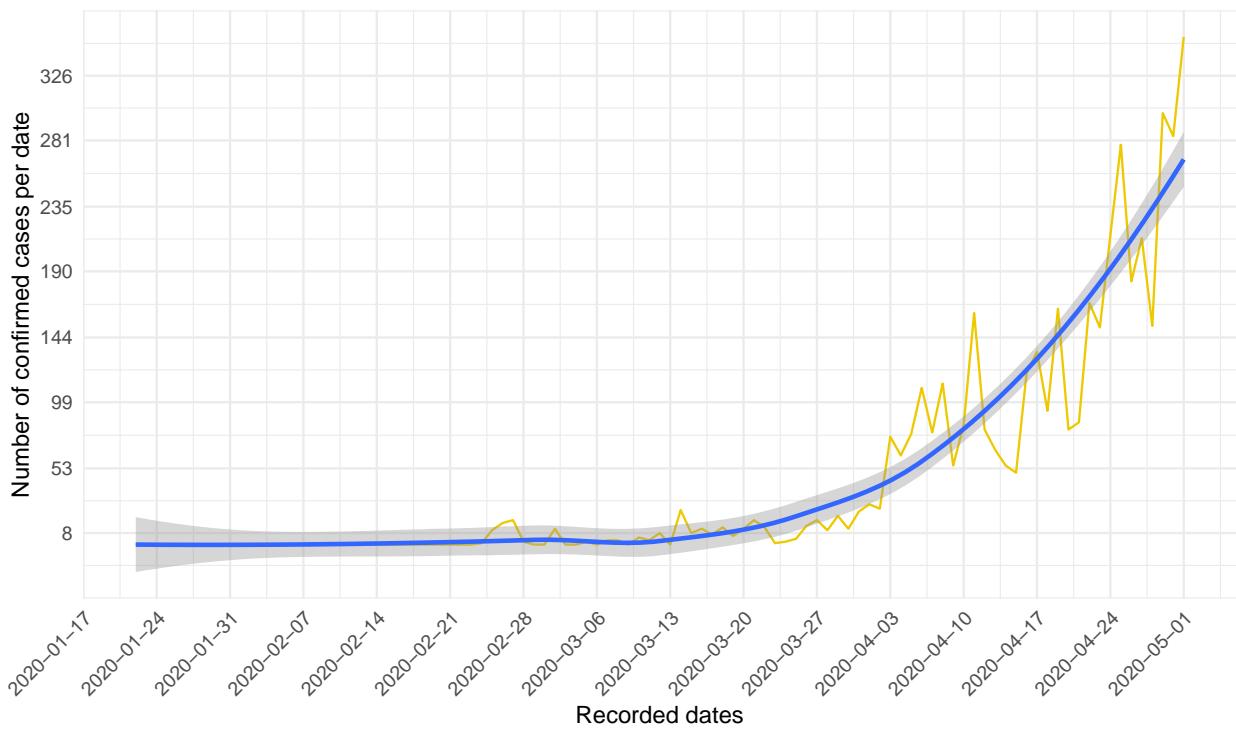

Kosovo – confirmed cases over time, total cases: 806

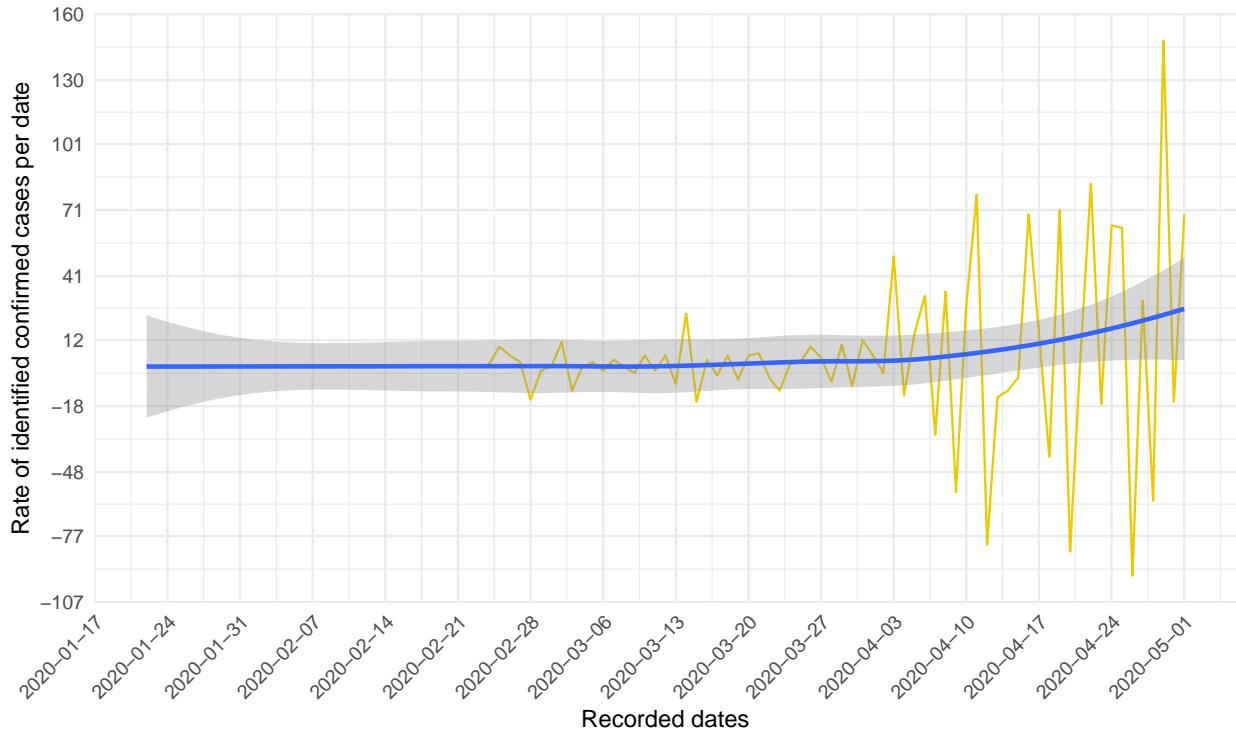

Kosovo – rate of increase of confirmed cases over time

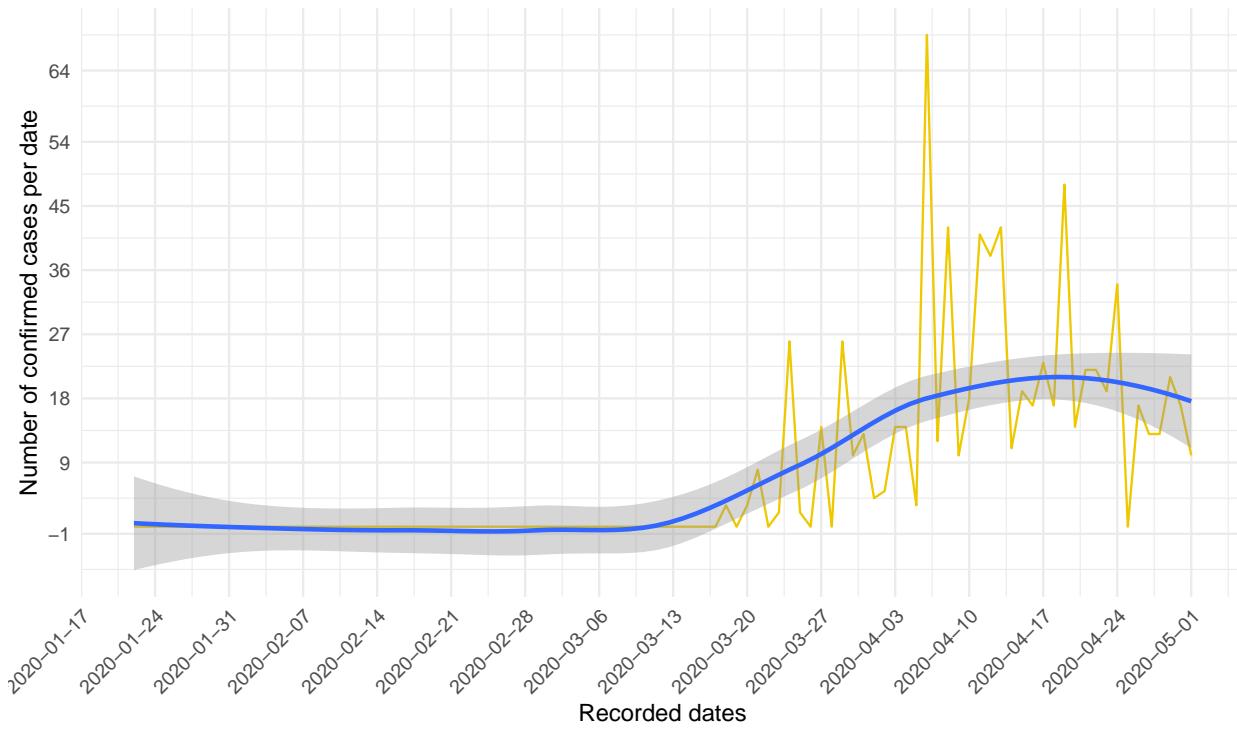

Kuwait – confirmed cases over time, total cases: 4,377

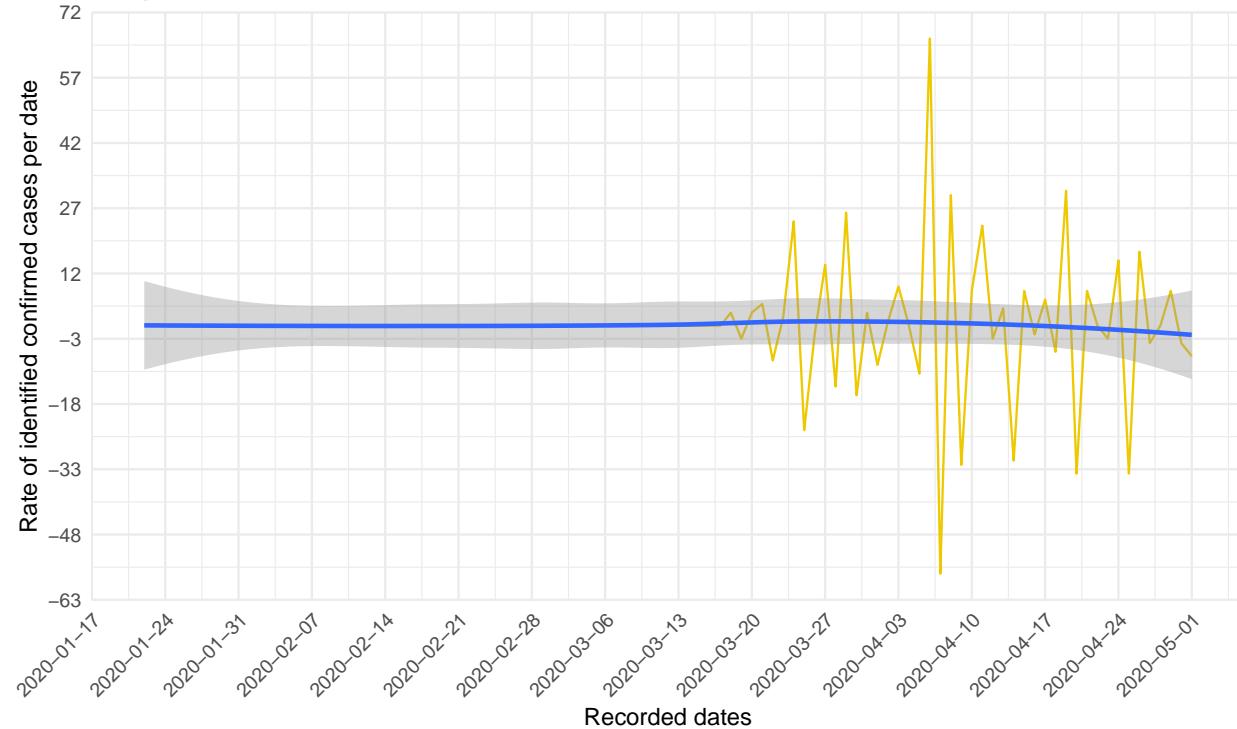

Kuwait – rate of increase of confirmed cases over time

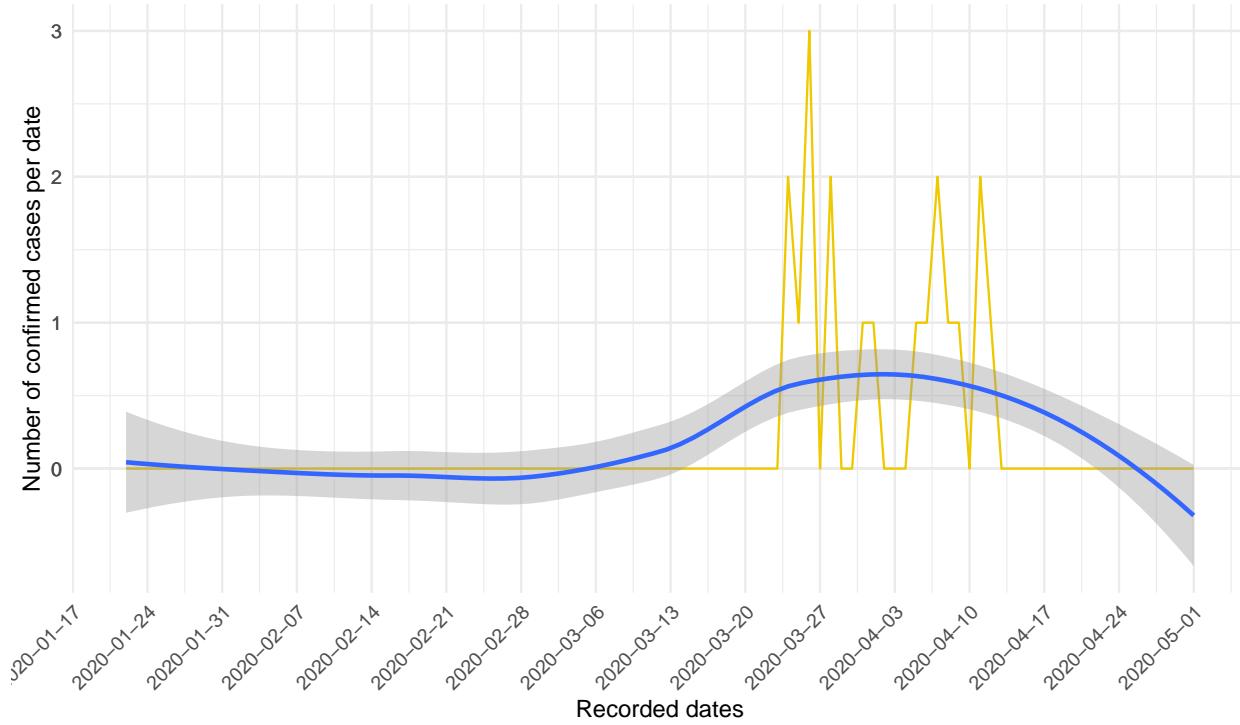

Kyrgyzstan – confirmed cases over time, total cases: 756

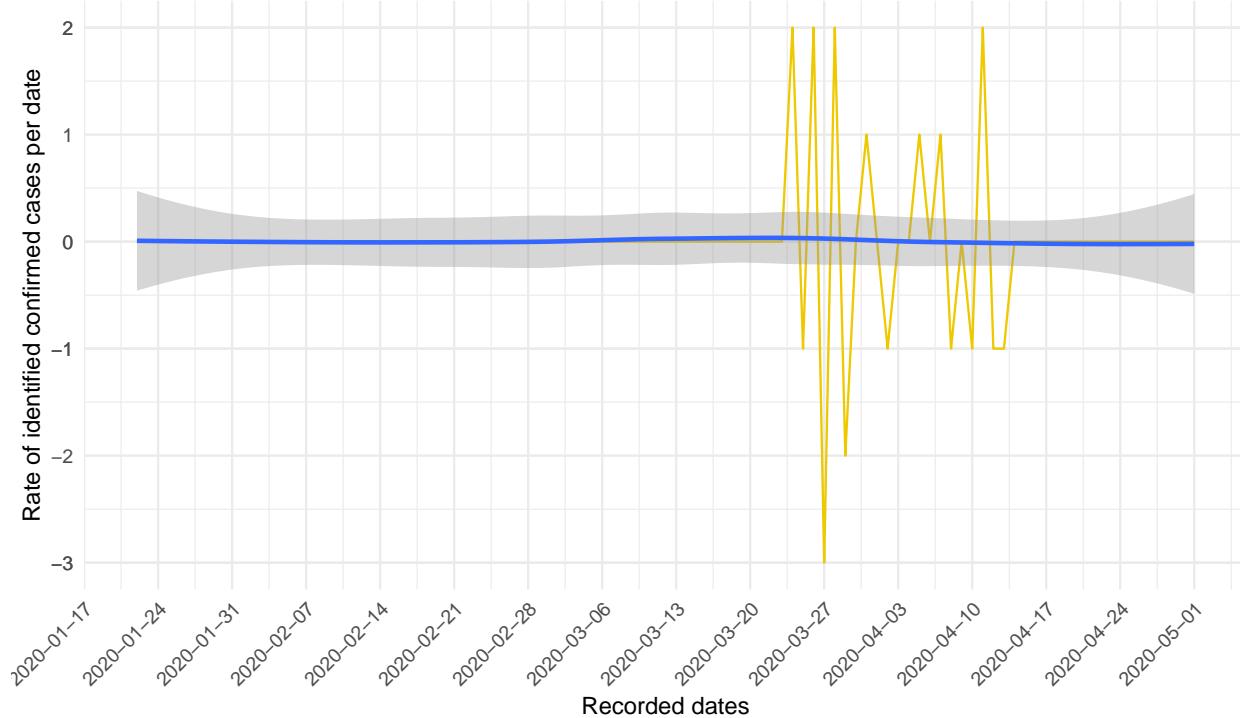

Kyrgyzstan – rate of increase of confirmed cases over time

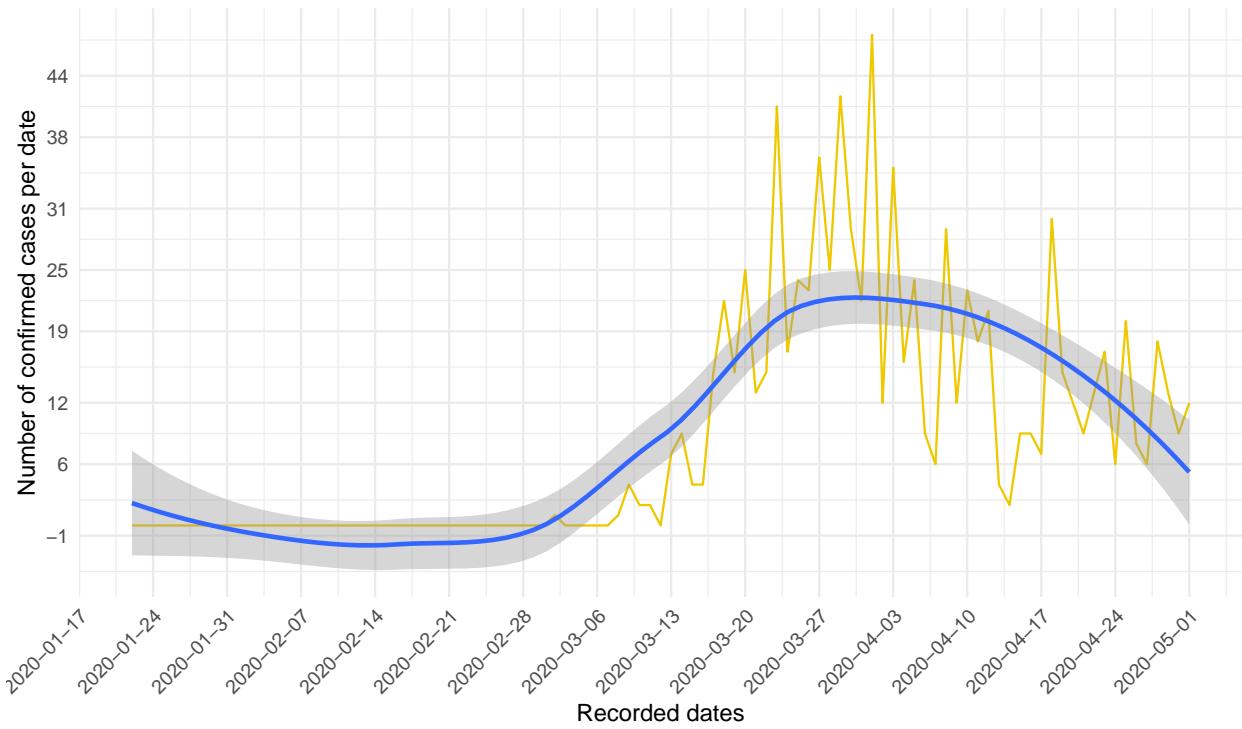

Laos – confirmed cases over time, total cases: 19

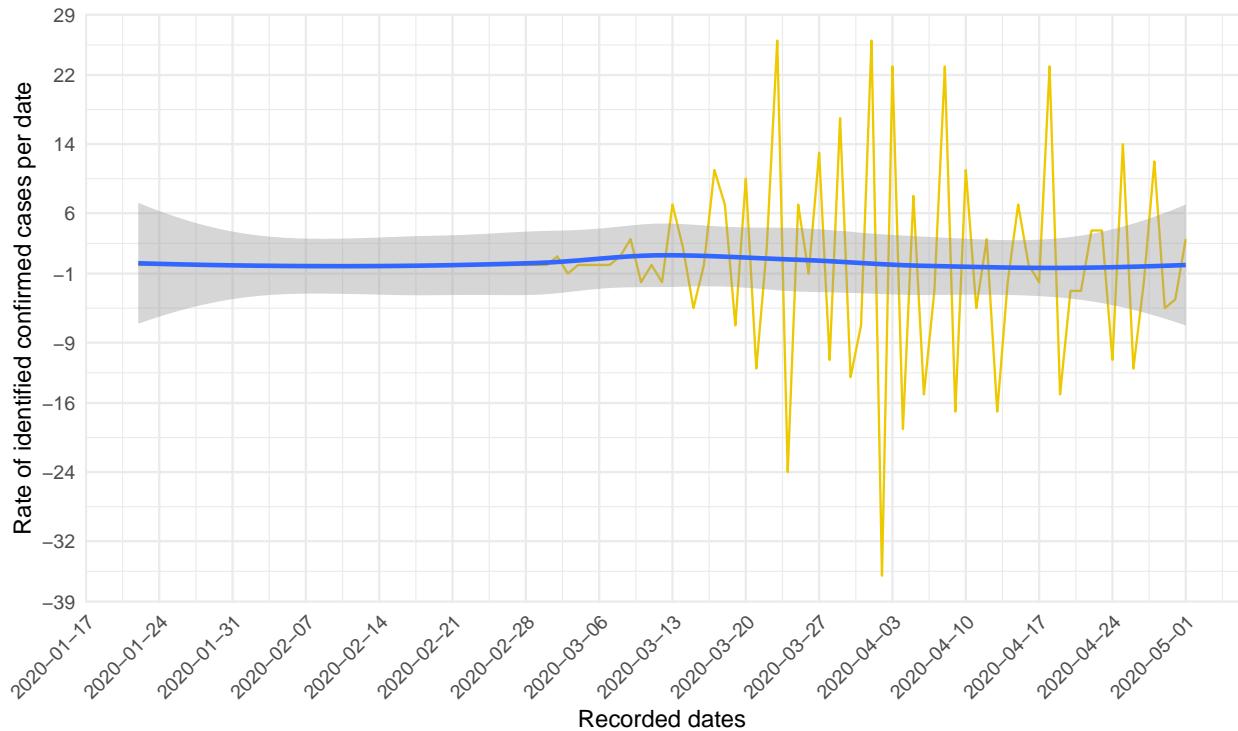

Laos – rate of increase of confirmed cases over time

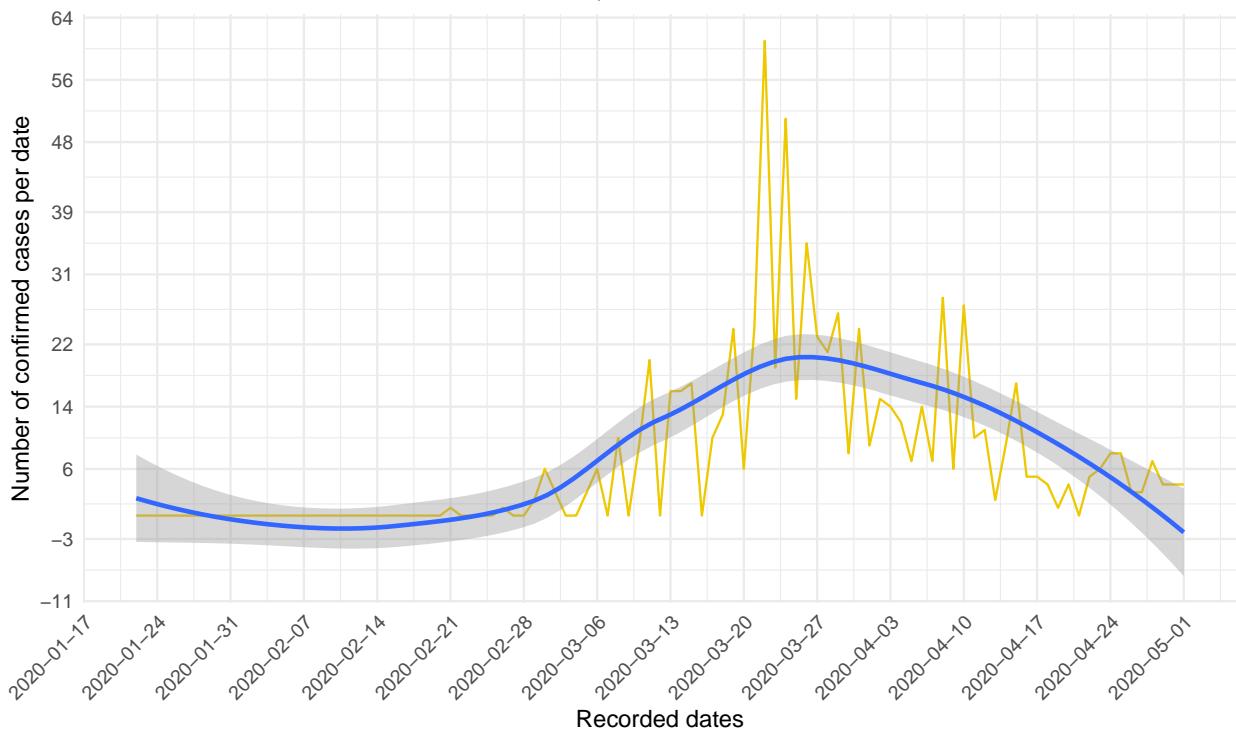

Latvia – confirmed cases over time, total cases: 870

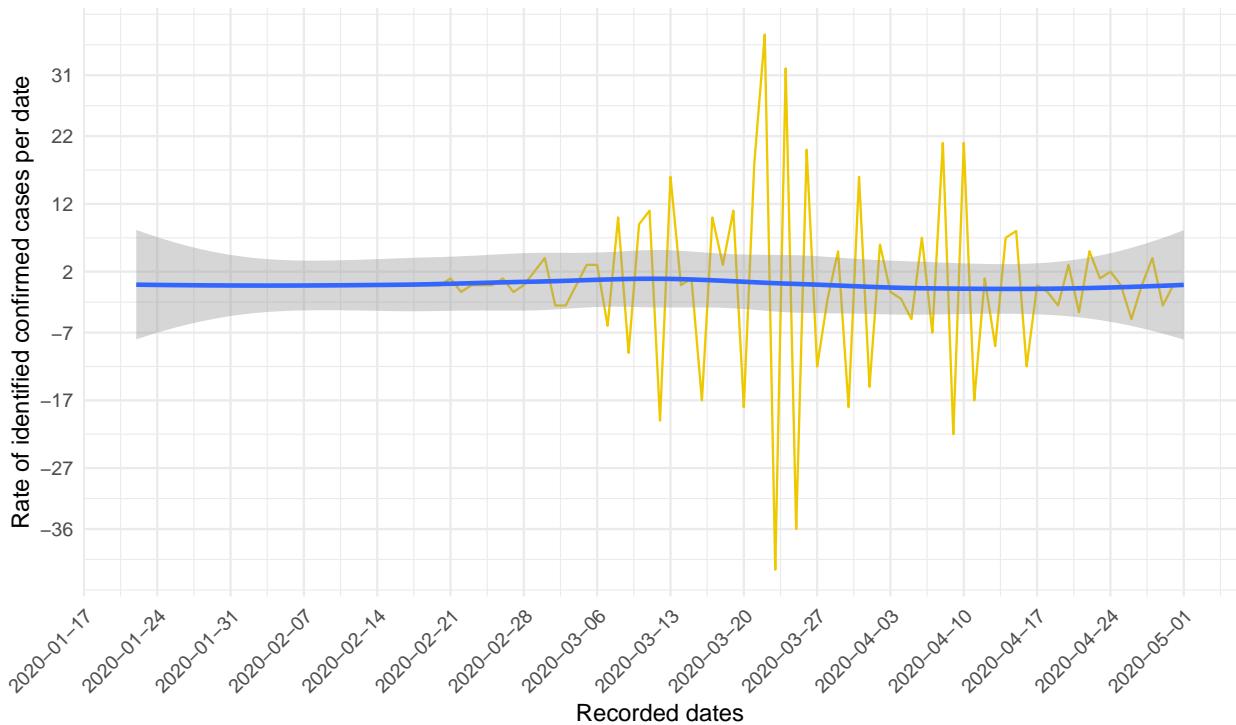

Latvia – rate of increase of confirmed cases over time

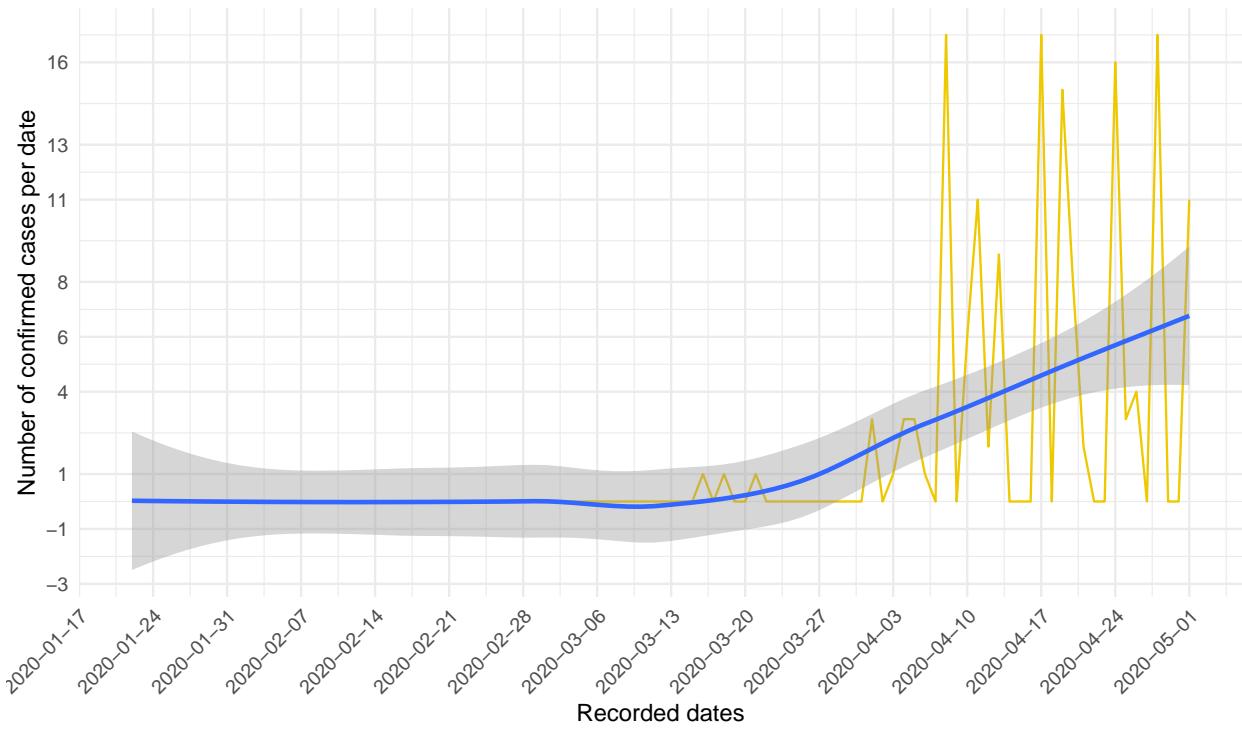

Lebanon – confirmed cases over time, total cases: 729

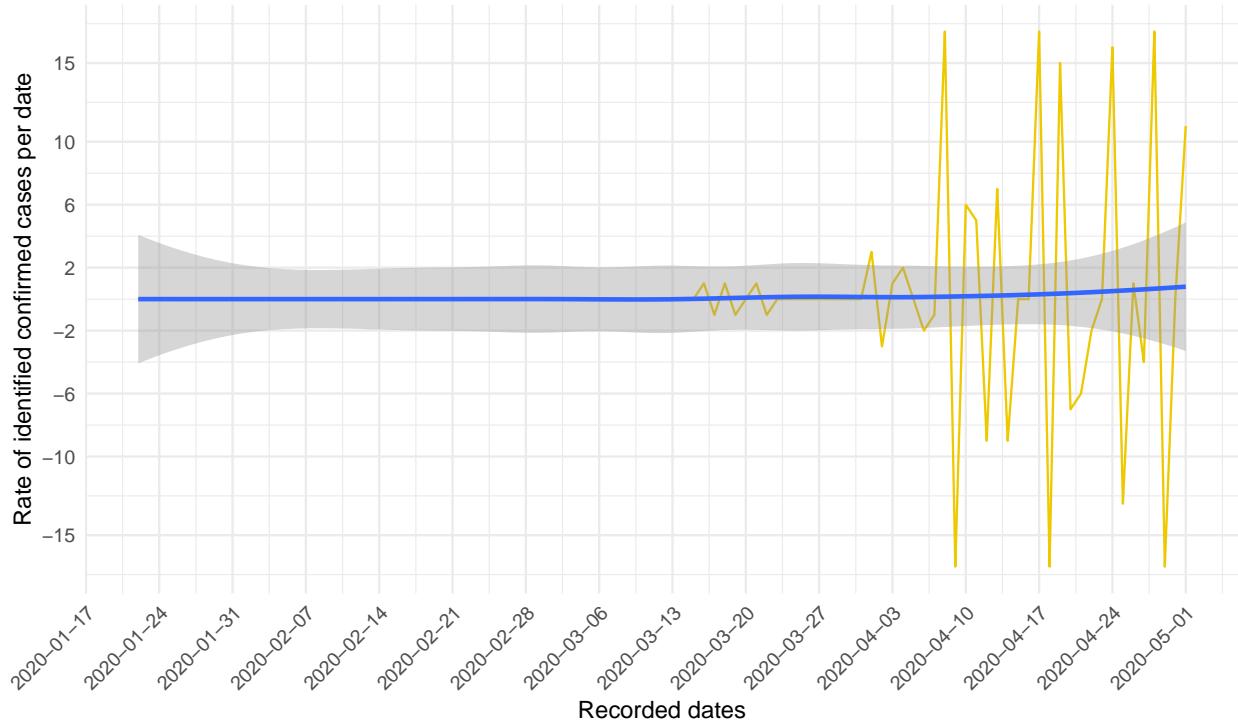

Lebanon – rate of increase of confirmed cases over time

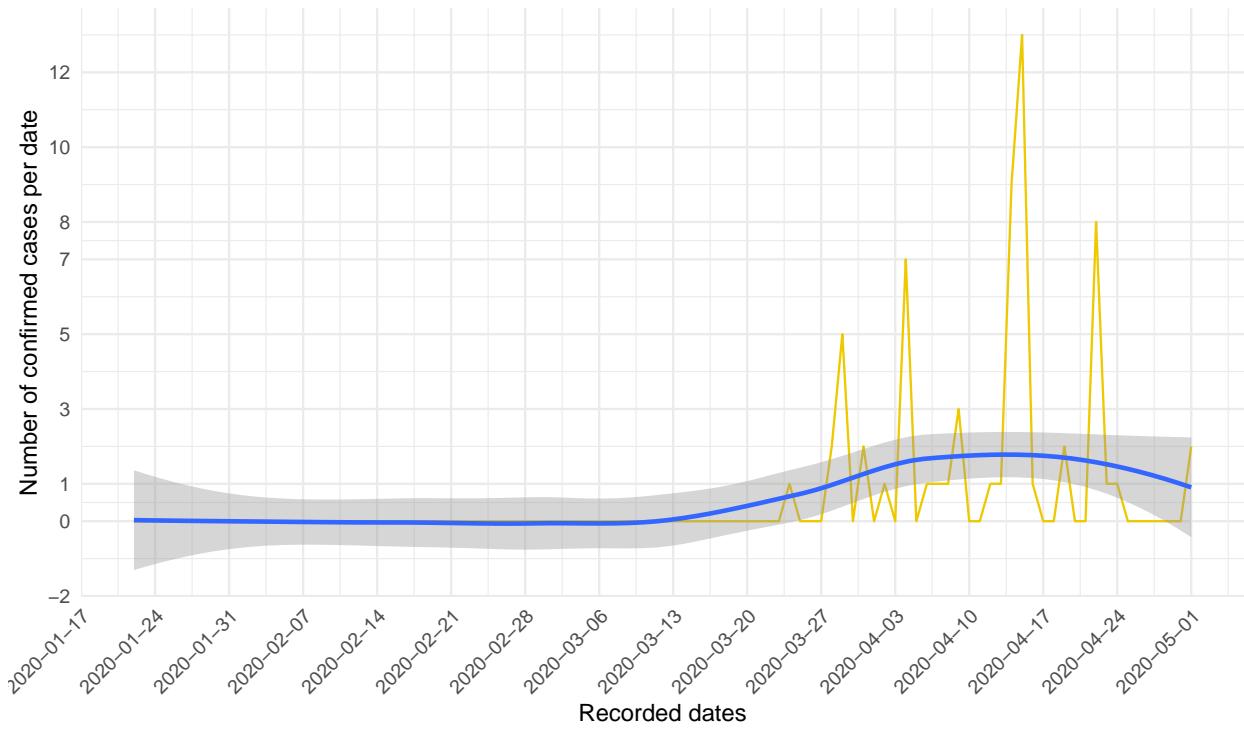

Liberia – confirmed cases over time, total cases: 152

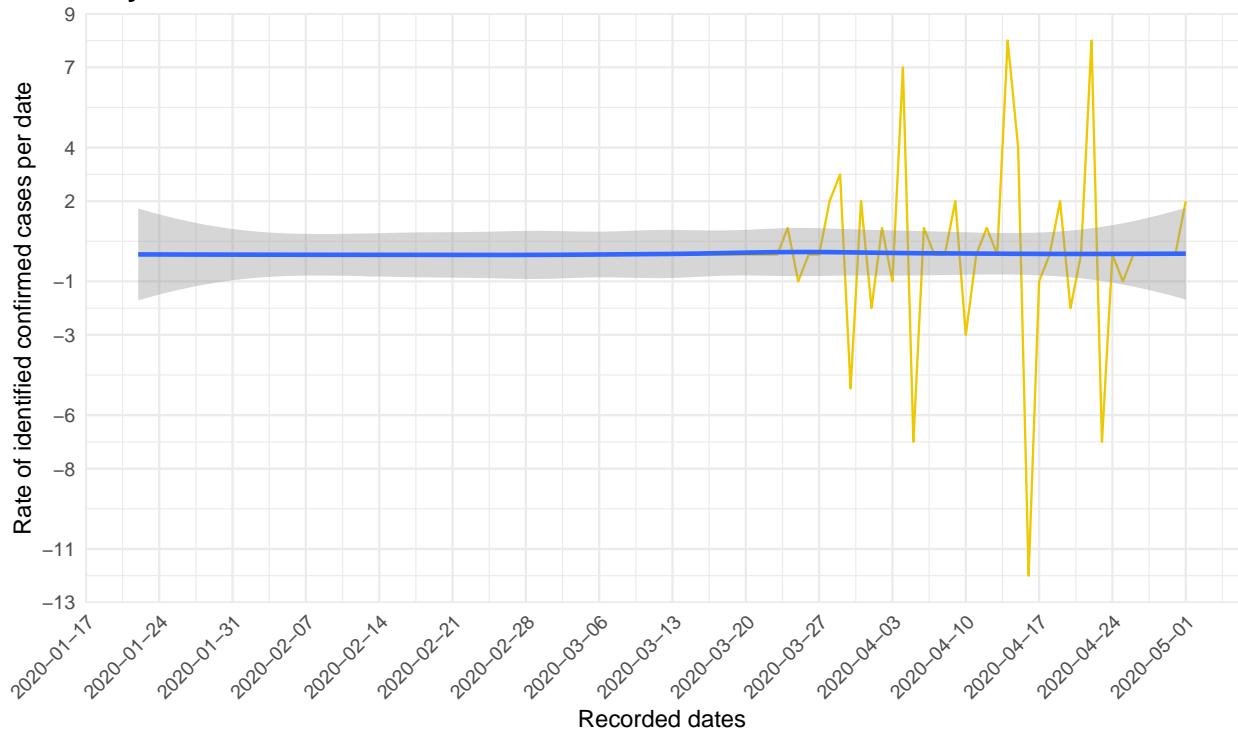

Liberia – rate of increase of confirmed cases over time

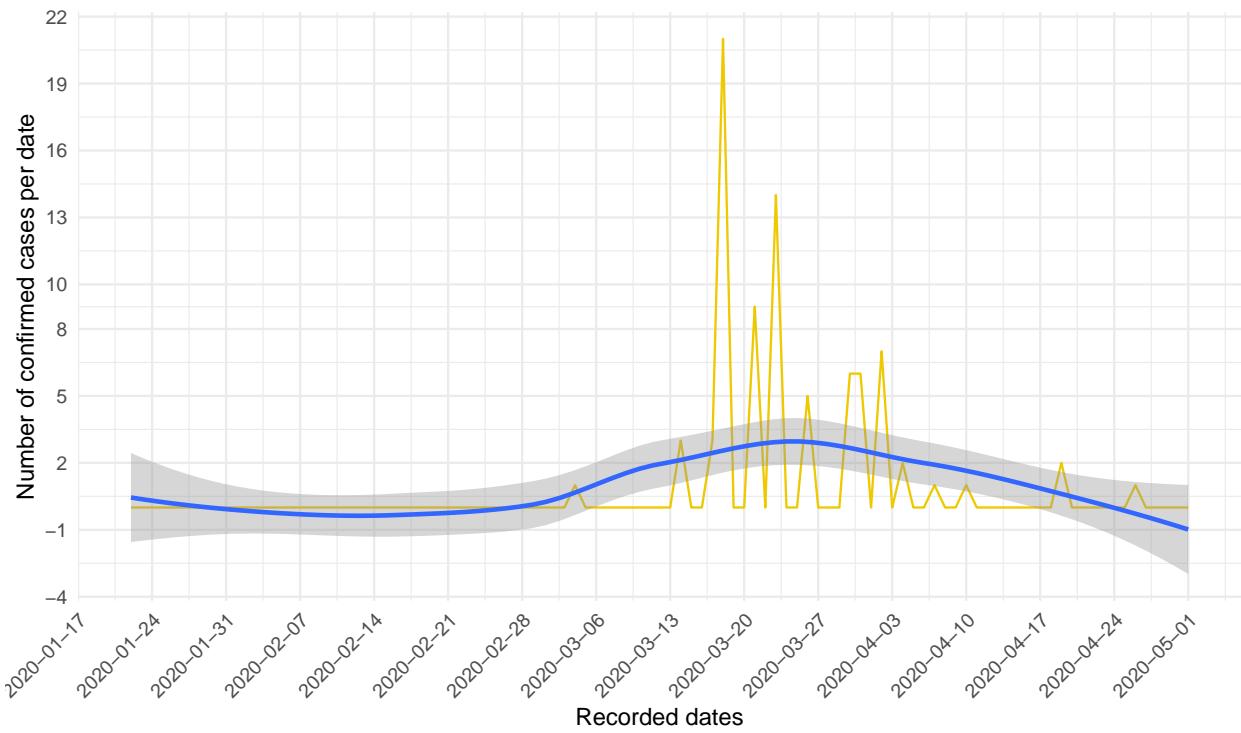

Libya – confirmed cases over time, total cases: 63

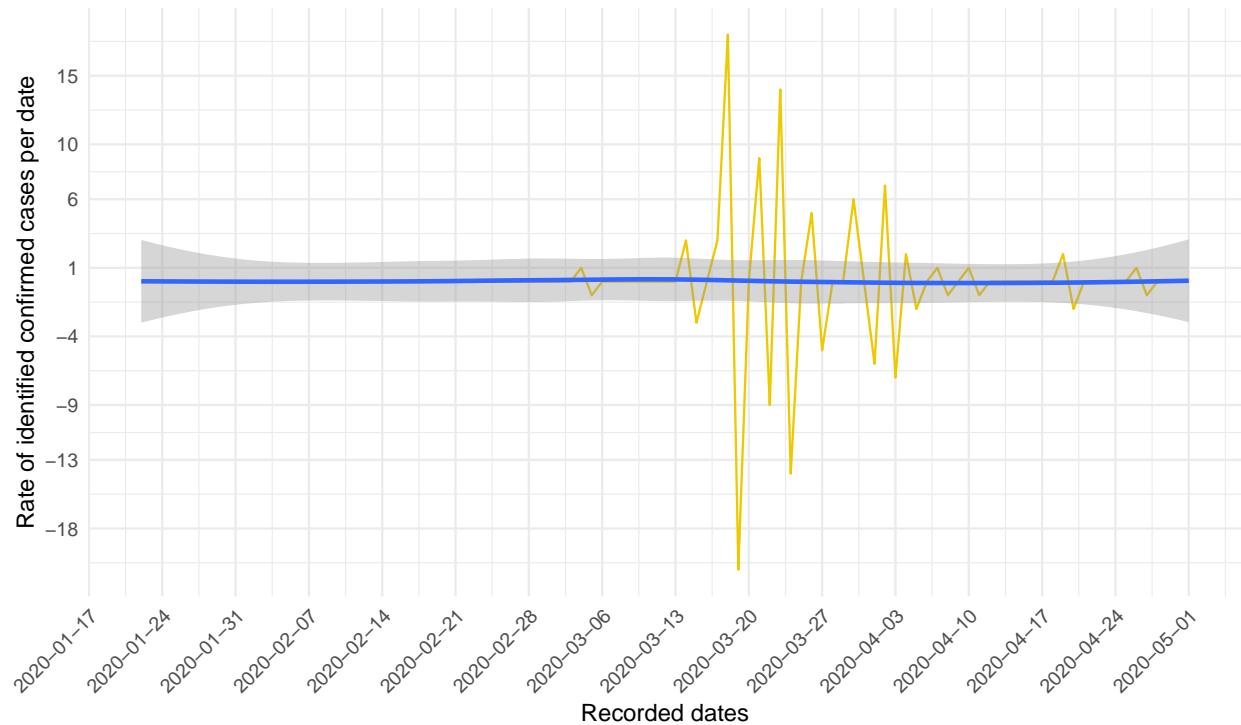

Libya – rate of increase of confirmed cases over time

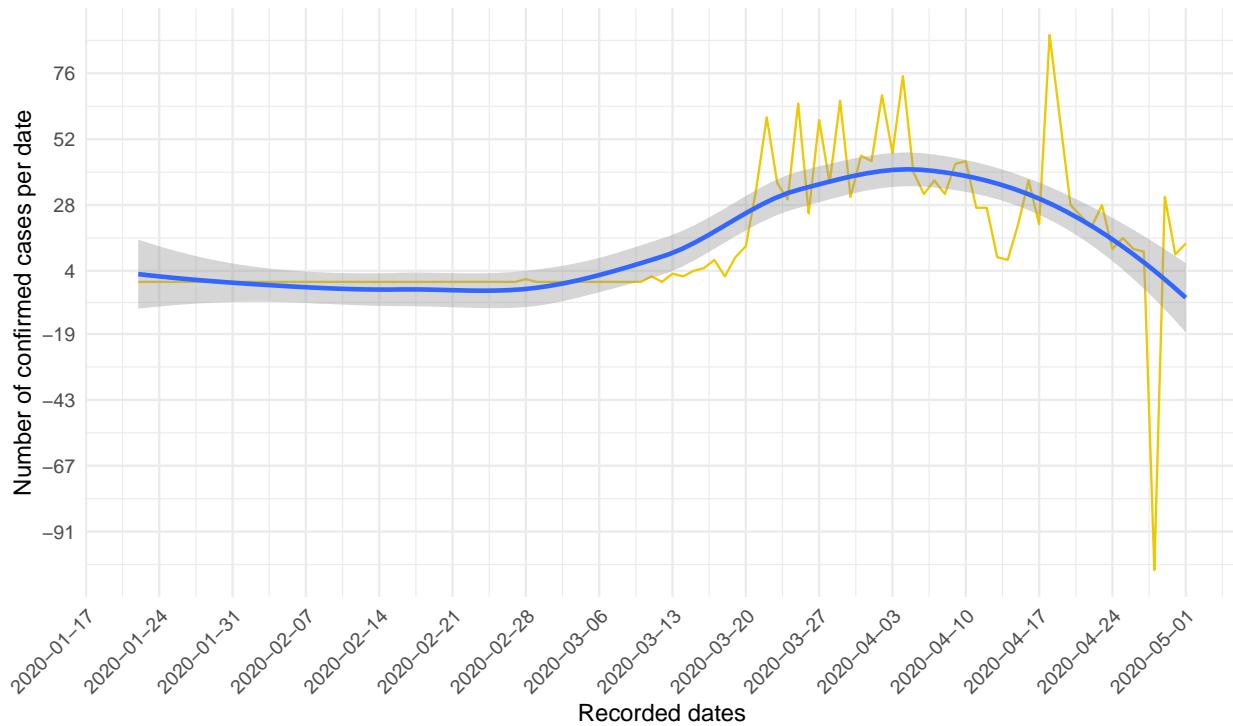

Liechtenstein – confirmed cases over time, total cases: 82

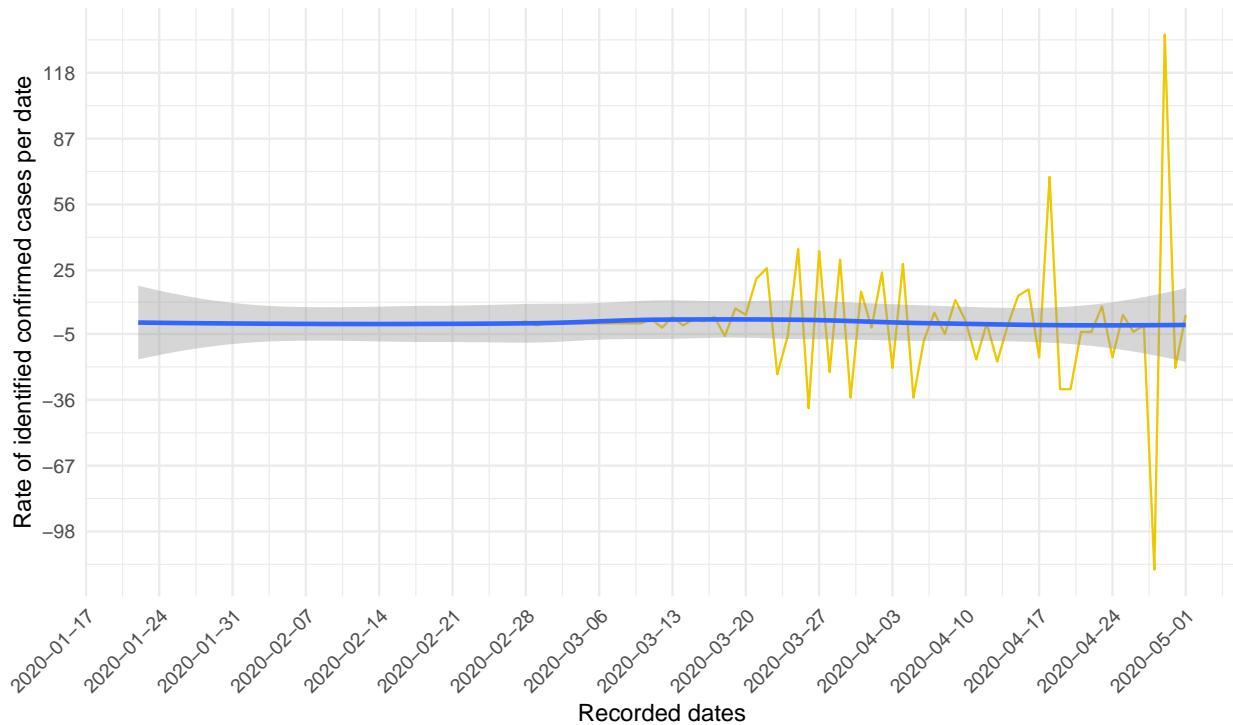

Liechtenstein – rate of increase of confirmed cases over time

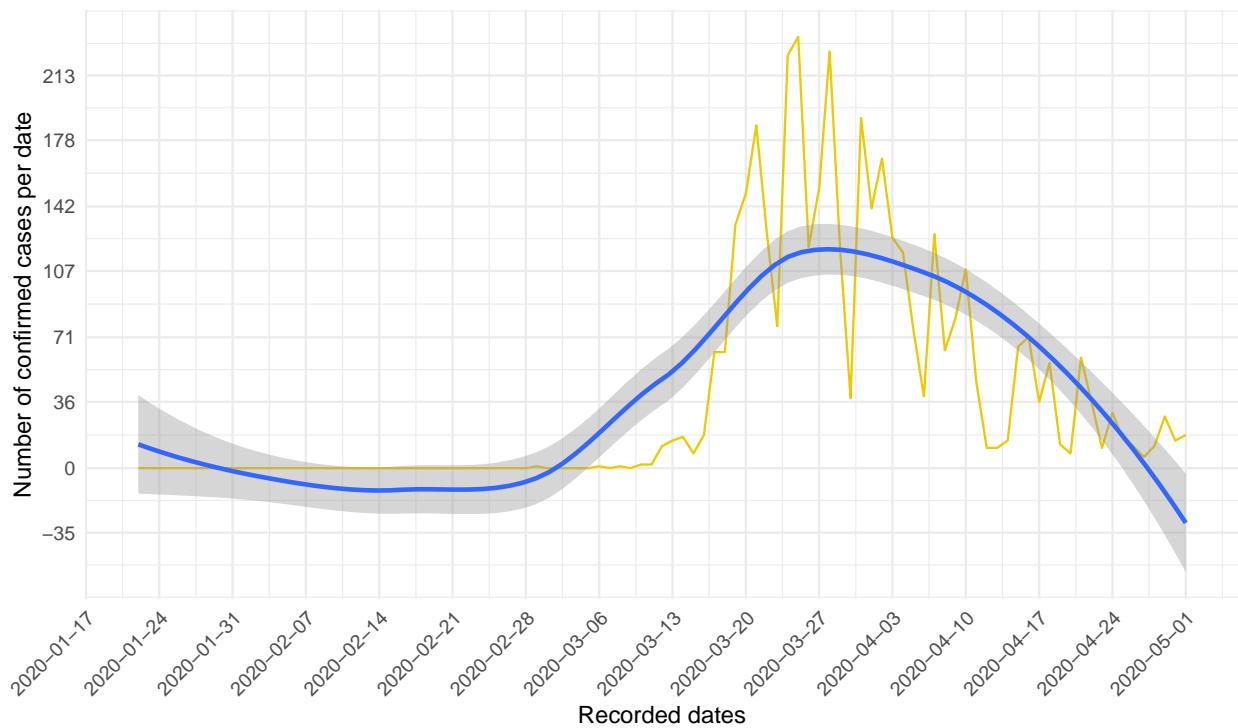

Lithuania – confirmed cases over time, total cases: 1,399

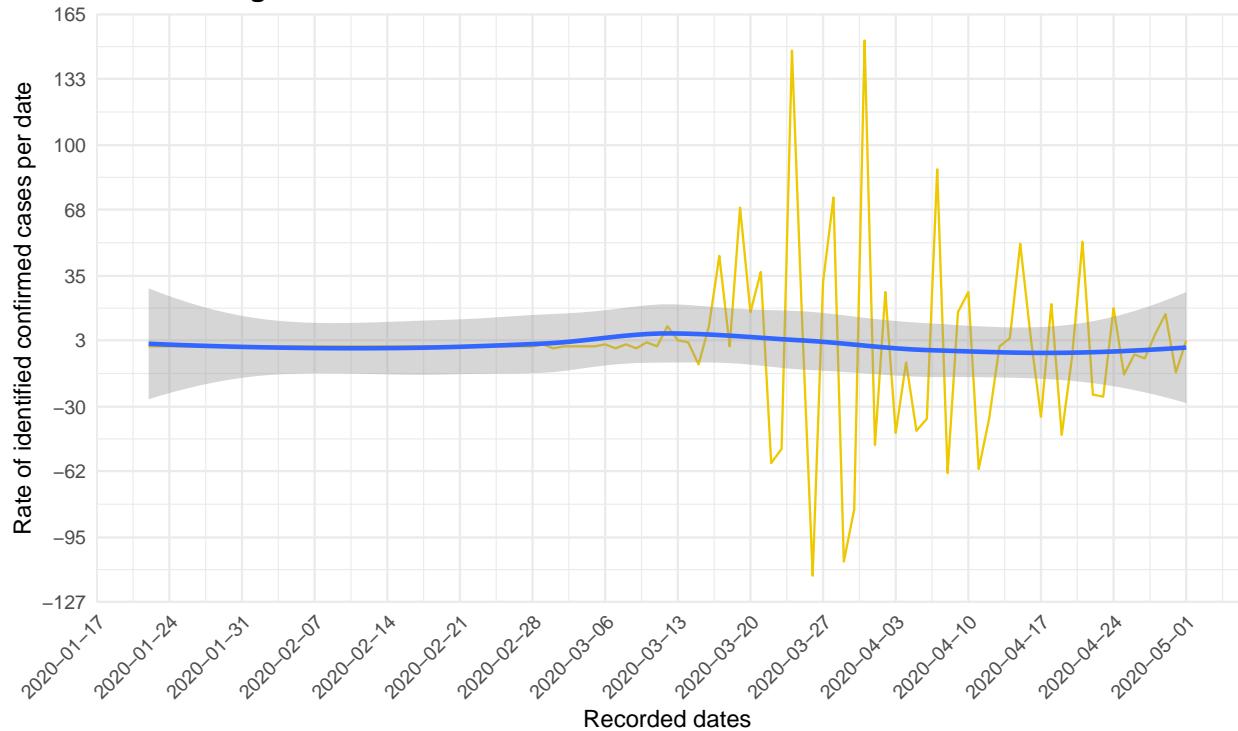

Lithuania – rate of increase of confirmed cases over time

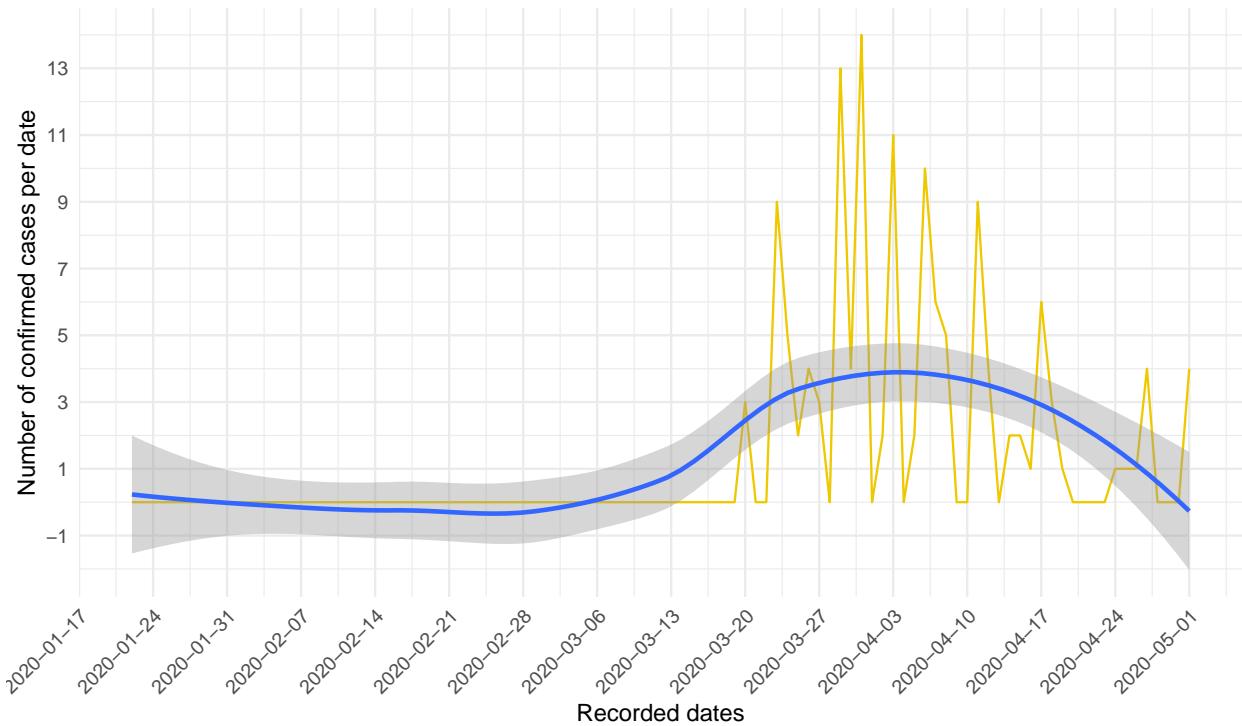

Luxembourg – confirmed cases over time, total cases: 3,802

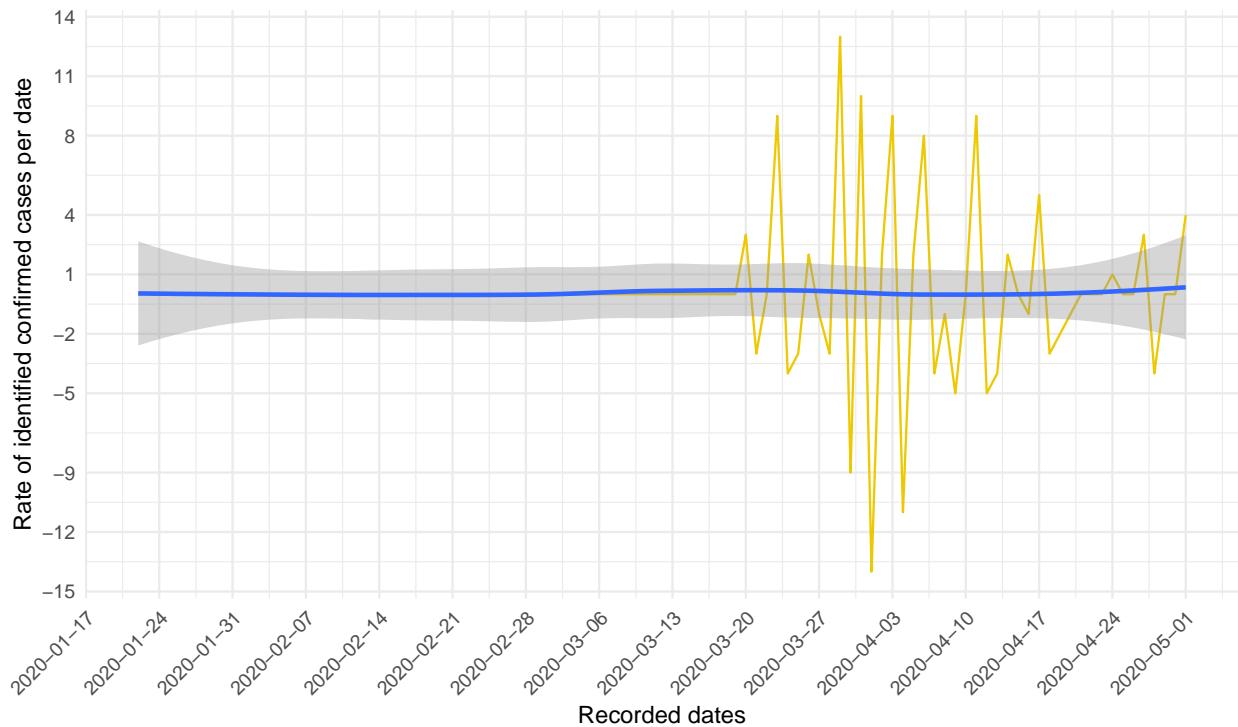

Luxembourg – rate of increase of confirmed cases over time

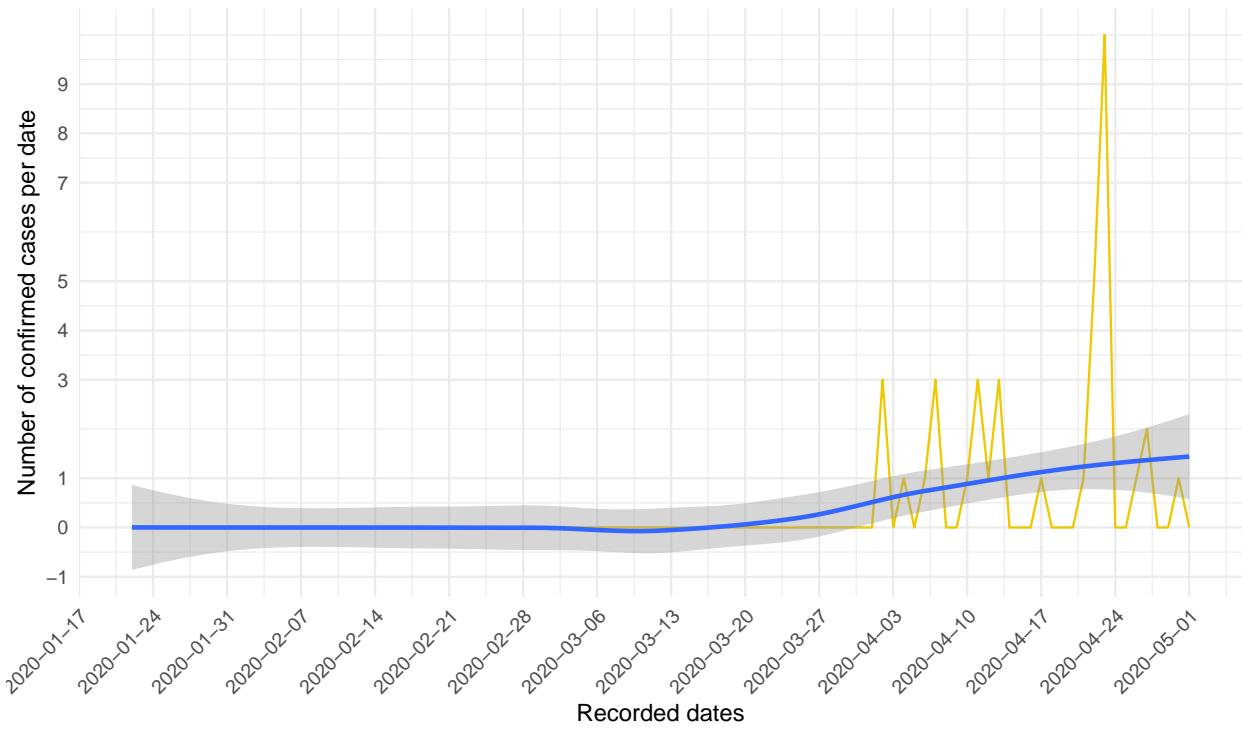

Madagascar – confirmed cases over time, total cases: 132

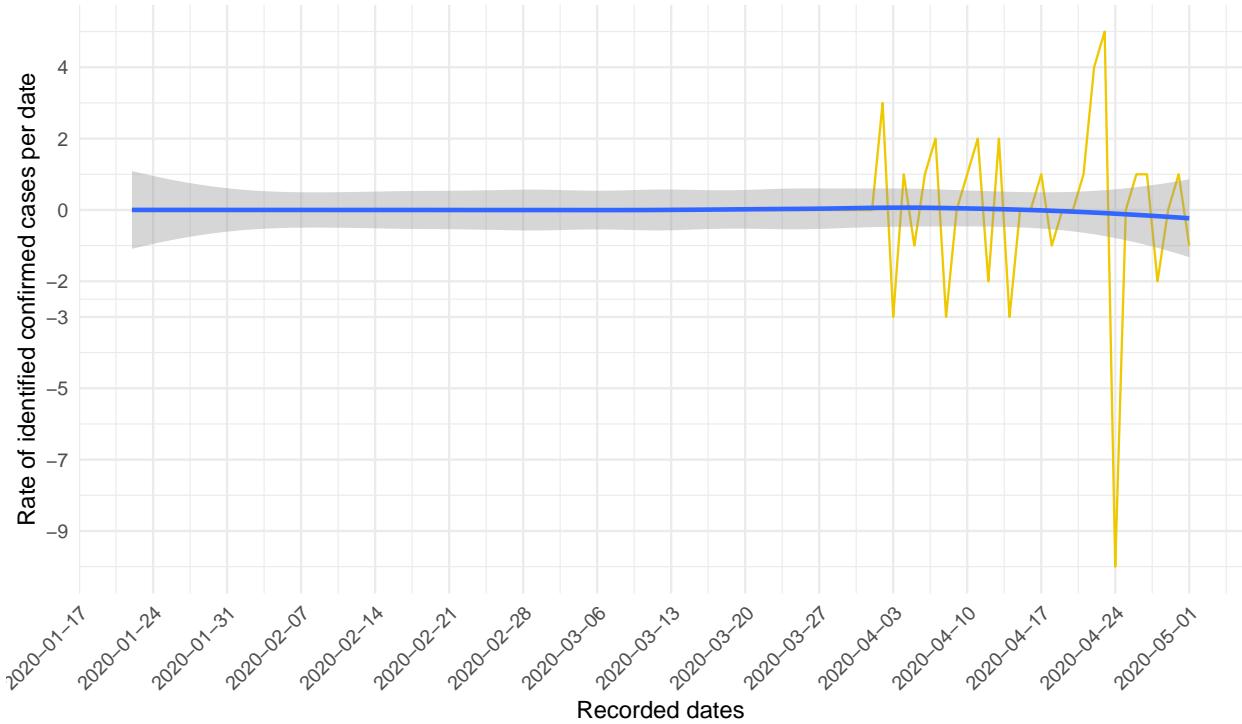

Madagascar – rate of increase of confirmed cases over time

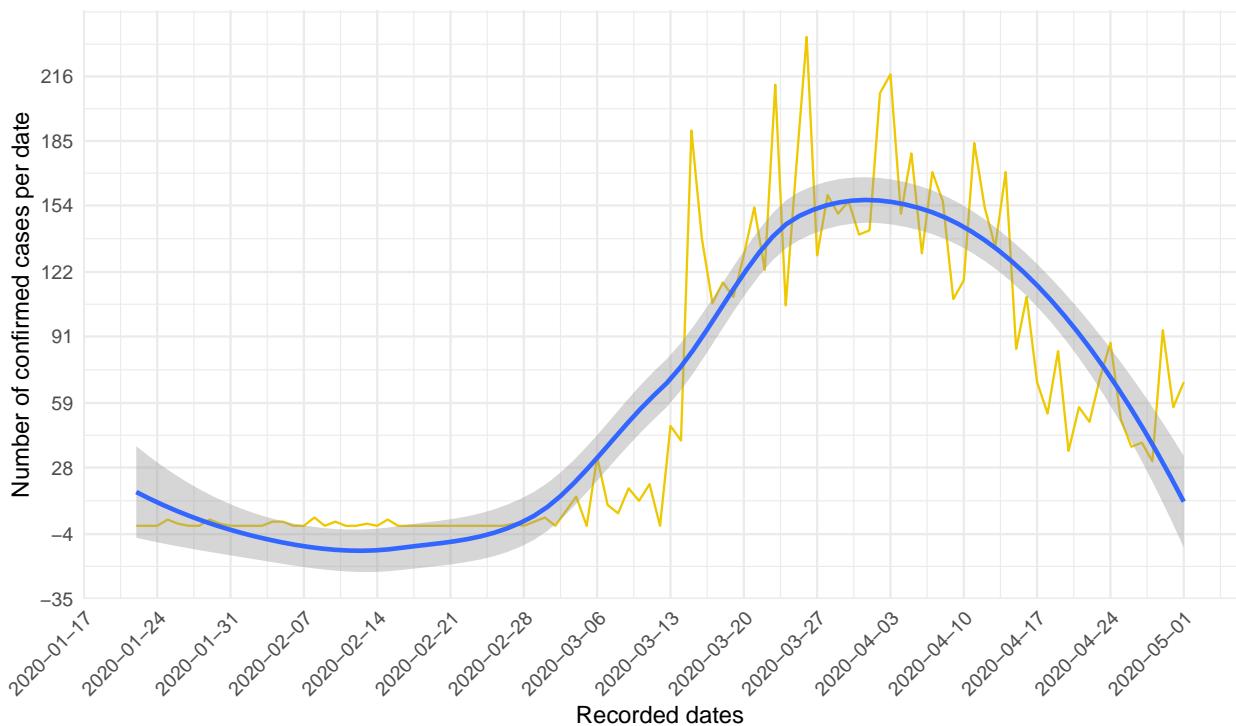

Malawi – confirmed cases over time, total cases: 37

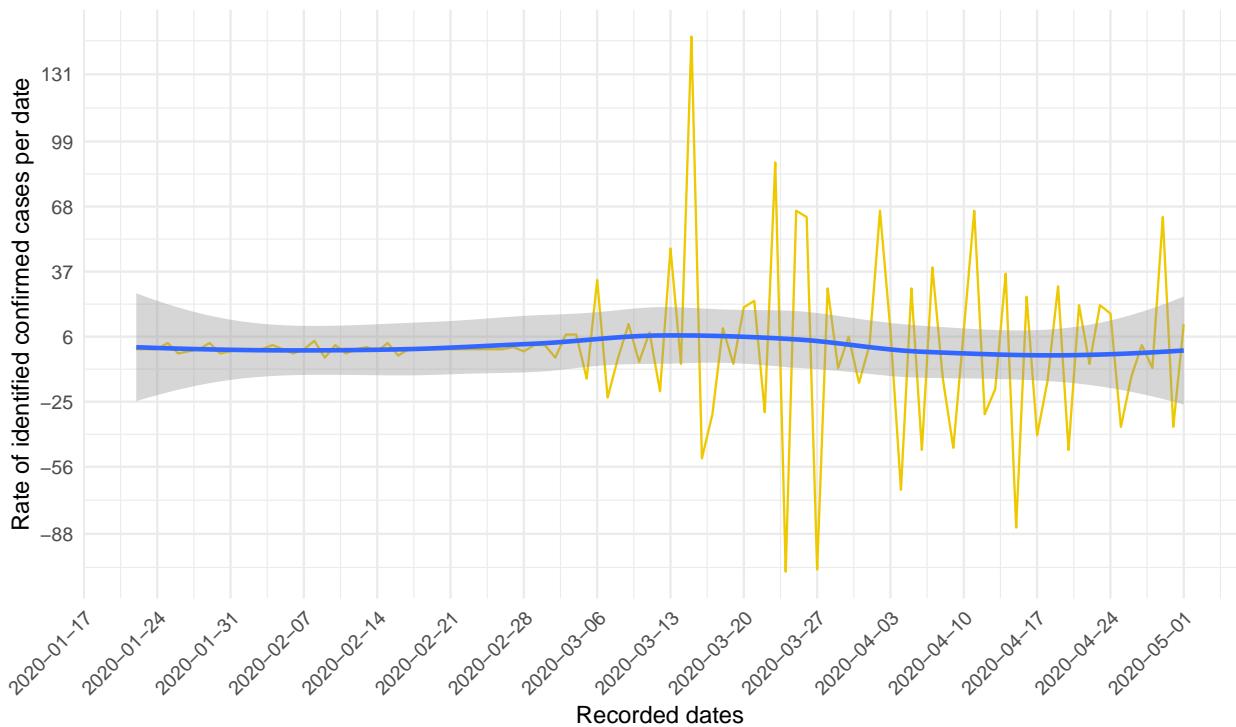

Malawi – rate of increase of confirmed cases over time

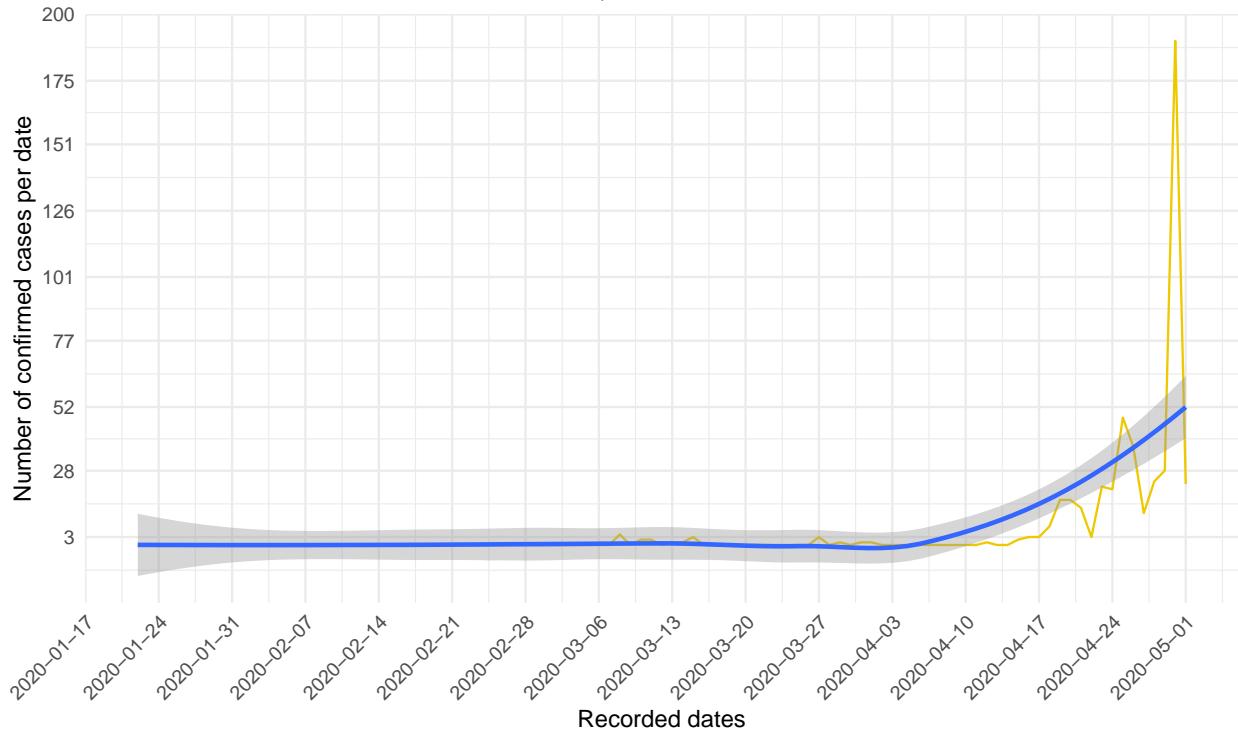

Malaysia – confirmed cases over time, total cases: 6,071

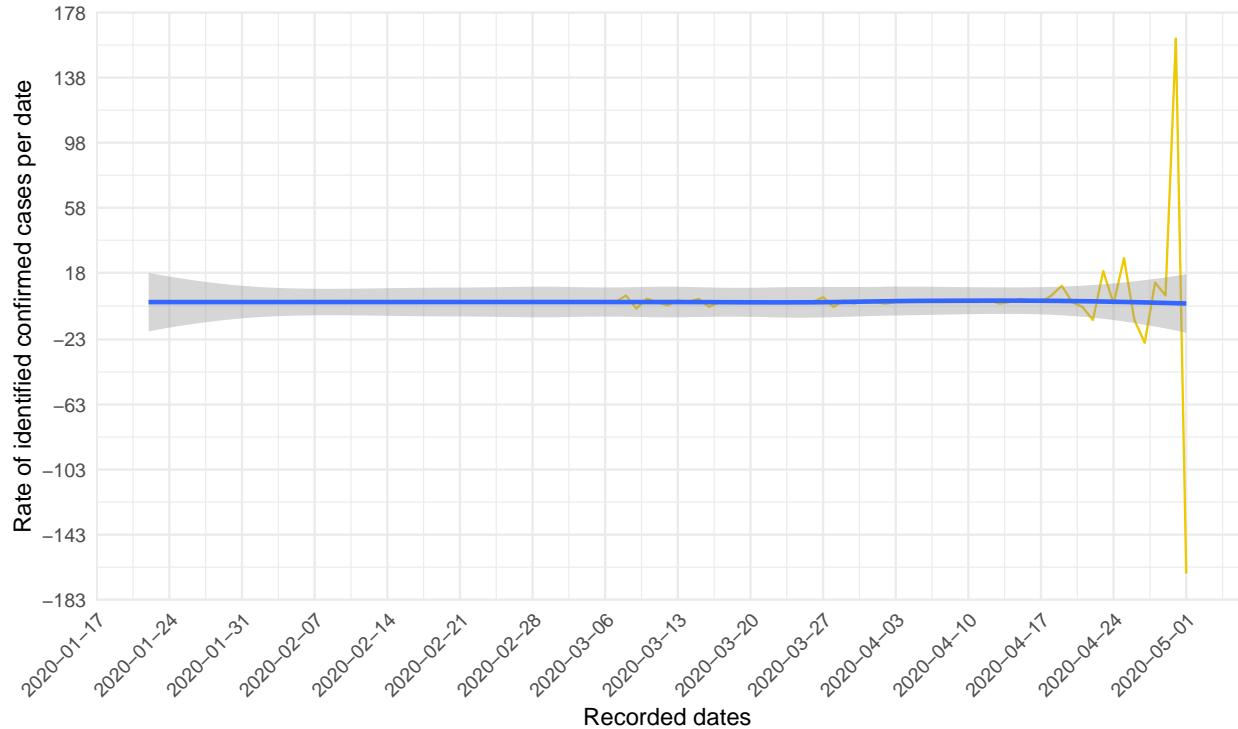

Malaysia – rate of increase of confirmed cases over time

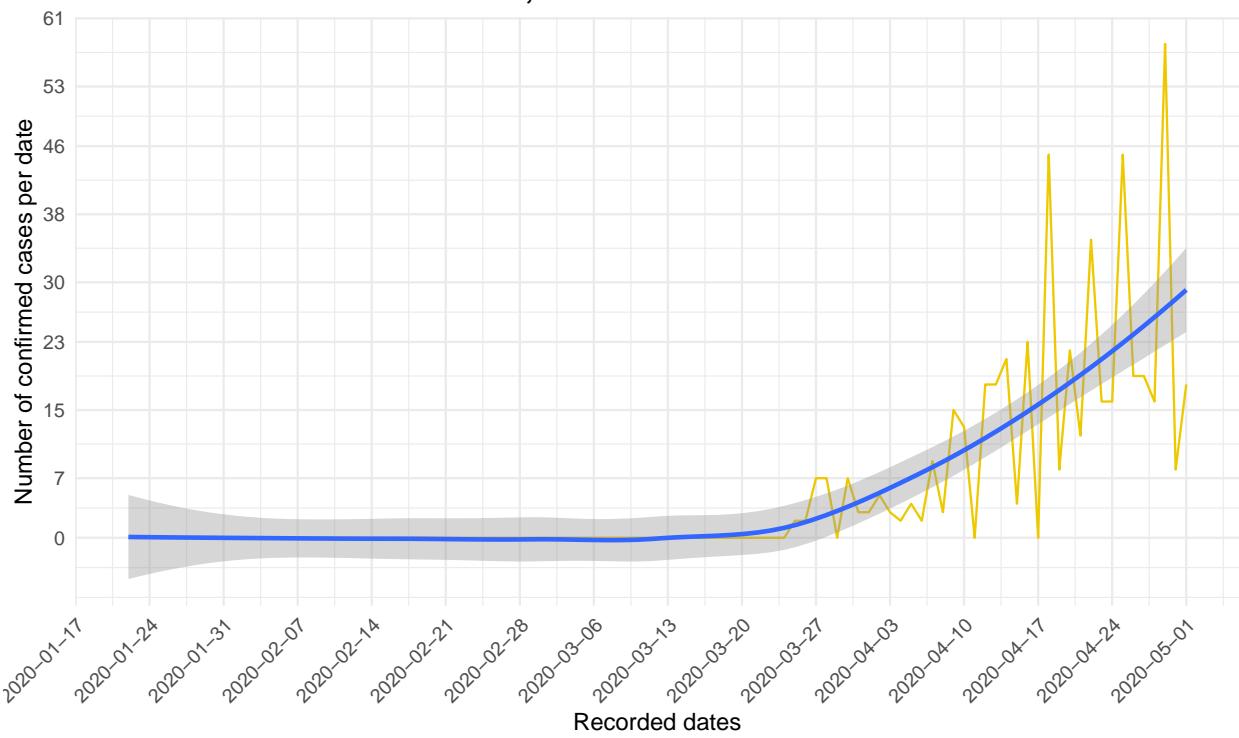

Maldives – confirmed cases over time, total cases: 491

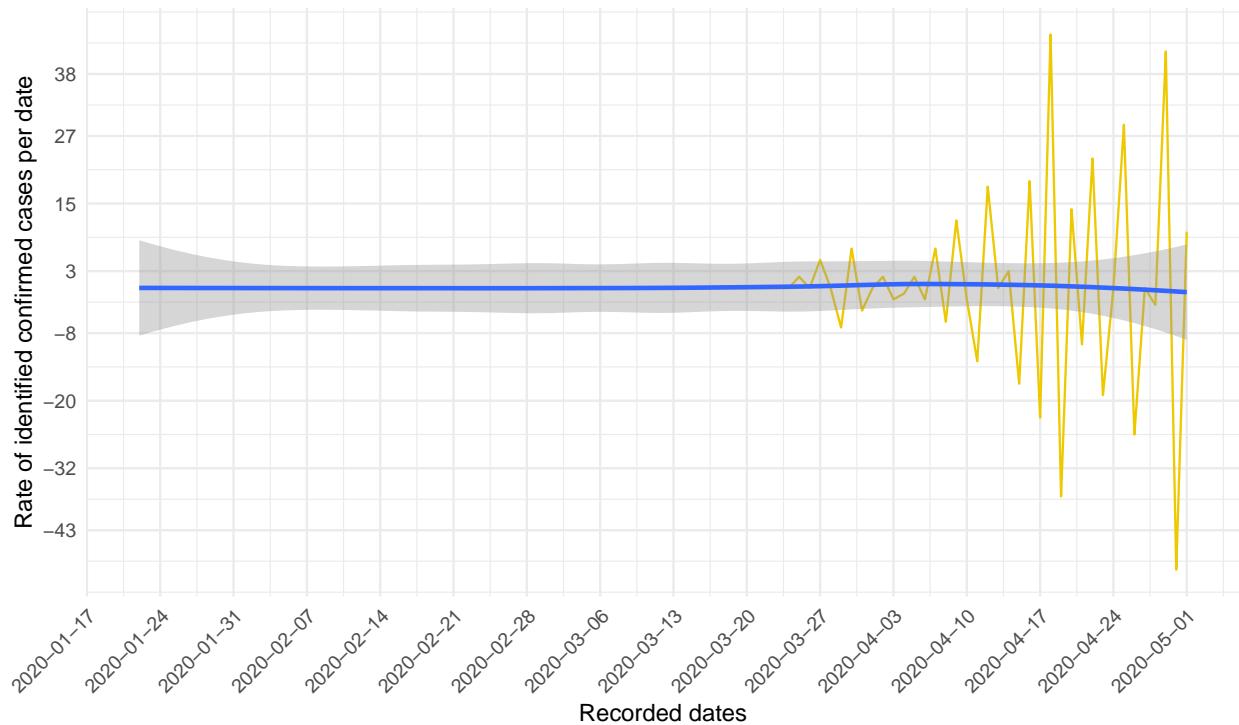

Maldives – rate of increase of confirmed cases over time

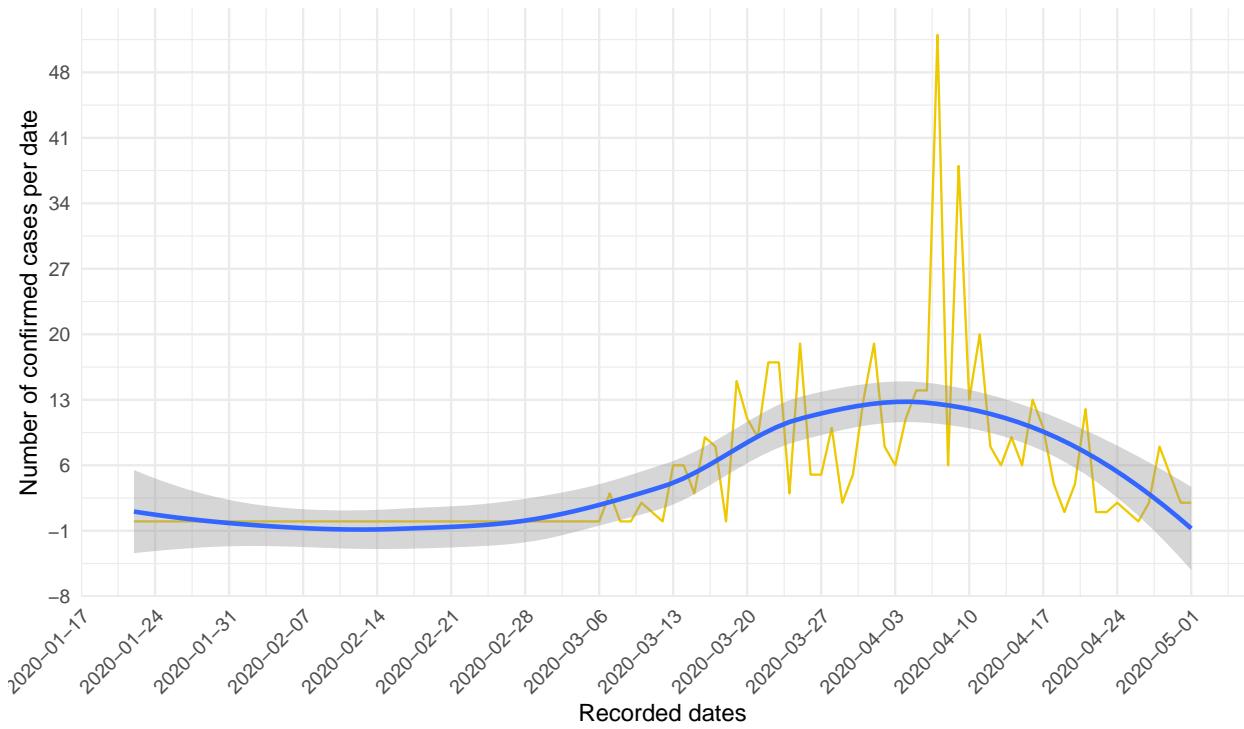

Mali – confirmed cases over time, total cases: 508

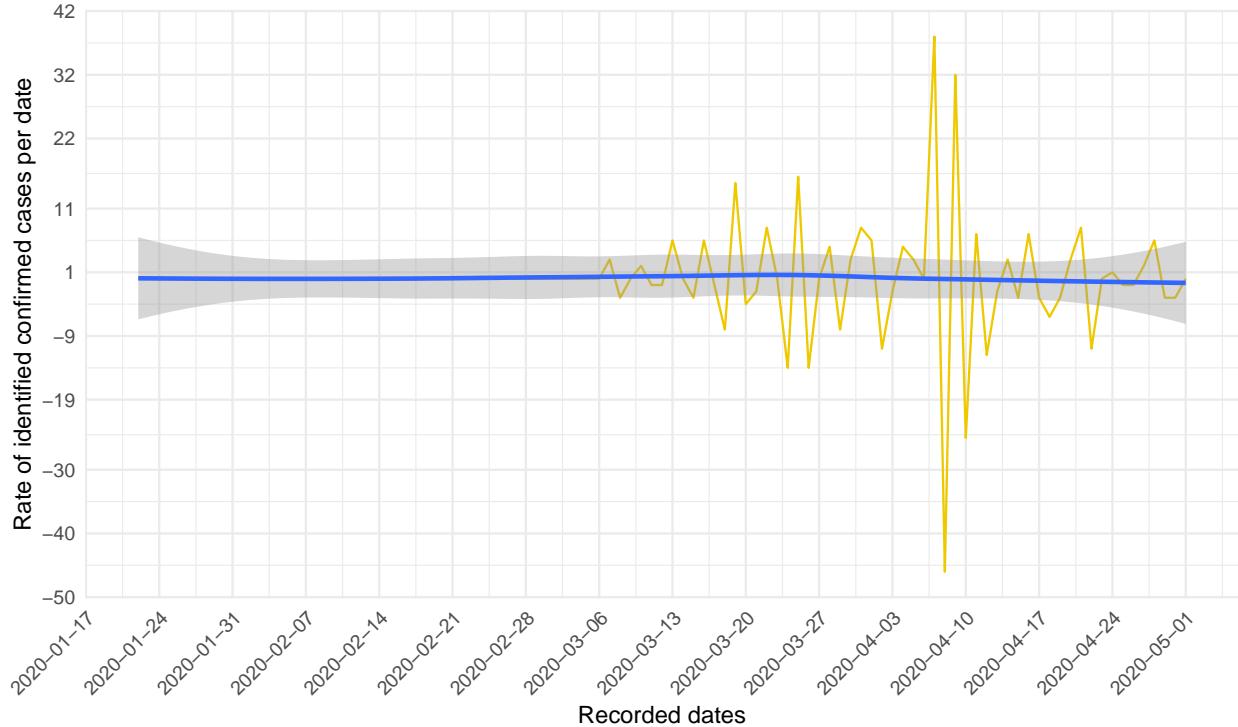

Mali – rate of increase of confirmed cases over time

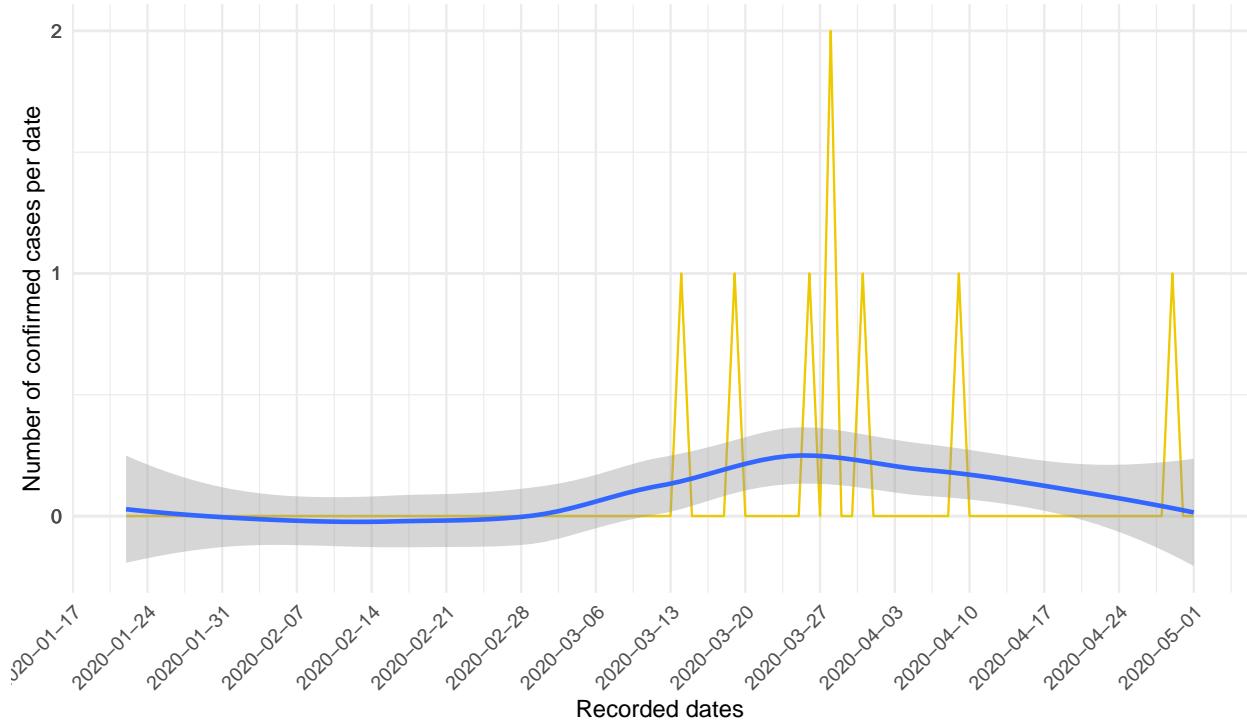

Malta – confirmed cases over time, total cases: 467

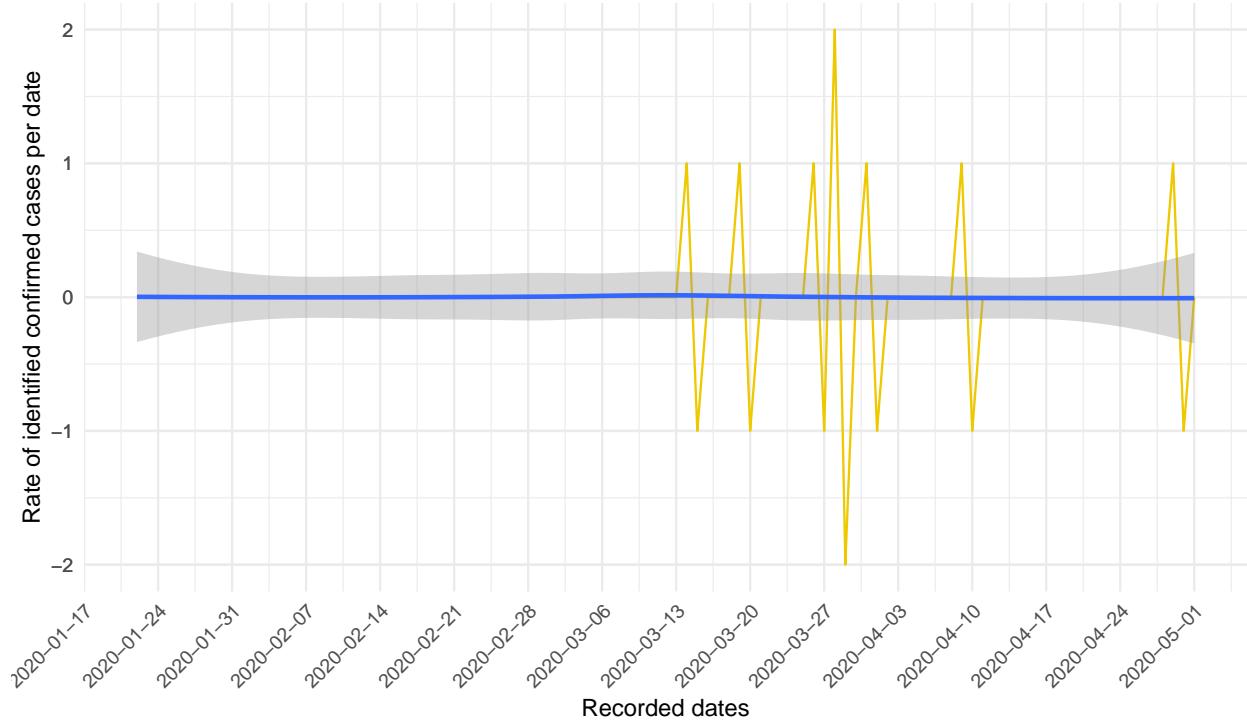

Malta – rate of increase of confirmed cases over time

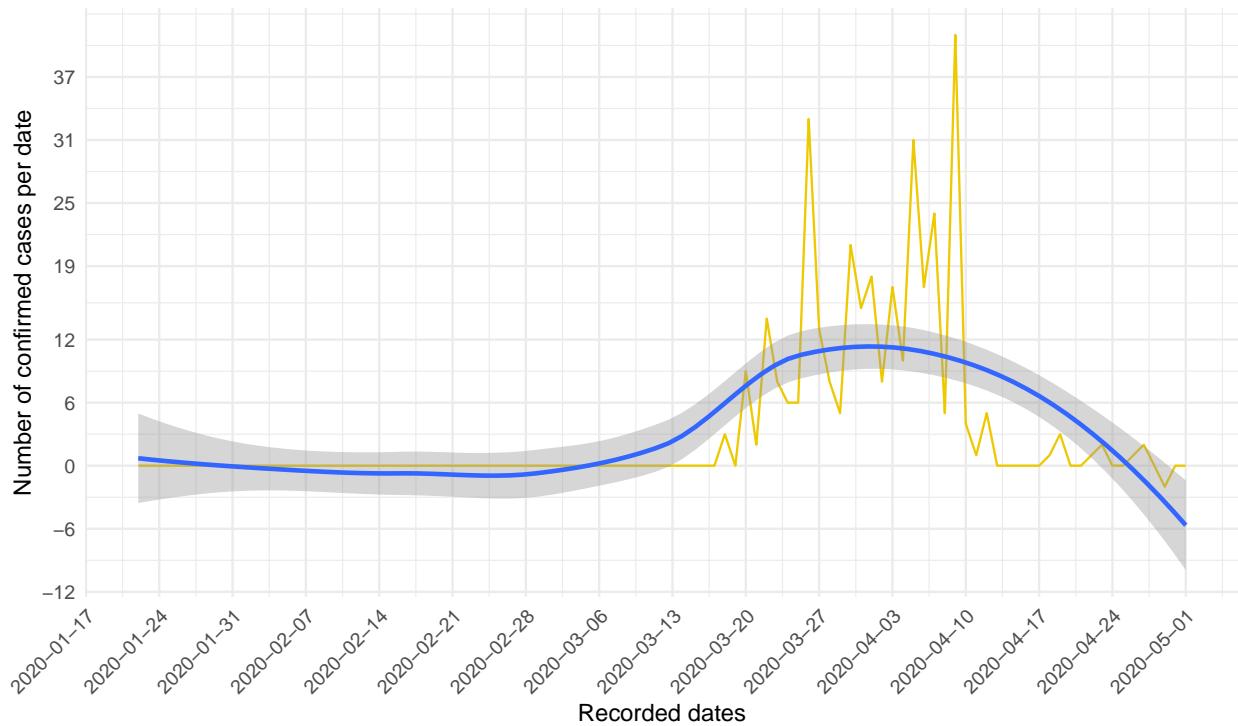

Mauritania – confirmed cases over time, total cases: 8

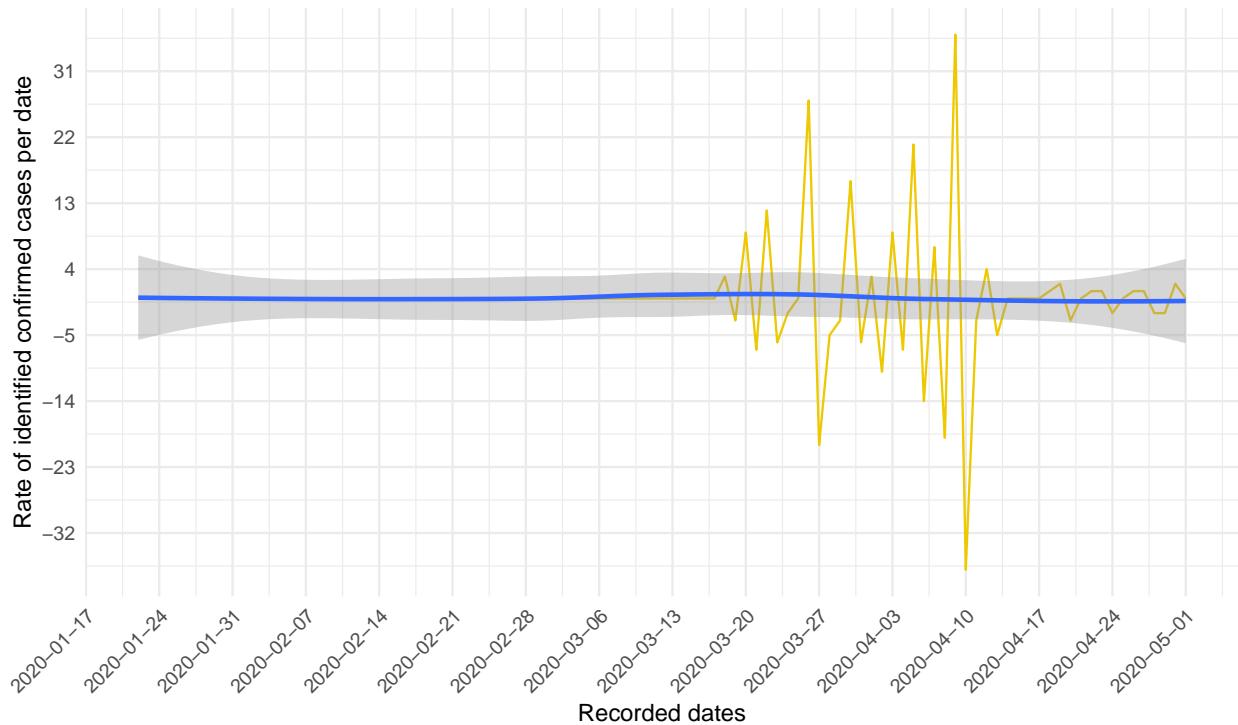

Mauritania – rate of increase of confirmed cases over time

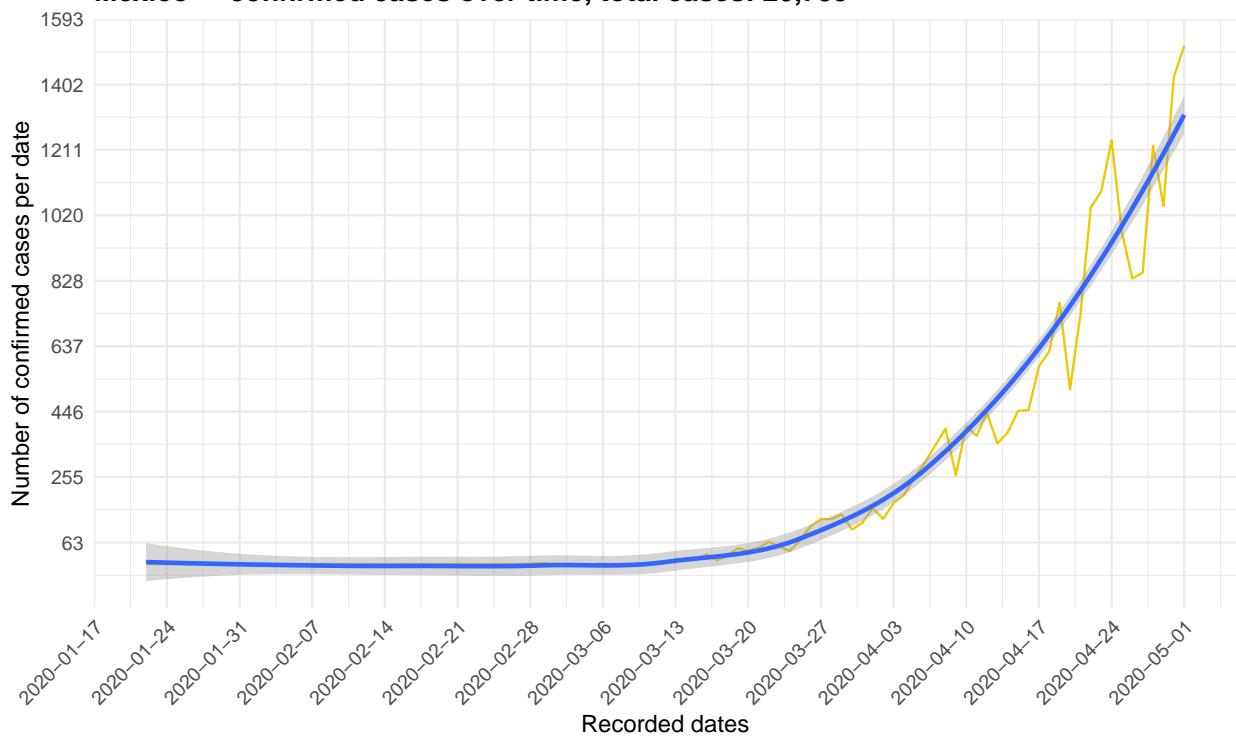

Mauritius – confirmed cases over time, total cases: 332

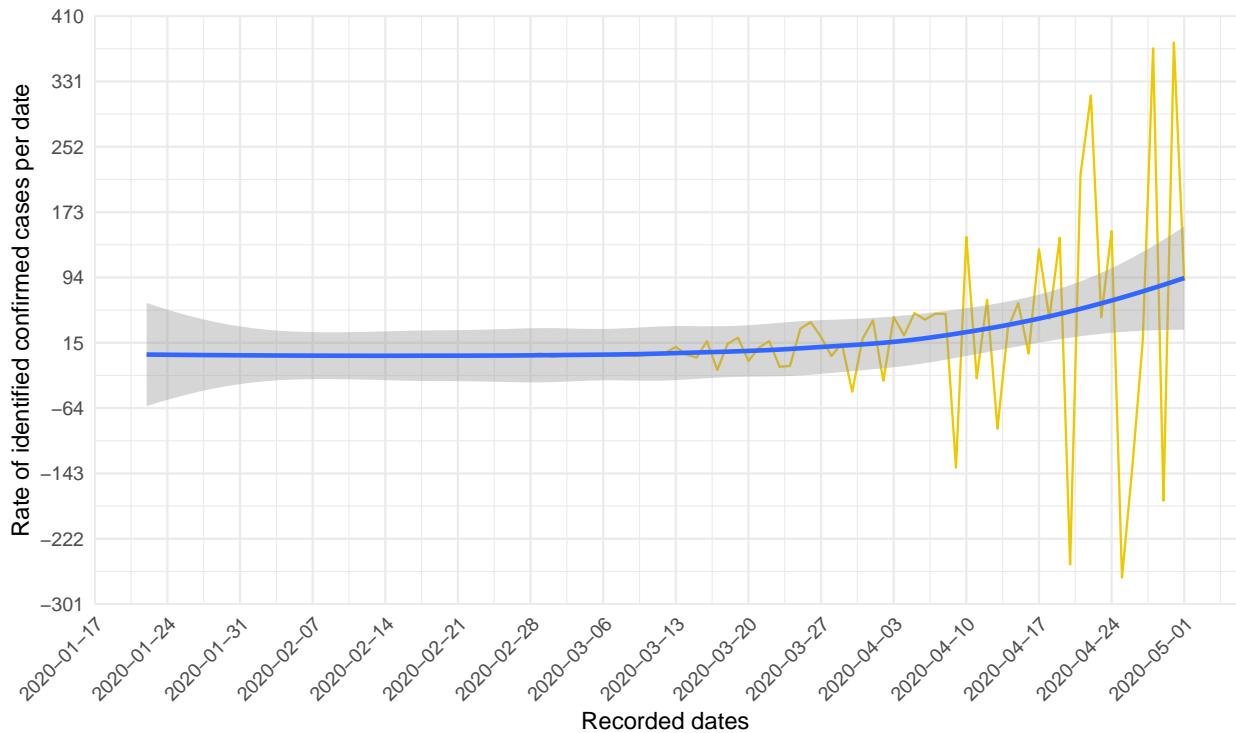

Mauritius – rate of increase of confirmed cases over time

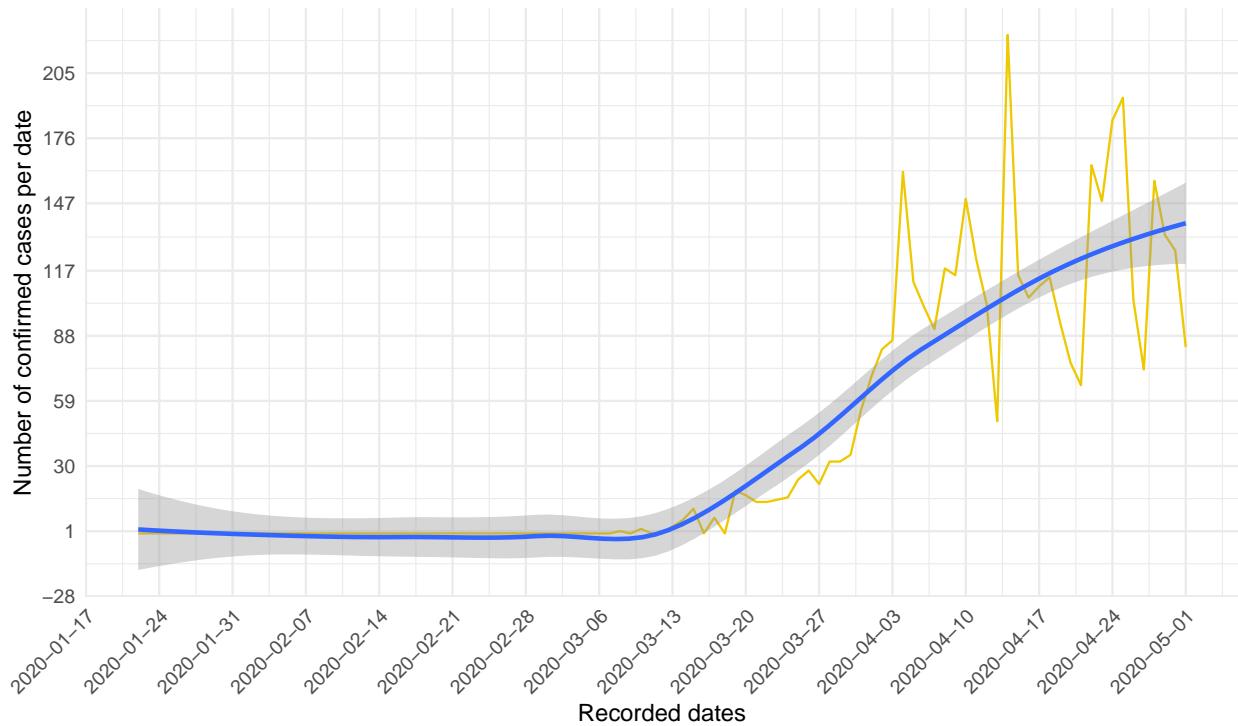

Mexico – confirmed cases over time, total cases: 20,739

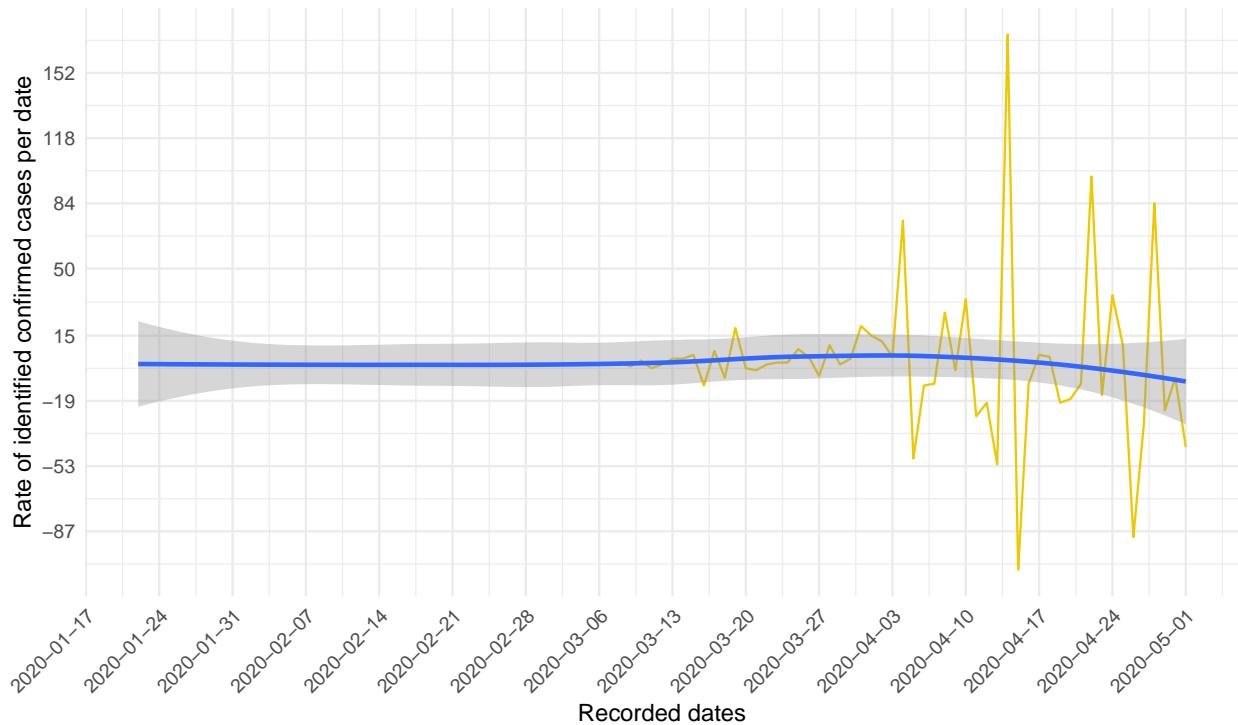

Mexico – rate of increase of confirmed cases over time

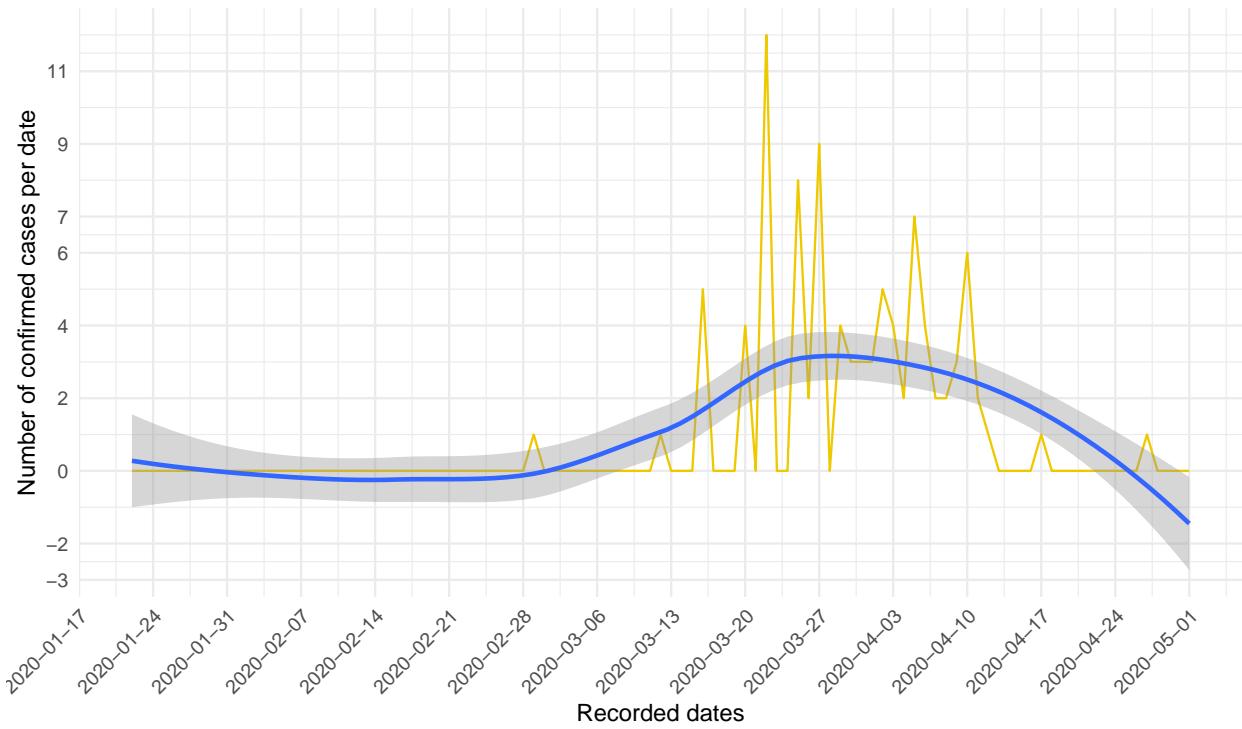

Moldova – confirmed cases over time, total cases: 3,980

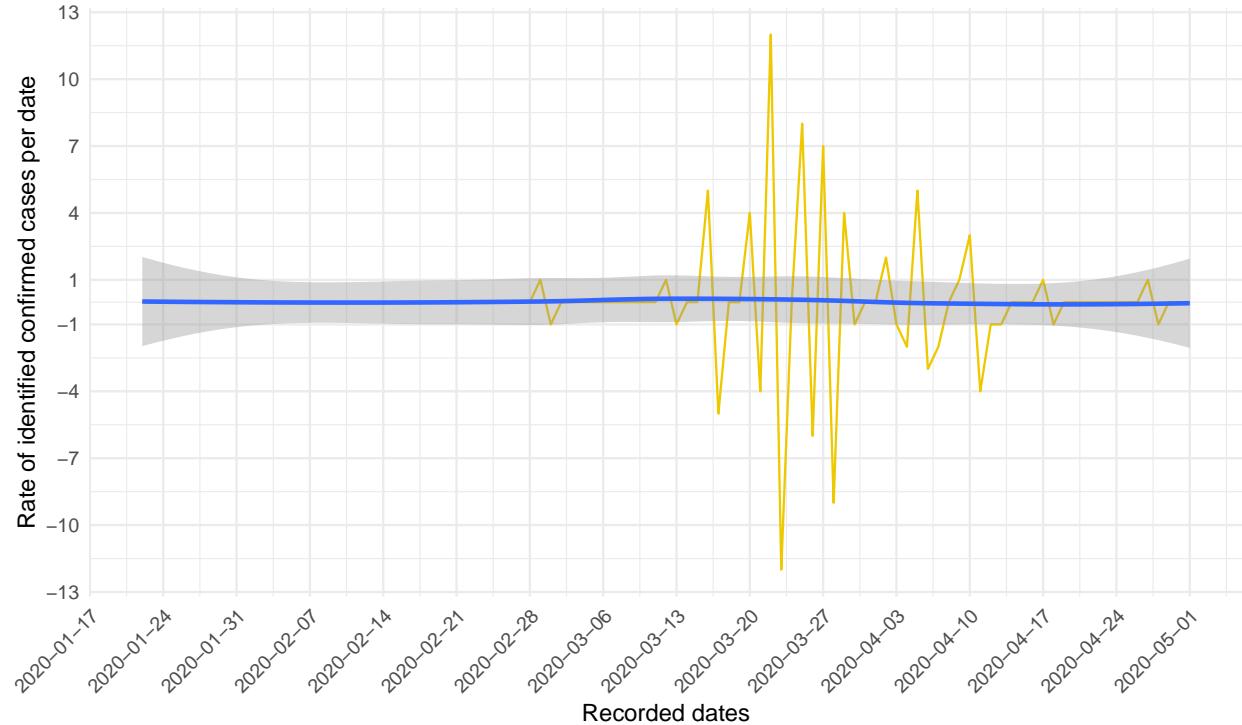

Moldova – rate of increase of confirmed cases over time

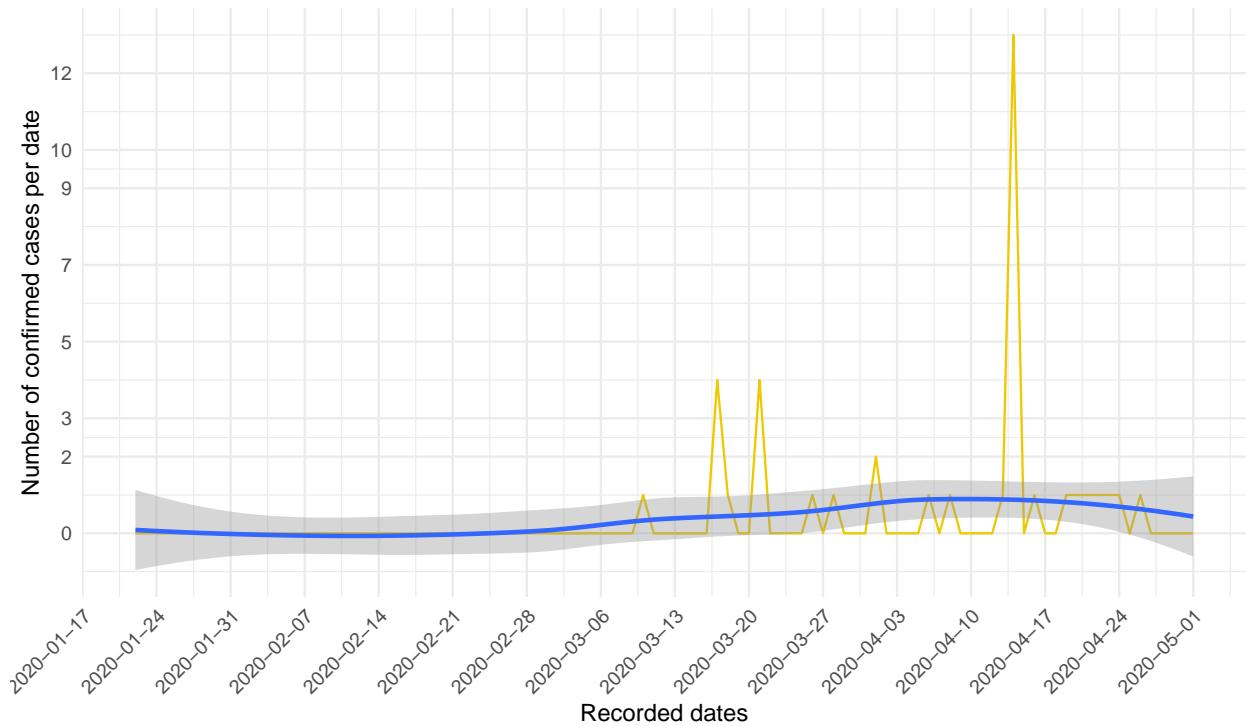

Monaco – confirmed cases over time, total cases: 95

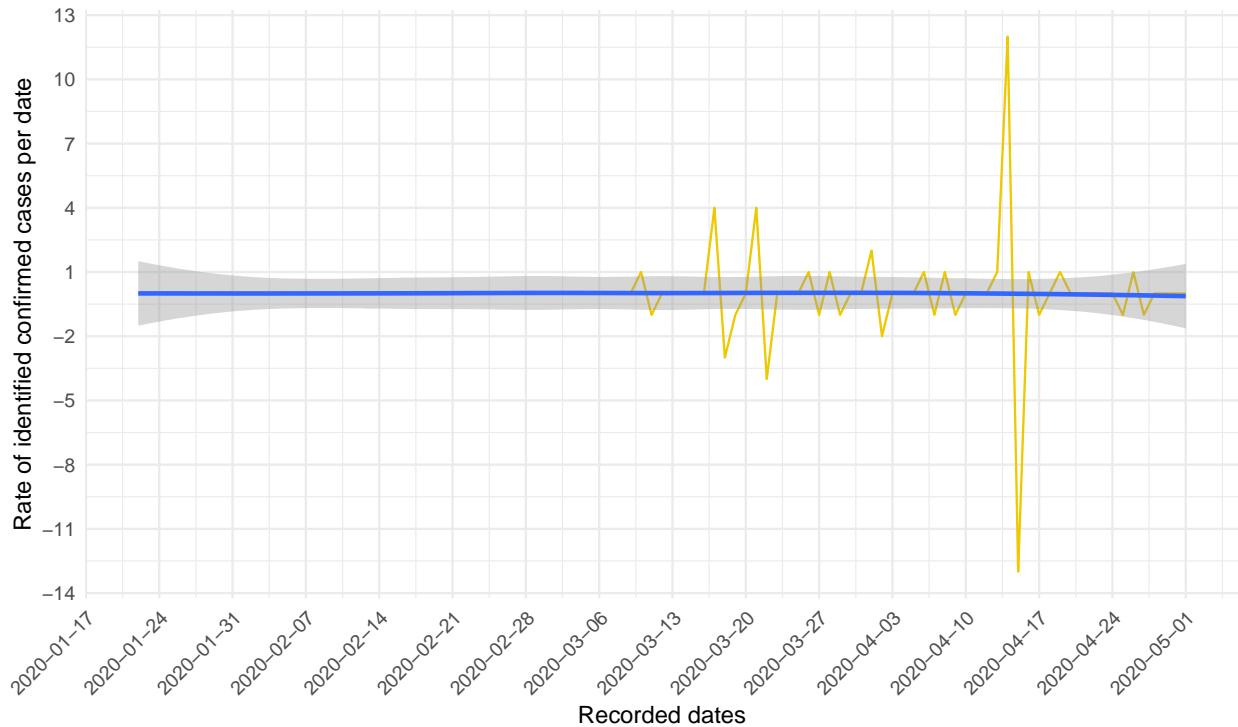

Monaco – rate of increase of confirmed cases over time

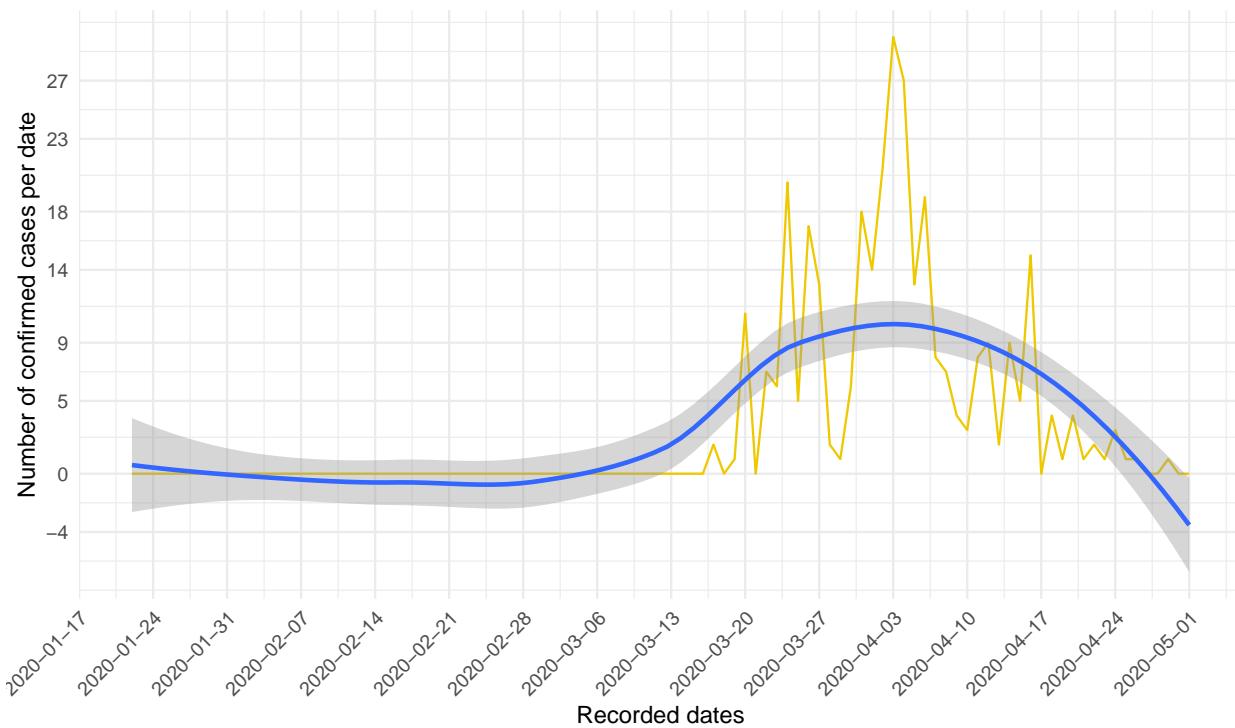

Mongolia – confirmed cases over time, total cases: 38

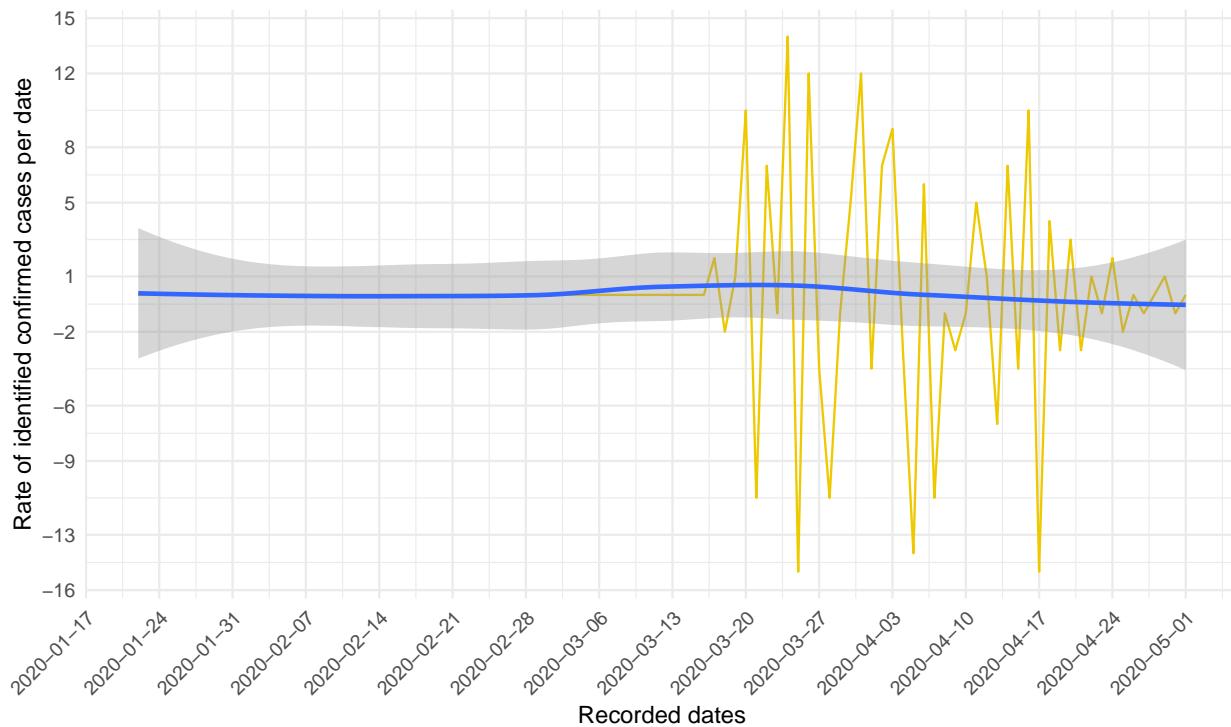

Mongolia – rate of increase of confirmed cases over time

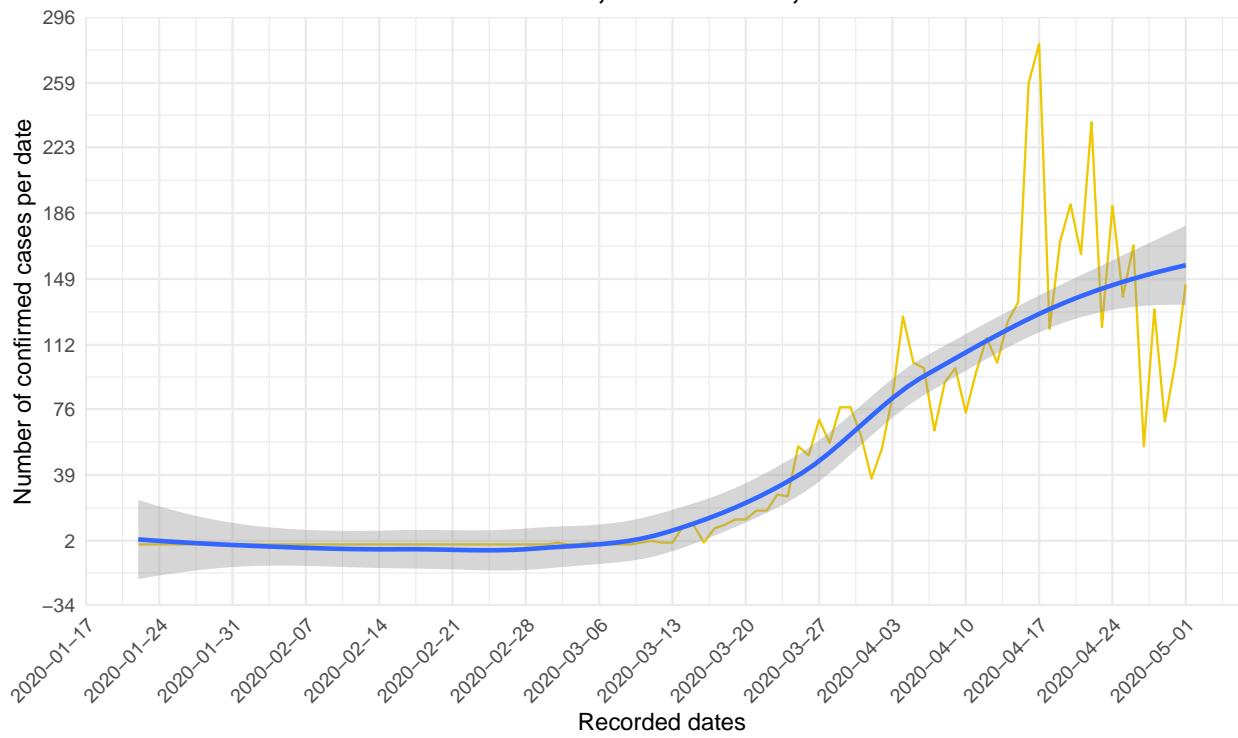

Montenegro – confirmed cases over time, total cases: 322

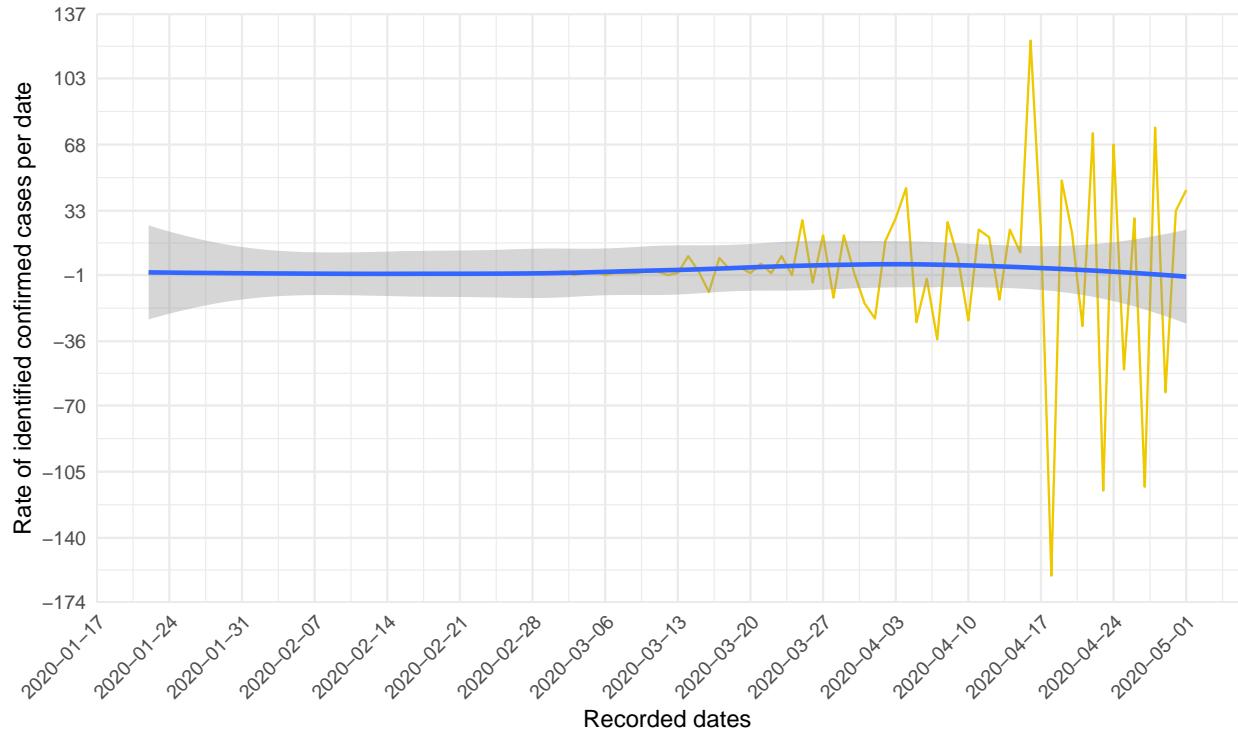

Montenegro – rate of increase of confirmed cases over time

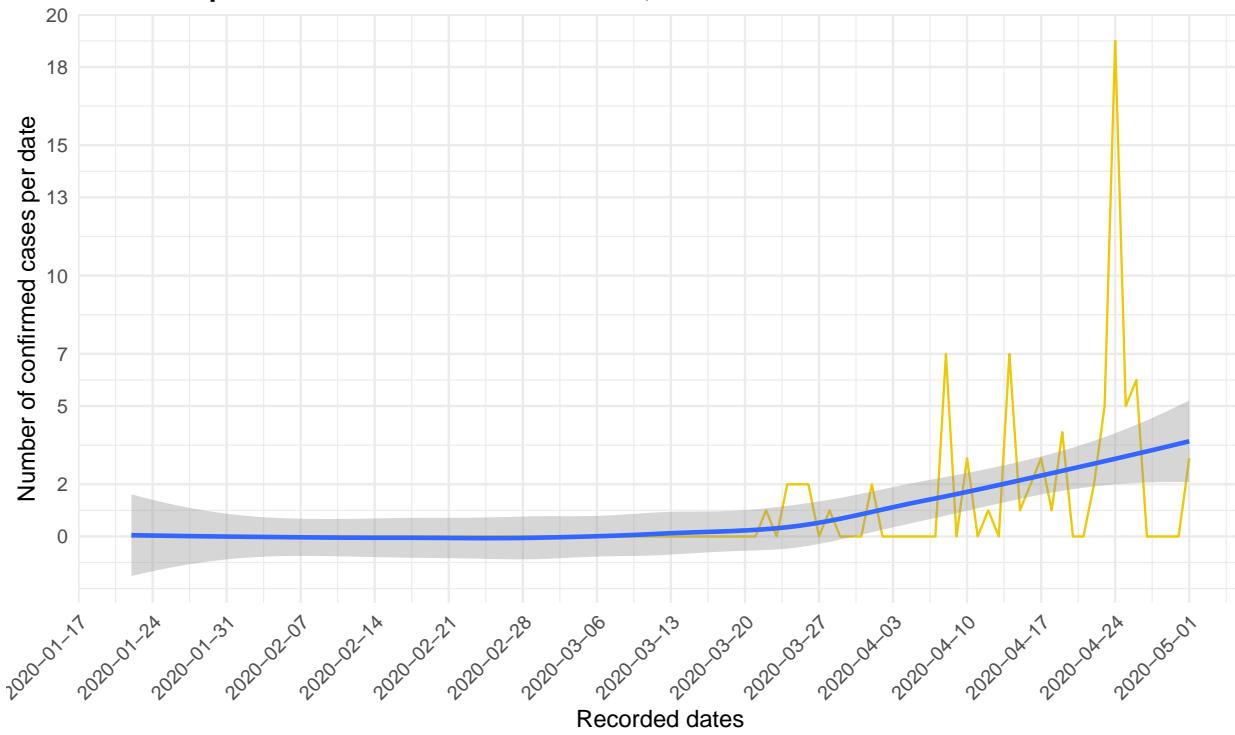

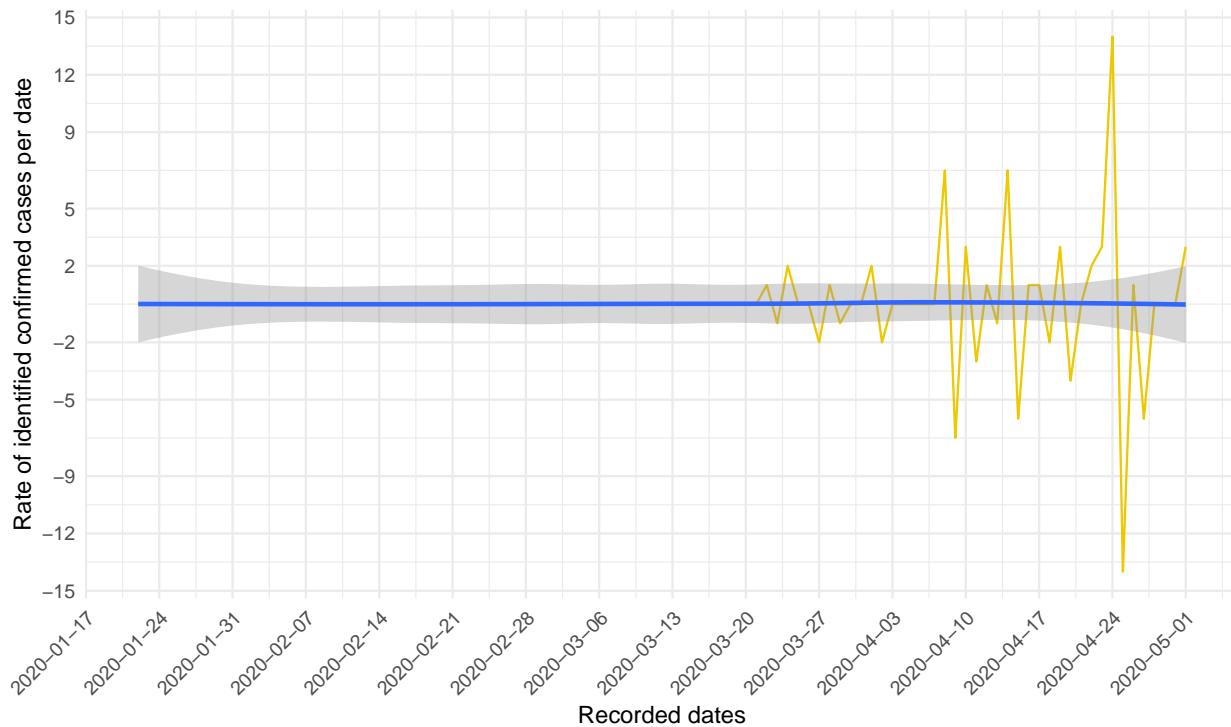

Morocco – confirmed cases over time, total cases: 4,569

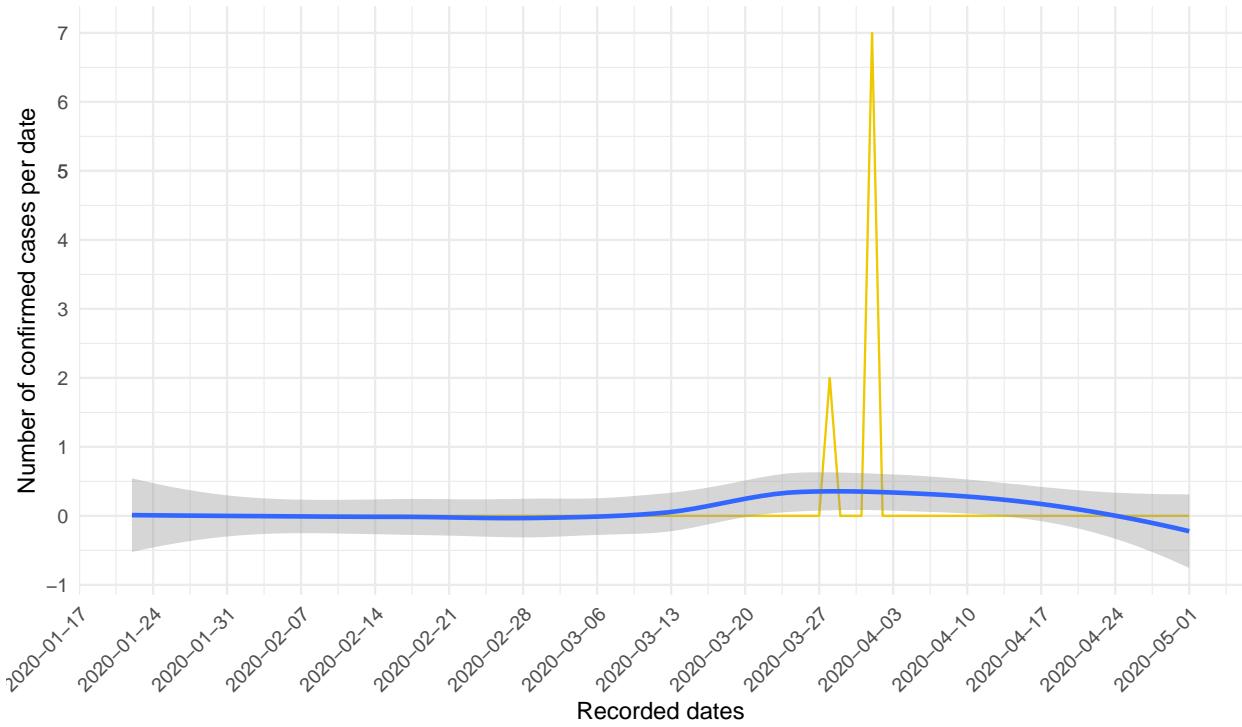

Morocco – rate of increase of confirmed cases over time

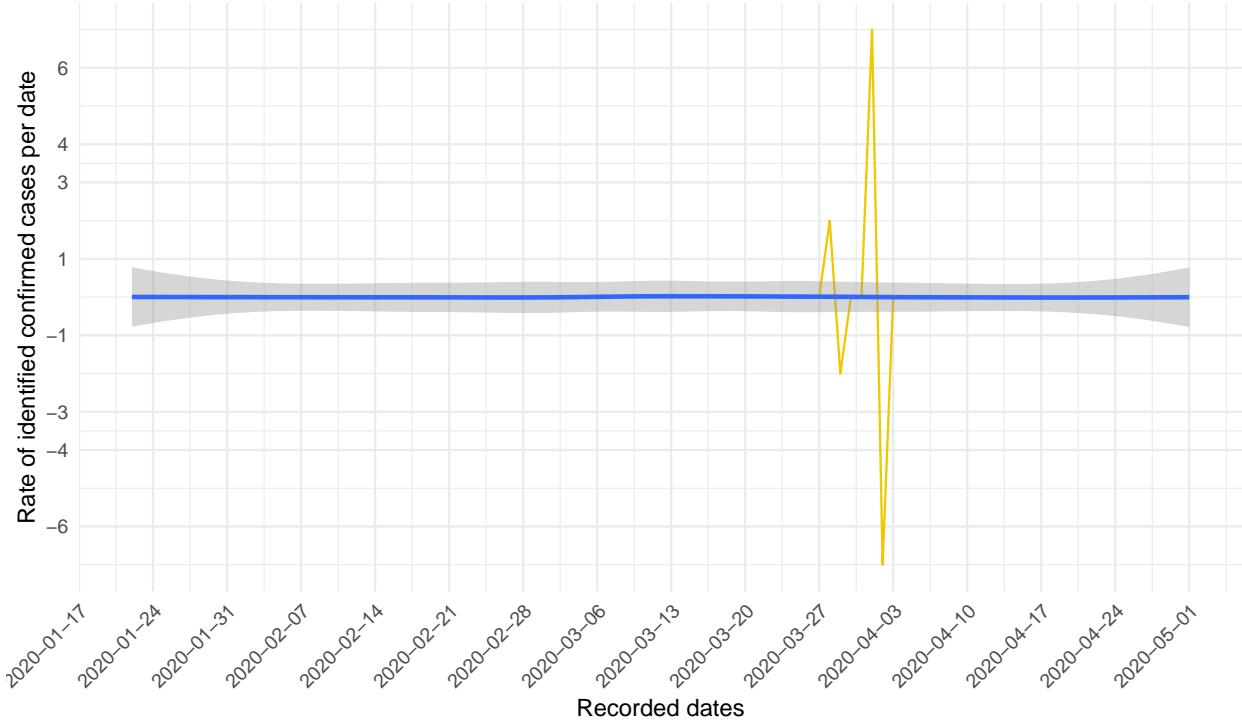

Mozambique – confirmed cases over time, total cases: 79**Mozambique – rate of increase of confirmed cases over time**

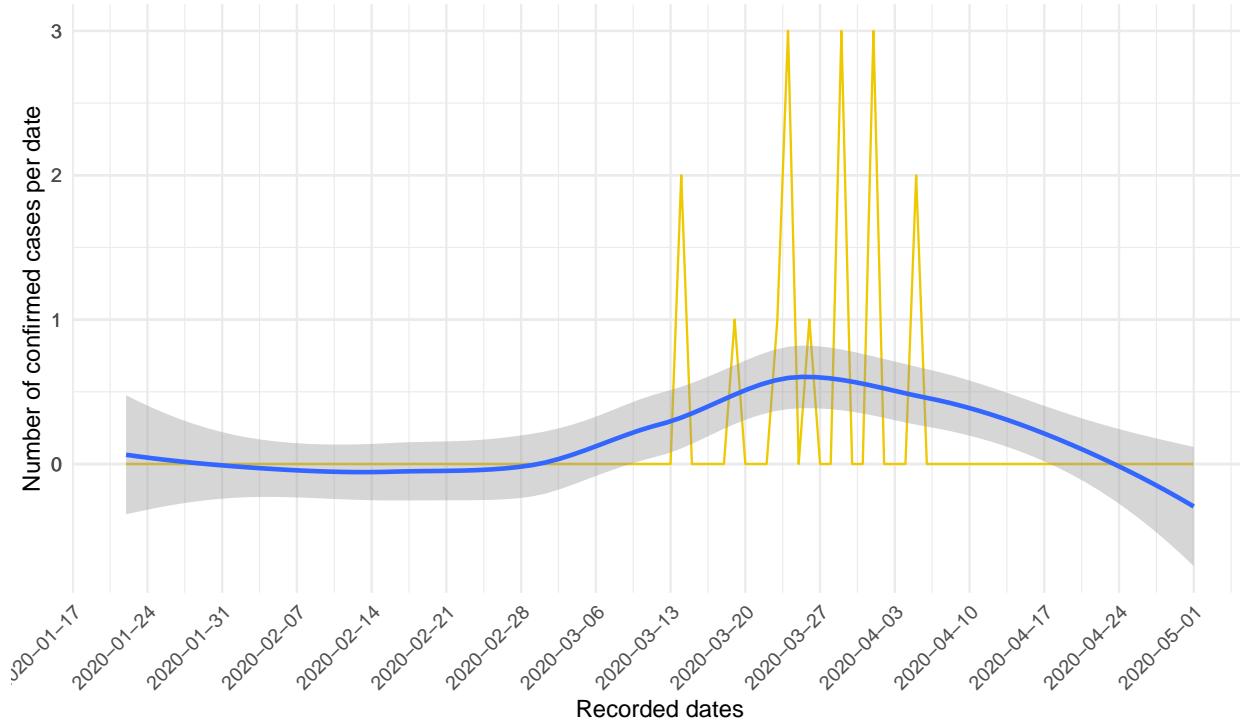

MS Zaandam – confirmed cases over time, total cases: 9

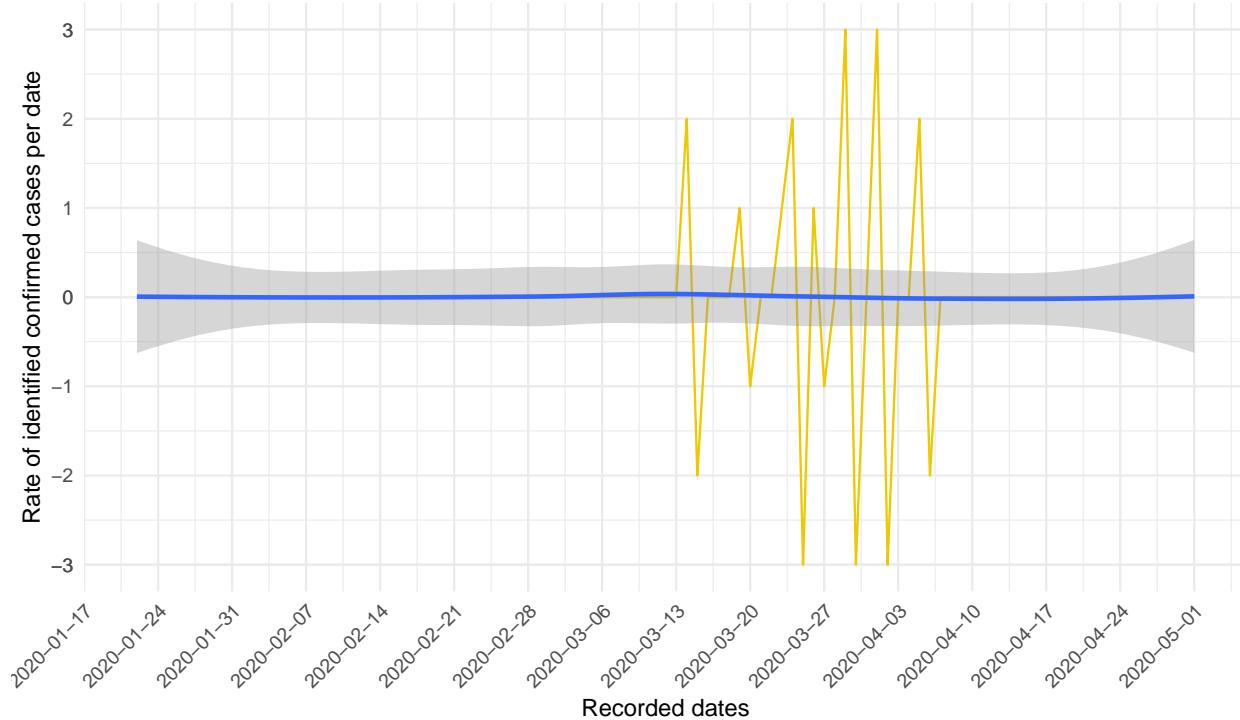

MS Zaandam – rate of increase of confirmed cases over time

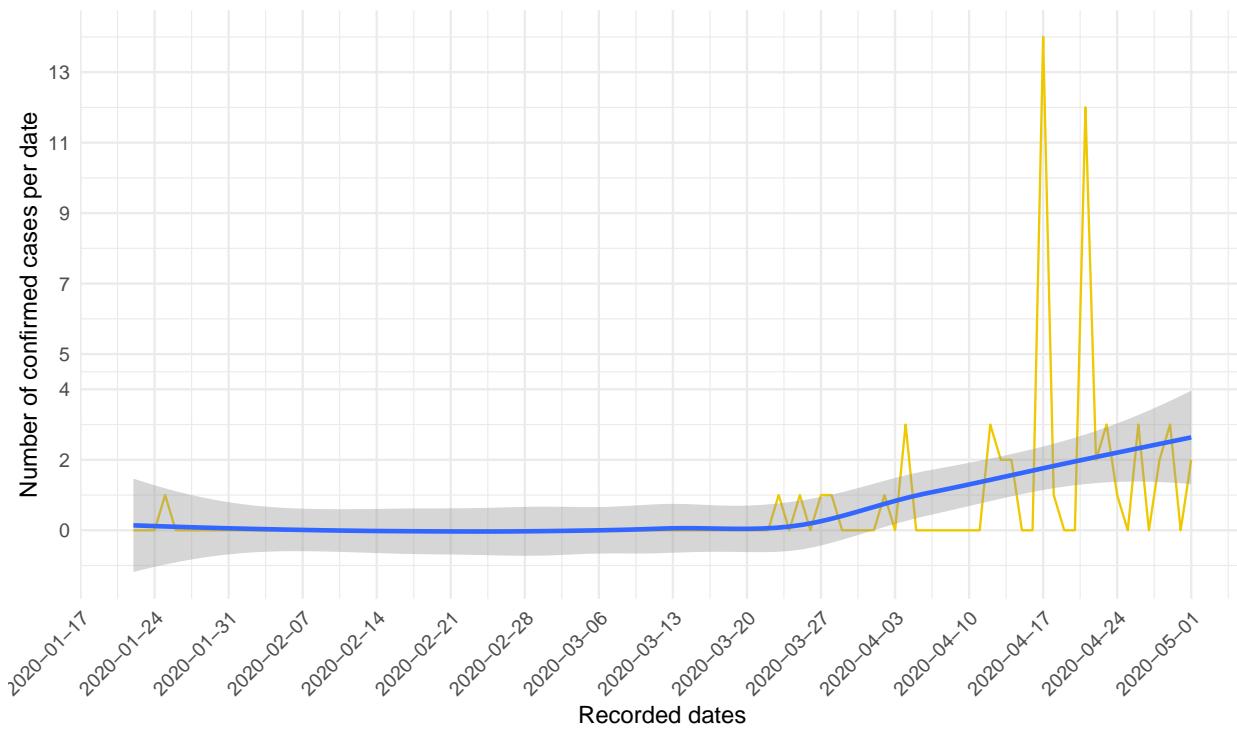

Namibia – confirmed cases over time, total cases: 16

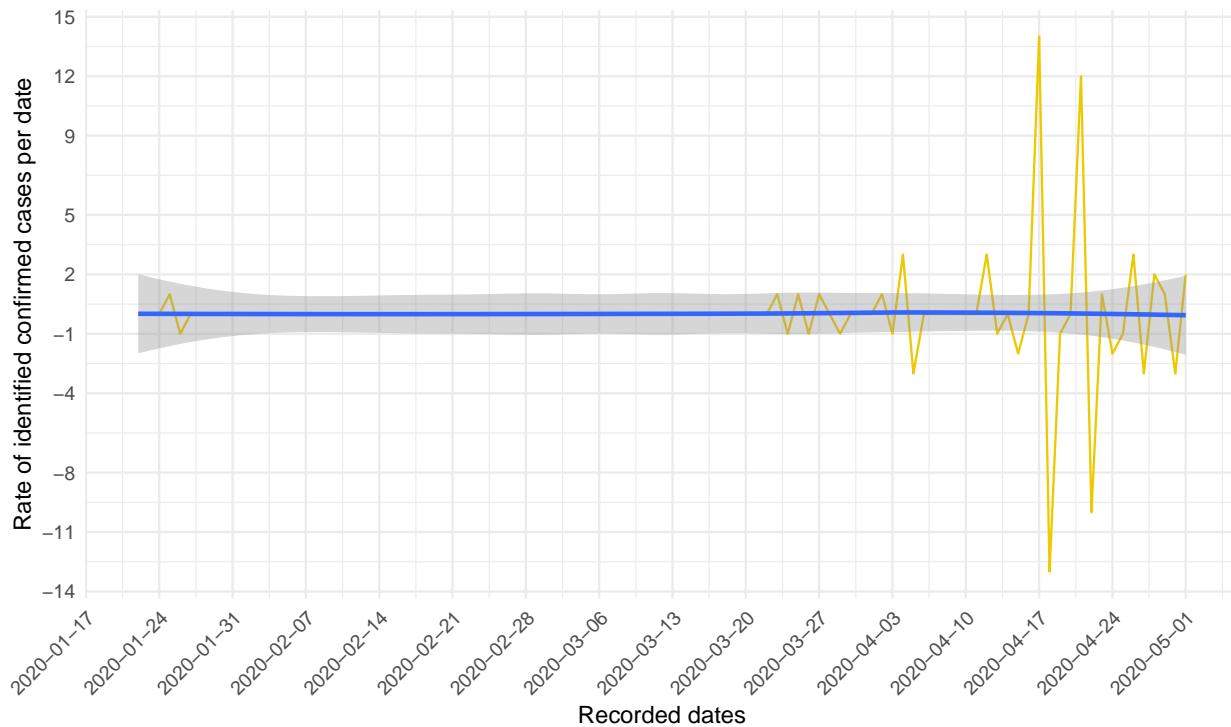

Namibia – rate of increase of confirmed cases over time

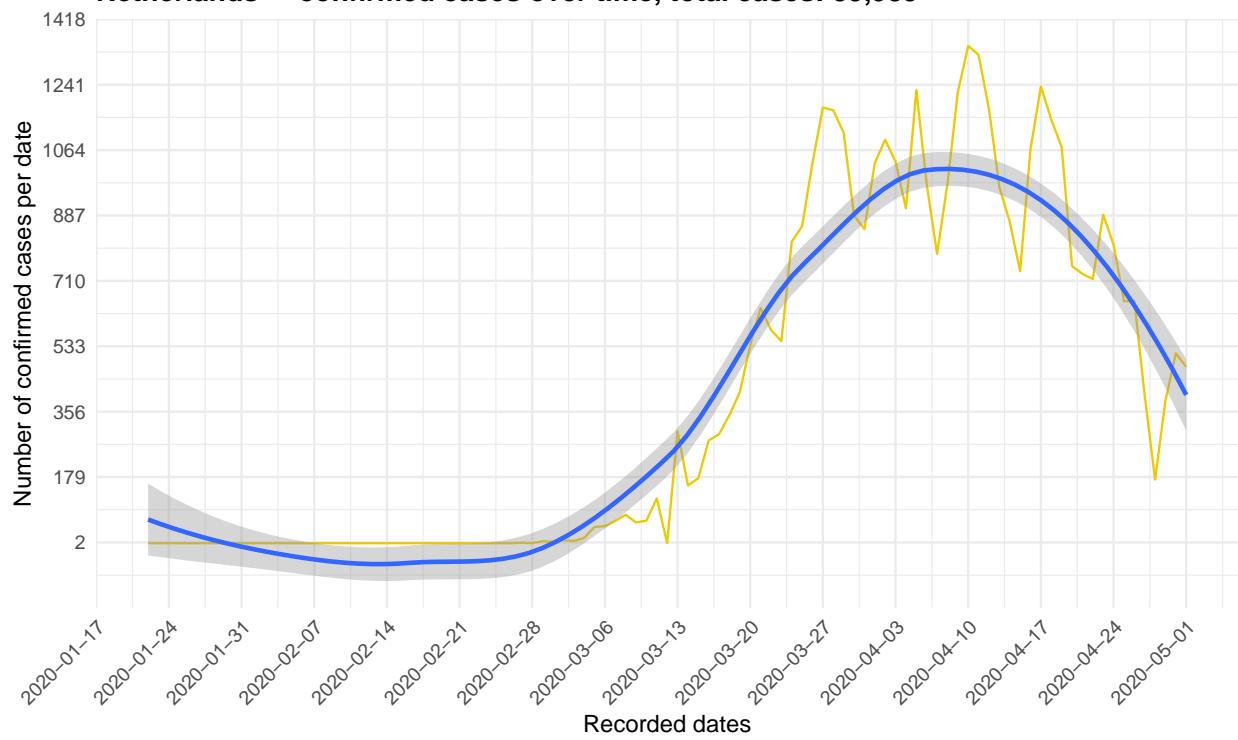

Nepal – confirmed cases over time, total cases: 59

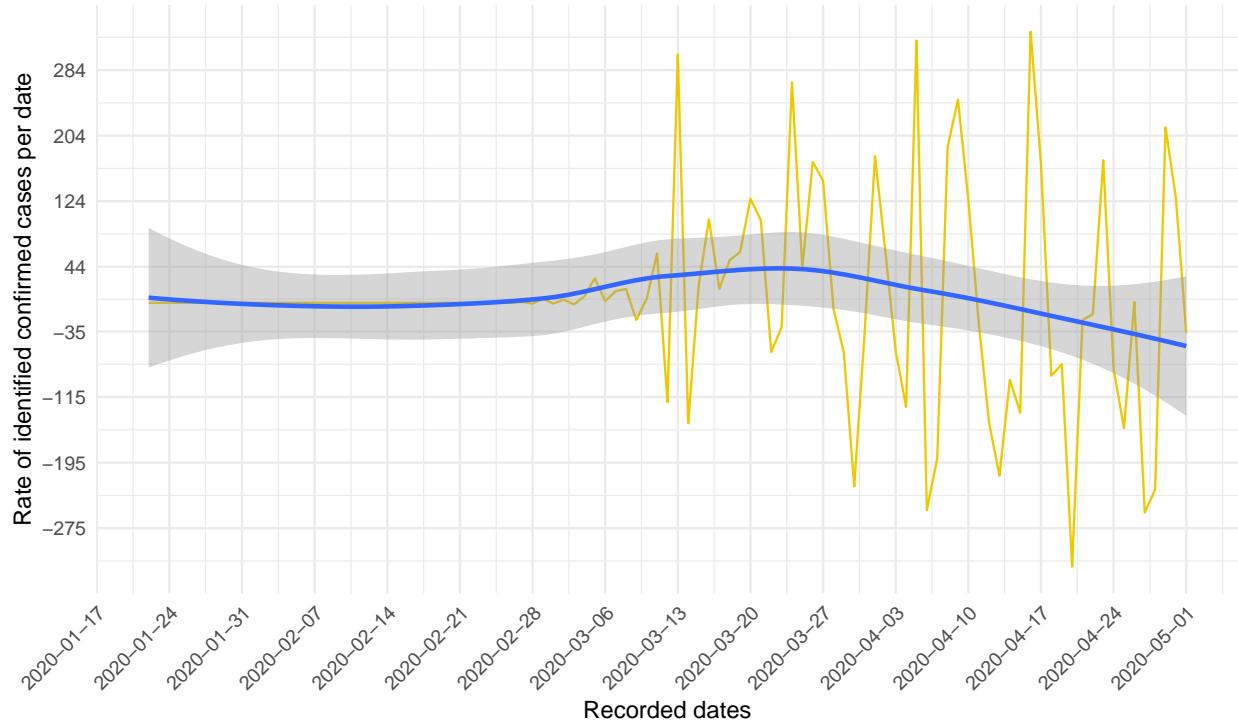

Nepal – rate of increase of confirmed cases over time

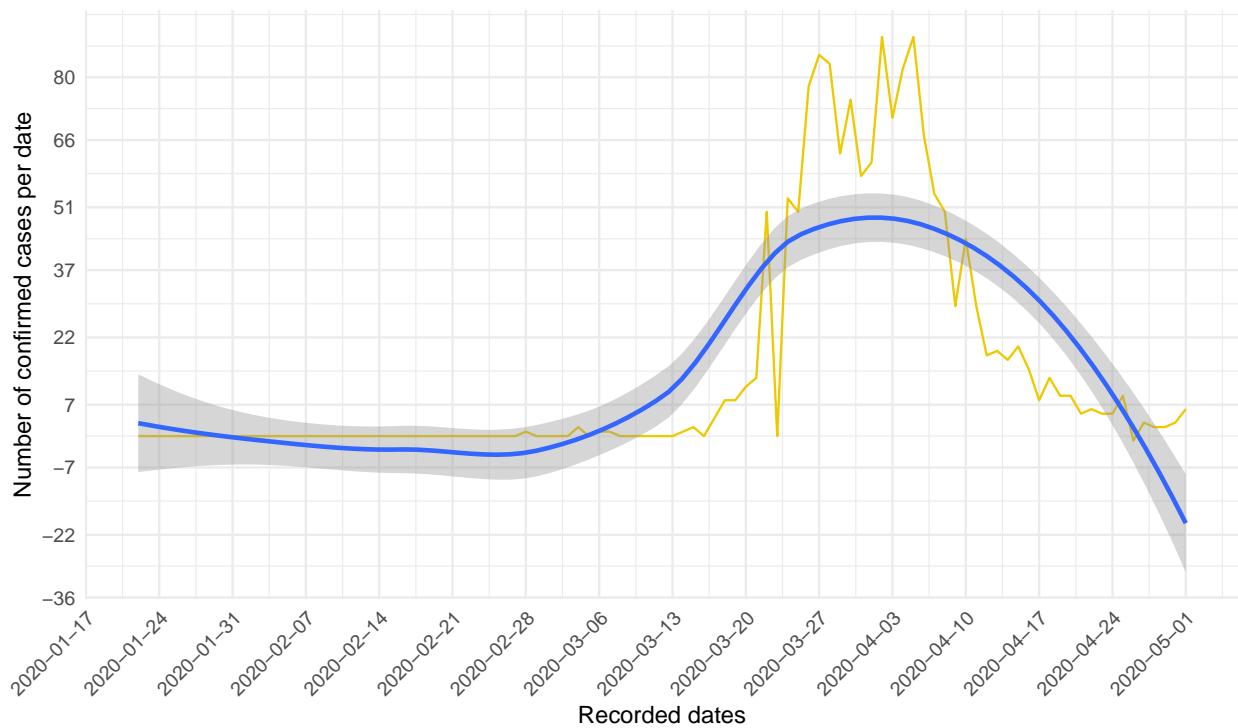

Netherlands – confirmed cases over time, total cases: 39,989

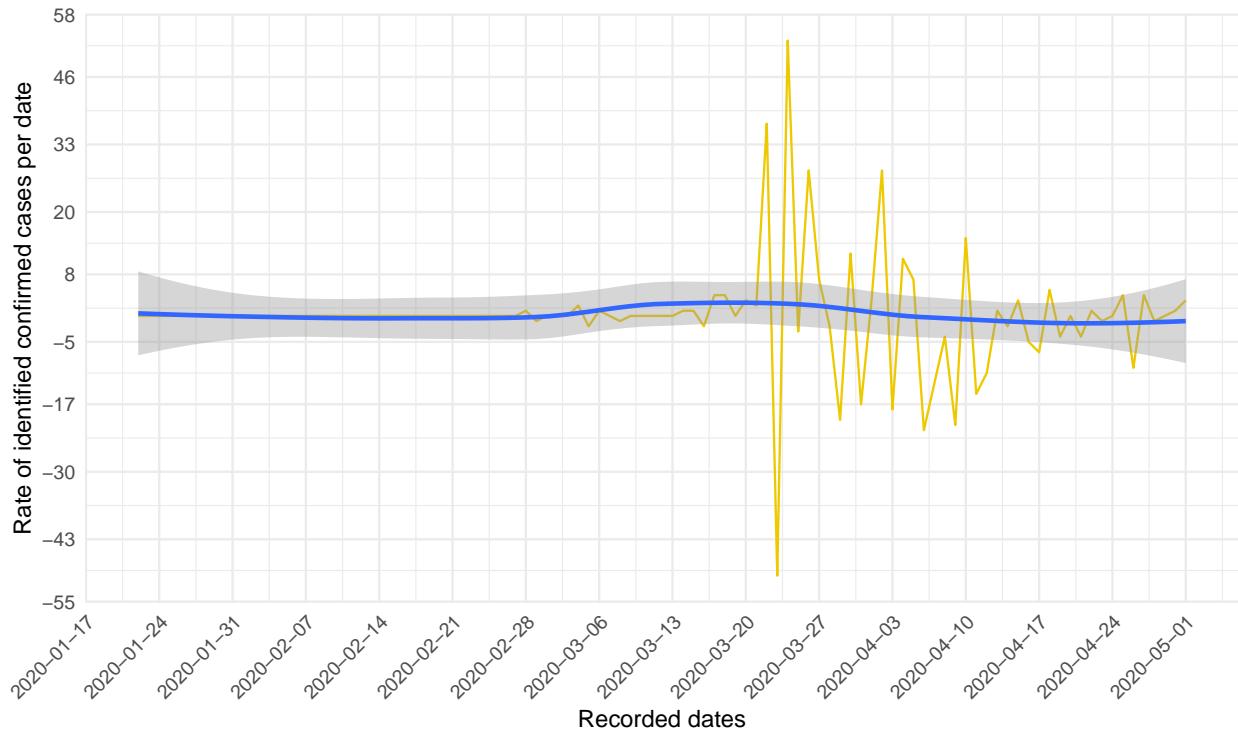

Netherlands – rate of increase of confirmed cases over time

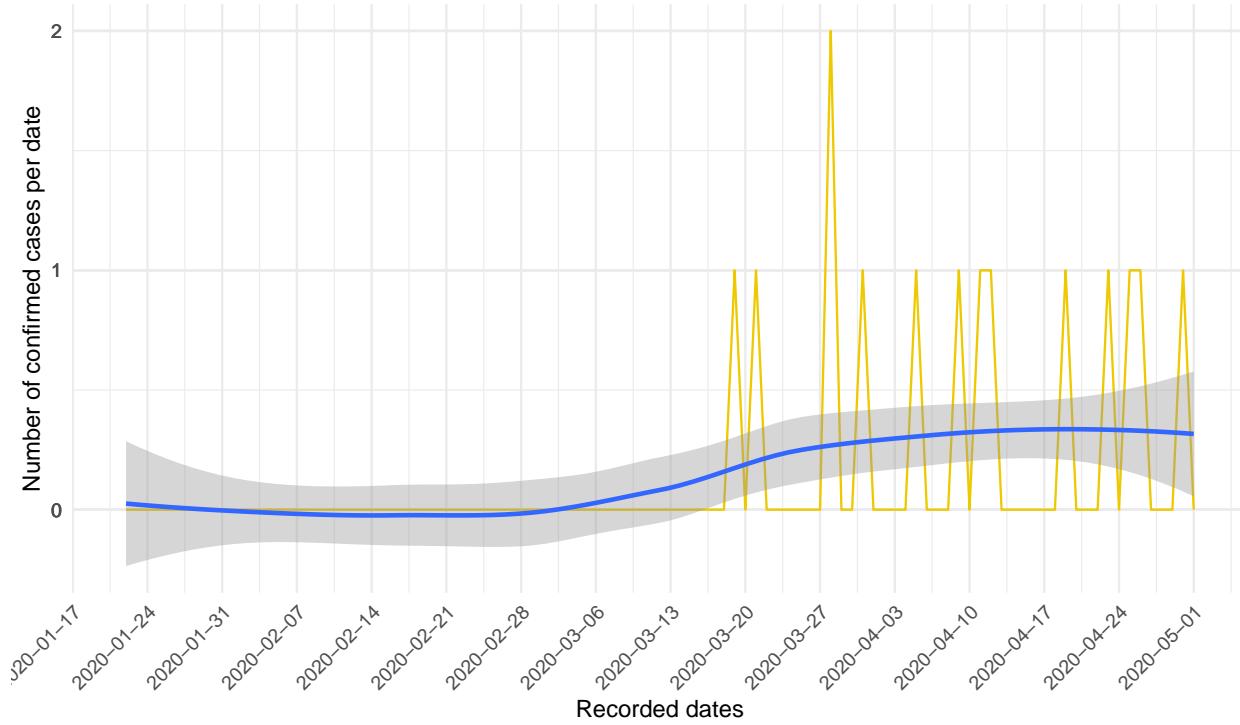

New Zealand – confirmed cases over time, total cases: 1,485

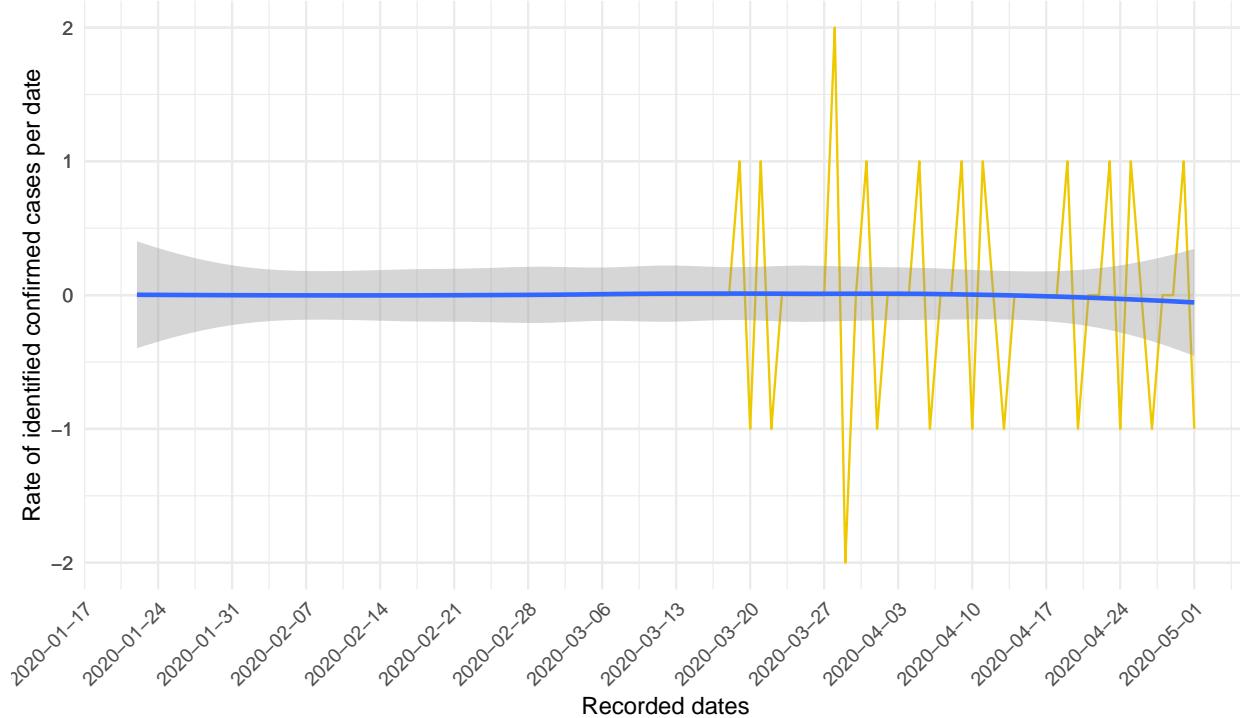

New Zealand – rate of increase of confirmed cases over time

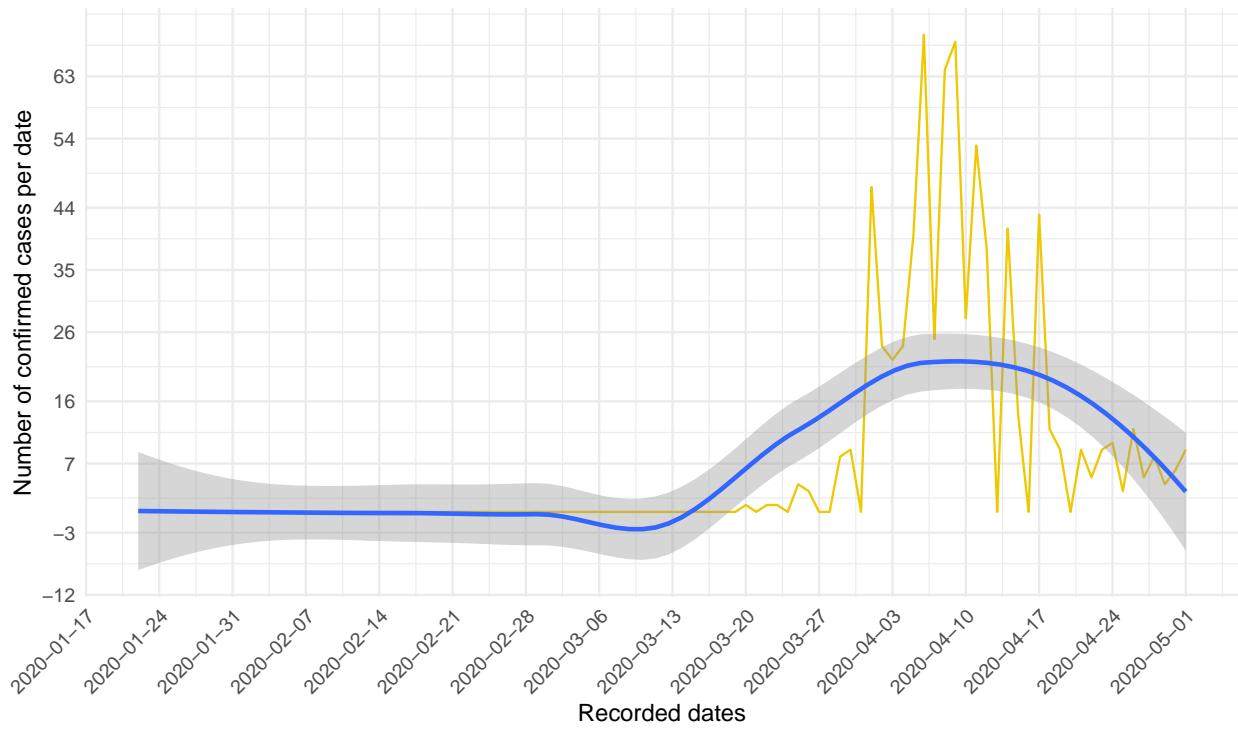

Nicaragua – confirmed cases over time, total cases: 14

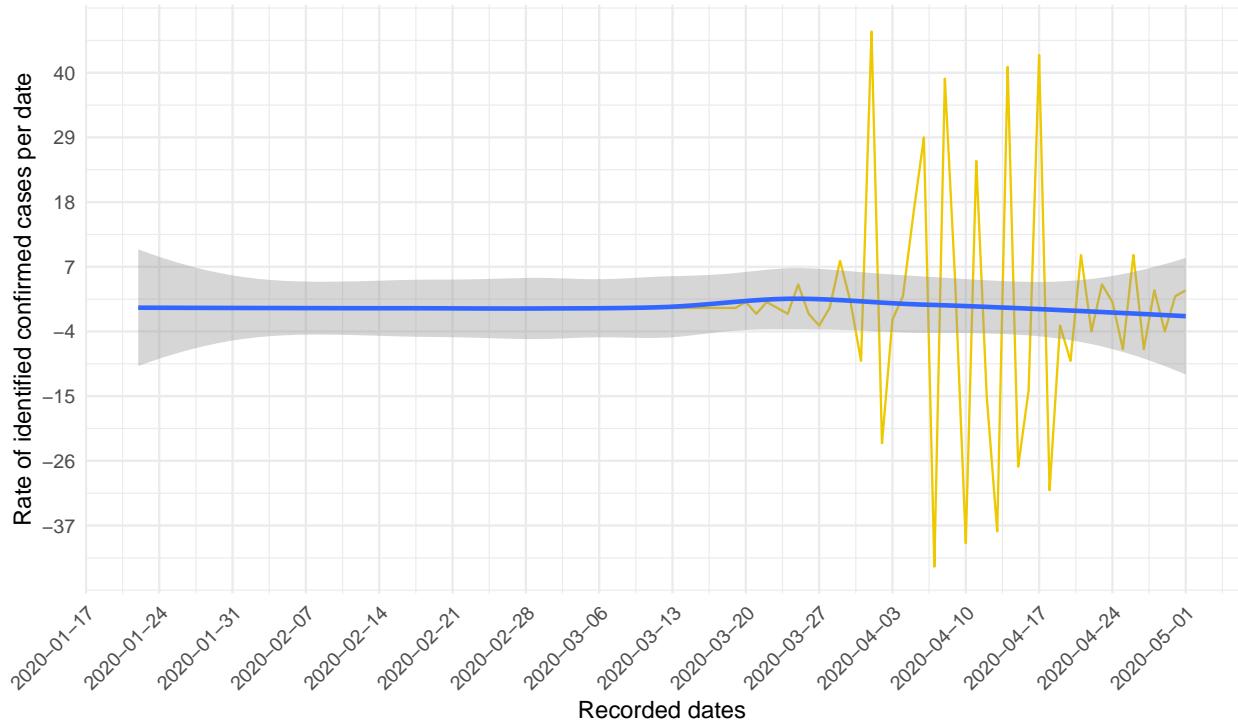

Nicaragua – rate of increase of confirmed cases over time

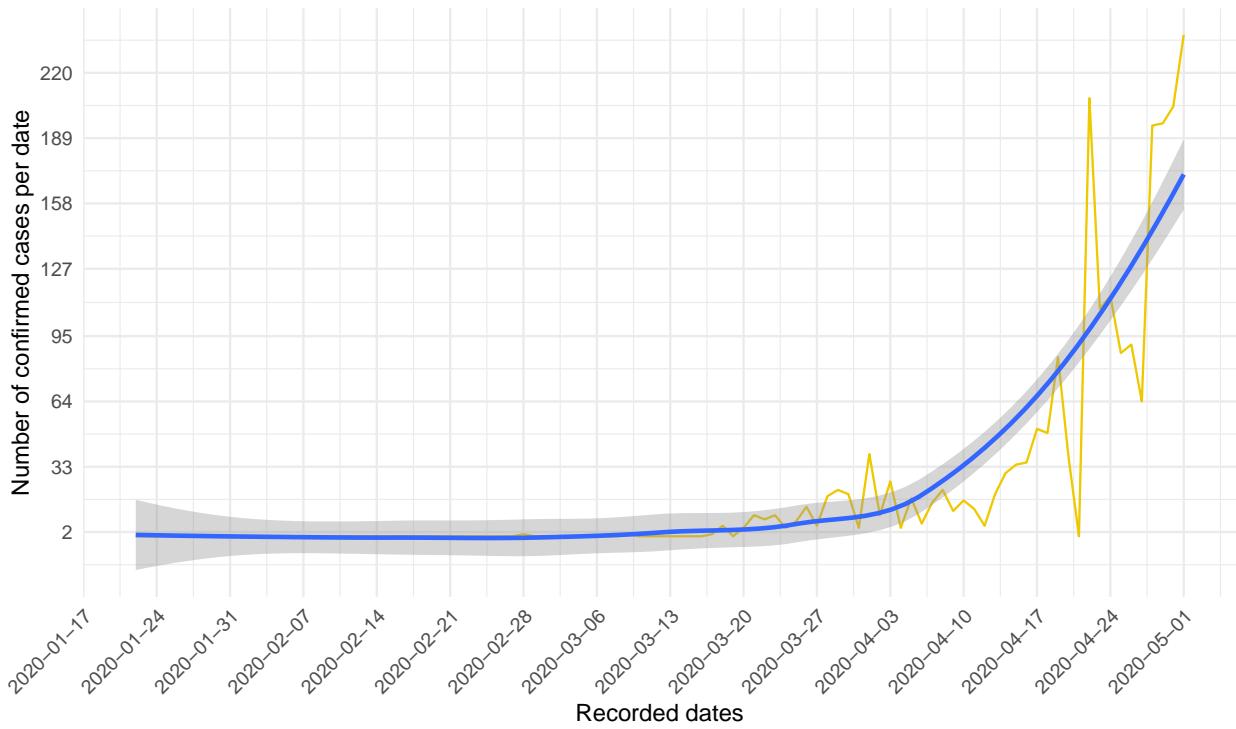

Niger – confirmed cases over time, total cases: 728

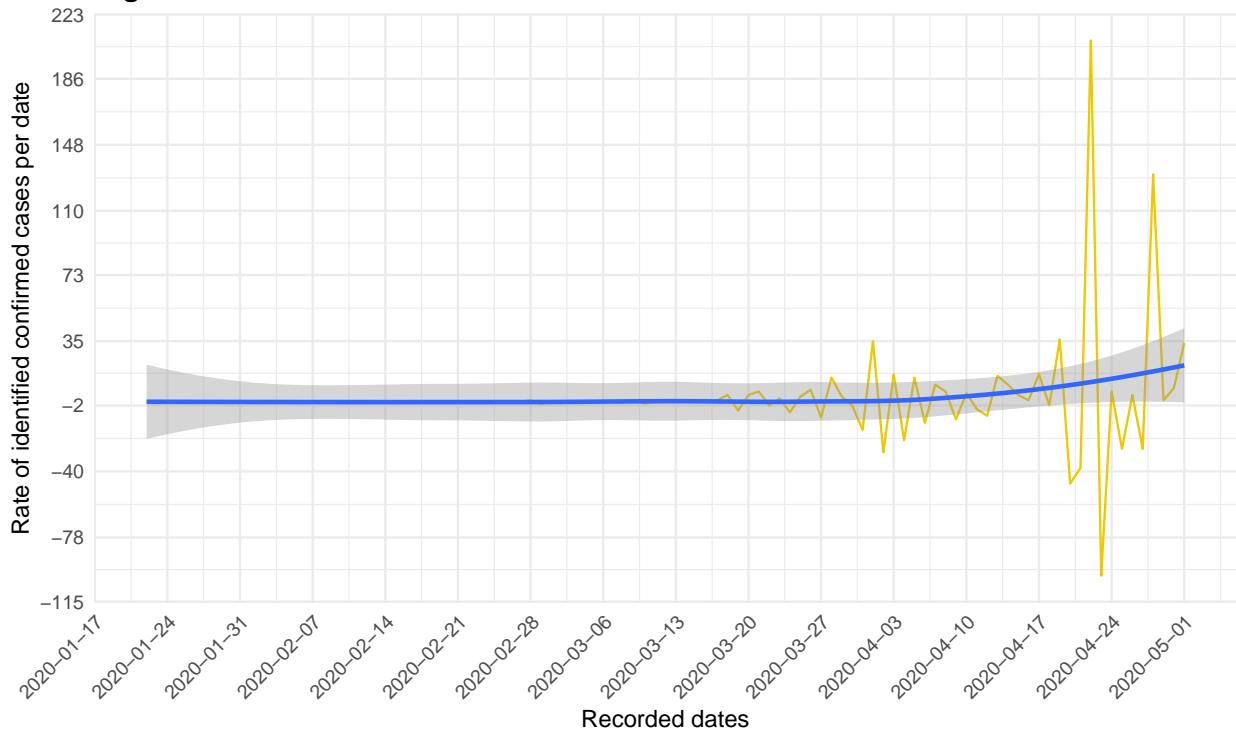

Niger – rate of increase of confirmed cases over time

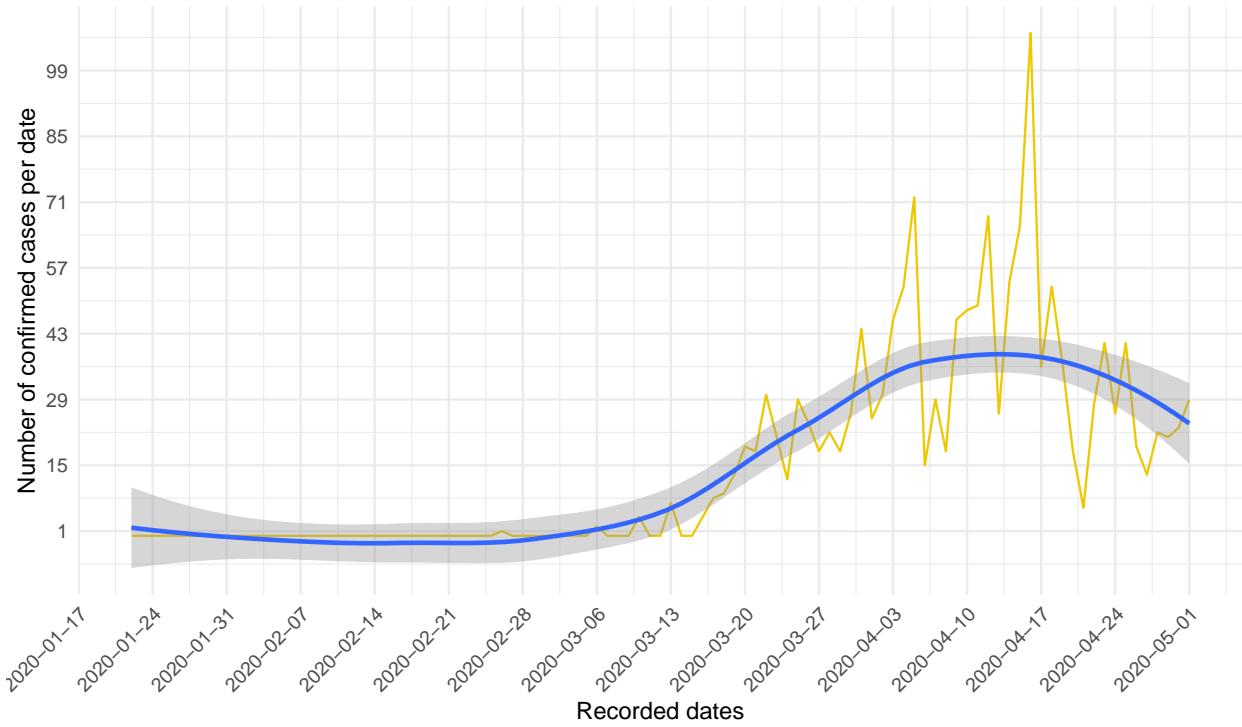

Nigeria – confirmed cases over time, total cases: 2,170

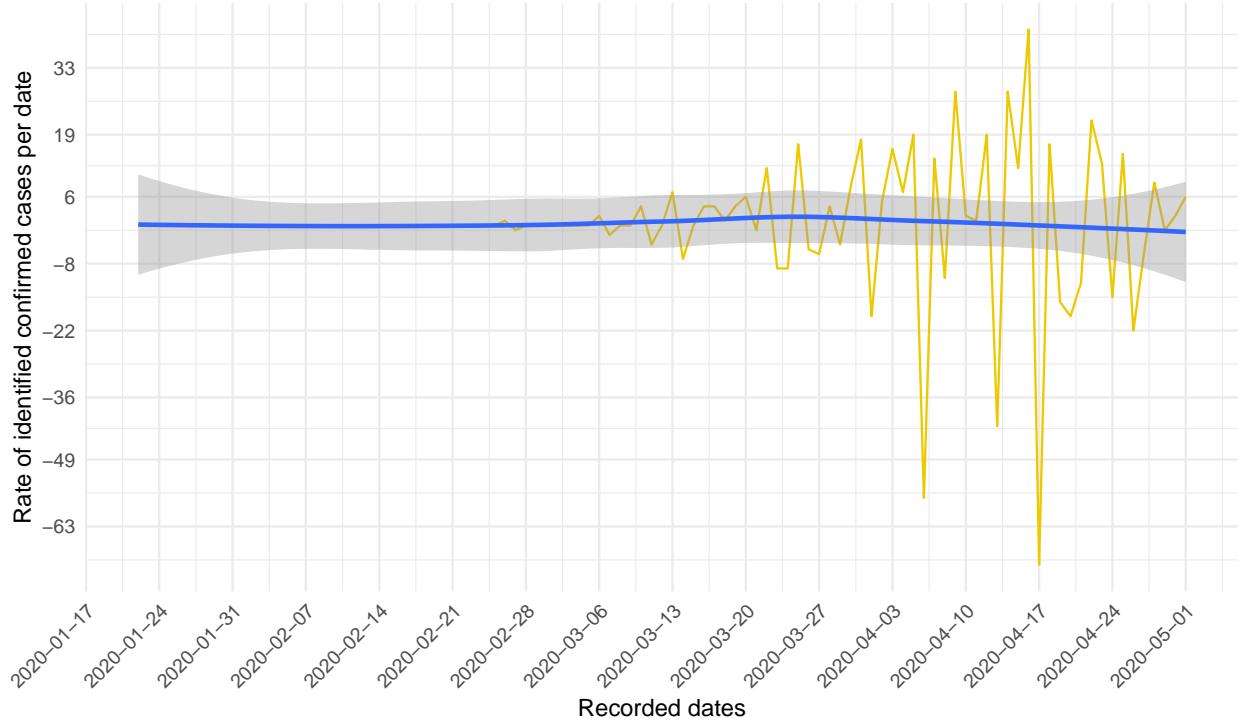

Nigeria – rate of increase of confirmed cases over time

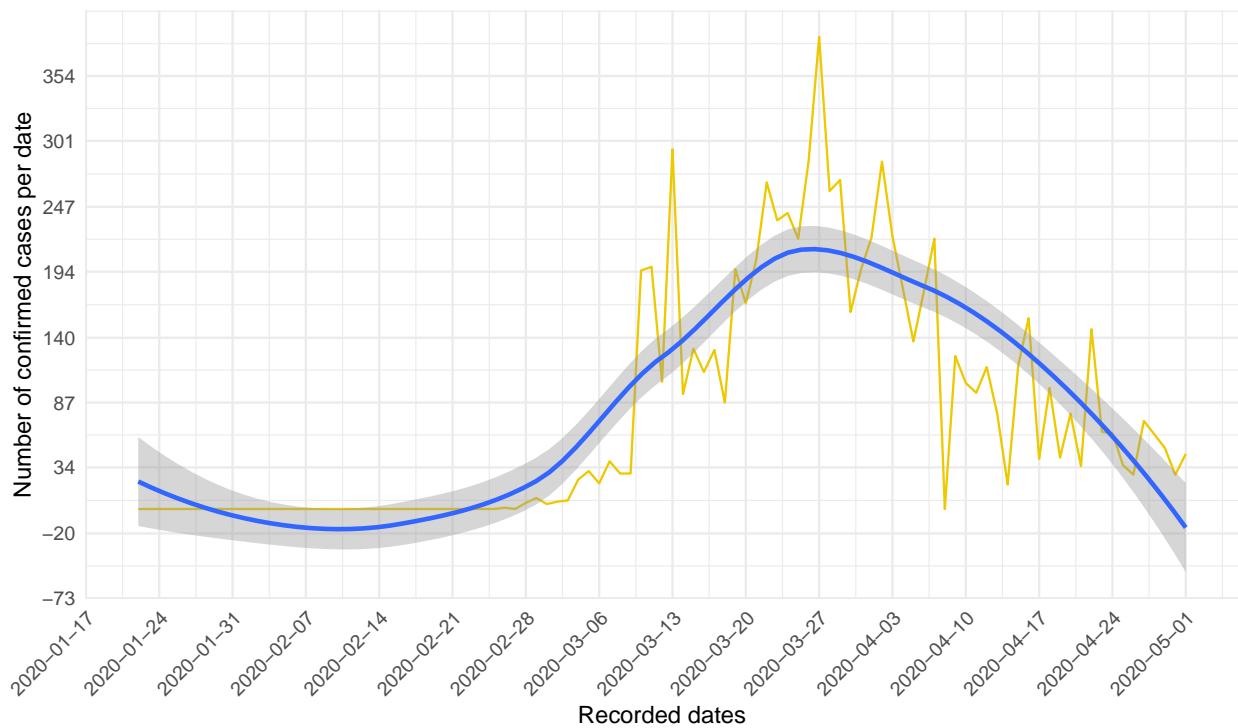

North Macedonia – confirmed cases over time, total cases: 1,494

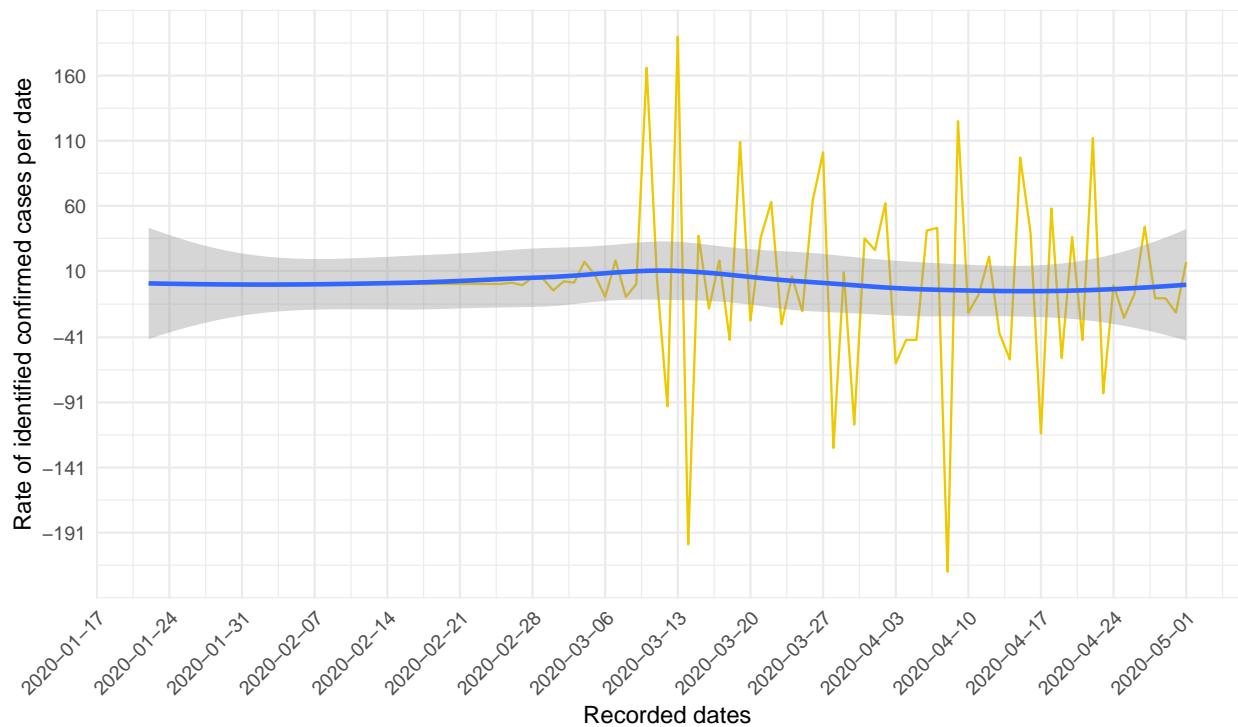

North Macedonia – rate of increase of confirmed cases over time

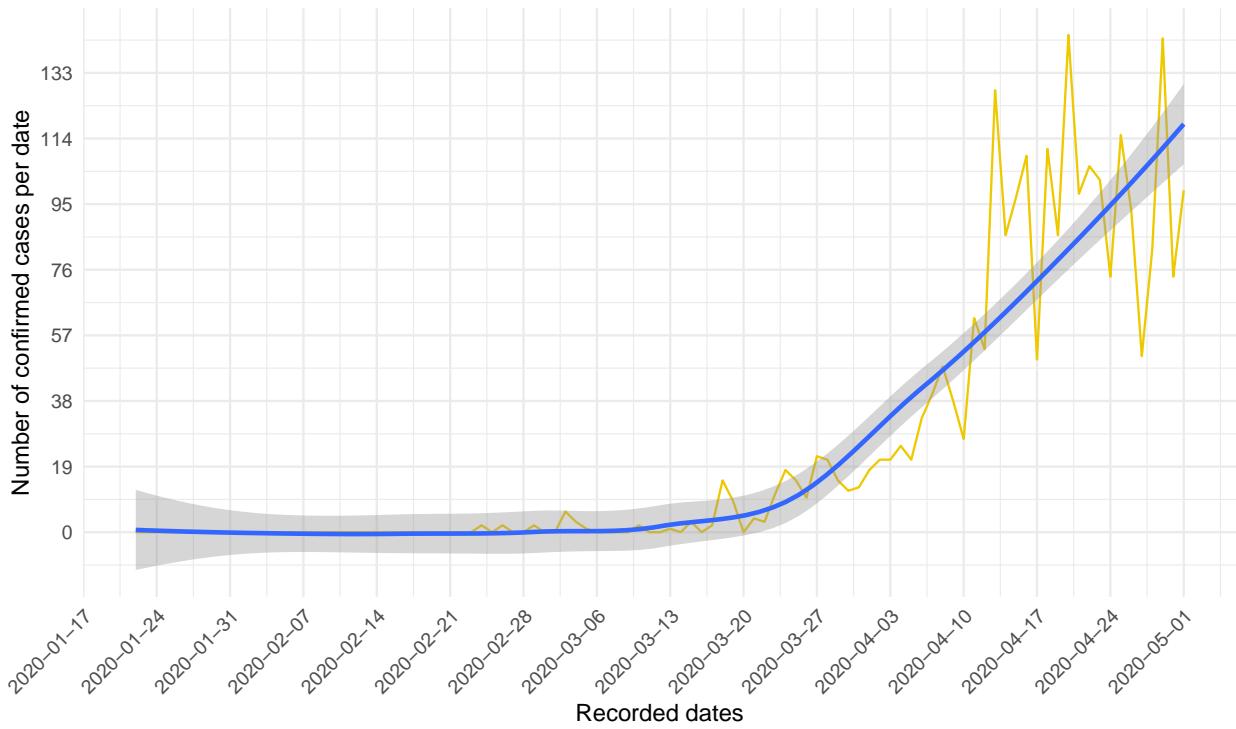

Norway – confirmed cases over time, total cases: 7,783

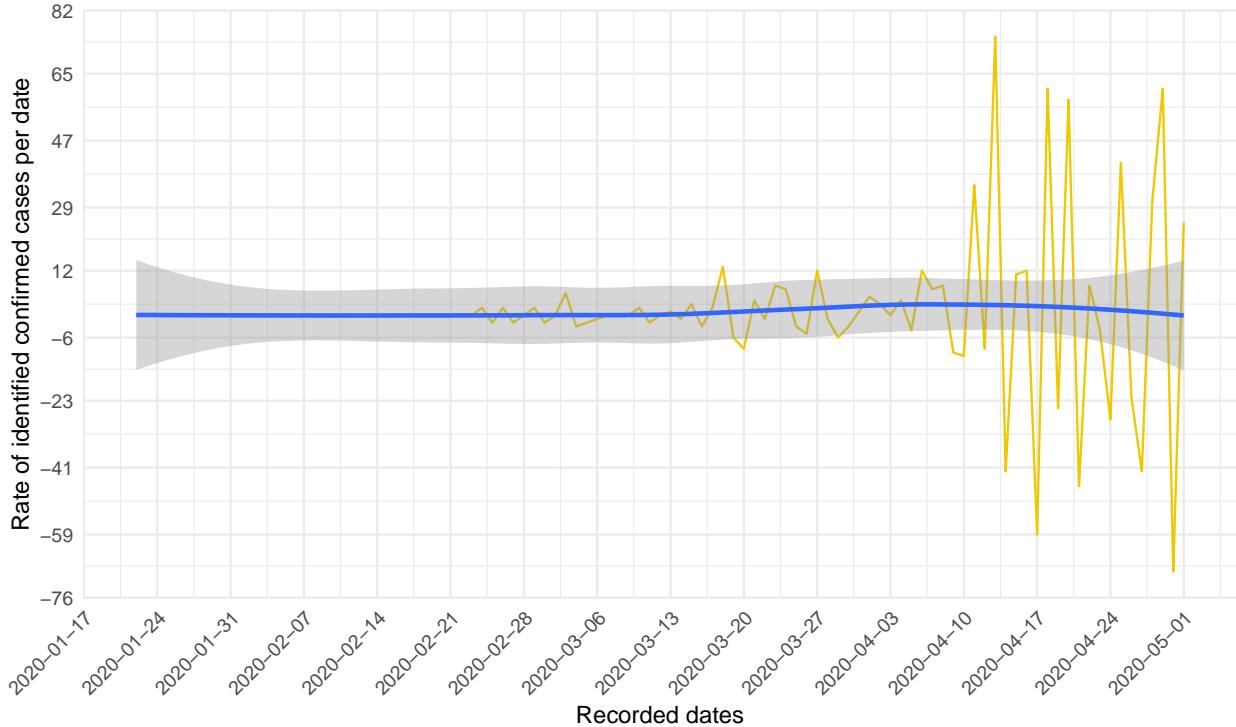

Norway – rate of increase of confirmed cases over time

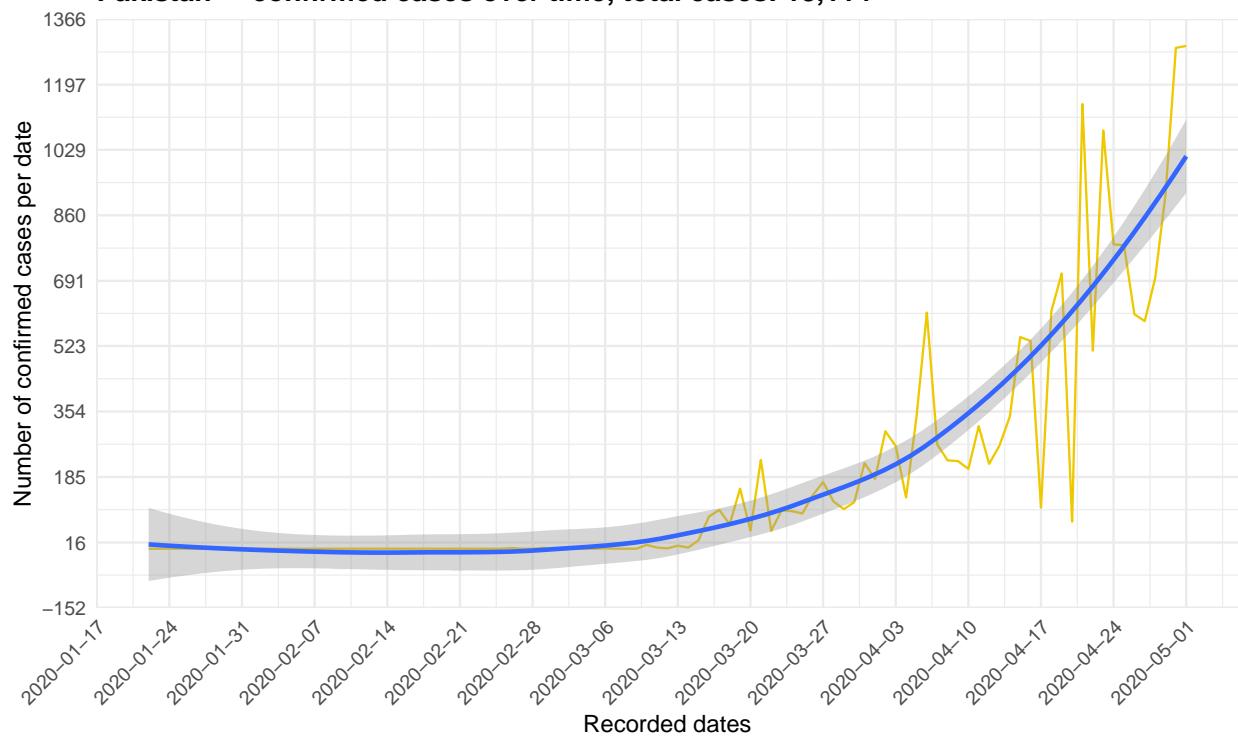

Oman – confirmed cases over time, total cases: 2,447

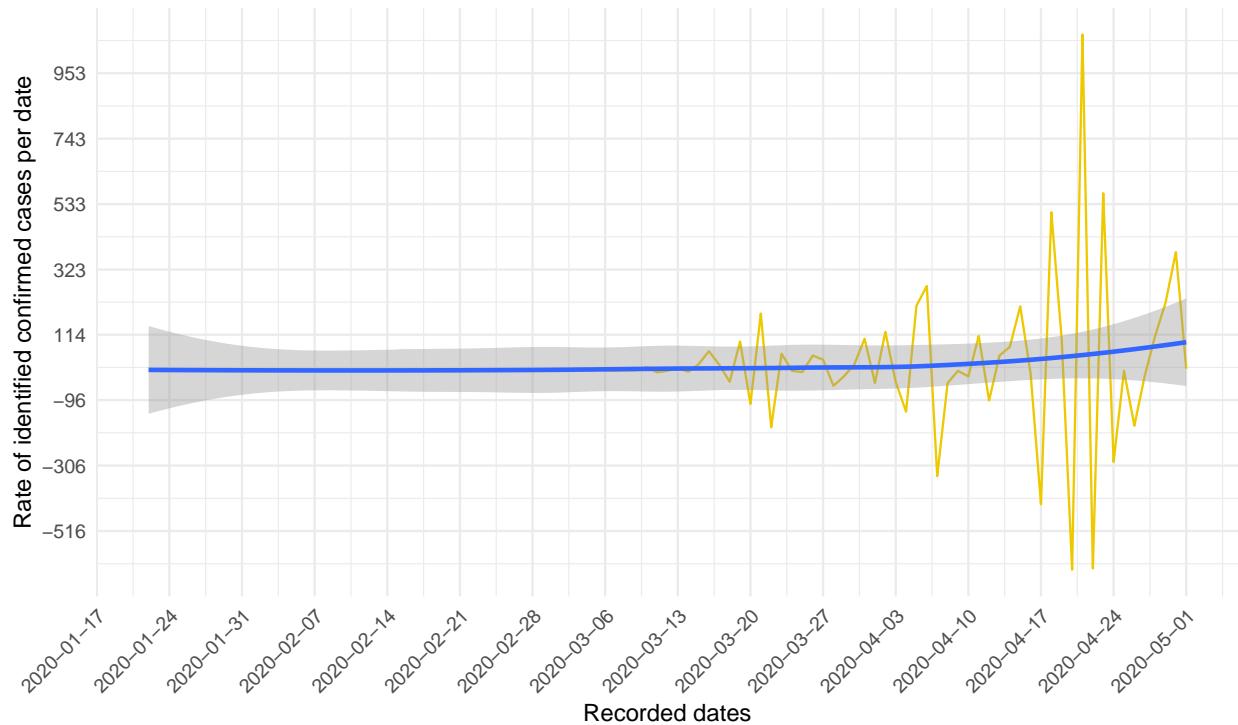

Oman – rate of increase of confirmed cases over time

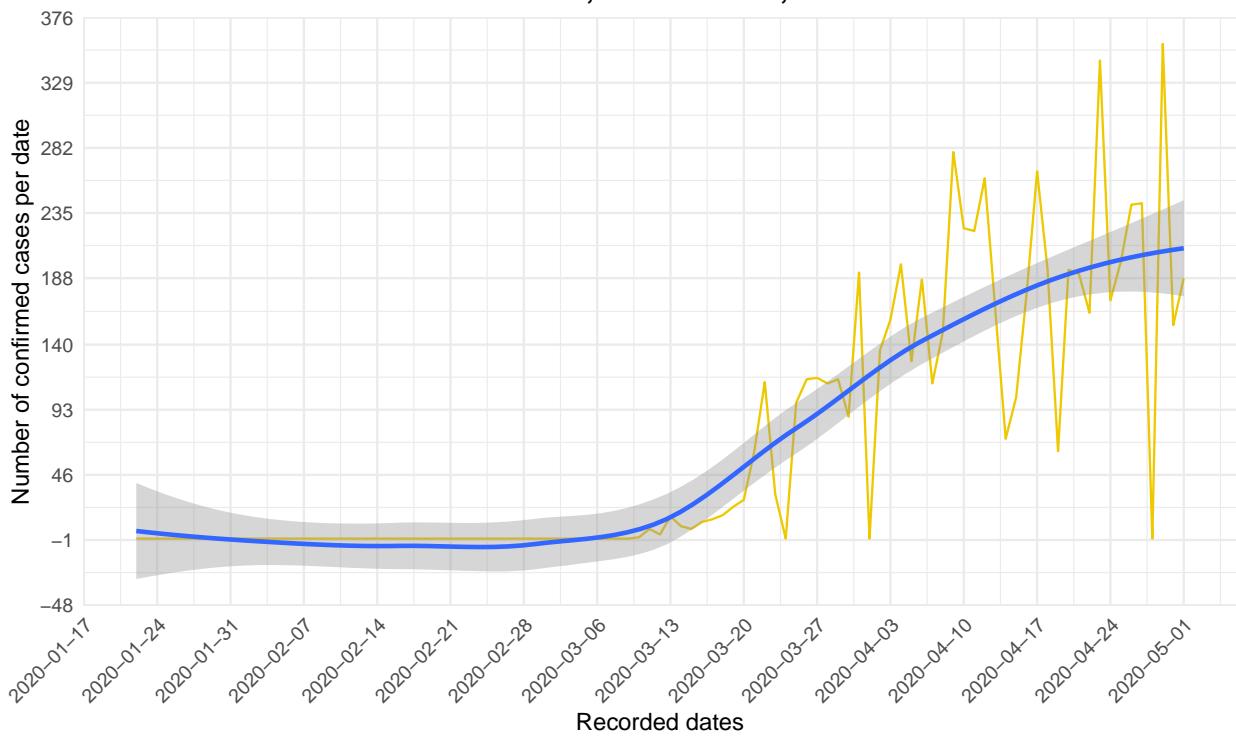

Pakistan – confirmed cases over time, total cases: 18,114

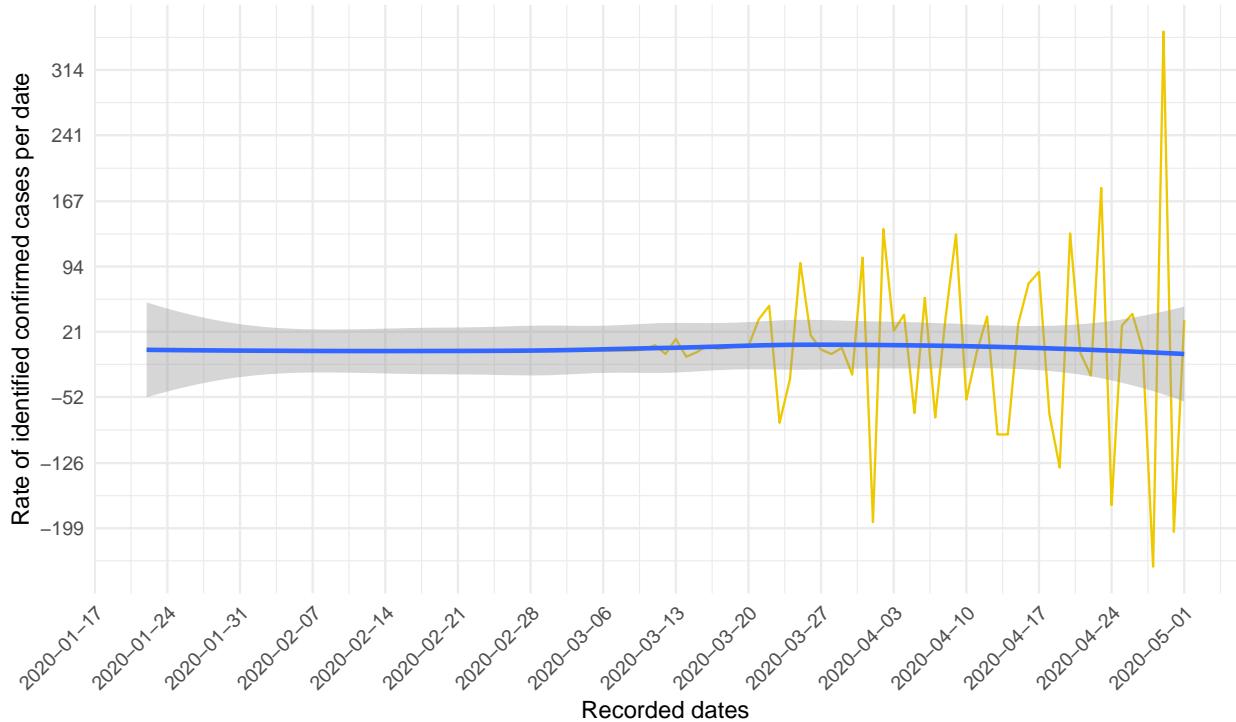

Pakistan – rate of increase of confirmed cases over time

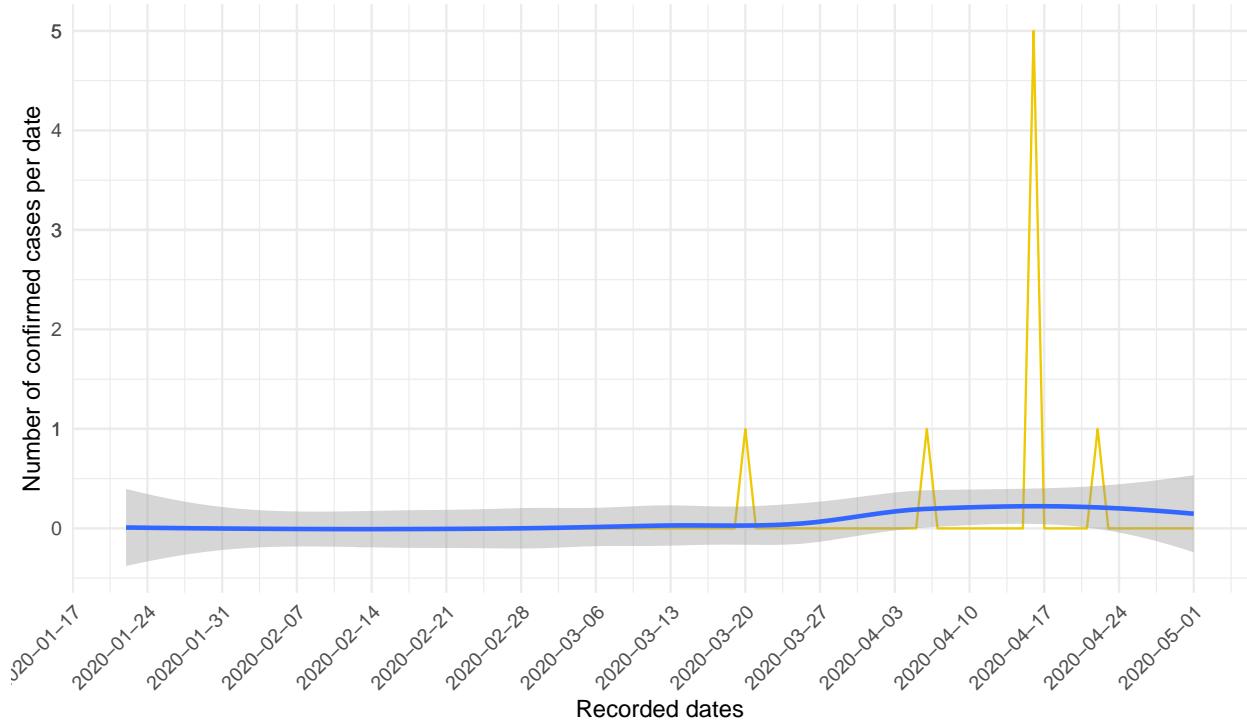

Panama – confirmed cases over time, total cases: 6,720

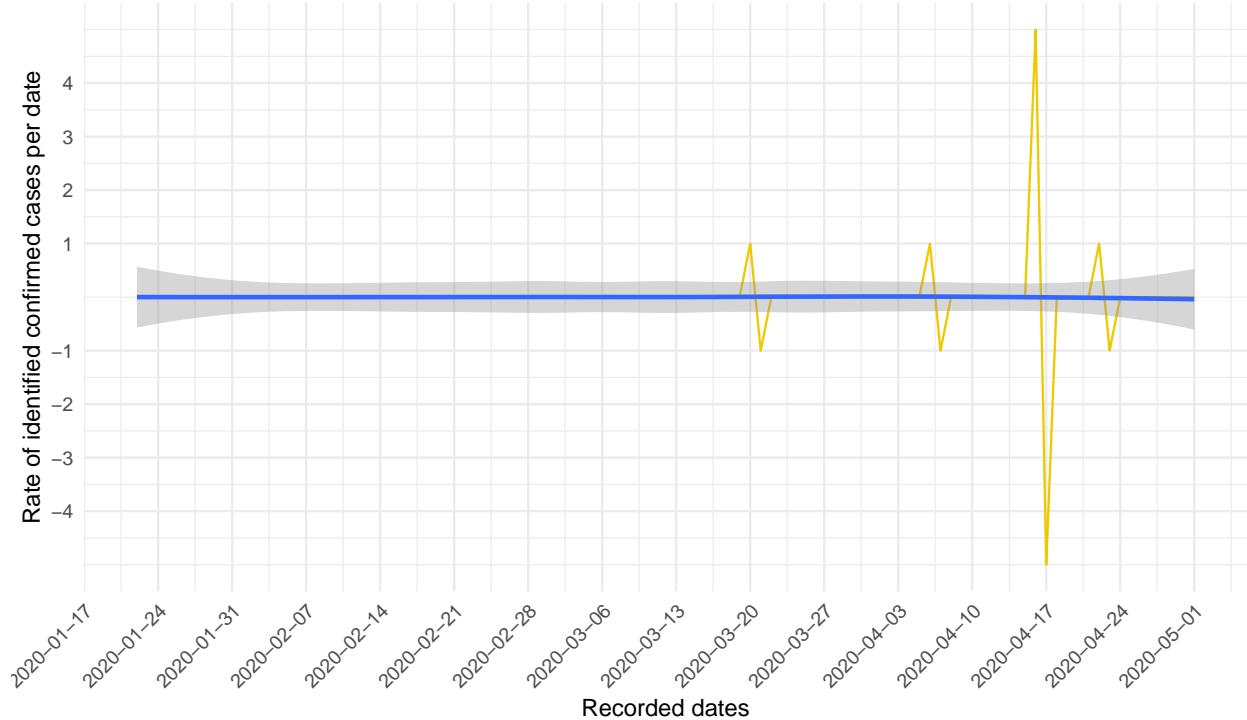

Panama – rate of increase of confirmed cases over time

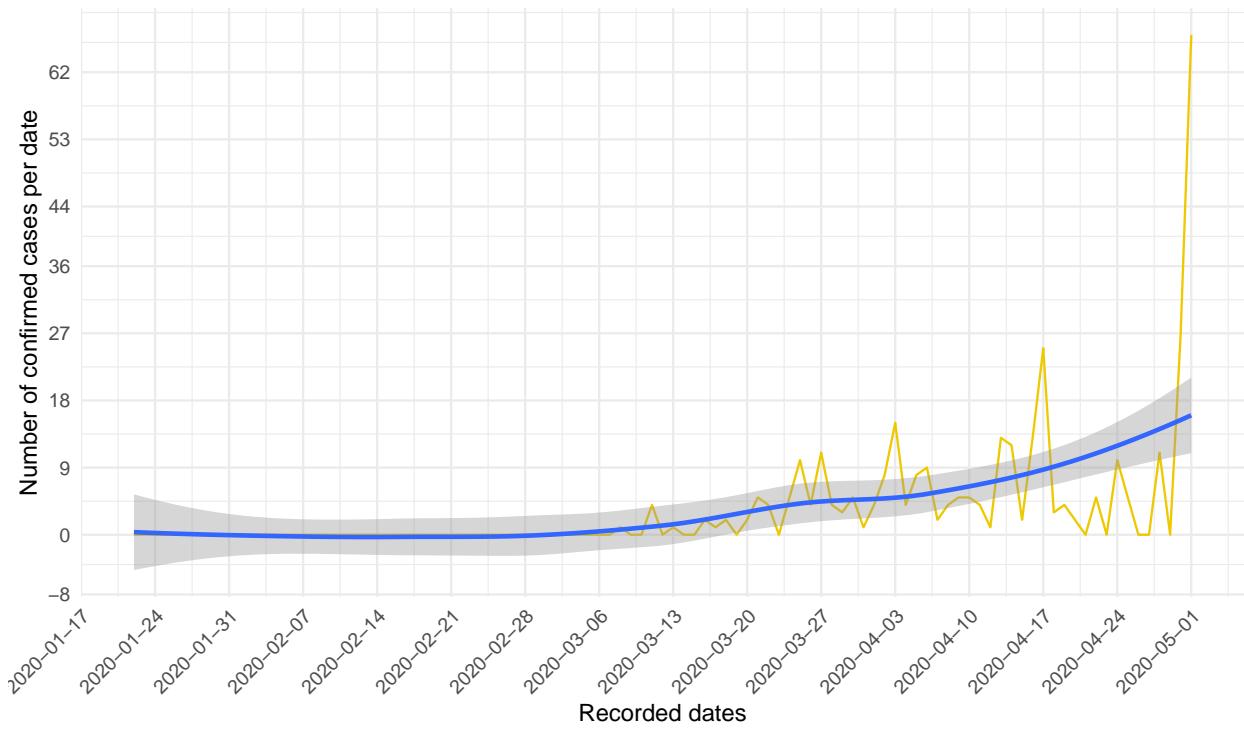

Papua New Guinea – confirmed cases over time, total cases: 8

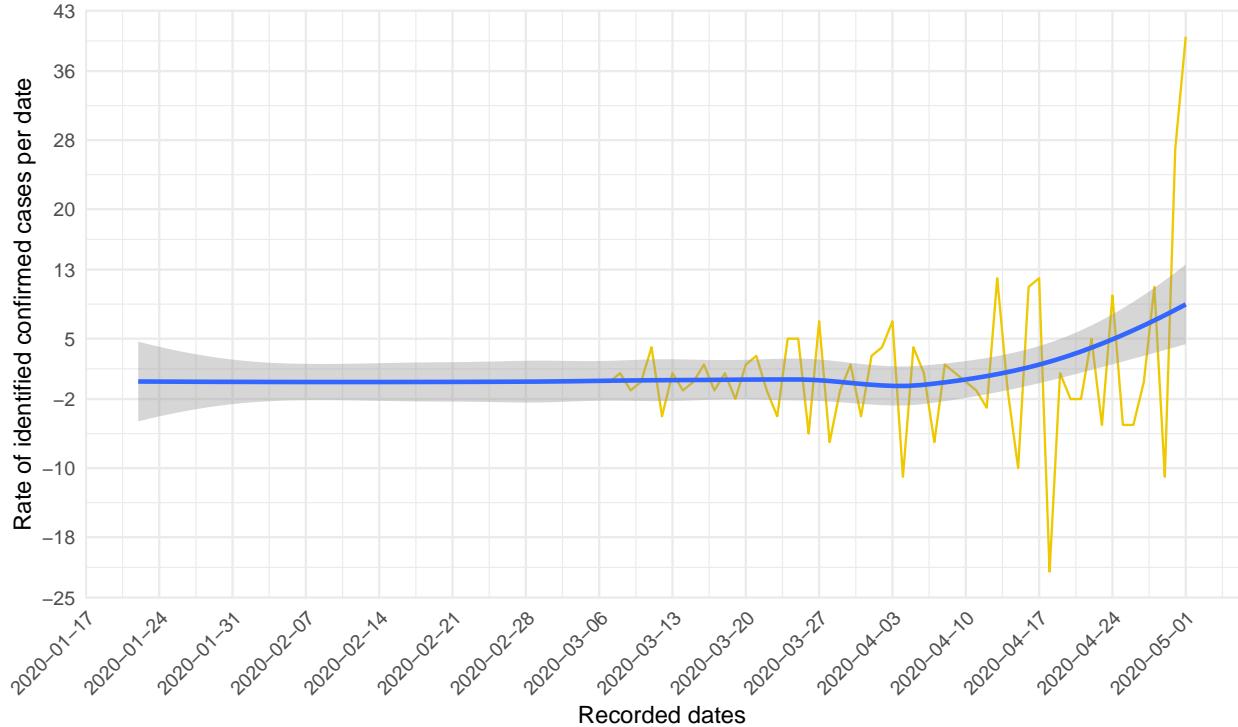

Papua New Guinea – rate of increase of confirmed cases over time

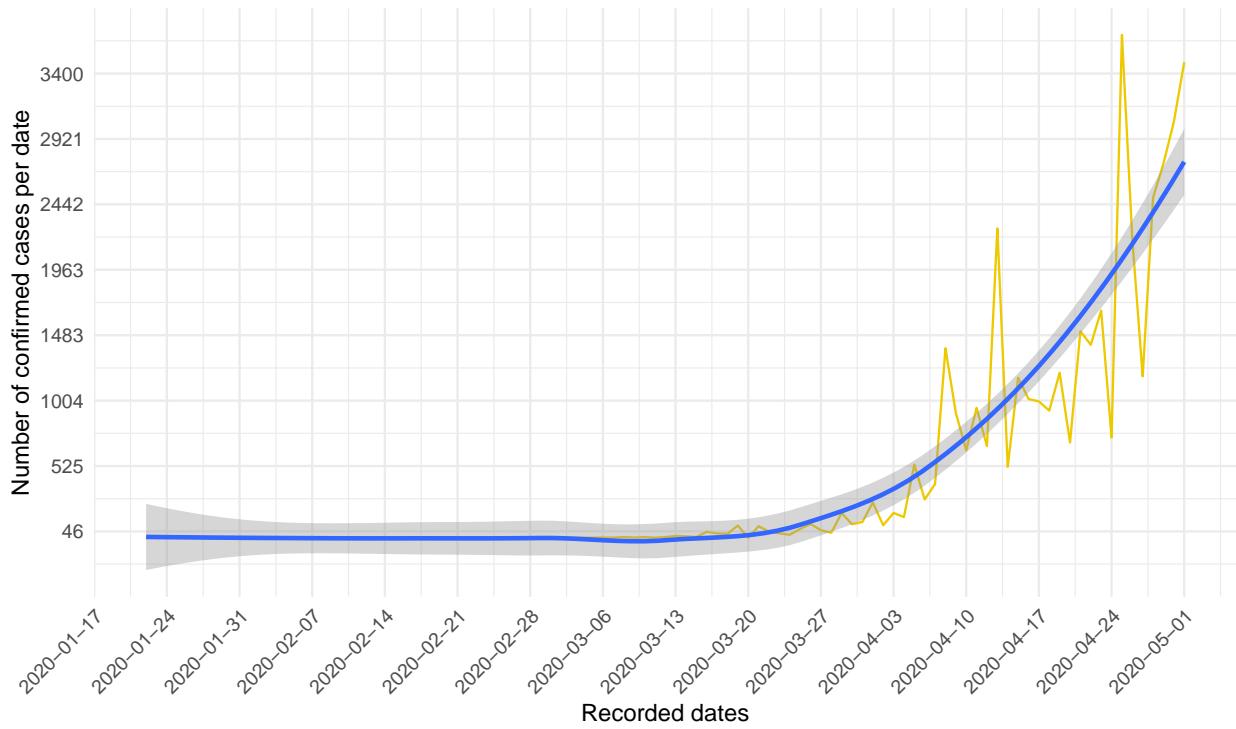

Paraguay – confirmed cases over time, total cases: 333

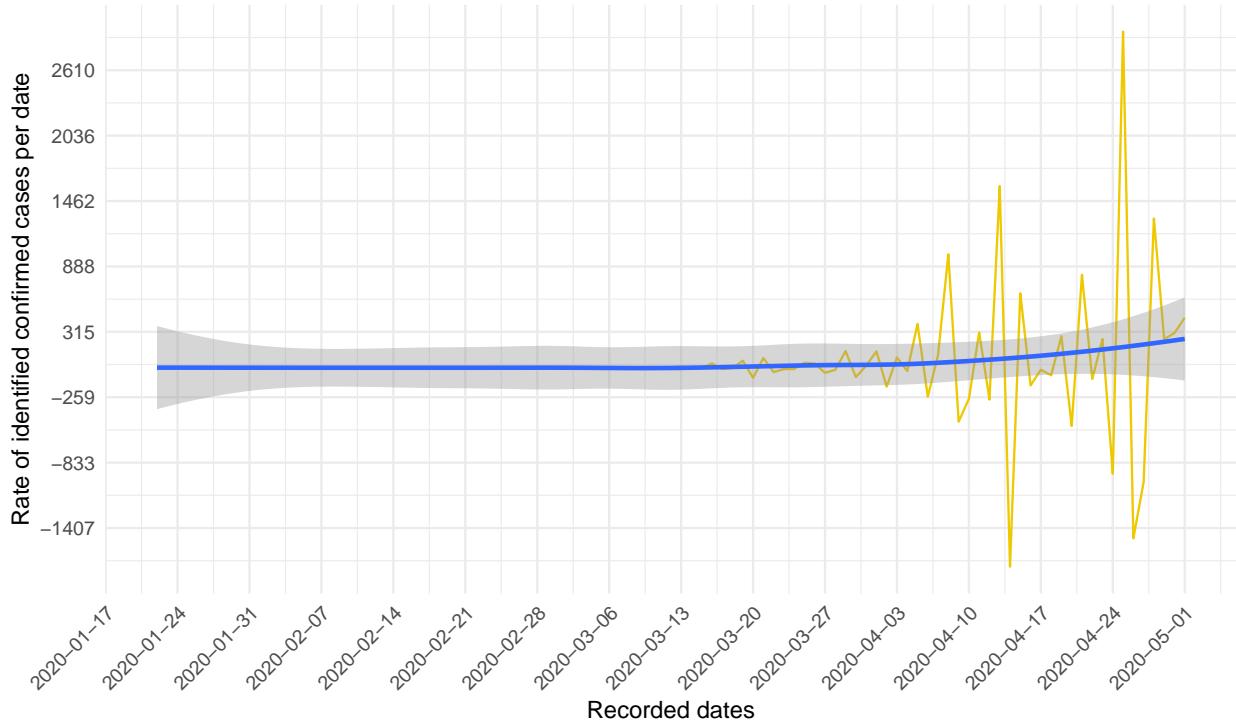

Paraguay – rate of increase of confirmed cases over time

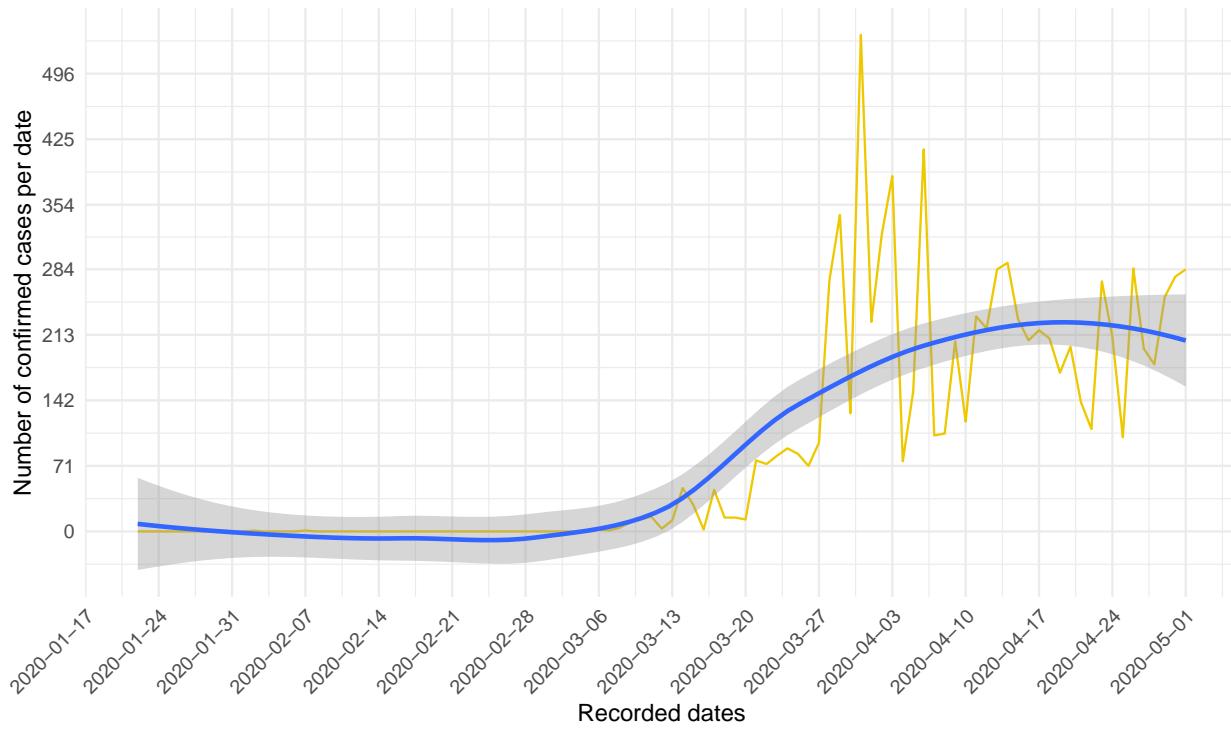

Peru – confirmed cases over time, total cases: 40,459

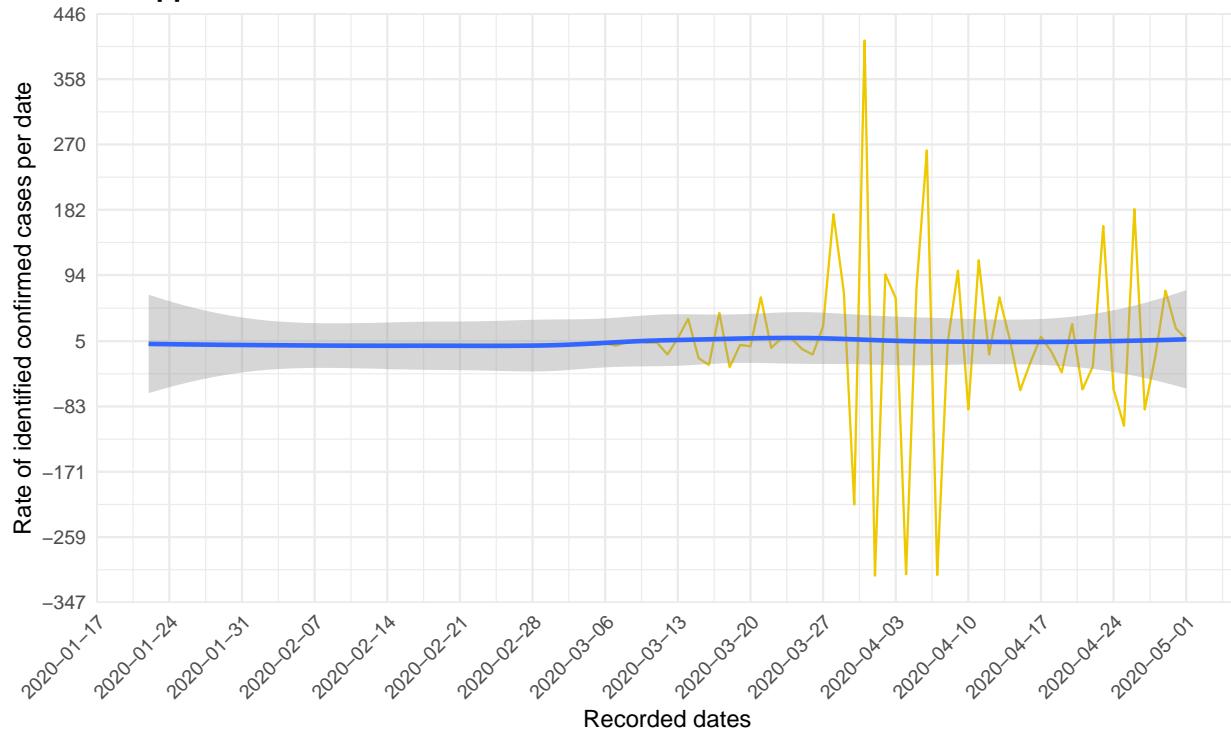

Peru – rate of increase of confirmed cases over time

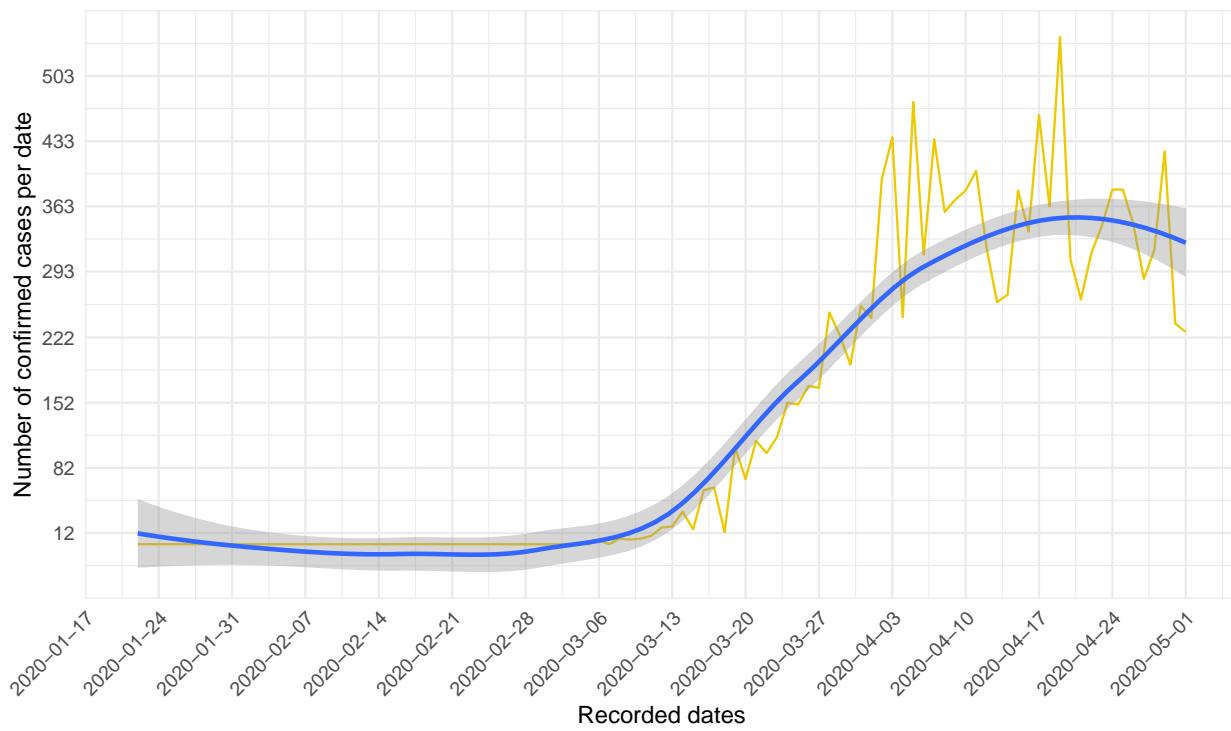

Philippines – confirmed cases over time, total cases: 8,772

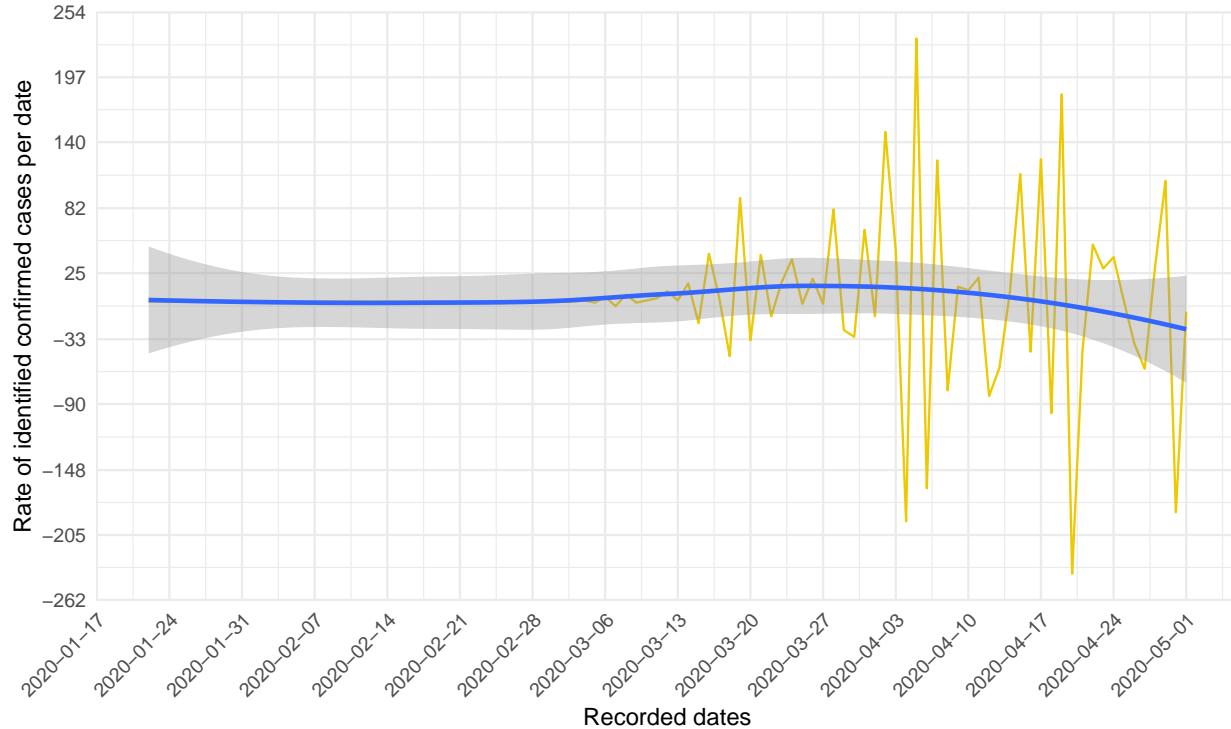

Philippines – rate of increase of confirmed cases over time

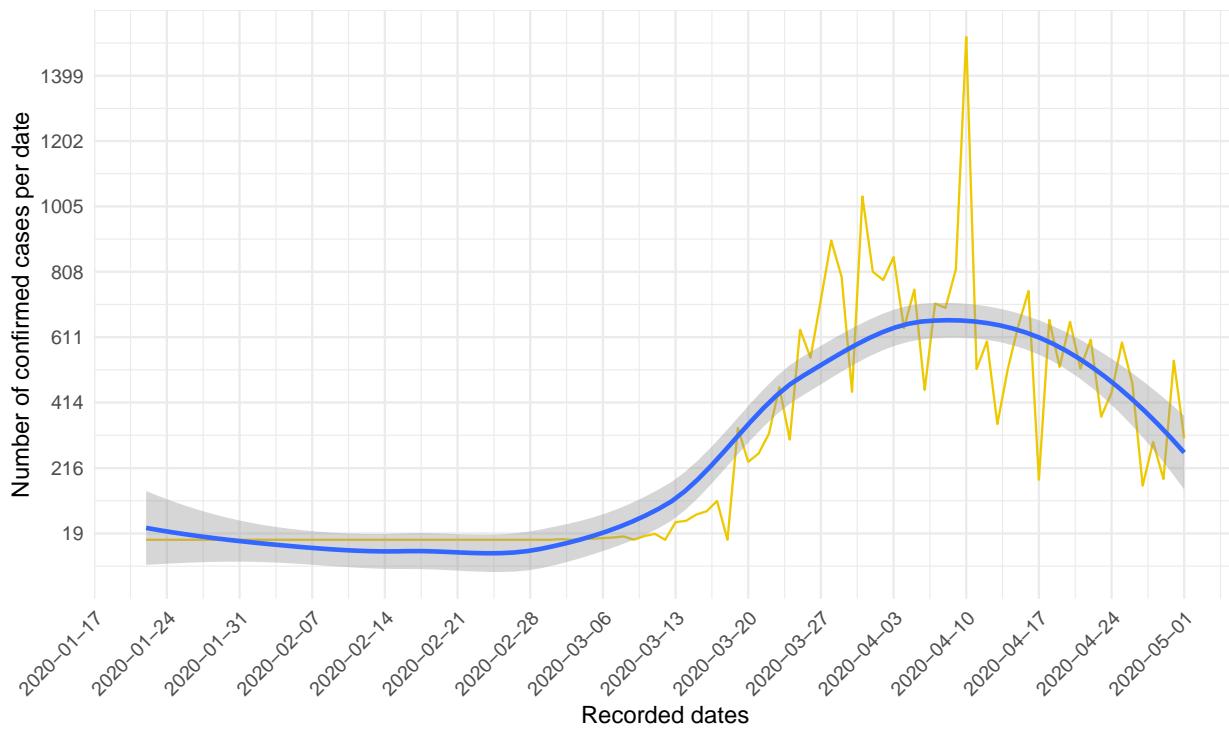

Poland – confirmed cases over time, total cases: 13,105

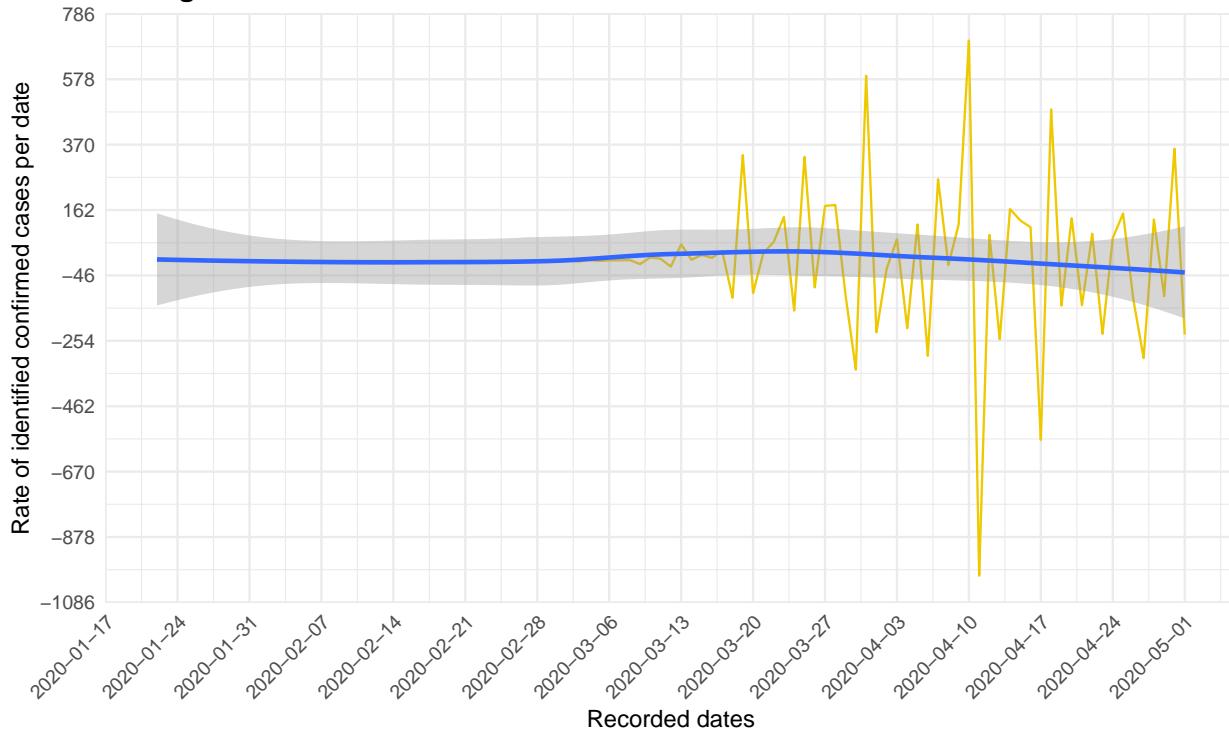

Poland – rate of increase of confirmed cases over time

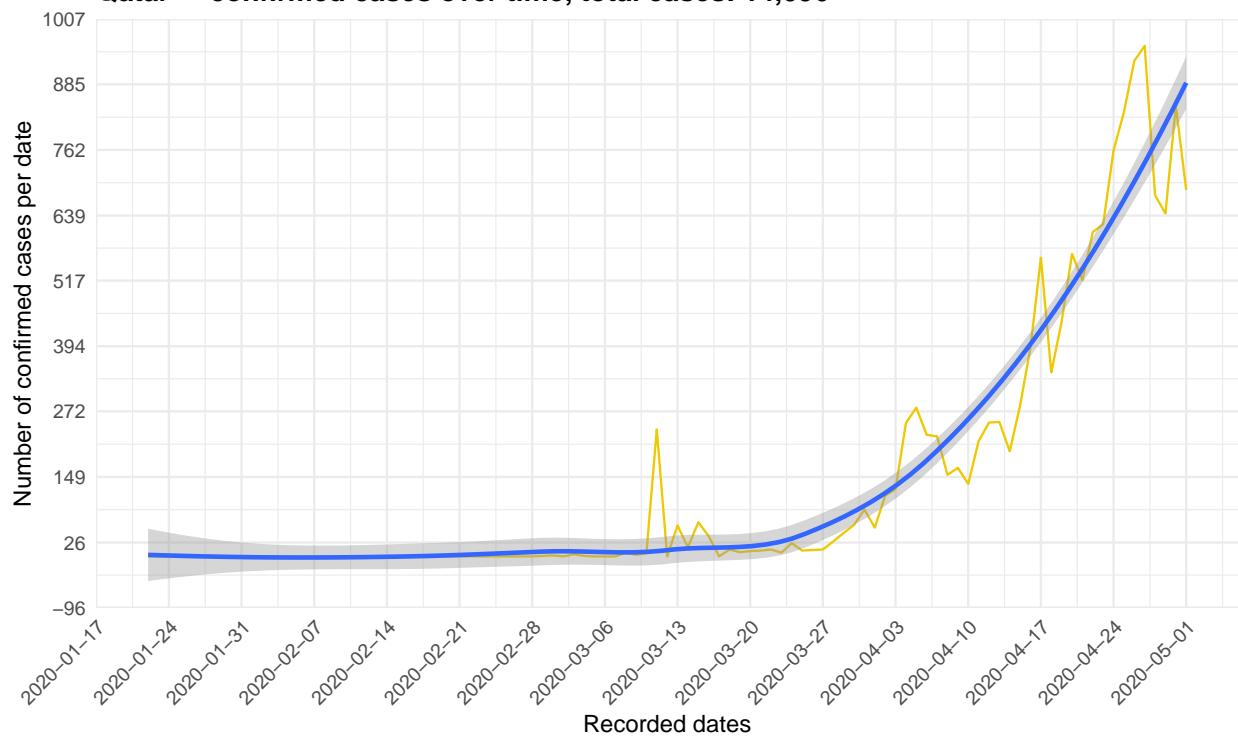

Portugal – confirmed cases over time, total cases: 25,351

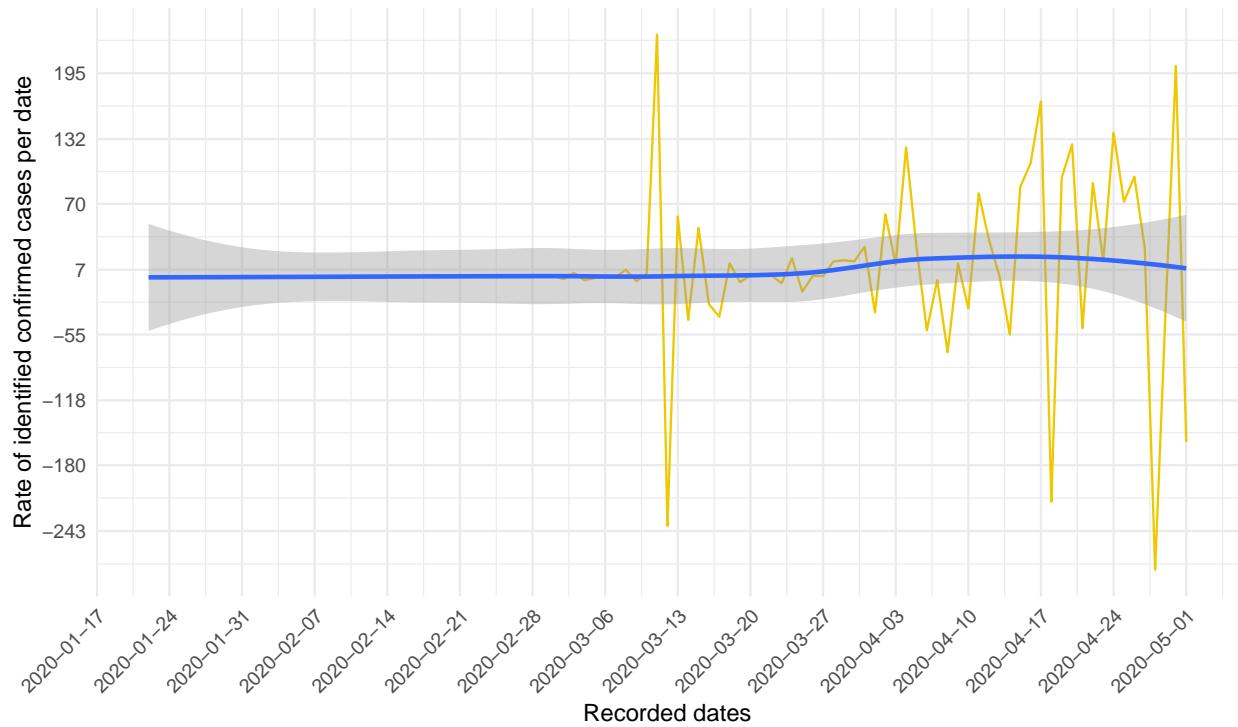

Portugal – rate of increase of confirmed cases over time

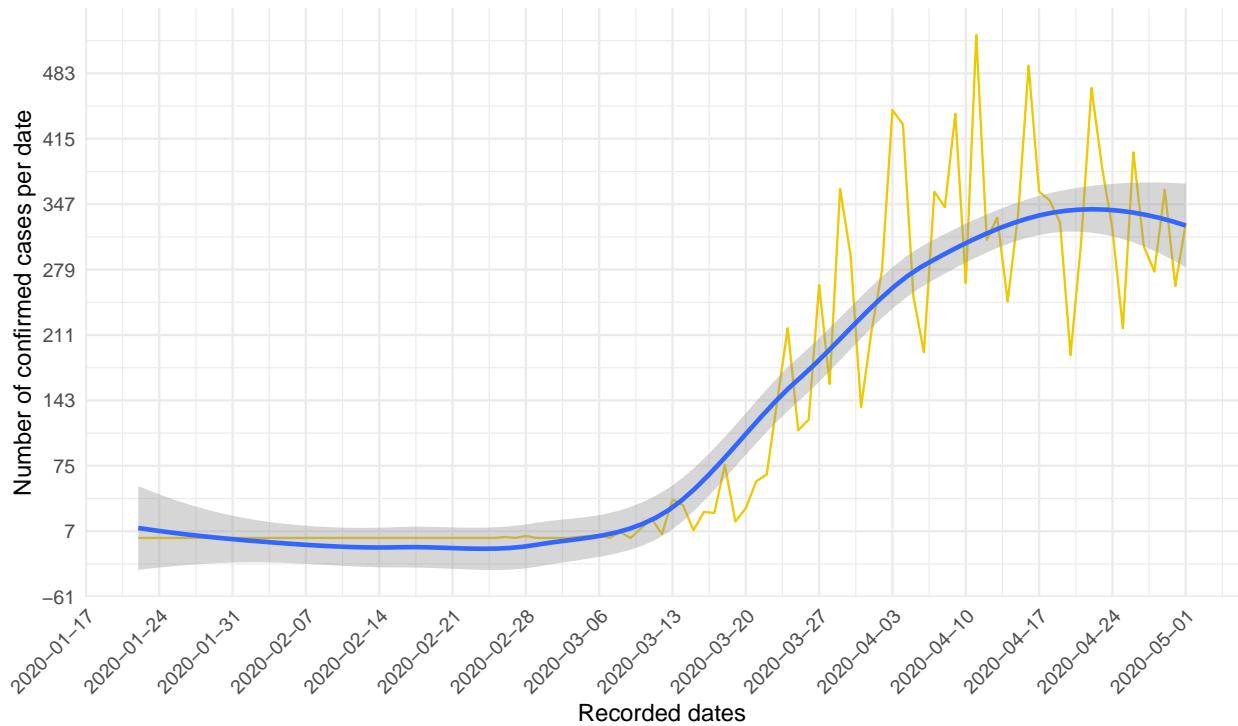

Qatar – confirmed cases over time, total cases: 14,096

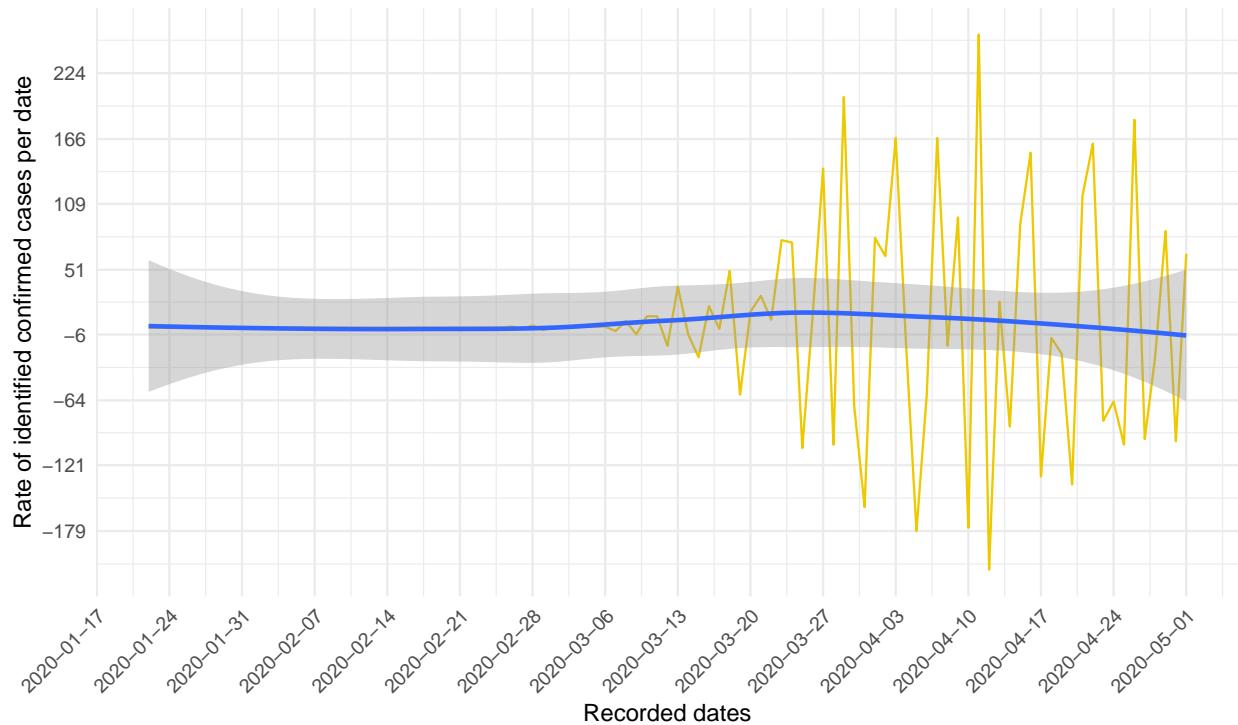

Qatar – rate of increase of confirmed cases over time

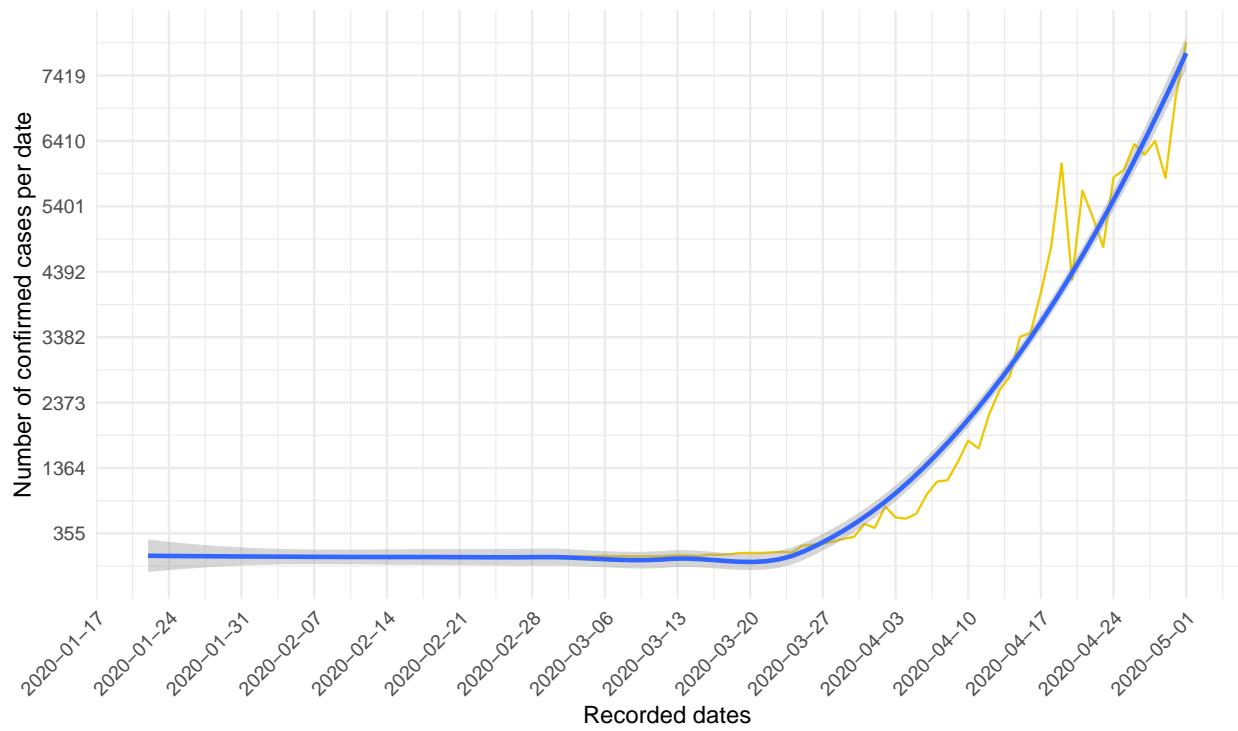

Romania – confirmed cases over time, total cases: 12,567

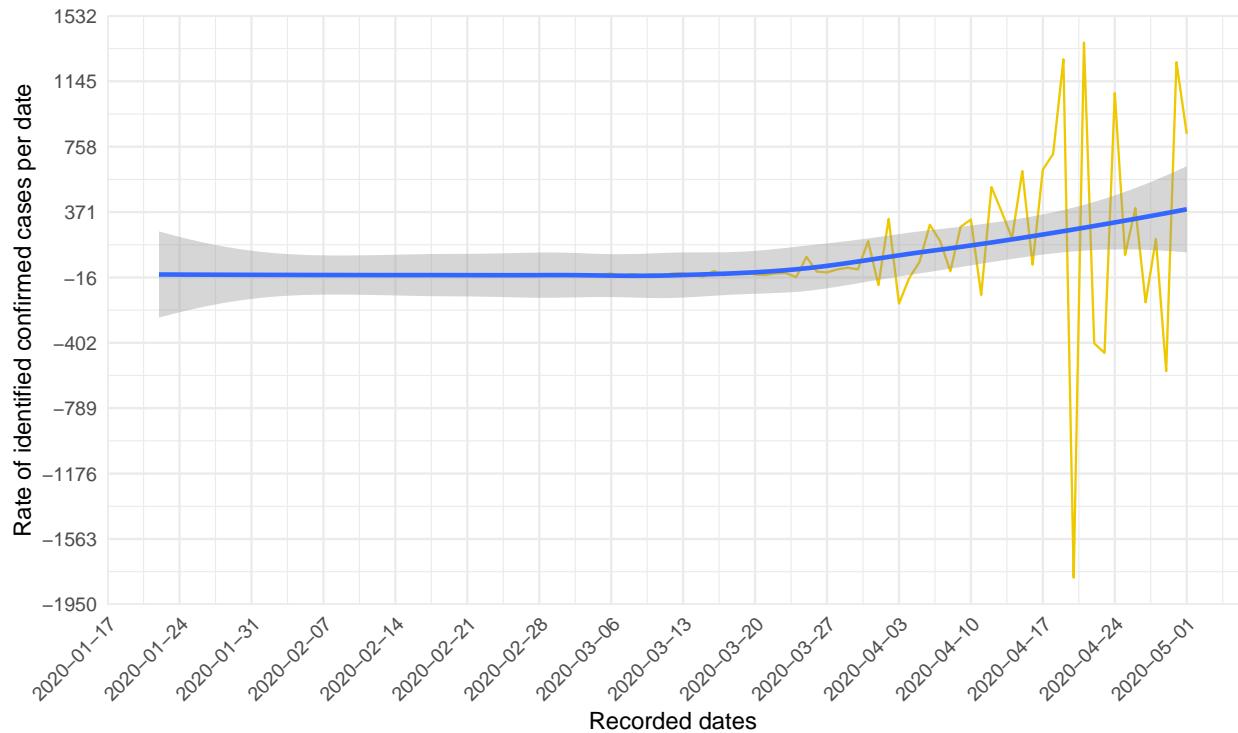

Romania – rate of increase of confirmed cases over time

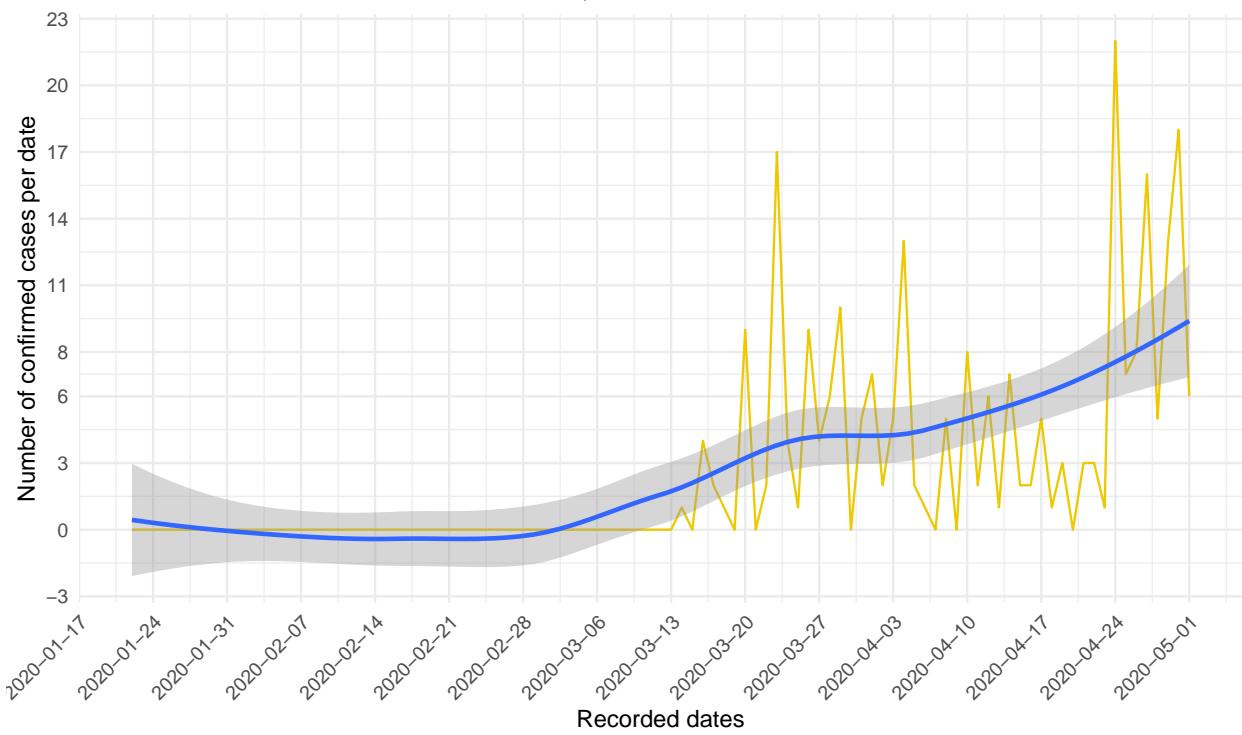

Russia – confirmed cases over time, total cases: 114,431

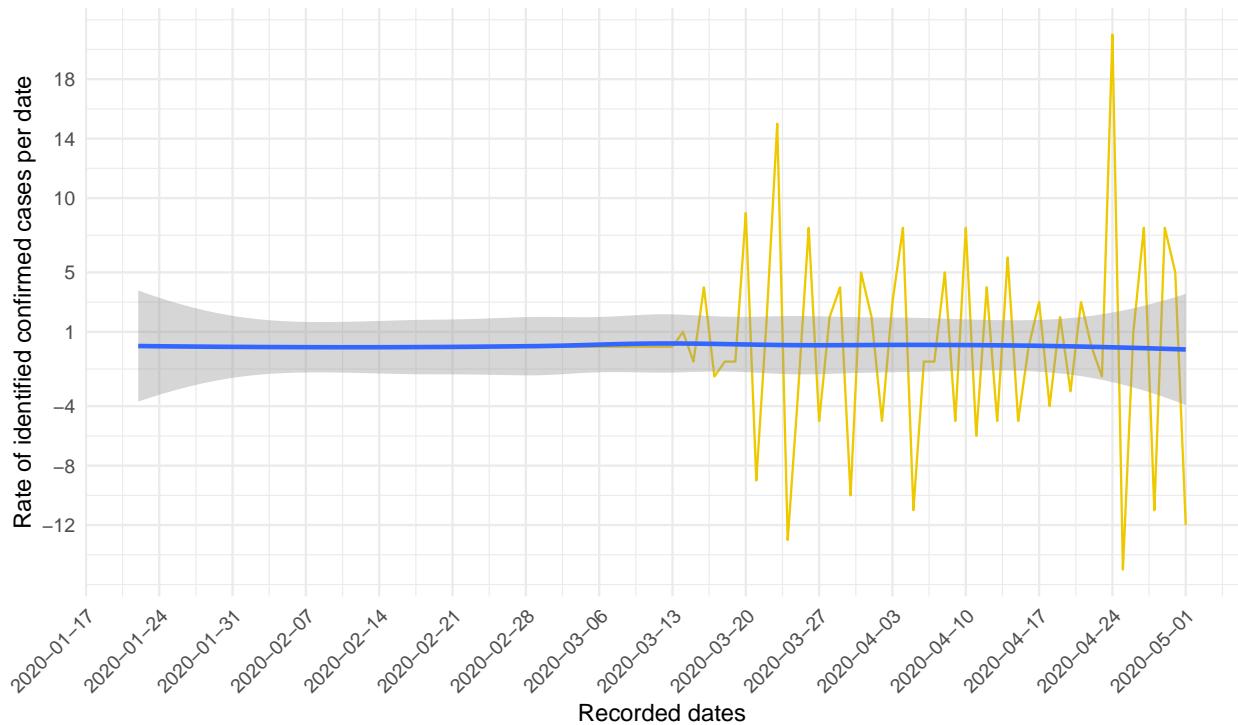

Russia – rate of increase of confirmed cases over time

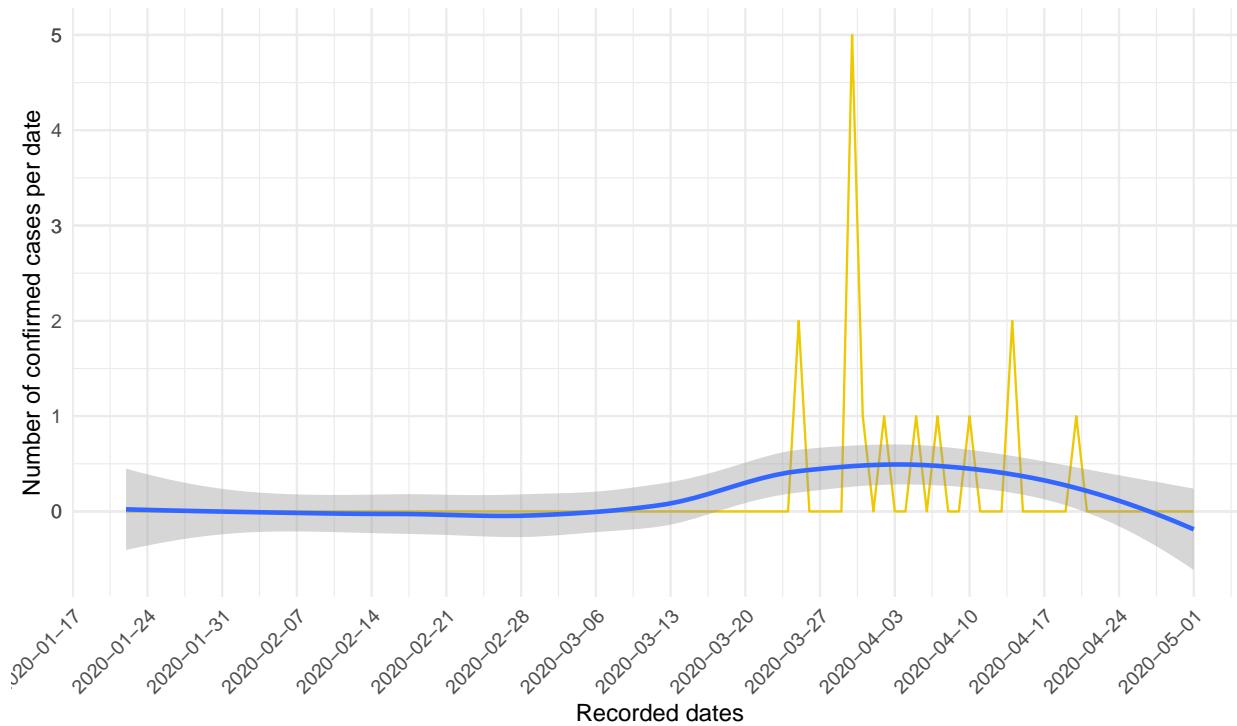

Rwanda – confirmed cases over time, total cases: 249

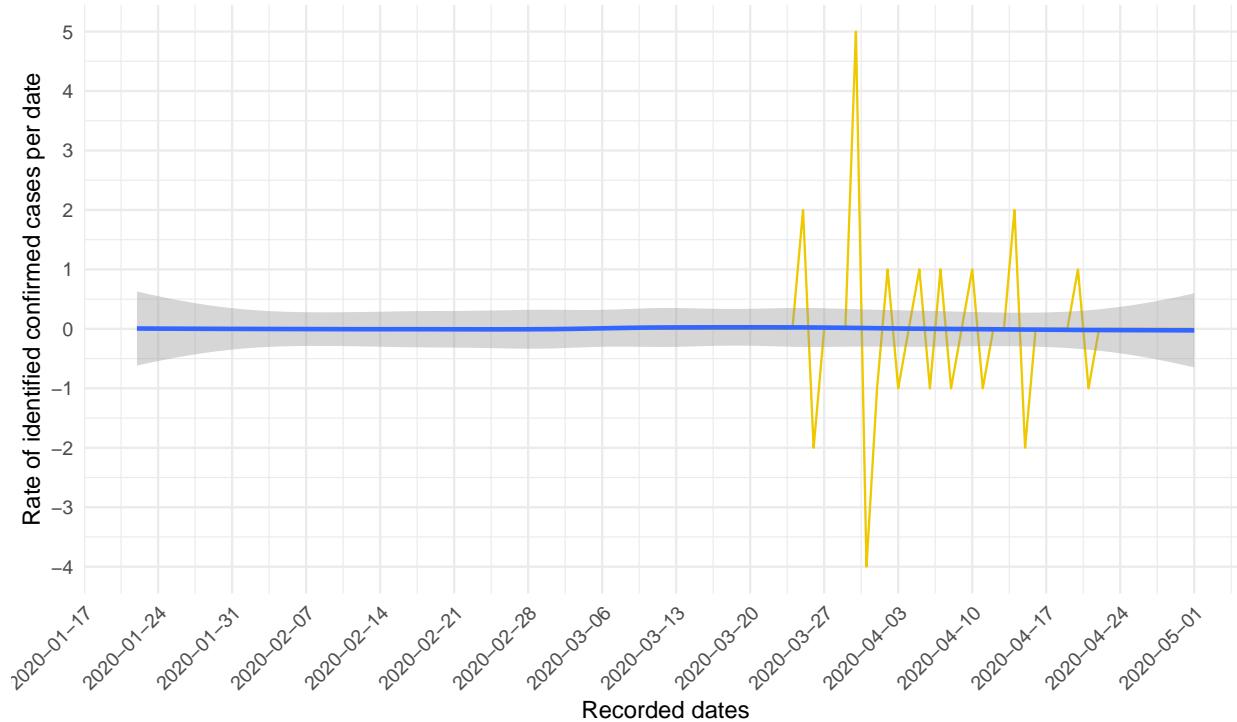

Rwanda – rate of increase of confirmed cases over time
