# Confirmed cases across the world, cumulative counting

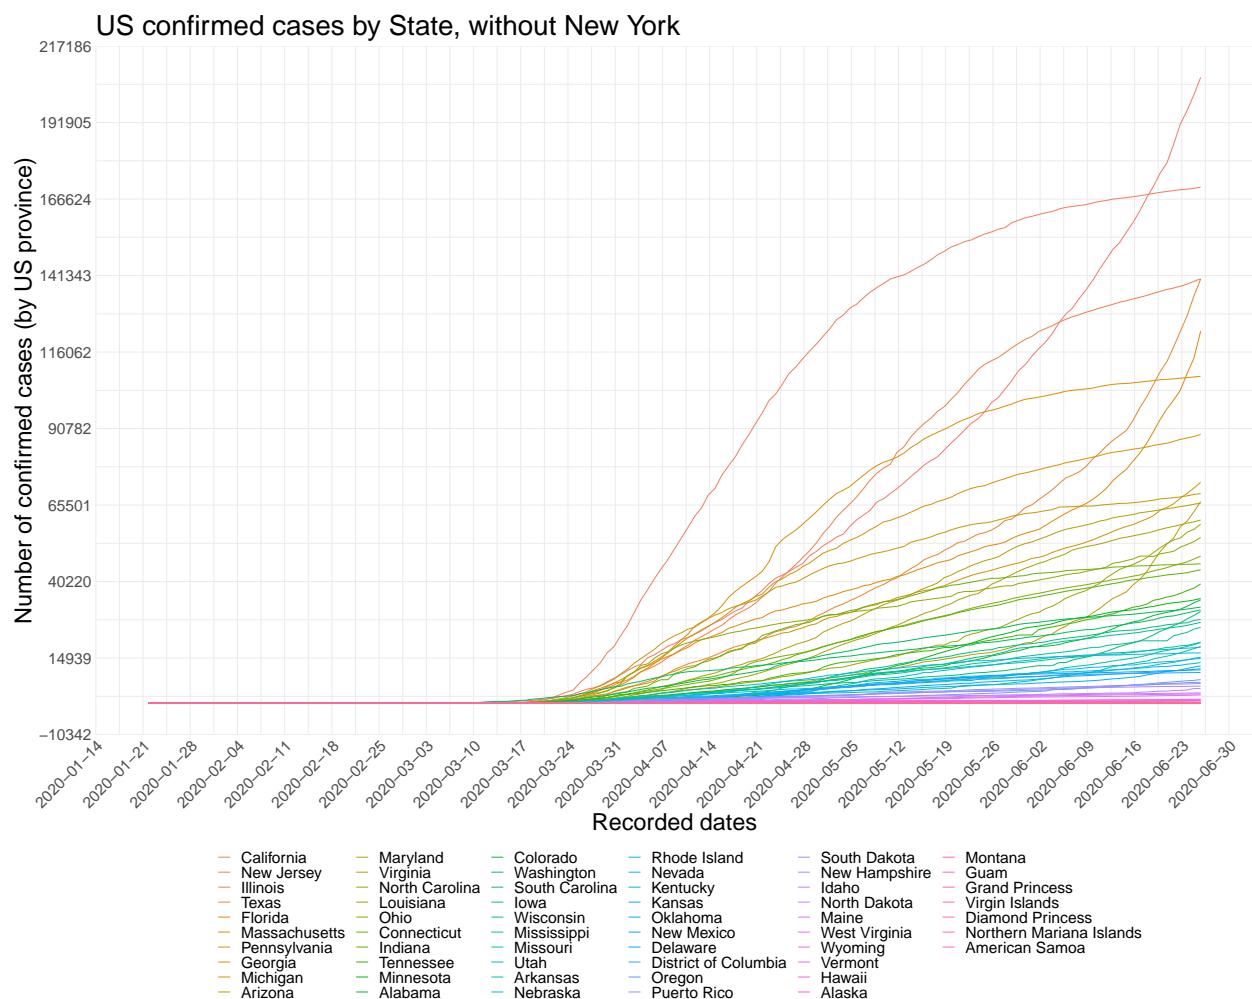

Confirmed cases by country. Total global cases 9,801,576.  
 Countries in legend ranked by highest to lowest number of cases.

## Confirmed cases in US states, cumulative counting

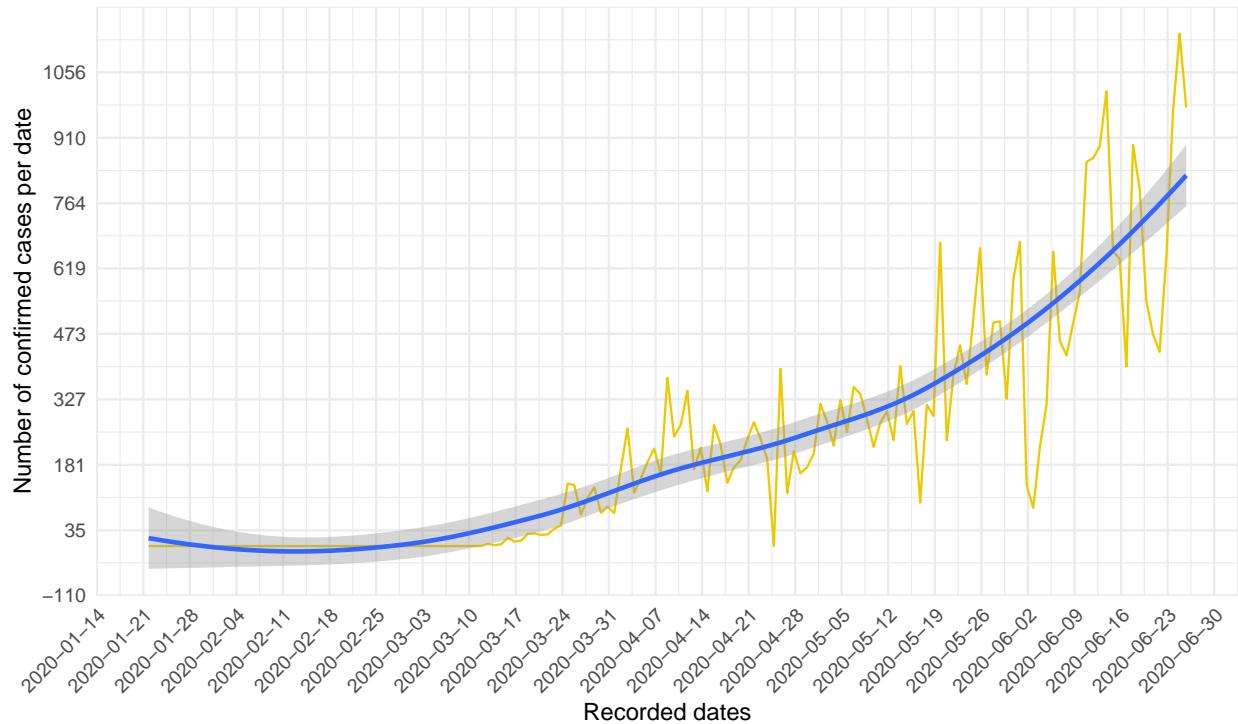

Confirmed cases in US states except New York, cumulative counting

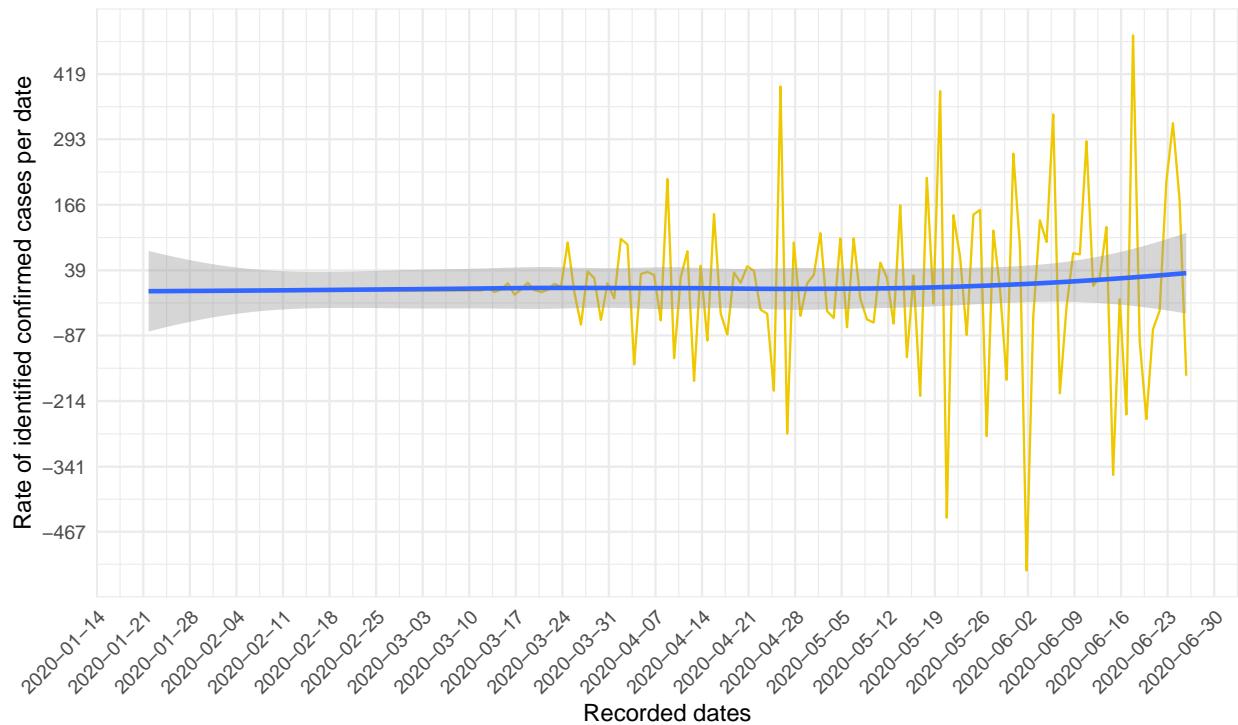

## Confirmed cases by State or Province, per day counting and rate of increase per day

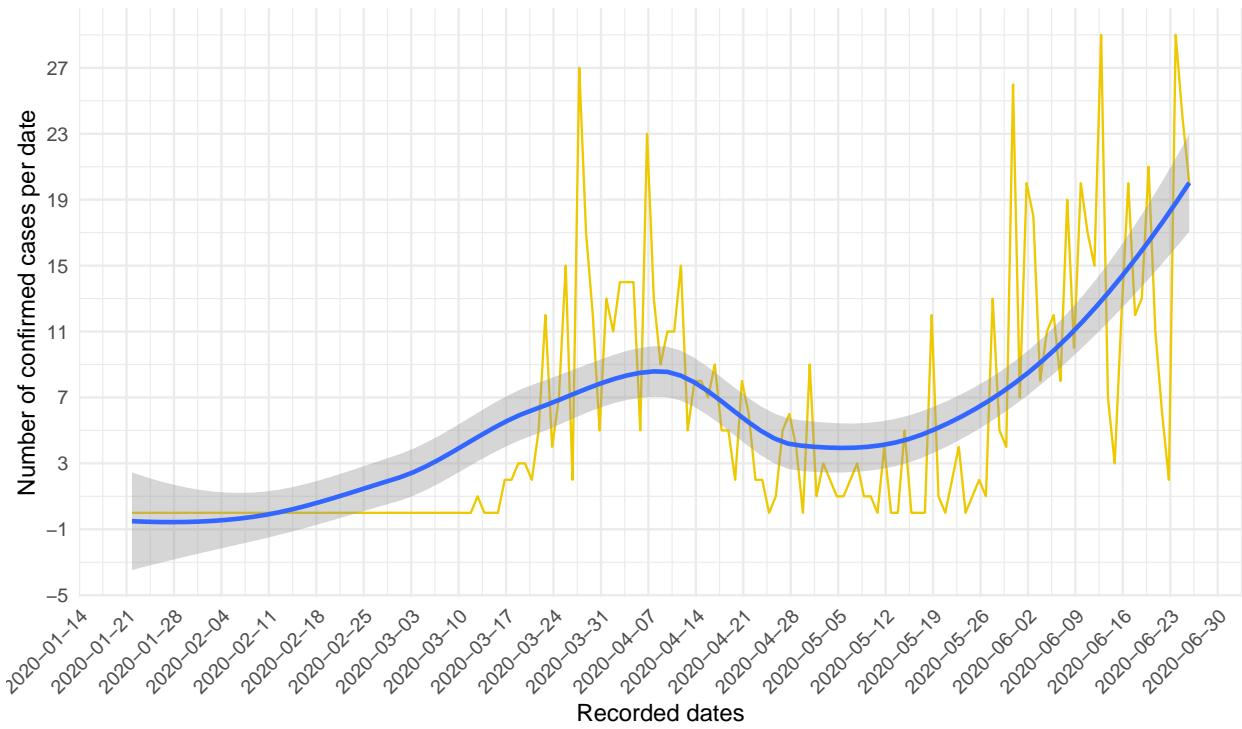

**Alabama – confirmed cases over time, total cases: 21,422**

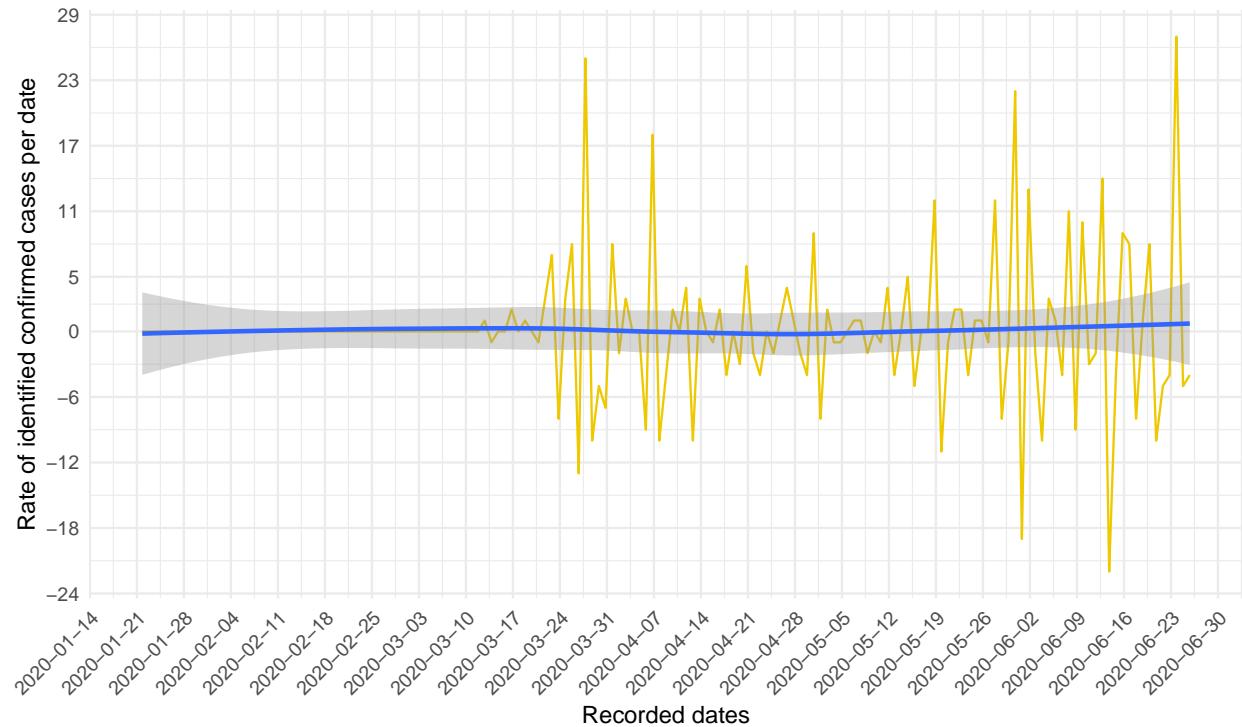

**Alabama – rate of increase of confirmed cases over time**

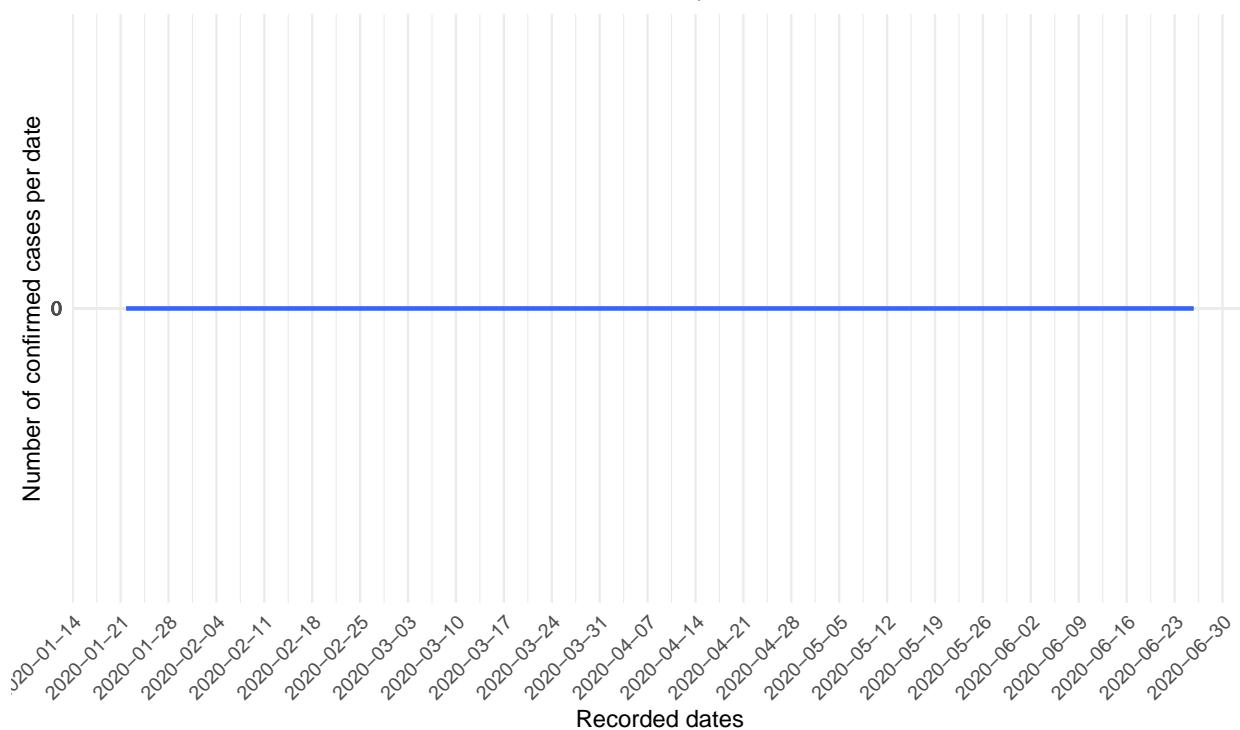

### Alaska – confirmed cases over time, total cases: 572

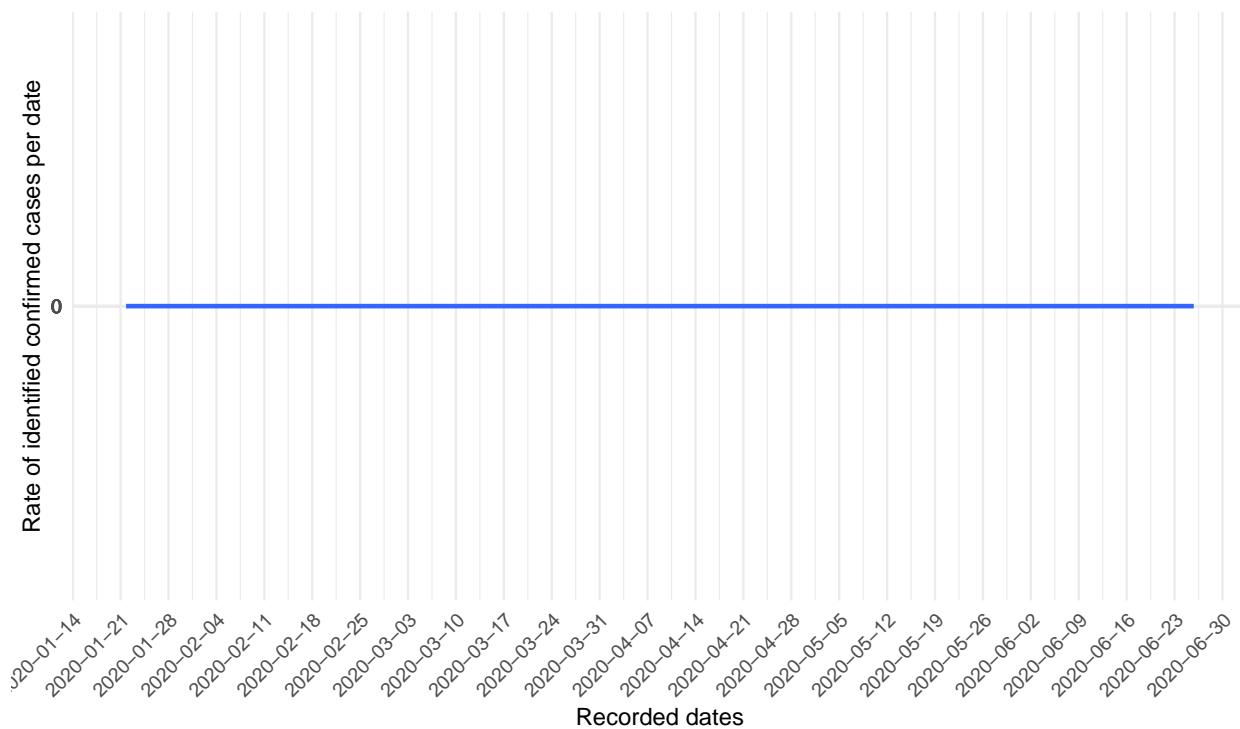

### Alaska – rate of increase of confirmed cases over time

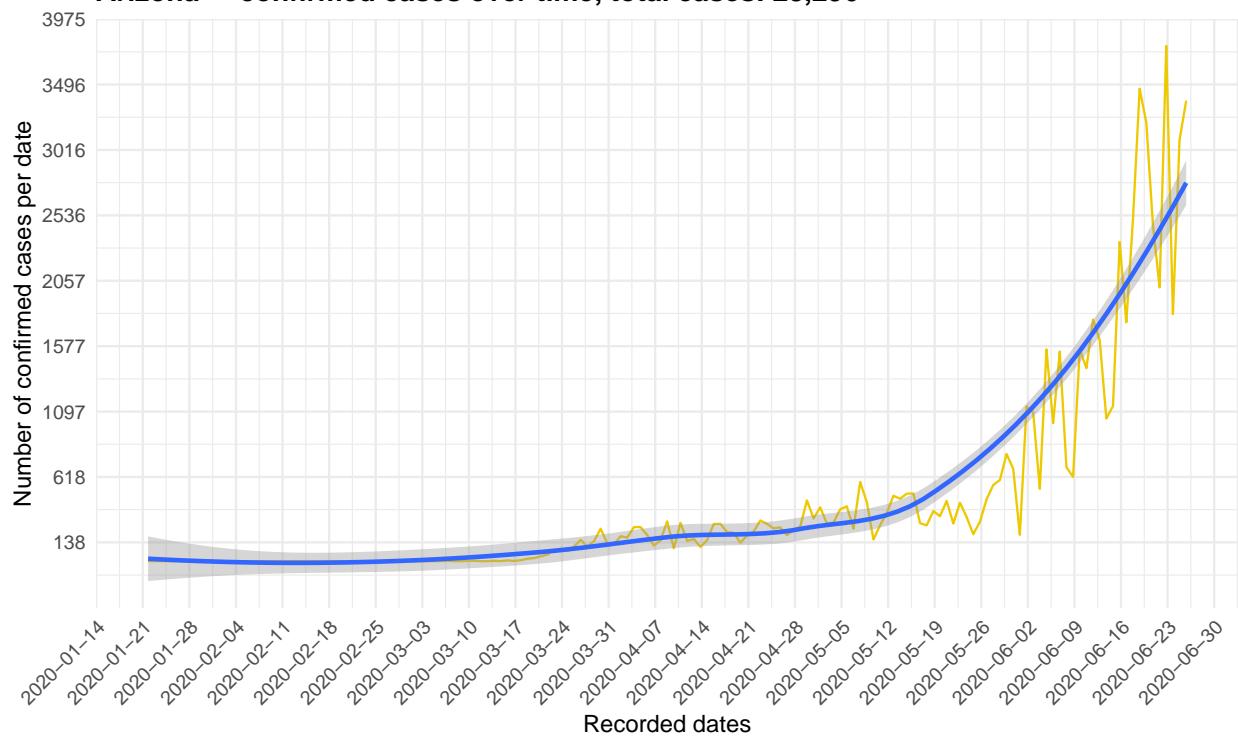

### American Samoa – confirmed cases over time, total cases: 0

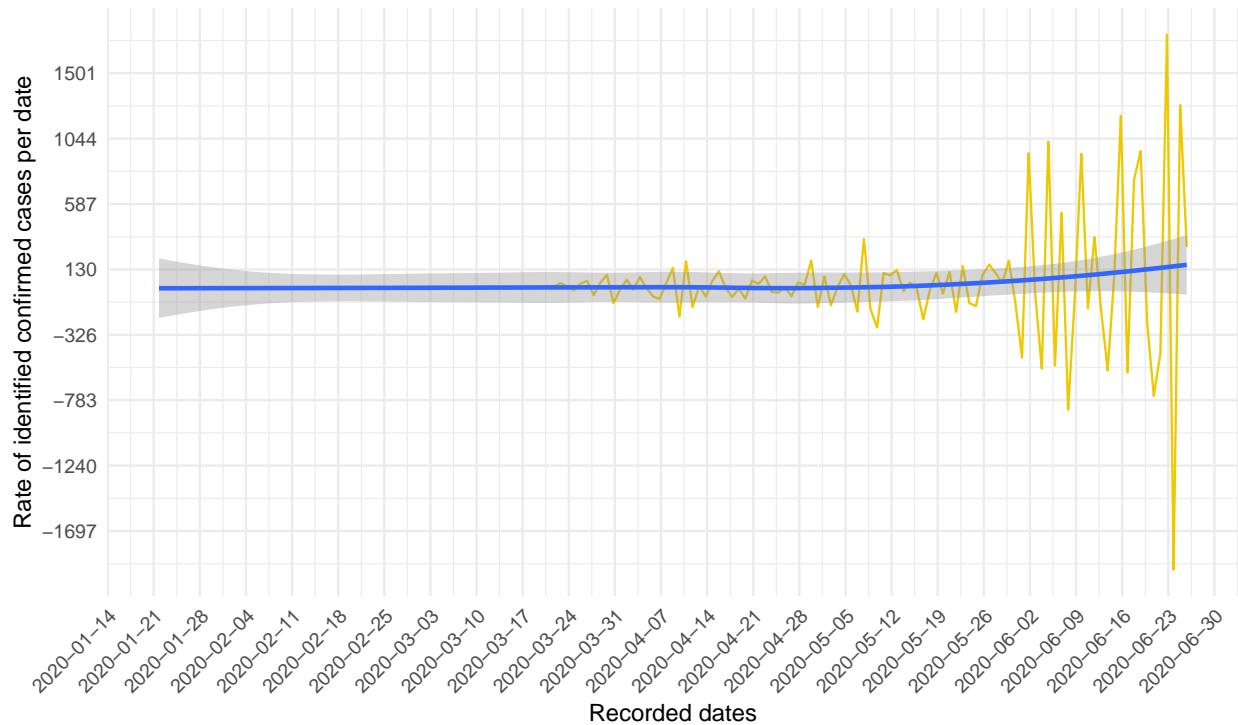

### American Samoa – rate of increase of confirmed cases over time

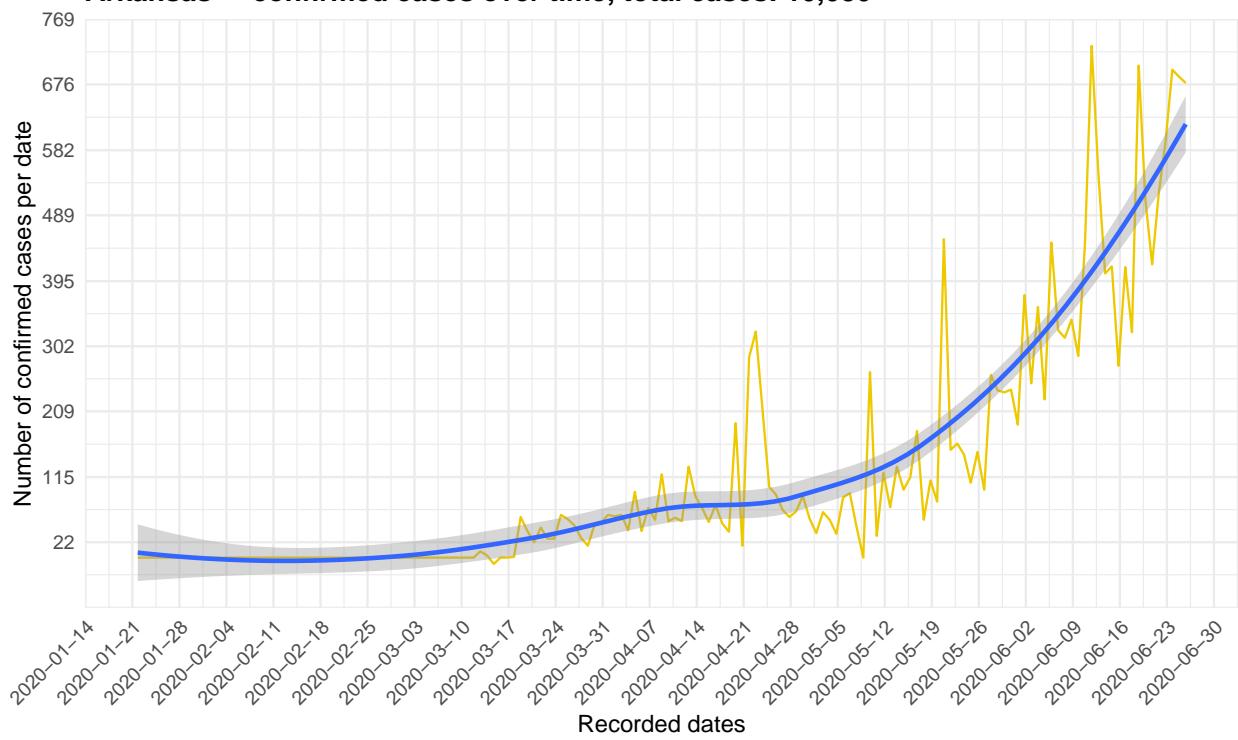

### Arizona – confirmed cases over time, total cases: 28,296

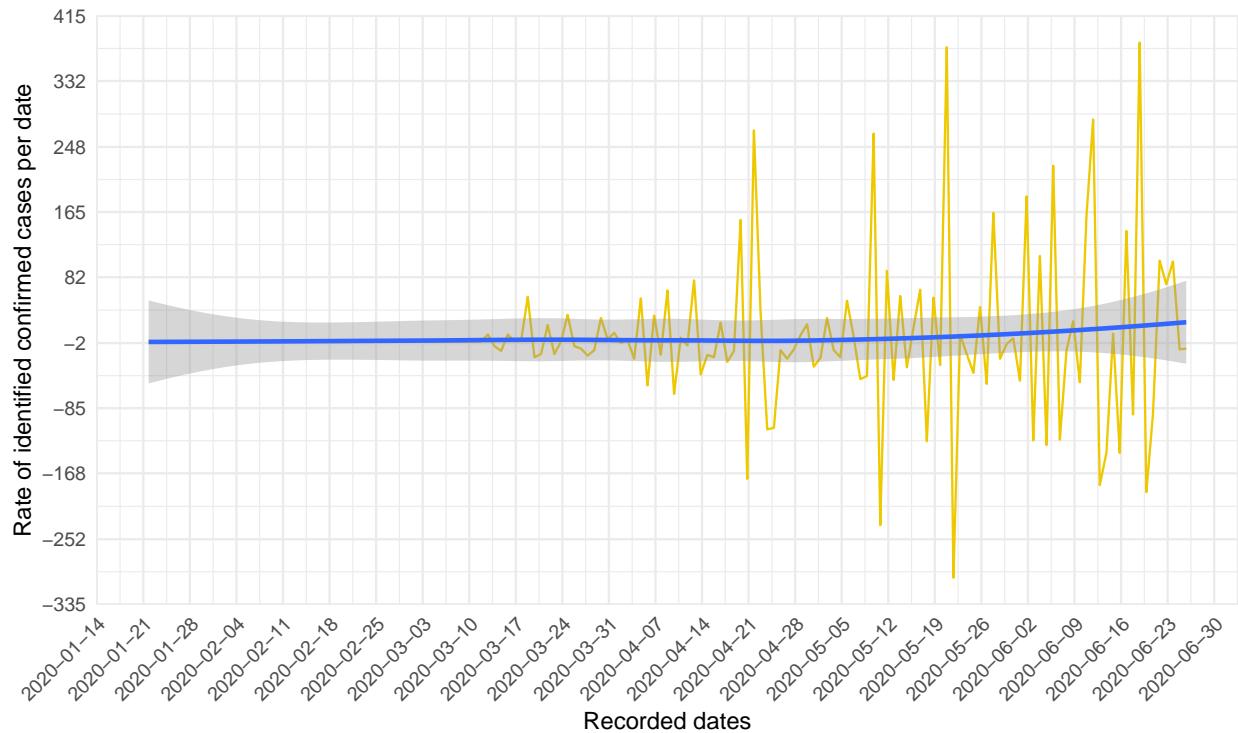

### Arizona – rate of increase of confirmed cases over time

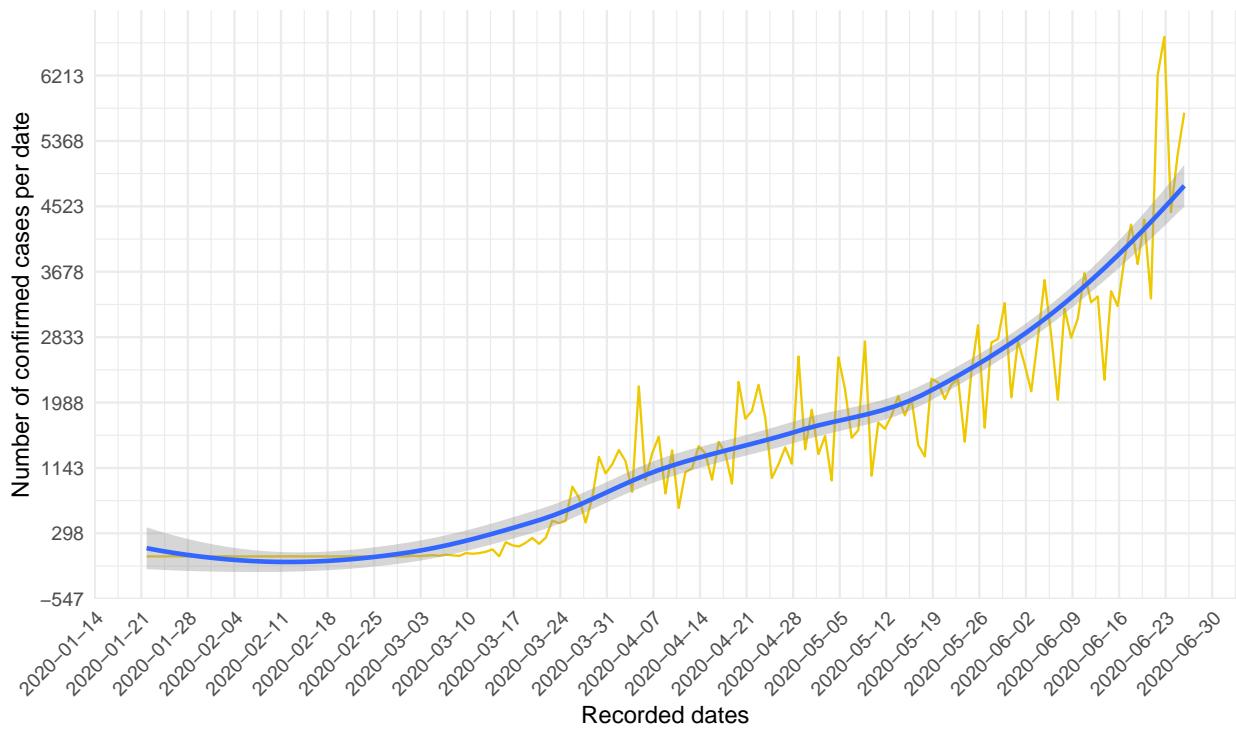

### Arkansas – confirmed cases over time, total cases: 10,080

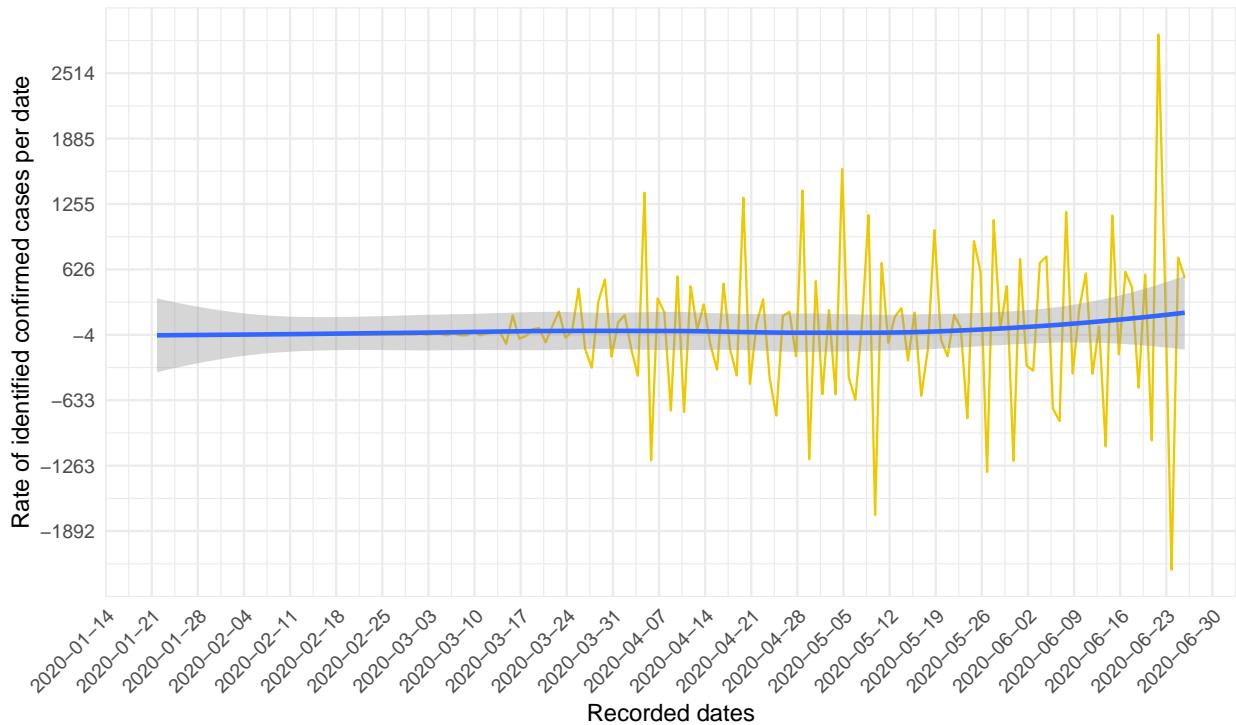

### Arkansas – rate of increase of confirmed cases over time

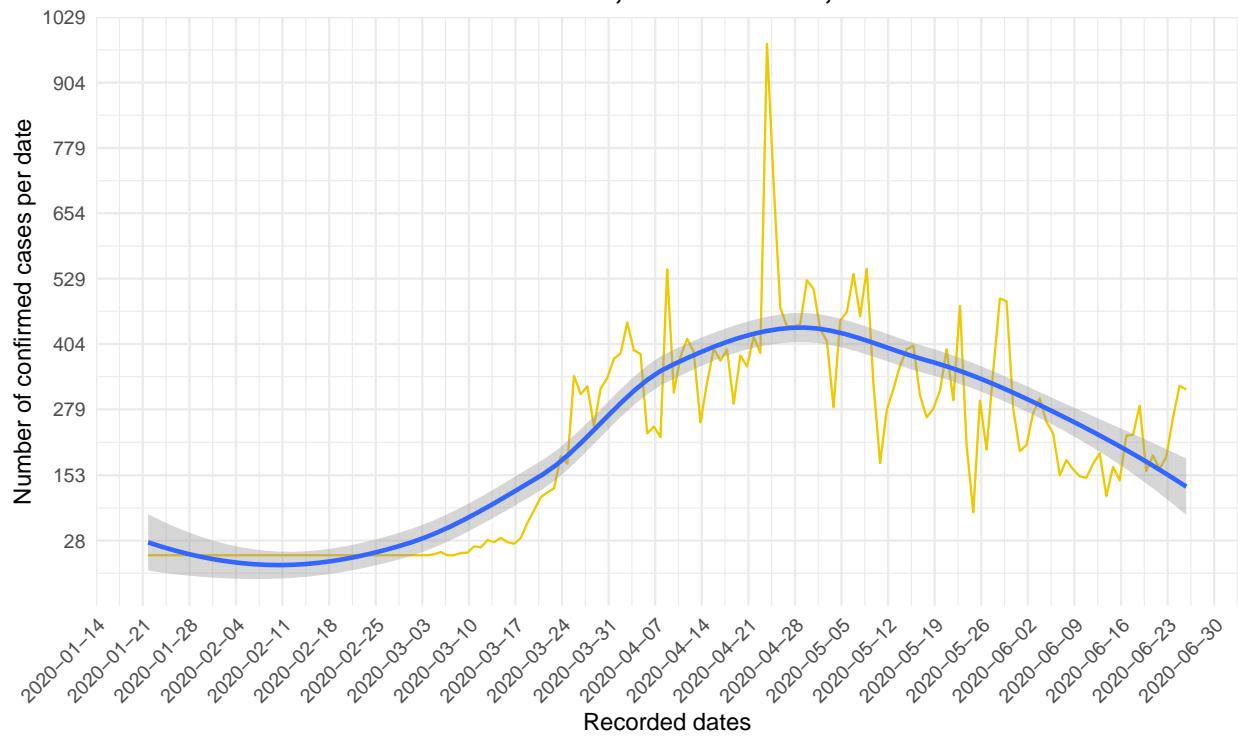

### California – confirmed cases over time, total cases: 136,641

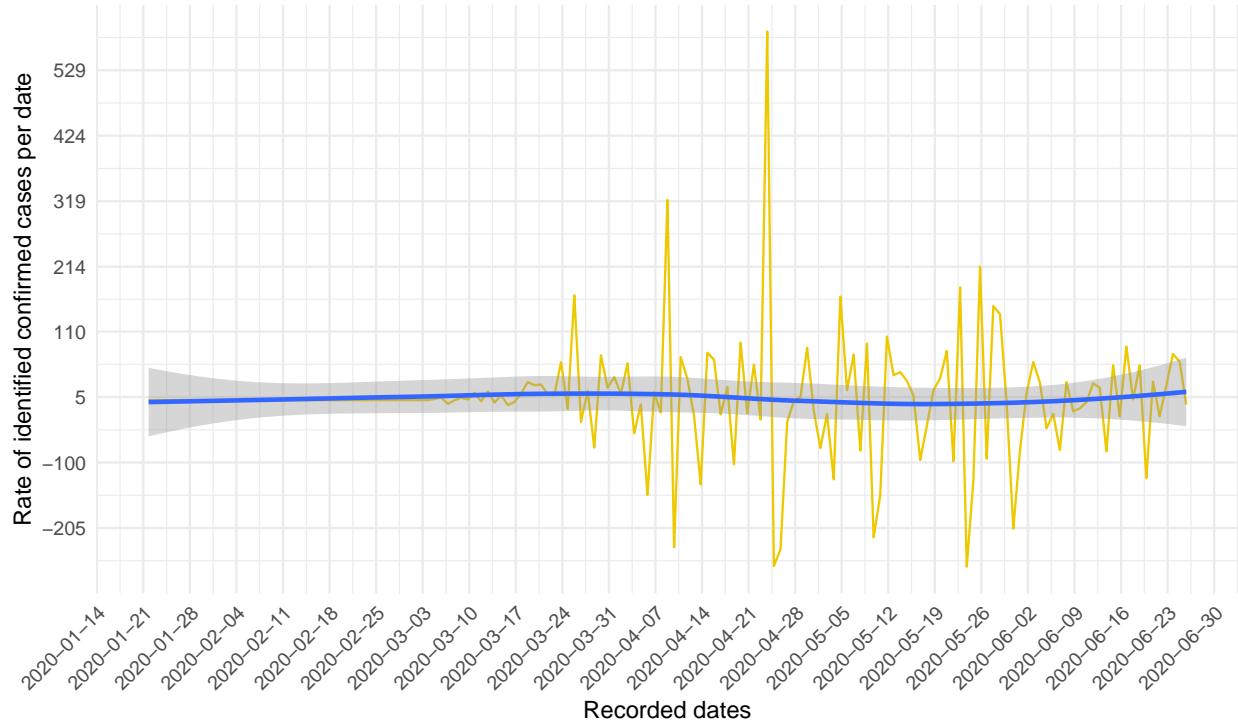

### California – rate of increase of confirmed cases over time

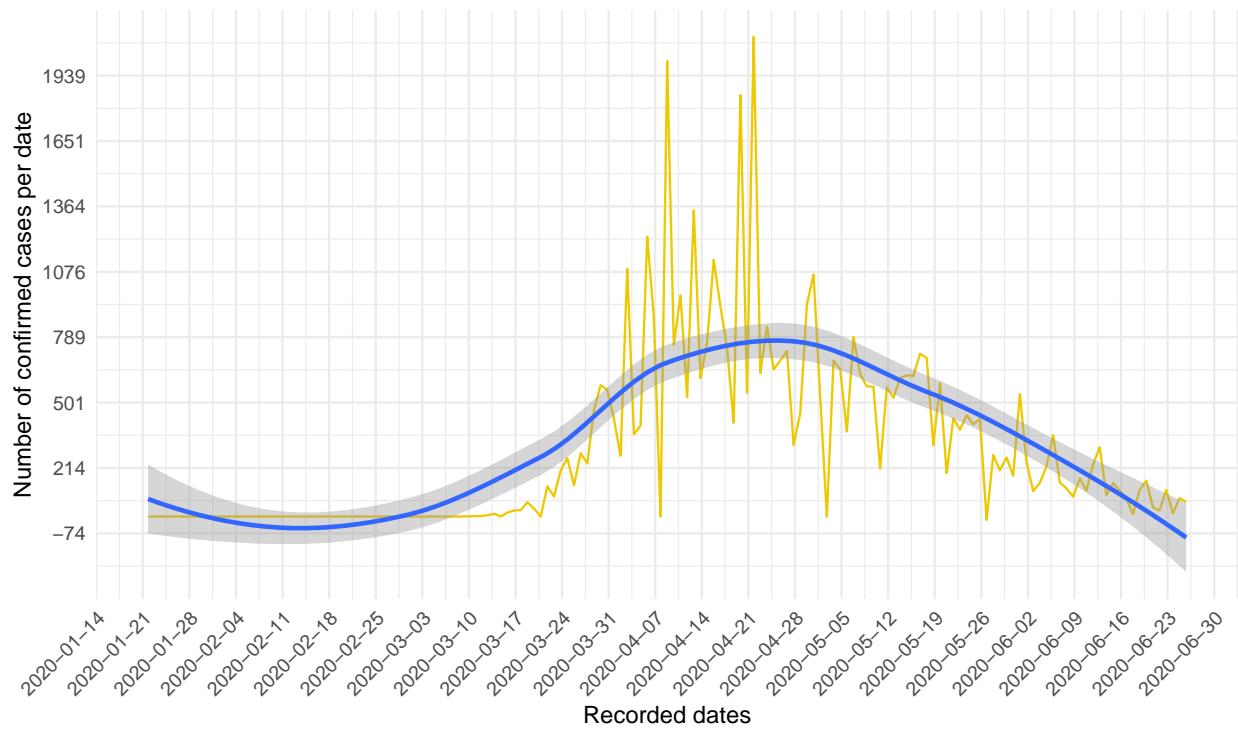

### Colorado – confirmed cases over time, total cases: 28,333

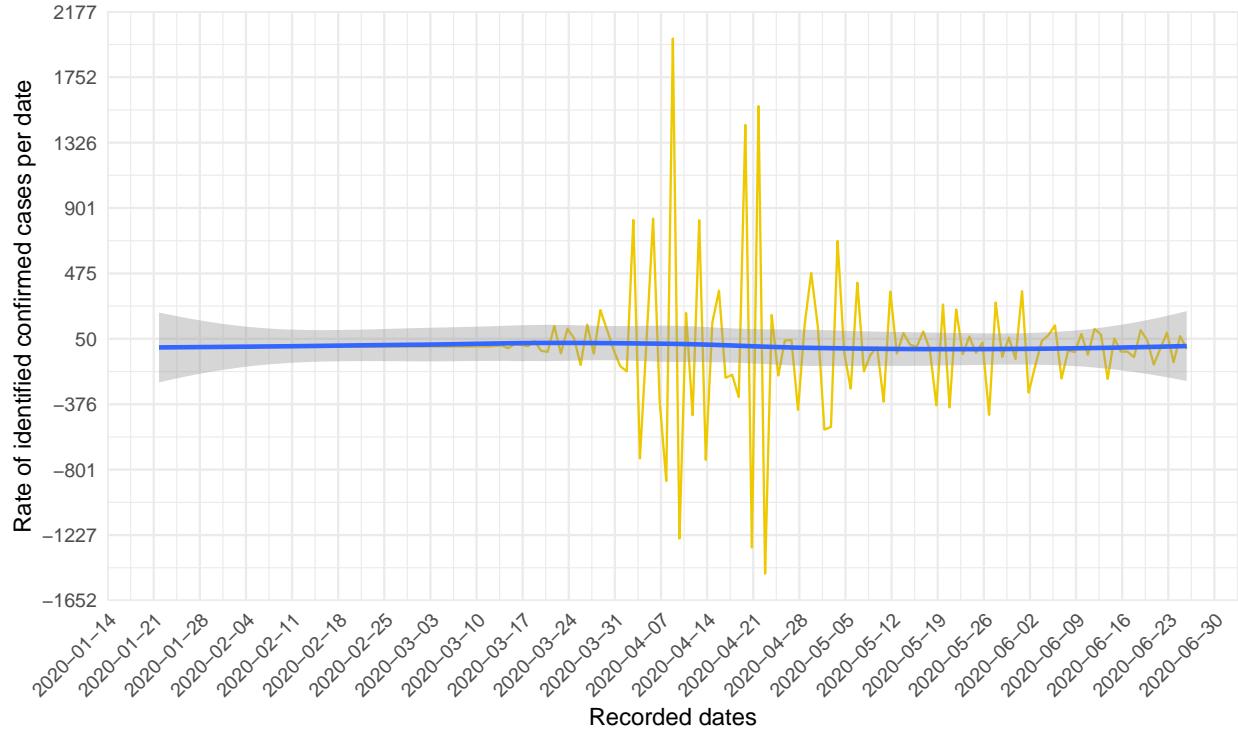

### Colorado – rate of increase of confirmed cases over time

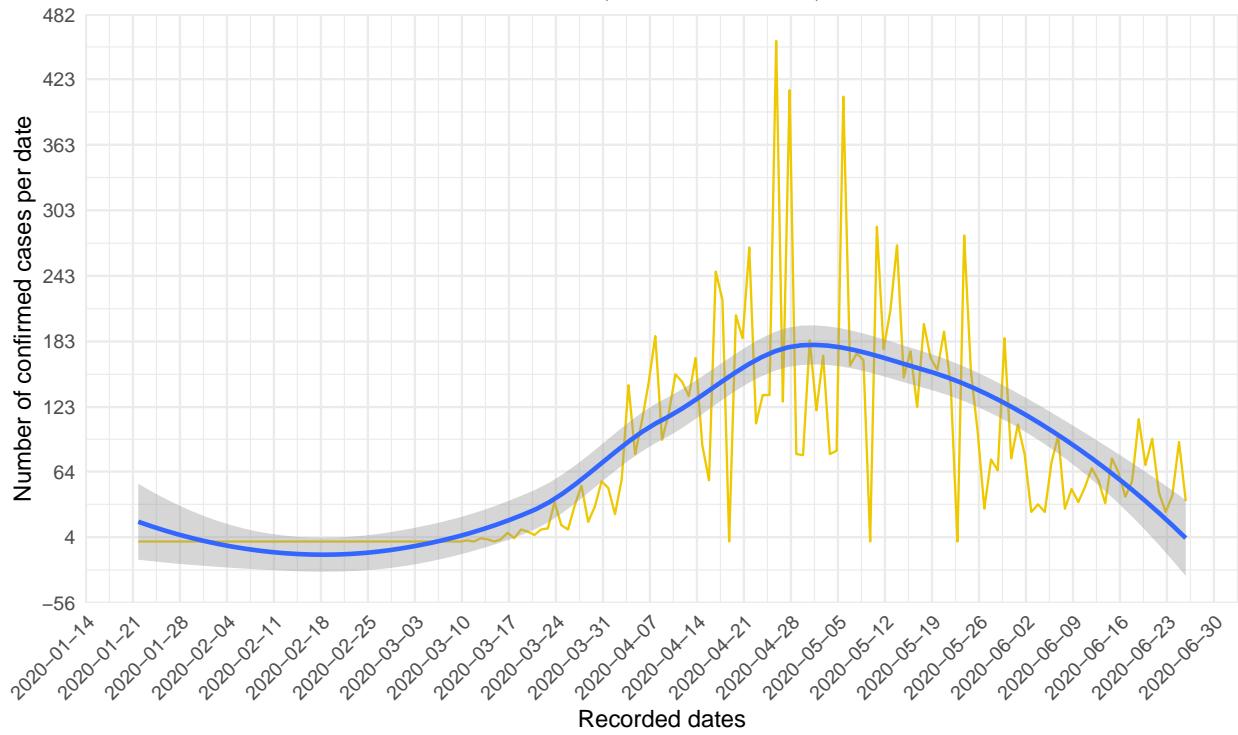

**Connecticut – confirmed cases over time, total cases: 44,179**

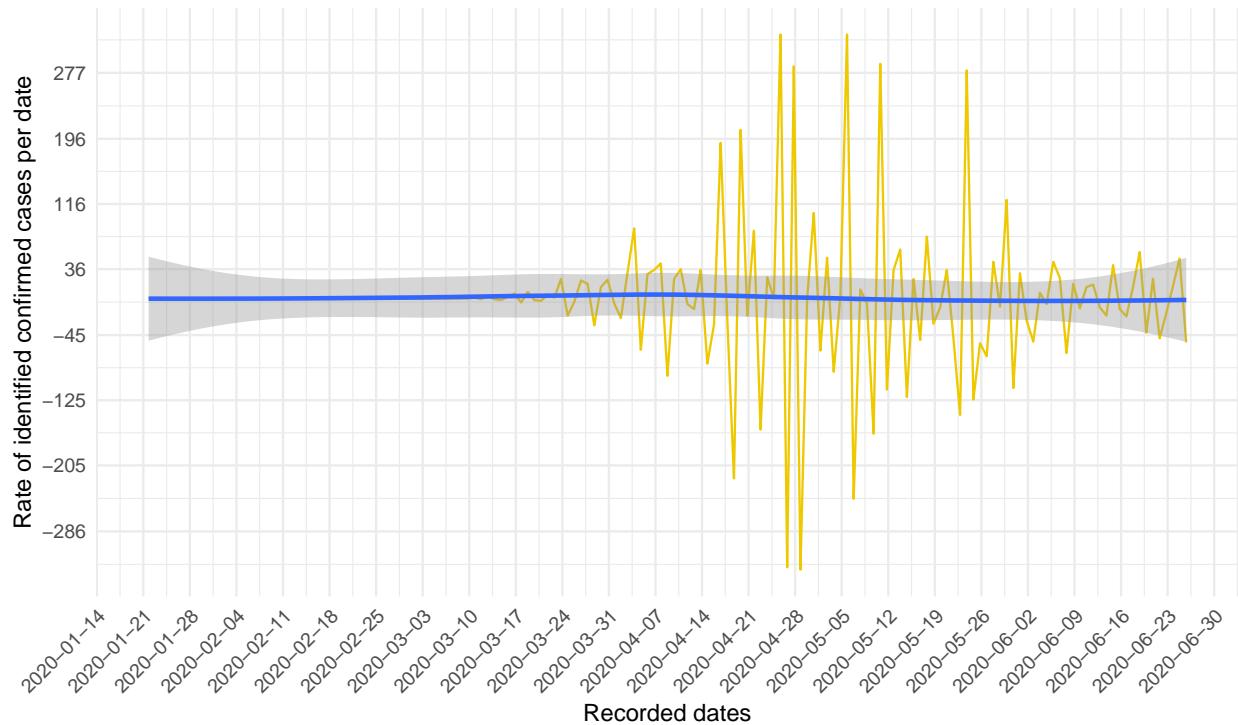

**Connecticut – rate of increase of confirmed cases over time**

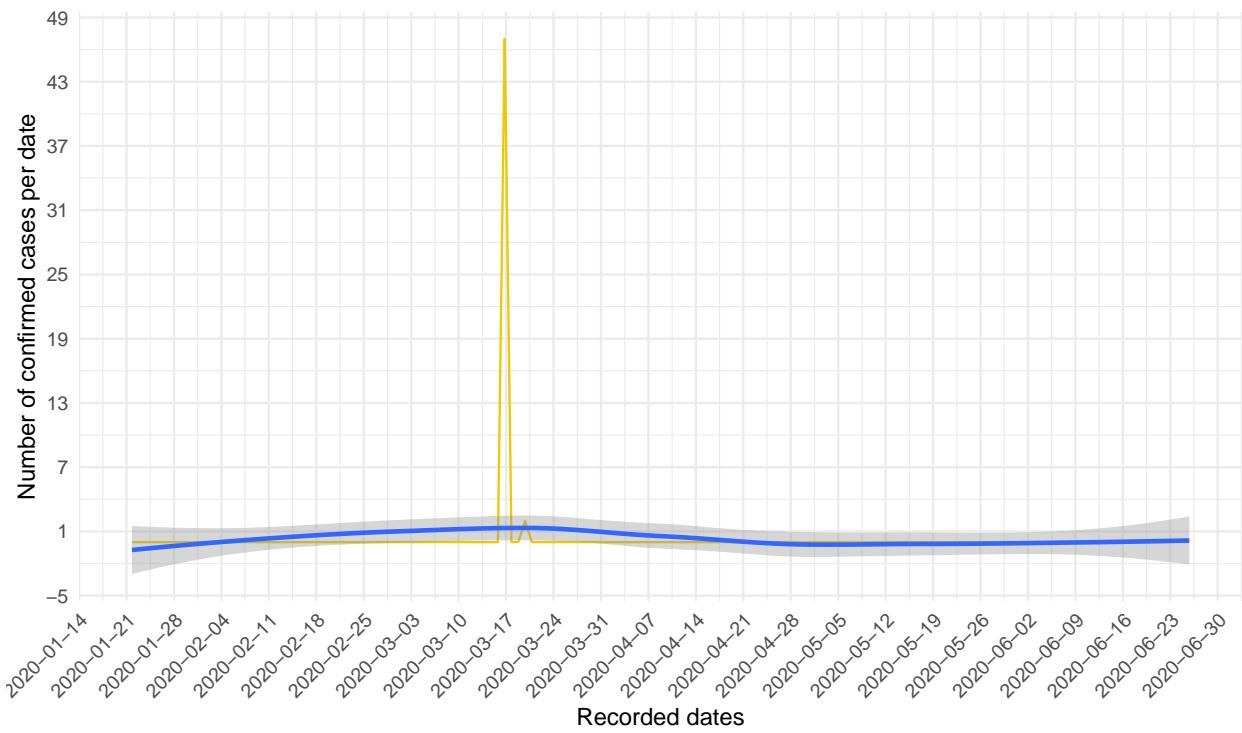

### **Delaware – confirmed cases over time, total cases: 10,020**

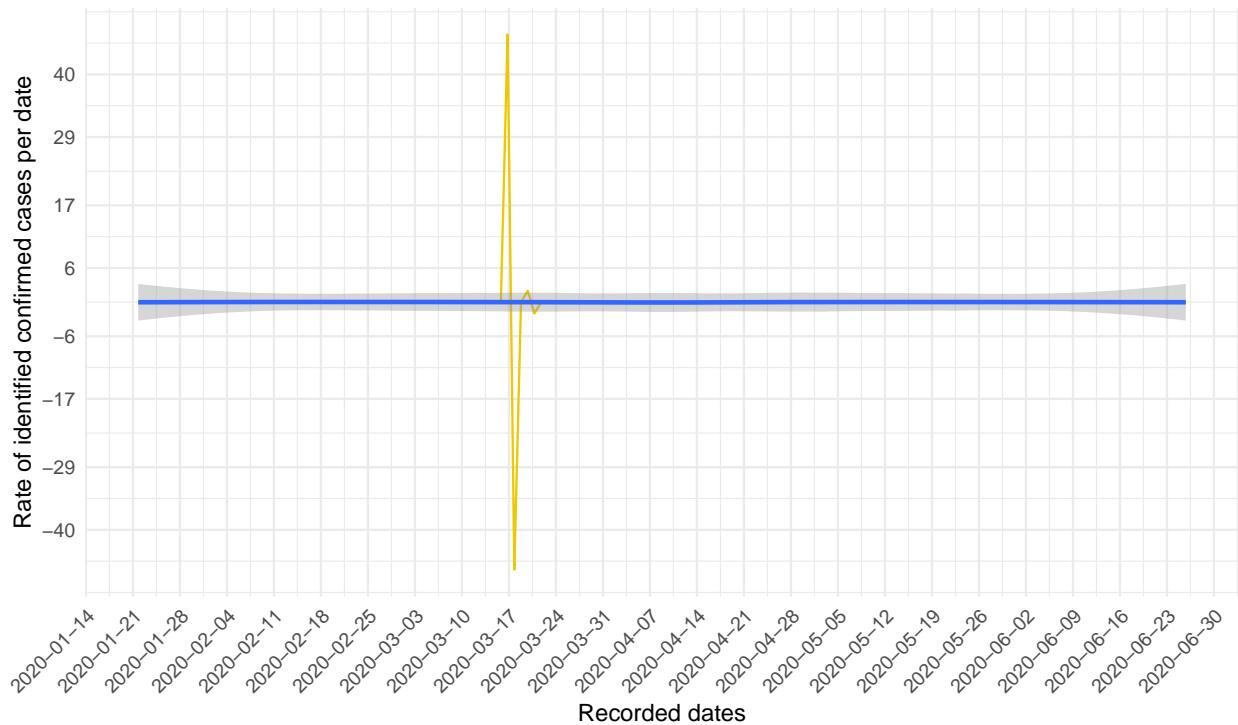

### **Delaware – rate of increase of confirmed cases over time**

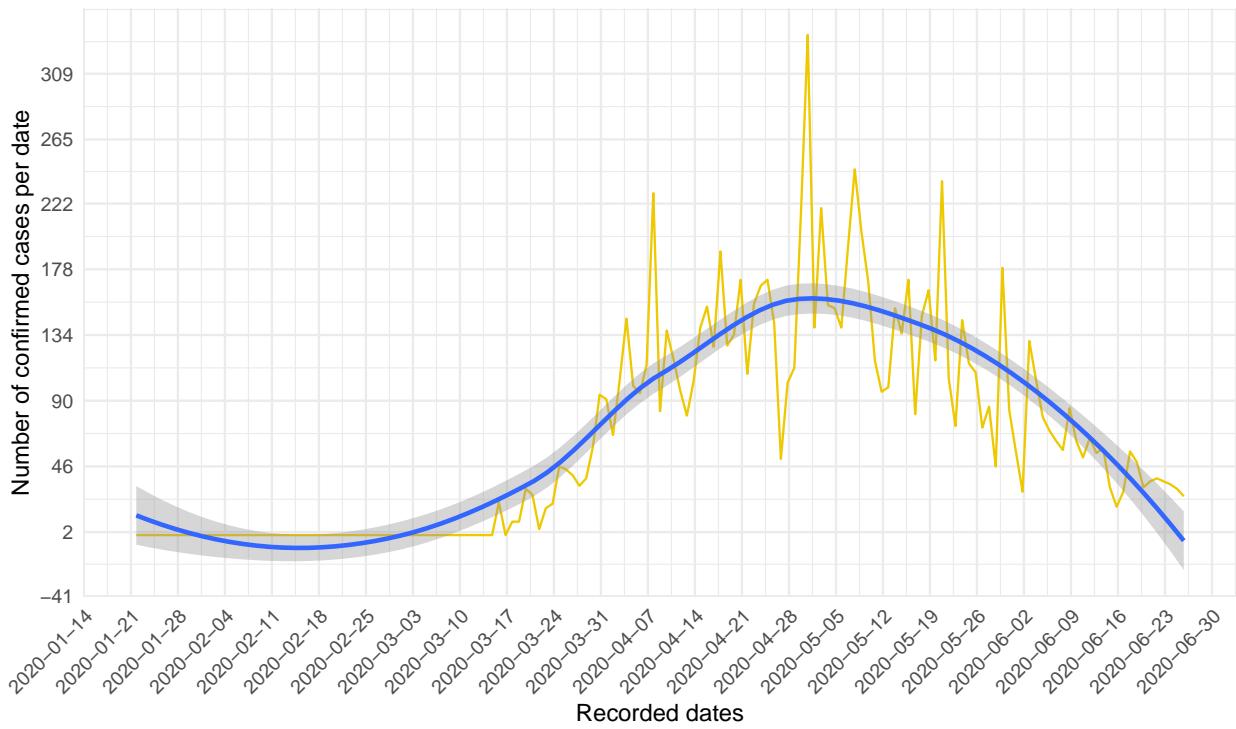

### Diamond Princess – confirmed cases over time, total cases: 49

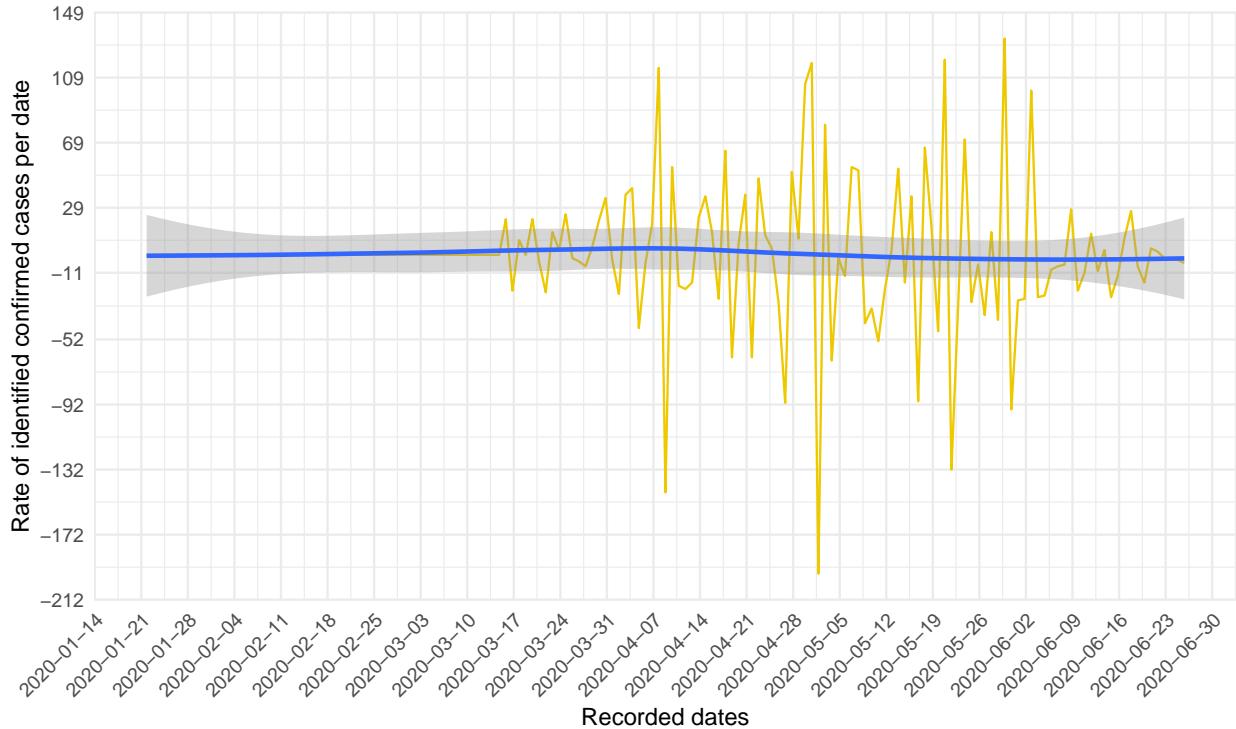

### Diamond Princess – rate of increase of confirmed cases over time

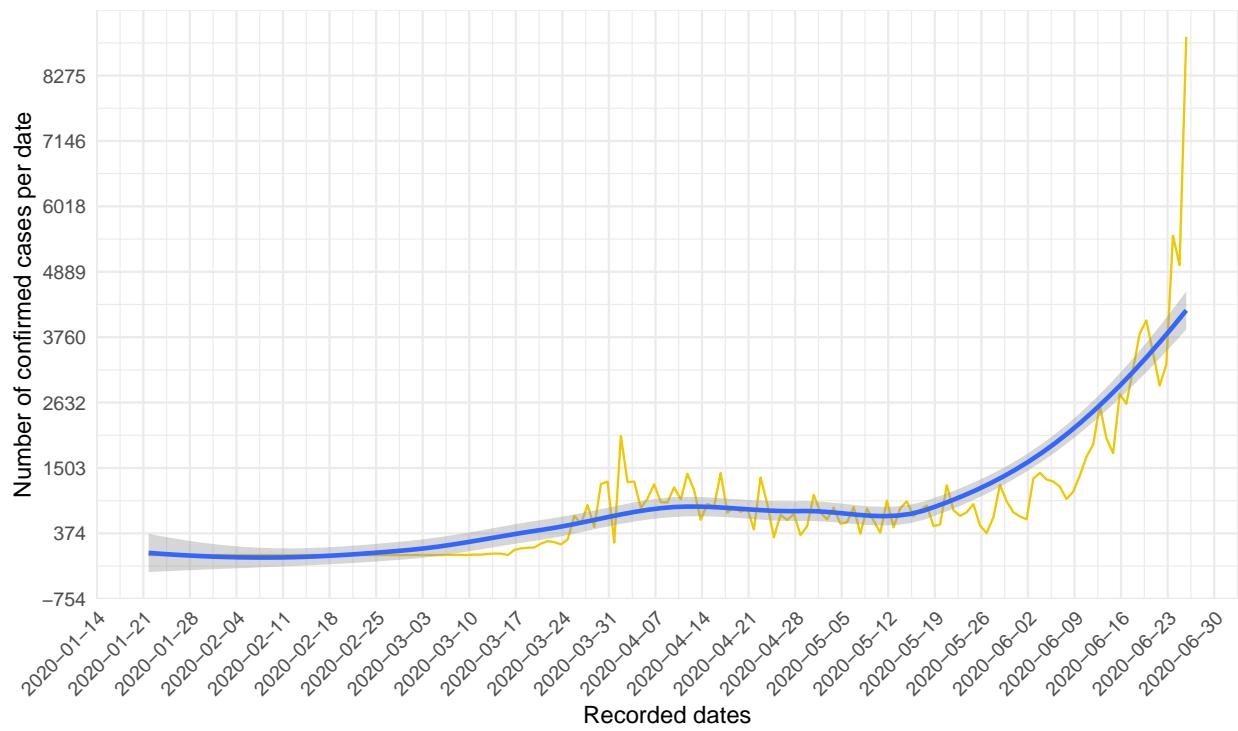

**District of Columbia – confirmed cases over time, total cases: 9,474**

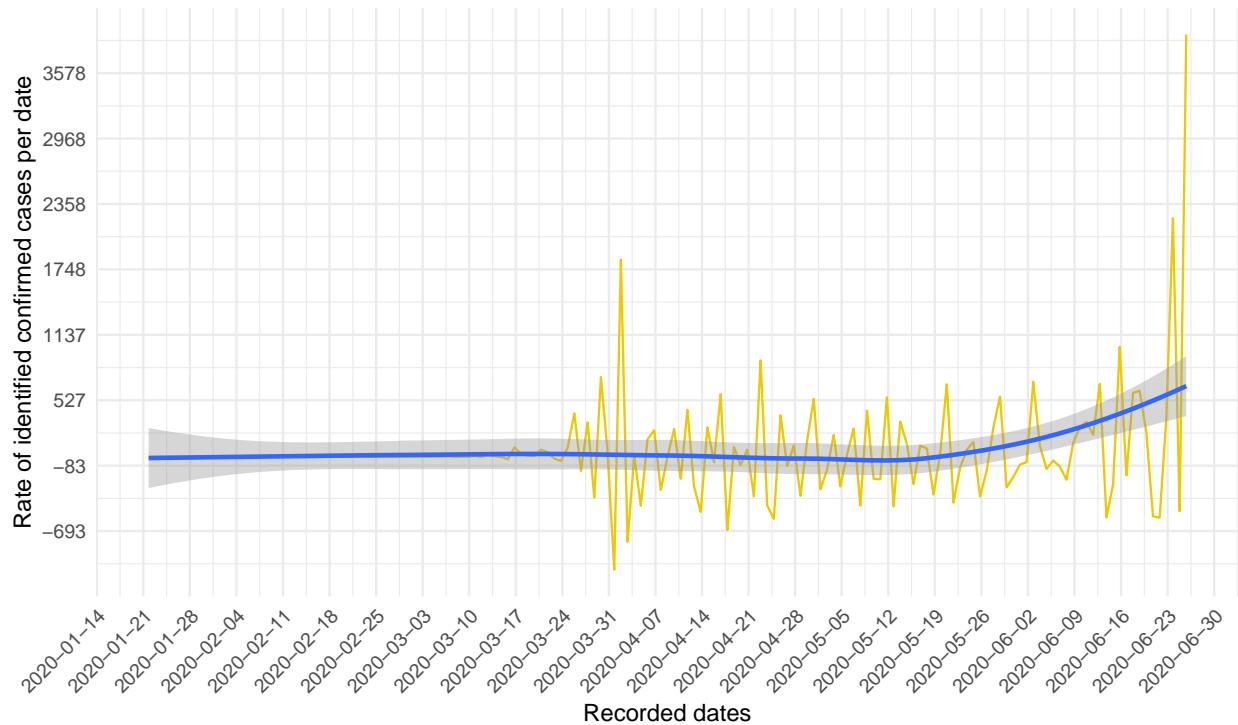

**District of Columbia – rate of increase of confirmed cases over time**

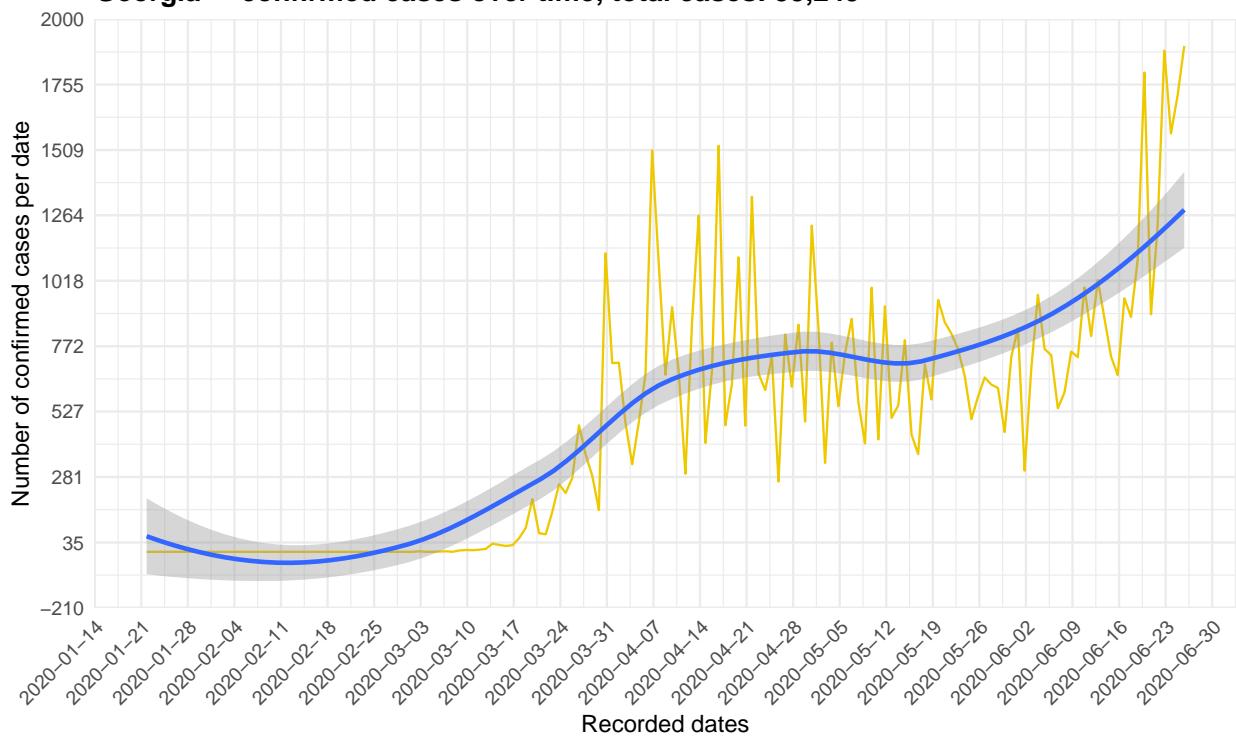

### Florida – confirmed cases over time, total cases: 66,000

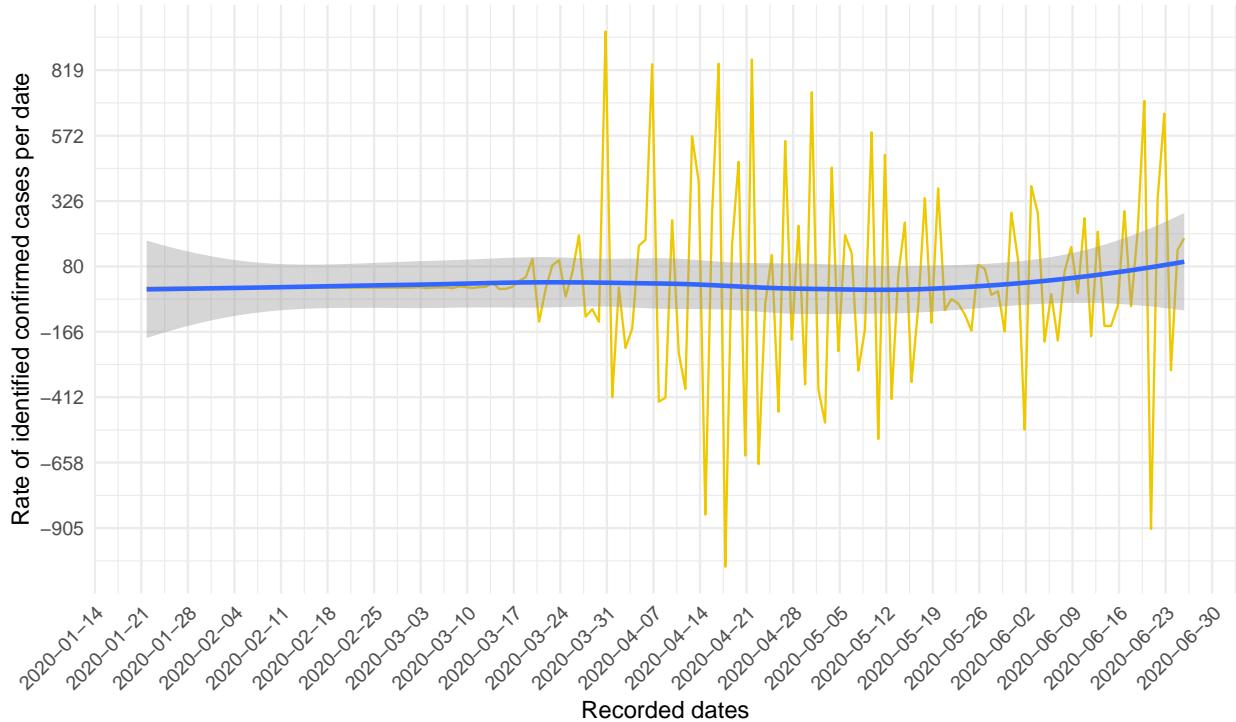

### Florida – rate of increase of confirmed cases over time

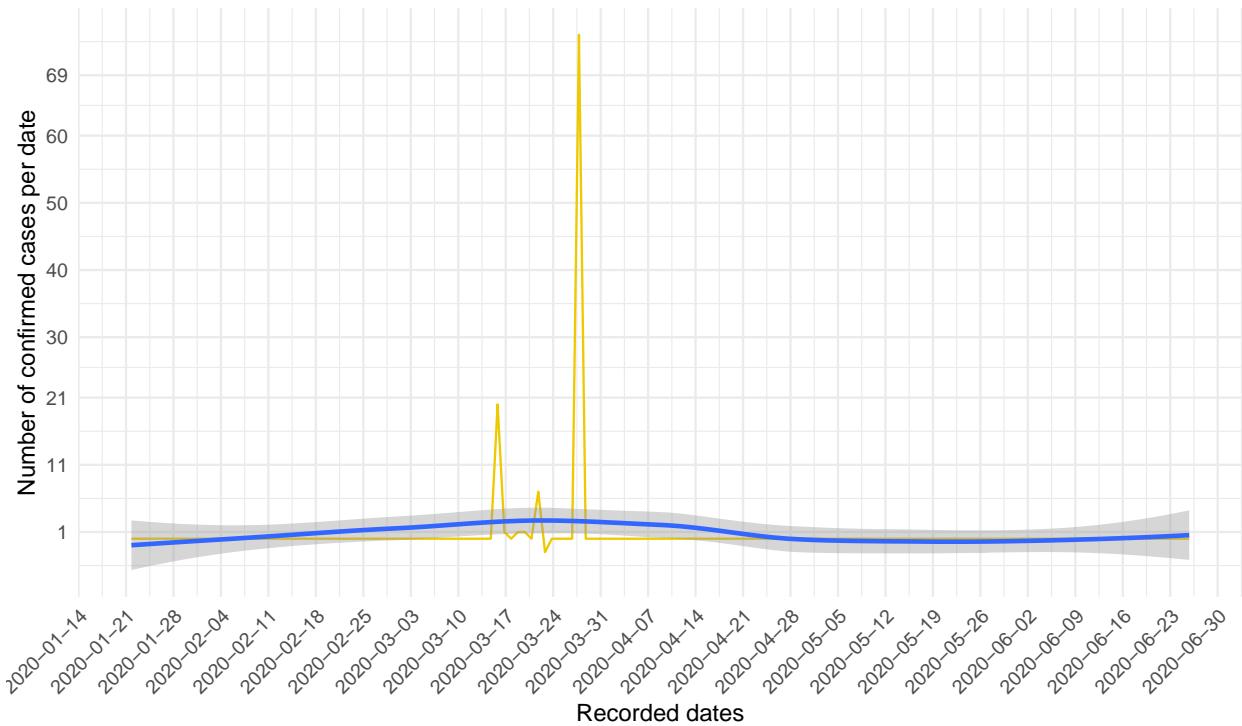

### Georgia – confirmed cases over time, total cases: 53,249

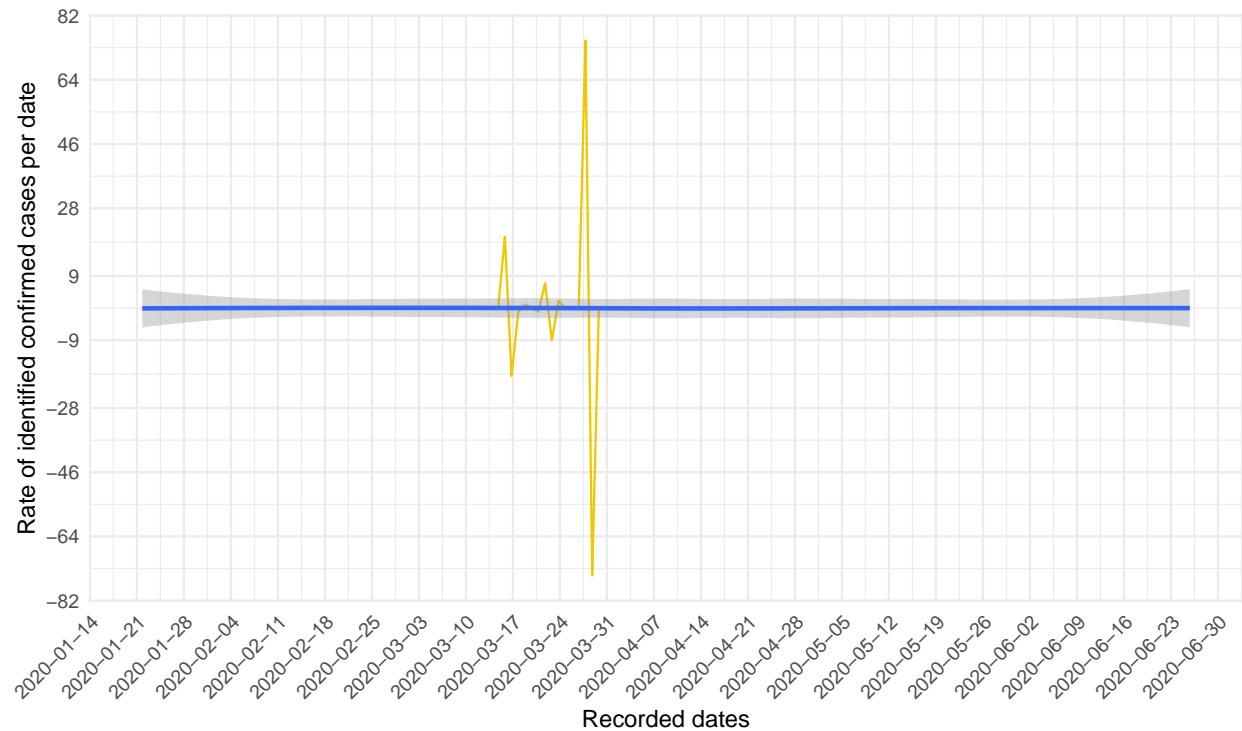

### Georgia – rate of increase of confirmed cases over time

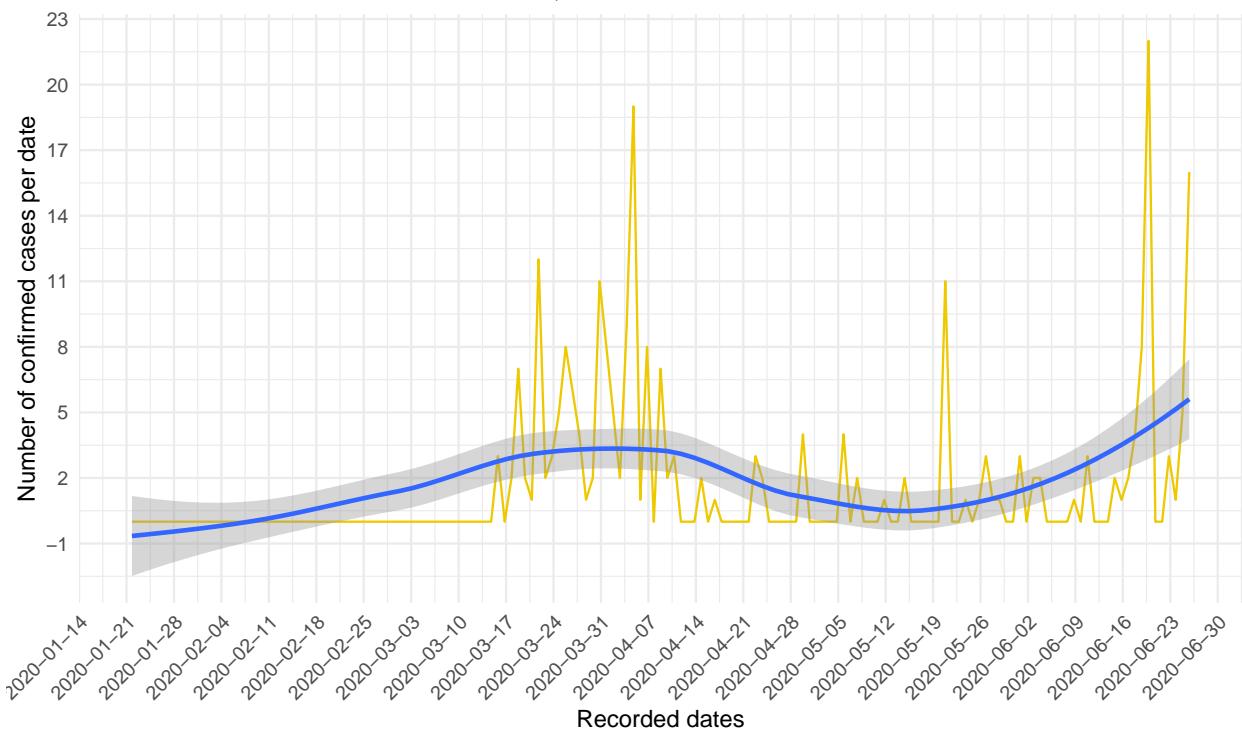

### Grand Princess – confirmed cases over time, total cases: 103

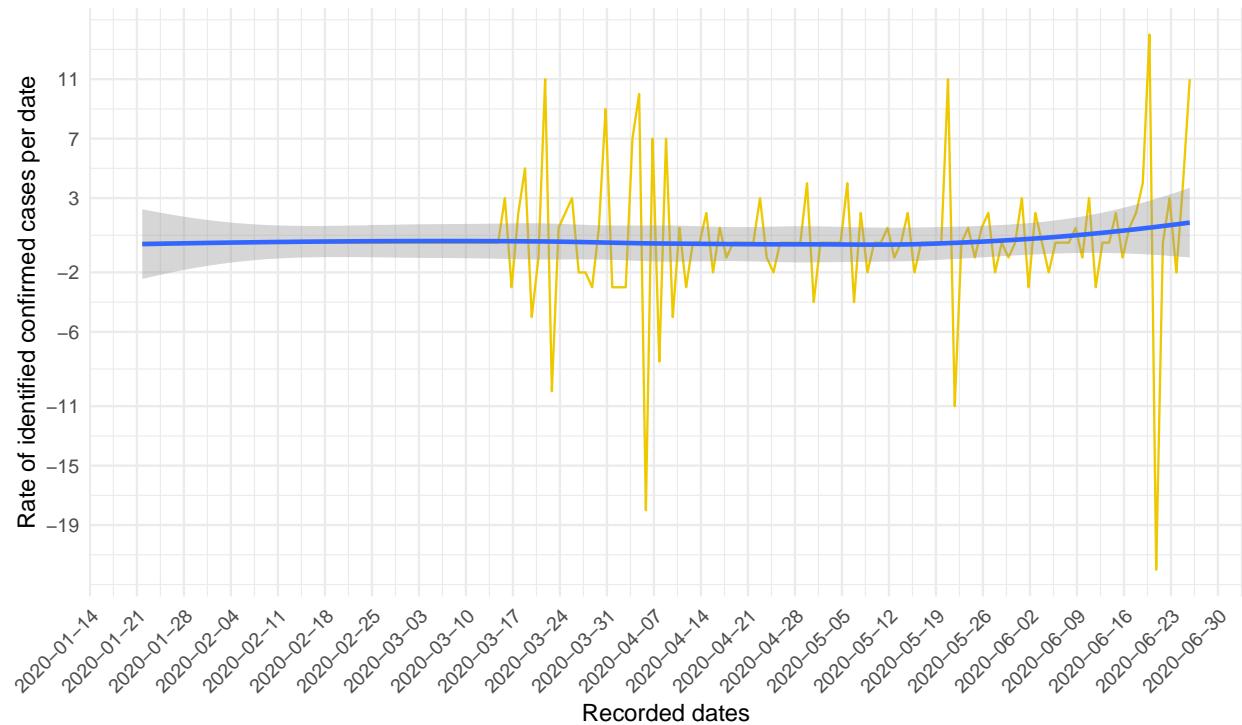

### Grand Princess – rate of increase of confirmed cases over time

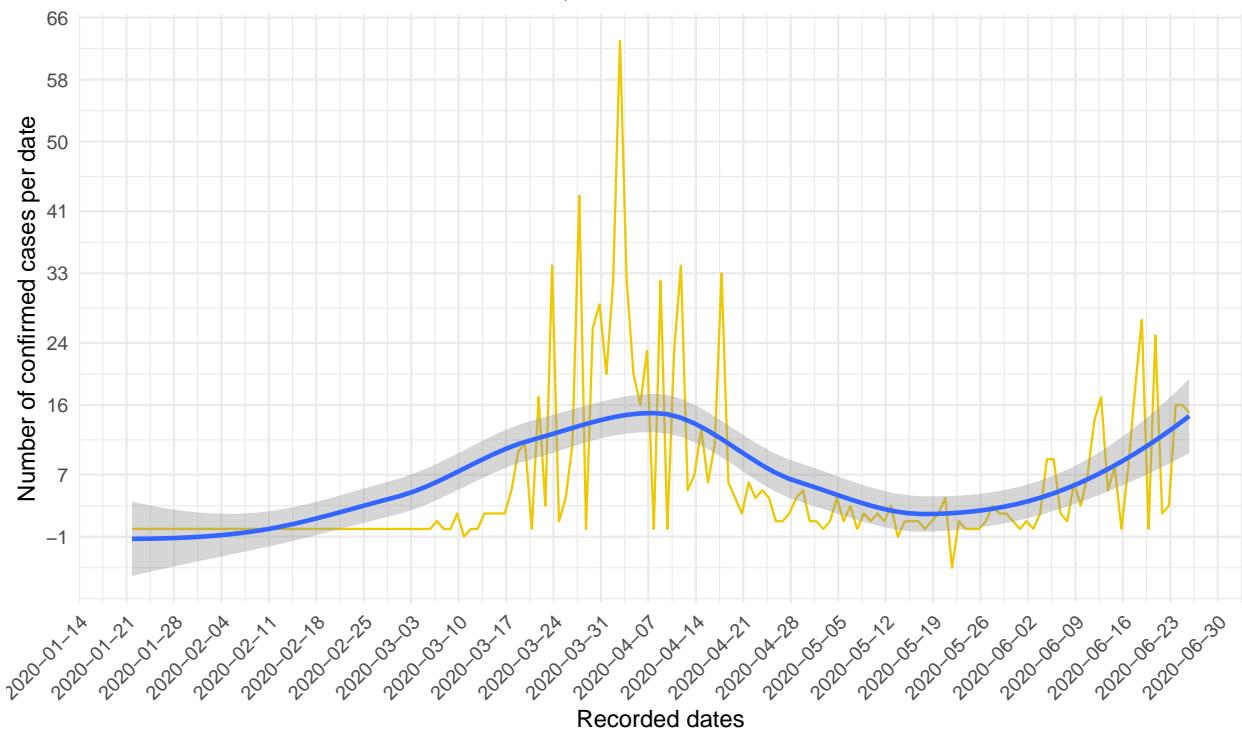

### Guam – confirmed cases over time, total cases: 180

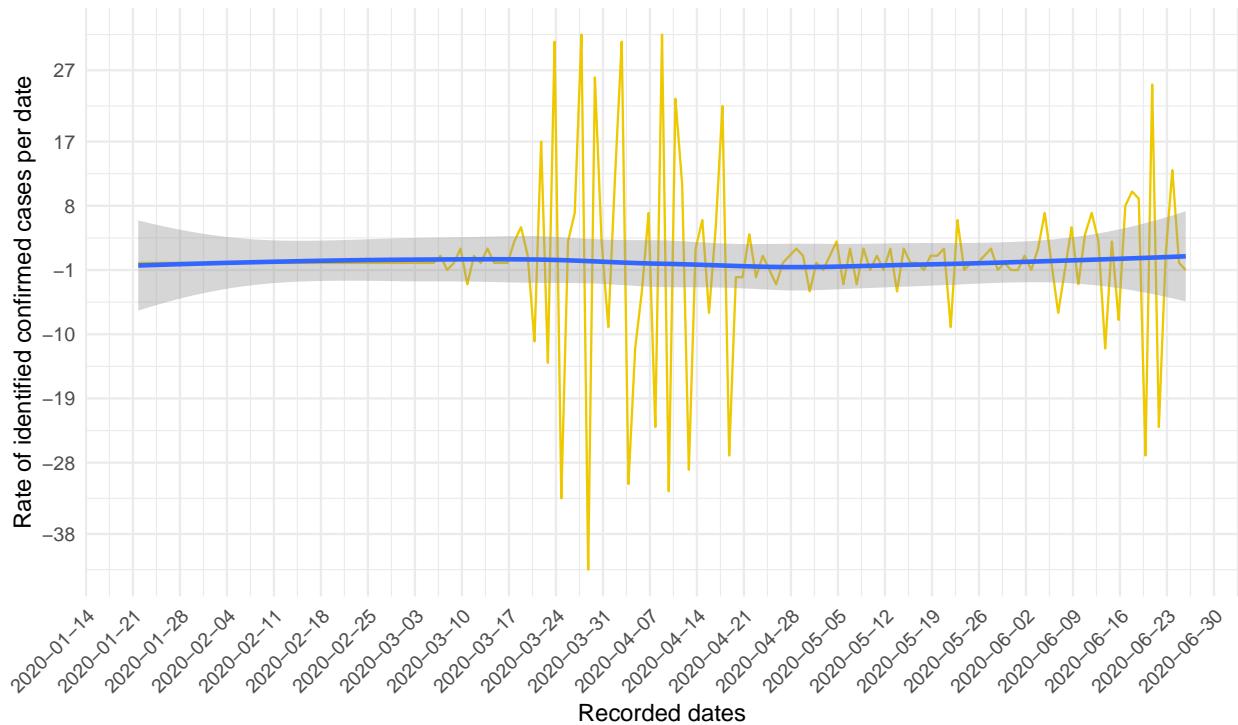

### Guam – rate of increase of confirmed cases over time

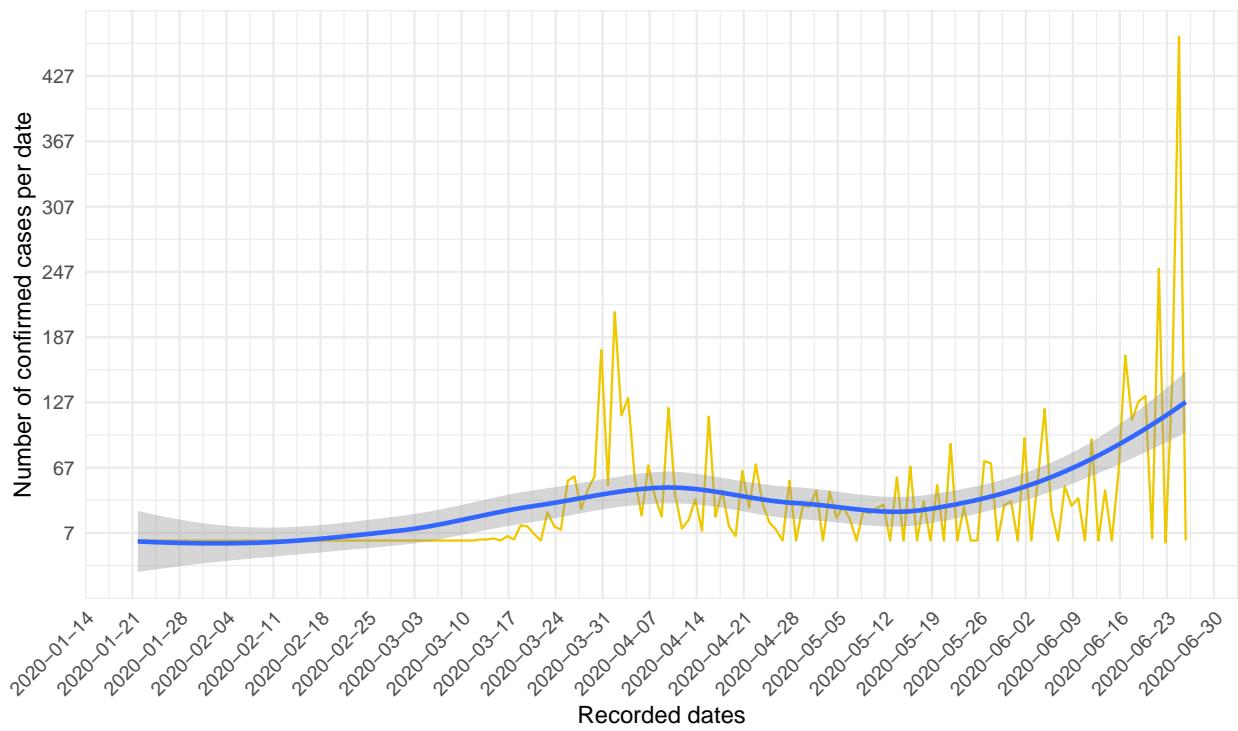

### Hawaii – confirmed cases over time, total cases: 682

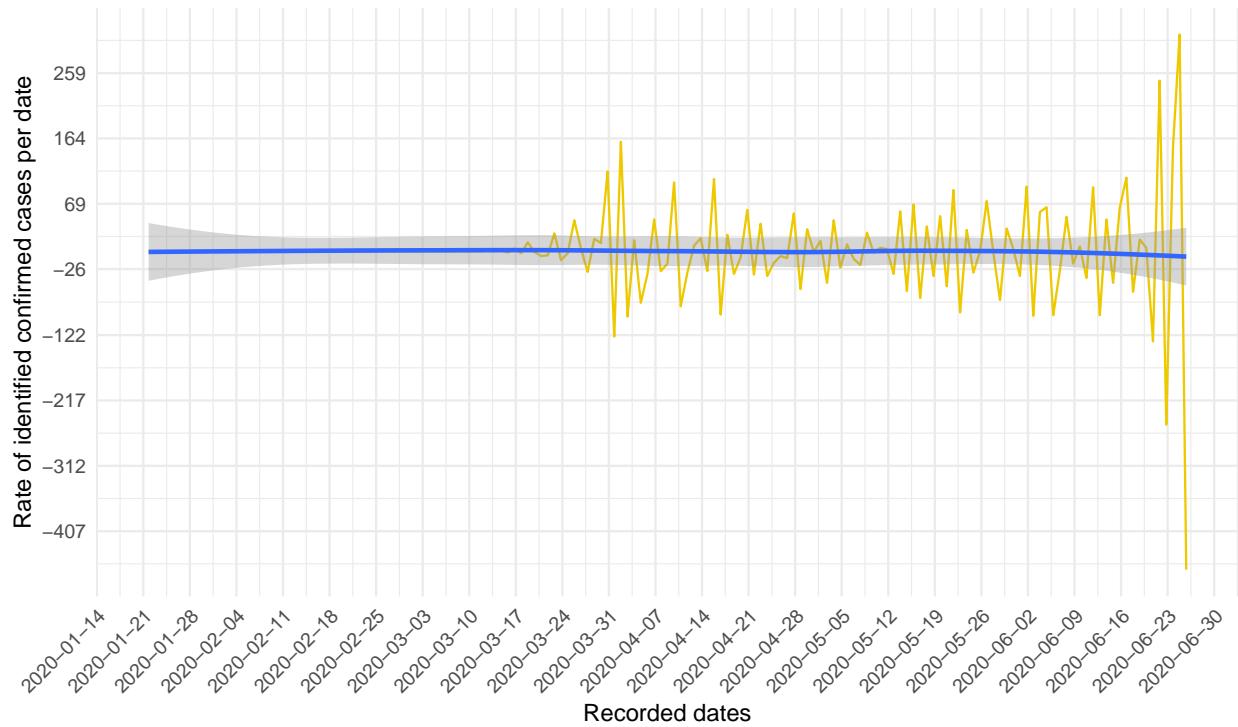

### Hawaii – rate of increase of confirmed cases over time

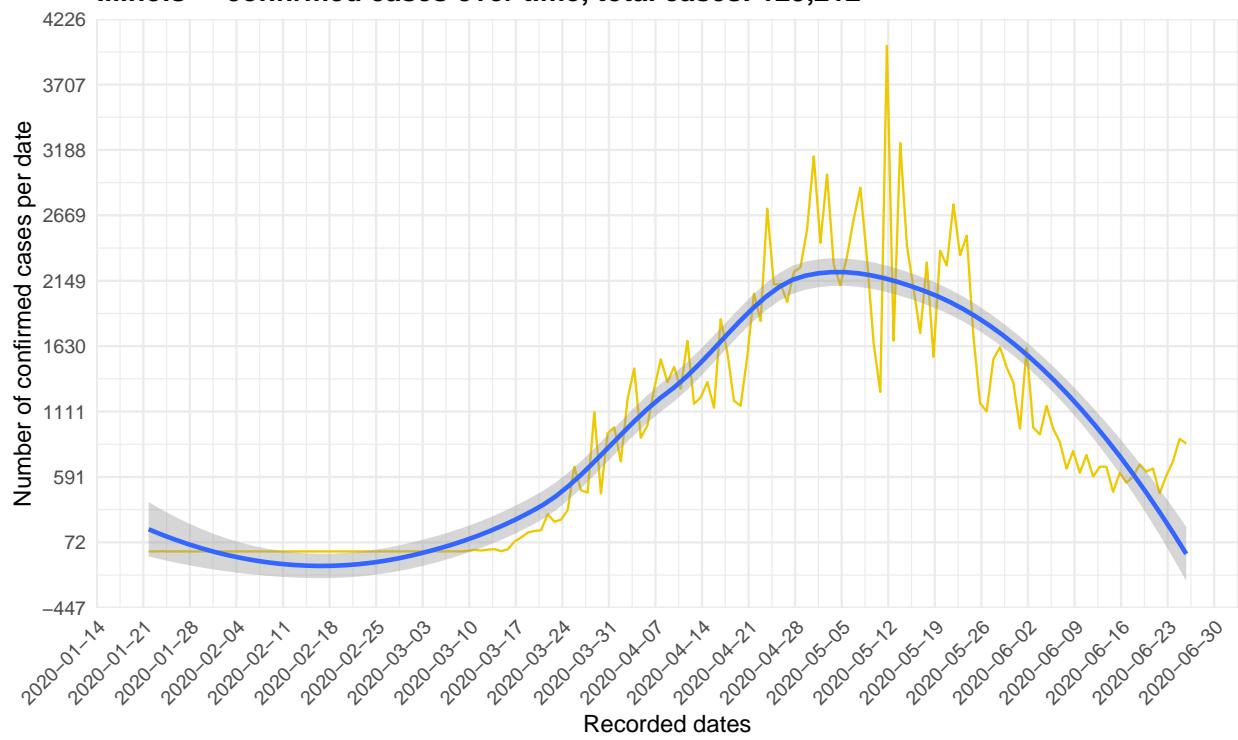

### **Idaho – confirmed cases over time, total cases: 3,221**

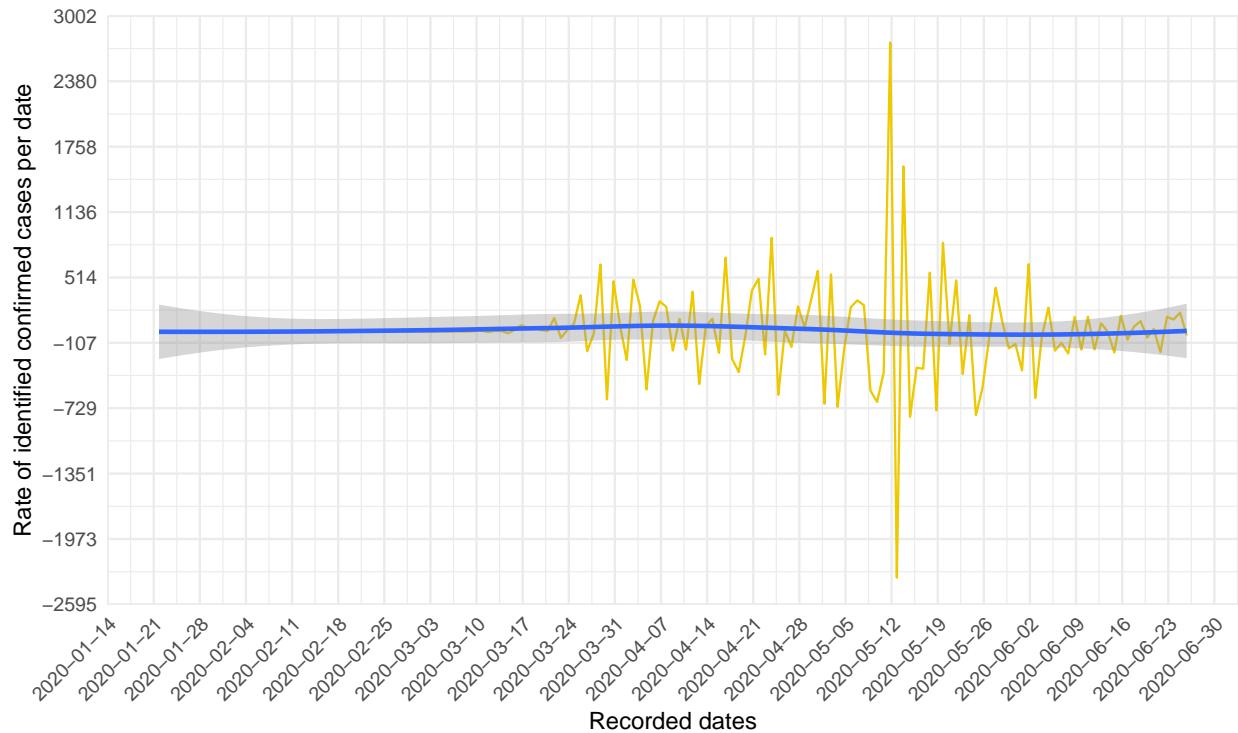

### **Idaho – rate of increase of confirmed cases over time**

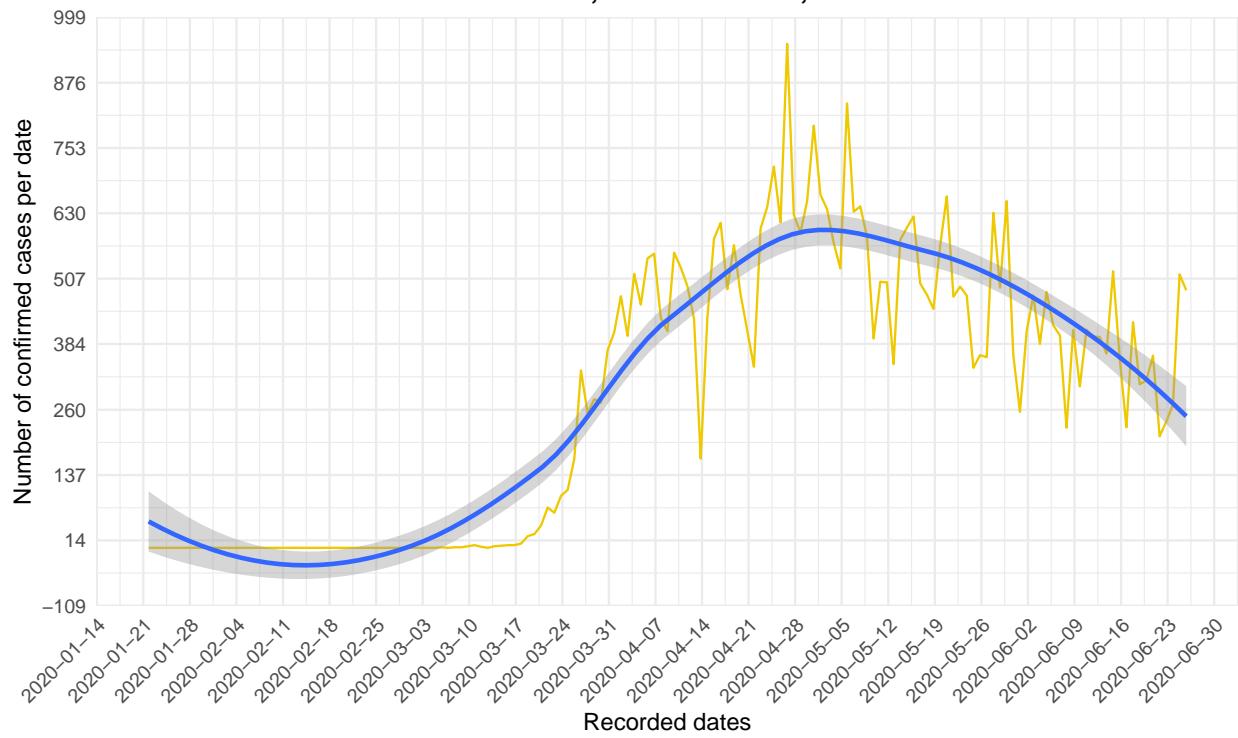

### Illinois – confirmed cases over time, total cases: 129,212

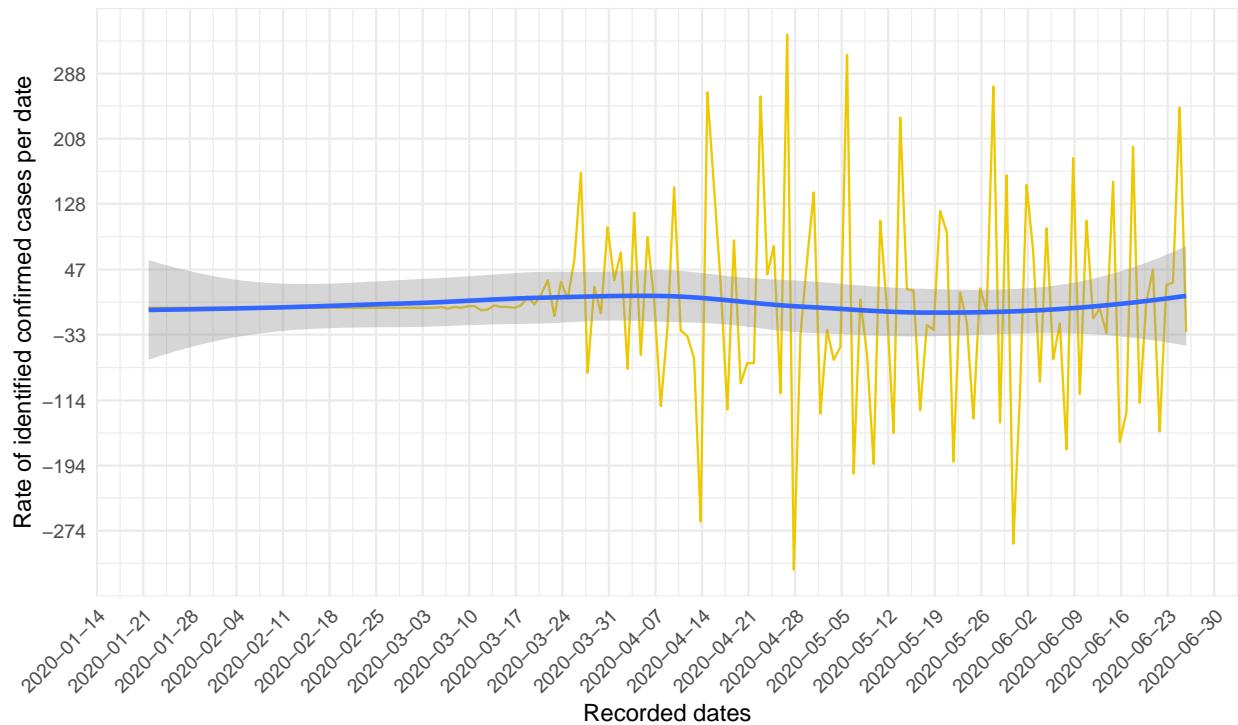

### Illinois – rate of increase of confirmed cases over time

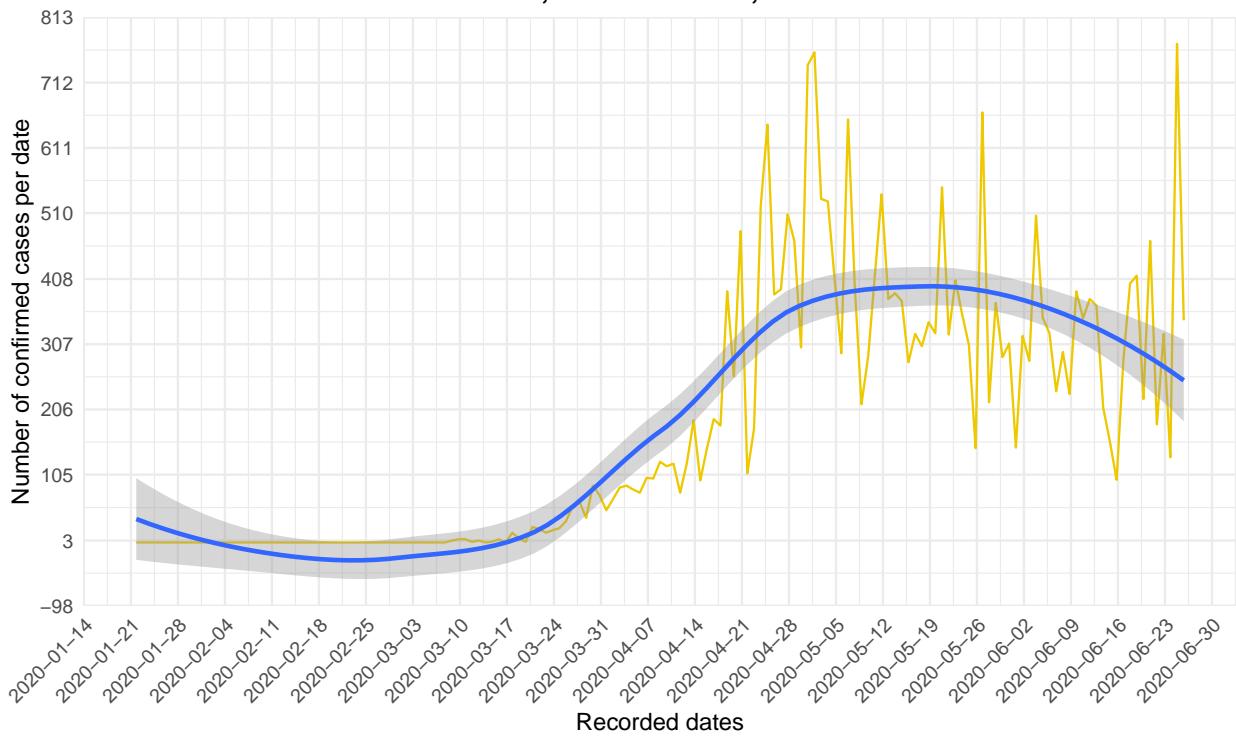

### Indiana – confirmed cases over time, total cases: 38,033

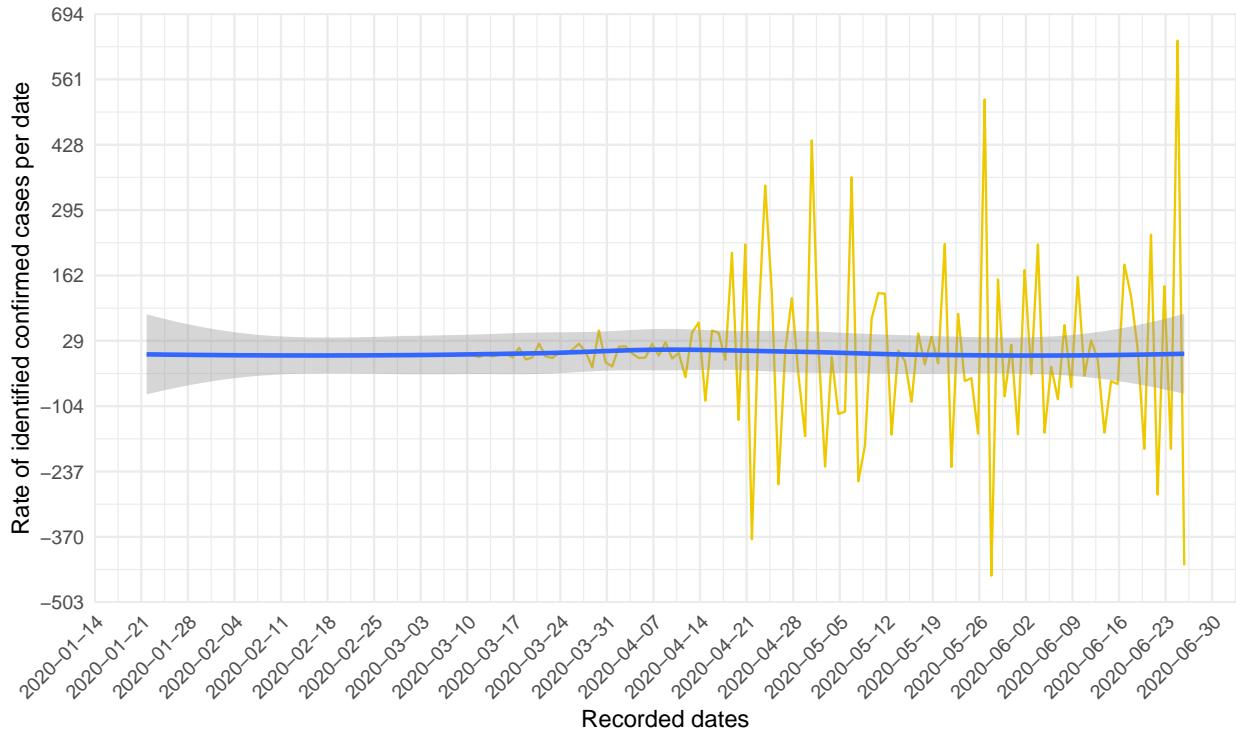

### Indiana – rate of increase of confirmed cases over time

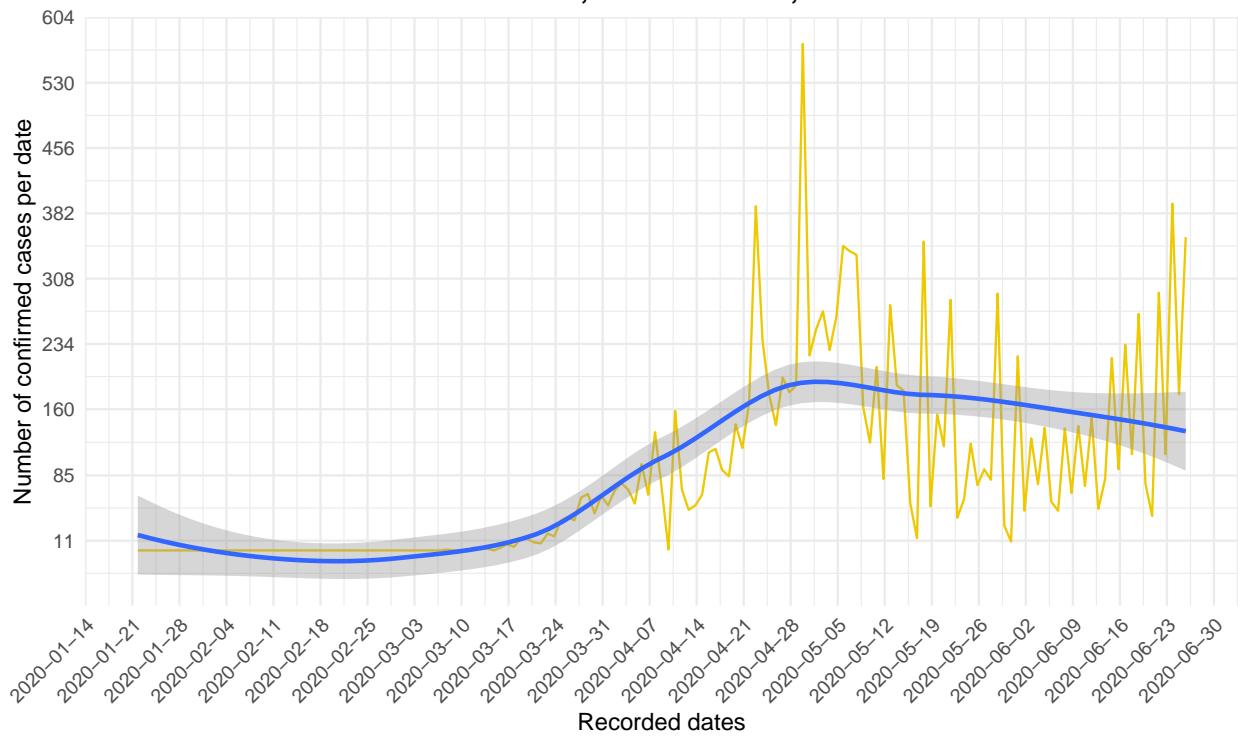

### Iowa – confirmed cases over time, total cases: 22,237

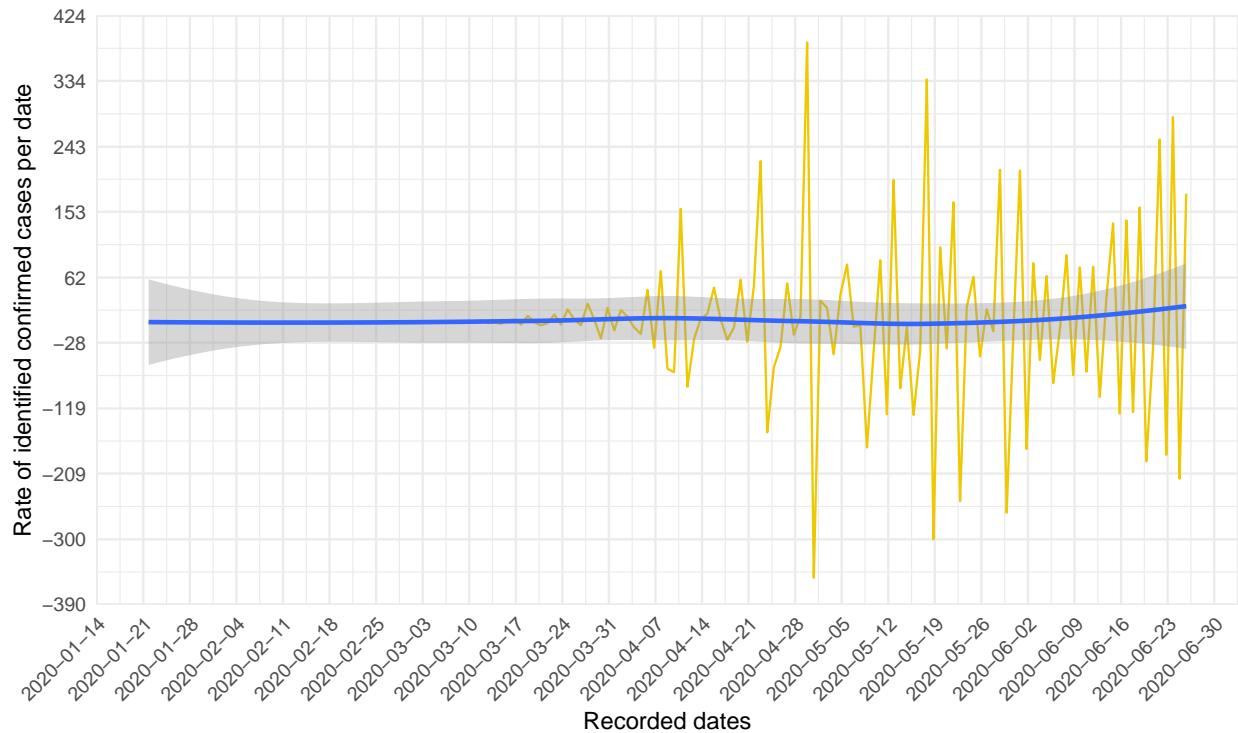

### Iowa – rate of increase of confirmed cases over time

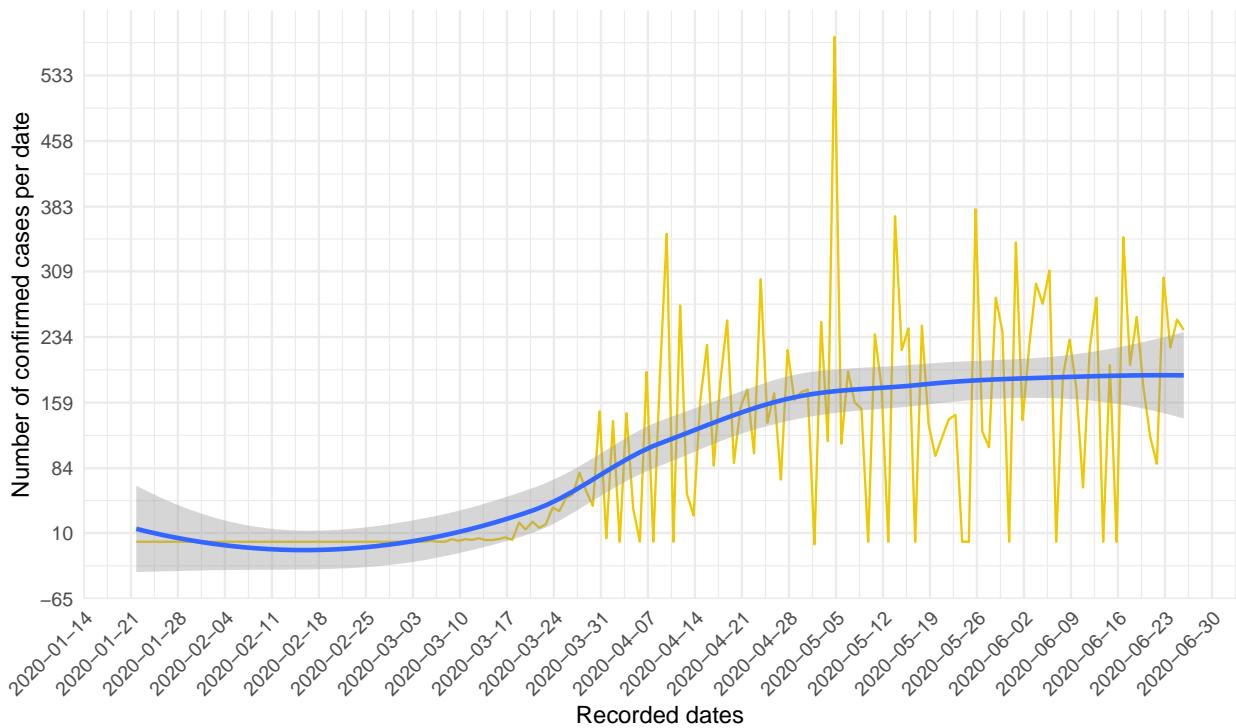

### Kansas – confirmed cases over time, total cases: 10,609

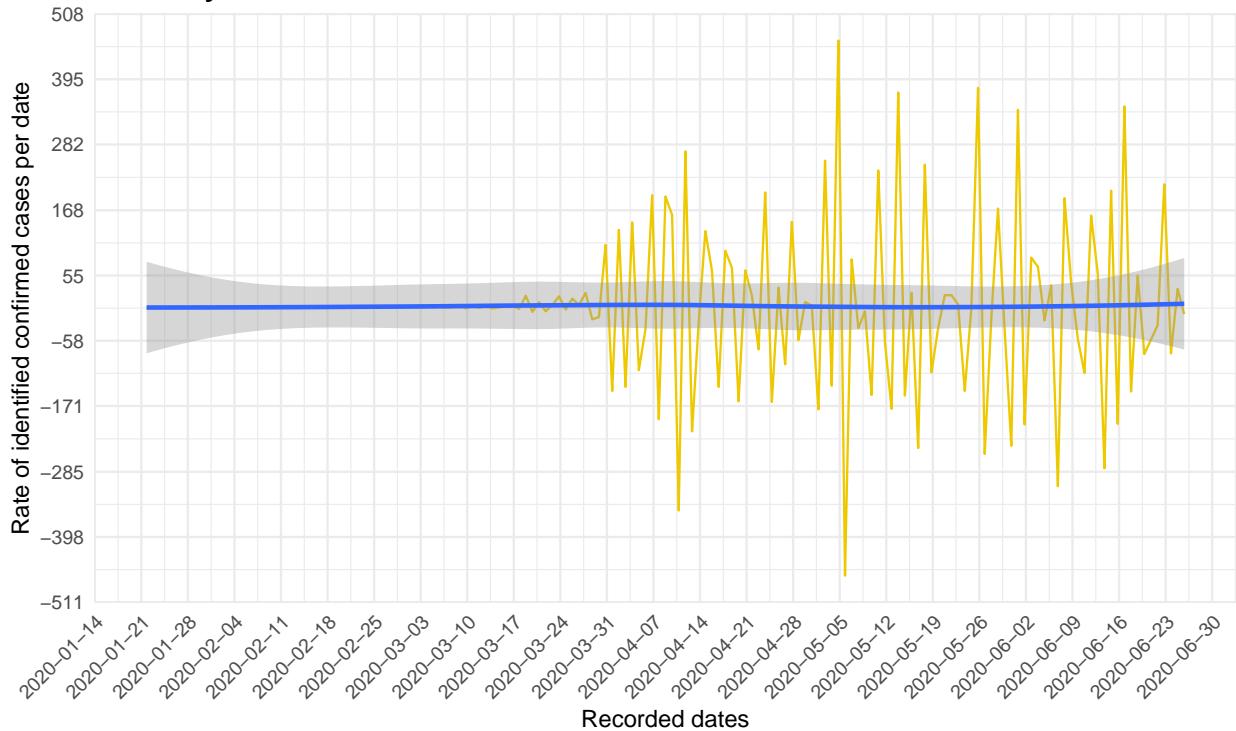

### Kansas – rate of increase of confirmed cases over time

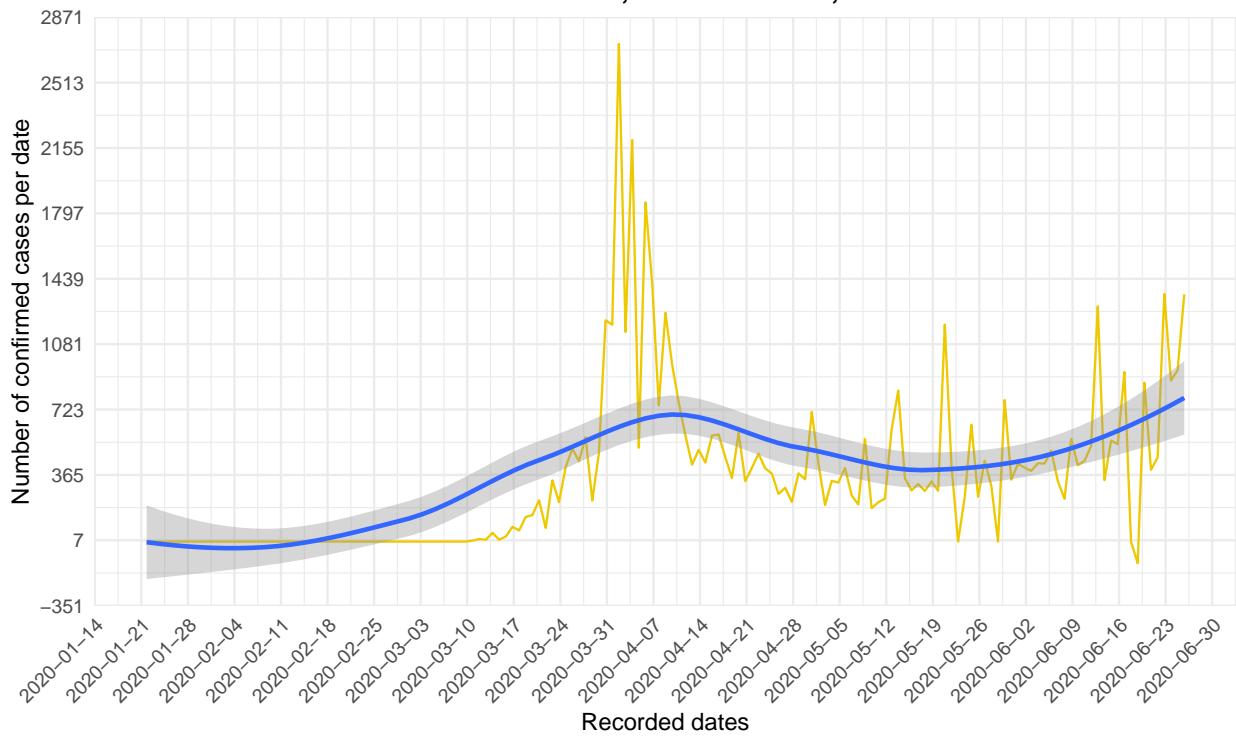

### Kentucky – confirmed cases over time, total cases: 11,707

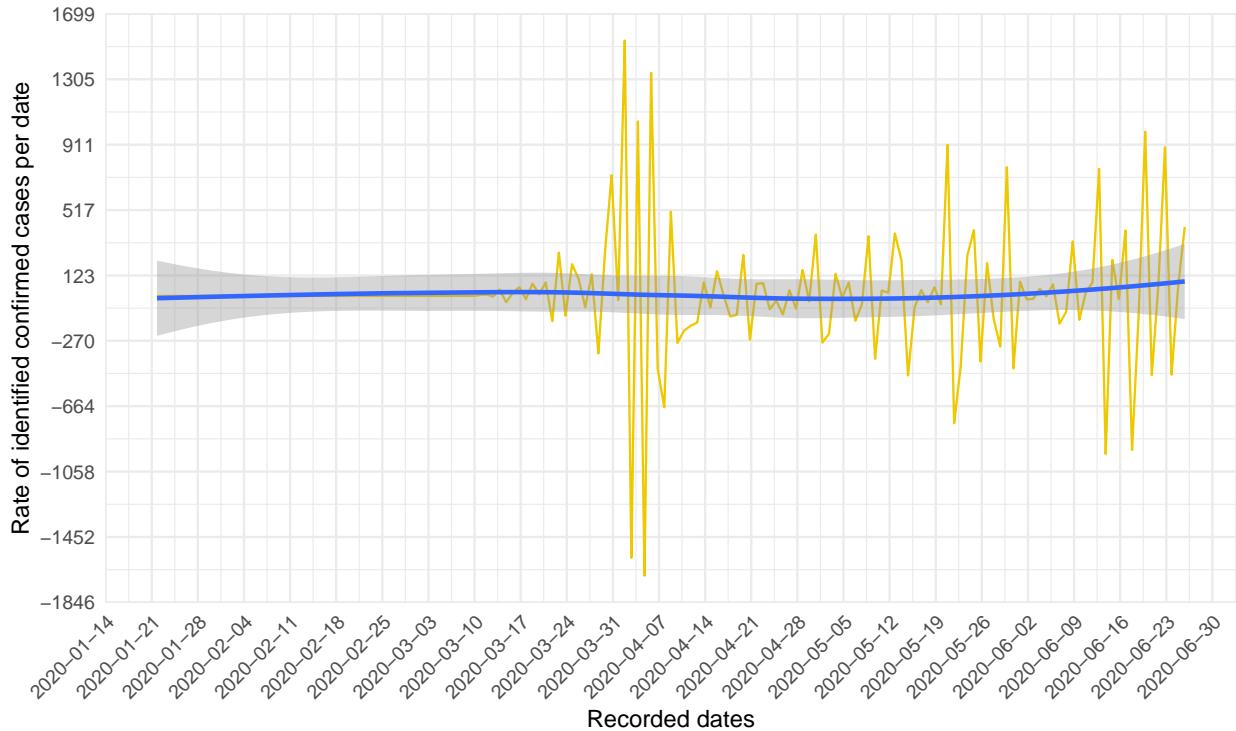

### Kentucky – rate of increase of confirmed cases over time

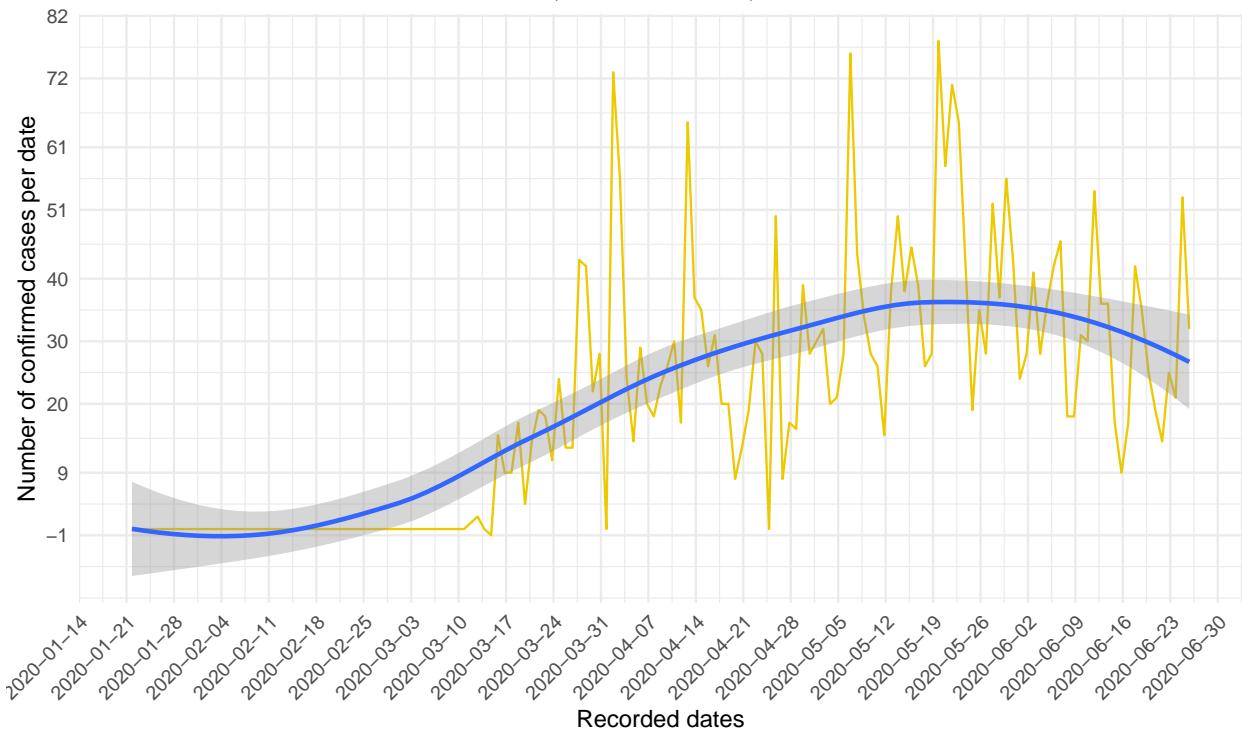

### Louisiana – confirmed cases over time, total cases: 43,612

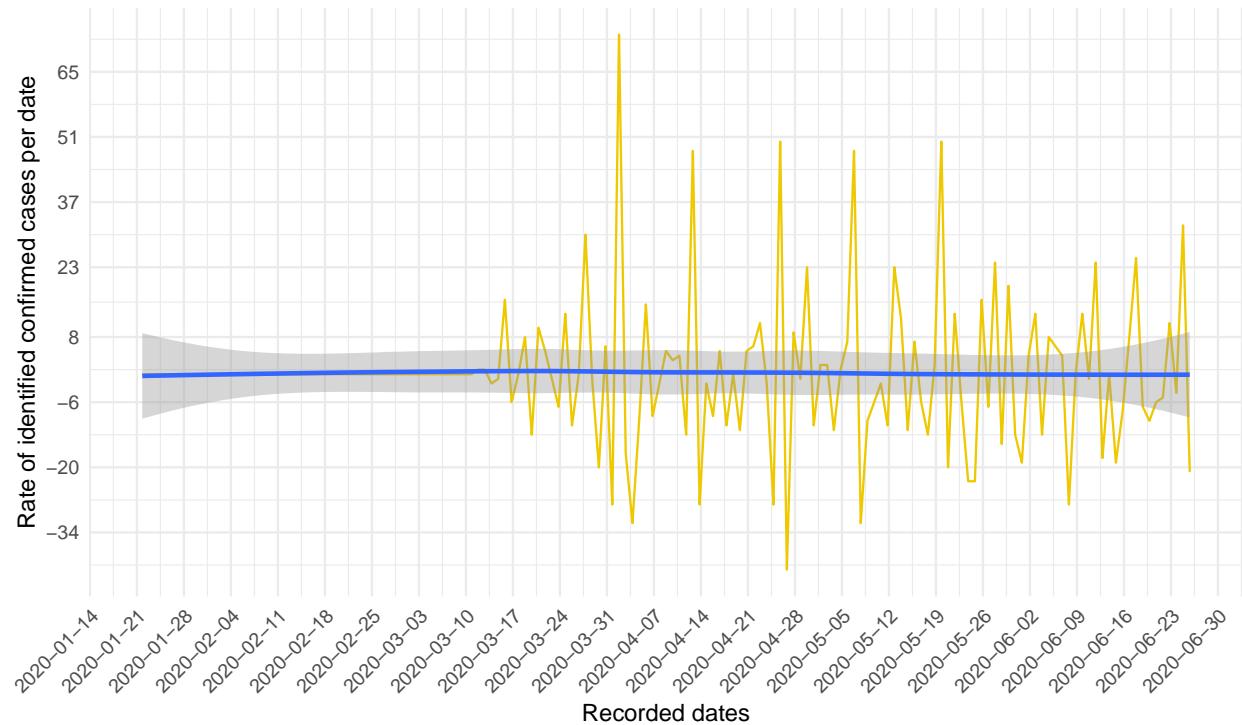

### Louisiana – rate of increase of confirmed cases over time

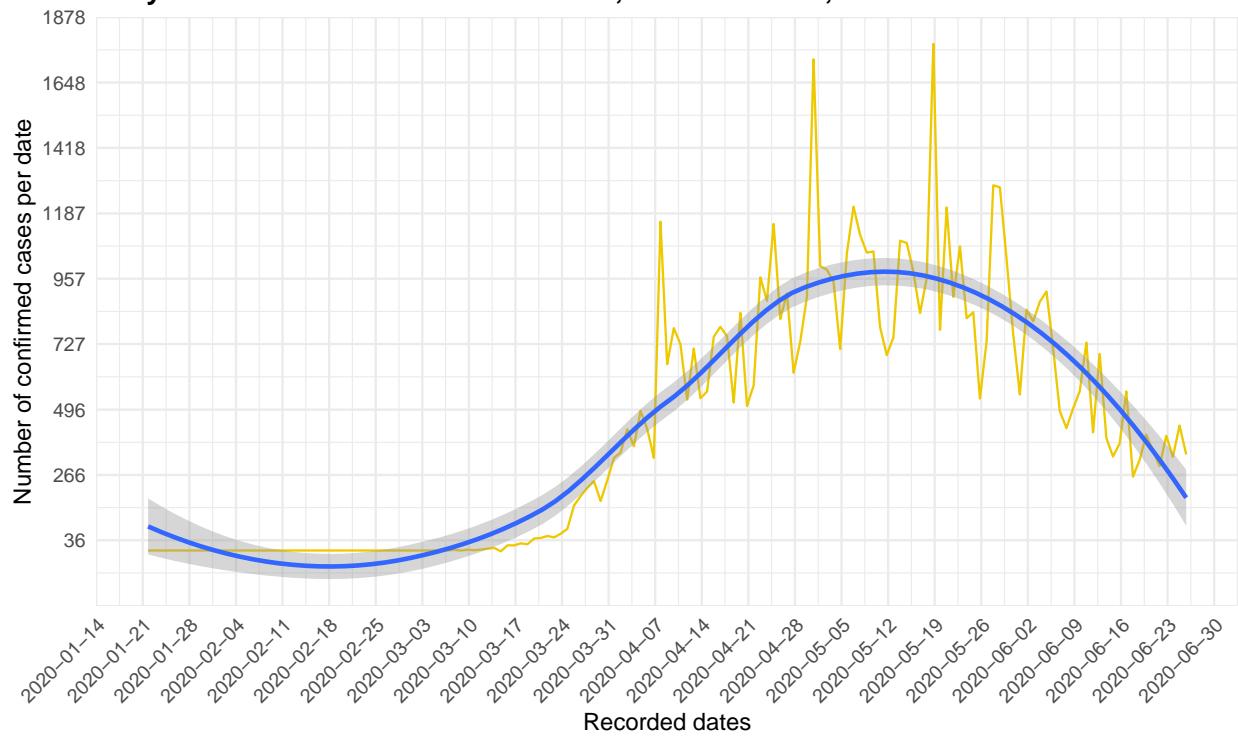

### Maine – confirmed cases over time, total cases: 2,606

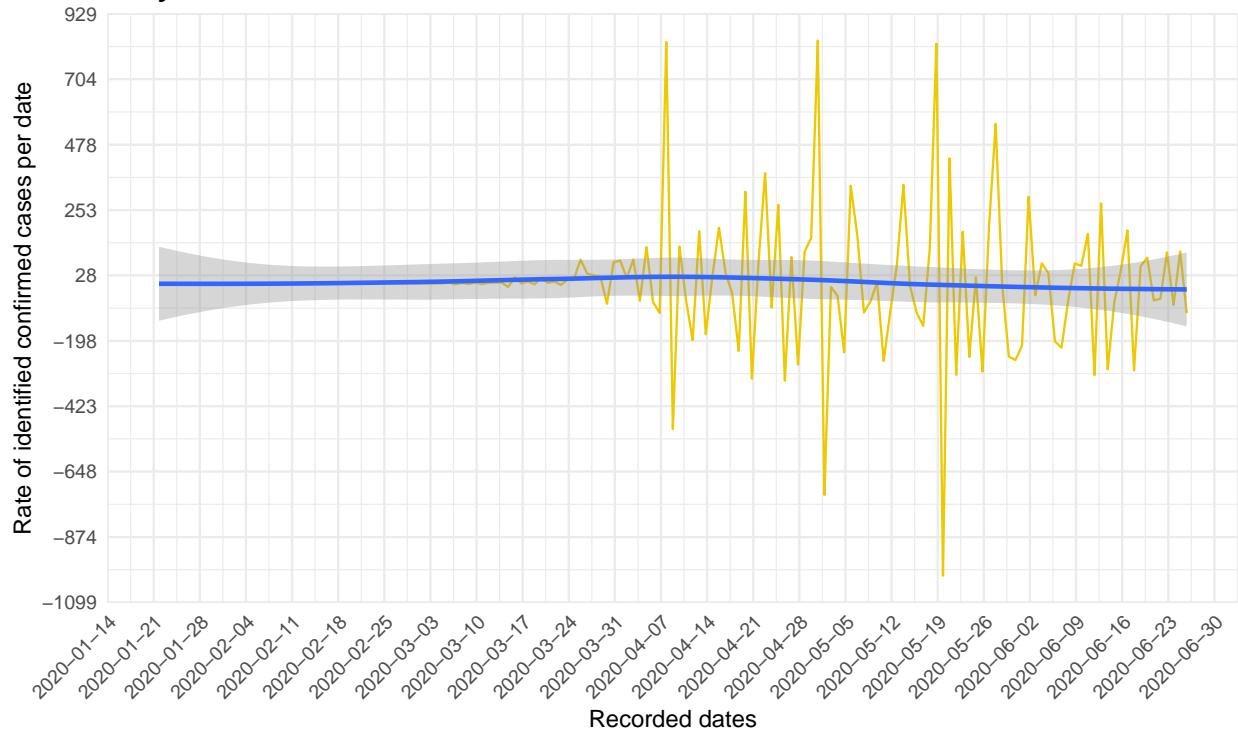

### Maine – rate of increase of confirmed cases over time

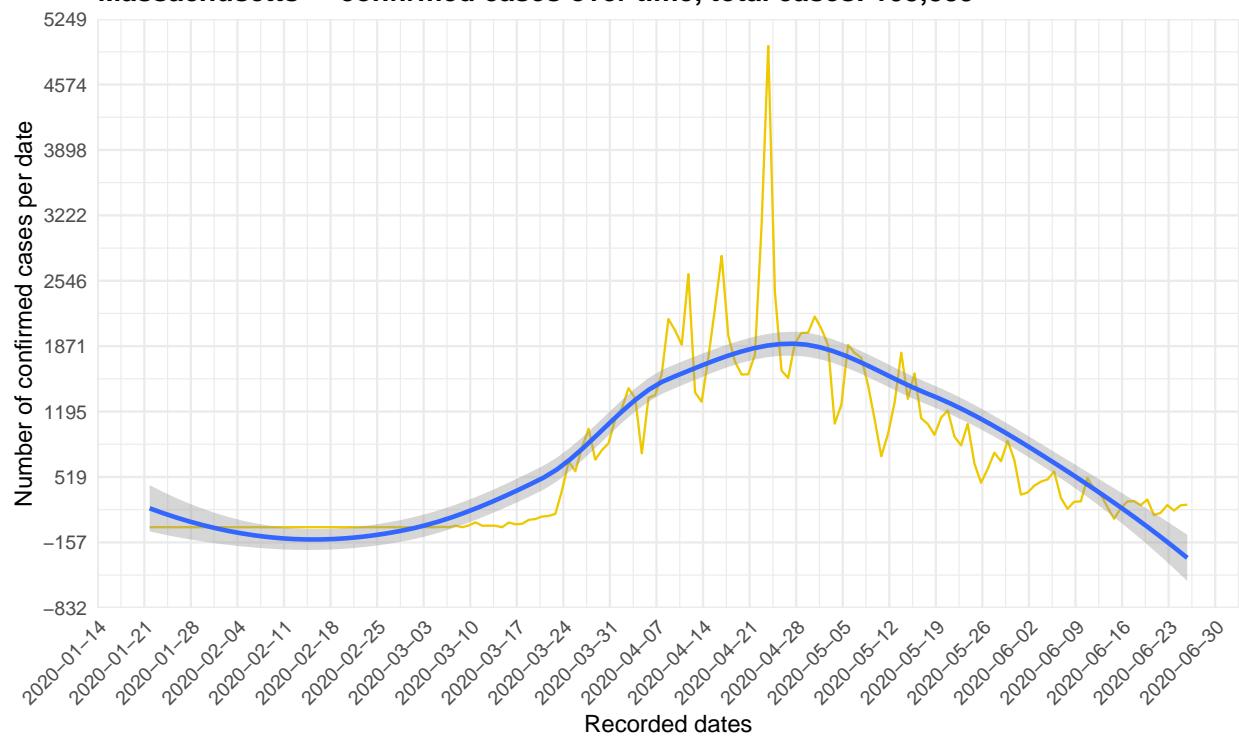

### Maryland – confirmed cases over time, total cases: 58,904

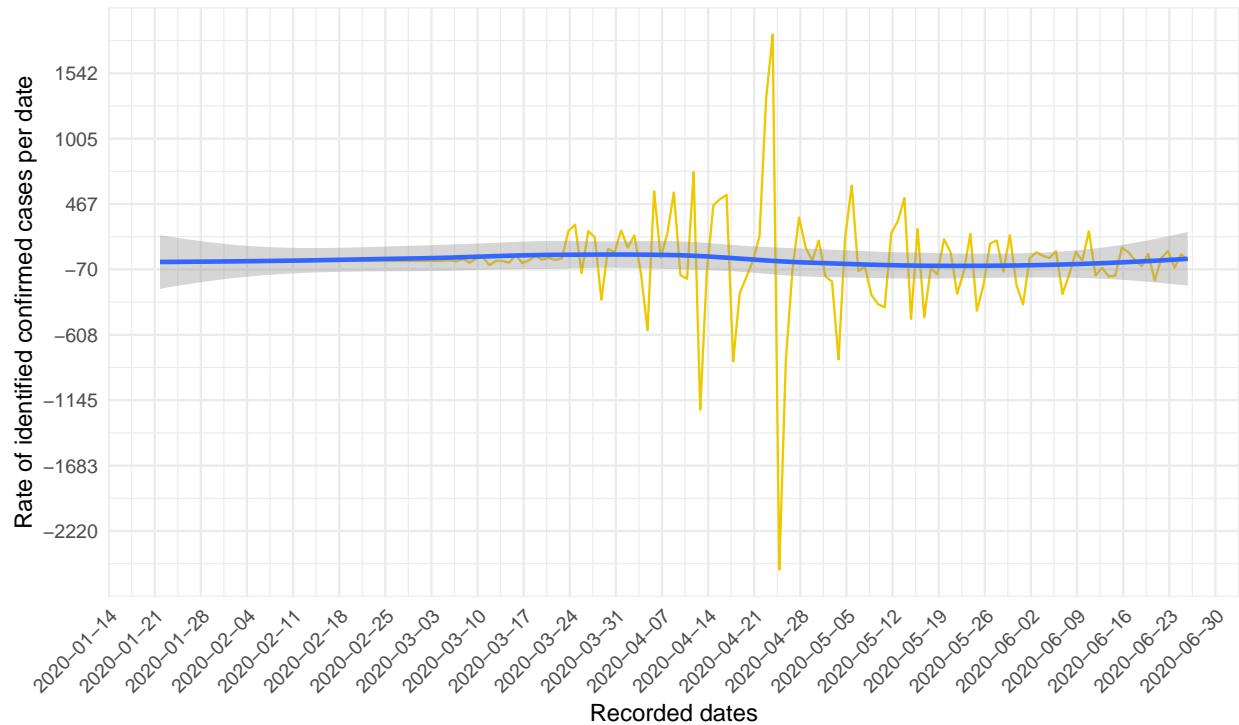

### Maryland – rate of increase of confirmed cases over time

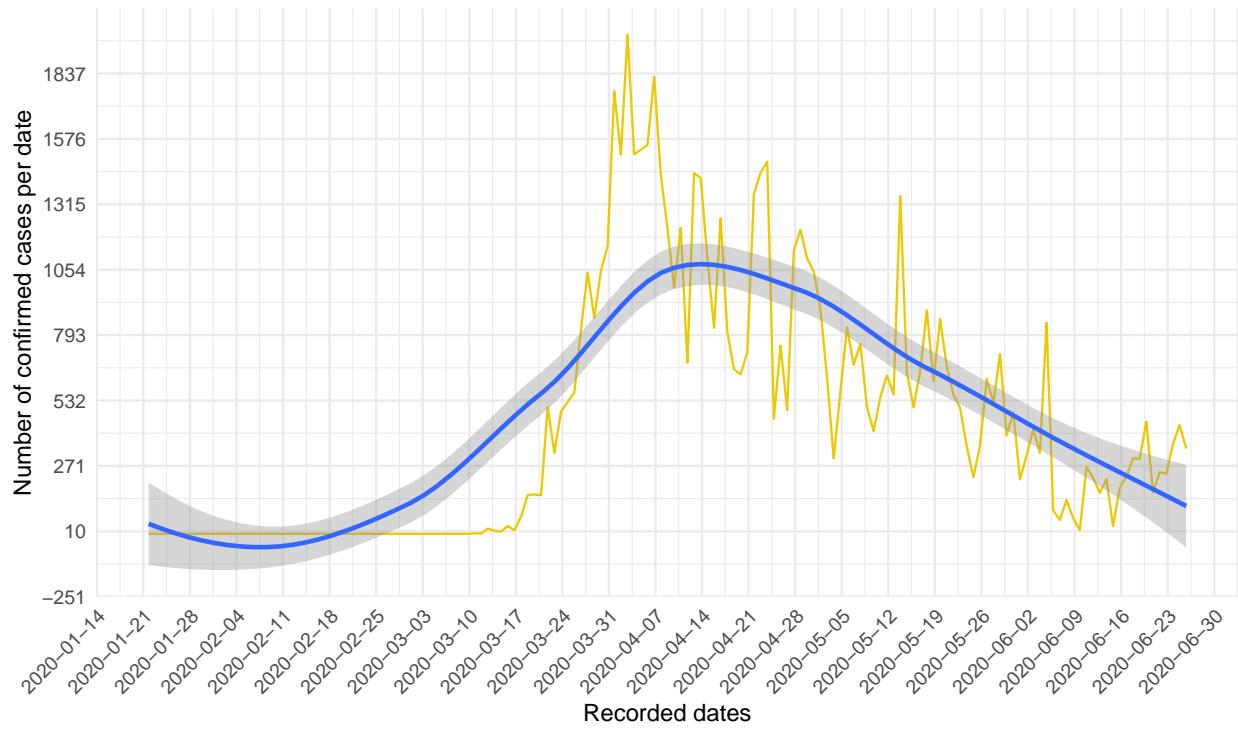

### Massachusetts – confirmed cases over time, total cases: 103,889

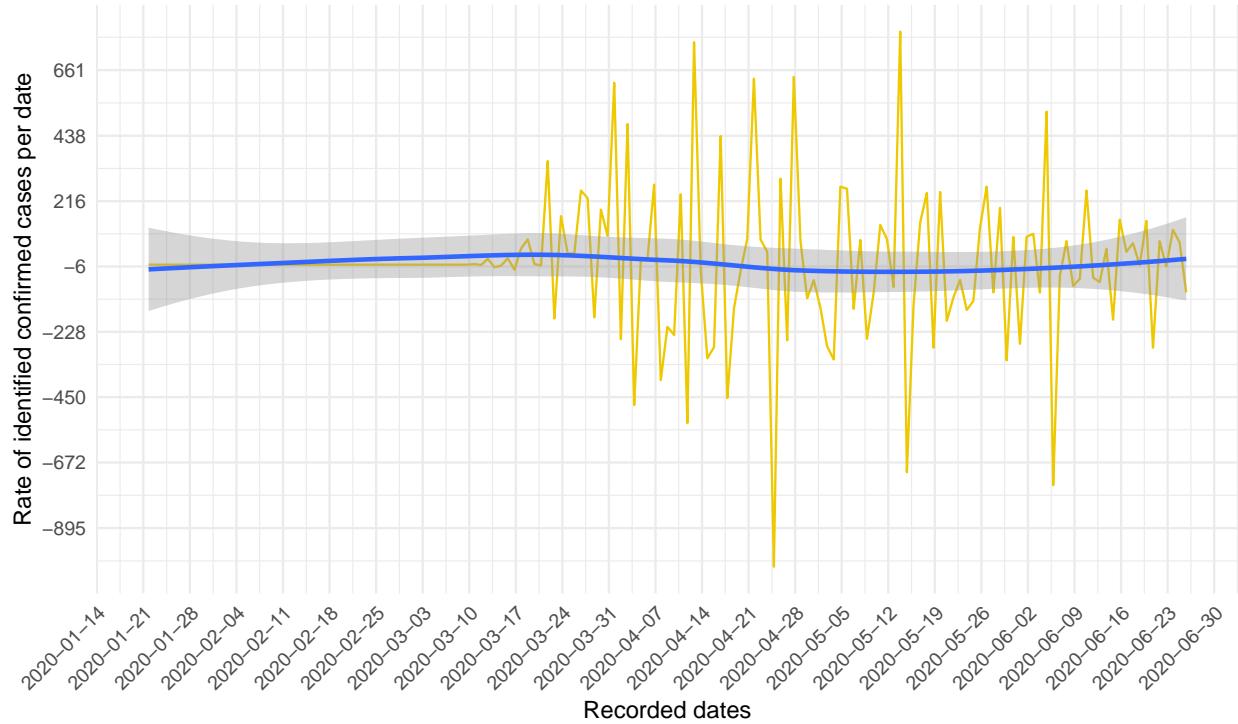

### Massachusetts – rate of increase of confirmed cases over time

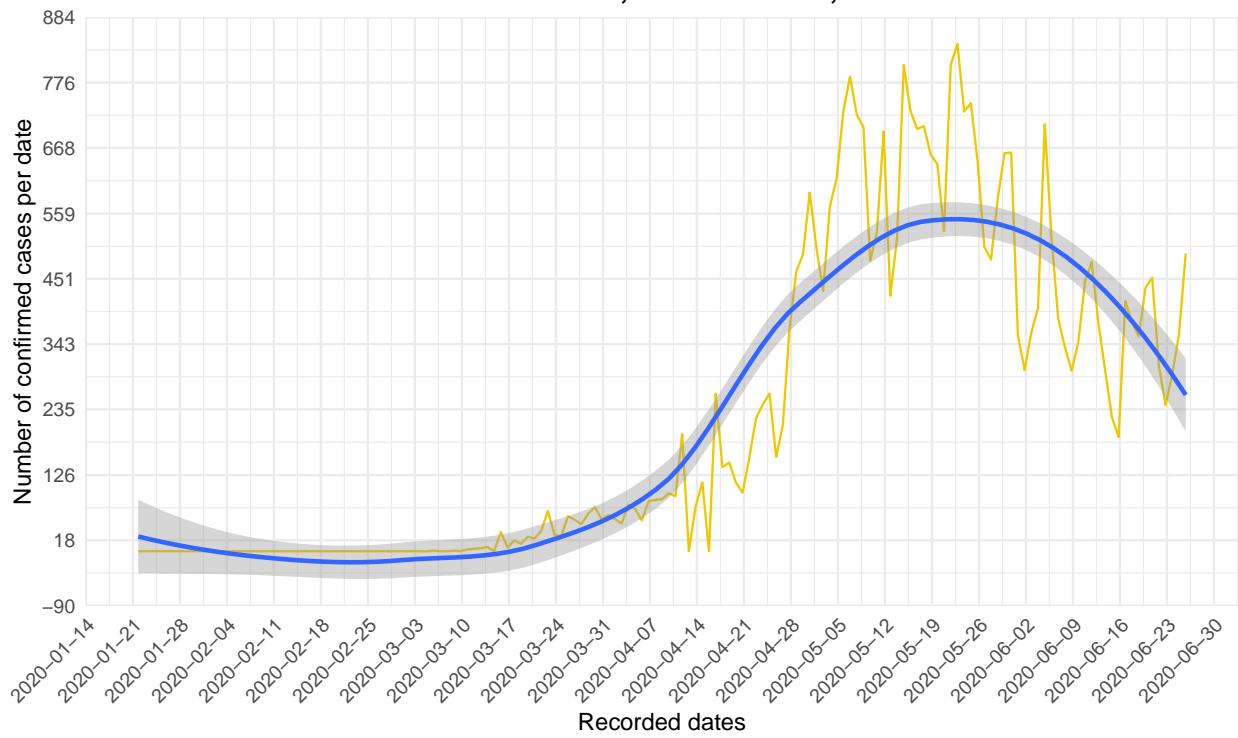

### Michigan – confirmed cases over time, total cases: 65,167

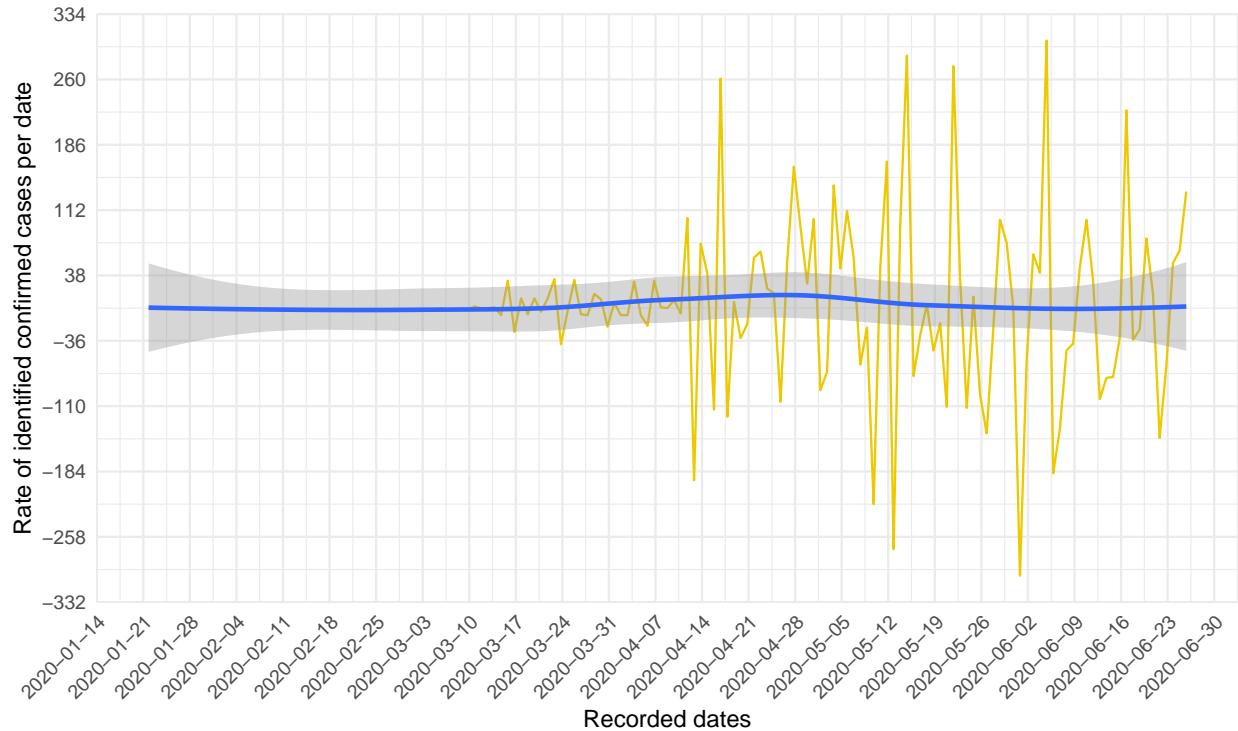

### Michigan – rate of increase of confirmed cases over time

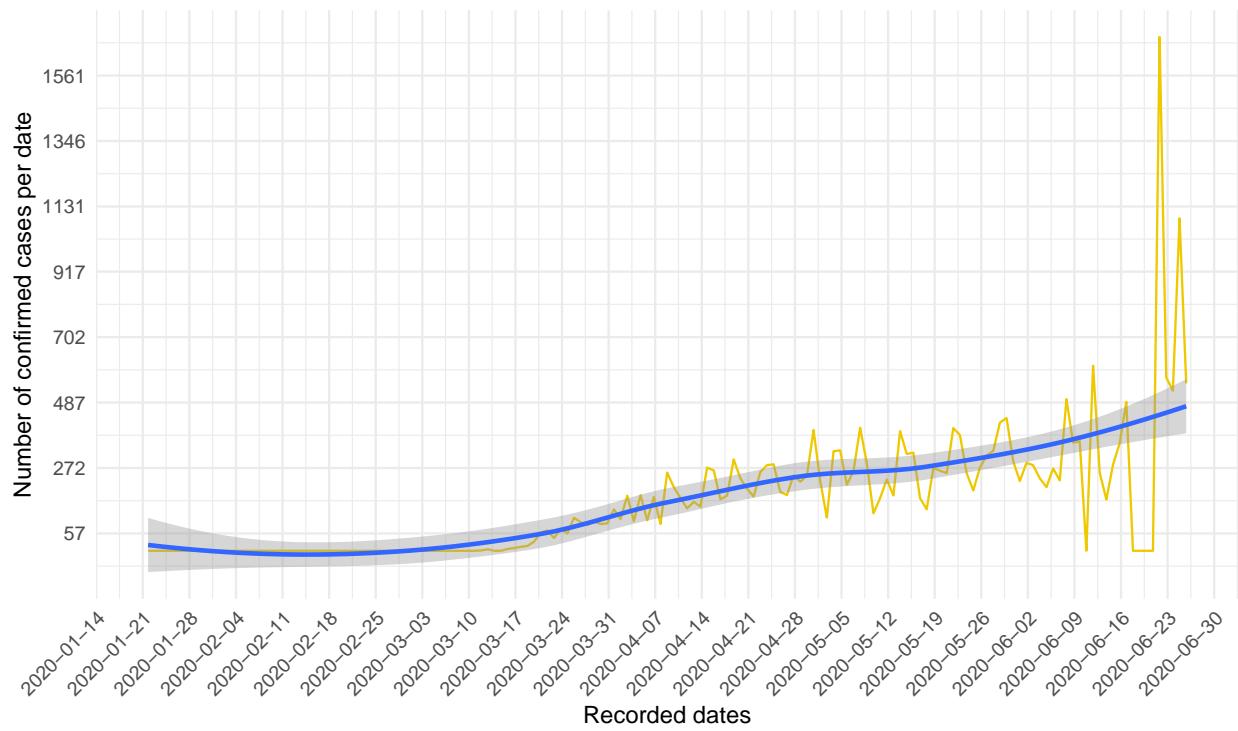

### Minnesota – confirmed cases over time, total cases: 28,523

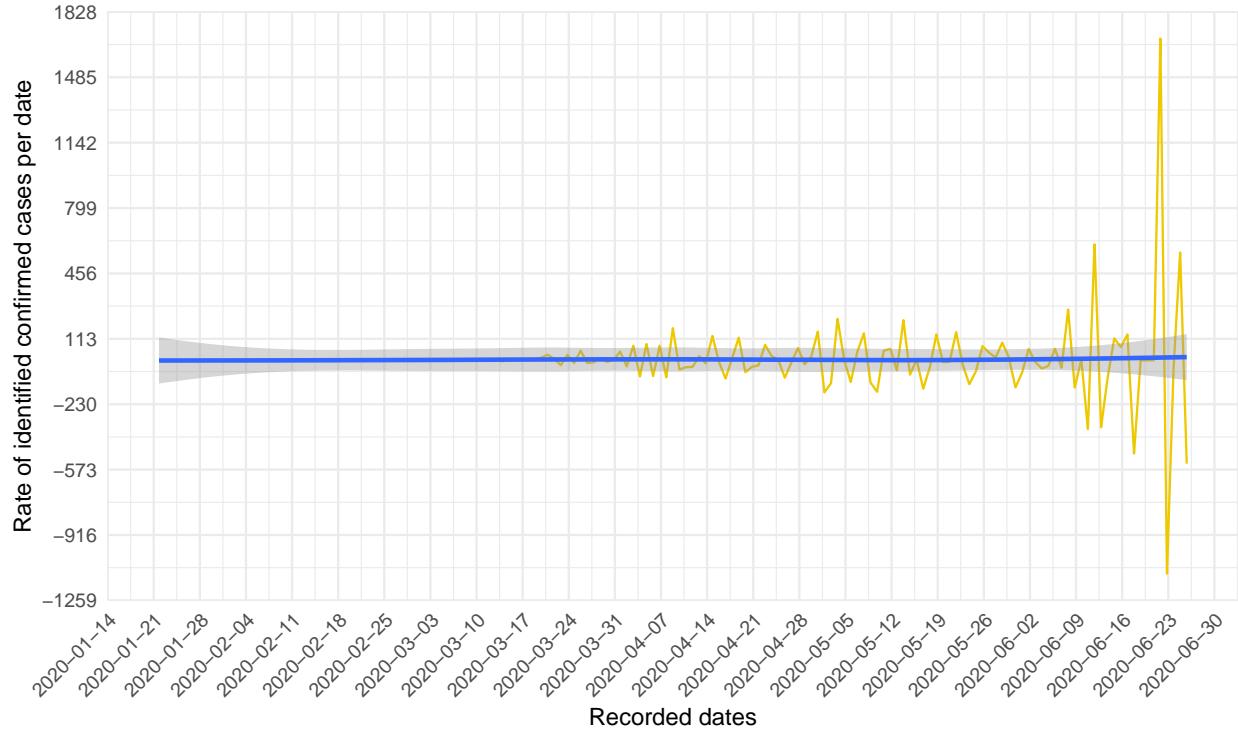

### Minnesota – rate of increase of confirmed cases over time

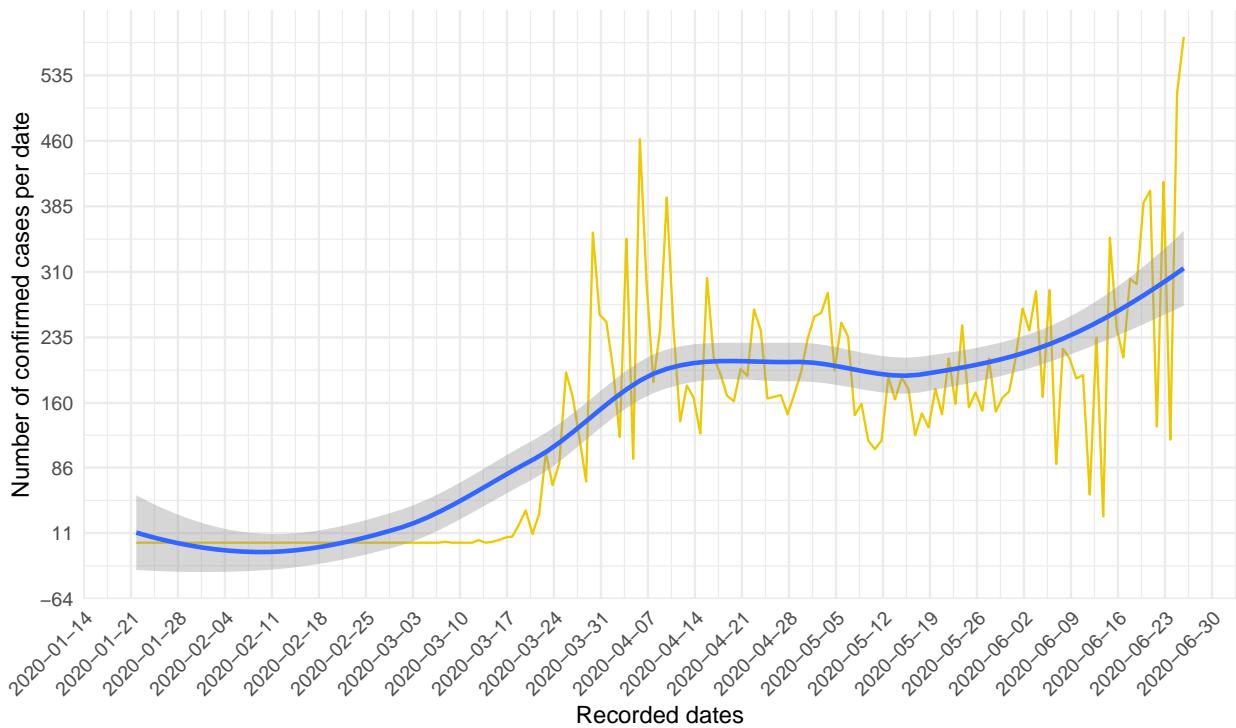

**Mississippi – confirmed cases over time, total cases: 18,123**

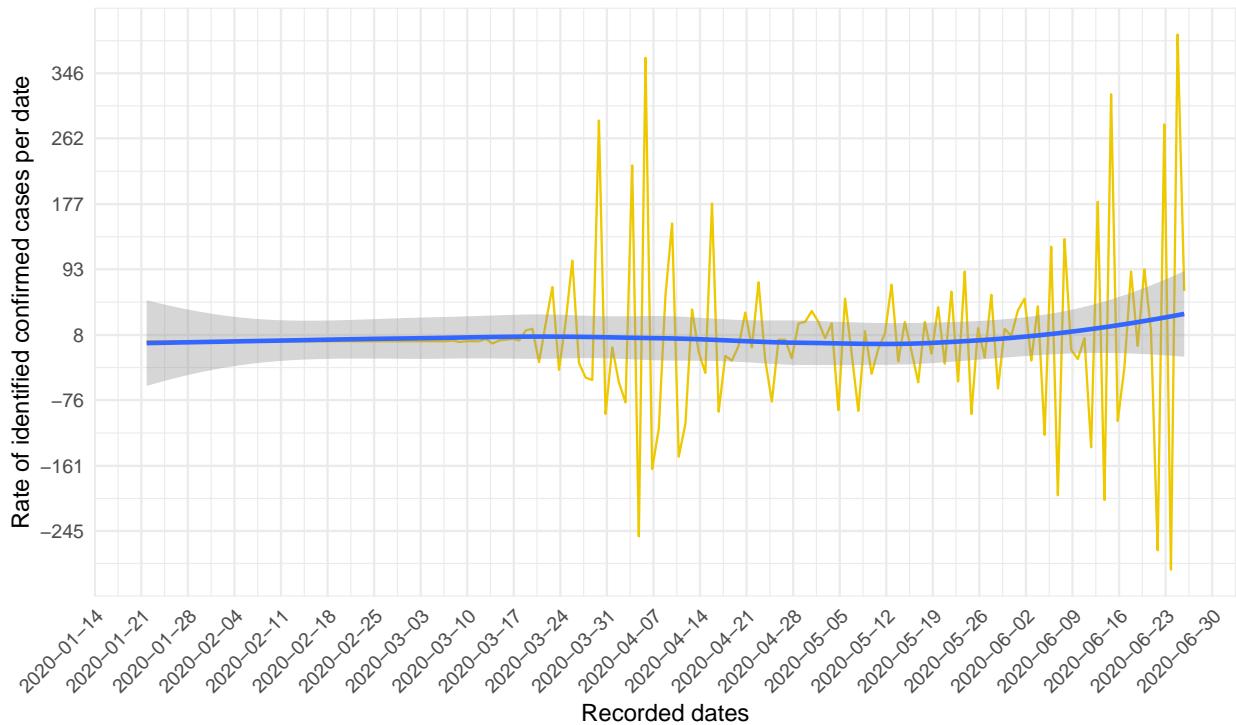

**Mississippi – rate of increase of confirmed cases over time**

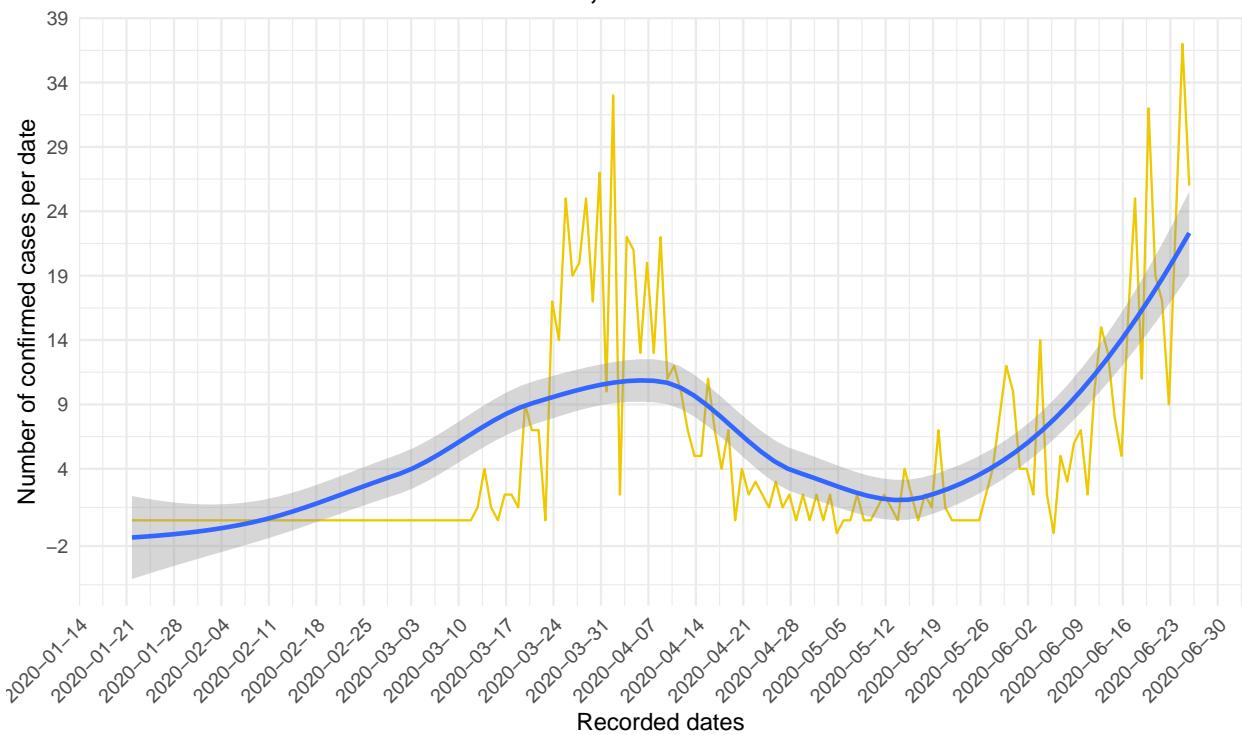

**Missouri – confirmed cases over time, total cases: 15,562**

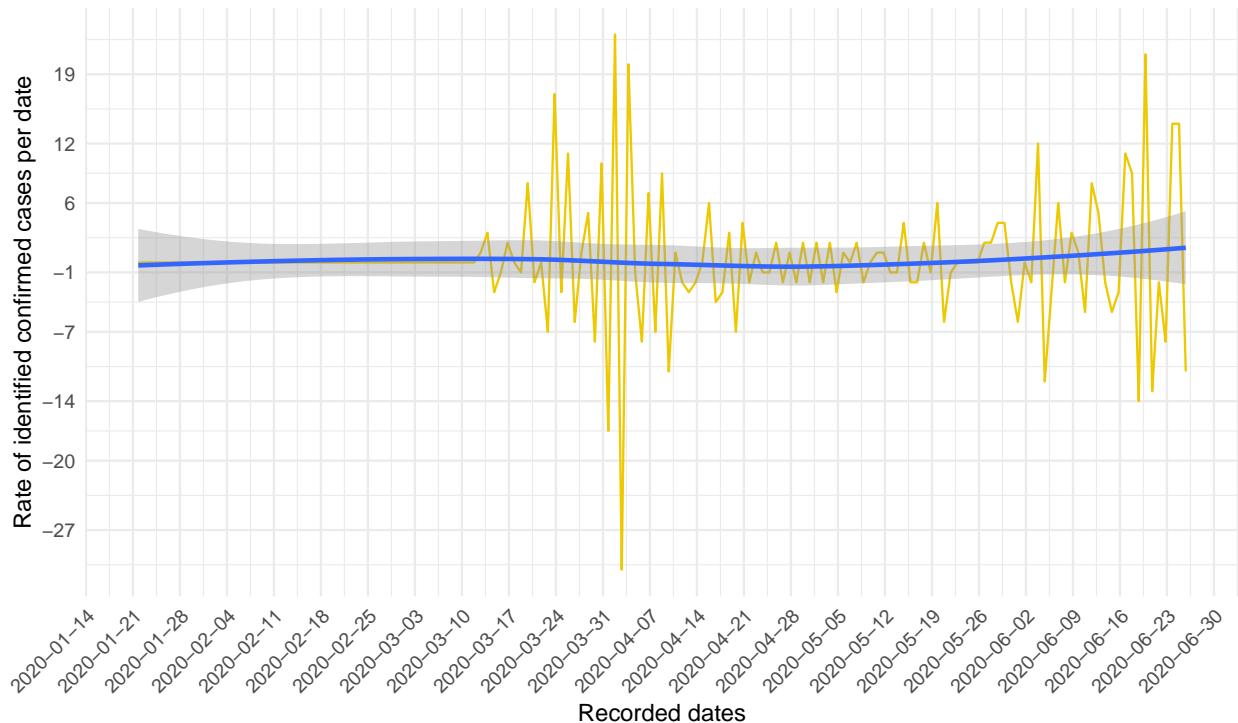

**Missouri – rate of increase of confirmed cases over time**

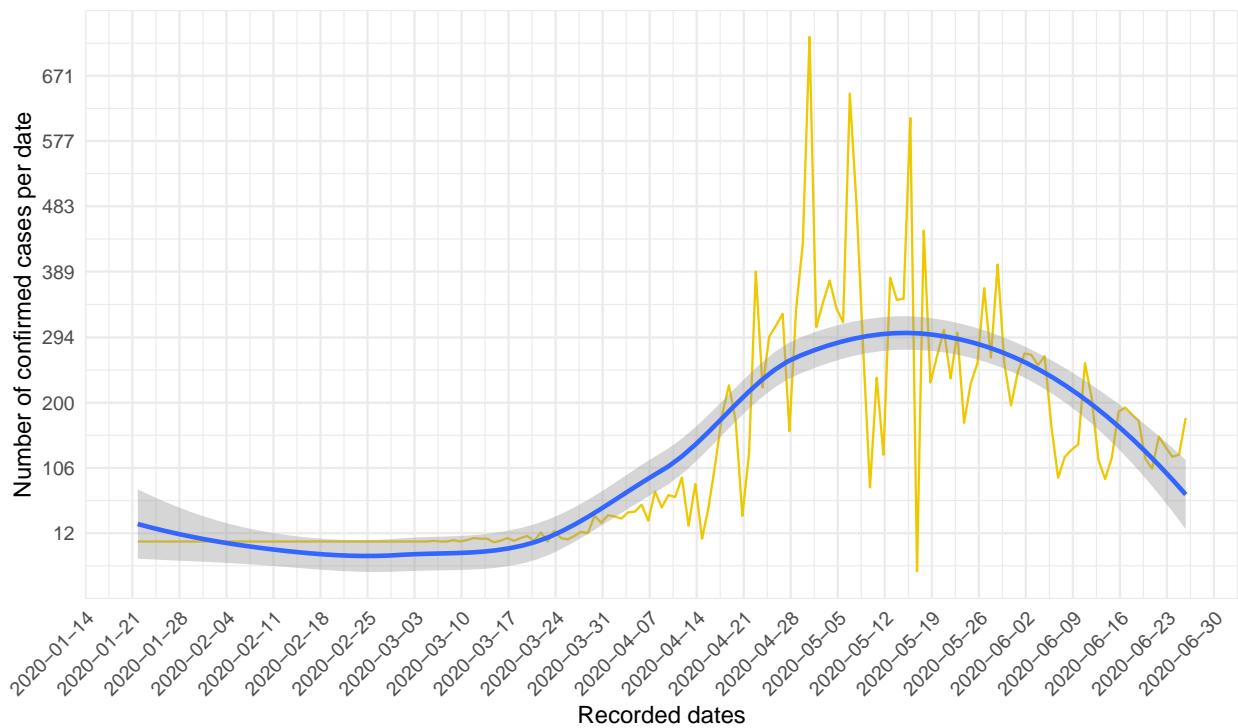

### Montana – confirmed cases over time, total cases: 554

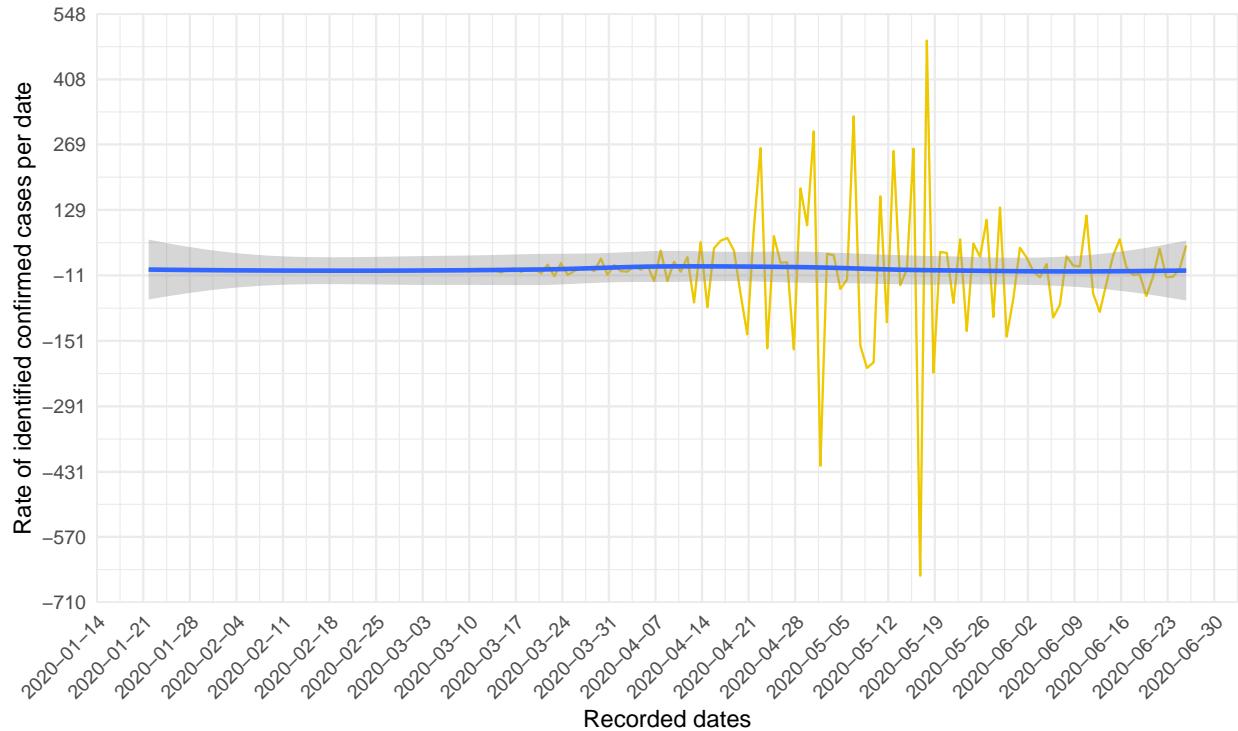

### Montana – rate of increase of confirmed cases over time

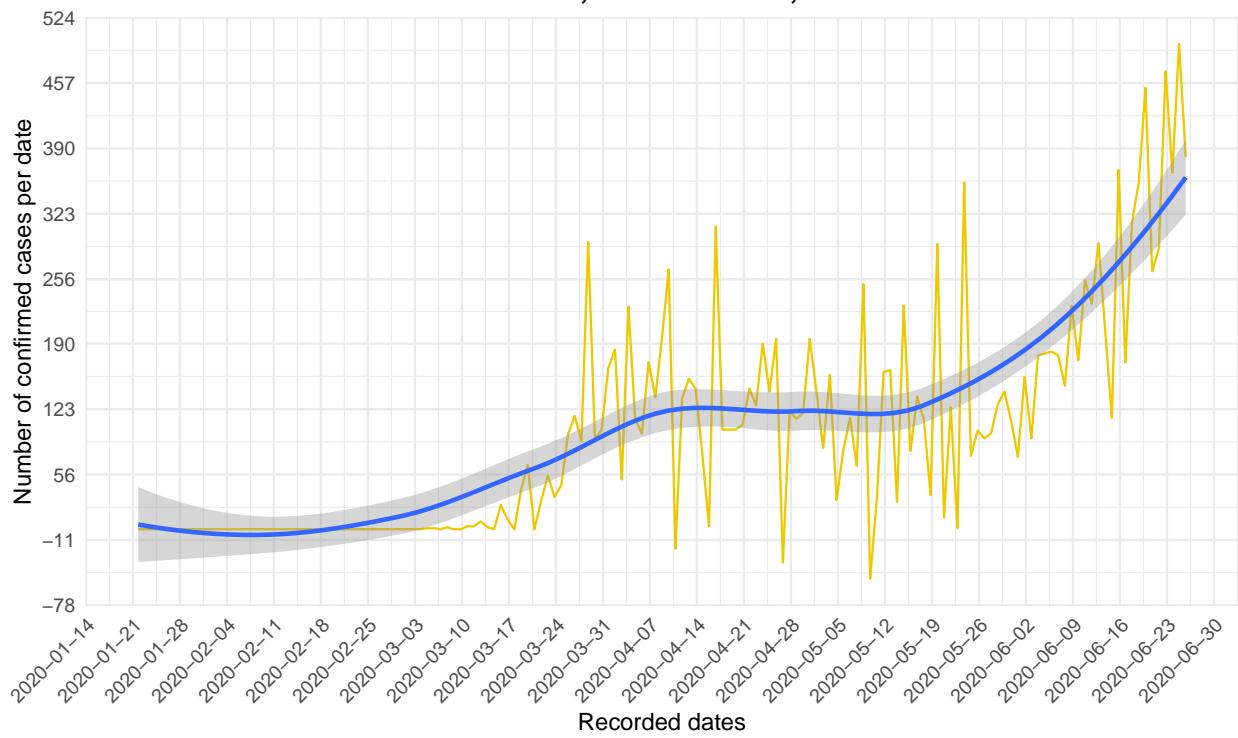

### Nebraska – confirmed cases over time, total cases: 15,918

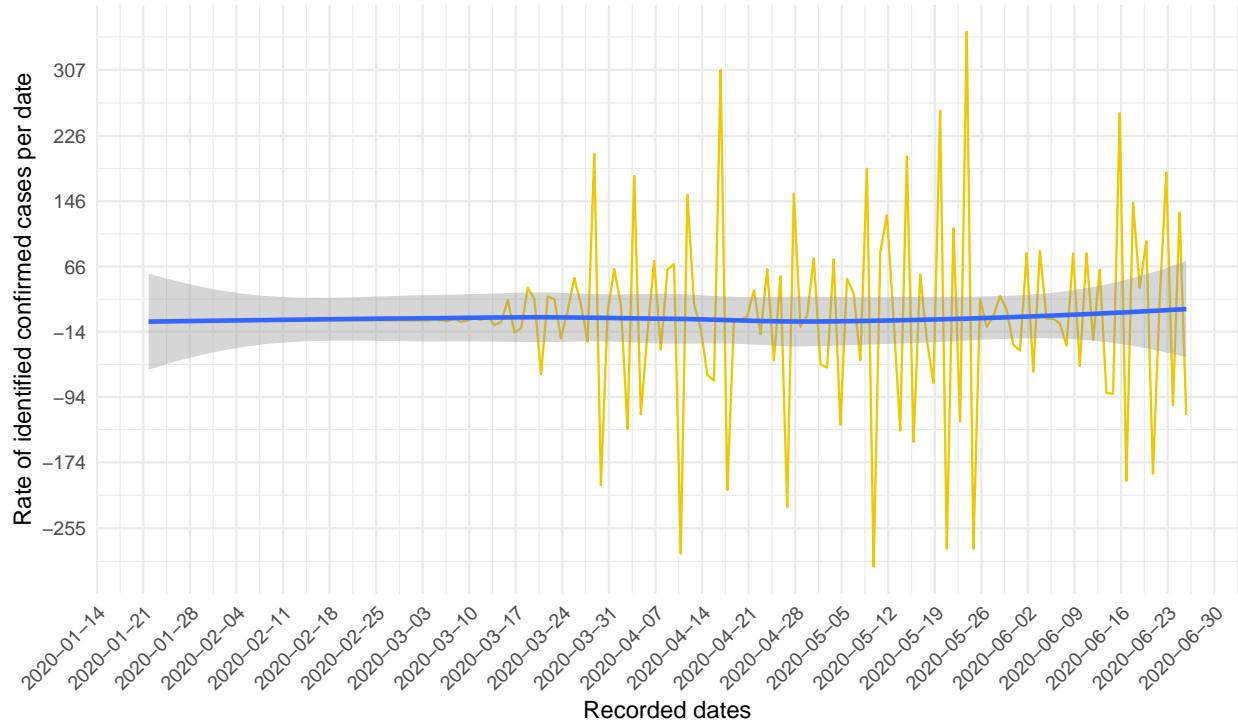

### Nebraska – rate of increase of confirmed cases over time

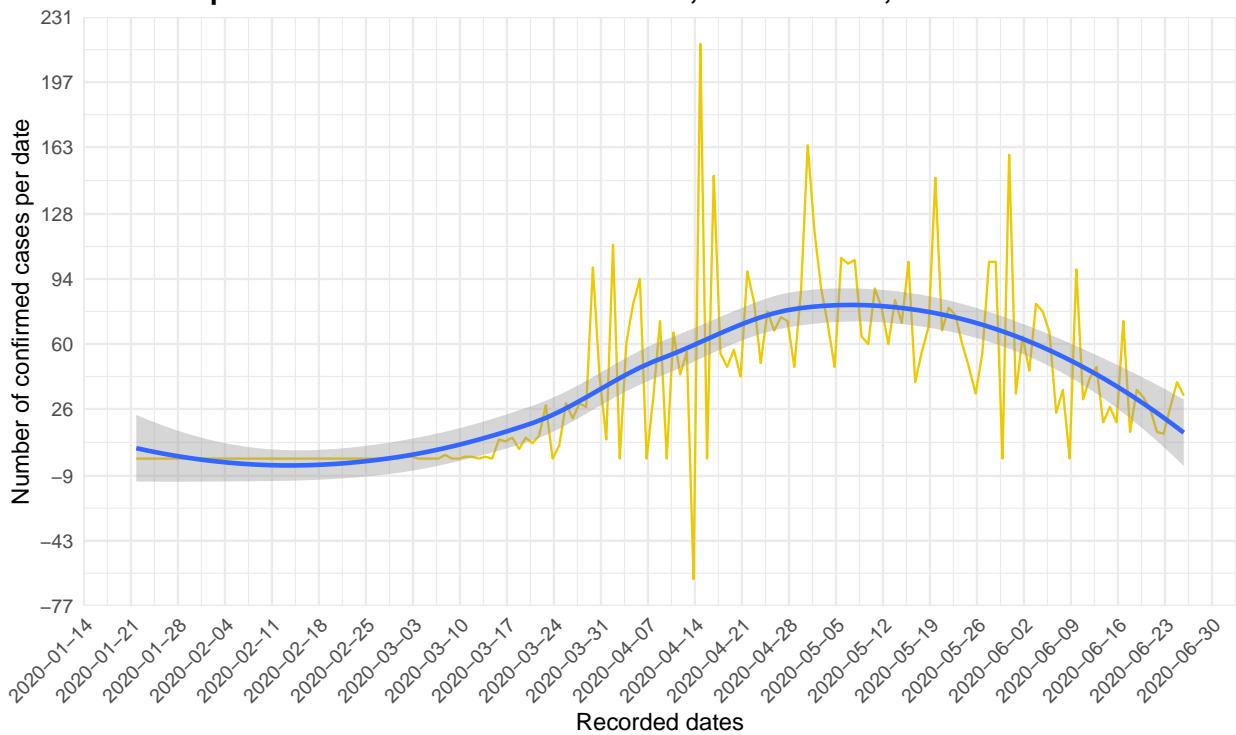

### Nevada – confirmed cases over time, total cases: 10,045

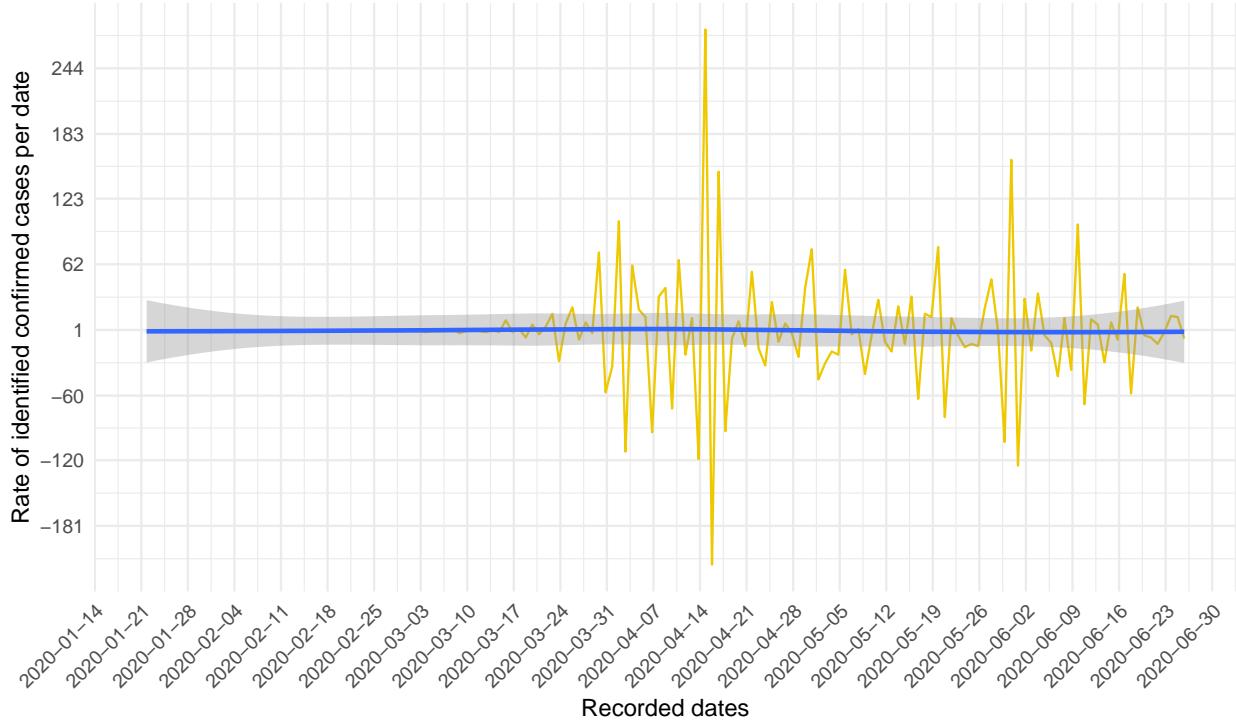

### Nevada – rate of increase of confirmed cases over time

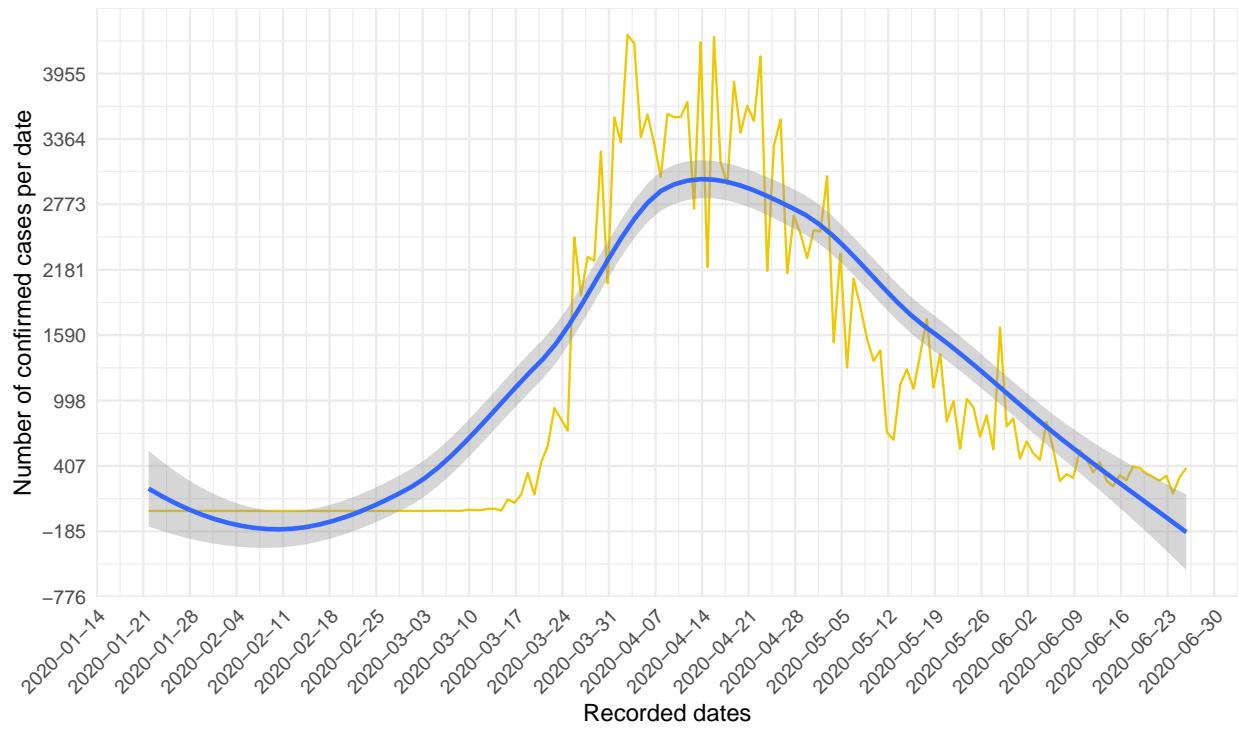

### New Hampshire – confirmed cases over time, total cases: 5,079

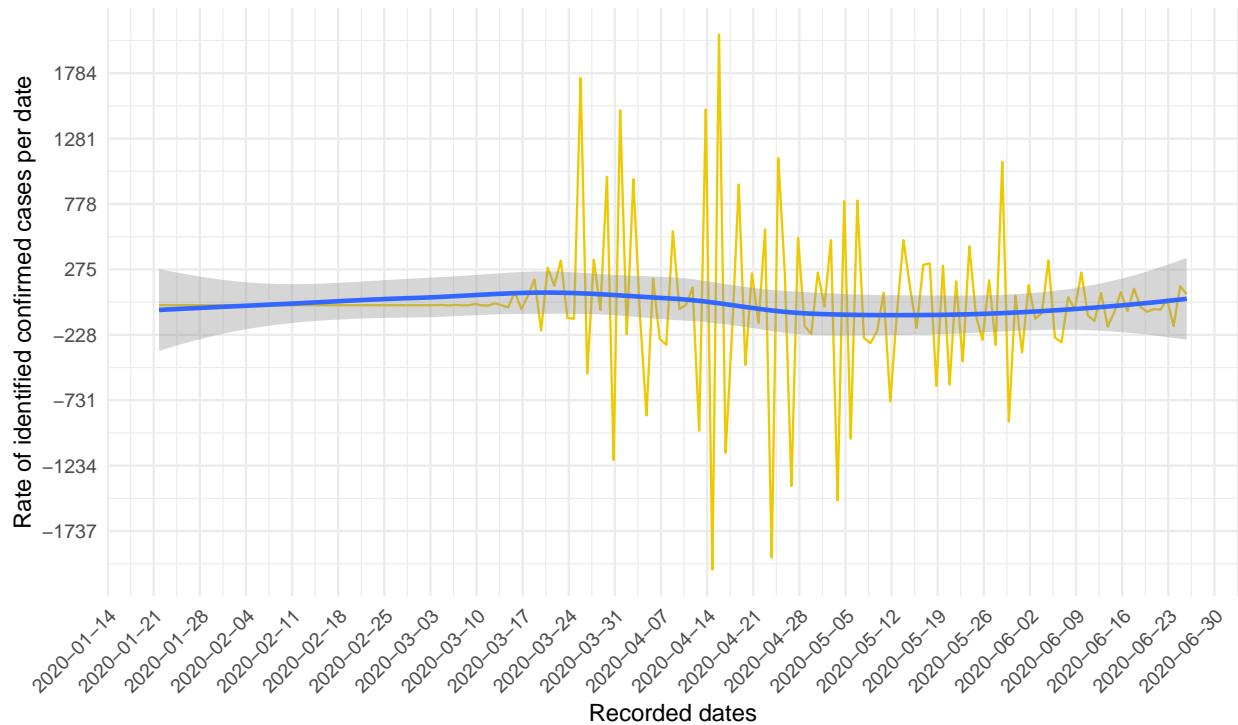

### New Hampshire – rate of increase of confirmed cases over time

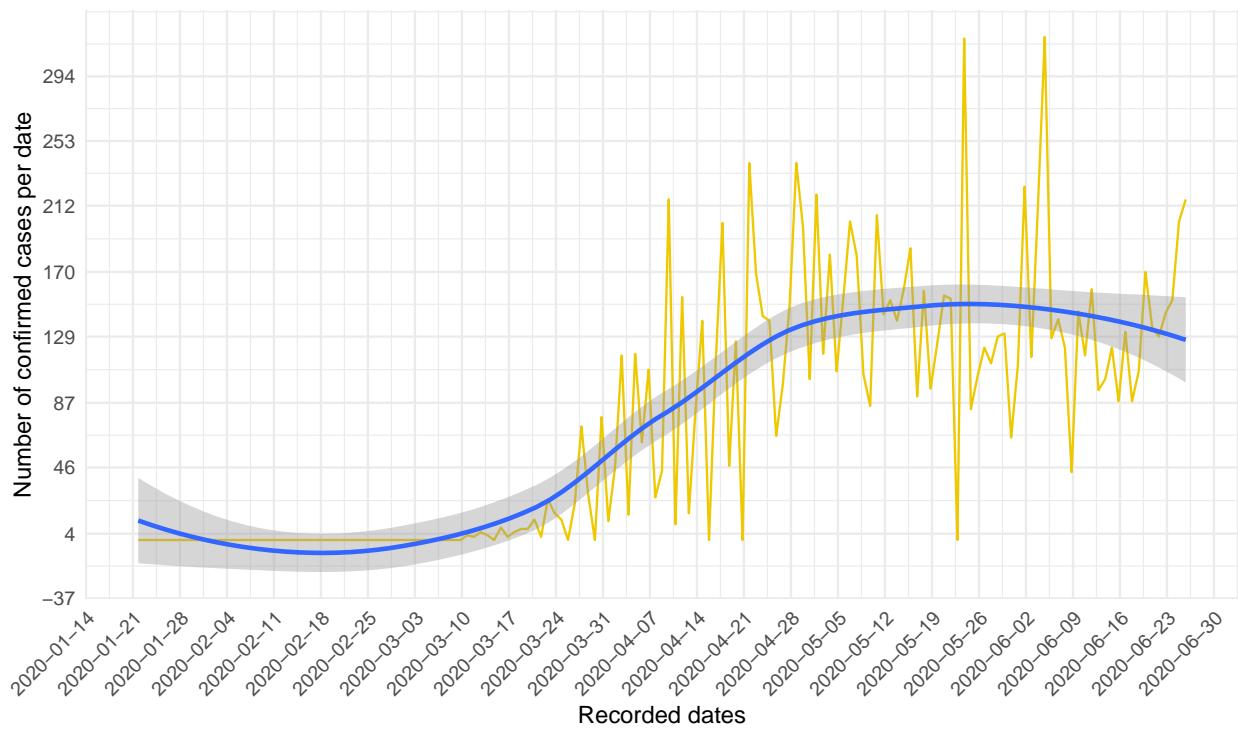

### New Jersey – confirmed cases over time, total cases: 164,796

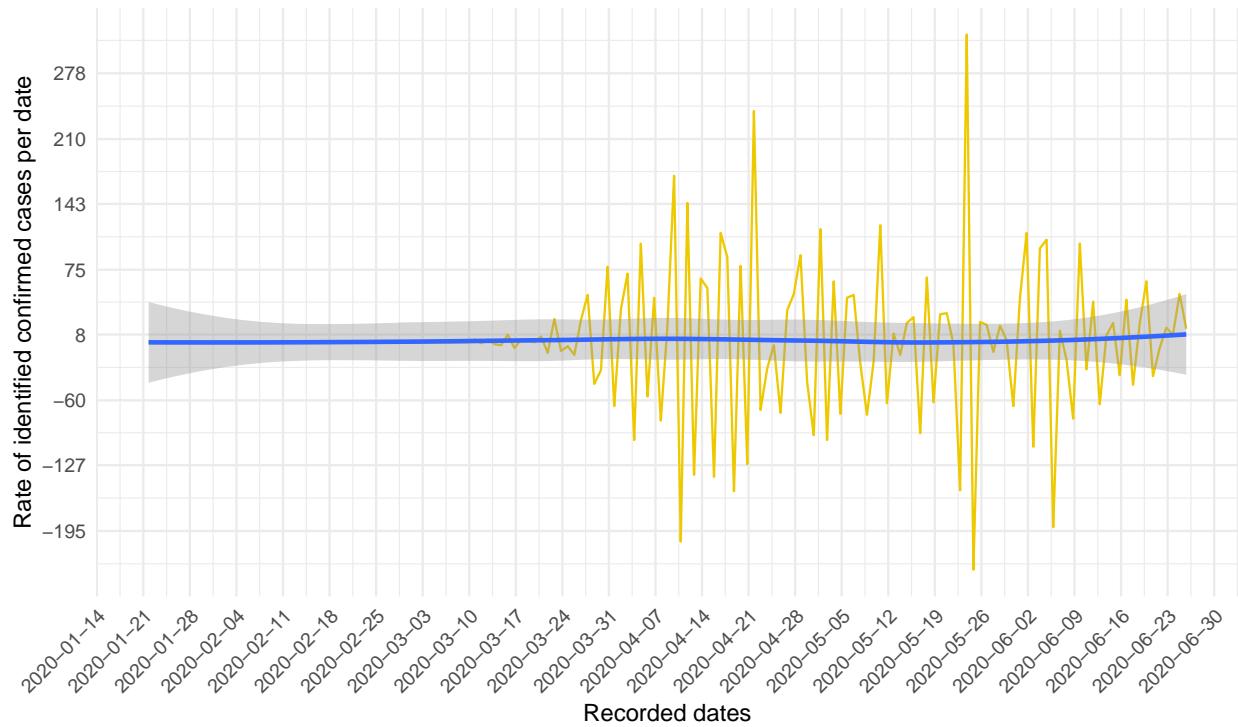

### New Jersey – rate of increase of confirmed cases over time

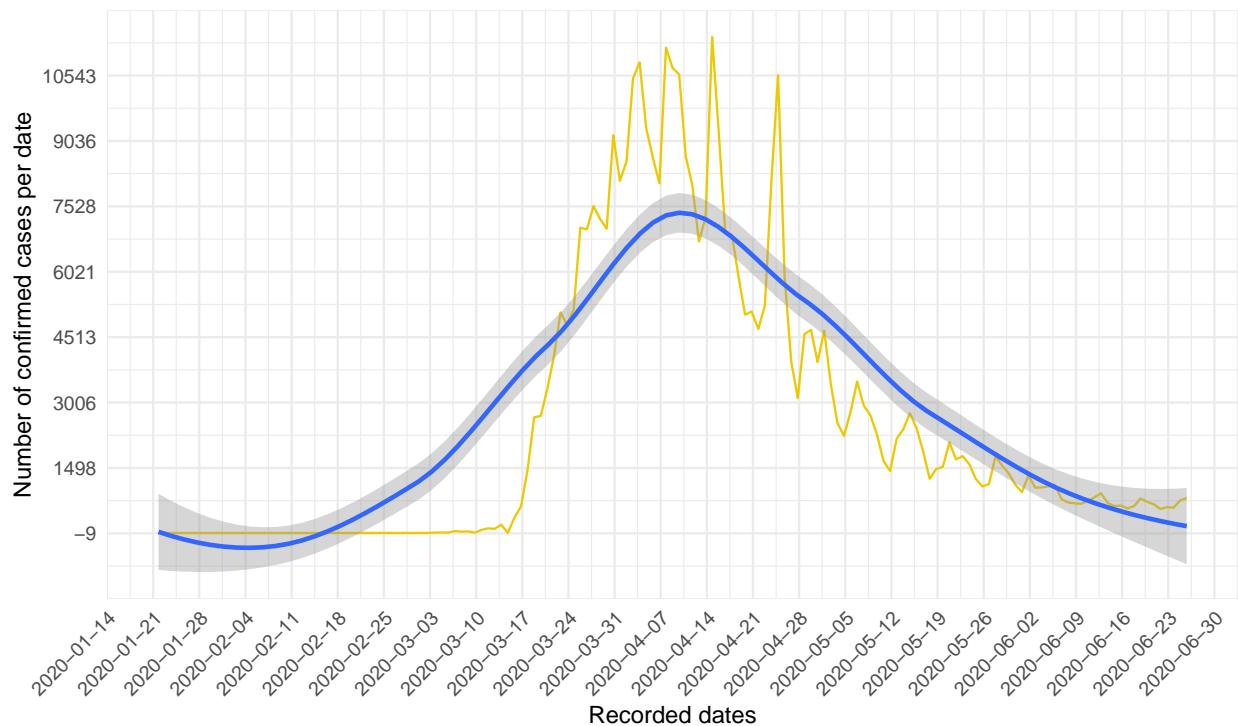

**New Mexico – confirmed cases over time, total cases: 9,105**

**New Mexico – rate of increase of confirmed cases over time**

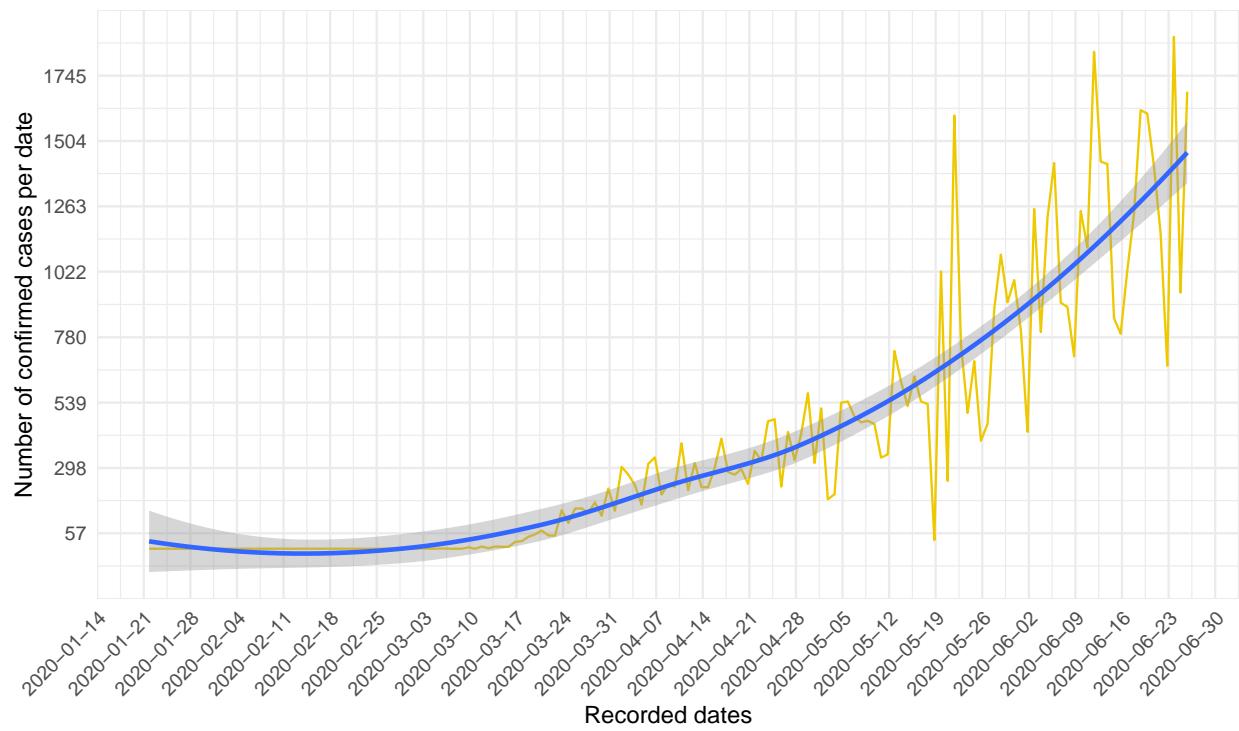

### New York – confirmed cases over time, total cases: 379,482

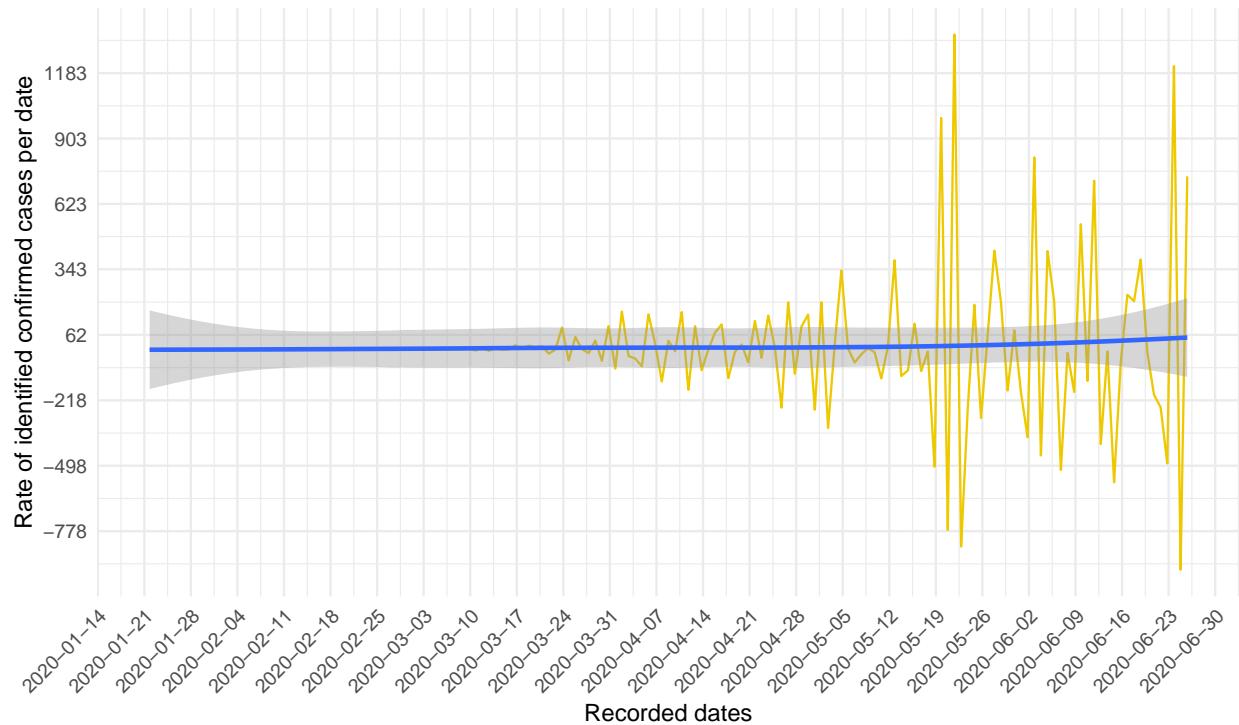

### New York – rate of increase of confirmed cases over time

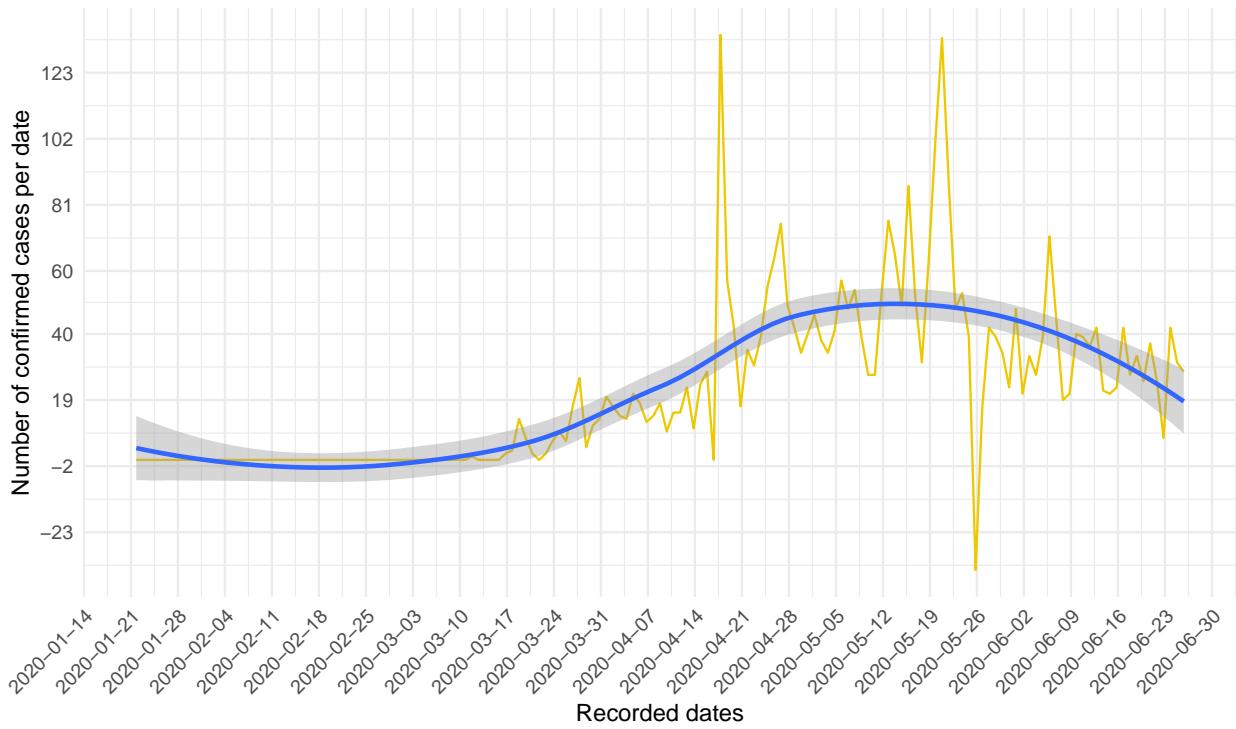

### North Carolina – confirmed cases over time, total cases: 37,227

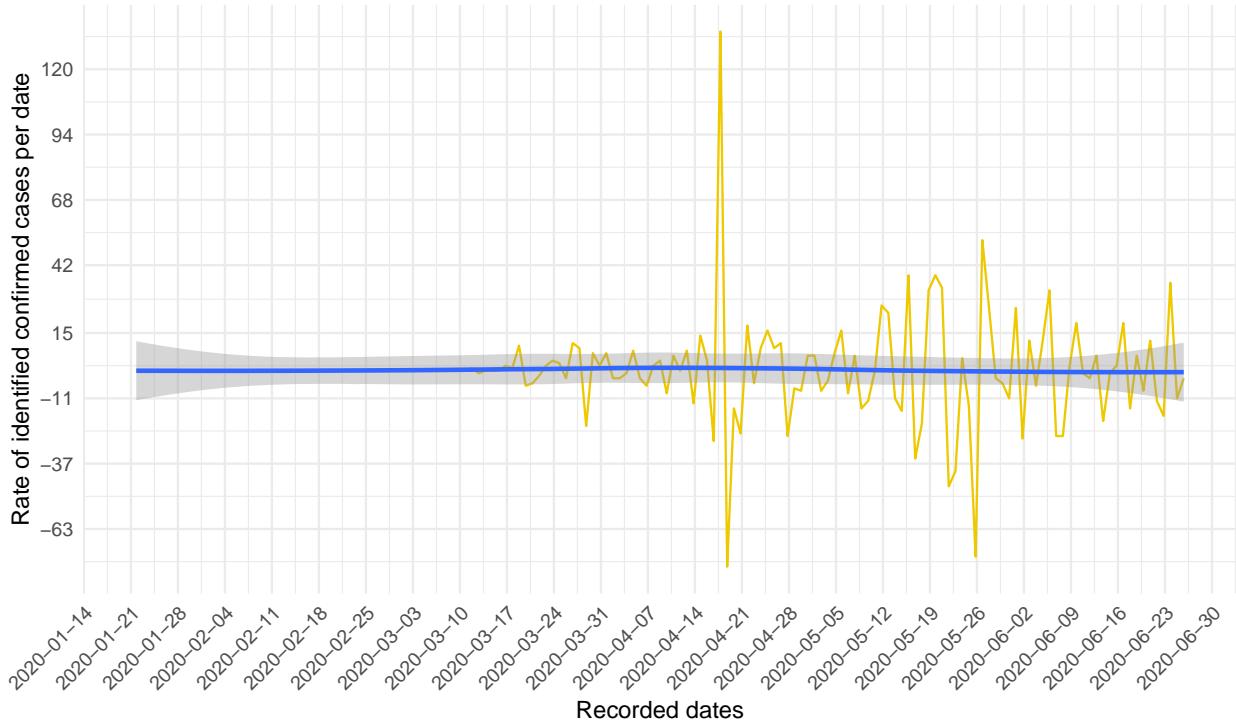

### North Carolina – rate of increase of confirmed cases over time

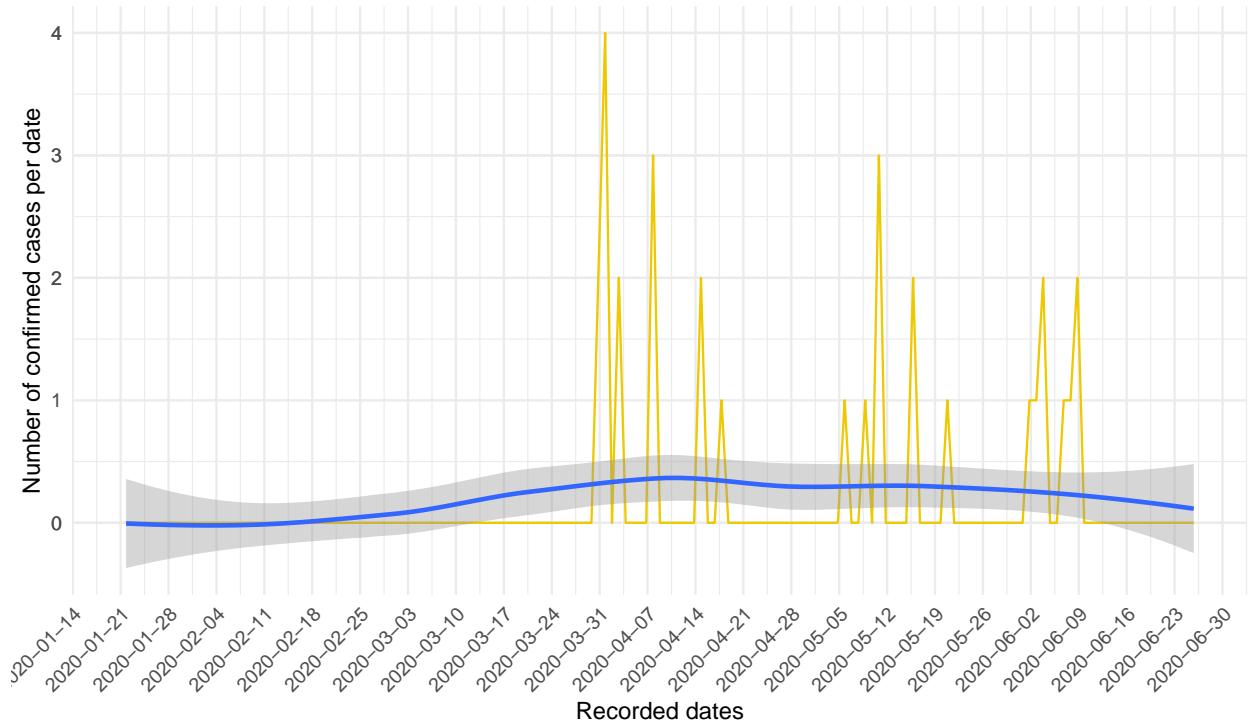

### North Dakota – confirmed cases over time, total cases: 2,901

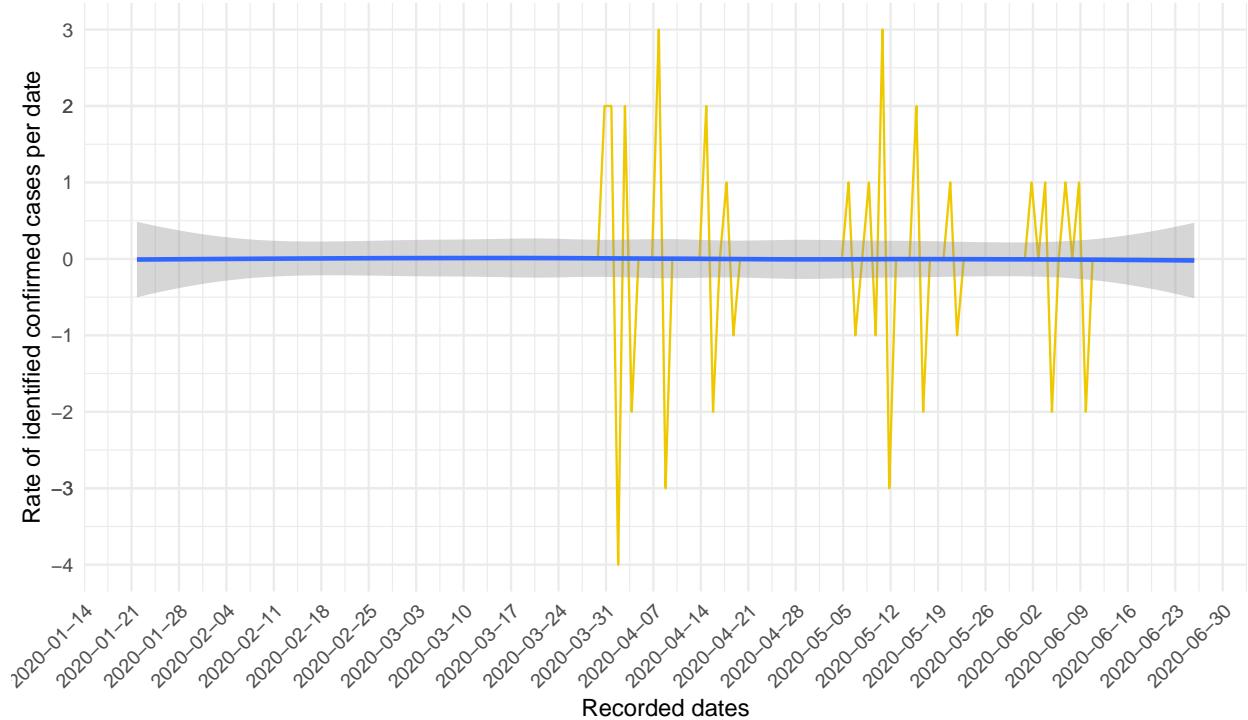

### North Dakota – rate of increase of confirmed cases over time

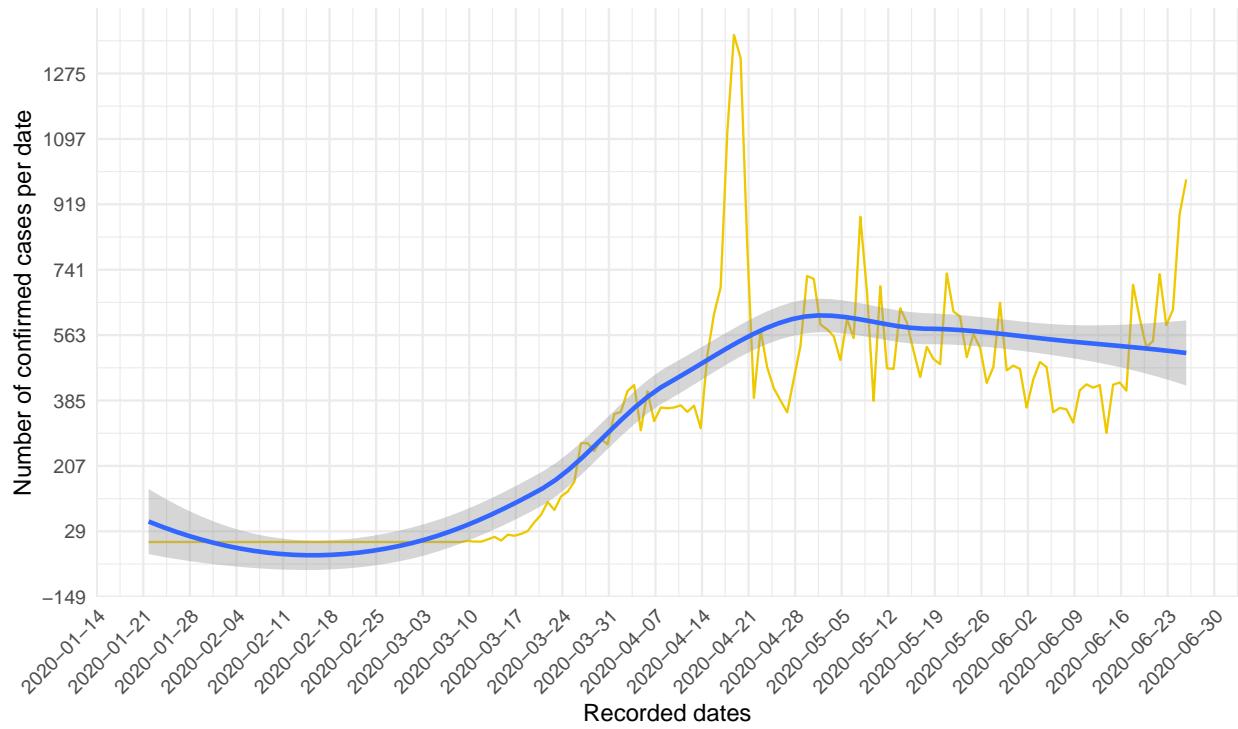

### Northern Mariana Islands – confirmed cases over time, total cases: 30

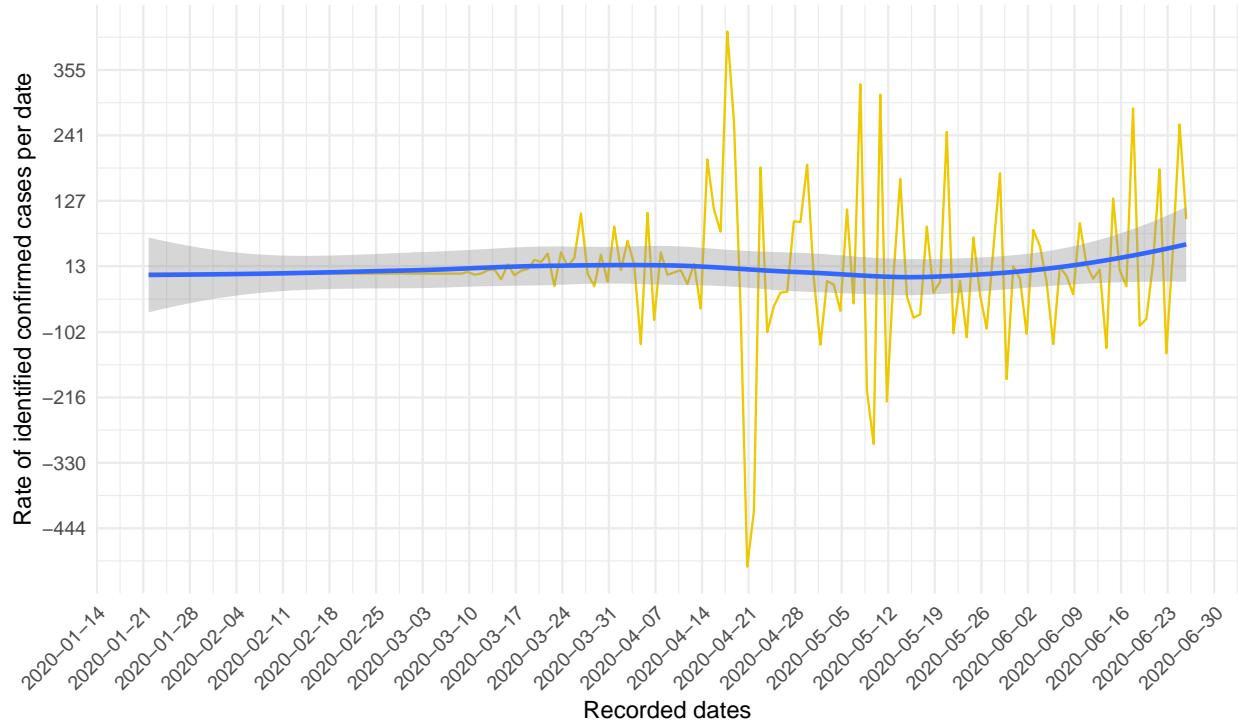

### Northern Mariana Islands – rate of increase of confirmed cases over time

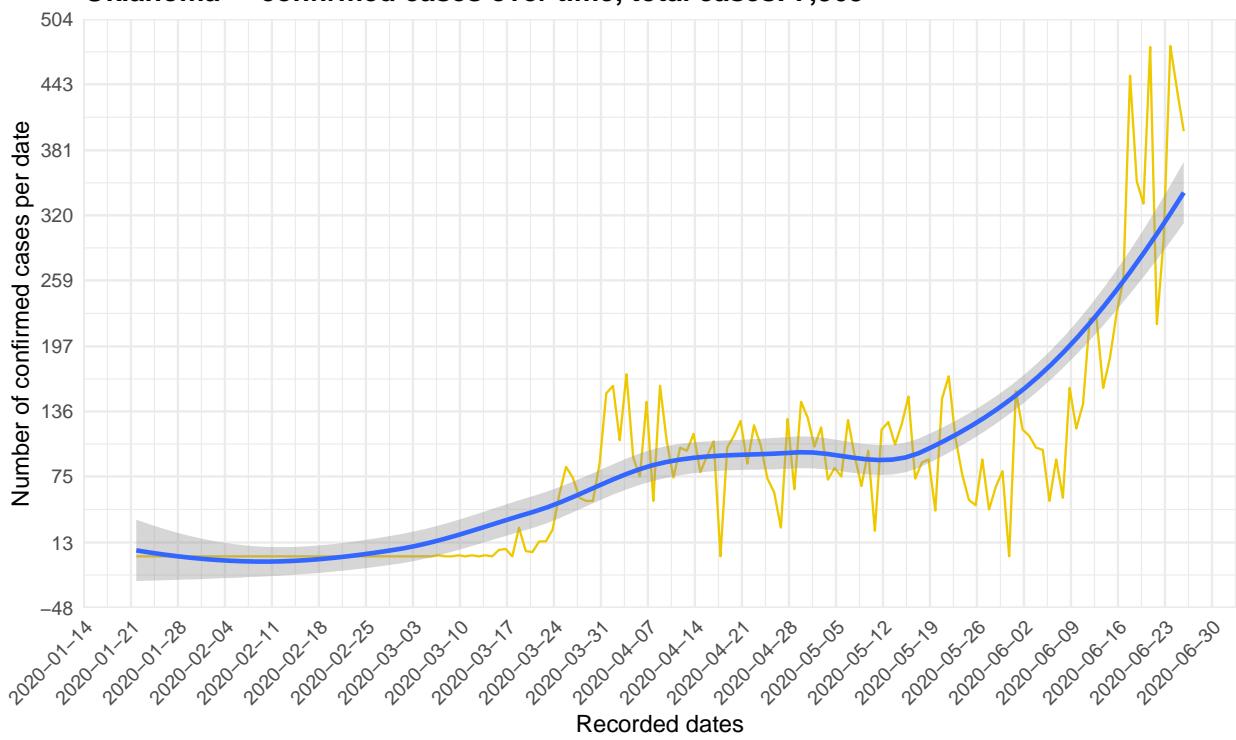

**Ohio – confirmed cases over time, total cases: 39,162**

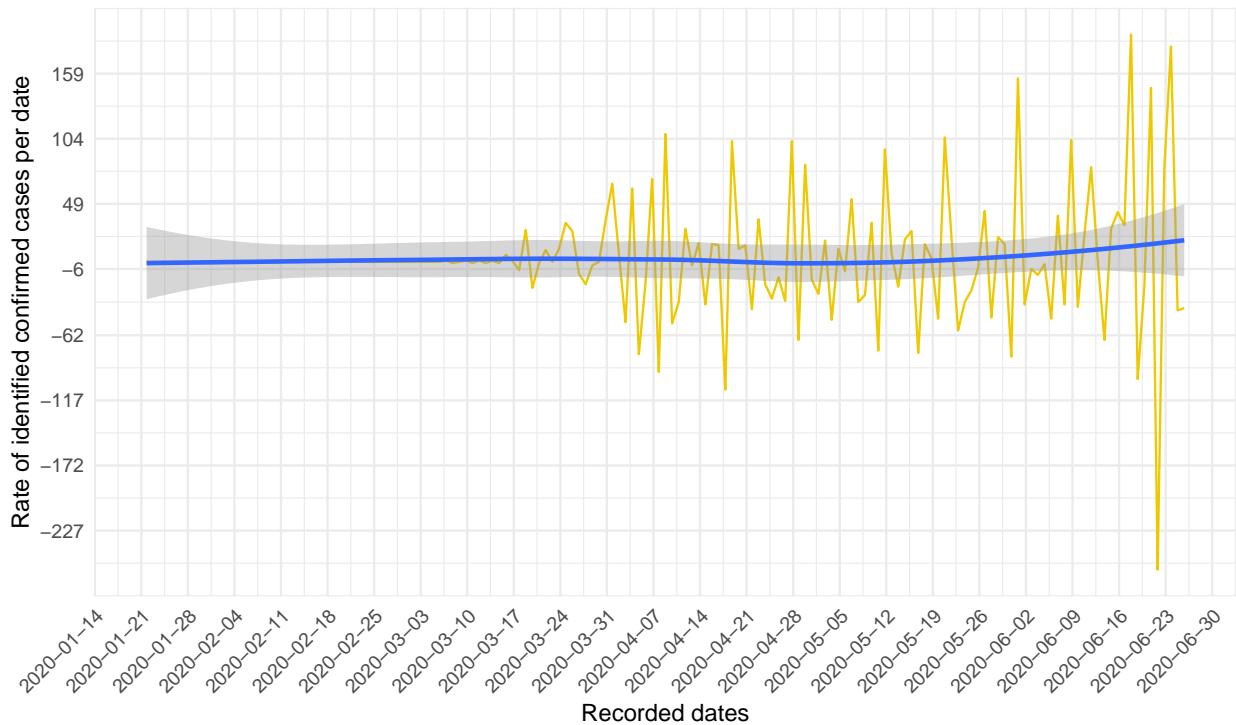

**Ohio – rate of increase of confirmed cases over time**

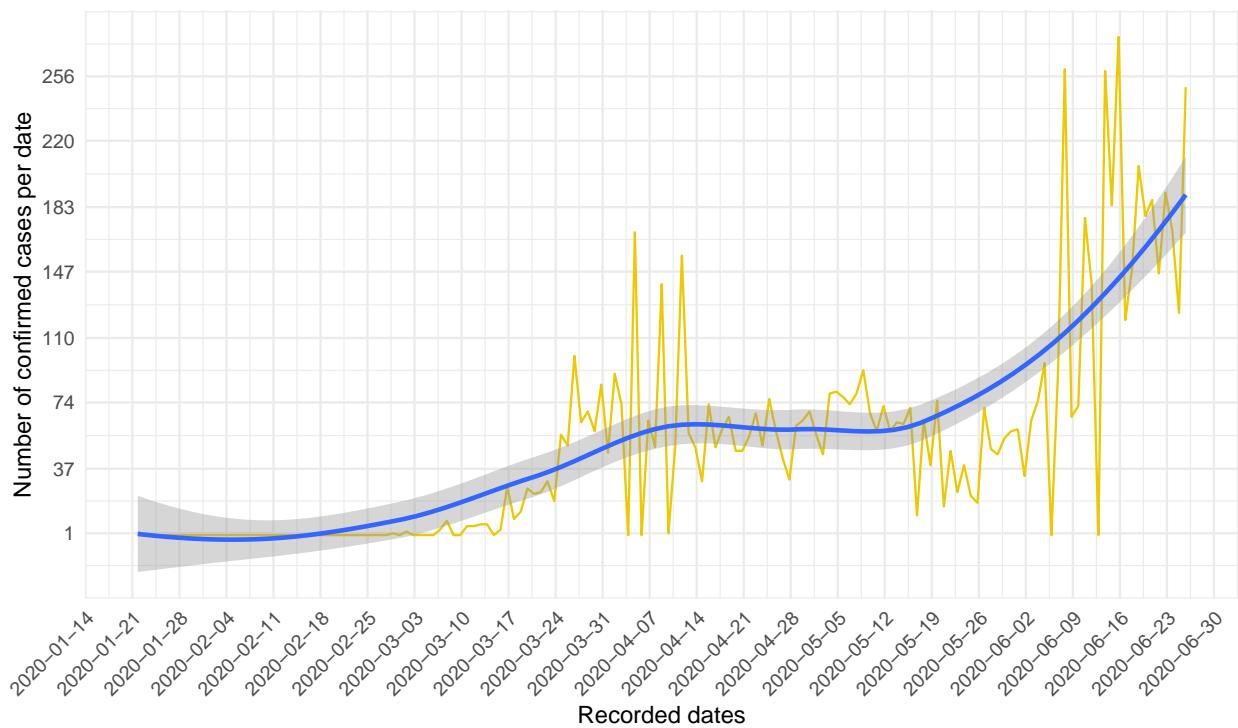

### Oklahoma – confirmed cases over time, total cases: 7,363

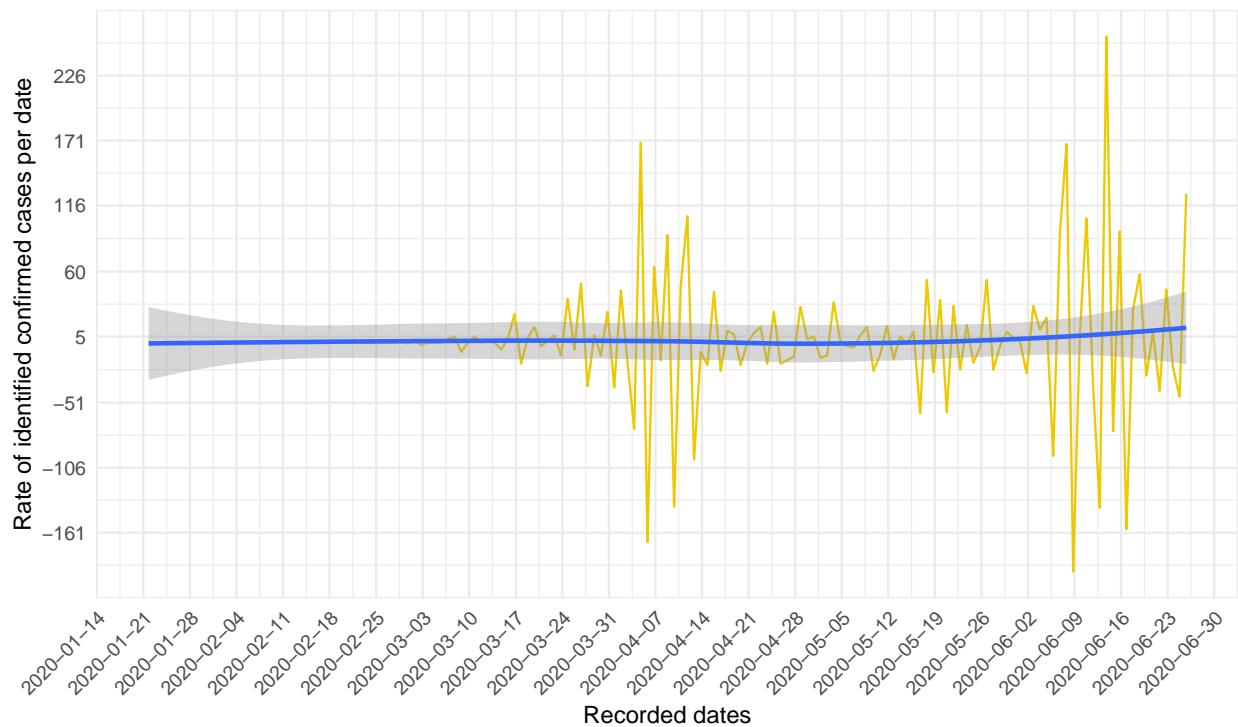

### Oklahoma – rate of increase of confirmed cases over time

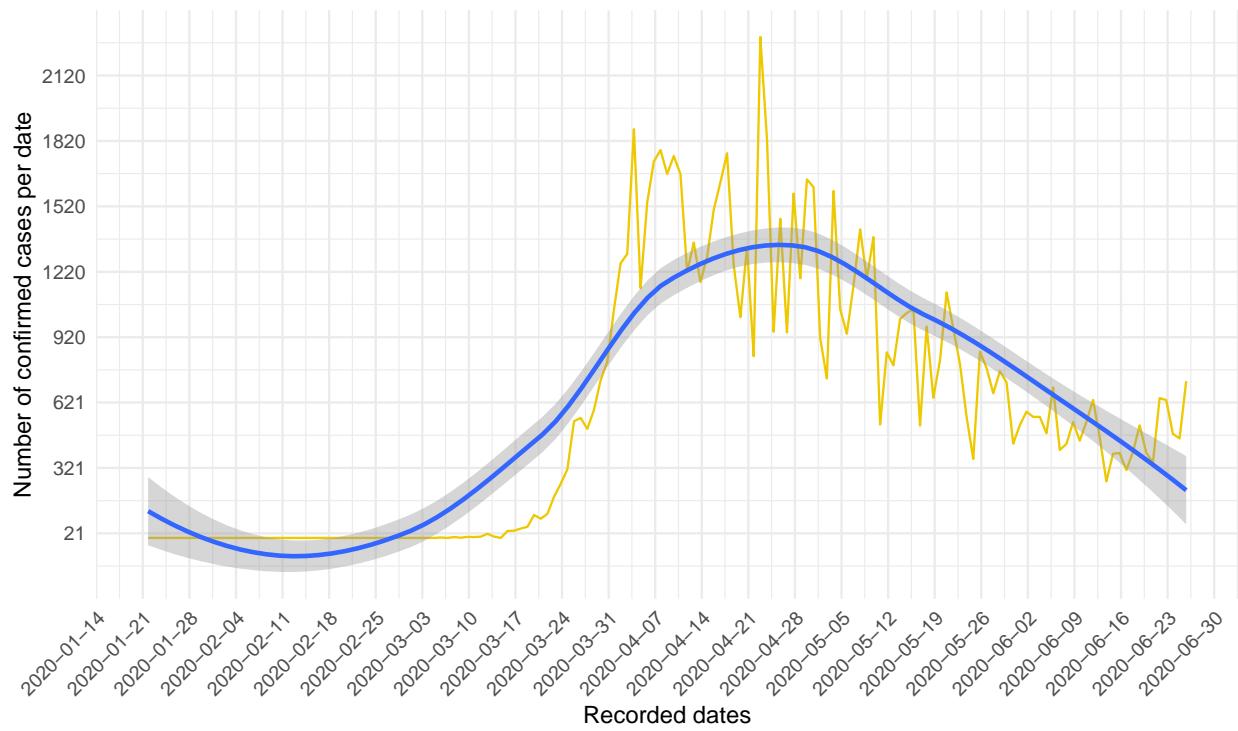

**Oregon – confirmed cases over time, total cases: 4,988**

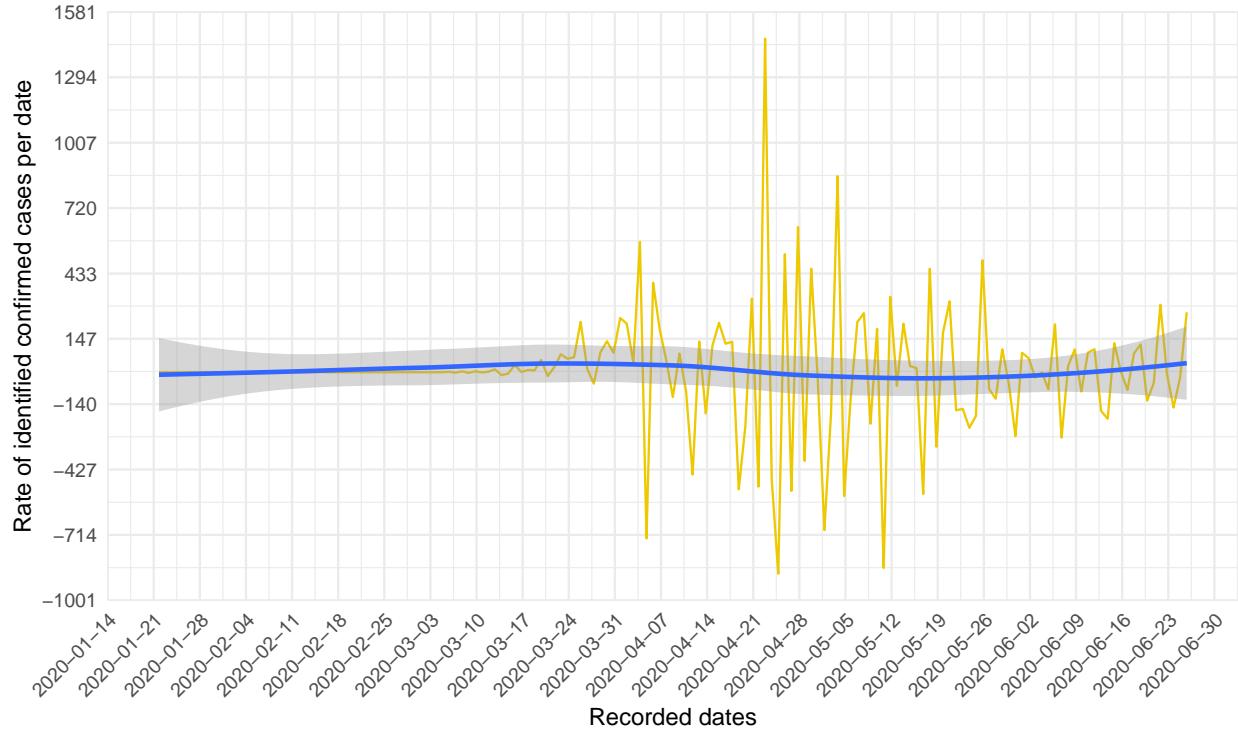

**Oregon – rate of increase of confirmed cases over time**

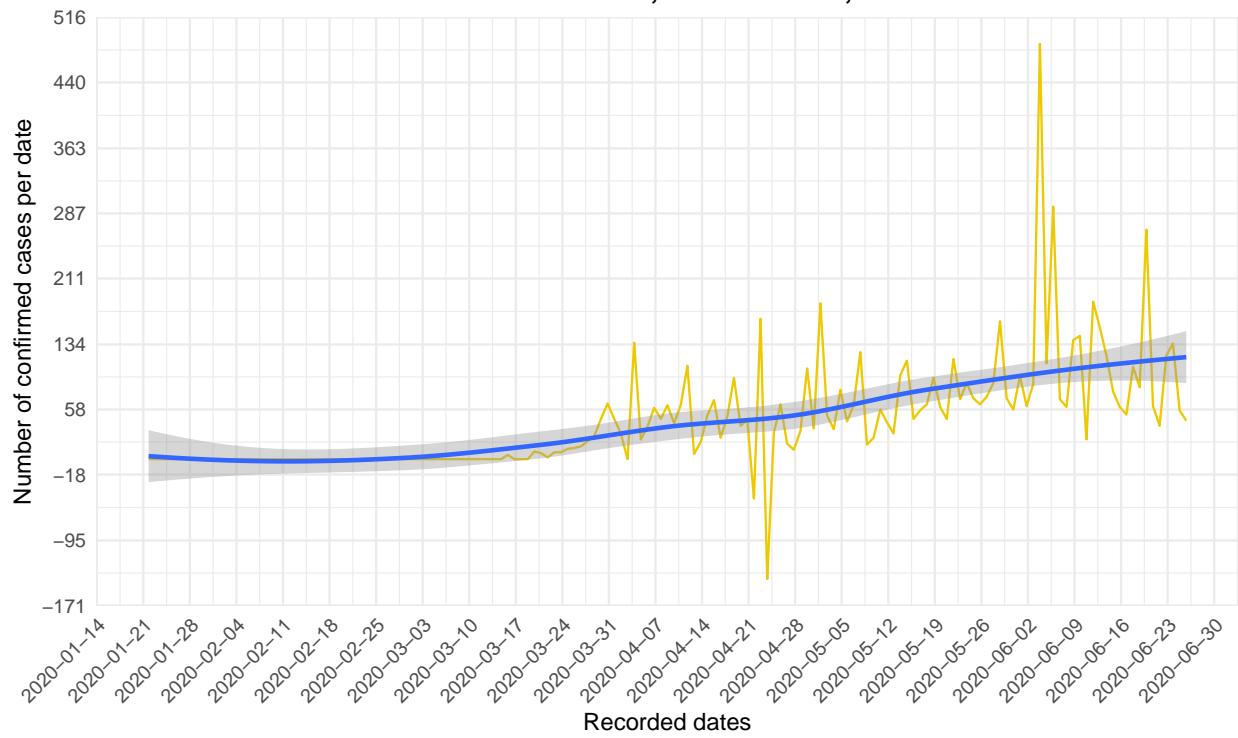

**Pennsylvania – confirmed cases over time, total cases: 80,870**

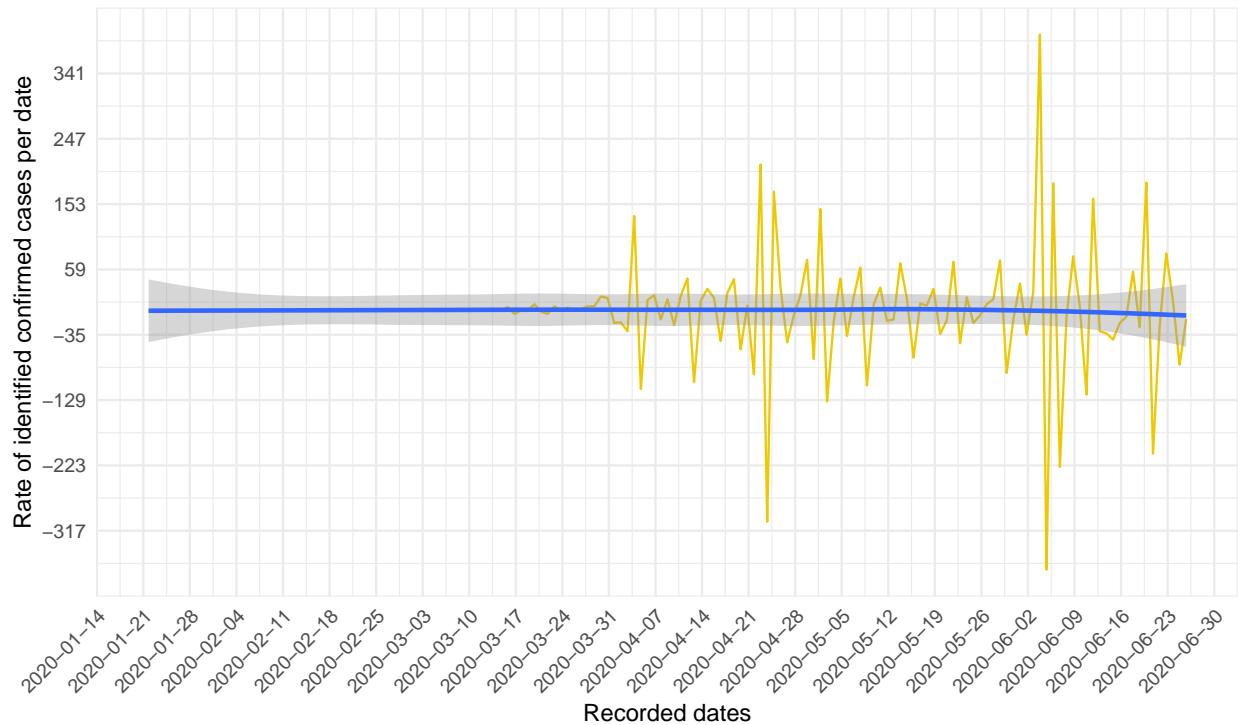

**Pennsylvania – rate of increase of confirmed cases over time**

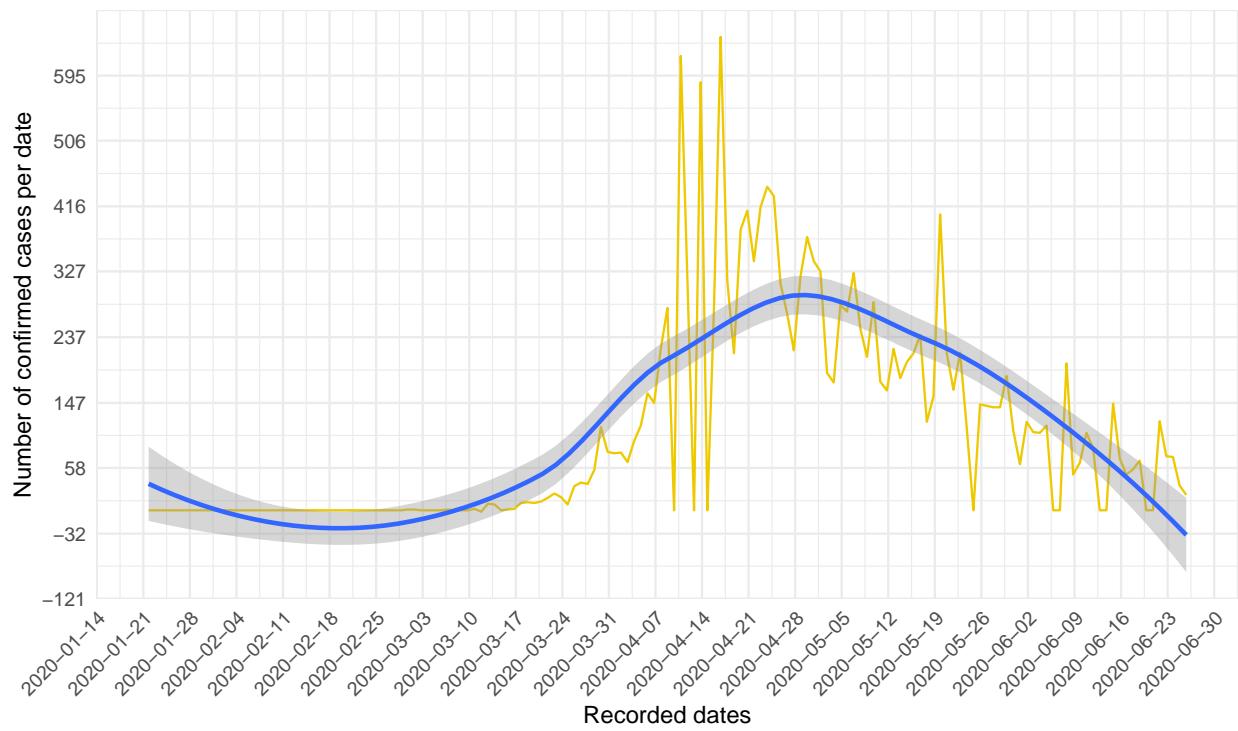

**Puerto Rico – confirmed cases over time, total cases: 5,185**

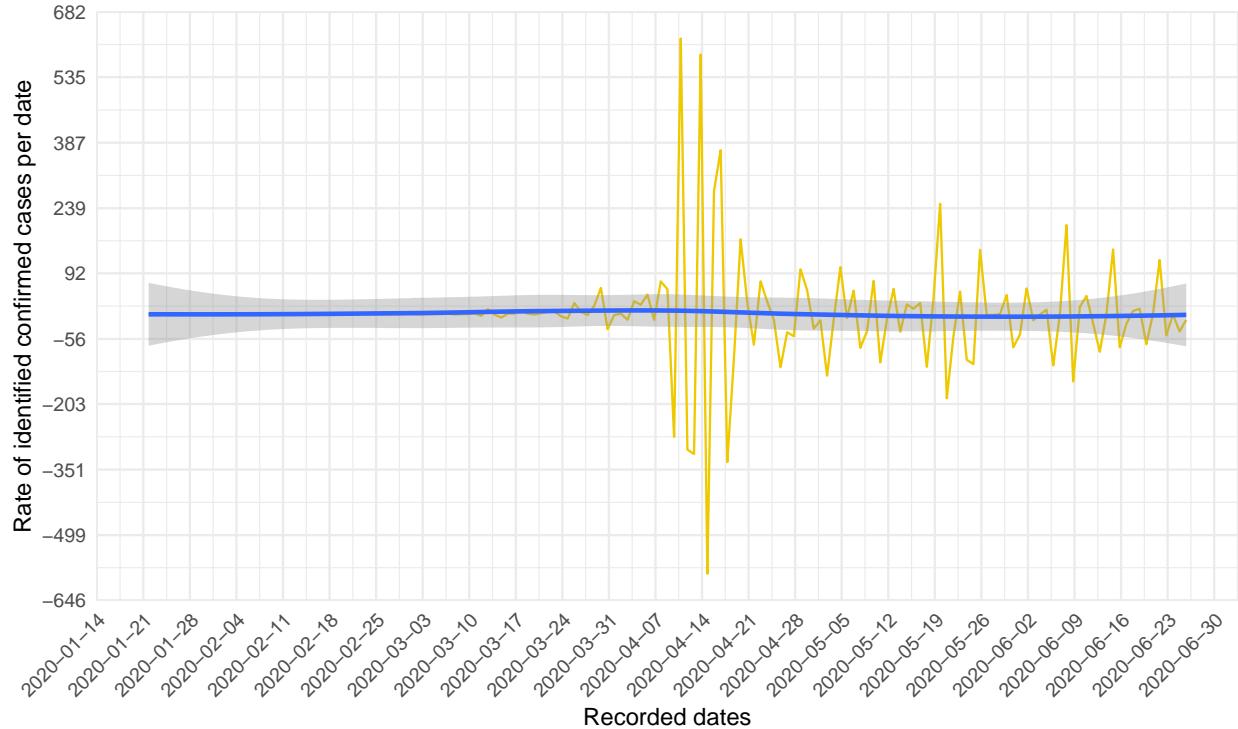

**Puerto Rico – rate of increase of confirmed cases over time**

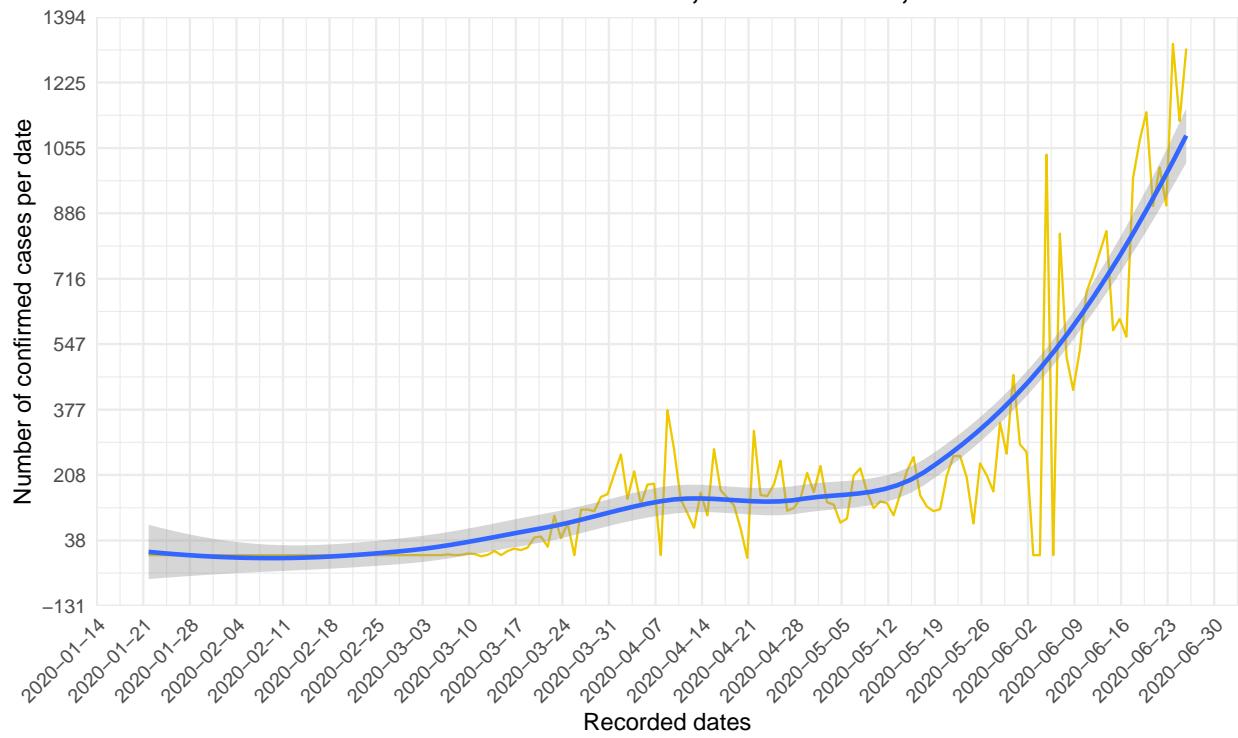

**Rhode Island – confirmed cases over time, total cases: 15,691**

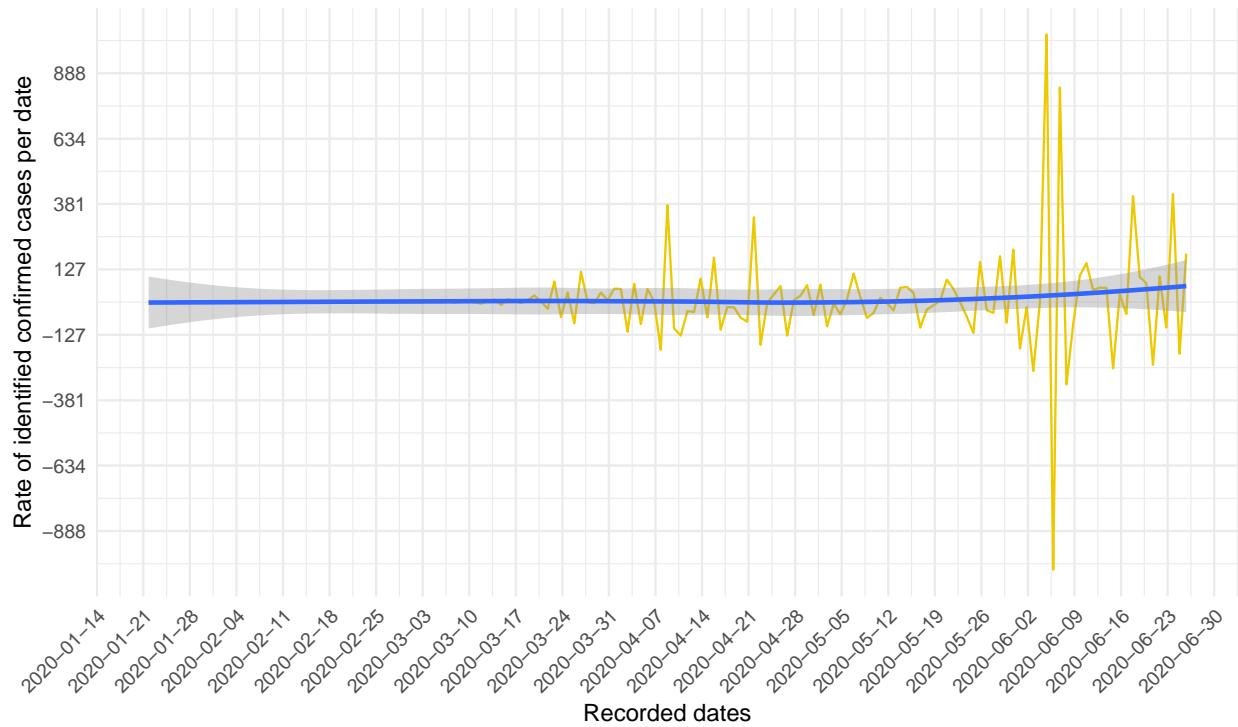

**Rhode Island – rate of increase of confirmed cases over time**

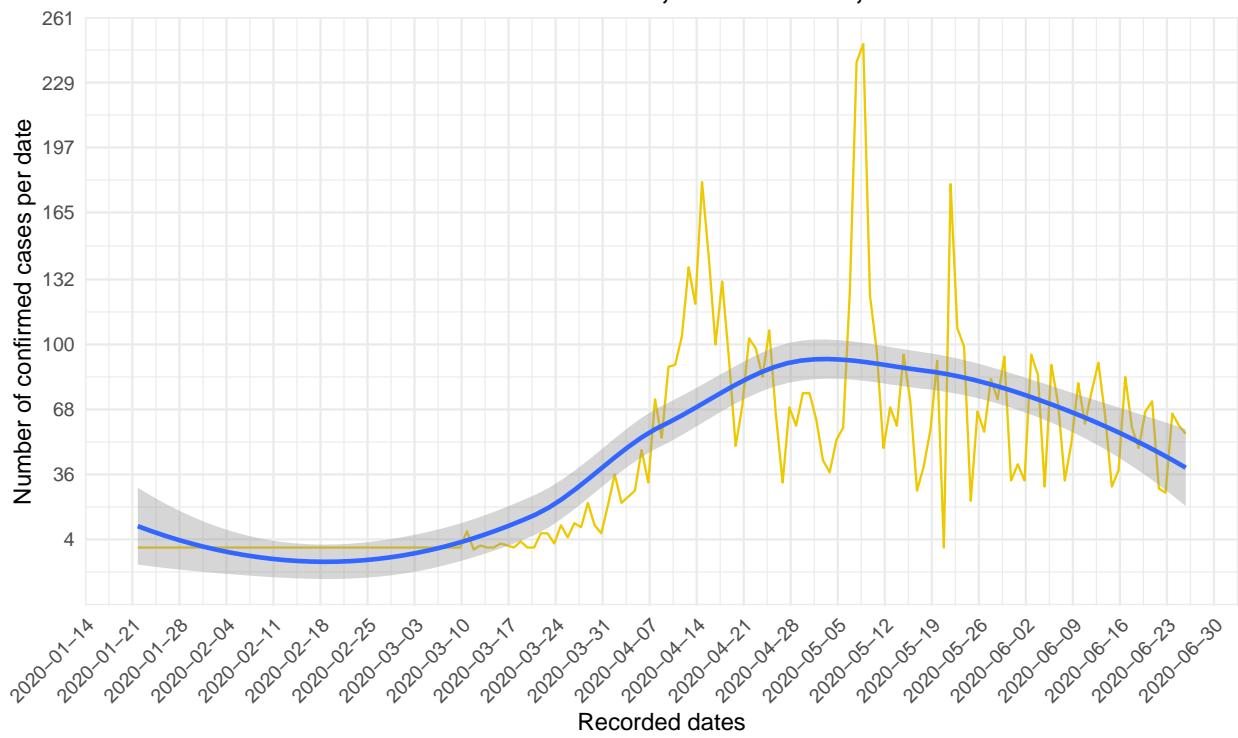

### South Carolina – confirmed cases over time, total cases: 15,228

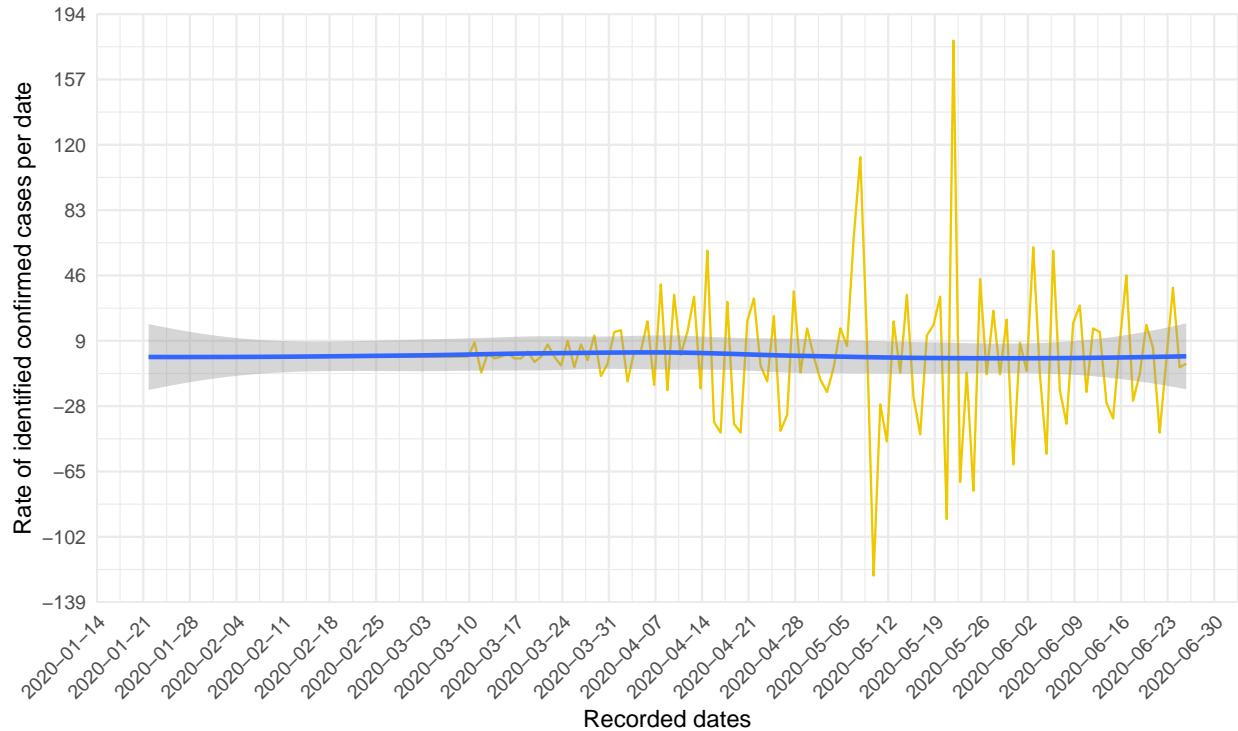

### South Carolina – rate of increase of confirmed cases over time

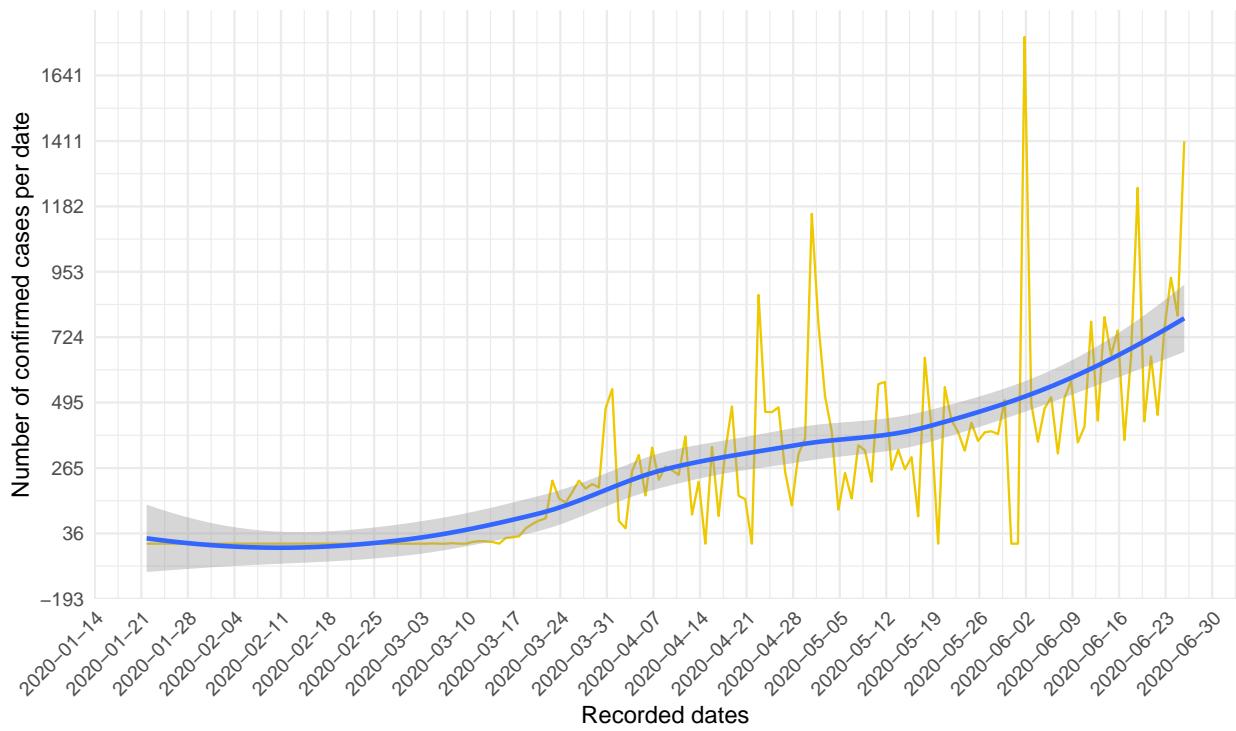

### South Dakota – confirmed cases over time, total cases: 5,523

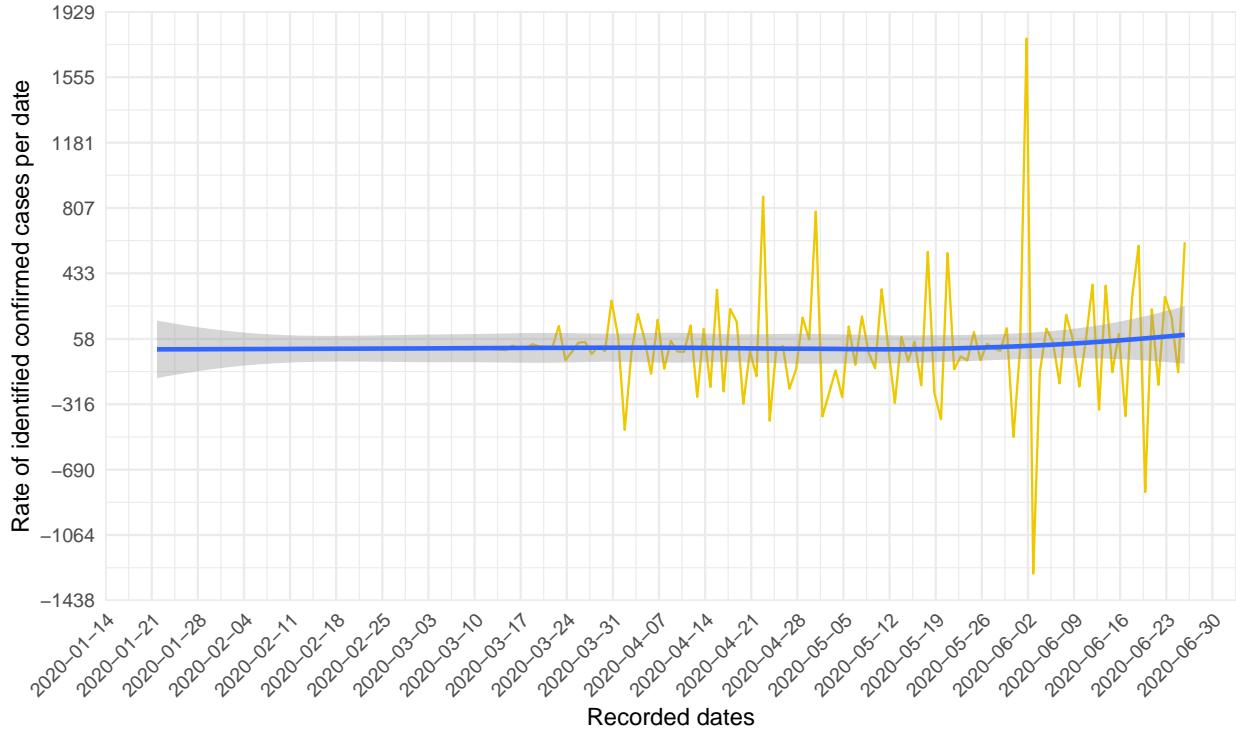

### South Dakota – rate of increase of confirmed cases over time

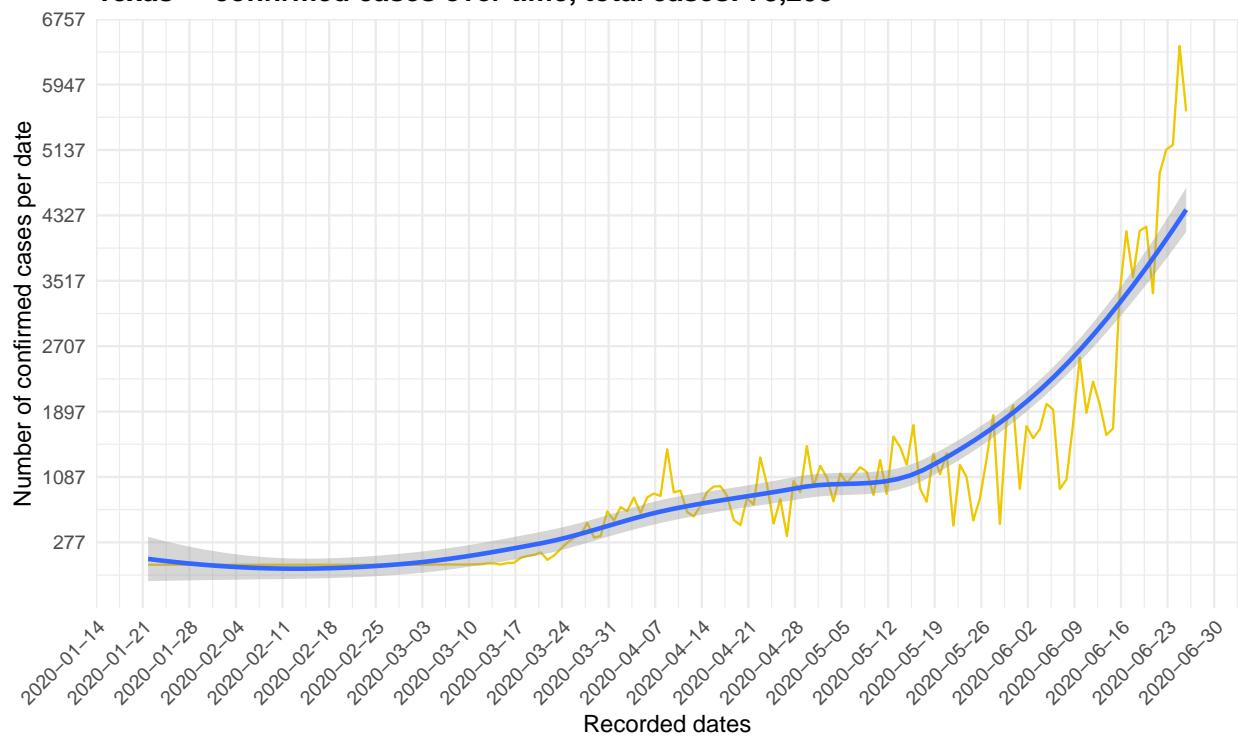

**Tennessee – confirmed cases over time, total cases: 27,575**

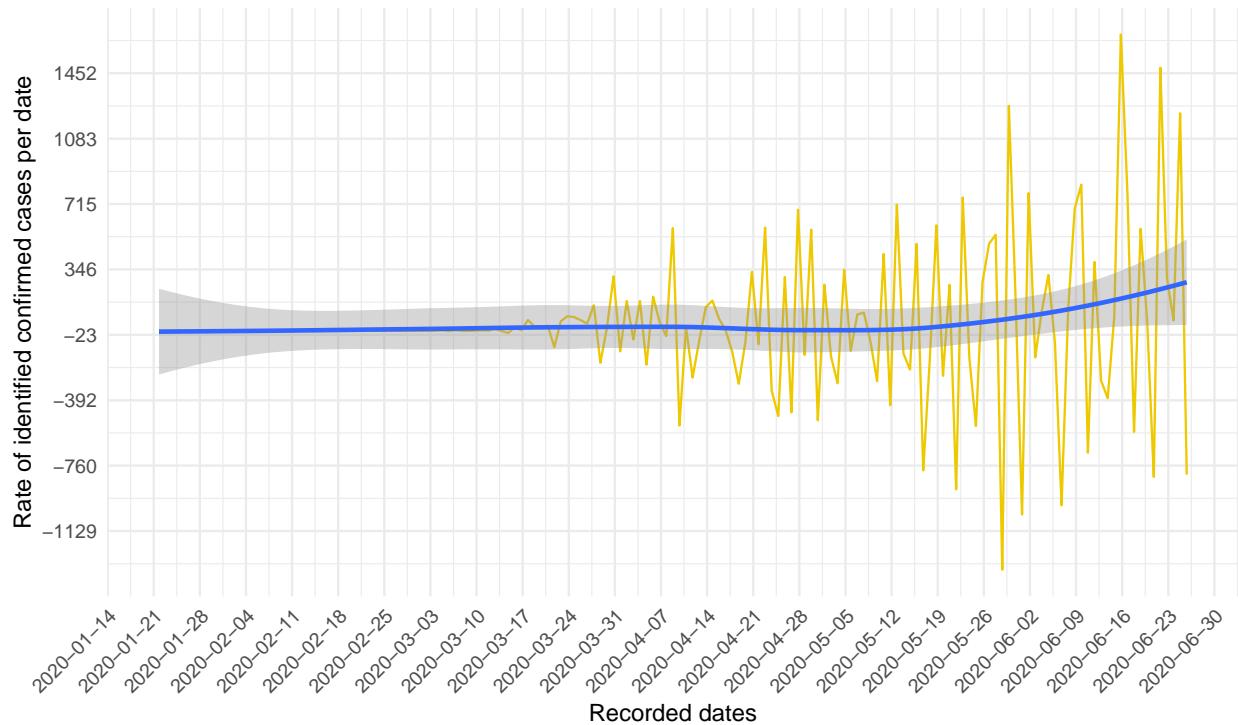

**Tennessee – rate of increase of confirmed cases over time**

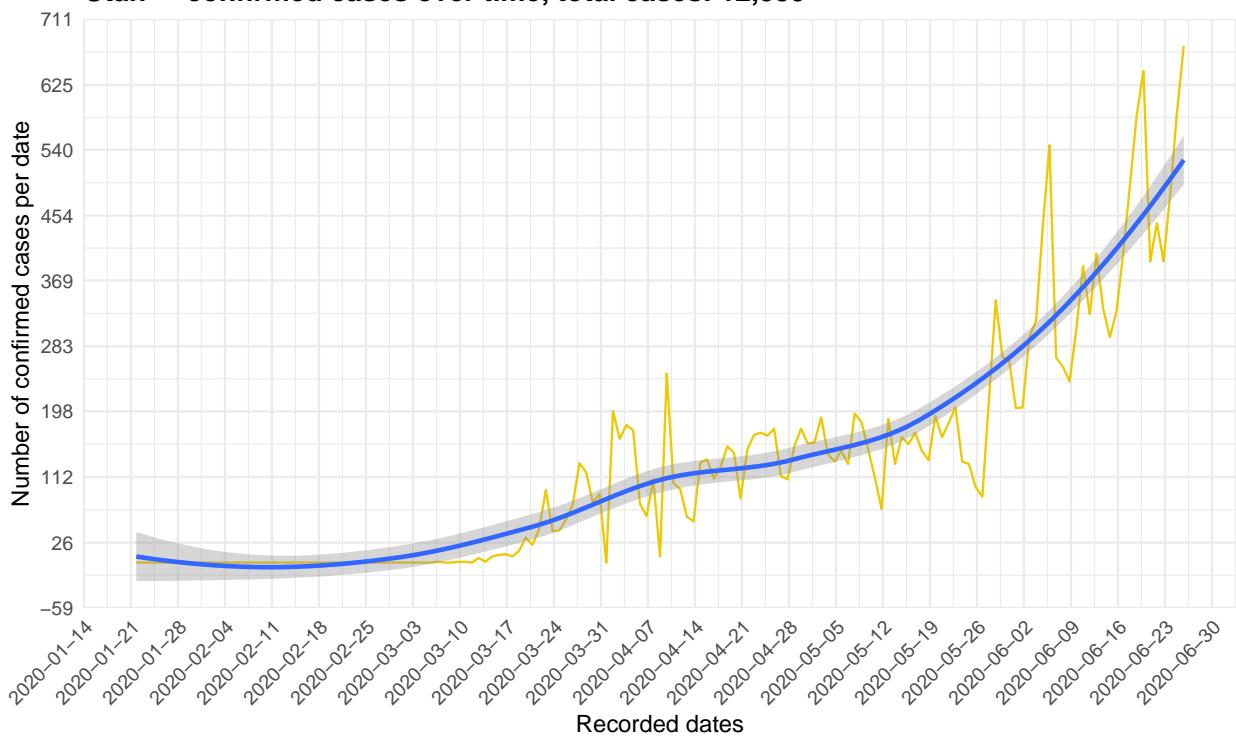

**Texas – confirmed cases over time, total cases: 78,208**

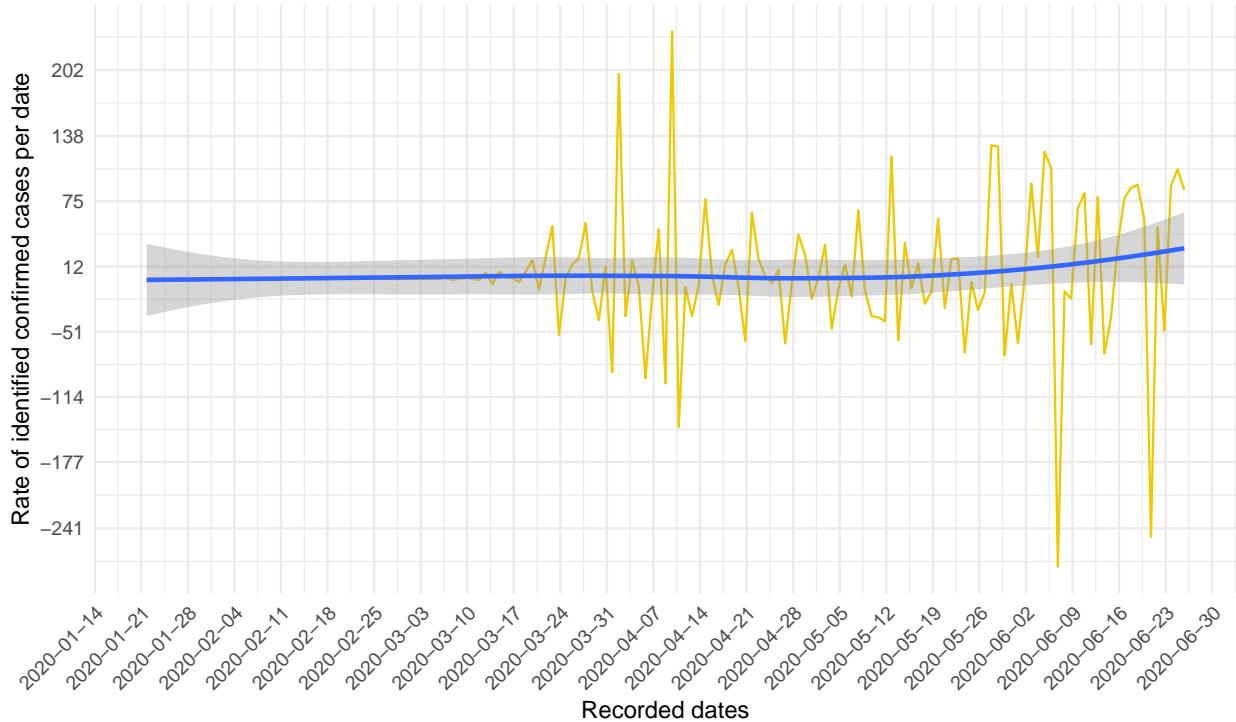

**Texas – rate of increase of confirmed cases over time**

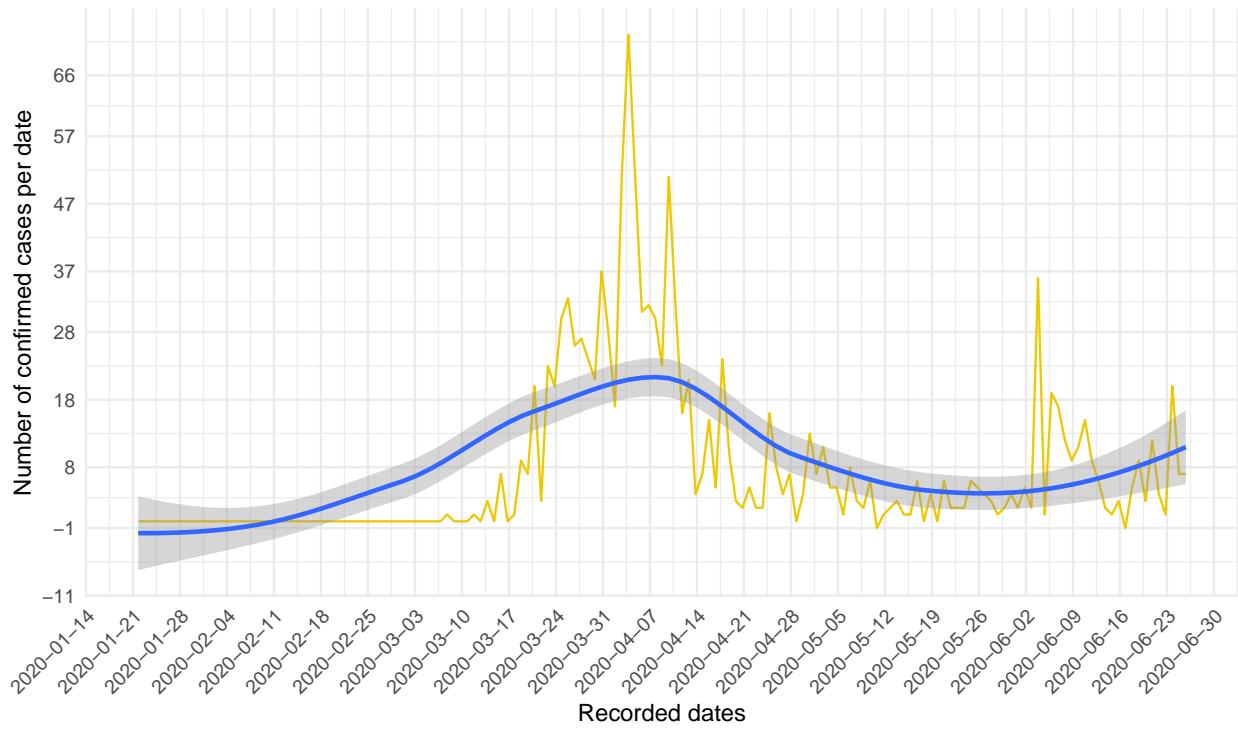

### Utah – confirmed cases over time, total cases: 12,559

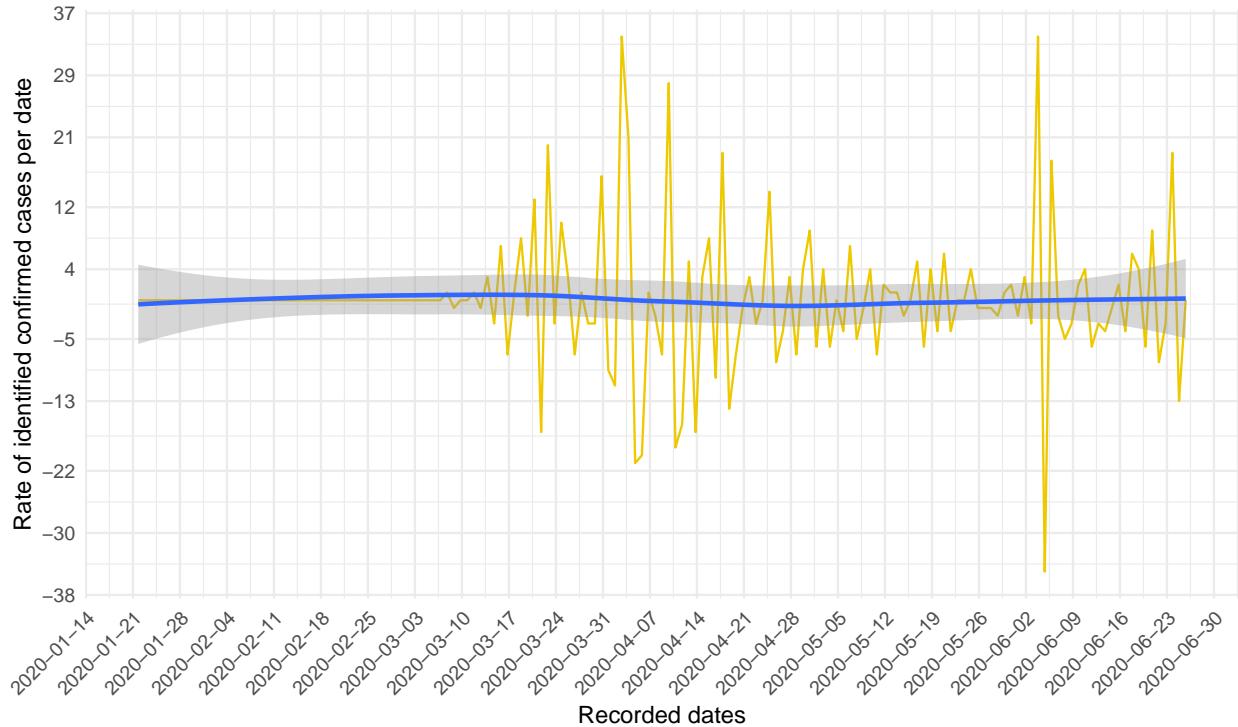

### Utah – rate of increase of confirmed cases over time

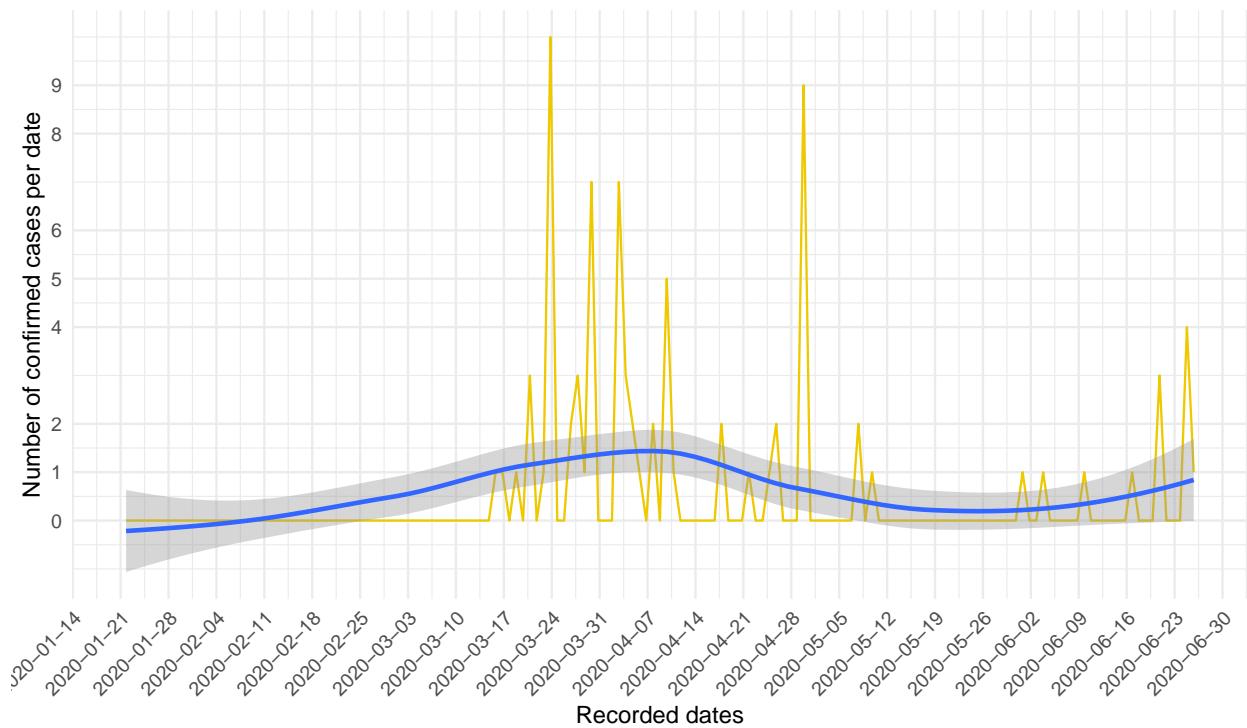

**Vermont – confirmed cases over time, total cases: 1,084**

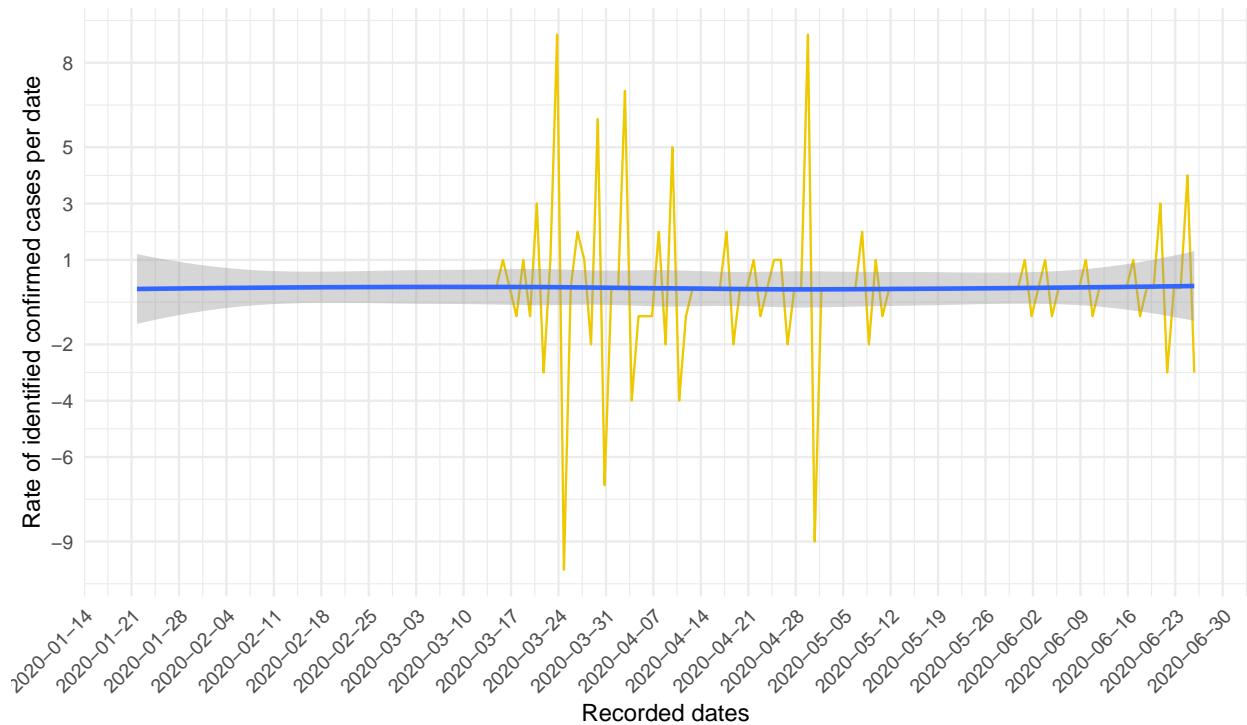

**Vermont – rate of increase of confirmed cases over time**

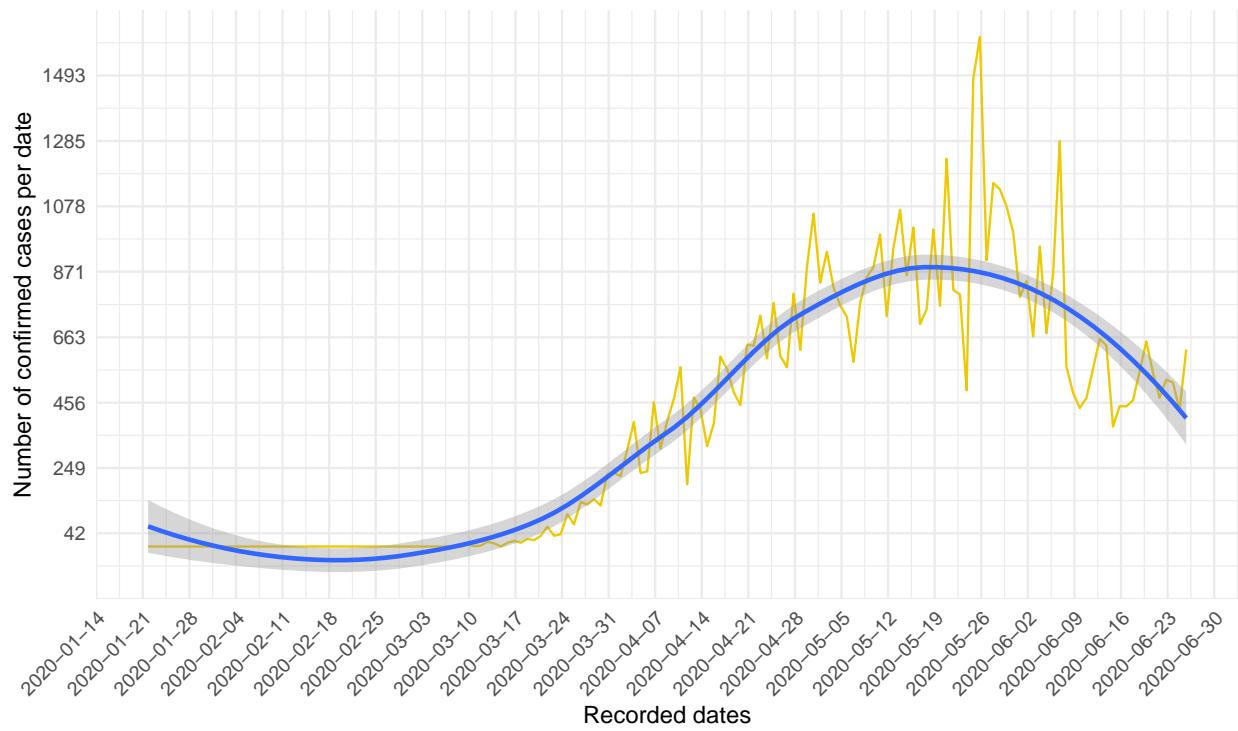

### Virgin Islands – confirmed cases over time, total cases: 71

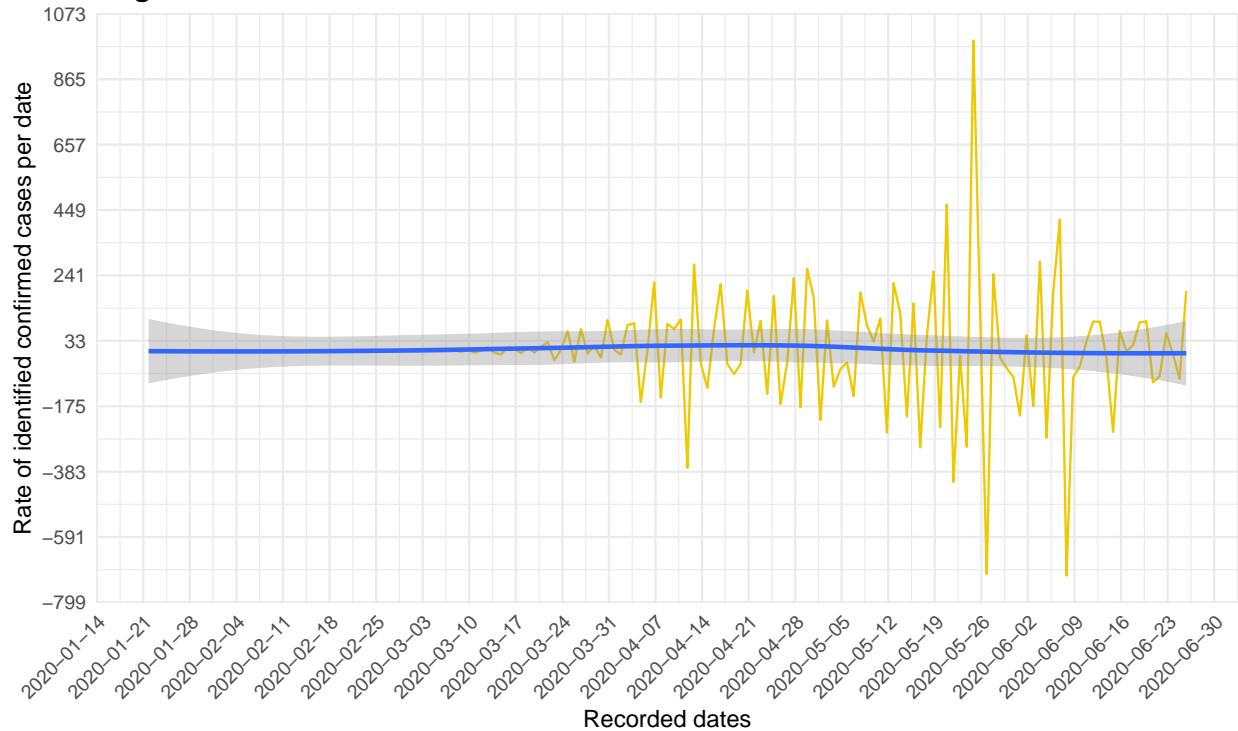

### Virgin Islands – rate of increase of confirmed cases over time

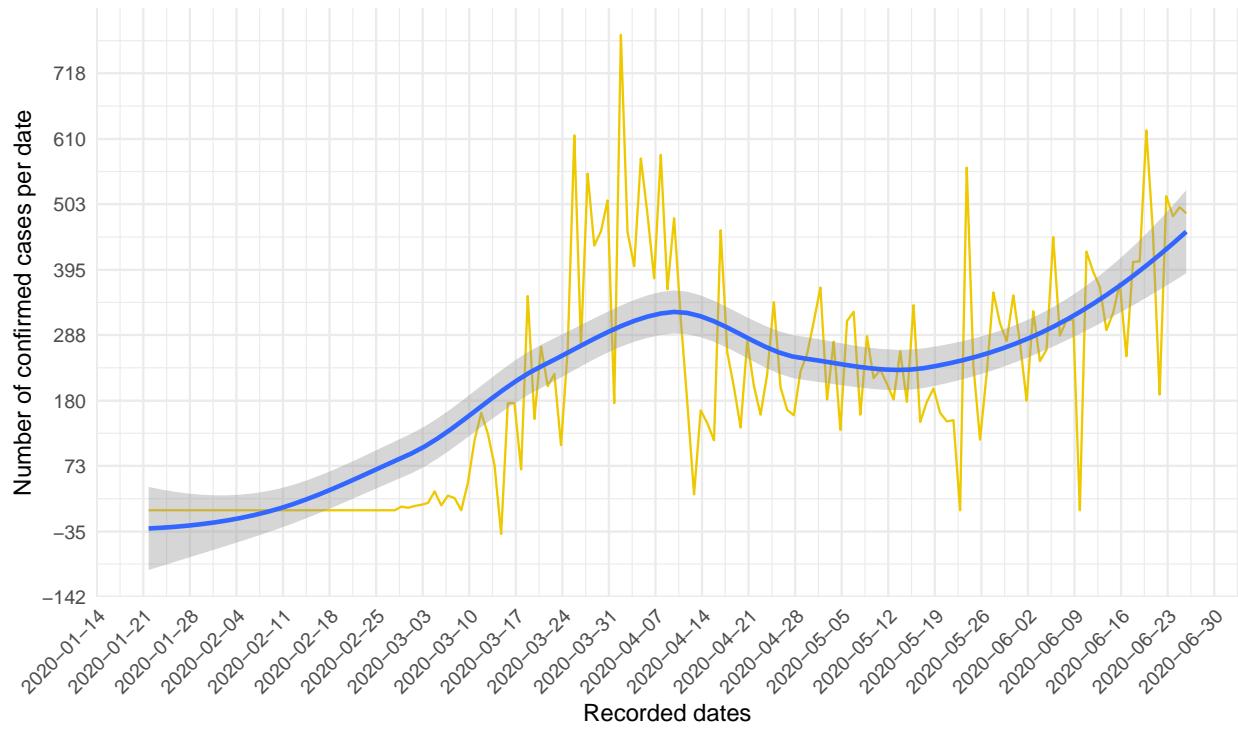

### Virginia – confirmed cases over time, total cases: 51,738

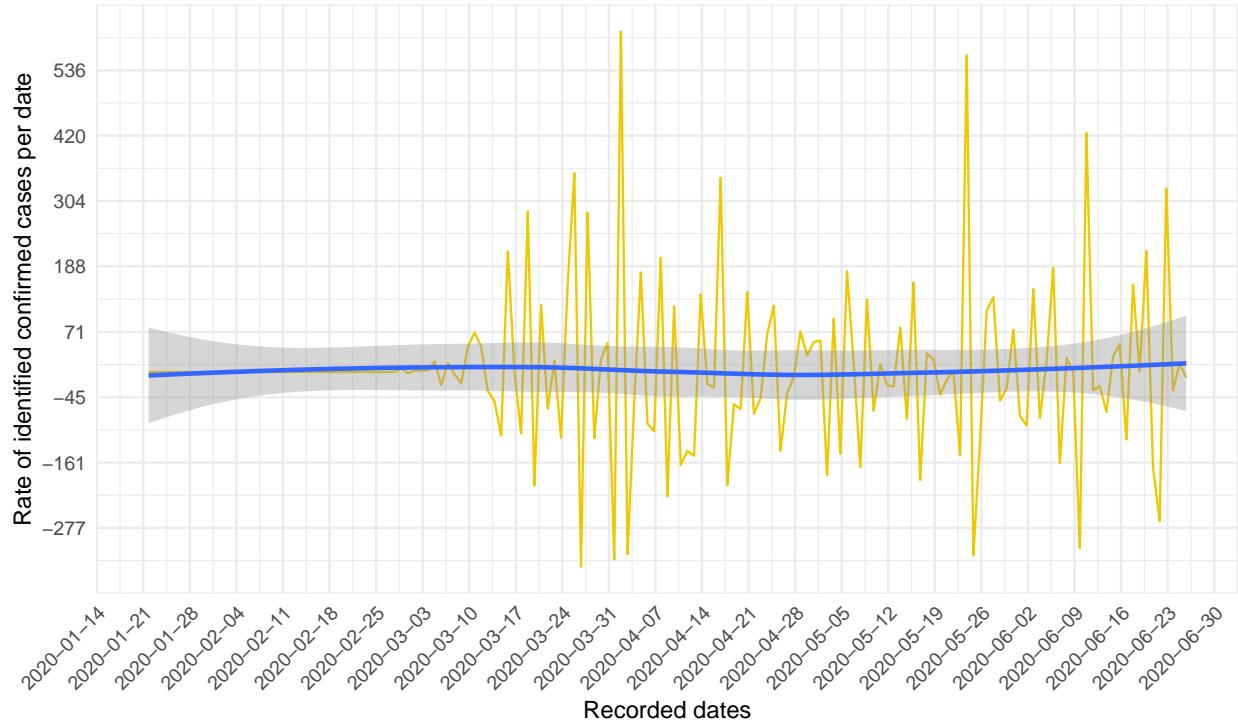

### Virginia – rate of increase of confirmed cases over time

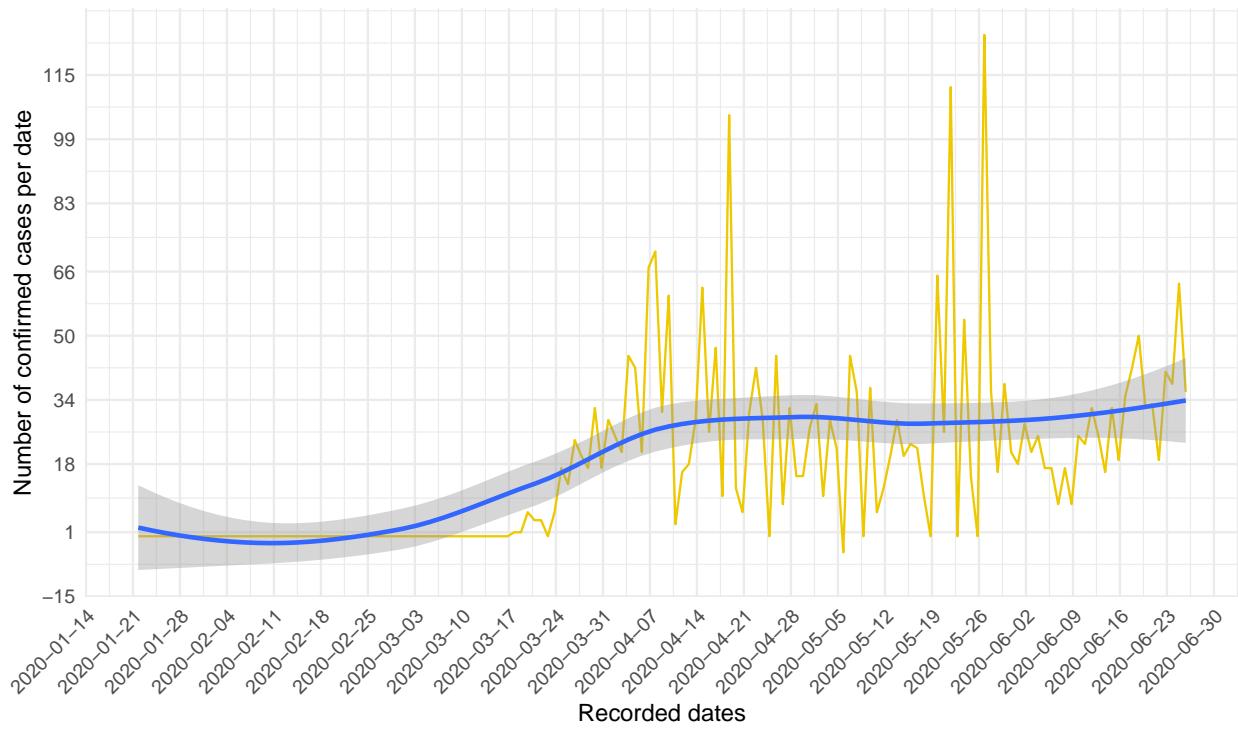

**Washington – confirmed cases over time, total cases: 24,354**

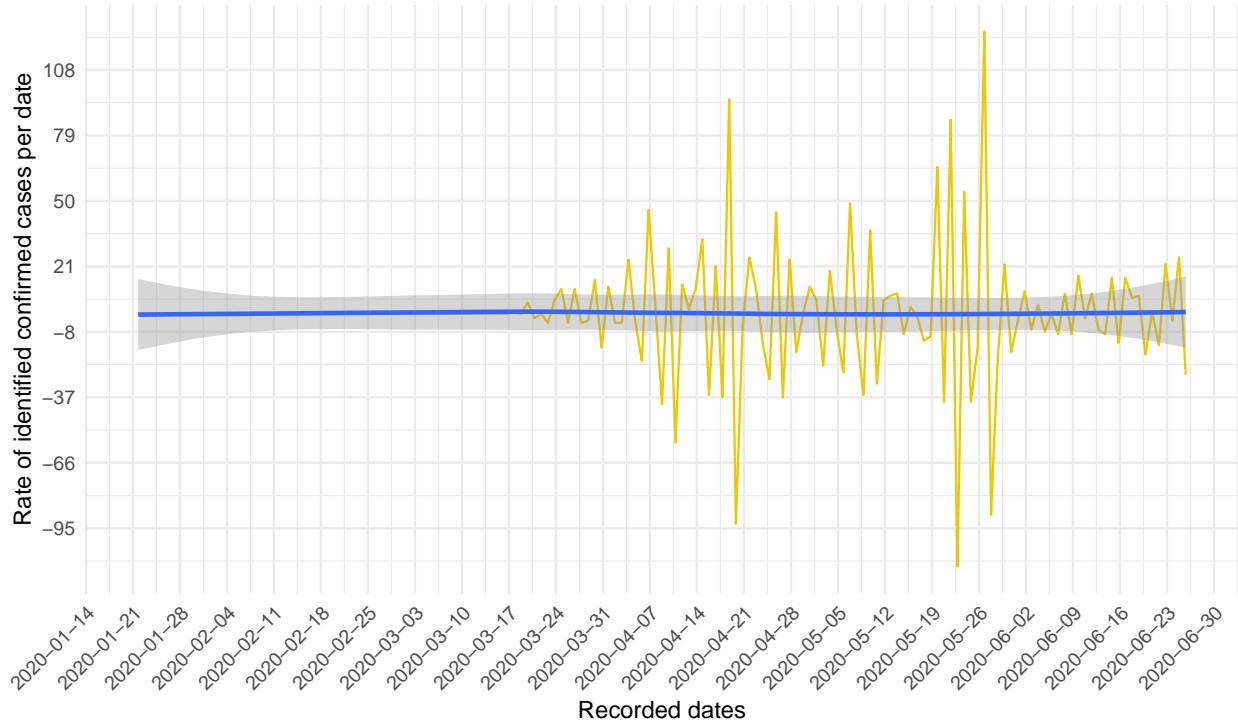

**Washington – rate of increase of confirmed cases over time**

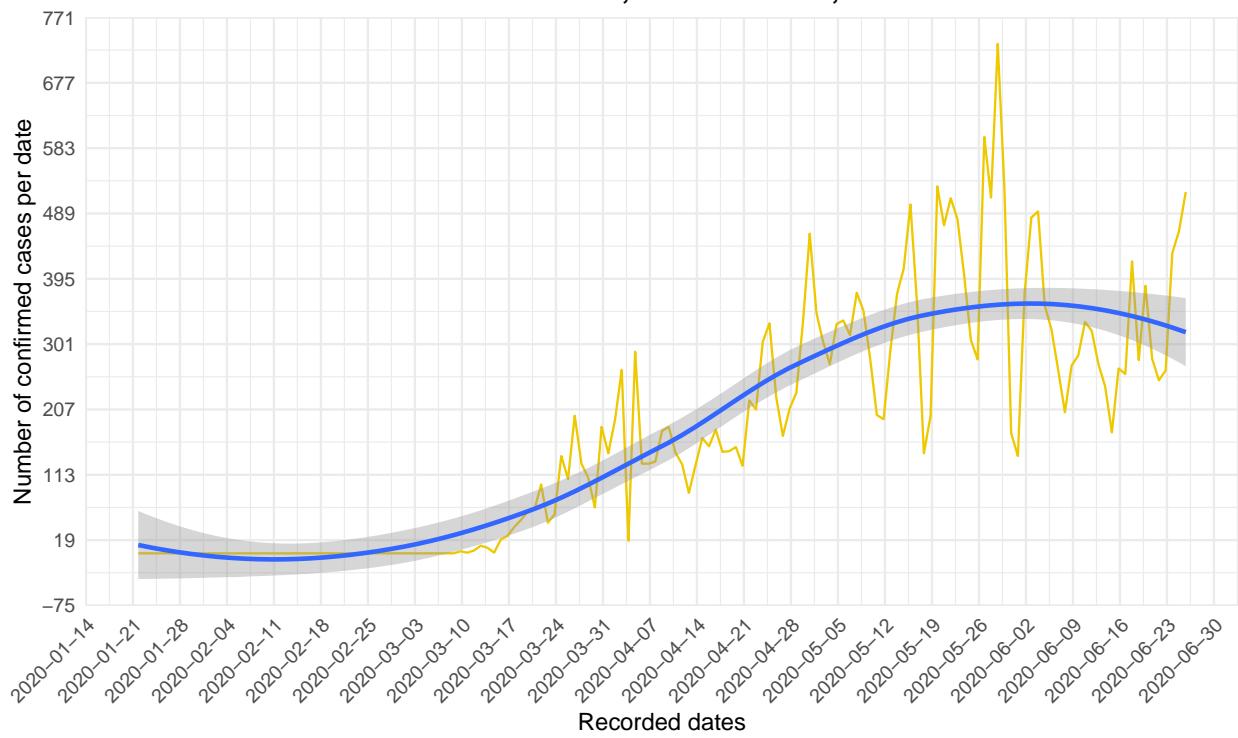

**West Virginia – confirmed cases over time, total cases: 2,169**

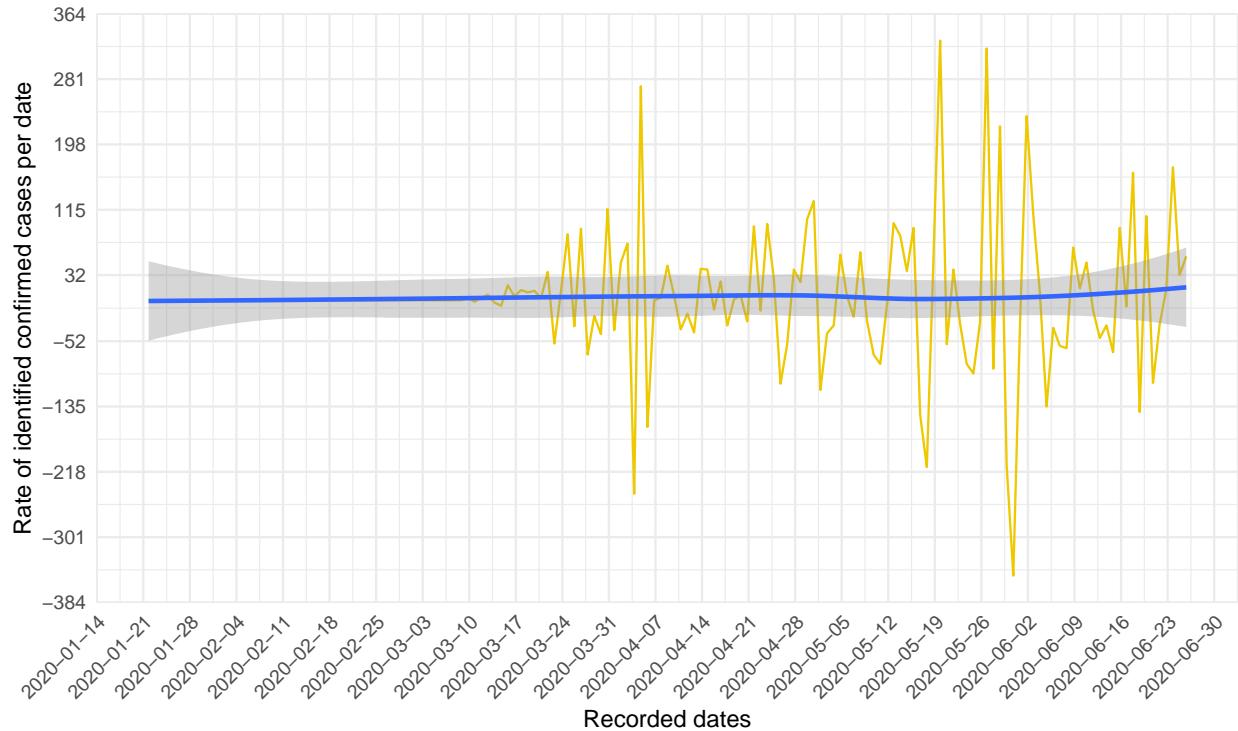

**West Virginia – rate of increase of confirmed cases over time**

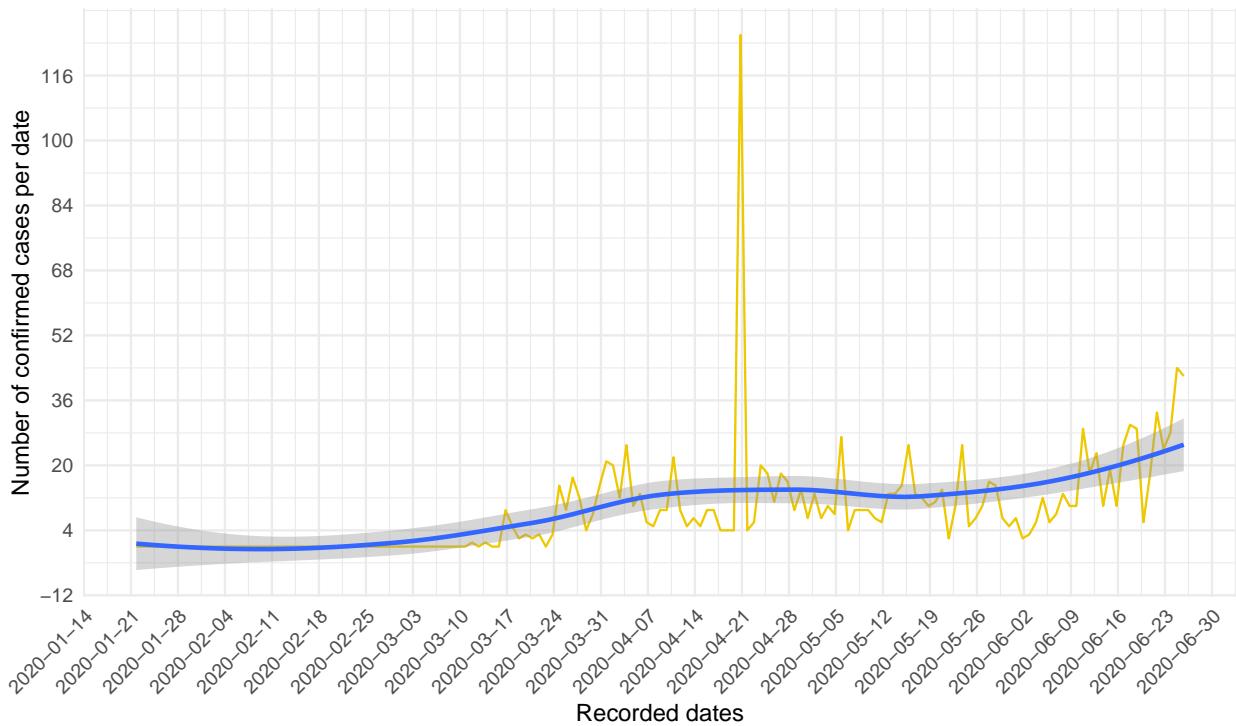

### Wisconsin – confirmed cases over time, total cases: 21,308

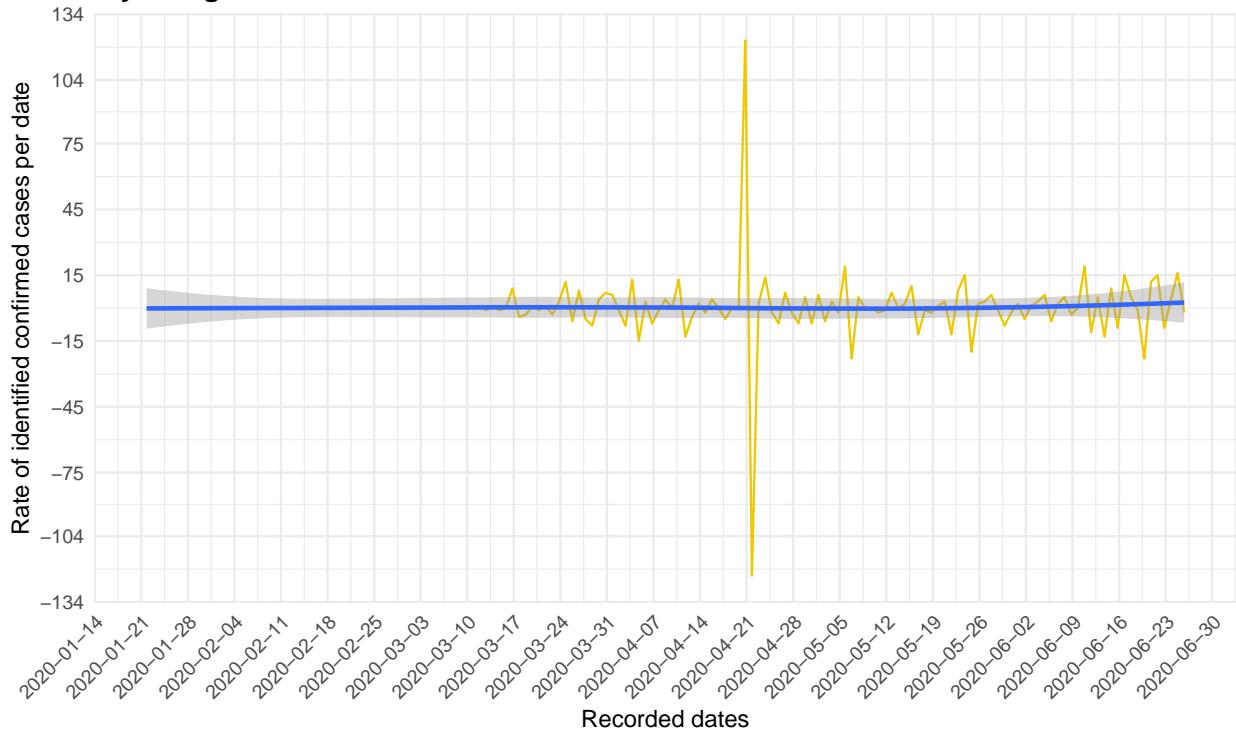

### Wisconsin – rate of increase of confirmed cases over time

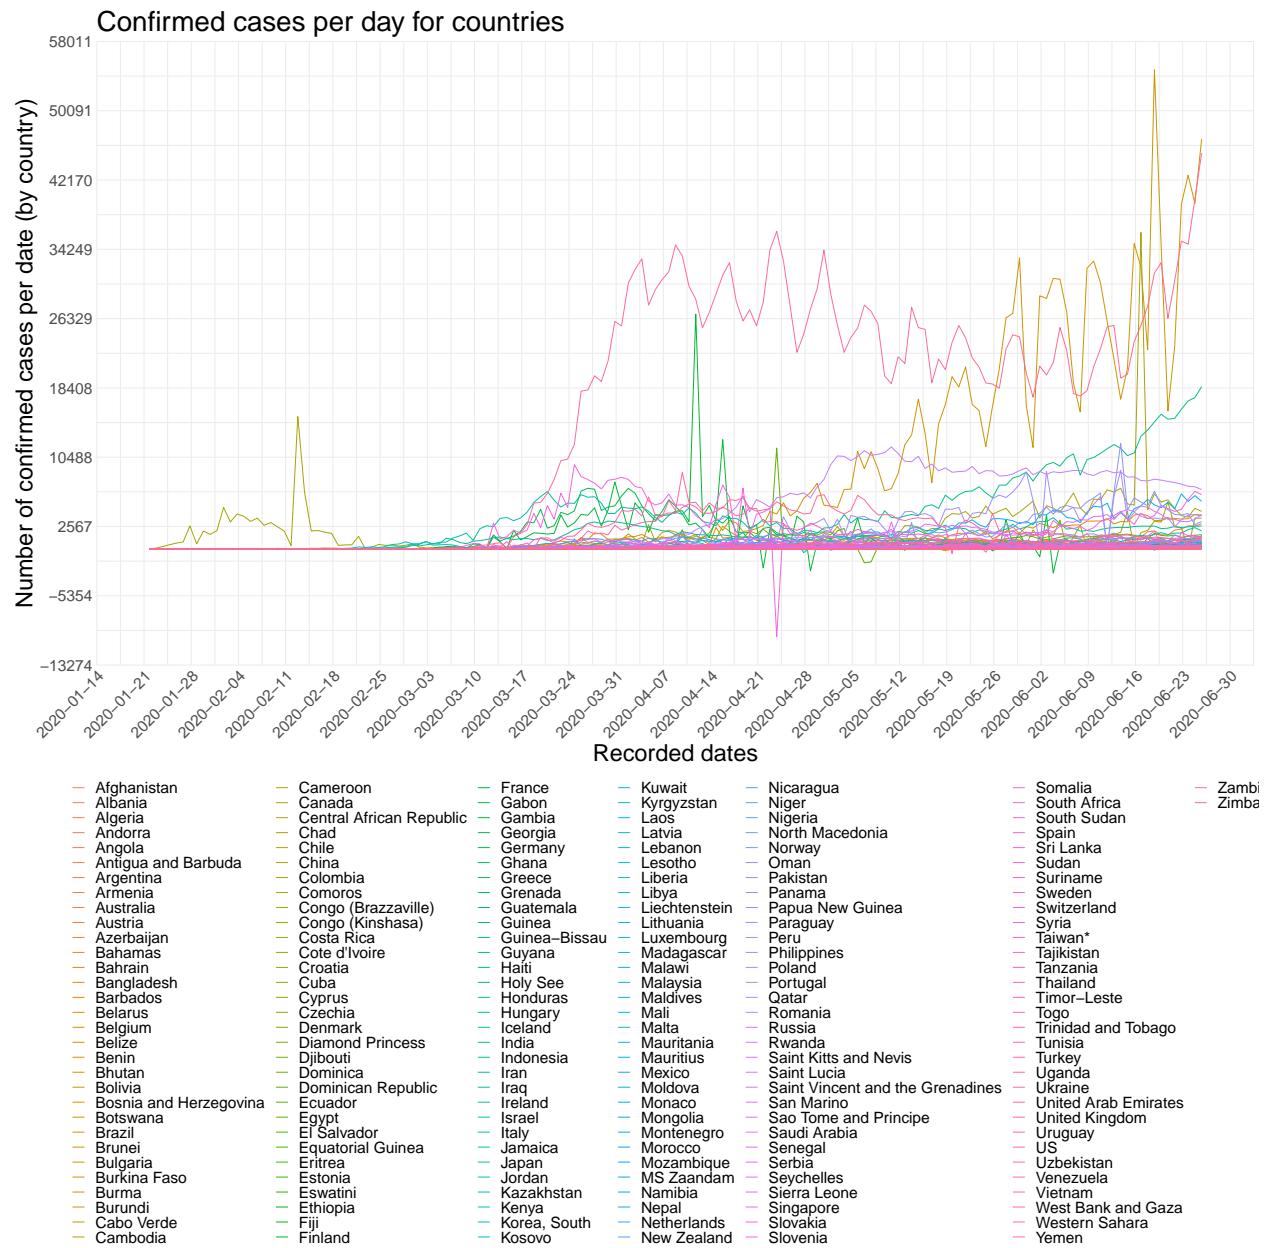

### Wyoming – confirmed cases over time, total cases: 970

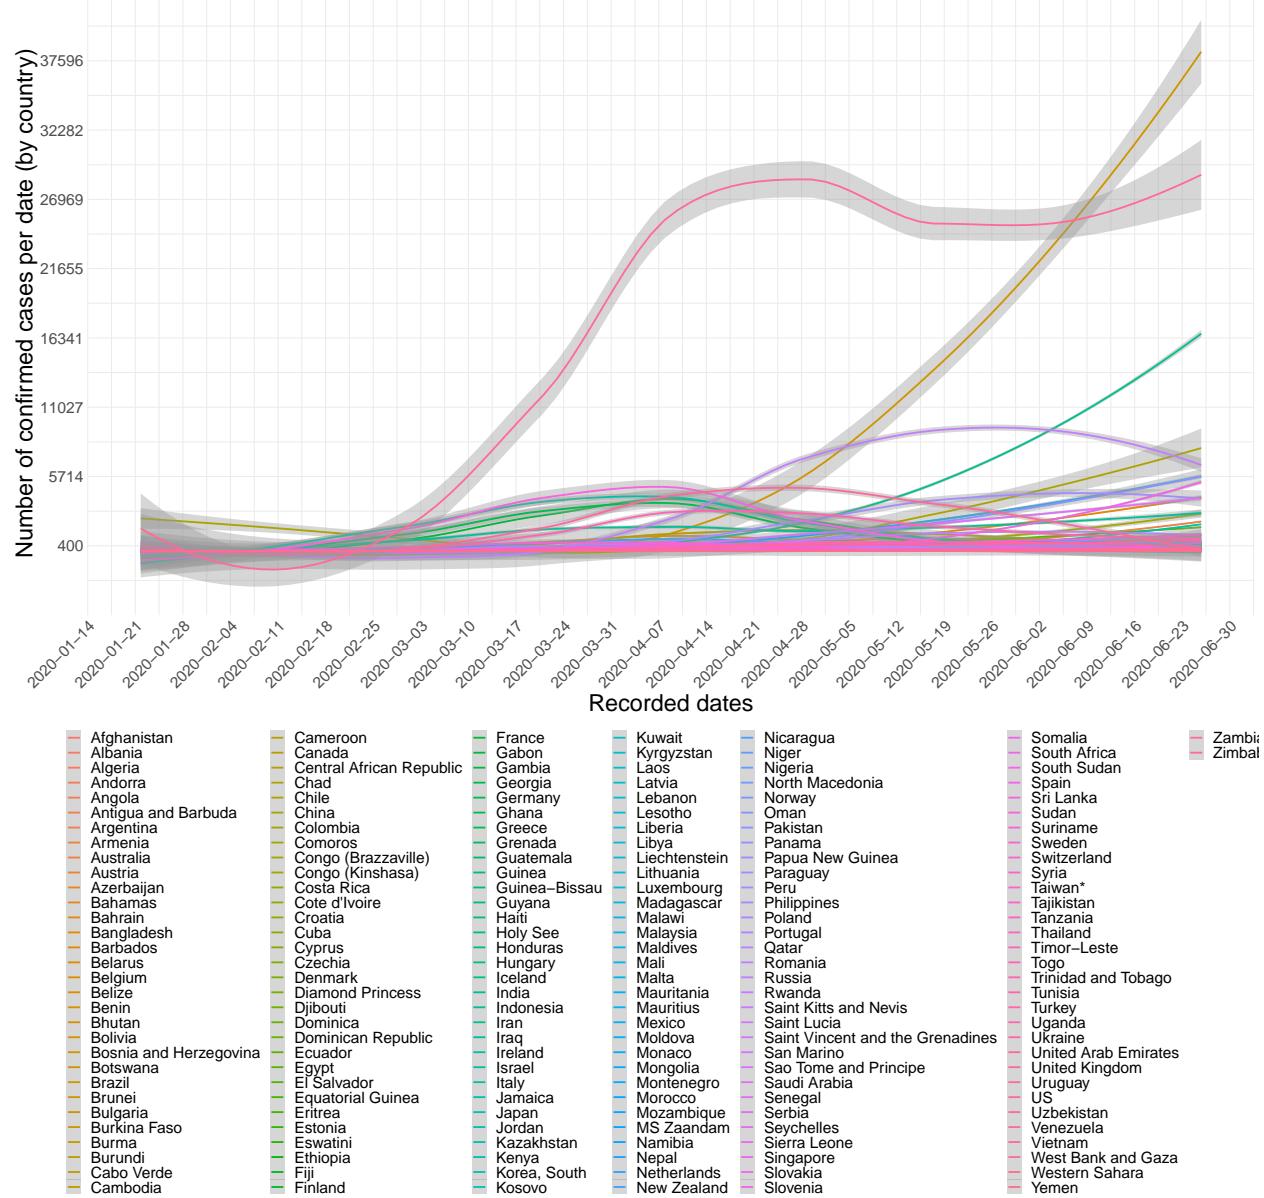

### Wyoming – rate of increase of confirmed cases over time

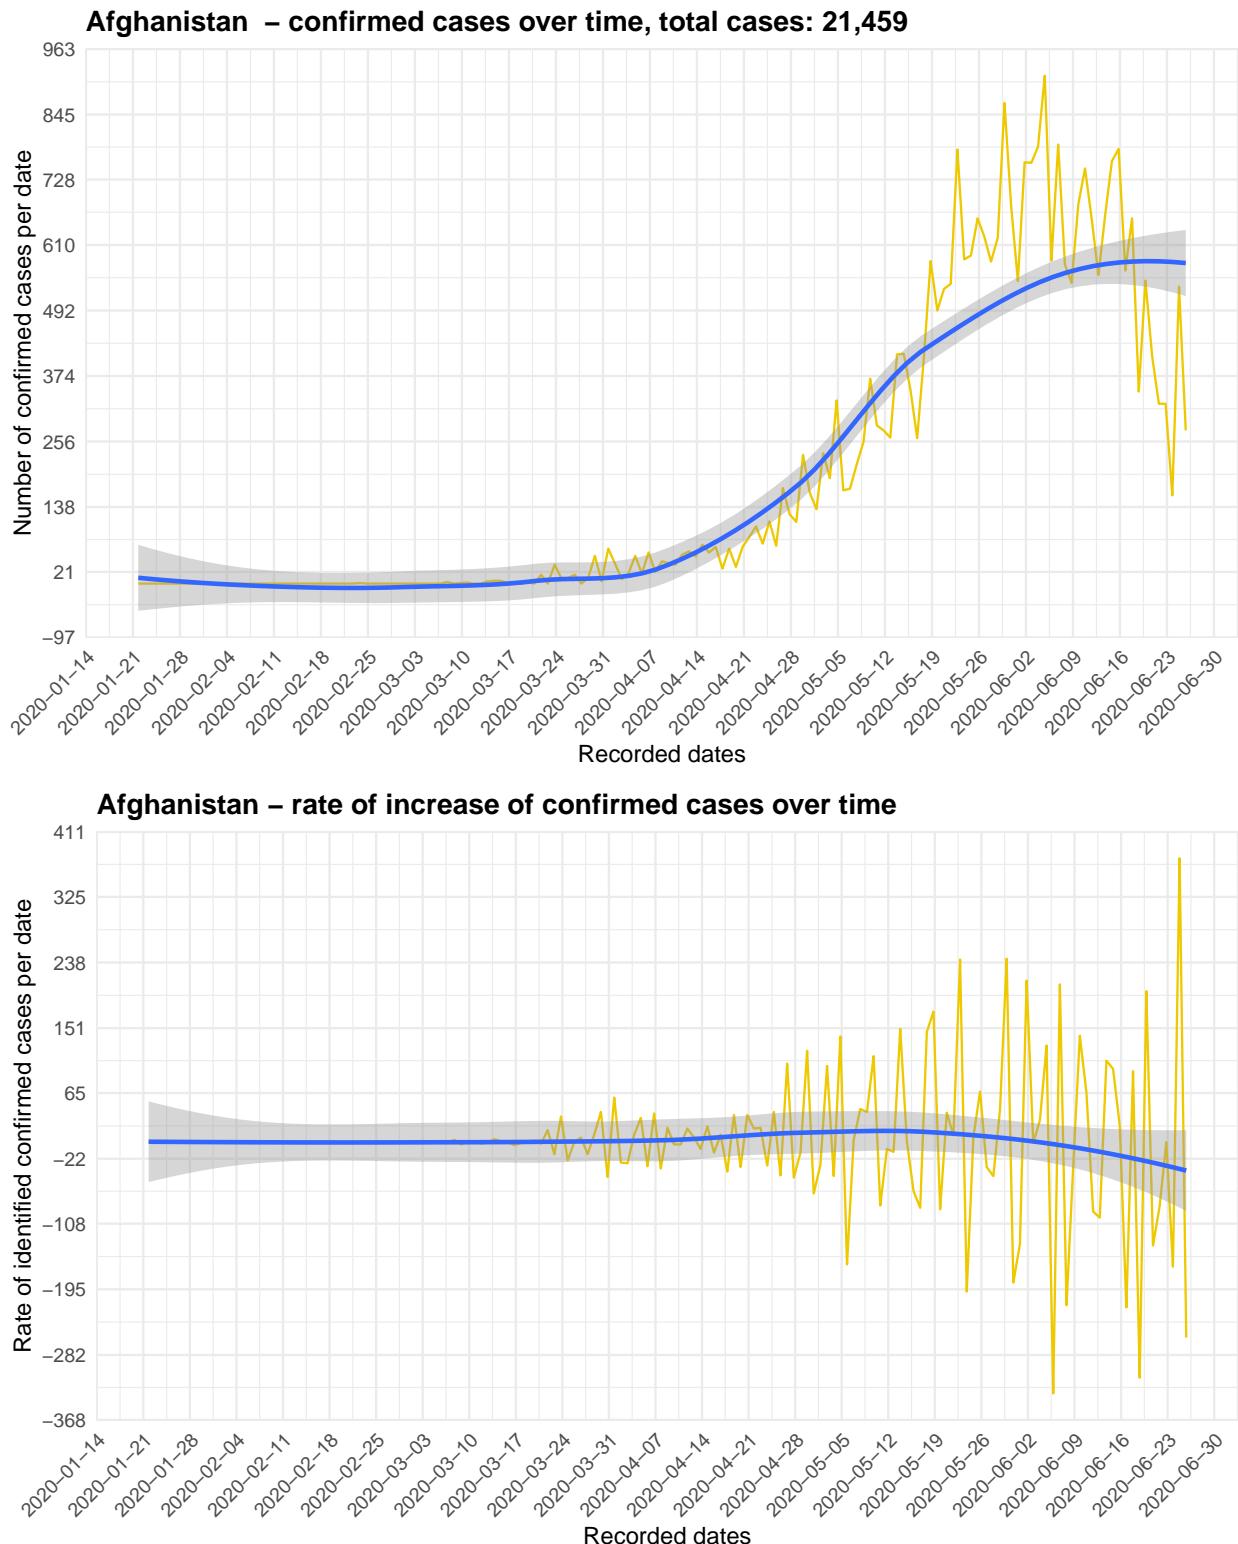

## Confirmed cases across countries, count per day

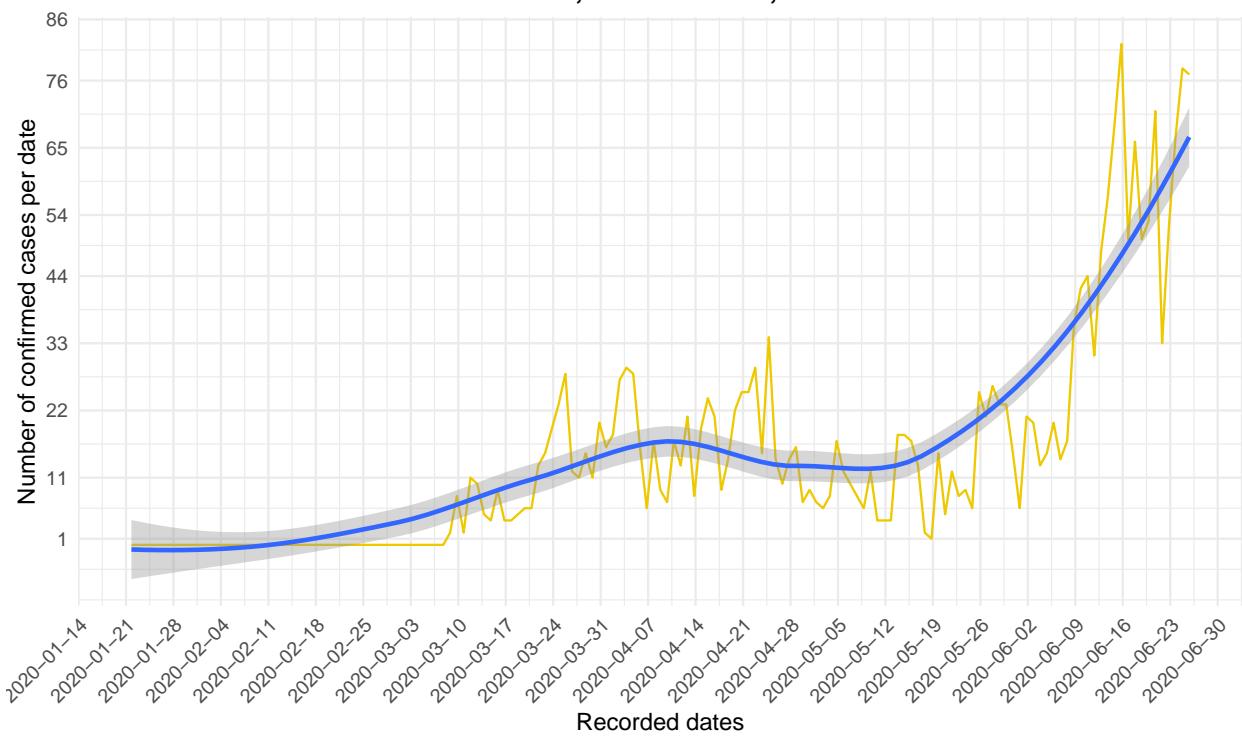

### Confirmed cases per day for countries, loess smoother applied

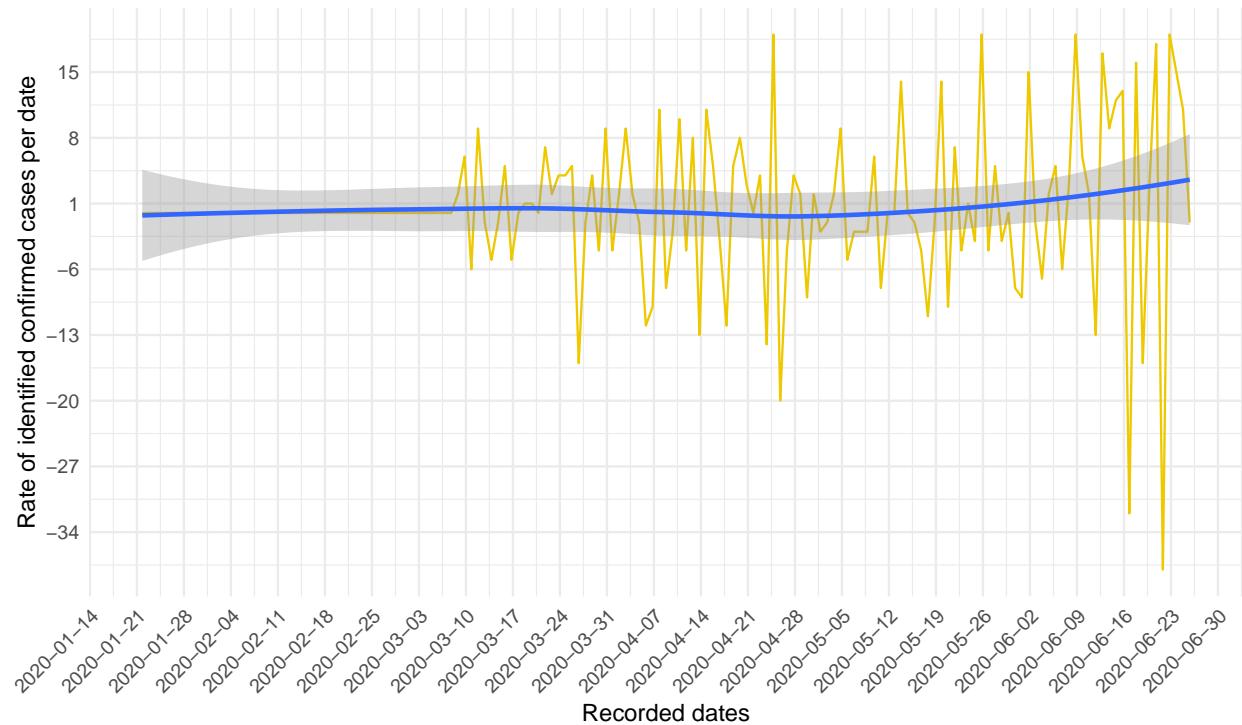

## Confirmed cases by country, per day counting and rate of increase per day

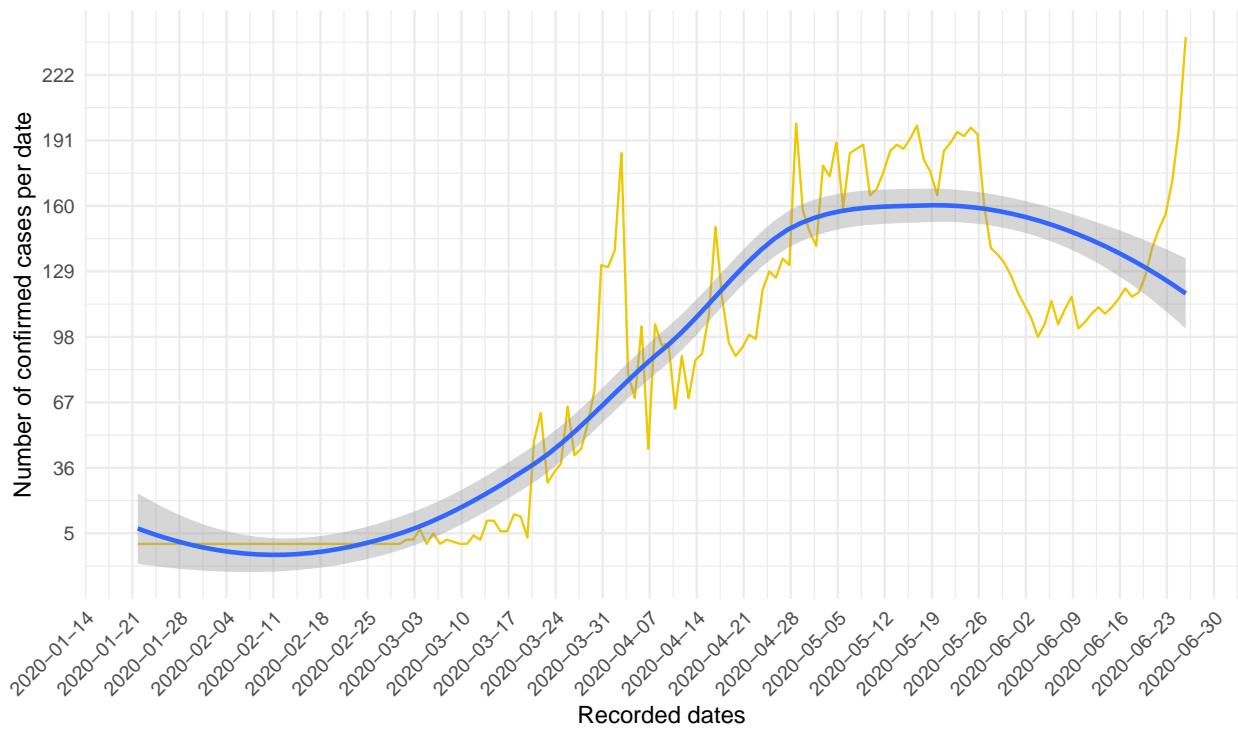

### Albania – confirmed cases over time, total cases: 1,299

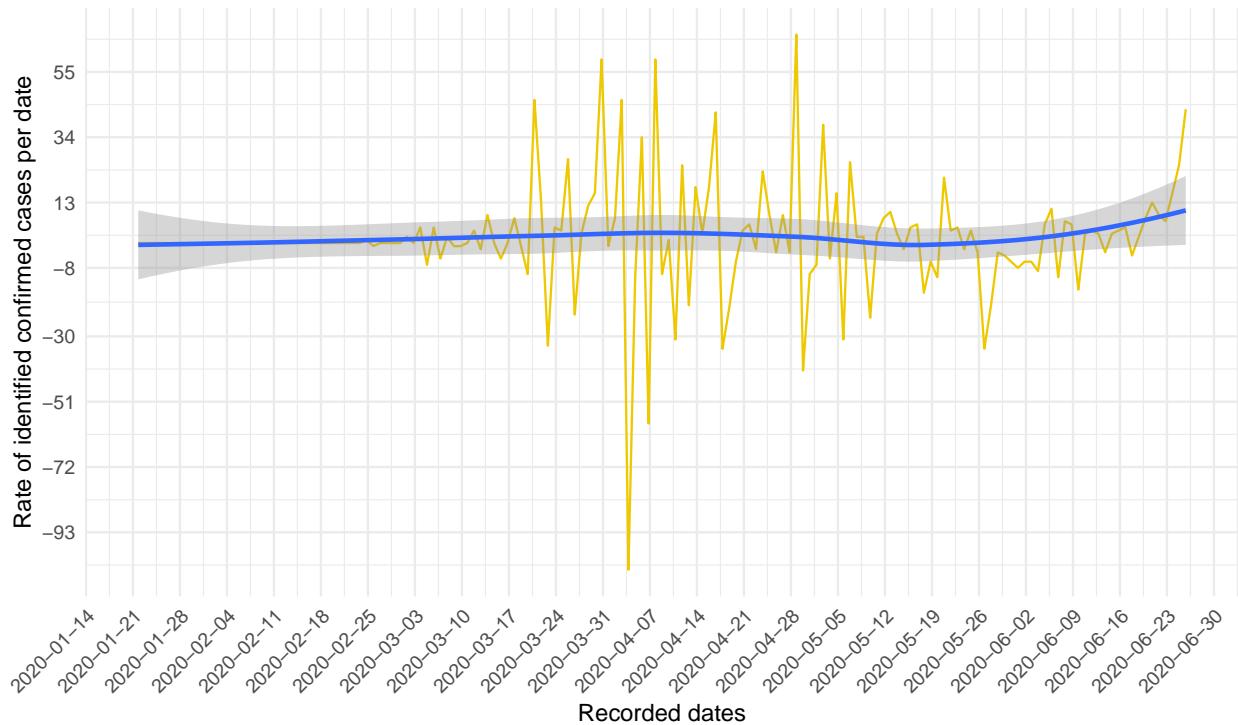

### Albania – rate of increase of confirmed cases over time

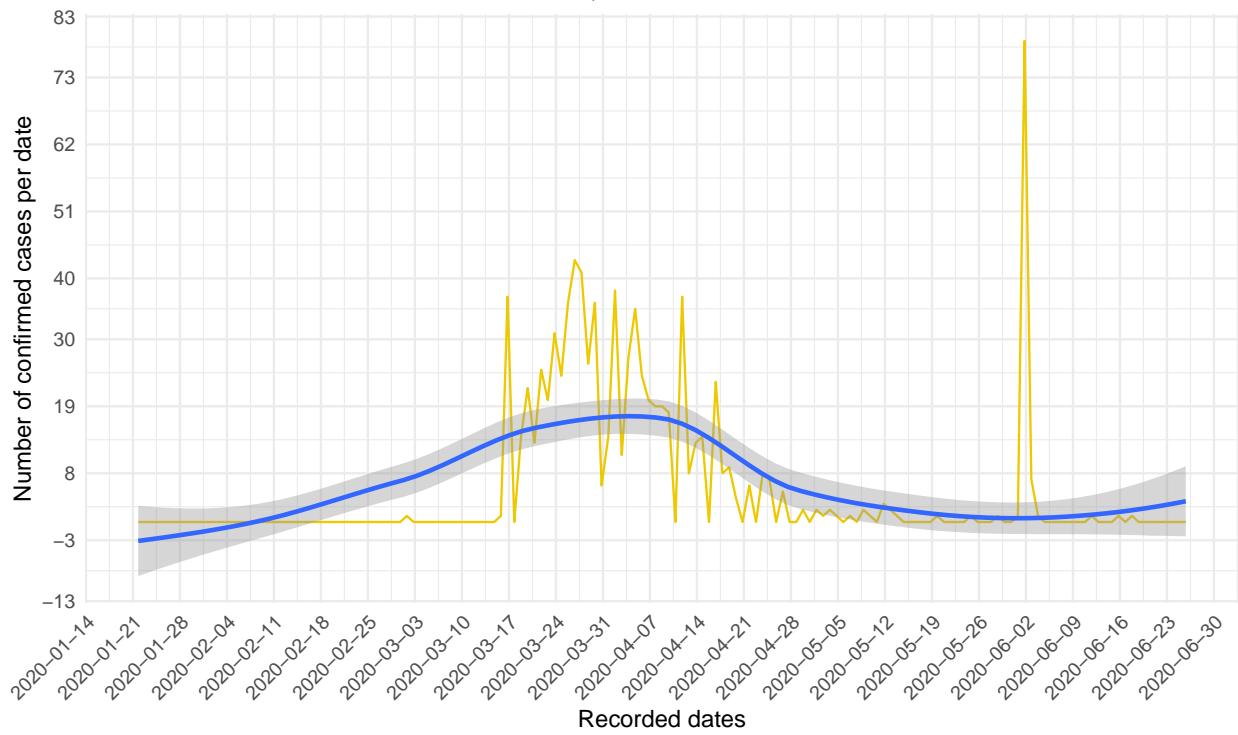

### Algeria – confirmed cases over time, total cases: 10,382

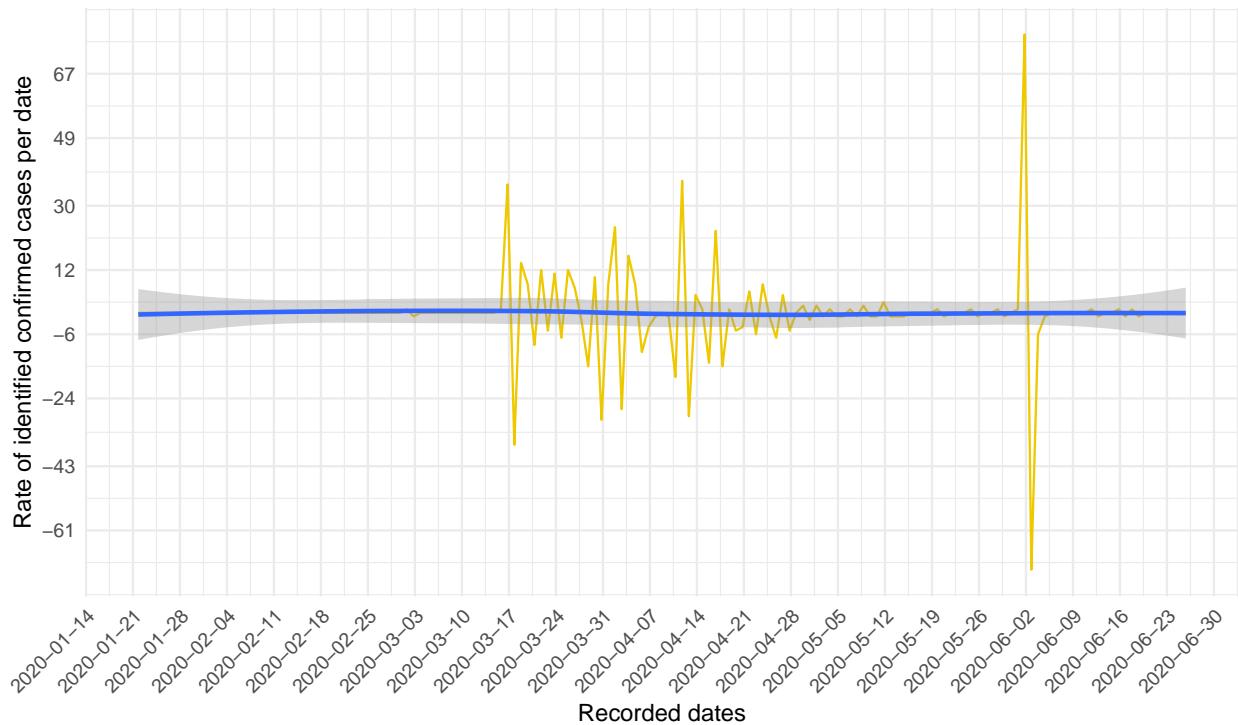

### Algeria – rate of increase of confirmed cases over time

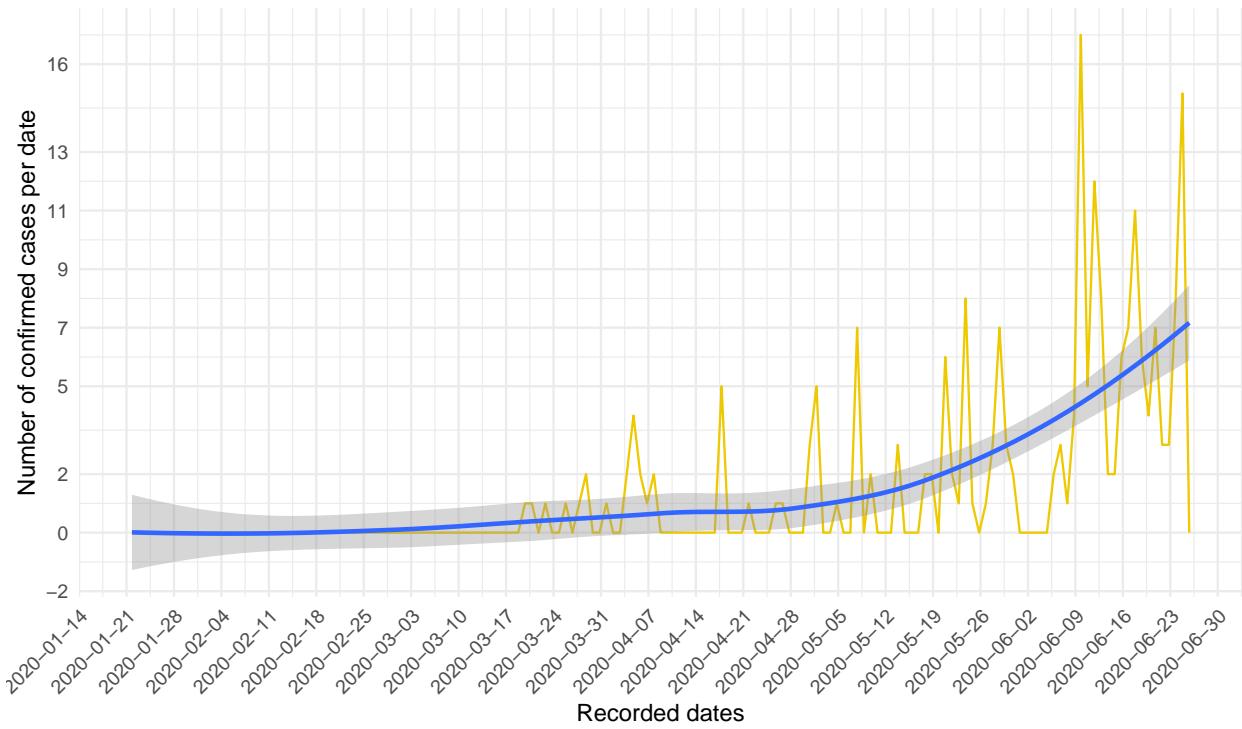

### Andorra – confirmed cases over time, total cases: 852

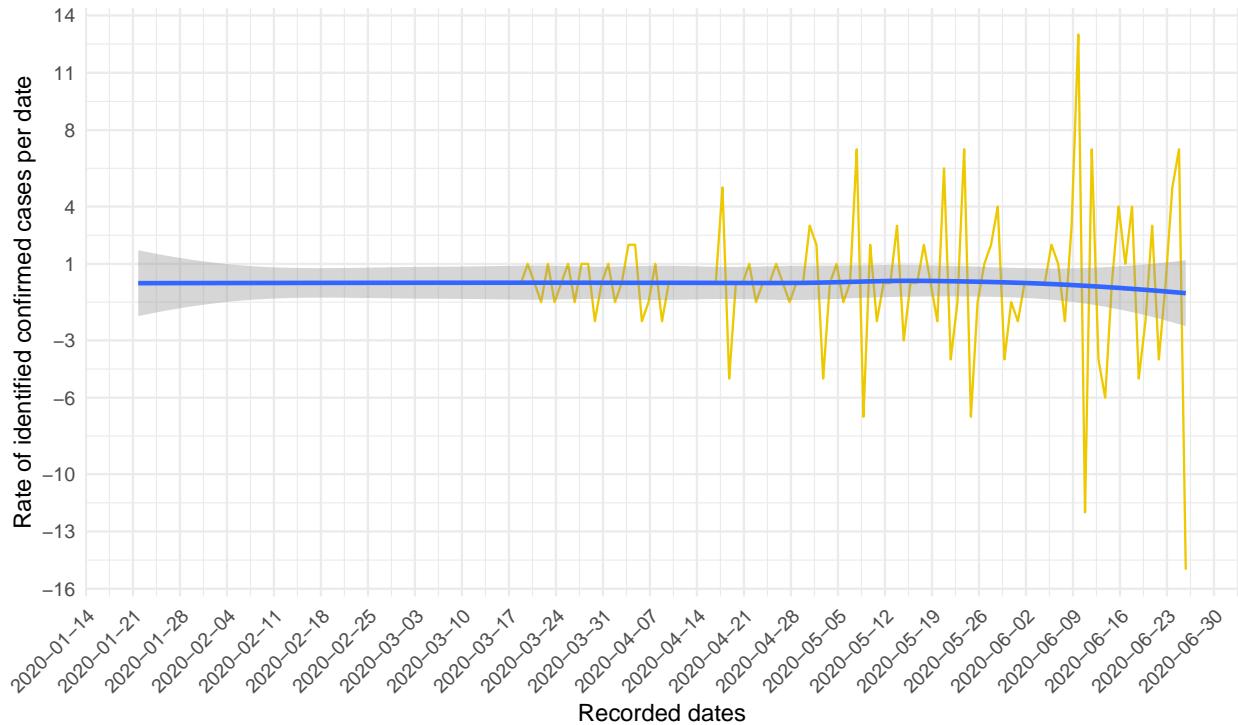

### Andorra – rate of increase of confirmed cases over time

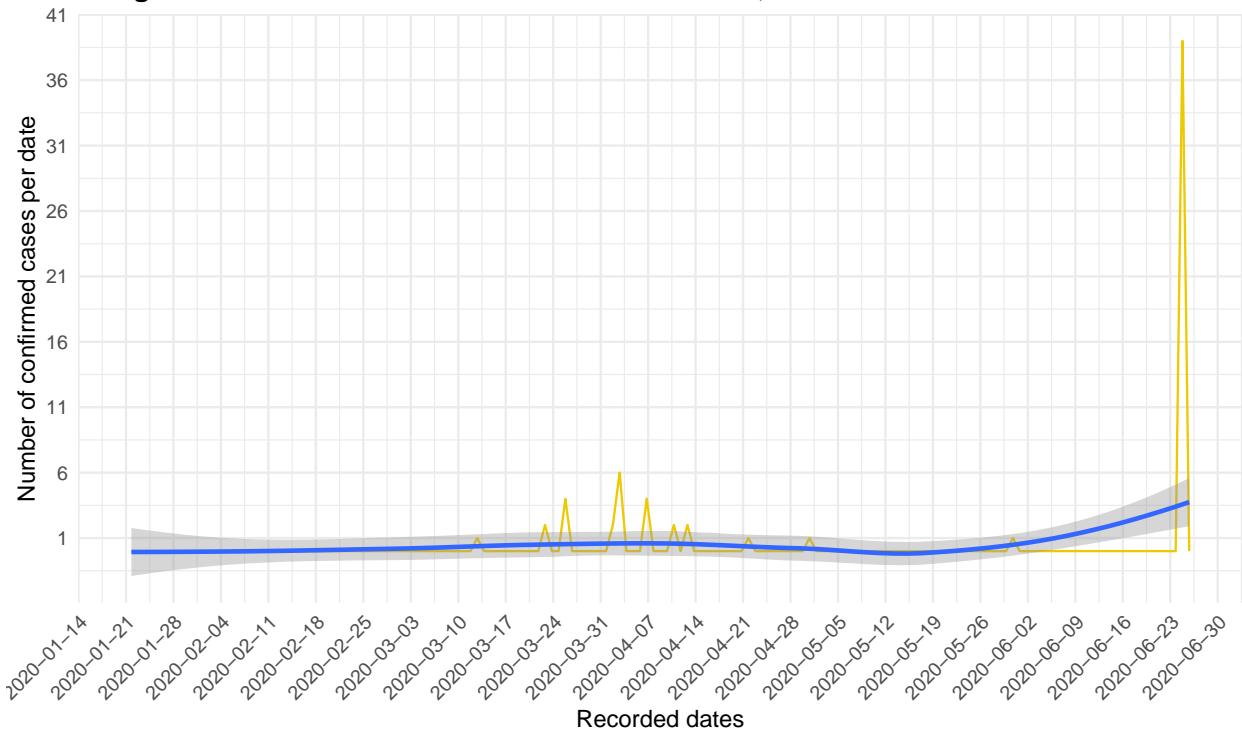

**Angola – confirmed cases over time, total cases: 96**

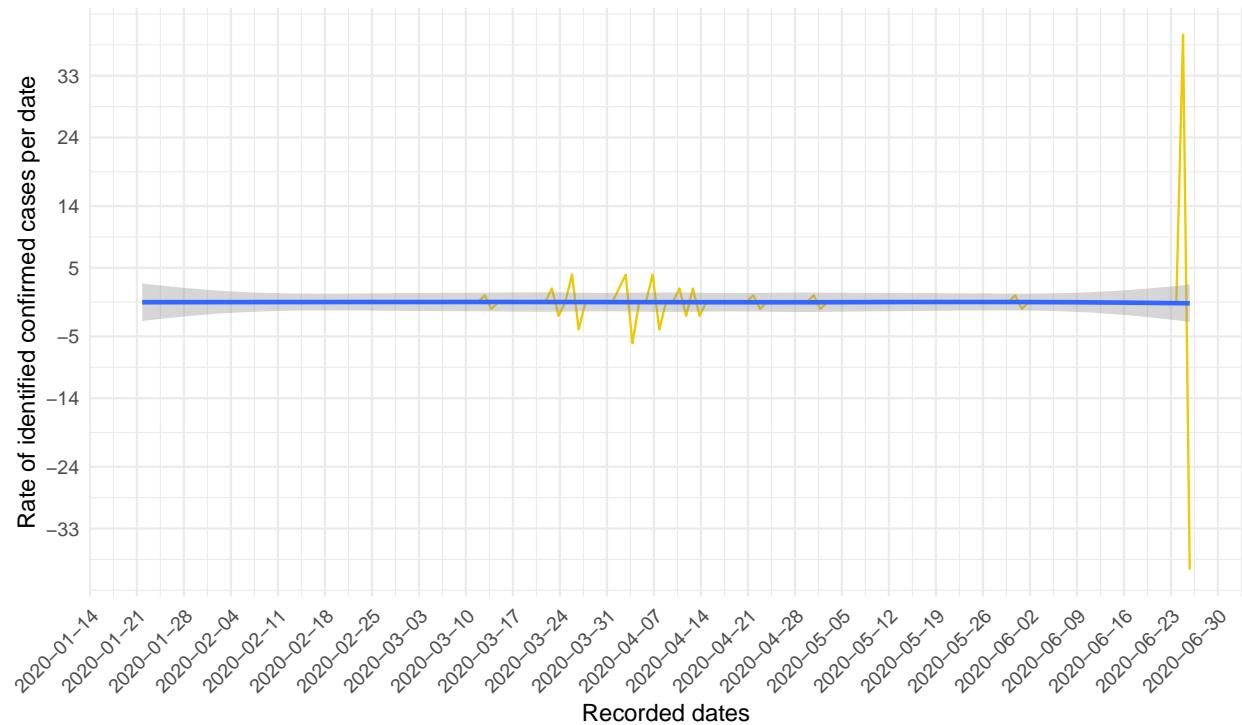

**Angola – rate of increase of confirmed cases over time**

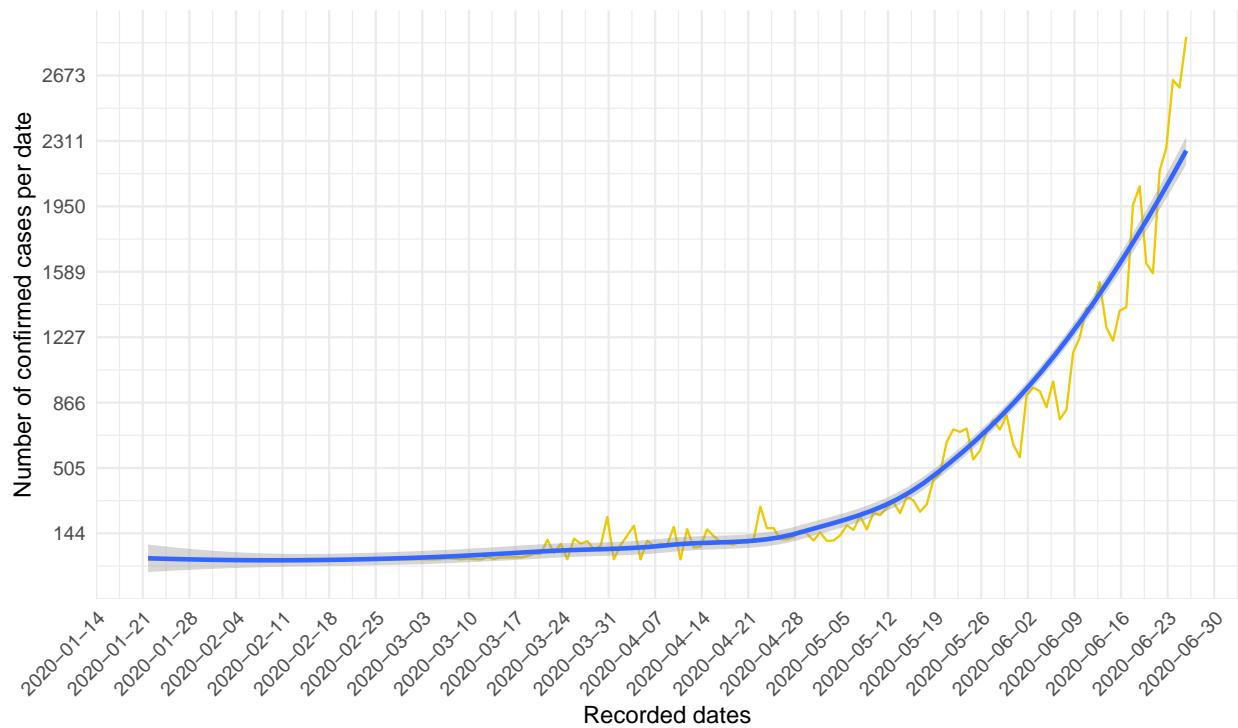

### **Antigua and Barbuda – confirmed cases over time, total cases: 26**

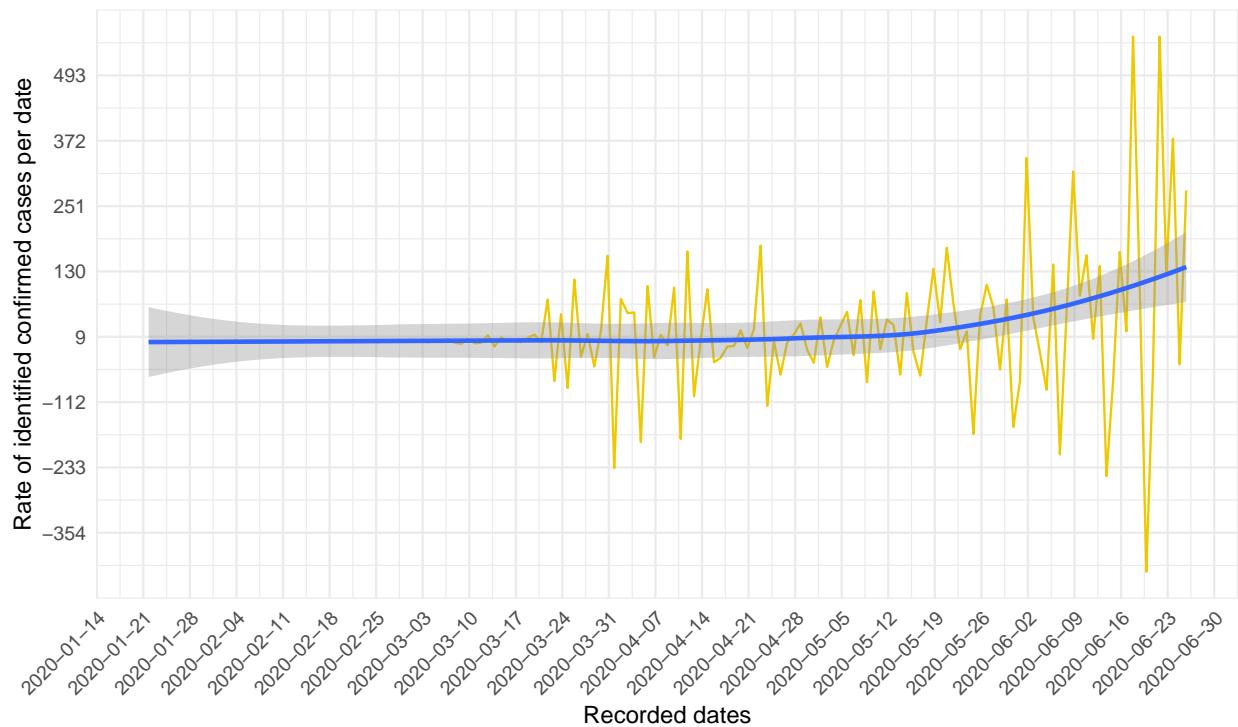

### **Antigua and Barbuda – rate of increase of confirmed cases over time**

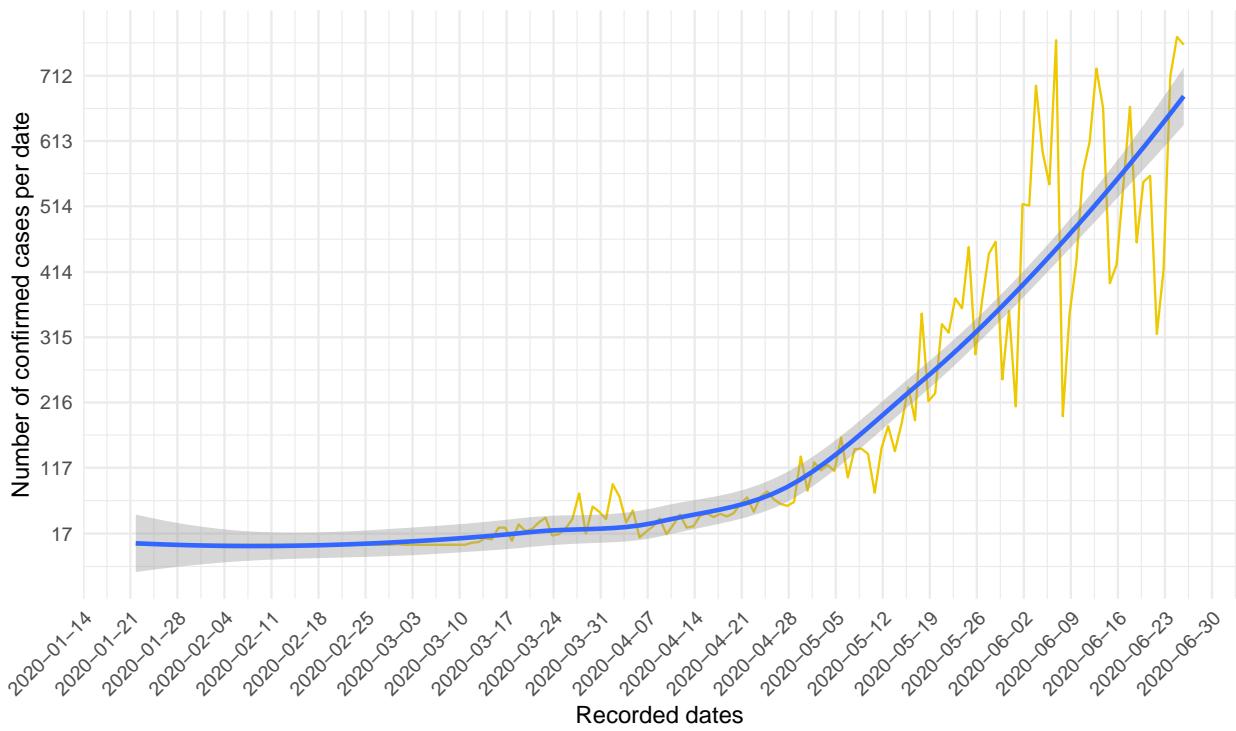

### Argentina – confirmed cases over time, total cases: 24,761

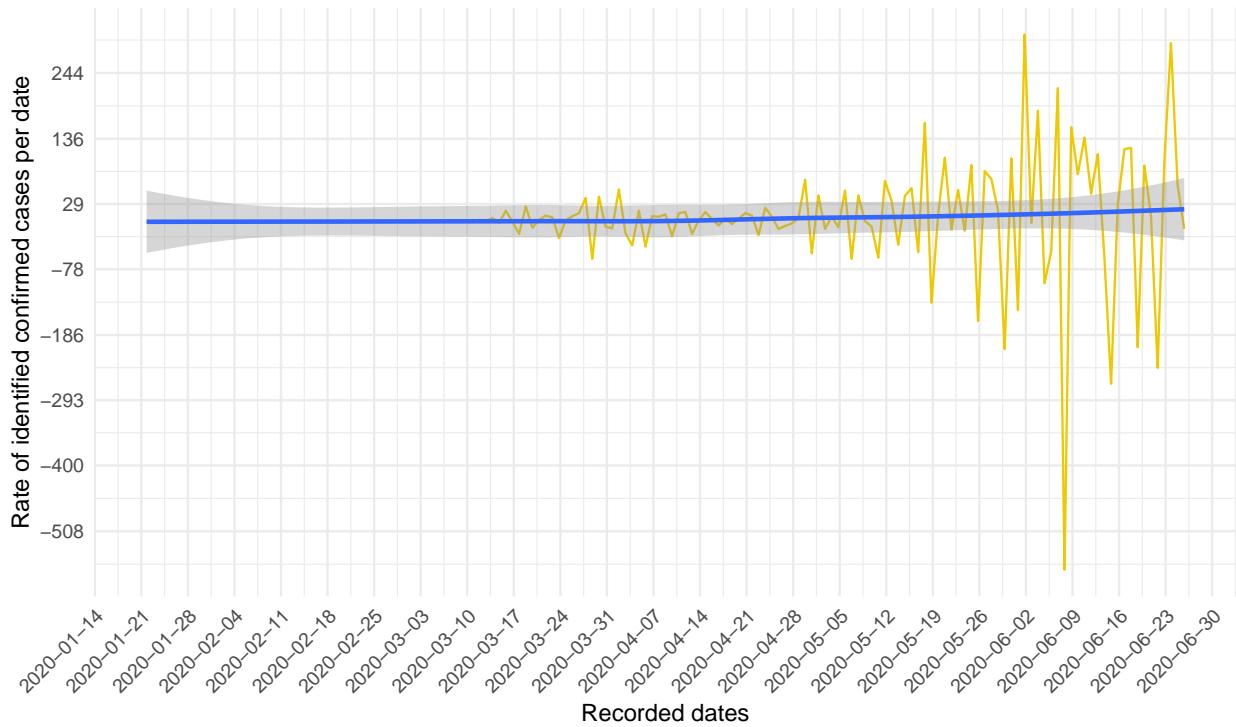

### Argentina – rate of increase of confirmed cases over time

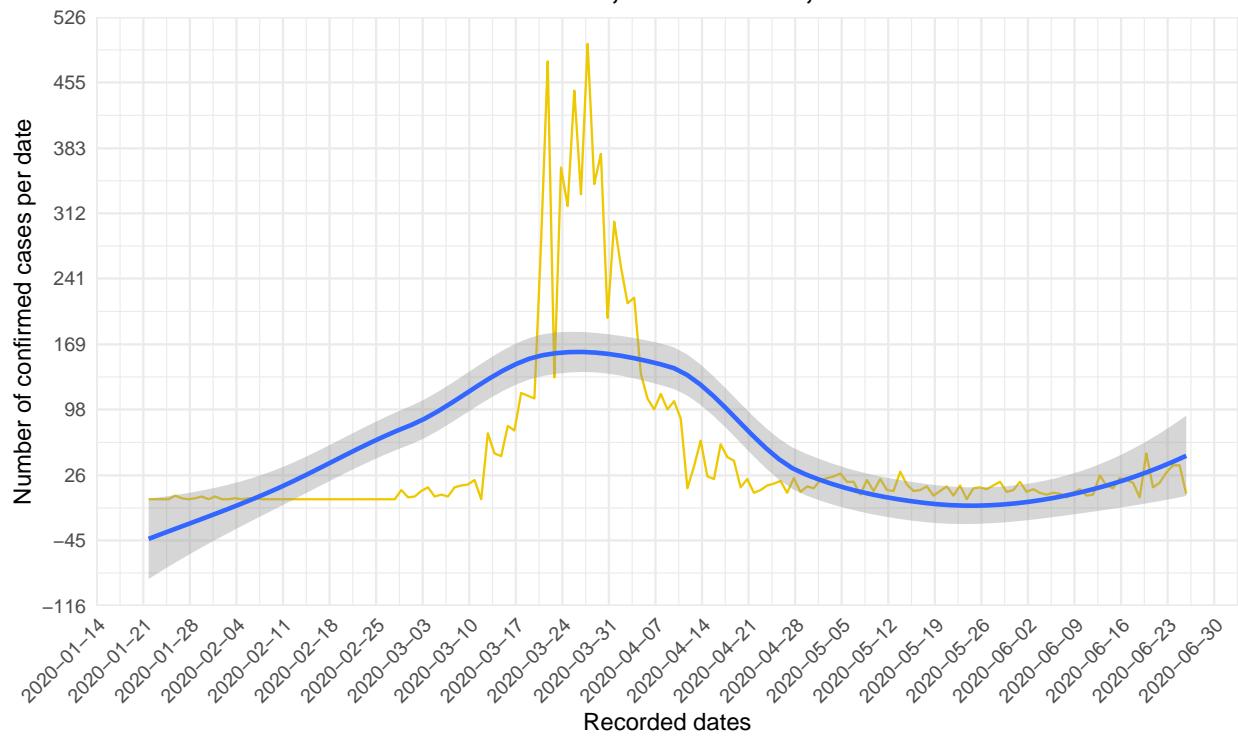

**Armenia – confirmed cases over time, total cases: 13,675**

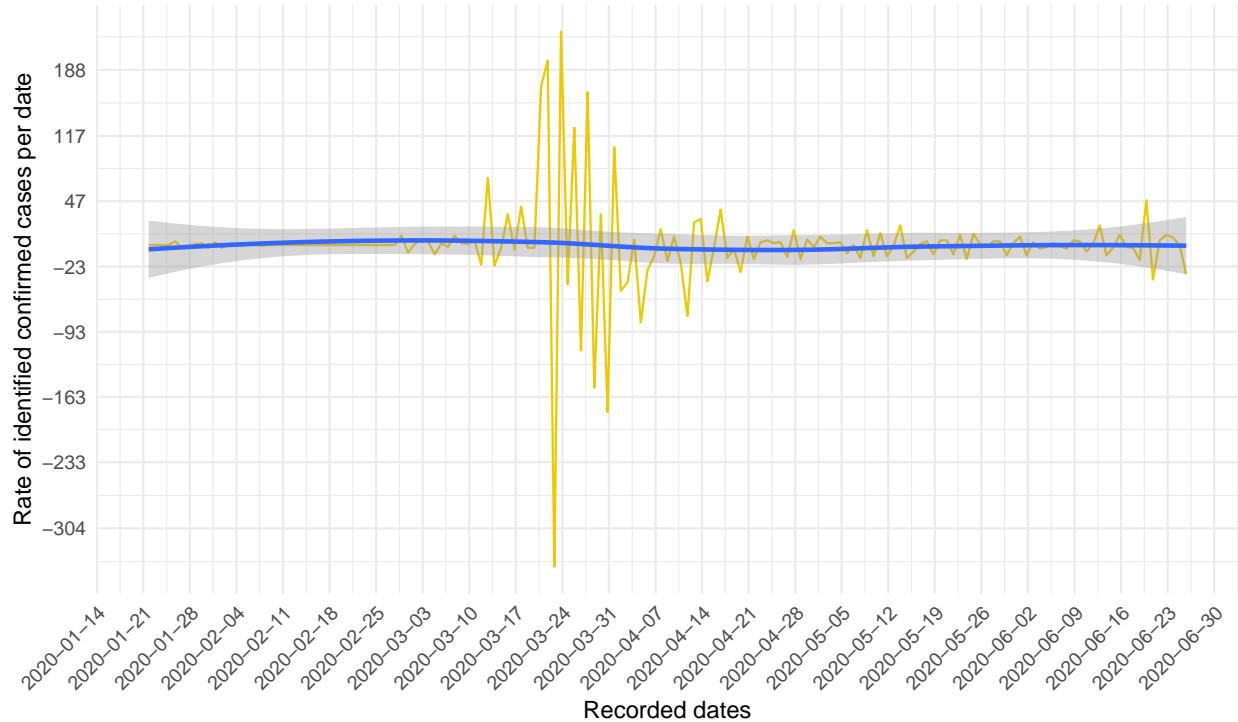

**Armenia – rate of increase of confirmed cases over time**

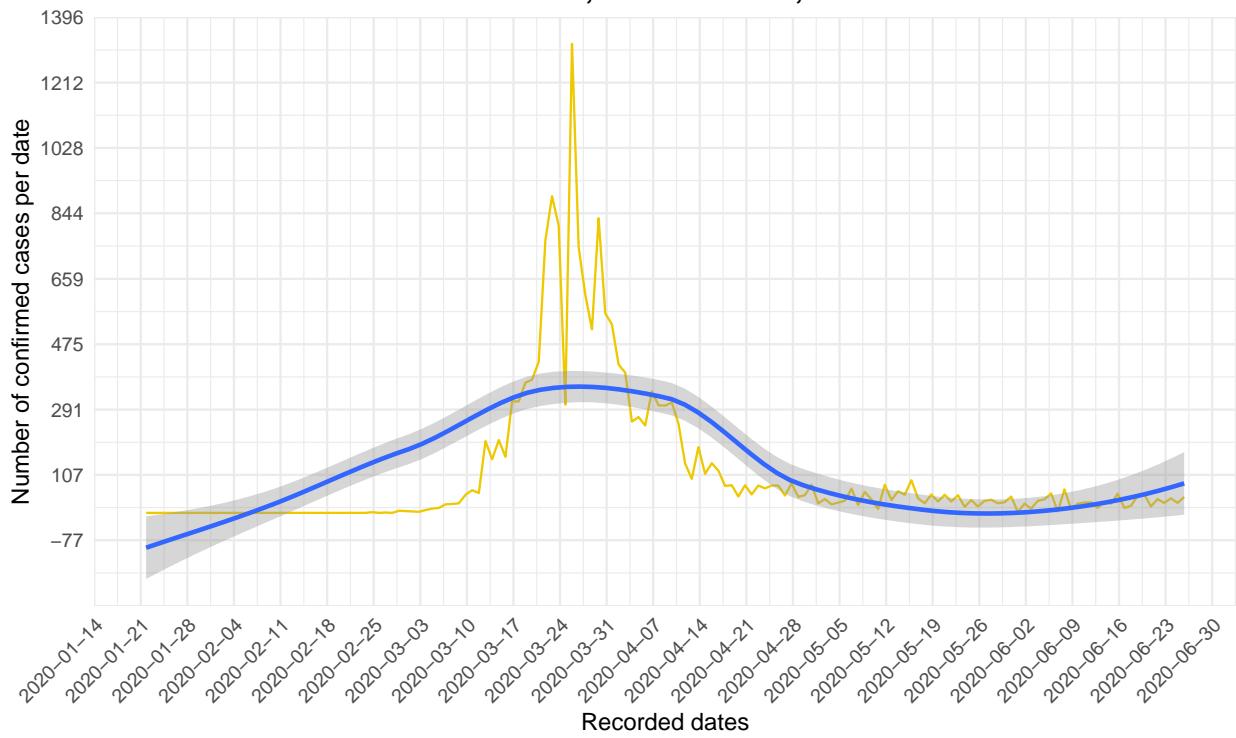

### Australia – confirmed cases over time, total cases: 7,274

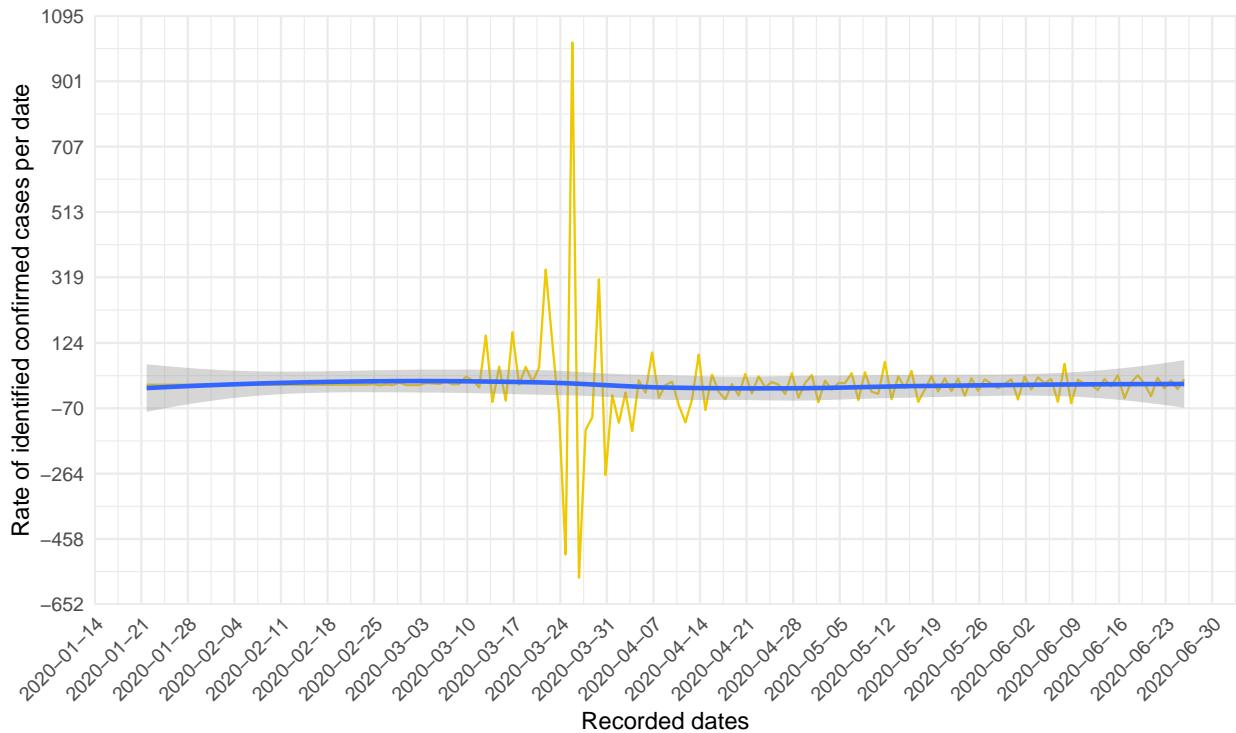

### Australia – rate of increase of confirmed cases over time

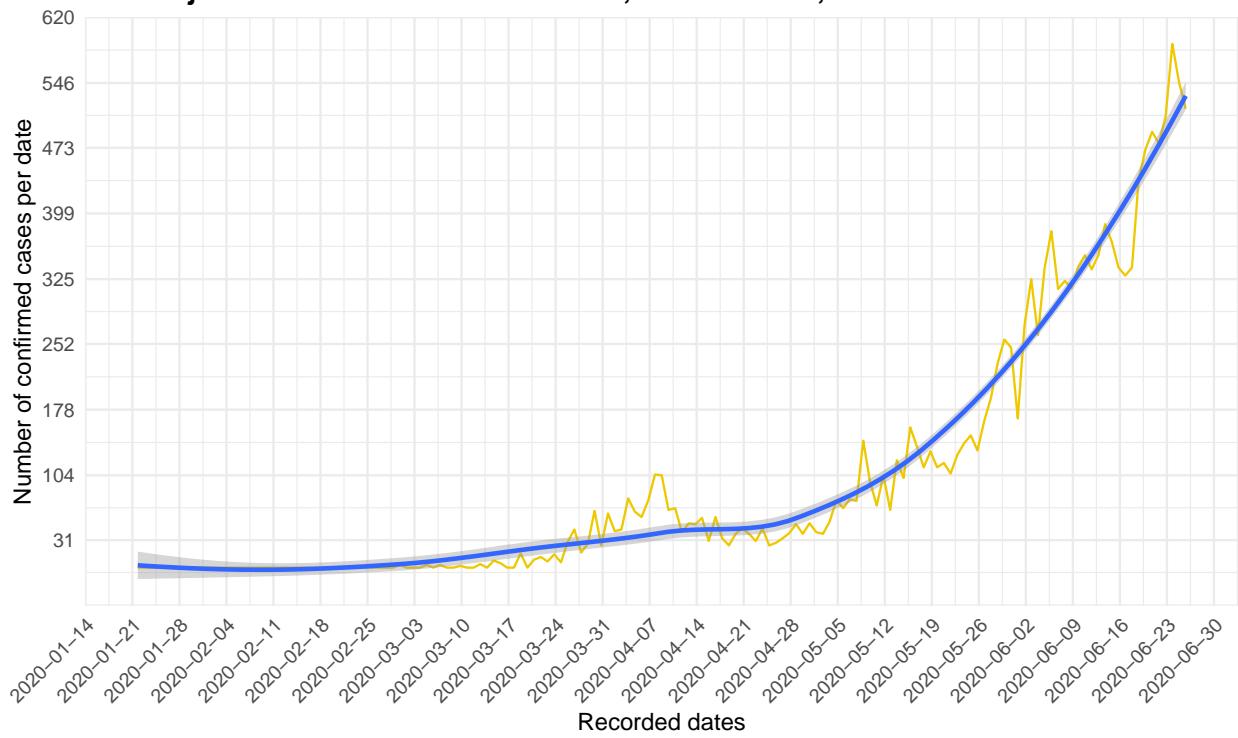

### Austria – confirmed cases over time, total cases: 16,979

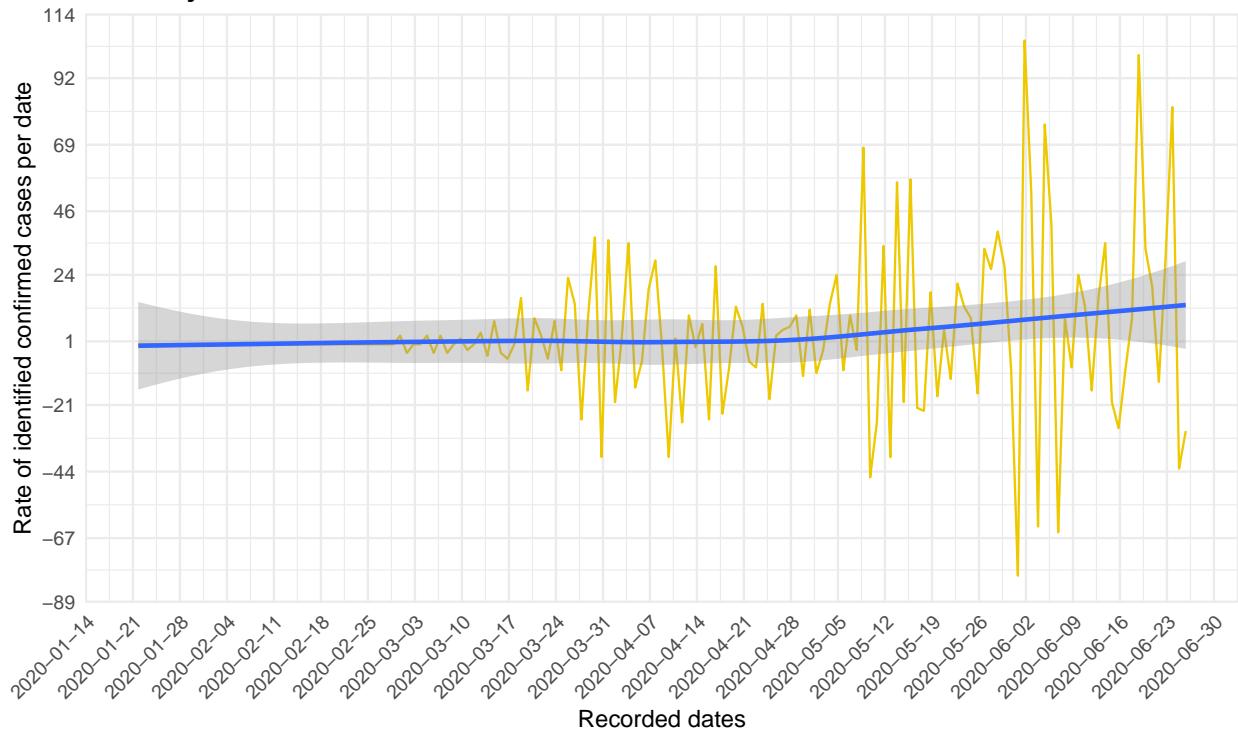

### Austria – rate of increase of confirmed cases over time

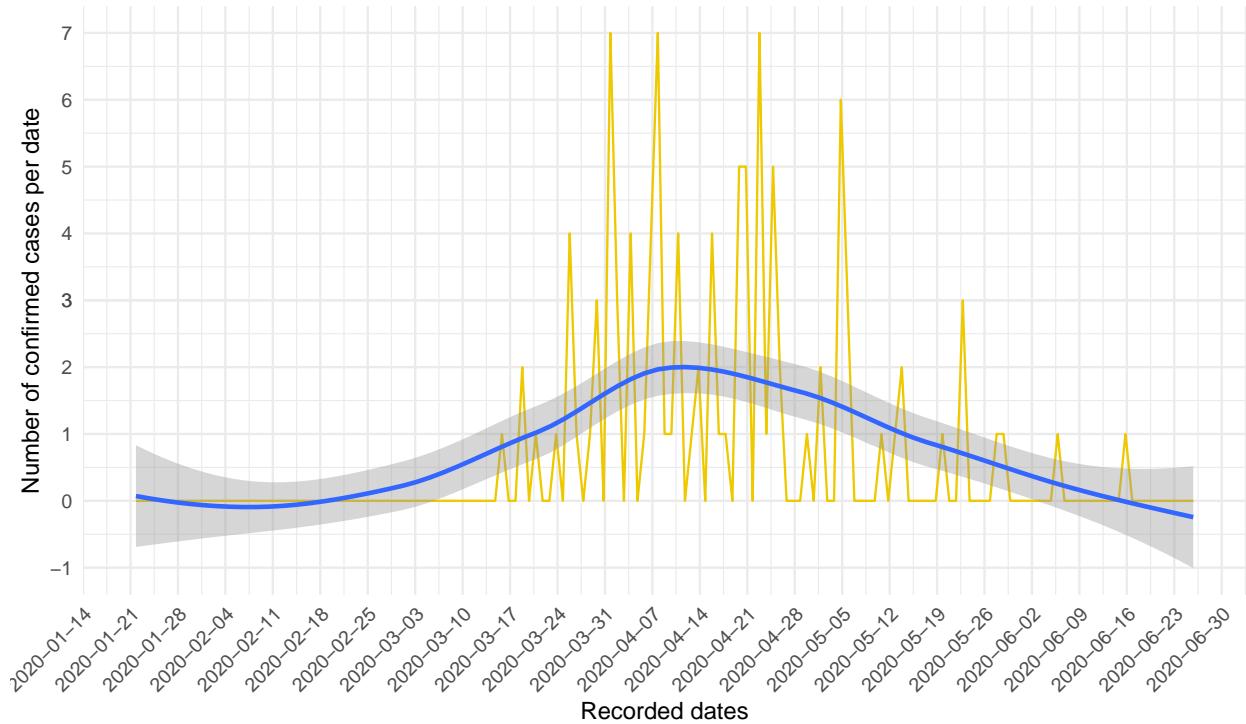

### Azerbaijan – confirmed cases over time, total cases: 8,191

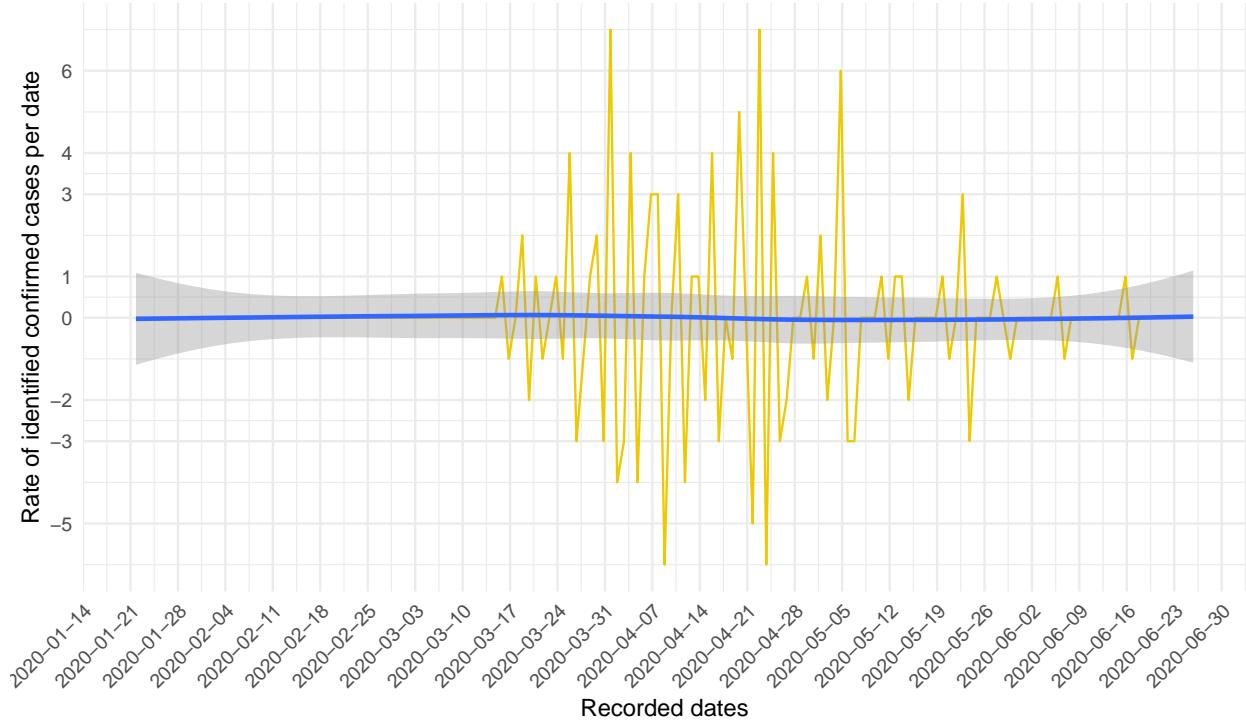

### Azerbaijan – rate of increase of confirmed cases over time

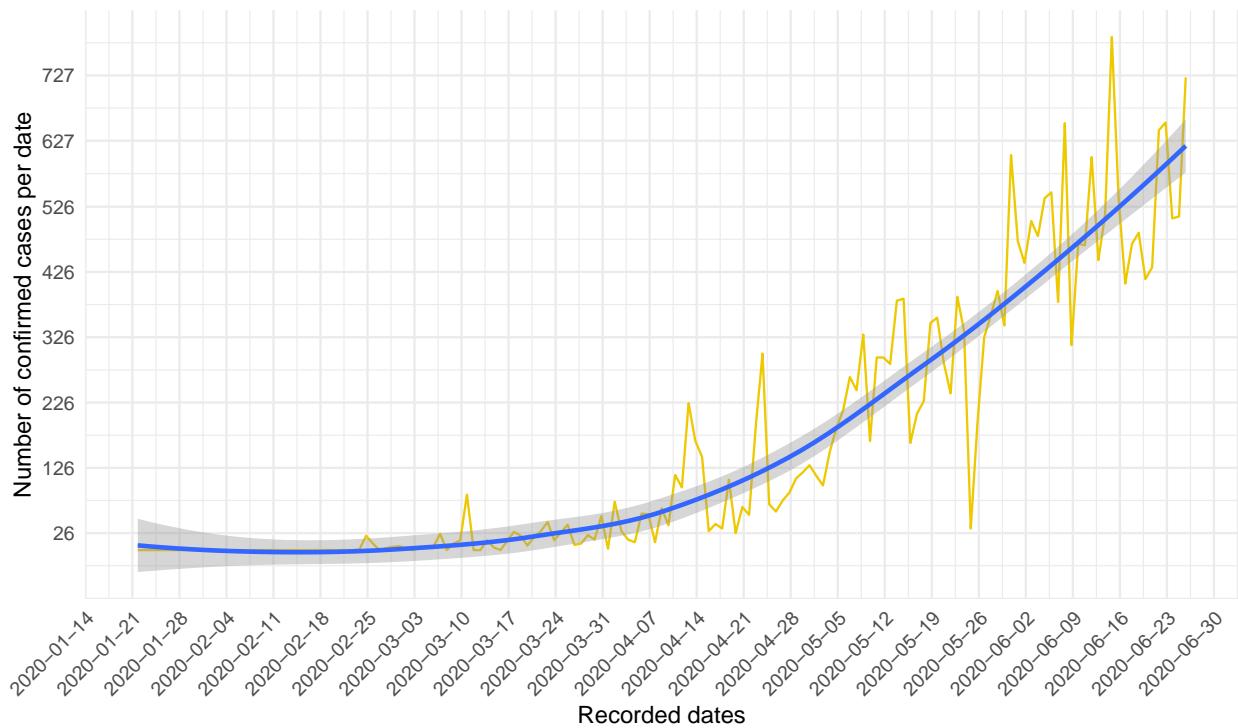

### Bahamas – confirmed cases over time, total cases: 103

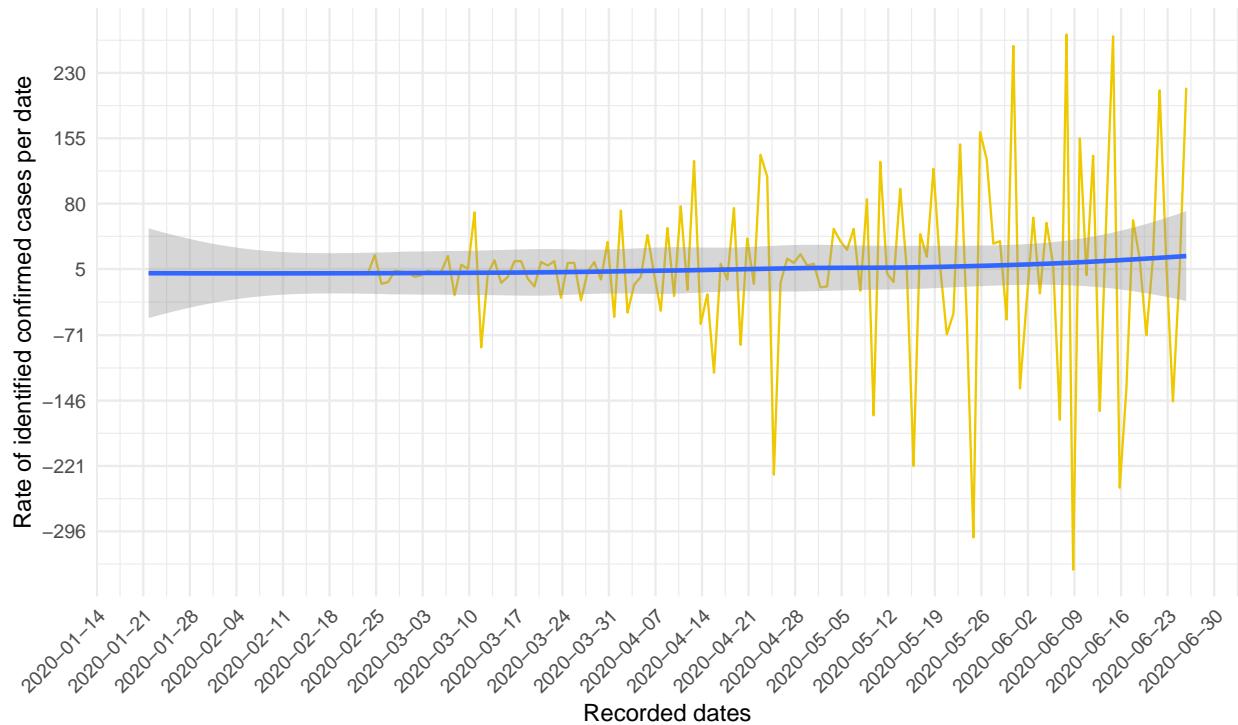

### Bahamas – rate of increase of confirmed cases over time

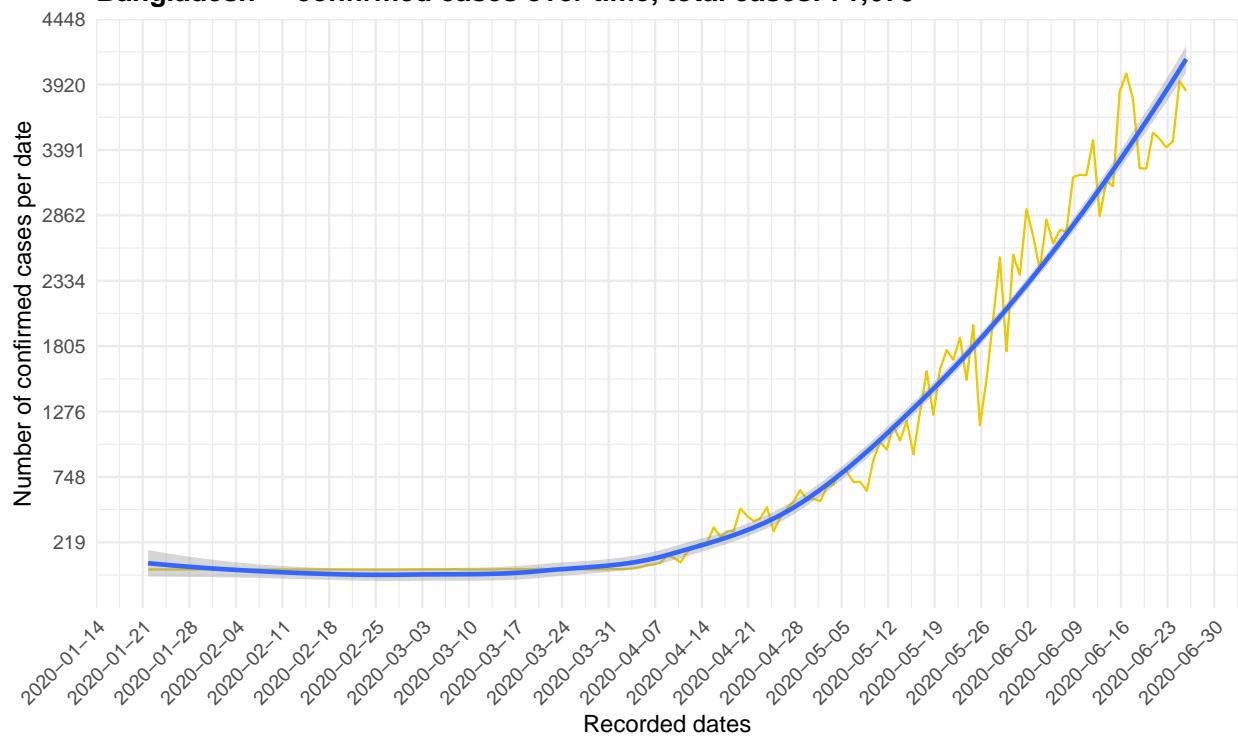

### Bahrain – confirmed cases over time, total cases: 15,731

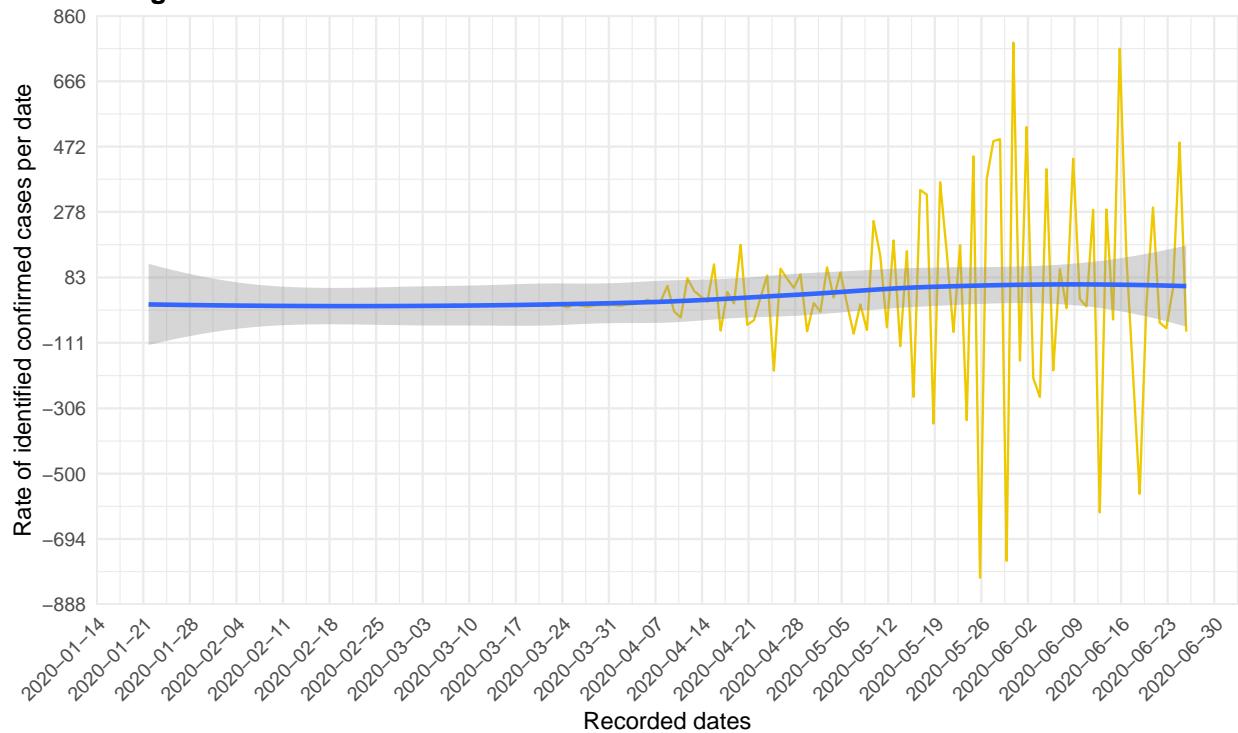

### Bahrain – rate of increase of confirmed cases over time

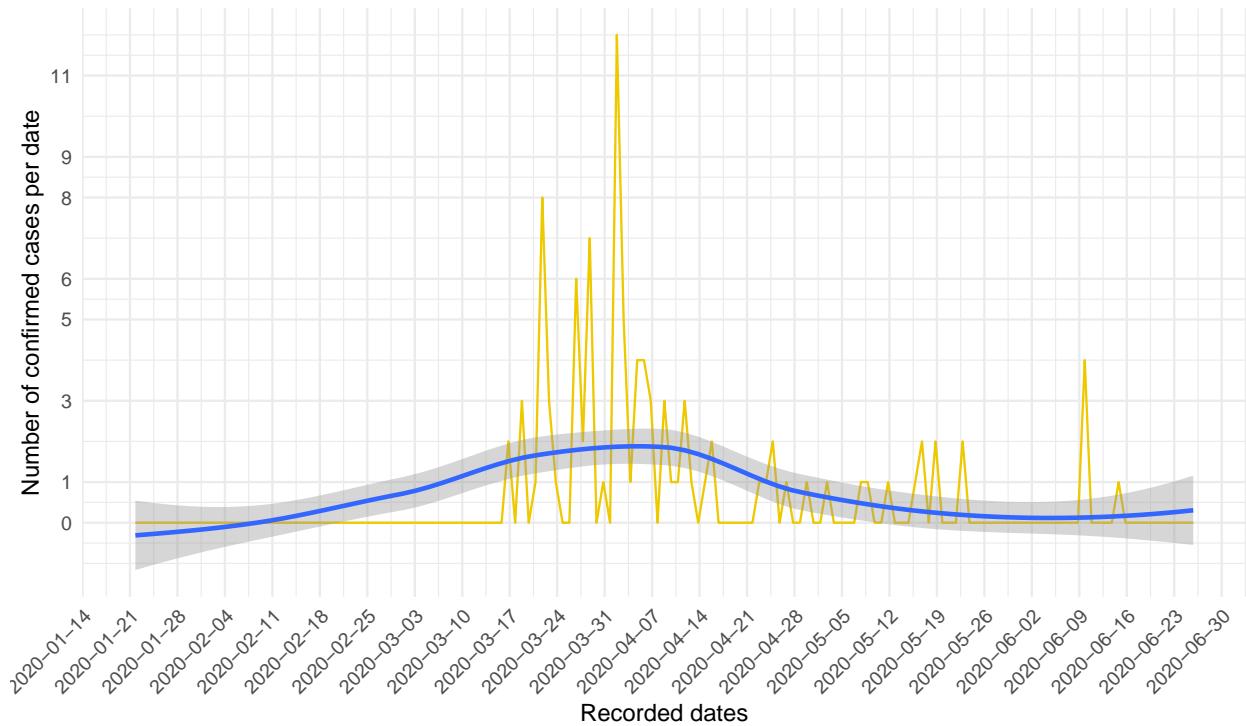

### Bangladesh – confirmed cases over time, total cases: 71,675

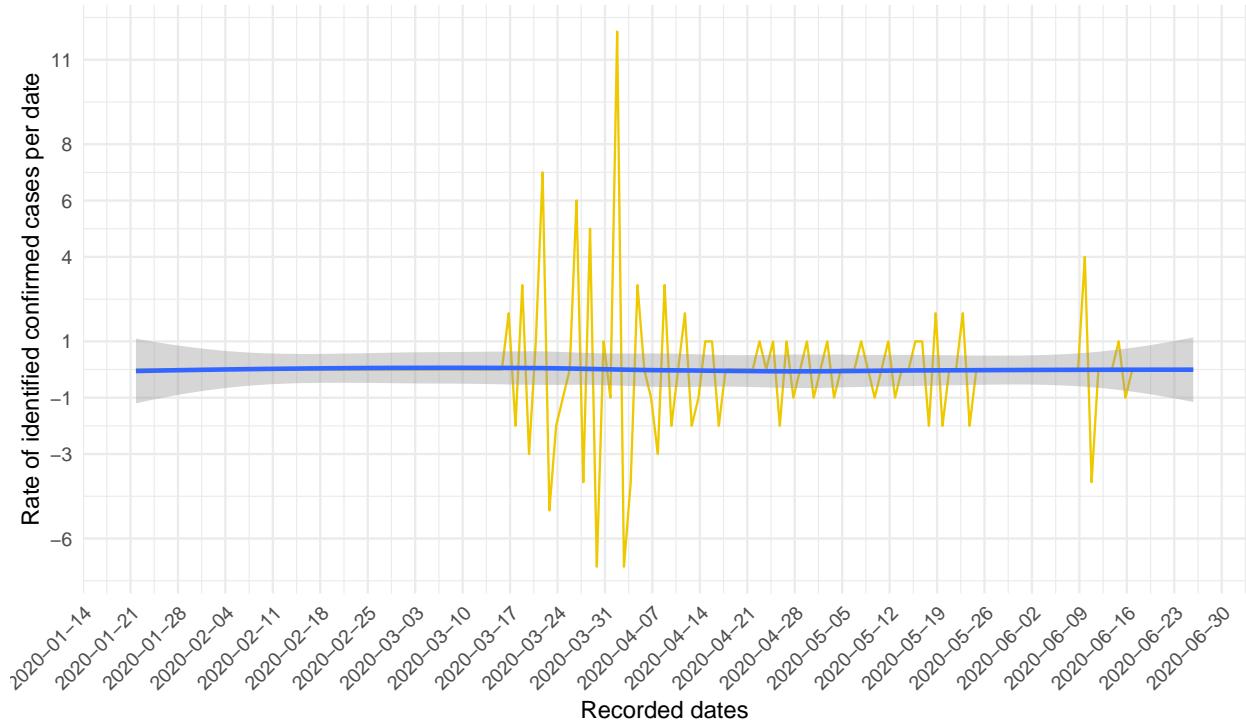

### Bangladesh – rate of increase of confirmed cases over time

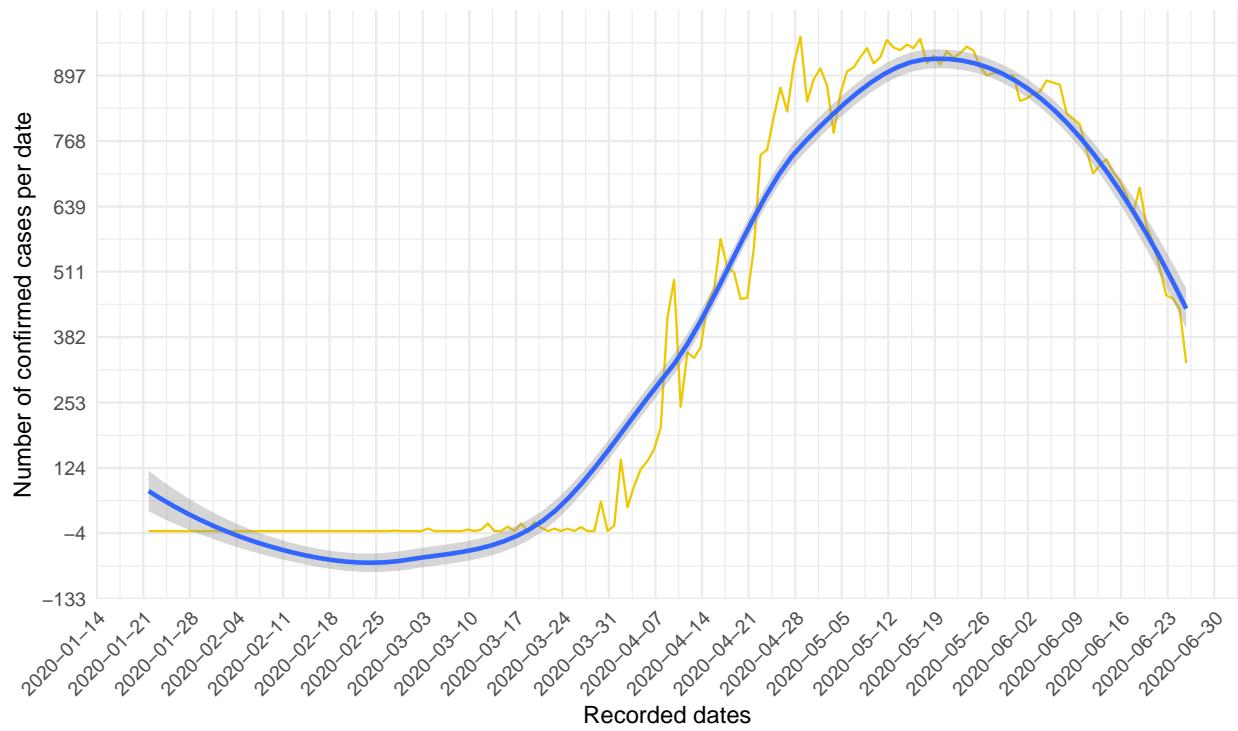

**Barbados – confirmed cases over time, total cases: 92**

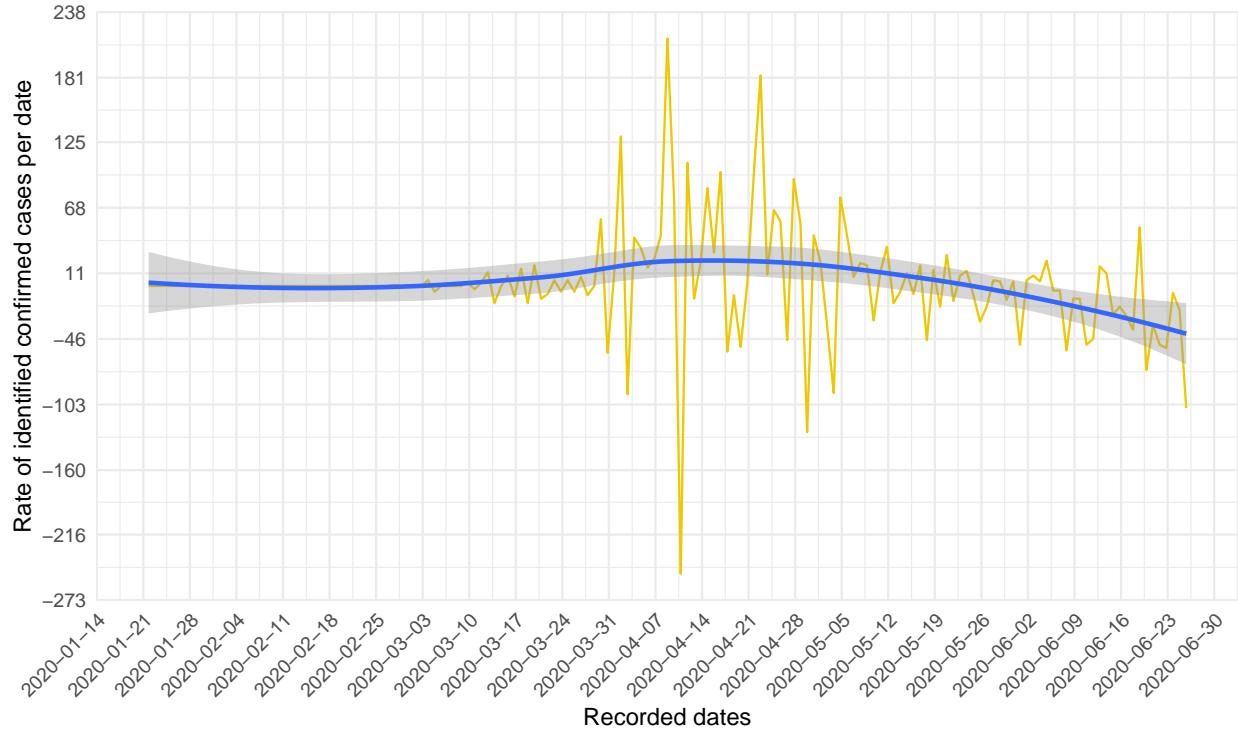

**Barbados – rate of increase of confirmed cases over time**

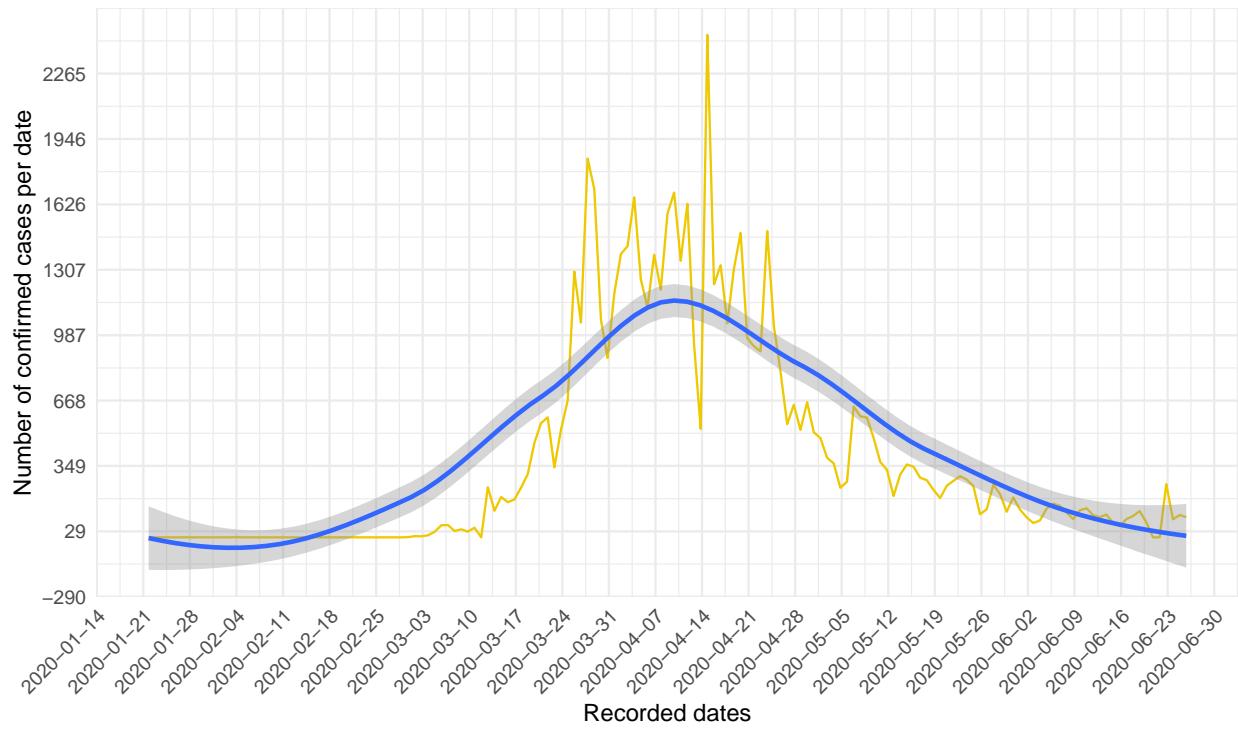

**Belarus – confirmed cases over time, total cases: 50,265**

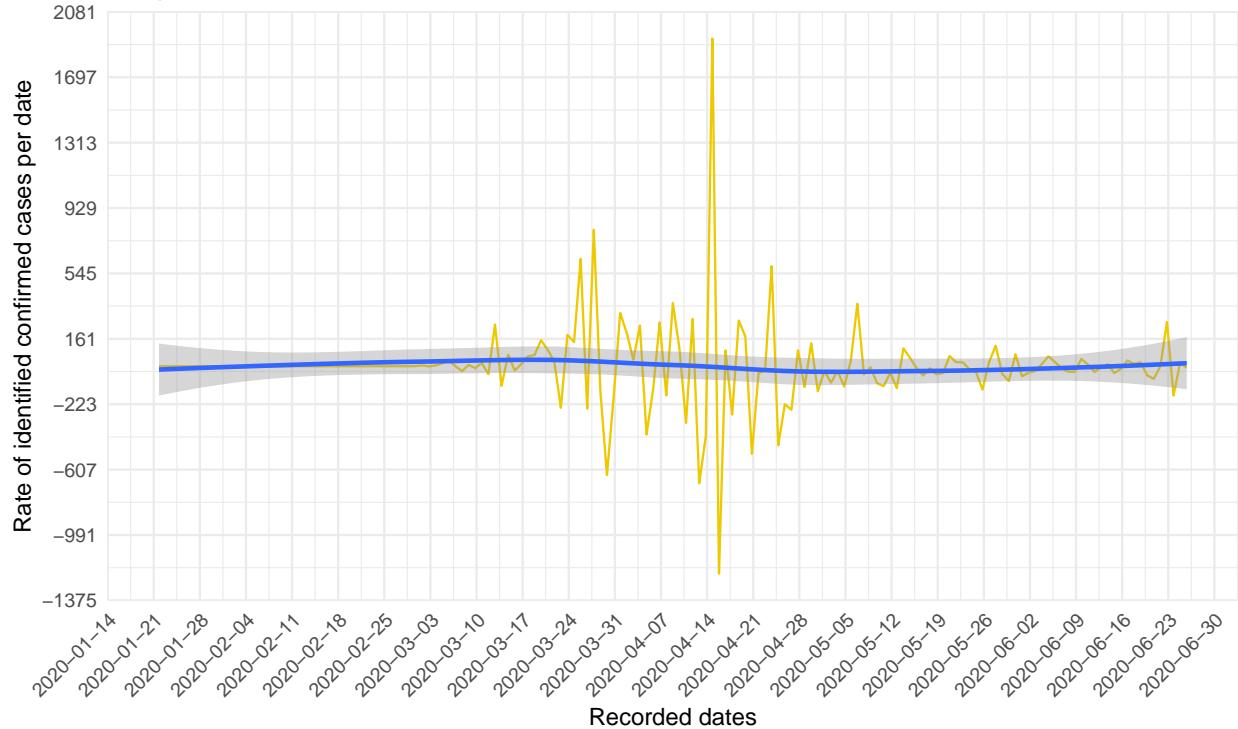

**Belarus – rate of increase of confirmed cases over time**

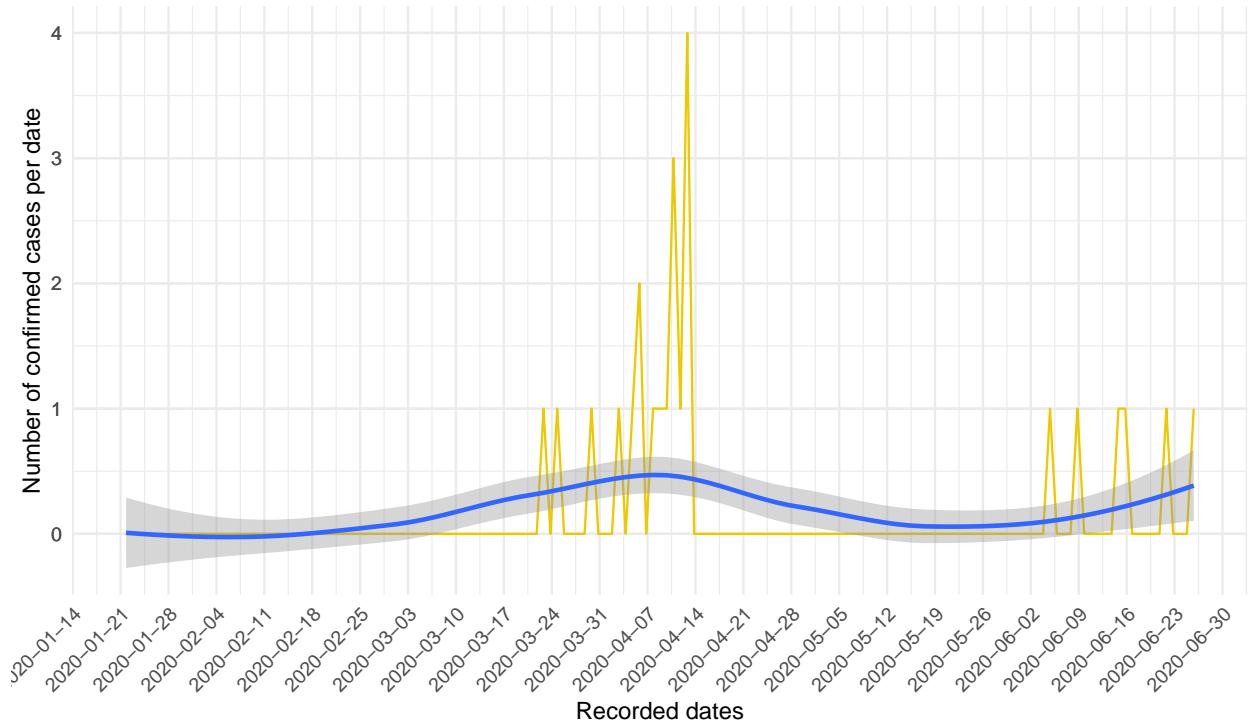

### **Belgium – confirmed cases over time, total cases: 59,437**

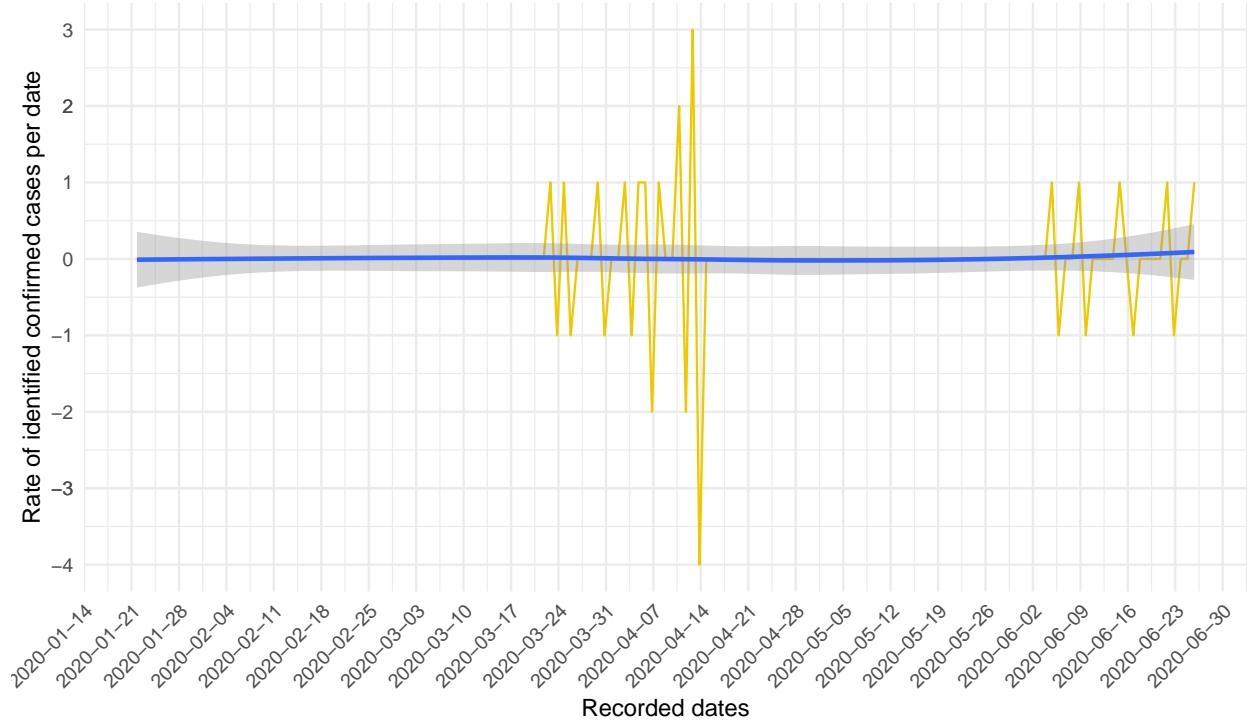

### **Belgium – rate of increase of confirmed cases over time**

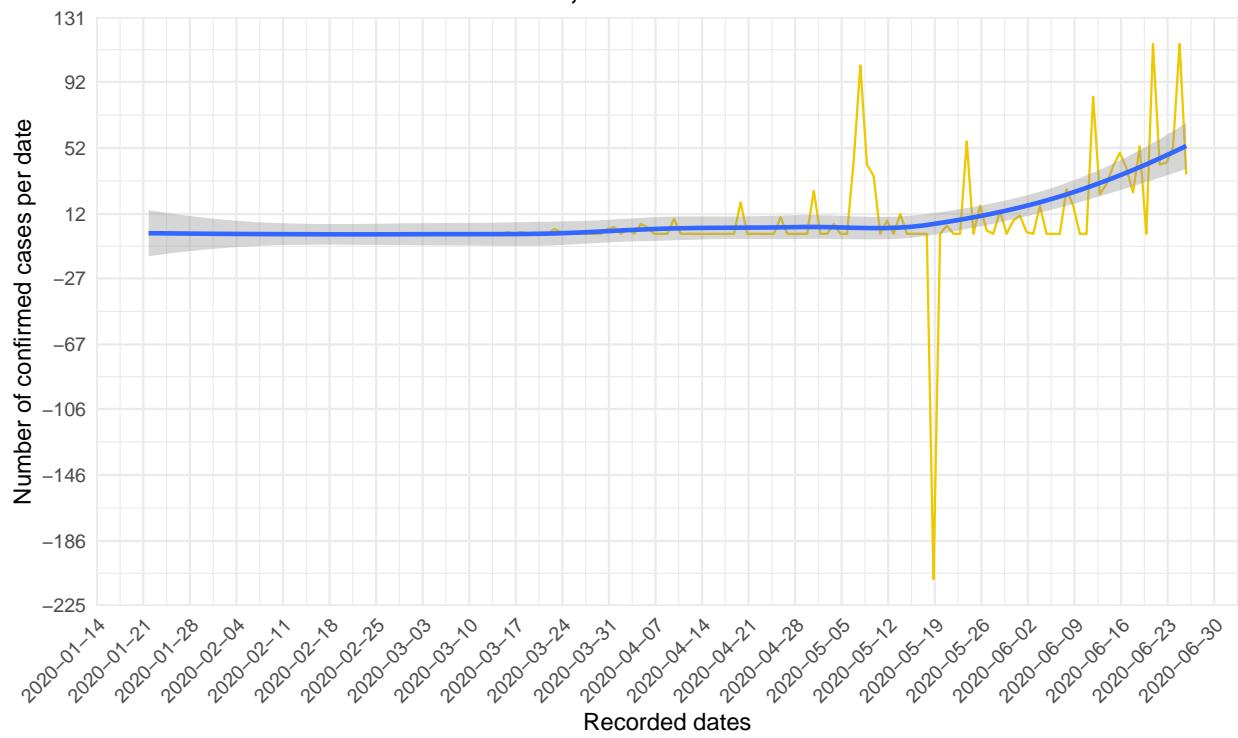

**Belize – confirmed cases over time, total cases: 20**

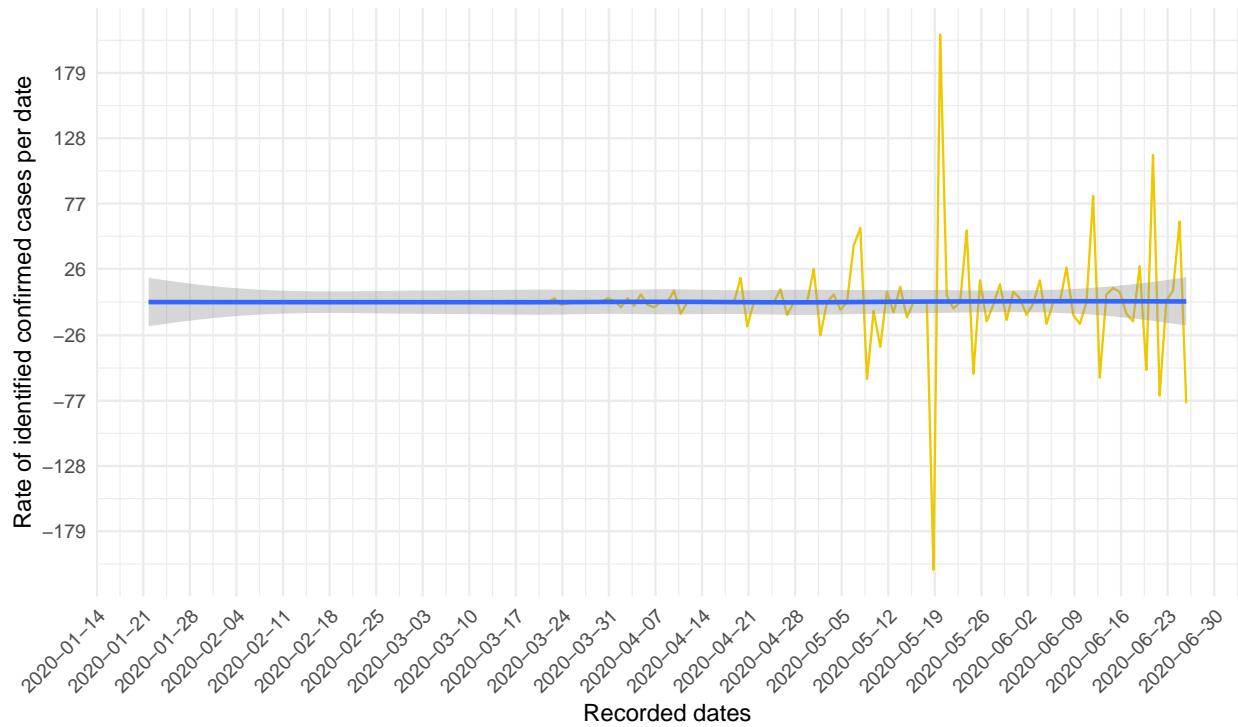

**Belize – rate of increase of confirmed cases over time**

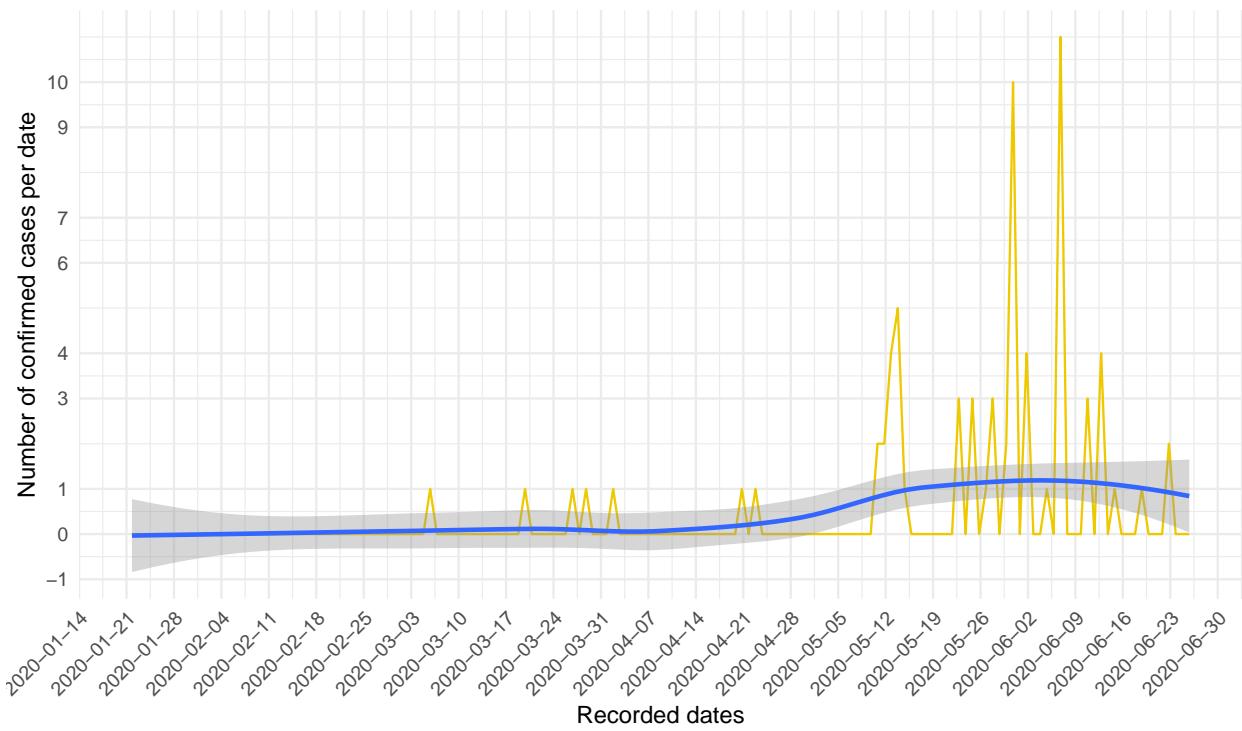

### **Benin – confirmed cases over time, total cases: 305**

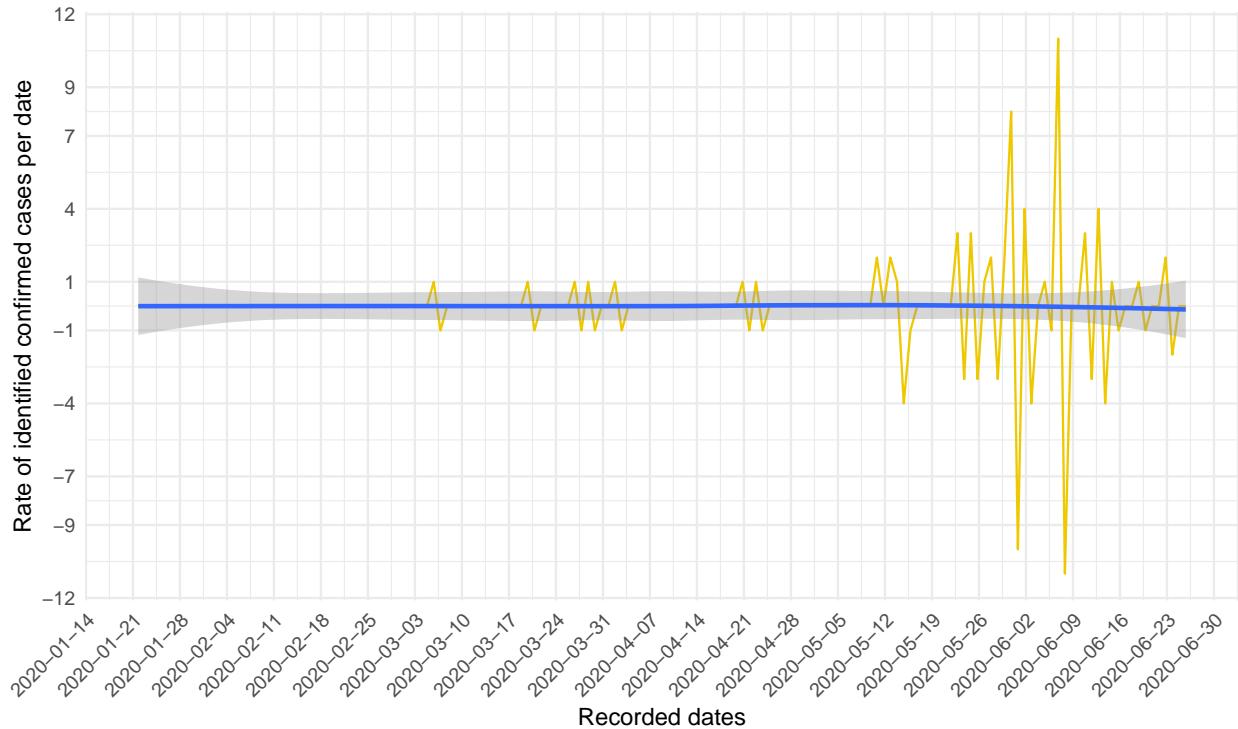

### **Benin – rate of increase of confirmed cases over time**

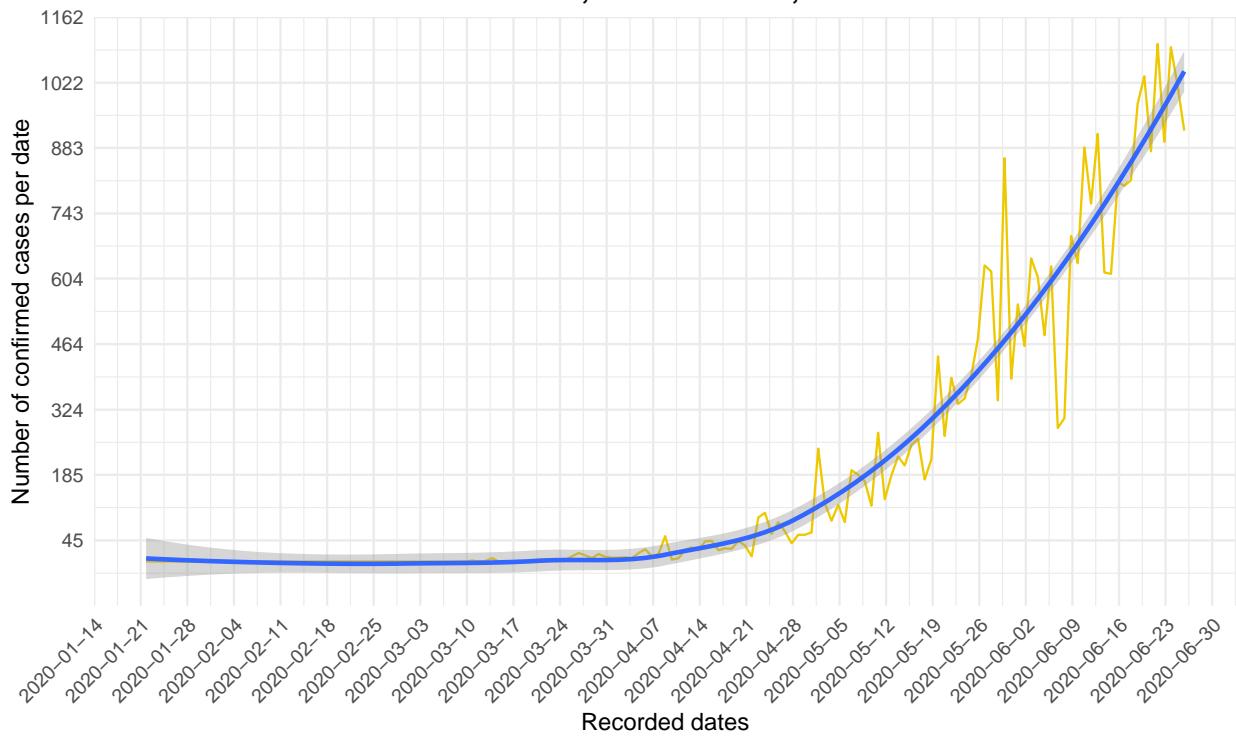

**Bhutan – confirmed cases over time, total cases: 59**

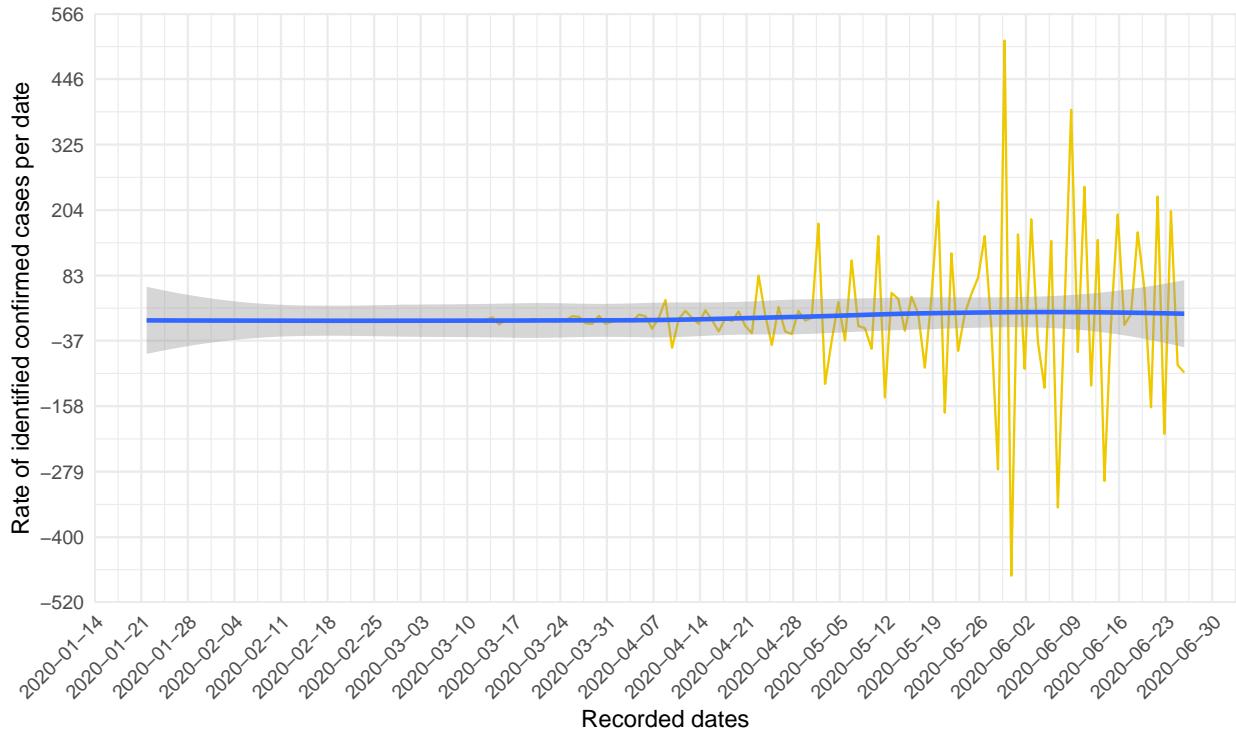

**Bhutan – rate of increase of confirmed cases over time**

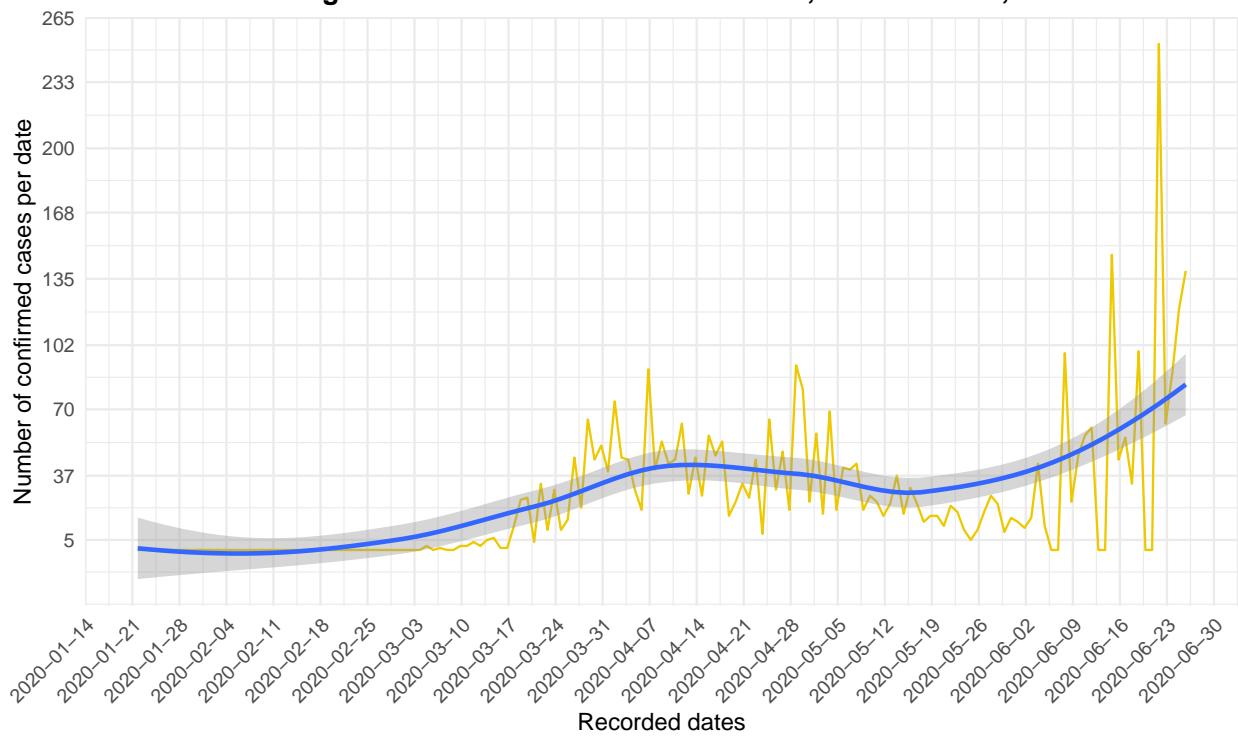

**Bolivia – confirmed cases over time, total cases: 14,644**

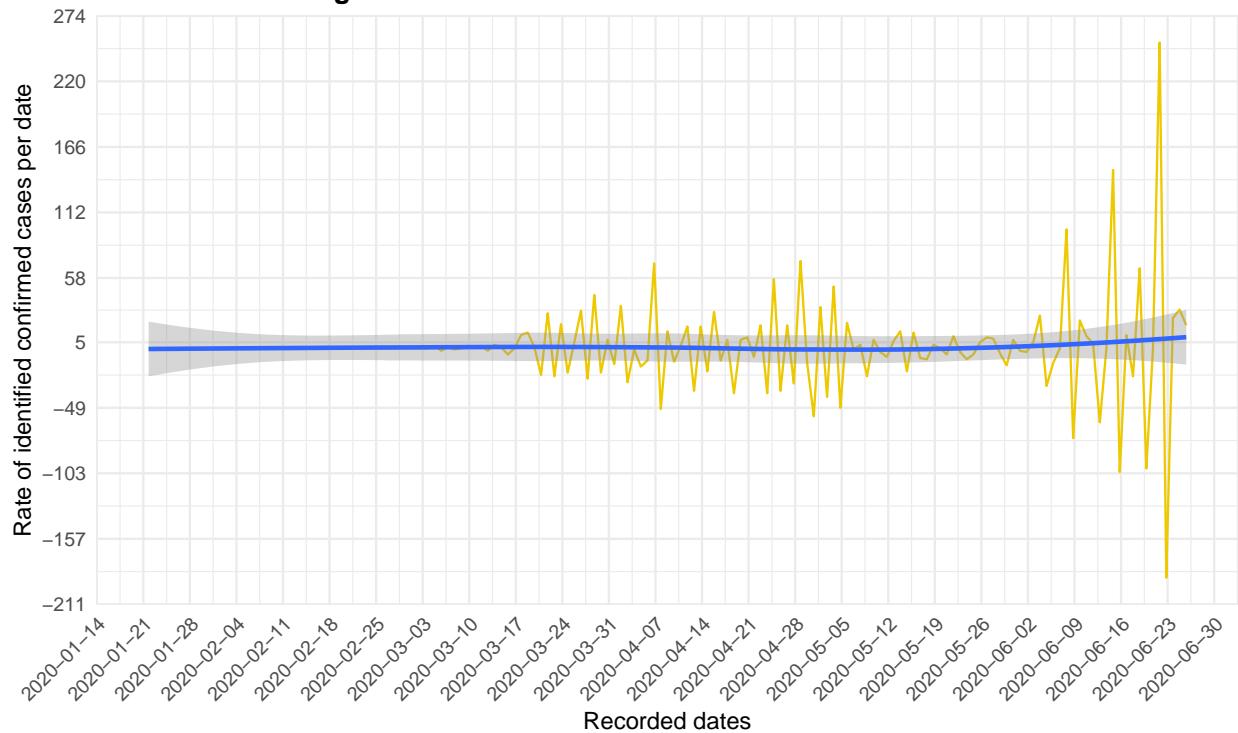

**Bolivia – rate of increase of confirmed cases over time**

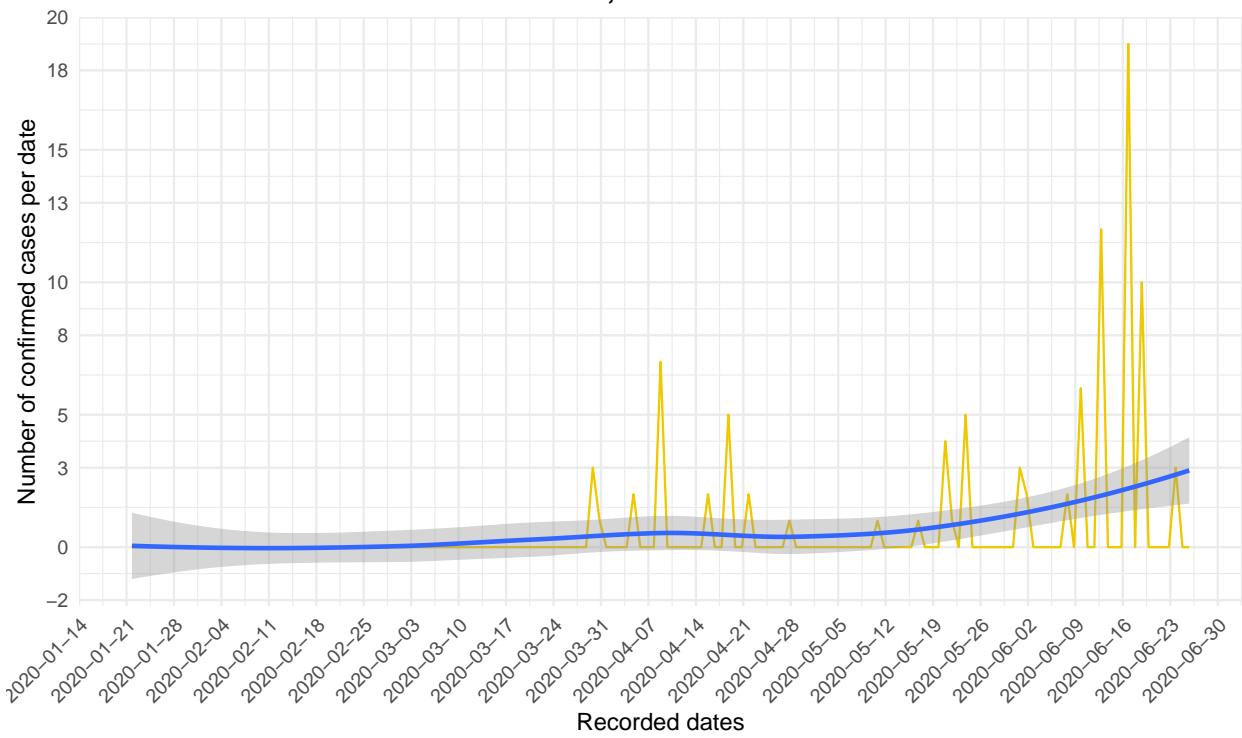

### Bosnia and Herzegovina – confirmed cases over time, total cases: 2,728

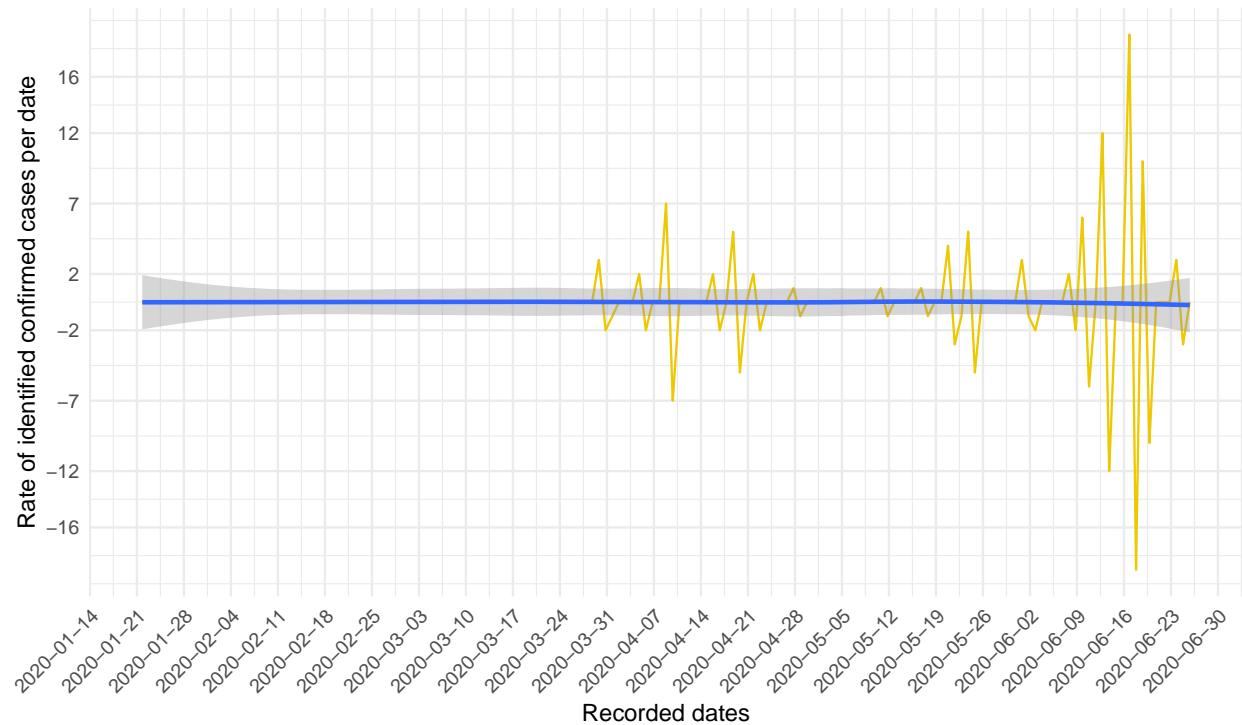

### Bosnia and Herzegovina – rate of increase of confirmed cases over time

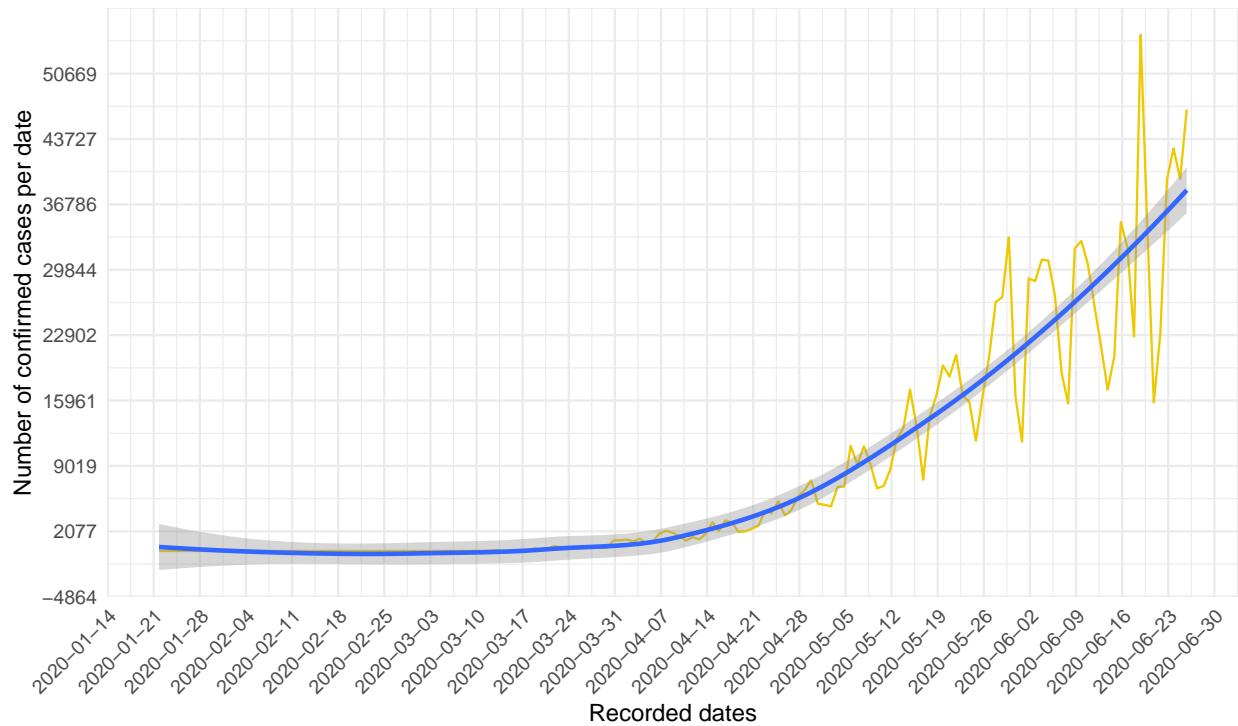

### **Botswana – confirmed cases over time, total cases: 42**

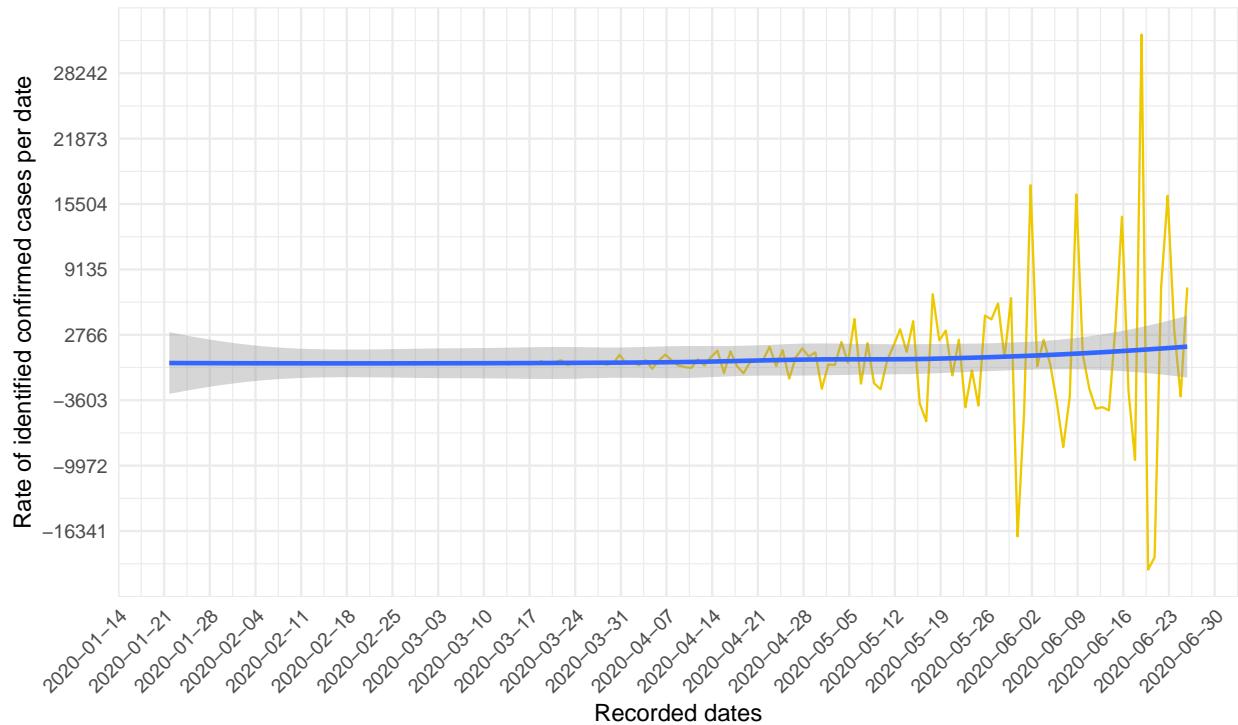

### **Botswana – rate of increase of confirmed cases over time**

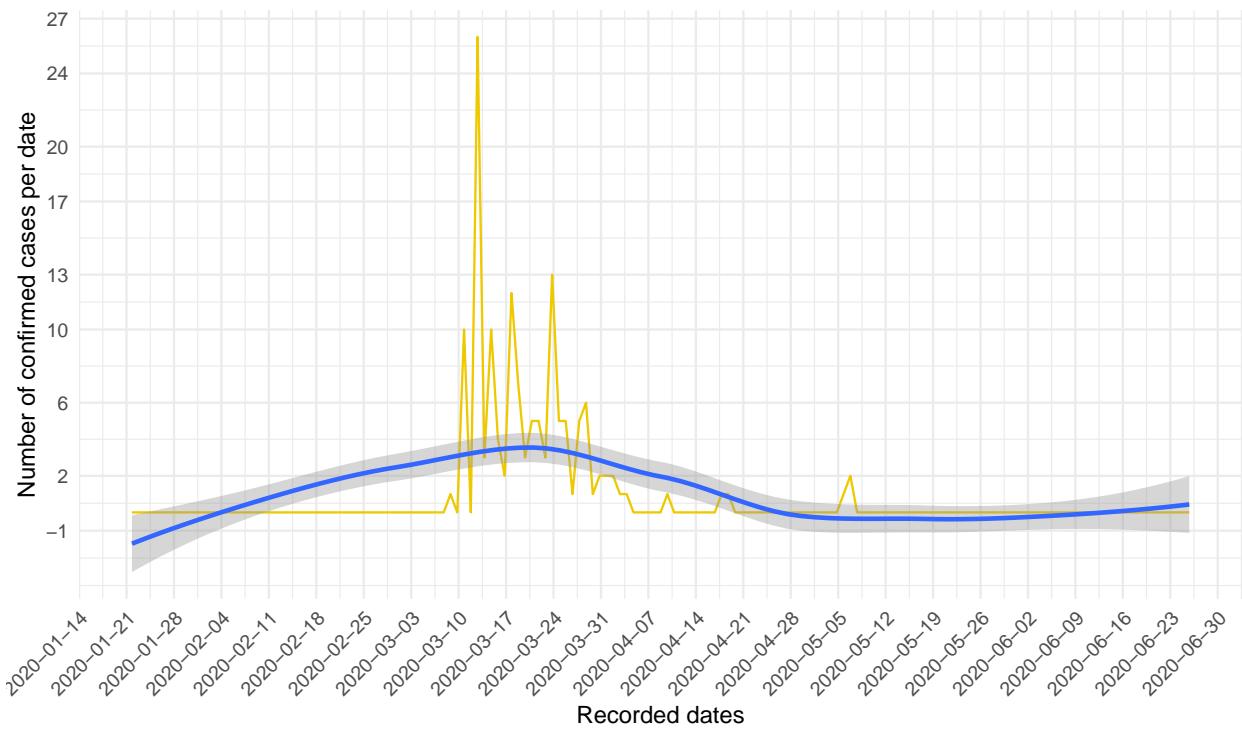

**Brazil – confirmed cases over time, total cases: 739,503**

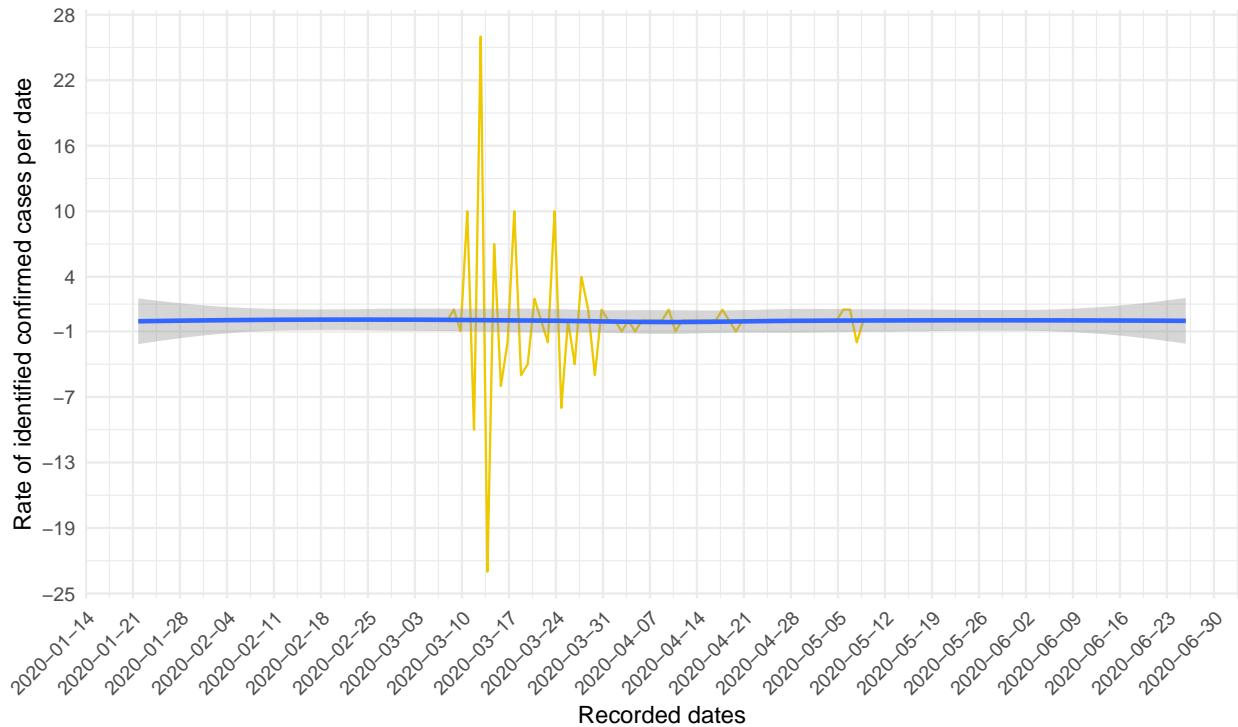

**Brazil – rate of increase of confirmed cases over time**

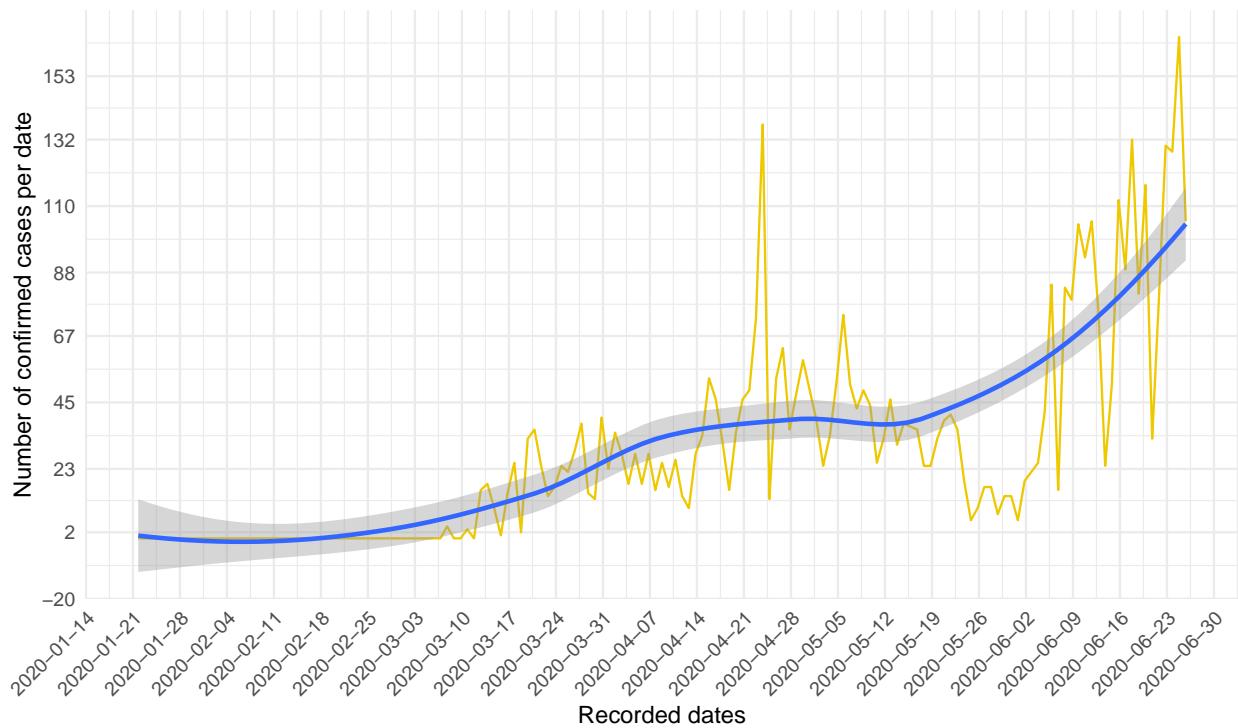

### Brunei – confirmed cases over time, total cases: 141

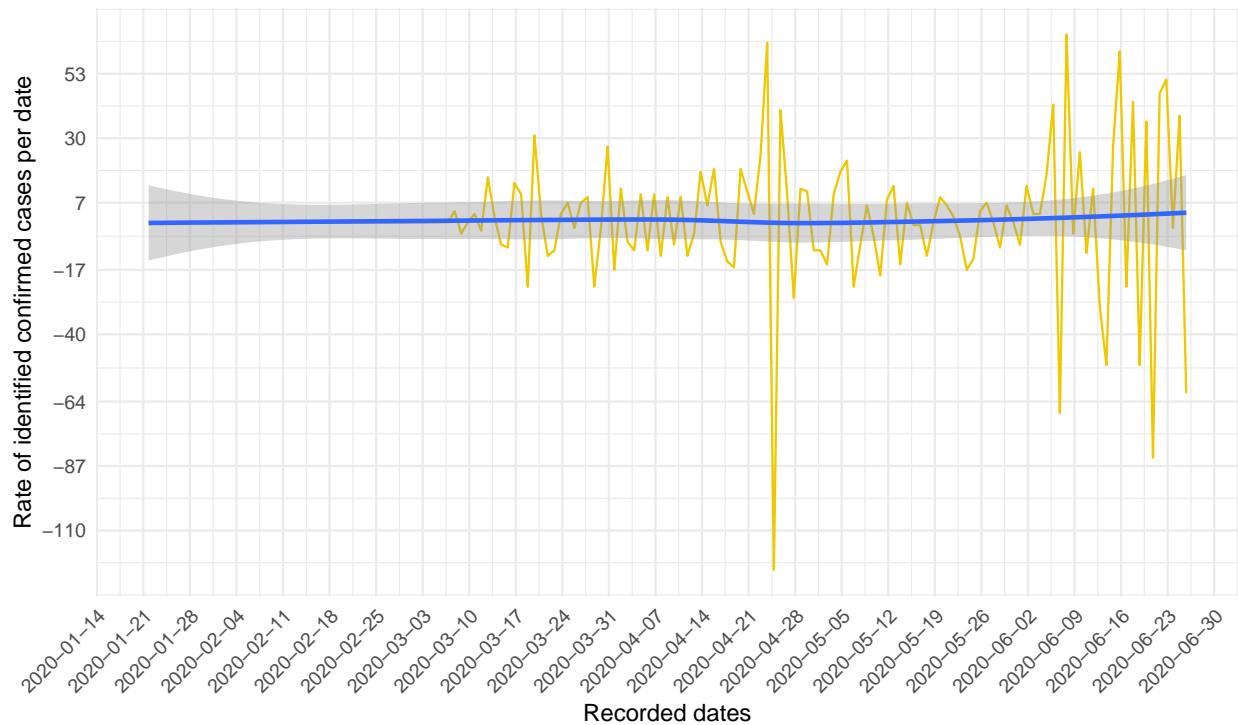

### Brunei – rate of increase of confirmed cases over time

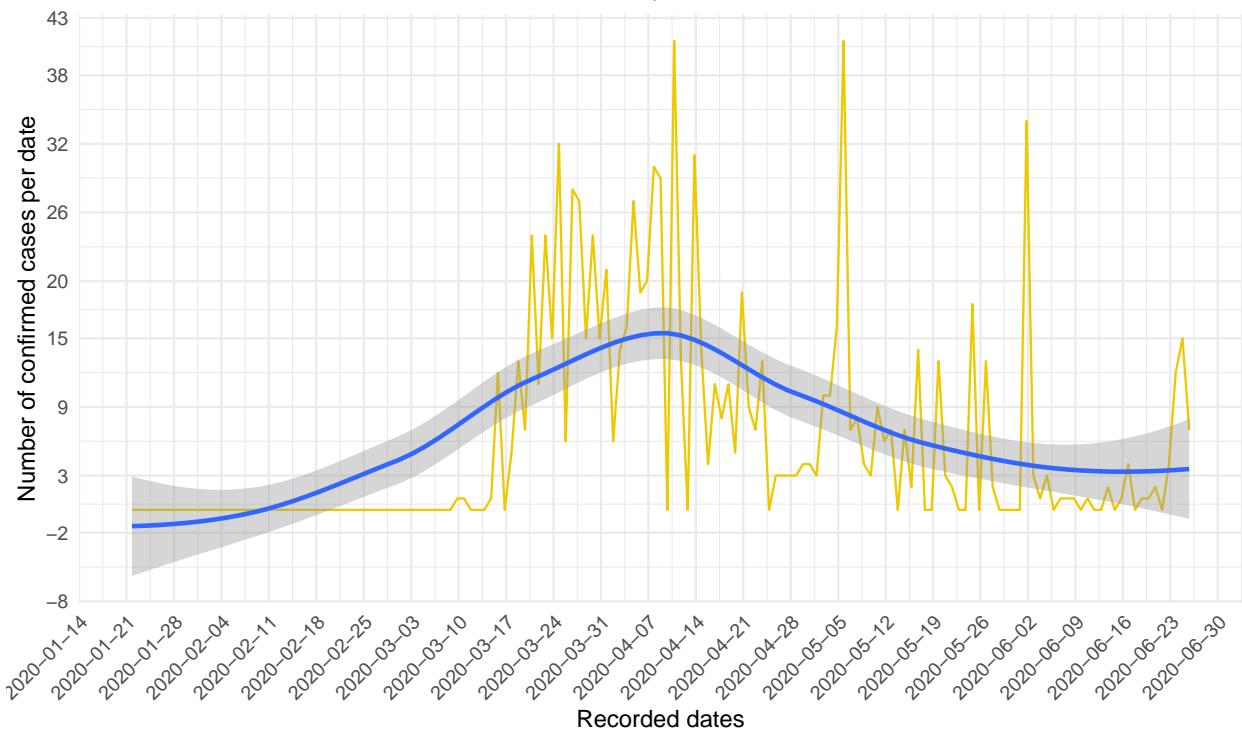

### Bulgaria – confirmed cases over time, total cases: 2,889

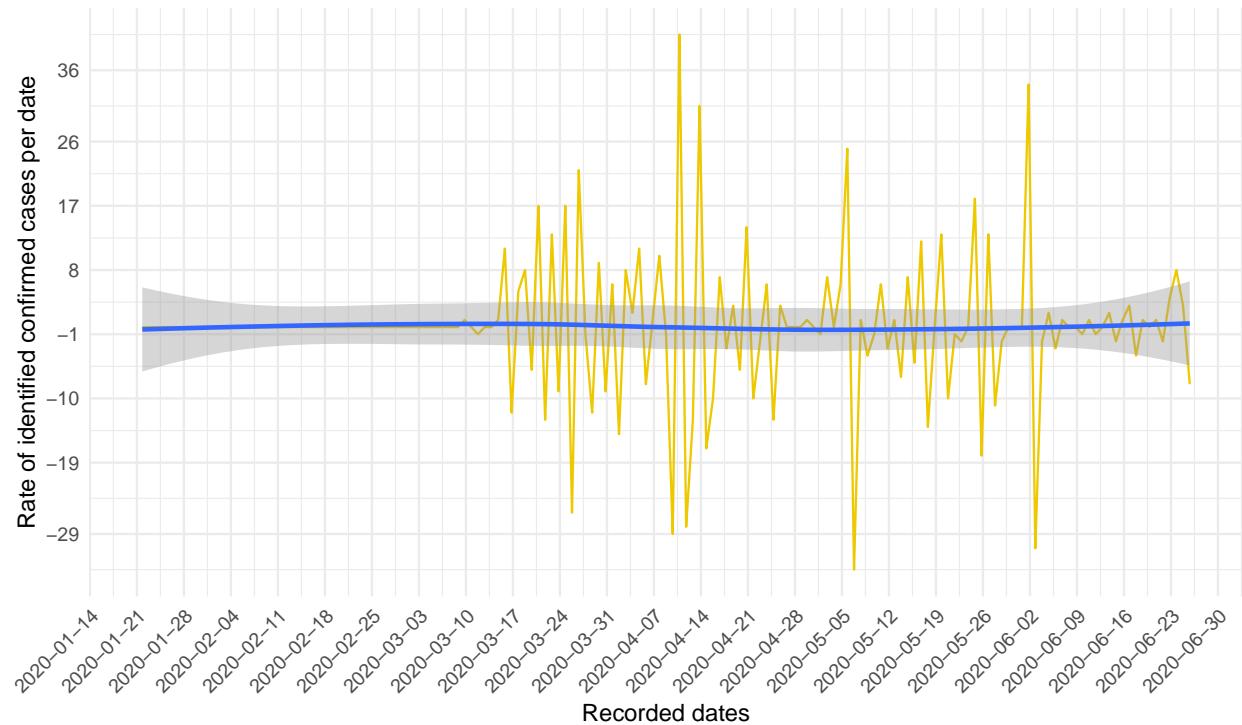

### Bulgaria – rate of increase of confirmed cases over time

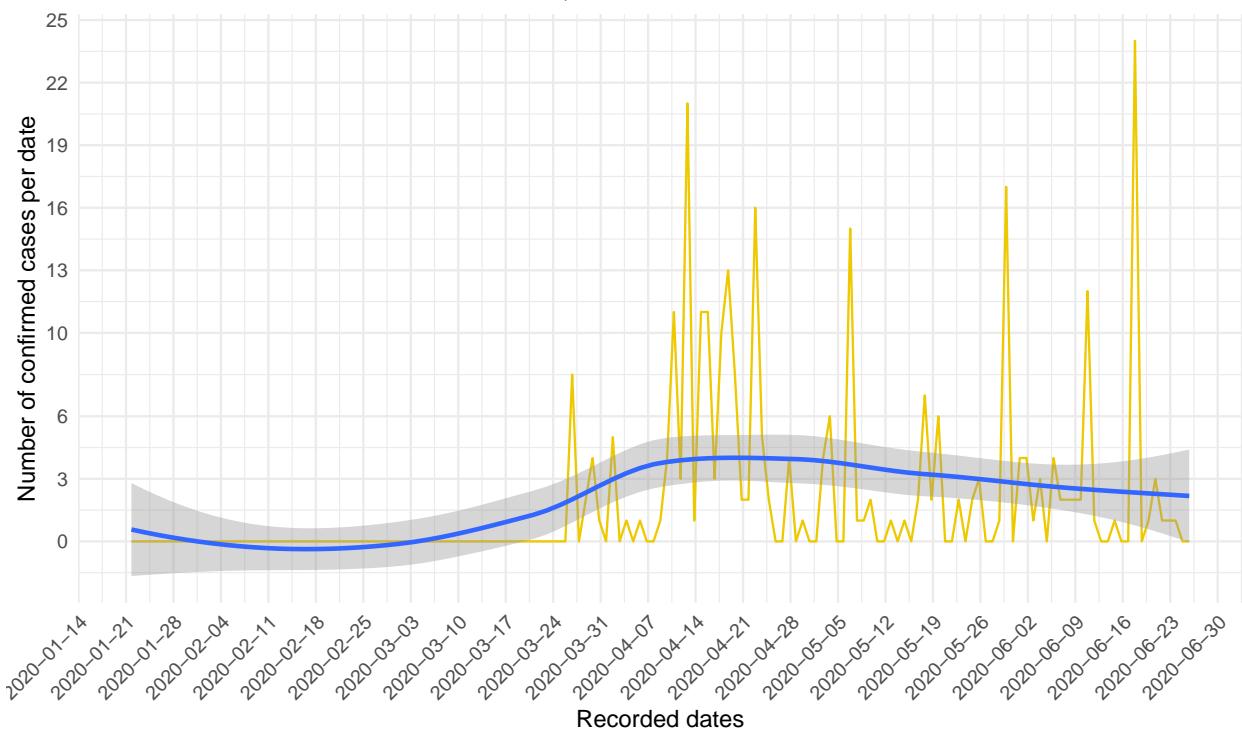

**Burkina Faso – confirmed cases over time, total cases: 891**

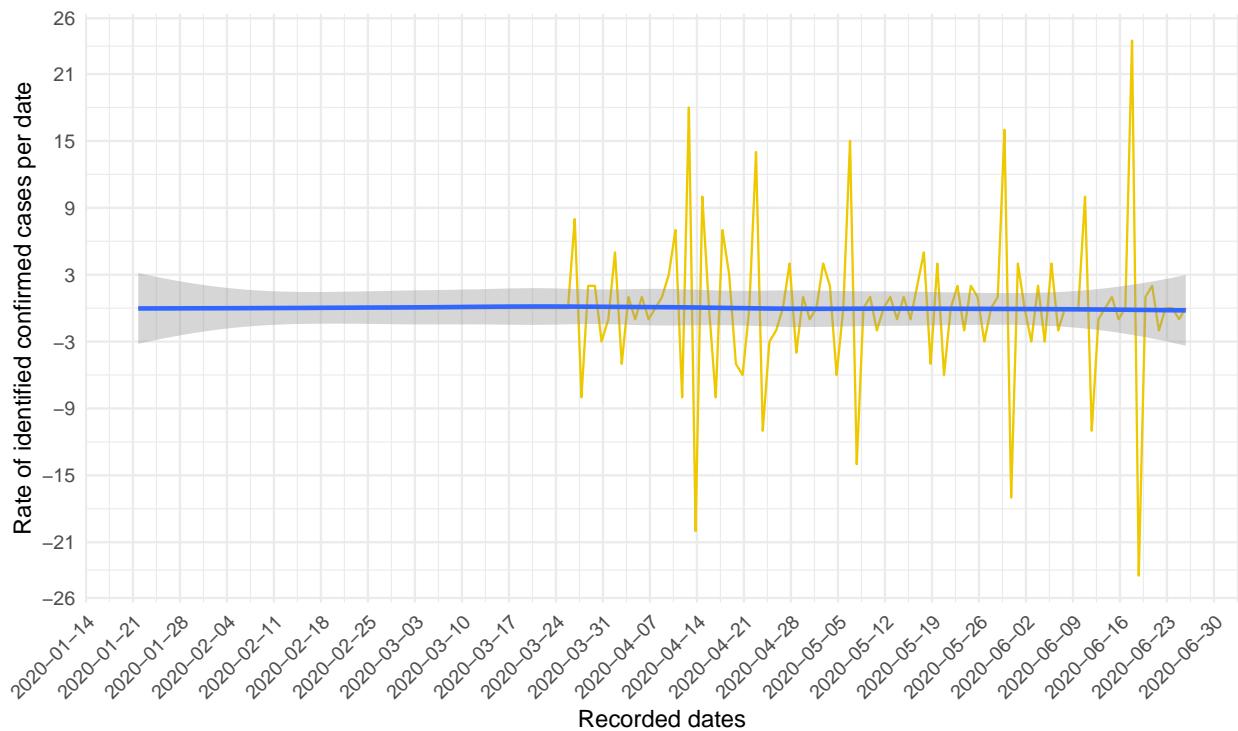

**Burkina Faso – rate of increase of confirmed cases over time**

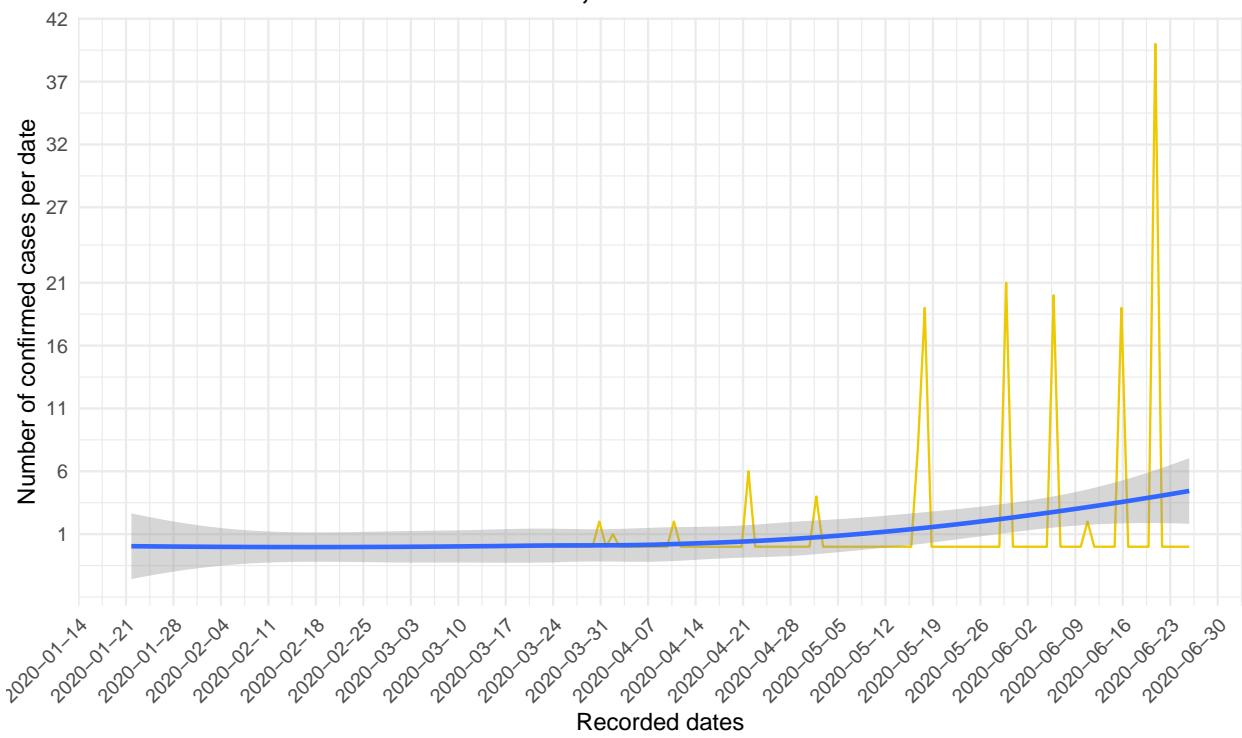

### Burma – confirmed cases over time, total cases: 246

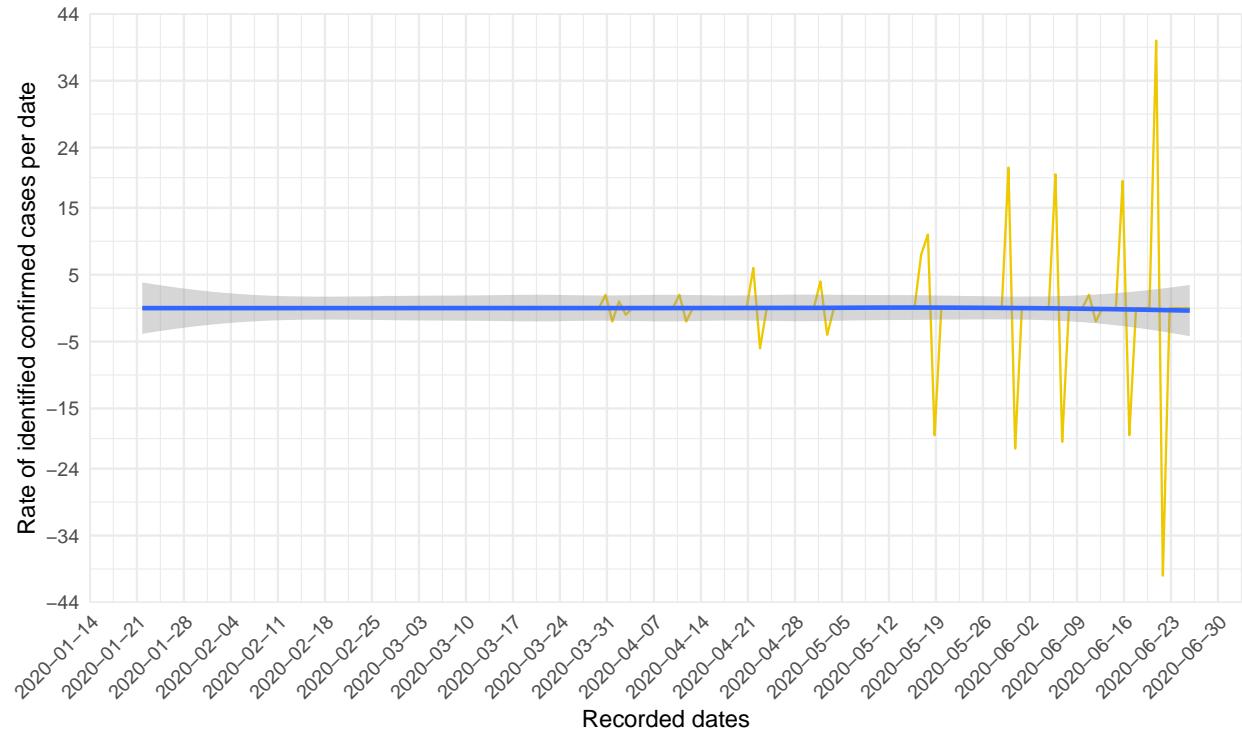

### Burma – rate of increase of confirmed cases over time

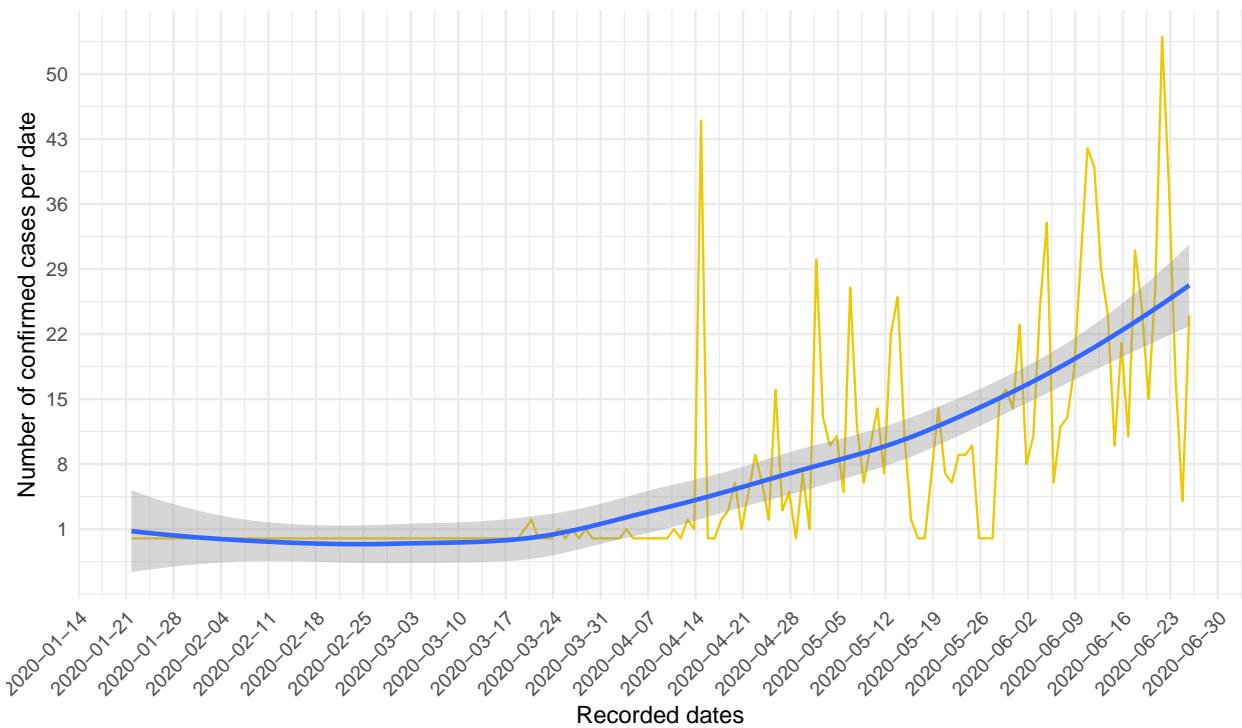

### Burundi – confirmed cases over time, total cases: 83

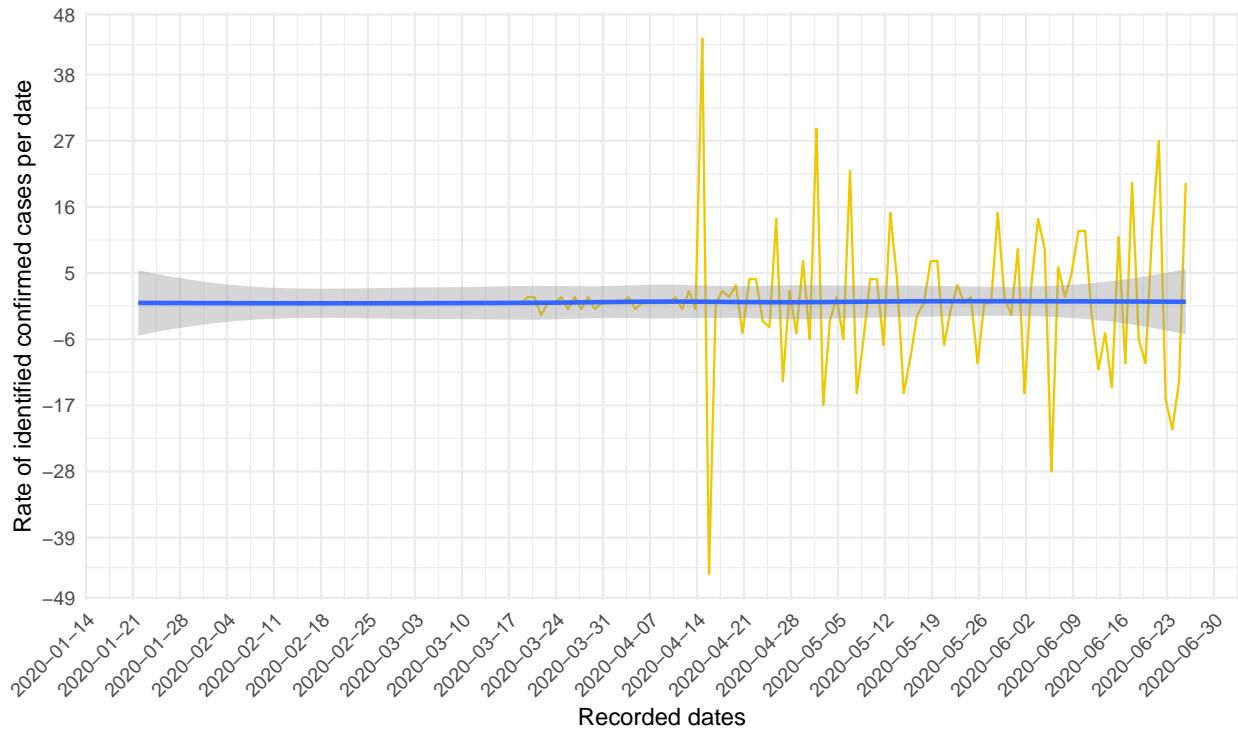

### Burundi – rate of increase of confirmed cases over time

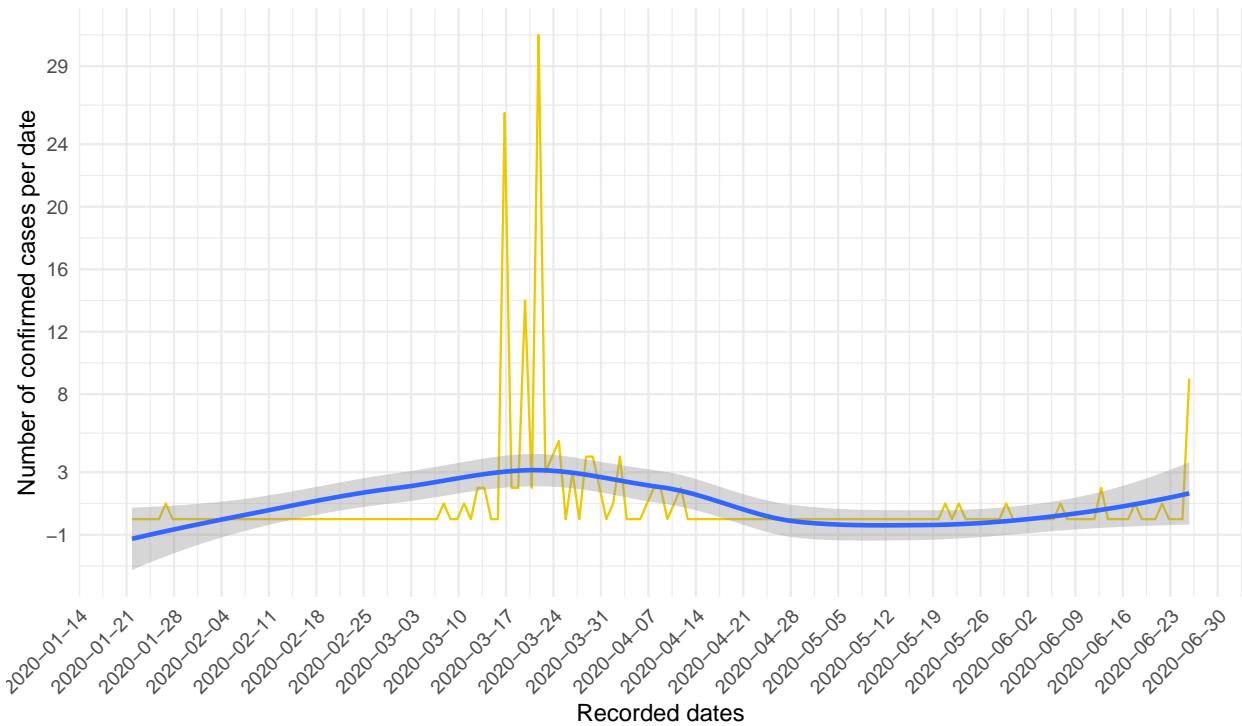

**Cabo Verde – confirmed cases over time, total cases: 585**

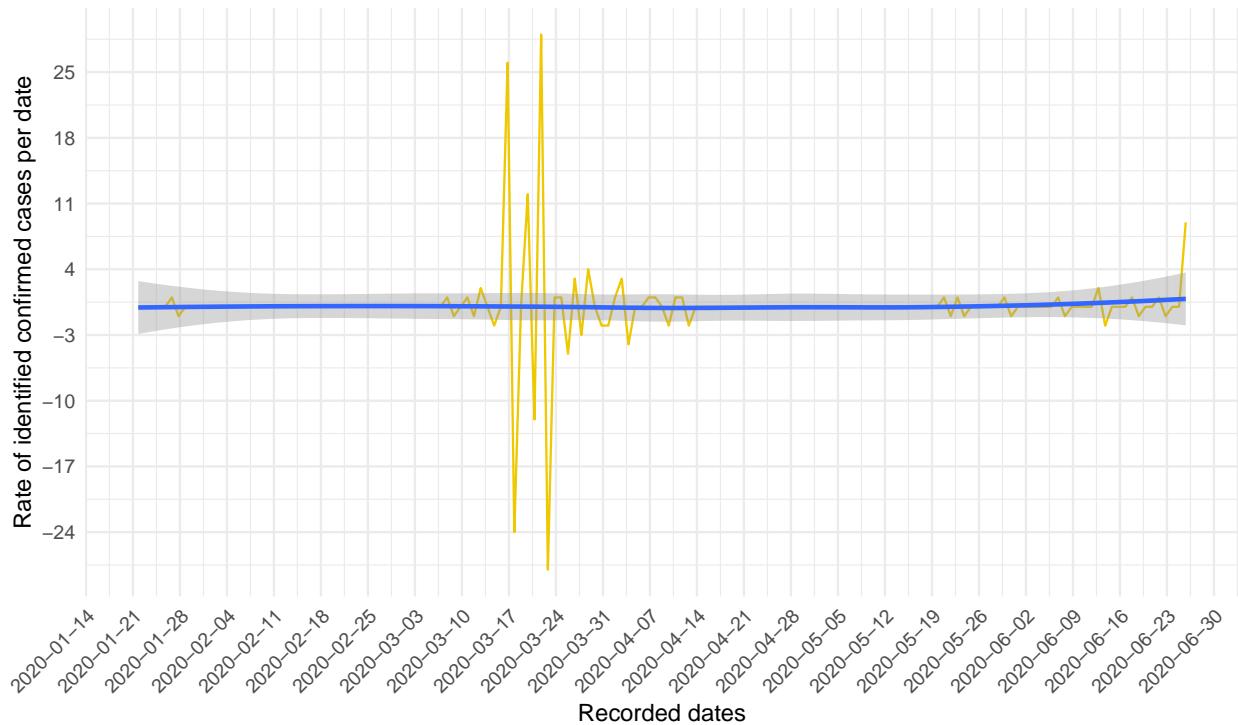

**Cabo Verde – rate of increase of confirmed cases over time**

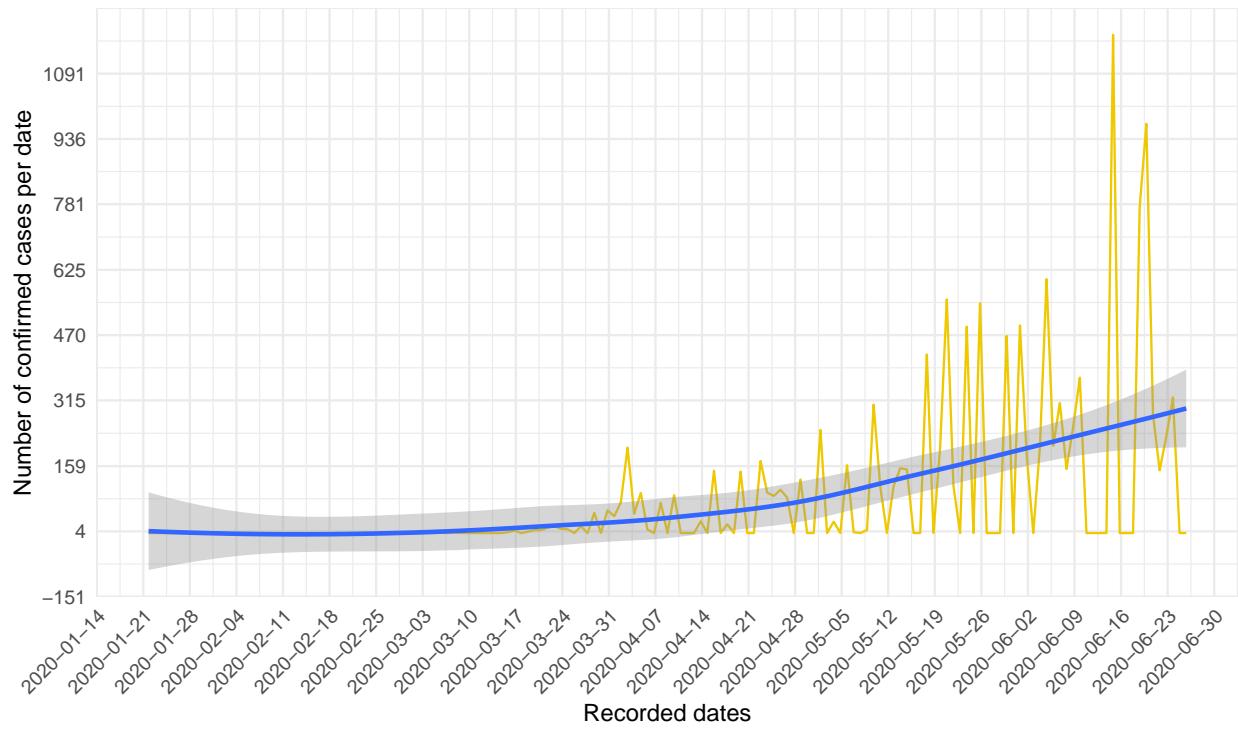

### Cambodia – confirmed cases over time, total cases: 126

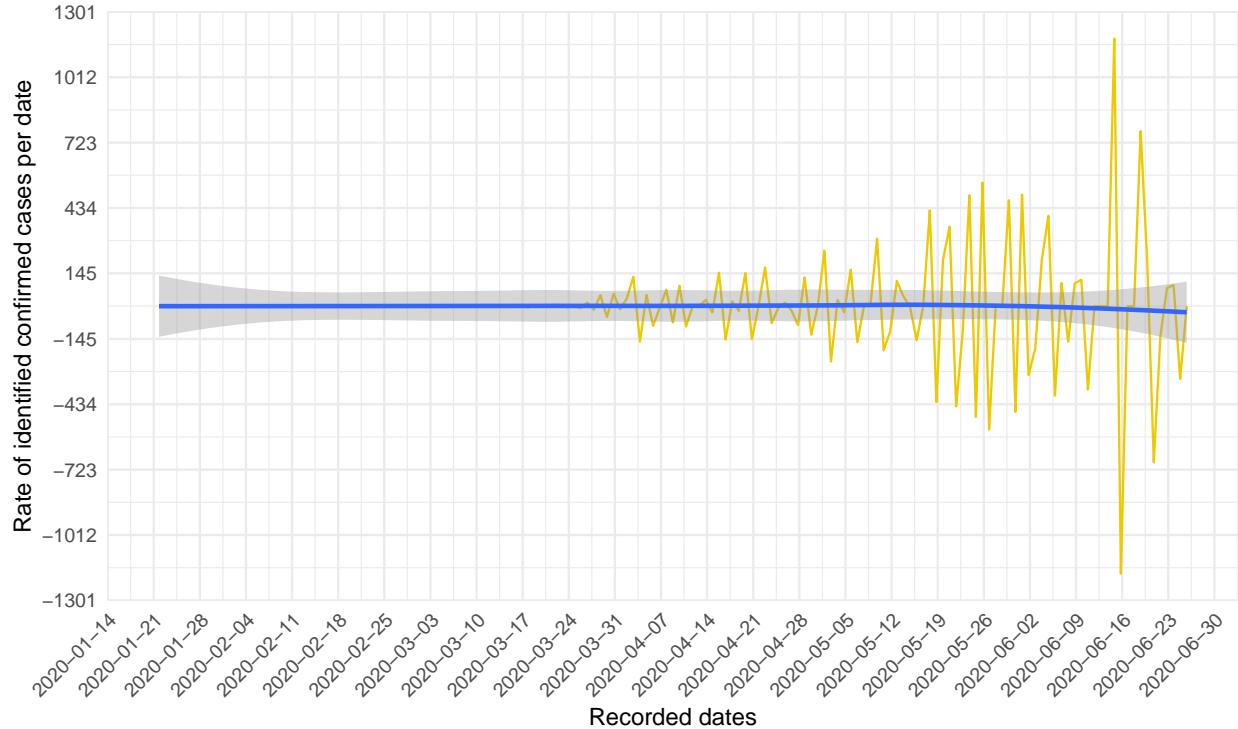

### Cambodia – rate of increase of confirmed cases over time

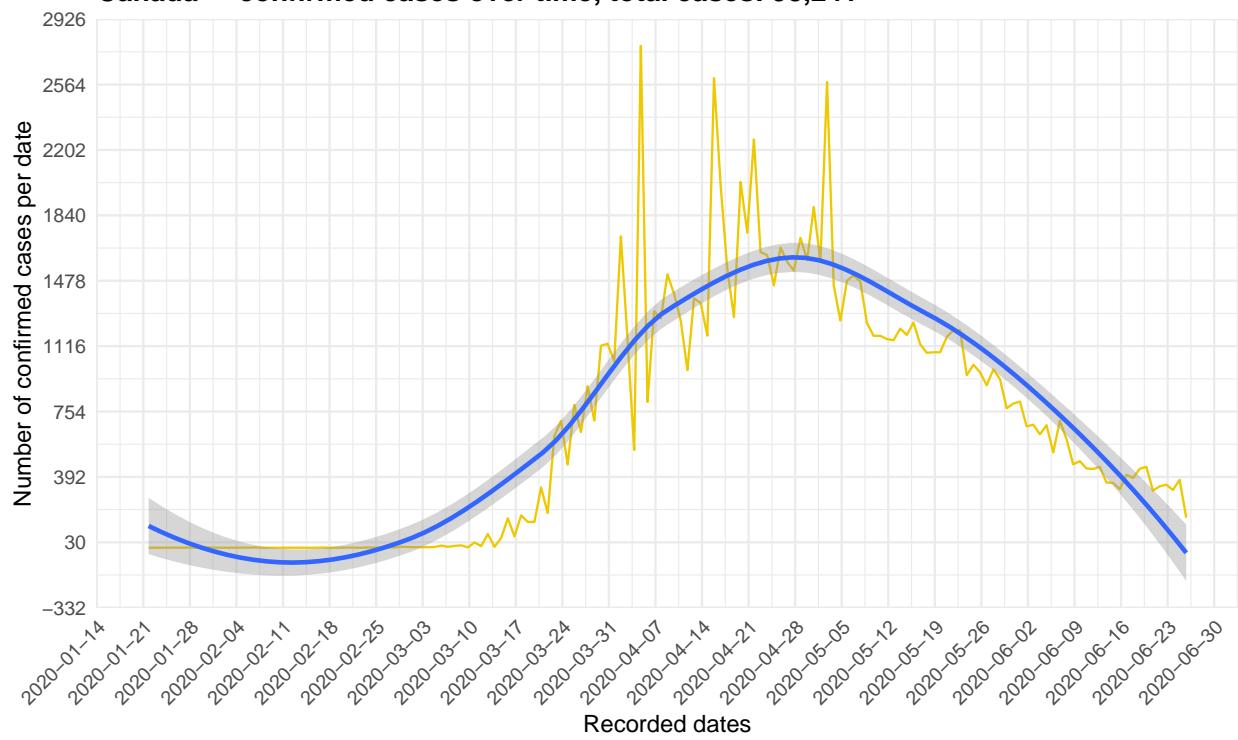

### Cameroon – confirmed cases over time, total cases: 8,312

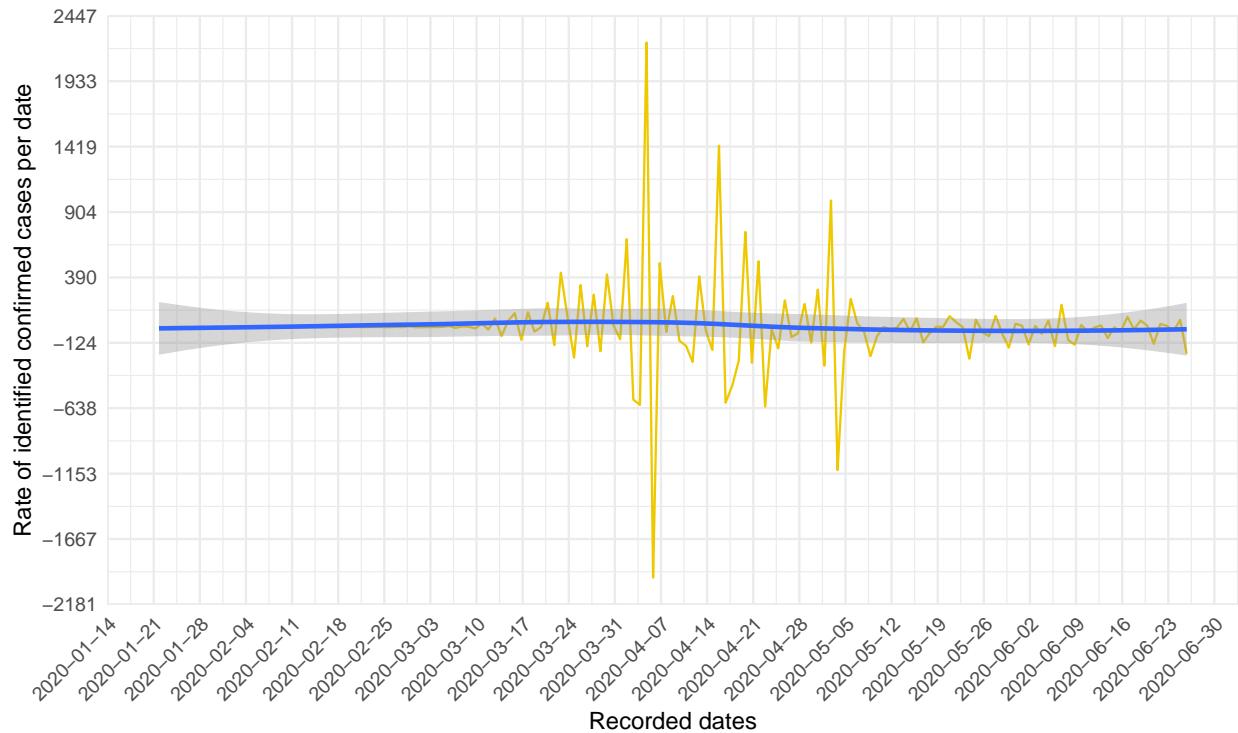

### Cameroon – rate of increase of confirmed cases over time

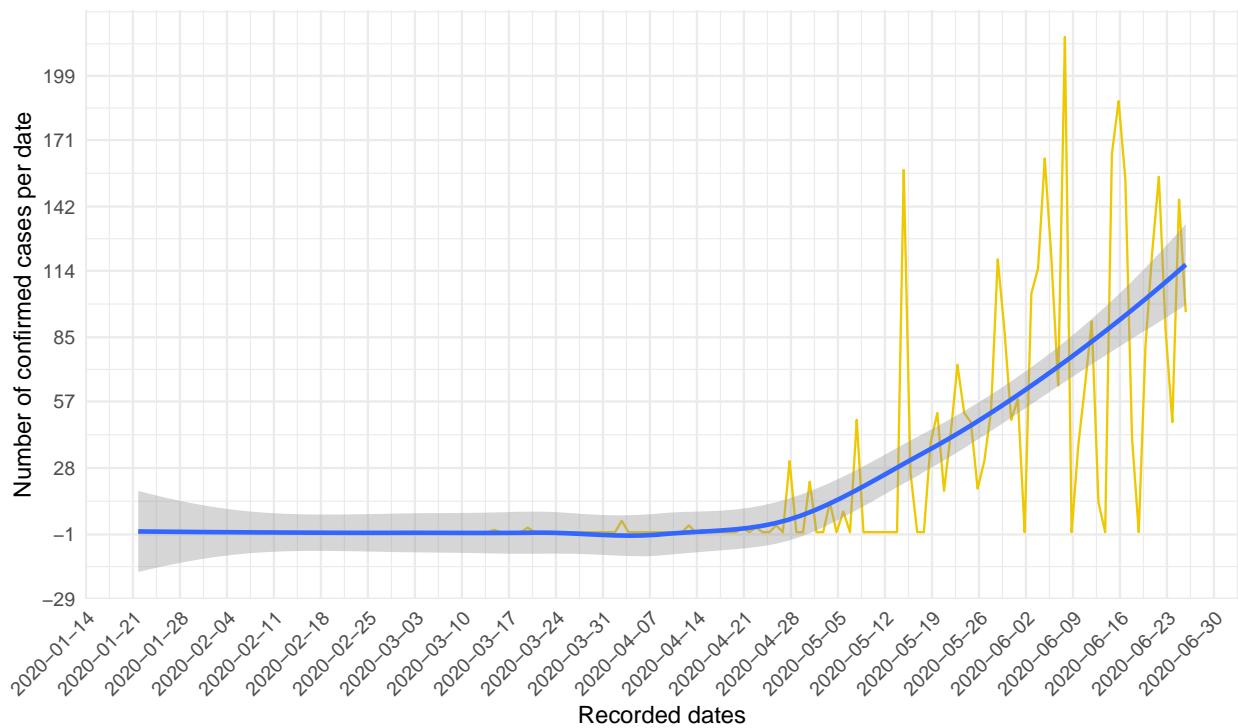

### Canada – confirmed cases over time, total cases: 98,241

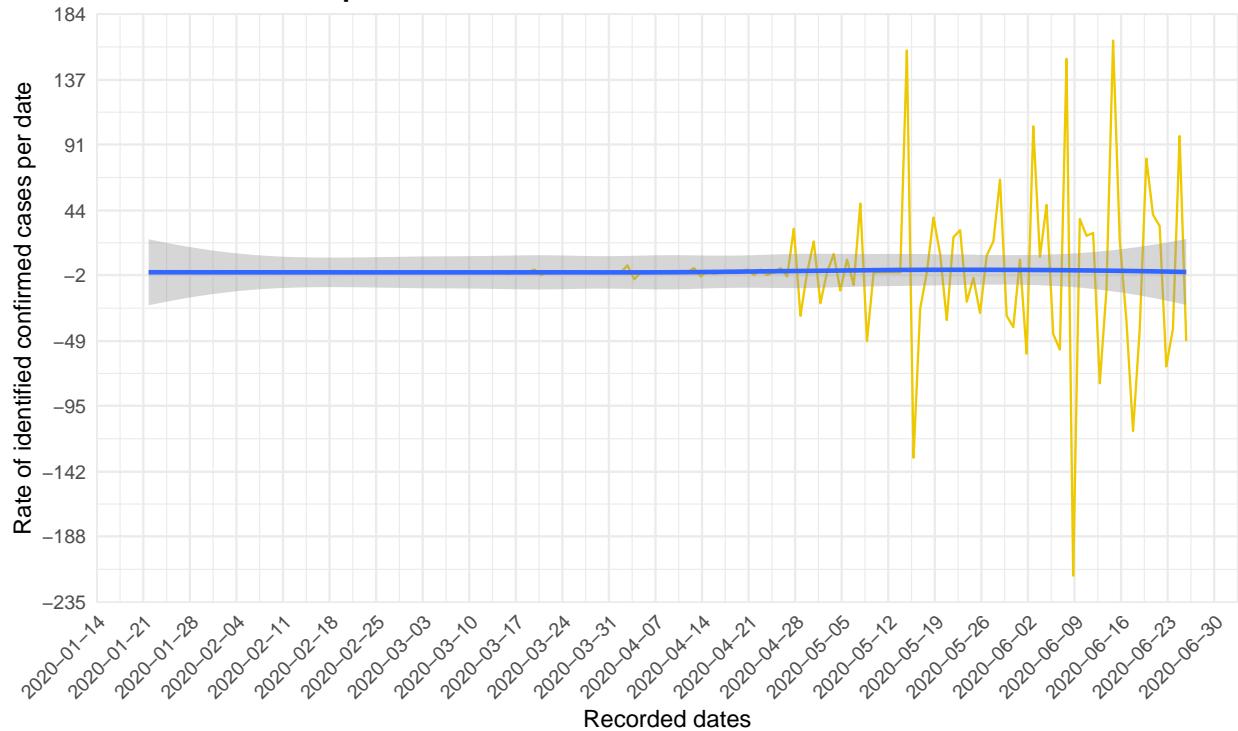

### Canada – rate of increase of confirmed cases over time

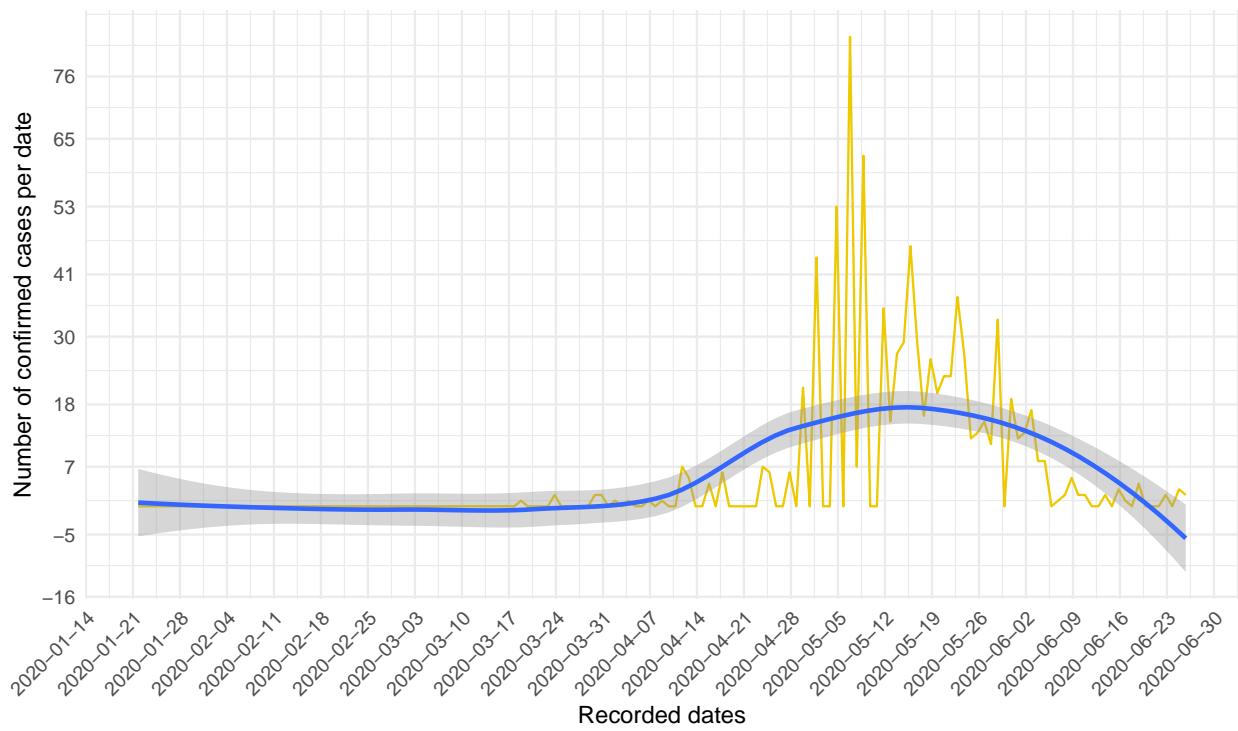

### Central African Republic – confirmed cases over time, total cases: 1,850

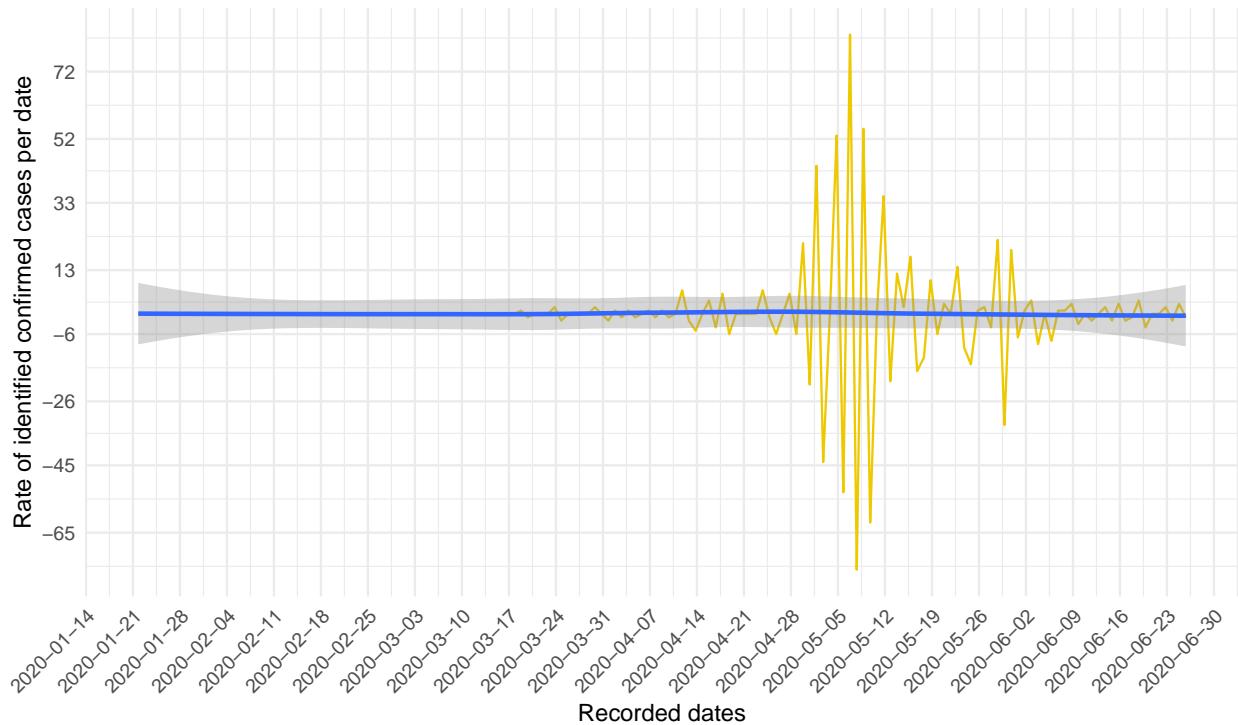

### Central African Republic – rate of increase of confirmed cases over time

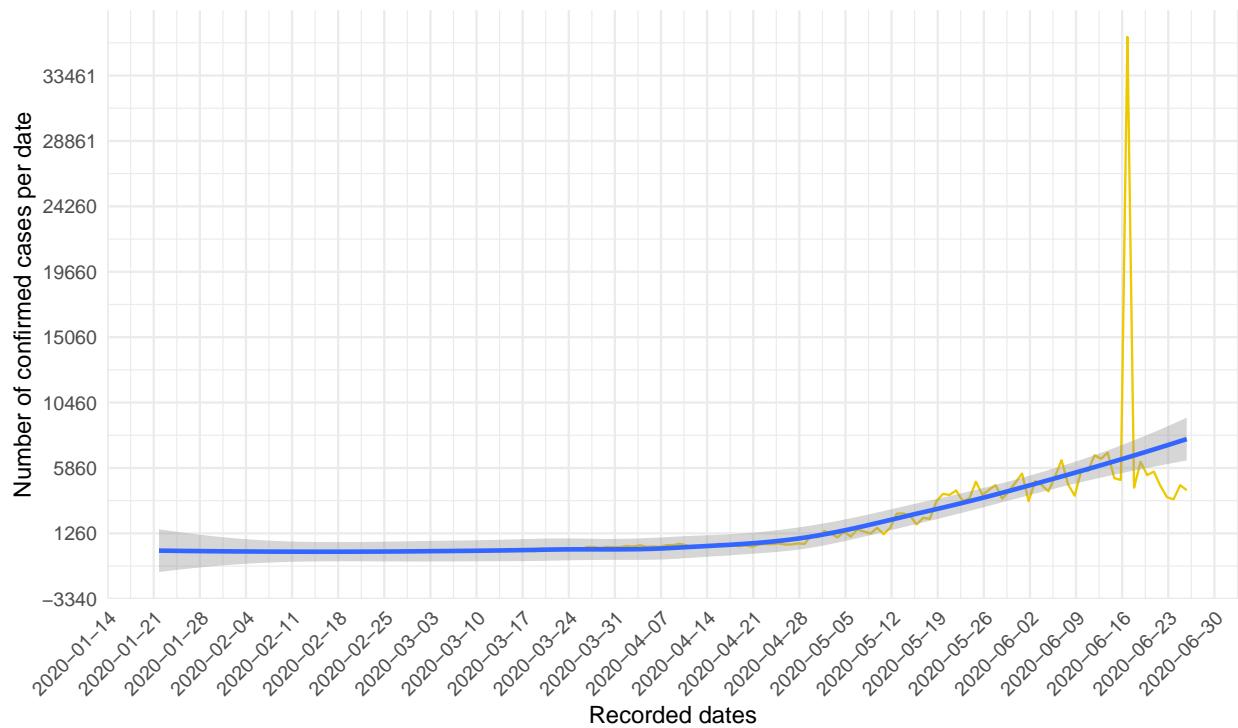

**Chad – confirmed cases over time, total cases: 844**

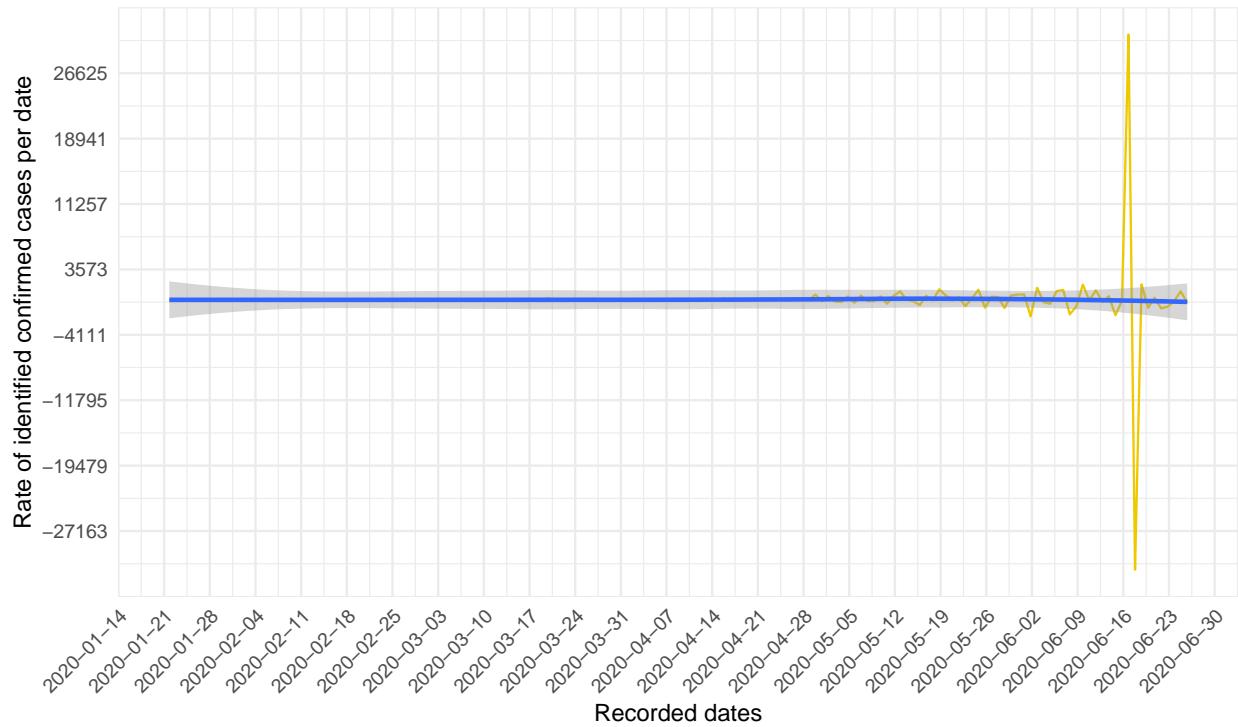

**Chad – rate of increase of confirmed cases over time**

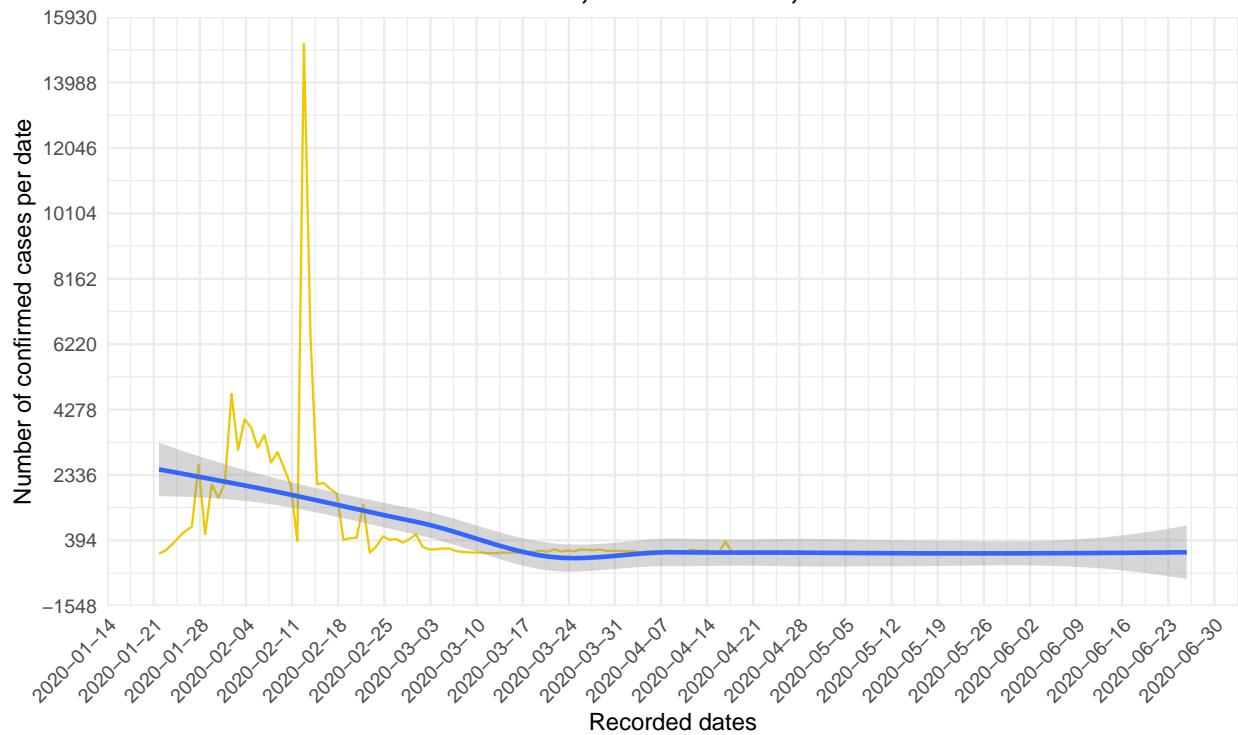

### Chile – confirmed cases over time, total cases: 142,759

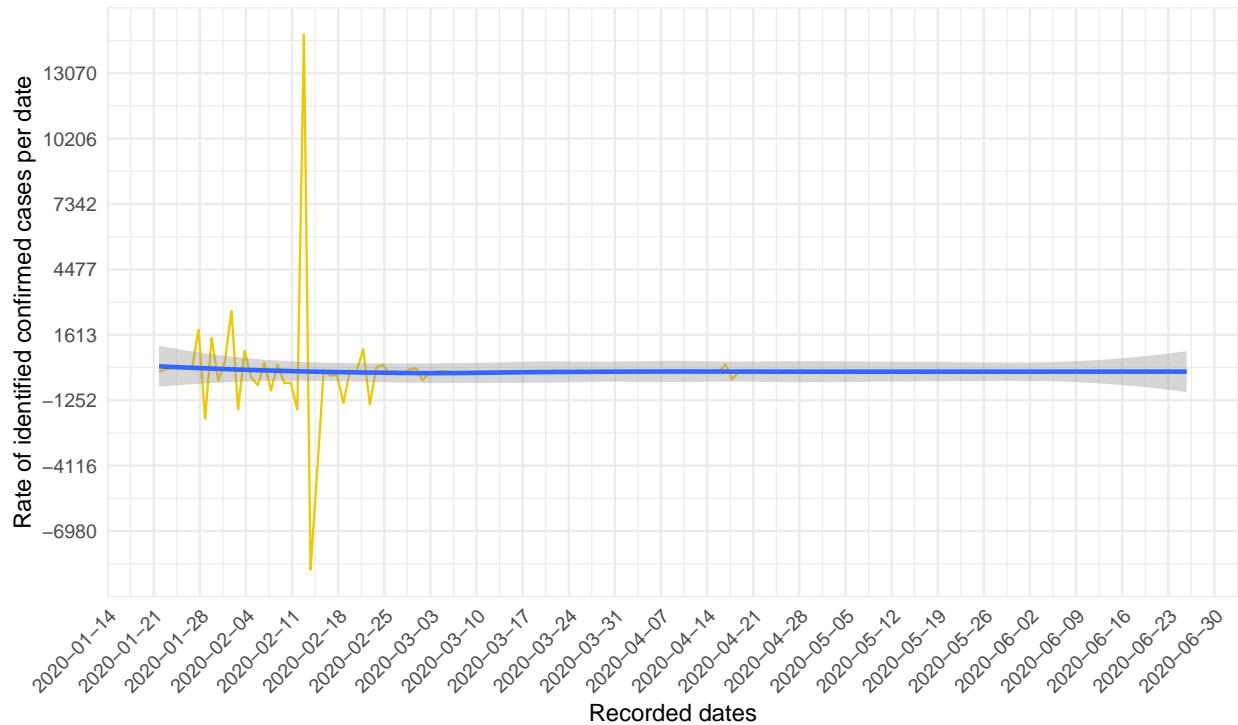

### Chile – rate of increase of confirmed cases over time

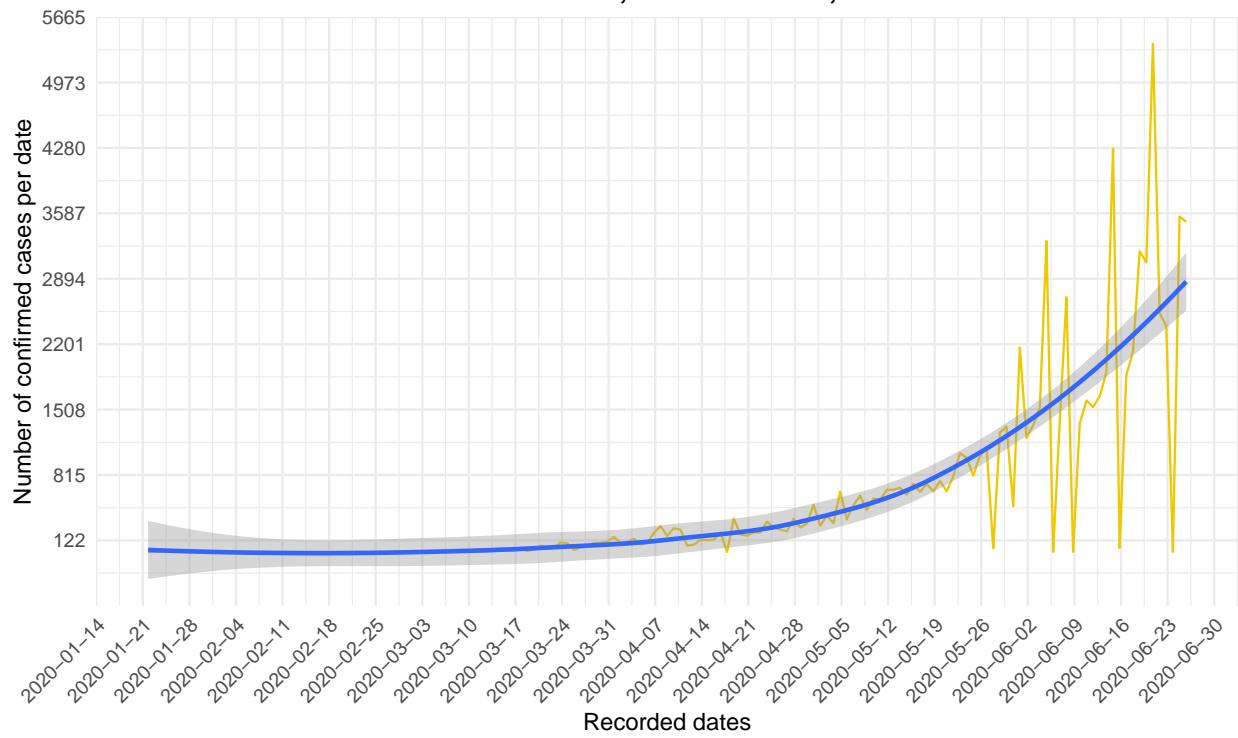

### China – confirmed cases over time, total cases: 84,198

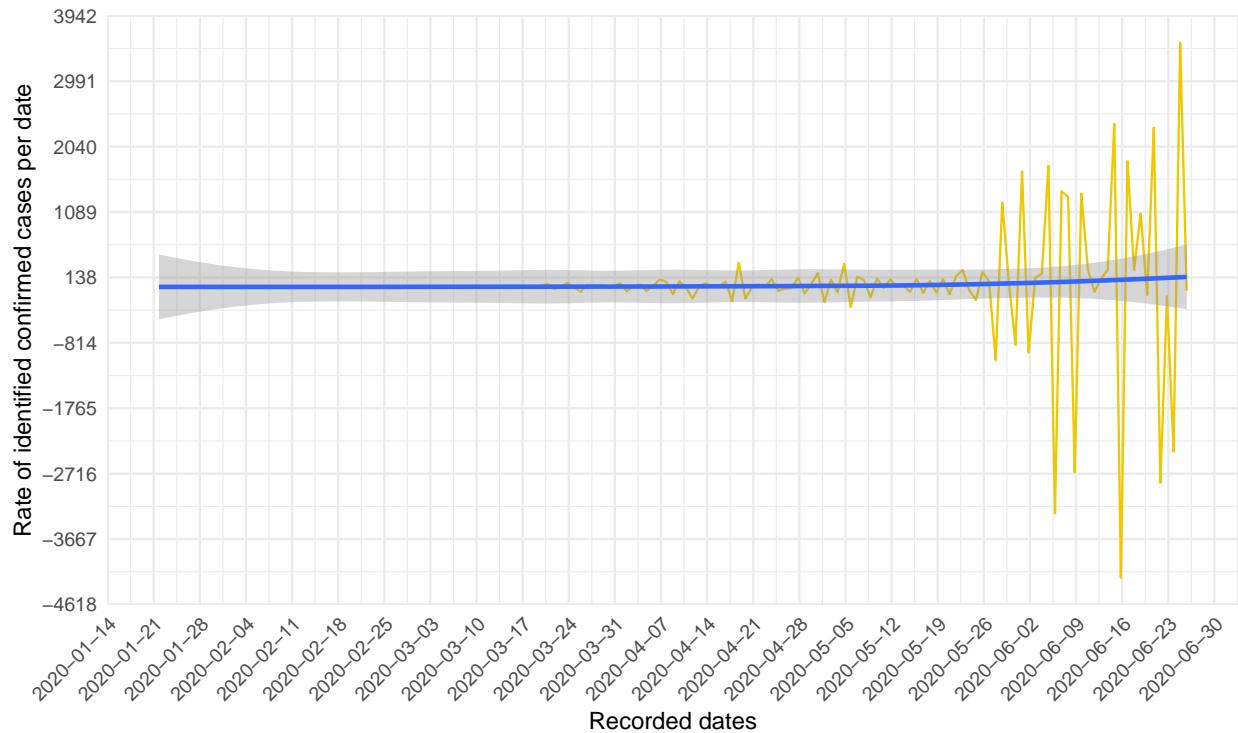

### China – rate of increase of confirmed cases over time

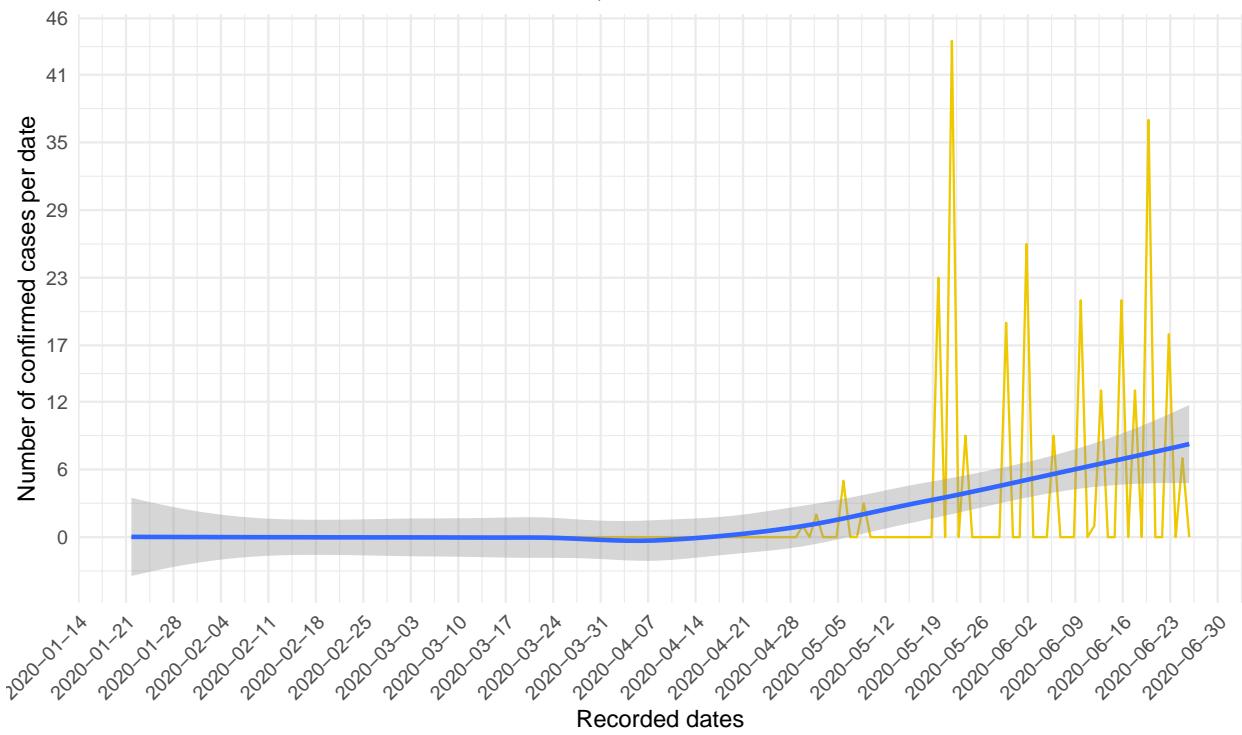

### Colombia – confirmed cases over time, total cases: 40,847

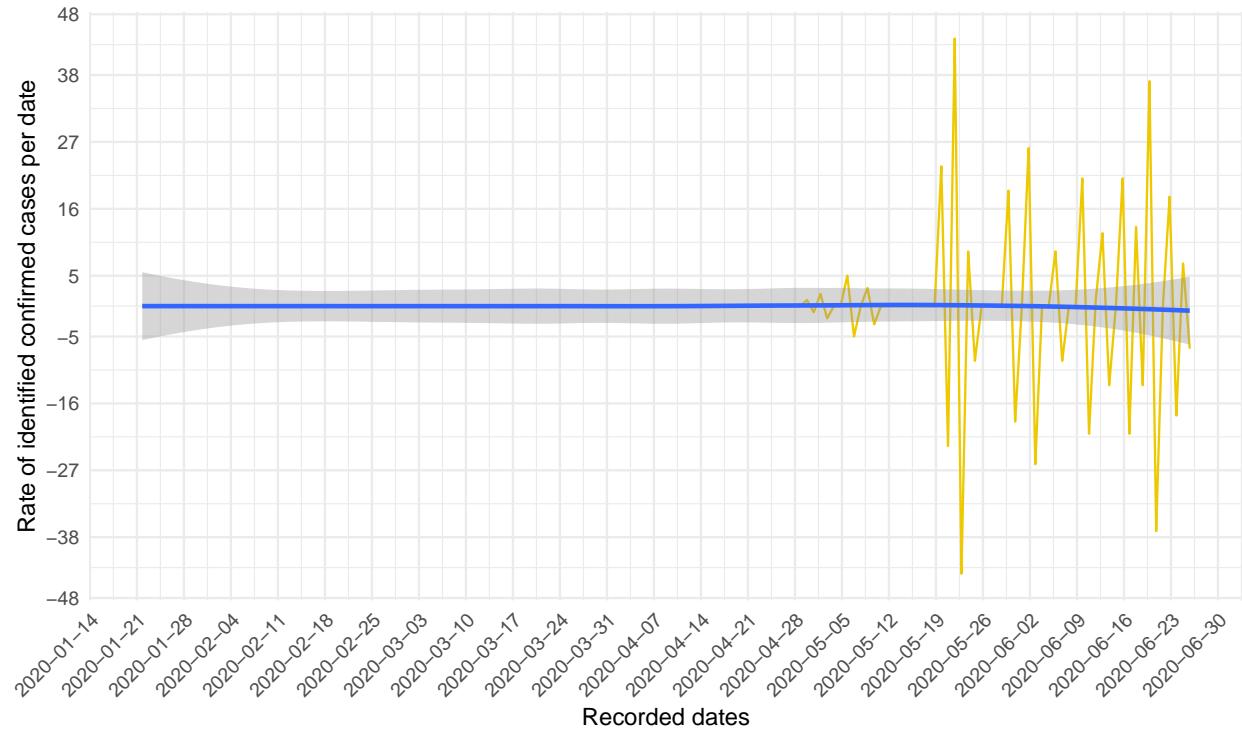

### Colombia – rate of increase of confirmed cases over time

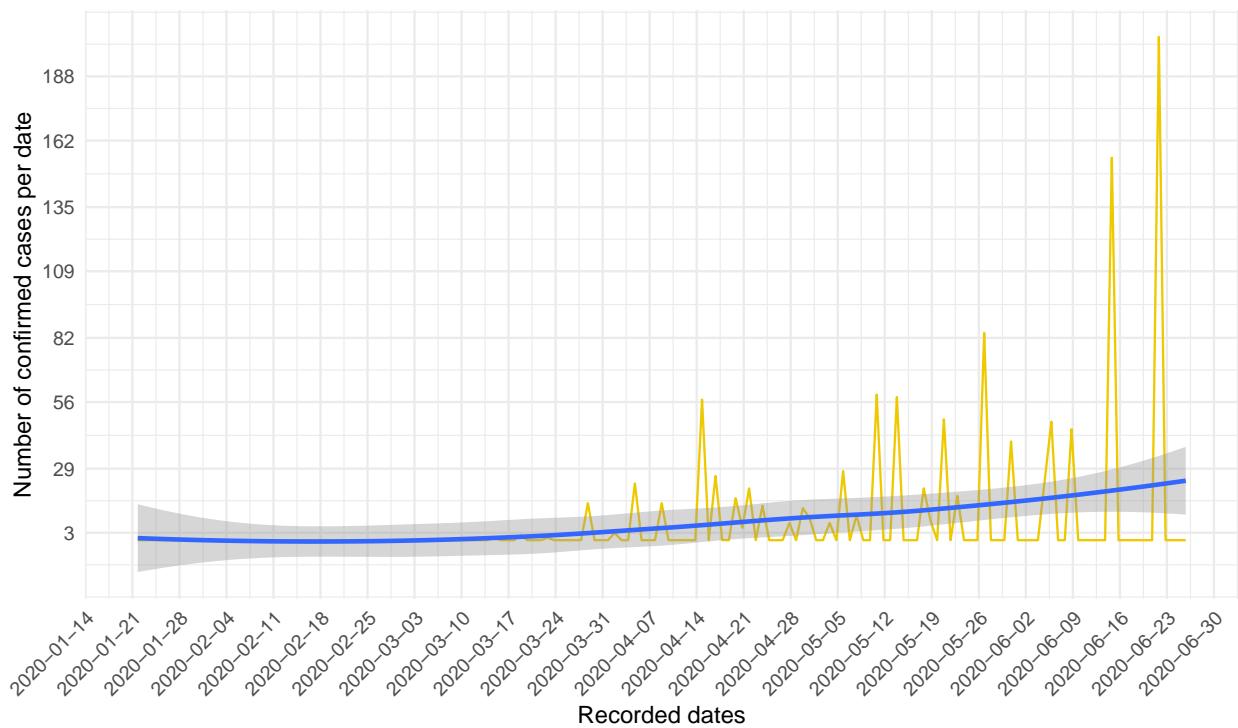

### Comoros – confirmed cases over time, total cases: 141

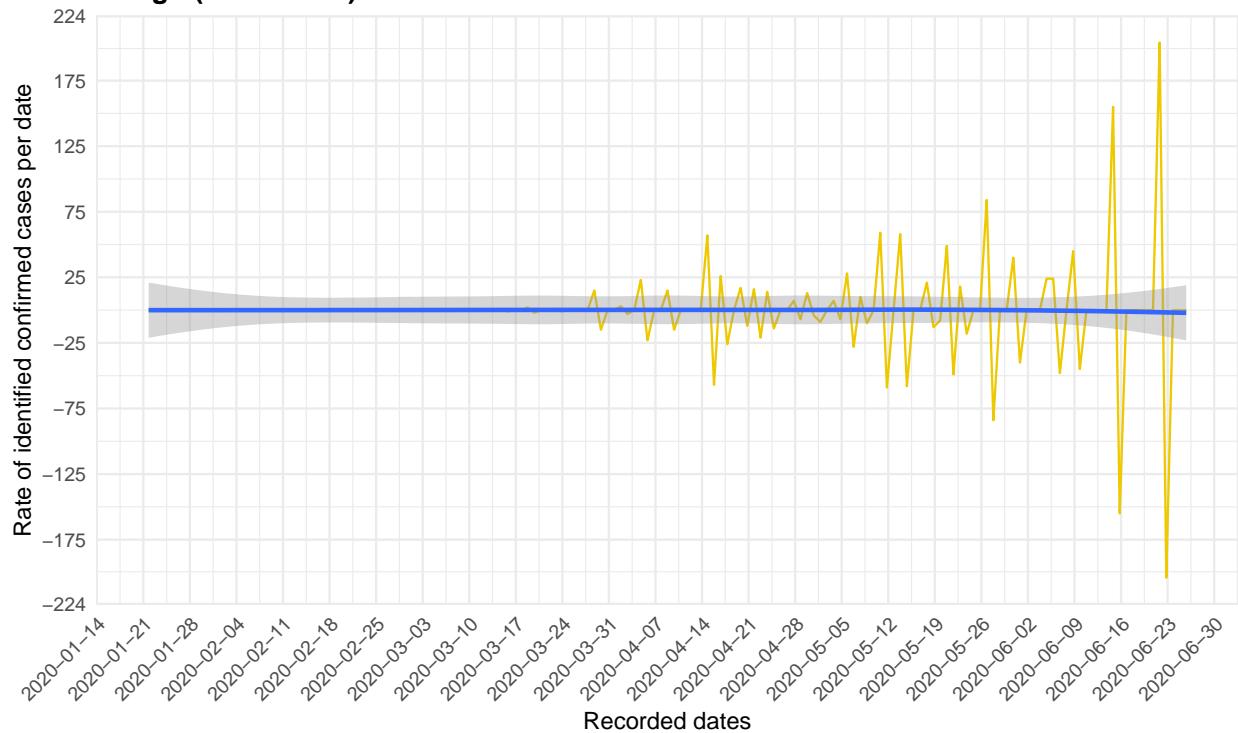

### Comoros – rate of increase of confirmed cases over time

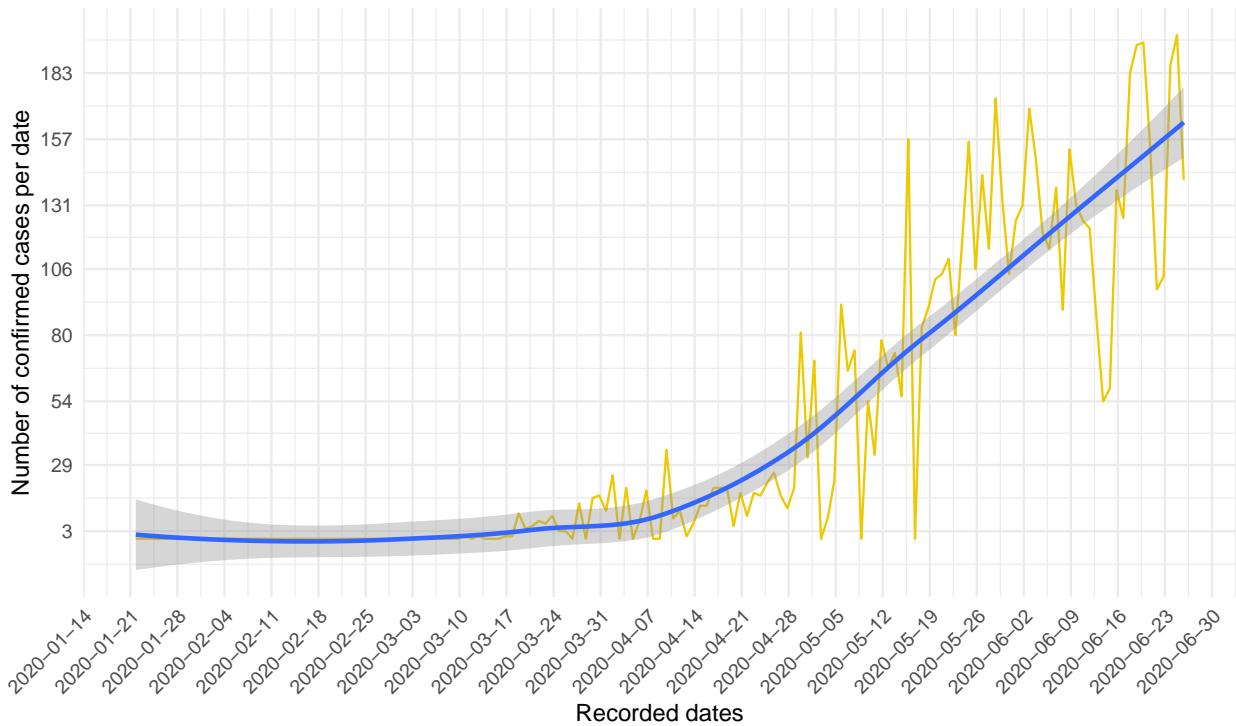

**Congo (Brazzaville) – confirmed cases over time, total cases: 728**

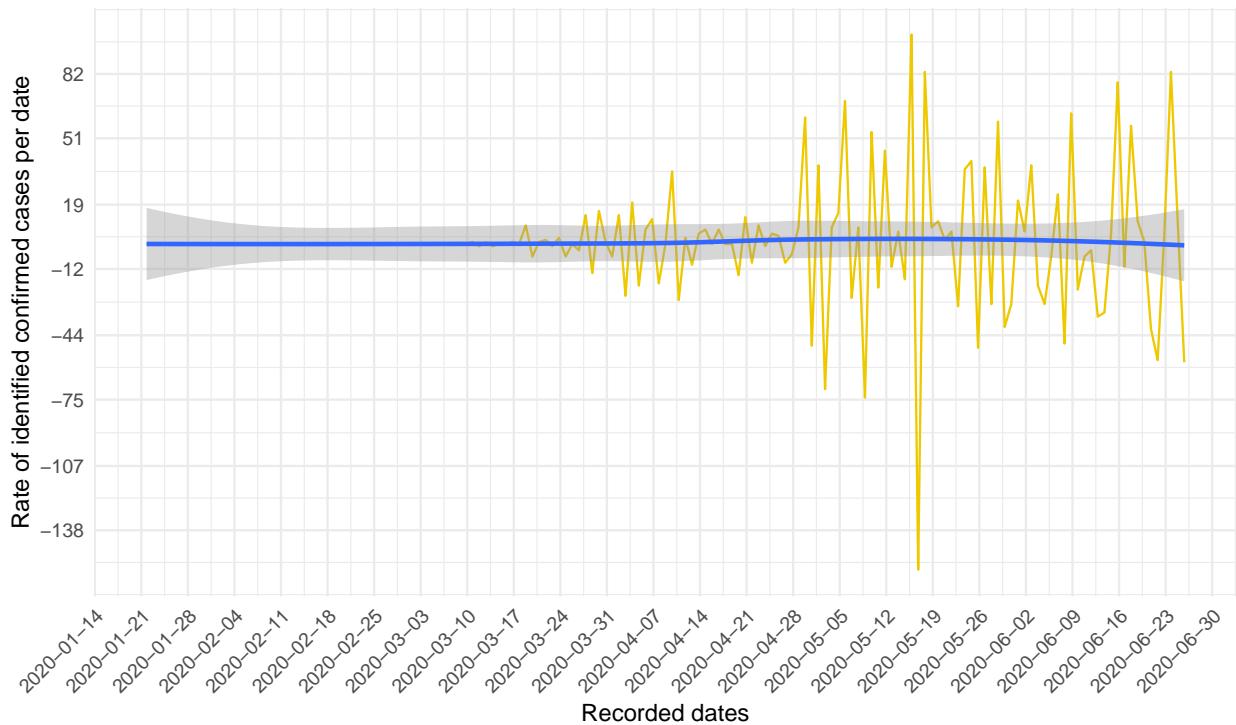

**Congo (Brazzaville) – rate of increase of confirmed cases over time**

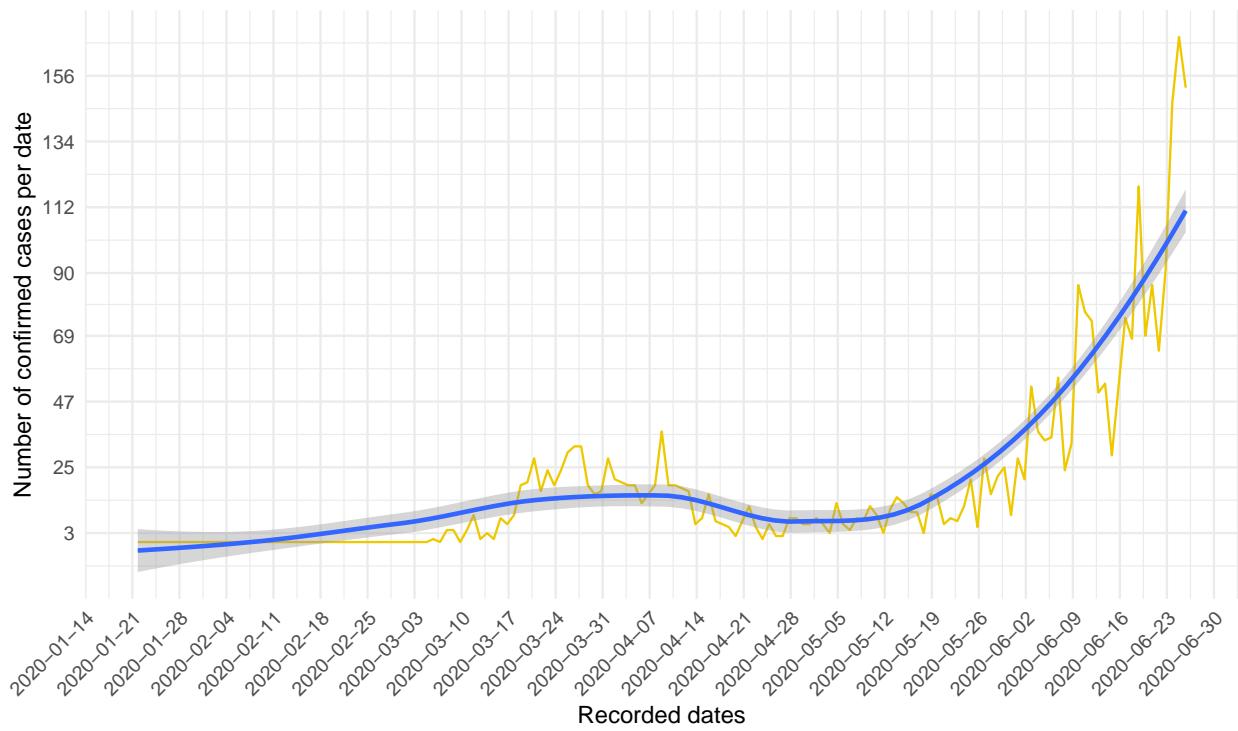

**Congo (Kinshasa) – confirmed cases over time, total cases: 4,259**

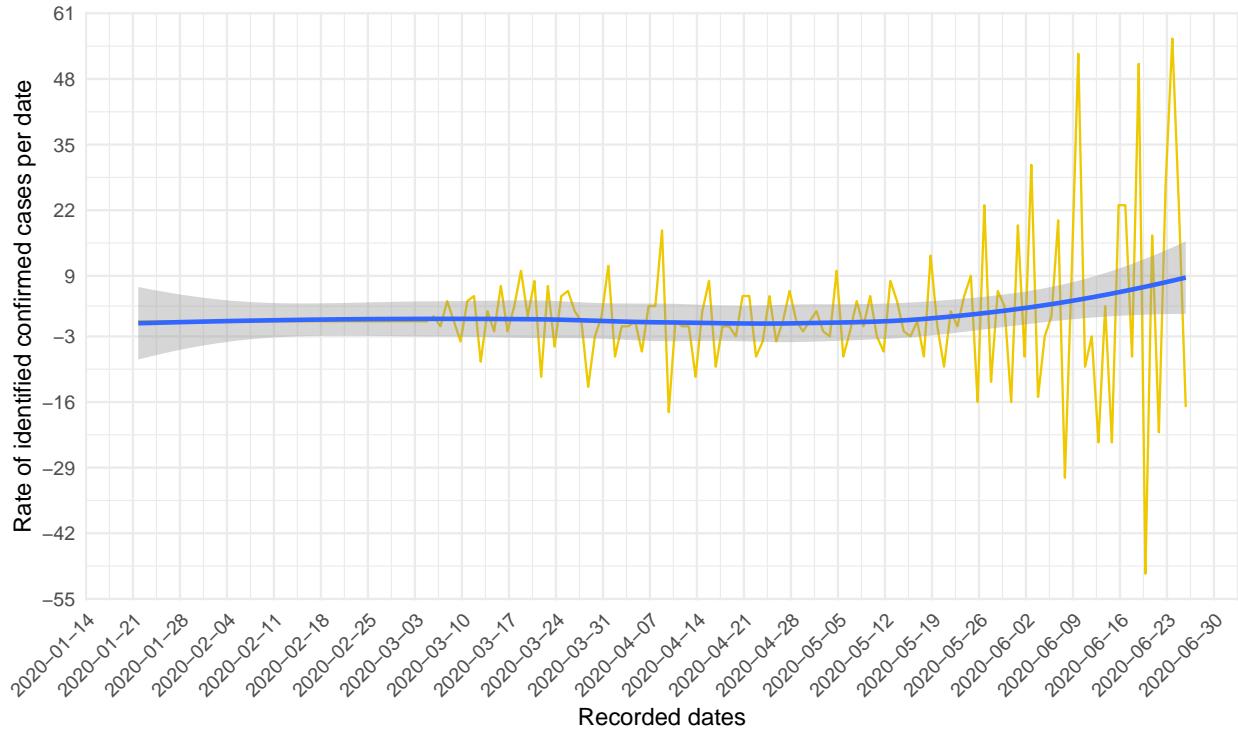

**Congo (Kinshasa) – rate of increase of confirmed cases over time**

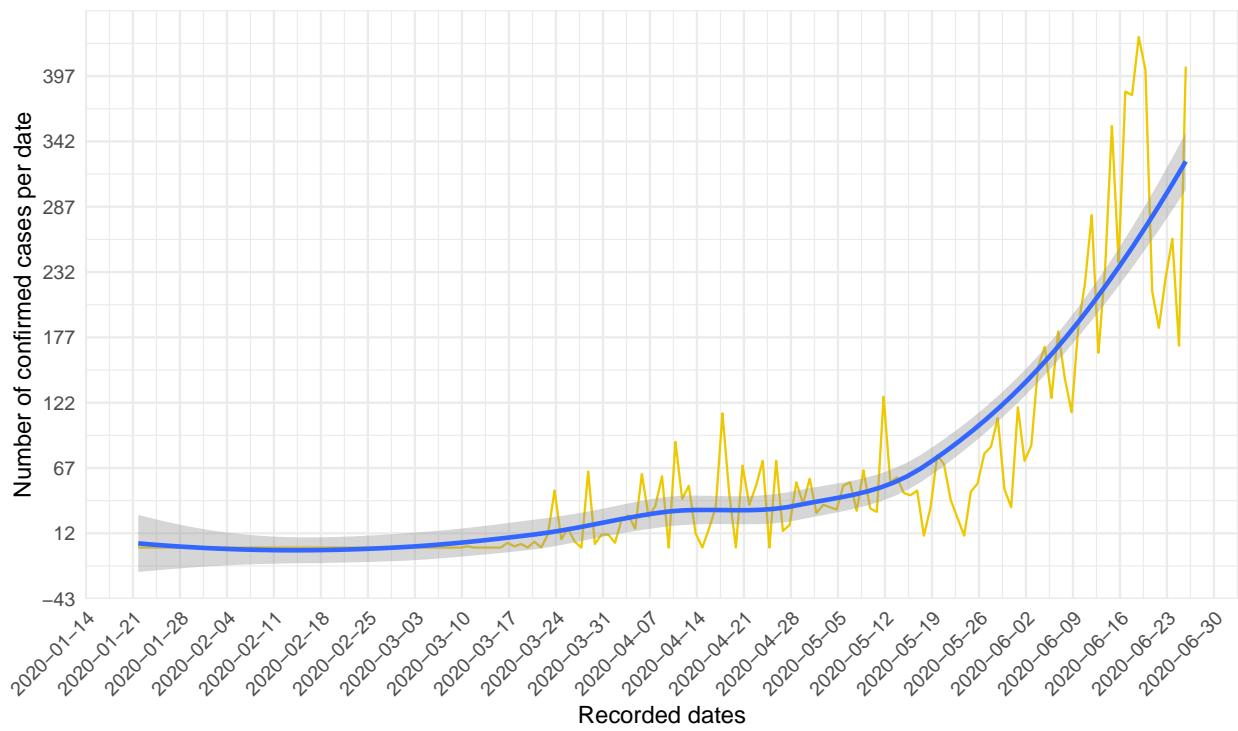

### **Costa Rica – confirmed cases over time, total cases: 1,375**

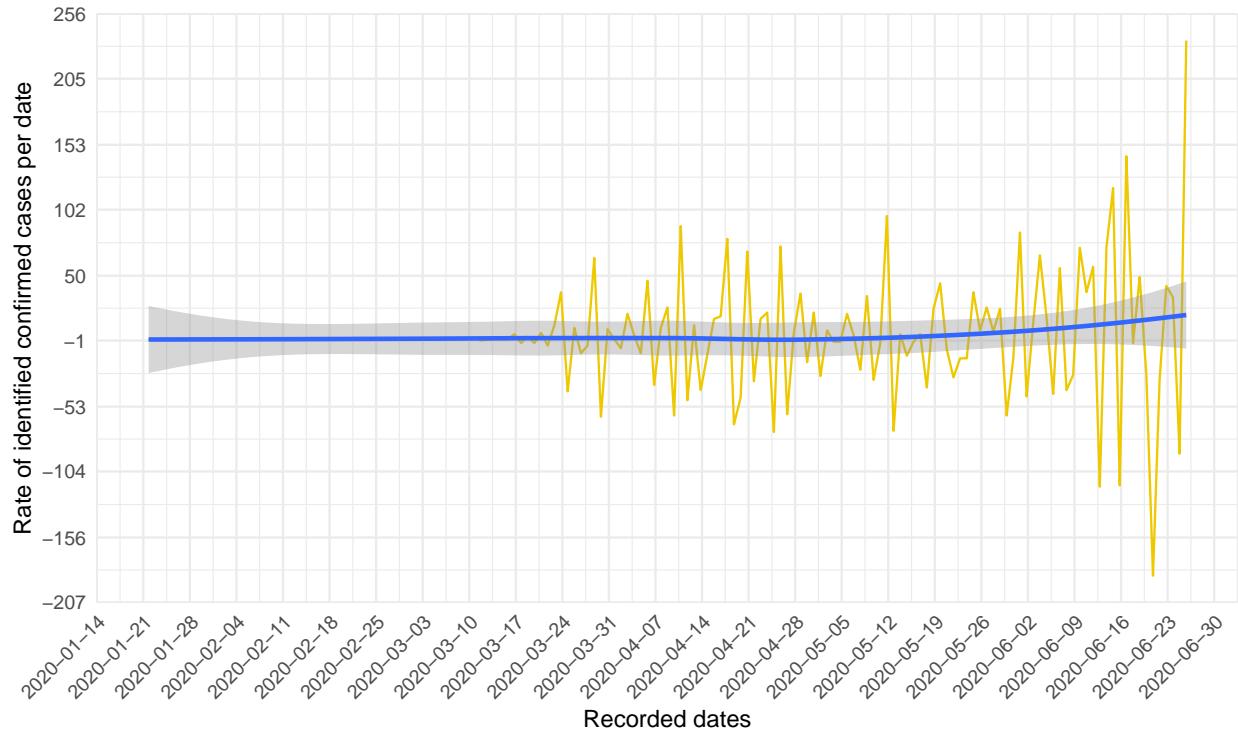

### **Costa Rica – rate of increase of confirmed cases over time**

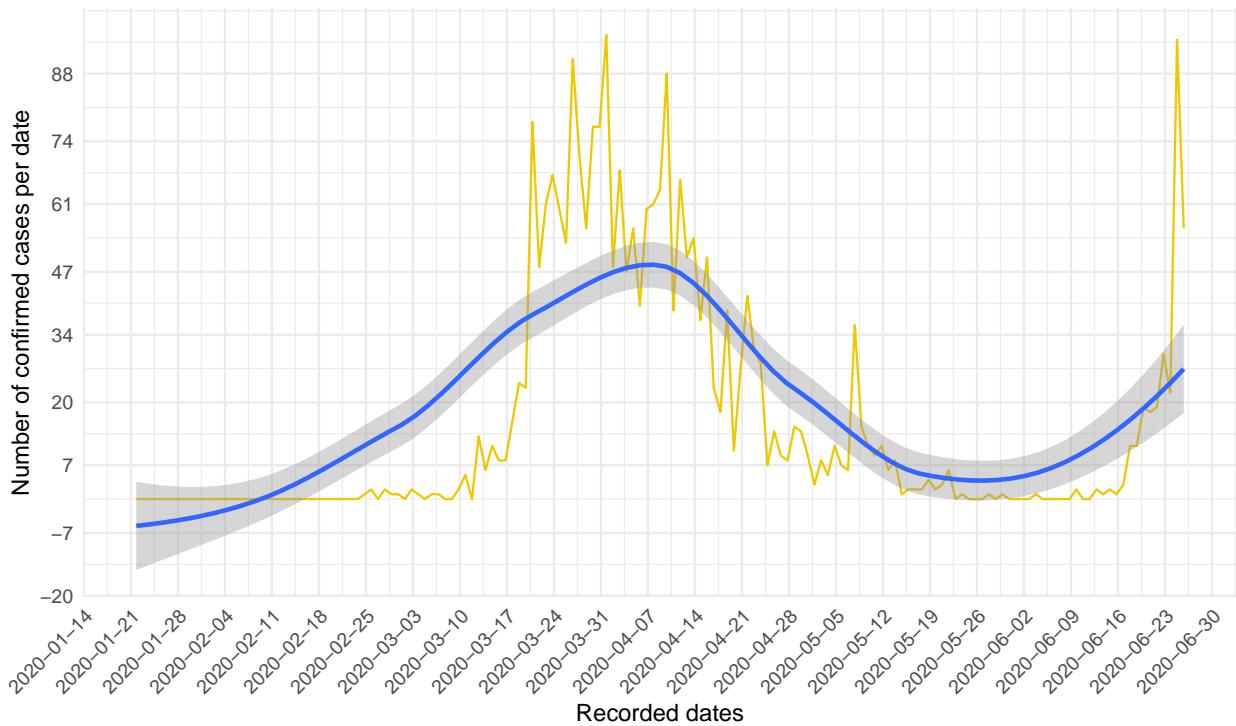

**Cote d'Ivoire – confirmed cases over time, total cases: 3,995**

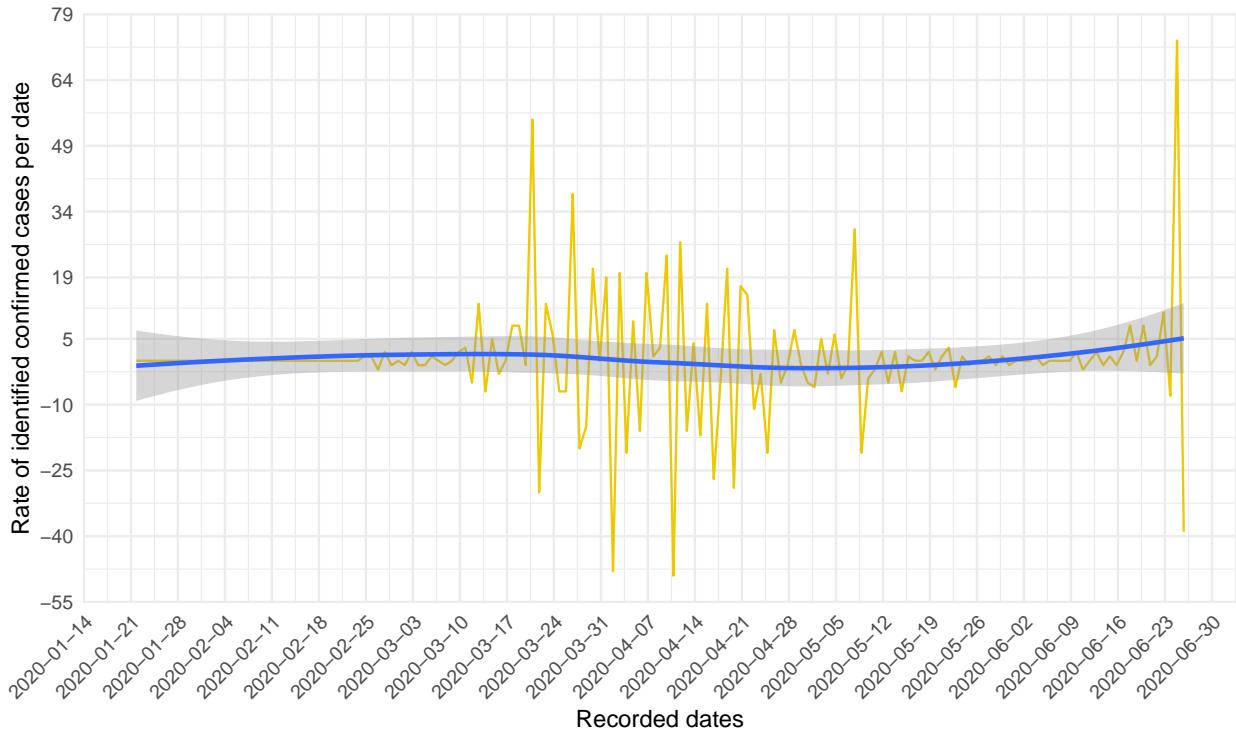

**Cote d'Ivoire – rate of increase of confirmed cases over time**

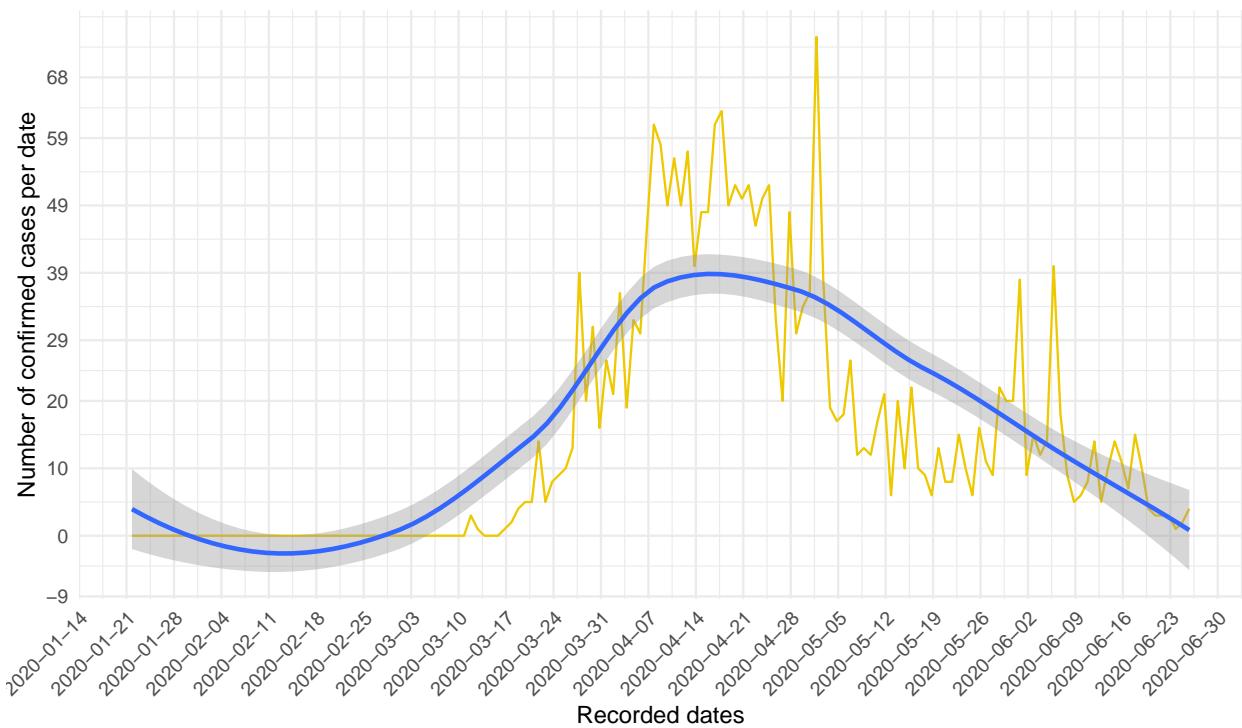

### Croatia – confirmed cases over time, total cases: 2,247

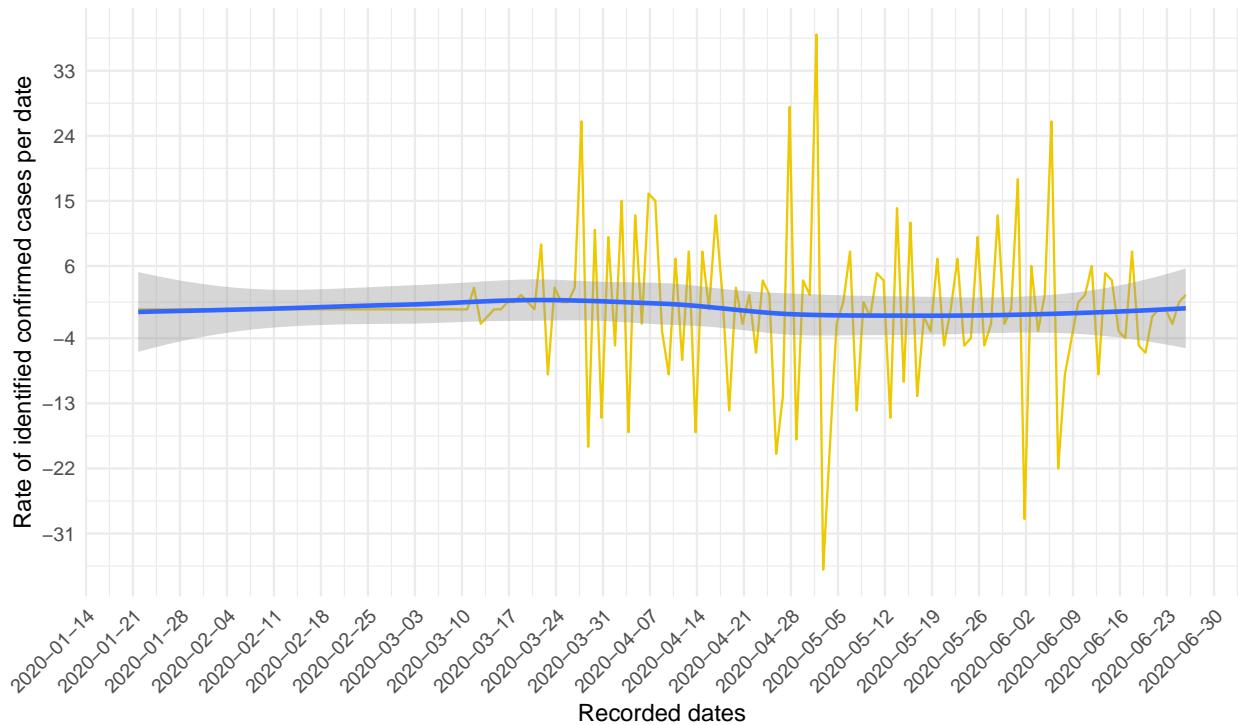

### Croatia – rate of increase of confirmed cases over time

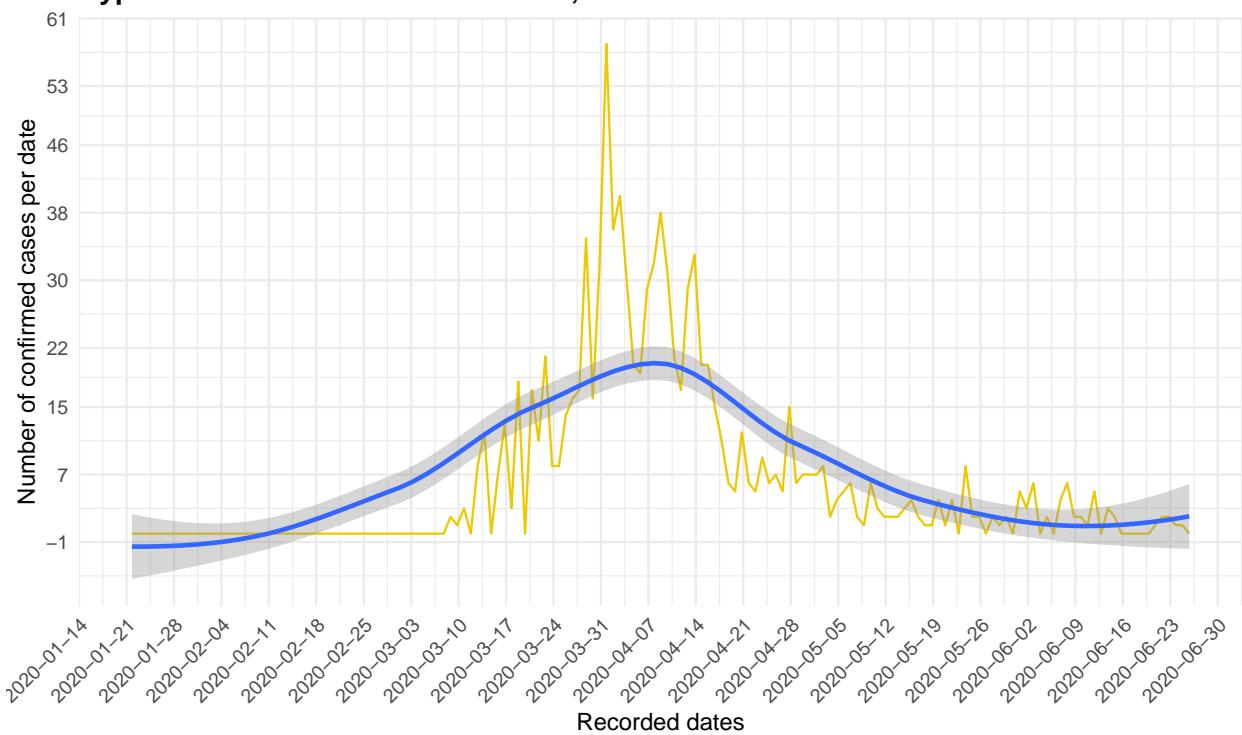

**Cuba – confirmed cases over time, total cases: 2,205**

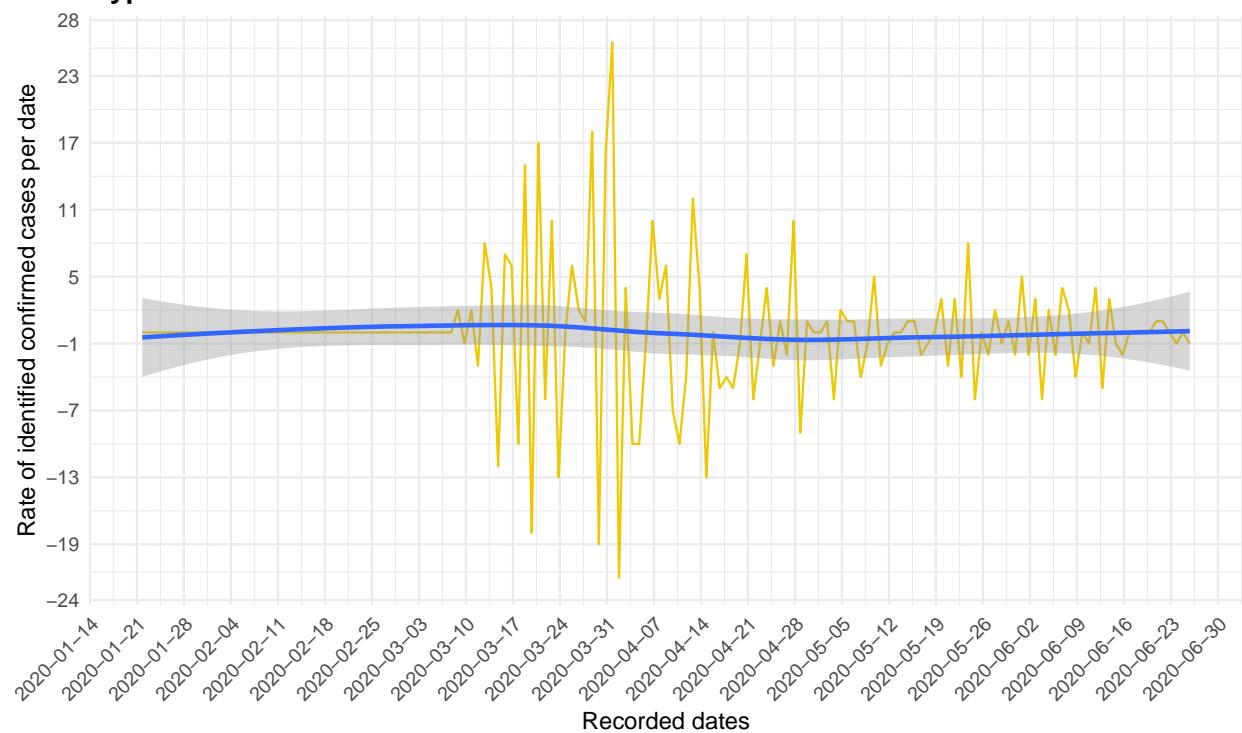

**Cuba – rate of increase of confirmed cases over time**

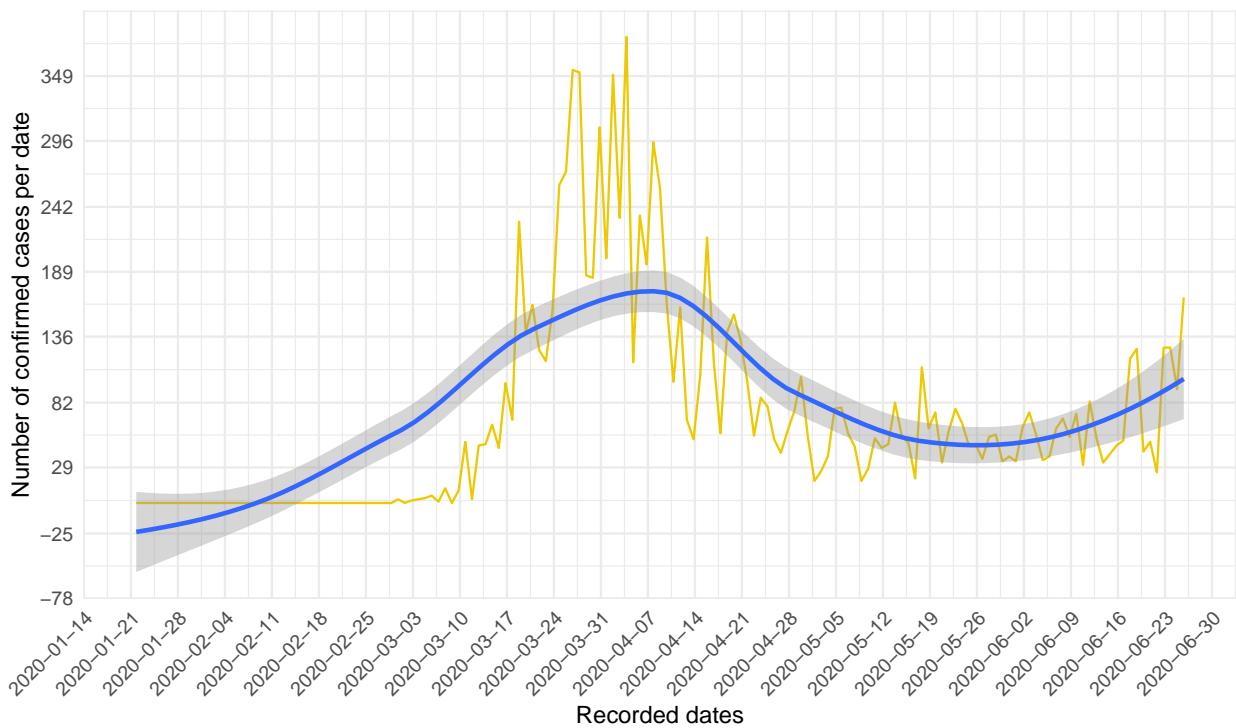

### Cyprus – confirmed cases over time, total cases: 972

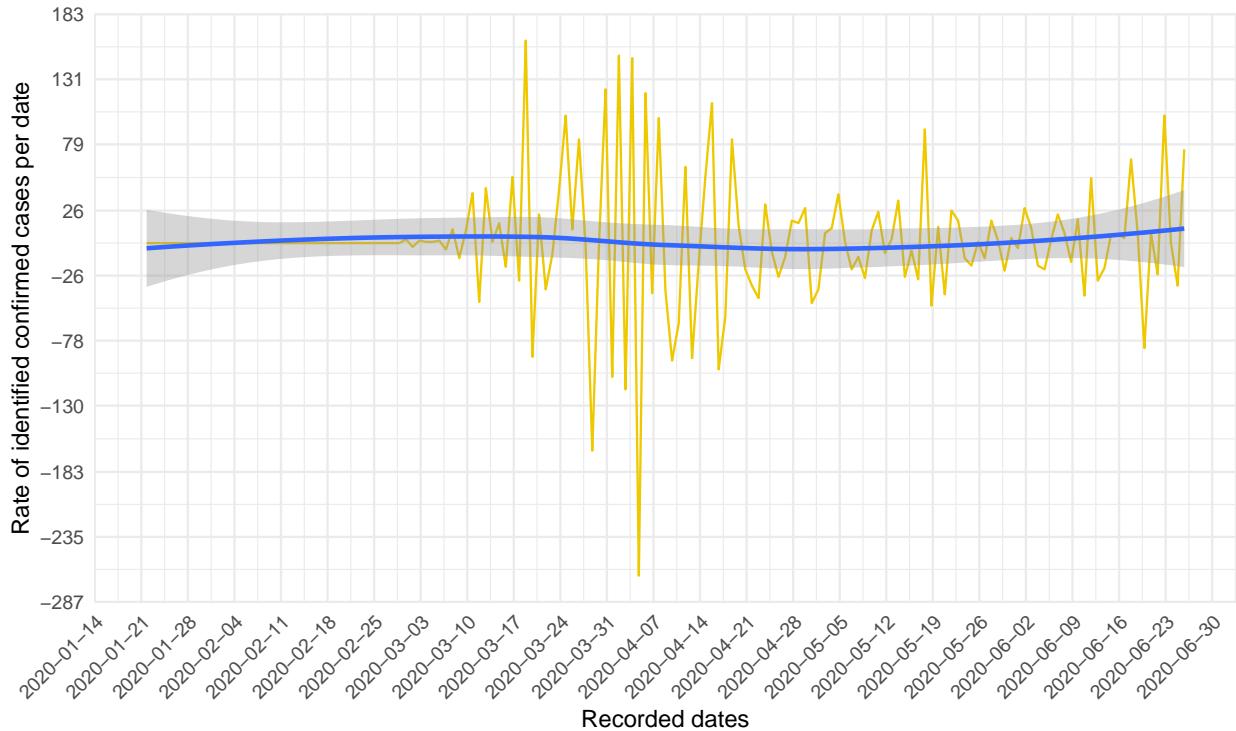

### Cyprus – rate of increase of confirmed cases over time

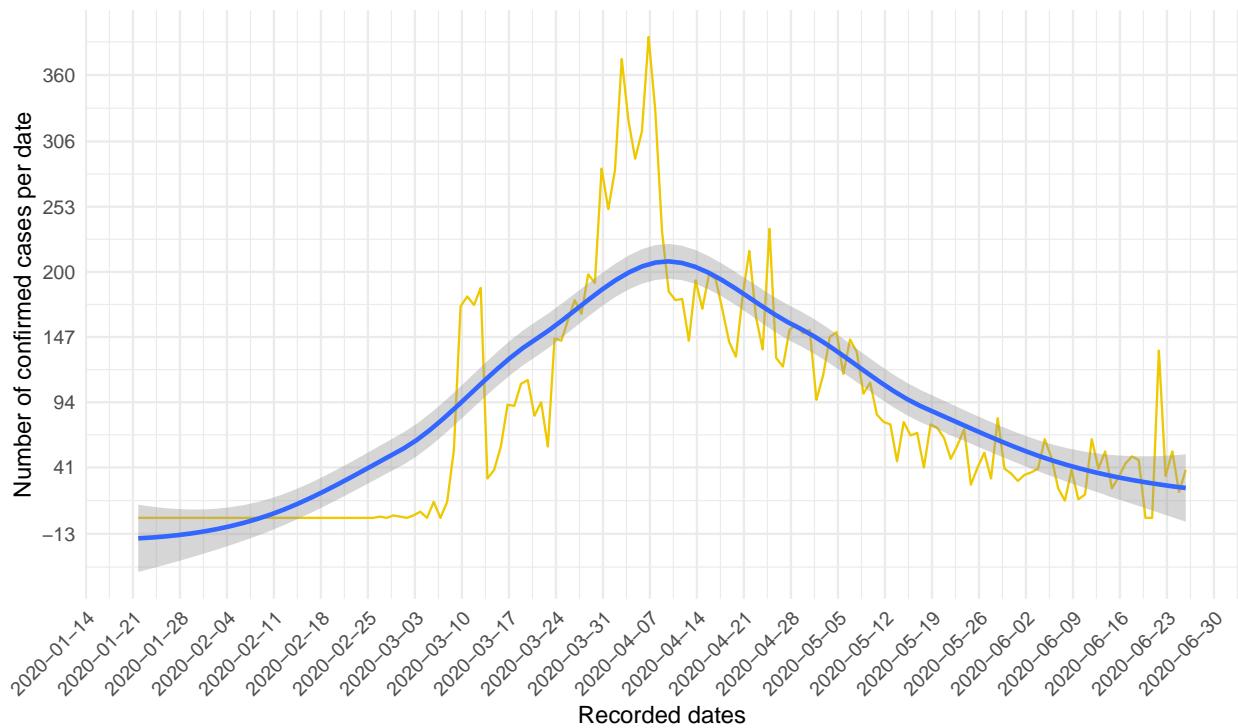

**Czechia – confirmed cases over time, total cases: 9,751**

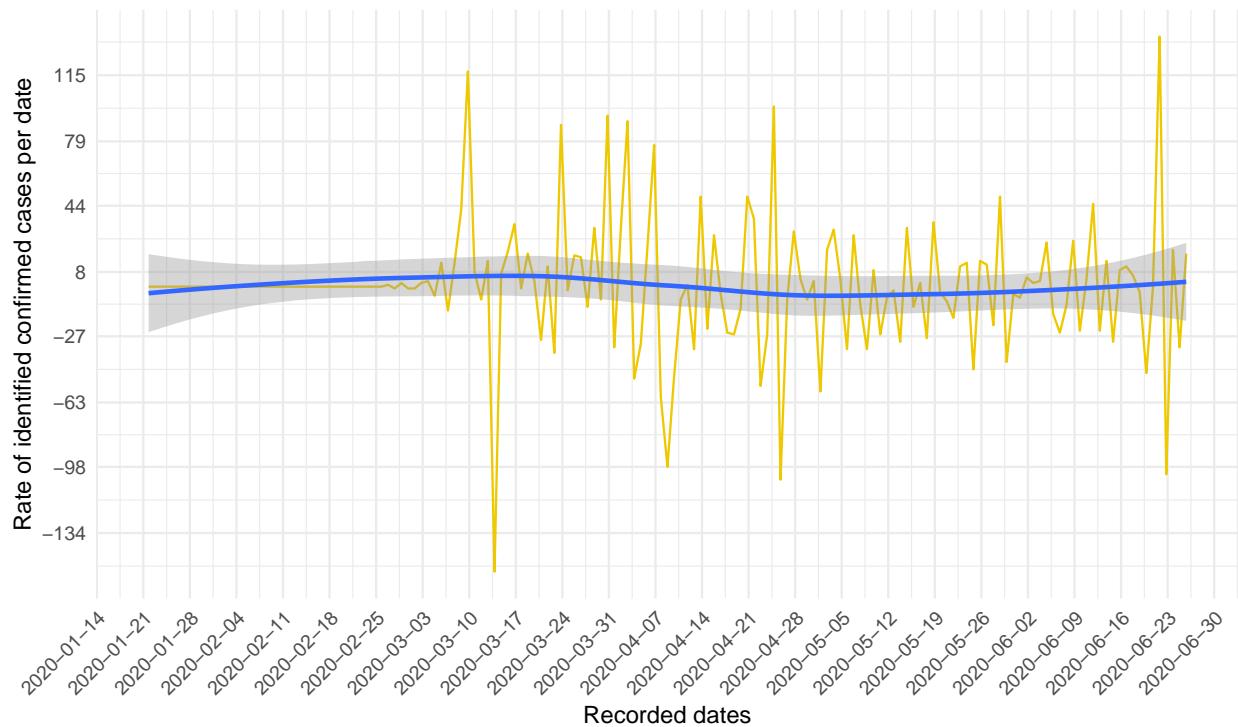

**Czechia – rate of increase of confirmed cases over time**

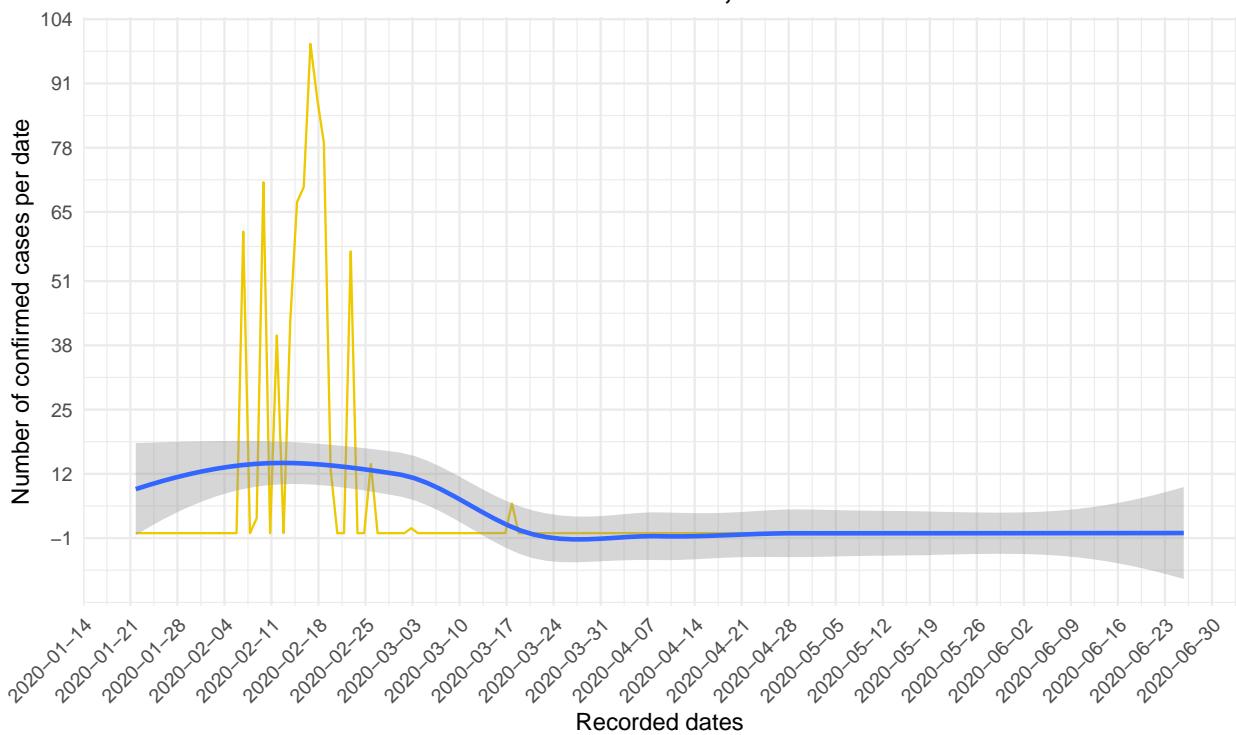

### Denmark – confirmed cases over time, total cases: 12,201

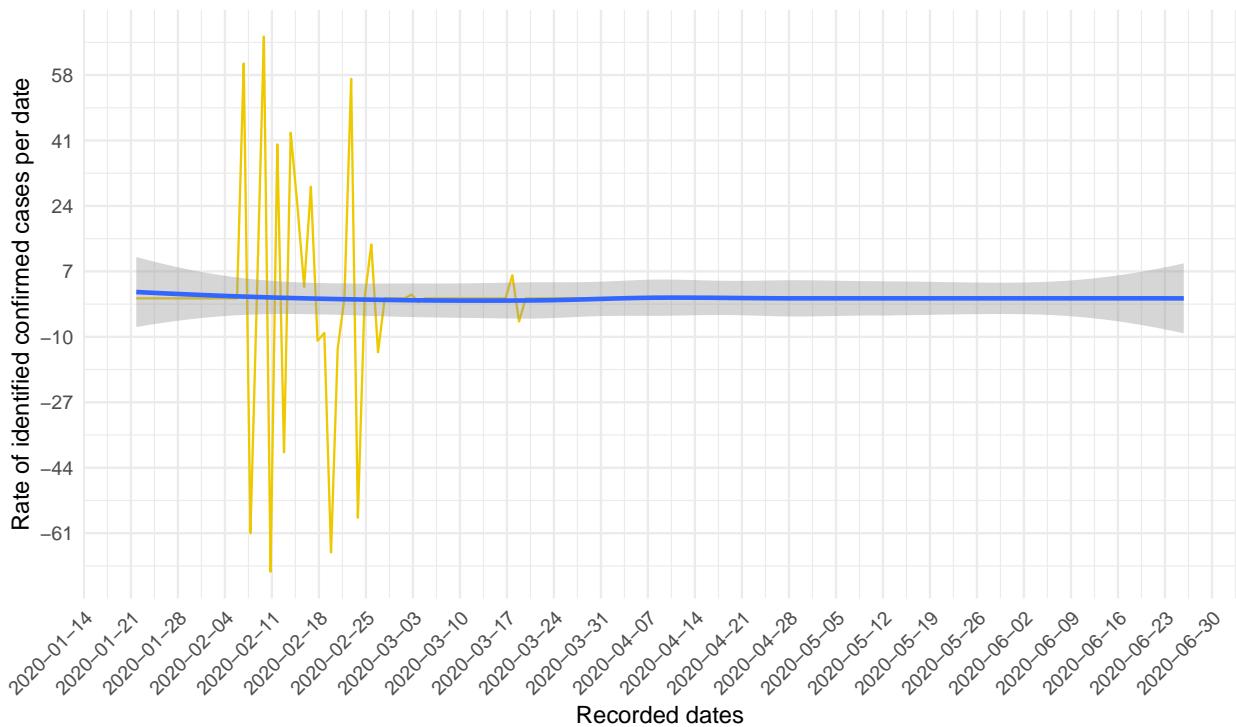

### Denmark – rate of increase of confirmed cases over time

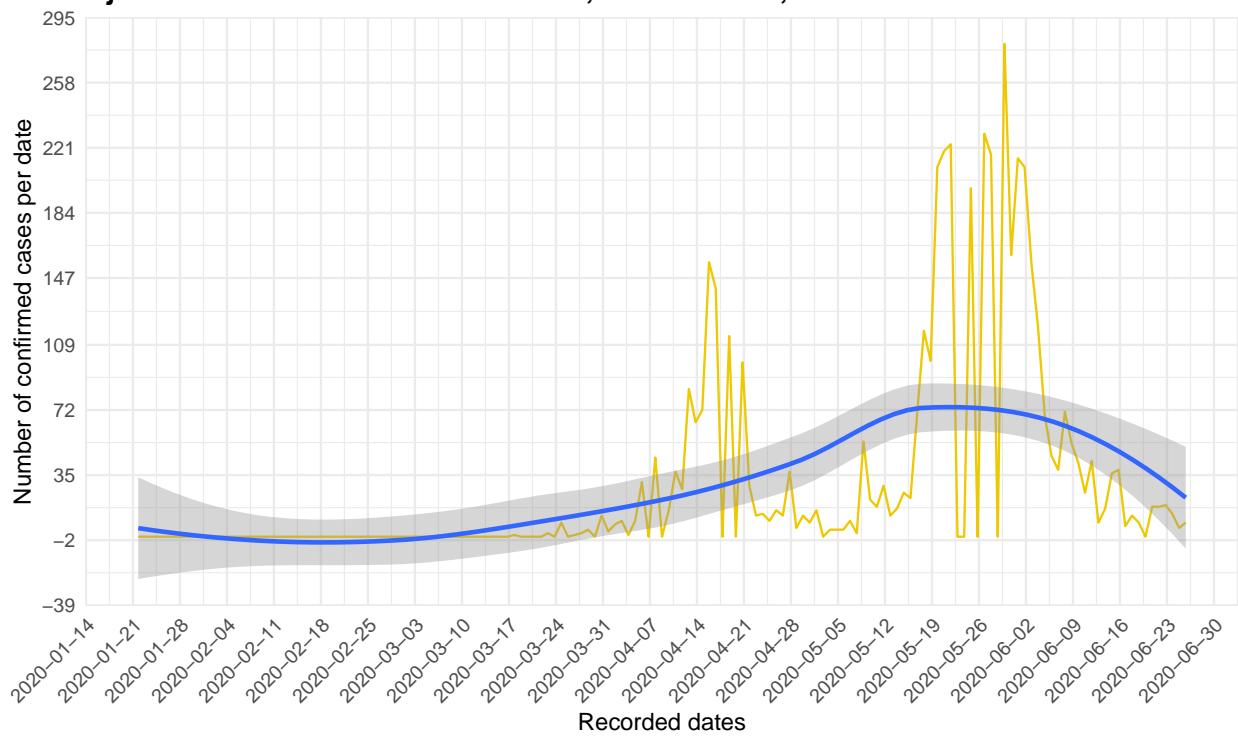

### Diamond Princess – confirmed cases over time, total cases: 712

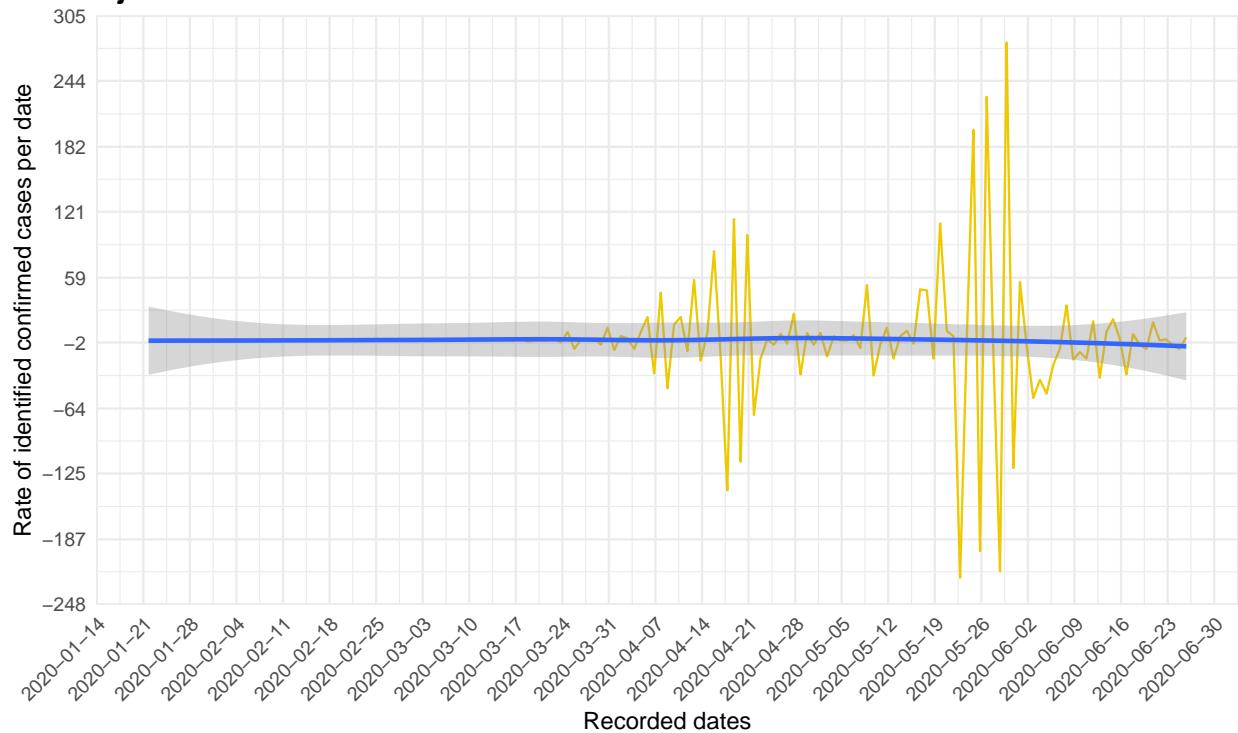

### Diamond Princess – rate of increase of confirmed cases over time

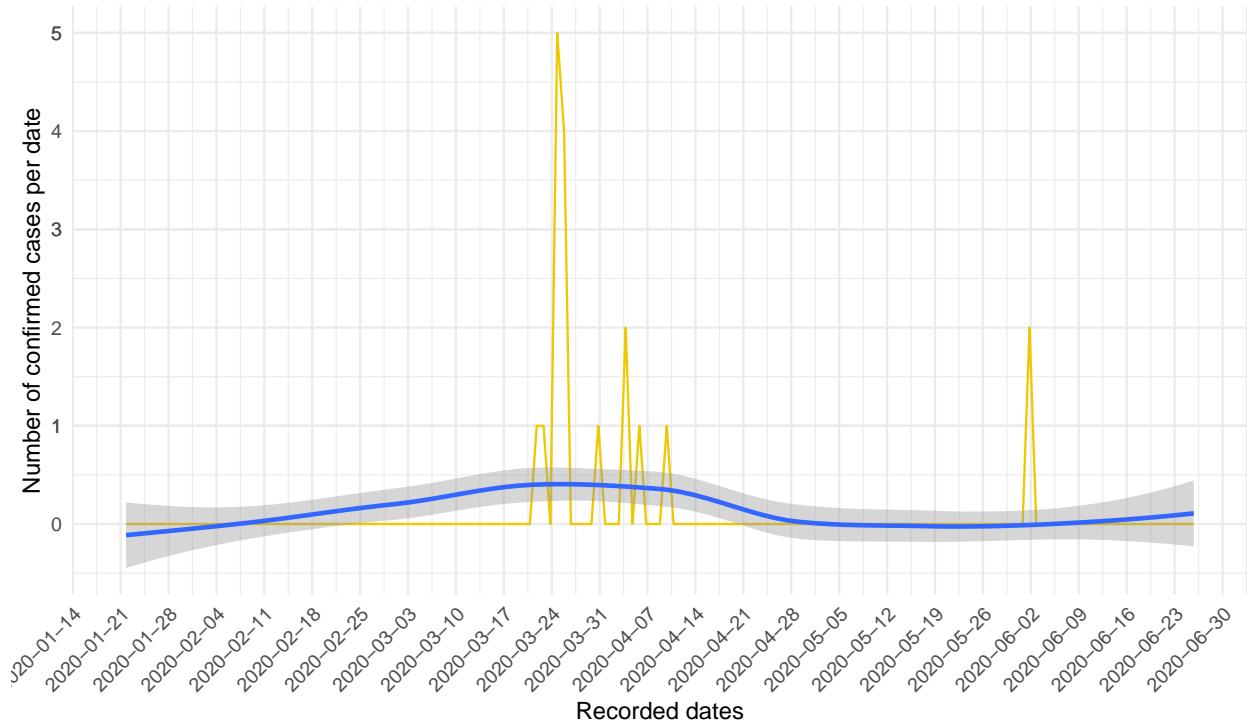

**Djibouti – confirmed cases over time, total cases: 4,331**

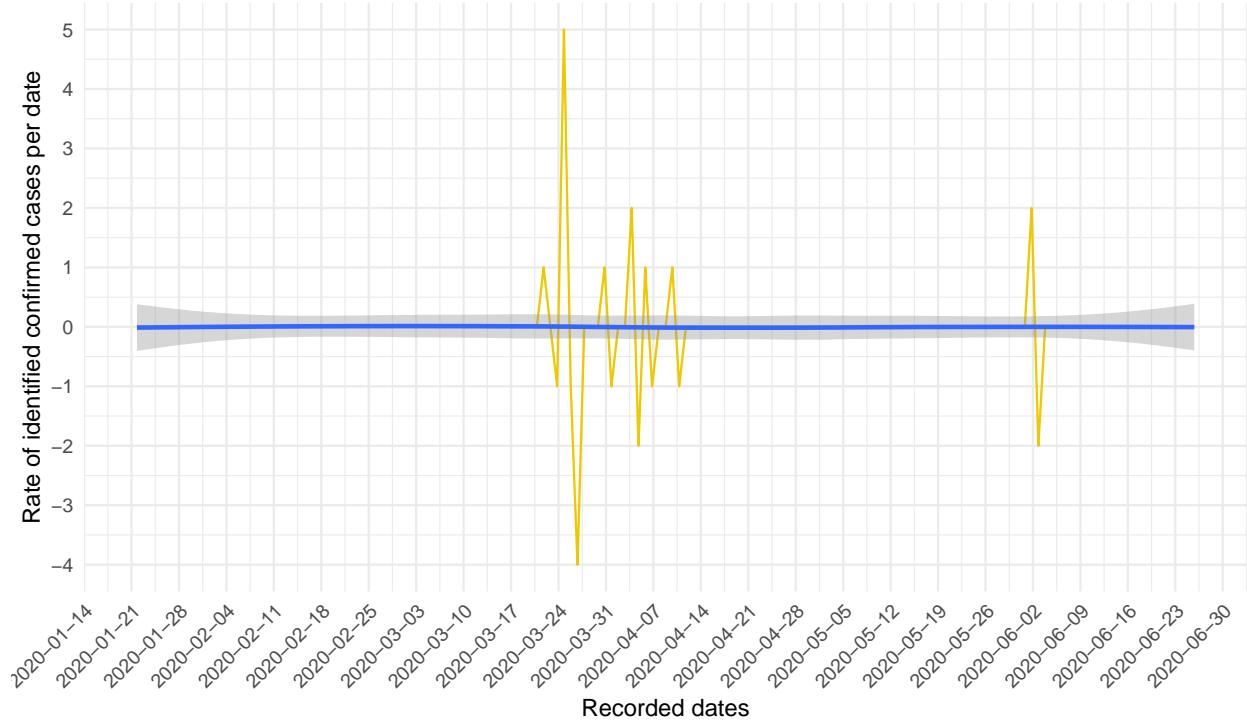

**Djibouti – rate of increase of confirmed cases over time**

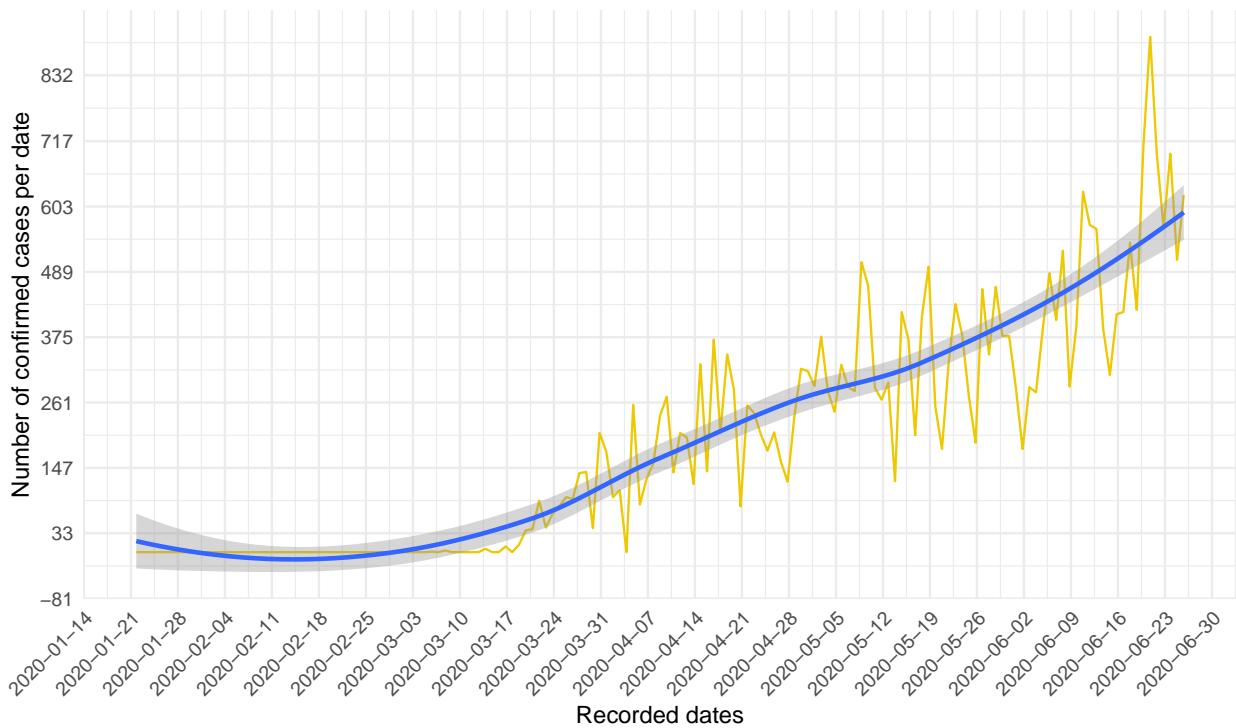

### Dominica – confirmed cases over time, total cases: 18

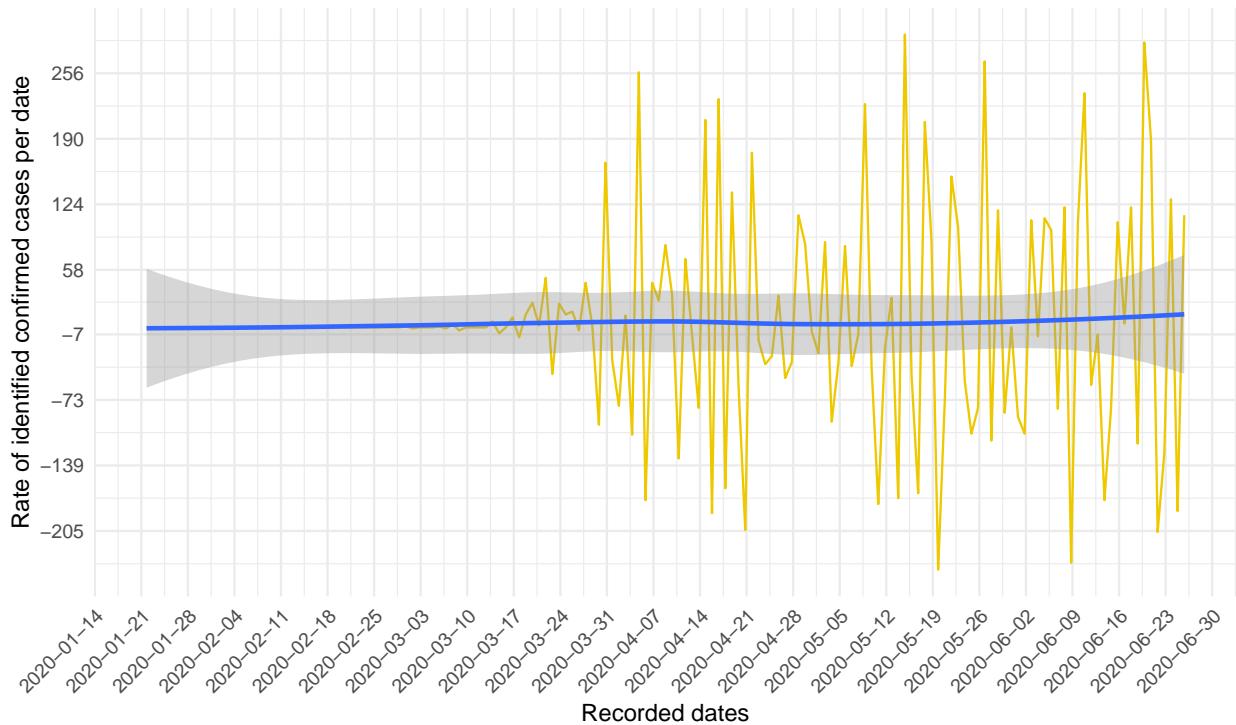

### Dominica – rate of increase of confirmed cases over time

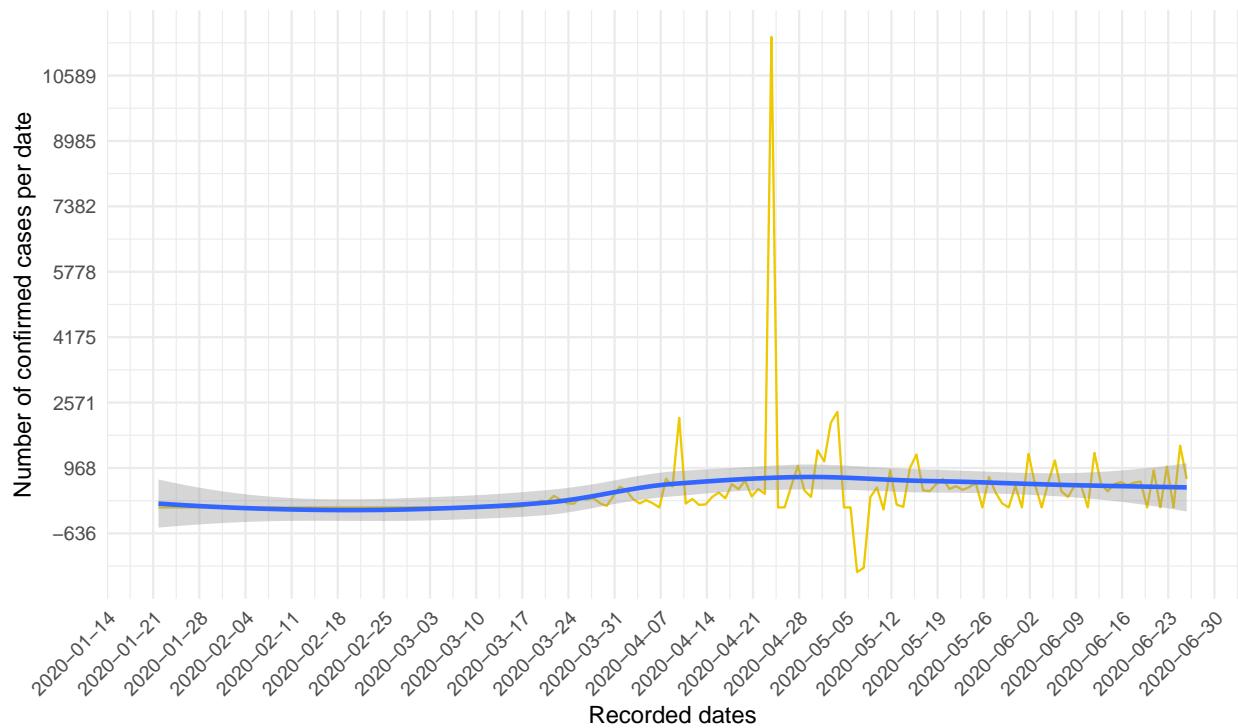

**Dominican Republic – confirmed cases over time, total cases: 20,415**

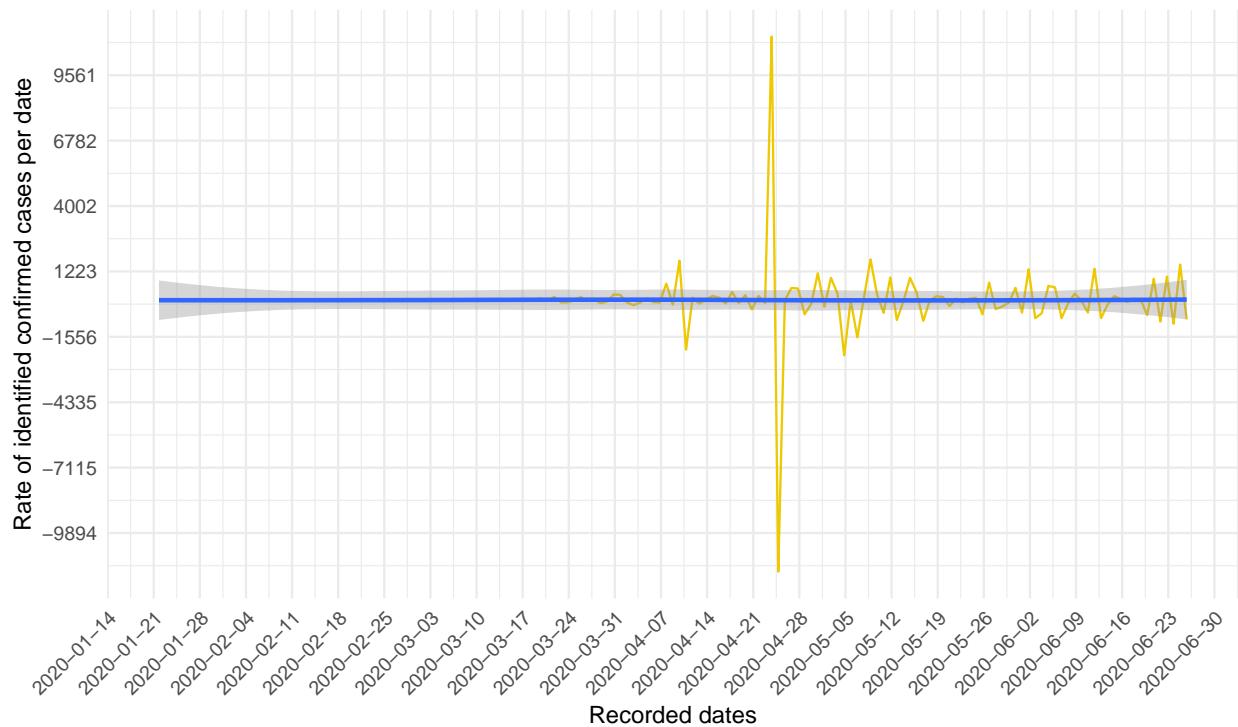

**Dominican Republic – rate of increase of confirmed cases over time**

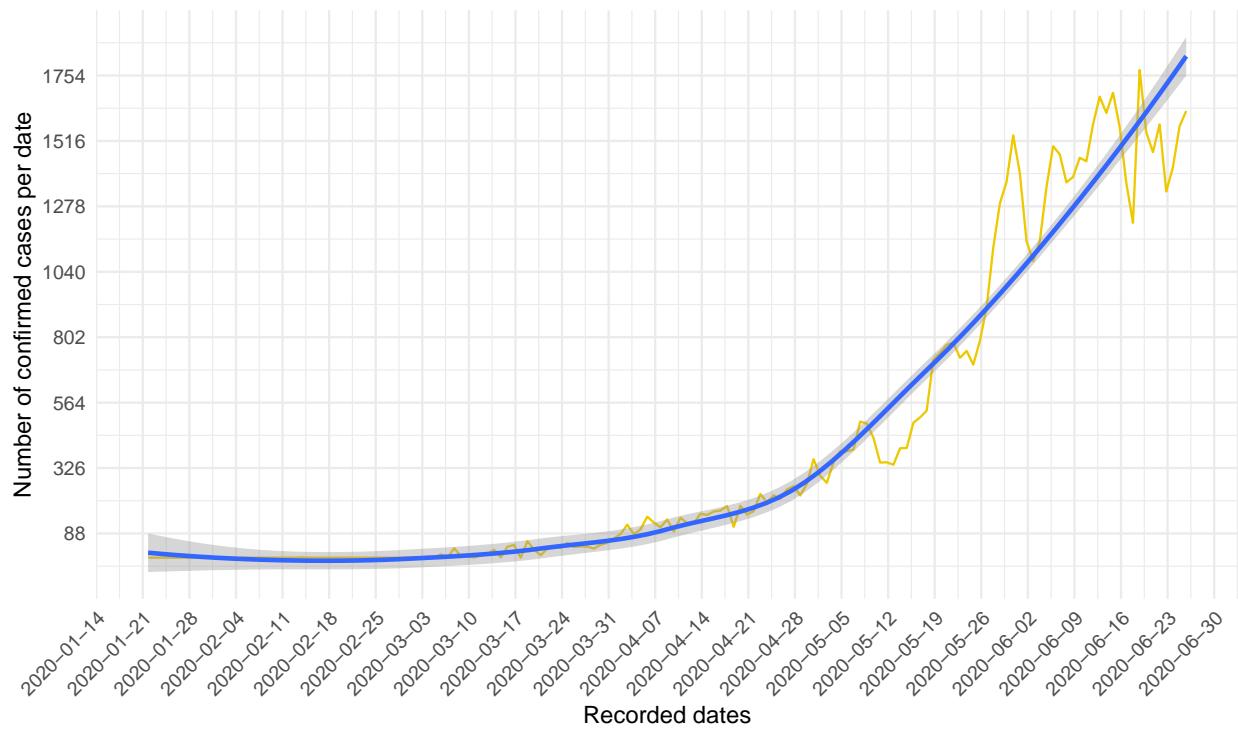

### Ecuador – confirmed cases over time, total cases: 43,917

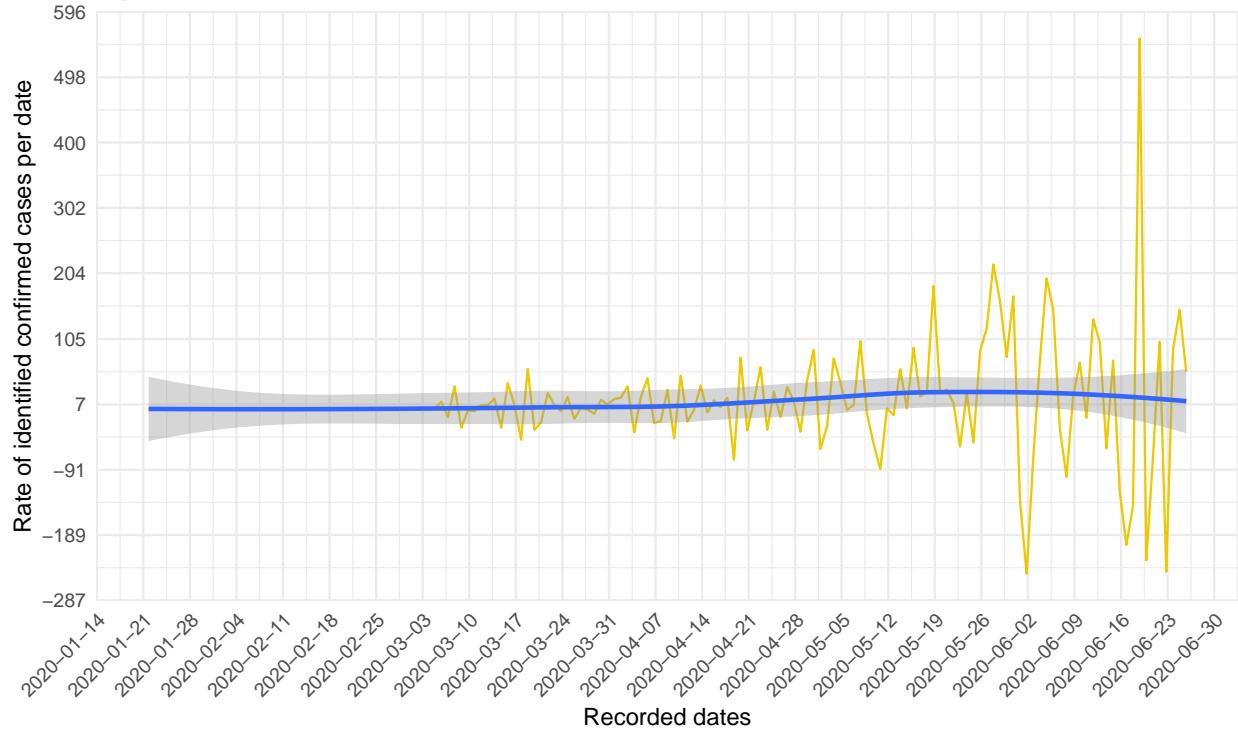

### Ecuador – rate of increase of confirmed cases over time

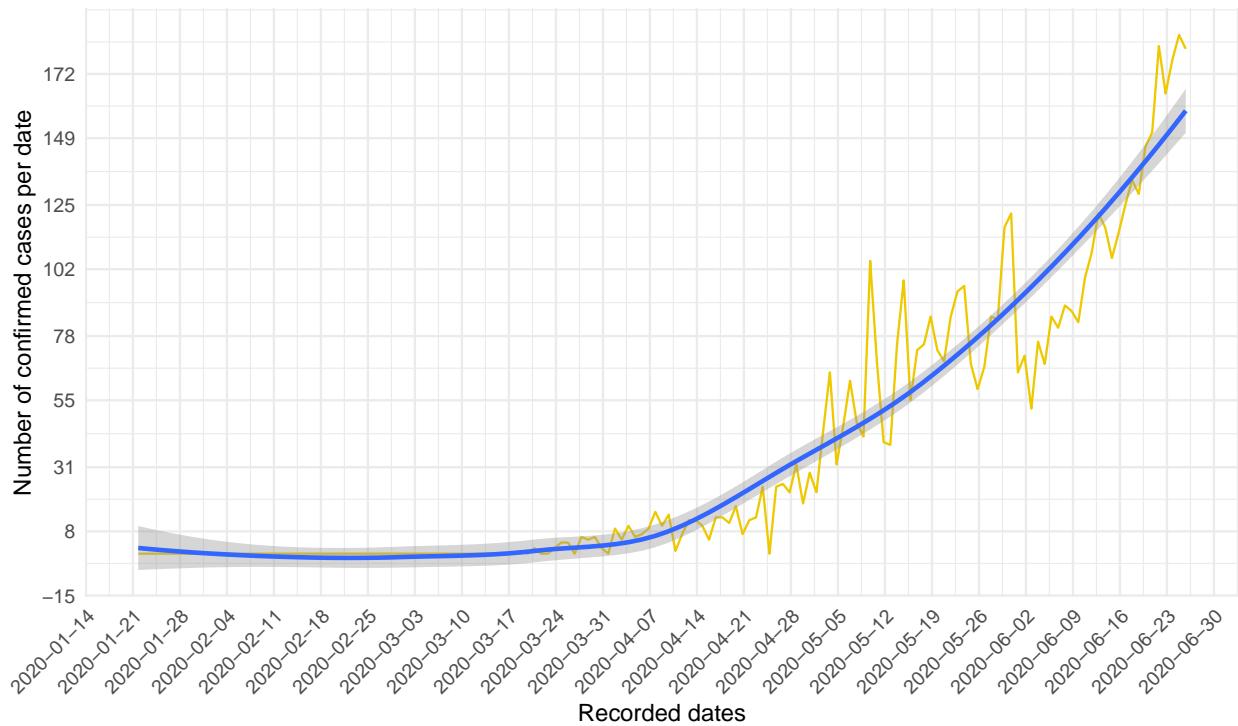

### Egypt – confirmed cases over time, total cases: 36,829

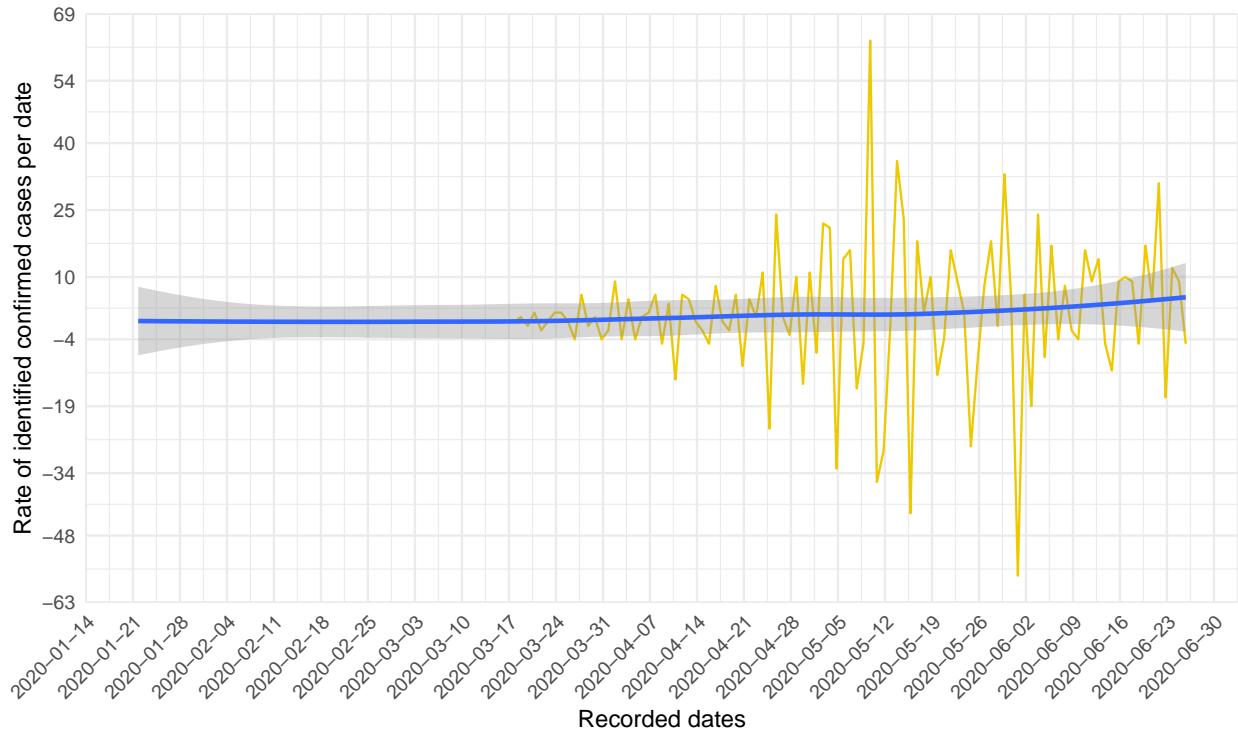

### Egypt – rate of increase of confirmed cases over time

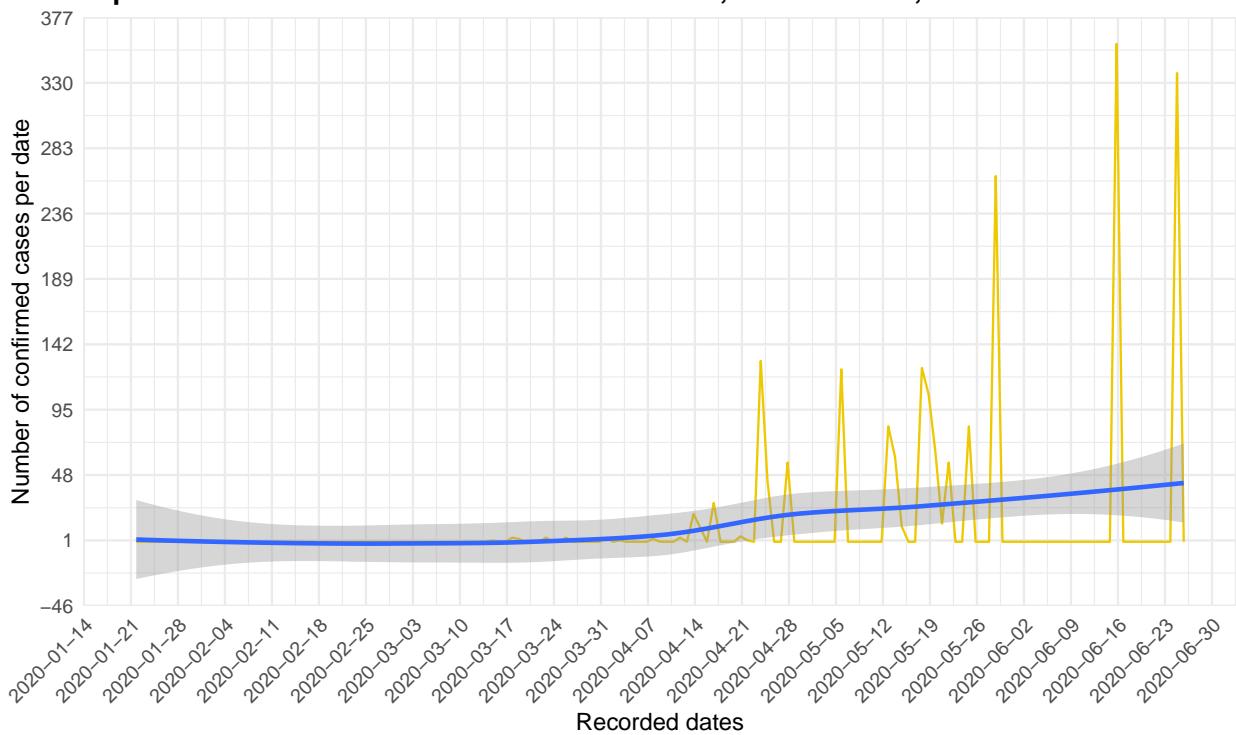

### **El Salvador – confirmed cases over time, total cases: 3,191**

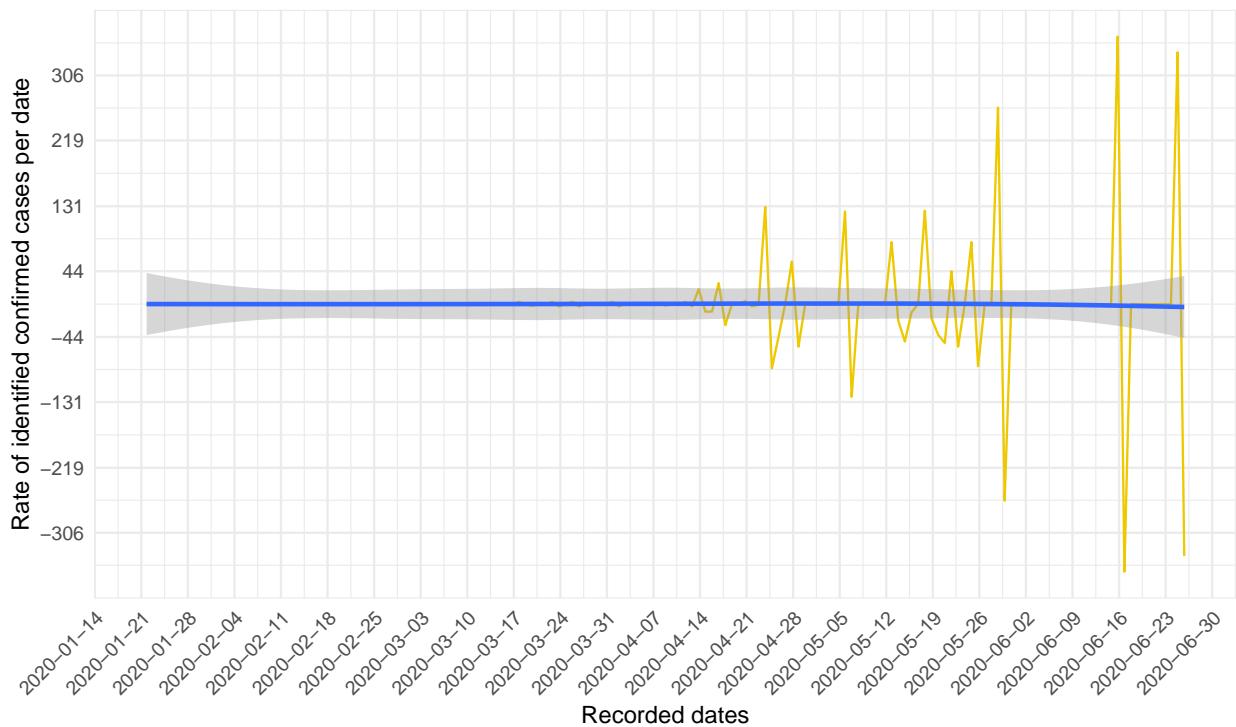

### **El Salvador – rate of increase of confirmed cases over time**

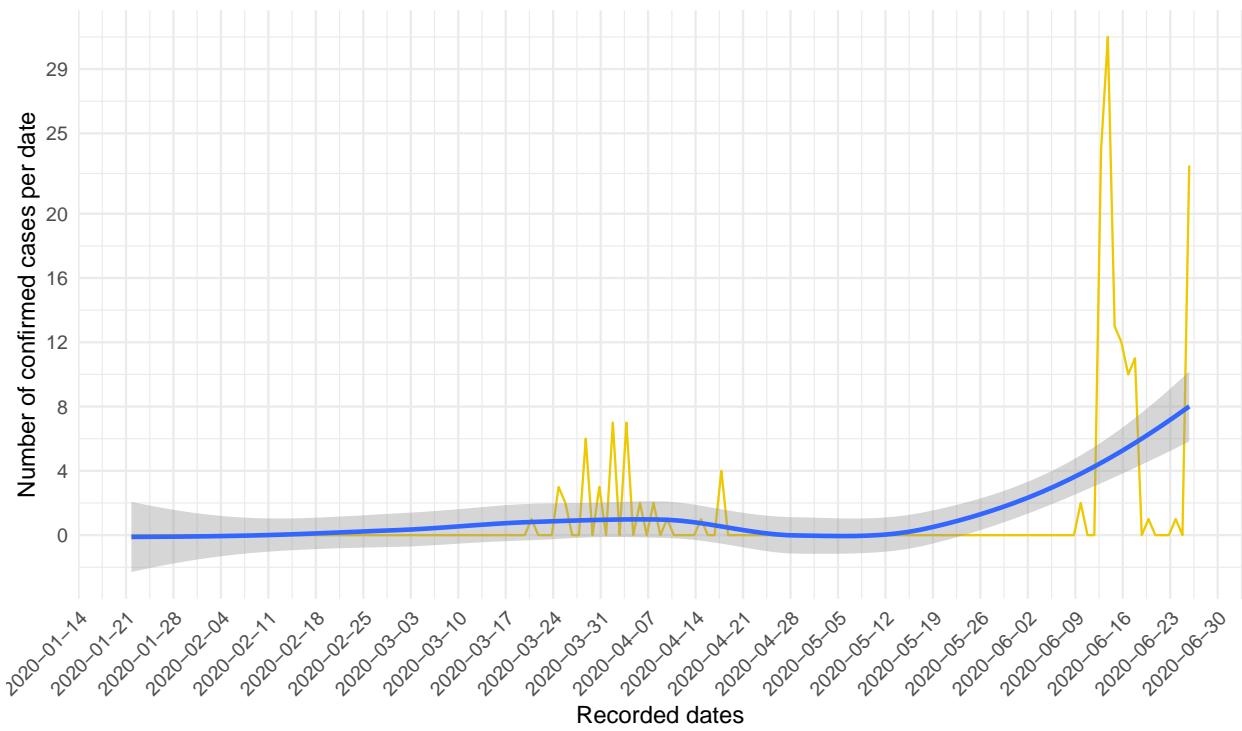

### Equatorial Guinea – confirmed cases over time, total cases: 1,306

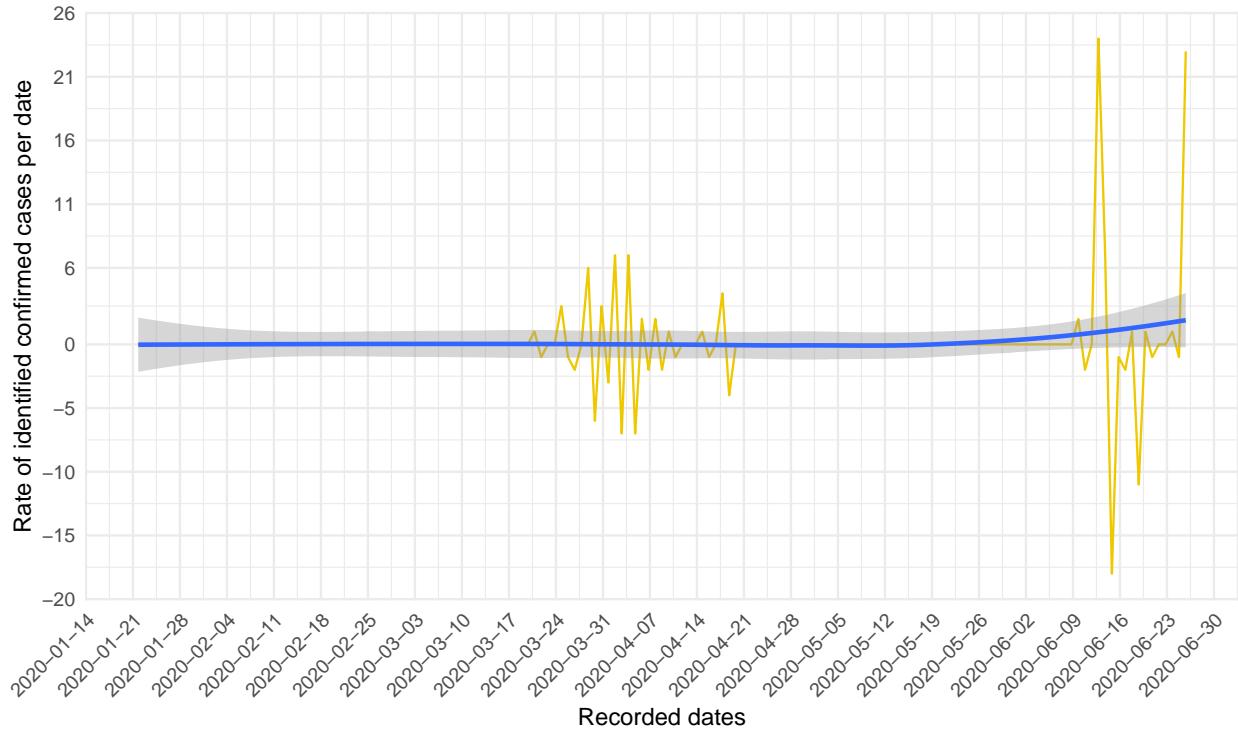

### Equatorial Guinea – rate of increase of confirmed cases over time

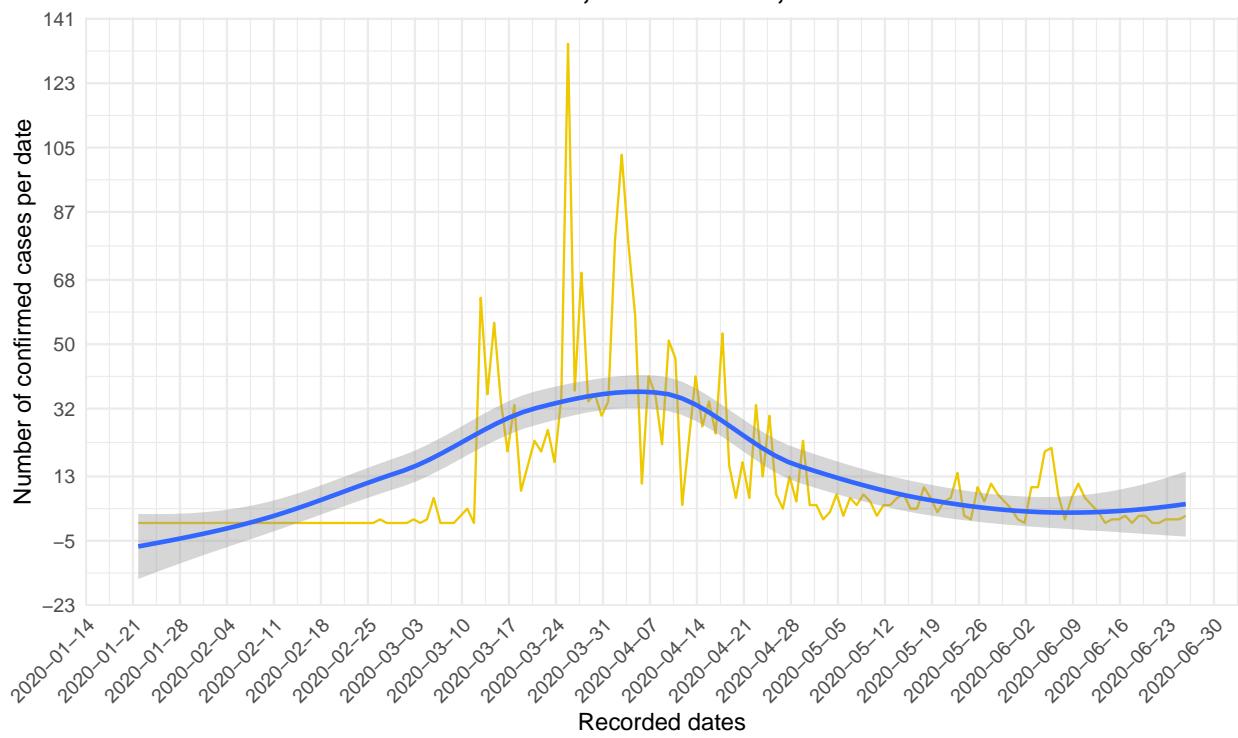

### Eritrea – confirmed cases over time, total cases: 39

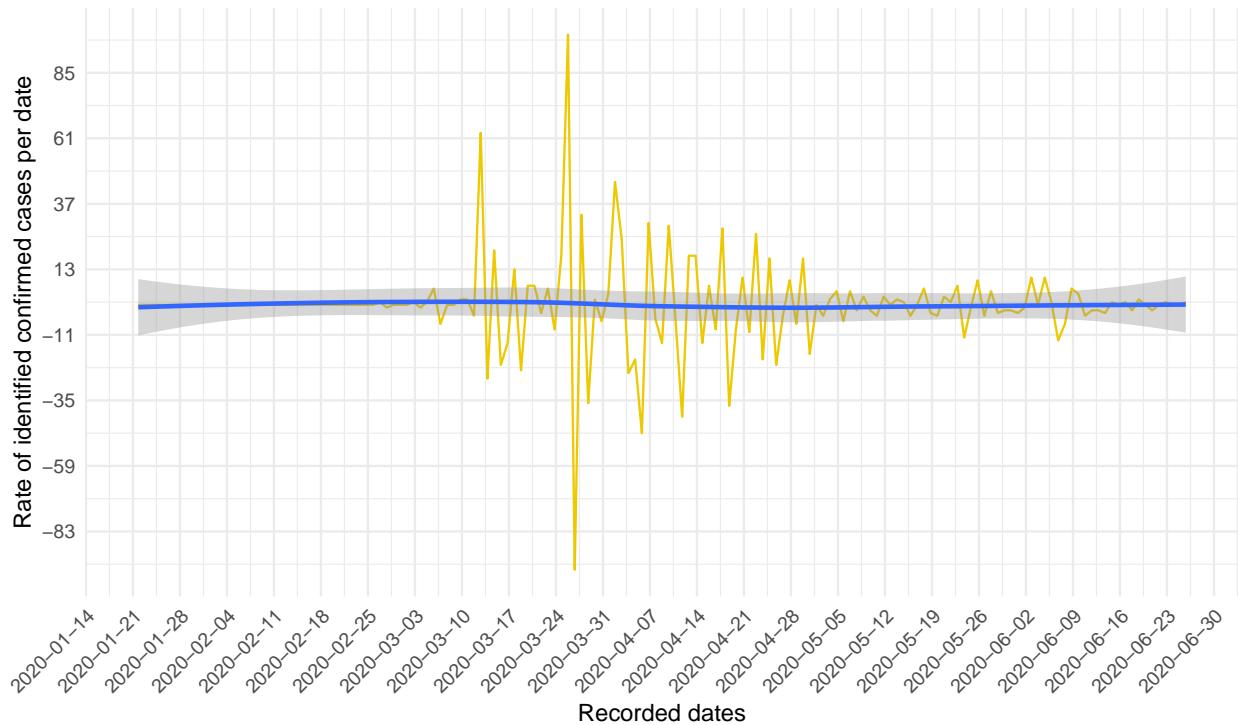

### Eritrea – rate of increase of confirmed cases over time

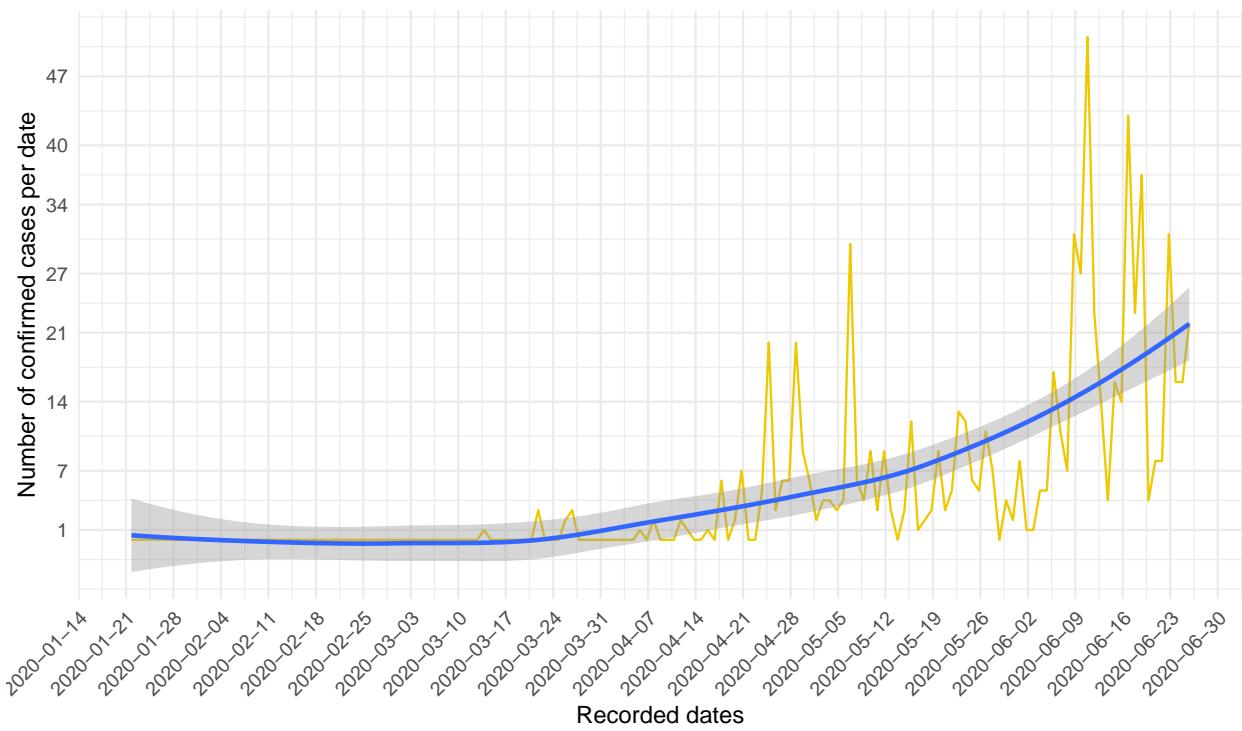

### Estonia – confirmed cases over time, total cases: 1,947

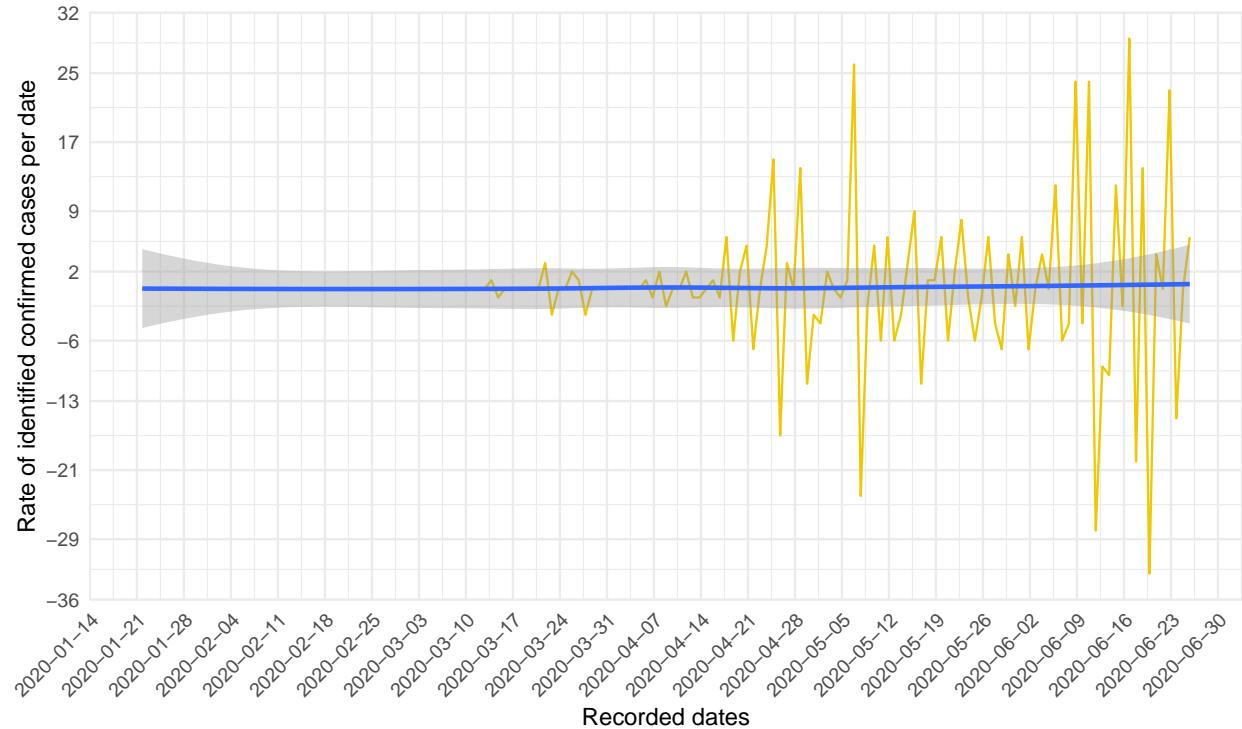

### Estonia – rate of increase of confirmed cases over time

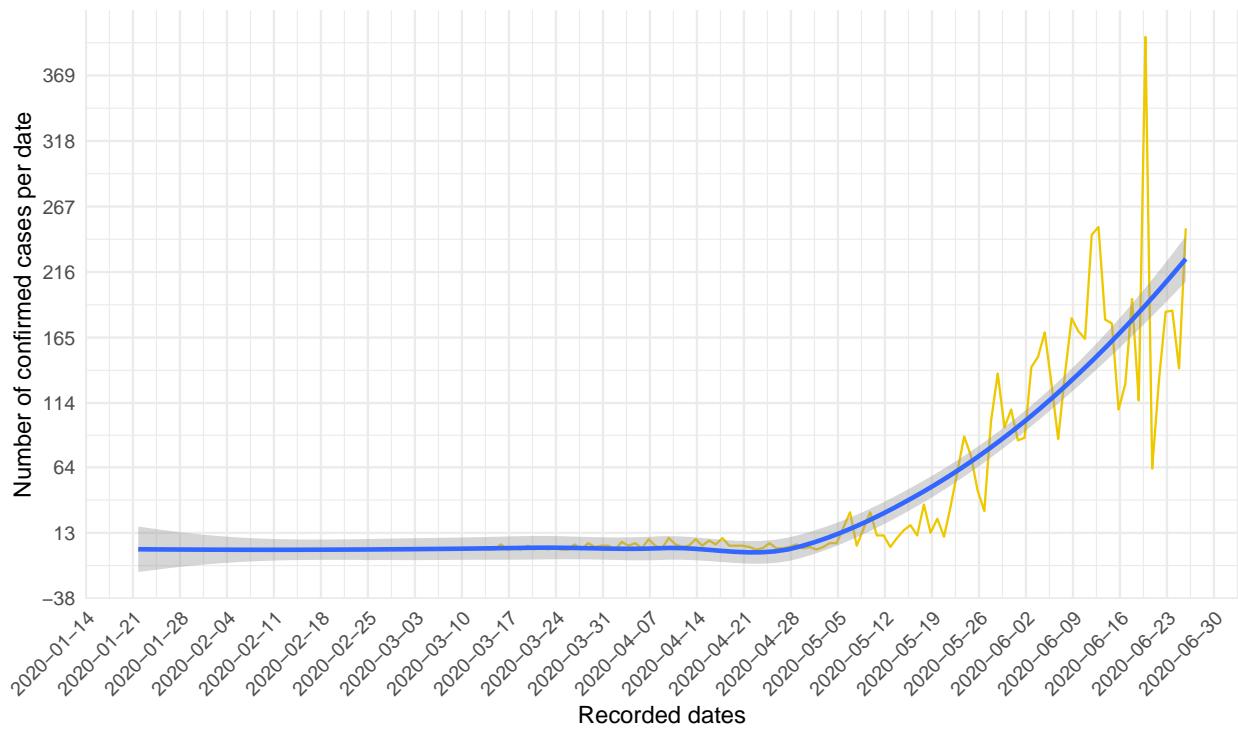

### Eswatini – confirmed cases over time, total cases: 371

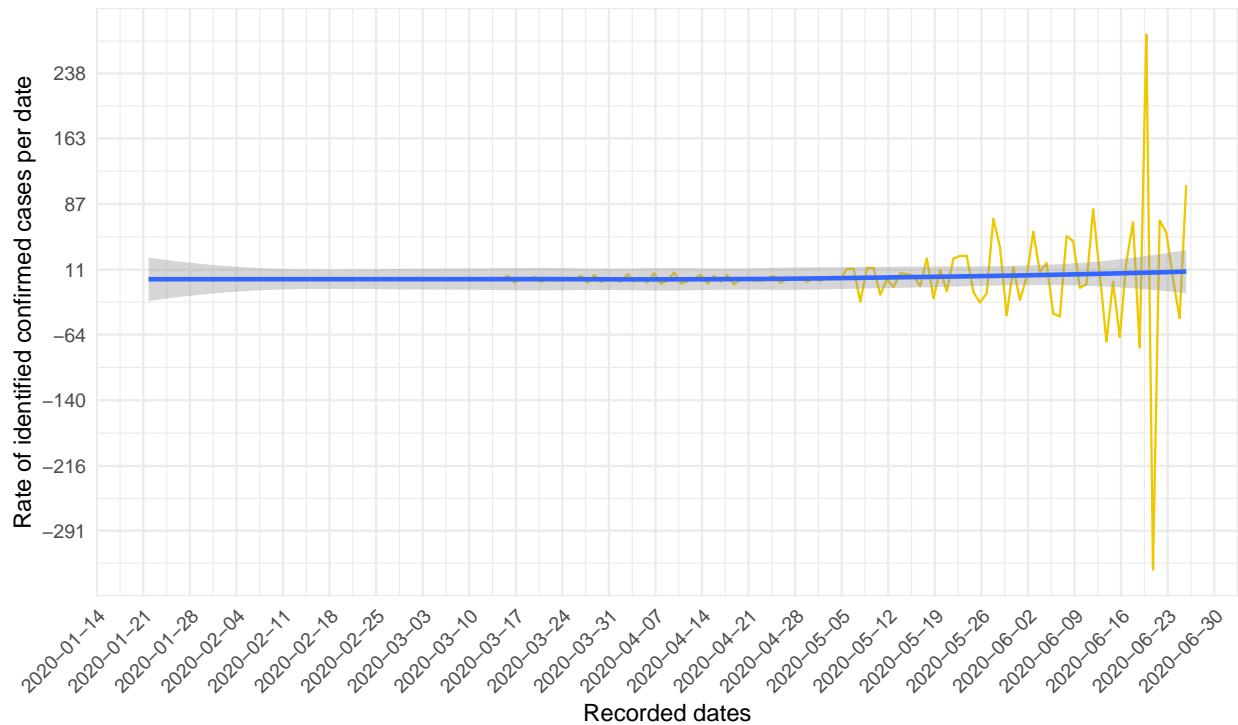

### Eswatini – rate of increase of confirmed cases over time

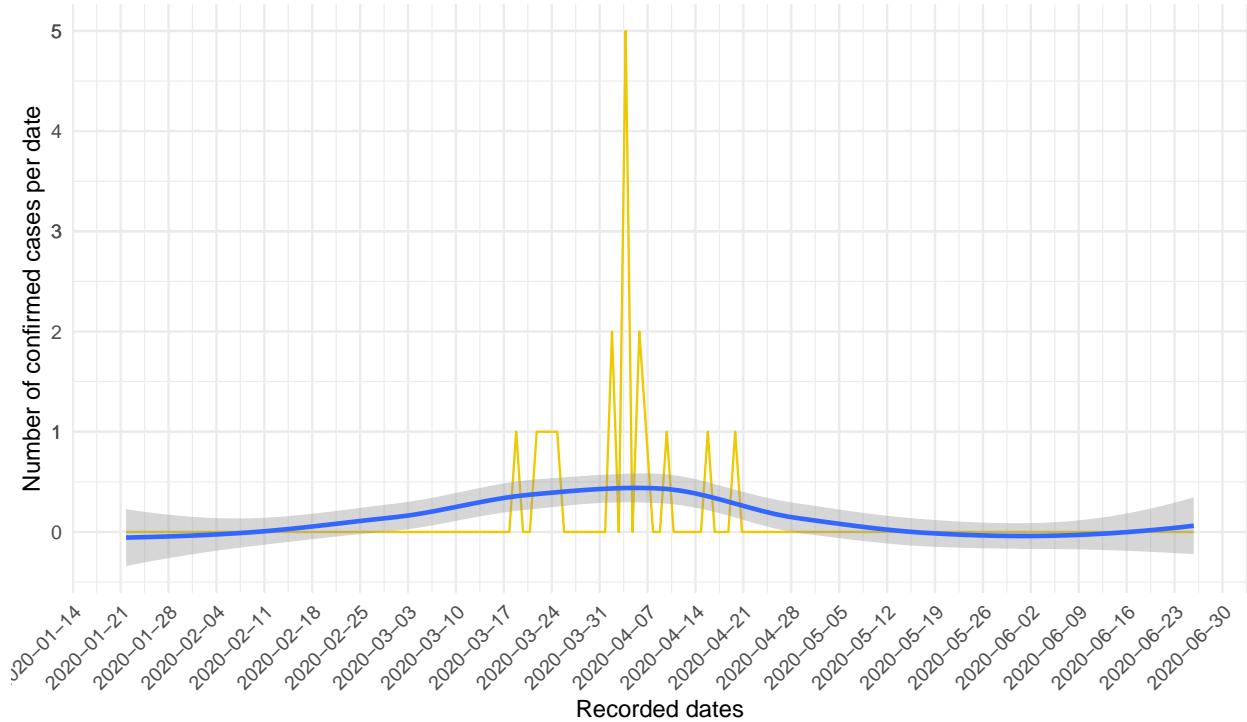

**Ethiopia – confirmed cases over time, total cases: 2,336**

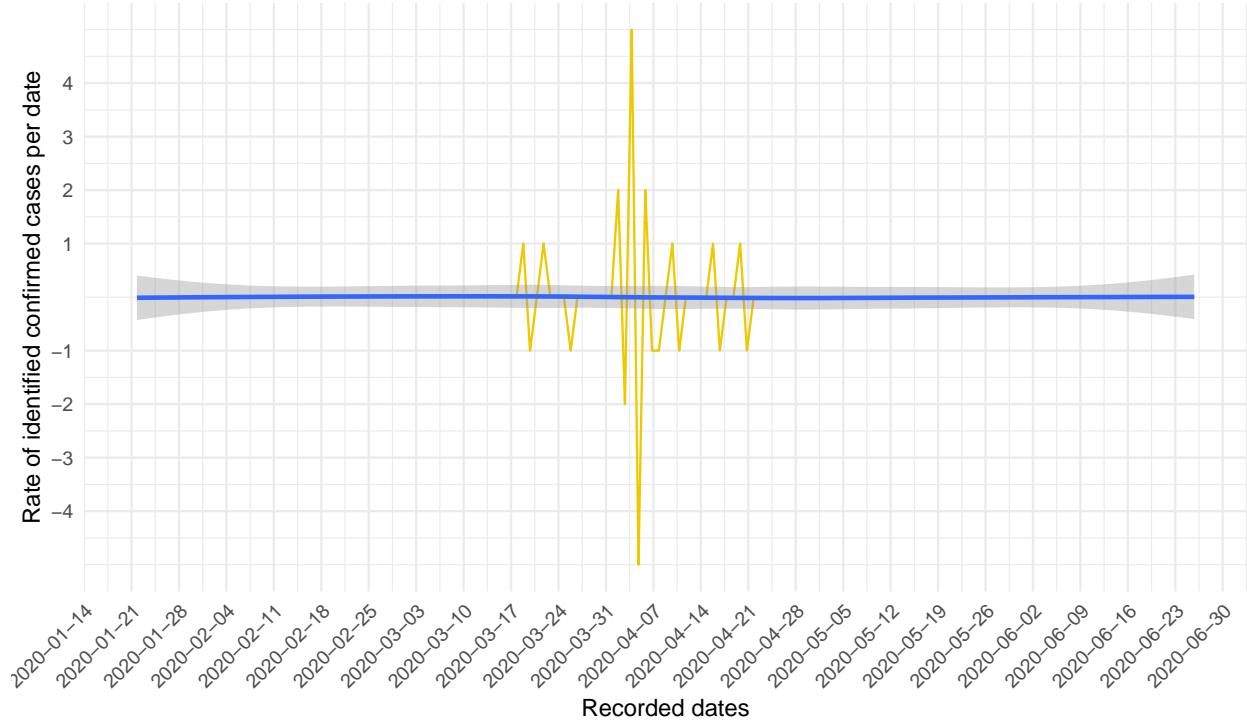

**Ethiopia – rate of increase of confirmed cases over time**

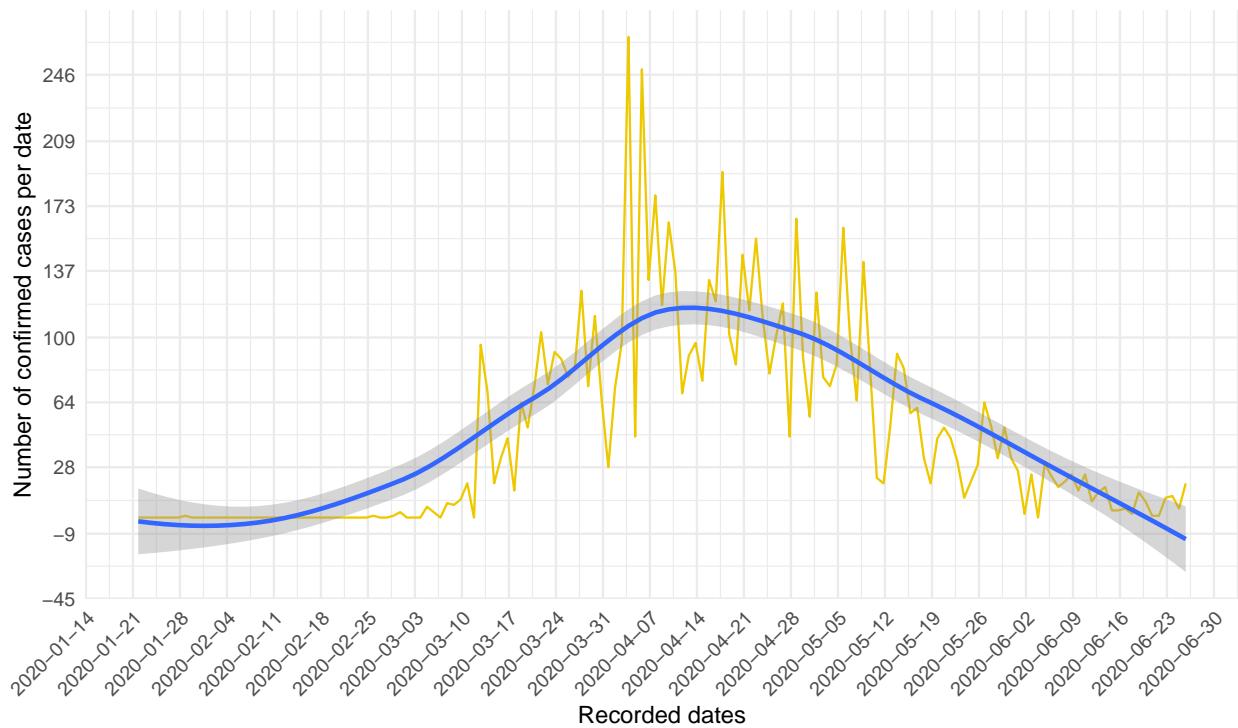

### Fiji – confirmed cases over time, total cases: 18

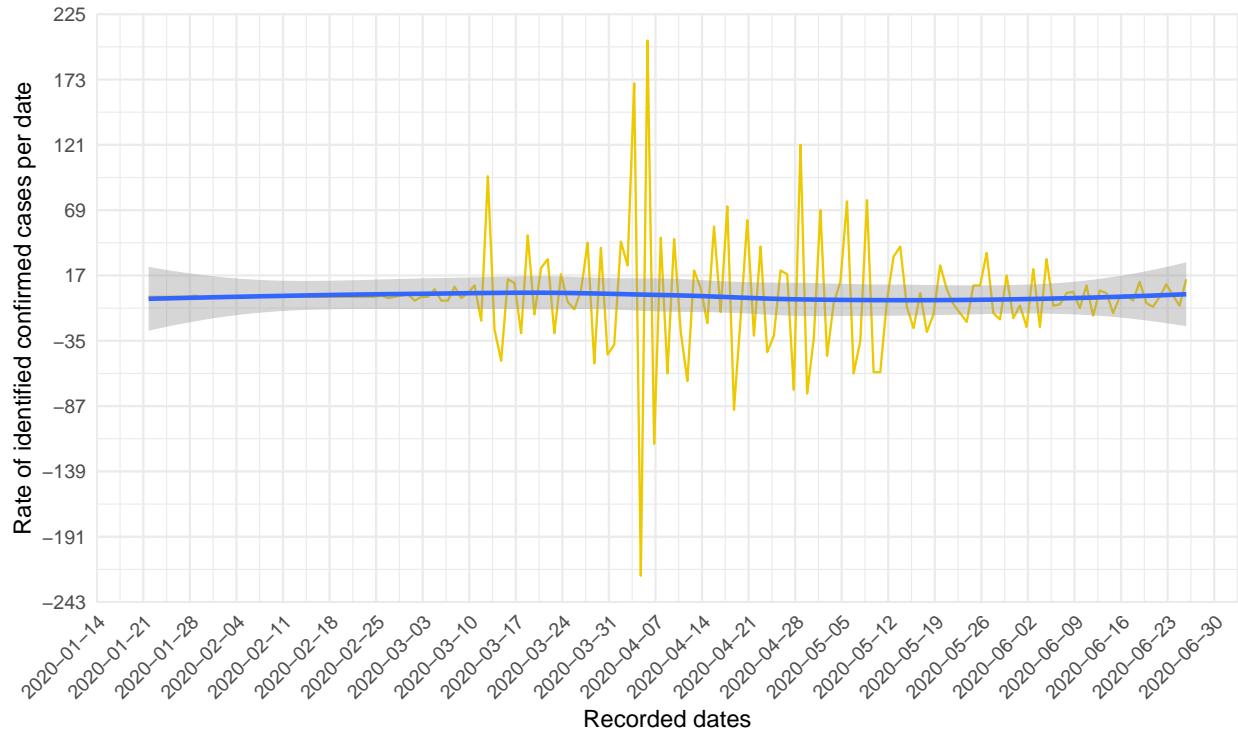

### Fiji – rate of increase of confirmed cases over time

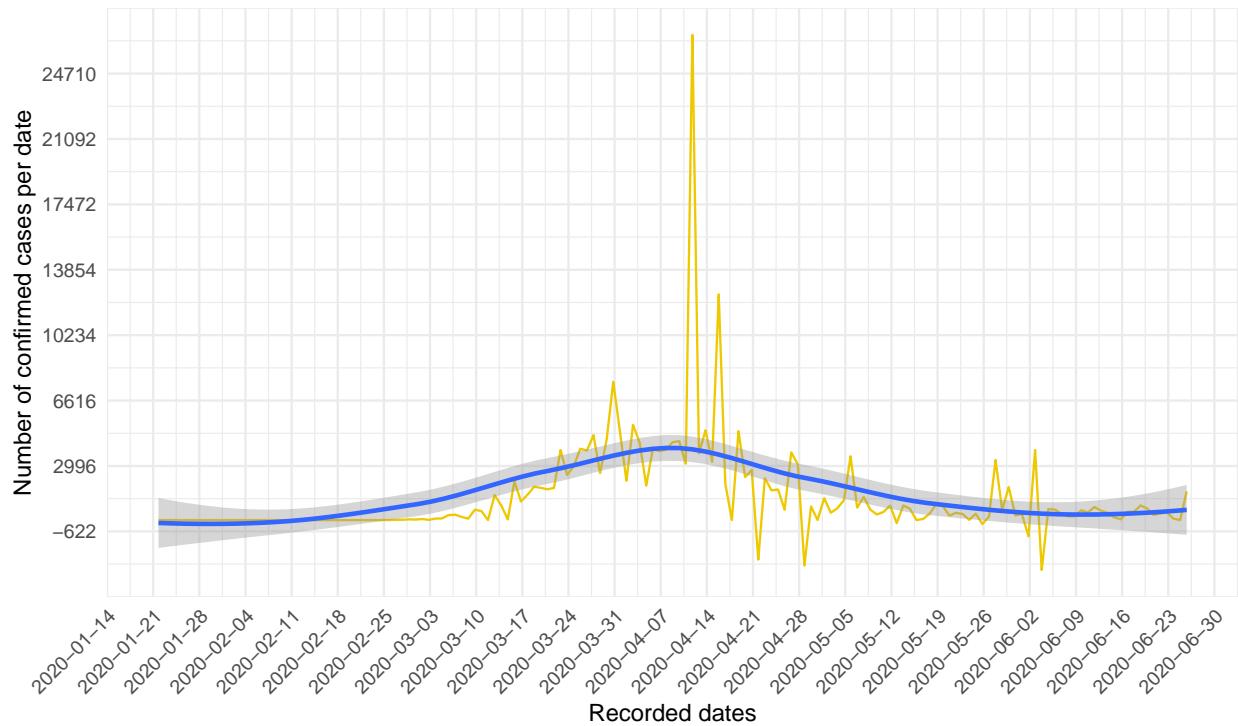

**Finland – confirmed cases over time, total cases: 7,025**

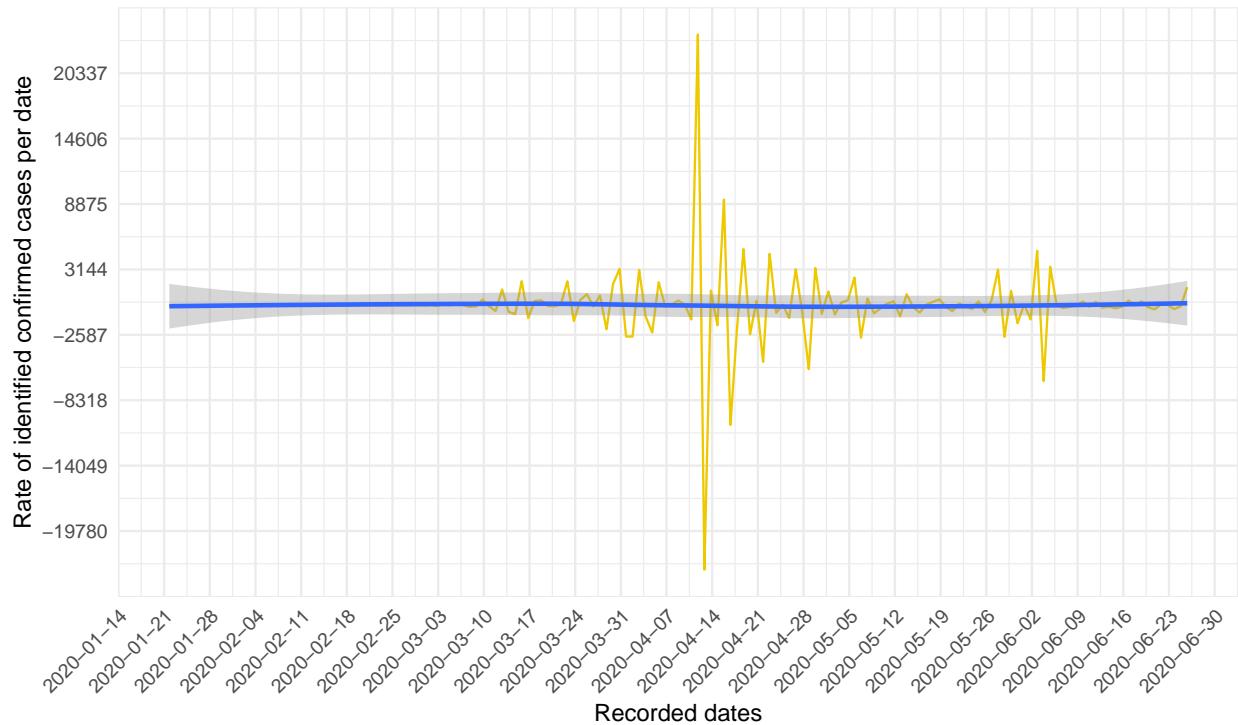

**Finland – rate of increase of confirmed cases over time**

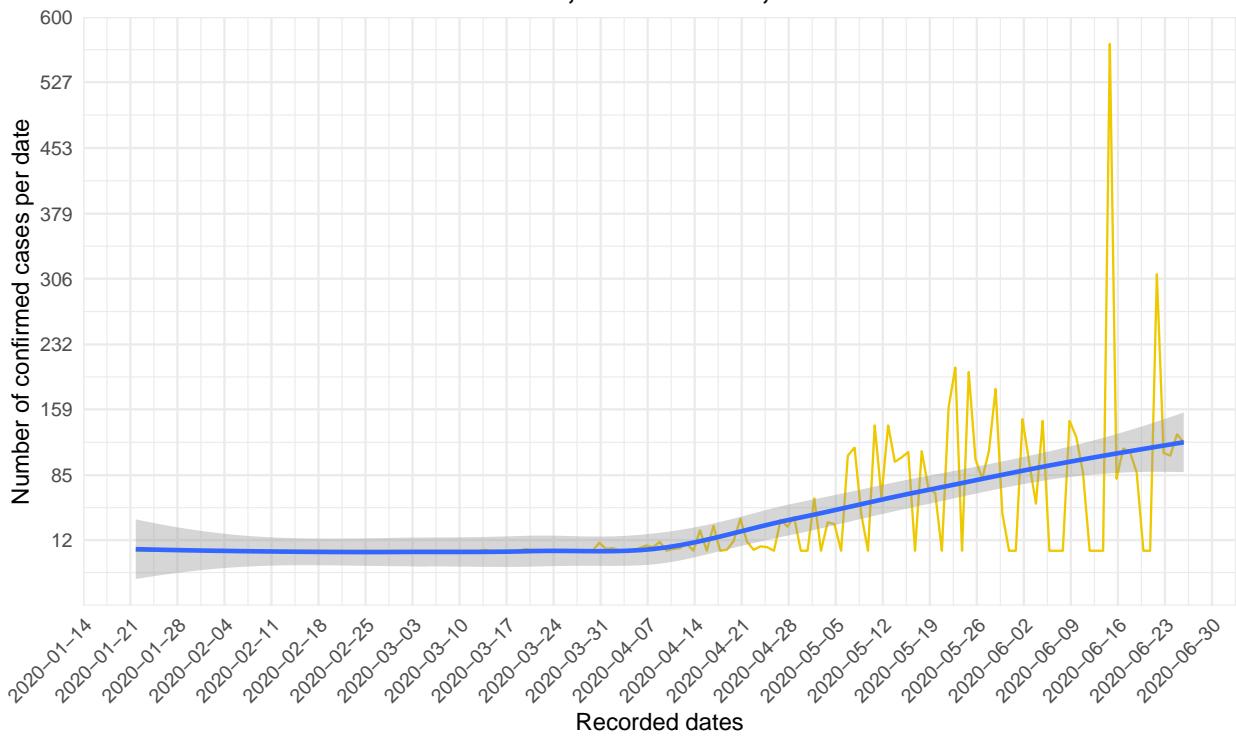

### France – confirmed cases over time, total cases: 191,523

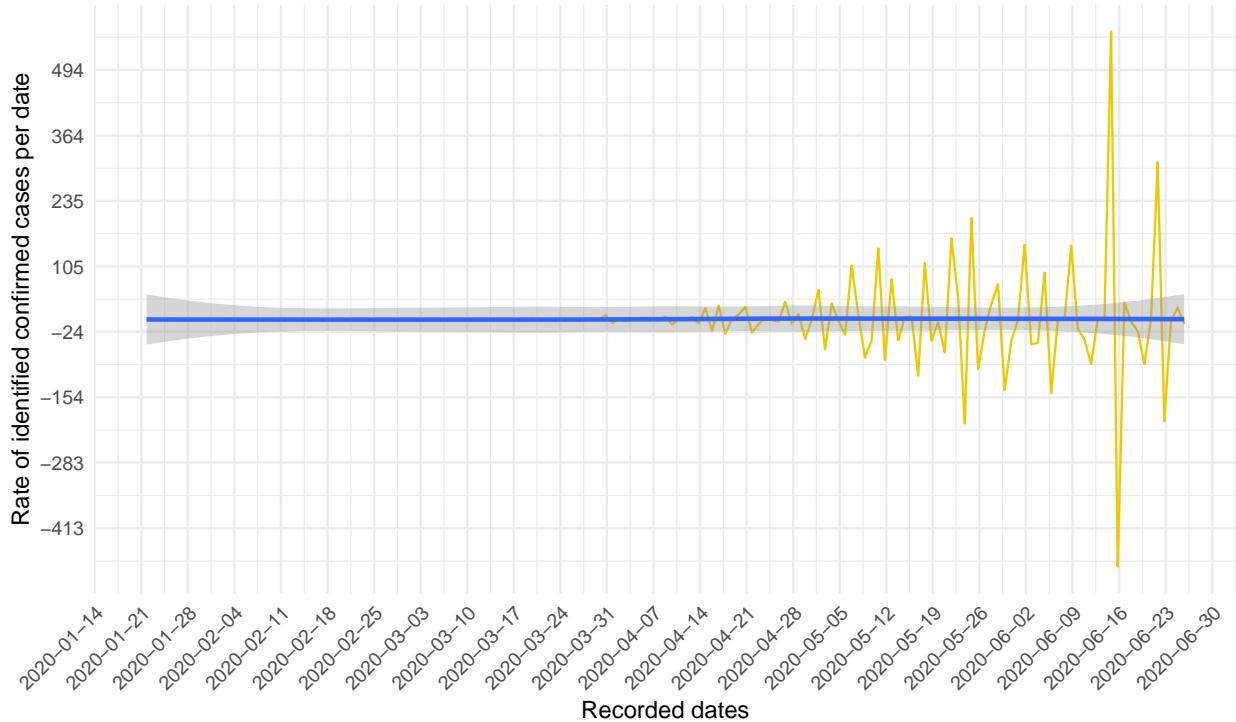

### France – rate of increase of confirmed cases over time

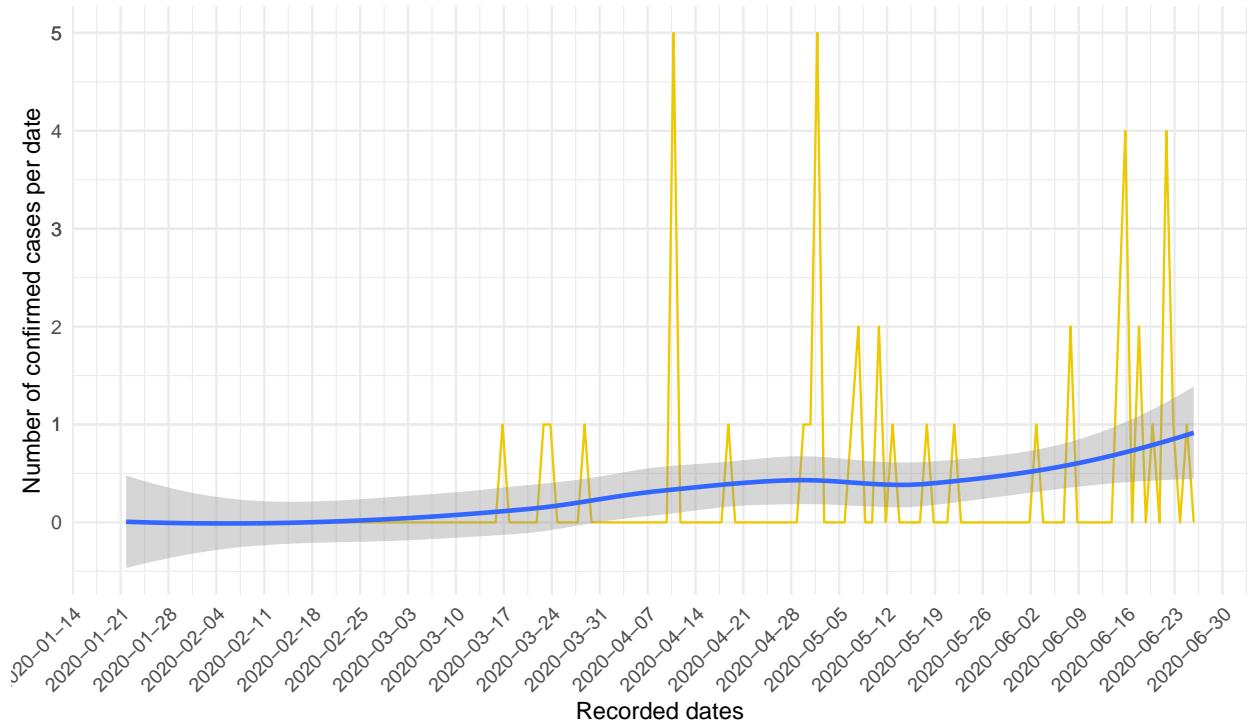

### Gabon – confirmed cases over time, total cases: 3,247

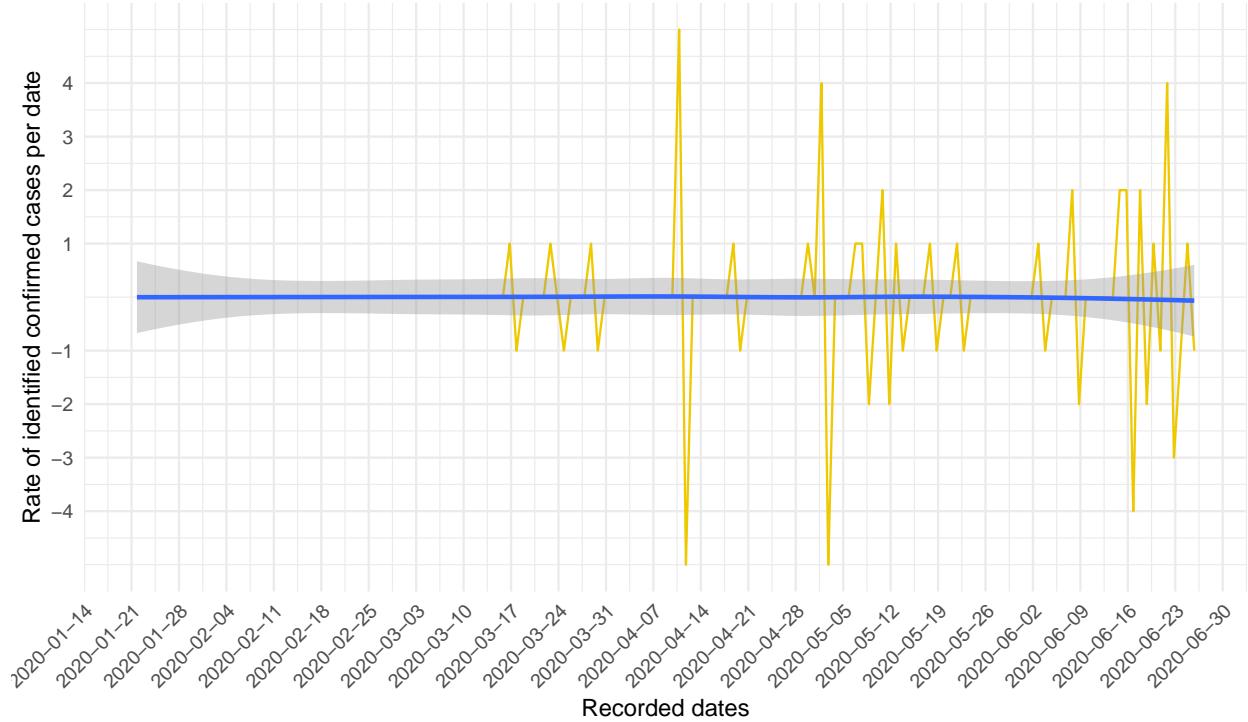

### Gabon – rate of increase of confirmed cases over time

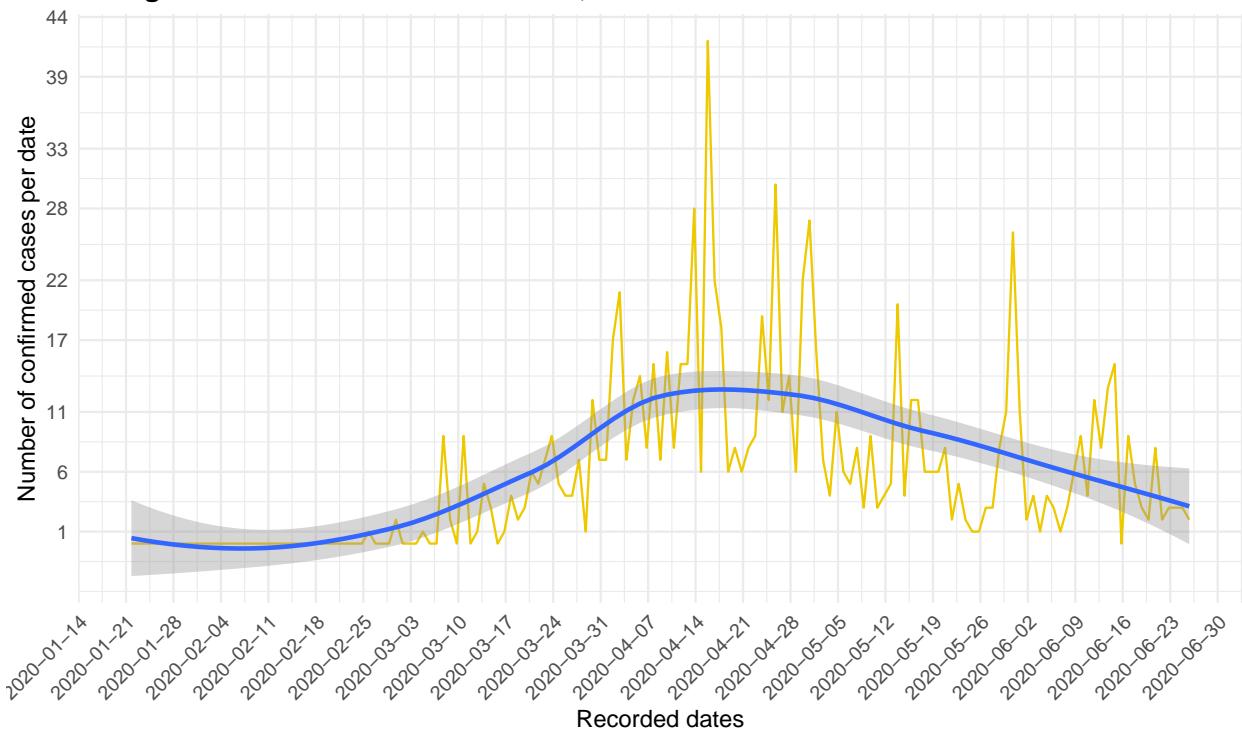

### Gambia – confirmed cases over time, total cases: 28

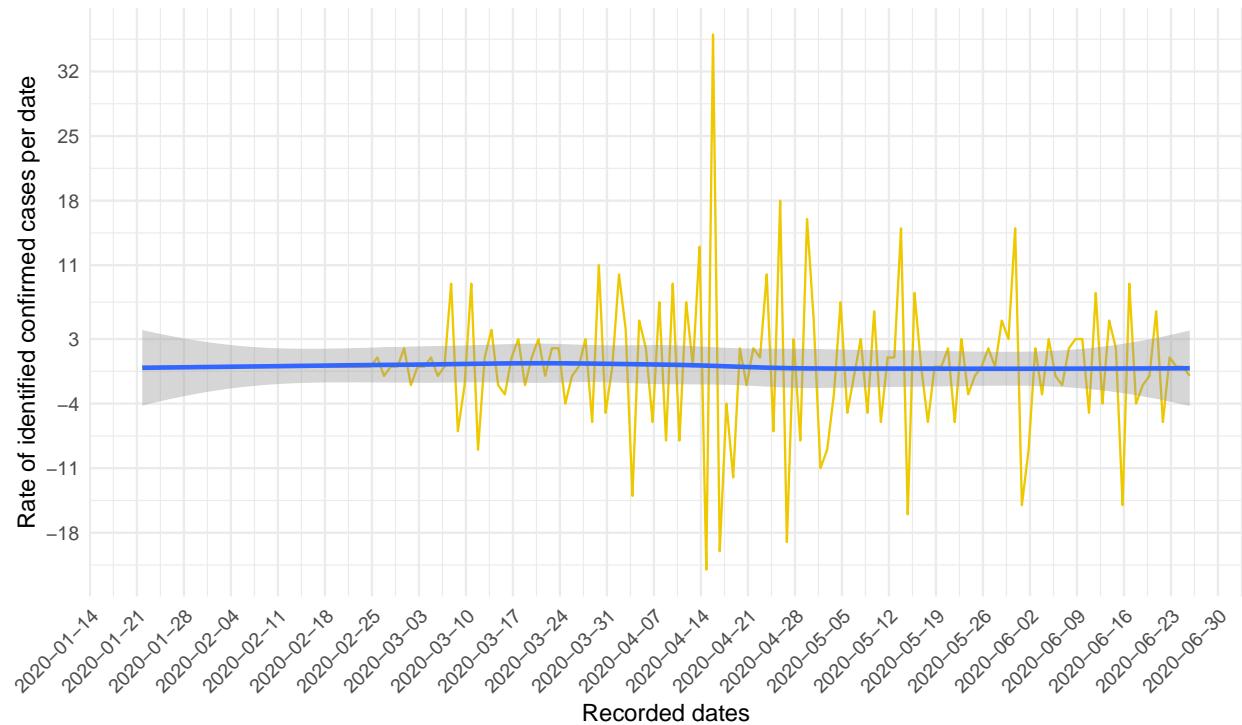

### Gambia – rate of increase of confirmed cases over time

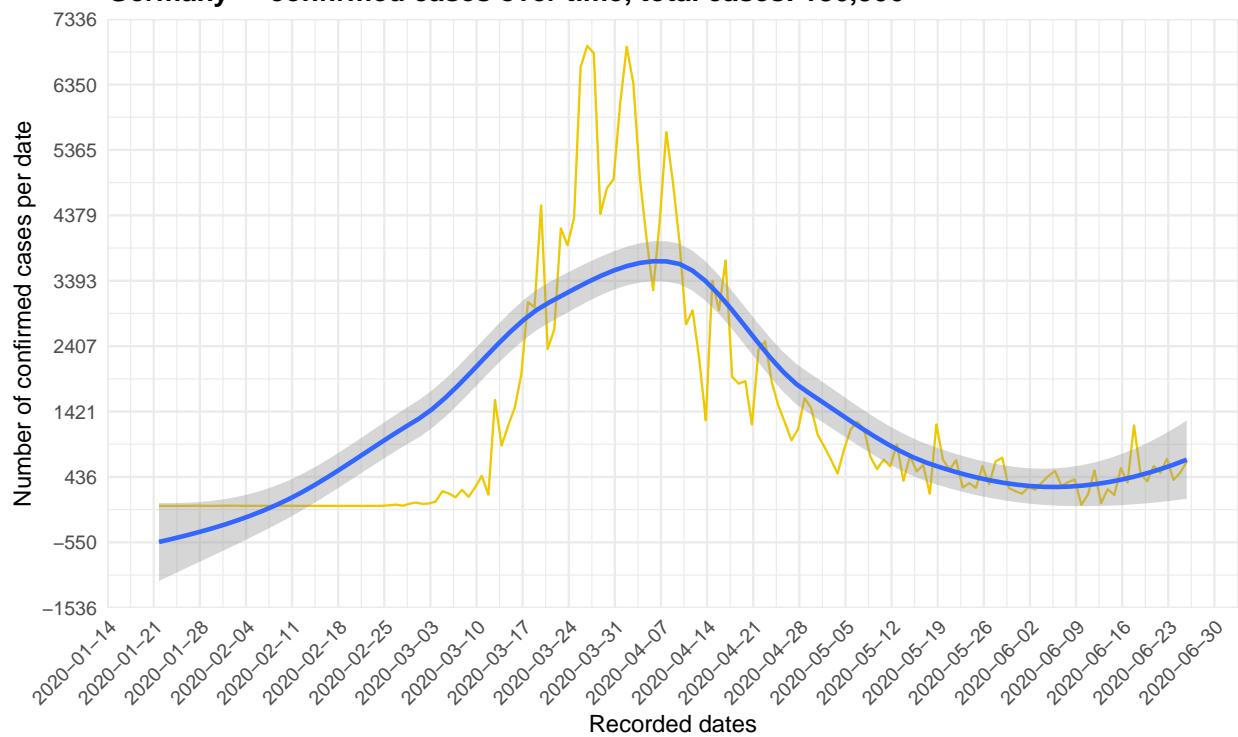

### Georgia – confirmed cases over time, total cases: 818

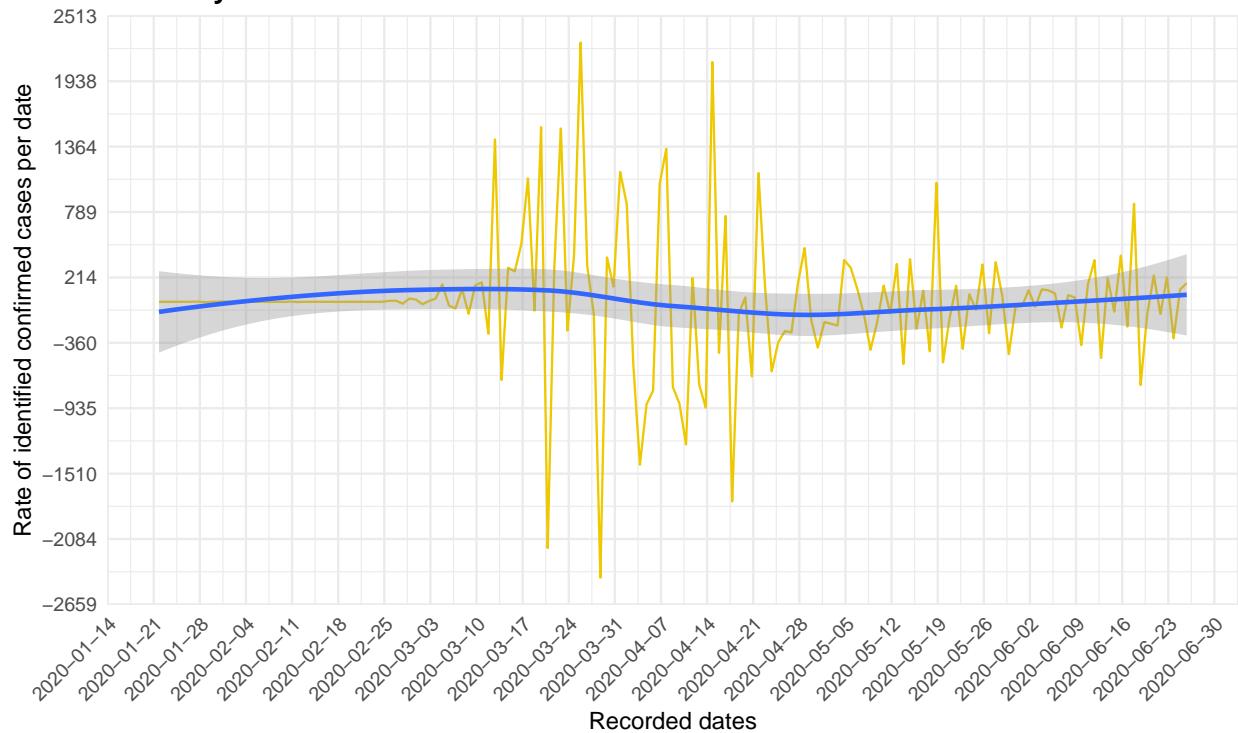

### Georgia – rate of increase of confirmed cases over time

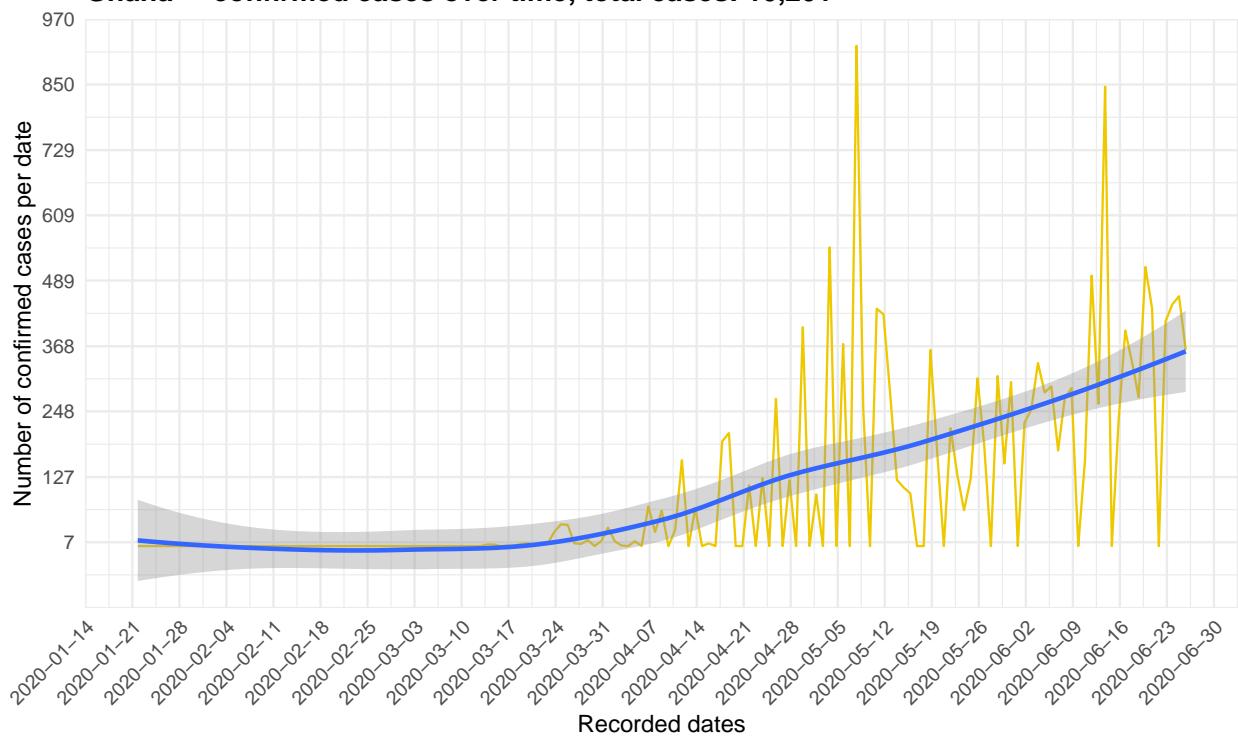

### Germany – confirmed cases over time, total cases: 186,506

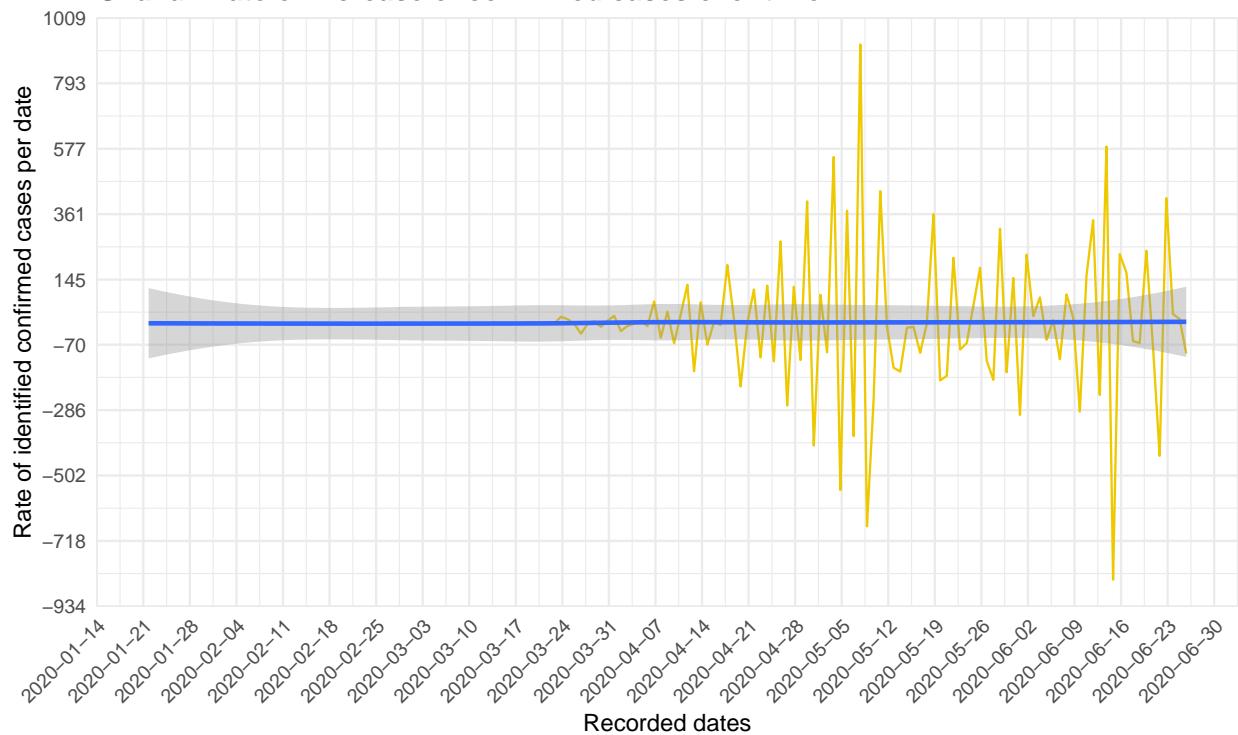

### Germany – rate of increase of confirmed cases over time

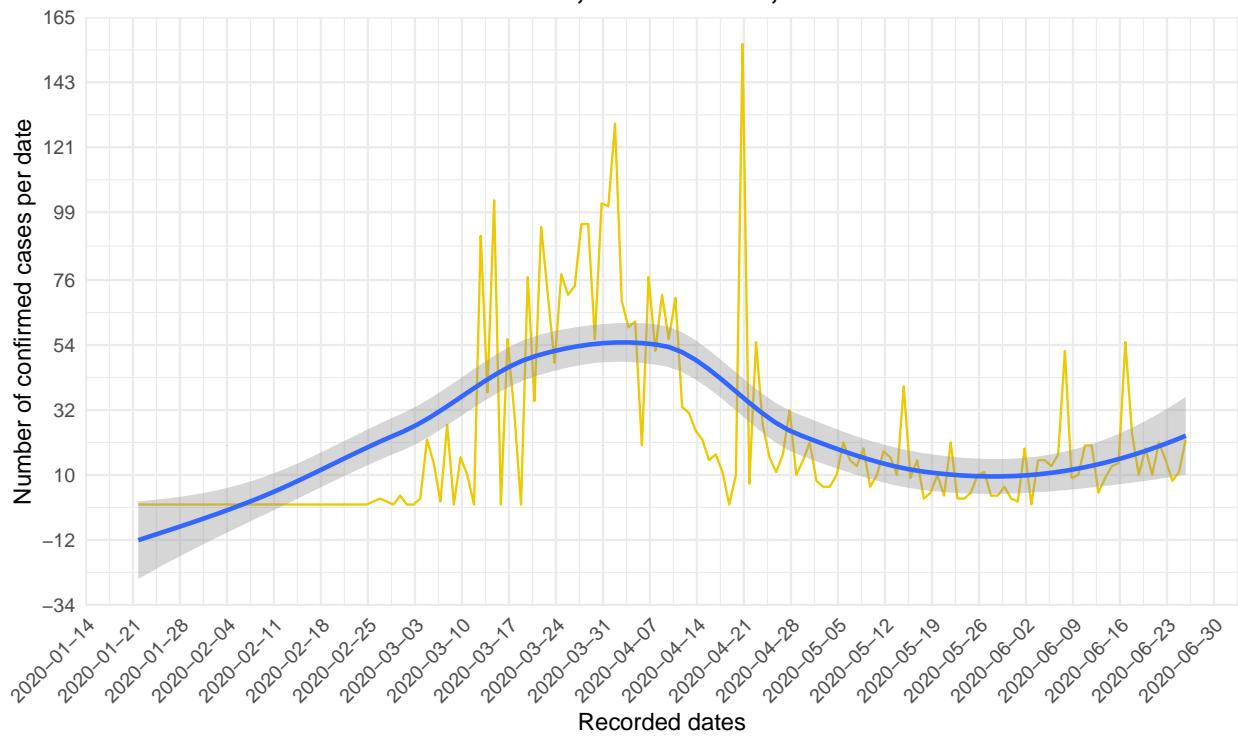

### Ghana – confirmed cases over time, total cases: 10,201

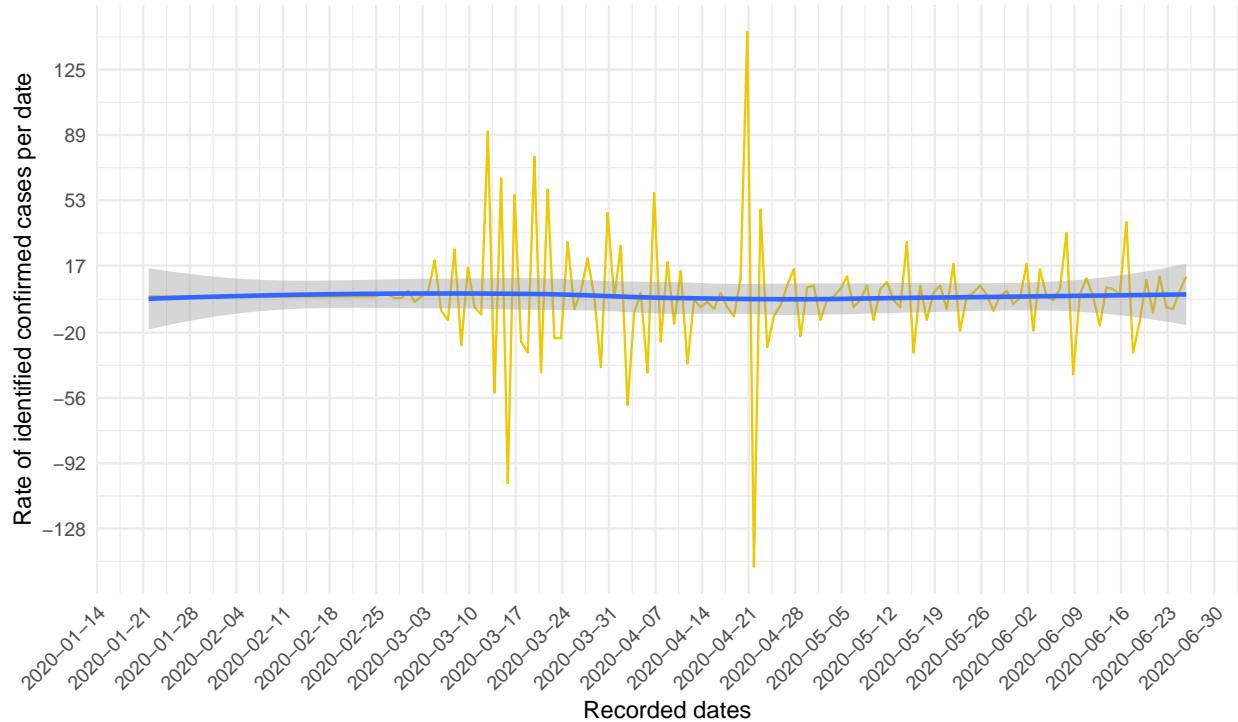

### Ghana – rate of increase of confirmed cases over time

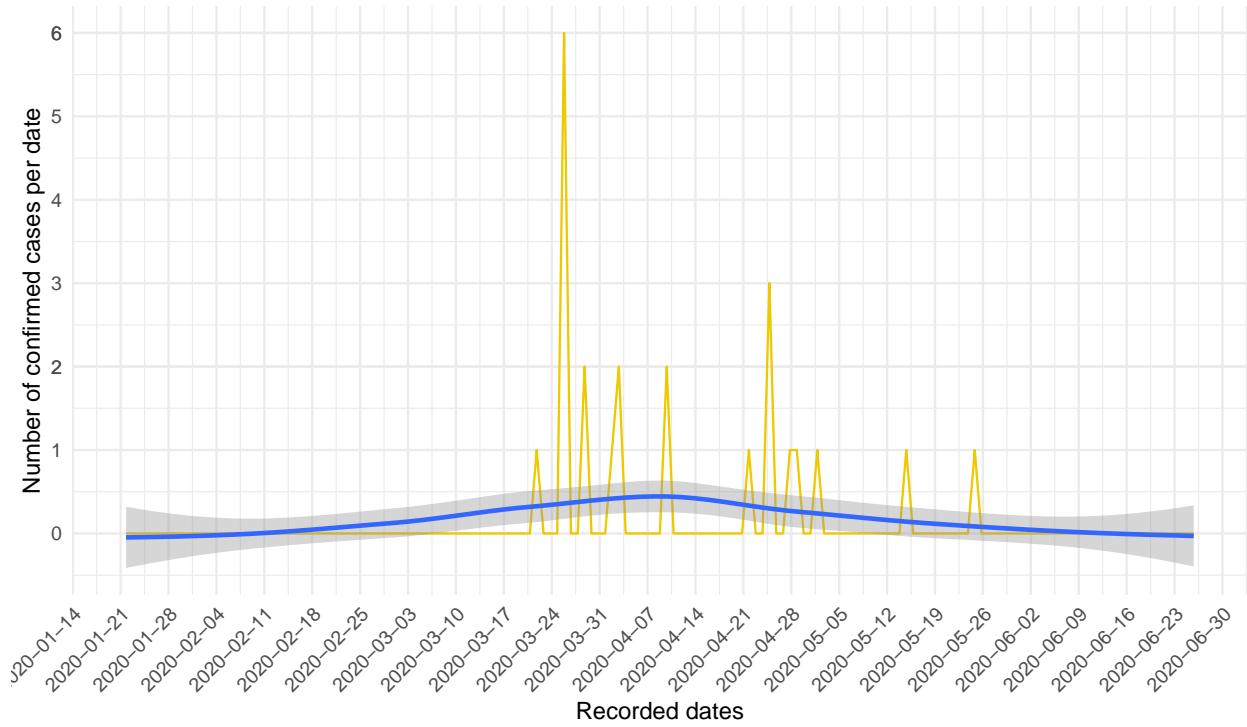

### Greece – confirmed cases over time, total cases: 3,058

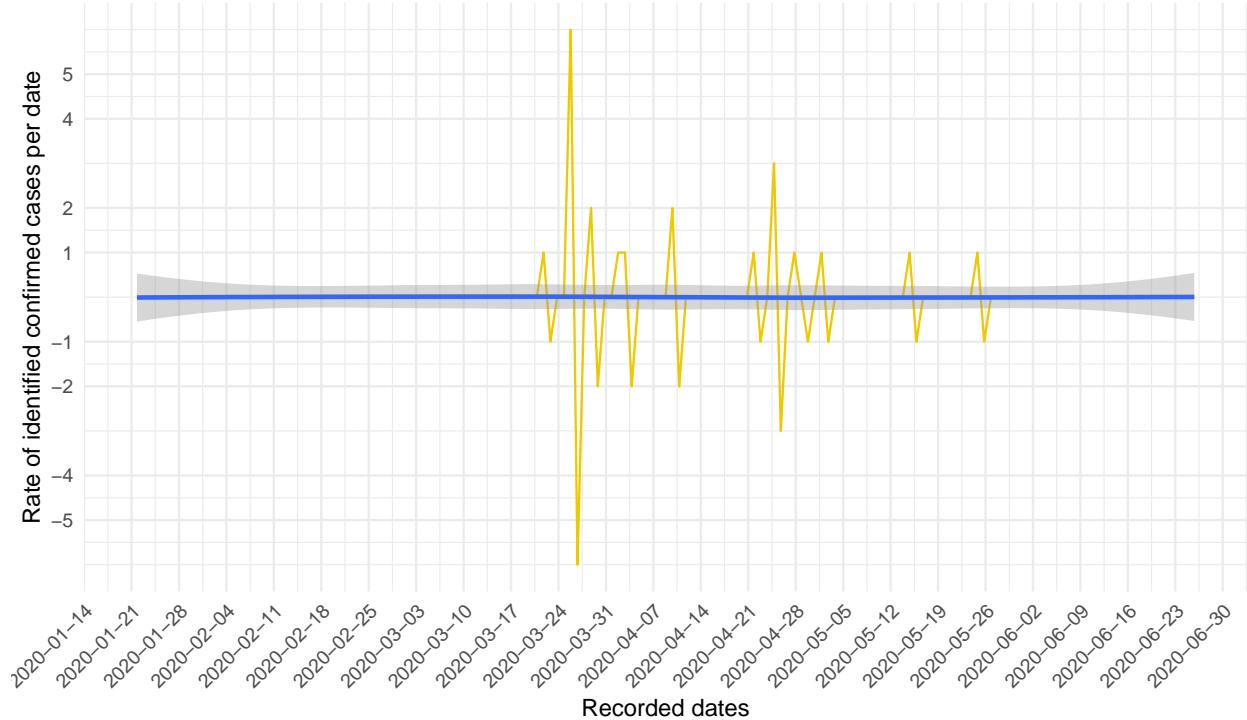

### Greece – rate of increase of confirmed cases over time

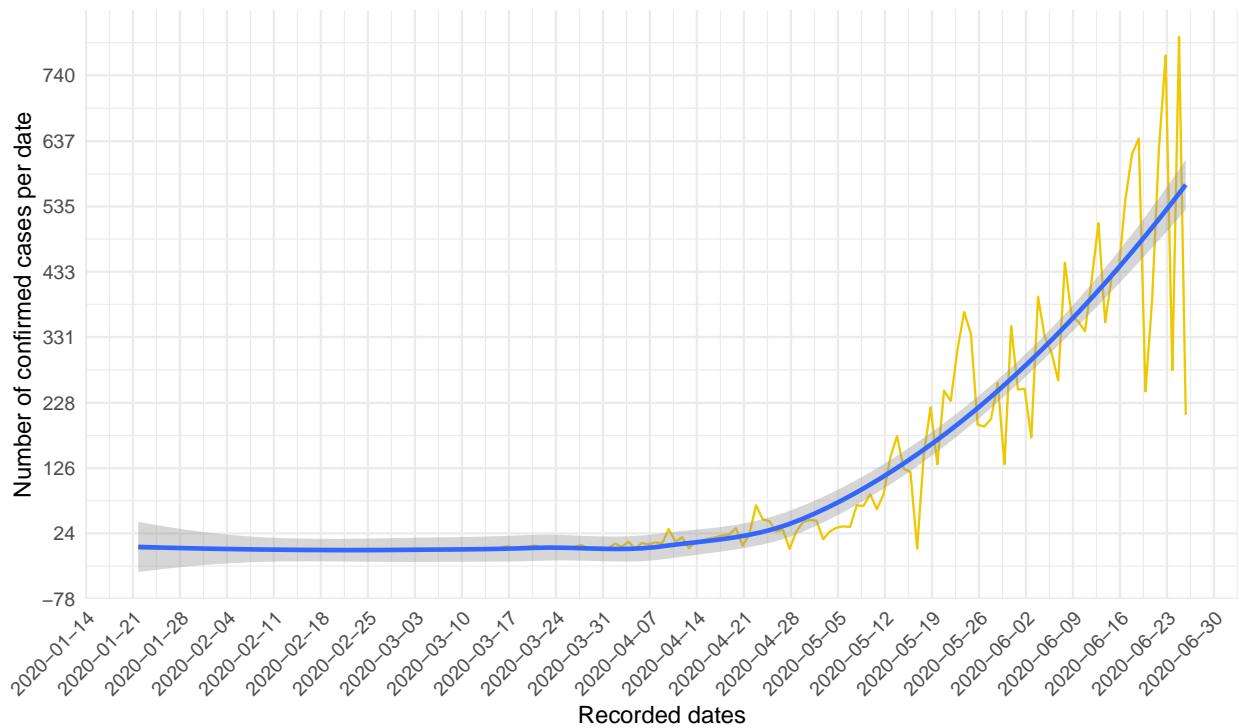

**Grenada – confirmed cases over time, total cases: 23**

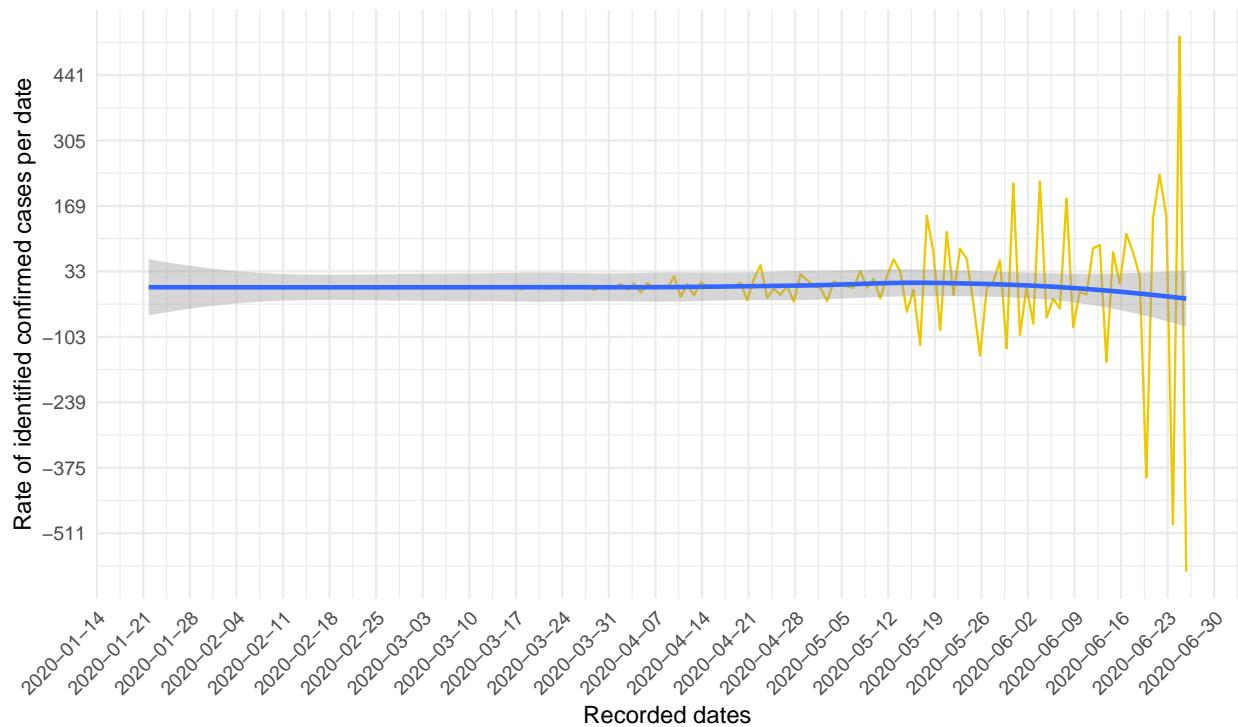

**Grenada – rate of increase of confirmed cases over time**

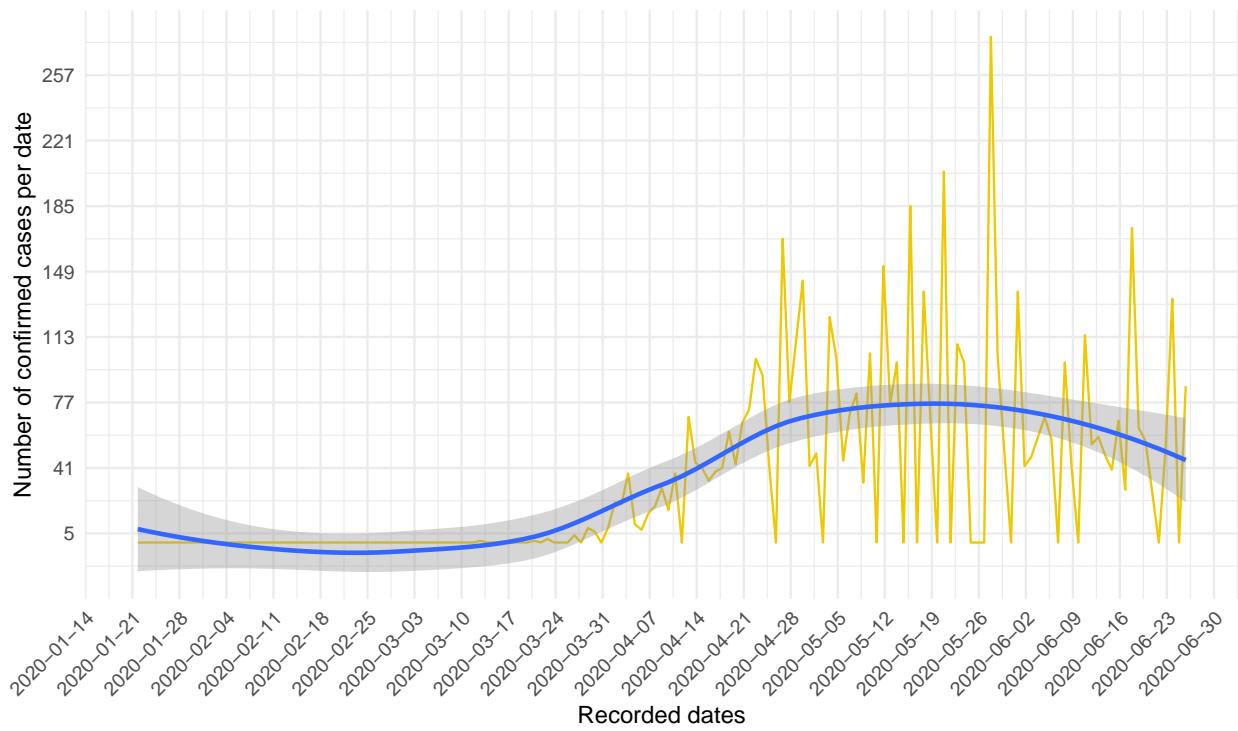

### Guatemala – confirmed cases over time, total cases: 7,866

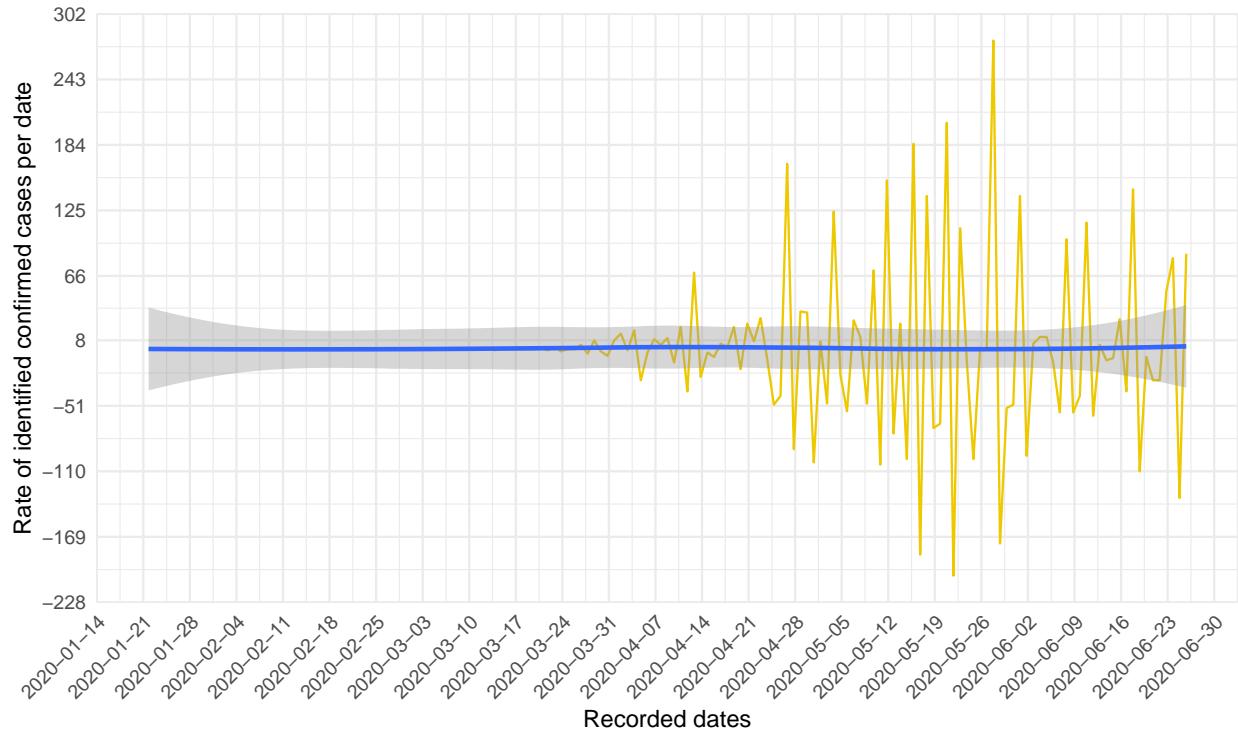

### Guatemala – rate of increase of confirmed cases over time

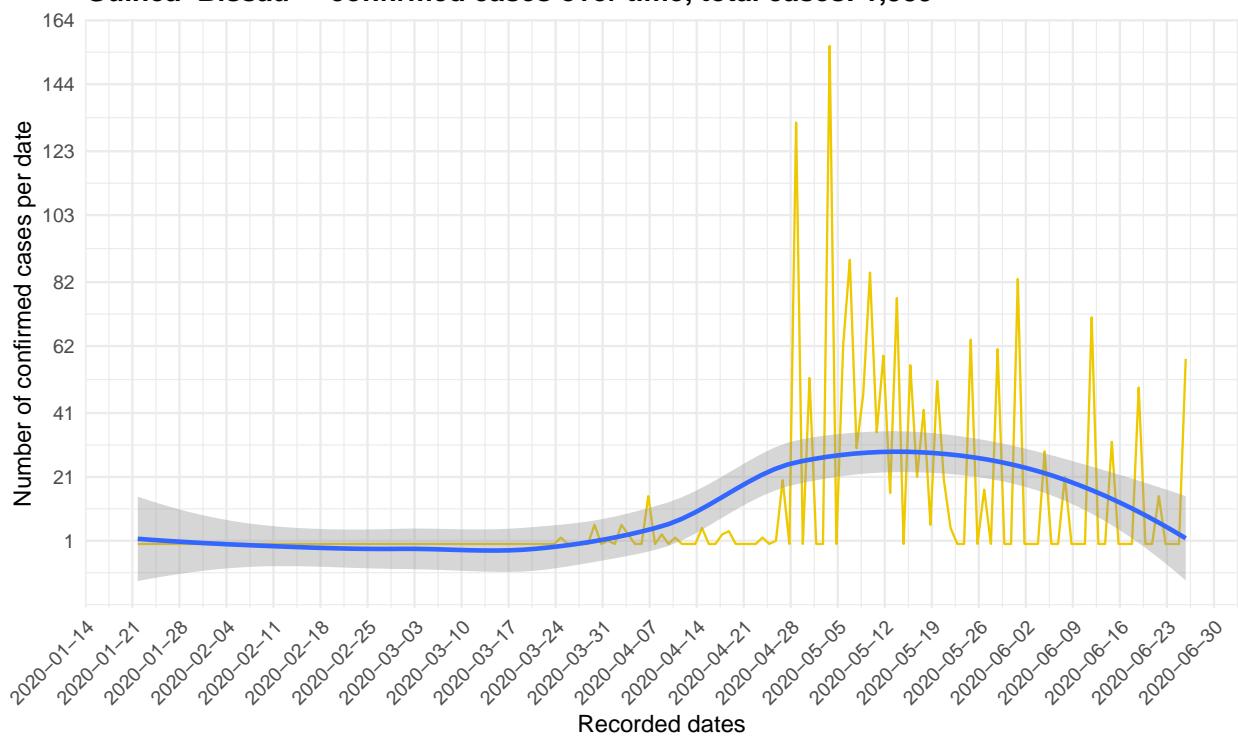

**Guinea – confirmed cases over time, total cases: 4,258**

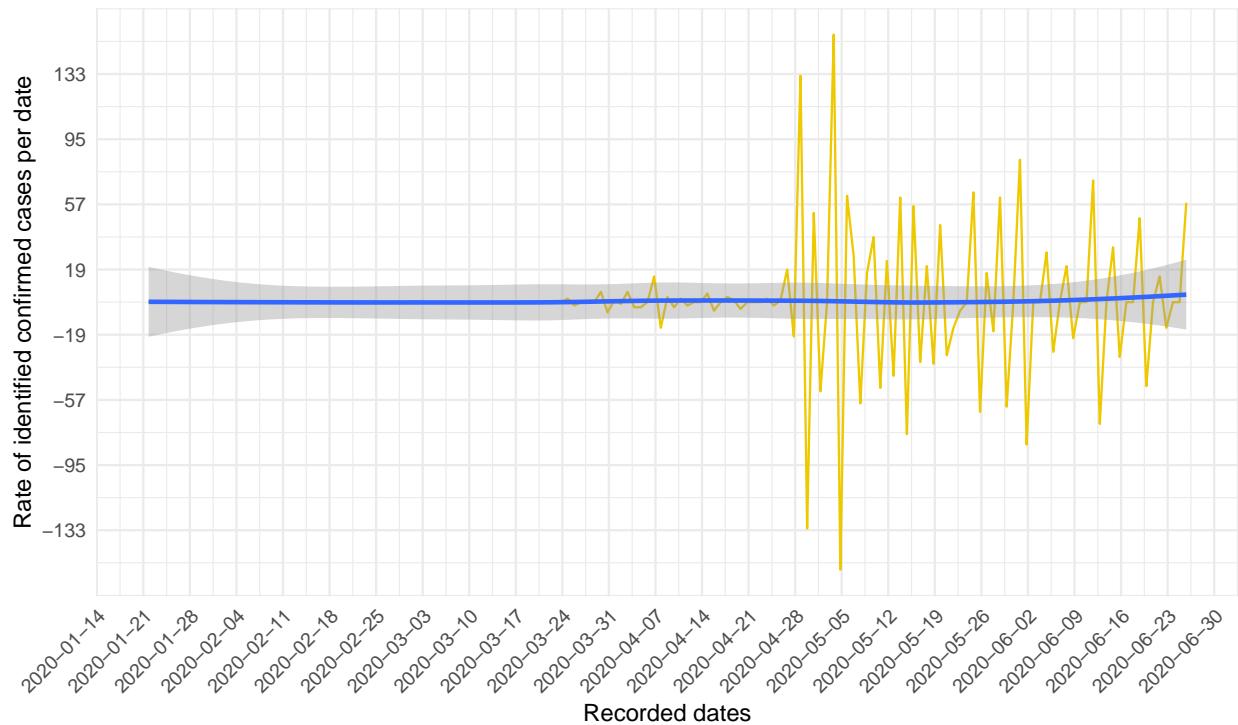

**Guinea – rate of increase of confirmed cases over time**

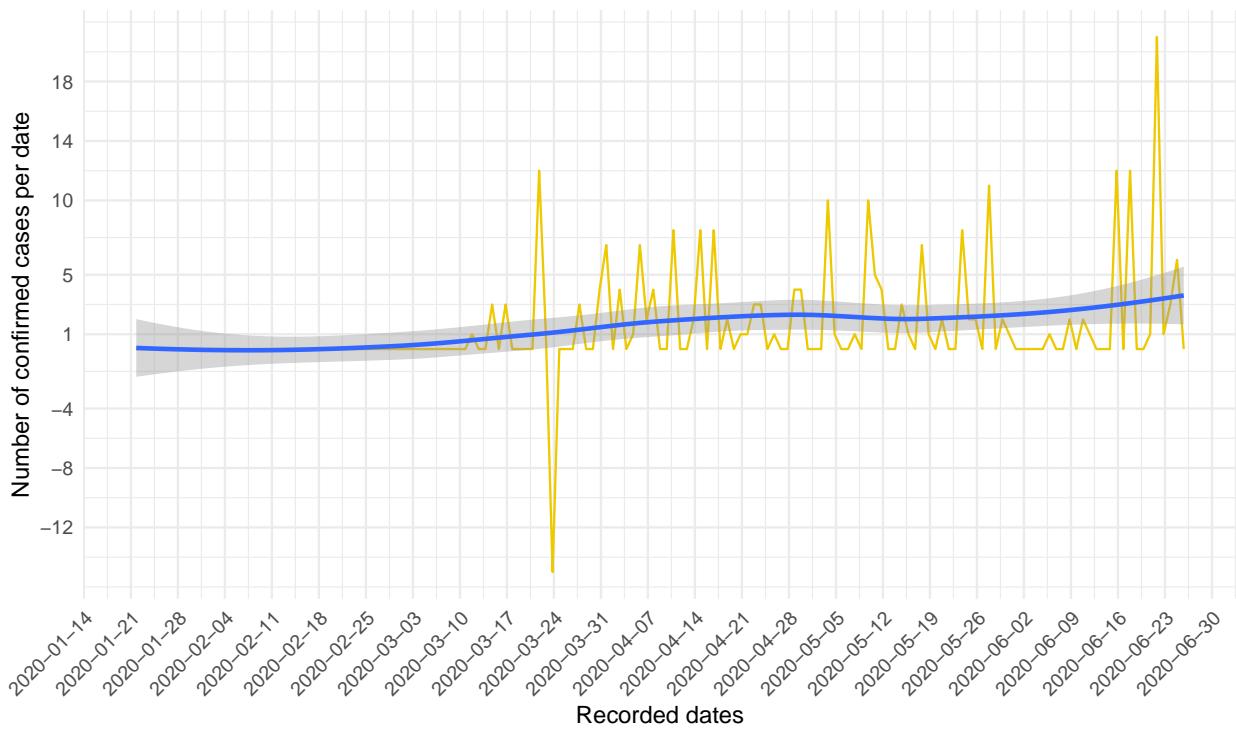

### Guinea-Bissau – confirmed cases over time, total cases: 1,389

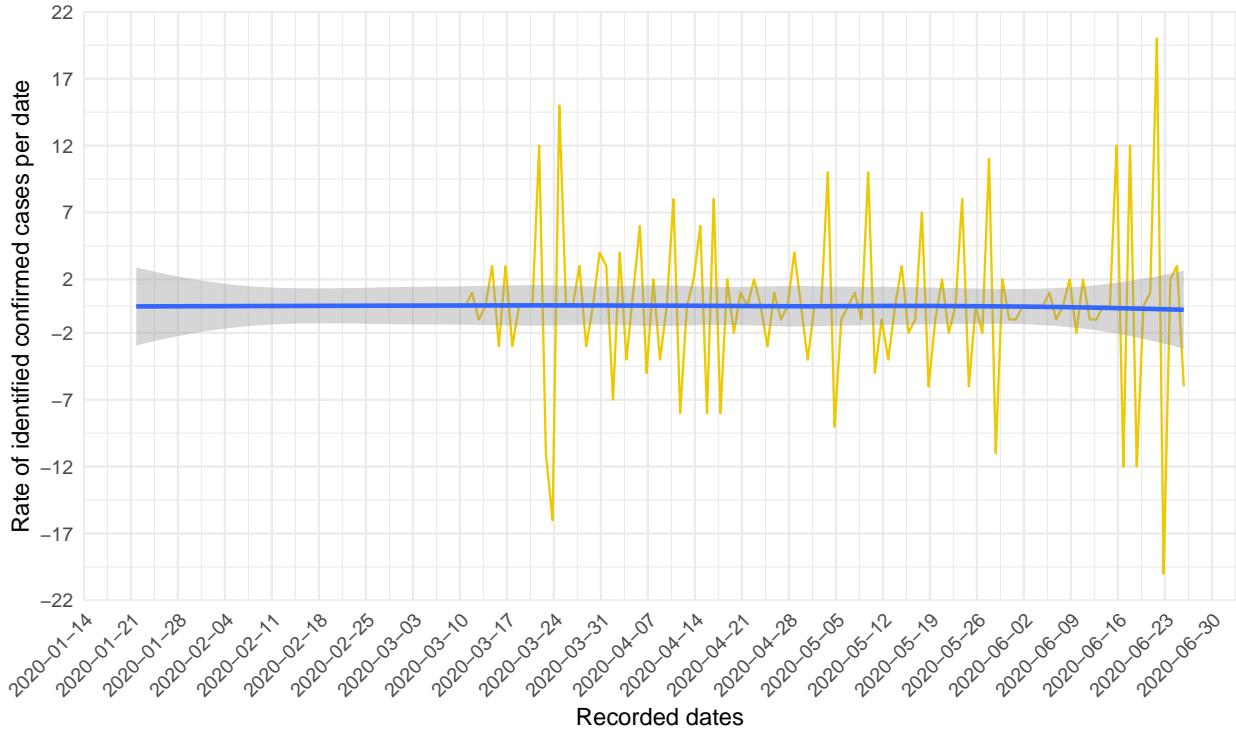

### Guinea-Bissau – rate of increase of confirmed cases over time

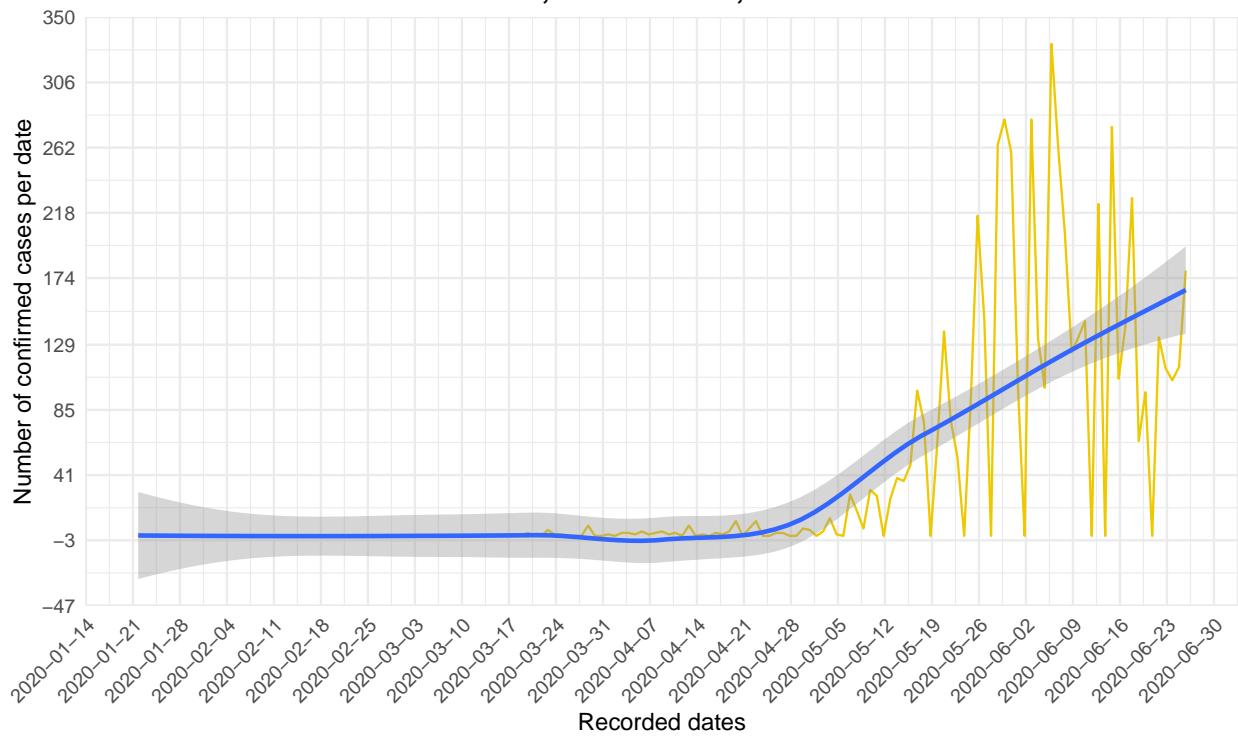

**Guyana – confirmed cases over time, total cases: 156**

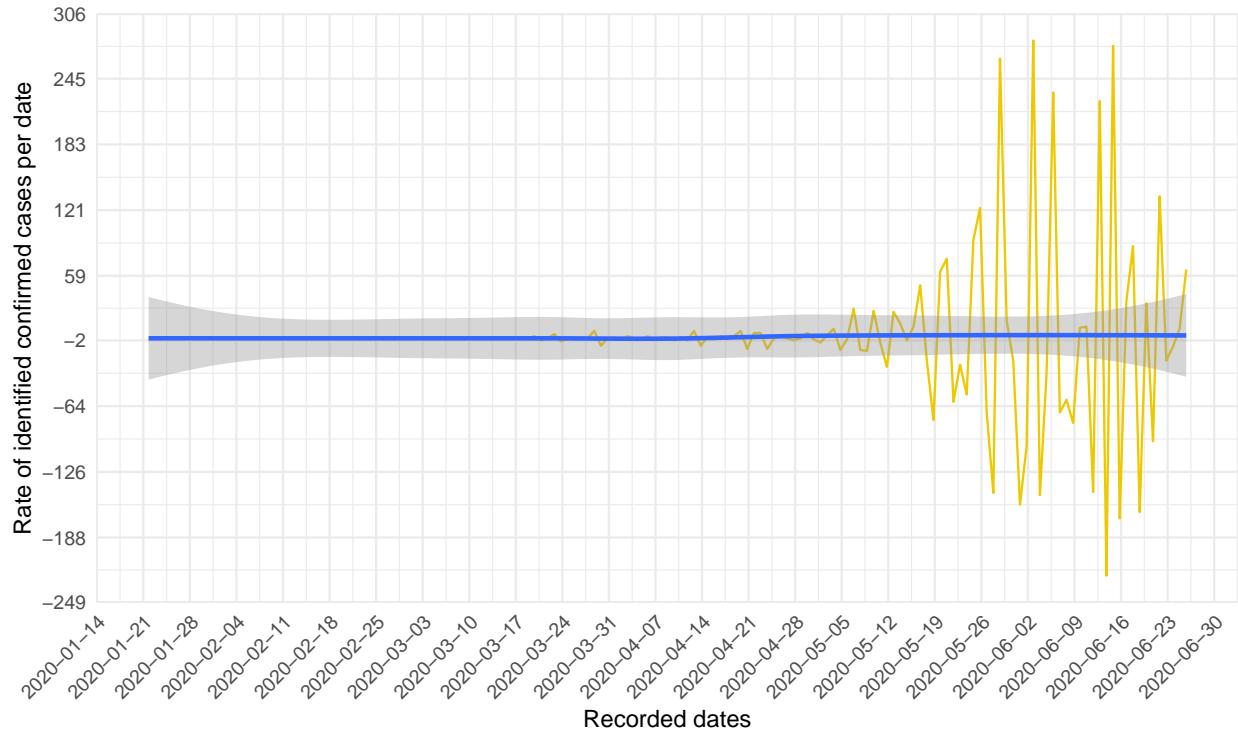

**Guyana – rate of increase of confirmed cases over time**

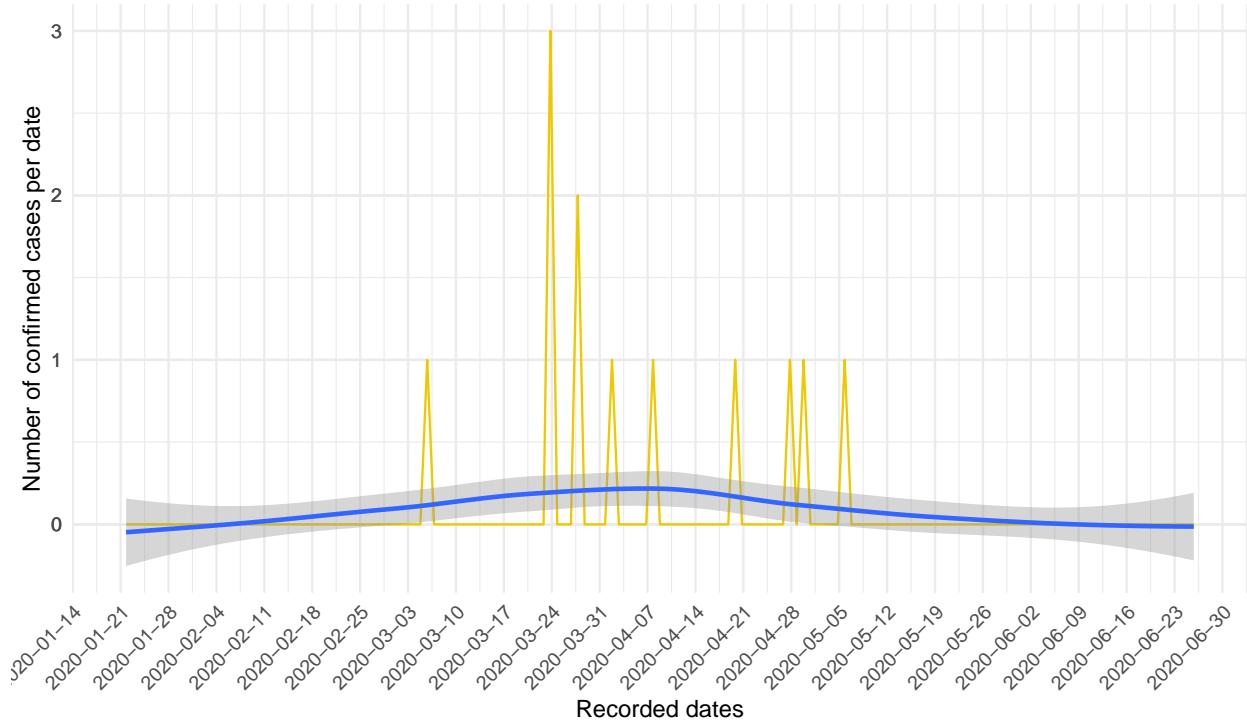

### Haiti – confirmed cases over time, total cases: 3,662

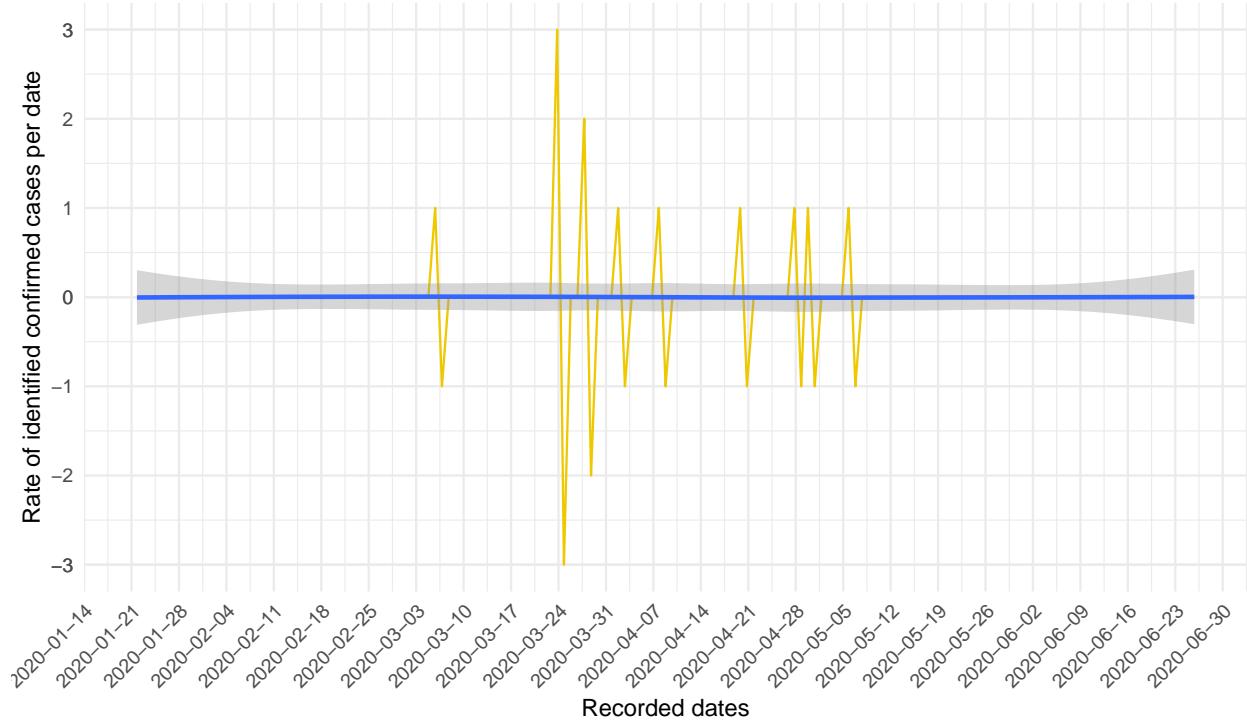

### Haiti – rate of increase of confirmed cases over time

### Hungary – rate of increase of confirmed cases over time

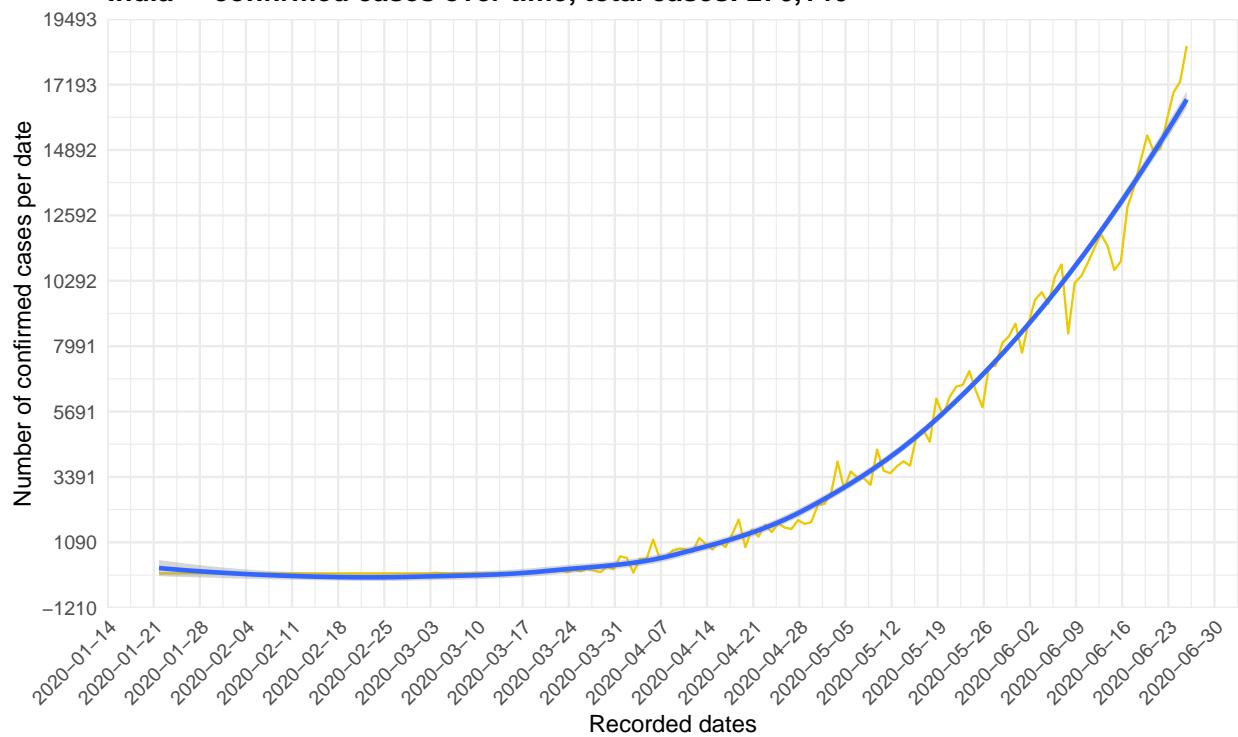

### Iceland – confirmed cases over time, total cases: 1,807

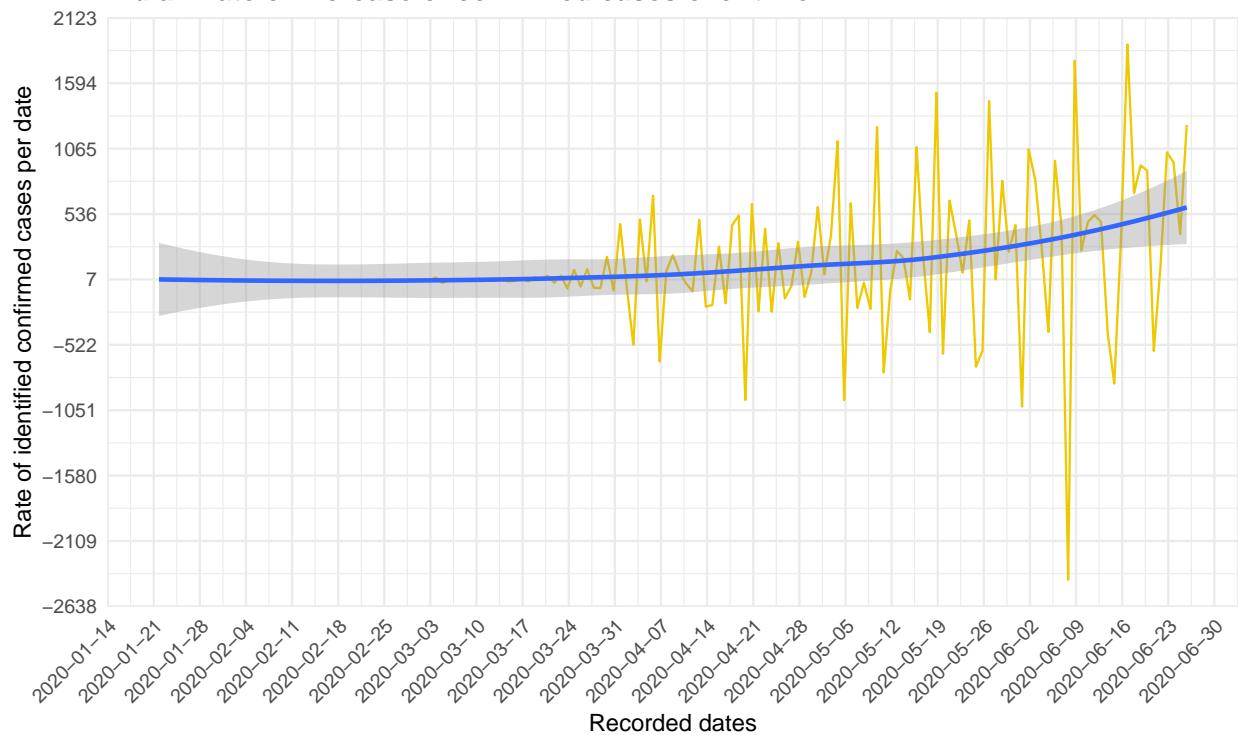

### Iceland – rate of increase of confirmed cases over time

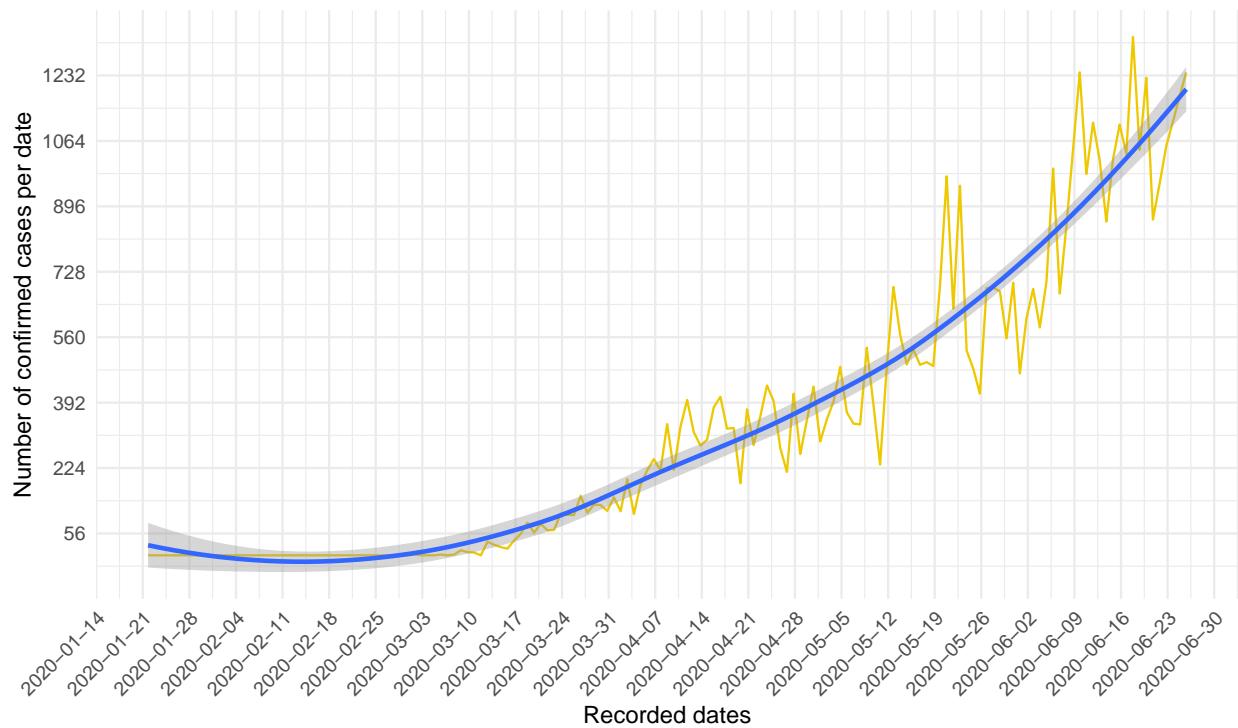

### India – confirmed cases over time, total cases: 276,146

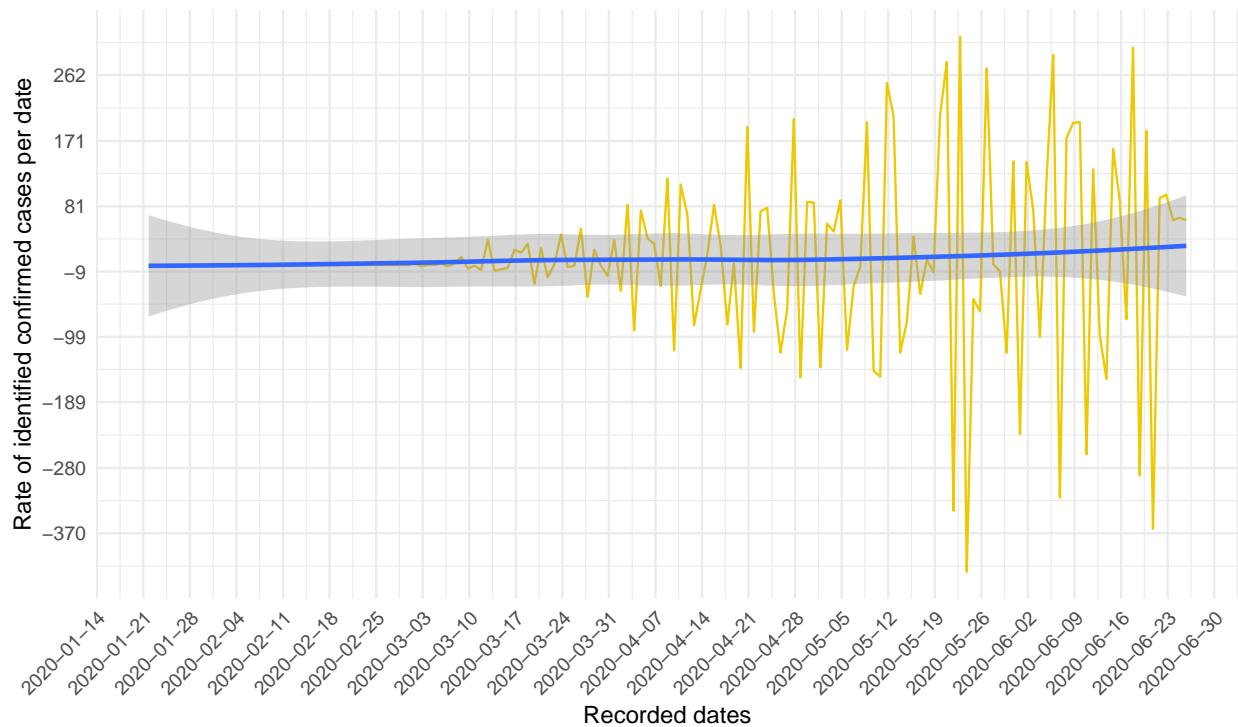

### India – rate of increase of confirmed cases over time

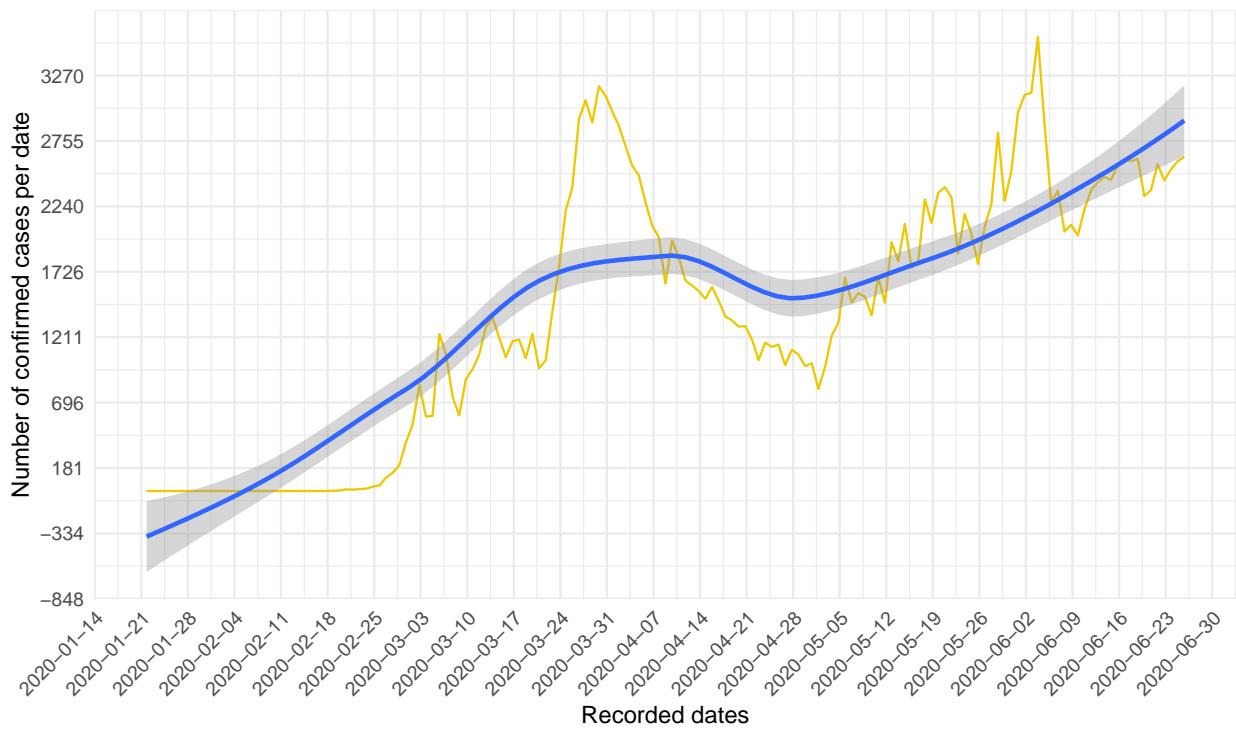

### Indonesia – confirmed cases over time, total cases: 33,076

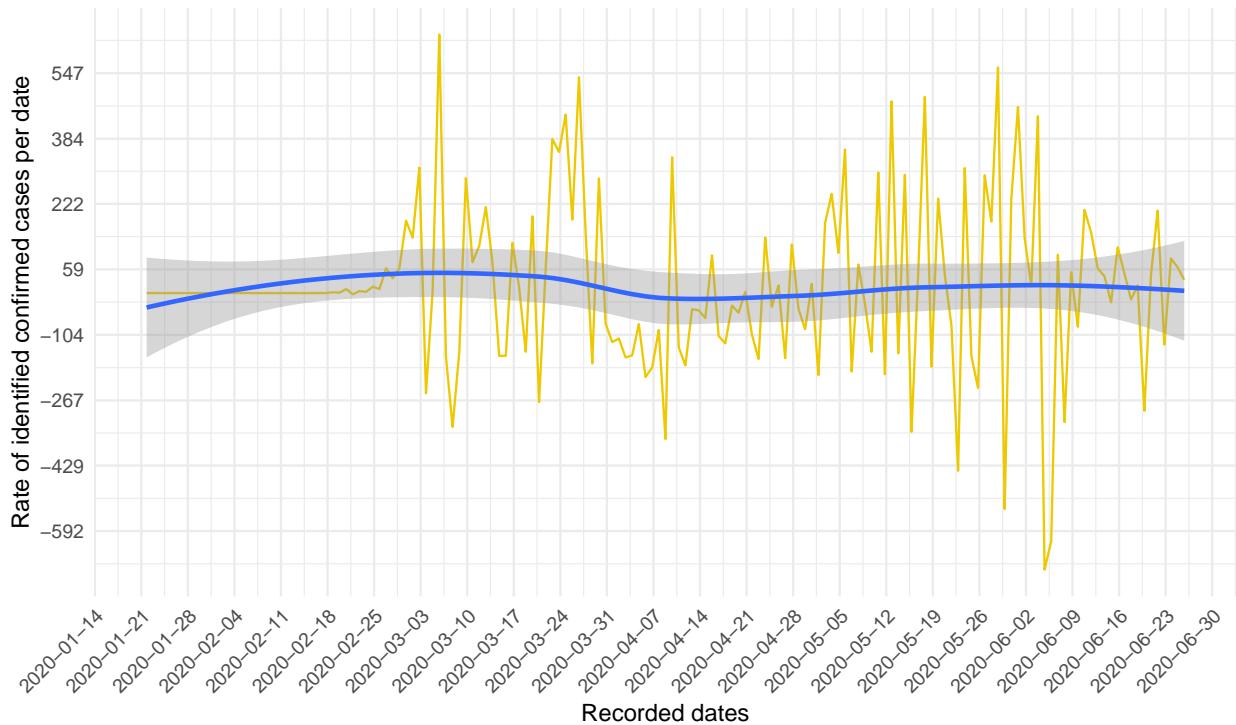

### Indonesia – rate of increase of confirmed cases over time

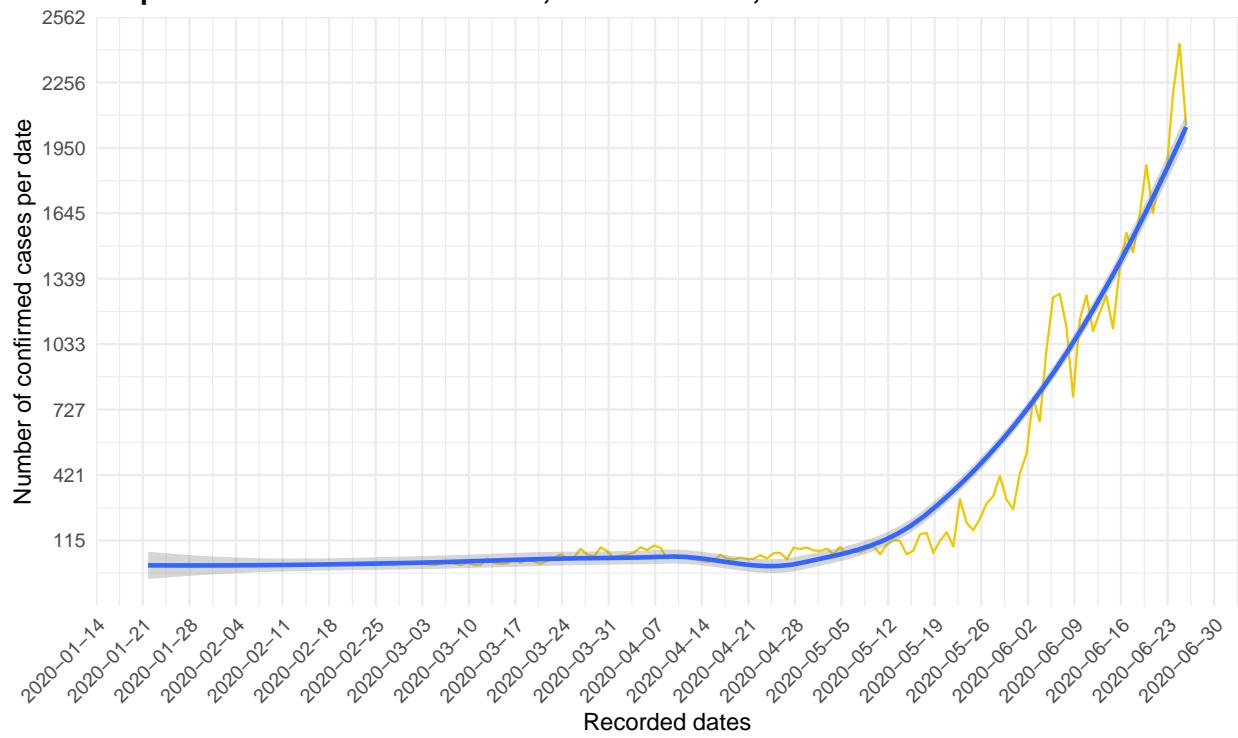

### Iran – confirmed cases over time, total cases: 175,927

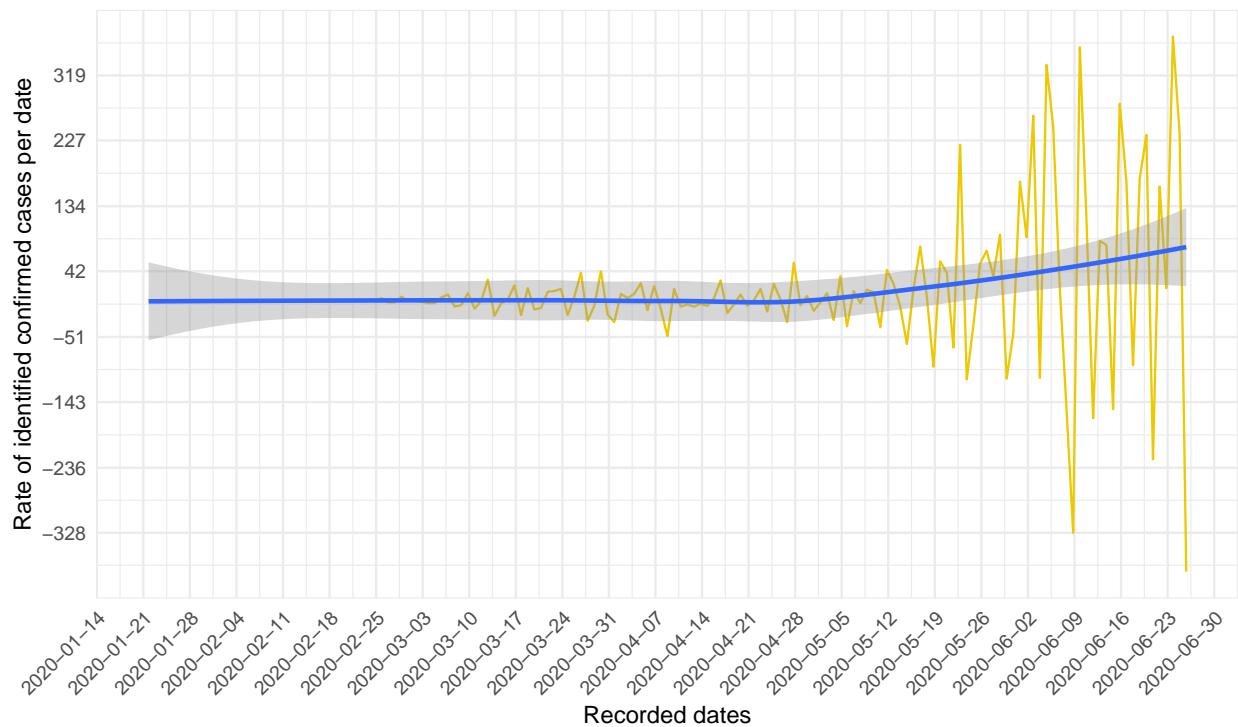

### Iran – rate of increase of confirmed cases over time

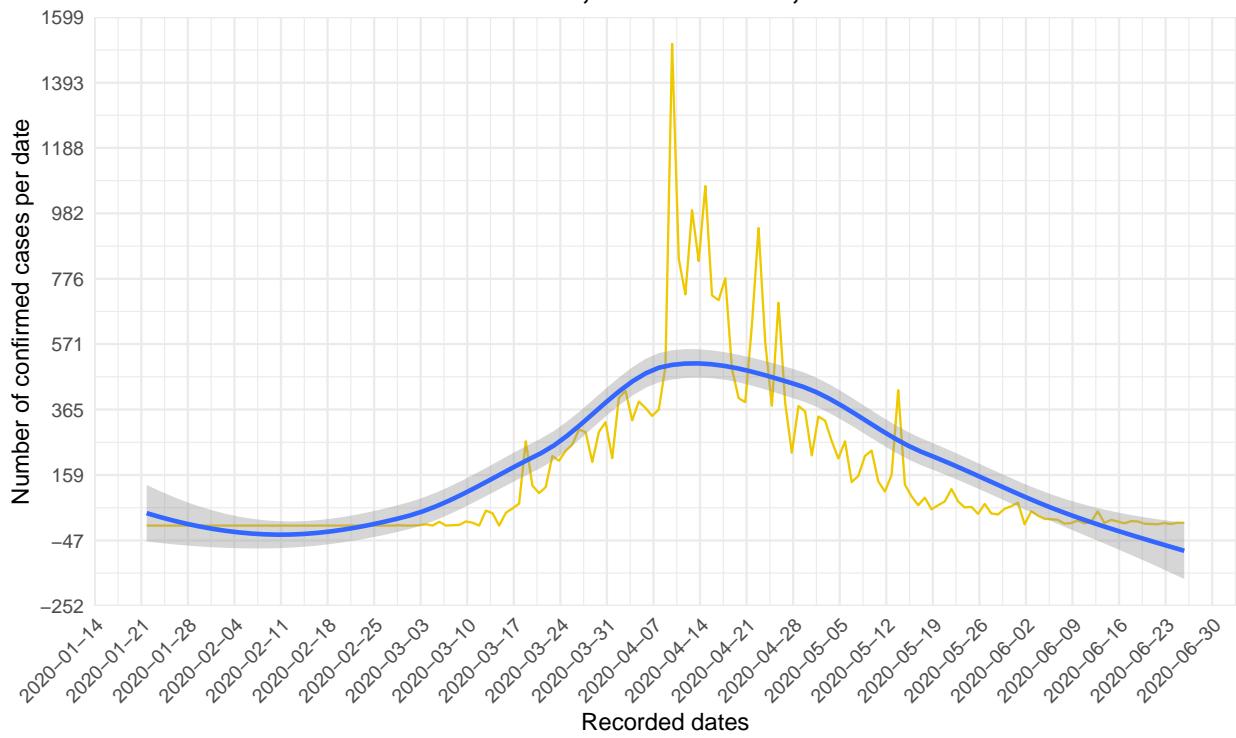

### Iraq – confirmed cases over time, total cases: 14,268

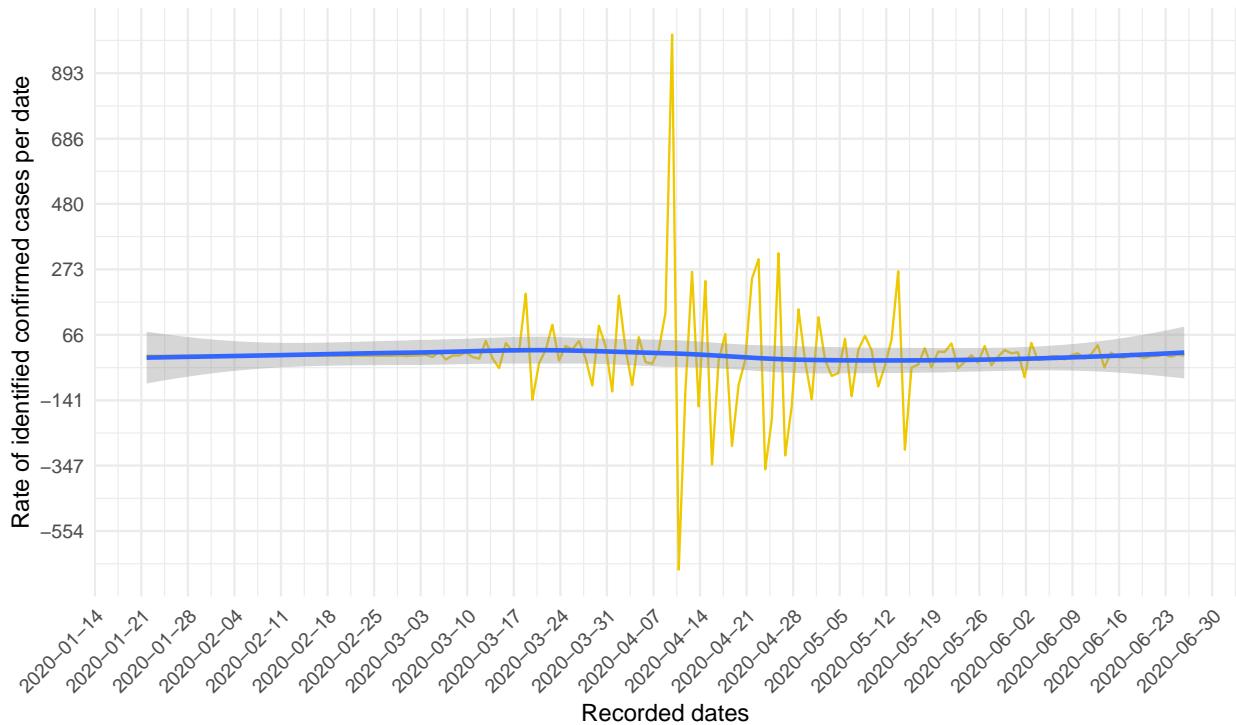

### Iraq – rate of increase of confirmed cases over time

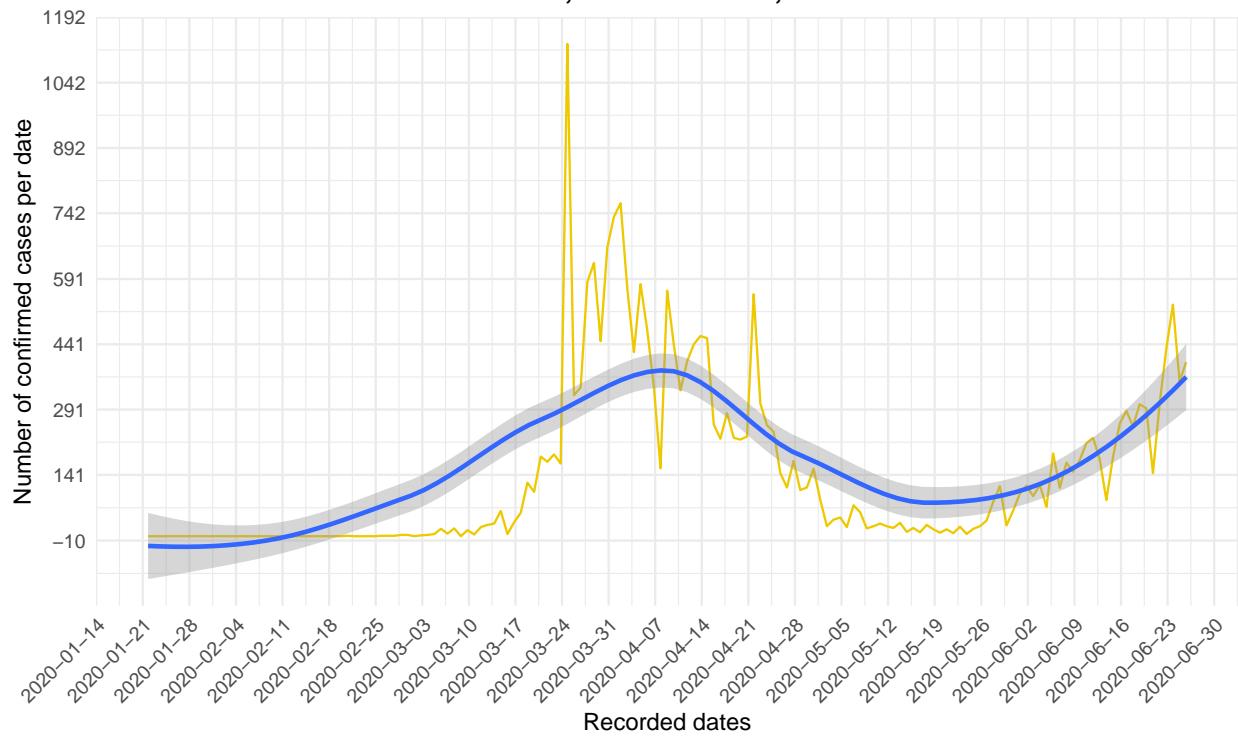

### Ireland – confirmed cases over time, total cases: 25,215

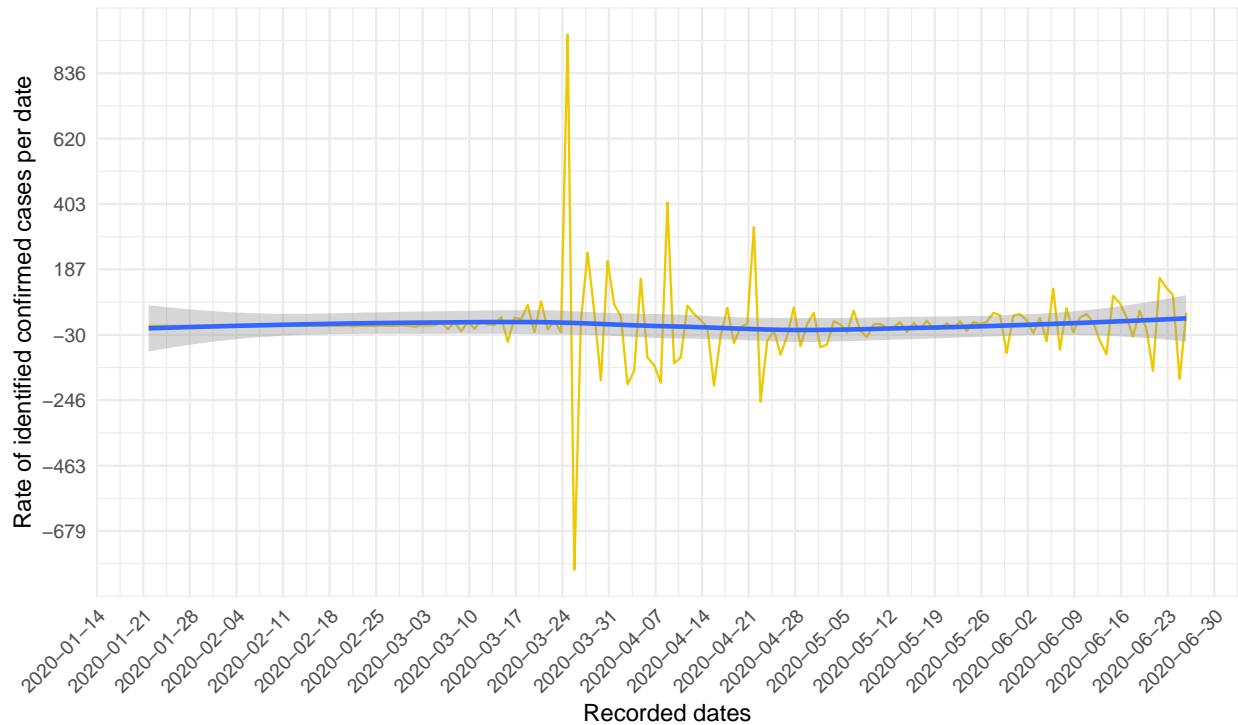

### Ireland – rate of increase of confirmed cases over time

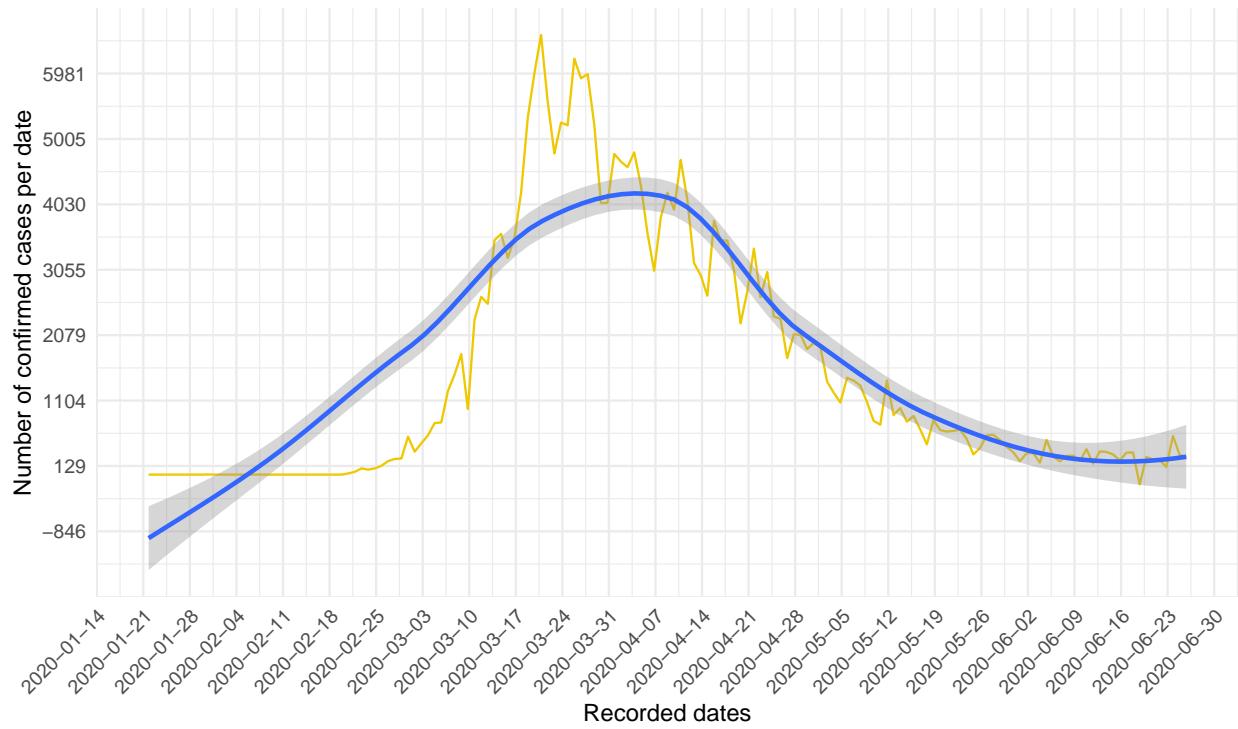

### Israel – confirmed cases over time, total cases: 18,180

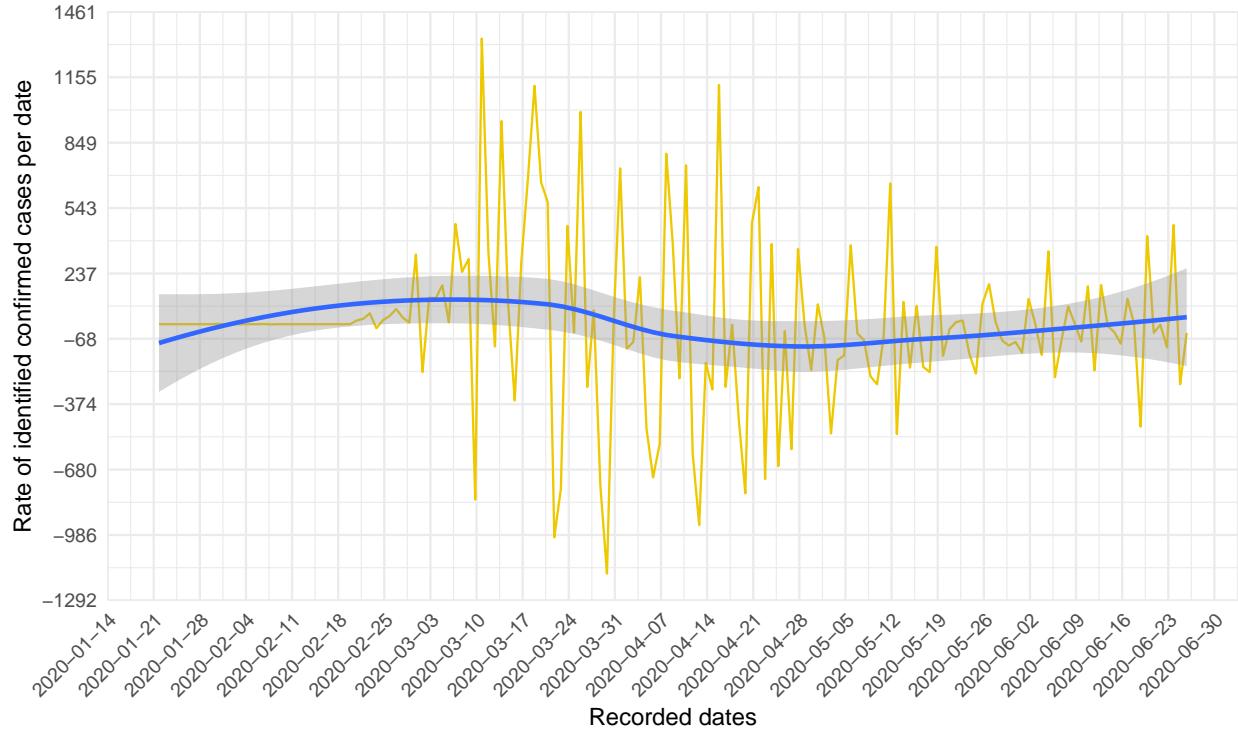

### Israel – rate of increase of confirmed cases over time

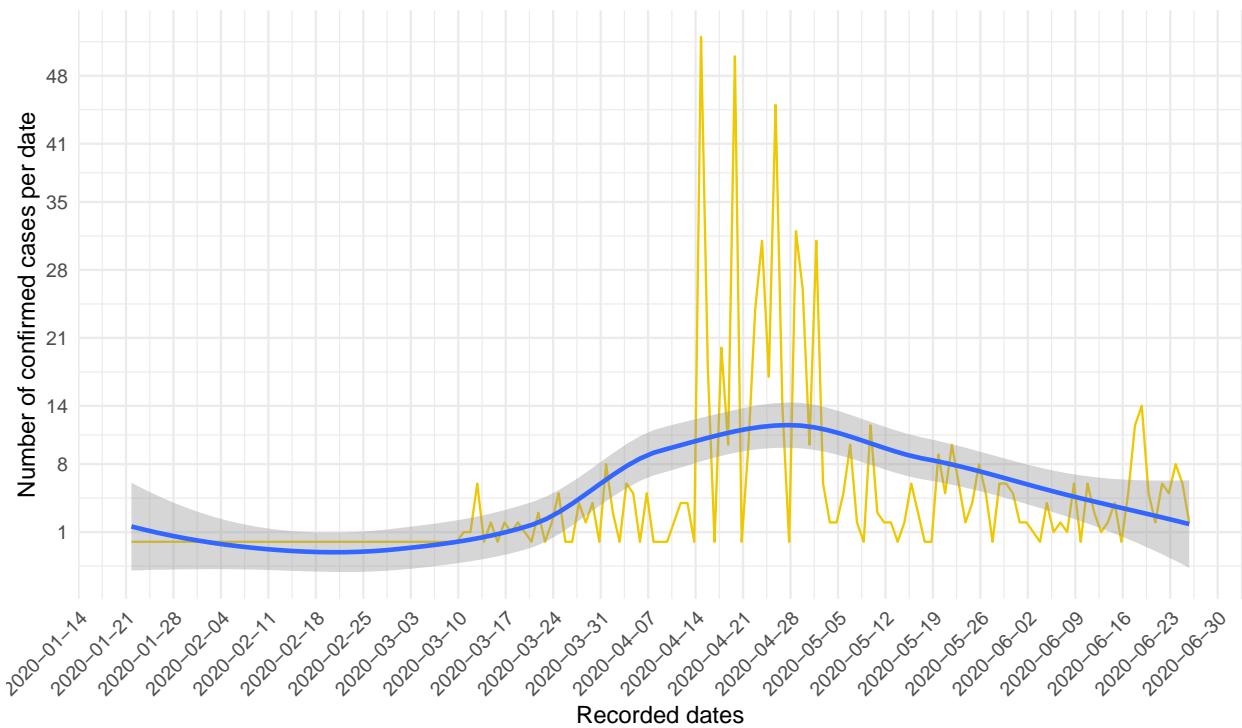

### **Italy – confirmed cases over time, total cases: 235,561**

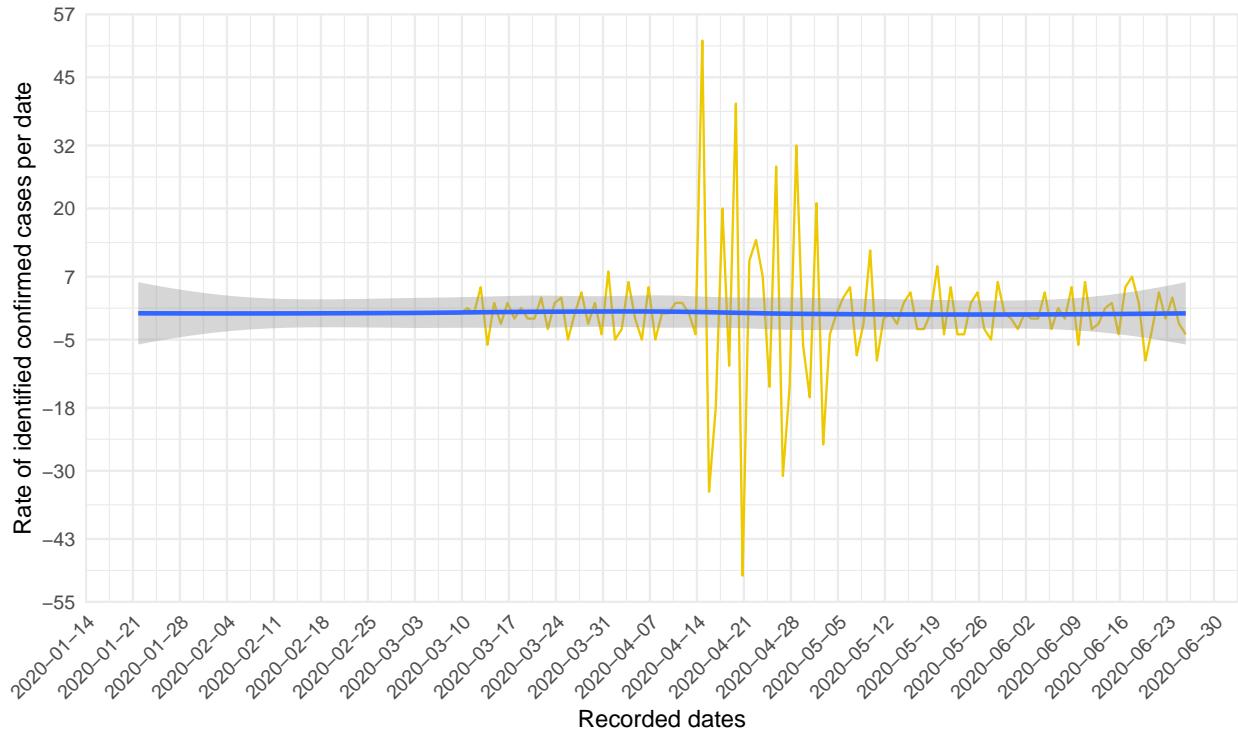

### **Italy – rate of increase of confirmed cases over time**

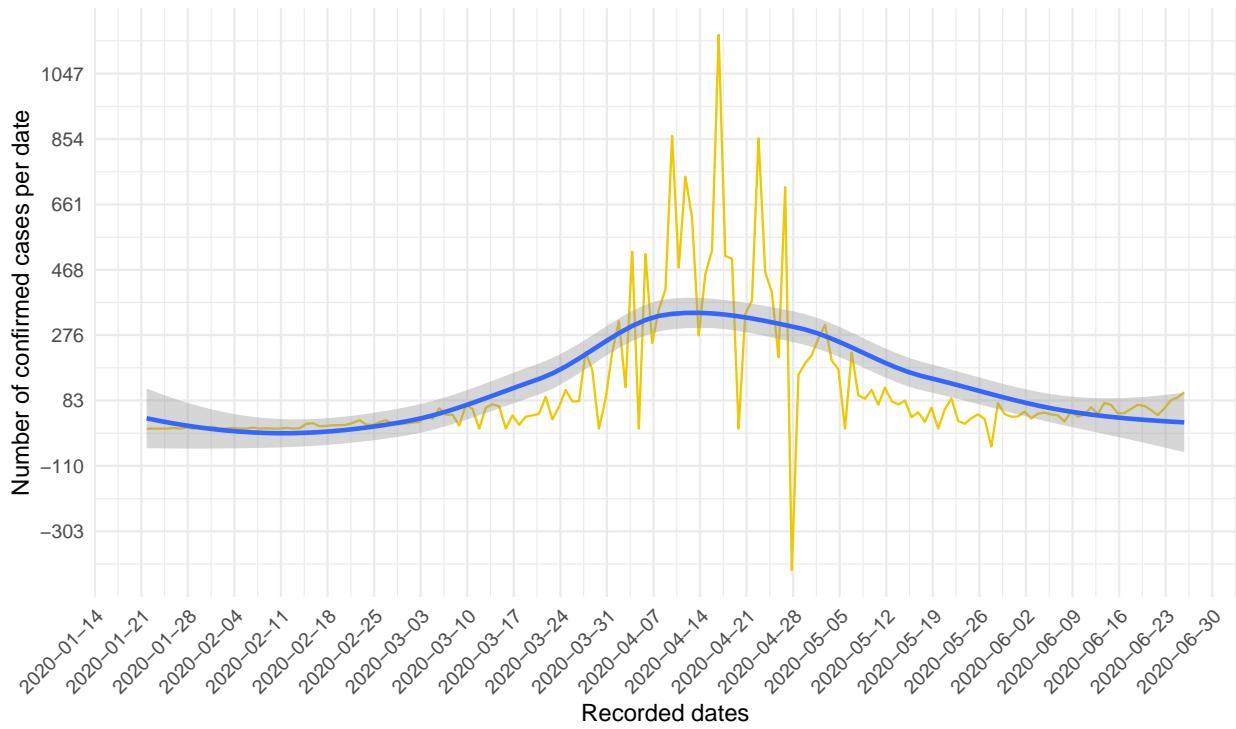

**Jamaica – confirmed cases over time, total cases: 605**

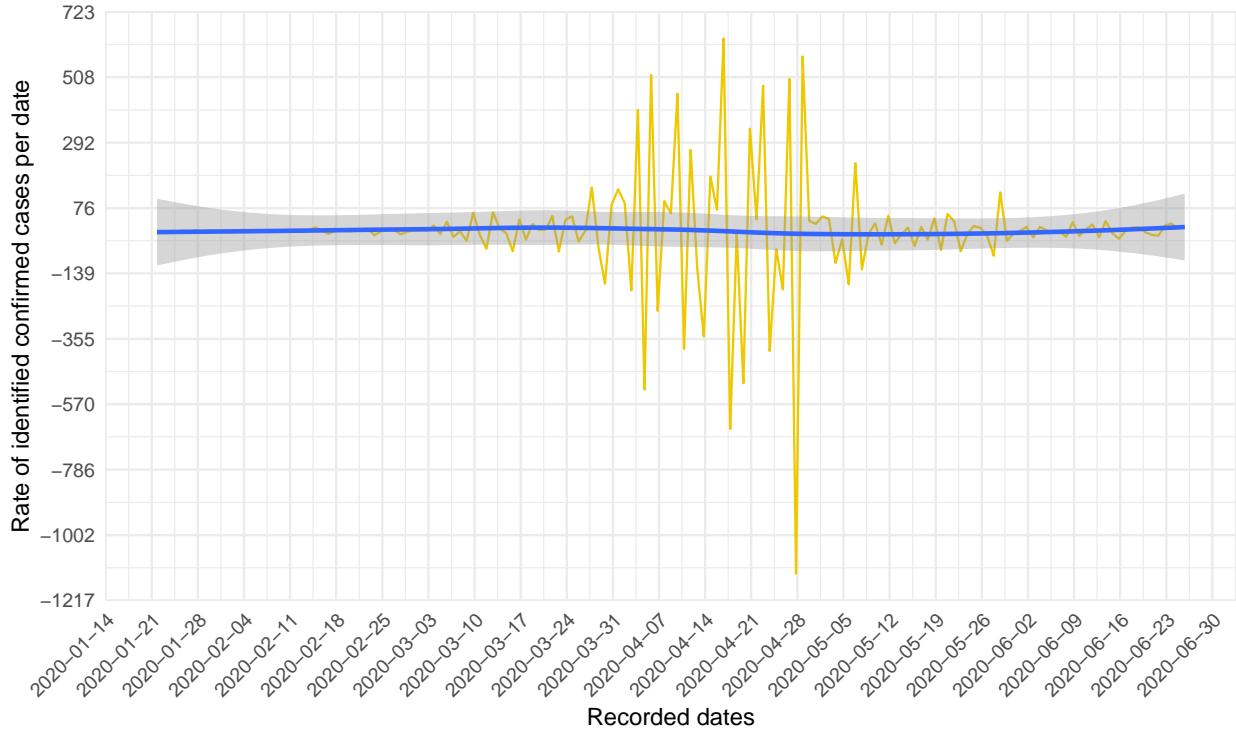

**Jamaica – rate of increase of confirmed cases over time**

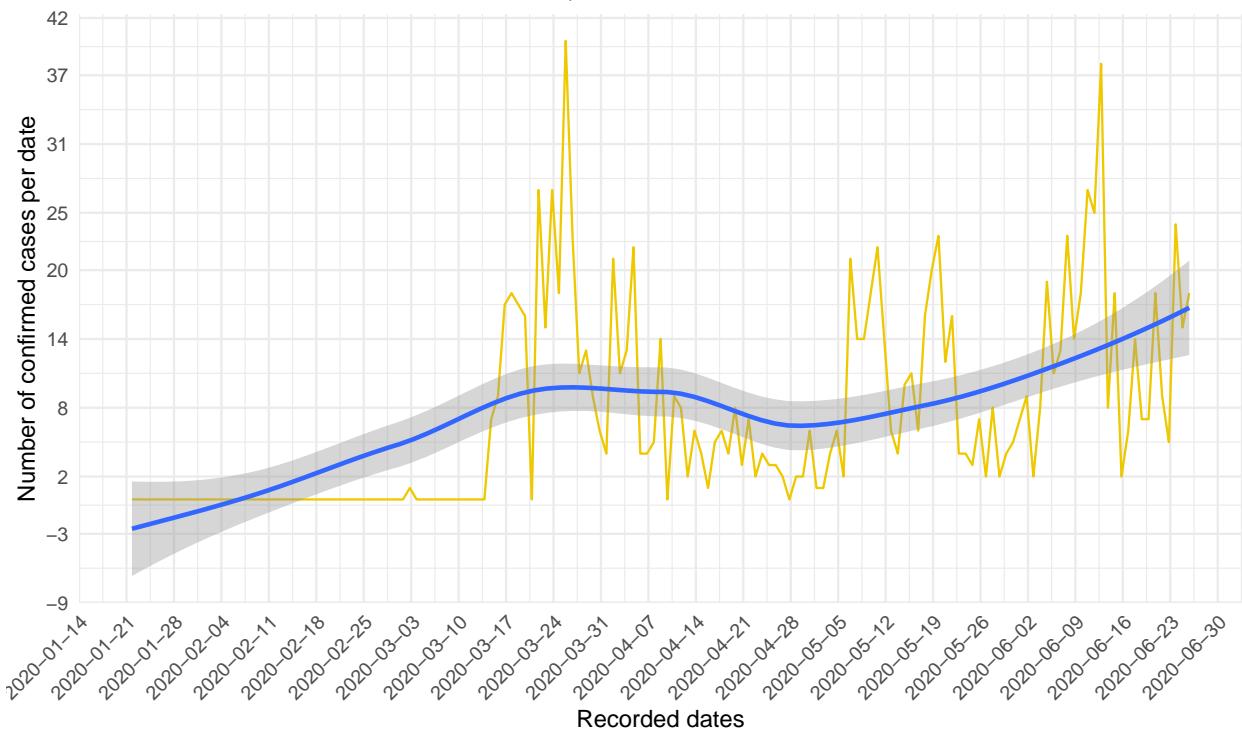

### Japan – confirmed cases over time, total cases: 17,111

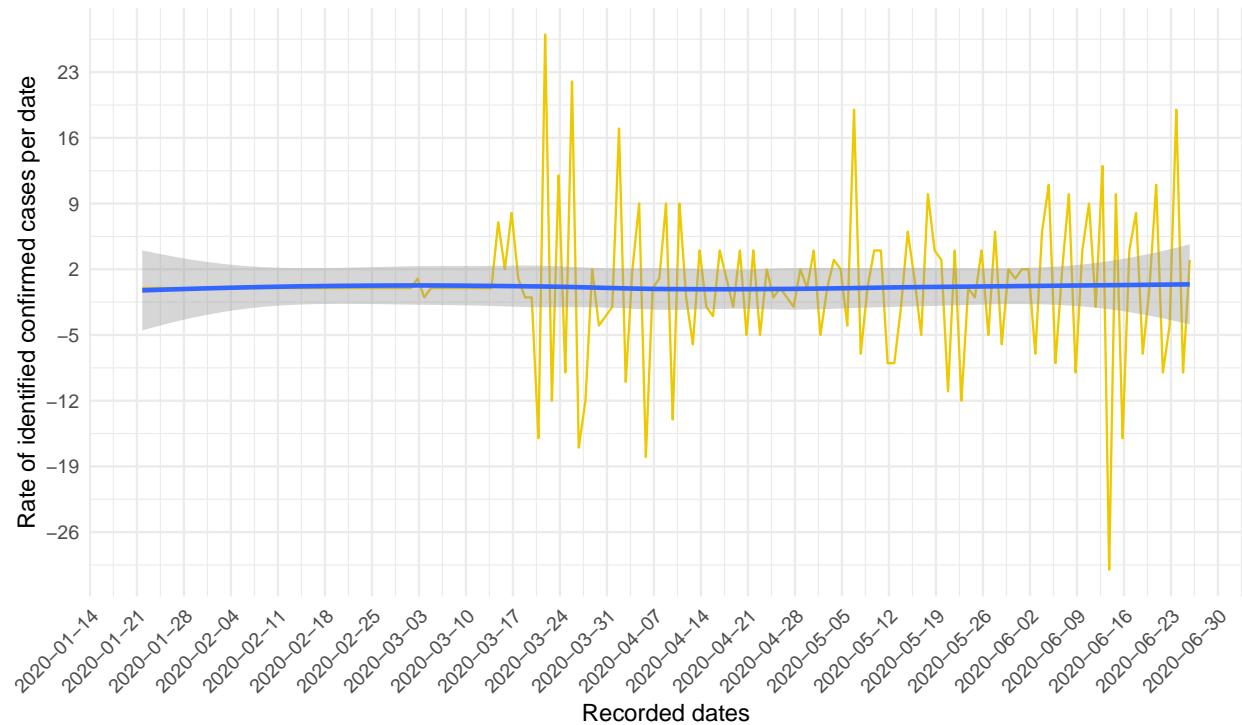

### Japan – rate of increase of confirmed cases over time

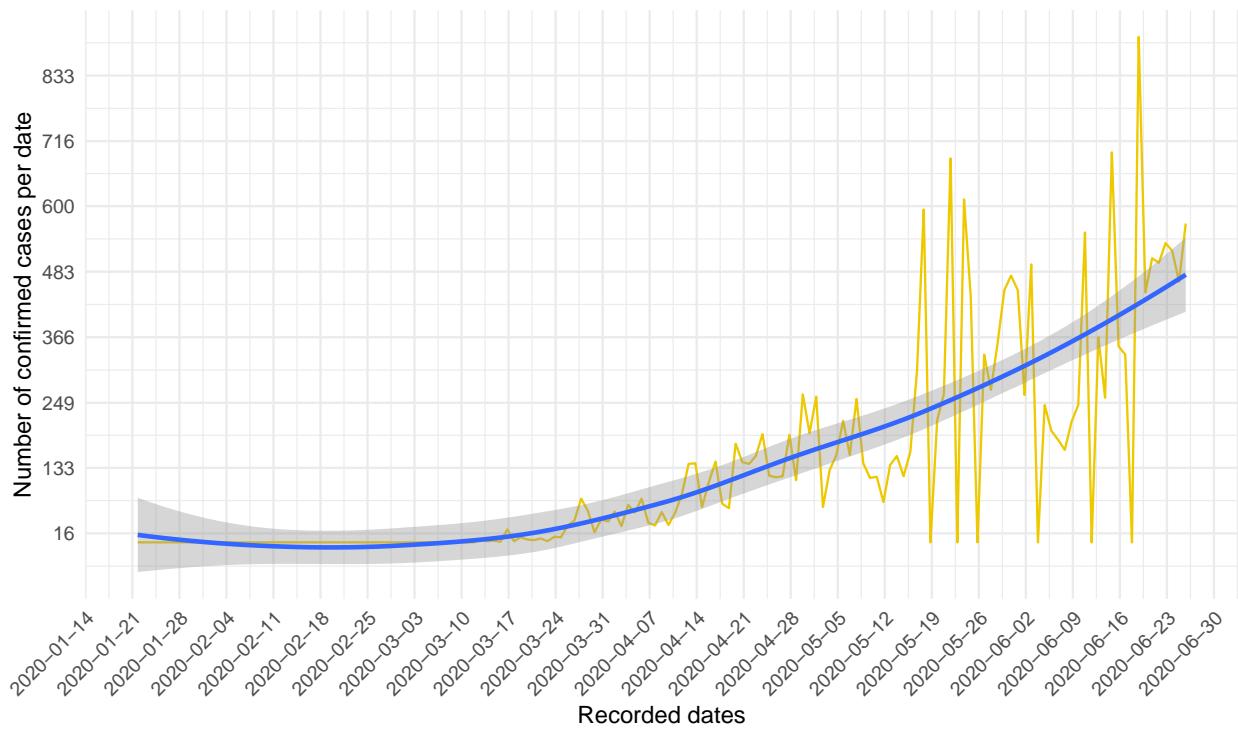

**Jordan – confirmed cases over time, total cases: 845**

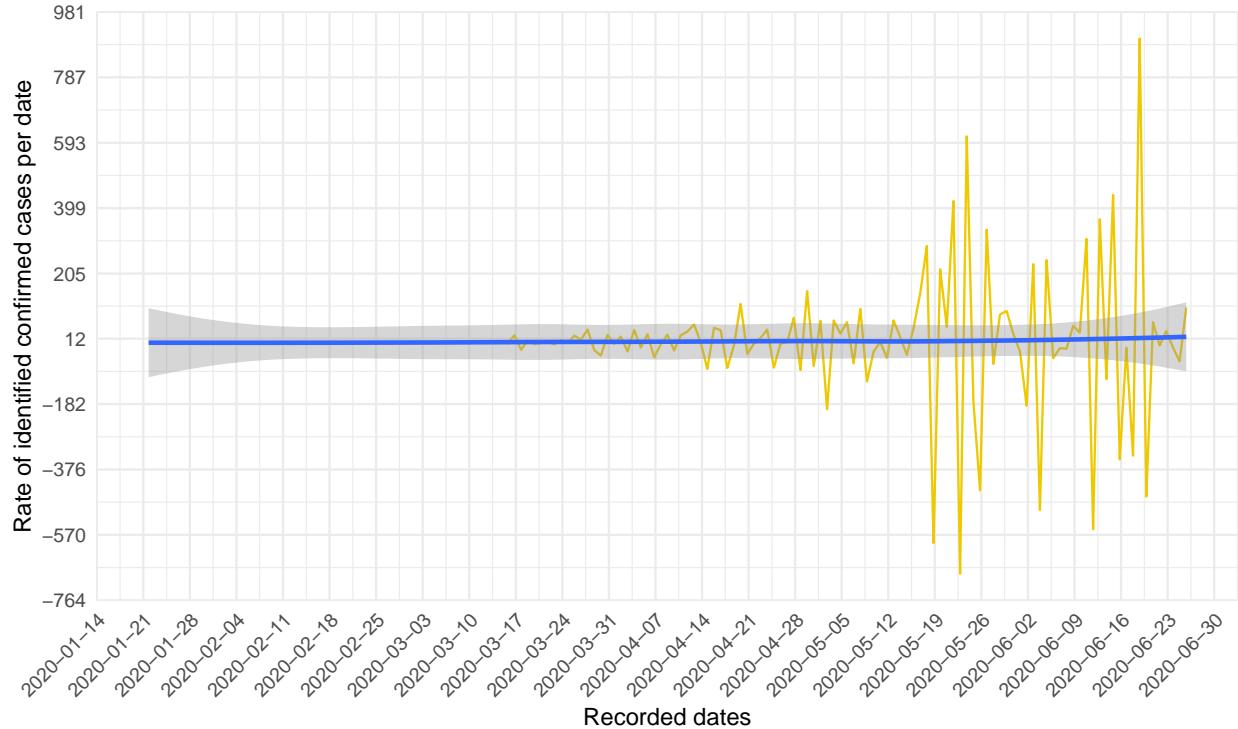

**Jordan – rate of increase of confirmed cases over time**

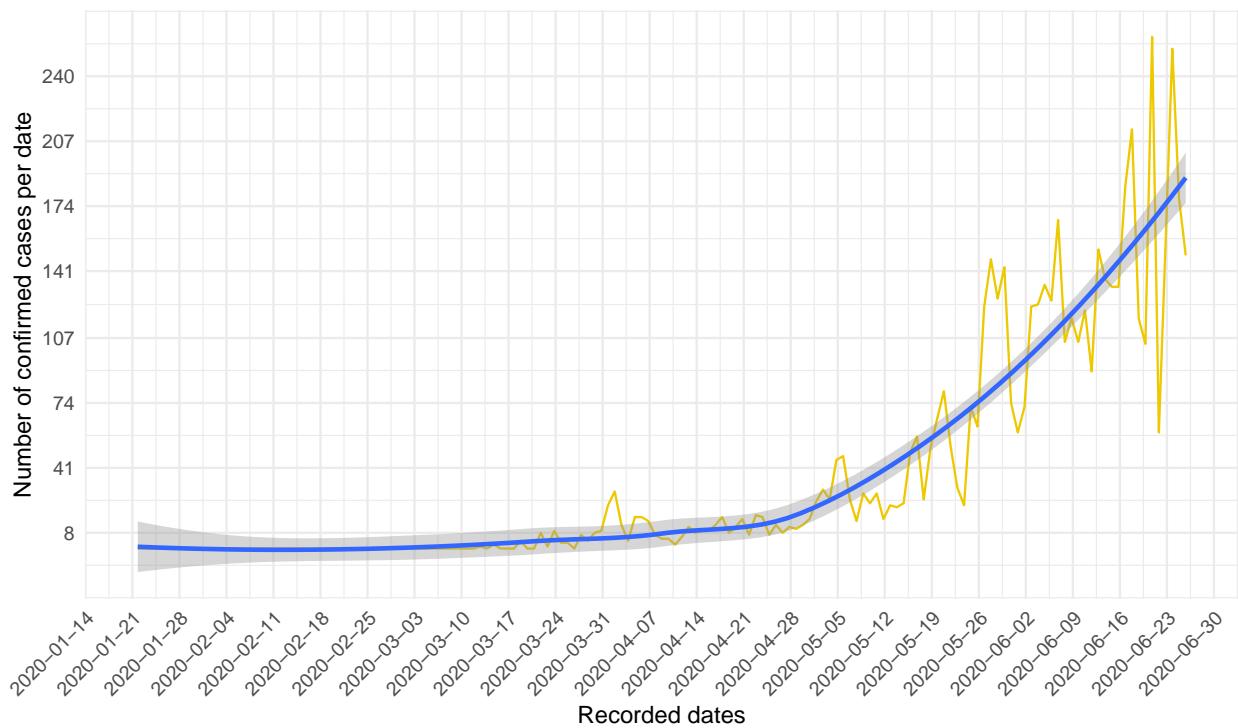

**Kazakhstan – confirmed cases over time, total cases: 13,074**

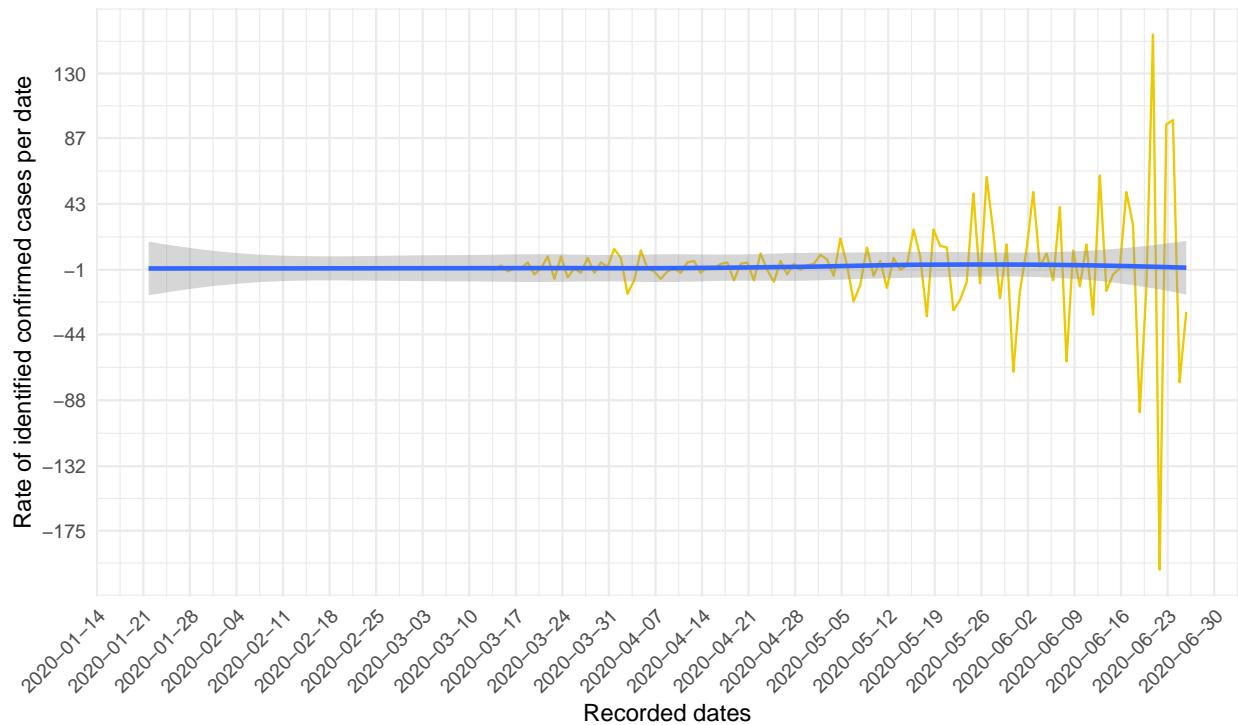

**Kazakhstan – rate of increase of confirmed cases over time**

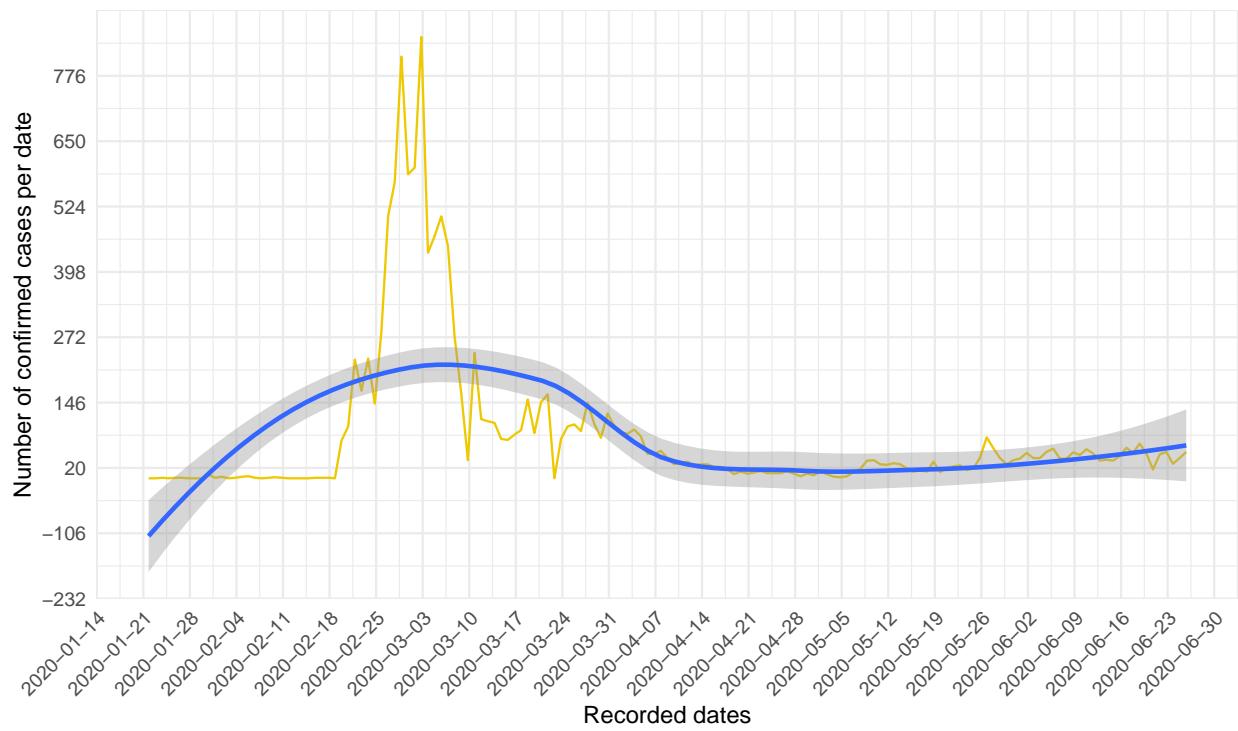

**Kenya – confirmed cases over time, total cases: 2,989**

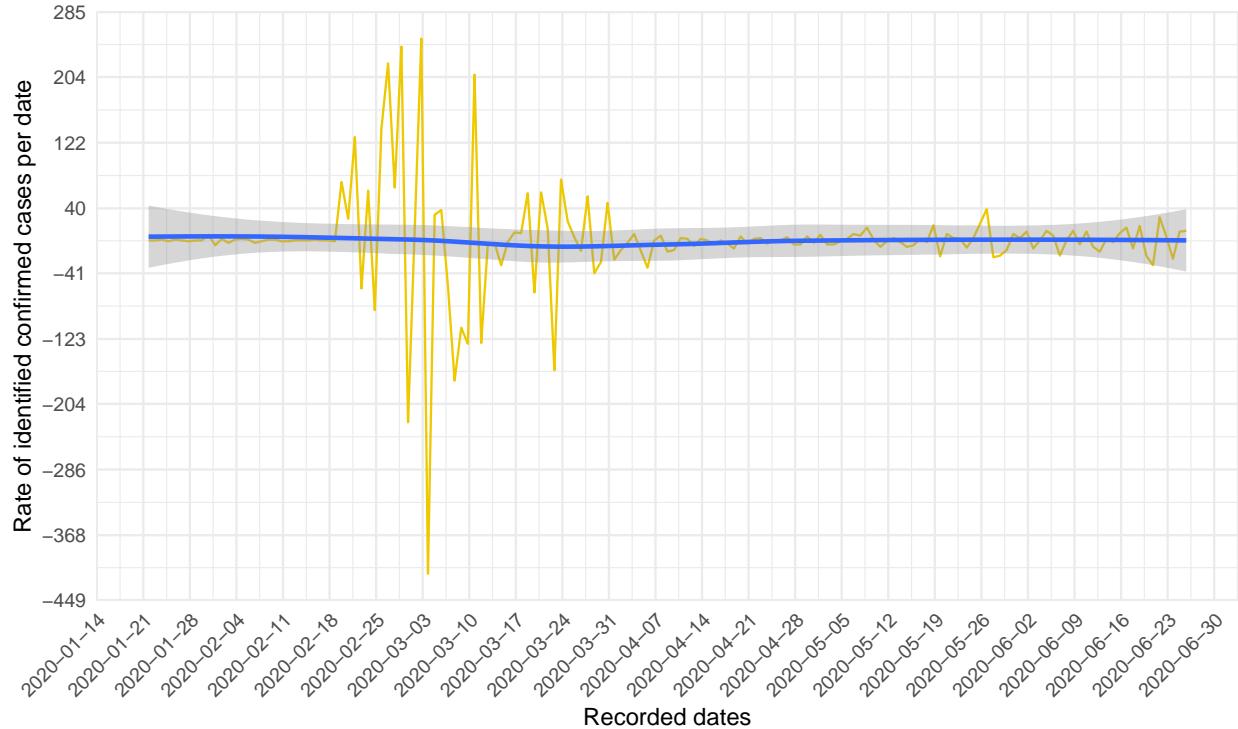

**Kenya – rate of increase of confirmed cases over time**

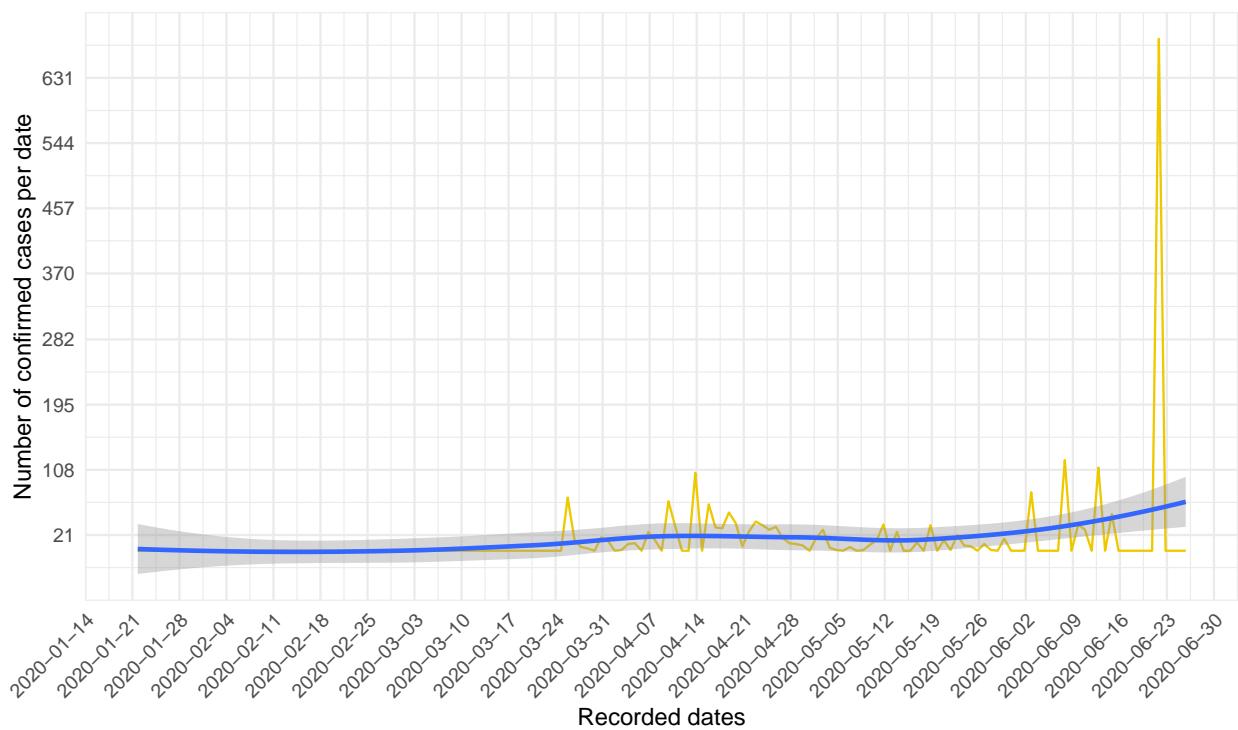

**Korea, South – confirmed cases over time, total cases: 11,902**

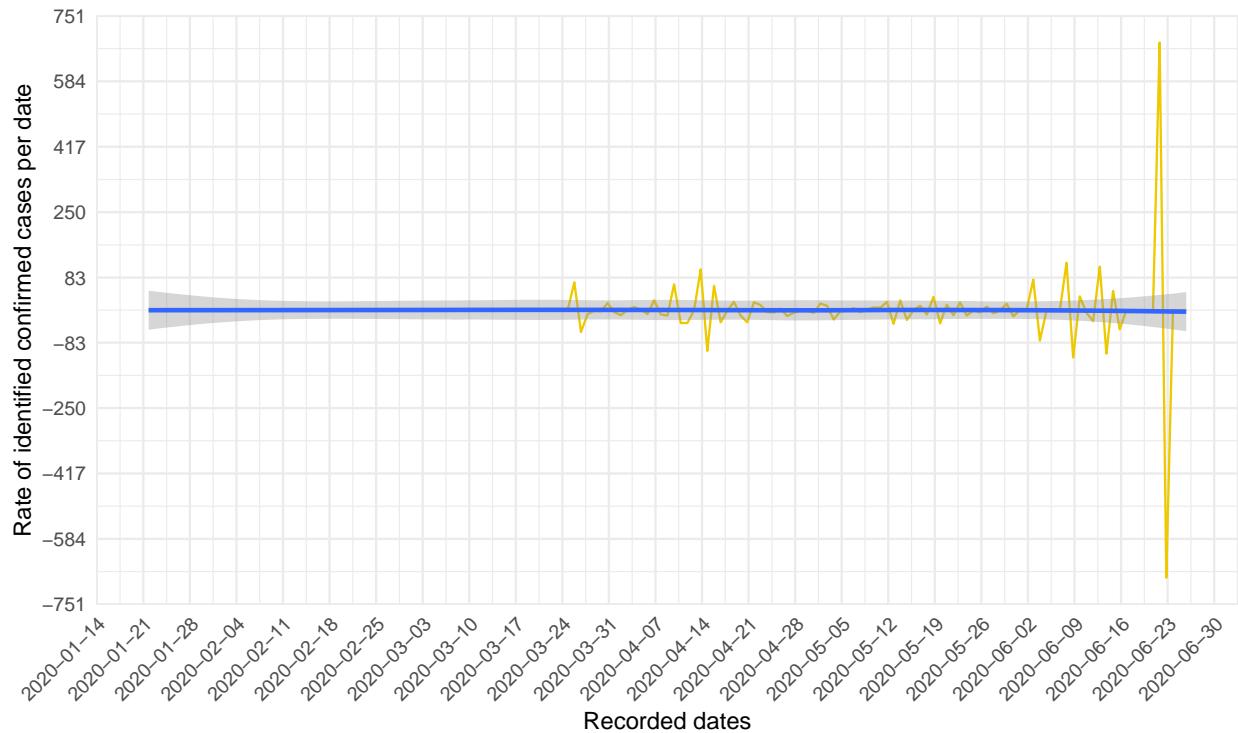

**Korea, South – rate of increase of confirmed cases over time**

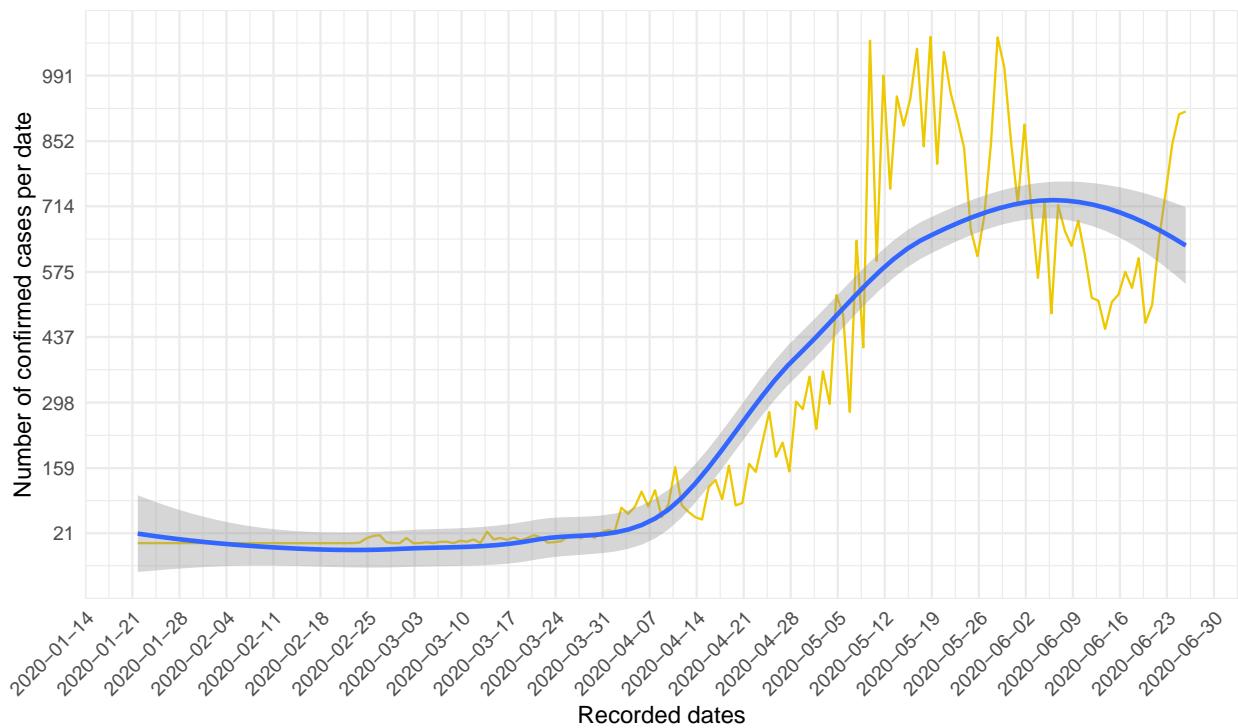

### Kosovo – confirmed cases over time, total cases: 1,263

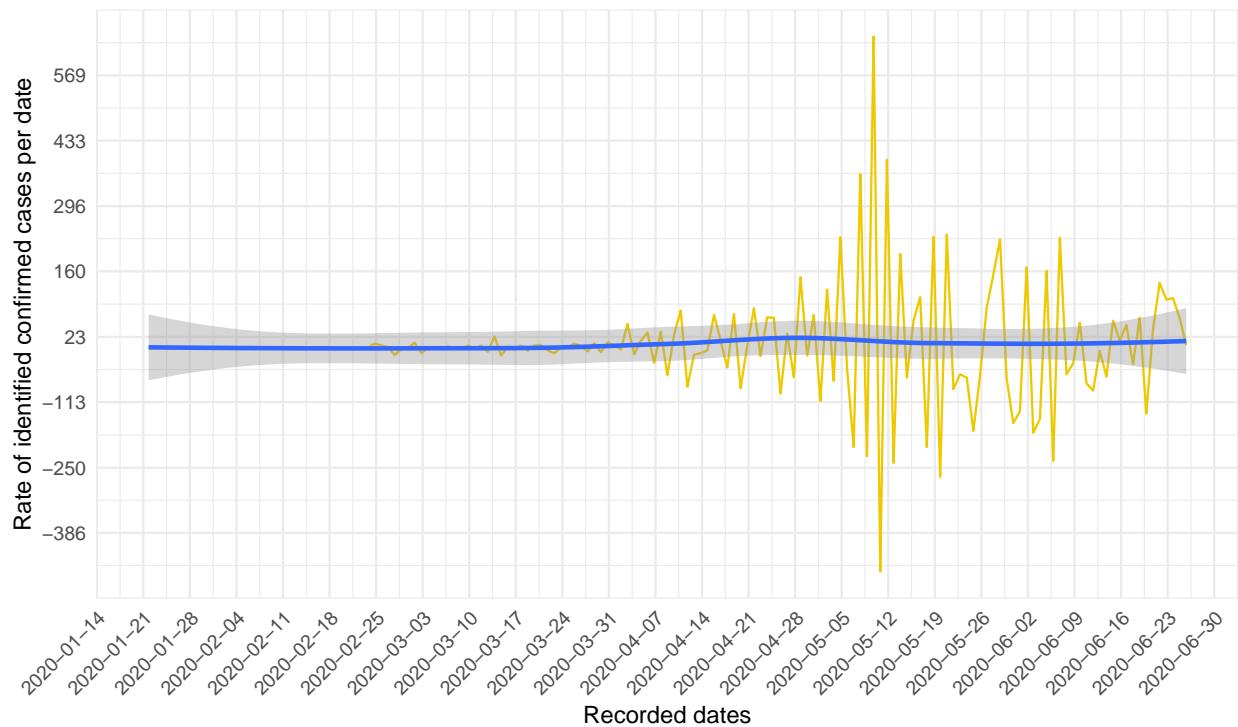

### Kosovo – rate of increase of confirmed cases over time

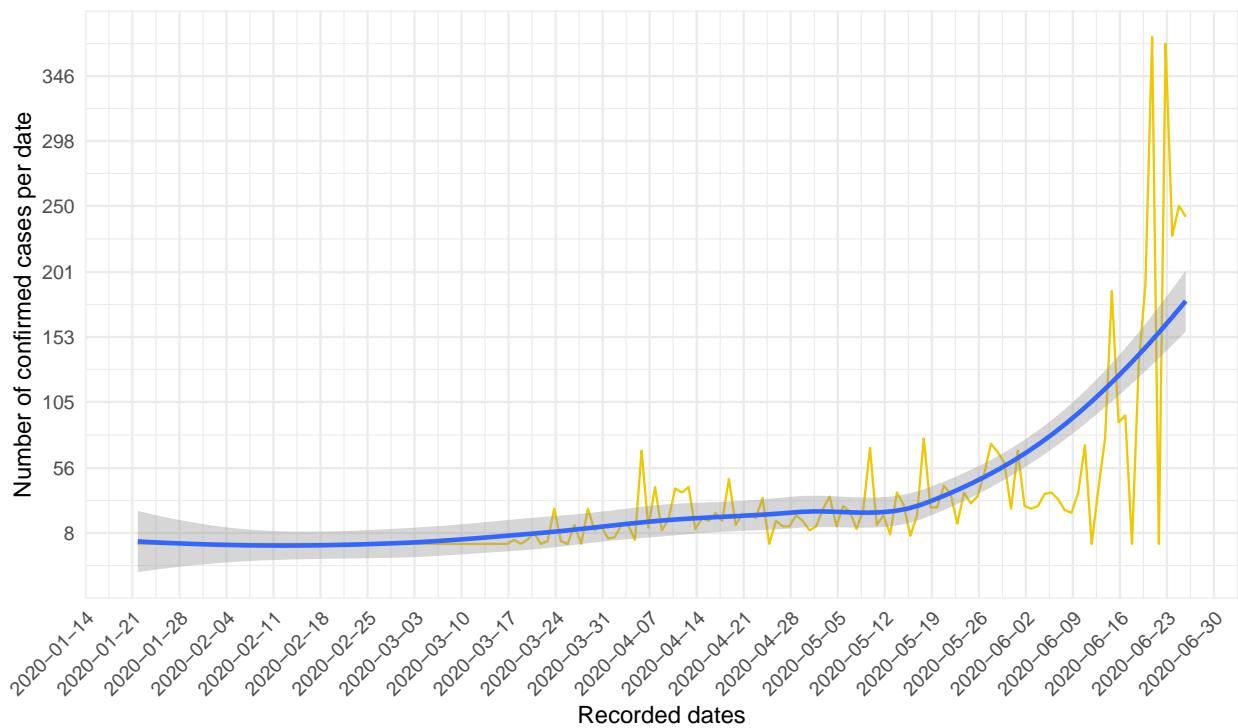

**Kuwait – confirmed cases over time, total cases: 33,140**

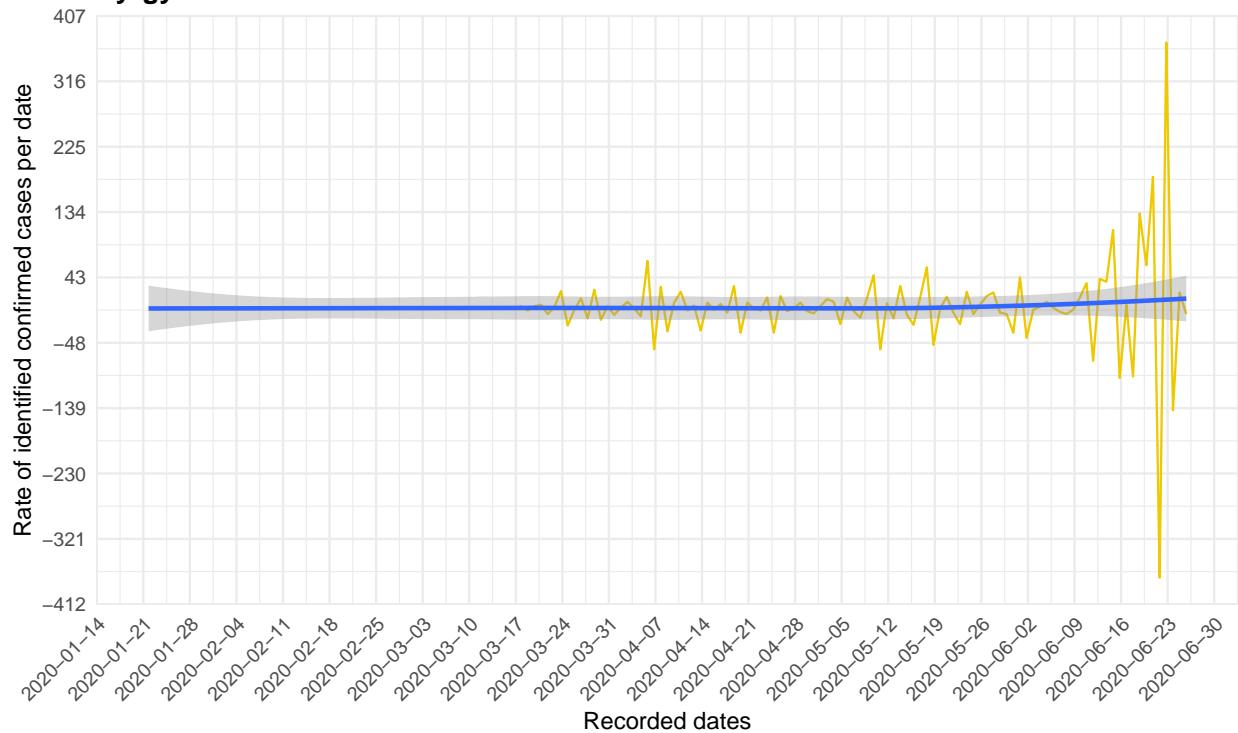

**Kuwait – rate of increase of confirmed cases over time**

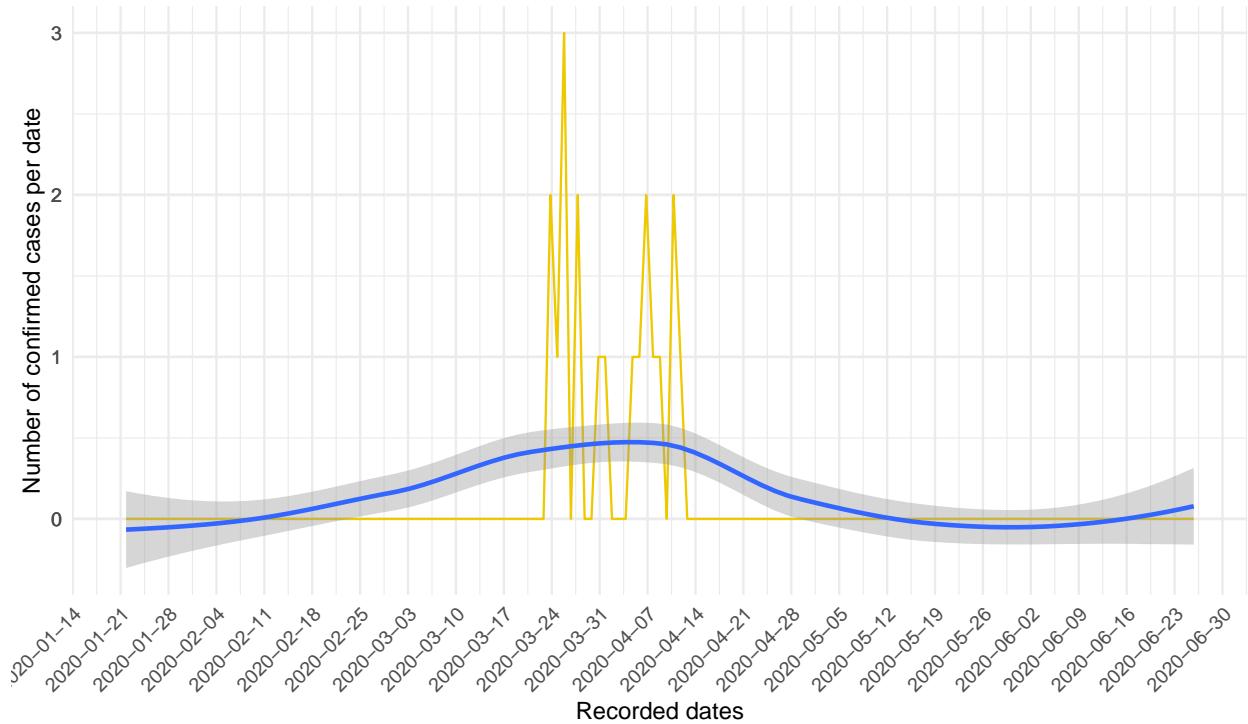

### Kyrgyzstan – confirmed cases over time, total cases: 2,055

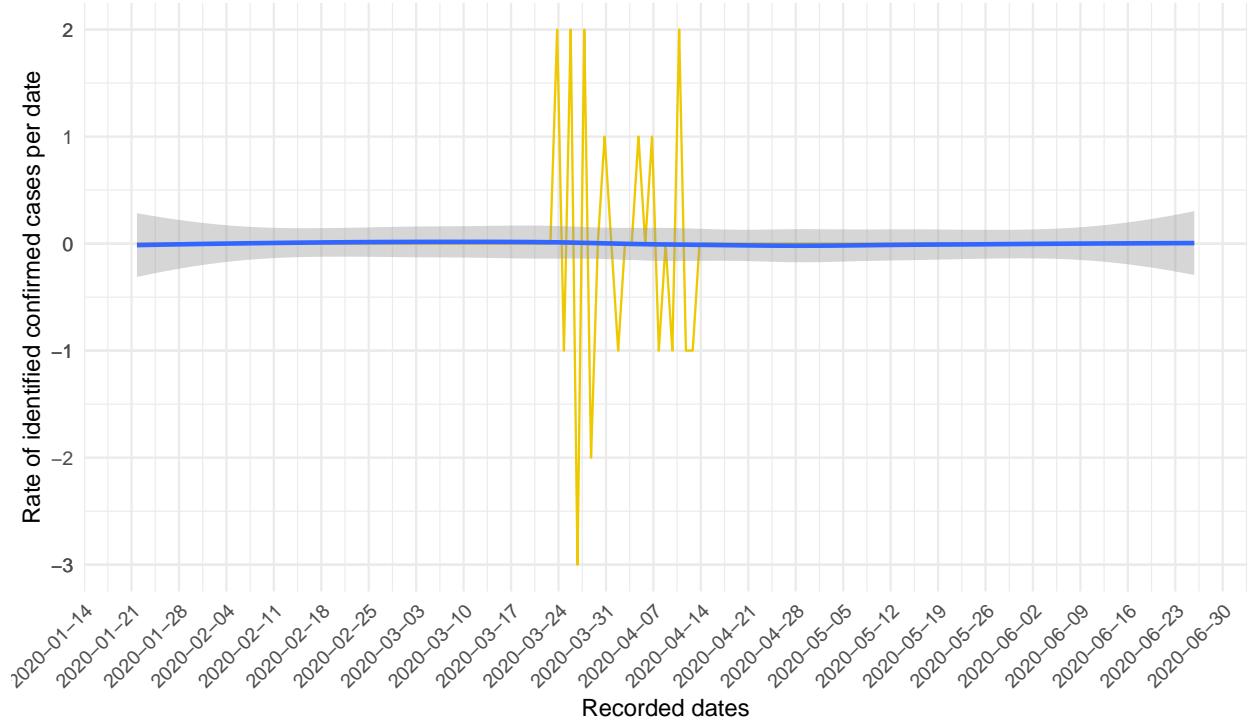

### Kyrgyzstan – rate of increase of confirmed cases over time

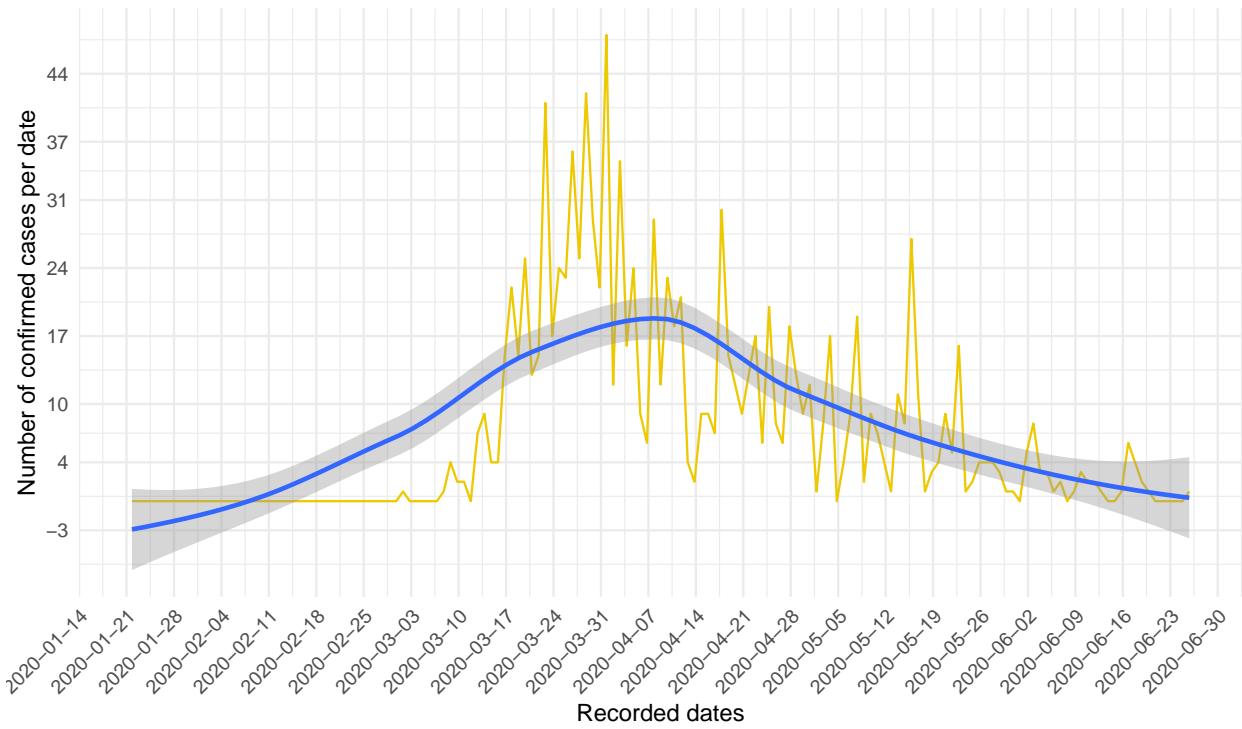

### **Laos – confirmed cases over time, total cases: 19**

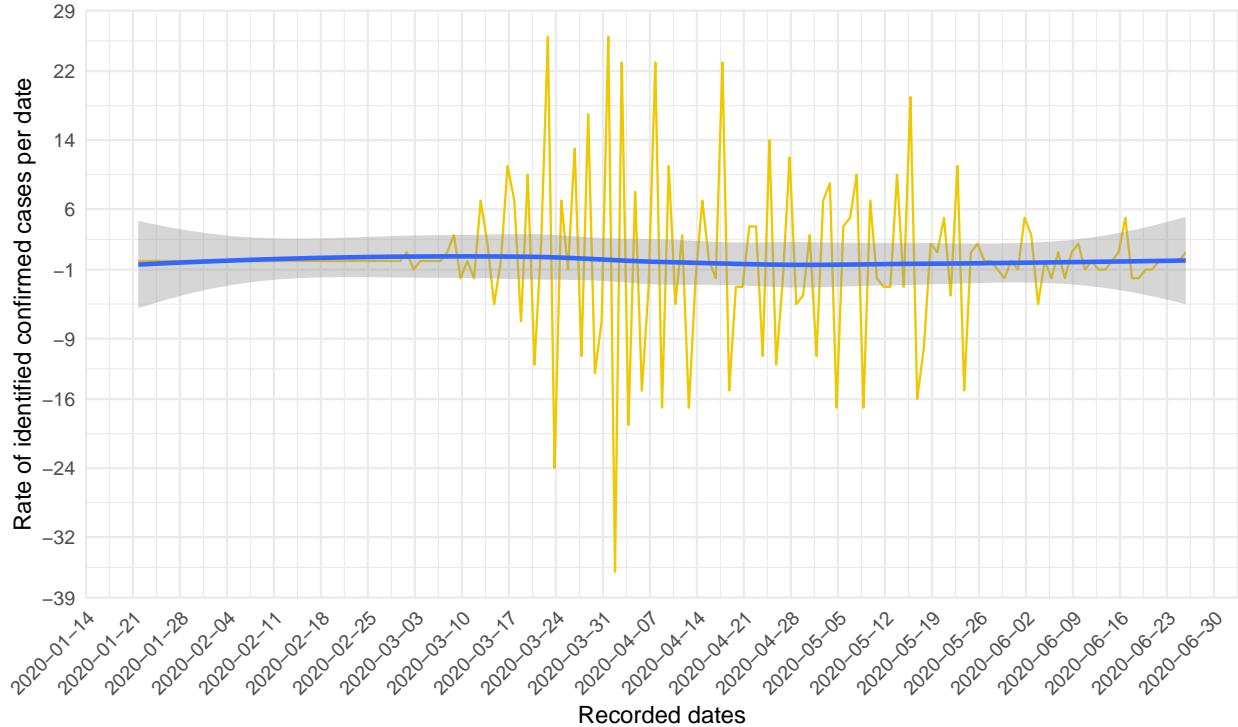

### **Laos – rate of increase of confirmed cases over time**

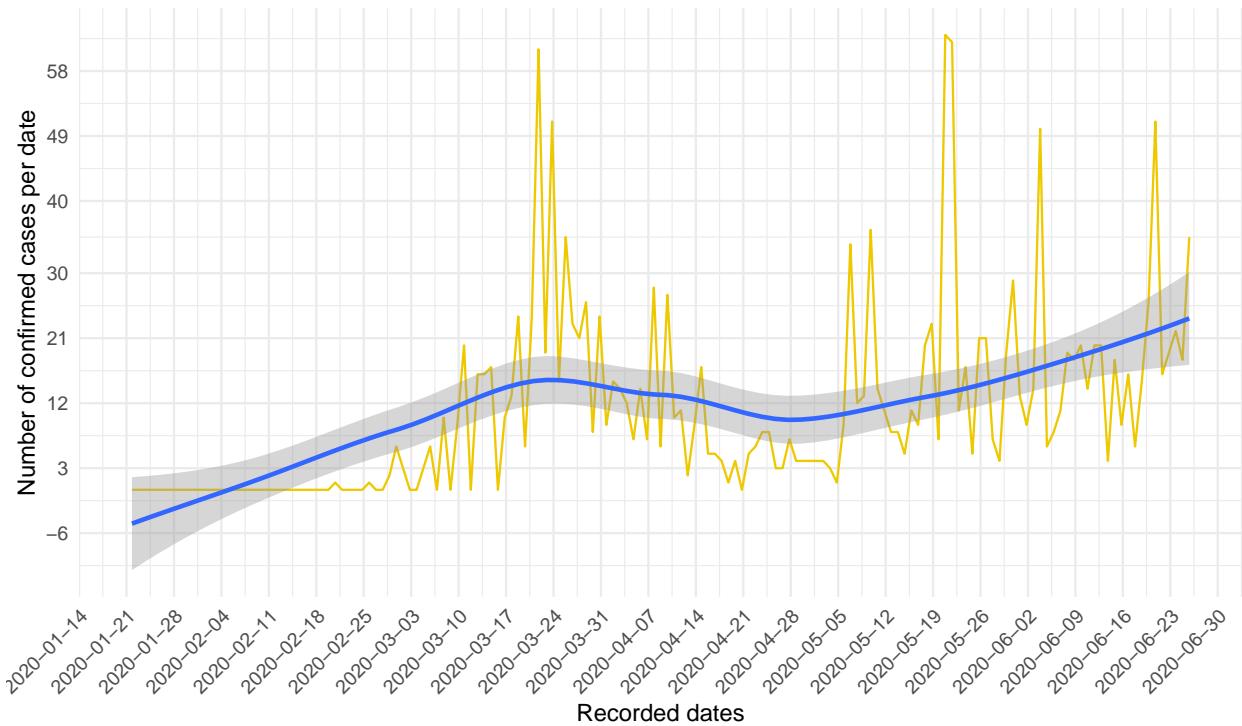

### Latvia – confirmed cases over time, total cases: 1,089

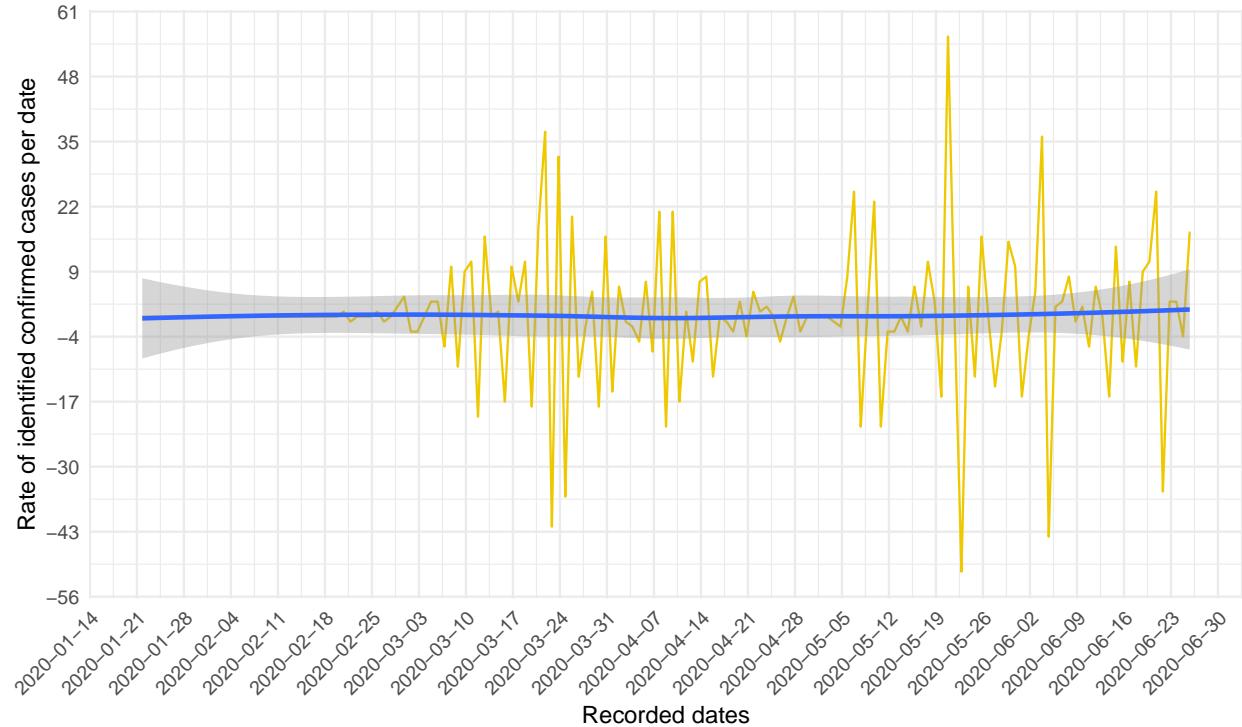

### Latvia – rate of increase of confirmed cases over time

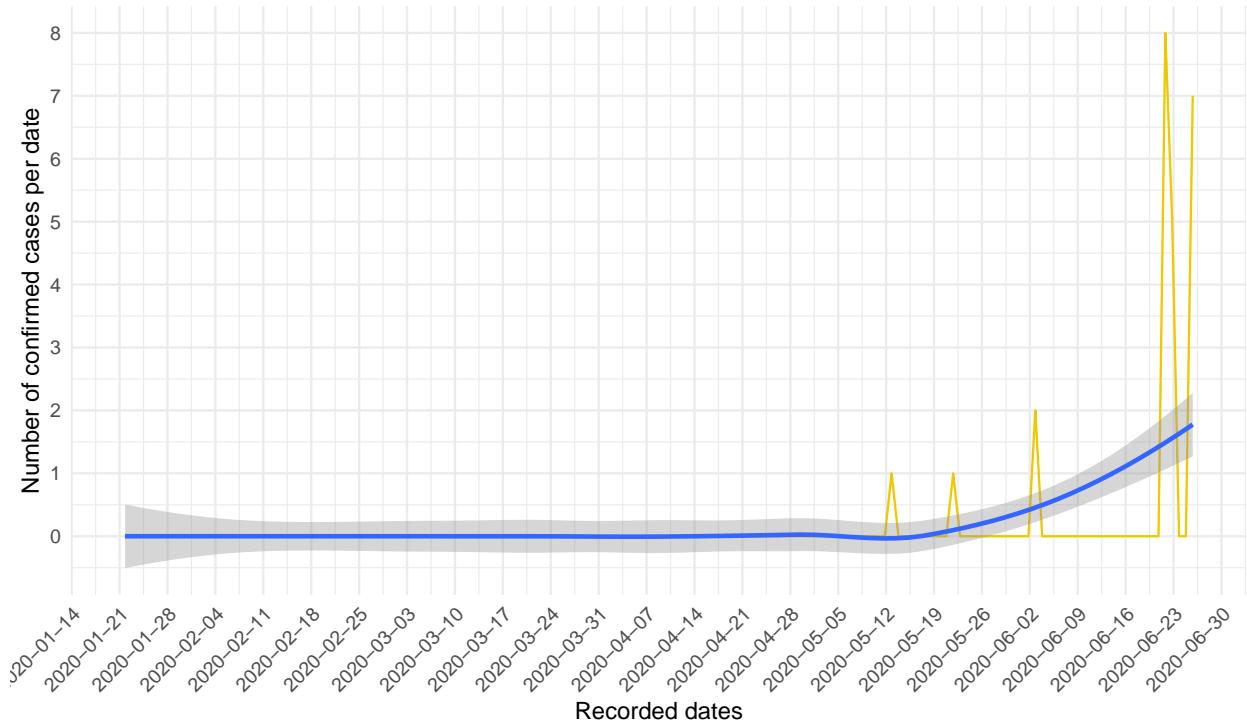

### Lebanon – confirmed cases over time, total cases: 1,368

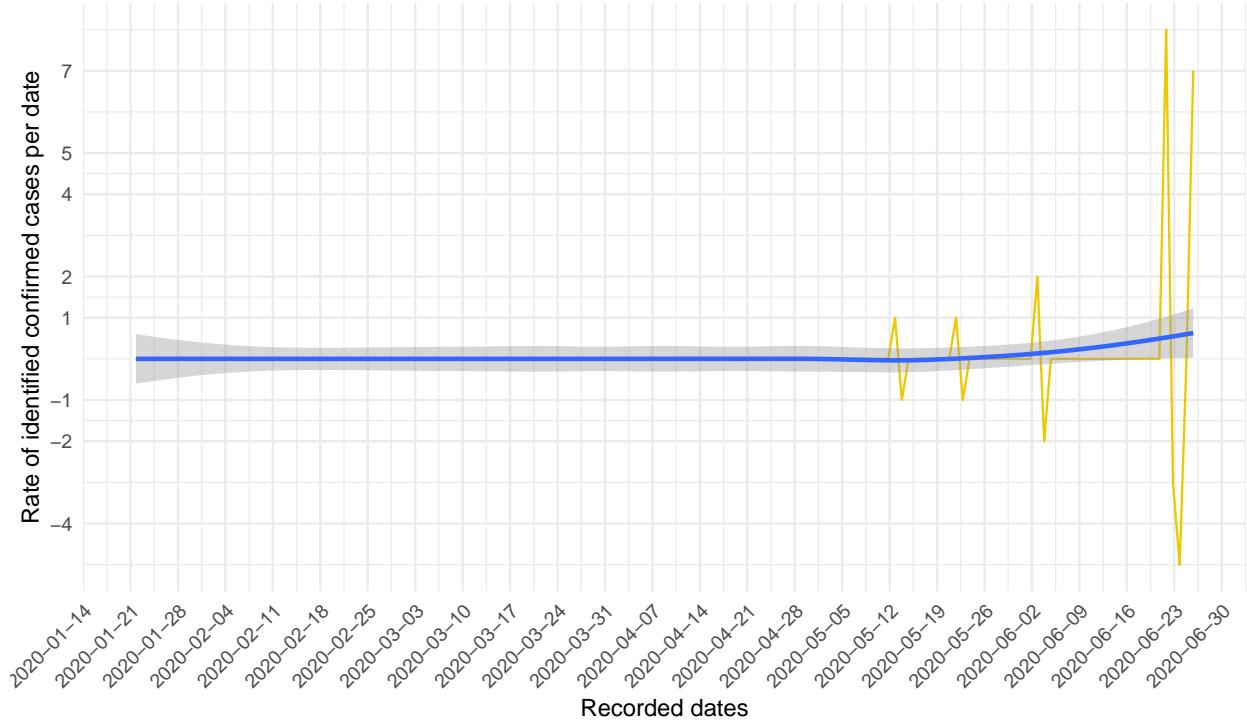

### Lebanon – rate of increase of confirmed cases over time

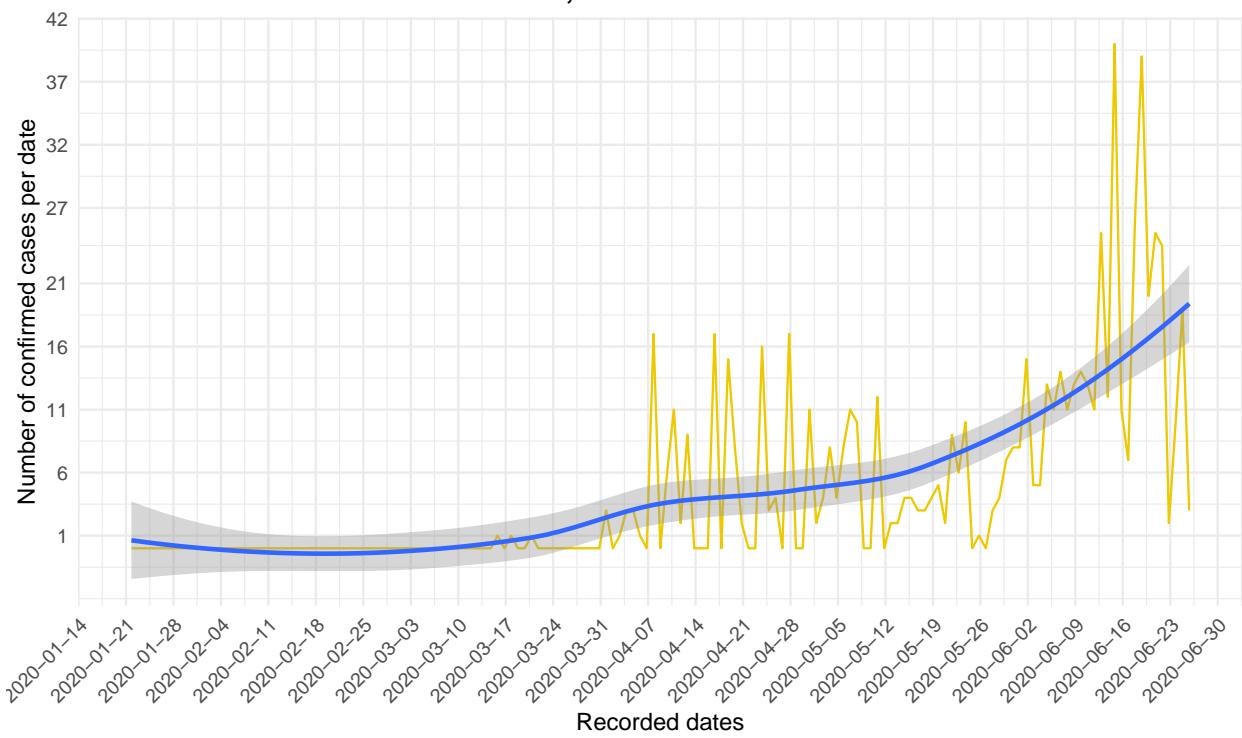

#### **Lesotho – confirmed cases over time, total cases: 4**

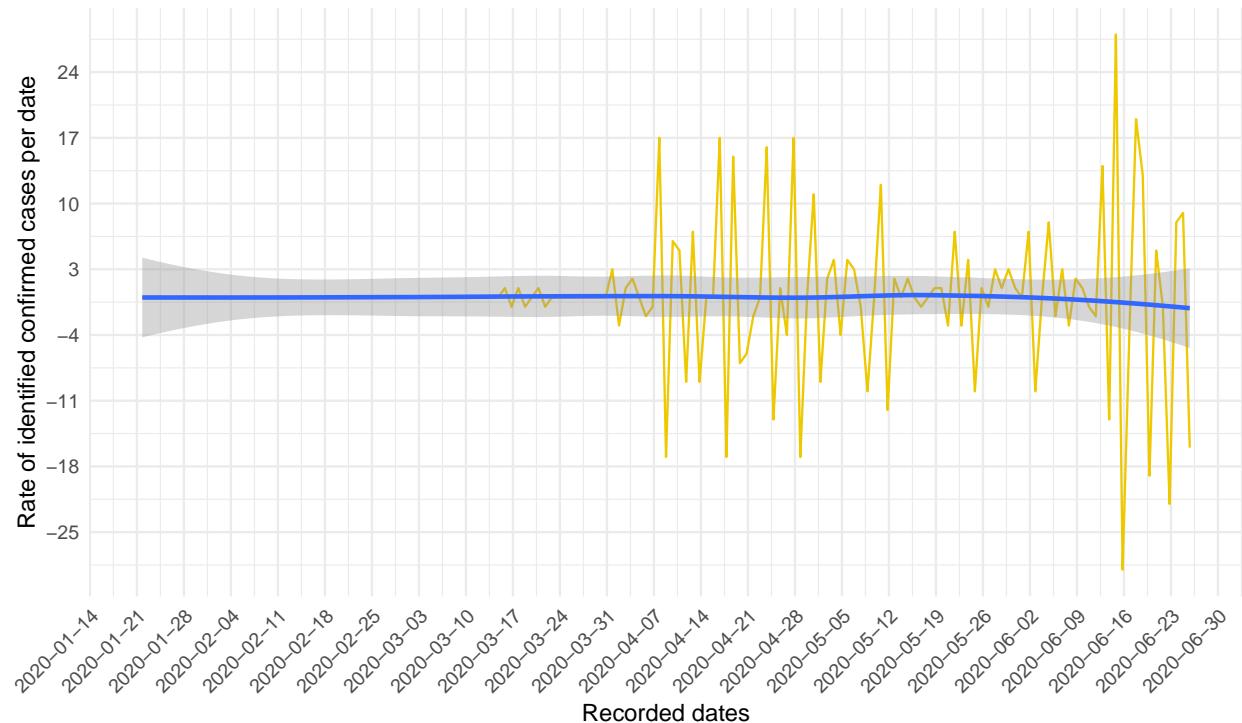

#### **Lesotho – rate of increase of confirmed cases over time**

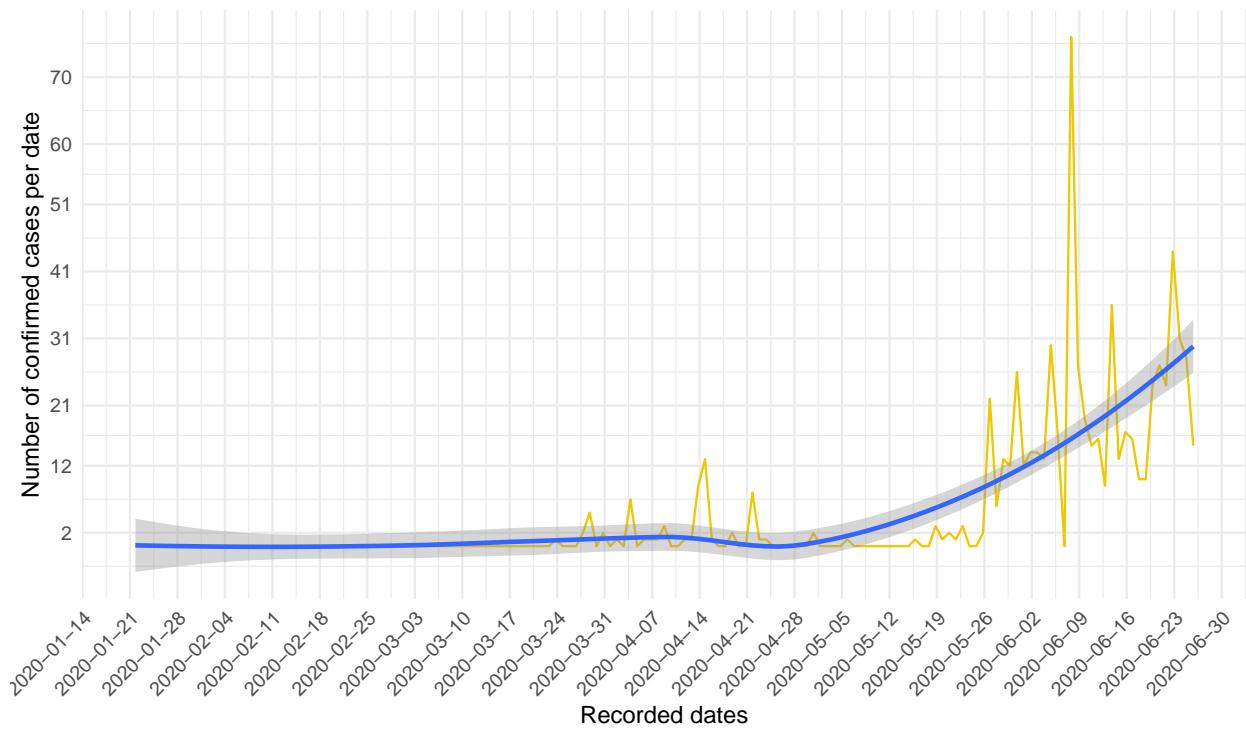

### Liberia – confirmed cases over time, total cases: 383

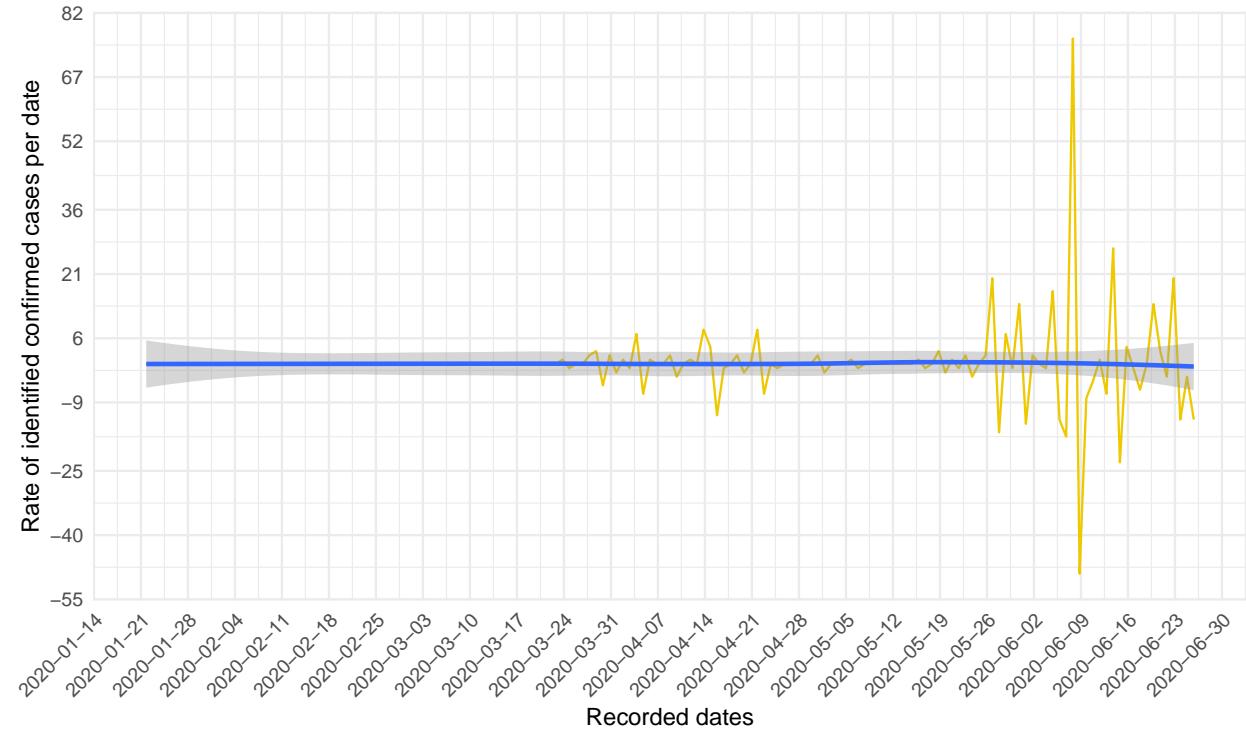

### Liberia – rate of increase of confirmed cases over time

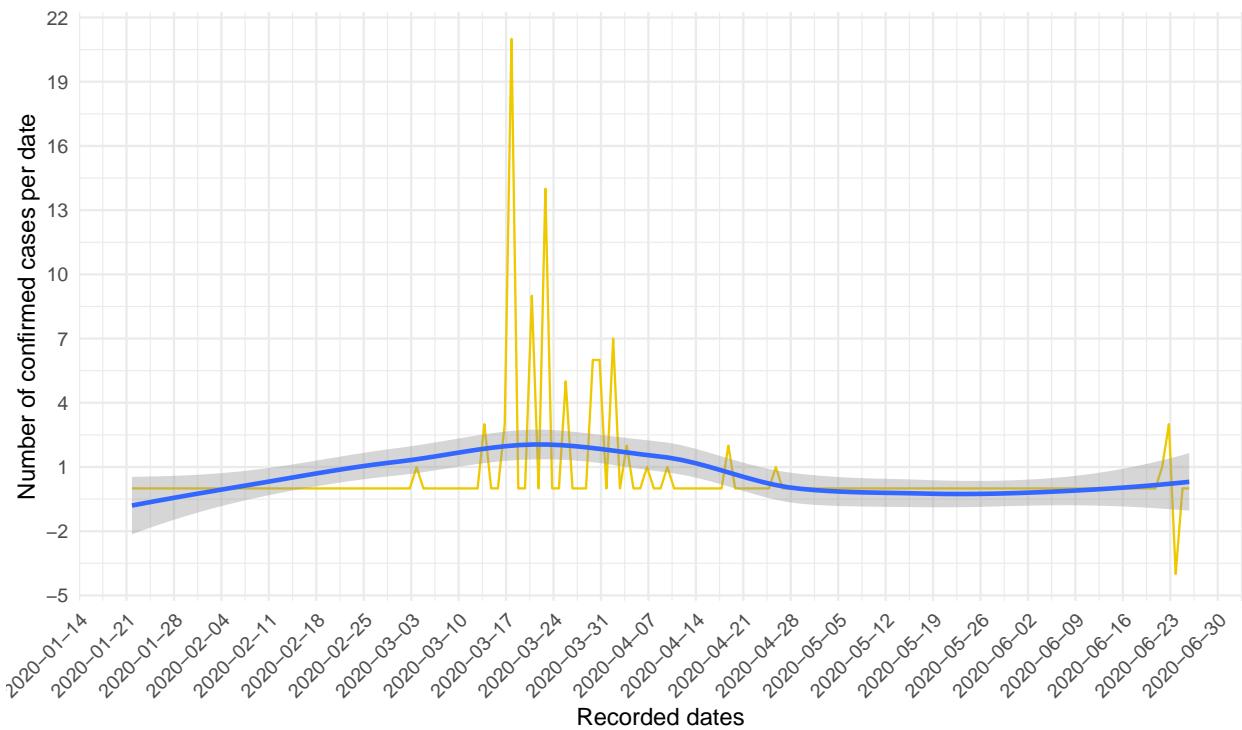

### Libya – confirmed cases over time, total cases: 359

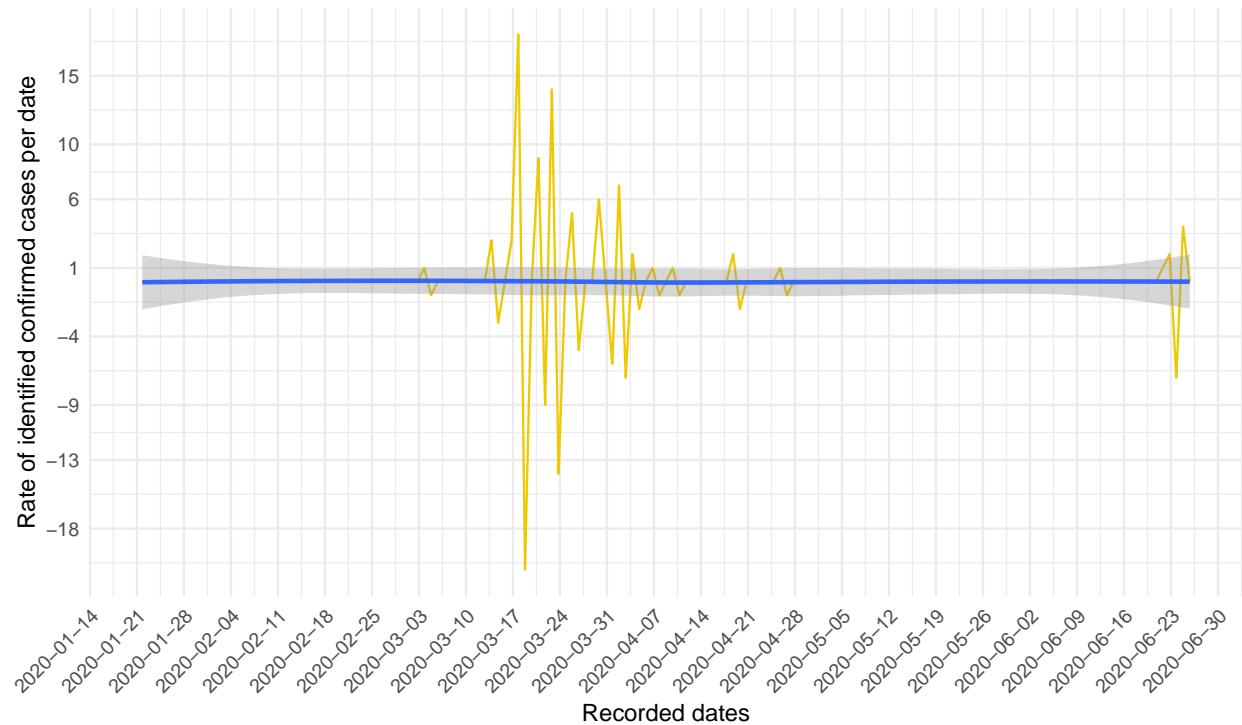

### Libya – rate of increase of confirmed cases over time

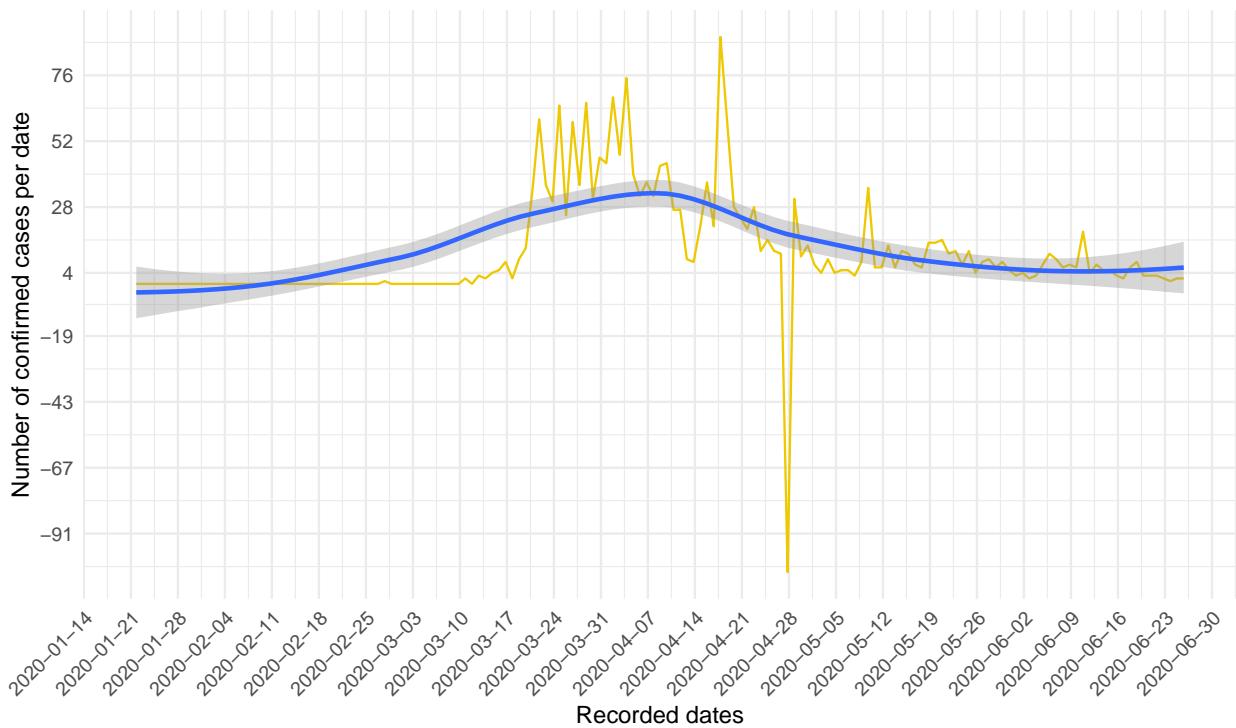

### Liechtenstein – confirmed cases over time, total cases: 82

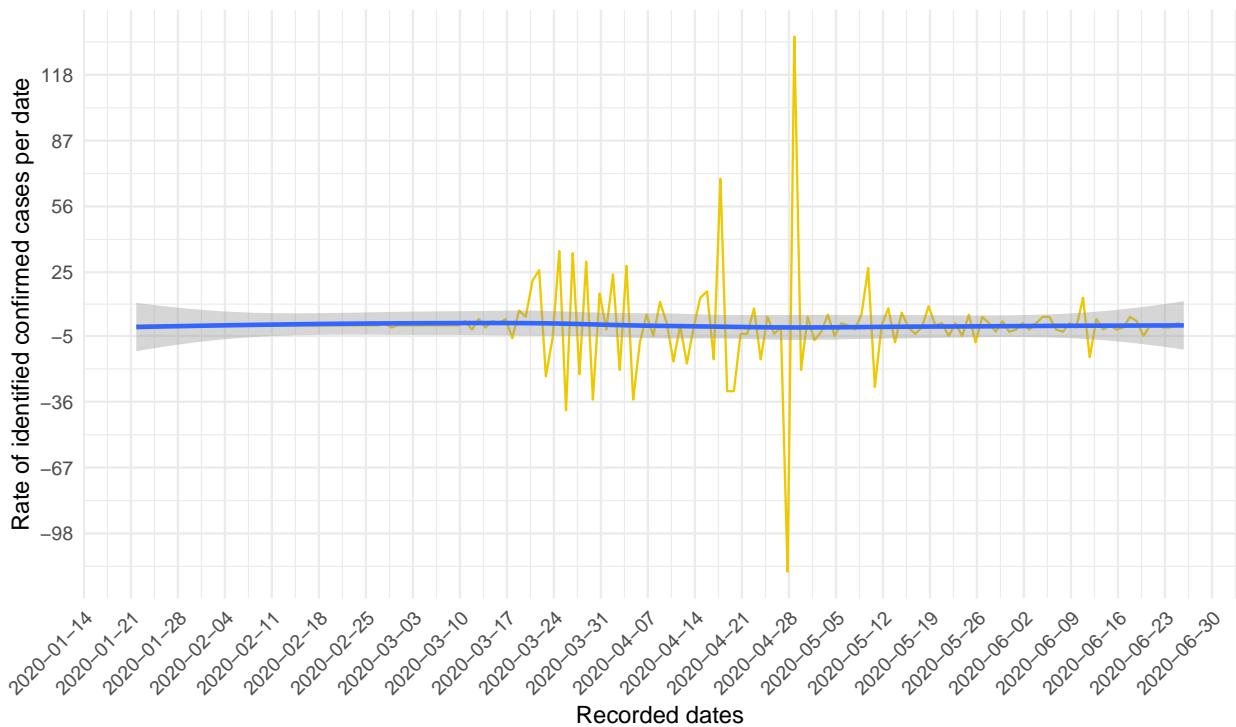

### Liechtenstein – rate of increase of confirmed cases over time

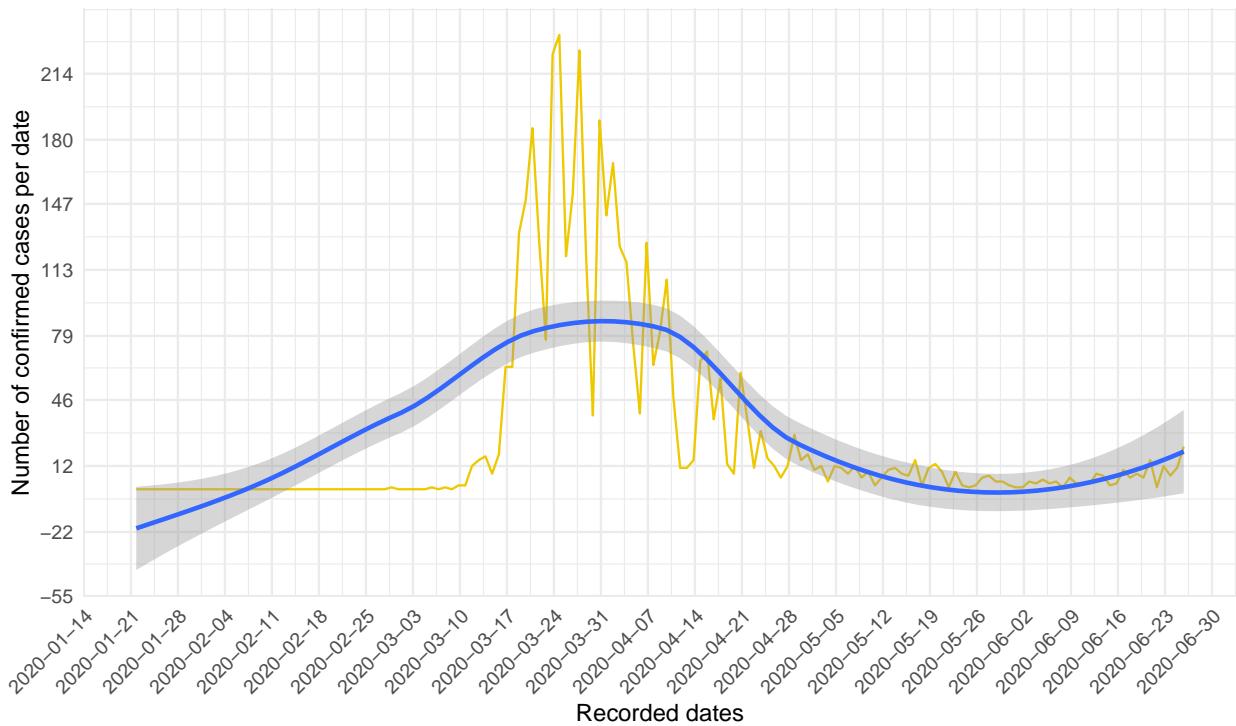

### Lithuania – confirmed cases over time, total cases: 1,727

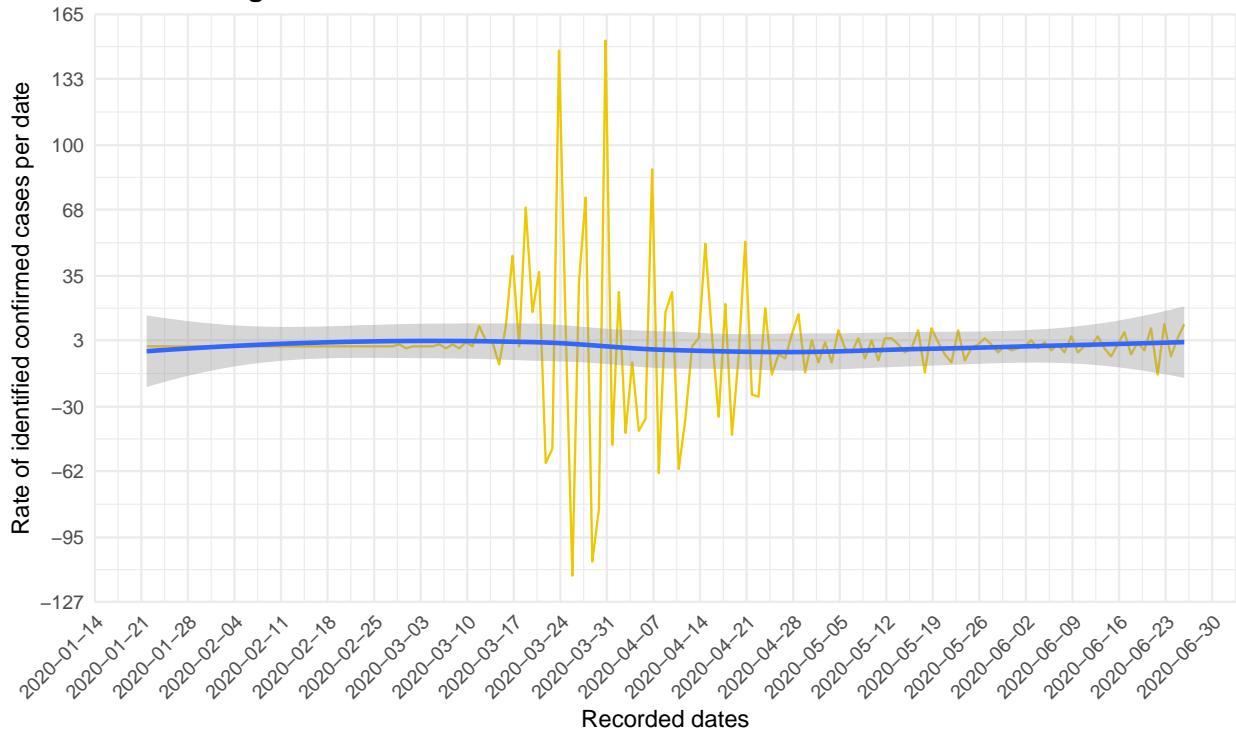

### Lithuania – rate of increase of confirmed cases over time

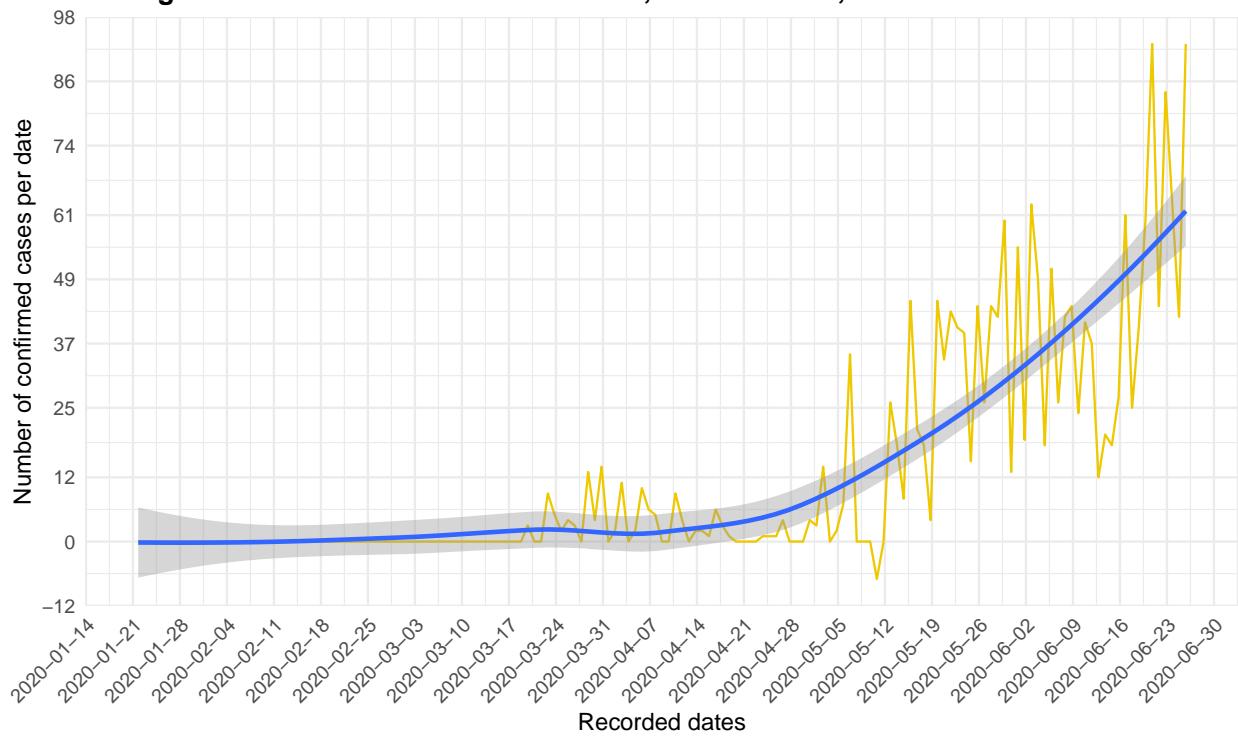

### Luxembourg – confirmed cases over time, total cases: 4,046

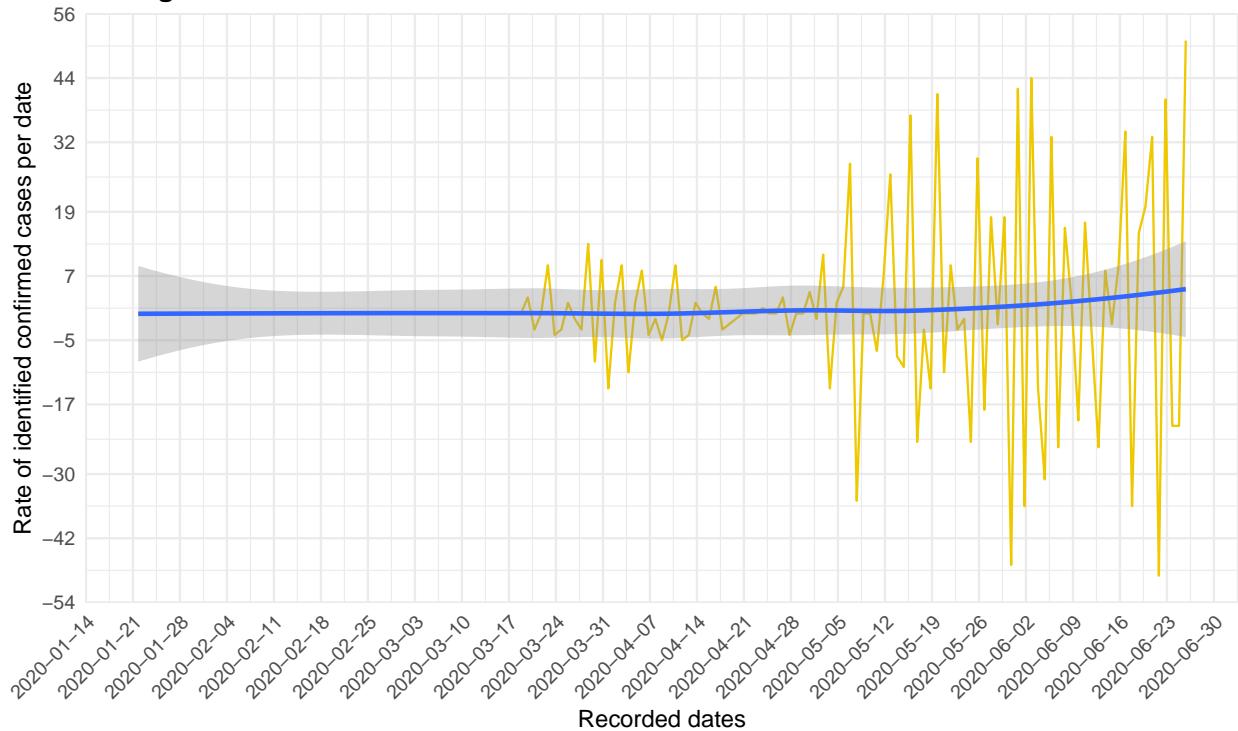

### Luxembourg – rate of increase of confirmed cases over time

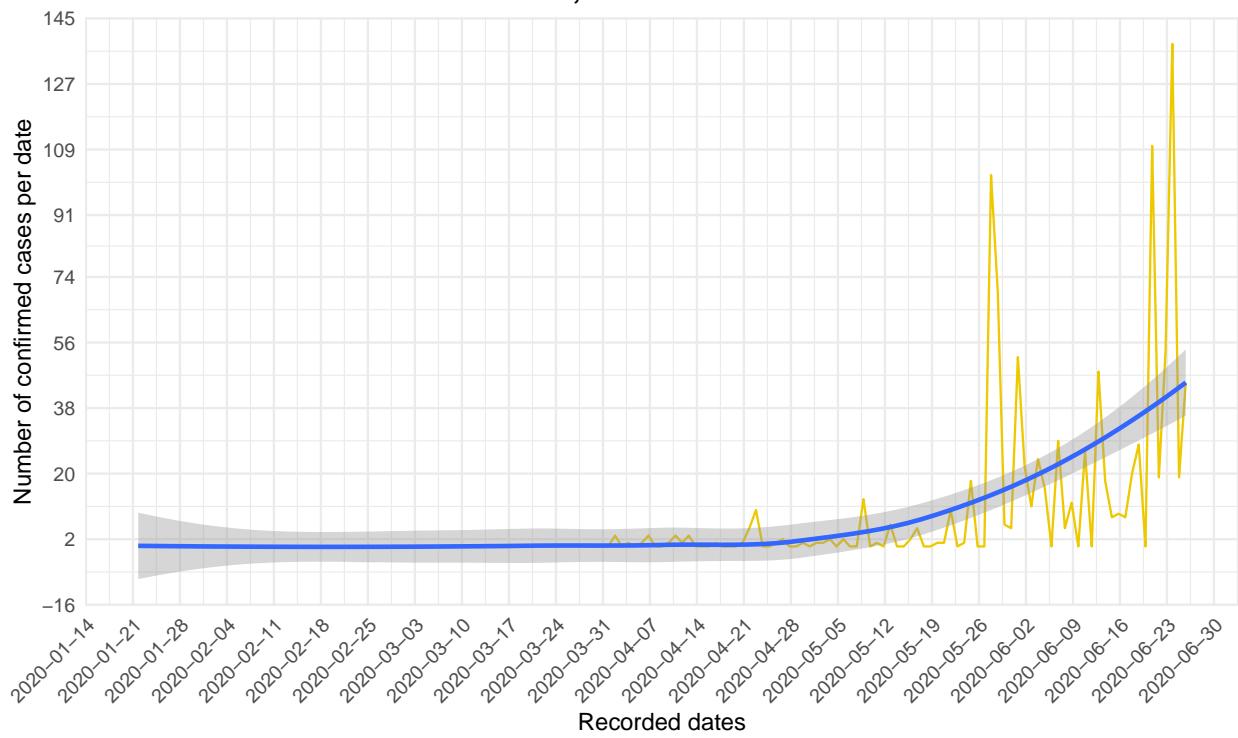

### Madagascar – confirmed cases over time, total cases: 1,138

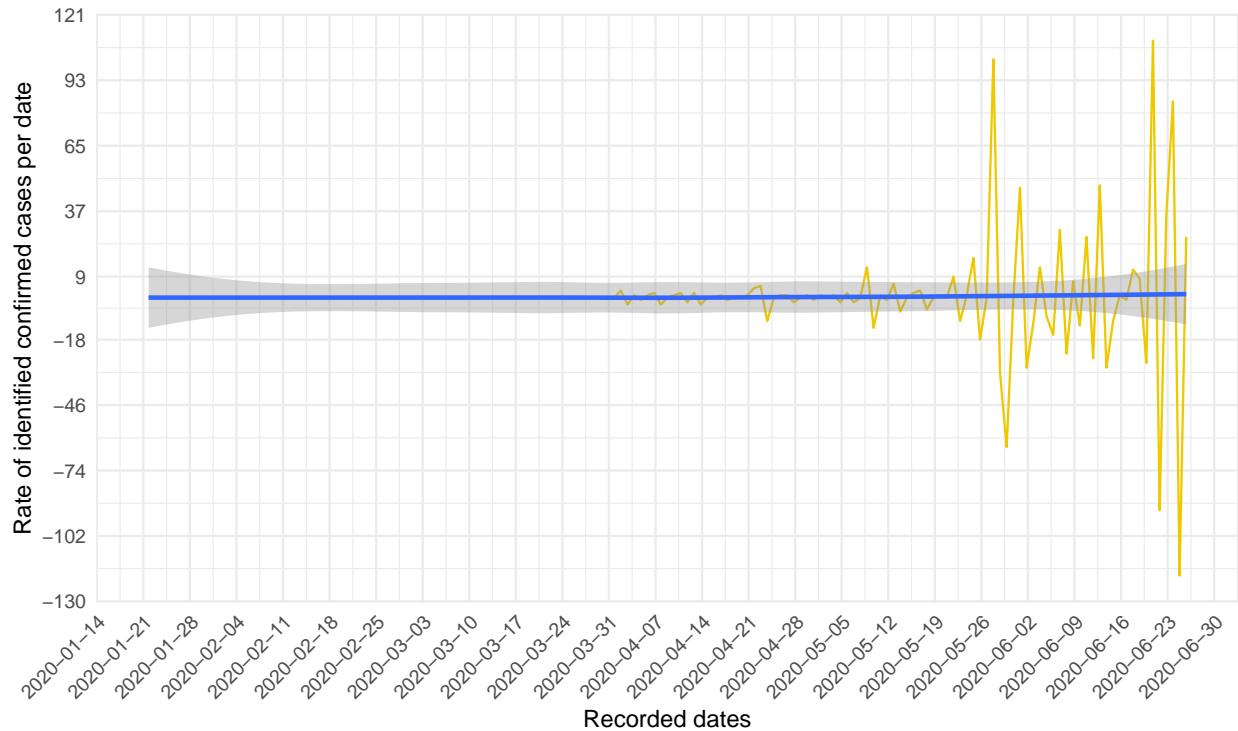

### Madagascar – rate of increase of confirmed cases over time

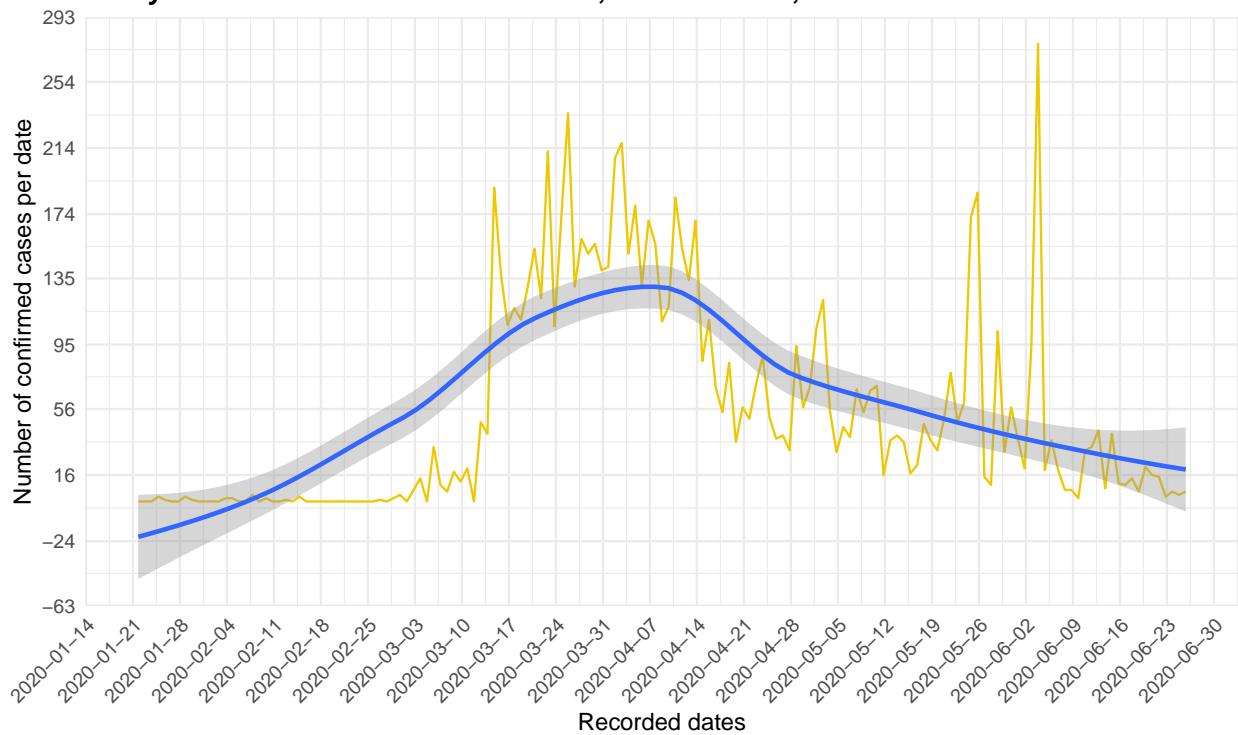

### Malawi – confirmed cases over time, total cases: 455

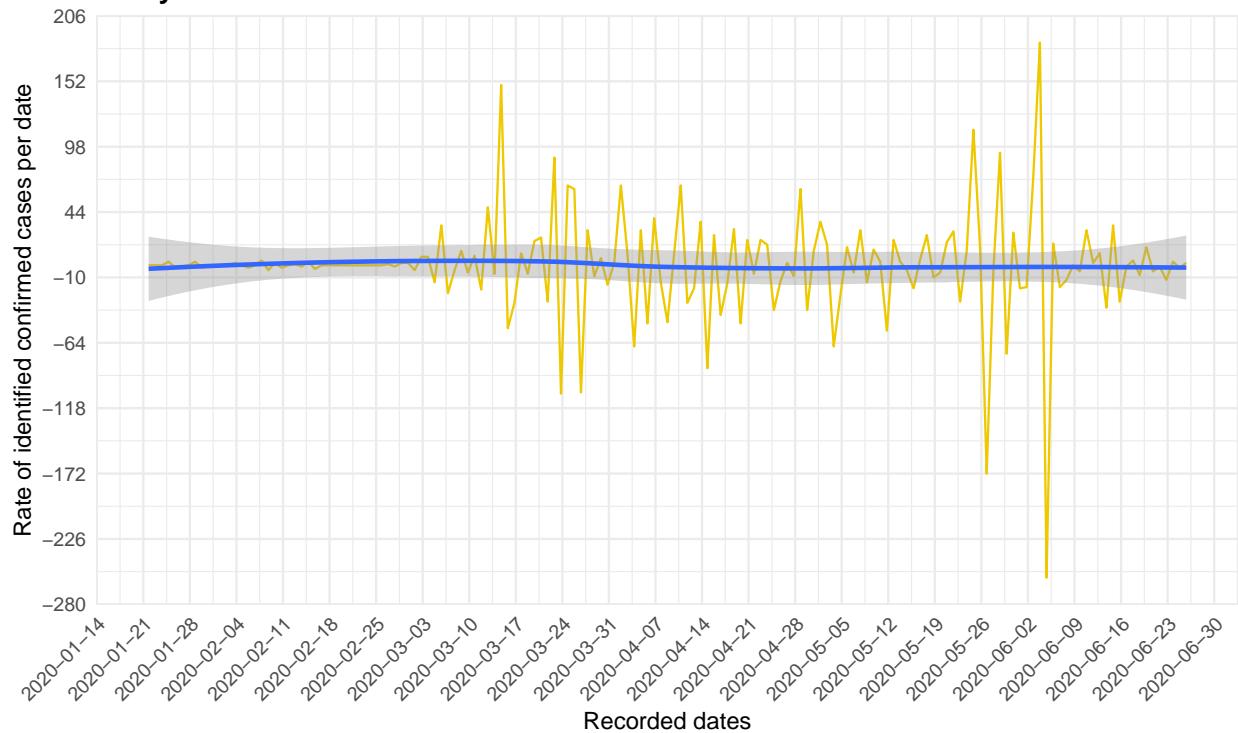

### Malawi – rate of increase of confirmed cases over time

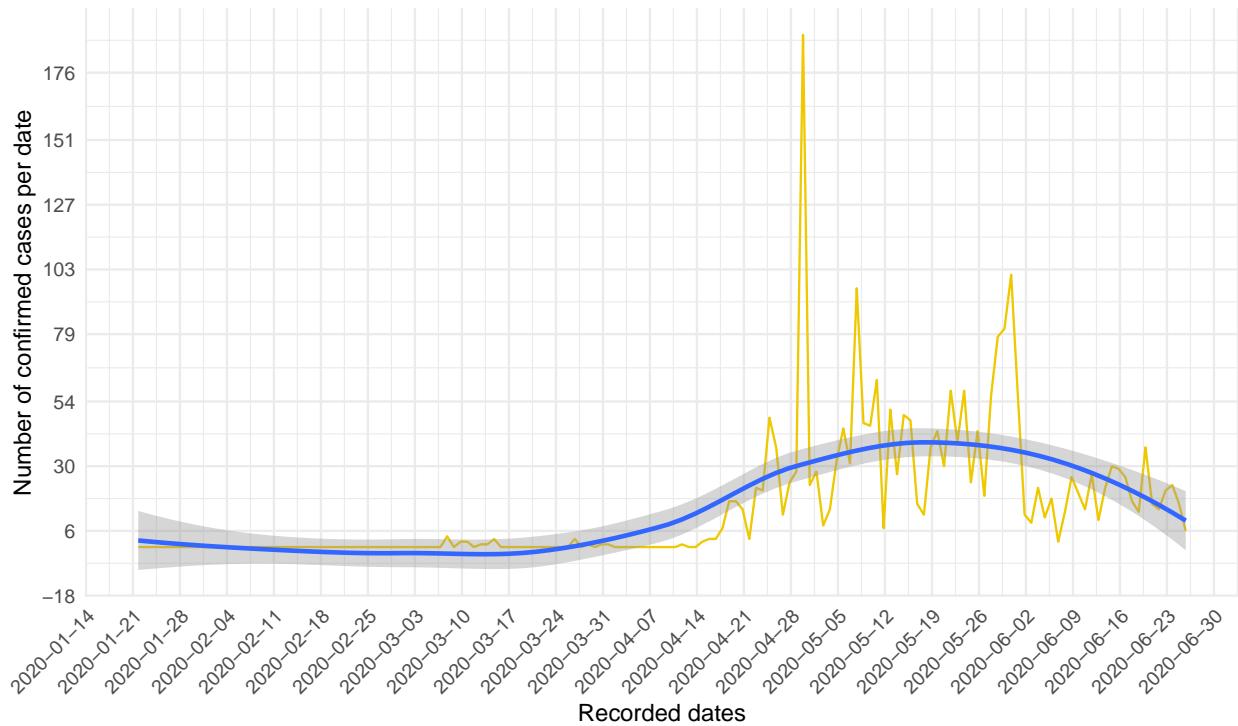

### Malaysia – confirmed cases over time, total cases: 8,336

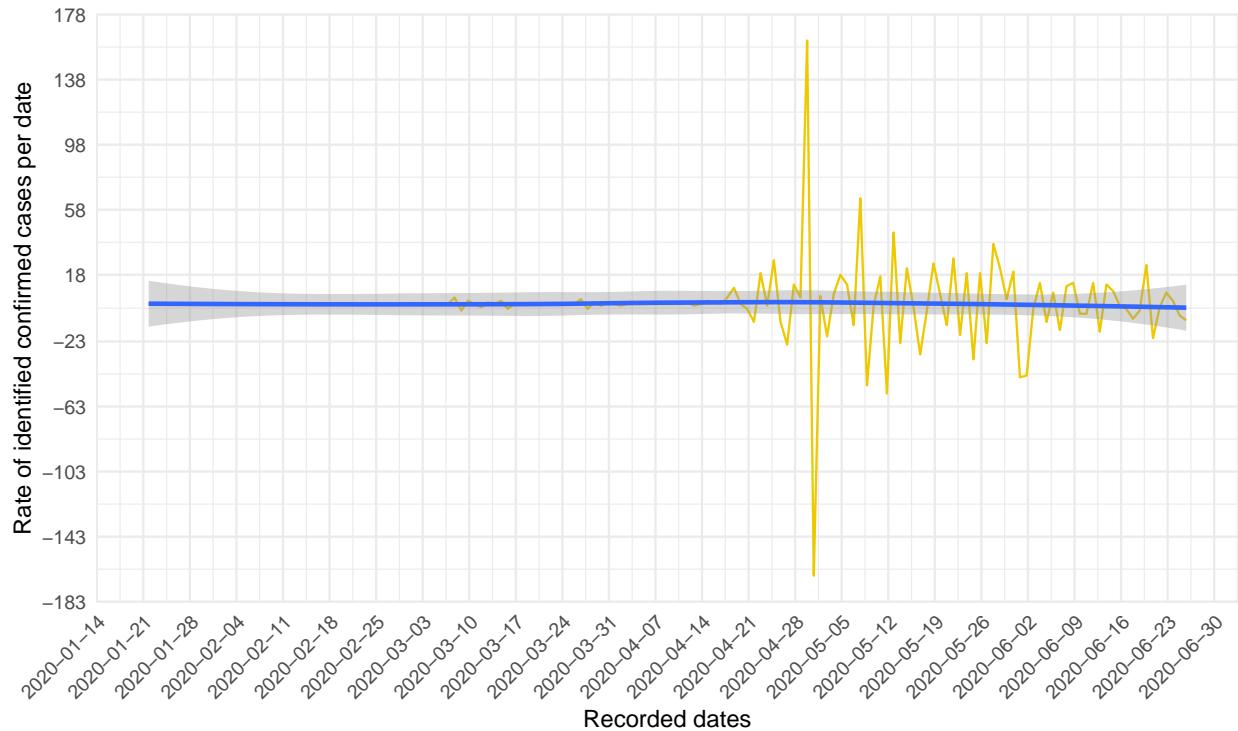

### Malaysia – rate of increase of confirmed cases over time

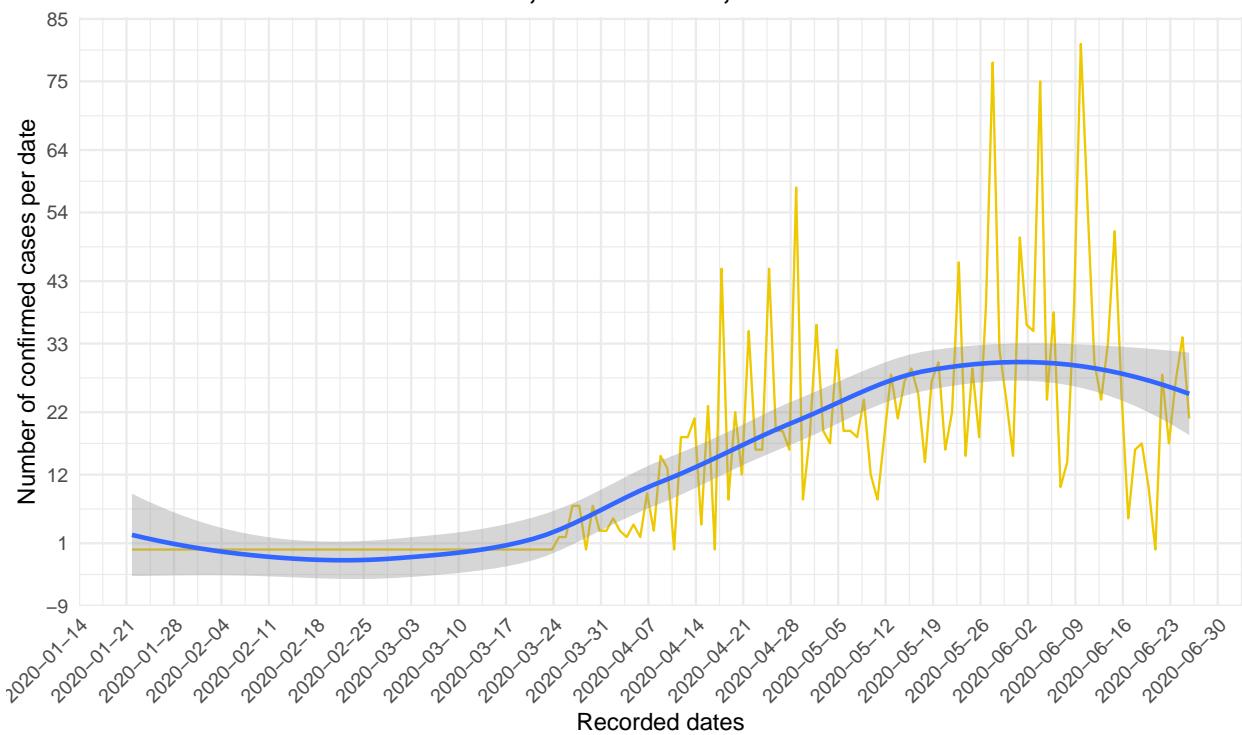

**Maldives – confirmed cases over time, total cases: 1,942**

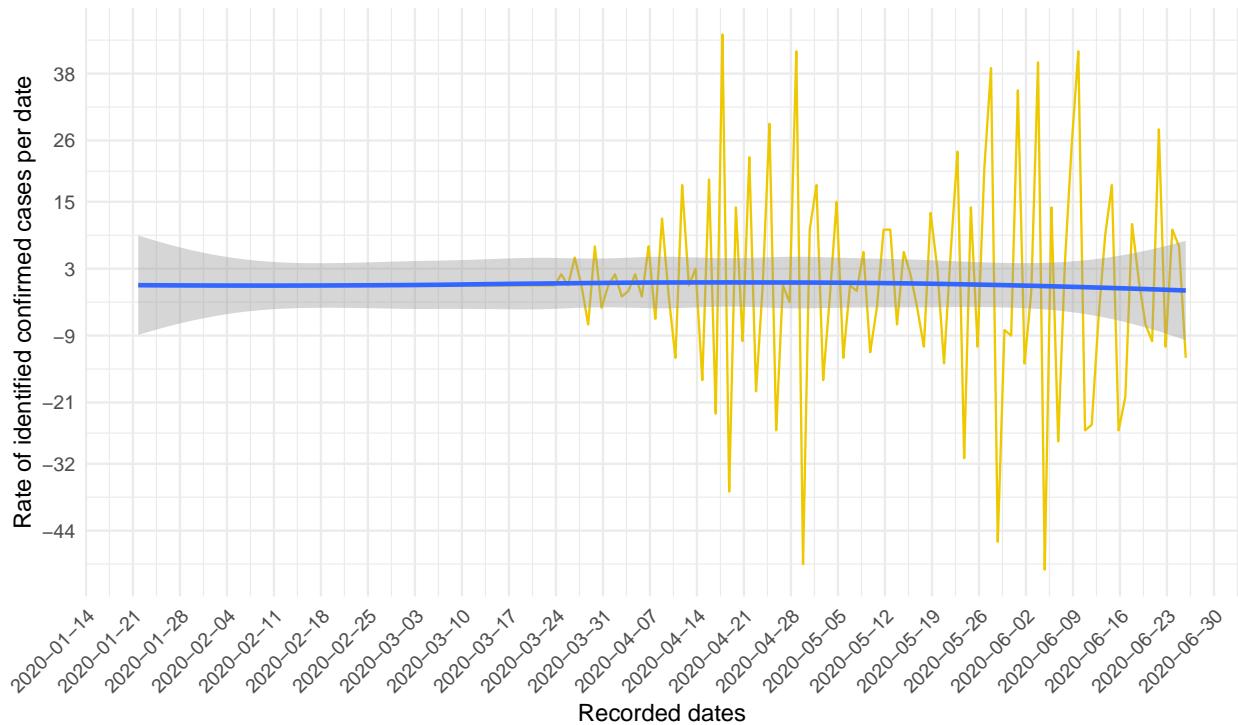

**Maldives – rate of increase of confirmed cases over time**

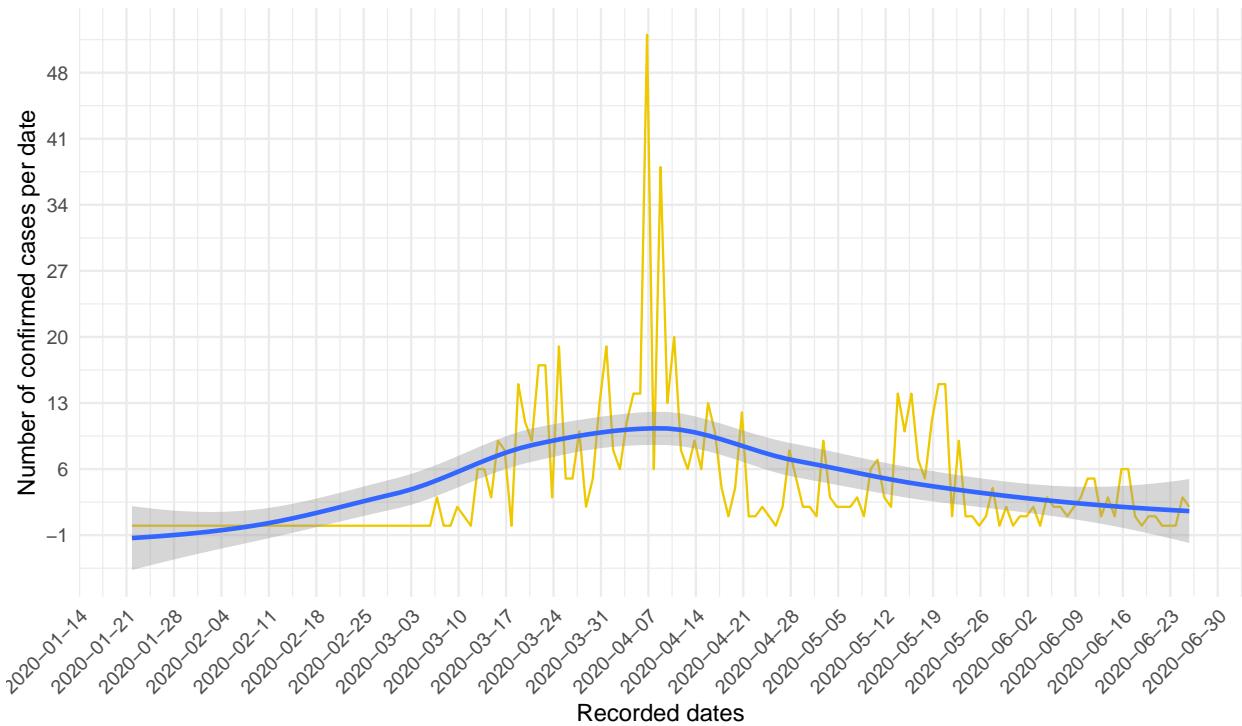

### Mali – confirmed cases over time, total cases: 1,586

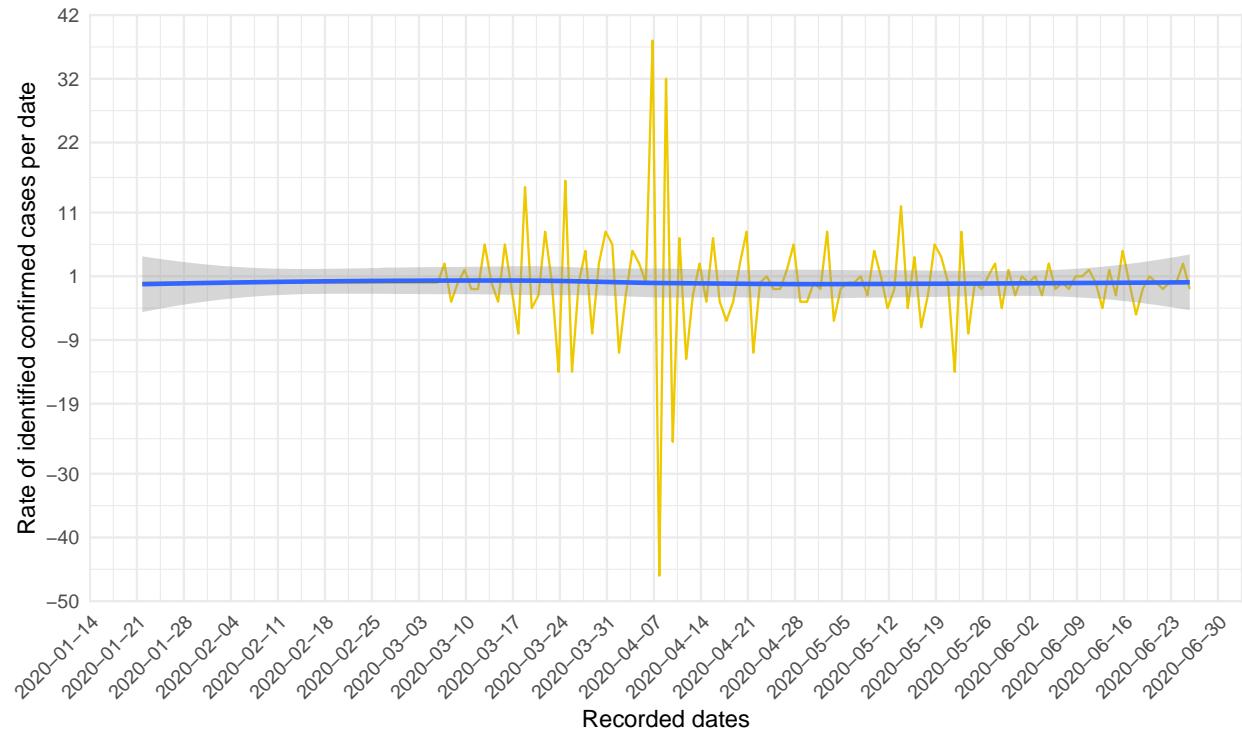

### Mali – rate of increase of confirmed cases over time

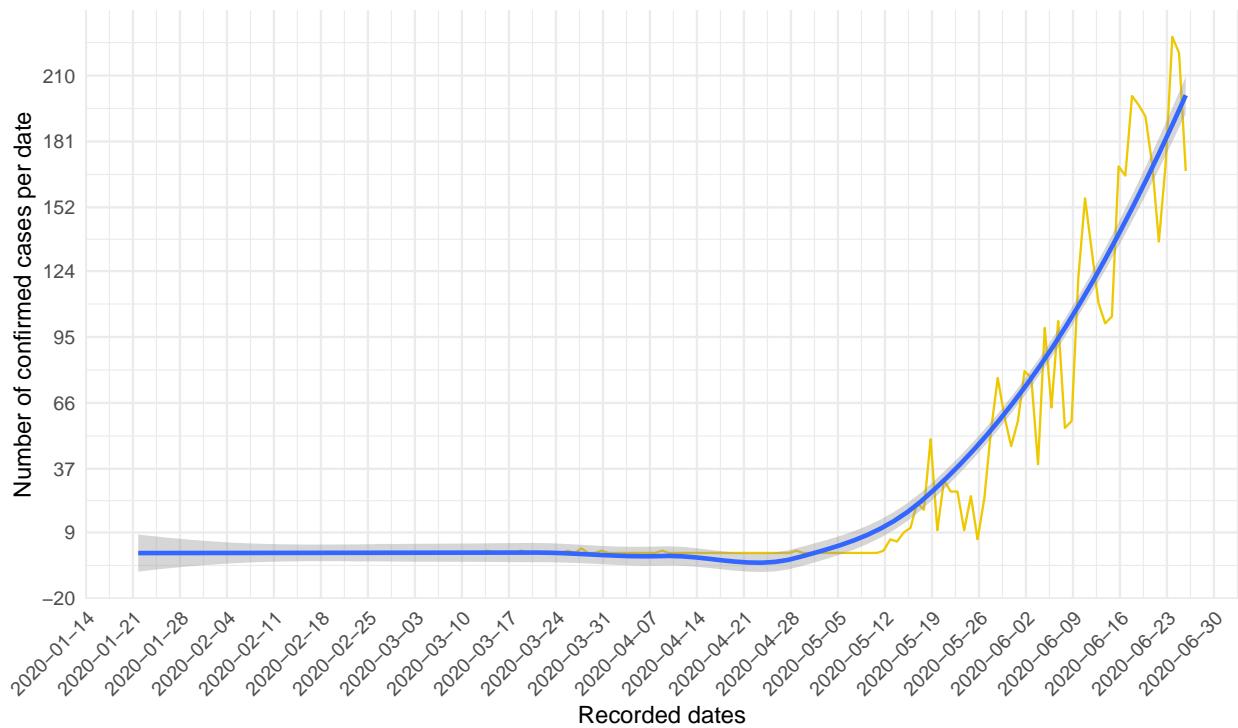

**Malta – confirmed cases over time, total cases: 632**

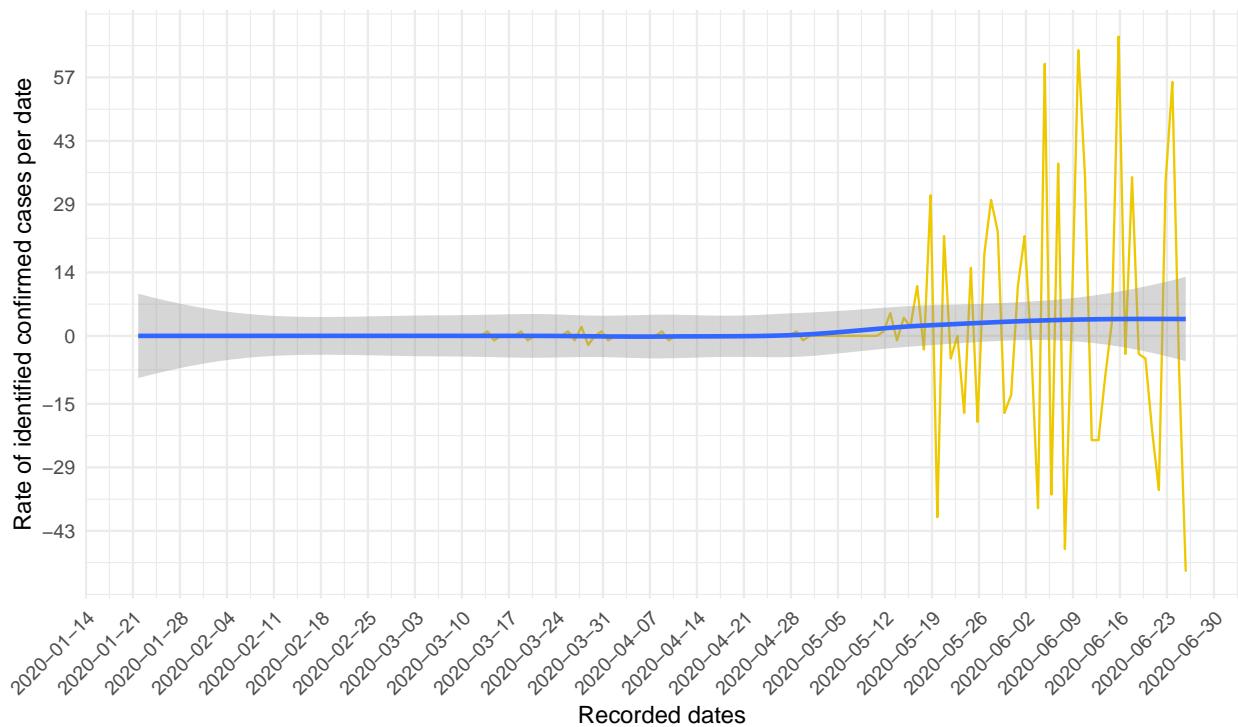

**Malta – rate of increase of confirmed cases over time**

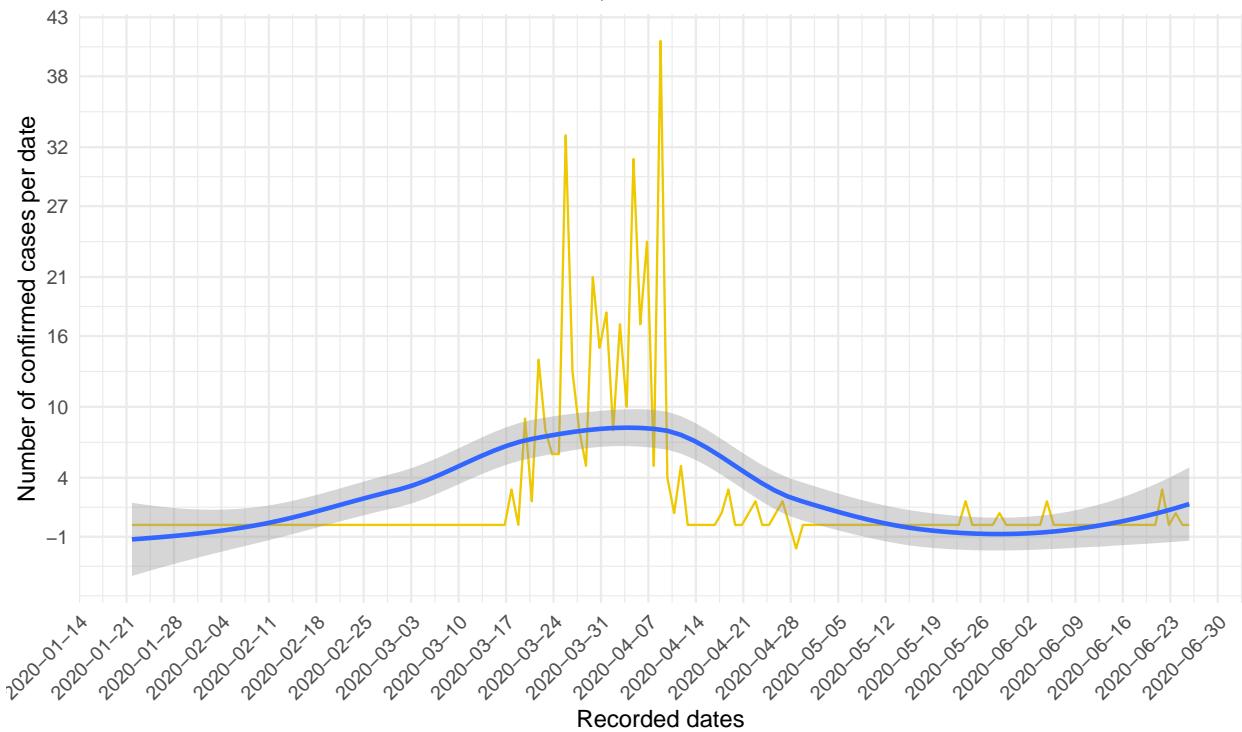

### Mauritania – confirmed cases over time, total cases: 1,162

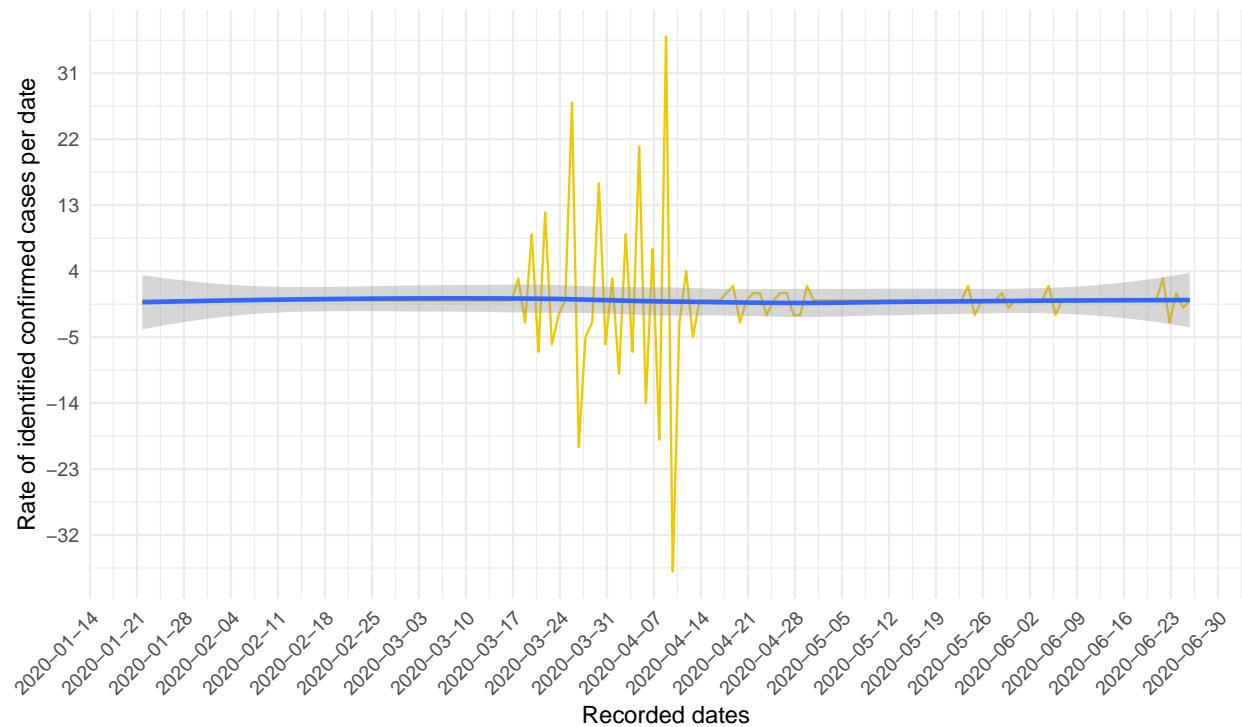

### Mauritania – rate of increase of confirmed cases over time

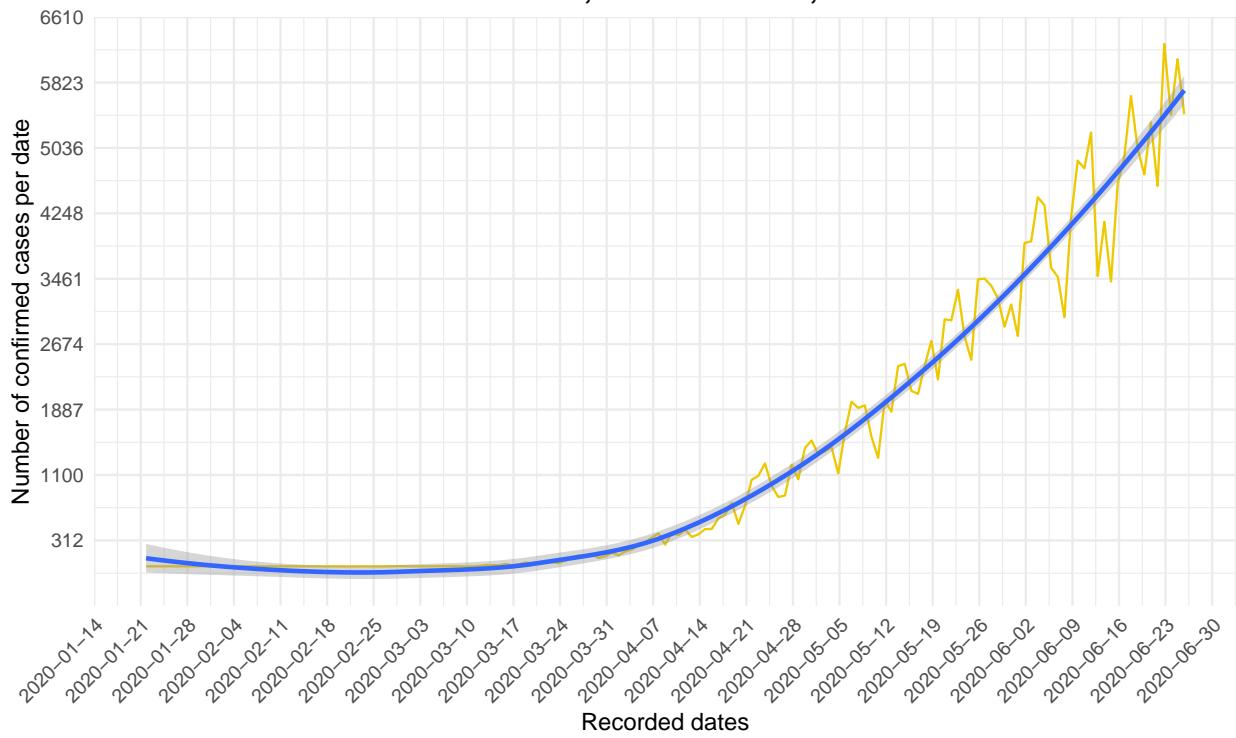

### Mauritius – confirmed cases over time, total cases: 337

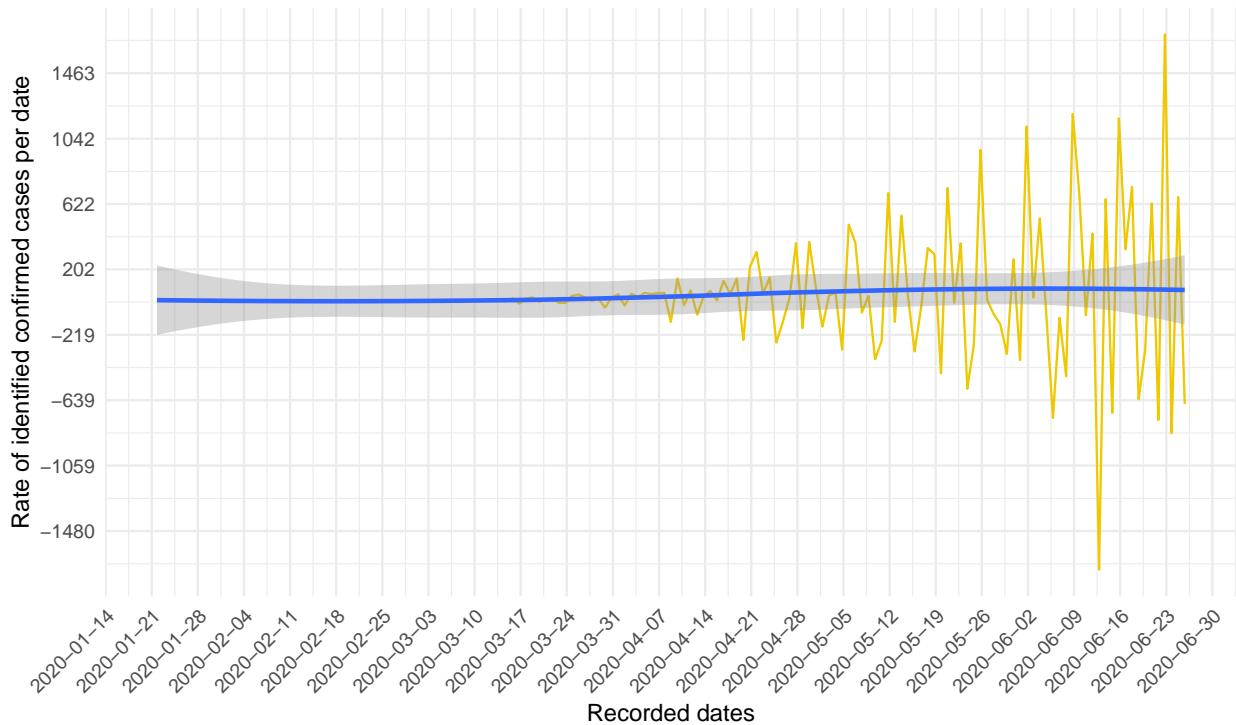

### Mauritius – rate of increase of confirmed cases over time

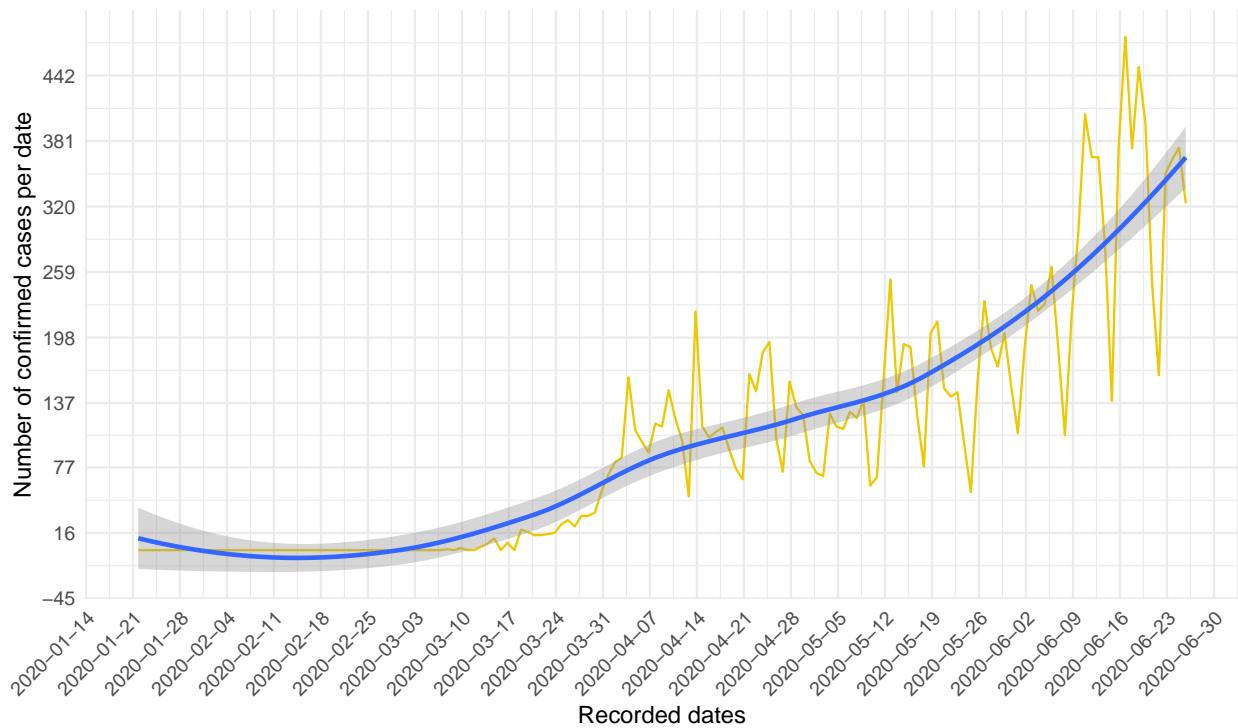

### Mexico – confirmed cases over time, total cases: 124,301

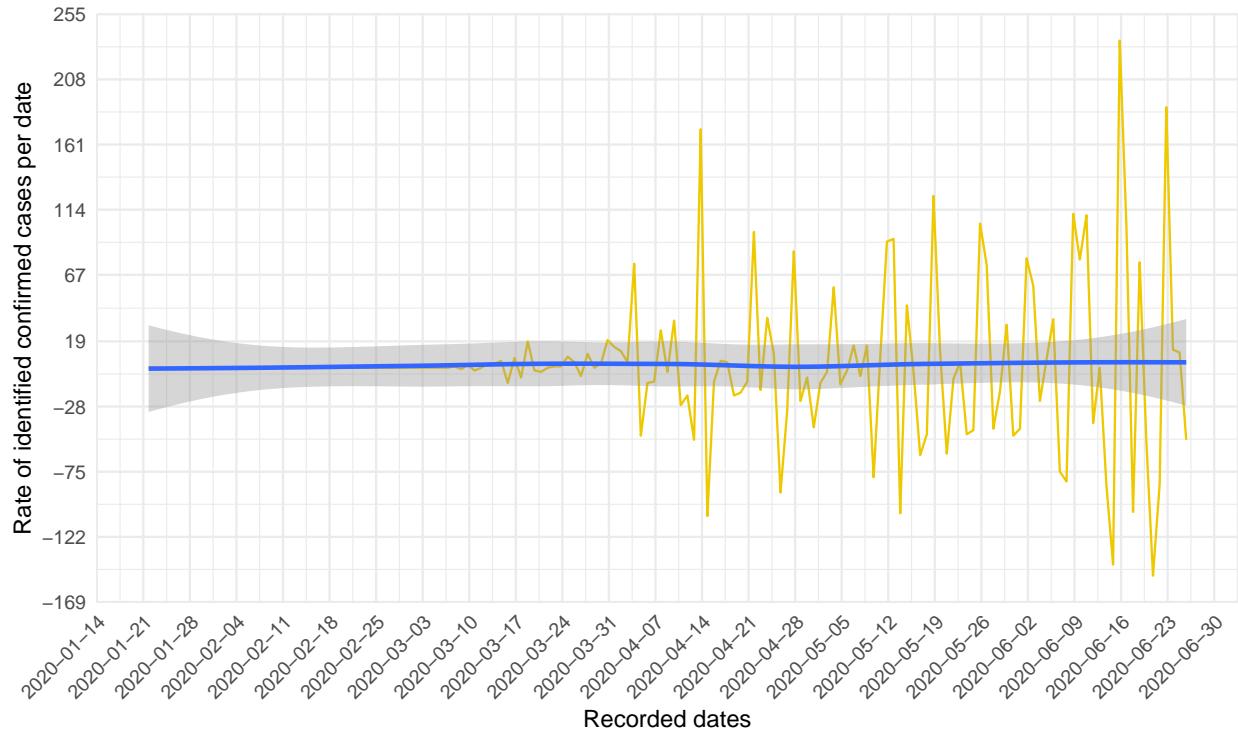

### Mexico – rate of increase of confirmed cases over time

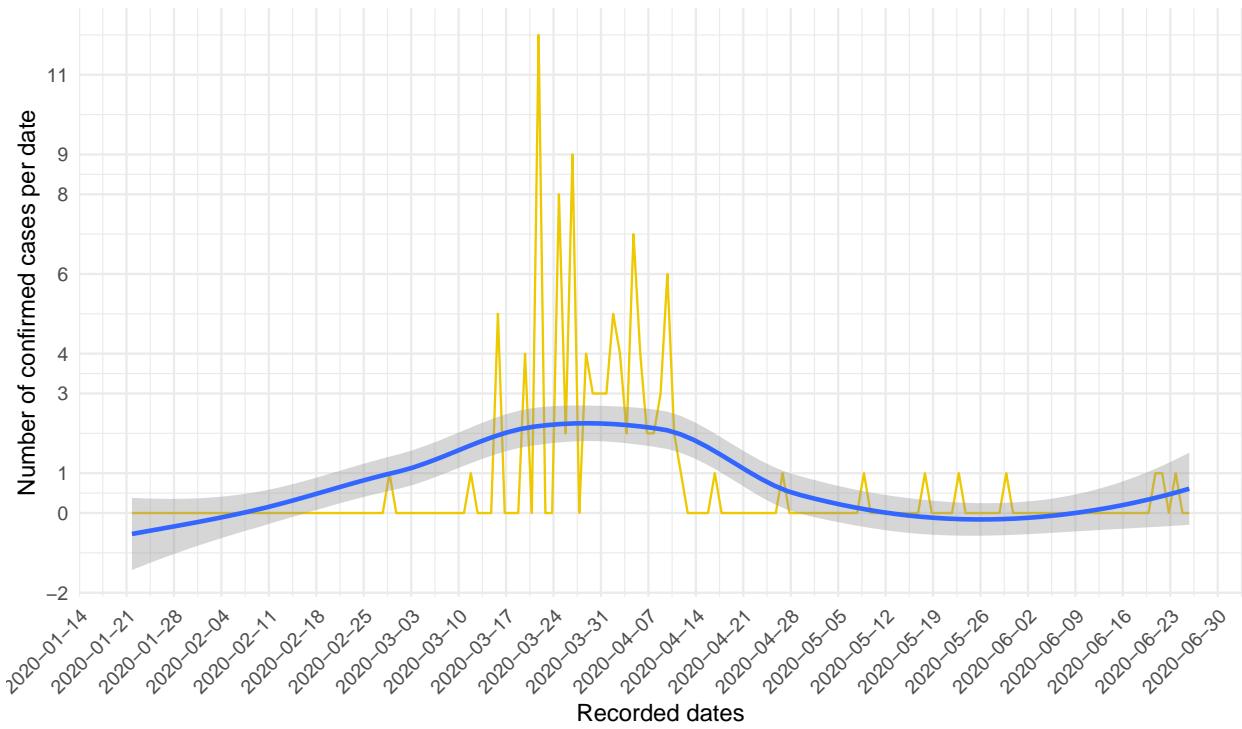

**Moldova – confirmed cases over time, total cases: 10,025**

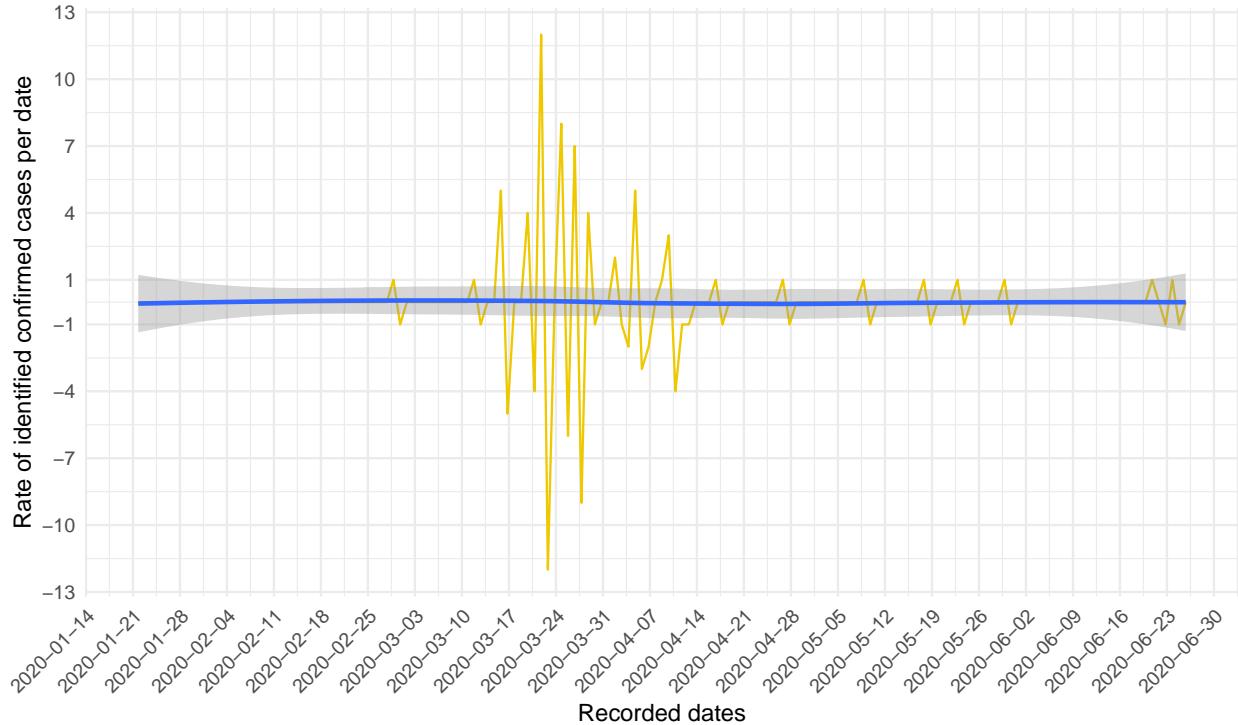

**Moldova – rate of increase of confirmed cases over time**

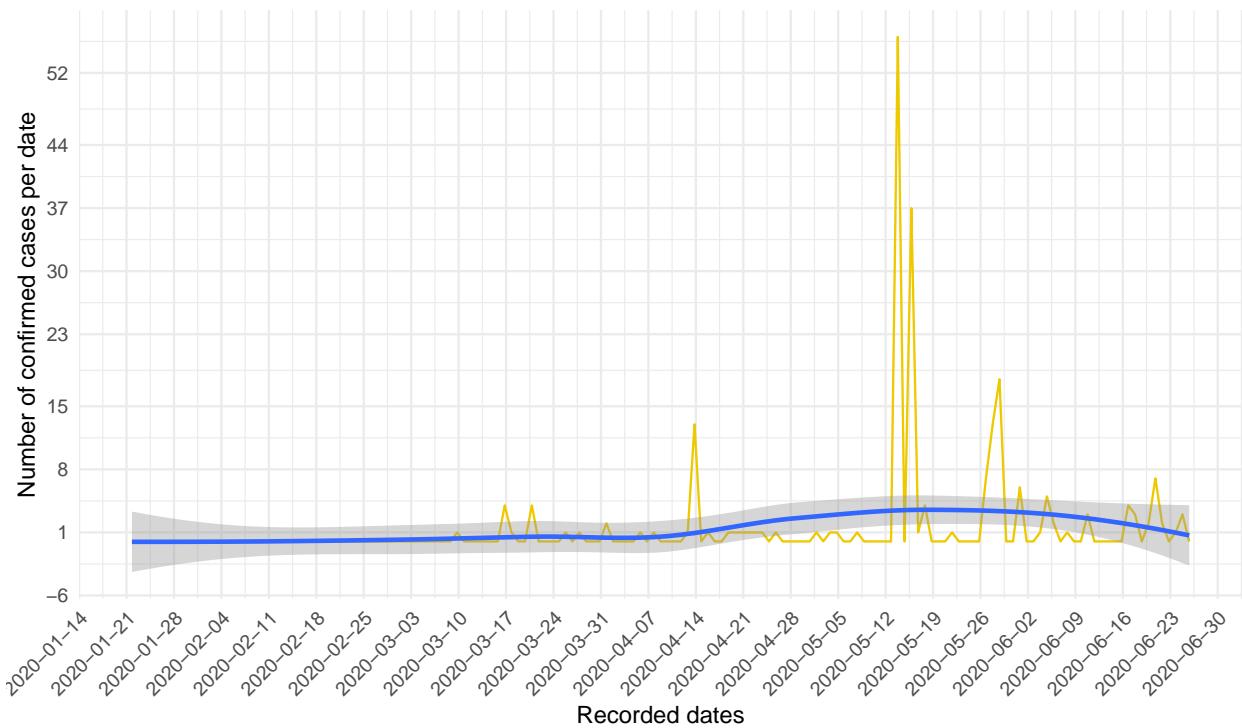

### Monaco – confirmed cases over time, total cases: 99

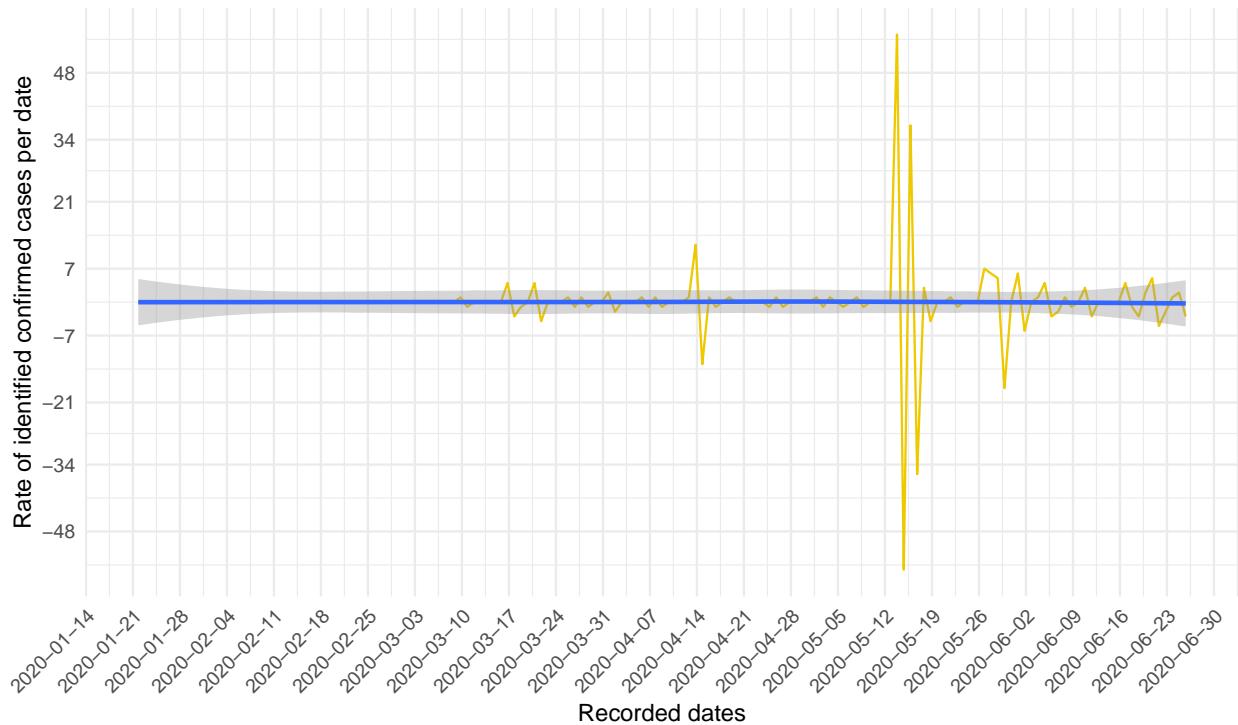

### Monaco – rate of increase of confirmed cases over time

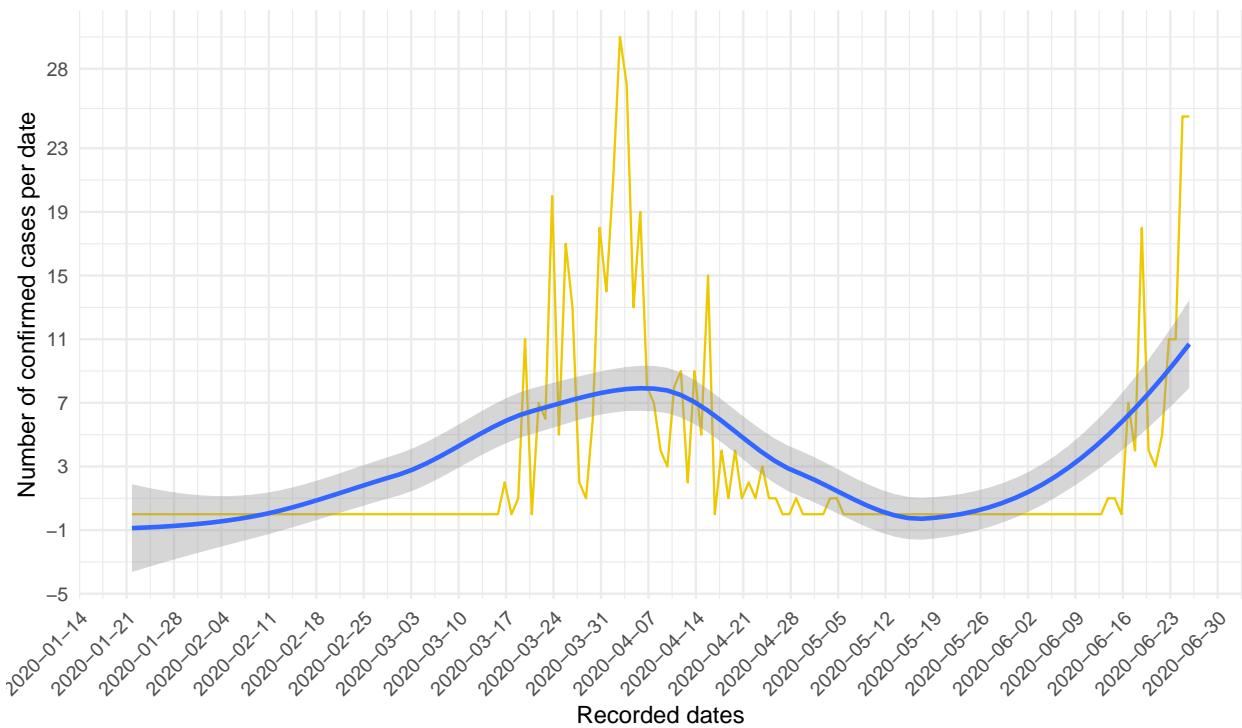

### Mongolia – confirmed cases over time, total cases: 194

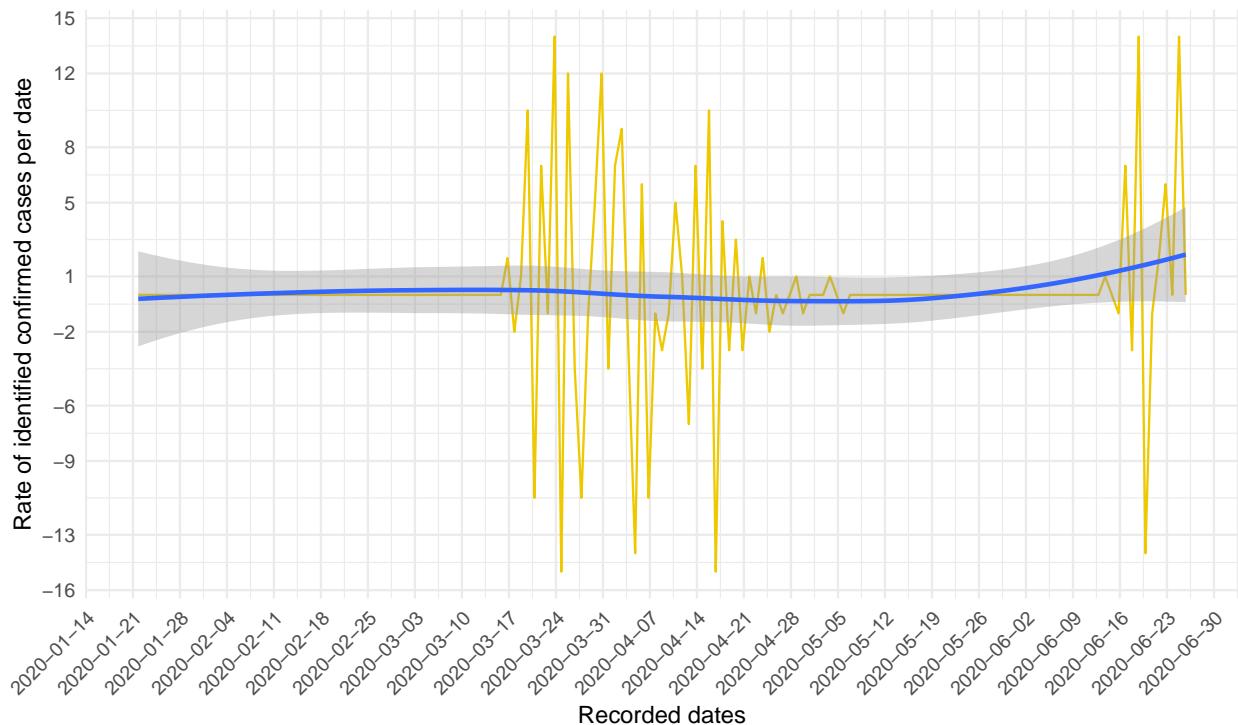

### Mongolia – rate of increase of confirmed cases over time

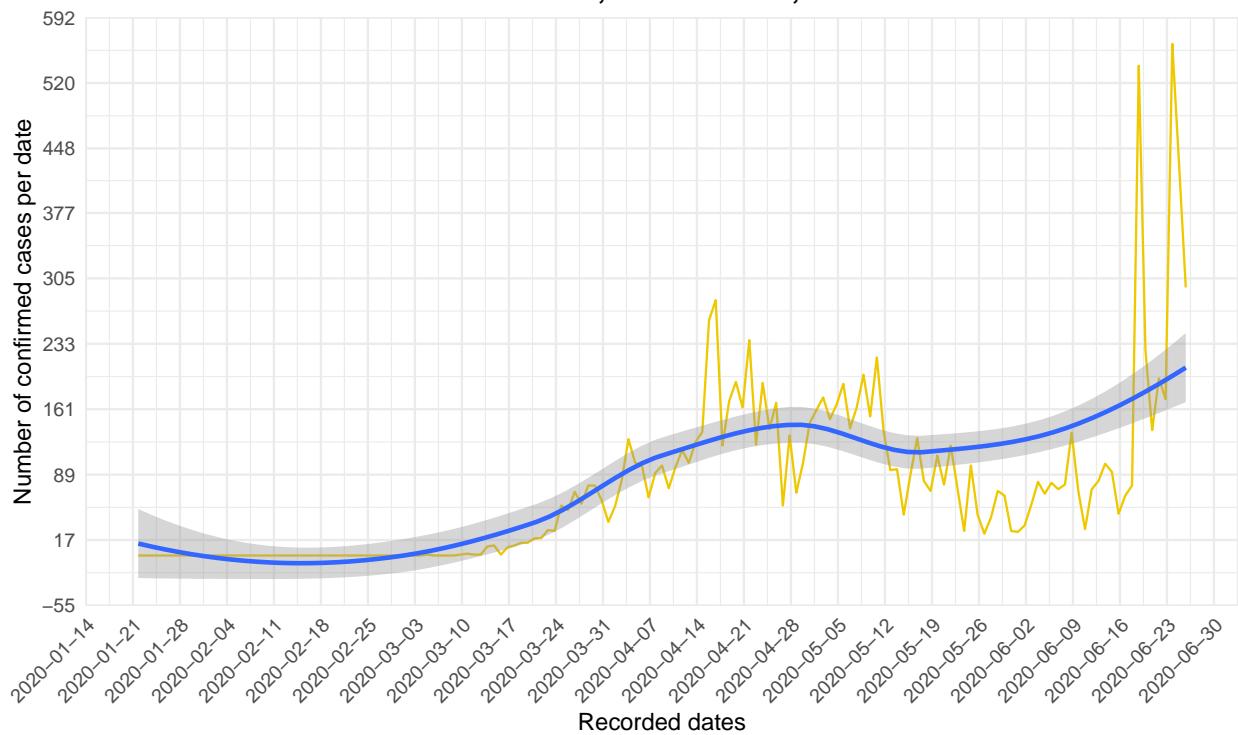

**Montenegro – confirmed cases over time, total cases: 324**

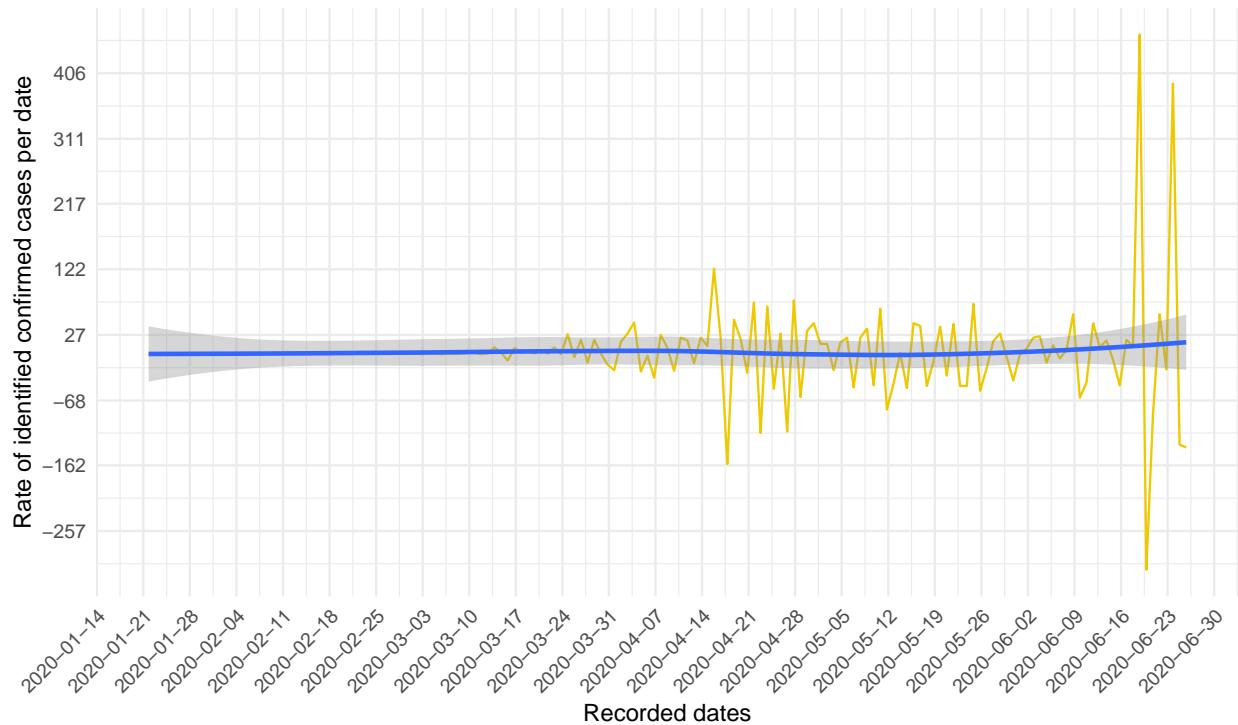

**Montenegro – rate of increase of confirmed cases over time**

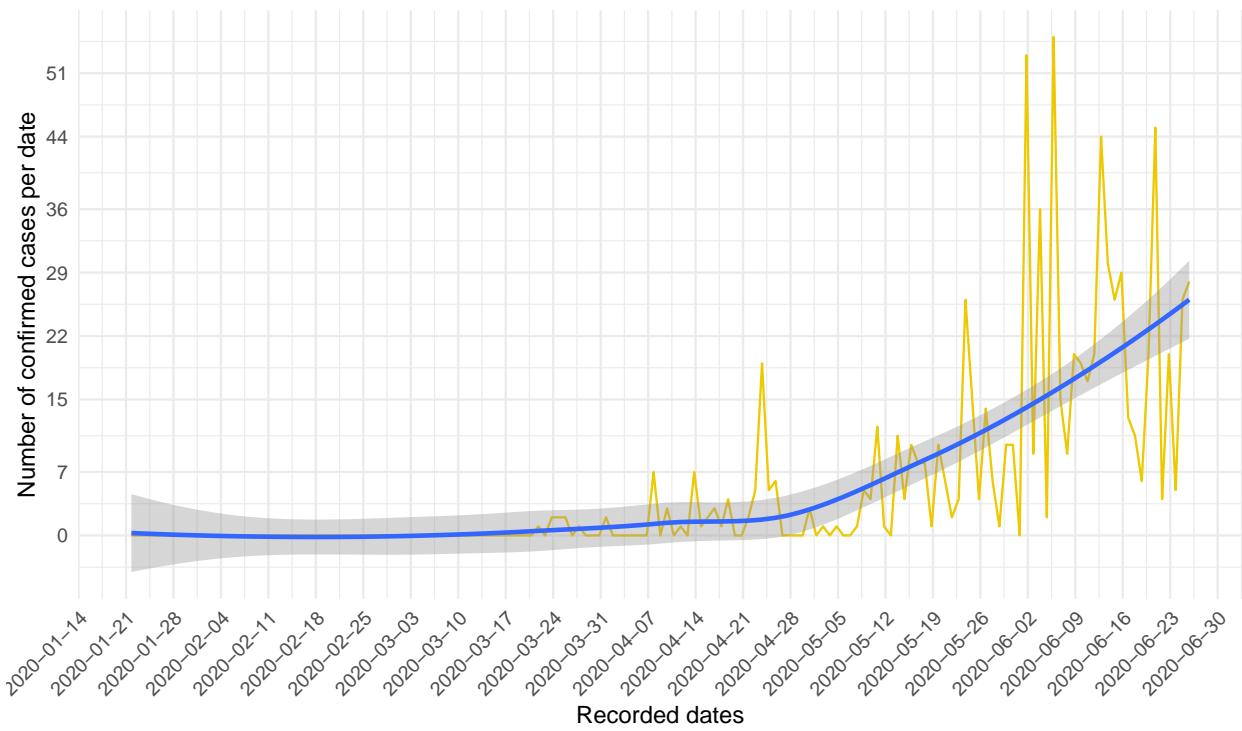

### Morocco – confirmed cases over time, total cases: 8,437

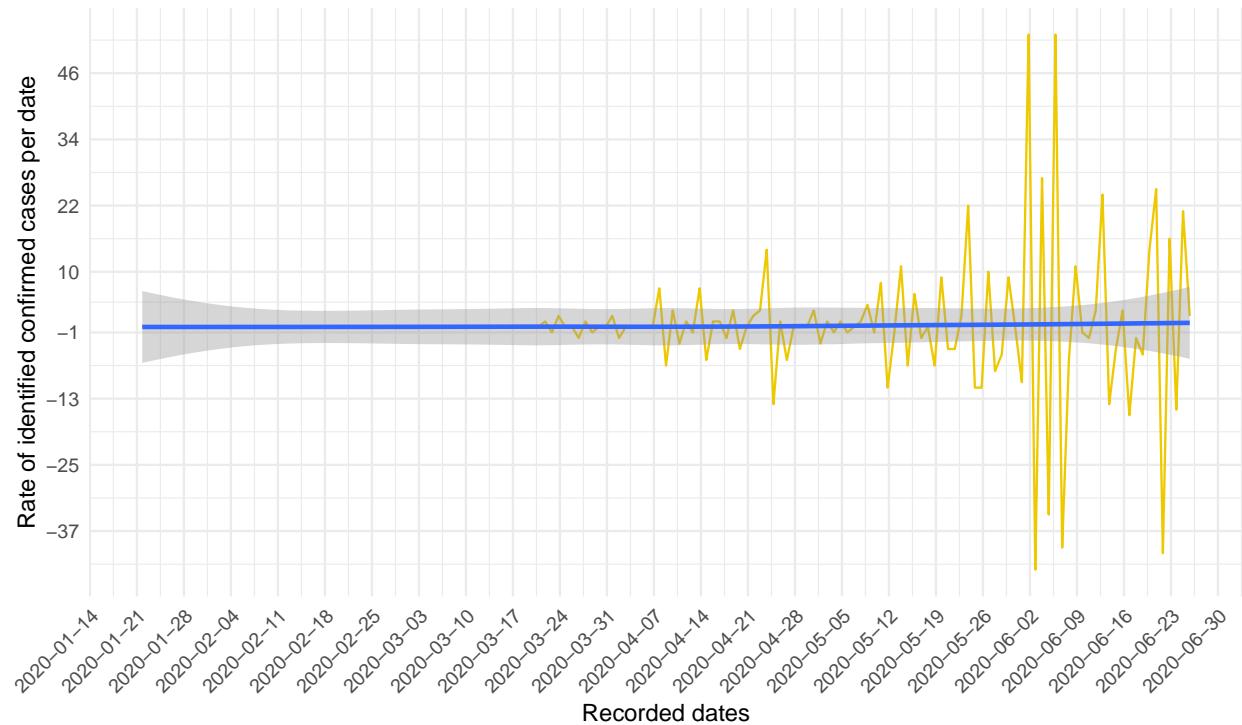

### Morocco – rate of increase of confirmed cases over time

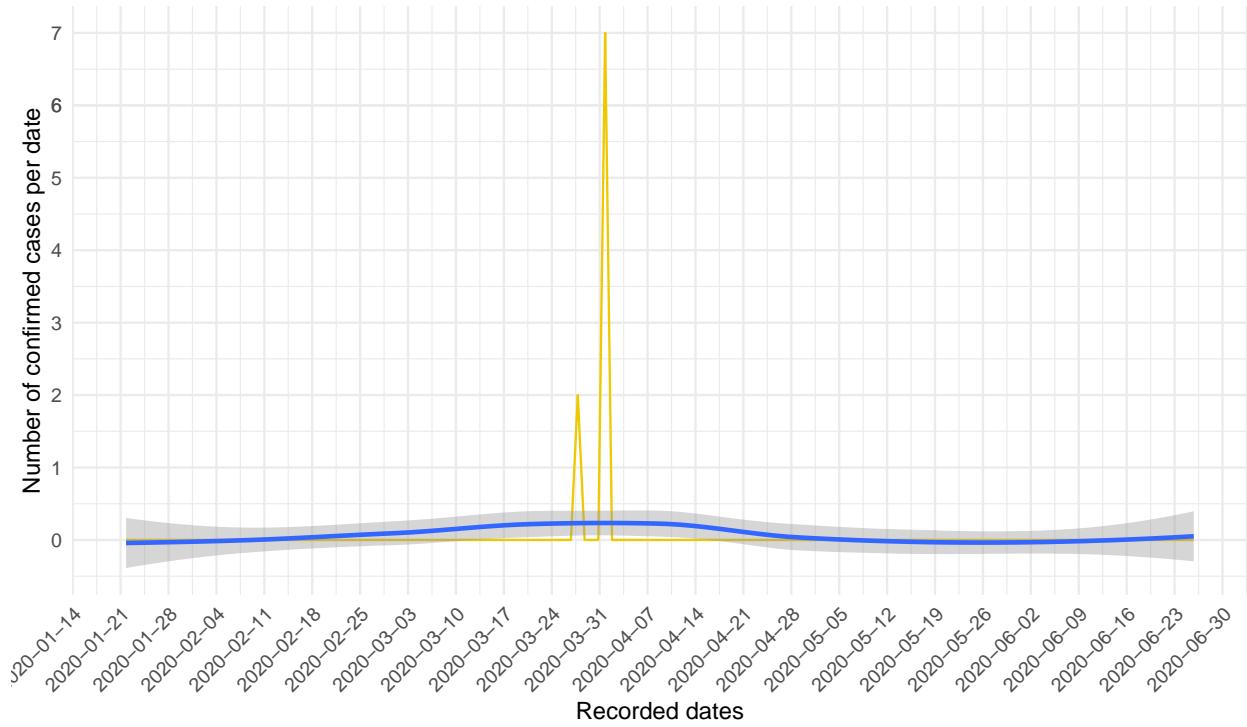

**Mozambique – confirmed cases over time, total cases: 453**

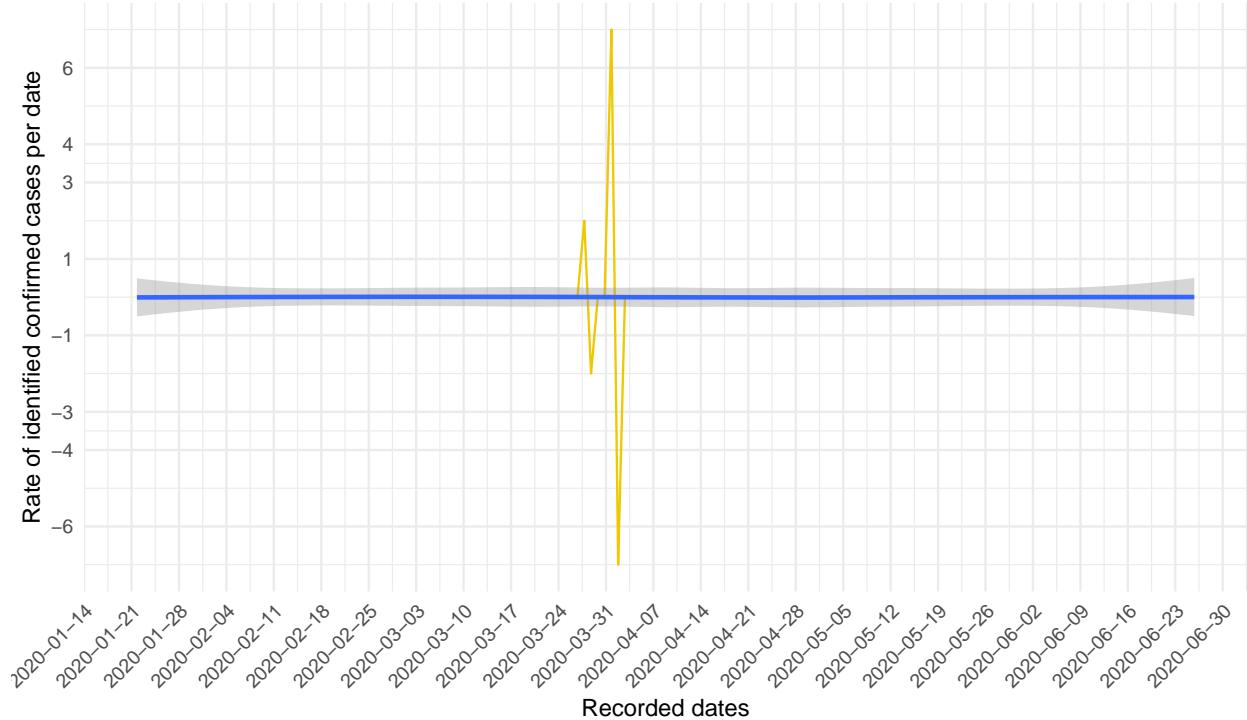

**Mozambique – rate of increase of confirmed cases over time**

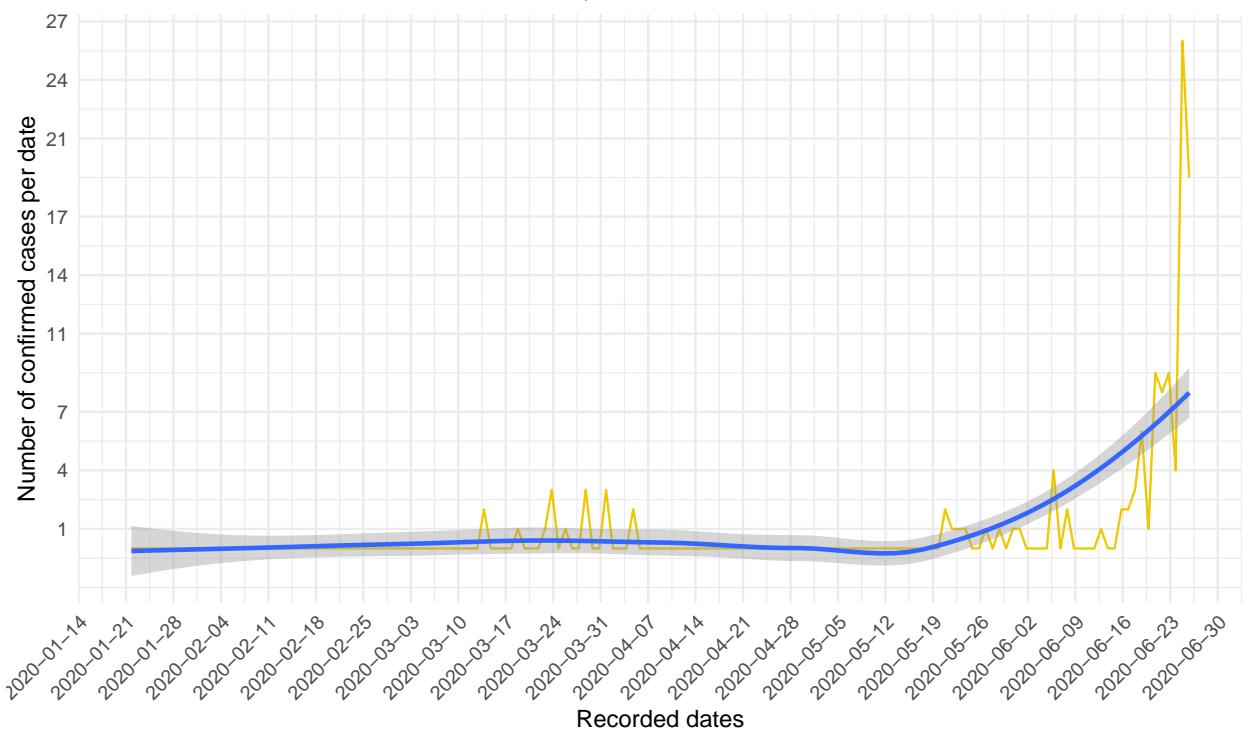

### MS Zaandam – confirmed cases over time, total cases: 9

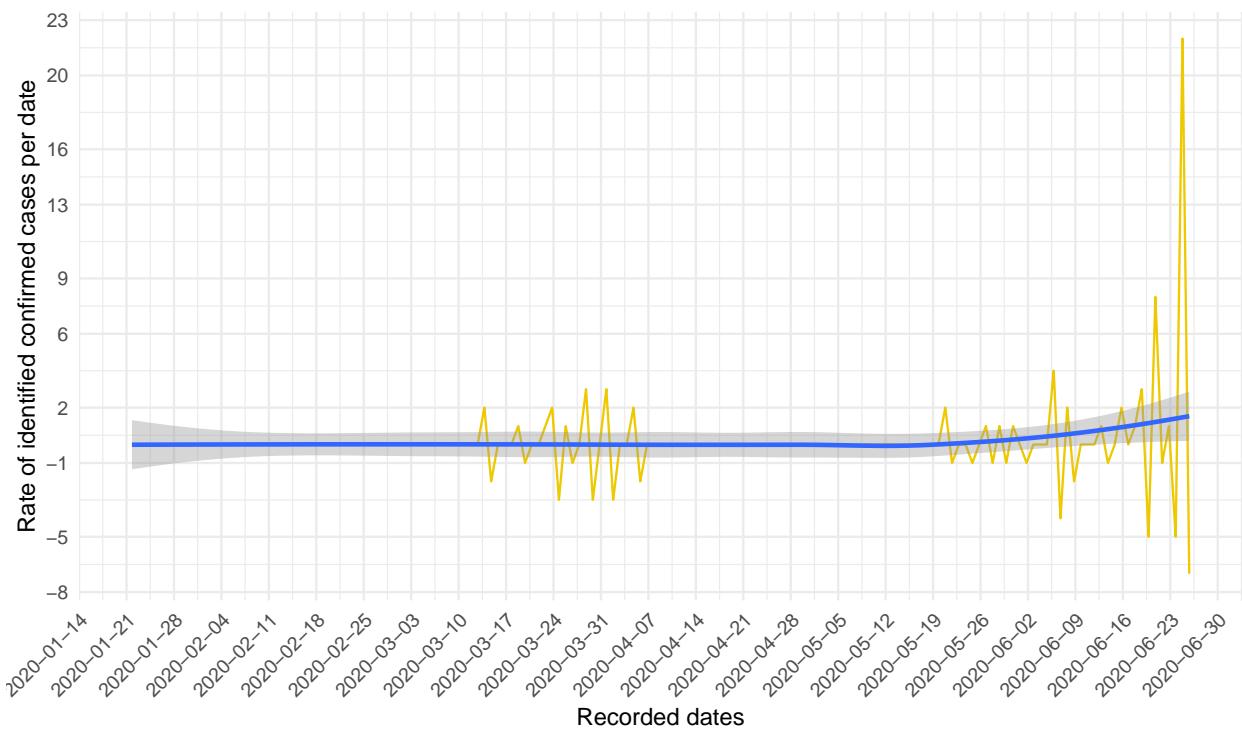

### MS Zaandam – rate of increase of confirmed cases over time

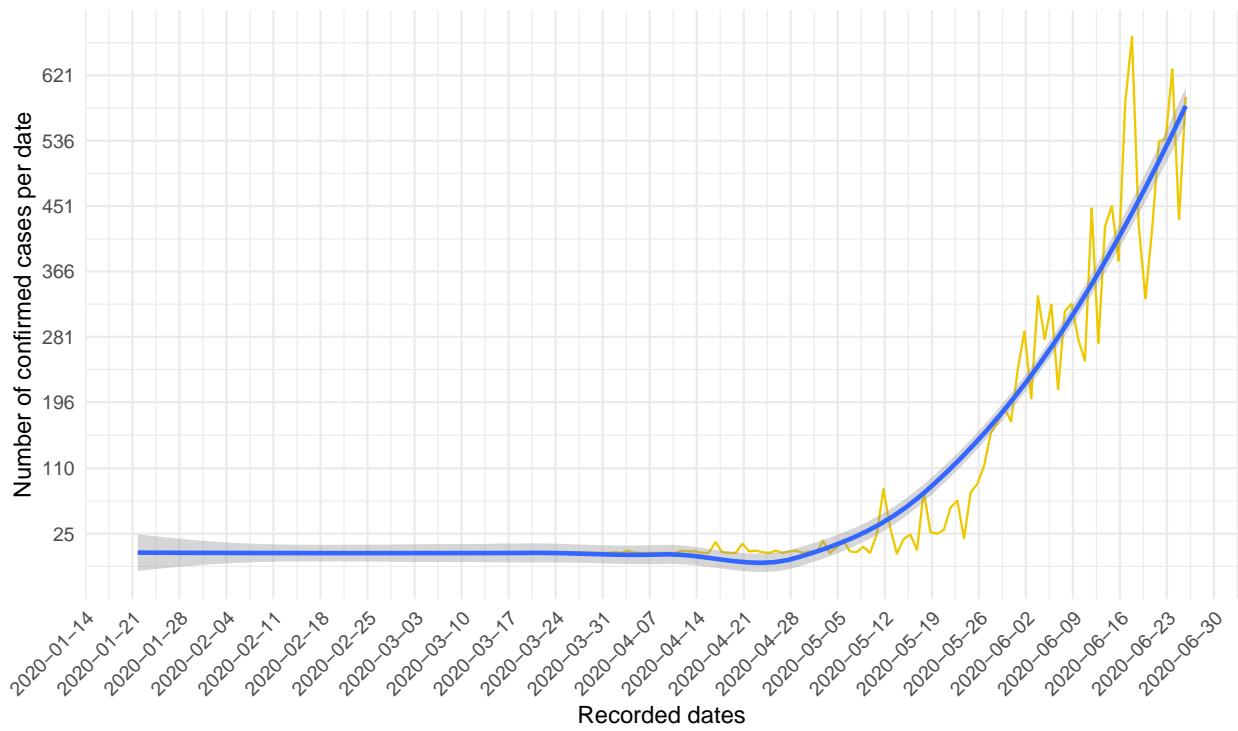

### Namibia – confirmed cases over time, total cases: 31

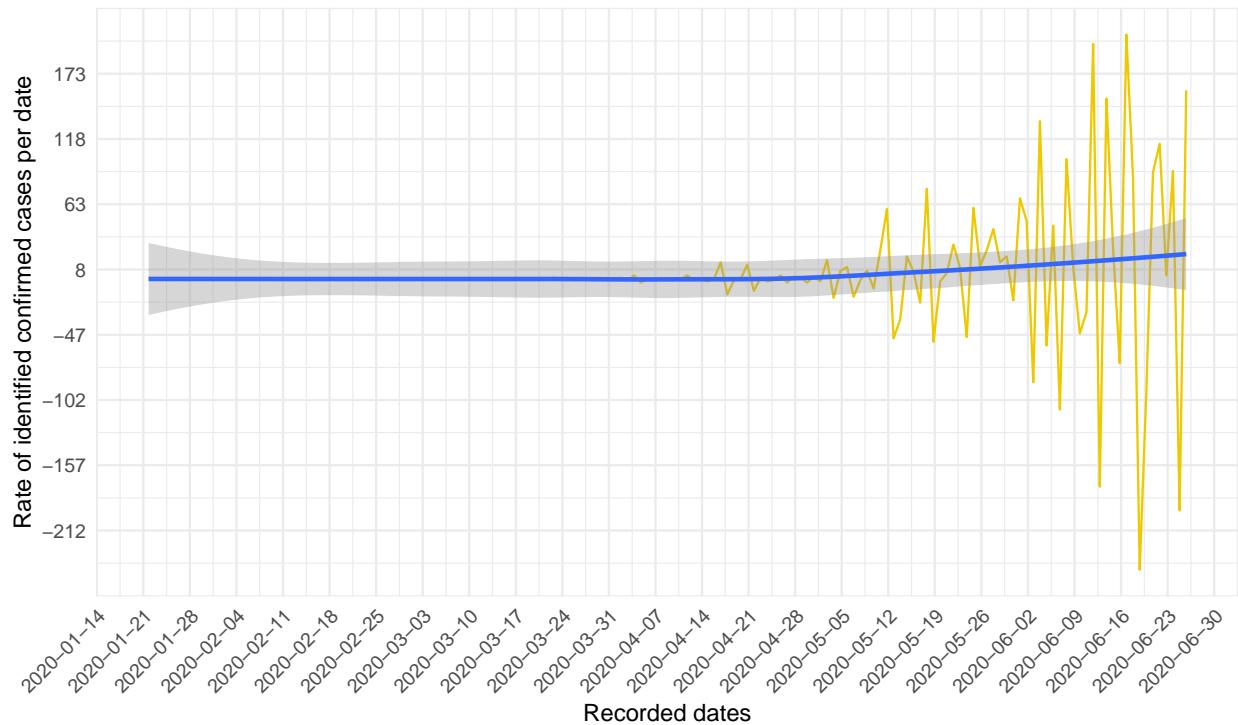

### Namibia – rate of increase of confirmed cases over time

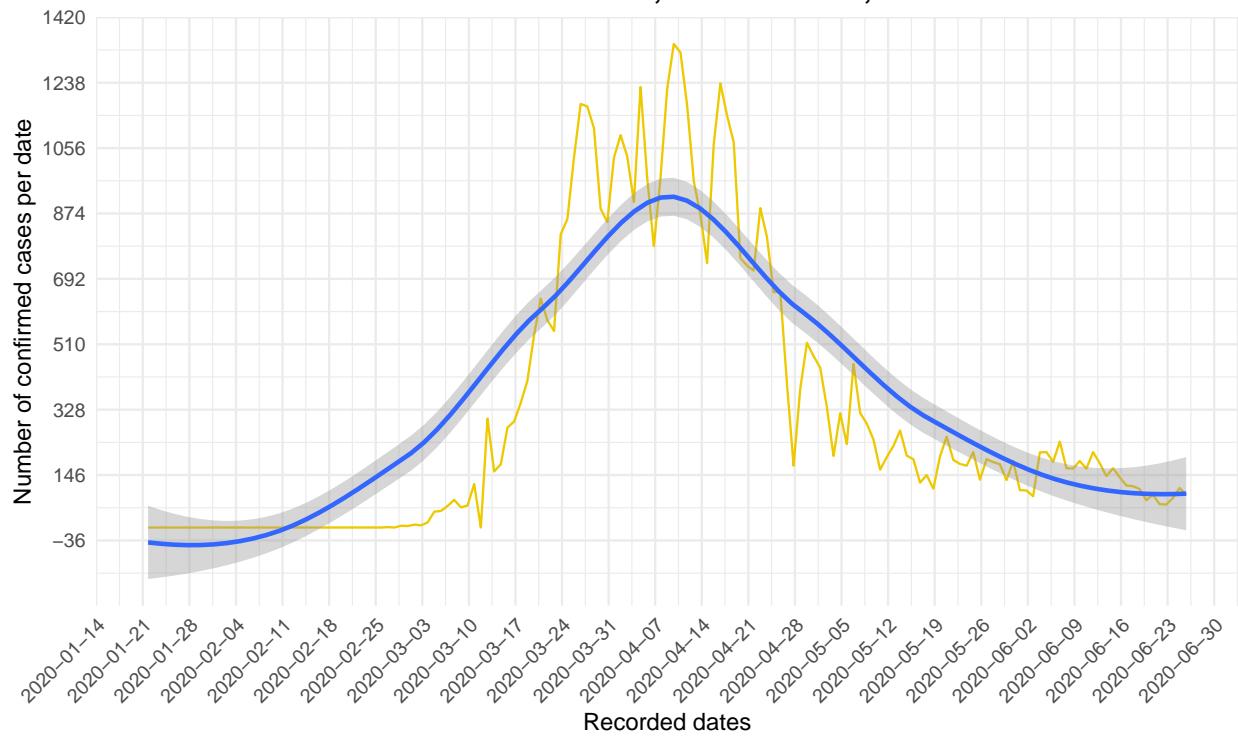

**Nepal – confirmed cases over time, total cases: 4,086**

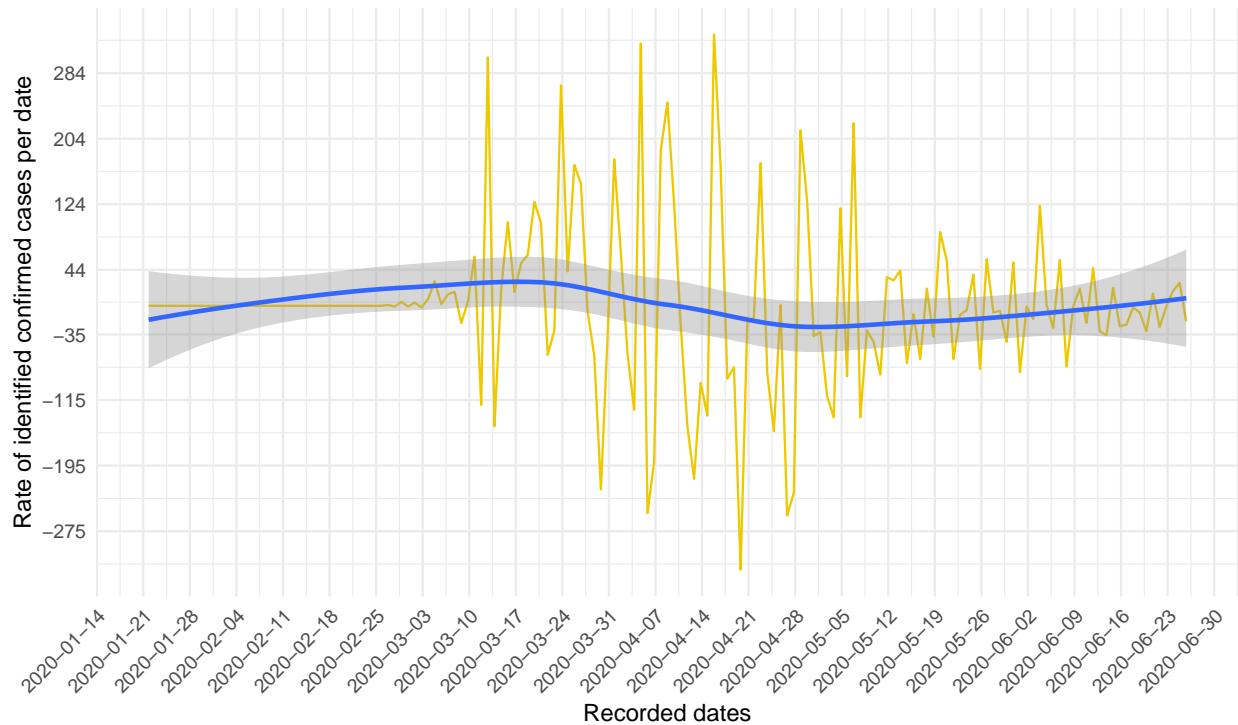

**Nepal – rate of increase of confirmed cases over time**

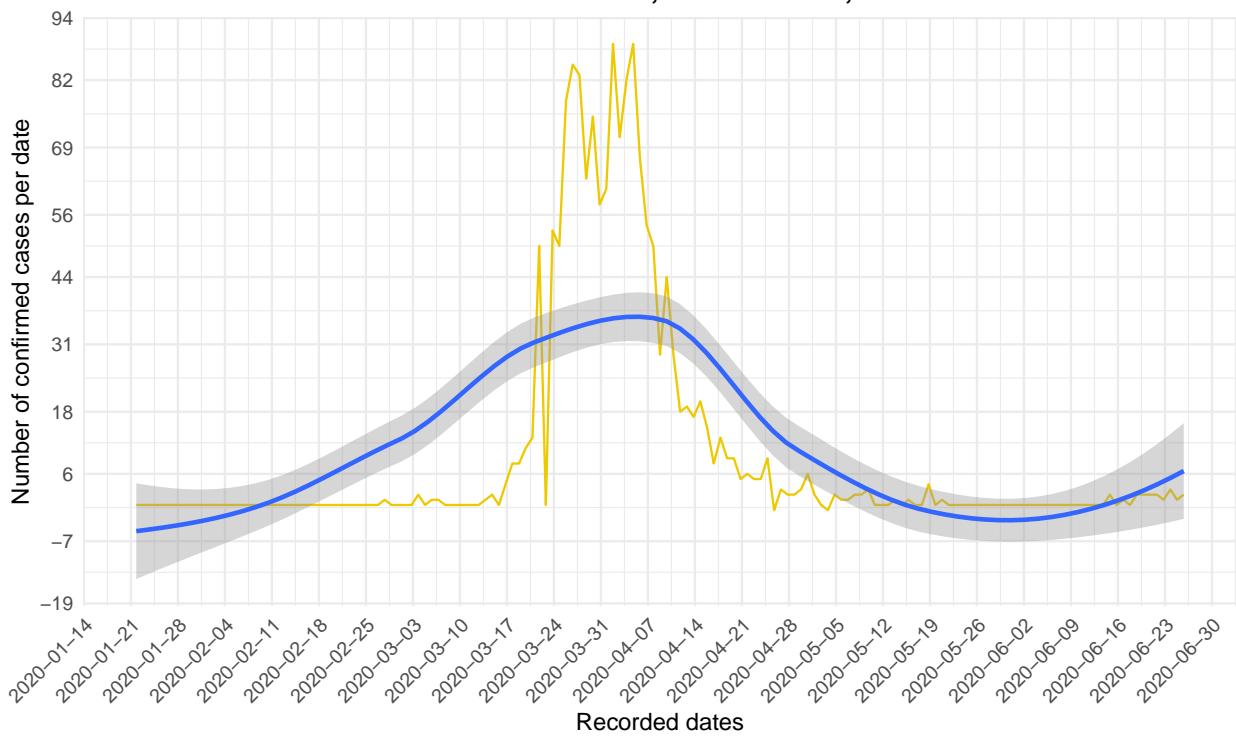

**Netherlands – confirmed cases over time, total cases: 48,109**

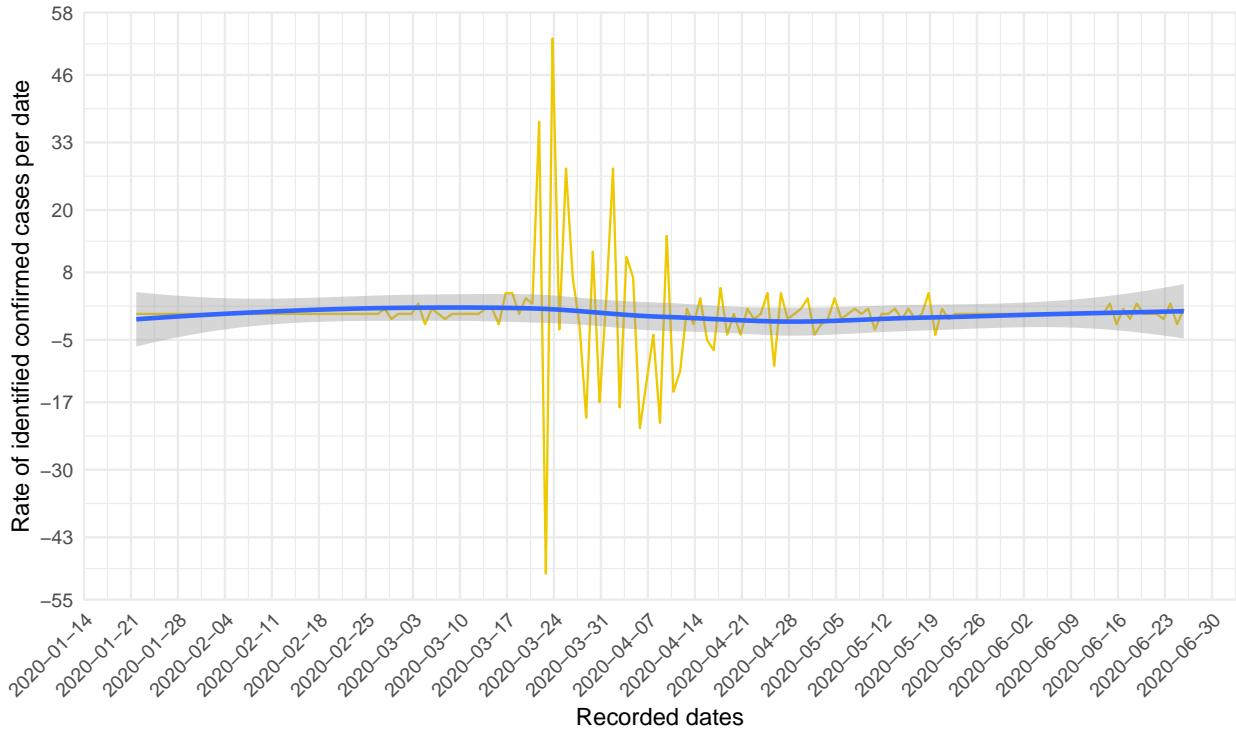

**Netherlands – rate of increase of confirmed cases over time**

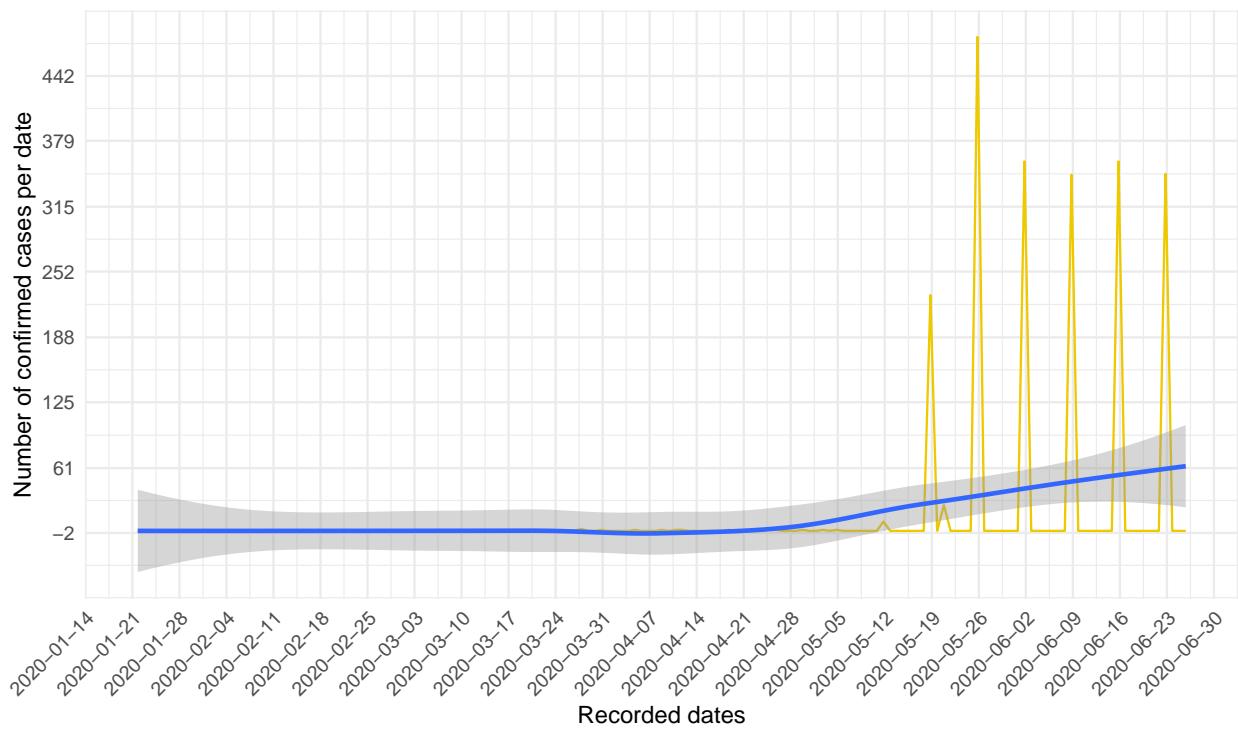

### New Zealand – confirmed cases over time, total cases: 1,504

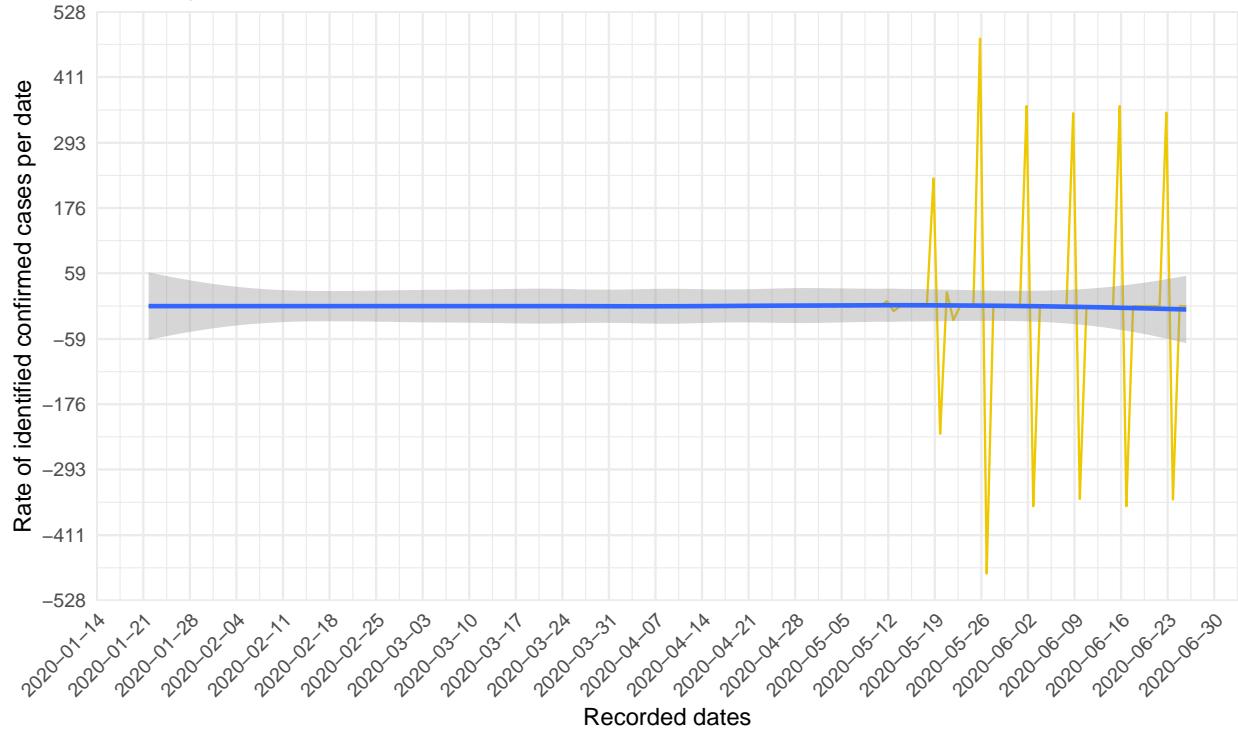

### New Zealand – rate of increase of confirmed cases over time

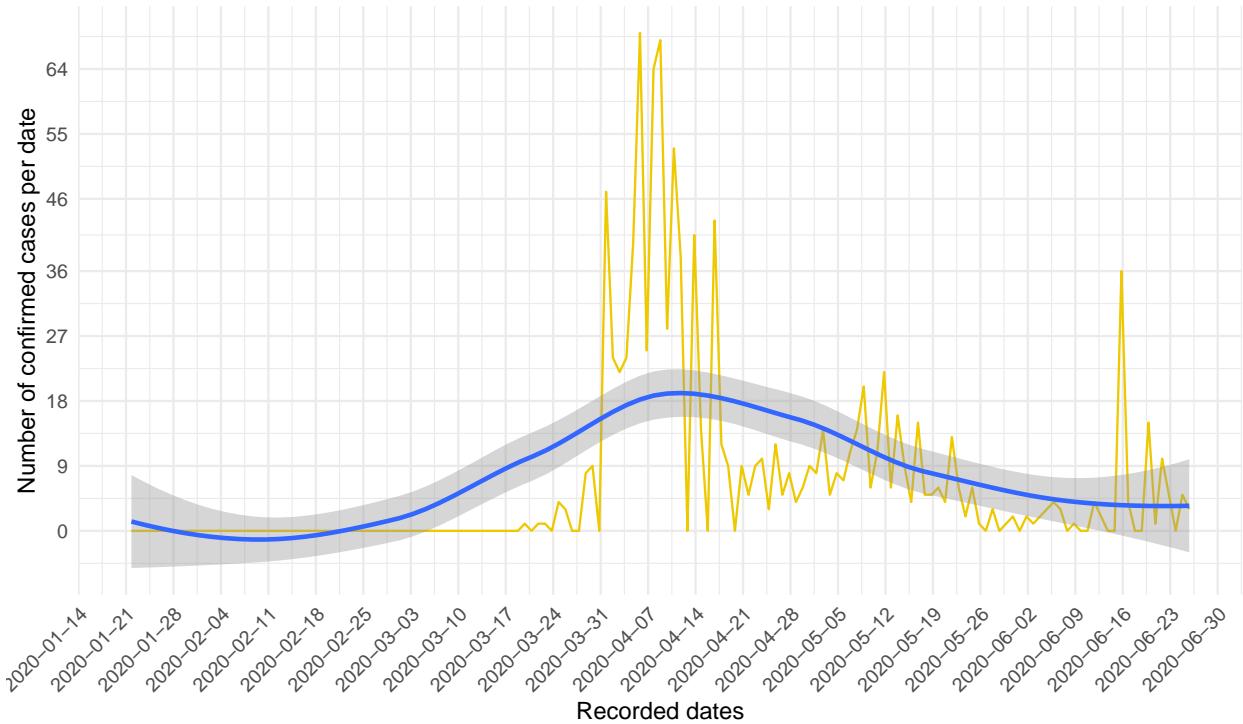

**Nicaragua – confirmed cases over time, total cases: 1,464**

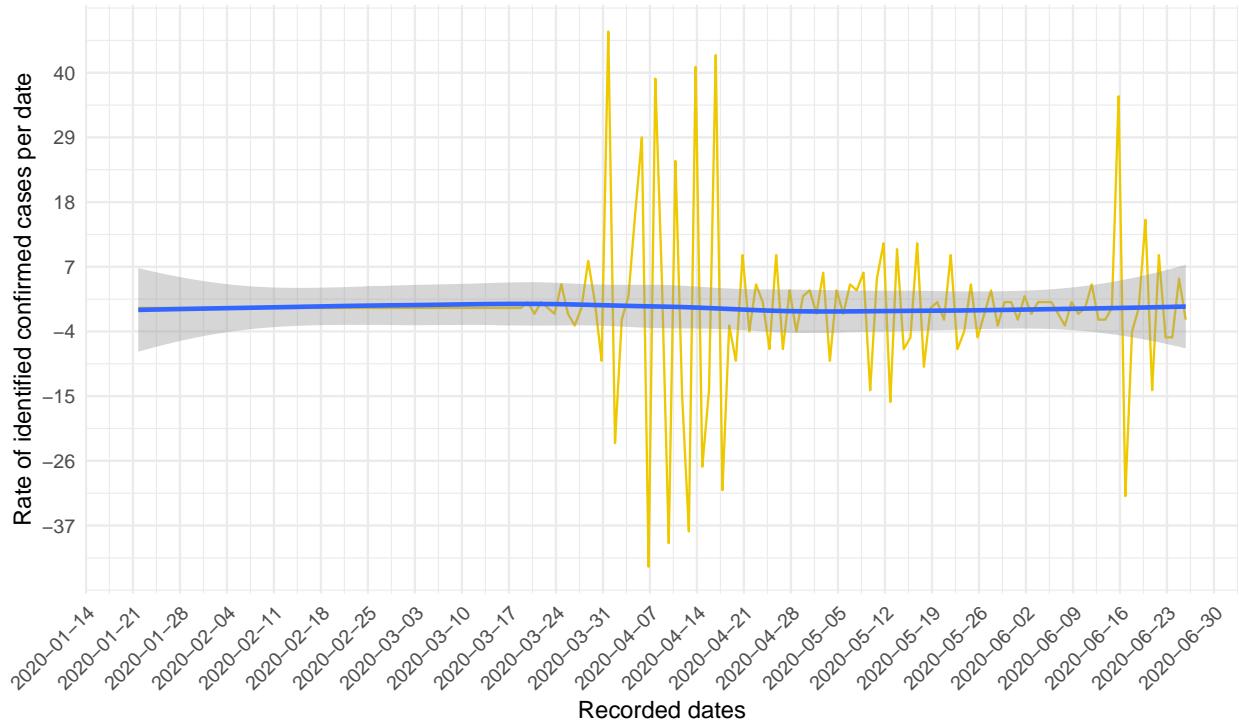

**Nicaragua – rate of increase of confirmed cases over time**
