

**Covid-19 exploratory analysis, data fetched from CSSE
Github data repository, John Hopkins University,
United States**

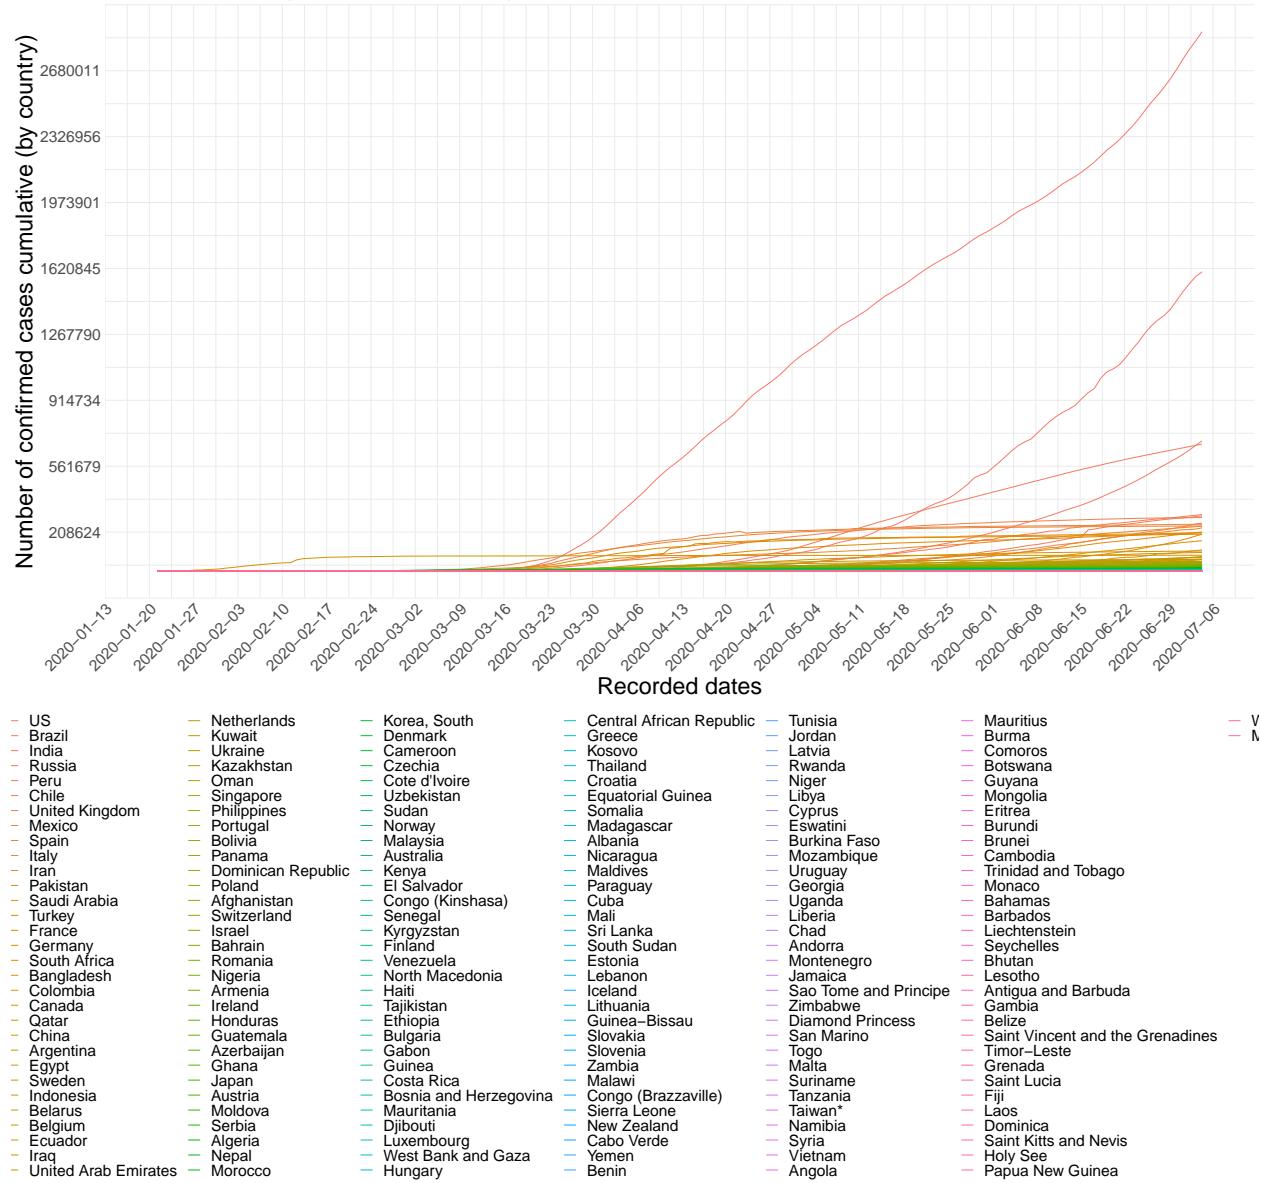

Saurajyoti Kar, Philadelphia, United States

Date Created: 2020-07-06

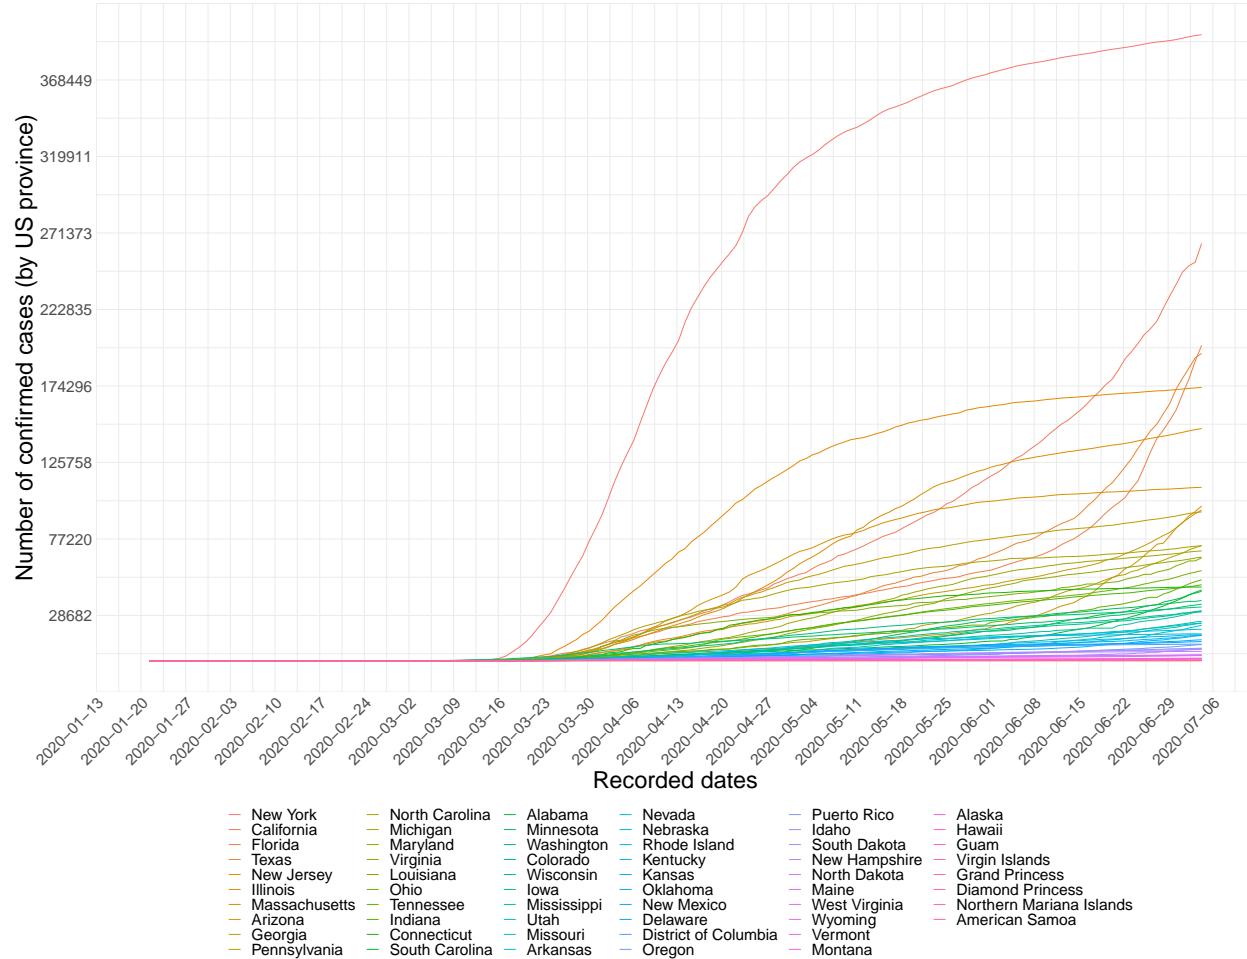

Confirmed cases across the world, cumulative counting

Confirmed cases by country. Total global cases 11,449,711.
 Countries in legend ranked by highest to lowest number of cases.

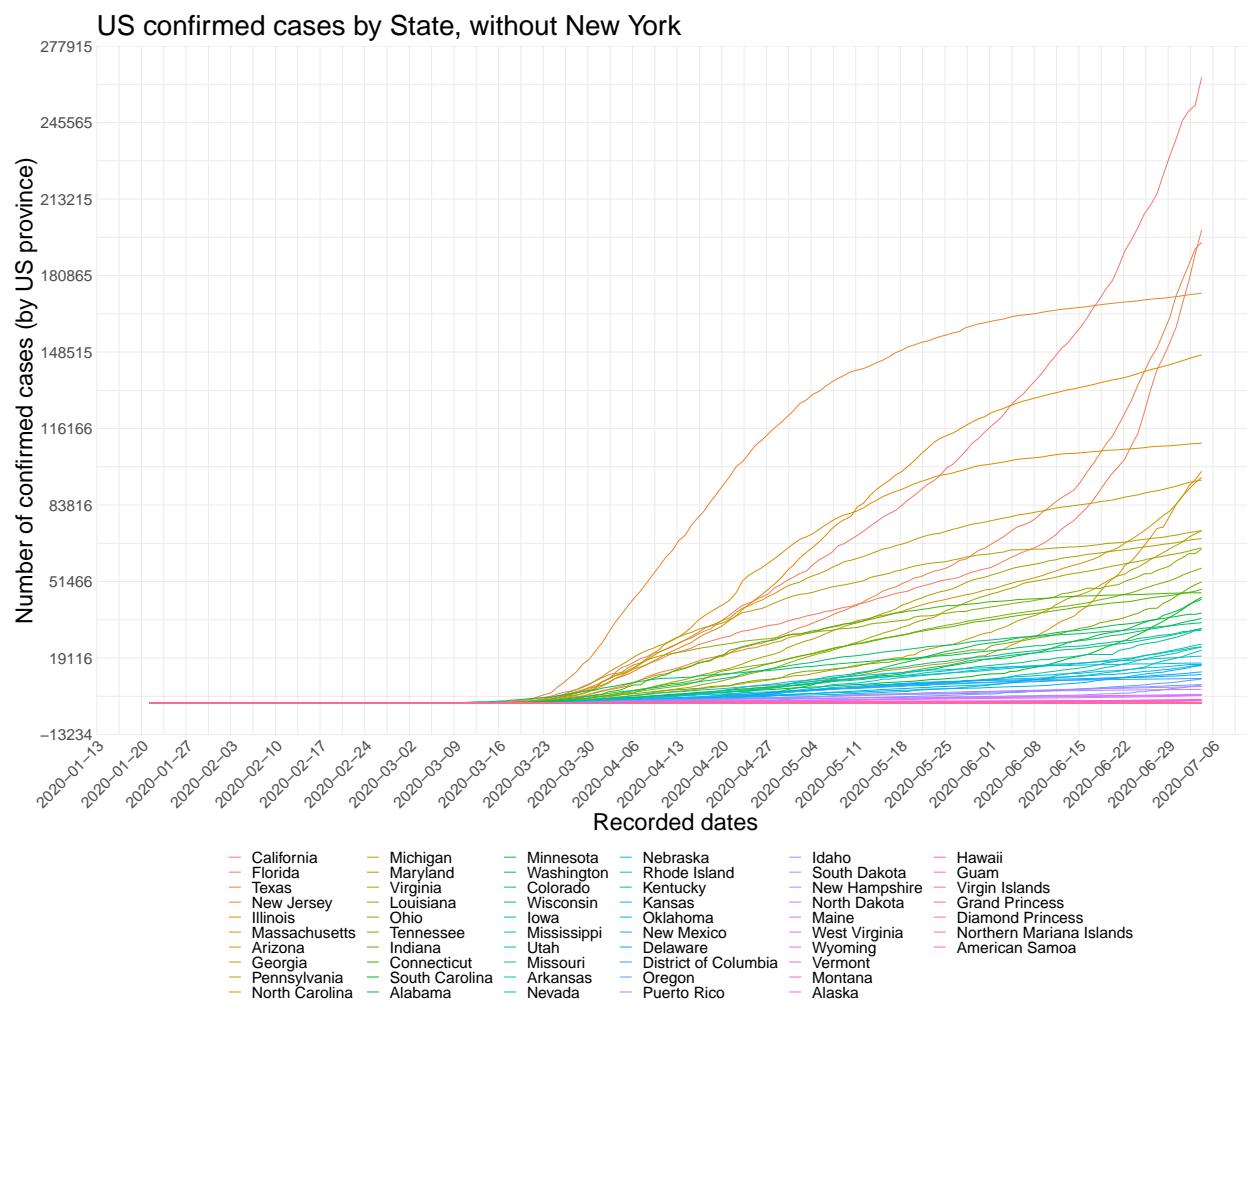

Confirmed cases in US states, cumulative counting

US confirmed cases by State. Total confirmed cases in US: 2,888,635

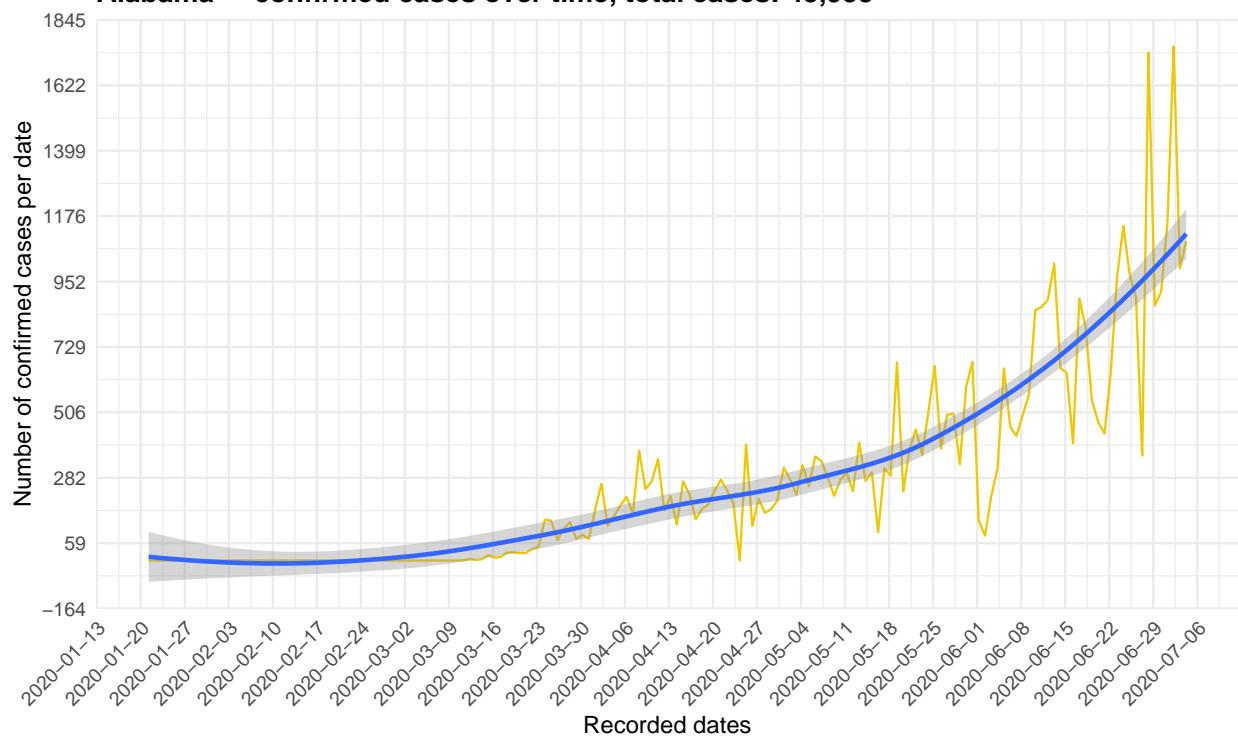

Confirmed cases in US states except New York, cumulative counting

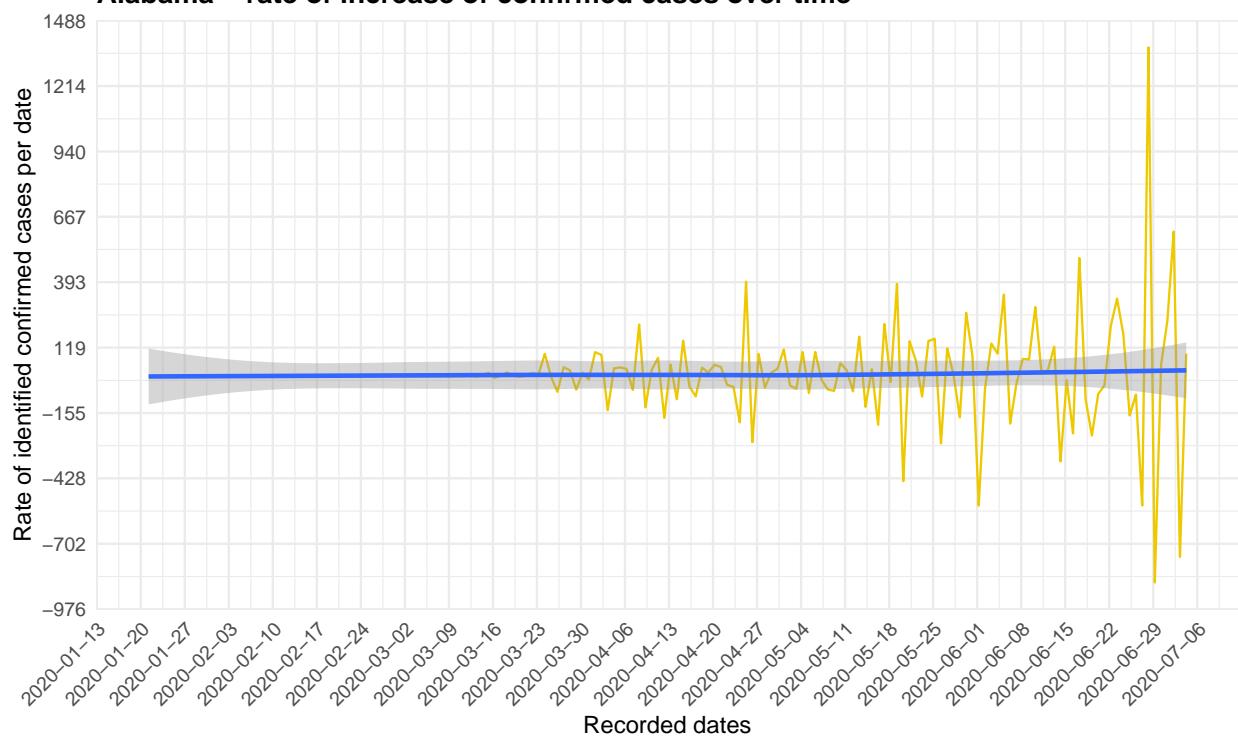

Confirmed cases by State or Province, per day counting and rate of increase per day

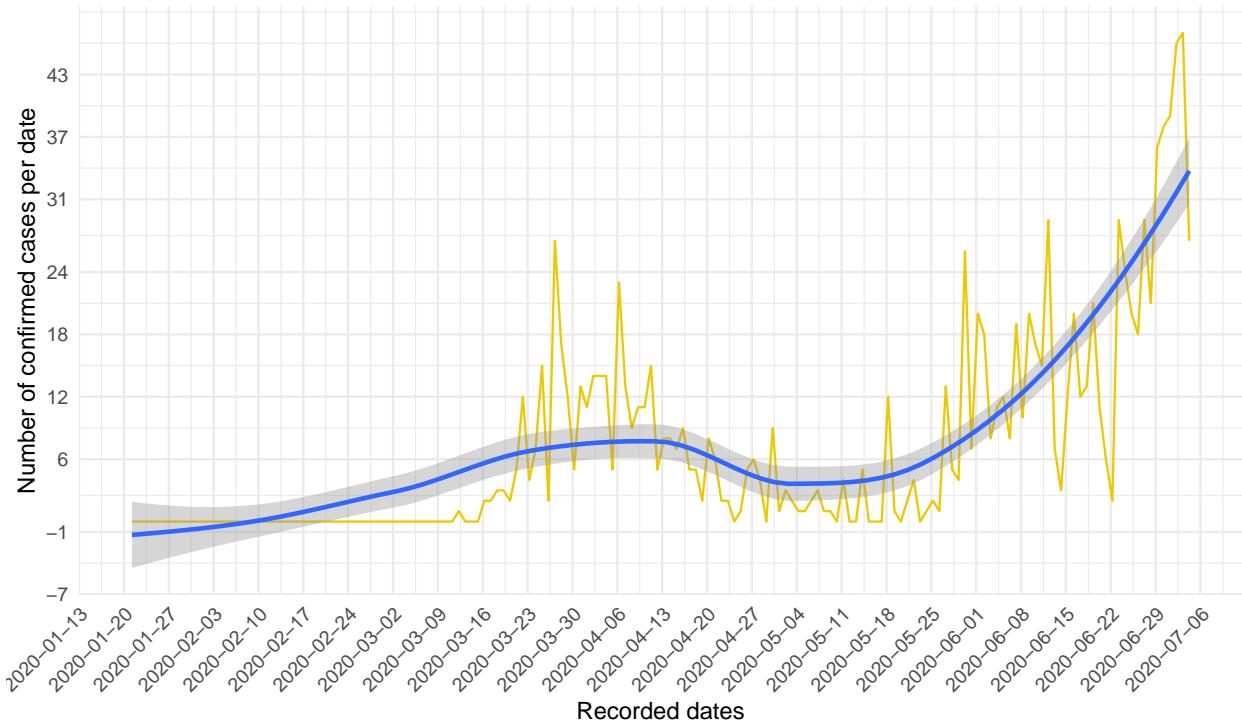

Alabama – confirmed cases over time, total cases: 43,953

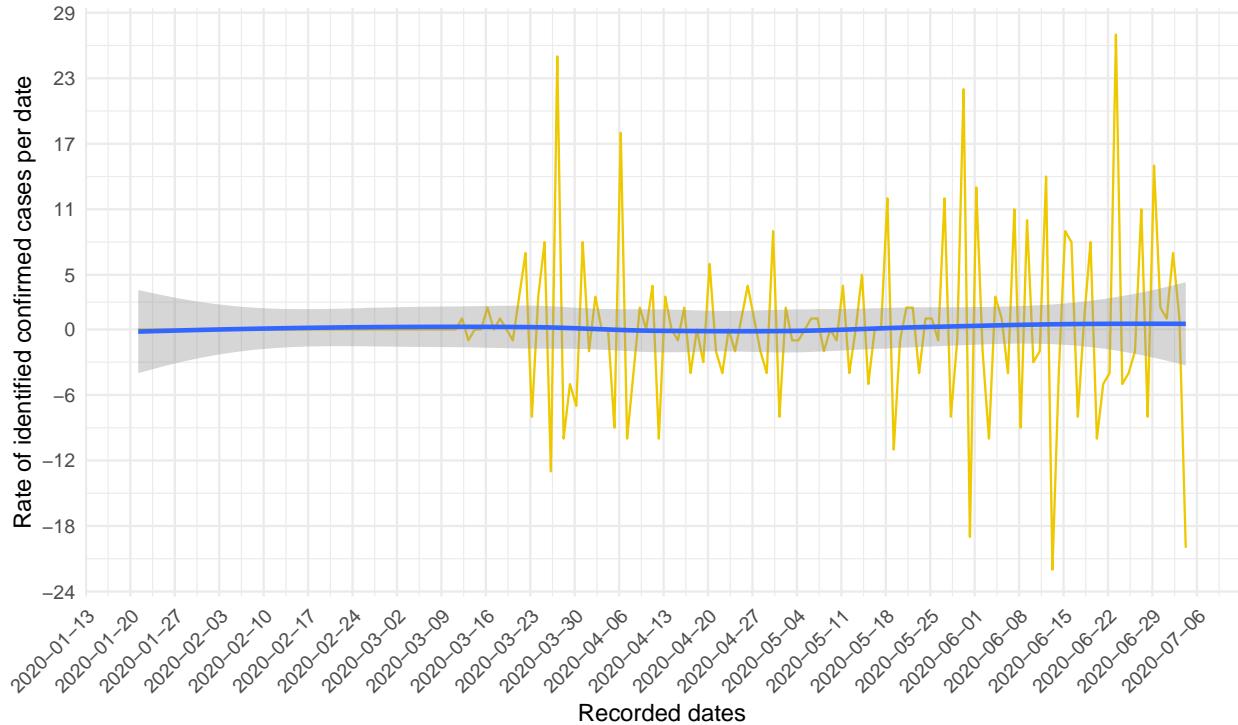

Alabama – rate of increase of confirmed cases over time

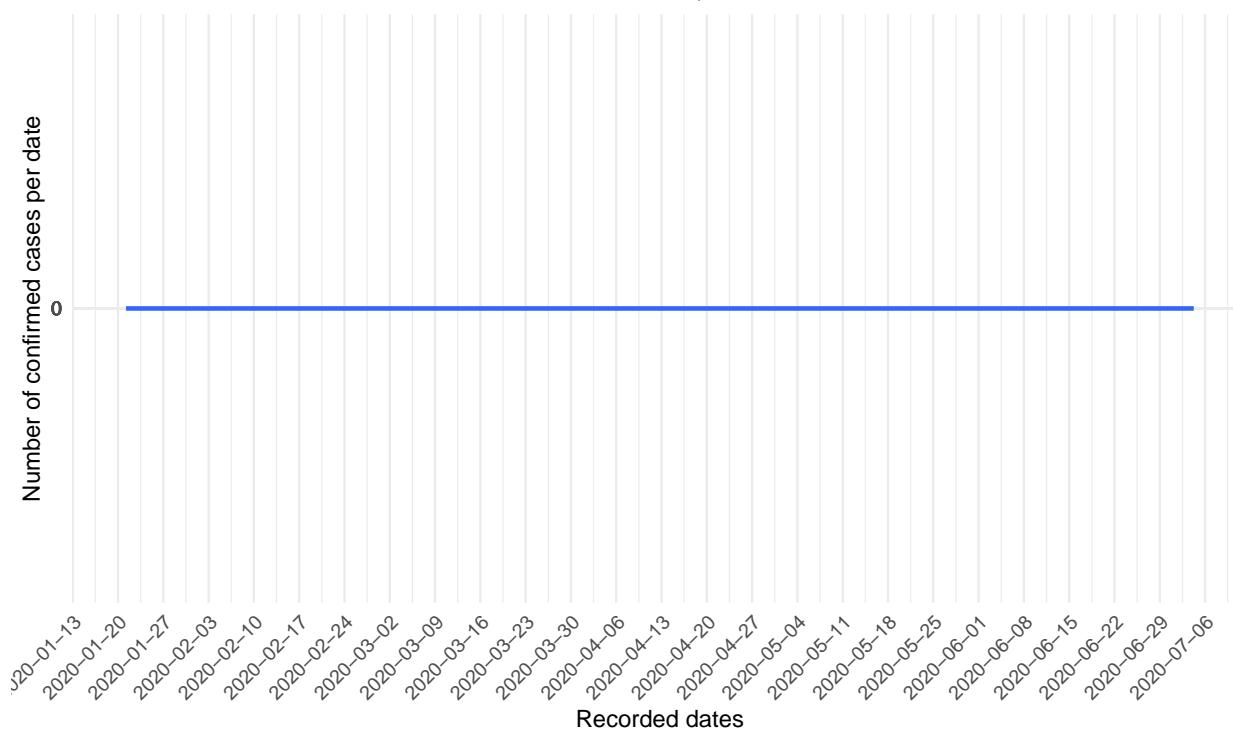

Alaska – confirmed cases over time, total cases: 1,134

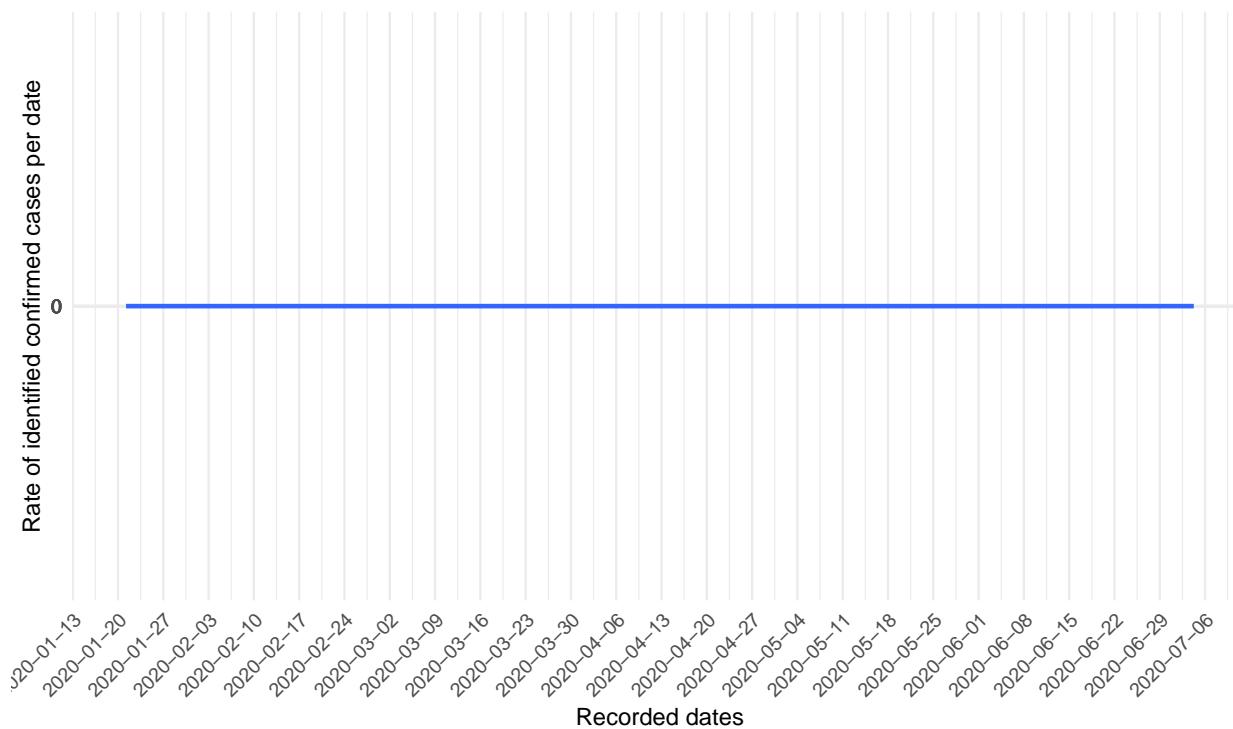

Alaska – rate of increase of confirmed cases over time

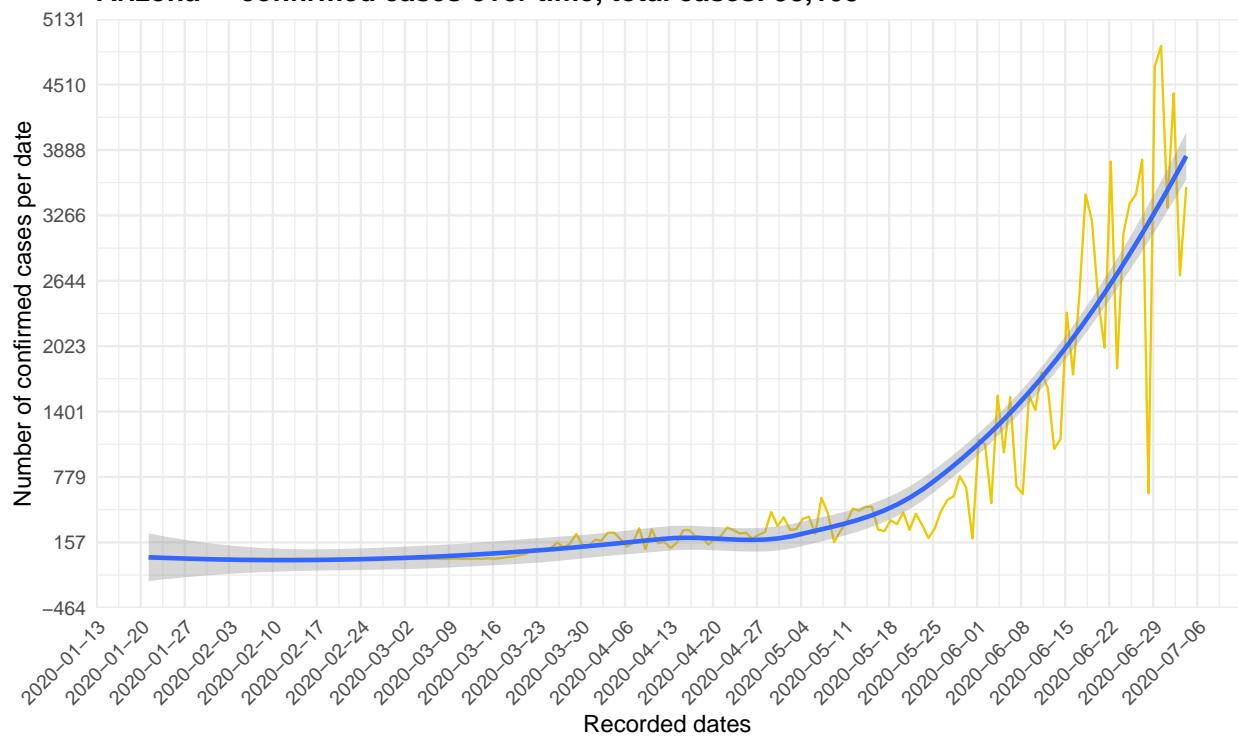

American Samoa – confirmed cases over time, total cases: 0

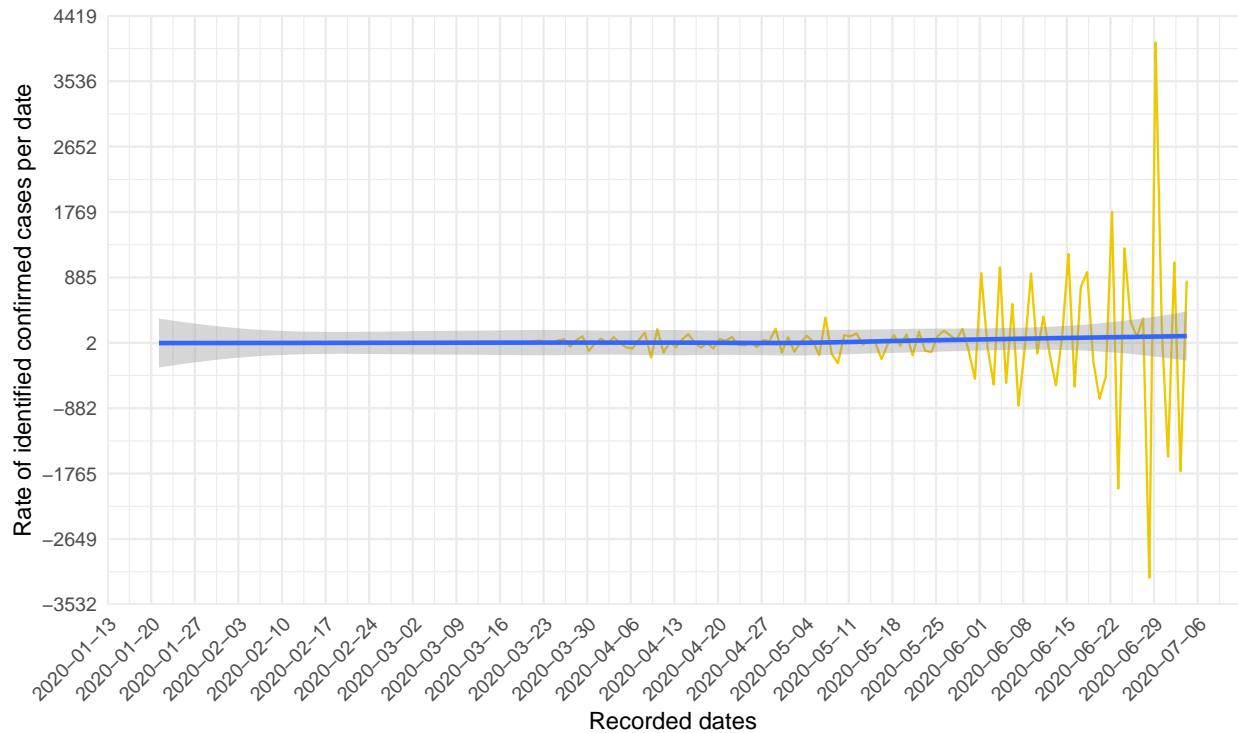

American Samoa – rate of increase of confirmed cases over time

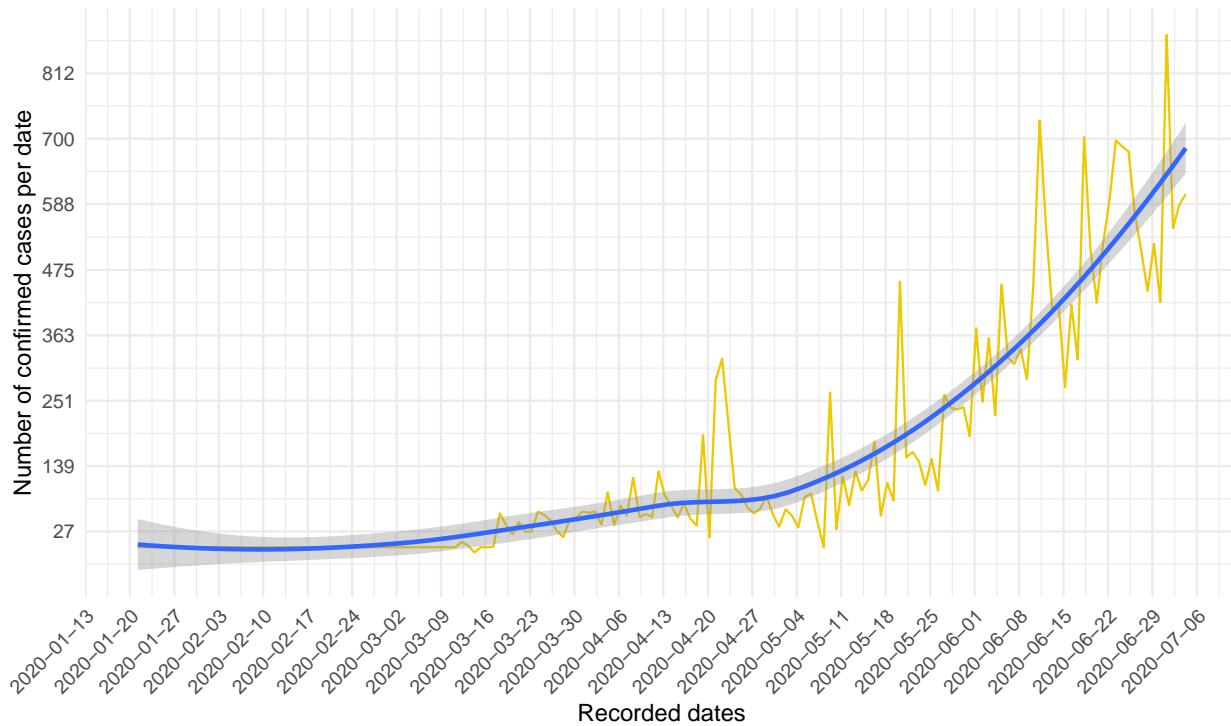

Arizona – confirmed cases over time, total cases: 98,103

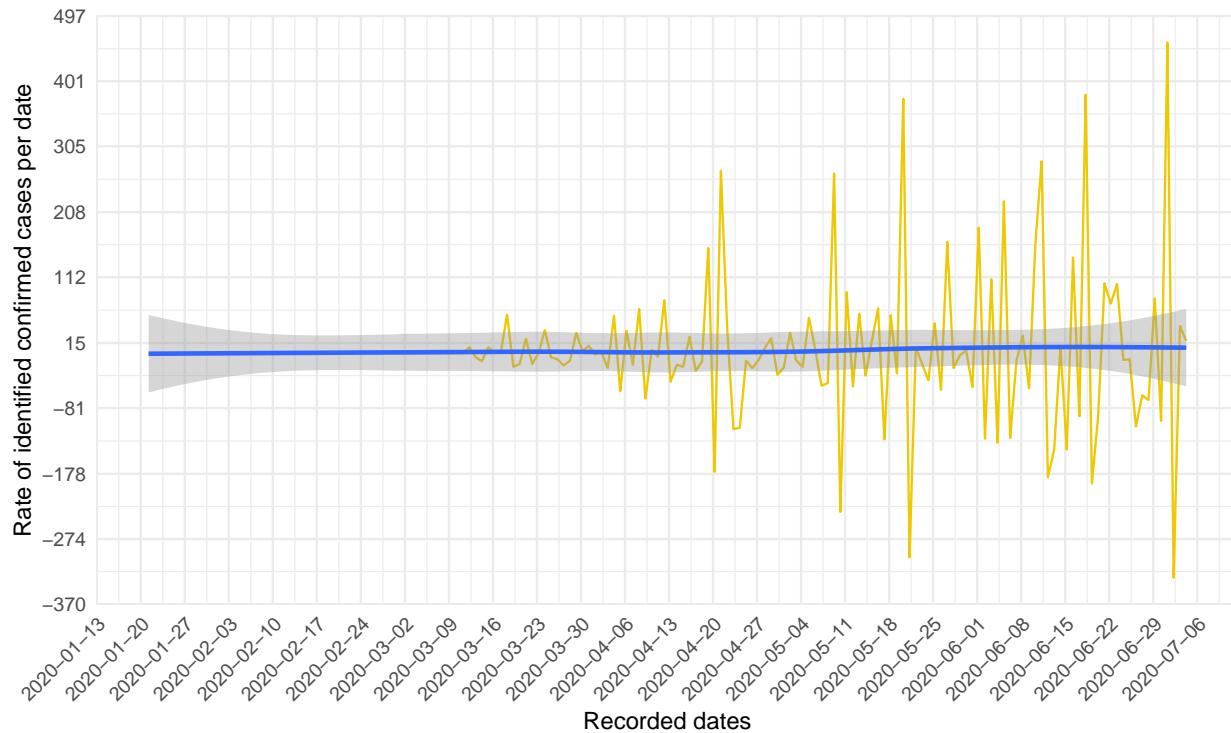

Arizona – rate of increase of confirmed cases over time

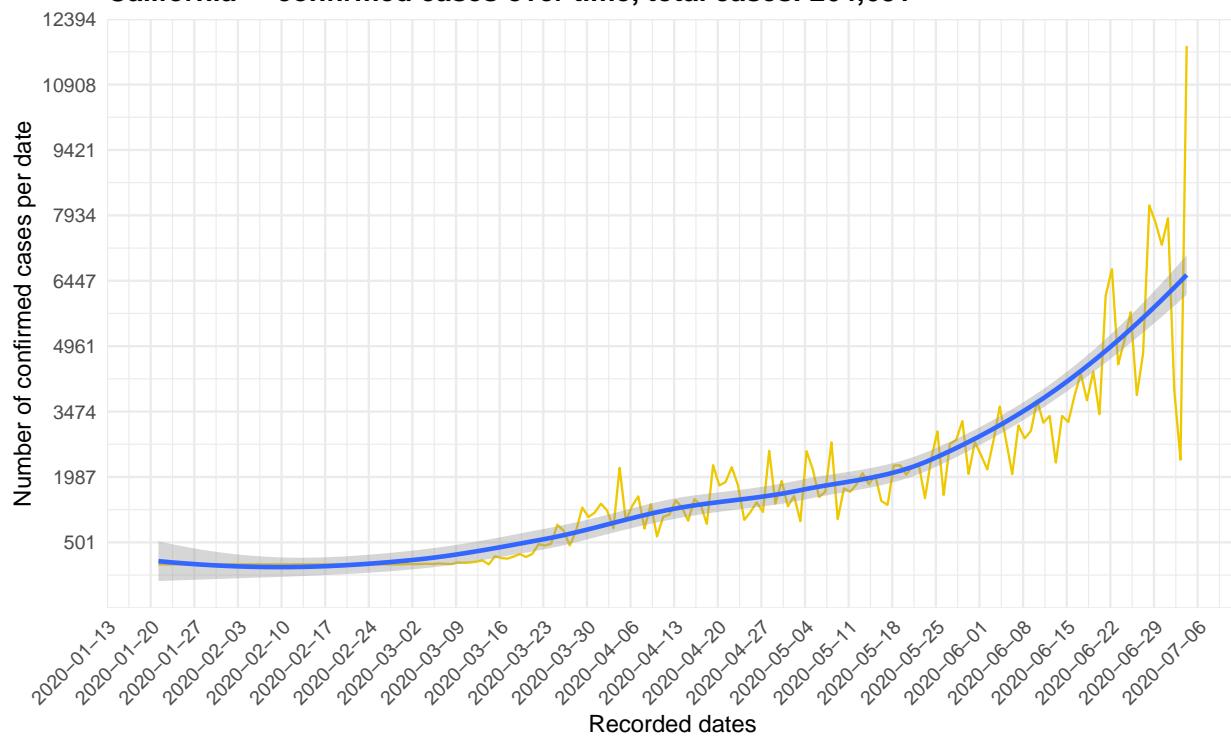

Arkansas – confirmed cases over time, total cases: 23,814

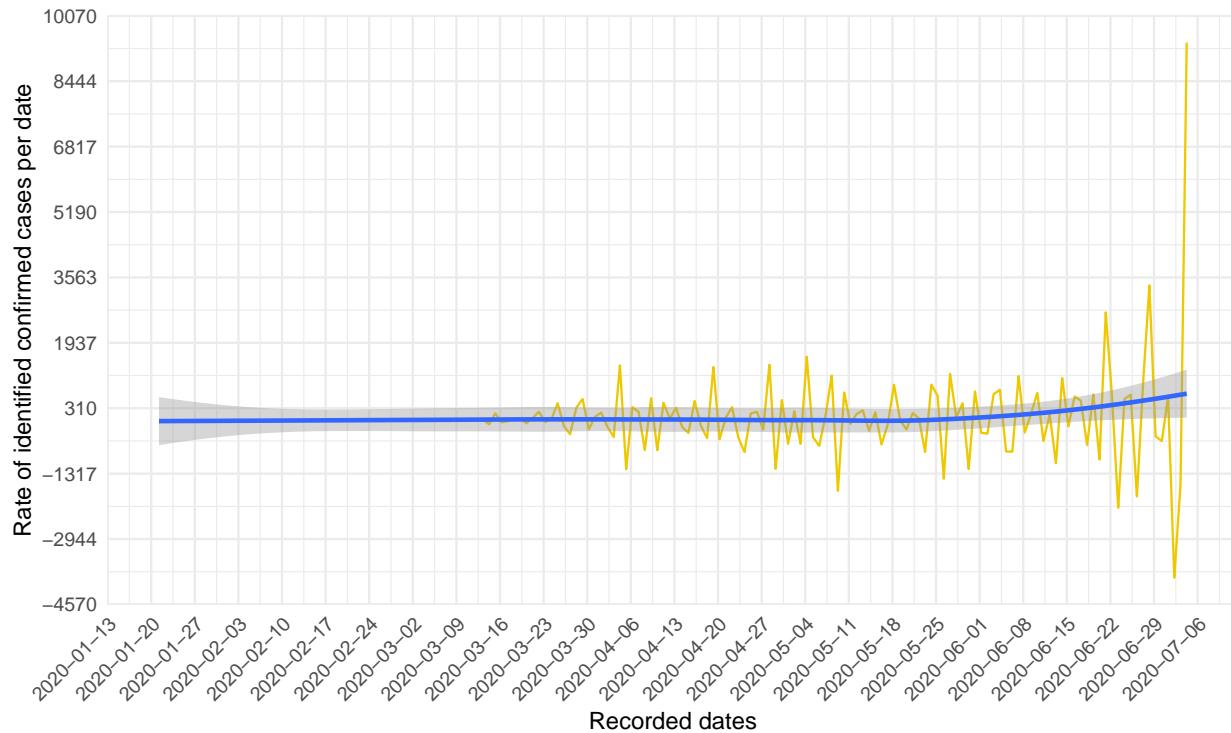

Arkansas – rate of increase of confirmed cases over time

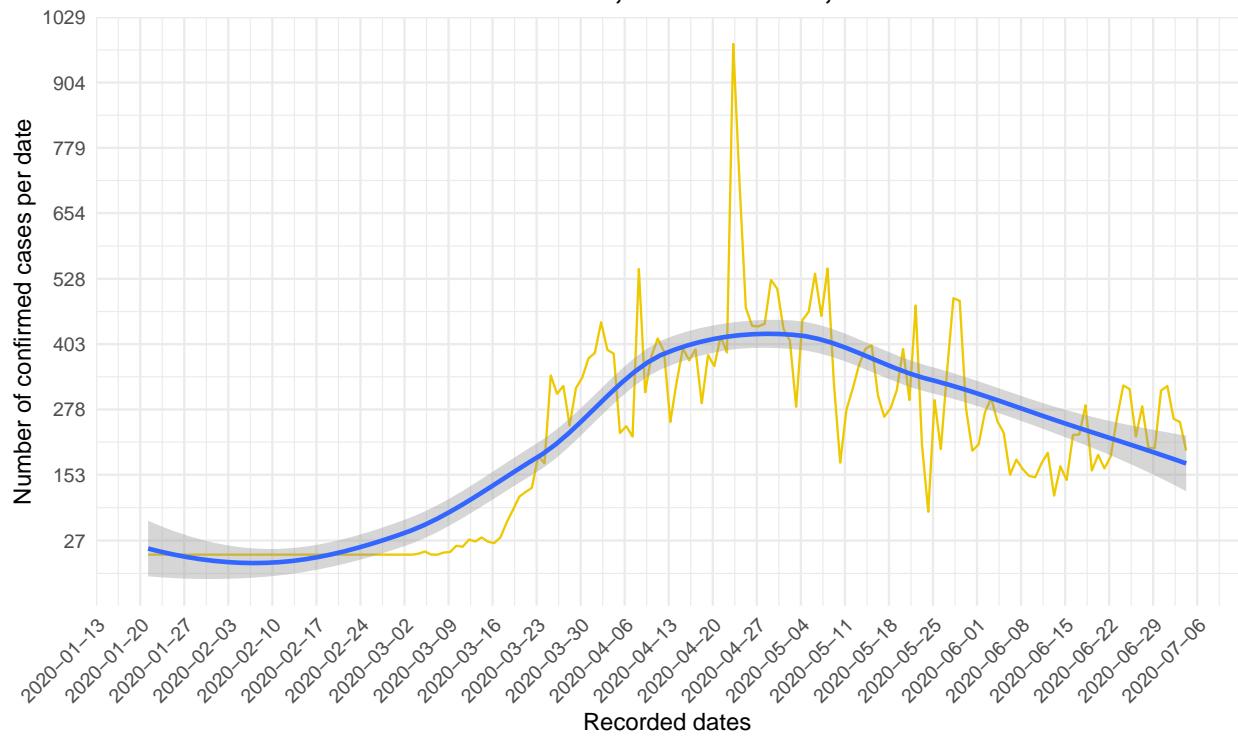

California – confirmed cases over time, total cases: 264,681

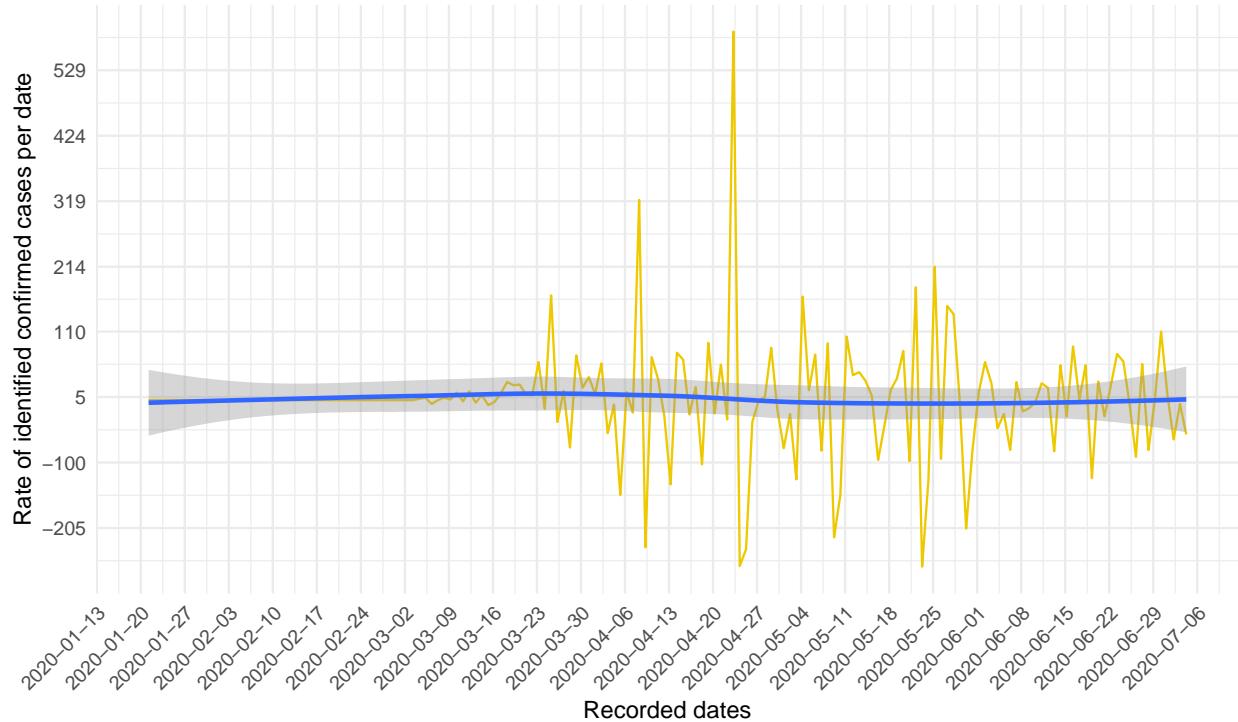

California – rate of increase of confirmed cases over time

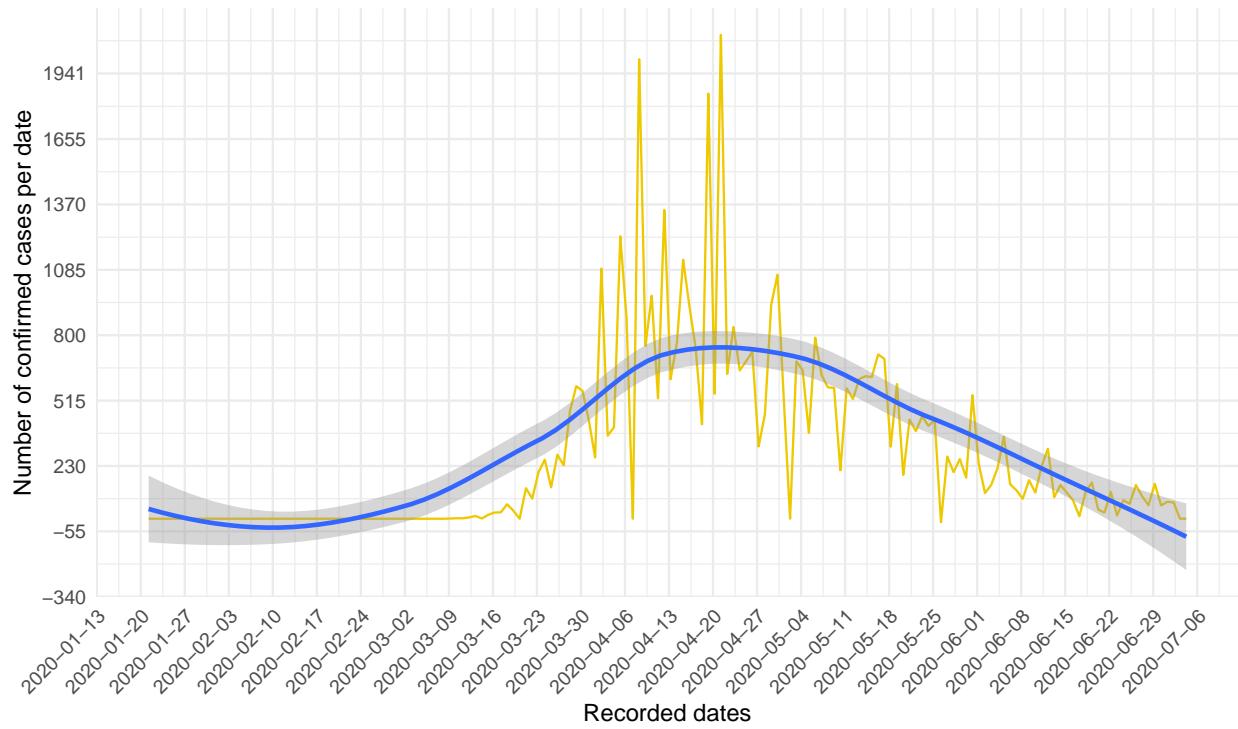

Colorado – confirmed cases over time, total cases: 34,048

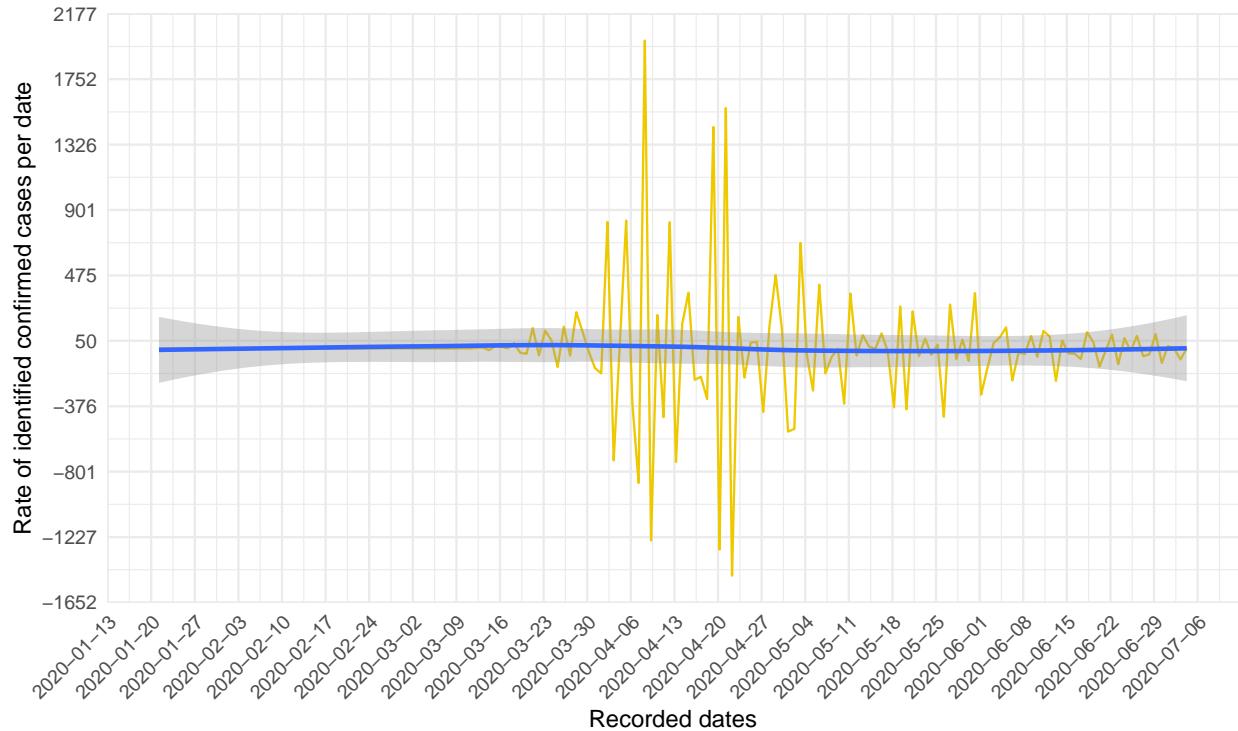

Colorado – rate of increase of confirmed cases over time

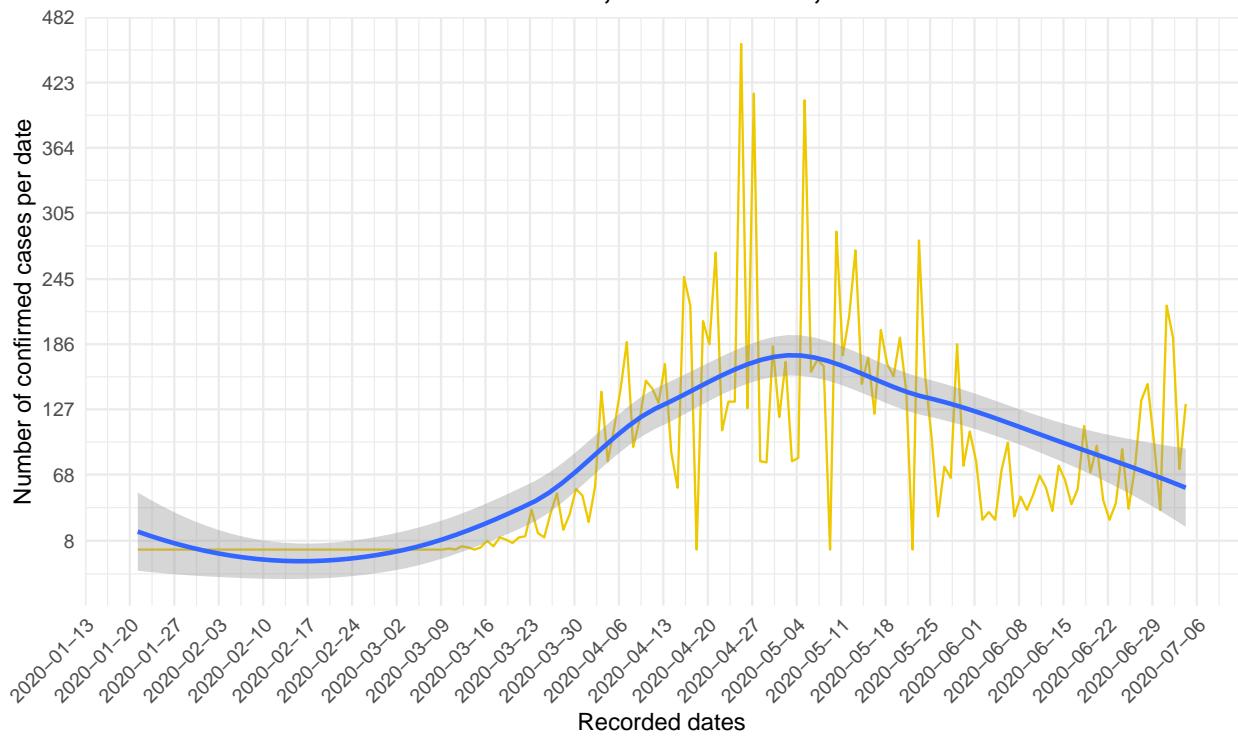

Connecticut – confirmed cases over time, total cases: 46,717

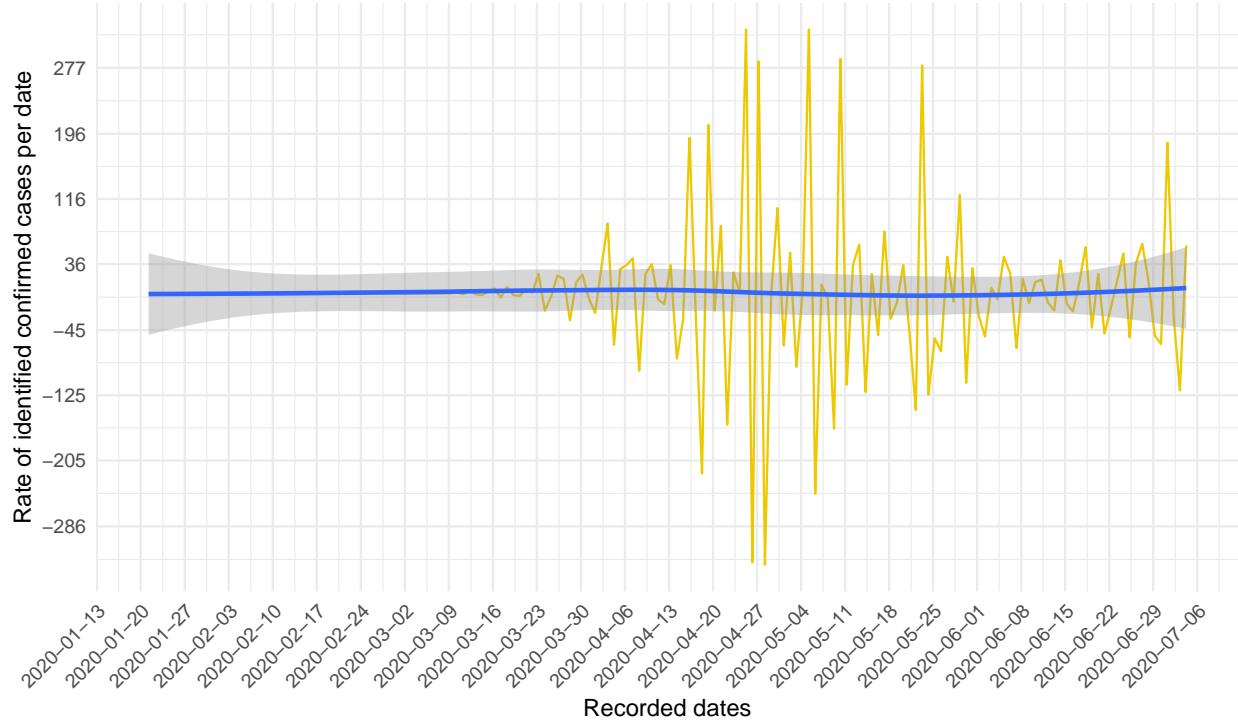

Connecticut – rate of increase of confirmed cases over time

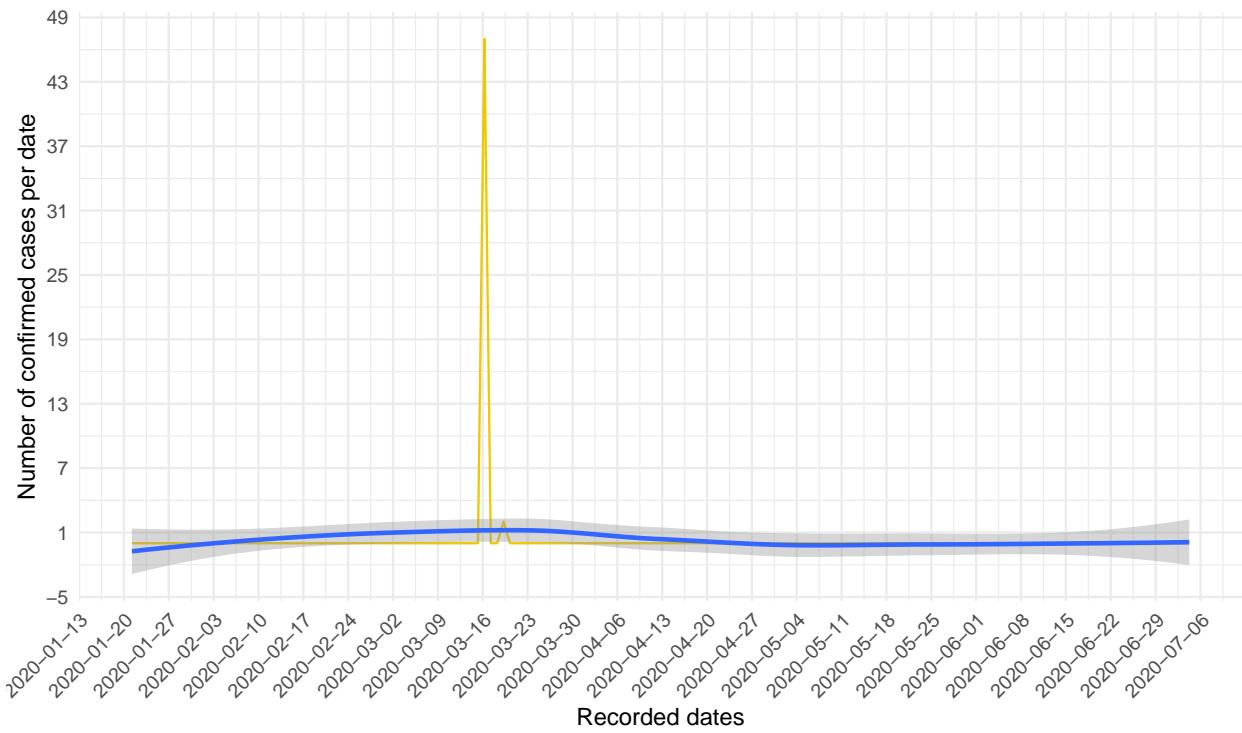

Delaware – confirmed cases over time, total cases: 12,128

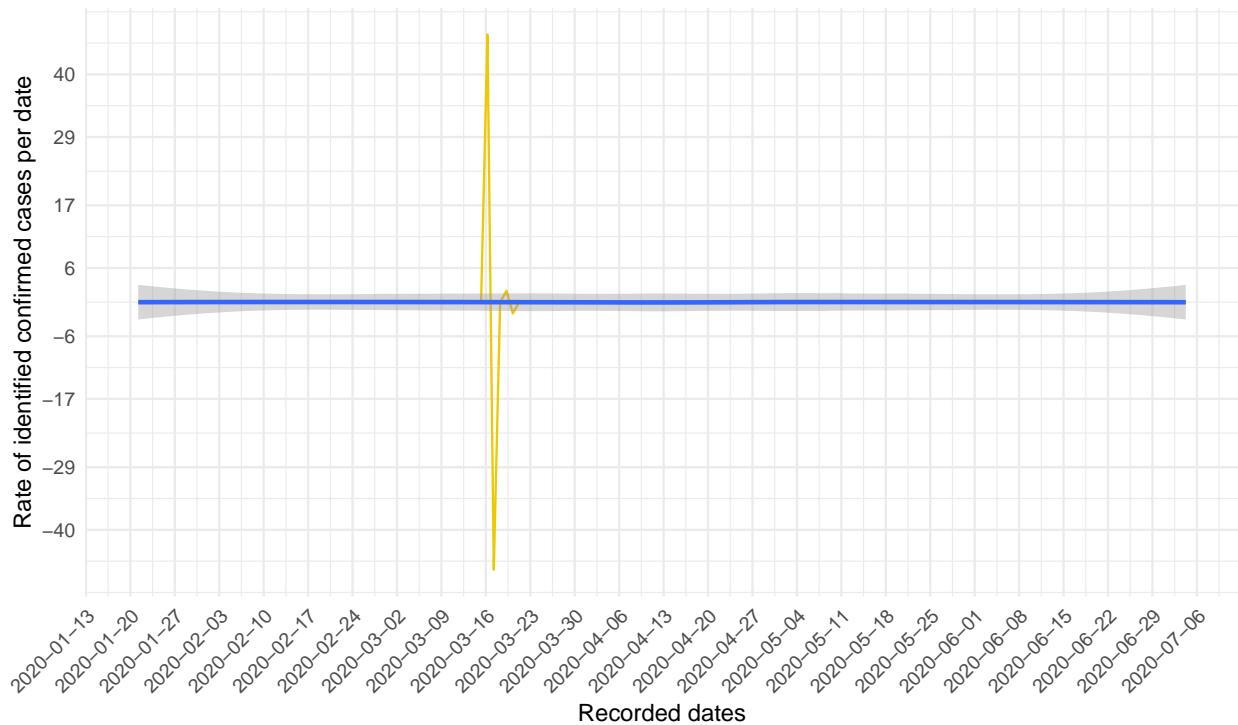

Delaware – rate of increase of confirmed cases over time

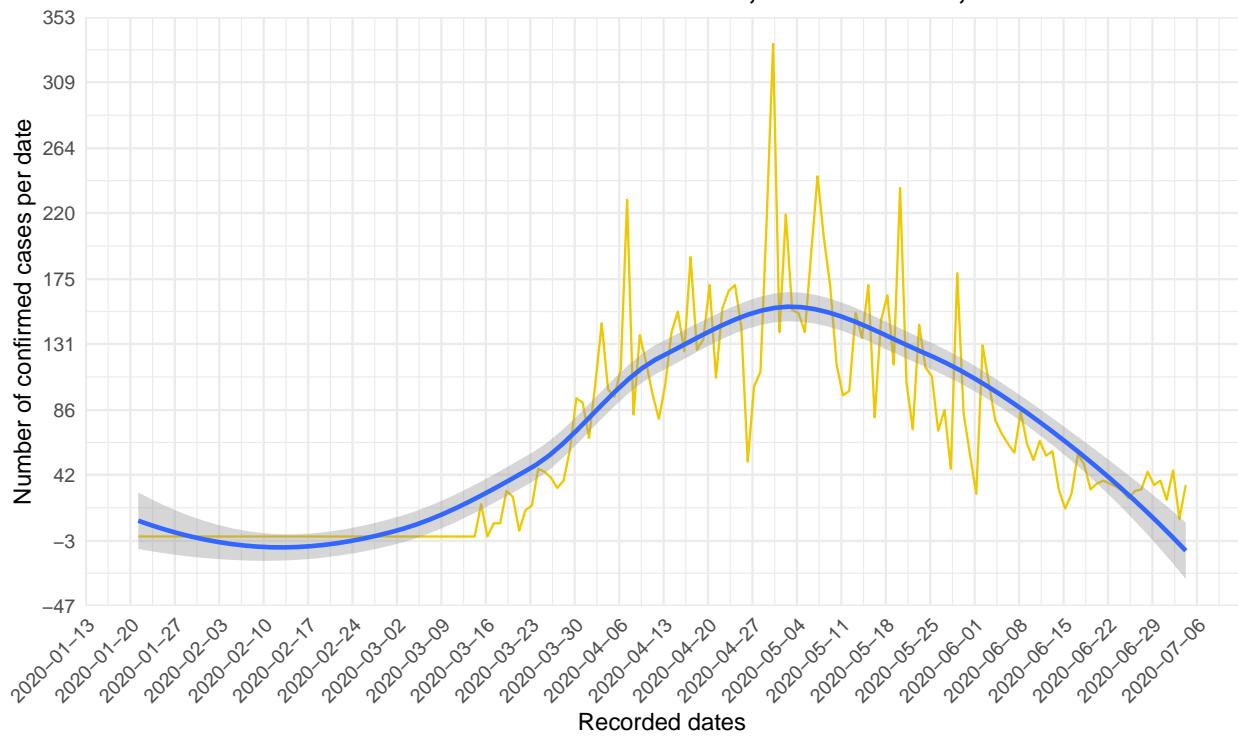

Diamond Princess – confirmed cases over time, total cases: 49

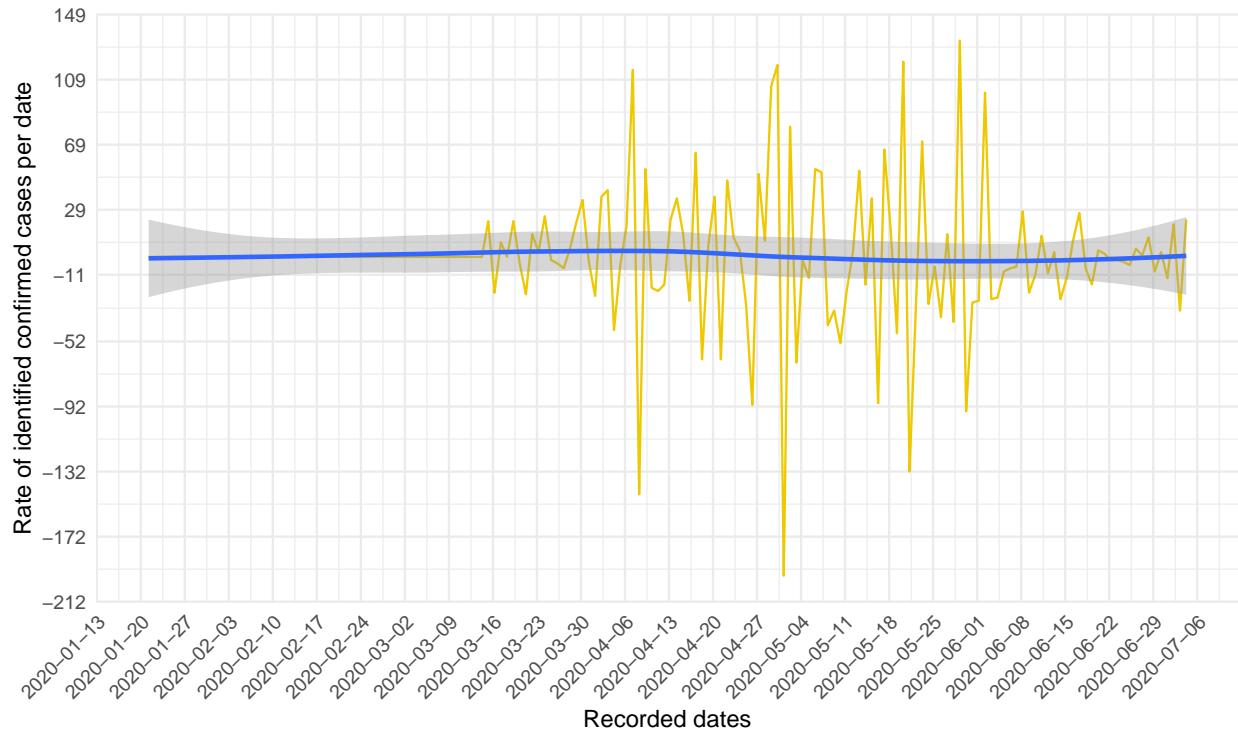

Diamond Princess – rate of increase of confirmed cases over time

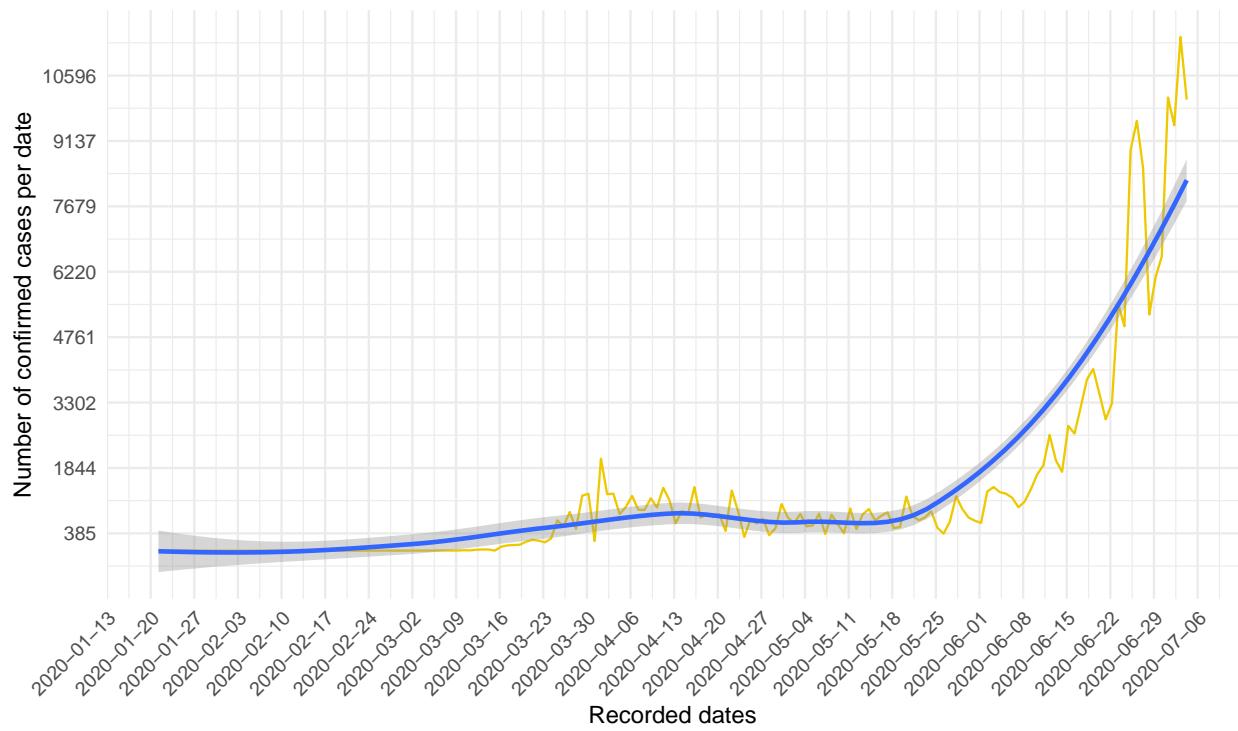

District of Columbia – confirmed cases over time, total cases: 10,482

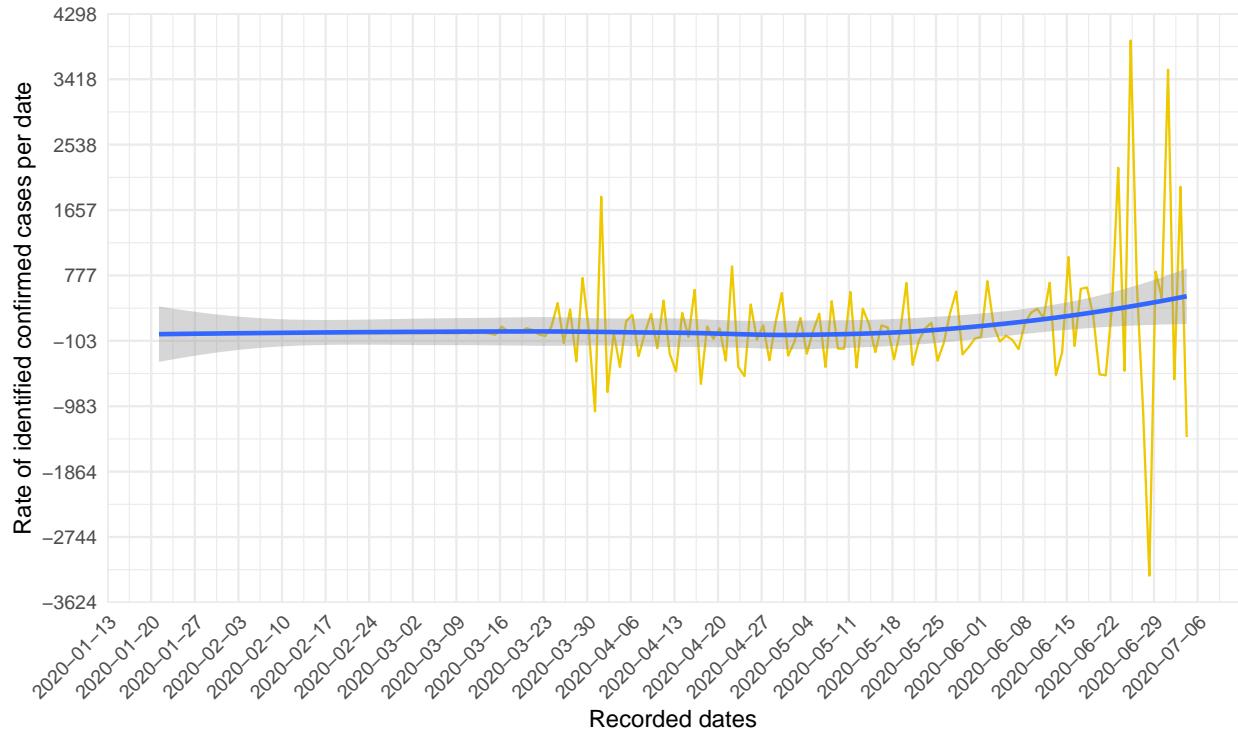

District of Columbia – rate of increase of confirmed cases over time

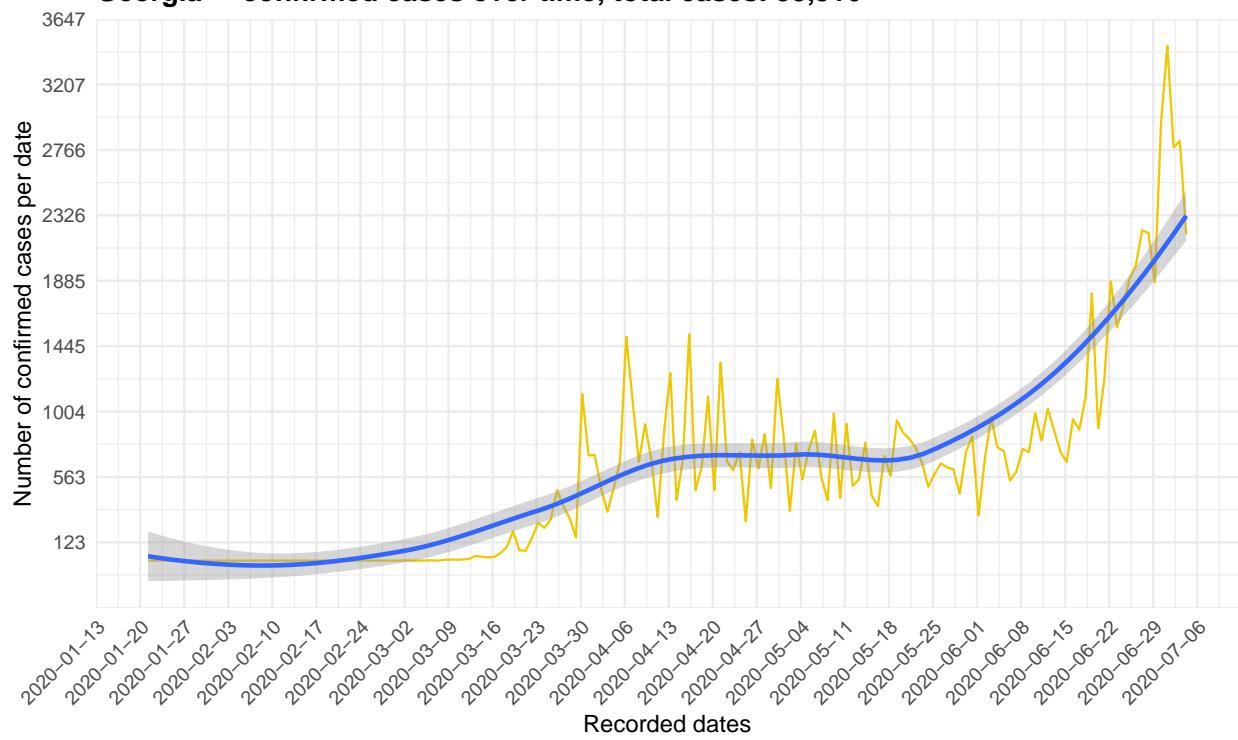

Florida – confirmed cases over time, total cases: 200,111

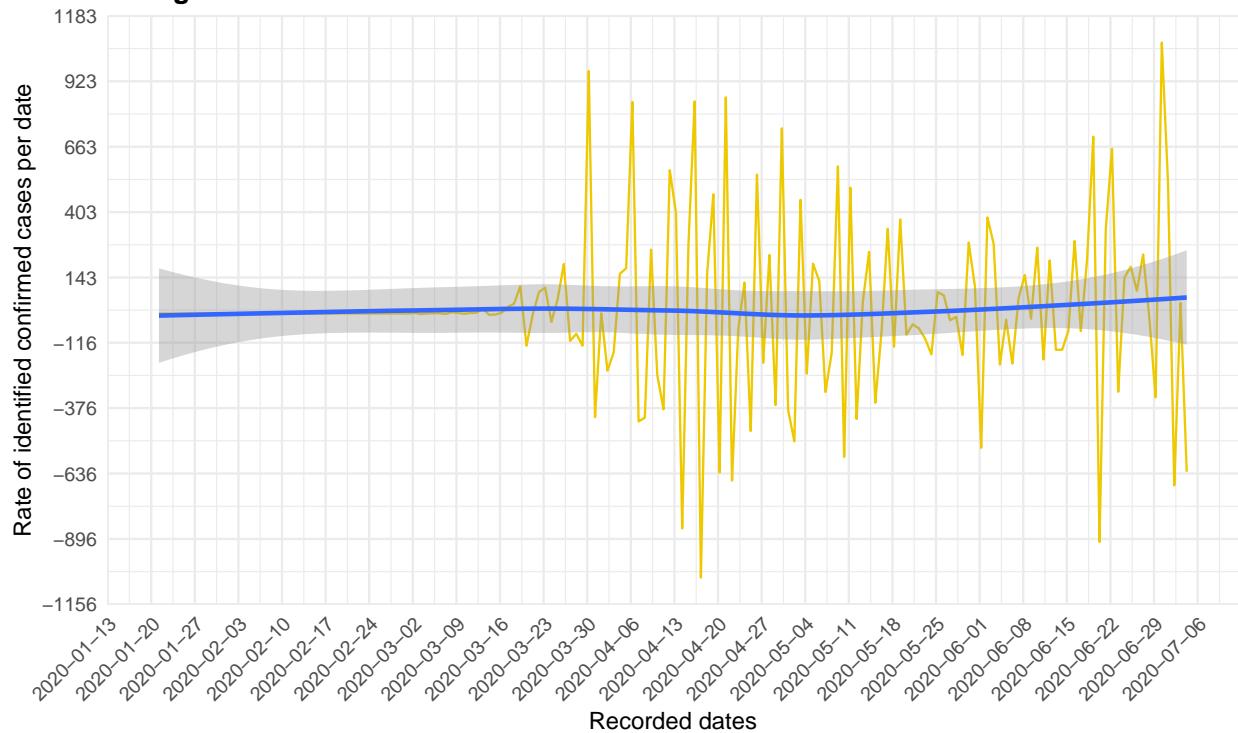

Florida – rate of increase of confirmed cases over time

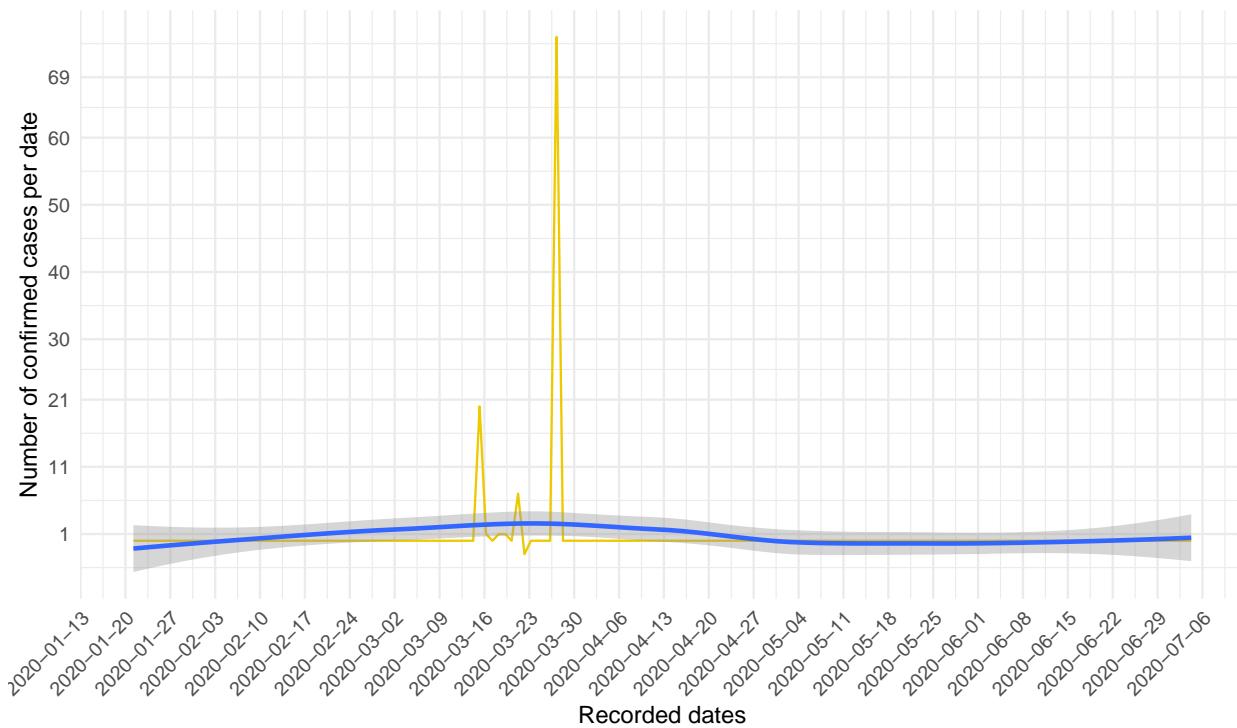

Georgia – confirmed cases over time, total cases: 95,516

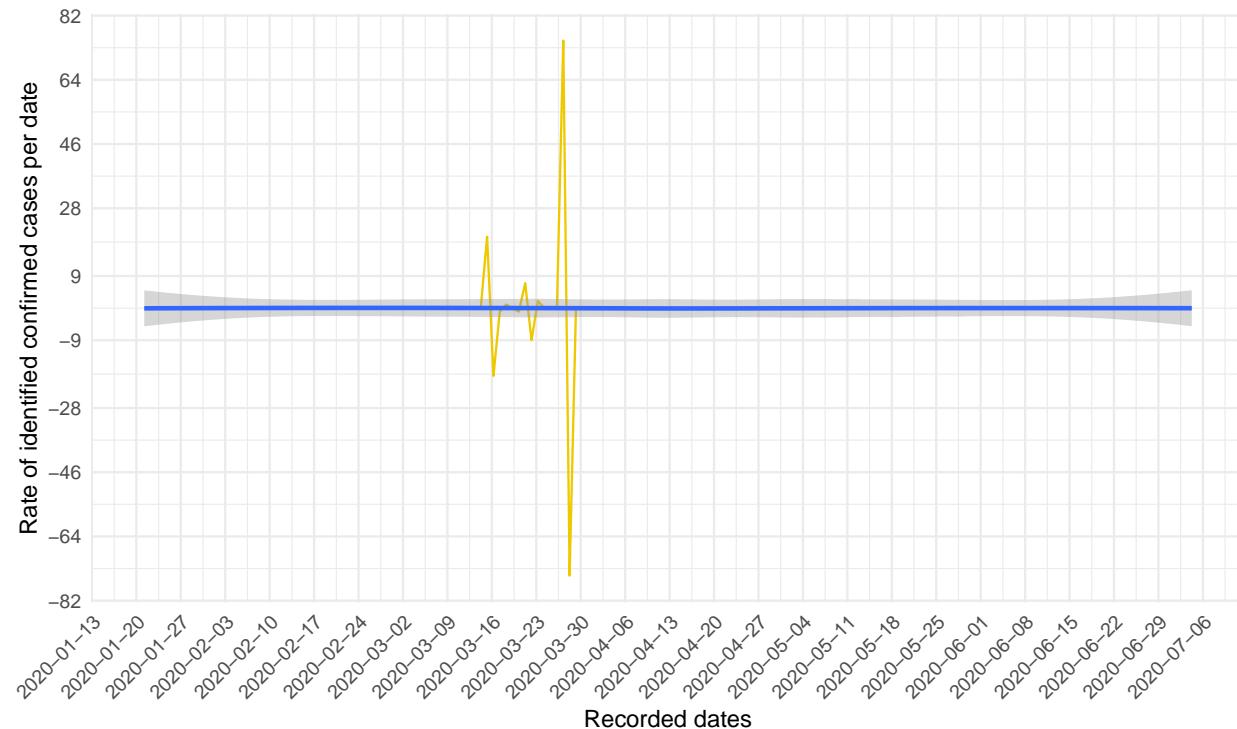

Georgia – rate of increase of confirmed cases over time

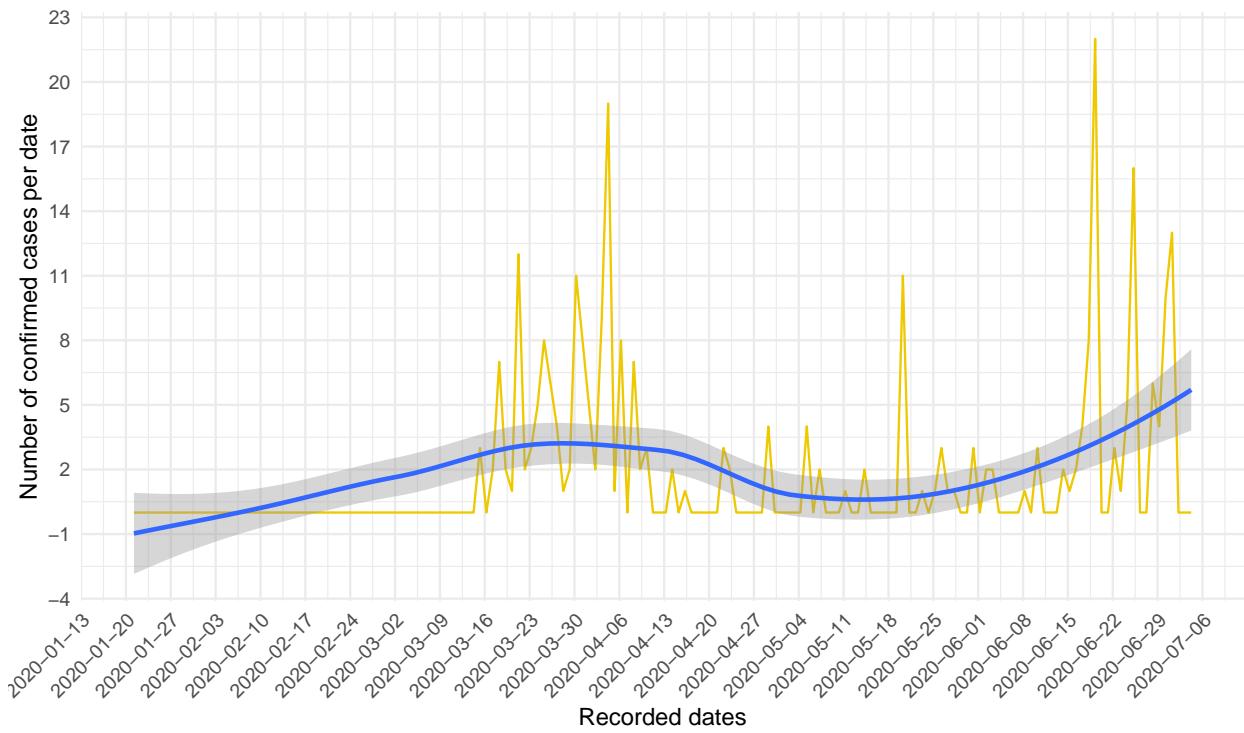

Grand Princess – confirmed cases over time, total cases: 103

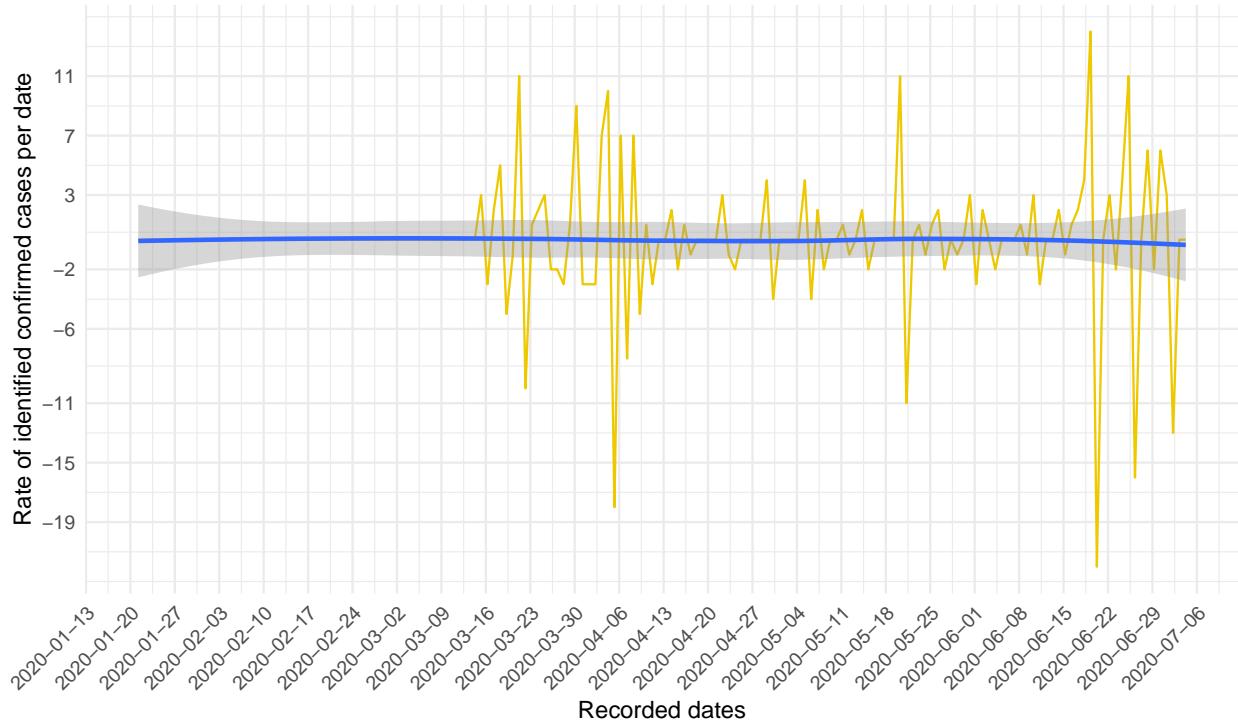

Grand Princess – rate of increase of confirmed cases over time

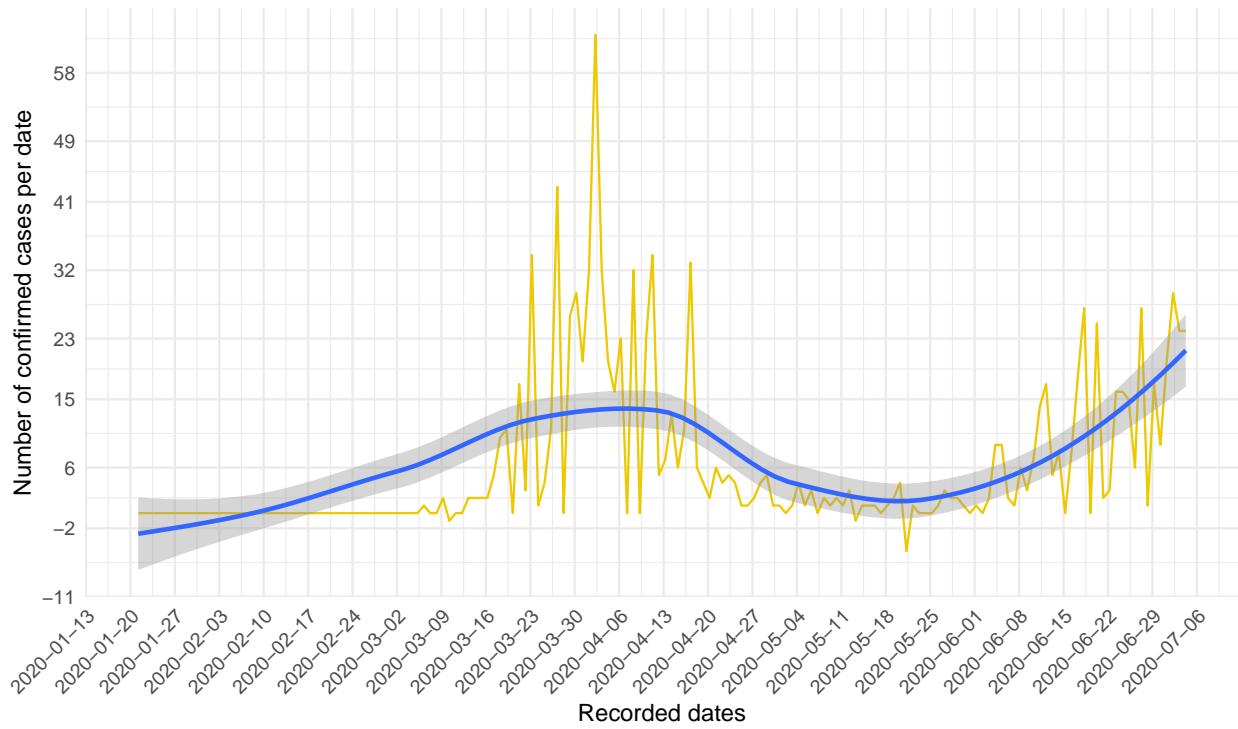

Guam – confirmed cases over time, total cases: 280

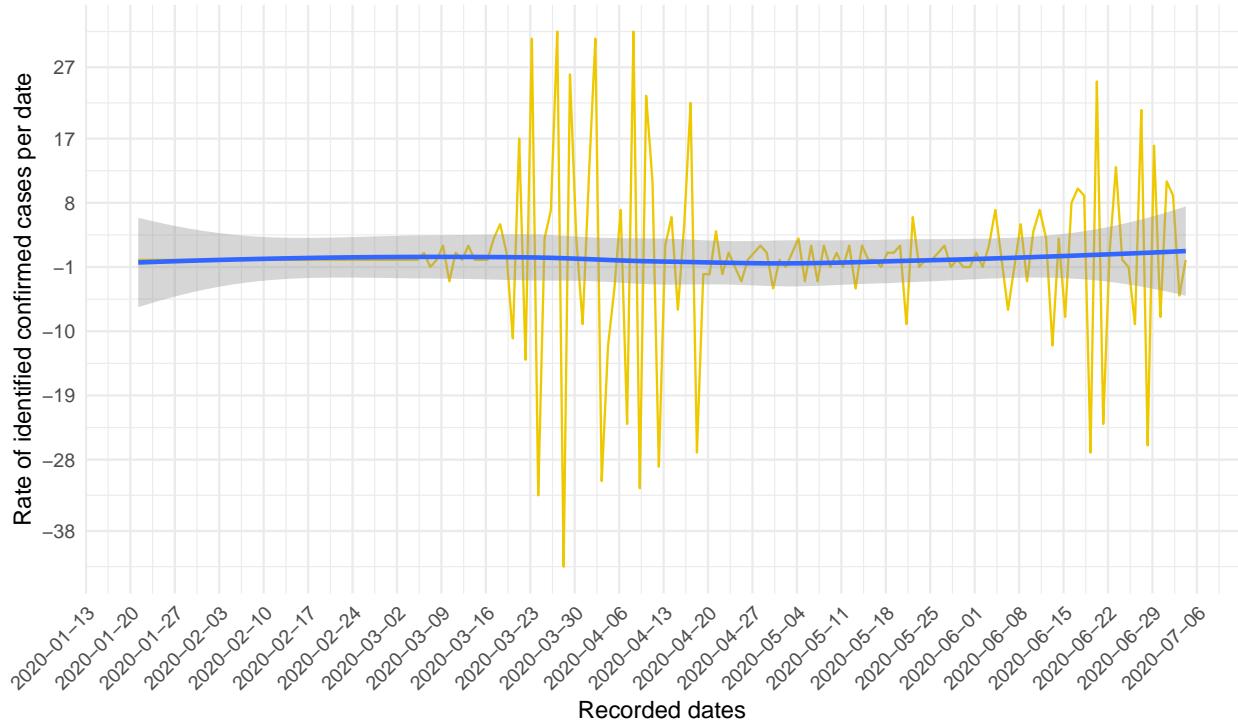

Guam – rate of increase of confirmed cases over time

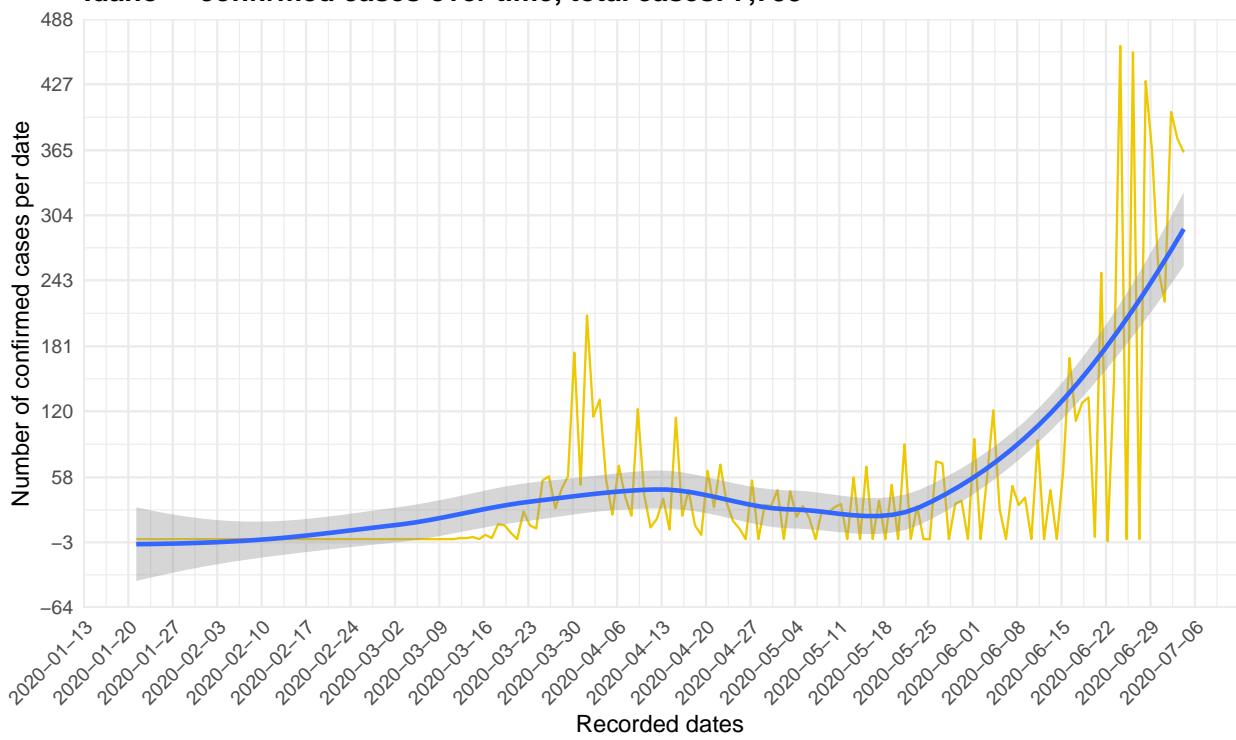

Hawaii – confirmed cases over time, total cases: 1,023

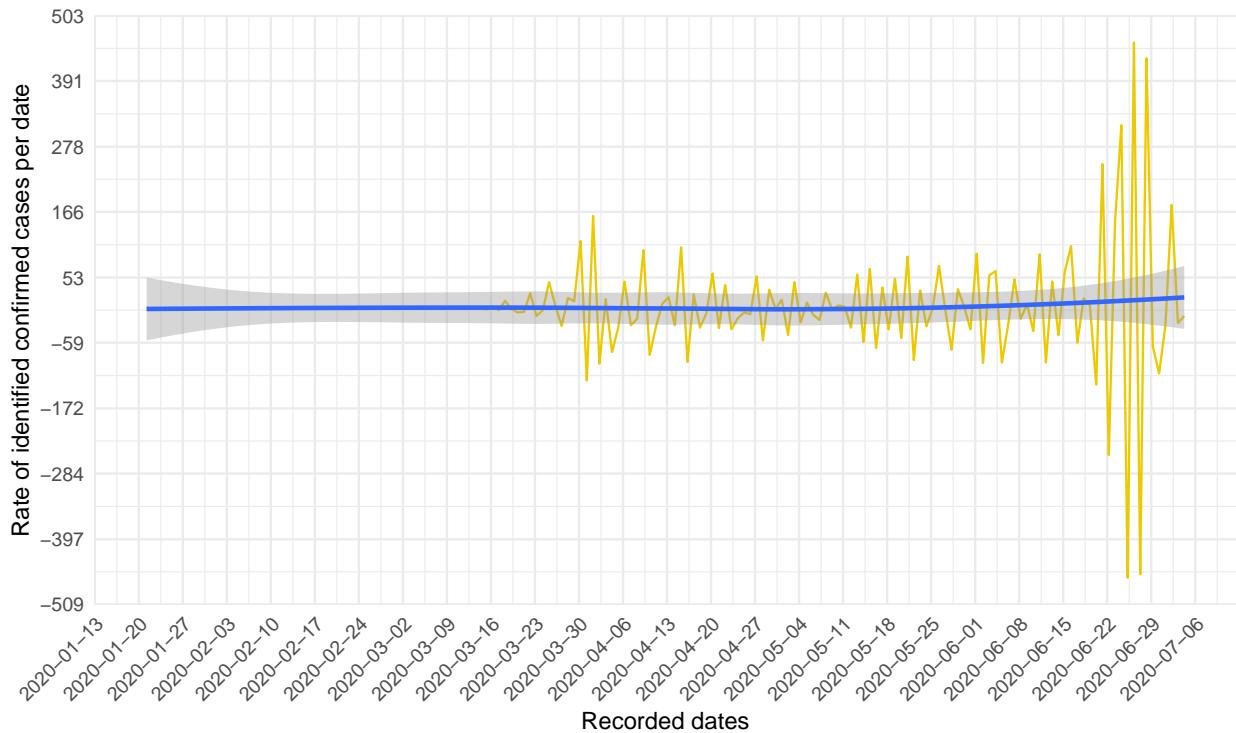

Hawaii – rate of increase of confirmed cases over time

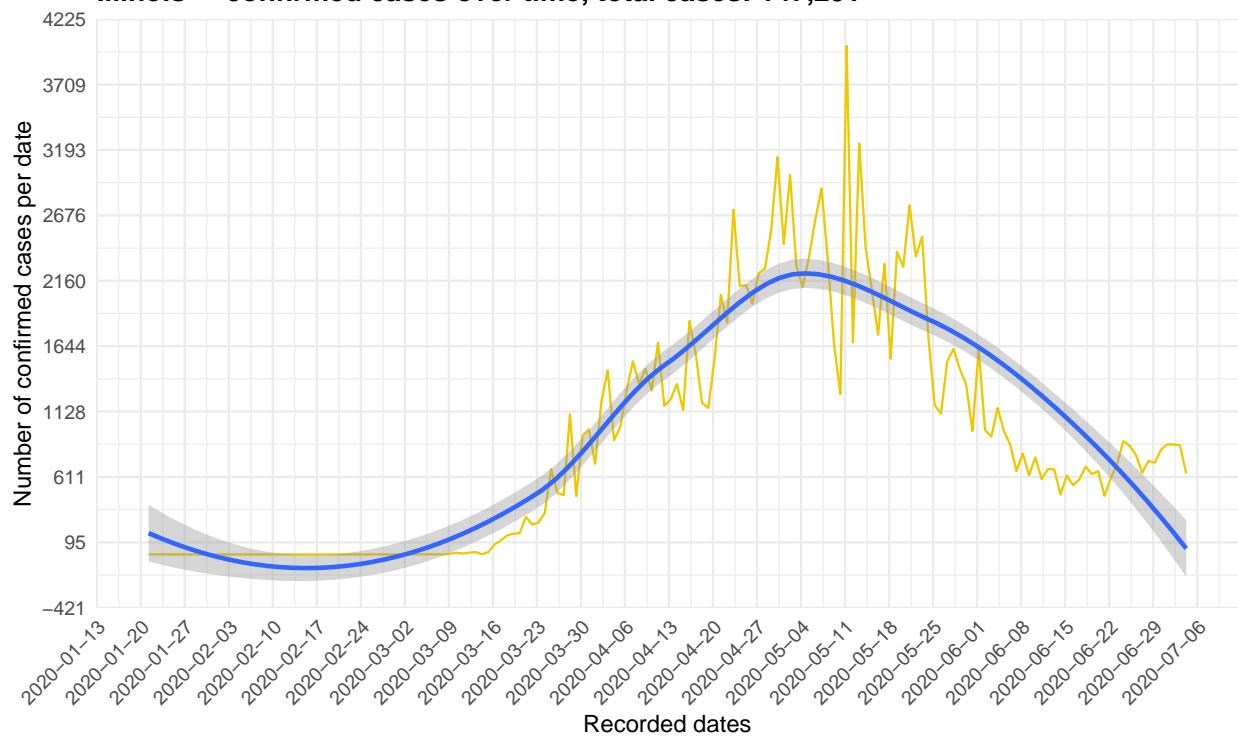

Idaho – confirmed cases over time, total cases: 7,733

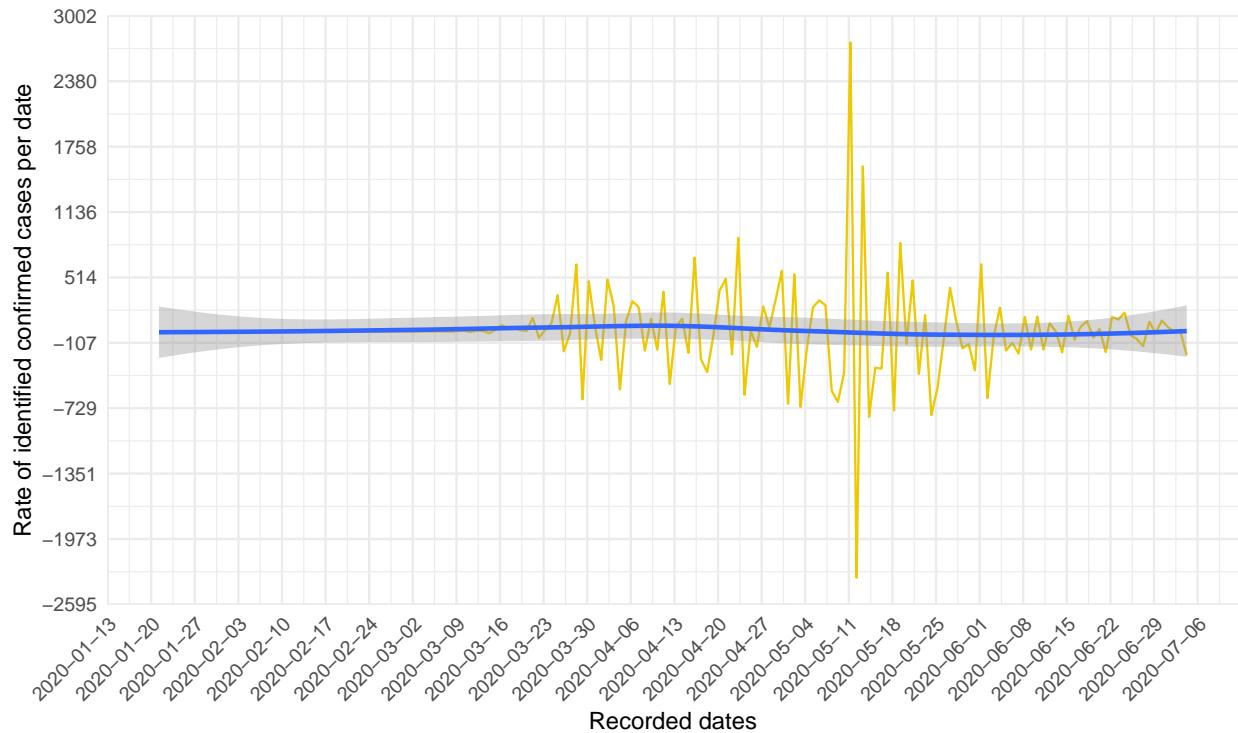

Idaho – rate of increase of confirmed cases over time

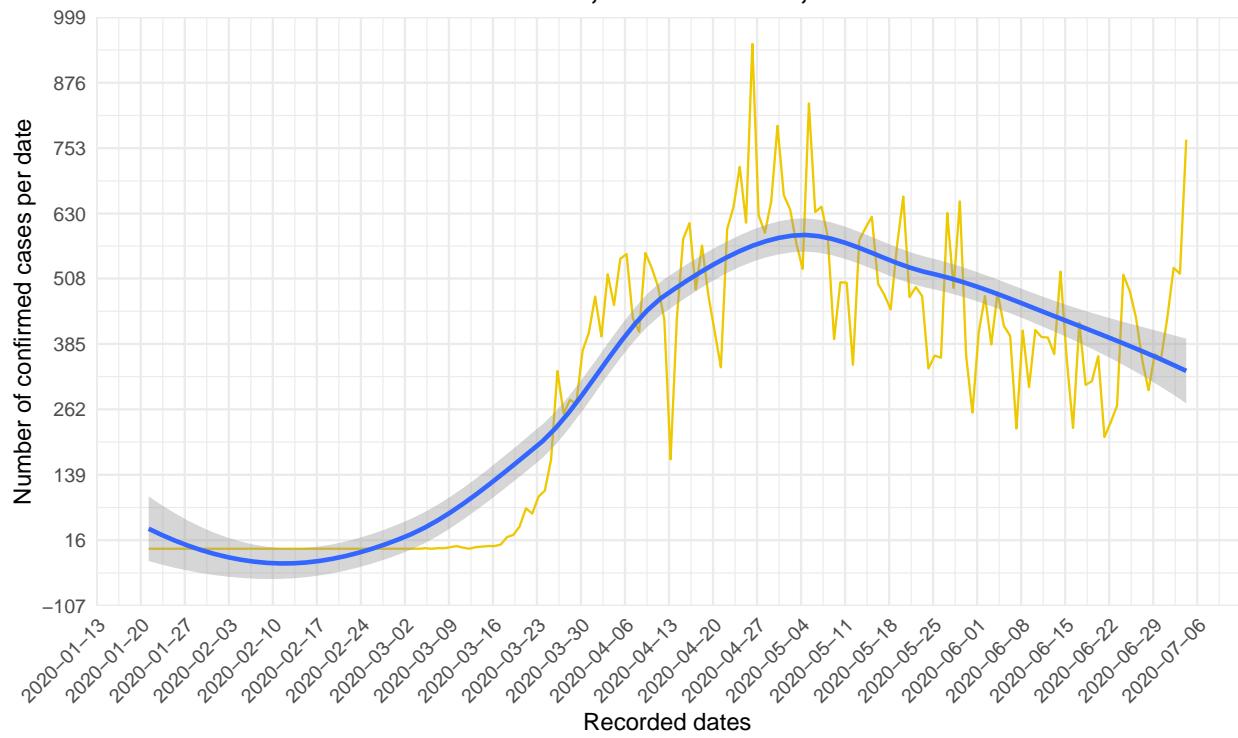

Illinois – confirmed cases over time, total cases: 147,251

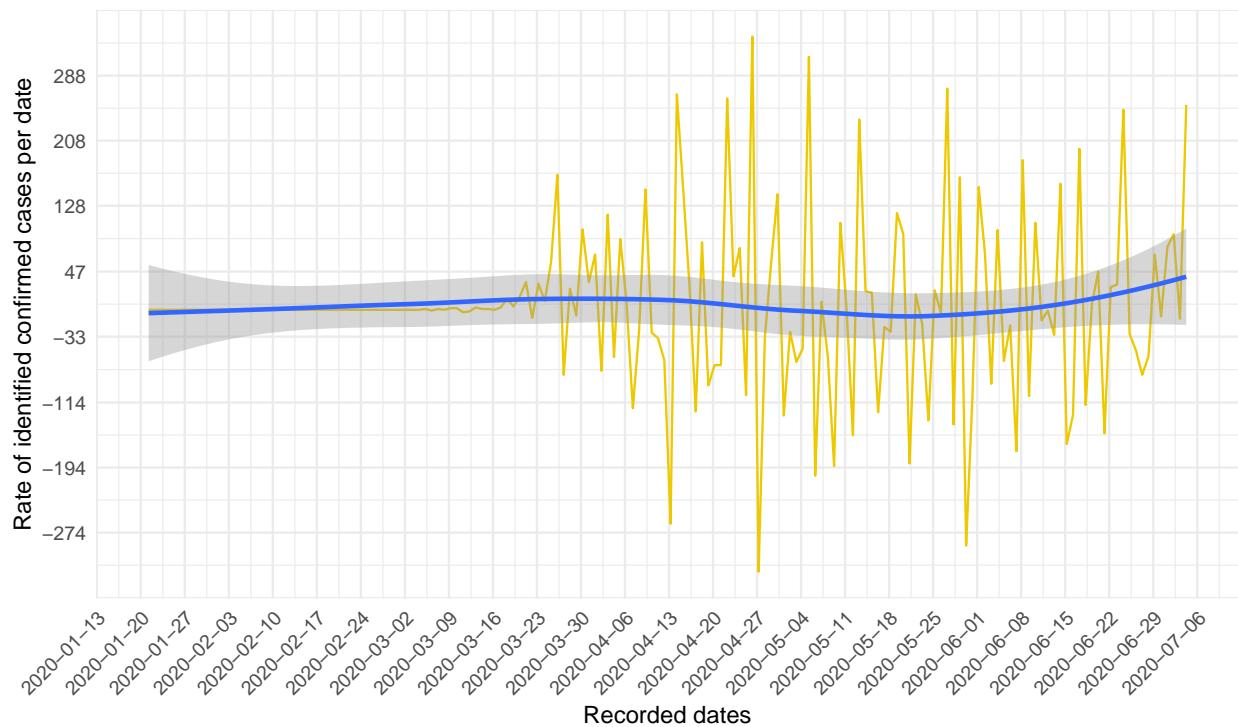

Illinois – rate of increase of confirmed cases over time

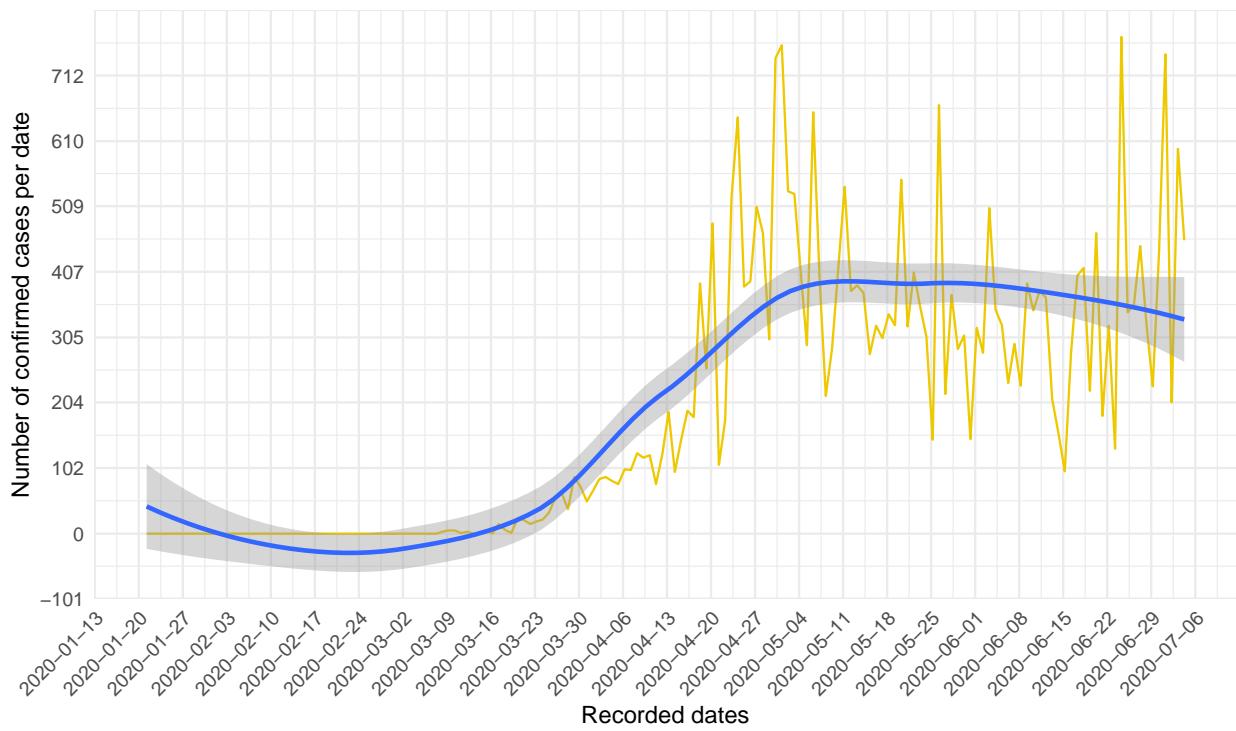

Indiana – confirmed cases over time, total cases: 48,201

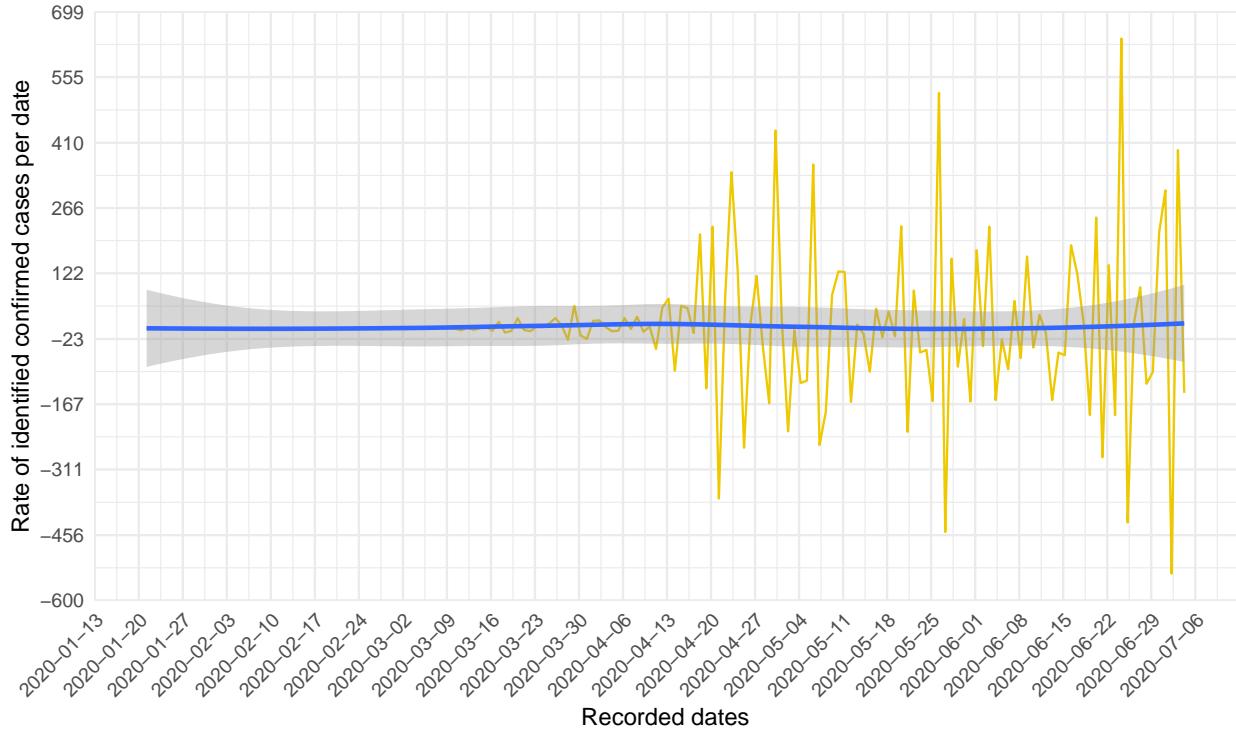

Indiana – rate of increase of confirmed cases over time

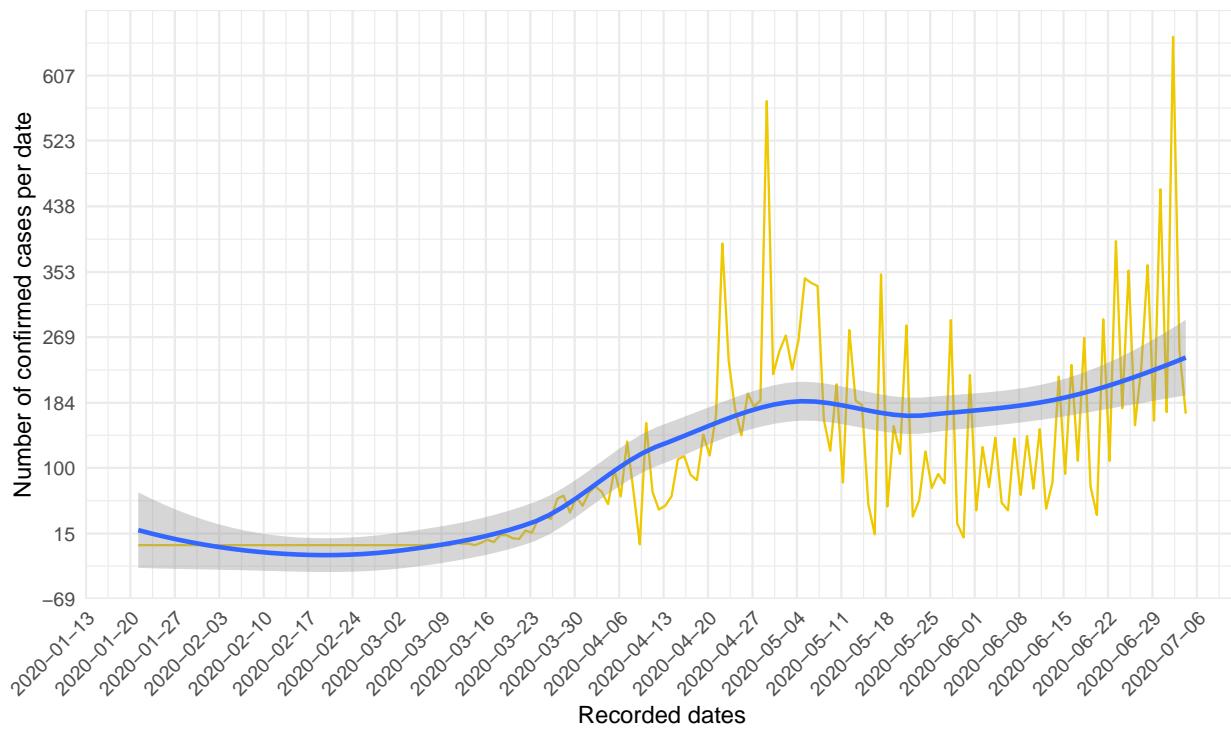

Iowa – confirmed cases over time, total cases: 31,517

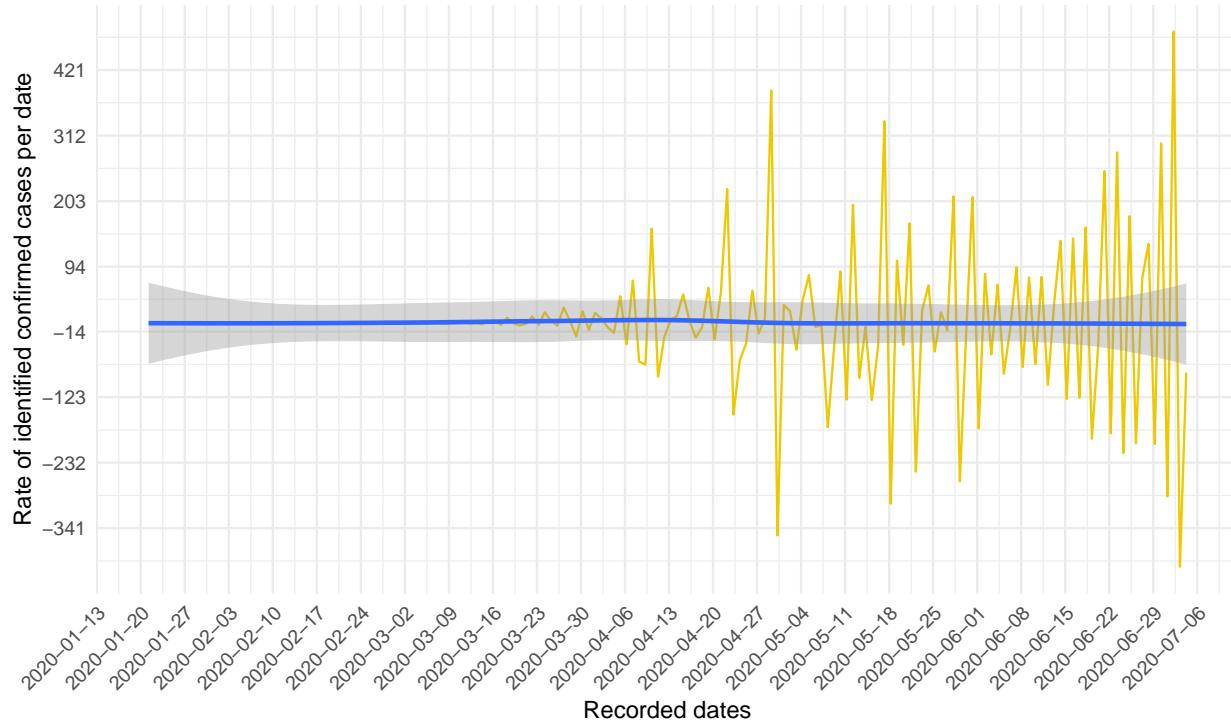

Iowa – rate of increase of confirmed cases over time

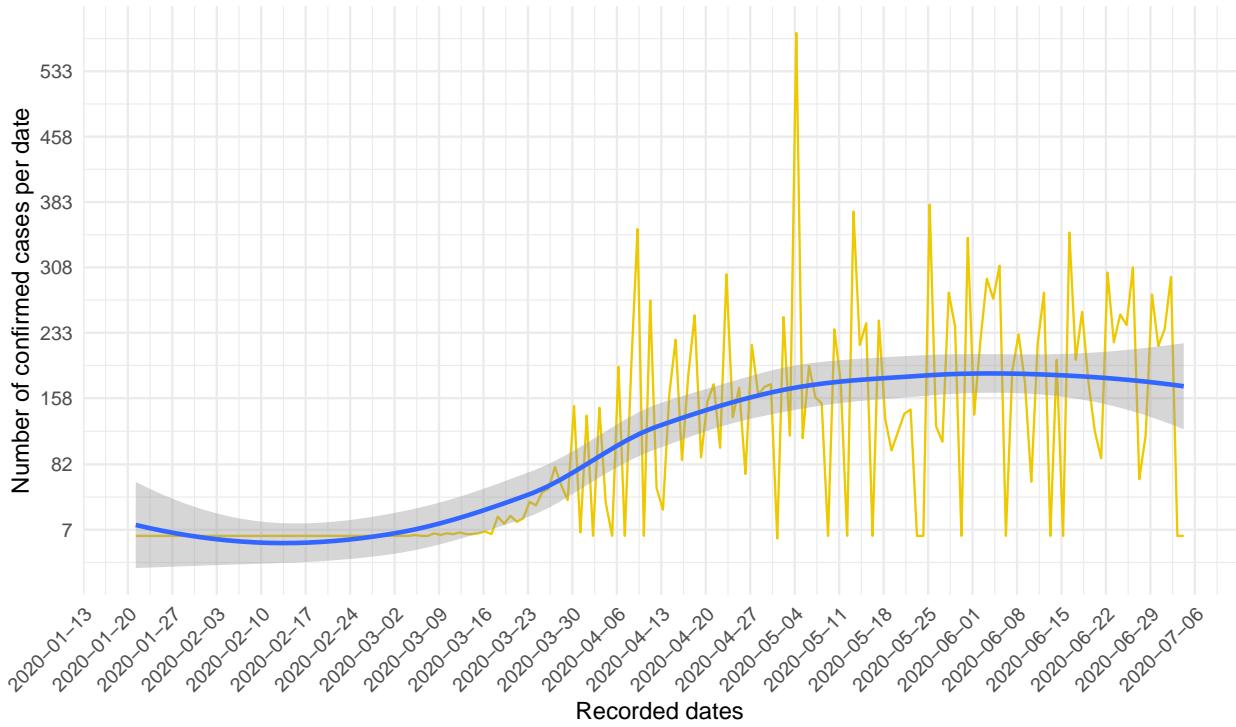

Kansas – confirmed cases over time, total cases: 16,081

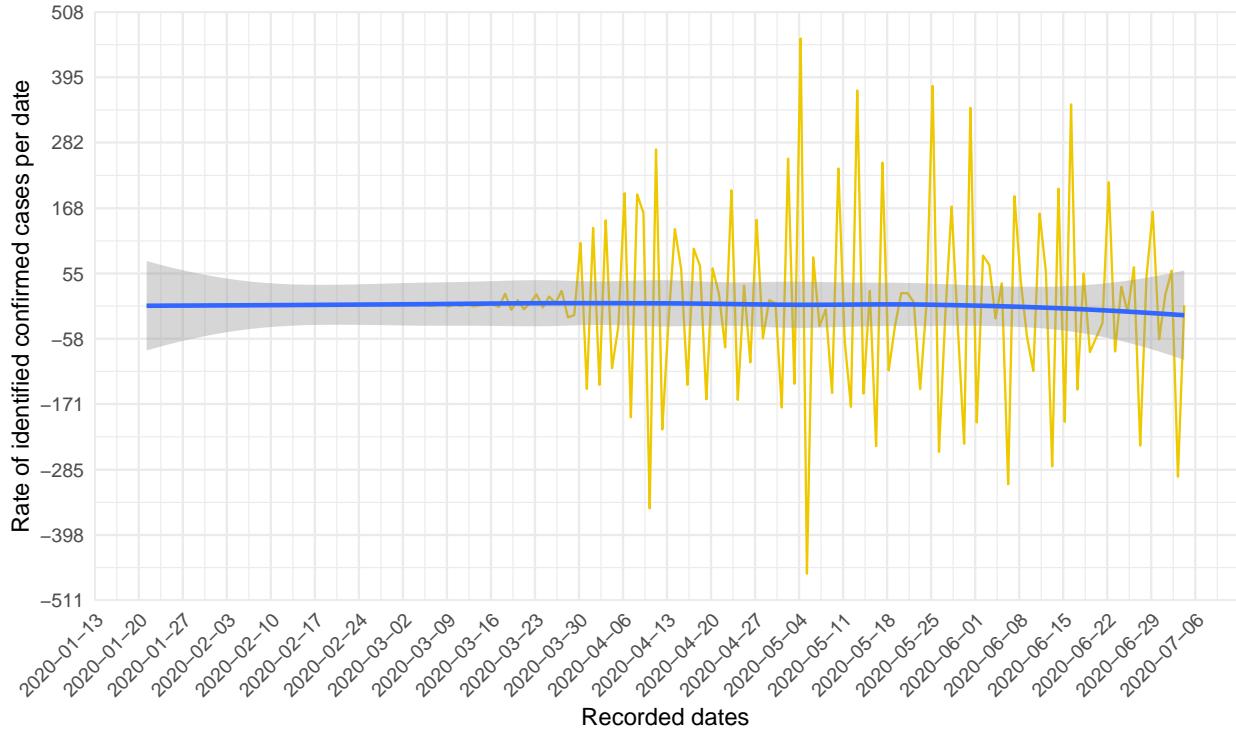

Kansas – rate of increase of confirmed cases over time

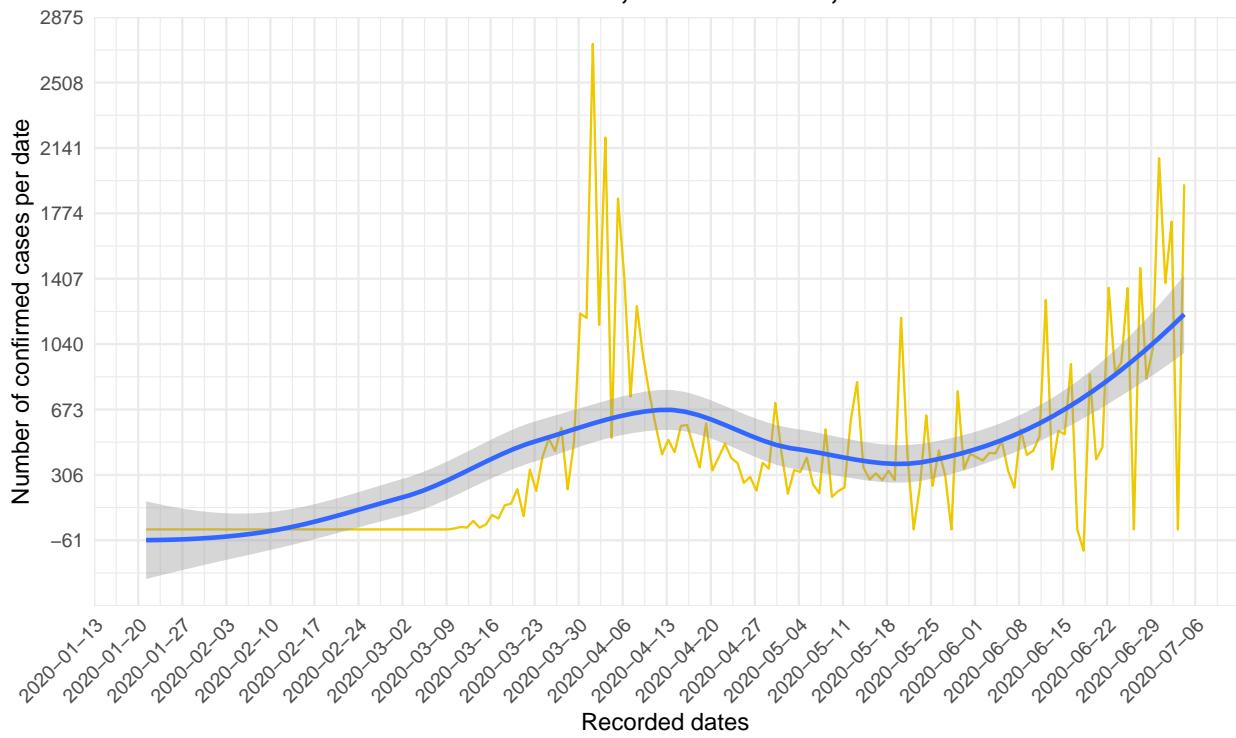

Kentucky – confirmed cases over time, total cases: 16,376

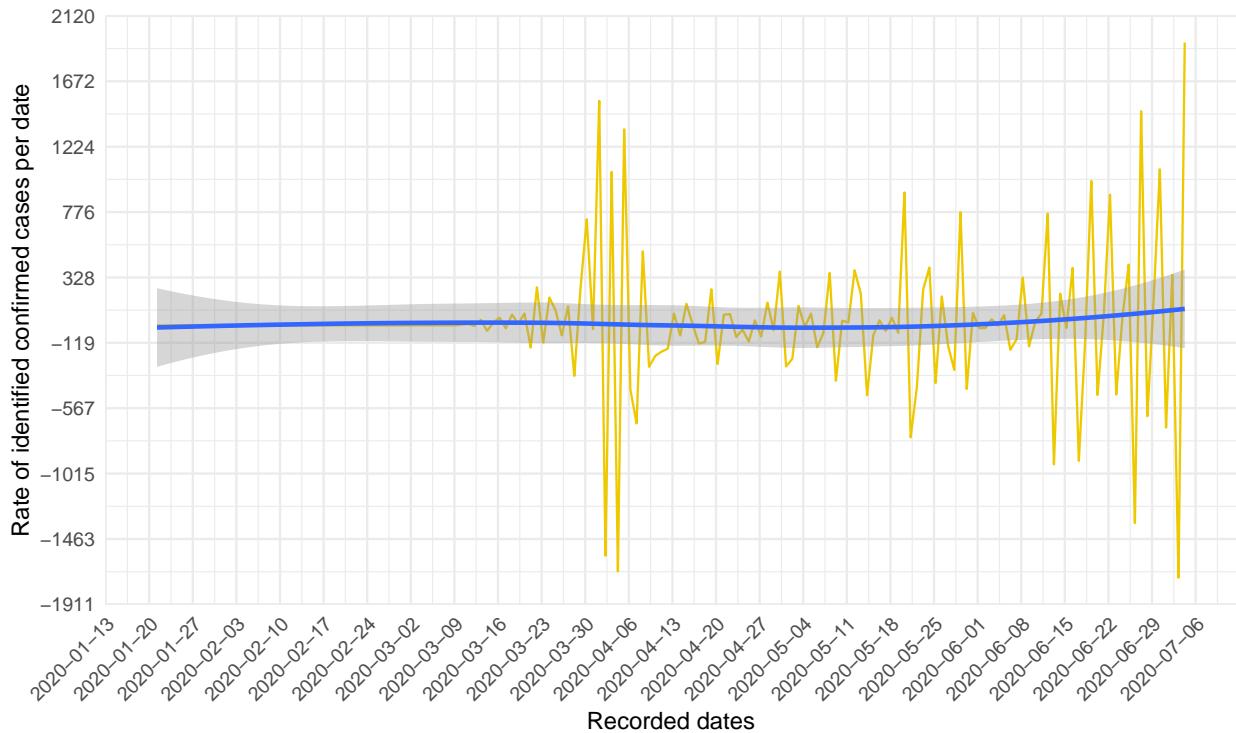

Kentucky – rate of increase of confirmed cases over time

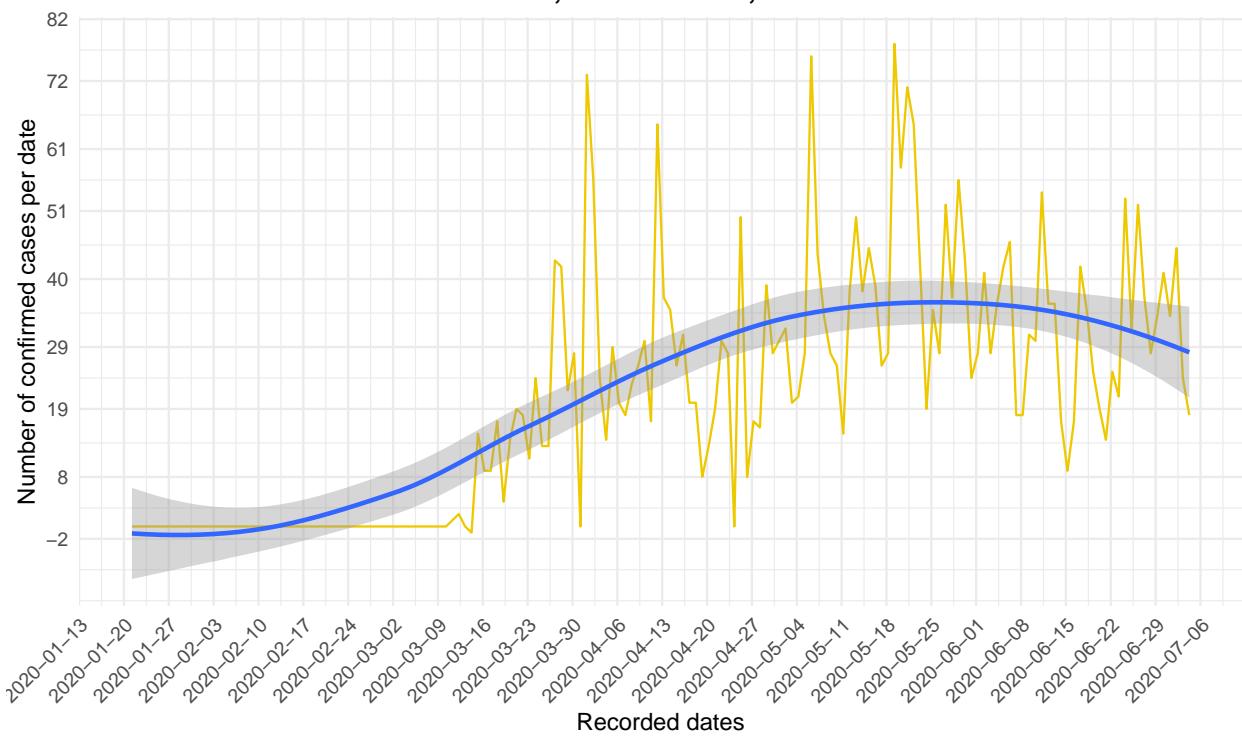

Louisiana – confirmed cases over time, total cases: 65,226

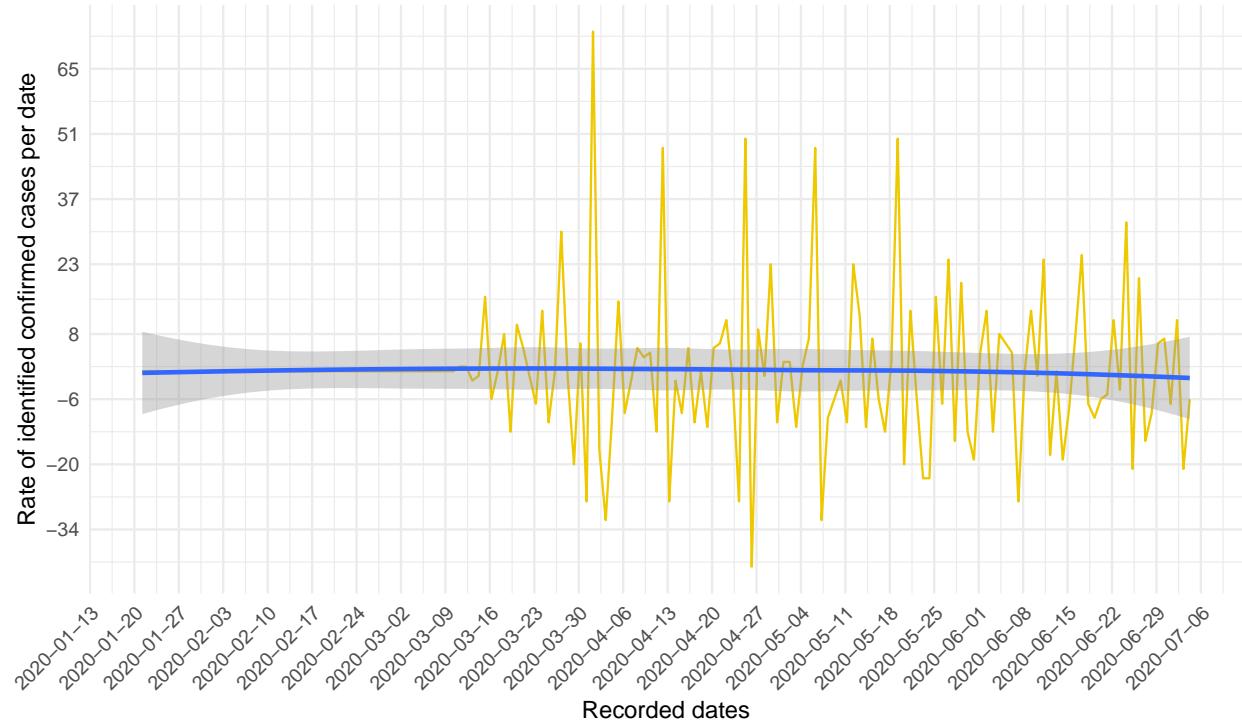

Louisiana – rate of increase of confirmed cases over time

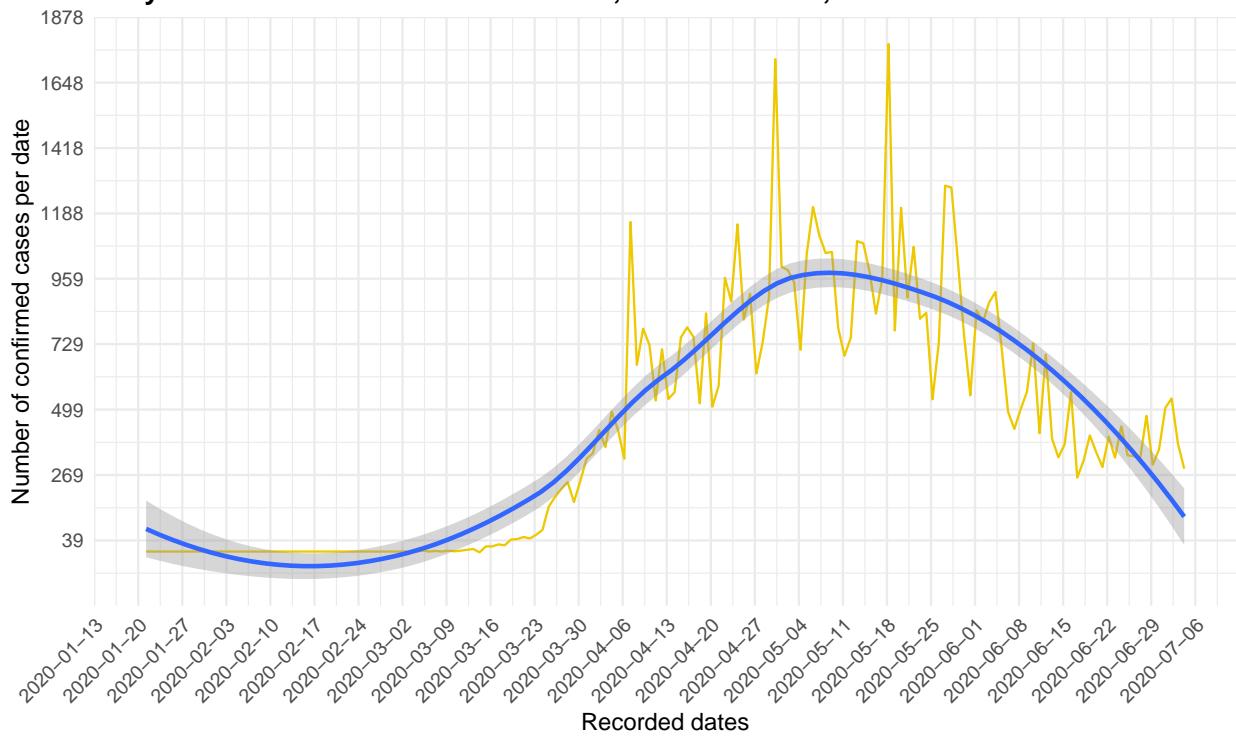

Maine – confirmed cases over time, total cases: 3,415

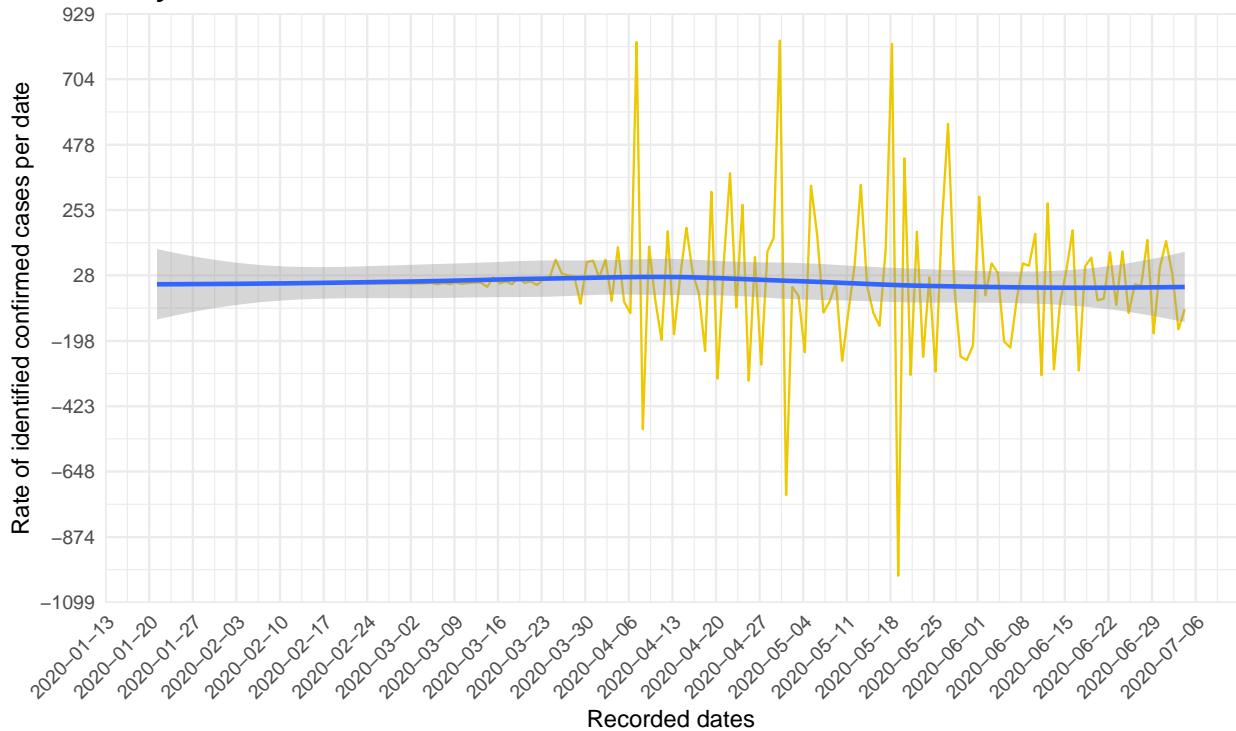

Maine – rate of increase of confirmed cases over time

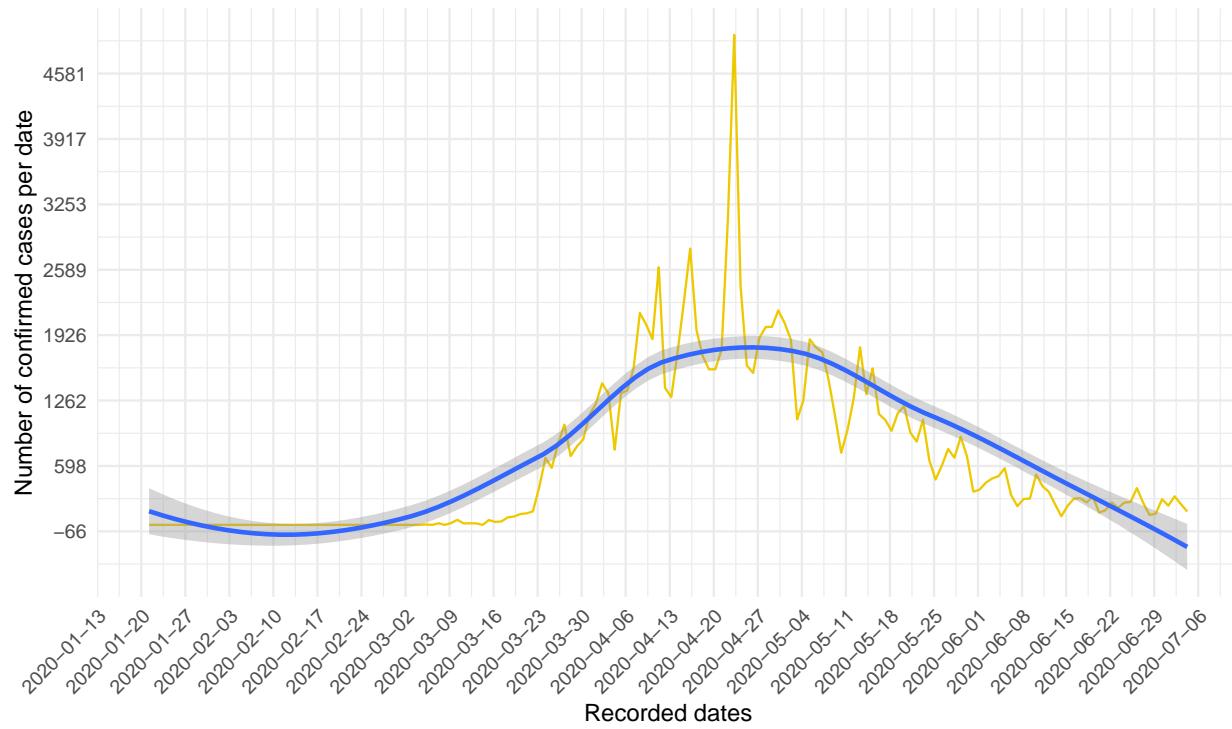

Maryland – confirmed cases over time, total cases: 69,632

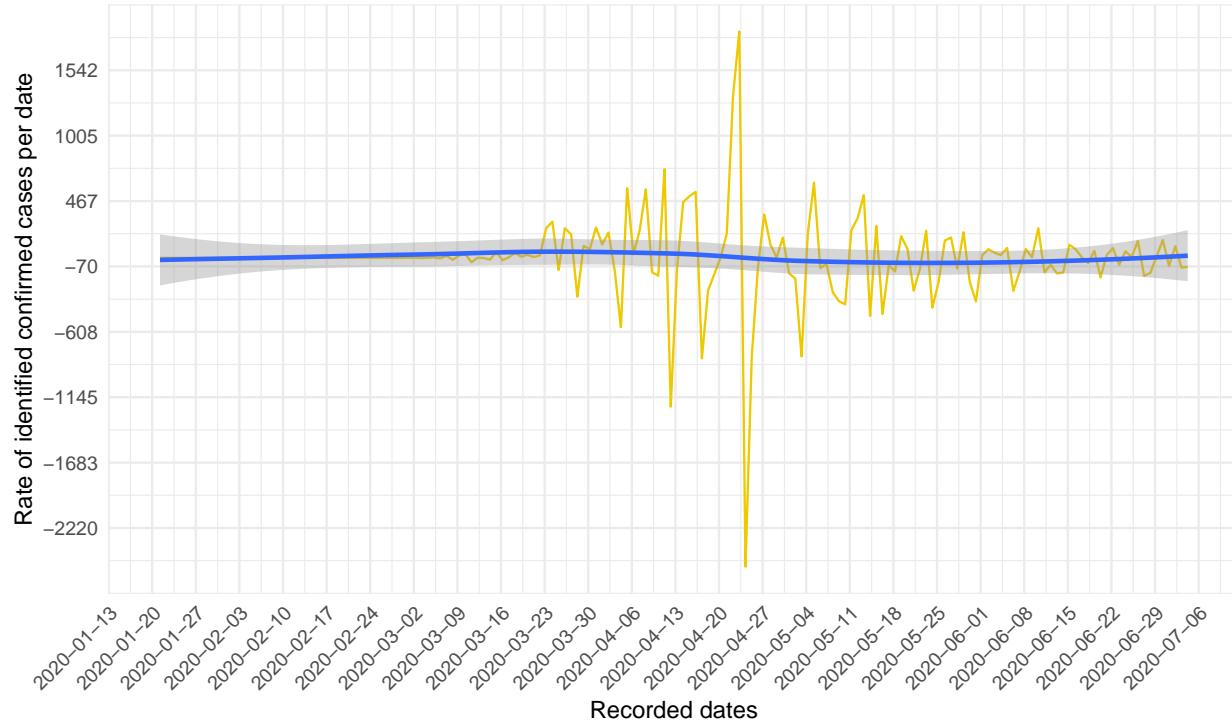

Maryland – rate of increase of confirmed cases over time

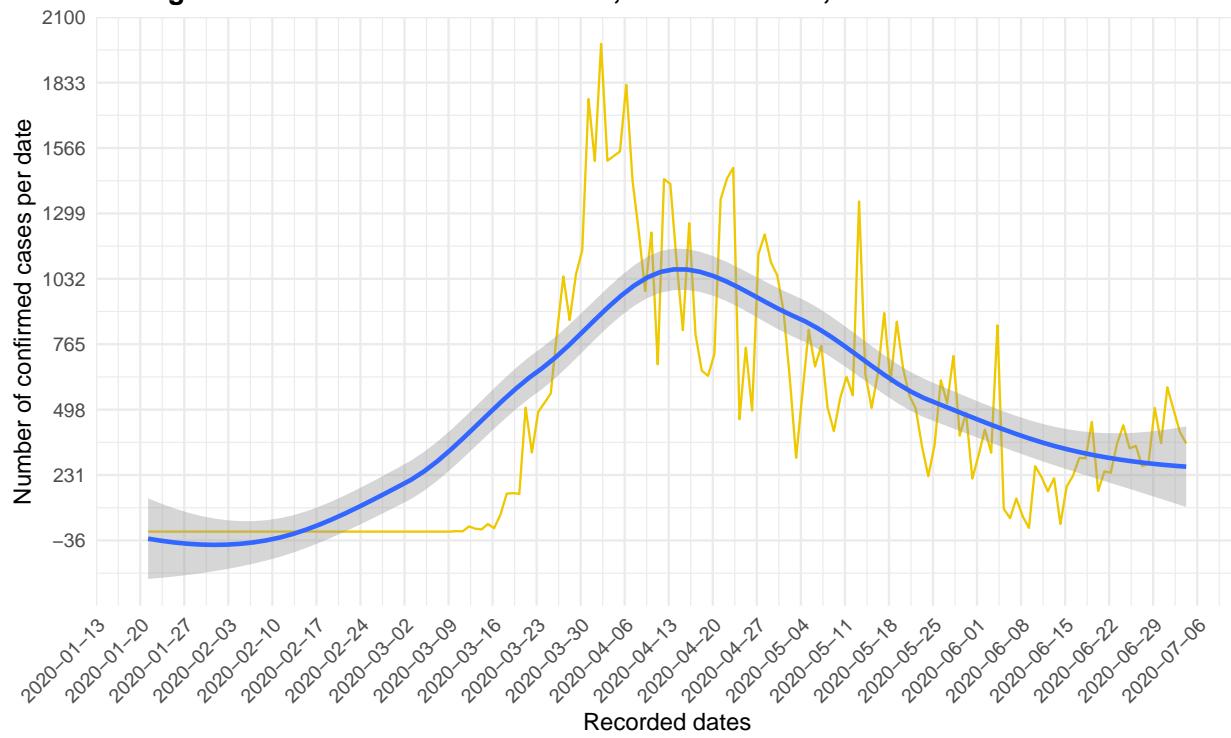

Massachusetts – confirmed cases over time, total cases: 109,974

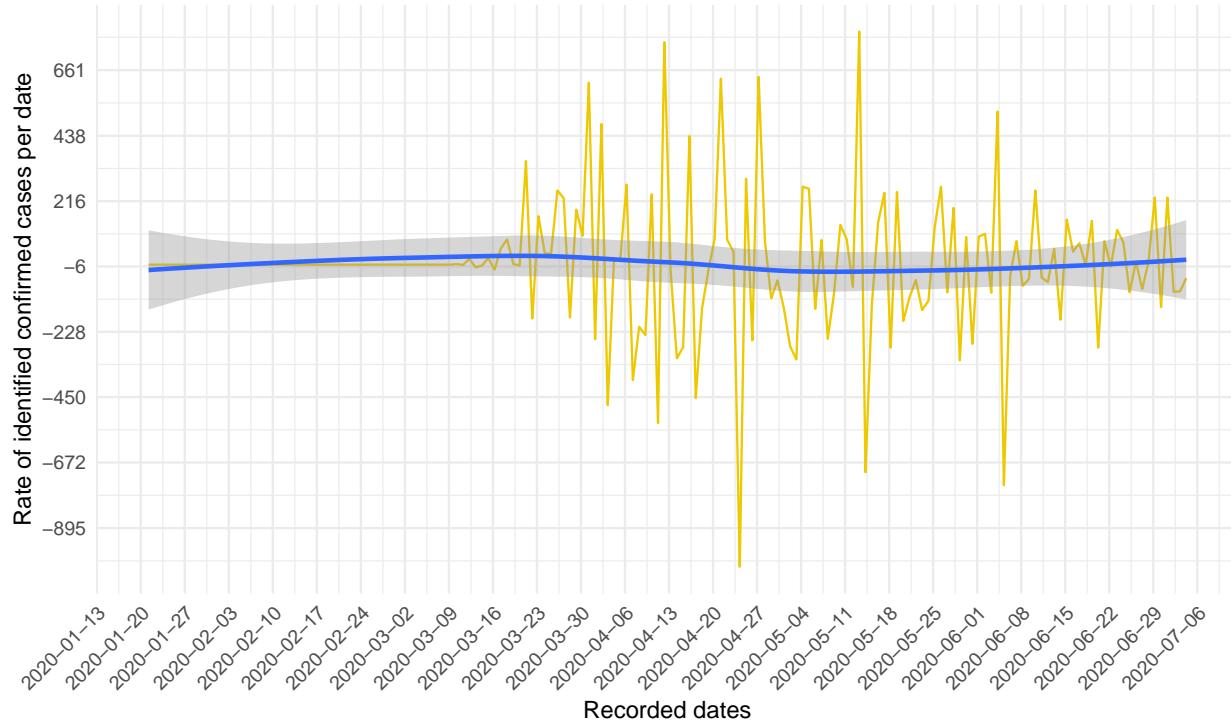

Massachusetts – rate of increase of confirmed cases over time

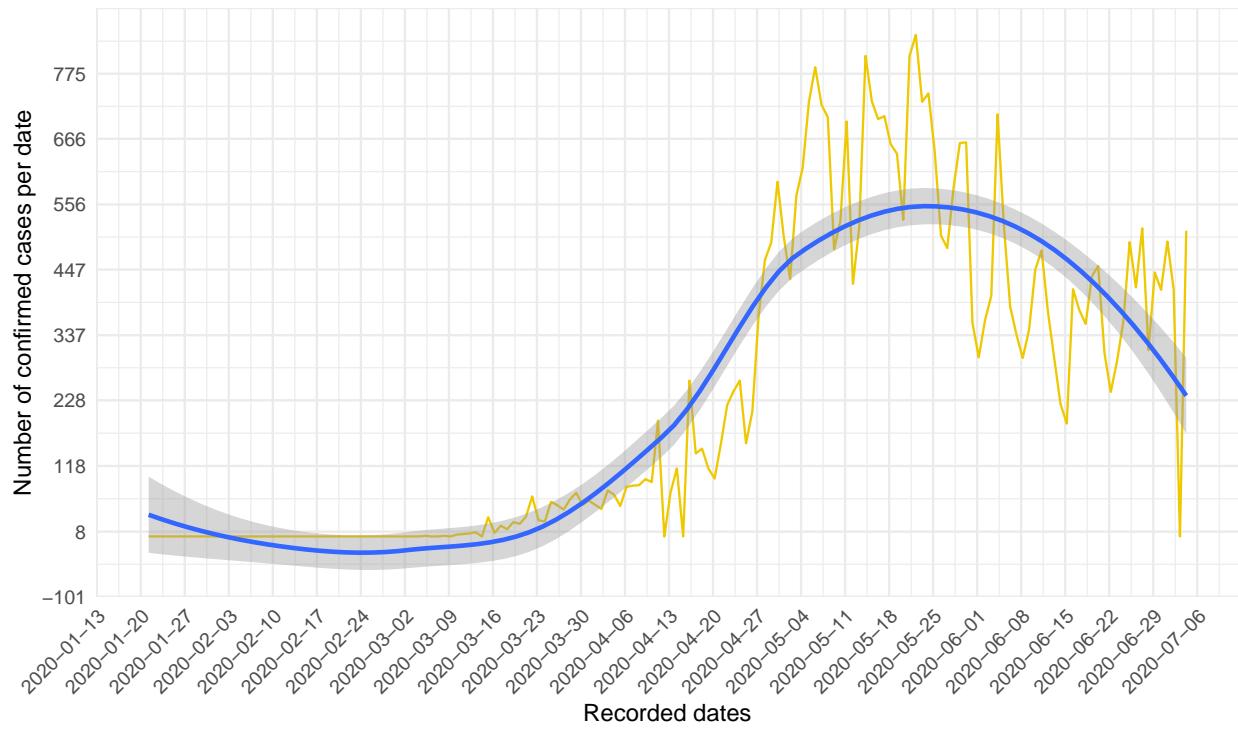

Michigan – confirmed cases over time, total cases: 72,941

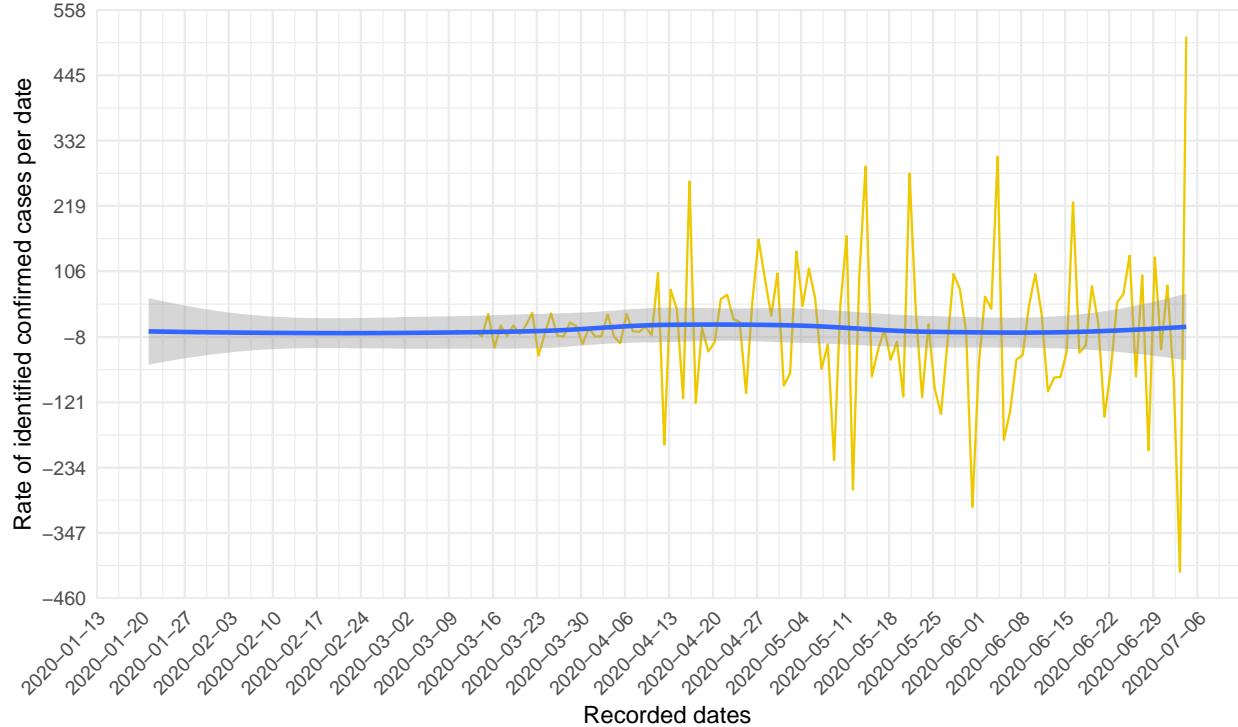

Michigan – rate of increase of confirmed cases over time

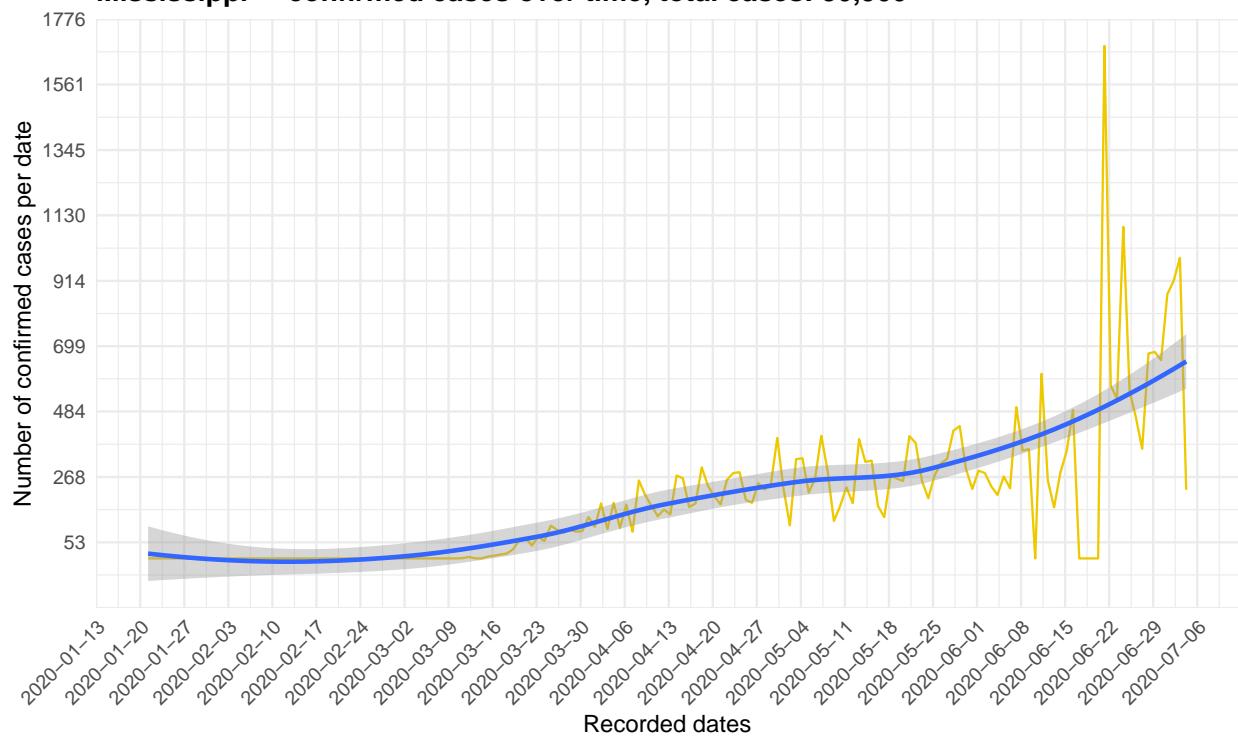

Minnesota – confirmed cases over time, total cases: 38,136

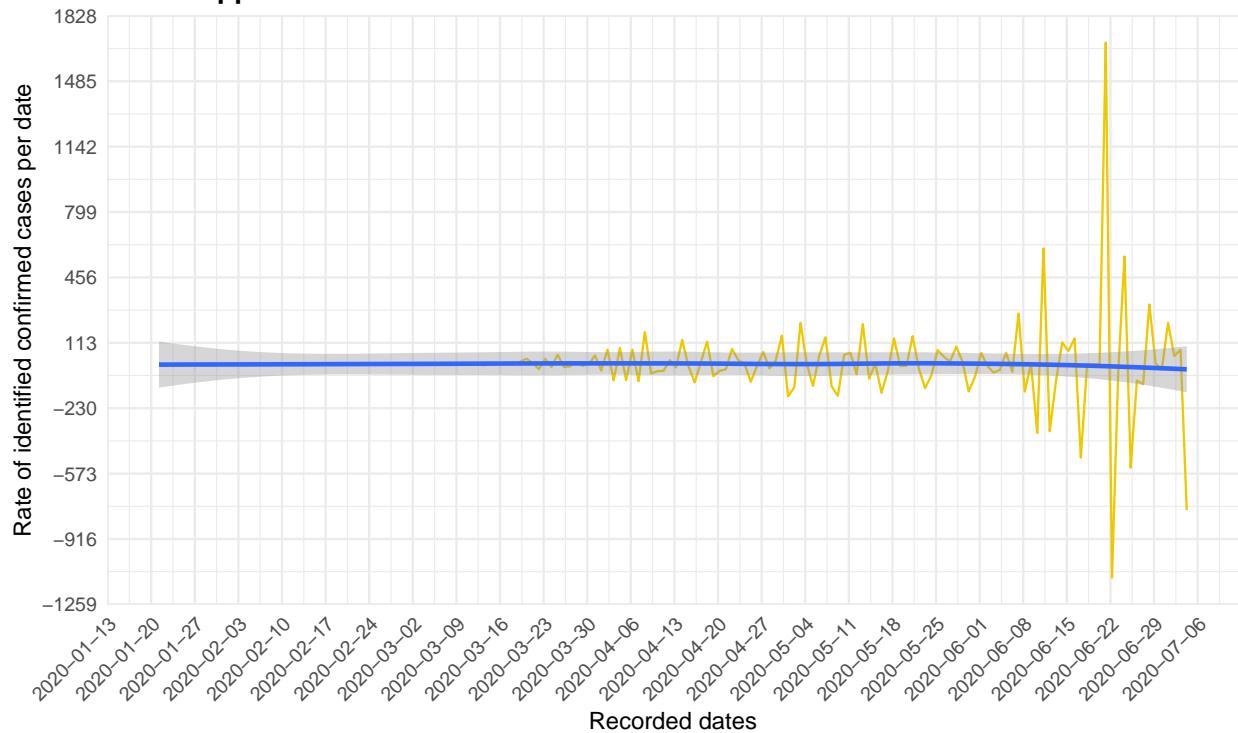

Minnesota – rate of increase of confirmed cases over time

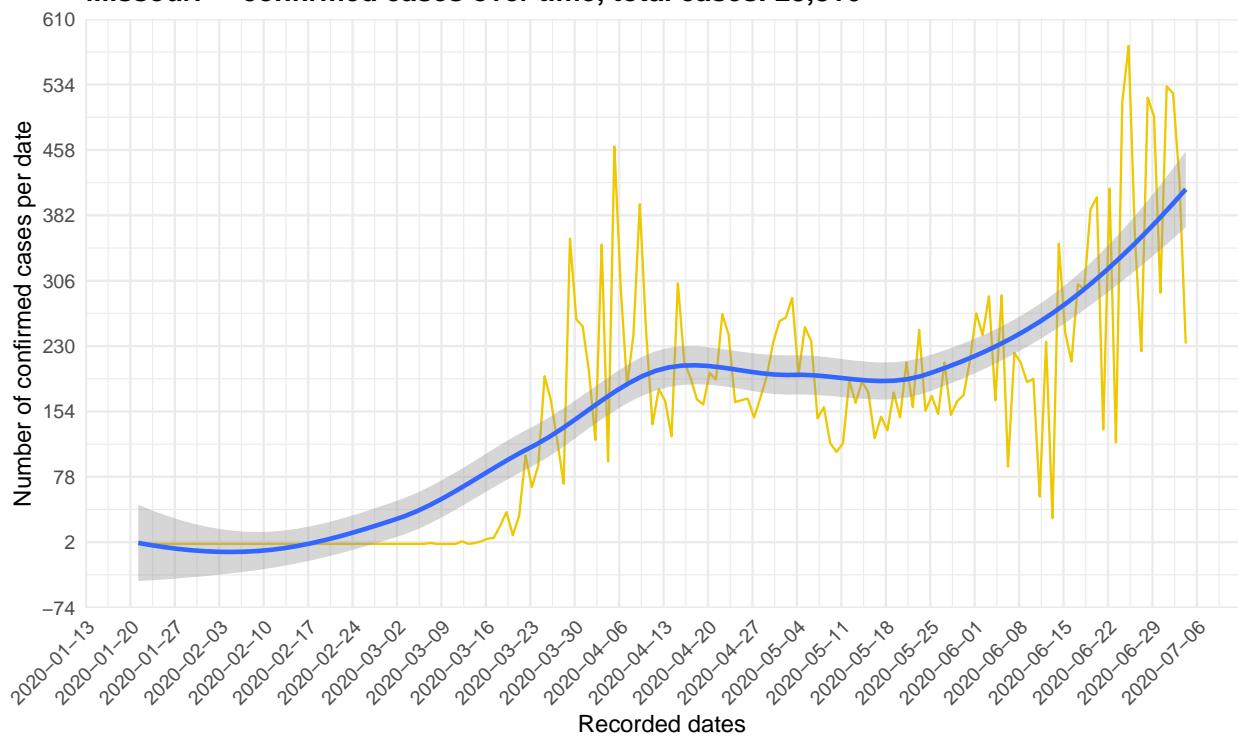

Mississippi – confirmed cases over time, total cases: 30,900

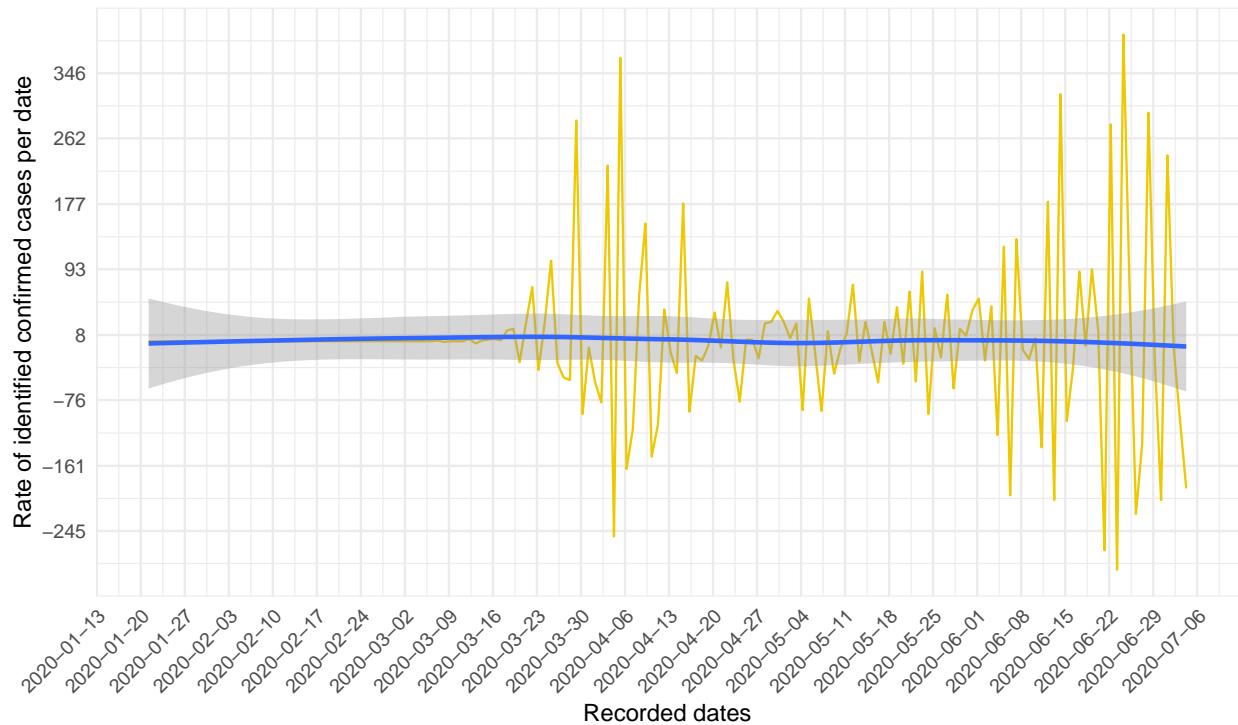

Mississippi – rate of increase of confirmed cases over time

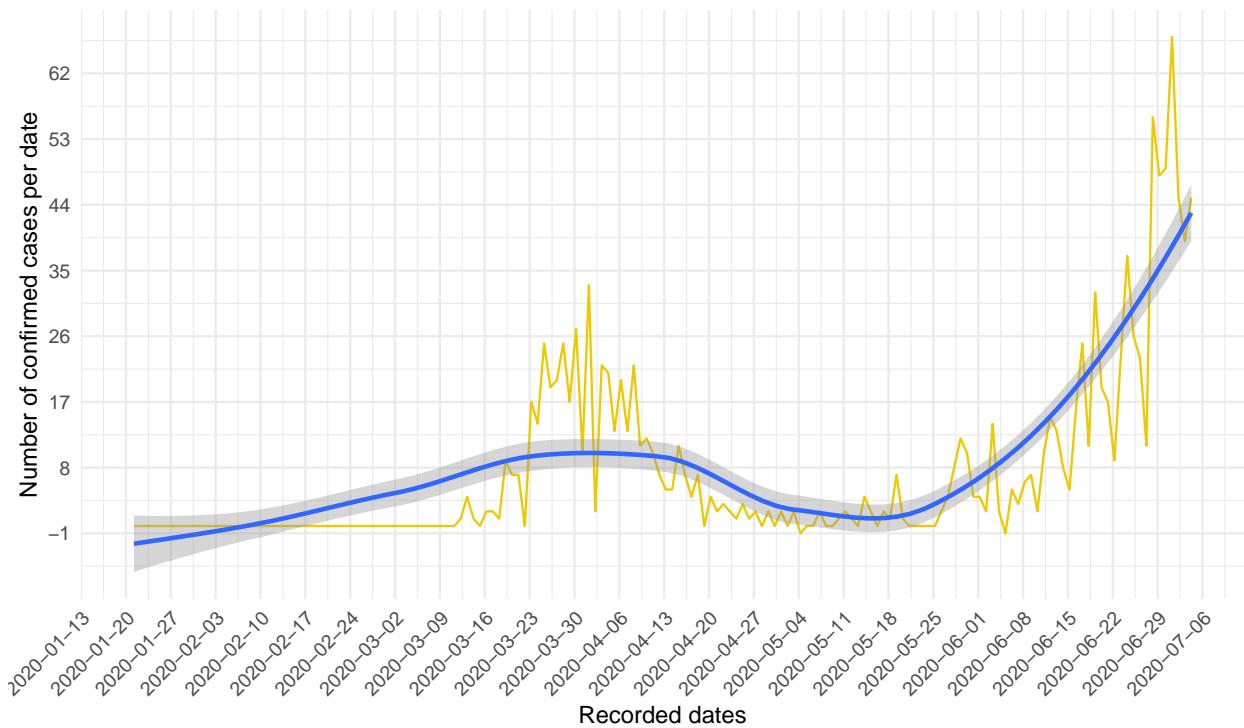

Missouri – confirmed cases over time, total cases: 23,816

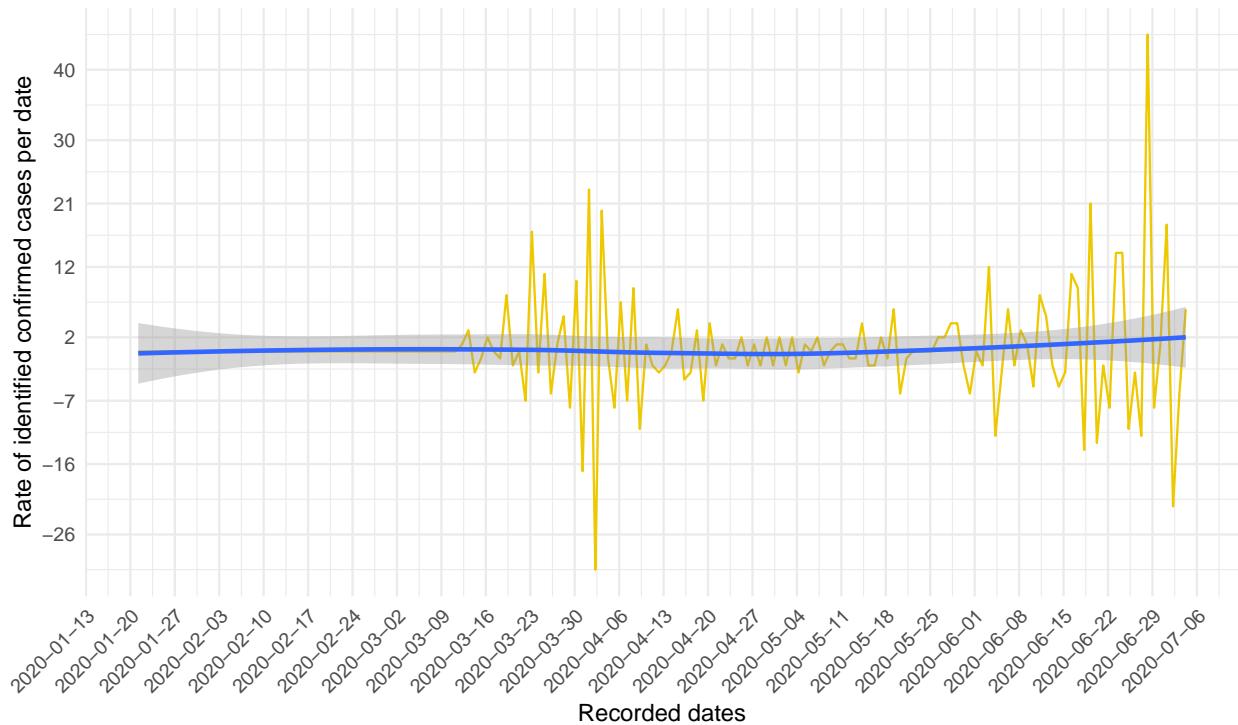

Missouri – rate of increase of confirmed cases over time

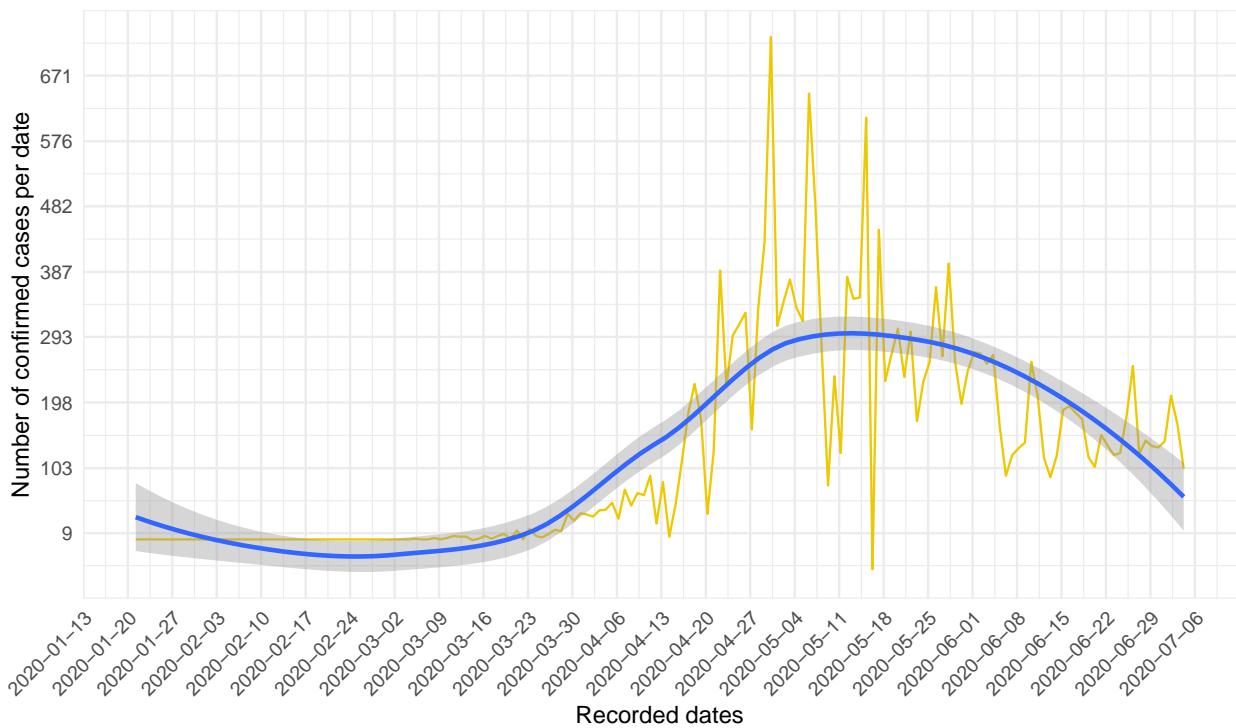

Montana – confirmed cases over time, total cases: 1,212

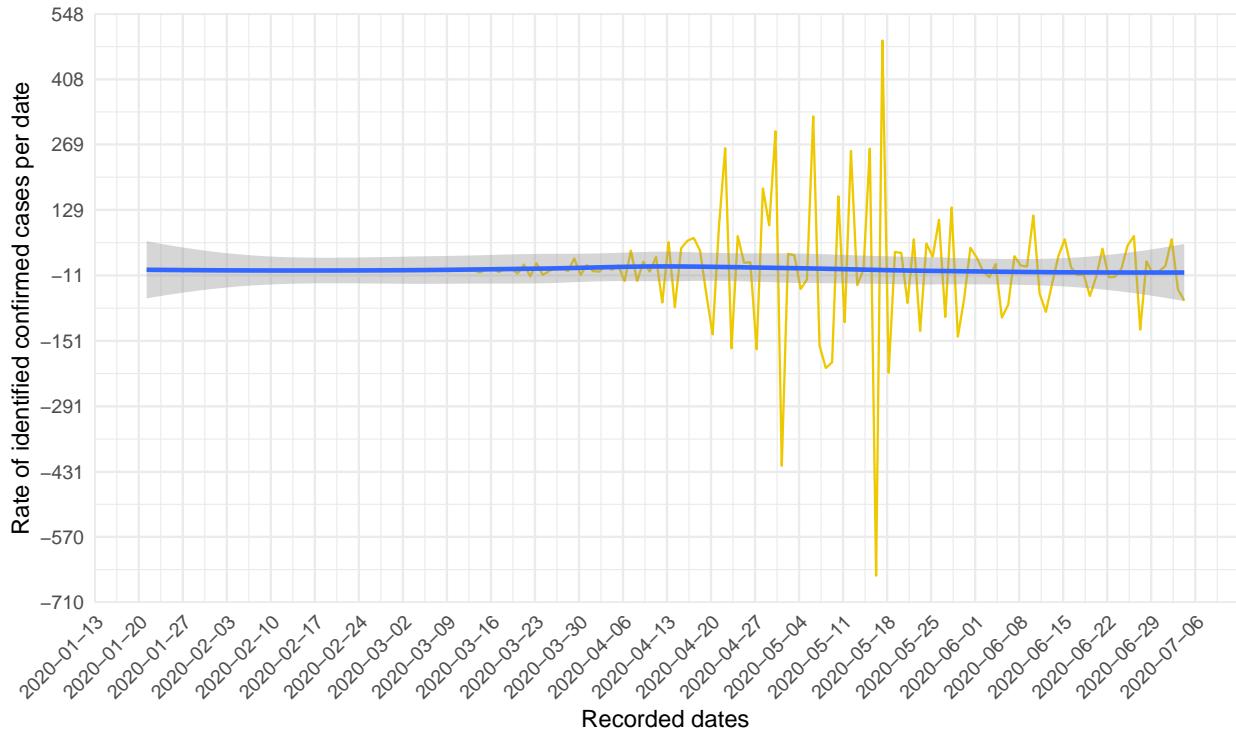

Montana – rate of increase of confirmed cases over time

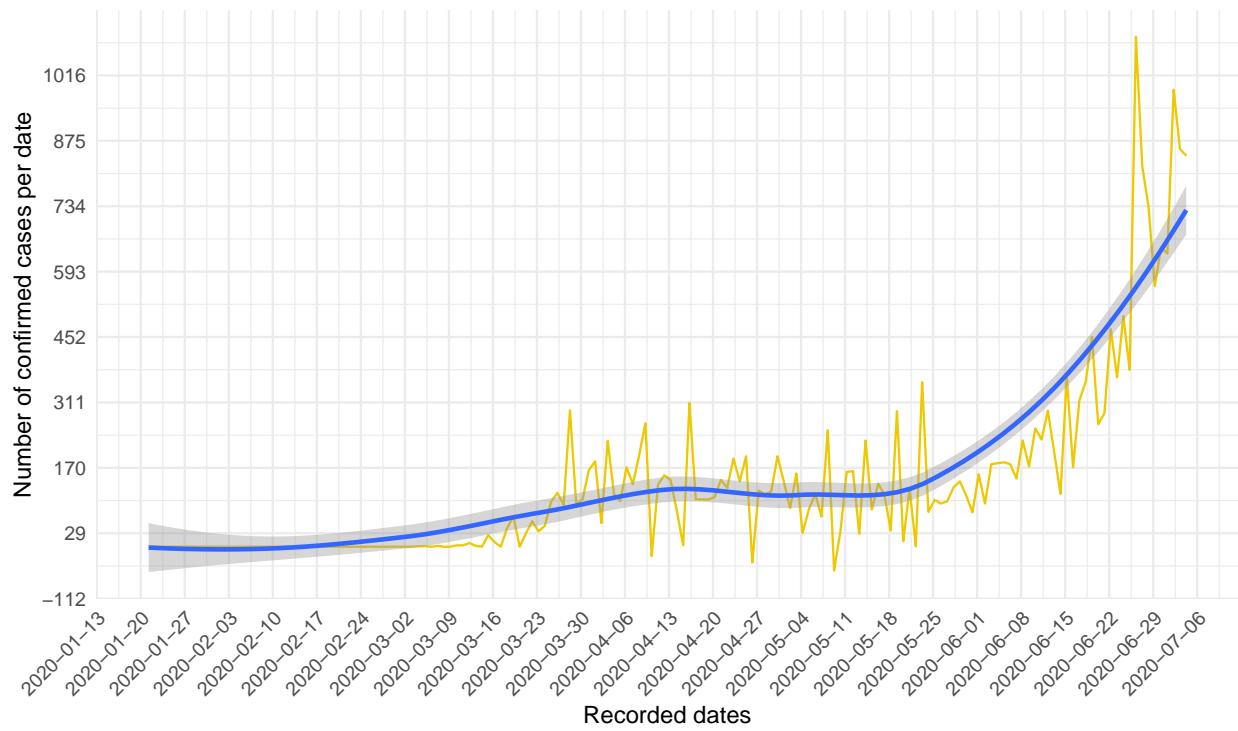

Nebraska – confirmed cases over time, total cases: 19,929

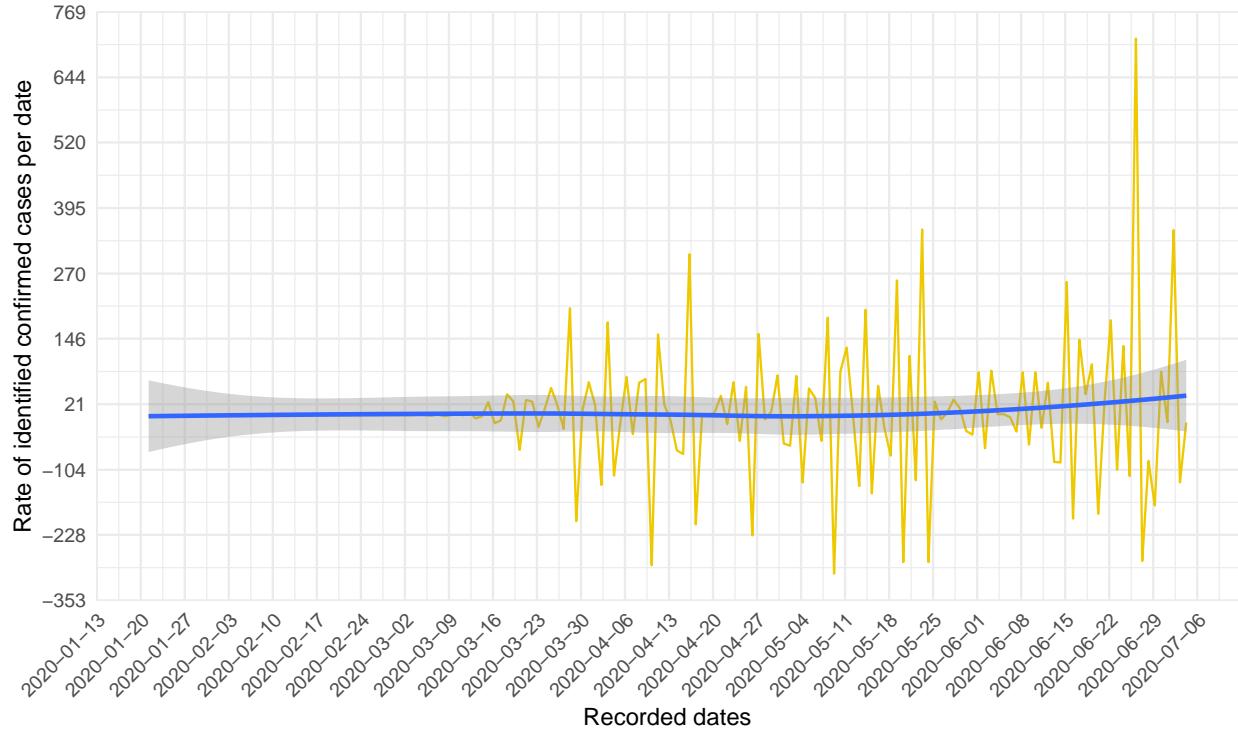

Nebraska – rate of increase of confirmed cases over time

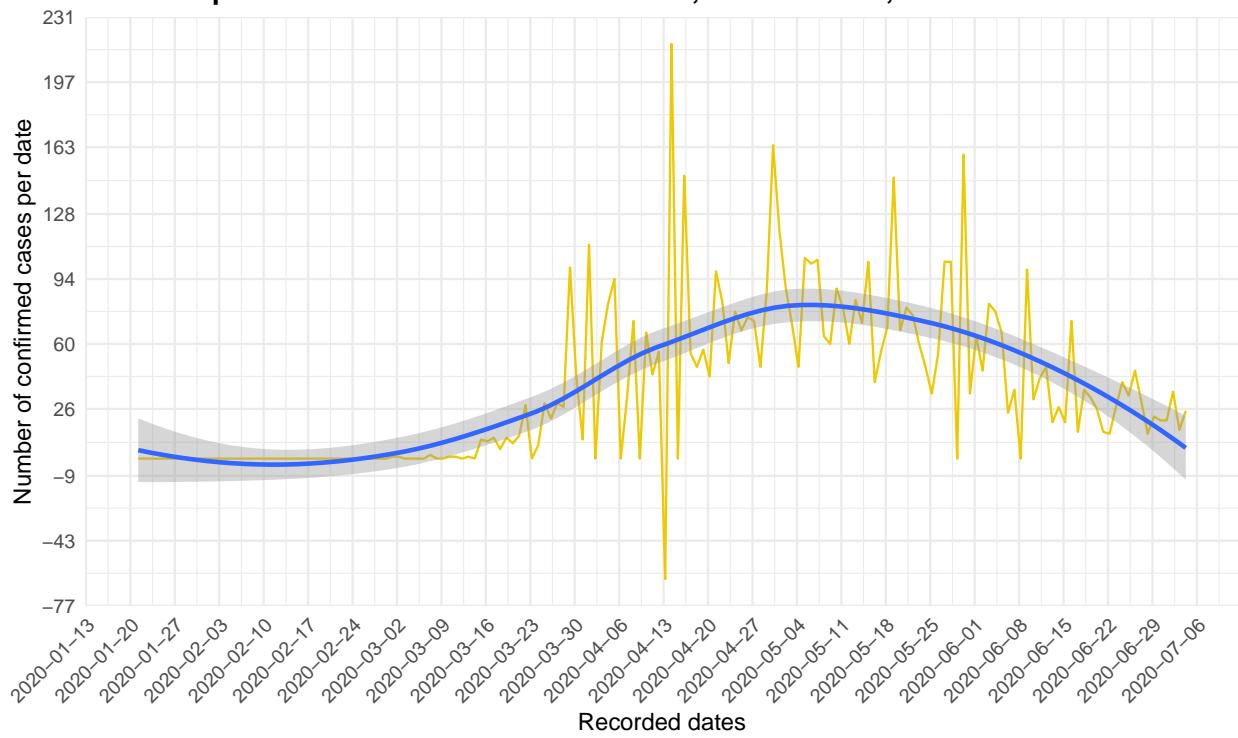

Nevada – confirmed cases over time, total cases: 22,418

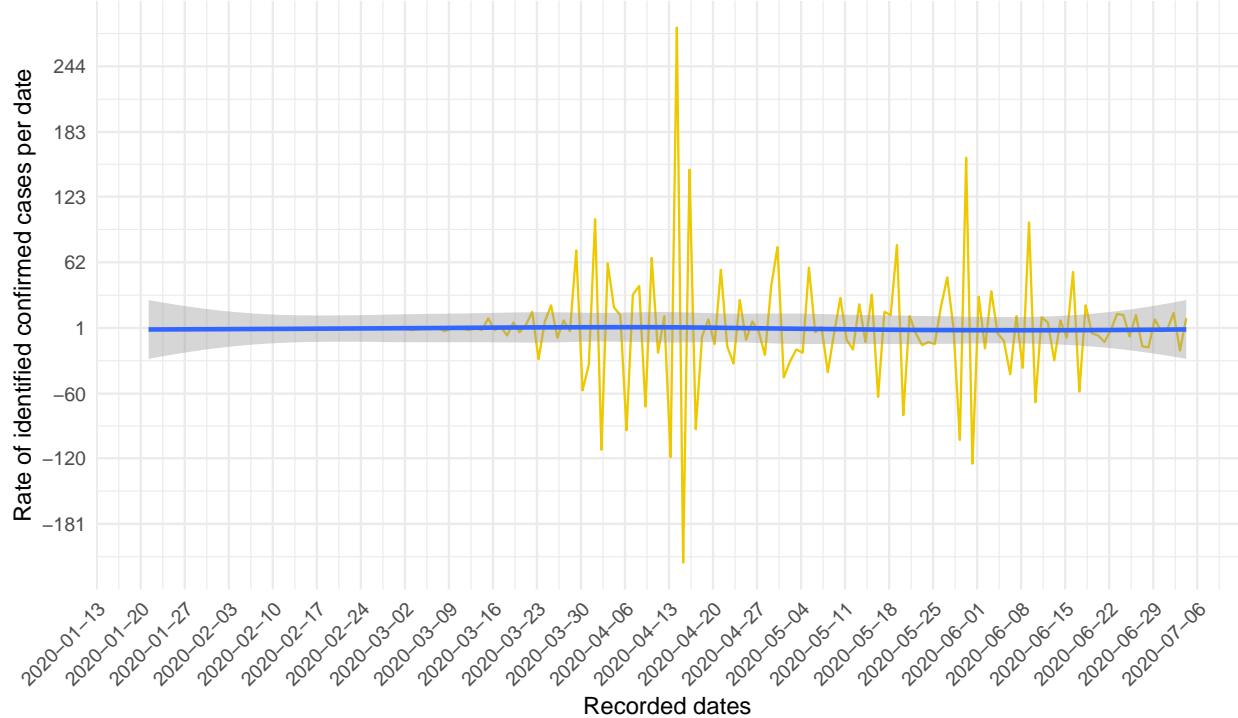

Nevada – rate of increase of confirmed cases over time

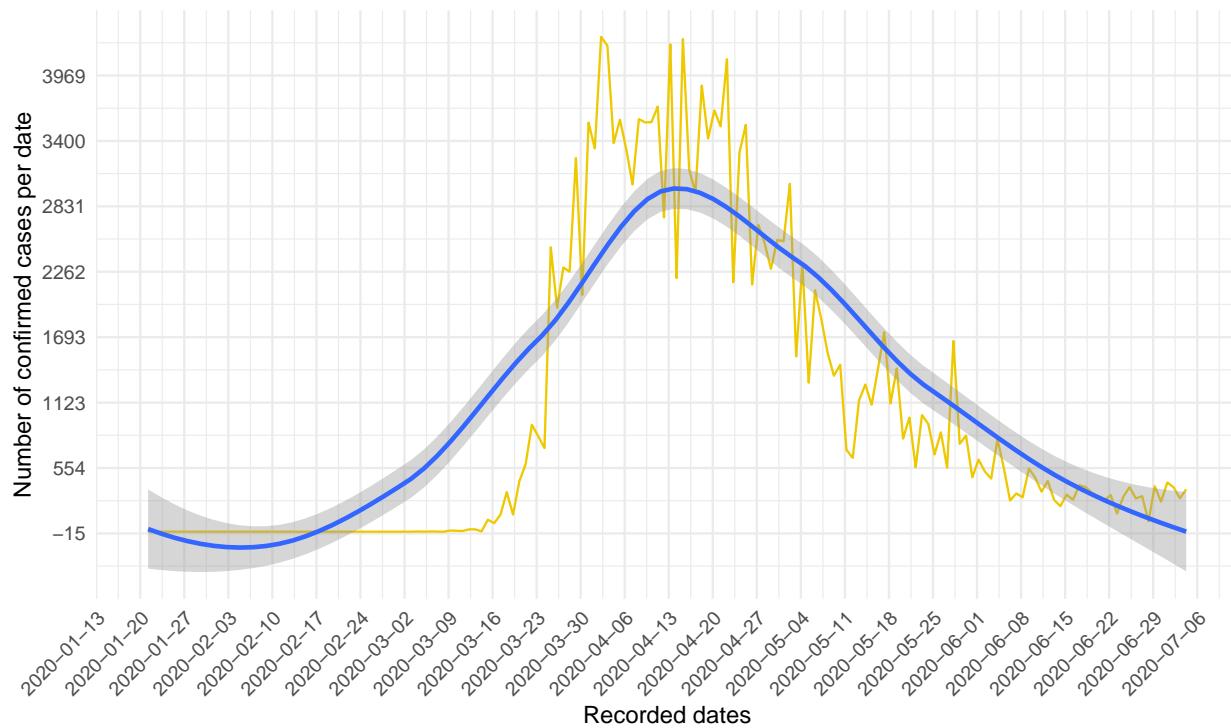

New Hampshire – confirmed cases over time, total cases: 5,897

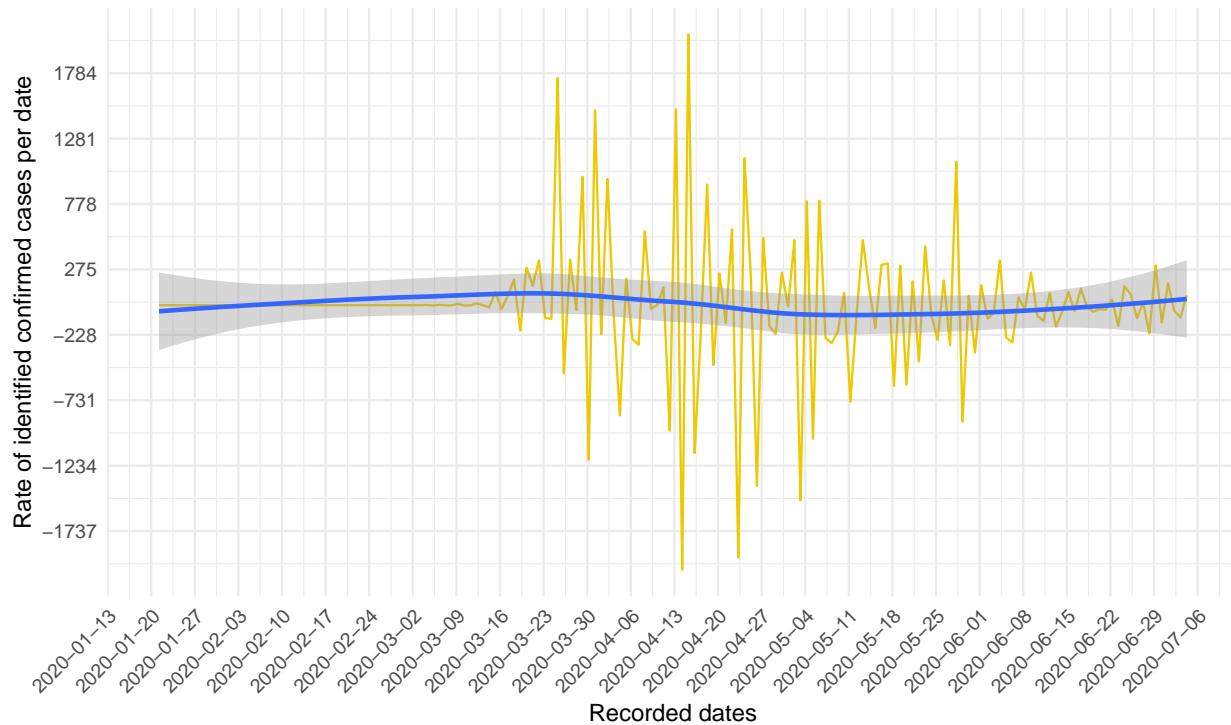

New Hampshire – rate of increase of confirmed cases over time

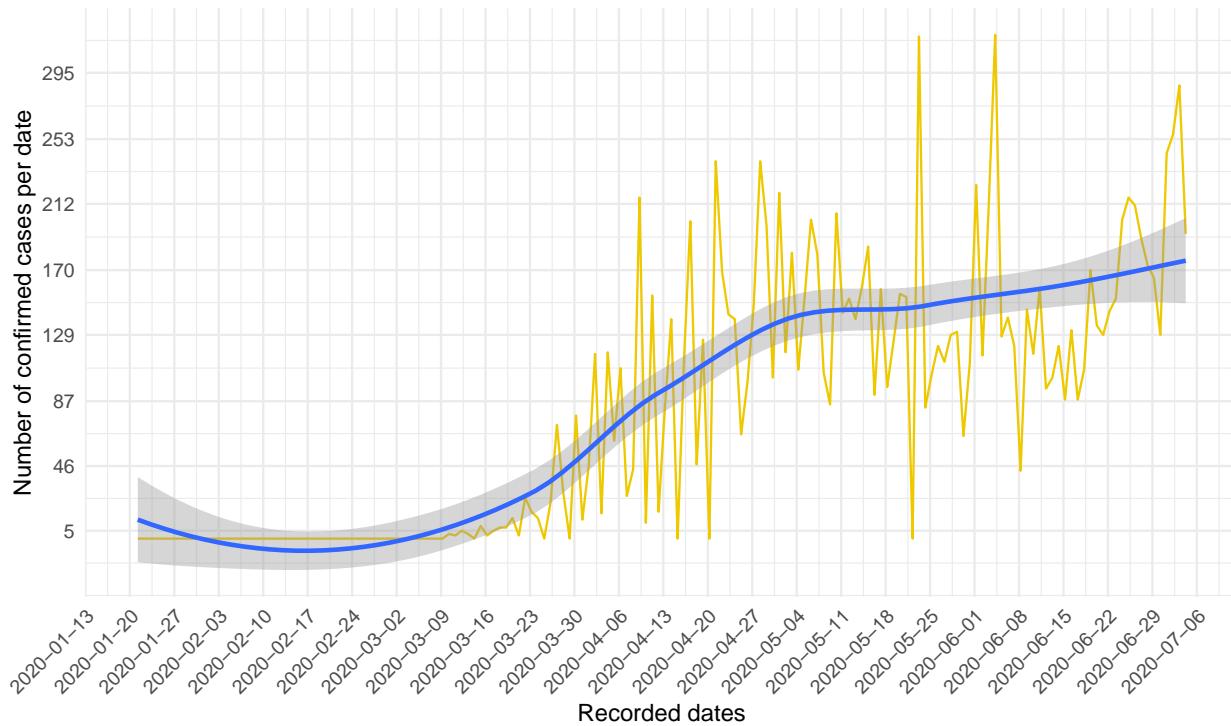

New Jersey – confirmed cases over time, total cases: 173,402

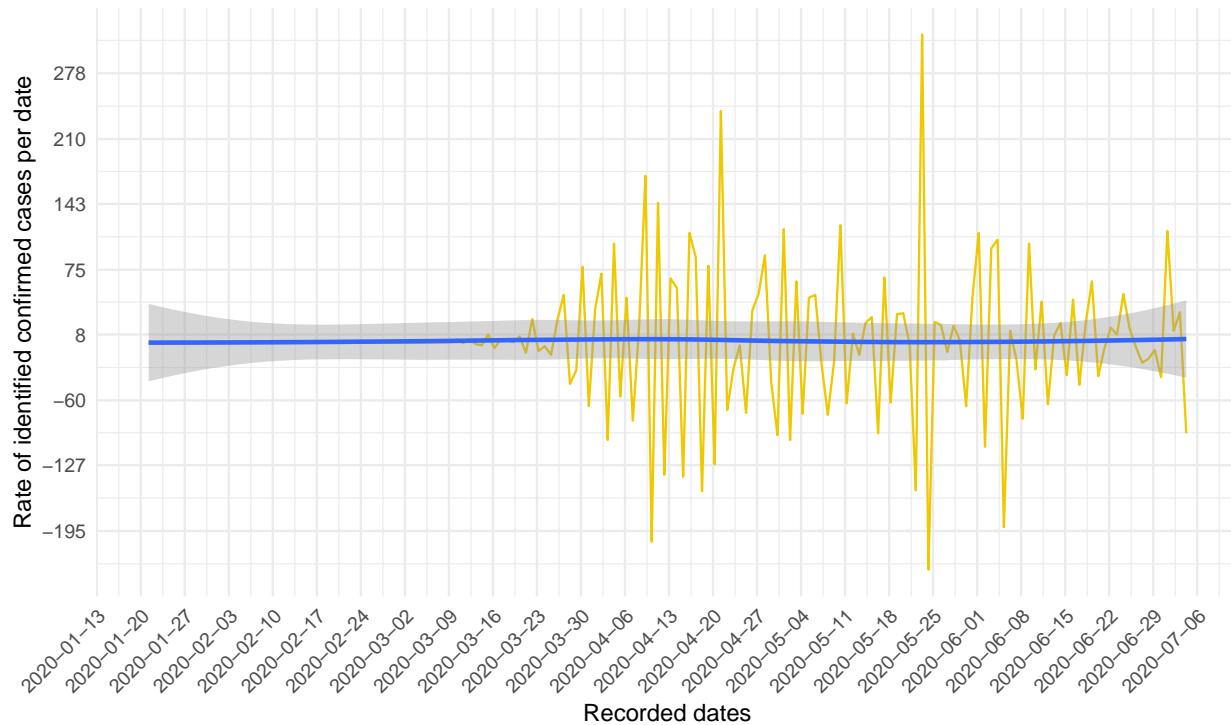

New Jersey – rate of increase of confirmed cases over time

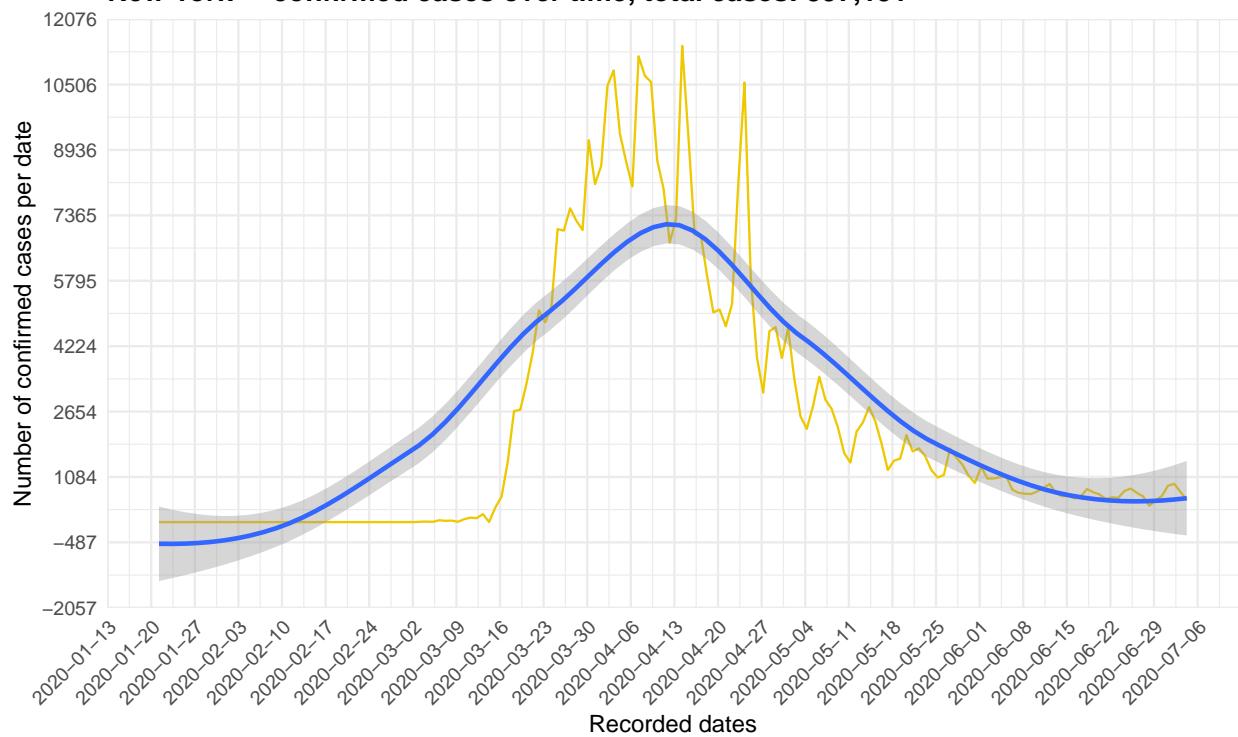

New Mexico – confirmed cases over time, total cases: 13,256

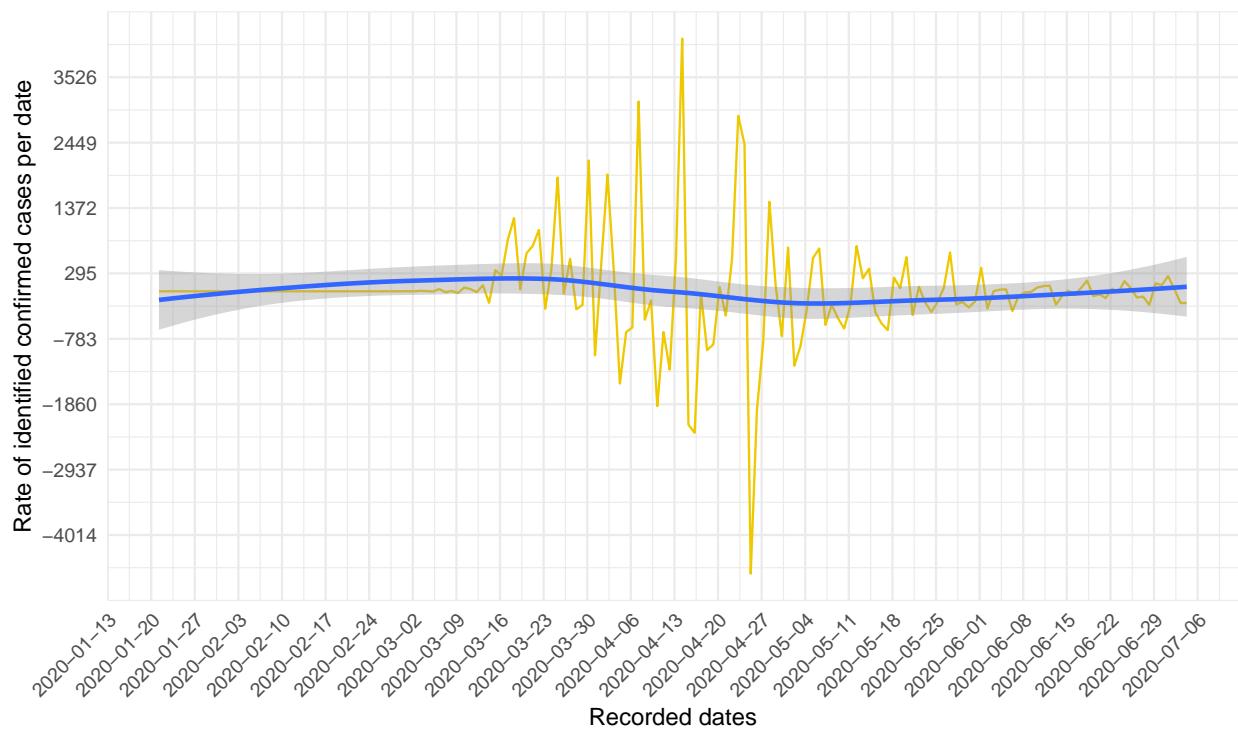

New Mexico – rate of increase of confirmed cases over time

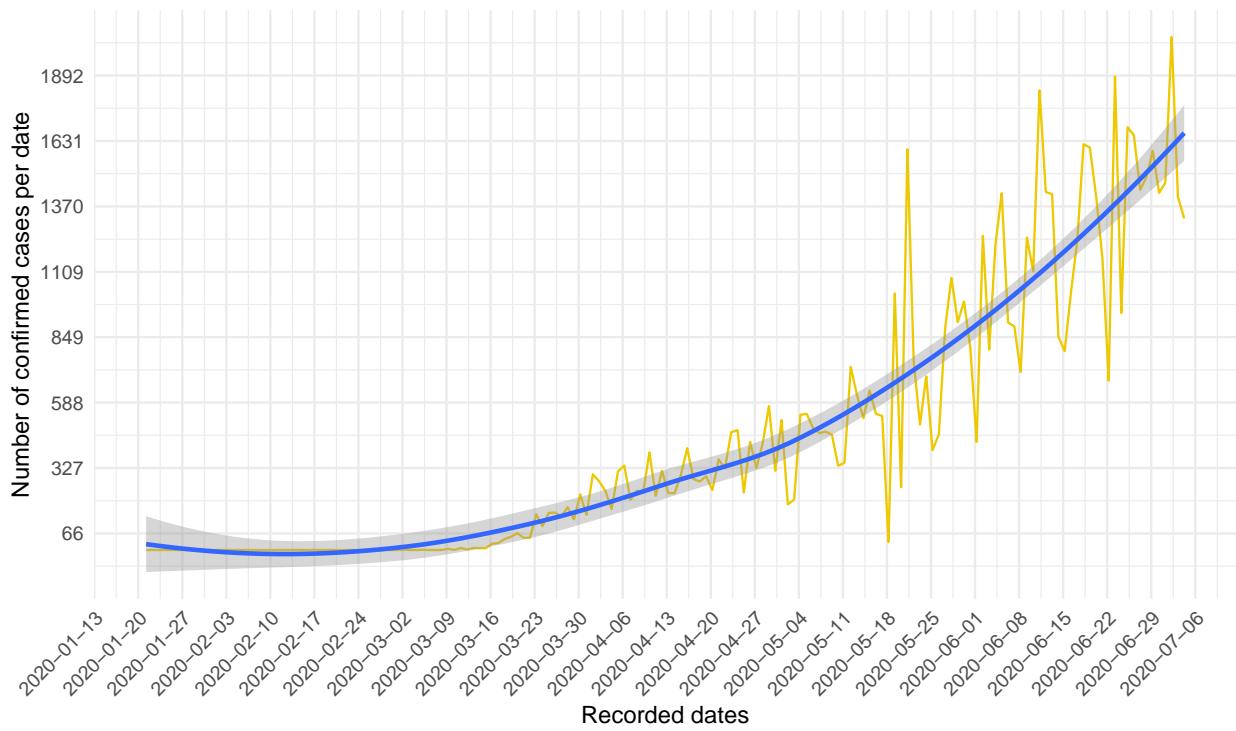

New York – confirmed cases over time, total cases: 397,131

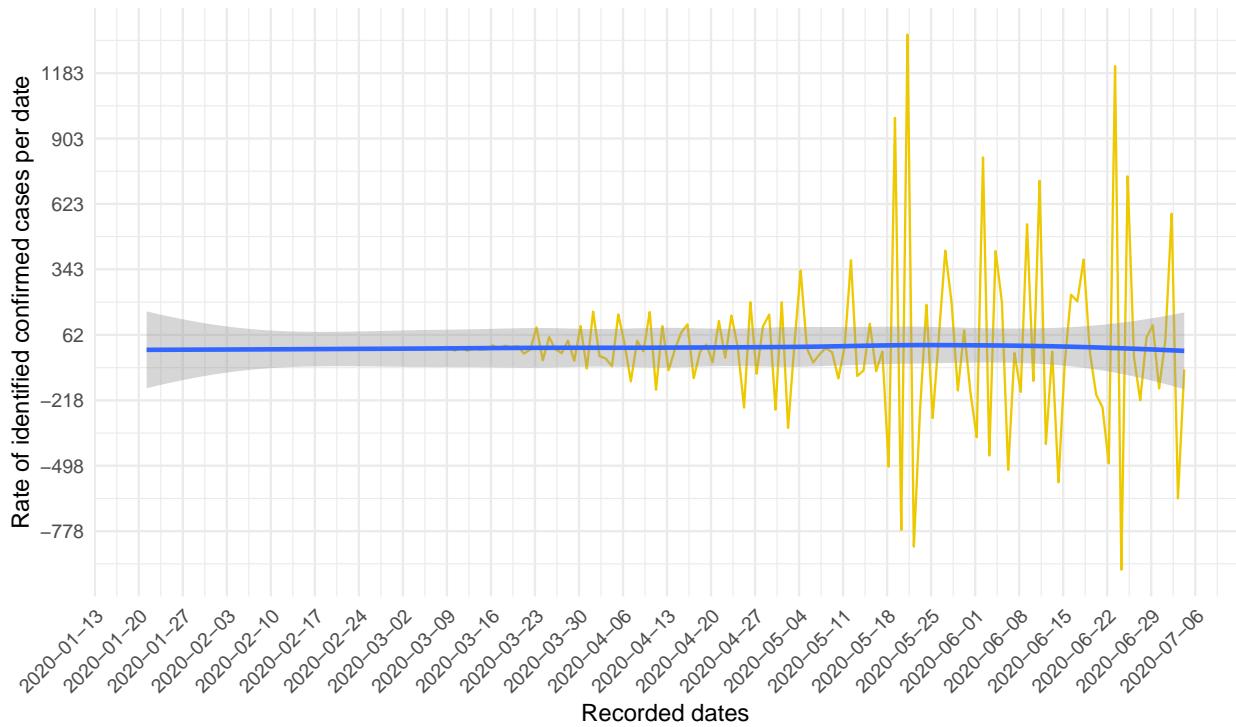

New York – rate of increase of confirmed cases over time

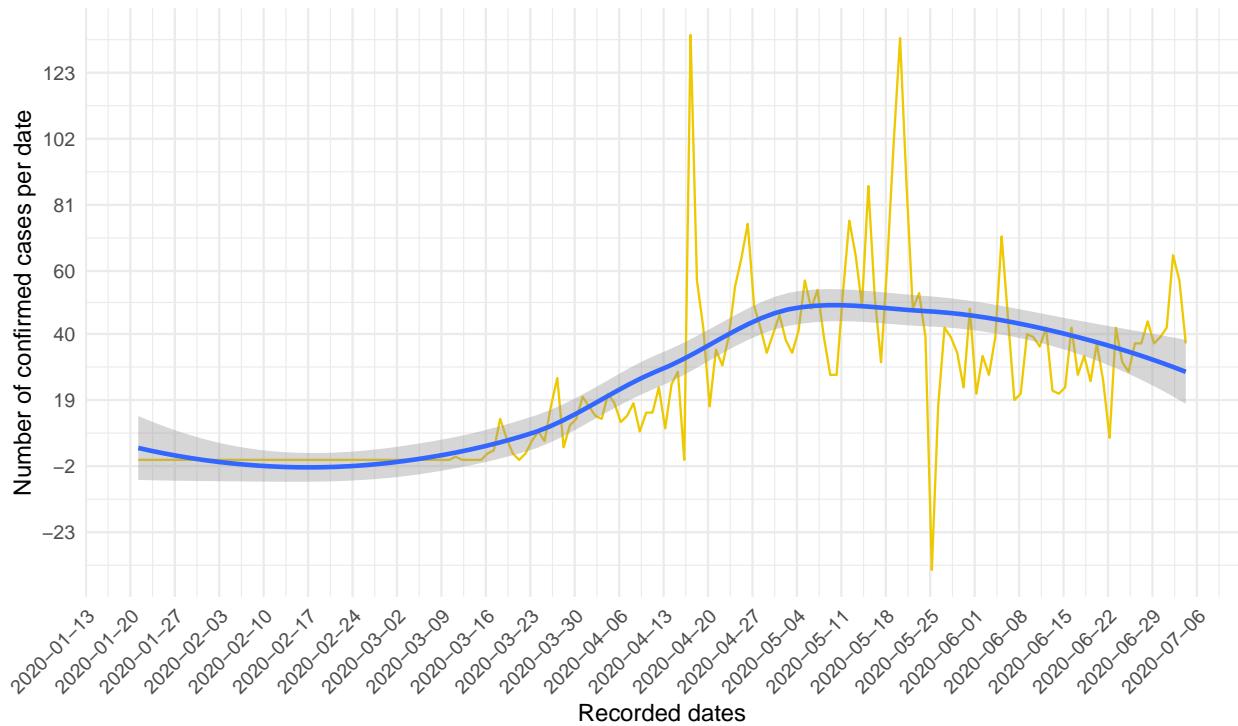

North Carolina – confirmed cases over time, total cases: 72,992

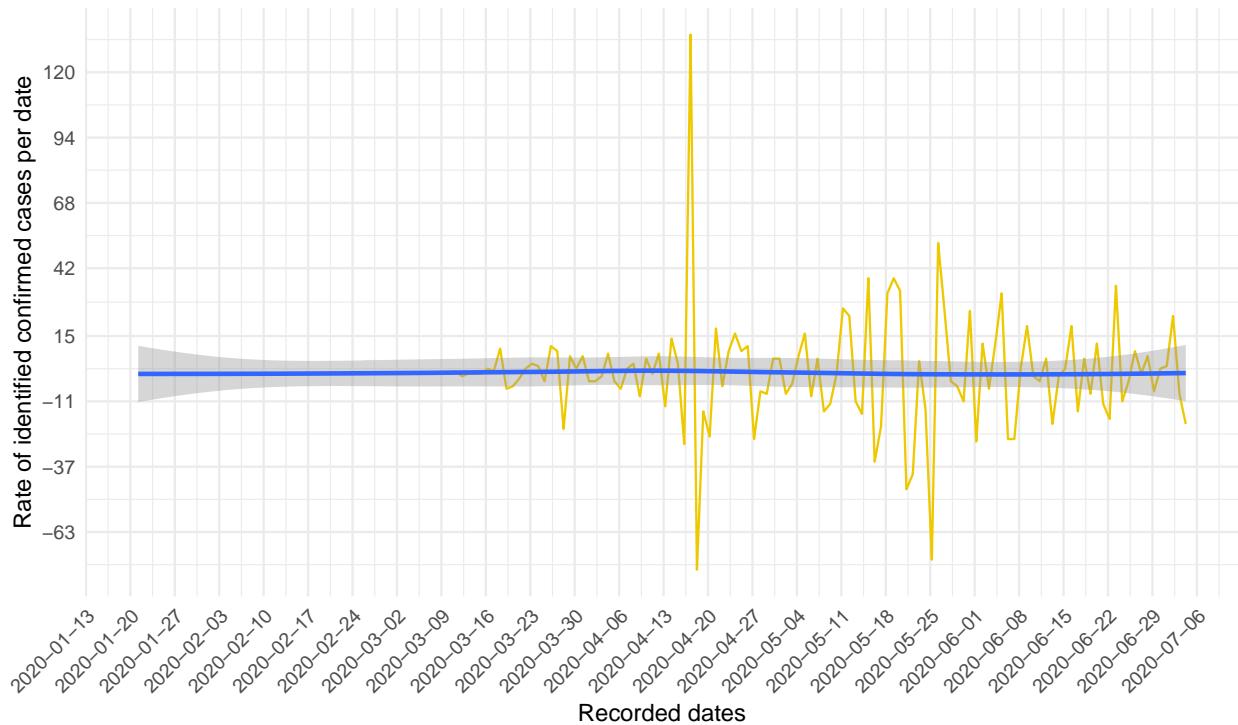

North Carolina – rate of increase of confirmed cases over time

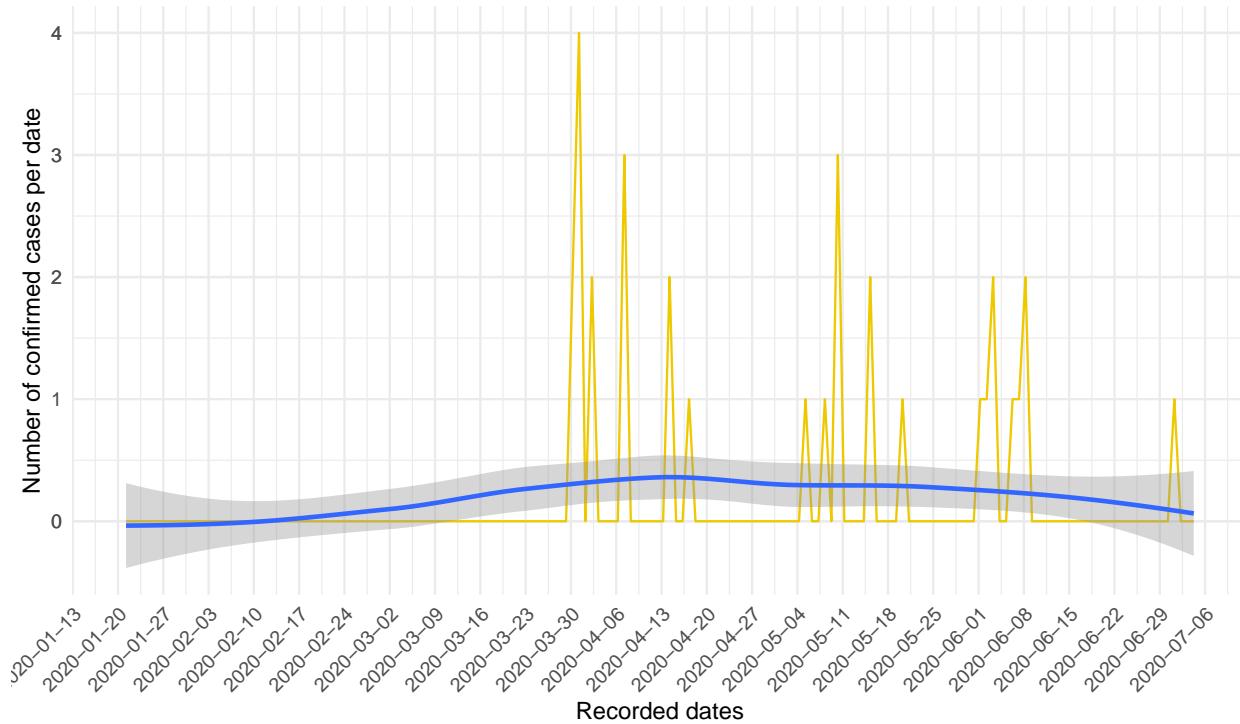

North Dakota – confirmed cases over time, total cases: 3,816

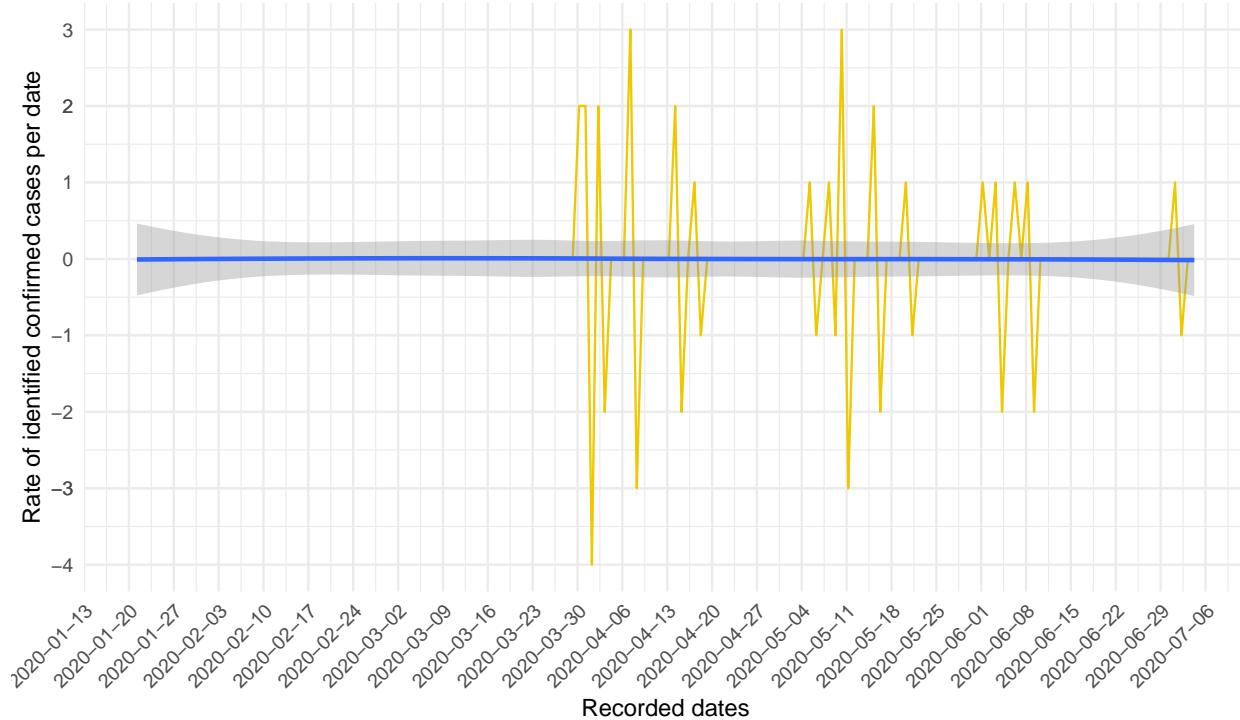

North Dakota – rate of increase of confirmed cases over time

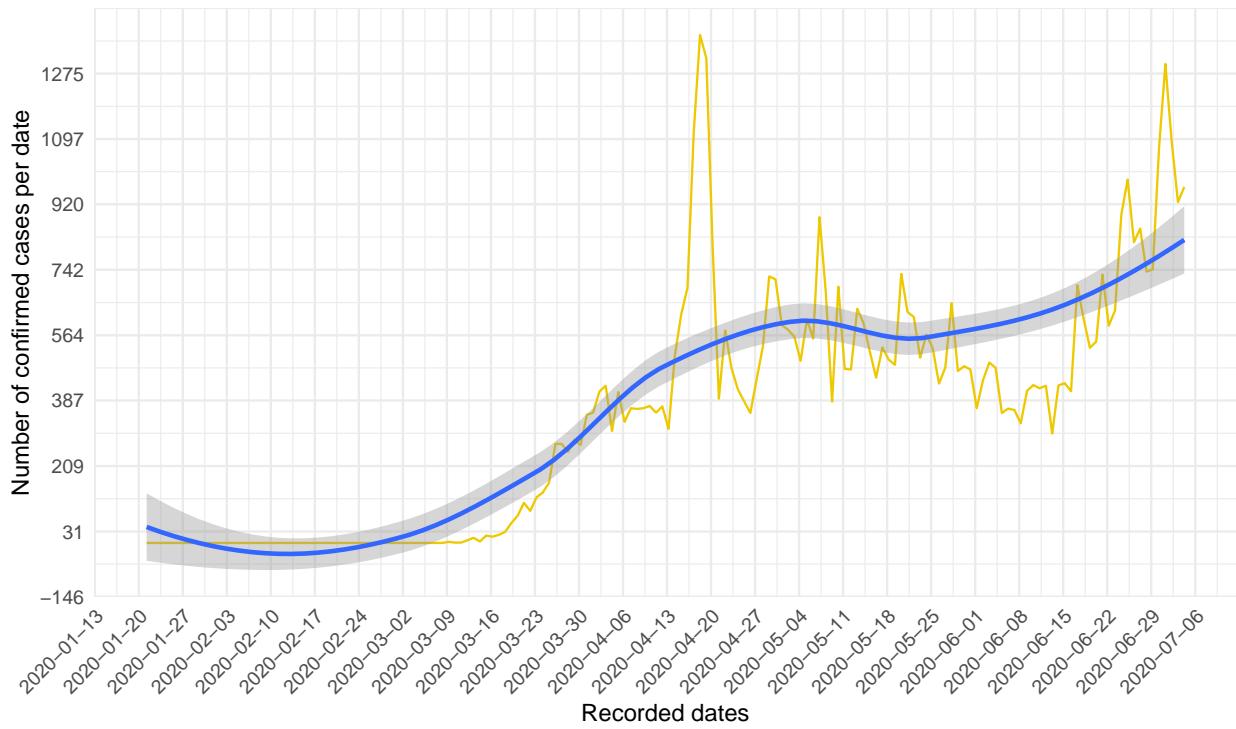

Northern Mariana Islands – confirmed cases over time, total cases: 31

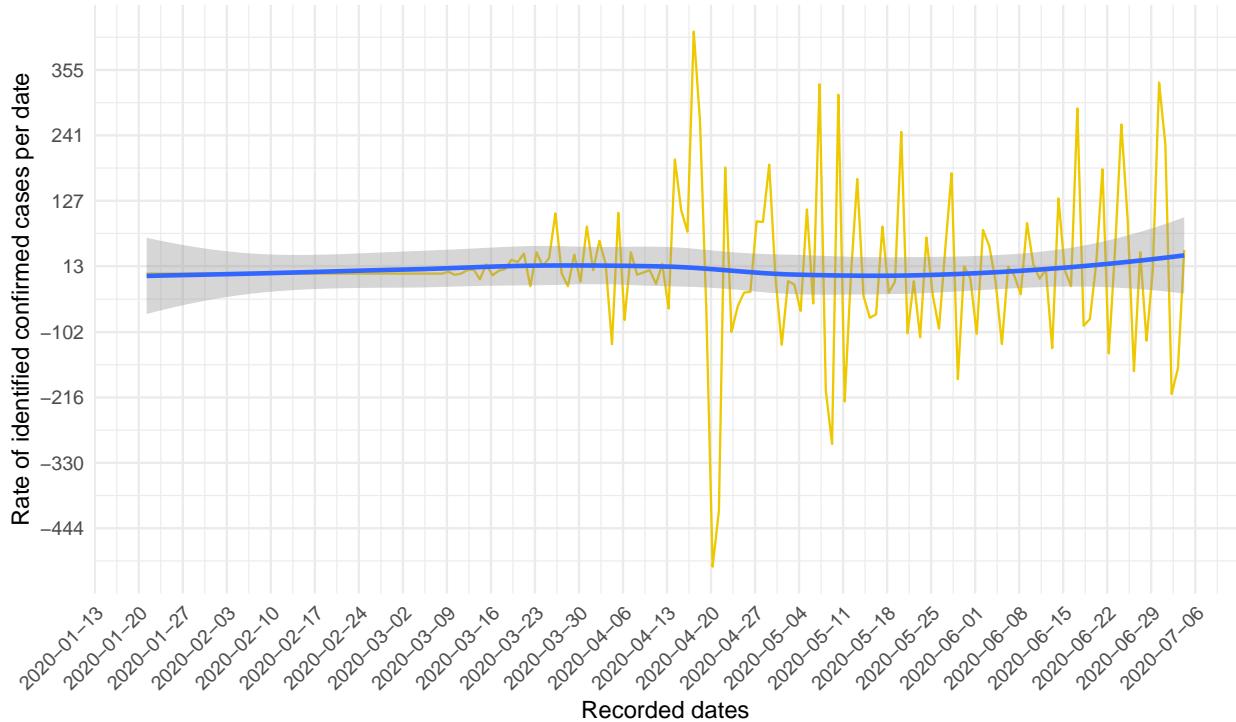

Northern Mariana Islands – rate of increase of confirmed cases over time

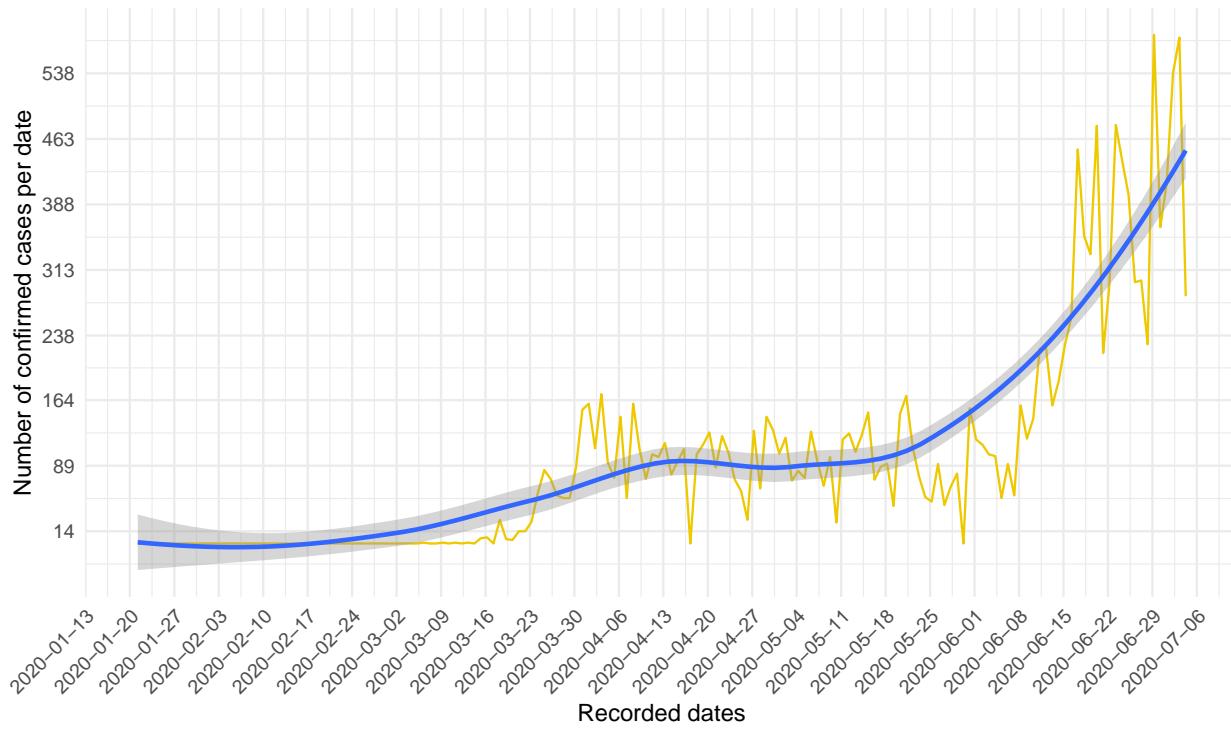

Ohio – confirmed cases over time, total cases: 57,150

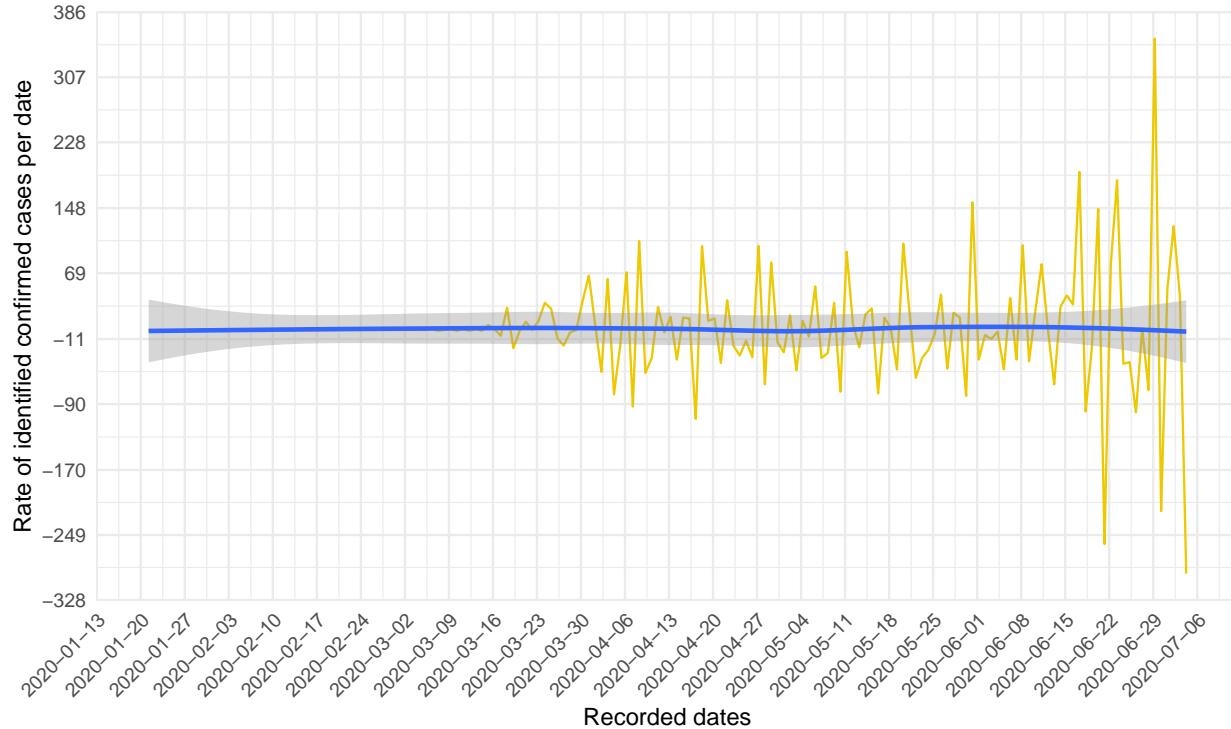

Ohio – rate of increase of confirmed cases over time

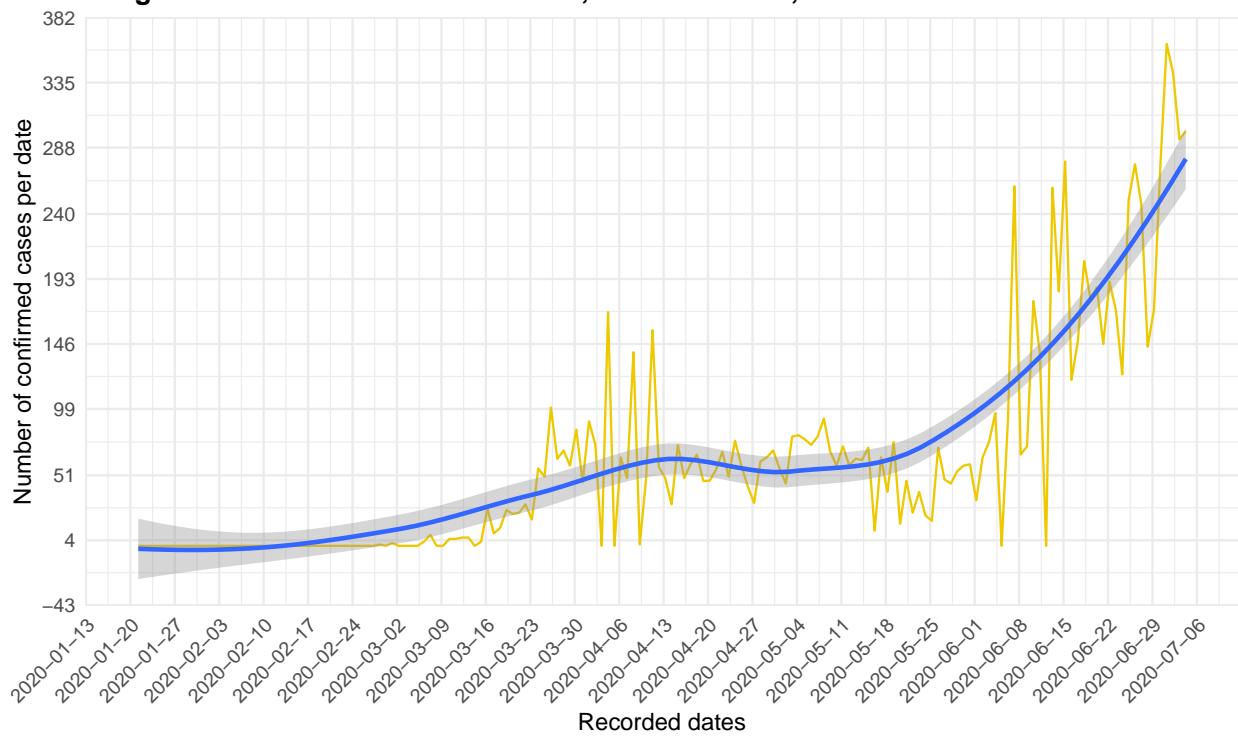

Oklahoma – confirmed cases over time, total cases: 15,931

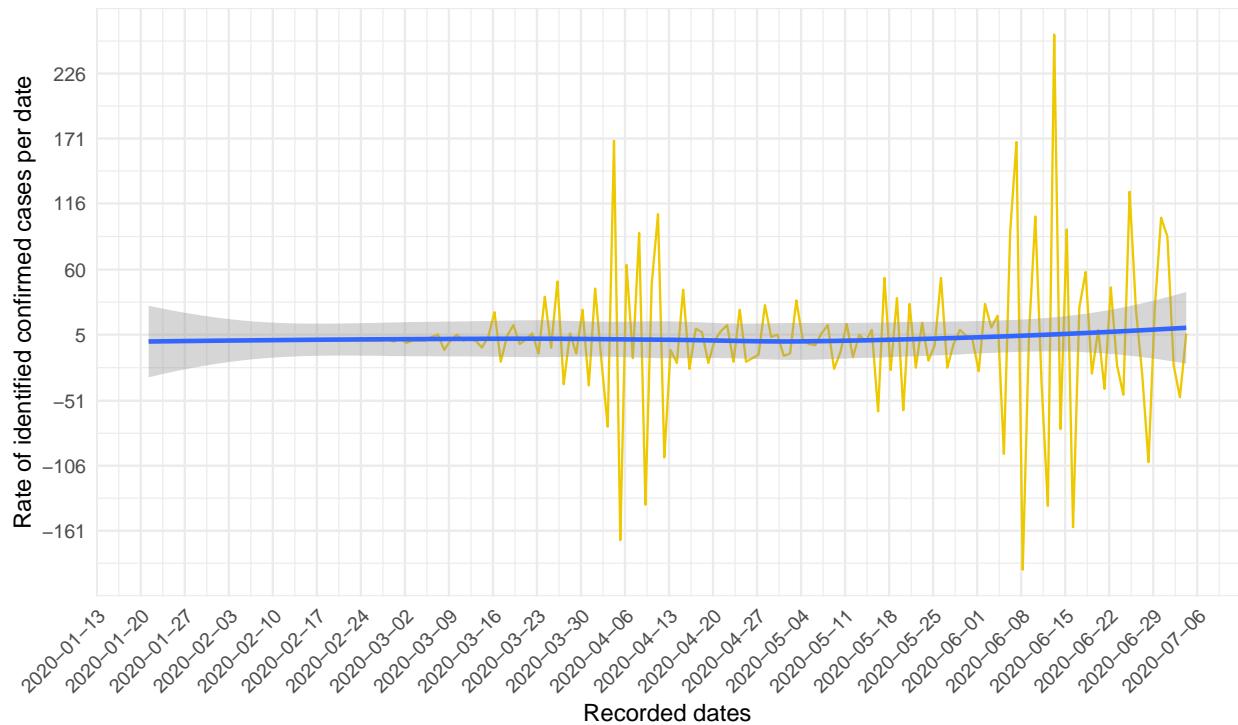

Oklahoma – rate of increase of confirmed cases over time

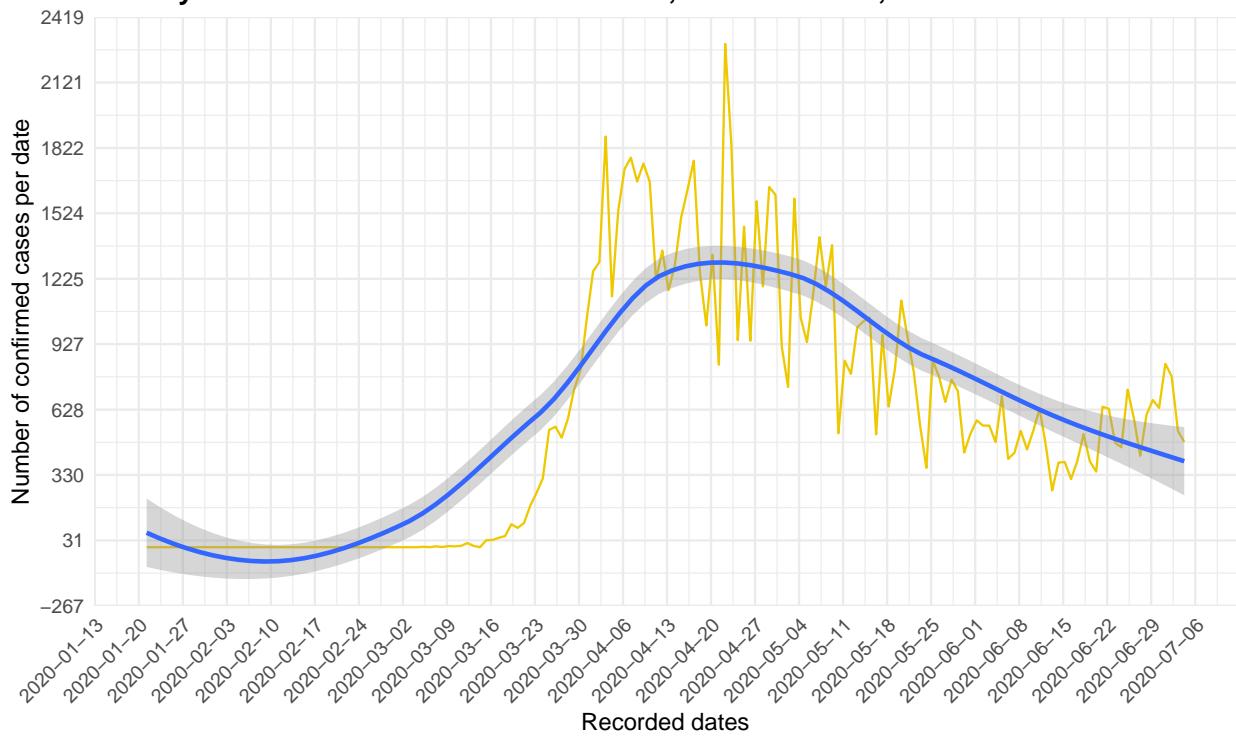

Oregon – confirmed cases over time, total cases: 10,230

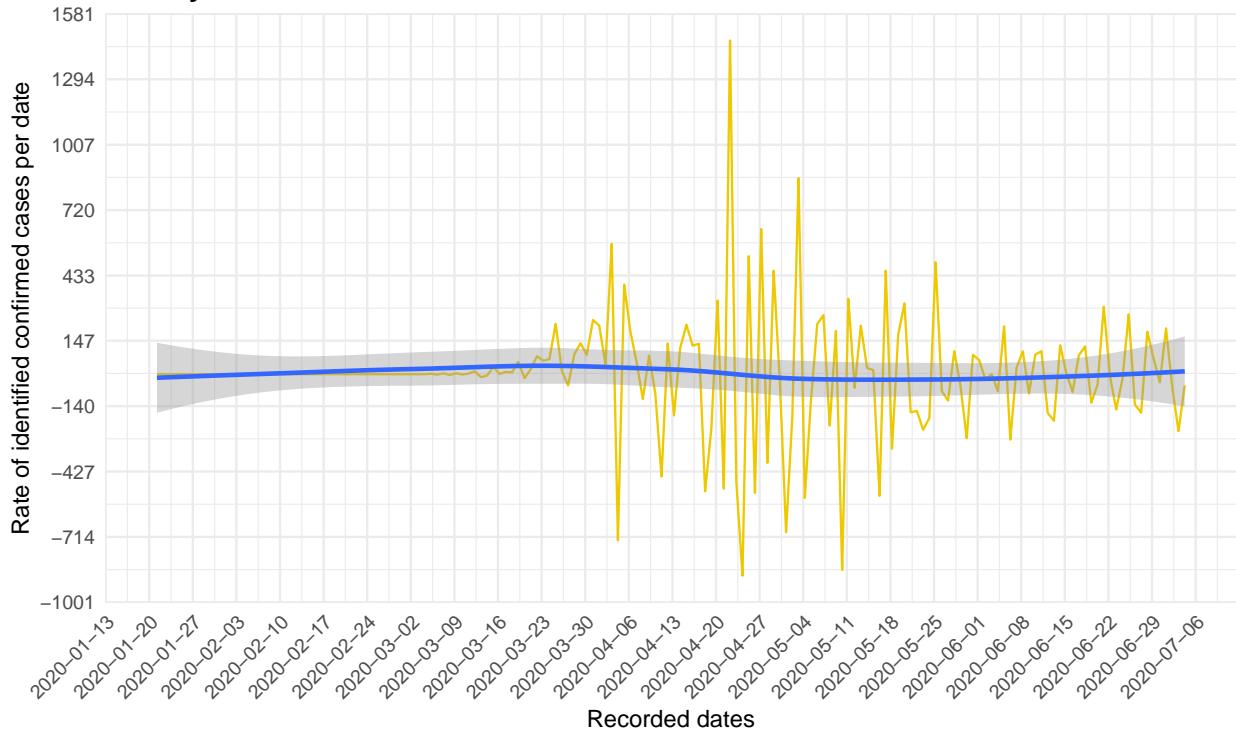

Oregon – rate of increase of confirmed cases over time

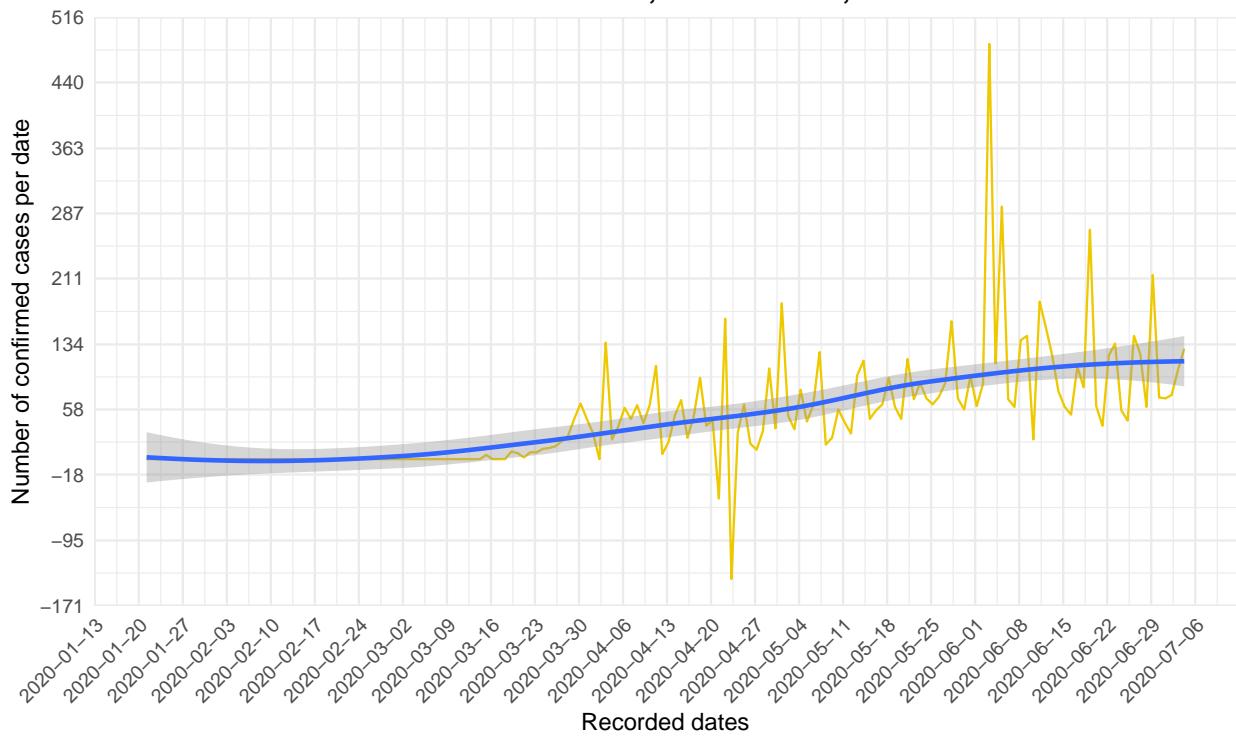

Pennsylvania – confirmed cases over time, total cases: 94,403

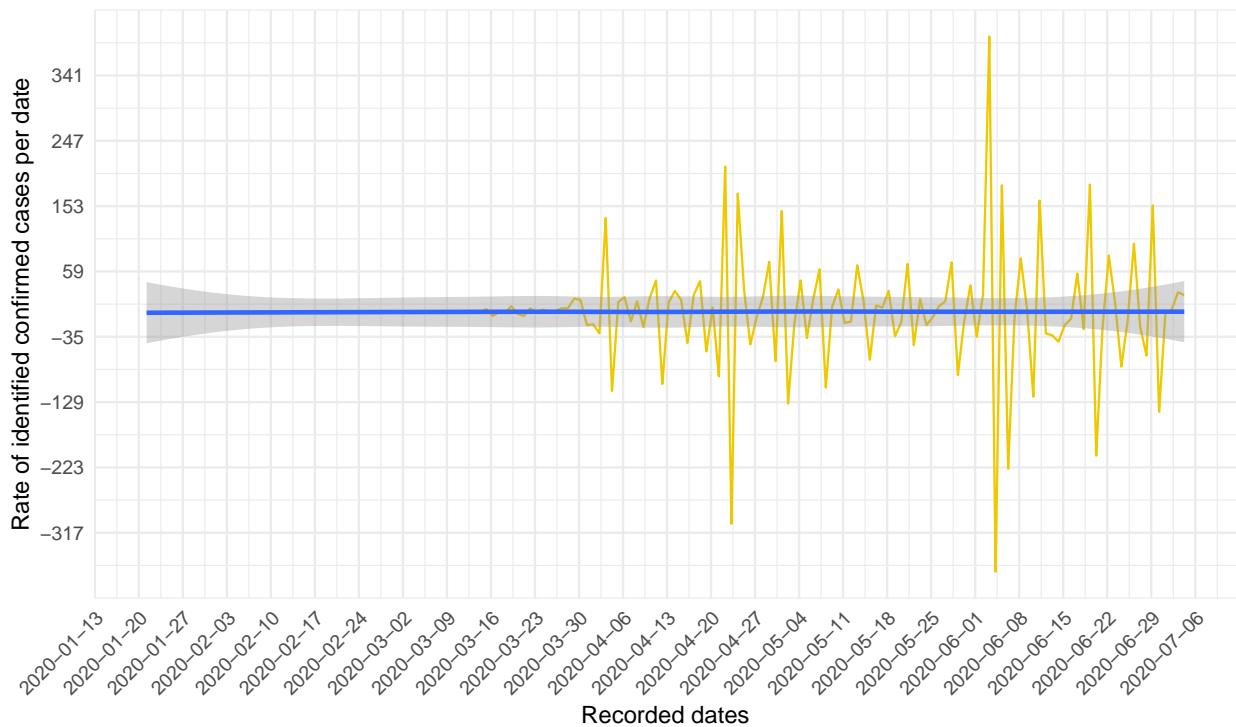

Pennsylvania – rate of increase of confirmed cases over time

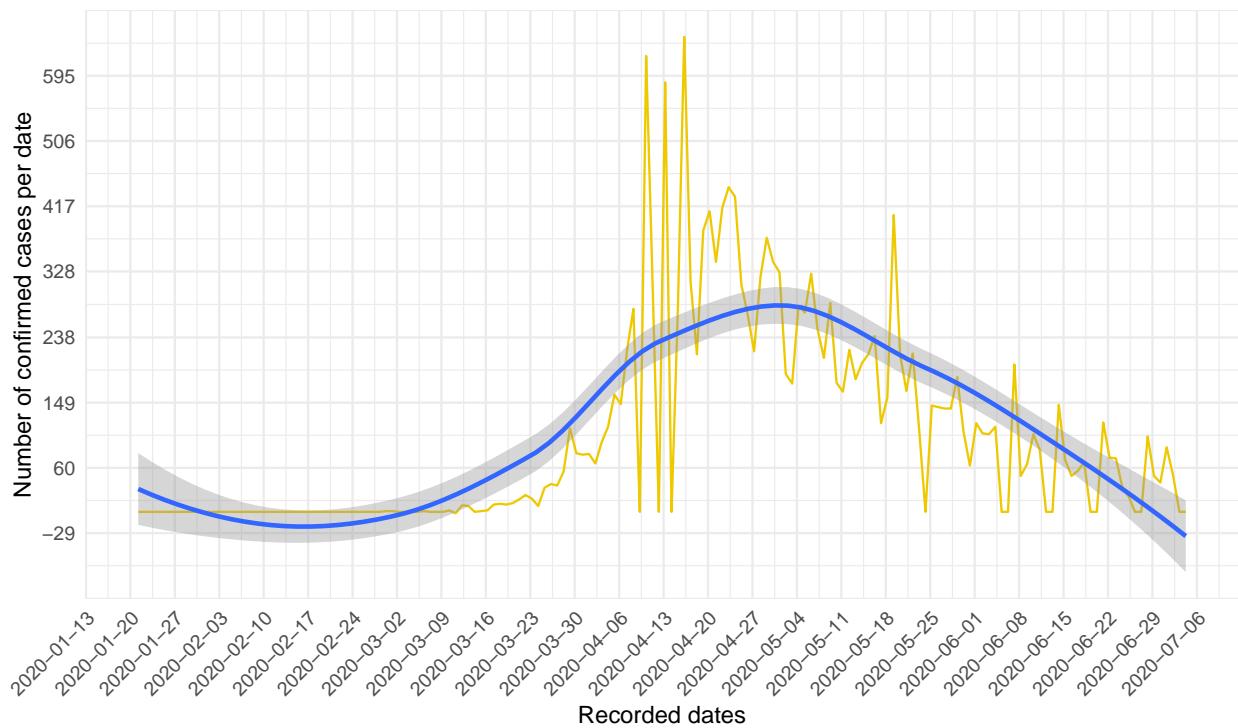

Puerto Rico – confirmed cases over time, total cases: 7,916

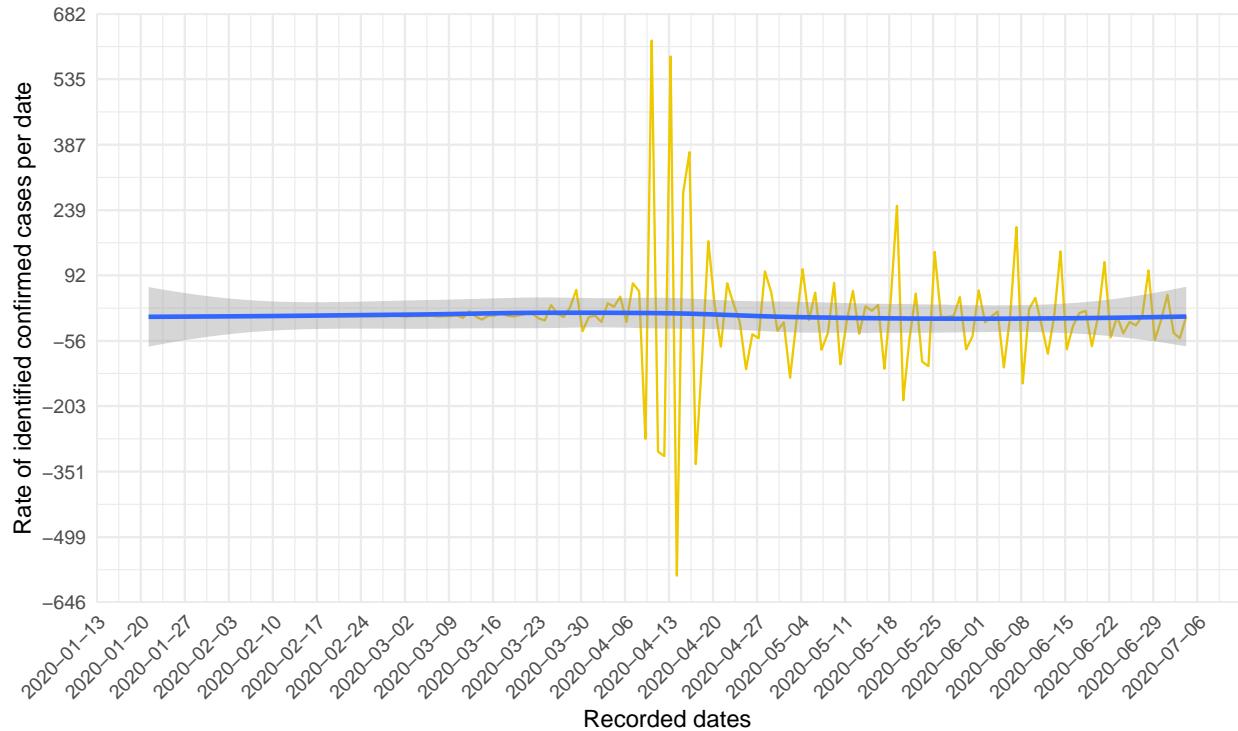

Puerto Rico – rate of increase of confirmed cases over time

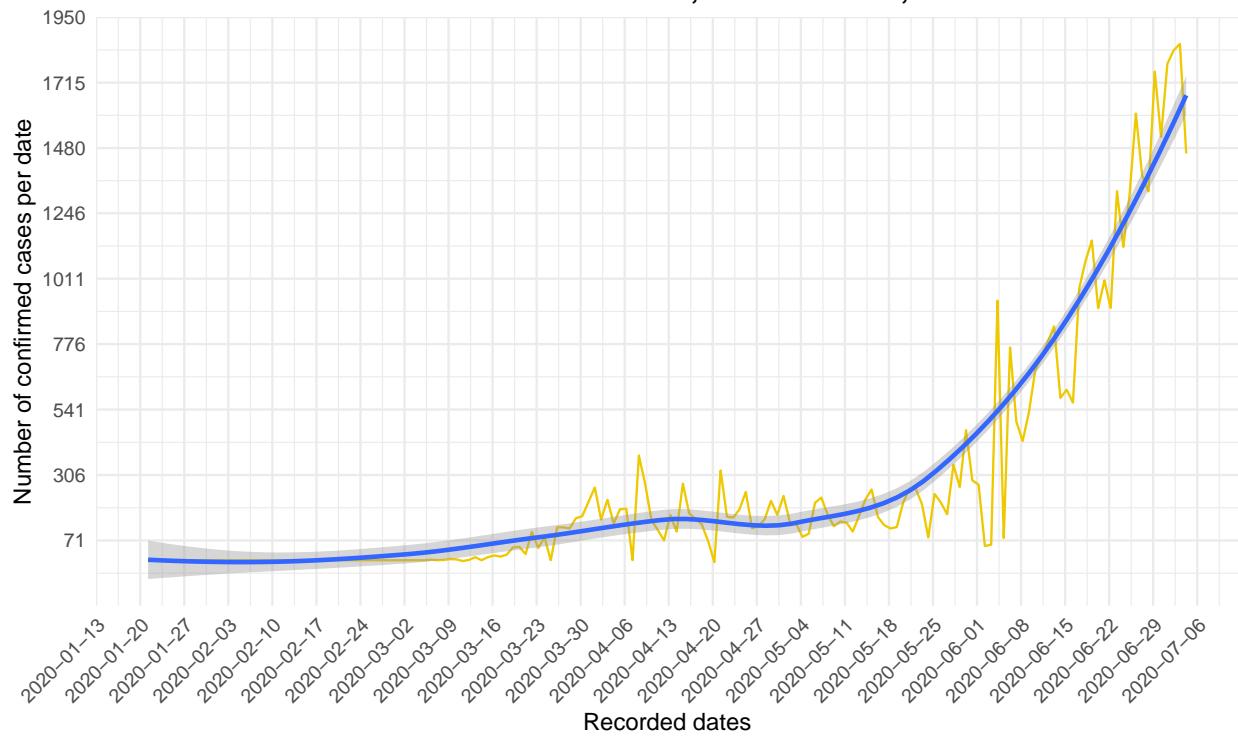

Rhode Island – confirmed cases over time, total cases: 16,991

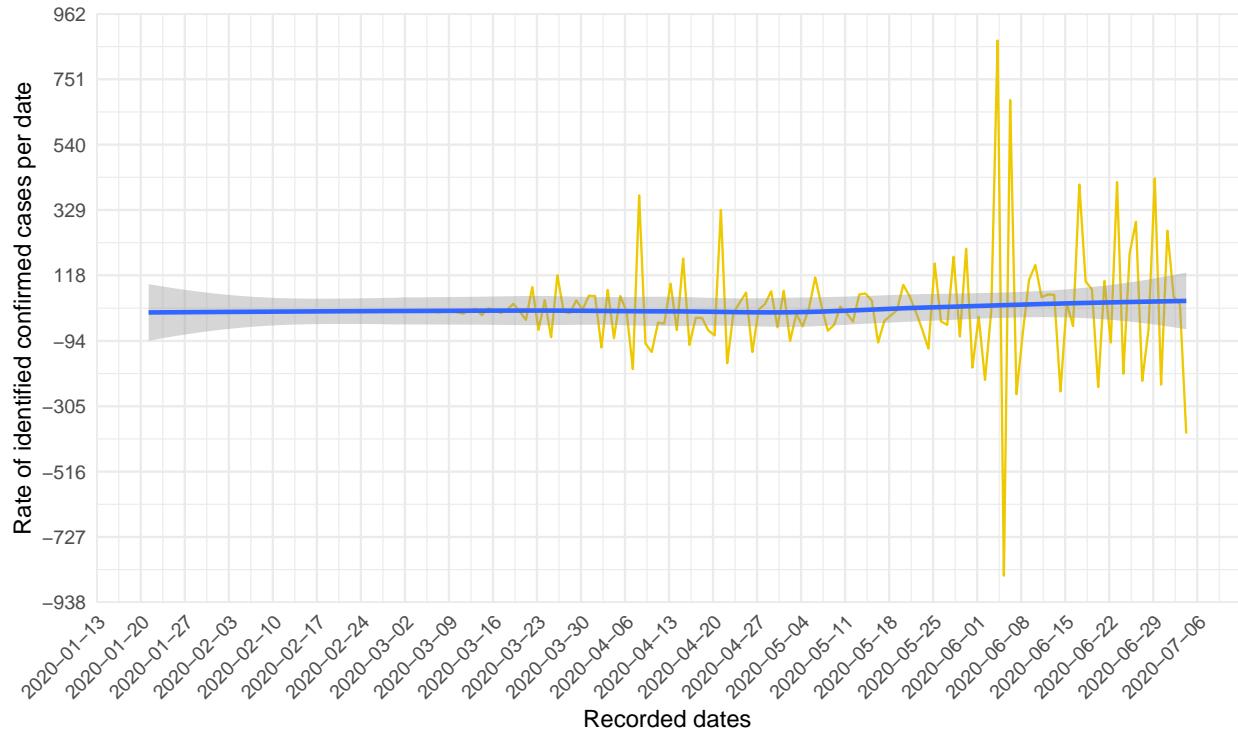

Rhode Island – rate of increase of confirmed cases over time

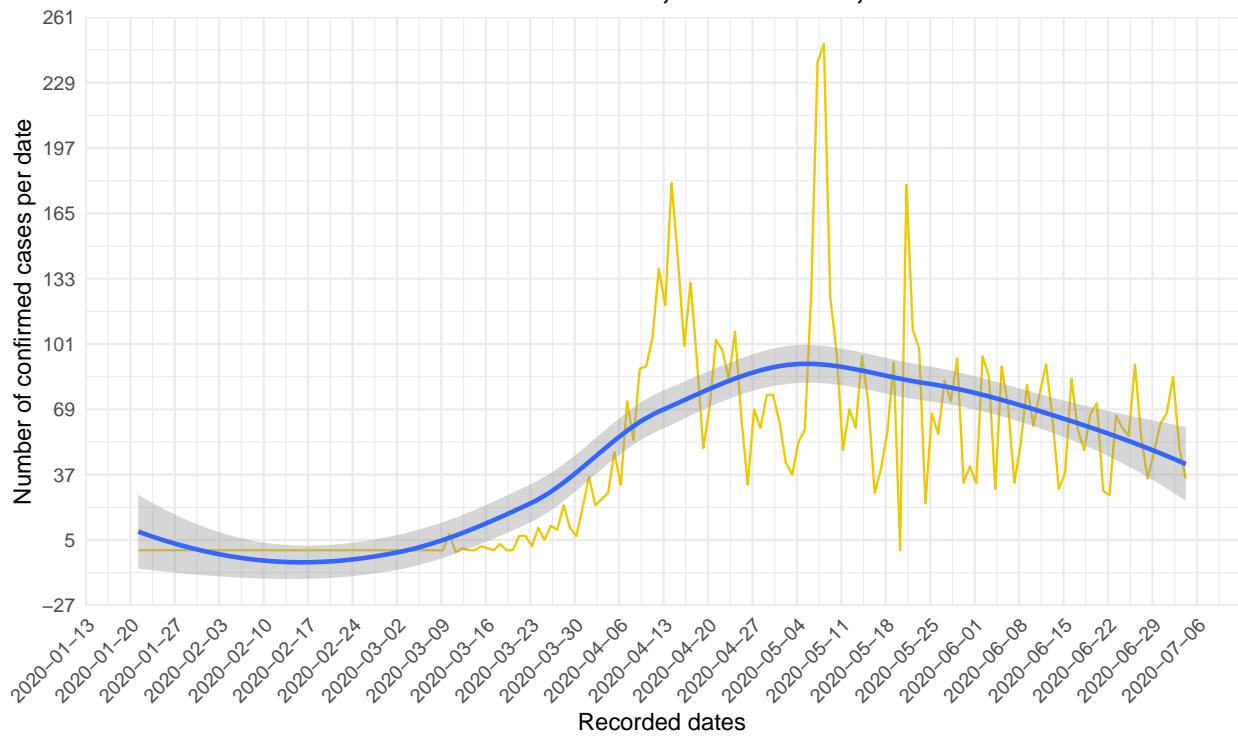

South Carolina – confirmed cases over time, total cases: 44,847

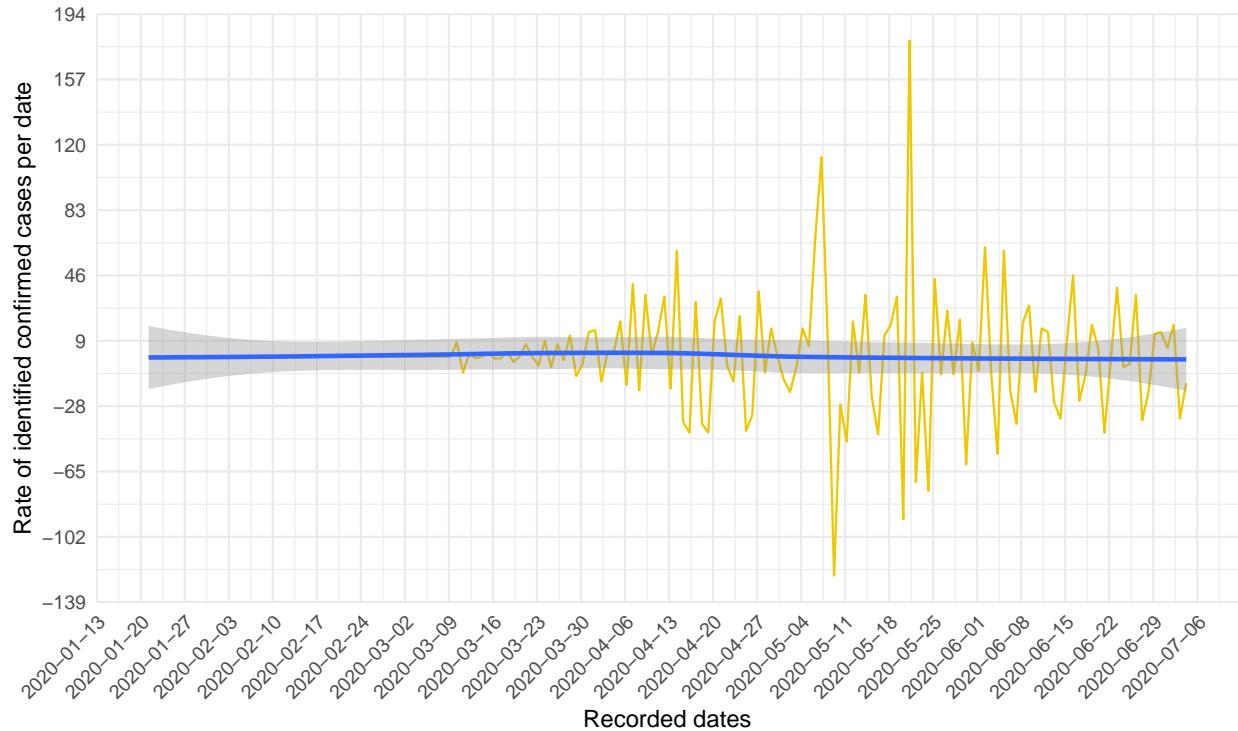

South Carolina – rate of increase of confirmed cases over time

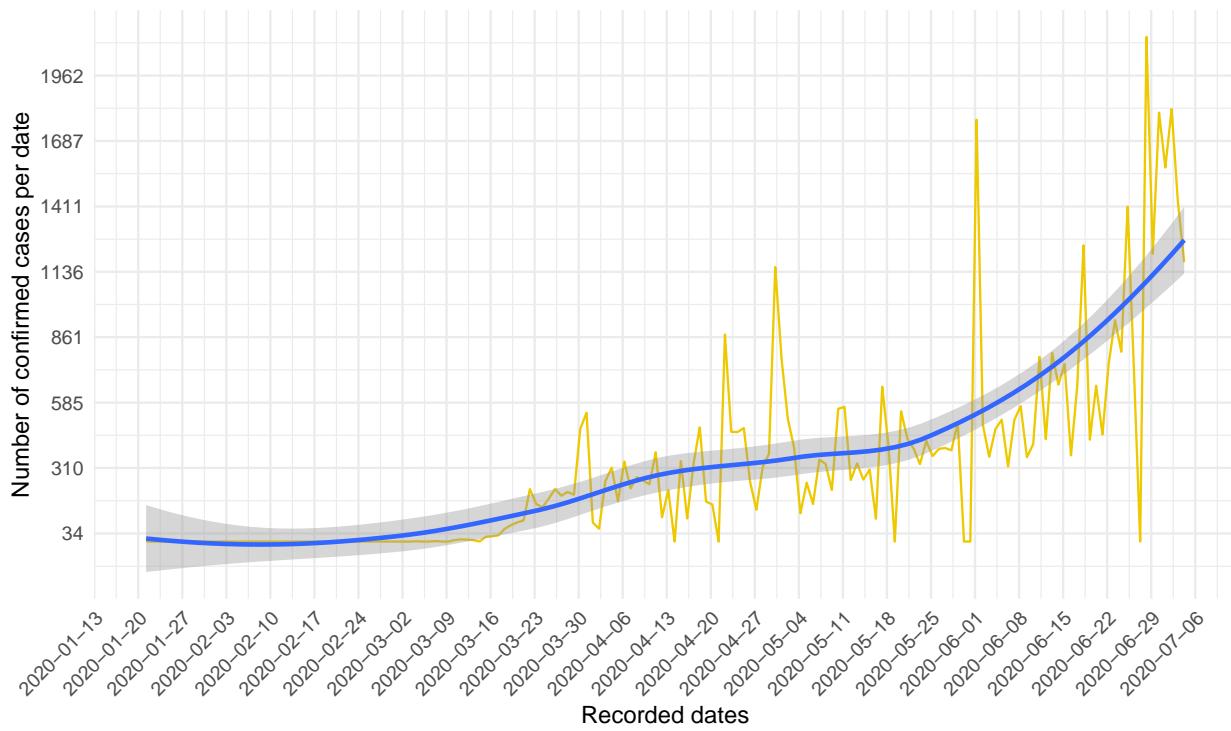

South Dakota – confirmed cases over time, total cases: 7,063

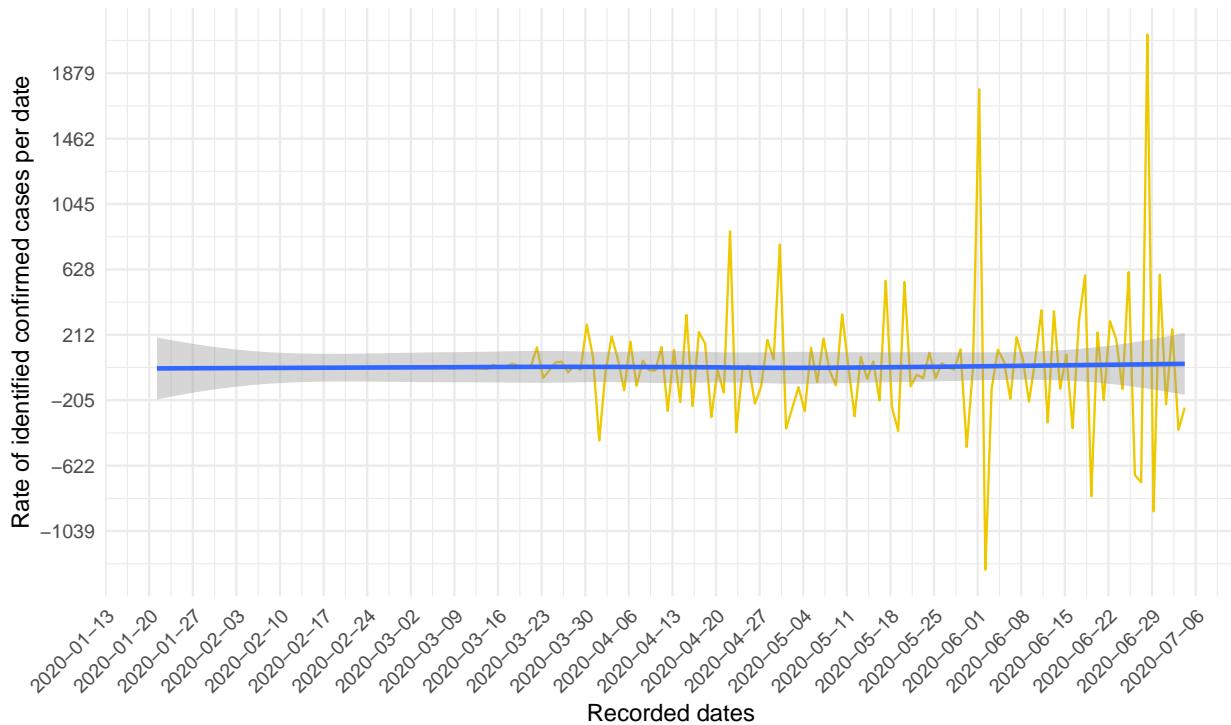

South Dakota – rate of increase of confirmed cases over time

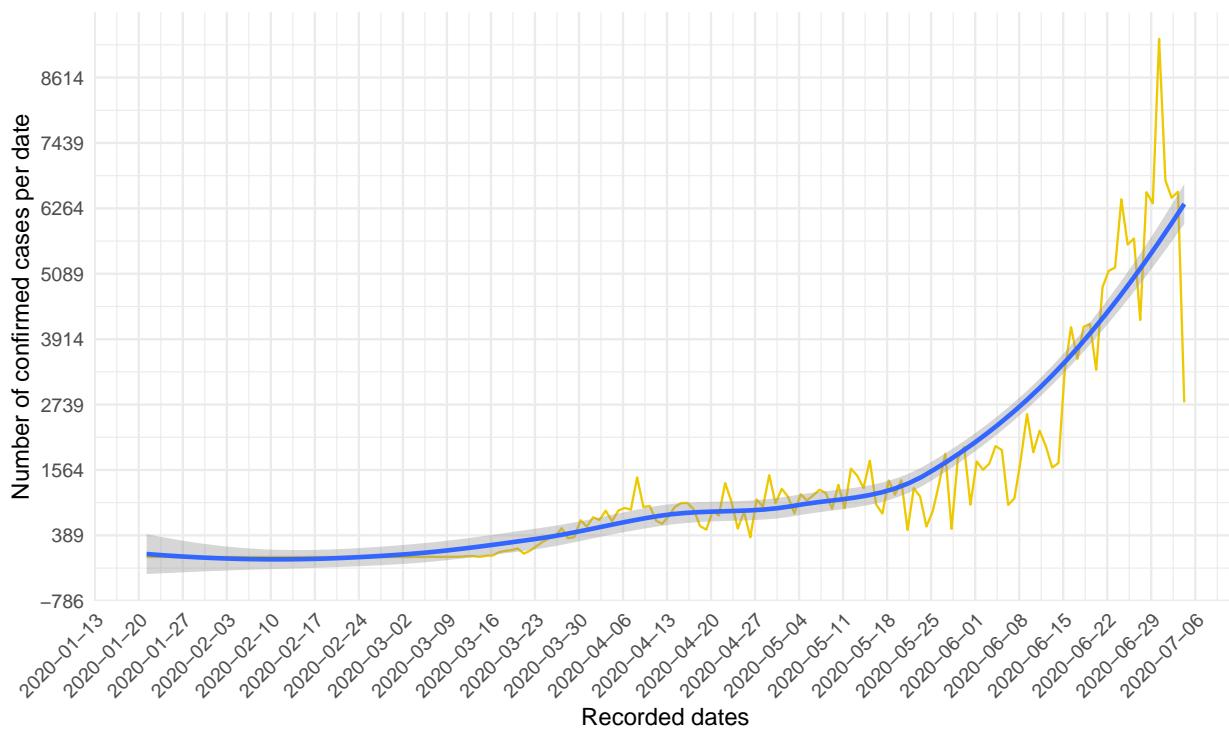

Tennessee – confirmed cases over time, total cases: 51,316

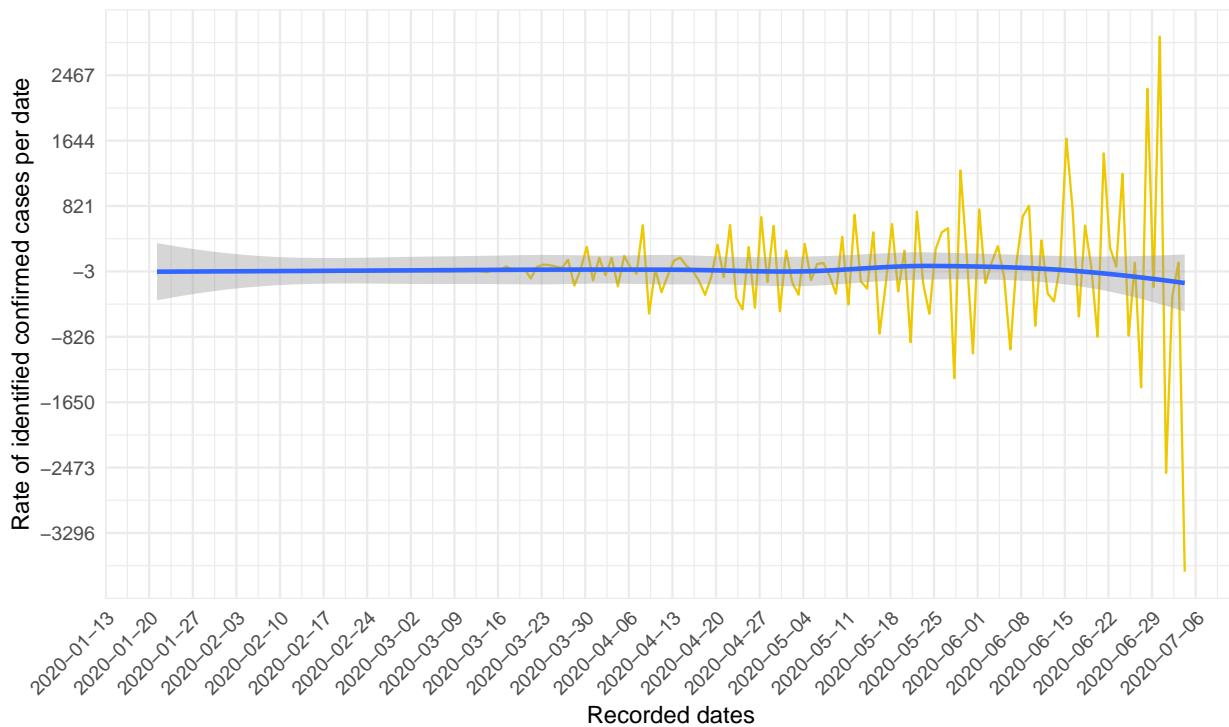

Tennessee – rate of increase of confirmed cases over time

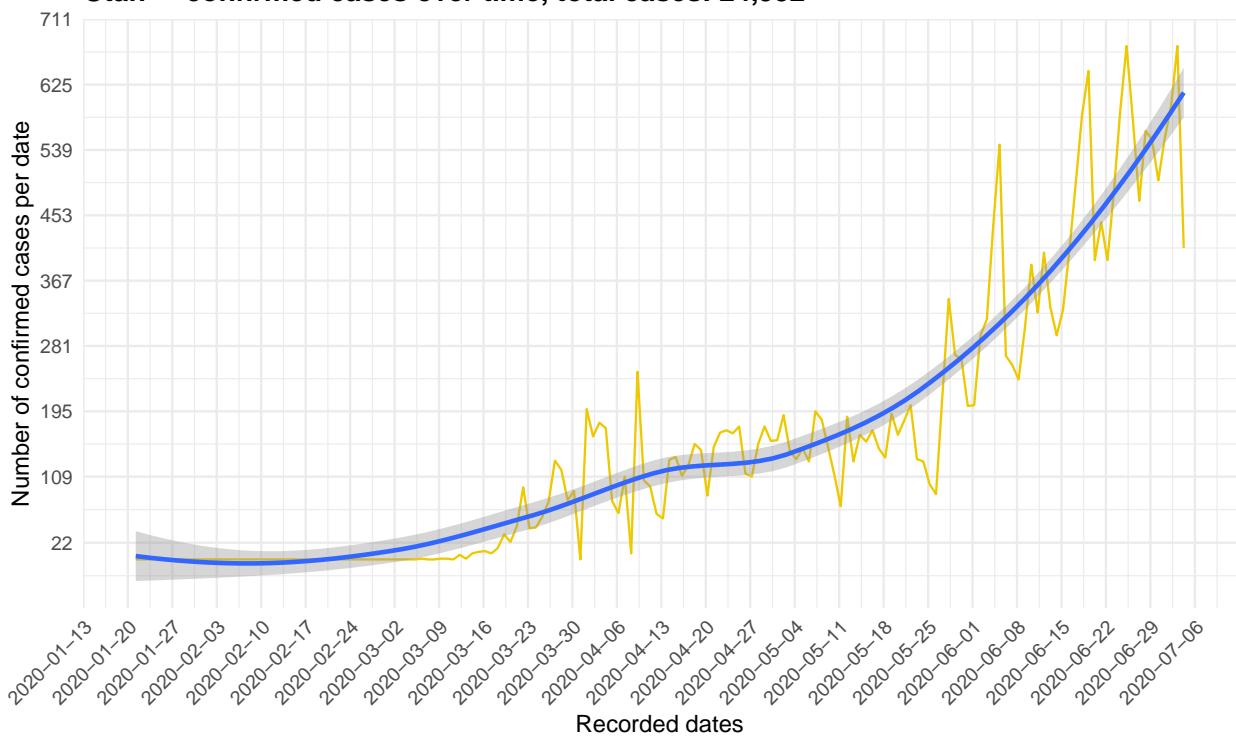

Texas – confirmed cases over time, total cases: 194,932

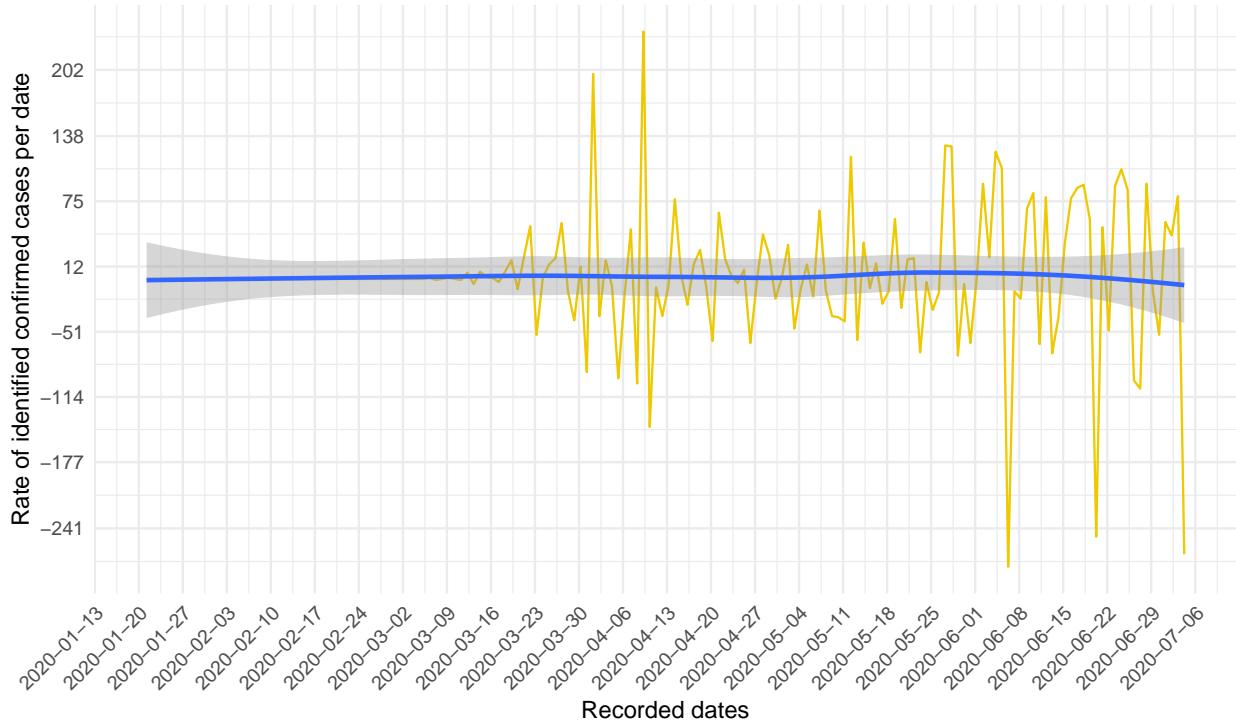

Texas – rate of increase of confirmed cases over time

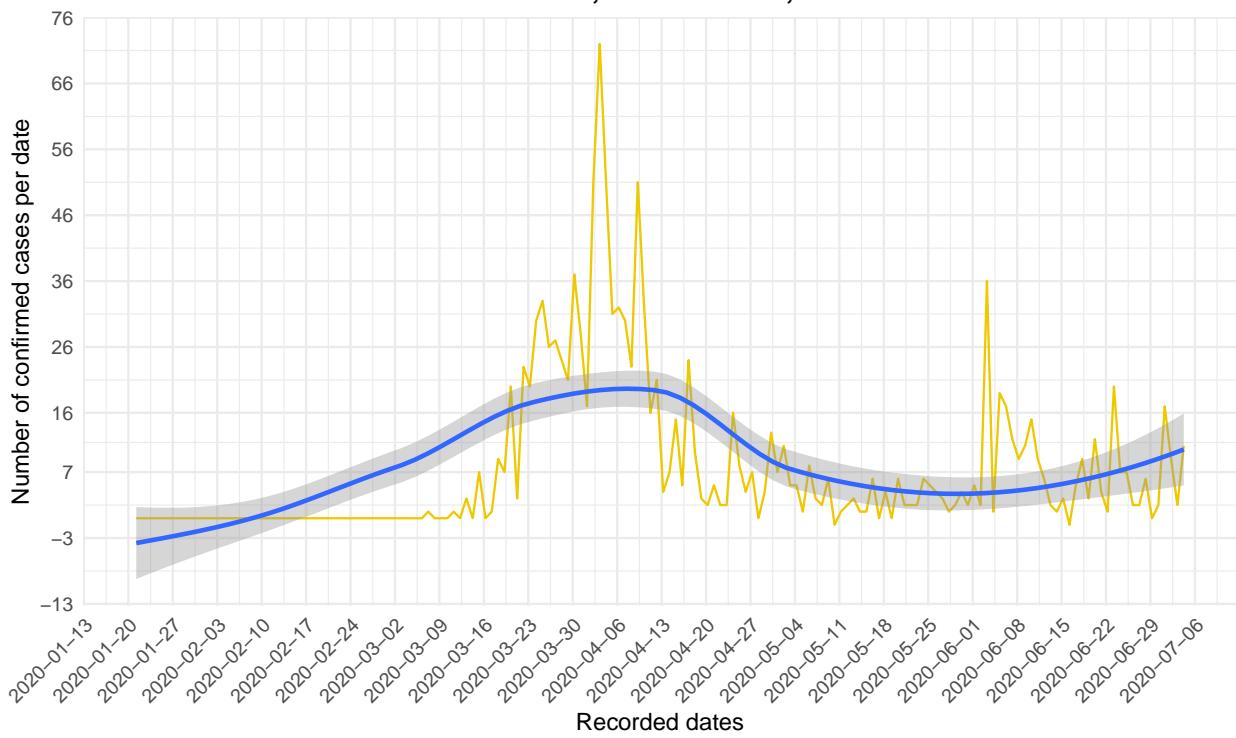

Utah – confirmed cases over time, total cases: 24,952

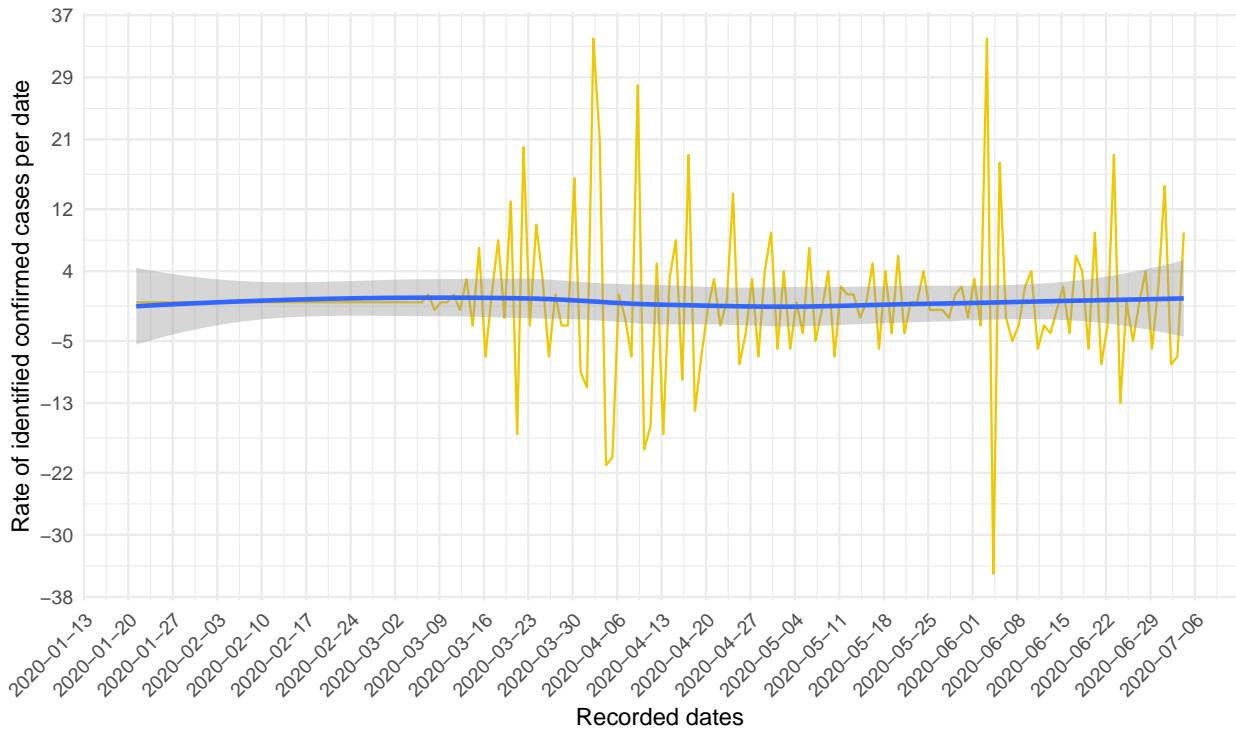

Utah – rate of increase of confirmed cases over time

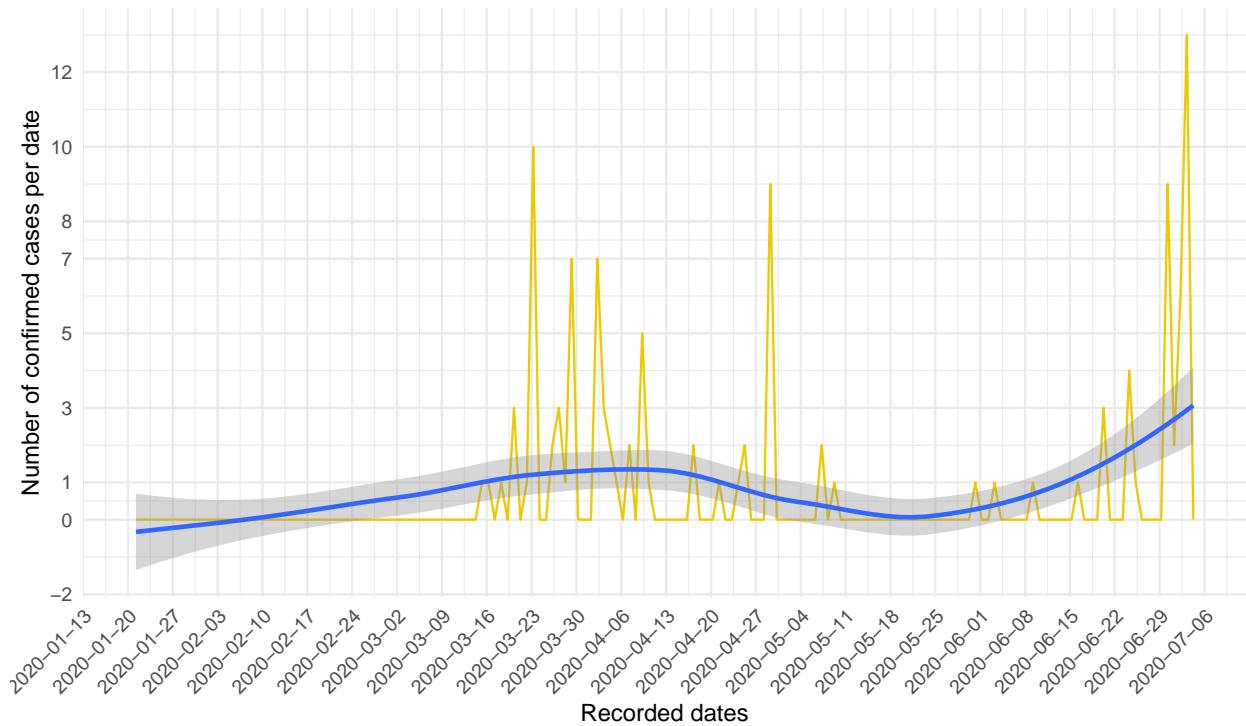

Vermont – confirmed cases over time, total cases: 1,249

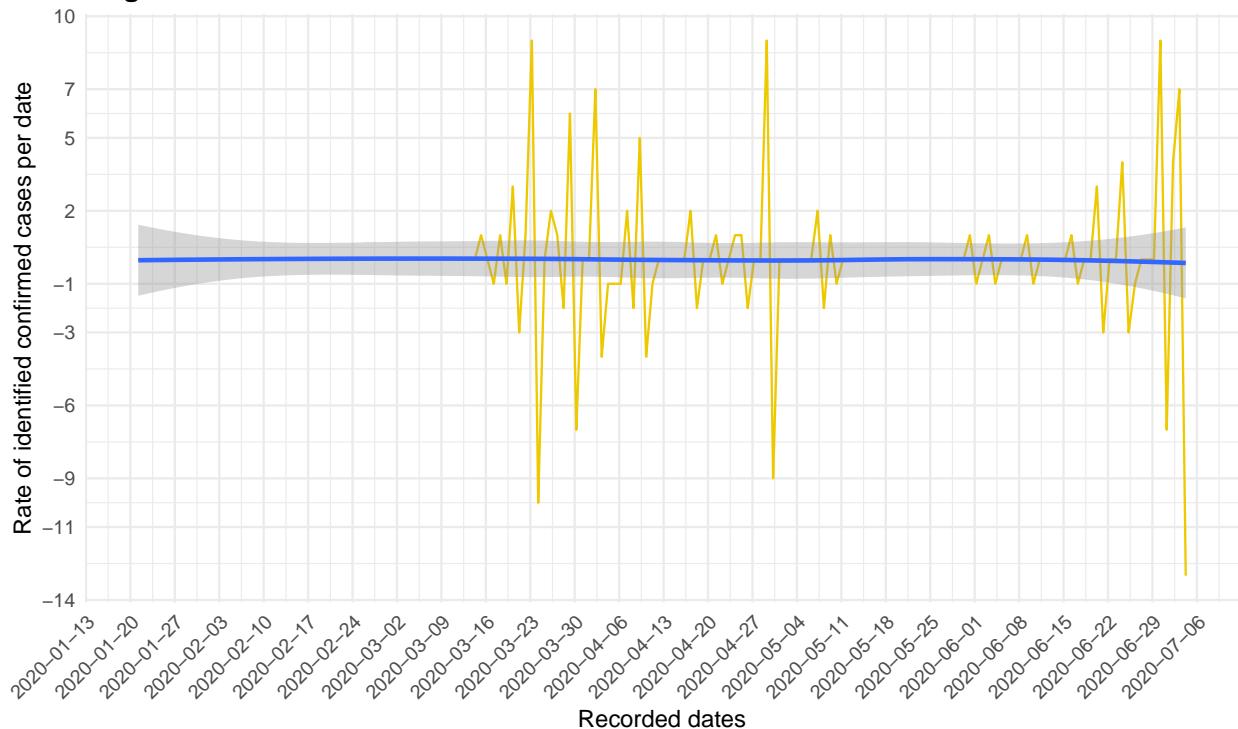

Vermont – rate of increase of confirmed cases over time

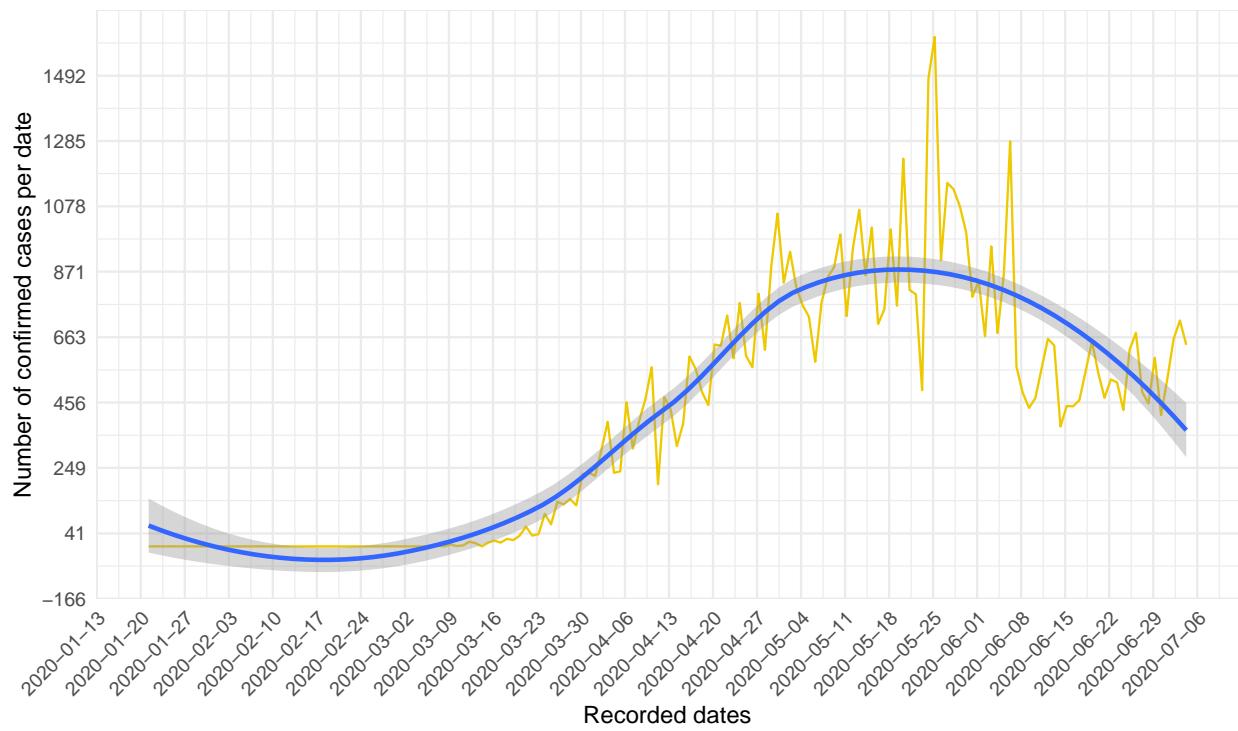

Virgin Islands – confirmed cases over time, total cases: 111

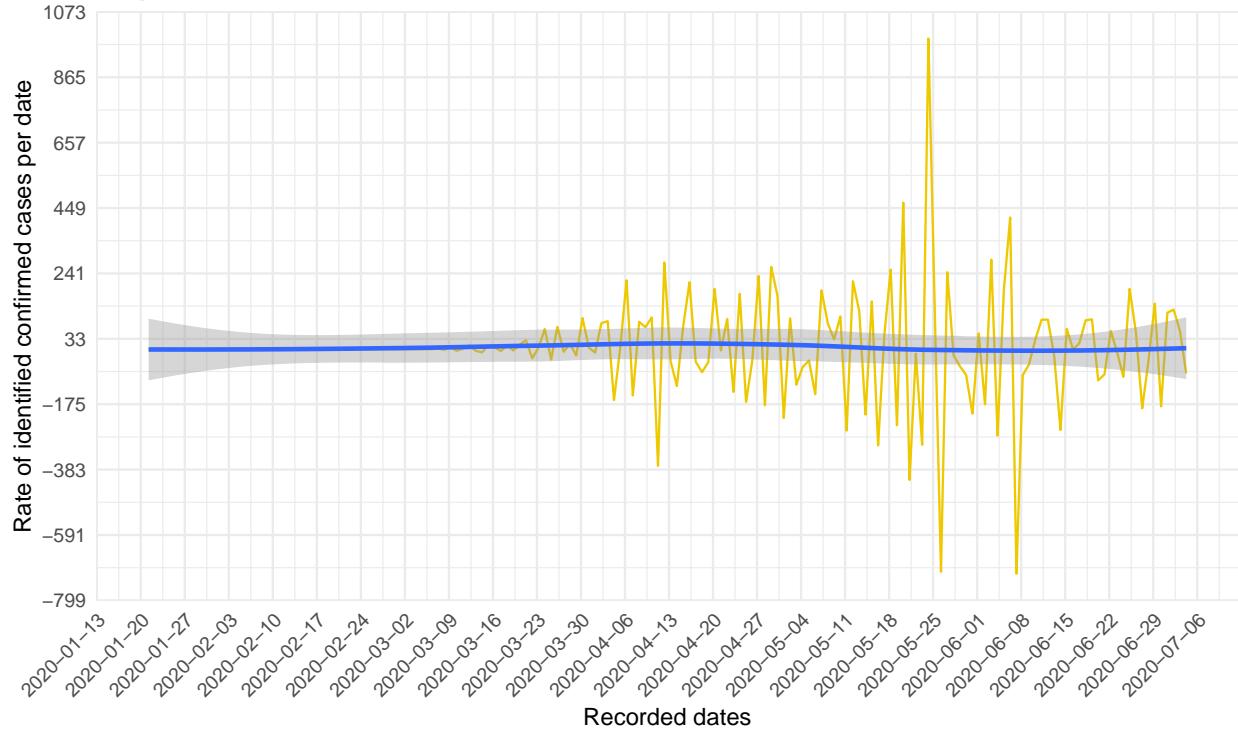

Virgin Islands – rate of increase of confirmed cases over time

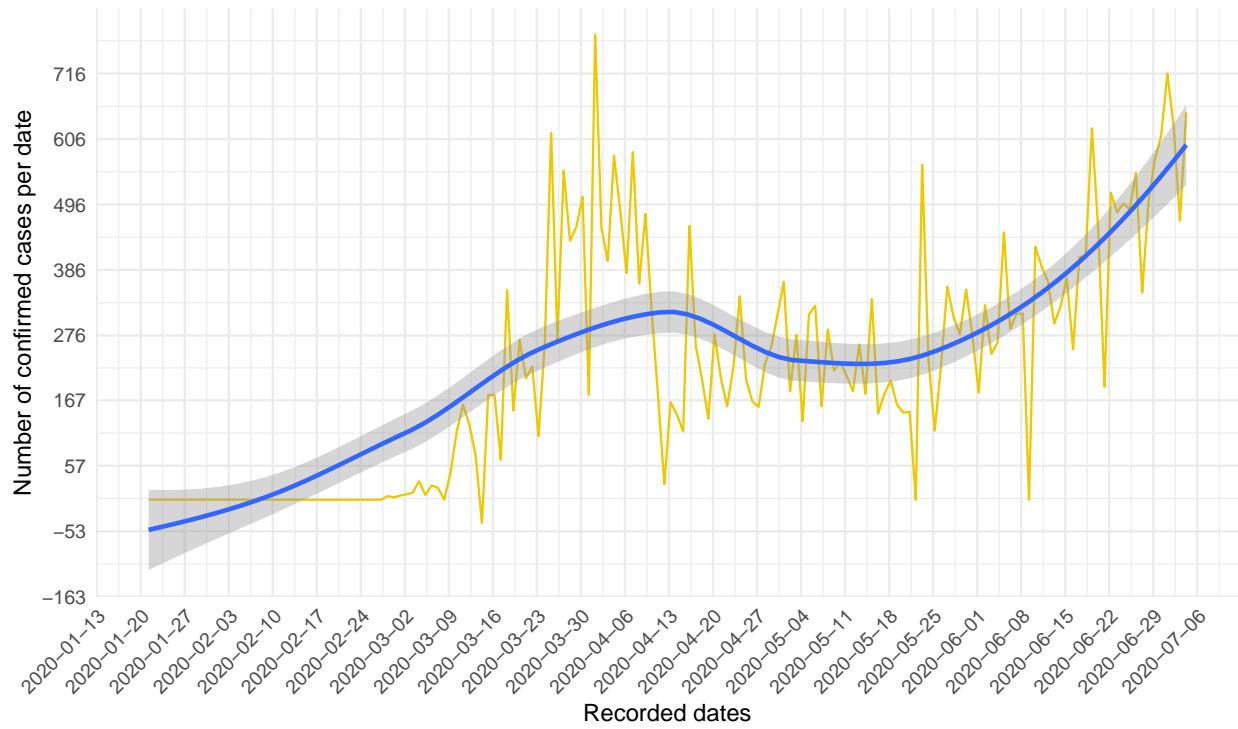

Virginia – confirmed cases over time, total cases: 65,748

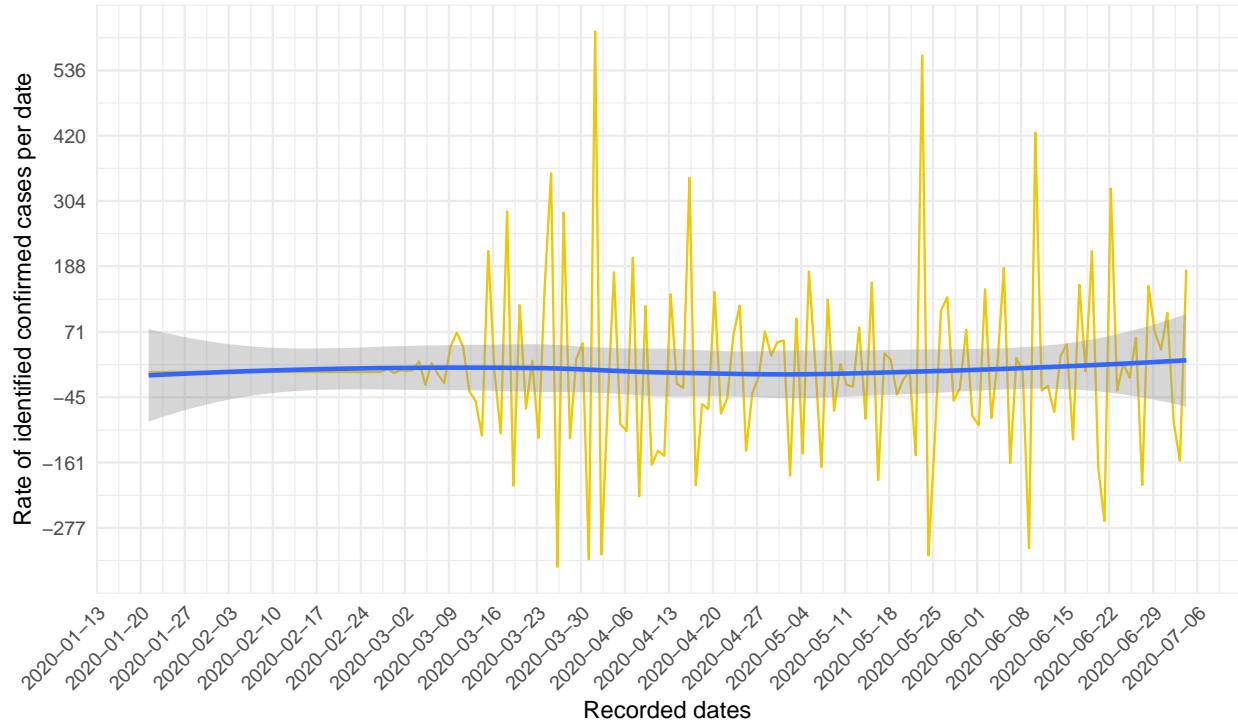

Virginia – rate of increase of confirmed cases over time

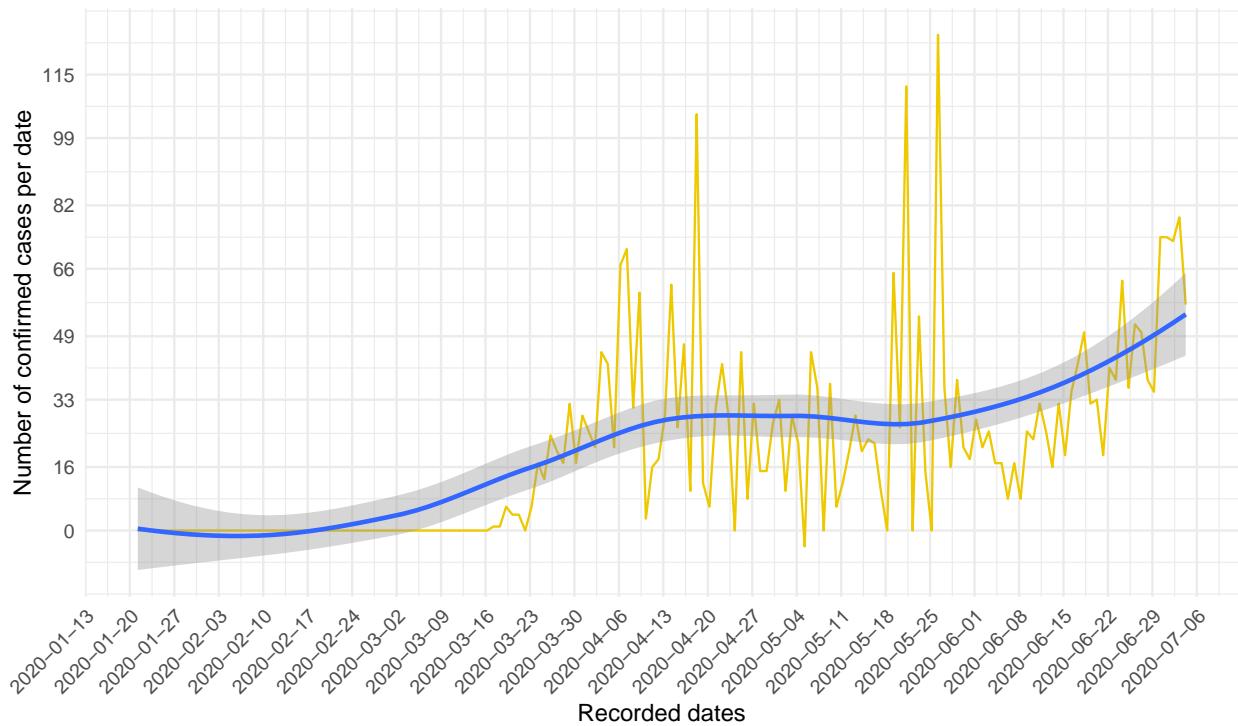

Washington – confirmed cases over time, total cases: 35,898

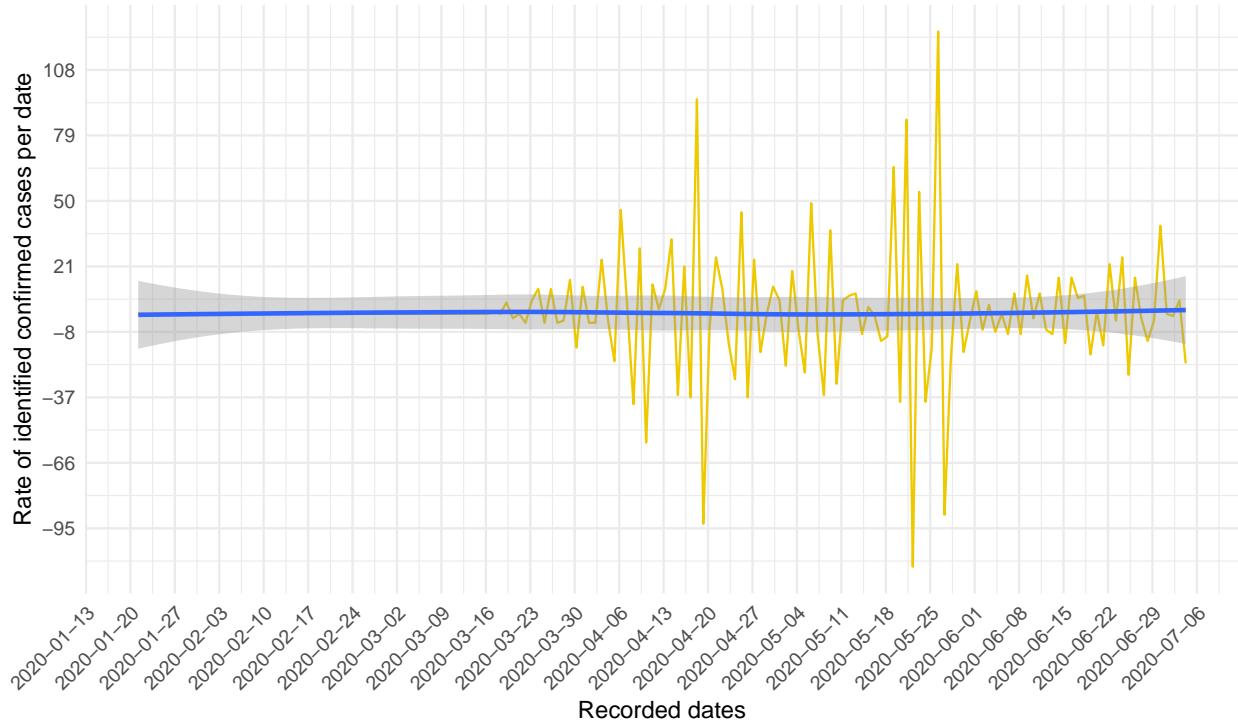

Washington – rate of increase of confirmed cases over time

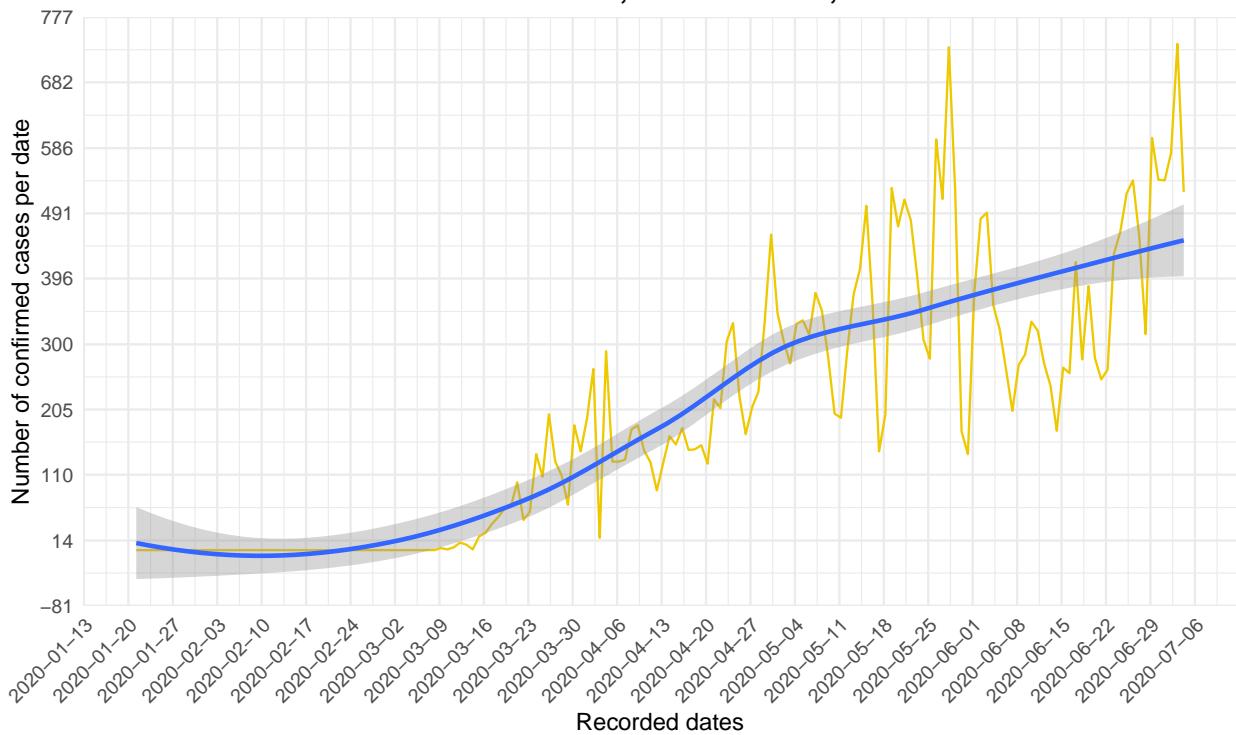

West Virginia – confirmed cases over time, total cases: 3,262

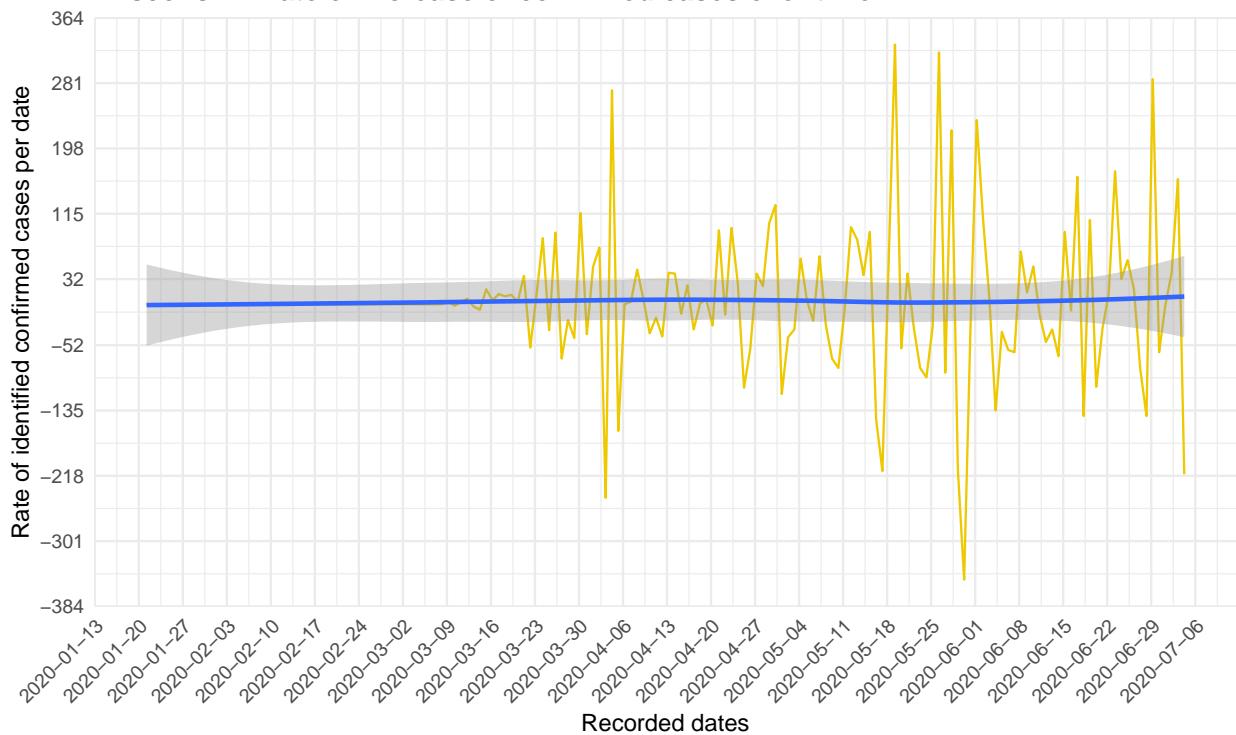

West Virginia – rate of increase of confirmed cases over time

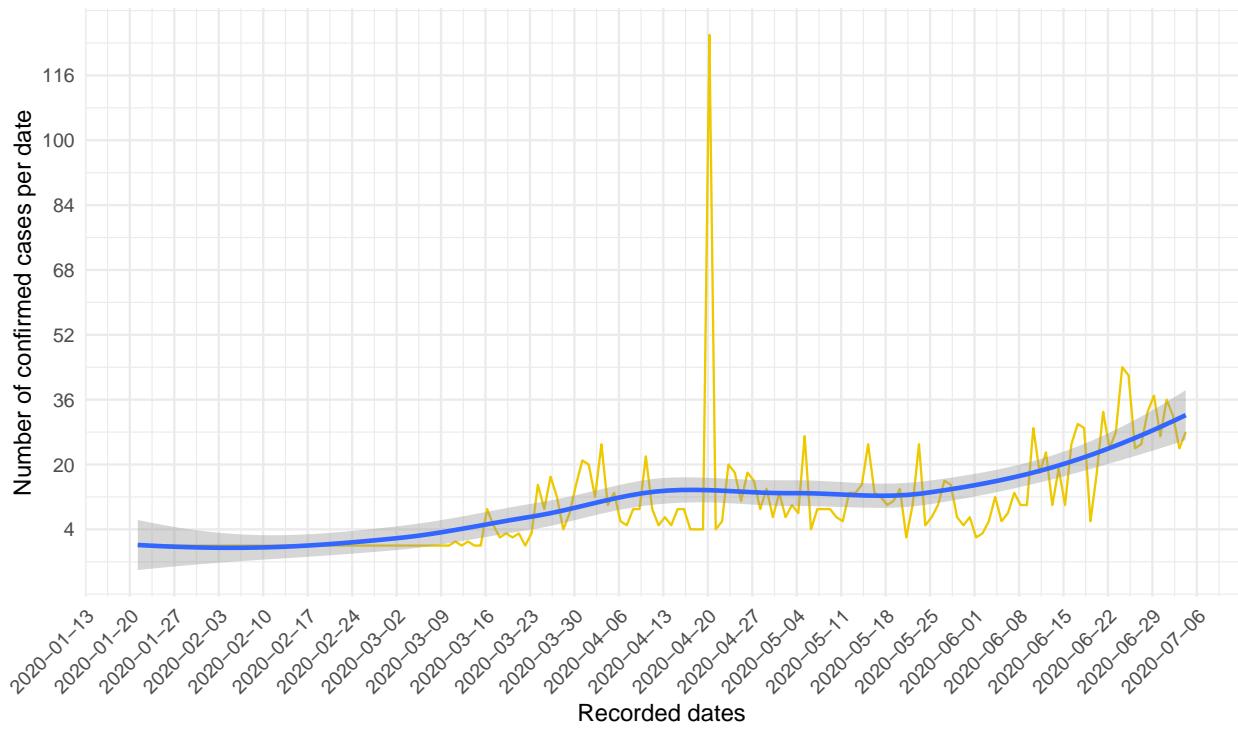

Wisconsin – confirmed cases over time, total cases: 31,577

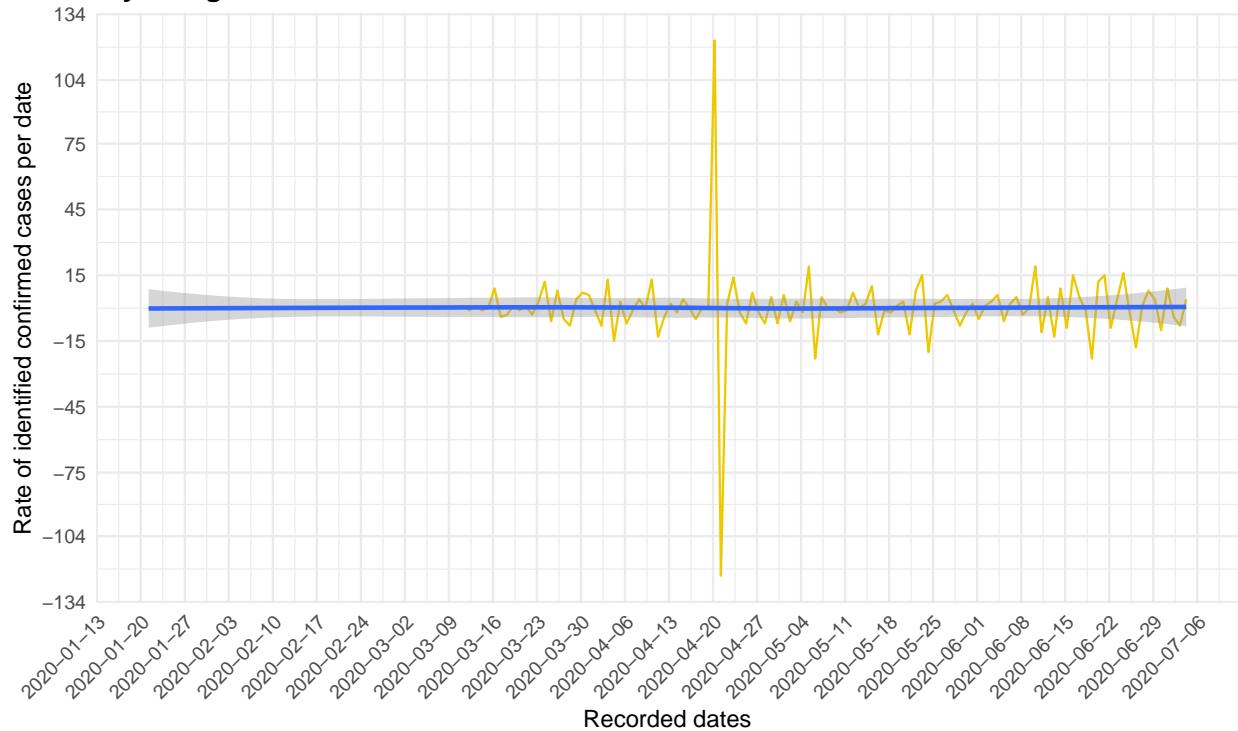

Wisconsin – rate of increase of confirmed cases over time

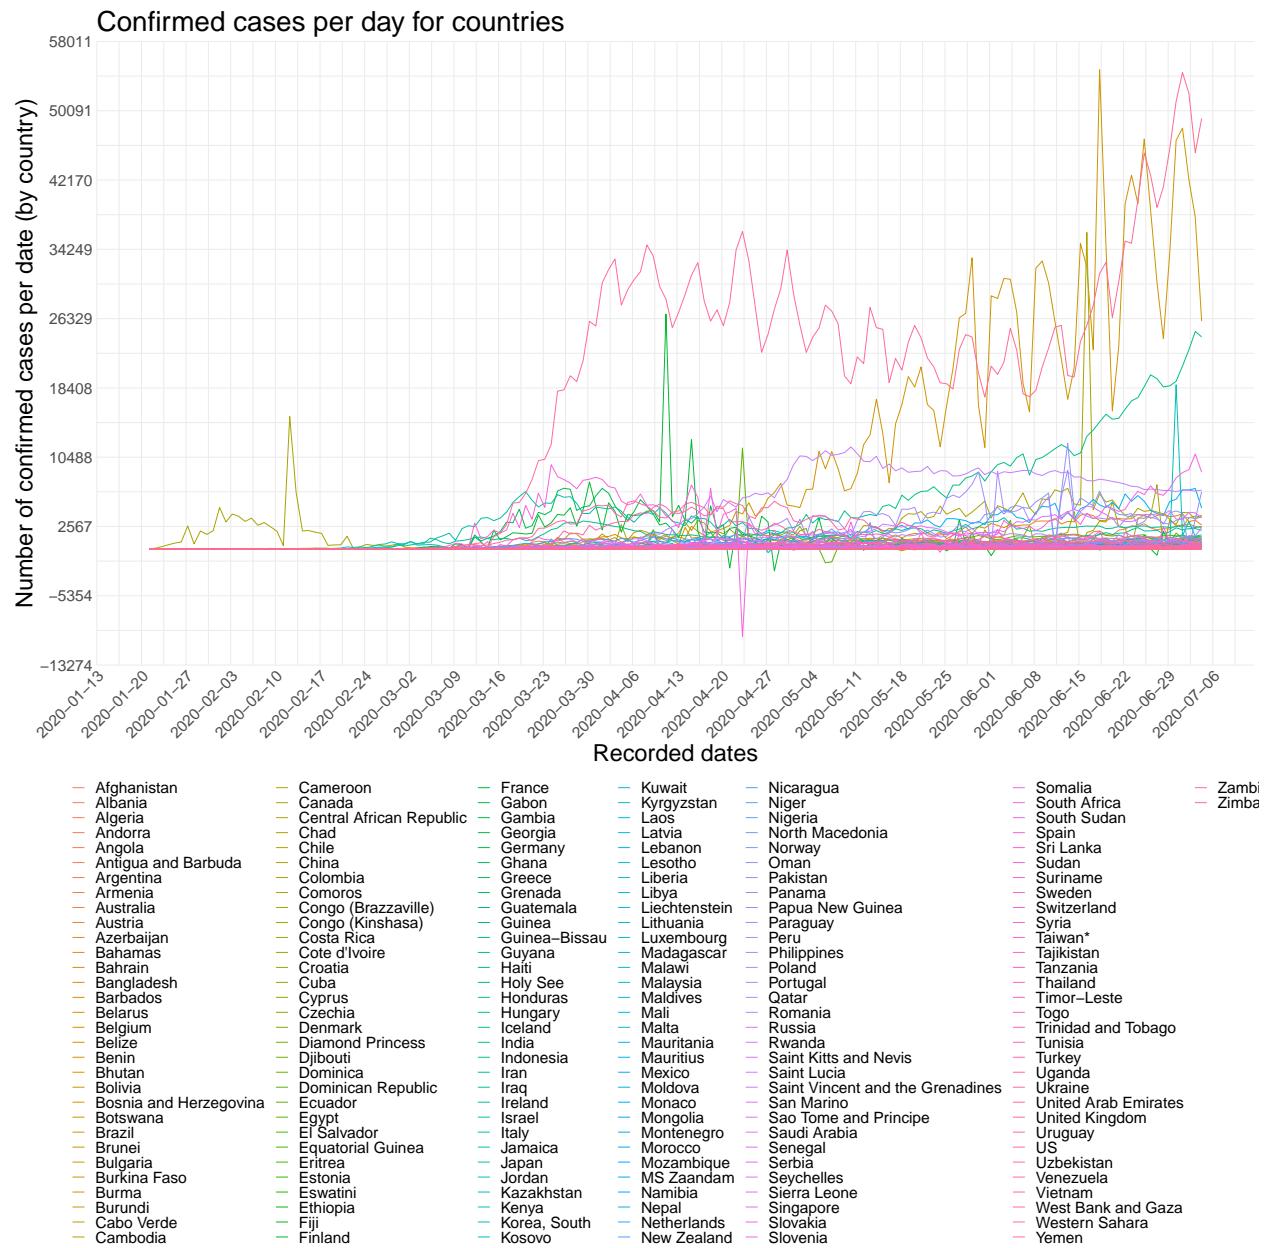

Wyoming – confirmed cases over time, total cases: 1,634

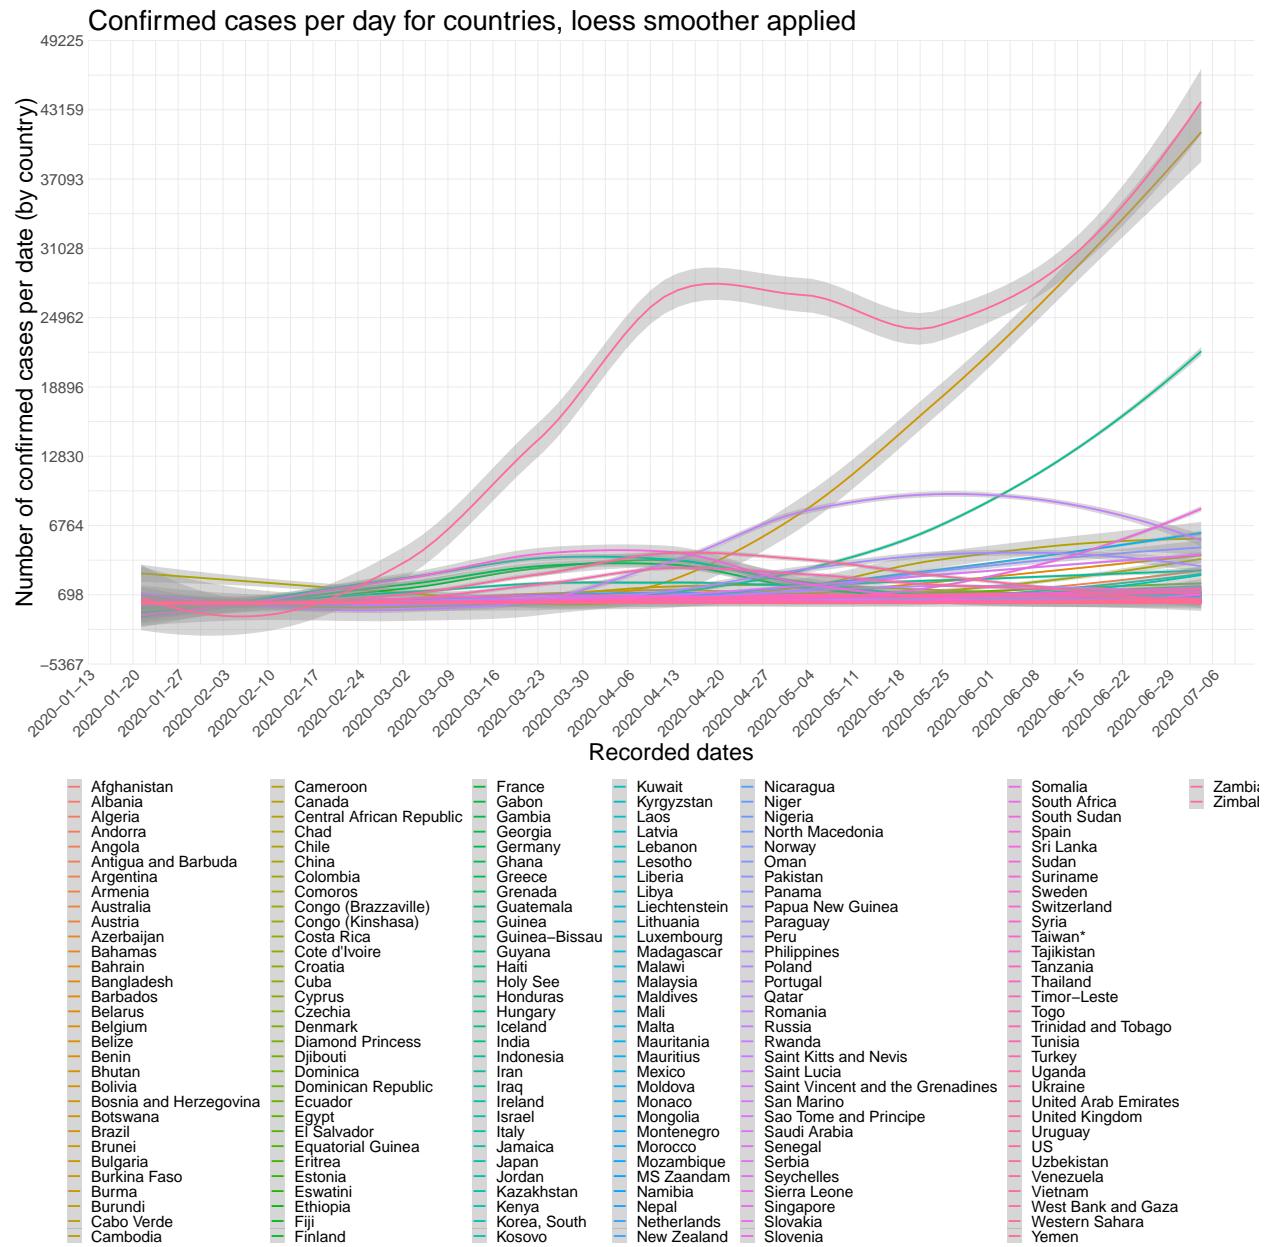

Wyoming – rate of increase of confirmed cases over time

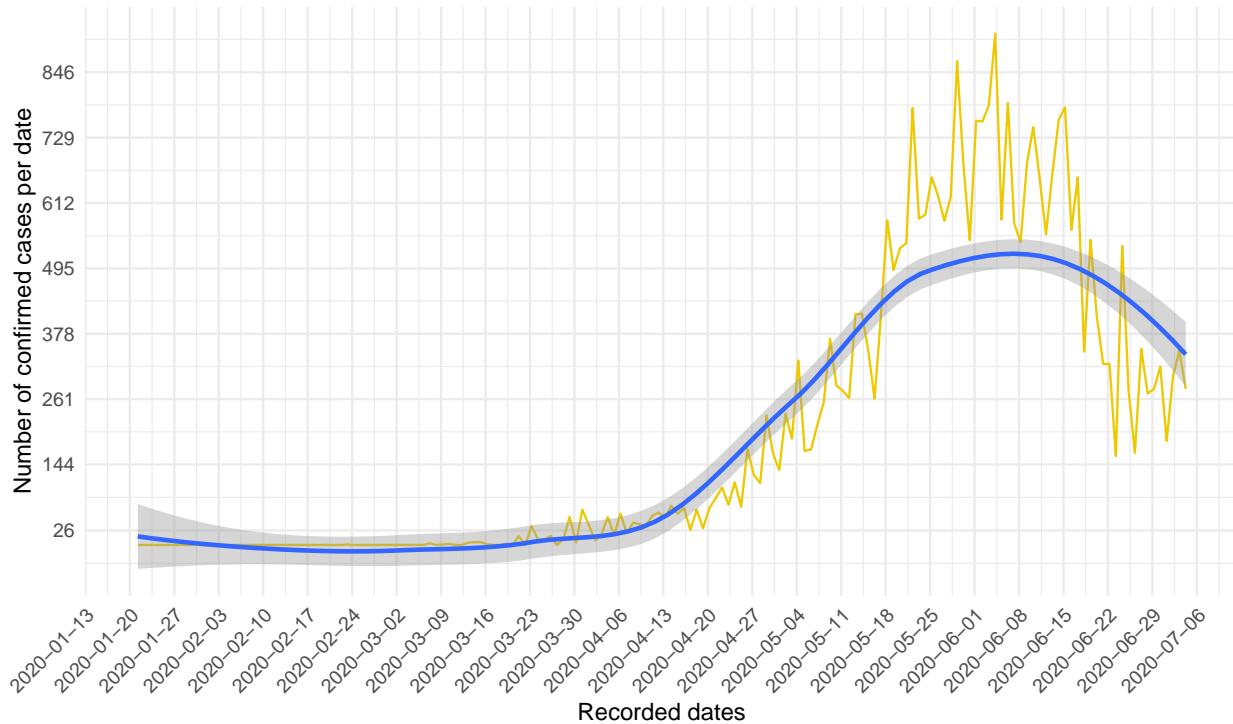

Confirmed cases across countries, count per day

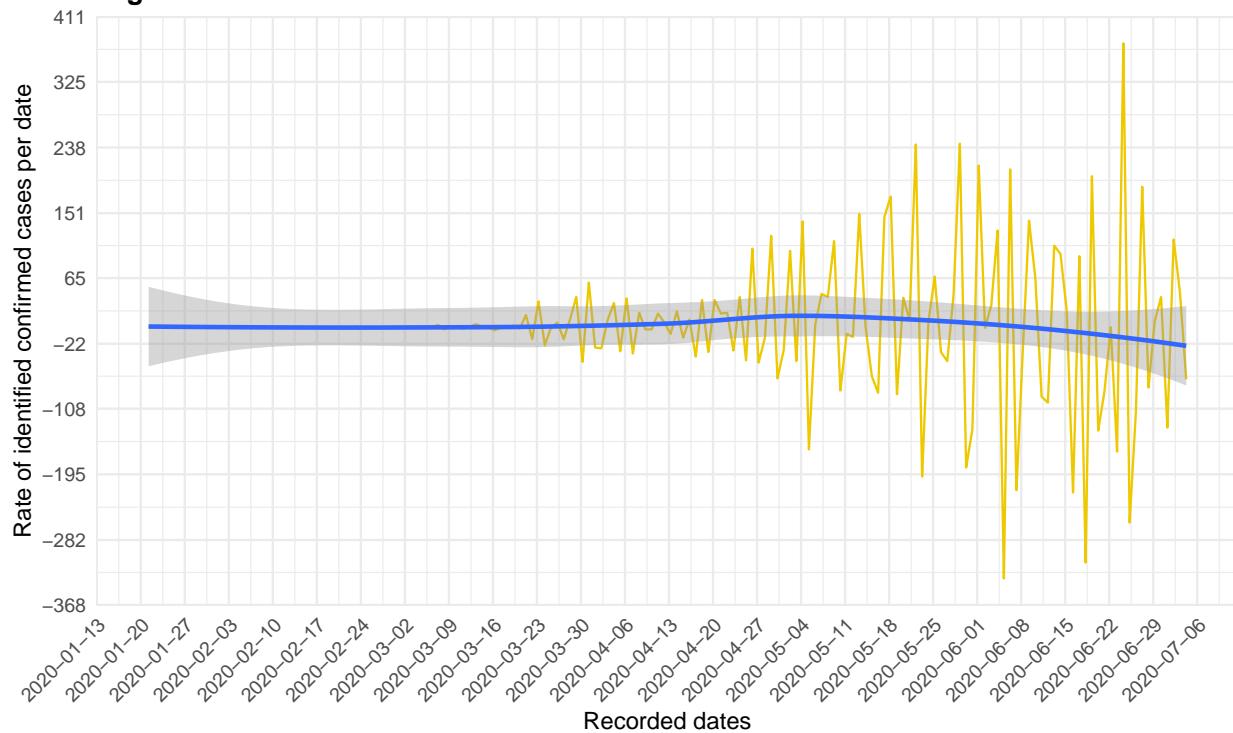

Confirmed cases by country, per day counting and rate of increase per day

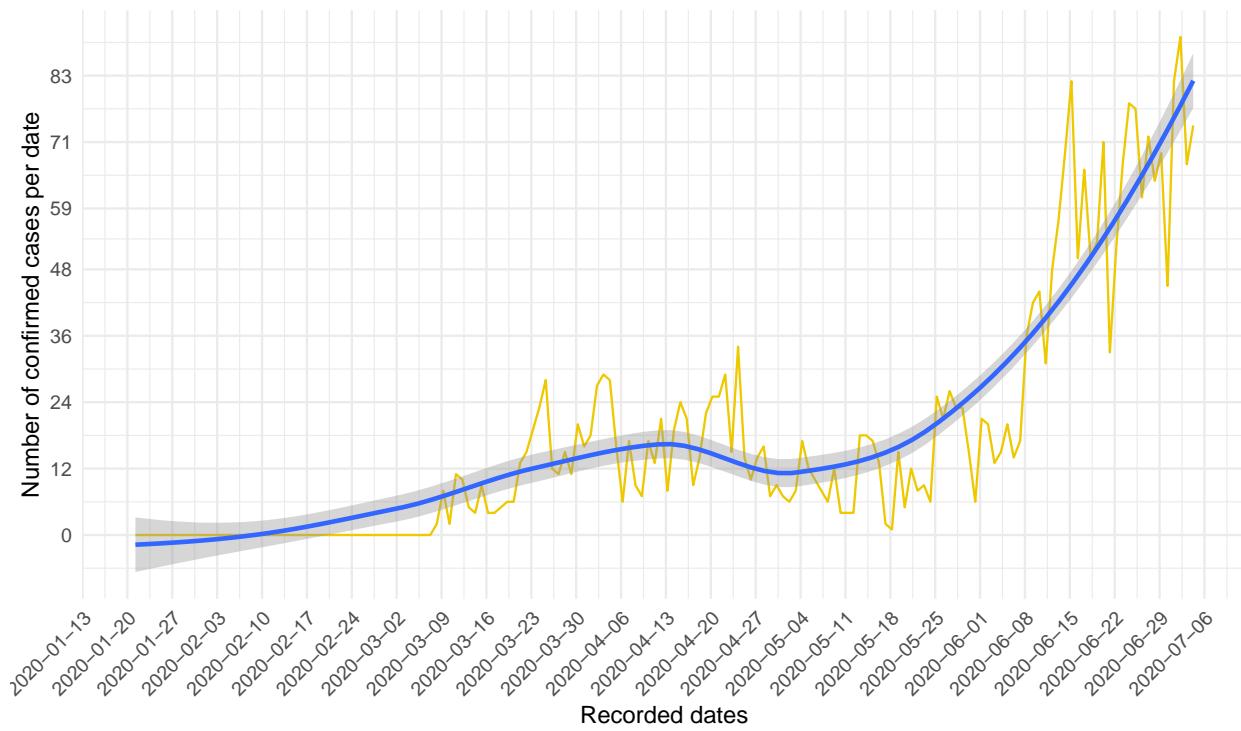

Afghanistan – confirmed cases over time, total cases: 32,951

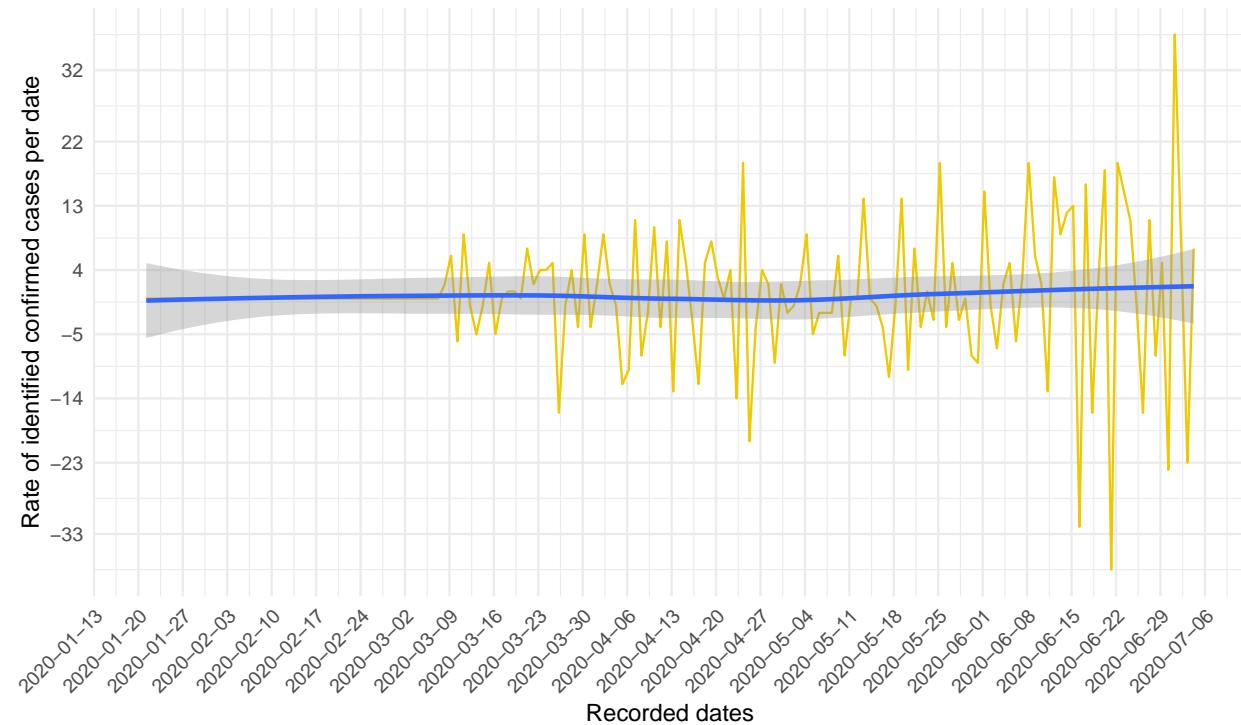

Afghanistan – rate of increase of confirmed cases over time

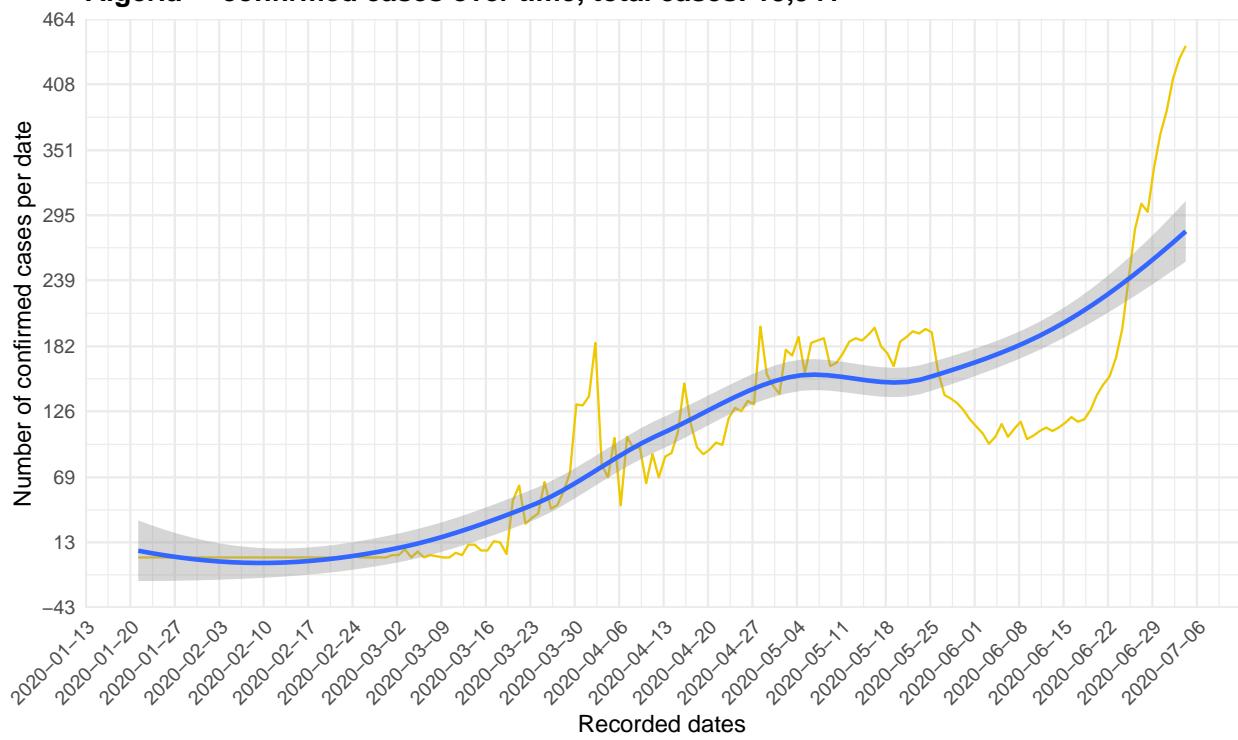

Albania – confirmed cases over time, total cases: 2,893

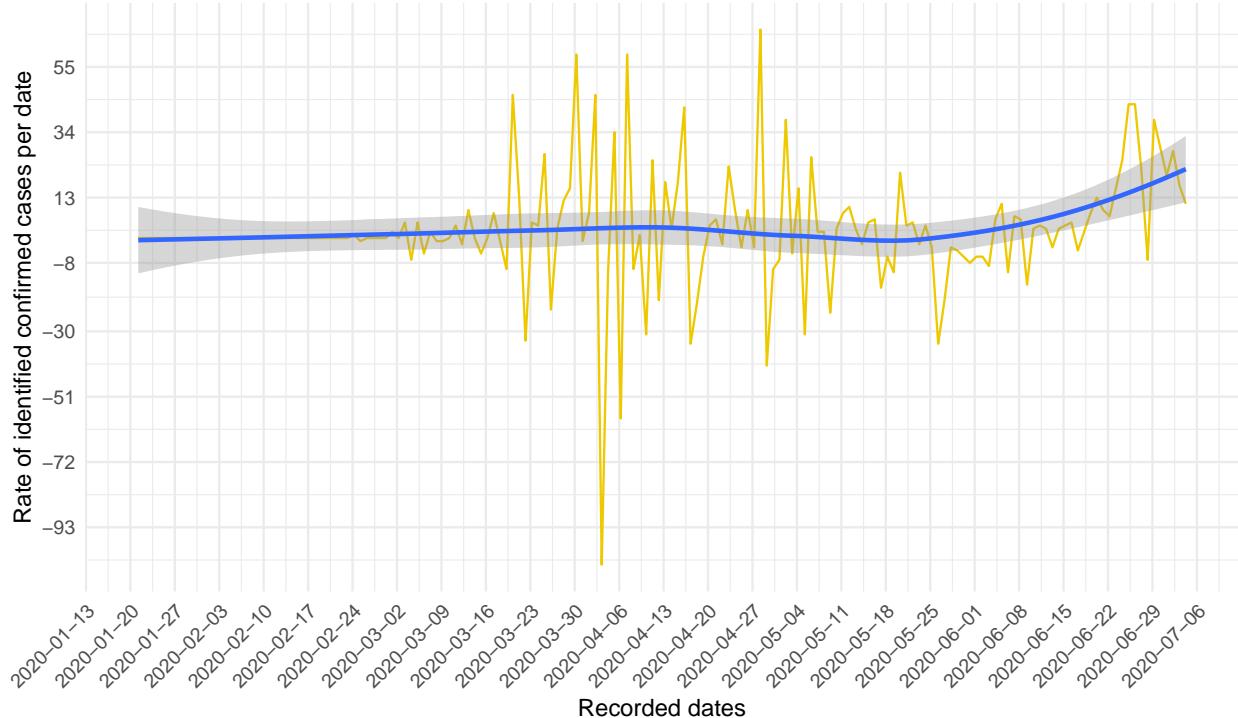

Albania – rate of increase of confirmed cases over time

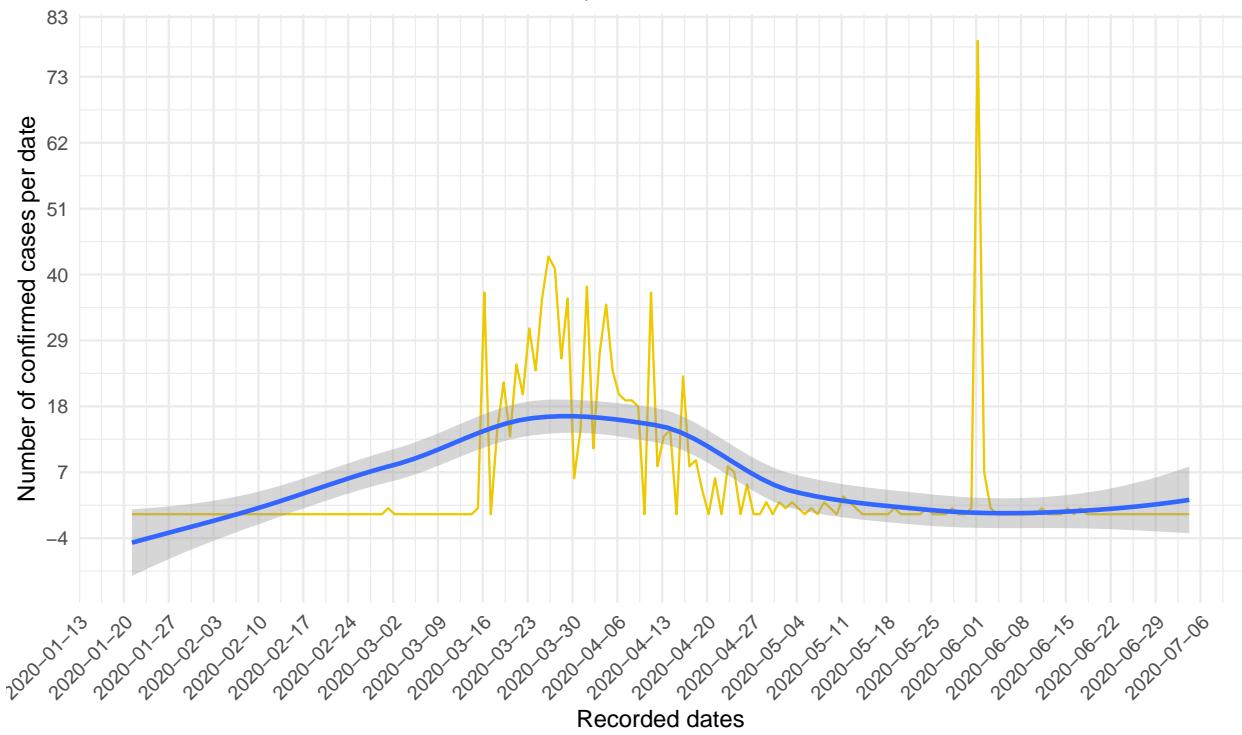

Algeria – confirmed cases over time, total cases: 15,941

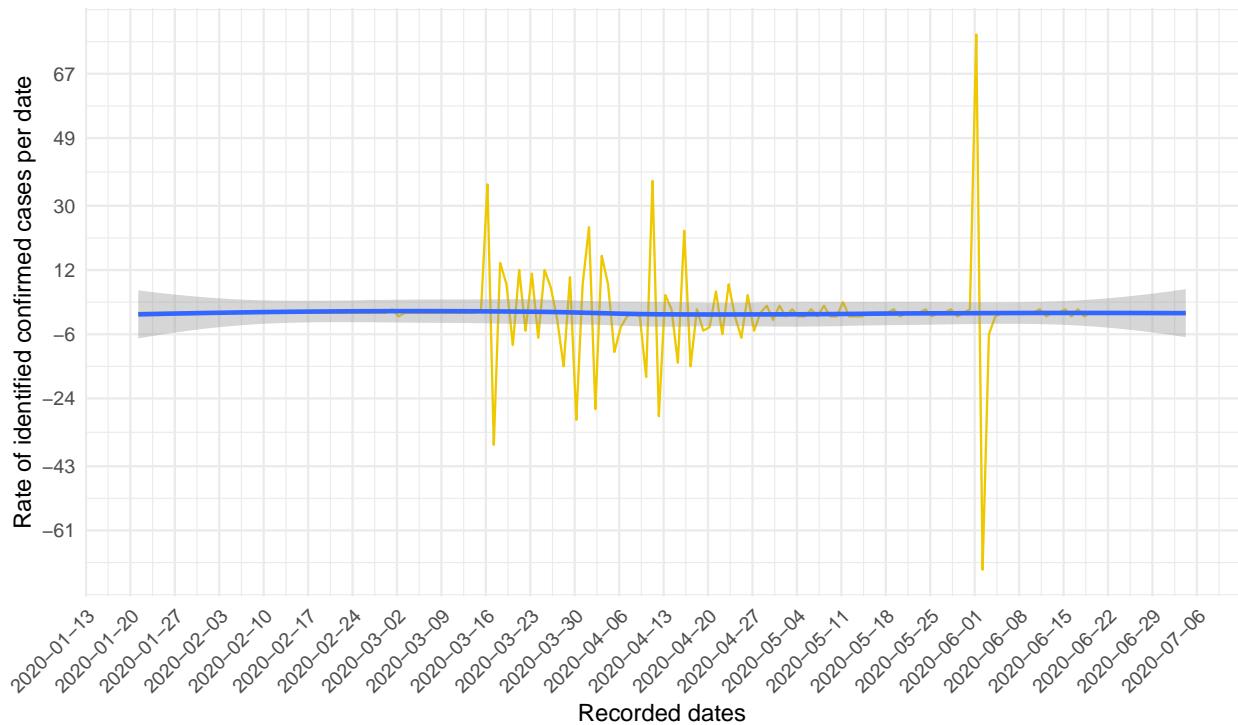

Algeria – rate of increase of confirmed cases over time

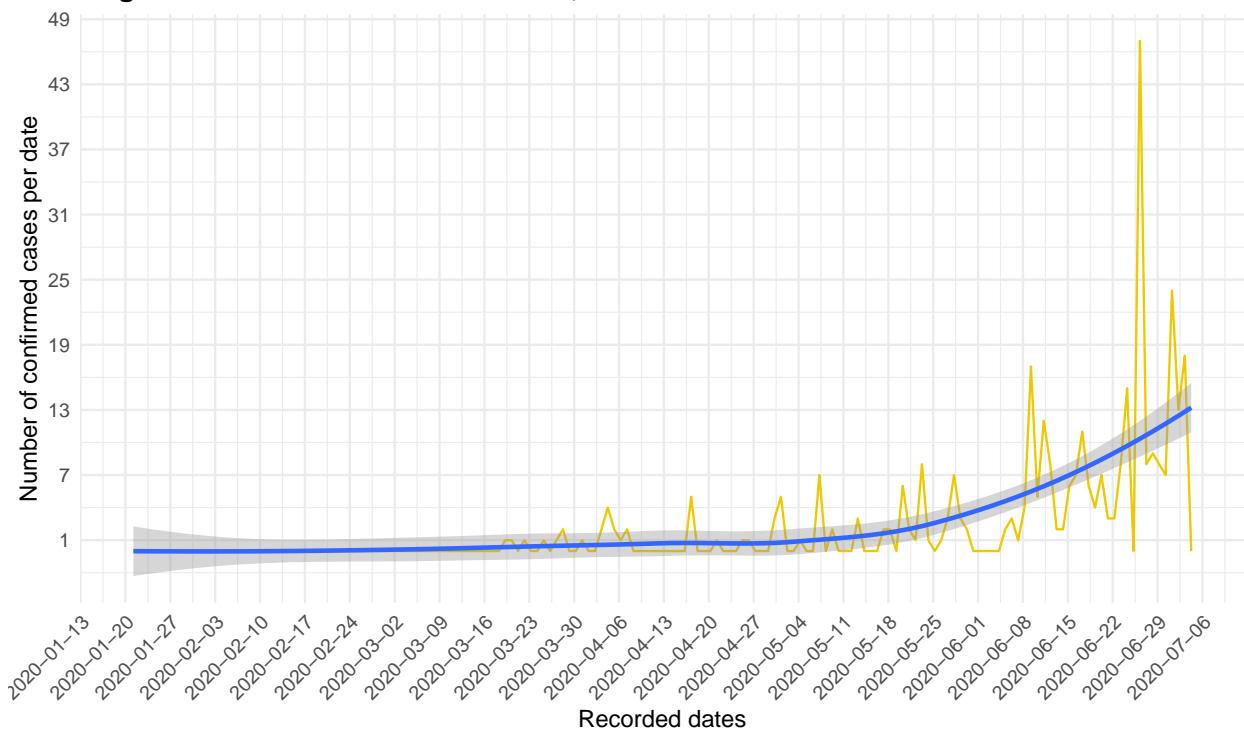

Andorra – confirmed cases over time, total cases: 855

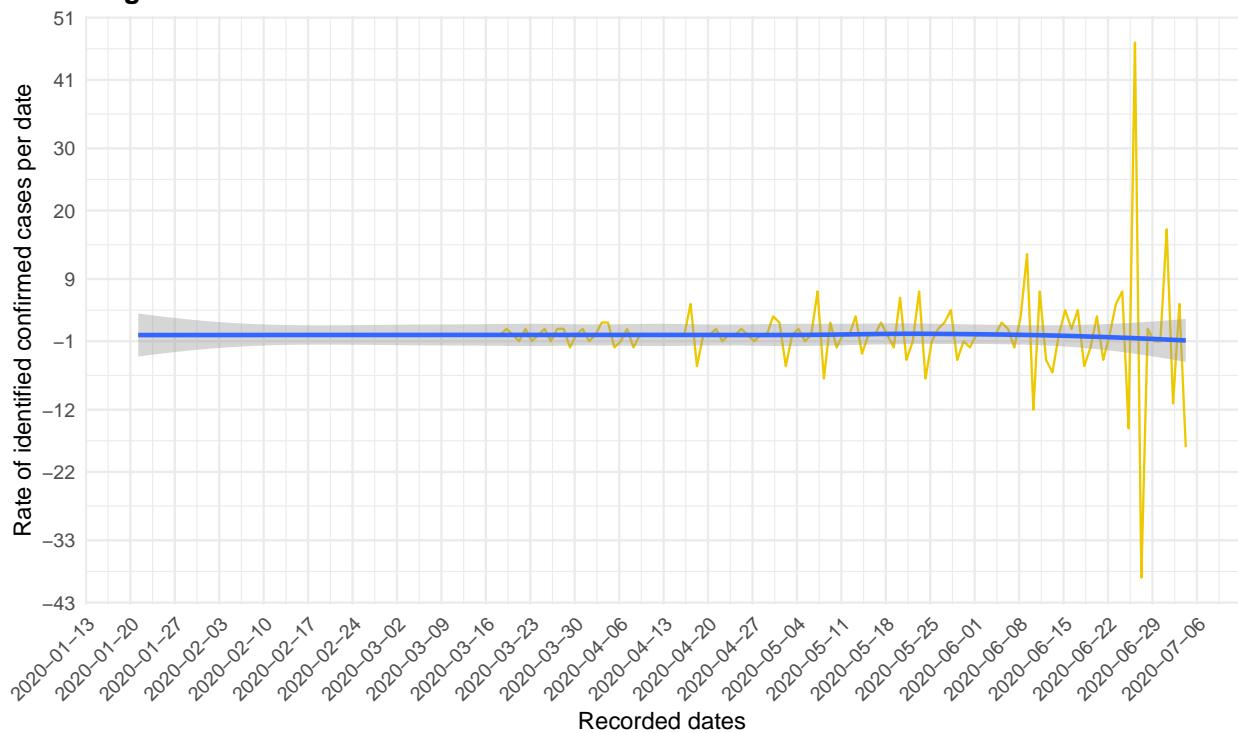

Andorra – rate of increase of confirmed cases over time

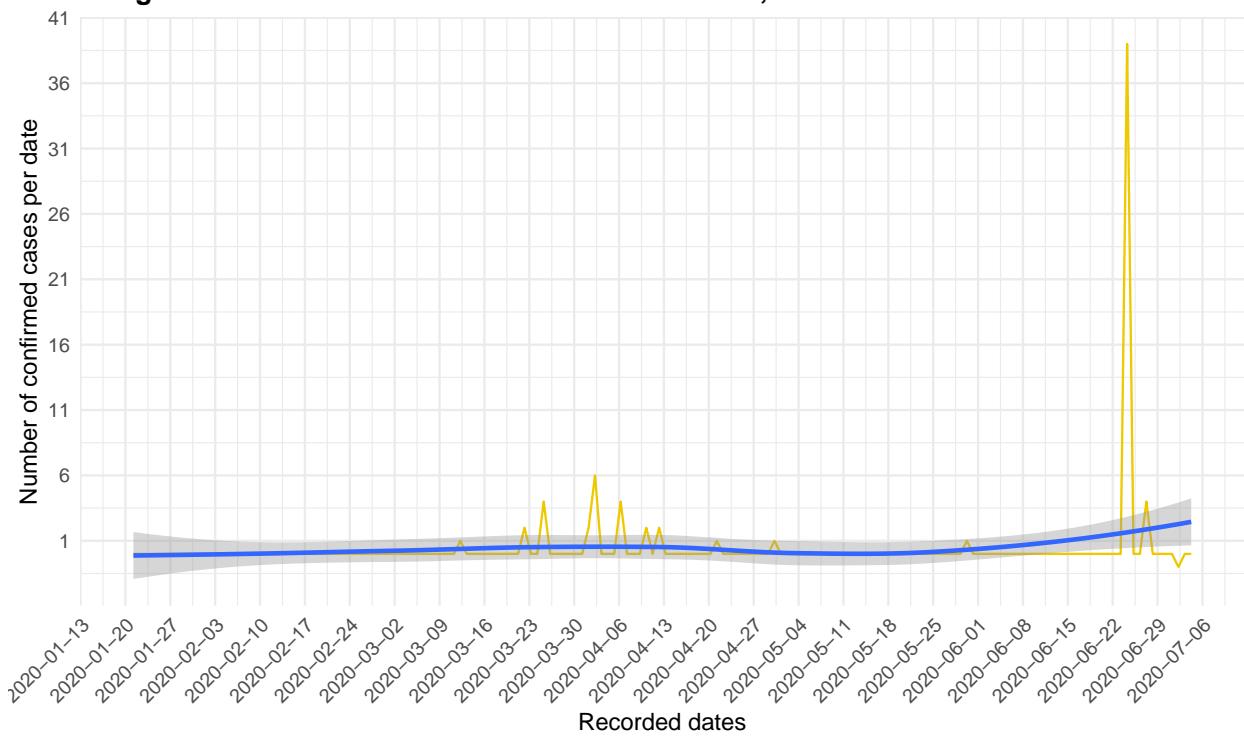

Angola – confirmed cases over time, total cases: 346

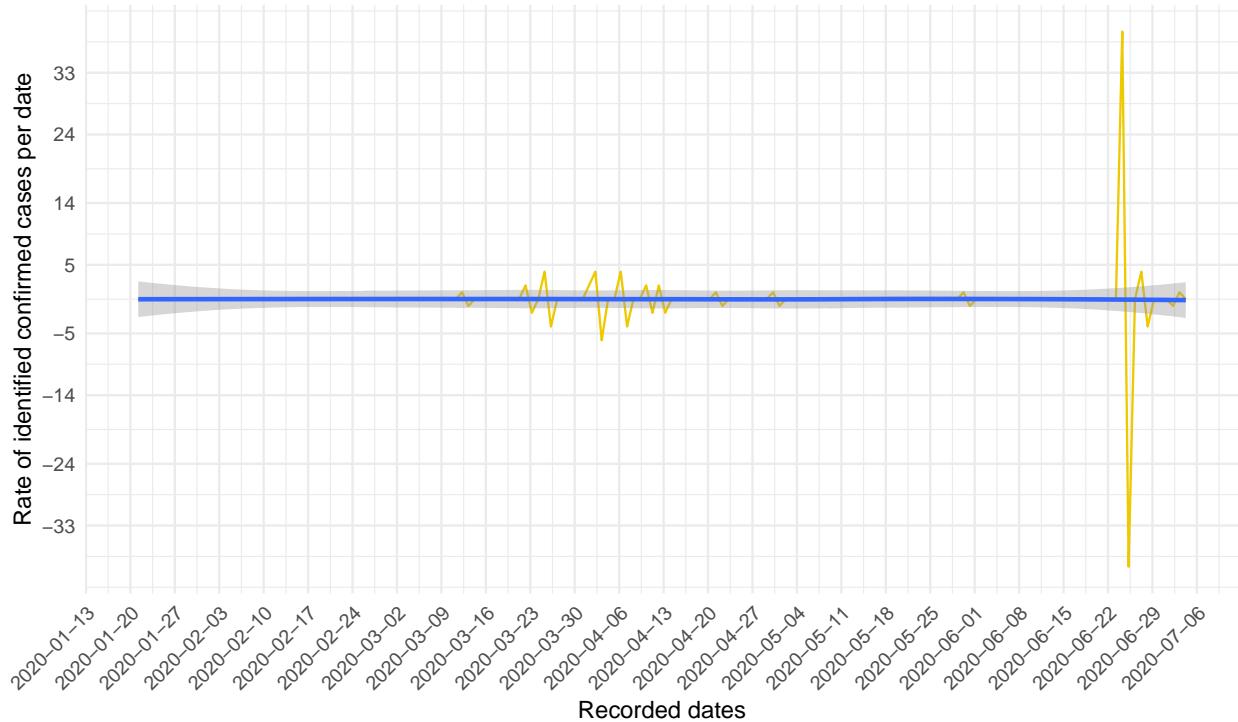

Angola – rate of increase of confirmed cases over time

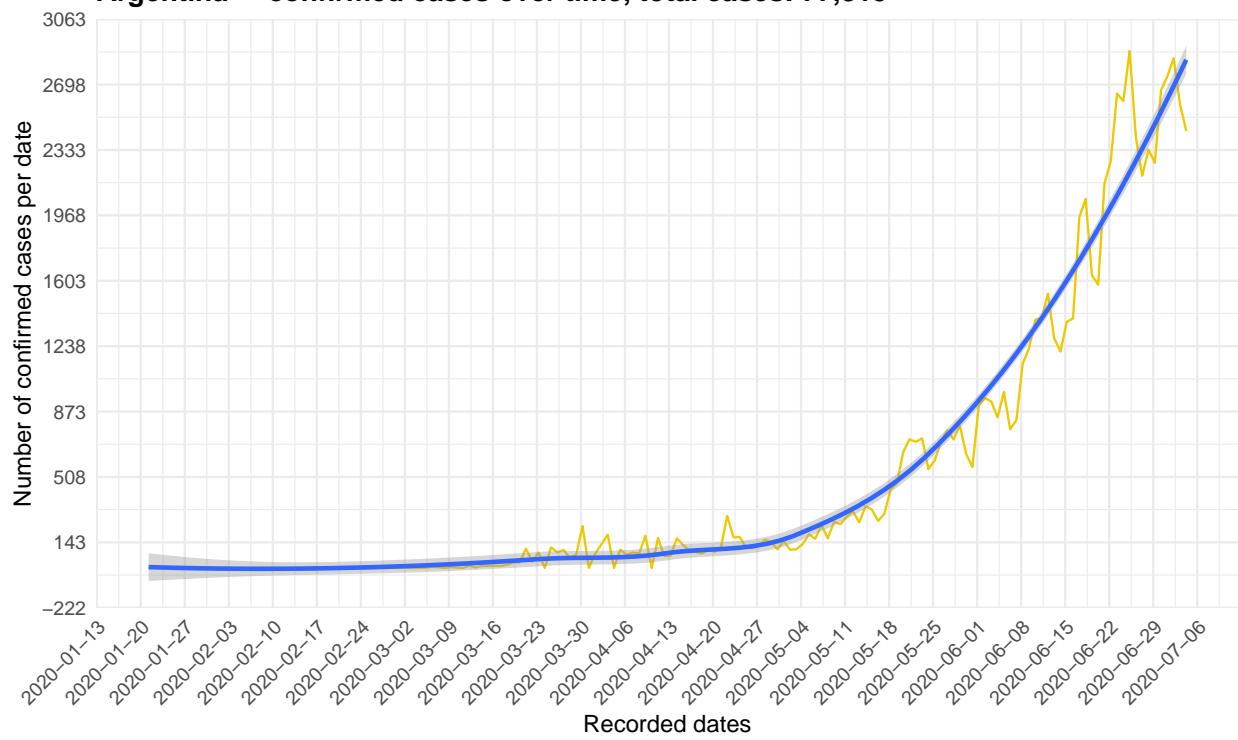

Antigua and Barbuda – confirmed cases over time, total cases: 68

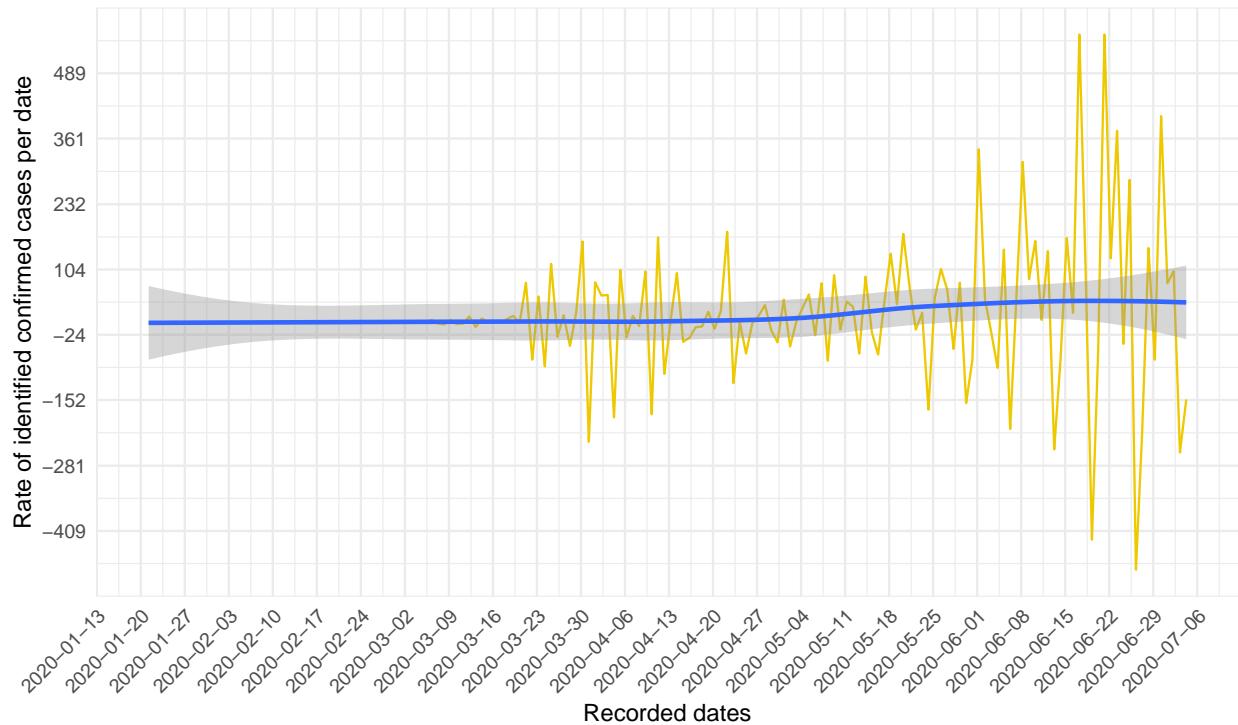

Antigua and Barbuda – rate of increase of confirmed cases over time

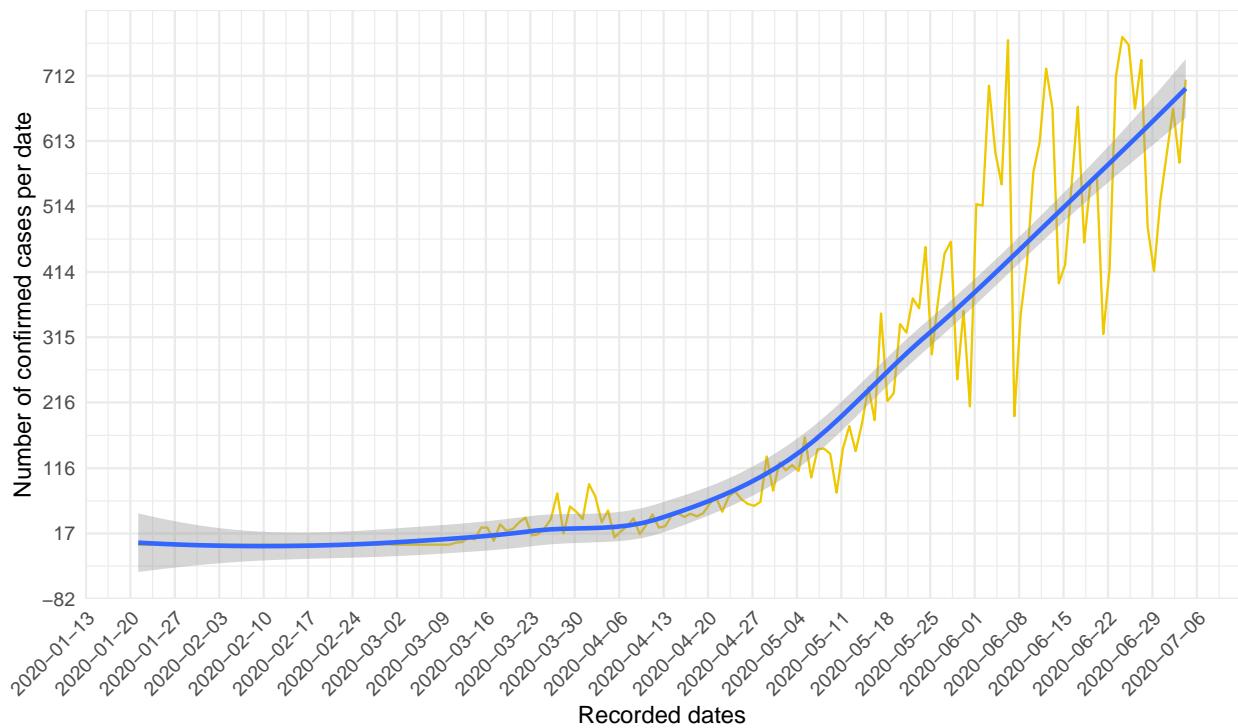

Argentina – confirmed cases over time, total cases: 77,815

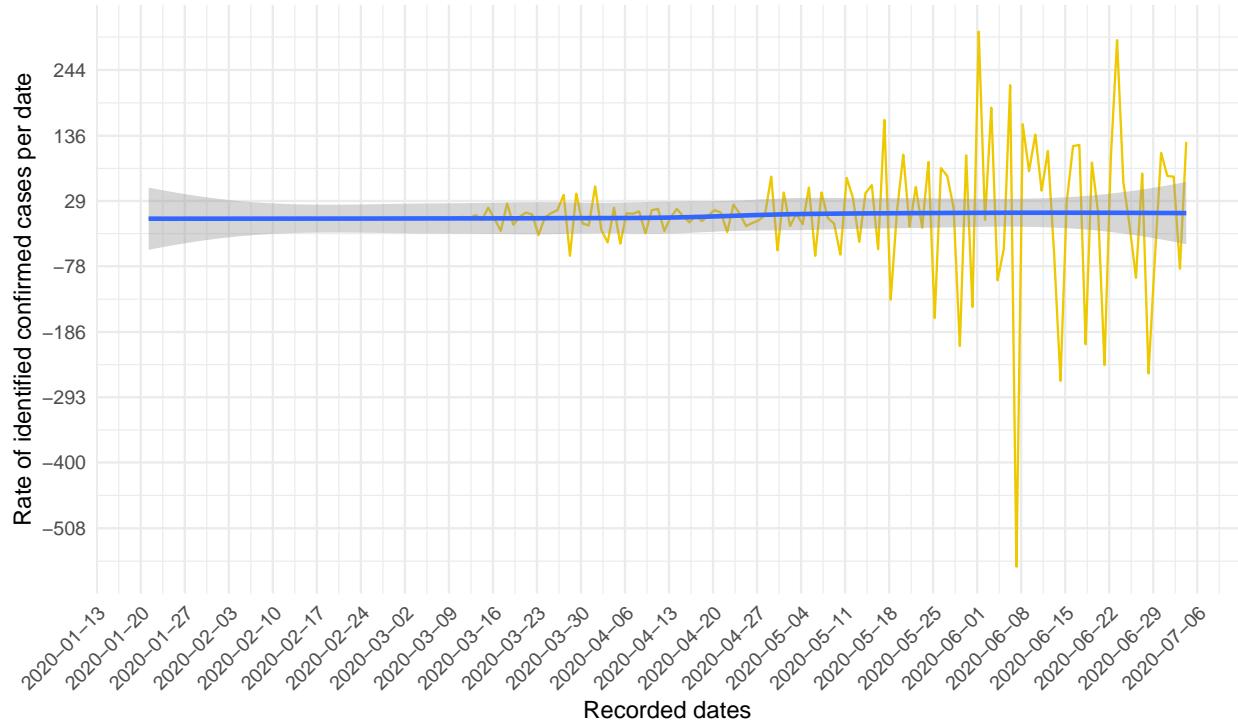

Argentina – rate of increase of confirmed cases over time

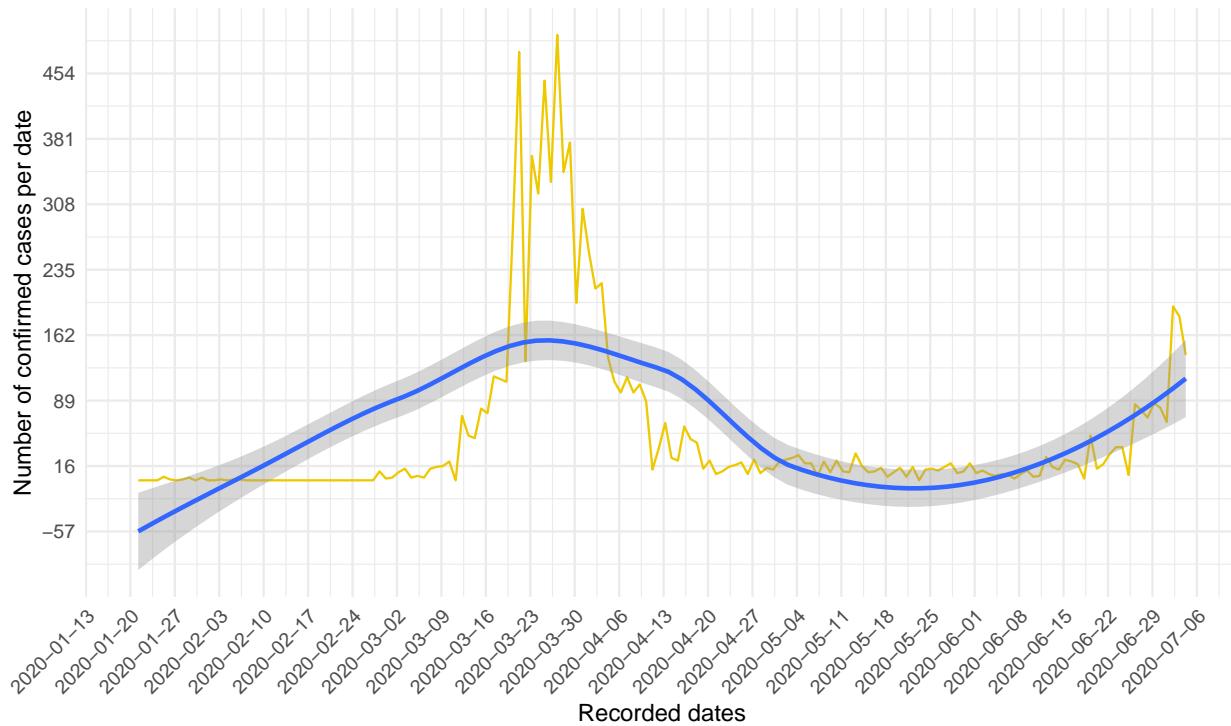

Armenia – confirmed cases over time, total cases: 28,606

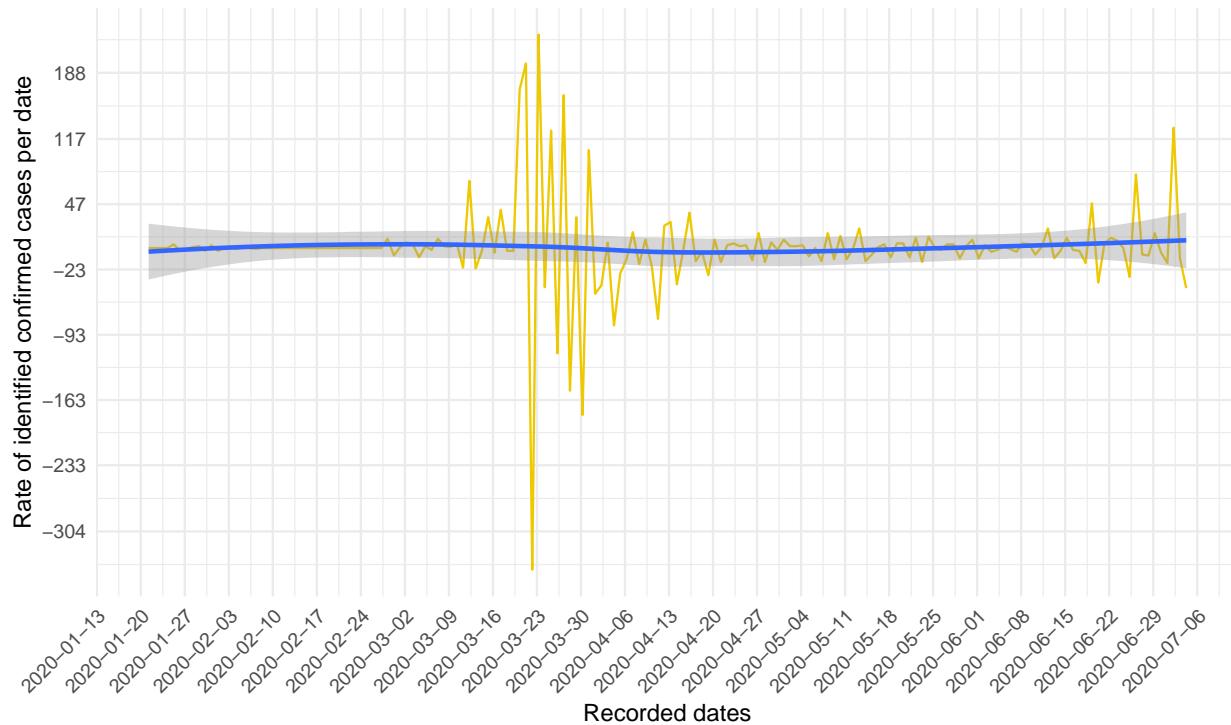

Armenia – rate of increase of confirmed cases over time

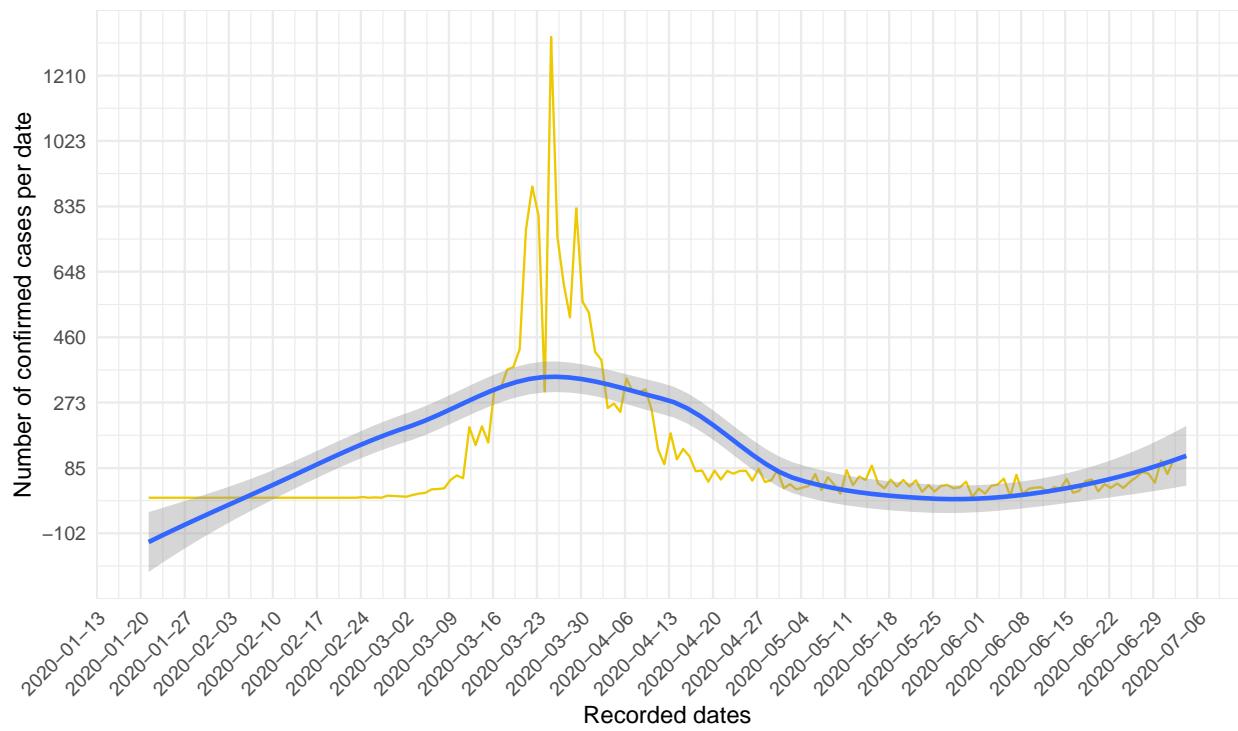

Australia – confirmed cases over time, total cases: 8,583

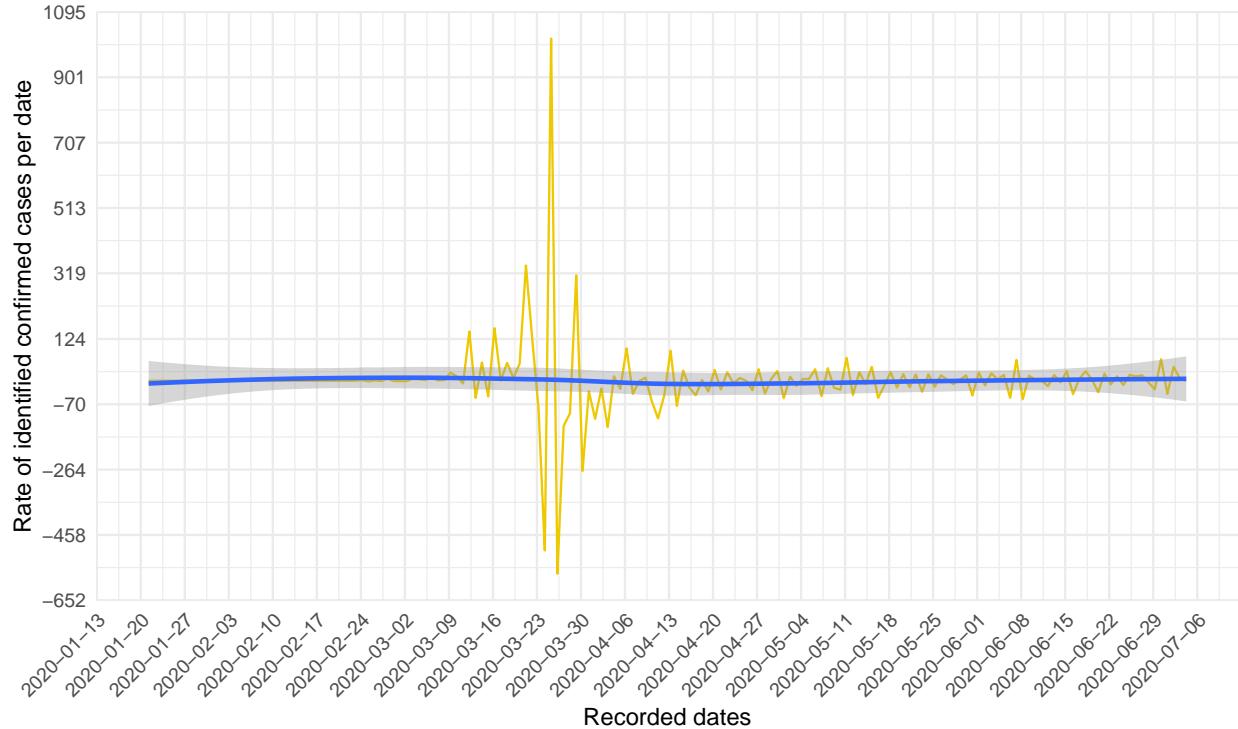

Australia – rate of increase of confirmed cases over time

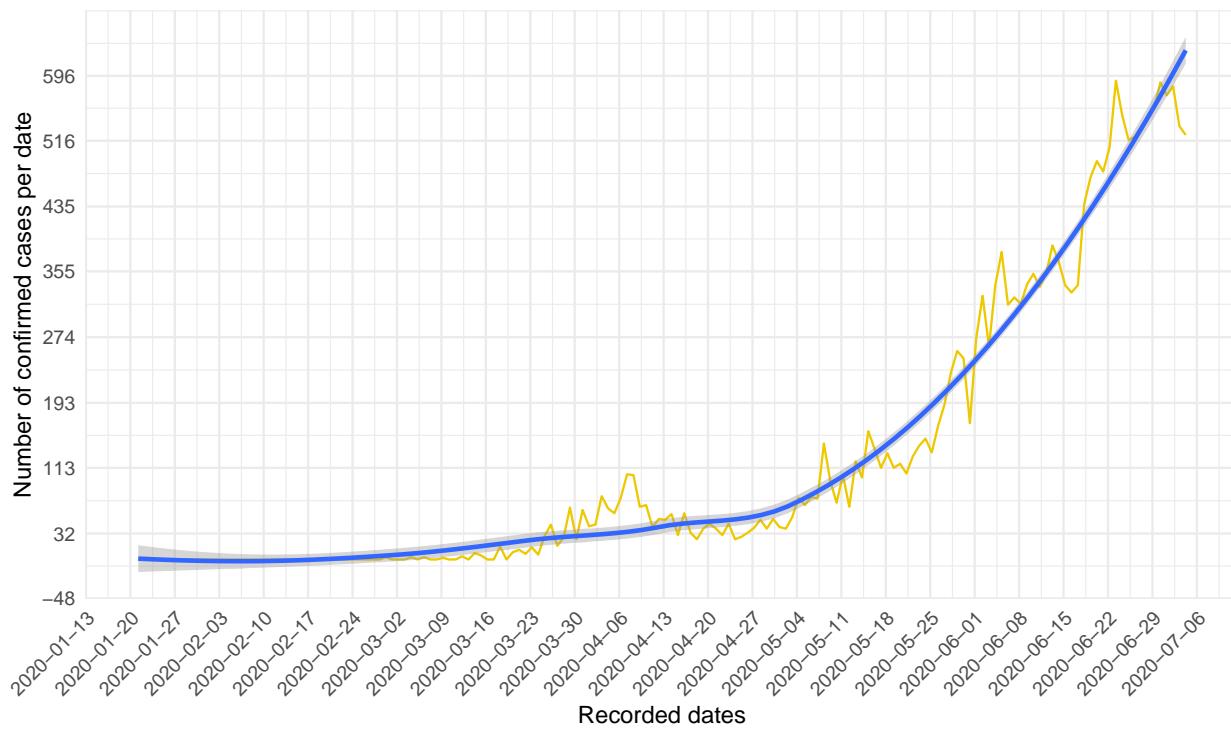

Austria – confirmed cases over time, total cases: 18,280

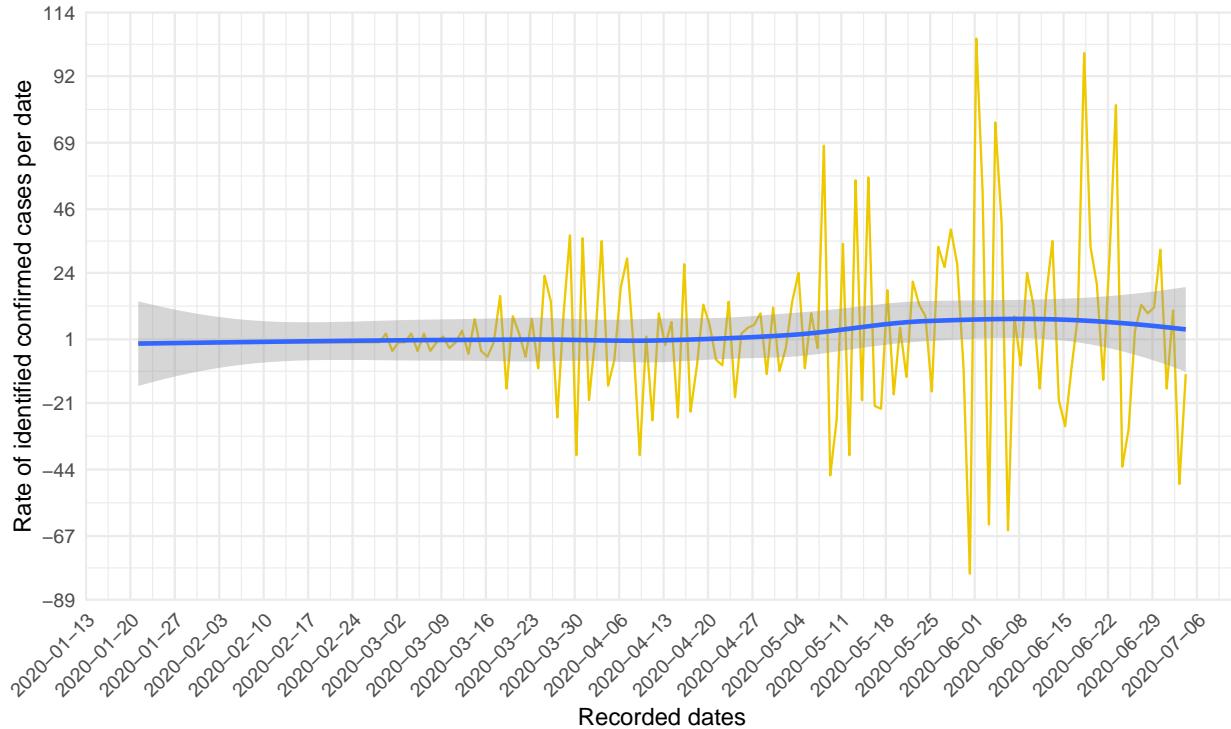

Austria – rate of increase of confirmed cases over time

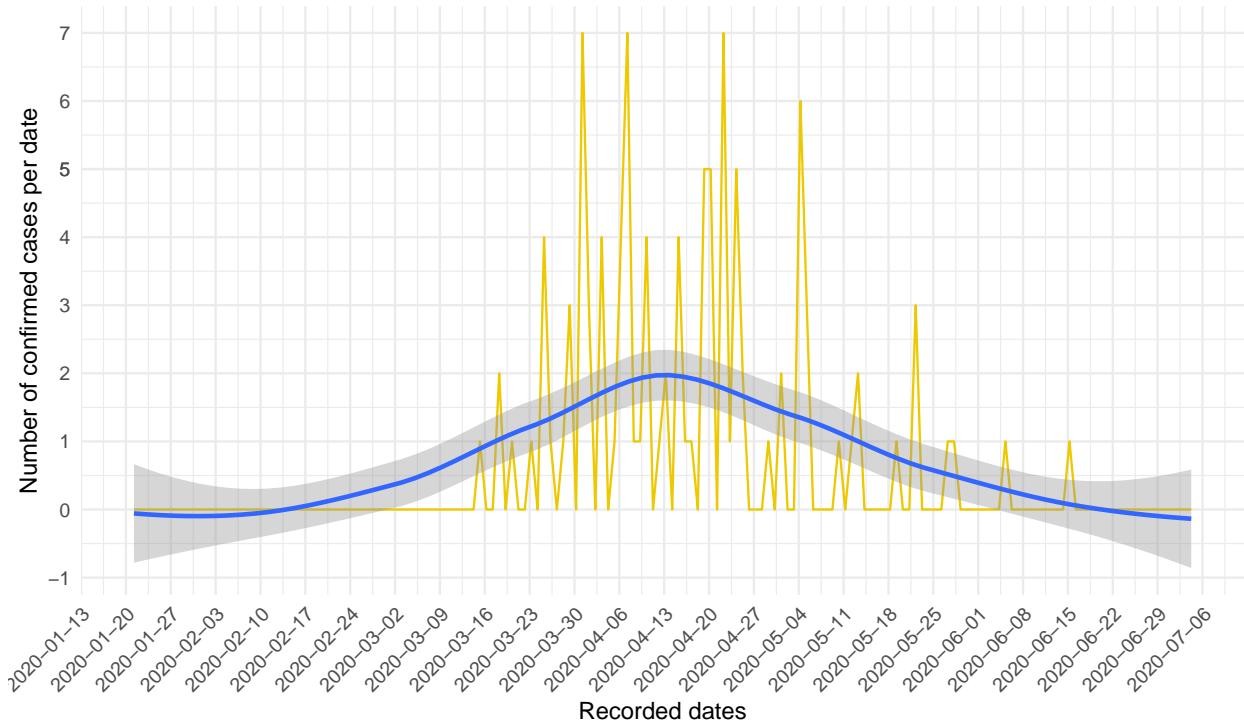

Azerbaijan – confirmed cases over time, total cases: 20,324

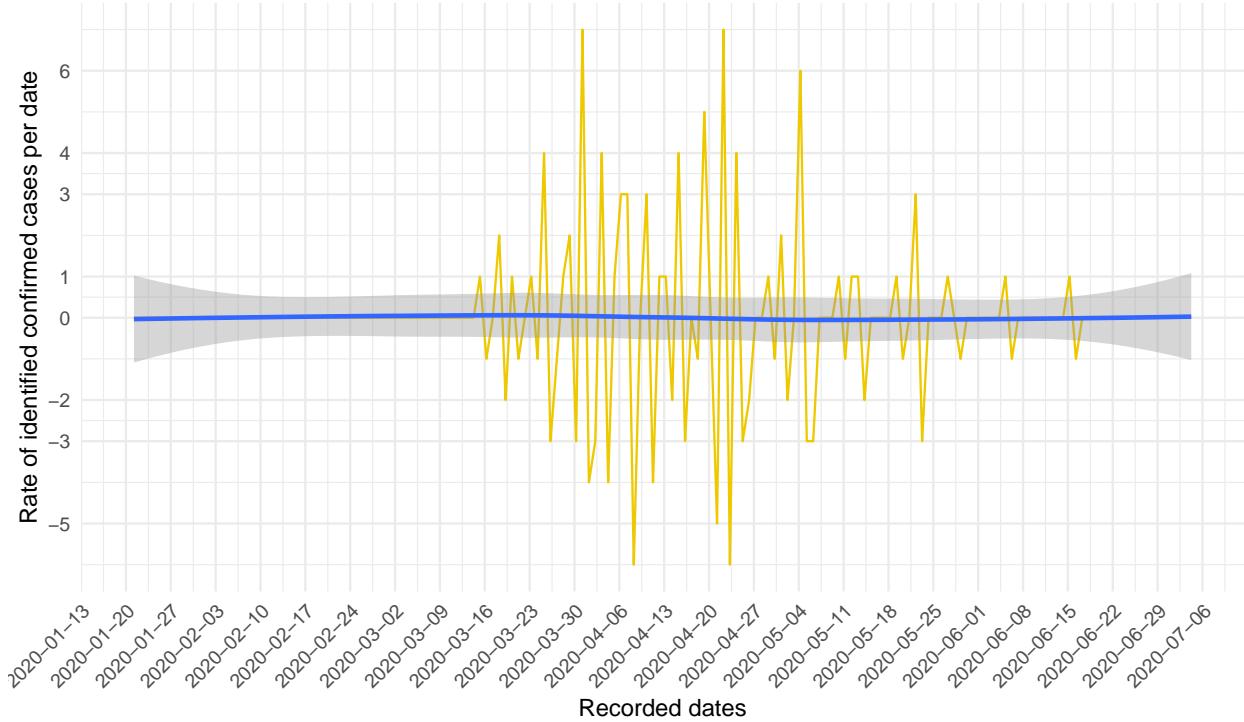

Azerbaijan – rate of increase of confirmed cases over time

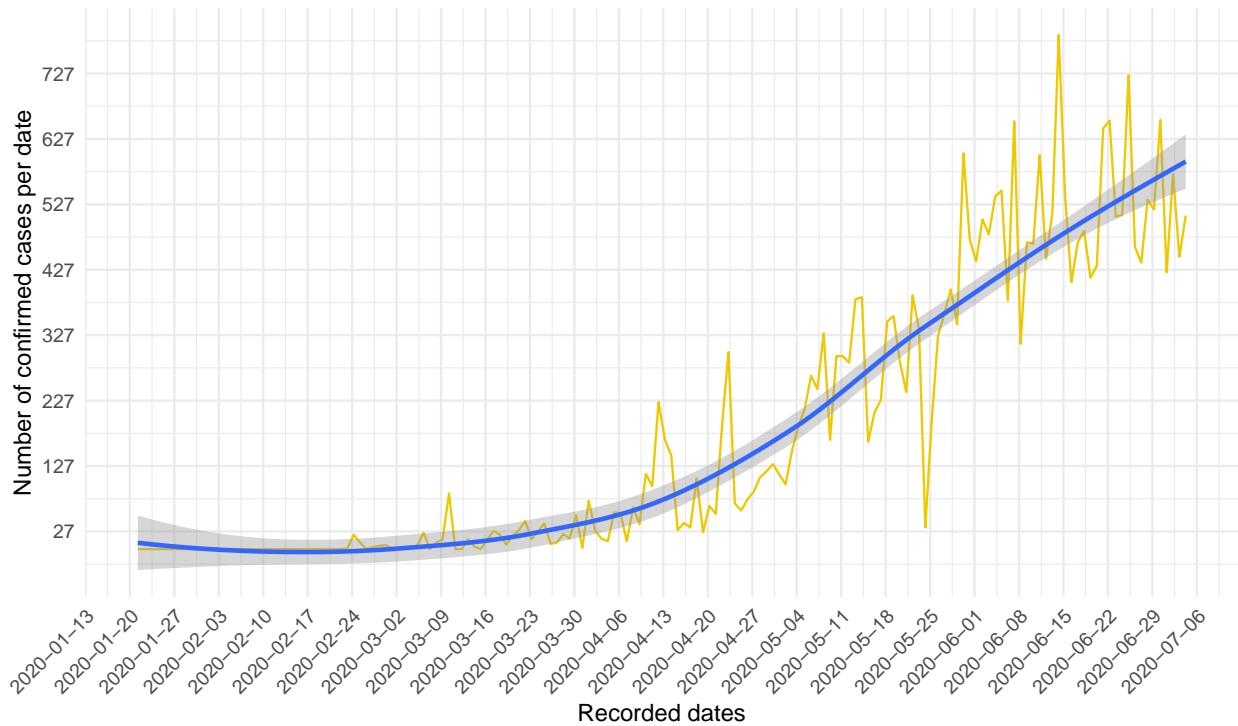

Bahamas – confirmed cases over time, total cases: 104

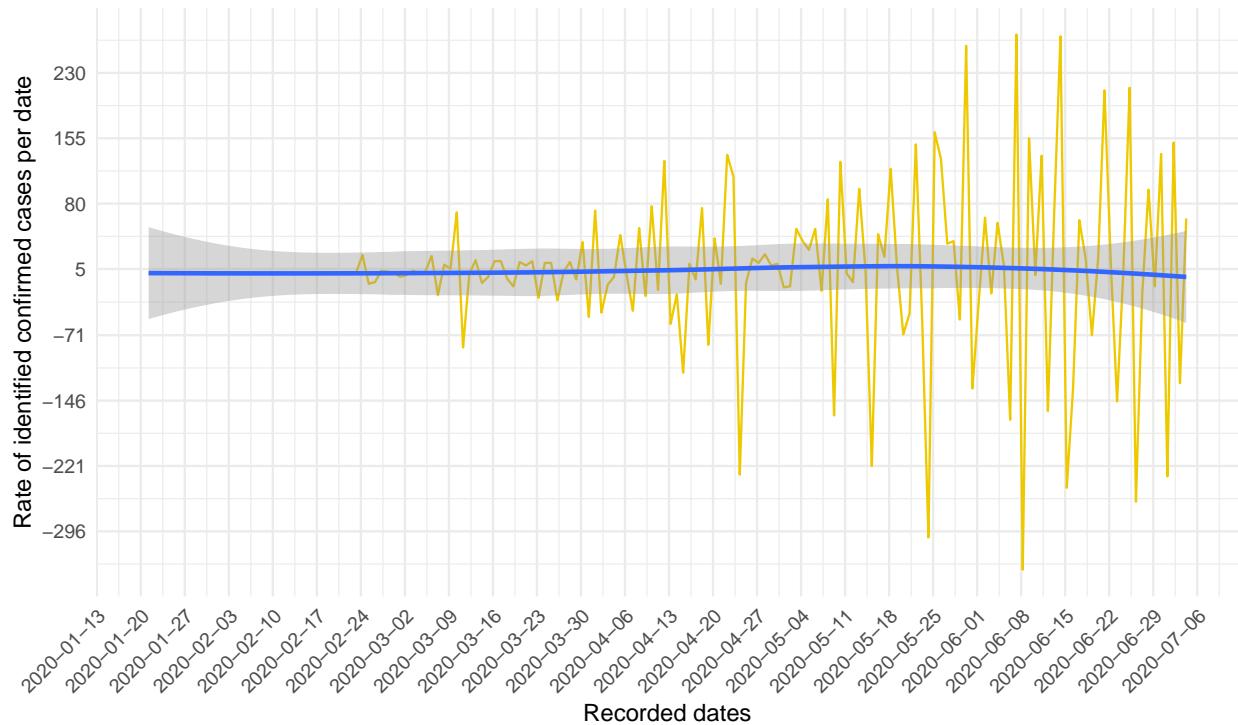

Bahamas – rate of increase of confirmed cases over time

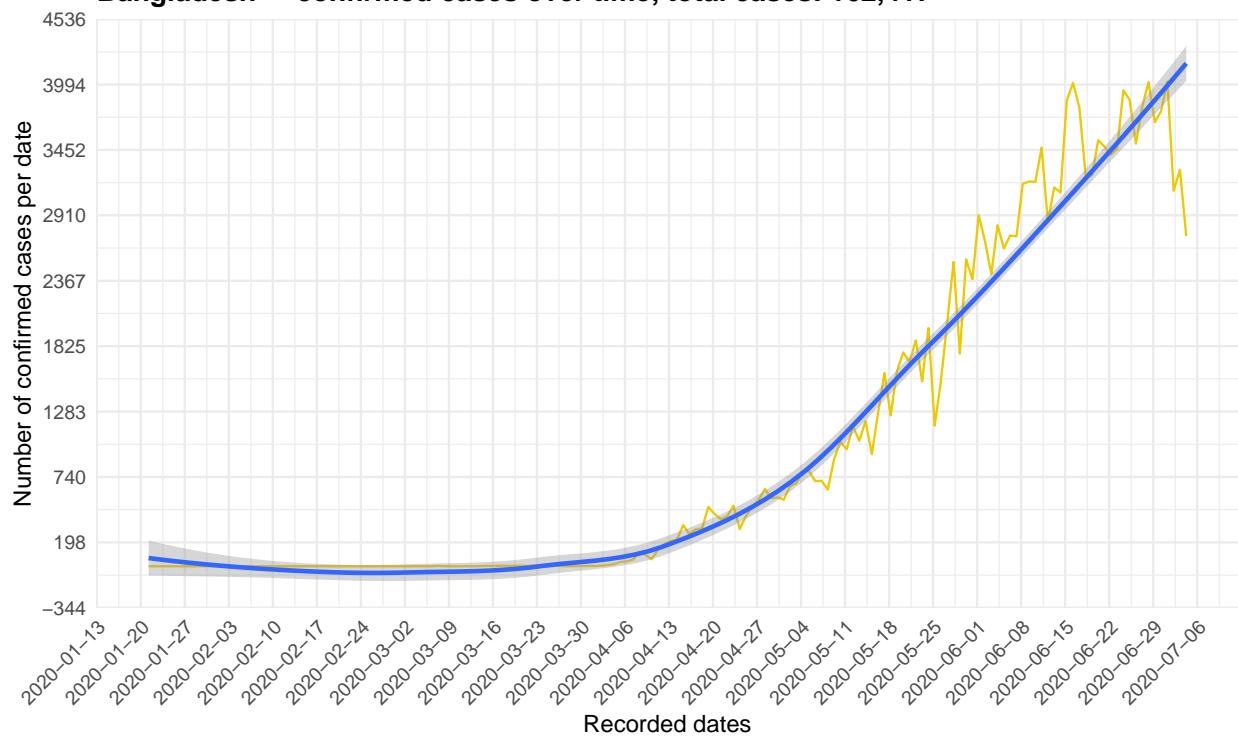

Bahrain – confirmed cases over time, total cases: 29,367

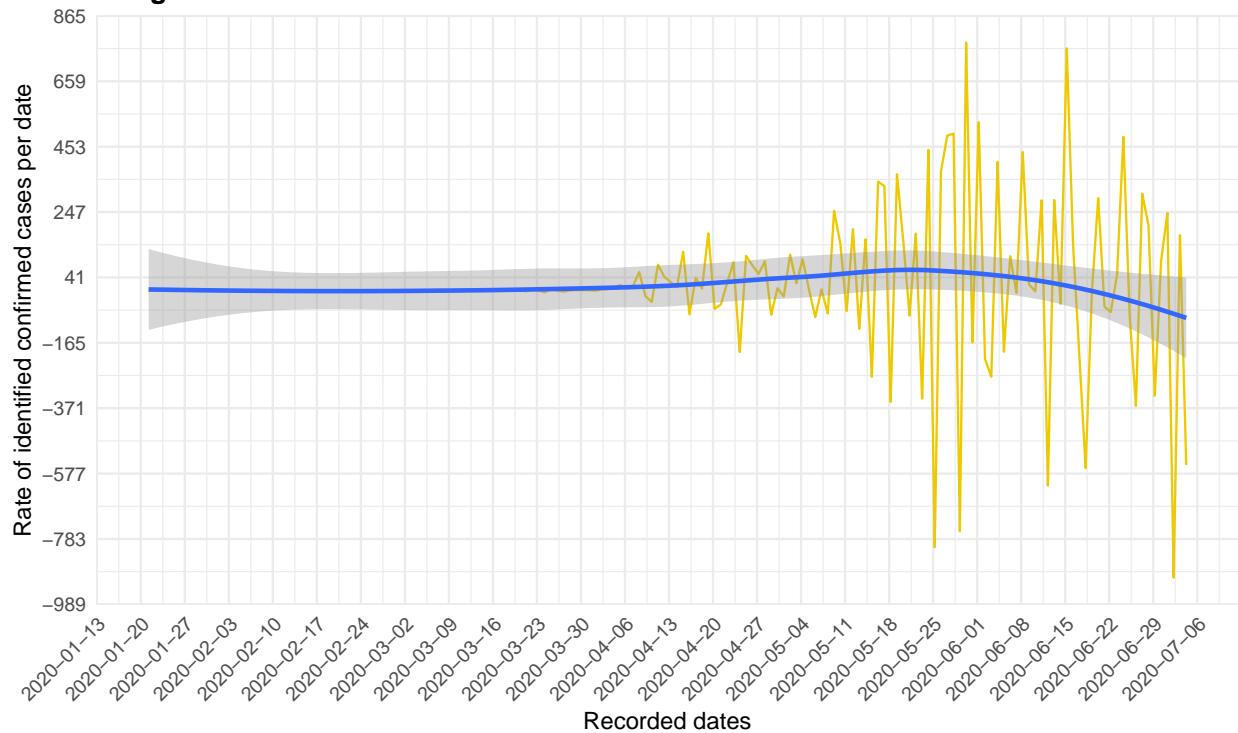

Bahrain – rate of increase of confirmed cases over time

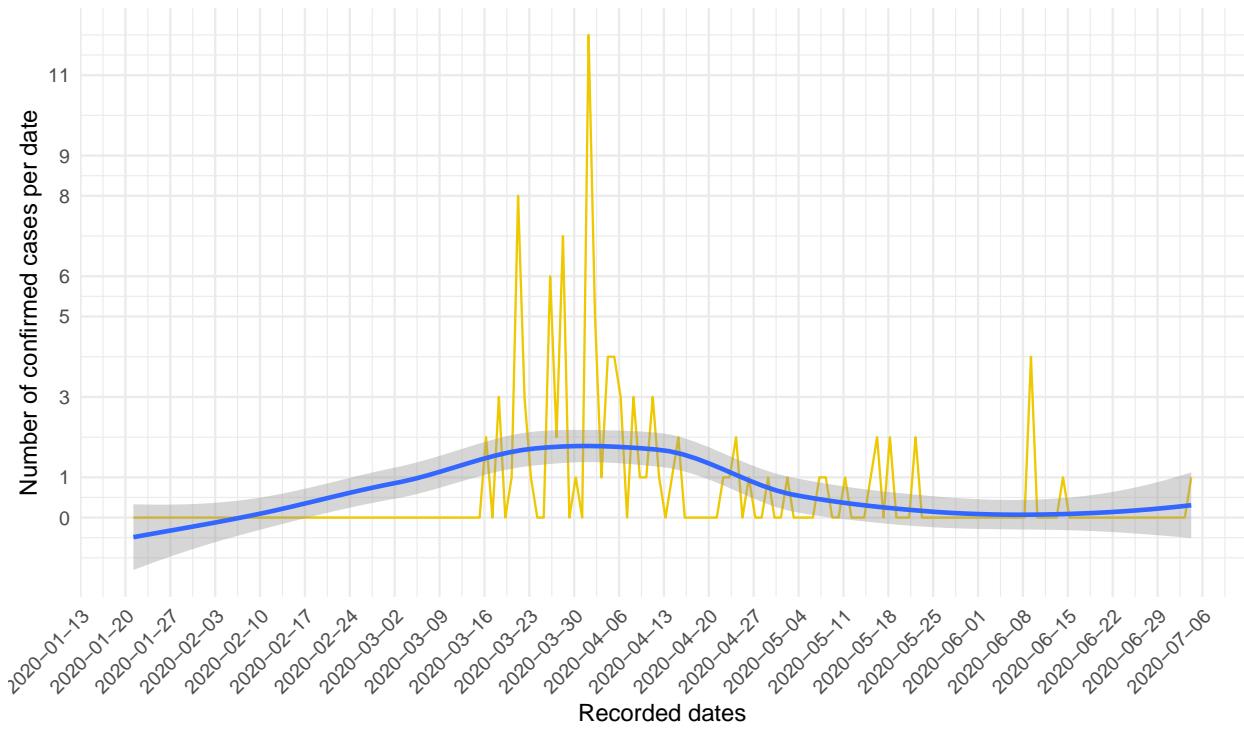

Bangladesh – confirmed cases over time, total cases: 162,417

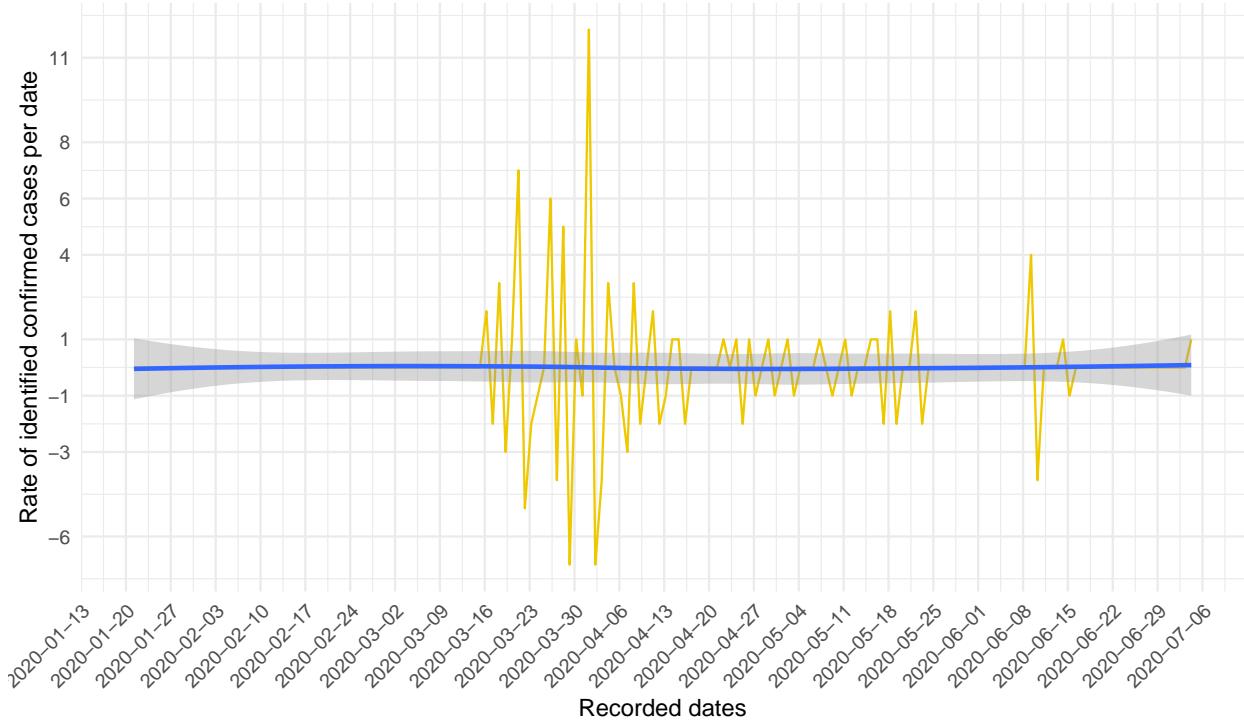

Bangladesh – rate of increase of confirmed cases over time

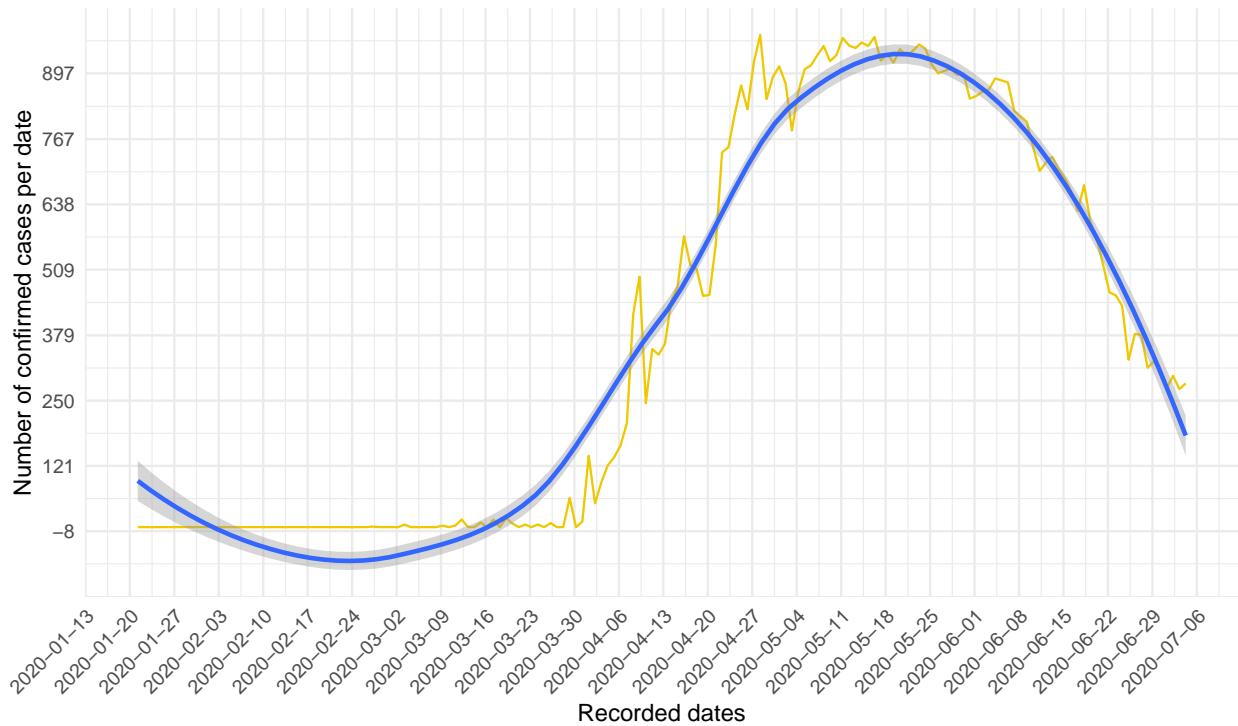

Barbados – confirmed cases over time, total cases: 98

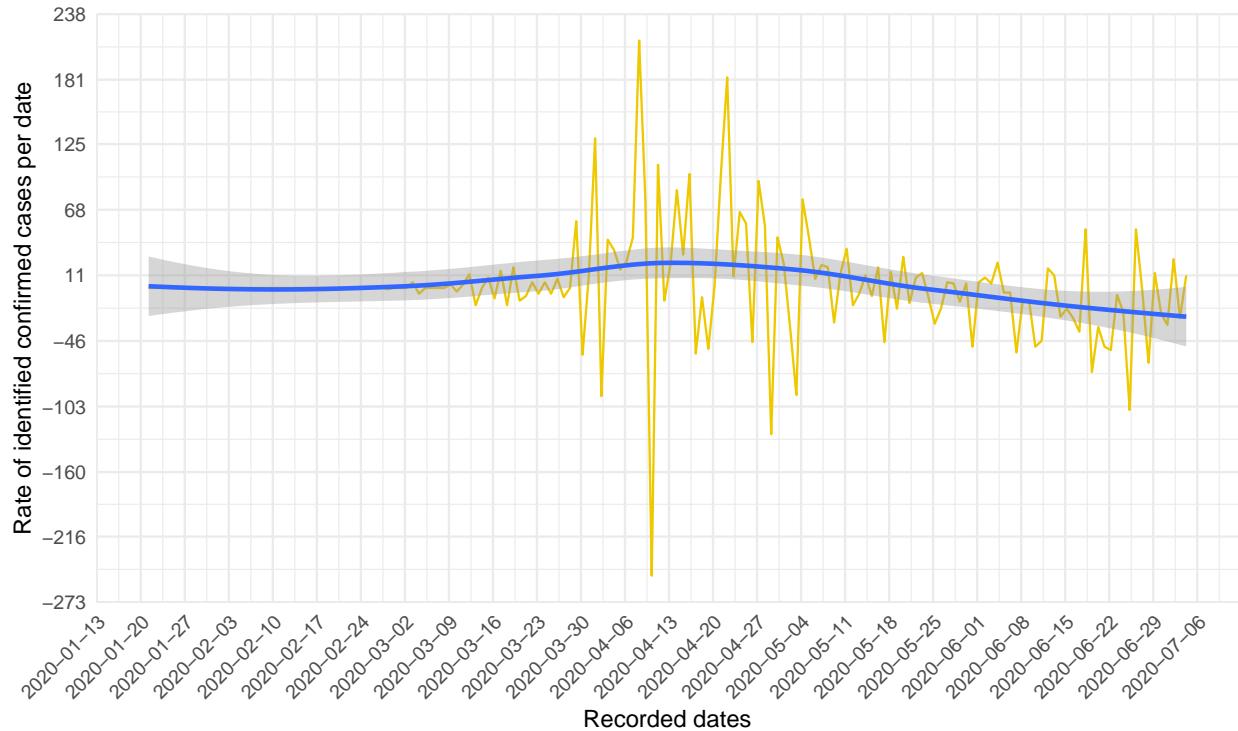

Barbados – rate of increase of confirmed cases over time

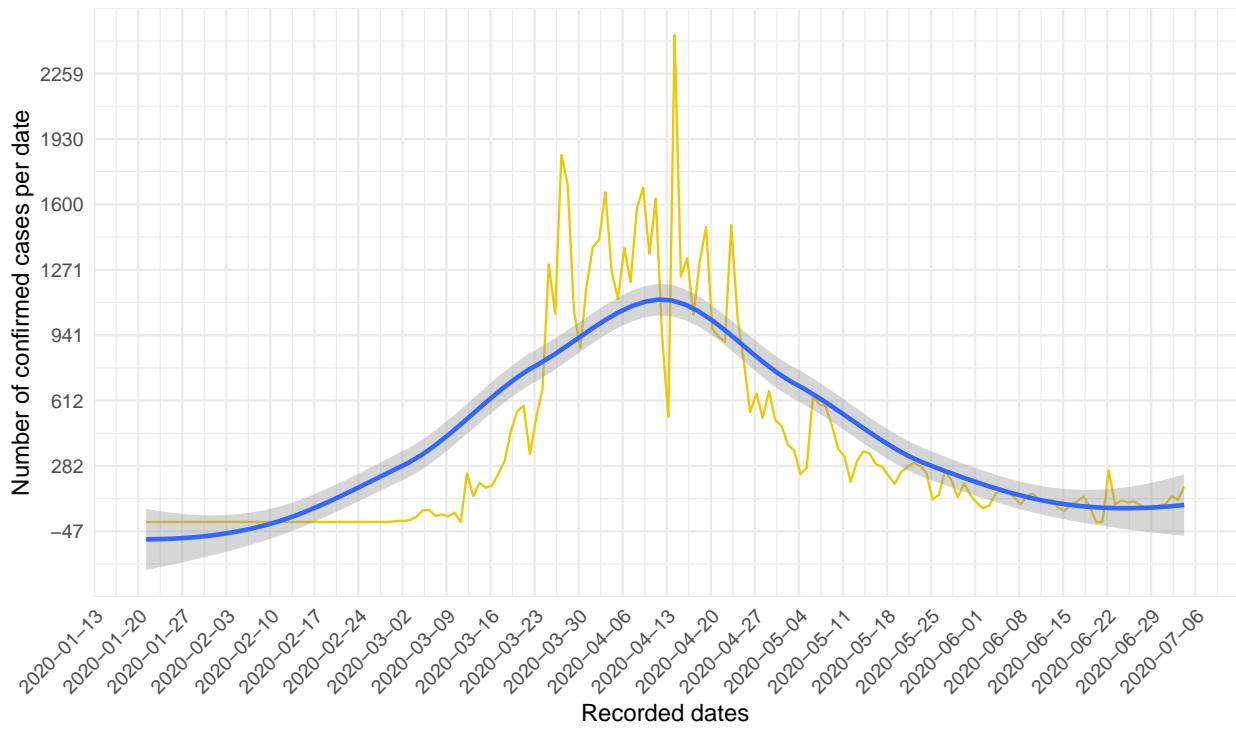

Belarus – confirmed cases over time, total cases: 63,554

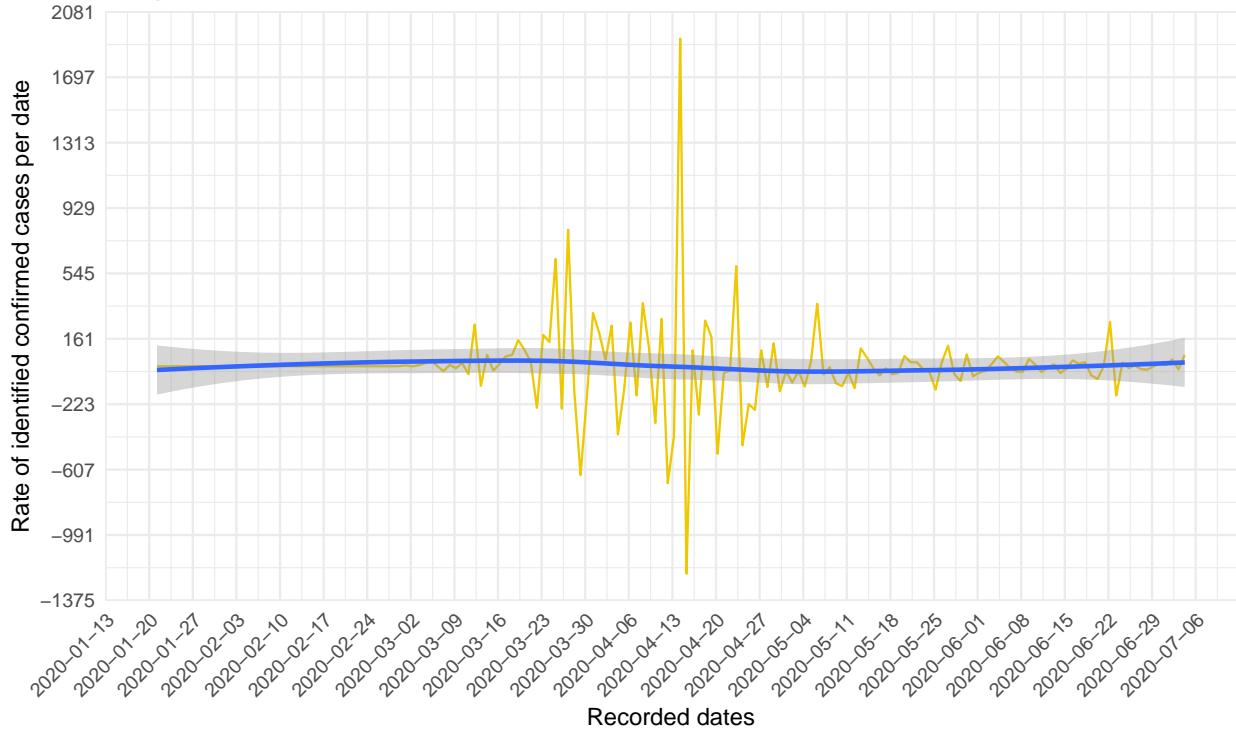

Belarus – rate of increase of confirmed cases over time

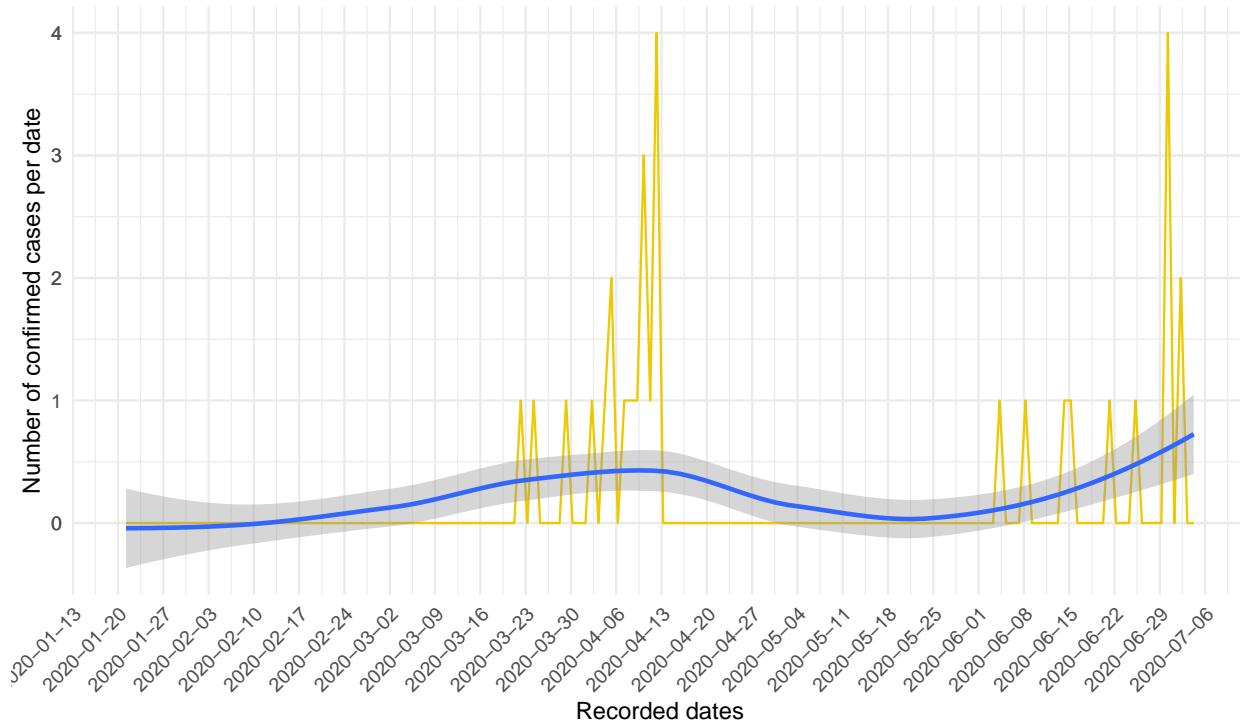

Belgium – confirmed cases over time, total cases: 62,016

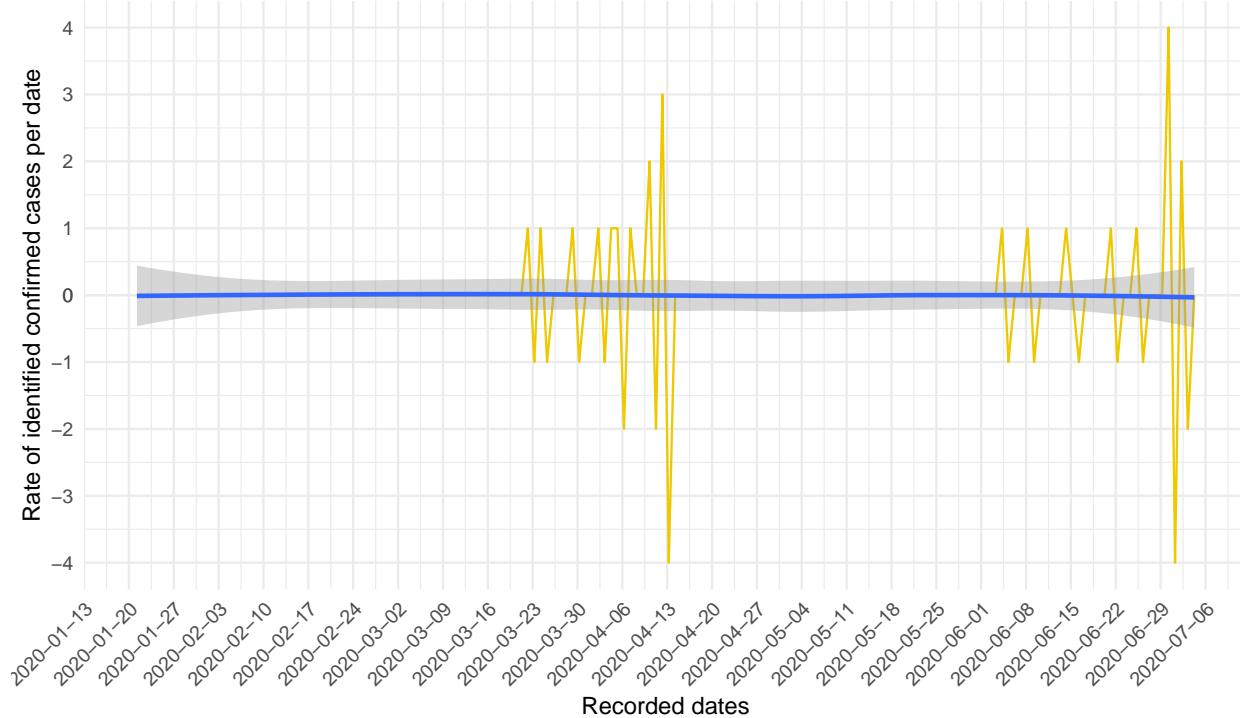

Belgium – rate of increase of confirmed cases over time

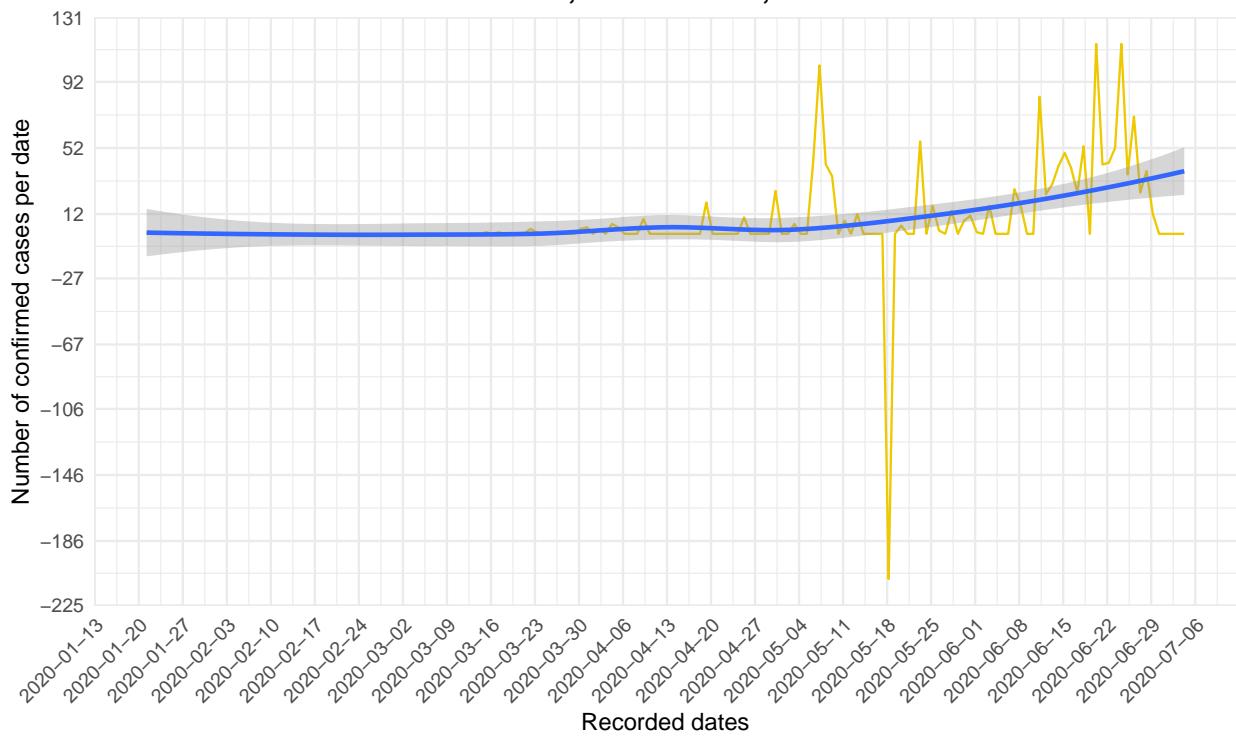

Belize – confirmed cases over time, total cases: 30

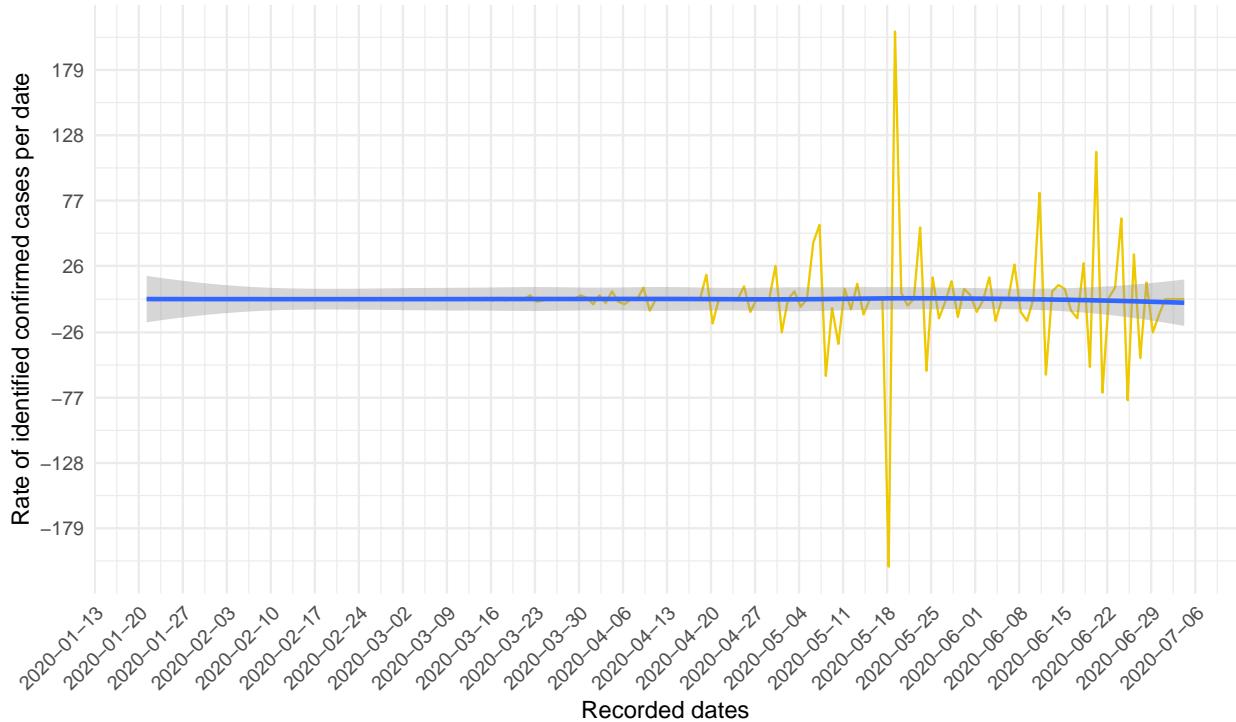

Belize – rate of increase of confirmed cases over time

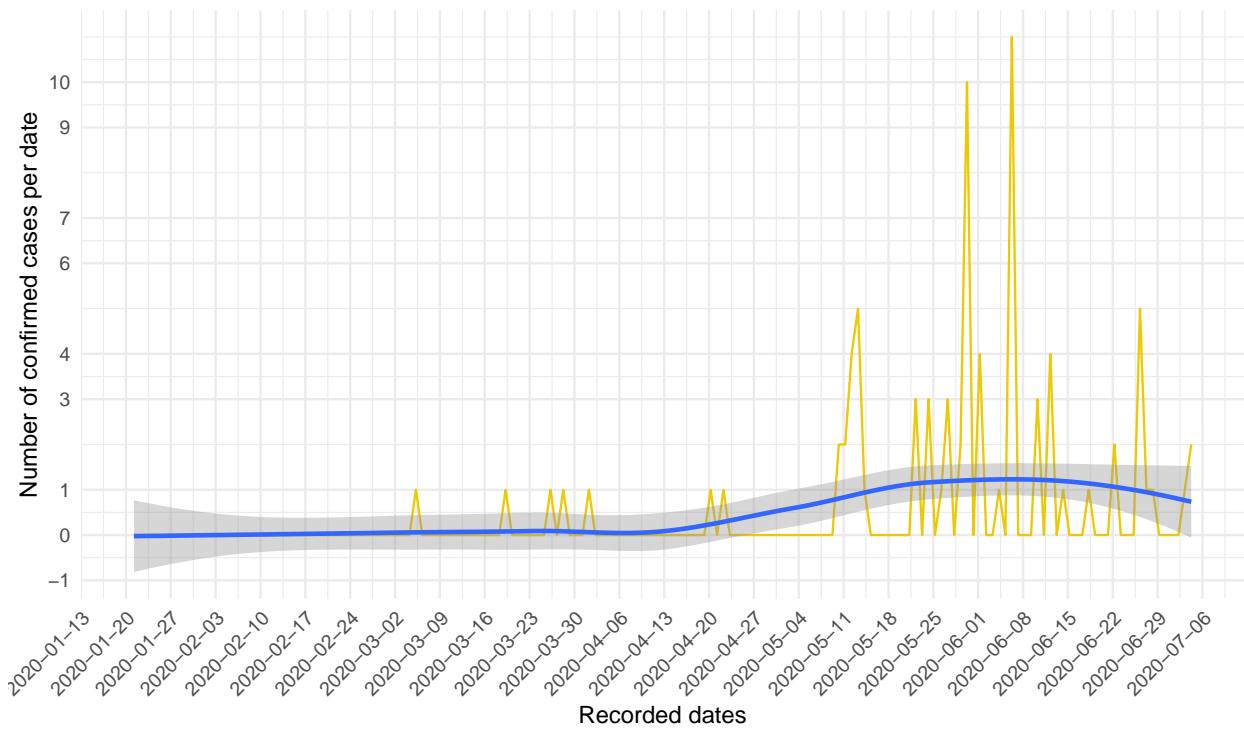

Benin – confirmed cases over time, total cases: 1,199

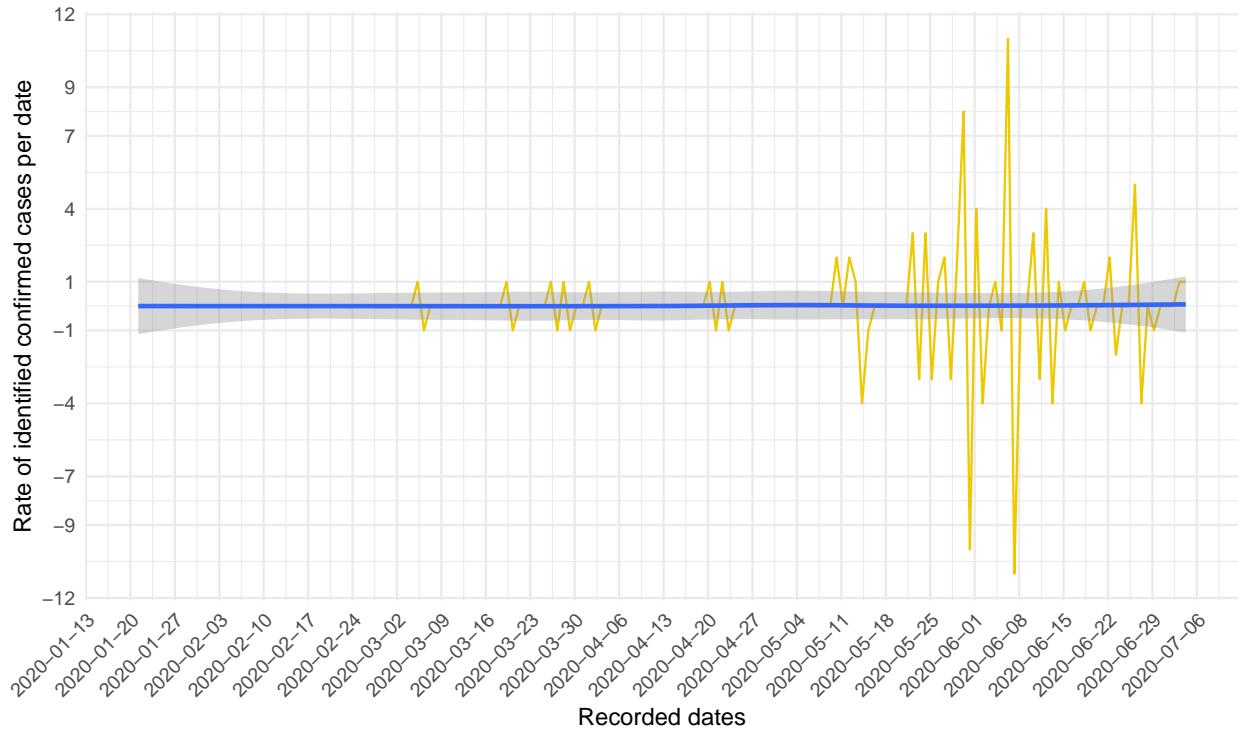

Benin – rate of increase of confirmed cases over time

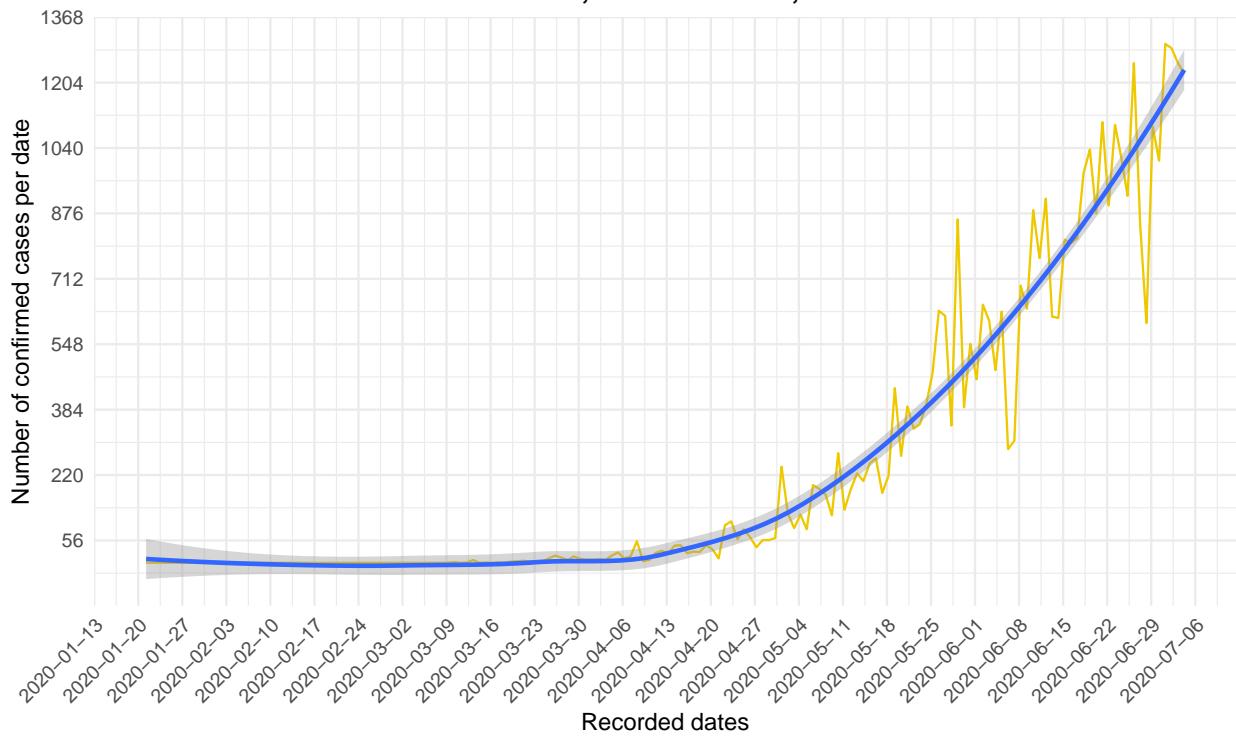

Bhutan – confirmed cases over time, total cases: 80

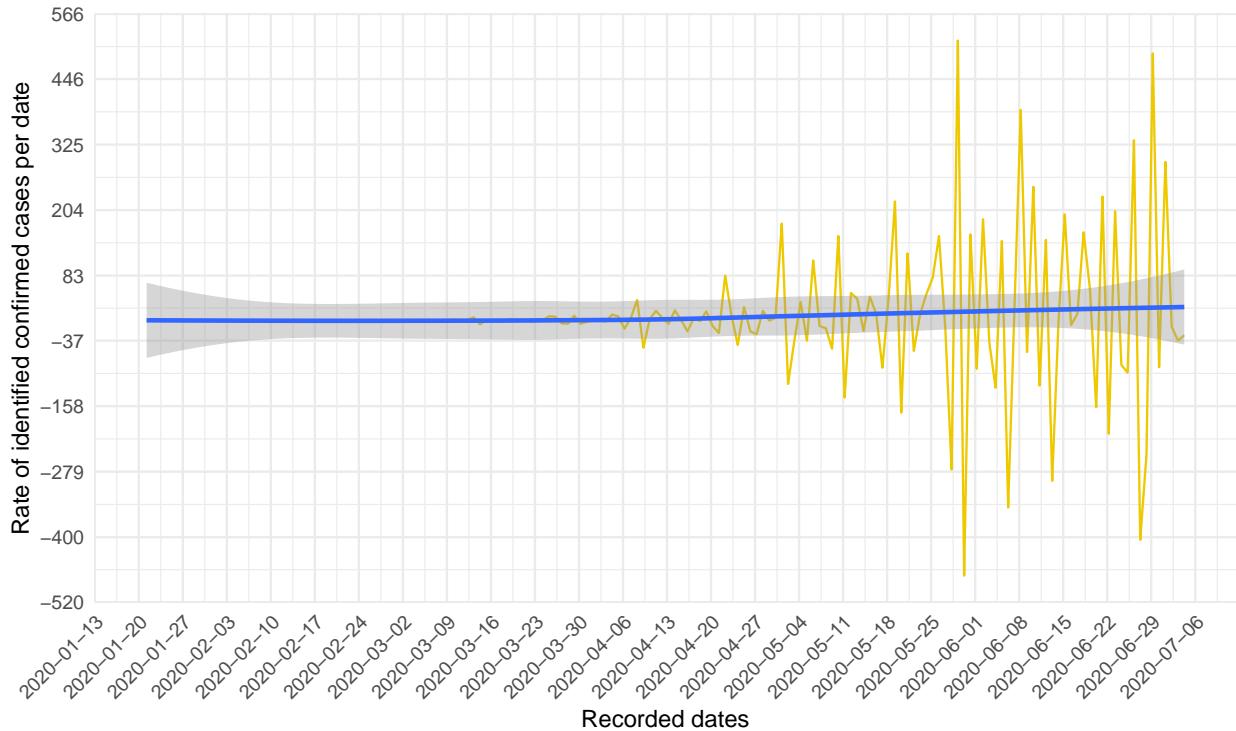

Bhutan – rate of increase of confirmed cases over time

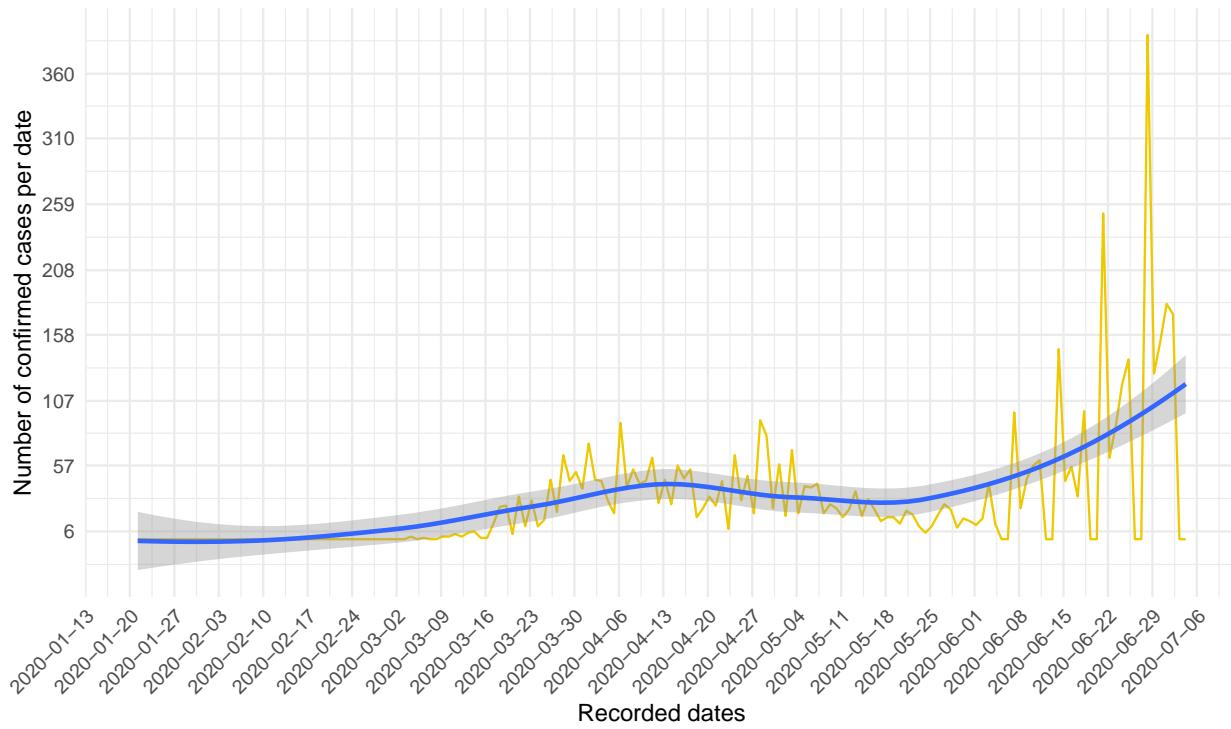

Bolivia – confirmed cases over time, total cases: 39,297

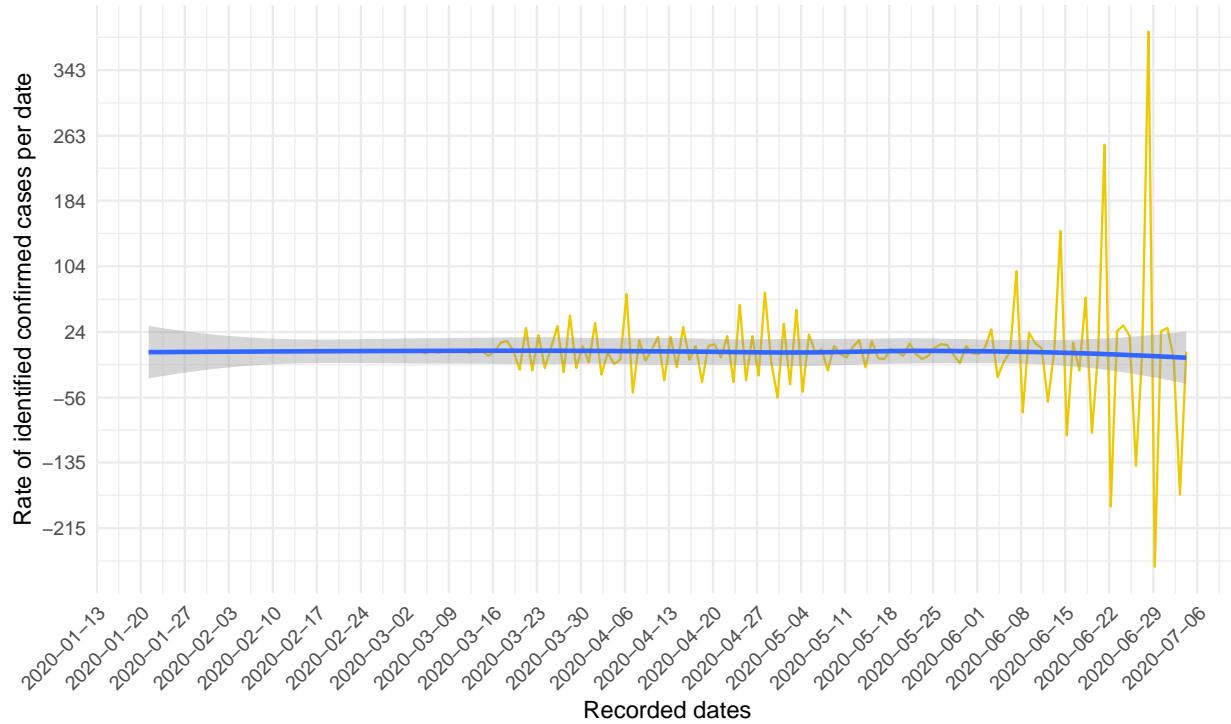

Bolivia – rate of increase of confirmed cases over time

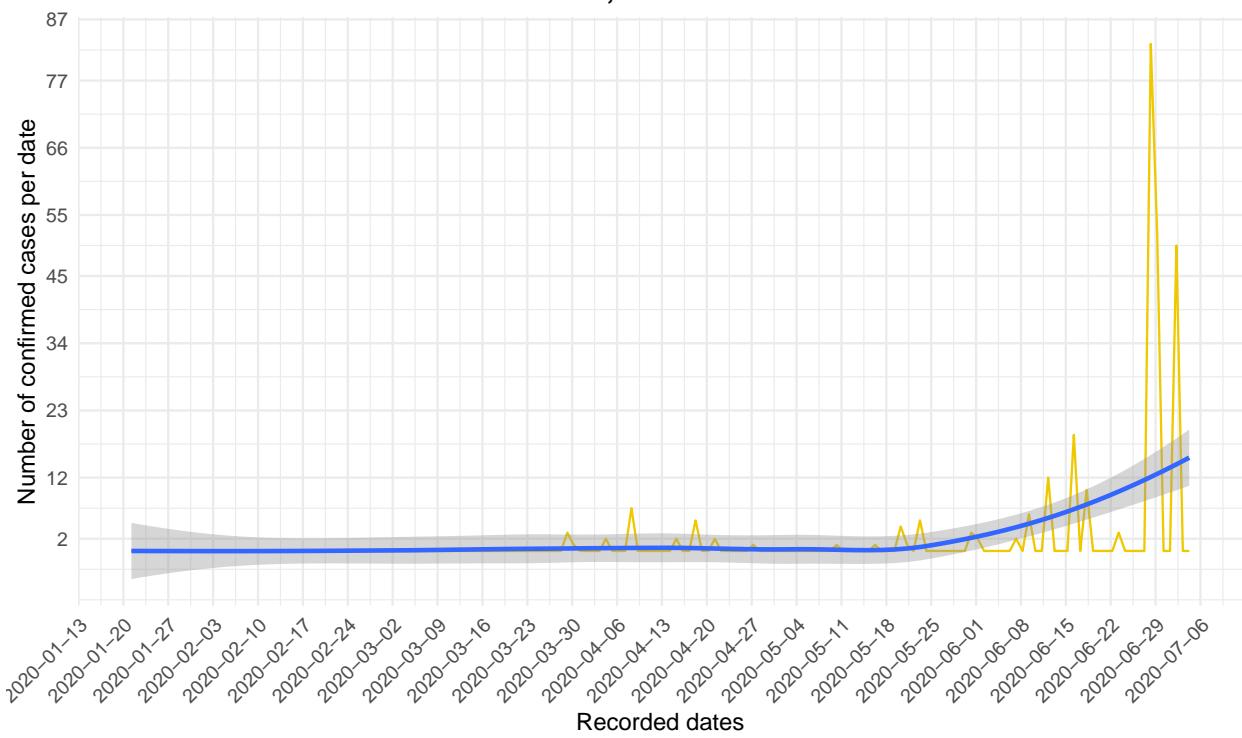

Bosnia and Herzegovina – confirmed cases over time, total cases: 4,962

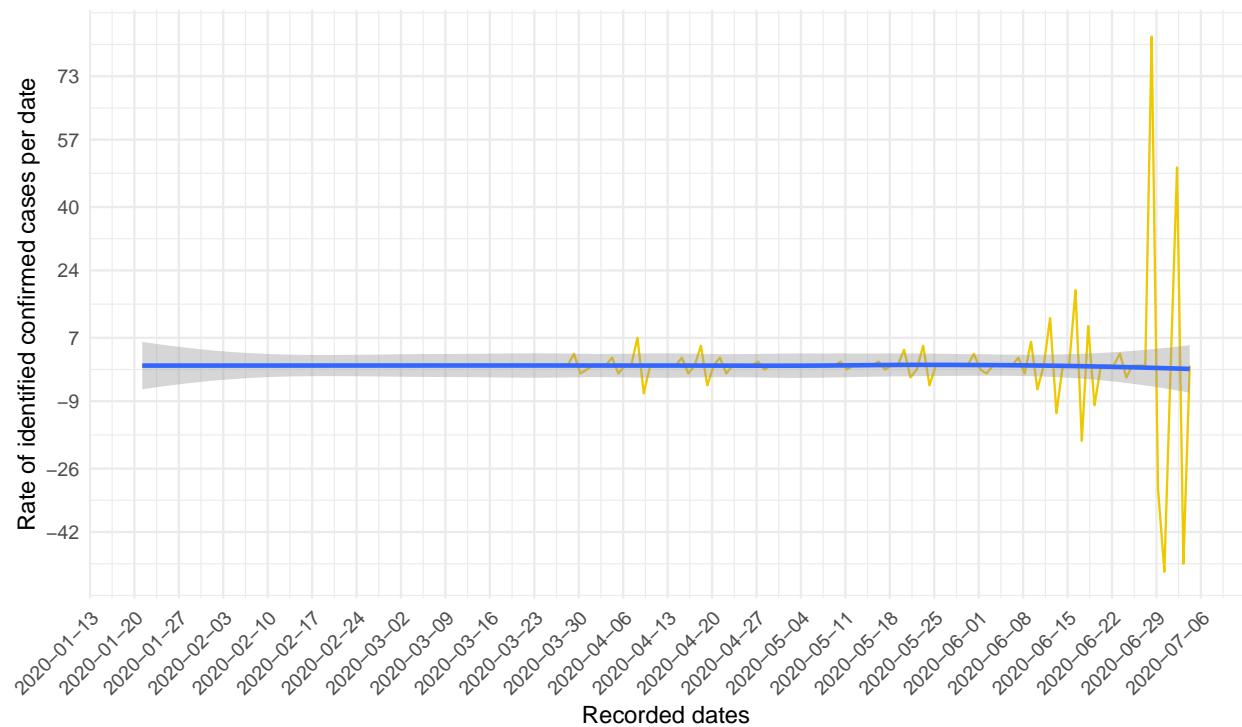

Bosnia and Herzegovina – rate of increase of confirmed cases over time

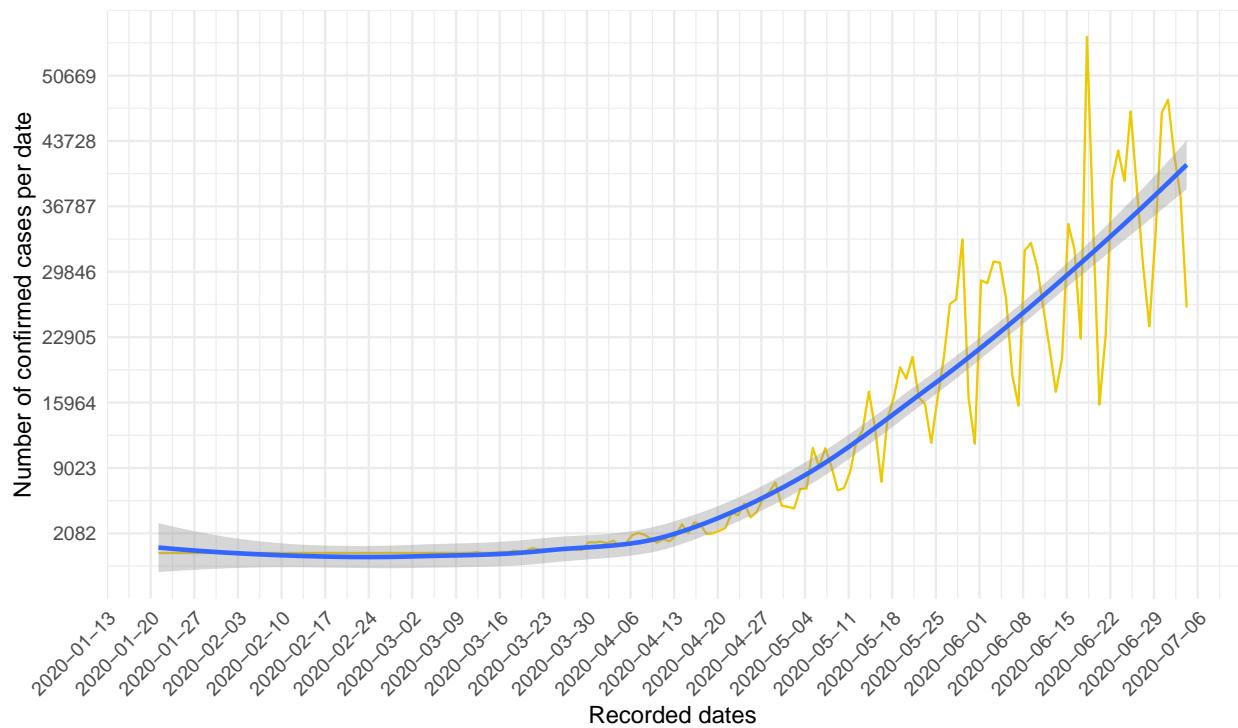

Botswana – confirmed cases over time, total cases: 277

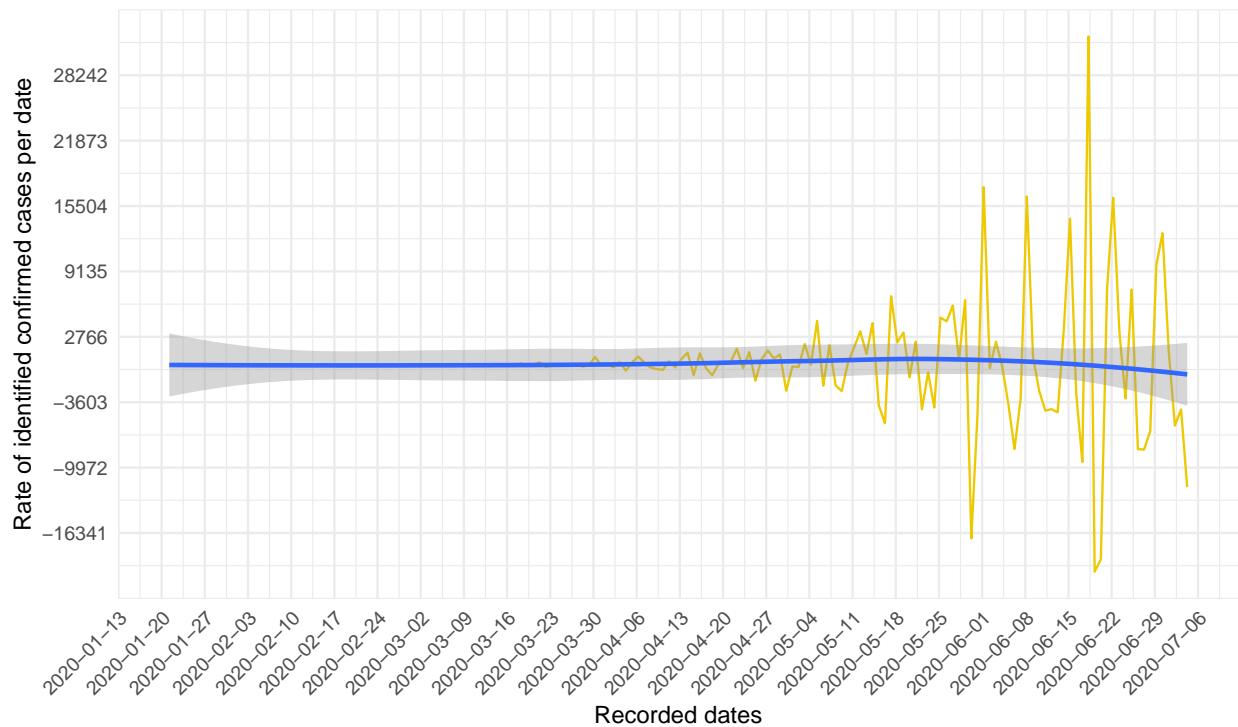

Botswana – rate of increase of confirmed cases over time

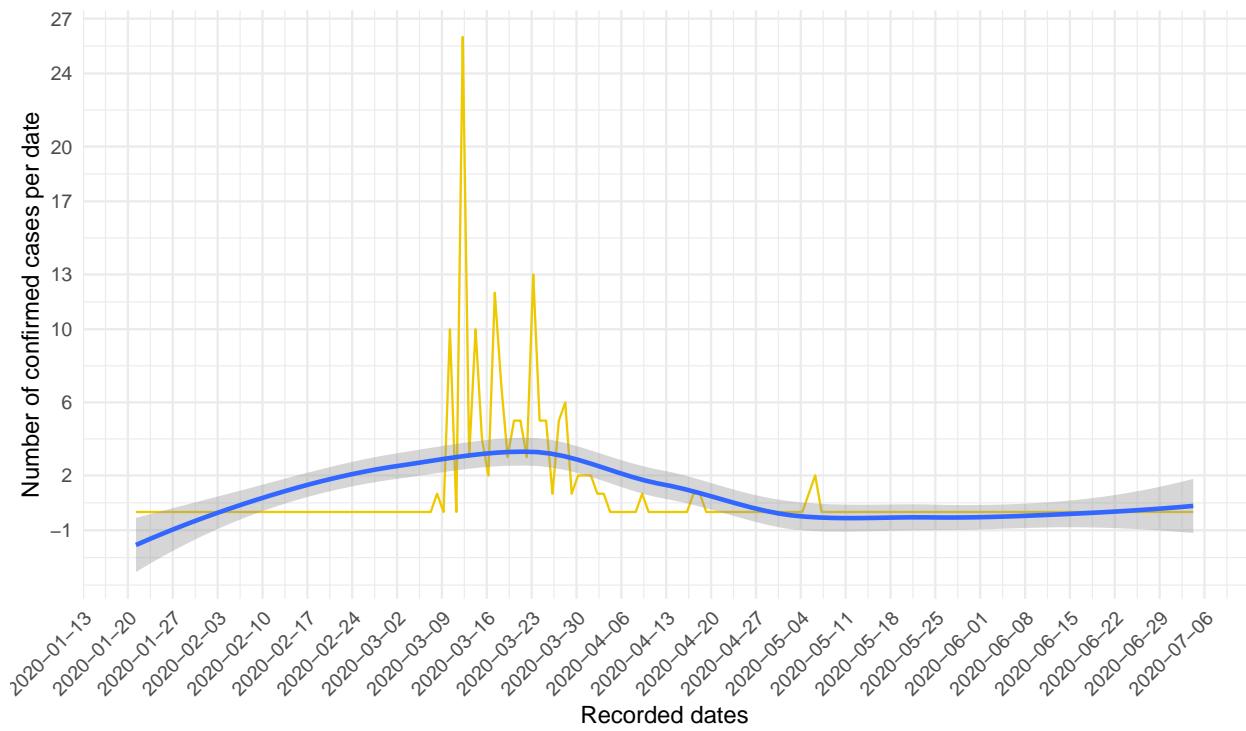

Brazil – confirmed cases over time, total cases: 1,603,055

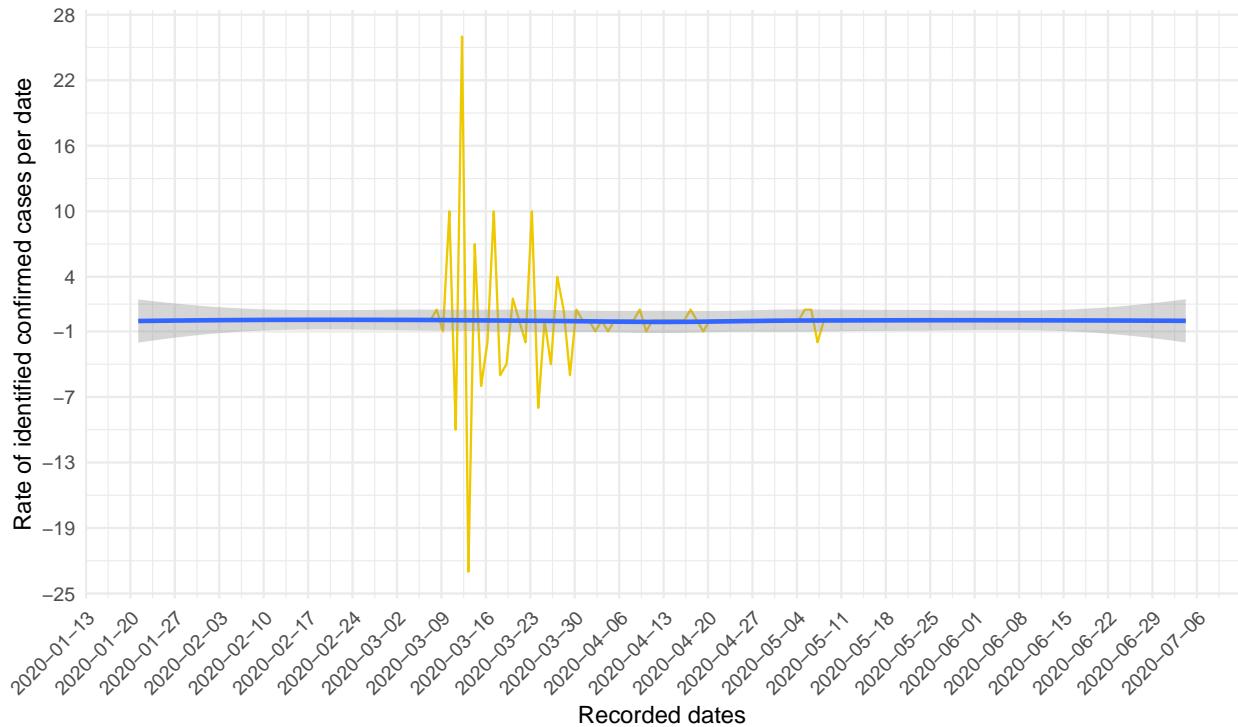

Brazil – rate of increase of confirmed cases over time

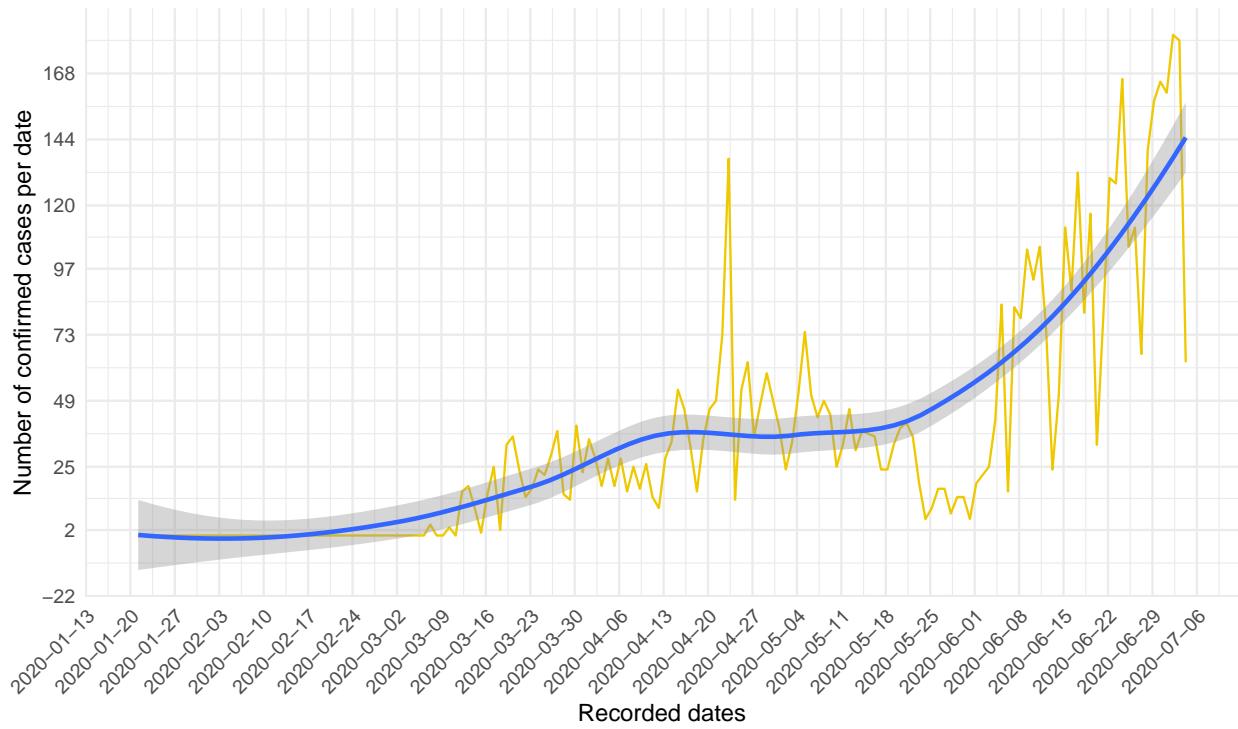

Brunei – confirmed cases over time, total cases: 141

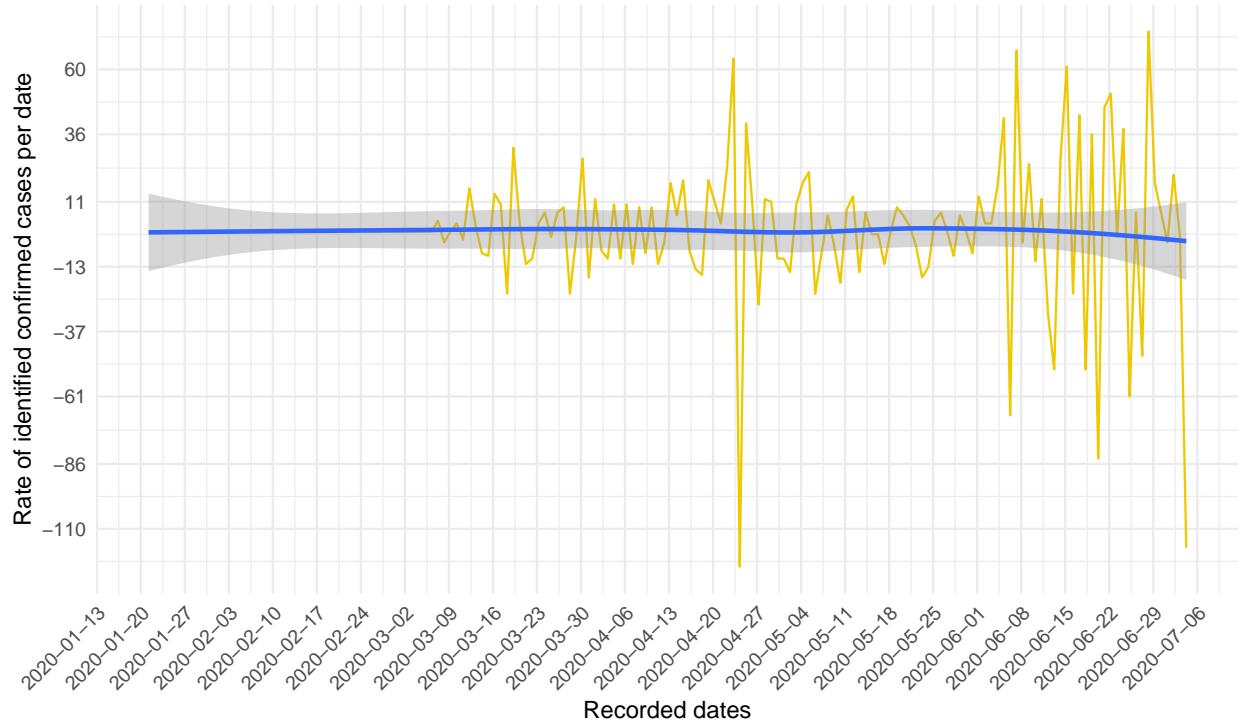

Brunei – rate of increase of confirmed cases over time

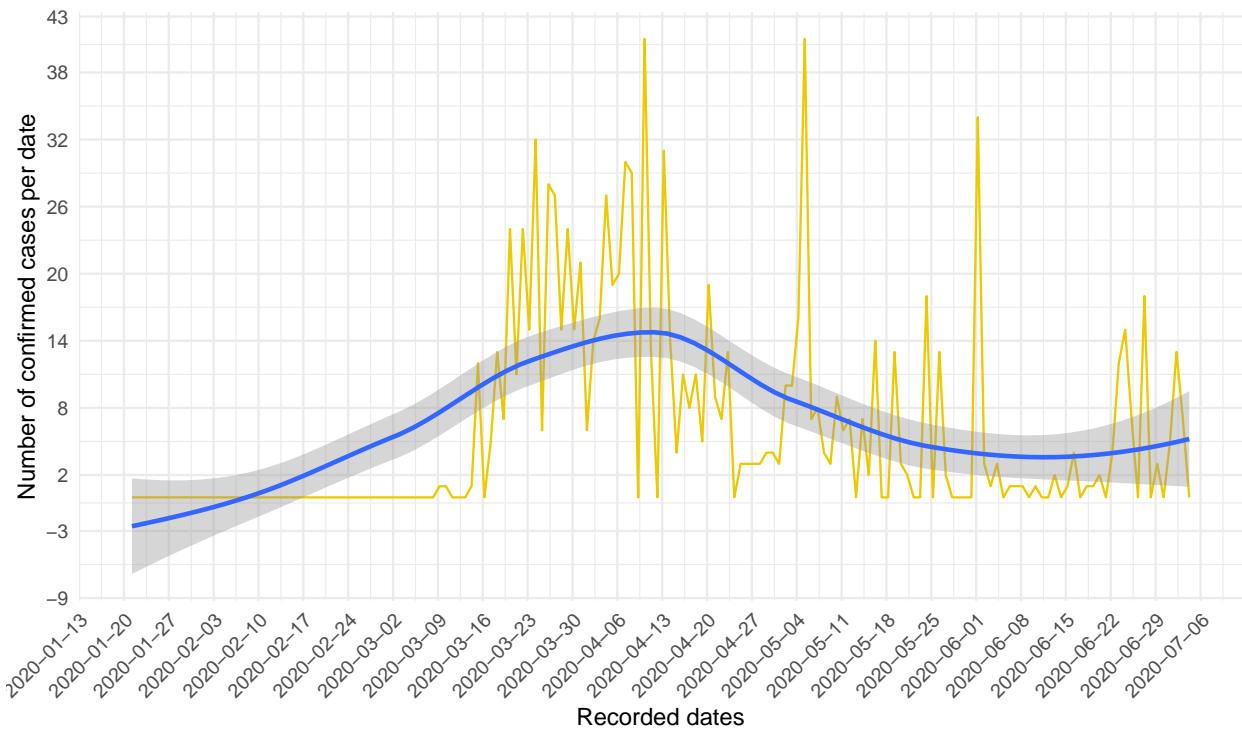

Bulgaria – confirmed cases over time, total cases: 5,740

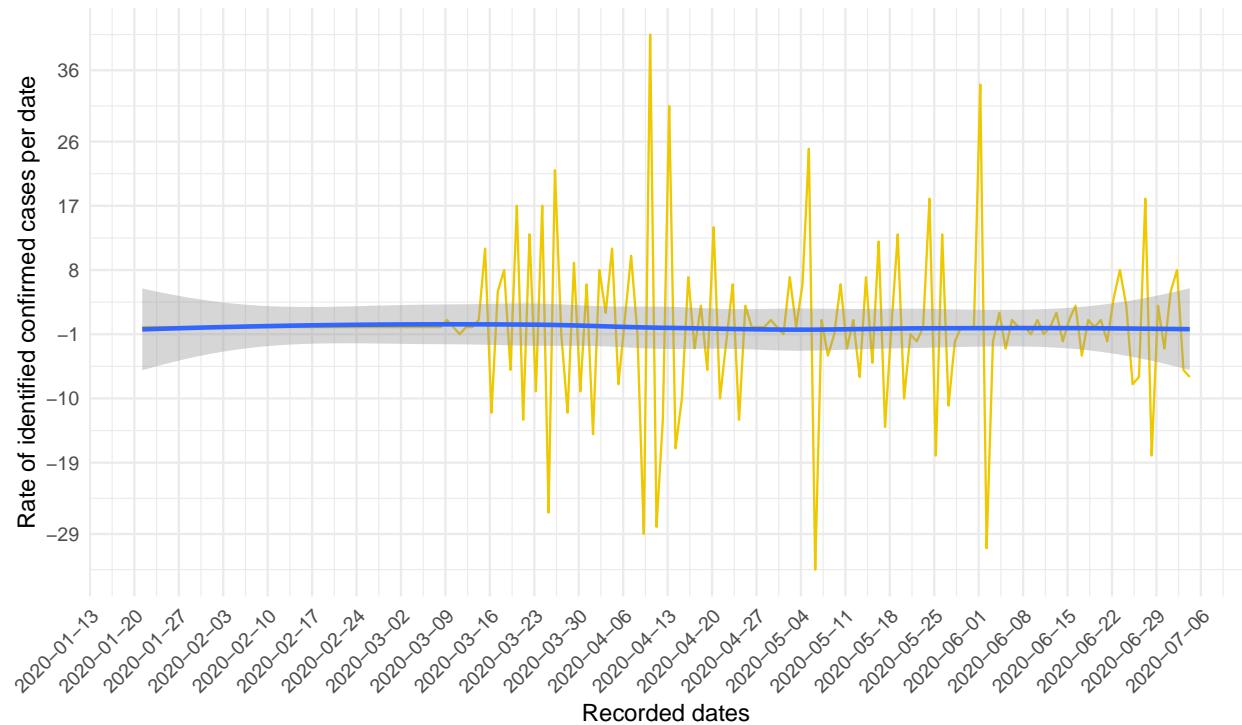

Bulgaria – rate of increase of confirmed cases over time

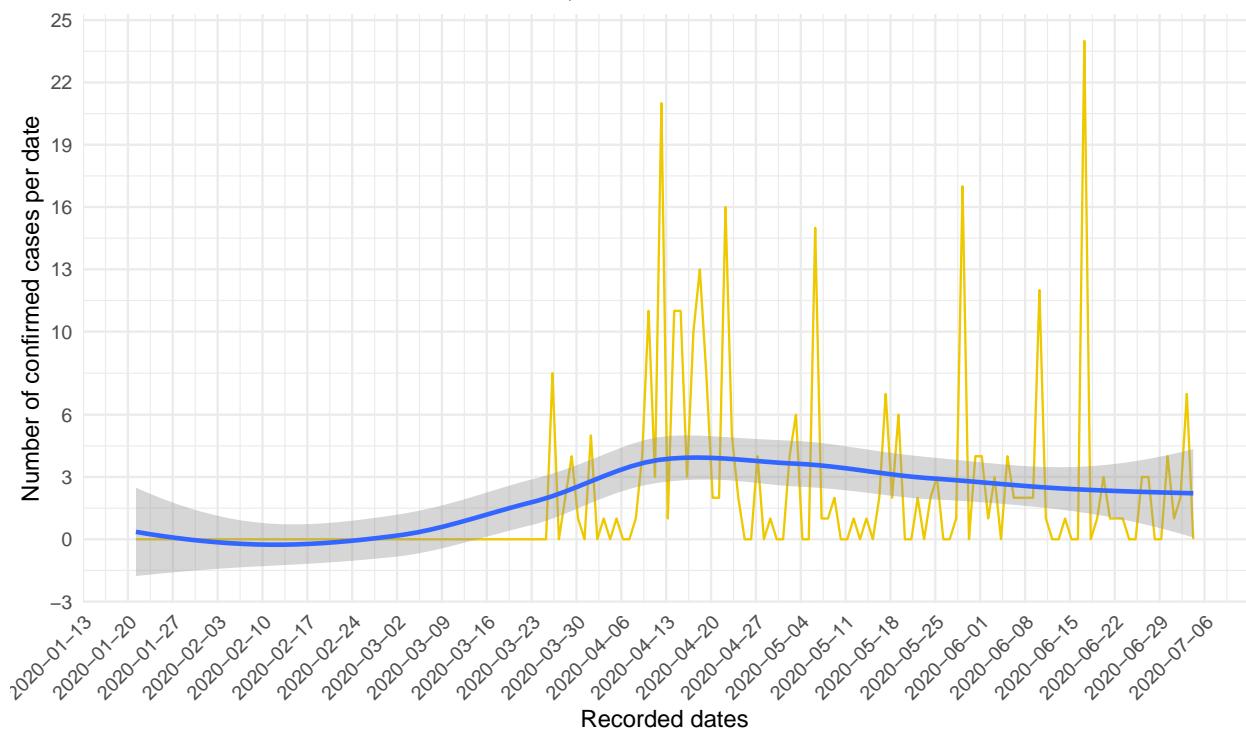

Burkina Faso – confirmed cases over time, total cases: 987

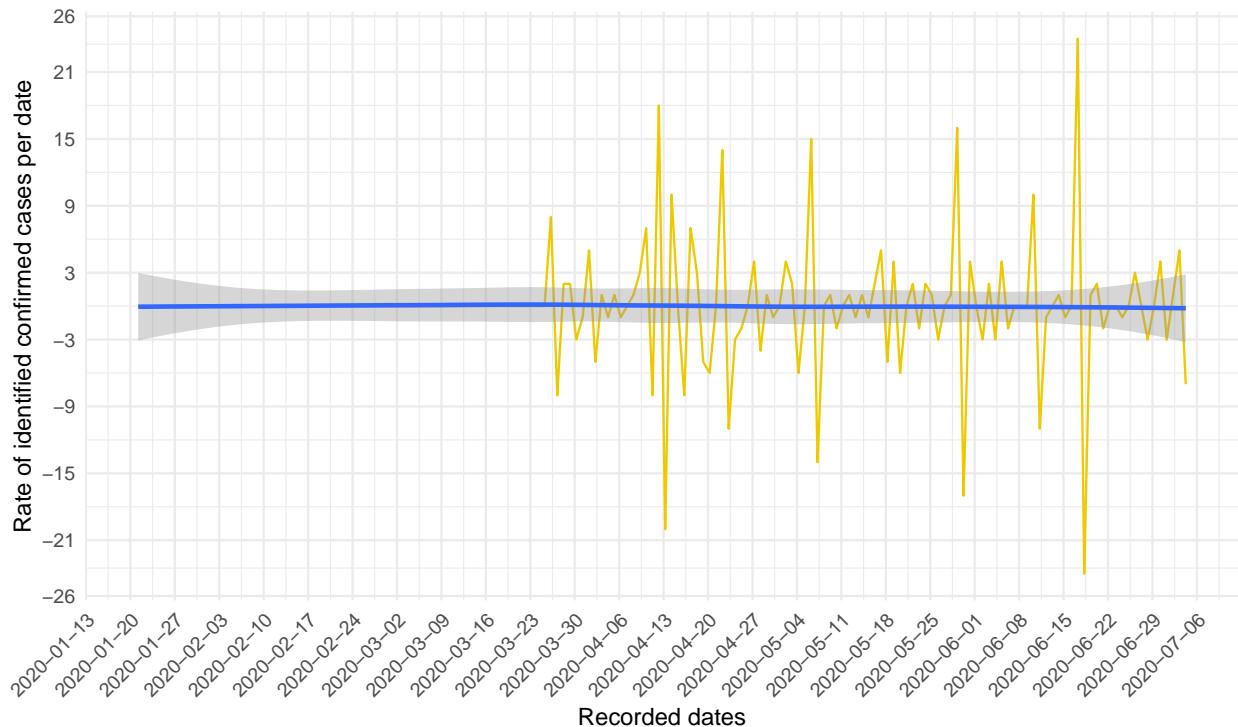

Burkina Faso – rate of increase of confirmed cases over time

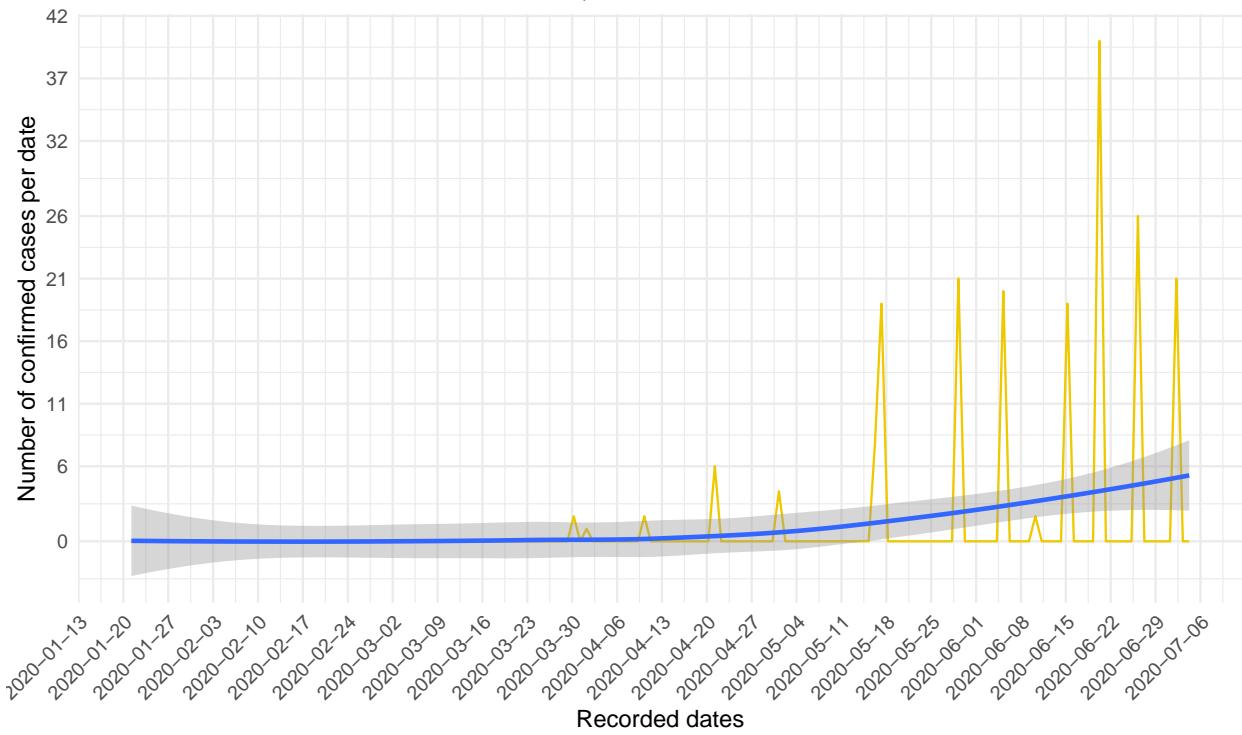

Burma – confirmed cases over time, total cases: 313

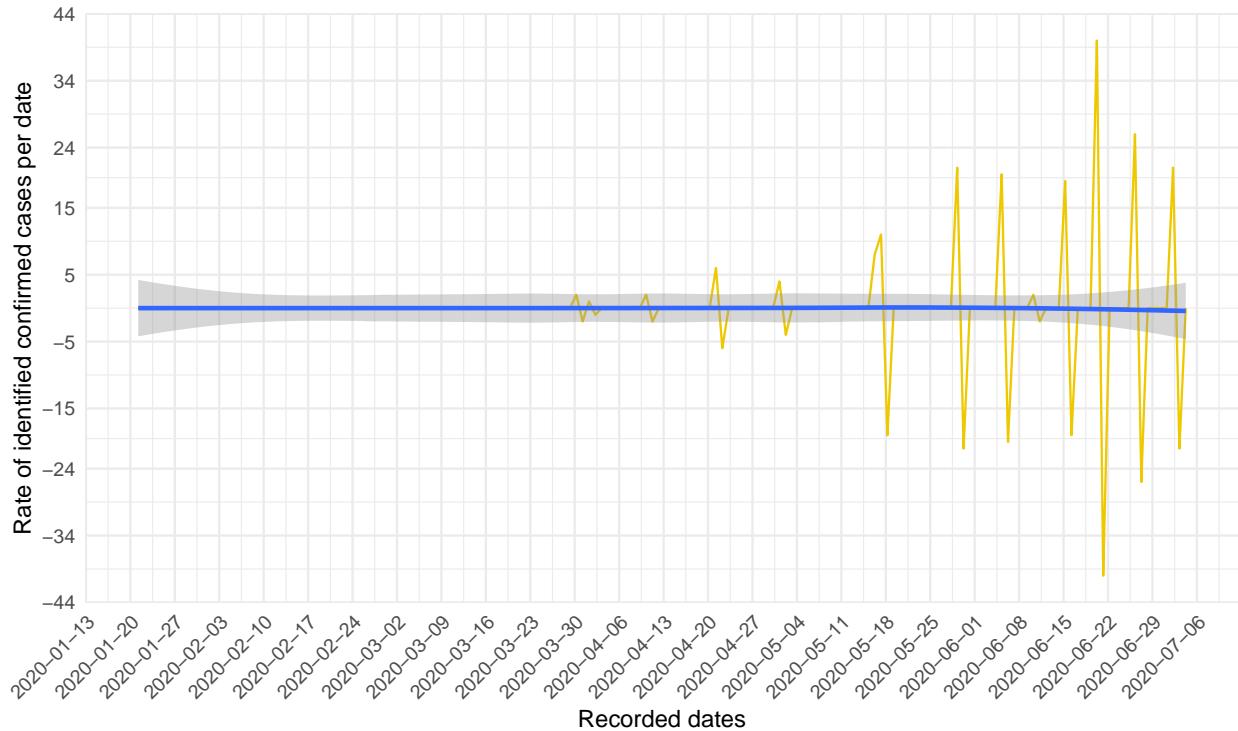

Burma – rate of increase of confirmed cases over time

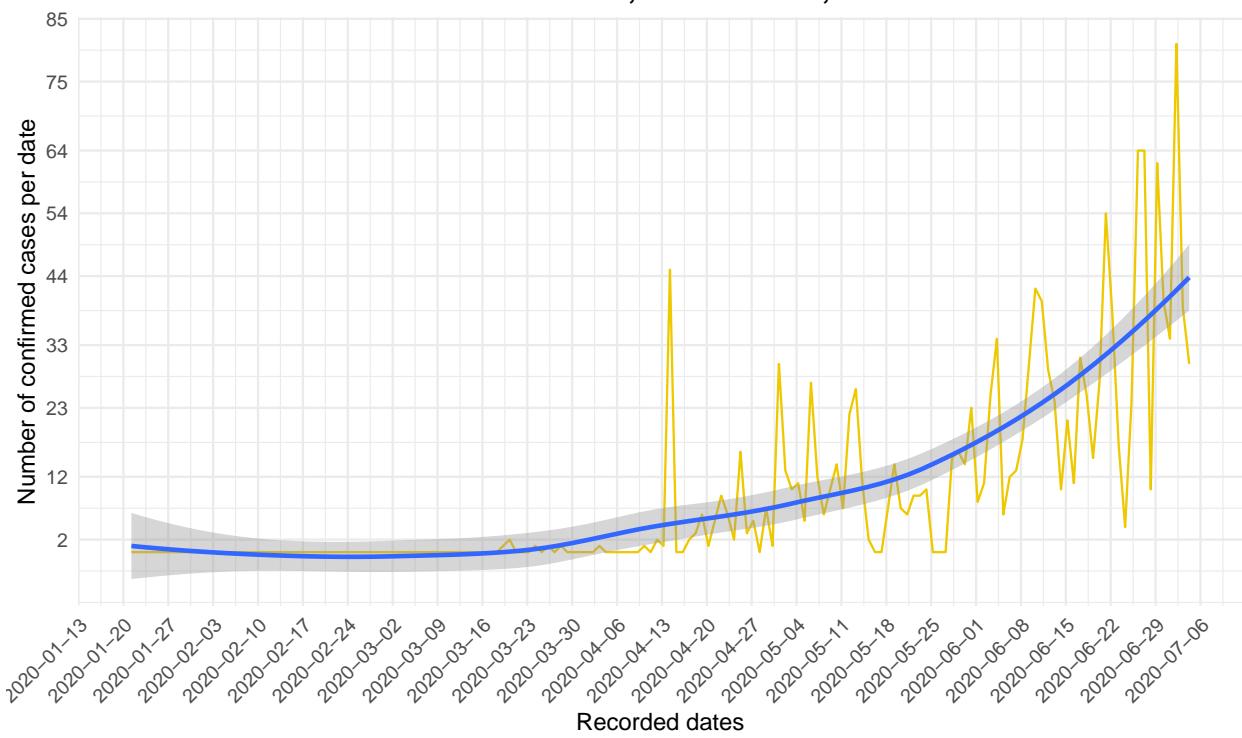

Burundi – confirmed cases over time, total cases: 191

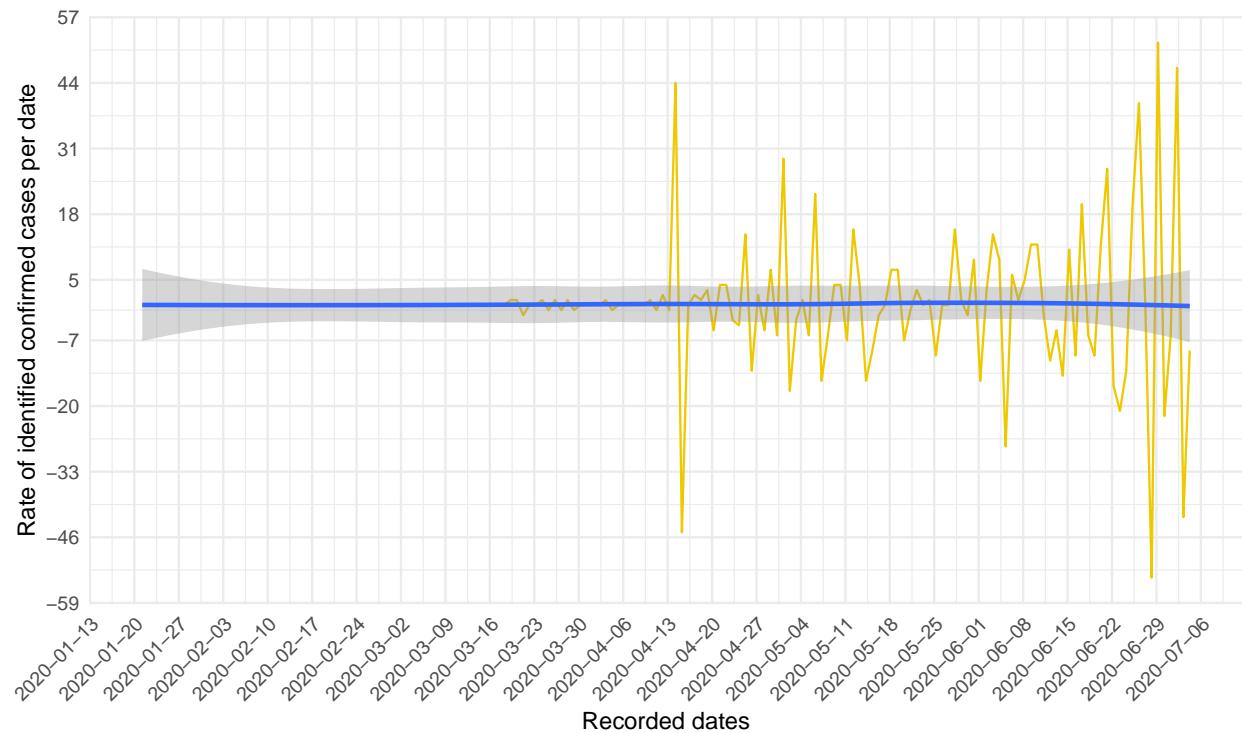

Burundi – rate of increase of confirmed cases over time

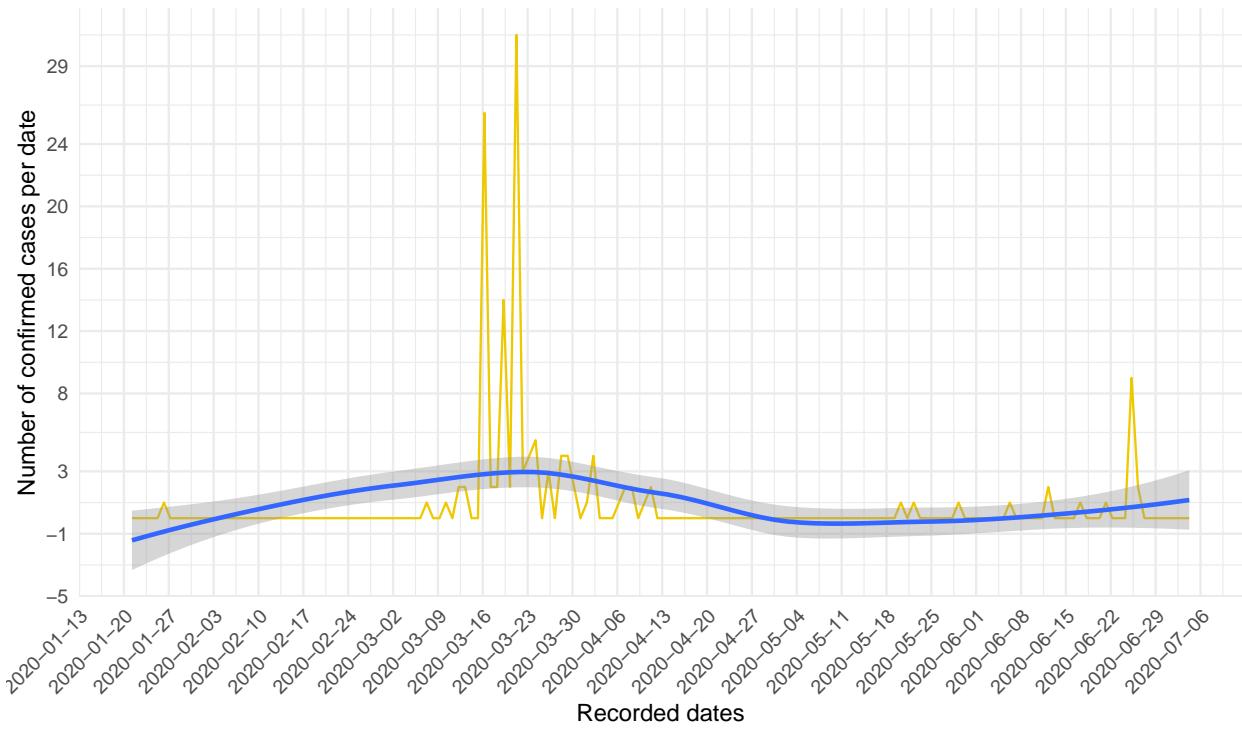

Cabo Verde – confirmed cases over time, total cases: 1,451

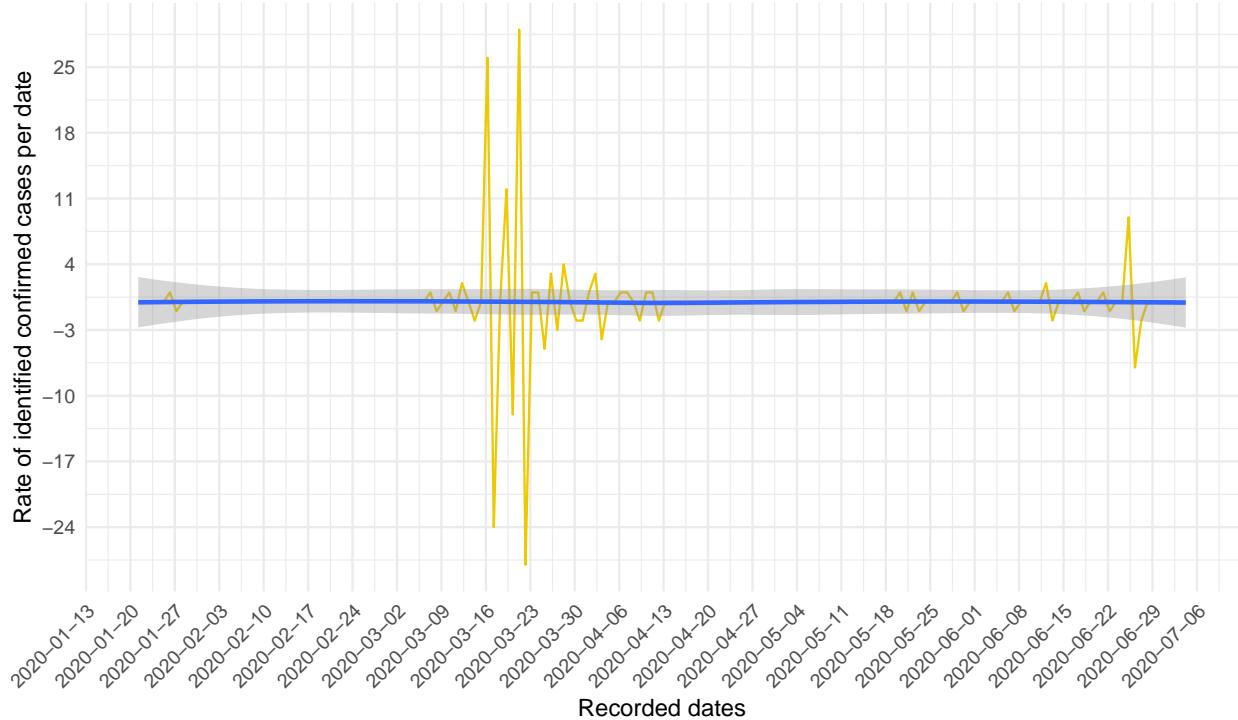

Cabo Verde – rate of increase of confirmed cases over time

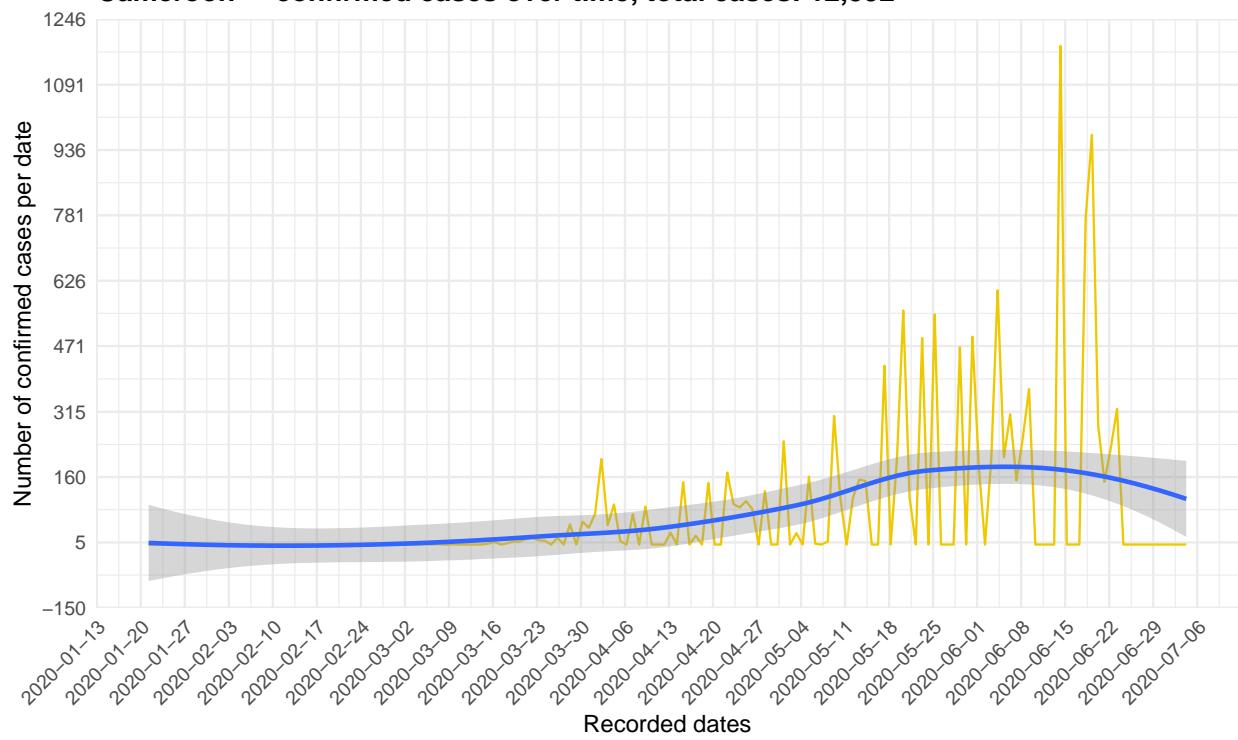

Cambodia – confirmed cases over time, total cases: 141

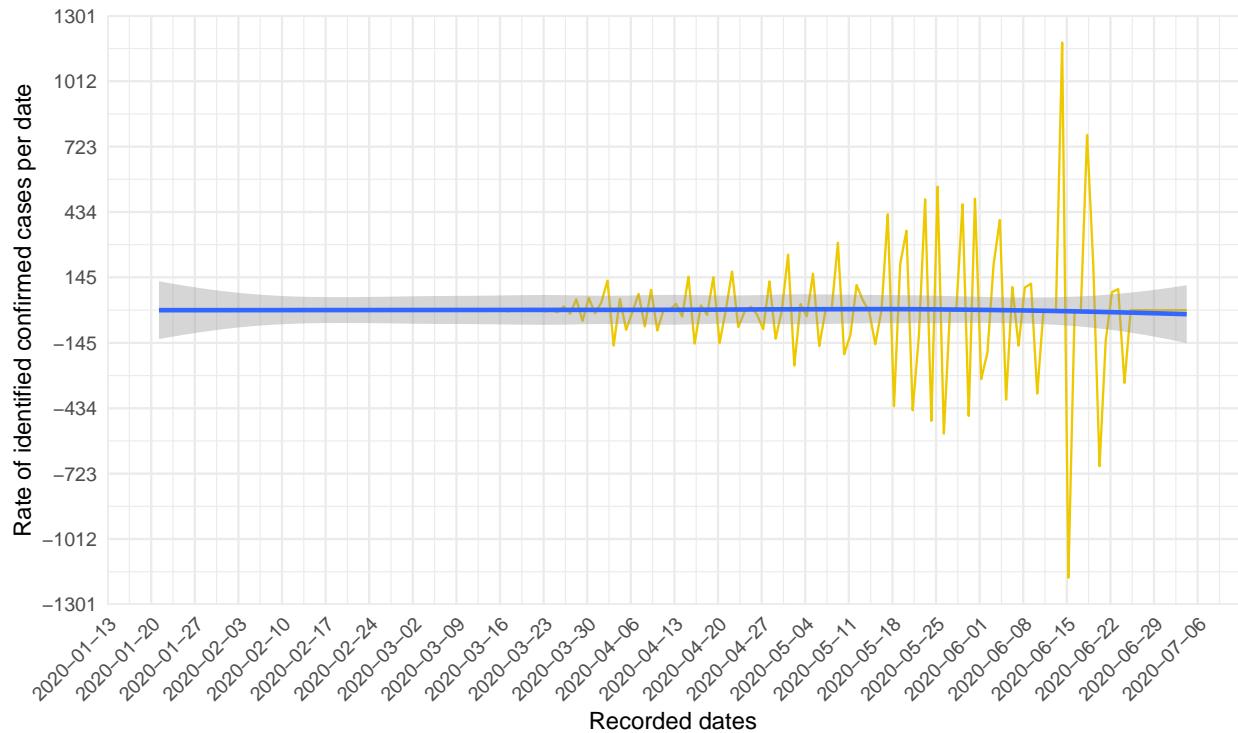

Cambodia – rate of increase of confirmed cases over time

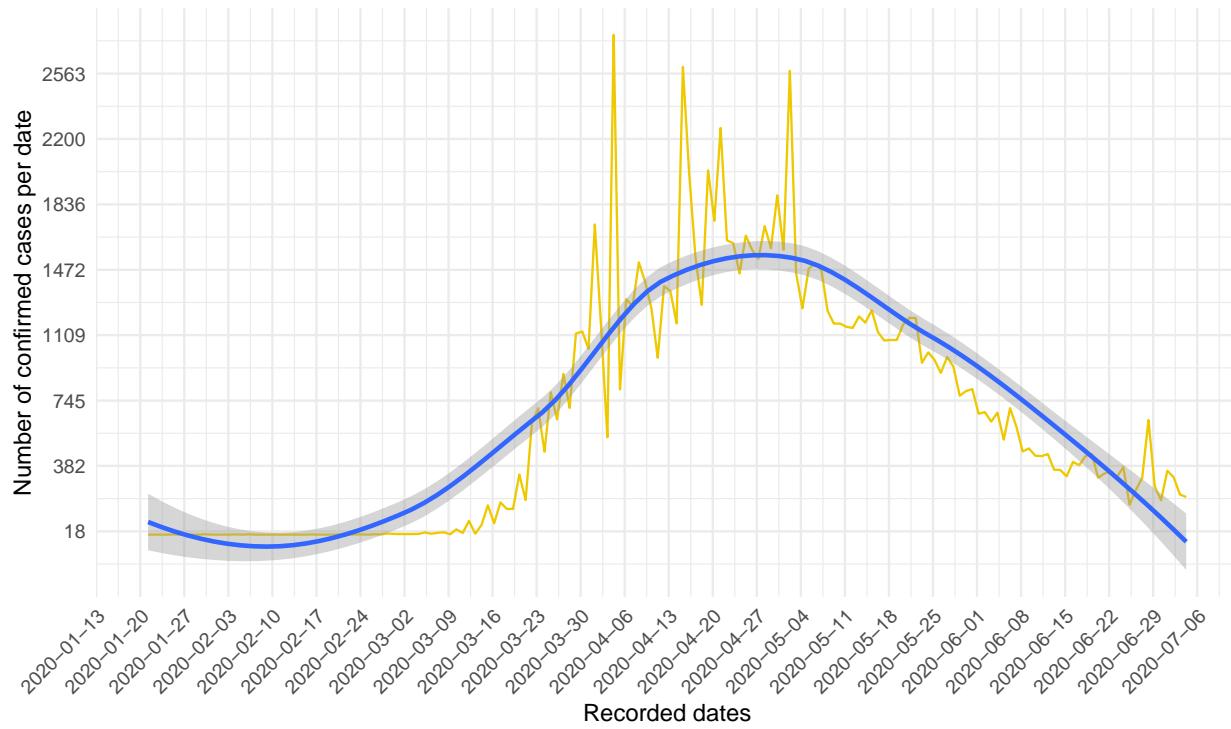

Cameroon – confirmed cases over time, total cases: 12,592

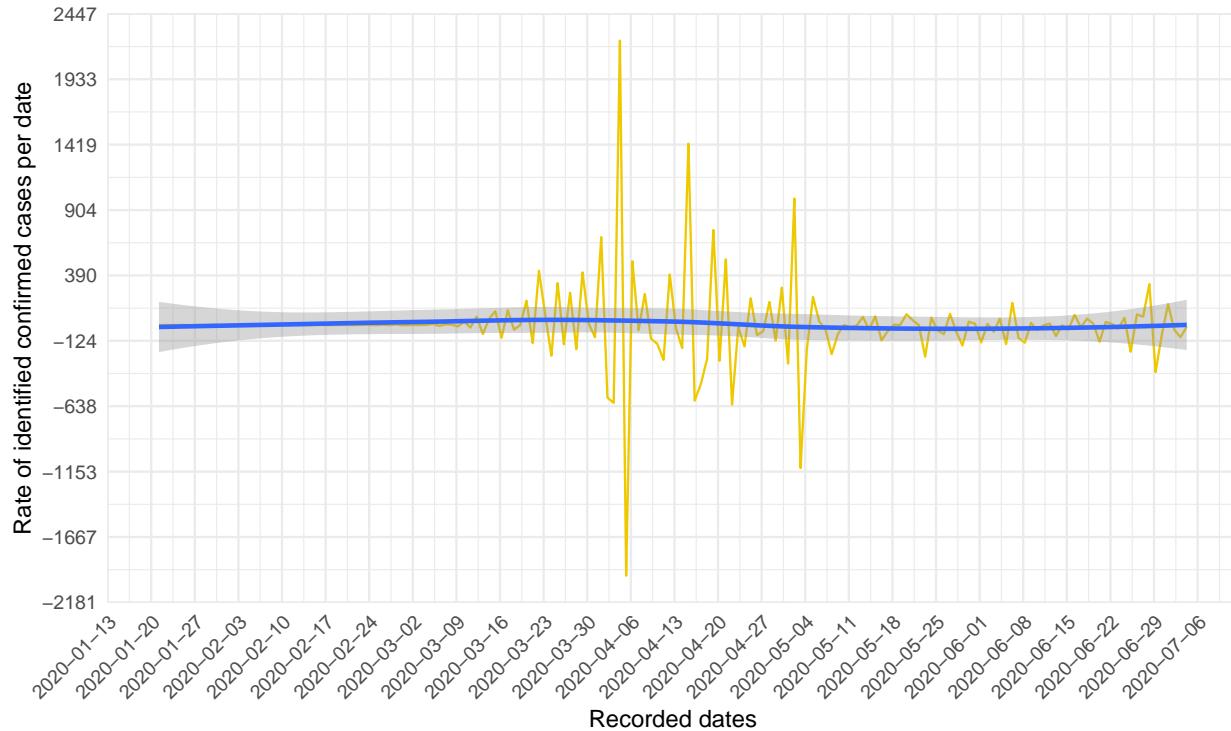

Cameroon – rate of increase of confirmed cases over time

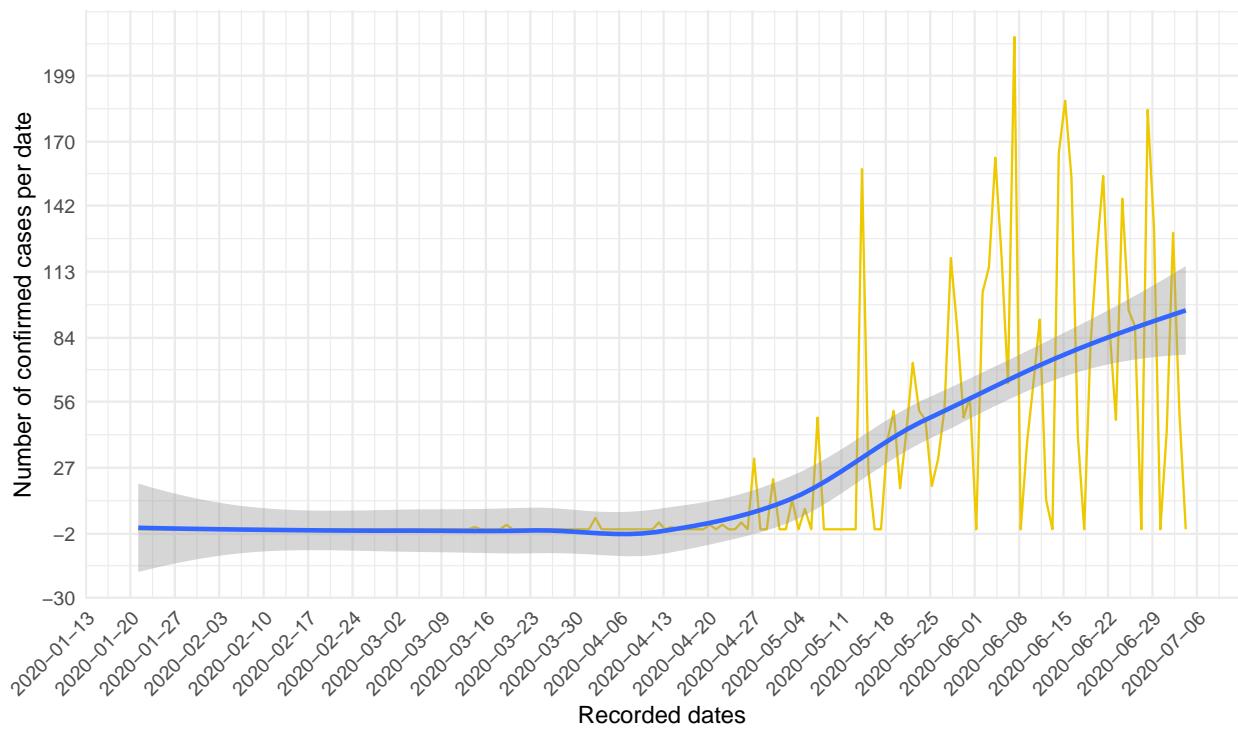

Canada – confirmed cases over time, total cases: 107,394

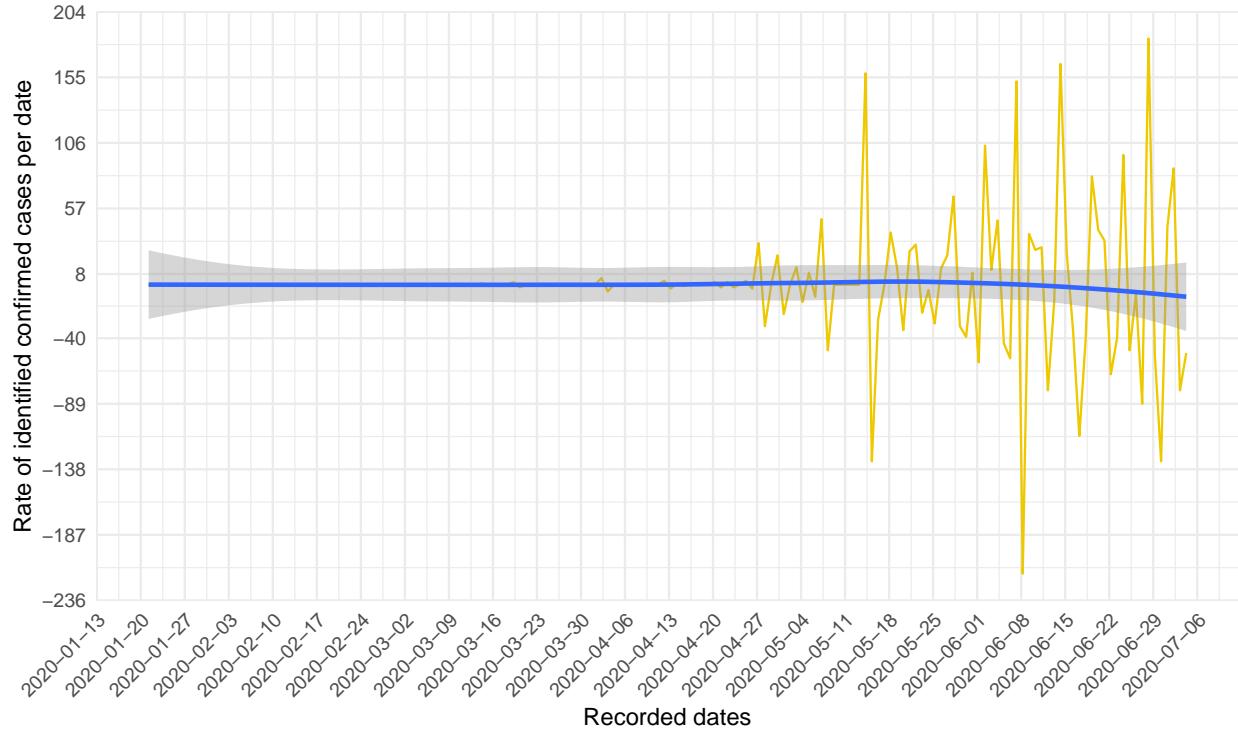

Canada – rate of increase of confirmed cases over time

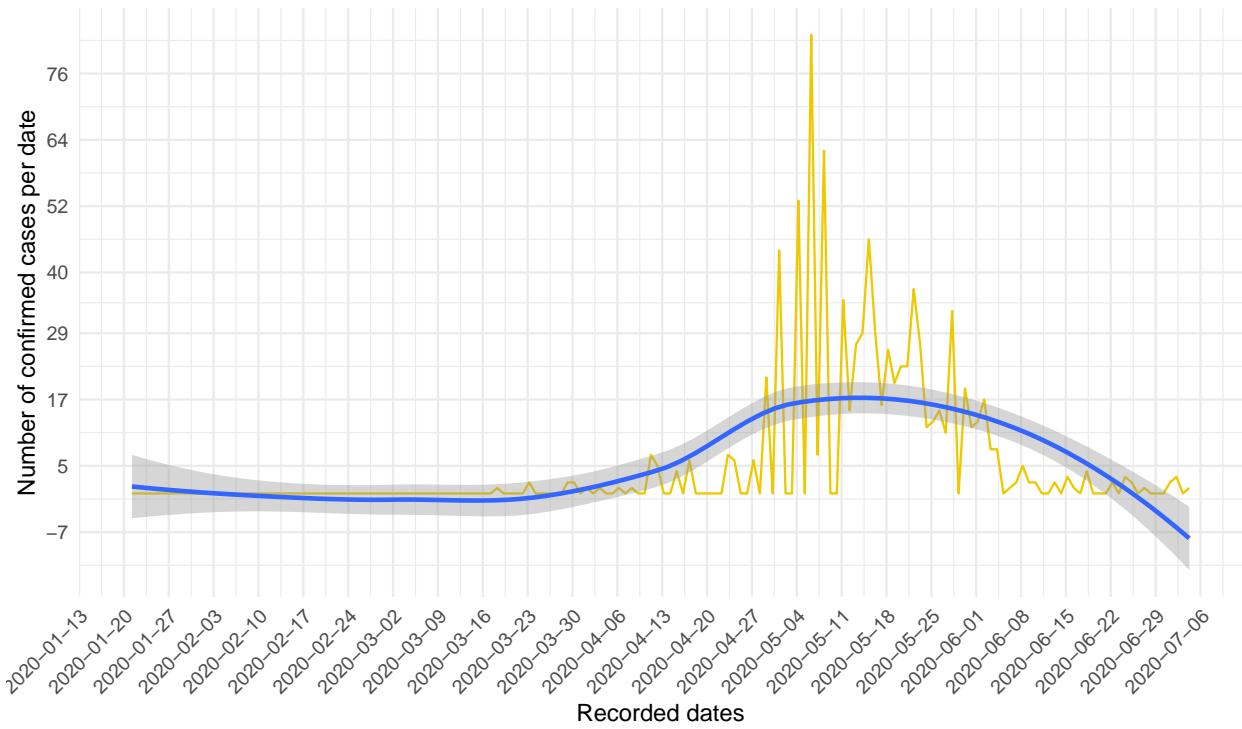

Central African Republic – confirmed cases over time, total cases: 3,969

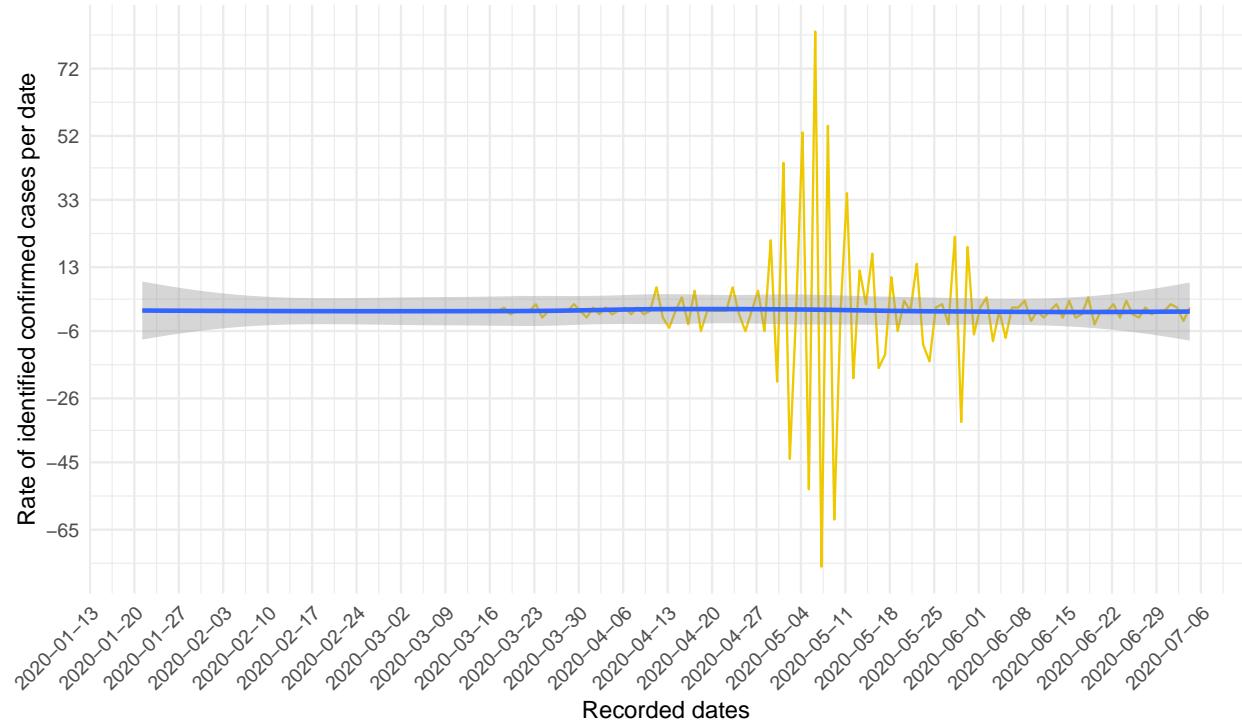

Central African Republic – rate of increase of confirmed cases over time

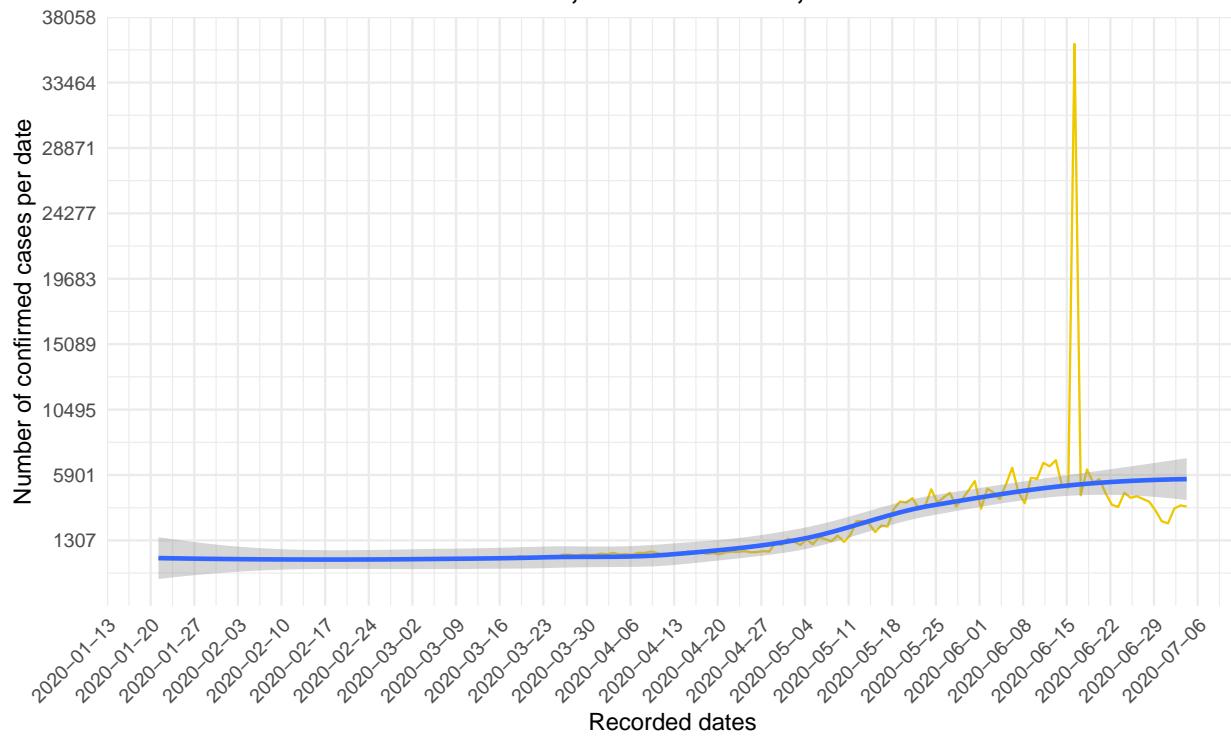

Chad – confirmed cases over time, total cases: 872

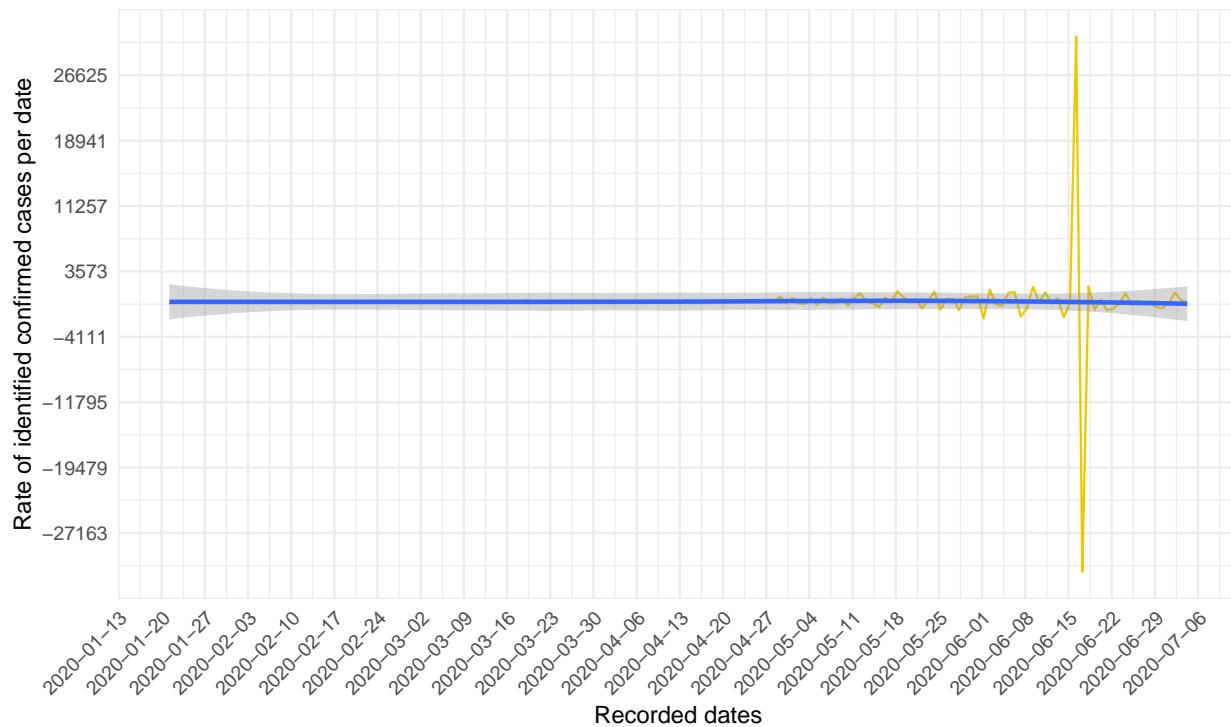

Chad – rate of increase of confirmed cases over time

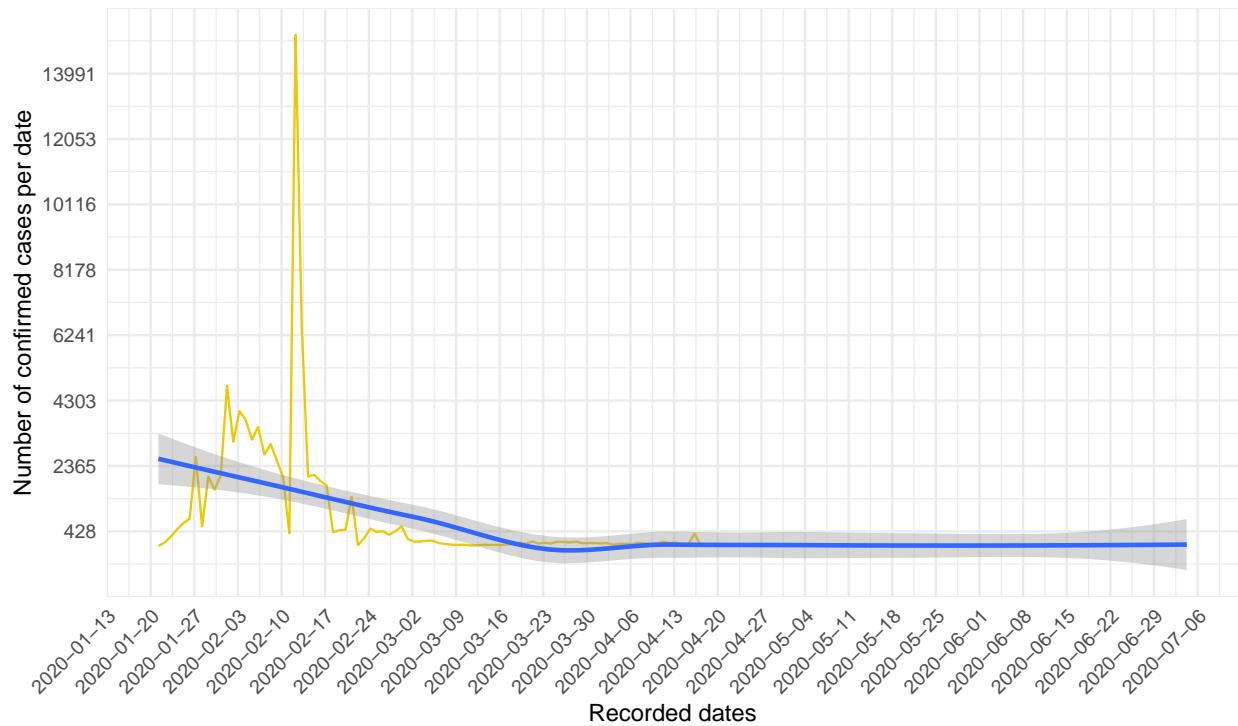

Chile – confirmed cases over time, total cases: 295,532

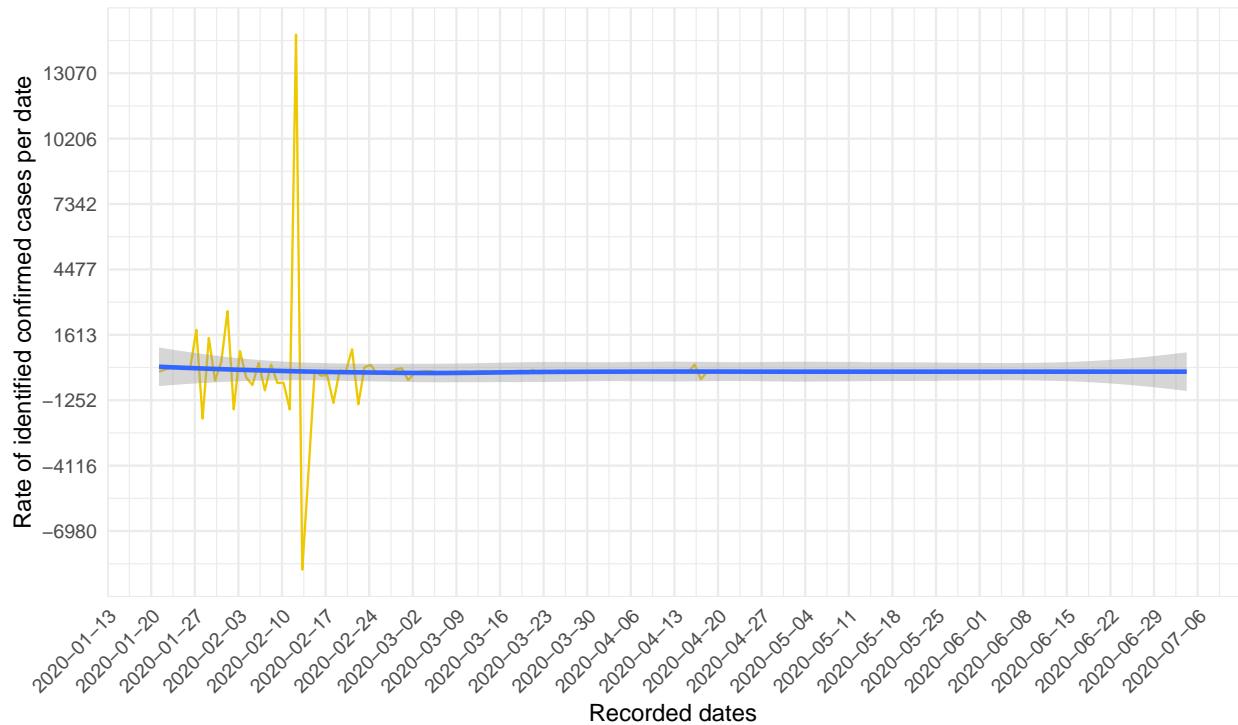

Chile – rate of increase of confirmed cases over time

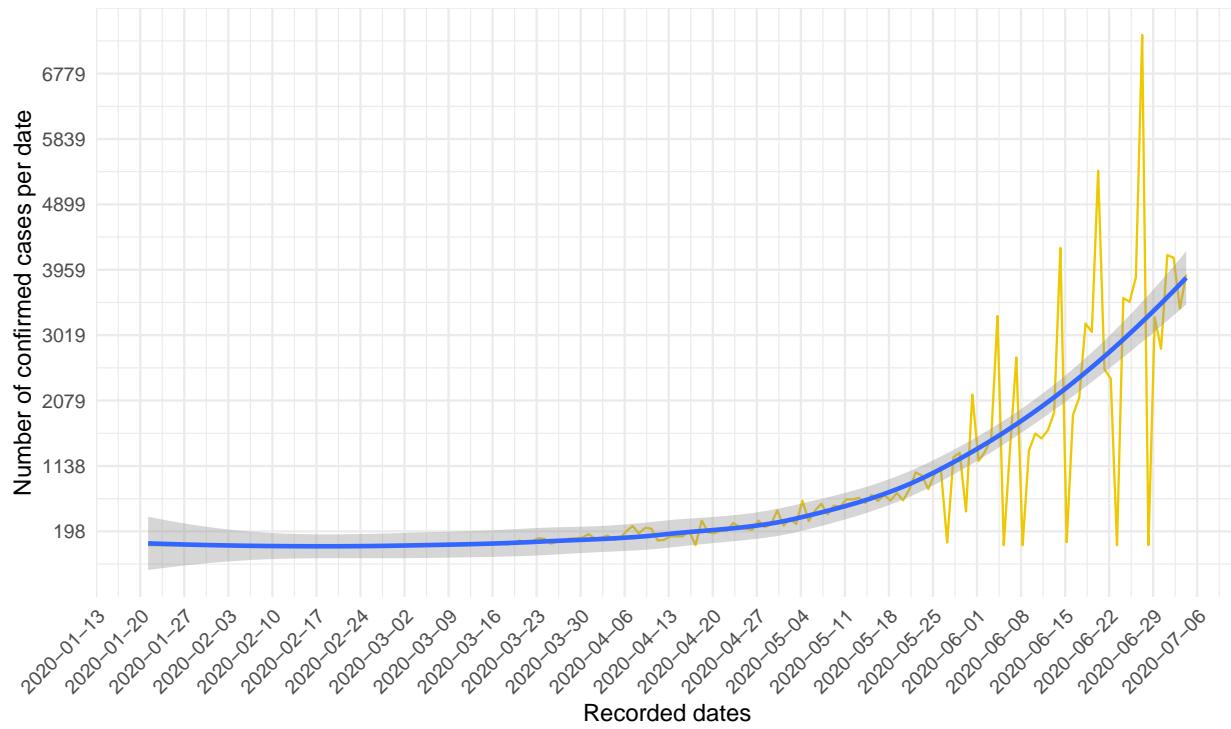

China – confirmed cases over time, total cases: 84,871

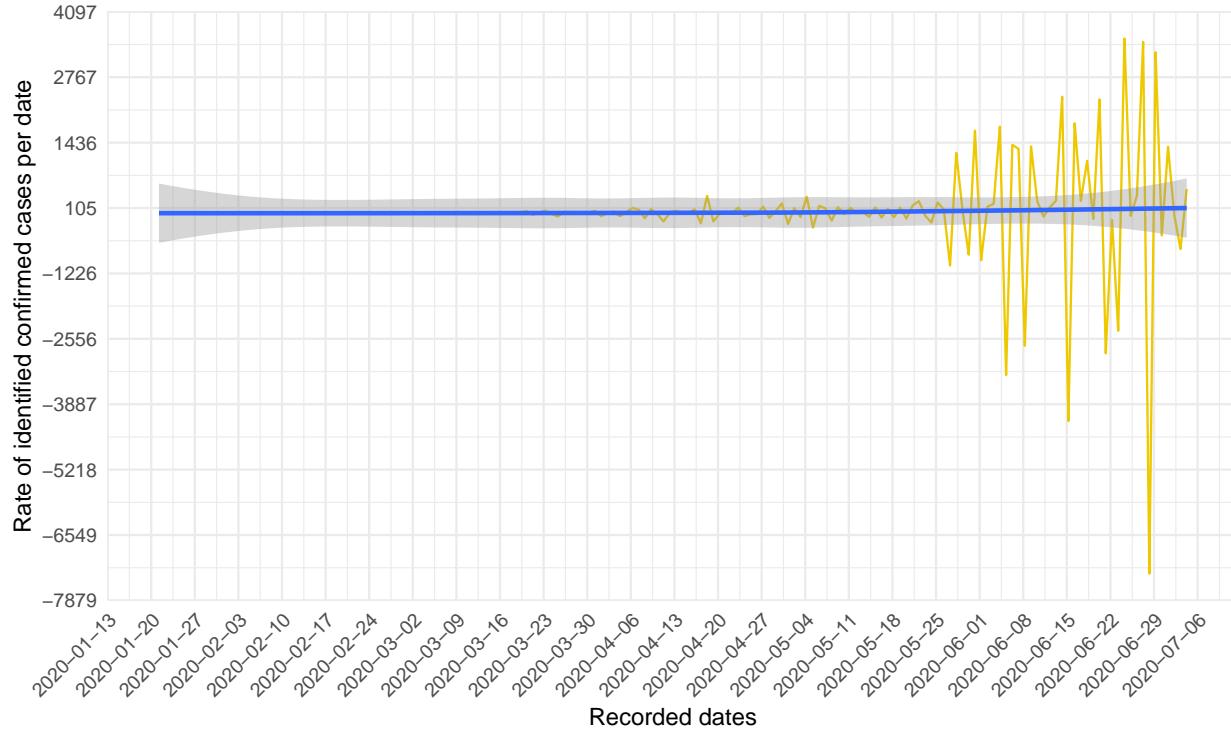

China – rate of increase of confirmed cases over time

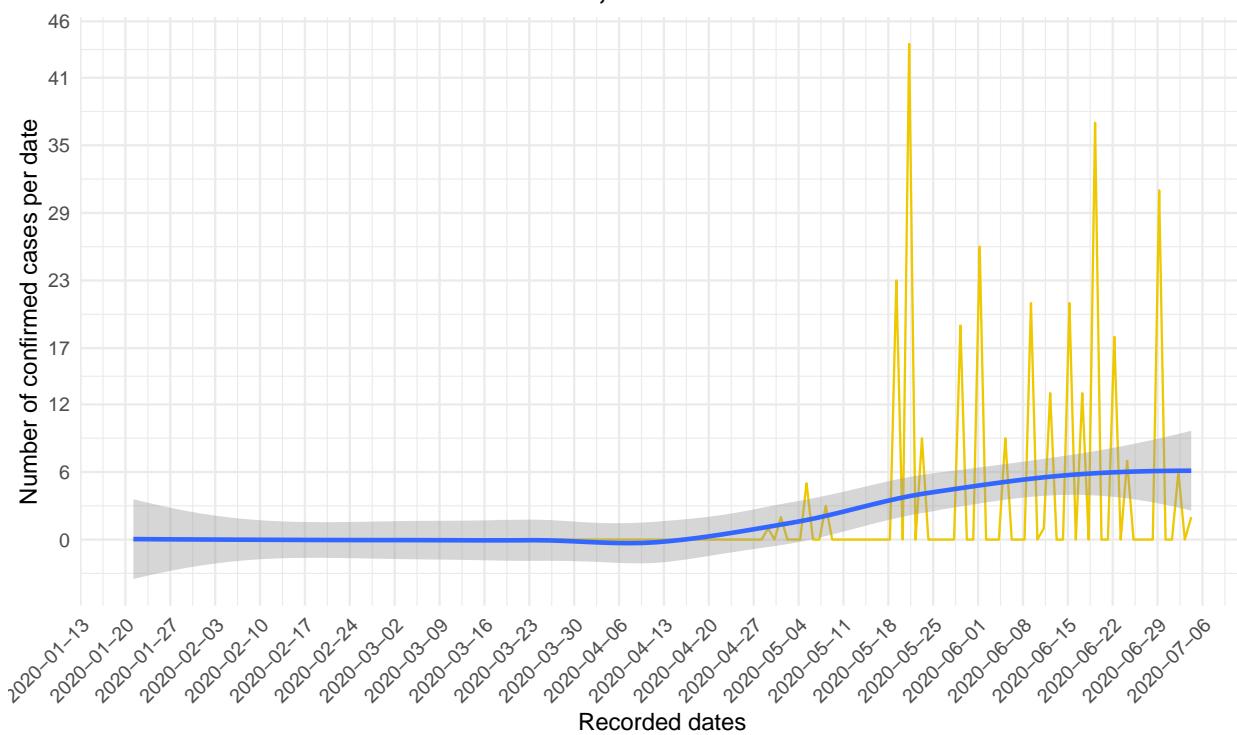

Colombia – confirmed cases over time, total cases: 113,685

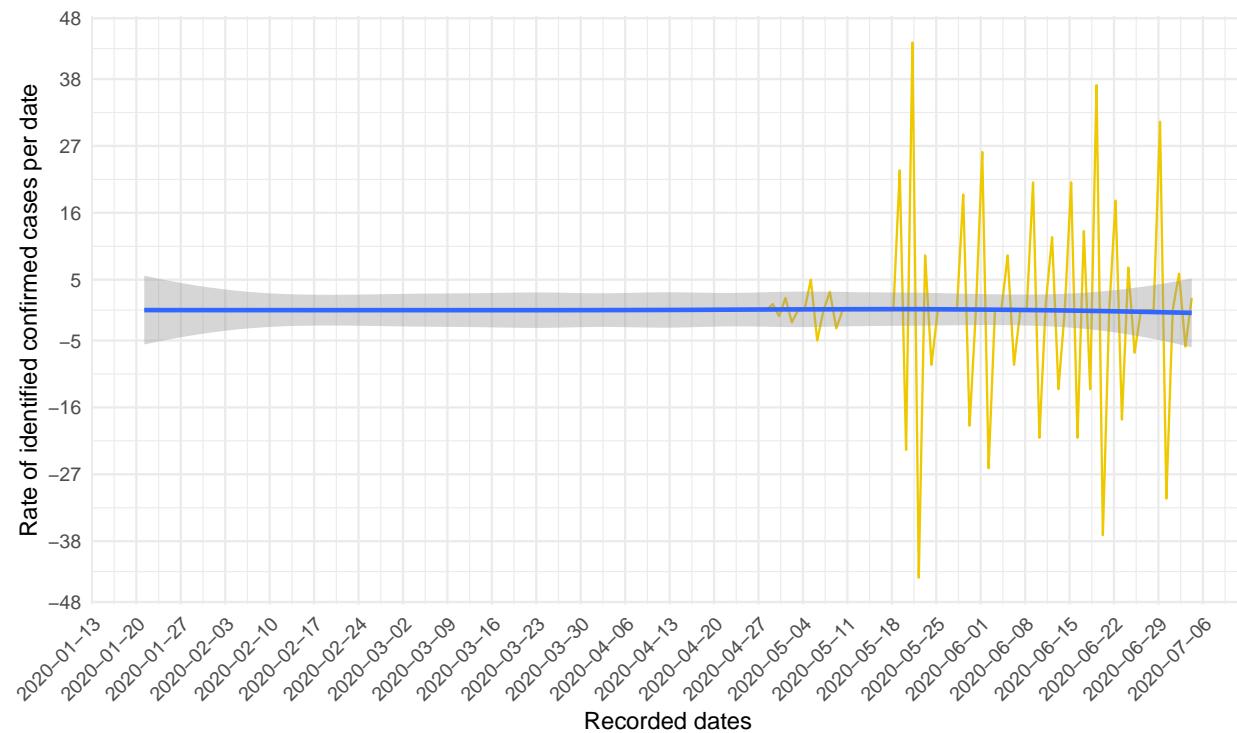

Colombia – rate of increase of confirmed cases over time

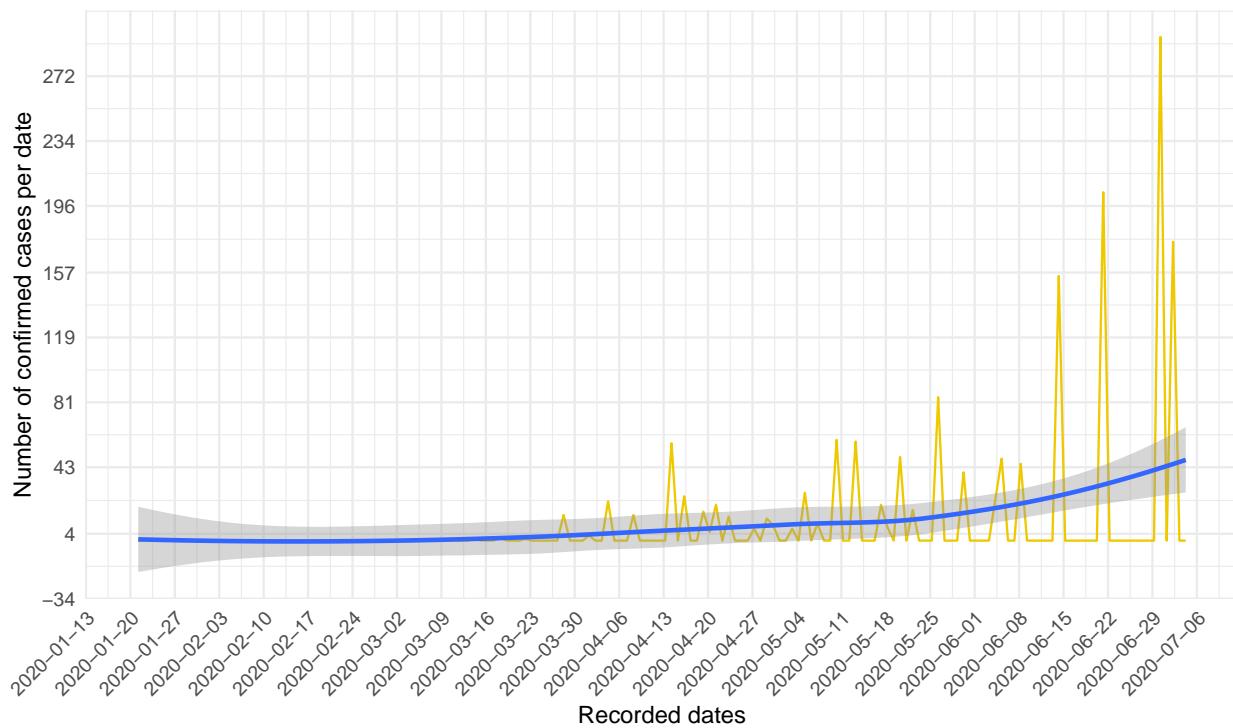

Comoros – confirmed cases over time, total cases: 311

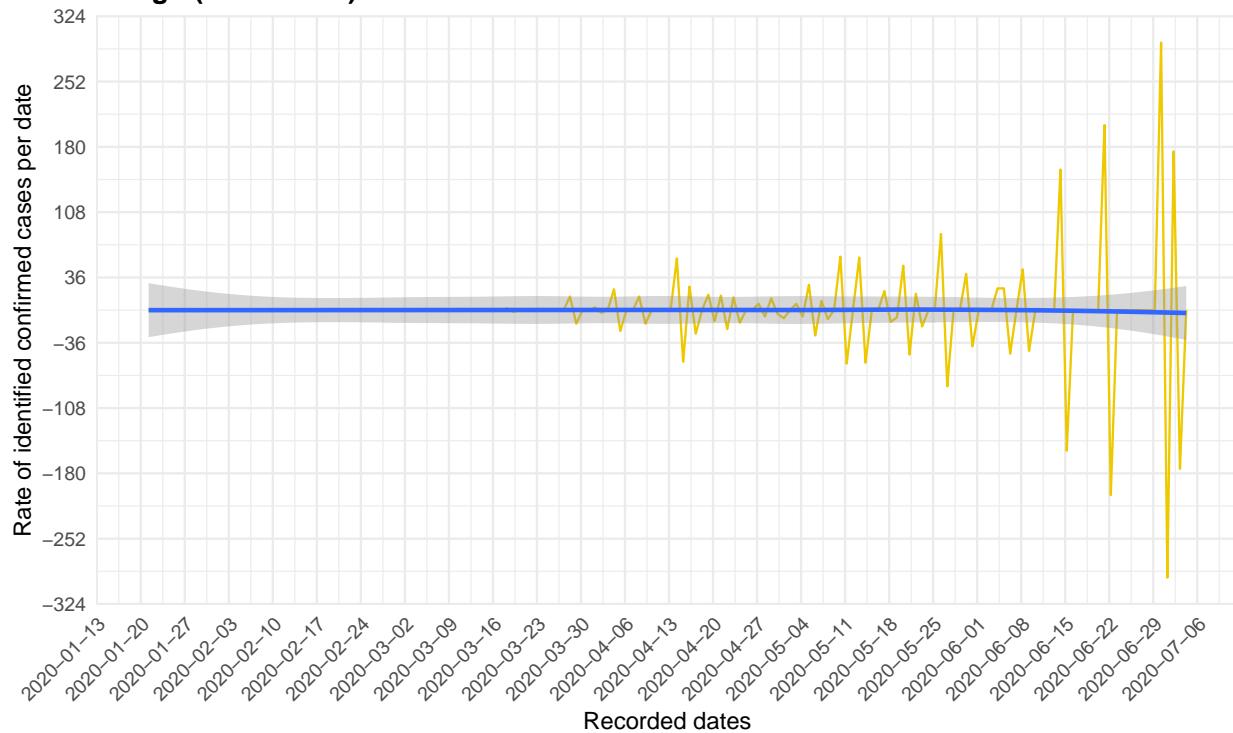

Comoros – rate of increase of confirmed cases over time

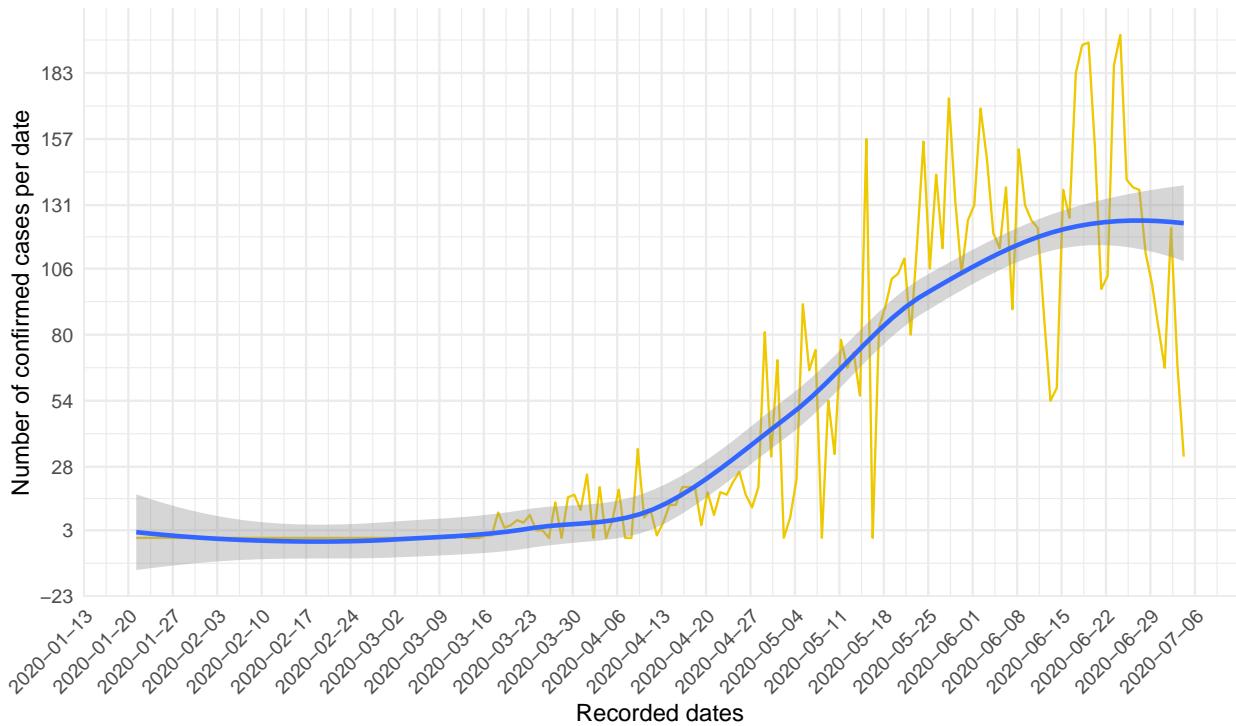

Congo (Brazzaville) – confirmed cases over time, total cases: 1,557

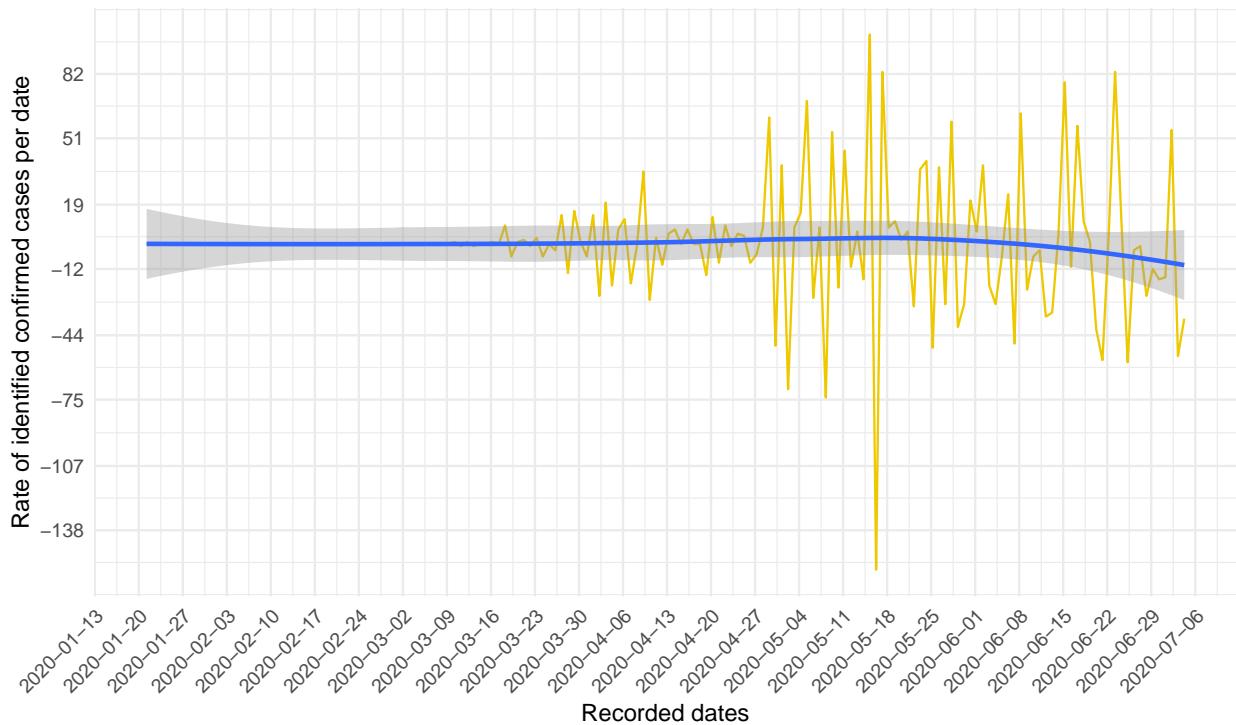

Congo (Brazzaville) – rate of increase of confirmed cases over time

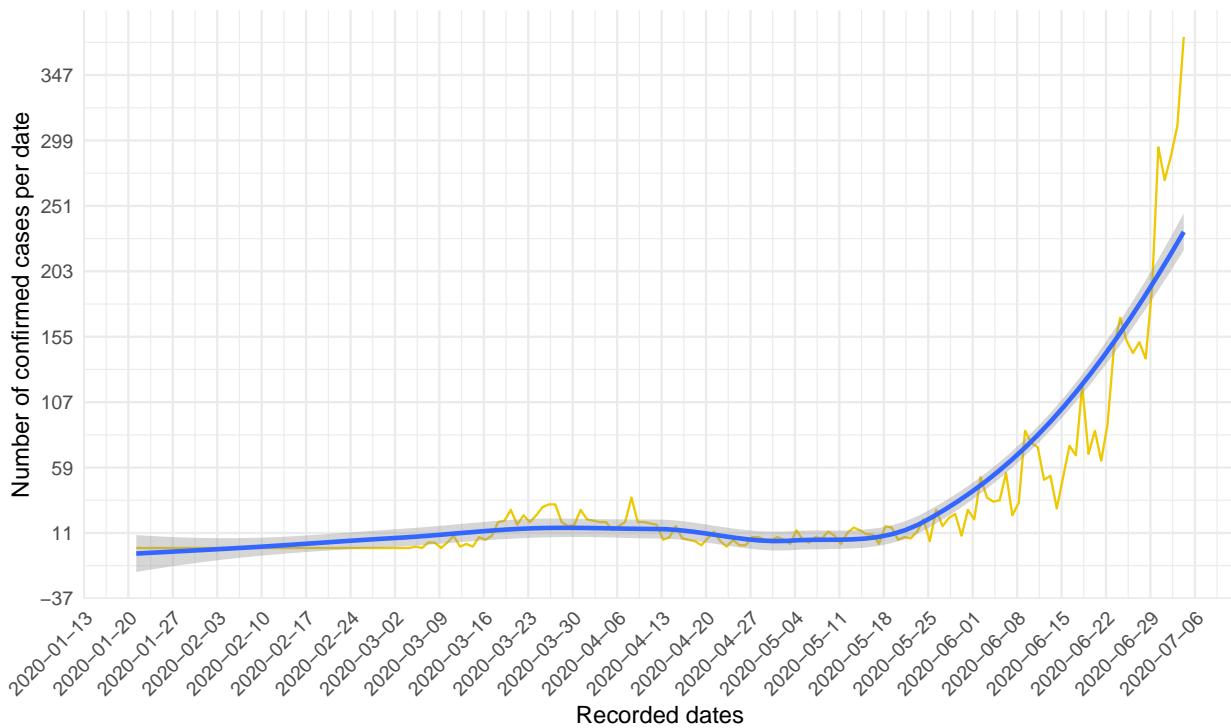

Congo (Kinshasa) – confirmed cases over time, total cases: 7,411

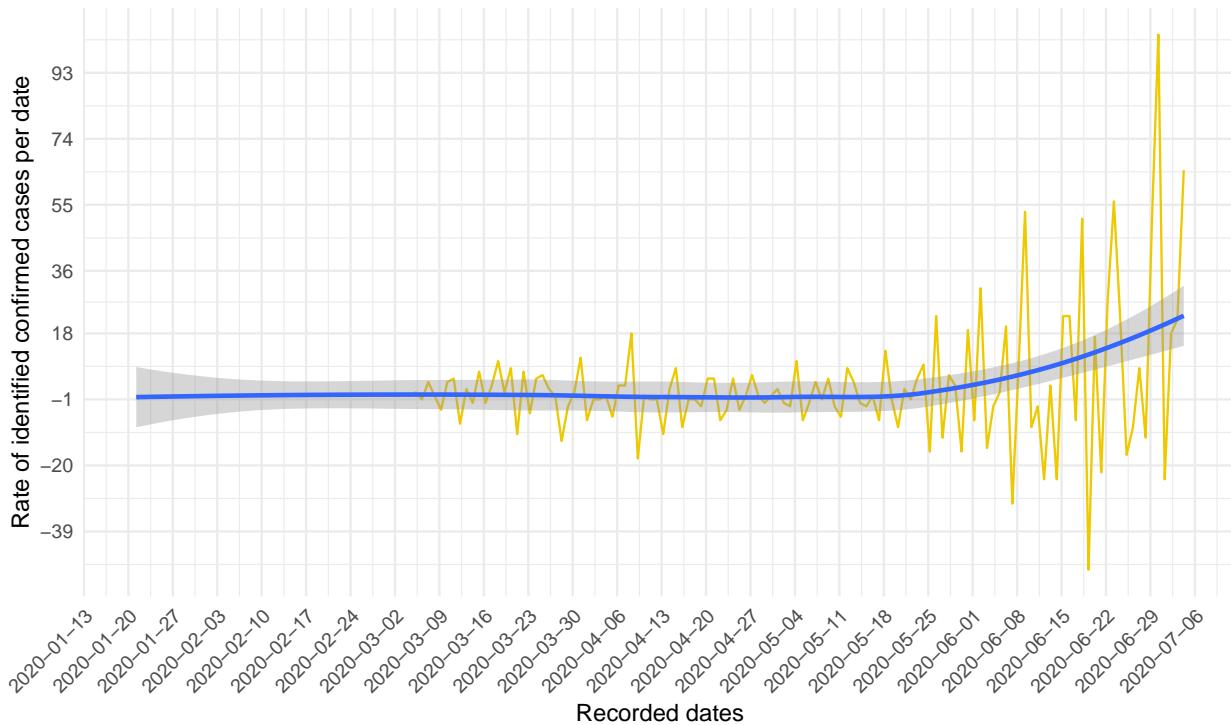

Congo (Kinshasa) – rate of increase of confirmed cases over time

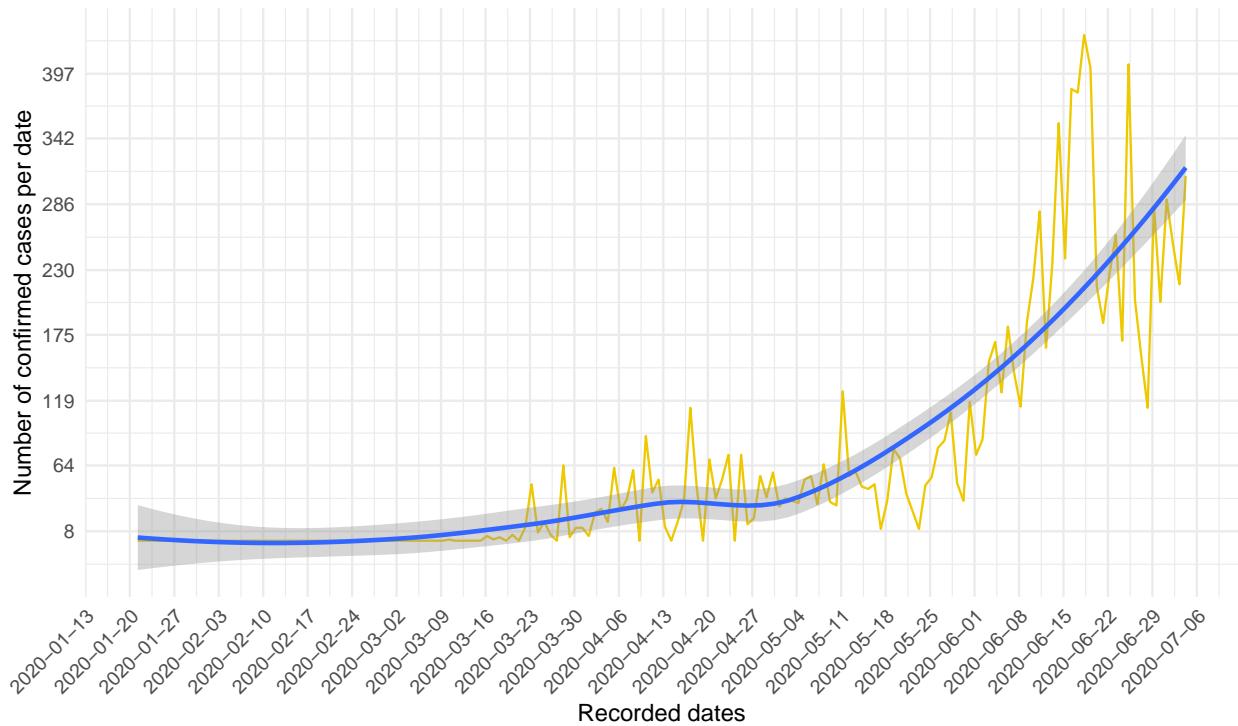

Costa Rica – confirmed cases over time, total cases: 4,996

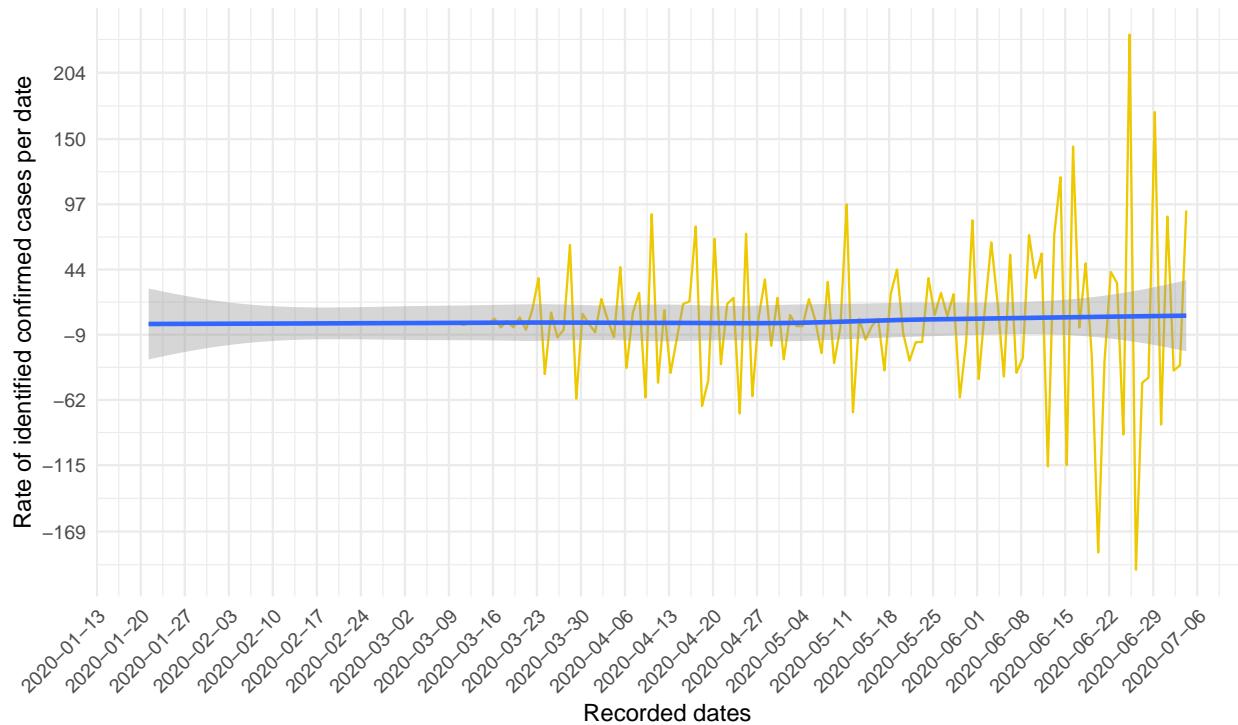

Costa Rica – rate of increase of confirmed cases over time

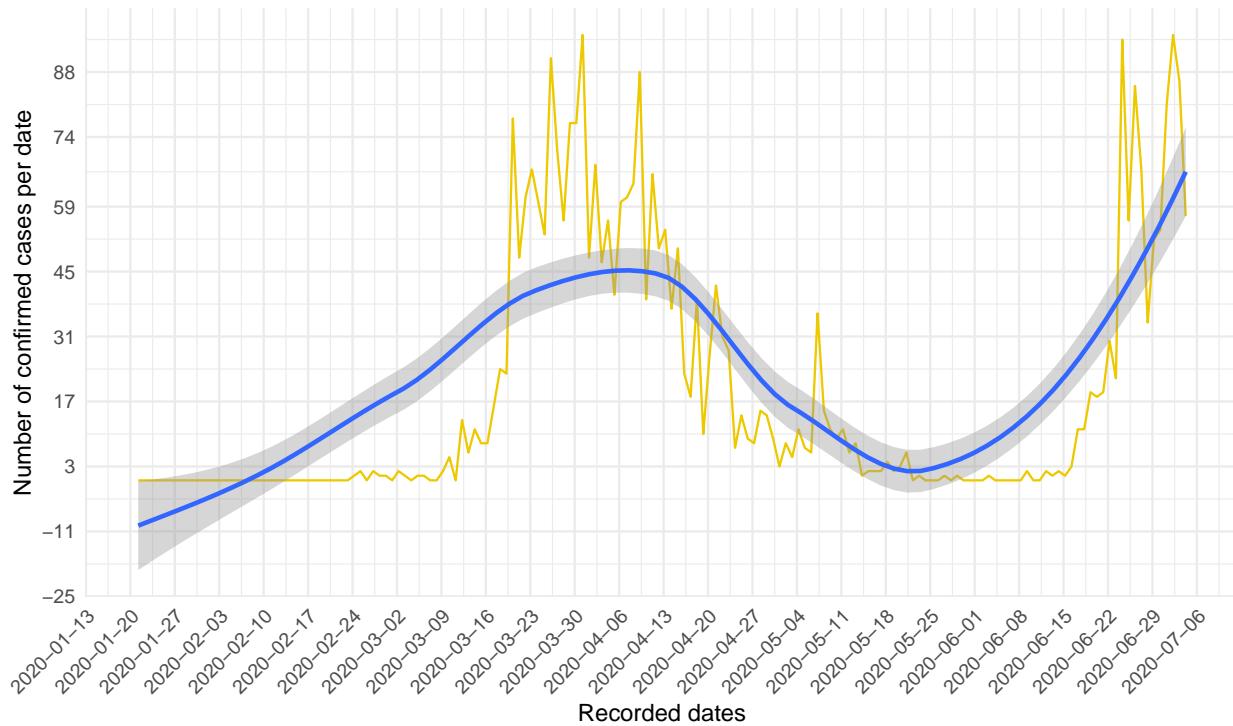

Côte d'Ivoire – confirmed cases over time, total cases: 10,772

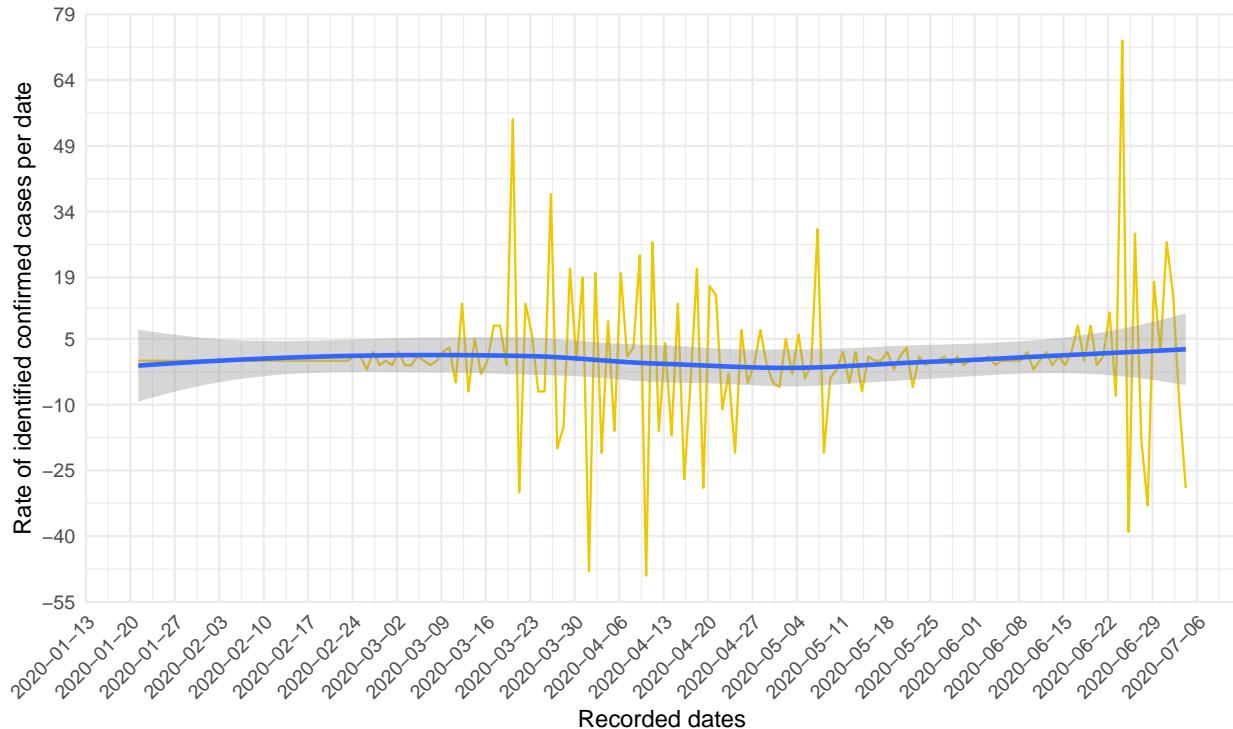

Côte d'Ivoire – rate of increase of confirmed cases over time

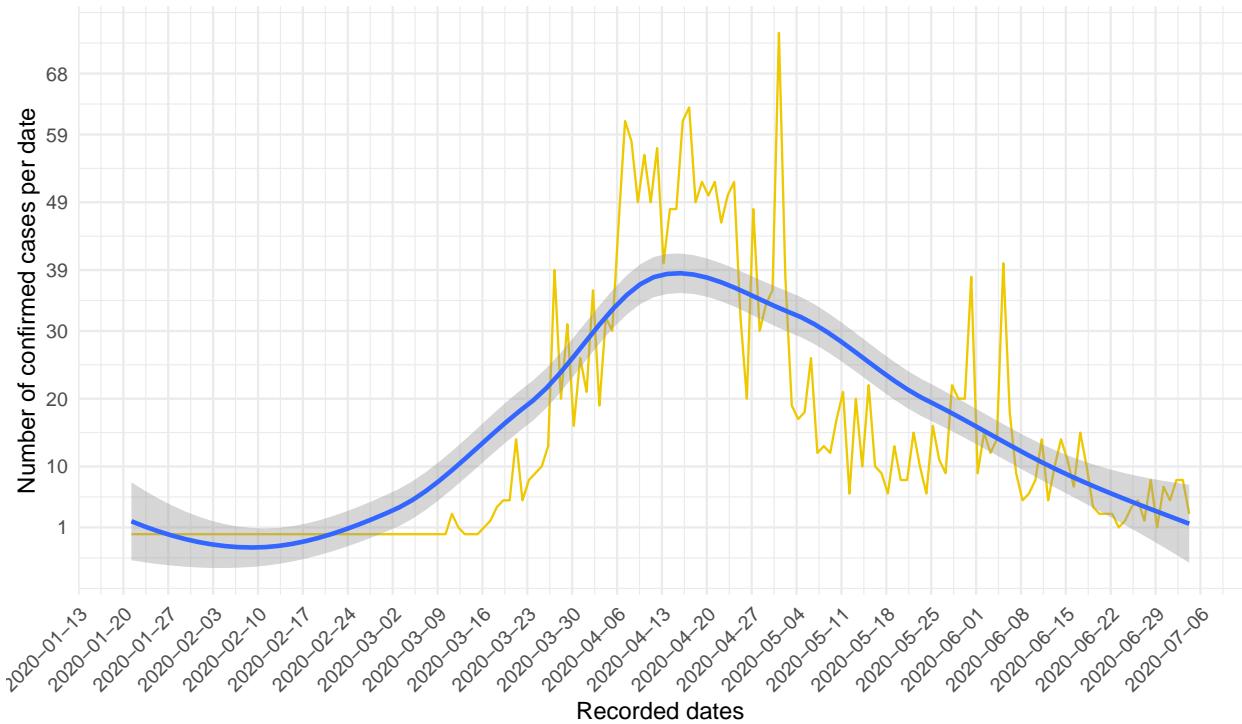

Croatia – confirmed cases over time, total cases: 3,151

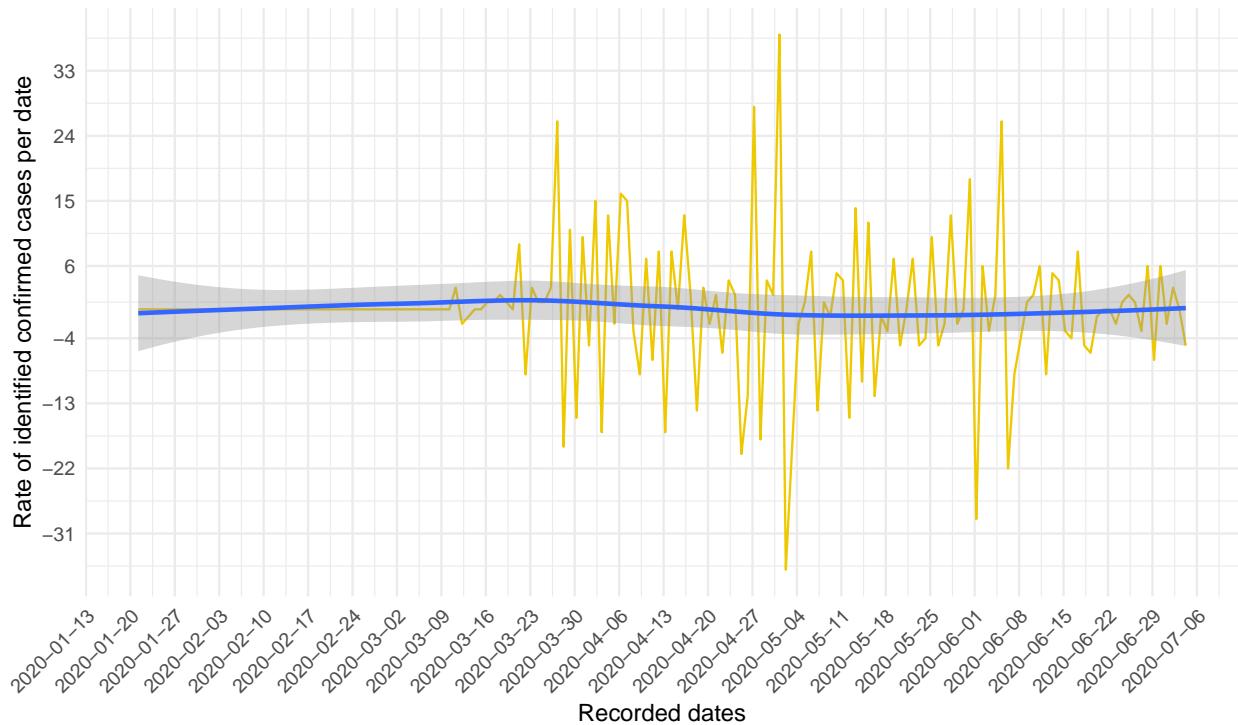

Croatia – rate of increase of confirmed cases over time

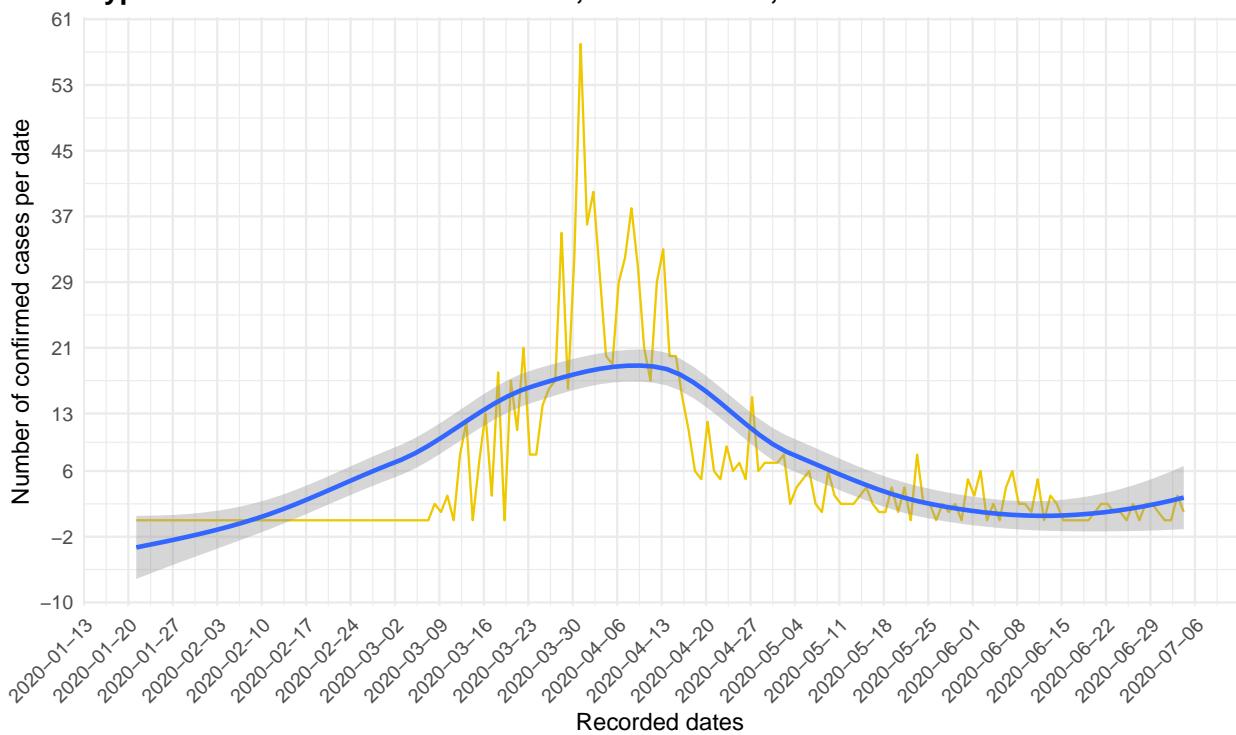

Cuba – confirmed cases over time, total cases: 2,372

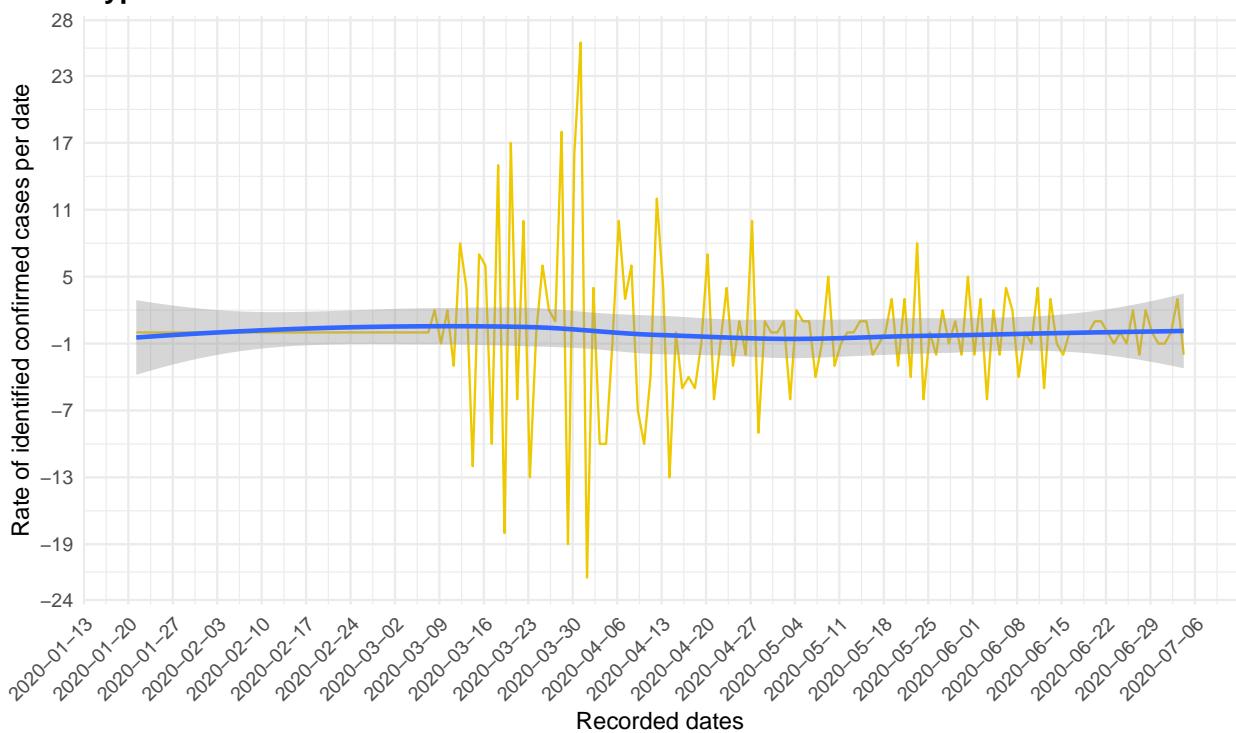

Cuba – rate of increase of confirmed cases over time

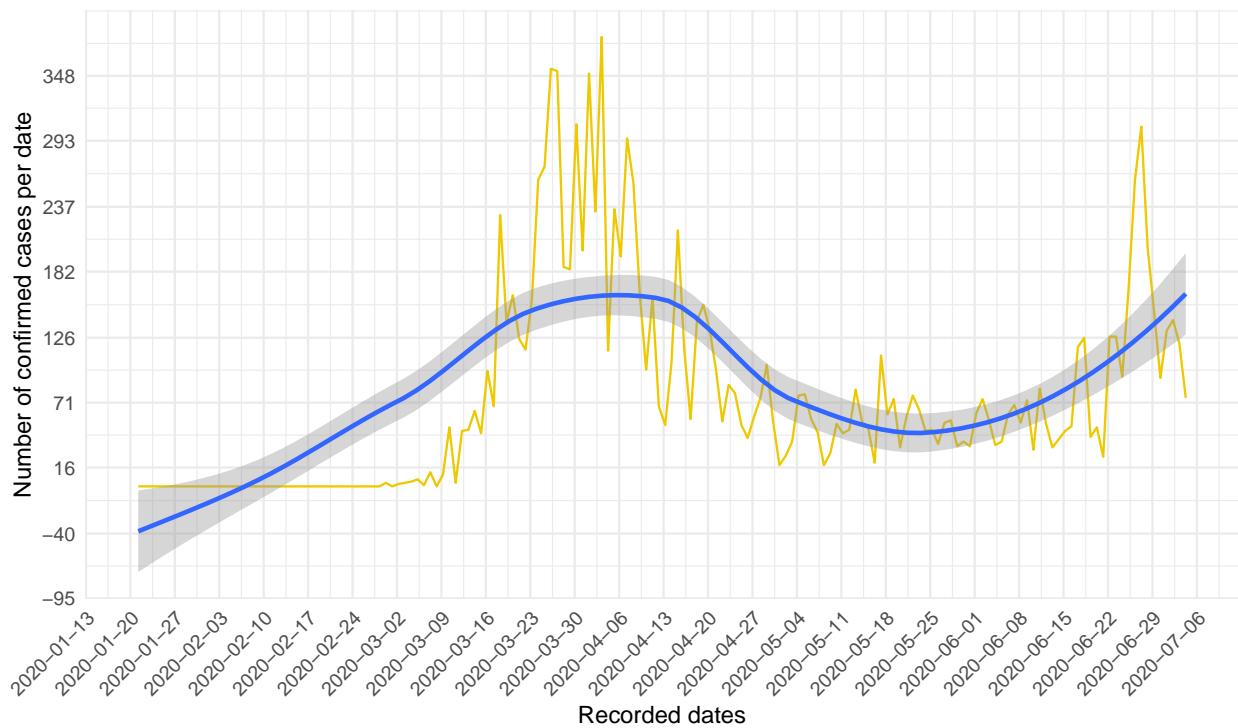

Cyprus – confirmed cases over time, total cases: 1,003

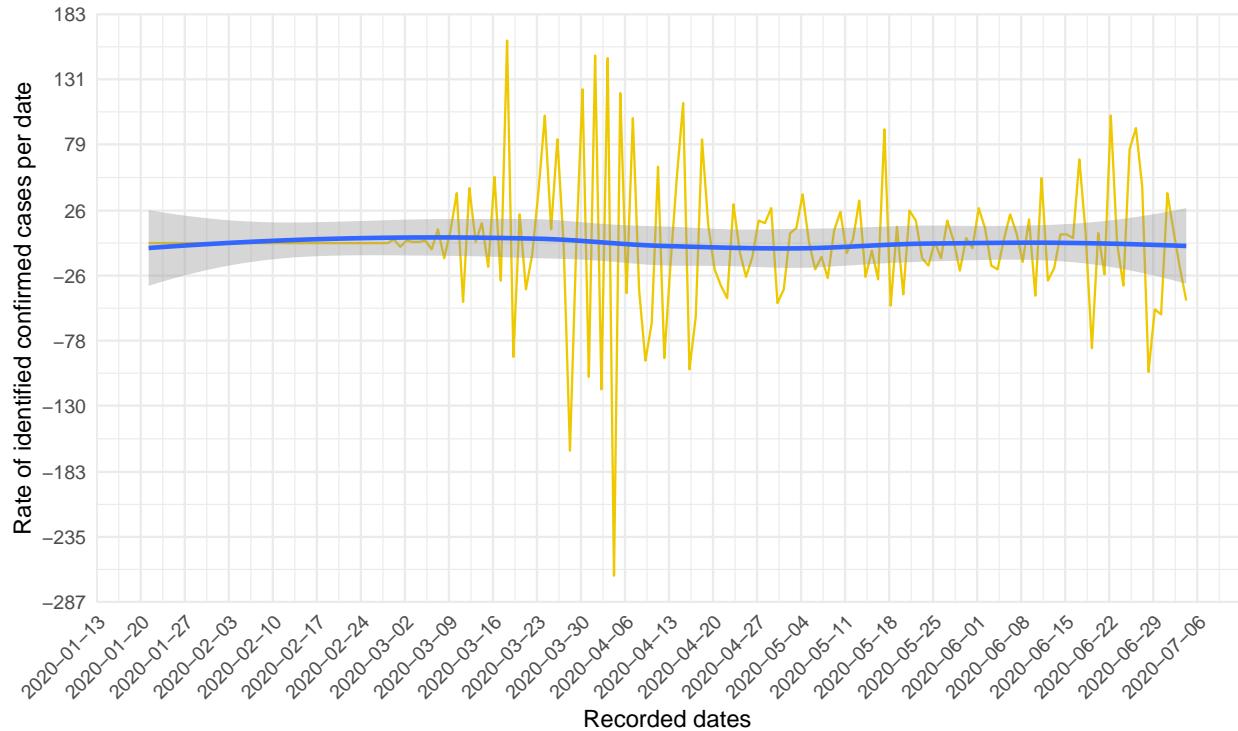

Cyprus – rate of increase of confirmed cases over time

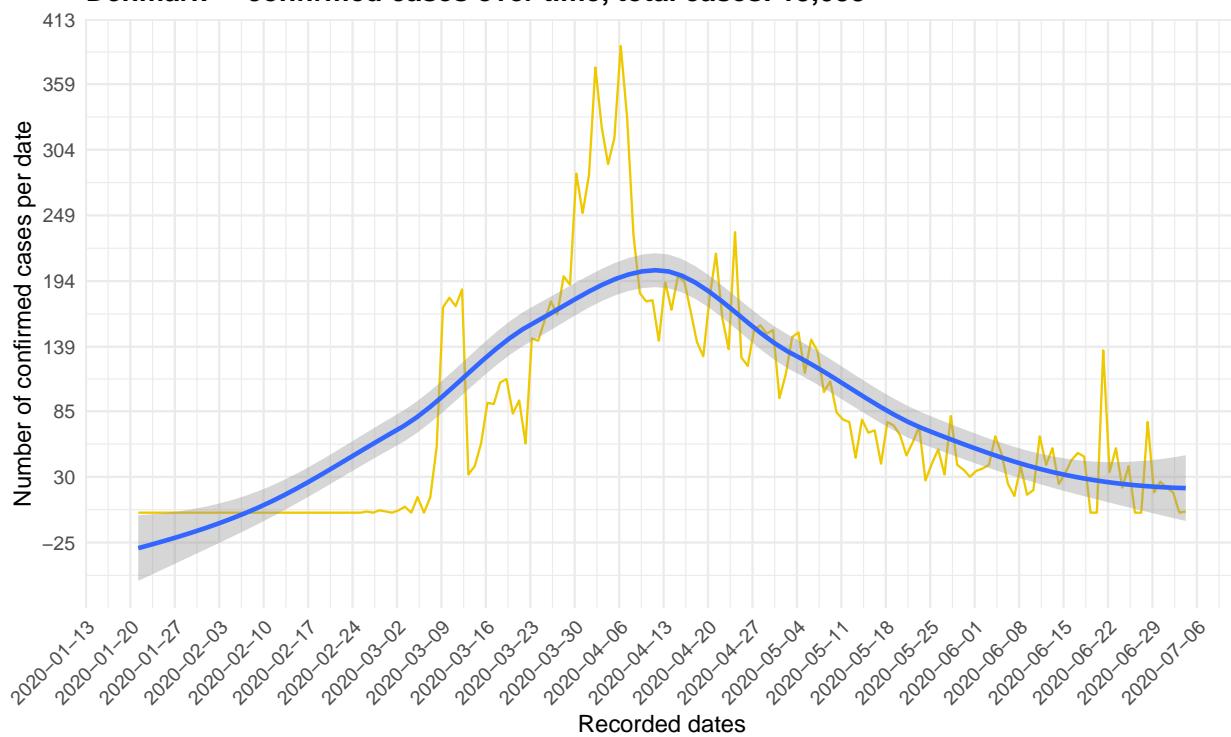

Czechia – confirmed cases over time, total cases: 12,515

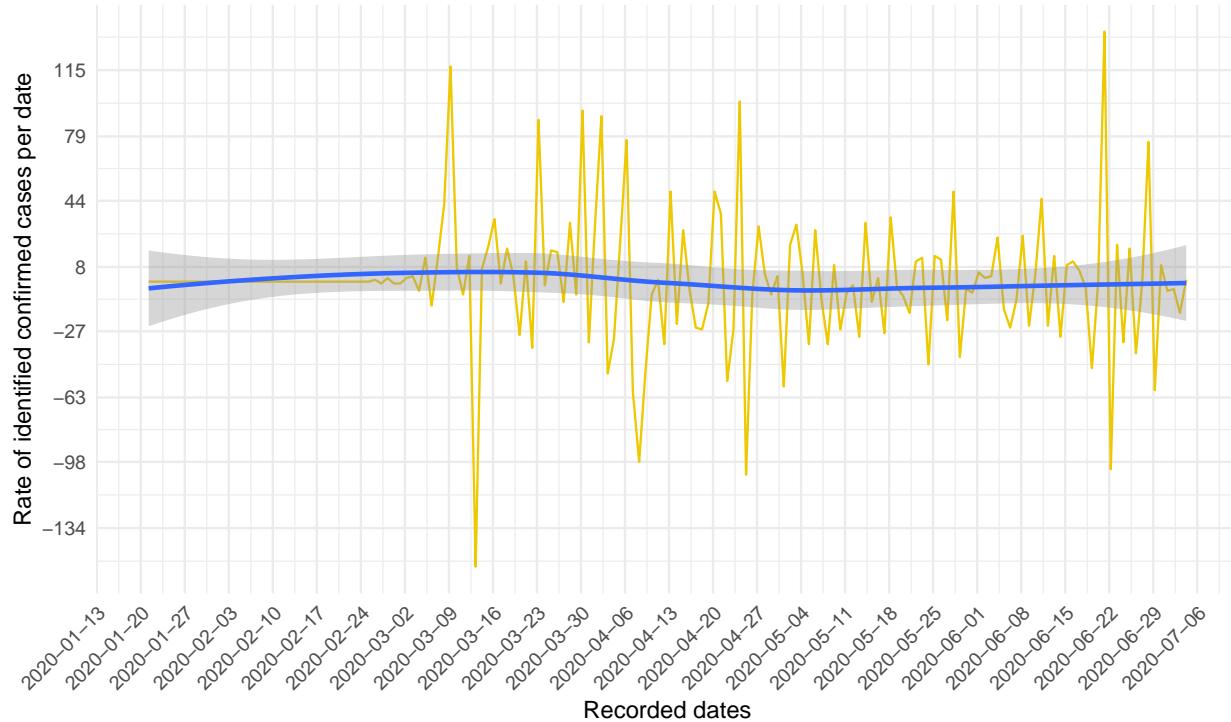

Czechia – rate of increase of confirmed cases over time

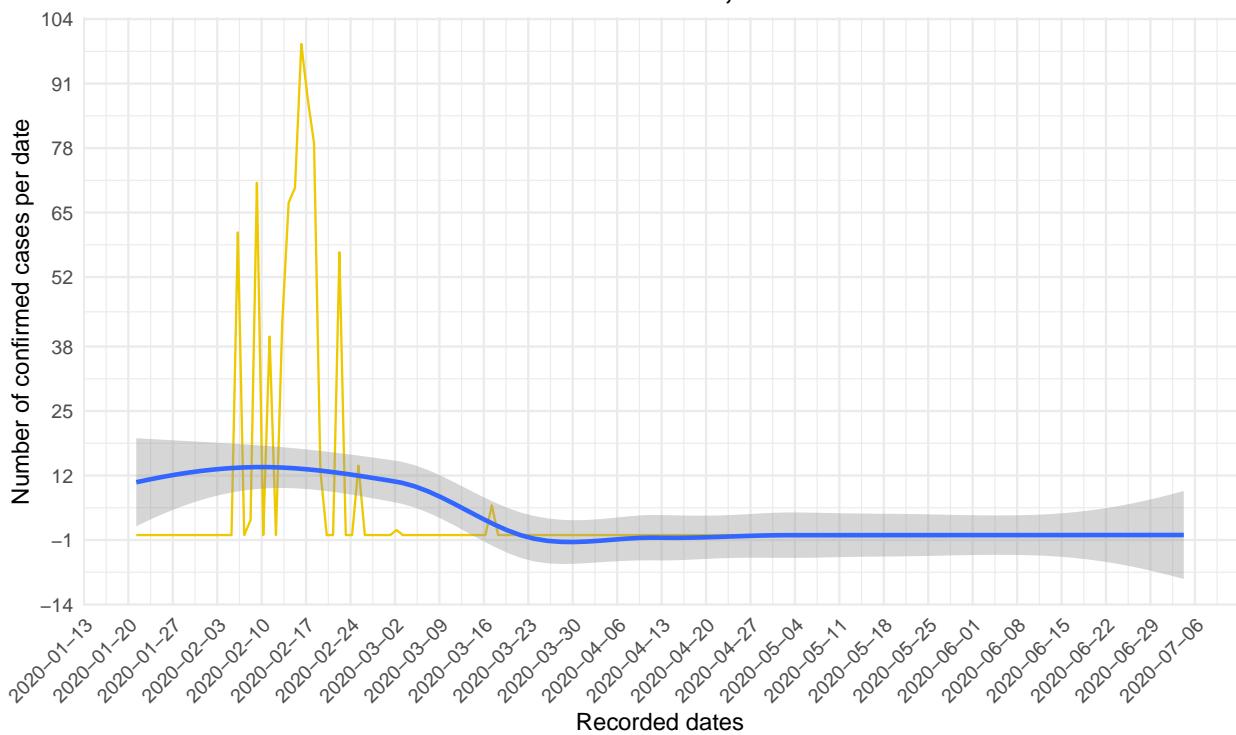

Denmark – confirmed cases over time, total cases: 13,033

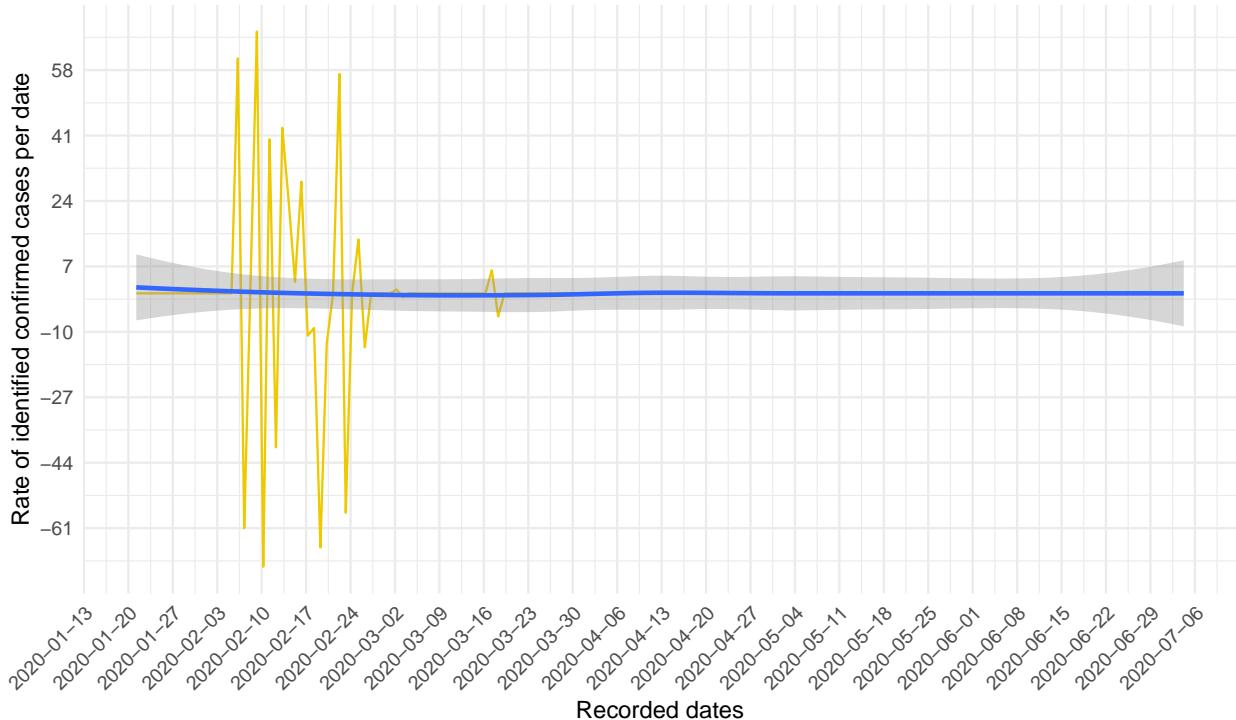

Denmark – rate of increase of confirmed cases over time

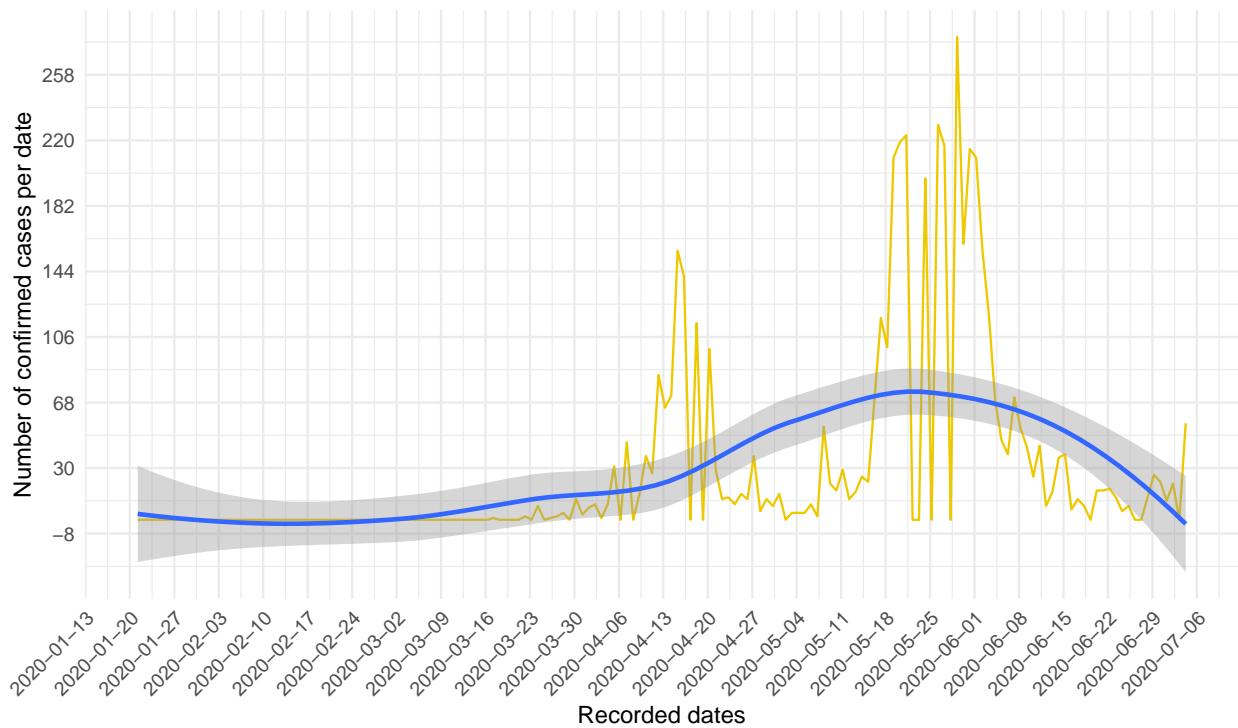

Diamond Princess – confirmed cases over time, total cases: 712

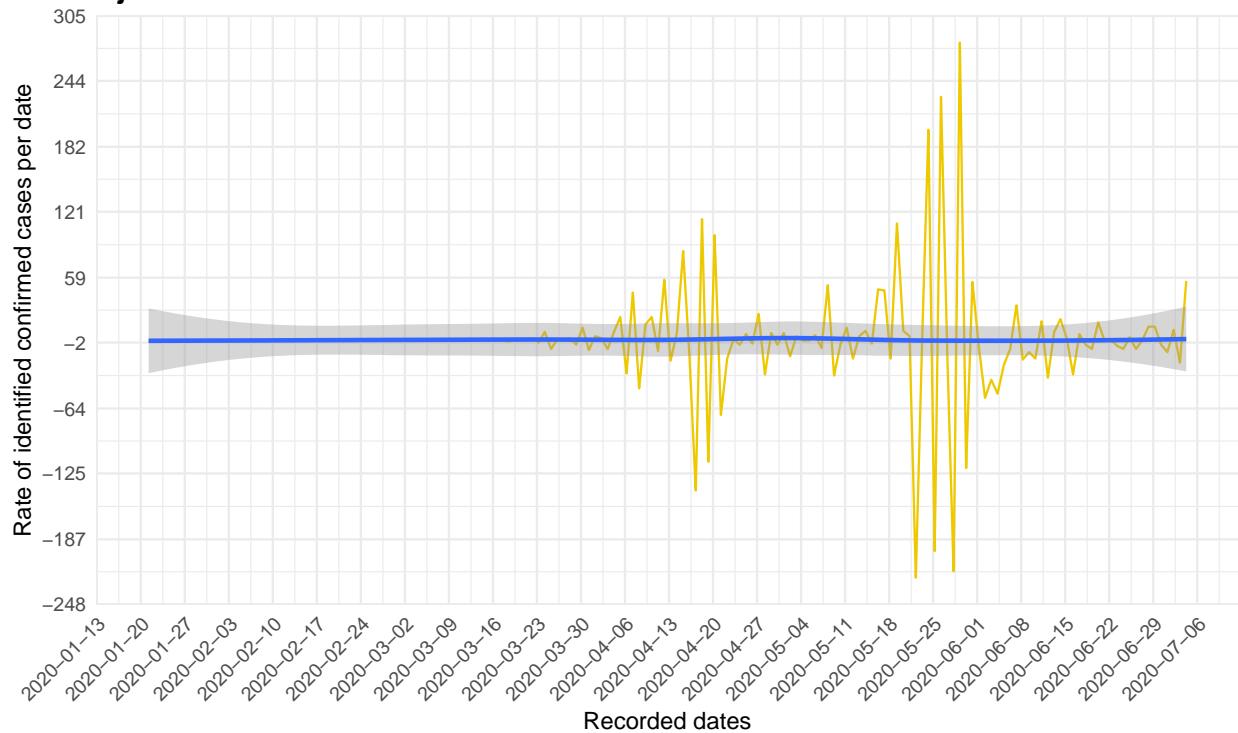

Diamond Princess – rate of increase of confirmed cases over time

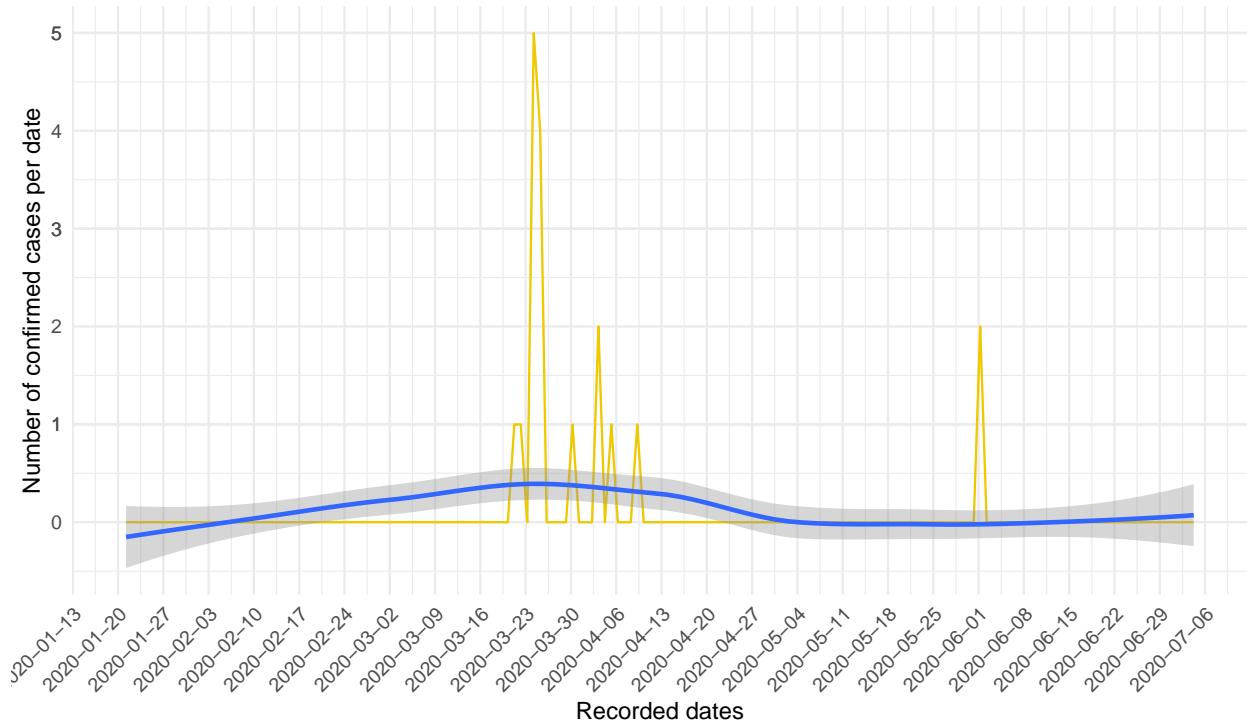

Djibouti – confirmed cases over time, total cases: 4,792

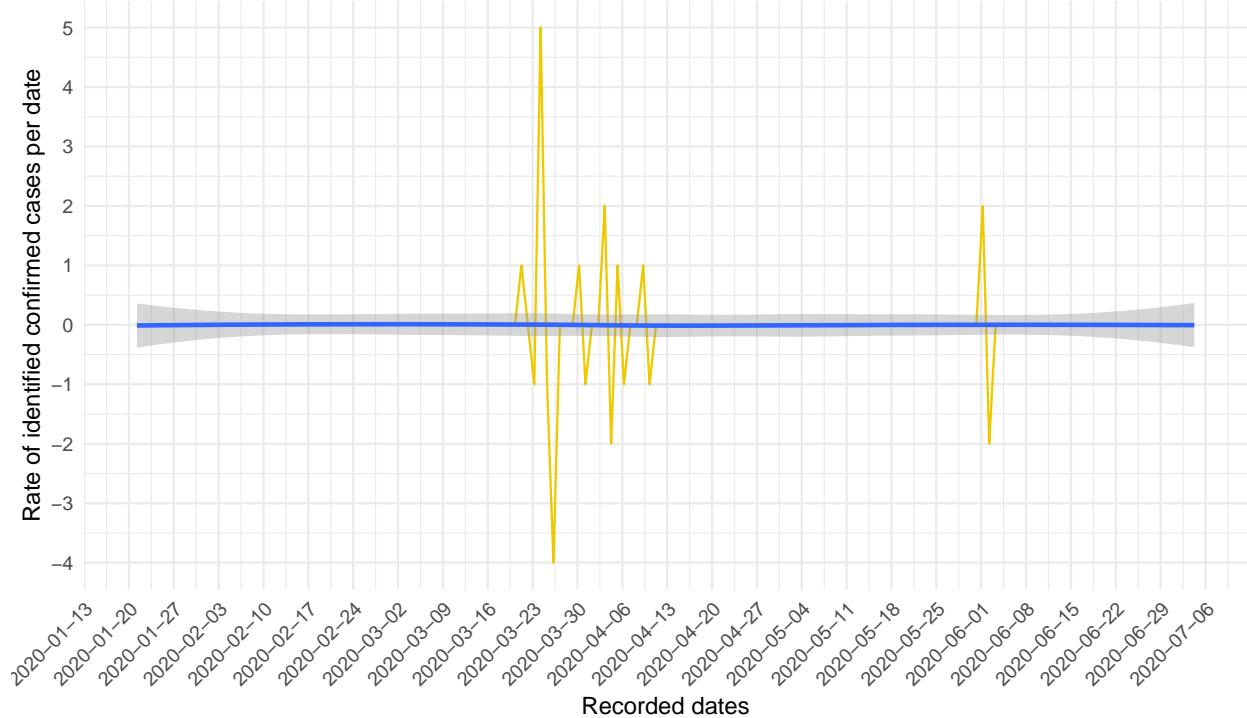

Djibouti – rate of increase of confirmed cases over time

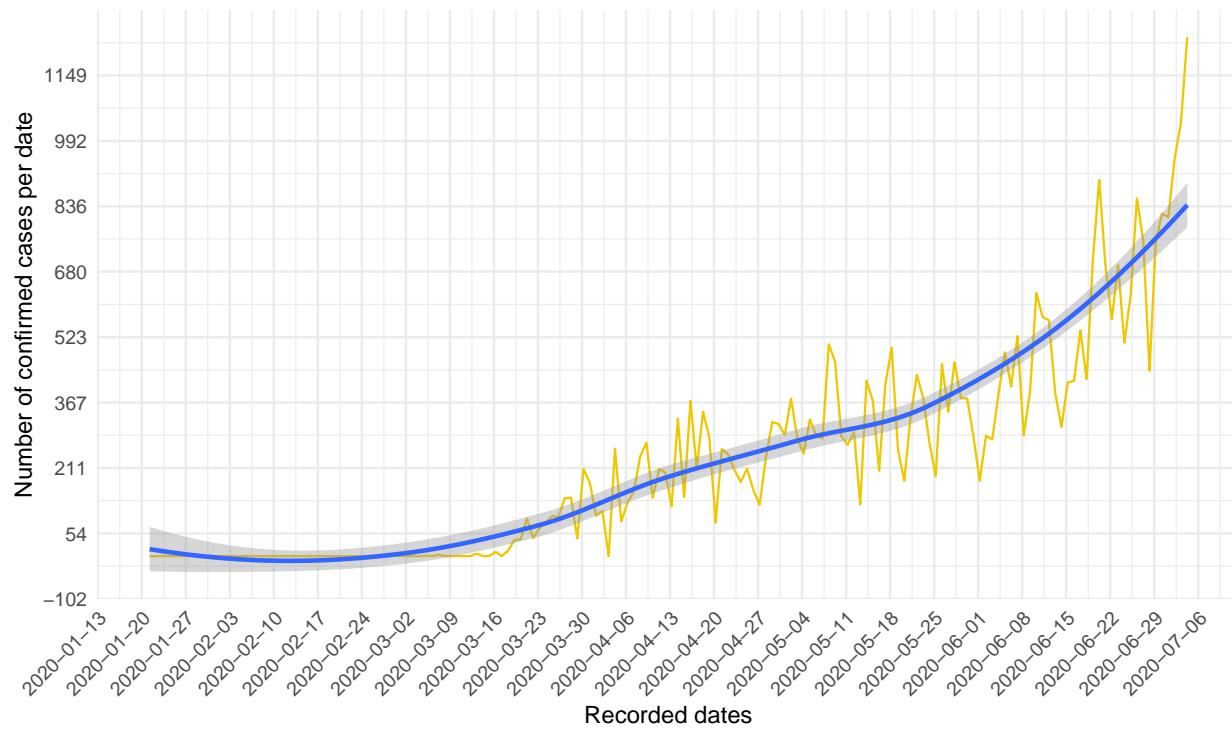

Dominica – confirmed cases over time, total cases: 18

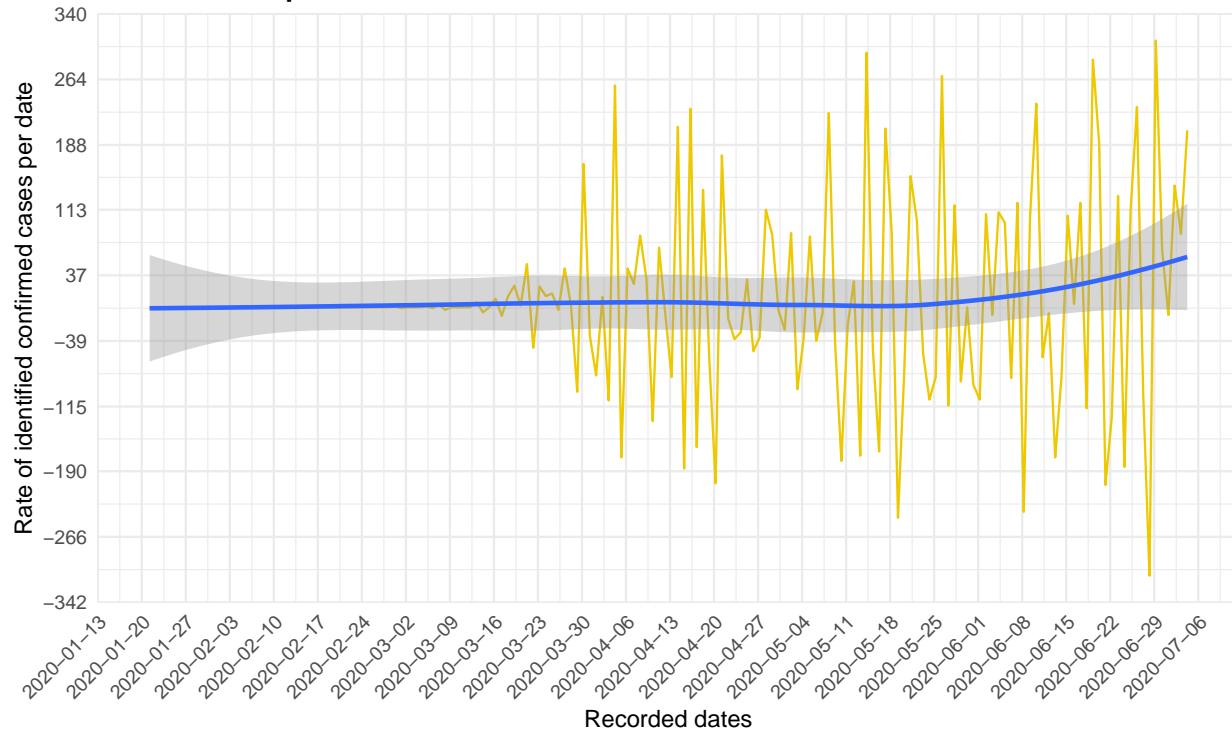

Dominica – rate of increase of confirmed cases over time

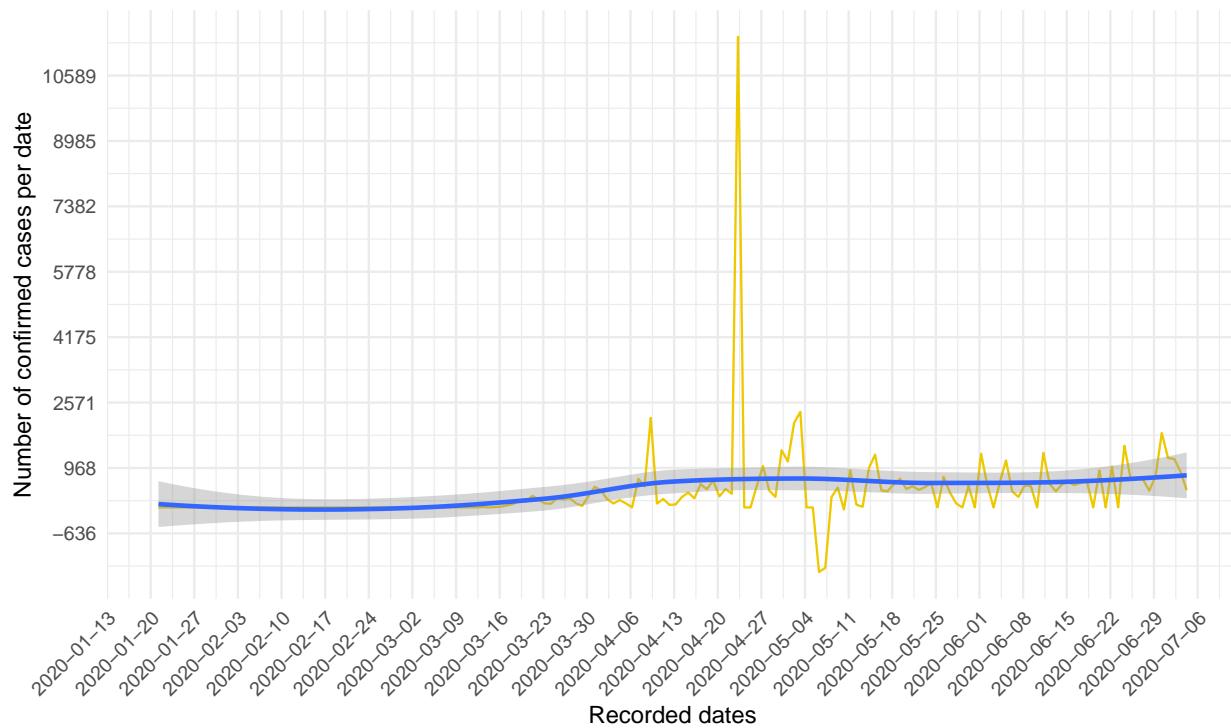

Dominican Republic – confirmed cases over time, total cases: 37,425

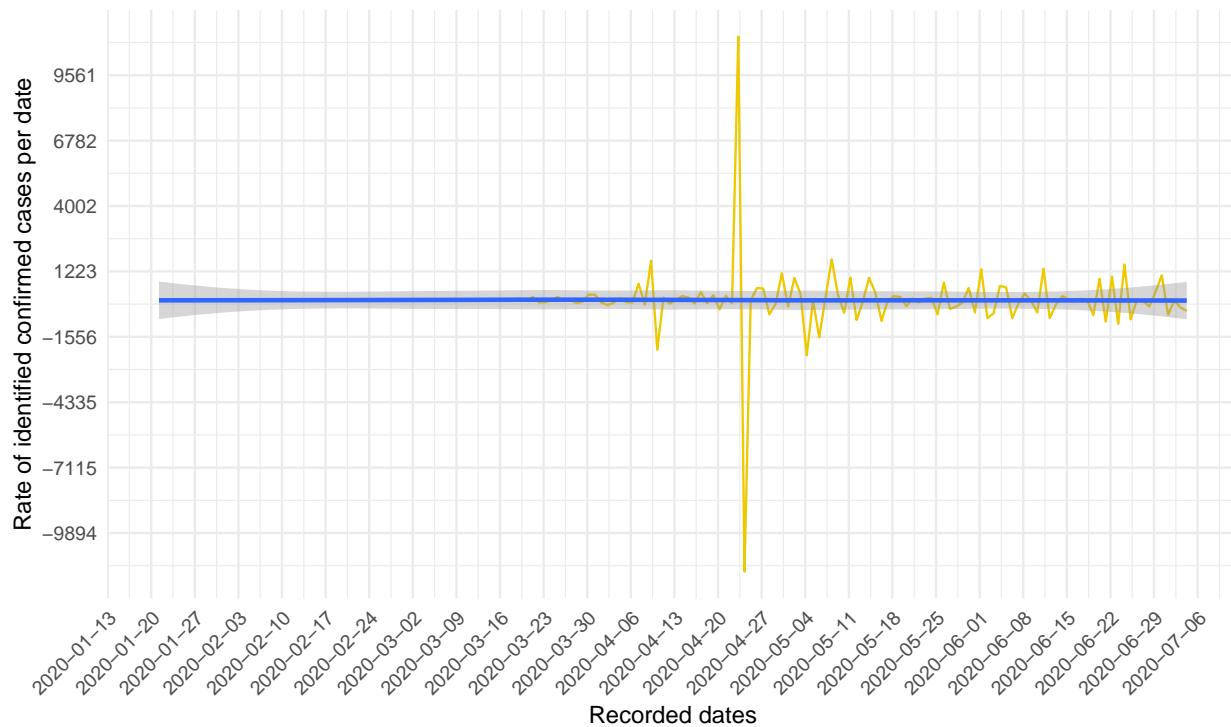

Dominican Republic – rate of increase of confirmed cases over time

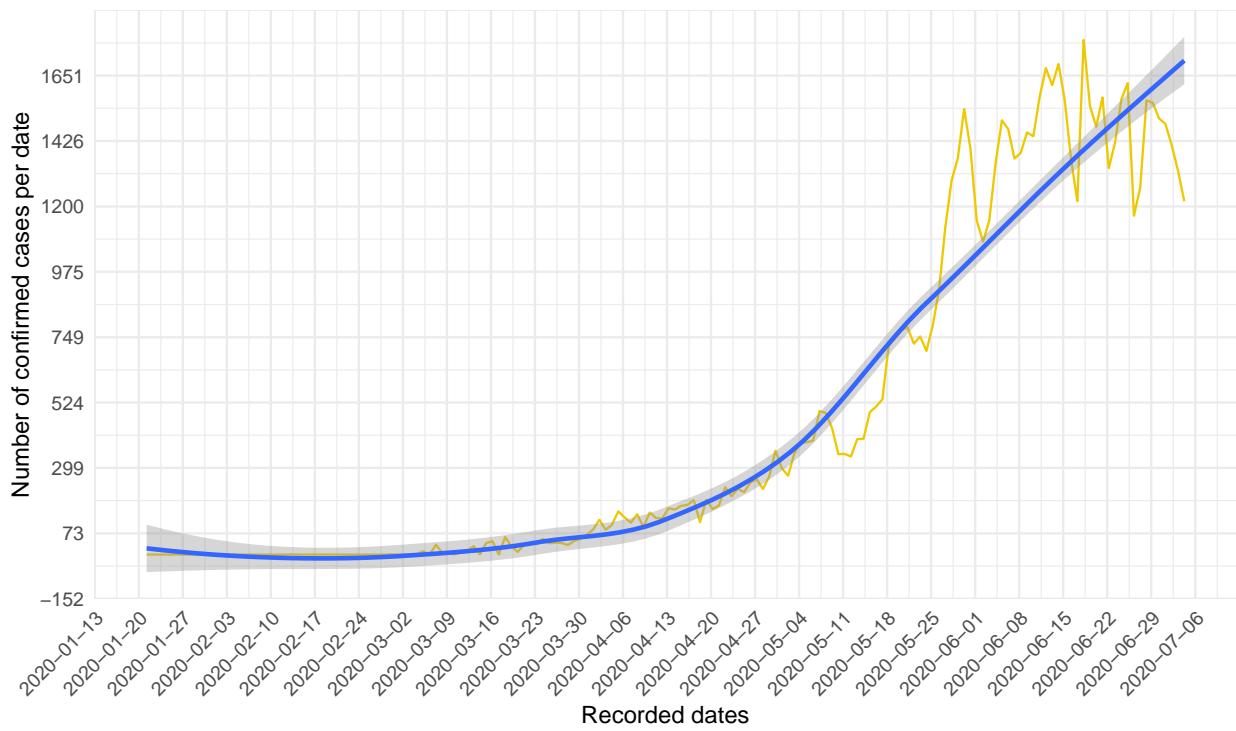

Ecuador – confirmed cases over time, total cases: 61,958

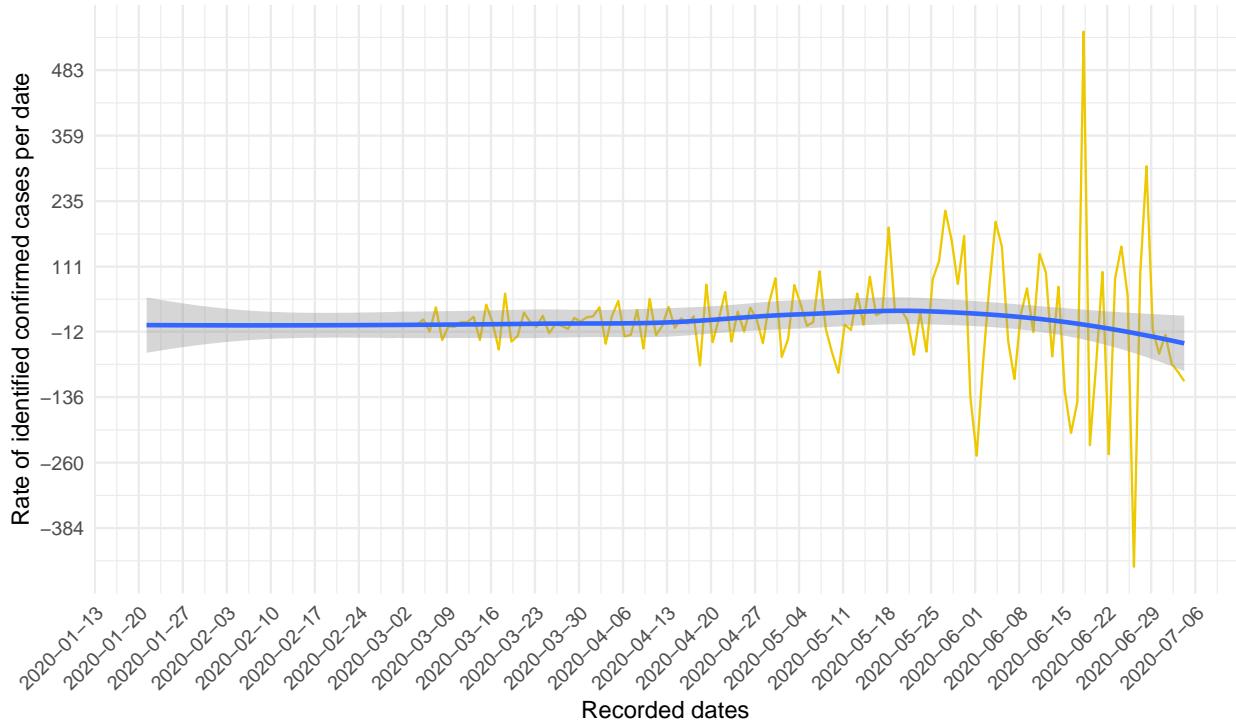

Ecuador – rate of increase of confirmed cases over time

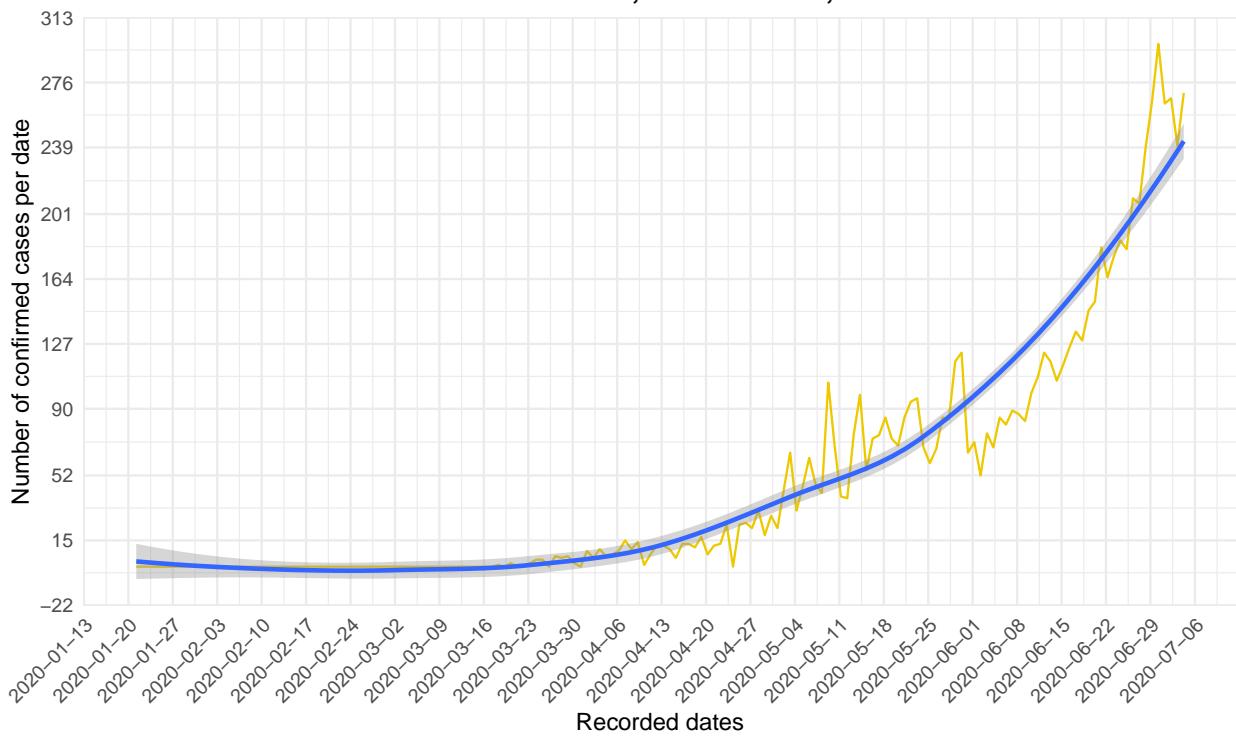

Egypt – confirmed cases over time, total cases: 75,253

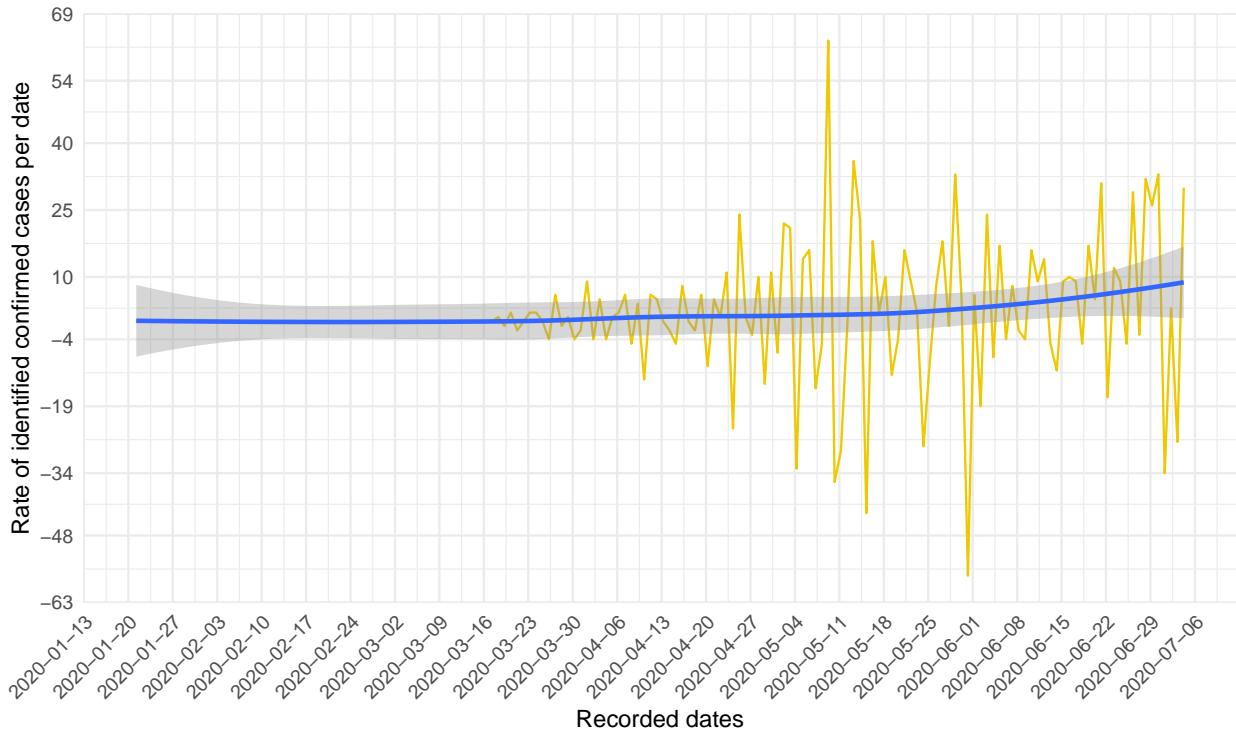

Egypt – rate of increase of confirmed cases over time

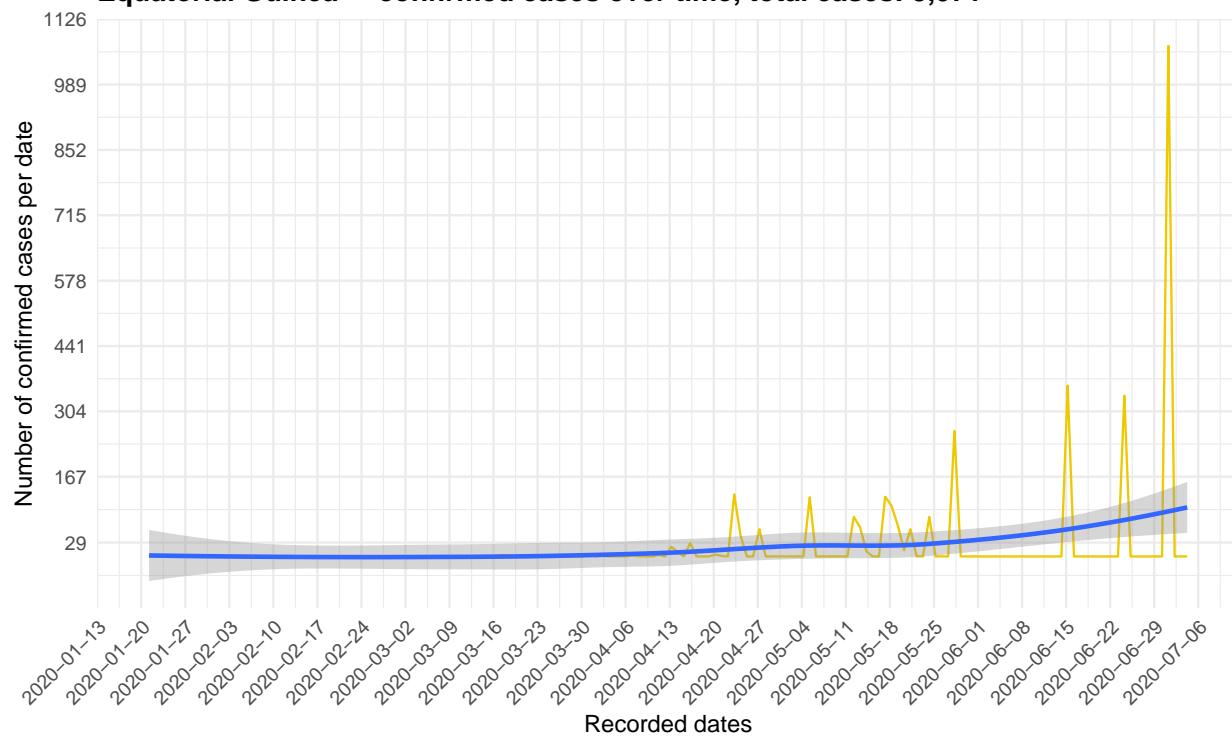

El Salvador – confirmed cases over time, total cases: 7,777

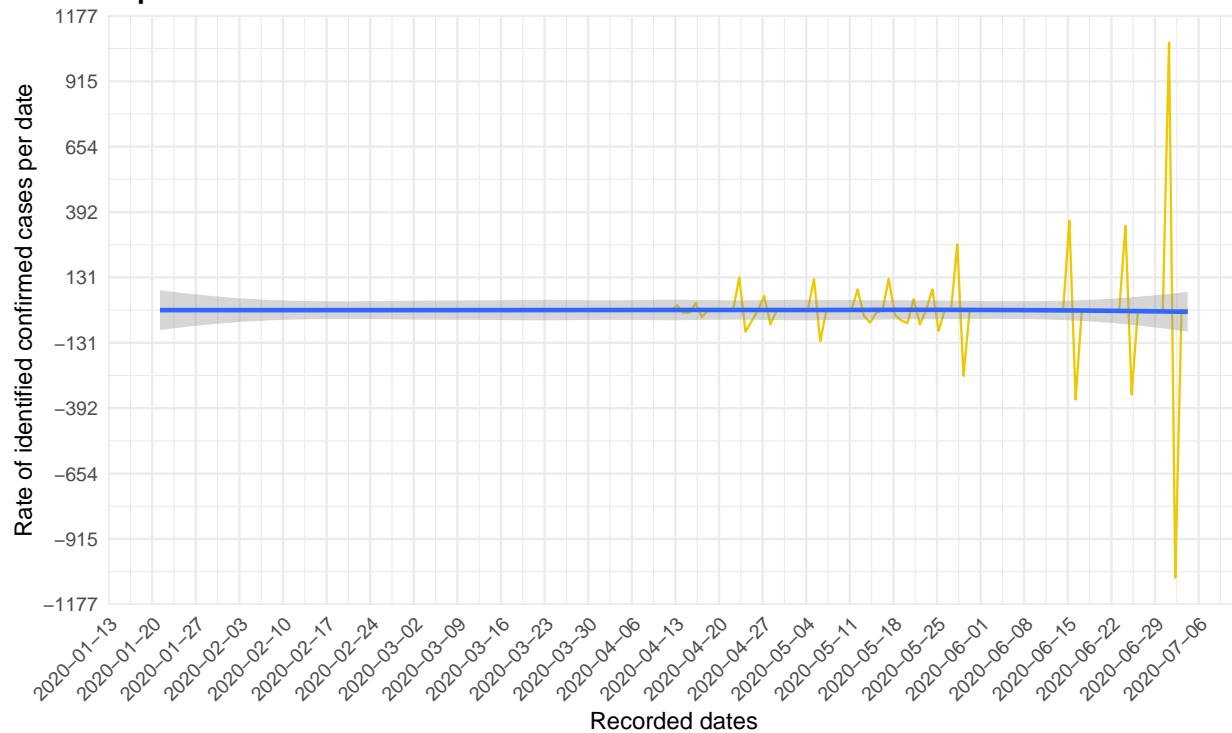

El Salvador – rate of increase of confirmed cases over time

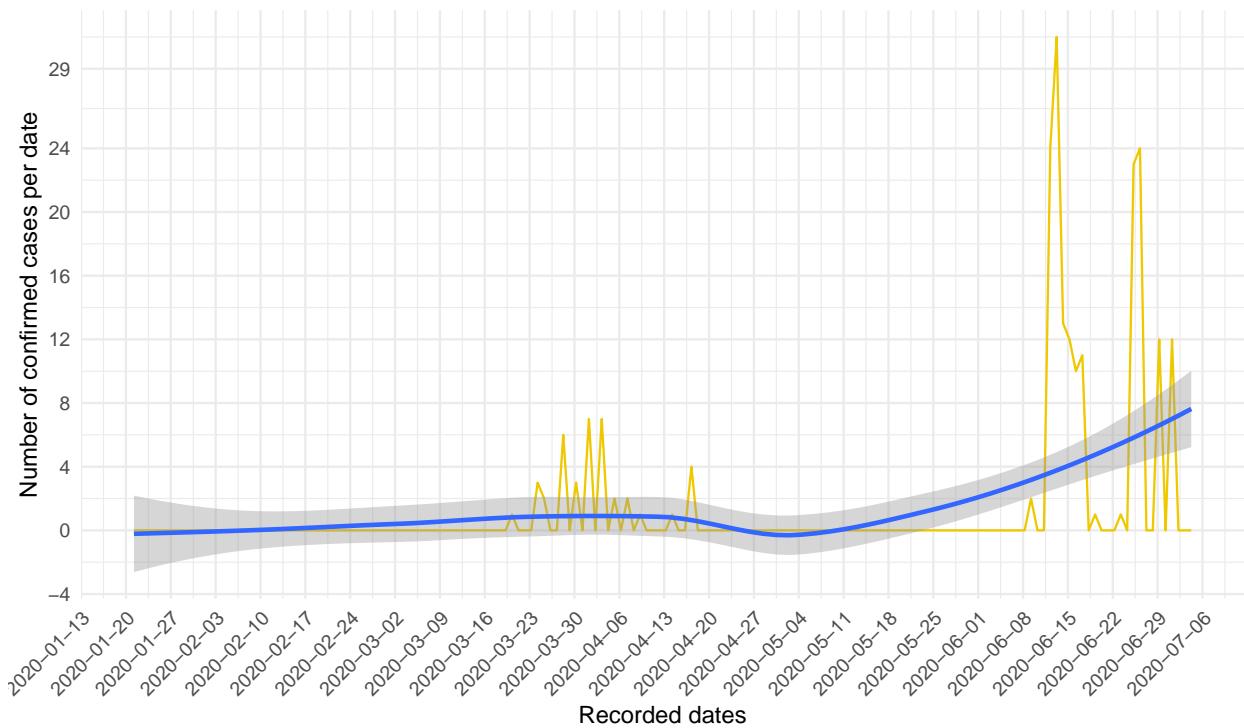

Equatorial Guinea – confirmed cases over time, total cases: 3,071

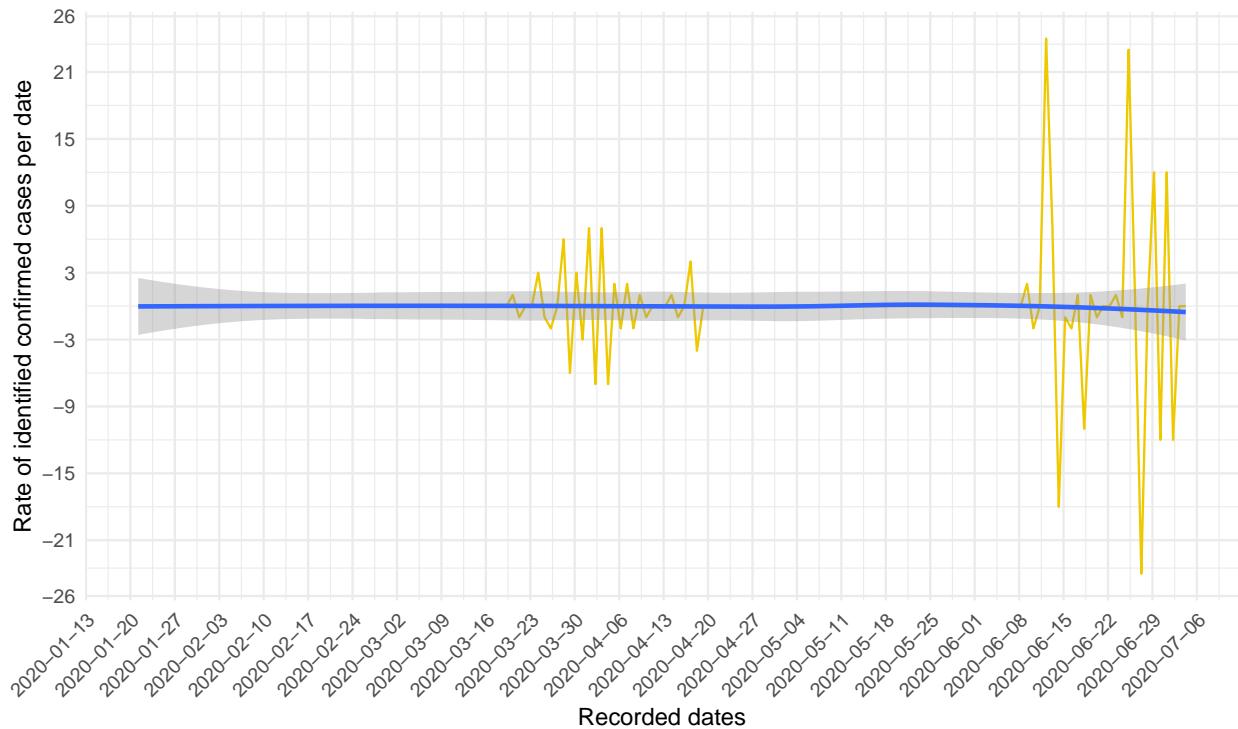

Equatorial Guinea – rate of increase of confirmed cases over time

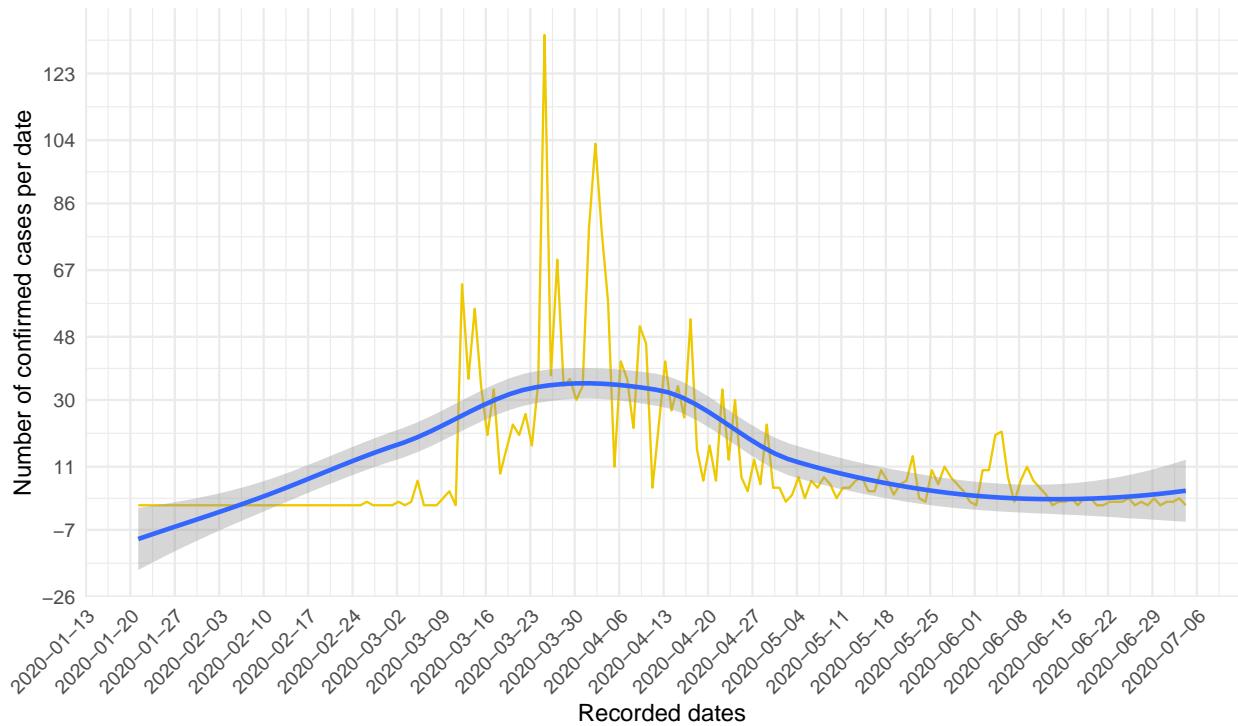

Eritrea – confirmed cases over time, total cases: 215

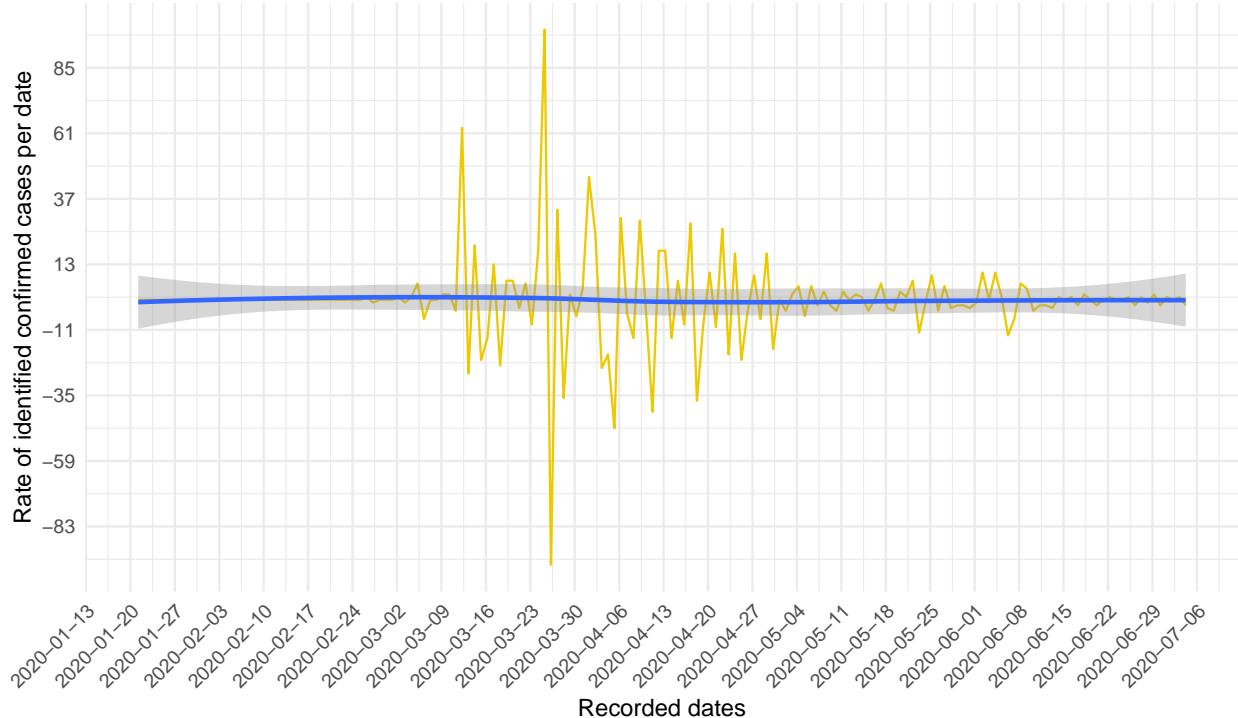

Eritrea – rate of increase of confirmed cases over time

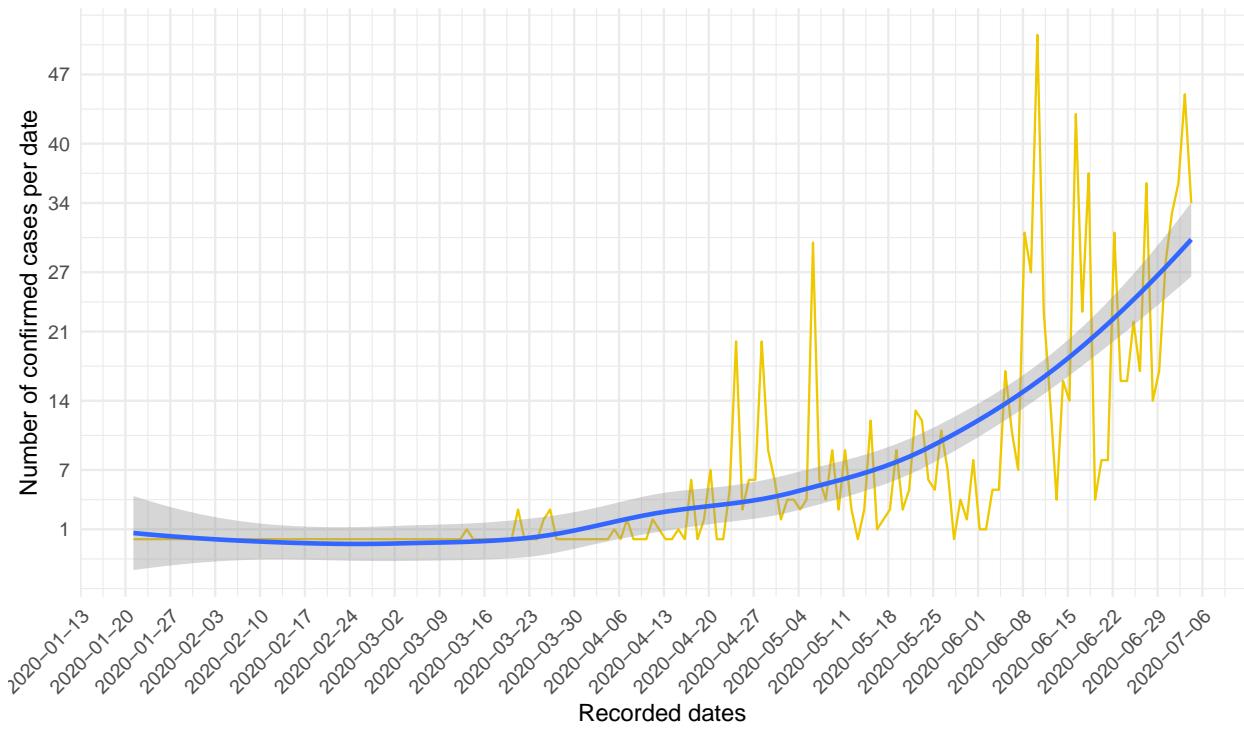

Estonia – confirmed cases over time, total cases: 1,993

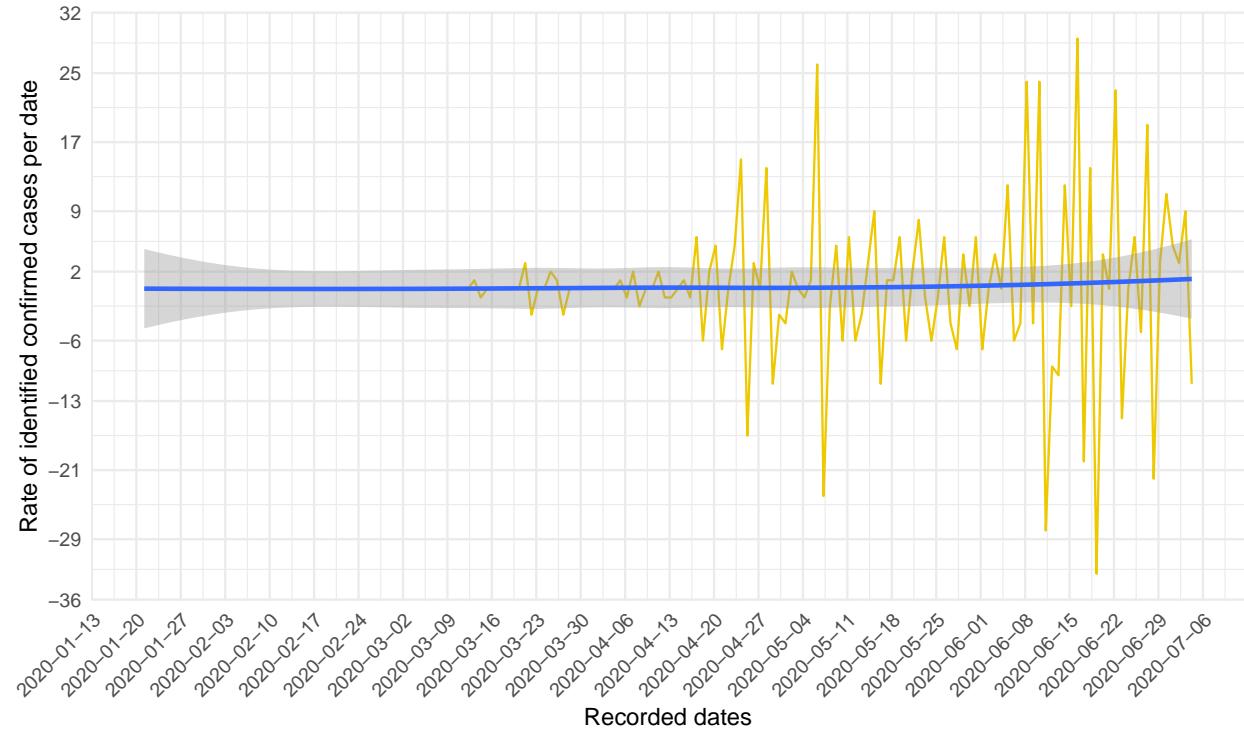

Estonia – rate of increase of confirmed cases over time

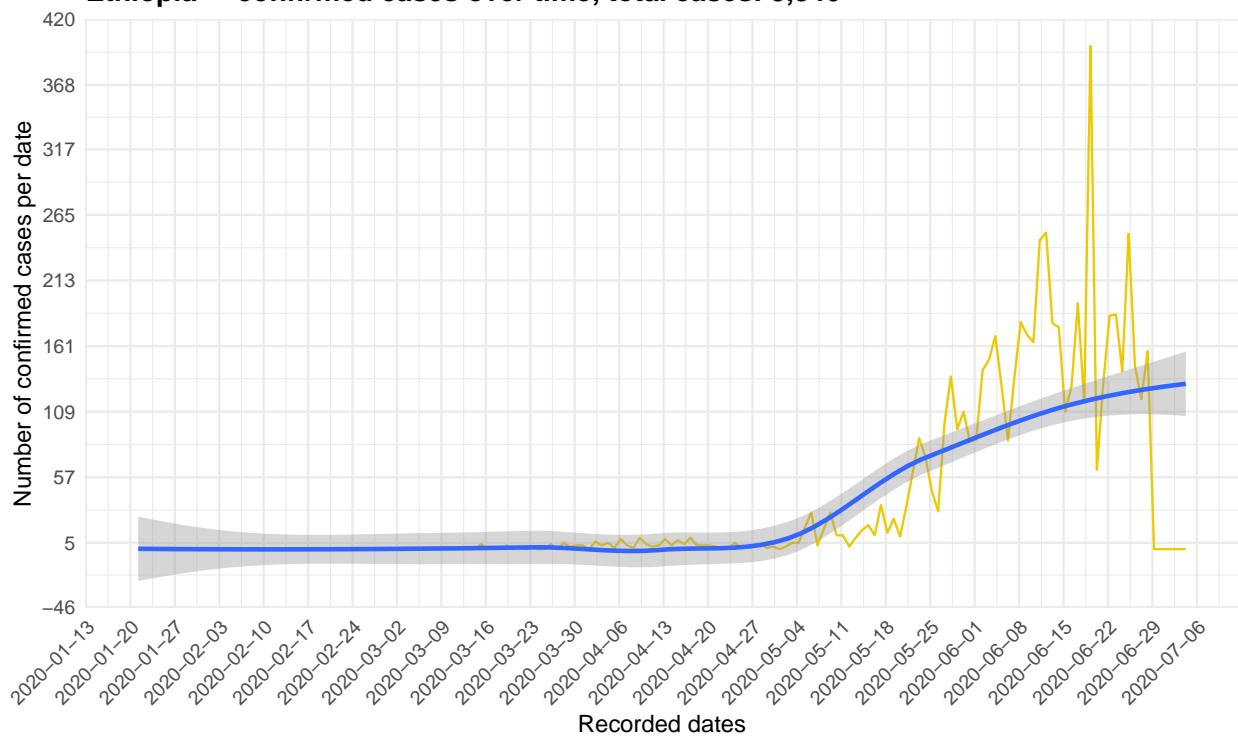

Eswatini – confirmed cases over time, total cases: 988

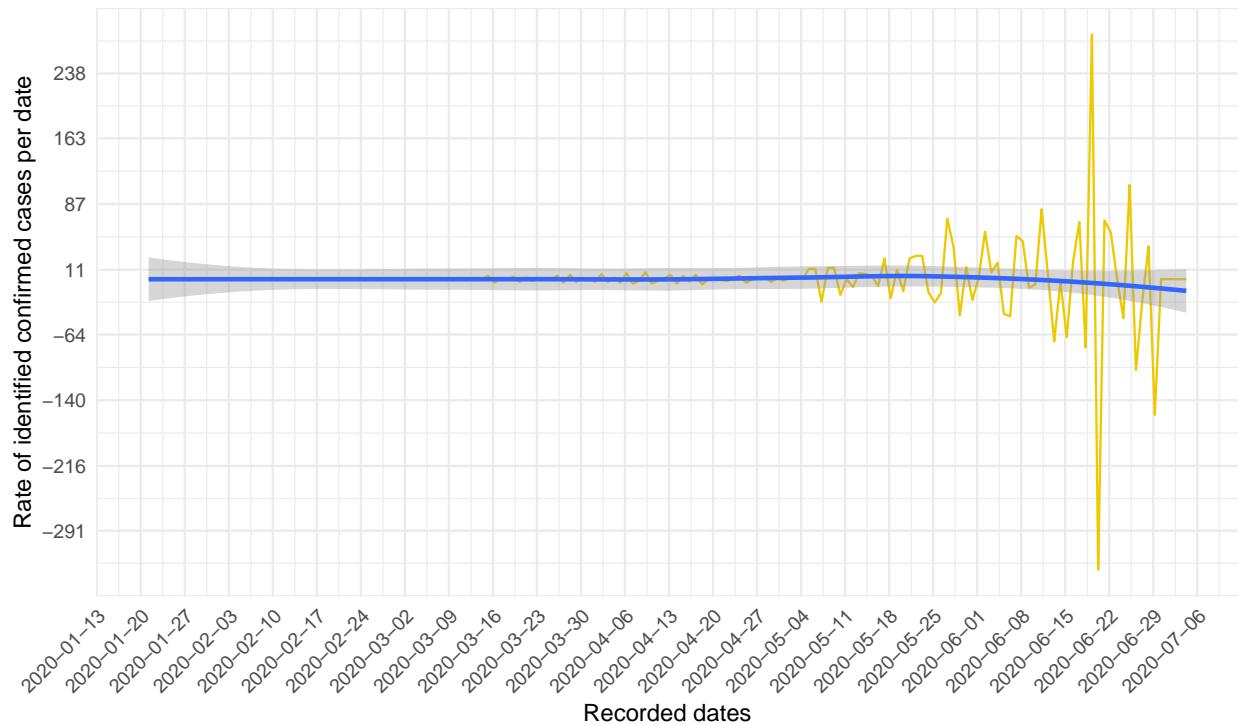

Eswatini – rate of increase of confirmed cases over time

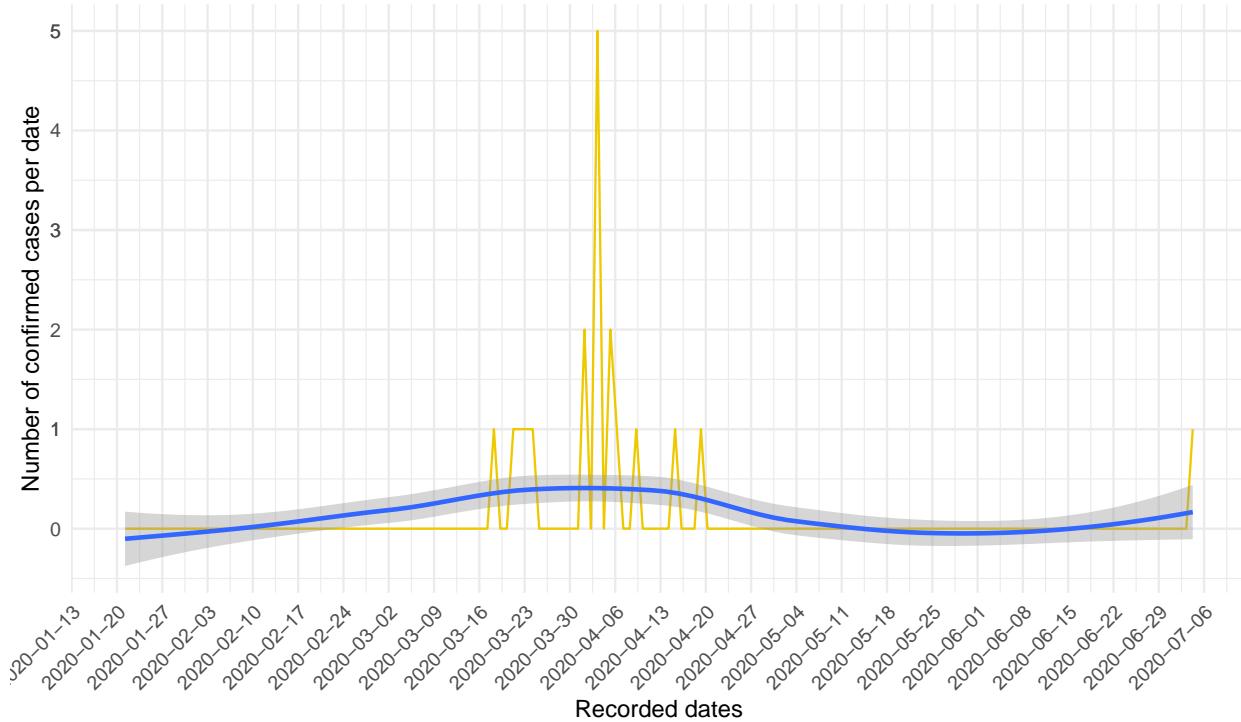

Ethiopia – confirmed cases over time, total cases: 5,846

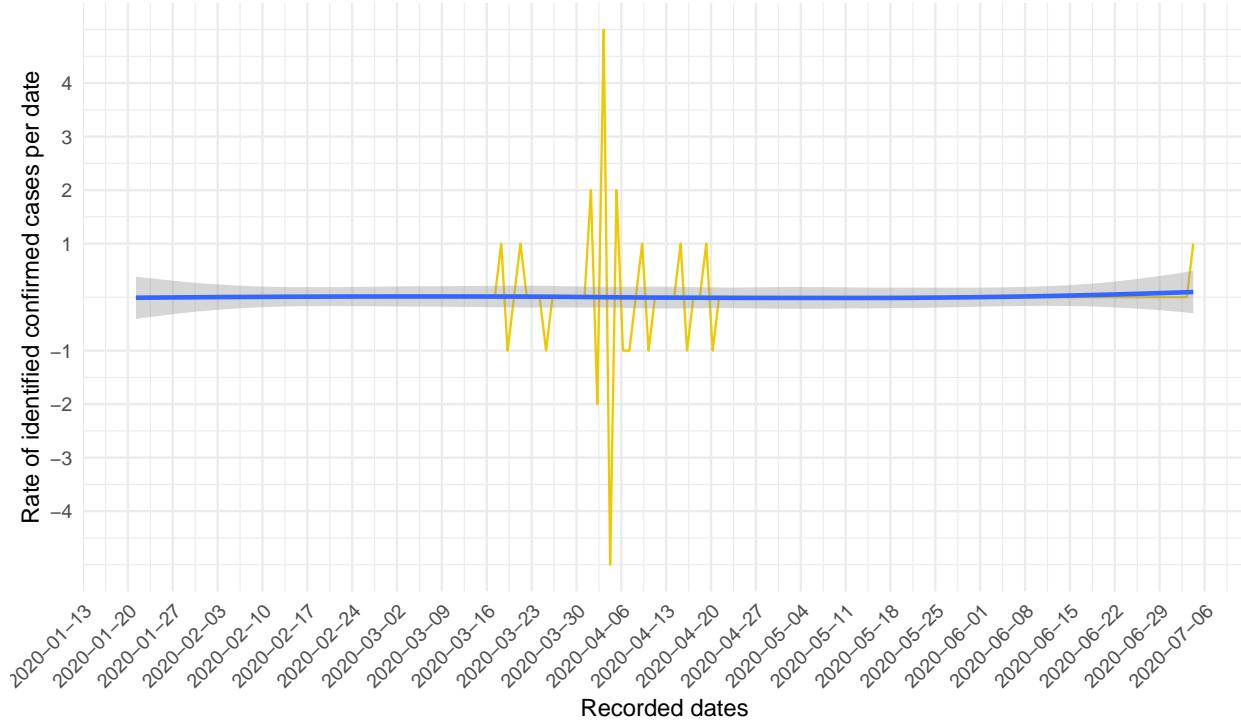

Ethiopia – rate of increase of confirmed cases over time

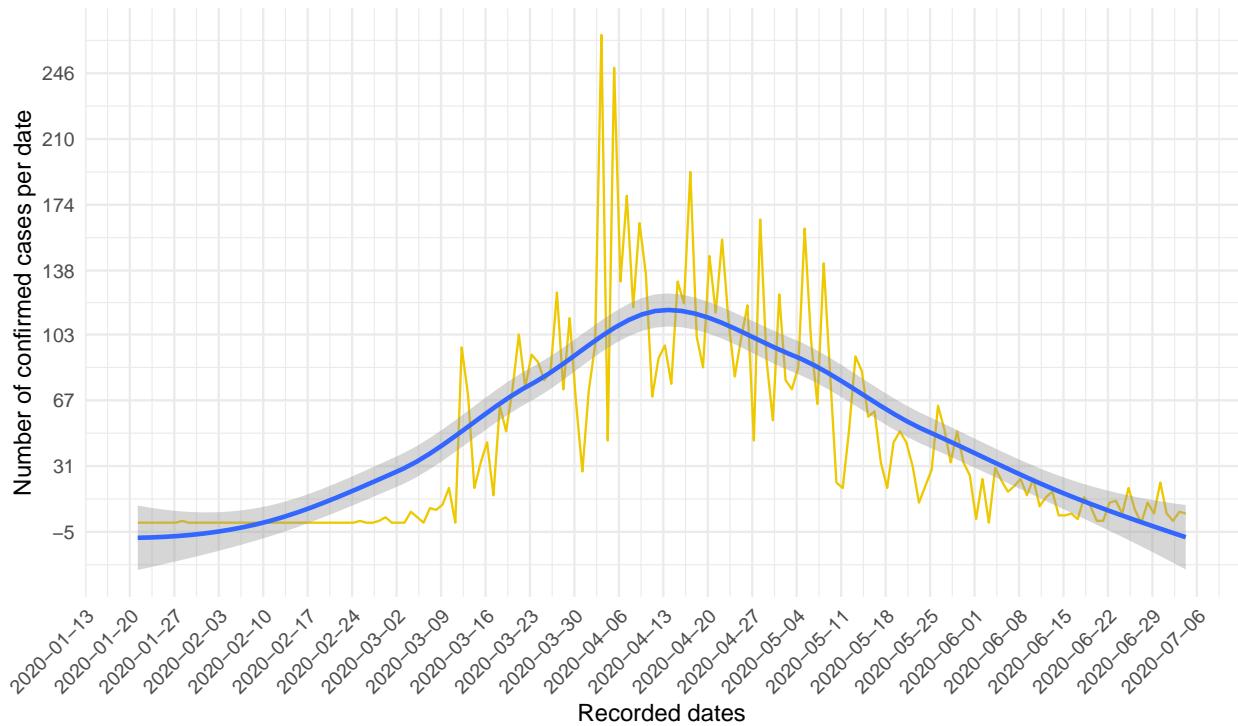

Fiji – confirmed cases over time, total cases: 19

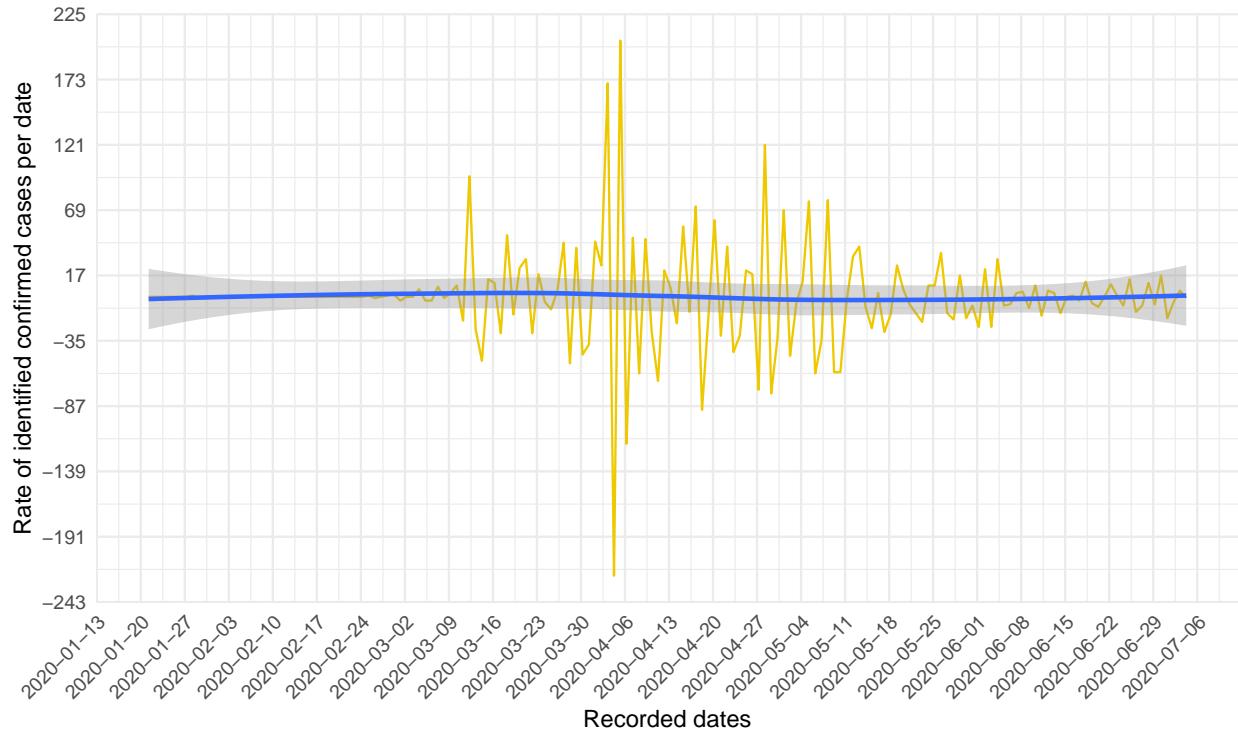

Fiji – rate of increase of confirmed cases over time

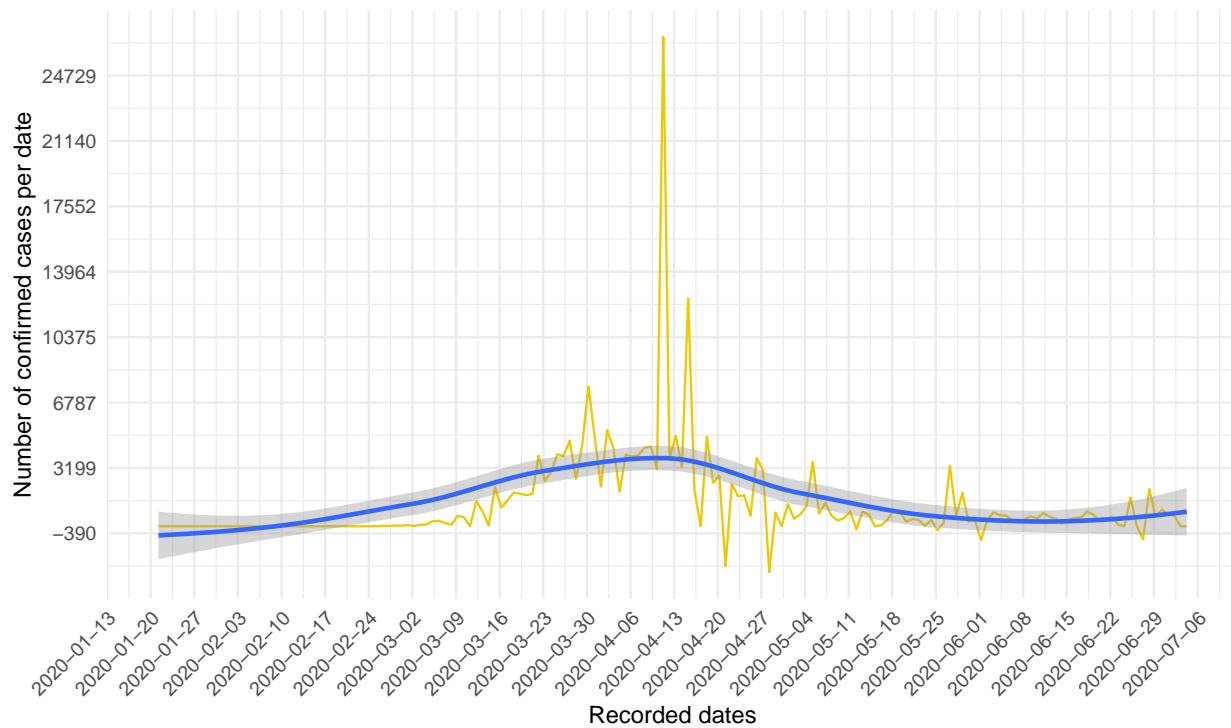

Finland – confirmed cases over time, total cases: 7,253

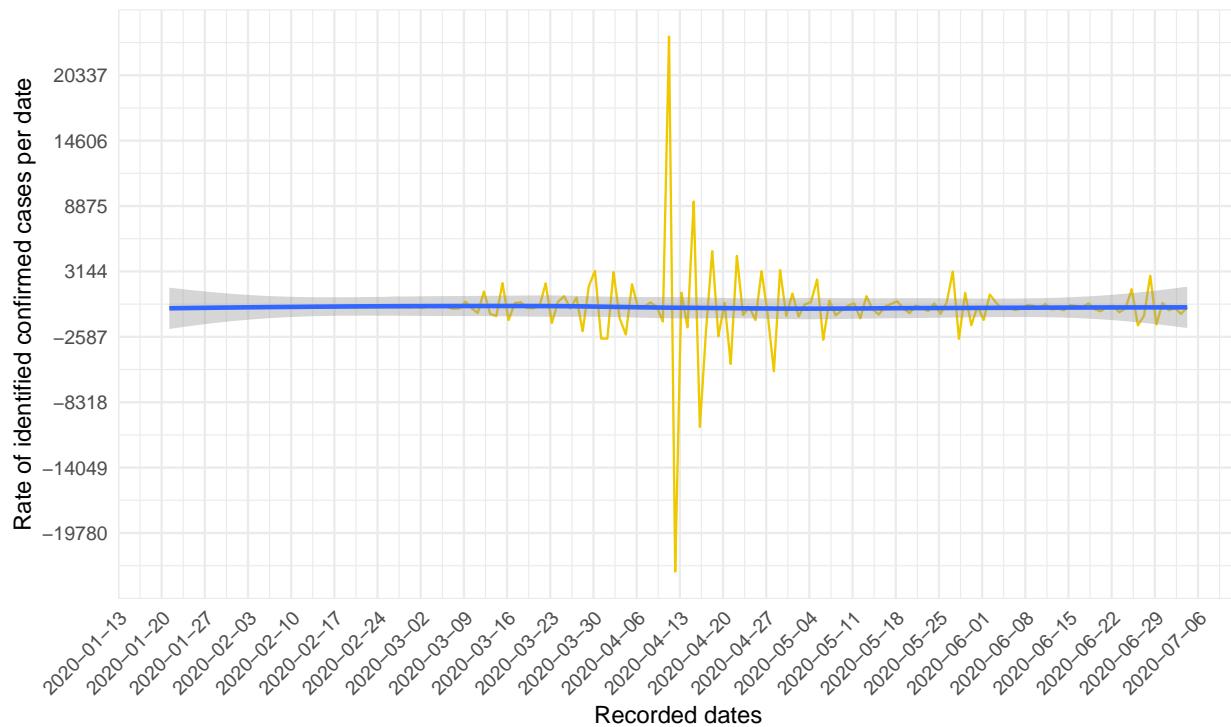

Finland – rate of increase of confirmed cases over time

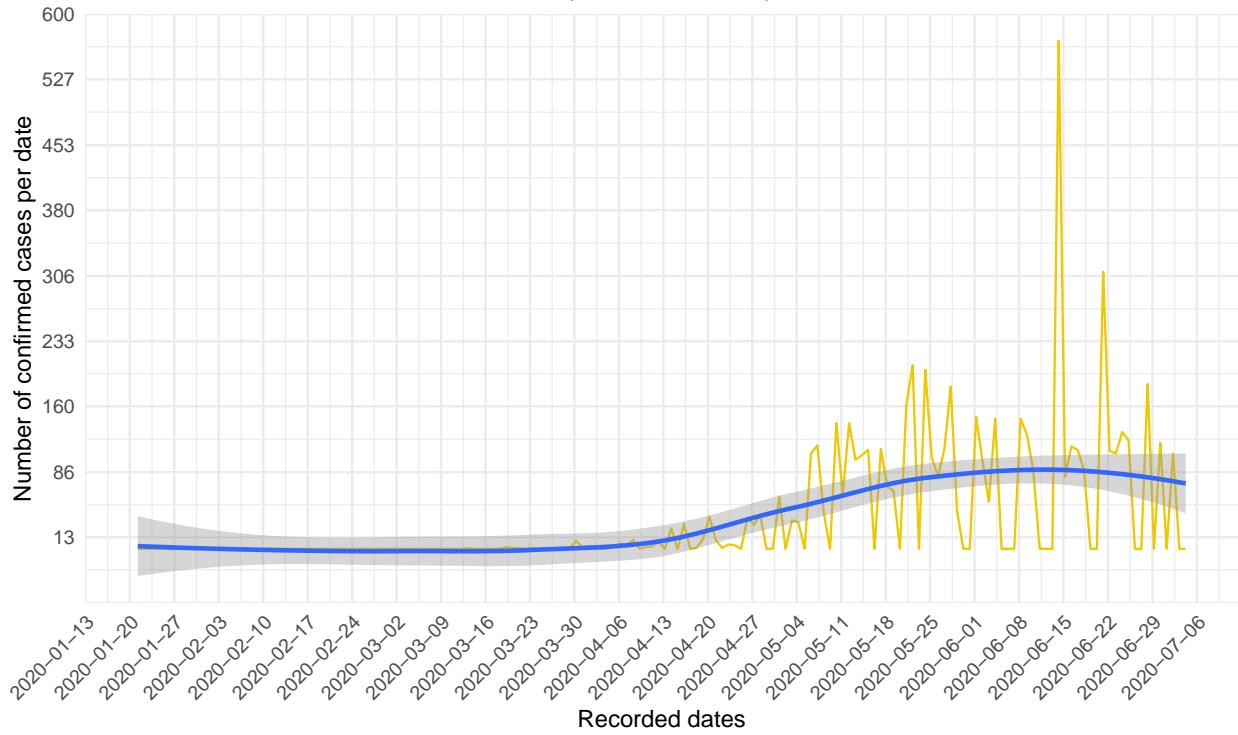

France – confirmed cases over time, total cases: 204,222

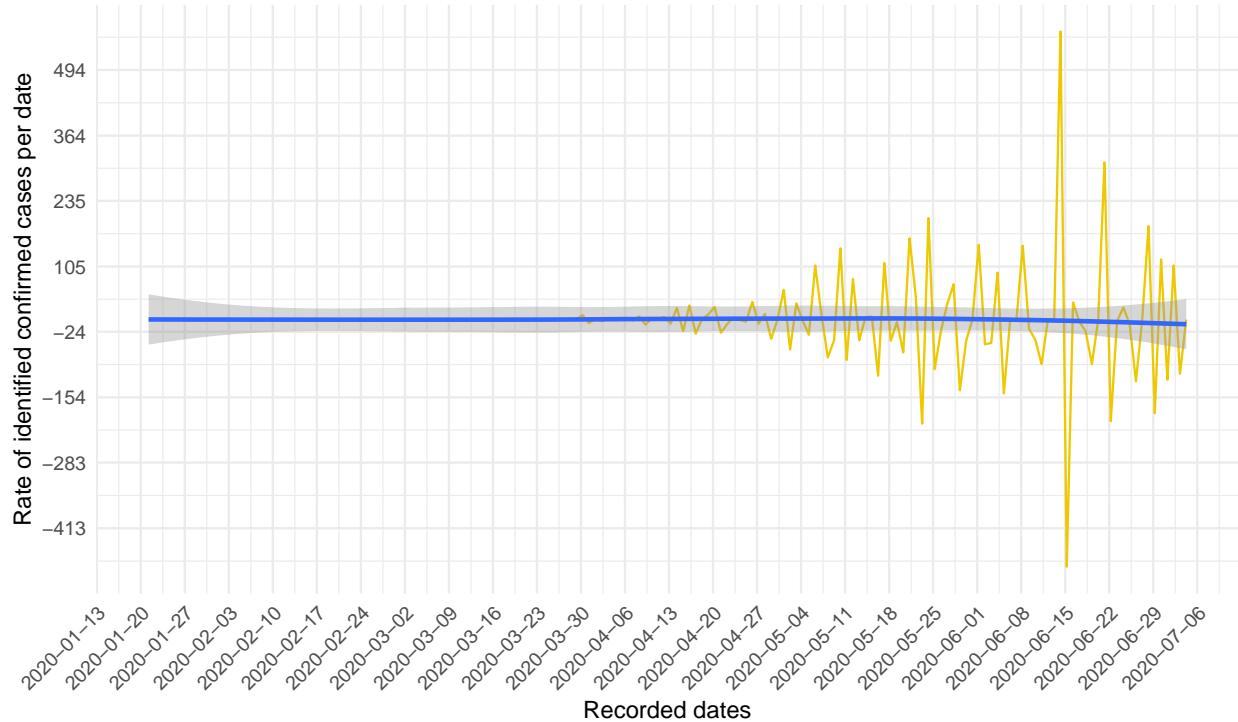

France – rate of increase of confirmed cases over time

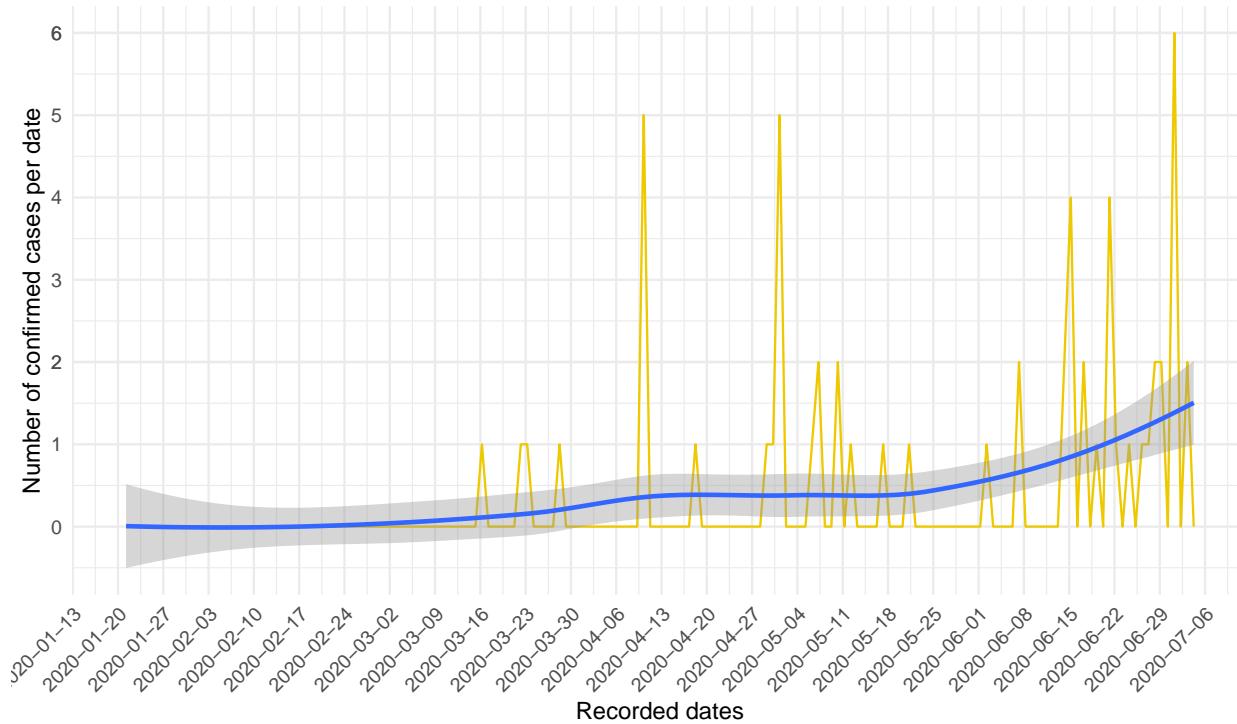

Gabon – confirmed cases over time, total cases: 5,620

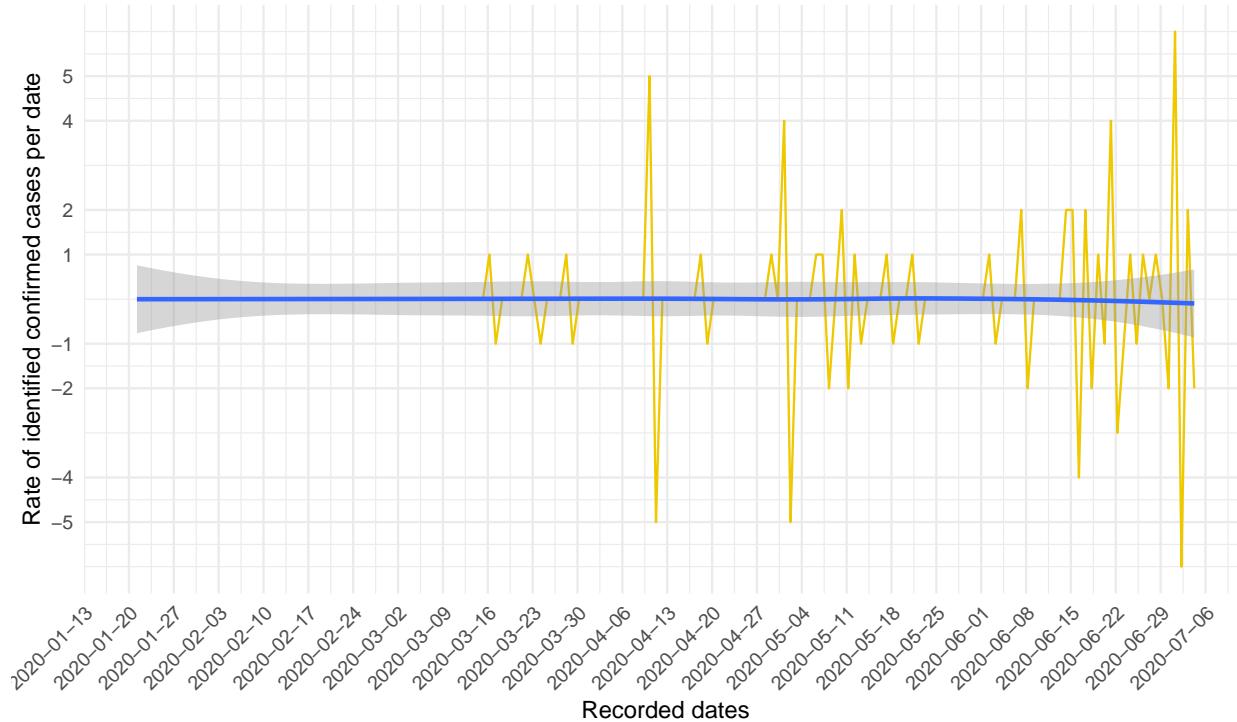

Gabon – rate of increase of confirmed cases over time

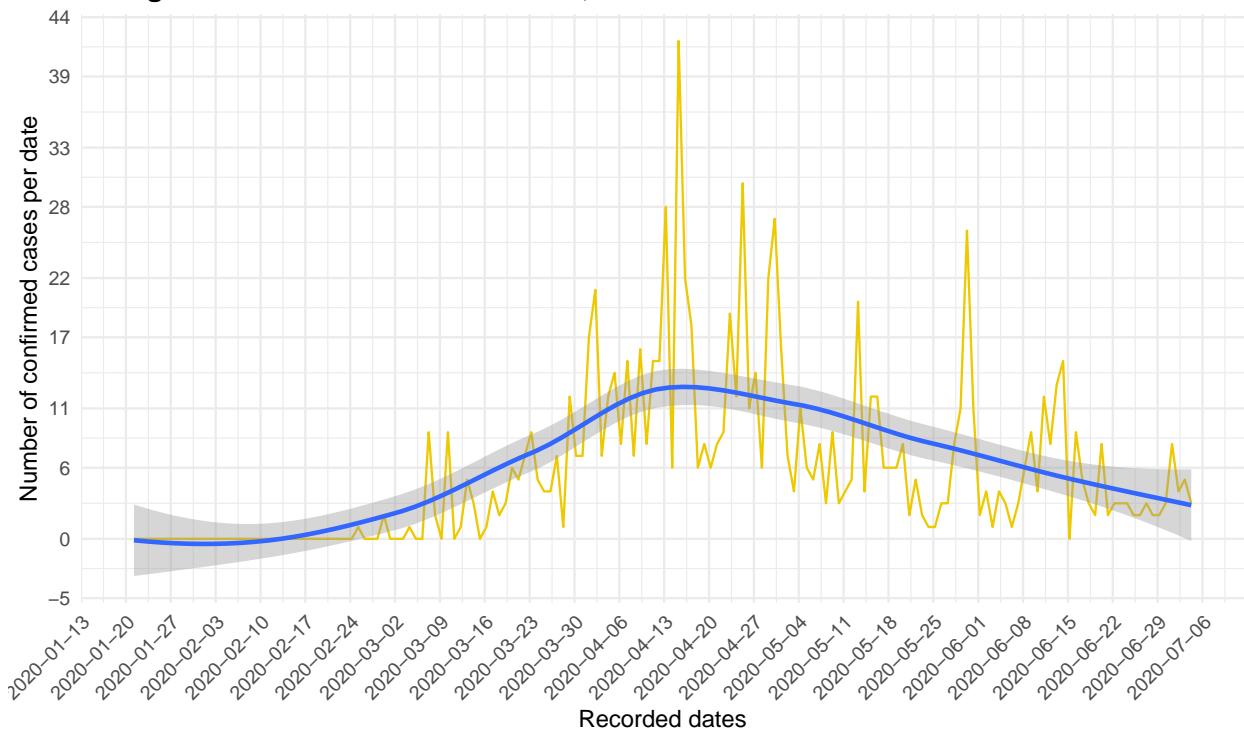

Gambia – confirmed cases over time, total cases: 57

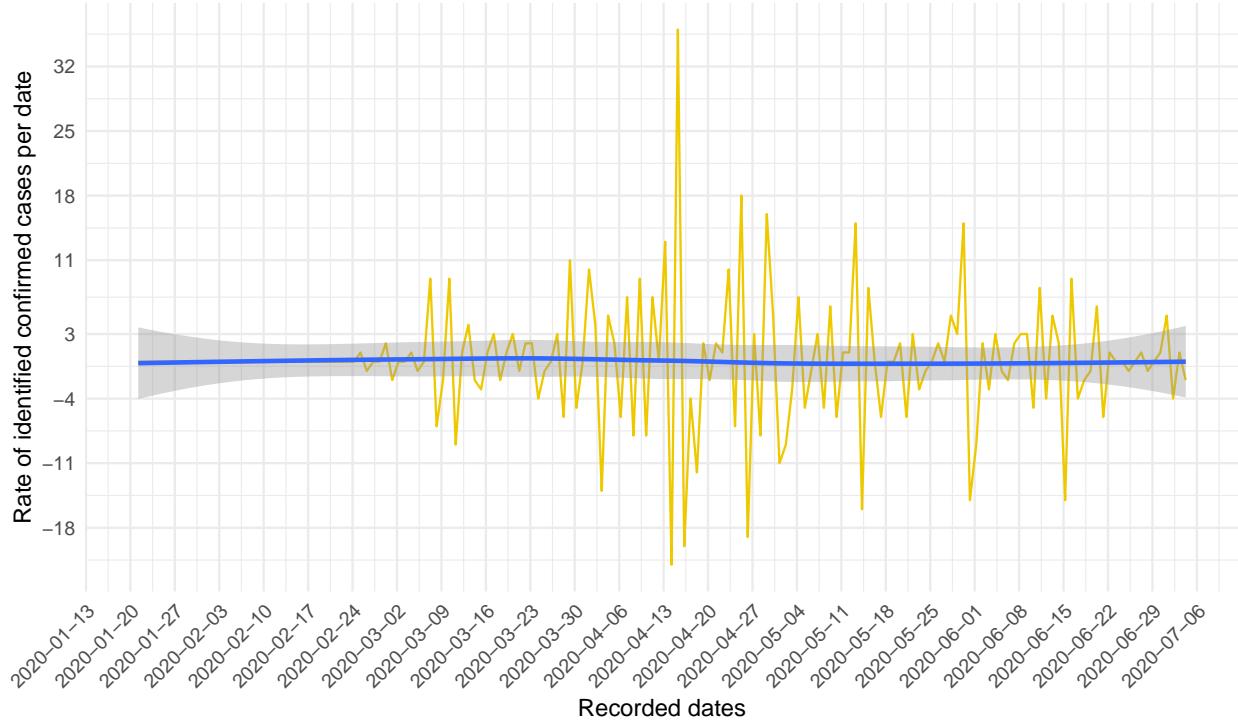

Gambia – rate of increase of confirmed cases over time

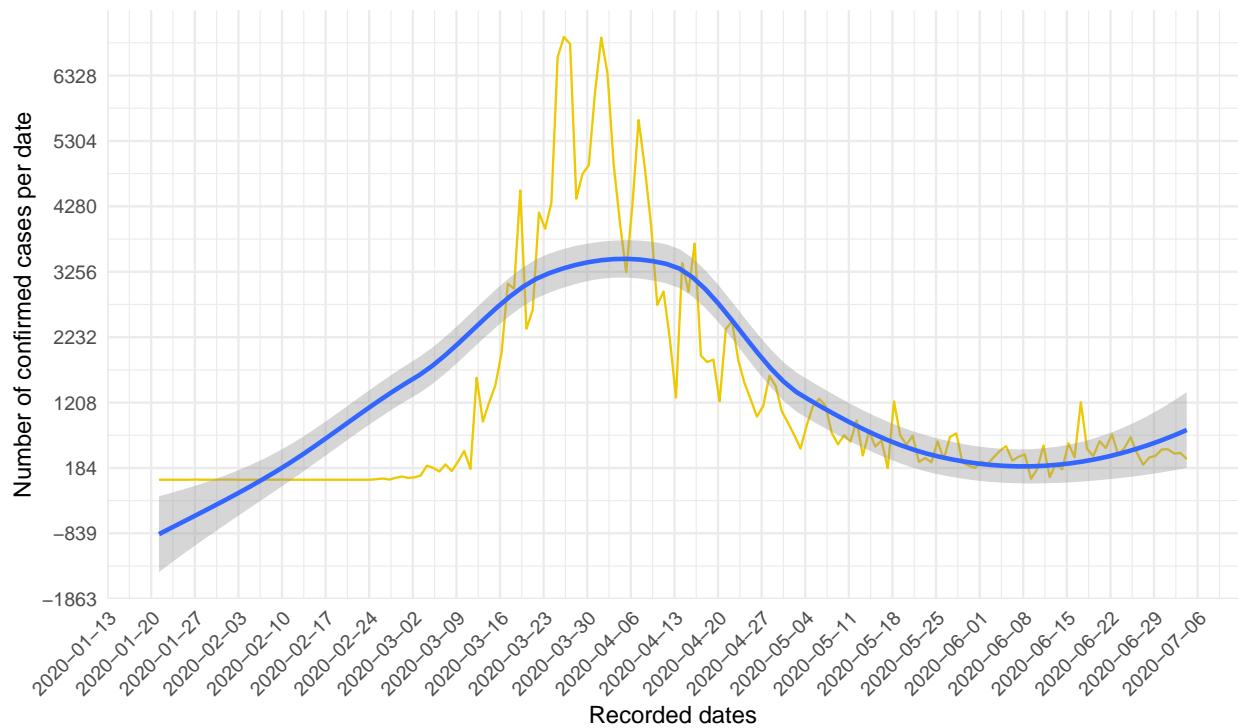

Georgia – confirmed cases over time, total cases: 951

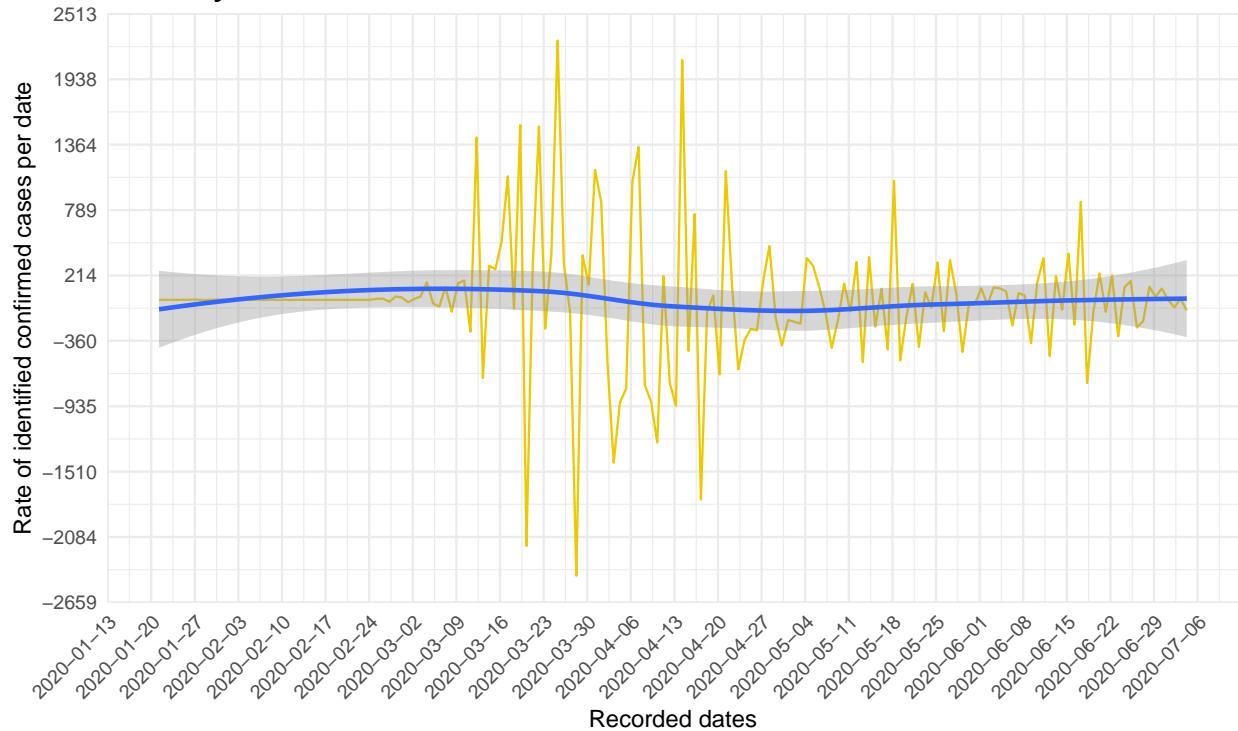

Georgia – rate of increase of confirmed cases over time

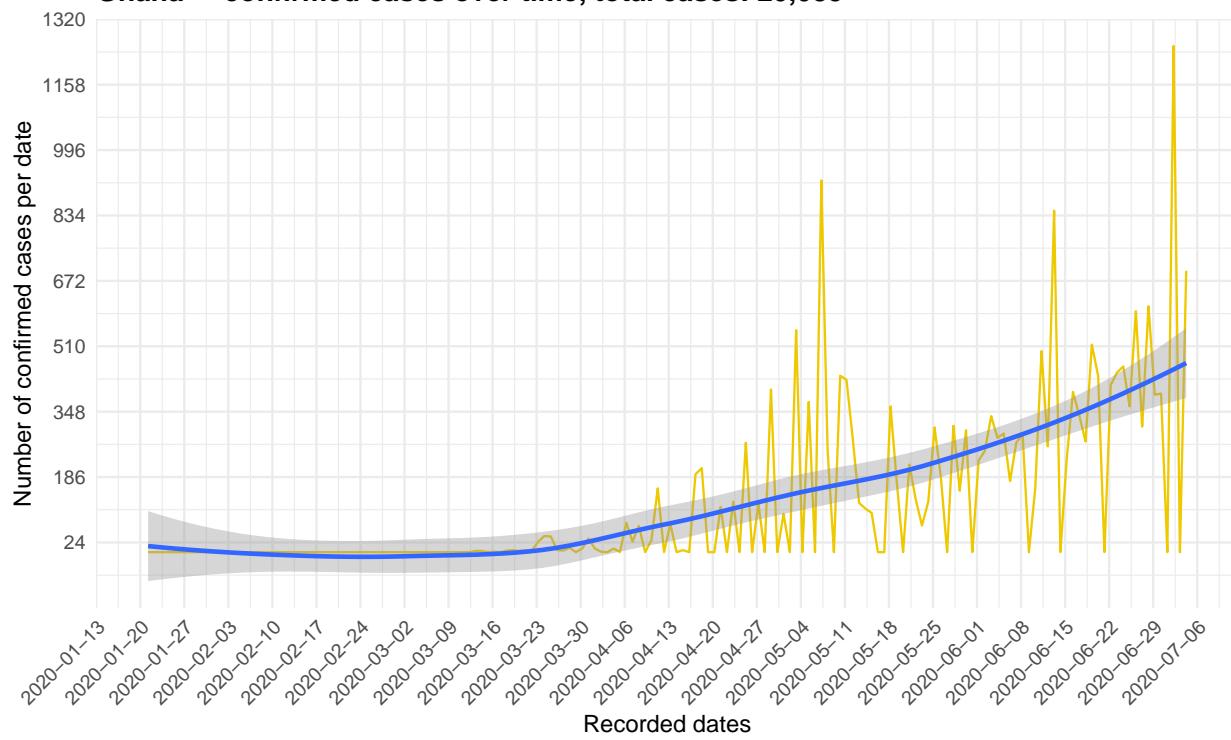

Germany – confirmed cases over time, total cases: 197,523

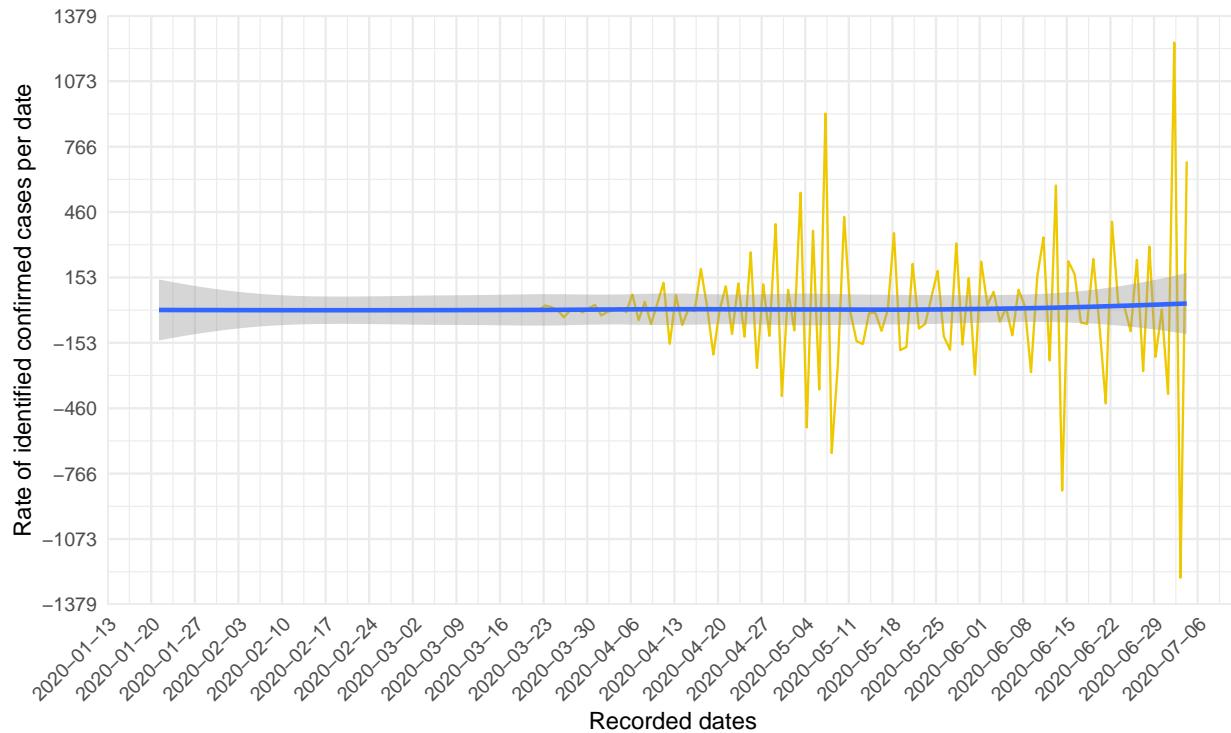

Germany – rate of increase of confirmed cases over time

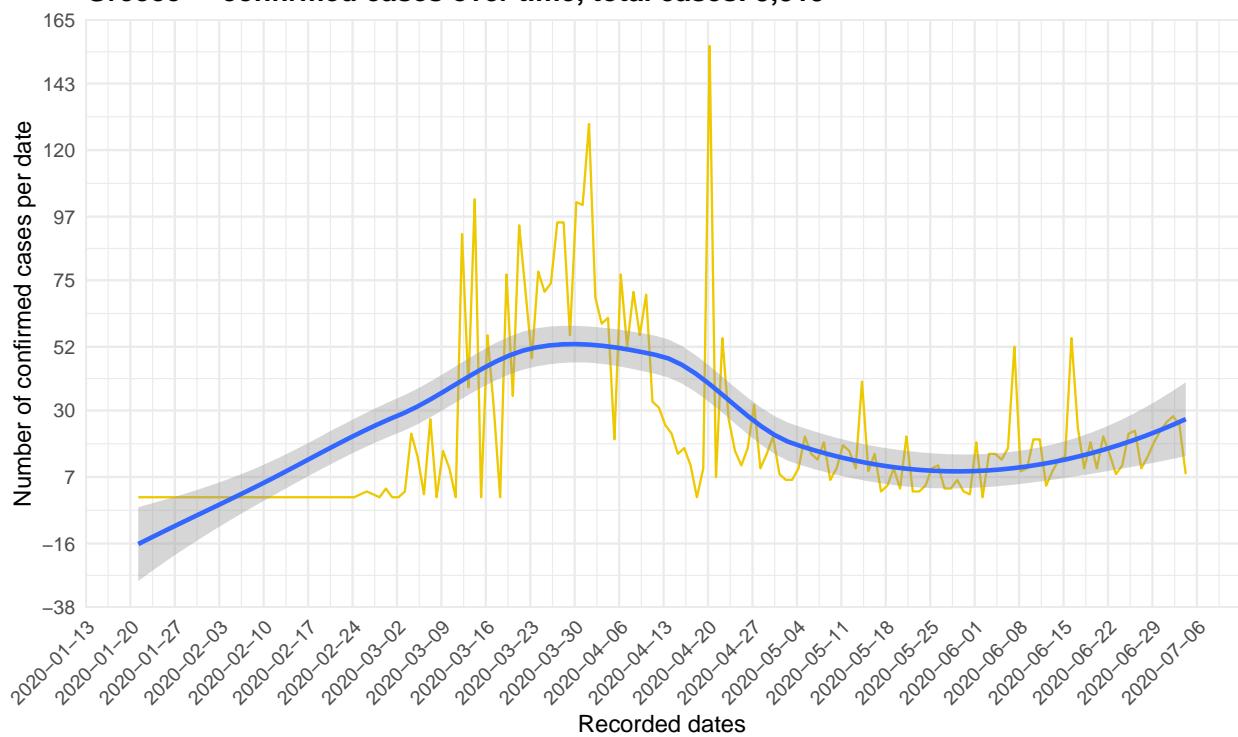

Ghana – confirmed cases over time, total cases: 20,085

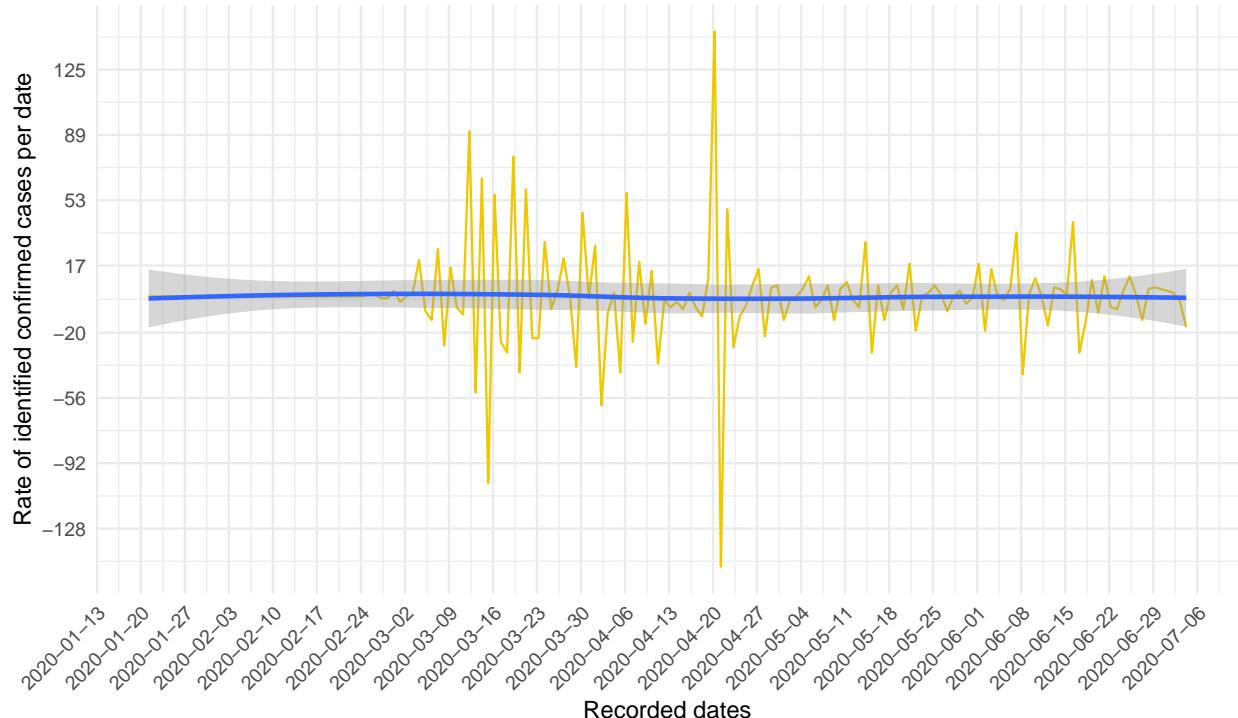

Ghana – rate of increase of confirmed cases over time

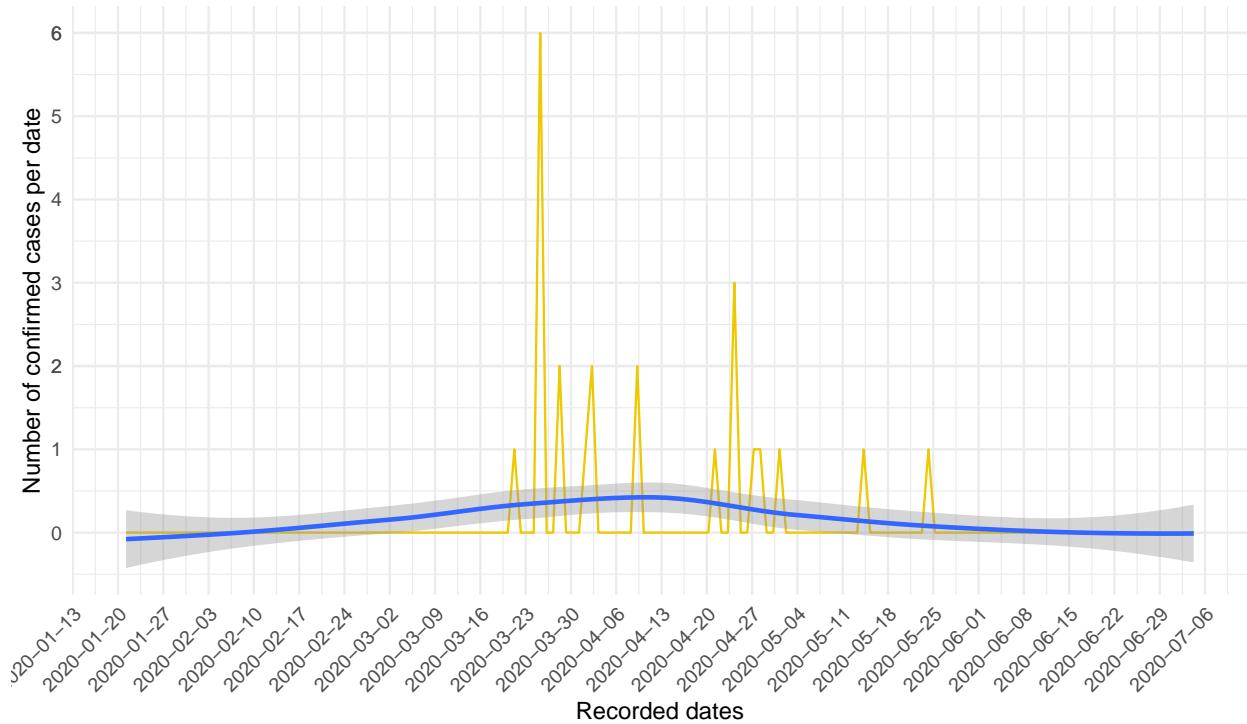

Greece – confirmed cases over time, total cases: 3,519

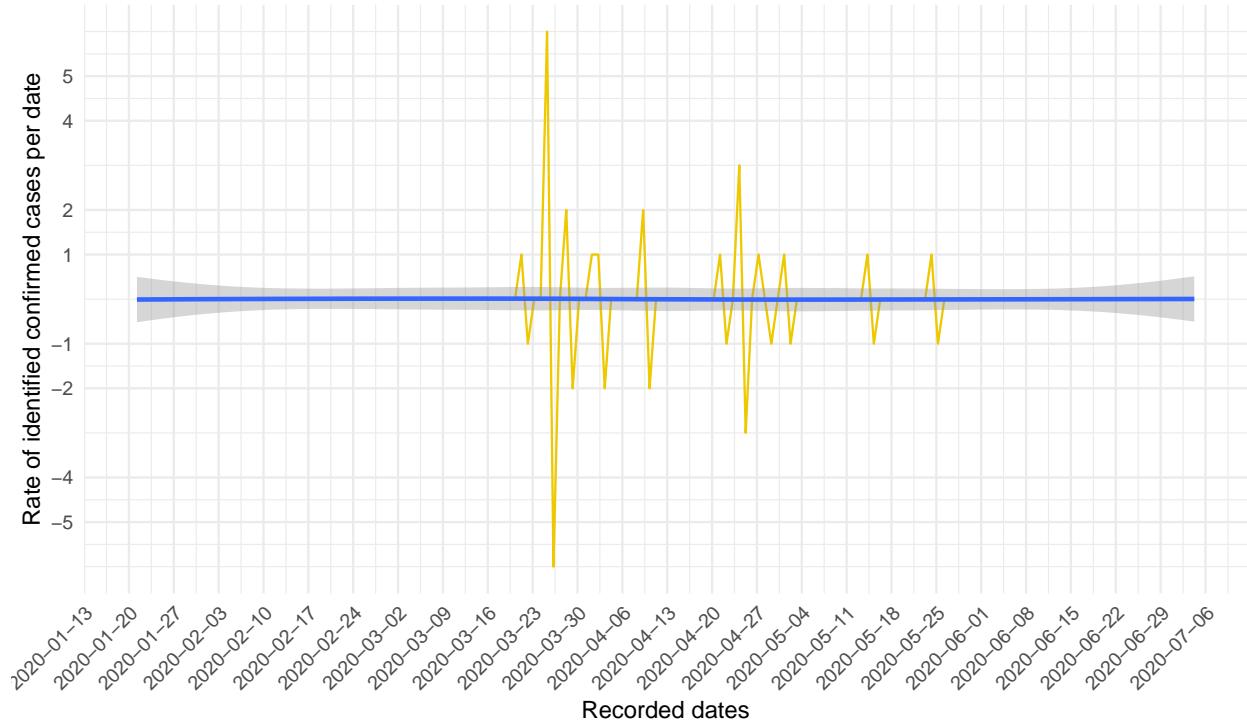

Greece – rate of increase of confirmed cases over time

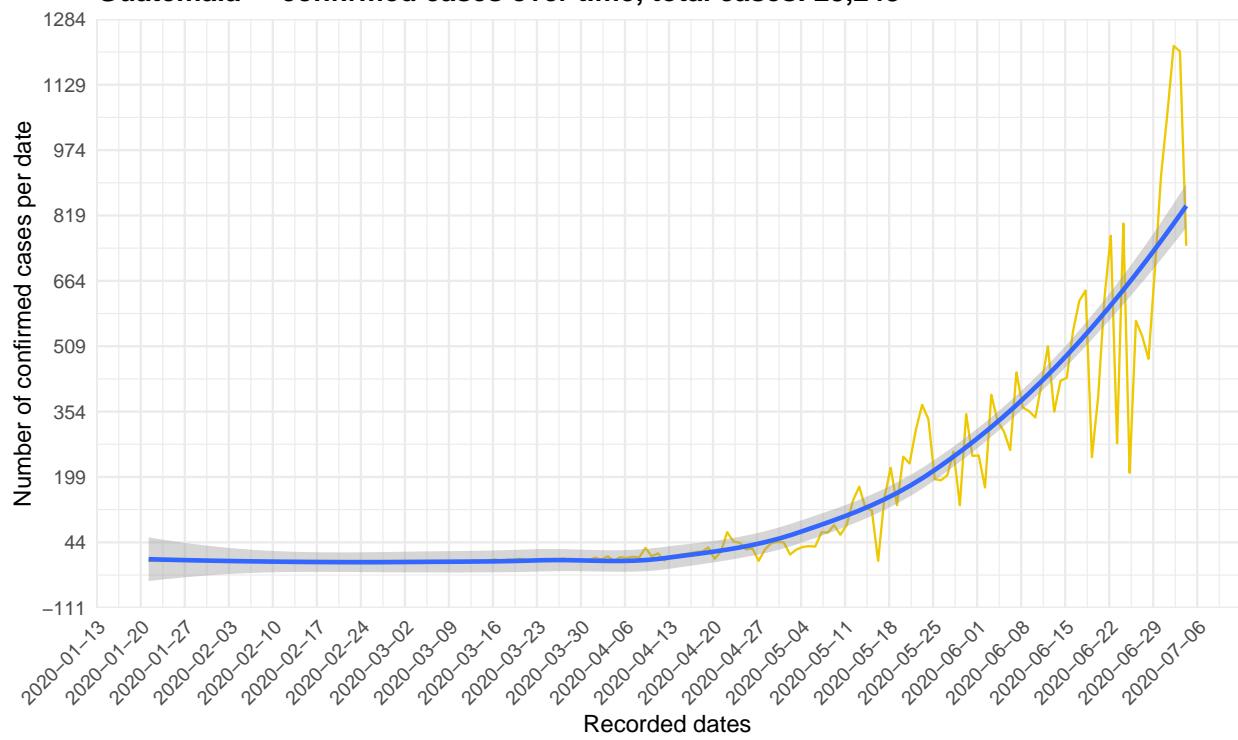

Grenada – confirmed cases over time, total cases: 23

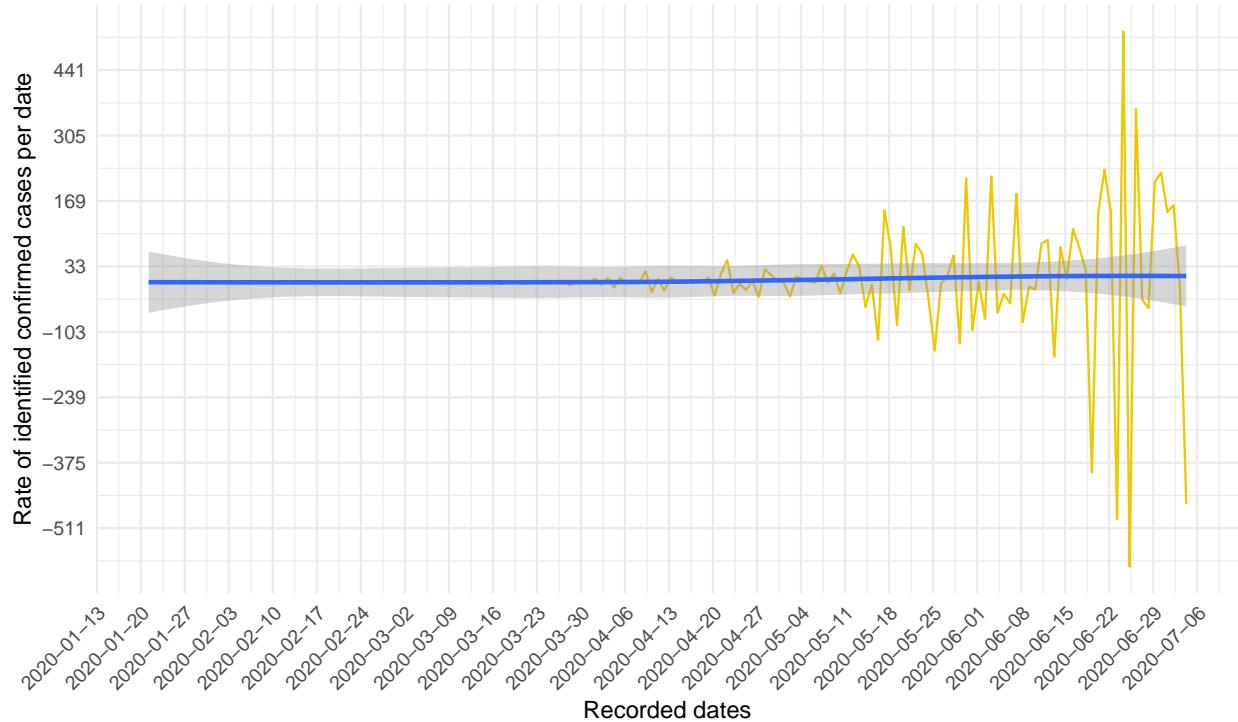

Grenada – rate of increase of confirmed cases over time

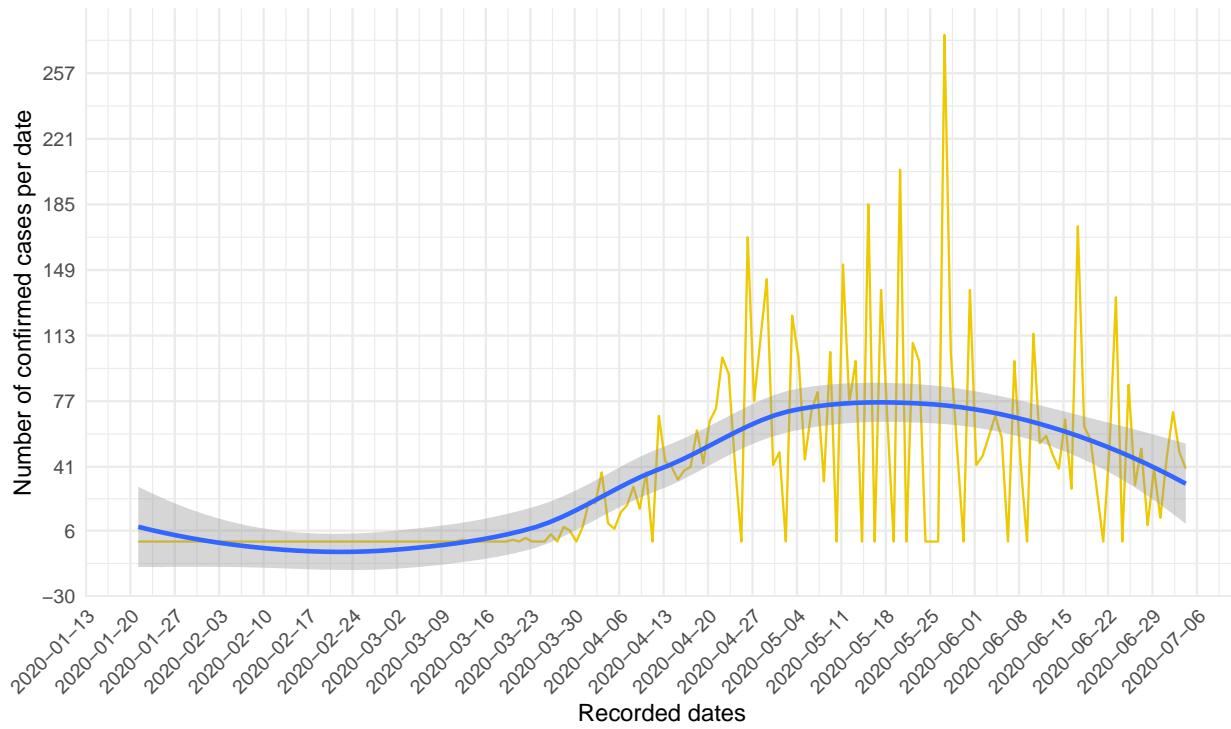

Guatemala – confirmed cases over time, total cases: 23,248

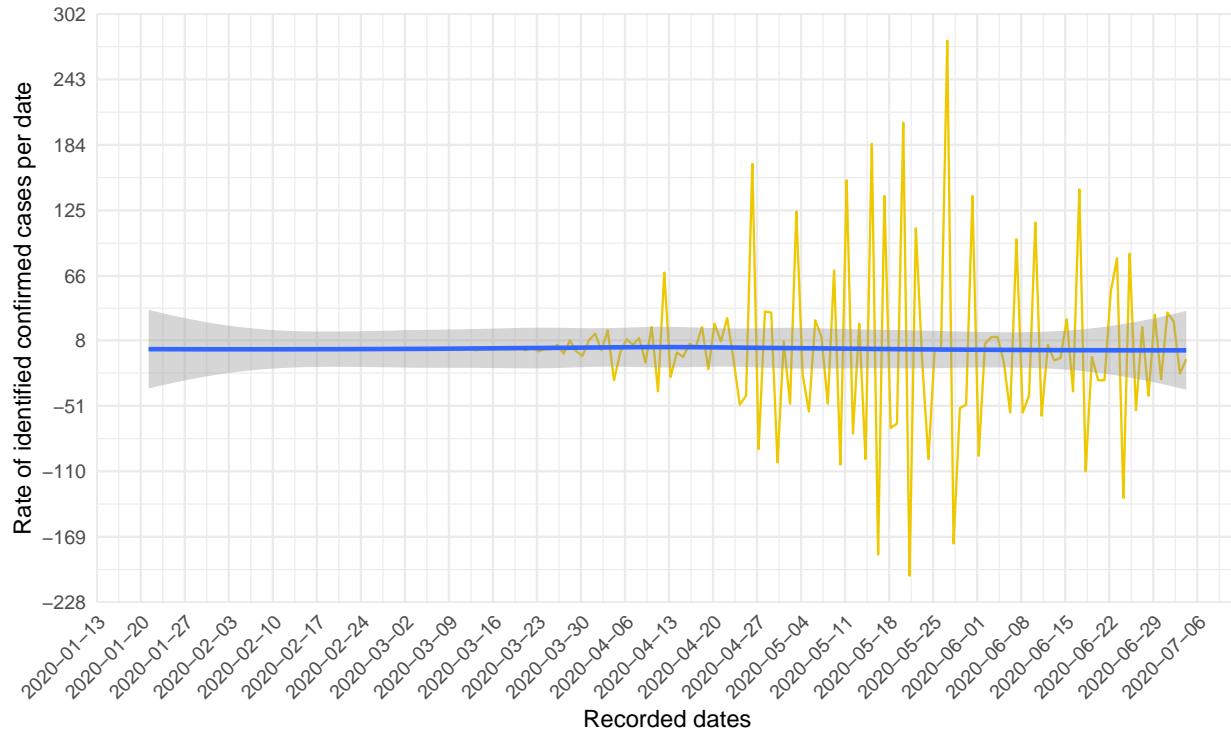

Guatemala – rate of increase of confirmed cases over time

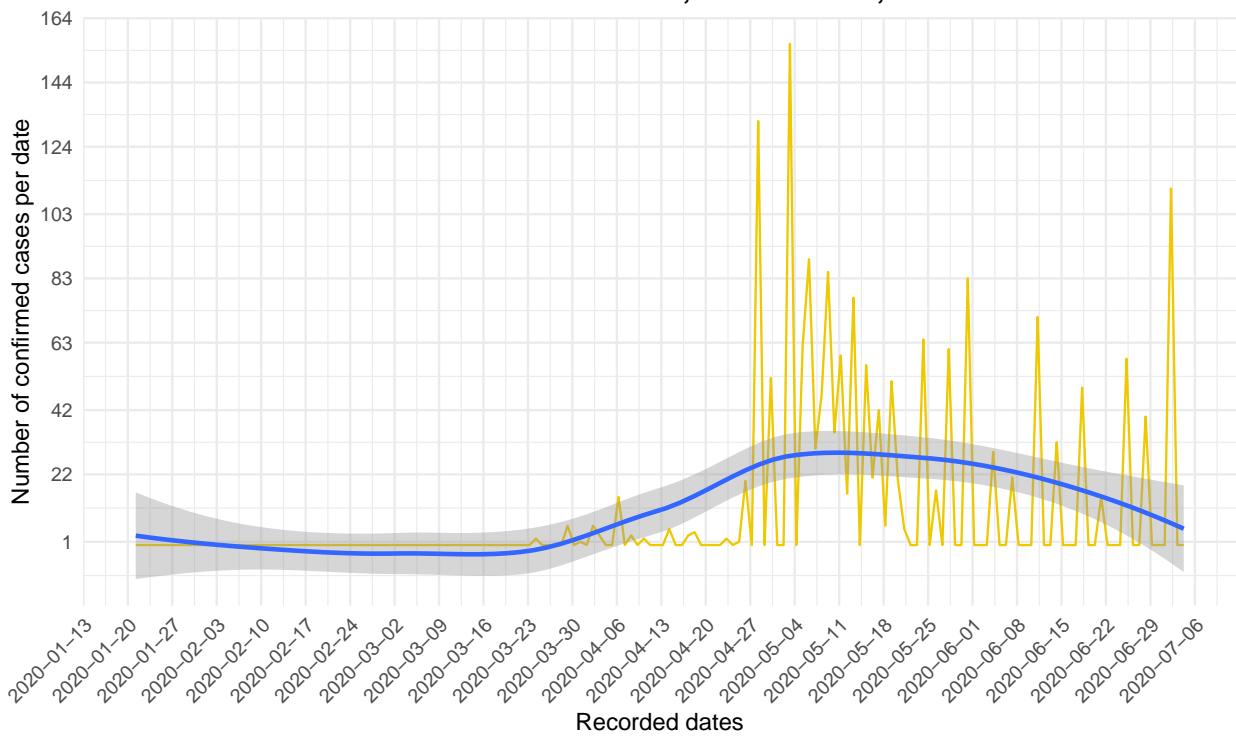

Guinea – confirmed cases over time, total cases: 5,610

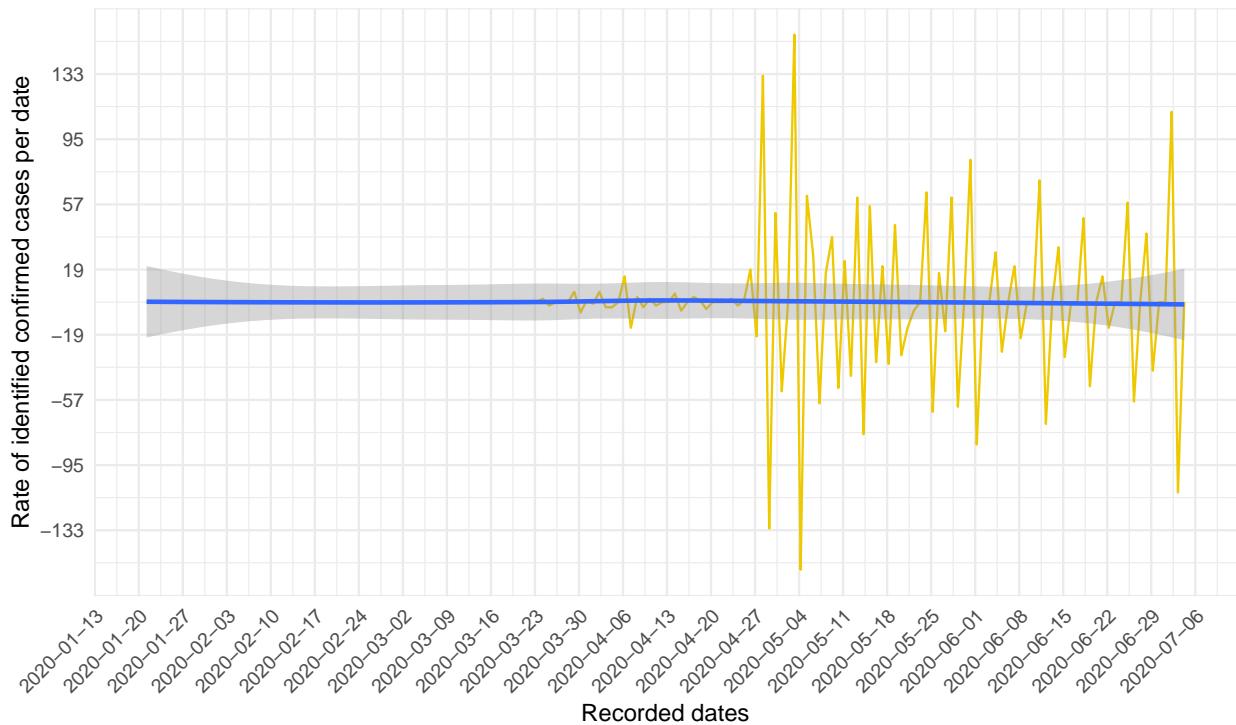

Guinea – rate of increase of confirmed cases over time

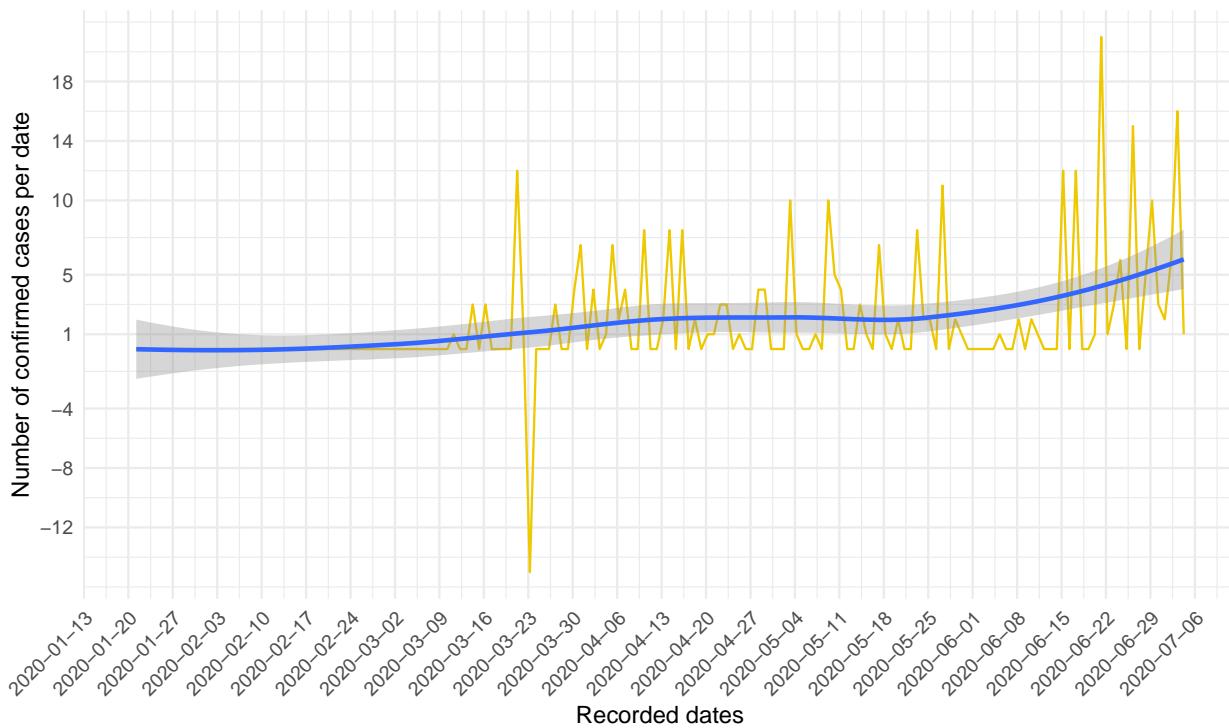

Guinea-Bissau – confirmed cases over time, total cases: 1,765

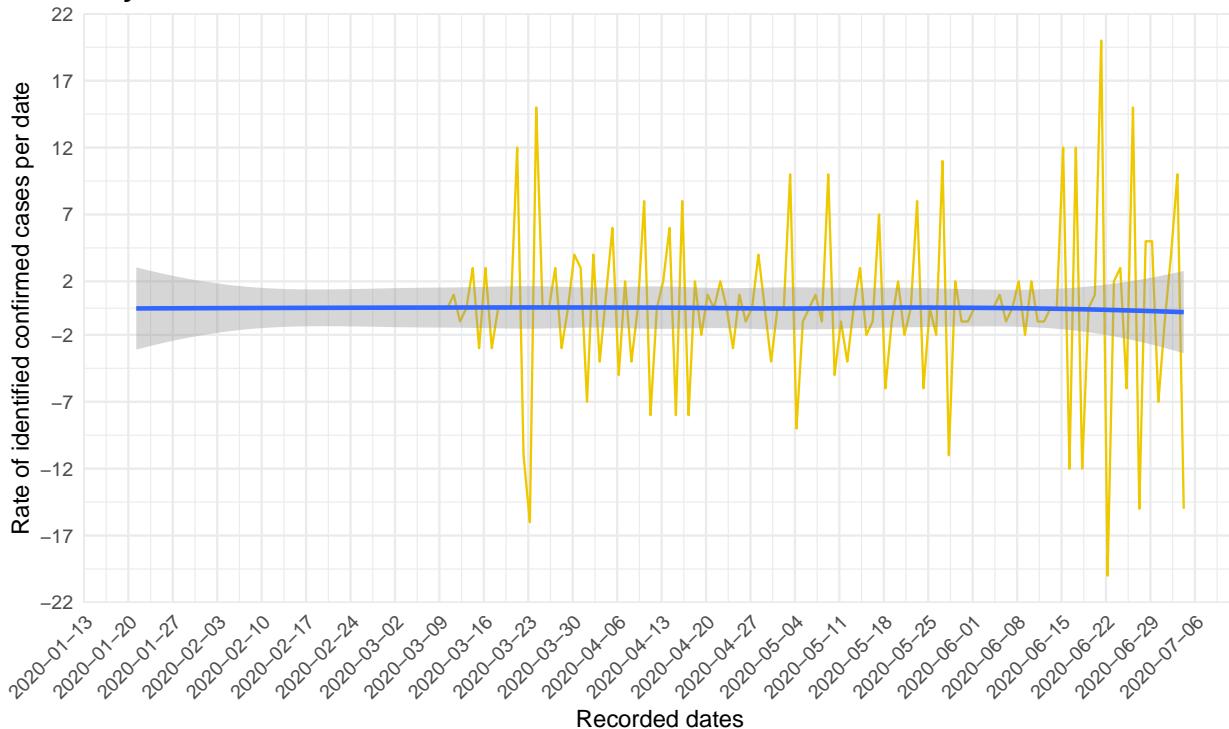

Guinea-Bissau – rate of increase of confirmed cases over time

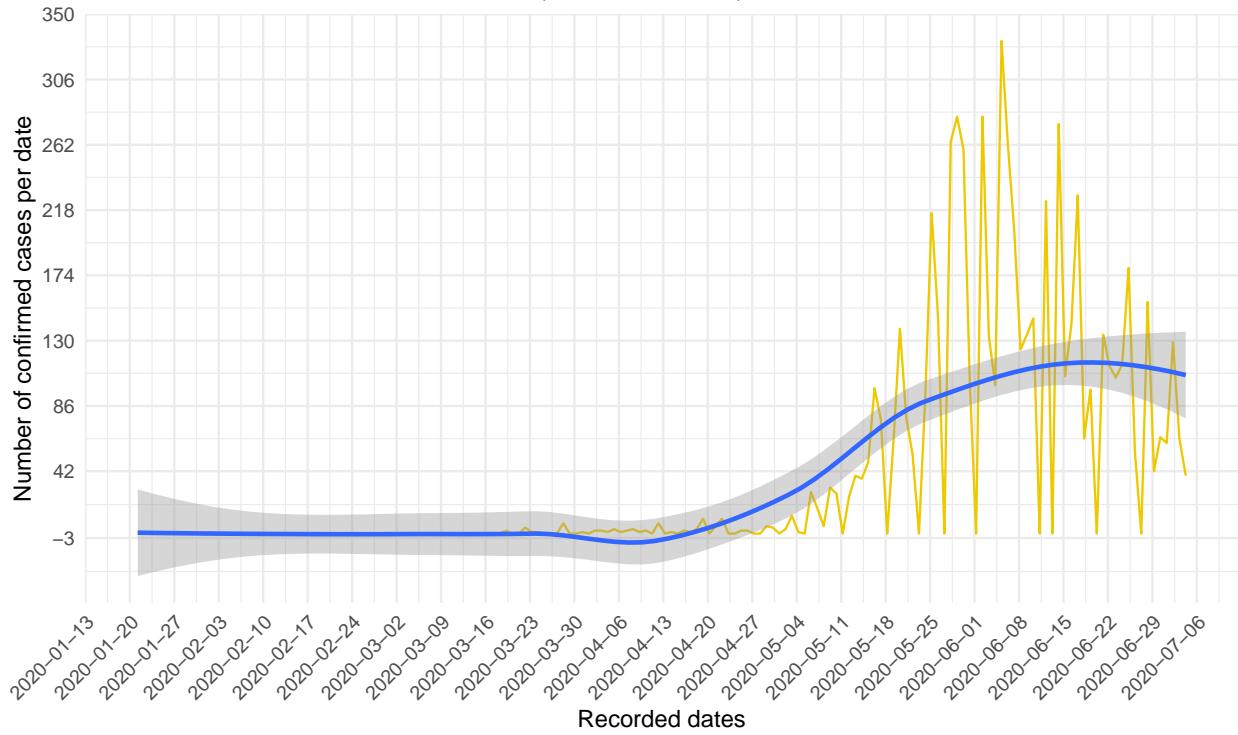

Guyana – confirmed cases over time, total cases: 273

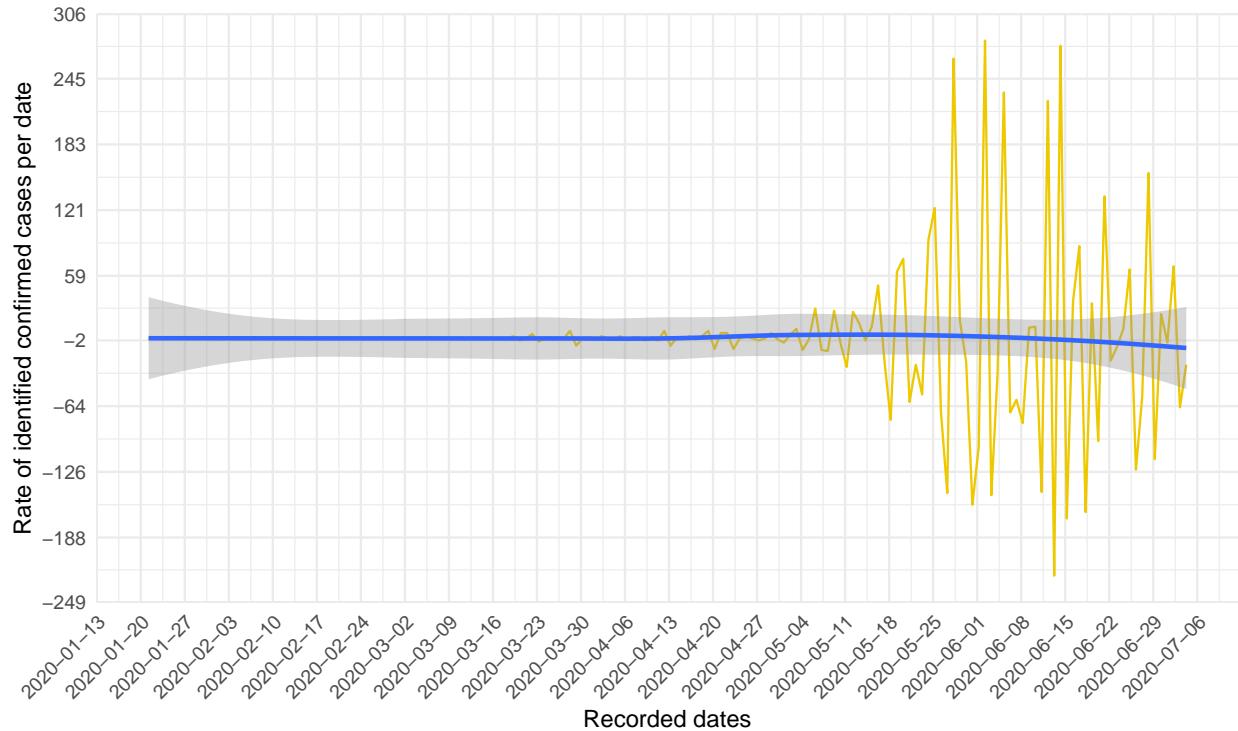

Guyana – rate of increase of confirmed cases over time

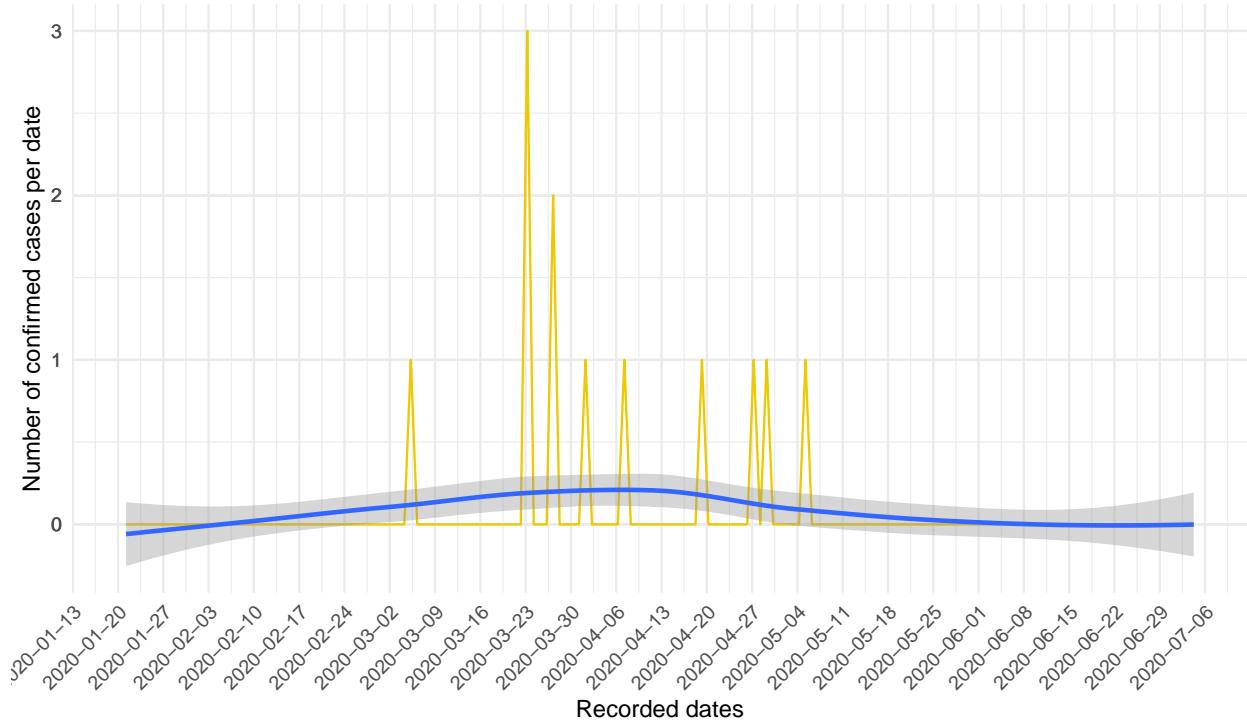

Haiti – confirmed cases over time, total cases: 6,333

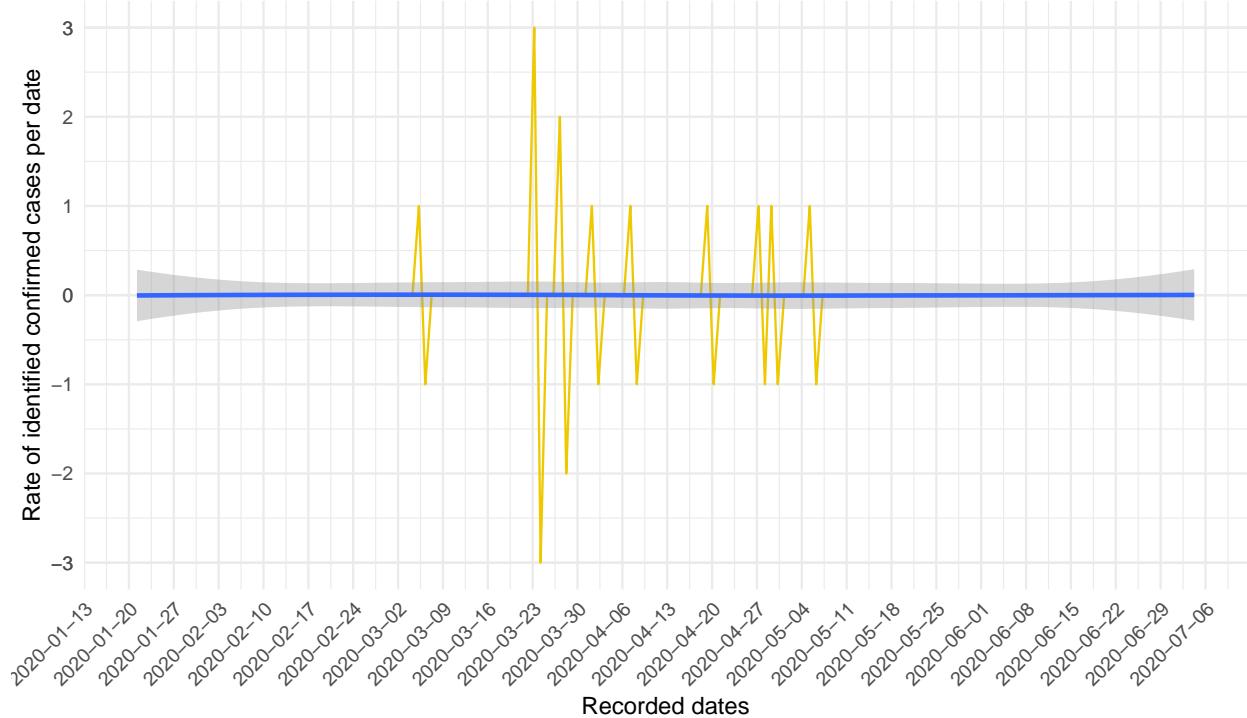

Haiti – rate of increase of confirmed cases over time

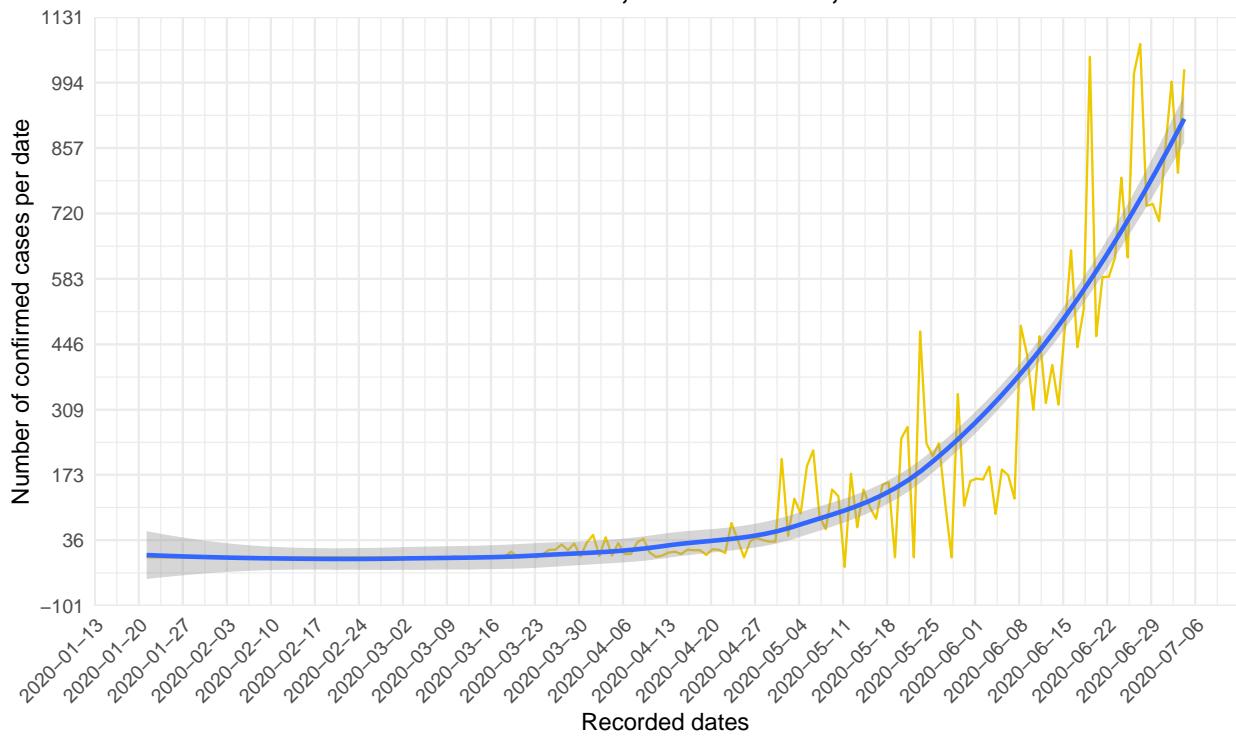

Holy See – confirmed cases over time, total cases: 12

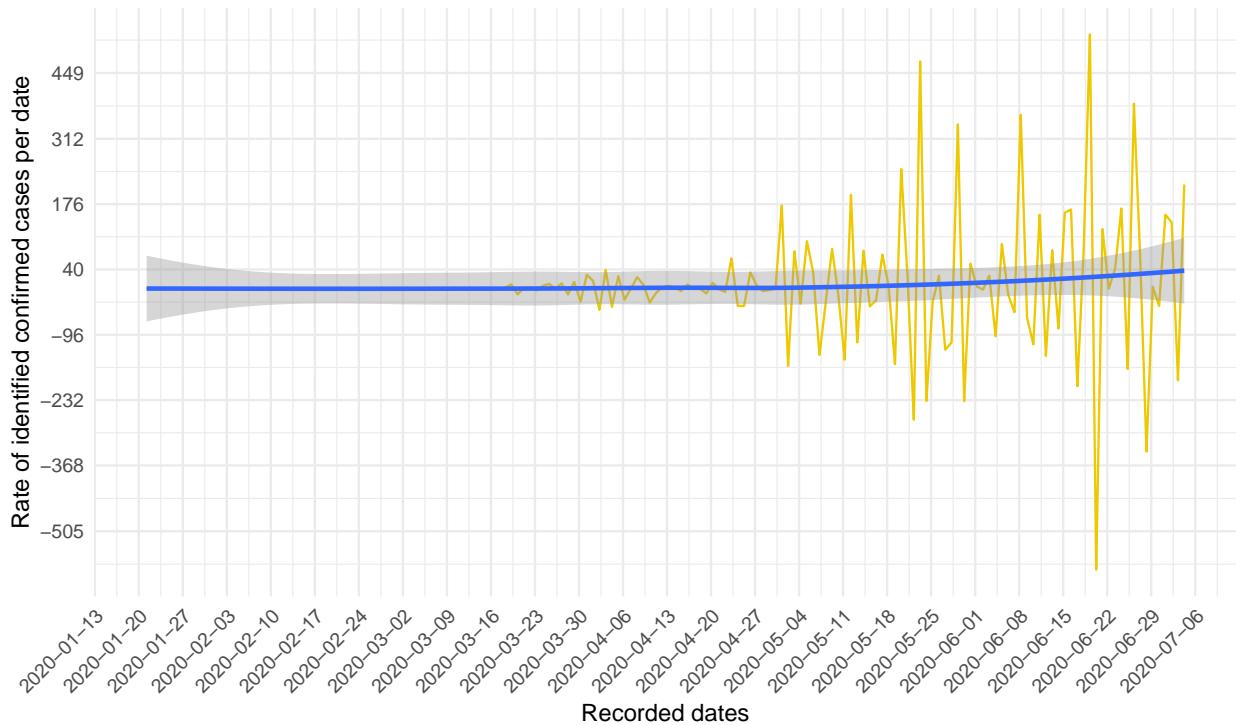

Holy See – rate of increase of confirmed cases over time

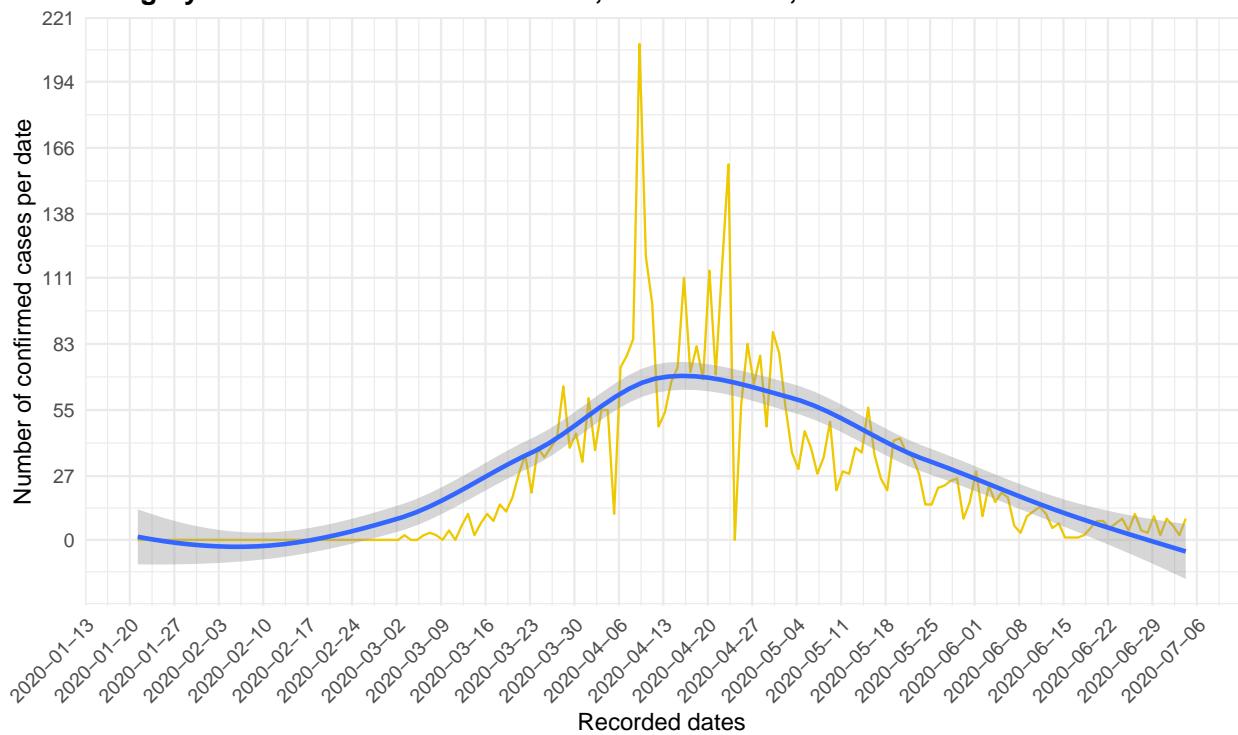

Honduras – confirmed cases over time, total cases: 23,943

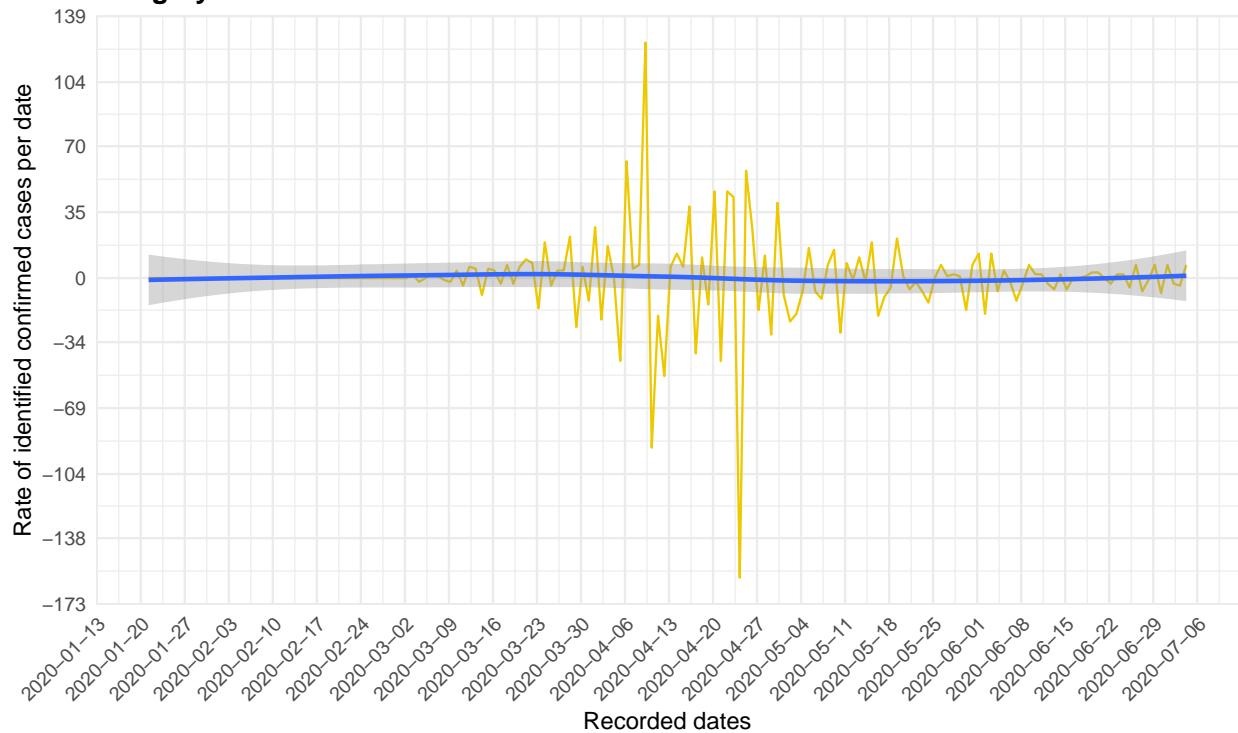

Honduras – rate of increase of confirmed cases over time

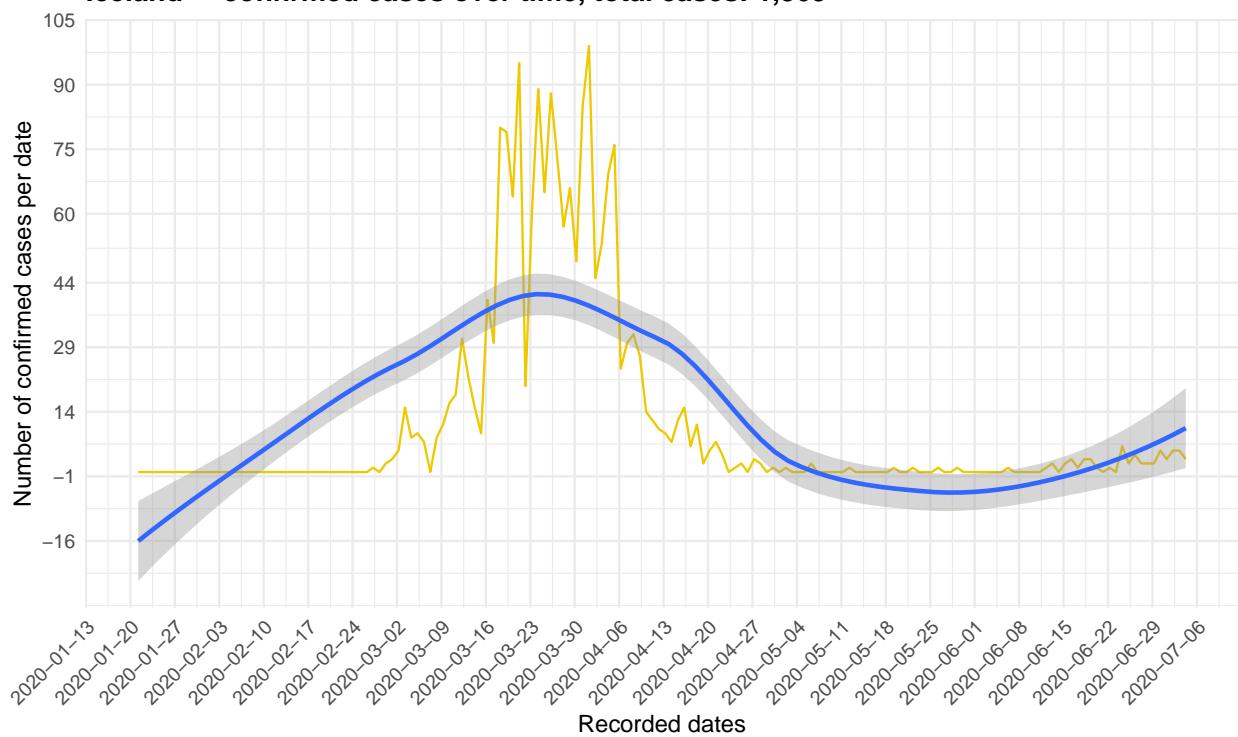

Hungary – confirmed cases over time, total cases: 4,183

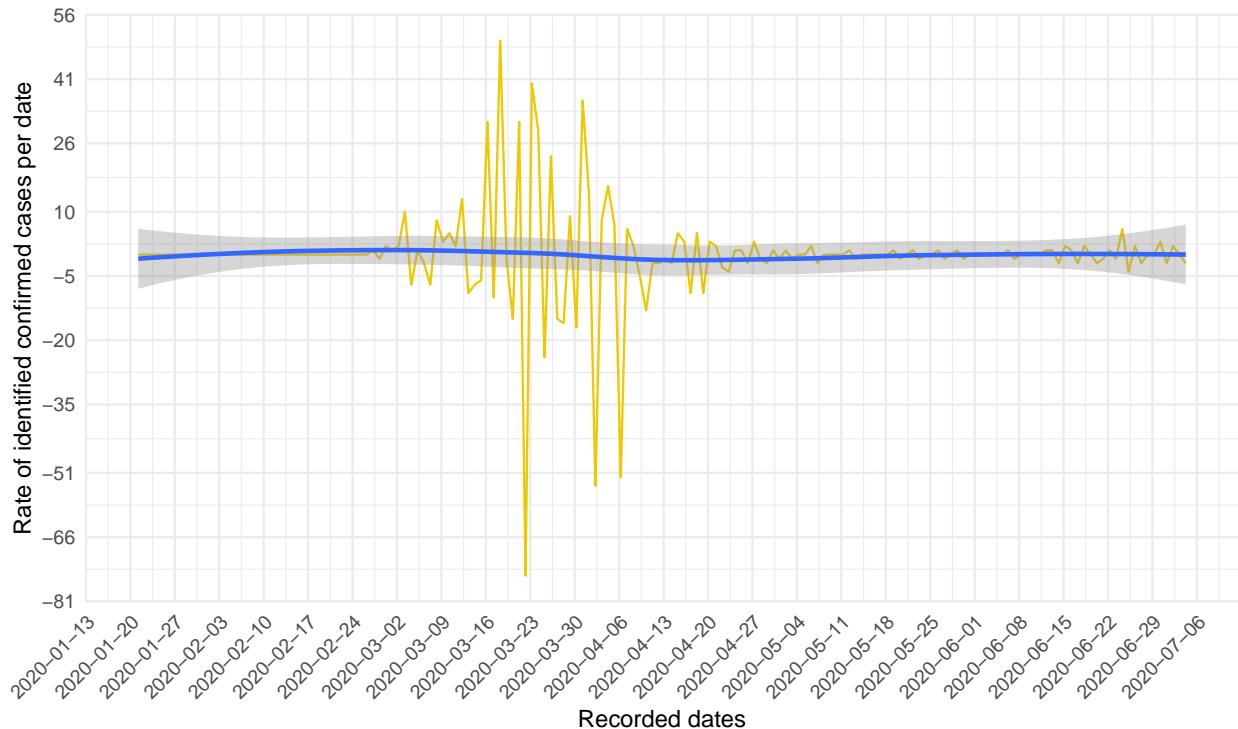

Hungary – rate of increase of confirmed cases over time

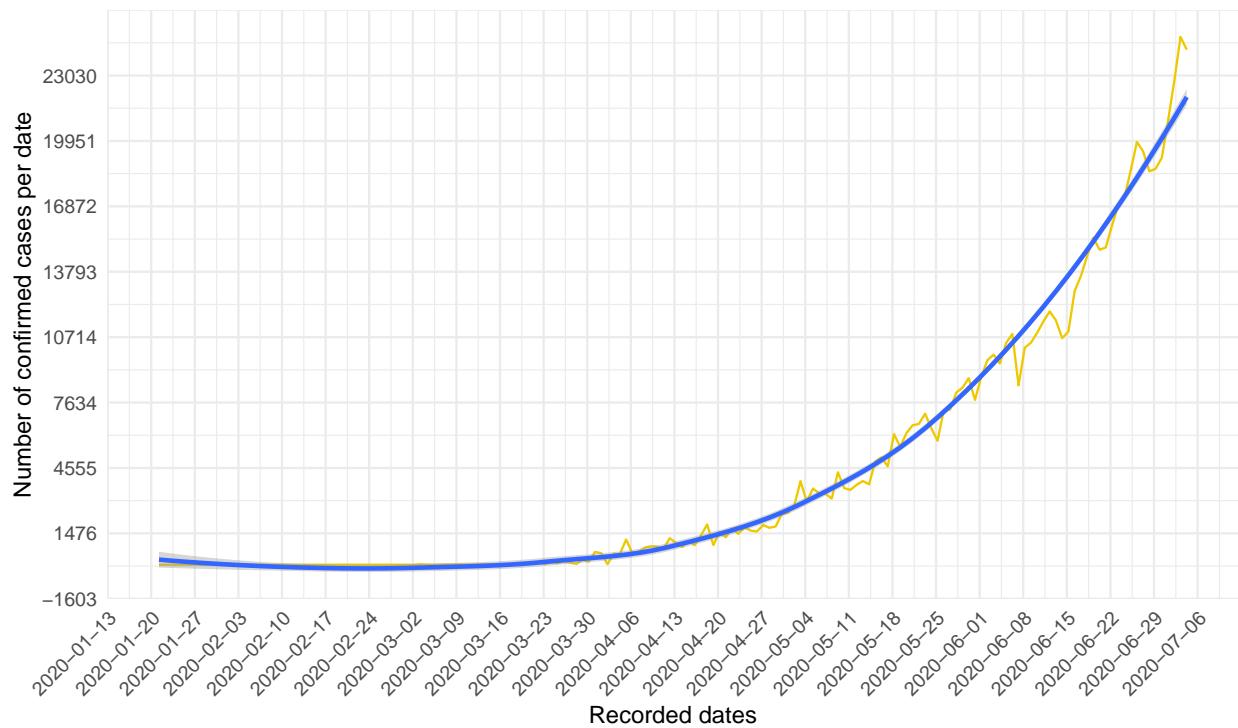

Iceland – confirmed cases over time, total cases: 1,863

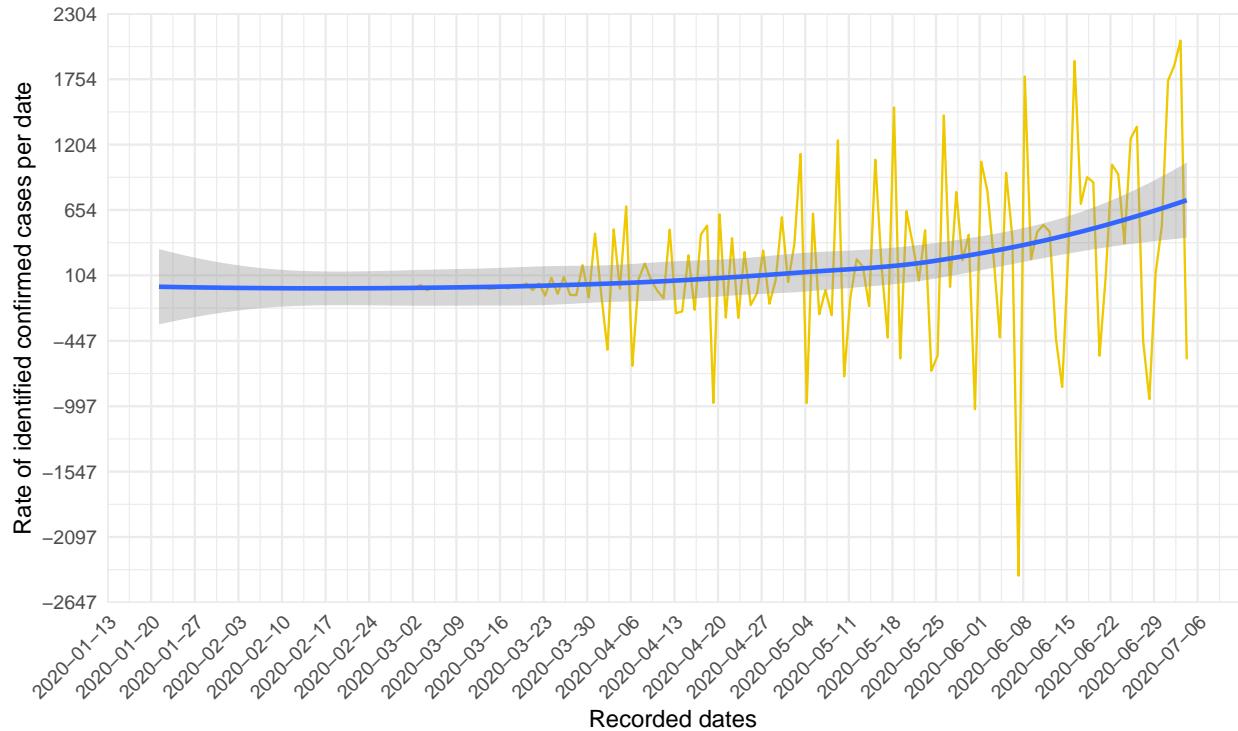

Iceland – rate of increase of confirmed cases over time

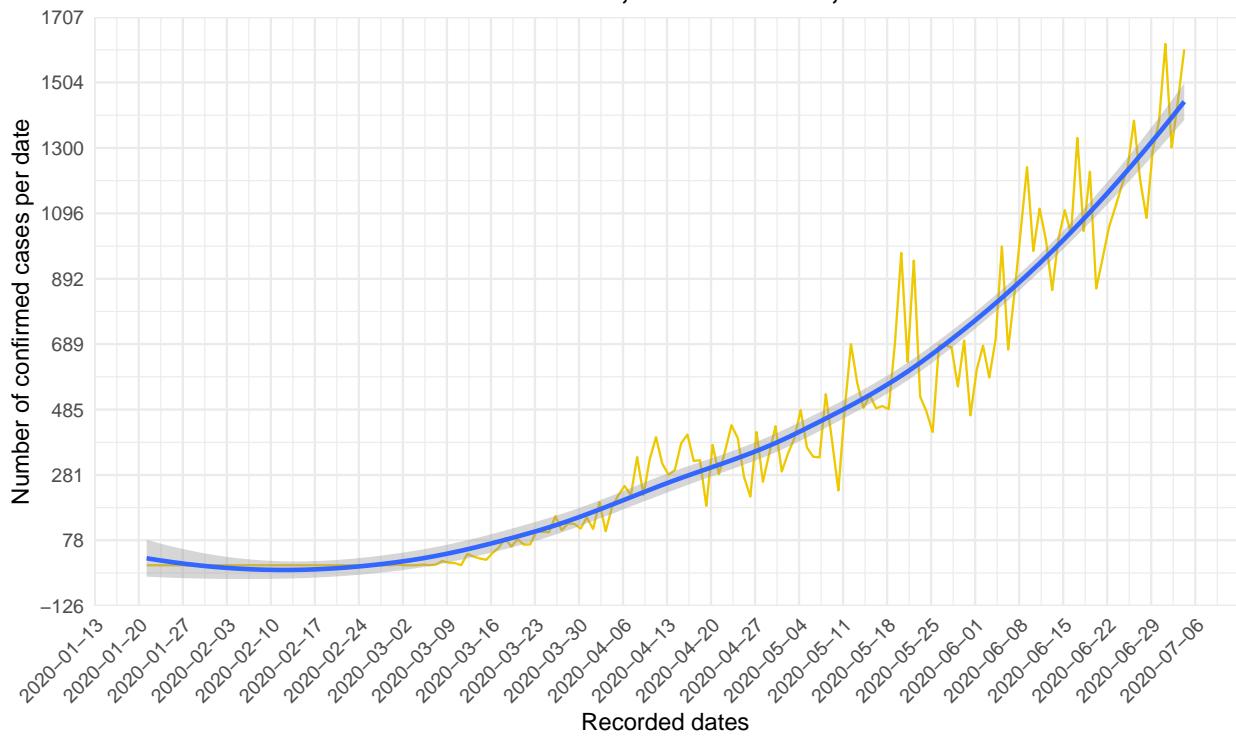

India – confirmed cases over time, total cases: 697,413

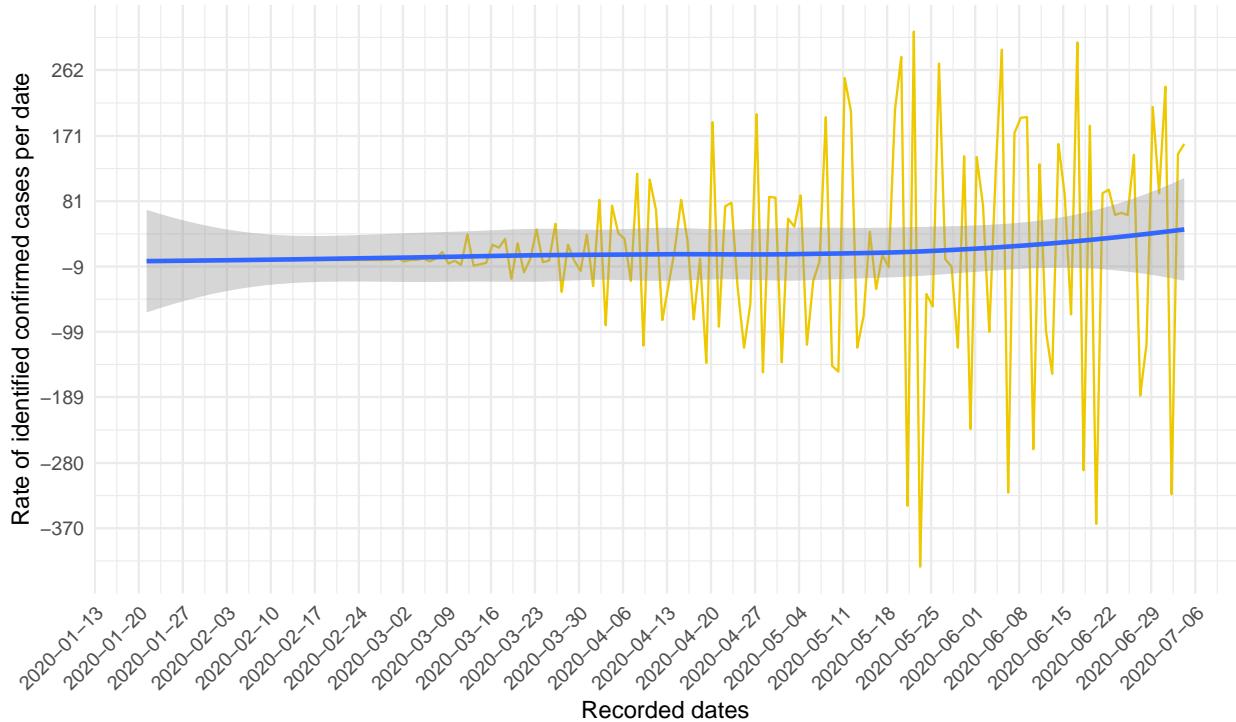

India – rate of increase of confirmed cases over time

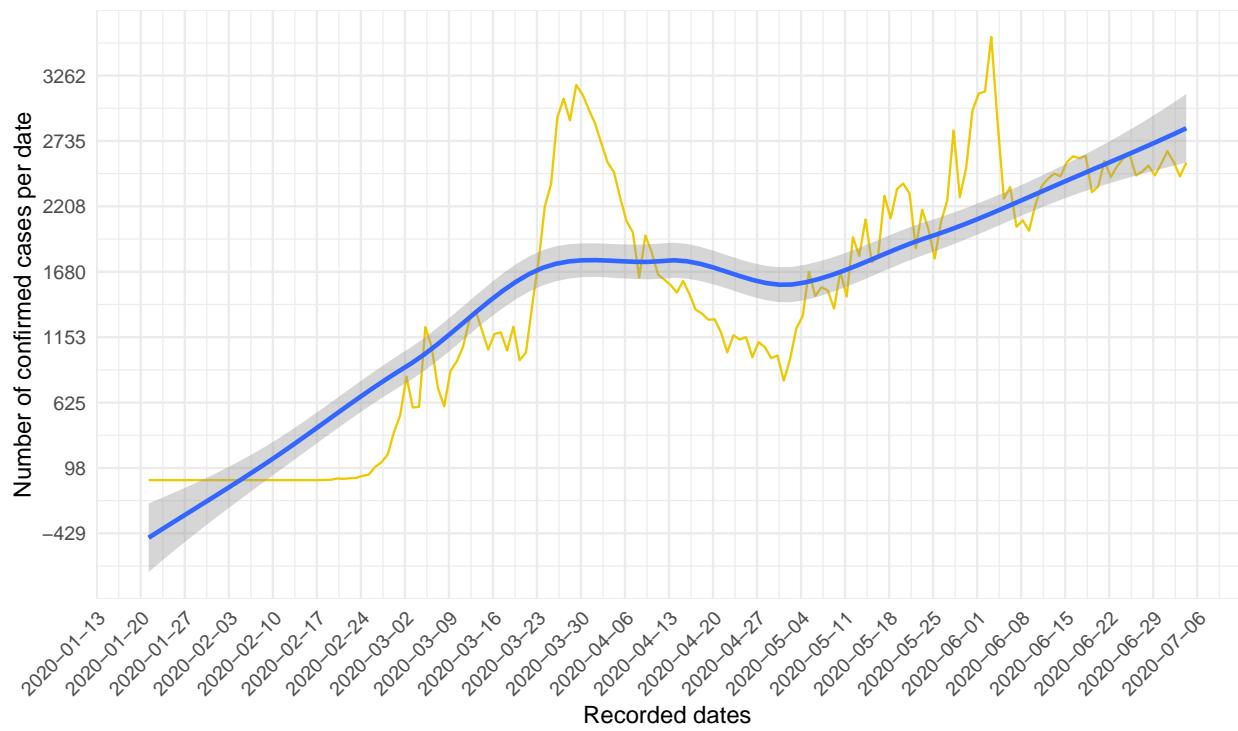

Indonesia – confirmed cases over time, total cases: 63,749

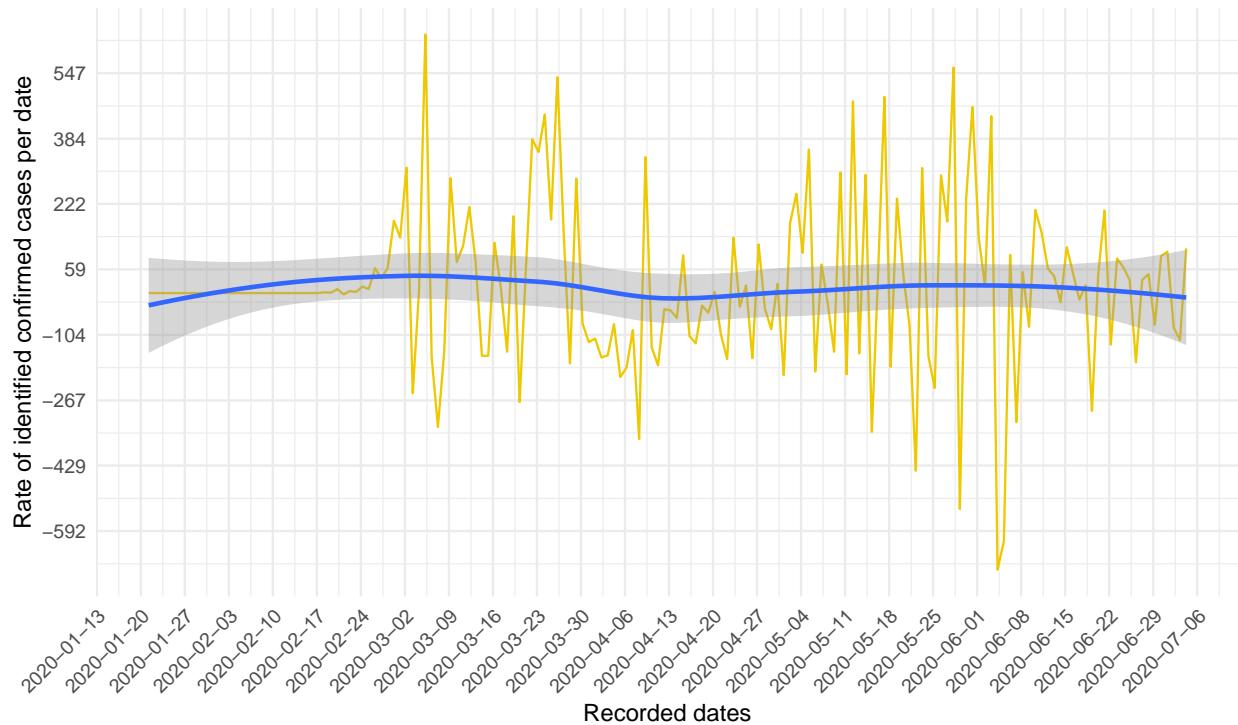

Indonesia – rate of increase of confirmed cases over time

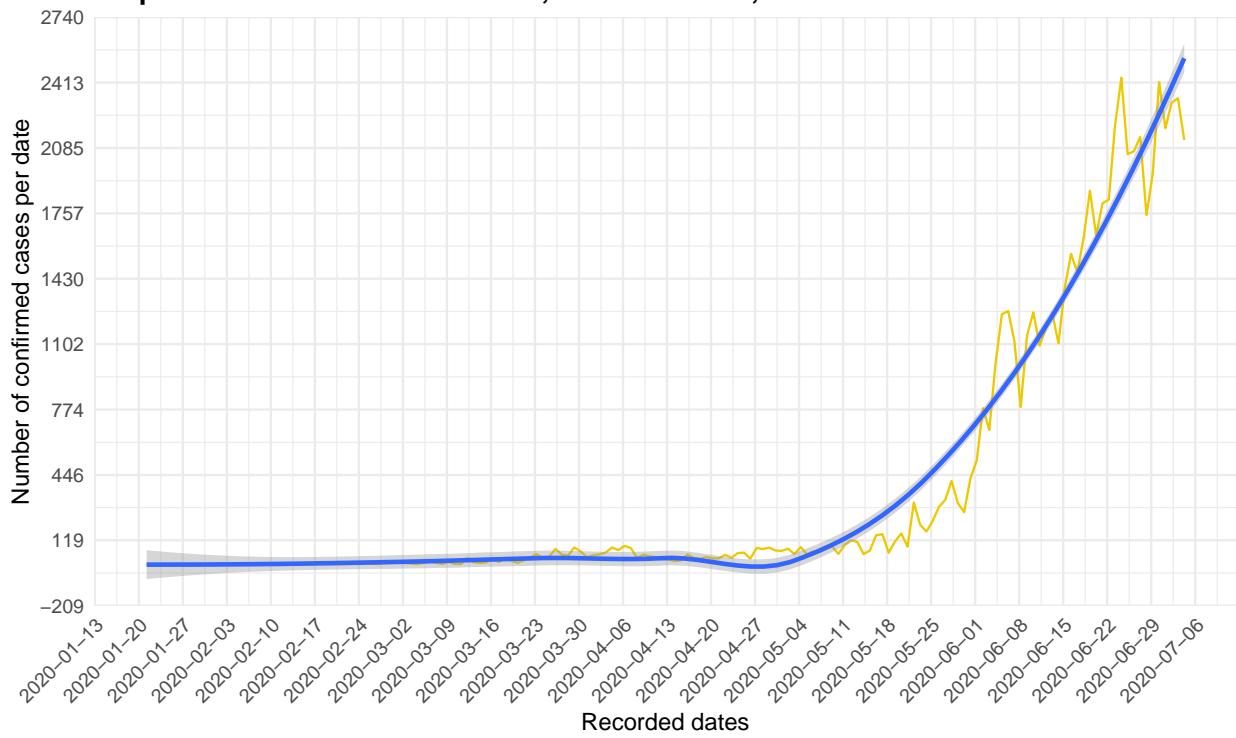

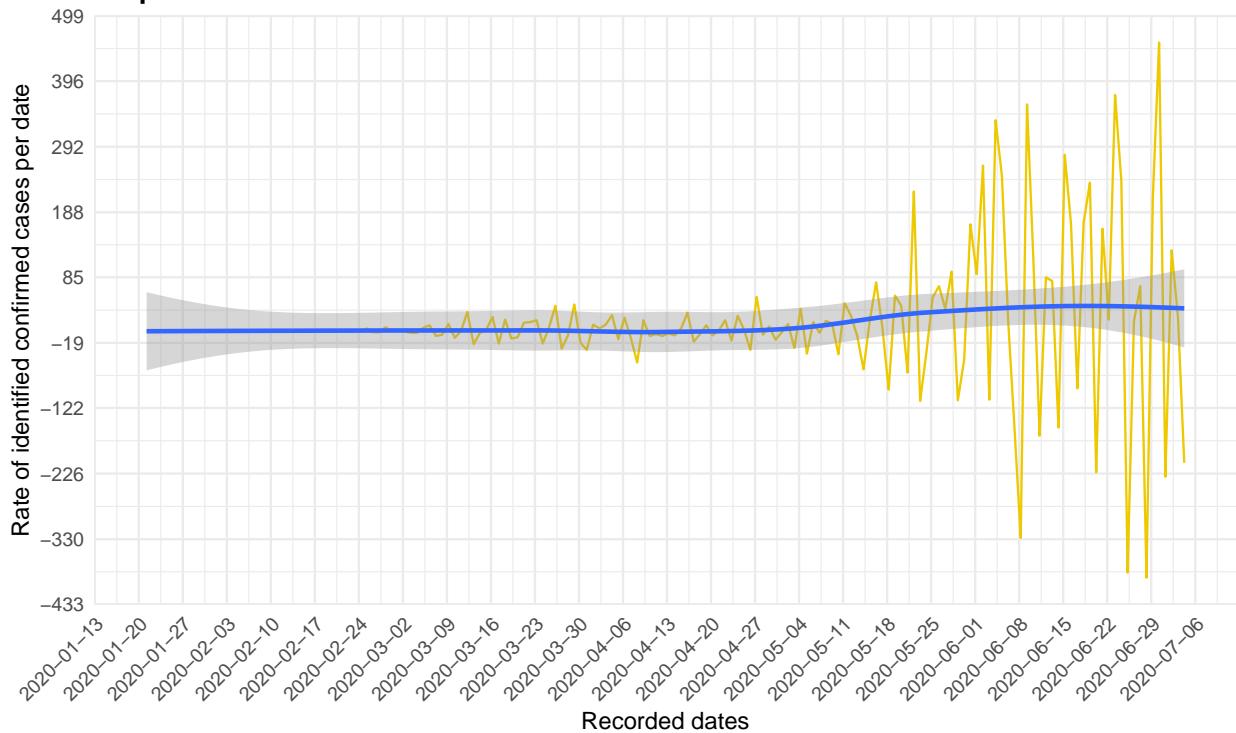

Iran – confirmed cases over time, total cases: 240,438

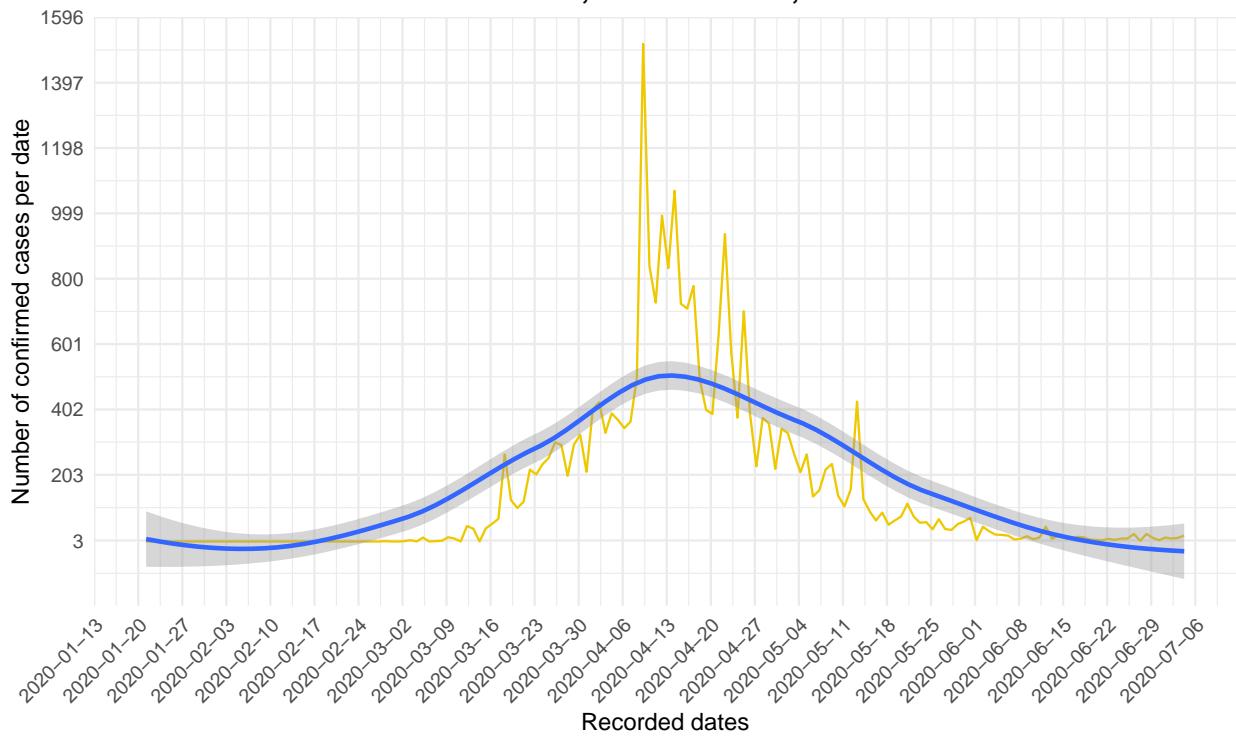

Iran – rate of increase of confirmed cases over time

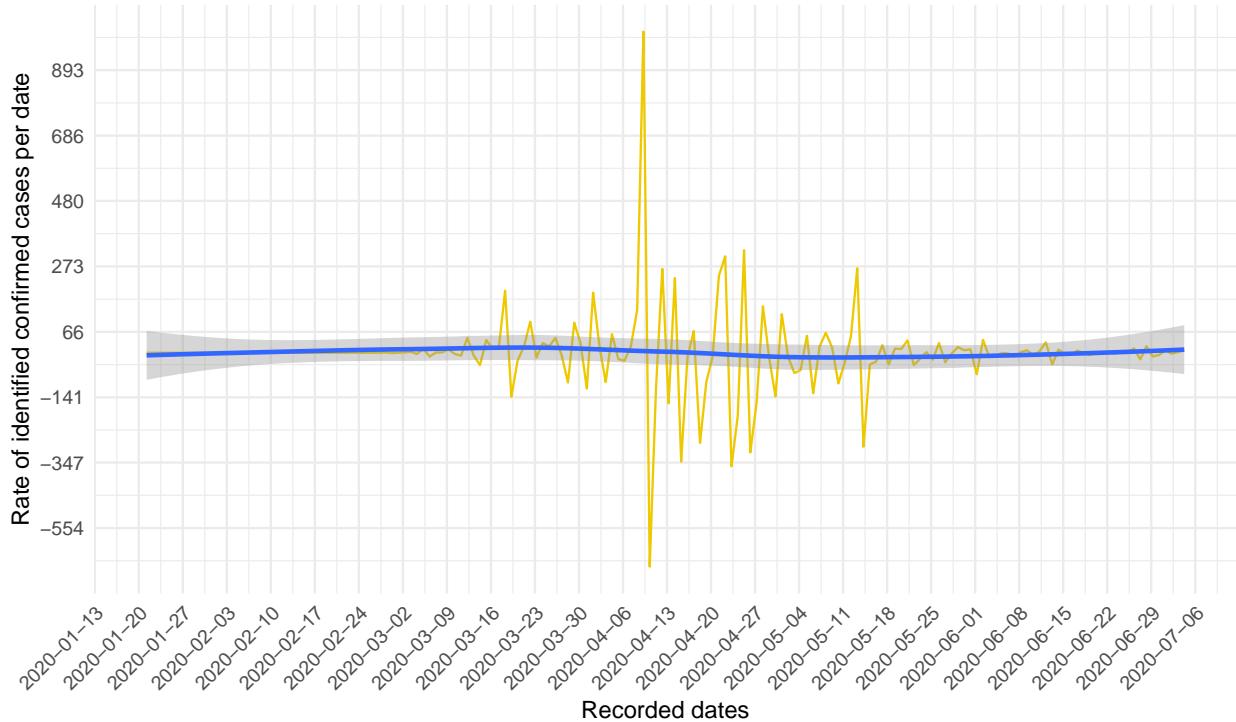

Iraq – confirmed cases over time, total cases: 60,479**Iraq – rate of increase of confirmed cases over time**

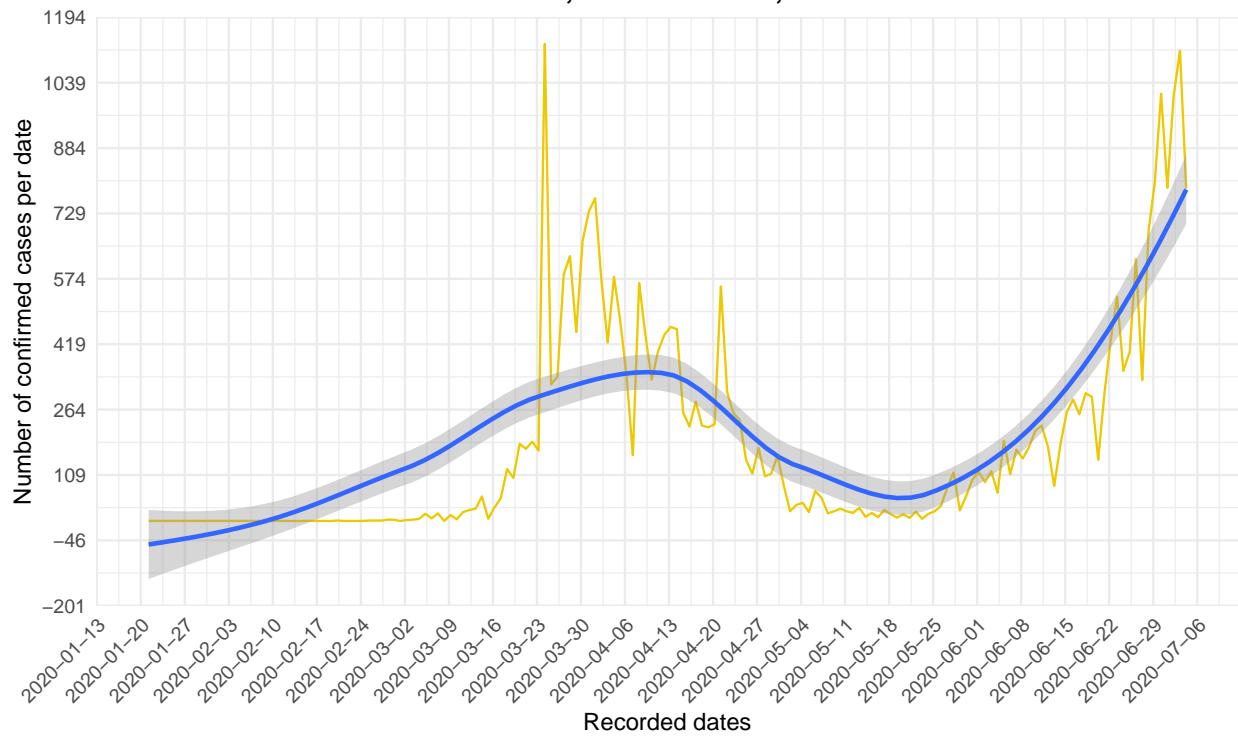

Ireland – confirmed cases over time, total cases: 25,527

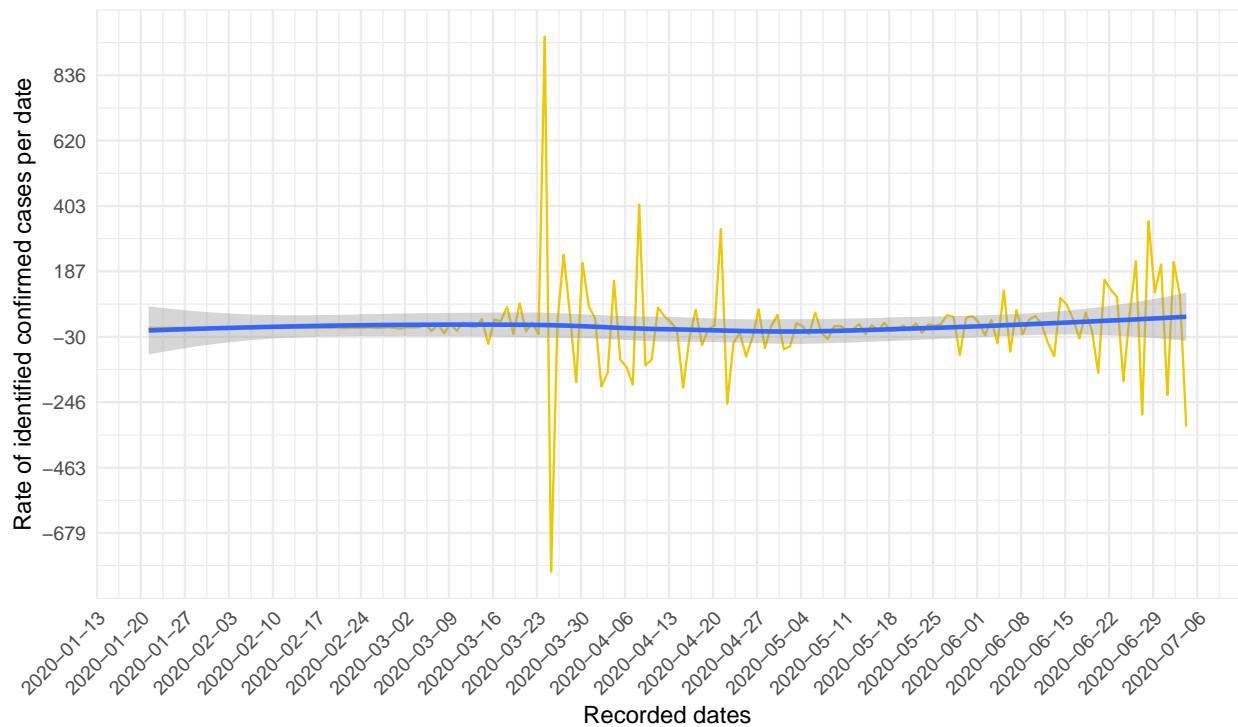

Ireland – rate of increase of confirmed cases over time

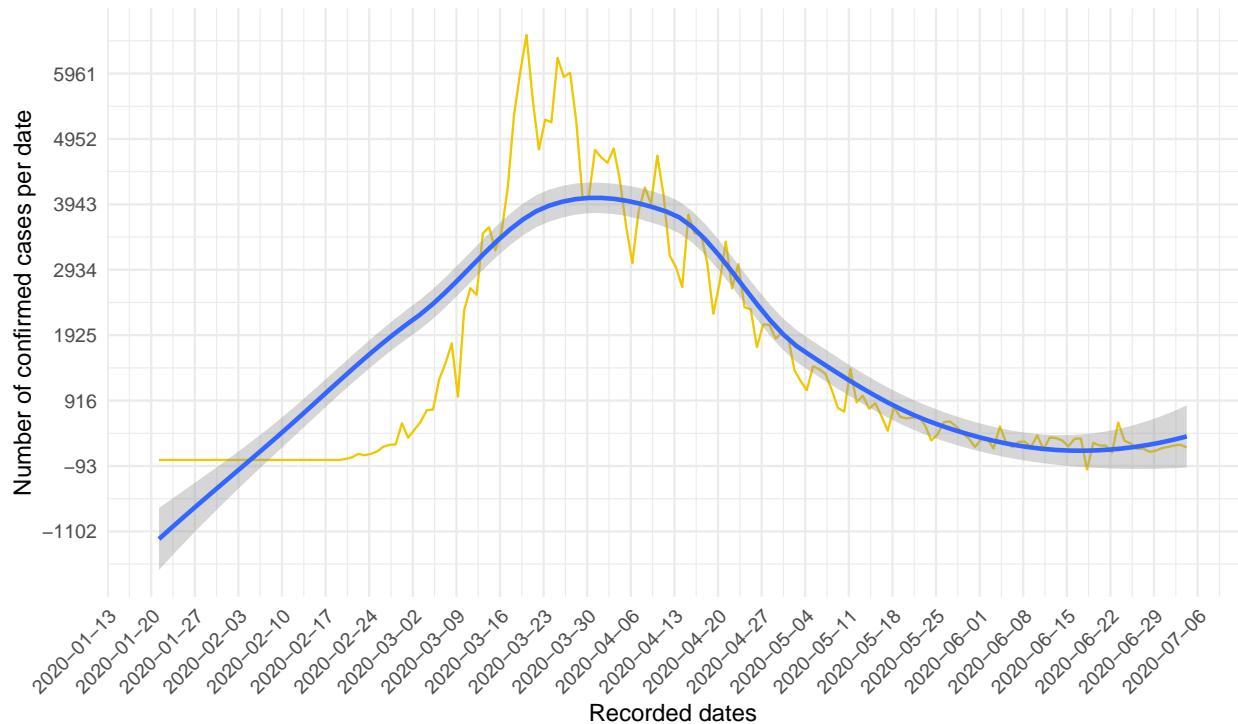

Israel – confirmed cases over time, total cases: 29,958

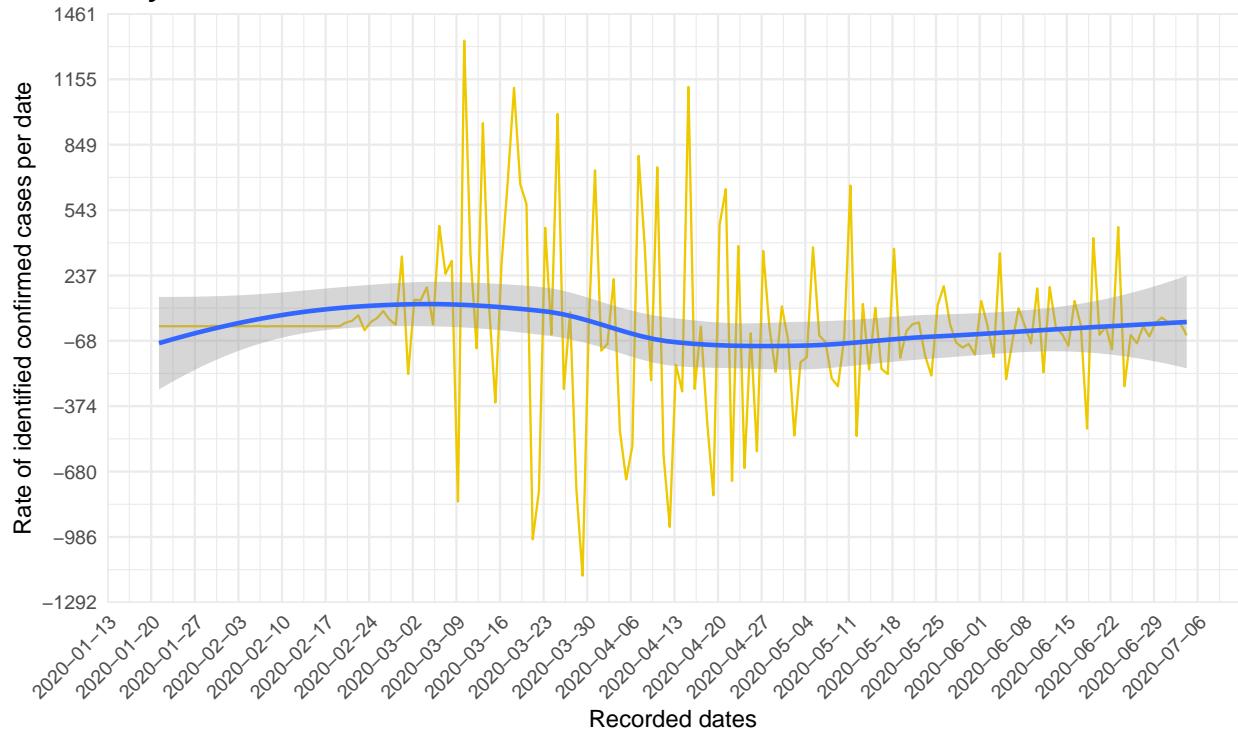

Israel – rate of increase of confirmed cases over time

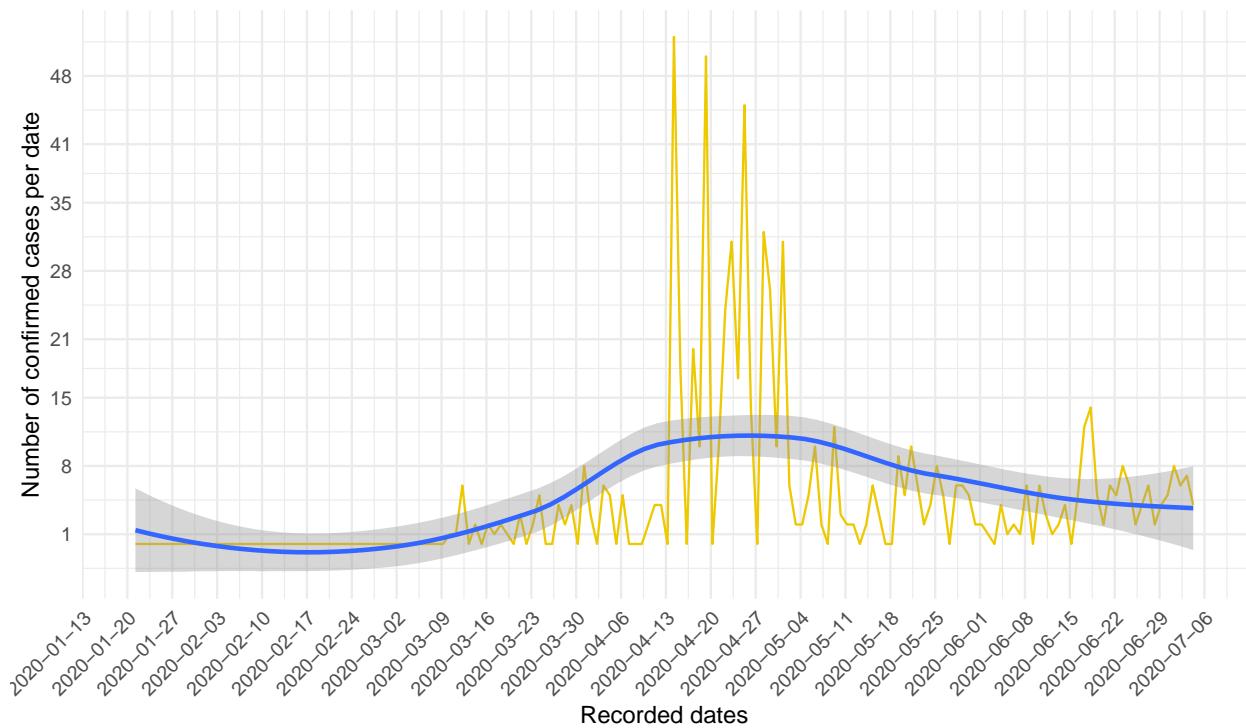

Italy – confirmed cases over time, total cases: 241,611

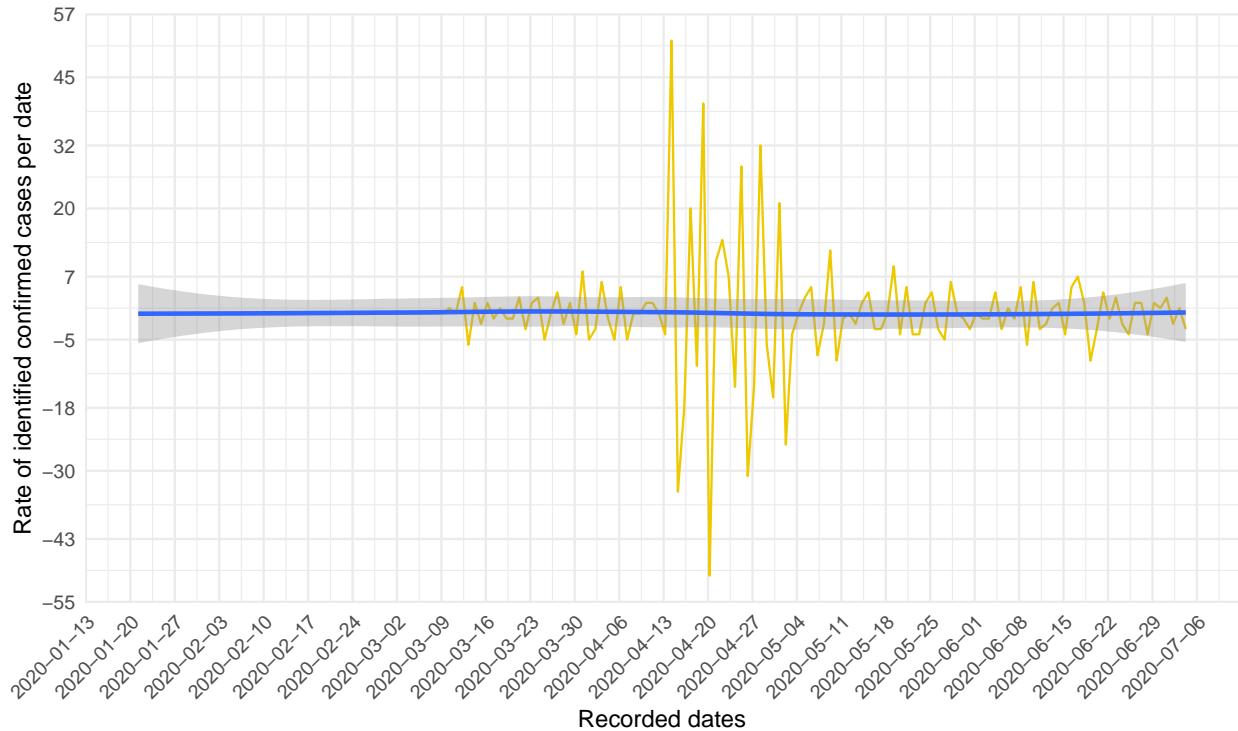

Italy – rate of increase of confirmed cases over time

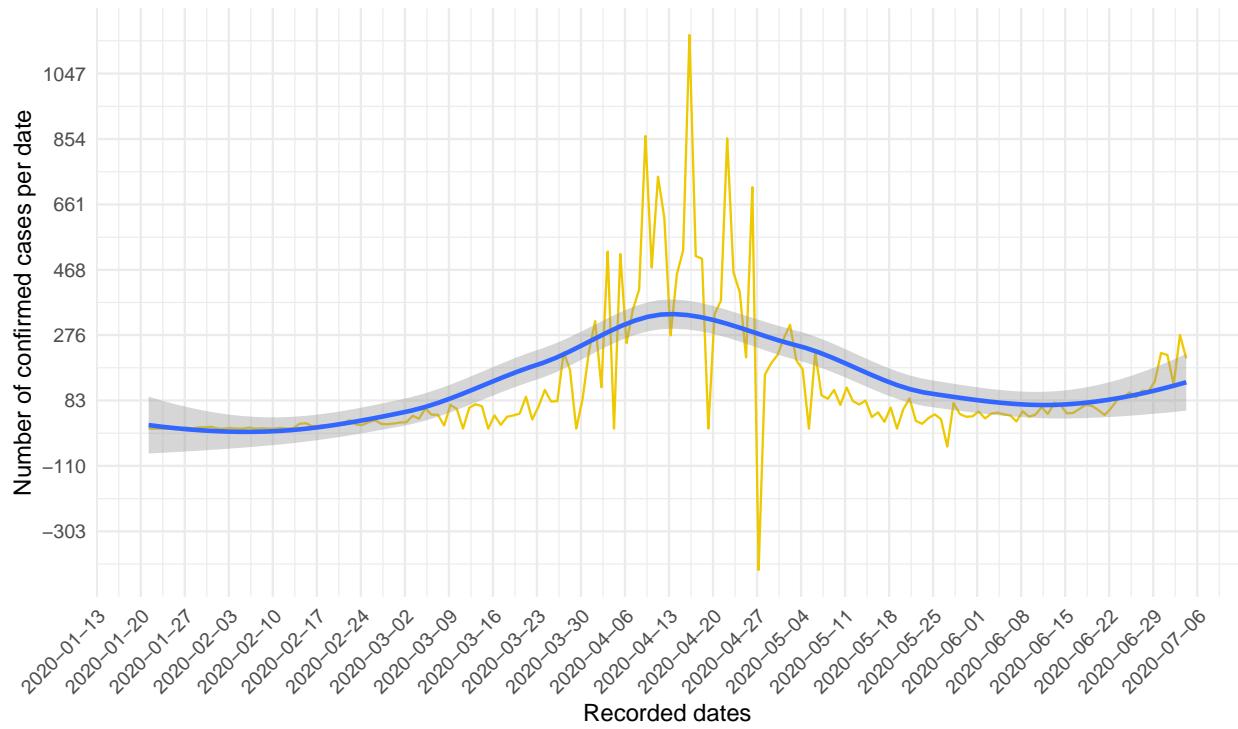

Jamaica – confirmed cases over time, total cases: 732

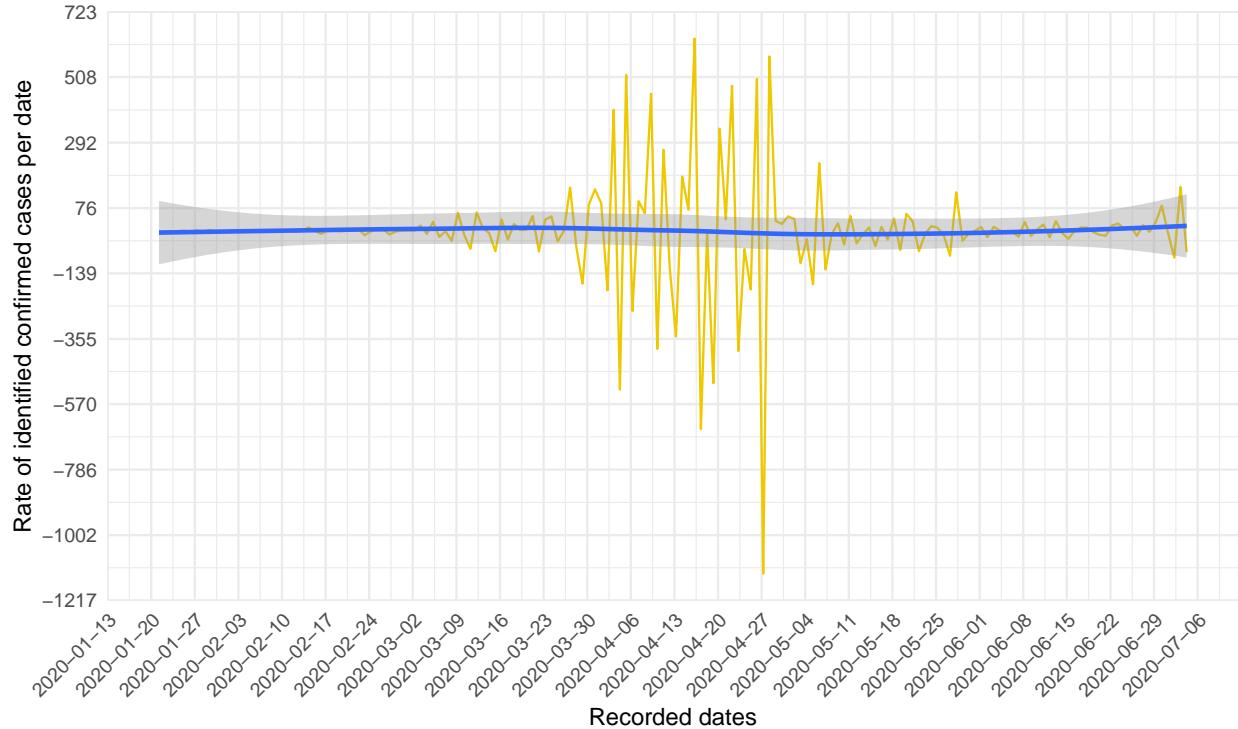

Jamaica – rate of increase of confirmed cases over time

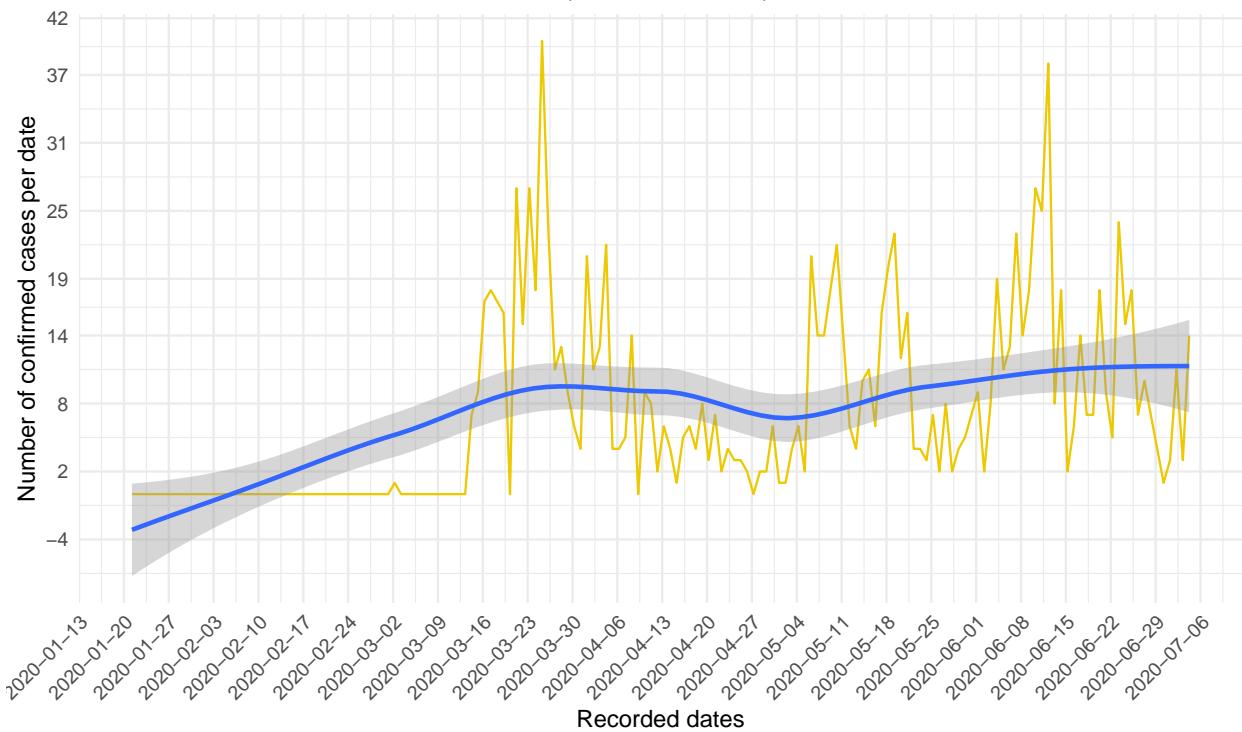

Japan – confirmed cases over time, total cases: 19,668

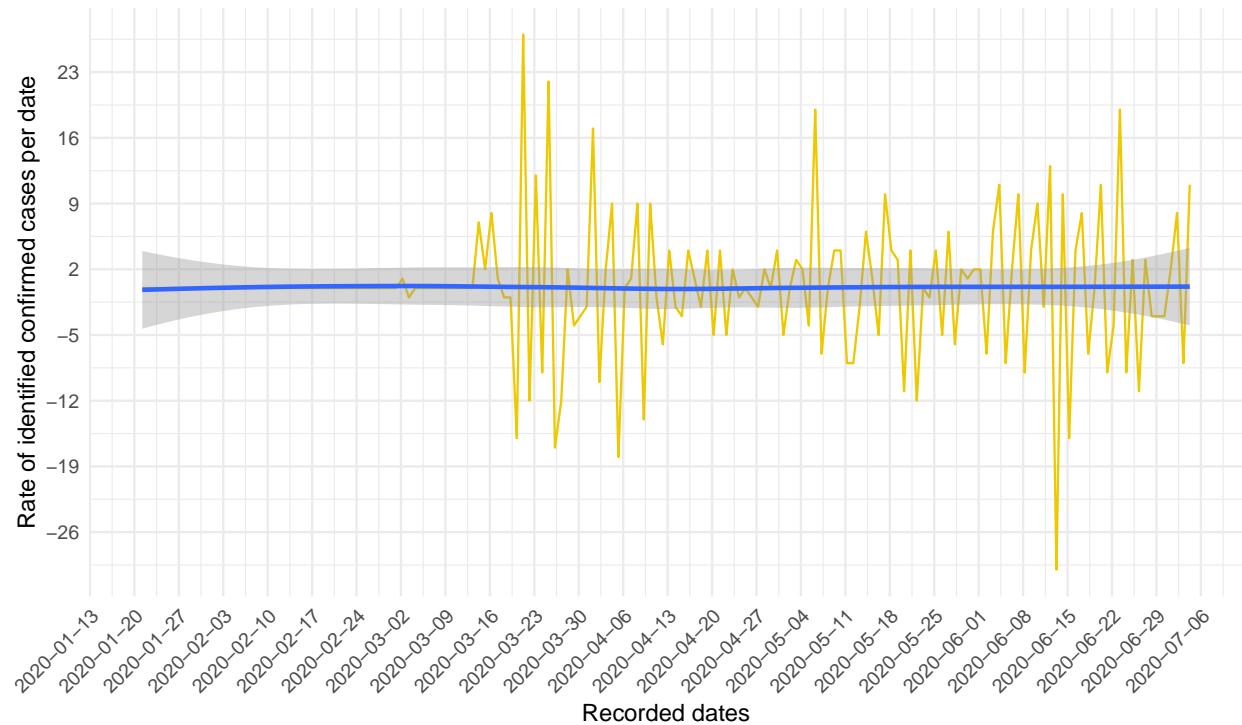

Japan – rate of increase of confirmed cases over time

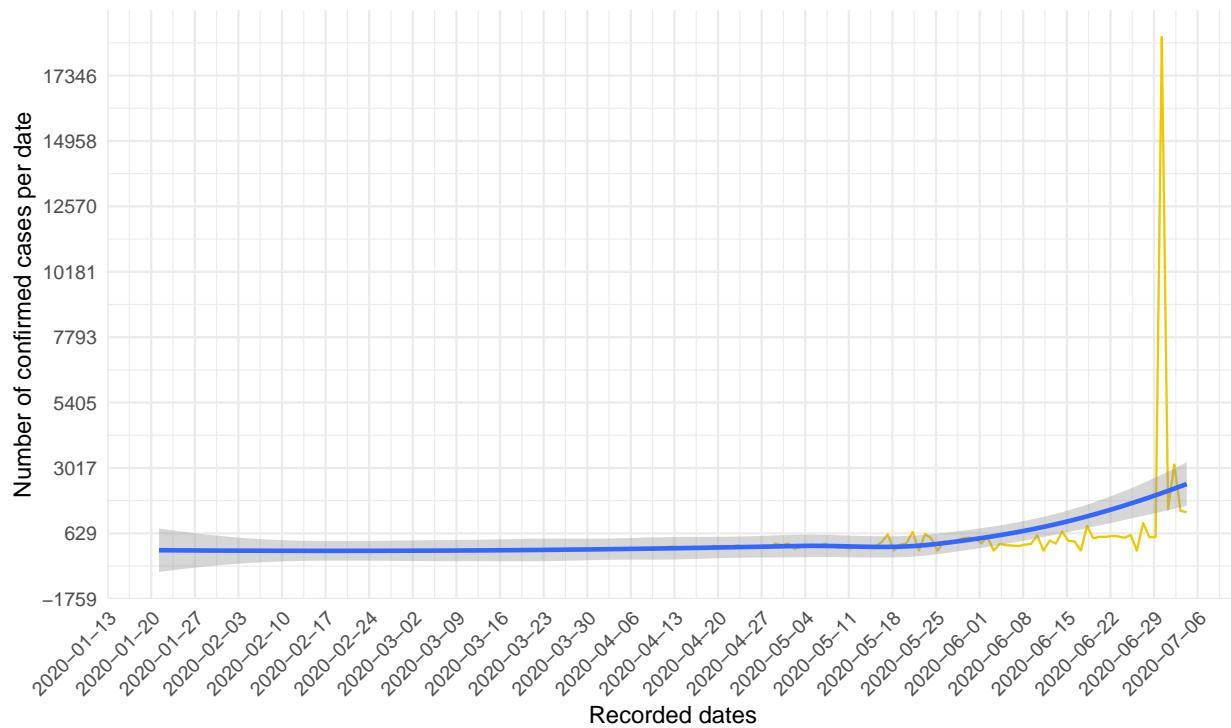

Jordan – confirmed cases over time, total cases: 1,164

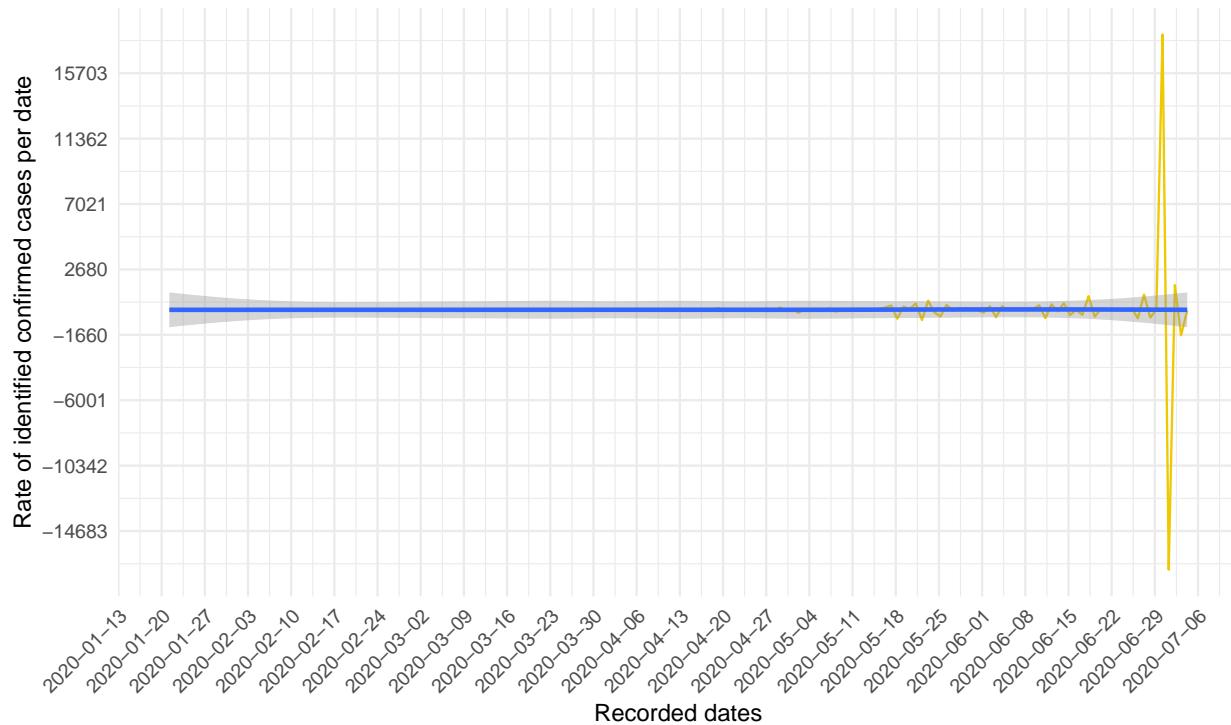

Jordan – rate of increase of confirmed cases over time

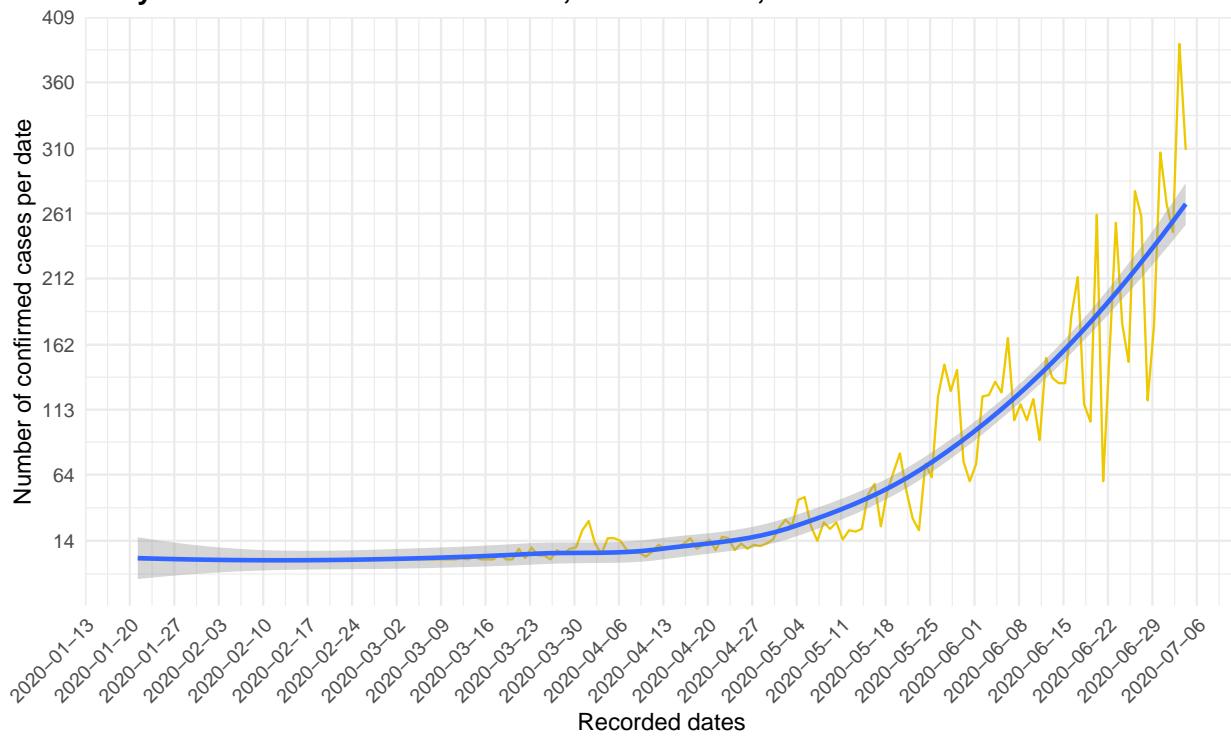

Kazakhstan – confirmed cases over time, total cases: 48,574

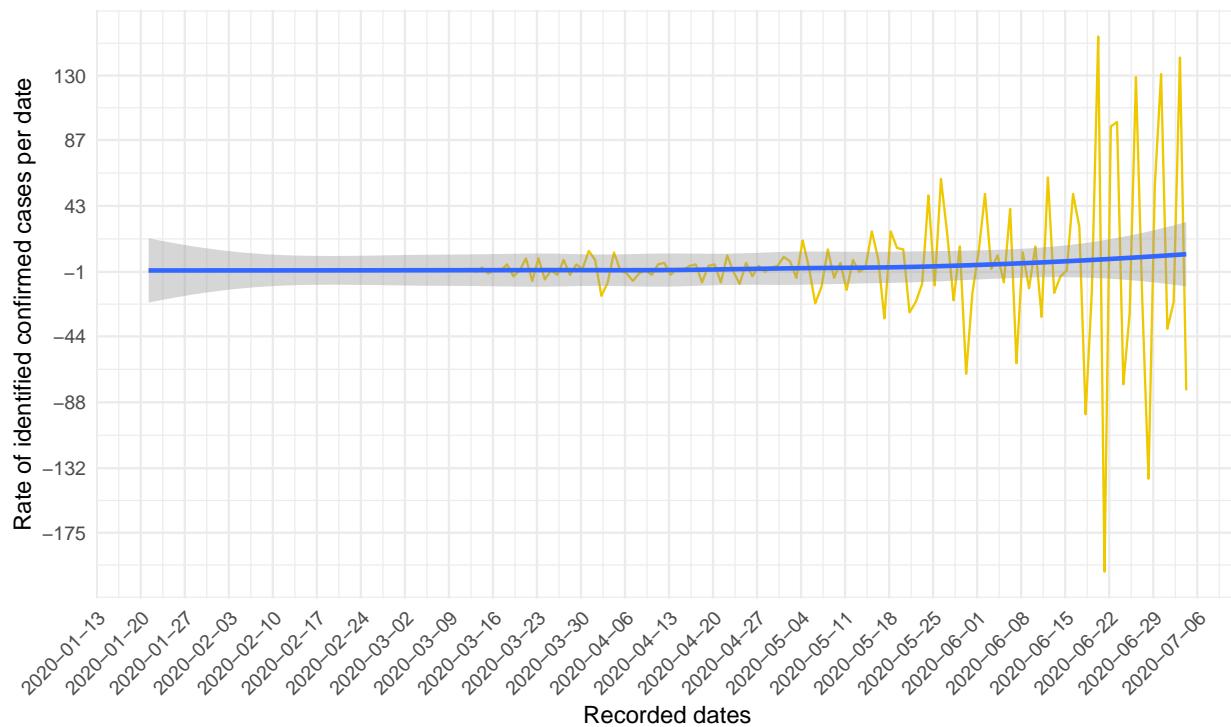

Kazakhstan – rate of increase of confirmed cases over time

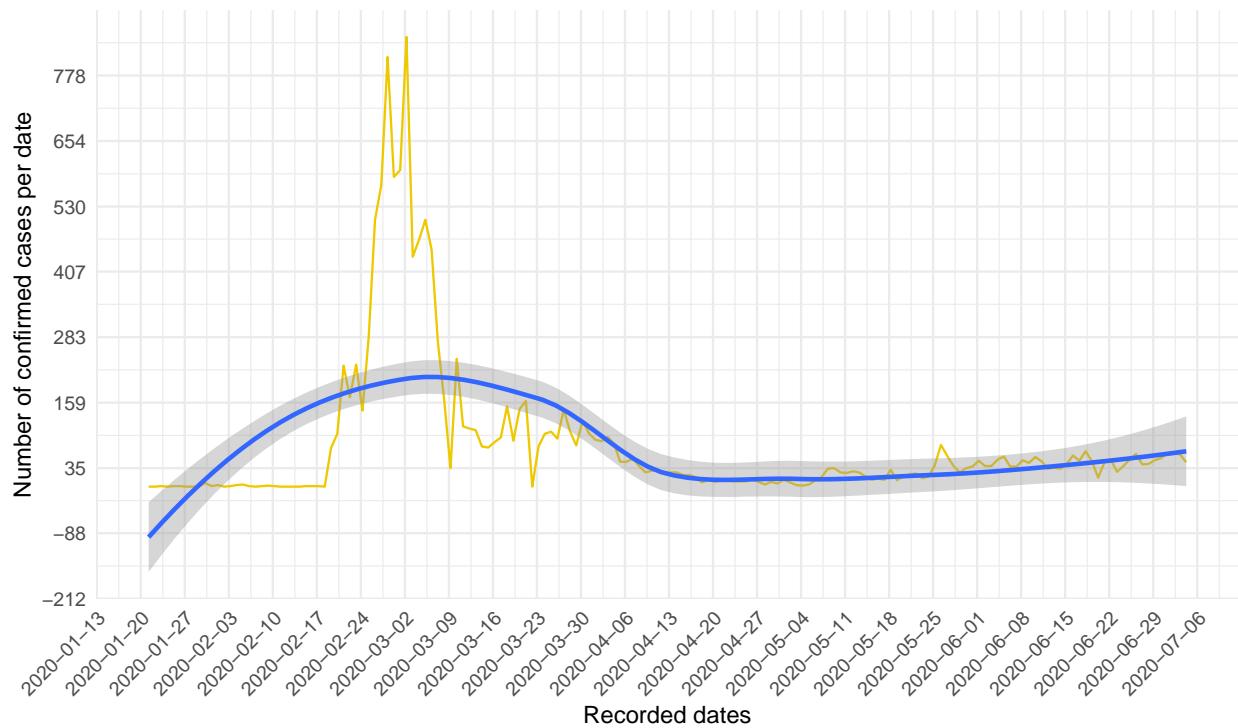

Kenya – confirmed cases over time, total cases: 7,886

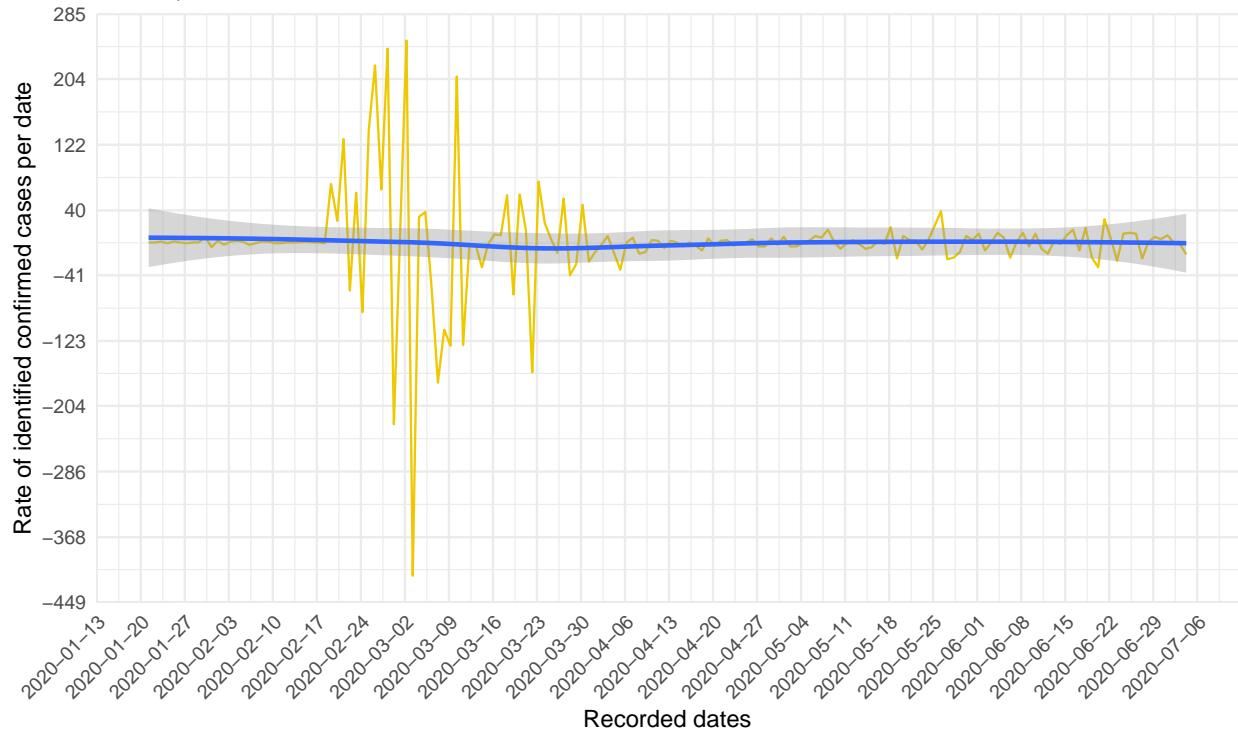

Kenya – rate of increase of confirmed cases over time
